North Carolina General Assembly

House & Senate Committee on Finance

(JOINT MEETING)

Minutes

~

February 15, 2007

The House and Senate Committees on Finance met jointly on Thursday, February 15, 2007 at 9:00 am in Room 544 of the Legislative Office Building. The following House of Representatives members were present: Chairpersons Gibson, Luebke, and Weiss; Vice-Chairs Howard and McComas; and Representatives Blackwood, Blust, Carney, Cunningham, Faison, Folwell, Hall, J. Harrell, McGee, Ross, Stam, Starnes, Tillis, and Walend. The following Senators were present: Chairmen Hoyle and Kerr; Minority Member, Senator Hartsell; and Senators Albertson, Atwater, P. Berger, Blake, Brock, Brown, Dalton, Dannelly, Garrou, Goodall, Goss, Hagan, Hunt, Jenkins, Preston, Purcell, Queen, Rand, Smith, Tillman, and Weinstein. Also present were House Sergeant-at-Arms John Brandon, Mark Cone, Dusty Rhodes, and James Worth, and Senate Sergeant-at-Arms Charles Marsalis, Ernie Sherrell, Ronald Spann, and Leslie Wright. Staff persons present included Cindy Avrette, Rodney Bizzell, Brenna Erford, David Crotts, Dan Ettefagh, Canaan Huie, and Martha Walston. The Agenda and Visitor Registration Sheets are attached and incorporated into these minutes as **attachments 1 and 2.**

House Finance Chairman Luebke called the meeting to order at 9:09 am and recognized the 12 House Pages and 4 Senate Pages present at the Committee. House Pages: Peter McInnis of Cleveland County, sponsored by Representative Moore; Sophia Treakle of Buncombe County, sponsored by Representative Fisher; Czyz Savage of Hoke County, sponsored by Representative Pierce; Jeremy Littlejohn of Cleveland County, sponsored by Representative Moore; Lisha McAllister of Hoke County, sponsored by Representative Pierce; Jasmine Spikes of Cleveland County, sponsored by Representative Moore; Jamiun Blackmon of Robeson County, sponsored by Representative Pierce; Laura Paige Easter of Vance County, sponsored by Representative Crawford; Sydney Miller of Buncombe County, sponsored by Representative Gillespie; Ashley Miller of Buncombe County, sponsored by Representative Gillespie; Spencer Hardison of Johnston County, sponsored by Representative Langley; and Josh Williams of Gaston County, sponsored by Representative Moore. Senate Pages: Justin Clinard of Mecklenburg County, sponsored by Senator Hartsell; Erica Vines of Durham County, sponsored by Senator Lucas; Laroy Dubois of Guilford County, sponsored by Senator Dorsett; and Jonathan Beasley of Chowan County, sponsored by Senator Jones.

Chairman Luebke then passed the gavel to Senate Finance Chairman Hoyle to introduce the meeting's speaker: Dr. Roby Sawyers, a professor of Accounting in the NC State University College of Management. (A brief introduction for Dr. Sawyers is available for review as **attachment 3.**)

Dr. Sawyerss was then recognized by Chairman Luebke, who had returned to the Chair, and began a PowerPoint Presentation with the Committee detailing what he termed the "Ten Guiding Tax Principles" (see **attachment 4**).

Throughout and following Dr. Sawyers' presentation, Committee members were recognized for inquiries. Chairman Hoyle asked Dr. Sawyers to "grade" North Carolina in its standing with other states in the application of the ten tax principles. Dr. Sawyers responded that overall and in general, North Carolina was in "fairly good shape" but that there was also room for improvement as the state's economy was one of constant change. He also pledged to work on a grading system as suggested by Chairman Hoyle. Senator Jenkins was recognized next by the Chair and asked what could be done to begin taxing internet sales. Dr. Sawyers stated that the issue of taxing internet sales was larger than any one state. He advocated that North Carolina continue in its work with the multi-state Streamlined Sales Tax Agreement (SSTA).

Chairman Luebke next recognized Senator Albertson who asked how increasing the sales tax would affect the state's economy. Dr. Sawyers responded that increasing the sales tax, especially by expanding the sales tax to services and other exempt items would make the economy much more progressive, as the more affluent taxpayers in the state typically spent more on services. Senator Goodall was recognized next and inquired what sales tax rate would be required to supplement lost revenues if the state income tax were eliminated. Dr. Sawyers responded that even without the elimination of the income tax, the current state sales tax could be dramatically decreased if it were extended to services.

Representative Starnes was recognized next and inquired how North Carolina ranked in its dependence on individual, rather than corporate, income tax as a revenue source compared with other states, given the continuing demise of manufacturing in North Carolina. Dr. Sawyers acknowledged that the personal income tax in North Carolina was relied upon more heavily than in some other states, but also noted North Carolina's overall low property tax rates. He further acknowledged that North Carolina was somewhat "out of kilter" regarding its revenue structure.

As a final inquiry, Chairman Luebke asked Dr. Sawyers if the tax structure in North Carolina would become more progressive or regressive if the General Assembly approved increases in the sales tax without expanding that tax to services. Dr. Sawyers stated his opinion that such increases would act to make the State's tax structure more regressive.

As the Senate session was scheduled to convene at 10:00 am, Chairman Luebke then adjourned the meeting at 9:49 am.

Respectfully submitted,

Representative Paul Luebke
Presiding Chair

Jason A. Cannon
Clerk, House Committee on Finance

Guiding Principles of Good Tax Policy

Roby B. Sawyers, CPA, Ph.D.
College of Management

NC STATE UNIVERSITY

A Framework for Evaluating Tax Proposals

- A framework based on guiding principles helps lawmakers:
  - evaluate the current tax structure
  - evaluate and compare proposals to modify the current state tax revenue system

NC STATE UNIVERSITY

Ten Guiding Tax Principles

- These principles are widely recognized and accepted
- No ranking of the principles is implied
- It is difficult to apply the principles to one type of tax but rather should be applied broadly to the tax system in its entirety

3

NC STATE UNIVERSITY

#1 Equity and Fairness

- Similarly situated taxpayers should be taxed similarly and similar transactions should be taxed in the same manner
- Encompasses concepts of both horizontal equity and vertical equity
  - Horizontal equity provides that two taxpayers with the same ability to pay should pay the same amount of tax
  - Vertical equity means that the person with the greater ability to pay should pay more tax

4

NC STATE UNIVERSITY

#1 Equity and Fairness

- In practice, equity is a difficult concept to apply.
  - What is a taxpayer? Is a married couple one or two taxpayers? Should two single taxpayers pay less tax than a married couple with the same income?
  - Flat taxes are "fair" in that those with higher incomes pay more tax than taxpayers with lower income
  - Progressive taxes are "fair" in that taxpayers with higher incomes pay tax at higher rates than lower income taxpayers

5

NC STATE UNIVERSITY

Tax Rate Structures and Equity

- Fairness and equity are often discussed in terms of whether a tax system is proportional (flat), progressive or regressive
- While a regressive tax system would not be fair, it is important to look at the system as a whole, not just one type of tax
- A September study in State Tax Notes found that over the 15 year period from 1985 to 2000, NC's tax system ranked 32nd in terms of regressivity and that the regressivity level has increased slightly over the last 15 years

6

NC STATE UNIVERSITY

Transactional Equity

- Similar transactions should be subject to the same tax
- Purchasing a pair of shoes via the Internet should be taxed the same as purchasing shoes purchased at the shoe store
- Sales tax holidays violate this principle

#2 Certainty

- Tax rules should clearly specify when the tax is to be paid, how it is to be paid and how the amount is to be determined
  - Certainty is reduced when a tax system is complex
  - Certainty helps increase compliance
  - Are transactions subject to tax easy to identify?
  - Are transactions subject to tax easy to value?
  - If a taxpayer can not determine if a particular transaction should be subject to tax, certainty does not exist

#3 Convenience of Payment

- A tax should be due at a time or in a manner that is most likely to be convenient for the taxpayer
  - This is accomplished through withholding and assessing a sales tax on the purchase of goods at the time of the purchase

#4 Economy in Collection

- The costs to collect a tax should be kept to a minimum for both the government and taxpayers
  - State taxes that piggyback on the Federal system are economical in this respect
  - State income taxes that are simply assessed as a percent of federal adjusted gross income or federal taxable income are economical
  - State estate taxes that were based on the old allowable federal state death tax credit were economical

#5 Simplicity

- The tax law should be as simple as possible so that taxpayers understand the rules and can comply with them correctly and in a cost-efficient manner
  - Complexity leads to errors and can reduce compliance
  - Complexity leads to higher administration and enforcement costs on the part of government

#6 Neutrality

- The tax law should not impact a taxpayer's decisions as to how to carry out a particular transaction or whether to engage in a transaction
  - Tax breaks for special interests, tax credits designed to promote certain activities and tax incentives for new businesses violate this principle
  - Broad bases and low rates help promote neutrality

#7 Economic Growth and Efficiency

- The tax system should be efficient and not impede or reduce the productive capacity of the economy
- Tax rules should not result in competitive disadvantages for North Carolina firms relative to firms in other states
- Tax rules should not favor a particular industry or sector
- Economists generally agree that consumption taxes that reward saving (as opposed to taxes on income) are more efficient and result in greater economic growth

13

NC STATE UNIVERSITY

#8 Transparency and Visibility

- Taxpayers should know that a tax exists and how and when it is imposed on them and others
- Phase outs of exemptions and deductions at the federal level violate this principle resulting in higher tax rates than suggested by the tax tables
- The lack of indexing tax brackets for inflation violates this principle – tax rates rise due to inflation and not any explicit action by the legislature

14

NC STATE UNIVERSITY

#9 Minimum Tax Gap

- A tax should be structured to minimize noncompliance
- Complexity is a big part of the tax gap. The more complex a tax, the more likelihood it will not be complied with

15

NC STATE UNIVERSITY

#10 Sufficient and Predictable Government Revenues

- The tax system should provide the government with a sufficient and predictable source of revenue without having to resort to rate increases
- A mix of taxes provides a more stable tax base because different types of taxes are affected differently by the economy
- North Carolina relies more on the income tax than most states. The income tax is more volatile than other sources of revenue

16

NC STATE UNIVERSITY

SENATE FINANCE COMMITTEE
Wednesday, March 7, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, March 7, 2007, in room 544 of the Legislative Office Building. Twenty-seven members of the committee were present. Senator David Hoyle presided.

Senator Hoyle introduced the new members of the committee, who included, Senator Harry Brown, Senator Steve Goss, Senator Jean Preston, and Senator Joe Sam Queen. Senator Hoyle then introduced the Finance Staff.

Presentation of Google Incentives

Jim Fain, Secretary of Commerce, was introduced to support the Google's incentive package for an Internet Data Center. A copy of his handouts is attached.

David Barlow, Mayor of Lenoir, was recognized to explain the package's effect on the city. He explained that it will reduce their high unemployment by creating new jobs. The Caldwell Community College is already working with Google to assist in employee training. Copies of his handouts are attached.

Faye Higgins, Chair of the Caldwell County Board of Commissioners, was recognized to support the incentives package. She stated that the package will not cost taxpayers money, Google is already paying for county water improvements, hiring local residents and local merchants have seen increased activity. She added that Google is providing global recognition for the area.

The meeting adjourned at 11:20 am.

Senator Dan Clodfelter, Cochair

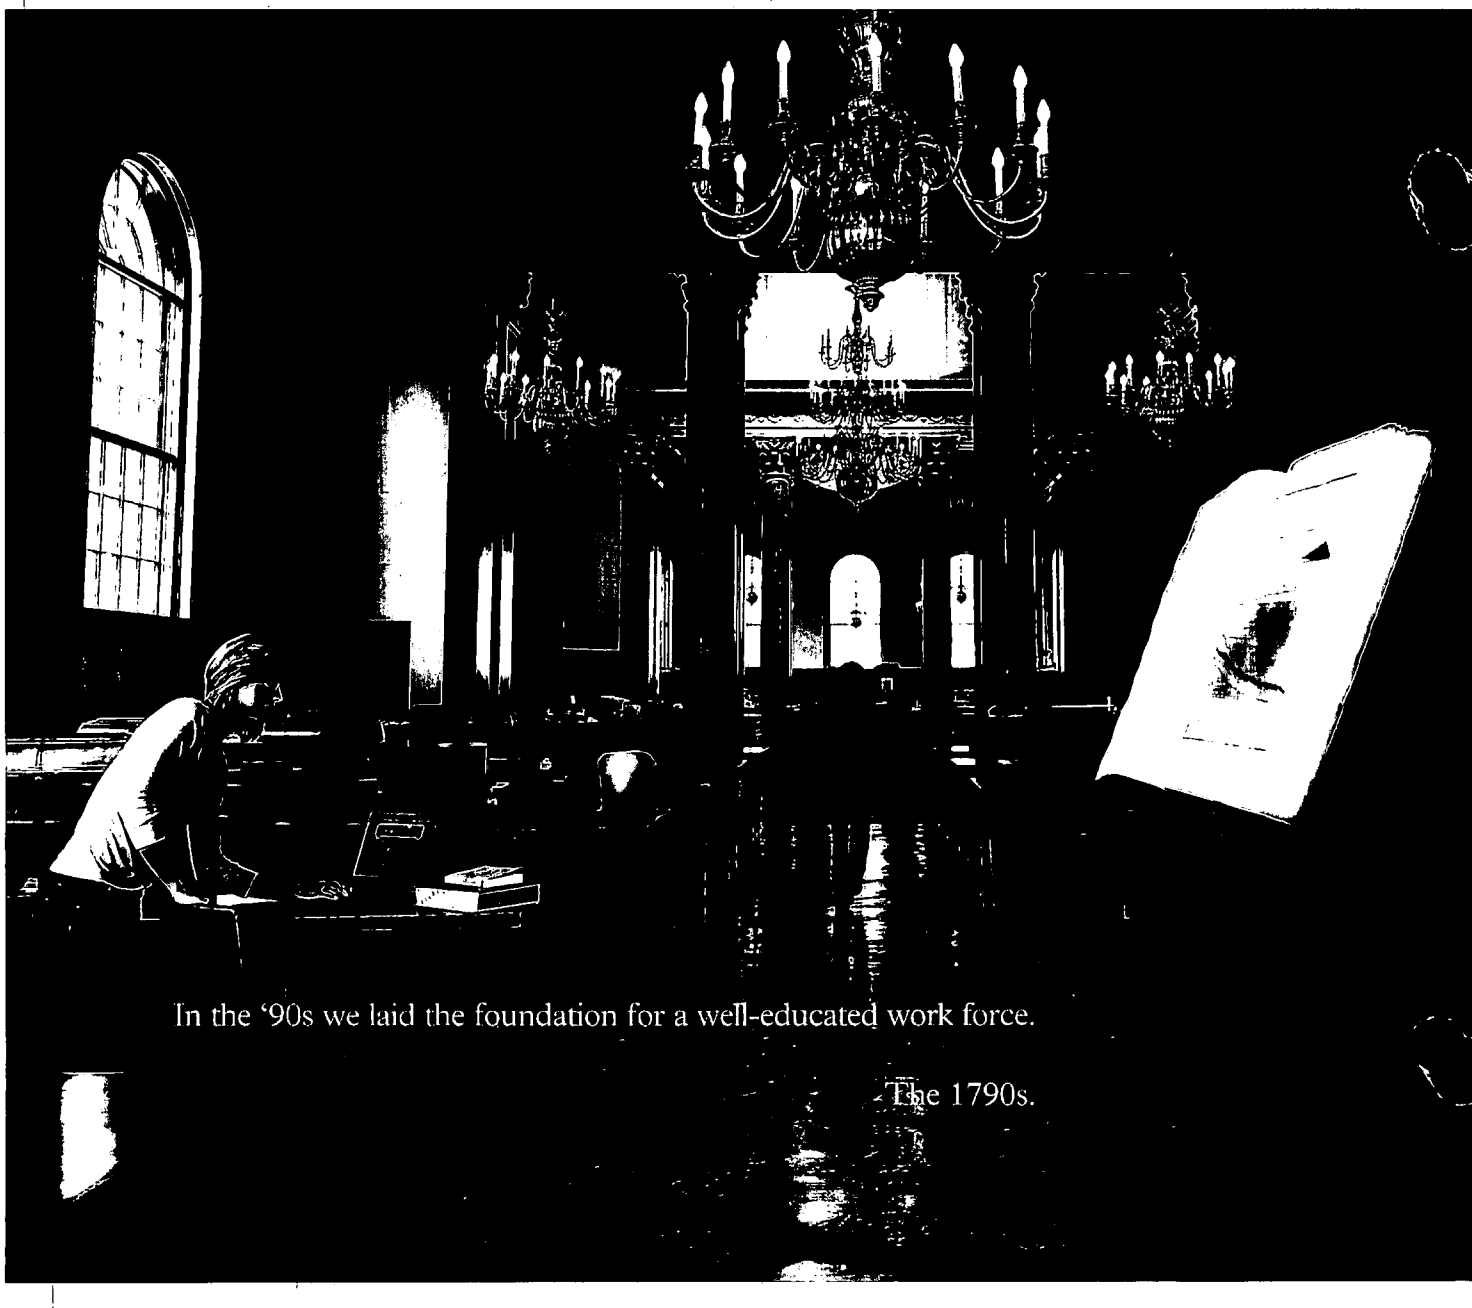
Through special arrangements with the publisher, this North Carolina Department of Commerce cover has been placed on a limited number of copies of Forbes. It does not constitute an endorsement by Forbes and no endorsement is implied.



We discovered long ago that better education means better jobs. So, among other things, North Carolina opened the first public university in 1795 and later pioneered the country's first workplace training programs. We are committed to and invest heavily in both primary and secondary education, including the creation of smaller, more specialized high schools. The state ranks sixth in the nation in per capita appropriations for higher education and our institutions conduct more than one billion dollars in sponsored research annually. We understand that better students make better employees, and better employees make better businesses. See where great minds can take your business at www.nccommerce.com.

Letters to the Editor
News & Observer
215 McDowell Street
Raleigh, NC 27602

Dear Editor:

With regard to your reporting and opinion piece on Google's investment in Caldwell County, I would encourage you to consider the following very basic observations:

Sales tax legislation passed by the General Assembly put North Carolina in a position to recruit Google. Without it, Google likely would have located in a state that did not impose those taxes on it.

If Google does not locate in Lenoir, the county will have lost the opportunity for up to 210 new jobs at an estimated average wage of $48 thousand and investment of $600 million. Without that investment in facilities, the county will not enjoy the economic impact of major construction activity, including the many construction jobs generated during the building phase. Grocery stores, barbers, laundries and other retailers would not enjoy the purchases of the new employees. And if Google does not locate in North Carolina, it will certainly pay no property taxes here.

Those opportunities are vital to a hard-hit county which, as a center of the furniture industry, has experienced job losses in the thousands as furniture manufacturing has largely moved overseas and has suffered disproportionately from trade policies that accelerated that process.

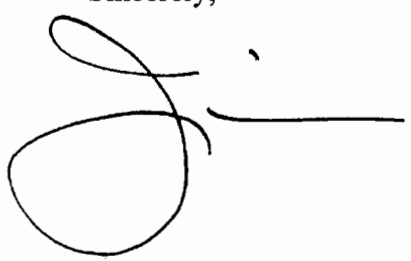
In the interest of clarity, citizens should understand that no one is writing Google a check for the estimated amounts you have featured in your headlines. Incentives offered by the state are dependent on future tax receipts paid by the company. They are primarily reductions of future tax revenues that we do not now receive, nor would we ever receive if Google does not locate here. Google will receive future incentive benefits only if they create the jobs and make the investments in facilities and equipment that generate this tax revenue for their incentives.

Your choice of a 30-year time frame as a basis of estimating incentives is intriguing. Other incentive packages that have been cited were not measured over so long a period. Ten years constitutes a long time in today's rapidly changing business world. Had you used a 10-year time frame, the amounts described in your articles would have been reduced by two thirds.

At the Department of Commerce, we administer the JDIG program, which offered a grant of up to $4.8 million to induce Google to locate in the state. The law appropriately requires that we undertake cost benefit analyses as a basis for our grants. Our model indicates that gross state product for this project would increase by about $1 billion over the 12-year term of the grant. In offering the grant, the committee that makes grant decisions and the Department of Commerce acted based on a thoughtful analysis of the many benefits derived from attracting Google to the state. We approached the process in a rational and logical fashion. We do our work based on facts, and not in reaction to the occasional rhetorical hyperbole that sometimes slips into any negotiating process.

We are pleased that Google will join the Caldwell County community, where their presence will make a positive economic and psychological impact. The company's decision is affirming to a community which has suffered huge job losses and attendant despair. And that decision will not cost the state any money that it had before they arrive.

Sincerely,



Jim Fain

Elements of the State & Local Recruiting Package

Google Internet Data Center
Caldwell County • Tier 1

State Incentive Package

Projected Benefits to the State

- $37 million in net new state taxes over 12 years.
- $1.07 billion increase in Gross State Product over 12 years.
- Up to 1,924 new jobs during 3-year construction phase.
- 582 sustained jobs, including indirect and induced jobs.

Job Development Investment Grant

- Estimated value of grant to company: Up to $4.8 million, payable over 12 years.
- Performance-based grant – payments funded from withholding taxes paid by new Google jobs.
- Company must meet job creation, retention, and investment targets over 12-year term.
- Clawback of grant payments in certain circumstances, including failure to maintain operations at site.

Sales Tax Exemption on Machinery & Equipment and Electricity

- Estimated value of exemption: Potentially $18 to $34 million over five years.
  - Press accounts of $90 million cost are overstated.
- Performance-based tax exemption – tax benefit is received only if the company purchases equipment and electricity.
- Matches a comparable incentive provided by South Carolina.
- Company must invest at least $250 million to receive the exemption.
- Clawback of tax benefits previously claimed if company fails to meet statutory investment requirements.
- Datacenter equipment exemption is comparable to tax treatment of manufacturing equipment (mfg. equipment not subject to sales tax; only to 1% privilege tax, capped at $80 per piece)

Article 3J Income Tax Credits

- Estimated value of credits: Up to $19 million over 7 years.
- Performance-based tax credits – tax benefit is received only if the company hires employees and invests in machinery & equipment in Tier 1 County
- Tax credits will be lost if company fails to retain employees and equipment as required under the Act.
- Company cannot reduce annual corporate or franchise tax by more than 50%.

Local Incentive Package

Projected Benefits to the Community

- $7.8 million in property tax revenues over term of agreement – a 669% increase.
- $4.1 million cash paid by company to local governments to fund public infrastructure upgrades and costs.
- Millions in annual electric franchise fees.
  - Volume of electricity used is confidential information, but franchise fee represents many millions in new local revenues over term of agreement.
- Entire local incentive package funded out of future revenues. No existing tax dollars used to fund recruitment or local incentives.

Local Economic Development Incentive Grant

- Estimated value of grant: Potentially $5.5 to $6.2 million per year.
- Payable over 30-year period. Potentially $165 to $185 million over term of agreement.
  - Length of grant matches comparable incentive offered by South Carolina.
- Performance-based grant: Value of annual payments is tied to value of investments made by company.
- Annual grant payment is percentage of new property tax receipts. Low investments by company yield low grant payments, and vice versa.
- Grant payments terminate if company ceases to do business at the site.

Common Local Incentives Not Offered by Lenoir & Caldwell County

- Land at no cost to the company.
  - Google paid the cost to acquire the property.
- Government-funded site grading, infrastructure and preparation.
  - Google paid the cost of site preparation and infrastructure.
- Up-front cash grants
  - Caldwell County's incentive grant is payable over time – not up front.

The Google Project
Talking Points
Faye Higgins
Wednesday, March 7, 2007

Introductory Statement

Good afternoon Ladies and Gentlemen: Thank you for the opportunity to explain our project and correct the misconceptions surrounding it. Let me say, up front, that this project will not cost the taxpayers of Caldwell County one cent. Google will pay all their taxes up front. The grants they will receive will not be paid until after all their taxes are paid in full. This has been the case for all EDC grants the county has given since 1997.

Our County has been economically devastated over the past five (5) years as a result of losing most of our furniture jobs to **overseas competition. These jobs will not return!**
Prior to our opportunity associated with the Google project, the County Commissioners understood the need to **aggressively pursue** new industry with an emphasis on **diversification**. We committed that our County will be as competitive as any other site in surrounding states should the opportunity arise.

The Google project represented an opportunity of a lifetime for our County. The successful recruitment of this type **21st Century global based information company will serve as the foundation in on going efforts to diversify Caldwell County's economic recovery.**

While Mayor Barlow has focused comments on the specific recruitment economics of the project, I would like to provide the Legislators with some **associated economic benefits** we are already beginning to experience.

- Google has provided a cash payment of **$3 million dollars** to the County and the City of Lenoir to cover costs associated with the project.

- Google has also paid over **$1 Million** to the city of Lenoir for Water System improvements. These payments total over **$4 million** in payments from Google.

- Google has committed to hire local residents. Google is working with **Caldwell Community College and Technical Institute** along with **Appalachian State University** to develop **training programs** for local residents.

- The County has begun discussions of a nationwide recruitment effort geared toward complimenting the Google location in our County.

- Many of our local merchants have begun to see increased activity associated with the project construction

    - A local company has already realized sales of an estimated **40,000 tons of stone** specifically for the Google project.

    - A local electric company indicates a Google subcontractor has generated purchases equal to their largest customer.

    - A local developer is now involved in a **50 lot residential** expansion along with a **400 unit mini warehouse** and **a 20,000 square foot** general warehouse all fueled by the Google project.

    - A vacant **Lenoir Mall Building** which was for sale for a period of over two (2) years has come under sale contract since the Google announcement.

    - A vacant **Winn Dixie building** near the Google site has also been placed under contract for sale. This building had been on the market for approximately 18 months.

    - A **hotel developer** is now in discussions concerning the construction of a hotel near our civic center.

    - In addition to the **$600 million construction potential,** early indications are that Google could spend in excess of **$1.9 Million** in immediate related activities associated with the project construction.

- Since the Google announcement our **Planning Department** has received 9 new cell communication permit requests for either new towers or additional co-locations. Each has a **$5,000 fee** which will amount to an additional **$45,000** in County revenues.

- The **County Building Inspection Department** estimates receiving approximately **$150,000** in revenues from Google for building construction fees.

In addition to these immediate economic benefits for our County we believe the Google project will provide some greater long-term economic impacts. For example:

- Based on the initial minimum **$600** million investment the County should realize in excess of **$7.8 million** in new tax dollars over the term of the agreement or about **$16 million** City and County taxes.

- The annual estimated payroll of approximately **$10 million dollars** will have a multiplier effect resulting in an estimated **$60 plus million** annually in local economic expenditures. Over the term of the agreement this could be an impact of more than **$1.8 billion** for our local economy!

- Caldwell County and all of North Carolina is becoming known nationally and throughout the world because of the Google location here. This will equate to **millions** of dollars in economic development marketing benefits.

- The project has **expansion possibilities** which could lead to even greater job opportunities for our local citizens as well as additional tax revenues.

- We will now be able to retain our brightest and best students due to the opportunities provided by this project.

- We have enough space to accommodate educational needs associated with this project. (Note: --The Public School System currently has a total of **1,436** available seats for future school growth). This project will not require us to build any new schools or add other additional infrastructure.

- The potential for fiber optic and other modes of sophisticated communication capabilities can become more of a reality throughout the County.

From the County perspective Google will represent a new opportunity never before seen in Caldwell County. With the loss of over **7,000** furniture and related manufacturing jobs, with another plant slated to close in December '07, this type of new job opportunity will only lead to greater growth for our County. Our latest figures showed 8.4% unemployment.

While there has been a great deal of publicity dealing with the project, it is important to note that our local citizens are excited about the future of our County. While this single successful effort has not solved all of our problems, it does represent a significant boost to our overall morale.

We believe every one in the State of North Carolina should be elated to realize the location of a Google facility of this size. Caldwell County Commissioners are dedicated to continuing this economic development initiative and believe that additional **diversified new jobs** will continue to locate in our County.

This project will generate new tax revenues, create additional jobs that pay double our current average salary rate, provide global recognition for our area, and all this without using any existing local tax dollars. Finally, no incentive obligations will come from taxes paid by local citizens.

From an overall economic evaluation of this project we believe that Caldwell County, the City of Lenoir, and the entire State of North Carolina will reap significant economic benefits over the life of the commitment.

The Mayor and I will be glad to answer any questions from the Legislators concerning our presentation. Thank you for this opportunity to discuss and clarify this exciting economic project for our area.

Google project hits high gear

Server farm campus quickly taking shape

Edward Terry
Editor
eterry@newstopic.net

Johnny Brooks, owner of Trinity Trucking in Lenoir, isn't quite sure what his neighbor is up to these days, but he does know one thing: It's going to be huge.

"The magnitude of equipment there is breathtaking," he said. "It just blows your mind."

After more than a year of secretive negotiations, and a month after finalizing the deal that is expected to bring millions of dollars in investment and hundreds of jobs to Lenoir, the first phase of the Google project is quickly taking shape.

In a matter of weeks, much of the more than 200 acres of land that Google purchased so far has been cleared and the frame of a building near the Harrisburg Road entrance to the site is beginning to take form.

Until now the size and scope of the project only has been tangible through descriptions by company or local elected officials. Today, simply driving by the construction site, which is dotted with dump trucks, bulldozers, cement mixers and dozens of other construction vehicles, reveals that the much-talked about project is quickly becoming real.

Google's Director of Global Operations, Lloyd Taylor, confirmed Saturday that the data center is the building being erected near the Harrisburg entrance to the work site and that the size should not be surprising to anyone.

"We have over 300 construction workers on site now, and the activity level will increase substantially once the building shell is up," Taylor said. "They'll be less visible because they'll

GOOGLE

be working inside."

Taylor said a large part of the company's investment in the project goes toward construction workers' salaries.

Google officials are pleased with the project at the site thus far, and are expecting the data center building to go up quickly, Taylor said.

And there's no shortage of people wanting to catch a glimpse of the unprecedented project, which has brought both positive and negative attention to Caldwell County in recent weeks.

"If the city would put a toll road on Overlook (Drive) they'd make some money," said Tim Sanders, former county commissioner and one of the lead negotiators on Project Vesper, which brought the Internet search giant to Lenoir.

Sanders said he's visited the construction site several times in the last week and is amazed at how rapidly the project is moving along.

Lenoir Mayor David Barlow spent much of last week defending the project, which has drawn criticism from public officials, private residents and the media over the incentives used to attract the Mountain View, Calif.-based company.

The city of Lenoir and Caldwell County both granted Google a 100-percent break on business property taxes and an 80-percent refund on real estate property taxes over the course of 30 years. The company also has received grants from the state as well as discounts on water and electricity.

In return, the company has said it has an investment goal of at least $600 million and the creation of approximately 200 jobs at the data processing facility. Documents recently acquired through the Freedom of Information Act estimate the total overall investment in Caldwell County could go as high as $1.8 billion.

Critics argue that Google is under no obligation to make the investment or create the jobs, according to the economic incentive agreement, and that the jobs the company will create are not the kind that Lenoir's mostly blue-collar workforce will be able to take advantage of.

Google officials have said that they plan to partner with local organizations, including Caldwell Community College and Technical Institute, to prepare local workers for the jobs the project is expected to bring. During a visit in January, company officials said they want to hire local workers for the jobs that will be created.

The project also is expected to generate non-technology jobs, such as security, maintenance, groundskeeping and construction.

Supporters of the project, including local city and county leaders, have argued that the overall investment, potential spin-off jobs, name recognition the company generates and the taxes the government will collect from the project justify the unprecedented incentives given.

Lenoir was one of several communities competing for the project, which will create at least one building housing a Google data processing facility. The company made its choice official on Jan. 18.

Local resident Jason Myers has seen the project from the top of Hibriten Mountain, Lenoir's highest point, and was astounded by its size.

"You can see the whole thing," he said. "It's pretty impressive."

Barlow isn't surprised at the scope of the project. He's known all along that it would be sizeable and have a big impact on the community.

"It goes along with what they told us from day one," he said. "They said whenever they did this server farm the activity would be mind boggling."

Despite recent criticism of the city and county's handling of the negotiations with Google, Barlow said he believes that local residents are excited about the project.

"I think this community is thirsty for something good," Barlow said. "People are excited about it. They will be excited to hear about the activity going on."

Brooks is one of those "excited" residents.

He made his living working with the local furniture industry, which has shed thousands of jobs and plants in the last five years, but is happy to see a new industry making its presence felt in Caldwell County.

"I think it's going to be good for the county, no matter what we gave," he said. "I can't believe it's happening like it's happening, and the speed at which they're doing it."

Brooks also was surprised when he got a call from his stockbroker in Tampa, Fla., asking about the Google project.

"He told me if I see some real estate, he said to let him know," Brooks said.

Boham: We will have people ready

Ron Jackson
Staff Writer
rjackson@newstopic.net

The Caldwell Community College and Technical Institute Board of Trustees discussed the latest developments in its future partnership with Google with the Caldwell County Commissioners at Wednesday's board of trustees meeting.

CCC&TI President Ken Boham said he had the opportunity to meet with two Google representatives about a week ago. He said he presented a proposal of what the college can do to assist Google with its future employment needs.

"I think they were impressed," Boham said. "(Google) found out we had a lot more to offer than they may have anticipated. Yes, we can put something together that will benefit Google, and we will have people ready to go to work for Google.

"They have the proposal in hand back at California. We will e-mail back and forth to put meat on the proposed information technology program. They have invited us to meet with them in California."

Boham said the college will kick off the first group of individuals in this new "institute" in June. He said those individuals will then undergo more training until about January before being interviewed for jobs.

Ken Boham

Boham and the commissioners also used the meeting as an opportunity to sound off against recent negative press about the project.

Boham said some of the negative press doubts the county's ability to supply qualified employees due to its heritage in furniture. He said he and the college are aiming to prove all the critics wrong.

"We are going to take the high road and prove them wrong," Boham said. "(Google) is committed to hiring local people."

Caldwell County Commission Chairwoman Faye Higgins also responded.

"We have taken a shellacking in the (Charlotte) Observer and the Raleigh News & Observer," Higgins said. "I get the distinct impression that they can't believe we landed this. We did give them incentives over 30 years and the Charlotte Observer really questions that. The reason we did that is because of what it will bring. We may be giving them an 80 percent tax incentive, but 20 percent of $600 million is still a lot.

"Google reads all of the articles. The negativity, they see it and hear it. That concerns them."

Higgins also commented on the backlash regarding the secrecy surrounding the negotiations with Google.

"We would not have them if not for the nondisclosure agreement," Higgins said. "I would sign another agreement tomorrow if that is what I had to do to keep them here."

Getting ready to roll: The Toyota Highlander, redesigned for 2008, is similar to those that Toyota will build at a new factory near Tupelo, Miss., scheduled to open in 2010. The plant will be able to build 150,000 Highlanders a year.

Toyota to build Mississippi plant

Facility will produce Highlanders

By James R. Healey
USA TODAY

Toyota Motor took another step Tuesday in its quest to go from foreigner to naturalized American.

The big Japanese automaker, poised to become the biggest car company in the world this year, said it will build a $1.3 billion manufacturing plant near Tupelo, Miss., that will build 150,000 Highlander crossover utility vehicles annually when it opens in 2010.

Autos

Toyota said it will employ 2,000 factory workers at a forecast $20 an hour after three years on the job, not counting benefits.

That will bring to eight the number of Toyota's North American plants, capable of manufacturing 2.2 million vehicles a year, equivalent to 86% of the cars and trucks Toyota sold in the USA last year.

The plant is an attempt to keep up with growing U.S. demand. Toyota sales in the USA were up 12.5% last year in a new vehicle market off 2.5% from a year earlier.

Tupelo also is a move to insinuate Toyota so deeply into American culture that it's considered a U.S. company.

That's important, as Toyota's expansion continues to take business from Detroit automakers, potentially engendering resentment and political backlash.

The announcement Tuesday by enthusiastic government and Toyota officials at the Tupelo high school auditorium was a stunning contrast to the cuts announced lately by glum Detroit automakers.

General Motors, Ford Motor and DaimlerChrysler's Chrysler Group are trying to shrink to fit their declining share of U.S. sales. Together they plan to ax 86,000 jobs and idle 26 factories by the end of 2009.

Toyota, meantime, says it will add more U.S. plants, if needed.

Mississippi Gov. Haley Barbour praised Toyota as the answer to prayers of officials worried about shrinking employment in the state's furniture industry. Barbour said he was grateful to get the plant for less than the amount that Mississippi spent on incentives to lure Nissan Motor's truck plant to Canton in 2003. Toyota would get $296 million in incentives if the Legislature approves; Nissan got $363 million, according to the Mississippi Development Authority.

By Thomas Wells, AP

Native son: Toyota's Seiichi Sudo wears Elvis glasses and sideburns.

Sen. Trent Lott, R-Miss., thanked Toyota at the news conference for the economic boost the plant will provide. "When you're our constituent, we are warriors on your behalf, and I can assure you we will look after your interests," he said.

Toyota is an immigrant, not a foreigner, Jim Press, president of Toyota Motor North America, said in a speech in Chicago earlier this month. Immigrants "brought something of value," Press said. "At some point, they are assimilated and cease to be immigrants. In a way, that parallels our company," he said, laying out Toyota's agenda.

Toyota overtook DaimlerChrysler last year to become the No. 3 car company in the USA. It could overtake Ford to become No. 2 this year. Its global production plans would push it past GM as biggest car company in the world this year. In the USA, GM still sells about 60% more vehicles than Toyota.

Foreign-based car companies, including Toyota, operate a total of 13 vehicle-assembly plants in the USA. Most are in southern states, where unions are less likely to organize plant workers than in the industrial heartland, where Detroit's automakers are based. Legally, the workers, not the plant management, decide whether to unionize.

Highlander is a car-based crossover utility vehicle, a category that's booming even as sales of truck-based sport-utilities collapse.

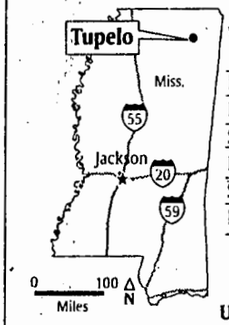
Last year, Toyota sold 129,794 Highlanders in the USA, 24% of them hybrids, according to sales tracker Autodata. All those Highlanders were imported from Japan.

The automaker didn't say whether the hybrid version would also be built in Tupelo.

Toyota has a history of announcing expansions of its North American plants even before they're completed. Spokesman Daniel Sieger wouldn't predict whether that would happen in this case. "We're just talking about 150,000 Highlanders and 2,000 employees," he said.

Toyota's new plant

Toyota will open its eighth North American vehicle assembly plant in Blue Springs, Miss., outside Tupelo. Overview of plant operations:



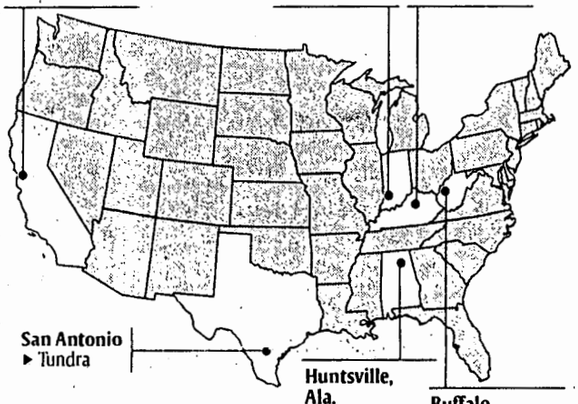
Vehicle production:	Stamping, body weld, plastics, paint and assembly
Product:	Toyota Highlander
Production capacity:	150,000 units/year
Site area:	1,700 acres
Investment:	$1.3 billion
Start of production:	2010
Employment:	2,000

U.S. Toyota assembly and powertrain plants:

Fremont, Calif. (joint venture with General Motors)
- Corolla
- Tacoma
- Pontiac Vibe

Princeton, Ind.
- Tundra
- Sequoia
- Sienna

Georgetown, Ky.
- Camry
- Camry Hybrid
- Camry Solara
- 4-cylinder and V-6 engines



San Antonio
- Tundra

Huntsville, Ala.
- V-6 and V-8 engines

Buffalo, W.Va.
- 4-cylinder and V-6 engines and automatic transmissions

Other North American plants:

Tijuana, Mexico
- Tacoma and Tacoma truck beds

Cambridge, Ontario
- Corolla
- Matrix
- Lexus RX 350
- 4-cylinder engines

Beginning in 2008, a new Toyota plant in Woodstock, Ontario, will produce the RAV4; Toyota this spring will start producing Camrys at Subaru of Indiana Automotive in Lafayette, Ind.

Presentation: "2007 Debt Affordability Study"

State Treasurer Richard Moore

Committee Discussion

Adjournment

Overview of Debt Affordability and the 2007 Recommendations of the Debt Affordability Advisory Committee

March 14, 2007

Richard H. Moore
State Treasurer

Debt Affordability Advisory Committee - Background

- Legislation adopted in 2004 created the Committee and directed it to:
  - Annually advise the Governor and the General Assembly of the estimated debt capacity of the State for the upcoming ten years.
  - Recommend other debt management policies it considers desirable and consistent with the sound management of the State's debt.
  - Report due annually by February 1.
  - Study makes no recommendations regarding the use of available debt capacity.

NORTH CAROLINA
Debt Affordability Advisory Committee

Review
What is Debt Affordability?

- The amount of debt that may be prudently authorized and issued in a given period of time without negatively affecting the credit position or impairing the budget flexibility of the issuer.
  - The amount of debt that is affordable ("capacity") is finite
  - Capacity can be measured and compared
  - Issuance beyond a prescribed level can erode credit ratings
  - A balance between capital needs and the ability to repay debt must be achieved

4

Preliminary Outstanding Net Tax-Supported Debt by Type at June 30, 2006 (millions)

Total GO Bonds	$ 5,735
Less: Highway T.F.-Supported	(757)
Net Tax-Supported GO Bonds	$4,978
Special Indebtedness (COPs, Lease Revenue Bonds)	$733
Less: Trust Fund-Supported, Energy	(82)
Plus: Installment purchase/leases	61
Net Tax-Supported Special Indebtedness	$712
Total Net Tax-Supported Debt	$5,690

STATE OF NORTH CAROLINA
DEBT AFFORDABILITY ADVISORY COMMITTEE

February 1, 2007

To: Governor Michael Easley
Lieutenant Governor Beverly Perdue, President of the North Carolina Senate
Senator Marc Basnight, President Pro Tempore of the North Carolina Senate
Representative Joseph Hackney, Speaker of the North Carolina House of Representatives
Members of the 2007 General Assembly through the Fiscal Research Division

Attached is the February 1, 2007 report of the Debt Affordability Advisory Committee submitted to you pursuant to North Carolina General Statute §142-101. The report was created to serve as a tool for sound debt management practices by the State of North Carolina.

The report provides the Governor and the General Assembly with a basis for assessing the impact of future debt issuance on the State's fiscal position and enables informed decision-making regarding both financing proposals and capital spending priorities. A secondary purpose of the report is to provide a methodology for measuring, monitoring and managing the State's debt levels, thereby protecting North Carolina's bond ratings of AAA/Aaa/AAA.

The Committee is particularly proud to report that on January 12, 2007, Moody's Investors Service upgraded the State's General Obligation bond rating to Aaa with a stable outlook. North Carolina takes its place once again in the select group of only seven states awarded top ratings by all three of the bond rating agencies.

The methodology used by the Committee to analyze the State's debt position incorporates historical and future trends in debt levels, peer group comparisons and provides recommendations within adopted guidelines. The Committee has also provided recommendations regarding other debt and financial management related policies considered desirable and consistent with the sound management of the State's debt. Such recommendations were developed incorporating management practices consistent with those utilized by the most highly-rated states.

Respectfully submitted,

Richard H. Moore, State Treasurer
Chair, Debt Affordability Advisory Committee

Members of the Debt Affordability Advisory Committee:

Mr. Richard H. Moore, State Treasurer

Mr. E. Norris Tolson, Secretary of Revenue

Mr. David McCoy, State Budget Officer

Mr. Leslie W. Merritt, Jr., State Auditor

Mr. Robert Powell, State Controller

Mr. Christopher Henson, Senate Appointee

Mr. James V. Porto, House Appointee

Executive Summary

Studies of debt affordability are an essential management tool that help to provide a comprehensive assessment of a government's ability to issue debt for its capital needs. Standard & Poor's, one of the three major bond rating agencies, stated in a 2005 report that "Most of the 'AAA' states have a clearly articulated debt management policy. Evaluating the impact of new or authorized but un-issued bond programs on future operating budgets is an important element of debt management and assessing debt affordability."

Control of tax-supported debt is a key factor affecting credit quality. North Carolina currently maintains a reasonable level of debt when compared with a peer group composed of the most highly-rated states.

The 2004 General Assembly adopted legislation creating a Debt Affordability Advisory Committee (the "Committee") to annually advise the Governor and the General Assembly of the estimated debt capacity of the State for the upcoming ten fiscal years. The legislation also directs the Committee to recommend other debt management policies it considers desirable and consistent with the sound management of the State's debt. The Committee hereby presents its Study for 2007.

Recommended Guidelines and Amounts of Debt

The Committee has adopted the following targets and outside guidelines to measure the recommended amount of debt that the State could prudently authorize and issue over the next 10 years:

- Net Tax-Supported Debt Service as a percentage of General Tax Revenues should be targeted at no more than 4% and not exceed 4.75%;
- Net Tax-Supported Debt as a percentage of Personal Income should be targeted at no more than 2.5% and not exceed 3.0%; and
- The amount of debt to be retired over the next ten years should be targeted at no less than 55% and not decline below 50%.

The Committee adopts the ratio of net tax-supported debt service as a percentage of revenues as the preferred ratio for the base calculations. It further determines that a measure of annual debt capacity over a given time period provides a more useful management tool for policymakers than a measure that assumes that available debt capacity is utilized as soon as it is available.

A combination of strong revenue growth, the retirement of existing debt and continued low interest rates enables the State to project a moderate amount of available debt capacity for the immediate future. Specifically, the Committee finds that the State could annually authorize $384 million of new tax-supported debt over the model horizon and remain within its targeted ratio. However, as more debt is issued the State has less budget flexibility to address any declines in revenue that might occur.

Table 1

Net Tax-Supported Debt Capacity using 4.0% debt service/revenues target ratio
(In Millions of dollars)

Fiscal Year	2007	2008	2009	2010	2011
Total Additional Debt Capacity per Year *	$1,032.1	$149.1	$50.4	$56.3	$520.2
Debt Capacity Available Each and Every Year	384.0	384.0	384.0	384.0	384.0

* In addition to that already Authorized but Unissued. Assumes additional debt capacity is authorized and issued in stated fiscal year.

Other Recommendations

As directed by statute, the Committee submits the following additional recommendations that it finds desirable and consistent with the sound management of the State's debt:

General Fund Balance

The Committee confirms its view that achieving structural budgetary balance and rebuilding the State's reserve funds are strong evidence of financial stability and flexibility. The progress the State has made in rebuilding its reserves coupled with legislative action raising the targeted level of the State's Savings Reserve Fund ("Rainy Day Fund") is encouraging. At FY 2006 year-end, the Unreserved General Fund Balance (GAAP basis) totaled $1.770 billion, or 10.4% of recurring General Fund tax revenues. This marked improvement is the result of both strong operational results and a change in accounting methodology. Without the accounting change, estimates put the Unreserved General Fund Balance at $417 million.

The Committee recognizes that legislative action has targeted an 8% level of reserves in the State's Rainy Day Fund and believes this targeted level is consistent with previous Committee recommendations.

Capital Project Costs and the use of Pay-Go Funding

A consideration that affects project costs and future debt service capacity is the use of "pay-as-you-go" ("PAYGO") funding of capital projects. By using current revenues to fund a portion of the capital improvements plan, the State can reduce future debt service and retain debt capacity. For example, if the State funded a capital project with $50 million as PAYGO rather than financing it through a $50 million, 20-year bond issue, the State would save approximately $20.9 million in total interest payments over the life of the issue assuming current market conditions.

General Obligation Bonds versus Special Indebtedness

The Committee recognizes the State's exclusive reliance in recent years on the authorization of Special Indebtedness (for example, Certificates of Participation and lease revenue bonds) to

provide debt financing for capital projects. Such indebtedness is not subject to a vote of the people and its repayment is based on the State's annual debt appropriation. For these reasons, Special Indebtedness is rated lower than the State's General Obligation bonds and typically carries a higher interest rate, which increases the cost of projects so financed. It is recommended that the State balance its approach and consider the authorization of General Obligation debt as the preferred, if no longer exclusive, method to finance capital projects. Further discussion is found in Section II, Review of State Debt.

Conclusions

Currently, all of the State's debt ratios are below median levels for all fifty states, as well as the ratios for the State's peer group composed primarily of states rated "triple A" by all three rating agencies. North Carolina's debt is considered manageable at current levels.

As the State continues to issue debt that has already been authorized, the absolute level of tax-supported debt is projected to increase and will stand at approximately $6.173 billion by the end of Fiscal Year 2007. On an absolute basis, debt service will increase through Fiscal Years 2010 and 2011, declining thereafter. As a percentage of general tax revenues, debt service peaks in Fiscal Year 2008 at 3.6%, below its 4.0% target. The ratio of debt to personal income is projected to remain steady to 2.1% in Fiscal Year 2007. The ten-year payout ratio, which stood at 52% at June 30, 2006, is projected to improve substantially over the near term, reaching its targeted goal in FY 2008. Finally, due to a combination of strong operational results and accounting changes, the State has succeeded in eliminating the deficit in the Unreserved General Fund Balance.

The State has enjoyed a period of strong revenue growth and has been able to significantly replenish its reserves. The debt model now projects availability to support $384 million in new debt authorizations annually over the model horizon.

Introduction and Background

In 2003, the North Carolina Department of State Treasurer prepared the first Debt Affordability Study to provide a methodology for measuring, monitoring and managing the State's debt capacity. In 2004, the General Assembly adopted legislation creating a Debt Affordability Advisory Committee to annually advise the Governor and the General Assembly on the estimated debt capacity of the State for the upcoming ten fiscal years.

Debt capacity is a limited and scarce resource. It should be used only after evaluating the expected results and foregone opportunities. The Study enables the State to structure its future debt issuances within existing and future resource constraints by providing a comparison of its current debt position to relevant industry standards, and by evaluating the impact of new debt issuances as well as changes in the economic climate on the State's debt position. The Study can thus be used to help develop and implement the State's capital budget. The Study is premised on the concept that resources as well as needs should guide the State's debt issuance program.

Although the State's level of authorized and unissued debt is manageable, establishing guidelines for future debt issuance and financial performance is a critical part of prudent debt management and can keep the debt burden from becoming excessive. The Committee recognizes that such guidelines must strike a balance between providing sufficient debt capacity to allow for the funding of essential capital projects and imposing sufficient discipline so that the State does not create a situation that results in a loss of future budgetary flexibility and could lead to a deteriorating credit position. Control of debt burden is one of the four key factors used by rating agencies' analysts in assessing credit quality. The other three are economic vitality and diversity, fiscal performance and flexibility and the administrative capabilities of government.

The Debt Affordability Committee has recommended both target and maximum (ceilings) debt ratios to use as guidelines to measure and control the State's debt burden. The adoption of such guidelines demonstrates that the State is committed to decreasing capital spending or finding new sources of revenue rather than imposing an excessive debt burden on future budgets.

Section I -The North Carolina Debt Affordability Model

The Debt Affordability Committee has adopted the measure of annual debt service arising from net tax-supported debt as a percentage of general tax revenues as its basis to evaluate the State's existing and projected debt burden. The Committee notes that policymakers control both variables that determine this ratio. By measuring what portion of the State's resources is committed to debt-related fixed costs, this ratio reflects the State's budgetary flexibility and ability to respond to economic downturns.

The results of the debt model are presented both as a total aggregate and as an annual amount which smoothes the solution over time. The result is the amount of new debt that the State can afford to authorize and issue each and every year while staying within its targeted ratios. Section IV and Appendix B contain the detailed presentation of the model solutions.

Debt Used in the Model Calculation

The model uses a definition of net tax-supported debt that includes General Obligation Bonds, Special Indebtedness, Capital Lease Obligations, Installment/Equipment Leasing Obligations and any other such obligations that are owed to a third party over a predetermined schedule from General Fund Revenues. Obligations of Component Units, Highway Fund debt paid from Highway Fund revenues, non tax-supported special indebtedness paid from non-general fund supported trust funds and other self-supporting or non-tax supported debt such as revenue bonds and short term tax anticipation notes are excluded from the definition of net tax-supported debt. Also excluded are obligations termed Other Post Employment Benefits ("OPEB") currently estimated to total $23.9 billion. See Appendix A for more discussion of OPEB and its exclusion from the model.

Model Assumptions regarding Revenue Growth and Sensitivity Analysis

The Committee recognizes that it cannot predict the future level of interest rates or the pace of revenue growth and recognizes the sensitivity of the model results to such factors. Changes in revenue estimates have a particularly significant impact on the calculation of available debt capacity because of the multiplier effect of compounding growth over the ten-year period. Such projections are especially important when they reflect changing or different economic outlooks. The Committee has adopted a revenue growth assumption that applies a growth rate of 3.0% to base revenues but has reviewed sensitivity analysis based on differing revenue assumptions.

Debt Structuring Assumptions

The following assumptions were used in this year's debt affordability model calculations:

- The rate on existing Variable Rate Debt will average 4%.
- The interest costs on all authorized but unissued General Obligation ("GO") and non-GO issues will be 5.50% and 6.00%, respectively.

- GO debt will be structured with a 20-year maturity with an overall level principal payment profile after the first year.
- Non-GO debt will be structured with a 20-year maturity with an overall level debt service or principal payment profile after the first year.
- Incremental model debt will be structured with a fixed rate 20-year maturity, a 6% interest rate, and an overall level debt service payment profile after the initial years.

Section II – Review of State Debt

Outstanding Debt

The State issues two kinds of tax-supported debt: General Obligation Bonds and various kinds of "Special Indebtedness", which are also known as Appropriation-Supported Debt. General obligation bonds are secured by the full faith, credit and taxing power of the State. The payments on all other kinds of long-term debt, including Certificates of Participation ("COPs"), lease-purchase revenue bonds, capital lease obligations and equipment installment purchase contracts are subject to appropriation by the General Assembly. Some appropriation-supported debt is also secured by a lien on facilities or equipment.

Debt that is determined to be self-supporting or supported by non-general fund tax revenues does not constitute net tax-supported debt but is included in the definition of "gross" tax-supported debt used by some analysts.

The State's outstanding gross and net tax-supported debt positions as of June 30, 2006 are shown below.

Chart 1

State of North Carolina Outstanding Net Tax-Supported Debt

	June 30, 2006
General Obligation Bonds Total	$ 5,734,665,995
Less: Self-Supporting payable from Highway Trust Fund	756,755,000
Net Tax-Supported General Obligation Bonds	$ 4,977,910,995
Appropriation Supported Indebtedness:	
Certificates of Participation / Lease Revenue Bonds	$ 733,006,000
Less: Self-Supporting payable from Energy Performance Contracts, [1] Tobacco and Health and Wellness Trust Funds	91,736,250
Net Tax-Supported Certificates of Participation / Lease Revenue Bonds	$ 651,268,750
Plus: Installment Purchase Contracts / Equipment & Capital Leases [2]	60,865,626
Net Appropriation-Supported Indebtedness	$ 712,134,376
Gross Tax-Supported Debt	$ 6,528,636,621
Less: Self - Supporting / Trust Fund Debt	838,491,250
Net Tax-Supported Debt	$ 5,690,045,371

[1] HB 1264 Debt Supported by the Clean Water, Natural Heritage and Parks and Recreation Trust Funds is not considered to be self-supporting because these Trust Funds flow through the General Fund.
[2] Source: Office of State Budget & Management pursuant to G.S. 147-33.72H.

General Obligation Bonds versus Special Indebtedness

Prior to 2001, the State issued only General Obligation ("GO") debt. Such debt is usually considered to be the highest quality of all the various types of debt or debt-like instruments and

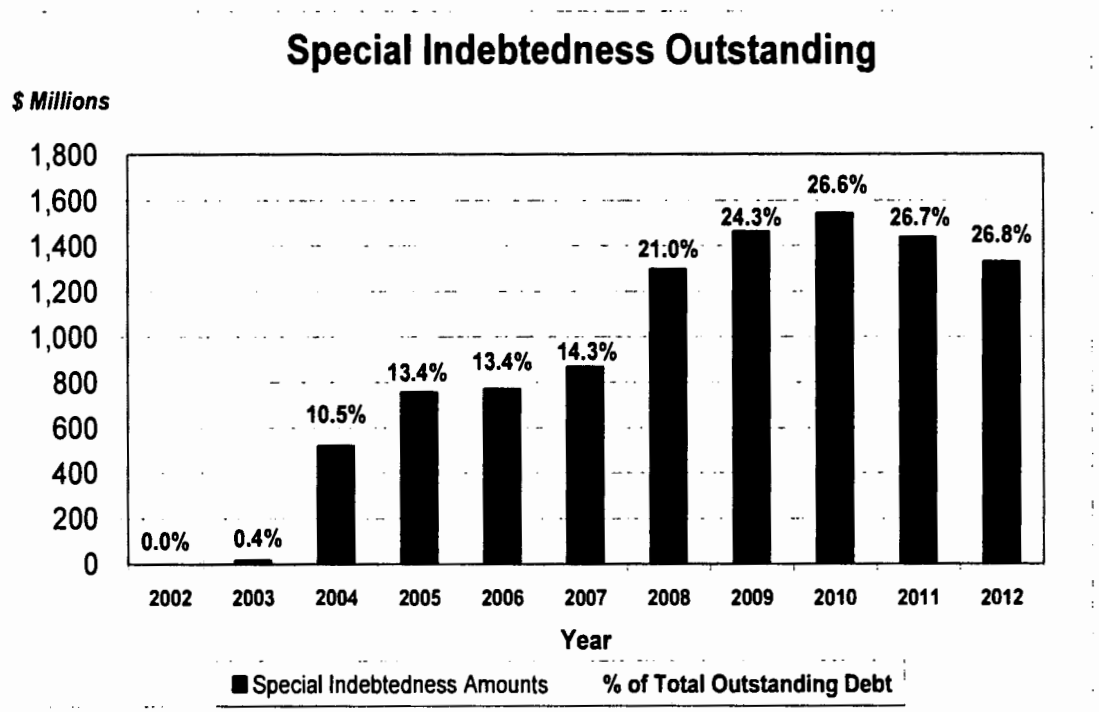
usually carries the highest credit rating. Several factors contribute to the high rating including the legal protections inherent in constitutionally permitted debt, investor confidence in the pledge of the full faith and credit of the State and the presumption of the availability of the government's full resources. GO bonds are generally the most transparent of the various types of State debt obligations and typically carry the lowest interest cost.

Special Indebtedness, also termed appropriation-supported debt, is a relatively recent financing vehicle employed by the State. Secured by a specific stream of revenues or by a lease payment or financing agreement (and sometimes by a security interest in the project being financed), such obligations are typically paid from annual budgeted appropriated amounts for debt service. Depending upon the credit and structure, appropriation-supported debt is usually assessed an interest rate penalty ranging from 5 to 20 basis points when compared with the State's GO bonds. Although modest, the interest rate penalty does increase the cost of the projects being financed.

Most states have diversified their debt portfolios and utilize these non-GO structures, which include Certificates of Participation and lease revenue bonds. However, the State of North Carolina has exclusively authorized this type of financing since 2000, when the last GO bond package was authorized.

The amount of the State's outstanding appropriation-supported debt is shown below, with the percentage of appropriation-supported debt to total debt on a percentage basis noted. Also shown is a projection of the amount and percentage of appropriation-supported debt through FY 2012, assuming issuance of all existing debt authorizations.

Chart 2



Note: Total Outstanding Debt does not include debt funded by the Highway Trust Fund

In December 2006, FitchRatings published a report analyzing the amount of non-GO debt currently carried by all 50 states. They found that the higher-rated states tend to have the highest amount of GO debt relative to their total debt positions. For example, for "triple A" states, the median ratio of GO debt to total tax-supported debt was 74%, while the ratio for all "double A" states (without modifiers) was 70%. The State of North Carolina is in the range of the medians reported for the "triple A" states but without a more balanced approach to authorizing debt, will move closer to the levels evidenced by lower-rated entities.

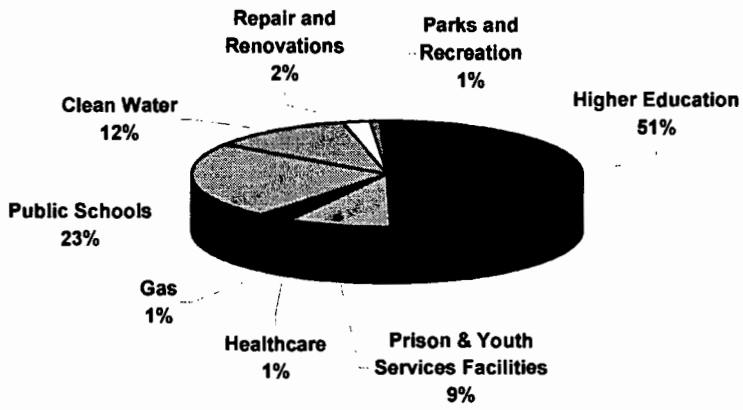
The Committee therefore recommends that the State move away from exclusively authorizing Special Indebtedness for its capital financing needs and consider the authorization of General Obligation debt as the preferred method to provide debt financing.

Uses of Outstanding Tax-Supported Debt

The following chart illustrates the uses for which the State has issued net tax-supported debt calculated on the amount outstanding. The State has used the proceeds of its debt programs for many purposes with the two largest being to provide facilities and infrastructure for higher education (51%) and public schools (23%).

Chart 3

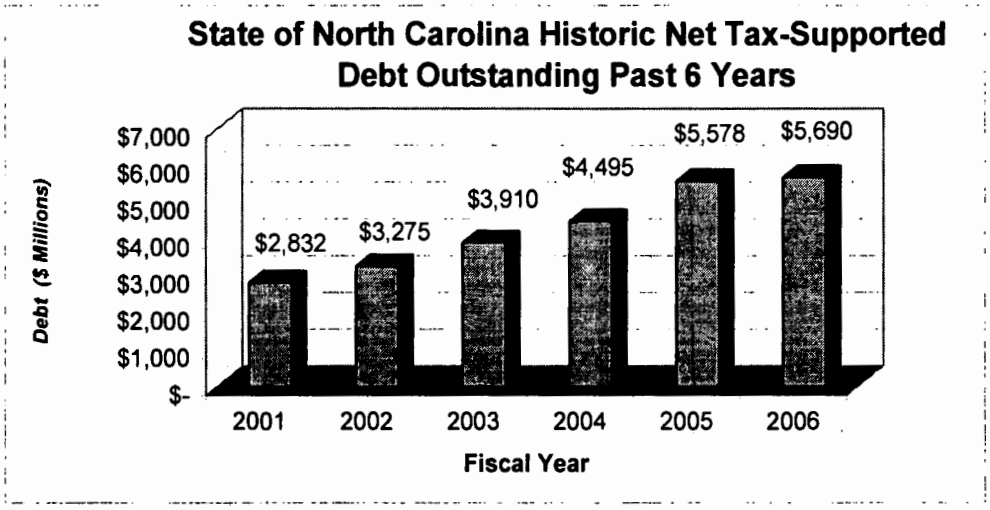
North Carolina Outstanding Net Tax-Supported Debt by Program as of June 30, 2006



Growth in State Debt

Net tax-supported debt has shown significant growth over the last six years as the State has used debt financing to address the requirements of a growing population for education and other capital needs. Tax-supported debt increased from $2.8 billion at June 30, 2001 to approximately $5.7 billion at June 30, 2006. Chart 4 below illustrates the growth in total State net tax-supported debt outstanding over the last six years.

Chart 4



Authorized but Unissued Debt

The State issues debt on a cash flow basis. Bond issues are timed to provide funds as they are actually needed. Therefore there is typically a lag between when debt is authorized and when it is actually issued. As of the end of December 2006, the amount of such authorized but unissued net tax-supported debt totaled approximately $1.26 billion, including $403 million Higher Education Bonds, $99 million Clean Water Bonds, and $760 million of Certificates of Participation to fund various other projects. For planning purposes, the State anticipates issuance of all currently authorized but unissued debt through Fiscal Year 2010.

Chart 5 below shows the projected pace of net tax-supported debt issuance over the next three years. As discussed previously, Highway debt and other special indebtedness payable from non-tax supported revenue is excluded.

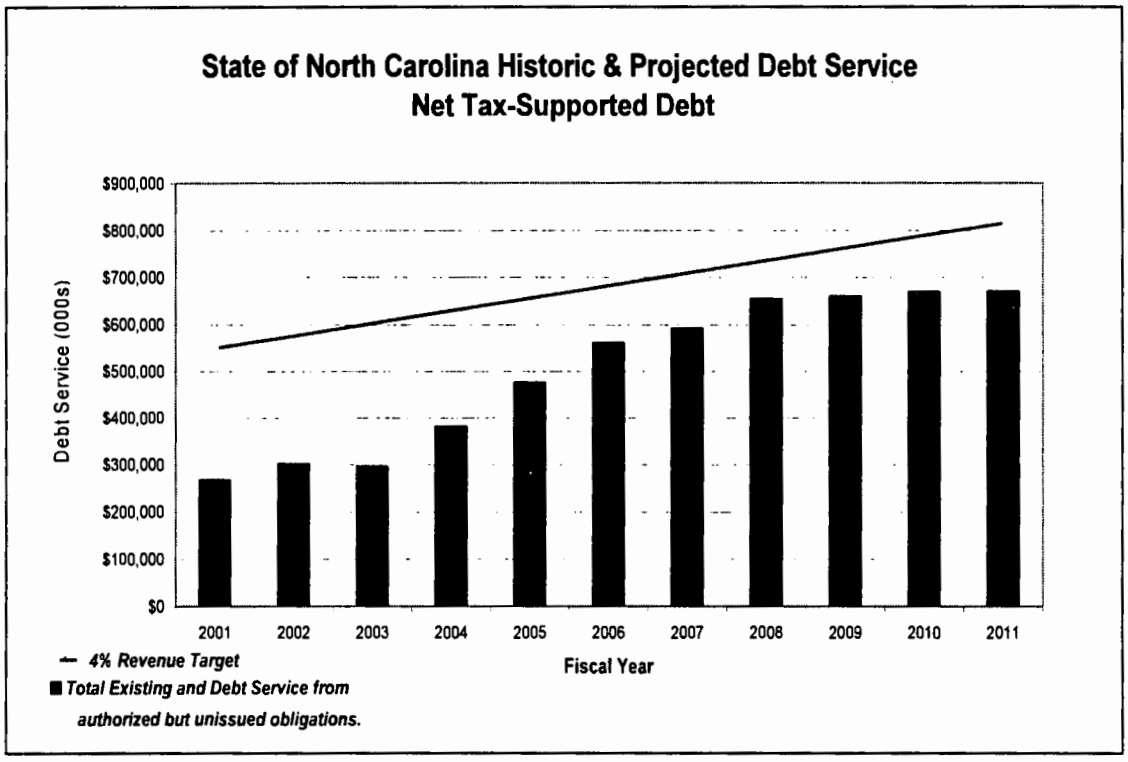
Debt Service

The amount the State spends on debt service each year has risen, both on an absolute basis and as a percentage of general tax revenues. This trend is expected to continue for the near future, as the absolute amount of outstanding debt also increases. Both the State's historic and projected debt service, incorporating the debt service on all authorized but unissued amounts, is illustrated below in Chart 6.

The scheduled retirement of debt is an important source of future debt capacity and its impact is incorporated into the affordability analysis presented in Section IV and Appendix B.

Chart 6



Section III - Review of State Credit Ratings and Comparative Ratios

Credit ratings are the rating agencies' assessment of a governmental entity's ability and willingness to repay debt on a timely basis. Credit ratings are an important factor in the public credit markets and can influence interest rates a borrower must pay.

Chart 7

North Carolina Credit Rating Matrix

State of North Carolina

General Obligation Bond Credit Ratings as of January 12, 2007

Rating Agency	*Rating*	*Outlook*
Fitch Ratings	AAA	Stable
Moody's Investors Service	Aaa	Stable
Standard & Poor's Rating Services	AAA	Stable

The State's general obligation bonds are rated AAA with a "stable" outlook by FitchRatings ("Fitch"), and AAA with a "stable" outlook by Standard & Poor's Ratings Services ("S&P") and Aaa by Moody's Investors Service ("Moody's") with a "stable" outlook, the highest ratings attainable. On January 12, 2007, Moody's reinstated North Carolina's Aaa rating, citing the State's strong financial performance, relatively moderate debt burden, effective management, healthy financial outlook, replenishment of reserves and recent economic gains surpassing the national averages. The action by Moody's underscores the benefits of the State's conservative approach to its financial operations.

Comparison of Debt Ratios to Selected Medians

A comparison to national and peer group medians is helpful because absolute values are more useful with a basis for comparison. The primary source for this information is Standard & Poor's 2006 Public Finance Scorecard.

How North Carolina compares with its peers for the three debt ratios evaluated is presented below. The peer group is composed of states rated "triple A" by all three credit rating agencies (Delaware, Georgia, Maryland, Missouri, North Carolina, Utah and Virginia) and South Carolina which is rated "triple A" by two of the three agencies. As shown in Chart 8, the State's debt ratios are below the median levels for its peer group.

Chart 8

North Carolina Debt Ratios
versus Actual Ratios for Other Highly Rated States *

State	Ratings (Fitch/S&P/Moody's)	2005 Debt to Personal Income	2005 Debt per Capita	2005 Total Debt Service as % of General Fund Expenditures
Delaware	AAA/AAA/Aaa	5.9%	$2,170	4.9%
Georgia	AAA/AAA/Aaa	2.5%	759	3.1%
Maryland	AAA/AAA/Aaa	2.5%	1,052	5.5%
Missouri	AAA/AAA/Aaa	1.4%	454	1.2%

SECTION IV – Guidelines and Model Results

Net Tax-Supported Debt Service as a Percentage of General Tax Revenues

The Committee adopted the following target and ceiling guidelines as the preferred measure used to determine the amount of net tax-supported debt that can be prudently authorized by the State:

- Net Tax-Supported Debt Service as a percentage of General Tax Revenues should be targeted at no more than 4% and not exceed 4.75%.

The Committee adopted a revision in the manner that the amount of debt affordability is presented for the 2006 report, recognizing that a measure of affordability that assumes that all additional debt that the State has the capacity to authorize is issued in the year it is available is not consistent with current practice. There is often a time lag, sometimes of multiple years, between when debt is authorized and when it is issued. The adopted annual measure smoothes the amount of debt the State can afford to prudently authorize each and every year for the model horizon without exceeding its target ratios. In practice, the limit imposed by the years of the least capacity over the model horizon (2011 and 2012) drives the smoothing.

4.0% Target Ratio/Debt Service Impact

Illustrated below the first line is the actual amount of new tax-supported debt that could be authorized and issued by year staying within the 4.0% target ratio. The second line shows this new debt amount smoothed over every year of the planning horizon.

One important source of capacity is the retirement of existing debt. As the State retires debt, the amount becomes a resource of future capacity. The amount of debt to be retired totals nearly $1.86 billion through 2011 and is netted from Total Debt Capacity per year to illustrate the impact versus that of revenue growth.

Finally, the debt service arising from the presumed issuance of $384 million of new debt annually is illustrated.

Table 2

Net Tax-Supported Debt Capacity using 4.0% debt service/revenues target ratio
(In Millions of dollars)

Fiscal Year	2007	2008	2009	2010	2011
*Total Additional Debt Capacity per Year **	$1,032.1	$149.1	$50.4	$56.3	$520.2
Debt Capacity Available Each and Every Year	384.0	384.0	384.0	384.0	384.0

* In addition to that already Authorized but Unissued. Assumes additional debt capacity is authorized and issued in stated fiscal year.

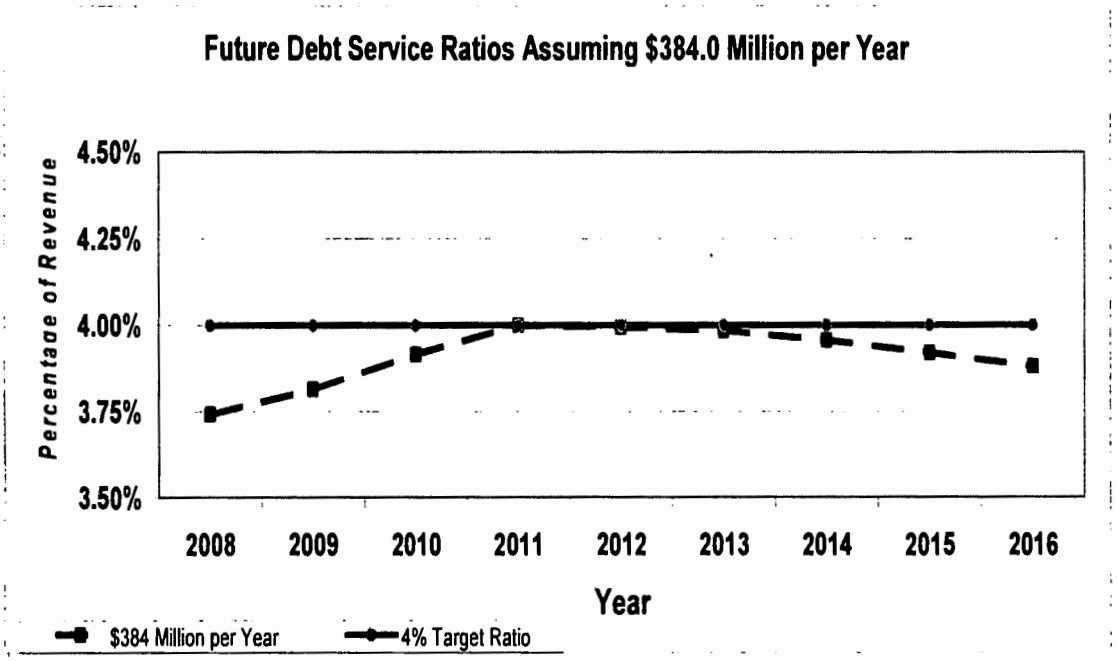
Table 3

Retirement of Outstanding Debt Compared to the $384.0 Million Annual Debt Capacity
(In Millions of Dollars)

Fiscal Year	2007	2008	2009	2010	2011
Retirement of Outstanding Debt	333.2	367.5	374.9	386.8	395.1
Debt Capacity in Excess of Retirement of Debt	50.8	16.5	9.1	(2.8)	(11.1)
Additional Debt Service on Debt Capacity ($384.0 million / year)	0.0	28.3	59.7	94.1	134.4

A chart showing the ratio of debt service to revenues that is the result assuming the annual $384 million is issued as shown below in Chart 9.

Chart 9



Sensitivity Analysis on 4% Target Solution

The model results are highly sensitive to changes in revenue assumptions. Specifically, a one percent change, either up or down, in general tax revenues in each and every year of the model solution horizon will change the amount of annual debt capacity each and every year by approximately $22 million. The effect of a variation in revenues of $100 million per year will impact the amount of new debt that may be prudently issued each and every year by approximately $12 million per year.

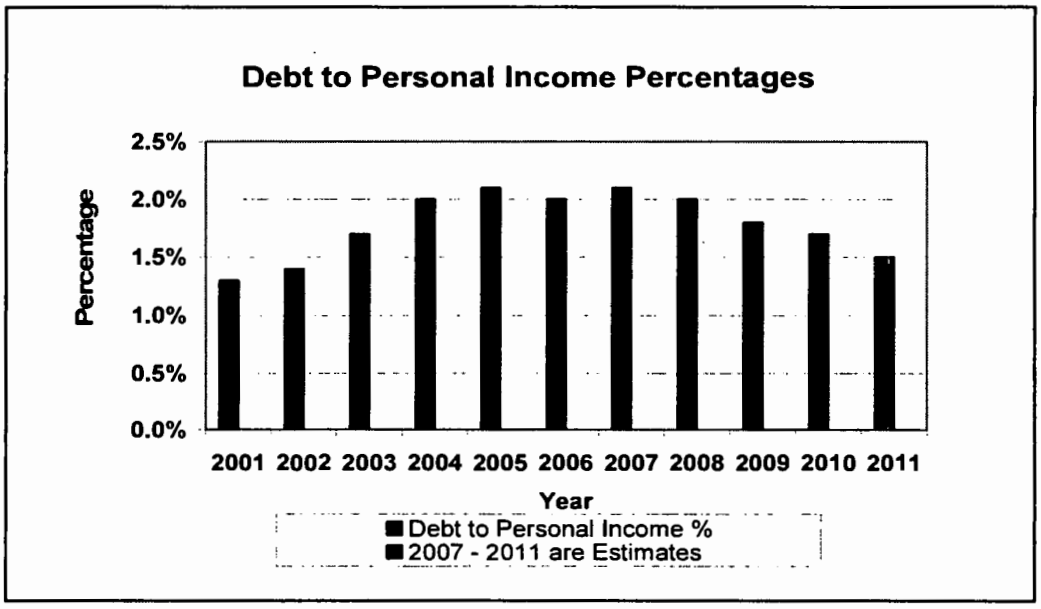
Net Tax-Supported Debt to Personal Income

The Committee has also established guidelines for evaluating the State's debt burden as a measure of personal income, as follows:

- Net Tax-supported Debt as a percentage of Personal Income should be targeted at no more than 2.5% and not exceed 3.0%.

Chart 10 below, shows that the amount of tax-supported debt as a percentage of personal income has been rising and will peak in Fiscal Year 2007 incorporating all currently authorized but unissued debt.

Chart 10



Source: Population and Personal Income statistics provided by "Moody's Economy.com" courtesy of the North Carolina General Assembly Fiscal Research Division.

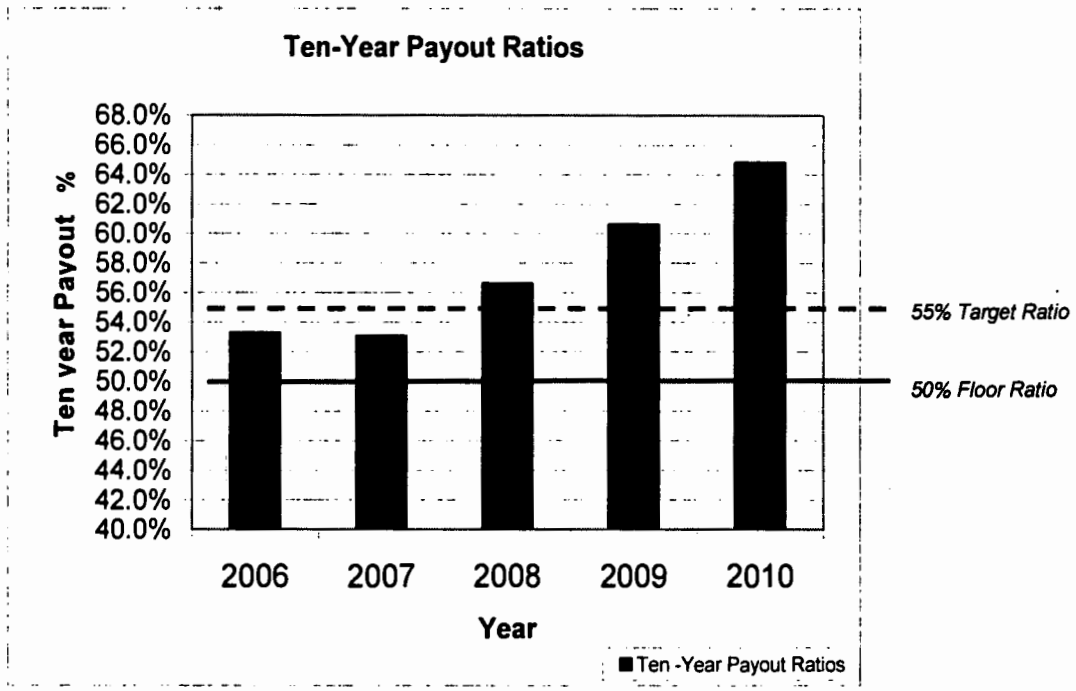
Ten-Year Payout Ratio

A short period of time within which a State retires outstanding debt obligations is considered a positive credit attribute. The Committee has adopted the following guideline regarding the payment structure of the State's debt:

- The amount of debt to be retired over the next ten years should be targeted at no less than 55% and should not decline below 50%.

Chart 11 below illustrates that the State's payout ratio will reach its targeted levels in Fiscal Year 2008 and beyond.

Chart 11



Level of Unreserved Fund Balance

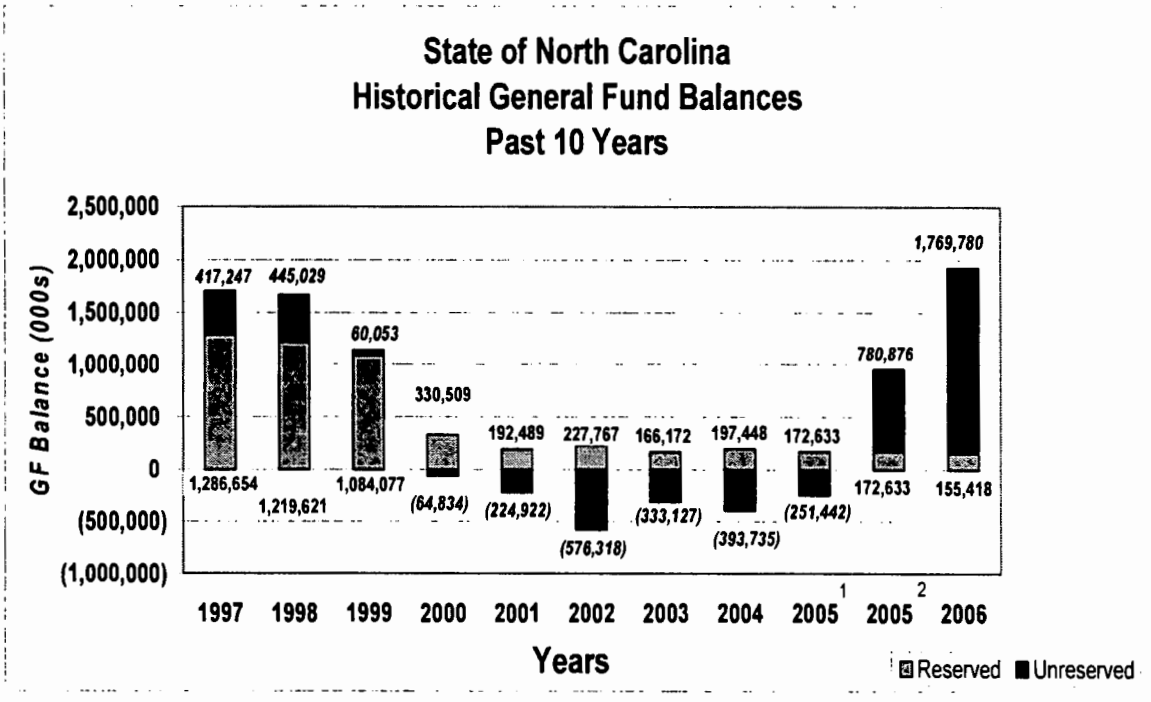
As discussed previously, the rating agencies place emphasis on budgetary reserves. In a report dated December 22, 2005, Standard & Poor's stated that "...reserves are critical to managing economic cycles and providing substantial flexibility to manage the budget and capital requirements of a government."

During 2006, through a combination of strong operational results and a change in accounting methodology that achieves a better match between accrual of tax revenues and refunds, the State succeeded in eliminating the negative Unreserved General Fund Balance on a GAAP basis. That negative balance had been a legacy of the budget challenges and natural disasters beginning in Fiscal Year 1999-2000. At FY 2006 year-end, the Unreserved General Fund Balance totaled $1.770 billion, or 10.4% of recurring tax revenues. Without the accounting change, estimates put the Unreserved General Fund Balance at $417 million.

Legislation adopted in 2006 (SL 2006-203) increases the targeted Savings Reserve Fund ("Rainy Day Fund") balance to 8% (from 5%) of the prior year's General Fund operating budget. Based on Fiscal Year 2005-2006 results, the resulting targeted Rainy Day Fund balance at 8% is $1.371 billion. The Committee recognizes that the legislation specifically sets a level of reserves for the State that is consistent with the recommendations made by the Committee in previous years.

Chart 12 depicts the State's historic General Fund Balance over the last ten years.

Chart 12



[1] As originally reported in 2005 Comprehensive Annual Financial Report.

[2] As restated per the Office of State Controller.

Section V - Capital Project Costs and Pay-Go Funding

A consideration that affects capital project costs and future debt service capacity is the use of "pay-as-you-go" ("PAYGO") funding of capital projects. By using current revenues to fund a portion of the capital improvements plan, the State can reduce future debt service and retain debt capacity. For example, if the State funded a capital project with $50 million as PAYGO rather than financing it through a $50 million, 20-year bond issue, the State would save approximately $20.9 million in total interest payments over the life of the issue assuming current market conditions.

Appendix A

Revenues and Liabilities in the North Carolina Debt Affordability Model

Revenues

The model uses general tax revenues adjusted for one-time or non-recurring items plus certain other revenue items deemed available to service debt from the most recently available *Comprehensive Annual Financial Report.* The following items are included:

General Fund Tax Revenues

- Individual Income Tax
- Corporate Income Tax
- Sales & Use Tax
- Franchise Tax
- Insurance Tax
- Beverage Tax
- Inheritance Tax
- Other Taxes

Other General Fund Revenue Items

- Investment Income
- Miscellaneous Revenues

Revenue Growth and other Assumptions

Changes to revenue estimates have a significant impact on the calculation of available debt capacity because of the multiplier effect of compounding growth over the ten-year period. And such projections are especially important when they reflect changing or differing economic outlooks.

Base revenues are assumed to grow at a rate of 3% annually through the forecast period (2016). The Committee believes this assumption to be prudent. Sensitivity analysis has been provided for those who believe that these assumptions are either overly conservative or aggressive. The revenue estimates incorporate the effect of any changes dictated in current law.

Liabilities

To calculate net tax-supported debt, credit analysts take into account all debt supported by general tax revenues. This debt position shows the amount of indebtedness serviced from an issuer's General Fund; that is, it reflects the debt service payments made directly from tax revenues and is known as net tax-supported debt. Although a consensus appears to exist among credit analysts as to the appropriateness of using net tax-supported debt as the standard

for determining an issuer's debt position, there is less unanimity about the precise calculation. The Committee has determined to follow the approach of Moody's Investor Service and exclude self-supporting debt from its calculations.

The model uses a definition of net tax-supported debt that includes General Obligation Bonds, Special Indebtedness, Capital Lease Obligations, and any other such obligations that are owed to a third party over a predetermined schedule from General Fund Revenues. Obligations of Component Units, Highway Fund debt that is paid from Highway Fund revenues, non tax-supported special indebtedness that is paid from trust funds and other self-supporting debt is excluded. Short-term Tax Anticipation Notes and Energy Performance Contract Financing Liabilities are also excluded.

Other Post Employment Benefits ("OPEB")
In order to comply with Governmental Accounting Standards Board (GASB) Statements No. 43 and 45, the State Health Plan had an actuarial study completed that estimates the size of the State's unfunded liability for Other Post Employment Benefits. The bond rating agencies have been clear that OPEB liabilities do not represent a hard liability in the same way that debt service does and should not be considered tax-supported debt unless bonds are actually issued to fund part or all of the liability. They have also consistently assured the State that these liabilities do not represent a threat to the State's credit rating in the short-term. Over the longer term, the State will need to develop a realistic plan to meet these obligations.

The model includes the actual debt service from all outstanding net tax-supported debt and for all authorized, but currently unissued tax-supported debt if such issuance does not require further action on the part of the General Assembly. The following is a list of those liabilities that are included in the model (outstanding amounts as of June 30, 2006):

- General Obligation Bonds supported by General Fund Tax Revenue - $4,977,910,995.
- Appropriation-Supported Indebtedness (collectively "Special Indebtedness")
    - Certificates of Participation supported by General Funds $396,223,750. Also including
        - Chapter 1264 projects supported by the Clean Water, Natural Heritage and Parks and Recreation Trust Funds where funds flow through the General Fund - $22,006,875.
    - Capital Leases, Installment Purchase Contracts and Equipment lease obligations determined pursuant to G.S. 147-33.72H - $60,865,626.
    - Lease Revenue or Lease-Purchase Revenue Bonds - $255,045,000.

Liabilities not included in the model (outstanding amounts as of June 30, 2006):

- Highway Construction General Obligation Debt supported by separate taxes - $756,755,000.
- Appropriation-Supported Indebtedness (collectively "Special Indebtedness")
    - Certificates of Participation supported by non-General Funds including
        - Chapter 1264 projects supported by the Health and Wellness/Tobacco Trust Funds - $57,836,250 (issued), $359,126,036 (authorized but unissued).
- Specifically authorized Revenue Bonds (Butner Water and Sewer Revenue Bonds) - $8,800,000.

- Short Term Tax Anticipation Notes (not supported by General Tax Revenue) - $0.

- Obligations of the University of North Carolina System, the North Carolina Housing Finance Agency or other Component Units - $6,638,320,000.

- Energy Performance Contract obligations where such obligations are guaranteed and approved pursuant to G.S. 142-64 and not supported by separate appropriations - $23,900,000.

- Other Post Employment Benefits ("OPEB")

Note: Although these liabilities do not constitute tax-supported debt, they are obligations of The State of North Carolina or various component units, and The State's General Fund, although not legally obligated to, could be called upon to service these obligations if necessary.

Debt Structuring Assumptions

The following assumptions were used in this year's debt affordability model calculations:

- The rate on existing Variable Rate Debt will average 4%
- The interest costs on all authorized but unissued GO and non-GO issues will be 5.50% and 6.0%, respectively.
- GO debt will be structured with a 20-year maturity with an overall level principal payment profile after the first year.
- Non-GO debt will be structured with a 20-year maturity with an overall level debt service or principal payment profile after the first year.
- The incremental model debt is assumed to be fixed-rate, 20-year maturity debt with an average interest cost of 6% and a level principal payment profile after the initial years.

SENATE FINANCE COMMITTEE
Wednesday, March 14, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, March 14, 2007, in room 544 of the Legislative Office Building. Twenty-two members of the committee were present. Senator John Kerr presided. Jessica Smith of Winterville and Amber Nead of Carteret County served as pages.

S.B. 432 – Greensboro Deannexation

Senator Hagan was recognized to explain the bill. Senator Hoyle moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 336 – Occupancy Tax Modifications for Swain County

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Snow was recognized to explain the proposed committee substitute. Senator Apodaca moved for a favorable report and the motion carried. A copy of the committee substitute, the bill and the summary is attached.

S.B. 220 – Roanoke Rapids/Weldon/Ahoskie Annexations

Senator Jones was recognized to explain the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 496 – Perquimans Occupancy Tax

Senator Jones explained the bill. Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 284 – Sanford Annexations

Senator Atwater was recognized to explain the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 398 – Norwood Satellite Annexations

Senator Purcell was recognized to explain the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 443 – Yanceyville Annexation

Senator Foriest was recognized to explain the bill. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 442 – Caswell County Occupancy Tax

Senator Foriest explained the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill, the summary, and the fiscal note is attached.

S.B. 439 – Extend Magnolia ETJ

Senator Albertson was recognized to explain the bill. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 465 – Amend Carteret County Occupancy Tax

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Preston was recognized to explain the PCS. Senator Hoyle moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, the fiscal note, and the summary is attached.

S.B. 491 – Morrisville Annexations

Senator Cowell was recognized to explain the bill. She recognized the Honorable Jan Faulkner, Mayor of Morrisville, and John Whitson, Morrisville Town Manager. They distributed an informational memo, spreadsheet and map outlining the bill's effects (attached). Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 1:22 pm.

Senator Dan Clodfelter, Cochair

Senator David Hoyle, Cochair

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 220*

Short Title:	Roanoke Rapids/Weldon/Ahoskie Annexations.	(Local)
Sponsors:	Senator Jones.	
Referred to:	Finance.	

February 21, 2007

A BILL TO BE ENTITLED

AN ACT TO REMOVE THE CAP ON SATELLITE ANNEXATIONS FOR THE CITY OF ROANOKE RAPIDS AND THE TOWNS OF AHOSKIE AND WELDON.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

This subdivision does not apply to the Cities of Claremont, Concord, Conover, Elizabeth City, Gastonia, Greenville, Hickory, Kannapolis, Locust, Marion, Mount Airy, Mount Holly, New Bern, Newton, Oxford, Randleman, Roanoke Rapids, Rockingham, Sanford, Salisbury, Southport, Statesville, and Washington and the Towns of Ahoskie, Angier, Ayden, Benson, Bladenboro, Burgaw, Calabash, Catawba, Clayton, Columbia, Creswell, Dallas, Dobson, Fuquay-Varina, Garner, Godwin, Grimesland, Holly Ridge, Holly Springs, Kenly, Knightdale, Landis, Leland, Louisburg, Maggie Valley, Maiden, Mayodan, Midland, Mocksville, Morrisville, Pembroke, Pine Level, Princeton, Ranlo, Rolesville, Rutherfordton, Shallotte, Smithfield, Spencer, Stem, Stovall, Surf City, Swansboro, Taylorsville, Troy, Wallace, Warsaw, Waynesville, Weldon, Wendell, Windsor, Yadkinville, and Zebulon."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 220:
Roanoke Rapids/Weldon/Ahoskie Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 12, 2007
Introduced by:	Sen. Jones	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 220 would exempt the city of Roanoke Rapids and the towns of Ahoskie and Weldon from the requirement for satellite annexation that the area to be annexed, when added to the area within all other satellite corporate limits, does not exceed 10% of the area within the primary corporate limits of the annexing city.

[As introduced, this bill was identical to H188, as introduced by Reps. Allen, Bryant, Wray, which is currently in House Finance.]

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: Senate Bill 220 would permanently exempt the city of Roanoke Rapids and the towns of Ahoskie and Weldon from the 5th requirement, which requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city.

The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

may easily exceed the 10% limit. Because of this, the General Assembly has exempted a significant number of cities and towns (over 70) from this 10% rule by local act.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The Town of Ahoskie is in the process of expanding its wastewater plant, which it expects to be complete in May of 2009. With this expansion, the Town will be able to provide water and sewer service to areas that would likely seek annexation in order to benefit from these services. While the Town does not have a specific annexation plan in the works, it is already approaching the 10% limit and would like this exemption in anticipation of annexation requests in the near future resulting from its expanded municipal service capability.

Both Weldon and Roanoke Rapids are experiencing growth due to Carolina Crossroads, the music and entertainment district located in this area, and anticipate that areas currently outside the city limits will seek annexation so they can benefit from municipal services. Neither town has a specific request or petition to annex at this time, but anticipate a need to annex beyond the 10% limit within the next three to five years.

S0220e1-SMSV

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 284*

Short Title:	Sanford Annexations.	(Local)
Sponsors:	Senator Atwater.	
Referred to:	Finance.	

February 22, 2007

A BILL TO BE ENTITLED

AN ACT ALLOWING THE CITY OF SANFORD TO ANNEX BY VOLUNTARY PETITION AREAS THAT ARE MORE THAN THREE MILES FROM THE CITY'S PRIMARY CORPORATE LIMITS IF THE AREAS ARE CONTIGUOUS TO THE CITY'S SATELLITE CORPORATE LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(1) shall not apply to the City of Sanford if the area proposed for annexation is contiguous to the City's satellite corporate limits. For purposes of this act, the term "satellite corporate limits" means the corporate limits of any noncontiguous area annexed pursuant to Part 4 of Article 4A of Chapter 160A of the General Statutes by the City of Sanford or pursuant to a local act enacted by the General Assembly authorizing or effecting noncontiguous annexations for the City of Sanford.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 284:
Sanford Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 13, 2007
Introduced by:	Sen. Atwater	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 284 would allow the City of Sanford to voluntarily annex areas that are more than three miles from the city's primary corporate limits if the areas are contiguous to the City's satellite corporate limits.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. **The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.**
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

BILL ANALYSIS: Senate Bill 284 would exempt the City of Sanford from the first requirement for satellite annexation only under circumstances where the area to be annexed is contiguous to the City's satellite corporate limits.

The rationale for this standard is that while annexing satellite areas is not inconsistent with the notion that a city should be a single, compact entity, those areas must not be too far from the city's primary limits. The standard does not require the entire annexation area to be within three miles of the primary limits, but only the point of the area that is closest to the annexing city. Approximately 22 municipalities have an exemption from or local modification to this requirement.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: In 2000, the City of Sanford annexed a large tract of land that is currently undeveloped. The City has been approached by a developer who would like to develop a tract that is behind but contiguous to this current satellite area. However, this area is beyond the three-mile limit. If a city is using the satellite procedure to annex an area contiguous to an existing satellite area, the distance must still be measured from the primary corporate limits and not from the satellite limits. Therefore, the City is requesting this legislation so it may annex this tract of land.

S0284e1-SMSV

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

February 27, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE SWAIN COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX AND TO MAKE OTHER ADMINISTRATIVE CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 923 of the 1985 Session Laws reads as rewritten:

"Section 1. Occupancy Tax. (a) Authorization and Scope. – The Swain County Board of Commissioners may ~~by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or ~~similar~~ accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. ~~105-164.4(3).~~105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious ~~organizations.~~organizations when furnished in furtherance of their nonprofit purpose.

(a1) Authorization of Additional Tax. – In addition to the tax authorized by subsection (a) of this section, the Swain County Board of Commissioners may levy an additional room occupancy tax of up to one percent (1%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Swain County may not levy a tax under this subsection unless it also levies the maximum tax authorized under subsection (a) of this section.

~~(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the~~

~~purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.~~

(c) Administration. – ~~The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals and sales upon which the tax is levied.~~

~~A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid.~~

~~Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The board of commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.~~

(e) Distribution and Use of Tax Revenue. – Swain County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Swain Tourism Development Authority. The Authority ~~may spend funds remitted to it under this subsection only to further the development of travel, tourism, and conventions in the county through state, national, and international advertising and promotion. No more than twenty-five percent (25%) of the funds remitted to the Authority may be used for salaries, wages, and administrative expenses.~~shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Swain County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) ~~As used in this subsection, "net proceeds" means gross~~Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance ~~officer.~~officer, not to exceed three percent (3%) of the first five hundred thousand dollars

($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of Swain County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

~~(f) Effective Date of Levy. A tax levied under this act shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.~~

~~(g) Repeal. A tax levied under this act may be repealed by a resolution adopted by the Swain County Board of Commissioners. Repeal of a tax levied under this act shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.~~

Sec. 2. Tourism Development Authority. – (a) Appointment and Membership. – When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control ~~Act and shall be composed of the following five members:~~

~~(1) Two tourist-oriented business members appointed by the Swain County Chamber of Commerce; and~~

~~(2) Three tourist-oriented business members appointed by the Swain County Board of Commissioners.~~

~~The Chamber shall designate one of its initial appointees to serve a two-year term and one to serve a three-year term. The board of commissioners shall designate one of its initial appointees to serve a one-year term, one to serve a two- year term, and one to serve a three-year term. Thereafter, all members shall serve three-year terms. Vacancies shall be filled by the appointing authority of the member who created the vacancy. Members appointed to fill vacancies shall serve the remainder of the unexpired term for which they are appointed to fill.~~

~~The members of the Authority shall elect from its membership a chairman.~~Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be

individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the ~~chairman~~ chair and shall adopt rules of procedure to govern its meetings. The finance officer of Swain County shall ~~serve~~ be the ex officio ~~as the~~ finance officer of the Authority.

(b) Duties. – The Authority shall ~~promote travel, tourism, and conventions in Swain County.~~ expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in Swain County, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

(c) ~~Report.~~ Reports. – The Authority shall report quarterly and at the close of the fiscal year to the board of county commissioners on its receipts and ~~disbursements~~ expenditures for the preceding quarter and for the year in such detail as the board may require.

Sec. 3. This act is effective upon ratification."

SECTION 2. This act is effective when it becomes law. The Board of Commissioners has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with this act.

SENATE BILL 336:
Occupancy Tax Modifications for Swain County

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 12, 2007
Introduced by:	Sen. Snow	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S336-CSSVx-2		Committee Counsel

SUMMARY: ***Senate Bill 336 authorizes Swain County to levy an additional 1% room occupancy tax. It also makes administrative changes to the existing occupancy tax legislation so that it conforms to all the occupancy tax guidelines adhered to by the North Carolina Travel and Tourism Coalition and the House Finance Committee.*** ***The Proposed Committee Substitute makes technical and stylistic changes only.***

CURRENT LAW: In 1985, the General Assembly authorized Swain County to levy a 3% room occupancy tax. Currently, the proceeds are remitted to the Swain County Tourism Development Authority, which is required to spend the proceeds to further the development of travel, tourism, and conventions in the county through state, national, and international advertising and promotion. Up to twenty-five (25%) of the proceeds remitted to the TDA may be used for salaries, wages, and administrative expenses. The current TDA is composed of two tourist-oriented business members appointed by the Chamber of Commerce and three tourist-oriented business members appointed by the board of commissioners.

BILL ANALYSIS: Senate Bill 336 authorizes Swain County to levy an additional 1% room occupancy tax, for a total rate of up to 4%. The proceeds must be remitted to the county Tourism Development Authority (TDA), which must use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

EFFECTIVE DATE: This bill would become effective when it becomes law. The board of commissioners has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with the act.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE SWAIN COUNTY TO LEVY AN ADDITIONAL ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 923 of the 1985 Session Laws reads as rewritten:

"**Section 1.** Occupancy Tax. (a) Authorization and Scope. The Swain County Board of Commissioners may ~~by resolution, after not less than 10 days' public notice and after a public hearing held pursuant thereto,~~ levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or ~~similar~~ accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105- 164.4(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious ~~organizations.~~organizations when furnished in furtherance of their nonprofit purpose.

(a1) Authorization of additional tax. In addition to the tax authorized by subsection (a) of this section, the Swain County Board of Commissioners may levy an additional room occupancy tax of up to one percent (1%) of the gross receipts derived from the rental of accommodations taxable under subsection (a) of this section. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. Swain County may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead

of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

(c) Administration. ~~The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county finance officer in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals and sales upon which the tax is levied.~~

~~A return filed with the county finance officer under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.~~A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

~~(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due for each additional month or fraction thereof until the tax is paid.~~

~~Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both. The board of commissioners may, for good cause shown, compromise or forgive the penalties imposed by this subsection.~~

(e) Distribution and Use of Tax Revenue. Swain County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Swain Tourism Development Authority. The Authority ~~may spend funds remitted to it under this subsection only to further the development of travel, tourism, and conventions in the county through state, national, and international advertising and promotion. No more than twenty-five percent (25%) of the funds remitted to the Authority may be used for salaries, wages, and administrative expenses.~~shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Swain County and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) ~~As used in this subsection, "net proceeds" means gross~~Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance ~~officer.~~officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of Swain County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in the city or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures.

~~(f) Effective Date of Levy. A tax levied under this act shall become effective on the date specified in the resolution levying the tax. That date must be the first day of a calendar month, however, and may not be earlier than the first day of the second month after the date the resolution is adopted.~~

~~(g) Repeal. A tax levied under this act may be repealed by a resolution adopted by the Swain County Board of Commissioners. Repeal of a tax levied under this act shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.~~

"**Sec. 2.** Tourism Development Authority. (a) Appointment and Membership. When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a county Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control ~~Act and shall be composed of the following five members:~~

~~(1) Two tourist-oriented business members appointed by the Swain County Chamber of Commerce; and~~

~~(2) Three tourist-oriented business members appointed by the Swain County Board of Commissioners.~~

~~The Chamber shall designate one of its initial appointees to serve a two-year term and one to serve a three-year term. The board of commissioners shall designate one of its initial appointees to serve a one-year term, one to serve a two-year term, and one to serve a three-year term. Thereafter, all members shall serve three-year terms. Vacancies shall be filled by the appointing authority of the member who created the vacancy. Members appointed to fill vacancies shall serve the remainder of the unexpired term for which they are appointed to fill.~~

~~The members of the Authority shall elect from its membership a chairman.~~Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The board of commissioners shall designate one member of the Authority as

chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the ~~chairman~~ chair and shall adopt rules of procedure to govern its meetings. The finance officer of Swain County shall ~~serve~~ be the ex officio ~~as the~~ finance officer of the Authority.

(b) Duties. The Authority shall ~~promote travel, tourism, and conventions in Swain County.~~ expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in Swain County, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

(c) Report. The Authority shall report quarterly and at the close of the fiscal year to the board of county commissioners on its receipts and ~~disbursements~~ expenditures for the preceding quarter and for the year in such detail as the board may require.

"**Sec. 3.** This act is effective upon ratification."

SECTION 2. This act is effective when it becomes law. The Board of Commissioners has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with this act.

GENERAL ASSEMBLY OF NORTH CAROLINA

SENATE BILL 398*

Short Title:	Norwood Satellite Annexations.	(Local)
Sponsors:	Senator Purcell.	
Referred to:	Finance.	

February 28, 2007

A BILL TO BE ENTITLED

AN ACT MODIFYING THE STANDARDS FOR SATELLITE ANNEXATIONS FOR THE TOWN OF NORWOOD.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ~~ten percent (10%)~~ twenty-five percent (25%) of the area within the primary corporate limits of the annexing city.

..."

SECTION 2. This act applies to the Town of Norwood only.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 398:
Norwood Satellite Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 12, 2007
Introduced by:	Sen. Purcell	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 220 would modify for the Town of Norwood only the requirement limiting the area of a city's satellite annexations from 10% to 25%.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: Senate Bill 398 would permanently modify for the Town of Norwood the 5th requirement for satellite annexation, which requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city. This bill would change the requirement so that the proposed area for annexation may not exceed 25% of the area within the primary corporate limits of the annexing city.

The Town currently knows of or anticipates at least three requests for annexation in the near future which, if all annexed, would exceed the 10% limit: (1) a large residential development; (2) a single residential tract owned by one property owner; (3) a biotech energy plant.

The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself may easily exceed the 10% limit. Because of this, the General Assembly has exempted over 70 cities

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

and towns entirely from this 10% rule by local act. For an additional 18 municipalities, the limit has been increased from 10% to 20%.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE BILL 432:
Greensboro Deannexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 14, 2007
Introduced by:	Sen. Hagan	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 432 is a local bill that de-annexes seven (7) described tracts from the corporate limits of the City of Greensboro. The act is effective when it becomes law.

CURRENT LAW: While a city or town has statutory authority to annex property, either voluntarily or involuntarily depending upon certain circumstances, there is no statutory authority to de-annex property. Deannexation requires an act of the General Assembly.

BILL ANALYSIS: Senate Bill 432 de-annexes seven (7) described tracts from the corporate limits of the City of Greensboro.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Piedmont Triad Airport Authority (PTTA or Authority) owns and operates the Piedmont Triad International Airport. The PTTA's philosophy is that the airport is a regional airport that services the Triad. Essential to the maintenance of the airport's regional quality according to PTTA, is adherence to its philosophy that no property owned by PTTA and contributing to the operations of the airport be included in any municipal district.

The PTTA has recently purchased some land that will be utilized to expand the airport's operations. Some of that land is in the City of Greensboro's corporate limits and its location is not in accordance with the Authority's philosophy.

Both the City of Greensboro and the PTTA have adopted Resolutions in agreement for removal of the described tracts from the City's corporate limits. There is no cost to the State.

SENATE BILL 439*

Short Title:	Extend Magnolia ETJ.	(Local)
Sponsors:	Senator Albertson.	
Referred to:	Finance.	

March 1, 2007

A BILL TO BE ENTITLED

AN ACT EXTENDING THE EXTRATERRITORIAL JURISDICTION OF THE TOWN OF MAGNOLIA.

The General Assembly of North Carolina enacts:

SECTION 1. In addition to the authority provided in G.S. 160A-360, the Town of Magnolia may exercise the powers granted in Article 19 of Chapter 160A of the General Statutes in an area beginning at the Town corporate limits at State Highway 903 North, extending one-half mile on each side of the centerline of State Highway 903 to the Interstate Highway 40 southern right-of-way boundary, and extending one-half mile on each side of the center line of State Highway 903 and State Highway 24 from the Interstate Highway 40 southern right-of-way to the midpoint of State Secondary Road 1923 and State Secondary Road 2029 northeast of Interstate Highway 40.

SECTION 2. This act applies to the Town of Magnolia only.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 439:
Extend Magnolia ETJ

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 14, 2007
Introduced by:	Sen. Albertson	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 439 is a local bill that expands the extraterritorial jurisdiction authority of the Town of Magnolia.

[As introduced, this bill was identical to H407, as introduced by Rep. Tucker, which is currently in House Local Government I.]

CURRENT LAW: Municipalities have the statutory authority to regulate land-use within their corporate limits and within an area one-mile beyond their municipal boundaries. The area outside the municipal limits, but under the municipality's planning authority, is called the extraterritorial land-use planning jurisdiction (ETJ). Land use regulation may take the form of zoning, subdivision regulation, minimum housing codes, and regulations governing open spaces and community appearance.

Counties have authority to regulate land-use only over the parts of the county not subject to city planning. However, if a city does not adopt an ordinance specifying the boundaries of its ETJ, then the county may exercise its planning jurisdiction over an area even if the area is within one mile of a municipality's corporate boundaries. If the county is already enforcing planning regulations, zoning regulations, and the State building code in that one-mile area, then a municipality may only exercise its ETJ authority in the one-mile area with the county's permission.

With the approval of the county commissioners, a city with a population between 10,000 and 25,000 may extend its extraterritorial land-use planning jurisdiction to two miles beyond its corporate limits; a city with a population of 25,000 or more may extend its extraterritorial land-use planning jurisdiction to three miles beyond its corporate limits.

BILL ANALYSIS: In 2000, the population of Magnolia was approximately 956. Therefore, under general law, the size of the town prohibits the county commissioners from extending the ETJ of the town beyond the one-mile radius. This local law accomplishes what cannot be accomplished under general law. Senate Bill 439 expands the ETJ of the Town of Magnolia to include the area in and around the I-40 interchange, as described in the bill.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: This bill would extend Magnolia's ETJ one mile beyond the Magnolia I-40 interchange and one-half mile each side of NC 903 from the Town's present ETJ limits The Town of Magnolia will be addressing sewer services for some new businesses for Exit 373—a convenience store, a Burger King, and a motel. The Town would like to be able to plan proper development of this interchange since Duplin County has not implemented a zoning ordinance.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 442

Short Title:	Caswell County Occupancy Tax.	(Local)
Sponsors:	Senator Foriest.	
Referred to:	Finance.	

March 1, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CASWELL COUNTY TO LEVY A ROOM OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. – (a) Authorization and Scope. – The Board of Commissioners of Caswell County may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Definitions. – The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Caswell County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention

facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 1.(d) Distribution and Use of Tax Revenue. – Caswell County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Caswell County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Caswell County and shall use the remainder for tourism-related expenditures.

SECTION 2. Tourism Development Authority. – (a) Appointment and Membership. – When the Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Caswell County Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The Board of Commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Caswell County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Caswell County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the Board of Commissioners may require.

SECTION 3. Administrative provisions. – G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Caswell, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, Montgomery, Nash, New Hanover, New Hanover County District U, Pasquotank, Pender, Person, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 442:
Caswell County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 14, 2007
Introduced by:	Sen. Foriest	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: ***SUMMARY: Senate Bill 442 authorizes Caswell County to levy a 3% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.***

CURRENT LAW: Currently, Caswell County does not have authority to levy a room occupancy tax.

BILL ANALYSIS: Senate Bill 442 authorizes Caswell County to levy a room occupancy tax of up to 3%. The proceeds must be remitted to a county Tourism Development Authority (TDA), which must use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Caswell County

EFFECTIVE DATE: When bill becomes law

BILL SUMMARY: Senate Bill 442 authorizes Caswell County to levy a 3% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

ASSUMPTIONS AND METHODOLOGY:

Caswell County

The bill allows Caswell County to levy a 3% occupancy tax. According to the county manager for Caswell County, there is one motel in the county. The motel is located in Yanceyville and is expected to generate approximately $3,000 each year for Caswell County based on the proposed occupancy tax rate of 3% each for the county and the town. Applying the General Consumer Price Index rate of increase for future years provides the following revenue estimate:

Fiscal Year	Proposed 3% Tax	Each 1%
2006-07	$3,133	$1,044
2007-08	$3,231	$1,077
2008-09	$3,305	$1,102
2009-10	$3,381	$1,127
2010-11	$3,459	$1,153

Barker, in the line of Wells. J. Barker; thence N 58° 39' 44" W 1000.67 feet to an iron stake corner with Wells J. Barker; thence N 03° 08' 12" W 50.00 feet to an iron stake in the center of an abandoned railroad track; thence S 86° 57' 28" W 705.17 feet to an iron stake in the center of the abandoned railroad track; thence N 07° 58' 45" W 83.05 feet to a point on the edge of the Dan River; thence with the edge of the Dan River the following nine courses and distances, S 82° 31' 25" E 225.30 feet, N 83° 37' 39" E 239.13 feet, N 78° 58' 03" E 400.54 feet, N 64° 13' 28" E 432.60 feet, N 53° 07' 53" E 297.30 feet, N 50° 42' 40" E 247.78 feet, N 30° 00' 23" E 269.07 feet, N 33° 01' 42" E 114.19 feet, N 17° 29' 23" E 95.32 feet to a point on the edge of the Dan River in the center of a drainageway; thence S 81° 26' 16" E 88.33 feet to a point in the center of a drainageway; thence N 75° 44' 23" E 40.46 feet to a point in the center of a drainageway; thence S 62° 02' 31" E 65.00 feet to a point in the center of a drainageway; thence S 80° 57' 30" E 57.79 feet to a point in the center of the drainageway; thence S 23° 39' 48" E 30.89 feet to an iron stake in the center of an abandoned railroad track; thence S 55° 45' 26" W 107.42 feet to an iron stake in the center of an abandoned railroad track; thence S 52° 21' 41" W 338.13 feet to an iron stake in the center of an abandoned railroad track; thence S 38° 33' 21" W 377.53 feet to

an iron stake in the center of an abandoned railroad track; thence S 55° 39' 41" E 531.52 feet to a corner with David L. Barker in the center of a branch; thence S 34° 53' 30" W 38.63 feet to a point in the center of a branch; thence S 13° 20' 27" E 62.74 feet to a point in the center of a branch; thence S 39° 08' 15" W 128.92 feet to a point in the center of a branch; thence S 01° 02' 47" W 57.10 feet to a point in the center of a branch; thence S 19° 32' 06" E 51.77 feet to a point in the center of a branch; thence S 12° 20' 40" W 38.09 feet to a point in the center of a branch; thence S 20° 33' 09" W 40.00 feet to a point in the center of a branch; thence S 25° 16' 07" W 40.00 feet to a point in the center of the branch; thence S 01° 53' 45" E 82.32 feet to an iron stake, corner with David L. Barker; thence S 29° 12' 47" E 573.37 feet to an iron stake, corner with David L. Barker; thence S 58° 39' 44" E 400.00 feet to a point in the center of N.C. Highway 62, a corner with David L. Barker; thence S 27° 23' 43" W 60.14 feet to the point and place of BEGINNING and containing 21.718 acres more or less and 0.034 square miles more or less."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 443:
Yanceyville Annexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 14, 2007
Introduced by:	Sen. Foriest	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 443 is a local bill that would annex certain described property to the corporate limits of the Town of Yanceyville.

CURRENT LAW: North Carolina law sets forth four (4) basic ways in which a town or city may annex an area.

1. **Voluntary Annexation**. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation. Part 1 of Article 4 of Chapter 160A.
2. **Legislative Act**. The General Assembly has the authority to extend the boundaries of any town or city. This method is most helpful to a town or city trying to annex an area that they could not otherwise.
3. **Satellite Annexation**. This method allows a town or city to annex certain non-contiguous areas meeting the statutory standards into the town or city limits. Part 4 of Article 4 of Chapter 160A.
4. **Non-voluntary Annexation**. The town or city brings into the corporate limits an area that has not voluntarily agreed to be annexed. Parts 2 and 3 of Article 4 of Chapter 160A.

BILL ANALYSIS: House Bill 2604 would annex a specifically described tract of land into the existing corporate limits of the Town of Yanceyville, containing 21.719 acres, more or less.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: This legislation will allow the satellite annexation of the Dan River Water Intake Facility site, a public water facility owned in fee simple by the Town of Yanceyville, and slated for operation by the Town of Yanceyville. Since the Town will be required to police, protect and safeguard the water intake facility, it is imperative that the site be zoned and subject to the police power of the Town of Yanceyville. The Town of Yanceyville considers this legislation to be vital to protect future land development and the purity and safety of a future water supply source. The bill has the unanimous support of the Yanceyville Town Council.

SENATE BILL 465
PROPOSED COMMITTEE SUBSTITUTE S465-CSSVx-3 [v.1]

3/12/2007 9:51:38 PM

Short Title: Amend Carteret County Occupancy Tax. (Local)

Sponsors:

Referred to:

March 5, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DEADLINE FOR THE DEVELOPMENT OF A CONVENTION CENTER PLAN FOR CARTERET COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 4(b) of S.L. 2001-381 reads as rewritten:

"**SECTION 4.(b)** If the conditions in subdivisions (1) and (2) of Section 5 of this act are not met, or the additional occupancy tax authorized by Section 5 is not levied, or the additional occupancy tax authorized by Section 5 sunsets as provided in Section 5, this section becomes effective ~~July 1, 2010.~~July 1, 2014. Otherwise, this section does not go into effect."

SECTION 2. Section 5 of S.L. 2001-381, as amended by S.L. 2005-120 and S.L. 2005-435, reads as rewritten:

"**SECTION 5.** Additional occupancy tax. – In addition to the occupancy tax authorized by Section 2 of this act, the Board of Commissioners of Carteret County may levy an additional room occupancy and tourism development tax of one percent (1%) of the gross receipts derived from the rental of accommodations taxable under Section 2 of this act if the following conditions have been met:

(1) A development plan for the construction of a convention center has been approved by resolution of the board of county commissioners and the governing board of the municipality where the center is to be located by June 30, ~~2008;~~ 2010; and

(2) There is a signed contract between the appropriate local governments and a private developer that includes financing commitments for construction to begin no later than July 1, ~~2009.~~2011.

The tax authorized by this section may not become effective earlier than July 1, ~~2008.~~ 2010. The county may not levy a tax under this section unless it also levies the tax under Section 2 of this act. The levy, collection, administration, and repeal of the tax authorized by this section shall be in accordance with Section 2 of this act.

If the conditions in subdivisions (1) and (2) of this section have been met and the one-cent (1¢) room occupancy tax described in this section is levied, the county's authority to levy the one-cent (1¢) tax is repealed on the first day of the second month following the date that a cumulative total of ten million dollars ($10,000,000) in proceeds from this one-cent (1¢) tax has been collected. For purposes of this section, the cumulative total of ten million dollars ($10,000,000) is calculated beginning on July 1, ~~2008.~~2010.

Surplus proceeds from the one-cent (1¢) room occupancy tax described in this section beyond the ten million dollar ($10,000,000) cumulative total that are collected before the repeal date shall be redistributed to the Tourism Development Authority and used only to promote travel and tourism.

If the actual cost of the convention center is less than ten million dollars ($10,000,000), any proceeds from the one-cent (1¢) occupancy tax collected but not spent shall be redistributed to the Tourism Development Authority and used to promote travel and tourism.

If construction on the convention center has not begun by July 1, ~~2009.~~ 2011, the county's authority to levy the one-cent (1¢) room occupancy tax described in this section is repealed on September 1, ~~2009.~~ 2011. Any funds collected before the repeal date shall be redistributed to the Tourism Development Authority and used only to promote travel and tourism."

SECTION 3. Section 6(b) of S.L. 2001-381, as amended by S.L. 2005-120 and S.L. 2005-435, reads as rewritten:

"**SECTION 6.(b)** If the conditions in subdivisions (1) and (2) of Section 5 of this act are met, and the additional occupancy tax authorized by Section 5 is levied, this section becomes effective the later of July 1, ~~2008,~~ 2010, or the effective date of the tax levied under Section 5 of this act. Otherwise, this section does not go into effect."

SECTION 4. Section 7(b) of S.L. 2001-381 reads as rewritten:

"**SECTION 7.(b)** If the conditions in subdivisions (1) and (2) of Section 5 of this act are met, and the additional occupancy tax authorized by Section 5 is levied, Section 7 of this act becomes effective ~~July 1, 2010.~~July 1, 2014. Otherwise, this section does not go into effect."

SECTION 5. This act is effective when it becomes law.

SENATE BILL 465:
Amend Carteret County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 12, 2007
Introduced by:	Sen. Preston	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S465-CSSVx-3		Committee Counsel

SUMMARY: Senate Bill 465 amends the Carteret County occupancy tax legislation by extending the period of time allowed for the Board to develop a plan and sign a contract for the construction of a convention center, which is a condition of its authority to levy an additional 1% occupancy tax.

CURRENT LAW: Currently, Carteret County has the authority to levy a five percent (5%) occupancy tax. Fifty percent (50%) of the proceeds is remitted to the TDA and used to promote travel and tourism and the remaining fifty percent (50%) is used for beach nourishment.

Authority to Levy Additional 1% Occupancy Tax

Beginning with tax collections on and after July 1, 2008, the county is authorized to levy an additional 1% occupancy tax, and collect up to a maximum of $10 million dollars, only if the following conditions are met:

1. A development plan for the construction of a convention center has been approved by resolution of the county board and the board of the municipality where the center is to be located by June 30, 2008; and
2. There is a signed contract between the appropriate local governments and a private developer that includes financing commitments for construction to begin no later than July 1, 2009.

If construction does not begin by July 1, 2009, the tax will be repealed and any funds collected for this purpose prior to the repeal date will be redistributed to the TDA to promote travel and tourism. In addition, if there are surplus proceeds beyond the $10 million collected before the repeal date, those proceeds shall be redistributed to the TDA, and if the convention center costs less than $10 million, the funds collected but not spent shall be redistributed to the TDA.

Use of Proceeds Until 2010

If the above conditions are met and the additional 1% tax is levied, the proceeds are to be distributed as follows:

First 50% (3¢) for Tourism Promotion. – The first 3¢ would be remitted to the Carteret County Tourism Development Authority (TDA). The TDA must use all of the net proceeds to promote travel and tourism in Carteret County. The TDA's administrative expenses are limited to 10% and may not include operating visitors' centers.

Next 2.5¢ for Beach Nourishment. – The next 2.5¢ would be used for beach nourishment on Bogue Banks.

Next .05¢ for Convention Center. – The next .05¢ would be used for the financing of debt service, operating costs, or both associated with the construction of a new convention center in Carteret County.

Use of Proceeds Beginning in 2010

If the additional 1% tax is not levied, then beginning in 2010, the first 3¢ of the tax would be used for tourism promotion and the remaining 2¢ would be used for beach nourishment. Otherwise, the 6% tax would be used as follows:

First 50% (3¢) for Tourism Promotion. – The first 3¢ would be remitted to the Carteret County Tourism Development Authority (TDA). The TDA must use all of the net proceeds to promote travel and tourism in Carteret County. The TDA's administrative expenses are limited to 10% and may not include operating visitors' centers.

Next 2¢ for Beach Nourishment. – The next 2¢ would be used for beach nourishment on Bogue Banks under the same conditions as described above.

Next 1¢ for Convention Center. – The next 1¢ would be used for the financing of debt service, operating costs, or both associated with the construction of a new convention center in Carteret County.

BILL ANALYSIS: Senate Bill 465 does not authorize any additional tax for Carteret County, but it allows the county more time to meet the two conditions required in order for it to levy the additional one percent (1%) occupancy tax. Specifically, the bill extends by two years: (1) the time allowed for developing a plan for a convention center, (2) the time to execute a contract between the local government and a developer to begin construction, (3) the date the one percent (1%) may be imposed, (4) the date to begin calculating the total amount of money to be collected from the one percent (1%) tax, and (5) the date of repeal of the tax if the Board does not act.

The Proposed Committee Substitute makes a conforming change to the date on which the distribution formula changes. As originally enacted, the legislation provided a certain distribution formula for the occupancy tax proceeds for an initial four-year period with the formula changing after those four years. An alternate distribution formula, which was also to change after four years, was provided if the additional 1% was not levied. When the legislation was amended in 2005 to extend the deadlines regarding plans for a convention center, corresponding changes were not made to the dates on which the distribution formulas were to change. Sections 1 and 4 of the bill make this change.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: In 2001, the General Assembly enacted legislation completely rewriting Carteret County's occupancy tax legislation. Among other things, the act provided for an additional 1% occupancy tax contingent upon a development plan for the construction of a civic center being in place by June 30, 2006. In 2005, the General Assembly extended the deadline to June 30, 2008.

SENATE BILL 465

Short Title:	Amend Carteret County Occupancy Tax.	(Local)
Sponsors:	Senator Preston.	
Referred to:	Finance.	

March 5, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DEADLINE FOR THE DEVELOPMENT OF A CONVENTION CENTER PLAN FOR CARTERET COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 5 of S.L. 2001-381, as amended by S.L. 2005-120 and S.L. 2005-435, reads as rewritten:

"**SECTION 5.** Additional occupancy tax. – In addition to the occupancy tax authorized by Section 2 of this act, the Board of Commissioners of Carteret County may levy an additional room occupancy and tourism development tax of one percent (1%) of the gross receipts derived from the rental of accommodations taxable under Section 2 of this act if the following conditions have been met:

(1) A development plan for the construction of a convention center has been approved by resolution of the board of county commissioners and the governing board of the municipality where the center is to be located by June 30, ~~2008;~~ 2010; and

(2) There is a signed contract between the appropriate local governments and a private developer that includes financing commitments for construction to begin no later than July 1, ~~2009.~~2011.

The tax authorized by this section may not become effective earlier than July 1, ~~2008.~~ 2010. The county may not levy a tax under this section unless it also levies the tax under Section 2 of this act. The levy, collection, administration, and repeal of the tax authorized by this section shall be in accordance with Section 2 of this act.

If the conditions in subdivisions (1) and (2) of this section have been met and the one-cent (1¢) room occupancy tax described in this section is levied, the county's authority to levy the one-cent (1¢) tax is repealed on the first day of the second month following the date that a cumulative total of ten million dollars ($10,000,000) in proceeds from this one-cent (1¢) tax has been collected. For purposes of this section, the cumulative total of ten million dollars ($10,000,000) is calculated beginning on July 1, ~~2008.~~2010.

Surplus proceeds from the one-cent (1¢) room occupancy tax described in this section beyond the ten million dollar ($10,000,000) cumulative total that are collected before the repeal date shall be redistributed to the Tourism Development Authority and used only to promote travel and tourism.

If the actual cost of the convention center is less than ten million dollars ($10,000,000), any proceeds from the one-cent (1¢) occupancy tax collected but not spent shall be redistributed to the Tourism Development Authority and used to promote travel and tourism.

If construction on the convention center has not begun by July 1, ~~2009.~~ 2011, the county's authority to levy the one-cent (1¢) room occupancy tax described in this section is repealed on September 1, ~~2009.~~ 2011. Any funds collected before the repeal date shall be redistributed to the Tourism Development Authority and used only to promote travel and tourism."

SECTION 2. Section 6(b) of S.L. 2001-381, as amended by S.L. 2005-120 and S.L. 2005-435, reads as rewritten:

"**SECTION 6.(b)** If the conditions in subdivisions (1) and (2) of Section 5 of this act are met, and the additional occupancy tax authorized by Section 5 is levied, this section becomes effective the later of July 1, ~~2008.~~ 2010, or the effective date of the tax levied under Section 5 of this act. Otherwise, this section does not go into effect."

SECTION 3. This act is effective when it becomes law.

EXPENDITURES:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Carteret County

EFFECTIVE DATE: Becomes effective when law.

BILL SUMMARY:
Senate Bill 465 amends the Carteret County occupancy tax legislation by extending the period of time allowed for the Board to develop a plan and sign a contract for the construction of a convention center, which is a condition of its authority to levy an additional 1% occupancy tax.

ASSUMPTIONS AND METHODOLOGY:
This bill authorizes additional time for Carteret County to meet requirements for levying an additional 1% occupancy tax; the county currently levies a 5% occupancy tax. Specifically, the bill extends by two years: (1) the time allowed for developing a plan for a convention center, (2) the time to execute a contract between the local government and a developer to begin construction, (3) the date the one percent (1%) may be imposed, (4) the date to begin calculating the total amount of money to be collected from the one percent (1%) tax, and (5) the date of repeal of the tax if the Board does not act.

The bill does not authorize any additional occupancy tax, however, if the additional time allowed for completion of specified requirements is utilized, occupancy tax revenues from the additional 1% tax would be delayed by as much as two (2) years. A 1% occupancy tax in Carteret County generates approximately $750,000 annually. Under current law, the county is authorized to levy the additional tax beginning July 1, 2008.

SENATE BILL 491

Short Title:	Morrisville Annexations.	(Local)
Sponsors:	Senator Cowell.	
Referred to:	Finance.	

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWN OF MORRISVILLE TO ANNEX CERTAIN PROPERTIES CURRENTLY TOTALLY SURROUNDED BY THE CORPORATE LIMITS.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the provisions of G.S. 160A-48, a municipality to which that section applies may adopt ordinances annexing property that, on February 15, 2007, was completely enclosed by the corporate limits of the municipality, if the ordinance makes a finding that the total acreage being annexed is less than five percent (5%) of the total acreage within the corporate limits of the municipality prior to the annexation and also either:

(1) Makes a finding based upon circumstances and evidence satisfactory to the municipality that the annexation is necessary for the orderly growth and development of the municipality; or

(2) Makes a finding based upon circumstances and evidence satisfactory to the municipality that the annexation improves the ability to provide public safety services.

SECTION 2. The procedure for recording any annexation under this act is as provided in G.S. 160A-51.

SECTION 3. Any annexation ordinance adopted under this act shall be adopted before December 31, 2017.

SECTION 4. This act applies only to the Town of Morrisville.

SECTION 5. This act is effective when it becomes law.

SENATE BILL 491:
Morrisville Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 14, 2007
Introduced by:	Sen. Cowell	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 491 is a local bill that authorizes the Town of Morrisville to annex certain property that is totally surrounded by the corporate limits without having to meet certain statutory requirements. This act is effective when it becomes law.

[As introduced, this bill was identical to H562, as introduced by Rep. T. Harrell, which is currently in House Local Government I .]

CURRENT LAW: To be annexed by a municipality, property must meet certain characteristics. One of the requirements concerns the location of the property in relationship to the municipality's existing corporate boundaries: the area proposed to be annexed must be adjacent or contiguous to the municipality's boundaries, at least 1/8 of the aggregate external boundaries of the area must coincide with the municipal boundary, and no part of the area may be included within the boundary of another incorporated municipality.

In addition to the requirements concerning location of the area in relation to the municipality's existing boundaries, the area must also be "developed for urban purposes" by meeting one of several standards concerning population, density, and development.

BILL ANALYSIS:

Senate Bill 491 would authorize the annexation of an area currently surrounded by the existing city limits of Morrisville without having to meet the statutory requirements described above. The Town may adopt ordinances annexing property that, on February 15, 2007, was completely enclosed by the corporate limits of the municipality, if the ordinance makes a finding that the total acreage being annexed is less than five percent (5%) of the total acreage within the corporate limits of the municipality prior to the annexation and also either:

- Makes a finding based upon circumstances and evidence satisfactory to the municipality that the annexation is necessary for the orderly growth and development of the municipality; or
- Makes a finding based upon circumstances and evidence satisfactory to the municipality that the annexation improves the ability to provide public safety services.
- Adopts the annexation ordinance before December 31, 2017.

EFFECTIVE DATE: This act is effective when it becomes law.

S0491e1-SMRE

Date: 14 MAR 07

To: Senate Committee on Finance

From: Town of Morrisville Board of Commissioners

Subject: Request for Local Act Granting the Town of Morrisville Special Annexation Authority to Annex Isolated Unincorporated Properties (S491)

Recent changes to the annexation statutes have more narrowly focused local annexation authority. These legislative changes together with heavy reliance on property owner initiated annexation (voluntary) have created islands of property being completely surrounded by incorporated municipal boundary. These property owners benefit directly from many municipal services without carrying the burden of the cost of providing these services. For example, a single home on a street within the heart of the town is directly benefited by street lights, police patrol and response, storm water management, and litter control. These are all services provided solely by the town's property owner tax payers. We believe that the legislature expects that North Carolina citizens and their property be protected and their needs provided for within a structure of fair cost sharing.

We recognize that North Carolina local governments are created by the state and we derive all our powers by delegation from the state. In the tradition of being a Dillon's rule state the legislature attempts to narrowly construct the scope of local authority. Changes in the annexation statutes continue to narrow the scope of local annexation authority.

Certainly the Senate Committee on Finance consists of members representing the full range of legislators who support providing narrow annexation authority to broad annexation authority. The legislature, in response to many competing positions, have carefully sought a collective compromise attempting to meet the requests from those opposed to annexation yet permit cities and towns to control certain aspects of urban growth via judicial use of their annexation authority.

In Morrisville, the result of narrowly defining local authority has resulted in 28 areas of isolated unincorporated properties that are completely surrounded by Morrisville's municipal boundary. Within these 28 areas there are 69 lots ranging in size from .02 acres (871 square feet) to 74 acres (see map). Two of the areas have 12 lots each and there are 15 single lot areas. Of the 19 structures nine are owner occupied properties, two are owned by non-residents, four are tenant occupied locally owned, and four are vacant. There are 49 undeveloped lots.

By local act the legislature can delegate a narrowly focused authority for the town to consider annexing these 69 properties. The authority would sunset in ten years but would permit the town to annex the properties provided the area being annexed is completely surrounded by Morrisville incorporated boundary. The current statutory tests to demonstrate areas being qualified and considered for annexation as being developed for

urban purposes narrowly addresses population density and/or subdivision and development. Within the statutory limitations these 28 areas cannot ever qualify for town initiated annexation. Yet, the property owners directly benefit from town provided services that other property owners are providing the resources for these services.

Examples:

Area 07-08
Lots: 1
Acreage: .11 (4,792 square feet)
Owner: Carter and Associates, Tampa, Florida
Description: Undeveloped irregular shaped land-locked lot left over from development and plating
Value: $1,650
Wake County Property Tax: $10.46
Wake County Fire District Property Tax: $1.65
Total pre-annexation tax: $12.11
Morrisville Performa Property Tax: $7.72
Total post-annexation tax (add Morrisville and deduct Fire District): $18.18
Tax increase: $6.07

Area 07-04
Lots: 2
First lot:
Acreage: .35 (15,246 square feet)
Owner: Cora Currie, Durham
Description: Undeveloped rectangular shaped at the corner of NC 54 and Lichtin Boulevard.
Value: $15,000
Wake County Property Tax: $95.10
Wake County Fire District Property Tax: $15.00
Total pre-annexation tax: $110.10
Morrisville Performa Property Tax: $70.16
Total post-annexation tax (add Morrisville and deduct Fire District): $165.26
Tax increase: $56.16

Second lot:
Acreage: .22 (9,583 square feet)
Owner: Duke Realty, Morrisville
Description: Undeveloped rectangular shaped at the corner of NC 54 and Lichtin Boulevard.
Value: $3,833
Wake County Property Tax: $24.30
Wake County Fire District Property Tax: $3.83
Total pre-annexation tax: $28.13
Morrisville Performa Property Tax: $17.93

Total post-annexation tax (add Morrisville and deduct Fire District): $42.23
Tax increase: $14.10

Area 07-20
Lots: 1
Acreage: .53 (23,087 square feet)
Owner: Tony and Terry Barber, Morrisville
Description: Lot with Single-Family Detached home on NC 54 south of Airport Boulevard occupied by owner
Value: $69,603
Per Property Vehicle Value: $1,840
Wake County Property Tax: $441.28
Wake County Fire District Property Tax: $69.60
Wake County Personal Property Tax: $12.95
Total pre-annexation tax: $523.83
Morrisville Performa Property Tax: $325.53
Morrisville Performa Personal Property Tax: $8.61
Morrisville Performa Vehicle Tags Fee: $10.00
Total post-annexation tax (add Morrisville and deduct Fire District): $798.37
Tax increase: $274.54

Summary of Areas to be Considered for Annexation

69 Lots
28 Areas

Smallest Area: Area 12: 1 lot at .02 acres (871.2 square feet)
Largest Area: Area 16: 12 lots at 172.97 acres

Smallest Lot: Area 12: 1 lot at .02 acres (871.2 square feet)
Largest Lot: Area 16, Lot 31 at 74.05 acres

Highest property value (single lot): Area 16, Lot 31 at $1,641,630
Lowest property value (single lot): Area 12, Lot 20 at $150
Total property value (all lots and areas): $6,280,378

Number of lots one acre or less: 40

Number of occupied homes: 13
Areas with occupied homes: 6

Authority to sunset after 10 years

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 496

Short Title:	Perquimans County Occupancy Tax.	(Local)
Sponsors:	Senator Jones.	
Referred to:	Finance.	

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE PERQUIMANS COUNTY TO LEVY A ROOM OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. – (a) Authorization and Scope. – The Board of Commissioners of Perquimans County may levy a room occupancy tax of up to six percent (6%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Definitions. – The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Perquimans County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or

convention facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 1.(d) Distribution and Use of Tax Revenue. – Perquimans County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Perquimans County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Perquimans County and shall use the remainder for tourism-related expenditures.

SECTION 2. Tourism Development Authority. – (a) Appointment and Membership. – When the Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Perquimans County Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The Board of Commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Perquimans County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Perquimans County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the Board of Commissioners may require.

SECTION 3. Administrative provisions. – G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, Montgomery, Nash, New Hanover, New Hanover County District U, Pasquotank, Pender, Perquimans, Person, Randolph, Richmond, Rockingham, Rowan, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 496:
Perquimans County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 12, 2007
Introduced by:	Sen. Jones	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 496 authorizes Perquimans County to levy a 6% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

CURRENT LAW: Currently, Perquimans County does not have authority to levy a room occupancy tax.

BILL ANALYSIS: Senate Bill 496 authorizes Perquimans County to levy a room occupancy tax of up to 6%. The proceeds must be remitted to a county Tourism Development Authority (TDA), which must use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

EXPENDITURES:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Perquimans County

EFFECTIVE DATE: When bill becomes law

BILL SUMMARY: Senate Bill 496 authorizes Perquimans County to levy a 6% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

ASSUMPTIONS AND METHODOLOGY:

County officials were unavailable to provide estimates for this analysis. According to the economic census there is one motel in the county. Assuming that there are 35 rooms, an average occupancy of 60% and an average room rate of $60 a night we determined the base estimate. The figure was then grown using consumer price index estimates from Moody's to give this revenue stream:

Fiscal Year	Proposed 6% Tax	Each 1%
2007-08	$27,594	$9,198
2008-09	$28,173	$9,391
2009-10	$28,765	$9,588
2010-11	$29,398	$9,799
2011-12	$30,074	$10,025

SENATE FINANCE COMMITTEE
Wednesday, March 21, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, March 21, 2007, in room 544 of the Legislative Office Building. Twenty-six members of the committee were present. Senator Dan Clodfelter presided. Chauncey Feinster and Steven Horne of Gastonia served as pages.

S.B. 16 – Wheel Locks/Boiling Springs

Senator Dalton was recognized to explain the bill. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 224 – Ocean Isle Beach/Canal Dredging

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Soles was recognized to explain the proposed committee substitute. Senator Brown moved for a favorable report and the motion carried. A copy of the committee substitute, the bill and the summary is attached.

S.B. 382 – Sunset Beach Annexation

Senator Soles was recognized to explain the bill. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 570 Watha Satellite Annexations

Senator Soles explained the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 616 – River Bend Annexations

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Preston was recognized to explain the proposed committee substitute. Senators Dannelly and Stevens moved for a favorable report and the motion carried. A copy of the committee substitute, the bill and the summary is attached.

S.B. 624 – Gates/Delinquent Tax – Deny Building Permit

Senator Jones was recognized to explain the bill. Senator Hunt moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 645 – Sampson County Occupancy Tax

Senator Albertson was recognized to explain the bill. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 1:15 pm.

Senator Dan Clodfelter, Cochair

Senator David Hoyle, Cochair

Senator John Kerr, Cochair

SENATE FINANCE COMMITTEE
Wednesday, March 14, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, March 14, 2007, in room 544 of the Legislative Office Building. Twenty-two members of the committee were present. Senator John Kerr presided. Jessica Smith of Winterville and Amber Nead of Carteret County served as pages.

S.B. 432 – Greensboro Deannexation

Senator Hagan was recognized to explain the bill. Senator Hoyle moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 336 – Occupancy Tax Modifications for Swain County

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Snow was recognized to explain the proposed committee substitute. Senator Apodaca moved for a favorable report and the motion carried. A copy of the committee substitute, the bill and the summary are attached.

S.B. 220 – Roanoke Rapids/Weldon/Ahoskie Annexations

Senator Jones was recognized to explain the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 496 – Perquimans Occupancy Tax

Senator Jones explained the bill. Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 284 – Sanford Annexations

Senator Atwater was recognized to explain the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 398 – Norwood Satellite Annexations

Senator Purcell was recognized to explain the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 443 – Yanceyville Annexation

Senator Foriest was recognized to explain the bill. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 442 – Caswell County Occupancy Tax

Senator Foriest explained the bill. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill, the summary, and the fiscal note are attached.

S.B. 439 – Extend Magnolia ETJ

Senator Albertson was recognized to explain the bill. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

S.B. 465 – Amend Carteret County Occupancy Tax

Senator Hoyle moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Preston was recognized to explain the PCS. Senator Hoyle moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, the fiscal note, and the summary are attached.

S.B. 491 – Morrisville Annexations

Senator Cowell was recognized to explain the bill. She recognized the Honorable Jan Faulkner, Mayor of Morrisville, and John Whitson, Morrisville Town Manager. They distributed an informational memo, spreadsheet and map outlining the bill's effects (attached). Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary are attached.

The meeting adjourned at 1:22 pm.

SENATE BILL 16

State & Local Government Committee Substitute Adopted 3/7/07

Short Title: Wheel Locks/Boiling Springs. (Local)

Sponsors:

Referred to:

February 12, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF BOILING SPRINGS TO USE WHEEL LOCKS TO ENFORCE PARKING REGULATIONS ON PROPERTY OWNED, LEASED, OR OCCUPIED BY THE TOWN.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3 of S.L. 2003-240 reads as rewritten:

"**SECTION 3.** Section 1 of this act applies to the Towns of Boiling Springs, ~~Carolina Beach~~ Carolina Beach, and Wrightsville Beach only."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 16:
Wheel Locks/Boiling Springs

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Dalton	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: ***Senate Bill 16 allows the Town of Boiling Springs council to adopt an ordinance permitting wheel locks on illegally parked vehicles for which there are three or more outstanding, unpaid, and overdue parking tickets issued on at least three separate days. The Proposed Committee Substitute (PCS) to the First Edition of SB 16, correcting the bill long title and making a technical change, received a favorable report from Senate State & Local Government Committee on March 7, 2007.***

CURRENT LAW:

Section 1 of S.L. 2003-240 allows a council of a city to provide, by ordinance, for the use of wheel locks on illegally parked vehicles for which there are three or more outstanding, unpaid, and overdue parking tickets issued on at least three separate days. The ordinance must provide for notice or warning to be affixed to the vehicle, immobilization, towing, impoundment, appeal hearing, an immobilization fee not to exceed fifty dollars, and charges for towing and storage. It further provides that the city is not responsible for any damage to an immobilized illegally parked vehicle resulting from unauthorized attempts to free or move that vehicle.

Section 3 of S.L. 2003-240 provided that Section 1 of the act applied to the Towns of Carolina Beach and Wrightsvile Beach.

BILL ANALYSIS:

Senate Bill 16 amends Section 3 of S.L. 2003-240 to add the Town of Boiling Springs to other municipalities that are authorized to adopt a wheel lock ordinance in accordance with Section 1 of S.L. 2003-240.

This act is effective when it becomes law.

SENATE BILL 224
PROPOSED COMMITTEE SUBSTITUTE S224-CSSVf-5 [v.3]

3/21/2007 8:09:34 AM

Short Title: Beach Towns/Canal Dredging. (Local)

Sponsors:

Referred to:

February 21, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWNS OF OCEAN ISLE BEACH, EMERALD ISLE, AND HOLDEN BEACH TO SET CANAL DREDGING FEES BASED ON A PROPERTY OWNER'S FRONTAGE ABUTTING A DREDGING PROJECT.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3 of S.L. 2004-104 reads as rewritten:

"**SECTION 3.** Fees. – The fees imposed by the municipality may not exceed the cost of providing for the dredging of the canals within the municipality. The fees shall be imposed on owners of each dwelling unit or parcel of property that could or does benefit from water access through the canal system on the ~~island.~~ island and shall be made on the basis of one of the following:

(1) The frontage abutting the project at an equal rate per foot of frontage.

(2) Per unit or parcel of property."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 224:
Ocean Isle Beach/Canal Dredging

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Soles	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S224-CSSVf-5		Committee Counsel

SUMMARY: Senate Bill 224 modifies the authority of the Towns of Ocean Isle Beach, Emerald Isle, and Holden Beach to assess canal dredging fees using the same procedures as for making special assessments.

The Proposed Committee Substitute gives the towns the option of basing the fee amount either on a per unit or per parcel basis or based on frontage abutting the dredging project. It also corrects the long title to accurately reflect the fact that the bill applies to Ocean Isle, Emerald Isle, and Holden Beach.

CURRENT LAW: In 2004, the General Assembly authorized the Town of Ocean Isle Beach to create a fee-supported canal dredging district for properties that are contiguous to a canal within the town limits (S.L. 2004-104). In 2005, the General Assembly extended this same authority to the Towns of Emerald Isle (S.L. 2005-47) and Holden Beach (S.L. 2005-90). The legislation provided the following:

- The annual fee may not exceed the cost of providing for the dredging of canals, both natural and concrete.
- The fee would be imposed on owners of each dwelling unit or parcel of property that could or does benefit from water access through the canal system.
- The dredging fee may be included on the property tax bill and collected in the same manner as property taxes. The remedies for collection of taxes will also apply to the collection of these fees.
- The fees collected shall be placed in a separate fund to be used only to pay the bill for canal dredging.

This legislation was proposed to provide the means to remove the silt and sand that have flowed into the canals in the towns impeding the navigability of the canals. These canals provide water access from the Intracoastal Waterway to lots and rights-of-way within the towns' limits.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 224 would give Ocean Isle, Emerald Isle, and Holden Beach an option with regard to setting the annual fee amount to be assessed on owners of property who benefit from a canal dredging project. The fee amount would be determined based upon one of the following:

- The frontage abutting the project at an equal rate per foot of frontage.
- Per unit or parcel of property.

Under current law, the towns may base fees only on a per unit or per parcel basis. This bill offers an additional option based on frontage. The bill does not change the manner in which the fees are collected. The fees may be imposed annually, must be established by July 1 of each year, and are collected in the same manner as property tax.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The current legislation was patterned after fire fee district legislation. Under that type of legislation, fees are based on a per unit or per parcel basis. Ocean Isle has requested that it be able to set fees based on the frontage abutting the canal dredging project because it more fairly apportions the cost among the property owners. Thus, a property owner who owns two lots equaling 500 feet would pay less than a property owner with one lot measuring over 1,000 feet. This method of determining fees is similar to the basis for determining special assessments. However, Ocean Isle would like to continue collecting the fees in the same manner as it is currently collecting them and not under the procedures for special assessments.

Emerald Isle would like to retain the option of basing the fees on a per unit or per parcel basis. Since all three towns derive their fee authority for canal dredging projects from the same local act, the bill has been amended to provide both options for setting fees to all three towns.

distance of 304.01 feet to a point, thence North 34 degrees 02 minutes 59 seconds East for a distance of 168.11 feet to a point in western R/W of Seaside Rd., thence with R/W South 31 degrees 17 minutes 20 seconds East for a distance of 553.49 feet to a point, thence South 32 degrees 32 minutes 57 seconds East for a distance of 669.63 feet to a point, thence South 32 degrees 14 minutes 51 seconds East for a distance of 940.15 feet to a point, thence South 31 degrees 35 minutes 35 seconds East for a distance of 102.55 feet to a point, thence South 28 degrees 17 minutes 50 seconds East for a distance of 135.97 feet to a point, thence South 25 degrees 33 minutes 45 seconds West for a distance of 59.96 feet to the place and point of beginning, containing 529.72 acres, more or less.

This description is based on maps of record and is for annexation purposes only.

SECTION 2. This act becomes effective July 1, 2007.

SENATE BILL 382:
Sunset Beach/ Annexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Soles	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 382 would annex the Sandpiper Bay subdivision to the Town of Sunset Beach, effective July 1, 2007.

CURRENT LAW: North Carolina law sets forth four (4) basic ways in which a town or city may annex an area.

1. **Voluntary Annexation**. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation. Part 1 of Article 4 of Chapter 160A.
2. **Legislative Act**. The General Assembly has the authority to extend the boundaries of any town or city. This method is most helpful to a town or city trying to annex an area that they could not otherwise.
3. **Satellite Annexation**. This method allows a town or city to annex certain non-contiguous areas meeting the statutory standards into the town or city limits. Part 4 of Article 4 of Chapter 160A.
4. **Nonvoluntary Annexation**. The town or city brings into the corporate limits an area that has not voluntarily agreed to be annexed. Parts 2 and 3 of Article 4 of Chapter 160A.

BILL ANALYSIS: Senate Bill 382 would annex certain described property totaling approximately 530 acres into the Town of Sunset Beach. The property being annexed is Sandpiper Bay/Wyndfall Subdivision. According to the resolution requesting the legislation, the residents of the subdivision avail themselves of municipal, law enforcement, recreational, and cultural services provided by the town but do not share in the costs of these services. The area does not otherwise meet the requirements for nonvoluntary annexation under Part 2 of Article 4A of Chapter 160A.

EFFECTIVE DATE: This act becomes effective July 1, 2007.

SENATE BILL 570

Short Title:	Watha Satellite Annexations.	(Local)
Sponsors:	Senator Soles.	
Referred to:	Finance.	

March 7, 2007

A BILL TO BE ENTITLED

AN ACT CONCERNING SATELLITE ANNEXATIONS BY THE TOWN OF WATHA.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

This subdivision does not apply to the Cities of Claremont, Concord, Conover, Elizabeth City, Gastonia, Greenville, Hickory, Kannapolis, Locust, Marion, Mount Airy, Mount Holly, New Bern, Newton, Oxford, Randleman, Rockingham, Sanford, Salisbury, Southport, Statesville, and Washington and the Towns of Angier, Ayden, Benson, Bladenboro, Burgaw, Calabash, Catawba, Clayton, Columbia, Creswell, Dallas, Dobson, Fuquay-Varina, Garner, Godwin, Grimesland, Holly Ridge, Holly Springs, Kenly, Knightdale, Landis, Leland, Louisburg, Maggie Valley, Maiden, Mayodan, Midland, Mocksville, Morrisville, Pembroke, Pine Level, Princeton, Ranlo, Rolesville, Rutherfordton, Shallotte, Smithfield, Spencer, Stem, Stovall, Surf City, Swansboro, Taylorsville, Troy, Wallace, Warsaw, Watha, Waynesville, Wendell, Windsor, Yadkinville, and Zebulon."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 570:
Watha Satellite Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Soles	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 570 would exempt the Town of Watha from the requirement for satellite annexation that the area to be annexed, when added to the area within all other satellite corporate limits, does not exceed 10% of the area within the primary corporate limits of the annexing city.***

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: Senate Bill 570 would permanently exempt the Town of Watha from the 5th requirement, which requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city.

With the 10% limit in place, the Town may only annex a maximum of 64 acres to its primary corporate limits. As of February 5, 2007, the Town has already annexed 59 acres of satellite area. A number of landowners have requested voluntary satellite annexation and the Town would like to accommodate them.

The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself may easily exceed the 10% limit. Because of this, the General Assembly has exempted a significant number of cities and towns (over 70) from this 10% rule by local act.

EFFECTIVE DATE: This act is effective when it becomes law.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

SENATE BILL 624

Short Title:	Gates/Delinquent Tax - Deny Building Permit.	(Local)
Sponsors:	Senator Jones.	
Referred to:	Finance.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT PROVIDING THAT GATES COUNTY MAY PROHIBIT THE ISSUANCE OF A BUILDING PERMIT TO A DELINQUENT TAXPAYER.

The General Assembly of North Carolina enacts:

SECTION 1. Section 3(b) of S.L. 2005-433, as amended by Section 2 of S.L. 2006-150, reads as rewritten:

"**SECTION 3.(b)** This section applies to Davie, Gates, Greene, Lenoir, Lincoln, Iredell, Wayne, and Yadkin Counties only."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 624:
Gates/Delinquent Tax - Deny Building Permit

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Jones	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 624 adds Gates County to the list of counties that have the authority to pass an ordinance prohibiting the issuance of a building permit to a person who owes delinquent property taxes on property owned by the person. This act is effective when it becomes law.

CURRENT LAW: S.L. 2005-433, Sec. 3.(a), provides that a county may by ordinance provide that a building permit may not be issued to a person who owes delinquent property taxes on property owned by the person. The ordinance may provide that a building permit may be issued to a person protesting the assessment or collection of property taxes. This law is applicable to Davie, Greene, Lenoir, Lincoln, Iredell, Wayne, and Yadkin Counties.

BILL ANALYSIS: Senate Bill 624 adds Gates County to the counties that may by ordinance prohibit the issuance of a building permit to a person who owes delinquent property taxes.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The General Assembly has enacted legislation authorizing counties to pass an ordinance prohibiting the issuance of a building permit to a person who owes delinquent property taxes on property owned by the person as follows:

1)	Davie	S.L. 1991-194 S.L. 2006-150
2)	Greene	S.L. 2005-433
3)	Lenoir	S.L. 2005-433
4)	Lincoln	S.L. 2006-150
5)	Iredell	S.L. 2005-433
6)	Wayne	S.L. 2005-433
7)	Yadkin	S.L. 2005-433

SENATE BILL 616
PROPOSED COMMITTEE SUBSTITUTE S616-CSRBx-2 [v.1]

3/21/2007 12:22:14 PM

Short Title: River Bend Annexations/ETJ. (Local)

Sponsors:

Referred to:

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF RIVER BEND TO ANNEX AND EXERCISE EXTRATERRITORIAL JURISDICTION AS PROVIDED UNDER GENERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. Section VI of the Charter of the Town of River Bend, being that Charter approved by the Municipal Board of Control and filed with the Secretary of State on January 14, 1981, as enacted by Chapter 26 of the Session Laws of 1987, and as rewritten by Section 1 of S.L. 1997-363, is repealed.

SECTION 2. This act does not invalidate any action taken by the Town of River Bend under subsection (c) of Section VI of the Charter of the Town of River Bend before the effective date of the repeal of Section VI of the Charter, as enacted by Section 1 of this act.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 616:
River Bend Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Preston	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S616-CCSRBx-2		Committee Counsel

SUMMARY: Senate Bill 616 is a local bill that would restore the Town of River Bend's authority to annex property as provided under general law. The proposed committee substitute also removes the restrictions placed on the Town's extraterritorial jurisdiction (ETJ). This act is effective when it becomes law.

CURRENT LAW: The Town of River Bend's charter limits its ability to exercise extraterritorial jurisdiction and restricts its ability to annex property.

BILL ANALYSIS: Senate Bill 616 repeals Section VI of the Charter of the Town of River Bend. Subsections (a) and (b) of Section VI require the Town to hold a binding referendum on the issue of annexation if it receives a petition opposing the annexation signed by 25% of the registered voters who own real property in the area proposed to be annexed. The repeal of these subsections means that the general law regarding annexations would apply to the Town of River Bend. Under general law, a municipality must hold a public hearing concerning a proposed annexation and it must provide services to the newly annexed area. Subsection (c) of Section VI limits the Town's ETJ to two specifically described tracts of property. The repeal of this section means the general law regarding ETJ applies to the Town of River Bend. Under general law, a municipality may exercise its planning and zoning authority within a defined area extending not more than one mile beyond its limits. A municipality planning to exercise its ETJ must notify property owners of its plans and hold a public hearing prior to the adoption of any ordinance extending the area of ETJ.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: In 1987 the Charter of the Town of River Bend was amended to provide that the Town could not exercise any extraterritorial jurisdiction or powers. In 1997, the General Assembly restored this planning power to the Town of River Bend for a specifically described area. The legislation also restricted the Town's ability to make involuntary annexations.

Presently, the Town is working with Jones and Craven Counties and the Town of Pollocksville in an effort to establish a regional wastewater collection and treatment system that will solve a critical need to provide this service to an area where soil conditions will not support on-site treatment. Having this capability will permit development in undeveloped or underdeveloped portions of Craven and Jones Counties. Recognizing the need for planning and regulation of anticipated development, the Town is seeking the repeal of Section VI of the Town Charter. The River Bend Town Council unanimously adopted a Resolution in support of this measure on February 21, 2007.

Judy Collier, Research Assistant to the Senate Finance Committee, substantially contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 645

Short Title:	Sampson County Occupancy Tax.	(Local)
Sponsors:	Senator Albertson.	
Referred to:	Finance.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE SAMPSON COUNTY TO LEVY A ROOM OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Occupancy tax. – (a) Authorization and Scope. – The Board of Commissioners of Sampson County may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. The penalties provided in G.S. 153A-155 apply to a tax levied under this section.

SECTION 1.(c) Definitions. – The following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the county of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Sampson County Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention

facilities in the county or to attract tourists or business travelers to the county. The term includes tourism-related capital expenditures.

SECTION 1.(d) Distribution and Use of Tax Revenue. – Sampson County shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Sampson County Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Sampson County and shall use the remainder for tourism-related expenditures.

SECTION 2. Tourism Development Authority. – (a) Appointment and Membership. – When the Board of Commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating the Sampson County Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the county, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the county. The Board of Commissioners shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Sampson County shall be the ex officio finance officer of the Authority.

SECTION 2.(b) Duties. – The Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in the county, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county.

SECTION 2.(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Sampson County Board of Commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the Board of Commissioners may require.

SECTION 3. Administrative provisions. – G.S. 153A-155(g) reads as rewritten:

"(g) This section applies only to Alleghany, Anson, Brunswick, Buncombe, Cabarrus, Camden, Carteret, Chowan, Clay, Craven, Cumberland, Currituck, Dare, Davie, Duplin, Durham, Franklin, Granville, Halifax, Madison, Martin, Montgomery, Nash, New Hanover, New Hanover County District U, Pasquotank, Pender, Person, Randolph, Richmond, Rockingham, Rowan, Sampson, Scotland, Stanly, Transylvania, Tyrrell, Vance, and Washington Counties, to Watauga County District U, and to the Township of Averasboro in Harnett County."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 645:
Sampson County Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	March 21, 2007
Introduced by:	Sen. Albertson	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: ***Senate Bill 645 authorizes Sampson County to levy a 3% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.***

CURRENT LAW: Currently, Sampson County does not have authority to levy a room occupancy tax.

BILL ANALYSIS: Senate Bill 645 authorizes Sampson County to levy a room occupancy tax of up to 3%. The proceeds must be remitted to a county Tourism Development Authority (TDA), which must use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines referenced above and detailed in the chart below:

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by a House Finance subcommittee on Occupancy Taxes in 1993.

EXPENDITURES:					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Sampson County

EFFECTIVE DATE: When law

BILL SUMMARY: Senate Bill 645 authorizes Sampson County to levy a 3% occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

ASSUMPTIONS AND METHODOLOGY:

The Sampson County tax assessor's office advised that there are 5 lodgings that would be subject to the proposed occupancy tax. Assuming that there are 35 rooms, an average occupancy of 60% and an average room rate of $60 a night we determined the base estimate. The figure was then grown using consumer price index estimates from Moody's to give this revenue stream:

Fiscal Year	Proposed 3% Tax	Each 1%
2007-08	$ 68,985	$22,995
2008-09	$ 70,434	$23,478
2009-10	$ 71,913	$23,971
2010-11	$ 73,495	$24,498
2011-12	$ 75,185	$25,062

SENATE BILL 658

Short Title:	Amend Bank and Trust Company Assessments.	(Public)
Sponsors:	Senators Rand; Hoyle, Soles, and Weinstein.	
Referred to:	Commerce, Small Business and Entrepreneurship.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE BANKING LAWS OF NORTH CAROLINA FOR THE ASSESSMENT OF BANKS AND STATE TRUST COMPANIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 53-122(a)(1) reads as rewritten:

"(1) Banks. – Each bank shall pay a cumulative assessment based on its total assets, as shown on its report of condition made to the Commissioner of Banks as of December 31 each year or the date most nearly approximating the same, not to exceed the amount determined by applying the following schedule: (i) on the first fifty million dollars ($50,000,000) of assets, or fraction thereof, ~~six thousand dollars ($6,000);~~ ten thousand dollars ($10,000); (ii) on assets over fifty million dollars ($50,000,000), but not more than two hundred fifty million dollars ($250,000,000), ~~twelve dollars ($12.00)~~ fourteen dollars ($14.00) per one hundred thousand dollars ($100,000), or fraction thereof; (iii) on assets over two hundred fifty million dollars ($250,000,000), but not more than five hundred million dollars ($500,000,000), ~~nine dollars ($9.00)~~ eleven dollars ($11.00) per one hundred thousand dollars ($100,000), or fraction thereof; (iv) on assets over five hundred million dollars ($500,000,000), but not more than one billion dollars ($1,000,000,000), seven dollars ($7.00) per one hundred thousand dollars ($100,000), or fraction thereof; (v) on assets over one billion dollars ($1,000,000,000), but not more than ten billion dollars ($10,000,000,000), ~~five dollars ($5.00)~~ four dollars ($4.00) per one hundred thousand dollars ($100,000), or fraction thereof; and (vi) on assets over ten billion dollars ($10,000,000,000), ~~three dollars ($3.00)~~ two dollars ($2.00) per one hundred thousand dollars ($100,000), or fraction thereof. Additionally, each bank shall pay an assessment on trust assets held by it in the amount of one dollar

($1.00) per one hundred thousand dollars ($100,000) of the assets, or fraction thereof; except that banks are not required to pay assessments on real estate held as trust assets."

SECTION 2. G.S. 53-368(a) reads as rewritten:

"(a) For the purpose of operating and maintaining the office of the Commissioner, each State trust company shall pay into the office of the Commissioner, within 10 days after notice, an annual assessment of ~~six thousand dollars ($6,000)~~ ten thousand dollars ($10,000) plus one dollar ($1.00) per one hundred thousand dollars ($100,000) of assets held for its accounts, exclusive of nonsecuritized real estate interests. For purposes of this assessment, the amount of assets held for accounts shall be determined as of the close of business on December 31 of each year."

SECTION 3. This act is effective when it becomes law and applies to assessments made on or after that date.

SENATE BILL 658:
Amend Bank and Trust Company Assessments

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 4, 2007
Introduced by:	Sen. Rand	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 658 amends the cumulative assessments that state-chartered banks and trust companies have to pay for the operation and maintenance of the Office of the Commissioner of Banks by increasing the rate of assessments on bank assets of $500 million or less and decreasing the rate of assessments on bank assets of $1 billion or more. The bill also increases the minimum assessment for State trust companies from $6000 to $10,000 per year.

CURRENT LAW: The Office of the Commissioner of Banks is authorized to levy assessments on state-chartered banks and consumer finance licensees for the purpose of operating and maintaining the Office. The amount of the assessment is based on total assets shown on an entity's report of condition made to the Commissioner as of December 31 and is cumulative. The Office has statutory authority to collect the assessments annually or in periodic installments as approved by the State Banking Commission. As a practical matter, the Office collects 50% of their estimated costs on July 1 and bills for the remainder the following January. The Commissioner is also authorized to reduce the assessments based on actual costs. For the last several years, banks have not had to pay the full statutory rate. The rates were last revised in 1997.

The current and proposed rates are as follows:

Amount of Assets	Current Rates	Proposed New Rates
1st $50 million	$6,000	$10,000
$50 to $250 million	$12/ $100,000	$14/ $100,000
$250 to $500 million	$9/$100,000	$11/$100,000
$500 million to $1 billion	$7/$100,000	Same
$1 to $10 billion	$5/$100,000	$4/$100,000
Over $10 billion	$3/$100,000	$2/$100,000

BILL ANALYSIS: Section 1 of Senate Bill 658 amends the assessment rates charged to banks to fund the operations of the Office of Commissioner of Banks as set forth above. Section 2 amends the base assessment rate charged to State trust companies from $6,000 to $10,000.

The purpose of the rate adjustment is to reduce the agency's dependence on fees collected from the largest banks and more evenly spreads the revenue across all the banks and trust companies. According to the Office of the Commissioner, the proposed assessment schedule more accurately reflects the cost of supervision where, for example, the Commissioner's office spends substantial time on small and developing banks yet they pay only a minimum fee of $6,000 annually.

EFFECTIVE DATE: The bill is effective when it becomes law and applies to assessments made on or after that date.

O. Walker Reagan, co- counsel to Senate Commerce, substantially contributed to this summary.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Commission of Banks

EFFECTIVE DATE: When law

BILL SUMMARY:

Senate Bill 658 amends how bank and trust companies fees are assessed based on cumulative assets.

- Increases flat fee on first $50 million in assets from $6,000 to $10,000
- Increases rate on assets of $50 - $250 million from $12 to $14 per $100,000
- Increases rate on assets of $250 - $500 million from $9 to $11 per $100,000
- Decreases rate on assets of $1- $10 billion from $5 to $4 per $100,000
- Decreases rate on assets over $10 billion from $3 to $2 per $100,000
- Increases annual amount paid by a state trust company from $6,000 to $10,000 plus $1 per $100,000 in assets.

ASSUMPTIONS AND METHODOLOGY:

The Office of the Commissioner of Banks, together with the North Carolina Banking Commission, is responsible for the chartering and regulation of North Carolina's state banks and trust companies, as well as registration/licensing of various financial institutions operating in North Carolina.

The current and proposed fee structure is as follows:

Asset Class (millions)	Current Fee per $100,000 in Assets	Proposed Fee per $100,000 in Assets
First $50 (flat)	$6,000	$10,000
$50-250	$12	$14
$250-500	$9	$11
$500 – 1,000	$7	$7 (no change)
$1,000-10,000	$5	$4
$10,000+	$3	$2

Revenues and percentage share of total revenues under the current and proposed structure are as follows:

Asset Class (millions)	Revenues Current Structure	Current % Share	Revenues Proposed Structure	Proposed % Share	$Difference	% Difference in % Share
<$100	$264,826	3%	$ 410,610	5%	**$145,784**	2%
$100-500	$1,134,414	12%	$ 1,445,690	17%	**$311,276**	5%

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE PROJECT DEVELOPMENT FINANCING ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159-103(a) reads as rewritten:

"(a) Each unit of local government may issue project development financing debt instruments pursuant to this Article and use the proceeds for one or more of the purposes for which the unit may issue general obligation bonds pursuant to the following subdivisions of G.S. 159-48: (b)(1), (3), (7), (11), (12), (13), (16), (17), (19), (21), (23), (24), or (25), (c)(4a) or (6), or (d)(3), (4), (5), (6) or (7). In addition, the proceeds may be used for any service or facility authorized by G.S. 160A-536 ~~and~~ to be provided in a municipal service ~~district.~~district, but no such district need be created.

For the purpose of this Article, the term "capital costs" as defined in G.S. 159-48(h) also includes (i) interest on the debt instruments being issued or on notes issued in anticipation of the instruments during construction and for a period not exceeding seven years after the estimated date of completion of construction and (ii) the establishment of debt service reserves and any other reserves reasonably required by the financing documents. The proceeds of the debt instruments may be used either in a development financing district established pursuant to G.S. 160A-515.1 or G.S. 158-7.3 or, if the use directly benefits private development forecast by the development financing plan for the district, outside the development financing district. The proceeds may be used only for projects that enable, facilitate, or benefit private development within the development financing district, the revenue increment of which is pledged as security for the debt instruments. This subsection does not prohibit the use of proceeds to defray the cost of providing water and sewer utilities to a private development in a project development financing district."

SECTION 2. G.S. 159-107(b) reads as rewritten:

"(b) Adjustments to the Base Valuation. – During the lifetime of the development financing district, the base valuation shall be adjusted as follows:

(1) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to remove property from the development financing district, on the succeeding January 1, that property shall be removed from the district and the base valuation reduced accordingly.

(2) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to expand the district, the new property shall be added to the district immediately. The base valuation of the district shall be increased by the assessed value of the taxable property situated in the added territory on the January 1 immediately preceding the effective date of the district.

~~(3) If, at the time of revaluation pursuant to G.S. 105-286 of property in the county in which the district is located, it appears that, based on the schedule of values, standards, and rules approved by the board of county commissioners pursuant to G.S. 105-317, the property values of the district as they existed on the January 1 immediately preceding the effective date of the district would be increased because of the revaluation, then the base valuation shall be increased accordingly.~~

Each time the base valuation is adjusted, the tax assessor shall immediately certify the new base valuation to: (i) the issuing unit; (ii) the county if the issuing unit is not the county; and (iii) any special district, as defined in G.S. 159-7, within which the development financing district is located."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 1196:
Modifications to Project Dev. Financing Act

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 2, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S1196-CSSVx-7		Committee Counsel

SUMMARY: ***Senate Bill 1196 would allow local governments to use the proceeds of project development financing debt instruments to provide parks and recreation facilities and it removes the requirement that the base valuation of a development financing district be increased as the result of an increase in valuation due to revaluation. <u>The Proposed Committee Substitute makes one technical change only.</u>***

CURRENT LAW: In November 2004, the voters approved a constitutional amendment that has enabled counties, cities, and towns to use project development financing for the public portion of certain economic development projects within a defined territorial area. Project development financing, also known as tax increment financing, allows a local government to issue bonds secured by the incremental property tax increase generated by the development financed. This financing mechanism can be used for airports, auditoriums and arenas, hospitals, museums, parking facilities, sewer systems, storm sewers and flood control facilities, water systems, street improvements, public transportation facilities, railroads, affordable housing, land development for industrial or commercial purposes, utilities, and redevelopment. Prior to the bonds being issued, the local government must adopt a development financing plan describing the projects to be financed and how the tax proceeds will be used. The local government must also obtain approval from the Local Government Commission.

Once the district has been established and the project development financing debt instruments have been approved, the local government must notify the county tax assessor who must determine the base valuation of the district. The base valuation is the assessed value of all taxable property located in the district on the January 1 immediately preceding the effective date of the district. The base valuation may be adjusted if property is removed or added to the district. The base value may also be increased if the property values of the district increase as the result of a revaluation. Each year the tax assessor must determine the current assessed value of taxable property in the district. To the extent the current value exceeds the base value, the difference is the incremental valuation of the district. Property taxes levied on the incremental valuation of the district are placed in a separate fund and may be used to finance capital expenditures in the district, to meet principal and interest requirements on project development financing debt instruments, to repay moneys expended on debt service of project development financing debt instruments, and to establish and maintain debt service reserves.

BILL ANALYSIS: The Proposed Committee Substitute for SB 1196 does three things:

- It includes parks and recreation facilities among the purposes for which project development financing may be used. Included in this category, by reference, are the following: athletic fields, parks, playgrounds, recreation centers, shelters, stadiums, arenas, permanent and temporary stands, golf courses, swimming pools, wading pools, marinas, and lighting.
- It allows project development financing to be used for services and facilities authorized to be provided in a municipal service district without the creation of such a district. Under current law, the proceeds of project development financing may be used for any service or facility authorized by

G.S. 160A-536 and provided in a municipal service district.[1] This bill provides that no municipal service district would need to be created for the purpose of expending the funds. The formation of a municipal service district requires substantially the same steps as are required in the creation of a development financing district and is unnecessary duplication.

- It removes the requirement to increase the base valuation of a development financing district if property values of the district as they existed on the January 1 immediately preceding the effective date of the district are increased by a revaluation. The rationale for the removal of this requirement is that the statute already requires any excess revenues be paid to the taxing entities and that the benefit, if any, to the taxing entity as the result of the adjustment is outweighed by the complicated and unclear procedure regarding how the adjustment should be made.

EFFECTIVE DATE: This act is effective when it becomes law.

S1196e1-SMSV-CSSVx-7

[1] G.S. 160A-536 sets out the purposes for which cities may create service districts, which includes beach erosion control, flood and hurricane protection, right-of-way improvements that preserve the character of an historic district, urban revitalization projects, transit-oriented development projects, parking facilities, drainage projects, sewage collection and disposal, watershed improvements

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE PROJECT DEVELOPMENT FINANCING ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159-103(a) reads as rewritten:

"(a) Each unit of local government may issue project development financing debt instruments pursuant to this Article and use the proceeds for one or more of the purposes for which the unit may issue general obligation bonds pursuant to the following subdivisions of G.S. 159-48: (b)(1), (3), (7), (11), (13), (12), (16), (17), (19), (21), (23), (24), or (25), (c)(4a) or (6), or (d)(3), (4), (5), (6) or (7). In addition, the proceeds may be used for any service or facility authorized by G.S. 160A-536 ~~and~~ to be provided in a municipal service ~~district.~~district, but no such district need be created.

For the purpose of this Article, the term "capital costs" as defined in G.S. 159-48(h) also includes (i) interest on the debt instruments being issued or on notes issued in anticipation of the instruments during construction and for a period not exceeding seven years after the estimated date of completion of construction and (ii) the establishment of debt service reserves and any other reserves reasonably required by the financing documents. The proceeds of the debt instruments may be used either in a development financing district established pursuant to G.S. 160A-515.1 or G.S. 158-7.3 or, if the use directly benefits private development forecast by the development financing plan for the district, outside the development financing district. The proceeds may be used only for projects that enable, facilitate, or benefit private development within the development financing district, the revenue increment of which is pledged as security for the debt instruments. This subsection does not prohibit the use of proceeds to defray the cost of providing water and sewer utilities to a private development in a project development financing district."

SECTION 2. G.S. 159-107(b) reads as rewritten:

"(b) Adjustments to the Base Valuation. – During the lifetime of the development financing district, the base valuation shall be adjusted as follows:

(1) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to remove property from the development financing district, on the succeeding January 1, that property shall be removed from the district and the base valuation reduced accordingly.

(2) If the unit amends its development financing plan, pursuant to G.S. 160A-515.1 or G.S. 158-7.3, to expand the district, the new property shall be added to the district immediately. The base valuation of the district shall be increased by the assessed value of the taxable property situated in the added territory on the January 1 immediately preceding the effective date of the district.

~~(3) If, at the time of revaluation pursuant to G.S. 105-286 of property in the county in which the district is located, it appears that, based on the schedule of values, standards, and rules approved by the board of county commissioners pursuant to G.S. 105-317, the property values of the district as they existed on the January 1 immediately preceding the effective date of the district would be increased because of the revaluation, then the base valuation shall be increased accordingly.~~

Each time the base valuation is adjusted, the tax assessor shall immediately certify the new base valuation to: (i) the issuing unit; (ii) the county if the issuing unit is not the county; and (iii) any special district, as defined in G.S. 159-7, within which the development financing district is located."

SECTION 3. This act is effective when it becomes law.

Adjournment

SENATE FINANCE COMMITTEE
Wednesday, April 11, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, April 11, 2007, in room 544 of the Legislative Office Building. Twenty-eight members of the committee were present. Senator David Hoyle presided.

H.B. 326 – Green Level Satellite Annexations.

Senator Kerr moved to adopt the proposed committee substitute for discussion and the motion carried. Representative Bordsen was recognized to explain the proposed committee substitute. Senator Tillman moved for a favorable report and the motion carried. A copy of the committee substitute, the bill and the summary is attached.

H.B. 180 – Four Oaks Satellite Annexations.

Representative Langdon was recognized to explain the bill. Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 181 – Regulate Golf Carts.

Representative Langdon explained the bill. Senator Albertson moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 1199 – Economic Development Modifications.

Senator Albertson moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Clodfelter was recognized to explain the proposed committee substitute and to offer an amendment. Don Hobart, Department of Commerce Counsel, was recognized to speak in favor of the bill and answer questions. After much discussion, the bill was pulled from the agenda. A copy of the proposed committee substitute, the bill, the summary and the amendment is attached.

S.B. 642 – Cramerton/McAdenville Boundary Adjustment.

Senator Weinstein moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Hoyle was recognized to explain the proposed committee substitute. Senator Dannelly moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, the summary and the fiscal note is attached.

S.B. 758 – Limited Driving Privilege – DWLR.

Senator Kerr moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Kerr was then recognized to explain the proposed committee substitute. After much discussion, the bill was pulled from the agenda.

The meeting adjourned at 1:44 pm.

Senator Dan Clodfelter, Cochair

PROPOSED SENATE COMMITTEE SUBSTITUTE H326-PCS60252-LBx-11

Short Title: Green Level/Oak Island Satellite Annexations. (Local)

Sponsors:

Referred to:

February 22, 2007

A BILL TO BE ENTITLED

AN ACT REMOVING THE CAP ON SATELLITE ANNEXATIONS FOR THE TOWN OF GREEN LEVEL AND CONCERNING VOLUNTARY SATELLITE ANNEXATIONS BY THE TOWN OF OAK ISLAND.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

This subdivision does not apply to the Cities of Claremont, Concord, Conover, Elizabeth City, Gastonia, Greenville, Hickory, Kannapolis, Locust, Marion, Mount Airy, Mount Holly, New Bern, Newton, Oxford, Randleman, Rockingham, Sanford, Salisbury, Southport, Statesville, and Washington and the Towns of Angier, Ayden, Benson, Bladenboro, Burgaw, Calabash, Catawba, Clayton, Columbia, Creswell, Dallas, Dobson, Fuquay-Varina, Garner, Godwin, Green Level, Grimesland, Holly Ridge, Holly Springs, Kenly, Knightdale, Landis, Leland, Louisburg, Maggie Valley, Maiden, Mayodan, Midland, Mocksville, Morrisville, Pembroke, Pine Level, Princeton, Ranlo, Rolesville, Rutherfordton, Shallotte, Smithfield, Spencer, Stem, Stovall, Surf City, Swansboro, Taylorsville, Troy, Wallace, Warsaw, Waynesville, Wendell, Windsor, Yadkinville, and Zebulon."

SECTION 2.(a) G.S. 160A-58.1(b)(2) and G.S. 160A-58.1(b)(5) do not apply to the Town of Oak Island.

SECTION 2.(b) If the Town of Oak Island receives a petition for voluntary satellite annexation authorized by this section, it shall give the Town of St. James at least 30 days notice of the intent of the Town of Oak Island to consider the petition.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 326:
Green Level Satellite Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Rep. Bordsen	**Summary by:**	Judy Collier
Version:	PCS to Second Edition H326-PCS60252-LBx-11		Research Assistant

SUMMARY: ***House Bill 326 is a local bill that would exempt the Town of Green Level from the requirement for satellite annexation that the area to be annexed, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city. However, the exemption from this general rule would not apply to satellite annexations west of the Haw River township line or west of the Pleasant Grove township line.***[1]

The PCS to the 2nd Edition makes the provision that G.S. 160A-58.1(b)(2) and G.S. 160A-58.1(b)(5) do not apply to the Town of Oak Island. It further stipulates that if the Town of Oak Island receives a petition for voluntary annexation, it shall give the Town of St. James at least 30 days notice of the intent of the Town of Oak Island to consider the petition.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[2] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 326, 2nd edition, would permanently exempt the Town of Green Level from the 5th requirement except as to property located west of the Haw River township line or west of the Pleasant Grove township line.

---

[1] Section 2 of the bill was added by a floor amendment adopted by the House of Representatives on March 20, 2007.

[2] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

The 5th requirement requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city. The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself may easily exceed the 10% limit. Because of this, the General Assembly has exempted a significant number of cities and towns (at least 70) from this 10% rule by local act.

The PCS to the 2nd Edition makes the provision that G.S. 160A-58.1(b)(2) and G.S. 160A-58.1(b)(5) do not apply to the Town of Oak Island. It further stipulates that if the Town of Oak Island receives a petition for voluntary annexation, it shall give the Town of St. James at least 30 days notice of the intent of the Town of Oak Island to consider the petition.

EFFECTIVE DATE: This act would become effective when it becomes law.

BACKGROUND: The Town of Green Level is a small growth-oriented community located in Alamance County. The Town is seeking exemption from the 5th requirement of G.S.160A-58.1(b) because an individual property owner has requested it, a developer stands ready to utilize the exemption in the development of a residential subdivision, and the Town itself is supportive of the measure. There is no opposition to the proposed legislation.

HOUSE BILL 180

Short Title:	Four Oaks Satellite Annexations.	(Local)
Sponsors:	Representatives Langdon; and Daughtry.	
Referred to:	Local Government I.	

February 14, 2007

A BILL TO BE ENTITLED

AN ACT TO REMOVE THE CAP ON SATELLITE ANNEXATIONS FOR THE TOWN OF FOUR OAKS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(5) reads as rewritten:

"(b) A noncontiguous area proposed for annexation must meet all of the following standards:

...

(5) The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

This subdivision does not apply to the Cities of Claremont, Concord, Conover, Elizabeth City, Gastonia, Greenville, Hickory, Kannapolis, Locust, Marion, Mount Airy, Mount Holly, New Bern, Newton, Oxford, Randleman, Rockingham, Sanford, Salisbury, Southport, Statesville, and Washington and the Towns of Angier, Ayden, Benson, Bladenboro, Burgaw, Calabash, Catawba, Clayton, Columbia, Creswell, Dallas, Dobson, Four Oaks, Fuquay-Varina, Garner, Godwin, Grimesland, Holly Ridge, Holly Springs, Kenly, Knightdale, Landis, Leland, Louisburg, Maggie Valley, Maiden, Mayodan, Midland, Mocksville, Morrisville, Pembroke, Pine Level, Princeton, Ranlo, Rolesville, Rutherfordton, Shallotte, Smithfield, Spencer, Stem, Stovall, Surf City, Swansboro, Taylorsville, Troy, Wallace, Warsaw, Waynesville, Wendell, Windsor, Yadkinville, and Zebulon."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 180:
Four Oaks Satellite Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Rep. Langdon	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 180 is a local bill that would exempt the Town of Four Oaks from the requirement for satellite annexation that the area to be annexed, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city. HB 180 received favorable reports from House Local Government I Committee on February 28, 2007 and House Finance Committee on March 15, 2007.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. **The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.**

If the property does not meet the statutory requirements for annexation, the municipality does not have the authority to annex the area. However, the General Assembly can extend the corporate limits of a municipality to encompass areas that the municipality would not statutorily have the authority to annex.

BILL ANALYSIS: House Bill 180 would permanently exempt the Town of Four Oaks from the 5th requirement, which requires that the proposed area for satellite annexation, when added to the area within all other satellite corporate limits, not exceed 10% of the area within the primary corporate limits of the annexing city.

The purpose of the 5th requirement is designed to further the legislative goal of not allowing annexations to undermine the notion of a city as a single, contiguous, and compact entity. In practice, however, the standard has proved to be a problem for many smaller cities, because one large development by itself may easily exceed the 10% limit. Because of this, the General Assembly has excepted a significant number of cities and towns (over 70) from this 10% rule by local act.

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

EFFECTIVE DATE: This act would become effective when it becomes law.

BACKGROUND: The Town of Four Oaks is seeking to join other municipalities in Johnston County that have obtained exemption from the 5th requirement of G.S.160A-58.1(b) as follows:

1. Town of Benson S.L. 2006-122
2. Town of Clayton S.L. 2006-122
3. Town of Kenly S.L. 1987-67
4. Town of Pine Level S.L. 2003-30
5. Town of Princeton S.L. 2006-62
6. Town of Smithfield S.L. 2006-62

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

H 2

HOUSE BILL 181

Committee Substitute Favorable 3/15/07

Short Title: Regulate Golf Carts. (Local)

Sponsors:

Referred to:

February 14, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THOSE GOLF CARTS THAT MAY BE REGULATED IN THE TOWNS OF BENSON, BLADENBORO, CHADBOURN, CLARKTON, ELIZABETHTOWN, ROSE HILL, AND TABOR CITY AND TO AUTHORIZE THE TOWN OF FOUR OAKS TO REGULATE GOLF CARTS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of S.L. 2005-11 reads as rewritten:

"**SECTION 1.** Notwithstanding the provisions of G.S. 20-50 and G.S. 20-54, a town may, by ordinance, regulate the operation of ~~electric~~ golf carts on any public street or road within the town.

By ordinance, a town may require the registration of golf carts, charge a fee for the registration, specify the persons authorized to operate golf carts, and specify the required equipment, load limits, and the hours and methods of operation of golf carts."

SECTION 2. Section 3 of S.L. 2005-11, as amended by S.L. 2006-149 and S.L. 2006-152, reads as rewritten:

"**SECTION 3.** Section 1 of this act applies only to the Towns of Benson, Bladenboro, Chadbourn, Clarkton, Elizabethtown, Four Oaks, Rose Hill, and Tabor City. Section 2 of this act applies only to Moore County."

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 181: Regulate Golf Carts

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Rep. Langdon	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: House Bill 181 does two things:

- ***It removes the limitation on the authority of the Towns of Benson, Bladenboro, Chadbourn, Clarkton, Elizabethtown, Rose Hill and Tabor City to regulate only electric powered golf carts and allows those towns to regulate the operation of golf carts, regardless of how they are powered.***
- ***It adds the Town of Four Oaks to the list of municipalities authorized to regulate the operation of golf carts.***

The act is effective when it becomes law.

CURRENT LAW: Under current law, vehicles intended to be operated on the streets and highways of the State must be registered (G.S. 20-50). Golf carts may not be registered (G.S. 20-54), and therefore, may not operate on the streets and highways.

G.S. 20-4.01.(12a) defines a golf cart as a vehicle designed and manufactured for operation on a golf course for sporting or recreational purposes and that is not capable of exceeding speeds of 20 miles per hour.

In 2005, the General Assembly enacted S.L. 2005-11. That legislation authorized the following municipalities, by ordinance, to regulate the operation of **electric powered golf carts** on any public street or road within the town:

1) Bladenboro
2) Elizabethtown
3) Rose Hill

In 2006, the General Assembly amended the 2005 legislation to add the following municipalities to the list of municipalities that could regulate **electric** powered golf carts:[1]:

1) Benson
2) Chadbourn
3) Tabor City
4) Clarkton

BILL ANALYSIS: House Bill 181 amends S.L. 2005-11, by authorizing the municipalities affected to regulate the operation of golf carts on any public street or road within the town, **regardless of how they are powered**, and adds the Town of Four Oaks to the list of municipalities that may regulate golf carts. In regulating golf carts, the municipality may by ordinance:

- Require registrations,
- Charge a fee for the registration,

[1]S.L. 2006-149 added the Towns of Benson, Chadbourn, and Tabor City. S.L. 2006-152 added the Town of Clarkton.

- Specify who is authorized to operate golf carts,
- Specify the required equipment,
- Specify load limits,
- Specify the hours and methods of operation.

EFFECTIVE DATE: The act is effective when it becomes law.

BACKGROUND:

- The General Assembly has enacted legislation regulating golf carts in the following locations:

1) Town of Lake Waccamaw	S.L. 2001-356
2) Town of Cary	S.L. 2001-485; S.L. 2005-117

A BILL TO BE ENTITLED

AN ACT TO CLARIFY PROVISIONS IN THE LOCAL DEVELOPMENT ACT, TO CLARIFY THE POPULATION REQUIREMENTS FOR AGRARIAN GROWTH ZONES, TO CLARIFY CERTAIN CRITERIA FOR URBAN PROGRESS ZONES, TO AMEND THE REPORTING REQUIREMENT FOR THE DEPARTMENT OF COMMERCE UNDER THE BILL LEE ACT CONSISTENT WITH THE ACT'S REPEAL, AND TO CLARIFY THE EFFECTIVE DATE OF ARTICLE 3J TAX CREDITS FOR GROWING BUSINESSES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 158-7.1(b)(4) reads as rewritten:

"(b) A county or city may undertake the following specific economic development activities. (This listing is not intended to limit by implication or otherwise the grant of authority set out in subsection (a) of this section). The activities listed in this subsection may be funded by the levy of property taxes pursuant to G.S. 153A-149 and G.S. 160A-209 and by the allocation of other revenues whose use is not otherwise restricted by law.

...

(4) A county or city may ~~acquire or construct one or more "shell buildings", which are structures of flexible design adaptable for use by a variety of industrial or commercial businesses. A county or city may convey or lease a shell building or space in a shell building pursuant to subsection (c) of this section.~~acquire, construct, convey, or lease a building suitable for industrial or commercial use."

SECTION 2. G.S. 143B-437.10(a)(1) reads as rewritten:

"(a) Agrarian Growth Zone Defined. – An agrarian growth zone is an area comprised of one or more contiguous census tracts, census block groups, or both, in the most recent federal decennial census that meets all conditions in this subsection. A county may have no more than one agrarian growth zone.

(1) All land within the zone is located in whole within a county that has no municipality with a population in excess of ~~10,000.~~10,000 according to the most recent annual population estimates certified by the State Budget Officer."

SECTION 3. G.S. 143B-437.09(a) reads as rewritten:

"(a) Urban Progress Zone Defined. – An urban progress zone is an area that meets all of the following conditions:

(1) It is comprised of part or all of one or more contiguous census tracts, census block groups, or both, ~~or parts thereof,~~ in the most recent federal decennial ~~census that meets all conditions in this subsection.~~census.

~~(1)~~(2) All ~~land within the zone is located in whole~~ of the area is within the primary corporate limits of a municipality with a population of more than 10,000 according to the most recent annual population estimates certified by the State Budget Officer.

~~(2)~~(3) ~~Every~~ The portion of each census tract and census block group that ~~composes part of the zone~~ comprises the area meets at least one of the following conditions:

a. More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

b. At least fifty percent (50%) of ~~the area of the portion that is within the primary corporate limits of the municipality~~ it is zoned as nonresidential and ~~the census tract or census block group~~ is adjacent to a census tract or block group ~~of which at least twenty percent (20%) of the population is below the poverty level.~~whose population meets the requirement in sub-subdivision a. of this subdivision. The census tracts or census block groups that comprise part of the area as a result of meeting this condition may not exceed thirty-five percent (35%) of the area.

~~(3) The area of the zone zoned as nonresidential does not exceed thirty-five percent (35%) of the total area of the zone.~~"

SECTION 4. G.S. 105-129.2A(d) reads as rewritten:

"(d) Report. – The Department of Commerce shall report the results of these studies and its recommendations to the General Assembly biennially with the first report due by April 1, ~~2001.~~2001 and the last report due by June 1, 2007."

SECTION 5. Section 1.5 of S.L. 2006-252 reads as rewritten:

"**SECTION 1.5.** Section 1.1 of this part is effective for taxable years beginning on or after January 1, ~~2007.~~2007, and for business activities that occur on or after January 1, 2007. The remainder of this part is effective when it becomes law."

SECTION 6. This act is effective when it becomes law.

SENATE BILL 1199:
Economic Development Modifications

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S1199-CSSVx-8		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 1199 does the following:

- ***Clarifies in the Local Development Act a local government's authority to acquire, construct, convey, or lease buildings for industrial or commercial use.***
- ***Amends the provision providing how population is determined for agrarian growth zones.***
- ***Clarifies certain criteria for urban progress zones.***
- ***Requires a final Bill Lee Act report by the Department of Commerce on June 1, 2007, which is consistent with the Act's repeal.***
- ***Clarifies the effective date for tax credits available under the new Article 3J, Tax Credits for Growing Businesses.***

CURRENT LAW & BILL ANALYSIS:

Section 1: Authority to Acquire, Construct, Convey, or Lease Certain Buildings

The Local Development Act of 1925 authorizes counties and cities to undertake specific economic development activities to be funded by the levy of property taxes and by the allocation of other revenues whose use is not otherwise restricted by law. Among those activities is the acquisition, construction, conveyance, or lease of "shell buildings," which are structures of flexible design adaptable for use by a *variety* of industrial or commercial businesses.

In light of a concern that the term "shell building" implies or is limited to buildings for general, nonspecific use only, this section eliminates that term. It clarifies that a local government may acquire, construct, convey, or lease any building for industrial or commercial use, regardless of whether the local government has a specific business entity in mind when it acquires, constructs, conveys, or leases a building.

Section 2: Determining Population in Agrarian Growth Zones

In 2006, the General Assembly created a new package of State tax incentives to replace the Bill Lee Act for most taxpayers. As part of that package, the new Article 3J replaced development zones with urban progress (UP) zones and created a new type of zone called an agrarian growth (AG), which provides those areas with the same benefits provided to UP zones.

An AG zone must satisfy all of the following conditions:

1. It must be composed of contiguous census tracts or block groups located within a single county **that does not have any municipality with a population in excess of 10,000.**
2. Each census tract or block group in the zone must have more than 20% of its population below the poverty level.

3. The area of the zone, less its smallest census tract, may not exceed 5% of the total area of the county.

Section 2 would specify that the population estimate must be based on the most recent annual population estimates certified by the State Budget Officer. This is the same basis for determining population for qualification as an UP zone. This change would make the two statutes consistent with regard to determining population.

Section 3: Clarification of Criteria for Urban Progress Zones

As mentioned above, Article 3J provides enhanced tax credits in "urban progress zones," which were designed to replace the development zones adopted under the Bill Lee Act. Development zones were intended to be areas of high poverty within cities. Over the years, it became clear that the development zones often included areas that were neither high poverty nor particularly urban. Under Article 3J, the intent is for UP zones to be more narrowly focused and subject to more stringent guidelines with respect to poverty.

An urban progress zone is an area comprised of one or more contiguous census tracts, census block groups, or both, or parts thereof, in the most recent federal decennial census that meets all of the following conditions:

(1) All land within the zone is located in whole within the primary corporate limits of a municipality with a population of more than 10,000 according to the most recent annual population estimates certified by the State Budget Officer.

(2) Every census tract and census block group that composes part of the zone meets at least one of the following conditions:

a. More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

b. At least fifty percent (50%) of the area of the portion that is within the primary corporate limits of the municipality is zoned as nonresidential and the census tract or census block group is adjacent to a census tract or block group of which at least twenty percent (20%) of the population is below the poverty level.

(3) The area of the zone zoned as nonresidential does not exceed thirty-five percent (35%) of the total area of the zone.

The current wording states that the area zoned as nonresidential may not exceed 35% of the total area of the zone. However, the original intent was not to limit zones to only those areas that have less than 35% nonresidential development, but rather to restrict the size of the zone that did not meet the poverty requirements. According to the Department of Commerce, the current wording makes it very difficult to create a workable zone, and they have requested that the statute be revised to more accurately reflect the original intent when the act passed last year.

Under the bill, that portion of the zone which is required to be at least 50% nonresidential and be adjacent to a tract or block group of which at least 20% of the population is at or below poverty level, cannot exceed 35% of the total area of the zone. Section 3 also rewrites the definition for clarity.

Section 4: Final Bill Lee Act Report by Department of Commerce

The Department of Commerce is required to make biennial reports on tax equity and the impact of the Bill Lee Act. With limited exception applicable to four specific industries, the Bill Lee Act is repealed effective for business activities that occur on or after January 1, 2007. Section 4 of the bill requires the Department of Commerce to provide a final report on June 1, 2007. Since there are only a few specific

businesses that may continue to take Bill Lee credits until 2010, an study of those credits after 2007 would not be representative of the credits' impact or equity.

Section 5: Clarify Effective Date of Article 3J

The repeal of the Bill Lee Act applies to "business activities" occurring on or after January 1, 2007. The effective date of Article 3J, Tax Credits for Growing Businesses, is for "taxable years" beginning on or after January 1, 2007. Section 5 of the bill clarifies the effective date for Article 3J to avoid any possible gap where, for example, a business with its taxable year beginning on July 1 engaged in otherwise eligible "business activities" after January 1, 2007.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE BILL 642
PROPOSED COMMITTEE SUBSTITUTE S642-PCS75376-LBx-4

Short Title: Cramerton/McAdenville Boundary Adjustment. (Local)

Sponsors:

Referred to:

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO REMOVE DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE TOWN OF MCADENVILLE AND ANNEX IT TO THE TOWN OF CRAMERTON.

Whereas, the Board of Commissioners of the Town of Cramerton by resolution on March 6, 2007, requested that a total of 22.656 acres of property be deannexed from the Town of McAdenville and annexed to the Town of Cramerton; and

Whereas, the Board of Commissioners of the Town of McAdenville concurred in this request by resolution adopted March 12, 2007; and

Whereas, Gaston County Parcel Number 18050 is 44.85 acres, with 16.525 acres currently located within the corporate limits of the Town of McAdenville, while Gaston County Parcel Number 194769 is 62.61 acres with 6.131 acres currently located within the corporate limits of the Town of McAdenville; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The portion of Gaston County Parcel #185050 currently located within the Town of McAdenville, consisting of approximately 16.525 acres, is removed from the corporate limits of the Town of McAdenville and is added to the corporate limits of the Town of Cramerton.

SECTION 2. The portion of Gaston County Parcel #194769 currently located within the Town of McAdenville, consisting of approximately 6.131 acres, is removed from the corporate limits of the Town of McAdenville and is added to the corporate limits of the Town of Cramerton.

SECTION 3. This act has no effect upon the validity of any liens of the Town of McAdenville for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property was still within the corporate limits of the Town of McAdenville.

SECTION 4. This act becomes effective June 30, 2007.

SENATE BILL 642:
Cramerton/McAdenville Boundary Adjustment

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Sen. Hoyle	**Summary by:**	Trina Griffin Committee Counsel
Version:	PCS to First Edition S642-CSSVx-12		

SUMMARY: The Proposed Committee Substitute for Senate Bill 642 would remove certain specified land in two parcels from the town limits of the Town of McAdenville and would place it within the town limits of the Town of Cramerton. The removal from the town limits of McAdenville will not affect the validity of any liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act.

The House companion has passed House Local Government I and is currently in the House Finance Committee.

BILL ANALYSIS: The Proposed Committee Substitute would remove approximately 23 acres from the Town of McAdenville and would add that property to the Town of Cramerton. Both towns are requesting this transfer of territory to the Town of Cramerton by resolutions passed by the towns.

EFFECTIVE DATE: This act would become effective June 30, 2007.

BACKGROUND: The land being transferred consists of two parcels. In 2006, the Town of Cramerton annexed one of these parcels by voluntary petition. However, contrary to the requirement in G.S. 160A-36(b)(3) that no part of the area to be annexed be included within the boundary of another incorporated municipality, a portion of the parcel is located within the Town of McAdenville. The second parcel is also divided between Cramerton and McAdenville. This bill would provide that the entirety of both parcels would be within the Town of Cramerton.

In addition to adjusting the boundary lines of these two towns so they more properly follow parcel lines and other natural boundaries, transferring the land would also facilitate the development of the property.

A BILL TO BE ENTITLED

AN ACT TO REMOVE DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE TOWN OF MCADENVILLE AND ANNEX IT TO THE TOWN OF CRAMERTON, IF APPROVED BY THE GOVERNING BOARDS OF THOSE TWO TOWNS.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate limits of the Town of McAdenville and is added to the corporate limits of the Town of Cramerton:

SECTION 2. Section 1 of this act shall have no effect upon the validity of any liens of the Town of McAdenville for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property was still within the corporate limits of the Town of McAdenville.

SECTION 3. This act is effective only if the governing boards of the Towns of Cramerton and McAdenville by ordinance approve of the boundary changes in Section 1 of this act.

SECTION 4. This act becomes effective June 30, 2007.

Short Title: Limited Driving Privileges - DWLR. (Public)

Sponsors:

Referred to:

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW PERSONS WHO ARE CONVICTED OF CERTAIN DRIVING WHILE LICENSE REVOKED OFFENSES TO OBTAIN A LIMITED DRIVING PRIVILEGE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-20.1. Limited driving privilege for certain revocations.**

(a) Definitions. – As used in this section, the following definitions apply:

(1) Limited driving privilege. – A judgment issued by a court authorizing a person with a revoked drivers license to drive under the terms and conditions authorized under this section.

(2) Nonfleet private passenger motor vehicle. – As defined in Article 40 of Chapter 58 of the General Statutes.

(3) Nonstandard working hours. – Any time other than 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(4) Offense involving impaired driving. – As defined in G.S. 20-4.01(24a).

(5) Standard working hours. – Any time from 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(b) Eligibility. – The court, for good cause shown, may issue a limited driving privilege to a person whose North Carolina drivers license is permanently revoked under G.S. 20-28(a) or G.S. 20-28.1 if all of the following conditions apply:

(1) The person has no other current drivers license revocations other than the revocation under G.S. 20-28(a) or G.S. 20-28.1.

(2) The person has complied with the permanent revocation for at least two years immediately preceding the petition for a limited driving privilege.

(3) The person has no pending charges for any motor vehicle offense in this or any other state and has no unpaid motor vehicle fines or penalties in this or any other state.

(4) The person has not held a limited driving privilege issued under this section at any time during the three years prior to the filing of the current action.

(c) Ineligibility. – A person shall not be eligible to receive a limited driving privilege under this section if any of the following conditions apply:

(1) The person is eligible to receive a limited driving privilege under any other provision of law.

(2) The person's drivers license was revoked for an offense involving impaired driving at the time the person was charged under G.S. 20-28(a) or G.S. 20-28.1.

(3) The person's drivers license is revoked under G.S. 20-17.1.

(4) The person is not eligible to receive a North Carolina drivers license under G.S. 20-9(f).

(5) The Division has refused to issue a drivers license to the person under G.S. 20-9(e).

(6) The person's drivers license issued by another state has been revoked by that state for any reason or the person's North Carolina drivers license has been revoked under any interstate compact or agreement.

(d) Scope of Privilege. – A limited driving privilege shall restrict the holder to essential driving related to one or more of the purposes listed in this subsection. Any driving that is not related to the purposes authorized in this subsection is unlawful even though done at times and upon routes that may be authorized by the privilege. Except as otherwise provided, all driving shall be for a purpose and done within the restrictions specified in the privilege.

The permissible purposes for a limited driving privilege are: (i) travel to and from the person's place of employment and in the course of employment; (ii) travel necessary for maintenance of the person's household; and (iii) travel to provide emergency medical care for the person or for an immediate family member of the person who resides in the same household with the person. Driving related to emergency medical care is authorized at any time and without restriction as to routes.

(e) Jurisdiction. – A petition for a limited driving privilege under this section is separate from any action that resulted in the initial revocation and is a civil action filed in district court in the county of the person's residence as reflected by the Division's records, or in the county of the person's actual residence if the Division's records are inaccurate. The costs required under G.S. 7A-305(a3) apply to this action.

(f) Petition. – A petition for a limited driving privilege requested under this section shall include a copy of the person's motor vehicle record. The petition shall also include a sworn statement that there are no pending charges for motor vehicle offenses

in this or any other state, no unpaid fines or penalties in this or any other state, and no violations in this or any other state that could result in the revocation of the person's drivers license, and that the person has complied with the current revocation for the time period required under subdivision (b)(2) of this section immediately preceding the person's petition for a limited driving privilege under this section.

(g) Employment Driving in Standard Working Hours. – The court may authorize driving for employment-related purposes during standard working hours without specifying the times and routes in which the driving shall occur. If the person is not required to drive for essential employment-related purposes except during standard working hours, the limited driving privilege shall prohibit driving during nonstandard working hours unless the driving is for emergency medical care or is authorized by subsection (i) of this section. The limited driving privilege shall state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving.

(h) Employment Driving in Nonstandard Working Hours. – If a person is required to drive during nonstandard working hours for an essential employment-related purpose and the person provides documentation of that fact to the court, the court may authorize the person to drive for that purpose during those hours. If the person is self-employed, the documentation shall be attached to or made a part of the limited driving privilege. The limited driving privilege shall state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving. If the court determines that it is necessary for the person to drive during nonstandard working hours for an employment-related purpose, the court may authorize the person to drive subject to these limitations:

(1) If the person is required to drive to and from a specific place of employment at regular times, the limited driving privilege shall specify the general times and routes by which the person may drive to and from work and shall restrict driving to those times and routes.

(2) If the person is required to drive to and from work at a specific place but is unable to specify the times during which the driving will occur, the limited driving privilege shall specify the general routes by which the person may drive to and from work and shall restrict driving to those general routes.

(3) If the person is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege shall specify the general times and geographic boundaries within which the person may drive and shall restrict driving to those times and boundaries.

(4) If the person can specify neither the times nor places in which the person will be driving to and from work, or if the person is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege shall specify the geographic

boundaries within which the person may drive and shall restrict driving to those boundaries.

(i) Household Maintenance. – A limited driving privilege may not allow driving for maintenance of the household except during standard working hours. The limited driving privilege may contain additional restrictions on driving for the maintenance of the household, at the discretion of the court.

(j) Proof of Financial Responsibility. – A person applying for a limited driving privilege under this section shall provide proof of financial responsibility to the court, and a limited driving privilege shall be conditioned upon the maintenance of financial responsibility during the period of the limited driving privilege. The Commissioner may require that certificates required by this subsection be on a form approved by the Commissioner. Nothing in this subsection precludes any person from showing proof of financial responsibility in any other manner authorized by Articles 9A and 13 of this Chapter. This subsection does not apply to a person who does not own a currently registered motor vehicle and who does not operate a nonfleet private passenger motor vehicle that is owned by another person and that is not insured under a commercial motor vehicle liability insurance policy. If this subsection applies, the person shall sign a written certificate to that effect. The Division shall furnish the certificate. Any material misrepresentation made by the person on the certificate shall be grounds for the court to revoke the limited driving privilege granted under this section.

Proof of financial responsibility shall be in one of the following forms:

(1) A written certificate or electronically transmitted facsimile of the certificate issued by an insurance carrier duly authorized to do business in this State certifying that there is in effect a nonfleet private passenger motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. The certificate or facsimile shall state the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy and shall state the date that the certificate or facsimile is issued. The certificate or facsimile shall remain effective proof of financial responsibility for a period of 30 consecutive days following the date the certificate or facsimile is issued but shall not in and of itself constitute a binder or policy of insurance.

(2) A binder for or policy of nonfleet private passenger motor vehicle liability insurance under which the applicant is insured, provided that the binder or policy states the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy.

(k) Other Restrictions. – The court shall include in all limited driving privileges a restriction that the holder of the privilege may not consume alcohol while driving or drive at any time while the holder has remaining in the holder's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The court may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(*l*) Term. – The term of a limited driving privilege issued under this section shall be one year. Upon the expiration of the term of the limited driving privilege or after three years from the date of the permanent revocation, the person may apply to the Division for a license under G.S. 20-28(c) or G.S. 20-28.1(c).

(m) Notification. – The clerk of court shall send a copy of any limited driving privilege issued in the county to the Division. A limited driving privilege that is not authorized by this section or that does not contain the limitations required by law is invalid.

(n) Modification. – A court may modify or revoke a person's limited driving privilege issued under this section upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke the privilege. The judge shall either indicate in the order of modification or revocation the reasons for the order, or make specific findings indicating the reason for the order, and those findings shall be entered in the record of the case. When a court issues an order of modification or revocation, the clerk shall send a copy of the order to the Division.

(o) Effect of Violation. – A violation of a limited driving privilege issued under this section constitutes the offense of driving while license revoked under G.S. 20-28. Whenever a person is charged with operating a motor vehicle in violation of the limited driving privilege, the limited driving privilege shall be suspended pending the final disposition of the charge."

SECTION 2. G.S. 7A-305 is amended by adding a new subsection to read:

"(a3) In every petition to obtain a limited driving privilege filed under G.S. 20-20.1, a cost of one hundred dollars ($100.00) shall be assessed against the person filing the petition. Costs collected by the clerk under this subsection shall be remitted to the State Treasurer. The State Treasurer shall credit one-half of the assessed cost to the Highway Fund and the remaining one-half of the assessed cost to the Court Information Technology Fund established under G.S. 7A-343.2. Costs assessed under this subsection shall be in addition to any other costs assessed under this section."

SECTION 3. This act becomes effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.

SENATE BILL 758:
Limited Driving Privileges - DWLR

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 11, 2007
Introduced by:	Sen. Kerr	**Summary by:**	Trina Griffin
Version:	PCS to Second Edition S758-CSSVf-13		Committee Counsel

SUMMARY: ***Senate Bill 758 would allow a person whose drivers license has been permanently revoked because that person has been convicted of driving while license revoked or convicted of a moving violation while license revoked to obtain a limited driving privilege. The act would become effective December 1, 2007, and would apply to permanent revocations that occur before December 1, 2007 as well as on or after that date.***

This bill received a favorable report by Senate Judiciary II on March 14, 2007. It has been referred to Senate Finance because it would require a person to pay $100 court cost to file a petition for the limited driving privilege provided by this bill. One-half of the cost would be remitted to the Highway Fund and one-half would be remitted to the Court Information Technology Fund.

The Proposed Committee Substitute makes technical, stylistic, and clarifying changes only.

CURRENT LAW: G.S. 20-16 lists a number of offenses for which the Division of Motor Vehicles (DMV) may revoke a person's drivers license. These include the accumulation of 12 or more drivers license points in a three year period, fraudulent use of a license, any offense committed in another state that if committed in this State would be grounds for suspension or revocation, and certain speeding violations[1]. G.S. 20-17 lists a number of offenses for which the DMV is required to revoke a person's drivers license. These include manslaughter resulting from the operation of a motor vehicle, impaired driving under G.S. 20-138.1 or 138.2,[2] failure to stop and render aid, two convictions of reckless driving is a 12-month period, and conviction of assault with a motor vehicle. G.S. 50-13.12 and G.S. 110-142.2 both authorize a court to revoke a drivers license of a person who is delinquent with their child support payments. By far, the most license revocations[3] occur under G.S. 20-24.2(a)(1) as a result of a failure to appear for a trial or hearing on a traffic offense. The next most common reason for revocation is the offense of driving while license revoked under G.S. 20-28.[4] *(Additional grounds for revocation may be found on p. 3 of this summary.)*

The amount of time a license is revoked depends upon the specific grounds for the revocation. The revocation periods may be as little as 30 days, or last indefinitely if the person fails to resolve the underlying matter that led to the specific revocation. If no specific revocation period is provided, the period of revocation is one year.[5] The license is revoked for two years upon a second offense, and permanently revoked upon conviction of a third offense.[6] A person who is convicted of driving while license revoked (G.S. 20-28(a)) is guilty of a Class 1 misdemeanor and the license is revoked for an additional year. A person who is convicted of a moving offense while license revoked (G.S. 20-28.1) will also have the license revoked for an additional year. Subsequent violations of either statute result in

---

[1] See also G.S. 20-16.1.

[2] G.S. 20-16.2 requires the revocation of a license for refusing to take a breath test.

[3] DMV reports 324,662 revocations in 2004, 306,226 revocations in 2003, and 304,064 revocations in 2002.

[4] DMV reports 68,361 revocations in 2004, 62,355 revocations in 2003, and 63,355 revocations in 2002.

[5] G.S. 20-19(f).

[6] G.S. 20-28(a).

additional revocations of two years and permanent revocation. A person whose license is revoked for one year under either G.S. 20-28(a) or G.S. 20-28.1 may apply to have the license reinstated after 90 days. A person whose license is revoked for two years under either statute may apply to have the license reinstated after one year. A person whose license is revoked permanently under either statute may apply to have the license reinstated after three years. DMV may reinstate the license if the person has not been convicted during the period of the revocation of: a moving violation under Chapter 20 or the laws of any other state, any provision of the alcoholic beverage laws of this or any other state, or any provisions of the drug laws of this or any other state. DMV may impose any restrictions or conditions on the new license that the Division considers appropriate for the balance of the revocation period. If the revocation is permanent, the conditions and restrictions imposed by the Division may not exceed three years.

There are a number of provisions under current law under which a court may grant a limited driving privilege during the term of a revocation *(See p. 4 of this summary).* These include certain limited DWI offenses, certain speeding offenses, and revocations related to failure to pay child support.

BILL ANALYSIS:

Section 1 would create a new statute G.S. 20-20.1 that allows a person whose drivers license has been permanently revoked under G.S. 20-28(a) (driving while license revoked) or G.S. 20-28.1 (moving offense while license revoked) to obtain a limited driving privilege if all of the following apply:

- The person has no other current drivers license revocations other than the revocation under G.S. 20-28(a) or 20-28.1.
- The person has complied with the permanent revocation for at least two years immediately preceding the petition for a limited driving privilege.
- The person has no unresolved or outstanding motor vehicle offenses or motor vehicle charges or unpaid motor vehicle fines or penalties in this or any other state.
- The person has not received a limited driving privilege under this section within the last 3 years.

A person would not be eligible for the privilege if any of the following apply:

- The person is eligible for a limited driving privilege under another provision of the law.
- The person's license was revoked for an impaired driving offense at the time the person was charged under G.S. 20-28(a) or 20-28.1.
- The person's license is revoked due to mental incompetence or drug or alcohol addiction. (G.S. 20-17.1).
- The person's license has been revoked in another state. (G.S. 20-9(f)).
- The person is someone for whom DMV has refused to issue a license due to physical or mental disease that prevents the person from exercising ordinary care in the operation of a vehicle. (G.S. 20-9(e)).
- The person's drivers license issued by another state has been revoked by that state for any reason or the person's North Carolina drivers license has been revoked under any interstate compact or agreement.

A person seeking a limited driving privilege under this section would file a petition in the district court of the county where the person resides according to DMV records, or in the county of actual residence if DMV records are inaccurate. The privilege would be limited to essential driving for employment, in course of employment, household maintenance, and emergency medical care. The specifics of the privilege and other conditions are contained in subsections (g) - (k) of the bill, and are patterned after existing law regarding limited driving privileges for DWI offenses in G.S. 20-179.3. They include a requirement that the person applying for the privilege have adequate liability and property damage coverage.

If granted, the privilege would last for a period of one year. Upon expiration of the term of the limited driving privilege or after three years from the date of permanent revocation, the person may apply to the Division for a license. If the holder of the privilege violates the privilege, the violation would be considered a violation of G.S. 20-28 (driving while license revoked), and the privilege would be suspended pending a final disposition of the charge.

The bill also creates a new criminal offense. A person who operates a motor vehicle in violation of the limited driving privilege issued under this section will have the privilege suspended pending disposition of the charge and, if convicted, will be guilty of driving while license revoked under G.S. 20-28.

Section 2 amends G.S. 7A-305 by adding a new subsection. The provision assesses a court cost of $100 for persons filing for a limited driving privilege under G.S. 20-20.1. The costs are remitted to the State Treasurer. One half of the amount will be credited to the Highway Fund and the remaining one half will be remitted to the Court Information Technology Fund.

EFFECTIVE DATE: The act would become effective December 1, 2007 and would apply to permanent revocations that occur before, on or after that date.

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW PERSONS WHO ARE CONVICTED OF CERTAIN DRIVING WHILE LICENSE REVOKED OFFENSES TO OBTAIN A LIMITED DRIVING PRIVILEGE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-20.1. Limited driving privileges for certain revocations.**

(a) Definitions. – As used in this section, the following definitions apply:

(1) Limited driving privilege. – A judgment issued by a court authorizing a person with a revoked drivers license to drive under the terms and conditions authorized under this section.

(2) Nonfleet private passenger motor vehicle. – As defined in Article 40 of Chapter 58 of the General Statutes.

(3) Nonstandard working hours. – Any time other than 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(4) Offense involving impaired driving. – As defined in G.S. 20-4.01(24a).

(5) Standard working hours. – Any time from 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(b) Eligibility. – The court, for good cause shown, may issue a limited driving privilege to a person whose North Carolina drivers license is permanently revoked under G.S. 20-28(a) or G.S. 20-28.1 if all of the following conditions apply:

(1) The person has no other current drivers license revocations other than the revocation under G.S. 20-28(a) or G.S. 20-28.1.

(2) The person has complied with the permanent revocation for at least two years immediately preceding the motion for a limited driving privilege.

(3) The person has no unresolved or outstanding motor vehicle offenses or motor vehicle charges or unpaid motor vehicle fines or penalties in this or any other state.

(4) The person has not held a limited driving privilege issued under this section at any time during the three years prior to the filing of the current action.

(c) Ineligibility. – A person shall not be eligible to receive a limited driving privilege under this section if any of the following conditions apply:

(1) The person is eligible to receive a limited driving privilege under any other provision of law.

(2) The person's drivers license was revoked for an offense involving impaired driving at the time the person was charged under G.S. 20-28(a) or G.S. 20-28.1.

(3) The person's drivers license is revoked under G.S. 20-17.1.

(4) The person is not eligible to receive a North Carolina drivers license under G.S. 20-9(f).

(5) The Division has refused to issue a drivers license to the person under G.S. 20-9(e).

(6) The person's drivers license issued by another state has been revoked by that state for any reason or the person's North Carolina drivers license has been revoked under any interstate compact or agreement.

(d) Scope of Privilege. – A limited driving privilege shall restrict the holder to essential driving related to one or more of the purposes listed in this subsection. Any driving that is not related to the purposes authorized in this subsection is unlawful even though done at times and upon routes that may be authorized by the privilege. Except as otherwise provided, all driving shall be for a purpose and done within the restrictions specified in the privilege.

The permissible purposes for a limited driving privilege are: (i) travel to and from the person's place of employment and in the course of employment; (ii) travel necessary for maintenance of the person's household; and (iii) travel to provide emergency medical care for the person or for an immediate family member of the person who resides in the same household with the person. Driving related to emergency medical care is authorized at any time and without restriction as to routes.

(e) Jurisdiction. – A motion for a limited driving privilege under this section is separate from any action that resulted in the initial revocation and is a civil action filed in district court in the county of the person's residence as reflected by the Division's records. The costs required under G.S. 7A-305(a3) apply to this action.

(f) Motion. – A motion for a limited driving privilege requested under this section shall include a copy of the person's driving history. The motion shall also include a sworn statement that there are no outstanding or unresolved charges, no unpaid fines, and no violations in this or any other state that could result in the revocation of the person's drivers license, and that the person has complied with the current revocation for the time period required under subdivision (b)(2) of this section

immediately preceding the person's motion for a limited driving privilege under this section.

(g) Employment Driving in Standard Working Hours. – The court may authorize driving for employment-related purposes during standard working hours without specifying the times and routes in which the driving shall occur. If the person is not required to drive for essential employment-related purposes except during standard working hours, the limited driving privilege shall prohibit driving during nonstandard working hours unless the driving is for emergency medical care or is authorized by subsection (i) of this section. The limited driving privilege shall state the name and address of the applicant's place of work or employer and may include other information and restrictions applicable to work-related driving, at the discretion of the court.

(h) Employment Driving in Nonstandard Working Hours. – If a person is required to drive during nonstandard working hours for an essential employment-related purpose and the person provides documentation of that fact to the court, the court may authorize the person to drive for that purpose during those hours. If the person is self-employed, the documentation shall be attached to or made a part of the limited driving privilege. The limited driving privilege shall state the name and address of the person's place of employment or employer and may include other information and restrictions applicable to work-related driving, at the discretion of the court. If the court determines that it is necessary for the person to drive during nonstandard working hours for an employment-related purpose, the court may authorize the person to drive subject to these limitations:

(1) If the person is required to drive to and from a specific place of employment at regular times, the limited driving privilege shall specify the general times and routes by which the person may drive to and from work and shall restrict driving to those times and routes.

(2) If the person is required to drive to and from work at a specific place but is unable to specify the times during which the driving will occur, the limited driving privilege shall specify the general routes by which the person may drive to and from work and shall restrict driving to those general routes.

(3) If the person is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege shall specify the general times and geographic boundaries within which the person may drive and shall restrict driving to those times and boundaries.

(4) If the person can specify neither the times nor places in which the person will be driving to and from work, or if the person is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege shall specify the geographic boundaries within which the person may drive and shall restrict driving to those boundaries.

(i) Household Maintenance. – A limited driving privilege may not allow driving for maintenance of the household except during standard working hours. The limited

driving privilege may contain additional restrictions on driving for the maintenance of the household, at the discretion of the court.

(j) Proof of Financial Responsibility. – A person applying for a limited driving privilege under this section shall provide proof of financial responsibility to the court, and a limited driving privilege shall be conditioned upon the maintenance of financial responsibility during the period of the limited driving privilege. The Commissioner may require that certificates required by this subsection be on a form approved by the Commissioner. Nothing in this subsection precludes any person from showing proof of financial responsibility in any other manner authorized by Articles 9A and 13 of this Chapter. This subsection does not apply to a person who does not own a currently registered motor vehicle and who does not operate a nonfleet private passenger motor vehicle that is owned by another person and that is not insured under a commercial motor vehicle liability insurance policy. If this subsection applies, the person shall sign a written certificate to that effect. The Division shall furnish the certificate. Any material misrepresentation made by the person on the certificate shall be grounds for the court to revoke the limited driving privilege granted under this section.

Proof of financial responsibility shall be in one of the following forms:

(1) A written certificate or electronically transmitted facsimile of the certificate issued by an insurance carrier duly authorized to do business in this State certifying that there is in effect a nonfleet private passenger motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. The certificate or facsimile shall state the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy and shall state the date that the certificate or facsimile is issued. The certificate or facsimile shall remain effective proof of financial responsibility for a period of 30 consecutive days following the date the certificate or facsimile is issued but shall not in and of itself constitute a binder or policy of insurance.

(2) A binder for or policy of nonfleet private passenger motor vehicle liability insurance under which the applicant is insured, provided that the binder or policy states the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy.

(k) Other Restrictions. – The court shall include in all limited driving privileges a restriction that the holder of the privilege may not consume alcohol while driving or drive at any time while the holder has remaining in the holder's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The court may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(l) Term. – The term of a limited driving privilege issued under this section shall be one year. Upon the expiration of the term of the limited driving privilege or after three years from the date of the permanent revocation, the person may apply to the Division for a license under G.S. 20-28(c) or G.S. 20-28.1(c).

(m) Notification. – The clerk of court shall send a copy of any limited driving privilege issued in the county to the Division. A limited driving privilege that is not authorized by this section or that does not contain the limitations required by law is invalid.

(n) Modification. – A court may modify or revoke a person's limited driving privilege issued under this section upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke the privilege. The judge shall either indicate in the order of modification or revocation the reasons for the order, or make specific findings indicating the reason for the order, and those findings shall be entered in the record of the case. When a court issues an order of modification or revocation, the clerk shall send a copy of the order to the Division.

(o) Effect of Violation. – A violation of a limited driving privilege issued under this section constitutes the offense of driving while license revoked under G.S. 20-28. Whenever a person is charged with operating a motor vehicle in violation of the limited driving privilege, the limited driving privilege shall be suspended pending the final disposition of the charge."

SECTION 2. G.S. 7A-305 is amended by adding a new subsection to read:

"(a3) In every motion to obtain a limited driving privilege filed under G.S. 20-20.1, a cost of one hundred dollars ($100.00) shall be assessed against the person filing the motion. Costs collected by the clerk under this subsection shall be remitted to the State Treasurer. The State Treasurer shall credit one-half of the assessed cost to the Highway Fund and the remaining one-half of the assessed cost to the Court Information Technology Fund established under G.S. 7A-343.2. Costs assessed under this subsection shall be in addition to any other costs assessed under this section."

SECTION 3. This act becomes effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.

A BILL TO BE ENTITLED

AN ACT TO ALLOW PERSONS WHO ARE CONVICTED OF CERTAIN DRIVING WHILE LICENSE REVOKED OFFENSES TO OBTAIN A LIMITED DRIVING PRIVILEGE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-20.1. Limited driving privilege for certain revocations.**

(a) Definitions. – As used in this section, the following definitions apply:

(1) Limited driving privilege. – A judgment issued by a court authorizing a person with a revoked drivers license to drive under the terms and conditions authorized under this section.

(2) Nonfleet private passenger motor vehicle. – As defined in Article 40 of Chapter 58 of the General Statutes.

(3) Nonstandard working hours. – Any time other than 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(4) Offense involving impaired driving. – As defined in G.S. 20-4.01(24a).

(5) Standard working hours. – Any time from 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(b) Eligibility. – The court, for good cause shown, may issue a limited driving privilege to a person whose North Carolina drivers license is permanently revoked under G.S. 20-28(a) or G.S. 20-28.1 if all of the following conditions apply:

(1) The person has no other current drivers license revocations other than the revocation under G.S. 20-28(a) or G.S. 20-28.1.

(2) The person has complied with the permanent revocation for at least two years immediately preceding the petition for a limited driving privilege.

(3) The person has no pending charges for any motor vehicle offense or unpaid motor vehicle fines or penalties in this or any other state.

(4) The person has not held a limited driving privilege issued under this section at any time during the three years prior to the filing of the current action.

(c) Ineligibility. – A person shall not be eligible to receive a limited driving privilege under this section if any of the following conditions apply:

(1) The person is eligible to receive a limited driving privilege under any other provision of law.

(2) The person's drivers license was revoked for an offense involving impaired driving at the time the person was charged under G.S. 20-28(a) or G.S. 20-28.1.

(3) The person's drivers license is revoked under G.S. 20-17.1.

(4) The person is not eligible to receive a North Carolina drivers license under G.S. 20-9(f).

(5) The Division has refused to issue a drivers license to the person under G.S. 20-9(e).

(6) The person's drivers license issued by another state has been revoked by that state for any reason or the person's North Carolina drivers license has been revoked under any interstate compact or agreement.

(d) Scope of Privilege. – A limited driving privilege shall restrict the holder to essential driving related to one or more of the purposes listed in this subsection. Any driving that is not related to the purposes authorized in this subsection is unlawful even though done at times and upon routes that may be authorized by the privilege. Except as otherwise provided, all driving shall be for a purpose and done within the restrictions specified in the privilege.

The permissible purposes for a limited driving privilege are: (i) travel to and from the person's place of employment and in the course of employment; (ii) travel necessary for maintenance of the person's household; and (iii) travel to provide emergency medical care for the person or for an immediate family member of the person who resides in the same household with the person. Driving related to emergency medical care is authorized at any time and without restriction as to routes.

(e) Jurisdiction. – A petition for a limited driving privilege under this section is separate from any action that resulted in the initial revocation and is a civil action filed in district court in the county of the person's residence as reflected by the Division's records. The costs required under G.S. 7A-305(a3) apply to this action.

(f) Petition. – A petition for a limited driving privilege requested under this section shall include a copy of the person's motor vehicle record. The petition shall also include a sworn statement that there are no pending charges for motor vehicle offenses, no unpaid fines or penalties in this or any other state, and no violations in this or any other state that could result in the revocation of the person's drivers license, and that the

person has complied with the current revocation for the time period required under subdivision (b)(2) of this section immediately preceding the person's petition for a limited driving privilege under this section.

(g) Employment Driving in Standard Working Hours. – The court may authorize driving for employment-related purposes during standard working hours without specifying the times and routes in which the driving shall occur. If the person is not required to drive for essential employment-related purposes except during standard working hours, the limited driving privilege shall prohibit driving during nonstandard working hours unless the driving is for emergency medical care or is authorized by subsection (i) of this section. The limited driving privilege shall state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving.

(h) Employment Driving in Nonstandard Working Hours. – If a person is required to drive during nonstandard working hours for an essential employment-related purpose and the person provides documentation of that fact to the court, the court may authorize the person to drive for that purpose during those hours. If the person is self-employed, the documentation shall be attached to or made a part of the limited driving privilege. The limited driving privilege shall state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving. If the court determines that it is necessary for the person to drive during nonstandard working hours for an employment-related purpose, the court may authorize the person to drive subject to these limitations:

(1) If the person is required to drive to and from a specific place of employment at regular times, the limited driving privilege shall specify the general times and routes by which the person may drive to and from work and shall restrict driving to those times and routes.

(2) If the person is required to drive to and from work at a specific place but is unable to specify the times during which the driving will occur, the limited driving privilege shall specify the general routes by which the person may drive to and from work and shall restrict driving to those general routes.

(3) If the person is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege shall specify the general times and geographic boundaries within which the person may drive and shall restrict driving to those times and boundaries.

(4) If the person can specify neither the times nor places in which the person will be driving to and from work, or if the person is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege shall specify the geographic boundaries within which the person may drive and shall restrict driving to those boundaries.

(i) Household Maintenance. – A limited driving privilege may not allow driving for maintenance of the household except during standard working hours. The limited driving privilege may contain additional restrictions on driving for the maintenance of the household, at the discretion of the court.

(j) Proof of Financial Responsibility. – A person applying for a limited driving privilege under this section shall provide proof of financial responsibility to the court, and a limited driving privilege shall be conditioned upon the maintenance of financial responsibility during the period of the limited driving privilege. The Commissioner may require that certificates required by this subsection be on a form approved by the Commissioner. Nothing in this subsection precludes any person from showing proof of financial responsibility in any other manner authorized by Articles 9A and 13 of this Chapter. This subsection does not apply to a person who does not own a currently registered motor vehicle and who does not operate a nonfleet private passenger motor vehicle that is owned by another person and that is not insured under a commercial motor vehicle liability insurance policy. If this subsection applies, the person shall sign a written certificate to that effect. The Division shall furnish the certificate. Any material misrepresentation made by the person on the certificate shall be grounds for the court to revoke the limited driving privilege granted under this section.

Proof of financial responsibility shall be in one of the following forms:

(1) A written certificate or electronically transmitted facsimile of the certificate issued by an insurance carrier duly authorized to do business in this State certifying that there is in effect a nonfleet private passenger motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. The certificate or facsimile shall state the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy and shall state the date that the certificate or facsimile is issued. The certificate or facsimile shall remain effective proof of financial responsibility for a period of 30 consecutive days following the date the certificate or facsimile is issued but shall not in and of itself constitute a binder or policy of insurance.

(2) A binder for or policy of nonfleet private passenger motor vehicle liability insurance under which the applicant is insured, provided that the binder or policy states the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy.

(k) Other Restrictions. – The court shall include in all limited driving privileges a restriction that the holder of the privilege may not consume alcohol while driving or drive at any time while the holder has remaining in the holder's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The court may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(*l*) Term. – The term of a limited driving privilege issued under this section shall be one year. Upon the expiration of the term of the limited driving privilege or after

three years from the date of the permanent revocation, the person may apply to the Division for a license under G.S. 20-28(c) or G.S. 20-28.1(c).

(m) Notification. – The clerk of court shall send a copy of any limited driving privilege issued in the county to the Division. A limited driving privilege that is not authorized by this section or that does not contain the limitations required by law is invalid.

(n) Modification. – A court may modify or revoke a person's limited driving privilege issued under this section upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke the privilege. The judge shall either indicate in the order of modification or revocation the reasons for the order, or make specific findings indicating the reason for the order, and those findings shall be entered in the record of the case. When a court issues an order of modification or revocation, the clerk shall send a copy of the order to the Division.

(o) Effect of Violation. – A violation of a limited driving privilege issued under this section constitutes the offense of driving while license revoked under G.S. 20-28. Whenever a person is charged with operating a motor vehicle in violation of the limited driving privilege, the limited driving privilege shall be suspended pending the final disposition of the charge."

SECTION 2. G.S. 7A-305 is amended by adding a new subsection to read:

"(a3) In every petition to obtain a limited driving privilege filed under G.S. 20-20.1, a cost of one hundred dollars ($100.00) shall be assessed against the person filing the petition. Costs collected by the clerk under this subsection shall be remitted to the State Treasurer. The State Treasurer shall credit one-half of the assessed cost to the Highway Fund and the remaining one-half of the assessed cost to the Court Information Technology Fund established under G.S. 7A-343.2. Costs assessed under this subsection shall be in addition to any other costs assessed under this section."

SECTION 3. This act becomes effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Department; Department of Transportation

EFFECTIVE DATE: December 1, 2007.

BILL SUMMARY: Enacts new G.S. 20-20.1, permitting the issuance of limited driving privileges to persons whose NC drivers license is permanently revoked under GS 20-28(a) or 20-28.1. Sets out the standards under which limited driving privileges may be authorized and conditions that make a person ineligible for limited driving privileges. Limits the purposes for which limited driving privileges may be authorized to (1) travel to and from person's employment and in the course of employment, (2) necessary maintenance of the person's household, and (3) emergency medical care for the person or an immediate family member living in same household. Establishes standards for each purpose permitted, and requires a person applying for limited driving privileges to show proof of financial responsibility. Provides that the term of the limited driving privileges is one year. Amends GS 7A-305 to establish costs ($100) to be charged in a motion to obtain limited driving privileges. Effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.
Source: Bill Digest S.B. 758 (03/13/0200).

ASSUMPTIONS AND METHODOLOGY:

I. Issuance of Limited Driving Privileges:

Under current law, the court may grant a limited driving privilege for a person whose license is permanently revoked, after serving three years of the revocation. This bill would provide limited driving privileges for a person who is permanently revoked under G.S. 20-28(a) or G.S. 20- 28.1, after serving two years of the revocation. Specifically, S.B. 758 would amend the statute, effective December 1, 2007 to allow limited driving privileges for a person whose North Carolina drivers license is permanently revoked and who meets certain conditions specified in the bill.

The permissible purposes for limited driving privilege are travel related to 1) employment; 2) necessary household maintenance; and 3) emergency medical care for the driver or an immediate family member. To obtain limit driving privileges, a person would have to file a civil petition in court in the county of residence as reflected by the Division of Motor Vehicles' records. At the end of the 12-month limited driving period or three years from the date of the permanent revocation, the person would be eligible to apply for a drivers license. S.B. 758 also amends G.S. 7A-305A to add new subsection (a3), establishing a $100 fee assessed against the person filing the petition in civil court. This assessment is remitted to the State Treasurer, who shall credit one-half of the proceeds to the Highway Fund and the remaining half to the Court Technology Fund.

Staff from the Division of Motor Vehicles (DMV) indicates that 4,897 persons currently meet the conditions specified in S.B. 758 and would be eligible to apply for limited driving privileges when the bill goes into effect. The Administrative Office of the Courts (AOC) does not maintain records on the annual number of convictions that result in permanent revocation of driving privileges; therefore, there is no data available to the Fiscal Research Division (FRD) to estimate the number of persons that would become eligible to apply for limited driving privileges in future years.

For the purpose of preparing this fiscal estimate, FRD assumed that the number of persons eligible to apply for limited driving privileges on December 1, 2007 (4,897) would be approximately the same over future years. Using this assumption, FRD estimates that 5,000 persons would file a civil petition for limited driving privileges and pay the $100 fee, generating a total of $500,000. Of this total, $250,000 would be credited to the Highway Fund and the remaining $250,000 would be credited to the AOC Court Technology Fund. This estimate is presumed to be high, since the figure includes all persons whose licenses have been revoked and are eligible within the current

three year window. It is not known exactly how many persons would be eligible to petition for limited driving privileges on an annual basis.

Judicial

Currently (G.S. 20 -179.3) limited driving privileges (for certain offenses) are issued in criminal court. People who would qualify under SB 758 would apply for a limited privilege by filing a civil action in district court in the county of residence as reflected in DMV records. A person who complies with the requirements of the limited driving privilege under this section may apply through the court for an order showing compliance and, if granted, the Clerk of Court would send a copy to DMV for reinstatement of the person's drivers license. The bill also provides for modification of the limited driving privilege if circumstances change. For the various orders, the bill requires the judge to enter findings, and clerks to send copies to DMV. AOC staff estimate that each filing would require one hour of a judge's time and 30 minutes of a deputy clerk's. Assuming 5,000 filings annually and that each judge and deputy clerk has 1,302 hours available in the courtroom annually, AOC would need four (4) additional judges and two (2) additional deputy clerks beginning in Fiscal Year 2007-08.

Position	# of Positions	FY07-08 Position Cost	FY07-08 Total Cost	FY 08-09 Position Cost	FY08-09 Total Cost
District Court Judge	4	$ 147,557	$590,228	$136,660	$546,640
Deputy Clerk	2	$39,552	$79,104	$37,480	$74,960
Total	6	$187,109	$ 669,332	$174,140	$621,600

II. Violation of Limited Driving Privilege

By establishing the new limited driving privilege, S.B. 758 also creates a new offense for violation of that privilege (G.S. 20-21(o)). In effect, operation of a motor vehicle in violation of the proposed limited driving privilege constitutes the offense of driving while license revoked under G.S. 20-28, a Class 1 misdemeanor. The defendant's limited driving privilege is suspended until final disposition of the charge; and upon conviction, the offender's license is revoked pursuant to G.S. 20-28.

Department of Correction

Based on the most recent prison population projections and estimated available bed capacity, *there are no surplus prison beds available over the immediate five-year horizon or beyond.* Therefore, any new felony conviction that results in an active sentence will require an additional prison bed.

Class 1 misdemeanants serve their designated terms of incarceration within local jails; therefore, the proposed offense is not expected to impact the state's prison population.[1] The potential impact on local jail populations is unknown.

In FY 2005-06, 20% of Class 1 misdemeanor convictions resulted in active sentences, with an average estimated time served of 31 days. Thus, to the extent that future convictions for the

[1] Active sentences between 1-90 days are served in local jails. The Department of Correction reimburses counties $18 per day for offenders housed longer than 30 days (between 30 and 90). Sentences longer than 90 days are to be served in state prison; however, when bed shortages demand it, the State may lease needed beds from counties.

proposed offense were to result in active sentences longer than 30 days, the Department of Correction could incur some additional costs for county reimbursement. However, given the typical length for Class 1 active sentences, Fiscal Research does not anticipate a significant increase in reimbursements due to this proposal.

Department of Correction: Division of Community Corrections

In FY 2005-06, 80% of Class 1 misdemeanor convictions resulted in either intermediate or community punishments, predominantly special, intensive, or general supervision probation. *Thus, if future convictions for the proposed offenses were to occur, the Division of Community Corrections (DCC) could assume some additional costs for offenders placed under its supervision.* However, it is not known how many offenders would be sentenced to intermediate or community punishments, to which type, or for how long.

Presently, general supervision of intermediate and community offenders by a probation officer costs DCC $1.96 per offender, per day; no cost is assumed for those receiving unsupervised probation, or who are ordered only to pay fines, fees, or restitution. DCC also incurs a daily cost of $0.69 per offender sentenced to the Community Service Work Program. However, the daily cost per offender on intermediate sanction is much higher, ranging from $7.71 to $14.97 depending on the type of sanction. Intensive supervision probation is the most frequently used intermediate sanction, and costs an estimated $14.97 per offender, per day. On average, intensive supervision lasts six-months, with general supervision assumed for a designated period thereafter.

Judicial Branch

The AOC expects that if additional charges for violation of the new limited driving privilege were to arise, the resultant cases would increase court-time requirements, personnel workload, and the costs of case disposal. However, it is not known exactly how many persons might apply for the limited driving privilege, or how many might violate its conditions. AOC data for calendar year 2006 indicates 145,280 charges for DWLR and DWLR in violation of limited driving privilege; but, this data does not distinguish the number of charges related to permanently revoked licenses, or persons eligible for the proposed limited driving privilege.

Presently, court-time costs are an estimated $3,702 per Class 1 misdemeanor trial, and $243 per plea. For illustration, if five percent (250) of all assumed applicants (5,000) were charged with violations per year, and all cases were disposed via plea, the additional court-time required could generate $60,750 in additional costs per year. However, actual costs would likely vary from general example.

The Honorable John H. Kerr, III
North Carolina General Assembly
526 Legislative Office Building
Raleigh, NC 27603-5925

Dear Senator Kerr:

At the most recent meeting of the Executive Committee of the North Carolina Conference of District Attorneys, the Committee voted to continue our support for your forthcoming bill entitled, "Limited Driving Privileges - DWLR Bill."

As you are well aware, there are many reasons for a person's driving privileges to be revoked. Often times, because of employment, family, or emergency obligations, people continue to drive after having their license revoked and then may incur additional violations. This causes a "revolving door" situation from which these same people cannot escape.

The Conference of District Attorneys believes that as long as there are restrictions on the type of revocation, it is appropriate for some of these individuals to obtain a limited driving privilege so that they can continue to meet their obligations. The restrictions that exist in the bill you sponsored last year, especially the exclusion of persons who had their licenses revoked because of impaired driving, were most appropriate.

Please do not hesitate to call if the Conference can be of any assistance to you in your pursuit of this legislation or any other issues.

Sincerely,

Peg Dorer

Committee Clerk Comments:

SENATE FINANCE COMMITTEE
Wednesday, April 18, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, April 18, 2007, in room 544 of the Legislative Office Building. Twenty-six members of the committee were present. Senator David Hoyle presided. Devin Gerney of Wake County and Lizzie McMahan of Morganton served as pages.

S.B. 489 – Lumberton Occupancy Tax.

Senator Weinstein moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Weinstein was then recognized to explain the proposed committee substitute. Susanne Streb, North Carolina Restaurant and Lodging Association lobbyist, spoke in opposition to the bill. Sue Tillman, Lumberton Tourism Development Authority Board member, was recognized to speak in opposition to the bill. Lumberton Mayor, Ray Pennington, was recognized to speak in favor of the bill. Wyatt Johnson, Lumberton City Councilman, was recognized to speak in favor of the bill. Senator Allran moved for a favorable report and the motion carried. A copy of the committee substitute, the bill, the summary, and the fiscal note is attached.

S.B. 417 – Wilkesboro Force Account Labor.

Senator Weinstein moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Goss was recognized to explain the proposed committee substitute. Senator Stevens moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill and the summary is attached.

S.B. 103 – Special Plate for Prostate Cancer Awareness.

Senator Goodall moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Goodall was recognized to explain the bill. Mary Anderson, representing the Prostate Cancer Coalition, was recognized to speak in favor of the bill and answer any questions. Trina Griffin, Research Division attorney, was recognized to further explain the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the fiscal note, the bill and the summary is attached.

S.B. 1199 – Economic Development Modifications.

Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Clodfelter was recognized to explain the proposed committee substitute. Senator Tillman moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, "matching building" information and the summary is attached.

Senator Hoyle recognized the League of Women Voters of Henderson County, who visited the meeting.

The meeting adjourned at 1:35 pm.

Senator Dan Clodfelter, Cochair

Senator David Hoyle, Cochair

Referred to:

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE OCCUPANCY TAX OF THE CITY OF LUMBERTON.

The General Assembly of North Carolina enacts:

SECTION 1. Part IX of Chapter 908 of the 1983 Session Laws, as amended by Chapter 1028 of the 1983 Session Laws, Chapter 935 of the 1987 Session Laws, and Section 2 of S.L. 1997-361, reads as rewritten:

"Section 2. Lumberton Occupancy Tax. (a) Authorization and scope. – The Lumberton City Council may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) [Repealed August 1, 2000.]

(c) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

~~The tax collector may collect any unpaid taxes levied under this section through the use of attachment and garnishment proceedings as provided in G.S. 105-368 for collection of property taxes. The tax collector has the same enforcement powers concerning the tax imposed by this section as does the Secretary of Revenue in enforcing the State sales tax under G.S. 105-164.30.~~

(d) Distribution and use of ~~first three percent (3%)~~ tax revenue. – The City of Lumberton shall, on a quarterly basis, remit sixty percent (60%) of the net proceeds of the ~~first three percent (3%)~~ occupancy tax ~~authorized in subsection (a) of this section~~ to the Lumberton Tourism Development ~~Authority.~~Authority and forty percent (40%) of the net proceeds to the Carolina Civic Center Foundation, Inc. The Authority shall use

at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Lumberton and shall use the remainder for tourism-related expenditures. ~~Of the funds designated for tourism-related expenditures, the Authority shall remit the first one hundred fifteen thousand dollars ($115,000) to the Carolina Civic Center Foundation, Inc., for tourism-related expenditures. The Authority may use no more than twenty-three percent (23%) of the funds remitted to it under this subsection for salaries in carrying out these purposes and may use no more than ten percent (10%) of the funds remitted to it under this subsection for other administrative costs in carrying out these purposes.~~Of the forty percent (40%) remitted to it under this subsection, the Foundation shall use ninety-three percent (93%) for the general operations of the Carolina Civic Center and shall place the remaining funds into a capital reserve for the maintenance, repair, and capital needs of the Carolina Civic Center property and equipment.

(e) [Repealed August 1, 2000.]

(f) The following definitions apply in this section:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed ~~four percent (4%)~~ three percent (3%) of the first five hundred thousand dollars ($500,000) of the gross ~~proceeds.~~proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in ~~a~~ the city ~~by attracting~~or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures."

SECTION 2. Part IX of Chapter 908 of the 1983 Session Laws, as amended by Chapter 1028 of the 1983 Session Laws, Chapter 935 of the 1987 Session Laws, Section 2 of S.L. 1997-361, and Section 1 of this act, reads as rewritten:

"Section 2. Lumberton Occupancy Tax. (a) Authorization and scope. – The Lumberton City Council may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) [Repealed August 1, 2000.]

(c) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

(d) Distribution and use of tax revenue. – The City of Lumberton shall, on a quarterly basis, remit ~~sixty percent (60%) of~~ the net proceeds of the occupancy tax to the Lumberton Tourism Development ~~Authority and forty percent (40%) of the net proceeds to the Carolina Civic Center Foundation, Inc.~~Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Lumberton and shall use the remainder for tourism-related expenditures. ~~Of the forty percent (40%) remitted to it under this subsection, the Foundation shall use ninety-three percent (93%) for the general operations of the Carolina Civic Center and shall place the remaining funds into a capital reserve for the maintenance, repair, and capital needs of the Carolina Civic Center property and equipment.~~

(e) [Repealed August 1, 2000.]

(f) The following definitions apply in this section:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of the gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in the city or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures."

SECTION 3. Section 3 of S.L. 1997-361 reads as rewritten:

"Section 3. Lumberton Tourism Development Authority. (a) Appointment and membership. – When the Lumberton City Council adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a city Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the city, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the city. ~~members' terms of office and for the filling of vacancies on the Authority.~~

~~The Authority shall have eight members appointed by the city council and two ex officio, nonvoting members, as follows:~~

~~(1) Four individuals who own or operate a hotel or motel in the city.~~
~~(2) Four individuals who are currently active in the promotion of travel and tourism in the city.~~
~~(3) The Finance Officer for Lumberton, to serve ex officio.~~
~~(4) A member of the Lumberton City Council, designated by the city council, to serve ex officio.~~

The Lumberton City Council shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for the City of Lumberton shall be the ex officio finance officer of the Authority.

(b) Duties. – The Authority shall expend the net proceeds of the tax levied under Section 2 of this act for the purposes provided in Section 2 of this act. The Authority shall promote travel, tourism, and conventions in the city, sponsor tourist-related events and activities in the city, and finance tourist-related capital projects in the city.

(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the Lumberton City Council on its receipts and expenditures for the preceding quarter and for the year in such detail as the Lumberton City Council may require."

SECTION 4. Section 1 of this act is effective the first day of the first month following enactment of this act. Section 2 of this act becomes effective October 1, 2014. The remainder of this act is effective when it becomes law. The Lumberton City Council has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with this act.

SENATE BILL 489:
Modify City of Lumberton Occupancy Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 18, 2007
Introduced by:	Sen. Weinstein	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S489-CSSVx-14		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 489 would modify how the proceeds of the Lumberton room occupancy tax may be used and makes other administrative changes. The distribution formula for the occupancy tax proceeds does not conform to the occupancy tax guidelines adopted by the House Finance Committee. Specifically, for a period of seven years, only 40% of the net proceeds would be used to promote travel and tourism rather than the 67% required under the guidelines. In addition, 40% of the proceeds would be remitted directly to a private nonprofit, the Carolina Civic Center Foundation, Inc., to be used for its general operations.

CURRENT LAW: The City of Lumberton has authority to levy a 3% room occupancy tax. Robeson County does not have authority to levy a room occupancy tax. The net proceeds of the tax are remitted to the Lumberton Tourism Development Authority. The Tourism Development Authority is comprised of four individuals who own or operate a hotel or motel in the city, four individuals who are currently active in the promotion of travel and tourism in the city, and two ex officio members.[1]

The Authority must use at least two-thirds of the proceeds to promote travel and tourism and must use the remainder for tourism-related expenditures. Of the funds designated for tourism-related expenditures, the first $115,000 must be remitted to the Carolina Civic Center Foundation, Inc. The Authority is limited to using 23% of the proceeds remitted to it for salaries and 10% for other administrative costs.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 489 modifies the distribution formula for the net proceeds of the 3% room occupancy tax as follows:

- Until the year 2014:
  - Sixty percent (60%) of the proceeds would be remitted to the Tourism Development Authority. Of this 60%, at least two-thirds must be used to promote travel and tourism and the remainder must be used for tourism-related expenditures.
  - Forty percent (40%) of the proceeds would be remitted directly to the Carolina Civic Center Foundation, Inc. Of this 40%, ninety-three percent (93%) must be used for general operations and the remainder must be placed in a capital reserve to be used for maintenance, repair, and capital needs of the civic center.
- Beginning in 2014:
  - The proceeds would be distributed in accordance with the uniform guidelines. That is, two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures.

[1] The Lumberton Finance Officer and a member of the Lumberton City Council.

The bill also conforms the remainder of the local act to the uniform guidelines with respect to administrative provisions only. Specifically, it amends the definition of "net proceeds," and it amends the provision relating to the composition of the Tourism Development Authority. Under the current local act, the TDA is comprised of four individuals who own or operate a hotel or motel in the city, four individuals who are currently active in the promotion of travel and tourism, and two ex officio members. The uniform guidelines provide that at least one-third of the members must be affiliated with businesses that collect the tax and at least one-half must be individuals who are currently active in the promotion of travel and tourism.

CONFORMITY WITH OCCUPANCY TAX GUIDELINES: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation (G.S. 153A-155 and G.S. 160A-215). These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association have a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in the statement are similar to the ones established by the House Finance subcommittee in 1993. Based upon this work, the House Finance Committee looks for the inclusion of the following uniform provisions in the occupancy tax bills it considers:

GUIDELINES FOR OCCUPANCY TAX UNIFORM PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions – The term "net proceeds," "promote travel and tourism," and "tourism-related expenditures" are defined as follows: ➢ **Net proceeds** – Gross proceeds less the costs to the city/county of administering and collecting the tax, as determined by the finance officer, not to exceed 3% of the first $500,000 of gross proceeds collected each year and 1% of the remaining gross receipts collected each year. ➢ **Promote travel and tourism** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities. ➢ **Tourism-related expenditures** – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a city/county by attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

This bill does not conform to the guidelines because it does not direct at least two-thirds of the proceeds to be used for tourism promotion and because it remits a portion of the proceeds directly to the Carolina Civic Center Foundation, Inc. rather than to the TDA. Currently, the TDA is directed to remit $115,000 of its tourism-related expenditure funds to the Civic Center Foundation.

EFFECTIVE DATE: The modified distribution formula would become effective the first day of the first month following enactment of the act and remain in place until September 30, 2014. In addition, the City Council would have 30 days from the date the act becomes effective to ensure the membership of the TDA is in compliance with the act. Beginning October 1, 2014, the distribution formula would revert to the formula recommended by the uniform guidelines.

BACKGROUND: Since 1997, a portion of the Lumberton occupancy tax proceeds have provided funding to the Carolina Civic Center Foundation, Inc. Specifically, a flat amount of $115,000 is remitted annually by the TDA to the Foundation for tourism-related expenditures. The City is currently undertaking a $1.5 million renovation of the civic center facility, which includes the Carolina Theatre. The City plans to fund this renovation through a combination of funds pledged by the Foundation,[2] room occupancy tax revenues, and rental fees on utility poles. The City believes the renovation will contribute toward revitalizing the downtown area and creating economic development by offering cultural and artistic events and programming. The City Council unanimously passed a resolution supporting this legislation.

S0489e1-SMSV-CSSVx-14

[2] The Foundation has pledged to pay from its revenues the sum of $15,000 per year for 40 years.

FISCAL IMPACT

Yes () **No (X)** **No Estimate Available ( )**

	FY 2007-08	FY 2008-09	FY 2009-10	FY 2010-11	FY 2011-12
REVENUES:					
City of Lumberton	********See Assumptions and Methodology				**********

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: City of Lumberton

EFFECTIVE DATE: When bill becomes law

BILL SUMMARY:
Senate Bill 489 would:

- Decrease the amount going to TDA for tourism promotion from 67% to 40%
- Increase the amount going to the TDA for the civic center from $115,000 to 40% of occupancy tax revenue
- Increase the amount going to the TDA for tourism related expenses from the remainder of revenues after the first two disbursements to 20% of occupancy tax revenue

ASSUMPTIONS AND METHODOLOGY:

Actual occupancy tax receipts for the city of Lumberton for 2006-07 were $447,590. This figure was grown out over five years using a rate of 3.3% which has been the average historical growth rate for the city over the past eight years. There is no reason to assume total revenues will change only the method that they are distributed. The distribution of occupancy tax revenue under current law and as proposed is as follows:

	2007-08	2008-09	2009-10	2010-11	2011-12
Proposed:					
TDA/Promotion (40%)	$ 184,944	$ 191,047	$ 197,352	$ 203,865	$ 210,592
TDA/Tourism Related (20%)	$ 92,472	$ 95,524	$ 98,676	$ 101,932	$ 105,296
Carolina Civic Center (40%)	$ 184,944	$ 191,047	$ 197,352	$ 203,865	$ 210,592
Total Revenue	$ 462,360	$ 477,618	$ 493,380	$ 509,661	$ 526,480
Current Law					
TDA/Promotion. (67%)	$ 309,782	$ 320,004	$ 330,564	$ 341,473	$ 352,742
TDA/Civic Center (1st $115,000 of remainder)	$ 115,000	$ 115,000	$ 115,000	$ 115,000	$ 115,001
TDA/Tourism Related (remainder)	$ 37,579	$ 42,614	$ 47,815	$ 53,188	$ 58,737
Total Revenue	$ 462,360	$ 477,618	$ 493,380	$ 509,661	$ 526,480

Sponsors:	Senator Weinstein.	
Referred to:	Finance.	

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE OCCUPANCY TAX OF THE CITY OF LUMBERTON.

The General Assembly of North Carolina enacts:

SECTION 1. Part IX of Chapter 908 of the 1983 Session Laws, as amended by Chapter 1028 of the 1983 Session laws and Chapter 935 of the 1987 Session Laws, as it relates to the City of Lumberton only, and Section 2 of Chapter 361 of the 1997 Session Laws, as it relates to the City of Lumberton only, reads as rewritten:

"**Section 2.** Lumberton Occupancy Tax. (a) Authorization and scope. The Lumberton City Council may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) [Repealed August 1, 2000.]

(c) Administration. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

~~The tax collector may collect any unpaid taxes levied under this section through the use of attachment and garnishment proceedings as provided in G.S. 105-368 for collection of property taxes. The tax collector has the same enforcement powers concerning the tax imposed by this section as does the Secretary of Revenue in enforcing the State sales tax under G.S. 105-164.30.~~

(d) Distribution and use of ~~first three percent (3%)~~ tax revenue. The City of Lumberton shall, on a quarterly basis, remit sixty percent (60%) of the net proceeds of the ~~first three percent (3%)~~ occupancy tax ~~authorized in subsection (a) of this section~~ to the Lumberton Tourism Development ~~Authority.~~Authority and forty percent (40%) of the net proceeds to the Carolina Civic Center Foundation, Inc. The Authority shall use

at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Lumberton and shall use the remainder for tourism-related expenditures. ~~Of the funds designated for tourism-related expenditures, the Authority shall remit the first one hundred fifteen thousand dollars ($115,000) to the Carolina Civic Center Foundation, Inc., for tourism-related expenditures. The Authority may use no more than twenty-three percent (23%) of the funds remitted to it under this subsection for salaries in carrying out these purposes and may use no more than ten percent (10%) of the funds remitted to it under this subsection for other administrative costs in carrying out these purposes.~~Of the forty percent (40%) remitted to it under this subsection, the Foundation shall use eighty-three percent (83%) for the general operations of the Carolina Civic Center and shall place the remaining funds into a capital reserve for the maintenance, repair, and capital needs of the Carolina Civic Center property and equipment.

(e) [Repealed August 1, 2000.]

(f) The following definitions apply in this section:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed ~~four percent (4%)~~ three percent (3%) of the first five hundred thousand dollars ($500.000) of the gross ~~proceeds.~~proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in ~~a~~ the city ~~by attracting~~or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures."

SECTION 2. Part IX of Chapter 908 of the 1983 Session Laws, as amended by Chapter 1028 of the 1983 Session laws and Chapter 935 of the 1987 Session Laws, as it relates to the City of Lumberton only, and Section 3 of Chapter 361 of the 1997 Session Laws, as it relates to the City of Lumberton only, and Section 1 of this act, reads as rewritten:

"**Section 2.** Lumberton Occupancy Tax. (a) Authorization and scope. The Lumberton City Council may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

(b) [Repealed August 1, 2000.]

(c) Administration. A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

(d) Distribution and use of tax revenue. The City of Lumberton shall, on a quarterly basis, remit ~~sixty percent (60%) of~~ the net proceeds of the occupancy tax to the Lumberton Tourism Development ~~Authority and forty percent (40%) of the net proceeds to the Carolina Civic Center Foundation, Inc.~~Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Lumberton and shall use the remainder for tourism-related expenditures. ~~Of the forty percent (40%) remitted to it under this subsection, the Foundation shall use eighty-three percent (83%) for the general operations of the Carolina Civic Center and shall place the remaining funds into a capital reserve for the maintenance, repair, and capital needs of the Carolina Civic Center property and equipment.~~

(e) [Repealed August 1, 2000.]

(f) The following definitions apply in this section:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of the gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in the city or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures."

SECTION 3. Part IX of Chapter 908 of the 1983 Session Laws, as amended by Chapter 1028 of the 1983 Session laws and Chapter 935 of the 1987 Session Laws, as it relates to the City of Lumberton only, and Section 3 of Chapter 361 of the 1997 Session Laws, as it relates to the City of Lumberton only, reads as rewritten:

"**Section 3.** Lumberton Tourism Development Authority. (a) Appointment and membership. When the Lumberton City Council adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating a city Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the ~~members' terms of office and for the filling of vacancies on the Authority.~~

~~The Authority shall have eight members appointed by the city council and two ex officio, nonvoting members, as follows:~~

~~(1) Four individuals who own or operate a hotel or motel in the city.~~

~~(2) Four individuals who are currently active in the promotion of travel and tourism in the city.~~

~~(3) The Finance Officer for Lumberton, to serve ex officio.~~

~~(4) A member of the Lumberton City Council, designated by the city council, to serve ex officio.~~membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the city, and at least one-half of the members shall be individuals who are currently active in the promotion of travel and tourism in the city.

The Lumberton City Council shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for the City of Lumberton shall be the ex officio finance officer of the Authority.

(b) Duties. The Authority shall expend the net proceeds of the tax levied under Section 2 of this act for the purposes provided in Section 2 of this act. The Authority shall promote travel, tourism, and conventions in the city, sponsor tourist-related events and activities in the city, and finance tourist-related capital projects in the city.

(c) Reports. The Authority shall report quarterly and at the close of the fiscal year to the Lumberton City Council on its receipts and expenditures for the preceding quarter and for the year in such detail as the Lumberton City Council may require."

SECTION 4. Section 1 of this act is effective the first day of the first month following enactment of this act. Section 2 of this act becomes effective October 1, 2014. The remainder of this act is effective when it becomes law. The Board of Commissioners has 30 days from the date the act becomes effective to ensure that the membership of the Authority is in compliance with this act.

SECTION 1. G.S. 143-135 reads as rewritten:

"**§ 143-135. Limitation of application of Article.**

Except for the provisions of G.S. 143-129 requiring bids for the purchase of apparatus, supplies, materials or equipment, this Article shall not apply to construction or repair work undertaken by the State or by subdivisions of the State of North Carolina (i) when the work is performed by duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned and (ii) when ~~either~~ the total cost of the project, including without limitation all direct and indirect costs of labor, services, materials, supplies and equipment, does not exceed ~~one hundred twenty-five thousand dollars ($125,000) or the total cost of labor on the project does not exceed fifty thousand dollars ($50,000).~~ two million one hundred fifty-two thousand five hundred dollars ($2,152,500). This force account work shall be subject to the approval of the Director of the Budget in the case of State agencies, of the responsible commission, council, or board in the case of subdivisions of the State. Complete and accurate records of the entire cost of such work, including without limitation, all direct and indirect costs of labor, services, materials, supplies and equipment performed and furnished in the prosecution and completion thereof, shall be maintained by such agency, commission, council or board for the inspection by the general public. Construction or repair work undertaken pursuant to this section shall not be divided for the purposes of evading the provisions of this Article."

SECTION 2. This act applies only to the construction of a water pump station and the extension of a waterline to serve a Department of Transportation rest center to be built outside the corporate limits of the Town of Wilkesboro, and to the

replacement of five sewer interceptor lines that will be installed throughout the Town of Wilkesboro.

SECTION 3. This act applies only to the Town of Wilkesboro.

SECTION 4. This act is effective when it becomes law and expires December 30, 2009.

SENATE BILL 417:
Wilkesboro Force Account Labor

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 18,.2007
Introduced by:	Sen. Goss	**Summary by:**	Trina Griffin
Version:	PCS for First Edition S417-CSSV-16		Committee Counsel

SUMMARY: Senate Bill 417 would increase the force account limit for the Town of Wilkesboro with regard to a specific project for the construction of a water pump station, the replacement of five sewer interceptor lines, and the extension of a waterline to serve a Department of Transportation rest center. This act would expire on December 30, 2009. <u>The Proposed Committee Substitute makes one technical change only.</u>

CURRENT LAW: The main competitive bidding requirements for local governments are found in Article 8 of Chapter 143. These statutes apply to the expenditure of public money within established dollar limits and for two categories of contracts: (1) contracts for the purchase of apparatus, supplies, materials, or equipment, and (2) contracts for construction or repair work. The second category (contracts for construction or repair work) includes construction of roads, utilities, buildings, and other infrastructure.

"Force account labor" is the direct use of agency employees, materials, and equipment to do construction or repair work (i.e. using your own forces). There are generally three types of force account expenses: employee labor, including fringe benefits; equipment use or time; and the use of materials from the agency's inventory. Formal bidding for construction or repair work does not apply to work undertaken by the local government when (1) the work is performed by force account qualified labor on the permanent payroll, and (2) either the cost of the project does not exceed $125,000 or the total cost of labor does not exceed $50,000.

BILL ANALYSIS: Senate Bill 417 amends G.S. 143-135 to provide that formal bidding for construction and repair work would not apply to work undertaken by the Town of Wilkesboro on a project to construct a water pump station, to replace five sewer interceptor lines, and to extend a waterline to serve a Department of Transportation rest center to be built outside the corporate limits of the town when (1) the work is performed by force account qualified labor on the payroll, and (2) the total cost of the project does not exceed $2,152,500.

EFFECTIVE DATE: The act would be effective when it becomes law and would expire on December 30, 2009.

BACKGROUND: Since the statute's enactment, there have been several local modifications to it increasing the force account limit. The majority of them have been for certain projects and have expired on a date certain. As originally enacted, the competitive bidding requirements did not apply when force account labor was used and the total cost of the project did not exceed $75,000. In 1995, the limit was increased to$125,000 for the total cost of the project or $50,000 for the total cost of the labor. To date, the highest local modification has been for a total project amount of $860,000 for the construction of a park by the City of Newton and Catawba County. However, there have been two local acts with no limit: one for Alleghany County and the Town of Sparta (for the construction of an electrical power substation and water and sewer line extensions related to the construction and operation of a

manufacturing plant) and one for Fayetteville (for the construction of water and sewer utility projects). Both authorizations have since expired.

[1] The local modification for the City of Monroe does not increase the force account limits. Rather it would exempt the City from the formal bidding requirements under Article 8 of Chapter 143 when the work is performed by force account labor or when the work is performed by appointed agents of the agency using labor crews and equipment leased on a per diem basis pursuant to informal bids under G.S. 143-131.

SENATE BILL 417

Short Title:	Wilkesboro Force Account Labor.	(Local)
Sponsors:	Senator Goss.	
Referred to:	Finance.	

March 1, 2007

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE FORCE ACCOUNT LIMIT FOR THE TOWN OF WILKESBORO.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-135 reads as rewritten:

"**§ 143-135. Limitation of application of Article.**

Except for the provisions of G.S. 143-129 requiring bids for the purchase of apparatus, supplies, materials or equipment, this Article shall not apply to construction or repair work undertaken by the State or by subdivisions of the State of North Carolina (i) when the work is performed by duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned and (ii) when either the total cost of the project, including without limitation all direct and indirect costs of labor, services, materials, supplies and equipment, does not exceed ~~one hundred twenty-five thousand dollars ($125,000) or the total cost of labor on the project does not exceed fifty thousand dollars ($50,000).~~ two million one hundred fifty-two thousand five hundred dollars ($2,152,500). This force account work shall be subject to the approval of the Director of the Budget in the case of State agencies, of the responsible commission, council, or board in the case of subdivisions of the State. Complete and accurate records of the entire cost of such work, including without limitation, all direct and indirect costs of labor, services, materials, supplies and equipment performed and furnished in the prosecution and completion thereof, shall be maintained by such agency, commission, council or board for the inspection by the general public. Construction or repair work undertaken pursuant to this section shall not be divided for the purposes of evading the provisions of this Article."

SECTION 2. This act applies only to the construction of a water pump station and the extension of a waterline to serve a Department of Transportation rest center to be built outside the corporate limits of the Town of Wilkesboro, and to the replacement of five sewer interceptor lines that will be installed throughout the Town of Wilkesboro.

SECTION 3. This act applies only to the Town of Wilkesboro.

SECTION 4. This act is effective when it becomes law and expires December 30, 2009.

Referred to:

February 12, 2007

A BILL TO BE ENTITLED

AN ACT TO ELIMINATE THE REQUIREMENT OF THREE HUNDRED APPLICATIONS BEFORE THE DIVISION OF MOTOR VEHICLES IS AUTHORIZED TO PRODUCE THE GOLD STAR SPECIAL PLATE; TO CHANGE THE RECIPIENT OF FUNDS FROM THE OMEGA PSI PHI SPECIAL PLATE FROM THE UNITED NEGRO COLLEGE FUND, INC. TO THE CAROLINA UPLIFT FOUNDATION, INC. TO BE USED FOR YOUTH ACTIVITY AND SCHOLARSHIP PROGRAMS; TO ELIMINATE THE ADDITIONAL FEE AMOUNT FOR THE BREAST CANCER AWARENESS PLATE; AND TO AUTHORIZE THE DIVISION OF MOTOR VEHICLES TO ISSUE THE FOLLOWING NEW SPECIAL REGISTRATION PLATES: PROSTATE CANCER AWARENESS, JUVENILE DIABETES RESEARCH, BREAST CANCER EARLIER DETECTION, AND HOSPICE CARE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-63(b) reads as rewritten:

"(b) Every license plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, the name of the State of North Carolina, which may be abbreviated, and the year number for which it is issued or the date of expiration. A plate issued for a commercial vehicle, as defined in G.S. 20-4.2(1), and weighing 26,001 pounds or more, must bear the word "commercial," unless the plate is a special registration plate authorized in G.S. 20-79.4 or the commercial vehicle is a trailer or is licensed for 6,000 pounds or less. The plate issued for vehicles licensed for 7,000 pounds through 26,000 pounds must bear the word "weighted".

Except as otherwise provided in this subsection, a registration plate issued by the Division for a private passenger vehicle or for a private hauler vehicle licensed for 6,000 pounds or less shall be a "First in Flight" plate. A "First in Flight" plate shall have the words "First in Flight" printed at the top of the plate above all other letters and numerals. The background of the plate shall depict the Wright Brothers biplane flying

over Kitty Hawk Beach, with the plane flying slightly upward and to the right. The following special registration plates do not have to be a "First in Flight" plate. The design of the plates that are not "First in Flight" plates must be approved by the Division and the State Highway Patrol for clarity and ease of identification.

(1) Friends of the Great Smoky Mountains National Park.
(2) Rocky Mountain Elk Foundation.
(3) Blue Ridge Parkway Foundation.
(4) Friends of the Appalachian Trail.
(5) NC Coastal Federation.
(6) In God We Trust.
(7) Stock Car Racing Theme.
(8) Buddy Pelletier Surfing Foundation.
(9) Guilford Battleground Company.
(10) National Wild Turkey Federation.
(11) North Carolina Aquarium Society.
(12) First in Forestry.
(13) North Carolina Wildlife Habitat Foundation.
(14) NC Trout Unlimited.
(15) Ducks Unlimited.
(16) Lung Cancer Research.
(17) NC State Parks.
(18) Support Our Troops.
(19) US Equine Rescue League.
(20) Fox Hunting.
(21) Hospice Care."

SECTION 2. G.S. 20-79.4(b) reads as rewritten:

"(b) Types. – The Division shall issue the following types of special registration plates:

...

(15a) Breast Cancer Earlier Detection. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Friends for An Earlier Breast Cancer Test."

...

(54) Gold Star Lapel Button. – Issuable to the recipient of the Gold Star lapel button. The plate shall bear the emblem of the Gold Star lapel button and the words "Gold Star". ~~The Division may not issue the plate authorized by this subdivision unless it receives at least 300 applications for the plate.~~"

...

(58a) Hospice Care. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Hospice Care" and the letters "HC" on the right side of the plate.

...

(61a) Juvenile Diabetes Research Foundation. – Issuable to the registered owner of a motor vehicle in accordance with G.S. 20-81.12. The plate shall bear the phrase "Juvenile Diabetes Research" and the "sneaker" logo of the nonprofit group Juvenile Diabetes Research Foundation International, Inc.

...

(100a) Prostate Cancer Awareness. – Issuable to the registered owner of a motor vehicle. The plate shall bear the phrase "Prostate Cancer Awareness" and a representation of a blue ribbon. The Division must receive 300 or more applications for the plate before it may be developed.

..."

SECTION 3. G.S. 20-79.7(a) reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of a Legion of Valor award, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Legion of Valor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

SECTION 5.(a) G.S. 20-81.12(b14) reads as rewritten:

"(b14) Omega Psi Phi Fraternity Plates. – The Division must receive 300 or more applications for an Omega Psi Phi Fraternity plate and receive any necessary licenses, without charge, from Omega Psi Phi Fraternity, Incorporated, before the plate may be developed. The Division ~~shall~~ must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Omega Psi Phi Fraternity plates to ~~the United Negro College Fund, Inc., through the Winston-Salem Area Office for the benefit of UNCF colleges in this State.~~the Carolina Uplift Foundation, Inc., for youth activity and scholarship programs."

SECTION 5.(b) This section becomes effective July 1, 2007, and applies to fees transferred from the Collegiate and Cultural Attraction Plate Account on or after that date.

SECTION 6. G.S. 20-81.12 is amended by adding the following new subsections to read:

"(b62) Hospice Care. – The Division must receive 300 or more applications for the Hospice Care plate before the plate may be developed. The Division must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Hospice Care plates to The Carolinas Center for Hospice and End of Life Care for its programs in support of hospice care in North Carolina.

(b63) Breast Cancer Earlier Detection. – The Division must receive 300 or more applications for a Breast Cancer Earlier Detection plate before the plate may be developed. The Division must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Breast Cancer Earlier Detection plates to the Friends for An Earlier Breast Cancer Test, Inc., to support services to detect breast cancer earlier.

(b64) Juvenile Diabetes Research Foundation. – The Division must receive 300 or more applications for the Juvenile Diabetes Research Foundation plate before the plate may be developed. The Division must transfer quarterly the money in the Collegiate and Cultural Attraction Plate Account derived from the sale of Juvenile Diabetes Research Foundation plates to the Triangle Eastern North Carolina Chapter of the Juvenile Diabetes Research Foundation International, Inc., to provide funding for research to cure diabetes. The Foundation must distribute the amount it receives to all Juvenile Diabetes Research Foundation, Inc., chapters located in the State in equal shares."

SECTION 7.(a) G.S. 20-79.7(a), as enacted by Section 3 of this act, reads as rewritten:

"(a) Fees. – Upon request, the Division shall provide and issue free of charge one registration plate to a recipient of a Legion of Valor award, a 100% disabled veteran, and an ex-prisoner of war. All other special registration plates, including additional Legion of Valor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to

the regular motor vehicle registration fee in G.S. 20-87 or G.S. 20-88 plus an additional fee in the following amount:

Special Plate	Additional Fee Amount

SECTION 7.(c) G.S. 20-81.12(b53) is repealed.

SECTION 7.(d) G.S. 20-79.4(b)(15) reads as rewritten:

"(15) Breast Cancer Awareness. – Issuable to the registered owner of a motor ~~vehicle in accordance with G.S. 20-81.12.~~ vehicle. The plate shall bear the phrase "Early Detection Saves Lives" and a representation of a pink ribbon. The Division must receive 300 or more applications for the plate before it may be developed."

SECTION 7.(e) This section becomes effective October 1, 2007, and any funds remaining in the Collegiate and Cultural Attraction Plate Account on that date that are derived from sales of the Breast Cancer Awareness plate must be transferred to the 'Friends for An Earlier Breast Cancer Test, Inc.'

SECTION 8. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 103:
Various Special License Plates
f/k/a Special Plate for Prostate Cancer Awareness

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 18, 2007
Introduced by:	Sen. Goodall	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S103-CSSVf-15		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 103 does the following:

- ***It authorizes the Division of Motor Vehicles to develop four new special registration plates.***
- ***It eliminates the requirement of 300 applications before DMV is authorized to produce the Gold Star special plate.***
- ***It changes the recipient of funds from the Omega Psi Phi special plate from the United Negro College Fund to the Carolina Uplift Foundation for youth activity and scholarship programs.***
- ***It eliminates the additional fee amount for the Breast Cancer Awareness plate, effective October 1, 2007. However, this bill also authorizes a new special plate for 'Breast Cancer Earlier Detection', which will require the same additional fee amount to be directed to the same organization as under current law.***

CURRENT LAW: The Division of Motor Vehicles is authorized to issue more than 164 special license plates. As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a $10 special registration plate fee.[1] The Division may issue one free registration plate to a recipient of the Legion of Valor[2] award, a 100% disabled veteran, or an ex-prisoner of war. All other special registration plates, including additional Legion of Valor, 100% Disabled Veteran, and Ex-Prisoner of War plates, are subject to the regular motor vehicle registration fee of $28 and the additional special registration plate fee of $10.

The $10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, $1,000,000 is annually appropriated to provide operating assistance for ten Visitor Centers.[3] The Centers are located in Brunswick, Camden, Carteret, Caswell, Columbus, Macon, McDowell, Transylvania, Tyrell, and Watauga Counties.[4] The remaining revenue in the account is transferred quarterly to the Department of Commerce for advertising (33%), the Department of Transportation for highway beautification (50%), and the Department of Human Resources to promote travel accessibility for disabled persons (17%).

The cost of some special plates includes a fee in addition to the $10 special registration plate fee. In those instances, the first $10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries of the additional fee amount.

---

[1] Aside from the three plates available free of charge, three special registration plates are exempt from the $10 special plate fee: active member of the National Guard, Purple Heart Recipient, and the Silver Star Recipient.

[2] The Legion of Valor plate is issuable to a recipient of one of the following: Congressional Medal of Honor, Distinguished Service Cross, Navy Cross, or Air Force Cross.

[3] There are 12 Visitors' Centers. The two centers that do not receive State funding are located in Dare County.

[4] Each Visitor's Center receives $100,000.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 103 contains the following:

I. Authorization of New Special Registration Plates

The bill authorizes the Division of Motor Vehicles to issue four new special registration plates. All of the plates authorized must meet the 300 minimum plate requirement[5] and all of the plates authorized require the $10 special registration plate fee that is credited to the Special Registration Plate Account. The bill further provides that the Hospice Care plate would not have to be a 'First in Flight' plate.[6]

The following chart details the plates authorized by this bill, the cost of each plate, and how the additional revenues derived from the plates, if any, will be distributed and used.

Purposes	Fee in Addition to $10 Special Plate Fee
Prostate Cancer Awareness. – The plate would bear the phrase 'Prostate Cancer Awareness' and a representation of a blue ribbon. ***Sponsor:*** *Sen. Goodall (SB 103)*	**None**
Juvenile Diabetes Research. – The plate would bear the phrase 'Juvenile Diabetes Research' and the sneaker logo of the nonprofit group Juvenile Diabetes Research Foundation International, Inc. The proceeds from the additional fee would be transferred to the Triangle Eastern North Carolina Chapter of the Juvenile Diabetes Research Foundation International, Inc. to provide funding for research to cure diabetes. The funds would then be divided equally among all Juvenile Diabetes Research Foundation chapters located in the State. ***Sponsor:*** *Sen. Hagan (SB 289)*	**$10.00**
Breast Cancer Earlier Detection. – In 2003, the General Assembly authorized the Breast Cancer Awareness plate. In 2005, an additional $10 was required for the plate[7] with the proceeds being transferred to the 'Friends for An Earlier Breast Cancer Test, Inc.' to support services to detect breast cancer earlier. This new special registration plate would bear the phrase 'Friends for An Earlier Breast Cancer Test.' The additional fee would be used for the same purpose as under the current law for the Breast Cancer Awareness plate. ***Sponsor:*** *Sen. Hagan and Rep. Alexander*	**$10.00**
Hospice Care. – The plate would bear the phrase 'Hospice Care' and the letters 'HC' on the right side of the plate. It would not be required to have the 'First in Flight' background. The proceeds from the additional fee would be transferred to The Carolinas Center for Hospice and End of Life Care for its programs in support of hospice care in North Carolina. ***Sponsor:*** *Sen. Snow (SB 857)*	**$20.00**

II. Elimination of 300 Application Requirement for Gold Star Plate

In 2006, the General Assembly authorized the issuance of a Gold Star special registration plate to a person who is a recipient of the Gold Star lapel button. The plate is subject to the regular motor vehicle registration fee of $28 and the additional special registration plate fee of $10. DMV must receive 300 applications before the plate will be developed. This bill would eliminate that requirement. There are at

[5] There are 123 organizations trying to obtain the 300 minimum plate applications. Some of the organizations have been trying to meet this minimum number since 1992.

[6] The design of plates that are not 'First in Flight' plates must be approved by the Division and the State Highway Patrol for clarity and ease of identification. G.S. 20-63(b).

[7] The plate was already subject to the special registration plate fee of $10 that goes to the Special Registration Plate Account. The additional fee enacted in 2005 brought the total additional fee to $20.

least 26 plates that do not require 300 applications. However, many of these exceptions are due to the fact that there are not 300 members of the particular class or group for which the plate is designed, such as for certain State government officials.

The Gold Star lapel button was established by an act of Congress to provide an appropriate identification for widows, widowers, parents, and next of kin (defined as children, siblings, and half-siblings) of members of the United States Armed Forces who lost their lives during World War I, World War II, or other armed conflicts in which the United States was engaged. The North Carolina Division of Veterans' Affairs estimates that approximately 10,000-15,000 North Carolinians lost their lives during service dating from World War I through current day. Approximately 9,500 of those persons were killed in action.

III. Change to Proceeds of Omega Psi Phi Plate

In 2000, the General Assembly authorized DMV to issue a special registration plate bearing the fraternity's symbol and name. The plate is subject to an additional $20 fee, the proceeds of which are transferred to the United Negro College Fund for the benefit of UNCF colleges in this State. As of December 2006, there were approximately 507 active Omega Psi Phi plates.

Section 5 of the Proposed Committee Substitute would change the recipient of funds derived from sales of the plate to the Carolina Uplift Foundation, Inc. for youth activity and scholarship programs.

IV. Elimination of Additional Fee for Breast Cancer Awareness Plate

In 2003, the General Assembly authorized the Breast Cancer Awareness plate. At the time of its enactment, the plate was subject only to the regular motor vehicle registration fee of $28 and the additional special registration plate fee of $10. In 2006, Senator Hagan introduced Senate Bill 1202. That bill authorized a second special plate for 'Breast Cancer Earlier Detection' and imposed an additional $10 fee for the plate, the proceeds of which were to be transferred to 'Friends for An Earlier Breast Cancer Test, Inc.' to support services to detect breast cancer earlier. The legislation enacted in 2006 increased the fee for the existing breast cancer awareness special plate rather than create a second plate.[8] However, it has since been determined that it was the intent of the interested groups requesting the bills that there be two different special plates relating to the early detection of breast cancer. This part of the bill amends the law to reflect the original intent of the sponsors of the two breast cancer awareness special plates.

This bill authorizes a second special plate for 'Breast Cancer Earlier Detection'. This new plate will be subject to the 300 application requirement and will be subject to the $10 special registration plate fee as well as an additional $10 fee. The proceeds of the additional $10 fee will go to 'Friends for An Earlier Breast Cancer Test, Inc.' to support services to detect breast cancer earlier. Since this new plate will provide funding to the same organization as the Breast Cancer Awareness plate, Section 7 of the bill repeals the additional fee for the Breast Awareness plate, effective October 1, 2007.

EFFECTIVE DATE: The change to the recipient of funds from the Omega Psi Phi special plate would become effective July 1, 2007, and would apply to transfers of fees derived from the sales of the Omega Psi Phi special plates on or after that date. The repeal of the additional $20 fee for the Breast Cancer Awareness plate would become effective October 1, 2007. The remainder of the act would become effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2007

Legislative Fiscal Note

BILL NUMBER: Senate Bill 103 (First Edition)

SHORT TITLE: Special Plate for Prostate Cancer Awareness.

SPONSOR(S): Senator Goodall

FISCAL IMPACT

Yes ( ) **No ( )** **No Estimate Available (X)**

	FY 2007-08	FY 2008-09	FY 2009-10	FY 2010-11	FY 2011-12
REVENUES					
General Fund	**No Impact to General Fund**				
Dept. Motor Vehicles	**See Assumptions and Methodology**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Motor Vehicles

EFFECTIVE DATE: When law.

BILL SUMMARY:

The Proposed Committee Substitute for Senate Bill 103 does the following:

- It authorizes the Division of Motor Vehicles to develop five new special registration plates.
- It eliminates the requirement of 300 applications before DMV is authorized to produce the Gold Star special plate.
- It changes the recipient of funds from the Omega Psi Phi special plate from the United Negro College Fund to the Carolina Uplift Foundation for youth activity and scholarship programs.
- It eliminates the additional fee amount for the Breast Cancer Awareness plate. However, this bill also authorizes a new special plate for 'Breast Cancer Early Detection' that will require the same additional fee amount, which will be directed to the same organization as under current law.

ASSUMPTIONS AND METHODOLOGY:
The Omega Psi Phi Plate changes the recipient of funds and therefore has no net impact on revenues.

The Gold Star Plate eliminates the minimum number of applicants necessary before issuance and therefore has no net impact on revenues.

The Breast Cancer Awareness Plate is in addition to an existing plate which does not contain additional pass through fees designated for the specified cause. The applicants will have the choice whether to purchase the plate with or the plate without the fee. Fiscal Research has no means to determine how many applicants will elect to pay the additional fee.

The Prostate Cancer Awareness Plate is new and will require the $10 special registration fee with no additional fee. Fiscal Research has means to determine how many individuals will apply for this plate.

The Juvenile Diabetes Research Plate is new and will require the $10 special registration fee as well as a $20 pass through fee. Fiscal Research has means to determine how many individuals will apply for this plate.

The Hospice Care Plate is new and will require the $10 special registration fee as well as a $30 pass through fee. Fiscal Research has means to determine how many individuals will apply for this plate.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY PROVISIONS IN THE LOCAL DEVELOPMENT ACT, TO CLARIFY URBAN PROGRESS ZONES AND AGRARIAN GROWTH ZONES, TO ALLOW MORE THAN ONE AGRARIAN GROWTH ZONE IN A COUNTY, TO CLARIFY WHEN THE LAST REPORT IS DUE FOR THE REPEALED LEE ACT CREDITS, AND TO MAKE TECHNICAL CHANGES CONCERNING THE TAX CREDITS FOR GROWING BUSINESSES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 158-7.1(b)(4) reads as rewritten:

"(b) A county or city may undertake the following specific economic development activities. (This listing is not intended to limit by implication or otherwise the grant of authority set out in subsection (a) of this section). The activities listed in this subsection may be funded by the levy of property taxes pursuant to G.S. 153A-149 and G.S. 160A-209 and by the allocation of other revenues whose use is not otherwise restricted by law.

...

(4) A county or city may ~~acquire or construct one or more "shell buildings", which are structures of flexible design adaptable for use by a variety of industrial or commercial businesses. A county or city may convey or lease a shell building or space in a shell building pursuant to subsection (c) of this section.~~acquire, construct, convey, or lease a building suitable for industrial or commercial use."

SECTION 2. G.S. 143B-437.09(a) reads as rewritten:

"(a) Urban Progress Zone Defined. – An urban progress zone is an area that meets all of the following conditions:

(1) It is comprised of part or all of one or more contiguous census tracts, census block groups, or both, ~~or parts thereof,~~ in the most recent

federal decennial ~~census that meets all conditions in this subsection.~~census.

~~(1)~~(2) All ~~land within the zone~~ of the area is located in whole within the primary corporate limits of a municipality with a population ~~of more than~~ in excess of 10,000 according to the most recent annual population estimates certified by the State Budget Officer.

~~(2)~~(3) Every census tract and census block group that ~~composes part of the zone~~ comprises the area meets ~~at least~~ one of the following conditions:

a. ~~More~~ It has a population that meets the poverty level threshold. The population of a census tract or census block group meets the poverty level threshold if more than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

b. ~~At~~ It is located adjacent to a census tract or census block group whose population meets the poverty level threshold and at least fifty percent (50%) of the ~~area of the portion that is within the primary corporate limits of the municipality~~ part of it that is included in the area is zoned as ~~nonresidential and the census tract or census block group is adjacent to a census tract or block group of which at least twenty percent (20%) of the population is below the poverty level.~~nonresidential. No more than thirty-five percent (35%) of the area of a zone may consist of census tracts or census block groups that meet this condition.

~~(3) The area of the zone zoned as nonresidential does not exceed thirty-five percent (35%) of the total area of the zone.~~"

SECTION 3. G.S. 143B-437.10 reads as rewritten:

"§ 143B-437.10. Agrarian growth zone designation.

(a) Agrarian Growth Zone Defined. – An agrarian growth zone is an area that meets all of the following conditions:

(1) It is comprised of one or more contiguous census tracts, census block groups, or both, in the most recent federal decennial ~~census that meets all conditions in this subsection. A county may have no more than one agrarian growth zone.~~ census.

~~(1)~~(2) All ~~land within the zone~~ of the area is located in whole within a county that has no municipality with a population in excess of ~~10,000.~~10,000 according to the most recent annual population estimates certified by the State Budget Officer.

~~(2)~~(3) Every census tract and census block group that ~~composes part of the zone~~comprises the area has more than twenty percent (20%) of its population below the poverty level according to the most recent federal decennial census.

~~(3) The area of the zone less the smallest census tract included in the zone does not exceed five percent (5%) of the total area of the county in which the zone is located.~~

(b) Limitation and Designation. – The area of a county that is included in one or more agrarian growth zones shall not exceed five percent (5%). Upon application of a county, the Secretary of Commerce shall make a written determination whether an area is an agrarian growth zone that satisfies the conditions ~~and limitations~~ of subsection (a) of this section. The application shall include all of the information listed in this subsection. A determination under this section is effective until December 31 of the year following the year in which the determination is made. The Department of Commerce shall publish annually a list of all ~~urban progress~~ agrarian growth zones with a description of their boundaries.

(1) A map showing the census tracts and block groups that would comprise the zone.

(2) A detailed description of the boundaries of the area that would comprise the zone.

(3) A certification regarding the size of the proposed zone.

(4) Detailed census information on the county and the proposed zone.

(5) A resolution of the board of county commissioners requesting the designation of the area as an agrarian growth zone.

(6) Any other material required by the Secretary of Commerce.

(c) Parcel of Property Partially in Agrarian Growth Zone. – For the purposes of this section, a parcel of property that is located partially within an agrarian growth zone is considered entirely within the zone if all of the following conditions are satisfied:

(1) At least fifty percent (50%) of the parcel is located within the zone.

(2) The parcel was in existence and under common ownership prior to the most recent federal decennial census.

(3) The parcel is a portion of land made up of one or more tracts or tax parcels of land that is surrounded by a continuous perimeter boundary."

SECTION 4. G.S. 105-129.2A(d) reads as rewritten:

"(d) Report. – The Department of Commerce shall report the results of these studies and its recommendations to the General Assembly biennially with the first report due by April 1, ~~2001.~~2001 and the last report due by June 1, 2007."

SECTION 5. Section 1.5 of S.L. 2006-252 reads as rewritten:

"**SECTION 1.5.** Section 1.1 of this part is effective for taxable years beginning on or after January 1, ~~2007.~~2007, and for business activities that occur on or after January 1, 2007. The remainder of this part is effective when it becomes law."

SECTION 6. This act is effective when it becomes law.

SENATE BILL 1199:
Economic Development Modifications

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 18, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S1199-CSSVx-8		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 1199 does the following:

- ***Clarifies in the Local Development Act a local government's authority to acquire, construct, convey, or lease buildings for industrial or commercial use.***
- ***Clarifies certain criteria for urban progress zones.***
- ***Amends the provision providing how population is determined for agrarian growth zones and allows more than one agrarian growth zone in a county.***
- ***Requires a final Bill Lee Act report by the Department of Commerce on June 1, 2007, which is consistent with the Act's repeal.***
- ***Clarifies the effective date for tax credits available under the new Article 3J, Tax Credits for Growing Businesses.***

CURRENT LAW & BILL ANALYSIS:

Section 1: Authority to Acquire, Construct, Convey, or Lease Certain Buildings

The Local Development Act of 1925 authorizes counties and cities to undertake specific economic development activities to be funded by the levy of property taxes and by the allocation of other revenues whose use is not otherwise restricted by law. Among those activities is the acquisition, construction, conveyance, or lease of "shell buildings," which are structures of flexible design adaptable for use by a *variety* of industrial or commercial businesses.

In light of a concern that the term "shell building" implies or is limited to buildings for general, nonspecific use only, this section eliminates that term. It clarifies that a local government may acquire, construct, convey, or lease any building for industrial or commercial use, regardless of whether the local government has a specific business entity in mind when it acquires, constructs, conveys, or leases a building.

Section 2: Clarification of Criteria for Urban Progress Zones

As mentioned above, Article 3J provides enhanced tax credits in "urban progress zones," which were designed to replace the development zones adopted under the Bill Lee Act. Development zones were intended to be areas of high poverty within cities. Over the years, it became clear that the development zones often included areas that were neither high poverty nor particularly urban. Under Article 3J, the intent is for UP zones to be more narrowly focused and subject to more stringent guidelines with respect to poverty.

An urban progress zone is an area comprised of one or more contiguous census tracts, census block groups, or both, or parts thereof, in the most recent federal decennial census that meets all of the following conditions:

(1) All land within the zone is located in whole within the primary corporate limits of a municipality with a population of more than 10,000 according to the most recent annual population estimates certified by the State Budget Officer.

(2) Every census tract and census block group that composes part of the zone meets at least one of the following conditions:

a. More than twenty percent (20%) of its population is below the poverty level according to the most recent federal decennial census.

b. At least fifty percent (50%) of the area of the portion that is within the primary corporate limits of the municipality is zoned as nonresidential and the census tract or census block group is adjacent to a census tract or block group of which at least twenty percent (20%) of the population is below the poverty level.

(3) The area of the zone zoned as nonresidential does not exceed thirty-five percent (35%) of the total area of the zone.

The current wording states that the area zoned as nonresidential may not exceed 35% of the total area of the zone. However, the original intent was not to limit zones to only those areas that have less than 35% nonresidential development, but rather to restrict the size of the zone that did not meet the poverty requirements. According to the Department of Commerce, the current wording makes it very difficult to create a workable zone, and they have requested that the statute be revised to more accurately reflect the original intent when the act passed last year.

Under the bill, that portion of the zone which is required to be at least 50% nonresidential and be adjacent to a tract or block group of which at least 20% of the population is at or below poverty level, cannot exceed 35% of the total area of the zone. Section 2 also rewrites the definition for clarity.

Section 3: Agrarian Growth Zone Changes

In 2006, the General Assembly created a new package of State tax incentives to replace the Bill Lee Act for most taxpayers. As part of that package, the new Article 3J replaced development zones with urban progress (UP) zones and created a new type of zone called an agrarian growth (AG), which provides those areas with the same benefits provided to UP zones.

An AG zone must satisfy all of the following conditions:

1. It must be composed of contiguous census tracts or block groups located within a single county **that does not have any municipality with a population in excess of 10,000.**
2. Each census tract or block group in the zone must have more than 20% of its population below the poverty level.
3. The area of the zone, less its smallest census tract, may not exceed 5% of the total area of the county.

Section 3 would specify that the population estimate must be based on the most recent annual population estimates certified by the State Budget Officer. This is the same basis for determining population for qualification as an UP zone. This change would make the two statutes consistent with regard to determining population. Section 3 also removes the restriction that a county have no more than one agrarian growth zone, but maintains the overall 5% cap. That is, the area of a county included in one or more agrarian growth zones may not exceed 5%.

Section 4: Final Bill Lee Act Report by Department of Commerce

The Department of Commerce is required to make biennial reports on tax equity and the impact of the Bill Lee Act. With limited exception applicable to four specific industries, the Bill Lee Act is repealed

effective for business activities that occur on or after January 1, 2007. Section 4 of the bill requires the Department of Commerce to provide a final report on June 1, 2007. Since there are only a few specific businesses that may continue to take Bill Lee credits until 2010, an study of those credits after 2007 would not be representative of the credits' impact or equity.

Section 5: Clarify Effective Date of Article 3J

The repeal of the Bill Lee Act applies to "business activities" occurring on or after January 1, 2007. The effective date of Article 3J, Tax Credits for Growing Businesses, is for "taxable years" beginning on or after January 1, 2007. Section 5 of the bill clarifies the effective date for Article 3J to avoid any possible gap where, for example, a business with its taxable year beginning on July 1 engaged in otherwise eligible "business activities" after January 1, 2007.

EFFECTIVE DATE: This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY PROVISIONS IN THE LOCAL DEVELOPMENT ACT AND THE POPULATION REQUIREMENTS FOR AGRARIAN GROWTH ZONES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 158-7.1(b)(4) reads as rewritten:

"(b) A county or city may undertake the following specific economic development activities. (This listing is not intended to limit by implication or otherwise the grant of authority set out in subsection (a) of this section). The activities listed in this subsection may be funded by the levy of property taxes pursuant to G.S. 153A-149 and G.S. 160A-209 and by the allocation of other revenues whose use is not otherwise restricted by law.

...

(4) A county or city may acquire or construct one or more 'shell buildings', which are structures of flexible design adaptable for use by a variety of industrial or commercial ~~businesses.~~businesses or may construct or acquire one or more buildings intended for use by one or more specific, identified industrial or commercial businesses. A county or city may convey or lease a shell building or space in a shell building constructed or acquired as provided in this subdivision pursuant to subsection (c) of this section."

SECTION 2. G.S. 143B-437.10(a)(1) reads as rewritten:

"(1) All land within the zone is located in whole within a county that has no municipality with a population in excess of ~~10,000.~~10.000 according to the most recent annual population estimates certified by the State Budget Officer."

SECTION 3. This act is effective when it becomes law.

SENATE FINANCE COMMITTEE
Wednesday, May 4, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, May 2, 2007, in room 544 of the Legislative Office Building. Thirty-three members of the committee were present. Senator Dan Clodfelter presided.

S620 – Lewiston/Woodville Debt.

Senator Purcell moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Jones was recognized to explain the proposed committee substitute. Senator Weinstein moved for a favorable report and the motion carried. A copy of the committee substitute, the bill, and the summary is attached.

S758 - Limited Driving Privilege/DWLR.

Senator Kerr moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Kerr was recognized to explain the proposed committee substitute. Senator Hagan moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, the summary and the fiscal note is attached.

H.B. 407 – Extend Magnolia ETJ.

Senator Albertson was recognized to explain the bill. Senator Stevens moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 412 – Homestead Exclusion Modifications.

Dan Ettefagh, a staff attorney with the Bill Drafting Division, was recognized to explain the bill. The bill was taken up for discussion only. A copy of the bill and the summary is attached.

S.B. 1442 – Circuit Breaker Property Tax Benefit.

Senator Albertson moved to adopt the proposed committee substitute for discussion and the motion carried. Dan Ettefagh was recognized to explain the bill. The bill was taken up for discussion only. A copy of the proposed committee substitute, the bill, the summary, the fiscal note and the circuit breaker property tax scenario is attached.

S.B. 1051 – Equitable Residential Property Tax Relief.

Senator Weinstein moved to adopt the proposed committee substitute for discussion and the motion carried. Dan Ettefagh was recognized to explain the bill. The bill was taken up for discussion only. A copy of the proposed committee substitute, the bill, the summary, the fiscal note and the circuit breaker property tax scenario is attached.

S.B. 738 – Registration Exemptions/Length Exemptions.

Senator Swindell moved to adopt the proposed committee substitute for discussion and requested the adoption of his amendment and the motion carried. Senator Swindell was recognized to explain the PCS and the amendment. Captain Mike Nichols, NC Highway Patrol, was recognized to answer questions. Senator Albertson moved to adopt the PCS as amended and the motion carried. A copy of the proposed committee substitute, the bill, the summary, the fiscal note and the amendment is attached.

S.B. 1203 – Present-Use Value Changes.

Martha Walston, a staff attorney with the Fiscal Research Division, was recognized to explain the bill. The bill was taken up for discussion only. A copy of the bill, the summary, the fiscal note, NC Wildlife Commission species document, and the NC Wildlife habitat action plan summary is attached.

S.B. 1305 – Present-Use Value Easement Tax Credit.

Senator Albertson moved to adopt the proposed committee substitute for discussion and the motion carried. Martha Walston was recognized to explain the bill. The bill was taken up for discussion only. A copy of the proposed committee substitute, the bill, the summary, and the fiscal note is attached.

S.B. 1309 – Property Tax Reform Act of 2007.

Senator Apodaca moved to adopt the proposed committee substitute for discussion and the motion carried. Dan Ettefagh and Martha Walston were recognized to explain the bill. The bill was taken up for discussion only. A copy of the proposed committee substitute, the bill, the summary, and the fiscal note is attached.

Senator Clodfelter recognized Senator Floyd McKissick, who was attending his first Senate Finance meeting as a member.

The meeting adjourned at 2:00 pm.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

H 1

HOUSE BILL 407*

Short Title:	Extend Magnolia ETJ.	(Local)
Sponsors:	Representative Tucker.	
Referred to:	Local Government I.	

March 1, 2007

A BILL TO BE ENTITLED

AN ACT EXTENDING THE EXTRATERRITORIAL JURISDICTION OF THE TOWN OF MAGNOLIA.

The General Assembly of North Carolina enacts:

SECTION 1. In addition to the authority provided in G.S. 160A-360, the Town of Magnolia may exercise the powers granted in Article 19 of Chapter 160A of the General Statutes in an area beginning at the Town corporate limits at State Highway 903 North, extending one-half mile on each side of the centerline of State Highway 903 to the Interstate Highway 40 southern right-of-way boundary, and extending one-half mile on each side of the center line of State Highway 903 and State Highway 24 from the Interstate Highway 40 southern right-of-way to the midpoint of State Secondary Road 1923 and State Secondary Road 2029 northeast of Interstate Highway 40.

SECTION 2. This act applies to the Town of Magnolia only.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 407: Extend Magnolia ETJ

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 2, 2007
Introduced by:	Rep. Tucker	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: House Bill 407[1] is a local bill that expands the extraterritorial jurisdiction authority of the Town of Magnolia.

CURRENT LAW: Municipalities have the statutory authority to regulate land-use within their corporate limits and within an area one-mile beyond their municipal boundaries, commonly referred to as extraterritorial jurisdiction (ETJ). Land use regulation may take the form of zoning, subdivision regulation, minimum housing codes, and regulations governing open spaces and community appearance.

Counties have authority to regulate land-use only over the parts of the county not subject to city planning. However, if a city does not adopt an ordinance specifying the boundaries of its ETJ, then the county may exercise its planning jurisdiction over an area even if the area is within one mile of a municipality's corporate boundaries. If the county is already enforcing planning regulations, zoning regulations, and the State building code in that one-mile area, then a municipality may only exercise its ETJ authority in the one-mile area with the county's permission.

With the approval of the county commissioners, a city with a population between 10,000 and 25,000 may extend its extraterritorial land-use planning jurisdiction to two miles beyond its corporate limits; a city with a population of 25,000 or more may extend its extraterritorial land-use planning jurisdiction to three miles beyond its corporate limits.

BILL ANALYSIS: In 2000, the population of Magnolia was approximately 956. Under general law, the size of the town prohibits the county commissioners from extending the town ETJ beyond the one-mile radius. House Bill 407 provides for an extension and expands the ETJ of the Town of Magnolia to include the area in and around the I-40 interchange, as described in the bill.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: This bill would extend Magnolia's ETJ one mile beyond the Magnolia I-40 interchange and one-half mile each side of NC 903 from the Town's present ETJ limits. The Town of Magnolia will be addressing sewer services for some new businesses for Exit 373—a convenience store, a Burger King, and a motel. The Town would like to be able to plan proper development of this interchange since Duplin County has not implemented a zoning ordinance. The bill has no opposition.

H0407e1-SMRE

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 412

Short Title:	Homestead Exclusion Modifications.	(Public)
Sponsors:	Senators Brown; Allran, Apodaca, Berger of Rockingham, Bingham, Blake, Forrester, Goodall, Hunt, Jacumin, Pittenger, Preston, Smith, Stevens, and Tillman.	
Referred to:	Finance.	

March 1, 2007

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR ADDITIONAL PROPERTY TAX BENEFITS FOR LOWER-INCOME HOMEOWNERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.1 reads as rewritten:

"**§ 105-277.1. Property tax homestead exclusion.**

(a) ~~Exclusion.~~Classification. – A permanent residence owned and occupied by a qualifying owner is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable in accordance with this section. If the owner qualifies for both the property tax homestead exclusion allowed under this section and the homestead property tax circuit breaker provided in G.S. 105-277.1B, the owner may elect either but not both types of property tax relief as provided in subsection (b1) of this section. ~~The amount of the appraised value of the residence equal to the exclusion amount is excluded from taxation. The exclusion amount is the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the residence. A qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:~~

~~(1) Is at least 65 years of age or totally and permanently disabled.~~

~~(2) Has an income for the preceding calendar year of not more than the income eligibility limit.~~

~~(3) Is a North Carolina resident.~~

(a1) Temporary Absence. – An otherwise qualifying owner does not lose the benefit of this exclusion because of a temporary absence from his or her permanent residence for reasons of health, or because of an extended absence while confined to a rest home or nursing home, so long as the residence is unoccupied or occupied by the owner's spouse or other dependent.

(a2) Income Eligibility Limit. – Until July 1, 2003, the income eligibility limit is eighteen thousand dollars ($18,000). For taxable years beginning on or after July 1, 2003, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to the benefits under Titles II and XVI of the Social Security Act for the preceding calendar year, rounded to the nearest one hundred dollars ($100.00). On or before July 1 of each year, the Department of Revenue must determine the income eligibility amount to be in effect for the taxable year beginning the following July 1 and must notify the assessor of each county of the amount to be in effect for that taxable year.

(a3) Exclusion. – The amount of the appraised value of the residence equal to the exclusion amount is excluded from taxation. The exclusion amount is the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the residence.

(a4) Qualifying Owner. – For the purpose of qualifying for the homestead property tax exclusion under this section, a qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) The owner is at least 65 years of age or totally and permanently disabled.

(2) The owner has an income for the preceding calendar year of not more than the income limit specified in subsection (a2) of this section.

(3) The owner is a North Carolina resident.

(b) Definitions. – The following definitions apply in this section:

(1) Code. – The Internal Revenue Code, as defined in G.S. 105-228.90.

(1a) Income. – Adjusted gross income, as defined in section 62 of the Code, plus all other moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant. For married applicants residing with their spouses, the income of both spouses must be included, whether or not the property is in both names.

(1b) Owner. – A person who holds legal or equitable title, whether individually, as a tenant by the entirety, a joint tenant, or a tenant in common, or as the holder of a life estate or an estate for the life of another. A manufactured home jointly owned by husband and wife is considered property held by the entirety.

(2) Repealed by Session Laws 1993, c. 360, s. 1.

(2a) Repealed by Session Laws 1985 (Reg. Sess., 1986), c. 982, s. 20.

(3) Permanent residence. – A person's legal residence. It includes the dwelling, the dwelling site, not to exceed one acre, and related improvements. The dwelling may be a single family residence, a unit in a multi-family residential complex, or a manufactured home.

(3a) Property tax relief. – The property tax homestead exclusion provided in this section or the homestead property tax circuit breaker provided in G.S. 105-277.1B.

(4) Totally and permanently disabled. – A person is totally and permanently disabled if the person has a physical or mental impairment that substantially precludes him or her from obtaining gainful employment and appears reasonably certain to continue without substantial improvement throughout his or her life.

(b1) Election. – An owner who qualifies for both kinds of property tax relief may elect the homestead property tax circuit breaker under G.S. 105-277.1B instead of the property tax homestead exclusion provided in this section. When property is owned by two or more persons, each person must qualify for both kinds of property tax relief and must elect the homestead property tax circuit breaker in order for the homestead property tax circuit breaker to be allowed instead of the property tax homestead exclusion.

(c) Application. – An application for ~~the exclusion~~property tax relief provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the ~~exclusion~~ relief is claimed. When property is owned by two or more persons other than husband and wife and one or more of them qualifies for ~~this~~ the property tax homestead exclusion, each owner must apply separately for his or her proportionate share of the exclusion.

(1) Elderly Applicants. – Persons 65 years of age or older may apply for this exclusion by entering the appropriate information on a form made available by the assessor under G.S. 105-282.1.

(2) Disabled Applicants. – Persons who are totally and permanently disabled may apply for this exclusion by (i) entering the appropriate information on a form made available by the assessor under G.S. 105-282.1 and (ii) furnishing acceptable proof of their disability. The proof must be in the form of a certificate from a physician licensed to practice medicine in North Carolina or from a governmental agency authorized to determine qualification for disability benefits. After a disabled applicant has qualified for this classification, the applicant is not required to furnish an additional certificate unless the applicant's disability is reduced to the extent that the applicant could no longer be certified for the taxation at reduced valuation.

(d) Multiple Ownership. – A permanent residence owned and occupied by husband and wife as tenants by the entirety is entitled to the full benefit of this exclusion notwithstanding that only one of them meets the age or disability requirements of this section. When a permanent residence is owned and occupied by two or more persons other than husband and wife and one or more of the owners qualifies for this exclusion, each qualifying owner is entitled to the full amount of the exclusion not to exceed his or her proportionate share of the valuation of the property. No part of an exclusion available to one co-owner may be claimed by any other co-owner and in no event may the total exclusion allowed for a permanent residence exceed the exclusion amount provided in this section."

SECTION 2. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.1B. Homestead property tax circuit breaker.**

(a) Classification. – A permanent residence owned and occupied by a qualifying owner is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable in accordance with this section. If the owner qualifies for both the homestead property tax circuit breaker allowed under this section and the property tax homestead exclusion as provided in G.S. 105-277.1, the owner may elect either but not both types of property tax relief as provided in G.S. 105-277.1(b1).

(b) Definitions. – The definitions provided in G.S. 105-277.1 apply to this section.

(c) Income Eligibility Limit. – Until July 1, 2009, the income eligibility limit is fifty thousand dollars ($50,000). For taxable years beginning on or after July 1, 2009, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to the benefits under Titles II and XVI of the Social Security Act for the preceding calendar year, rounded to the nearest one hundred dollars ($100.00). On or before July 1 of each year, the Department of Revenue must determine the income eligibility amount to be in effect for the taxable year beginning the following July 1 and must notify the assessor of each county of the amount to be in effect for that taxable year.

(d) Qualifying Owner. – For the purpose of qualifying for the homestead property tax circuit breaker under this section, a qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) The owner has an income for the preceding calendar year of not more than the income eligibility limit specified in subsection (b) of this section.

(2) The owner is a North Carolina resident.

(e) Tax Limitation. – The amount of tax imposed on the permanent residence of a qualifying owner may not exceed a percentage of the qualifying owner's income as provided in this section.

Income	Percentage
$5,000 or less	3.5%
Greater than $5,000 up to $10,000	4.0%
Greater than $10,000 up to $25,000	4.5%
Greater than $25,000 up to $50,000	5.0%

(f) Application. – An application for property tax relief provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the relief is claimed.

(g) Multiple Ownership. – When a permanent residence is owned and occupied by two or more persons other than husband and wife, no homestead property tax circuit breaker is allowed unless all of the owners qualify.

(h) Temporary Absence. – An otherwise qualifying owner does not lose the benefit of this homestead property tax circuit breaker because of a temporary absence from his or her permanent residence for reasons of health, or because of an extended absence while confined to a rest home or nursing home, so long as the residence is unoccupied or occupied by the owner's spouse or other dependent."

SECTION 3. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.1C. Permanent residence tax deferral.**

(a) Definitions. – The definitions provided in G.S. 105-277.1 apply to this section.

(b) Deferral. – A permanent residence owned and occupied by a qualifying owner is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable in accordance with this section. A qualified owner of property may defer payment of all or part of the tax levied on the classified property unless (i) the property is subject to a lien that, pursuant to a federal law, rule, or regulation, prohibits deferral of taxes, or (ii) the amount of outstanding liens on the property exceeds eighty-five percent (85%) of the assessed value of the property.

If the owner qualifies for property tax relief under G.S. 105-277.1 or G.S. 105-277.1B and the permanent residence tax deferral provided in this section, the owner is eligible for both property tax benefits.

The amount of taxes deferred accrues interest at the rate specified in G.S. 105-241.1(i) for assessments from the date the tax is otherwise due until payment. The amount of deferred taxes and accrued interest constitutes a lien on the property, which attaches at the time prescribed in G.S. 105-355, and has the priority established in G.S. 105-356.

(c) Qualifying Owner. – Under this section, a qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) The owner is at least 65 years of age or totally and permanently disabled.

(2) The owner has an income for the preceding calendar year of not more than twenty-five thousand dollars ($25,000) in the case of a single owner or not more than thirty-four thousand dollars ($34,000) in the case of married owners residing with their spouses.

(3) The owner is a North Carolina resident.

(4) The owner has owned and occupied the classified property as his or her permanent residence for at least 10 years.

(d) Application. – An application for deferral provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the deferral is claimed. The application form provided by a county for deferral must state the conditions under which deferred taxes and interest become due and payable and must also state that interest will accrue on the amount deferred and that this amount constitutes a lien. Each applicant who applies for the deferral method of property tax relief must furnish a list of

the amounts of all liens on the property for which tax deferral is sought and the holders of these liens.

(1) Elderly applicants. – Persons 65 years of age or older may apply for this exclusion by entering the appropriate information on a form made available by the assessor under G.S. 105-282.1.

(2) Disabled applicants. – Persons who are totally and permanently disabled may apply for this exclusion by (i) entering the appropriate information on a form made available by the assessor under G.S. 105-282.1 and (ii) furnishing acceptable proof of their disability. The proof must be in the form of a certificate from a physician licensed to practice medicine in North Carolina or from a governmental agency authorized to determine qualification for disability benefits. After a disabled applicant has qualified for this classification, the applicant is not required to furnish an additional certificate unless the applicant's disability is reduced to the extent that the applicant could no longer be certified for the deferral.

(e) Multiple Ownership. – A permanent residence owned and occupied by husband and wife as tenants by the entirety is entitled to the full benefit of this deferral notwithstanding that only one of them meets the age or disability requirements of this section. When a permanent residence is owned and occupied by two or more persons other than husband and wife, each person must qualify for this deferral and must elect this deferral for it to be allowed.

(f) Notification of Additional Liens. – The owner of tax-deferred property must notify the assessor of the amount and holder of any new lien against the property arising after application for deferral has been made within 60 days after the new lien is created.

(g) Transfer or Disqualification of Property. – Payment of taxes deferred under this section may be deferred until the death of the owner or until the property is transferred, at which time the full amount of deferred taxes and interest becomes due. The taxes and interest must be paid within nine months after the date of death or transfer, unless the property is transferred to the former owner's spouse and the spouse qualifies for tax deferral under this section and occupies the property as his or her permanent residence, in which case the spouse may elect to continue deferring payment of the tax.

If the owner of tax-deferred property does not qualify under this section for deferral as of January 1 preceding a taxable year, the owner may not defer any additional property taxes that year, but the deferred taxes from earlier years do not become due because of the owner's failure to qualify for the current year.

Except as provided in G.S. 105-277.1(a1), in any year in which the owner of tax-deferred property no longer occupies the property as his or her permanent residence, no tax levied on the property for that year may be deferred, and the full tax for that year is due on the date established in G.S. 105-360. If the owner of tax-deferred property fails to occupy the property as his or her permanent residence for three successive years, the full amount of deferred taxes and interest becomes due that third year and is due and payable at the same time the tax levied on the property in that year is otherwise due.

In any year in which the total amount of deferred taxes, interest, and other unsatisfied liens on the property exceeds eighty-five percent (85%) of the assessed value of the property, the assessor must notify the owner that the portion of deferred taxes and interest that exceeds the eighty-five percent (85%) limit is due and must be paid within 60 days after receipt of the notice. Failure to pay an amount due under this subsection causes the total amount of deferred taxes and interest to become due and payable at the same time the tax levied on the property in the year in which the failure occurs is otherwise due.

(h) Annual Notification to Property Owner. – On or before September 1 of each year, the assessor shall notify each property owner to whom a tax deferral has previously been granted of the accumulated sum of deferred taxes and interest.

(i) Prepayment. – All or part of the deferred taxes and accrued interest may be paid to the tax collector at any time. Any partial payment is applied first to accrued interest. A property owner to whom a tax deferral has previously been granted may revoke the application for deferral at any time by notifying the assessor in writing.

(j) Payment by Trustee or Mortgagee. – A mortgagee or trustee that elects to pay any tax deferred by the owner of property subject to the mortgage or deed of trust does not by doing so acquire a right to foreclose.

(k) Clauses Preventing Application for Deferral Void. – Except for requirements dictated by federal law or regulation, any provision in a mortgage, deed of trust, or other agreement that prohibits the owner from deferring taxes on property under this section is void.

(l) Construction. – This section does not prevent the collection of personal property taxes that become a lien against tax-deferred property."

SECTION 4. G.S. 150-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible ~~to be exempted or excluded from taxation~~for a property tax benefit must file an application for ~~exemption or exclusion~~the benefit to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the ~~exemption or exclusion:~~benefit.

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, 105-278.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8.

e. Special classes of property eligible for tax relief under G.S. 105-277.1B or G.S. 105-277.1C."

SECTION 5. G.S. 105-309(f) reads as rewritten:

"(f) The ~~notice set out below must appear~~assessor must print a homestead tax relief notice on each abstract or on an information sheet distributed with the abstract. The abstract or sheet must include the address and telephone number of the assessor below the ~~notice:~~notice required by this section. The notice must be in the form required by the Department of Revenue designed to notify the taxpayer of his or her rights and responsibilities under the homestead property tax exclusion provided in G.S. 105-277.1, the homestead property tax circuit breaker provided in G.S. 105-277.1B, and the permanent residence tax deferral provided in G.S. 105-277.1C.

~~"PROPERTY TAX HOMESTEAD EXCLUSION FOR ELDERLY OR PERMANENTLY DISABLED PERSONS.~~

~~North Carolina excludes from property taxes a portion of the appraised value of a permanent residence owned and occupied by North Carolina residents aged 65 or older or totally and permanently disabled whose income does not exceed (assessor insert amount). The amount of the appraised value of the residence that may be excluded from taxation is the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the residence. Income means the owner's adjusted gross income as determined for federal income tax purposes, plus all moneys received other than gifts or inheritances received from a spouse, lineal ancestor or lineal descendant.~~

~~If you received this exclusion in (assessor insert previous year), you do not need to apply again unless you have changed your permanent residence. If you received the exclusion in (assessor insert previous year) and your income in (assessor insert previous year) was above (assessor insert amount), you must notify the assessor. If you received the exclusion in (assessor insert previous year) because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion in (assessor insert previous year) has died, the person required by law to list the property must notify the assessor. Failure to make any of the notices required by this paragraph before June 1 will result in penalties and interest.~~

~~If you did not receive the exclusion in (assessor insert previous year) but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by June 1."~~"

SECTION 6. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

SENATE BILL 412:
Homestead Exclusion Modifications

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 2, 2007
Introduced by:	Sen. Brown	**Summary by:**	Dan Ettefagh
Version:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 412 would create a property tax circuit breaker program and a permanent residence tax deferral program. A taxpayer who qualified for the homestead exclusion and the circuit breaker programs would have to elect which of the two tax benefits to receive. A taxpayer who qualified for the deferral program would be permitted to combine that tax benefit with either the circuit breaker program or homestead exclusion.***

[As introduced, this bill was identical to H596, as introduced by Reps. Cleveland, Moore, which is currently in House Finance.]

CURRENT LAW: Under current law, the only homestead property tax benefit is found in G.S. 105-277.1, the property tax homestead exclusion. Under the homestead exclusion, North Carolina residents who are at least 65 years of age or totally and permanently disabled and who meet the income eligibility limit[1] may exclude from taxation the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the permanent residence.

BILL ANALYSIS: Senate Bill 412 would create a property tax circuit breaker program for the permanent residence of a qualifying owner. This program would be mutually exclusive to the existing homestead exclusion but could be combined with the tax deferral program. A qualifying owner would be a North Carolina resident with an income of not more than $50,000, which is indexed to the cost-of-living adjustment for Social Security benefits after July 1, 2009. Under this program, the property tax of a qualifying owner would be limited based on the income of the owner. For owners making $5,000 or less, the property tax imposed on the permanent residence would be limited to no more than 3.5% of the qualifying owner's income. For owners making more than $5,000 but $10,000 or less, the property tax imposed on the permanent residence would be limited to no more than 4% of the qualifying owner's income. For owners making more than $10,000 but $25,000 or less, the property tax imposed on the permanent residence would be limited to no more than 4.5% of the qualifying owner's income. For owners making more than $25,000 but $50,000 or less, the property tax imposed on the permanent residence would be limited to no more than 5% of the qualifying owner's income. If the permanent residence is owned by a husband and wife, only one of whom qualifies, the circuit breaker benefit is permitted; however, if the permanent residence is owned by two or more individuals who are not husband and wife, no circuit breaker is allowed unless all owners qualify. A temporary absence does not result in the loss of the circuit breaker benefit so long as the residence remains unoccupied or occupied by a dependant or spouse of the qualifying owner.

Additionally, Senate Bill 412 would create a property tax deferral program for the permanent residence of a qualifying owner. This program could be combined with either the existing homestead exclusion or the circuit breaker program. A qualifying owner would be a North Carolina resident who (i) is at least

[1] The income eligibility limit until July 1, 2003 was $18,000. For taxable years beginning on or after July 1, 2003, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to Social Security benefits, rounded to the nearest $100. In 2006, the income eligibility limit was $19,700.

65 years old or totally and permanently disabled, (ii) has an income of no more than $25,000 in the case of a single owner or $34,000 in the case of married owners residing with their spouse, and (iii) has used the residence as a permanent residence for at least 10 years. Proof of the age/disability requirements are the same as those used in the current homestead exclusion. A qualifying owner would be permitted to defer up to 100% of the property taxes imposed on the permanent residence, subject to federal limitations, so long as the amount of outstanding liens on the property, taken together, do not exceed 85% of the assessed value. Taxes deferred under this program accrue interest from the date the tax is due and constitute a lien on the property that attaches and has the priority of other tax liens.

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S D

SENATE BILL 620
PROPOSED COMMITTEE SUBSTITUTE S620-CSSVx-19 [v.4]

5/2/2007 9:41:24 AM

Short Title: Interlocal Loan Agreements/Debts to Fed. Govt. (Public)

Sponsors:

Referred to:

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE COUNTIES TO MAKE LOANS TO CITIES UNDER CERTAIN CONDITIONS FOR THE PURPOSE OF REPAYING A DEBT OWED TO THE FEDERAL GOVERNMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-17.1 reads as rewritten:

"**§ 160A-17.1. Grants and loans from other governments.**

(a) Federal and State. – The governing body of any city or county is hereby authorized to make contracts for and to accept grants-in-aid and loans from the federal and State governments and their agencies for constructing, expanding, maintaining, and operating any project or facility, or performing any function, which such city or county may be authorized by general law or local act to provide or perform.

In order to exercise the authority granted by this section, the governing body of any city or county may:

(1) Enter into and carry out contracts with the State or federal government or any agency or institution thereof under which such government, agency, or institution grants financial or other assistance to the city or county;

(2) Accept such assistance or funds as may be granted or loaned by the State or federal government with or without such a contract;

(3) Agree to and comply with any lawful and reasonable conditions which are imposed upon such grants or loans;

(3a) Agree to and comply with minimum minority business enterprise participation requirements established by the federal government and its agencies in projects financed by federal grants-in-aid or loans, by including such minimum requirements in the specifications for contracts to perform all or part of such projects and awarding bids pursuant to G.S. 143-129 and 143-131, if applicable, to the lowest

responsible bidder or bidders meeting these and any other specifications.

(4) Make expenditures from any funds so granted.

(b) Local. – The governing body of a city that is subject to a lien by the federal government and is not eligible to receive a grant from the federal government until the lien is removed may accept a loan from the county in which the city is located in order to pay its debt to the federal government and have the lien removed. The term of the loan may not exceed three years. This subsection applies only to a city located in a county whose population does not exceed 20,000 according to the most recent annual population estimates certified by the State Budget Officer."

SECTION 2. The catchline of G.S. 153A-14 reads as rewritten

"**§ 153A-14. Grants and loans from other governments.**"

SECTION 3. This act is effective when it becomes law and expires on December 31, 2010.

SENATE BILL 620:
Interlocal Loan Agreements/Debts to Federal Govt.

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 2, 2007
Introduced by:	Sen. Jones	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S620-CSSVx-19		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 620 authorizes a city that is subject to a lien by the federal government and that is not eligible to receive a grant from the federal government until the lien is removed to enter into a loan agreement with the county in which it is located in order to pay its debt to the federal government. The authority would expire on December 31, 2010.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 620 authorizes a city that is subject to a lien by the federal government and that is not eligible to receive federal grant money until the lien is removed to enter into a loan agreement with the county in which it is located in order to pay its debt to the federal government. The loan would be required to be repaid within three years from the time the agreement is entered. This authority would only apply to a city located within a county that has a population of less than 20,000 according to the most recent annual population estimates certified by the State Budget Officer.

EFFECTIVE DATE: This act is effective when it becomes law and expires on December 31, 2010.

BACKGROUND: The Town of Lewiston Woodville owes the Internal Revenue Service approximately $80,000-$90,000 in withholding taxes, interest, and penalties. The town has settled with the IRS and is currently making payments, but the IRS has placed a lien on the town's assets. The town has also been informed by the USDA, from whom it is currently seeking a grant, that it is ineligible for the grant because of the IRS lien. Bertie County is willing to loan the town the full amount so it can satisfy its debt with the IRS, but the town and the county need legislative authorization to enter into such an arrangement.

Article V, Section 4(1) of the North Carolina Constitution prohibits local laws relating to the borrowing of money and contracting of debts. Given this prohibition, the bill is drafted as a public bill with statewide application. However, the bill is drafted narrowly to limit its scope and will expire in three years.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 620

Short Title:	Lewiston Woodville Debt.	(Local)
Sponsors:	Senator Jones.	
Referred to:	Finance.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWN OF LEWISTON WOODVILLE TO BORROW MONEY FROM THE COUNTY OF BERTIE FOR THE PURPOSE OF REPAYING THE INTERNAL REVENUE SERVICE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159-49 reads as rewritten:

"**§ 159-49. When a vote of the people is required.**

Bonds may be issued under this Article only if approved by a vote of the qualified voters of the issuing unit as provided in this Article, except that voter approval shall not be required for:

(1) Bonds issued for any purpose authorized by G.S. 159-48(a)(1), (2), (3), or (5).

(2) Bonds issued by a county, county water and sewer district created under Article 6 of Chapter 162A of the General Statutes, metropolitan water district created under Article 4 of Chapter 162A of the General Statutes, or city for any purpose authorized by G.S. 159-48(a)(4), (6), or (7) or G.S. 159-48(b), (c), (d), or (e) (except purposes authorized by G.S. 159-48(b)(3), (11), (16), (22), or (23) or by G.S. 159-48(d)(2)) in an aggregate principal sum not exceeding two thirds of the amount by which the outstanding indebtedness of the issuing county, county water and sewer district, metropolitan water district, or city has been reduced during the next preceding fiscal year.

Pursuant to Article V, Sec. 4(2) of the Constitution, the General Assembly hereby declares that the purposes authorized by ~~G.S. 159-48(a)(4), (6), and (7) and by G.S. 159-48(b), (c), (d), and (e) (except purposes authorized by G.S. 159-48(b)(3), (11), (16), (22), or (23) or by G.S. 159-48(d)(2))~~G.S. 159-48(a)(7) are purposes for which bonds may be issued without a vote of the ~~people, to the extent of two thirds of the amount by which the outstanding indebtedness of the issuing county, county water and~~

~~sewer district, metropolitan water district, or city was reduced in the last preceding fiscal year.~~people."

SECTION 2. This act shall apply only to the Town of Lewiston Woodville for the sole purpose of repaying debt owed to the Internal Revenue Service.

SECTION 3. This act is effective when it becomes law and expires on December 31, 2010.

Referred to:

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO EXEMPT FOR-HIRE VEHICLES USED FOR CERTAIN AGRICULTURAL PURPOSES FROM THE VEHICLE REGISTRATION REQUIREMENTS AND TO INCREASE THE ALLOWED LENGTH OF TRUCKS THAT TRANSPORT COTTON.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-51 is amended by adding a new subdivision to read:

"**§ 20-51. Exempt from registration.**

The following shall be exempt from the requirement of registration and certificate of title:

...

(16) A vehicle that meets all of the following:

a. Is an agricultural spreader vehicle. An 'agricultural spreader vehicle' is a vehicle that is designed for off-highway use on a farm to spread fertilizer, seed, lime, or other agricultural products on a field.

b. Is driven on the highway only for the purpose of going from the location of its supply source for fertilizer or other products to and from a farm.

c. Does not exceed a speed of 35 miles per hour.

d. Does not drive outside a radius of 50 miles from the location of its supply source for fertilizer and other products.

e. Is driven by a person who has a license appropriate for the class of the vehicle.

f. Is insured under a motor vehicle liability policy in the amount required under G.S. 20-309.

g. If the vehicle has a gross vehicle weight rating of at least 10,001 pounds, display a valid federal safety inspection decal."

SECTION 2. G.S. 20-116(d) reads as rewritten:

"(d) Maximum Length. – The following maximum lengths apply to vehicles. A truck-tractor and semitrailer shall be regarded as two vehicles for the purpose of determining lawful length and license taxes.

(1) Except as otherwise provided in this subsection, a single vehicle having two or three axles shall not exceed 40 feet in length overall of dimensions inclusive of front and rear bumpers.

(2) Trucks transporting unprocessed cotton from farm to gin shall not exceed ~~48~~50 feet in length overall of dimensions inclusive of front and rear bumpers.

(3) Recreational vehicles shall not exceed 45 feet in length overall, excluding bumpers and mirrors."

SECTION 4. This act becomes effective July 1, 2007.

SENATE BILL 738:
Registration and Length Exemptions

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 2, 2007
Introduced by:	Sen. Swindell	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S738-CSSVf-21		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 738 exempts agricultural spreader vehicles from motor vehicle registration requirements, and it modifies the length restriction for vehicles that transport cotton.

CURRENT LAW & BILL ANALYSIS:

Section 1: Registration Exemption for Fertilizer Applicators

With some exception, all vehicles intended to be operated on any North Carolina highway must be registered with DMV. Upon registering a vehicle, the owner receives a registration plate. This plate identifies who is legally responsible for the operation of that vehicle and represents the privilege of using North Carolina highways. G.S. 20-51 provides a list of vehicles that are exempt from the registration requirement *(see p. 4 of summary)*. No for-hire vehicle is currently exempt from the registration requirement. All registered vehicles are required to carry continuous liability insurance coverage.

The registration fee for for-hire self-propelled property-hauling vehicles is based on the type of vehicle and its weight. The minimum fee for a vehicle subject to the farmer rate[1] is $24.00, and the minimum fee for vehicles subject to the general rate is $28.00. The schedule of fees is as follows:

Rates Per Hundred Pound Gross Weight

	Farmer Rate
Not over 4,000 pounds	$0.29
4,001 to 9,000 pounds inclusive	.40
9,001 to 13,000 pounds inclusive	.50
13,001 to 17,000 pounds inclusive	.68
Over 17,000 pounds	.77

Rates Per Hundred Pound Gross Weight

	General Rate
Not over 4,000 pounds	$0.59
4,001 to 9,000 pounds inclusive	.81
9,001 to 13,000 pounds inclusive	1.00
13,001 to 17,000 pounds inclusive	1.36
Over 17,000 pounds	1.54

[1] The farmer rate applies to a person engaged in the raising and growing of farm products on a farm in North Carolina not less than 10 acres in area, and who does not engage in the business of buying products for resale. 'Farm products' includes cotton grown, produced, or processed by the farmer.

Section 1 of the bill would exempt a vehicle that meets all of the following conditions from the registration requirement:

- Is an agricultural spreader vehicle, defined as a vehicle designed for off-highway use on a farm to spread fertilizer, seed, lime, or other agricultural products on a field.
- Is driven on the highway only for the purpose of going from the location of its supply source for fertilizer or other products to and from a farm.
- Does not exceed a speed of 35 miles per hour.
- Does not drive outside a radius of 50 miles from the location of its supply source for fertilizer or other products.
- Is driven by a person who has a license appropriate for the class of the vehicle.
- Is insured by a motor vehicle liability policy.

Sections 2 and 3: Length Exception for Cotton-Hauling Vehicles

Current law limits the length and width of vehicles that are permissible on interstate highways and other roads. As a general rule, a vehicle must be 102 inches or less in width and 40 feet or less in length. North Carolina law allows trucks transporting unprocessed cotton from farm to gin to be up to 48 feet in length. Section 3 of this bill would extend the maximum length to 50 feet.

Federal law does not impose an overall vehicle length limit on trucks or most truck tractor-semitrailer combinations operating on the National Network. In fact, federal law provides that no state may impose a length limitation of *less* than 48 feet on a semitrailer operating in any truck tractor-semitrailer combination on the National Network. A state may permit longer trailers to operate on its National Network highways.

EFFECTIVE DATE: This bill would become effective July 1, 2007.

S0738e1-SMSV-CSSVf-21

§ 20-51. Exempt from registration.

The following shall be exempt from the requirement of registration and certificate of title:

(1) Any such vehicle driven or moved upon a highway in conformance with the provisions of this Article relating to manufacturers, dealers, or nonresidents.

(2) Any such vehicle which is driven or moved upon a highway only for the purpose of crossing such highway from one property to another.

(3) Any implement of husbandry, farm tractor, road construction or maintenance machinery or other vehicle which is not self-propelled that was designed for use in work off the highway and which is operated on the highway for the purpose of going to and from such nonhighway projects.

(4) Any vehicle owned and operated by the government of the United States.

(5) Farm tractors equipped with rubber tires and trailers or semitrailers when attached thereto and when used by a farmer, his tenant, agent, or employee in transporting his own farm implements, farm supplies, or farm products from place to place on the same farm, from one farm to another, from farm to market, or from market to farm. This exemption shall extend also to any tractor, implement of husbandry, and trailer or semitrailer while on any trip within a radius of 10 miles from the point of loading, provided that the vehicle does not exceed a speed of 35 miles per hour. This section shall not be construed as granting any exemption to farm tractors, implements of husbandry, and trailers or semitrailers which are operated on a for-hire basis, whether money or some other thing of value is paid or given for the use of such tractors, implements of husbandry, and trailers or semitrailers.

(6) Any trailer or semitrailer attached to and drawn by a properly licensed motor vehicle when used by a farmer, his tenant, agent, or employee in transporting unginned cotton, peanuts, soybeans, corn, hay, tobacco, silage, cucumbers, potatoes, all vegetables, fruits, greenhouse and nursery plants and flowers, Christmas trees, fertilizers or chemicals purchased or owned by the farmer or tenant for personal use in implementing husbandry, irrigation pipes, loaders, or equipment owned by the farmer or tenant from place to place on the same farm, from one farm to another, from farm to gin, from farm to dryer, or from farm to market, and when not operated on a for-hire basis. The term "transporting" as used herein shall include the actual hauling of said products and all unloaded travel in connection therewith.

(7) Those small farm trailers known generally as tobacco-handling trailers, tobacco trucks or tobacco trailers when used by a farmer, his tenant, agent or employee, when transporting or otherwise handling tobacco in connection with the pulling, tying or curing thereof.

(8) Any vehicle which is driven or moved upon a highway only for the purpose of crossing or traveling upon such highway from one side to the other provided the owner or lessee of the vehicle owns the fee or a leasehold in all the land along both sides of the highway at the place or crossing.

(9) Mopeds as defined in G.S. 20-4.01(27)d1.

(10) Devices which are designed for towing private passenger motor vehicles or vehicles not exceeding 5,000 pounds gross weight. These devices are known generally as "tow dollies." A tow dolly is a two-wheeled device without motive power designed for towing disabled motor vehicles and is drawn by a motor vehicle in the same manner as a trailer.

(11) Devices generally called converter gear or dollies consisting of a tongue attached to either a single or tandem axle upon which is mounted a fifth wheel and which is used to convert a semitrailer to a full trailer for the purpose of being drawn behind a truck tractor and semitrailer.

(12) Motorized wheelchairs or similar vehicles not exceeding 1,000 pounds gross weight when used for pedestrian purposes by a handicapped person with a mobility impairment as defined in G.S. 20-37.5.

(13) Any vehicle registered in another state and operated temporarily within this State by a public utility, a governmental or cooperative provider of utility services, or a contractor for one of these entities for the purpose of restoring utility services in an emergency outage.

(14) Electric personal assistive mobility devices as defined in G.S. 20-4.01(7a).

(15) Any vehicle that meets all of the following:

a. Is designed for use in work off the highway.

b. Is used for agricultural quarantine programs under the supervision of the Department of Agriculture and Consumer Services.

c. Is driven or moved on the highway for the purpose of going to and from nonhighway projects.

d. Is identified in a manner approved by the Division of Motor Vehicles.

e. Is operated by a person who possesses an identification card issued by the Department of Agriculture and Consumer Services.

SENATE BILL 738

Short Title:	Registration Exemptions/Length Exemptions.	(Public)
Sponsors:	Senators Swindell; Albertson, Atwater, Rand, Snow, and Tillman.	
Referred to:	Finance.	

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW FOR-HIRE FARM TRACTORS AND IMPLEMENTS OF HUSBANDRY TO BE EXEMPT FROM REGISTRATION REQUIREMENTS, TO INCREASE THE DISTANCE THE FARM TRACTOR OR IMPLEMENT OF HUSBANDRY MAY TRAVEL WITHOUT HAVING TO BE A REGISTERED VEHICLE, TO INCREASE THE LENGTH ALLOWED FOR TRUCKS TRANSPORTING COTTON, AND TO INCREASE THE WIDTH ALLOWED FOR VEHICLES WITH SELF-LOADING BEDS THAT TRANSPORT COTTON.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-51(5) reads as rewritten:

"**§ 20-51. Exempt from registration.**

The following shall be exempt from the requirement of registration and certificate of title:

...

(5) Farm tractors equipped with rubber tires and trailers or semitrailers when attached thereto and when used by a farmer, his tenant, agent, or employee in transporting his own farm implements, farm supplies, or farm products from place to place on the same farm, from one farm to another, from farm to market, or from market to farm. This exemption shall extend also to any tractor, implement of husbandry, and trailer or semitrailer while on any trip within a radius of ~~10~~ 50 miles from the point of loading, provided that the vehicle does not exceed a speed of 35 miles per hour. This section shall not be construed as granting any exemption to ~~farm tractors, implements of husbandry, and~~ trailers or semitrailers which are operated on a for-hire basis, whether money or some other thing of value is paid or given for the use of such ~~tractors, implements of husbandry, and~~ trailers or semitrailers.

..."

SECTION 2. G.S. 20-116(d) reads as rewritten:

"**§ 20-116. Size of vehicles and loads.**

...

(d) Maximum Length. – The following maximum lengths apply to vehicles. A truck-tractor and semitrailer shall be regarded as two vehicles for the purpose of determining lawful length and license taxes.

(1) Except as otherwise provided in this subsection, a single vehicle having two or three axles shall not exceed 40 feet in length overall of dimensions inclusive of front and rear bumpers.

(2) Trucks transporting unprocessed cotton from farm to gin shall not exceed ~~48~~50 feet in length overall of dimensions inclusive of front and rear bumpers.

(3) Recreational vehicles shall not exceed 45 feet in length overall, excluding bumpers and mirrors."

SECTION 3. G.S. 20-116 is amended by adding a new subsection to read:

"**§ 20-116. Size of vehicles and loads.**

...

(l) Nothing in this section shall be construed to prevent the operation of a vehicle with a width not exceeding 110 inches which is equipped with a self-loading bed and is designed exclusively to be used to transport compressed seed cotton from a farm to a cotton gin."

SECTION 4. This act is effective when it becomes law.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Highway Patrol

EFFECTIVE DATE: July 1, 2007.

BILL SUMMARY: The Proposed Committee Substitute for Senate Bill 738 exempts agricultural spreader vehicles from motor vehicle registration requirements, and it modifies the length restriction for vehicles that transport cotton.

ASSUMPTIONS AND METHODOLOGY: Section 1 of the bill exempts agricultural spreader vehicles from registration requirements. The registration fee for for-hire self-propelled property-hauling vehicles is based on the type of vehicle and its weight. The minimum fee for a vehicle

subject to the farmer rate[1] is $24.00, and the minimum fee for vehicles subject to the general rate is $28.00. The schedule of fees is as follows:

Rates Per Hundred Pound Gross Weight

	Farmer Rate
Not over 4,000 pounds	$0.29
4,001 to 9,000 pounds inclusive	.40
9,001 to 13,000 pounds inclusive	.50
13,001 to 17,000 pounds inclusive	.68
Over 17,000 pounds	.77

The NC Highway Patrol advises that there are 500 or less for-hire agricultural spreader vehicles in the State. Assuming most of these vehicles weigh approximately 12,000 pounds and are subject to the farmer rate of $0.50 per 100 pounds, the registration fee is approximately $60 per vehicle. Exempting these vehicles from registration requirements will result in a loss of approximately $30,000 annually to the Highway Fund.

Section 2 of the bill has no fiscal impact.

SOURCES OF DATA: NC Highway Patrol

TECHNICAL CONSIDERATIONS: None

[1] The farmer rate applies to a person engaged in the raising and growing of farm products on a farm in North Carolina not less than 10 acres in area, and who does not engage in the business of buying products for resale. 'Farm products' includes cotton grown, produced, or processed by the farmer.

Short Title: Limited Driving Privilege - DWLR. (Public)

Sponsors:

Referred to:

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW PERSONS WHO ARE CONVICTED OF CERTAIN DRIVING WHILE LICENSE REVOKED OFFENSES TO OBTAIN A LIMITED DRIVING PRIVILEGE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-20.1. Limited driving privilege for certain revocations.**

(a) Definitions. – The following definitions apply in this section:

(1) Limited driving privilege. – A judgment issued by a court authorizing a person with a revoked drivers license to drive under specified terms and conditions.

(2) Nonstandard working hours. – Any time other than 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(3) Standard working hours. – Any time from 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(4) Underlying offense. – The offense for which a person's drivers license was revoked when the person was charged under G.S. 20-28(a), driving with a revoked license, or under G.S. 20-28.1, committing a motor vehicle moving offense while driving with a revoked license.

(b) Eligibility. – A person is eligible to apply for a limited driving privilege under this section if all of the following conditions apply:

(1) The person's license is currently revoked under G.S. 20-28(a) or G.S. 20-28.1.

(2) The person has complied with the revocation for the period required in subsection (c) of this section immediately preceding the date the person files a petition for a limited driving privilege under this section.

(3) The person's underlying offense is not an offense involving impaired driving and, if the person's license is revoked under G.S. 20-28.1 for committing a motor vehicle moving offense while driving with a revoked license, the moving offense is not an offense involving impaired driving.

(4) The revocation period for the underlying offense has expired.

(5) The revocation under G.S. 20-28(a) or G.S. 20-28.1 is the only revocation in effect.

(6) The person is not eligible to receive a limited driving privilege under any other law.

(7) The person has not held a limited driving privilege issued under this section at any time during the three years prior to the date the person files the current petition.

(8) The person has no pending charges for any motor vehicle offense in this or in any other state and has no unpaid motor vehicle fines or penalties in this or in any other state.

(9) The person's drivers license issued by another state has not been revoked by that state.

(10) G.S. 20-9(e) or G.S. 20-9(f) does not prohibit the Division from issuing the person a license.

(c) Compliance Period. – The following table sets out the period during which a person must comply with a revocation under G.S. 20-28(a) or G.S. 20-28.1 to be eligible for a limited driving privilege under this section:

Revocation Period	Compliance Period
1 Year	90 Days
2 Years	1 Year
Permanent	2 Years

(d) Petition. – A person may apply for a limited driving privilege under this section by filing a petition. A petition filed under this section is separate from the action that resulted in the initial revocation and is a civil action. A petition must be filed in district court in the county of the person's residence as reflected by the Division's records or, if the Division's records are inaccurate, in the county of the person's actual residence. A person must attach to a petition a copy of the person's motor vehicle record. A petition must include a sworn statement that the person filing the petition is eligible for a limited driving privilege under this section.

A court, for good cause shown, may issue a limited driving privilege to an eligible person in accordance with this section. The costs required under G.S. 7A-305(a) and (a3) apply to a petition filed under this section. The clerk of court for the court that issues a limited driving privilege under this section must send a copy of the limited driving privilege to the Division.

(e) Scope of Privilege. – A limited driving privilege restricts the person to essential driving related to one or more of the purposes listed in this subsection. Any driving that is not related to the purposes authorized in this subsection is unlawful even though done at times and upon routes that may be authorized by the privilege. Except as

otherwise provided, all driving must be for a purpose and done within the restrictions specified in the privilege.

The permissible purposes for a limited driving privilege are:

(1) Travel to and from the person's place of employment and in the course of employment.

(2) Travel necessary for maintenance of the person's household.

(3) Travel to provide emergency medical care for the person or for an immediate family member of the person who resides in the same household with the person. Driving related to emergency medical care is authorized at any time and without restriction as to routes.

(f) Employment Driving in Standard Working Hours. – The court may authorize driving for employment-related purposes during standard working hours without specifying times and routes for the driving. If the person is required to drive for essential employment-related purposes only during standard working hours, the limited driving privilege must prohibit driving during nonstandard working hours unless the driving is for emergency medical care or for authorized household maintenance. The limited driving privilege must state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving.

(g) Employment Driving in Nonstandard Working Hours. – If a person is required to drive during nonstandard working hours for an essential employment-related purpose and the person provides documentation of that fact to the court, the court may authorize the person to drive for that purpose during those hours. If the person is self-employed, the documentation must be attached to or made a part of the limited driving privilege. If the person is employed by another, the limited driving privilege must state the name and address of the person's employer and may, in the discretion of the court, include other information and restrictions applicable to employment-related driving. If the court determines that it is necessary for the person to drive during nonstandard working hours for an employment-related purpose, the court may authorize the person to drive subject to these limitations:

(1) If the person is required to drive to and from a specific place of employment at regular times, the limited driving privilege must specify the general times and routes by which the person may drive to and from work and must restrict driving to those times and routes.

(2) If the person is required to drive to and from work at a specific place but is unable to specify the times during which the driving will occur, the limited driving privilege must specify the general routes by which the person may drive to and from work and must restrict driving to those general routes.

(3) If the person is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege must specify the general times and geographic boundaries within which the person may drive and must restrict driving to those times and boundaries.

(4) If the person can specify neither the times nor places in which the person will be driving to and from work, the limited driving privilege must specify the geographic boundaries within which the person may drive and must restrict driving to those boundaries.

(h) Household Maintenance. – A limited driving privilege may allow driving for maintenance of the household only during standard working hours. The court, at its discretion, may impose additional restrictions on driving for the maintenance of the household.

(i) Restrictions. – A limited driving privilege that is not authorized by this section or that does not contain the restrictions required by law is invalid. A limited driving privilege issued under this section is subject to the following conditions:

(1) Financial Responsibility. – A person applying for a limited driving privilege under this section must provide the court proof of financial responsibility acceptable under G.S. 20-16.1(g) and must maintain the financial responsibility during the period of the limited driving privilege.

(2) Alcohol Restrictions. – A person who received a limited driving privilege under this section may not consume alcohol while driving or drive at any time while the person has remaining in the person's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts.

(3) Others. – The court may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(j) Term and Reinstatement. – The term of a limited driving privilege issued under this section is the shorter of one year or the length of time remaining in the revocation period imposed under G.S. 20-28(a) or G.S. 20-28.1. When the term of the limited driving privilege expires, the Division must reinstate the person's license if the person meets all of the conditions listed in this subsection. The Division may impose restrictions or conditions on the new license in accordance with G.S. 20-7(e). The conditions are:

(1) Payment of the restoration fee as required under G.S. 20-7(i1).

(2) Providing proof of financial responsibility as required under G.S. 20-7(c1).

(3) Providing the proof required for reinstatement of a license under G.S. 20-28(c1).

(k) Modification. – A court may modify or revoke a person's limited driving privilege issued under this section upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke the privilege. The judge must indicate in the order of modification or revocation the reasons for the order or make specific findings indicating the reason for the order and enter those findings in the record of the case. When a court

issues an order of modification or revocation, the clerk of court must send a copy of the order to the Division.

(*l*) Effect of Violation. – A violation of a limited driving privilege issued under this section constitutes the offense of driving while license revoked under G.S. 20-28. When a person is charged with operating a motor vehicle in violation of the limited driving privilege, the limited driving privilege is suspended pending the final disposition of the charge."

SECTION 2. G.S. 7A-305 is amended by adding a new subsection to read:

"(a3) A petition for a limited driving privilege under G.S. 20-20.1 is subject to the court costs assessed under subsection (a) of this section plus an additional filing fee of one hundred dollars ($100.00). The additional filing fee must be remitted to the State Treasurer and used for support of the General Court of Justice."

SECTION 3. This act becomes effective December 1, 2007, and applies to revocations that occur before, on, or after that date.

Introduced by:	Sen. Kerr	**Summary by:**	Trina Griffin
Version:	PCS to Second Edition S758-CSSVf-20		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 758 would allow a person whose drivers license has been revoked for one year, two years, or permanently because that person has been convicted of driving while license revoked or convicted of a moving violation while license revoked to obtain a limited driving privilege. The act would become effective December 1, 2007, and would apply to revocations that occur before December 1, 2007 as well as on or after that date.***

In addition to clarifying and stylistic changes, this Proposed Committee Substitute differs from the one considered by the committee on April 11, 2007 in the following ways:

- ***This version applies to persons with a one-year, two-year, or permanent revocation whereas the previous PCS applied only to persons with permanent revocations.***
- ***This version would require an additional filing fee of $100 to be remitted for the support of the General Court of Justice whereas the previous PCS required that one-half of the $100 fee be remitted to the Highway Fund and one-half be remitted to the Court Information Technology Fund.***
- ***This version would require DMV to reinstate a person's license at the expiration of the limited privilege if certain conditions are met whereas reinstatement was discretionary under the previous version.***

CURRENT LAW: G.S. 20-16 lists a number of offenses for which the Division of Motor Vehicles (DMV) may revoke a person's drivers license. These include the accumulation of 12 or more drivers license points in a three year period, fraudulent use of a license, any offense committed in another state that if committed in this State would be grounds for suspension or revocation, and certain speeding violations[1]. G.S. 20-17 lists a number of offenses for which the DMV is required to revoke a person's drivers license. These include manslaughter resulting from the operation of a motor vehicle, impaired driving under G.S. 20-138.1 or 138.2,[2] failure to stop and render aid, two convictions of reckless driving is a 12-month period, and conviction of assault with a motor vehicle. G.S. 50-13.12 and G.S. 110-142.2 both authorize a court to revoke a drivers license of a person who is delinquent with their child support payments. By far, the most license revocations[3] occur under G.S. 20-24.2(a)(1) as a result of a failure to appear for a trial or hearing on a traffic offense. The next most common reason for revocation is the offense of driving while license revoked under G.S. 20-28.[4] *(Additional grounds for revocation may be found on p. 4 of this summary.)*

The amount of time a license is revoked depends upon the specific grounds for the revocation. The revocation periods may be as little as 30 days, or last indefinitely if the person fails to resolve the

[1] See also G.S. 20-16.1.
[2] G.S. 20-16.2 requires the revocation of a license for refusing to take a breath test.
[3] DMV reports 324,662 revocations in 2004, 306,226 revocations in 2003, and 304,064 revocations in 2002.
[4] DMV reports 68,361 revocations in 2004, 62,355 revocations in 2003, and 63,355 revocations in 2002.

underlying matter that led to the specific revocation. If no specific revocation period is provided, the period of revocation is one year.[5] The license is revoked for two years upon a second offense, and permanently revoked upon conviction of a third offense.[6] A person who is convicted of driving while license revoked (G.S. 20-28(a)) is guilty of a Class 1 misdemeanor and the license is revoked for an additional year. A person who is convicted of a moving offense while license revoked (G.S. 20-28.1) will also have the license revoked for an additional year. Subsequent violations of either statute result in additional revocations of two years and permanent revocation. A person whose license is revoked for one year under either G.S. 20-28(a) or G.S. 20-28.1 may apply to have the license reinstated after 90 days. A person whose license is revoked for two years under either statute may apply to have the license reinstated after one year. A person whose license is revoked permanently under either statute may apply to have the license reinstated after three years. DMV may reinstate the license if the person has not been convicted during the period of the revocation of: a moving violation under Chapter 20 or the laws of any other state, any provision of the alcoholic beverage laws of this or any other state, or any provisions of the drug laws of this or any other state. DMV may impose any restrictions or conditions on the new license that the Division considers appropriate for the balance of the revocation period. If the revocation is permanent, the conditions and restrictions imposed by the Division may not exceed three years.

There are a number of provisions under current law under which a court may grant a limited driving privilege during the term of a revocation *(See p. 5 of this summary).* These include certain limited DWI offenses, certain speeding offenses, and revocations related to failure to pay child support.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 758 does the following:

Section 1 would create a new statute G.S. 20-20.1 that allows a person whose drivers license has been revoked **for one year, two years, or permanently** under G.S. 20-28(a) (driving while license revoked) or G.S. 20-28.1 (moving offense while license revoked) to obtain a limited driving privilege if all of the following apply:

- The person has complied with the revocation period as follows:
    - 90 days for a one-year revocation.
    - 1 year for a two-year revocation.
    - 2 years for a permanent revocation.
- The person's underlying offense is not an offense involving impaired driving.
- If the person is convicted of committing a motor vehicle moving offense while driving with a revoked license, the moving offense is not an offense involving impaired driving.
- The revocation period for the underlying offense has expired.
- The revocation under G.S. 20-28(a) or 20-28.1 is the only revocation in effect.
- The person is not eligible to receive a limited driving privilege under any other law.
- The person has not received a limited driving privilege under this section within the last 3 years.
- The person has no pending charges for any motor vehicle offense or unpaid motor vehicle fines or penalties in this or any other state.

[5] G.S. 20-19(f).
[6] G.S. 20-28(a).

- The person's drivers license issued by another state has not been revoked.
- The person is not someone for whom DMV has refused to issue a license due to physical or mental disease that prevents the person from exercising ordinary care in the operation of a vehicle. (G.S. 20-9(e)).

A person seeking a limited driving privilege under this section would file a petition in the district court of the county where the person resides according to DMV records, or in the county of actual residence if DMV records are inaccurate. If granted, the privilege would be limited to essential driving for employment, in course of employment, household maintenance, and emergency medical care. The specifics of the privilege and other conditions are patterned after existing law regarding limited driving privileges for DWI offenses in G.S. 20-179.3. They include a requirement that the person applying for the privilege have adequate liability and property damage coverage.

The term of the privilege would be the shorter of one year or the time remaining in the person's revocation period. Upon expiration of the privilege, the Division would be required to reinstate the person's license if the person does all of the following:

- Pays a $50 restoration fee.
- Provides proof to the Division of financial responsibility.
- Provides proof to the Division that the person has not been convicted during the revocation period of any moving violation in this or another state, any violation of the alcoholic beverage laws of this or another state, or of any violation of the drug laws of this or another state.

Any violation of the privilege would be considered a violation of G.S. 20-28 (driving while license revoked), and the privilege would be suspended pending a final disposition of the charge.

Section 2 provides that a person who files a petition for a limited driving privilege under this new section would pay court costs plus an additional filing fee in the amount of $XXX. The additional filing fee would be remitted to the State Treasurer and used for the support of the General Court of Justice.

EFFECTIVE DATE: The act would become effective December 1, 2007 and would apply to permanent revocations that occur before, on or after that date.

SENATE BILL 758

Judiciary II (Criminal) Committee Substitute Adopted 4/2/07

Short Title: Limited Driving Privileges - DWLR. (Public)

Sponsors:

Referred to:

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW PERSONS WHO ARE CONVICTED OF CERTAIN DRIVING WHILE LICENSE REVOKED OFFENSES TO OBTAIN A LIMITED DRIVING PRIVILEGE.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-20.1. Limited driving privileges for certain revocations.**

(a) Definitions. – As used in this section, the following definitions apply:

(1) Limited driving privilege. – A judgment issued by a court authorizing a person with a revoked drivers license to drive under the terms and conditions authorized under this section.

(2) Nonfleet private passenger motor vehicle. – As defined in Article 40 of Chapter 58 of the General Statutes.

(3) Nonstandard working hours. – Any time other than 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(4) Offense involving impaired driving. – As defined in G.S. 20-4.01(24a).

(5) Standard working hours. – Any time from 6:00 A.M. until 8:00 P.M. on Monday through Friday.

(b) Eligibility. – The court, for good cause shown, may issue a limited driving privilege to a person whose North Carolina drivers license is permanently revoked under G.S. 20-28(a) or G.S. 20-28.1 if all of the following conditions apply:

(1) The person has no other current drivers license revocations other than the revocation under G.S. 20-28(a) or G.S. 20-28.1.

(2) The person has complied with the permanent revocation for at least two years immediately preceding the motion for a limited driving privilege.

(3) The person has no unresolved or outstanding motor vehicle offenses or motor vehicle charges or unpaid motor vehicle fines or penalties in this or any other state.

(4) The person has not held a limited driving privilege issued under this section at any time during the three years prior to the filing of the current action.

(c) Ineligibility. – A person shall not be eligible to receive a limited driving privilege under this section if any of the following conditions apply:

(1) The person is eligible to receive a limited driving privilege under any other provision of law.

(2) The person's drivers license was revoked for an offense involving impaired driving at the time the person was charged under G.S. 20-28(a) or G.S. 20-28.1.

(3) The person's drivers license is revoked under G.S. 20-17.1.

(4) The person is not eligible to receive a North Carolina drivers license under G.S. 20-9(f).

(5) The Division has refused to issue a drivers license to the person under G.S. 20-9(e).

(6) The person's drivers license issued by another state has been revoked by that state for any reason or the person's North Carolina drivers license has been revoked under any interstate compact or agreement.

(d) Scope of Privilege. – A limited driving privilege shall restrict the holder to essential driving related to one or more of the purposes listed in this subsection. Any driving that is not related to the purposes authorized in this subsection is unlawful even though done at times and upon routes that may be authorized by the privilege. Except as otherwise provided, all driving shall be for a purpose and done within the restrictions specified in the privilege.

The permissible purposes for a limited driving privilege are: (i) travel to and from the person's place of employment and in the course of employment; (ii) travel necessary for maintenance of the person's household; and (iii) travel to provide emergency medical care for the person or for an immediate family member of the person who resides in the same household with the person. Driving related to emergency medical care is authorized at any time and without restriction as to routes.

(e) Jurisdiction. – A motion for a limited driving privilege under this section is separate from any action that resulted in the initial revocation and is a civil action filed in district court in the county of the person's residence as reflected by the Division's records. The costs required under G.S. 7A-305(a3) apply to this action.

(f) Motion. – A motion for a limited driving privilege requested under this section shall include a copy of the person's driving history. The motion shall also include a sworn statement that there are no outstanding or unresolved charges, no unpaid fines, and no violations in this or any other state that could result in the revocation of the person's drivers license, and that the person has complied with the current revocation for the time period required under subdivision (b)(2) of this section

immediately preceding the person's motion for a limited driving privilege under this section.

(g) Employment Driving in Standard Working Hours. – The court may authorize driving for employment-related purposes during standard working hours without specifying the times and routes in which the driving shall occur. If the person is not required to drive for essential employment-related purposes except during standard working hours, the limited driving privilege shall prohibit driving during nonstandard working hours unless the driving is for emergency medical care or is authorized by subsection (i) of this section. The limited driving privilege shall state the name and address of the applicant's place of work or employer and may include other information and restrictions applicable to work-related driving, at the discretion of the court.

(h) Employment Driving in Nonstandard Working Hours. – If a person is required to drive during nonstandard working hours for an essential employment-related purpose and the person provides documentation of that fact to the court, the court may authorize the person to drive for that purpose during those hours. If the person is self-employed, the documentation shall be attached to or made a part of the limited driving privilege. The limited driving privilege shall state the name and address of the person's place of employment or employer and may include other information and restrictions applicable to work-related driving, at the discretion of the court. If the court determines that it is necessary for the person to drive during nonstandard working hours for an employment-related purpose, the court may authorize the person to drive subject to these limitations:

(1) If the person is required to drive to and from a specific place of employment at regular times, the limited driving privilege shall specify the general times and routes by which the person may drive to and from work and shall restrict driving to those times and routes.

(2) If the person is required to drive to and from work at a specific place but is unable to specify the times during which the driving will occur, the limited driving privilege shall specify the general routes by which the person may drive to and from work and shall restrict driving to those general routes.

(3) If the person is required to drive to and from work at regular times but is unable to specify the places at which work is to be performed, the limited driving privilege shall specify the general times and geographic boundaries within which the person may drive and shall restrict driving to those times and boundaries.

(4) If the person can specify neither the times nor places in which the person will be driving to and from work, or if the person is required to drive during these nonstandard working hours as a condition of employment, the limited driving privilege shall specify the geographic boundaries within which the person may drive and shall restrict driving to those boundaries.

(i) Household Maintenance. – A limited driving privilege may not allow driving for maintenance of the household except during standard working hours. The limited

driving privilege may contain additional restrictions on driving for the maintenance of the household, at the discretion of the court.

(j) Proof of Financial Responsibility. – A person applying for a limited driving privilege under this section shall provide proof of financial responsibility to the court, and a limited driving privilege shall be conditioned upon the maintenance of financial responsibility during the period of the limited driving privilege. The Commissioner may require that certificates required by this subsection be on a form approved by the Commissioner. Nothing in this subsection precludes any person from showing proof of financial responsibility in any other manner authorized by Articles 9A and 13 of this Chapter. This subsection does not apply to a person who does not own a currently registered motor vehicle and who does not operate a nonfleet private passenger motor vehicle that is owned by another person and that is not insured under a commercial motor vehicle liability insurance policy. If this subsection applies, the person shall sign a written certificate to that effect. The Division shall furnish the certificate. Any material misrepresentation made by the person on the certificate shall be grounds for the court to revoke the limited driving privilege granted under this section.

Proof of financial responsibility shall be in one of the following forms:

(1) A written certificate or electronically transmitted facsimile of the certificate issued by an insurance carrier duly authorized to do business in this State certifying that there is in effect a nonfleet private passenger motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. The certificate or facsimile shall state the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy and shall state the date that the certificate or facsimile is issued. The certificate or facsimile shall remain effective proof of financial responsibility for a period of 30 consecutive days following the date the certificate or facsimile is issued but shall not in and of itself constitute a binder or policy of insurance.

(2) A binder for or policy of nonfleet private passenger motor vehicle liability insurance under which the applicant is insured, provided that the binder or policy states the effective date and expiration date of the nonfleet private passenger motor vehicle liability policy.

(k) Other Restrictions. – The court shall include in all limited driving privileges a restriction that the holder of the privilege may not consume alcohol while driving or drive at any time while the holder has remaining in the holder's body any alcohol or controlled substance previously consumed, unless the controlled substance was lawfully obtained and taken in therapeutically appropriate amounts. The court may impose any other reasonable restrictions or conditions necessary to achieve the purposes of this section.

(l) Term. – The term of a limited driving privilege issued under this section shall be one year. Upon the expiration of the term of the limited driving privilege or after three years from the date of the permanent revocation, the person may apply to the Division for a license under G.S. 20-28(c) or G.S. 20-28.1(c).

(m) Notification. – The clerk of court shall send a copy of any limited driving privilege issued in the county to the Division. A limited driving privilege that is not authorized by this section or that does not contain the limitations required by law is invalid.

(n) Modification. – A court may modify or revoke a person's limited driving privilege issued under this section upon a showing that the circumstances have changed sufficiently to justify modification or revocation. If the judge who issued the privilege is not presiding in the court in which the privilege was issued, a presiding judge in that court may modify or revoke the privilege. The judge shall either indicate in the order of modification or revocation the reasons for the order, or make specific findings indicating the reason for the order, and those findings shall be entered in the record of the case. When a court issues an order of modification or revocation, the clerk shall send a copy of the order to the Division.

(o) Effect of Violation. – A violation of a limited driving privilege issued under this section constitutes the offense of driving while license revoked under G.S. 20-28. Whenever a person is charged with operating a motor vehicle in violation of the limited driving privilege, the limited driving privilege shall be suspended pending the final disposition of the charge."

SECTION 2. G.S. 7A-305 is amended by adding a new subsection to read:

"(a3) In every motion to obtain a limited driving privilege filed under G.S. 20-20.1, a cost of one hundred dollars ($100.00) shall be assessed against the person filing the motion. Costs collected by the clerk under this subsection shall be remitted to the State Treasurer. The State Treasurer shall credit one-half of the assessed cost to the Highway Fund and the remaining one-half of the assessed cost to the Court Information Technology Fund established under G.S. 7A-343.2. Costs assessed under this subsection shall be in addition to any other costs assessed under this section."

SECTION 3. This act becomes effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Judicial Department; Department of Transportation; Department of Correction; Local Government.

EFFECTIVE DATE: Applies to permanent revocations that occur before, on, or after December 1, 2007.

BILL SUMMARY: Enacts new G.S. 20-20.1, permitting the issuance of limited driving privileges to persons whose NC driver's licenses are currently revoked under G.S. 20-28(a) or 20-28.1. Sets out the standards under which limited driving privileges are authorized (including

conditions that make a person ineligible for the privilege). Limits the purposes for which limited driving privileges may be authorized to travel: (1) to and from the person's employment and in the course of employment; (2) necessary for maintenance of the person's household; and, (3) emergency medical care for the person or for an immediate family member living in same household. Establishes standards for each purpose permitted, and requires a person applying for limited driving privileges to show proof of financial responsibility. Provides that the term of the limited driving privileges is the shorter of one year, or the length of time remaining in the revocation period imposed under G.S. 20-28(a) or G.S. 20-28.1. Requires the Division of Motor Vehicles to reinstate a person's license upon successful completion of the limited driving privilege – person must pay the $50 restoration fee to DMV, as required by G.S. 20-7. Specifies that violation of the privilege constitutes a violation of G.S. 20-28 – Class 1 misdemeanor offense of driving while license revoked. Amends G.S. 7A-305 to establish an unspecified filing fee to be charged for motions to obtain a limited driving privilege; provides that the fee is to be assessed in addition to court costs as provided by the statute ($80 for District Court). Effective December 1, 2007, and applies to permanent revocations that occur before, on, or after that date.
Source: Bill Digest S.B. 758 (03/13/0200).

ASSUMPTIONS AND METHODOLOGY:

Impact Statement: Based on the available data, exclusive criteria for the limited driving privilege, and inability to determine individual preferences among alternatives, Fiscal Research cannot estimate the potential revenues and costs of this proposal. ***Therefore, an impact estimate is unavailable.***

I. Issuance of Limited Driving Privileges:

Under current law, a person whose license is revoked for one year for first offense under G.S. 20-28(a) or 20-28.1 may apply to DMV for license reinstatement after having served at least 90 days of the current revocation period; that person must have served the entire period of the underlying revocation. A person whose license is revoked for two years for second offense under G.S. 20-28(a) or 20-28.1 may apply for reinstatement after having served at least one year of current revocation period. And a person whose license is revoked permanently under either statute may apply for reinstatement after having served at least three years of the "permanent" revocation period. Determinations of reinstatement are decided by a hearing before the Division of Motor Vehicles.

S.B. 758 creates a new civil procedure for issuance of a limited driving privilege, to be conducted through the Courts. In effect, the privilege constitutes an alternative to current license reinstatement procedures. Privilege eligibility for Groups 1 and 2 - first and second offenders of G.S. 20-28(a) or 20-28.1 – mirrors the respective time horizons for license reinstatement. In contrast, privilege eligibility for Group 3 – third or subsequent offenders under G.S. 20-28(a) or 20-28.1 – is set at one year earlier than that for license reinstatement. Therefore, persons with permanent revocations could petition for a limited driving privilege after having served two years of the current revocation, rather than three as under current law. To obtain a limited driving privilege, a person would have to file a civil petition in court in the county of residence as reflected by the Division of Motor Vehicles' records.

At this time, Fiscal Research cannot reliably evaluate how individual preferences will change in response to these options. Nor is it known how many people would be eligible to petition for the privilege within each group; how many would petition or erroneously petition (not eligible); or how the number of petitions would vary from year to year. Therefore, Fiscal Research cannot determine how many persons will petition for this limited driving privilege.

Judicial

Fiscal Research expects that the creation of a new civil action for the issuance of a limited driving privilege will increase court workload to a degree contingent upon the number of hearings that occur. Because the number of petitions is unknown, FRD cannot estimate the resultant impact on district court personnel, or how many additional resources will prove necessary. Nonetheless, AOC staff estimate that each filing would require one additional hour of a judge's time and 30 minutes of a deputy clerk's.

Division of Motor Vehicles

It is not known how this proposal will alter the number of license reinstatement hearings requested for DMV. Likewise, the number of potential petitions is unknown. Therefore, potential workload and revenues are indeterminate.

II. Violation of Limited Driving Privilege

By establishing the new limited driving privilege, S.B. 758 also creates a new offense for violation of that privilege (G.S. 20-21(o)). In effect, operation of a motor vehicle in violation of the proposed limited driving privilege constitutes the offense of driving while license revoked under G.S. 20-28, a Class 1 misdemeanor. The defendant's limited driving privilege is suspended until final disposition of the charge; and upon conviction, the offender's license is revoked pursuant to G.S. 20-28.

Department of Correction

Based on the most recent prison population projections and estimated available bed capacity, *there are no surplus prison beds available over the immediate five-year horizon or beyond.* Therefore, any new felony conviction that results in an active sentence will require an additional prison bed.

Class 1 misdemeanants serve their designated terms of incarceration within local jails; therefore, the proposed offense is not expected to impact the state's prison population.[1] The potential impact on local jail populations is unknown.

In FY 2005-06, 20% of Class 1 misdemeanor convictions resulted in active sentences, with an average estimated time served of 31 days. Thus, to the extent that future convictions for the proposed offense were to result in active sentences longer than 30 days, the Department of Correction could incur some additional costs for county reimbursement. However, given the

[1] Active sentences between 1-90 days are served in local jails. The Department of Correction reimburses counties $18 per day for offenders housed longer than 30 days (between 30 and 90). Sentences longer than 90 days are to be served in state prison; however, when bed shortages demand it, the State may lease needed beds from counties.

typical length for Class 1 active sentences, Fiscal Research does not anticipate a significant increase in reimbursements due to this proposal.

Department of Correction: Division of Community Corrections

In FY 2005-06, 80% of Class 1 misdemeanor convictions resulted in either intermediate or community punishments, predominantly special, intensive, or general supervision probation. *Thus, if future convictions for the proposed offenses were to occur, the Division of Community Corrections (DCC) could assume some additional costs for offenders placed under its supervision.* However, it is not known how many offenders would be sentenced to intermediate or community punishments, to which type, or for how long.

Presently, general supervision of intermediate and community offenders by a probation officer costs DCC $1.96 per offender, per day; no cost is assumed for those receiving unsupervised probation, or who are ordered only to pay fines, fees, or restitution. DCC also incurs a daily cost of $0.69 per offender sentenced to the Community Service Work Program. However, the daily cost per offender on intermediate sanction is much higher, ranging from $7.71 to $14.97 depending on the type of sanction. Intensive supervision probation is the most frequently used intermediate sanction, and costs an estimated $14.97 per offender, per day. On average, intensive supervision lasts six-months, with general supervision assumed for a designated period thereafter.

Judicial Branch

The AOC expects that if additional charges for violation of the new limited driving privilege were to arise, the resultant cases would increase court-time requirements, personnel workload, and the costs of case disposal. However, it is not known exactly how many persons might apply for the limited driving privilege, or how many might violate its conditions. Presently, court-time costs are an estimated $3,702 per Class 1 misdemeanor trial, and $243 per plea. However, actual costs would likely vary from general example.

The Honorable John H. Kerr, III
North Carolina General Assembly
526 Legislative Office Building
Raleigh, NC 27603-5925

Dear Senator Kerr:

At the most recent meeting of the Executive Committee of the North Carolina Conference of District Attorneys, the Committee voted to continue our support for your forthcoming bill entitled, "Limited Driving Privileges - DWLR Bill."

As you are well aware, there are many reasons for a person's driving privileges to be revoked. Often times, because of employment, family, or emergency obligations, people continue to drive after having their license revoked and then may incur additional violations. This causes a "revolving door" situation from which these same people cannot escape.

The Conference of District Attorneys believes that as long as there are restrictions on the type of revocation, it is appropriate for some of these individuals to obtain a limited driving privilege so that they can continue to meet their obligations. The restrictions that exist in the bill you sponsored last year, especially the exclusion of persons who had their licenses revoked because of impaired driving, were most appropriate.

Please do not hesitate to call if the Conference can be of any assistance to you in your pursuit of this legislation or any other issues.

Sincerely,

Peg Dorer

Referred to:

March 21, 2007

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE INCOME LIMIT FOR THE HOMESTEAD PROPERTY TAX EXCLUSION AND TO TREAT THE ELDERLY WHO LIVE IN THEIR OWN HOME THE SAME AS THOSE WHO LIVE IN A RETIREMENT COMMUNITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.1(a2) reads as rewritten:

"(a2) Income Eligibility Limit. – Until July 1, ~~2003,~~2009, the income eligibility limit is ~~eighteen~~ twenty-five thousand dollars ~~($18,000).~~($25,000). For taxable years beginning on or after July 1, ~~2003,~~2009, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to the benefits under Titles II and XVI of the Social Security Act for the preceding calendar year, rounded to the nearest one hundred dollars ($100.00). On or before July 1 of each year, the Department of Revenue must determine the income eligibility amount to be in effect for the taxable year beginning the following July 1 and must notify the assessor of each county of the amount to be in effect for that taxable year."

SECTION 2. G.S. 105-277.1(b)(1a) reads as rewritten:

"(1a) Income. – ~~Adjusted gross income, as defined in section 62 of the Code, plus all other~~ All moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant. For married applicants residing with their spouses, the income of both spouses must be included, whether or not the property is in both names."

SECTION 3. G.S. 105-278.6A reads as rewritten:

"**§ 105-278.6A. Qualified retirement facility.**

(a) Classification. – Buildings, the land they actually occupy, additional adjacent land reasonably necessary for the convenient use of the buildings, and personal property

owned by a qualified retirement facility and used in the operation of that facility are designated a special class of property under Section 2(2) of Article V of the North Carolina Constitution and are excluded from taxation to the extent provided in this section.

(b) Definitions. – The following definitions apply in section:

~~(1) Charity care. – The unreimbursed costs to the facility of providing health care, housing, or other services to a resident who is uninsured, underinsured, or otherwise unable to pay for all or part of the services rendered.~~

~~(2) Community benefits. – The unreimbursed costs to the facility of providing the following:~~

~~a. Services, including health, recreation, community research, and education activities provided to the community at large, including the elderly.~~

~~b. Charitable donations.~~

~~c. Donated volunteer services.~~

~~d. Donations and voluntary payments to government agencies.~~

(3) Financial reporting period. – The calendar year or tax year ending prior to the date the retirement facility applies for an exclusion under this section.

(3a) Qualifying resident. – An individual whose permanent residence is a retirement facility and who meets the requirements of a qualifying owner under G.S. 105-277.1(a).

~~(4) Resident revenue. – Annual revenue paid by a resident for goods and services and one year's share of the initial resident fee amortized in accordance with generally accepted accounting principles.~~

(5) Retirement facility. – A community that meets all of the following conditions:

a. It is licensed under Article 64 of Chapter 58 of the General Statutes.

b. It is designed for elderly residents.

c. It includes independent living units for elderly residents.

d. It includes a skilled nursing facility or an adult care facility.

e. It is an exempt organization under section 501(c)(3) of the Code.

~~(6) Unreimbursed costs. – The costs a facility incurs for providing charity care or community benefits after subtracting payment or reimbursement received from any source for the care or benefits. Unreimbursed costs include costs paid from funds generated by a program described in subdivision (c)(5) of this section.~~

~~(c) Total Exclusion. – A retirement facility qualifies for total exclusion under this section if it meets all of the following conditions:~~

~~(1) It is exempt from tax under Article 4 of this Chapter and private shareholders do not benefit from its operations.~~

~~(2) All of its revenues, less operating and capital expenses, are applied to providing uncompensated goods and services to the elderly and to the local community, or are applied to an endowment or a reserve for these purposes.~~

~~(3) Its charter provides that in the event of dissolution, its assets will revert or be conveyed to an entity that is organized exclusively for charitable, educational, scientific, or religious purposes, and is an exempt organization under section 501(c)(3) of the Code.~~

~~(4) Repealed by Session Laws 2001-17, s. 1.~~

~~(5) It has an active program to generate funds through one or more sources, such as gifts, grants, trusts, bequests, endowment, or an annual giving program, to assist the retirement facility in serving persons who might not be able to reside there without financial assistance or subsidy.~~

~~(6) It meets at least one of the following conditions:~~

~~a. The facility serves all residents without regard to the residents' ability to pay.~~

~~b. At least five percent (5%) of the facility's resident revenue for the financial reporting period is provided in charity care to its residents, in community benefits, or in both.~~

~~(d) Partial Exclusion. A retirement facility qualifies for a partial exclusion under this subsection if it meets conditions under subdivisions (c)(1) through (c)(5) of this section and at least one percent (1%) of the facility's resident revenue for the financial reporting period is provided in charity care to its residents, in community benefits, or in both. The percentage of the retirement facility's assessed value that is excluded from taxation is the applicable percentage provided in the following table, based on the minimum percentage of the facility's resident revenue that it provides in charity care to its residents, in community benefits, or in both:~~

~~Partial Exclusion~~	~~Minimum Percentage of Resident Revenue~~
~~80%~~	~~4%~~
~~60%~~	~~3%~~
~~40%~~	~~2%~~
~~20%~~	~~1%~~

Exclusion. – A retirement facility qualifies for an exclusion under this section if it provides housing to qualifying residents. The exclusion amount is equal to the percentage of residents who are qualifying residents multiplied by fifty percent (50%) of the appraised value of the qualified retirement facility.

(e) Application for Exclusion. – The application requirements of G.S. 105-282.1 apply to this section."

SECTION 4. G.S. 105-164.14(b) reads as rewritten:

"(b) Nonprofit Entities and Hospital Drugs. – A nonprofit entity included in the following list is allowed a semiannual refund of sales and use taxes paid by it under this

Article on direct purchases of tangible personal property and services, other than electricity, telecommunications service, and ancillary service, for use in carrying on the work of the nonprofit entity:

(1) Hospitals not operated for profit, including hospitals and medical accommodations operated by an authority created under the Hospital Authorities Law, Article 2 of Chapter 131E of the General Statutes.

(2) Educational institutions not operated for profit.

(3) Churches, orphanages, and other charitable or religious institutions and organizations not operated for profit.

(4) Qualified retirement facilities whose property is excluded from property tax under G.S. 105-278.6A. The refund due shall be equal to the sales and use taxes subject to a refund under this subdivision multiplied by the percentage of residents who are qualifying residents.

Sales and use tax liability indirectly incurred by a nonprofit entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the nonprofit entity and is being erected, altered, or repaired for use by the nonprofit entity for carrying on its nonprofit activities is considered a sales or use tax liability incurred on direct purchases by the nonprofit entity.

A hospital that is not allowed a refund under this subsection of sales and use taxes paid on its direct purchases of tangible personal property is allowed a semiannual refund of sales and use taxes paid by it on medicines and drugs purchased for use in carrying out its work.

The refunds allowed under this subsection for certain nonprofit entities and for medicines and drugs purchased by hospitals do not apply to organizations, corporations, and institutions that are owned and controlled by the United States, the State, or a unit of local government, except hospital facilities created under Article 2 of Chapter 131E of the General Statutes and nonprofit hospitals owned and controlled by a unit of local government that elect to receive semiannual refunds under this subsection instead of annual refunds under subsection (c).

A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund for the first six months of a calendar year is due the following October 15; a request for a refund for the second six months of a calendar year is due the following April 15."

SECTION 5. Sections 1, 2, and 3 of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Section 4 of this act becomes effective July 1, 2008, and applies to sales made on or after that date. The remainder of this act is effective when it becomes law.

SENATE BILL 1051:
Equitable Residential Property Tax Relief

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 30, 2007
Introduced by:		**Summary by:**	Dan Ettefagh
Version:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 1051 would increase the income limit for the homestead property tax exclusion and would modify the exclusion for qualified retirement facilities. The bill would also modify the calculation of sales and use taxes refunded to qualified retirement facilities. Finally, the bill simplifies the definition for income used for the homestead exclusion. The PCS makes a technical correction to harmonize the language of the statute with the intended effective date and limits the tax exclusion to non-profit qualified retirement facilities.***

CURRENT LAW: Under current law, the property tax homestead exclusion in G.S. 105-277.1 grants an exclusion from property tax to North Carolina residents who (i) are at least 65 years of age or totally and permanently disabled and (ii) have an income not exceeding the income eligibility limit. The amount of the exclusion is the greater of $20,000 or 50% of the appraised value of the qualifying owner's permanent residence. The income eligibility limit is indexed according to the cost-of-living adjustment. The applicable income eligibility limit for 2006 is $19,700 and for 2007 is $20,500.

Under current law, qualified retirement facilities receive a partial or total exemption if they are licensed as a continuing care retirement community, are designed for elderly residents, include independent living units for elderly residents, and include a skilled nursing facility or an adult care facility. The total exemption occurs where the qualified retirement community (1) is exempt from income tax and private shareholders do not benefit from its operations, (2) applies all revenues (less operating and capital expenses) to providing uncompensated goods and services to the elderly and local community or to an endowment or reserve for these purposes, (3) has a charter providing that, in the event of dissolution, its assets will revert or be conveyed to a tax-exempt entity (under 501(c)(3) of the Code) that is organized exclusively for charitable, educational, scientific, or religious purposes, (4) has an active program to generate funds to assist the retirement facility in serving persons needing financial assistance to reside there, and (5) serves all residents without regard to ability to pay or provides at least 5% of the revenue in charity care to residents, in community benefits, or both (a partial exemption occurs where the facility meets these requirements and provides at least 1% of the revenue in charity care to residents, in community benefits, or both).

Under current law, qualified retirement facilities whose property is excluded from property tax are permitted a semiannual refund of sales and use taxes paid on tangible personal property and services other than electricity, telecommunications service, and ancillary service.

BILL ANALYSIS: The bill would increase the income eligibility limit to $25,000 until July 1, 2008, and would index that amount for taxable years beginning on or after July 1, 2008, according to the cost-of-living adjustment.

In addition, the bill would eliminate the current system of partial or total exemptions for qualified retirement facilities and would replace it with a system calculating the property tax exclusion as a function of the percentage of residents who use the facility as a permanent residence and meet the requirements of a qualifying owner under the property tax homestead exclusion, with a maximum exclusion of 50% of the appraised value of the facility. This maximum percentage is based on the

percentage of excluded appraised value of a qualifying owner's permanent residence under the property tax homestead exclusion.

Finally, the bill would make the sales and use tax refund for qualified retirement facilities a function of the percentage of facility residents who use the facility as a permanent residence and meet the requirements of a qualifying owner under the property tax homestead exclusion.

EFFECTIVE DATE: The changes to the property tax homestead exclusion and qualified retirement facilities' property taxes would become effective for taxes imposed for taxable years beginning on or after July 1, 2008. The change to the sales and use tax refund for qualifying purchases of qualified retirement facilities becomes effective July 1, 2008, and applies to sales made on or after that date.

BACKGROUND: North Carolina used to exempt from property tax homes for the aged, sick, and infirm if used exclusively for a charitable purpose and if non-profit. In response to a court ruling that certain homes were not charitable, the General Assembly in 1987 enacted a property tax exemption for certain homes for the "aged, sick, or infirm" if owned and operated by a nonprofit organization that was religious or Masonic, irrespective of whether the facility was operated as a charity. In 1998, this system was struck down on First Amendment grounds because of the requirement of affiliation with a religious or Masonic organization. Following this ruling, the General Assembly enacted the current tax treatment for qualified retirement facilities.

EFFECTIVE DATE: Sections 1, 2, and 3 of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Section 4 of this act becomes effective July 1, 2008, and applies to sales made on or after that date. The remainder of this act is effective when it becomes law.

BILL SUMMARY:

The PCS to Senate Bill 1051 increases the income eligibility limit for a qualifying property owner for the property tax Homestead exclusion to $25,000 beginning in 2008, with annual indexing thereafter according to the Social Security Cost of Living Adjustment (COLA). The bill also deletes the current provisions for total and partial exclusions of qualifying Continuing Care Retirement Communities (CCRCs) from property taxation and replaces them with a partial exclusion calculated as the percentage of facility residents qualifying for the Homestead exclusion multiplied by 50 percent of the appraised value. Similarly, the bill eliminates the current sales and use tax refund for qualifying CCRCs and replaces it with a partial refund based on the percentage of Homestead-eligible residents.

ASSUMPTIONS AND METHODOLOGY:

Homestead Income Limit Increase

The current homestead exclusion applies to persons age 65 or older or totally and permanently disabled with income of $20,500 or less for calendar year 2007. Thus, this bill would affect elderly and disabled persons with incomes between $20,500 and $25,000. The income eligibility limit would continue to increase each year based on the cost-of-living adjustments (COLA) for Social Security payments.

According to the 2005 American Community Survey (ACS), there were 60,325 households in North Carolina with occupants age 65 or older that fell within the $20,000 to $25,000 income range. It is estimated that 61% of persons in this income range own their own home. Therefore, as of 2005, there were 36,798 (60,325 * 61%) homeowners 65 or older with household incomes between $20,000 and $25,000.

The next step in the analysis is to calculate an average property value. According to the US Census Bureau, the median home value for 2004 for the 65 and older population in North Carolina was $107,143. The value is adjusted downward by 15% to account for the fact that home values of taxpayers in the targeted income group for this analysis are lower than the median for all homeowners in the 65 and older age group.

The median home value is further reduced to account for the sales assessment ratio, which is the average assessed value divided by the average market value. The current average statewide sales assessment ratio is 86%. The resulting median tax value for property owners over 65 in the target income group is $78,322. Because the tax credit applies to 50% of the property value, the amount of the exclusion per property owner is estimated to be $39,161. Applying the average weighted tax rate for counties, municipalities and special tax districts and multiplying by the number of property owners results in the estimated revenue loss.

Growth for future years is based on the change in the number of eligible taxpayers and the increase in property values. The increase in eligible taxpayers is estimated by calculating the average increase in the 65 and older population in North Carolina for the most recent available four-year period (2000 to 2004), which is 1.5% annually. Property values are assumed to increase by 5% each year.

Continuing Care Retirement Community (CCRC) Property Tax Changes

Under current law, qualifying CCRCs may receive a full or partial exemption from property tax. To qualify for a full exemption the CCRC must be a tax-exempt non-profit. In addition to certain other criteria, the facility must meet at least one of the following conditions in order to receive a full exclusion:

a. The facility serves all residents without regard to the residents' ability to pay.

b. At least five percent (5%) of the facility's resident revenue for the financial reporting period is provided in charity care to its residents, in community benefits, or in both.

CCRCs can also receive a partial exclusion if they have a lower charity care and community benefit to resident revenue ratio between 1% and 5%. If that ratio is greater than 4% the CCRC is exempt from 80% of the value of their property. If the ratio is greater than 3%, then 60% is exempt. If the ratio is greater than 2% a 40% exemption applies. If the ratio is more than 1% the facility receives a 20% exemption. Community benefits are defined as the unreimbursed cost to the facility of providing charitable donations, donated volunteer services, donations and voluntary payments to government agencies, and services, including health, recreation, community research, and educational activities. These services can be provided to the community at large, including the elderly population.

According to the Department of Insurance, there are currently fifty-six (56) Continuing Care Retirement Communities in North Carolina. Forty-nine (49) of these facilities are non-profit institutions.

In the spring 2007 the North Carolina Association Tax Assessors' Association surveyed all 56 CCRCs to determine the amount of property that is currently exempted under G.S. 105-278.6A (CCRC exemption) and the amount of property that is exempted separately through Medical Care Commission (MCC) Bond financing.[1] Twenty-three (23) of the non-profit facilities indicated that they received a property tax exclusion under G.S. 105-278.6A. Additional information regarding property values, entrance fees, monthly fees and tax status were available from finance reports and the Department of Insurance.

To estimate the impact of the bill, the tax loss from the CCRC exclusion was calculated. The amount of the tax exemption under SB 1051 was then estimated by multiplying the percentage of Homestead-eligible residents by the assessed value of all of the non-profit facilities, less any MCC exclusion. Based on discussions with the Department of Insurance and after considering the entrance and monthly fees for CCRCs, FRD believes the percentage of Homestead-eligible residents is less than 5%. The difference between the current exemption and the estimated exemption under SB 1051 is $4.9 million. FRD believes the impact of the bill may be higher because some of the other facilities that did not respond to the survey may be receiving a full or partial exemption. To estimate the maximum impact of the bill, a separate calculation was used to estimate the current tax loss assuming all of the non-profits that did not respond to the survey received the full exemption. Using this assumption the savings for local governments under SB

[1] G.S. 131A-21 provides that health care facilities financed with Medical Care Commission bonds are exempt from property taxes. Several CCRCs receive full or partial property tax exemptions under this statute.

1051 would be $9.9 million. This is considered to be the maximum of the range of impact for the bill.

Continuing Care Retirement Community (CCRC) Sales Tax Changes
Under current law, CCRCs receive a refund of sales and use taxes paid on direct purchases of tangible personal property and services, other than electricity, telecommunications service, and ancillary service, for use in carrying on the work of the facility. During FY 2004-05, refunds for these facilities totaled $3.8 million. The PCS to SB 1051 repeals the full refund and replaces it with a partial refund based on the percentage of Homestead-eligible residents. The fiscal impact is determined by applying the 5% estimate of Homestead-eligible residents and projecting increases for future years based on Fiscal Research's current baseline sales tax growth estimates. Because the refund is distributed semi-annually, the fiscal impact of FY 08-09 is approximately one-half the annual amount. The table below displays the projection for refunds under current law and under SB 2051.

Fiscal Impact of Section 4 of SB 1051 (Combined State and Local)					
	FY 07-08	**FY 08-09**	**FY 09-10**	**FY 10-11**	**FY 11-12**
Current Refunds	$4,236,570	$4,422,977	$4,666,246	$4,922,885	$5,193,649
Refunds under SB 1051	N/A	$2,432,636	$233,312	$246,144	$259,682
Fiscal Impact	**N/A**	**$1,990,341**	**$4,432,934**	**$4,676,741**	**$4,933,967**

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE INCOME LIMIT FOR THE HOMESTEAD PROPERTY TAX EXCLUSION AND TO TREAT THE ELDERLY WHO LIVE IN THEIR OWN HOME THE SAME AS THOSE WHO LIVE IN A RETIREMENT COMMUNITY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.1(a2) reads as rewritten:

"(a2) Income Eligibility Limit. – Until July 1, ~~2003,~~2008, the income eligibility limit is ~~eighteen~~ twenty-five thousand dollars ~~($18,000).~~($25,000). For taxable years beginning on or after July 1, ~~2003,~~2008, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to the benefits under Titles II and XVI of the Social Security Act for the preceding calendar year, rounded to the nearest one hundred dollars ($100.00). On or before July 1 of each year, the Department of Revenue must determine the income eligibility amount to be in effect for the taxable year beginning the following July 1 and must notify the assessor of each county of the amount to be in effect for that taxable year."

SECTION 2. G.S. 105-277.1(b)(1a) reads as rewritten:

"(1a) Income. – ~~Adjusted gross income, as defined in section 62 of the Code, plus all other~~ All moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant. For married applicants residing with their spouses, the income of both spouses must be included, whether or not the property is in both names."

SECTION 3. G.S. 105-278.6A reads as rewritten:

"**§ 105-278.6A. Qualified retirement facility.**

(a) Classification. – Buildings, the land they actually occupy, additional adjacent land reasonably necessary for the convenient use of the buildings, and personal property owned by a qualified retirement facility and used in the operation of that facility are

designated a special class of property under Section 2(2) of Article V of the North Carolina Constitution and are excluded from taxation to the extent provided in this section.

(b) Definitions. – The following definitions apply in section:

~~(1) Charity care. – The unreimbursed costs to the facility of providing health care, housing, or other services to a resident who is uninsured, underinsured, or otherwise unable to pay for all or part of the services rendered.~~

~~(2) Community benefits. – The unreimbursed costs to the facility of providing the following:~~

~~a. Services, including health, recreation, community research, and education activities provided to the community at large, including the elderly.~~

~~b. Charitable donations.~~

~~c. Donated volunteer services.~~

~~d. Donations and voluntary payments to government agencies.~~

(3) Financial reporting period. – The calendar year or tax year ending prior to the date the retirement facility applies for an exclusion under this section.

(3a) Qualifying resident. – An individual whose permanent residence is a retirement facility and who meets the requirements of a qualifying owner under G.S. 105-277.1(a).

~~(4) Resident revenue. – Annual revenue paid by a resident for goods and services and one year's share of the initial resident fee amortized in accordance with generally accepted accounting principles.~~

(5) Retirement facility. – A community that meets all of the following conditions:

a. It is licensed under Article 64 of Chapter 58 of the General Statutes.

b. It is designed for elderly residents.

c. It includes independent living units for elderly residents.

d. It includes a skilled nursing facility or an adult care facility.

~~(6) Unreimbursed costs. – The costs a facility incurs for providing charity care or community benefits after subtracting payment or reimbursement received from any source for the care or benefits. Unreimbursed costs include costs paid from funds generated by a program described in subdivision (c)(5) of this section.~~

~~(c) Total Exclusion. – A retirement facility qualifies for total exclusion under this section if it meets all of the following conditions:~~

~~(1) It is exempt from tax under Article 4 of this Chapter and private shareholders do not benefit from its operations.~~

~~(2) All of its revenues, less operating and capital expenses, are applied to providing uncompensated goods and services to the elderly and to the~~

~~local community, or are applied to an endowment or a reserve for these purposes.~~

~~(3) Its charter provides that in the event of dissolution, its assets will revert or be conveyed to an entity that is organized exclusively for charitable, educational, scientific, or religious purposes, and is an exempt organization under section 501(c)(3) of the Code.~~

~~(4) Repealed by Session Laws 2001-17, s. 1.~~

~~(5) It has an active program to generate funds through one or more sources, such as gifts, grants, trusts, bequests, endowment, or an annual giving program, to assist the retirement facility in serving persons who might not be able to reside there without financial assistance or subsidy.~~

~~(6) It meets at least one of the following conditions:~~

~~a. The facility serves all residents without regard to the residents' ability to pay.~~

~~b. At least five percent (5%) of the facility's resident revenue for the financial reporting period is provided in charity care to its residents, in community benefits, or in both.~~

~~(d) Partial Exclusion. A retirement facility qualifies for a partial exclusion under this subsection if it meets conditions under subdivisions (c)(1) through (c)(5) of this section and at least one percent (1%) of the facility's resident revenue for the financial reporting period is provided in charity care to its residents, in community benefits, or in both. The percentage of the retirement facility's assessed value that is excluded from taxation is the applicable percentage provided in the following table, based on the minimum percentage of the facility's resident revenue that it provides in charity care to its residents, in community benefits, or in both:~~

~~Partial Exclusion~~	~~Minimum Percentage of Resident Revenue~~
~~80%~~	~~4%~~
~~60%~~	~~3%~~
~~40%~~	~~2%~~
~~20%~~	~~1%~~

Exclusion. – A retirement facility qualifies for an exclusion under this section if it provides housing to qualifying residents. The exclusion amount is equal to the percentage of residents who are qualifying residents multiplied by fifty percent (50%) of the appraised value of the qualified retirement facility.

(e) Application for Exclusion. – The application requirements of G.S. 105-282.1 apply to this section."

SECTION 4. G.S. 105-164.14(b) reads as rewritten:

"(b) Nonprofit Entities and Hospital Drugs. – A nonprofit entity included in the following list is allowed a semiannual refund of sales and use taxes paid by it under this Article on direct purchases of tangible personal property and services, other than

electricity, telecommunications service, and ancillary service, for use in carrying on the work of the nonprofit entity:

(1) Hospitals not operated for profit, including hospitals and medical accommodations operated by an authority created under the Hospital Authorities Law, Article 2 of Chapter 131E of the General Statutes.

(2) Educational institutions not operated for profit.

(3) Churches, orphanages, and other charitable or religious institutions and organizations not operated for profit.

(4) Qualified retirement facilities whose property is excluded from property tax under G.S. 105-278.6A. The refund due shall be equal to the sales and use taxes subject to a refund under this subdivision multiplied by the percentage of residents who are qualifying residents.

Sales and use tax liability indirectly incurred by a nonprofit entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the nonprofit entity and is being erected, altered, or repaired for use by the nonprofit entity for carrying on its nonprofit activities is considered a sales or use tax liability incurred on direct purchases by the nonprofit entity.

A hospital that is not allowed a refund under this subsection of sales and use taxes paid on its direct purchases of tangible personal property is allowed a semiannual refund of sales and use taxes paid by it on medicines and drugs purchased for use in carrying out its work.

The refunds allowed under this subsection for certain nonprofit entities and for medicines and drugs purchased by hospitals do not apply to organizations, corporations, and institutions that are owned and controlled by the United States, the State, or a unit of local government, except hospital facilities created under Article 2 of Chapter 131E of the General Statutes and nonprofit hospitals owned and controlled by a unit of local government that elect to receive semiannual refunds under this subsection instead of annual refunds under subsection (c).

A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund for the first six months of a calendar year is due the following October 15; a request for a refund for the second six months of a calendar year is due the following April 15."

SECTION 5. Sections 1, 2, and 3 of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Section 4 of this act becomes effective July 1, 2008, and applies to sales made on or after that date. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE PROPERTY TAX RELIEF FOR QUALIFYING WILDLIFE CONSERVATION LAND, TO REDUCE THE ACREAGE REQUIREMENT FOR AGRICULTURAL LAND, AND TO CLARIFY THE PRESENT-USE VALUATION OF PROPERTY SUBJECT TO A CONSERVATION EASEMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.3(a)(1) reads as rewritten:

"(1) Agricultural land. – Individually owned agricultural land consisting of one or more tracts, one of which consists of at least ~~10~~ five acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the agricultural products produced from the land, any payments received under a governmental soil conservation or land retirement program, and the amount paid to the taxpayer during the taxable year pursuant to P.L. 108-357, Title VI, Fair and Equitable Tobacco Reform Act of 2004. Land in actual production includes land under improvements used in the commercial production or growing of crops, plants, or animals."

SECTION 2. Article 12 of Subchapter II of Chapter 105 of the General States is amended by adding the following new section to read:

"**§ 105-277.14. Taxation of land used for wildlife conservation.**

(a) Classification. – Land qualifying as wildlife conservation land is designated a special class of property under Section 2(2) of Article V of the North Carolina Constitution and must be appraised, assessed, and taxed in accordance with this section.

(b) Contents of Application. – Property is eligible for classification under this section if a timely and proper application is filed with the assessor of the county in

which the property is located. The application must show that the property meets the following requirements and must also contain any other relevant information required by the assessor to properly appraise the property:

(1) The land is managed and maintained under a written sound management plan that has been certified by the North Carolina Wildlife Commission.

(2) The land contains priority wildlife habitats identified in the North Carolina Wildlife Action Plan, supports State or federally listed threatened or endangered wildlife species, or is operated under a State or federal natural resources management plan for which wildlife habitat is its primary objective.

(3) The land consists of at least 10 acres.

(4) The land is owned by a natural person or by a family business entity.

(c) Timely Application Required. – An initial application must be filed during the regular listing period of the year for which the benefit of this classification is first claimed or within 30 days of the date shown on a notice of change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred or becomes ineligible for use-value appraisal because of a change in use or acreage. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer. Notwithstanding this subsection, a late application may be approved by the board of equalization and review upon a showing of good cause. If the board of equalization and review is not in session, then the board of county commissioners may approve the late application. An untimely application approved under this subsection applies only to property taxes levied by the county or municipality in the calendar year in which the untimely application is filed. Decisions of the county board may be appealed to the Property Tax Commission.

(d) Appeal. – Decisions of the assessor regarding the qualifications or appraisal of property under this section may be appealed to the county board of equalization and review or, if that board is not in session, to the board of county commissioners. An appeal must be made within 60 days after the decision of the assessor. If the owner submits additional information to the assessor under G.S. 105-296(j), the appeal must be made within 60 days after the assessor's decision based on the additional information. Decisions of the county board may be appealed to the Property Tax Commission.

(e) Appraisal at Present-Use Value. – Upon receipt of a properly executed application, the assessor must appraise the property at its present-use value. If the majority of the property is woodland, then the property will be appraised as if it were classified as forestland under G.S. 105-277.3. If the majority of the property is open land, then the property will be appraised as if it were classified as agricultural land under G.S. 105-277.3.

(f) Deferred Taxes. – Land meeting the conditions for classification under this section must be taxed on the basis of the value of the land for its present use as defined in subsection (e) of this section. The difference between the taxes due on the present-use basis and the taxes that would have been payable in the absence of this classification,

together with any interest, penalties, or costs that may accrue thereon, is a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes must be carried forward in the records of the taxing unit or units as deferred taxes. Other than a change in the use of the land that qualifies the land for present-use value as forestland, the taxes become due and payable when the land fails to meet any condition or requirement for classification under this section. Failure to have an application approved is ground for disqualification. The tax for the fiscal year that opens in the calendar year in which deferred taxes become due is computed as if the land had not been classified for that year, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. If only a part of the qualifying tract of land fails to meet a condition or requirement for classification, the assessor must determine the amount of deferred taxes applicable to that part and that amount becomes payable with interest as provided above. Upon the payment of any taxes deferred under this section for the three years immediately preceding a disqualification, all liens arising under this subsection are extinguished. The deferred taxes for any given year may be paid in that year without the qualifying tract of land becoming ineligible for deferred status.

(g) Exceptions. – Notwithstanding the provisions in subsection (f) of this section, if property loses its eligibility for present-use value classification solely due to one of the following reasons, no deferred taxes are due, and the lien for the deferred taxes is extinguished:

(1) The property is conveyed by gift to a nonprofit organization and qualifies for exclusion from the tax base under G.S. 105-275(12) or G.S. 105-275(29).

(2) The property is conveyed by gift to the State, a political subdivision of the State, or the United States.

(h) Definitions. – The following definitions apply in this section:

(1) Family business entity. – A corporation, a general partnership, or a limited liability company whose members are all natural persons. Each member must either be a relative of another member or a relative of and have inherited the membership from a decedent who was a member of the entity.

(2) Member. – A shareholder of a corporation, a partner of a general or limited partnership, or a member of a limited liability company.

(3) Relative. – Defined in G.S. 105-277.2(5a).

SECTION 3. G.S. 105-277.3(d1) reads as rewritten:

"(d1) Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(b) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as (i) the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual

production or income requirements of this ~~section.~~section; and (ii) the taxpayer received no more than fifty percent (50%) of the fair market value of the donated property interest in compensation. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement."

SECTION 4. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

SENATE BILL 1203:
Present-Use Value Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 30, 2007
Introduced by:	Sen. Nesbitt	**Summary by:**	Martha Walston
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 1203 would make three changes to the present-use value property tax laws:

- ***It would reduce the acreage requirement for agricultural land appraised and taxed at its present-use value from 10 acres to five acres.***
- ***It would designate real property that is managed and maintained primarily to protect wildlife habitats as a special class of property for property tax purposes. The property must consist of at least 10 acres, be owned by a natural person or a family business, and be under a sound management plan certified by the N.C. Wildlife Commission. The property would be appraised at its present-use value as if it were agricultural land if the majority of the property is open space land. The property would be appraised at its present-use value as if it were forestland if the majority of the property is woodland. If the property lost its classification, the taxpayer would be required to pay 3 years of deferred taxes.***
- ***It would clarify that property appraised at present-use value would continue to qualify for use value appraisal as long as the property was subject to a conservation easement that qualifies for the conservation income tax credit for donated lands and the taxpayer received no more than 50% of the fair market value of the donated property interest as compensation, even if the property no longer meets the production or income requirements for qualified farmland.***

CURRENT LAW: Agricultural land, horticultural land, and forestland that meet certain size, commercial production, and ownership requirements may qualify as a special class of property subject to taxation at its present-use value rather than its fair market value. The difference between the taxes due on the present-use value and the taxes that would have been payable based on market value, together with any interest, penalties, or costs, are a lien on the property. The difference in the taxes is carried forward in the records of the taxing unit as deferred taxes. The deferred taxes for the preceding three years become payable whenever the property loses its present-use value eligibility.

BILL ANALYSIS: Wildlife conservation classification

Senate Bill 1203 would designate wildlife conservation land as a special class of property for property tax purposes. To qualify for the wildlife conservation classification, the taxpayer must apply to the tax assessor and show the following:

- The land is managed and maintained under a written sound management plan that has been certified by the North Carolina Wildlife Commission.
- The land contains priority wildlife habitats identified in the North Carolina Wildlife Action Plan[1], supports State or federally listed threatened or endangered wildlife species[2], or is operated

[1] The North Carolina Wildlife Action Plan, developed in compliance with a Congressional mandate, was submitted in 2005 to provide a conservation blueprint to advance the sound management of fish and wildlife resources into the future. The Plan identifies fish and wildlife resources and priority conservation needs associated with those resources. There are currently eight identified priority wildlife habitats in the State.

[2] There are currently 41 federally-listed threatened or endangered animal species and 67 State-listed animal species.

under a State or federal natural resources management plan for which wildlife habitat is its primary objective.[3]

- The land must consist of at least 10 acres.

If the majority of the land meeting the above classification is woodland, then it will be appraised at its present-use value as if it were forestland. If the majority of the land is open land, then it will be appraised at its present-use value as if it were agricultural land. If the land fails to meet the wildlife conservation classification, then deferred taxes for the preceding three years become payable.

Present-use value treatment of land subject to conservation easement

Senate Bill 1203 would also allow present-use valued property that becomes subject to a conservation easement that qualifies for the conservation income tax credit for donated lands, to remain in present-use value as long as the taxpayer received no more than 50% of the fair market value of the donated property interest in compensation.

North Carolina provides an income tax credit to individual and corporate taxpayers who donate an interest in real property for conservation purposes to the State, a local government, or a body that is organized to receive and administer lands for conservation purposes and qualified to receive charitable contributions. The property interest must be donated in perpetuity and be useful for public beach access or use, public access to public waters or trails, fish or wildlife conservation, or other similar conservation purposes. For individual taxpayers, the credit is equal to 25% of the fair market value of the donated property interest and cannot exceed $250,000. For corporate taxpayers, the credit is equal to 25% of the fair market value of the donated property interest and cannot exceed $500,000.[4]

In section 2 of S.L. 2002-184, the General Assembly created an exception to the present-use value statutes for land appraised at its present-use value that becomes subject to a conservation easement that would qualify for the conservation income tax credit. This exception allows the land subject to the easement to remain in present-use value for property tax purposes, even though the land no longer meets the production and income requirements of present-use value. The Property Tax Division within the Department of Revenue has given this exception a narrow interpretation, thus allowing the property to stay in present-use value only when the entire conservation easement is donated. In contrast, the Income Tax Division within the Department has allowed an income tax credit for any percentage of the easement value that is donated. For example, if a taxpayer donates an easement for conservation purposes to the State valued at $100,000 and receives $60,000 for the easement, the taxpayer has donated an easement worth $40,000. The taxpayer is then allowed an income tax credit equal to 25% of the donated value, or $10,000. However, because the taxpayer received some compensation for the easement, the Property Tax Division denies the property present-use value status and requires the taxpayer to pay deferred taxes.

EXPLANATION OF PROPERTY ASSESSED AND TAXED AT PRESENT-USE VALUE:

Since 1973, the General Assembly has provided that farmland (agricultural land, horticultural land, and forestland) must be appraised, assessed, and taxed at its present-use value, as opposed to its market value. The present-use value classification has helped preserve farmland by insulating it from the rising

[3] This category includes the following state or federal natural resource management plans: Forest Stewardship, CURE, Wildlife Habitat Incentives Program, and EQUIP.

[4] HB 463 and SB 241 would equalize the cap for the tax credit for corporations and pass-through entities at $500,000. The bills would also delete the phrase "other similar land conservation purposes" and substitute the following six new conservation purposes: forestland or farmland conservation, watershed protection, conservation or natural areas, conservation of natural or scenic river areas, conservation of predominantly natural parkland, or historic landscape conservation.

property tax values caused by competing market pressure to develop farmland for commercial and residential purposes. To determine the present-use value of farmland, tax assessors generally use a manual that explains legislative changes in the present-use value statutes, shows the rates to be used in determining present-use value, and explains the methodology the counties can use.[5] The Use-Value Manual sets out estimated net income for agricultural land and horticultural land using estimated cash rental rates for various classes of soil or for geographic areas. The net income is then divided by a capitalization rate between 6% and 7% to determine the present-use value. The recommended net income ranges for forestland are based on geographic areas, and the capitalization rate for forestland is set at 9%. The value per acre for the best agricultural land may not exceed $1,200. The Department of Revenue is given the responsibility of conducting studies of cash rents for agricultural land on a regional basis and providing this information to the Use-Value Advisory Board.

Classifications of use value land

The following types of land are appraised, assessed, and taxed at its present-use value, as opposed to fair market value if they meet certain ownership requirements:

- Agricultural land must be actively engaged in the commercial production or growing of crops, plants, or animals under a sound management program and consist of at least one tract with a minimum of 10 acres in actual production. For the preceding three years, the land must have produced an average gross income of at least $1,000.
- Horticultural land must be actively engaged in the commercial production of growing fruits or vegetables or nursery or floral products under a sound management program and consist of at least one tract with a minimum of five acres in actual production. For the preceding three years, the land must have produced an average gross income of at least $1,000.
- Forestland must be actively engaged in the commercial growing of trees under a sound management program and consist of at least one tract with a minimum of 20 acres in actual production. There is no specific income requirement.

Ownership requirements

To qualify for use value the property must be owned by one of the following:

- A natural person who (1) lives on the land, (2) has owned the land in their family for at least four years, or (3) was a member or beneficiary of a business entity or trust and received the land from the business entity or trust that qualified for classification at use value in the hands of the entity or trust when it was transferred to the person.
- An eligible business entity or trust that owned the land itself or by one or more of its members or creators for the last four years.

Exceptions to the four-year ownership requirement

- Land may qualify for use value when purchased by a new owner if the land is eligible at the time of transfer for use value classification of the same basis as other use value property owned by the new owner.
- Land may qualify for use value if at the time of transfer to a new owner the land was in the use value program and the new owner accepts liability for the deferred taxes.[6]

S1203e1-SMLA

[5] The Use Value Manual is an advisory manual prepared and distributed annually to each tax assessor by the Department of Revenue. The Use-Value Advisory Board submits a recommended manual each year to the Department. The Use-Value Board is under the supervision of the Agricultural Extension Service at NCSU and consists of nine members.

[6] The four-year ownership requirement continues to apply to land that was eligible for, but not in, the use value program at the time of transfer if the purchaser has no other use value land.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S D

SENATE BILL 1305
PROPOSED COMMITTEE SUBSTITUTE S1305-CSMC-19 [v.1]

5/1/2007 4:40:51 PM

Short Title: Present-Use Value Easement Tax Benefit. (Public)

Sponsors:

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO REDUCE THE PROPERTY TAX OF AGRICULTURAL LAND, HORTICULTURAL LAND, AND FORESTLAND WHERE A PERPETUAL EASEMENT CONTINUING THE PRESENT USE IS PLACED ON THE LAND.

Whereas, there is a projected substantial increase of property values in the State of North Carolina, and this increase further increases pressure on values for family-owned farms, open land, and woodland; and

Whereas, there is an increasing need to preserve these lands which benefit the public at large; and

Whereas, there is need for statewide legislation to allow families owning properties of this nature to have the ability to pass these properties on for posterity so that families are better enabled to proudly pass their heritage on to future generations whole and intact; and

Whereas, it is recognized that several programs dedicated to this purpose already exist, to wit: conservation easements, land trusts, and government ownership; however, this proposed legislation would enable a single family to permanently designate the use of their property by statute, and by so recording that designation on the public registry, this legislation would enable those individual owners to control their own rights and to proudly pass their property on to future generations in whole and without fear of future commercial development; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.4A. Agricultural, horticultural, and forestland – Reduced taxation.**

(a) Property coming within one of the classes defined in G.S. 105-277.3 and taxed at present-use value under G.S. 105-277.4 is taxable at fifty percent (50%) of the general tax rate levied on the property by the taxing unit in which the property is situated if the following conditions are met:

(1) The owner donates an easement on the property requiring the property to continue to be used in a manner consistent with its current use.

(2) The easement is made in perpetuity."

SECTION 2. This act is effective for taxable years beginning on or after July 1, 2008.

SENATE BILL 1305:
Present-Use Value Easement Tax Credit

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 29, 2007
Introduced by:	Sen. Queen	**Summary by:**	Martha Walston
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 1305 would reduce the property tax rate of agricultural land, horticultural land, or forestland that is taxed at present-use value by 50% if the property meets the following conditions:

- ***The owner donates an easement on the property requiring the property to continue to be used in a manner consistent with its current use.***
- ***The easement is made in perpetuity.***

CURRENT LAW: Agricultural land, horticultural land, and forestland (hereinafter farmland) that meet certain size, commercial production, and ownership requirements may qualify as a special class of property subject to taxation at its present-use value rather than its fair market value. The difference between the taxes due on the present-use value and the taxes that would have been payable based on market value, together with any interest, penalties, or costs, are a lien on the property. The difference in the taxes is carried forward in the records of the taxing unit as deferred taxes. The deferred taxes for the preceding three years become payable whenever the property loses its present-use value eligibility.

BILL ANALYSIS: Senate Bill 1305 would reduce the property tax rate by 50% of present-use value farmland if the owner donates an easement on the property requiring the property to continue to be used in a manner consistent with its current use. The easement must be donated in perpetuity.

The purpose of Senate Bill 1305 is to give owners of farmland and their future generations a property tax break if the land is restricted to its current present use forever.

EFFECTIVE DATE: Taxable years beginning on or after July 1, 2008.

A BILL TO BE ENTITLED

AN ACT TO REDUCE THE PROPERTY TAX OF AGRICULTURAL LAND, HORTICULTURAL LAND, AND FORESTLAND WHERE A PERPETUAL EASEMENT CONTINUING THE PRESENT USE IS PLACED ON THE LAND.

Whereas, there is a projected substantial increase of property values in the State of North Carolina, and this increase further increases pressure on values for family-owned farms, open land, and woodland; and

Whereas, there is an increasing need to preserve these lands which benefit the public at large; and

Whereas, there is need for statewide legislation to allow families owning properties of this nature to have the ability to pass these properties on for posterity so that families are better enabled to proudly pass their heritage on to future generations whole and intact; and

Whereas, it is recognized that several programs dedicated to this purpose already exist, to wit: conservation easements, land trusts, and government ownership; however, this proposed legislation would enable a single family to permanently designate the use of their property by statute, and by so recording that designation on the public registry, this legislation would enable those individual owners to control their own rights and to proudly pass their property on to future generations in whole and without fear of future commercial development; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.4A. Agricultural, horticultural, and forestland – Reduced taxation.**

(a) Property coming within one of the classes defined in G.S. 105-277.3 and taxed at present-use value under G.S. 105-277.4 is taxable at fifty percent (50%) of the general tax rate levied on the property by the taxing unit in which the property is situated if the following conditions are met:

(1) The owner donates an easement on the property requiring the property to continue to be used in a manner consistent with its current use.

(2) The easement is made in perpetuity."

SECTION 2. This act is effective for taxable years beginning on or after July 1, 2008.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2007

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

DATE: May 2, 2007

TO: Senate Finance Committee

FROM: Rodney Bizzell
Fiscal Research Division

RE: Senate Bill 1305 (First Edition)

FISCAL IMPACT

Yes (x) **No ( )** **No Estimate Available ( )**

	FY 2007-08	FY 2008-09	FY 2009-10	FY 2010-11	FY 2011-12
REVENUES: Local Governments	*See Assumptions and Methodology*				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue, Local Governments

EFFECTIVE DATE: Taxable years beginning on or after July 1, 2008.

BILL SUMMARY:
Senate Bill 1305 would reduce the property tax rate of agricultural land, horticultural land, or forestland that is taxed at present-use value by 50% if the owner donates a perpetual easement on the property requiring it to continue to be used in a manner consistent with its current use.

ASSUMPTIONS AND METHODOLOGY:
The 2005 tax value of all land in the present use value program is over $10 billion. The report from which this information is taken did not include information from 13 counties, so the actual amount is higher. Assuming the value is approximately $10 billion, then the tax value of the property is approximately $65 million. Thus, if all landowners donated perpetual easements, the fiscal impact of the SB 1305 would be approximately $32.5 million.

The Department of Revenue and the NC Association of Tax Collectors do not have data available that would indicate how many landowners would donate perpetual easements, however the actual number of landowners participating would be limited, particularly in high-growth counties, where the potential for development would deter many landowners from considering perpetual easements.

SOURCES OF DATA: NC Department of Revenue, NC Tax Collectors Association

TECHNICAL CONSIDERATIONS: None

North Carolina's State and Federally Listed Wildlife Species

Last updated June 2004

The species listed in this document have been granted protection by the United States Fish and Wildlife Service, under the Federal Endangered Species Act (16 U.S.C. 1531 to 1543) and/or the North Carolina Wildlife Resources Commission, under the State Endangered Species Act (G.S. 113-331 to 113-337). This list was updated as of February 2004.

Legend

E - Endangered. Any native or once native species of wild animal whose continued existence as a viable component of the state's fauna is determined by the Wildlife Resources Commission to be in jeopardy or any wild animal determined to be an "endangered animal" pursuant to the Endangered Species Act.

T - Threatened. Any native or once native species of wild animal that is likely to become an endangered species within the forseeable future throughout all, or significant, portions of its range, or one that is designated "threatened" pursuant to the Endangered Species Act.

T (S/A) - Threatened due to Similarity of Appearance. Designation of a species (subspecies or population segment) as federally listed, even though not otherwise federally listed, because it so closely resembles in appearance a federally listed species that enforcement personnel would have difficulty in differentiating between the listed and unlisted species.

SC - Special Concern. Any species of wild animal native or once native to North Carolina that is determined by the North Carolina Wildlife Resources Commission to require monitoring but that may be taken under regulations adopted under the provisions of Article 25.

FSC - Federal Species of Concern. A species of concern as designated by the U.S. Fish and Wildlife Service. Further research and field study are needed to determine the conservation status. Future listing may or may not be warranted.

XN - Experimental Population. Designation of introduced populations of federally listed species; it allows for greater flexibility in the management of these populations by local, state, and federal agencies.

What are the priority habitats identified in the North Carolina Wildlife Action Plan and what are examples of management practices that might be used to establish or maintain these habitats?

1.) **Early successional habitats** – are areas with little or no forest canopy where lots of sunlight reaches the ground. These habitats usually contain grasses, briars, vines, young trees, or other brushy or weedy plants. Early successional habitats provide food and cover for many wildlife species.

Some practices used to establish or maintain early successional habitats include: establishment of borders containing native plants around fields or along ditch banks, prescribed burning, timber thinning, mowing, discing, or herbicide spraying.

2.) **Longleaf pine forests** – once predominated the pine forests in the southeast and in North Carolina. Because most longleaf pine forests were cut and converted to other pine species or to other land uses, many of the wildlife species that occur in longleaf pine forests are rare, threatened, or endangered.

Some practices used to establish or maintain longleaf pine forests include: reforestation, prescribed burning, timber thinning, and hardwood control.

3.) **Floodplain forests** – occur along major rivers and streams and provide important wildlife habitats and other benefits such as improving water quality. In addition, floodplain forests often serve as corridors that connect other, usually larger, areas important to maintaining the diversity of our wildlife resources.

Some practices used to establish or maintain floodplain forest include: reforestation, selective timber harvest, and beaver control.

4.) **Beach and estuarine islands** – usually contains multiple habitats that may be small in size but provide an ecosystem that contains a wide diversity of wildlife. These islands provide many wildlife benefits ranging from those related to water quality to serving as nesting and rearing habitats for many species of coastal birds.

Subjected to the forces of winds and tides, beach and estuarine islands are in a constant state of change. Every island is different, but some practices that can be used in some situations to establish or maintain these islands include protection from development, protection from human disturbance, renourishment, or prescribed burning.

5.) **Maritime forests** – occur along our coasts in the areas immediately behind the dunes. Maritime forests are listed as a priority habitat in the Wildlife Action Plan because the distribution of these forests has decreased and the fragmentation has increased primarily due to human development.

Some practices used to establish or maintain maritime forests include reforestation, protection from development, and protection from human disturbance.

6.) **Small wetland communities** – occur throughout North Carolina and provide many benefits to wildlife and fish species, including many species of reptiles and amphibians, and air and water quality. These wetlands are ecosystems unto themselves and within the landscapes in which they occur significantly increase our wildlife and fish diversity.

Some practices that can be used to establish or maintain small wetland communities include: wetland restoration, water level management, runoff management, control of exotic and invasive plants and wildlife, and native plant management.

7.) **Mountain bogs** – are a unique habitat in western North Carolina that contains many wildlife species including the rare bog turtle. Many species of birds and mammals also use the bogs. Benefits, in additional to serving as wildlife habitat, include improved water quality.

In any particular location, bogs occur were there is a unique combination of topography, soil type, hydrology, and vegetation. Some practices that can be used to establish or maintain mountain bogs include: restoration, water control, runoff control, protection from drainage, protection from development, and vegetation control.

8.) **High elevation forests** – in western North Carolina are unique because of both the plant and animals species present. Because of the elevation and associated climates, many species, including several rare wildlife species, that typically occur further north, are found in our high elevation forests.

Some practices that can be used to establish or maintain high elevation forests include: reforestation, protection from development, exotic insect control or eradication, and selective timber harvest.

9.) **Rock outcrops** – are areas where many large rocks and boulders are exposed. These outcrops not only increase the plant diversity in the area but also provide habitat to many species of wildlife, especially reptiles and amphibians.

Most practices used to maintain rock outcrops relate to protection of the area from development and human disturbance.

10.) **Caves and mines** – are important wildlife habitats, especially for bats.

The attractiveness of the caves and mines in NC, especially for bats, is enhanced by controlling human access and disturbance, usually by constructing bat gates. Bat gates are erected over the entrance to the cave or mine. The gates allow bats to pass through the entrance, but prevent the passage of humans or large animals.

11.) **Streams and riparian zones** – that occur throughout our state collectively support more wildlife and fish species than any other of the priority habitats. The benefits of our streams and riparian zones to the conservation of our natural resources and to quality of our environment are incalculable.

Some of the practices used to establish and maintain our streams and riparian zones include: stream restoration, establishment of adequate streamside management zones, maintenance of appropriate canopy cover, protection from development, runoff management, vegetation control, and livestock exclusion.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S D

SENATE BILL 1309
PROPOSED COMMITTEE SUBSTITUTE S1309-CSMC-16 [v.3]

5/1/2007 1:27:54 PM

Short Title: Property Tax Reform Act Of 2007. (Public)

Sponsors:

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO REFORM THE PROPERTY TAX LAWS OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

PART I. TIMING OF PROPERTY TAX REVALUATIONS.

SECTION 1.1. G.S. 105-286 reads as rewritten:

"**§ 105-286. Time for general reappraisal of real property.**

(a) ~~Octennial Plan. — Unless the date shall be advanced as provided in subdivision (a)(2), below, each county of the State, as of January 1 of the year prescribed in the schedule set out in subdivision (a)(1), below, and every eighth year thereafter, shall reappraise all real property in accordance with the provisions of G.S. 105-283 and 105-317.~~

~~(1) Schedule of Initial Reappraisals. —~~

~~Division One — 1972: Avery, Camden, Cherokee, Cleveland, Cumberland, Guilford, Harnett, Haywood, Lee, Montgomery, Northampton, and Robeson.~~

~~Division Two — 1973: Caldwell, Carteret, Columbus, Currituck, Davidson, Gaston, Greene, Hyde, Lenoir, Madison, Orange, Pamlico, Pitt, Richmond, Swain, Transylvania, and Washington.~~

~~Division Three — 1974: Ashe, Buncombe, Chowan, Franklin, Henderson, Hoke, Jones, Pasquotank, Rowan, and Stokes.~~

~~Division Four — 1975: Alleghany, Bladen, Brunswick, Cabarrus, Catawba, Dare, Halifax, Macon, New Hanover, Surry, Tyrrell, and Yadkin.~~

~~Division Five — 1976: Bertie, Caswell, Forsyth, Iredell, Jackson, Lincoln, Onslow, Person, Perquimans, Rutherford, Union, Vance, Wake, Wilson, and Yancey.~~

~~Division Six — 1977: Alamance, Durham, Edgecombe, Gates, Martin, Mitchell, Nash, Polk, Randolph, Stanly, Warren, and Wilkes.~~

~~Division Seven 1978: Alexander, Anson, Beaufort, Clay, Craven, Davie, Duplin, and Granville.~~

~~Division Eight 1979: Burke, Chatham, Graham, Hertford, Johnston, McDowell, Mecklenburg, Moore, Pender, Rockingham, Sampson, Scotland, Watauga, and Wayne.~~

~~(2) Advancing Scheduled Octennial Reappraisal. Any county desiring to conduct a reappraisal of real property earlier than required by this subsection (a) may do so upon adoption by the board of county commissioners of a resolution so providing. A copy of any such resolution shall be forwarded promptly to the Department of Revenue. If the scheduled date for reappraisal for any county is advanced as provided herein, real property in that county shall thereafter be reappraised every eighth year following the advanced date unless, in accordance with the provisions of this subdivision (a)(2), an earlier date shall be adopted by resolution of the board of county commissioners, in which event a new schedule of octennial reappraisals shall thereby be established for that county.~~

Appraisal. – Each county of the State shall reappraise all real property in accordance with the provisions of G.S. 105-283 and G.S.105-317 in any year following a year in which the sales assessment ratio, as defined in G.S. 105-289(h) does not exceed .90.

~~(b) Fourth-Year Horizontal Adjustments. As of January 1 of the fourth year following a reappraisal of real property conducted under the provisions of subsection (a), above, each county shall review the appraised values of all real property and determine whether changes should be made to bring those values into line with then current true value. If it is determined that the appraised value of all real property or of defined types or categories of real property require such adjustment, the assessor shall revise the values accordingly by horizontal adjustments rather than by actual appraisal of individual properties: That is, by uniform application of percentages of increase or reduction to the appraised values of properties within defined types or categories or within defined geographic areas of the county.~~

(c) Value to Be Assigned Real Property When Not Subject to Appraisal. – In years in which real property within a county is not subject to reappraisal under ~~subsections (a) or (b),~~ subsection (a), above, or under G.S. 105-287, it shall be listed at the value assigned when last appraised under this section or under G.S. 105-287."

SECTION 1.2. G.S. 105-287 reads as rewritten:

"**§ 105-287. Changing appraised value of real property in years in which general reappraisal ~~or horizontal adjustment~~ is not made.**

(a) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor shall increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in the property's value resulting from one or more of the reasons listed in this subsection. The reason necessitating a change in the property's value need not be under the control of or at the request of the owner of the affected property.

(1) Correct a clerical or mathematical error.

(2) Correct an appraisal error resulting from a misapplication of the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal.

(2a) Recognize an increase or decrease in the value of the property resulting from a conservation or preservation agreement subject to Article 4 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation Agreements Act.

(2b) Recognize an increase or decrease in the value of the property resulting from a physical change to the land or to the improvements on the land, other than a change listed in subsection (b) of this section.

(2c) Recognize an increase or decrease in the value of the property resulting from a change in the legally permitted use of the property.

(3) Recognize an increase or decrease in the value of the property resulting from a factor other than one listed in subsection (b).

(b) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor may not increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in value caused by:

(1) Normal, physical depreciation of improvements;

(2) Inflation, deflation, or other economic changes affecting the county in general; or

(3) Betterments to the property made by:

a. Repainting buildings or other structures;

b. Terracing or other methods of soil conservation;

c. Landscape gardening;

d. Protecting forests against fire; or

e. Impounding water on marshland for non-commercial purposes to preserve or enhance the natural habitat of wildlife.

(c) An increase or decrease in the appraised value of real property authorized by this section shall be made in accordance with the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal. An increase or decrease in appraised value made under this section is effective as of January 1 of the year in which it is made and is not retroactive. This section does not modify or restrict the provisions of G.S. 105-312 concerning the appraisal of discovered property.

(d) Notwithstanding subsection (a), if a tract of land has been subdivided into lots and more than five acres of the tract remain unsold by the owner of the tract, the assessor may appraise the unsold portion as land acreage rather than as lots. A tract is considered subdivided into lots when the lots are located on streets laid out and open for travel and the lots have been sold or offered for sale as lots since the last appraisal of the property."

PART II. ELIMINATE PROPERTY TAX EXEMPTIONS BASED ON BOND FINANCING.

SECTION 2. G.S. 131A-21 reads as rewritten:

"**§ 131A-21. Tax exemption.**

~~The exercise of the powers granted by this Chapter will be in all respects for the benefit of the people of the State and will promote their health and welfare. If bonds or notes are issued by the Commission to provide or improve a health care facility, then until the bonds or notes are retired, the facility for which bonds or notes are issued is exempt from property taxes to the extent provided in this section. If refunding bonds or notes are issued to refund bonds or notes issued to provide or improve a health care facility, the facility will continue to be exempt from property taxes as provided in this section until such time as the refunding bonds or notes are retired, provided that the final maturity of the refunding bonds or notes does not extend beyond the final maturity of the original bonds or notes.~~

~~Property may be exempt from property taxes as provided in this section if a timely application for the exemption is filed with the assessor of the county in which the property is located as required under G.S. 105-282.1. The property tax exemption under this section shall not exceed the lesser of the original principal amount of the bonds or notes or the assessed value for ad valorem tax purposes of the facility. If bonds or notes are issued to finance more than one health care facility, only that portion of the principal amount of the bonds or notes used to provide or improve the particular facility, including any allocable reserves and financing costs, may be considered for the purpose of determining the amount of the exemption allowable under this section. The exemption authorized by this section shall begin with the first full tax year of the taxpayer following the issuance of the bonds and notes. This section does not affect a health care facility's eligibility for a property tax exemption under Subchapter II of Chapter 105 of the General Statutes.~~

Any bonds or notes issued by the Commission under the provisions of this Chapter shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance, estate, or gift taxes, income taxes on the gain from the transfer of the bonds and notes, and franchise taxes. The interest on the bonds and notes is not subject to taxation as income."

PART III. SYSTEM OF APPRAISAL FOR CABLE COMPANIES BY THE DEPARTMENT OF REVENUE.

SECTION 3.1. G.S. 105-333 reads as rewritten:

"Article 23.

"Public Service Companies.

"**§ 105-333. Definitions.**

The following definitions apply in this Article unless the context requires a different meaning:

(1) Airline company. – A company engaged in the business of transporting passengers and property by aircraft for hire within, into, or from this State.

(2) Bus line company. – A company engaged in the business of transporting passengers and property by motor vehicle for hire over the

public highways of this State (but not including a bus line company operating primarily upon the public streets within a single local taxing unit), whether the transportation is within, into, or from this State.

(2a) Cable company. – A company engaged in the business of providing cable service as defined in G.S. 105-164.3, over a cable system, as defined in 47 U.S.C. § 522.

(3) Distributable system property. – All real property and personal property owned or used by a railroad company other than nondistributable system property.

(4) Electric membership corporation. – A company organized, reorganized, or domesticated under Chapter 117 of the General Statutes and engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(5) Electric power company. – A company engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(6) Repealed by Session Laws 1973, c. 783, s. 5.

(7) Flight equipment. – Aircraft fully equipped for flying and used in any operation within this State.

(8) Gas company. – A company engaged in the business of supplying artificial or natural gas to, from, within, or through this State through pipe or tubing for light, heat, or power to consumers in this State.

(9) Locally assigned rolling stock. – Rolling stock that is owned or leased by a motor freight carrier company, specifically assigned to a terminal or other premises, and regularly used at the premises to which assigned.

(10) Motor freight carrier company. – A company engaged in the business of transporting property by motor vehicle for hire over the public highways of this State as provided in this subdivision:

a. As to interstate carrier companies domiciled in North Carolina, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier outside this State or two or more terminals inside this State. For purposes of appraisal and allocation only, the term also includes a North Carolina interstate carrier that does not have a terminal outside this State but whose operations outside the State are sufficient to require the payment of ad valorem taxes on a portion of the value of the rolling stock of the carrier to taxing units in one or more other states.

b. As to interstate carrier companies domiciled outside this State, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier inside this State.

c. As to intrastate carrier companies, this term includes only those carriers that are engaged in the transportation of property by tractor trailer to or from two or more terminals owned or leased by the carrier in this State.

(11) Nondistributable system property. – The following properties owned by a railroad company: land other than right-of-way, depots, machine shops, warehouses, office buildings, other structures, and the contents of the structures listed in this subdivision.

(12) Nonsystem property. – The real and tangible personal property owned by a public service company but not used in its public service activities.

(13) Pipeline company. – A company engaged in the business of transporting natural gas, petroleum products, or other products through pipelines to, from, within, or through this State, or having control of pipelines for such a purpose.

(14) Public service company. – A railroad company, a pipeline company, a gas company, an electric power company, an electric membership corporation, a telephone company, a cable company, ~~a telegraph company,~~ a bus line company, an airline company, or a motor freight carrier company. The term also includes any company performing a public service that is regulated by the United States Department of Energy, the United States Department of Transportation, the Federal Communications Commission, the Federal Aviation Agency, or the North Carolina Utilities Commission, except that the term does not include a water company, a radio common carrier company as defined in G.S. 62-119(3), a cable television company, or a radio or television broadcasting company.

(15) Railroad company. – A company engaged in the business of operating a railroad to, from, within or through this State on rights-of-way owned or leased by the company. It also means a company operating a passenger service on the lines of any railroad located wholly or partly in this State.

(16) Rolling stock. – Motor vehicles, railroad locomotives, and railroad cars that are propelled by mechanical or electrical power and used upon the highways or, in the case of railroad vehicles, upon tracks.

(17) System property. – The real property and personal property used by a public service company in its public service activities. The term also includes public service company property under construction on the day as of which property is assessed which when completed will be used by the owner in its public service activities.

~~(18) Telegraph company. – A company engaged in the business of transmitting telegraph messages to, from, within, or through the State.~~

(19) Telephone company. – A company engaged in the business of transmitting telephone messages and conversations to, from, within, or through this State.

(20) Repealed by Session Laws 1973, c. 783, s. 5.

(21) True value. – Defined in G.S. 105-283."

SECTION 3.2. G.S. 105-335 reads as rewritten:

"**§ 105-335. Appraisal of property of public service companies.**

(a) Duty to Appraise. – ~~In accordance with the provisions of subsection (b), below, the~~The Department of Revenue ~~shall~~ must appraise for taxation the true value of each public service company ~~(other than bus line, motor freight carrier, and airline companies) as a system (both inside and outside this State). Certain specified properties of bus line, motor freight carrier, and airline companies shall be appraised by the Department in accordance with the provisions of subsection (c), below, and all other properties of such companies shall be listed, appraised, and assessed in the manner prescribed by this Subchapter for the properties of taxpayers other than public service companies.~~in accordance with this section.

(b) Property of ~~Public Service Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Telephone, and Cable Companies. –

(1) System Property. – Each year, as of January 1, the Department of Revenue ~~shall~~ must appraise at its true value ~~(as defined in G.S. 105-283)~~ the system property used by each public service company both inside and outside this State. Property leased by a public service company shall be included in appraising the value of its system property if necessary to ascertain the true value of the company's system property.

(2) Nonsystem Personal Property. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem tangible personal property subject to taxation in this State.

(3) Nonsystem Real Property. – In accordance with the county in which the public service company's nonsystem real property is located and the schedules set out in G.S. 105-286 and 105-287, the Department of Revenue shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem real property subject to taxation in this State.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) Bus Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned or leased by or operated under the control of each bus line company, which bus line company is domiciled in this State or which is regularly engaged in business in this State.

(2) Motor Freight Carrier Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned by a motor freight carrier

company or leased by a motor freight carrier company and operated by its employees which motor freight carrier company is domiciled in this State or is regularly engaged in business in this State at a terminal owned or leased by the carrier.

(3) Flight Equipment. – Each year, as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the flight equipment owned or leased by or operated under the control of each airline company that is domiciled in the State or that is regularly engaged in business at some airport in this State."

SECTION 3.3. G.S. 105-338 reads as rewritten:

"**§ 105-338. Allocation of appraised valuation of system property among local taxing units.**

(a) State Board's Duty. – For purposes of taxation by local taxing units in this State, the Department of Revenue shall allocate the valuations of public service company property among the local taxing units in accordance with the provisions of this section.

(b) System Valuation of ~~Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Railroad, Telephone, and Cable Companies. –

(1) System Property of Railroad Companies. – The appraised valuation of the distributable system property of a railroad shall be allocated for taxation to the local taxing units in accordance with the ratio of the miles of all the company's tracks in the local taxing unit to the total miles of all the company's tracks in this State, adjusted to reflect density of traffic in the local taxing unit.

(2) System Property of Telephone and Cable Companies. –

a. The Department of Revenue shall divide ~~each telephone company's~~the system property of each telephone company and cable company in this State into the following two classes and shall determine the original cost of that property and the percentage thereof represented by the property in each of the two classes.

– Class 1: Property located in this State that is identified under the applicable uniform system of accounts as central office equipment, ~~large P.B.X.~~personal communication service equipment, motor vehicles, tools and work equipment, office furniture and equipment, materials and supplies, and land and buildings (including towers and other structures).

– Class 2: Property located in this State that does not come within Class 1.

The Department of Revenue shall then apply the percentages obtained in accordance with this subdivision to the appraised valuation of the company's system property in this State and thereby derive the proportions of appraised valuation

to be allocated as Class 1 and Class 2 valuations to local taxing units in accordance with subdivision (b)(2)b, below.

b. Having made the division required by subdivision (b)(2)a, above, the Department of Revenue shall allocate the appraised valuation of the properties in each class among the local taxing units of the State as follows:

– Class 1: The appraised valuations of property in this class shall be allocated among the local taxing units in which such property of the company is situated on January 1 in the proportion that the original cost of such property in the taxing unit bears to the original cost of all such property in this State.

– Class 2: The appraised valuations of property in this class shall be allocated among the local taxing units in which the company operates in the proportion that the miles of the company's ~~single aerial wire and single wire in cable (including single tube in coaxial cable)~~transmission wires or cables in the taxing unit bears to the company's total of ~~such~~ wire or cable miles ~~of the company~~ in this State.

(3) System Property of ~~Other Companies Appraised by the Department of Revenue.~~Electric, Gas, and Pipeline Companies. –

a. The provisions of this subdivision (b)(3) shall govern the allocation of the property of ~~all companies appraised by the Department of Revenue except railroad, telephone, bus line, motor freight carrier, and airline companies.~~electric, gas, and pipeline companies.

b. The appraised valuation of the system property of such a company shall be allocated for taxation to the local taxing units in which the company operates in the proportion that the original cost of the taxable system property in the local taxing unit on January 1 bears to the original cost of all the taxable system property in this State. If in any local taxing unit the company owns system property acquired prior to January 1, 1972, for which the original cost cannot be definitely ascertained, a reasonable estimate of the original cost of that property shall be made by the company, and this estimate shall be used by the Department of Revenue for allocation purposes as if it were the actual original cost of the property.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) The appraised valuation of a bus line company's rolling stock shall be allocated for taxation to each local taxing unit according to the ratio of the company's scheduled miles during the calendar year preceding January 1 in each such unit to the company's total scheduled miles in this State for the same period. In no event, however, shall the State Board make an allocation to a taxing unit if, when computed, the

valuation for that taxing unit amounts to less than five hundred dollars ($500.00).

(2) The appraised valuation of the rolling stock (other than locally assigned rolling stock) owned or leased by a motor freight carrier company shall be allocated for taxation to each local taxing unit in which the company has a terminal according to the ratio of the tons of freight handled in the calendar year preceding January 1 at the company's terminals within the taxing unit to the total tons of freight handled by the company in this State in the same period. If a North Carolina interstate motor freight carrier company has no terminal outside this State, but has been required to pay ad valorem tax to one or more taxing units outside this State, there shall be allowed a reduction in the North Carolina valuation measured by the ratio of the rolling stock subject to ad valorem taxation outside the State to all of the carrier's rolling stock.

(3) The appraised valuation of an airline company's flight equipment shall be allocated for taxation to each local taxing unit in which an airport used by the company is situated according to the ratio obtained by averaging the following two ratios: the ratio of the company's ground hours in the taxing unit in the year preceding January 1 to the company's ground hours in the State in the same period, and the ratio of the company's gross revenue in the taxing unit in the year preceding January 1 to the company's gross revenue in the State in the same period."

PART IV. SPECIAL RESIDENTIAL APPRAISAL CRITERIA.

SECTION 4.1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-278.2A. Nonconforming residential property.**

(a) Class Defined. – Nonconforming residential property is hereby designated a special class of property under authority of Article V, Section 2(2) of the North Carolina Constitution and shall be taxed in accordance with this section.

(b) Application. – An initial application must be filed during the regular listing period of the year for which the benefit of this classification is first claimed, or within 30 days of the date shown on a notice of a change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer.

(b) Nonconforming residential property is property that meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) Is used as a permanent residence.

(2) Is located in a subdivision that is zoned for a use other than single family residential use.

(3) Is located in a subdivision that has been rezoned more than five years ago from single family residential use to a use other than single family residential use.

(4) Is located in a subdivision that is predominantly characterized by single family residential use.

(c) Upon receipt of a properly executed application, the assessor must appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317."

SECTION 4.2. G.S. 105-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible to be exempted or excluded from taxation must file an application for exemption or exclusion to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the exemption or exclusion:

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, ~~105-278.~~105-278, or 105-278.2A.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8."

PART V. MONTHLY PROPERTY TAX STATEMENTS.

SECTION 5.1. Mecklenburg County is directed to develop and implement a plan that provides property taxpayers in the county the ability to pay their property taxes in six to 12 periodic installments. This may be accomplished by incorporating a property tax payment on a bill that is currently issued by the county, such as a consolidated water and sewer service bill, an automatic bank draft program,, or another method. A plan meets the requirements of this section if it applies to at least seventy-five percent (75%) of the taxpayers. The county must report its plan to the Revenue Laws Study Committee by February 1, 2008.

SECTION 5.2. G.S. 105-320 reads as rewritten:

"**§ 105-320. Tax receipts; preparation.**

(a) No taxing unit shall adopt a tax receipt form until it has been approved by the Department of Revenue, and no tax receipt form shall be approved unless it shows at least the following information:

...

(6) The rate of tax levied for each unit-wide purpose, the total rate levied for all unit-wide purposes, and the rate levied by or for any special district or subdivision of the unit in which the taxpayer's property is subject to taxation. ~~(In lieu of showing this information on the tax receipt, it~~ (Other than separately stating the rate of tax for public school purposes and the total rate of tax for all other purposes on the receipt, the information required under this subdivision may be furnished on a separate sheet of paper, properly identified, at the time the official receipt is delivered upon payment).

..."

PART VI. PROPERTY TAX COLLECTION ON MOBILE HOMES.

SECTION 6.1. G.S. 105-316.1 reads as rewritten:

"**§ 105-316.1. Tax permit required to move or repossess mobile home.**

~~(a)~~ In order to protect the local taxing units of this State against the nonpayment of ad valorem taxes on mobile homes, ~~it is hereby declared to be unlawful for any~~ a person ~~other than a mobile home manufacturer or retailer to~~may not remove or cause to be removed any mobile home situated at a premises in this State without first obtaining a tax permit from the tax collector of the county in which the mobile home is situated. This section also applies to a person who takes possession of a mobile home, whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home and who either moves the mobile home to another location or sells the mobile home on site. The tax permit shall be conspicuously displayed near the license tag on the rear of the mobile home at all times during its transportation. Permits required by G.S. 105-316.1 through 105-316.8 may be obtained at the office of the county tax collector during normal business hours.

~~(b) Except as provided in G.S. 105-316.4, manufacturers, retailers and licensed carriers of mobile homes shall not be required to obtain the tax permits required by this section. Persons or firms transporting mobile homes shall, however, be responsible for seeing that a proper license tag, and when required under this section, a tax permit, are properly displayed thereon at all times during their transportation.~~This section does not apply to a mobile home manufacturer or retailer who moves a mobile home from its factory or sales lot to a premises owned or leased by the purchaser of the mobile home."

SECTION 6.2. G.S. 105-316.2 reads as rewritten:

"**§ 105-316.2. Requirements for obtaining permit.**

(a) ~~In order to obtain the permits herein provided, persons other than manufacturers and retailers of mobile homes shall be required to (i) pay all taxes due to be paid by the owner to the county or to any other taxing unit therein; or (ii) show proof the tax collector that no taxes are due to be paid; or (iii) demonstrate to the tax collector~~

~~that the removal of the mobile home will not jeopardize the collection of any taxes due or to become due to the county or to any taxing unit therein.~~

~~(b) In addition to complying with the provisions of subsection (a) above, owners of mobile homes required to obtain the permits herein provided~~Before moving a mobile home, the owner of a mobile home must apply for a permit as required by G.S. 105-316.1, and either pay all taxes due by the owner to the county and to any other taxing unit in the county or show proof to the tax collector that no taxes are due to be paid. The owner shall also furnish the following information to the tax collector:

(1) The name and address of the owner,

(2) The address or location of the premises from which the mobile home is to be moved,

(3) The address or location of the place to which the mobile home is to be moved, and

(4) The name and address of the carrier who is to transport the mobile home.

(b) Before taking possession of a mobile home, the holder of a lien on the mobile home must apply for a permit as required by G.S. 105-316.1 and either pay all taxes due on the mobile home or show proof to the tax collector that no taxes are due to be paid on the mobile home. The holder of the lien must also notify the tax collector of the location in North Carolina to which the mobile home is to be taken or if the mobile home will be sold on site."

SECTION 6.3. G.S. 105-316.3 reads as rewritten:

"**§ 105-316.3. Issuance of permits.**

(a) ~~Except as otherwise provided in G.S. 105-316.2 above, no~~No permit required by G.S. 105-316.1 through 105-316.8 shall be issued by the tax collector unless and until all taxes due to be paid by ~~the owner to the county or to any other taxing unit therein.~~either the owner or the repossessing agent, including any penalties or interest thereon, have been paid. Any taxes which have not yet been computed but which will become due during the current calendar year shall be determined as in the case of prepayments.

(b) Upon compliance with the provisions of G.S. 105-316.1 through 105-316.8, the tax collector shall issue, without charge, a permit authorizing the removal or repossession of the mobile home. ~~He~~ The tax collector shall also maintain a record of all permits issued.

(c) A permit issued under this section is valid for a period of 30 days; however, the 30-day period may not extend beyond December 31 of the calendar year in which the permit is issued."

SECTION 6.4. G.S. 105-316.4 is repealed.

SECTION 6.5. G.S. 105-316.5 reads as rewritten:

"**§ 105-316.5. Form of permit.**

The permit shall be in substantially the following form:

TAX PERMIT

County of _____ Permit Number _____
State of North Carolina Date of Issuance _____
Permission is hereby granted to: _____
(Name & address of ~~owner~~)owner or repossessing agent)

_____
(Name & address of carrier if mobile home is to be moved)

to remove and/or repossess the following described mobile home:

_____
(Make, model, size, serial number, etc.)

The mobile home is to be moved as follows:

From: _____
(Address)
To: _____
(Address)
This permit is issued in accordance with the provisions of G.S. 105-316.1 through G.S. 105-316.8 of the General Statutes of North Carolina.
(Signed) _____
Tax Collector
(or Deputy Tax Collector)
County of _____."

SECTION 6.6. Article 18 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-316.5A. Taxes levied on repossessed mobile homes.**

Any person holding a lien on a mobile home, who repossesses the mobile home, must pay the property taxes levied on the mobile home before a new title may be issued depicting change of ownership."

SECTION 6.7. G.S. 105-316.6 reads as rewritten:

"**§ 105-316.6. Penalties for violations.**

(a) Any person required by G.S. 105-316.1 through 105-316.8 to obtain a tax permit and to pay taxes who fails to do so or who fails to properly display ~~same~~ the permit shall be guilty of a Class 3 misdemeanor. This penalty shall be in addition to any penalties imposed for failure to list property for taxation and interest for failure to pay taxes provided by the general laws of this State.

(b) Any ~~manufacturer or retailer of mobile homes~~person who aids or abets any ~~owner~~ person covered by G.S. 105-316.1 through 105-316.8 to defeat in any manner the purpose of G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(c) Any person who transports a mobile home from a location in this State for an owner other than a manufacturer or retailer of mobile homes without having properly displayed thereon the tax permit required by G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(d) Any law-enforcement officer of this State who apprehends any person violating the provisions of G.S. 105-316.1 through 105-316.8 shall detain such person and mobile home until satisfactory arrangements have been made to meet the requirements of G.S. 105-316.1 through 105-316.8."

SECTION 6.8. G.S. 105-355 reads as rewritten:

"**§ 105-355. Creation of tax lien; date as of which lien attaches.**

(a) Lien on Real Property. – Regardless of the time at which liability for a tax for a given fiscal year may arise or the exact amount thereof be determined, the lien for taxes levied on a parcel of real property shall attach to the parcel taxed on the date as of which property is to be listed under G.S. 105-285, and the lien for taxes levied on personal property shall attach to all real property of the taxpayer in the taxing unit on the same date. All penalties, interest, and costs allowed by law shall be added to the amount of the lien and shall be regarded as attaching at the same time as the lien for the principal amount of the taxes. For purposes of this subsection (a):

(1) Taxes levied on real property listed in the name of a life tenant under G.S. 105-302 (c)(8) shall be a lien on the fee as well as the life estate.

(2) Taxes levied on improvements on or separate rights in real property owned by one other than the owner of the land, whether or not listed separately from the land under G.S. 105-302 (c)(11), shall be a lien on both the improvements or rights and on the land.

(b) Lien on Mobile Home Listed as Personal Property. – The lien for taxes levied on a mobile home listed as personal property shall attach to the mobile home and to all real property of the taxpayer in the taxing unit on the date as of which property is to be listed under G.S. 105-285.

~~(b)~~(c) Lien on Personal Property. – Taxes levied on real and personal property (including penalties, interest, and costs allowed by law) shall be a lien on personal property from and after levy or attachment and garnishment of the personal property levied upon or attached."

SECTION 6.9. G.S. 105-366 is amended by adding a new subsection to read:

"**§ 105-366. Remedies against personal property.**

...

(e) Remedies Against Repossessing Agents of Mobile Homes. –

(1) Any person who takes possession of a mobile home whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home, is liable for the property taxes due on the mobile home and must obtain a permit and pay the property taxes as required by G.S. 105-316.2. This subsection does not apply to a county or city.

(2) Any person found in violation of this subsection is subject to the penalties set out in G.S. 105-316.6. In addition, a person who fails to pay property taxes on the mobile home within 30 days of the date of notice of demand for payment from the tax collector shall be subject to the enforced collection remedies provided in G.S. 105-367 and G.S. 105-368."

SECTION 6.10. G.S. 143-143.15 is amended by adding a new subsection to read:

"(c) A licensed dealer or set-up contractor must present a tax permit required under G.S. 105-316.1 before a local jurisdiction may issue a permit for the setup or installation of a manufactured home. This subsection also applies to a homeowner who obtains a permit on behalf of a licensed dealer or set-up contractor. This subsection does not apply to the initial sale and setup or installation of a new manufactured home."

PART VII. EFFECTIVE DATES.

SECTION 7. Parts I, III, and IV of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part II of this act is effective when it becomes law and applies to bonds issued on or after that date. Part VI of this act becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part VI of this act are not abated or affected by this act, and the statutes that would be applicable but for part VI of this act remain applicable to those prosecutions. Section 5.2 is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of this act is effective when it becomes law.

SENATE BILL 1309:
Property Tax Reform Act Of 2007

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 24, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Dan Ettefagh
Version:	First Edition		Martha Walston
			Committee Counsel

SUMMARY: Senate Bill 1309 would do the following:

- *Change the octennial property tax revaluation cycle to a system of revaluation triggered by the sales assessment ratio for a county not exceeding .90.*
- *Eliminate the property tax exemption for health care facilities receiving the exemption solely because of the issuance of bonds or notes by the North Carolina Medical Care Commission until such time as the bonds or notes are retired.*
- *Broaden the authority of the Department of Revenue to treat cable companies like telephone companies by providing for central appraisal of cable company property, make clarifying changes, and delete the reference to "telegraph company" since these companies are obsolete*
- *Require present-use valuation for residential property subdivisions that are nonconforming to the zoning use.*
- *Direct the development of a pilot program in Mecklenburg County that allows taxpayers to pay their property taxes in periodic installments.*
- *Require tax receipt forms to separately state the rate of tax for public school purposes and the total rate of tax for all other purposes on the receipt.*
- *Make changes to the statutes governing property tax collection on mobile homes.*

The PCS makes technical corrections necessary to preserve the existing tax exemption for bonds and notes issued by the North Carolina Medical Care Commission.

PART I. TIMING OF PROPERTY TAX REVALUATIONS.

Under current law, counties are required to reappraise real property at least every eight years in a staggered system. The law provides for horizontal adjustments every fourth year of the cycle, in which the counties review the appraised values of the real property and compare it to the current true value to determine whether an adjustment needs to be made to normalize the appraised value to the current true value. In practice, many counties have chosen to have a shorter reappraisal cycle of four or six years, and horizontal adjustments are infrequently utilized.

Part I of Senate Bill 1309 would eliminate the current octennial plan for general reappraisals of real property. Instead of a fixed schedule, the bill would establish a non-fixed system in which reappraisals occur in a county in any year following a year in which the ratio of the appraised value of real property to the true value of real property fell to 90% or less. This change would eliminate the need for horizontal adjustment provisions in the reappraisal system.

PART II. ELIMINATE PROPERTY TAX EXEMPTIONS BASED ON BOND FINANCING.

Under current law, any part of a health care facility financed by bonds or notes issued by the Medical Care Commission is exempt from property tax until the bonds or notes are retired. The amount of the exemption cannot exceed the lesser of the principal amount of the bonds or notes or the assessed value of the facility. When bonds or notes are used to finance an expansion or renovation of an existing facility, only the new part of the facility or the renovated part may be exempt from property tax.

Part 2 of the bill would eliminate the property tax exemption for a health care facility that is based solely on the fact that the health care facility was financed using bonds or notes issued by the North Carolina Medical Care Commission and continues until such time as those bonds or notes are retired. The bill would not affect any current property tax exemption received by a health care facility and would be prospective only. If a health care facility otherwise qualified for a separate property tax exemption, it would continue to receive that exemption so long as it qualified.

PART III. SYSTEM OF APPRAISAL FOR CABLE COMPANIES BY THE DEPARTMENT OF REVENUE.

Under current law, each year the North Carolina Department of Revenue must appraise, at its true value the system property[1] used by each public service company (other than bus line, motor freight carrier, and airline companies) both within and without the State. The Department must also appraise the rolling stock[2] of a bus line company or motor freight carrier company, and the flight equipment of an airline company each year. In determining the true value, the Department must consider (i) the market value of the company's capital stock and debt, (ii) the book value of the company's system property as reflected in the books of account kept under the regulations of the appropriate federal or State regulatory agency and what it would cost to replace or reproduce the system property, less a reasonable allowance for depreciation, (iii) gross receipts and operation income of the company, and (iv) any other factor or information that in the judgment of the Department has a bearing on the true value of the company's system property. If a public service company is operating both inside and outside the State, then the Department must apportion, for taxation in North Carolina, a fair and reasonable share of the value of the company using property, business, and mileage factors. The Department must allocate the valuations of public service company property among the local taxing units. Each local taxing unit then applies its tax rate to the apportioned valuation just as it does for any other type of property.

Part 3 of the bill would authorize the Department of Revenue to appraise cable companies as part of its duty to appraise system property used by public service companies. In practice most counties use only the cost approach in appraising cable companies, since they do not have the capability to consider other approaches such as the gross receipts and operation income of a company. The determination of the true value of the property of cable companies would be more accurately determined by transferring the duty to appraise from the counties to the Department. Also these companies would no longer need to list their property at the county level. It should also be noted that during the 2006 Session, the General Assembly replaced the authorization of counties and cities to award a franchise for cable service with a State franchising authority, effective January 1, 2007.

PART IV. SPECIAL RESIDENTIAL APPRAISAL CRITERIA.

Under current law, residential property is valued at its true value, regardless of whether the general characteristics of the subdivision in which the property is located conform to the zoning for the subdivision.

---

[1] System property refers to the real and tangible personal property used by a public service company in its public service activities.

[2] Rolling stock refers to motor vehicles, railroad locomotives, and railroad cars.

Part 4 of the bill would designate nonconforming residential property as a special class of property to be taxed at its present use value instead of its true value. Nonconforming residential properties are those property located in a subdivision that, despite a zoning change to something other than single family residential use, remains primarily single family residential use in character. The qualifying characteristics of nonconforming residential property is that the property are (i) used as a permanent residence; (ii) located in a subdivision zoned for a use other than single family residential use; (iii) located in a subdivision that was formerly zoned for single family residential use but was rezoned away from that use more than five years ago; (iv) located in a subdivision that remains predominately characterized by single family residential use.

PART V. MONTHLY PROPERTY TAX STATEMENTS.

Under current law, property is to be listed and appraised as of January 1 of the current year. The rate of tax on the property is determined by the county in June of the current year. Tax bills are due and payable September 1 of the current year through January 5 of the following year without interest. Tax bills that have not been paid as of January 5 of the following year begin to accrue interest at 2% for the remainder of January and ¾% each month thereafter.

Under current law, a tax receipt form must provide, *inter alia*, the rate of tax levied for each unit-wide purpose, the total rate levied for all unit-wide purposes, and the rate levied by or for any special district or subdivision of the unit in which the taxpayer's property is subject to taxation. A taxing unit may, instead of providing this information on the tax receipt form, provide this information on a separate sheet of paper at the time an official receipt is delivered.

Part 5 of the bill would require Mecklenburg County to develop and implement a pilot program applicable to at least 75% of the taxpayers that would provide them with the information and ability to pay their property taxes in six to twelve periodic installments. Mecklenburg County is required to report its plan to the Revenue Laws Study Committee by February 1, 2008. In addition, part 5 of the bill requires that tax receipt forms list at least two items of information on the form itself: the rate of tax for public school purposes and the total rate of tax for all other purposes. Other items of information, as with the current practice, could be furnished on a separate but properly identified sheet of paper delivered at the time the official receipt is delivered upon payment or furnished on the tax receipt form itself.

PART VI. PROPERTY TAX COLLECTION ON MOBILE HOMES.

Under current law, it is unlawful for anyone, other than a mobile home manufacturer or retailer to move a mobile home from one location to another without first obtaining a county tax permit. A licensed carrier does not have to obtain a permit, but the carrier must ensure display of the permit when required. A mobile home is defined as a manufactured home under G.S. 105-273(13)[3] or a structure designed, constructed, and intended for use as a dwelling house, office, place of business, or similar place of habitation and capable of being transported from placed to place on wheels attached to its frame. Trailers and vehicles required to be registered annually fall outside of the definition of mobile home.

In order to obtain a permit, the applicant must do one of the following: (i) pay all taxes due to be paid or coming due on September 1 by the owner to the city or county (the owner is the person owning the home on January 1), (ii) show proof to the tax collector that no taxes are due, or (iii) demonstrate to the

[3] Under G.S. 105-273(13), a manufactured home is real property when it is a residential structure; the moving hitch, wheels, and axles have been removed; the home is placed on a permanent foundation; and the home is either situated on land owned by the owner of the manufactured home or on land in which the owner of the home has a 20-year lease that provides for disposition of the home on termination of the lease.

tax collector that removal of the home will not jeopardize collection of taxes. The permit applicant must provide the name and address of the owner, the current location or address of the home, the location or address of the place to which the home is to be moved, and the name and address of the carrier. There is no charge for the permit. It is a class 3 misdemeanor for failure to obtain a permit.[4] Law enforcement officers must detain a person and mobile home until permit requirements are met.

The holder of a lien who intends to take possession of the mobile home may obtain a permit if the holder informs the tax collector of the place to which the home is to be moved and pays taxes due on the mobile home within 7 days of issuance of the permit. A repossessor, who is a nonresident, must pay at the time the permit is issued. Once the taxes on the mobile home are paid, the home is no longer subject to levy or attachment of any lien for other taxes owed by the owner.

If taxes are not paid on a mobile home, the tax collector may go against the taxpayer by garnishing wages, attaching bank accounts or monies due, using debt setoff, or levying on the home by taking possession and selling. The county must advertise the sale for at least 10 days and should store the home where it cannot be damaged, stolen, or destroyed. Expenses associated with the levy (tow expense, advertisement) are deducted from sale proceeds. If the taxpayer pays the taxes after the levy, but before the sale, the taxpayer must also pay all costs of the levy. The home must be sold to the highest bidder for cash, and the sale is final.

Part 6 of the bill would require repossessors to (i) obtain a permit before taking possession of the mobile home, (ii) inform the tax collector of where the home will be taken or if it will be sold on-site, and (iii) pay taxes levied on the home before issuance of a new title. It would also provide (iv) that the lien for taxes levied on the mobile home listed as personal property attaches to the home and to all real property of the taxpayer situated in the taxing unit and (v) for enforced collection remedies against repossessor (these include levy and sale of the mobile home and attachment and garnishment). Finally, this part would require that the tax permit be presented before the local government can issue a permit for setup or installation of the home, except if the setup is for an initial sale or the installation of a new home. The permit would be valid for a period of 30 days, and this 30-day period could not extend beyond December 31 of the calendar year in which the permit is issued.

EFFECTIVE DATE: Parts 1, 3, and 4 are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part 2 is effective when it becomes law and applies to bonds issued on or after that date. Part 6 becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part 6 are not abated or affected and the statutes that would be applicable but for part 6 remain applicable to those prosecutions. Section 5.2 regarding tax receipt forms is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of the act is effective when it becomes law.

BACKGROUND:

With respect to part 3 of the bill, counties have requested central appraisal of these companies, since many of the counties do not have the capability to determine the true value of the companies' property.

The North Carolina Association of County Commissioners and the North Carolina Tax Collectors Association requested the changes in part 6 of the bill in order to remedy the situation where repossessed mobile homes are being sold on site. Often the tax collectors are not aware of the sales until after they are completed and the former owner has disappeared. Once the mobile home is transferred to a new owner for value, the county's ability to collect taxes due by levy and sale of the mobile home expires.

[4] A class 3 misdemeanor carries a maximum punishment of 20 days and payment of a fine of not more than $200.

The following number of mobile home permits has been issued in Johnston County:

Number of permits	Year
421	2000
398	2002
225	2004
200	2006

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1309

Short Title:	Property Tax Reform Act Of 2007.	(Public)
Sponsors:	Senators Clodfelter, Goss, Queen, Snow, Boseman, Nesbitt; and Atwater.	
Referred to:	Finance.	

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO REFORM THE PROPERTY TAX LAWS OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

PART I. TIMING OF PROPERTY TAX REVALUATIONS.

SECTION 1.1. G.S. 105-286 reads as rewritten:

"**§ 105-286. Time for general reappraisal of real property.**

(a) ~~Octennial Plan. Unless the date shall be advanced as provided in subdivision (a)(2), below, each county of the State, as of January 1 of the year prescribed in the schedule set out in subdivision (a)(1), below, and every eighth year thereafter, shall reappraise all real property in accordance with the provisions of G.S. 105-283 and 105-317.~~

~~(1) Schedule of Initial Reappraisals.~~

~~Division One — 1972: Avery, Camden, Cherokee, Cleveland, Cumberland, Guilford, Harnett, Haywood, Lee, Montgomery, Northampton, and Robeson.~~

~~Division Two — 1973: Caldwell, Carteret, Columbus, Currituck, Davidson, Gaston, Greene, Hyde, Lenoir, Madison, Orange, Pamlico, Pitt, Richmond, Swain, Transylvania, and Washington.~~

~~Division Three — 1974: Ashe, Buncombe, Chowan, Franklin, Henderson, Hoke, Jones, Pasquotank, Rowan, and Stokes.~~

~~Division Four — 1975: Alleghany, Bladen, Brunswick, Cabarrus, Catawba, Dare, Halifax, Macon, New Hanover, Surry, Tyrrell, and Yadkin.~~

~~Division Five — 1976: Bertie, Caswell, Forsyth, Iredell, Jackson, Lincoln, Onslow, Person, Perquimans, Rutherford, Union, Vance, Wake, Wilson, and Yancey.~~

~~Division Six — 1977: Alamance, Durham, Edgecombe, Gates, Martin, Mitchell, Nash, Polk, Randolph, Stanly, Warren, and Wilkes.~~

~~Division Seven 1978: Alexander, Anson, Beaufort, Clay, Craven, Davie, Duplin, and Granville.~~

~~Division Eight 1979: Burke, Chatham, Graham, Hertford, Johnston, McDowell, Mecklenburg, Moore, Pender, Rockingham, Sampson, Scotland, Watauga, and Wayne.~~

~~(2) Advancing Scheduled Octennial Reappraisal. Any county desiring to conduct a reappraisal of real property earlier than required by this subsection (a) may do so upon adoption by the board of county commissioners of a resolution so providing. A copy of any such resolution shall be forwarded promptly to the Department of Revenue. If the scheduled date for reappraisal for any county is advanced as provided herein, real property in that county shall thereafter be reappraised every eighth year following the advanced date unless, in accordance with the provisions of this subdivision (a)(2), an earlier date shall be adopted by resolution of the board of county commissioners, in which event a new schedule of octennial reappraisals shall thereby be established for that county.~~

Appraisal. – Each county of the State shall reappraise all real property in accordance with the provisions of G.S. 105-283 and G.S.105-317 in any year following a year in which the sales assessment ratio, as defined in G.S. 105-289(h) does not exceed .90.

~~(b) Fourth-Year Horizontal Adjustments. As of January 1 of the fourth year following a reappraisal of real property conducted under the provisions of subsection (a), above, each county shall review the appraised values of all real property and determine whether changes should be made to bring those values into line with then current true value. If it is determined that the appraised value of all real property or of defined types or categories of real property require such adjustment, the assessor shall revise the values accordingly by horizontal adjustments rather than by actual appraisal of individual properties. That is, by uniform application of percentages of increase or reduction to the appraised values of properties within defined types or categories or within defined geographic areas of the county.~~

(c) Value to Be Assigned Real Property When Not Subject to Appraisal. – In years in which real property within a county is not subject to reappraisal under ~~subsections (a) or (b),~~ subsection (a), above, or under G.S. 105-287, it shall be listed at the value assigned when last appraised under this section or under G.S. 105-287."

SECTION 1.2. G.S. 105-287 reads as rewritten:

"**§ 105-287. Changing appraised value of real property in years in which general reappraisal ~~or horizontal adjustment~~ is not made.**

(a) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor shall increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in the property's value resulting from one or more of the reasons listed in this subsection. The reason necessitating a change in the property's value need not be under the control of or at the request of the owner of the affected property.

(1) Correct a clerical or mathematical error.

(2) Correct an appraisal error resulting from a misapplication of the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal.

(2a) Recognize an increase or decrease in the value of the property resulting from a conservation or preservation agreement subject to Article 4 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation Agreements Act.

(2b) Recognize an increase or decrease in the value of the property resulting from a physical change to the land or to the improvements on the land, other than a change listed in subsection (b) of this section.

(2c) Recognize an increase or decrease in the value of the property resulting from a change in the legally permitted use of the property.

(3) Recognize an increase or decrease in the value of the property resulting from a factor other than one listed in subsection (b).

(b) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor may not increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in value caused by:

(1) Normal, physical depreciation of improvements;

(2) Inflation, deflation, or other economic changes affecting the county in general; or

(3) Betterments to the property made by:

a. Repainting buildings or other structures;

b. Terracing or other methods of soil conservation;

c. Landscape gardening;

d. Protecting forests against fire; or

e. Impounding water on marshland for non-commercial purposes to preserve or enhance the natural habitat of wildlife.

(c) An increase or decrease in the appraised value of real property authorized by this section shall be made in accordance with the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal. An increase or decrease in appraised value made under this section is effective as of January 1 of the year in which it is made and is not retroactive. This section does not modify or restrict the provisions of G.S. 105-312 concerning the appraisal of discovered property.

(d) Notwithstanding subsection (a), if a tract of land has been subdivided into lots and more than five acres of the tract remain unsold by the owner of the tract, the assessor may appraise the unsold portion as land acreage rather than as lots. A tract is considered subdivided into lots when the lots are located on streets laid out and open for travel and the lots have been sold or offered for sale as lots since the last appraisal of the property."

PART II. ELIMINATE PROPERTY TAX EXEMPTIONS BASED ON BOND FINANCING.

SECTION 2. G.S. 131A-21 is repealed.

PART III. SYSTEM OF APPRAISAL FOR CABLE COMPANIES BY THE DEPARTMENT OF REVENUE.

SECTION 3.1. G.S. 105-333 reads as rewritten:

"Article 23.

"Public Service Companies.

"**§ 105-333. Definitions.**

The following definitions apply in this Article unless the context requires a different meaning:

(1) Airline company. – A company engaged in the business of transporting passengers and property by aircraft for hire within, into, or from this State.

(2) Bus line company. – A company engaged in the business of transporting passengers and property by motor vehicle for hire over the public highways of this State (but not including a bus line company operating primarily upon the public streets within a single local taxing unit), whether the transportation is within, into, or from this State.

(2a) Cable company. – A company engaged in the business of providing cable service as defined in G.S. 105-164.3, over a cable system, as defined in 47 U.S.C. § 522.

(3) Distributable system property. – All real property and personal property owned or used by a railroad company other than nondistributable system property.

(4) Electric membership corporation. – A company organized, reorganized, or domesticated under Chapter 117 of the General Statutes and engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(5) Electric power company. – A company engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(6) Repealed by Session Laws 1973, c. 783, s. 5.

(7) Flight equipment. – Aircraft fully equipped for flying and used in any operation within this State.

(8) Gas company. – A company engaged in the business of supplying artificial or natural gas to, from, within, or through this State through pipe or tubing for light, heat, or power to consumers in this State.

(9) Locally assigned rolling stock. – Rolling stock that is owned or leased by a motor freight carrier company, specifically assigned to a terminal or other premises, and regularly used at the premises to which assigned.

(10) Motor freight carrier company. – A company engaged in the business of transporting property by motor vehicle for hire over the public highways of this State as provided in this subdivision:

a. As to interstate carrier companies domiciled in North Carolina, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier outside this State or two or more terminals inside this State. For purposes of appraisal and allocation only, the term also includes a North Carolina interstate carrier that does not have a terminal outside this State but whose operations outside the State are sufficient to require the payment of ad valorem taxes on a portion of the value of the rolling stock of the carrier to taxing units in one or more other states.

b. As to interstate carrier companies domiciled outside this State, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier inside this State.

c. As to intrastate carrier companies, this term includes only those carriers that are engaged in the transportation of property by tractor trailer to or from two or more terminals owned or leased by the carrier in this State.

(11) Nondistributable system property. – The following properties owned by a railroad company: land other than right-of-way, depots, machine shops, warehouses, office buildings, other structures, and the contents of the structures listed in this subdivision.

(12) Nonsystem property. – The real and tangible personal property owned by a public service company but not used in its public service activities.

(13) Pipeline company. – A company engaged in the business of transporting natural gas, petroleum products, or other products through pipelines to, from, within, or through this State, or having control of pipelines for such a purpose.

(14) Public service company. – A railroad company, a pipeline company, a gas company, an electric power company, an electric membership corporation, a telephone company, a cable company, ~~a telegraph company,~~ a bus line company, an airline company, or a motor freight carrier company. The term also includes any company performing a public service that is regulated by the United States Department of Energy, the United States Department of Transportation, the Federal Communications Commission, the Federal Aviation Agency, or the North Carolina Utilities Commission, except that the term does not include a water company, a radio common carrier company as defined in G.S. 62-119(3), a cable television company, or a radio or television broadcasting company.

(15) Railroad company. – A company engaged in the business of operating a railroad to, from, within or through this State on rights-of-way owned or leased by the company. It also means a company operating a

passenger service on the lines of any railroad located wholly or partly in this State.

(16) Rolling stock. – Motor vehicles, railroad locomotives, and railroad cars that are propelled by mechanical or electrical power and used upon the highways or, in the case of railroad vehicles, upon tracks.

(17) System property. – The real property and personal property used by a public service company in its public service activities. The term also includes public service company property under construction on the day as of which property is assessed which when completed will be used by the owner in its public service activities.

~~(18) Telegraph company. – A company engaged in the business of transmitting telegraph messages to, from, within, or through the State.~~

(19) Telephone company. – A company engaged in the business of transmitting telephone messages and conversations to, from, within, or through this State.

(20) Repealed by Session Laws 1973, c. 783, s. 5.

(21) True value. – Defined in G.S. 105-283."

SECTION 3.2. G.S. 105-335 reads as rewritten:

"**§ 105-335. Appraisal of property of public service companies.**

(a) Duty to Appraise. – ~~In accordance with the provisions of subsection (b), below, the~~The Department of Revenue ~~shall~~ must appraise for taxation the true value of each public service company ~~(other than bus line, motor freight carrier, and airline companies) as a system (both inside and outside this State). Certain specified properties of bus line, motor freight carrier, and airline companies shall be appraised by the Department in accordance with the provisions of subsection (c), below, and all other properties of such companies shall be listed, appraised, and assessed in the manner prescribed by this Subchapter for the properties of taxpayers other than public service companies.~~in accordance with this section.

(b) Property of ~~Public Service Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Telephone, and Cable Companies. –

(1) System Property. – Each year, as of January 1, the Department of Revenue ~~shall~~ must appraise at its true value ~~(as defined in G.S. 105-283)~~ the system property used by each public service company both inside and outside this State. Property leased by a public service company shall be included in appraising the value of its system property if necessary to ascertain the true value of the company's system property.

(2) Nonsystem Personal Property. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem tangible personal property subject to taxation in this State.

(3) Nonsystem Real Property. – In accordance with the county in which the public service company's nonsystem real property is located and the schedules set out in G.S. 105-286 and 105-287, the Department of

Revenue shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem real property subject to taxation in this State.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) Bus Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned or leased by or operated under the control of each bus line company, which bus line company is domiciled in this State or which is regularly engaged in business in this State.

(2) Motor Freight Carrier Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned by a motor freight carrier company or leased by a motor freight carrier company and operated by its employees which motor freight carrier company is domiciled in this State or is regularly engaged in business in this State at a terminal owned or leased by the carrier.

(3) Flight Equipment. – Each year, as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the flight equipment owned or leased by or operated under the control of each airline company that is domiciled in the State or that is regularly engaged in business at some airport in this State."

SECTION 3.3. G.S. 105-338 reads as rewritten:

"**§ 105-338. Allocation of appraised valuation of system property among local taxing units.**

(a) State Board's Duty. – For purposes of taxation by local taxing units in this State, the Department of Revenue shall allocate the valuations of public service company property among the local taxing units in accordance with the provisions of this section.

(b) System Valuation of ~~Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Railroad, Telephone, and Cable Companies. –

(1) System Property of Railroad Companies. – The appraised valuation of the distributable system property of a railroad shall be allocated for taxation to the local taxing units in accordance with the ratio of the miles of all the company's tracks in the local taxing unit to the total miles of all the company's tracks in this State, adjusted to reflect density of traffic in the local taxing unit.

(2) System Property of Telephone and Cable Companies. –

a. The Department of Revenue shall divide ~~each telephone company's~~the system property of each telephone company and cable company in this State into the following two classes and shall determine the original cost of that property and the percentage thereof represented by the property in each of the two classes.

– Class 1: Property located in this State that is identified under the applicable uniform system of accounts as central office equipment, ~~large P.B.X.~~personal communication service equipment, motor vehicles, tools and work equipment, office furniture and equipment, materials and supplies, and land and buildings (including towers and other structures).

– Class 2: Property located in this State that does not come within Class 1.

The Department of Revenue shall then apply the percentages obtained in accordance with this subdivision to the appraised valuation of the company's system property in this State and thereby derive the proportions of appraised valuation to be allocated as Class 1 and Class 2 valuations to local taxing units in accordance with subdivision (b)(2)b, below.

b. Having made the division required by subdivision (b)(2)a, above, the Department of Revenue shall allocate the appraised valuation of the properties in each class among the local taxing units of the State as follows:

– Class 1: The appraised valuations of property in this class shall be allocated among the local taxing units in which such property of the company is situated on January 1 in the proportion that the original cost of such property in the taxing unit bears to the original cost of all such property in this State.

– Class 2: The appraised valuations of property in this class shall be allocated among the local taxing units in which the company operates in the proportion that the miles of the company's ~~single aerial wire and single wire in cable (including single tube in coaxial cable)~~transmission wires or cables in the taxing unit bears to the company's total of ~~such~~ wire or cable miles ~~of the company~~ in this State.

(3) System Property of ~~Other Companies Appraised by the Department of Revenue.~~Electric, Gas, and Pipeline Companies. –

a. The provisions of this subdivision (b)(3) shall govern the allocation of the property of ~~all companies appraised by the Department of Revenue except railroad, telephone, bus line, motor freight carrier, and airline companies.~~electric, gas, and pipeline companies.

b. The appraised valuation of the system property of such a company shall be allocated for taxation to the local taxing units in which the company operates in the proportion that the original cost of the taxable system property in the local taxing unit on January 1 bears to the original cost of all the taxable system property in this State. If in any local taxing unit the company owns system property acquired prior to January 1,

1972, for which the original cost cannot be definitely ascertained, a reasonable estimate of the original cost of that property shall be made by the company, and this estimate shall be used by the Department of Revenue for allocation purposes as if it were the actual original cost of the property.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) The appraised valuation of a bus line company's rolling stock shall be allocated for taxation to each local taxing unit according to the ratio of the company's scheduled miles during the calendar year preceding January 1 in each such unit to the company's total scheduled miles in this State for the same period. In no event, however, shall the State Board make an allocation to a taxing unit if, when computed, the valuation for that taxing unit amounts to less than five hundred dollars ($500.00).

(2) The appraised valuation of the rolling stock (other than locally assigned rolling stock) owned or leased by a motor freight carrier company shall be allocated for taxation to each local taxing unit in which the company has a terminal according to the ratio of the tons of freight handled in the calendar year preceding January 1 at the company's terminals within the taxing unit to the total tons of freight handled by the company in this State in the same period. If a North Carolina interstate motor freight carrier company has no terminal outside this State, but has been required to pay ad valorem tax to one or more taxing units outside this State, there shall be allowed a reduction in the North Carolina valuation measured by the ratio of the rolling stock subject to ad valorem taxation outside the State to all of the carrier's rolling stock.

(3) The appraised valuation of an airline company's flight equipment shall be allocated for taxation to each local taxing unit in which an airport used by the company is situated according to the ratio obtained by averaging the following two ratios: the ratio of the company's ground hours in the taxing unit in the year preceding January 1 to the company's ground hours in the State in the same period, and the ratio of the company's gross revenue in the taxing unit in the year preceding January 1 to the company's gross revenue in the State in the same period."

PART IV. SPECIAL RESIDENTIAL APPRAISAL CRITERIA.

SECTION 4.1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-278.2A. Nonconforming residential property.**

(a) Class Defined. – Nonconforming residential property is hereby designated a special class of property under authority of Article V, Section 2(2) of the North Carolina Constitution and shall be taxed in accordance with this section.

(b) Application. – An initial application must be filed during the regular listing period of the year for which the benefit of this classification is first claimed, or within 30 days of the date shown on a notice of a change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer.

(b) Nonconforming residential property is property that meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) Is used as a permanent residence.

(2) Is located in a subdivision that is zoned for a use other than single family residential use.

(3) Is located in a subdivision that has been rezoned more than five years ago from single family residential use to a use other than single family residential use.

(4) Is located in a subdivision that is predominantly characterized by single family residential use.

(c) Upon receipt of a properly executed application, the assessor must appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317."

SECTION 4.2. G.S. 105-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible to be exempted or excluded from taxation must file an application for exemption or exclusion to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the exemption or exclusion:

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, ~~105-278.~~105-278, or 105-278.2A.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8."

PART V. MONTHLY PROPERTY TAX STATEMENTS.

SECTION 5.1. Mecklenburg County is directed to develop and implement a plan that provides property taxpayers in the county the ability to pay their property taxes in six to 12 periodic installments. This may be accomplished by incorporating a property tax payment on a bill that is currently issued by the county, such as a consolidated water and sewer service bill, an automatic bank draft program,, or another method. A plan meets the requirements of this section if it applies to at least seventy-five percent (75%) of the taxpayers. The county must report its plan to the Revenue Laws Study Committee by February 1, 2008.

SECTION 5.2. G.S. 105-320 reads as rewritten:

"**§ 105-320. Tax receipts; preparation.**

(a) No taxing unit shall adopt a tax receipt form until it has been approved by the Department of Revenue, and no tax receipt form shall be approved unless it shows at least the following information:

...

(6) The rate of tax levied for each unit-wide purpose, the total rate levied for all unit-wide purposes, and the rate levied by or for any special district or subdivision of the unit in which the taxpayer's property is subject to taxation. ~~(In lieu of showing this information on the tax receipt, it~~ (Other than separately stating the rate of tax for public school purposes and the total rate of tax for all other purposes on the receipt, the information required under this subdivision may be furnished on a separate sheet of paper, properly identified, at the time the official receipt is delivered upon payment).

..."

PART VI. PROPERTY TAX COLLECTION ON MOBILE HOMES.

SECTION 6.1. G.S. 105-316.1 reads as rewritten:

"**§ 105-316.1. Tax permit required to move or repossess mobile home.**

~~(a)~~ In order to protect the local taxing units of this State against the nonpayment of ad valorem taxes on mobile homes, ~~it is hereby declared to be unlawful for any~~ a person ~~other than a mobile home manufacturer or retailer to~~may not remove or cause to be removed any mobile home situated at a premises in this State without first obtaining a tax permit from the tax collector of the county in which the mobile home is situated. This section also applies to a person who takes possession of a mobile home, whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home and who either moves the mobile home to another location or sells the mobile home on site. The tax permit shall be conspicuously displayed near the license tag on the rear of the mobile home at all times during its transportation. Permits required by G.S. 105-316.1 through 105-316.8 may be obtained at the office of the county tax collector during normal business hours.

~~(b) Except as provided in G.S. 105-316.4, manufacturers, retailers and licensed carriers of mobile homes shall not be required to obtain the tax permits required by this section. Persons or firms transporting mobile homes shall, however, be responsible for~~

~~seeing that a proper license tag, and when required under this section, a tax permit, are properly displayed thereon at all times during their transportation.~~This section does not apply to a mobile home manufacturer or retailer who moves a mobile home from its factory or sales lot to a premises owned or leased by the purchaser of the mobile home."

SECTION 6.2. G.S. 105-316.2 reads as rewritten:

"**§ 105-316.2. Requirements for obtaining permit.**

(a) ~~In order to obtain the permits herein provided, persons other than manufacturers and retailers of mobile homes shall be required to (i) pay all taxes due to be paid by the owner to the county or to any other taxing unit therein; or (ii) show proof the tax collector that no taxes are due to be paid; or (iii) demonstrate to the tax collector that the removal of the mobile home will not jeopardize the collection of any taxes due or to become due to the county or to any taxing unit therein.~~

~~(b) In addition to complying with the provisions of subsection (a) above, owners of mobile homes required to obtain the permits herein provided~~Before moving a mobile home, the owner of a mobile home must apply for a permit as required by G.S. 105-316.1, and either pay all taxes due by the owner to the county and to any other taxing unit in the county or show proof to the tax collector that no taxes are due to be paid. The owner shall also furnish the following information to the tax collector:

(1) The name and address of the owner,

(2) The address or location of the premises from which the mobile home is to be moved,

(3) The address or location of the place to which the mobile home is to be moved, and

(4) The name and address of the carrier who is to transport the mobile home.

(b) Before taking possession of a mobile home, the holder of a lien on the mobile home must apply for a permit as required by G.S. 105-316.1 and either pay all taxes due on the mobile home or show proof to the tax collector that no taxes are due to be paid on the mobile home. The holder of the lien must also notify the tax collector of the location in North Carolina to which the mobile home is to be taken or if the mobile home will be sold on site."

SECTION 6.3. G.S. 105-316.3 reads as rewritten:

"**§ 105-316.3. Issuance of permits.**

(a) ~~Except as otherwise provided in G.S. 105-316.2 above, no~~No permit required by G.S. 105-316.1 through 105-316.8 shall be issued by the tax collector unless and until all taxes due to be paid by ~~the owner to the county or to any other taxing unit therein,~~either the owner or the repossessing agent, including any penalties or interest thereon, have been paid. Any taxes which have not yet been computed but which will become due during the current calendar year shall be determined as in the case of prepayments.

(b) Upon compliance with the provisions of G.S. 105-316.1 through 105-316.8, the tax collector shall issue, without charge, a permit authorizing the removal or repossession of the mobile home. ~~He~~ The tax collector shall also maintain a record of all permits issued.

(c) A permit issued under this section is valid for a period of 30 days; however, the 30-day period may not extend beyond December 31 of the calendar year in which the permit is issued."

SECTION 6.4. G.S. 105-316.4 is repealed.

SECTION 6.5. G.S. 105-316.5 reads as rewritten:

"**§ 105-316.5. Form of permit.**

The permit shall be in substantially the following form:

TAX PERMIT

County of _____ Permit Number _____
State of North Carolina Date of Issuance _____
Permission is hereby granted to: _____
(Name & address of ~~owner)~~owner or repossessing agent)

_____
(Name & address of carrier if mobile home is to be moved)

to remove and/or repossess the following described mobile home:

_____
(Make, model, size, serial number, etc.)

The mobile home is to be moved as follows:

From: _____
(Address)
To: _____
(Address)

This permit is issued in accordance with the provisions of G.S. 105-316.1 through G.S. 105-316.8 of the General Statutes of North Carolina.

(Signed) _____
Tax Collector
(or Deputy Tax Collector)
County of _____."

SECTION 6.6. Article 18 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-316.5A. Taxes levied on repossessed mobile homes.**

Any person holding a lien on a mobile home, who repossesses the mobile home, must pay the property taxes levied on the mobile home before a new title may be issued depicting change of ownership."

SECTION 6.7. G.S. 105-316.6 reads as rewritten:

"**§ 105-316.6. Penalties for violations.**

(a) Any person required by G.S. 105-316.1 through 105-316.8 to obtain a tax permit and to pay taxes who fails to do so or who fails to properly display ~~same~~ the

permit shall be guilty of a Class 3 misdemeanor. This penalty shall be in addition to any penalties imposed for failure to list property for taxation and interest for failure to pay taxes provided by the general laws of this State.

(b) Any ~~manufacturer or retailer of mobile homes~~person who aids or abets any ~~owner~~ person covered by G.S. 105-316.1 through 105-316.8 to defeat in any manner the purpose of G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(c) Any person who transports a mobile home from a location in this State for an owner other than a manufacturer or retailer of mobile homes without having properly displayed thereon the tax permit required by G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(d) Any law-enforcement officer of this State who apprehends any person violating the provisions of G.S. 105-316.1 through 105-316.8 shall detain such person and mobile home until satisfactory arrangements have been made to meet the requirements of G.S. 105-316.1 through 105-316.8."

SECTION 6.8. G.S. 105-355 reads as rewritten:

"**§ 105-355. Creation of tax lien; date as of which lien attaches.**

(a) Lien on Real Property. – Regardless of the time at which liability for a tax for a given fiscal year may arise or the exact amount thereof be determined, the lien for taxes levied on a parcel of real property shall attach to the parcel taxed on the date as of which property is to be listed under G.S. 105-285, and the lien for taxes levied on personal property shall attach to all real property of the taxpayer in the taxing unit on the same date. All penalties, interest, and costs allowed by law shall be added to the amount of the lien and shall be regarded as attaching at the same time as the lien for the principal amount of the taxes. For purposes of this subsection (a):

(1) Taxes levied on real property listed in the name of a life tenant under G.S. 105-302 (c)(8) shall be a lien on the fee as well as the life estate.

(2) Taxes levied on improvements on or separate rights in real property owned by one other than the owner of the land, whether or not listed separately from the land under G.S. 105-302 (c)(11), shall be a lien on both the improvements or rights and on the land.

(b) Lien on Mobile Home Listed as Personal Property. – The lien for taxes levied on a mobile home listed as personal property shall attach to the mobile home and to all real property of the taxpayer in the taxing unit on the date as of which property is to be listed under G.S. 105-285.

~~(b)~~(c) Lien on Personal Property. – Taxes levied on real and personal property (including penalties, interest, and costs allowed by law) shall be a lien on personal property from and after levy or attachment and garnishment of the personal property levied upon or attached."

SECTION 6.9. G.S. 105-366 is amended by adding a new subsection to read:

"**§ 105-366. Remedies against personal property.**

...

(e) Remedies Against Repossessing Agents of Mobile Homes. –

(1) Any person who takes possession of a mobile home whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home, is liable for the property taxes due on the mobile home and must obtain a permit and pay the property taxes as required by G.S. 105-316.2. This subsection does not apply to a county or city.

(2) Any person found in violation of this subsection is subject to the penalties set out in G.S. 105-316.6. In addition, a person who fails to pay property taxes on the mobile home within 30 days of the date of notice of demand for payment from the tax collector shall be subject to the enforced collection remedies provided in G.S. 105-367 and G.S. 105-368."

SECTION 6.10. G.S. 143-143.15 is amended by adding a new subsection to read:

"(c) A licensed dealer or set-up contractor must present a tax permit required under G.S. 105-316.1 before a local jurisdiction may issue a permit for the setup or installation of a manufactured home. This subsection also applies to a homeowner who obtains a permit on behalf of a licensed dealer or set-up contractor. This subsection does not apply to the initial sale and setup or installation of a new manufactured home."

PART VII. EFFECTIVE DATES.

SECTION 7. Parts I, III, and IV of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part II of this act is effective when it becomes law and applies to bonds issued on or after that date. Part VI of this act becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part VI of this act are not abated or affected by this act, and the statutes that would be applicable but for part VI of this act remain applicable to those prosecutions. Section 5.2 is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of this act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1309

Short Title:	Property Tax Reform Act Of 2007.	(Public)
Sponsors:	Senators Clodfelter, Goss, Queen, Snow, Boseman, Nesbitt; and Atwater.	
Referred to:	Finance.	

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO REFORM THE PROPERTY TAX LAWS OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

PART I. TIMING OF PROPERTY TAX REVALUATIONS.

SECTION 1.1. G.S. 105-286 reads as rewritten:

"**§ 105-286. Time for general reappraisal of real property.**

(a) ~~Octennial Plan. — Unless the date shall be advanced as provided in subdivision (a)(2), below, each county of the State, as of January 1 of the year prescribed in the schedule set out in subdivision (a)(1), below, and every eighth year thereafter, shall reappraise all real property in accordance with the provisions of G.S. 105-283 and 105-317.~~

~~(1) Schedule of Initial Reappraisals. —~~

~~Division One — 1972: Avery, Camden, Cherokee, Cleveland, Cumberland, Guilford, Harnett, Haywood, Lee, Montgomery, Northampton, and Robeson.~~

~~Division Two — 1973: Caldwell, Carteret, Columbus, Currituck, Davidson, Gaston, Greene, Hyde, Lenoir, Madison, Orange, Pamlico, Pitt, Richmond, Swain, Transylvania, and Washington.~~

~~Division Three — 1974: Ashe, Buncombe, Chowan, Franklin, Henderson, Hoke, Jones, Pasquotank, Rowan, and Stokes.~~

~~Division Four — 1975: Alleghany, Bladen, Brunswick, Cabarrus, Catawba, Dare, Halifax, Macon, New Hanover, Surry, Tyrrell, and Yadkin.~~

~~Division Five — 1976: Bertie, Caswell, Forsyth, Iredell, Jackson, Lincoln, Onslow, Person, Perquimans, Rutherford, Union, Vance, Wake, Wilson, and Yancey.~~

~~Division Six — 1977: Alamance, Durham, Edgecombe, Gates, Martin, Mitchell, Nash, Polk, Randolph, Stanly, Warren, and Wilkes.~~

~~Division Seven 1978: Alexander, Anson, Beaufort, Clay, Craven, Davie, Duplin, and Granville.~~

~~Division Eight 1979: Burke, Chatham, Graham, Hertford, Johnston, McDowell, Mecklenburg, Moore, Pender, Rockingham, Sampson, Scotland, Watauga, and Wayne.~~

~~(2) Advancing Scheduled Octennial Reappraisal. Any county desiring to conduct a reappraisal of real property earlier than required by this subsection (a) may do so upon adoption by the board of county commissioners of a resolution so providing. A copy of any such resolution shall be forwarded promptly to the Department of Revenue. If the scheduled date for reappraisal for any county is advanced as provided herein, real property in that county shall thereafter be reappraised every eighth year following the advanced date unless, in accordance with the provisions of this subdivision (a)(2), an earlier date shall be adopted by resolution of the board of county commissioners, in which event a new schedule of octennial reappraisals shall thereby be established for that county.~~

Appraisal. – Each county of the State shall reappraise all real property in accordance with the provisions of G.S. 105-283 and G.S.105-317 in any year following a year in which the sales assessment ratio, as defined in G.S. 105-289(h) does not exceed .90.

~~(b) Fourth-Year Horizontal Adjustments. As of January 1 of the fourth year following a reappraisal of real property conducted under the provisions of subsection (a), above, each county shall review the appraised values of all real property and determine whether changes should be made to bring those values into line with then current true value. If it is determined that the appraised value of all real property or of defined types or categories of real property require such adjustment, the assessor shall revise the values accordingly by horizontal adjustments rather than by actual appraisal of individual properties. That is, by uniform application of percentages of increase or reduction to the appraised values of properties within defined types or categories or within defined geographic areas of the county.~~

(c) Value to Be Assigned Real Property When Not Subject to Appraisal. – In years in which real property within a county is not subject to reappraisal under ~~subsections (a) or (b),~~ subsection (a), above, or under G.S. 105-287, it shall be listed at the value assigned when last appraised under this section or under G.S. 105-287."

SECTION 1.2. G.S. 105-287 reads as rewritten:

"**§ 105-287. Changing appraised value of real property in years in which general reappraisal ~~or horizontal adjustment~~ is not made.**

(a) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor shall increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in the property's value resulting from one or more of the reasons listed in this subsection. The reason necessitating a change in the property's value need not be under the control of or at the request of the owner of the affected property.

(1) Correct a clerical or mathematical error.

(2) Correct an appraisal error resulting from a misapplication of the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal.

(2a) Recognize an increase or decrease in the value of the property resulting from a conservation or preservation agreement subject to Article 4 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation Agreements Act.

(2b) Recognize an increase or decrease in the value of the property resulting from a physical change to the land or to the improvements on the land, other than a change listed in subsection (b) of this section.

(2c) Recognize an increase or decrease in the value of the property resulting from a change in the legally permitted use of the property.

(3) Recognize an increase or decrease in the value of the property resulting from a factor other than one listed in subsection (b).

(b) In a year in which a general reappraisal ~~or horizontal adjustment~~ of real property in the county is not made, the assessor may not increase or decrease the appraised value of real property, as determined under G.S. 105-286, to recognize a change in value caused by:

(1) Normal, physical depreciation of improvements;

(2) Inflation, deflation, or other economic changes affecting the county in general; or

(3) Betterments to the property made by:

a. Repainting buildings or other structures;

b. Terracing or other methods of soil conservation;

c. Landscape gardening;

d. Protecting forests against fire; or

e. Impounding water on marshland for non-commercial purposes to preserve or enhance the natural habitat of wildlife.

(c) An increase or decrease in the appraised value of real property authorized by this section shall be made in accordance with the schedules, standards, and rules used in the county's most recent general ~~reappraisal or horizontal adjustment.~~reappraisal. An increase or decrease in appraised value made under this section is effective as of January 1 of the year in which it is made and is not retroactive. This section does not modify or restrict the provisions of G.S. 105-312 concerning the appraisal of discovered property.

(d) Notwithstanding subsection (a), if a tract of land has been subdivided into lots and more than five acres of the tract remain unsold by the owner of the tract, the assessor may appraise the unsold portion as land acreage rather than as lots. A tract is considered subdivided into lots when the lots are located on streets laid out and open for travel and the lots have been sold or offered for sale as lots since the last appraisal of the property."

PART II. ELIMINATE PROPERTY TAX EXEMPTIONS BASED ON BOND FINANCING.

SECTION 2. G.S. 131A-21 is repealed.

PART III. SYSTEM OF APPRAISAL FOR CABLE COMPANIES BY THE DEPARTMENT OF REVENUE.

SECTION 3.1. G.S. 105-333 reads as rewritten:

"Article 23.

"Public Service Companies.

"**§ 105-333. Definitions.**

The following definitions apply in this Article unless the context requires a different meaning:

(1) Airline company. – A company engaged in the business of transporting passengers and property by aircraft for hire within, into, or from this State.

(2) Bus line company. – A company engaged in the business of transporting passengers and property by motor vehicle for hire over the public highways of this State (but not including a bus line company operating primarily upon the public streets within a single local taxing unit), whether the transportation is within, into, or from this State.

(2a) Cable company. – A company engaged in the business of providing cable service as defined in G.S. 105-164.3, over a cable system, as defined in 47 U.S.C. § 522.

(3) Distributable system property. – All real property and personal property owned or used by a railroad company other than nondistributable system property.

(4) Electric membership corporation. – A company organized, reorganized, or domesticated under Chapter 117 of the General Statutes and engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(5) Electric power company. – A company engaged in the business of supplying electricity for light, heat, or power to consumers in this State.

(6) Repealed by Session Laws 1973, c. 783, s. 5.

(7) Flight equipment. – Aircraft fully equipped for flying and used in any operation within this State.

(8) Gas company. – A company engaged in the business of supplying artificial or natural gas to, from, within, or through this State through pipe or tubing for light, heat, or power to consumers in this State.

(9) Locally assigned rolling stock. – Rolling stock that is owned or leased by a motor freight carrier company, specifically assigned to a terminal or other premises, and regularly used at the premises to which assigned.

(10) Motor freight carrier company. – A company engaged in the business of transporting property by motor vehicle for hire over the public highways of this State as provided in this subdivision:

a. As to interstate carrier companies domiciled in North Carolina, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier outside this State or two or more terminals inside this State. For purposes of appraisal and allocation only, the term also includes a North Carolina interstate carrier that does not have a terminal outside this State but whose operations outside the State are sufficient to require the payment of ad valorem taxes on a portion of the value of the rolling stock of the carrier to taxing units in one or more other states.

b. As to interstate carrier companies domiciled outside this State, this term includes carriers who regularly transport property by tractor trailer to or from one or more terminals owned or leased by the carrier inside this State.

c. As to intrastate carrier companies, this term includes only those carriers that are engaged in the transportation of property by tractor trailer to or from two or more terminals owned or leased by the carrier in this State.

(11) Nondistributable system property. – The following properties owned by a railroad company: land other than right-of-way, depots, machine shops, warehouses, office buildings, other structures, and the contents of the structures listed in this subdivision.

(12) Nonsystem property. – The real and tangible personal property owned by a public service company but not used in its public service activities.

(13) Pipeline company. – A company engaged in the business of transporting natural gas, petroleum products, or other products through pipelines to, from, within, or through this State, or having control of pipelines for such a purpose.

(14) Public service company. – A railroad company, a pipeline company, a gas company, an electric power company, an electric membership corporation, a telephone company, a cable company, ~~a telegraph company,~~ a bus line company, an airline company, or a motor freight carrier company. The term also includes any company performing a public service that is regulated by the United States Department of Energy, the United States Department of Transportation, the Federal Communications Commission, the Federal Aviation Agency, or the North Carolina Utilities Commission, except that the term does not include a water company, a radio common carrier company as defined in G.S. 62-119(3), a cable television company, or a radio or television broadcasting company.

(15) Railroad company. – A company engaged in the business of operating a railroad to, from, within or through this State on rights-of-way owned or leased by the company. It also means a company operating a

passenger service on the lines of any railroad located wholly or partly in this State.

(16) Rolling stock. – Motor vehicles, railroad locomotives, and railroad cars that are propelled by mechanical or electrical power and used upon the highways or, in the case of railroad vehicles, upon tracks.

(17) System property. – The real property and personal property used by a public service company in its public service activities. The term also includes public service company property under construction on the day as of which property is assessed which when completed will be used by the owner in its public service activities.

~~(18) Telegraph company. – A company engaged in the business of transmitting telegraph messages to, from, within, or through the State.~~

(19) Telephone company. – A company engaged in the business of transmitting telephone messages and conversations to, from, within, or through this State.

(20) Repealed by Session Laws 1973, c. 783, s. 5.

(21) True value. – Defined in G.S. 105-283."

SECTION 3.2. G.S. 105-335 reads as rewritten:

"**§ 105-335. Appraisal of property of public service companies.**

(a) Duty to Appraise. – ~~In accordance with the provisions of subsection (b), below, the~~The Department of Revenue ~~shall~~ must appraise for taxation the true value of each public service company ~~(other than bus line, motor freight carrier, and airline companies) as a system (both inside and outside this State). Certain specified properties of bus line, motor freight carrier, and airline companies shall be appraised by the Department in accordance with the provisions of subsection (c), below, and all other properties of such companies shall be listed, appraised, and assessed in the manner prescribed by this Subchapter for the properties of taxpayers other than public service companies.~~in accordance with this section.

(b) Property of ~~Public Service Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Telephone, and Cable Companies. –

(1) System Property. – Each year, as of January 1, the Department of Revenue ~~shall~~ must appraise at its true value ~~(as defined in G.S. 105-283)~~ the system property used by each public service company both inside and outside this State. Property leased by a public service company shall be included in appraising the value of its system property if necessary to ascertain the true value of the company's system property.

(2) Nonsystem Personal Property. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem tangible personal property subject to taxation in this State.

(3) Nonsystem Real Property. – In accordance with the county in which the public service company's nonsystem real property is located and the schedules set out in G.S. 105-286 and 105-287, the Department of

Revenue shall appraise at its true value ~~(as defined in G.S. 105-283)~~ each public service company's nonsystem real property subject to taxation in this State.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) Bus Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned or leased by or operated under the control of each bus line company, which bus line company is domiciled in this State or which is regularly engaged in business in this State.

(2) Motor Freight Carrier Company Rolling Stock. – Each year as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the rolling stock owned by a motor freight carrier company or leased by a motor freight carrier company and operated by its employees which motor freight carrier company is domiciled in this State or is regularly engaged in business in this State at a terminal owned or leased by the carrier.

(3) Flight Equipment. – Each year, as of January 1, the Department shall appraise at its true value ~~(as defined in G.S. 105-283)~~ the flight equipment owned or leased by or operated under the control of each airline company that is domiciled in the State or that is regularly engaged in business at some airport in this State."

SECTION 3.3. G.S. 105-338 reads as rewritten:

"**§ 105-338. Allocation of appraised valuation of system property among local taxing units.**

(a) State Board's Duty. – For purposes of taxation by local taxing units in this State, the Department of Revenue shall allocate the valuations of public service company property among the local taxing units in accordance with the provisions of this section.

(b) System Valuation of ~~Companies Other Than Those Noted in Subsection (c).~~Electric, Gas, Pipeline, Railroad, Telephone, and Cable Companies. –

(1) System Property of Railroad Companies. – The appraised valuation of the distributable system property of a railroad shall be allocated for taxation to the local taxing units in accordance with the ratio of the miles of all the company's tracks in the local taxing unit to the total miles of all the company's tracks in this State, adjusted to reflect density of traffic in the local taxing unit.

(2) System Property of Telephone and Cable Companies. –

a. The Department of Revenue shall divide ~~each telephone company's~~the system property of each telephone company and cable company in this State into the following two classes and shall determine the original cost of that property and the percentage thereof represented by the property in each of the two classes.

– Class 1: Property located in this State that is identified under the applicable uniform system of accounts as central office equipment, ~~large P.B.X.~~personal communication service equipment, motor vehicles, tools and work equipment, office furniture and equipment, materials and supplies, and land and buildings (including towers and other structures).

– Class 2: Property located in this State that does not come within Class 1.

The Department of Revenue shall then apply the percentages obtained in accordance with this subdivision to the appraised valuation of the company's system property in this State and thereby derive the proportions of appraised valuation to be allocated as Class 1 and Class 2 valuations to local taxing units in accordance with subdivision (b)(2)b, below.

b. Having made the division required by subdivision (b)(2)a, above, the Department of Revenue shall allocate the appraised valuation of the properties in each class among the local taxing units of the State as follows:

– Class 1: The appraised valuations of property in this class shall be allocated among the local taxing units in which such property of the company is situated on January 1 in the proportion that the original cost of such property in the taxing unit bears to the original cost of all such property in this State.

– Class 2: The appraised valuations of property in this class shall be allocated among the local taxing units in which the company operates in the proportion that the miles of the company's ~~single aerial wire and single wire in cable (including single tube in coaxial cable)~~transmission wires or cables in the taxing unit bears to the company's total of ~~such~~ wire or cable miles ~~of the company~~ in this State.

(3) System Property of ~~Other Companies Appraised by the Department of Revenue.~~Electric, Gas, and Pipeline Companies. –

a. The provisions of this subdivision (b)(3) shall govern the allocation of the property of ~~all companies appraised by the Department of Revenue except railroad, telephone, bus line, motor freight carrier, and airline companies.~~electric, gas, and pipeline companies.

b. The appraised valuation of the system property of such a company shall be allocated for taxation to the local taxing units in which the company operates in the proportion that the original cost of the taxable system property in the local taxing unit on January 1 bears to the original cost of all the taxable system property in this State. If in any local taxing unit the company owns system property acquired prior to January 1,

1972, for which the original cost cannot be definitely ascertained, a reasonable estimate of the original cost of that property shall be made by the company, and this estimate shall be used by the Department of Revenue for allocation purposes as if it were the actual original cost of the property.

(c) Property of Bus Line, Motor Freight Carrier, and Airline Companies. –

(1) The appraised valuation of a bus line company's rolling stock shall be allocated for taxation to each local taxing unit according to the ratio of the company's scheduled miles during the calendar year preceding January 1 in each such unit to the company's total scheduled miles in this State for the same period. In no event, however, shall the State Board make an allocation to a taxing unit if, when computed, the valuation for that taxing unit amounts to less than five hundred dollars ($500.00).

(2) The appraised valuation of the rolling stock (other than locally assigned rolling stock) owned or leased by a motor freight carrier company shall be allocated for taxation to each local taxing unit in which the company has a terminal according to the ratio of the tons of freight handled in the calendar year preceding January 1 at the company's terminals within the taxing unit to the total tons of freight handled by the company in this State in the same period. If a North Carolina interstate motor freight carrier company has no terminal outside this State, but has been required to pay ad valorem tax to one or more taxing units outside this State, there shall be allowed a reduction in the North Carolina valuation measured by the ratio of the rolling stock subject to ad valorem taxation outside the State to all of the carrier's rolling stock.

(3) The appraised valuation of an airline company's flight equipment shall be allocated for taxation to each local taxing unit in which an airport used by the company is situated according to the ratio obtained by averaging the following two ratios: the ratio of the company's ground hours in the taxing unit in the year preceding January 1 to the company's ground hours in the State in the same period, and the ratio of the company's gross revenue in the taxing unit in the year preceding January 1 to the company's gross revenue in the State in the same period."

PART IV. SPECIAL RESIDENTIAL APPRAISAL CRITERIA.

SECTION 4.1. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-278.2A. Nonconforming residential property.**

(a) Class Defined. – Nonconforming residential property is hereby designated a special class of property under authority of Article V, Section 2(2) of the North Carolina Constitution and shall be taxed in accordance with this section.

(b) Application. – An initial application must be filed during the regular listing period of the year for which the benefit of this classification is first claimed, or within 30 days of the date shown on a notice of a change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer.

(b) Nonconforming residential property is property that meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) Is used as a permanent residence.

(2) Is located in a subdivision that is zoned for a use other than single family residential use.

(3) Is located in a subdivision that has been rezoned more than five years ago from single family residential use to a use other than single family residential use.

(4) Is located in a subdivision that is predominantly characterized by single family residential use.

(c) Upon receipt of a properly executed application, the assessor must appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317."

SECTION 4.2. G.S. 105-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible to be exempted or excluded from taxation must file an application for exemption or exclusion to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the exemption or exclusion:

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, ~~105-278.~~105-278, or 105-278.2A.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8."

PART V. MONTHLY PROPERTY TAX STATEMENTS.

SECTION 5.1. Mecklenburg County is directed to develop and implement a plan that provides property taxpayers in the county the ability to pay their property taxes in six to 12 periodic installments. This may be accomplished by incorporating a property tax payment on a bill that is currently issued by the county, such as a consolidated water and sewer service bill, an automatic bank draft program,, or another method. A plan meets the requirements of this section if it applies to at least seventy-five percent (75%) of the taxpayers. The county must report its plan to the Revenue Laws Study Committee by February 1, 2008.

SECTION 5.2. G.S. 105-320 reads as rewritten:

"**§ 105-320. Tax receipts; preparation.**

(a) No taxing unit shall adopt a tax receipt form until it has been approved by the Department of Revenue, and no tax receipt form shall be approved unless it shows at least the following information:

...

(6) The rate of tax levied for each unit-wide purpose, the total rate levied for all unit-wide purposes, and the rate levied by or for any special district or subdivision of the unit in which the taxpayer's property is subject to taxation. ~~(In lieu of showing this information on the tax receipt, it~~ (Other than separately stating the rate of tax for public school purposes and the total rate of tax for all other purposes on the receipt, the information required under this subdivision may be furnished on a separate sheet of paper, properly identified, at the time the official receipt is delivered upon payment).

..."

PART VI. PROPERTY TAX COLLECTION ON MOBILE HOMES.

SECTION 6.1. G.S. 105-316.1 reads as rewritten:

"**§ 105-316.1. Tax permit required to move or repossess mobile home.**

~~(a)~~ In order to protect the local taxing units of this State against the nonpayment of ad valorem taxes on mobile homes, ~~it is hereby declared to be unlawful for any~~ a person ~~other than a mobile home manufacturer or retailer to~~may not remove or cause to be removed any mobile home situated at a premises in this State without first obtaining a tax permit from the tax collector of the county in which the mobile home is situated. This section also applies to a person who takes possession of a mobile home, whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home and who either moves the mobile home to another location or sells the mobile home on site. The tax permit shall be conspicuously displayed near the license tag on the rear of the mobile home at all times during its transportation. Permits required by G.S. 105-316.1 through 105-316.8 may be obtained at the office of the county tax collector during normal business hours.

~~(b) Except as provided in G.S. 105-316.4, manufacturers, retailers and licensed carriers of mobile homes shall not be required to obtain the tax permits required by this section. Persons or firms transporting mobile homes shall, however, be responsible for~~

~~seeing that a proper license tag, and when required under this section, a tax permit, are properly displayed thereon at all times during their transportation.~~This section does not apply to a mobile home manufacturer or retailer who moves a mobile home from its factory or sales lot to a premises owned or leased by the purchaser of the mobile home."

SECTION 6.2. G.S. 105-316.2 reads as rewritten:

"**§ 105-316.2. Requirements for obtaining permit.**

(a) ~~In order to obtain the permits herein provided, persons other than manufacturers and retailers of mobile homes shall be required to (i) pay all taxes due to be paid by the owner to the county or to any other taxing unit therein; or (ii) show proof the tax collector that no taxes are due to be paid; or (iii) demonstrate to the tax collector that the removal of the mobile home will not jeopardize the collection of any taxes due or to become due to the county or to any taxing unit therein.~~

~~(b) In addition to complying with the provisions of subsection (a) above, owners of mobile homes required to obtain the permits herein provided~~Before moving a mobile home, the owner of a mobile home must apply for a permit as required by G.S. 105-316.1, and either pay all taxes due by the owner to the county and to any other taxing unit in the county or show proof to the tax collector that no taxes are due to be paid. The owner shall also furnish the following information to the tax collector:

(1) The name and address of the owner,

(2) The address or location of the premises from which the mobile home is to be moved,

(3) The address or location of the place to which the mobile home is to be moved, and

(4) The name and address of the carrier who is to transport the mobile home.

(b) Before taking possession of a mobile home, the holder of a lien on the mobile home must apply for a permit as required by G.S. 105-316.1 and either pay all taxes due on the mobile home or show proof to the tax collector that no taxes are due to be paid on the mobile home. The holder of the lien must also notify the tax collector of the location in North Carolina to which the mobile home is to be taken or if the mobile home will be sold on site."

SECTION 6.3. G.S. 105-316.3 reads as rewritten:

"**§ 105-316.3. Issuance of permits.**

(a) ~~Except as otherwise provided in G.S. 105-316.2 above, no~~No permit required by G.S. 105-316.1 through 105-316.8 shall be issued by the tax collector unless and until all taxes due to be paid by ~~the owner to the county or to any other taxing unit therein,~~either the owner or the repossessing agent, including any penalties or interest thereon, have been paid. Any taxes which have not yet been computed but which will become due during the current calendar year shall be determined as in the case of prepayments.

(b) Upon compliance with the provisions of G.S. 105-316.1 through 105-316.8, the tax collector shall issue, without charge, a permit authorizing the removal or repossession of the mobile home. ~~He~~ The tax collector shall also maintain a record of all permits issued.

(c) A permit issued under this section is valid for a period of 30 days; however, the 30-day period may not extend beyond December 31 of the calendar year in which the permit is issued."

SECTION 6.4. G.S. 105-316.4 is repealed.

SECTION 6.5. G.S. 105-316.5 reads as rewritten:

"**§ 105-316.5. Form of permit.**

The permit shall be in substantially the following form:

TAX PERMIT

County of _____ Permit Number _____
State of North Carolina Date of Issuance _____
Permission is hereby granted to: _____
(Name & address of ~~owner)~~owner or repossessing agent)

_____
(Name & address of carrier if mobile home is to be moved)

to remove and/or repossess the following described mobile home:

_____
(Make, model, size, serial number, etc.)

The mobile home is to be moved as follows:

From: _____
(Address)
To: _____
(Address)
This permit is issued in accordance with the provisions of G.S. 105-316.1 through G.S. 105-316.8 of the General Statutes of North Carolina.
(Signed) _____
Tax Collector
(or Deputy Tax Collector)
County of _____."

SECTION 6.6. Article 18 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-316.5A. Taxes levied on repossessed mobile homes.**

Any person holding a lien on a mobile home, who repossesses the mobile home, must pay the property taxes levied on the mobile home before a new title may be issued depicting change of ownership."

SECTION 6.7. G.S. 105-316.6 reads as rewritten:

"**§ 105-316.6. Penalties for violations.**

(a) Any person required by G.S. 105-316.1 through 105-316.8 to obtain a tax permit and to pay taxes who fails to do so or who fails to properly display ~~same~~ the

permit shall be guilty of a Class 3 misdemeanor. This penalty shall be in addition to any penalties imposed for failure to list property for taxation and interest for failure to pay taxes provided by the general laws of this State.

(b) Any ~~manufacturer or retailer of mobile homes~~person who aids or abets any ~~owner~~ person covered by G.S. 105-316.1 through 105-316.8 to defeat in any manner the purpose of G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(c) Any person who transports a mobile home from a location in this State for an owner other than a manufacturer or retailer of mobile homes without having properly displayed thereon the tax permit required by G.S. 105-316.1 through 105-316.8 shall be guilty of a Class 3 misdemeanor.

(d) Any law-enforcement officer of this State who apprehends any person violating the provisions of G.S. 105-316.1 through 105-316.8 shall detain such person and mobile home until satisfactory arrangements have been made to meet the requirements of G.S. 105-316.1 through 105-316.8."

SECTION 6.8. G.S. 105-355 reads as rewritten:

"**§ 105-355. Creation of tax lien; date as of which lien attaches.**

(a) Lien on Real Property. – Regardless of the time at which liability for a tax for a given fiscal year may arise or the exact amount thereof be determined, the lien for taxes levied on a parcel of real property shall attach to the parcel taxed on the date as of which property is to be listed under G.S. 105-285, and the lien for taxes levied on personal property shall attach to all real property of the taxpayer in the taxing unit on the same date. All penalties, interest, and costs allowed by law shall be added to the amount of the lien and shall be regarded as attaching at the same time as the lien for the principal amount of the taxes. For purposes of this subsection (a):

(1) Taxes levied on real property listed in the name of a life tenant under G.S. 105-302 (c)(8) shall be a lien on the fee as well as the life estate.

(2) Taxes levied on improvements on or separate rights in real property owned by one other than the owner of the land, whether or not listed separately from the land under G.S. 105-302 (c)(11), shall be a lien on both the improvements or rights and on the land.

(b) Lien on Mobile Home Listed as Personal Property. – The lien for taxes levied on a mobile home listed as personal property shall attach to the mobile home and to all real property of the taxpayer in the taxing unit on the date as of which property is to be listed under G.S. 105-285.

~~(b)~~(c) Lien on Personal Property. – Taxes levied on real and personal property (including penalties, interest, and costs allowed by law) shall be a lien on personal property from and after levy or attachment and garnishment of the personal property levied upon or attached."

SECTION 6.9. G.S. 105-366 is amended by adding a new subsection to read:

"**§ 105-366. Remedies against personal property.**

...

(e) Remedies Against Repossessing Agents of Mobile Homes. –

(1) Any person who takes possession of a mobile home whether by judicial or nonjudicial authority, as a holder of a lien on the mobile home, is liable for the property taxes due on the mobile home and must obtain a permit and pay the property taxes as required by G.S. 105-316.2. This subsection does not apply to a county or city.

(2) Any person found in violation of this subsection is subject to the penalties set out in G.S. 105-316.6. In addition, a person who fails to pay property taxes on the mobile home within 30 days of the date of notice of demand for payment from the tax collector shall be subject to the enforced collection remedies provided in G.S. 105-367 and G.S. 105-368."

SECTION 6.10. G.S. 143-143.15 is amended by adding a new subsection to read:

"(c) A licensed dealer or set-up contractor must present a tax permit required under G.S. 105-316.1 before a local jurisdiction may issue a permit for the setup or installation of a manufactured home. This subsection also applies to a homeowner who obtains a permit on behalf of a licensed dealer or set-up contractor. This subsection does not apply to the initial sale and setup or installation of a new manufactured home."

PART VII. EFFECTIVE DATES.

SECTION 7. Parts I, III, and IV of this act are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part II of this act is effective when it becomes law and applies to bonds issued on or after that date. Part VI of this act becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part VI of this act are not abated or affected by this act, and the statutes that would be applicable but for part VI of this act remain applicable to those prosecutions. Section 5.2 is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of this act is effective when it becomes law.

Local Governments	*See Assumptions and Methodology*				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue, NC Local Governments

EFFECTIVE DATE: Parts 1, 3, and 4 are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part 2 is effective when it becomes law and applies to bonds issued on or after that date. Part 6 becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part 6 are not abated or affected and the statutes that would be applicable but for part 6 remain applicable to those prosecutions. Section 5.2 regarding tax receipt forms is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of the act is effective when it becomes law.

BILL SUMMARY:
The PCS for Senate Bill 1309 would do the following:

- Change the octennial property tax revaluation cycle to a system of revaluation triggered by the sales assessment ratio for a county not exceeding .90.
- Eliminate the property tax exemption for health care facilities receiving the exemption solely because of the issuance of bonds or notes by the North Carolina Medical Care Commission until such time as the bonds or notes are retired.
- Broaden the authority of the Department of Revenue to treat cable companies like telephone companies by providing for central appraisal of cable company property, make clarifying changes, and delete the reference to "telegraph company" since these companies are obsolete
- Require present-use valuation for residential property subdivisions that are nonconforming to the zoning use.
- Direct the development of a pilot program in Mecklenburg County that allows taxpayers to pay their property taxes in periodic installments.
- Require tax receipt forms to separately state the rate of tax for public school purposes and the total rate of tax for all other purposes on the receipt.
- Make changes to the statutes governing property tax collection on mobile homes.

The PCS makes technical corrections necessary to preserve the existing tax exemption for bonds and notes issued by the North Carolina Medical Care Commission.

ASSUMPTIONS AND METHODOLOGY:
Part I. Timing of Property Tax Revaluations
Under current law, counties are required to reappraise real property at least every eight years in a staggered system. Part I of Senate Bill 1309 would eliminate the current octennial plan for general reappraisals of real property. Instead of a fixed schedule, the bill would establish a non-fixed system in which reappraisals occur in a county in any year following a year in which the ratio of the appraised value of real property to the true value of real property fell to 90% or less. This would have the effect of narrowing the gap between assessed values and market values and preventing the property tax burden from becoming weighted more heavily toward properties increasing relatively slowly or decreasing in value. Because it is unknown to what extent counties will adjust tax rates following the likelihood of more frequent revaluations, the FRD is unable to determine the fiscal impact.

Part II. Eliminate Property Tax Exemptions Based on Bond Financing

Under current law, any part of a health care facility financed by bonds or notes issued by the Medical Care Commission is exempt from property tax until the bonds or notes are retired. The amount of the exemption cannot exceed the lesser of the principal amount of the bonds or notes or the assessed value of the facility. When bonds or notes are used to finance an expansion or renovation of an existing facility, only the new part of the facility or the renovated part may be exempt from property tax.

Part 2 of the bill would eliminate the property tax exemption for a health care facility that is based solely on the fact that the health care facility was financed using bonds or notes issued by the North Carolina Medical Care Commission and continues until such time as those bonds or notes are retired. The bill would not affect any current property tax exemption received by a health care facility and would be prospective only. If a health care facility otherwise qualified for a separate property tax exemption, it would continue to receive that exemption so long as it qualified.

Since its inception in 1975, the Medical Care Commission (MCC) has issued approximately $11 billion in bonds or notes to fund the creation and expansion of North Carolina health care facilities. As of June 30, 2006, the total outstanding principal amount of all loans was $5.9 billion. Because the bill is prospective, the legislation will not affect facilities funded under existing bonds. The legislation will have little effect on the state's non-profit hospitals since these hospitals already receive a property tax exemption for most of their holding under G.S. 105-278.8 (charitable hospital). Some health care facilities, including some Continuing Care Retirement Communities (CCRCs) and hospital-owned physician practices would potentially lose their exemptions once the bonds are paid, however, there would be little impact in the next five years.

Part III. System of Appraisal for Cable Companies by the Department of Revenue

Under current law, each year the North Carolina Department of Revenue must appraise, at its true value the system property used by each public service company (other than bus line, motor freight carrier, and airline companies) both within and without the State. The Department must also appraise the rolling stock of a bus line company or motor freight carrier company, and the flight equipment of an airline company each year.

The NC Department of Revenue uses an appraisal method that uses income as a factor in appraising public service company property. County assessors utilize the cost approach, which does not use income as a factor. Because of the differences in appraisal methods, there may be some differences in appraised value of cable company property included in this bill however, the amount of the impact cannot be determined until the appraisals are conducted.

Part IV. Special Residential Appraisal Criteria

Under current law, residential property is valued at its true value, regardless of whether the general characteristics of the subdivision in which the property is located conform to the zoning for the subdivision.

Part 4 of the bill would designate nonconforming residential property as a special class of property to be taxed at its present use value instead of its true value. Nonconforming residential properties are those property located in a subdivision that, despite a zoning change to something other than single family residential use, remains primarily single family residential use in character.

FRD does not have sufficient data to determine the impact of this change. Several tax assessors indicated that such a change would have a relatively minor fiscal impact however, data was not available regarding the number or value of properties that would be impacted.

Part V. Monthly Property Tax Statements

Under current law, property is to be listed and appraised as of January 1 of the current year. The rate of tax on the property is determined by the county in June of the current year. Tax bills are due and payable September 1 of the current year through January 5 of the following year without interest. Tax bills that have not been paid as of January 5 of the following year begin to accrue interest at 2% for the remainder of January and ¾% each month thereafter.

Part 5 of the bill would require Mecklenburg County to develop and implement a pilot program applicable to at least 75% of the taxpayers that would provide them with the information and ability to pay their property taxes in six to twelve periodic installments. Mecklenburg County is required to report its plan to the Revenue Laws Study Committee by February 1, 2008. In addition, part 5 of the bill requires that tax receipt forms list at least two items of information on the form itself: the rate of tax for public school purposes and the total rate of tax for all other purposes. Other items of information, as with the current practice, could be furnished on a separate but properly identified sheet of paper delivered at the time the official receipt is delivered upon payment or furnished on the tax receipt form itself.

The Mecklenburg County Tax Assessor's Office provided a memo that indicates the cost of implementing monthly tax statements would amount to $9.5 million. The tax collector indicated that this represents a "worst case analysis" and does not take into account cost savings that could be achieved from innovations such as payment booklets, which would reduce the number of required mailings.

Part VI. Property Tax Collection on Mobile Homes

Part VI would strengthen the law regarding property tax collection on mobile homes by requiring the repossessor of a mobile home to (i) obtain a permit before taking possession of the mobile home, (ii) inform the tax collector of where the home will be taken or if it will be sold on-site, and (iii) pay taxes levied on the home before issuance of a new title. It would also provide (iv) that the lien for taxes levied on the mobile home listed as personal property attaches to the home and to all real property of the taxpayer situated in the taxing unit and (v) for enforced collection remedies against repossessor (these include levy and sale of the mobile home and attachment and garnishment). Finally, this part would require that the tax permit be presented before the local government can issue a permit for setup or installation of the home, except if the setup is for an initial sale or the installation of a new home. The permit would be valid for a period of 30 days, and this 30-day period could not extend beyond December 31 of the calendar year in which the permit is issued.

According to the NC Tax Collectors Association, the current tax collection rate for manufactured homes is approximately 85% and the improving the rate to 96% would generate approximately $2.4 million in additional revenue. The total revenue gain would be higher because this figure does not include municipalities.

EFFECTIVE DATE: Parts 1, 3, and 4 are effective for taxes imposed for taxable years beginning on or after July 1, 2008. Part 2 is effective when it becomes law and applies to bonds issued on or after that date. Part 6 becomes effective December 1, 2007, and applies to offenses occurring on or after that date. Prosecutions for offenses committed before the effective date of part 6 are not abated or affected and the statutes that would be applicable but for part 6 remain

applicable to those prosecutions. Section 5.2 regarding tax receipt forms is effective for taxes imposed for taxable years beginning on or after July 1, 2008. The remainder of the act is effective when it becomes law.

SENATE BILL 1442
PROPOSED COMMITTEE SUBSTITUTE S1442-CSMCx-12 [v.2]

4/23/2007 10:10:54 AM

Short Title: Circuit Breaker Property Tax Benefit. (Public)

Sponsors:

Referred to:

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO CREATE A CIRCUIT BREAKER PROPERTY TAX BENEFIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.1(b) is amended by adding a new subdivision to read:

"(b) Definitions. – The following definitions apply in this section:

...

(3a) Property tax relief. – The property tax homestead exclusion provided in this section or the property tax homestead circuit breaker provided in G.S. 105-277.1B.

...."

SECTION 2. G.S. 105-277.1 is amended by adding a new subsection to read:

"**§ 105-277.1. Property tax homestead exclusion.**

...

(e) Election. – An owner who qualifies for both kinds of property tax relief may elect the property tax homestead circuit breaker under G.S. 105-277.1B instead of the property tax homestead exclusion provided in this section. When property is owned by two or more persons, each person must qualify for both kinds of property tax relief and must elect the property tax homestead circuit breaker in order for the property tax homestead circuit breaker to be allowed instead of the property tax homestead exclusion."

SECTION 3. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.1B. Property tax homestead circuit breaker.**

(a) Classification. – A permanent residence owned and occupied by a qualifying owner is designated a special class of property under Article V, Section 2(2) of the North Carolina Constitution and is taxable in accordance with this section.

(b) Definitions. – The definitions provided in G.S. 105-277.1 apply to this section.

(c) Income Eligibility Limit. – The income eligibility limit provided in G.S. 105-277.1(a2) applies to this section.

(d) Qualifying Owner. – For the purpose of qualifying for the property tax homestead circuit breaker under this section, a qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) The owner has an income for the preceding calendar year of not more than one hundred fifty percent (150%) of the income eligibility limit specified in subsection (c) of this section.

(2) The owner has occupied the property as a permanent residence for at least five years.

(3) The owner is a North Carolina resident.

(e) Multiple Owners. – When a permanent residence is owned and occupied by two or more persons other than husband and wife, no property tax homestead circuit breaker is allowed unless all of the owners qualify and elect to defer taxes under this section.

(f) Tax Limitation. – A qualifying owner may defer the portion of tax imposed on his or her permanent residence if it exceeds a percentage of the qualifying owner's income as provided in this section.

Income	**Percentage**
Less than the income eligibility limit	4.0%
100% to 150% of the income eligibility limit	5.0%

(g) Temporary Absence. – An otherwise qualifying owner does not lose the benefit of this circuit breaker because of a temporary absence from his or her permanent residence for reasons of health, or because of an extended absence while confined to a rest home or nursing home, so long as the residence is unoccupied or occupied by the owner's spouse or other dependent.

(h) Deferred Taxes. – The difference between the taxes due under this section and the taxes that would have been payable in the absence of this section are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes for the three fiscal years preceding the current tax year shall be carried forward in the records of the taxing unit or units as deferred taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. On or before September 1 of each year, the assessor shall notify each residence owner to whom a tax deferral has previously been granted of the accumulated sum of deferred taxes and interest.

(i) Disqualifying Events. – Taxes deferred under this section are payable within nine months after a disqualifying event. The tax for the fiscal year that opens in a calendar year in which deferred taxes become due is computed as if the property was not eligible for property tax relief under this section. Each of the following constitutes a disqualifying event:

(1) The owner transfers the residence. Transfer of the residence under this subdivision is not a disqualifying event if (i) the owner transfers the residence as part of a divorce proceeding to either his or her spouse who qualifies for tax deferral under this section or to a co-owner of the residence, (ii) that individual occupies or continues to occupy the property as his or her permanent residence and (iii) that individual elects to continue deferring payment of the tax.

(2) The owner dies. Death of the owner under this subdivision is not a disqualifying event if (i) the owner's share passes to either his or her spouse who qualifies for tax deferral under this section or to a co-owner of the residence, (ii) that individual occupies or continues to occupy the property has his or her permanent residence and (iii) that individual elects to continue deferring payment of the tax.

(3) The owner ceases to use the property as a permanent residence.

(j) Interruption of Qualification. – If the owner of a tax-deferred residence does not qualify under this section for deferral as of January 1 preceding a taxable year for reasons other than a disqualifying event or if the owner of a tax-deferred residence revokes an application for deferral by notifying the assessor in writing, the owner may not defer any additional property taxes under this section without submitting a new application. Deferred taxes from earlier years do not become due because of an interruption of qualification; however, deferred taxes existing at the time of an interruption of qualification shall be carried forward until the occurrence of a disqualifying event. If owner qualifies for tax deferral under this section following an interruption of qualification, the taxing unit or units shall disregard the years during which there was an interruption of qualification for purposes of determining the three fiscal years preceding the current tax year under subsection (g) of this section.

(k) Prepayment. – All or part of the deferred taxes and accrued interest may be paid to the tax collector at any time. Any partial payment is applied first to accrued interest. A residence owner to whom a tax deferral has previously been granted may revoke the application for deferral at any time by notifying the assessor in writing.

(l) Creditor Limitations. – A mortgagee or trustee that elects to pay any tax deferred by the owner of a residence subject to a mortgage or deed of trust does not acquire a right to foreclose as a result of the election. Except for requirements dictated by federal law or regulation, any provision in a mortgage, deed of trust, or other agreement that prohibits the owner from deferring taxes on property under this section is void.

(m) Construction. – This section does not affect the attachment of a lien for personal property taxes against a tax-deferred residence.

(n) Application. – An application for property tax relief provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the relief is claimed. Persons may apply for this property tax relief by entering the appropriate information on a form made available by the assessor under G.S. 105-282.1."

SECTION 4. G.S. 150-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible ~~to be exempted or excluded from taxation~~for a property tax benefit must file an application for ~~exemption or exclusion~~the benefit to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the ~~exemption or exclusion:~~benefit.

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, 105-278.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8.

e. Special classes of property eligible for tax relief under G.S. 105-277.1B."

SECTION 5. G.S. 105-309(f) reads as rewritten:

"(f) The ~~notice set out below must appear~~assessor must print a homestead tax relief notice on each abstract or on an information sheet distributed with the abstract. The abstract or sheet must include the address and telephone number of the assessor below the ~~notice:~~notice required by this section. The notice must be in the form required by the Department of Revenue designed to notify the taxpayer of his or her rights and responsibilities under the homestead property tax exclusion provided in G.S. 105-277.1 and the property tax homestead circuit breaker provided in G.S. 105-277.1B.

~~"PROPERTY TAX HOMESTEAD EXCLUSION FOR ELDERLY OR PERMANENTLY DISABLED PERSONS.~~

~~North Carolina excludes from property taxes a portion of the appraised value of a permanent residence owned and occupied by North Carolina residents aged 65 or older or totally and permanently disabled whose income does not exceed (assessor insert amount). The amount of the appraised value of the residence that may be excluded from taxation is the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the residence. Income means the owner's adjusted gross income as determined for federal income tax purposes, plus all moneys received other than gifts or inheritances received from a spouse, lineal ancestor or lineal descendant.~~

~~If you received this exclusion in (assessor insert previous year), you do not need to apply again unless you have changed your permanent residence. If you received the exclusion in (assessor insert previous year) and your income in (assessor insert previous year) was above (assessor insert amount), you must notify the assessor. If you received the exclusion in (assessor insert previous year) because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion in (assessor insert previous year) has died, the person required by law to list the property must notify the assessor. Failure to make any of the notices required by this paragraph before June 1 will result in penalties and interest.~~

~~If you did not receive the exclusion in (assessor insert previous year) but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by June 1.~~""

SECTION 6. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

SENATE BILL 1442:
Circuit Breaker Property Tax Benefit

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	April 16, 2007
Introduced by:	Sen. Snow	**Summary by:**	Dan Ettefagh
Version:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 1442 would create a property tax homestead deferral system based on certain qualifications and income requirements of owners of permanent residences located in North Carolina. The PCS makes clarifying changes with respect to the tax consequences of disqualifying events and interruptions of qualification.***

CURRENT LAW: Under current law, the only homestead property tax benefit is found in G.S. 105-277.1, the property tax homestead exclusion. Under the homestead exclusion, North Carolina residents who are at least 65 years of age or totally and permanently disabled and who meet the income eligibility limit[1] may exclude from taxation the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the permanent residence.

BILL ANALYSIS: Senate Bill 1442 proposes a property tax deferral benefit for North Carolina residents who have owned and occupied property located in the State as a permanent residence for at least five years. The amount of taxes deferred would be based upon the income eligibility limit of the property tax homestead exclusion. Under this system, an owner who met the requirements of the circuit breaker benefit and made less than the income eligibility limit could elect to defer the portion of taxes imposed on the permanent residence that exceeds four percent (4%) of the owner's income. An owner who met the requirements of the circuit breaker benefit and made between the income eligibility limit and one and one-half times the income eligibility limit could elect to defer the portion of taxes imposed on the permanent residence that exceeds five percent (5%) of the owner's income.

Taxes deferred via the circuit breaker benefit would accrue interest and become a lien on the real property of the taxpayer. The general rule is that these deferred taxes would be carried forward until the death of the owner or until the owner transfers the property, at which time the amount of taxes for that year with no circuit breaker benefit plus those taxes deferred for the preceding three fiscal years, together with interest would become due and must be paid within nine months after the date of death or transfer. An exception to this rule exists, allowing the deferral to continue where the residence is transferred to the former owner's spouse, if the spouse qualifies for the circuit breaker benefit, occupies the property has a permanent residence, and elects to continue deferral.

If the owner ceases to use the residence as a permanent residence for a reason other than a temporary absence for reasons of health or an extended absence while confined to a rest home or nursing home while the residence remains either unoccupied or occupied by the owner's spouse or other dependent, the owner loses the benefit of the circuit breaker, and the deferred taxes become due and payable at the same time the tax levied on the residence in that year is due. If the owner fails to qualify for the circuit breaker benefit for a taxable year but continues using the property as a permanent residence, no deferral is allowed for that year but deferred taxes from earlier years do not become due.

[1] The income eligibility limit until July 1, 2003 was $18,000. For taxable years beginning on or after July 1, 2003, the income eligibility limit is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage of any cost-of-living adjustment made to Social Security benefits, rounded to the nearest $100. In 2006, the income eligibility limit was $19,700.

Other provisions in the bill include:

- The assessor must annually notify each owner electing this tax benefit of the accumulated sum of deferred taxes and interest.
- Prepayment of all or part of taxes deferred to the tax collector is allowed at any time, with partial payments applied first to accrued interest.
- A qualifying owner may revoke a tax deferral application at any time by written notification to the assessor.
- Mortgagees or trustees electing to pay taxes deferred by a qualifying owner do not acquire a right to foreclose as a result.
- Provisions in mortgages, deeds of trust, or other agreements prohibiting a qualifying owner from electing the circuit breaker benefit are void.
- Where property is owned by two or more persons other than husband and wife, all owners must qualify and elect the circuit breaker benefit for it to be available to any of the qualifying owners.
- The tax benefit under this section may not be combined with the property tax homestead exclusion. Owners qualifying for both types of property tax benefit must elect which to utilize.

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Local Governments, NC Department of Revenue

EFFECTIVE DATE: Effective for taxes imposed for taxable years beginning on or after July 1, 2008.

BILL SUMMARY:
Senate Bill 1442 would create property tax deferral benefit for North Carolina residents who have owned and occupied property located in the State as a permanent residence for at least five years. The amount of taxes deferred would be based upon the income eligibility limit of the property tax homestead exclusion. Under this system, an owner who met the requirements of the circuit breaker benefit and made less than the income eligibility limit could elect to defer the portion of

taxes imposed on the permanent residence that exceeds four percent (4%) of the owner's income. An owner who met the requirements of the circuit breaker benefit and made between the income eligibility limit and one and one-half times the income eligibility limit could elect to defer the portion of taxes imposed on the permanent residence that exceeds five percent (5%) of the owner's income.

ASSUMPTIONS AND METHODOLOGY:

Since the bill allows a deferral of all property taxes in excess of specified income thresholds, a simulation model was developed to determine the estimated tax liability of homeowners in the qualifying income categories compared to their calculated income thresholds. The amount of tax liability in excess of the threshold is the deferred amount. Because the bill includes a rollback provision in the event the homeowner sells the property or otherwise becomes ineligible for the program, the total impact of the bill is determined by subtracting the rollback payments from the amount of deferred taxes in any given year. The rollback provides for payment of current taxes due plus the previous three years. Finally, a participation rate is applied to reflect the estimated percentage of eligible homeowners who will participate in the program.

To determine the value of the deferral, a distribution table was obtained from the American Community Survey of the US Census Bureau. The table provides a distribution of home values by income groups. For each income category the income threshold is calculated based on the mid-point income for the income group. For the $10,000 - $20,000 income group, for example, the income threshold is calculated as 4% * $15,000, or $600. Thus, any property tax liability above $600 is eligible for deferment.

Next, a tax liability for each home value category is calculated and compared to the income threshold. The amount of tax liability in excess of the income threshold for each home value category is amount eligible for deferment for each homeowner in the category. This amount is multiplied by the number of homeowners in the category to determine to total amount of deferred taxes for the category. This process is repeated for each home value category.

For the income categories up to $20,000, an income threshold of 4% is used. This closely approximates the current Homestead income limit of $20,500. The bill establishes an income threshold of 5% for homeowners earning up to 150% of the Homestead limit, or $30,750. Homeowners earning above that amount would not be eligible. For future years, the income values are assumed to grow by 5% per year and home values are projected to grow 5% per year. Population is assumed to grow 2% per year.

The bill limits the program to homeowners who have been in their homes for 5 or more years. The percentage of homeowners in this category is estimated to be 65 percent based on Census data. The rollback amount is calculated based on the assumption that homeowners sell their homes on average every 7 years. Thus, each year of the estimate assumes that 1/7 of the participating homeowners will drop out of the program and pay the appropriate rollback of the current year taxes plus deferred taxes from the previous three years with interest.

Although many other states offer circuit breaker programs, few are structured as deferrals. As a result, it is difficult based on other states' experience to draw conclusions about what level of

participation could be expected with this program in North Carolina. The reason cited by other states for the low participation rates is that homeowners are reluctant to have a lien placed on their homes. Elderly homeowners are reluctant to leave their heirs with a large tax payment.

To estimate a potential participation rate, FRD estimated the total number of years a homeowner would need to reside in the residence in order for the program to be financially beneficial. To qualify for the program, a homeowner must have lived in the home for 5 or more years. Because the rollback period is the equivalent of the current year taxes plus three years of deferred taxes, the homeowner would benefit after 5 years of being in the program. In other words, after five years in the program, the homeowner could continue to participate in the program with no additional years of deferred liability.

Thus, including the five-year period required to qualify for the program, a homeowner would need to live in a home for 10 years in order to benefit from participation. According to Census data, the percentage of homeowners who have lived in their homes for 10 or more years is 45%. An additional 20% of homeowners in these income groups are estimated to be Homestead-eligible and would have the option of either program. Assuming that half these homeowners chose the Homestead program, the percentage of eligible participants would be 35%. The table below indicates the impact based on these assumptions.

Estimated Maximum Impact of SB 1442 ($millions)					
	FY 07-08	FY 08-09	FY 09-10	FY 10-11	FY 11-12
Local Governments	$0	($96.3)	($73.2)	($63.1)	($52.3)

The actual impact is likely to be much lower given the fact that many homeowners cannot predict how long they will be in a home and may be reluctant based on experience in other states to place a lien on their homes.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1442

Short Title:	Circuit Breaker Property Tax Benefit.	(Public)
Sponsors:	Senators Snow, Queen, Goss, Boseman, Clodfelter, and Nesbitt.	
Referred to:	Finance.	

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO CREATE A CIRCUIT BREAKER PROPERTY TAX BENEFIT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.1(b) is amended by adding a new subdivision to read:

"(b) Definitions. – The following definitions apply in this section:

...

(3a) Property tax relief. – The property tax homestead exclusion provided in this section or the property tax homestead circuit breaker provided in G.S. 105-277.1B.

...."

SECTION 2. G.S. 105-277.1 is amended by adding a new subsection to read:

"**§ 105-277.1. Property tax homestead exclusion.**

...

(e) Election. – An owner who qualifies for both kinds of property tax relief may elect the property tax homestead circuit breaker under G.S. 105-277.1B instead of the property tax homestead exclusion provided in this section. When property is owned by two or more persons, each person must qualify for both kinds of property tax relief and must elect the property tax homestead circuit breaker in order for the property tax homestead circuit breaker to be allowed instead of the property tax homestead exclusion."

SECTION 3. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.1B. Property tax homestead circuit breaker.**

(a) Classification. – A permanent residence owned and occupied by a qualifying owner is designated a special class of property under Article V, Section 2(2) of the North Carolina Constitution and is taxable in accordance with this section.

(b) Definitions. – The definitions provided in G.S. 105-277.1 apply to this section.

(c) Income Eligibility Limit. – The income eligibility limit provided in G.S. 105-277.1(a2) applies to this section.

(d) Qualifying Owner. – For the purpose of qualifying for the property tax homestead circuit breaker under this section, a qualifying owner is an owner who meets all of the following requirements as of January 1 preceding the taxable year for which the benefit is claimed:

(1) The owner has an income for the preceding calendar year of not more than the income eligibility limit specified in subsection (c) of this section.

(2) The owner has occupied the property as a permanent residence for at least five years.

(3) The owner is a North Carolina resident.

(e) Tax Limitation. – A qualifying owner may defer the portion of tax imposed on his or her permanent residence if it exceeds a percentage of the qualifying owner's income as provided in this section.

Income	Percentage
Less than the income eligibility limit	4.0%
100% to 150% of the income eligibility limit	5.0%

(f) Temporary Absence. – An otherwise qualifying owner does not lose the benefit of this circuit breaker because of a temporary absence from his or her permanent residence for reasons of health, or because of an extended absence while confined to a rest home or nursing home, so long as the residence is unoccupied or occupied by the owner's spouse or other dependent.

(g) Deferred Taxes. – A residence meeting the conditions for classification under this section must be taxed in accordance with subsection (e) of this section. The difference between the taxes due under this section and the taxes that would have been payable in the absence of this section, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes must be carried forward in the records of the taxing unit or units as deferred taxes. Payment of taxes deferred under this section may be deferred until the death of the owner or until the residence is transferred, at which time the full amount of deferred taxes, together with any interest, penalties, or costs that may have accrued thereon, becomes due. The tax for the fiscal year that opens in a calendar year in which deferred taxes become due is computed as if the property was not eligible for property tax relief under this section, and taxes for the preceding three fiscal years that have been deferred are immediately payable, together with interest as provided in G.S. 105-360 for unpaid taxes. Interest accrues on the deferred taxes due as if they had been payable on the dates on which they originally became due. The amount due under this subsection must be paid within nine months after the date of death or transfer, unless the residence is transferred to the former owner's spouse and the spouse qualifies for tax deferral under this section and occupies the property as his or her

permanent residence, in which case the spouse may elect to continue deferring payment of the tax.

If the owner of a tax-deferred residence does not qualify under this section for deferral as of January 1 preceding a taxable year, the owner may not defer any additional property taxes that year under this section, but the deferred taxes from earlier years do not become due because of the owner's failure to qualify for the current year.

Except as provided in subsection (f) of this section, in any year in which the owner of a tax-deferred residence no longer occupies the residence as his or her permanent residence, the full amount of deferred taxes, together with any interest, penalties, or costs that may have accrued thereon, becomes due and is due and payable at the same time the tax levied on the residence in that year is otherwise due.

(h) Annual Notification. – On or before September 1 of each year, the assessor shall notify each residence owner to whom a tax deferral has previously been granted of the accumulated sum of deferred taxes and interest.

(i) Prepayment. – All or part of the deferred taxes and accrued interest may be paid to the tax collector at any time. Any partial payment is applied first to accrued interest. A residence owner to whom a tax deferral has previously been granted may revoke the application for deferral at any time by notifying the assessor in writing.

(j) Payment by Another. – A mortgagee or trustee that elects to pay any tax deferred by the owner of a residence subject to a mortgage or deed of trust does not acquire a right to foreclose as a result of the election.

(k) Anti-Deferral Clauses Void. – Except for requirements dictated by federal law or regulation, any provision in a mortgage, deed of trust, or other agreement that prohibits the owner from deferring taxes on property under this section is void.

(l) Construction. – This section does not affect the attachment of a lien for personal property taxes against a tax-deferred residence.

(m) Application. – An application for property tax relief provided by this section should be filed during the regular listing period, but may be filed and must be accepted at any time up to and through June 1 preceding the tax year for which the relief is claimed. Persons may apply for this property tax relief by entering the appropriate information on a form made available by the assessor under G.S. 105-282.1.

(n) Multiple Ownership. – When a permanent residence is owned and occupied by two or more persons other than husband and wife, no property tax homestead circuit breaker is allowed unless all of the owners qualify and elect to defer taxes under this section."

SECTION 4. G.S. 150-282.1(a)(2) reads as rewritten:

"(2) Single application required. – An owner of one or more of the following properties eligible ~~to be exempted or excluded from taxation~~for a property tax benefit must file an application for ~~exemption or exclusion~~the benefit to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property

or the qualifications or eligibility of the taxpayer necessitating a review of the ~~exemption or exclusion:~~benefit.

a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (35), (36), (38), (39), or (41) or under G.S. 131A-21.

c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.10, 105-277.13, 105-278.

d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8.

e. Special classes of property eligible for tax relief under G.S. 105-277.1B."

SECTION 5. G.S. 105-309(f) reads as rewritten:

"(f) The ~~notice set out below must appear~~assessor must print a homestead tax relief notice on each abstract or on an information sheet distributed with the abstract. The abstract or sheet must include the address and telephone number of the assessor below the ~~notice:~~notice required by this section. The notice must be in the form required by the Department of Revenue designed to notify the taxpayer of his or her rights and responsibilities under the homestead property tax exclusion provided in G.S. 105-277.1 and the property tax homestead circuit breaker provided in G.S. 105-277.1B.

~~"PROPERTY TAX HOMESTEAD EXCLUSION FOR ELDERLY OR PERMANENTLY DISABLED PERSONS.~~

~~North Carolina excludes from property taxes a portion of the appraised value of a permanent residence owned and occupied by North Carolina residents aged 65 or older or totally and permanently disabled whose income does not exceed (assessor insert amount). The amount of the appraised value of the residence that may be excluded from taxation is the greater of twenty thousand dollars ($20,000) or fifty percent (50%) of the appraised value of the residence. Income means the owner's adjusted gross income as determined for federal income tax purposes, plus all moneys received other than gifts or inheritances received from a spouse, lineal ancestor or lineal descendant.~~

~~If you received this exclusion in (assessor insert previous year), you do not need to apply again unless you have changed your permanent residence. If you received the exclusion in (assessor insert previous year) and your income in (assessor insert previous year) was above (assessor insert amount), you must notify the assessor. If you received the exclusion in (assessor insert previous year) because you were totally and permanently disabled and you are no longer totally and permanently disabled, you must notify the assessor. If the person receiving the exclusion in (assessor insert previous year) has died, the person required by law to list the property must notify the assessor.~~

~~Failure to make any of the notices required by this paragraph before June 1 will result in penalties and interest.~~

~~If you did not receive the exclusion in (assessor insert previous year) but are now eligible, you may obtain a copy of an application from the assessor. It must be filed by June 1.~~""

SECTION 6. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2008.

SENATE
NOTICE OF COMMITTEE MEETING
AND
BILL SPONSOR NOTICE

The Senate Committee on **Finance** will meet at the following time:

DAY	DATE	TIME	ROOM
Wednesday	May 9, 2007	1:00 PM	544 LOB

The following will be considered:

BILL NO.	SHORT TITLE	SPONSOR
SB 284	Sanford Annexations.	Senator Atwater
SB 604	Wentworth Tax Cap.	Senator Berger
SB 544	Cabarrus Hospital Charter.	Senator Hartsell
SB 545	Cabarrus Quick Take.	Senator Hartsell
SB 546	Mt. Pleasant Deannexation.	Senator Hartsell
SB 580	State Treasurer/Local OPEB Investments.	Senator Clodfelter
SB 667	Tobacco Tax - Affiliated Dealers.	Senator Garrou
SB 966	Amend G.S. 159C-3(15a).	Senator Cowell
SB 509	Motor Vehicle Inspection Failure/Reinspection.	Senator Brown
SB 510	Emission Inspection/Military Exception.	Senator Brown

Senator Daniel G. Clodfelter, Co-Chair
Senator David W. Hoyle, Co-Chair
Senator John H. Kerr III, Co-Chair

SENATE FINANCE COMMITTEE
Wednesday, May 9, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Wednesday, May 9, 2007, in room 544 of the Legislative Office Building. Thirty-four members of the committee were present. Senator John Kerr presided. Tamra Fisher of Wake County, Karlen Guyton of Carteret County and Bill Mallett sponsored by Senator Allran served as pages.

S667 – Tobacco Tax – Affiliated Dealers.

Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Garrou was recognized to explain the proposed committee substitute. Senator Clodfelter offered an amendment and moved for its adoption. The motion carried. Senator Apodaca moved to report the PCS as amended favorably and the motion carried. A copy of the committee substitute, the bill, the summary, the amendment and the fiscal memo is attached.

S284 – Sanford Annexations.

Senator Atwater was recognized to explain the House proposed committee substitute. Senator Jenkins moved for concurrence and the motion carried. A copy of the bill and the summary is attached.

S.B. 604 – Wentworth Tax Cap.

Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Berger was recognized to explain the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, and the summary is attached.

S.B. 544 – Cabarrus Hospital Charter.

Senator Hartsell was recognized to explain the bill. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 545 – Cabarrus Quick Take.

Senator Hartsell explained the bill. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 546 – Mt. Pleasant Deannexation.

Senator Hartsell explained the bill. Senator Hoyle moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 580 – State Treasurer/Local OPEB Investments.

Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Clodfelter was recognized to explain the bill. Senator Rand moved for a favorable report and the motion carried. A copy of the proposed committee substitute is attached.

S.B. 966 – Amend G.S. 159C-3(15A).

Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Cowell was recognized to explain the PCS. Vance Holloman, Deputy State Treasurer, was available to answer questions and to speak in favor of the bill. Senator Rand moved to adopt the PCS and the motion carried. A copy of the proposed committee substitute, the bill, and the summary is attached.

S.B. 509 – Motor Vehicle Inspection Failure/Reinspection.

Senator Brown was recognized to explain the bill and moved to adopt the proposed committee substitute for discussion. The motion carried. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill, the proposed committee substitute, the summary and the fiscal note is attached.

The meeting adjourned at 1:42 pm.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 2

SENATE BILL 284*

House Committee Substitute Favorable 4/12/07

Short Title: Sanford Annexations. (Local)

Sponsors:

Referred to:

February 22, 2007

A BILL TO BE ENTITLED

AN ACT ALLOWING THE CITY OF SANFORD TO ANNEX BY VOLUNTARY PETITION AREAS THAT ARE MORE THAN THREE MILES FROM THE CITY'S PRIMARY CORPORATE LIMITS IF THE AREAS ARE CONTIGUOUS TO THE CITY'S SATELLITE CORPORATE LIMITS, AND PROHIBITING THE CITY FROM ANNEXING AREAS WITHIN CHATHAM COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(1) shall not apply to the City of Sanford if the area proposed for annexation is contiguous to the City's satellite corporate limits. For purposes of this act, the term "satellite corporate limits" means the corporate limits of any noncontiguous area annexed pursuant to Part 4 of Article 4A of Chapter 160A of the General Statutes by the City of Sanford or pursuant to a local act enacted by the General Assembly authorizing or effecting noncontiguous annexations for the City of Sanford.

SECTION 2. The City of Sanford shall not annex any areas pursuant to Part 4 of Article 4A of Chapter 160A of the General Statutes that are located within Chatham County.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 284:
Sanford Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Atwater	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: Senate Bill 284, as it passed the Senate, would allow the City of Sanford to voluntarily annex areas that are more than three miles from the city's primary corporate limits if the areas are contiguous to the City's satellite corporate limits. The House added a provision prohibiting the City of Sanford from annexing areas within Chatham County. THIS BILL IS BACK IN SENATE FINANCE FOR A RECOMMENDATION REGARDING CONCURRENCE.

CURRENT LAW: G.S. 160A-58.1 governs the voluntary annexation by a municipality of noncontiguous property. All property owners in the satellite area[1] may petition for voluntary annexation of the noncontiguous property if the property meets the following five standards in G.S. 160A-58.1(b):

1. **The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.**
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.

BILL ANALYSIS: Senate Bill 284 would exempt the City of Sanford from the first requirement for satellite annexation only under circumstances where the area to be annexed is contiguous to the City's satellite corporate limits but prohibits the City from annexing areas within Chatham County.

The rationale for this standard is that while annexing satellite areas is not inconsistent with the notion that a city should be a single, compact entity, those areas must not be too far from the city's primary limits. The standard does not require the entire annexation area to be within three miles of the primary limits, but only the point of the area that is closest to the annexing city. Approximately 22 municipalities have an exemption from or local modification to this requirement.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: In 2000, the City of Sanford annexed a large tract of land that is currently undeveloped. The City has been approached by a developer who would like to develop a tract that is behind but contiguous to this current satellite area. However, this area is beyond the three-mile limit. If a city is using the satellite procedure to annex an area contiguous to an existing satellite area, the distance must still be measured from the primary corporate limits and not from the satellite limits. Therefore, the City is requesting this legislation so it may annex this tract of land. *(S0284e2-SMRE) Finance Counsel Trina Griffin substantially contributed to this summary.*

[1] G.S. 160A-58.4 provides that satellite corporate limits cannot be considered a part of a municipality's corporate limits for purposes of its ETJ. Therefore, satellite annexations have no effect upon a municipality's ETJ.

SENATE BILL 604
PROPOSED COMMITTEE SUBSTITUTE S604-CSSVx-26 [v.1]

5/8/2007 7:12:12 PM

Short Title: Wentworth Tax Cap. (Local)

Sponsors:

Referred to:

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO CAP THE AD VALOREM TAX RATE OF THE TOWN OF WENTWORTH.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the Town of Wentworth, being Section VII of Chapter 76 of the Private Laws of 1798, as amended by S.L. 1997-322 and S.L. 2003-330, is amended by adding a new section to read:

"Sec. 1.2. Except with an approving vote of the people as provided by G.S. 160A-209(f), the Town may not levy property taxes at a rate higher than thirty-five cents (35¢) on the one hundred dollars' ($100.00) appraised value of property subject to taxation."

SECTION 2. This act becomes effective July 1, 2007.

SENATE BILL 604: Wentworth Tax Cap

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Berger of Rockingham	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 604 is a local bill that amends the Charter of the Town of Wentworth by adding a new section, limiting the property tax rate to 35 cents per $100 appraised value of property subject to taxation, except with an approving vote of the people in accordance with § 160A-209(f). The Proposed Committee Substitute makes two technical corrections and changes the effective date.

CURRENT LAW: G.S. 160A-209 governs the authority of a municipality to levy taxes on property within its boundaries, subject to statutory limitations. A municipality may levy property taxes without restriction as to rate or amount for the following purposes:

1) To pay principal and interest on all general obligation bonds;
2) To supply an unforeseen deficiency in revenue; and
3) To meet the cost of additional law-enforcement personnel and equipment required by civil disorder within the jurisdiction.

For other purposes, as set out in the statute, property taxes may be levied up to a combined rate of $1.50 per $100 appraised value. With an approving vote of the people, any municipality may levy property taxes or increase the property tax rate limitation for any purpose authorized by its charter or general law to appropriate money.

BILL ANALYSIS: Senate Bill 604 is a local bill that amends the Charter of the Town of Wentworth by adding a new section, limiting the property tax rate to 35 cents per $100 appraised value of property subject to taxation, except with an approving vote of the people in accordance with § 160A-209(f).

The Proposed Committee Substitute makes two technical corrections and changes the effective date from "when it becomes law" to July 1, 2007. The House companion to this bill becomes effective beginning with the 2007-2008 fiscal year. This change was made so that the two versions are consistent.

EFFECTIVE DATE: This act would become effective on July 1, 2007.

BACKGROUND: The Town of Wentworth is one of 18 North Carolina municipalities that do not levy an ad valorem tax. Following is a chart of local modifications to § 160A-209:

LOCAL MODIFICATIONS TO § 160A-209*					
MUNICIPALITY	**S. L.**	**BILL #**	**SEC.**	**RATE CAP**	**CURRENT**
CLEMMONS	1985-437	H 436	1.3	.15/$100 VALUATION	.0985
OAK RIDGE	1998-113	H 72	6.1	.20/$100 VALUATION	.0863
PLEASANT GARDEN	1997-344	S 534	5-3(b)	.20/$100 VALUATION	.0500
VARNAMTOWN	1987-1003	H 2212	5.3	.10/$100 VALUATION	.0500
WALKERTOWN	1983-936	H 1494	1.1	.40/$100 VALUATION	.2000

* Maximum tax rate authorized without voter approval in a municipal referendum.

SENATE BILL 544

Short Title:	Cabarrus Hospital Charter.	(Local)
Sponsors:	Senator Hartsell.	
Referred to:	Judiciary II (Criminal).	

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO RESTATE THE CHARTER OF CABARRUS MEMORIAL HOSPITAL.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 307, Public-Local Laws of 1935, as amended by Chapter 421, Public-Local Laws of 1935, Chapter 45 of the Session Laws of 1951, Chapter 1154 of the 1977 Session Laws, Chapter 277 of the 1981 Session Laws, Chapter 947 of the Session Laws of 1987, Chapter 602 of the 1989 Session Laws, Chapter 982 of the 1989 Session Laws, S.L. 1998-204, and S.L. 2004-67, reads as rewritten:

"Section 1. That the Board of County Commissioners of Cabarrus County, North Carolina, by a majority vote of said Board, or upon the petition of two hundred voters of said county, shall, after thirty days notice at the courthouse door and publication in one or more newspapers in said county for thirty days, order an election to be held to determine the will of the people of said county whether there shall be issued and sold bonds to an amount not to exceed one hundred thousand dollars ($100,000), to bear interest at not exceeding six per cent per annum, and to be payable, both principal and interest, when and where they may decide, and to levy a tax of not exceeding two cents on the one hundred dollar valuation of property, the proceeds of sale of said bonds to be issued to be used in securing lands and erecting or altering buildings and equipping same to be used as a public hospital for said county, and said tax to be levied to pay the interest on said bonds, and to provide a sinking fund therefor to pay said bonds at maturity. The said Board of County Commissioners shall also levy a tax not to exceed two cents on the one hundred dollar valuation of property for the maintenance and upkeep of said hospital. If the majority of the qualified voters at said election shall vote in favor of the issuing of said bonds and the levying of said tax, then said bonds, or such part thereof as the said Board of County Commissioners may determine, shall be issued and sold by said Board. Said tax, or such part thereof as shall be required, shall be levied. The hospital so erected from the sale of said bonds in addition to other

hospitalization funds from other sources shall be known as the "Cabarrus Memorial Hospital."

"Sec. 2. That at said election, those voters favoring the issuing and sale of bonds and levying of the tax aforesaid shall vote a written or printed ballot, "For Cabarrus Memorial Hospital," and those opposed shall vote a written or printed ballot, "Against Cabarrus Memorial Hospital," and for said election, the County Commissioners shall order a new registration, such registration to be used only for said special election to be governed by the laws of the State, and for said election, the County Commissioners shall appoint registrars and judges of election, and fix a date for making returns of election, at which date, the County Commissioners shall meet and canvass the returns of said election, and declare and record the result of said election. If a majority of the qualified voters shall fail to approve the issuing of said bonds and the levy of said tax at the first election held as above provided, then the County Commissioners may order another election for the same purpose and in the same manner: Provided, said second election shall not be held in the same year as said first election.

"Sec. 3. If a majority of the qualified voters shall vote "For Cabarrus Memorial Hospital," at any election held under this Act, then the County Commissioners shall issue and sell bonds authorized by said election for not less than par, and shall pay over the proceeds arising therefrom to the Treasurer of Cabarrus County, who shall pay out the same under the orders of the executive committee of the hospital hereinafter provided for, said executive committee being authorized to use and expend said fund in the purchase of necessary site, which said site shall be central and convenient, and in the erection and equipment of the necessary building or buildings for said county hospital, and the taxes which may be levied and collected under this Act shall also be paid to the Treasurer of Cabarrus County, and by said Treasurer kept in two separate accounts, one of said accounts being the hospital interest and sinking fund, and the other account the hospital maintenance fund, and from said taxes the said Treasurer shall set apart to the hospital interest and sinking fund such part thereof as shall be required to pay interest on the bonds and to provide the necessary sinking fund for the payment of said bonds, and the said Treasurer is authorized to lend only upon satisfactory security, approved by the Local Government Commission, the accumulations of said sinking fund from time to time for the best interest obtainable, and until said sinking fund is required for the purpose of paying off the said bonds, and said Treasurer, out of said hospital interest and sinking fund, shall pay the interest on said bonds and the bonds at maturity, but the said Treasurer shall not be required to begin with the creation of a sinking fund for the retirement of said bonds before two years from the date of issuing same. The said Treasurer shall pay out the moneys set apart to the hospital maintenance fund upon the order of the executive committee of the hospital, and it shall be the duty of the Board of Commissioners of Cabarrus County to annually levy and collect as other taxes a special tax not exceeding the limit provided by this Act, sufficient to pay the interest on said bonds, and to provide the necessary sinking fund for the payment of same, and also to afford the necessary maintenance fund as herein provided.

"Sec. 4. The bonds issued under the provisions of this Act shall mature in not exceeding thirty years from date, and shall be in such denominations as the County

Commissioners shall determine, and shall draw interest at a rate not exceeding six per cent annually, or semi-annually, and said bonds shall be serial bonds, maturing in such amounts as may be determined by the County Commissioners. The first installment shall fall due not later than five years from date of issue of said bonds, and the last installment falling due not later than thirty years from date of said issue.

"Sec. 5. Should a majority of the qualified voters of Cabarrus County, under any election held under this Act, vote "For Cabarrus Memorial Hospital," then the County Commissioners shall at once appoint a Board of Trustees, one trustee to come from each and every voting precinct in the county. Said Board of Trustees shall be divided into three groups, the members of the first group being appointed for two years, the members of the second group being appointed for three years, the members of the third group being appointed for four years. Upon the first meeting of the Board of Trustees, which shall not be less than ten days from the date of appointment, the said Board shall appoint an executive committee composed of seven members from the trustees, all residents of the county. The Cabarrus County Medical Society and the Medical Staff of the hospital may each nominate for appointment by the Board of Trustees two practicing physicians to serve as honorary and advisory members of said executive committee; such advisory members shall serve without voting power. Said executive committee shall be divided into three groups, the members of the first group being appointed for one year, the members of the second group being appointed for two years, and the members of the third group being appointed for three years. In case of any vacancy for any cause on the executive committee, except for expiration of term of appointment, the executive committee shall of its own motion fill the unexpired term. In case of vacancy on the Board of Trustees for any cause, including the creation of a new voting precinct in the county in which a member does not reside and the expiration of terms of all members, the said Board shall fill the vacancy by electing a new member who resides within the newly created voting precinct or from the same voting precinct as that of the retired member. In the event two or more voting precincts should be consolidated, the appointment of all members residing within the new voting precinct shall thereupon terminate and the Board of Trustees shall appoint a member from the newly created voting precinct. The Board of Trustees shall appoint members of the executive ~~commitee~~ committee upon the expiration of their terms of office.

"Sec. 6. The said executive committee shall within ten days after their appointment or election, qualify by taking the oath of civil officers and organize as an executive committee by the election of one of their number as chairman, one as secretary, and by the election of such other officers as they may deem necessary, but no bond shall be required of them. No member shall receive any compensation for his services performed, but he may receive reimbursement for any cash expenditures actually made for personal expenses incurred as such member, and an itemized statement of such expenses and money paid out shall be made under oath by each of such members and filed with the Secretary and allowed only by the affirmative vote of all the members present at a meeting of the executive committee. The executive committee shall make and adopt such by-laws, rules and regulation for their own guidance and for the government of the hospital as may be deemed ~~expeidient~~ expedient for the economic

and equitable conduct thereof, not inconsistent with this Act, and the ordinances of the city or town wherein such public hospital is located. They shall have the exclusive control of the expenditure of all moneys collected to the credit of the hospital fund, and the purchase of site or sites, the purchase or construction of any hospital building or buildings, and of the supervision, care and custody of the grounds, rooms or buildings purchased, constructed, leased, or set apart for that purpose: Provided that all moneys received for the credit of such hospital shall be deposited in a special fund for the hospital and shall be paid out only upon warrants or checks drawn by a proper officer designated by the executive committee upon due authorization of such committee. Said executive committee shall have the power to appoint a chief executive officer and necessary assistants, and to fix their compensation and shall in general carry out the spirit and intent of this act in establishing and maintaining a county general acute care hospital. Such committee shall hold meetings at least once each month, shall keep a complete record of all its proceedings, and four members of such committee shall constitute a quorum for the transaction of business. One of said members shall visit and examine said hospital at least twice each month, and the committee shall during the first week in January of each year file with the Board of Commissioners of said county a report of their proceedings with reference to such hospital, and a statement of all receipts and expenditure during the year, and shall at such time certify to the Board of County Commissioners the amount necessary to maintain and improve such hospital for the ensuing year. No member shall have a personal pecuniary interest, either directly or indirectly, and the purchase of any supplies for said hospital, unless the same are purchased by competitive bidding. Provided, that such hospital may render care and services to members of the Board of Trustees and to companies in which such members may have an interest on those terms and conditions as such care and services are otherwise made available.

"Sec. 7. The hospital established under this Act shall be for the benefit of the inhabitants of Cabarrus County, and of any person falling sick or being injured or maimed within its limits; but every inhabitant or person who is not a pauper shall pay to such executive committee or such officers as it shall designate for such county public hospital a reasonable compensation for occupancy, nursing, care, medicine, and/or attendance, according to the rules and regulations prescribed by said executive committee, such hospital always being subject to such reasonable rules and regulations as said committee may adopt in order to render the use of said hospital of the greatest benefit to the greatest number; and said executive committee may exclude from the use of such hospital any and all inhabitants and persons who shall willfully violate such rules and regulations; and said committee may extend the privileges and use of such hospital to persons residing outside of Cabarrus County upon such terms and conditions as said executive committee may from time to time by its rules and regulations prescribe.

"Sec. 8. When such hospital is established, the physicians, nurses, attendants, the person sick therein, and all persons approaching or coming within the limits of same, and all furniture and other articles used or brought there, shall be subject to such rules and regulations as said executive committee may prescribe.

"Sec. 9. That "Cabarrus Memorial Hospital" is hereby declared to be a body corporate, with power to receive and hold gifts, grants, and devices of real and personal property, to sue and be sued, and to do any and all lawful acts necessary to carry out the objects of its creation, and shall possess all other rights and powers usually incident to corporations. Such rights and powers shall include, without limitation, the authority to sell real and personal property; to establish additional locations to render medical services; to establish trusts or foundations to administer hospital funds; to retain securities donated to such hospital notwithstanding the provisions of Chapter 159 of the General Statutes relating to permissible investments; and to enter into private long term leases or subleases of hospital owned or leased real property for periods not exceeding 10 years without notice or other compliance with Chapter 160A of the General Statutes. ~~Cabarrus Memorial Hospital may use a single prime contractor contract, a construction management contract, or a design-build contract for the erection, construction, alteration, or repair of any building at any of its facilities. The previous sentence shall apply only to contracts entered into on or before July 1, 1992.~~

"Sec. 10. The executive committee of such hospital shall determine the conditions under which the privileges of practice may be available and shall promulgate rules and regulations governing the conduct of such practice at said hospital.

"Sec. 11. Notwithstanding G.S. 116-15, the Executive Committee of Cabarrus Memorial Hospital may establish and maintain in connection with and as a part of the hospital an educational program for nursing and allied health sciences. The Executive Committee may award an Associate, Baccalaureate, and advanced degrees to graduates of the nursing education or allied health sciences programs as appropriate.

"Sec. 12. The executive committee shall have the power to determine rates to be charged for hospital services, to evaluate and approve or reject claims for charity services and to generally establish collection policies and practices for the hospital.

"Sec. 12.1. (a) Notwithstanding anything herein or elsewhere in the laws of this State to the contrary, so long as (i) there are no county bonds issued for the benefit of Cabarrus Memorial Hospital outstanding; (ii) there is no county tax levy for the direct benefit of the hospital; and (iii) the Executive Committee of the hospital operates Cabarrus Memorial Hospital as an acute care general hospital open to the general public free of discrimination based upon race, creed, color, sex or national origin and on a nonprofit basis, the provisions of Chapter 159 of the General Statutes of North Carolina relating to public hospitals, and any other provisions of the General Statutes relating to public hospitals, shall not be applicable to Cabarrus Memorial Hospital and its Executive Committee.

(b) As long as the conditions of subsection (a) of this section continue to be satisfied, the Executive Committee of Cabarrus Memorial Hospital may operate Cabarrus Memorial Hospital in the same manner as private nonprofit corporations operate acute care hospitals in this State without the limitations and restrictions applicable to public hospitals under the laws of this State; and that the Executive Committee may provide for the governance of the hospital in such manner as it deems in the best interest of the hospital."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 544:
Cabarrus Hospital Charter

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 544 consolidates, restates, and makes technical changes to the charter of the Cabarrus Memorial Hospital. This bill received a favorable report from the Senate Judiciary II Committee on April 24, 2007.

BILL ANALYSIS: In 1935, the General Assembly enacted legislation enabling Cabarrus County to establish a public hospital. In 1991, the hospital was reorganized as a non-profit organization. In 1997, Cabarrus Memorial Hospital began doing business as NorthEast Medical Center. The charter has been amended several times since its enactment. Senate Bill 544 would consolidate the original charter and the various amendments into one local act. It also corrects two typographical errors and eliminates an outdated provision.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE BILL 545

Short Title:	Cabarrus Quick Take.	(Local)
Sponsors:	Senator Hartsell.	
Referred to:	Finance.	

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CABARRUS COUNTY AND MUNICIPALITIES IN CABARRUS COUNTY TO USE QUICK TAKE IN CERTAIN CONDEMNATION PROCEEDINGS.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the provisions of G.S. 40A-1, in the exercise of its authority of eminent domain for the acquisition of property interests (including, without limitation, fee simple title, rights-of-way, and easements) to be used for (i) waterlines and treatment facilities, (ii) sewer lines and treatment facilities, and (iii) opening, widening, extending, or improving public streets, roads, and sidewalks, a county, city, or town may use the procedure and authority prescribed in Article 9 of Chapter 136 of the General Statutes of North Carolina, as now or hereafter amended; provided further, that whenever therein the words "Secretary" or "Secretary of Transportation" appear, they shall be deemed to include the "Town Manager," or the "County Manager" and whenever therein the word "highway" appears, it is deemed to include the purposes authorized by this section, provided further that nothing herein shall be construed to enlarge the power of the town to condemn property already devoted to public use.

SECTION 2. This act applies only to Cabarrus County and to municipalities located wholly or partly in Cabarrus County and may only be used to take property within that county.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 545: Cabarrus Quick Take

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 357 would allow Cabarrus County and the municipalities located wholly or partly within that county to acquire property for certain purposes using the statutory quick take procedure.

CURRENT LAW:

General Condemnation Procedure: Both counties and municipalities are granted the authority to acquire real property by eminent domain in accordance with Chapter 40A. Under general condemnation procedure, title to the property and the right of possession vests in the county or city seeking condemnation only after one of the following occur: (1) the property owners do not contest the taking but only request a determination of just compensation; (2) the owners do not respond within 120 days of service of the condemnation action; or (3) the deposit made by the locality is disbursed by the court in accordance with G.S. 40A-44.

'Quick Take' Procedure: Under the quick take procedure, unless an action for injunctive relief has been initiated, title to the property and the right to immediate possession vests automatically with the county or city subject to the filing of the condemnation complaint and deposit of the estimated just compensation. The use of the quick take procedure is limited based on the entity seeking condemnation and the purposes for which the property is being condemned. For both counties and cities, the procedure is limited to condemnation for:

- Water supply and distribution systems.
- Wastewater collection and treatment systems.
- Solid waste collection and disposal systems.
- Opening, widening, extending, or improving roads streets, alleys, and sidewalks.
- Establishing, extending, enlarging, or improving storm sewer and drainage systems.
- Establishing drainage programs o prevent obstructions to the natural flow of streams, creeks, and natural water channels.

Cities may additionally use the procedure for: (1) electric power generation, transmission, and distribution systems, (2) gas production, storage, transmission and distribution systems, and (3) cable television systems.

BILL ANALYSIS: Senate Bill 545 allows Cabarrus County and the municipalities located wholly or partly in the county[1] to acquire property using the quick take procedure as an alternative to the general condemnation procedure for the following purposes:

- Waterlines and treatment facilities.
- Sewer lines and treatment facilities
- Opening, widening, extending, or improving public streets, roads, and sidewalks.

[1] The municipalities located wholly or in part in Cabarrus County are: Concord, Harrisburg, Kannapolis (part), Locust (part), and Mount Pleasant.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Other local modifications to the statewide quick take procedure statute include:

- SL 1983-829 authorizing Person County to acquire property for its airport.
- SL 1985-640 authorizing Wake County to acquire property for public safety and other facilities.
- SL 1985-941 authorizing Holly Springs to acquire property for its airport.
- SL 1987-669 authorizing Guilford Counties and the Cities of Greensboro and High Point to acquire property in order to preserve open space and for the protection and conservation of watershed areas and municipal drinking water supplies.
- SL 1989-432 authorizing Franklin County to acquire property for its airport.
- SL 1993-187 authorizing Wrightsville Beach to acquire property for beach erosion and flood and hurricane protection.
- SL 1993-608 authorizing Duplin County to acquire property for its airport.
- SL 2001-73 authorizing Halifax County to acquire property for its airport.
- SL 2001-304 authorizing Charlotte to acquire property for stormwater and public transportation systems.
- SL 2003-328 authorizing the City of Troy and its redevelopment commission to acquire property under a redevelopment plan.

SENATE BILL 546

Short Title:	Mt. Pleasant Deannexation.	(Local)
Sponsors:	Senator Hartsell.	
Referred to:	Finance.	

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO REPEAL A LEGISLATIVE ANNEXATION TO THE TOWN OF MOUNT PLEASANT.

The General Assembly of North Carolina enacts:

SECTION 1. Section 4 of S.L. 2004-39 is repealed.

SECTION 2. This act shall have no effect upon the validity of any liens of the Town of Mount Pleasant for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property were still within the corporate limits of the Town of Mount Pleasant.

SECTION 3. Upon the effective date of this act, the property removed from the corporate limits of the Town of Mount Pleasant by this act reverts to the classification it had under the Cabarrus County zoning ordinance at the time of the original annexation. That classification shall remain until changed in accordance with the zoning ordinance.

SECTION 4. This act becomes effective June 30, 2007.

SENATE BILL 546:
Mt. Pleasant Deannexation

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: ***Senate Bill 546[1] is a local bill that repeals an annexation to the Town of Mount Pleasant authorized in Session Laws 2004, Chapter 39. The act becomes effective June 30, 2007. The removal from the corporate limits will not affect the validity of any municipal liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act.***

CURRENT LAW: While a city or town has statutory authority to annex property, either voluntarily or involuntarily depending upon circumstances, there is no statutory authority to de-annex property. Deannexation requires an act of the General Assembly.

BILL ANALYSIS: Senate Bill 546 repeals Section 4 of S.L. 2004-39, effectively revoking the annexation of 666.7750 acres more or less to the corporate limits of the Town of Mount Pleasant authorized in 2004. The bill provides that removal from the corporate limits will not affect the validity of any municipal liens for ad valorem taxes or special assessments outstanding prior to the effective date of this act. It further provides that the property removed from the corporate limits reverts to the classification it had under the Cabarrus County zoning ordinance at the time of the original annexation. It states that classification shall remain until changed in accordance with the zoning ordinance.

EFFECTIVE DATE: This act becomes effective June 30, 2007.

SENATE BILL 580
PROPOSED COMMITTEE SUBSTITUTE S580-CSSV-27 [v.3]

5/9/2007 12:49:51 PM

Short Title: State Treasurer/Local OPEB Investments. (Public)

Sponsors:

Referred to:

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE LOCAL GOVERNMENT POST-EMPLOYMENT BENEFITS FUND UNDER THE MANAGEMENT OF THE STATE TREASURER, TO AUTHORIZE THE TREASURER TO MAKE EQUITY INVESTMENTS FROM THE FUND TO THE SAME EXTENT ALLOWED FOR CERTAIN INVESTMENTS FROM THE STATE RETIREMENT SYSTEM, AND TO ALLOW LOCAL ENTITIES TO ESTABLISH OTHER IRREVOCABLE TRUSTS TO FUND POST-EMPLOYMENT BENEFITS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 6 of Chapter 147 of the General Statutes is amended by adding a new section to read:

"**§ 147-69.4. Local Government Other Post-Employment Benefits Fund.**

The Local Government Other Post-Employment Benefits Fund is established as a trust fund in the Office of the State Treasurer under the management of the Treasurer. The Fund consists of contributions made by local governments and other entities authorized to make contributions to the Fund and interest and other investment income earned by the Fund. Contributions to the fund are irrevocable. Assets of the Fund may be used only to provide other post-employment benefits to individuals who are former employees, or beneficiaries of former employees, of an entity that contributes to the Fund and are entitled to other post-employment benefits payable by the entity. The assets of the Fund are not subject to the claims of creditors of an entity that contributes to the Fund."

SECTION 2. G.S. 147-69.2(a) reads as rewritten:

"(a) This section applies to funds held by the State Treasurer to the credit of each of the following:

...

(17g) The Local Government Other Post-Employment Benefits Fund.

..."

SECTION 3. G.S. 147-69.2 is amended by adding a new subsection to read:

"(b4) In addition to the investments authorized under subdivisions (b)(1) through (b)(6) of this section, the State Treasurer may invest funds deposited in the Local Government Other Post-Employment Benefits Fund in the investments authorized under subdivision (b)(8) of this section. For investments from that Fund made under subdivision (b)(8) of this section, the State Treasurer may require a minimum deposit of up to one hundred thousand dollars ($100,000) and may assess a fee of up to 15 basis points as a condition of making the investment. The fee may be used to defray the costs of administering the Fund."

SECTION 4. G.S. 159-30 is amended by adding a new subsection to read:

"(g) A local government or public authority may make contributions to the Local Government Other Post-Employment Benefits Fund established in G.S. 147-69.4."

SECTION 5. Article 3 of Chapter 159 is amended by adding a new section to read:

"**§ 159-30.1. Trust for other post-employment benefits.**

(a) Trust. – A local government, a public authority, and a local school administrative unit may establish and fund an irrevocable trust for the purpose of paying post-employment benefits for which the entity is liable. The irrevocable trust must be established by resolution or ordinance of the entity's governing board. The resolution or ordinance must state the purposes for which the trust is created and the method of determining and selecting the fund's trustees. The resolution or ordinance establishing the trust may be amended from time to time, but an amendment may not authorize the use of moneies in the trust for a purpose not stated in the resolution or ordinance establishing the trust.

(b) Restrictions. – Monies in an irrevocable trust established under subsection (a) of this section may be appropriated only for the purposes for which the trust was established. Monies in the trust are not subject to the claims of creditors of the entity that established the trust. An entity that establishes a trust may not deposit money in the trust if the total amount held in trust would exceed the entity's actuarial liability, determined in accordance with the standards of the Governmental Accounting Standards Board, for the purposes for which the trust was established.

SECTION 6. This act is effective when it becomes law.

SENATE BILL 667
PROPOSED COMMITTEE SUBSTITUTE S667-CSSV-25 [v.1]

5/7/2007 8:17:03 PM

Short Title: Tobacco Tax - Affiliated Dealers. (Public)

Sponsors:

Referred to:

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO TREAT CERTAIN AFFILIATES OF A MANUFACTURER OF OTHER TOBACCO PRODUCTS AS IF THEY WERE THE MANUFACTURER FOR PURPOSES OF ADMINISTRATION OF THE EXCISE TAX ON OTHER TOBACCO PRODUCTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-113.4 reads as rewritten:

"**§ 105-113.4. Definitions.**

The following definitions apply in this Article:

...

(4a) Integrated wholesale dealer. – A wholesale dealer who is an affiliate of a manufacturer of tobacco products other than cigarettes and is the only person to whom the manufacturer sells its products. An 'affiliate' is a person who directly or indirectly controls, is controlled by, or is under common control with another person.

..."

SECTION 2. G.S. 105-113.35(d) reads as rewritten:

"(d) Manufacturer's Option. – A manufacturer who is not a retail dealer and who ships tobacco products other than cigarettes to either a wholesale dealer or retail dealer licensed under this Part may apply to the Secretary to be relieved of paying the tax imposed by this section on the tobacco products. Once granted permission, a manufacturer may choose not to pay the tax until otherwise notified by the Secretary. To be relieved of payment of the tax imposed by this section, a manufacturer must comply with the requirements set by the Secretary.

Permission granted under this subsection to a manufacturer to be relieved of paying the tax imposed by this section applies to an integrated wholesale dealer with whom the manufacturer is an affiliate. A manufacturer must notify the Secretary of any integrated wholesale dealer with whom it is an affiliate when the manufacturer applies to the

Secretary for permission to be relieved of paying the tax and when an integrated wholesale dealer becomes an affiliate of the manufacturer after the Secretary has given the manufacturer permission to be relieved of paying the tax."

SECTION 4. This act becomes effective July 1, 2007.

SENATE BILL 667:
Tobacco Tax - Affiliated Dealers

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Garrou	**Summary by:**	Trina Griffin Committee Counsel
Version:	PCS to First Edition S667-CSSV-25		

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 667 treats certain affiliates of a manufacturer of other tobacco products as if they were the manufacturer for purposes of administration of the excise tax on other tobacco products.***

CURRENT LAW: An excise tax is levied on tobacco products other than cigarettes at the rate of three percent (3%) of the cost price of the products. Tobacco products other than cigarettes include snuff and cigars. This category of products is considered "other tobacco products" or OTP. 'Cost price' means the actual gross purchase price of the OTP before any discounts, rebates, or allowances and before the excise tax is applied. This tax does not apply to the following:

1. A tobacco product sold outside the State.
2. A tobacco product sold to the federal government.
3. A sample tobacco product distributed without charge.

The wholesale dealer or retail dealer who first acquires or otherwise handles other tobacco products subject to the tax is liable for the tax imposed. A wholesale dealer or retail dealer who brings into this State a tobacco product made outside the State is the first person to handle the tobacco product in this State.

A manufacturer who is not a retail dealer and who ships other tobacco products to either a wholesale dealer or a retail dealer may apply to the Secretary to be relieved of paying the tax. Once granted permission, a manufacturer may choose not to pay the tax, which would result in the tax being paid by the wholesale or retail dealer.

BILL ANALYSIS: The Proposed Committee Substitute for Senate Bill 667 provides that an 'integrated wholesale dealer' is treated like a manufacturer for purposes of allowing relief from paying the excise tax on other tobacco products. An 'integrated wholesale dealer' is a newly defined term under the bill and means a wholesale dealer who is an affiliate of a manufacturer of other tobacco products and is the only person to whom the manufacturer sells its products. To qualify as an 'affiliate', the wholesale dealer must directly or indirectly control, be directly or indirectly controlled by, or be under common control with another person.

EFFECTIVE DATE: This act becomes effective July 1, 2007.

BACKGROUND: An example of an integrated wholesale dealer is Conwood Sales, which is an affiliate of Reynolds American, Inc., and one of its subsidiaries, Conwood Company. In May 2006, Reynolds American, Inc., acquired Conwood Company, LLC, a Memphis-based smokeless tobacco manufacturer that sells its product exclusively through Conwood Sales. Conwood Company is in the process of expanding its operations in Winston-Salem, where it manufactures other tobacco products (OTP). Under current law, Conwood Sales would be required to pay the excise tax on the products it receives from Conwood Company because it is a wholesale dealer and the first company in the State to handle the products produced by its affiliate, Conwood Company. Under current law, if Conwood

Company, as the manufacturer, were granted permission by the Secretary of Revenue to be relieved of paying the excise tax on the products it produces, this permission would not apply to Conwood Sales. Some of the products produced by Conwood Company will be sold for resale in North Carolina and some will be sold for resale in other states.

Under the bill, Conwood Company and Conwood Sales would be considered the same entity for purposes of paying the exicise tax on OTP. If Conwood Company receives permission to be relieved of paying the excise tax on other tobacco products, then that permission applies to Conwood Sales as well because Conwood Sales is an integrated wholesale dealer of Conwood Company. The result is that the wholesale and retail dealers who purchase products from Conwood Sales would pay the excise tax.

Referred to:	Finance.	

March 12, 2007

A BILL TO BE ENTITLED

AN ACT TO ALLOW CERTAIN WHOLESALE DEALERS TO REQUEST RELIEF FROM PAYMENT OF EXCISE TAXES ON OTHER TOBACCO PRODUCTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-113.4 reads as rewritten:

"**§ 105-113.4. Definitions.**

The following definitions apply in this Article:

(1) Affiliated wholesale dealer. – A wholesale dealer who shares, directly or indirectly, common ownership with a manufacturer and to whom the manufacturer sells exclusively the manufacturer's tobacco products other than cigarettes for distribution to other wholesale dealers in this State.

(1a) Cigar. – A roll of tobacco wrapped in a substance that contains tobacco, other than a cigarette.

~~(1a)~~(1b) Cigarette. – Any of the following:

a. A roll of tobacco wrapped in paper or in a substance that does not contain tobacco.

b. A roll of tobacco wrapped in a substance that contains tobacco and that, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to or purchased by a consumer as a cigarette described in subpart a. of this subdivision.

...

(6) Manufacturer. – A person who manufactures or produces tobacco ~~products.~~products or imports tobacco products into the United States for resale.

..."

SECTION 2. G.S. 105-113.35 is amended by adding a new subsection to read:

"(c1) Manufacturer's Relief. – A manufacturer who ships tobacco products other than cigarettes to an affiliated wholesale dealer licensed under this Part is relieved of paying the tax imposed by this section on the tobacco products. To be relieved of payment of the tax imposed by this section, a manufacturer must comply with the requirements set by the Secretary."

SECTION 3. G.S. 105-113.35(d) reads as rewritten:

"(d) Manufacturer's Option. – A manufacturer or wholesale dealer who is not a retail dealer and who ships tobacco products other than cigarettes to either a wholesale dealer or retail dealer licensed under this Part may apply to the Secretary to be relieved of paying the tax imposed by this section on the tobacco products. Once granted permission, a manufacturer or wholesale dealer may choose not to pay the tax until otherwise notified by the Secretary. To be relieved of payment of the tax imposed by this section, a manufacturer or wholesale dealer must comply with the requirements set by the Secretary."

SECTION 4. This act becomes effective July 1, 2007.

No significant impact – see assumptions and methodology

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue

EFFECTIVE DATE: July 1, 2007

BILL SUMMARY:
The Proposed Committee Substitute for Senate Bill 667 treats certain affiliates of a manufacturer of other tobacco products as if they were the manufacturer for purposes of administration of the excise tax on other tobacco products.

ASSUMPTIONS AND METHODOLOGY:
An excise tax is levied on tobacco products other than cigarettes at the rate of three percent (3%) of the cost price of the products. Tobacco products other than cigarettes include snuff and cigars. This category of products is considered "other tobacco products" or OTP. 'Cost price' means the actual gross purchase price of the OTP before any discounts, rebates, or allowances and before the excise tax is applied. A manufacturer of OTP products has the option of not paying the excise tax unless it also acts as a retailer. When the manufacturer does not pay the tax, the wholesaler or retailer pays.

The Proposed Committee Substitute for Senate Bill 667 provides that an 'integrated wholesale dealer' is treated like a manufacturer for purposes of allowing relief from paying the excise tax on other tobacco products. An 'integrated wholesale dealer' is a newly defined term under the bill and means a wholesale dealer who is an affiliate of a manufacturer of other tobacco products and is the only person to whom the manufacturer sells its products. To qualify as an 'affiliate', the wholesale dealer must directly or indirectly control, be directly or indirectly controlled by, or be under common control with another person.

Because the affiliate as defined in the bill is directly controlled or in some cases a subsidiary of the manufacturer, there is likely to be little or no difference in the cost price of the product on which the excise tax is paid. That is, the price of the product sold to the wholesaler or retailer is essentially the same whether it is purchased from the manufacturer, or the affiliate. As a result, there is no significant impact on OTP excise tax revenue.

March 20, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE NORTH CAROLINA CAPITAL FACILITIES FINANCE AGENCY TO ISSUE BONDS FOR SALVAGE CENTERS AND CERTAIN RESEARCH FACILITIES..

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159C-3(15a) reads as rewritten:

"(15a) Special purpose project. – Any structure, equipment, or other facility for any one or more of the following purposes:

a. Water systems or facilities, including all plants, works, instrumentalities, and properties used or useful in obtaining, conserving, treating, and distributing water for domestic or industrial use, irrigation, sanitation, fire protection, or any other public or private use.

b. Sewage disposal systems or facilities, including all plants, works, instrumentalities, and properties used or useful in the collection, treatment, purification, or disposal of sewage, other than facilities constituting a water pollution control facility.

c. Public transportation systems, facilities, or equipment, including bus, truck, ferry, and railroad terminals, depots, trackages, vehicles, and ferries, and mass transit systems.

d. Public parking lots, areas, garages, and other public vehicular parking structures and facilities.

e. Public auditoriums, gymnasiums, stadiums, and convention centers.

f. Recreational facilities, including museums.

g. Land, equipment, and facilities for the disposal, treatment, or recycling of solid or other waste that are described in G.S. 159I-8.

h. Facilities for the provision of rehabilitation services, education, training, and employment opportunities for persons with disabilities and the disadvantaged. The term does not include a retail facility, however, unless the proposed operator of the facility certifies that at least seventy-five percent (75%) of its employees will be disadvantaged or disabled persons and at least seventy-five percent (75%) of its inventory will be composed of used, donated items and items manufactured by disadvantaged or disabled persons.

i. Orphanages and similar housing facilities for children or disadvantaged or disabled persons.

j. Facilities for the provision of material salvage and recycling services, the proceeds of which are used to provide for low, moderate, or affordable housing.

k. Facilities for the provision of research conducted by a nonprofit corporation organized by two or more accredited universities whose main campuses are located in North Carolina."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 966:
Bonds for Salvage and Research Facilities

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 8, 2007
Introduced by:	Sen. Cowell	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S966-CSRB		Committee Counsel

SUMMARY: The PCS for Senate Bill 966[1] would add two projects to the list of special projects for which the North Carolina Capital Facilities Financing Agency may issue bonds:

- Facilities for the provision of material salvage and recycling services, the proceeds of which are used to provide for low, moderate, or affordable housing.
- Facilities for the provision of research conducted by a nonprofit corporation organized by two or more accredited universities whose main campuses are located in North Carolina.

The bill would become effective when it becomes law.

CURRENT LAW: A private entity can obtain conduit financing from the North Carolina Capital Facilities Finance Agency in order to acquire, construct, and improve a public purpose project. In a conduit financing, a governmental entity issues its bonds to finance facilities for a private party, then receives payments from the private party to service the bonds. The interest on the financing to the investor may be exempt from income tax under federal law if the entity is a 501(c)(3) organization and is exempt from income tax under State law under G.S. 159D-55. The advantage to private entities of tax-exempt financing is that interest rates on tax-exempt financing are significantly lower than on taxable financing. The financing agreement could include revenue bonds or some other forms of debt. The private entity must pay for the entire cost of the financing and of the facility being financed. In no event may the financing pledge the faith or credit of the State, a local government, or any political subdivision.

Conduit financing through the State is administered by the North Carolina Capital Facilities Finance Agency, which is located in the Department of State Treasurer. The Agency has seven members: the State Treasurer, the State Auditor, one member appointed upon the recommendation of the President Pro Tempore of the Senate, one member appointed upon the recommendation of the Speaker of the House of Representatives, and three members appointed by the Governor. The appointive members must be residents of North Carolina and cannot hold other public office. The Agency is audited annually and submits an annual report to the Governor and the General Assembly.

A private entity whose project is defined as a 'special purpose project' may submit a proposal for financing a project to the Agency. A private entity may qualify for financing only if the Agency finds it to be financially responsible and capable of fulfilling its obligations. Before financing is approved, the Agency must find that the entity has provided adequately for the payment of principal and interest on the bonds and for the operation, repair, and maintenance of the facility to be financed. In making this finding, the Agency may consider whether the private entity on behalf of whom the bonds will be issued has arranged for delivery of a letter of credit or for any other credit enhancement to secure the obligations.

[1] As introduced, the bill is identical to HB 1283, introduced by Rep. Ross and Rep. Martin. HB 1283 is in the House Commerce, Small Business and Entrepreneurship

Public notice and a public hearing are required before the bonds may be approved. The governing body of the county, and of any municipality, in which the project will be located must be notified of the hearing.

The Agency may issue bonds only if they are approved by the Local Government Commission. The Local Government Commission sets the interest rates on the bonds and administers their sale. The bonds may be secured by a trust agreement with a corporate trustee, such as a bank. The Agency will require the private entity to pay fees, loan repayments, rents, or other charges sufficient to cover the payment of principal and interest on the bonds and the operation, repair, and maintenance of the facility to be financed, and the bonds will be secured by the pledge of these revenues.

BILL ANALYSIS: G.S. 159C-3(15a) lists the types of projects eligible to be financed under the Private Capital Facilities Finance Act. This bill would add two projects to the list. The current list includes: water systems, sewage disposal systems, public transportation systems, public parking lots, auditoriums, convention centers, recreational facilities, solid waste disposal and recycling facilities, housing facilities for children or disabled persons, and facilities for rehabilitation services for disable persons. This bill would add the following two projects:

- Facilities for the provision of material salvage and recycling services, the proceeds of which are used to provide for low, moderate, or affordable housing. Habitat for Humanity would meet this description. It operates Reuse Centers across the State where it sells new, used, and recycled building materials to the public and uses the proceeds for low, moderate, and affordable housing. There five major reuse centers in the State. The reuse center in Wake County is planning to construct a reuse center, which includes administrative offices. The cost of the center is anticipated to be at least $4 million. If Habitat for Humanity is able to finance the construction of the facility through the North Carolina Capital Facilities Financing Agency, it will save tens of thousands of dollars. A similar organization, The Goodwill Industries, is already included in the list of special projects for which the Agency
- Facilities for the provision of research conducted by a nonprofit corporation organized by two or more accredited universities whose main campuses are located in North Carolina. RTI International would meet this description. This provision is similar to the provision in Senate Bill 1000, introduced by Sen. Rand, which is also in the Senate Finance Committee.

A BILL TO BE ENTITLED

AN ACT TO ALLOW FOR THE ISSUANCE OF INDUSTRIAL REVENUE BONDS FOR SALVAGE CENTERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159C-3(15a) reads as rewritten:

"(15a) Special purpose project. – Any structure, equipment, or other facility for any one or more of the following purposes:

a. Water systems or facilities, including all plants, works, instrumentalities, and properties used or useful in obtaining, conserving, treating, and distributing water for domestic or industrial use, irrigation, sanitation, fire protection, or any other public or private use.

b. Sewage disposal systems or facilities, including all plants, works, instrumentalities, and properties used or useful in the collection, treatment, purification, or disposal of sewage, other than facilities constituting a water pollution control facility.

c. Public transportation systems, facilities, or equipment, including bus, truck, ferry, and railroad terminals, depots, trackages, vehicles, and ferries, and mass transit systems.

d. Public parking lots, areas, garages, and other public vehicular parking structures and facilities.

e. Public auditoriums, gymnasiums, stadiums, and convention centers.

f. Recreational facilities, including museums.

g. Land, equipment, and facilities for the disposal, treatment, or recycling of solid or other waste that are described in G.S. 159I-8.

h. Facilities for the provision of rehabilitation services, education, training, and employment opportunities for persons with

disabilities and the disadvantaged. The term does not include a retail facility, however, unless the proposed operator of the facility certifies that at least seventy-five percent (75%) of its employees will be disadvantaged or disabled persons and at least seventy-five percent (75%) of its inventory will be composed of used, donated items and items manufactured by disadvantaged or disabled persons.

i. Orphanages and similar housing facilities for children or disadvantaged or disabled persons.

j. Facilities for the provision of material salvage and recycling services that sell new, used, and recycled building materials to the public; provide new, used, and recycled building materials for the construction, renovation, or repair of low, moderate, or affordable housing; and, utilize the proceeds thereof to provide low, moderate, or affordable housing."

Short Title: Motor Vehicle Inspection Changes. (Public)

Sponsors:

Referred to:

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PERIOD OF TIME ALLOWED FOR REINSPECTION AFTER FAILING A MOTOR VEHICLE INSPECTION, TO WAIVE THE CIVIL PENALTY FOR FAILURE TO MEET THE EMISSIONS INSPECTION REQUIREMENT WHILE SERVING ON ACTIVE MILITARY DUTY OUTSIDE THE STATE, AND TO CHANGE THE PENALTY FOR A FIRST OFFENSE OF CLEAN-SCANNING BY AN INSPECTION STATION EMPLOYEE WITHOUT THE INSPECTION STATION OWNER'S KNOWLEDGE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-183.3(c) reads as rewritten:

"(c) Reinspection After Failure. – The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within ~~30~~60 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle failed and any other portion of the inspection that would be affected by repairs made to correct the failure."

SECTION 2. G.S. 20-183.7(a) reads as rewritten:

"(a) Fee Amount. – When a fee applies to an inspection of a vehicle or the issuance of an inspection sticker, the fee must be collected. The following fees apply to an inspection of a vehicle and the issuance of an inspection sticker:

Type	Inspection	Sticker
Safety Only	$ 8.25	$0.85
Emissions and Safety	23.50	6.50.

The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an inspection sticker applies when an inspection sticker is put on a vehicle. The fee for inspecting after-factory tinted windows shall be ten dollars ($10.00), and the fee applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint. A safety inspection mechanic shall not inspect an after-factory tinted window of a vehicle for which the Division has issued a medical exception permit pursuant to G.S. 20-127(f).

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within ~~30~~60 days of the failed inspection without paying another inspection fee.

The inspection fee for an emissions and safety inspection set out in this subsection is the maximum amount that an inspection station or an inspection mechanic may charge for an emissions and safety inspection of a vehicle. An inspection station or an inspection mechanic may charge the maximum amount or any lesser amount for an emissions and safety inspection of a vehicle. The inspection fee for a safety only inspection set out in this subsection may not be increased or decreased. The sticker fees set out in this subsection may not be increased or decreased."

SECTION 3. G.S. 20-183.8A reads as rewritten:

"**§ 20-183.8A. Civil penalties against motorists for emissions ~~violations.~~violations; exemption.**

(a) Civil Penalties. – The Division shall assess a civil penalty against a person who owns or leases a vehicle that is subject to an emissions inspection and who does any of the following:

(1) Fails to have the vehicle inspected within four months after it is required to be inspected under this Part.

(2) Instructs or allows a person to tamper with an emission control device of the vehicle so as to make the device inoperative or fail to work properly.

(3) Incorrectly states the county of registration of the vehicle to avoid having an emissions inspection of the vehicle.

The amount of penalty is ~~one hundred dollars ($100.00) if the vehicle is a pre-1981 vehicle and~~ two hundred fifty dollars ($250.00) if the vehicle is a ~~1981~~1996 or newer model vehicle. As provided in G.S. 20-54, the registration of a vehicle may not be renewed until a penalty imposed under this section has been paid.

(b) Exemption. – The civil penalty assessed under subdivision (a)(1) of this section does not apply to a person who demonstrates to the Division proof of all of the following:

(1) The person is active duty military personnel.

(2) The person was deployed outside of the United States or stationed at a duty station outside of this State on or after the date the vehicle was required to be inspected and until the expiration of the four-month grace period.

(3) No person operated the vehicle after the date it was required to be inspected.

(4) That the vehicle has passed inspection prior to the request for an exemption under this subsection.

SECTION 4. G.S. 20-183.8B reads as rewritten:

"**§ 20-183.8B. Civil penalties against license holders and suspension or revocation of license for emissions violations.**

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to emissions self-inspectors, emissions inspection stations, and emissions inspection mechanics. The schedule categorizes emissions violations into serious (Type I), minor (Type II), and technical (Type III) violations.

A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the emission reduction benefits of the emissions inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting an emissions inspection or complying with the emissions inspection requirements but does not directly affect the emission reduction benefits of the emissions inspection program. A technical violation is a violation that is not a serious violation, a minor violation, or another type of offense under this Part.

(b) Penalty Schedule. – The Division must take the following action for a violation:

(1) Type I. – For a first or second Type I violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of ~~two hundred fifty dollars ($250.00)~~ five hundred dollars ($500.00) and suspend the license of the business for six months. For a third or subsequent Type I violation within three years by an emissions self-inspector or an emissions inspection station, assess a civil penalty of one thousand dollars ($1,000) and revoke the license of the business for two years.

For a first ~~or second~~ Type I violation by an emissions inspection mechanic, assess a civil penalty of ~~one hundred dollars ($100.00)~~ two hundred fifty dollars ($250.00) and suspend the mechanic's license for six months. For a second Type I violation within two years by an emissions inspection mechanic, assess a civil penalty of five hundred dollars ($500.00) and suspend the mechanic's license for six months. For a third or subsequent Type I violation within ~~seven~~ four years by an emissions inspection mechanic, assess a civil penalty of ~~two hundred fifty dollars ($250.00)~~ one thousand dollars ($1,000) and revoke the mechanic's license for two years.

(2) Type II. – For a first or second Type II violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of one hundred dollars ($100.00). For a third or subsequent Type II violation within three years by an emissions self-inspector or an

emissions inspection station, assess a civil penalty of two hundred fifty dollars ($250.00) and suspend the license of the business for 90 days.

For a first or second Type II violation by an emissions inspection mechanic, assess a civil penalty of fifty dollars ($50.00). For a third or subsequent Type II violation within seven years by an emissions inspection mechanic, assess a civil penalty of one hundred dollars ($100.00) and suspend the mechanic's license for 90 days.

(3) Type III. – For a first or second Type III violation by an emissions self-inspector, an emissions inspection station, or an emissions inspection mechanic, send a warning letter. For a third or subsequent Type III violation within three years by the same emissions license holder, assess a civil penalty of twenty-five dollars ($25.00).

(c) Station or Self-Inspector Responsibility. – It is the responsibility of an emissions inspection station and an emissions self-inspector to supervise the emissions mechanics it employs. A violation by an emissions inspector mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed.

(d) Missing Stickers. – The Division must assess a civil penalty against an emissions inspection station, a windshield replacement station, or an emissions self-inspector that cannot account for an emissions inspection sticker issued to it. A station or a self-inspector cannot account for a sticker when the sticker is missing and the station or self-inspector cannot establish reasonable grounds for believing the sticker was stolen or destroyed by fire or another accident.

(d1) Penalty for Missing Stickers. – The amount of the penalty is twenty-five dollars ($25.00) for each missing sticker. If a penalty is imposed under subsection (b) of this section as the result of missing stickers, the monetary penalty that applies is the higher of the penalties required under this subsection and subsection (b); the Division may not assess a monetary penalty as a result of missing stickers under both this subsection and subsection (b) of this section. Imposition of a monetary penalty under this subsection does not affect suspension or revocation of a license required under subsection (b) of this section.

(e) Penalty for Clean Scanning. – For a first or second clean scan violation by an emissions self-inspector or an emissions' inspection station, assess a civil penalty of five hundred dollars ($500.00). For a third or subsequent clean scan violation, occurring within one year after the second clean scan violation was identified to the emissions self-inspector or an emissions inspection station, assess a civil penalty of one thousand dollars ($1,000) and revoke the license of the business for one year. The Commissioner may waive the penalty for a first violation.

(f) Mechanic Training. – An emissions inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4A and successfully complete the course before the mechanic's license can be reinstated. Failure to successfully complete this course continues the period of suspension or revocation until the course is completed successfully."

SECTION 5. Sections 1 and 2 of this act become effective January 1, 2009. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PERIOD OF TIME ALLOWED FOR REINSPECTION OF A MOTOR VEHICLE AFTER A FAILURE TO MEET LAWFUL STANDARDS IN AN INITIAL MOTOR VEHICLE INSPECTION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-183.7(a) reads as rewritten:

"**§ 20-183.7. Fees for performing an inspection and putting an inspection sticker on a vehicle; use of civil penalties.**

(a) **(Effective until July 1, 2007)** Fee Amount. – When a fee applies to an inspection of a vehicle or the issuance of an inspection sticker, the fee must be collected. The following fees apply to an inspection of a vehicle and the issuance of an inspection sticker:

Type	Inspection	Sticker
Safety Only	$ 8.25	$0.85
Emissions and Safety	23.50	6.50.

The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an inspection sticker applies when an inspection sticker is put on a vehicle. The fee for inspecting after-factory tinted windows shall be ten dollars ($10.00), and the fee applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint. A safety inspection mechanic shall not inspect an after-factory tinted window of a vehicle for which the Division has issued a medical exception permit pursuant to G.S. 20-127(f).

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within ~~30~~60 days of the failed inspection without paying another inspection fee.

The inspection fee for an emissions and safety inspection set out in this subsection is the maximum amount that an inspection station or an inspection mechanic may charge for an emissions and safety inspection of a vehicle. An inspection station or an inspection mechanic may charge the maximum amount or any lesser amount for an emissions and safety inspection of a vehicle. The inspection fee for a safety only inspection set out in this subsection may not be increased or decreased. The sticker fees set out in this subsection may not be increased or decreased.

(a) **(Effective July 1, 2007)** Fee Amount. – When a fee applies to an inspection of a vehicle or the issuance of an inspection sticker, the fee must be collected. The following fees apply to an inspection of a vehicle and the issuance of an inspection sticker:

Type	Inspection	Sticker
Safety Only	$ 8.25	$0.85
Emissions and Safety	23.75	6.25.

The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an inspection sticker applies when an inspection sticker is put on a vehicle. The fee for an inspection sticker does not apply to a replacement inspection sticker for use on a windshield replaced by a business registered with the Division pursuant to G.S. 20-183.6. The fee for inspecting after-factory tinted windows shall be ten dollars ($10.00), and the fee applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint. A safety inspection mechanic shall not inspect an after-factory tinted window of a vehicle for which the Division has issued a medical exception permit pursuant to G.S. 20-127(f).

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within ~~30~~60 days of the failed inspection without paying another inspection fee.

The inspection fee for an emissions and safety inspection set out in this subsection is the maximum amount that an inspection station or an inspection mechanic may charge for an emissions and safety inspection of a vehicle. An inspection station or an inspection mechanic may charge the maximum amount or any lesser amount for an emissions and safety inspection of a vehicle. The inspection fee for a safety only inspection set out in this subsection may not be increased or decreased. The sticker fees set out in this subsection may not be increased or decreased.

..."

SECTION 2. This act becomes effective July 1, 2007.

SENATE BILL 509:
Motor Vehicle Inspection Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 9, 2007
Introduced by:	Sen. Brown	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S509-CSSVf-24		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 509 does three things:

- ***It extends from 30 to 60 days the period for reinspection after failing a motor vehicle inspection.***
- ***It exempts from the civil penalty for failure to meet the motor vehicle inspection requirement active military personnel who are deployed outside the US or stationed outside NC at the time the vehicle was due to be inspected.***
- ***It would impose a $500 civil penalty on an emissions self-inspector or an inspection station that has an employee who commits a first or second offense of 'clean scanning' a vehicle to provide a passing inspection without the owner's knowledge. The Commissioner may waive the penalty for a first violation. It would impose a $1,000 penalty and require a one-year license revocation for a third or subsequent clean scan violation occurring within one year after the second clean scan violation was identified to the inspector.***

CURRENT LAW & BILL ANALYSIS:

Sections 1 and 2: Extend Reinspection Period

As a general rule, motor vehicles are required to undergo an annual safety inspection to determine whether it has the required equipment and that the equipment is in a safe operating condition. Certain motor vehicles are also subject to an emissions inspection.[1] To pass an emissions inspection, a vehicle must pass both of the following:

1) A visual inspection of the vehicle's emissions control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle.
2) An analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle that violates standards for the model year of the vehicle set by the Environmental Management Commission.

A vehicle that fails the inspection is entitled to be reinspected at the same station at any time within 30 days of the failed inspection without paying another inspection fee.

[1] Emissions inspections must be performed on vehicles registered in the following counties: Alamance, Buncombe, Burke, Cabarrus, Caldwell, Catawba, Chatham, Cleveland, Cumberland, Davidson, Durham, Edgecombe, Forsyth, Franklin, Gaston, Granville, Guilford, Harnett, Haywood, Henderson, Iredell, Johnston, Lee, Lenoir, Lincoln, Mecklenburg, Moore, Nash, Orange, Pitt, Randolph, Robeson, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Union, Wake, Wayne, Wilkes and Wilson.

Sections 1 and 2 of this bill would extend the period for reinspection to 60 days. This change would require inspection stations to install a software update for each of their analyzers.

Section 3: Exempt Active Military Personnel from Civil Penalty

DMV is required to assess a civil penalty against a person who does any of the following:

(1) **Fails to have the vehicle inspected within four months after it is required to be inspected under this Part.**
(2) Instructs or allows a person to tamper with an emission control device of the vehicle so as to make the device inoperative or fail to work properly.
(3) Incorrectly states the county of registration of the vehicle to avoid having an emissions inspection of the vehicle.

The penalty is $100 for a pre-1981 vehicle and $250 for a vehicle that is a 1981 or newer model. The registration of a vehicle may not be renewed until a penalty has been paid.

Section 3 of the bill would exempt from the civil penalty for failure to inspect certain active duty military personnel who are deployed outside the United States or stationed outside North Carolina on or after the date the vehicle was required to be inspected and until the expiration of the four-month grace period. The person would also have to demonstrate that no person operated the vehicle after the date it was required to be inspected. Finally, the vehicle would have to pass inspection upon the person's return to North Carolina before the civil penalty could be waived.

Section 4: Penalty for 'Clean Scan' First Offenses Committed Without Owner's Knowledge

'Clean scanning' refers to an illegal practice in which a known clean vehicle is subjected to an electronic on-board diagnostic (OBD) scan in place of the vehicle that is supposed to actually be tested in order to achieve a passing result. Under current law, this practice is a Type I emissions violation. An inspection station that commits a first or second Type I violation is subject to a $250 civil penalty and a six-month suspension of the business license. A mechanic who commits a first or second Type I violation is subject to a $100 penalty and a six month license suspension. A third or subsequent Type I violation results in a $1,000 penalty for an inspection station and a $250 penalty for the mechanic and a two-year license revocation for each.

Section 4 of the bill would increase the penalties for Type I emission violations and it would provide a different penalty for a clean scan emissions violation. The new penalty for a clean scan violation would be as follows:

- A $500 civil penalty for a first or second offense of 'clean scanning'. The Commissioner may waive the penalty for a first violation.
- A $1,000 penalty and a one-year license revocation for a third or subsequent clean scan violation occurring within one year after the second clean scan violation was identified to the inspector

EFFECTIVE DATE: The change increasing the time period to reinspect a vehicle after a failed inspection becomes effective January 1, 2008. The remainder of this act is effective when it becomes law.

RE: Motor Vehicle Inspection Failure/Re-inspection
Proposed Committee Substitute
Draft May 8, 2007

FISCAL IMPACT

	Yes ( )	No ()	No Estimate Available (x)		
	FY 2007-08	FY 2008-09	FY 2009-10	FY 2010-11	FY 2011-12
REVENUES:	-	-	-	-	-
EXPENDITURES:	-	-	-	-	-
POSITIONS (cumulative):	-	-	-	-	-

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Transportation, Division of Motor Vehicles

EFFECTIVE DATE: When act becomes law.

BILL SUMMARY: Amends G.S. 20-183.3 © to extend the time frame from 30 to 60 days that an individual has to have a vehicle re-inspected after the vehicle has failed the initial inspection. This act amends G.S. 20-183.8A to exempt active duty military personnel from civil penalties assessed from emissions violations who meet certain requirements. This act requires DMV to develop, acquire, or implement a "clean scan" software program to guard against erroneous reporting by inspection stations.

ASSUMPTIONS AND METHODOLOGY:
There will be no technology changes needed for the change of 30-60 days re-inspection period.
There will be no significant change of business practice for exempting the military personnel from civil penalties that would result in increased costs to the Division of Motor Vehicles.
There is no estimate available for the cost for implementing the "clean scan" software required for inspection stations.

SENATE FINANCE COMMITTEE
Wednesday, May 16, 2007
2:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 2:00 p.m. on Wednesday, May 16, 2007, in room 544 of the Legislative Office Building. Thirty members of the committee were present. Senator David Hoyle presided. Cherrelle McKnight of Lillington, Caitlin McLamb of Raleigh, Beth Shawley of Waxhaw, Sarah Holmes of Mocksville and Mary Trease of Waxhaw served as pages.

S.B. 531 – Regulate Golf Carts/Morrisville.

Senator Cowell was recognized to explain the bill. Senator Stevens motioned for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 1041 – Earl Annexations.

Trina Griffin, a staff attorney with the Research Division, was recognized to explain the bill. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 768 – Public Health Authority Changes.

Senator Hartsell moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Hartsell was recognized to explain the bill. Curtis Dixon, Hertford County Health Director, was recognized to speak in favor of the bill. Senator Tillman moved for a favorable report and the motion carried. A copy of the proposed committee substitute, the bill, and the summary is attached.

S.B. 716 – Poultry Products Inspection Act - AB.

Senator Albertson was recognized to explain the bill. Senator Albertson moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 242 – Review of Disputed Tax Matters.

The bill was only taken up for discussion. Senator Clodfelter moved to adopt the proposed committee substitute for discussion and the motion carried. Senator Clodfelter and Trina Griffin were recognized to explain the proposed committee substitute. A copy of the bill, the proposed committee substitute, and the summary is attached.

The meeting adjourned at 2:32 pm.

Senator Dan Clodfelter, Cochair

Senator David Hoyle, Cochair

SENATE BILL 242
PROPOSED COMMITTEE SUBSTITUTE S242-CSSVf-30 [v.5]

5/16/2007 11:12:19 AM

Short Title: Revise Process for Disputed Tax Matters. (Public)

Sponsors:

Referred to:

February 21, 2007

A BILL TO BE ENTITLED

AN ACT TO REVISE THE PROCESS FOR ADMINISTRATIVE AND JUDICIAL REVIEW OF DISPUTED TAX MATTERS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 9 of Chapter 105 is amended by adding the following new sections to read:

"**§ 105-241.6. Statute of limitations for refunds.**

(a) General. – The general statute of limitations for obtaining a refund of an overpayment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for obtaining a refund of an overpayment is the later of the following:

(1) Three years after the due date of the return.

(2) Two years after payment of the tax.

(b) Exceptions. – The exceptions to the general statute of limitations for obtaining a refund of an overpayment are as follows:

(1) Federal Determination. – When a taxpayer files with the Secretary a return that reflects a federal determination and the return is filed within the required time, the limitations period for obtaining a refund is one year after the return reflecting the federal determination is filed or three years after the original return was filed or due to be filed, whichever is later.

(2) Waiver for Assessment. – A taxpayer's waiver of the statute of limitations for making a proposed assessment extends the period in which the taxpayer can obtain a refund to the end of the period extended by the waiver.

(3) Worthless Debts or Securities. – Section 6511(d)(1) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4

of this Chapter to the extent the overpayment is attributable to either of the following:

a. The deductibility by the taxpayer under section 166 of the Code of a debt that becomes worthless, or under section 165(g) of the Code of a loss from a security that becomes worthless.

b. The effect of the deductibility of a debt or loss described in subpart a. of this subdivision on the application of a carryover to the taxpayer.

(4) Capital Loss and Net Operating Loss Carrybacks. – Section 6511(d)(2) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to a capital loss carryback under section 1212(c) of the Code or to a net operating loss carryback under section 172 of the Code.

"**§ 105-241.7. Procedure for obtaining a refund.**

(a) Initiated by Department. – The Department must refund an overpayment made by a taxpayer when the Department processes a return and finds all of the following:

(1) The statute of limitations for obtaining a refund has not expired.

(2) The amount shown due on the return is not calculated correctly based on the information entered on the return.

(3) When the calculation errors are corrected, the taxpayer has overpaid the tax.

(b) Initiated by Taxpayer. – A taxpayer may request a refund of an overpayment made by the taxpayer by taking one of the following actions within the statute of limitations for obtaining a refund:

(1) Filing an amended return reflecting a balance due the taxpayer.

(2) Filing a claim for refund. The claim must identify the taxpayer, the type and amount of tax overpaid, and the filing period to which the overpayment applies.

(c) Action on Request. – When a taxpayer files an amended return or a claim for refund, the Department must take one of the actions listed in this subsection within six months after the date the amended return or claim for refund is filed. If the Department does not take one of these actions within this time limit, the inaction is considered a proposed denial of the requested refund.

(1) Send the taxpayer a refund of the amount shown due on the return or claim for refund.

(2) Adjust the amount of the requested refund by increasing or decreasing the amount shown due on the return or claim for refund and send the taxpayer a refund of the adjusted amount and a notice of proposed denial for the amount that was requested but not included in the adjusted refund.

(3) Deny the refund and send the taxpayer a notice of proposed denial.

(4) Send the taxpayer a letter requesting additional information concerning the requested refund. When the Department receives the requested information from the taxpayer, the Department must take one of the actions listed in this subsection within 30 days after receiving the information.

(d) Notice. – A notice of a proposed denial of a request for refund must contain the following information:

(1) The basis for the proposed denial.

(2) The circumstances under which the proposed denial will become final.

(e) Restrictions. – The Department may not refund any of the following:

(1) An amount paid before the taxpayer files the final return for the tax period.

(2) An overpayment set off under Chapter 105A, the Setoff Debt Collection Act, or under another setoff debt collection program authorized by law.

(3) An income tax overpayment the taxpayer has elected to apply to another purpose as provided in this Article.

(4) An individual income tax overpayment of less than one dollar ($1.00) or another tax overpayment of less than three dollars ($3.00), unless the taxpayer files a written claim for the refund.

(f) Effect of Refund. – A refund does not absolve a taxpayer of a tax liability that may in fact exist. The Secretary may propose an assessment for any deficiency as provided in this Article.

"**§ 105-241.8. Statute of limitations for assessments.**

(a) General. – The general statute of limitations for proposing an assessment applies unless a different period applies under subsection (b) of this section. The general statute of limitations for proposing an assessment is the later of the following:

(1) Three years after the due date of the return.

(2) Three years after the taxpayer filed the return.

(b) Exceptions. – The exceptions to the general statute of limitations for proposing an assessment are as follows:

(1) Federal Determination. – If a taxpayer files a return reflecting a federal determination as provided in G.S. 105-32.8, 105-130.20, 105-159, 105-160.8, 105-163.6A, or 105-197.1, the period for proposing an assessment of any tax due is one year after the return is filed or three years after the original return was filed or due to be filed, whichever is later. If there is a federal determination and the taxpayer does not file the required return, the period for proposing an assessment of any tax due is three years after the date the Secretary received the final report of the federal determination.

(2) Failure to File or Filing False Return. – There is no statute of limitations and the Secretary may propose an assessment of tax due from a taxpayer at any time if any of the following applies:

a. The taxpayer did not file a return.

b. The taxpayer filed a false or fraudulent return.
c. The taxpayer attempted in any manner to fraudulently evade or defeat the tax.

(3) Tax Forfeiture. – If a taxpayer forfeits a tax credit or tax benefit pursuant to forfeiture provisions of this Chapter, the period for proposing an assessment of any tax due as a result of the forfeiture is three years after the date of the forfeiture.

(4) Nonrecognition of Gain. – If a taxpayer elects under section 1033(a)(2)(A) of the Code not to recognize gain from involuntary conversion of property into money, the period for proposing an assessment of any tax due as a result of the conversion or election is the applicable period provided under section 1033(a)(2)(C) or section 1033(a)(2)(D) of the Code. If a taxpayer sells at a gain the taxpayer's principal residence, the period for proposing an assessment of any tax due as a result of the sale is the period provided under section 1034(j) of the Code.

"**§ 105-241.9. Procedure for proposing an assessment.**

(a) Authority. – The Secretary may assess a taxpayer for tax due from the taxpayer. The Secretary must base a proposed assessment on the best information available. A proposed assessment of the Secretary is presumed to be correct.

(b) Time Limit. – The Secretary must propose an assessment within the statute of limitations for proposed assessments unless the taxpayer waives the limitations period in writing. A taxpayer may waive the limitations period for either a definite or an indefinite time. If the taxpayer waives the limitations period, the Secretary may propose an assessment any time within the time extended by the waiver. If the Secretary proposes an assessment of tax within the statute of limitations or within the time extended by a waiver, the final assessment of the tax is timely.

(c) Notice. – The Secretary must give a taxpayer written notice of a proposed assessment. The notice of a proposed assessment must contain the following information:

(1) The basis for the proposed assessment.

(2) The amount of tax, interest, and penalties included in the proposed assessment. The amount for each of these must be stated separately.

(3) The circumstances under which the proposed assessment will become final.

"**§ 105-241.10. Review of proposed denial of refund or proposed assessment.**

(a) Request for Review. – A taxpayer who objects to a proposed denial of a refund or a proposed assessment of tax may request a Departmental review of the proposed action by filing a request for review. The request must be filed with the Department within 45 days after the following:

(1) The date the notice of the proposed denial of the refund or proposed assessment was mailed to the taxpayer, if the notice was delivered by mail.

(2) The date the notice of the proposed denial of the refund or proposed assessment was delivered to the taxpayer, if the notice was delivered in person.

(3) The date that inaction by the Department on a request for refund was considered a proposed denial of the refund.

(b) Action on Request. – A review of a proposed denial of a refund or a proposed assessment must be conducted by a Departmental employee who did not make the decision on the proposed denial or proposed assessment. The Department must take one of the following actions after the date a request for review is filed:

(1) Grant the refund or remove the assessment.

(2) Schedule a conference with the taxpayer.

(3) Request additional information from the taxpayer concerning the requested refund or proposed assessment.

(c) Conference. – When the Department reviews a proposed denial of a refund or a proposed assessment and does not grant the refund or remove the assessment, the Department must schedule a conference with the taxpayer. The Department must set the time and place for the conference and must notify the taxpayer of the designated time and place at least 10 days before the date of the conference.

The conference is an informal proceeding at which the taxpayer and the Department must stipulate the facts and issues upon which they agree and attempt to settle the case. Testimony under oath is not taken, but matters alleged as facts may be required to be submitted in the form of affidavits. The rules of evidence do not apply at the conference. A taxpayer may designate a representative to act on the taxpayer's behalf. The taxpayer may present any objections to the proposed denial of refund or proposed assessment at the conference.

(d) After Conference. – One of the following must occur after the Department conducts a conference on a proposed denial of a refund or a proposed assessment:

(1) The Department and the taxpayer agree on a settlement.

(2) The Department and the taxpayer agree that additional time is needed to resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment.

(3) The Department and the taxpayer cannot resolve the taxpayer's objection to the proposed denial of the refund or proposed assessment.

"**§ 105-241.11. Final determination by Department.**

(a) Refund. – If a taxpayer does not make a timely request for a Departmental review of a proposed denial of a refund, the proposed denial is final and the notice of the proposed denial is considered the notice of final determination concerning the refund. If a taxpayer makes a timely request for a Departmental review of a proposed denial of a refund, and the Department and the taxpayer cannot resolve the taxpayer's objection to the proposed denial, the Department must send the taxpayer a notice of final determination concerning the refund. The notice of final determination must state the basis for the determination and inform the taxpayer of the procedure for contesting the determination. A taxpayer whose denial becomes final may not file another amended return or claim for refund to obtain the denied refund.

(b) Assessment. – If a taxpayer does not make a timely request for a Departmental review of a proposed assessment, the Department must send the taxpayer a notice of final determination concerning the assessment. If a taxpayer makes a timely request for a Departmental review of a proposed assessment, and the Department and the taxpayer cannot resolve the taxpayer's objection to the proposed assessment, the Department must send the taxpayer a notice of final determination concerning the assessment. A notice of final determination concerning an assessment must contain the following information:

(1) The basis for the determination.

(2) The amount of tax, interest, and penalties payable by the taxpayer.

(3) The procedure the taxpayer must follow to contest the final determination.

(4) A statement that the amount payable stated on the notice is due and collectible by the Department unless the taxpayer contests the final determination.

(5) An explanation of the collection options available to the Department if the taxpayer does not pay the amount shown due on the notice and any remedies available to the taxpayer concerning these collection options.

(c) Time Limit. – The process set out in G.S. 105-241.10 for reviewing and attempting to resolve a proposed denial of a refund or a proposed assessment must conclude within nine months after the date the taxpayer files a request for review. A final determination required under this section must be issued within this time limit.

"**§ 105-241.12. Contested case hearing on final determination.**

A taxpayer who disagrees with a notice of final determination issued by the Department may contest the determination by filing a petition for a contested case hearing at the Office of Administrative Hearings in accordance with Article 3 of Chapter 150B of the General Statutes. A taxpayer may file a petition for a contested case hearing only if the taxpayer has exhausted the prehearing remedy set out in G.S. 105-241.10. A taxpayer's prehearing remedy is exhausted when the Department issues a final determination.

"**§ 105-241.13. Judicial review of decision after contested case hearing.**

A taxpayer aggrieved by the final decision in a contested case commenced at the Office of Administrative Hearings may seek judicial review of the decision in accordance with Article 4 of Chapter 150B of the General Statutes. Notwithstanding G.S. 150B-45, a petition for judicial review may be filed only in the Business and Tax Court. A taxpayer who files a petition for judicial review must either pay the amount of tax, penalties, and interest the final decision states is due or file a bond for that amount conditioned on payment of any liability due after the judicial review. A taxpayer may appeal a decision of the Business and Tax Court to the appellate division in accordance with G.S. 150B-52.

"**§ 105-241.14. Civil action challenging statute as unconstitutional.**

A taxpayer who claims that a tax statute is unconstitutional may bring a civil action in Business and Tax Court to determine the taxpayer's liability under that statute if all of the following conditions are met:

(1) The taxpayer exhausted the prehearing remedy in G.S. 105-241.10 and received a final determination from the Department.
(2) The taxpayer commenced a contested case at the Office of Administrative Hearings.
(3) The Office of Administrative Hearings dismissed the case for lack of jurisdiction because the sole issue is the constitutionality of a statute and not the application of a statute.
(4) The civil action is filed within two years after the Office of Administrative Hearings dismisses the case.
(5) The taxpayer pays the amount of tax, penalties, and interest the final determination states is due or files a bond for that amount conditioned on payment of any liability due upon final judgment.

"**§ 105-241.15. Class actions.**

(a) Authority. – An action brought under G.S. 105-241.14 may be maintained against the State in Business and Tax Court by a taxpayer for and on behalf of the taxpayer or other taxpayers similarly situated only in accordance with this section.

(b) Opt-In Requirement. – A taxpayer must file with the Business and Tax Court written consent to become a party to any class action brought under this section.

(c) Refund Claim Required. – No class action based on a request for refund may be maintained in Business and Tax Court unless each taxpayer in the class has filed a request for refund in accordance with G.S. 105-241.7.

(d) Tolling. – The period set in G.S. 105-241.6 for filing a request for refund is tolled by the filing of a class action under this section for any taxpayer who, at the time the class action was commenced, could timely file a request for refund with the Secretary.

(e) Notice. – The Secretary must notify the court of all taxpayers who file timely refund claims for the tax type that is the basis of a class action brought under this section.

"**§ 105-241.16. Declaratory judgments, injunctions, and other actions prohibited.**

The remedies in G.S. 105-241.10 through G.S. 105-241.15 set out the exclusive remedies for disputing the liability for a tax or the constitutionality of a tax statute. Any other action is barred. Neither an action for declaratory judgment, an action for an injunction to prevent the collection of a tax, nor any other action is allowed.

"**§ 105-241.17. Delivery of notice.**

(a) Scope. – This section applies to the following notices:
(1) A proposed denial of a refund.
(2) A proposed assessment.
(3) A final determination.

(b) Method. – The Secretary must deliver a notice listed in subsection (a) of this section to a taxpayer either in person or by United States mail sent to the taxpayer's last known address. A notice mailed to a taxpayer is presumed to have been received by the taxpayer unless the taxpayer makes an affidavit to the contrary within 90 days after the notice was mailed. If the taxpayer makes this affidavit, the notice is considered to have

been delivered on the date the taxpayer makes the affidavit and any time limit affected by the notice is extended to the date the taxpayer makes the affidavit.

"**§ 105-241.18. Interest on taxes.**

(a) Rate. – The interest rate set by the Secretary applies to interest that accrues on overpayments and underpayments of tax. On or before June 1 and December 1 of each year, the Secretary must establish the interest rate to be in effect during the six-month period beginning on the next succeeding July 1 and January 1, respectively. In determining the interest rate, the Secretary must give due consideration to current market conditions and to the rate that will be in effect on that date pursuant to the Code. If no new rate is established, the rate in effect during the preceding six-month period continues in effect. The rate established by the Secretary may not be less than five percent (5%) per year and may not exceed sixteen percent (16%) per year.

(b) Accrual on Assessment.– Interest accrues on an assessment of tax from the time the tax was due until it is paid. Interest accrues only on the principal of the tax and does not accrue on any penalty.

(c) Accrual on Refund.– Interest accrues on an overpayment of tax from the time set in the following subdivisions until the refund is paid.

(1) Income and Gross Premiums. – Interest on an overpayment of a tax levied under Article 4 or Article 8B of this Chapter accrues from a date 45 days after the latest of the following dates:

a. The date the final return was filed.

b. The date the final return was due to be filed.

c. The date of the overpayment. The date of an overpayment of a tax levied under Article 4 or Article 8B of this Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the Code.

(2) All Other Taxes. – Interest on an overpayment of a tax that is not included in subdivision (1) of this subsection accrues from a date that is 90 days after the date the tax was paid.

(d) When Refund Is Paid. – A refund sent to a taxpayer is considered paid on a date determined by the Secretary that is no sooner than five days after a refund check is mailed. A refund set off against a debt pursuant to Chapter 105A of the General Statutes is considered paid five days after the Department mails the taxpayer a notice of the setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the setoff to return the refund to the taxpayer. In this circumstance, the refund that was set off is not considered paid until five days after the agency that requested the refund mails the taxpayer a check for the refund.

"**§ 105-241.19. Collection of assessment.**

A tax assessed by the Department is due and collectible in the following circumstances:

(1) When the taxpayer and the Department agree on a settlement concerning the amount due.

(2) When the Department sends a notice of final determination concerning the assessment and the taxpayer does not file a timely petition for a contested case hearing on the assessment.

(3) When a final decision is issued on the assessment after a contested case hearing.

"**§ 105-241.20. Jeopardy assessment and collection.**

(a) Action. –The Secretary may at any time within the statute of limitations immediately assess and collect any tax the Secretary finds is due from a taxpayer if the Secretary determines that collection of the tax is in jeopardy and immediate assessment and collection are necessary in order to protect the interest of the State. For a jeopardy collection, the Secretary must give the taxpayer the notice of proposed assessment required by G.S. 105-241.9 within 30 days after initiating the jeopardy collection.

(b) Review by Department. – Within five days after initiating a jeopardy collection that is not the result of a criminal investigation or of a liability for a tax imposed under Article 2D of this Chapter, the Secretary must provide the taxpayer with a written statement of the information upon which the Secretary relied in initiating the jeopardy collection. Within 30 days after receipt of this written statement or, if no statement is received, within 30 days after the statement was due, the taxpayer may request the Secretary to review the action taken. After receipt of this request, the Secretary must determine whether initiating the jeopardy collection was reasonable under all the circumstances and whether the amount assessed and collected was reasonable under all the circumstances. The Secretary must give the taxpayer written notice of this determination within 30 days after the request.

(c) Judicial Review. – Within 90 days after the earlier of the date a taxpayer received or should have received a determination of the Secretary concerning a jeopardy collection under subsection (b) of this section, the taxpayer may bring a civil action seeking review of the jeopardy collection. The taxpayer may bring the action in the Superior Court of Wake County or of the county in North Carolina in which the taxpayer resides. Within 20 days after the action is filed, the court must determine whether the initiation of the jeopardy collection was reasonable under the circumstances. If the court determines that an action of the Secretary was unreasonable or inappropriate, the court may order the Secretary to take any action the court finds appropriate. If the taxpayer shows reasonable grounds why the 20-day limit on the court should be extended, the court may grant an extension of not more than 40 additional days."

SECTION 2. The following statutes are repealed:

G.S. 20-91.1
G.S. 20-91.2
G.S. 20-98
G.S. 20-99
G.S. 105-122(c)
G.S. 105-130.4(t)
G.S. 105-164.43
G.S. 105-241.1

G.S. 105-241.2
G.S. 105-241.3
G.S. 105-241.4
G.S. 105-241.5
G.S. 105-266
G.S. 105-266.1
G.S. 105-267
G.S. 105-269.2
G.S. 143A-38
G.S. 150B-1(e)(6)
G.S. 150B-21.17(a)(5).

SECTION 3. G.S. 1-52(15) reads as rewritten:

"**§ 1-52. Three years.**

Within three years an action -

...

(15) For the recovery of taxes paid as provided in ~~G.S. 105-267 and~~ G.S. 105-381.

..."

SECTION 4. G.S. 7A-45.3 reads as rewritten:

"**§ 7A-45.3. Superior court judges designated for complex business cases and tax cases.**

The Chief Justice may exercise the authority under rules of practice prescribed pursuant to G.S. 7A-34 to designate one or more of the special superior court judges authorized by G.S. 7A-45.1 to hear and decide complex business cases and tax cases as prescribed by the rules of practice. Any judge so designated shall be known as a Business and Tax Court Judge and shall preside in the Business and Tax Court. If there is more than one business and tax court judge, the Chief Justice may designate one of them as the Senior Business and Tax Court Judge. If there is no designation by the Chief Justice, the judge with the longest term of service on the court shall serve as Senior Business and Tax Court Judge until the Chief Justice makes an appointment to the position."

SECTION 5. G.S. 7A-45.4 reads as rewritten:

"**§ 7A-45.4. Designation of mandatory complex business cases.**

(a) A mandatory complex business case is an action that involves a material issue related to:

(1) The law governing corporations, except charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose, partnerships, limited liability companies, and limited liability partnerships, including issues concerning governance, involuntary dissolution of a corporation, mergers and acquisitions, breach of duty of directors, election or removal of directors, enforcement or interpretation of shareholder agreements, and derivative actions.

(2) Securities law, including proxy disputes and tender offer disputes.

(3) Antitrust law, except claims based solely on unfair competition under G.S. 75-1.1.
(4) State trademark or unfair competition law, except claims based solely on unfair competition under G.S. 75-1.1.
(5) Intellectual property law, including software licensing disputes.
(6) The Internet, electronic commerce, and biotechnology.

(b) Any party may designate a civil action as a mandatory complex business case by filing a Notice of Designation in the Superior Court in which the action has been filed and simultaneously serving the notice on each opposing party or counsel and on the ~~Special Superior Court Judge for Complex Business Cases who is then the~~ senior Business and Tax Court Judge. A copy of the notice shall also be sent contemporaneously by e-mail or facsimile transmission to the Chief Justice of the Supreme Court for approval of the designation of the action as a mandatory complex business case and assignment to a specific Business and Tax Court Judge.

(c) The Notice of Designation shall, in good faith and based on information reasonably available, succinctly state the basis of the designation and include a certificate by or on behalf of the designating party that the civil action meets the criteria for designation as a mandatory complex business case pursuant to subsection (a) of this section.

(d) The Notice of Designation shall be filed:
(1) By the plaintiff or third-party plaintiff contemporaneously with the filing of the complaint or third-party complaint in the action.
(2) By any intervenor when the intervenor files a motion for permission to intervene in the action.
(3) By any defendant or any other party within 30 days of receipt of service of the pleading seeking relief from the defendant or party.

(e) Within 30 days after service of the Notice of Designation, any other party may, in good faith, file and serve an opposition to the designation of the action as a mandatory business case. Based on the opposition or ex mero motu, the Business and Tax Court Judge may determine that the action should not be designated as a mandatory complex business case. If a party disagrees with the decision, the party may appeal to the Chief Justice of the Supreme Court.

(f) Once a designation is filed under subsection (d) of this section, and after preliminary approval by the Chief Justice, a case shall be designated and administered a complex business case. All proceedings in the action shall be before the Business and Tax Court Judge to whom it has been assigned unless and until an order has been entered under subsection (e) of this section ordering that the case not be designated a mandatory complex business case or the Chief Justice revokes approval. If complex business case status is revoked or denied, the action shall be treated as any other civil action, unless it is designated as an exceptional civil case or a discretionary complex business case pursuant to Rule 2.1 of the General Rules of Practice for the Superior and District Courts."

SECTION 6. Chapter 7A of the General Statutes is amended by adding a new section to read:

"§ 7A-45.5. Designation of tax cases.

The Business and Tax Court has exclusive jurisdiction to review a tax case, other than an action under G.S. 105-241.20 seeking a review of a jeopardy collection. A tax case is any of the following:

(1) An action by the Secretary of Revenue to determine the liability of a taxpayer for a tax.

(2) An action by a taxpayer against the Secretary of Revenue to obtain a refund of a tax paid by the taxpayer.

(3) An action challenging a tax statute as unconstitutional."

SECTION 7. G.S. 7A-305(a)(2) reads as rewritten:

"(2) For support of the General Court of Justice, the sum of seventy-nine dollars ($79.00) in the superior court, except that if a case is assigned to a special superior court judge as a complex business case under G.S. ~~7A-45.3,~~ 7A-45.3 or a tax case under G.S. 7A-45.5, an additional two hundred dollars ($200.00) shall be paid upon its assignment, and the sum of sixty-four dollars ($64.00) in the district court except that if the case is assigned to a magistrate the sum shall be fifty-three dollars ($53.00). Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of one dollar and five cents ($1.05) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19."

SECTION 8. G.S. 20-64(f) reads as rewritten:

"(f) The owner or transferor of a registered vehicle who surrenders the registration plate to the division may secure a refund for the unexpired portion of such plate prorated on a monthly basis, beginning the first day of the month following surrender of the plate to the division, provided the annual fee of such surrendered plate is sixty dollars ($60.00) or more. This refund may not exceed one half of the annual license fee. No refund shall be made unless the owner or transferor furnishes proof of financial responsibility on the registered vehicle effective until the date of the surrender of the plate. Proof of financial responsibility shall be furnished in a manner prescribed by the Commissioner. ~~Any unauthorized refund may be recovered in the manner set forth in G.S. 20-99.~~"

SECTION 9. G.S. 105-113.111 reads as rewritten:

"**§ 105-113.111. Assessments.**

Notwithstanding any other provision of law, an assessment against a dealer who possesses an unauthorized substance to which a stamp has not been affixed as required by this Article shall be made as provided in this section. The Secretary shall assess a tax, applicable penalties, and interest based on personal knowledge or information available to the Secretary. The Secretary shall notify the dealer in writing of the amount of the tax, penalty, and interest due, and demand its immediate payment. The notice and demand shall be either mailed to the dealer at the dealer's last known address or served

on the dealer in person. If the dealer does not pay the tax, penalty, and interest immediately upon receipt of the notice and demand, the Secretary shall collect the tax, penalty, and interest pursuant to the ~~procedure set forth~~ jeopardy collection procedures in G.S. ~~105-241.1(g)~~ 105-241.20 ~~for jeopardy assessments or the procedure set forth in G.S. 105-242, including causing execution to be issued immediately against the personal property of the dealer,~~ or the general collection procedures in G.S. 105-242, unless the dealer files with the Secretary a bond in the amount of the asserted liability for the tax, penalty, and interest. The Secretary shall use all means available to collect the tax, penalty, and interest from any property in which the dealer has a legal, equitable, or beneficial interest. The dealer may seek review of the assessment as provided in Article 9 of this Chapter."

SECTION 10. G.S. 105-113.113 reads as rewritten:

"**§ 105-113.113. Use of tax proceeds.**

(a) Special Account. – The Unauthorized Substances Tax Account is established as a special nonreverting account. The Secretary shall credit the proceeds of the tax levied by this Article to ~~a special nonreverting account, to be called the State Unauthorized Substances Tax Account, until the tax proceeds are unencumbered.~~ the Account. ~~The Secretary shall remit the unencumbered tax proceeds as provided in this section on a quarterly or more frequent basis. Tax proceeds are unencumbered when either of the following occurs:~~

~~(1) The tax has been fully paid and the taxpayer has no current right under G.S. 105-267 to seek a refund.~~

~~(2) The taxpayer has been notified of the final assessment of the tax under G.S. 105-241.1 and has neither fully paid nor timely contested the tax under G.S. 105-241.1 through G.S. 105-241.4 or G.S. 105-267.~~

(b) Distribution. – The Secretary shall distribute revenue in the Unauthorized Substances Tax Account on a quarterly or more frequent basis. The Secretary shall ~~remit~~ distribute seventy-five percent (75%) of the ~~part of the unencumbered~~ tax proceeds in the Account that ~~was~~ were collected by assessment to the State or local law enforcement agency that conducted the investigation of a dealer that led to the assessment. If more than one State or local law enforcement agency conducted the investigation, the Secretary shall determine the equitable share for each agency based on the contribution each agency made to the investigation. The Secretary shall credit the remaining ~~unencumbered~~ tax proceeds in the Account to the General Fund.

(c) Refunds. – The refund of a tax that has already been distributed shall be drawn initially from the ~~State~~ Unauthorized Substances Tax Account. The amount of refunded taxes that ~~had been~~ were distributed to a law enforcement agency under this section and any interest shall be subtracted from succeeding distributions from the Account to that law enforcement agency. The amount of refunded taxes that ~~had been~~ were credited to the General Fund under this section and any interest shall be subtracted from succeeding credits to the General Fund from the Account."

SECTION 11. G.S. 105-122 is amended by adding a new subsection to read:

"(c1) Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits to

this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits the corporation uses in its business in this State.

(1) Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it applies in apportioning its income under that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

(2) Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion of its capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits to tax under this section than is attributable to its business in this State and that the the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. The Secretary may not authorize a corporation to use an alternative method for more than three tax years. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits in accordance with the alternative method or the statutory method."

SECTION 12. G.S. 105-130.4 is amended by adding a new subsection to read:

"(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. The Secretary may not authorize a corporation to use an alternative method for more than three tax years. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. "

SECTION 13. G.S. 105-130.6A(e) reads as rewritten:

"(e) Cap for Bank Holding Companies. – After calculating the expense adjustment as provided in subsection (c) of this section, each bank holding company must calculate the amount of additional tax that results from the expense adjustments for the holding company and for every corporation in the holding company's affiliated group for the taxable year. If the expense adjustments result in additional tax exceeding eleven million dollars ($11,000,000) for a taxable year for the affiliated group, the affiliated group may reduce the amount of the expense adjustment so that the resulting additional tax does not exceed this maximum. This maximum applies once to each affiliated group each taxable year, whether or not the group includes more than one bank holding company.

The members of the affiliated group may allocate this reduction among themselves in their discretion. In order to take this reduction, each member of the affiliated group that is required to file a return under this Part and that has dividends for the taxable year must provide a schedule with its return that lists every member of the group that has dividends, the amount of the dividends, and whether the member is a bank holding company. In addition, the schedule must show the expense adjustments for those members whose additional tax as a result of the expense adjustment constitutes the maximum amount. In addition, each member must provide any other documentation required by the Secretary.

If the expense adjustment for an affiliated group is reduced under this subsection, and the return of a member of the group is later changed in a manner that reduces below the maximum the amount of additional tax for the group resulting from the expense adjustment, the Secretary may increase the expense adjustment for any member of the group in order to increase to the maximum the amount of additional tax for the group resulting from the expense adjustment. In this situation, the amount of the increase is considered a forfeited tax benefit with respect to the affiliated group for the purposes of G.S. ~~105-241.1(e).~~ 105-241.8. The date of the forfeiture is the date of the change that triggers the Secretary's authority to increase the expense adjustment. Any member whose expense adjustment the Secretary increases is liable for interest on the amount of the increase at the rate established under ~~105-241.1(i),~~ G.S. 105-241.18 computed from the date the taxes would have been due if the expense adjustment had been calculated correctly on the original return. The amount of the increase and the interest are due 60 days after the date of the forfeiture. A taxpayer that fails to pay the amount of the increase and interest by the due date is subject to the penalties provided in G.S. 105-236."

SECTION 14. G.S. 105-163.9 reads as rewritten:

"**§ 105-163.9. Refund of overpayment to withholding agent.**

A withholding agent who pays the Secretary more under this Article than the Article requires the agent to pay may obtain a refund of the overpayment by filing ~~an application~~ a claim for ~~a~~ refund with the Secretary. No refund is allowed, however, if the withholding agent withheld the amount of the overpayment from the wages or compensation of the agent's employees or contractors. A withholding agent must file ~~an application~~ a claim for ~~a~~ refund within the time period set in G.S. ~~105-266.~~ G.S. 105-241.6. Interest accrues on a refund as provided in ~~G.S. 105-266.~~G.S. 105-241.18."

SECTION 15. G.S. 105-164.29(d) reads as rewritten:

"(d) Revocation. ~~Whenever~~ The failure of a wholesale merchant or retailer ~~fails~~ to comply with this Article or ~~violates G.S. 14-401.18, the Secretary, upon hearing, after giving 10 days' notice in writing, specifying the time and place of hearing and requiring the wholesale merchant or retailer to show cause why the certificate of registration should not be revoked, may revoke or suspend the certificate of registration. The notice may be served personally or by registered mail directed to the last known address of the wholesale merchant or retailer. All provisions with respect to review and appeals of the Secretary's decisions as provided by G.S. 105-241.2, 105-241.3, and 105-241.4 apply to this section.~~ G.S. 14-401.18 is grounds for revocation of the wholesale merchant's or retailer's certificate of registration. Before the Secretary revokes a wholesale merchant's or retailer's certificate of registration, the Secretary must notify the wholesale merchant or retailer that the Secretary proposes to revoke the certificate of registration and that the proposed revocation will become final unless the wholesale merchant or retailer objects to the proposed revocation and files a request for a Departmental review within the time set in G.S. 105-241.10 for requesting a Departmental review of a proposed assessment. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of a proposed revocation. "

SECTION 16. G.S. 105-164.38(c) reads as rewritten:

"(c) Assessment. – The period of limitations for assessing liability against the buyer of a business or the stock of goods of a business and for enforcing the lien against the property expires one year after the end of the period of limitations for assessment against the person who sold the business or the stock of goods. Except as otherwise provided in this section, the assessment procedures in Article 9 of this Chapter apply to a person who buys a business or the stock of goods of a business ~~and that person's liability for unpaid taxes are subject to the provisions of G.S. 105-241.1, 105-241.2, 105-241.3, and 105-241.4 and to other remedies for the collection of taxes~~ to the same extent as if the person had incurred the original tax liability."

SECTION 17. G.S. 105-187.10(b) reads as rewritten:

"(b) Unpaid Taxes. – The remedies for collection of taxes in ~~G.S. 20-99~~ Article 9 of this Chapter apply to the taxes levied by this Article and collected by the Commissioner. In applying these remedies, the Commissioner has the same authority as the Secretary."

SECTION 18. G.S. 105-228.5(f) reads as rewritten:

"(f) **(Effective for taxable years beginning on or after January 1, 2008)** Installment Payments Required. – Taxpayers that are subject to the tax imposed by this section and have a premium tax liability of ten thousand dollars ($10,000) or more for business done in North Carolina during the immediately preceding year shall remit three equal quarterly installments with each installment equal to at least thirty-three and one-third percent (33 1/3%) of the premium tax liability incurred in the immediately preceding taxable year. The quarterly installment payments shall be made on or before April 15, June 15, and October 15 of each taxable year. The company shall remit the balance by the following March 15 in the same manner provided in this section for annual returns.

The Secretary of Revenue may permit an insurance company to pay less than the required estimated payment when the insurer reasonably believes that the total estimated payments made for the current year will exceed the total anticipated tax liability for the year.

An underpayment or on overpayment of an installment payment required by this subsection ~~shall bear interest at the rate established under G.S. 105-241.1(i). Any overpayment shall bear interest as provided in G.S. 105-266(b) and, together with the interest,~~ accrues interest in accordance with G.S. 105-241.18. An overpayment of tax shall be credited to the company and applied against the taxes imposed upon the company under this Article."

SECTION 19. G.S. 105-228.37 reads as rewritten:

"**§ 105-228.37. Refund of overpayment of tax.**

(a) Refund Request. – A taxpayer who pays more tax than is due under this Article may request a refund of the overpayment by filing a written request for a refund with the board of county commissioners of the county where the tax was paid. The request must be filed within six months after the date the tax was paid and must explain why the taxpayer believes a refund is due.

(b) Hearing by County. – A board of county commissioners must ~~review~~ conduct a hearing on a request for refund ~~and must follow the time limitations set in G.S. 105-266.1 for holding a hearing and making a decision.~~ in accordance with the procedures that apply to a hearing held by a board of equalization and review on an appeal concerning the listing or appraisal of property. If the board decides that a refund is due, it must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. If the board finds that no refund is due, the written decision of the board must inform the taxpayer that the taxpayer may ~~ask the Secretary to review the decision. The board must send the Secretary a copy of a decision on a request for refund.~~appeal the decision to the Property Tax Commission.

(c) Review by ~~Secretary.~~ Commission. ~~A taxpayer whose request for a refund is denied by a board of county commissioners may obtain a review of the board's decision by the Secretary. The request must be made in writing and must be filed within 30 days after the taxpayer receives the board's decision denying the refund. The Secretary must send the board of county commissioners a copy of the Secretary's decision made on the request. If the Secretary~~ The procedure in G.S. 105-290 for the appeal to the Property Tax Commission of a decision of a board of equalization and review concerning the listing or appraisal of property applies to the appeal of a denial by a board of county commissioners of a request for a refund of tax paid under this Article. If the Commission determines that a refund is due, the board of county commissioners must refund the county's portion of the overpayment, together with any applicable interest, to the taxpayer. A decision of the Commission is binding on the Secretary ~~is binding~~ and on a board of county commissioners.

(d) Judicial Review. – A ~~taxpayer who disagrees with a~~ decision of the ~~Secretary~~ Property Tax Commission ~~may bring an action against the county and the State to recover the disputed overpayment. The action may be brought in the Superior Court of Wake County or in the superior court of the county where the tax was paid.~~is subject to judicial review in accordance with G.S. 7A-29.

(e) Recording Correct Deed. – Before a tax is refunded, the taxpayer must record a new instrument reflecting the correct amount of tax due. If no tax is due because an instrument was recorded in the wrong county, then the taxpayer must record a document stating that no tax was owed because the instrument being corrected was recorded in the wrong county. The taxpayer must include in the document the names of the grantors and grantees and the deed book and page number of the instrument being corrected.

When a taxpayer records a corrected instrument, the taxpayer must inform the register of deeds that the instrument being recorded is a correcting instrument. The taxpayer must give the register of deeds a copy of the decision granting the refund that shows the correct amount of tax due. The correcting instrument must include the deed book and page number of the instrument being corrected. The register of deeds must notify the county finance officer and the Secretary when the correcting instrument has been recorded.

(f) Interest. – An overpayment of tax bears interest at the rate established in G.S. ~~105-241.1(i)~~ 105-241.18 from the date that interest begins to accrue. Interest

begins to accrue on an overpayment 30 days after the request for a refund is filed by the taxpayer with the board of county commissioners."

SECTION 20. G.S. 105-239.1 reads as rewritten:

"**§ 105-239.1. Transferee liability.**

(a) Lien and Liability. – Property transferred for an inadequate consideration to a donee, heir, legatee, devisee, distributee, stockholder of a liquidated corporation, or any other person at a time when the transferor is insolvent or is rendered insolvent by reason of the transfer ~~shall be~~ is subject to a lien for any taxes owing by the transferor to the State of North Carolina at the time of the transfer whether or not the amount of the taxes has been ascertained or assessed at the time of the transfer. G.S. 105-241 applies to this tax lien. In the event the transferee has disposed of the property so that it cannot be subjected to the State's tax lien, the transferee ~~shall be~~ is personally liable for the difference between the fair market value of the property at the time of the transfer and the actual consideration, if any, paid to the transferor by the transferee.

~~Upon a foreclosure of the State's tax lien upon property in the hands of a transferee, the value of any consideration that the transferee proves has been given to the transferor shall be paid to the transferee out of the proceeds of the foreclosure sale before applying the proceeds toward the satisfaction of the State's tax lien.~~

~~In order to proceed against the transferee or property in the transferee's hands, the Secretary shall cause to be docketed in the office of the clerk of the superior court of the county wherein the transferee resides or the property is located, as the case may be, a certificate of tax liability as provided in G.S. 105-242 or a lien certificate which shall set forth the amount of the lien as determined by the Secretary or as finally determined upon appeal and a description of the property subject to the lien. Thereafter, execution may be issued against the transferee as in the case of other money judgments except that no homestead or personal exemption shall be allowable or, upon a lien certificate, an execution may be issued directing the sheriff to seize the property subject to the lien and sell same in the same manner as property is sold under execution. Such procedure and collection shall be subject to the provisions of subsection (c) of this section.~~

(b) Procedure. – Before the Secretary enforces a lien that arises under this section against property transferred by the taxpayer to another person or holds that person for the tax due, the Secretary must notify the person that the Secretary proposes to enforce the lien or hold the person liable and that the Secretary will proceed to do so unless the person objects to the action and files a request for review within the time set in G.S. 105-241.10 for requesting a Departmental review of a proposed assessment. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of the proposed action. The Secretary has the burden of establishing that a person to whom property was transferred is liable. The period of limitations for assessment of any liability against a transferee or enforcing the lien against the transferred property ~~shall expire~~ expires one year after the expiration of the period of limitations for assessment against the transferor.

(c) Enforcement. – The Secretary may use the collection remedies in G.S. 104-242 to enforce a lien or a liability that arises under this section. When property transferred by a taxpayer to another person is sold to satisfy the lien, the proceeds of the

sale must be used to pay the person the amount the person paid for the property before they are applied to satisfy the lien. ~~The provisions of G.S. 105-241.1, 105-241.2, 105-241.3, 105-241.4, 105-266.1 and 105-267 with respect to assessment procedure, demand for refund, review, and appeal shall apply to the liability of any transferee assessed under this section or of any property subject to the liability imposed by this section and to the assertion of a lien upon property in the hands of the transferee.~~

~~(d) In any proceeding before the Tax Review Board or in any court of the State the burden of proof shall be upon the Secretary of Revenue to show that a person is liable as a transferee of property of a taxpayer under this section.~~"

SECTION 21. G.S. 105-242(a) reads as rewritten:

"(a) ~~Warrants for Collection of Taxes.~~ Levy and Sale. – ~~If any tax levied by the State and payable to the Secretary has not been paid within 30 days after the taxpayer was given a notice of final assessment of the tax under G.S. 105-241.1(d1),~~ a taxpayer does not pay an assessment of a tax within 30 days after the Department sends the taxpayer a notice of final determination concerning the assessment, the Secretary may take either of the following actions to collect the tax:

(1) ~~The Secretary may issue~~ Issue a warrant ~~or an order under the Secretary's hand and official seal, directed to~~ directing the sheriff of any county of the ~~State, commanding him~~ State to levy upon and sell the real and personal property of the taxpayer found within the county for the payment of the ~~tax, including penalties and interest,~~ tax and the cost of executing the warrant and to return to the Secretary the money collected, within a time to be specified in the ~~warrant,~~ warrant but not less than 60 days from the date of the ~~warrant; the sheriff upon receipt of the warrant shall proceed in all respects with like effect and in the same manner prescribed by law in respect to~~ warrant. The procedure for executions issued against property upon judgments of a ~~court of record, and shall be entitled to the same fees for services in executing the warrant, to be collected in the same manner.~~court apply to executions under a warrant.

(2) ~~The Secretary may issue~~ Issue a warrant ~~or order under the Secretary's hand and seal~~ to any revenue officer or other employee of the Department ~~of Revenue~~ charged with the duty to collect taxes, commanding the officer or employee to levy upon and sell the taxpayer's personal property, including that described in G.S. 105-366(d), found within the State for the payment of the ~~tax, including penalties and interest.~~ tax. Except as otherwise provided in this subdivision, the levy upon the sale of personal property shall be governed by the laws regulating levy and sale under execution. The person to whom the warrant is directed shall proceed to levy upon and sell the personal property subject to levy in the same manner and with the same powers and authority normally exercised by sheriffs in levying upon and selling personal property under execution, except that the property may be sold in any county, in the discretion of the

Secretary. In addition to the notice of sale required by the laws governing the sale of property levied upon under execution, the Secretary may advertise the sale in any reasonable manner and for any reasonable period of time to produce an adequate bid for the property. Levy and sale fees, plus actual advertising costs, shall be added to and collected in the same manner as taxes. The Secretary is not required to file a report of sale with the clerk of superior court, as required by the laws governing sale of property levied upon under execution, if the sale is otherwise publicly reported."

SECTION 22. G.S. 105-242(b) reads as rewritten:

"(b) Garnishment and Attachment. – ~~Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, including property held in the Escheat Fund, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this Subchapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this Subchapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee; provided, however, the garnishee shall not become liable for any sums represented by or held pursuant to any negotiable instrument issued and delivered by the garnishee to the taxpayer and negotiated by the taxpayer to a bona fide holder in due course, and whenever any sums due by the taxpayer and subject to garnishment are so held or represented, the garnishee shall hold such sums for payment to the Secretary of Revenue upon the garnishee's receipt of such negotiable instrument, unless such instrument is presented to the garnishee for payment by a bona fide holder in due course in which event such sums may be paid in accordance with such instrument to such holder in due course. To effect such attachment or garnishment the Secretary of Revenue shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Secretary of Revenue or by any officer having authority to serve summonses or may be served in any manner provided in Rule 4 of the North Carolina Rules of Civil Procedure. The notice shall:~~

~~(1) Show the name of the taxpayer, and if known his Social Security number or federal tax identification number and his address;~~

~~(2) Show the nature and amount of the tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and~~

~~(3) Be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:~~

~~If the garnishee has no defense to offer or no setoff against the taxpayer, he shall within 10 days after service of said notice, answer the same by sending to the Secretary~~

~~of Revenue by registered or certified mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Secretary with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Secretary upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the Secretary by registered or certified mail; if the Secretary admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Secretary as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Secretary shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.~~

~~If judgment is entered in favor of the Secretary of Revenue by default or after hearing, the garnishee shall become liable for the taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month as provided in subdivision (e)(4) of this section. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Secretary of Revenue or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said taxes, interest, and penalties shall be those provided in this Subchapter, as now or hereafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Secretary, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by law in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Secretary at any time within 12 months after said intangible is paid to him and if the~~

~~Secretary finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-266.1, and if such payment is denied, said party may appeal from the determination of the Secretary under the provisions of G.S. 105-241.4; provided, that in taking an appeal to the superior court, said party may appeal either to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Secretary is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied.~~

~~This subsection shall be applicable with respect to the wages, salary or other compensation of officials and employees of this State and its agencies and instrumentalities, officials and employees of political subdivisions of this State and their agencies and instrumentalities, and also officials and employees of the United States and its agencies and instrumentalities insofar as the same is permitted by the Constitution and laws of the United States. In the case of State or federal employees, the notice shall be served upon such employee and upon the head or chief fiscal officer of the department, agency, instrumentality or institution by which the taxpayer is employed. In case the taxpayer is an employee of a political subdivision of the State, the notice shall be served upon such employee and upon the chief fiscal officer, or any officer or person charged with making up the payrolls, or disbursing funds, of the political subdivision by which the taxpayer is employed. Such head or chief officer or fiscal officer or other person as specified above shall thereafter, subject to the limitations herein provided, make deductions from the salary or wages due or to become due the taxpayer and remit same to the Secretary until the tax, penalty, interest and costs allowed by law are fully paid. Such deductions and remittances shall, pro tanto, constitute a satisfaction of the salary or wages due the taxpayer.~~ Intangible property that belongs to a taxpayer, is owed to a taxpayer, or has been transferred by a taxpayer under circumstances that would permit it to be levied upon if it were tangible property is subject to attachment and garnishment in payment of a tax due from the taxpayer if the Department has issued the taxpayer a notice of final determination concerning the tax and the taxpayer has not paid the tax. Intangible personal property includes bank deposits, rent, salaries, wages, and property held in the Escheat Fund. A person who is in possession of intangible property that is subject to attachment and garnishment is the garnishee and is liable for the amount the taxpayer owes. The liability applies only to the amount of the taxpayer's property in the garnishee's possession, reduced by any amount the taxpayer owes the garnishee. G.S. 105-242.1 sets out the procedure for attachment and garnishment of intangible property.

No more than ten percent (10%) of a taxpayer's wages or salary is subject to attachment and garnishment. The wages or salary of an employee of the United States,

the State, or a political subdivision of the State are subject to attachment and garnishment."

SECTION 23. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-242.1. Procedure for attachment and garnishment.**

(a) Notice. – G.S. 105-242 specifies when intangible property is subject to attachment and garnishment. Before the Department attaches and garnishes intangible property in payment of a tax, the Department must send the garnishee a notice of proposed garnishment. The notice may be sent in accordance with the methods authorized in G.S. 105-241.17 or by registered or certified mail. The notice must contain all of the following information:

(1) The taxpayer's name, address, and social security number or federal identification number.

(2) The type of tax the taxpayer owes and the tax periods for which the tax is owed.

(3) The amount of tax, interest, and penalties the taxpayer owes.

(4) The circumstances under which the proposed notice of garnishment will become final.

(5) A statement explaining the garnishee's liability for the tax.

(b) Action. – Within 30 days after receiving a notice of proposed garnishment, a garnishee must comply with the garnishment or file a written response to the proposed notice. A written response must explain why the garnishee is not subject to garnishment and attachment. Upon receipt of the written response, the Department must contact the garnishee and schedule a conference to discuss the response or inform the garnishee of the Department's position concerning the response. If the Department does not agree with the garnishee on the garnishee's liability, the Department may proceed to enforce the garnishee's liability for the tax by sending the garnishee a notice of proposed assessment in accordance with G.S. 105-241.9.

(c) Release. – When the Department releases a garnishee from liability, the Department must send the garnishee a letter of release. The letter must identify the taxpayer to whom the release applies and contain the identifying information about the taxpayer that is required under subsection (a) on a notice of proposed garnishment."

SECTION 24. G.S. 105-242(c) reads as rewritten:

"(c) Certificate ~~or Judgment for Taxes.~~ of Tax Liability. ~~In addition to the remedy herein provided, the Secretary of Revenue is authorized and empowered to make a certificate setting forth the essential particulars relating to the said tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same on the cross index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court (said tax shall become a lien on realty only from the date of the docketing of such certificate in the~~

~~office of the clerk of the superior court and on personalty only from the date of the levy on such personalty and upon the execution thereon no homestead or personal property exemption shall be allowed except as provided in subdivision (e)(1) of this section).~~ After the Department issues a final determination for an assessment, the Department may proceed to collect the tax due by filing a certificate of tax liability with the clerk of the superior court of any county in which the delinquent taxpayer resides or has property. The certificate must state the taxpayer's name and the type and amount of tax owed. The clerk must record the certificate as if it were a judgment. A recorded certificate is considered the equivalent of a judgment and is enforceable as if it were a judgment. The tax stated on a certificate is a lien on real property from the date the certificate is recorded and is a lien on personal property from the date of levy on the personal property.

~~Except as provided in G.S. 105-241.2(e) for jeopardy levies, no sale of real or personal property shall be made under any execution issued on a certificate docketed pursuant to the provisions of this subsection before the administrative action of the Secretary of Revenue or the Tax Review Board is completed when a hearing has been requested of the Secretary or a petition for review has been filed with the Tax Review Board, nor shall such sale be made before the assessment on which the certificate is based becomes final when there is no request for a hearing before the Secretary or petition for review by the Tax Review Board. Neither the title to real estate nor to personal property sold under execution issued upon a certificate docketed under this subsection shall be drawn in question upon the ground that the administrative action contemplated by this paragraph was not completed prior to the sale of such property under execution. Nothing in this paragraph shall prevent the sheriff to whom an execution is issued from levying upon either real or personal property pending an administrative determination of tax liability and, in the case of personal property, the sheriff may hold such property in his custody or may restore the execution defendant to the possession thereof upon the giving of a sufficient forthcoming bond. Upon a final administrative determination of the tax liability being had, if the assessment or any part thereof is sustained, the sheriff shall, upon request of the Secretary of Revenue, proceed to advertise and sell the property under the original execution notwithstanding the original return date of the execution may have expired.~~

~~The owner of tangible property seized under this section may request the Secretary to authorize the sale of the property under execution within 60 or more days after the request is made. The Secretary shall authorize the sale unless the Secretary finds that selling the property would not be in the best interests of the State. When property is sold at the request of the owner, the Department shall receive from the sale of the property the administrative expenses it incurred in having the property sold.~~

~~A certificate or judgment in favor of the State or the Secretary of Revenue for taxes payable to the Department of Revenue, whether docketed before or after the effective date of this paragraph, shall be valid and enforceable for a period of 10 years from the date of docketing. When any such certificate or judgment, whether docketed before or after the effective date of this paragraph, remains unsatisfied for 10 years from the date of its docketing, the same shall be unenforceable and the tax represented thereby shall~~

~~abate. Upon the expiration of said 10-year period, the Secretary of Revenue or his duly authorized deputy shall cancel of record said certificate or judgment. Any such certificate or judgment now on record which has been docketed for more than 10 years shall, upon the request of any interested party, be canceled of record by the Secretary of Revenue or his duly authorized deputy; provided, in the event of the death of the judgment debtor or his absence from the State before the expiration of the 10-year period herein provided, the running of said 10-year period shall be stopped for the period of his absence from the State or during the pendency of the settlement of the estate and for one year thereafter, and the time elapsed during the pendency of any action or actions to set aside the judgment debtor's conveyance or conveyances as fraudulent, or the time during the pendency of any insolvency proceeding, or the time during the existence of any statutory or judicial bar to the enforcement of the judgment shall not be counted in computing the running of said 10-year period. And, provided further, that any execution sale which has been instituted upon any such judgment before the expiration of the 10-year period may be completed after the expiration of the 10-year period, notwithstanding the fact that resales may be required because of the posting of increased bids. Provided further, that, notwithstanding the expiration of the 10-year period provided and notwithstanding the fact that no proceedings to collect the judgment by execution or otherwise has been commenced within the 10-year period, the Secretary of Revenue may accept any payments tendered upon said judgments after the expiration of said 10-year period.~~A certificate of tax liability is enforceable for a period of 10 years from the date it is recorded. If the certificate is not satisfied within this period, the remaining liability of the taxpayer is abated and the Department must cancel the certificate. An execution sale initiated before the end of the 10-year period may be completed after the end of this period, regardless of whether resales are required because of the posting of increased bids. The Secretary may accept tax payments made after a certificate has expired, regardless of whether any collection actions were taken before the certificate expired.

The 10-year period in which a certificate of tax liability is enforceable is tolled during the following periods:

(1) When the taxpayer is absent from the State. The period is tolled during the taxpayer's absence plus one year after the taxpayer returns.

(2) Upon the death of the taxpayer. The period is tolled while the taxpayer's estate is administered plus one year after the estate is closed.

(3) While an action is pending to set aside a conveyance made by the taxpayer as a fraudulent conveyance.

(4) While an insolvency proceeding against the taxpayer is pending.

(5) During the period of any statutory or judicial bar to the enforcement of the certificate."

SECTION 25. G.S. 105-258.1(a) reads as rewritten:

"(a) Scope. – This section applies to in-person interviews between a taxpayer and an officer or employee of the Department relating to the determination or collection of a tax, other than an in-person interview concerning any of the following:

(1) A criminal investigation.

(2) The determination or collection of a tax imposed by Article 2D of this Chapter.

~~(3) The assessment under G.S. 105-241.1(g) of a tax whose collection is in jeopardy.~~

(4) ~~The levy or execution under G.S. 105-241.2(e) of an assessment whose collection is in jeopardy.~~A jeopardy assessment and collection."

SECTION 26. G.S. 105-262(a) reads as rewritten:

"(a) The Secretary of Revenue may adopt rules needed to administer a tax collected by the Secretary or to fulfill another duty delegated to the Secretary. ~~The Tax Review Board shall review a new rule or a change to a rule before it is filed in the North Carolina Administrative Code~~. G.S. 150B-1 and Article 2A of Chapter 150B of the General Statutes set out the procedure for the adoption of rules by the Secretary."

SECTION 27. G.S. 105-449.39 reads as rewritten:

"**§ 105-449.39. Credit for payment of motor fuel tax.**

Every motor carrier subject to the tax levied by this Article is entitled to a credit on its quarterly report for tax paid by the carrier on fuel purchased in the State. The amount of the credit is determined using the flat cents-per-gallon rate plus the variable cents-per-gallon rate of tax in effect during the quarter covered by the report. To obtain a credit, the motor carrier must furnish evidence satisfactory to the Secretary that the tax for which the credit is claimed has been paid.

If the amount of a credit to which a motor carrier is entitled for a quarter exceeds the motor carrier's liability for that quarter, the ~~Secretary must refund the excess to the motor carrier in accordance with G.S. 105-266(a)(3).~~excess is refundable in accordance with G.S. 105-241.7."

SECTION 28. G.S. 105-449.119 reads as rewritten:

"**§ 105-449.119. ~~Hearing on~~ Review of civil penalty assessment.**

A person who denies liability for a penalty imposed under this Part must pay the penalty ~~under protest~~ and ~~make a written demand to the Department of Revenue for a refund. The written demand must be made within 30 days after the penalty is imposed and must explain why the person is not liable for the penalty. Upon receiving a demand for a refund, the Secretary must schedule a hearing on the matter before an employee or an agent of the Department. The hearing must be held within 30 days after receiving the written demand for a refund. If, after the hearing, the Department determines that the person was not liable for the penalty, the amount collected must be refunded. If, after the hearing, the Department determines that the person was liable for the penalty, the person paying the penalty may appeal the imposition of the penalty in accordance with G.S. 105-241.2, 105-241.3, and 105-241.4.~~ file a request for a Departmental review of the penalty. The request must be filed within the time set in G.S. 105-241.10 for requesting a Departmental review of a proposed assessment. The procedures in Article 9 of this Chapter for review of a proposed assessment apply to the review of the penalty. The date the penalty was imposed is considered the date the notice of proposed assessment was delivered to the taxpayer."

SECTION 29. In the General Statutes, references to the following statutes repealed by this act are deleted and substituted as provided in this section. The Revisor

of General Statutes is authorized to change the references in accordance with this section.

(1) References to the following statutory provisions repealed by this act are substituted with a reference to G.S. 105-241.18:
   a. G.S. 105-241.1(i).
   b. G.S. 105-241.1 in G.S. 105-160.4, G.S. 105-187.10, and G.S. 150B-2.
   c. G.S. 105-266 in G.S. 105-266.2, G.S. 105A-5, and G.S. 105A-8.

(2) References to former G.S. 105-241.1(g) and G.S. 105-241.2(e) are substituted with a reference to G.S. 105-241.20.

SECTION 30. This act becomes effective January 1, 2008. The procedures for review of disputed tax matters enacted by this act apply to assessments of tax that are not final as of the effective date of this act and to claims for refund pending on or filed on or after the effective date of this act. This act does not affect matters for which a petition for review was filed with the Tax Review Board under G.S. 105-241.2 before the effective date of this act. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date of this act. A petition filed with the Tax Review Board for an apportionment formula before the effective date of this act is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate.

SENATE BILL 242:
Review of Disputed Tax Matters

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 16, 2007
Introduced by:	Sen. Clodfelter	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S242-CSSVf-30		Committee Counsel

SUMMARY: The Proposed Committee Substitute for Senate Bill 242 substantially revises the process for the review of disputed tax matters to provide taxpayers with the opportunity for an independent hearing outside the Department prior to paying the tax. These revisions include administrative review by the Office of Administrative Hearings, elimination of the Tax Review Board, and expansion of the Business Court to include tax cases. The bill would also authorize opt-in class actions for taxpayers seeking a refund of tax based on the constitutionality of a tax statute.

This bill addresses two distinct yet related issues. First, the bill substantially revises the overall procedure for disputing tax matters. Second, the bill provides statutory guidance with regard to class actions involving a constitutional challenge to a tax statute. The second issue is a subset of the first, but it specifically relates to recent judicial interpretations of the 'payment under protest' rule. These two issues are explained separately in this bill analysis.

I. REVISION OF PROCESS FOR DISPUTED TAX MATTERS

The current tax appeals system is divided among assessments, refund claims for overpayments, and refund claims for the payment of an unconstitutional tax. Each type of claim involves a different procedure.

CURRENT LAW:

Assessments. – Upon receipt of a proposed notice of assessment, a taxpayer may request a hearing before the Secretary of Revenue. Prior to scheduling a hearing, the Department will seek to resolve the matter informally through phone conversations, letters, and conferences. If those negotiations are unsuccessful, the case proceeds to a hearing at the Department. In practice, the Secretary does not hold the hearing. Instead, the Secretary exercises the authority given in G.S. 105-260.1 and delegates the responsibility of conducting the hearing and making a decision to an Assistant Secretary of the Department, who serves as the Department's hearings officer. As an Assistant Secretary of the Department, this hearings officer is located within and employed by the Department. At the hearing, a taxpayer may be represented by an attorney, an accountant, or any person who has power of attorney for the taxpayer. The rules of evidence do not apply. The hearings officer does not have authority to decide constitutional issues. The hearings officer must issue a written decision within 90 days of the hearing. This decision is considered the Secretary's decision.

A taxpayer who is dissatisfied with the Secretary's decision may obtain an administrative review of the decision at the Tax Review Board, which is a three-member board consisting of the State Treasurer, the Chair of the North Carolina Utilities Commission, and an appointee of the Governor. The Board holds a hearing, but bases its review on the record established at the Department. The Board must issue a decision within 90 days after the hearing, and the decision may be appealed to superior court. Following this route, the superior court reviews the Tax Review Board's decision based on the record created at the Department. A taxpayer does not have to pay the proposed assessment while the case is under review.

In lieu of seeking review by the Tax Review Board, a taxpayer may pay the tax and bring an action in superior court within 30 days after notification of the Secretary's hearing decision. Following this route, the action in superior court is *de novo*.[1]

Decisions of superior court may be appealed to the North Carolina Court of Appeals and then to the North Carolina Supreme Court. The procedures for appeal from the superior court are the same, regardless of whether the action in superior court is based on the record established at the Department or is a *de novo* action.

Refunds. – The procedure for obtaining a refund of tax paid by a taxpayer depends on the nature of the claim. If the taxpayer is challenging the constitutionality of a tax, then the taxpayer must follow the procedure set out in G.S. 105-267, known as the "payment under protest rule." If the taxpayer claims that the tax paid was incorrect or excessive, then G.S. 105-266.1 governs the refund procedure. Under both statutes, the taxpayer is required to apply to the Secretary in writing for a refund. Under G.S. 105-267, the refund request must be made within three years after payment.[2] Under G.S. 105-266.1, the refund request must be made within three years after the date for filing of the return or within 6 months after payment of the tax, whichever is later.[3] At this stage, the procedure varies as follows:

a. ***Payment under protest (G.S. 105-267).*** – Once the refund request has been made, the Secretary has 90 days to issue a decision and refund the tax in accordance with the decision. If the tax is not refunded within 90 days, the taxpayer may file a civil action at any time within three years after the expiration of the 90-day period allowed for making the refund. Thus, a taxpayer potentially has a maximum of 6 years and 90 days to bring a civil action. If upon trial it is determined that all or part of the tax was levied for an "illegal or unauthorized purpose," judgment shall be rendered for the taxpayer, and the amount of the judgment must be refunded by the State.

b. ***Refunds for overpayment (G.S. 105-266.1).*** – The appeals route for overpayment claims is similar to the route for assessments. Once the refund request has been made, the Secretary reviews the request and notifies the taxpayer of the decision. If the refund is reduced or disallowed, the taxpayer may request a hearing. The Department will schedule a hearing within 90 days, unless the taxpayer and the Secretary agree to a later date. Within 90 days of the hearing, the Secretary must make a decision, notify the taxpayer, and adjust the tax in accordance with the decision. A taxpayer aggrieved by the Secretary's decision may, within 90 days after notification of the decision, either:

- Petition for administrative review before the Tax Review Board under G.S. 105-241.2[4] followed by appeal to the superior court on the record; or
- Bring a *de novo* civil action against the Secretary for recovery of the alleged overpayment.[5]

---

[1] A *de novo* action is one that is tried as if no decision had been previously rendered.

[2] The protest period for taxes paid on alcoholic beverages, tobacco products, and controlled substances is 30 days after payment.

[3] The statute of limitations period varies for overpayments associated with worthless debts or securities, capital losses and net operating losses, and returns reflecting a federal determination.

[4] Either party may appeal a decision of the Tax Review Board to superior court, then to the North Carolina Court of Appeals, and then to the North Carolina Supreme Court.

[5] Either party may appeal to the appellate division from the judgment of the superior court.

BILL ANALYSIS:

The Proposed Committee Substitute for Senate Bill 242 repeals the current statutes governing the process for administrative and judicial review of disputed tax matters and replaces them with a new procedure. Under this bill, the procedure for the review of a proposed assessment and a request for a refund would be substantially the same.

Departmental review. – A taxpayer who objects to a proposed denial of a refund or a proposed assessment may file a request for review by the Department. The Departmental review would potentially be a two-step process consisting of an initial review followed by an informal conference. The review would be performed by a Departmental employee who did not make the decision on the proposed denial or proposed assessment. If the review results in the Department granting the refund or removing the assessment, the matter ends there. If the review does not resolve the dispute, the Department may request additional information from the taxpayer and must schedule a conference with the taxpayer. The conference is intended to be an informal process in which the Department and the taxpayer stipulate the facts and issues upon which they agree and attempt to settle the dispute. If the Department and the taxpayer are unable to resolve the matter at conference, the Department must issue a final determination. The final determination must be issued within nine months after the date the taxpayer filed a request for review.

Final determination. – A final determination represents the Department's decision regarding a proposed denial of a refund or a proposed assessment. Once issued at the conclusion of the Departmental review process, it triggers the taxpayer's ability to seek further review regarding a disputed tax matter. The final determination must state the basis for the determination and inform the taxpayer of the procedure for contesting it. A final determination regarding a proposed assessment must additionally inform the taxpayer of the tax, interest, and penalties payable by the taxpayer, a statement that the tax liability is due and collectible unless the taxpayer contests the final determination, and an explanation of the collection options available to the Department.

Exhaustion of prehearing remedy. – Under this bill, the process of Departmental review, which may include a conference and concludes with the issuance of a final determination, is considered a taxpayer's 'prehearing remedy'. It must conclude within nine months after the taxpayer filed a request for Departmental review. A taxpayer must exhaust this prehearing remedy before seeking review of an adverse determination by the Department.

Contested case hearing at Office of Administrative Hearings. – The bill establishes the Office of Administrative Hearings (OAH) as the independent forum for the review of contested tax matters. Under current law, the Department of Revenue is exempt from the Administrative Procedure Act and administrative review of a disputed tax matter takes is conducted by a hearings officer within the Department followed by an appeal to the Tax Review Board. Under the bill, a taxpayer must first exhaust the prehearing remedy and then file a contested case with OAH. The case would follow the procedures set in Article 3 of Chapter 150B, which is the same procedure for virtually all other agency-citizen disputes. This would include a fact-finding trial before an administrative law judge who would issue a recommended decision. The recommended decision would be returned to the agency for a final decision.

Judicial review of final decision. – Under current law, Article 4 of Chapter 150B authorizes a person who is aggrieved by a final decision in a contested case to seek judicial review in superior court in Wake County or in the county in which the person resides by filing a petition within 30 days after being served with the decision. This bill would allow a taxpayer to seek judicial review of a final decision by the Department of Revenue in accordance with that Article. However, the Business Court would have

exclusive jurisdiction to review the case. A taxpayer may further appeal a decision of the Business Court to the North Carolina Court of Appeals.

Expansion of Business Court jurisdiction. – Currently, the North Carolina Business Court only handles cases involving complex and significant issues of corporate and commercial law, which are assigned by the Chief Justice of the North Carolina Supreme Court and designated "Complex Business Cases." This bill would add virtually all tax cases to the jurisdiction of the Business Court, which would be renamed the "Business and Tax Court." This change is designed to provide both taxpayers and the State alike with a specialized forum for tax cases where it is anticipated that the court will develop expertise in this often complex area of the law.

Civil action. – With some limitations, current law allows a taxpayer to pay a disputed tax and bring a civil action in superior court in lieu of administrative review. Under the bill, a taxpayer would not be able to pay the tax at any point during the process and bring a civil action. Instead, a taxpayer would be required to exhaust his administrative remedy first by seeking Departmental review and commencing a contested case hearing at OAH. Moreover, a taxpayer would only be able to initiate a civil action when the matter involves a challenge to the constitutionality of a statute on its face. All other matters would be resolved through judicial review of the record created at OAH.

Constitutional claims. – Generally speaking, the constitutionality of a statute may be subject to a 'facial' or an 'as applied' challenge. With an 'as applied' challenge, the plaintiff contends that the application of a statute to the person's particular facts and circumstances is unconstitutional. The practical effect of holding a statute unconstitutional, as applied, is to prevent its future application in a similar context, but it does not render the statute utterly inoperative. With a facial challenge, the plaintiff contends that no set of circumstances exists in which the statute can be constitutionally applied.

If the only basis for disputing a tax is that the statute imposing the tax is unconstitutional on its face, the matter may only be resolved by the judicial branch. Neither executive agencies nor the Office of Administrative Hearings, which is a quasi-judicial body, have authority to determine the facial validity of a statute. However, this bill does not allow a taxpayer to bypass the Departmental review process or OAH altogether and proceed directly to court when the matter involves a constitutional claim. Under this bill, a taxpayer is required to exhaust the administrative remedy before going to court.

Therefore, constitutional claims may follow one of two paths under this bill:

1. Application of statute. – If the claim involves a constitutional challenge to the application of a tax statute, then the taxpayer would proceed with a contested case at OAH. OAH would serve as the fact-finding body and establish the record in the case. The administrative law judge would make a recommended decision regarding the application of the statute based on the facts elicited at trial. If the final decision is adverse to the taxpayer, the taxpayer would have 30 days to file a petition with the Business and Tax Court seeking judicial review of the decision.

2. Facial challenge. – If the claim involves a challenge to the facial validity of the statute, the Office of Administrative Hearings would dismiss the case for lack of jurisdiction. The taxpayer may, within 30 days, seek judicial review of the dismissal. The taxpayer would also have two years to file a new civil action. Either of these actions would take place in the Business and Tax Court.

Elimination of Tax Review Board. – The bill would eliminate the Tax Review Board as well as the Augmented Tax Review Board. Under the revised review and appeals process, the role of the Tax

Review Board would no longer be needed because OAH would be the independent arbiter of disputed tax matters and the jurisdiction of the Business and Tax Court would include the review of tax cases.

II. CLASS ACTIONS AND CONSTITUTIONAL CHALLENGES

CURRENT LAW: G.S. 105-267 is known as the 'payment under protest' rule and sets out the procedure for a taxpayer seeking to challenge the constitutionality of a tax. The protest rule has proven problematic for both the Department and tax practitioners. The statute's vagueness has raised issues with regard to what constitutes a valid protest, whether all similarly situated taxpayers must file a protest, and when a protest should be filed to best serve the taxpayer. The North Carolina Supreme Court further muddied the waters in 1998 when it held in *Bailey II*[6] that all taxpayers who had their benefit contracts wrongfully impaired by the State, not just those who complied with G.S. 105-267, were entitled to refunds. The Court found that G.S. 105-267 was simply a procedural requirement designed to give the State notice of potential liabilities and allow it to budget accordingly. In addition to finding that the State did have sufficient notice of its potential liability for all taxpayers involved, the Court also seemed to be influenced by the fact that North Carolina does not provide taxpayers with any predeprivation procedures for determining the legality of a tax. Thus, after *Bailey II*, it appears as if a taxpayer pays under protest and initiates litigation, then all other similarly situated taxpayers stand to benefit from the protest if the litigation is successful.

In October 2006, the North Carolina Court of Appeals issued a decision in the Dunn case that further undercuts, and virtually obliterates, the protest rule and greatly expands the scope of *Bailey II* in unprecedented ways. First, the court certified a class consisting of members who have not paid the tax in question under the particular statute being challenged. Second, the court included as members of the class all persons or entities who have paid the tax on interest from out-of-state obligations from October 29, 2000 through the date of final judgment, regardless of whether they filed a protest.

In *Bailey II*, the Court said that the requirement of filing a written demand prior to filing suit was only required to the extent the State has notice of its potential fiscal liability. The *Dunn* Court went even further stating that as long as the State had notice that a tax was being challenged, the requirement was met and the burden was on the State to figure out its potential liability. Under *Dunn*, the protest requirement, which was originally intended to provide the State with notice, has become meaningless because it is only after a court determines who should make up the class that the State can begin to determine its potential liability, and class certification may occur years after the payment of the tax. North Carolina Supreme Court has granted the Department of Revenue's petition for review on the issue of class certification in the *Dunn* case.

Notably, class actions are prohibited in United States Tax Court and class action refund suits in other federal courts require that every member of the class file a written demand.

BILL ANALYSIS: The bill specifically authorizes class actions for taxpayers seeking a refund of tax based on the constitutionality of a tax statute. A taxpayer would be required to request a refund from the Department and affirmatively opt-in to the class action by providing the court with written consent. The period for filing a refund claim would be tolled by the filing of a class action for all taxpayers who could have filed a refund claim on the date the class action was commenced.

EFFECTIVE DATE: This bill would become effective January 1, 2008. The new review procedures would apply to assessments of tax that are not final as of the effective date and to claims for refund pending on or filed on or after the effective date. The bill would not affect matters for which a petition

[6] In Bailey v. State of North Carolina, 348 N.C. 130, 500 S.E.2d 54 (1998), the Court found unconstitutional legislation that placed a cap on a tax exemption for state and local government employees' retirement benefits.

for review was filed with the Tax Review Board under G.S. 105-241.2 prior to the effective date. The repeal of G.S. 105-122(c) and G.S. 105-130.4(t) and Sections 11 and 12 apply to requests for alternative apportionment formulas filed on or after the effective date. A petition filed with the Tax Review Board for an apportionment formula before the effective date is considered a request under G.S. 105-122(c1) or G.S. 105-130.4(t1), as appropriate.

BACKGROUND: The issue of disputed tax matters has been studied by the Revenue Laws Study Committee on several occasions within the last five years. Most recently, S.L. 2006-196 directed the Revenue Laws Study Committee to study the administrative process for the review of disputed tax matters. The Committee did, in fact, study this issue extensively during the interim. While the Committee lacked sufficient time to develop a consensus proposal prior to the start of the 2007 General Assembly, the Committee made significant strides in identifying issues and anticipated that those issues would be further developed during the legislative session. Senate Bill 242 does represent, in large part, the proposal presented to the Committee and included in its report.

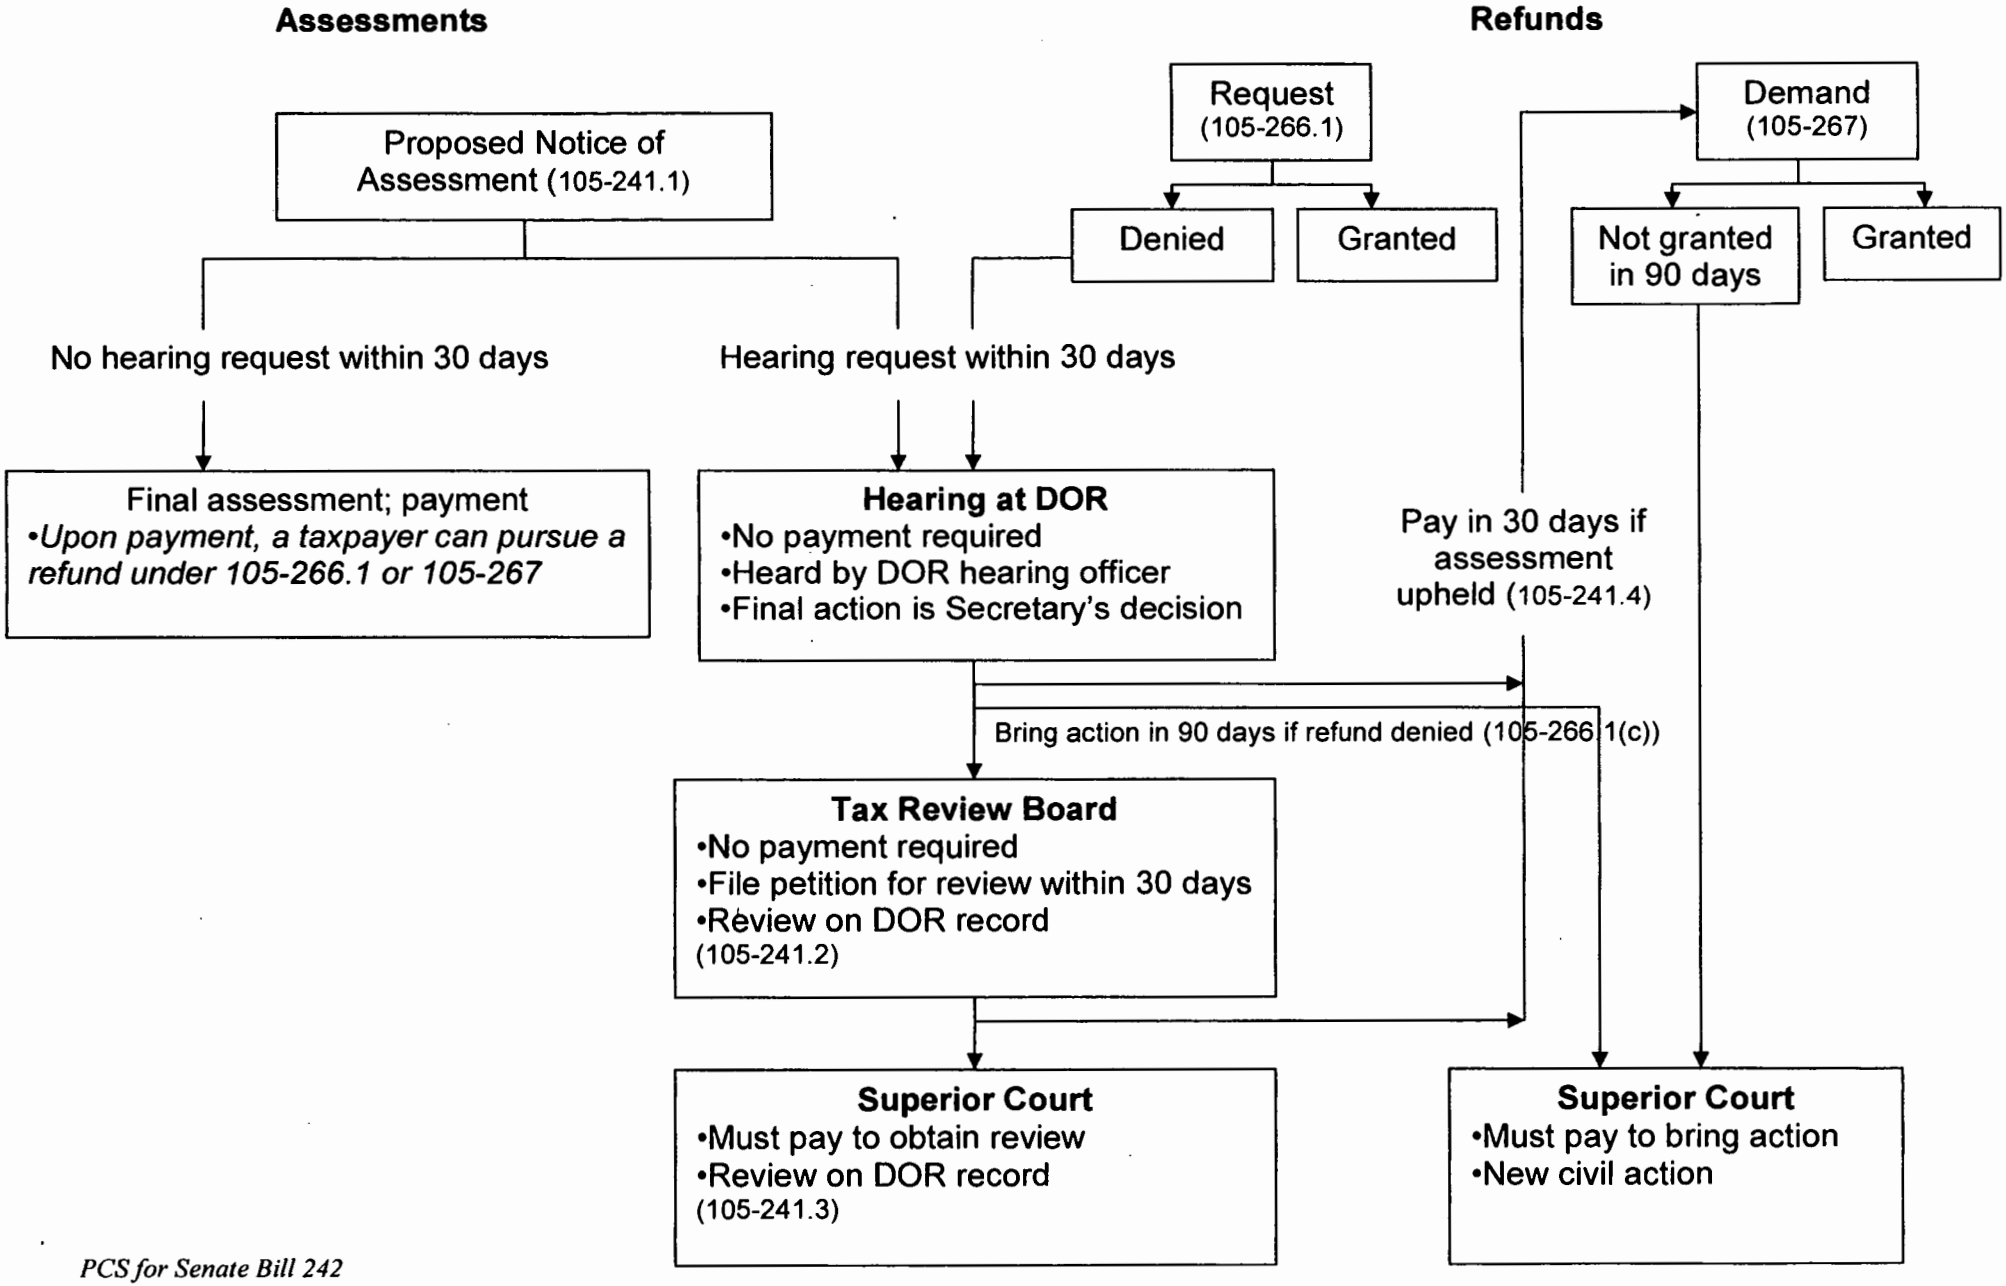
Current Process
Review of Disputed Tax Matters



Proposed Process
Review of Disputed Tax Matters

Assessments

Proposed Notice of Assessment

Refunds

Request for Refund

No request for review within 45 days

Request for review within 45 days

Granted

Department sends notice of final determination.
Upon payment, a taxpayer can pursue a refund.

Departmental Review

- 2-step process:
  1. Review
  2. Conference
- If Department and taxpayer cannot resolve dispute, Department must issue final determination.
- Departmental review must conclude and final determination must be issued within 9 months after taxpayer filed request for review.

60 days

Contested Case Hearing at OAH

- Independent tribunal; no payment required.
- Record created here.
- Constitutional claims:
  1. Challenge to application of statute – factual record established at OAH.
  2. Challenge to statute itself – OAH must dismiss for lack of jurisdiction.

30 days

Business and Tax Court

- Taxpayer must pay tax.
- Judicial review of final agency decision; review on OAH record.
- A taxpayer may file civil action if case dismissed by OAH because of constitutional claim. Action must be filed within 2 years of dismissal and review is *de novo*.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 242

Short Title:	Uniform Tax Refund Procedure.	(Public)
Sponsors:	Senators Clodfelter, Dalton, Hartsell, Hoyle, Kerr; Goodall, and Snow.	
Referred to:	Finance.	

February 21, 2007

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH A UNIFORM PROCEDURE FOR TAX REFUND CLAIMS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-266 and G.S. 105-266.1 are repealed.

SECTION 2. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-265.1. Refunds of overpayment of taxes.**

(a) Without Demand. – If the Secretary discovers that a taxpayer has overpaid the correct amount of a tax, the overpayment must be refunded to the taxpayer as soon as possible together with any applicable interest. The Secretary may issue a refund of an overpayment only after the taxpayer has filed the final return for the tax period.

(b) Upon Demand. – A taxpayer who claims to have overpaid a tax may file a demand for a refund with the Secretary. The taxpayer must file the demand within the statute of limitations set out in G.S. 105-265.2. A demand for refund must be in a form prescribed by the Secretary and must identify the taxpayer, the type and amount of tax overpaid, the period included, and the reasons for the refund, including law or other authority upon which the taxpayer relies. The Secretary must either grant or deny the demand for a refund within six months from the date the demand is filed, unless this period is extended by written agreement of the taxpayer and the Secretary. The Secretary must notify the taxpayer of the decision to grant or deny the refund demand and must issue or adjust the refund, if applicable, in accordance with the decision. If the Secretary fails to grant a refund within the six-month period, the demand for refund is deemed denied.

(c) Hearing. – A taxpayer who receives a written decision from the Secretary denying a refund demand may file a written request for a hearing before the Secretary at any time within 30 days after the date the decision was mailed. A taxpayer whose demand for refund is deemed denied may file a written request for a hearing at any time within 60 days after the expiration of the six-month period set out in subsection (b) of

this section. The Secretary must grant a hearing on each timely demand for a hearing. Within 60 days after a timely demand for a hearing has been filed and at least 10 days before the date set for the hearing, the Secretary shall notify the taxpayer in writing of the time and place at which the hearing will be conducted. The date set for the hearing shall be within 90 days after the timely request for a hearing was filed or at a later date mutually agreed upon by the taxpayer and the Secretary. The date set for the hearing may be postponed once, at the request of the taxpayer or the Secretary, for a period of up to 90 days or for a longer period mutually agreed upon by the taxpayer and the Secretary. The rules of evidence do not apply in a hearing before the Secretary under this section.

Within 90 days after conducting a hearing under this subsection, the Secretary must make a decision on the refund demand, notify the taxpayer of the decision, and adjust the computation of the tax in accordance with the decision. The Secretary must refund to the taxpayer in accordance with this Article the amount of any overpayment of tax.

(d) Civil Action. – Instead of requesting a hearing in accordance with subsection (c) of this section, a taxpayer may within 90 days of the denial of a refund demand bring a civil action against the Secretary for recovery of the alleged overpayment. No suit shall be maintained in any court for the recovery of any overpayment of tax unless the taxpayer seeking a refund has filed a written demand for a refund in accordance with subsection (b) of this section and the Secretary has denied the demand for refund.

If upon the trial it is determined that all or part of the tax constituted an overpayment, judgment shall be rendered therefor, with interest, and the judgment shall be collected as in other cases. The amount of taxes for which judgment is rendered shall be refunded by the State. The court may not order in its judgment the issuance of a refund to any taxpayer who has not filed a written request for a refund in accordance with this section.

(e) Venue. – If the alleged overpayment is more than two hundred dollars ($200.00), the taxpayer may bring the action either in the Superior Court of Wake County or in the superior court of the county in which the taxpayer resides; if the alleged overpayment is two hundred dollars ($200.00) or less, the taxpayer may bring the action in any State court of competent jurisdiction in Wake County.

(f) Limitation on Class Actions. – No class action for a refund of overpayment of tax may be maintained in any court unless each taxpayer in the class has filed a written demand for a refund in accordance with subsection (b) of this section.

(g) Appeal. – Either party may appeal to the appellate division from the judgment of the superior court under the rules and regulations prescribed by law for appeals, except that if the Secretary appeals, the Secretary is not required to give any undertaking or make any deposit to secure the cost of the appeal.

(h) Refunds Prohibited. – The Secretary may not refund any of the following:

(1) An overpayment set off under Chapter 105A of the General Statutes, the Setoff Debt Collection Act, or under another setoff debt collection program authorized by law.

(2) An income tax overpayment the taxpayer has elected to apply to another purpose as provided in this Article.

(3) An individual income tax overpayment of less than one dollar ($1.00) or another tax overpayment of less than three dollars ($3.00), unless the taxpayer makes a written demand for the refund."

SECTION 3. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-265.2. Statute of limitations for refunds.**

The period in which a refund must be demanded or discovered under this Article is determined as follows:

(1) General rule. – No overpayment shall be refunded, whether upon discovery or receipt of written demand, if the discovery is not made or the demand is not received within three years after the date set by the statute for the filing of the return or within six months after the payment of the tax alleged to be an overpayment, whichever is later. An agreement by a taxpayer to extend the time in which the Department can assess the taxpayer for an underpayment automatically extends the time in which the taxpayer can demand a refund.

(2) Worthless debts or securities. – Section 6511(d)(1) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to either of the following:

a. The deductibility by the taxpayer under section 166 of the Code of a debt that becomes worthless, or under section 165(g) of the Code of a loss from a security that becomes worthless.

b. The effect of the deductibility of a debt or loss described in sub-subdivision a. of this subdivision on the application of a carryover to the taxpayer.

(3) Capital loss and net operating loss carrybacks. – Section 6511(d)(2) of the Code applies to an overpayment of the tax levied in Part 2 or 3 of Article 4 of this Chapter to the extent the overpayment is attributable to a capital loss carryback under section 1212(c) of the Code or to a net operating loss carryback under section 172 of the Code.

(4) Federal determination. – When a taxpayer files with the Secretary a return that reflects a federal determination and the return is filed within the required time, the period in which a refund must be demanded or discovered is one year after the return reflecting the federal determination is filed or three years after the original return was filed or due to be filed, whichever is later."

SECTION 4. Article 9 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-265.3. Interest on refunds.**

An overpayment of tax bears interest at the rate established in G.S. 105-241.1(i) from the date that interest begins to accrue until a refund is paid. A refund sent to a taxpayer is considered paid on a date determined by the Secretary that is no sooner than five days after a refund check is mailed.

A refund set off against a debt pursuant to Chapter 105A of the General Statutes is considered paid five days after the Department mails the taxpayer a notice of the setoff, unless G.S. 105A-5 or G.S. 105A-8 requires the agency that requested the setoff to return the refund to the taxpayer. In this circumstance, the refund that was set off is not considered paid until five days after the agency that requested the refund mails the taxpayer a check for the refund.

Interest on an overpayment of a tax, other than a tax levied under Article 4 or Article 8B of this Chapter, accrues from a date 90 days after the date the tax was originally paid by the taxpayer until the refund is paid. Interest on an overpayment of a tax levied under Article 4 or Article 8B of this Chapter accrues from a date 45 days after the latest of the following dates until the refund is paid:

(1) The date the final return was filed.

(2) The date the final return was due to be filed.

(3) The date of the overpayment.

The date of an overpayment of a tax levied under Article 4 or Article 8B of this Chapter is determined in accordance with section 6611(d), (f), (g), and (h) of the Code.

SECTION 5. G.S. 105-267 reads as rewritten:

"**§ 105-267. ~~Taxes to be paid;~~ Limitation on suits for recovery of taxes.**

No court of this State shall entertain a suit of any kind brought for the purpose of preventing the collection of any tax imposed in this Subchapter. Whenever a person has a valid defense to the enforcement of the collection of a tax, the person shall pay the tax to the proper ~~officer,~~ officer and demand a refund in accordance with G.S. 105-265.1. ~~and that payment~~ The payment of the tax shall be without prejudice to any defense of rights the person may have regarding the tax. ~~At any time within the applicable protest period, the taxpayer may demand a refund of the tax paid in writing from the Secretary and if the tax is not refunded within 90 days thereafter, may sue the Secretary in the courts of the State for the amount demanded. The protest period for a tax levied in Article 2A, 2C, or 2D of this Chapter is 30 days after payment. The protest period for all other taxes is three years after payment.~~

~~The suit may be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides at any time within three years after the expiration of the 90-day period allowed for making the refund. If upon the trial it is determined that all or part of the tax was levied or assessed for an illegal or unauthorized purpose, or was for any reason invalid or excessive, judgment shall be rendered therefor, with interest, and the judgment shall be collected as in other cases. The amount of taxes for which judgment is rendered in such an action shall be refunded by the State. G.S. 105-241.2 provides an alternate procedure for a taxpayer to contest a tax and is not in conflict with or superseded by this section.~~"

SECTION 6. G.S. 105-113.113(a) reads as rewritten:

"(a) Special Account. – The Secretary shall credit the proceeds of the tax levied by this Article to a special nonreverting account, to be called the State Unauthorized Substances Tax Account, until the tax proceeds are unencumbered. The Secretary shall remit the unencumbered tax proceeds as provided in this section on a quarterly or more frequent basis. Tax proceeds are unencumbered when either of the following occurs:

(1) The tax has been fully paid and the taxpayer has no current right under ~~G.S. 105-267~~Article 9 of this Chapter to seek a refund.

(2) The taxpayer has been notified of the final assessment of the tax under G.S. 105-241.1 and has neither fully paid nor timely contested the tax under ~~G.S. 105-241.1 through G.S. 105-241.4 or G.S. 105-267.~~Article 9 of this Chapter."

SECTION 7. G.S. 105-239.1(c) reads as rewritten:

"(c) The provisions of G.S. 105-241.1, 105-241.2, 105-241.3, 105-241.4, ~~105-266.1 and 105-267~~and 105-265.1 with respect to assessment procedure, demand for refund, review, and appeal ~~shall~~ apply to the liability of any transferee assessed under this section or of any property subject to the liability imposed by this section and to the assertion of a lien upon property in the hands of the transferee."

SECTION 8. G.S. 1-52(15) reads as rewritten:

"(15) For the recovery of taxes paid as provided in ~~G.S. 105-267 and~~ G.S. 105-381."

SECTION 9. G.S. 20-99(b)(3) reads as rewritten:

"(3) Shall be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:

If the garnishee has no defense to offer or no setoff against the taxpayer, he shall, within 10 days after service of said notice, answer the same by sending to the Commissioner of Motor Vehicles by registered mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Commissioner with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Commissioner upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the Commissioner by registered mail; if the Commissioner admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Commissioner as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Commissioner shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his

objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.

If judgment is entered in favor of the Commissioner of Motor Vehicles by default or after hearing, the garnishee shall become liable for the taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Commissioner of Motor Vehicles or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said taxes, interest, and penalties shall be those provided in ~~G.S. 105-267, as now or hereafter amended or supplemented.~~ Article 9 of Chapter 105 of the General Statutes. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Commissioner, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by the General Statutes in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Commissioner at any time within 12 months after said intangible is paid to him and if the Commissioner finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-407 and if such payment is denied, said party may appeal from the determination of the Commissioner to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Commissioner is of opinion that the only effective remedy is that

herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied: Provided, however, that no salary or wage at the rate of less than two hundred dollars ($200.00) per month, whether paid weekly or monthly, shall be attached or garnished under the provisions of this section."

SECTION 10. This act becomes effective January 1, 2008, and applies to taxes paid on or after that date.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 531

Short Title:	Regulation of Golf Carts in Morrisville.	(Local)
Sponsors:	Senator Cowell.	
Referred to:	State & Local Government.	

March 7, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWN OF MORRISVILLE TO REGULATE GOLF CARTS ON PUBLIC STREETS OR HIGHWAYS WITHIN THE CITY OR ON PROPERTY OWNED OR LEASED BY THE CITY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of S.L. 2006-27 reads as rewritten:

"**SECTION 1.** This act applies to the City of Saluda and the ~~Town~~ Towns of Faison and Morrisville only."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 531:
Regulation of Golf Carts in Morrisville

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 16, 2007
Introduced by:	Sen. Cowell	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 531 authorizes the Town of Morrisville to regulate the operation of golf carts on public streets or highways within the Town, as well as on any property owned or leased by the Town, and it allows the Town to charge a fee for registration. The bill becomes effective when it becomes law. SB 531 received a favorable report from Senate State & Local Government Committee on April 25, 2007.

CURRENT LAW:

Under current law, vehicles intended to be operated on the streets and highways of the State must be registered (G.S. 20-50). Golf carts may not be registered (G.S. 20-54), and therefore may not operate on the streets and highways.

G.S. 20-4.01.(12a) defines a golf cart as a vehicle designed and manufactured for operation on a golf course for sporting or recreational purposes and that is not capable of exceeding speeds of 20 miles per hour.

BILL ANALYSIS:

Senate Bill 531 amends S.L. 2006-27 to allow the Town of Morrisville to enact an ordinance to regulate the operation of golf carts on any public street or highway within the city limits, or on any property owned or leased by the town. With regard to golf carts, by ordinance, the town may:

- require registration,
- charge a fee for the registration,
- specify the persons authorized to operate,
- specify required equipment,
- specify load limits, and
- specify hours and methods of operation.

BACKGROUND:

- The General Assembly has enacted legislation for golf carts in the following locations: Lake Waccamaw (S.L. 2001-356), Cary (S.L. 2001-485), Whispering Pines (S.L. 2002-82), Seven Lakes (S.L. 2002-82).
- The General Assembly has enacted legislation for golf carts and utility vehicles in: Beech Mountain (S.L. 2003-124) and Seven Devils (S.L. 2004-58).
- The General Assembly has enacted golf cart legislation allowing fees to be charged in: the Town of Lake Waccamaw (S.L. 2001-356); the Village of Bald Head Island (S.L. 2002-129); and the Towns of Elizabethtown, Rose Hill, and Bladenboro (S.L. 2005-11); Benson, Chadbourn and Tabor City (S.L. 2006-149); and Clarkton (S.L. 2006-152).
- The General Assembly has enacted legislation to allow the Town of Caswell Beach to regulate golf carts on any street or road within the confines of the municipal limits (S.L. 2006-149).

The General Assembly has enacted legislation to allow the operation of golf carts on any public street or highway within the city limits, or on any property owned or leased by the town in: the City of Saluda and the Town of Faison (S.L. 2006-27).

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2005

SESSION LAW 2006-27
SENATE BILL 1328

AN ACT TO AUTHORIZE THE CITY OF SALUDA AND THE TOWN OF FAISON TO REGULATE GOLF CARTS ON PUBLIC STREETS OR HIGHWAYS WITHIN THE CITY OR ON PROPERTY OWNED OR LEASED BY THE CITY.

The General Assembly of North Carolina enacts:

SECTION 1. This act applies to the City of Saluda and the Town of Faison only.

SECTION 2. Notwithstanding the provisions of G.S. 20-50 and G.S. 20-54, a town may, by ordinance, regulate the operation of golf carts on any public street or highway within the city limits, or on any property owned or leased by the city.

By ordinance, a city may require the registration of golf carts, charge a fee for the registration, specify who is authorized to operate golf carts, and specify the required equipment, load limits, and the hours and methods of operation of golf carts.

SECTION 3. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 28th day of June, 2006.

SENATE BILL 716*

Short Title:	Poultry Products Inspection Act Penalties.-AB	(Public)
Sponsors:	Senators Albertson; Bingham, Hoyle, Kerr, Purcell, and Snow.	
Referred to:	Judiciary I (Civil).	

March 14, 2007

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR CIVIL PENALTIES FOR VIOLATIONS OF THE POULTRY PRODUCTS INSPECTION ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 106-549.35(c) reads as rewritten:

"(c) The Commissioner may assess a civil penalty of not more than five thousand dollars ($5,000) against any person who violates a provision of this ~~Article or~~Article, Article 49B, Article 49D, or any rule ~~promulgated thereunder.~~adopted under any of these Articles. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation.

The clear proceeds of civil penalties assessed pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

SECTION 2. This act becomes effective October 1, 2007, and applies to penalties assessed on or after that date.

SENATE BILL 716:
Poultry Products Inspection Act Penalties.-AB

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 16, 2007
Introduced by:	Sen. Albertson	**Summary by:**	Judy Collier
Version:	First Edition		Research Assistant

SUMMARY: Senate Bill 716 provides for a civil penalty for violations of the Poultry Products Inspections Act.

SB 716 received a favorable report from Senate Judiciary I (Civil) Committee on April 3, 2007.

[As introduced, this bill was identical to H589, as introduced by Rep. Hill, which is currently in Senate Ref to Agriculture/Environment/Natural Resources. If fav, re-ref to Finance.]

CURRENT LAW: The North Carolina Department of Agriculture and Consumer Services is authorized to assess a $5,000 civil penalty for violations of Article 49B, Meat Inspections Requirements, and Article 49C, Federal/State Cooperation as to Meat Inspections.

Article 49D of Chapter 106 sets forth the Poultry Products Inspections Act, which has criminal penalties for violations of certain provisions. Other provisions, such as the labeling standards, carry no criminal penalty.

BILL ANALYSIS:

Senate Bill 716 amends G.S. 106-549.35(c) to add Article 49D, Poultry Products Inspections, to the section providing that a civil penalty of up to $5,000 may be imposed for violations of that Article.

The proceeds of any civil penalty are to be remitted to the Civil Penalty and Forfeiture Fund for the schools.

EFFECTIVE DATE:

The act becomes effective October 1, 2007, and applies to penalties assessed on or after that date.

SENATE BILL 768
PROPOSED COMMITTEE SUBSTITUTE S768-CSRBx-16 [v.3]

5/16/2007 11:19:39 AM

Short Title: Public Health Authority Changes. (Public)

Sponsors:

Referred to:

March 15, 2007

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE PAYMENT OF A STIPEND TO PUBLIC HEALTH AUTHORITY BOARDS AND TO AUTHORIZE PUBLIC HEALTH AUTHORITY BOARDS TO ENTER INTO INSTALLMENT CONTRACTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-45.1(k) reads as rewritten:

"(k) ~~Board members shall receive no compensation for their services, but they shall be entitled to reimbursement for subsistence and travel expenses incurred in the discharge of their duties.~~ Board members may receive per diem in an amount established by the county commissioner members of the Public Health Authority Board. Reimbursement for subsistence and travel shall be in accordance with a policy set by the county commissioner members of the Public Health Authority Board."

SECTION 2. G.S. 130A-45.3(a) is amended by adding a new subdivision to read:

"(a) A public health authority shall have all the powers necessary or convenient to carry out the purposes of this Part, including the following powers to:

...

(18) To purchase or finance real or personal property in the manner provided for cities and counties under G.S. 160A-20."

SECTION 3. G.S. 160A-20(h) reads as rewritten:

"(h) Local Government Defined. – As used in this section, the term "unit of local government" means any of the following:

...

(13) A public health authority created under Part 1B. of Article 2 of Chapter 130A of the General Statutes."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 768:
Public Health Authority Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 15, 2007
Introduced by:	Sen. Hartsell	**Summary by:**	Cindy Avrette
Version:	PCS to First Edition S768-CSRB		Committee Counsel

SUMMARY: The proposed committee substitute for Senate Bill 768 would do two things:

- ***It would allow the members on a public hospital authority board to receive a stipend.***
- ***It would allow a public health authority to finance real and personal property by installment contracts and other means of indebtedness authorized by G.S. 160A-20.***

The bill is effective when it becomes law.

CURRENT LAW: A county must provide public health services. It can do so through a variety of ways, one of which is the creation of a public health authority. The Public Health Authorities Act, enacted in 1997, allows one or more counties to create an autonomous public body that has the power and duty to provide the public health services for the county or counties that are required by law. A public health authority may be created upon joint resolution of one or more county board of commissioners and their respective local boards of health. A public health authority board is the policy-making, rule-making, and adjudicatory body for a public health authority. A board may have no fewer than seven members and no more than 11 members.[1] Board members may receive reimbursement for expenses, but they may not receive compensation for their services. A public authority board may construct, operate, and maintain public health facilities, it may own or lease property, and it may acquire real and personal property. However, it does not have the power to borrow money to finance the acquisition of property.

There are two counties that provide their public health services through a public health authority: Cabarrus and Hertford Counties. Cabarrus County formed its public health authority hospital authority act. Under that authority, it may borrow money to finance the purchase of property. Hertford County formed its public health authority under the Public Health Authorities Act. The Hertford County Public Health Authority has been in existence for almost three years.

BILL ANALYSIS: Senate Bill 768 would authorize the payment of a stipend to public health authority boards; it would authorize boards to borrow money to finance real and personal property purchases; and it would allow boards to establish lines of credit to cover cash flow for public health expenditures.

The proposed committee substitute would do the following:

- It would authorize the payment of a stipend to public health authority boards. Members of a county board of health and a district board of health may receive per diem as well as reimbursement for expenses. A county board of health may receive per diem in an amount established by its board of county commissioners. A district board of health, which is created by two or more counties, may receive per diem in an amount established by the county commissioner members of the board. This bill would provide that a public health authority

[1] Boards that intend to pursue federally qualified health center status may have no fewer than nine and no more than 25 members. The Hertford Public Authority Board has nine members and it meets monthly.

board could receive per diem in an amount established by the county commissioner members of the board. The Hertford Public Health Authority, which is comprised by a single county, has one county commissioner member. (no change from original bill)

- It would allow public health authority boards to finance the purchase of property and improvements to property in the same manner as counties and cities under G.S. 160-20. In addition to counties and cities, this statute also applies to several other public entities, including airport authorities, local school administrative units, area mental health, developmental disabilities, and substance abuse authorities, and regional public transportation authorities. A public health authority provides certain services for fees. It may also receive appropriations from the county or counties that formed it; State and federal funds; insurance reimbursements; fees from contracts with other health departments; and grant monies. (PCS provides oversight through the Local Government Commission)

The proposed committee substitute would not change the law to allow a public health authority to establish a line of credit to cover cash flow for public health expenditures. Currently, there is no statute under which a local government or public authority can establish such a line of credit. (PCS eliminated this provision from the original bill)

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: G.S. 160-20 authorizes installment purchase financing. Installment purchase financing is a type of local government debt in which the local unit enters into an installment contract secured by a security interest in the building constructed or renovated. Certificates of participation may be issued as part of the installment purchase financing. A certificate of participation is a document setting out the share of the local unit's debt that is owed to the holder of the certificate. In practice, the holder receives interest and principal payments in a manner similar to interest and principal payments on a bond issued by the borrowing unit.

The Local Government Commission must approve installment purchase contracts and certificates of participation. The taxing power of a unit of local government may not be pledged to secure any moneys due under a contract entered into under this section. Before entering into a financing contract under this statute, the public health authority would have to hold a public hearing on the contract.

HOUSE BILL 1041

Committee Substitute Favorable 4/12/07

Short Title: Earl Annexations. (Local)

Sponsors:

Referred to:

March 27, 2007

A BILL TO BE ENTITLED

AN ACT TO ANNEX DIVIDED PARCELS TO THE TOWN OF EARL.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding Article 4A of Chapter 160A of the General Statutes, the remainder of any parcel partially lying in the Town of Earl as the corporate limits were established by Chapter 787 of the 1971 Session Laws is annexed into the corporate limits of the Town of Earl.

SECTION 2. Prior to the annexation becoming effective, the Town of Earl shall do all of the following:

(1) Adopt an ordinance particularly identifying the property added to the corporate limits by Section 1 of this act.

(2) File a map indicating the annexed property with the Secretary of State, the Register of Deeds of Cleveland County, and the Board of Elections of Cleveland County.

(3) Obtain any necessary preclearance under the Voting Rights Act of 1965.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 1041: Earl Annexations

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 16, 2007
Introduced by:	Rep. Moore	**Summary by:**	Judy Collier
Version:	Second Edition		Research Assistant

SUMMARY: House Bill 1041 would annex into the corporate limits of the Town of Earl the remainder of any parcel partially lying within the Town of Earl resulting from establishment of the corporate limits by Chapter 787 of the 1971 Session Laws, and sets out conditions the Town must meet before the annexation becomes effective.

CURRENT LAW: The General Statutes permit municipalities to grow and expand their municipal boundaries through the process of annexation. The statutory process requires that the area to be annexed meet certain criteria. G.S. 160A-36, which states the criteria for annexing towns with a population of less than 5,000, requires that:

1. The total area to be annexed must meet the following standards:
   - It must be adjacent or contiguous to the municipality's boundaries at the time the annexation proceeding is begun.
   - At least 1/8 of the aggregate external boundaries of the area must coincide with the municipal boundary.
   - No part of the area shall be included within the boundary of another incorporated municipality.
2. The area to be annexed must be developed for urban purposes at the time of approval of the report provided for in G.S. 160A-35. An area developed for urban purposes is defined as one of the following:
   - At least 60% of the total number of lots and tracts in the area at the time of annexation are used for residential, commercial, industrial, institutional or governmental purposes, and is subdivided into lots and tracts such that at least 60% of the total acreage, not counting the acreage used at the time of annexation for commercial, industrial, governmental or institutional purposes, consists of lots and tracts three acres or less in size.
   - All tracts in the area to be annexed are used for commercial, industrial, governmental, or institutional purposes.
   - The entire area of any county water and sewer district created under G.S. 162A-86(b1), but this subsection only applies to annexation by a municipality if that:
     - Municipality has provided in a contract with that district that the area is developed for urban purposes; and
     - Contract provides for the municipality to operate the sewer system of that county water and sewer district;
     - Provided that the special categorization provided by this subsection only applies if the municipality is annexing in one proceeding the entire territory of the district not already within the corporate limits of a municipality.

BILL ANALYSIS: The bill would annex the remainder of any parcel partially lying in the Town of Earl resulting from establishment of the corporate limits by Chapter 787 of the 1971 Session Laws. Not

all parcels split by the corporate limits meet the requirement that the area to be annexed be developed for "urban purposes" and therefore, are not eligible for annexation under the current law.

The annexation is not effective until the Town of Earl has met all of the following conditions:

- Adopted an ordinance particularly identifying the property added to the Town.
- Filed a map identifying the area annexed with the Secretary of State, the Cleveland County Register of Deeds, and the Cleveland County Board of Elections.
- Obtained any necessary pre-clearance from the U.S. Department of Justice under the Voting Rights Act of 1965.

BACKGROUND: Chapter 787 of the 1971 Session Laws set the corporate limits of the Town as one-half mile in every direction from the center of Lot No. 58 of the Town. Setting the corporate limits one-half mile from a central point made the defined corporate limits of the town a perfect circle resulting in the splicing of several parcels, with portions of each parcel falling within the corporate limits and portions of each parcel falling outside the corporate limits. The splicing of parcels has created problems for the Town of Earl in the delivery of services and for Cleveland County in determining property tax.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE BILL 509

Finance Committee Substitute Adopted 5/10/07

PROPOSED COMMITTEE SUBSTITUTE S509-CSSV-31 [v.5]

5/23/2007 10:39:04 AM

Short Title: Motor Vehicle Inspection Changes. (Public)

Sponsors:

Referred to:

March 6, 2007

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PERIOD OF TIME ALLOWED FOR REINSPECTION AFTER FAILING A MOTOR VEHICLE INSPECTION, TO WAIVE THE CIVIL PENALTY FOR FAILURE TO MEET THE EMISSIONS INSPECTION REQUIREMENT WHILE ON ACTIVE MILITARY DUTY OUTSIDE THE STATE, AND TO CHANGE THE PENALTIES ASSESSED ON MOTORISTS FOR CERTAIN EMISSIONS VIOLATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-183.3(c) reads as rewritten:

"(c) Reinspection After Failure. – The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within ~~30~~60 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle failed and any other portion of the inspection that would be affected by repairs made to correct the failure."

SECTION 2. G.S. 20-183.7(a) reads as rewritten:

"(a) Fee Amount. – When a fee applies to an inspection of a vehicle or the issuance of an inspection sticker, the fee must be collected. The following fees apply to an inspection of a vehicle and the issuance of an inspection sticker:

Type	Inspection	Sticker
Safety Only	$ 8.25	$0.85
Emissions and Safety	23.50	6.50.

The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an inspection sticker applies when an inspection sticker is put on a vehicle. The fee for inspecting after-factory tinted windows shall be ten dollars ($10.00), and the fee applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint. A safety inspection mechanic shall not inspect an after-factory tinted window of a vehicle for which the Division has issued a medical exception permit pursuant to G.S. 20-127(f).

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within ~~30~~60 days of the failed inspection without paying another inspection fee.

The inspection fee for an emissions and safety inspection set out in this subsection is the maximum amount that an inspection station or an inspection mechanic may charge for an emissions and safety inspection of a vehicle. An inspection station or an inspection mechanic may charge the maximum amount or any lesser amount for an emissions and safety inspection of a vehicle. The inspection fee for a safety only inspection set out in this subsection may not be increased or decreased. The sticker fees set out in this subsection may not be increased or decreased."

SECTION 3. G.S. 20-183.8A reads as rewritten:

"**§ 20-183.8A. Civil penalties against motorists for emissions ~~violations.~~violations; waiver.**

(a) Civil Penalties. – The Division ~~shall~~ must assess a civil penalty against a person who owns or leases a vehicle that is subject to an emissions inspection and who ~~does any of the following:~~engages in any of the emissions violations set out in this subsection. As provided in G.S. 20-54, the registration of a vehicle may not be renewed until a penalty imposed under this subsection has been paid. The civil penalties and violations are as follows:

(1) ~~Fails~~ Twenty-five dollars ($25.00) for failure to have the vehicle inspected within four months after it is required to be inspected under this Part.

(2) ~~Instructs or allows~~ One hundred dollars ($100.00) for instructing or allowing a person to tamper with an emission control device of the vehicle so as to make the device inoperative or fail to work properly.

(3) ~~Incorrectly states~~ Two hundred dollars ($200.00) for incorrectly stating the vehicle's county of registration ~~of the vehicle~~ to avoid having an emissions inspection of the vehicle.

~~The amount of penalty is one hundred dollars ($100.00) if the vehicle is a pre-1981 vehicle and two hundred fifty dollars ($250.00) if the vehicle is a 1981 or newer model vehicle. As provided in G.S. 20-54, the registration of a vehicle may not be renewed until a penalty imposed under this section has been paid.~~

(b) Waiver. – The Division must waive the civil penalty assessed under subdivision (a)(1) of this section against a person who establishes the following:

(1) The person was continuously out of the State on active military duty from the date the inspection sticker expired to the date the four-month grace period expired.

(2) No person operated the vehicle from the date the inspection sticker expired to the date the four-month grace period expired.

(3) The person obtained a current inspection sticker within 30 days after returning to the State."

SECTION 4. Sections 1 and 2 of this act become effective January 1, 2009. The remainder of this act is effective when it becomes law, and applies to civil penalties assessed for violations committed on or after that date.

SENATE BILL 509:
Motor Vehicle Inspection Changes

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 23, 2007
Introduced by:	Sen. Brown	**Summary by:**	Trina Griffin Committee Counsel
Version:	PCS to Second Edition S509-CSSV-31		

SUMMARY: On May 9, 2007, the Senate Finance Committee reported favorably on the following two provisions in this bill:

- ***The extension from 30 to 60 days of the period for reinspection after failing a motor vehicle inspection.***
- ***A requirement that DMV waive a civil penalty assessed against a person for failing to meet the motor vehicle inspection requirement if the reason for the failure is that the person was out of State serving active military duty from the time the vehicle was required to be inspected until the expiration of the four-month grace period.***

This revised Proposed Committee Substitute adds the following changes:

- ***It would reduce from $250 to $25 the civil penalty for failure to have a vehicle inspected within four months after it is required to be inspected.***[1]
- ***It would reduce from $250 to $100 the civil penalty for instructing or allowing a person to tamper with an emission control device of a vehicle so as to make the device inoperative or fail to work properly.***
- ***It would reduce from $250 to $200 the civil penalty for incorrectly stating a vehicle's county of registration to avoid having an emissions inspection of the vehicle.***

CURRENT LAW & BILL ANALYSIS:

Sections 1 and 2: Extend Reinspection Period

As a general rule, motor vehicles are required to undergo an annual safety inspection to determine whether it has the required equipment and that the equipment is in a safe operating condition. Certain motor vehicles are also subject to an emissions inspection.[2] To pass an emissions inspection, a vehicle must pass both of the following:

1) A visual inspection of the vehicle's emissions control devices to determine if the devices are present, are properly connected, and are the correct type for the vehicle.
2) An analysis of data provided by the on-board diagnostic (OBD) equipment installed by the vehicle manufacturer to identify any deterioration or malfunction in the operation of the vehicle

[1] For all three emissions violations, the civil penalty is $100 for pre-1981 model vehicles.

[2] Emissions inspections must be performed on vehicles registered in the following counties: Alamance, Buncombe, Burke, Cabarrus, Caldwell, Catawba, Chatham, Cleveland, Cumberland, Davidson, Durham, Edgecombe, Forsyth, Franklin, Gaston, Granville, Guilford, Harnett, Haywood, Henderson, Iredell, Johnston, Lee, Lenoir, Lincoln, Mecklenburg, Moore, Nash, Orange, Pitt, Randolph, Robeson, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Union, Wake, Wayne, Wilkes and Wilson.

that violates standards for the model year of the vehicle set by the Environmental Management Commission.

A vehicle that fails the inspection is entitled to be reinspected at the same station at any time within 30 days of the failed inspection without paying another inspection fee.

Sections 1 and 2 of this bill would extend the period for reinspection to 60 days. This change would require inspection stations to install a software update for each of their analyzers. This change would become effective January 1, 2009.

Section 3:

1. Reduce Civil Penalties for Emissions Violations

DMV is required to assess a civil penalty against a person who does any of the following:

(1) Fails to have the vehicle inspected within four months after it is required to be inspected under this Part.
(2) Instructs or allows a person to tamper with an emission control device of the vehicle so as to make the device inoperative or fail to work properly.
(3) Incorrectly states the county of registration of the vehicle to avoid having an emissions inspection of the vehicle.

The penalty is $100 for a pre-1981 vehicle and $250 for a vehicle that is a 1981 or newer model. The registration of a vehicle may not be renewed until a penalty has been paid.

Section 3 of the bill would eliminate the distinction in the civil penalty amount based on the age of the vehicle and substitute varying penalty amounts based on the type of violation as follows:

(1) $25 for failure to inspect a covered vehicle within four months of the required date.

(2) $100 for instructing or allowing tampering with an emissions control device so that the device is inoperative or fails to work properly.

(3) $200 for incorrectly stating the county where the vehicle is registered to avoid an emissions inspection.

The Environmental Protection Agency, under 40 C.F.R. § 51.361, requires states to design enforcement programs to comply with I/M (Inspection & Maintenance) programs. The program must include a penalty system structured to deter non-compliance with the registration requirement through the use of mandatory minimum fines (civil monetary penalties) constituting a meaningful deterrent and through a requirement that compliance be demonstrated before a case can be closed. North Carolina uses a registration denial enforcement program which has been approved by EPA. The Division of Air Quality of the Department of Environment and Natural Resources has received an opinion from the EPA indicating that the proposed changes in this bill to the civil penalty amounts would continue to meet the federal requirements.

2. Waive Civil Penalty for Active Military Personnel

Section 3 of the bill would also require DMV to waive a civil penalty assessed against a person for failing to meet the motor vehicle inspection requirement if the reason for the failure is that the person was out of State serving active military duty from the time the vehicle was required to be inspected until the expiration of the four-month grace period. This waiver could apply if the person is either out of the country or stationed outside the State of North Carolina serving active military duty. In order to qualify for the waiver, the person must also demonstrate that no other person operated the vehicle during the

period the owner was out of state and that the owner had the vehicle inspected within 30 days upon return to the State.

EFFECTIVE DATE: The change increasing the time period to reinspect a vehicle after a failed inspection becomes effective January 1, 2009. The remainder of this act is effective when it becomes law, and applies to civil penalties assessed for violations committed on or after that date.

BACKGROUND: When this bill was originally discussed in Senate Finance on May 9, 2007, it had two additional provisions in it. There was a provision to increase the civil penalties imposed against inspection stations and mechanics for serious emissions violations and a modification to the penalty for clean scan violations. On May 14, 2007, this bill was withdrawn from the floor calendar and re-referred to Senate Finance. These two provisions have been removed from the bill.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE PERIOD OF TIME ALLOWED FOR REINSPECTION AFTER FAILING A MOTOR VEHICLE INSPECTION, TO WAIVE THE CIVIL PENALTY FOR FAILURE TO MEET THE EMISSIONS INSPECTION REQUIREMENT WHILE SERVING ON ACTIVE MILITARY DUTY OUTSIDE THE STATE, AND TO CHANGE THE PENALTY FOR CLEAN SCANNING AND OTHER TYPE I EMISSIONS VIOLATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-183.3(c) reads as rewritten:

"(c) Reinspection After Failure. – The scope of a reinspection of a vehicle that has been repaired after failing an inspection is the same as the original inspection unless the vehicle is presented for reinspection within ~~30~~60 days of failing the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was a safety inspection, the reinspection is limited to an inspection of the equipment that failed the original inspection. If the vehicle is presented for reinspection within this time limit and the inspection the vehicle failed was an emissions inspection, the reinspection is limited to the portion of the inspection the vehicle failed and any other portion of the inspection that would be affected by repairs made to correct the failure."

SECTION 2. G.S. 20-183.7(a) reads as rewritten:

"(a) Fee Amount. – When a fee applies to an inspection of a vehicle or the issuance of an inspection sticker, the fee must be collected. The following fees apply to an inspection of a vehicle and the issuance of an inspection sticker:

Type	Inspection	Sticker
Safety Only	$ 8.25	$0.85
Emissions and Safety	23.50	6.50.

The fee for performing an inspection of a vehicle applies when an inspection is performed, regardless of whether the vehicle passes the inspection. The fee for an

inspection sticker applies when an inspection sticker is put on a vehicle. The fee for inspecting after-factory tinted windows shall be ten dollars ($10.00), and the fee applies only to an inspection performed with a light meter after a safety inspection mechanic determined that the window had after-factory tint. A safety inspection mechanic shall not inspect an after-factory tinted window of a vehicle for which the Division has issued a medical exception permit pursuant to G.S. 20-127(f).

A vehicle that is inspected at an inspection station and fails the inspection is entitled to be reinspected at the same station at any time within ~~30~~60 days of the failed inspection without paying another inspection fee.

The inspection fee for an emissions and safety inspection set out in this subsection is the maximum amount that an inspection station or an inspection mechanic may charge for an emissions and safety inspection of a vehicle. An inspection station or an inspection mechanic may charge the maximum amount or any lesser amount for an emissions and safety inspection of a vehicle. The inspection fee for a safety only inspection set out in this subsection may not be increased or decreased. The sticker fees set out in this subsection may not be increased or decreased."

SECTION 3. G.S. 20-183.8A reads as rewritten:

"**§ 20-183.8A. Civil penalties against motorists for emissions ~~violations.~~violations; exemption.**

(a) Civil Penalties. – The Division shall assess a civil penalty against a person who owns or leases a vehicle that is subject to an emissions inspection and who does any of the following:

(1) Fails to have the vehicle inspected within four months after it is required to be inspected under this Part.

(2) Instructs or allows a person to tamper with an emission control device of the vehicle so as to make the device inoperative or fail to work properly.

(3) Incorrectly states the county of registration of the vehicle to avoid having an emissions inspection of the vehicle.

The amount of penalty is ~~one hundred dollars ($100.00) f the vehicle is a pre-1981 vehicle and~~ two hundred fifty dollars ($250.00) if the vehicle is a ~~1981~~1996 or newer model vehicle. As provided in G.S. 20-54, the registration of a vehicle may not be renewed until a penalty imposed under this section has been paid.

(b) Exemption. – The civil penalty assessed under subdivision (a)(1) of this section does not apply to a person who demonstrates to the Division proof of all of the following:

(1) The person is active duty military personnel.

(2) The person was deployed outside of the United States or stationed at a duty station outside of this State on or after the date the vehicle was required to be inspected and until the expiration of the four-month grace period.

(3) No person operated the vehicle after the date it was required to be inspected.

(4) That the vehicle has passed inspection prior to the request for an exemption under this subsection."

SECTION 4. G.S. 20-183.8B reads as rewritten:

"**§ 20-183.8B. Civil penalties against license holders and suspension or revocation of license for emissions violations.**

(a) Kinds of Violations. – The civil penalty schedule established in this section applies to emissions self-inspectors, emissions inspection stations, and emissions inspection mechanics. The schedule categorizes emissions violations into serious (Type I), minor (Type II), and technical (Type III) violations.

A serious violation is a violation of this Part or a rule adopted to implement this Part that directly affects the emission reduction benefits of the emissions inspection program. A minor violation is a violation of this Part or a rule adopted to implement this Part that reflects negligence or carelessness in conducting an emissions inspection or complying with the emissions inspection requirements but does not directly affect the emission reduction benefits of the emissions inspection program. A technical violation is a violation that is not a serious violation, a minor violation, or another type of offense under this Part.

(b) Penalty Schedule. – The Division must take the following action for a violation:

(1) Type I. – For a first or second Type I violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of ~~two hundred fifty dollars ($250.00)~~ five hundred dollars ($500.00) and suspend the license of the business for six months. For a third or subsequent Type I violation within three years by an emissions self-inspector or an emissions inspection station, assess a civil penalty of one thousand dollars ($1,000) and revoke the license of the business for two years.

For a first ~~or second~~ Type I violation by an emissions inspection mechanic, assess a civil penalty of ~~one hundred dollars ($100.00)~~ two hundred fifty dollars ($250.00) and suspend the mechanic's license for six months. For a second Type I violation within two years by an emissions inspection mechanic, assess a civil penalty of five hundred dollars ($500.00) and suspend the mechanic's license for six months. For a third or subsequent Type I violation within ~~seven~~ four years by an emissions inspection mechanic, assess a civil penalty of ~~two hundred fifty dollars ($250.00)~~ one thousand dollars ($1,000) and revoke the mechanic's license for two years.

(2) Type II. – For a first or second Type II violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of one hundred dollars ($100.00). For a third or subsequent Type II violation within three years by an emissions self-inspector or an emissions inspection station, assess a civil penalty of two hundred fifty dollars ($250.00) and suspend the license of the business for 90 days.

For a first or second Type II violation by an emissions inspection mechanic, assess a civil penalty of fifty dollars ($50.00). For a third or subsequent Type II violation within seven years by an emissions inspection mechanic, assess a civil penalty of one hundred dollars ($100.00) and suspend the mechanic's license for 90 days.

(3) Type III. – For a first or second Type III violation by an emissions self-inspector, an emissions inspection station, or an emissions inspection mechanic, send a warning letter. For a third or subsequent Type III violation within three years by the same emissions license holder, assess a civil penalty of twenty-five dollars ($25.00).

(c) Station or Self-Inspector Responsibility. – It is the responsibility of an emissions inspection station and an emissions self-inspector to supervise the emissions mechanics it employs. A violation by an emissions inspector mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed.

(d) Missing Stickers. – The Division must assess a civil penalty against an emissions inspection station, a windshield replacement station, or an emissions self-inspector that cannot account for an emissions inspection sticker issued to it. A station or a self-inspector cannot account for a sticker when the sticker is missing and the station or self-inspector cannot establish reasonable grounds for believing the sticker was stolen or destroyed by fire or another accident.

(d1) Penalty for Missing Stickers. – The amount of the penalty is twenty-five dollars ($25.00) for each missing sticker. If a penalty is imposed under subsection (b) of this section as the result of missing stickers, the monetary penalty that applies is the higher of the penalties required under this subsection and subsection (b); the Division may not assess a monetary penalty as a result of missing stickers under both this subsection and subsection (b) of this section. Imposition of a monetary penalty under this subsection does not affect suspension or revocation of a license required under subsection (b) of this section.

(e) Penalty for Clean Scanning. – For a first or second clean scan violation by an emissions self-inspector or an emissions inspection station, assess a civil penalty of five hundred dollars ($500.00). For a third or subsequent clean scan violation, occurring within one year after the second clean scan violation was identified to the emissions self-inspector or an emissions inspection station, assess a civil penalty of one thousand dollars ($1,000) and revoke the license of the business for one year. The Commissioner may waive the penalty for a first violation.

(f) Mechanic Training. – An emissions inspection mechanic whose license has been suspended or revoked must retake the course required under G.S. 20-183.4A and successfully complete the course before the mechanic's license can be reinstated. Failure to successfully complete this course continues the period of suspension or revocation until the course is completed successfully."

SECTION 5. Sections 1 and 2 of this act become effective January 1, 2009. The remainder of this act is effective when it becomes law.

SENATE BILL 772
PROPOSED COMMITTEE SUBSTITUTE S772-CSSV-32 [v.1]

5/21/2007 9:49:01 PM

Short Title: School Finance Officer Fidelity Bonds. (Public)

Sponsors:

Referred to:

March 15, 2007

A BILL TO BE ENTITLED

AN ACT TO CHANGE THE AMOUNT OF THE FIDELITY BOND REQUIRED OF SCHOOL FINANCE OFFICERS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-442(a) reads as rewritten:

"(a) The finance officer shall give a true accounting and faithful performance bond with sufficient sureties in an amount to be fixed by the board of education, not less than ~~ten thousand dollars ($10,000) nor more than two hundred fifty thousand dollars ($250,000).~~ fifty thousand dollars ($50,000). This bond shall cover the faithful performance of all duties placed on the finance officer by or pursuant to law and the faithful accounting for all funds in his custody except State funds placed to the credit of the local school administrative unit by the State Treasurer. The premium on the bond shall be paid by the local school administrative unit."

SECTION 2. This act becomes effective July 1, 2008.

SENATE BILL 772:
School Finance Officer Fidelity Bonds

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 23, 2007
Introduced by:	Sen. Cowell	**Summary by:**	Trina Griffin
Version:	PCS to First Edition S772-CSSV-32		Committee Counsel

SUMMARY: Senate Bill 772 would set the minimum surety bond amount for a school finance officer at $50,000. The Proposed Committee Substitute changes the effective date from July 1, 2007 to July 1, 2008.

CURRENT LAW: The superintendent of each local school administrative unit appoints, with approval by the board of education, a school finance officer for that unit. The school finance officer is responsible for the following:

1. Keeping the accounts of the local school administrative unit in accordance with generally accepted principles of governmental accounting, the rules and regulations of the State Board of Education, and the rules and regulations of the Local Government Commission.
2. Giving the preaudit certificate required by G.S. 115C-441.
3. Signing and issuing all checks, drafts, and State warrants by the local school administrative unit, investing idle cash, and receiving and depositing all moneys accruing to the local school administrative unit.
4. Preparing and filing a statement of the financial condition of the local school administrative unit as often as requested by the superintendent, and when requested in writing, with copy to the superintendent, by the board of education or the board of county commissioners.
5. Performing other duties as may be assigned to him or her by law, by the superintendent, or by rules and regulations of the State Board of Education and the Local Government Commission.

A school finance officer is required to be covered by a surety bond in an amount to be set by the local board of education. However, the amount may not be less than $10,000 and not more than $250,000. The local school administrative unit pays for the premium on the bond.

There are at least 12 school systems that currently have less than a $50,000 bond.[1]

BILL ANALYSIS: Senate Bill 772 would set the surety bond amount for a school finance officer at $50,000. This is the same requirement imposed upon finance officer for other units of local government.

EFFECTIVE DATE: This bill would become effective July 1, 2008.

BACKGROUND: This bill was requested by the Office of State Treasurer.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC School Systems

EFFECTIVE DATE: July 1, 2008

BILL SUMMARY:
Senate Bill 772 would set the minimum surety bond amount for a school finance officer at $50,000. The Proposed Committee Substitute changes the effective date from July 1, 2007 to July 1, 2008.

ASSUMPTIONS AND METHODOLOGY:
The PCS to SB 772 would change the minimum surety bond requirement for a school system finance officer from $10,000 to $50,000. The NC School Boards Association indicates that a school system that is currently at the $10,000 amount would be required to pay approximately $100 annually in additional premiums for the higher bond amount. A survey of school systems indicated that 12 – 15 school boards were currently below the $50,000 amount. The School Boards Association also indicates that a few additional systems that did not respond to the survey would likely be affected. Based on this information, the statewide impact of the bill is likely to be between $1,500 and $3,000 annually beginning in FY 2008-09.

SENATE BILL 1180

Short Title:	No Monetary Exaction for Development.	(Public)
Sponsors:	Senators Dalton and Swindell.	
Referred to:	Finance.	

March 22, 2007

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT A LOCAL GOVERNMENT MAY NOT IMPOSE A TAX, FEE, OR MONETARY CONTRIBUTION FOR DEVELOPMENT THAT IS NOT SPECIFICALLY AUTHORIZED BY LAW.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-320 reads as rewritten:

"**§ 153A-320. Territorial ~~jurisdiction.~~jurisdiction; limitation of authority.**

(a) Jurisdiction. – Each of the powers granted to counties by this ~~Article, by Chapter 157A, and~~ Article and by Chapter 160A, Article 19 may be exercised throughout the county except as otherwise provided in G.S. 160A-360.

(b) Limitation of Authority. – A county may not impose or exact a tax, fee, or monetary contribution for development or a development permit unless specifically authorized by law. The terms 'development' and 'development permit' have the same meanings as defined in G.S. 153A-349.2."

SECTION 2. G.S. 153A-349.1(b) reads as rewritten:

"(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this Part. In entering into such agreements, a local government may not exercise any authority or make any commitment not authorized by general or local act and may not impose ~~any tax or fee~~ or exact a tax, fee, or monetary contribution not authorized by otherwise applicable law."

SECTION 3. The catch line of G.S. 160A-360 reads as rewritten:

"**§ 160A-360. Territorial ~~jurisdiction.~~jurisdiction; limitation of authority.**"

SECTION 4. G.S. 160A-360 is amended by adding a new subsection to read:

"(k) A city may not impose or exact a tax, fee, or monetary contribution for development or a development permit unless specifically authorized by law. The terms 'development' and 'development permit' have the same meanings as defined in G.S. 160A-400.21."

SECTION 5. G.S. 160A-400.20(b) reads as rewritten:

"(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this Part. In entering into such agreements, a local government may not exercise any authority or make any commitment not authorized by general or local act and may not impose ~~any tax or fee~~ or exact a tax, fee, or monetary contribution not authorized by otherwise applicable law."

SECTION 6. Sections 2 and 5 of this act are effective when it becomes law and apply to development agreements entered into on or after that date. The remainder of this act is effective when it becomes law.

SENATE BILL 1180:
No Monetary Exaction for Development

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 23, 2007
Introduced by:	Sen. Dalton	**Summary by:**	Cindy Avrette
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 1180 clarifies that a local government may not impose or exact a tax, fee, or monetary contribution for development unless that authority is specifically granted by statute.

CURRENT LAW AND BACKGROUND: Local governments have the authority given to them by the State. In 2005, the General Assembly made substantial revisions to city and county planning and land-use management statutes. Part of those revisions included authorization of development agreements between a local government and a developer. In the laws concerning development agreements, the General Assembly made several findings. It recognized that large scale development often creates potential community impacts and that large-scale development requires careful integration between public capital facilities planning, financing, and construction and the phasing of the private development. The statute authorizing development agreements specifically states that a local government may not exercise any authority not authorized by general or local act and may not impose any tax or fee not otherwise authorized by law.

Between 1985 and 1991, the General Assembly gave three counties and several municipalities the authority to implement impact fees. Impact fees are charged by local governments to developers who wish to construct new properties. The revenue from the impact fees are used to pay for the construction of public facilities necessitated by the development. Since 1991, the General Assembly has not given any local government new impact fee authority.

Some local governments claim that special authority is not necessary to enable them to impose impact fees; that its imposition is a logical extension of their power to require developers to provide facilities or improvements as a condition to developing a property. However, the North Carolina Court of Appeals ruled in June 2006 in the case of *Durham Land Owners Association v. County of Durham* that it found no authority in a county's zoning and general police powers to support a county's statutory authority to impose a school impact fee.

In contract to an impact fee, local governments often use their subdivision and zoning authority to require exactions to address impacts of a proposed development.[1] The statutes specifically allow subdivision ordinances to require a developer to provide funds to enable the local government to acquire recreational land or areas to serve the development; to provide funds to be used for the development of roads to serve the development; to construct community service facilities; and to reserve school sites.[2]

Some local governments have adopted 'Adequate Public Facility' requirements based upon the zoning statute that says:

> "Zoning regulations shall be designed to promote the public health, safety, and general welfare. To that end, the regulations may address, among other things, the following public purposes: to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of

[1] Article 18 of Chapter 153A and Article 19 of Chapter 160A.
[2] G.S. 153A-331 and G.S. 160A-372.

> population; to lessen congestion in the streets; to secure safety from fire, panic, and dangers; and to facilitate eh efficient and adequate provision of transportation, water, sewerage, schools, parks, and other public requirements."[3]

Under an Adequate Public Facility ordinance a development may not be approved if the facilities are inadequate to support the development. A few counties have used this authority to deny approval as an indirect way to impose school impact fees. Their ordinances provide that if there is inadequate school capacity a development cannot be approved; however, the developer has the option of voluntarily contributing a set 'fee' to advance the availability of the capacity and if that is done, the development can be approved.

BILL ANALYSIS: Senate Bill 1180 makes changes in the planning and regulation authorization statutes for both counties and cities. The bill amends the first statute in each Article to specifically prohibit a county or city from imposing or exacting a tax, fee, or monetary contribution for development or a development permit unless specifically authorized by law. The bill also specifies in the statutes that authorize counties and cities to enter into development agreements that a county or city may not, as part of that agreement, exact a monetary contribution not authorized by law. The law already prohibits the imposition of a tax or fee as part of a development agreement.

The statutes currently authorize the imposition of fees for 'over-the-counter' type services such as permits.[4] Case law has upheld the imposition of fee schedules for specific activities under these statutes; but not fees for providing general government services to the overall public, such as education.[5] Case law has also upheld cities' implicit authority to impose fees to fund capital improvements for water and sewer under the public enterprise statutes.[6] Lastly, as mentioned earlier in the summary, ordinances may require developers to provide roads, water, sewer, and recreational areas within a new subdivision. They may also require developers to construct community service facilities and to reserve school sites.

EFFECTIVE DATE: The bill is effective when it becomes law and the amendments to the statutes governing development agreements are applicable to development agreements entered into on or after that date.

GENERAL ASSEMBLY OF NORTH CAROLINA

SESSION 2007

S 1

SENATE BILL 1472

Short Title:	Revised Dist. of Scrap Tire Disposal Tax.	(Public)
Sponsors:	Senators Albertson; Allran, Kerr, and Kinnaird.	
Referred to:	Finance.	

March 26, 2007

A BILL TO BE ENTITLED

AN ACT TO AMEND THE DISTRIBUTION OF THE PROCEEDS OF THE SCRAP TIRE DISPOSAL TAX TO INCREASE FUNDS ALLOCATED TO COUNTIES FOR THE DISPOSAL OF SCRAP TIRES, TO INCREASE FUNDS ALLOCATED TO THE SOLID WASTE MANAGEMENT TRUST FUND, AND TO DECREASE FUNDS ALLOCATED TO THE SCRAP TIRE DISPOSAL ACCOUNT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-187.19 reads as rewritten:

"**§ 105-187.19. Use of tax proceeds.**

(a) The Secretary shall distribute the taxes collected under this Article, less the allowance to the Department of Revenue for administrative expenses, in accordance with this section. The Secretary may retain the cost of collection by the Department, not to exceed two hundred twenty-five thousand dollars ($225,000) a year, as reimbursement to the Department.

(b) Each quarter, the Secretary shall credit ~~five percent (5%)~~ eight percent (8%) of the net tax proceeds to the Solid Waste Management Trust Fund and shall credit ~~twenty-seven percent (27%)~~twenty-two percent (22%) of the net tax proceeds to the Scrap Tire Disposal Account. The Secretary shall distribute the remaining ~~sixty-eight percent (68%)~~seventy percent (70%) of the net tax proceeds among the counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer.

(c) A county may use funds distributed to it under this section only as provided in G.S. 130A-309.54. A county that receives funds under this section and that has an agreement with another unit of local government under which the other unit of local government provides for the disposal of solid waste for the county shall transfer the amount received under this section to the other unit of local government. A unit of local government to which funds are transferred is subject to the same restrictions on use of the funds as the county."

SECTION 2. This act becomes effective 1 July 2007.

SENATE BILL 1472:
Revised Dist. of Scrap Tire Disposal Tax

BILL ANALYSIS

Committee:	Senate Finance	**Date:**	May 23, 2007
Introduced by:	Sen. Albertson	**Summary by:**	Trina Griffin
Version:	First Edition		Committee Counsel

SUMMARY: Senate Bill 1472[1] changes the distribution formula of the net proceeds from the Scrap Tire Disposal Tax. The bill would increase the percentage of net tax proceeds distributed to the Solid Waste Management Trust Fund from 5% to 8%, decrease the percentage distributed to the Scrap Tire Disposal Account from 27% to 22%, and increase the percentage distributed among the counties on a per capita basis from 68% to 70%.

CURRENT LAW: The Scrap Tire Disposal Tax is as an additional State sales tax levied on the retail sales of new tires for the purpose of providing a source of revenue to assist with their disposal.[2] The rate of tax depends upon on the size of the tire. It is 2% for tires that have a bead diameter of less than 20 inches and 1% for tires that have a bead diameter of 20 inches or more.[3] Sales of bicycle tires, recapped tires, and tires sold for placement on newly manufactured vehicles are exempt from the tax.

The Department of Revenue retains $225,000 annually from the proceeds for its administrative expenses.[4] The remainder of the proceeds is divided and used as follows:

Solid Waste Management Trust Fund (5%)

In addition to proceeds from the scrap tire tax, the Solid Waste Management Trust Fund (SWMTF) is also funded by proceeds from the white goods disposal tax, money appropriated by the General Assembly, and contributions and grants from public and private sources. It funds the following:

1. Activities to promote waste reduction and recycling.
2. Research on the solid waste stream in North Carolina.
3. Activities related to the development of secondary materials markets.

Scrap Tire Disposal Account (27%)

The Scrap Tire Disposal Account was created by the 1993 General Assembly. The proceeds in the fund are used for the following three purposes:

1. *Local government grants.* – Up to 50% may be used for supplemental grants to local governments to assist them with scrap tire disposal.
2. *Private grants.* – Up to 40% may be used for grants to private industry to encourage the use of processed scrap tire materials.

[1] This bill was identical to H1779, as introduced by Reps. Gibson and Allen, which is currently in House Finance.
[2] There is a complementary use tax at the same rate for the storage, use, or consumption of new tires in this State. The tax is also imposed on sales to wholesale merchants or retailers for placement on a vehicle offered for sale, lease, or rental.
[3] The bead is that part of the tire that contacts the wheel. The bead is reinforced with steel wire, and compounded from high strength, low flexibility rubber. The bead seats against the wheel tightly to ensure that the tire holds air without leakage.
[4] Section 24.2 of the House budget (HB 1473) increases the amount to $425,000.

3. *Nuisance site cleanup.* – The remaining revenue may be used to clean up scrap tire collection sites determined by DENR to constitute a nuisance and so long as no other funds are available for that purpose.

Counties on a per capita basis (68%)

In the late 1980s, the General Assembly banned the landfilling of whole scrap tires. Each county is responsible for developing disposal procedures for scrap tires located within its boundaries. Counties may charge a fee for disposal only if the tires are not accompanied by a scrap tire certification form verifying that they were generated in North Carolina, are new tires scrapped by their manufacturer because they do not meet the standards for salable tires, or are scrap tires stockpiled prior to January 1, 1994.

BILL ANALYSIS: The bill adjusts the formula for distributing the net proceeds of the Scrap Tire Disposal Tax to more accurately reflect the needs for the funding. Specifically, less funding is now needed for the cleanup of illegal or nuisance dump sites and more funding is needed by the SWMTF to encourage market development and by counties to improve their ongoing disposal programs. By providing additional funding to the counties directly, the adjustment would also reduce the need for supplemental grants from the Scrap Tire Disposal Account.

The bill would allocate the net proceeds as follows:

Solid Waste Management Fund = 8%

Scrap Tire Disposal Account = 22%

Counties on a per capita basis = 70%

EFFECTIVE DATE: This bill would become effective July 1, 2007.

BACKGROUND: This bill is a recommendation of the Department of Environment and Natural Resources.

Scrap Tire Disposal Acct	-0.53	-0.74	-0.78	-0.82	-0.86
NC Counties	0.22	0.30	0.31	0.33	0.34

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Dept of Environment and Natural Resources, NC Department of Revenue, NC Counties

EFFECTIVE DATE: July 1, 2007

BILL SUMMARY:
Senate Bill 1472 changes the distribution formula of the net proceeds from the Scrap Tire Disposal Tax. The bill would increase the percentage of net tax proceeds distributed to the Solid Waste

Management Trust Fund from 5% to 8%, decrease the percentage distributed to the Scrap Tire Disposal Account from 27% to 22%, and increase the percentage distributed among the counties on a per capita basis from 68% to 70%.

ASSUMPTIONS AND METHODOLOGY:
The Scrap Tire Disposal Tax is an additional State sales tax on the retail sales of new tires. The rate of tax is 2% for tires with a bead diameter of less than 20 inches and 1% for tires with a bead diameter of greater than 20 inches. The Department of Revenue is responsible for collecting the tax and may retain up to $225,000 for collection costs.

The bill adjusts the formula for distributing the net proceeds of the Scrap Tire Disposal Tax to provide additional funding to counties and the Solid Waste Management Trust Fund and decreases funding to the Scrap Tire Disposal Account. The Scrap Tire Disposal Account had a cash balance of $7,220,760 as of May 22, 2007.

The fiscal impact of the bill is determined by subtracting the projected distributions for each account from the proposed distributions under SB 1472. The impact for FY 07-08 is prorated by 25% to account for the fact that one of the quarterly distributions for the first year would reflect the current distribution percentages. The rate of tax and the total net collections are not affected by the bill.

The tables below show the distribution of funds under current law and under SB 1472:

Current Scrap Tire Disposal Tax Distribution						
	Percentage	**FY 07-08**	**FY 08-09**	**FY 09-10**	**FY 10-11**	**FY 11-12**
Department of Revenue		$225,000	$225,000	$225,000	$225,000	$225,000
Solid Waste Management Trust Fund	5%	$710,000	$740,000	$780,000	$820,000	$860,000

SENATE FINANCE COMMITTEE
Tuesday, May 29, 2007
1:00 pm in Room 544

MINUTES

The Senate Finance Committee met at 1:00 p.m. on Tuesday, May 29, 2007, in room 544 of the Legislative Office Building. Thirty-one members of the committee were present. Senator David Hoyle presided. Julian Foxx, Canaan Grier, Jason Riley and Matthew Nivens, all from Charlotte, served as pages.

H.B. 1473 – 2007 Appropriations Act.

The bill was taken up for discussion only. Staff of the Fiscal Research Division, explained the fee portions of the bill. Jim Klingler was recognized to explain the budget's special indebtedness plan. His handout is attached. Kristen Walker, Joy Hicks, Carol Shaw, Amna Cameron, and Denise Thomas were recognized to explain the various fees in Section 30. Greg Stahl, Senior Deputy Director of the Administrative Office of the Courts, was recognized to answer questions. A copy of the bill, a brief summary, and the handouts are attached.

The meeting adjourned at 1:35 pm.

Senator Dan Clodfelter, Cochair

Senator David Hoyle, Cochair

Senator John Kerr, Cochair

A BILL TO BE ENTITLED

AN ACT TO MAKE BASE BUDGET APPROPRIATIONS FOR CURRENT OPERATIONS OF STATE DEPARTMENTS, INSTITUTIONS, AND AGENCIES, AND FOR OTHER PURPOSES.

The General Assembly of North Carolina enacts:

PART I. INTRODUCTION AND TITLE OF ACT

INTRODUCTION

SECTION 1.1. The appropriations made in this act are for maximum amounts necessary to provide the services and accomplish the purposes described in the budget. Savings shall be effected where the total amounts appropriated are not required to perform these services and accomplish these purposes and, except as allowed by the State Budget Act, or this act, the savings shall revert to the appropriate fund at the end of each fiscal year.

TITLE OF ACT

SECTION 1.2. This act shall be known as the "Current Operations and Capital Improvements Appropriations Act of 2007."

PART II. CURRENT OPERATIONS AND EXPANSION/GENERAL FUND

CURRENT OPERATIONS AND EXPANSION/GENERAL FUND

SECTION 2.1. Appropriations from the General Fund of the State for the maintenance of the State departments, institutions, and agencies, and for other purposes as enumerated, are made for the biennium ending June 30, 2009, according to the following schedule:

Current Operations – General Fund	2007-2008	2008-2009
EDUCATION		
Community Colleges System Office	$ 919,581,160	$ 898,393,003

Adjust Transfer from Insurance Regulatory Fund	80,274	56,274
Subtotal Adjustments to Availability: 2007 Session	**$ (41,858,988)**	**$ (37,664,225)**
Revised General Fund Availability	**$ 20,318,931,012**	**$ 20,683,557,005**
Less: General Fund Appropriations	**(20,039,219,782)**	**(20,247,348,871)**
Unappropriated Balance Remaining	**$ 279,711,230**	**$ 436,208,134**

SECTION 2.2.(b) Notwithstanding the provisions of G.S. 143-15.2 and G.S. 143-15.3A, the State Controller shall transfer one hundred forty-five million dollars ($145,000,000) from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2007. This subsection becomes effective June 30, 2007.

SECTION 2.2.(c) Funds transferred under this section to the Repairs and Renovations Reserve Account are appropriated for the 2007-2008 fiscal year to be used in accordance with G.S. 143C-4-3.

SECTION 2.2.(c1) Notwithstanding G.S. 143-15.2, G.S. 143-15.3, and G.S. 143C-4-2, the State Controller shall transfer only one hundred fifty million dollars ($150,000,000) from the unreserved credit balance to the Savings Reserve Account on June 30, 2007. This is not an "appropriation made by law", as that phrase is used in Article V, Section 7(1) of the North Carolina Constitution. This subsection becomes effective June 30, 2003.

SECTION 2.2.(d) Notwithstanding the provisions of G.S. 105-187.9(b)(1), the sum to be transferred under that subdivision for the 2007-2008 fiscal year is one hundred seventy million dollars ($170,000,000) and for the 2008-2009 fiscal year is one hundred seventy million dollars ($170,000,000).

SECTION 2.2.(e) Pursuant to G.S. 105-187.9(b)(2), the sum to be transferred under that subdivision for the 2007-2008 fiscal year is two million five hundred thousand dollars ($2,500,000) and for the 2008-2009 fiscal year is two million five hundred thousand dollars ($2,500,000).

SECTION 2.2.(f) The appropriation made in this act to the Clean Water Management Trust Fund in the amount of one hundred million dollars ($100,000,000) is made pursuant to G.S. 113A-253.1 and is not in addition to the statutory appropriation made in that section.

SECTION 2.2.(g) Notwithstanding G.S. 143C-9-3, of the funds credited to the Tobacco Trust Fund from the Master Settlement Agreement pursuant to Section 6.(2) of S.L. 1999-2 during the 2007-2009 fiscal biennium, the sum of two million dollars ($2,000,000) for the 2007-2008 fiscal year shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund) to the State Controller to be deposited in Non-tax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2007-2008 fiscal year.

PART III. CURRENT OPERATIONS/HIGHWAY FUND

CURRENT OPERATIONS AND EXPANSION/HIGHWAY FUND

SECTION 3.1. Appropriations from the State Highway Fund for the maintenance and operation of the Department of Transportation and for other purposes

as enumerated are made for the fiscal biennium ending June 30, 2009, according to the following schedule:

Current Operations – Highway Fund	2007-2008	2008-2009
Department of Transportation		
Administration	$ 84,037,661	$ 83,204,187
Division of Highways		
Administration	32,651,442	32,703,136
Construction	161,233,869	150,173,949
Maintenance	908,123,260	909,934,281
Planning and Research	4,700,000	4,700,000
OSHA Program	425,000	425,000
Ferry Operations	31,313,921	31,313,921
State Aid		
Municipalities	93,046,035	93,073,949
Public Transportation	73,466,447	73,466,447
Airports	21,860,122	19,730,033
Railroads	21,951,153	20,951,153
Governor's Highway Safety	334,314	335,449
Division of Motor Vehicles	103,676,924	119,130,944
Transfers, Other State Agencies, And Reserves	293,619,852	292,437,551
TOTAL	**$1,830,440,000**	**$1,831,580,000**

HIGHWAY FUND AVAILABILITY STATEMENT

SECTION 3.2. The Highway Fund availability used in developing the 2007-2009 biennial budget is shown below:

Highway Fund Availability Statement	2007-2008	2008-2009
Unappropriated Balance From Previous Year	$ 0	$ 0
Beginning Credit Balance	30,000,000	-
Estimated Revenue	1,800,440,000	1,831,580,000
Total Highway Fund Availability	**$ 1,830,440,000**	**$ 1,831,580,000**
Unappropriated Balance	**$ 0**	**$ 0**

PART IV. HIGHWAY TRUST FUND APPROPRIATIONS

HIGHWAY TRUST FUND APPROPRIATIONS

SECTION 4.1. Appropriations from the State Highway Trust Fund for the maintenance and operation of the Department of Transportation and for other purposes as enumerated are made for the biennium ending June 30, 2009, according to the following schedule:

Current Operations – Highway Trust Fund	2007-2008	2008-2009
Intrastate System	$ 540,326,825	$ 550,107,613
Urban Loops	218,485,665	222,440,608
Aid to Municipalities	56,692,887	57,719,120
Secondary Roads	94,808,677	96,786,225
Program Administration	42,722,640	43,386,880
Transfer to General Fund	172,543,306	172,619,554
GRAND TOTAL CURRENT OPERATIONS AND EXPANSION	**$ 1,125,580,000**	**$ 1,143,060,000**

HIGHWAY TRUST FUND AVAILABILITY STATEMENT

SECTION 4.2. The Highway Trust Fund availability used in developing the 2007-2009 biennial budget is shown below:

Total Highway Trust Fund Availability	**$ 1,125,580,000**	**$ 1,143,060,000**

PART V. OTHER AVAILABILITY AND APPROPRIATIONS

CIVIL PENALTIES AND FORFEITURE FUND AVAILABILITY AND APPROPRIATION

SECTION 5.1.(a) Availability. – The availability used to support appropriations made in this act from the Civil Penalty and Forfeiture Fund is based upon estimated collections of fines and forfeitures from the agencies and in the amounts listed below:

	FY 2007-2008	FY 2008-2009
Department of Revenue	$63,000,000	$63,000,000
Department of Transportation	$15,000,000	$15,000,000
Employment Security Commission	$3,000,000	$3,000,000
Department of Insurance	$1,000,000	$1,000,000
University of North Carolina	$3,500,000	$3,500,000
Other Agencies	$10,000,000	$10,000,000
Total Funds Available	$95,500,000	$95,500,000

SECTION 5.1.(b) Appropriations. – Appropriations are made from the Civil Penalty and Forfeiture Fund for the fiscal biennium ending June 30, 2009, as follows:

	FY 2007-2008	FY 2008-2009
School Technology Fund	$18,000,000	$18,000,000
State Public School Fund	$77,500,000	$77,500,000
Total Appropriation	$95,500,000	$95,500,000

EDUCATION LOTTERY

SECTION 5.2.(a) Pursuant to G.S. 18C-164, the revenue used to support appropriations made in this act is transferred from the State Lottery Fund in the amount of three hundred fifty million dollars ($350,000,000) for the 2007-2008 fiscal year.

SECTION 5.2.(b) The appropriations made from the Education Lottery Fund pursuant to G.S. 18C-164(d) for the 2007-2008 fiscal year are as follows:

Class Size Reduction	$ 90,364,291
Prekindergarten Program	84,635,709
Public School Building Capital Fund	140,000,000
Scholarships for Needy Students	35,000,000

Total Appropriation	$ 350,000,000

SECTION 5.2.(c) Notwithstanding G.S. 18C-164(f), if the actual net revenues exceed the amounts appropriated for the 2007-2008 fiscal year in subsection (b) of this section, the excess net revenues shall remain in the Education Lottery Fund, and then may be transferred by the Director of the Budget among the four categories in that subsection in the discretion of the Director and are appropriated for those purposes.

SECTION 5.2.(d) This section becomes effective June 30, 2007.

INFORMATION TECHNOLOGY FUND AVAILABILITY AND APPROPRIATION

SECTION 5.3.(a) The availability used to support appropriations made in this act from the Information Technology Fund established in G.S. 147-33.72H is as follows:

	FY 2007-2008	**FY 2008-2009**
Receipts from Information Technology Enterprise Fee	$9,800,000	$9,800,000
BEACON/Data Integration Funds	$5,000,000	$5,000,000
Interest Income	$100,000	$100,000
IT Fund Balance June 30	$600,000	$690,000
Appropriation from General Fund	$4,140,000	$2,840,000
Total Funds Available	**$19,640,000**	**$18,430,000**

SECTION 5.3.(b) Appropriations are made from the Information Technology Fund for the 2007-2009 fiscal biennium as follows:

Office of Information Technology Services	**FY 2007-2008**	**FY 2008-2009**
Information Technology Operations	$9,452,835	$8,152,835
Information Technology Projects	$4,497,165	$4,497,165
BEACON/Data Integration Funds	$5,000,000	$5,000,000
Total	**$18,950,000**	**$17,650,000**

PART VI. GENERAL PROVISIONS

APPROPRIATION OF CASH BALANCES AND RECEIPTS

SECTION 6.1.(a) Expenditures of cash balances, federal funds, departmental receipts, grants, and gifts from the various General Fund, Special Revenue Fund, Enterprise Fund, Internal Service Fund, and Trust and Agency Fund budget codes are appropriated and authorized for the 2007-2009 fiscal biennium as follows:

(1) For all budget codes listed in "North Carolina State Budget, Recommended Operating Budget 2007-2009, Volumes 1 through 6," cash balances and receipts are appropriated up to the amounts

specified in Volumes 1 through 6, as adjusted by the General Assembly, for the 2007-2008 fiscal year and the 2008-2009 fiscal year. Funds may be expended only for the programs, purposes, objects, and line items specified in Volumes 1 through 6, or otherwise authorized by the General Assembly.

(2) For all budget codes that are not listed in "North Carolina State Budget, Recommended Operating Budget 2007-2009, Volumes 1 through 6," cash balances and receipts are appropriated for each year of the 2007-2009 fiscal biennium up to the level of actual expenditures for the 2006-2007 fiscal year, unless otherwise provided by law. Funds may be expended only for the programs, purposes, objects, and line items authorized for the 2006-2007 fiscal year.

(3) Notwithstanding subdivisions (1) and (2) of this subsection, any receipts that are required to be used to pay debt service requirements for various outstanding bond issues and certificates of participation are appropriated up to the actual amounts received for the 2007-2008 fiscal year and the 2008-2009 fiscal year and shall be used only to pay debt service requirements.

(4) Notwithstanding subdivisions (1) and (2) of this subsection, cash balances and receipts of funds that meet the definition issued by the Governmental Accounting Standards Board of a trust or agency fund are appropriated for and in the amounts required to meet the legal requirements of the trust agreement for the 2007-2008 fiscal year and the 2008-2009 fiscal year.

All these cash balances, federal funds, departmental receipts, grants, and gifts shall be expended and reported in accordance with the provisions of the State Budget Act, except as otherwise provided by law and this section.

SECTION 6.1.(b) Receipts collected in a fiscal year in excess of the amounts authorized by this section shall remain unexpended and unencumbered until appropriated by the General Assembly in a subsequent fiscal year, unless the expenditure of overrealized receipts in the fiscal year in which the receipts were collected is authorized by the State Budget Act.

Overrealized receipts are appropriated up to the amounts necessary to implement this subsection.

In addition to the consultation and reporting requirements set out in G.S. 143C-6-4, the Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on any overrealized receipts approved for expenditure under this subsection by the Director of the Budget. The report shall include the source of the receipt, the amount overrealized, the amount authorized for expenditure, and the rationale for expenditure.

SECTION 6.1.(c) Notwithstanding subsections (a) and (b) of this section, there is appropriated from the Reserve for Reimbursements to Local Governments and Shared Tax Revenues for each fiscal year an amount equal to the amount of the distributions required by law to be made from that reserve for that fiscal year.

EXPENDITURES OF FUNDS IN RESERVES LIMITED

SECTION 6.2. All funds appropriated by this act into reserves may be expended only for the purposes for which the reserves were established.

REVISE FREQUENCY OF FEE REPORT

SECTION 6.3. G.S. 143C-9-4 reads as rewritten:

"**§ 143C-9-4. ~~Annual Fee Report.~~Biennial fee report.**

The Office of State Budget and Management shall prepare a report ~~annually~~ biennially on the fees charged by each State department, bureau, division, board, commission, institution, and agency during the previous two fiscal ~~year.~~years. The report shall include the statutory or regulatory authority for each fee, the amount of the fee, when the amount of the fee was last changed, the number of times the fee was collected during the prior fiscal year, and the total receipts from the fee during the prior fiscal year."

BUDGET REALIGNMENT

SECTION 6.4. Notwithstanding G.S. 143C-6-4(b), the Office of State Budget and Management, in consultation with the Office of the State Controller and the Fiscal Research Division, may adjust the enacted budget by making transfers among purposes or programs for the sole purpose of correctly aligning authorized positions and associated operating costs with the appropriate purposes or programs as defined in G.S. 143C-1-1(d)(23). The Office of State Budget and Management shall change the certified budget to reflect these adjustments only after reporting the proposed adjustments to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division. Under no circumstances shall total General Fund expenditures for a State department exceed the amount appropriated to that department from the General Fund for the fiscal year.

CONSULTATION NOT REQUIRED PRIOR TO ESTABLISHING OR INCREASING FEES PURSUANT TO THE STATE BUDGET ACT

SECTION 6.5. Notwithstanding G.S. 12-3.1, an agency is not required to consult with the Joint Legislative Commission on Governmental Operations prior to establishing or increasing a fee as authorized or anticipated in this act, or in the Senate Appropriations Committee Reports on the Continuation, Expansion and Capital Budgets, that were distributed in the Senate Appropriations and Base Budget Committees and used to explain this act.

STAFFING ANALYSIS OF STATE AGENCY BUSINESS FUNCTIONS AND REDEPLOYMENT OF RESOURCES FROM HR/PAYROLL MANAGEMENT

SECTION 6.7.(a) The Office of State Budget and Management, in consultation with the Office of State Controller and the Office of State Personnel, shall conduct annual follow-up analyses of the Human Resources/Payroll Function Mapping Analysis that was completed in fiscal year 2007 by the BEACON staff and the Office of State Budget and Management. This initial analysis was conducted to provide not only a pre-implementation assessment of State agency Human Resources/Payroll staffing prior to BEACON HR/Payroll implementation but also to provide a basis on which new HR/Payroll roles required by BEACON implementation can be mapped. These follow-up analyses of State agency HR/Payroll staffing shall be completed by January 1 of each year to assure the staffing levels remain appropriate. The annual staffing analyses shall be conducted throughout the implementation of the BEACON HR/Payroll System and shall continue for a reasonable time after the implementation to assure that the staffing levels are adjusted based on the increased efficiency provided by the implementation.

SECTION 6.7.(b) The Office of State Budget and Management, in consultation with the Office of State Controller, shall conduct a staffing analysis of the

business functions of State government to include, but not be limited to, agency fiscal offices, budget offices, and procurement offices to be completed by April 30, 2008. This initial analysis will serve as a pre-implementation assessment of State agency business functions staffing prior to the proposed implementation of the remaining components of the BEACON ERP System. Follow-up analyses shall be conducted annually and completed by January 1 of each year to assure the staffing levels remain appropriate. The annual staffing analyses shall be conducted throughout the implementation of future BEACON components and shall continue for a reasonable time after the implementation to assure that the staffing levels are adjusted based on the increased efficiency provided by the implementation.

SECTION 6.7.(c) By April 30, 2008, the Office of State Budget and Management, in consultation with the Office of State Controller, and then by January 1, 2009, and annually thereafter, the Office of State Budget and Management, in consultation with the Office of State Controller and the Office of State Personnel, shall report to the Chairs of the House of Representatives Appropriations Committee, to the Chairs of the Senate Committee on Appropriations/Base Budget, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division on the results of the annual staffing analyses of State government business functions conducted pursuant to subsection (a) of this section and on the implementation of the BEACON HR/Payroll System.

SECTION 6.7.(d) Prior to any staffing changes that result from the staffing analyses conducted pursuant to subsection (b) of this section, the Office of State Budget and Management, in consultation with the Office of State Controller and the Office of State Personnel, shall report to the Chairs of the House of Representatives Appropriations Committee, to the Chairs of the Senate Committee on Appropriations/Base Budget, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division on the annual staffing analyses of State government business functions conducted pursuant to subsection (b) of this section and on the proposed implementation of the remaining components of the BEACON ERP System.

SECTION 6.7.(e) Notwithstanding any other provision of law, the Office of State Budget and Management may evaluate the impact of the BEACON Program on affected agencies and develop a plan for addressing resources affected by the Program. The State Redeployment Plan shall be implemented to the extent possible. When compliance with federal or State law requires, a new position may be created if a current or contracted position is eliminated. The Office of State Budget and Management, in consultation with the Office of the State Controller, shall report to the Joint Legislative Commission on Governmental Operations within 30 days for each employee change made under the State Redeployment Plan and shall include a five-year fiscal impact incurred by the State when converting any contracted position to a permanent position. This subsection expires June 30, 2008.

BEACON DATA INTEGRATION

SECTION 6.8.(a) The Office of the State Controller, in cooperation with the State Chief Information Officer, shall develop a Strategic Implementation Plan for the integration of databases and the sharing of information among State agencies and programs. This plan shall be developed and implemented under the governance of the BEACON Project Steering Committee and in conjunction with leadership in State agencies and with the support and cooperation of the Office of State Budget and Management. This plan shall include the following:

(1) Definition of requirements for achieving statewide data integration.

(2) An implementation schedule to be reviewed and adjusted by the General Assembly annually based on funding availability.
(3) Priorities for database integration, commencing with the integration of databases that the BEACON Project Steering Committee identifies as most beneficial in terms of maximizing fund availability and realizing early benefits.
(4) Identification of current statewide and agency data integration efforts and a long-term strategy for integrating those projects into this effort.
(5) Detailed cost information for development and implementation, as well as five years of operations and maintenance costs.

While it is the intent that this initiative provide broad access to information across State government, the plan shall comply with all necessary security measures and restrictions to ensure that access to any specific information held confidential under federal and State law shall be limited to appropriate and authorized persons.

SECTION 6.8.(b) Of the funds appropriated from the General Fund to the North Carolina Information Technology Fund, the sum of five million dollars ($5,000,000) for the 2007-2008 fiscal year shall be used for BEACON data integration as provided by subsection (a) of this section. The Office of the State Controller, in coordination with State agencies and with the support of the Office of State Budget and Management, shall identify and make all efforts to secure any federal matching funds or other resources to assist in funding this initiative.

Funds authorized in this section may be used for the following purposes:
(1) To support the cost of a project manager to conduct the activities outlined herein reportable to the Office of the State Controller.
(2) To support two business analysts to provide support to the program manager and agencies in identifying requirements under this program.
(3) To engage a vendor to develop the Strategic Implementation Plan as required herein.
(4) To conduct integration activities as approved by the Governor and the North Carolina General Assembly.

SECTION 6.8.(c) The Office of the State Controller, with the assistance of the State Chief Information Officer, shall present the Strategic Implementation Plan directed herein to the 2008 Session of the General Assembly for action as deemed appropriate. Prior to the convening of the 2008 General Assembly, the Office of the State Controller shall provide status reports of this activity to the Joint Legislative Commission on Governmental Operations or the Fiscal Research Division of the General Assembly as requested.

SECTION 6.8.(d) This effort shall not place any new or additional requirements upon The University of North Carolina or the North Carolina Community College System.

USE OF COLLECTION ASSISTANCE FEE

SECTION 6.9.(a) G.S. 105-243.1(e)(4) reads as rewritten:

"(4) To pay for postage or other delivery charges for correspondence directly and primarily relating to collecting overdue tax debts, not to exceed ~~three hundred fifty-three thousand dollars ($353,000)~~ five hundred thousand dollars ($500,000) a year."

SECTION 6.9.(b) The General Assembly finds that a computer system that records tax payments and determines when the payments are overdue directly and primarily relates to the collection of overdue tax debts and that the cost of the computer system is subject to the collection assistance fee set forth in G.S. 105-243.1. The

Department of Revenue is authorized to use funds in the 20% Collection Assistance Fee Account, Budget Code 24704-2474, during the 2007-2009 fiscal biennium to replace the Department's current computer system, and these funds are appropriated to the Department for that purpose. The Department shall not use more than forty million dollars ($40,000,000) from the Account to replace the Department's current computer system. Funds appropriated to the Department in this subsection remain in the Account until withdrawn for expenditures for a replacement computer system and shall remain in the Account if not expended during the 2007-2009 fiscal biennium for the purposes set forth in this subsection.

OFFICE OF INFORMATION TECHNOLOGY SERVICES BUDGET REVIEW

SECTION 6.11.(a) Notwithstanding G.S. 147-33.88, the Office of Information Technology Services (ITS) shall develop an annual budget for review and approval by the Office of State Budget and Management in accordance with the schedule prescribed by the Director. The approved ITS budget shall be included in the Governor's budget recommendations to the General Assembly.

SECTION 6.11.(b) The Office of State Budget and Management shall ensure that State agencies have an opportunity to adjust their budgets based on any rate changes proposed by the Office of Information Technology Services.

OFFICE OF INFORMATION TECHNOLOGY SERVICES REVIEW OF STATE IT BUDGET SUBMISSIONS

SECTION 6.12.(a) The State Chief Information Officer (SCIO) shall review each information technology project budget request from the various State departments, agencies, and institutions prior to the formal submission of those requests to the Governor in order to facilitate a coherent and cost-effective State investment strategy for information technology projects and systems. The SCIO's review shall:

(1) Identify the purpose of the information technology project or system.
(2) Identify whether the project or system would result in any duplication of effort across governmental agencies, including State, local, and federal agencies.
(3) Determine the completeness, timeliness, and accessibility of the data developed and used by the system.
(4) Estimate the cost and actual staffing for the project or system.
(5) Ascertain the organizational location of the system as well as the hardware and software inventories associated with the system or project.
(6) Assess the current and potential benefits that the technology investment would provide to the State.
(7) Identify any opportunities for the State to leverage federal and local support of the information technology system or project.
(8) Consider any other information pertinent to the utility, functionality, and cost-effectiveness of the project or system.

The SCIO shall submit the detailed analysis of each information technology budget request to the Office of State Budget and Management (OSBM). Based on that analysis, the OSBM may require State departments, agencies, and institutions to coordinate information technology budget requests and projects to increase efficiency and eliminate duplication in the governance, organization, staffing, and functionality of information technology projects and systems across State government.

SECTION 6.12.(b) By February 1, 2008, the Office of State Budget and Management shall report to the General Assembly on its efforts and outcomes relative

to increasing the efficiency and cost-effectiveness of the State's information technology projects and programs as prescribed by this section. This report shall include detailed information on initiatives to eliminate duplication.

SECTION 6.12.(c) This section does not apply to The University of North Carolina System or to the Judicial Branch.

GEOGRAPHIC INFORMATION SYSTEM (GIS) STUDY

SECTION 6.13.(a) The Office of State Budget and Management (OSBM), in consultation with the Center for Geographic Information and Analysis (CGIA), the State Chief Information Officer, and the chair of the Geographic Information Coordinating Council (GICC), shall conduct a study to identify the development and use of Geographical Information Systems (GIS) in North Carolina by State agencies. The study shall identify the purpose of each system; any duplication of effort across agencies, including local governments and federal agencies; the completeness, timeliness, and accessibility of the data developed and used by the systems; the cost and actual staffing for each system; the organizational location of each system; and the hardware and software inventories associated with each system. The study shall also assess the current and potential benefits that GIS investments provide to the State and identify opportunities for the State to leverage federal and local support for North Carolina GIS systems.

SECTION 6.13.(b) OSBM shall make recommendations on the governance, organization, and staffing of GIS in and across State agencies and on a coherent and cost-effective State investment strategy for GIS that appropriately leverages local and federal support and eliminates duplication of capabilities. The report shall include a recommended strategy for consolidating State GIS initiatives. The OSBM shall make a written report of these findings and recommendations to the General Assembly by April 30, 2008.

SECTION 6.13.(c) This section does not apply to The University of North Carolina or to the Judicial Branch.

E-COMMERCE LONG-RANGE STRATEGY REPORT

SECTION 6.14. The Office of the State Controller shall evaluate the opportunities for efficiencies in State government through the use of electronic commerce as it relates to both disbursement and collection of funds, and shall report the results of that evaluation to the 2008 Regular Session of the 2007 General Assembly. The report shall include all of the following:

(1) Input from the entire State government user base, including State agencies, universities, community colleges, local education agencies, and other units of government that may be disbursing or collecting State funds. Input is also to be obtained from the various central agencies involved in the financial affairs of State government and from the Office of Information Technology.

(2) Specific proposals that would, if implemented, expand electronic commerce activity in the State government fiscal environment, and which shall include the establishment of an ongoing function within State government to execute the expansion. The recommendations should address activities that are suitable for statewide contractual arrangements, as well as those suitable for governmental entities to pursue individually. The recommendations should include expected costs and benefits of these implementations; recommendations for

funding recurring and nonrecurring costs of the specific proposals; and a business case to support the recommendations.

(3) Proposed legislation that may be considered by the 2008 Regular Session of the 2007 General Assembly to ensure compliance with merchant card industry policies and standards for operations and security.

(4) Proposed legislation that may be considered by the 2008 Regular Session of the 2007 General Assembly that addresses any inconsistencies or conflicts in existing statutes relating to electronic commerce activities.

Periodic updates on this activity may be requested by the Joint Legislative Commission on Governmental Operations. The final report is due no later than April 30, 2008.

UNC DISTINGUISHED PROFESSOR CHALLENGE-GRANT INITIATIVE/REDUCE BACKLOG FOR DISTINGUISHED PROFESSOR ENDOWMENT TRUST FUND PROFESSORSHIPS

SECTION 6.15.(a) The UNC Distinguished Professor Challenge-Grant Initiative is established as a reserve fund to be administered by the Board of Governors of The University of North Carolina. Funds in the UNC Distinguished Professor Challenge-Grant Initiative shall be used to provide State matching funds for a private challenge-grant initiative and shall be allocated consistent with G.S. 116-41.15. Funds from the UNC Distinguished Professor Challenge-Grant Initiative when matched with private funds shall provide the funding required to endow one distinguished professorship at each of the 16 constituent institutions of The University of North Carolina in the 2007-2008 fiscal year. All professorships endowed through this Initiative shall be in the fields of teacher education, engineering, nursing, or the traditional arts and sciences.

SECTION 6.15.(b) Funds are allocated in the North Carolina Senate Committee Report on the Continuation, Expansion and Capital Budget for the purpose of addressing the existing backlog of professorships under the Distinguished Professors Endowment Trust Fund.

MEDICAID COUNTY SHARE RELIEF

SECTION 6.16. In recognition of the increasing cost of Medicaid services and the burden this places on county finances, it is the intent of the General Assembly to develop a method for relieving counties of the county share of the nonfederal share of Medicaid expenditures. It is the further intent of the General Assembly that this relief will be in place by July 1, 2008. Methods being considered will allow counties to use those funds the counties would otherwise spend on Medicaid to support improvements in education at the local level without limiting the State's ability to provide critical State-funded services, including education.

ELIMINATION OF VACANT POSITIONS

SECTION 6.17. The Office of State Budget and Management shall eliminate all positions across State government that are funded through the General Fund and vacant for more than six months on June 30, 2007, by transferring from the various State departments, agencies, and institutions the salary and benefits-related funding appropriated for State government positions vacant on that date. There is established in the Office of State Budget and Management a Reserve for Eliminated Positions. Notwithstanding G.S. 143C-6-9, the sum of thirty-four million four hundred

three thousand one hundred seventy-nine dollars ($34,403,179) shall be credited to the Reserve for Eliminated Positions from the savings associated with the elimination of vacant positions required by this section, effective July 1, 2007. The provisions of this section do not apply to The University of North Carolina, the community colleges, and the public schools.

SALARY RESERVE BALANCES

SECTION 6.19. Notwithstanding G.S. 143C-6-4(b)(2), during the 2007-2009 fiscal biennium, a State agency may, with approval of the Director of the Budget, spend more than was authorized in the certified budget for a purpose or program if the overexpenditure is required to accommodate the redistribution of salary reserve balances within a State department.

CLARIFY THE TERMS AND CONDITIONS OF EMPLOYMENT OF THE DIRECTOR OF A LOCAL MANAGEMENT ENTITY

SECTION 6.20.(a) G.S. 122C-121 reads as rewritten:

"**§ 122C-121. Area director.**

(a) The area director is an employee of the area ~~board~~ board, shall serve at the pleasure of the board, and shall be appointed in accordance with G.S. 122C-117(7). ~~The area director is the administrative head of the area program.~~ As used in this subsection, "employee" means an individual and does not include a corporation, a partnership, a limited liability corporation, or any other business association.

(a1) The area board shall establish the area director's salary under Article 3 of Chapter 126 of the General Statutes. An area board may request an adjustment to the salary ranges under G.S. 126-9(b). The request shall include specific information supporting the need for the adjustment, including comparative salary and patient caseload data for other LMEs, and shall also include the specific amount the area board proposes to pay the director. The area board shall not request a salary adjustment that is more than ten percent (10%) above the normal allowable salary range as determined by the State Personnel Commission.

(a2) The area board shall not provide the director with any benefits that are not also provided by the area board to all permanent employees of the area program. The director shall be reimbursed only for allowable employment-related expenses at the same rate and in the same manner as other employees of the area program.

(b) The area board shall evaluate annually the area director for performance based on criteria established by the Secretary and the area board. In conducting the evaluation, the area board shall consider comments from the board of county commissioners.

(c) The area director is the administrative head of the area program. In addition to the duties under G.S. 122C-111, the area director shall:

(1) ~~Appoint and supervise~~ Appoint, supervise, and terminate area program staff.
(2) Administer area authority services.
(3) Develop the budget of the area authority for review by the area board.
(4) Provide information and advice to the board of county commissioners through the county manager.
(5) Act as liaison between the area authority and the Department.

(d) Except when specifically waived by the Secretary, the area director shall meet all the following minimum qualifications:

(1) Masters degree.
(2) Related experience.

(3) Management experience.
(4) Any other qualifications required under G.S. 122C-120.1."

SECTION 6.20.(b) G.S. 122C-121(a1), as enacted in subsection (a) of this section, applies to salary plans submitted and contracts entered into, extended, modified, or renewed on or after July 1, 2007.

CONTINUATION REVIEW OF CERTAIN FUNDS, PROGRAMS, AND DIVISIONS

SECTION 6.21.(a) No later than February 1, 2008, the Administrative Office of the Courts shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:
(1) Dispute Resolution and Community Mediation Programs.
(2) Association of Clerks of Superior Court.
(3) The Conference of District Attorneys.

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(b) No later than February 1, 2008, the Office of Indigent Defense Services shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the Division of Sentencing Services. The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(c) No later than February 1, 2008, the Department of Correction shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:
(1) Criminal Justice Partnership Program.
(2) Harriet's House.
(3) Women at Risk.
(4) Summit House.
(5) Contracts for long-term residential treatment beds: Evergreen; Mary Frances Center.

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(d) No later than February 1, 2008, the Department of Juvenile Justice and Delinquency Prevention shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:
(1) The Boys and Girls Clubs.
(2) Juvenile Assessment Center.
(3) Project Challenge.
(4) Juvenile Crime Prevention Council.
(5) The Governor's One-on-One Program.
(6) Support Our Students (SOS).

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(e) No later than February 1, 2008, the Department of Justice shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the North Carolina Legal Education Assistance Fund. The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(f) No later than February 1, 2008, the Department of Crime Control and Public Safety shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:

(1) North Carolina Victims Assistance Network.
(2) National Guard Tarheel Challenge Program.
(3) Butner Public Safety Division.

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(g) No later than February 1, 2008, the Department of Environment and Natural Resources shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the Environmental Stewardship Initiative. The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(h) No later than February 1, 2008, the Department of Commerce shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:

(1) Regional Partnerships.
(2) Council of Government funds.
(3) State Aid to Nonprofits.

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(i) No later than February 1, 2008, the Department of Health and Human Services shall provide a written report to the Appropriations Committees of the Senate and House of Representatives on the following funds, programs, or divisions:

(1) Office of Policy and Planning.
(2) Senior Games.
(3) Dental Supplies/Division of Public Health.

The report shall include all of the information listed in subsection (j) of this section.

SECTION 6.21.(j) The reports required in subsections (a) through (i) of this section shall include the following information for each program:

(1) A description of the program, including information on services provided, the recipients of the services, and the resource requirements.
(2) Meaningful measures of program performance and whether the program is meeting these measures.
(3) The rationale for continuing, reducing, or eliminating funding.
(4) The consequences of discontinuing program funding.
(5) Recommendations for improving services.
(6) Recommendations for reducing costs.
(7) The identification of policy issues that should be brought to the attention of the General Assembly.

SECTION 6.21.(k) The Appropriations Committees of the Senate and House of Representatives may review the funds, programs, and divisions listed in this section and shall determine whether to continue, reduce, or eliminate funding for the funds, programs, and divisions, subject to the continuation review program. The Fiscal Research Division may issue instructions to the State departments and agencies referenced in subsections (a) through (i) of this section regarding the expected content and format of the reports required by this section.

AT LEAST 20% OF PARKING LOT MUST BE PERVIOUS

SECTION 6.22.(a) G.S. 143-214.7 is amended by adding a new subsection to read:

"(d2) At least twenty percent (20%) of any area designed to be used for vehicular parking, except for a covered area or a multilevel area, shall be a pervious surface."

SECTION 6.22.(b) G.S. 143-215.6A(a)(11) reads as rewritten:

"(a) A civil penalty of not more than twenty-five thousand dollars ($25,000) may be assessed by the Secretary against any person who:

...

(11) Violates or fails to act in accordance with ~~G.S. 143-214.7(d1).~~G.S. 143-214.7(d1) or (d2)."

SECTION 6.22.(c) This section becomes effective July 1, 2008, and applies to any area designed to be used for vehicular parking for which an application for a building permit, a zoning application, or a subdivision plat, is submitted on or after that date.

UNIVERSITY CANCER RESEARCH FUND

SECTION 6.23.(a) Effective July 1, 2007, Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-29.1. University Cancer Research Fund.**

(a) The University Cancer Research Fund is established as a special revenue fund in the Office of the President of The University of North Carolina. Allocations from the fund shall be made to UNC Hospitals at the discretion of the President of The University of North Carolina only for the purpose of cancer research.

(b) The General Assembly finds that it is imperative that the State provide a minimum of sixteen million dollars ($16,000,000) each calendar year to the University Cancer Research Fund; therefore, effective July 1 of each calendar year:

(1) Notwithstanding G.S. 143C-9-3, the unobligated balance of the funds credited to the Tobacco Trust Account in an amount not to exceed sixteen million dollars ($16,000,000) is hereby transferred from the Tobacco Trust Account to the University Cancer Research Fund and appropriated for this purpose.

(2) There is appropriated from the General Fund to the University Cancer Research Fund an amount equal to the difference between the amount transferred pursuant to subdivision (1) of this subsection and sixteen million dollars ($16,000,000).

(c) The University Cancer Research Fund may also receive revenue from other sources.

(d) Fund Earnings, Assets, and Balances. – The State Treasurer shall hold the Fund separate and apart from all other moneys, funds, and accounts. Investment earnings credited to the assets of the Fund shall become part of the Fund. Any balance remaining in the Fund at the end of any fiscal year shall be carried forward in the Fund for the next succeeding fiscal year."

SECTION 6.23.(b) Effective July 1, 2008, G.S. 116-29.1(b), as enacted in subsection (a) of this section, is amended by deleting "sixteen million dollars ($16,000,000)" each place it appears and substituting "thirty-two million dollars ($32,000,000)".

SECTION 6.23.(c) Effective July 1, 2009, G.S. 116-29.1(b), as amended in subsection (b) of this section, is amended by deleting "thirty-two million dollars ($32,000,000)" each place it appears and substituting "fifty million dollars ($50,000,000)".

STATE SUPPORT OF OUR MILITARY PERSONNEL

SECTION 6.24. The General Assembly finds that North Carolina has a rich military heritage and is the site of some of the nation's major military installations, including Camp Lejeune, Fort Bragg, Pope Air Force Base, Seymour Johnson Air Force Base, New River Marine Corps Air Station, United States Coast Guard Air Station, Elizabeth City, and Cherry Point Marine Corps Air Station. The General Assembly

further finds that North Carolina is the home to more than 770,000 veterans of our nation's armed forces and about 120,000 active-duty military personnel, one of the largest active-duty military populations in our entire country. In appreciation of and gratitude to those North Carolinians, both living and deceased, who have served in our armed forces in service to our country, the General Assembly provides funding for and support of the following initiatives:

(1) Defense and Security Technology Accelerator.
(2) Mental Health Services for Returning Veterans.
(3) The Soldier Institute for Regenerative Medicine.
(4) Military Morale, Welfare, and Recreation Fund.
(5) National Guard Family Assistance Centers.
(6) National Guard Pension Fund.

PART VII. PUBLIC SCHOOLS

TEACHER SALARY SCHEDULES

SECTION 7.1.(a) Effective for the 2007-2008 school year, the Director of the Budget shall transfer from the Reserve for Compensation Increases funds necessary to implement the teacher salary schedules set out in subsection (b) of this section and for longevity in accordance with subsection (d) of this section, including funds for the employer's retirement and social security contributions for all teachers whose salaries are supported from the State's General Fund.

These funds shall be allocated to individuals according to rules adopted by the State Board of Education.

SECTION 7.1.(b) The following monthly salary schedules shall apply for the 2007-2008 fiscal year to certified personnel of the public schools who are classified as teachers. The schedule contains 31 steps with each step corresponding to one year of teaching experience.

2007-2008 Monthly Salary Schedule

Years of Experience	"A" Teachers	NBPTS Certification
0	$2,975	N/A
1	$3,017	N/A
2	$3,061	N/A
3	$3,217	$3,603
4	$3,357	$3,760

25	$4,732	$5,300
26	$4,798	$5,374
27	$4,866	$5,450
28	$4,937	$5,529
29	$5,008	$5,609
30+	$5,106	$5,719

2007-2008 Monthly Salary Schedule
"M" Teachers

Years of Experience	"M" Teachers	NBPTS Certification
0	$3,273	N/A
1	$3,319	N/A
2	$3,367	N/A
3	$3,539	$3,964
4	$3,693	$4,136
5	$3,840	$4,301
6	$3,982	$4,460
7	$4,096	$4,588
8	$4,149	$4,647
9	$4,203	$4,707
10	$4,258	$4,769
11	$4,312	$4,829
12	$4,368	$4,892
13	$4,424	$4,955
14	$4,483	$5,021
15	$4,542	$5,087
16	$4,602	$5,154
17	$4,663	$5,223
18	$4,728	$5,295
19	$4,792	$5,367
20	$4,855	$5,438
21	$4,924	$5,515
22	$4,991	$5,590
23	$5,063	$5,671
24	$5,134	$5,750
25	$5,205	$5,830
26	$5,278	$5,911
27	$5,353	$5,995
28	$5,431	$6,083
29	$5,509	$6,170
30+	$5,617	$6,291

SECTION 7.1.(c) Annual longevity payments for teachers shall be at the rate of one and one-half percent (1.5%) of base salary for 10 to 14 years of State service, two and twenty-five hundredths percent (2.25%) of base salary for 15 to 19

years of State service, three and twenty-five hundredths percent (3.25%) of base salary for 20 to 24 years of State service, and four and one-half percent (4.5%) of base salary for 25 or more years of State service. The longevity payment shall be paid in a lump sum once a year.

SECTION 7.1.(d) Certified public schoolteachers with certification based on academic preparation at the six-year degree level shall receive a salary supplement of one hundred twenty-six dollars ($126.00) per month in addition to the compensation provided for certified personnel of the public schools who are classified as "M" teachers. Certified public schoolteachers with certification based on academic preparation at the doctoral degree level shall receive a salary supplement of two hundred fifty-three dollars ($253.00) per month in addition to the compensation provided for certified personnel of the public schools who are classified as "M" teachers.

SECTION 7.1.(e) The first step of the salary schedule for school psychologists shall be equivalent to Step 5, corresponding to five years of experience, on the salary schedule established in this section for certified personnel of the public schools who are classified as "M" teachers. Certified psychologists shall be placed on the salary schedule at an appropriate step based on their years of experience. Certified psychologists shall receive longevity payments based on years of State service in the same manner as teachers.

Certified psychologists with certification based on academic preparation at the six-year degree level shall receive a salary supplement of one hundred twenty-six dollars ($126.00) per month in addition to the compensation provided for certified psychologists. Certified psychologists with certification based on academic preparation at the doctoral degree level shall receive a salary supplement of two hundred fifty-three dollars ($253.00) per month in addition to the compensation provided for certified psychologists.

SECTION 7.1.(f) Speech pathologists who are certified as speech pathologists at the master's degree level and audiologists who are certified as audiologists at the master's degree level and who are employed in the public schools as speech and language specialists and audiologists shall be paid on the school psychologist salary schedule.

Speech pathologists and audiologists with certification based on academic preparation at the six-year degree level shall receive a salary supplement of one hundred twenty-six dollars ($126.00) per month in addition to the compensation provided for speech pathologists and audiologists. Speech pathologists and audiologists with certification based on academic preparation at the doctoral degree level shall receive a salary supplement of two hundred fifty-three dollars ($253.00) per month in addition to the compensation provided for speech pathologists and audiologists.

SECTION 7.1.(g) Certified school nurses who are employed in the public schools as nurses shall be paid on the "M" salary schedule.

SECTION 7.1.(h) As used in this section, the term "teacher" shall also include instructional support personnel.

SCHOOL-BASED ADMINISTRATOR SALARY SCHEDULE

SECTION 7.2.(a) Effective for the 2007-2008 school year, the Director of the Budget shall transfer from the Reserve for Compensation Increases funds necessary to implement the salary schedules for school-based administrators as provided in this section. These funds shall be used for State-paid employees only.

SECTION 7.2.(b) The base salary schedule for school-based administrators shall apply only to principals and assistant principals. The base salary schedule for the 2007-2008 fiscal year, commencing July 1, 2007, is as follows:

2007-2008 Principal and Assistant Principal Salary Schedules

	Classification				
Years of Exp	Assistant Principal	Prin I (0-10)	Prin II (11-21)	Prin III (22-32)	Prin IV (33-43)
0-4	$3,730	-	-	-	-
5	$3,878	-	-	-	-
6	$4,022	-	-	-	-
7	$4,137	-	-	-	-

SECTION 7.2.(c) The appropriate classification for placement of principals and assistant principals on the salary schedule, except for principals in alternative schools and in cooperative innovative high schools, shall be determined in accordance with the following schedule:

Classification	Number of Teachers Supervised
Assistant Principal	
Principal I	Fewer than 11 Teachers
Principal II	11-21 Teachers
Principal III	22-32 Teachers
Principal IV	33-43 Teachers
Principal V	44-54 Teachers
Principal VI	55-65 Teachers
Principal VII	66-100 Teachers
Principal VIII	More than 100 Teachers

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 7.2.(d) A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of

the public schools and an additional step for every three years of experience as a principal. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 7.2.(e) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

SECTION 7.2.(f) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

SECTION 7.2.(g) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 7.2.(h) Participants in an approved full-time master's in school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the master's program. For the 2006-2007 fiscal year and subsequent fiscal years, the stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 7.2.(i) During the 2007-2008 fiscal year, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher.

CENTRAL OFFICE SALARIES

SECTION 7.3.(a) The monthly salary ranges that follow apply to assistant superintendents, associate superintendents, directors/coordinators, supervisors, and finance officers for the 2007-2008 fiscal year, beginning July 1, 2007.

School Administrator I	$3,217	$6,041
School Administrator II	$3,414	$6,407
School Administrator III	$3,624	$6,797
School Administrator IV	$3,770	$7,068
School Administrator V	$3,922	$7,354

School Administrator VI	$4,161	$7,799
School Administrator VII	$4,328	$8,113

The local board of education shall determine the appropriate category and placement for each assistant superintendent, associate superintendent, director/coordinator, supervisor, or finance officer within the salary ranges and within funds appropriated by the General Assembly for central office administrators and superintendents. The category in which an employee is placed shall be included in the contract of any employee.

SECTION 7.3.(b) The monthly salary ranges that follow apply to public school superintendents for the 2007-2008 fiscal year, beginning July 1, 2007.

Superintendent I	$4,594	$8,606
Superintendent II	$4,877	$9,126
Superintendent III	$5,174	$9,682
Superintendent IV	$5,491	$10,270
Superintendent V	$5,828	$10,896

The local board of education shall determine the appropriate category and placement for the superintendent based on the average daily membership of the local school administrative unit and within funds appropriated by the General Assembly for central office administrators and superintendents.

SECTION 7.3.(c) Longevity pay for superintendents, assistant superintendents, associate superintendents, directors/coordinators, supervisors, and finance officers shall be as provided for State employees under the State Personnel Act.

SECTION 7.3.(d) Superintendents, assistant superintendents, associate superintendents, directors/coordinators, supervisors, and finance officers with certification based on academic preparation at the six-year degree level shall receive a salary supplement of one hundred twenty-six dollars ($126.00) per month in addition to the compensation provided pursuant to this section. Superintendents, assistant superintendents, associate superintendents, directors/coordinators, supervisors, and finance officers with certification based on academic preparation at the doctoral degree level shall receive a salary supplement of two hundred fifty-three dollars ($253.00) per month in addition to the compensation provided for under this section.

SECTION 7.3.(e) The State Board of Education shall not permit local school administrative units to transfer State funds from other funding categories for salaries for public school central office administrators.

SECTION 7.3.(f) The annual salary increase for all permanent full-time personnel paid from the Central Office Allotment shall be four percent (4%), commencing July 1, 2007. The State Board of Education shall allocate these funds to local school administrative units. The local boards of education shall establish guidelines for providing salary increases to these personnel.

NONCERTIFIED PERSONNEL SALARIES

SECTION 7.4.(a) The annual salary increase for permanent, full-time noncertified public school employees whose salaries are supported from the State's General Fund shall be four percent (4%) commencing July 1, 2007.

SECTION 7.4.(b) Local boards of education shall increase the rates of pay for such employees who were employed for all or part of fiscal year 2006-2007 and who continue their employment for fiscal year 2007-2008 by providing an annual salary increase for employees of four percent (4%).

For part-time employees, the pay increase shall be pro rata based on the number of hours worked.

SECTION 7.4.(c) The State Board of Education may adopt salary ranges for noncertified personnel to support increases of four percent (4%) for the 2007-2008 fiscal year.

BONUS FOR CERTIFIED PERSONNEL AT THE TOP OF THEIR SALARY SCHEDULES

SECTION 7.5. Effective July 1, 2007, any permanent certified personnel employed during the 2006-2007 school year and paid on the teacher salary schedule with 30+ years of experience during the 2006-2007 school year shall receive a one-time bonus equivalent to one and sixty-six hundredths of one percent (1.66%), the average increase of the 27 to 30 year steps on the 2006-2007 teacher salary schedule. Effective July 1, 2007, any permanent personnel employed during the 2006-2007 school year and paid at the top of the principal and assistant principal salary schedule during the 2006-2007 school year shall receive a one-time bonus equivalent to two percent (2%).

For permanent part-time personnel, the one-time bonus shall be adjusted pro rata. Personnel defined under G.S. 115C-325(a)(5a) are not eligible to receive the bonus.

USE OF SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

SECTION 7.6.(a) Funds for Supplemental Funding. – The General Assembly finds that it is appropriate to provide supplemental funds in low-wealth counties to allow those counties to enhance the instructional program and student achievement. Therefore, funds are appropriated to State Aid to Local School Administrative Units for the 2007-2008 fiscal year and the 2008-2009 fiscal year to be used for supplemental funds for the schools.

SECTION 7.6.(b) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only: (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks; (ii) for salary supplements for instructional personnel and instructional support personnel; and (iii) to pay an amount not to exceed ten thousand dollars ($10,000) of the plant operation contract cost charged by the Department of Public Instruction for services.

Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools, such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

SECTION 7.6.(c) Definitions. – As used in this section:

(1) "Anticipated county property tax revenue availability" means the county-adjusted property tax base multiplied by the effective State average tax rate.

(2) "Anticipated total county revenue availability" means the sum of the:

a. Anticipated county property tax revenue availability,

b. Local sales and use taxes received by the county that are levied under Chapter 1096 of the 1967 Session Laws or under Subchapter VIII of Chapter 105 of the General Statutes,
c. Sales tax hold harmless reimbursement received by the county under G.S. 105-521, and
d. Fines and forfeitures deposited in the county school fund for the most recent year for which data are available.

(3) "Anticipated total county revenue availability per student" means the anticipated total county revenue availability for the county divided by the average daily membership of the county.

(4) "Anticipated State average revenue availability per student" means the sum of all anticipated total county revenue availability divided by the average daily membership for the State.

(5) "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

(6) "County-adjusted property tax base" shall be computed as follows:
a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county,
b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies,
c. Add to the resulting amount the:
1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2,
2. Value of property of public service companies, determined in accordance with Article 23 of Chapter 105 of the General Statutes, and
3. Personal property value for the county.

(7) "County-adjusted property tax base per square mile" means the county-adjusted property tax base divided by the number of square miles of land area in the county.

(8) "County wealth as a percentage of State average wealth" shall be computed as follows:
a. Compute the percentage that the county per capita income is of the State per capita income and weight the resulting percentage by a factor of five-tenths,
b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths,
c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth,
d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

(10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

(10a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(11) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

(12) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(13) "State average current expense appropriations per student" means the most recent State total of county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(14) "State average adjusted property tax base per square mile" means the sum of the county-adjusted property tax bases for all counties divided by the number of square miles of land area in the State.

(14a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(15) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth as a percentage of State average wealth by the State average current expense appropriations per student.)

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole

or in part in the county based on the average daily membership of the county's students in the school units.

If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only.

This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.6.(h) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2007-2009 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.6.(i) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2008, if it determines that counties have supplanted funds.

SECTION 7.6.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for

the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 7.7.(a) Funds for Small School Systems. – Except as provided in subsections (b) and (g) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

(1) Round all fractions of positions to the next whole position.

(2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.

(3) Provide additional program enhancement teachers adequate to offer the standard course of study.

(4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.

(5) Provide a base for the consolidated funds allotment of at least seven hundred eighty-eight thousand seven hundred eighty-nine dollars ($788,789), excluding textbooks for the 2007-2008 fiscal year and a base of at least seven hundred eighty-eight thousand seven hundred eighty-nine dollars ($788,789) for the 2008-2009 fiscal year.

(6) Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county school administrative units.

SECTION 7.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2007-2009 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a

finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for seven years after the unit becomes ineligible.

SECTION 7.7.(d) Definitions. – As used in this section:

(1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.

(2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.

(2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(3) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(4) "State-adjusted property tax base per student" means the sum of all county-adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.

(4a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(5) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2008, if it determines that counties have supplanted funds.

SECTION 7.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

SECTION 7.7.(g) Of the expansion funds appropriated for small school system supplemental funding in this act, the sum of seven hundred eighty-four thousand seven hundred three dollars ($784,703) shall be distributed to county school administrative units that have less than 1,300 students and have experienced a decline in average daily membership since the 2001-2002 school year. These funds shall be used to reduce the ratio of students to teachers in grades K-5 by one, in grades 6-8 by two, and in grades 9-12 by three.

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING

SECTION 7.8.(a) Funds are appropriated in this act to address the capacity needs of local school administrative units to meet the needs of disadvantaged students. Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade-level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability, to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

Funds received for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education, only to:

(1) Provide instructional positions or instructional support positions and/or professional development;
(2) Provide intensive in-school and/or after-school remediation;
(3) Purchase diagnostic software and progress-monitoring tools; and
(4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds are appropriated in this act to evaluate the Disadvantaged Student Supplemental Funding Initiatives and Low-Wealth Initiatives. The State Board of Education shall use these funds to:

(1) Evaluate the strategies implemented by local school administrative units with Disadvantaged Student Supplemental Funds and Low-Wealth Funds and assess their impact on student performance; and

(2) Evaluate the efficiency and effectiveness of the technical assistance and support provided to local school administrative units by the Department of Public Instruction.

The State Board of Education shall report the results of the evaluation to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by January 15 of each year.

SECTION 7.8.(c) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on: (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

(1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:20.2;

(2) For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:19.7;

(3) For counties with wealth less than eighty percent (80%) of the statewide average, a ratio of 1:19.4; and

(4) For LEAs receiving DSSF funds in 2005-2006, a ratio of 1:16. These LEAs shall receive no less than the DSSF amount allotted in 2006-2007.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(d) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 7.9.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2.5%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 7.9.(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

CHILDREN WITH DISABILITIES

SECTION 7.10. The State Board of Education shall allocate funds for children with disabilities on the basis of three thousand one hundred eighty-six dollars and fifty-seven cents ($3,186.57) per child for a maximum of 172,317 children for the 2007-2008 school year. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of the 2007-2008 allocated average daily membership in the local school administrative unit.

The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.11. The State Board of Education shall allocate funds for academically or intellectually gifted children on the basis of one thousand forty-two dollars and fifty-three cents ($1,042.53) per child. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2007-2008 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The State Board shall allocate funds for no more than 58,470 children for the 2007-2008 school year.

The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

EXPENDITURE OF FUNDS TO IMPROVE STUDENT ACCOUNTABILITY

SECTION 7.12.(a) Funds appropriated for the 2007-2008 and 2008-2009 fiscal years for Student Accountability Standards shall be used to assist students to perform at or above grade level in reading and mathematics in grades 3-8 as measured by the State's end-of-grade tests. The State Board of Education shall allocate these funds to local school administrative units based on the number of students who score at Level I or Level II on either reading or mathematics end-of-grade tests in grades 3-8. Funds in the allocation category shall be used to improve the academic performance of (i) students who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 or (ii) students who are performing at Level I or II on the writing tests in grades 4 and 7. These funds may also be used to improve the academic performance of students who are performing at Level I or II on the high school end-of-course tests. These funds shall not be transferred to other allocation categories or otherwise used for other purposes. Except as otherwise provided by law,

local boards of education may transfer other funds available to them into this allocation category.

The principal of a school receiving these funds, in consultation with the faculty and the site-based management team, shall implement plans for expending these funds to improve the performance of students.

Local boards of education are encouraged to use federal funds such as Title I Comprehensive School Reform Development Funds and to examine the use of State funds to ensure that every student is performing at or above grade level in reading and mathematics.

These funds shall be allocated to local school administrative units for the 2007-2008 fiscal year within 30 days of the date this act becomes law.

SECTION 7.12.(b) Funds appropriated for Student Accountability Standards shall not revert at the end of each fiscal year but shall remain available for expenditure until August 31 of the subsequent fiscal year.

LITIGATION RESERVE FUNDS

SECTION 7.13. The State Board of Education may expend up to two hundred thousand dollars ($200,000) each year for the 2007-2008 and 2008-2009 fiscal years from unexpended funds for certified employees' salaries to pay expenses related to pending litigation.

REPLACEMENT SCHOOL BUSES FUNDS

SECTION 7.14.(a) The State Board of Education may impose any of the following conditions on allotments to local boards of education for replacement school buses:

(1) The local board of education shall use the funds only to make the first, second, or third year's payment on a financing contract entered into pursuant to G.S. 115C-528.

(2) The term of a financing contract entered into under this section shall not exceed three years.

(3) The local board of education shall purchase the buses only from vendors selected by the State Board of Education and on terms approved by the State Board of Education.

(4) The Department of Administration, Division of Purchase and Contract, in cooperation with the State Board of Education, shall solicit bids for the direct purchase of school buses and activity buses and shall establish a statewide term contract for use by the State Board of Education. Local boards of education and other agencies shall be eligible to purchase from the statewide term contract. The State Board of Education shall also solicit bids for the financing of school buses.

(5) A bus financed pursuant to this section shall meet all State and federal motor vehicle safety regulations for school buses.

(6) Any other condition the State Board of Education considers appropriate.

SECTION 7.14.(b) Any term contract for the purchase or lease-purchase of school buses or school activity buses shall not require vendor payment of the electronic procurement transaction fee of the North Carolina E-Procurement Service.

DISCREPANCIES BETWEEN ANTICIPATED AND ACTUAL ADM

SECTION 7.15.(a) If the State Board of Education does not have sufficient resources in the ADM Contingency Reserve line item to make allotment adjustments in

accordance with the Allotment Adjustments for ADM Growth provisions of the North Carolina Public Schools Allotment Policy Manual, the State Board of Education may use funds appropriated to State Aid for Public Schools for this purpose.

SECTION 7.15.(b) If the higher of the first or second month average daily membership in a local school administrative unit is at least two percent (2%) or 100 students lower than the anticipated average daily membership used for allotments for the unit, the State Board of Education shall reduce allotments for the unit. The reduced allotments shall be based on the higher of the first or second month average daily membership plus one-half of the number of students overestimated in the anticipated average daily membership.

The allotments reduced pursuant to this subsection shall include only those allotments that may be increased pursuant to the Allotment Adjustments for ADM Growth provisions of the North Carolina Public Schools Allotment Policy Manual.

MENTOR TEACHER FUNDS MAY BE USED FOR FULL-TIME MENTORS

SECTION 7.17.(a) The State Board of Education shall grant flexibility to a local board of education regarding the use of mentor funds to provide mentoring support, provided the local board submits a detailed plan on the use of the funds to the State Board and the State Board approves that plan. The plan shall include information on how all mentors in the local school administrative unit have been or will be adequately trained to provide mentoring support.

Local boards of education shall use funds allocated for mentor teachers to provide mentoring support to all State-paid newly certified teachers, second-year teachers who were assigned mentors during the prior school year, and entry-level instructional support personnel who have not previously been teachers.

SECTION 7.17.(b) The State Board, after consultation with the Professional Teaching Standards Commission, shall adopt standards for mentor training.

SECTION 7.17.(c) Each local board of education with a plan approved pursuant to subsection (a) of this section shall report to the State Board on the impact of its mentor program on teacher retention. The State Board shall analyze these reports to determine the characteristics of mentor programs that are most effective in retaining teachers and shall report its findings to the Joint Legislative Education Oversight Committee by October 15 of each year of the biennium.

SECTION 7.17.(d) In addition to the report required in subsection (c) of this section, the State shall also evaluate the effectiveness of a representative sample of local mentor programs and report on its findings to the Joint Legislative Education Oversight Committee and the Fiscal Research Division by December 15 of each year of the biennium. The evaluation shall focus on quantitative evidence, quality of service delivery, and satisfaction of those involved. The report shall include the results of the evaluation and recommendations both for improving mentor programs generally and for an appropriate level of State support for mentor programs.

FUNDS TO IMPLEMENT THE ABCS OF PUBLIC EDUCATION

SECTION 7.18.(a) The State Board of Education shall use funds appropriated in this act for State Aid to Local School Administrative Units to provide incentive funding for schools that met or exceeded the projected levels of improvement in student performance during the 2006-2007 school year, in accordance with the ABCs of Public Education Program. In accordance with State Board of Education policy:

(1) Incentive awards in schools that achieve higher than expected improvements may be:

a. Up to one thousand five hundred dollars ($1,500) for each teacher and for certified personnel; and
b. Up to five hundred dollars ($500.00) for each teacher assistant.

(2) Incentive awards in schools that meet the expected improvements may be:
a. Up to seven hundred fifty dollars ($750.00) for each teacher and for certified personnel; and
b. Up to three hundred seventy-five dollars ($375.00) for each teacher assistant.

SECTION 7.18.(b) The State Board of Education may use funds appropriated to the State Public School Fund to implement the consolidated assistance program, as directed in Section 7.6(b) of S.L. 2006-66. The Board shall report to the Joint Legislative Education Oversight Committee by January 15, 2008, on any restructuring of the program pursuant to this section.

LEARN AND EARN HIGH SCHOOLS

SECTION 7.19.(a) Funds are appropriated in this act for the Learn and Earn high school workforce development program. The purpose of the program is to create rigorous and relevant high school options that provide students with the opportunity and assistance to earn an associate degree or two years of college credit by the conclusion of the year after their senior year in high school. The State Board of Education shall work closely with the Education Cabinet and the New Schools Project in administering the program.

SECTION 7.19.(b) These funds shall be used to establish new high schools in which a local school administrative unit, two- and four-year colleges and universities, and local employers work together to ensure that high school and postsecondary college curricula operate seamlessly and meet the needs of participating employers.

Funds shall not be allotted until Learn and Earn high schools are certified as operational.

SECTION 7.19.(c) During the first year of its operation, a high school established under G.S. 115C-238.50 shall be allotted a principal regardless of the number of State-paid teachers assigned to the school or the number of students enrolled in the school. The budget flexibility authorized by G.S. 115C-105.25 does not apply to these positions.

SECTION 7.19.(d) The State Board of Education, in consultation with the State Board of Community Colleges and The University of North Carolina Board of Governors, shall conduct an annual evaluation of this program. The evaluation shall include measures as identified in G.S. 115C-238.55. It shall also include: (i) an accounting of how funds and personnel resources were utilized and their impact on student achievement, retention, and employability; (ii) recommended statutory and policy changes; and (iii) recommendations for improvement of the program. The State Board of Education shall report the results of this evaluation to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by January 15 of each fiscal year.

SECTION 7.19.(e) Enrollment fees and tuition for The University of North Carolina courses in which Learn and Earn students are enrolled are allowable uses of these funds. Tuition costs may include laboratory fees assessed to all students enrolled in the course or a similar course.

SECTION 7.19.(f) Textbooks required for college courses in which Learn and Earn students are enrolled may be purchased with these funds.

SECTION 7.19.(g) Payment of fees from these funds by local school administrative units to partnering community colleges and universities are restricted to technology or course fees. Funds appropriated in this act shall not be used to support the cost of athletic or other student activity or campus fees not required by enrollment in a specific course.

SECTION 7.19.(h) The State Board of Education shall allot funds for university enrollment, tuition and fees, and textbooks on the basis of and after verification of the credit hour enrollment of Learn and Earn students in university courses. The State Board of Education shall allot funds for community college fees and textbooks on the basis of and after verification of the credit hour enrollment of Learn and Earn students in community college courses.

SECTION 7.19.(i) Of the funds appropriated to the State Public School Fund for the 2007-2008 fiscal year, the State Board of Education may use up to eight hundred fifty thousand dollars ($850,000) to establish additional Learn and Earn high schools that become certified as operational.

NORTH CAROLINA VIRTUAL PUBLIC SCHOOL

SECTION 7.20.(a) The North Carolina Virtual Public School (NCVPS) program shall report to the State Board of Education and shall maintain an administrative office at the Department of Public Instruction.

SECTION 7.20.(b) The Director of NCVPS shall continue to ensure that course quality standards are established and met and that all e-learning opportunities offered by State-funded entities to public school students are consolidated under the North Carolina Virtual Public School Program, eliminating course duplication.

SECTION 7.20.(c) Subsequent to course consolidation, the Director shall prioritize e-learning course offerings for students residing in rural and low-wealth county LEAs, in order to expand available instructional opportunities. First-available e-learning instructional opportunities should include courses required as part of the standard course of study for high school graduation and AP offerings not otherwise available.

SECTION 7.20.(d) The State Board of Education shall implement an allotment formula developed pursuant to Section 7.16(d) of S.L. 2006-66, for funding e-learning, effective in the 2008-2009 fiscal year.

SECTION 7.20.(e) The North Carolina Virtual Public School (NCVPS) shall be available at no cost to all students in North Carolina who are enrolled in North Carolina's public schools, Department of Defense schools, and schools operated by the Bureau of Indian Affairs. The Department of Public Instruction shall communicate to local school administrative units all applicable guidelines regarding the enrollment of nonpublic school students in these courses.

SMALL RESTRUCTURED HIGH SCHOOLS

SECTION 7.21. The State Board of Education shall report to the Office of State Budget and Management, the Fiscal Research Division, and the Joint Legislative Education Oversight Committee no later than January 15 of each year on the results of its evaluation of the small, restructured high school program. The evaluation shall include measures as identified in G.S. 115C-238.55. It shall also include: (i) an accounting of how funds and personnel resources were utilized and their impact on student achievement, retention, and employability; and (ii) recommendations for improvement of the program.

NC WISE POSITIONS

SECTION 7.22. Notwithstanding G.S. 143C-6-4, the State Board of Education may, subject to the approval of the Office of State Budget and Management, in consultation with the Office of Information Technology Services, and after consultation with the Joint Legislative Commission on Governmental Operations, use funds appropriated in this act for NC WISE to create a maximum of 10 positions and incur expenditures necessary to maintain and administer the NC WISE system within the Department of Public Instruction.

21ST CENTURY LITERACY COACHES

SECTION 7.23. Funds are appropriated in this act to support the selection and hiring of new literacy coaches for middle schools or other public schools with an eighth grade class. No more than one literacy coach shall be placed in each such school. The State Board of Education, in consultation with the North Carolina Teacher Academy, shall develop a site selection process including formal criteria. The site must receive formal approval by the State Board of Education to receive funds for this purpose. To be selected schools must:

(1) Contain an eighth grade class, and

(2) Ensure that literacy coaches will have no administrative responsibilities in the schools in which they are placed.

MORE AT FOUR PROGRAM AND OFFICE OF SCHOOL READINESS

SECTION 7.24.(a) The Department of Public Instruction shall continue the implementation of the "More at Four" prekindergarten program for at-risk four-year-olds who are at risk of failure in kindergarten. The program is available statewide to all counties that choose to participate, including underserved areas. The goal of the program is to provide quality prekindergarten services to a greater number of at-risk children in order to enhance kindergarten readiness for these children. The program shall be consistent with standards and assessments established jointly by the Department of Health and Human Services and the Department of Public Instruction. The program shall include:

(1) A process and system for identifying children at risk of academic failure.

(2) A process and system for identifying children who are not being served in formal early education programs, such as child care, public or private preschools, Head Start, Early Head Start, early intervention programs, or other such programs, who demonstrate educational needs, and who are eligible to enter kindergarten the next school year, as well as children who are underserved.

(3) A curriculum or several curricula that are research-based and/or built on sound instructional theory. These curricula shall: (i) focus primarily on oral language and emergent literacy; (ii) engage children through key experiences and provide background knowledge requisite for formal learning and successful reading in the early elementary years; (iii) involve active learning; (iv) promote measurable kindergarten language-readiness skills that focus on emergent literacy and mathematical skills; and (v) develop skills that will prepare children emotionally and socially for kindergarten.

(4) An emphasis on ongoing family involvement with the prekindergarten program.

(5) Evaluation of child progress through a statewide evaluation, as well as ongoing assessment of the children by teachers.

(6) Guidelines for a system to reimburse local school boards and systems, private child care providers, and other entities willing to establish and provide prekindergarten programs to serve at-risk children.

(7) A system built upon existing local school boards and systems, private child care providers, and other entities that demonstrate the ability to establish or expand prekindergarten capacity.

(8) A quality-control system. Participating providers shall comply with standards and guidelines as established by the Department of Health and Human Services and the Department of Public Instruction. The Department may use the child care rating system to assist in determining program participation.

(9) Standards for minimum teacher qualifications. A portion of the classroom sites initially funded shall have at least one teacher who is certified or provisionally certified in birth-to-kindergarten education.

(10) A local contribution. Programs must demonstrate that they are accessing resources other than "More at Four."

(11) A system of accountability.

(12) Consideration of the reallocation of existing funds. In order to maximize current funding and resources, the Department of Health and Human Services and the Department of Public Instruction shall consider the reallocation of existing funds from State and local programs that provide prekindergarten-related care and services.

SECTION 7.24.(b) The Department of Public Instruction shall implement a plan to expand "More at Four" program standards within existing resources to include four- and five-star-rated centers and schools serving four-year-olds and develop guidelines for these programs. The "NC Prekindergarten Program Standards" initiative shall recognize four- and five-star-rated centers that choose to apply and meet equivalent "More at Four" program standards as high quality pre-k classrooms. Classrooms meeting these standards shall have access to training and workshops for "More at Four" programs. Whenever expansion slots are available, these classrooms shall have first priority to receive them.

The "More at Four" program shall review the number of slots filled by counties on a monthly basis and shift the unfilled slots to counties with waiting lists. The shifting of slots shall occur through January 31 of each year, at which time any remaining funds for slots unfilled shall be used to meet the needs of the waiting list for subsidized child care.

SECTION 7.24.(c) The Department of Public Instruction shall submit a report by February 1, 2008, to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education, the House of Representatives Appropriations Subcommittee on Education, and the Fiscal Research Division. This final report shall include the following:

(1) The number of children participating in the program.

(2) The number of children participating in the program who have never been served in other early education programs, such as child care, public or private preschool, Head Start, Early Head Start, or early intervention programs.

(3) The expected expenditures for the programs and the source of the local match for each grantee.

(4) The location of program sites and the corresponding number of children participating in the program at each site.

(5) A comprehensive cost analysis of the program, including the cost per child served by the program.

(6) The status of the NC Prekindergarten initiatives as outlined in this section.

SECTION 7.24.(d) For the 2007-2008 and the 2008-2009 fiscal years, the "More at Four" program shall establish income eligibility requirements for the program not to exceed seventy-five percent (75%) of the State median income. Up to twenty percent (20%) of children enrolled may have family incomes in excess of seventy-five percent (75%) of median income if they have other designated risk factors.

SECTION 7.24.(e) The "More at Four" program funding shall not supplant any funding for classrooms serving four-year-olds as of the 2005-2006 fiscal year. Support of existing four-year-old classrooms with "More at Four" program funding shall be permitted when current funding is eliminated, reduced, or redirected as required to meet other specified federal or State educational mandates.

ADMINISTRATIVE FUNDING FOR TEACHING FELLOWS PROGRAM

SECTION 7.25.(a) G.S. 115C-363.23A(f) reads as rewritten:

"(f) All funds appropriated to or otherwise received by the Teaching Fellows Program for scholarships, all funds received as repayment of scholarship loans, and all interest earned on these funds, shall be placed in a revolving fund. This revolving fund shall be used for scholarship loans granted under the Teaching Fellows Program. With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used for campus and summer program support, and costs related to disbursement of awards and collection of loan repayments.

~~With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used by the~~ The Public School Forum, as administrator for the Teaching Fellows ~~Program, for~~ Program, may use up to eight hundred ten thousand dollars ($810,000) annually from the fund balance for costs associated with administration of the Teaching Fellows Program."

SECTION 7.25.(b) The funding provided for in this section shall be used to meet current administrative expenses of the Program and continue minority recruitment initiatives.

SECTION 7.25.(c) The Teaching Fellows Program shall report to the Joint Legislative Education Oversight Committee by March 15, 2008, on:

(1) Actual expenditures for the 2006-2007 fiscal year and budgeted expenditures for the 2007-2008 fiscal year for administration of the Program and

(2) Initiatives to recruit minorities to the Program.

SECTION 7.25.(d) The General Assembly urges the North Carolina Teaching Fellows Commission to use funds available in the revolving fund to establish additional teaching fellows scholarships.

NO COST SUMMER SCHOOL OR OTHER REMEDIATION ACTIVITIES

SECTION 7.26.(a) G.S. 115C-105.41 prohibits charging tuition or fees to Students at Risk for Academic Failure. Effective July 1, 2007, local school administrative units shall formally communicate to at-risk students and their parents or guardians that there will be no charge for participation in intervention activities/practices offered by the local school administrative units to at-risk students, or for transportation necessary for participation in the intervention activities.

SECTION 7.26.(b) Effective July 1, 2007, local school administrative units shall formally communicate to students and their parents or guardians that tuition and

fees will not be charged for summer school courses that are required for remediation or courses that are necessary for the student to meet graduation requirements.

LEARN AND EARN ONLINE

SECTION 7.27.(a) Funds are appropriated in this act for the Learn and Earn Online program. This program will allow high school students to enroll in college courses to qualify for college credit. Online courses will be made available to students through The University of North Carolina and the North Carolina Community College System.

SECTION 7.27.(b) Funds shall be used for course tuition, and only those technology and course fees, and textbooks required for course participation. Funds shall also support a liaison position to be housed at the Department of Public Instruction to coordinate with The University of North Carolina and the North Carolina Community College System, and to communicate course availability and related information to high school administrators, teachers, and counselors.

SECTION 7.27.(c) The State Board of Education shall determine the allocation of Learn and Earn Online course offerings across the State.

SECTION 7.27.(d) The State Board of Education shall allot funds for tuition, fees, and textbooks on the basis of and after verification of the credit hour enrollment of high school students in Learn and Earn Online courses. Community college student enrollments in Learn and Earn Online shall not be considered as a regular budget full-time equivalent (FTE) in the curriculum enrollment formula, but shall be accounted for separately and funds shall be allotted as a special allotment.

SECTION 7.27.(e) The University of North Carolina program shall report to The University of North Carolina Board of Governors, and the North Carolina Community College program shall report to the North Carolina Community College Board of Trustees. The Department of Public Instruction shall report to the State Board of Education.

SECTION 7.27.(f) Both The University of North Carolina and the North Carolina Community College System shall provide oversight and coordination, including coordination with the Department of Public Instruction, and with the North Carolina Virtual Public School (NCVPS) to avoid course duplication.

SECTION 7.27.(g) Course quality and rigor standards shall be established, and each program shall conduct course evaluations to ensure that the online courses made available to students meet the established standards.

SECTION 7.27.(h) The State Board of Education, The University of North Carolina, and the North Carolina Community College System shall report to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division no later than April 15, 2008, on the implementation of the program for the 2007-2008 school year and the proposed operating plan for the 2008-2009 school year. The report shall include the number of students enrolled in courses under the Learn and Earn Online program and the number of students who completed courses during the fall semester of the 2007-2008 school year.

SCHOOL CONNECTIVITY INITIATIVE

SECTION 7.28.(a) Funds are appropriated in this act to support the enhancement of the technology infrastructure for public schools. These funds shall be used for broadband access, equipment, and support services that create, improve, and sustain equity of access for instructional opportunities for public school students and educators.

SECTION 7.28.(b) As recommended in the Joint Report on Information Technology February 2007, the State Board of Education shall contract with an entity that has existing core network capability and demonstrated success in providing network services to education institutions within the State to serve as the administrator of the School Connectivity Initiative. The funds appropriated in this act shall be used to implement a plan approved by the State Board of Education to enhance the technology infrastructure for public schools that supports teaching and learning in the classrooms. The plan shall include the following components:

(1) A business plan with time lines, clearly defined outcomes, and an operational model including a governance structure, personnel, e-Rate reimbursement, support services to local school administrative units and schools, and a budget;
(2) Assurances for a fair and open bidding and contracting process;
(3) Technology assessment site survey template;
(4) Documentation of technology assessments;
(5) Documentation of how the technology will be used to enhance teaching and learning;
(6) Documentation of how existing State-invested funds for technology are maximized to implement the School Connectivity Initiative; and
(7) The number, location, and schedule of sites to be served in 2007-2008 and in 2008-2009.

SECTION 7.28.(c) Funds currently used for the services covered by these new funds shall not be supplanted by this additional funding and shall be used to support instructional technologies and local infrastructure in schools in support of acquisition and delivery of instructional technology resources to the classroom. Any refunds received for services paid with these technology funds shall return to the originating technology fund.

SECTION 7.28.(d) The State Board of Education shall report January 15, 2008, on its progress towards achieving the connectivity initiative and annually thereafter to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, the State Information Technology Officer, and the Fiscal Research Division.

SECTION 7.28.(e) As recommended in the E-Learning Report, February 2006, the Education Cabinet shall develop a plan to:

(1) Coordinate E-learning activities across the public and private universities and colleges, the community colleges, and the public schools;
(2) Establish a clear purpose and goals for the NCVirtual based on stakeholder needs and requirements;
(3) Develop a strategic plan with measurable goals with reports provided to the Education Cabinet;
(4) Develop, track, and report regularly to the Education Cabinet on appropriate accountability measures for those goals;
(5) Develop and manage an E-learning portal for the NCVirtual; and
(6) Use State-invested funds for E-Learning to eliminate duplication of service.

SECTION 7.28.(f) Up to three hundred thousand dollars ($300,000) may be transferred to the Office of the Governor to establish NCVirtual (NCV) within the Education Cabinet. These funds may be used for services to coordinate E-learning activities across all State educational agencies.

SECTION 7.28.(g) The Education Cabinet shall report on its progress towards developing the plan on January 1, 2008, and annually thereafter to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, the State Information Technology Officer, and the Fiscal Research Division.

REORGANIZATION OF THE DEPARTMENT OF PUBLIC INSTRUCTION

SECTION 7.29.(a) Notwithstanding G.S. 143C-6-4, the Department of Public Instruction may reorganize in accordance with the plan adopted by the State Board of Education. The Department shall report to the Joint Legislative Commission on Governmental Operations on the reorganization.

SECTION 7.29.(b) This section expires June 30, 2008.

HIGH PRIORITY SCHOOLS

SECTION 7.34.(a) The State Board of Education may develop a policy for a two-year phaseout of the special supplementary funding currently provided to the two remaining high priority elementary schools and may use funds in the ADM Contingency Reserve to support any additional cost of the two-year phaseout.

SECTION 7.34.(b) The State Board of Education shall not use funds appropriated for State Aid to Local Administrative Units to contract with an outside organization to evaluate the high priority schools initiative begun in the 2001-2002 fiscal year. The Board may, however, use up to five hundred thousand dollars ($500,000) previously identified for this purpose to support the ongoing evaluation of the Disadvantaged Student Supplemental Funding Initiative.

DISTANCE EDUCATION

SECTION 7.35. Notwithstanding G.S. 143C-6-4, the State Board of Education may use monies from the State Public School Fund in the 2007-2008 fiscal year only to pay for the additional costs associated with an increased number of registration fees for students enrolling in Distance Education courses.

CHILD NUTRITION OPERATING FUNDS

SECTION 7.36. The State Board of Education shall establish a reimbursement formula for lunches served in public schools to help offset the cost of the elementary school lunches. This reimbursement shall be in addition to the amount of federal reimbursement for free and reduced-price lunches served.

PART VIII. COMMUNITY COLLEGES

USE OF FUNDS FOR THE COLLEGE INFORMATION SYSTEM PROJECT

SECTION 8.1.(a) Funds appropriated to the Community Colleges System Office for the College Information System Project shall not revert at the end of the 2006-2007 fiscal year but shall remain available until expended.

SECTION 8.1.(b) Notwithstanding G.S. 143C-6-4, the Community Colleges System Office may, subject to the approval of the Office of State Budget and Management, in consultation with the Office of Information Technology Services, and after consultation with the Joint Legislative Commission on Governmental Operations, use funds appropriated in this act for the College Information System Project to create a maximum of 10 positions or incur expenditures necessary to transfer the maintenance and administration of the College Information System Project from the vendor to the

System Office. Personnel positions created pursuant to this subsection shall be located in community colleges across the State.

SECTION 8.1.(c) The Community Colleges System Office shall report on a quarterly basis to the Joint Legislative Education Oversight Committee on the implementation of the College Information System Project.

SECTION 8.1.(d) Subsection (a) of this section becomes effective June 30, 2007.

CARRYFORWARD OF EQUIPMENT FUNDS FOR COMMUNITY COLLEGES

SECTION 8.2.(a) Subject to the approval of the Office of State Budget and Management and cash availability, the North Carolina Community Colleges System Office may carry forward an amount not to exceed ten million dollars ($10,000,000) of the operating funds that were not reverted in fiscal year 2006-2007 to be reallocated to the State Board of Community Colleges' Equipment Reserve Fund. These funds shall be distributed to colleges consistent with G.S. 115D-31.

SECTION 8.2.(b) This section becomes effective June 30, 2007.

INSTRUCTIONAL RESOURCE ALLOCATION FORMULA

SECTION 8.3. The State Board of Community Colleges shall develop a new funding formula for library books and related instructional resources before distributing funds appropriated for this purpose for the 2007-2009 fiscal biennium. The revised instructional resource allocation formula shall reflect the availability of online subscription resources and electronic media and should include a base amount per college.

REPORT ON NCCCS DISTANCE LEARNING AND ONLINE CAPABILITIES

SECTION 8.4. The Community Colleges System Office shall report by March 1, 2008, to the Joint Legislative Education Oversight Committee, the Fiscal Research Division, and the Office of State Budget and Management on its efforts regarding distance learning opportunities. This report shall complement the report authorized by the General Assembly in Part 6 of S.L. 2004-179 and shall address the following:

(1) The expenditure of funds appropriated in this act for bandwidth at community colleges, including a description of each community college's current bandwidth capacity;

(2) A five-year history of the number of courses offered and number of FTE students served through distance learning;

(3) Results from student and instructor evaluations of distance learning courses;

(4) Current and anticipated future joint efforts between the North Carolina Community College System and The University of North Carolina and North Carolina private colleges, regarding distance learning; and

(5) Analysis of necessary changes or enhancements to improve the sharing of distance learning and online opportunities with The University of North Carolina and the Department of Public Instruction.

COMMUNITY COLLEGE FACULTY SALARY PLAN

SECTION 8.5.(a) It is the intent of the General Assembly to establish a community college faculty salary plan that (i) provides accountability to the General Assembly, (ii) maintains local flexibility and autonomy for the community colleges, and

(iii) ensures that community college faculty members have a uniform minimum salary based on level of education, equivalent applicable experience, or both.

SECTION 8.5.(b) The minimum salaries for community college faculty shall be based on the following education levels:

(1) Vocational Diploma/Certificate or Less. – This education level includes faculty members who are high school graduates, have vocational diplomas, or have completed one year of college.

(2) Associate Degree or Equivalent. – This education level includes faculty members who have an associate degree or have completed two or more years of college but have no degree.

(3) Bachelor's Degree.

(4) Master's Degree or Education Specialist.

(5) Doctoral Degree.

SECTION 8.5.(c) For the 2007-2008 school year, the minimum salaries for nine-month, full-time, curriculum community college faculty shall be as follows:

Education Level	Minimum Salary
Vocational Diploma/Certificate or Less	$33,314
Associate Degree or Equivalent	$33,805
Bachelor's Degree	$35,931
Master's Degree or Education Specialist	$37,817
Doctoral Degree	$40,537.

No full-time faculty member shall earn less than the minimum salary for his or her education level.

The pro rata hourly rate of the minimum salary for each education level shall be used to determine the minimum salary for part-time faculty members.

SECTION 8.5.(d)

(1) It is the intent of the General Assembly to encourage community colleges to make faculty salaries a priority and to reward colleges that have taken steps to achieve the national average, therefore:

a. If the average faculty salary at a community college is one hundred percent (100%) or more of the national average community college faculty salary, the college may transfer up to eight percent (8%) of the State funds allocated to it for faculty salaries.

b. If the average faculty salary at a community college is at least ninety-five percent (95%) but less than one hundred percent (100%) of the national average community college faculty salary, the college may transfer up to six percent (6%) of the State funds allocated to it for faculty salaries.

c. If the average faculty salary at a community college is at least ninety percent (90%) but less than ninety-five percent (95%) of the national average community college faculty salary, the college may transfer up to five percent (5%) of the State funds allocated to it for faculty salaries.

d. If the average faculty salary at a community college is at least eighty-five percent (85%) but less than ninety percent (90%) of the national average community college faculty salary, the college may transfer up to three percent (3%) of the State funds allocated to it for faculty salaries.

e. If the average faculty salary at a community college is eighty-five percent (85%) or less of the national average

community college faculty salary, the college may transfer up to two percent (2%) of the State funds allocated to it for faculty salaries.

Except as provided by subdivision (2) of this subsection, a community college shall not transfer a greater percentage of the State funds allocated to it for faculty salaries than is authorized by this subsection.

(2) With the approval of the State Board of Community Colleges, a community college at which the average faculty salary is eighty-five percent (85%) or less of the national average may transfer a greater percentage of the State funds allocated to it for faculty salaries than is authorized by sub-subdivision e. of subdivision (1) of this subsection. The State Board shall approve the transfer only for purposes that directly affect student services.

The State Board of Community Colleges shall adopt guidelines to implement the provisions of this subdivision.

(3) A local community college may use all State funds allocated to it except for Literacy Funds and Funds for New and Expanding Industries to increase faculty salaries.

SECTION 8.5.(e) As used in this section:

(1) "Average faculty salary at a community college" means the total nine-month salary from all sources of all nine-month, full-time, curriculum faculty at the college, as determined by the North Carolina Community College System on October 1 of each year.

(2) "National average community college faculty salary" means the nine-month, full-time, curriculum salary average, as published by the Integrated Postsecondary Education Data System (IPEDS), for the most recent year for which data are available.

SECTION 8.5.(f) The State Board of Community Colleges shall adopt guidelines to implement the provisions of this section.

SECTION 8.5.(g) The State Board of Community Colleges shall report to the appropriations subcommittees on education, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, the Fiscal Research Division, and the Office of State Budget and Management by December 1, 2007, and every year thereafter through December 1, 2009, on the implementation of this section.

STUDY COMMUNITY COLLEGE ACCESS

SECTION 8.6. The Joint Legislative Education Oversight Committee shall conduct a study to determine whether the North Carolina Community College System is appropriately organized to provide adequate geographic access, while minimizing overhead costs. Specifically, the Committee shall review the organization and structure of the Community College System, the number of colleges and satellite campuses within the System, and the location and size of the colleges. The Committee shall also study the State Board of Community Colleges' policy and procedure for approving new programs and whether the State could realize any savings from consolidating high-cost programs at regional locations.

COMMUNITY COLLEGE CONNECTIVITY FUNDS

SECTION 8.7. In expending funds appropriated for increasing the bandwidth capacity among the colleges of the North Carolina Community College System, the Community Colleges System Office shall seek the best value among

information technology providers in order to maximize online instruction, provide accurate data transmission, and utilize video services.

STUDY OF FTE FUNDING FORMULA

SECTION 8.8. The Fiscal Research Division, in consultation with the North Carolina Community College System, shall consider modifications to community college funding formulas to ensure that colleges have sufficient funds to adequately serve students when enrollment increases. In the course of the study, the Fiscal Research Division shall:

(1) Make findings and recommendations for a new formula budget computation for the Basic Skills Block Grant, which has not been reviewed for at least two decades and may be impacted by potential changes in the allocation of federal funds for literacy education through the Workforce Investment Act, Title II;

(2) Consider whether funding for equipment and instructional resources should be incorporated into the FTE funding formula;

(3) Make findings and recommendations regarding the appropriateness of adjusting the "Other Costs" factors in the Instructional and Institutional Support formulas; and

(4) Review the Institutional Support formula to determine whether funding is appropriately allocated between the Base Allotment and Enrollment Allotment.

The Fiscal Research Division shall report the results of its study to the Joint Legislative Education Oversight Committee and to the chairs of the Senate Committee on Appropriations/Base Budget and the House of Representatives Appropriations Committee by April 15, 2008.

REALIGNMENT OF STATE AID ALLOCATIONS

SECTION 8.9. The State Board of Community Colleges shall examine new State Aid allocation options that more closely align the allocation and expenditure of State-appropriated resources. The State Board shall realign the 2007-2008 formula budget computation to incorporate the Academic Support Supplement into the Institutional Support Formula.

EDUCATION INSIGHT PROJECT EXEMPT FROM CERTAIN INFORMATION TECHNOLOGY LAWS

SECTION 8.12.(a) Except as provided by subsection (b) of this section, and notwithstanding any other provision of law, the North Carolina Community College System and the Department of Public Instruction are exempt from the provisions of Article 3D of Chapter 147 of the General Statutes with regard to their participation in the Birth-20 Education Insight Project, which is a collaborative effort between The University of North Carolina, the North Carolina Community College System, the Department of Public Instruction, and private information technology providers.

SECTION 8.12.(b) The exemption provided by this act does not relieve the North Carolina Community College System and the Department of Public Instruction from information technology security responsibilities under G.S. 147-33.111.

PART IX. UNIVERSITIES

NC SCHOOL OF SCIENCE AND MATHEMATICS ENROLLMENT GROWTH FORMULA

SECTION 9.1. The Office of State Budget and Management jointly with The University of North Carolina and the Fiscal Research Division of the General Assembly shall conduct a study to create a formula for enrollment growth at the North Carolina School of Science and Mathematics. This formula shall be used to calculate the amount of funds needed for enrollment growth for the North Carolina School of Science and Mathematics. The formula shall also be used for calculating the enrollment growth funding request to be submitted to the 2008 Session of the North Carolina General Assembly.

REPORTING ON UNC FACULTY WORKLOAD

SECTION 9.2.(a) The Board of Governors of The University of North Carolina shall conduct a study on faculty workload at The University of North Carolina. The study shall be done using the Delaware Study Method of collecting data. Information in the report shall include all of the following:

(1) The faculty workload data for each constituent institution of The University of North Carolina compared to The University of North Carolina enrollment model.

(2) The University of North Carolina faculty workload average as compared to The University of North Carolina enrollment model student credit hours per instructional position.

(3) The faculty workload of regional and peer institutions as compared to each constituent institution faculty average and to The University of North Carolina faculty workload average.

SECTION 9.2.(b) The Board of Governors of The University of North Carolina shall submit the study report to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division no later than March 1, 2008.

USE OF ESCHEAT FUND FOR NEED-BASED FINANCIAL AID PROGRAMS

SECTION 9.3.(a) There is appropriated from the Escheat Fund income to the Board of Governors of The University of North Carolina the sum of seventy-five million six hundred thirty-eight thousand sixteen dollars ($75,638,016) for the 2007-2008 fiscal year and the sum of seventy-five million six hundred thirty-eight thousand sixteen dollars ($75,638,016) for the 2008-2009 fiscal year. There is appropriated from the Escheat Fund income to the State Board of Community Colleges the sum of thirteen million nine hundred eighty-one thousand two hundred two dollars ($13,981,202) for the 2007-2008 fiscal year and the sum of thirteen million nine hundred eighty-one thousand two hundred two dollars ($13,981,202) for the 2008-2009 fiscal year. There is appropriated from the Escheat Fund income to the Department of Administration, Division of Veterans Affairs, the sum of six million two hundred twenty-eight thousand six hundred thirty-three dollars ($6,228,633) for the 2007-2008 fiscal year and the sum of six million five hundred twenty thousand nine hundred sixty-four dollars ($6,520,964) for the 2008-2009 fiscal year. The funds appropriated by this subsection shall be allocated by the State Educational Assistance Authority for need-based student financial aid in accordance with G.S. 116B-7.

If the interest income generated from the Escheat Fund is less than the amounts referenced in this subsection, the difference may be taken from the Escheat Fund principal to reach the appropriations referenced in this subsection; however, under no circumstances shall the Escheat Fund principal be reduced below the sum of four hundred million dollars ($400,000,000).

SECTION 9.3.(b) The North Carolina State Education Assistance Authority (SEAA) shall perform all of the administrative functions necessary to implement this program of financial aid. The SEAA shall conduct periodic evaluations of expenditures of the Scholarship Programs to determine if allocations are utilized to ensure access to institutions of higher learning and to meet the goals of the respective programs. SEAA may make recommendations for redistribution of funds to The University of North Carolina, Department of Administration, and the Community College System regarding the respective scholarship programs, and then may authorize redistribution of unutilized funds for a particular fiscal year.

SECTION 9.3.(c) There is appropriated from the Escheat Fund to the Board of Governors of The University of North Carolina the sum of one million one hundred fifty-seven thousand dollars ($1,157,000) for the 2007-2008 fiscal year and the sum of one million one hundred fifty-seven thousand dollars ($1,157,000) for the 2008-2009 fiscal year to be allocated to the SEAA for need-based student financial aid to be used in accordance with G.S. 116B-7 and this act. The SEAA shall use these funds only to provide scholarship loans (known as the Millennium Teaching Scholarship Loan Program) to North Carolina high school seniors interested in preparing to teach in the State's public schools who also enroll at any of the Historically Black Colleges and Universities that do not have Teaching Fellows. An allocation of 20 grants of six thousand five hundred dollars ($6,500) each shall be given to Elizabeth City State University, Fayetteville State University, and Winston-Salem State University, the three universities without any Teaching Fellows, for the purposes specified in this subsection. The SEAA shall administer these funds and shall establish any additional criteria needed to award these scholarship loans, the conditions for forgiving the loans, and the collection of the loan repayments when necessary.

SECTION 9.3.(d) All obligations to students for uses of the funds set out in this section that were made prior to the effective date of this section shall be fulfilled as to students who remain eligible under the provisions of the respective programs.

BOARD OF GOVERNORS' MEDICAL SCHOLARSHIPS

SECTION 9.4.(a) Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-40.9. Board of Governors' Medical Scholarship Loan Program.**

(a) Administration of Medical Scholarship Loan Program. – The Board of Governors' Medical Scholarship Loan Program was established by the Board of Governors of The University of North Carolina. The Board of Governors' Medical Scholarship Loan Program operates under the purview of the Board of Governors and is administered by the Board of Governors.

(b) Medical Scholarship Loan Program. – Pursuant to this section, the Board of Governors' Medical Scholarship Loan Program may provide a four-year scholarship loan of relevant tuition and fees, mandatory medical insurance, required laptop computers, and an annual stipend of five thousand dollars ($5,000) per year to any student who has been accepted for admission to the Duke University School of Medicine, the Brody School of Medicine at East Carolina University, the University of North Carolina at Chapel Hill School of Medicine, or the Wake Forest University School of Medicine.

(c) Criteria for Awarding Scholarship Loans. – The Board of Governors may adopt standards, including minimum grade point average and scholastic aptitude test scores, for awarding these scholarship loans to ensure that only the most qualified students receive them. The Board of Governors shall make an effort to identify and encourage minority and economically disadvantaged youth to enter the program.

(d) Terms of Scholarship Loans. – All awards made under this section shall be made as scholarship loans and shall be evidenced by notes made payable to the Board of Governors that shall bear interest at the rate of ten percent (10%) per year beginning September 1 after completion of the program, or immediately after termination of the scholarship loan, whichever is earlier. The scholarship loan may be terminated by the recipient withdrawing from school or by the recipient not meeting the standards set by the Board of Governors. The Board of Governors shall forgive the loan if, within seven years after graduation, the recipient practices medicine in North Carolina for four years. The Board of Governors shall also forgive the loan if it finds that it is impossible for the recipient to practice medicine in North Carolina for four years, within seven years after graduation, because of the death or permanent disability of the recipient.

(e) Reversions. – All unused funds appropriated to or otherwise received by the Board of Governors for scholarship loans, all funds received as repayment of scholarship loans, and all interest earned on these funds shall revert to the General Fund at the end of each fiscal year."

SECTION 9.4.(b) This section becomes effective July 1, 2007, and applies to all awards from the Board of Governors' Medical Scholarship Program made to students admitted into medical school on or after July 1, 2007.

BOARD OF GOVERNORS' DENTAL SCHOLARSHIPS

SECTION 9.5.(a) Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-40.10. Board of Governors' Dental Scholarship Loan Program.**

(a) Administration of Dental Scholarship Program. – The Board of Governors' Dental Scholarship Loan Program was established by the Board of Governors of The University of North Carolina. The Board of Governors' Dental Scholarship Loan Program operates under the purview of the Board of Governors and is administered by the Board of Governors.

(b) Dental Scholarship Loan Program. – Pursuant to this section, the Board of Governors' Dental Scholarship Loan Program may provide a four-year scholarship loan of relevant tuition and fees, mandatory medical insurance, required laptop computers to any first-year students, required dental equipment, and an annual stipend of five thousand dollars ($5,000) per year to any student who has been accepted for admission to the School of Dentistry at the University of North Carolina at Chapel Hill.

(c) Criteria for Awarding Scholarship Loans. – The Board of Governors may adopt standards, including minimum grade point average and scholastic aptitude test scores, for awarding these scholarship loans to ensure that only the most qualified students receive them. The Board of Governors shall make an effort to identify and encourage minority and economically disadvantaged youth to enter the program.

(d) Terms of Scholarship Loans. – All awards made under this section shall be made as scholarship loans and shall be evidenced by notes made payable to the Board that shall bear interest at the rate of ten percent (10%) per year beginning September 1 after completion of the program, or immediately after termination of the scholarship loan, whichever is earlier. The scholarship loan may be terminated by the recipient withdrawing from school or by the recipient not meeting the standards set by the Board of Governors. The Board of Governors shall forgive the loan if, within seven years after graduation, the recipient practices dentistry in North Carolina for four years. The Board of Governors shall also forgive the loan if it finds that it is impossible for the recipient to practice dentistry in North Carolina for four years, within seven years after graduation, because of the death or permanent disability of the recipient.

(e) Reversions. – All unused funds appropriated to or otherwise received by the Board for scholarship loans, all funds received as repayment of scholarship loans, and all interest earned on these funds shall revert to the General Fund at the end of each fiscal year."

SECTION 9.5.(b) This section becomes effective July 1, 2007, and applies to all awards from the Board of Governors' Dental Scholarship Program made to students admitted to the School of Dentistry at the University of North Carolina at Chapel Hill on or after July 1, 2007.

GRADUATE NURSE SCHOLARSHIP LOANS FOR FULL-TIME NURSING FACULTY IN THE NC COMMUNITY COLLEGE SYSTEM

SECTION 9.6.(a) G.S. 90-171.100 reads as rewritten:

"**§ 90-171.100. Graduate Nurse Scholarship Program for Faculty Production established; administration.**

(a) There is established the Graduate Nurse Scholarship Program for Faculty Production. The North Carolina Nursing Scholars Commission shall determine selection criteria, methods of selection, and shall select recipients of scholarship loans made under the Graduate Nurse Scholarship Program for Faculty Production.

(b) The Graduate Nurse Scholarship Program for Faculty Production shall be used to provide the following:

(1) A scholarship loan for up to two years in the amount of fifteen thousand dollars ($15,000) per year, per recipient, to students enrolled in a masters degree program in nursing education or any other area of the nursing field that would permit them to become a nursing instructor at a North Carolina community college or university.

(2) A scholarship loan for up to three years in the amount of fifteen thousand dollars ($15,000) per year, per recipient, to students enrolled in a doctoral degree program in nursing education or any other area of the nursing field that would permit them to become a nursing instructor at a North Carolina community college or university.

(3) A scholarship loan for up to two years in the amount of fifteen thousand dollars ($15,000) per year, per recipient, to nursing faculty in the North Carolina Community College System enrolled in a master's degree program in nursing education.

(b1) The State Education Assistance Authority shall adopt specific rules to regulate these scholarship loans.

(c) If a recipient is awarded a scholarship loan under this program and is enrolled, or accepted for enrollment, in an eligible program, but is unable to pursue the course of study in nursing for a semester due to limited faculty resources at the institution for that semester, then the recipient shall continue to receive the scholarship loan for that semester and shall not be required to forfeit or repay the scholarship loan for that semester, provided that the recipient remains otherwise eligible for the program. This waiver shall be valid for only one semester of study and may extend a recipient's eligibility for funding under the program by no more than one semester.

(d) The Commission shall adopt stringent standards, which may include minimum grade point average, scholastic aptitude test scores, and other standards deemed appropriate by the Commission, to ensure that only the best potential students receive loans under the Graduate Nurse Scholarship Program for Faculty Production. Standards adopted by the Commission shall include provisions for ensuring that the qualifications of applicants who are or would be nontraditional students are considered fairly in providing them with opportunities to compete for the loans. Standards adopted

by the Commission shall also provide that community college nursing faculty receive preference in awarding scholarship loans under this section. Loans under the Graduate Nurse Scholarship Program for Faculty Production shall be awarded only to applicants who meet the standards set by the Commission and who agree to teach in a North Carolina public or private nursing program upon completion of the nursing education program supported by the loan. If a recipient under this section is a nursing faculty member at a community college, then as a condition of a scholarship loan received under G.S. 90-171.100(b)(3), the recipient shall agree to continue to work for the community college system in North Carolina as provided in G.S. 90-171.101(b).

(e) The Commission shall develop and administer the Graduate Nurse Scholarship Program for Faculty Production in cooperation with nursing schools at institutions approved by the Commission and the North Carolina Board of Nursing. The Graduate Nurse Scholarship Program for Faculty Production shall provide for participants to be exposed to a range of extracurricular activities while in school, which activities shall be aimed at instilling in students a strong motivation to remain in the practice of nursing education and to provide leadership for the nursing profession.

(f) The Commission shall make an effort to identify and encourage minority students and students who may not otherwise consider a career in nursing to apply for the Graduate Nurse Scholarship Program for Faculty Production.

(g) Upon the naming of recipients of loans from the Graduate Nurse Scholarship Program for Faculty Production, the Commission shall inform the State Education Assistance Authority (SEAA) of its decisions. The SEAA shall perform all of the administrative functions necessary to implement this Article, which functions shall include: rulemaking, dissemination of information to the public, distribution and receipt of applications for scholarship loans, and the functions necessary for the execution, payment, and enforcement of promissory notes required under this Article."

SECTION 9.6.(b) G.S. 90-171.101(b) reads as rewritten:

"(b) The State Education Assistance Authority shall forgive the loan if, within seven years after graduation from a nursing education program, the recipient teaches in a public or private nursing education program in a public or private educational institution in North Carolina for one year for every year a scholarship loan was ~~provided.~~ provided; unless the recipient was a nursing faculty member of a community college. In those circumstances, the State Education Assistance Authority shall forgive the loan if, within seven years after graduation from a nursing education program, the recipient teaches in a community college nursing education program in North Carolina for one year for every year a scholarship loan was provided. If the recipient repays the scholarship loan by cash payments, all indebtedness shall be repaid within 10 years. The Authority may provide for accelerated repayment and for less than full-time employment options to encourage the practice of nursing education in either geographic or nursing specialty shortage areas. The Authority shall adopt specific rules to designate these geographic areas and these nursing specialty shortage areas, upon recommendations of the North Carolina Center for Nursing. The North Carolina Center for Nursing shall base its recommendations on objective information provided by interested groups or agencies and upon objective information collected by the Center. The Authority may forgive the scholarship loan if it determines that it is impossible for the recipient to teach in a public or private nursing ~~program~~ program, or in a community college nursing program if that was a condition of the scholarship loan, in North Carolina for a sufficient time to repay the loan because of the death or permanent disability of the recipient within 10 years following graduation or termination of enrollment in a nursing education program."

ESTABLISH THE EDUCATION ACCESS REWARDS NORTH CAROLINA SCHOLARS FUND (EARN)

SECTION 9.7.(a) Article 23 of Chapter 116 of the General Statutes is amended by adding the following new section to read:

"**§ 116-209.26. Education Access Rewards North Carolina Scholars Fund.**

(a) The following definitions apply to this section:

(1) Academic year. – A period of time in which a student in matriculated status is expected to complete the equivalent of at least two semesters' or three quarters' academic work.

(2) Eligible postsecondary institution. – A school that is:

a. A constituent institution of The University of North Carolina as defined in G.S. 116-2(4); or

b. A community college as defined in G.S. 115D-2(2).

(3) Matriculated status. – Being recognized as a first-time candidate for a degree or certificate, exclusive of any course credits earned while in high school, in a defined program of study at an eligible postsecondary institution.

(4) Title IV. – Title IV of the Higher Education Act of 1965, as amended.

(b) There is established the Education Access Rewards North Carolina Scholars Fund. The purpose of the Fund is to provide grants to certain eligible students to enable them to obtain an education beyond the high school level at certain postsecondary institutions in North Carolina without incurring student loans to meet their financial need during the first two years of their postsecondary education. The State Education Assistance Authority (SEAA) shall administer the Fund.

(c) Criteria for awarding the grants shall be developed by the SEAA and include all of the following:

(1) The student must qualify as a legal resident of North Carolina, a legal resident of the United States, and as a resident for tuition purposes in accordance with G.S. 116-143.1.

(2) Within seven months of the fiscal year in which the grant is to be disbursed, the student must have:

a. Graduated from a North Carolina high school;

b. Received a General Education Development (GED) Certificate from a North Carolina institution; or

c. Completed a high school education in a home school setting meeting the qualifications and requirements under G.S. 115C-564.

(3) The student must meet enrollment standards by being admitted, enrolled, and classified as an undergraduate student in a matriculated status on a full-time basis at an eligible postsecondary institution in North Carolina.

(4) The student must be an eligible dependent student. For purposes of this subdivision, an "eligible dependent student" is a student who:

a. Either is classified as dependent for the Title IV programs or is a ward or dependent of the court; and

b. Demonstrates total family income not exceeding two hundred percent (200%) of the applicable federal poverty guideline, according to standards set by the SEAA and measured using data elements available to the SEAA from the Free Application for Federal Student Aid (FAFSA) or such other source as the SEAA may deem appropriate.

(5) The student must meet all other eligibility requirements for the federal Pell Grant.

(6) In order to retain eligibility for a grant for the student's second academic year, the student must meet achievement standards by maintaining satisfactory academic progress in a course of study in accordance with the standards and practices used for Title IV programs by the eligible postsecondary institution in which the student is enrolled.

(7) The student may not receive a grant in an amount that, when combined with the federal Pell Grant, exceeds the student's cost of attendance as defined under Title IV.

(8) The student may not receive a grant under this section for more than the equivalent of two academic years.

(d) The maximum grant for which a student is eligible under this section shall be four thousand dollars ($4,000) per academic year. In the event there are not sufficient funds to provide each eligible student with the maximum grant, it is the intent of the General Assembly that eligible students who have matriculated into an eligible postsecondary institution in North Carolina with at least one academic year of college credit receive the maximum grant amount and all other eligible students shall receive a reduced grant amount.

(e) The grants provided for in this section shall be administered by the State Education Assistance Authority pursuant to rules adopted by the SEAA not inconsistent with this section.

(f) The State Education Assistance Authority shall report to the Joint Legislative Education Oversight Committee by December 1, 2009, and by each December 1 thereafter, regarding the Fund and grants awarded from the Fund.

(g) Grant funds unexpended shall remain available to the SEAA for future grants to be awarded under this section."

SECTION 9.7.(b) There is appropriated from the Escheat Fund to the State Education Assistance Authority the sum of fifty million dollars ($50,000,000) for the 2007-2008 fiscal year and the sum of fifty million dollars ($50,000,000) for the 2008-2009 fiscal year to implement this section. Notwithstanding subsection (a) of this section, no grant shall be disbursed to an eligible student under G.S. 116-209.26, as enacted by this act, before July 1, 2008.

MANAGEMENT FLEXIBILITY TO REORGANIZE BUDGET CODE 16012 UNC BOARD OF GOVERNORS RELATED EDUCATIONAL PROGRAMS

SECTION 9.8.(a) Notwithstanding G.S. 143C-6-4, for the 2007-2008 fiscal year, the General Administration of The University of North Carolina and the State Educational Assistance Authority shall, with the approval of the Office of State Budget and Management, reorganize budget code 16012, UNC Board of Governors Related Educational Programs, so that the budget reflects and segregates each specific program individually. The Office of State Budget and Management shall work with the University of North Carolina General Administration and the State Educational Assistance Authority to ensure that each program represented in code 16012 is identified and budgeted separately.

SECTION 9.8.(b) The University of North Carolina General Administration shall report the new budget structure for budget code 16012, as approved by the Office of State Budget and Management, to the Fiscal Research Division of the General Assembly no later than March 31, 2008.

FUTURE TEACHERS OF NC SCHOLARSHIP LOAN PROGRAM

SECTION 9.9. G.S. 116-209.38(a) reads as rewritten:

"(a) There is established the Future Teachers of North Carolina Scholarship Loan Fund. The purpose of the Fund is to provide a two-year scholarship loan of six thousand five hundred dollars ($6,500) per year for any North Carolina student pursuing a college degree to teach in the public schools of the State. The scholarship loan shall be paid only for the student's junior and senior years. The scholarship loan is available if the student is enrolled in a State institution of higher education or a private institution of higher education located in this State that has an accredited teacher preparation program for students planning to become certified teachers in North Carolina. The State Education Assistance Authority shall administer the Fund and shall award ~~100~~ 150 scholarship loans annually."

PRINCIPALS' EXECUTIVE PROGRAM

SECTION 9.10.(a) The operating budget of the Principals' Executive Program (PEP) is appropriated on a nonrecurring basis for the 2007-2009 fiscal biennium until the General Assembly receives data showing the program has a positive, measurable impact on conditions for teaching and learning in schools.

SECTION 9.10.(b) The Principals' Executive Program shall develop a formalized admissions policy that does all of the following:

(1) Gives priority to school administrators working in high-need schools so that State resources are targeted to those who most need support.

(2) Takes into account geographic diversity to ensure that school administrators statewide are served. If more school administrators seek admission than slots are available, the Principals' Executive Program shall retain those names and offer priority admission to those on the waiting list for the next class. The Principals' Executive Program shall also use these waiting lists to assess demand and determine how best to allocate resources among the various executive training courses.

SECTION 9.10.(c) The State Board of Education and the Board of Governors of The University of North Carolina shall recommend to the Joint Legislative Education Oversight Committee a plan to provide input on the Principals' Executive Program's priorities and feedback on its performance. This plan shall be presented no later than April 1, 2008.

REPEAL NORTH CAROLINA PROGRESS BOARD

SECTION 9.11. Part 2A of Article 9 of Chapter 143B of the General Statutes is repealed.

REVERT MOTORSPORTS CAPITAL ACCOUNT

SECTION 9.12. Effective June 30, 2007, the unencumbered balance of the funds appropriated to the NC Motor Sports Testing and Research Complex in Section 32.1 of S.L. 2004-124, as amended by Section 3 of S.L. 2004-184, shall revert to the General Fund.

ELIMINATE CENTER FOR NURSING

SECTION 9.14.(a) Article 9F of Chapter 90 of the General Statutes is repealed.

SECTION 9.14.(b) G.S. 90-171.62(b) reads as rewritten:

"(b) The State Education Assistance Authority shall forgive the loan if, within seven years after graduation from a nursing education program, the recipient practices

nursing in North Carolina for one year for every year a scholarship loan was provided. If the recipient repays the scholarship loan by cash payments, all indebtedness shall be repaid within ten years. The Authority may provide for accelerated repayment and for less than full-time employment options to encourage the practice of nursing in either geographic or nursing specialty shortage areas. The Authority shall adopt specific rules to designate these geographic areas and these nursing specialty shortage ~~areas, upon recommendations of the North Carolina Center for Nursing. The North Carolina Center for Nursing shall base its recommendations on objective information provided by interested groups or agencies and upon objective information collected by the Center.~~ areas and may seek information from appropriate sources regarding geographic or nursing specialty shortage areas. The Authority may forgive the scholarship loan if it determines that it is impossible for the recipient to practice nursing in North Carolina for a sufficient time to repay the loan because of the death or permanent disability of the recipient within ten years following graduation or termination of enrollment in a nursing education program."

SECTION 9.14.(c) G.S. 90-171.101(b) reads as rewritten:

"(b) The State Education Assistance Authority shall forgive the loan if, within seven years after graduation from a nursing education program, the recipient teaches in a public or private nursing education program in a public or private educational institution in North Carolina for one year for every year a scholarship loan was provided. If the recipient repays the scholarship loan by cash payments, all indebtedness shall be repaid within 10 years. The Authority may provide for accelerated repayment and for less than full-time employment options to encourage the practice of nursing education in either geographic or nursing specialty shortage areas. The Authority shall adopt specific rules to designate these geographic areas and these nursing specialty shortage ~~areas, upon recommendations of the North Carolina Center for Nursing. The North Carolina Center for Nursing shall base its recommendations on objective information provided by interested groups or agencies and upon objective information collected by the Center.~~ areas and may seek information from appropriate sources regarding geographic or nursing specialty shortage areas. The Authority may forgive the scholarship loan if it determines that it is impossible for the recipient to teach in a public or private nursing program in North Carolina for a sufficient time to repay the loan because of the death or permanent disability of the recipient within 10 years following graduation or termination of enrollment in a nursing education program."

SECTION 9.14.(d) G.S. 126-5(c1)(16) is repealed.

TRANSFER AGRICULTURAL RESEARCH STATIONS AND RESEARCH FARMS FROM THE DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES TO UNC BOARD OF GOVERNORS FOR NC STATE UNIVERSITY

SECTION 9.15.(a) The Division of Research Stations is transferred from the Department of Agriculture and Consumer Services to the Board of Governors of The University of North Carolina to be allocated to North Carolina State University. This transfer shall have all of the elements of a Type I transfer, as defined in G.S. 143A-6. The agricultural research stations and research farms transferred by this section shall be under the direction and control of North Carolina State University, in consultation with North Carolina Agricultural and Technical State University.

SECTION 9.15.(b) North Carolina State University is designated as the lead agency for all of the State's agricultural research stations and research farms, including those already under the direction and control of North Carolina State University on June 30, 2007, and those that are transferred to North Carolina State University by subsection

(a) of this section. As lead agency for the management of all of the State's agricultural research stations and research farms, North Carolina State University shall do all of the following:

(1) Manage the agricultural research stations and research farms pursuant to G.S. 116-40.9.

(2) Consolidate and downsize the agricultural research stations and research farms to make them operate more efficiently and to reduce administrative costs beginning with the 2008-2009 fiscal year.

(3) Evaluate each agricultural research station and research farm to determine which of the stations or farms should be retained by the State and which are noncritical and should be divested by the State.

SECTION 9.15.(c) North Carolina State University shall consult with North Carolina Agricultural and Technical State University, the Department of Agriculture and Consumer Services, the Farm Bureau, and other interested parties as appropriate in implementing subdivisions (2) and (3) of subsection (b) of this section. The Board of Governors of The University of North Carolina shall consult with North Carolina Agricultural and Technical State University prior to consolidating, downsizing, or closing any agricultural research station or research farm at which North Carolina Agricultural and Technical State University has ongoing research.

SECTION 9.15.(d) By March 15, 2008, North Carolina State University shall report its findings and recommendations regarding the implementation of this section to the Board of Governors of The University of North Carolina.

SECTION 9.15.(e) Notwithstanding G.S. 146-30, the proceeds from the sale of any agricultural research station or research farm sold pursuant to this section shall be reinvested in the State's agricultural research efforts, as determined by the Board of Governors of The University of North Carolina.

SECTION 9.15.(f) Part 3 of Article 1 of the General Statutes is amended by adding a new section to read:

"**§ 116-40.9. State farms.**

State-owned farmland, including timberland, allocated to North Carolina State University, shall be managed by North Carolina State University, in consultation with North Carolina Agricultural and Technical State University, for research, teaching, and demonstration in agriculture, forestry, and aquaculture. Research projects on the State farms shall be approved by North Carolina State University. North Carolina State University may sell surplus commodities produced on the farms."

SECTION 9.15.(g) G.S. 106-22.1 is repealed.

SECTION 9.15.(h) G.S. 66-58(c)(1b) reads as rewritten:

"(c) The provisions of subsection (a) shall not prohibit:

...

(1b) The sale by North Carolina State University at University-owned facilities of dairy products, including ice cream, cheeses, milk-based beverages, and the by-products of heavy cream, produced by the Dairy and Process Applications Laboratory, so long as any profits are used to support the Department of Food Science and College of Agriculture and Life Sciences at North Carolina State University. The sale by North Carolina State University of surplus commodities on State farms, as allowed by G.S. 116-40.9.

...."

UNC ITEMIZED BUDGET REQUEST FOR 2009-2011 FISCAL BIENNIUM

SECTION 9.16. Notwithstanding any other provisions of law, for the 2009-2010 fiscal year and for the 2010-2011 fiscal year, the Board of Governors of The University of North Carolina shall submit an itemized budget request to the Director of the Budget for each of the constituent institutions, affiliated entities, and General Administration. The request shall contain the following information:

(1) A description of State-funded activities and a justification for the existence of each activity as aligned with the mission of The University of North Carolina.

(2) An itemized account of expenditures by personnel and non-personnel costs required to maintain the activity at the current level of service.

(3) An itemized account of progress made toward implementation of recommendations of the President's Advisory Committee on Efficiency and Effectiveness (PACE) and additional recommendations proposed and implemented by the chancellors of the constituent institutions.

(4) An itemized account of actual PACE cost savings and cost avoidance and the uses of the repurposed funds.

(5) A request for total required expenditures for the 2009-2010 fiscal year and for the 2010-2011 fiscal year showing increases and decreases that are properly and correctly aligned to reflect how the funds are to be expended for each activity.

STATE SUPPORT FOR HIGHER EDUCATION COSTS

SECTION 9.17.(a) Article 1 of Chapter 116 of the General Statutes is amended by adding a new Part to read:

"Part 2C. State Support Received By Students for Higher Education Costs.

"**§ 116-30.25. Information regarding State support received by students for higher education costs at constituent institutions.**

(a) The University of North Carolina General Administration shall develop methodology for reporting the approximate amount of total State support provided to students attending constituent institutions of The University of North Carolina.

(b) Each constituent institution shall provide to students, upon graduation, a letter detailing the approximate amount that the State of North Carolina contributed to the support of their education. The amount of State support shall be based on the methodology developed by the University of North Carolina General Administration pursuant to subsection (a) of this section.

(c) Each letter shall also provide an opportunity for students to donate to need-based scholarships. The President of The University of North Carolina shall establish a Need-Based Scholarship Trust Fund for receiving donations, and the proceeds shall be administered by the State Education Assistance Authority."

SECTION 9.17.(b) This section applies to the fall term of the 2007-2008 academic year and each subsequent academic term.

PART X. DEPARTMENT OF HEALTH AND HUMAN SERVICES

PHYSICIAN SERVICES

SECTION 10.1. With the approval of the Office of State Budget and Management, the Department of Health and Human Services may use funds appropriated in this act for across-the-board salary increases and performance pay to offset similar increases in the costs of contracting with private and independent universities for the provision of physician services to clients in facilities operated by the

Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. This offsetting shall be done in the same manner as is currently done with the constituent institutions of The University of North Carolina.

LIABILITY INSURANCE

SECTION 10.2.(a) The Secretary of the Department of Health and Human Services, the Secretary of the Department of Environment and Natural Resources, and the Secretary of the Department of Correction may provide medical liability coverage not to exceed one million dollars ($1,000,000) per incident on behalf of employees of the Departments licensed to practice medicine or dentistry, on behalf of all licensed physicians who are faculty members of The University of North Carolina who work on contract for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services for incidents that occur in Division programs, and on behalf of physicians in all residency training programs from The University of North Carolina who are in training at institutions operated by the Department of Health and Human Services. This coverage may include commercial insurance or self-insurance and shall cover these individuals for their acts or omissions only while they are engaged in providing medical and dental services pursuant to their State employment or training.

SECTION 10.2.(b) The coverage provided under this section shall not cover any individual for any act or omission that the individual knows or reasonably should know constitutes a violation of the applicable criminal laws of any state or the United States or that arises out of any sexual, fraudulent, criminal, or malicious act or out of any act amounting to willful or wanton negligence.

SECTION 10.2.(c) The coverage provided pursuant to this section shall not require any additional appropriations and shall not apply to any individual providing contractual service to the Department of Health and Human Services, the Department of Environment and Natural Resources, or the Department of Correction, with the exception that coverage may include physicians in all residency training programs from The University of North Carolina who are in training at institutions operated by the Department of Health and Human Services and licensed physicians who are faculty members of The University of North Carolina who work for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services.

FUNDS FOR JIM "CATFISH" HUNTER CHAPTER OF THE ALS ASSOCIATION

SECTION 10.3. Funds appropriated in this act for the Jim "Catfish" Hunter Chapter of the ALS Association shall be expended only for services provided within North Carolina.

DHHS PAYROLL DEDUCTION FOR CHILD CARE SERVICES

SECTION 10.4. Subject to rules adopted by the State Controller, an employee of the Department of Health and Human Services may authorize, in writing, the periodic deduction from the employee's salary or wages for employment by the State, a designated lump sum to be paid to satisfy the cost of services received for child care provided by the Department.

NON-MEDICAID REIMBURSEMENT CHANGES

SECTION 10.5. Providers of medical services under the various State programs, other than Medicaid, offering medical care to citizens of the State shall be reimbursed at rates no more than those under the North Carolina Medical Assistance Program.

The Department of Health and Human Services may reimburse hospitals at the full prospective per diem rates without regard to the Medical Assistance Program's annual limits on hospital days. When the Medical Assistance Program's per diem rates for inpatient services and its interim rates for outpatient services are used to reimburse providers in non-Medicaid medical service programs, retroactive adjustments to claims already paid shall not be required.

Notwithstanding the provisions of paragraph one, the Department of Health and Human Services may negotiate with providers of medical services under the various Department of Health and Human Services programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. These negotiated rates are allowable only to meet the medical needs of its non-Medicaid eligible patients, residents, and clients who require such services which cannot be provided when limited to the Medicaid rate.

Maximum net family annual income eligibility standards for services in these programs shall be as follows:

Family Size	Rehabilitation Except DSB Over 55 Grant	Other
1	$8,364	$4,200
2	10,944	5,300
3	13,500	6,400
4	16,092	7,500
5	18,648	7,900
6	21,228	8,300
7	21,708	8,800
8	22,220	9,300

The eligibility level for children in the Medical Eye Care Program in the Division of Services for the Blind shall be one hundred percent (100%) of the federal poverty guidelines, as revised annually by the United States Department of Health and Human Services and in effect on July 1 of each fiscal year. The eligibility level for adults in the Medical Eye Care Program in the Division of Services for the Blind shall be up to one hundred twenty-five percent (125%) of the federal poverty guidelines, as revised annually by the United States Department of Health and Human Services and in effect on July 1 of each fiscal year. The eligibility level for adults 55 years of age or older who qualify for services through the Division of Services for the Blind, Independent Living Rehabilitation Program, shall be two hundred percent (200%) of the federal poverty guidelines, as revised annually by the United States Department of Health and Human Services and in effect on July 1 of each fiscal year. The eligibility level for adults in the Atypical Antipsychotic Medication Program in the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services shall be one hundred fifty percent (150%) of the federal poverty guidelines, as revised annually by the United States Department of Health and Human Services and in effect on July 1 of each fiscal year. Additionally, those adults enrolled in the Atypical Antipsychotic Medication Program who become gainfully employed may continue to be eligible to receive State support, in decreasing amounts, for the purchase of atypical antipsychotic medication and related services up to three hundred percent (300%) of the poverty level.

State financial participation in the Atypical Antipsychotic Medication Program for those enrollees who become gainfully employed is as follows:

Income (% of poverty)	State Participation	Client Participation
0-150%	100%	0%

151-200%	75%	25%
201-250%	50%	50%
251-300%	25%	75%
300% and over	0%	100%

The Department of Health and Human Services shall contract at, or as close as possible to, Medicaid rates for medical services provided to residents of State facilities of the Department.

COMMUNITY HEALTH CENTER CHANGES

SECTION 10.6.(a) Of the funds appropriated in this act for Community Health Grants, the sum of seven million dollars ($7,000,000) in recurring funds for the 2007-2008 fiscal year and the sum of two million dollars ($2,000,000)for the 2008-2009 fiscal year shall be allocated to federally qualified health centers and those health centers that meet the criteria for federally qualified health centers, State-designated rural health centers, free clinics, public health departments, school-based health centers, and other nonprofit organizations that provide primary and preventative medical services to uninsured or medically indigent patients to:

(1) Increase access to preventative and primary care services by uninsured or medically indigent patients in existing or new health center locations;

(2) Establish community health center services in counties where no such services exist;

(3) Create new services or augment existing services provided to uninsured or medically indigent patients, including primary care and preventative medical services, dental services, pharmacy, and behavioral health; and

(4) Increase capacity necessary to serve the uninsured by enhancing or replacing facilities, equipment, or technologies.

Grant funds may not be used to enhance or increase compensation or other benefits of personnel, administrators, directors, consultants, or any other parties. Grant funds may not be used to supplant federal funds traditionally received by federally qualified community health centers and may not be used to finance or satisfy any existing debt. In distributing funds, the Department of Health and Human Services shall consider the availability of other funds for the agency, the incidence of poverty or indigent clients served, arrangements for after-hours care, and collaboration with the applicant's community hospital and other safety-net organizations.

SECTION 10.6.(a1) Notwithstanding subsection (a) of this section, of the funds allocated in this section for the 2007-2008 fiscal year, the sum of three hundred seventy-five thousand dollars ($375,000) shall be used to provide a cost of operations increase to eligible school-based and school-linked adolescent health centers.

SECTION 10.6.(b) The Office shall work with the North Carolina Community Health Center Association (hereafter "NCCHCA") and the North Carolina Public Health Association (hereafter "NCPHA") to establish an advisory committee to develop an objective and equitable process for awarding grant funds. The Office shall also develop auditing and accountability procedures. Not more than one percent (1%) of the funds appropriated in this section may be used to reimburse the Office for administering the grant program in collaboration with the NCCHCA and the NCPHA.

SECTION 10.6.(c) Recipients of grant funds shall provide to the Office annually a written report detailing the number of additional uninsured and medically indigent patients that are cared for, the types of services that were provided, and any

other information requested by the Office as necessary for evaluating the success of the grant program.

SECTION 10.6.(d) The Office shall work with the NCCHCA and NCPHA to study and present recommendations for continuing funds to support the expansion of community health centers, State-designated rural health centers, and public health departments to serve more of the State's uninsured and indigent population. The Office shall submit the report to the 2008 Regular Session of the 2007 General Assembly upon its convening.

COLLABORATION AMONG DEPARTMENTS OF ADMINISTRATION, HEALTH AND HUMAN SERVICES, JUVENILE JUSTICE AND DELINQUENCY PREVENTION, AND PUBLIC INSTRUCTION ON SCHOOL-BASED CHILD AND FAMILY TEAM INITIATIVE

SECTION 10.9.(a) School-Based Child and Family Team Initiative established. –

(1) Purpose and duties. – There is established the School-Based Child and Family Team Initiative. The purpose of the Initiative is to identify and coordinate appropriate community services and supports for children at risk of school failure or out-of-home placement in order to address the physical, social, legal, emotional, and developmental factors that affect academic performance. The Department of Health and Human Services, the Department of Public Instruction, the State Board of Education, the Department of Juvenile Justice and Delinquency Prevention, the Administrative Office of the Courts, and other State agencies that provide services for children shall share responsibility and accountability to improve outcomes for these children and their families. The Initiative shall be based on the following principles:

a. The development of a strong infrastructure of interagency collaboration;
b. One child, one team, one plan;
c. Individualized strengths-based care;
d. Accountability;
e. Cultural competence;
f. Children at risk of school failure or out-of-home placement may enter the system through any participating agency;
g. Services shall be specified, delivered, and monitored through a unified Child and Family Plan that is outcome-oriented and evaluation-based;
h. Services shall be the most efficient in terms of cost and effectiveness and shall be delivered in the most natural settings possible;
i. Out-of-home placements for children shall be a last resort and shall include concrete plans to bring the children back to a stable, permanent home, their schools, and their community; and
j. Families and consumers shall be involved in decision making throughout service planning, delivery, and monitoring.

(2) Program goals and services. – In order to ensure that children receiving services are appropriately served, the affected State and local agencies shall:

a. Increase capacity in the school setting to address the academic, health, mental health, social, and legal needs of children.
b. Ensure that children receiving services are screened initially to identify needs and assessed periodically to determine progress and sustained improvement in educational, health, safety, behavioral, and social outcomes.
c. Develop uniform screening mechanisms and a set of outcomes that are shared across affected agencies to measure children's progress in home, school, and community settings.
d. Promote practices that are known to be effective based upon research or national best practice standards.
e. Review services provided across affected State agencies to ensure that children's needs are met.
f. Eliminate cost shifting and facilitate cost-sharing among governmental agencies with respect to service development, service delivery, and monitoring for participating children and their families.
g. Participate in a local memorandum of agreement signed annually by the participating superintendent of the local LEA, directors of the county departments of social services and health, director of the local management entity, the chief district court judge, and the chief district court counselor.

(3) Local level responsibilities. – In coordination with the North Carolina Child and Family Leadership Council (Council), the local board of education shall establish the School-Based Child and Family Team Initiative (Initiative) at designated schools and shall appoint the Child and Family Team Leaders who shall be a school nurse and a school social worker. Each local management entity that has any selected schools in its catchment area shall appoint a Care Coordinator, and any department of social services that has a selected school in its catchment area shall appoint a Child and Family Teams Facilitator. The Care Coordinators and Child and Family Team Facilitators shall have as their sole responsibility working with the selected schools in their catchment areas and shall provide training to school-based personnel, as required. The Child and Family Team Leaders shall identify and screen children who are potentially at risk of academic failure or out-of-home placement due to physical, social, legal, emotional, or developmental factors. Based on the screening results, responsibility for developing, convening, and implementing the Child and Family Team Initiative is as follows:
a. School personnel shall take the lead role for those children and their families whose primary unmet needs are related to academic achievement.
b. The local management entity shall take the lead role for those children and their families whose primary unmet needs are related to mental health, substance abuse, or developmental disabilities and who meet the criteria for the target population established by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services.

c. The local department of public health shall take the lead role for those children and their families whose primary unmet needs are health-related.
d. Local departments of social services shall take the lead for those children and their families whose primary unmet needs are related to child welfare, abuse, or neglect.
e. The chief district court counselor shall take the lead for those children and their families whose primary unmet needs are related to juvenile justice issues.

A representative from each named or otherwise identified publicly supported children's agency shall participate as a member of the Team as needed. Team members shall coordinate, monitor, and assure the successful implementation of a unified Child and Family Plan.

(4) Reporting requirements. – School-Based Child and Family Team Leaders shall provide data to the Council for inclusion in their report to the North Carolina General Assembly. The report shall include the following:
a. The number of and other demographic information on children screened and assigned to a team and a description of the services needed by and provided to these children;
b. The number of and information about children assigned to a team who are placed in programs or facilities outside the child's home or outside the child's county and the average length of stay in residential treatment;
c. The amount and source of funds expended to implement the Initiative;
d. Information on how families and consumers are involved in decision making throughout service planning, delivery, and monitoring;
e. Other information as required by the Council to evaluate success in local programs and ensure appropriate outcomes; and
f. Recommendations on needed improvements.

(5) Local advisory committee. – In each county with a participating school, the superintendent of the local LEA shall either identify an existing cross agency collaborative or council, or shall form a new group, to serve as a local advisory committee to work with the Initiative. Newly formed committees shall be chaired by the superintendent and one other member of the committee to be elected by the committee. The local advisory committee shall include the directors of the county departments of social services and health, the directors of the local management entity, the chief district court judge, the chief district court counselor, and representatives of other agencies providing services to children, as designated by the Committee. The members of the Committee shall meet as needed to monitor and support the successful implementation of the School-Based Child and Family Team Initiative.

The Local Child and Family Team Advisory Committee may designate existing cross agency collaboratives or councils as working groups or to provide assistance in accomplishing established goals.

SECTION 10.9.(b) North Carolina Child and Family Leadership Council. –

(1) Leadership Council established; location. – There is established the North Carolina Child and Family Leadership Council (Council). The Council shall be located within the Department of Administration for organizational and budgetary purposes.

(2) Purpose. – The purpose of the Council is to review and advise the Governor in the development of the School-Based Child and Family Team Initiative and to ensure the active participation and collaboration in the Initiative by all State agencies and their local counterparts providing services to children in participating counties in order to increase the academic success and reduce out-of-home and out-of-county placements of children at risk of academic failure.

(3) Membership. – The Superintendent of Public Instruction and the Secretary of Health and Human Services shall serve as cochairs of the Council. Council membership shall include the Secretary of the Department of Juvenile Justice and Delinquency Prevention, the Chairman of the State Board of Education, the Director of the Administrative Office of the Courts, and other members as appointed by the Governor.

(4) The Council shall:

a. Sign an annual memorandum of agreement (MOA) among the named State agencies to define the purposes of the program and to ensure that program goals are accomplished.

b. Resolve State policy issues, as identified at the local level, which interfere with effective implementation of the School-Based Child and Family Team Initiative.

c. Direct the integration of resources, as needed, to meet goals and ensure that the Initiative promotes the most effective and efficient use of resources and eliminates duplication of effort.

d. Establish criteria for defining success in local programs and ensure appropriate outcomes.

e. Develop an evaluation process, based on expected outcomes, to ensure the goals and objectives of this Initiative are achieved.

f. Review progress made on integrating policies and resources across State agencies, reaching expected outcomes, and accomplishing other goals.

g. Report semiannually, on January 1 and July 1, on progress made and goals achieved to the Office of the Governor, the Joint Appropriations Committees and Subcommittees on Education, Justice and Public Safety, and Health and Human Services, and the Fiscal Research Division of the Legislative Services Office.

The Council may designate existing cross agency collaboratives or councils as working groups or to provide assistance in accomplishing established goals.

SECTION 10.9.(c) Department of Health and Human Services. – The Secretary of the Department of Health and Human Services shall ensure that all agencies within the Department collaborate in the development and implementation of the School-Based Child and Family Team Initiative and provide all required support to ensure that the Initiative is successful.

SECTION 10.9.(d) Department of Juvenile Justice and Delinquency Prevention. – The Secretary of the Department of Juvenile Justice and Delinquency

Prevention shall ensure that all agencies within the Department collaborate in the development and implementation of the School-Based Child and Family Team Initiative and provide all required support to ensure that the Initiative is successful.

SECTION 10.9.(e) Administrative Office of the Courts. – The Director of the Administrative Office of the Courts shall ensure that the Office collaborates in the development and implementation of the School-Based Child and Family Team Initiative and shall provide all required support to ensure that the Initiative is successful.

SECTION 10.9.(f) Department of Public Instruction. – The Superintendent of Public Instruction shall ensure that the Department collaborates in the development and implementation of the School-Based Child and Family Team Initiative and shall provide all required support to ensure that the Initiative is successful.

COMPREHENSIVE TREATMENT SERVICES PROGRAM/ESTABLISHMENT OF TASK FORCE ON THE COORDINATION OF CHILDREN'S SERVICES

SECTION 10.10.(a) The Department of Health and Human Services shall continue the Comprehensive Treatment Services Program for children at risk for institutionalization or other out-of-home placement. The Program shall be implemented by the Department in consultation with the Department of Juvenile Justice and Delinquency Prevention, the Department of Public Instruction, and other affected State agencies. The purpose of the Program is to provide appropriate and medically necessary nonresidential and residential treatment alternatives for children at risk of institutionalization or other out-of-home placement. Program funds shall be targeted for non-Medicaid eligible children. Program funds may also be used to expand a system-of-care approach for services to children and their families statewide. The program shall include the following:

(1) Behavioral health screening for all children at risk of institutionalization or other out-of-home placement.

(2) Appropriate and medically necessary nonresidential and residential services for children within the child mental health deaf and hard of hearing target population.

(3) Appropriate and medically necessary nonresidential and residential treatment services, including placements for sexually aggressive youth.

(4) Appropriate and medically necessary nonresidential and residential treatment services, including placements for youth needing substance abuse treatment services and children with serious emotional disturbances.

(5) Multidisciplinary case management services, as needed.

(6) A system of utilization review specific to the nature and design of the Program.

(7) Mechanisms to ensure that children are not placed in department of social services custody for the purpose of obtaining mental health residential treatment services.

(8) Mechanisms to maximize current State and local funds and to expand use of Medicaid funds to accomplish the intent of this Program.

(9) Other appropriate components to accomplish the Program's purpose.

(10) The Secretary of the Department of Health and Human Services may enter into contracts with residential service providers.

(11) A system of identifying and tracking children placed outside of the family unit in group homes, therapeutic foster care home settings, and other out-of-home placements.

(12) The development of a strong infrastructure of interagency collaboration.
(13) Individualized strengths-based care.

SECTION 10.10.(b) In order to ensure that children at risk for institutionalization or other out-of-home placement are appropriately served by the mental health, developmental disabilities, and substance abuse services system, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall do the following with respect to services provided to these children:

(1) Provide only those treatment services that are medically necessary.
(2) Implement utilization review of services provided.
(3) Adopt the following guiding principles for the provision of services:
  a. Service delivery system must be outcome-oriented and evaluation-based.
  b. Services should be delivered as close as possible to the child's home.
  c. Services selected should be those that are most efficient in terms of cost and effectiveness.
  d. Services should not be provided solely for the convenience of the provider or the client.
  e. Families and consumers should be involved in decision making throughout treatment planning and delivery.
  f. Services shall be specified, delivered, and monitored through a unified Child and Family Plan incorporating the principles of one-child-one-team-one-plan.
  g. Out-of-home placements for children shall be a last resort and shall include concrete plans to bring the children back to a stable, permanent home, their schools, and their community.
(4) Implement all of the following cost-reduction strategies:
  a. Preauthorization for all services except emergency services.
  b. Levels of care to assist in the development of treatment plans.
  c. Clinically appropriate services.

SECTION 10.10.(c) The Department shall collaborate with other affected State agencies such as the Department of Juvenile Justice and Delinquency Prevention, the Department of Public Instruction, the Administrative Office of the Courts, and with local departments of social services, area mental health programs, and local education agencies to eliminate cost shifting and facilitate cost-sharing among these governmental agencies with respect to the treatment and placement services.

SECTION 10.10.(d) The Department shall not allocate funds appropriated for Program services until a Memorandum of Agreement has been executed between the Department of Health and Human Services, the Department of Public Instruction, and other affected State agencies. The Memorandum of Agreement shall address specifically the roles and responsibilities of the various departmental divisions and affected State agencies involved in the administration, financing, care, and placement of children at risk of institutionalization or other out-of-home placement. The Department shall not allocate funds appropriated in this act for the Program until the Memoranda of Agreement between local departments of social services, area mental health programs, local education agencies, the Administrative Office of the Courts, and the Department of Juvenile Justice and Delinquency Prevention, as appropriate, are executed to effectuate the purpose of the Program. The Memoranda of Agreement shall address issues pertinent to local implementation of the Program, including provision for the

immediate availability of student records to a local school administrative unit receiving a child placed in a residential setting outside the child's home county.

SECTION 10.10.(e) Notwithstanding any other provision of law to the contrary, services under the Comprehensive Treatment Services Program are not an entitlement for non-Medicaid eligible children served by the Program.

SECTION 10.10.(f) Of the funds appropriated in this act for the Comprehensive Treatment Services Program, the Department of Health and Human Services shall establish a reserve of three percent (3%) to ensure availability of these funds to address specialized needs for children with unique or highly complex problems.

SECTION 10.10.(g) The Department of Health and Human Services, in conjunction with the Department of Juvenile Justice and Delinquency Prevention, the Department of Public Instruction, and other affected agencies, shall report on the following Program information:

(1) The number and other demographic information of children served.
(2) The amount and source of funds expended to implement the Program.
(3) Information regarding the number of children screened, specific placement of children, including the placement of children in programs or facilities outside of the child's home county, and treatment needs of children served.
(4) The average length of stay in residential treatment, transition, and return to home.
(5) The number of children diverted from institutions or other out-of-home placements such as training schools and State psychiatric hospitals and a description of the services provided.
(6) Recommendations on other areas of the Program that need to be improved.
(7) Other information relevant to successful implementation of the Program.

SECTION 10.10.(h) The Department shall report on the following Program funding information:

(1) The amount of Program funding allocated and expended by each LME.
(2) The amount of Program funds each LME transferred out of the Program to serve purposes other than those outlined by this Program and an explanation of why LMEs transferred the funding.
(3) Recommendations to improve the penetration rate of Program funds to serve the intended populations across the State.

SECTION 10.10.(i) Article 24 of Chapter 120 of the General Statutes reads as rewritten:

"Article 24.

"The Legislative Study Commission on Children and Youth.

"**§ 120-215. Commission created; purpose.**

There is created the Legislative Study Commission on Children and Youth. The purpose of the Commission is to study and evaluate the system of delivery of services to children and youth and to make recommendations to improve service delivery to meet present and future needs of the children and youth of this State. This study shall be a continuing one and the evaluation ongoing.

"**§ 120-216. Commission duties.**

The Commission shall have the following duties:

(1) Study the needs of children and youth. This study shall include, but is not limited to:

for two years. Members may be reappointed for two consecutive terms and may be appointed again after having been off the Commission for two years.

(c) Commission members shall receive no salary as a result of serving on the Commission and the Task Force on the Coordination of Children's Services but shall receive necessary subsistence and travel expenses in accordance with G.S. 120-3.1, 138-5, and 138-6, as applicable.

"**§ 120-218. Commission meetings; public hearings; staff.**

(a) The Commission shall hold its initial meeting at the call of the Speaker of the House of Representatives and the President Pro Tempore of the Senate. Subsequent meetings shall be held upon the call of the Commission cochairs. The Speaker of the House of Representatives and the President Pro Tempore of the Senate shall appoint a cochair each from the membership of the Commission.

(b) The Commission may hold public hearings across the State to solicit public input with respect to issues relating to children and youth.

(c) The Commission may contract for clerical or professional staff or for any other services it may require in the course of its ongoing study. At the request of the Commission, the Legislative Services Commission may supply members of the staff of the Legislative Services Office and clerical assistance to the Commission as the Legislative Services Commission considers appropriate. The Commission and the Task Force on the Coordination of Children's Services may, with the approval of the Legislative Services Commission, meet in the State Legislative Building or the Legislative Office Building.

"**§ 120-219. Commission reports.**

The Commission shall report to the General Assembly and to the Governor the results of its study and recommendations. A written report shall be submitted to each biennial session of the General Assembly at its convening.

"**§ 120-220. Commission authority.**

The Commission and the Task Force on the Coordination of Children's Services has the authority to obtain information and data from all State officers, agents, agencies, and departments, while in discharge of its duties, pursuant to G.S. 120-19, as if it were a committee of the General Assembly.

"**§ 120-221. Task Force on the Coordination of Children's Services.**

(a) There is created the Task Force on the Coordination of Children's Services, which shall be a Task Force of the Commission. The following members of the Commission shall serve on the Task Force:

(1) Five of the Commission members appointed by the Speaker of the House of Representatives, as follows:

a. The Commission member who serves on the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Commission member who is a member of the House of Representatives and who also serves on the Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services,

b. The Commission member who is a local health director,

c. The Commission member who is the parent of a child at risk for behavioral, social, health, or safety problems or academic failure, and

d. The Commission member who is the director of a county department of social services.

(2) Five of the Commission members appointed by the President Pro Tempore of the Senate, as follows:

a. The Commission member who is a member of the Senate and serves on the Joint Legislative Education Oversight Committee, and the Commission member who serves on the Senate Appropriations Committee on Justice and Public Safety,
b. The Commission member who represents a local board of education,
c. The Commission member who is a representative of Action for Children of North Carolina, and
d. The Commission member who is the director of an area authority or county program.

(3) One designee of each of the following ex officio Commission members:
a. The Secretary of Health and Human Services,
b. The Superintendent of Public Instruction, and
c. The Secretary of Administration.

(4) Each cochair of the Commission shall appoint one of the Task Force members as cochair of the Task Force.

(b) The purpose of the Task Force is to study and recommend changes to the Commission, the Governor, and the General Assembly to improve collaboration and coordination among agencies that provide services to children, youth, and families with multiple service needs. Task Force recommendations shall include mechanisms for establishing clear State leadership, consistent policy direction, and increased accountability at the State and local levels. As part of its work, the Task Force shall:

(1) Identify existing State, regional, and local collaborative bodies (including their charges, scopes of authority, and accountability requirements) that have been created by legislation, administrative rule, or agency policy and that are charged with serving, protecting, or improving the well-being of North Carolina's children, youth, and families. Once it has identified the collaborative bodies, the Task Force shall consider how they could be consolidated, reorganized, or eliminated in order to improve their effectiveness and accountability, increase the likelihood that key players will actively participate, and reduce unnecessary duplication of effort. The Task Force shall also consider the creation of a mechanism for coordination and communication among the State and local collaborative bodies, incentives for collaboration, clarification of roles among agencies, and ways to monitor the extent to which groups are collaborating.

(2) Study the practices of agencies currently implementing a system of care platform of practices and make recommendations regarding whether to adopt those practices statewide and across child-serving agencies as the preferred mechanism for providing services to children, youth, and families. In examining this issue, the Task Force shall identify those State and local agencies that are currently implementing practices that are consistent with a system of care, those states that have implemented a system of care as a statewide policy initiative, and the extent to which a system of care is cost-effective.

(3) The Task Force shall also examine the following principles that are associated with a system of care and determine whether to recommend the adoption of a State policy that reflects these principles:
a. Services for children should promote success, safety, and permanence.

b. Services should be child- and family-centered, giving priority to keeping children with their families, in their home, school, and community.
c. Services should actively promote early identification and intervention.
d. Services should be designed to protect the rights of children.
e. Services shall be integrated and comprehensive, addressing the child's physical, educational, social, and emotional needs through a single child and family team.
f. Services shall be outcomes-accountable and tied to a unified child and family plan.
g. Agency resources and services shall be shared and coordinated.
h. Services shall be provided as close to home as appropriate in the least restrictive setting consistent with what is known to be effective.
i. Services shall be culturally competent.
j. Services shall address the unique strengths, needs, and potential of each child and family, and shall be sufficiently flexible to meet highly individualized child and family needs.
k. Management of the child-serving system is a responsibility shared among all public and private child-serving agencies that should be held collectively accountable for outcomes.

(4) In reviewing principles relating to a system of care, the Task Force shall determine whether they articulate goals that are measurable and if not, determine whether they could be modified to reflect measurable goals.

(5) Study any other issues the Task Force determines would improve coordination and collaboration among child-serving agencies.

(c) The Task Force shall report at least annually to the Commission or more frequently at the request of the cochairs of the Commission, and shall also report on April 1 of each year to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division."

SECTION 10.10.(j) Upon approval of the Legislative Services Commission, the Legislative Services Officer shall assign professional and clerical staff to assist in the work of the Task Force. Professional staff shall be those assigned to subject areas or agencies involving child-serving programs administered by the Department of Health and Human Services, the Department of Juvenile Justice and Delinquency Prevention, the Administrative Office of the Courts, and the Department of Public Instruction. Clerical staff shall be furnished to the Task Force through the offices of the House of Representatives and Senate Directors of Legislative Assistants.

SECTION 10.10.(k) The Department shall report on April 1, 2008, and April 1, 2009, on the implementation of subsections (a) through (h) of this section. The reports required under this subsection shall be made to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division.

SENIOR CENTER OUTREACH

SECTION 10.11.(a) Funds appropriated to the Department of Health and Human Services, Division of Aging and Adult Services, for the 2007-2009 fiscal biennium, shall be used by the Division of Aging and Adult Services to enhance senior center programs as follows:

(1) To expand the outreach capacity of senior centers to reach unserved or underserved areas; or

(2) To provide start-up funds for new senior centers.

All of these funds shall be allocated by October 1 of each fiscal year.

SECTION 10.11.(b) Prior to funds being allocated pursuant to this section for start-up funds for a new senior center, the county commissioners of the county in which the new center will be located shall:

(1) Formally endorse the need for such a center;

(2) Formally agree on the sponsoring agency for the center; and

(3) Make a formal commitment to use local funds to support the ongoing operation of the center.

SECTION 10.11.(c) State funding shall not exceed seventy-five percent (75%) of reimbursable costs.

QUALITY IMPROVEMENT CONSULTATION PROGRAM FOR ADULT CARE HOMES

SECTION 10.12. The Department's Division of Aging and Adult Services shall develop a Quality Improvement Consultation Program for Adult Care Homes. The purpose of the Program is to promote better care and improve quality of life in a safe environment for residents in adult care homes through consultation and assistance with adult care home providers. The county departments of social services shall be responsible for implementation of the Program with all adult care homes located in the respective county, based on a timetable for statewide implementation.

The Division of Aging and Adult Services shall consult with adult care home providers, county departments of social services, consumer advocates, and other interested stakeholders and parties in the development of the Quality Improvement Consultation Program for Adult Care Homes.

The Program will address the following topics:

(1) Principles and philosophies that are resident-centered and promote independence, dignity, and choice for residents;

(2) Approaches to develop continuous quality improvement with a focus on resident satisfaction and optimal outcomes;

(3) Dissemination of best practice models that have been used successfully elsewhere;

(4) A determination of the availability of standardized instruments, and their use to the extent possible, to assess and measure adult care home performance according to quality of life indicators;

(5) Utilization of quality improvement plans for adult care homes that identify and resolve issues that adversely affect quality of care and services to residents. The plans include agreed upon time frames for completion of improvements and identification of needed resources;

(6) Training required to equip county departments of social services' staff to implement the Program;

(7) A distinction of roles between the regulatory role of the Department's Division of Facility Services and the quality improvement consultation

and monitoring responsibilities of the county departments of social services; and

(8) Identification of staffing and other resources needed to implement the Program.

The Division of Aging and Adult Services shall conduct a pilot of the Quality Improvement Consultation Program for Adult Care Homes. No more than four county departments of social services shall participate in the pilot. The Division of Aging and Adult Services shall consider geographic balance and size in carrying out the pilot. At the conclusion of the pilot, the Division of Aging and Adult Services shall make recommendations regarding the effectiveness of the Quality Improvement Consultation Program for Adult Care Homes. If the Division recommends expansion of the pilot to other counties or statewide implementation of the Program, its report shall include the cost and a proposed timetable for implementing these recommendations, including the identification of any necessary statutory and administrative rule changes. The recommendations shall be made to the Secretary of the Department of Health and Human Services, the North Carolina Study Commission on Aging, the Senate Appropriations Committee on Health and Human Services, and the House of Representatives Subcommittee on Health and Human Services.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.13.(a) The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars ($1,231) per month per resident.

SECTION 10.13.(b) Effective January 1, 2007, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred forty-eight dollars ($1,148) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.13.(c) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.13.(d) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the

Centers for Medicare and Medicaid Service (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.13.(e) Effective July 1, 2007, the Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

SPECIAL ASSISTANCE IN-HOME

SECTION 10.14.(a) Part 3 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"**§ 108A-47.1. Special Assistance in-home payments.**

The Department of Health and Human Services may use funds from the existing State-County Special Assistance for Adults budget to provide Special Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to fifteen percent (15%) of the caseload for all State-County Special Assistance for Adults. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be seventy-five percent (75%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State."

SECTION 10.14.(b) For State fiscal year 2007-2008, qualified individuals shall not receive payments at rates less than they would have been eligible to receive in State fiscal year 2006-2007.

CHILD CARE SUBSIDY RATES

SECTION 10.15.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 10.15.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.15.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) Maximum payment rates shall also be calculated periodically by the Division of Child Development for transportation to and from child care provided by the child care provider, individual transporter, or transportation agency, and for fees charged by providers to parents. These payment rates shall be based upon information collected by market rate surveys.

SECTION 10.15.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.15.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.15.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the

General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 10.15.(g) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 10.15.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

CHILD CARE ALLOCATION FORMULA

SECTION 10.16.(a) The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

(1) Funds shall be allocated based upon the projected cost of serving children in a county under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

(2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

SECTION 10.16.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including Smart Start funds, within a county.

SECTION 10.16.(c) Notwithstanding subsection (a) of this section, the Department of Health and Human Services shall allocate up to twelve million dollars ($12,000,000) in federal block grant funds and State funds appropriated for fiscal years 2007-2008 and 2008-2009 for child care services. These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including market rate adjustments, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.17.(a) No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires

a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a fifteen percent (15%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

SECTION 10.17.(b) If funds are reallocated to local purchasing agencies in accordance with subsection (a) of this section, the Department of Health and Human Services shall evaluate the fifteen percent (15%) local matching requirement to determine its effect on local purchasing agencies and whether the matching requirement should be adjusted. The Department shall report its findings and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than April 1, 2008.

CHILD CARE REVOLVING LOAN

SECTION 10.18. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

CHILD CARE MARKET RATE ADJUSTMENTS

SECTION 10.18A. Not later than October 1, 2007, the Department shall implement an adjustment to child care market rates, by region, based upon the 2007 Child Care Market Rate Study. Rate adjustments shall be implemented as follows:

(1) For three- to five-star child care center-based rates, counties in Region 1 shall receive twenty percent (20%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.

(2) For three- to five-star child care center-based rates, counties in Regions 2-5 shall receive thirty percent (30%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.

(3) For three- to five-star child care home-based rates, all counties shall receive ten percent (10%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.

EARLY CHILDHOOD EDUCATION AND DEVELOPMENT INITIATIVES ENHANCEMENTS

SECTION 10.19.(a) Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management.

SECTION 10.19.(b) The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

(1) For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy to be developed by the Board of Directors of the North Carolina Partnership for Children, Inc.

(2) For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.
(3) For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.
(4) For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 10.19.(c) The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match no less than fifty percent (50%) of the total amount budgeted for the program in each fiscal year of the biennium as follows: contributions of cash equal to at least fifteen percent (15%) and in-kind donated resources equal to no more than five percent (5%) for a total match requirement of twenty percent (20%) for each fiscal year. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships, also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor's records.
(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
(3) Not include expenses funded by State funds.
(4) Be supplemental to and not supplant preexisting resources for related program activities.
(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.
(6) Be otherwise allowable under federal or State law.
(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
(8) Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a twenty percent (20%) match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 10.19.(d) The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 10.19.(e) The Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for State fiscal years 2007-2008 and 2008-2009 shall be administered and distributed in the following manner:

(1) Capital expenditures are prohibited for fiscal years 2007-2008 and 2008-2009. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143-34.40.

(2) Expenditures of State funds for advertising and promotional activities are prohibited for fiscal years 2007-2008 and 2008-2009.

SECTION 10.19.(f) A county may use the county's allocation of State and federal child care funds to subsidize child care according to the county's Early Childhood Education and Development Initiatives Plan as approved by the North Carolina Partnership for Children, Inc. The use of federal funds shall be consistent with the appropriate federal regulations. Child care providers shall, at a minimum, comply with the applicable requirements for State licensure pursuant to Article 7 of Chapter 110 of the General Statutes.

SECTION 10.19.(g) For fiscal years 2007-2008 and 2008-2009, the local partnerships shall spend an amount for child care subsidies that provides at least fifty-two million dollars ($52,000,000) for the TANF maintenance of effort requirement and the Child Care Development Fund and Block Grant match requirement.

EQUAL ALLOCATIONS FOR EARLY CHILDHOOD EDUCATION AND DEVELOPMENT INITIATIVES

SECTION 10.19A. The one million two hundred eighty-five thousand eight hundred seventy dollars ($1,285,870) appropriated in this act for the 2007-2008 fiscal year and the six million six hundred thirty-one thousand four hundred seventy-one dollars ($6,631,471) appropriated in this act for the 2008-2009 fiscal year to the Department of Health and Human Services, Division of Child Development, for the North Carolina Partnership for Children, Inc., shall be allocated equally in each fiscal year among the counties whose percent of need funded is below fifty percent (50%).

NCPC PERSONNEL RECORD PROTECTION

SECTION 10.19B.(a) G.S. 143B-168.12(a)(2) reads as rewritten:

"(a) In order to receive State funds, the following conditions shall be met:

...

(2) The North Carolina Partnership and the local partnerships shall agree to adopt procedures for its operations that are comparable to those of Article 33C of Chapter 143 of the General Statutes, the Open Meetings Law, and Chapter 132 of the General Statutes, the Public Records Law, and provide for enforcement by the Department. The procedures may provide for the confidentiality of personnel files comparable to Article 7 of Chapter 126 of the General Statutes.

...."

SECTION 10.19B.(b) G.S. 143B-168.14(a)(2) reads as rewritten:

"(a) In order to receive State funds, the following conditions shall be met:

...

(2) Each local partnership shall agree to adopt procedures for its operations that are comparable to those of Article 33C of Chapter 143 of the General Statutes, the Open Meetings Law, and Chapter 132 of the General Statutes, the Public Records Law, and provide for enforcement by the Department. The procedures may provide for the confidentiality of personnel files comparable to Article 7 of Chapter 126 of the General Statutes.

...."

EVALUATION OF EDUCATIONAL SERVICES TO STUDENTS WITH HEARING AND VISUAL IMPAIRMENTS

SECTION 10.20.(a) To ensure students with hearing and visual impairments are appropriately educated in this State, the Department of Health and Human Services and the Department of Public Instruction shall:

(1) Collaborate in an evaluation of the State's entire service delivery model for deaf and blind students, including special needs of the students resulting from additional disabilities other than hearing and visual impairments, the training needs of professional staff, access to assistive technology, and curriculum content.

(2) Determine whether the State's schools for the deaf and blind should remain under the purview of the Department of Health and Human Services or if management of the schools should be transferred to the Department of Public Instruction.

(3) Develop a plan to reduce institutional capacity to an appropriate level for meeting the needs of hearing and visually impaired students in North Carolina.

SECTION 10.20.(b) The Department of Health and Human Services and the Department of Public Instruction shall report their findings and recommendations to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Education/Public Instruction, the House of Representatives Appropriations Subcommittee on Education, and the Fiscal Research Division by April 1, 2008.

EARLY INTERVENTION SERVICES REPORT

SECTION 10.21.(a) The Department of Health and Human Services, Division of Public Health, shall report on Early Intervention services. The report shall include the following information for all children, ages birth to three years, entering the Early Intervention system as of July 1, 2007, through December 31, 2007:

(1) Children served: the number of children referred and the source of referral, the number of children receiving initial evaluations, the number of children determined eligible, the number of children enrolled, and the number of IFS Plans developed.

(2) Services provided: the number and types of evaluation services, treatment services, and other services provided and whether the service was provided by an employee of a children's developmental services agency or a private provider.

(3) Sliding scale participation: the percentage of enrolled children whose family income falls into each of the following categories: at or below two hundred percent (200%) of the federal poverty level, between two hundred fifty percent (250%) and three hundred percent (300%) of the

federal poverty level, between three hundred fifty percent (350%) and four hundred percent (400%) of the federal poverty level, and over four hundred percent (400%) of the federal poverty level. These percentages shall be reported based on gross income and net income after allowable deductions.

The Division of Public Health shall report its findings and recommendations to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than February 1, 2008.

SECTION 10.21.(b) In order to reduce the amount of State funds appropriated for the Child Development Service Agency program and to increase the amount of receipts collected for the services provided by this program, a portion of the funding for the Child Development Service Agency is designated as a nonrecurring appropriation for the 2007-2008 and the 2008-2009 fiscal years. To achieve the purposes of this action by the General Assembly, the Department of Health and Human Services, Division of Public Health, shall engage in vigorous efforts to collect additional Medicaid and other third-party reimbursements from clients and their families. These efforts are necessary to offset any potential shortfall and may yield additional revenue that could be used to provide increased services to additional children. The Department of Health and Human Services, Division of Public Health, shall report on these efforts and the results to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than March 1, 2008.

COMMUNITY-FOCUSED ELIMINATING HEALTH DISPARITIES INITIATIVE

SECTION 10.22.(a) Of funds appropriated in this act from the General Fund to the Department of Health and Human Services, the sum of two million three hundred fifty-two thousand four hundred sixty-eight dollars ($2,352,468) for the 2007-2008 fiscal year and the sum of two million dollars ($2,000,000) for the 2008-2009 fiscal year shall be allocated for the Community-Focused Eliminating Health Disparities Initiative (CFEHDI) to provide grants-in-aid to local public health departments, American Indian tribes, and faith-based and community-based organizations to close the gap in the health status of African-Americans, Hispanics/Latinos, and American Indians as compared to the health status of white persons. These grants shall focus on the use of preventive measures to support healthy lifestyles. The areas of focus on health status shall be infant mortality, HIV-AIDS and sexually transmitted infections, cancer, diabetes, and homicides and motor vehicle deaths.

The three hundred fifty-two thousand four hundred sixty-eight dollars ($352,468) in nonrecurring funds appropriated in this act to the Department of Health and Human Services, Division of Public Health, for the Health Disparities Initiative in the 2007-2008 fiscal year, shall be deposited into a special fund to be established by the Department as the Bernard Allen, John Hall, Robert Holloman, Howard Hunter, Jeanne Lucas, and William Martin Minority Health Initiative Fund to honor the memory of and in recognition of the recent deaths of Senators Robert Holloman, Jeanne Lucas, and William Martin and Representatives Bernard Allen, John Hall, and Howard Hunter. These funds shall be used for concerted efforts to address large gaps in health status among North Carolinians who are African-American, as well as disparities among other minority populations in North Carolina. These efforts shall include:

(1) Providing enhanced education and outreach to minority populations on the prevention, diagnosis, and treatment of heart disease, breast cancer, diabetes, obesity, hypertension, sickle cell anemia, and HIV infection.
(2) Addressing cultural and communication barriers to quality care by improving interpersonal processes between clinicians and patients.

SECTION 10.22.(b) The Department of Health and Human Services shall report on the following with respect to funds appropriated to the CFEHDI program in fiscal years 2005-2006, 2006-2007, and 2007-2008. The report shall address for each fiscal year:

(1) Which community programs and local health departments received CFEHDI grants.
(2) What amount of funding did each program or local health department receive.
(3) Which of the minority populations were served by the programs or local health departments.
(4) Which counties were served by the programs or local health departments.
(5) What activities were planned and implemented by the programs or local health departments to fulfill the community focus of the CFEHDI program.

The report shall also contain a comprehensive evaluation of all grantees with regard to fulfilling the goals of the program, assessing the difference the funded activities have made in the community, and addressing and mitigating the health disparities identified in the Racial and Ethnic Health Disparities in North Carolina, Report Card 2006. In addition, the Department shall solicit from the grantees their observations and recommendations on ways the CFEHDI program can best accomplish its goals. The report shall also include specific activities undertaken pursuant to subsection (a) of this section to address large gaps in health status among North Carolinians who are African-American and other minority populations in this State. The Department shall submit the report not later than March 1, 2008, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

FUNDS FOR SCHOOL NURSES

SECTION 10.23.(a) Of the funds appropriated in this act to the Department of Health and Human Services, the sum of two million one hundred thousand dollars ($2,100,000) for the 2007-2008 fiscal year and the sum of three million one hundred thousand dollars ($3,100,000) for the 2008-2009 fiscal year shall be used for the school nurse initiative. All funds appropriated or allocated for school nurses shall be used to supplement and not supplant other State, local, or federal funds appropriated or allocated for this purpose. Communities shall maintain their current level of effort and funding for school nurses. These funds shall not be used for funding nurses for State agencies. All funds shall be used for direct services.

SECTION 10.23.(b) All school nurses funded with State funds shall participate, as needed, in child and family teams.

HEALTH PROMOTION AND DISEASE PREVENTION INVENTORY AND PLAN

SECTION 10.25.(a) In order to reduce costs and eliminate duplication of effort, the Department of Health and Human Services shall create an inventory of all of

the health promotion and disease prevention activities, including funding, staffing, and other resources for these activities and also including funding and resources for related task forces and committees. The inventory shall include at a minimum State and local health department activities that address tobacco-use prevention and cessation, obesity, improved nutrition and diet, physical exercise, public awareness and education concerning asthma, cancer, diabetes, heart disease, stroke, and accomplishment of the goals of the federal government's Healthy People 2010 Report.

SECTION 10.25.(b) The Department shall adopt a plan to combine the resources for the activities listed in subsection (a) of this section into a single funding stream allocation to be distributed to local health departments to utilize in accomplishing the 10 essential services of public health, which shall encompass all of the activities listed in subsection (a) of this section. The Department shall develop a formula that will distribute these funds on an equitable basis and that takes into consideration the following factors for areas served by each local health department:

(1) Rate of infant mortality.
(2) Rate of adolescent pregnancy.
(3) Rates of cancer, heart disease, and diabetes.
(4) Number of persons without health insurance.
(5) Median income.
(6) Percent of county population enrolled in Medicaid.
(7) Percent of the population that is minority.

SECTION 10.25.(c) The Department shall report on the inventory and the plan not later than February 1, 2008, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

FUNDS FOR HEALTH CARE IN HONOR OF THE MEMORY OF SENATOR JEANNE H. LUCAS

SECTION 10.25A. Funds appropriated in this act to the Department of Health and Human Services, Division of Public Health, for the Eliminating Health Disparities Initiative, the Breast and Cervical Cancer Control Program, and the Purchase of Medical Care for Cancer Treatment shall be allocated to a special fund established for each of those purposes and allocated as provided in this act and are appropriated to honor the memory of Senator Jeanne H. Lucas.

AIDS DRUG ASSISTANCE PROGRAM

SECTION 10.26. For the 2007-2008 fiscal year and the 2008-2009 fiscal year, the Department may adjust the financial eligibility criterion of the ADAP up to an amount not exceeding two hundred fifty percent (250%) of the federal poverty level in order to serve as many eligible North Carolinians living with HIV disease as possible within existing resources plus any new federal resources. If the Department raises the eligibility limit above one hundred twenty-five percent (125%) of the federal poverty level and a waiting list develops as a result, the Department shall give priority on the waiting list to those individuals at or below one hundred twenty-five percent (125%) of the federal poverty level.

DISEASE PREVENTION PROGRAMS

SECTION 10.27.(a) Funds appropriated in this act to the Department of Health and Human Services, Division of Public Health, for HIV prevention may also be used by the State Health Director and local health departments to implement subsection

(b) of this section and other services that will further the purpose of communicable disease prevention. Funds may also be used to support peer-to-peer counseling.

SECTION 10.27.(b) Article 6 of Chapter 130A of the General Statutes is amended by adding the following new section to read:

"**§ 130A-150. Community-based safe-syringe program.**

(a) The State Health Director may designate up to three local health department applicants to develop and implement community-based programs ("safe-syringe programs") for safe-syringe services as part of a comprehensive disease prevention program. The State Health Director shall designate a local health department as one of the three programs only if the local board of health submits to the State Health Director letters of support for such a program from all of the following:

(1) The county board of commissioners.
(2) The local board of health.
(3) The local health director.
(4) The local director of the Mental Health, Developmental Disabilities, and Substance Abuse Services area or county program.

Selected programs shall include case management, outreach, and transportation services, and referrals for housing and medical care. A local board of health may adopt rules establishing additional criteria that shall be included in the safe-syringe program in that county or district. The State Health Director shall establish a mechanism for evaluating the implementation and effectiveness of selected safe-syringe programs.

(b) G.S. 90-113.22 and G.S. 90-113.23 do not apply to persons who are employees, volunteers, or participants in a community-based clean-syringe-safe-syringe program approved by the local board of health as authorized under this section. This immunity from prosecution under G.S. 90-113.22 and G.S. 90-113.23 applies only to acts committed while carrying out the person's duties as an employee or volunteer of a clean-syringe-safe-syringe program or during the course of a client's participation in the clean-syringe-safe-syringe exchange program."

CHILD SUPPORT PROGRAM/ENHANCED STANDARDS

SECTION 10.28.(a) The Department of Health and Human Services shall implement and maintain performance standards for each of the State and county child support enforcement offices across the State. These performance standards shall include the following:

(1) Cost per collections.
(2) Consumer satisfaction.
(3) Paternity establishments.
(4) Administrative costs.
(5) Orders established.
(6) Collections on arrearages.
(7) Location of absent parents.
(8) Other related performance measures.

The Department of Health and Human Services shall monitor the performance of each office and shall implement a system of reporting that allows each local office to review its performance as well as the performance of other local offices. The Department of Health and Human Services shall publish an annual performance report that shall include the statewide and local office performance of each child support office.

SECTION 10.28.(b) The Department of Health and Human Services shall report on its progress, in compliance with this section, to the Senate Appropriations Committee on Health and Human Services, the House of Representatives

Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division by May 1 of each even-numbered year beginning in 2008.

FOSTER CARE AND ADOPTION ASSISTANCE PAYMENTS

SECTION 10.29.(a) The maximum rates for State participation in the foster care assistance program are established on a graduated scale as follows:

(1) $390.00 per child per month for children aged birth through 5;
(2) $440.00 per child per month for children aged 6 through 12; and
(3) $490.00 per child per month for children aged 13 through 18.

Of these amounts, fifteen dollars ($15.00) is a special needs allowance for the child.

SECTION 10.29.(b) The maximum rates for State participation in the adoption assistance program are established on a graduated scale as follows:

(1) $390.00 per child per month for children aged birth through 5;
(2) $440.00 per child per month for children aged 6 through 12; and
(3) $490.00 per child per month for children aged 13 through 18.

SECTION 10.29.(c) In addition to providing board payments to foster and adoptive families of HIV-infected children, as prescribed in Section 23.28 of Chapter 324 of the 1995 Session Laws, any additional funds remaining that were appropriated for this purpose shall be used to provide medical training in avoiding HIV transmission in the home.

SECTION 10.29.(d) The maximum rates for the State participation in HIV foster care and adoption assistance are established on a graduated scale as follows:

(1) $800.00 per child per month with indeterminate HIV status;
(2) $1,000 per child per month confirmed HIV-infected, asymptomatic;
(3) $1,200 per child per month confirmed HIV-infected, symptomatic; and
(4) $1,600 per child per month terminally ill with complex care needs.

CHILD CARING INSTITUTIONS

SECTION 10.30. Until the Social Services Commission adopts rules setting standardized rates for child caring institutions as authorized under G.S. 143B-153(8), the maximum reimbursement for child caring institutions shall not exceed the rate established for the specific child caring institution by the Department of Health and Human Services, Office of the Controller. In determining the maximum reimbursement, the State shall include county and IV-E reimbursements.

SPECIAL CHILDREN ADOPTION FUND

SECTION 10.31.(a) Of the funds appropriated to the Department of Health and Human Services in this act, the sum of one hundred thousand dollars ($100,000) shall be used to support the Special Children Adoption Fund for the 2007-2008 and 2008-2009 fiscal years. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services. No local match shall be required as a condition for receipt of these funds. In accordance with State rules for allowable costs, the Special Children Adoption Fund may be used for post-adoption services for families whose income exceeds two hundred percent (200%) of the federal poverty level.

SECTION 10.31.(b) Of the total funds appropriated for the Special Children Adoption Fund each year, twenty percent (20%) of the total funds available shall be reserved for payment to participating private adoption agencies. If the funds reserved in this subsection for payments to private agencies have not been spent on or before March 31, 2008, the Division of Social Services may reallocate those funds, in accordance with this section, to other participating adoption agencies.

SECTION 10.31.(c) The Division of Social Services shall monitor the total expenditures in the Special Children Adoption Fund and redistribute unspent funds to ensure that the funds are used according to the guidelines established in subsection (a) of this section. The Division shall implement strategies to ensure that funds that have historically reverted for this program are used for the intended purpose.

LIMITATION ON STATE ABORTION FUND

SECTION 10.32. The limitations on funding of the performance of abortion established in Section 23.27 of Chapter 324 of the 1995 Session Laws, as amended by Section 23.8A of Chapter 507 of the 1995 Session Laws, apply to the 2007-2008 and 2008-2009 fiscal years.

INTENSIVE FAMILY PRESERVATION SERVICES FUNDING AND PERFORMANCE ENHANCEMENTS

SECTION 10.33.(a) Notwithstanding the provisions of G.S. 143B-150.6, the Intensive Family Preservation Services (IFPS) Program shall provide intensive services to children and families in cases of abuse, neglect, and dependency where a child is at imminent risk of removal from the home and to children and families in cases of abuse where a child is not at imminent risk of removal. The Program shall be developed and implemented statewide on a regional basis. The IFPS shall ensure the application of standardized assessment criteria for determining imminent risk and clear criteria for determining out-of-home placement.

SECTION 10.33.(b) The Department of Health and Human Services shall require that any program or entity that receives State, federal, or other funding for the purpose of Intensive Family Preservation Services shall provide information and data that allows for:

(1) An established follow-up system with a minimum of six months of follow-up services.
(2) Detailed information on the specific interventions applied including utilization indicators and performance measurement.
(3) Cost-benefit data.
(4) Data on long-term benefits associated with Intensive Family Preservation Services. This data shall be obtained by tracking families through the intervention process.
(5) The number of families remaining intact and the associated interventions while in IFPS and 12 months thereafter.
(6) The number and percentage by race of children who received Intensive Family Preservation Services compared to the ratio of their distribution in the general population involved with Child Protective Services.

SECTION 10.33.(c) The Department shall establish performance-based funding protocol and shall only provide funding to those programs and entities providing the required information specified in subsection (b) of this section. The amount of funding shall be based on the individual performance of each program.

SECTION 10.33.(d) The Department shall report on the Intensive Family Preservation Services Program, including the information and data under subdivisions

(b)(2) through (b)(6) of this section, each even-numbered year beginning in 2008, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

TANF BENEFIT IMPLEMENTATION

SECTION 10.35.(a) The General Assembly approves the plan titled "North Carolina Temporary Assistance for Needy Families State Plan FY 2007-2009", prepared by the Department of Health and Human Services and presented to the General Assembly. The North Carolina Temporary Assistance for Needy Families State Plan covers the period October 1, 2007, through September 30, 2009. The Department shall submit the State Plan, as revised in accordance with subsection (b) of this section, to the United States Department of Health and Human Services, as amended by this act or any other act of the 2007 General Assembly.

SECTION 10.35.(b) The counties approved as Electing Counties in North Carolina's Temporary Assistance for Needy Families State Plan FY 2007-2009 as approved by this section are: Beaufort, Caldwell, Catawba, Iredell, Lenoir, Lincoln, Macon, and Wilson.

SECTION 10.35.(c) Counties that submitted the letter of intent to remain as an Electing County or to be redesignated as an Electing County and the accompanying county plan for fiscal years 2007 through 2009, pursuant to G.S. 108A-27(e), shall operate under the Electing County budget requirements effective July 1, 2007. For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2007.

CLARIFY REVIEW AND SUBMISSION PROCESS FOR TANF STATE PLAN

SECTION 10.35A.(a) G.S. 108A-27.9(a) reads as rewritten:

"(a) The Department shall prepare and submit to the Director of the Budget a biennial State Plan that proposes the goals and requirements for the State and the terms of the Work First Program for each fiscal year. Prior to submitting a State Plan to the General Assembly, the Department ~~shall submit the State Plan to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services for its review and then consult with local governments and private sector organizations regarding the design of the State Plan and allow 45 days to receive comments from them.~~shall:

(1) Consult with local government and private sector organizations regarding the design of the State Plan and allow 45 days to receive comments from those organizations; and

(2) Upon complying with subdivision (1) of this subsection, submit the State Plan to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services for review."

SECTION 10.35A.(b) G.S. 108A-27.10(a) reads as rewritten:

"(a) The Director of the Budget shall, by May 15 of each ~~even-numbered calendar~~odd-numbered year, approve and recommend adoption by the General Assembly of the State Plan."

MEDICAID

SECTION 10.36.(a) Use of Funds, Allocation of Costs, Other Authorizations.

(1) Use of Funds. – Funds appropriated in this act for services provided in accordance with Title XIX of the Social Security Act (Medicaid) are for both the categorically needy and the medically needy.

(2) Allocation of Nonfederal Cost of Medicaid. – Except as otherwise provided in this act, the State shall pay eighty-five percent (85%); the county shall pay fifteen percent (15%) of the nonfederal costs of all applicable services listed in this section. In addition, the State shall pay eighty-five percent (85%); the county shall pay fifteen percent (15%) of the federal Medicare Part D clawback payments under the Medicare Modernization Act of 2004.

(3) Use of Funds for Development and Acquisition of Equipment and Software. – If first approved by the Office of State Budget and Management, the Division of Medical Assistance, Department of Health and Human Services, may use funds that are identified to support the cost of development and acquisition of equipment and software and related operational costs through contractual means to improve and enhance information systems that provide management information and claims processing. The Department of Health and Human Services shall identify adequate funds to support the implementation and first year's operational costs that exceed funds allocated for the 2007-2008 and 2008-2009 fiscal years for the new contract for the fiscal agent for the Medicaid Management Information System.

(4) Reports. – Unless otherwise provided, whenever the Department of Health and Human Services is required by this section to report to the General Assembly, the report shall be submitted to the House of Representatives Appropriations Subcommittee for Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division of the Legislative Services Office. Reports shall be submitted on the date provided in the reporting requirement.

SECTION 10.36.(b) Policy. –

(1) Volume purchase plans and single source procurement. – The Department of Health and Human Services, Division of Medical Assistance, may, subject to the approval of a change in the State Medicaid Plan, contract for services, medical equipment, supplies, and appliances by implementation of volume purchase plans, single source procurement, or other contracting processes in order to improve cost containment.

(2) Cost-containment programs. – The Department of Health and Human Services, Division of Medical Assistance, may undertake cost-containment programs, including contracting for services, preadmissions to hospitals, and prior approval for certain outpatient surgeries before they may be performed in an inpatient setting.

(3) Fraud and abuse. – The Division of Medical Assistance, Department of Health and Human Services, shall provide incentives to counties that successfully recover fraudulently spent Medicaid funds by sharing State savings with counties responsible for the recovery of the fraudulently spent funds.

(4) Medical policy. – Unless required for compliance with federal law, the Department shall not change medical policy affecting the amount,

sufficiency, duration, and scope of health care services and who may provide services until the Division of Medical Assistance has prepared a five-year fiscal analysis documenting the increased cost of the proposed change in medical policy and submitted it for Departmental review. If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds three million dollars ($3,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division. The Department shall not implement any proposed medical policy change exceeding three million dollars ($3,000,000) in total requirements for a given fiscal year unless the source of State funding is identified and approved by the Office of State Budget and Management. The Department shall provide the Office of State Budget and Management and the Fiscal Research Division a quarterly report itemizing all medical policy changes with total requirements of less than three million dollars ($3,000,000).

SECTION 10.36.(c) Eligibility. – Eligibility for Medicaid shall be determined in accordance with the following:

(1) Medicaid and Work First Family Assistance.

a. Income Eligibility Standards. – The maximum net family annual income eligibility standards for Medicaid and Work First Family Assistance and the Standard of Need for Work First Family Assistance shall be as follows:

	CATEGORICALLY NEEDY – WFFA*		**MEDICALLY NEEDY**
Family Size	Standard of Need & Families and Children Income Level	WFFA* Payment Level	Families and Children & AA, AB, AD* Income Level
1	$4,344	$2,172	$2,900
2	5,664	2,832	3,800
3	6,528	3,264	4,400
4	7,128	3,564	4,800
5	7,776	3,888	5,200
6	8,376	4,188	5,600
8	9,256	4,680	6,300

*Work First Family Assistance (WFFA); Aid to the Aged (AA); Aid to the Blind (AB); and Aid to the Disabled (AD).

b. The payment level for Work First Family Assistance shall be fifty percent (50%) of the standard of need. These standards may be changed with the approval of the Director of the Budget with the advice of the Advisory Budget Commission.

c. The Department of Health and Human Services shall provide Medicaid coverage to 19- and 20-year-olds in accordance with federal rules and regulations.

d. Medicaid enrollment of categorically needy families with children shall be continuous for one year without regard to changes in income or assets.

(2) For the following Medicaid eligibility classifications for which the federal poverty guidelines are used as income limits for eligibility determinations, the income limits will be updated each April 1 immediately following publication of federal poverty guidelines. The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to the following:

a. All elderly, blind, and disabled people who have incomes equal to or less than one hundred percent (100%) of the federal poverty guidelines.

b. Pregnant women with incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty guidelines and without regard to resources. Services to pregnant women eligible under this subsection continue throughout the pregnancy but include only those related to pregnancy and to those other conditions determined by the Department as conditions that may complicate pregnancy.

c. Infants under the age of one with family incomes equal to or less than two hundred percent (200%) of the federal poverty guidelines and without regard to resources.

d. Children aged one through five with family incomes equal to or less than two hundred percent (200%) of the federal poverty guidelines and without regard to resources.

e. Children aged six through 18 with family incomes equal to or less than the federal poverty guidelines and without regard to resources.

f. Family planning services to men and women of childbearing age with family incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty guidelines and without regard to resources.

(3) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to adoptive children with special or rehabilitative needs regardless of the adoptive family's income.

(4) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to "independent foster care adolescents", ages 18, 19, and 20, as defined in Section 1904(w)(1) of the Social Security Act [42 U.S.C. § 1396d(w)(1)], without regard to the adolescent's assets, resources, or income levels.

(5) ICF and ICF/MR Work Incentive Allowances. – The Department of Health and Human Services may provide an incentive allowance to Medicaid-eligible recipients of ICF and ICF/MR services, who are regularly engaged in work activities as part of their developmental plan, and for whom retention of additional income contributes to their achievement of independence. The State funds required to match the federal funds that are required by these allowances shall be provided from savings within the Medicaid budget or from other unbudgeted funds available to the Department. The incentive allowances may be as follows:

Monthly Net Wages	Monthly Incentive Allowance
$1.00 to $100.99	Up to $50.00
$101.00 to $200.99	$80.00
$201.00 to $300.99	$130.00
$301.00 and greater	$212.00

(6) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to women who need treatment for breast or cervical cancer and who are defined in 42 U.S.C. § 1396(a)(10)(A)(ii)(XVIII).

SECTION 10.36.(d) Services and Payment Bases. – The Department shall spend funds appropriated for Medicaid services in accordance with the following schedule of services and payment bases. All services and payments are subject to the language at the end of this subsection. Unless otherwise provided, services and payment bases will be as prescribed in the State Plan as established by the Department of Health and Human Services and may be changed with the approval of the Director of the Budget.

(1) Hospital inpatient.

(2) Hospital outpatient. – Eighty percent (80%) of allowable costs or a prospective reimbursement plan as established by the Department of Health and Human Services.

(3) Nursing facilities. – Nursing facilities providing services to Medicaid recipients who also qualify for Medicare must be enrolled in the Medicare program as a condition of participation in the Medicaid program. State facilities are not subject to the requirement to enroll in the Medicare program. Residents of nursing facilities who are eligible for Medicare coverage of nursing facility services must be placed in a Medicare-certified bed. Medicaid shall cover facility services only after the appropriate services have been billed to Medicare.

(4) Physicians, certified nurse midwife services, certified registered nurse anesthetists, nurse practitioners. – Fee schedules as developed by the Department of Health and Human Services.

(5) Community Alternative Program, EPSDT Screens. – Payments in accordance with rate schedule developed by the Department of Health and Human Services.

(6) Home health and related services, durable medical equipment. – Payments according to reimbursement plans developed by the Department of Health and Human Services.

(7) Hearing aids. – Wholesale cost plus dispensing fee to provider.

(8) Rural health clinical services. – Provider-based, reasonable cost; nonprovider-based, single-cost reimbursement rate per clinic visit.

(9) Family planning. – Negotiated rate for local health departments. For other providers see specific services, e.g., hospitals, physicians.

(10) Independent laboratory and X-ray services. – Uniform fee schedules as developed by the Department of Health and Human Services.

(11) Ambulatory surgical centers.

(12) Private duty nursing, clinic services, prepaid health plans.

(13) Intermediate care facilities for the mentally retarded.

(14) Chiropractors, podiatrists, optometrists, dentists.

(15) Limitations on Dental Coverage. – Dental services shall be provided on a restricted basis in accordance with criteria adopted by the Department to implement this subsection.

(16) Medicare Buy-In. – Social Security Administration premium.
(17) Ambulance services. – Uniform fee schedules as developed by the Department of Health and Human Services. Public ambulance providers will be reimbursed at cost.
(18) Optical supplies. – Payment for materials is made to a contractor in accordance with 42 C.F.R. § 431.54(d). Fees paid to dispensing providers are negotiated fees established by the State agency based on industry charges.
(19) Medicare crossover claims. – The Department shall apply Medicaid medical policy to Medicare claims for dually eligible recipients. The Department shall pay an amount up to the actual coinsurance or deductible or both, in accordance with the State Plan, as approved by the Department of Health and Human Services. The Department may disregard application of this policy in cases where application of the policy would adversely affect patient care.
(20) Physical therapy, occupational therapy, and speech therapy. – Services limited to EPSDT-eligible children. Payments are to be made only to qualified providers at rates negotiated by the Department of Health and Human Services. Physical therapy, occupational therapy, and speech therapy services are subject to prior approval and utilization review.
(21) Personal care services. – The Department of Health and Human Services shall impose prior authorization on personal care services for all recipients. Criteria for prior authorization shall be developed in consultation with the Physician Advisory Group of the North Carolina Medical Society. The Department shall provide periodic data on recipients of personal care services to Community Care of North Carolina. Community Care of North Carolina shall assist the Department in assessing personal care services for medical necessity.
(22) Case management services. – Reimbursement in accordance with the availability of funds to be transferred within the Department of Health and Human Services.
(23) Hospice.
(24) Medically necessary prosthetics or orthotics. – In order to be eligible for reimbursement, providers must be licensed or certified by the occupational licensing board or the certification authority having authority over the provider's license or certification. Medically necessary prosthetics and orthotics are subject to prior approval and utilization review.
(25) Health insurance premiums.
(26) Medical care/other remedial care. – Services not covered elsewhere in this section include related services in schools; health professional services provided outside the clinic setting to meet maternal and infant health goals; and services to meet federal EPSDT mandates.
(27) Pregnancy-related services. – Covered services for pregnant women shall include nutritional counseling, psychosocial counseling, and predelivery and postpartum home visits by maternity care coordinators and public health nurses.
(28) Drugs. – Reimbursements. Reimbursements shall be available for prescription drugs as allowed by federal regulations plus a professional services fee per month, excluding refills for the same drug or generic equivalent during the same month. Payments for drugs are subject to

the provisions of this subdivision or in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. Payment of the professional services fee shall be made in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. The professional services fee shall be five dollars and sixty cents ($5.60) per prescription for generic drugs and four dollars ($4.00) per prescription for brand-name drugs. Adjustments to the professional services fee shall be established by the General Assembly. In addition to the professional services fee, the Department may pay an enhanced fee for pharmacy services.

Limitations on quantity. – The Department of Health and Human Services may establish authorizations, limitations, and reviews for specific drugs, drug classes, brands, or quantities in order to manage effectively the Medicaid pharmacy program, except that the Department shall not impose limitations on brand-name medications for which there is a generic equivalent in cases where the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary".

Dispensing of generic drugs. – Notwithstanding G.S. 90-85.27 through G.S. 90-85.31, or any other law to the contrary, under the Medical Assistance Program (Title XIX of the Social Security Act), and except as otherwise provided in this subsection for atypical antipsychotic drugs and drugs listed in the narrow therapeutic index, a prescription order for a drug designated by a trade or brand name shall be considered to be an order for the drug by its established or generic name, except when the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary". An initial prescription order for an atypical antipsychotic drug or a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand-name drugs. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act as amended, 21 U.S.C. § 352(e)(3).

Prior authorization. – The Department of Health and Human Services may impose prior authorization requirements or other restrictions under the state Medical Assistance Program on medications prescribed for Medicaid recipients for the treatment of (i) mental illness, including but not limited to, medications for

schizophrenia, bipolar disorder, or (ii) HIV/AIDS only when all of the following conditions are met:

a. Evidence-based criteria must be available regarding efficacy or safety of the covered treatments and must be used as the basis for any policy restrictions.

b. Restrictions or authorization requirements must not be implemented without approval by majority vote of the Physician Advisory Group of the North Carolina Medical Society.

c. Community Care of North Carolina will provide targeted outreach and assistance to any individual encountering changes due to prior authorization of treatment for (i) mental illness, or (ii) HIV/AIDS.

(29) Other mental health services. – Unless otherwise covered by this section, coverage is limited to:

a. Services as defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and approved by the Centers for Medicare and Medicaid Services (CMS) when provided in agencies meeting the requirements of the rules established by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services and reimbursement is made in accordance with a State Plan developed by the Department of Health and Human Services not to exceed the upper limits established in federal regulations, and

b. For children eligible for EPSDT services provided by:

1. Licensed or certified psychologists, licensed clinical social workers, certified clinical nurse specialists in psychiatric mental health advanced practice, nurse practitioners certified as clinical nurse specialists in psychiatric mental health advanced practice, licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, certified clinical addictions specialists, and certified clinical supervisors, when Medicaid-eligible children are referred by the Community Care of North Carolina primary care physician, a Medicaid-enrolled psychiatrist, or the area mental health program or local management entity, and

2. Institutional providers of residential services as defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and approved by the Centers for Medicare and Medicaid Services (CMS) for children and Psychiatric Residential Treatment Facility services that meet federal and State requirements as defined by the Department.

c. For Medicaid-eligible adults, services provided by licensed or certified psychologists, licensed clinical social workers, certified clinical nurse specialists in psychiatric mental health advanced practice, and nurse practitioners certified as clinical nurse specialists in psychiatric mental health advanced practice,

licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, licensed clinical addictions specialists, and licensed clinical supervisors, Medicaid-eligible adults may be self-referred.

d. Payments made for services rendered in accordance with this subdivision shall be to qualified providers in accordance with approved policies and the State Plan. Nothing in sub-subdivision b. or c. of this subdivision shall be interpreted to modify the scope of practice of any service provider, practitioner, or licensee, nor to modify or attenuate any collaboration or supervision requirement related to the professional activities of any service provider, practitioner, or licensee. Nothing in sub-subdivision b. or c. of this subdivision shall be interpreted to require any private health insurer or health plan to make direct third-party reimbursements or payments to any service provider, practitioner, or licensee.

Notwithstanding G.S. 150B-21.1(a), the Department of Health and Human Services may adopt temporary rules in accordance with Chapter 150B of the General Statutes further defining the qualifications of providers and referral procedures in order to implement this subdivision. Coverage policy for services defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services under sub-subdivisions a. and b.2. of this subdivision shall be established by the Division of Medical Assistance.

SECTION 10.36.(e) Provider payments and visits. –

(1) Payment is limited to Medicaid-enrolled providers that purchase a performance bond in an amount not to exceed one hundred thousand dollars ($100,000) naming as beneficiary the Department of Health and Human Services, Division of Medical Assistance, or provide to the Department a validly executed letter of credit or other financial instrument issued by a financial institution or agency honoring a demand for payment in an equivalent amount. The Department may waive or limit the requirements of this paragraph for one or more classes of Medicaid-enrolled providers based on the provider's dollar amount of monthly billings to Medicaid or the length of time the provider has been licensed in this State to provide services. In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

(2) Reimbursement is available for up to 30 visits per recipient per fiscal year for the following services: hospital outpatient providers, physicians, nurse practitioners, nurse midwives, clinics, health departments, optometrists, chiropractors, and podiatrists. The Department of Health and Human Services shall adopt medical policies in accordance with G.S. 108A-54.2 to distribute the allowable number of visits for each service or each group of services consistent with federal law. In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC

network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room services, and mental health services subject to independent utilization review are exempt from the visit limitations contained in this subdivision. The Department may authorize exceptions where the life of the patient would be threatened without such additional care.

SECTION 10.36.(f) Exceptions and limitations on services; authorization of co-payments and other services.

(1) Exceptions to Service Limitations, Eligibility Requirements, and Payments. – Service limitations, eligibility requirements, and payment bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver will result in a reduction in the total Medicaid costs for the recipient.

(2) Co-Payment for Medicaid Services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation.

SECTION 10.36.(g) Rules, Reports, and Other Matters. –

(1) Rules. – The Department of Health and Human Services may adopt temporary or emergency rules according to the procedures established in G.S. 150B-21.1 and G.S. 150B-21.1A when it finds that:

a. These rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse, or

b. These rules are necessary to address the requirements and procedures for enrollment and disenrollment of Medicaid providers and to enhance the quality of care of services.

Prior to the filing of these temporary or emergency rules with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

(2) Changes to Medicaid program; reports. – The Department shall report on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for Medicare and Medicaid Services (CMS). The reports shall be provided at the same time they are submitted to CMS for approval. In addition to the entities listed in subsection (a)(4) of this section, the report shall be submitted to the Joint Legislative Health Care Oversight Committee.

MEDICAID COST-CONTAINMENT ACTIVITIES

SECTION 10.37. The Department of Health and Human Services may use up to five million dollars ($5,000,000) in the 2007-2008 fiscal year and up to five

million dollars ($5,000,000) in the 2008-2009 fiscal year in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost-containment programs.

Medicaid cost-containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic stripped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost-containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost-containment activity and documentation of the amount of savings expected to be realized from the cost-containment activity. The Department shall provide a copy of proposals for expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. On or before October 1, 2007, the Department shall also report the amounts paid for cost-containment activities in fiscal years 2003-2004 through 2006-2007, and the amount of savings realized from cost-containment activities in fiscal years 2003-2004 through 2006-2007.

COUNTY MEDICAID COST-SHARE

SECTION 10.38.(a) Effective July 1, 2000, the county share of the cost of Medicaid services currently and previously provided by Local Management Entities shall be increased incrementally each fiscal year until the county share reaches fifteen percent (15%) of the nonfederal share by State fiscal year 2009-2010.

SECTION 10.38.(b) Effective July 1, 2000, the county share of the cost of Medicaid Personal Care Services paid to adult care homes shall be decreased incrementally each fiscal year until the county share reaches fifteen percent (15%) of the nonfederal share by State fiscal year 2009-2010.

DISPOSITION OF DISPROPORTIONATE SHARE RECEIPTS

SECTION 10.39.(a) Disproportionate share receipts reserved at the end of the 2007-2008 and 2008-2009 fiscal years shall be deposited with the Department of State Treasurer as nontax revenue for each of those fiscal years.

SECTION 10.39.(b) For each year of the 2007-2009 fiscal biennium, as it receives funds associated with Disproportionate Share Payments from State hospitals, the Department of Health and Human Services, Division of Medical Assistance, shall deposit up to one hundred million dollars ($100,000,000) of these Disproportionate Share Payments to the Department of State Treasurer for deposit as nontax revenue. Any Disproportionate Share Payments collected in excess of one hundred million dollars ($100,000,000) shall be reserved by the State Treasurer for future appropriations.

MEDICAID SPECIAL FUND TRANSFER

SECTION 10.40. Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143C-9-1, there is appropriated from the Medicaid Special Fund to the Department of Health and Human Services the sum of forty-three million dollars ($43,000,000) for the 2007-2008 fiscal year and the sum of forty-three million dollars ($43,000,000) for the 2008-2009 fiscal year. These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act. The Department may also use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share Hospital payment audit issues between the Department of Health and Human Services and the federal government related to fiscal years 1997-2002, and funds are appropriated from the fund for the 2007-2009 fiscal biennium for this purpose.

REQUIRED DATA SHARING BY PRIVATE INSURERS

SECTION 10.40A. G.S. 108A-55.4 reads as rewritten:

"**§ 108A-55.4. Insurers to provide certain information to Department of Health and Human Services.**

(a) As used in this section, the terms:

(1) "Department" means the Department of Health and Human ~~Services.~~Services and any contracted parties working on behalf of the Department of Health and Human Services.

(2) "Division" means the Division of Medical Assistance of the Department of Health and Human ~~Services.~~Services and any contracted parties working on behalf of the Department of Health and Human Services.

(3) "Health insurer" includes self-insured plans, group health plans (as defined in section 607(1) of the Employee Retirement Income Security Act of 1974, [29 USC Section 1167(1)]), service benefit plans, managed care organizations, or other parties that are, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service as a condition of doing business in the State.

(4) "Medical assistance" means medical assistance benefits provided under the State Medical Assistance Plan.

(5) 'Subscriber' means the policyholder of the insurance.

(6) 'Applicant/recipient' means an applicant or former applicant, or a present or former recipient of medical assistance benefits.

(7) 'Request' means any inquiry by the Department or Division for the purpose of determining the existence of insurance where the Department or Division may have expended public assistance benefits or to enforce or establish child or medical support enforcement orders.

(b) Health insurers, and pharmacy benefit managers regulated as third-party administrators under Article 56 of Chapter 58 of the General Statutes, shall provide, with respect to ~~individuals who are eligible for, or are provided, medical assistance,~~an applicant/recipient, upon request of the Division, information to determine during what period the individual or the individual's spouse or dependents may be ~~(or~~or may have ~~been)~~been covered by a health insurer and the nature of the coverage that is or was provided by the health insurer (including the subscriber's name, subscriber's address, subscriber's identification number, ~~and~~ identifying number of the ~~plan~~plan, applicant/recipient's social security number, applicant/recipient's name, and

applicant/recipient's date of birth) in a manner prescribed by the Division. Notwithstanding any other provision of law, and in addition to the requirements set forth in subdivision (6) of this subsection, every health insurer ~~issuing a health benefit plan~~ shall provide, not more frequently than twelve times in a year and at no cost, to the Department of Health and Human Services, Division of Medical Assistance, upon its request, ~~information, including automated data matches conducted under the direction of the Department of Health and Human Services, Division of Medical Assistance,~~ information as necessary ~~to~~ so that the Division may (i) identify individuals who may also be applicants/recipients covered under the ~~insurer's health~~ benefit plans of the health insurer; ~~who are also recipients of medical assistance;~~ (ii) determine the period during which the ~~individual or the individual's spouses~~ individual, the individual's spouse, or the individual's dependents may be or may have been covered by the health benefit plan; and (iii) determine the nature of the coverage. To facilitate the Division in obtaining this and other related information, every health insurer shall:

~~(1) Cooperate with the Division to determine whether a named individual who is a recipient of medical assistance may be covered under the insurer's health benefit plan and eligible to receive benefits under the health benefit plan for services provided under the State Medical Assistance Plan.~~

(2) Respond to the request for ~~information~~ payment within 90 ~~working~~ days after receipt of written proof of loss or claim for payment for health care services provided to a recipient of medical assistance who is covered by the ~~insurer's health benefit plan.~~benefit plan of the health insurer.

(3) Accept the Division's right of recovery and the assignment to the Division of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under the State Medical Assistance Plan.

(4) Respond to any inquiry by the Division regarding a claim for payment for any health care item or service that is submitted not later than three years after the date of the provision of the health care item or service.

(5) Agree not to deny a claim submitted by the Division solely on the basis of the date of submission of the claim, the type of format of the claim form, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if:

a. The claim is submitted by the Division within the three-year period beginning on the date on which the item or service was furnished; and

b. Any action by the Division to enforce its rights with respect to such claim is commenced within six years of the Division's submission of the claim.

(6) Cooperate with the Division's requests to determine a named individual's eligibility or payment information under the benefit plan of the health insurer.

(c) ~~An~~ A health insurer that complies with this section shall not be liable on that account in any civil or criminal actions or proceedings."

LIMITATION ON PROVIDER INCREASES

SECTION 10.40B. Notwithstanding any other provision of this act to the contrary, if in this act funds are appropriated to the Department of Health and Human Services for a rate increase for providers and funds are also appropriated in this act to

the Department of Health and Human Services for an inflationary increase for providers, the Department shall ensure that providers receive either a rate increase or an inflationary increase, whichever is less.

TRANSFER OF ASSETS PERMANENT RULE EFFECTIVE DATE

SECTION 10.40C. In order to maximize potential savings to the State Medicaid program as soon as possible, notwithstanding G.S. 150B-21.3(b1), 10A NCAC 21B .0314, adopted by the Department of Health and Human Services on January 19, 2007, and approved by the Rules Review Commission on March 15, 2007, becomes effective on the day this act becomes law.

MMIS CAPABILITIES

SECTION 10.40D.(a) The Department of Health and Human Services, when contracting for a new or redesigned MMIS, shall ensure that the new or redesigned system is capable of the following:

(1) Receiving and tracking premium or other payments required by law.

(2) Compatibility with the administration of NC Health Choice, NC KIDS Care, the State Employees' Health Plan, and Medicaid waivers and the Medicare 646 waiver.

SECTION 10.40D.(b) The Department of Health and Human Services shall report to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division, on the date and implementation of the new MMIS system in accordance with the requirements of this section. The Department of Health and Human Services shall submit its report not later than May 1, 2008.

CRITICAL ACCESS PHARMACY SUPPLEMENTAL PAYMENTS

SECTION 10.40E. Of the funds appropriated in this act to the Department of Health and Human Services, Division of Medical Assistance, the sum of two million two hundred sixty thousand dollars ($2,260,000) for the 2007-2008 fiscal year and the sum of two million six hundred eighty thousand dollars ($2,680,000) for the 2008-2009 fiscal year shall be used to provide supplemental payments to critical access pharmacies as defined by the Division of Medical Assistance. The Division of Medical Assistance shall develop a methodology for identifying critical access pharmacies and providing supplemental payments that are equal to eighty percent (80%) of the difference between prescription drug payments at Average Wholesale Price minus ten percent (10%) and prescription drug payments at Average Wholesale Price minus fifteen percent (15%).

PILOT PROGRAM/MEDICAID DUAL ELIGIBLE SPECIAL NEEDS PLAN

SECTION 10.40F.(a) The Department of Health and Human Services, Division of Medical Assistance, shall evaluate and establish a pilot program in at least two but not more than four regions of the State to offer nursing facility certifiable (NFC) dual eligible Medicaid recipients services through a Special Needs Plan (SNP). The SNP will work with the Department's Community Care Networks. The SNP must be currently licensed in the State, have expertise in managing NFC dually eligible Medicaid recipients, have expertise or a relationship with experts in geriatrics and be capable and willing to work directly with Community Care North Carolina (CCNC). The SNP must also have no citations or ongoing investigations from the State, the Centers for Medicaid and Medicare Services, or other regulatory agency.

SECTION 10.40F.(b) In establishing the pilot program, the Department shall select up to four regions (county clusters) based on the number of NFC dual

eligible Medicaid recipients, number of skilled nursing facilities, and other factors. These regions and their respective CCNC will work with the SNP to promote enhanced care, greater efficiency, and cost savings.

SECTION 10.40F.(c) The Department shall report on the evaluation, selection, and implementation of the pilot program to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than May 1, 2008. The Department shall include in its report information on increased primary care visits, hospital admission and readmission rates, mortality rates, results of pharmacy management, measurable quality outcomes, and associated cost savings for NFC managed through this pilot. The Department shall also include in its report the feasibility of expansion of the pilot to other regions of the State or expansion into the assisted living and home-based populations.

IMPLEMENT ELECTRONIC QUALITY PRESCRIPTION MANAGEMENT PROGRAM

SECTION 10.41. The Department of Health and Human Services, Division of Medical Assistance, in consultation with the Community Care of NC (CCNC) program, shall implement an Electronic Quality Prescription Management program for prescription drugs through the use of personal data assistance (PDA) technology. The Division may designate CCNC through the Office of Rural Health and Community Care as the lead program to implement this section and shall assist CCNC by providing cost containment funds to purchase PDAs, connectivity, and software, and for other related costs.

TICKET TO WORK EFFECTIVE DATE CHANGE

SECTION 10.43. Section 10.18(c) of S.L. 2005-276, as amended by Section 10.9(a) of S.L. 2006-66, reads as rewritten:

"**SECTION 10.18.(c)** Subsection (b) of this section becomes effective July 1, 2006. Subsection (a) of this section becomes effective July 1, ~~2007.~~2008."

EXTEND IMPLEMENTATION OF COMMUNITY ALTERNATIVES PROGRAMS REIMBURSEMENT SYSTEM

SECTION 10.44. Full implementation for the Community Alternatives Programs reimbursement system shall be not later than twelve months after the date on which the replacement Medicaid Management Information System becomes operational and stabilized.

FAMILIES PAY PART OF THE COST OF SERVICES UNDER THE CAP-MR/DD PROGRAM AND THE CAP-CHILDREN'S PROGRAM BASED ON FAMILY INCOME

SECTION 10.45.(a) Subject to approval from the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical Assistance, shall develop a schedule of cost-sharing requirements for families of children with incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation and Developmentally Disabled) Program and the CAP-C (Community Alternatives Program for Children). The cost-sharing amounts shall be based on a sliding scale of family income and shall take into account the impact on families with more than one child in the CAP programs. In developing the schedule, the Department shall also take into consideration how other states have implemented

cost-sharing in their CAP programs. The Division of Medical Assistance may establish monthly deductibles as a means of implementing this cost-sharing. The Department shall provide for at least one public hearing and other opportunities for individuals to comment on the imposition of cost-sharing under the CAP program.

SECTION 10.45.(b) This section becomes effective July 1, 2008, for children enrolled in CAP-MR/DD or CAP-C on and after that date. For currently enrolled CAP-MR/DD and CAP-C recipients, this section becomes effective at the recipient's first certification period following July 1, 2008.

SECTION 10.45.(c) The Division of Medical Assistance shall report on savings realized due to the cost-sharing implemented pursuant to this section. The Department shall submit the report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on or before March 1, 2009.

CONTINUE EFFORTS TO EXPAND COMMUNITY CARE AND IMPROVE QUALITY OF CARE FOR AGED, BLIND, AND DISABLED MEDICAID RECIPIENTS

SECTION 10.46.(a) The Department of Health and Human Services shall continue its efforts to expand the scope of Community Care of NC care management model to recipients of Medicaid and dually eligible individuals with a chronic condition and long-term care needs. In expanding the scope, the Department shall focus on the Aged, Blind, and Disabled, and CAP-DA populations for improvement in management, cost-effectiveness, and local coordination of services through Community Care of NC and in collaboration with local providers of care. The Department shall target personal care services, private duty nursing, home health, durable medical equipment, ancillary professional services, specialty care, residential services, including skilled nursing facilities, home infusion therapy, pharmacy, and other services determined target-worthy by the Department. The Department shall pilot communitywide initiatives and shall expand statewide successful models. The initiatives may include one or more pilot projects to control costs and improve quality of care for the Aged, Blind, and Disabled recipients of Medicaid.

SECTION 10.46.(b) The Department of Health and Human Services shall report not later than March 1, 2008, on the status of the implementation and findings of this pilot project with regard to improving the quality of care and controlling the cost of care for the Aged, Blind, and Disabled recipients of Medicaid. The report shall also address the Department's plans for expanding the pilot project and implementing the practices for all Aged, Blind, and Disabled Medicaid recipients in the State. The Department shall submit the report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

NC HEALTH CHOICE ENROLLMENT

SECTION 10.47. The Department of Health and Human Services may allow up to six percent (6%) enrollment growth annually over the prior fiscal year's enrollment in the NC Health Choice Program. The cap in enrollment growth shall be based on the month of highest Program enrollment in the prior fiscal year.

NC KIDS' CARE STUDY

SECTION 10.48. The Department of Health and Human Services, Division of Medical Assistance, shall determine the most cost-efficient and cost-effective method

for implementing a limited benefit medical assistance program, NC Kids' Care. In developing the Program, the Department shall include the following:

(1) Eligibility for benefits under NC Kids' Care is not an entitlement and is subject to availability of funds and State and federal requirements.

(2) NC Kids' Care shall provide health coverage to children whose income is not less than two hundred percent (200%) and not more than two hundred twenty-five percent (225%) of the federal poverty level.

(3) Children enrolled in NC Kids' Care must be ineligible for Medicaid, Medicare, or other government-sponsored health insurance.

(4) The premium for enrollment in NC Kids' Care shall be not more than twenty-five dollars ($25.00) per member per month except that the premium for a family shall not exceed seventy-five dollars ($75.00) per family per month.

(5) Providers of services to children enrolled in NC Kids' Care shall be paid at Medicaid rates.

The Department of Health and Human Services shall report its findings and recommendations on the scope and benefits of NC Kids' Care to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than April 1, 2008.

BUILD COMMUNITY INFRASTRUCTURE FOR MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES

INCREASE AVAILABILITY OF SUBSTANCE ABUSE TREATMENT.

SECTION 10.49.(a) Except as otherwise provided in this subsection, funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services for regionally funded, locally hosted substance abuse services shall be allocated for the purpose of developing and enhancing the American Society of Addiction Medicine (ASAM) continuum of care at the community level. In coordination with local management entities, the Division shall develop and direct purchasing mechanisms to improve the availability of substance abuse services offered on a local, regional, and statewide basis in coordination with one or more local management entities. In the event a local management entity is unable or unwilling to contract with a substance abuse provider for substance abuse services envisioned in this section, the Division may enter into a contract with substance abuse service providers, and, in such cases, the requirements of G.S. 122C-124.1 shall not apply. Of the funds allocated in this subsection for regionally funded, locally hosted substance abuse services, the sum of five hundred seventy-one thousand sixty-one dollars ($571,061) for the 2007-2008 fiscal year and the sum of seven hundred thirty-six thousand sixty-one dollars ($736,061) for the 2008-2009 fiscal year shall be allocated for residential substance abuse programs with a vocational component.

SECTION 10.49.(b) G.S. 122C-147.1 is amended by adding the following new subsection to read:

"(d1) Notwithstanding subsections (b) and (d) of this section, each area program shall determine whether to earn the funds for crisis services and funds for services to substance abuse clients in a purchase-for-service basis, under a grant, or some combination of the two. Area programs shall account for funds expended on a grant basis according to procedures required by the Secretary and in a manner that is similar to funds expended in a purchase-for-service basis."

SECTION 10.49.(c) Consistent with G.S. 122C-2, the General Assembly strongly encourages LMEs to use a portion of the funds appropriated for substance abuse treatment services to support prevention and education activities.

SECTION 10.49.(d) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks.

SECTION 10.49.(e1) In providing treatment and services for adult offenders and increasing the number of TASC case managers, for which funds are allocated in this act to local management entities, each local management entity shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and DOC releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars ($300,000) to Treatment Accountability for Safer Communities (TASC). These funds shall be allocated to TASC before funds are allocated to local management entities for mental health services, substance abuse services, and crisis services.

SECTION 10.49.(e2) In providing Drug Treatment Court services for which funds are allocated in this act to local management entities, the local management entity shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week Drug Treatment Court program, participants shall receive an array of treatment and after-care services that meets the participant's level of need, including step-down services that support continued recovery.

SECTION 10.49.(f) Within available State and county resources, local management entities shall work with county public health departments and county sheriffs to provide medical assessments and medication, if appropriate, for inmates housed in county jails who are suicidal, hallucinating, or delusional. LMEs shall also examine ways to provide additional treatment to persons who are determined to be psychotic, severely depressed, suicidal, or who have substance abuse disorders. LMEs, county public health departments, and county sheriffs shall work together to develop all of the following:

(1) A statewide standardized evidence-based screening instrument to be used when offenders are booked.
(2) A designated LME employee who is responsible for screening the daily jail booking log for known mental health consumers.
(3) Protocols for effective communication between the LME and the jail staff including collaborative development of medication management protocols between the jail staff and the mental health providers.
(4) Training to help detention officers recognize signals of mental illness.

ADDITIONAL HOUSING ASSISTANCE.

SECTION 10.49.(g) The independent and supportive living apartments for persons with disabilities constructed from funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, and the North Carolina Housing Finance Agency for that purpose shall be affordable to persons with incomes at the Supplemental Security Income (SSI) level. The Department shall maximize the number of subsidies that can be paid for with these funds by giving first priority to North Carolina Housing Agency-financed apartments, giving second priority to other publicly subsidized apartments, and third priority to market-rate apartments.

SECTION 10.49.(h1) The Department of Health and Human Services and the North Carolina Housing Finance Agency shall work together to develop a plan for the most efficient and effective use of State resources in the financing and construction of additional independent- and supportive-living apartments for individuals with mental health, developmental, or substance abuse disabilities. This plan shall address gaps in the housing continuum identified by the study that DHHS will conduct during fiscal year 2006-2007 and fiscal year 2007-2008. DHHS and NCHFA shall report this plan and also the progress of the Housing 400 Initiative to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services by March 1, 2008.

SECTION 10.49.(h2) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, may transfer funds appropriated for operating cost subsidies for independent- and supportive-living apartments for individuals with disabilities to the North Carolina Housing Finance Agency (NCHFA) to be used for these purposes. If funds appropriated in this act for operating assistance for the independent supportive living apartments for people with disabilities exceed the amount necessary to finance those apartments for which funds were appropriated, then the excess funds may be used in each fiscal year to subsidize other apartments for individuals with disabilities that are affordable for individuals with income at the SSI level.

For the purposes of ensuring that State supported assisted housing is available to all disability groups, the NCHFA and the Department of Health and Human Services shall do the following:

(1) The NCHFA shall provide to the Division of Medical Assistance the name, address, and date of birth of each resident that receives housing assistance in NCHFA properties because of the recipient's disability.

(2) The Department of Health and Human Services shall review the Medicaid database to determine which of these residents receives Medicaid and, of those, the type of disability of each Medicaid recipient for whom information was provided under subdivision (1) of this subsection.

(3) The Department of Health and Human Services shall report to the General Assembly the aggregate statewide total by type of disability. The types of disability for which aggregate data is reported shall be mental illness, developmental disability, physical disability, and the multiple combination of these types. The report shall ensure that individuals with multiple diagnoses are counted only one time for each aggregate report. The Department of Health and Human Services shall ensure that information reported does not include information that would identify or lead to the identity of a Medicaid recipient. The Department of Health and Human Services shall submit the report to the Senate Appropriations Committee on Health and Human Services,

the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division not later than May 1, 2008, and again not later than May 1, 2009.

Of the funds appropriated in this act to the Department of Health and Human Services for operating cost subsidies for independent- and supportive-living apartments for individuals with disabilities, not more than one hundred fifty thousand dollars ($150,000) may be used for administration of the subsidies and for evaluation and reporting requirements under this subsection.

SECTION 10.49.(i) The Department of Health and Human Services shall develop a "Transitional Residential Treatment Program" service definition to provide 24-hour residential treatment and rehabilitation for adults who have a pattern of difficult behaviors related to mental illness, which exceeds the capabilities of traditional community residential settings. DHHS shall submit the new service definition to the Centers for Medicare and Medicaid for approval no later than 90 days after the enactment of the Current Operations and Capital Appropriations Act for the 2007-2009 biennium.

SECTION 10.49.(j) The joint ad hoc subcommittee regarding the mentally ill in adult care homes convened by the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services and the North Carolina Commission on Aging may continue to study and identify rules and laws that are necessary to regulate facilities that provide housing for adults with mental illness in the same location with adults without mental illness.

SECTION 10.49.(k) The Department of Health and Human Services shall complete the development of a Uniform Screening Tool (UST) to be used by LMEs to determine the mental health of any individual admitted to any long-term care facility within an LME's catchment area. The UST shall be available for use no later than 90 days after the enactment of the Current Operations and Capital Appropriations Act for the 2007-2009 fiscal biennium.

SECTION 10.49.(l) Notwithstanding any other provision of law to the contrary, local management entities may directly provide case management and may bill for the services provided.

CRISIS AND ACUTE CARE SERVICES.

SECTION 10.49.(m) The fourteen million one hundred thirty-seven thousand eight hundred fifty-seven dollars ($14,137,857) appropriated in this act for crisis services in each fiscal year to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, shall be allocated to local management entities to continue to implement the crisis plans developed under S.L. 2006-66, Section 10.26. In allocating these funds, the Department shall consider the impact of the closure of any State institution on each local management entity. The Department of Health and Human Services may use up to two hundred fifty thousand dollars ($250,000) in each fiscal year of the funds allocated under this subsection to extend its contract with the crisis services consultant authorized under Section 10.26(b) of S.L. 2006-66.

SECTION 10.49.(n) S.L. 2006-66, Section 10.26(d), as amended by Section 11 of S.L. 2006-221, reads as rewritten:

"**SECTION 10.26.(d)** With the assistance of the consultant, the LMEs within a crisis region shall work together to identify gaps in their ability to provide a continuum of crisis services for all consumers and use the funds allocated to them to develop and

implement a plan to address those needs. At a minimum, the plan must address the development over time of the following components: 24-hour crisis telephone lines, walk-in crisis services, mobile crisis outreach, crisis respite/residential services, crisis stabilization units, 23-hour beds, facility-based crisis, in-patient crisis, detox, and transportation. Options for voluntary admissions to a secured facility must include at least one service appropriate to address the mental health, developmental disability, and substance abuse needs of adults, and the mental health, developmental disability, and substance abuse needs of children. Options for involuntary commitment to a secured facility must include at least one option in addition to admission to a State facility.

If all LMEs in a crisis region determine that a facility-based crisis center is needed and sustainable on a long-term basis, the crisis region shall first attempt to secure those services through a community hospital or other community facility. If all LMEs in the crisis region determine the region's crisis needs are being met, the LMEs may use the funds to meet local crisis service needs."

SECTION 10.49.(o) LMEs shall report monthly to the Department and to the consultant regarding the use of the funds, whether there has been a reduction in the use of State psychiatric hospitals for acute admissions, and any remaining gaps in local and regional crisis services. The consultant and the Department shall report quarterly to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services regarding each LME's proposed and actual use of the funds appropriated under this section. The reporting requirements under this subsection shall expire July 1, 2008.

SECTION 10.49.(q) G.S. 122C-147.1 is amended by adding the following new subsection to read:

"(b1) Notwithstanding subsection (b) of this section, funds appropriated by the General Assembly for crisis services shall not be allocated in broad disability or age/disability categories. Subsection (c) of this section shall apply to funds appropriated by the General Assembly for crisis services."

SECTION 10.49.(r) The Department of Health and Human Services shall develop a system for reporting to LMEs information regarding all visits to community hospital emergency departments by individuals who are in crisis due to a mental illness, a developmental disability, or a substance abuse disorder. The system shall be implemented no later than 90 days after the enactment of the Current Operations and Capital Appropriations Act for the 2007-2009 fiscal biennium.

SECTION 10.49.(s1) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (Division), the sum of two million five hundred thousand dollars ($2,500,000) for the 2007-2008 fiscal year and the sum of five million dollars ($5,000,000) for the 2008-2009 fiscal year shall be used to develop a pilot program to reduce State psychiatric hospital use and to increase local services for persons with mental illness. Of these funds, the sum of two hundred fifty thousand dollars ($250,000) in each fiscal year shall be retained by the Department. The remainder in each fiscal year shall be allocated to LMEs to be used in accordance with subdivision (c)(6) of this section. The Division and each selected LME shall implement an 18-month pilot beginning in the 2007-2008 fiscal year, as provided in subsections (s2) and (s3) of this section. It is the intent of the General Assembly to provide funds to expand the pilot program in the 2008-2009 fiscal year. To this end, the Division shall develop a plan for expanded pilots as provided in subsection (d) of this section.

SECTION 10.49.(s2) The purpose of the 18-month pilot program developed under subsection (s1) of this section and to be implemented during the 2007-2008 fiscal year is to test a mechanism to reduce psychiatric hospital use by holding an LME financially and clinically responsible for the cost of that use and by providing additional resources to build community capacity. The Department shall select at least three LMEs that submit a proposal to participate in the pilot to the Division no later than October 15, 2007. The proposal shall include a plan by the LME to reduce hospital use by a specified amount and an explanation of how the LME expects to accomplish this goal. To facilitate pilot implementation, the Division shall do all of the following:

(1) Calculate the cost of each LME's 2006-2007 use of State psychiatric hospital services based roughly on that hospital's total budget and the percentage of patients at the hospital admitted from the LME's catchment area.

(2) Calculate a daily rate for hospital usage based on 2006-2007 statewide usage. The daily rate shall be higher for subsequent admissions by the same patient and higher for patients admitted with a primary diagnosis of substance abuse.

(3) Provide the results from subdivisions (1) and (2) of this subsection to all LMEs not later than September 1, 2007.

(4) Award pilot participation not later than November 1, 2007, based upon the proposals that project the largest decrease in use and that the Division believes has the greatest likelihood of succeeding.

(5) Commence pilot implementation not later than January 1, 2008.

SECTION 10.49.(s3) Parameters of the pilot developed under subsection (s1) of this section are as follows:

(1) The pilot LMEs will have a virtual budget account for January 1, 2008, through June 30, 2008, based on one-half of the LME's cost of State psychiatric hospital use during the 2006-2007 fiscal year minus the LME's proposed reduction in hospital use. The virtual budget account will be for the full amount less an agreed upon reduction in the second year of the pilot.

(2) Every bed day used by patients from that LME's catchment area will be debited against that LME's virtual account.

(3) The cost of bed days will increase by the agreed upon amount for patients who are repeatedly admitted to the hospital.

(4) The cost of bed days will increase by the agreed upon amount for patients who are admitted with a primary diagnosis of substance abuse.

(5) The LME shall have one or more representatives on site at the State psychiatric hospital. The LME representatives shall be involved with patient admissions, development of treatment plans, supervision and delivery of treatment, and development and implementation of discharge plans.

(6) The pilot LMEs shall use their allocated funds to: (i) build community capacity through start-up operations or payment for local services; (ii) pay for the on-site representative at State psychiatric hospitals; and (iii) pay for patient bed days that are in excess of RFP's projected use.

(7) As of June 30, 2008, any savings to the State realized from the LMEs' reduced hospital usage, plus any funds remaining in the LMEs' virtual hospital budget account, will be transferred to the LMEs to be used to purchase hospital use in the 2008-2009 fiscal year. Any funds remaining from the two million two hundred twenty-five thousand

dollar ($2,225,000) allocation shall carry over to be used by the LMEs to pay for services to the mentally ill.

SECTION 10.49.(s4) Based on the experiences of the pilot programs authorized under subsections (s2) and (s3) of this section, the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (Division) shall work with the existing hospital use study group to develop a proposal for subsequent pilots to reduce hospital use and build community services. The Division may use up to two hundred fifty thousand dollars ($250,000) in each fiscal year to develop the proposal. The Division shall submit an interim report on its progress to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services (Oversight Committee) by October 15, 2007, and a second interim report by February 1, 2008. The Division shall submit its final report to the Oversight Committee by February 1, 2009.

SECTION 10.49.(s5) The budgets for the State psychiatric hospitals shall not be reduced during the 2007-2008 fiscal year as a result of the pilot developed under subsection (s1) of this section. However, those budgets shall be adjusted in following years to reflect the previous year's use by the LMEs participating in the pilot program.

SECTION 10.49.(t) Notwithstanding G.S. 122C-112.1(a)(30) and G.S. 122C-181, the Secretary of Health and Human Services may close Dorothea Dix Hospital, and the Secretary of Health and Human Services may close John Umstead Hospital or any unit or section of that hospital, provided that all of the following conditions have been met prior to closure of each hospital or unit thereof:

(1) The Secretary has notified the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and members of the General Assembly who represent catchment areas affected by the closure.

(2) The Secretary has presented a plan for the closure of each hospital or unit thereof to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services (Oversight Committee) for its review, advice, and recommendations. The Secretary shall also provide a copy of the plan to each member of the General Assembly in a timely manner to permit each member of the General Assembly to comment at the presentation of the plan to the Oversight Committee. The plan shall address specifically all of the following: (i) the capacity of any replacement facility and the catchment area to meet the needs of those consumers who require long-term secure services as well as acute care; (ii) an inventory of existing capacity in the communities within the catchment area for patients to access crisis services, appropriate housing, and other necessary supports; (iii) how the State and the LMEs in the catchment area will attract and retain qualified private providers that will provide services to State-paid non-Medicaid-eligible consumers; and (iv) the impact of the closure on remaining State facilities. In implementing the plan, the Secretary shall take into consideration the comments and recommendations of the Oversight Committee and other members of the General Assembly.

(3) The Central Regional Hospital is operational and patient transfers from Dorothea Dix Hospital and John Umstead Hospital have been completed.

(4) Notwithstanding any other provision of law, the Secretary shall not close a State facility if there are not adequate replacement services available prior to the date of closure.

SECTION 10.49.(u) In keeping with the United States Supreme Court decision in Olmstead v. L.C. & E.W. and State policy to provide appropriate services to clients in the least restrictive and most appropriate environment, the Department of Health and Human Services shall continue to implement a plan for the transition of patients from State psychiatric hospitals to the community or to other long-term care facilities, as appropriate. The goal is to develop mechanisms and identify resources needed to enable patients and their families to receive the necessary services and supports based on the following guiding principles:

(1) Individuals shall be provided acute psychiatric care in non-State facilities when appropriate.

(2) Individuals shall be provided acute psychiatric care in State facilities only when non-State facilities are unavailable.

(3) Individuals shall receive evidence-based psychiatric services and care that are cost-efficient.

(4) The State shall minimize cost shifting to other State and local facilities or institutions.

The Department of Health and Human Services shall conduct an analysis of the individual patient service needs and shall develop and implement an individual transition plan, as appropriate, for patients in each hospital. The State shall ensure that each individual transition plan, as appropriate, shall take into consideration the availability of appropriate alternative placements based on the needs of the patient and within resources available for the mental health, developmental disabilities, and substance abuse services system. In developing each plan, the Department shall consult with the patient and the patient's family or other legal representative.

The Department of Health and Human Services shall submit reports on the status of implementation of this section to the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division. These reports shall be submitted on December 1, 2007, and May 1, 2008.

USE OF MENTAL HEALTH TRUST FUNDS.

SECTION 10.49.(v) Funds allocated to area programs to be spent on community-based programs that are remaining in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs (Trust Fund) as of June 30, 2007, shall be dispersed to the area programs to be spent according to the purposes for which the funds were allocated. The Department shall limit the LME fund balance to ensure that LMEs fully utilize funds dispersed to the LME for the stated purposes.

SECTION 10.49.(w1) G.S. 143C-9-2 reads as rewritten:

"**§ 143C-9-2. Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs.**

(a) The Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs is established as an interest-bearing, nonreverting special trust fund in the Office of State Budget and Management. Moneys in the Trust Fund shall be held in trust and used solely to increase community-based services that meet the mental health, developmental disabilities, and

substance abuse services needs of the State. The Trust Fund shall be used to supplement and not to supplant or replace existing State and local funding available to meet the mental health, developmental disabilities, and substance abuse services needs of the State.

The State Treasurer shall hold the Trust Fund separate and apart from all other moneys, funds, and accounts. The State Treasurer shall be the custodian of the Trust Fund and shall invest its assets in accordance with G.S. 147-69.2 and G.S. 147-69.3. Investment earnings credited to the assets of the Trust Fund shall become part of the Trust Fund. Any balance remaining in the Trust Fund at the end of any fiscal year shall be carried forward in the Trust Fund for the next succeeding fiscal year.

Moneys in the Trust Fund shall be expended only in accordance with subsection (b) of this section and in accordance with limitations and directions enacted by the General Assembly.

(b) Moneys in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs shall be allocated to area programs to be used only to:

(1) Provide start-up funds and operating support for programs and services that provide more appropriate and cost-effective community treatment alternatives for individuals currently residing in the State's mental health, developmental disabilities, and substance abuse services institutions.

~~(2) Facilitate the State's compliance with the United States Supreme Court decision in Olmstead v. L.C. and E.W.~~

(3) Facilitate reform of the mental health, developmental disabilities, and substance abuse services system and expand and enhance treatment and prevention services in these program areas to remove waiting lists and provide appropriate and safe services for clients.

(4) Provide bridge funding to maintain appropriate client services during transitional periods as a result of facility closings, including departmental restructuring of services.

~~(5) Construct, repair, and renovate State mental health, developmental disabilities, and substance abuse services facilities.~~

(c) Notwithstanding G.S. 143C-1-2, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143C-1-2, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(1) ~~(b)(2)~~ and (b)(3) of this section.

(d) Beginning July 1, 2007, the Secretary of the Department of Health and Human Services shall report annually to the Fiscal Research Division on the expenditures made during the preceding fiscal year from the Trust Fund. The report shall identify each expenditure by recipient and purpose and shall indicate the authority under subsection (b) of this section for the expenditure."

SECTION 10.49.(w2) Notwithstanding G.S. 143C-9-2(c), additional savings in the 2007-2008 and 2008-2009 fiscal years shall be used to fund the State's contribution for local management entity system administration.

SECTION 10.49.(x) Notwithstanding G.S. 143C-9-2, as amended by this act, the Secretary of Health and Human Services may use funds for the 2007-2008 fiscal year from the Trust Fund for Mental Health, Developmental Disabilities, and Substance

Abuse Services and Bridge Funding Needs (Trust Fund) or, if funds in the Trust Fund are insufficient, from other available sources in the Department of Health and Human Services, to support up to 66 new positions in the Julian F. Keith Alcohol and Drug Abuse Treatment Center, provided that these funds may be used only if the Julian F. Keith Alcohol and Drug Abuse Treatment Center opens before July 1, 2008.

STRENGTHEN THE SERVICES NETWORK.

SECTION 10.49.(y) The Department of Health and Human Services shall designate two additional local management entities to receive all State allocations through single stream funding. If DHHS has not made the designations by July 1, 2007, the designations shall be as enacted by the 2007 General Assembly. The Department shall develop clear standards for how an LME qualifies for single stream funding and shall award single stream funding to any other LME that meets those standards within the 2007-2008 and 2008-2009 fiscal years. In addition to the LMEs designated by the Department, the Piedmont, New River, Smoky Mountain, Guilford, and Mecklenburg LMEs shall continue to receive State allocations through single stream funding.

SECTION 10.49.(z) The Joint Legislative Oversight Committee for Mental Health, Developmental Disabilities, and Substance Abuse Services shall study the effectiveness of the 1915(b) Medicaid waiver and of those LMEs operating under a waiver.

SECTION 10.49.(aa) No later than July 1, 2008, the Department of Health and Human Services shall commence the process for three additional local management entities to apply for Medicaid waivers.

FILLING SERVICE GAPS.

SECTION 10.49.(bb) Funds appropriated in this act for mental health services and supported employment shall be allocated to local management entities such that each local management entity receives a percentage of the total allocation that is equal to that local management entity's percentage of the State's total population that is below the federal poverty level. Funds appropriated to the Department of Health and Human Services for the 2006-2007 fiscal year for mental health services, substance abuse services, and crisis services and allocated based on the poverty level shall continue to be allocated by the Department to local management entities such that each local management entity receives a percentage of the total allocation that is equal to that local management entity's percentage of the State's total population that is below the federal poverty level.

SECTION 10.49.(cc) G.S. 122C-147.1(c) shall apply to the State-funded service of developmental therapies.

SECTION 10.49.(dd) The Department of Health and Human Services shall develop and apply to the Centers for Medicare and Medicaid Services for additional home and community-based waivers for persons with developmental disabilities. In conjunction with the existing CAP MR/DD waiver, the new waivers will create a tiered system of services. Not later than March 1, 2008, the Department shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the status of the waivers required under this section.

SECTION 10.49.(ee) For the purpose of avoiding overutilization of community support services and overexpenditure of funds for these services, the Department of Health and Human Services shall immediately conduct an in-depth evaluation of the use and cost of community support services to identify existing and potential areas of overutilization and overexpenditure. The Department shall also adopt

or revise as necessary management policies and practices that will ensure that at a minimum:

(1) There is in place a list of community support services that are appropriate to meet the critical needs of the client and are cost effective;

(2) Community support services are appropriately utilized based on the critical needs of the client, and utilization is monitored routinely to ensure against overutilization;

(3) That expenditures for services are controlled to the maximum extent possible without unnecessarily impairing service quality and efficiency;

(4) Service providers are fully competent to provide each service, to provide the service in the most efficient manner, and that services and providers meet standards of protocol adopted by the Department. To this end, endorsement shall be based on compliance with: a Medicaid service-specific checklist, rules for Mental Health, Developmental Disabilities, and Substance Abuse Services, client rights rules in community Mental Health, Developmental Disabilities, and Substance Abuse Services, the Medicaid service records manual, and other Medicaid requirements as stipulated in the participation agreement with the Division of Medical Assistance. In accordance with G.S. 122C-115.4, an LME may remove a provider's endorsement;

(5) All community support services are subject to prior approval after the initial assessment and development of a person-centered plan has been completed;

(6) The initial assessment and development of person-centered plan provides for up to three service hours for adults and up to six service hours for community support for children/adolescents. If a provider determines that more time is needed for adults or child/adolescent services to complete the person-centered plan, additional hours may be provided as authorized by the contract entity. If additional hours are authorized, the LME may participate in the development of the person-centered plan, as part of its care coordination and quality management function as defined in G.S. 122C-115.4;

(7) Based on standards of care and practice, a stringent clinical review process for authorization of services is implemented uniformly and in accordance with State guidelines;

(8) Additional record audits of providers are conducted on a routine basis to continually ensure compliance with Medicaid requirements;

(9) Post-payment clinical reviews are conducted at the local level to ensure that consumers receive the appropriate level and intensity of care;

(10) Monitoring and reporting are conducted at least monthly to ensure appropriate utilization of all enhanced services. The reports shall include authorization by service, paid claims data by service, post-payment reviews, provider enrollment and termination, outlier utilization by provider and individual recipient;

(11) The Department shall tier the rates for the service of community supports. The rates shall be based on the level of qualifications of the individuals delivering the services and the types of services being delivered by these individuals; and

(12) The Department of Health and Human Services and the Department of Public Instruction shall amend their Memorandum of Agreement to ensure that each LME develops its own list of approved providers and individual service providers authorized to provide services on campus as provided under the Federal Safe Schools Act.

The Department shall report not later than November 1, 2007, on the list of community support services determined to be appropriate. Not later than March 1, 2008, the Department shall provide a detailed report on the implementation and status of each of the activities required by this subsection to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The report shall also include clear standards for determining local management entity capability to perform utilization review and utilization management and clear statewide standards for utilization review and utilization management.

In order to assure full compliance with the laws of this State on the implementation of mental health reform, the Department shall not extend or enter into a new contract with an outside vendor to provide utilization review for behavioral health services until after the Department has (i) adopted statewide standards for transitioning Medicaid utilization review responsibilities to local management entities, (ii) has reported on the implementation of this subsection to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and (iii) has otherwise met all requirements imposed by law for the implementation of mental health reform.

LME ADMINISTRATIVE FUNDING.

SECTION 10.49.(ff) The General Assembly finds that counties have budgeted almost one hundred twenty-one million dollars ($121,000,000) to LMEs to pay for mental health, developmental disabilities, and substance abuse services. However, the General Assembly lacks information regarding the specific services that are purchased with those county funds. The General Assembly also lacks data regarding the incomes of persons receiving mental health, developmental disabilities, and substance abuse services that are paid for by either State or county funds. This lack of data severely limits the General Assembly's ability to determine the distribution of services that are being paid for with public funds, whether persons who are eligible for Medicaid are being enrolled in that program, and whether expanding the State's Medicaid eligibility criteria would impact a significant number of mental health, developmental disabilities, and substance abuse services consumers. Therefore, LMEs shall report annually to the Division all expenditures from county funds by the LME for services, start-up expenses, and capital and operational expenditures, regardless of the source of the funds and regardless of whether the funds were earned on a payment for service or grant basis. This reporting shall include specific information regarding the expenditure of all funds provided to the LME by the county or counties contained in the LME's catchment area and the amount of expenditures for services provided by the multicounty LME to residents of each county in the multicounty LME's catchment area. To the extent possible, the information shall be submitted through the Integrated Payment and Reimbursement System. LMEs shall also gather income data for all individuals receiving services. Notwithstanding G.S. 143C-6-4, Budget Adjustments Authorized, the Department of Health and Human Services shall use funds available to the Department to fully fund the State's contribution for LME system administration.

SECTION 10.49.(gg) It is the intent of the General Assembly that the deficit in State funding for local management entity system administration will be eliminated in future years through savings from hospital downsizing. The General Assembly anticipates that full funding for this purpose will be available in the 2009-2011 fiscal biennium.

SECTION 10.49.(hh) G.S. 122C-115.4(d) reads as rewritten:

"(d) Except as provided in G.S. 122C-142.1 and G.S. 122C-125, the Secretary may ~~not~~ neither remove from an LME nor designate another entity as eligible to implement any function enumerated under subsection (b) of this section unless all of the following applies:

(1) The LME fails during the previous three months to achieve a satisfactory outcome on any of the critical performance measures developed by the Secretary under G.S. 122C-112.1(33).

(2) The Secretary provides focused technical assistance to the LME in the implementation of the function. The assistance shall continue for at least six months or until the LME achieves a satisfactory outcome on the performance measure, whichever occurs first.

(3) If, after six months of receiving technical assistance from the Secretary, the LME still fails to achieve or maintain a satisfactory outcome on the critical performance measure, the Secretary shall enter into a contract with another LME or agency to implement the function on behalf of the LME from which the function has been removed."

SECTION 10.49.(ii) The State Auditor shall use available resources to conduct performance audits on local management entity billing and STR (screening, triage, and referral) functions. The State Auditor shall specifically focus on those local management entities identified as not meeting the primary functions required under G.S. 122C-115.4 and as set forth in guidelines adopted by the Department pursuant to Section 10.28 of S.L. 2006-66. The State Auditor shall begin the audit process once the guidelines adopted by the Department pursuant to Section 10.28 of S.L. 2006-66 are in place. The State Auditor shall report his findings and recommendations to the 2009 General Assembly upon its convening.

SECTION 10.49.(jj) The Department of Health and Human Services shall use available funds not to exceed two hundred fifty thousand dollars ($250,000) in each fiscal year to contract with the University of North Carolina at Chapel Hill, Kenan Flagler Business School, to provide administrative training to local management entities. The Department of Health and Human Services shall advise the Kenan Flagler Business School on prioritizing those local management entities that would most benefit from the training. The Department of Health and Human Services shall use funds available for the contract.

SECTION 10.49.(kk) In allocating funds from existing resources to local management entities for administrative costs, the Department shall ensure that each local management entity receives not less in service dollars than that local management entity expended for services in the 2006-2007 fiscal year.

DEVELOPMENTAL CENTER DOWNSIZING

SECTION 10.50.(a) In accordance with the Department of Health and Human Services' plan for mental health, developmental disabilities, and substance abuse services system reform, the Department shall ensure that the downsizing of the State's Developmental Centers is based upon individual needs and the availability of community-based services with a targeted goal of four percent (4%) each year. The Department shall implement cost-containment and reduction strategies to ensure the

corresponding financial and staff downsizing of each facility. The Department shall manage the client population of the Developmental Centers in order to ensure that placements for ICF-MR level of care shall be made to appropriate community-based settings. Admissions to a State-operated ICF-MR facility is permitted only as a last resort and only upon approval of the Department. The corresponding budgets for each of the Developmental Centers shall be reduced, and positions shall be eliminated as the census of each facility decreases in accordance with the Department's budget reduction formula. At no time shall mental retardation center positions be transferred to other units within a facility or assigned nondirect care activities such as outreach.

SECTION 10.50.(b) The Department of Health and Human Services shall apply any savings in State appropriations in each year of the 2007-2009 biennium that result from reductions in beds or services as follows:

(1) The Department shall place nonrecurring savings in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs and use the savings to facilitate the transition of clients into appropriate community-based services and support in accordance with G.S. 143C-9-2;

(2) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall retain recurring savings realized through implementation of this section to support the recurring costs of additional community-based placements from Division facilities in accordance with Olmstead v. L.C. & E.W. In determining the savings in this section, savings shall include all savings realized from the downsizing of the Developmental Centers, including the savings in direct State appropriations in the budgets of the Developmental Centers; and

(3) The Department of Health and Human Services, Division of Medical Assistance, shall transfer any recurring Medicaid savings resulting from the downsizing of State-operated Developmental Centers from the ICF-MR line in Medicaid to support Medicaid services to assist in continued community service opportunities for people with developmental disabilities.

SECTION 10.50.(c) Consistent with the requirements of this section, the Secretary of Health and Human Services shall update the existing plan to ensure that there are sufficient developmental disability/mental retardation regional centers to correspond with service catchment areas. The plan shall address:

(1) Methods of funding for community services necessitated by downsizing;

(2) How many State-operated beds and non-State-operated beds are needed to serve the population; and

(3) Alternative uses for facilities.

Not later than April 1, 2008, the Department shall provide an updated report on the development of the plan, and not later than April 1, 2009, shall report the final plan, including recommendations for legislative action, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.50.(d) The Department of Health and Human Services shall provide an updated report on its progress in complying with this section to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the

Fiscal Research Division. The Department shall submit the progress report no later than January 15, 2008, and submit a final report no later than May 1, 2009.

DHHS POLICIES AND PROCEDURES IN DELIVERING COMMUNITY MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES

SECTION 10.51.(a) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall in cooperation with area mental health authorities and county programs, identify and eliminate administrative and fiscal barriers created by existing State and local policies and procedures in the delivery of community-based mental health, developmental disabilities, and substance abuse services provided through the area programs and county programs, including services provided through the Comprehensive Treatment Services Program for Children and services delivered to multiply diagnosed adults. The Department shall implement changes in policies and procedures in order to facilitate all of the following:

(1) The provision of services to adults and children as defined in the Mental Health System Reform State Plan as priority or targeted populations.

(2) The provision of services to children not deemed eligible for the Comprehensive Treatment Services Program for Children, but who would otherwise be in need of medically necessary treatment services to prevent out-of-home placement.

(3) The provision of services in the community to adults remaining in and being placed in State institutions addressed in Olmstead v. L.C.

SECTION 10.51.(b) The Department shall rework the revised system of allocating State and federal funds to area mental health authorities and county programs to better reflect projected needs, including the impact of system reform efforts rather than historical allocation practices and spending patterns. The reworked allocation shall include the following:

(1) For each LME, the current allocation by source and age/disability category, and the newly proposed allocation by source and age/disability category;

(2) A clear formula for how the new allocations are derived with a detailed methodology for how the formula was created; and

(3) A plan for moving to the new formula.

The Department shall submit the reworked language to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division not later than October 1, 2007, for review. The Department shall implement the system only after review and approval by the 2007 General Assembly, Regular Session 2008.

SECTION 10.51.(c) Area mental health, developmental disabilities, and substance abuse services authorities and county programs shall use all funds appropriated for and necessary to provide mental health, developmental disabilities, and substance abuse services to meet the need for these services. If excess funds are available after expending appropriated funds to fully meet service needs, one-half of these excess funds shall not revert to the General Fund but shall be transferred to the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs, except that one-half of the funds appropriated for the Comprehensive Treatment Services Program for Children that are unexpended and

unencumbered shall not revert to the General Fund but shall be carried forward and used only for services for children and adolescents.

The Department, in consultation with the area mental health authorities and county programs, shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the progress in implementing these changes. The report shall be submitted on October 1, 2007, and February 1, 2008.

SERVICES TO MULTIPLY DIAGNOSED ADULTS

SECTION 10.52.(a) In order to ensure that multiply diagnosed adults are appropriately served by the mental health, developmental disabilities, and substance abuse services system, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall do the following with respect to services provided to these adults:

(1) Implement the following guiding principles for the provision of services:
   a. Service delivery system must be outcome-oriented and evaluation-based.
   b. Services should be delivered as close as possible to the consumer's home.
   c. Services selected should be those that are most efficient in terms of cost and effectiveness.
   d. Services should not be provided solely for the convenience of the provider or the client.
   e. Families and consumers should be involved in decision making throughout treatment planning and delivery.

(2) Provide those treatment services that are medically necessary.

(3) Implement utilization review of services provided.

SECTION 10.52.(b) The Department of Health and Human Services shall implement all of the following cost-reduction strategies:

(1) Preauthorization for all services except emergency services.

(2) Criteria for determining medical necessity.

(3) Clinically appropriate services.

SECTION 10.52.(c) No State funds shall be used for the purchase of single-family or other residential dwellings to house multiply diagnosed adults.

SECTION 10.52.(d) The Department shall report on implementation of this section on May 1, 2008, and again on May 1, 2009, to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division.

DEPARTMENTAL FLEXIBILITY IN SCHEDULING THE TRANSFER OF POSITIONS PERTAINING TO THE CLOSURE OF DOROTHEA DIX AND JOHN UMSTEAD HOSPITALS AND THE OPENING OF CENTRAL REGIONAL HOSPITAL

SECTION 10.53.(a) The Department of Health and Human Services may schedule the transfer of positions relating to the closure of Dorothea Dix Hospital and John Umstead Hospital and the opening of Central Regional Hospital in accordance

with appropriations and reductions in funding enacted in this act in a manner that is timely and with minimal disruption in services. The Department may not transfer more positions than are authorized in the House of Representatives Appropriations Committee Report on Health and Human Services, referenced in this act, for the closure of Dorothea Dix Hospital and John Umstead Hospital, the opening of Central Regional Hospital, the transfer of Whitaker School and R. J. Blackley ADATC to Central Regional Hospital, and the transfer of Dorothea Dix Hospital Forensic Unit beds to Broughton Hospital.

SECTION 10.53.(b) Of the funds appropriated in this act to the Department of Health and Human Services for Broughton Hospital, the sum of up to two hundred fifty thousand dollars ($250,000) may be used by Broughton Hospital to purchase a CT Scanner.

INSTITUTE OF MEDICINE TASK FORCE/STUDY OF SUBSTANCE ABUSE SERVICES IN NORTH CAROLINA

SECTION 10.53A.(a) The three hundred thousand dollars ($300,000) appropriated in this act to the Department of Health and Human Services for allocation to the North Carolina Institute of Medicine (NC IOM) shall be used by the IOM to hire new staff, to undertake additional studies annually at the request of the General Assembly, and to support a rapid-response capacity to analyze secondary data sources on health or health-related data to the General Assembly and to State and local government agencies.

SECTION 10.53A.(b) The North Carolina Institute of Medicine shall use a portion of the funds allocated to it in subsection (a) of this section to convene a task force to study substance abuse services in North Carolina. The NC IOM shall provide staff and arrange for meeting facilities for the Task Force.

SECTION 10.53A.(c) The Task Force shall include the following:

(1) Members of the North Carolina Senate and the North Carolina House of Representatives. Senate members shall be appointed by the President Pro Tempore of the Senate. Members of the House of Representatives shall be appointed by the Speaker of the House of Representatives.

(2) Representatives of the North Carolina Department of Health and Human Services, local management entities, the North Carolina Department of Justice, the NC Office of the Attorney General, the North Carolina Community College System, and the North Carolina Department of Public Instruction.

(3) Providers of substance abuse services, academics and researchers with substance abuse expertise, local governmental agencies, business and industry, domestic violence organizations, consumer and family members, and other interested members of the public.

The IOM shall appoint as cochairs of the Task Force one member of the North Carolina House of Representatives, one member of the North Carolina Senate, and one member who provides substance abuse services selected from the Task Force.

SECTION 10.53A.(d) The Task Force shall:

(1) Identify the continuum of services needed for treatment of substance abuse services, including, but not limited to, prevention, outpatient services, residential treatment, and recovery supports. The Task Force shall examine what public and private organizations currently provide services, where services are offered, and gaps in the current service delivery system. The Task Force shall examine services that are

available through public and private systems, but shall focus on the availability of substance abuse services through the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and local management entities. The Task Force shall identify which services should be available locally throughout the State, and which services should be offered regionally or statewide.

(2) Identify evidence-based models of care or promising practices in coordination with the NC Practice Improvement Collaborative for the prevention and treatment of substance abuse and develop recommendations to incorporate these models into the current substance abuse service system of care.

(3) Examine different financing options to pay for substance abuse services at the local, regional, and State levels. The Task Force shall also consider different reimbursement methodology, including, but not limited to, fee-for-service, grant funding, case rates, and capitation.

(4) Examine the adequacy of the current and future substance abuse workforce, including, but not limited to, credentialed substance abuse counselors, availability of substance abuse workers throughout the State, and reimbursement levels. The Task Force shall develop a workforce education plan, if needed, to address current or future workforce shortages.

(5) Develop strategies to identify people in need of substance abuse services, including people who are dually diagnosed as having mental health and substance abuse problems. In addition, the Task Force shall examine strategies for providing substance abuse services to people with substance abuse problems identified through the State hospitals, and the judicial and social services systems.

(6) Examine barriers that people with substance abuse problems have in accessing publicly funded substance abuse services and explore possible strategies for improving access.

(7) Examine current outcome measures and identify other appropriate outcome measures to assess the effectiveness of substance abuse services, if necessary.

(8) Examine the economic impact of substance abuse in North Carolina. If data are available, the Task Force shall estimate the impact of substance abuse on the court system, health care system (e.g., through preventable hospitalizations), social services, and worker productivity.

(9) Make recommendations on the implementation of a cost-effective plan for prevention, early screening, diagnosis, and treatment of North Carolinians with substance abuse problems. In so doing, the Task Force shall identify any policy changes needed to implement the plan and develop cost estimates associated with different recommendations. The Task Force shall also examine existing public and private financing options and explore how existing funding could be used more effectively to pay for the recommended services.

SECTION 10.53A.(e) The North Carolina Institute of Medicine's Substance Abuse Services Task Force shall submit its interim report and recommendations to the 2008 General Assembly upon its convening and to the chairs of the Senate Health Committee, the House of Representatives Health Committee, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Governor. The final report shall be submitted no later than the

convening of the 2009 General Assembly. Upon submission of this report, the Task Force shall terminate.

DHHS BLOCK GRANTS

SECTION 10.55.(a) Appropriations from federal block grant funds are made for the fiscal year ending June 30, 2008, according to the following schedule:

TEMPORARY ASSISTANCE TO NEEDY FAMILIES (TANF) BLOCK GRANT

Local Program Expenditures

Division of Social Services		
01.	Work First Family Assistance (Cash Assistance)	$94,857,234
02.	Work First County Block Grants	94,653,315
03.	Child Protective Services – Child Welfare Workers for Local DSS	14,452,391
04.	Work First – Boys and Girls Clubs	2,000,000
05.	Work First – After-School Services for At-Risk Children	2,249,642
06.	Work First – After-School Programs for At-Risk Youth in Middle Schools	500,000
07.	Work First – Connect, Inc.	550,000
08.	Adoption Services – Special Children's Adoption Fund	3,000,000
09.	Family Violence Prevention	2,200,000
Division of Child Development		
10.	Subsidized Child Care Program	48,563,266
DHHS Administration		
11.	Division of Social Services	762,626
12.	Office of the Secretary	65,836
13.	Office of the Secretary/DIRM – TANF Automation Projects	592,500
14.	Office of the Secretary/DIRM – NC FAST Implementation	1,800,000

Division of Public Health	
15. Teen Pregnancy Prevention Initiatives	450,000
Transfers to Other Block Grants	
Division of Child Development	
16. Transfer to the Child Care and Development Fund	81,292,880
Division of Social Services	
17. Transfer to Social Services Block Grant for Department of Juvenile Justice and Delinquency Prevention – Support Our Students	2,749,642
18. Transfer to Social Services Block Grant for Child Protective Services – Child Welfare Training in Counties	2,550,000
19. Transfer to Social Services Block Grant for Maternity Homes	838,000
20. Transfer to Social Services Block Grant for Teen Pregnancy Prevention Initiatives	2,500,000
21. Transfer to Social Services Block Grant for County Departments of Social Services for Children's Services	4,500,000
22. Transfer to Social Services Block Grant for Foster Care Services	1,181,907
TOTAL TEMPORARY ASSISTANCE TO NEEDY FAMILIES (TANF) BLOCK GRANT	$362,309,239
SOCIAL SERVICES BLOCK GRANT	
Local Program Expenditures	
Divisions of Social Services and Aging and Adult Services	
01. County Departments of Social Services (Transfer from TANF – $4,500,000)	$ 28,868,189
02. State In-Home Services Fund	2,101,113
03. State Adult Day Care Fund	2,155,301
04. Child Protective Services/CPS Investigative	

	Services-Child Medical Evaluation Program	238,321
05.	Foster Care Services (Transfer from TANF – $1,181,907)	2,649,662
06.	Foster Care Maintenance Payments	2,636,587
07.	Child Protective Services-Child Welfare Training for Counties (Transfer from TANF)	2,550,000
08.	Maternity Homes (Transfer from TANF)	838,000
	Division of Aging and Adult Services	
09.	Home and Community Care Block Grant (HCCBG)	1,834,077
	Division of Mental Health, Developmental Disabilities, and Substance Abuse Services	
10.	Mental Health Services Program	422,003
11.	Developmental Disabilities Services Program	5,000,000
12.	Mental Health Services-Adult and Child/Developmental Disabilities Program/ Substance Abuse Services-Adult	3,234,601
	Division of Child Development	
13.	Subsidized Child Care Program	3,195,000
	Division of Vocational Rehabilitation	
14.	Vocational Rehabilitation Services – Easter Seal Society/UCP	188,263
	Office of the Secretary – Office of Economic Opportunity	
15.	Elderly Supplemental Grant Program	41,302
	Division of Public Health	
16.	Teen Pregnancy Prevention Initiatives (Transfer from TANF)	2,500,000
DHHS Program Expenditures		
	Division of Aging and Adult Services	

17. UNC-CARES Training Contract	247,920
Division of Services for the Blind	
18. Independent Living Program	3,480,133

GENERAL PROVISIONS

SECTION 10.55.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 10.55.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the

Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.55.(d) All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES BLOCK GRANT (TANF)

SECTION 10.55.(e) The sum of seven hundred sixty-two thousand six hundred twenty-six dollars ($762,626) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2007-2008 fiscal year shall be used to support administration of TANF-funded programs.

SECTION 10.55.(f) The sum of two million two hundred thousand dollars ($2,200,000) appropriated under this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2007-2008 fiscal year shall be used to provide domestic violence services to Work First recipients. These funds shall be used to provide domestic violence counseling, support, and other direct services to clients. These funds shall not be used to establish new domestic violence shelters or to facilitate lobbying efforts. The Division of Social Services may use up to seventy-five thousand dollars ($75,000) in TANF funds to support one administrative position within the Division of Social Services to implement this subsection.

Each county department of social services and the local domestic violence shelter program serving the county shall jointly develop a plan for utilizing these funds. The plan shall include the services to be provided and the manner in which the services shall be delivered. The county plan shall be signed by the county social services director or the director's designee and the domestic violence program director or the director's designee and submitted to the Division of Social Services by December 1, 2007. The Division of Social Services, in consultation with the Council for Women, shall review the county plans and shall provide consultation and technical assistance to the departments of social services and local domestic violence shelter programs, if needed.

The Division of Social Services shall allocate these funds to county departments of social services according to the following formula: (i) each county shall receive a base allocation of five thousand dollars ($5,000); and (ii) each county shall receive an allocation of the remaining funds based on the county's proportion of the statewide total of the Work First caseload as of July 1, 2007, and the county's proportion

of the statewide total of the individuals receiving domestic violence services from programs funded by the Council for Women as of July 1, 2007. The Division of Social Services may reallocate unspent funds to counties that submit a written request for additional funds.

SECTION 10.55.(g) The sum of two million two hundred forty-nine thousand six hundred forty-two dollars ($2,249,642) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2007-2008 fiscal year shall be used to expand after-school programs and services for at-risk children. The Department shall develop and implement a grant program to award grants to community-based programs that demonstrate the ability to reach children at risk of teen pregnancy, school dropout, and gang participation. The Department shall award grants to community-based organizations that demonstrate the ability to develop and implement linkages with local departments of social services, area mental health programs, schools, and other human services programs in order to provide support services and assistance to the child and family. These funds may be used to fund one position within the Division of Social Services to coordinate at-risk after-school programs and shall not be used for other State administration.

SECTION 10.55.(h) The sum of fourteen million four hundred fifty-two thousand three hundred ninety-one dollars ($14,452,391) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2007-2008 fiscal year for child welfare improvements shall be allocated to the county departments of social services for hiring or contracting staff to investigate and provide services in Child Protective Services cases; to provide foster care and support services; to recruit, train, license, and support prospective foster and adoptive families; and to provide interstate and postadoption services for eligible families.

SECTION 10.55.(i) The sum of three million dollars ($3,000,000) appropriated in this section in the TANF Block Grant to the Department of Health and Human Services, Special Children Adoption Fund, for the 2007-2008 fiscal year shall be used in accordance with Section 10.31 of this act. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.

SECTION 10.55.(j) The sum of one million eight hundred thousand dollars ($1,800,000) in this section appropriated to the Department of Health and Human Services in the TANF Block Grant for the 2007-2008 fiscal year shall be used to implement N.C. FAST (North Carolina Families Accessing Services through Technology). The N.C. FAST Program involves the entire automation initiative through which families access services and local departments of social services deliver benefits, supervised by the Department of Health and Human Services, Divisions of Social Services, Aging and Adult Services, Medical Assistance, and Child Development. The statewide automated initiative shall be implemented in compliance with federal regulations in order to ensure federal financial participation in the project. The Department of Health and Human Services shall report on its compliance with this subsection to the House of Representatives Appropriations Subcommittee on Health and

Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than January 1, 2008.

SECTION 10.55.(k) The sum of five hundred thousand dollars ($500,000) appropriated in this section to the Department of Health and Human Services, Division of Social Services, in the TANF Block Grant for the 2007-2008 fiscal year shall be used to expand after-school programs for at-risk children attending middle school. The Department shall develop and implement a grant program to award funds to community-based programs demonstrating the capacity to reach children at risk of teen pregnancy, school dropout, and gang participation. These funds shall not be used for training or administration at the State level. All funds shall be distributed to community-based programs, focusing on those communities where similar programs do not exist in middle schools.

SECTION 10.55.(l) In implementing the TANF Block Grant, the Department of Health and Human Services shall review policies, programs, and initiatives to ensure that they support men in their role as fathers and strengthen fathers' involvement in their children's lives. The Department shall encourage county departments of social services to ensure their Work First programs emphasize responsible fatherhood and increased participation by noncustodial fathers.

SECTION 10.55.(m) The sum of five hundred fifty thousand dollars ($550,000) appropriated in this section to the Department of Health and Human Services in the TANF Block Grant for the 2007-2008 fiscal year shall be transferred to Connect, Inc. Connect, Inc., shall report on the number of people served and the services received as a result of the receipt of funds. The report shall contain expenditure data, including the amount of funds used for administration and direct training. The report shall also include the number of people who have been employed as a direct result of services provided by Connect, Inc., including the length of employment in the new position. The Department of Health and Human Services shall evaluate the program and ensure that services provided are not duplicative of local employment security commissions in the nine counties served by Connect, Inc. The evaluation report shall be submitted to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than May 1, 2008.

SECTION 10.55.(n) The sum of one million five hundred thousand dollars ($1,500,000) appropriated in this section to the Department of Health and Human Services in the TANF Block Grant for Boys and Girls Clubs for the 2007-2008 fiscal year shall be used to make grants for approved programs. The Department of Health and Human Services, in accordance with federal regulations for the use of TANF Block Grant funds, shall administer a grant program to award funds to the Boys and Girls Clubs across the State in order to implement programs that improve the motivation, performance, and self-esteem of youths and to implement other initiatives that would be expected to reduce gang participation, school dropout, and teen pregnancy rates. The Department shall encourage and facilitate collaboration between the Boys and Girls Clubs and Support Our Students, Communities in Schools, and similar programs to submit joint applications for the funds if appropriate.

SECTION 10.55.(o) The Department of Health and Human Services, Division of Social Services, shall continue implementing county demonstration grants that began in the 2006-2007 fiscal year. The county demonstration grants may be awarded for up to three years with all projects ending no later than the end of fiscal year 2009-2010. The purpose of the county demonstration grants is to identify best practices that can be used by counties to improve the work participation rates. The Division of

Social Services is authorized to establish two time-limited positions to manage the grant award process and monitor the demonstration projects through fiscal year 2009-2010.

Funding provided under the county demonstration grants shall not be used to supplant local funds, and counties shall be required to maintain the current level of effort and funding for the Work First program.

The Department of Health and Human Services, Division of Social Services, shall report on the status of county demonstration grants implemented pursuant to this subsection to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than February 1, 2008.

SOCIAL SERVICES BLOCK GRANT

SECTION 10.55.(p) Social Services Block Grant funds appropriated to the North Carolina Inter-Agency Council for Coordinating Homeless Programs and the North Carolina Housing Coalition are exempt from the provisions of 10A NCAC 71R .0201(3).

SECTION 10.55.(q) The sum of two million seven hundred forty-nine thousand six hundred forty-two dollars ($2,749,642) appropriated in this section in the Social Services Block Grant to the Department of Health and Human Services and transferred to the Department of Juvenile Justice and Delinquency Prevention for the 2007-2008 fiscal year shall be used to support the existing Support Our Students Program, including gang prevention, and to expand the Program statewide, focusing on low-income communities in unserved areas. These funds shall not be used for administration of the Program.

SECTION 10.55.(r) The sum of two million five hundred fifty thousand dollars ($2,550,000) appropriated in this section in the Social Services Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2007-2008 fiscal year shall be used to support various child welfare training projects as follows:

(1) Provide a regional training center in southeastern North Carolina.
(2) Support the Master's Degree in Social Work/Baccalaureate Degree in Social Work Collaborative.
(3) Provide training for residential child caring facilities.
(4) Provide for various other child welfare training initiatives.

SECTION 10.55.(s) The sum of eight hundred thirty-eight thousand dollars ($838,000) appropriated in this section in the Social Services Block Grant to the Department of Health and Human Services for the 2007-2008 fiscal year shall be used to purchase services at maternity homes throughout the State.

SECTION 10.55.(t) The sum of two million six hundred forty-nine thousand six hundred sixty-two dollars ($2,649,662) appropriated in this section in the Social Services Block Grant for child caring agencies for the 2007-2008 fiscal year shall be allocated to the State Private Child Caring Agencies Fund.

SECTION 10.55.(u) The Department of Health and Human Services is authorized, subject to the approval of the Office of State Budget and Management, to transfer Social Services Block Grant funding allocated for departmental administration between divisions that have received administrative allocations from the Social Services Block Grant.

LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM

SECTION 10.55.(v) Additional emergency contingency funds received may be allocated for Energy Assistance Payments or Crisis Intervention Payments without

prior consultation with the Joint Legislative Commission on Governmental Operations. Additional funds received shall be reported to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division upon notification of the award. The Department of Health and Human Services shall not allocate funds for any activities, including increasing administration, other than assistance payments, without prior consultation with the Joint Legislative Commission on Governmental Operations.

CHILD CARE AND DEVELOPMENT FUND BLOCK GRANT

SECTION 10.55.(w) The sum of no more than four hundred thousand dollars ($400,000) appropriated in this section to the Department of Health and Human Services in the Child Care and Development Fund Block Grant for the 2007-2008 fiscal year may be used for the operations of the Medical Child Care Pilot.

SECTION 10.55.(x) Payment for subsidized child care services provided with federal TANF funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 10.55.(y) If funds appropriated through the Child Care and Development Fund Block Grant for any program cannot be obligated or spent in that program within the obligation or liquidation periods allowed by the federal grants, the Department may move funds to child care subsidies, unless otherwise prohibited by federal requirements of the grant, in order to use the federal funds fully.

MENTAL HEALTH BLOCK GRANT

SECTION 10.55.(z) The sum of one million five hundred thousand dollars ($1,500,000) appropriated in this section in the Mental Health Block Grant to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for the 2007-2008 fiscal year and the sum of four hundred twenty-two thousand three dollars ($422,003) appropriated in this section in the Social Services Block Grant to the Department of Health and Human Services, Division of Social Services, for the 2007-2008 fiscal year shall be used to continue a Comprehensive Treatment Services Program for Children in accordance with Section 10.10 of this act.

SECTION 10.55.(aa) The Department of Health and Human Services shall contract with the University of North Carolina at Chapel Hill for the purpose of providing psychology student stipends in the amount of fifty thousand dollars ($50,000) for the 2007-2008 fiscal year. Twenty-five thousand dollars ($25,000) of this contract shall be paid from the Mental Health Block Grant.

MATERNAL AND CHILD HEALTH BLOCK GRANT

SECTION 10.55.(bb) If federal funds are received under the Maternal and Child Health Block Grant for abstinence education, pursuant to section 912 of Public Law 104-193 (42 U.S.C. § 710), for the 2007-2008 fiscal year, then those funds shall be transferred to the State Board of Education to be administered by the Department of Public Instruction. The Department of Public Instruction shall use the funds to establish an Abstinence Until Marriage Education Program and shall delegate to one or more persons the responsibility of implementing the program and G.S. 115C-81(e1)(4). The Department of Public Instruction shall carefully and strictly follow federal guidelines in implementing and administering the abstinence education grant funds.

SECTION 10.55.(cc) The Department of Health and Human Services shall ensure that there will be follow-up testing in the Newborn Screening Program.

PART XI. DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

SALE OF TIMBER

SECTION 11.1. G.S. 143-64.05(a) reads as rewritten:

"(a) The State agency for surplus property may assess and collect a service charge for the acquisition, receipt, warehousing, distribution, or transfer of any State surplus property and for the transfer or sale of recyclable material. The service charge authorized by this subsection does not apply to the transfer or sale of timber on land owned by the Wildlife Resources ~~Commission.~~ Commission or the Department of Agriculture and Consumer Services."

PART XII. DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

COMMERCIAL AND NONCOMMERCIAL LEAKING PETROLEUM UNDERGROUND STORAGE TANK PROGRAM ADMINISTRATIVE COSTS

SECTION 12.1.(a) G.S. 143-215.94B is amended by adding a new subsection to read:

"(g) The Commercial Fund may be used to support the administrative functions of the program for underground storage tanks under this Part and Part 2B of this Article up to the amounts allowed by law, which amounts may be changed from time to time. In the case of a legislated increase or decrease in salaries and benefits, the administrative allowance existing at the time of the increase or decrease shall be correspondingly increased or decreased an amount equal to the legislated increase or decrease in salaries and benefits."

SECTION 12.1.(b) G.S. 143-215.94D is amended by adding a new subsection to read:

"(g) The Noncommercial Fund may be used to support the administrative functions of the program for underground storage tanks under this Part and Part 2B of this Article up to the amounts allowed by law, which amounts may be changed from time to time. In the case of a legislated increase or decrease in salaries and benefits, the administrative allowance existing at the time of the increase or decrease shall be correspondingly increased or decreased an amount equal to the legislated increase or decrease in salaries and benefits."

BERNARD ALLEN MEMORIAL EMERGENCY DRINKING WATER FUND

SECTION 12.2.(a) G.S. 87-98 reads as rewritten:

"**§ 87-98. Bernard Allen Memorial Emergency Drinking Water Fund.**

(a) The Bernard Allen Memorial Emergency Drinking Water Fund is established ~~within~~ under the control and direction of the Department. The Fund shall be a nonreverting, interest-bearing fund consisting of monies appropriated by the General Assembly or made available to the Fund from any other source and investment interest credited to the Fund.

(b) The Fund may be used to pay for notification, to the extent practicable, of persons aged 18 and older who reside in any dwelling unit, and the senior official in charge of any business, at which drinking water is supplied from a private drinking water well or improved spring that is located within 1,500 feet of, and at risk from, known groundwater contamination. The senior official in charge of the business shall take reasonable measures to notify all employees of the business of the groundwater contamination, including posting a notice of the contamination in a form and at a location that is readily accessible to the employees of the business. The ~~funds~~ Fund may

also be used to ~~cover~~ pay the costs of testing by the Department of private drinking water wells and improved springs for suspected contamination up to once every three years upon request by a person who uses the well ~~for contamination~~ and for the temporary or permanent provision of alternative drinking water supplies to persons whose drinking water well or improved spring is contaminated.

(c) The Department shall disburse monies from the Fund based on financial need and on the risk to public health posed by groundwater contamination and shall give priority to the provision of services under this section to instances when an alternative source of funds is not available. The ~~funds~~ Fund shall not be used for remediation of groundwater contamination. Nothing in this section expands, contracts, or modifies the obligation of responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this Article, or Article 21A of this Chapter to assess contamination, identify receptors, or remediate groundwater or soil contamination. The Fund shall not be used to provide alternative water supply to households with incomes greater than two hundred percent (200%) of the current poverty level. The Fund shall not be used to provide alternative drinking water supplies unless the concentration of one or more contaminants in the private drinking water well or improved spring exceeds the Maximum Contaminant Level, or the federal drinking water action level as defined in 40 Code of Federal Regulations § 141.1 through § 141.571 (1 July 2006) and 40 Code of Federal Regulations § 143.3 (1 July 2006). The Fund shall not be used to provide temporary water supplies in any calendar quarter until all needs for permanent replacement water supplies that have been identified in that calendar quarter have been met through hookups to public water supplies, repair, or replacement of contaminated wells. In disbursing monies from the Fund, preference shall be given to providing permanent replacement water supplies by connection to public water supplies and repair or replacement of contaminated wells over the provision of temporary water supplies.

(d) The Department shall establish criteria by which the Department is to evaluate applications and disburse ~~funds~~ monies from this Fund and may adopt any rules necessary to implement this section.

(e) The Department, in consultation with the Commission for Health Services and local health departments, shall report no later than 1 October of each year to the Environmental Review Commission, the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources, and the Fiscal Research Division of the General Assembly on the implementation of this section. The report shall include the purpose and amount of all expenditures from the Fund during the prior fiscal year, a discussion of the benefits and deficiencies realized as a result of the section, and may also include recommendations for any legislative action."

SECTION 12.2.(b) The first report required by G.S. 87-98(e), as enacted by subsection (a) of this section, shall be submitted on or before 1 October 2008.

NEW LEASE PURCHASE/INSTALLMENT CONTRACTS FOR FORESTRY EQUIPMENT

SECTION 12.4. Prior to the Division of Forest Resources of the Department of Environment and Natural Resources entering into either a new lease purchase contract for the purchase of forestry equipment or a new installment contract for the purchase of forestry equipment, the Division of Forest Resources shall submit a detailed list of the forestry equipment to be purchased under the contract to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division. Prior to the Department of Administration entering into either a new lease purchase contract for the purchase of forestry equipment or a new installment contract for the purchase of forestry equipment on behalf of the Division of Forest Resources, the Department of

Administration shall submit a detailed list of the forestry equipment to be purchased under the contract to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division. If a list is modified after it is submitted under this section, the modified list shall be submitted to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division prior to entering into the contract.

GRASSROOTS SCIENCE PROGRAM

SECTION 12.5.(a) Of the funds appropriated in this act to the Department of Environment and Natural Resources for the Grassroots Science Program, the sum of three million three hundred eighty-one thousand three hundred forty dollars ($3,381,340) for the 2007-2008 fiscal year and the sum of three million three hundred eighty-one thousand three hundred forty dollars ($3,381,340) for the 2008-2009 fiscal year is allocated as grants-in-aid for each fiscal year as follows:

	2007-2008	2008-2009
Aurora Fossil Museum	$59,057	$59,057
Cape Fear Museum	$161,007	$161,007
Carolina Raptor Center	$112,174	$112,174
Catawba Science Center	$146,356	$146,356
Colburn Earth Science Museum, Inc.	$74,545	$74,545
Core Sound Waterfowl Museum	$50,000	$50,000
Discovery Place	$662,865	$662,865
Eastern NC Regional Science Center	$50,000	$50,000
Fascinate-U	$81,072	$81,072
Granville County Museum Commission, Inc.–Harris Gallery	$56,422	$56,422
Greensboro Children's Museum	$135,076	$135,076
The Health Adventure Museum of Pack Place Education, Arts and Science Center, Inc.	$155,611	$155,611
Highlands Nature Center	$79,268	$79,268
Imagination Station	$86,034	$86,034
The Iredell Museums, Inc.	$61,306	$61,306
Kidsenses	$81,282	$81,282
Museum of Coastal Carolina	$78,020	$78,020
The Natural Science Center of Greensboro, Inc.	$186,354	$186,354
North Carolina Museum of Life and Science	$379,826	$379,826
Port Discover: Northeastern North Carolina's Center for Hands-On Science, Inc.	$50,000	$50,000
Rocky Mount Children's Museum	$72,254	$72,254
Schiele Museum of Natural History and Planetarium, Inc.	$229,547	$229,547
Sci Works Science Center and Environmental Park of Forsyth County	$146,499	$146,499
Western North Carolina Nature Center	$112,879	$112,879
Wilmington Children's Museum	$73,886	$73,886

Total	$3,381,340	$3,381,340

SECTION 12.5.(b) No later than March 1, 2008, the Department of Environment and Natural Resources shall report to the Fiscal Research Division all of the following information for each museum that receives funds under this section:

(1) The operating budget for the 2006-2007 fiscal year.

(2) The operating budget for the 2007-2008 fiscal year.

(3) The total attendance at the museum during the 2007 calendar year.

SECTION 12.5.(c) No later than March 1, 2009, the Department of Environment and Natural Resources shall report to the Fiscal Research Division all of the following information for each museum that receives funds under this section:

(1) The operating budget for the 2007-2008 fiscal year.

(2) The operating budget for the 2008-2009 fiscal year.

(3) The total attendance at the museum during the 2008 calendar year.

SECTION 12.5.(d) As a condition for qualifying to receive funding under this section, all of the following documentation shall be submitted for each museum under this section to the Department of Environment and Natural Resources for fiscal years ending between July 1, 2005, and June 30, 2006, and only those costs that are properly documented under this subsection are allowed by the Department in calculating the distribution of funds under this section:

(1) Each museum under this section shall submit its IRS (Internal Revenue Service) Form 990 to show its annual operating expenses, its annual report, and a reconciliation that explains any differences between expenses as shown on the IRS Form 990 and the annual report.

(2) Each friends association of a museum under this section shall submit its IRS Form 990 to show its reported expenses for the museum, its annual report, and a reconciliation that explains any differences between expenses as shown on the IRS Form 990 and the annual report, unless the association does not have both an IRS Form 990 and an annual report available, in which case, it shall submit either an IRS Form 990 or an annual report.

(3) The chief financial officer of each county or municipal government that provides funds for the benefit of the museum shall submit a detailed signed statement of documented costs spent for the benefit of the museum that includes documentation of the name, address, title, and telephone number of the person making the assertion that the museum receives funds from the county or municipality for the benefit of the museum.

(4) The chief financial officer of each county or municipal government or each friends association that provides indirect or allocable costs that are not directly charged to a museum under this section but that benefit the museum shall submit in the form of a detailed statement enumerating each cost by type and amount that is verified by the financial officer responsible for the completion of the documentation and that includes the name, address, title, and telephone number of the person making the assertion that the county, municipality, or association provides indirect or allocable costs to the museum.

SECTION 12.5.(e) As used in subsection (d) of this section, "friends association" means a nonprofit corporation established for the purpose of supporting and assisting a museum that receives funding under this section.

SECTION 12.5.(f) The Fiscal Research Division shall study the current formula used to calculate the allocations for members of the Grassroots collaborative

and shall report no later than January 15, 2008, its findings and any recommendations for revising this formula to be used for the 2008-2009 fiscal year to the Appropriations Subcommittees on Natural and Economic Resources in both the Senate and the House of Representatives.

RETAIN EARNINGS OF PARKS AND RECREATION TRUST FUND

SECTION 12.8. G.S. 113-44.15(a) reads as rewritten:

"(a) Fund Created. – There is established a Parks and Recreation Trust Fund in the State Treasurer's Office. The Trust Fund shall be a nonreverting special revenue fund consisting of gifts and grants to the Trust Fund, monies credited to the Trust Fund pursuant to G.S. 105-228.30(b), and other monies appropriated to the Trust Fund by the General Assembly. Investment earnings credited to the assets of the Fund shall become part of the Fund."

PART XIII. DEPARTMENT OF COMMERCE

ONE NORTH CAROLINA FUND

SECTION 13.1. Of the funds appropriated in this act to the One North Carolina Fund, the Department of Commerce may use up to three hundred thousand dollars ($300,000) to cover its expenses in administering the One North Carolina Fund and other economic development incentive grant programs in the 2007-2008 fiscal year.

NC GREEN BUSINESS FUND

SECTION 13.2.(a) Article 10 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 2B. NC Green Business Fund.

"**§ 143B-437.4. NC Green Business Fund established as a special revenue fund.**

(a) Establishment. – The NC Green Business Fund is established as a special revenue fund in the Department of Commerce, and the Department shall be responsible for administering the Fund.

(b) Purposes. – Moneys in the NC Green Business Fund shall be allocated pursuant to this subsection. The Department of Commerce shall make grants from the Fund to private businesses with less than 100 employees, nonprofit organizations, local governments, and State agencies to encourage the expansion of small to medium size businesses with less than 100 employees to help grow a green economy in the State. Moneys in the NC Green Business Fund shall be used for projects that will focus on the following three priority areas:

(1) To encourage the development of the biofuels industry in the State. The Department of Commerce may make grants available to maximize development, production, distribution, retail infrastructure, and consumer purchase of biofuels in North Carolina, including grants to enhance biofuels workforce development.

(2) To encourage the development of the green building industry in the State. The Department of Commerce may make grants available to assist in the development and growth of a market for environmentally conscious and energy efficient green building processes. Grants may support the installation, certification, or distribution of green building materials; energy audits; and marketing and sales of green building technology in North Carolina, including grants to enhance workforce development for green building processes.

(3) To attract and leverage private-sector investments and entrepreneurial growth in environmentally conscious clean technology and renewable energy products and businesses, including grants to enhance workforce development in such businesses.

"**§ 143B-437.5. Green Business Fund Advisory Committee.**

The Department of Commerce may establish an advisory committee to assist in the development of the specific selection criteria and the grant-making process of the NC Green Business Fund.

"**§ 143B-437.6. Agreements required.**

Funds may be disbursed from the NC Green Business Fund only in accordance with agreements entered into between the Department of Commerce and an eligible grantee. Each agreement must contain the following provisions:

(1) A description of the acceptable uses of grant proceeds. The agreement may limit the use of funds to specific purposes or may allow the funds to be used for any lawful purposes.

(2) A provision allowing the Department of Commerce to inspect all records of the business that may be used to confirm compliance with the agreement or with the requirements of this Part.

(3) A provision establishing the method for determining compliance with the agreement.

(4) A provision establishing a schedule for disbursement of funds under the agreement.

(5) A provision requiring recapture of grant funds if a grantee subsequently fails to comply with the terms of the agreement.

(6) Any other provision the State finds necessary to ensure the proper use of State funds.

"**§ 143B-437.7. Program guidelines.**

The Department of Commerce shall develop guidelines related to the administration of the NC Green Business Fund and to the selection of projects to receive allocations from the Fund, including project evaluation measures. At least 20 days before the effective date of any guidelines or nontechnical amendments to guidelines, the Department of Commerce must publish the proposed guidelines on the Department's Web site and provide notice to persons who have requested notice of proposed guidelines. In addition, the Department must accept oral and written comments on the proposed guidelines during the 15 business days beginning on the first day that the Department has completed these notifications. For the purpose of this section, a technical amendment is either of the following:

(1) An amendment that corrects a spelling or grammatical error.

(2) An amendment that makes a clarification based on public comment and could have been anticipated by the public notice that immediately preceded the public comment.

"**§ 143B-437.8. Reports.**

Grants made to non-State entities through the NC Green Business Fund shall be subject to the oversight and reporting requirements of G.S. 143C-6-23. The Department of Commerce shall publish a report on the commitment, disbursement, and use of funds allocated from the NC Green Business Fund at the end of each fiscal year. The report is due no later than September 1 and must be submitted to the following:

(1) The Joint Legislative Commission on Governmental Operations.

(2) The chairs of the House of Representatives and Senate Finance Committees.

(3) The chairs of the House of Representatives and Senate Appropriations Committees.

(4) The Fiscal Research Division of the General Assembly.

"**§§ 143B-437.9 through 143B-437.11: Reserved for future codification purposes.**"

SECTION 13.2.(b) G.S. 147-68(d1) reads as rewritten:

"(d1) The Treasurer shall report to the Joint Legislative Commission on Governmental Operations, ~~to the Chairman, Appropriations Base Budget Committee and the Chairman, Appropriations Expansion Budget Committee of the House of Representatives, and to the Chairman, Committee on Appropriations and the Chairman, Committee on Base Budget of the Senate~~the chairs of the House of Representatives and Senate Appropriations Committees, the chairs of the House of Representatives and Senate Finance Committees, and the Fiscal Research Division of the General Assembly, on a quarterly basis, concerning all investments and deposits made by and through his office. The report shall include a listing of all investments with or on behalf of the State or any of its agencies or institutions and shall include the particular agency or institution, fund, rate of return, duration of the investment, and the amount of deposit on all noninterest bearing accounts. The first report is due 90 days after July 1, 1982, and shall include all investments and deposits made during the 1981-82 fiscal year and all investments made during the first quarter of the 1982-83 fiscal year; thereafter, reports shall be made on a quarterly basis including all investments and deposits made during that reporting period. The report shall include a specific listing of all investments made with certified green managers and companies and funds that support sustainable practices, including the names of the companies, managers, and funds, the amount invested, and the State's return on investment."

SECTION 13.2.(c) G.S. 150B-1(d) is amended by adding the following new subdivision to read:

"(d) Exemptions from Rule Making. – Article 2A of this Chapter does not apply to the following:

...

(17) The Department of Commerce in developing guidelines for the NC Green Business Fund under Part 2B of Article 10 of Chapter 143B of the General Statutes."

SECTION 13.2.(d) Of the funds appropriated in this act to the NC Green Business Fund, the Department of Commerce may use up to fifty thousand dollars ($50,000), if necessary, to cover the Department's expenses in administering the NC Green Business Fund.

EXECUTIVE AIRCRAFT/USES

SECTION 13.3. Part 2 of Article 10 of Chapter 143B is amended by adding a new section to read:

"**§ 143B-437.011. Executive aircraft used for economic development; other uses.**

The use of executive aircraft by the Department of Commerce for economic development purposes shall take precedence over all other uses. The Department of Commerce shall annually review the rates charged for the use of executive aircraft and shall adjust the rates, as necessary, to account for upgraded aircraft and inflationary increases in operating costs, including jet fuel prices. If an executive aircraft is not being used for economic development purposes, priority of use shall be given first to the Governor, second to the Council of State, and third to other State officials traveling on State business. If an executive aircraft is used to attend athletic events or for any other purpose related to collegiate athletics, the rate charged shall be equal to the direct cost

of operating the aircraft as established by the aircraft's manufacturer, adjusted for inflation."

WANCHESE SEAFOOD INDUSTRIAL PARK/OREGON INLET FUNDS

SECTION 13.3A.(a) Funds appropriated to the Department of Commerce for the 2006-2007 fiscal year for the Wanchese Seafood Industrial Park that are unexpended and unencumbered as of June 30, 2007, shall not revert to the General Fund on June 30, 2007, but shall remain available to the Department to be expended by the Wanchese Seafood Industrial Park for operations, maintenance, repair, and capital improvements in accordance with Article 23C of Chapter 113 of the General Statutes. These funds shall be in addition to funds available to the North Carolina Seafood Industrial Park Authority for operations, maintenance, repair, and capital improvements under Article 23C of Chapter 113 of the General Statutes.

SECTION 13.3A.(b) Funds appropriated to the Department of Commerce for the 2006-2007 fiscal year for the Oregon Inlet Project that are unexpended and unencumbered as of June 30, 2007, shall not revert to the General Fund on June 30, 2007, but shall remain available to the Department to be expended by the Wanchese Seafood Industrial Park for securing adequate channel maintenance of the Oregon Inlet and for operations, maintenance, repair, and capital improvements in accordance with Article 23C of Chapter 113 of the General Statutes. These funds shall be in addition to funds available to the North Carolina Seafood Industrial Park Authority for operations, maintenance, repair, and capital improvements under Article 23C of Chapter 113 of the General Statutes.

SECTION 13.3A.(c) This section becomes effective June 30, 2007.

EMPLOYMENT SECURITY COMMISSION FUNDS

SECTION 13.4.(a) Funds from the Employment Security Commission Reserve Fund shall be available to the Employment Security Commission of North Carolina to use as collateral to secure federal funds and to pay the administrative costs associated with the collection of the Employment Security Commission Reserve Fund surcharge. The total administrative costs paid with funds from the Reserve in the 2007-2008 fiscal year shall not exceed two million five hundred thousand dollars ($2,500,000).

SECTION 13.4.(b) There is appropriated from the Employment Security Commission Reserve Fund to the Employment Security Commission of North Carolina the sum of seven million three hundred thousand dollars ($7,300,000) for the 2007-2008 fiscal year to be used for the following purposes:

(1) Seven million dollars ($7,000,000) for the operation and support of local offices.

(2) Two hundred thousand dollars ($200,000) for the State Occupational Information Coordinating Committee to develop and operate an interagency system to track former participants in State education and training programs.

(3) One hundred thousand dollars ($100,000) to maintain compliance with Chapter 96 of the General Statutes, which directs the Commission to employ the Common Follow-Up Management Information System to evaluate the effectiveness of the State's job training, education, and placement programs.

SECTION 13.4.(c) There is appropriated from the Employment Security Commission Reserve Fund to the Employment Security Commission of North Carolina an amount not to exceed two million five hundred thousand dollars ($2,500,000) for the

2007-2008 fiscal year to fund State initiatives not currently funded through federal grants.

SECTION 13.4.(d) There is appropriated from the Employment Security Commission Reserve Fund to the Employment Security Commission of North Carolina an amount not to exceed three hundred fifty thousand dollars ($350,000) for the 2007-2008 fiscal year to allow the Commission to continue to work with Connect, Inc., to provide dislocated workers with assistance in obtaining health care benefits, receiving vocational training, and securing employment.

SECTION 13.4.(e) This section becomes effective July 1, 2007.

INDUSTRIAL COMMISSION STRATEGIC PLAN/REPORT

SECTION 13.4A.(a) G.S. 97-78 is amended by adding two new subsections to read:

"(f) No later than September 1, 2007, the Commission shall prepare and implement a strategic plan for accomplishing all of the following:

(1) Tracking compliance with the provisions of G.S. 97-18(b), (c), and (d), and establishing a procedure to enforce compliance with the requirements of these subsections.

(2) Expeditiously resolving requests for, or disputes involving, medical compensation under G.S. 97-25, including selection of a physician, change of physician, the specific treatment involved, and the provider of such treatment.

(g) The Commission shall demonstrate its success in implementing its strategic plan under subsection (f) of this section by including all of the following in its annual report under subsection (e) of this section:

(1) The total number of claims made during the preceding calendar year, the total number of claims in which compliance was not timely made, and, for each claim, the date the claim was filed, the date by which compliance was required, the date of actual compliance, and any sanctions or other remedial action imposed by the Commission.

(2) The total number of requests for, and disputes involving, medical compensation under G.S. 97-25 in which final disposition was not made within 45 days of the filing of the motion with the Commission, and, for each such request or dispute, the date the motion or other initial pleading was filed, the date on which final disposition was made and, where reasonably ascertainable, the date on which any ordered medical treatment was actually provided."

SECTION 13.4A.(b) G.S. 97-78(e) reads as rewritten:

"(e) ~~The~~ No later than March 1 of each year, the Commission shall publish annually for free distribution a report of the administration of this Article, together with such recommendations as the Commission deems advisable. No later than March 1 of each year, the Commission shall submit this report to the Joint Legislative Commission on Governmental Operations."

COUNCIL OF GOVERNMENT FUNDS

SECTION 13.6.(a) Of the funds appropriated in this act to the Department of Commerce, seven hundred ninety thousand five hundred fifty-one dollars ($790,551) for the 2007-2008 fiscal year shall only be used as provided by this section. Each regional council of government or lead regional organization is allocated up to forty-six thousand five hundred three dollars ($46,503) for the 2007-2008 fiscal year.

SECTION 13.6.(b) A regional council of government may use funds appropriated by this section only to assist local governments in grant applications, economic development, community development, support of local industrial development activities, and other activities as deemed appropriate by the member governments.

SECTION 13.6.(c) Funds appropriated by this section shall be paid by electronic transfer in two equal installments, the first no later than September 1, 2007, and the second subsequent to acceptable submission of the annual report due to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division by January 15, 2008, as specified in subdivision (e)(1) of this section.

SECTION 13.6.(d) Funds appropriated by this section shall not be used for payment of dues or assessments by the member governments and shall not supplant funds appropriated by the member governments.

SECTION 13.6.(e) Each council of government or lead regional organization shall do the following:

(1) By January 15, 2008, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
   a. State fiscal year 2006-2007 program activities, objectives, and accomplishments;
   b. State fiscal year 2006-2007 itemized expenditures and fund sources;
   c. State fiscal year 2007-2008 planned activities, objectives, and accomplishments, including actual results through December 31, 2007; and
   d. State fiscal year 2007-2008 estimated itemized expenditures and fund sources, including actual expenditures and fund sources, through December 31, 2007.

(2) By January 15, 2009, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
   a. State fiscal year 2007-2008 program activities, objectives, and accomplishments;
   b. State fiscal year 2007-2008 itemized expenditures and fund sources;
   c. State fiscal year 2008-2009 planned activities, objectives, and accomplishments, including actual results through December 31, 2008; and
   d. State fiscal year 2008-2009 estimated itemized expenditures and fund sources, including actual expenditures and fund sources, through December 31, 2008.

(3) Provide to the Fiscal Research Division a copy of the organization's annual audited financial statement within 30 days of issuance of the statement.

REGIONAL ECONOMIC DEVELOPMENT COMMISSION ALLOCATIONS

SECTION 13.7.(a) Funds appropriated in this act to the Department of Commerce for regional economic development commissions shall be allocated to the following commissions in accordance with subsection (b) of this section: Western North Carolina Regional Economic Development Commission, Research Triangle Regional Commission, Southeastern North Carolina Regional Economic Development

Commission, Piedmont Triad Partnership, Northeastern North Carolina Regional Economic Development Commission, North Carolina's Eastern Region Economic Development Partnership, and Carolinas Partnership, Inc.

SECTION 13.7.(b) Funds appropriated pursuant to subsection (a) of this section shall be allocated to each regional economic development commission as follows:

(1) First, the Department shall establish each commission's allocation by determining the sum of allocations to each county that is a member of that commission. Each county's allocation shall be determined by dividing the county's development factor by the sum of the development factors for eligible counties and multiplying the resulting percentage by the amount of the appropriation. As used in this subdivision, the term "development factor" means a county's development factor as calculated under G.S. 143B-437.08; and

(2) Next, the Department shall subtract from funds allocated to the North Carolina's Eastern Region Economic Development Partnership the sum of three hundred thirty thousand seven hundred fifty dollars ($330,750) in the 2007-2008 fiscal year, which sum represents: (i) the total interest earnings in the prior fiscal year on the estimated balance of seven million five hundred thousand dollars ($7,500,000) appropriated to the Global TransPark Development Zone in Section 6 of Chapter 561 of the 1993 Session Laws; and (ii) the total interest earnings in the prior fiscal year on loans made from the seven million five hundred thousand dollars ($7,500,000) appropriated to the Global TransPark Development Zone in Section 6 of Chapter 561 of the 1993 Session Laws; and

(3) Next, the Department shall redistribute the sum of three hundred thirty thousand seven hundred fifty dollars ($330,750) in the 2007-2008 fiscal year to the seven regional economic development commissions named in subsection (a) of this section. Each commission's share of this redistribution shall be determined according to the development factor formula set out in subdivision (1) of this subsection. This redistribution shall be in addition to each commission's allocation determined under subdivision (1) of this subsection.

SECTION 13.7.(c) Each regional economic development commission may use up to fifty percent (50%) of the funds allocated in this section for administrative purposes, including personal services; purchased services; supplies, except marketing brochures or other advertising related supplies; and equipment. The remaining fifty percent (50%) of the funds allocated in this section shall be used only for expenditures related to the following: (i) marketing efforts that are aligned with the State's overall economic development and marketing strategies; (ii) economic development grants to counties and municipalities that are located within the region served by the commission; and (iii) activities directly related to the implementation of the commission's vision plan.

SECTION 13.7.(d) No later than September 1, 2007, the Department of Commerce shall submit a report in writing on the implementation of the provisions of G.S. 158-8.6 to the chairs of the House of Representatives and Senate Appropriations Subcommittees on Natural and Economic Resources, the Office of State Budget and Management, and the Fiscal Research Division. The Department shall include in the report a detailed plan to address any impediments to the development of uniform standards for the commissions.

SECTION 13.7.(e) G.S. 158-8.5 reads as rewritten:

"**§ 158-8.5. Annual reporting requirement.**

By February 15 of each year, the commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33 shall publish a report containing the information required by this section. As a condition on the receipt of State funds, the Charlotte Regional Partnership, Inc., the Piedmont Triad Regional Partnership, and the Research Triangle Regional Partnership shall, by February 15 of each year, publish a report containing the information required by this section. The commissions and partnerships shall also submit a copy of the report to the Department of Commerce, the Office of State Budget and Management, the Joint Legislative Commission on Governmental Operations, the Joint Legislative Economic Development Oversight Committee, and the Fiscal Research Division of the General Assembly. The report shall include all of the following:

(1) A summary of the preceding year's program activities, objectives, and accomplishments.

(2) The preceding fiscal year's itemized expenditures ~~of State funds.~~and fund sources. Itemized expenditures shall be reported separately for each fund source.

(3) A demonstration of how the commission's or partnership's regional economic development and marketing strategy aligns with the State's overall economic development and marketing strategies.

(4) A demonstration of how the commission's or partnership's involvement in promotion activities has generated leads.

(5) The most recent audited annual financial statement regarding State funds.

(6) A demonstration of the commission's efforts to obtain funds from local, private, and federal sources."

BIOTECHNOLOGY CENTER

SECTION 13.10.(a) The North Carolina Biotechnology Center shall recapture funds spent in support of successful research and development efforts in the for-profit private sector.

SECTION 13.10.(b) The North Carolina Biotechnology Center shall provide funding for biotechnology, biomedical, and related bioscience applications under its Business and Science Technology Programs.

SECTION 13.10.(c) The North Carolina Biotechnology Center shall:

(1) By January 15, 2008, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:

a. State fiscal year 2006-2007 program activities, objectives, and accomplishments;

b. State fiscal year 2006-2007 itemized expenditures and fund sources;

c. State fiscal year 2007-2008 planned activities, objectives, and accomplishments, including actual results through December 31, 2007; and

d. State fiscal year 2007-2008 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2007.

(2) By January 15, 2009, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:

a. State fiscal year 2007-2008 program activities, objectives, and accomplishments;
b. State fiscal year 2007-2008 itemized expenditures and fund sources;
c. State fiscal year 2008-2009 planned activities, objectives, and accomplishments, including actual results through December 31, 2008; and
d. State fiscal year 2008-2009 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2008.

(3) Provide to the Fiscal Research Division a copy of the organization's annual audited financial statement within 30 days of issuance of the statement.

SECTION 13.10.(d) The North Carolina Biotechnology Center shall provide a report containing detailed budget, personnel, and salary information to the Office of State Budget and Management and to the Fiscal Research Division in the same manner as State departments and agencies in preparation for biennium budget requests.

NONPROFIT REPORTING REQUIREMENTS

SECTION 13.11.(a) The N.C. Institute for Minority Economic Development, Inc., Land Loss Prevention Project, North Carolina Minority Support Center, North Carolina Community Development Initiative, Inc., North Carolina Association of Community Development Corporations, Inc., Coalition of Farm and Rural Families, and Partnership for the Sounds, Inc., shall do the following:

(1) By January 15, 2008, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
a. State fiscal year 2006-2007 program activities, objectives, and accomplishments;
b. State fiscal year 2006-2007 itemized expenditures and fund sources;
c. State fiscal year 2007-2008 planned activities, objectives, and accomplishments including actual results through December 31, 2007; and
d. State fiscal year 2007-2008 estimated itemized expenditures and fund sources including actual expenditures and fund sources through December 31, 2007.

(2) By January 15, 2009, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
a. State fiscal year 2007-2008 program activities, objectives, and accomplishments;
b. State fiscal year 2007-2008 itemized expenditures and fund sources;
c. State fiscal year 2008-2009 planned activities, objectives, and accomplishments including actual results through December 31, 2008; and
d. State fiscal year 2008-2009 estimated itemized expenditures and fund sources including actual expenditures and fund sources through December 31, 2008.

(3) Provide to the Fiscal Research Division a copy of the organization's annual audited financial statement within 30 days of issuance of the statement.

SECTION 13.11.(b) No funds appropriated under this act shall be released to a nonprofit organization listed in subsection (a) of this section until the organization has satisfied the reporting requirement for January 15, 2007. Fourth quarter allotments shall not be released to any nonprofit organization that does not satisfy the reporting requirements by January 15, 2008, or January 15, 2009.

RURAL ECONOMIC DEVELOPMENT CENTER

SECTION 13.12.(a) Of the funds appropriated in this act to the Rural Economic Development Center, Inc., the sum of one million nine hundred thirteen thousand one hundred twelve dollars ($1,913,112) for the 2007-2008 fiscal year and the sum of one million nine hundred thirteen thousand one hundred twelve dollars ($1,913,112) for the 2008-2009 fiscal year shall be allocated as follows:

	2007-2008	2008-2009
Research and Demonstration Grants	$370,000	$370,000
Technical Assistance and Center Administration of Research and Demonstration Grants	444,399	444,399
Center Administration, Oversight, and Other Programs	604,298	604,298
Administration of Clean Water/ Natural Gas Critical Needs Bond Act of 1998	87,137	87,137
Additional Administration of Supplemental Funding Program	138,278	138,278
Administration of Capacity Building Assistance Program (1998 Bond Act)	125,000	125,000
Institute for Rural Entrepreneurship	144,000	144,000.

SECTION 13.12.(b) The Rural Economic Development Center, Inc., shall provide a report containing detailed budget, personnel, and salary information to the Office of State Budget and Management in the same manner as State departments and agencies in preparation for biennium budget requests.

SECTION 13.12.(c) For purposes of this section, the term "community development corporation" means a nonprofit corporation:

(1) Chartered pursuant to Chapter 55A of the General Statutes;

(2) Tax-exempt pursuant to section 501(c)(3) of the Internal Revenue Code of 1986;

(3) Whose primary mission is to develop and improve low-income communities and neighborhoods through economic and related development;

(4) Whose activities and decisions are initiated, managed, and controlled by the constituents of those local communities; and

(5) Whose primary function is to act as deal maker and packager of projects and activities that will increase their constituencies' opportunities to become owners, managers, and producers of small businesses, affordable housing, and jobs designed to produce positive cash flow and curb blight in the targeted community.

SECTION 13.12.(d) Of the funds appropriated in this act to the Rural Economic Development Center, Inc., the sum of two million four hundred fifteen

thousand nine hundred ten dollars ($2,415,910) for the 2007-2008 fiscal year and the sum of two million four hundred fifteen thousand nine hundred ten dollars ($2,415,910) for the 2008-2009 fiscal year shall be allocated as follows:

(1) $1,047,410 in each fiscal year for community development grants to support development projects and activities within the State's minority communities. Any new or previously funded community development corporation as defined in this section is eligible to apply for funds. The Rural Economic Development Center, Inc., shall establish performance-based criteria for determining which community development corporation will receive a grant and the grant amount. The Rural Economic Development Center, Inc., shall allocate these funds as follows:
   a. $997,410 for direct grants to local community development corporations to support operations and project activities.
   b. $50,000 in each fiscal year to the Rural Economic Development Center, Inc., to be used to cover expenses in administering this section.

(2) $195,000 in each fiscal year to the Microenterprise Loan Program to support the loan fund and operations of the Program; and

(3) $983,000 in each fiscal year shall be used for a program to provide supplemental funding for matching requirements for projects and activities authorized under this subsection. The Center shall allocate these funds as follows:
   a. $675,000 in each fiscal year to make grants to local governments and nonprofit corporations to provide funds necessary to match federal grants or other grants for:
      1. Necessary economic development projects and activities in economically distressed areas;
      2. Necessary water and sewer projects and activities in economically distressed communities to address health or environmental quality problems except that funds shall not be expended for the repair or replacement of low-pressure-pipe wastewater systems. If a grant is awarded under this sub-subdivision, then the grant shall be matched on a dollar-for-dollar basis in the amount of the grant awarded; or
      3. Projects that demonstrate alternative water and waste management processes for local governments. Special consideration should be given to cost-effectiveness, efficacy, management efficiency, and the ability of the demonstration project to be replicated.
   b. $208,000 in each fiscal year to make grants to local governments and nonprofit corporations to provide funds necessary to match federal grants or other grants related to water, sewer, or business development projects.
   c. $100,000 in each fiscal year to support the update of the statewide water and sewer database and to support the development of a statewide water management plan.

(4) $190,500 in each fiscal year for the Agricultural Advancement Consortium. These funds shall be placed in a reserve and allocated as follows:

a. $75,000 in each fiscal year for operating expenses associated with the Consortium; and
b. $115,500 in each fiscal year for research initiatives funded by the Consortium.

The Consortium shall facilitate discussions among interested parties and shall develop recommendations to improve the State's economic development through farming and agricultural interests.

The grant recipients in this subsection shall be selected on the basis of need.

SECTION 13.12.(e) The Rural Economic Development Center, Inc., shall:

(1) By January 15, 2008, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
a. State fiscal year 2006-2007 program activities, objectives, and accomplishments;
b. State fiscal year 2006-2007 itemized expenditures and fund sources;
c. State fiscal year 2007-2008 planned activities, objectives, and accomplishments, including actual results through December 31, 2007; and
d. State fiscal year 2007-2008 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2007.

(2) By January 15, 2009, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
a. State fiscal year 2007-2008 program activities, objectives, and accomplishments;
b. State fiscal year 2007-2008 itemized expenditures and fund sources;
c. State fiscal year 2008-2009 planned activities, objectives, and accomplishments, including actual results through December 31, 2008; and
d. State fiscal year 2008-2009 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2008.

(3) Provide to the Fiscal Research Division a copy of each grant recipient's annual audited financial statement within 30 days of issuance of the statement.

SECTION 13.12.(f) No funds appropriated in this act shall be released to a community development corporation, as defined in this section, unless the corporation can demonstrate that there are no outstanding or proposed assessments or other collection actions against the corporation for any State or federal taxes, including related penalties, interest, and fees.

RURAL ECONOMIC DEVELOPMENT CENTER/INFRASTRUCTURE PROGRAM

SECTION 13.13.(a) Of the funds appropriated in this act to the Rural Economic Development Center, Inc., the sum of nineteen million five hundred thousand dollars ($19,500,000) for the 2007-2008 fiscal year and the sum of nineteen million five hundred thousand dollars ($19,500,000) for the 2008-2009 fiscal year shall be allocated as follows:

(1) To continue the North Carolina Infrastructure Program. The purpose of the Program is to provide grants to local governments to construct critical water and wastewater facilities and to provide other infrastructure needs, including technology needs, to sites where these facilities will generate private job-creating investment. At least fifteen million dollars ($15,000,000) of the funds appropriated in this act for each year of the biennium must be used to provide grants under this Program.

(2) To provide matching grants to local governments in distressed areas and equity investments in public-private ventures that will productively reuse vacant buildings and properties, with priority given to towns or communities with populations of less than 5,000.

(3) To provide economic development research and demonstration grants.

SECTION 13.13.(b) The Rural Economic Development Center, Inc., may contract with other State agencies, constituent institutions of The University of North Carolina, and colleges within the North Carolina Community College System for certain aspects of the North Carolina Infrastructure Program, including design of Program guidelines and evaluation of Program results.

SECTION 13.13.(c) During each year of the 2007-2009 biennium, the Rural Economic Development Center, Inc., may use up to two percent (2%) of the funds appropriated in this act to cover its expenses in administering the North Carolina Economic Infrastructure Program.

SECTION 13.13.(d) No later than January 15 of each year, the Rural Economic Development Center, Inc., shall submit an annual report to the Joint Legislative Commission on Governmental Operations concerning the progress of the North Carolina Economic Infrastructure Program.

RURAL ECONOMIC DEVELOPMENT CENTER FUNDS

SECTION 13.14.(a) Of the funds appropriated in this act to the North Carolina Rural Economic Development Center, Inc. (Rural Center), the sum of nineteen million dollars ($19,000,000) for the 2007-2008 fiscal year shall be used to expand the North Carolina Rural Economic Infrastructure Fund with targeted priority to severely distressed rural areas.

SECTION 13.14.(b) The Rural Center shall use the funds appropriated in this act to establish and implement the Rural Economic Transition Program. This program shall provide grants and equity investments to carry out transformative economic development and agricultural enhancement projects that will generate jobs and expand business activity.

SECTION 13.14.(c) Units of local government and nonprofit organizations in rural areas are eligible for grants, with priority to applicants in development tier one areas as defined in G.S. 143B-437.08.

SECTION 13.14.(d) Priority for grant funds shall be given to economic development projects that satisfy one or more of the following criteria:

(1) It is located in a county or census area with a persistently high poverty rate of at least one hundred fifty percent (150%) of the State's poverty rate according to the most recent decennial census.

(2) It is located in a community that has experienced a sudden and severe economic downturn as reflected in numbers of business closings, layoffs, and unemployment rate during the previous 12 months.

(3) It is located in a small town with a population under 10,000, an agrarian growth zone as defined in G.S. 143B-437.10, or an urban progress zone as defined in G.S. 143B-437.09.

(4) It is identified in community-based strategic planning efforts and coordinated with other economic development and community-building initiatives, such as the North Carolina Rural Economic Development Center Small Town Economic Prosperity Program, the North Carolina Department of Commerce 21st Century Communities Program, the North Carolina Department of Commerce Main Street Program, and federally funded Comprehensive Economic Development Strategies.

(5) It is supportive of strategies to expand entrepreneurial small business activity based on the natural, cultural, or historical assets of the community.

(6) It has the ability to demonstrate benefits to small farm business diversifying into value-added production and marketing, and it increases opportunities in food and beverage manufacturing and distribution for small farm entrepreneurs.

SECTION 13.14.(e) Eligible units of local government and nonprofit organizations are not required to match grants received under this section, but shall demonstrate the commitment of other funds to the project.

SECTION 13.14.(f) Up to twenty percent (20%) of the funds appropriated in this section may be used for equity investments and loans through the Rural Venture Fund to private business ventures that will substantially transform and improve the economic status of rural areas, with priority to businesses locating or expanding in development tier one areas as defined in G.S. 143B-437.08.

SECTION 13.14.(g) The Rural Center may use a portion of the funds appropriated under this section, not to exceed four percent (4%), for administration of the programs created by this section.

SECTION 13.14.(h) The Rural Center may contract with other State agencies and branches of The University of North Carolina for certain aspects of the programs created under this section, including the design of program guidelines and evaluation of program results.

SECTION 13.14.(i) The Rural Center shall report to the Joint Legislative Commission on Governmental Operations on a quarterly basis concerning the progress of the programs created under this section. The first report is due no later than February 15, 2008.

SECTION 13.14.(j) This section becomes effective July 1, 2007.

STUDY EQUINE INDUSTRY IN NORTH CAROLINA

SECTION 13.14A.(a) Of the funds appropriated in this act to the Rural Economic Development Center, Inc., the sum of five hundred thousand dollars ($500,000) for the 2007-2008 fiscal year shall be allocated to the Agricultural Advancement Consortium for the purpose of assessing the numbers, composition, and value of the equine industry in North Carolina, analyzing the direct and indirect impact of the industry on the State's economy, and developing a comprehensive plan to maximize the economic opportunities presented by the industry.

SECTION 13.14A.(b) The assessment of the equine industry shall provide data on both a statewide and countywide basis. The assessment shall include the following:

(1) A census of equines in the State, including numbers, breeds, and disciplines.
(2) The value of equines in the State.
(3) The number of equine owners.
(4) The number of equine operations.
(5) The size of equine operations.
(6) The total acreage devoted to equine operations.
(7) The value of equine-related assets.
(8) The number of equines and owners participating in various activities within the State.
(9) An analysis of the economic impact of the existing exhibition facilities including the Hunt Horse Complex, the Senator Bob Martin Horse Complex, the WNC Agricultural Center, and the Carolina Horse Park.
(10) An analysis of the programs, contributions, and industry support provided by the North Carolina State University College of Veterinary Medicine and other equine programs, at both private and public education institutions including the College of Agriculture and Life Sciences at North Carolina State University, Martin Community College, and St. Andrews College.
(11) An analysis of the economic impact of breeding, training, and other horse operations.
(12) An analysis of the economic impact of services provided to the equine industry including farrier, veterinary, design and planning, farm management and consulting, show management, and other services related to equines and equine operations.
(13) An analysis of the economic impact, including manufacturing, agricultural production and employment, and wholesale and retail sales, of the purchase of equines, feed and grain, hay, tack and other horse equipment, riding clothes, insurance, vehicles and trailers, farm and pasture inputs, capital improvements such as barns, sheds, and fencing, and real estate, including planned equestrian communities.
(14) An analysis of the economic impact of other recreational uses of equines, including trail riding, camping with horses, therapeutic riding programs, other recreational activities, and equine-related agritourism.
(15) An analysis of the impact of the equine industry on State and local governments including the generation of tax revenues.

SECTION 13.14A.(c) The Agricultural Advancement Consortium, in developing a plan to maximize the economic impact of the equine industry, shall:

(1) Evaluate existing equine-related facilities, programs, and services in the State and make recommendations for enhancing those facilities, programs, and services so as to maximize their economic impact on the State.
(2) Identify opportunities for the growth of the equine industry, including the production of feed crops, improved pasture, and high quality horse hays, attracting industry engaged in the production of horse-related products, equipment, and pharmaceuticals, the addition of exhibition and show facilities, including the development of a world-class equestrian park, and other horse-related programs, activities, and facilities, and evaluate the potential economic contribution to the State's economy of each of these potential undertakings.

(3) Evaluate the need to create an equine industry board tasked with the market development, education, publicity, research, and promotion of the North Carolina equine industry and other such measures it deems appropriate to promote the objectives, findings, and recommendations of the equine industry survey and analysis.

(4) Evaluate the laws, rules, and policies that impact equine owners and persons engaged in equine activities, including land-use policies, preservation of trails, use of State recreational facilities, and tax credits and make recommendations directed toward making North Carolina more attractive to equine operations and activities.

SECTION 13.14A.(d) The Agricultural Advancement Consortium may contract with other agencies of State government, any of the constituent institutions of The University of North Carolina, and private consultants as it deems necessary and advisable in its conduct of the assessment and plan development. The Agricultural Advancement Consortium shall complete its work within 12 months of the funds becoming available and shall file a report containing the results of the assessment of the equine industry and its plan for maximizing the economic impact of the equine industry with the Chairs of the Joint Legislative Commission on Governmental Operations and the Chairs of the Senate and House of Representatives Appropriations Committees.

OPPORTUNITIES INDUSTRIALIZATION CENTER FUNDS

SECTION 13.15.(a) Of the funds appropriated in this act to the Rural Economic Development Center, Inc., the sum of three hundred sixty-one thousand dollars ($361,000) for the 2007-2008 fiscal year and the sum of three hundred sixty-one thousand dollars ($361,000) for the 2008-2009 fiscal year shall be equally distributed among the certified Opportunities Industrialization Centers for ongoing job training programs.

SECTION 13.15.(b) For each of the Opportunities Industrialization Centers receiving funds pursuant to subsection (a) of this section, the Rural Economic Development Center, Inc., shall:

(1) By January 15, 2008, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
   a. State fiscal year 2006-2007 program activities, objectives, and accomplishments;
   b. State fiscal year 2006-2007 itemized expenditures and fund sources;
   c. State fiscal year 2007-2008 planned activities, objectives, and accomplishments, including actual results through December 31, 2007; and
   d. State fiscal year 2007-2008 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2007.

(2) By January 15, 2009, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:
   a. State fiscal year 2007-2008 program activities, objectives, and accomplishments;
   b. State fiscal year 2007-2008 itemized expenditures and fund sources;

c. State fiscal year 2008-2009 planned activities, objectives, and accomplishments, including actual results through December 31, 2008; and

d. State fiscal year 2008-2009 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2008.

(3) Notwithstanding G.S. 143-6.1(d), file annually with the State Auditor a financial statement in the form and on the schedule prescribed by the State Auditor. The financial statements must be audited in accordance with standards prescribed by the State Auditor to assure that State funds are used for the purposes provided by law.

(4) Provide to the Fiscal Research Division a copy of the annual audited financial statement required in subdivision (3) of this subsection within 30 days of issuance of the statement.

SECTION 13.15.(c) No funds appropriated under this act shall be released to an Opportunities Industrialization Center (hereinafter Center) listed in subsection (a) of this section if the Center has any overdue tax debts, as that term is defined in G.S. 105-243.1, at the federal or State level.

E-NC AUTHORITY CONTRACTS/ REPORTING REQUIREMENTS

SECTION 13.16.(a) The e-NC Authority may contract with other State agencies, The University of North Carolina, the North Carolina Community College System, and nonprofit organizations to assist with program development and the evaluation of program activities.

SECTION 13.16.(b) The e-NC Authority shall report to the 2008 General Assembly on the following:

(1) The activities necessary to be undertaken in distressed urban areas of the State to enhance the capability of citizens and businesses residing in these areas to access high-speed Internet.

(2) An implementation plan for the training of citizens and businesses in distressed urban areas.

(3) The technology and digital literacy training necessary to assist citizens and existing businesses to create new technology-based enterprises in these communities and to use the Internet to enhance the productivity of their businesses.

The e-NC Authority shall, by September 30, 2007, and quarterly thereafter, report to the Joint Legislative Commission on Governmental Operations on program development and the evaluation of program activities.

NER BLOCK GRANTS

SECTION 13.18.(a) Appropriations from federal block grant funds are made for fiscal year ending June 30, 2008, according to the following schedule:

COMMUNITY DEVELOPMENT BLOCK GRANT

01. State Administration	$	1,000,000
02. Urgent Needs and Contingency		1,000,000
03. Scattered Site Housing		13,200,000

04.	Economic Development	7,710,000
05.	Small Business/Entrepreneurship	1,000,000
06.	Community Revitalization	13,500,000
07.	State Technical Assistance	450,000
08.	Housing Development	2,000,000
09.	Infrastructure	5,140,000
TOTAL COMMUNITY DEVELOPMENT BLOCK GRANT – 2008 Program Year		$ 45,000,000

SECTION 13.18.(b) Decreases in Federal Fund Availability. – If federal funds are reduced below the amounts specified above after the effective date of this act, then every program in each of these federal block grants shall be reduced by the same percentage as the reduction in federal funds.

SECTION 13.18.(c) Increases in Federal Fund Availability for Community Development Block Grant. – Any block grant funds appropriated by the Congress of the United States in addition to the funds specified in this section shall be expended as follows: each program category under the Community Development Block Grant shall be increased by the same percentage as the increase in federal funds.

SECTION 13.18.(d) Limitations on Community Development Block Grant Funds. – Of the funds appropriated in this section for the Community Development Block Grant, the following shall be allocated in each category for each program year: up to one million dollars ($1,000,000) may be used for State Administration; not less than one million dollars ($1,000,000) may be used for Urgent Needs and Contingency; up to thirteen million two hundred thousand dollars ($13,200,000) may be used for Scattered Site Housing; seven million seven hundred ten thousand dollars ($7,710,000) may be used for Economic Development; up to one million dollars ($1,000,000) may be used for Small Business/Entrepreneurship; not less than thirteen million five hundred thousand dollars ($13,500,000) shall be used for Community Revitalization; up to four hundred fifty thousand dollars ($450,000) may be used for State Technical Assistance; up to two million dollars ($2,000,000) may be used for Housing Development; up to five million one hundred forty thousand dollars ($5,140,000) may be used for Infrastructure. If federal block grant funds are reduced or increased by the Congress of the United States after the effective date of this act, then these reductions or increases shall be allocated in accordance with subsection (b) or (c) of this section, as applicable.

SECTION 13.18.(e) Increase Capacity for Nonprofit Organizations. – Assistance to nonprofit organizations to increase their capacity to carry out CDBG-eligible activities in partnership with units of local government is an eligible activity under any program category in accordance with federal regulations. Capacity building grants may be made from funds available within program categories, program income, or unobligated funds.

SECTION 13.18.(f) The Department of Commerce will operate a small business/entrepreneurship program in coordination with micro-lending programs and other small business assistance groups in the State. The Department of Commerce shall award up to one million dollars ($1,000,000) in grants to local governments to provide assistance to low-to-moderate income individuals for small business and

entrepreneurship development as a means of achieving economic independence during these times of structural change in North Carolina's economy.

SECTION 13.18.(g) The Department of Commerce shall consult with the Joint Legislative Commission on Governmental Operations prior to reallocating Community Development Block Grant Funds. Notwithstanding the provisions of this subsection, whenever the Director of the Budget finds that:

(1) A reallocation is required because of an emergency that poses an imminent threat to public health or public safety, the Director of the Budget may authorize the reallocation without consulting the Commission. The Department of Commerce shall report to the Commission on the reallocation no later than 30 days after it was authorized and shall identify in the report the emergency, the type of action taken, and how it was related to the emergency.

(2) The State will lose federal block grant funds or receive less federal block grant funds in the next fiscal year unless a reallocation is made. The Department of Commerce shall provide a written report to the Commission on the proposed reallocation and shall identify the reason that failure to take action will result in the loss of federal funds. If the Commission does not hear the issue within 30 days of receipt of the report, the Department may take the action without consulting the Commission.

PART XIV. JUDICIAL DEPARTMENT

TRANSFER OF EQUIPMENT AND SUPPLY FUNDS

SECTION 14.1. Funds appropriated to the Judicial Department in the 2007-2009 biennium for equipment and supplies shall be certified in a reserve account. The Administrative Office of the Courts may transfer these funds to the appropriate programs and between programs as the equipment priorities and supply consumptions occur during the operating year. These funds shall not be expended for any other purpose.

GRANT FUNDS

SECTION 14.2. Notwithstanding G.S. 143C-6-9, the Judicial Department may use up to the sum of one million five hundred thousand dollars ($1,500,000) from funds available to the Department to provide the State match needed in order to receive grant funds. Prior to using funds for this purpose, the Department shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Commission on Governmental Operations on the grants to be matched using these funds.

NORTH CAROLINA STATE BAR FUNDS

SECTION 14.3. Of the funds appropriated in the continuation budget as a grant-in-aid to the North Carolina State Bar for the 2007-2009 biennium, the North Carolina State Bar may in its discretion use up to the sum of five hundred one thousand five hundred dollars ($501,500) for the 2007-2008 fiscal year and up to the sum of five hundred one thousand five hundred dollars ($501,500) for the 2008-2009 fiscal year to contract with the Center for Death Penalty Litigation to provide training, consultation, brief banking, and other assistance to attorneys representing indigent capital defendants. The Office of Indigent Defense Services shall report by February 1, 2008, to the Chairs

of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the activities funded by the grant-in-aid authorized by this section.

OFFICE OF INDIGENT DEFENSE SERVICES EXPANSION FUNDS/ESTABLISHMENT OF ADDITIONAL PUBLIC DEFENDER OFFICES

SECTION 14.4.(a) The Judicial Department, Office of Indigent Defense Services, may use up to the sum of two million one hundred ninety-two thousand three hundred fifty dollars ($2,192,350) in appropriated funds during the 2007-2008 fiscal year and up to the sum of two million eighty-two thousand five hundred ten dollars ($2,082,510) in appropriated funds during the 2008-2009 fiscal year for the expansion of existing or new public defender offices currently providing legal services to the indigent population under the oversight of the Office of Indigent Defense Services by creating up to 20 new attorney positions and 10 new support staff positions. These funds may be used for salaries, benefits, equipment, and related expenses. Prior to using funds for this purpose, the Office of Indigent Defense Services shall report to the Chairs of the House of Representatives and the Senate Appropriations Subcommittees on Justice and Public Safety on the proposed expansion.

SECTION 14.4.(b) Notwithstanding the provisions of G.S. 7A-498.7(a), the Indigent Defense Services Commission may establish additional district public defender offices during the 2007-2009 fiscal biennium. Of the funds appropriated in this act to the Office of Indigent Defense Services, the Office may use up to the sum of one million five hundred seventy thousand fifty-seven dollars ($1,570,057) during the 2008-2009 fiscal year to establish these offices. These funds may be used for recurring and nonrecurring personnel and operating costs in the new offices. No more than the sum of two hundred twenty-five thousand dollars ($225,000) may be used for positions in the Office of Indigent Defense Services directly related to facilitating the establishment of these offices.

The Office of Indigent Defense Services shall report to the Chairs of the Senate and House Appropriations Subcommittees on Justice and Public Safety and to the Fiscal Research Division no later than October 1, 2007, on the location and establishment of the new public defender offices.

SECTION 14.4.(c) In addition to the new public defender offices established pursuant to subsection (b) of this section, the Office of Indigent Defense Services shall use funds from the Indigent Persons Attorney Fee Fund as follows:

(1) Up to the sum of one million three hundred thirty-five thousand five hundred forty-three dollars ($1,335,543) for the 2007-2008 fiscal year and up to the sum of one million two hundred sixty-four thousand six hundred seventy-nine dollars ($1,264,679) for the 2008-2009 fiscal year to establish Public Defender District 5 as provided for in subsection (d) of this section.

(2) Up to the sum of seven hundred eighty-eight thousand two hundred sixty-four dollars ($788,264) for the 2007-2008 fiscal year and up to the sum of seven hundred forty-two thousand four hundred seventy-seven dollars ($742,477) for the 2008-2009 fiscal year to establish Public Defender District 29B as provided for in subsection (d) of this section.

SECTION 14.4.(d) G.S. 7A-498.7(a) reads as rewritten:

"(a) The following counties of the State are organized into the defender districts listed below, and in each of those defender districts an office of public defender is established:

Defender District	Counties
1	Camden, Chowan, Currituck, Dare, Gates, Pasquotank, Perquimans
3A	Pitt
3B	Carteret
5	New Hanover
10	Wake
12	Cumberland
14	Durham
15B	Orange, Chatham
16A	Scotland, Hoke
16B	Robeson
18	Guilford
21	Forsyth
26	Mecklenburg
27A	Gaston
28	Buncombe
29B	Henderson, Polk, Transylvania

After notice to, and consultation with, the affected district bar, senior resident superior court judge, and chief district court judge, the Commission on Indigent Defense Services may recommend to the General Assembly that a district or regional public defender office be established. A legislative act is required in order to establish a new office or to abolish an existing office."

OFFICE OF INDIGENT DEFENSE SERVICES REPORT

SECTION 14.5. The Office of Indigent Defense Services shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by March 1 of each year on:

(1) The volume and cost of cases handled in each district by assigned counsel or public defenders;

(2) Actions taken by the Office to improve the cost-effectiveness and quality of indigent defense, including the capital case program;

(3) Plans for changes in rules, standards, or regulations in the upcoming year;

(4) Any recommended changes in law or funding procedures that would assist the Office in improving the management of funds expended for indigent defense services, including any recommendations concerning the feasibility and desirability of establishing regional public defender offices; and

(5) The changes in operations implemented in response to the following findings and recommendations contained in the March 2007 State Audit Report:

a. Attorney fee payment process lacks adequate controls. Measures should be implemented to ensure that attorneys are paid the correct amount and to minimize the incidence of overpayment resulting from accident, fraud, or other cause.

b. Attorney fee payment process is inefficient and labor-intensive.
c. The Office should automate the attorney fee payment process and require attorneys to register for electronic fund transfer.

INDIGENT DEFENSE SERVICES/STATE MATCH FOR GRANTS

SECTION 14.6. Notwithstanding G.S. 143C-6-9, the Office of Indigent Defense Services may use the sum of up to fifty thousand dollars ($50,000) from funds available to provide the State matching funds needed to receive grant funds. Prior to using funds for this purpose, the Office shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and the Joint Legislative Commission on Governmental Operations on the grants to be matched using these funds.

REPORT ON BUSINESS COURTS

SECTION 14.7. The Administrative Office of the Courts shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by March 1 of each year on the activities of each North Carolina Business Court site, including the number of new, closed, and pending cases; average age of pending cases, and annual expenditures for the prior fiscal year.

COLLECTION OF WORTHLESS CHECK FUNDS

SECTION 14.8. Notwithstanding the provisions of G.S. 7A-308(c), the Judicial Department may use any balance remaining in the Collection of Worthless Checks Fund on June 30, 2007, for the purchase or repair of office or information technology equipment during the 2007-2008 fiscal year. Prior to using any funds under this section, the Judicial Department shall report to the Joint Legislative Commission on Governmental Operations and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the equipment to be purchased or repaired and the reasons for the purchases.

DISPUTE RESOLUTION FEES

SECTION 14.9. Notwithstanding the provisions of G.S. 143C-1-2(b), certification and renewal fees collected by the Dispute Resolution Commission are non-reverting and are only to be used at the direction of the Commission.

REIMBURSEMENT FOR USE OF PERSONAL VEHICLES

SECTION 14.10. Notwithstanding the provisions of G.S. 138-6(a)(1), the Judicial Department, during the 2007-2009 fiscal biennium, may elect to establish a per-mile reimbursement rate for transportation by privately owned vehicles at a rate less than the business standard mileage rate set by the Internal Revenue Service.

DRUG TREATMENT COURT FUNDS

SECTION 14.11. Except as otherwise provided in this act, funds appropriated to the Judicial Department in this act for the Drug Treatment Court program shall be used only to provide treatment and case coordination to offenders sentenced to intermediate punishment and to offenders sentenced to community punishment who are at risk of revocation.

DRUG TREATMENT FUNDS NEED NOT BE GRANTED

SECTION 14.12. Notwithstanding the provisions of G.S. 7A-794 and G.S. 7A-798, funds appropriated to the Judicial Department for the 2007-2009 fiscal biennium for drug treatment courts need not be granted but may be budgeted to support existing and new drug treatment courts in a manner similar to other specialty courts operating within the Judicial Department.

STATE FUNDS NOT TO BE USED FOR TELEPHONE SERVICE

SECTION 14.16.(a) G.S. 7A-302 reads as rewritten:

"**§ 7A-302. Counties and municipalities responsible for physical facilities.**

In each county in which a district court has been established, courtrooms, office space for juvenile court counselors and support staff as assigned by the Department of Juvenile Justice and Delinquency Prevention, and related judicial facilities (including ~~furniture~~ furniture, properly functioning telephones, and the equipment and infrastructure necessary to support those telephones), as defined in this Subchapter, shall be provided by the county, except that courtrooms and related judicial facilities may, with the approval of the Administrative Officer of the Courts, after consultation with county and municipal authorities, be provided by a municipality in the county. To assist a county or municipality in meeting the expense of providing courtrooms and related judicial facilities, a part of the costs of court, known as the "facilities fee," collected for the State by the clerk of superior court, shall be remitted to the county or municipality providing the facilities."

SECTION 14.16.(b) This section becomes effective July 1, 2008.

OFFICE OF INDIGENT DEFENSE SERVICES/ELECTRONIC FEE SUBMISSION

SECTION 14.17. The Office of Indigent Defense Services, in consultation with the Administrative Office of the Courts, shall study the potential for a statewide system of electronic fee submission and develop a proposal for statewide implementation of such a system. A report on this proposal shall be included as part of the report required under Section 14.5 of this act.

REPORT ON COURT SYSTEM PERFORMANCE MEASURES

SECTION 14.18. The Administrative Office of the Courts shall develop and implement a system to measure the impact of the funding provided in this act on the operation of the courts. The system shall include uniform performance measures and standards for caseload management and resource allocation, including funding, personnel, technology, and equipment at district and county levels. The Administrative Office of the Courts shall submit an interim status report on the development and implementation of the performance measurement system to the Joint Legislative Commission on Governmental Operations and the Chairs of the Senate and House Appropriations Committees no later than December 31, 2007, and shall submit a final report no later than May 1, 2008.

THE OFFICE OF INDIGENT DEFENSE SERVICES MAY COMPENSATE ATTORNEYS FOR CERTAIN FILINGS

SECTION 14.19.(a) G.S. 7A-451(b) reads as rewritten:

"(b) In each of the actions and proceedings enumerated in subsection (a) of this section, entitlement to the services of counsel begins as soon as feasible after the indigent is taken into custody or service is made upon him of the charge, petition, notice or other initiating process. Entitlement continues through any critical stage of the action or proceeding, including, if applicable:

(1) An in-custody interrogation;
(2) A pretrial identification procedure which occurs after formal charges have been preferred and at which the presence of the indigent is required;
(3) A hearing for the reduction of bail, or to fix bail if bail has been earlier denied;
(4) A probable cause hearing;
(5) Trial and sentencing; ~~and~~
(6) Review of any judgment or decree pursuant to G.S. 7A-27, 7A-30(1), 7A-30(2), and Subchapter XIV of Chapter 15A of the General ~~Statutes.~~ Statutes;
(7) In a capital case in which a defendant is under a sentence of death, subject to rules adopted by the Office of Indigent Defense Services, review of any judgment or decree rendered on direct appeal by the Supreme Court of North Carolina pursuant to the certiorari jurisdiction of the United States Supreme Court; and
(8) In a noncapital case, subject to rules adopted by the Office of Indigent Defense Services, review of any judgment or decree rendered on direct appeal by a court of the North Carolina Appellate Division pursuant to the certiorari jurisdiction of the United States Supreme Court, when the judgment or decree:
a. Decides an important question of federal law in a way that conflicts with relevant decisions of the United States Supreme Court, a federal Court of Appeals, or the court of last resort of another state;
b. Decides an important question of federal law that has not been, but should be, settled by the United States Supreme Court; or
c. Decides a question of federal law in the indigent's favor and the judgment or decree is challenged by opposing counsel through an attempt to invoke the certiorari jurisdiction of the United States Supreme Court."

SECTION 14.19.(b) G.S. 7A-498.8(b) reads as rewritten:

"(b) The appellate defender shall perform such duties as may be directed by the Office of Indigent Defense Services, including:

(1) Representing indigent persons subsequent to conviction in trial courts. The Office of Indigent Defense Services may, following consultation with the appellate defender and consistent with the resources available to the appellate defender to ensure quality criminal defense services by the appellate defender's office, assign appeals, or authorize the appellate defender to assign appeals, to a local public defender's office or to private assigned counsel.
(2) Maintaining a clearinghouse of materials and a repository of briefs prepared by the appellate defender to be made available to private counsel representing indigents in criminal cases.
(3) Providing continuing legal education training to assistant appellate defenders and to private counsel representing indigents in criminal cases, including capital cases, as resources are available.
(4) Providing consulting services to attorneys representing defendants in capital cases.

(5) Recruiting qualified members of the private bar who are willing to provide representation in State and federal death penalty postconviction proceedings.

(6) In the appellate defender's discretion, serving as counsel of record for indigent defendants in capital cases in State court.

(6a) In the appellate defender's discretion, serving as counsel of record for indigent defendants in the United States Supreme Court pursuant to a petition for writ of certiorari of the decision on direct appeal by a court of the North Carolina Appellate Division.

(7) Undertaking other direct representation and consultation in capital cases pending in federal court only to the extent that such work is fully federally funded."

ALLOW JURORS TO WAIVE PAYMENT OF PER DIEM FEES AND ALLOW THOSE FUNDS TO BE USED TO PROVIDE HUMAN SERVICES WITHIN THAT DISTRICT

SECTION 14.20.(a) G.S. 7A-312 reads as rewritten:

"**§ 7A-312. Uniform fees for jurors; meals.**

(a) A juror in the General Court of Justice including a petit juror, or a coroner's juror, but excluding a grand juror, shall receive twelve dollars ($12.00) for the first day of service and twenty dollars ($20.00) per day afterwards, except that if any person serves as a juror for more than five days in any 24-month period, the juror shall receive forty dollars ($40.00) per day for each day of service in excess of five days. A grand juror shall receive twenty dollars ($20.00) per day. A juror required to remain overnight at the site of the trial shall be furnished adequate accommodations and subsistence. If required by the presiding judge to remain in a body during the trial of a case, meals shall be furnished the jurors during the period of sequestration. Jurors from out of the county summoned to sit on a special venire shall receive mileage at the same rate as State employees.

(b) Notwithstanding subsection (a) of this section, a juror may waive payment of the per diem fees provided for in that subsection. A juror waiving the fee may designate that the fee be used for any of the following services, if such services are provided in the district: (i) client treatment and service programs associated with a drug treatment or DWI treatment court program; (ii) courthouse self-help centers; (iii) courthouse child care centers; (iv) legal aid programs operated by a nonprofit corporation operating within the district; and (v) the Crime Victims Compensation Fund. If no such services are provided within the district, then waived fees are transferred to the Crime Victims Compensation Fund."

SECTION 14.20.(b) This section becomes effective July 1, 2007, and applies to jury service that begins on or after that date.

AUTHORIZE A TRAVEL ALLOWANCE FOR APPELLATE JUDGES WHO RESIDE FIFTY MILES OR MORE FROM RALEIGH

SECTION 14.21.(a) G.S. 7A-10(b) reads as rewritten:

"(b) The Chief Justice and each of the associate justices shall receive the annual salary provided in the Current Operations Appropriations Act. Each justice is entitled to reimbursement for travel and subsistence expenses at the rate allowed State employees ~~generally.~~ generally, except that each justice whose permanent residence is at least 50 miles from the City of Raleigh shall be paid a weekly travel allowance for each week the justice travels to the City of Raleigh from the justice's home for business of the court. The allowance shall be calculated for each justice by multiplying the actual

round-trip mileage from that justice's home to the City of Raleigh by the rate-per-mile which is the business standard mileage rate set by the Internal Revenue Service in Rev. Proc. 93-51, December 27, 1993."

SECTION 14.21.(b) G.S. 7A-18(a) reads as rewritten:

"(a) The Chief Judge and each associate judge of the Court of Appeals shall receive the annual salary provided in the Current Operations Appropriations Act. Each judge is entitled to reimbursement for travel and subsistence expenses at the rate allowed State employees ~~generally.~~ generally, except that each judge whose permanent residence is at least 50 miles from the City of Raleigh shall be paid a weekly travel allowance for each week the judge travels to the City of Raleigh from the judge's home for business of the court. The allowance shall be calculated for each judge by multiplying the actual round-trip mileage from that judge's home to the City of Raleigh by the rate-per-mile which is the business standard mileage rate set by the Internal Revenue Service in Rev. Proc. 93-51, December 27, 1993."

APPORTIONING OF COURT SYSTEM PERSONNEL THROUGH A WORKLOAD FORMULA

SECTION 14.22.(a) G.S. 7A-60(a1) reads as rewritten:

"(a1) The counties of the State are organized into prosecutorial districts, and each district has the counties and the number of full-time assistant district attorneys as prescribed in a workload formula set forth and adopted by the Conference of District Attorneys and recommended to the Administrative Officer of the Courts and minimally set forth in the following table:

Prosecutorial District	Counties	No. of Full-Time Asst. District Attorneys
1	Camden, Chowan, Currituck, Dare, Gates, Pasquotank, Perquimans	11
2	Beaufort, Hyde, Martin, Tyrrell, Washington	7
3A	Pitt	11
3B	Carteret, Craven, Pamlico	11
4	Duplin, Jones, Onslow, Sampson	16
5	New Hanover, Pender	16
6A	Halifax	5
6B	Bertie, Hertford, Northampton	5
7	Edgecombe, Nash, Wilson	18
8	Greene, Lenoir, Wayne	13
9	Franklin, Granville, Vance, Warren	12
9A	Person, Caswell	5
10	Wake	38
11	Harnett, Johnston, Lee	16
12	Cumberland	21
13	Bladen, Brunswick, Columbus	12
14	Durham	15
15A	Alamance	10
15B	Orange, Chatham	9

16A	Scotland, Hoke	6
16B	Robeson	13
17A	Rockingham	6
17B	Stokes, Surry	7
18	Guilford	30
19A	Cabarrus	8
19B	Montgomery, Randolph	8
19C	Rowan	7
19D	Moore	4
20A	Anson, Richmond, Stanly	10
20B	Union	8
21	Forsyth	20
22	Alexander, Davidson, Davie, Iredell	20
23	Alleghany, Ashe, Wilkes, Yadkin	7
24	Avery, Madison, Mitchell, Watauga, Yancey	6
25	Burke, Caldwell, Catawba	18
26	Mecklenburg	49
27A	Gaston	14
27B	Cleveland, Lincoln	10
28	Buncombe	13
29A	McDowell, Rutherford	6
29B	Henderson, Polk, Transylvania	7
30	Cherokee, Clay, Graham, Haywood, Jackson, Macon, Swain."	11

SECTION 14.22.(b) G.S. 7A-102(a) reads as rewritten:

"(a) The numbers and salaries of assistant clerks, deputy clerks, and other employees in the office of each clerk of superior court shall be determined by a workload formula adopted by the Conference of Clerks of Superior Court and recommended to the Administrative Officer of the Courts and after consultation with the clerk concerned. The allocation of deputy and assistant clerks on January 1, 2007, shall not be reduced without prior consent of the clerk concerned. All personnel in the clerk's office are employees of the State. The clerk appoints the assistants, deputies, and other employees in the clerk's office to serve at his or her pleasure. Assistant and deputy clerks shall take the oath of office prescribed for clerks of superior court, conformed to the office of assistant or deputy clerk, as the case may be. Except as provided by subsection (c2) of this section, the job classifications and related salaries of each employee within the office of each superior court clerk shall be subject to the approval of the Administrative Officer of the Courts after consultation with each clerk concerned and shall be subject to the availability of funds appropriated for that purpose by the General Assembly."

SECTION 14.22.(c) G.S. 7A-132 reads as rewritten:

"**§ 7A-132. Judges, district attorneys, full-time assistant district attorneys and magistrates for district court districts.**

Each district court district shall have one or more judges and one district attorney. Each county within each district shall have at least one magistrate.

For each district the General Assembly ~~shall prescribe~~ determines that the numbers of district ~~judges, and the numbers of full-time assistant district attorneys. For each county within each district the General Assembly shall prescribe a minimum number of magistrates.~~ judges shall be set by a workload formula adopted by the Board of Governors of the Association of District Court Judges and recommended to the Administrative Officer of the Courts. The General Assembly shall prescribe by law the procedures for the initial election of district court judges established under that formula."

SECTION 14.22.(d) G.S. 7A-133(a) reads as rewritten:

"(a) Each district court district shall have the minimum numbers of judges as set forth in the following table:

District	Judges	County
1	5	Camden
		Chowan
		Currituck
		Dare
		Gates
		Pasquotank
		Perquimans
2	4	Martin

SECTION 14.22.(f) G.S. 7B-1200 reads as rewritten:

"**§ 7B-1200. Office of Guardian ad Litem Services established.**

There is established within the Administrative Office of the Courts an Office of Guardian ad Litem Services to provide services in accordance with G.S. 7B-601 to abused, neglected, or dependent juveniles involved in judicial proceedings and to assure that all participants in these proceedings are adequately trained to carry out their responsibilities. Each local program shall consist of volunteer guardians ad litem, at least one program attorney, ~~a program coordinator who is a paid State employee,~~ program coordinators who are paid State employees in numbers determined by a workload formula adopted by the Administrative Office of the Courts, and any clerical staff as the Administrative Office of the Courts in consultation with the local program

deems necessary. The Administrative Office of the Courts shall adopt rules and regulations necessary and appropriate for the administration of the program."

EXPAND COURT-FUNDED INTERPRETER AUTHORITY

SECTION 14.23. G.S. 7A-314(f) reads as rewritten:

"(f) In any case in which the Judicial Department is bearing the costs of representation for a party and that party or a witness for that party does not speak or understand the English language, and the court appoints a foreign language interpreter to assist that party or witness, the reasonable fee for the interpreter's services is payable from funds appropriated to the Administrative Office of the Courts. The court may also appoint an interpreter, payable from funds appropriated to the Administrative Office of the Courts, in cases in which an interpreter is necessary to assist the court in the efficient transaction of business. The appointment and payment shall be made in accordance with G.S. 7A-343(9c)."

ADD THREE SPECIAL SUPERIOR COURT JUDGES

SECTION 14.24. G.S. 7A-45.1 is amended by adding a new subsection to read:

"(a7) Effective January 1, 2008, the Governor may appoint three special superior court judges to serve terms expiring five years from the date that each judge takes office. Successors to the special superior court judges appointed pursuant to this subsection shall be appointed to five-year terms. A special judge takes the same oath of office and is subject to the same requirements and disabilities as are or may be prescribed by law for regular judges of the superior court, save the requirement of residence in a particular district."

PART XV. DEPARTMENT OF JUSTICE

STATEWIDE AUTOMATED FINGERPRINT SYSTEM REPLACEMENT (SAFIS) REPORTS

SECTION 15.1. The Department of Justice shall provide two status reports on the implementation of Phase II of SAFIS to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and the Joint Legislative Commission on Governmental Operations. The first report shall be provided no later than February 1, 2008, and the second report shall be provided no later than May 1, 2008. Each report shall include all of the following:

(1) A description of the system.
(2) A summary of work done with prior year appropriations.
(3) A list of all sites that are scheduled to receive new equipment.
(4) A list of sites that have already received new equipment.
(5) A time line for completion of the project.
(6) Expenditures for the year to date.

PRIVATE PROTECTIVE SERVICES AND ALARM SYSTEMS LICENSING BOARDS PAY FOR USE OF STATE FACILITIES AND SERVICES

SECTION 15.2. The Private Protective Services and Alarm Systems Licensing Boards shall pay the appropriate State agency for the use of physical facilities and services provided to those Boards by the State.

USE OF SEIZED AND FORFEITED PROPERTY TRANSFERRED TO STATE LAW ENFORCEMENT AGENCIES BY THE FEDERAL GOVERNMENT

SECTION 15.3.(a) Assets transferred to the Departments of Justice, Correction, and Crime Control and Public Safety during the 2007-2009 fiscal biennium pursuant to applicable federal law shall be credited to the budgets of the respective departments and shall result in an increase of law enforcement resources for those departments. The Departments of Justice, Correction, and Crime Control and Public Safety shall report to the Joint Legislative Commission on Governmental Operations upon receipt of the assets and, before using the assets, shall report on the intended use of the assets and the departmental priorities on which the assets may be expended.

SECTION 15.3.(b) The General Assembly finds that the use of assets transferred pursuant to federal law for new personnel positions, new projects, acquisition of real property, repair of buildings where the repair includes structural change, and construction of or additions to buildings may result in additional expenses for the State in future fiscal periods. Therefore, the Department of Justice, the Department of Correction, and the Department of Crime Control and Public Safety are prohibited from using these assets for such purposes without the prior approval of the General Assembly.

SECTION 15.3.(c) Nothing in this section prohibits North Carolina law enforcement agencies from receiving funds from the United States Department of Justice, the United States Department of the Treasury, and the United States Department of Health and Human Services.

CERTAIN LITIGATION EXPENSES TO BE PAID BY CLIENTS

SECTION 15.4. Client departments, agencies, and boards shall reimburse the Department of Justice for reasonable court fees, attorney travel and subsistence costs, and other costs directly related to litigation in which the Department of Justice is representing the department, agency, or board.

REIMBURSEMENT FOR UNC BOARD OF GOVERNORS LEGAL REPRESENTATION

SECTION 15.5. The Department of Justice shall be reimbursed by the Board of Governors of The University of North Carolina for two Attorney III positions to provide legal representation to The University of North Carolina System.

NC LEGAL EDUCATION ASSISTANCE FOUNDATION REPORT ON FUNDS DISBURSED

SECTION 15.6. The North Carolina Legal Education Assistance Foundation shall report by March 1 of each year to the Joint Legislative Commission on Governmental Operations and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the expenditure of State funds, the purpose of the expenditures, the number of attorneys receiving funds, the average award amount, the average student loan amount, the number of attorneys on the waiting list, and the average number of years for which attorneys receive loan assistance.

HIRING OF SWORN STAFF POSITIONS FOR THE STATE BUREAU OF INVESTIGATION

SECTION 15.7. The Department of Justice may hire sworn personnel to fill vacant positions in the State Bureau of Investigation only in the following circumstances: (i) the position's regular responsibilities involve warrant executions, property searches, criminal investigations, or arrest activities that are consistent in frequency with the responsibilities of other sworn agents; (ii) the position is a promotion

for a sworn agent who was employed at the State Bureau of Investigation prior to July 1, 2007; (iii) the position is a forensic drug chemist position which requires "responding to clandestine methamphetamine laboratories" as a primary duty; (iv) the position is a forensic impressions analyst position which requires "responding to clandestine methamphetamine laboratories" as a primary duty; or (v) the position primarily involves supervising sworn personnel.

ACTIONS TO REDUCE MEDICAID FRAUD

SECTION 15.8.(a) G.S. 108A-70.11(5) reads as rewritten:

"(5) "Medical Assistance Program" means the Medical Assistance Program established pursuant to G.S. 108A-54 and includes the North Carolina Division of Medical Assistance ~~and~~ or its fiscal agent."

SECTION 15.8.(b) G.S. 108A-70.12(a) reads as rewritten:

"**§ 108A-70.12. Liability for certain acts; damages; effect of repayment.**

(a) Liability for Certain Acts. – It shall be unlawful for any provider of medical assistance under the Medical Assistance Program to:

(1) Knowingly present, or cause to be presented to the Medical Assistance Program a false or fraudulent claim for payment or approval; ~~or~~

(2) Knowingly make, use, or cause to be made or used a false record or statement to get a false or fraudulent claim paid or approved by the Medical Assistance ~~Program.~~Program;

(3) Conspire to defraud the Medical Assistance Program by getting a false or fraudulent claim allowed or paid; or

(4) Knowingly make, use, or cause to be made or used, a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the Medical Assistance Program.

Each claim presented or caused to be presented in violation of this section is a separate violation."

SECTION 15.8.(c) G.S. 108A-70.12(b)(1) reads as rewritten:

"(b) Damages. –

(1) Except as provided in subdivision (2) of this subsection, a court shall assess against any provider of medical assistance under the Medical Assistance Program who violates this section a civil penalty of not less than five thousand five hundred dollars ~~($5,000)~~ ($5,500) and not more than ~~ten thousand dollars ($10,000)~~ eleven thousand dollars ($11,000) plus three times the amount of damages which the ~~Medicaid~~ Medical Assistance Program sustained because of the act of the provider.

..."

SECTION 15.8.(d) Article 2 of Chapter 108A of the General Statutes is amended by adding the following new Part to read:

"Part 7A. Civil Action by Private Persons for Provider False Claims.

"**§ 108A-70.17. Civil action filed by private persons.**

(a) A person may bring a civil action for a violation of G.S. 108A-70.12 on behalf of the person and the State. The action shall be brought in the name of the State. The action may be dismissed only if the court and the Attorney General have given written consent to the dismissal and their reasons for consenting.

(b) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the State. The complaint shall be filed in camera, shall remain under seal for at least 120 days, and shall not be served on the defendant until the court so orders. The State may elect to

intervene and proceed with the action within 120 days after it receives both the complaint and the material evidence and information.

(c) The State may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal. Any of these motions may be supported by affidavits or other submission in camera. The defendant shall not be required to respond to any complaint filed under this section until 21 days after the complaint is unsealed and served upon the defendant.

(d) Before the expiration of the 120-day period or any extensions obtained under subsection (c) of this section, the State shall proceed with the action, in which case the action shall be conducted by the State, or notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to prosecute the action.

(e) When a person brings an action under this section, no person other than the State may intervene or bring a related action based on the facts underlying the pending action.

"**§ 108A-70.17A. Rights of private plaintiff and State.**

(a) If the State proceeds with the action, it shall have the primary responsibility for prosecuting the action and shall not be bound by an act of the person bringing the action. The person bringing the action shall have the right to continue as a party to the action, subject to the limitations of this section.

(b) The State may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the State of the filing of the motion, and the court has provided the person with an opportunity for a hearing on the motion.

(c) The State may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera. The State may, for good cause shown, move the court for a partial lifting of the seal to facilitate the investigative process or settlement.

(d) Upon a showing by the State that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the State's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as (i) limiting the number of witnesses the person may call; (ii) limiting the length of the testimony of such witnesses; (iii) limiting the person's cross-examination of witnesses; and (iv) otherwise limiting the participation by the person in the litigation.

(e) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(f) If the State elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the State so requests, it shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts at the State's expense. When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the State to intervene at a later date upon a showing of good cause.

(g) Whether or not the State proceeds with the action, upon a showing by the State that certain actions of discovery by the person initiating the action would interfere

with the State's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay the discovery for a period of not more than 60 days. The showing by the State shall be conducted in camera. The court may extend the 60-day period upon a further showing in camera that the State has pursued the criminal or civil investigation or proceedings with reasonable diligence, and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(h) Notwithstanding G.S. 108A-70.17(b), the State may elect to pursue its claim through any alternate remedy available to the State, including any administrative proceeding to determine a civil money penalty. If an alternate remedy is pursued in another proceeding, the person initiating the action shall have the same rights in the alternate proceeding as the person would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the alternate proceeding that has become final shall be conclusive on all parties to an action under this Part. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal to a court of competent jurisdiction of the State, if the time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusions are not subject to judicial review.

"§ 108A-70.17B. Award to qui tam plaintiff.

(a) Except as otherwise provided in this section, if the State proceeds with an action brought by a person under G.S. 108A-70.17, the person shall receive at least fifteen percent (15%) but not more than twenty-five percent (25%) of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. The plaintiff's share in the proceeds of the action or settlement is administrative costs of the action. Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information proved by the person bringing the action, relating to allegations or transaction in a criminal, civil, or administrative hearing, in a legislative, administrative, or State Auditor's report, hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case more than ten percent (10%) of the proceeds of the action, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant. A share of the proceeds of an action or settlement of the claim shall not be awarded to the person bringing the action in State court under this Part if the person has received or may receive a share of the proceeds or settlement of an action or claim on the same facts brought in federal court.

(b) If the State does not proceed with an action, the person bringing the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil penalty and damages. The amount shall be not less than twenty-five percent (25%) and not more than thirty percent (30%) of the proceeds of the action or settlement and shall be paid out of the proceeds. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

(c) Whether or not the State proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of G.S. 108A-70.12 upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action that the

person would otherwise receive under subsection (a) or (b) of this section, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from the person's role in the violation of G.S. 108A-70.12, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. The dismissal shall not prejudice the right of the State to continue the action.

(d) If the State does not proceed with the action and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and if the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

"**§ 108A-70.17C. Certain actions barred.**

(a) No court shall have jurisdiction over an action brought under this Part based on information discovered by a present or former employee of the State during the course of the present or former employee's employment unless that employee first, in good faith, exhausted existing internal procedures for reporting and seeking recovery of the falsely claimed sums through official channels, and unless the State failed to act on the information provided within a reasonable period of time.

(b) In no event may a person bring an action under this Part that is based upon allegations or transactions that are the subject of a civil suit or an administrative proceeding in which the State is already a party.

(c) No court shall have jurisdiction over an action under this Part based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or State Auditor's report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General, or the person bringing the action is an original source of the information. For purposes of this section, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the State before filing an action under this Part that is based on the information.

(d) The State is not liable for expenses a person incurs in bringing an action under this Part.

(e) G.S. 108A-70.14 and G.S. 108A-70.15 apply to this Part.

"**§ 108A-70.17D. Procedure; statute of limitations.**

A civil action under this Part may not be brought (i) more than six years after the date on which the violation is committed, or (ii) more than three years after the date when facts material to the right of the action are known or reasonably should have been known by the official of the State charged with responsibility to act in the circumstances, but in that event no more than 10 years after the date on which the violation is committed, whichever occurs last."

SECTION 15.8.(e) G.S. 108A-70.15 reads as rewritten:

"**§ 108A-70.15. Employee remedies.**

(a) In the absence of fraud or malice, no person who furnishes information to officials of the State responsible for investigating false claims violations shall be liable for damages in a civil action for any oral or written statement made or any other action that is necessary to supply information required pursuant to this ~~Part.~~ Part or Part 7A of this Article.

(b) Any employee of a provider who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by the employee's employer because of lawful acts done by

the employee on behalf of the employee or others in furtherance of an action under G.S. ~~108A-70.12,~~ 108A-70.12, or Part 7A of this Article, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under G.S. ~~108A-70.12,~~ 108A-70.12, or Part 7A of this Article, shall be entitled to all relief necessary to make the employee whole. Relief shall include reinstatement with the same seniority status as the employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate court for the relief provided in this section."

SECTION 15.8.(f) Part 6 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"**§ 108A-63.1. Authorized investigative demand procedures.**

(a) In any investigation relating to any act or activity involving a violation of G.S. 108A-64, 108A-60, 14-32.1, or 14-32.2, the Attorney General may issue in writing and cause to be served a subpoena:

(1) Requiring the production of any records, books, papers, documents, electronic media, or other objects or tangible things, which may be relevant to an authorized law enforcement inquiry, that a person or legal entity may possess or have care, custody, or control; or

(2) Requiring a custodian of records to give testimony concerning the production and authentication of the records.

(b) A subpoena under this section shall describe the objects required to be produced and shall also prescribe a return date within a reasonable period of time within which the objects can be assembled and made available.

(c) Witnesses summoned under this section shall be paid the same fees and mileage that are paid witnesses in the courts of the State.

(d) A subpoena issued under this section may be served in the manner provided in Rule 45(b) of the Rules of Civil Procedure, G.S. 1A-1, except that subdivision (2) of subsection (b) of Rule 45(b) does not apply to subpoenas issued under this section.

(e) In the case of failure by any person without adequate excuse to obey a subpoena served upon the person, the Attorney General may invoke the aide of any court of this State. The court may issue an order requiring the subpoenaed person to appear before the Attorney General to produce records, if so ordered, or to give testimony concerning the production and authentication of the records. Failure to obey the order of the court may be punished by the court as contempt thereof.

(f) Notwithstanding any other State law to the contrary, any person, including officers, agents, and employees, receiving a subpoena under this section, who complies in good faith with the subpoena and thus produces the materials sought, shall not be liable in any court of this State to any customer or other person for the production or for nondisclosure of the production to the customer.

(g) Health information about an individual that is disclosed under this section may not be used in, or disclosed to any person for use in, any administrative, civil, or criminal action or investigation directed against the individual who is the subject of the information unless the action or investigation arises out of and is directly related to receipt of health care or payment for health care or action involving a fraudulent claim related to health; or if authorized by an appropriate order of a court of competent jurisdiction, granted after application showing good cause therefor.

(1) In assessing good cause under this subsection, the court shall weigh the public interest and the need for disclosure against the injury to the

patient, to the physician-patient relationship, and to the treatment services.

(2) Upon the granting of an order to disclose, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure."

SECTION 15.8.(g) G.S. 108A-63 reads as rewritten:

"**§ 108A-63. Medical assistance provider fraud.**

(a) It shall be unlawful for any provider of medical assistance under this Part to knowingly and willfully make or cause to be made any false statement or representation of a material fact:

(1) In any application for payment under this Part, or for use in determining entitlement to such payment; or

(2) With respect to the conditions or operation of a provider or facility in order that such provider or facility may qualify or remain qualified to provide assistance under this Part.

(b) It shall be unlawful for any provider of medical assistance to knowingly and willfully conceal or fail to disclose any fact or event affecting:

(1) His initial or continued entitlement to payment under this Part; or

(2) The amount of payment to which such person is or may be entitled.

(c) ~~Any~~ Except as otherwise provided in subsection (e) of this section, any person who violates a provision of this section shall be guilty of a Class I felony.

(d) "Provider" shall include any person who provides goods or services under this Part and any other person acting as an employee, representative or agent of such person.

(e) It shall be unlawful for any provider of medical assistance under this Part to knowingly and willfully execute, or attempt to execute, a scheme or artifice to:

(1) Defraud the Medical Assistance Program; or

(2) Obtain, by means of false or fraudulent pretenses, representations or promises, any of the money or property owned by, or under the custody or control of, the Medical Assistance Program,

in connection with the delivery of or payment for health care benefits, items, or services. If the value of the health care benefits, items, or services is one hundred thousand dollars ($100,000) or more, a violation of this subsection is a Class C felony. If the value of the health care benefits, items, or services is less than one hundred thousand dollars ($100,000), a violation of this subsection is a Class H felony.

(f) It shall be unlawful for any person to knowingly and willfully solicit or receive any remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind:

(1) In return for referring an individual to a person for the furnishing or arranging for the furnishing of any item or service for which payment may be made in whole or in part under this Part, or

(2) In return for purchasing, leasing, ordering, or arranging for or recommending purchasing, leasing, or ordering any good, facility, service, or item for which payment may be made in whole or in part under this Part.

(g) It shall be unlawful for any person to knowingly and willfully offer or pay any remuneration (including any kickback, bribe, or rebate) directly or indirectly, overtly or covertly, in cash or in kind to any person to induce such person:

(1) To refer an individual to a person for the furnishing or arranging for the furnishing of any item or service for which payment may be made in whole or in part under this Part, or

(2) To purchase, lease, order, or arrange for or recommend purchasing, leasing, or ordering any good, facility, service, or item for which payment may be made in whole or in part under this Part.

(h) Subsections (f) and (g) of this section shall not apply to:

(1) Contracts between the State and a public or private agency where part of the agency's responsibility is referral of a person to a provider; and

(2) Any conduct or activity that does not violate 42 U.S.C. § 1320a-7b(b), and amendments thereto, or is protected by 42 C.F.R. § 1001.952, and amendments thereto."

SECTION 15.8.(h) This section becomes effective December 1, 2007.

PART XVI. DEPARTMENT OF CRIME CONTROL AND PUBLIC SAFETY

ANNUAL EVALUATION OF TARHEEL CHALLENGE PROGRAM

SECTION 16.1. The Department of Crime Control and Public Safety shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by March 1 of each year of the biennium on the operations and effectiveness of the National Guard Tarheel Challenge Program. In particular, the Department shall evaluate and report on the Program's effectiveness as an intervention method for preventing juveniles from becoming undisciplined or delinquent and on the Program's role in improving individual skills and employment potential for participants. The report shall also include all of the following:

(1) The source of referrals for individuals participating in the Program.

(2) The summary of types of actions or offenses committed by the participants of the Program.

(3) An analysis outlining the cost of providing services for each participant, including a breakdown of all expenditures related to the administration and operation of the Program and the education and treatment of the Program participants.

(4) The number of individuals who successfully complete the Program.

(5) The number of participants who commit offenses after completing the Program.

NEW ALE NON-SWORN JOB CLASSIFICATION

SECTION 16.2.(a) As recommended by the Fiscal Research Division of the General Assembly in the February 2007 Justification Review, the State Personnel Commission shall develop for review a new non-sworn position classification for the Alcohol Law Enforcement Division of the Department of Crime Control and Public Safety that would supplement the agents that are employed by the Division.

SECTION 16.2.(b) Prior to the action taken pursuant to subsection (a) of this section, the Office of State Personnel shall review all of the following:

(1) The Justification Review report.

(2) Current position descriptions and job classifications.

(3) Tasks currently performed by ALE field agents in order to determine tasks that could be performed by non-sworn or noncertified personnel.

(4) Information on other states that use non-sworn staff for inspection, compliance, and education efforts currently performed by North Carolina ALE agents.

SECTION 16.2.(c) The Office of State Personnel shall report the results of its review in writing to the Joint Legislative Corrections, Crime Control, and Juvenile

Justice Oversight Committee and to the State Personnel Commission by February 1, 2008. The Office of State Personnel report shall include (i) a detailed description of the new ALE civilian position, including the job classification, a description of all of the duties assigned to the position, and the salary grade for the position, (ii) the estimated number of positions that should be established, and (iii) a time line for further review of the job classification by the State Personnel Commission.

ALTERNATIVE FUNDING SOURCE STUDY FOR THE GEOSPATIAL AND TECHNOLOGY MANAGEMENT PROGRAM

SECTION 16.3. The Department of Crime Control and Public Safety shall study alternative funding sources for the Geospatial and Technology Management Program. By March 1, 2008, the Department shall report the results of this study to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety. This report shall include information about possible federal grant sources and receipt-based funding options from federal, State, and local agencies as well as private industry.

USE OF GANG PREVENTION FUNDS

SECTION 16.5.(a) Of the funds appropriated in this act to the Department of Crime Control and Public Safety, Governor's Crime Commission, the sum of three million dollars ($3,000,000) for the 2007-2008 fiscal year shall be used to provide grants for street gang violence prevention, intervention, and suppression programs.

SECTION 16.5.(b) The Governor's Crime Commission shall develop the criteria for eligibility for these funds. The criteria shall include a matching requirement of twenty-five percent (25%), one-half of which may be in in-kind contributions, and presentation of a written plan for the services to be provided by the funds. Funds shall be available to public and private entities or agencies for juvenile or adult programs that meet the criteria established by the Governor's Crime Commission.

SECTION 16.5.(c) The Governor's Crime Commission shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 15, 2008, on this program. The report shall include all of the following:

(1) The grant award process.
(2) A description of each grant awarded.
(3) The performance criteria for evaluating grant programs.
(4) A list of State grants awarded in the 2007 grant cycle.

REPORTS ON THE EXPANSION OF THE ALCOHOL LAW ENFORCEMENT DIVISION'S AUTOMATED SYSTEMS

SECTION 16.6. The Department of Crime Control and Public Safety shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Chairs of the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee by February 1 and May 1, 2008, on the status of the expansion of the Alcohol Law Enforcement Division's automated systems for administrative and field processes. Each report shall include all of the following:

(1) A description of the Division's automated systems.
(2) A list of prior and ongoing automation projects.
(3) A summary of work done with funds received.

(4) A time line for completion of new and ongoing projects.
(5) A list of expenditures to date.
(6) Program performance/efficiencies achieved with expanded automation.

STUDY CONSOLIDATION OF GIS MAPPING PROGRAMS

SECTION 16.7.(a) The Office of State Budget and Management shall study the feasibility and desirability of consolidating GIS mapping programs that are currently located in separate State agencies into a single, unified program. Specifically, the study shall do all of the following:

(1) Identify every State agency that has a GIS mapping program.
(2) Determine how each agency that has a GIS mapping program uses the maps it develops.
(3) Determine the format in which each State agency that has a GIS mapping program stores data and the manner in which that data is accessed.
(4) Determine the feasibility and desirability of consolidating GIS mapping programs into a single, unified program.

SECTION 16.7.(b) The Office of State Budget and Management shall submit a written report of its findings and recommendations to the House of Representatives and Senate Appropriations Committees and to the Joint Legislative Commission on Governmental Operations by March 1, 2008.

STUDY GANG ACTIVITY

SECTION 16.8.(a) The Governor's Crime Commission shall study gang activity in North Carolina. In its study, the Governor's Crime Commission shall do all of the following:

(1) Assess gang activity in communities known to have gangs.
(2) Consult with the Department of Correction to assess gang activity in the State's prisons.
(3) Consult with the Department of Public Instruction, Department of Justice, and the Department of Correction on any gang prevention initiatives they have in place or administered in the past.
(4) Summarize significant gang prevention, intervention, and suppression programs that have been administered by local law enforcement, State agencies, local governments, and community-based organizations, and evaluate those programs for effectiveness.
(5) Review accepted best practices in gang prevention and evaluate whether or not increasing penalties will mitigate gang activity.
(6) Project the growth of gang activity over the next five years and identify the locations where that growth is expected to occur.
(7) Provide recommendations on ways of using State and local resources to improve the effectiveness of future gang prevention initiatives.

SECTION 16.8.(b) The Governor's Crime Commission shall report on the study's findings and recommendations by March 15, 2008, to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety.

PART XVII. DEPARTMENT OF CORRECTION

MUTUAL AGREEMENT PAROLE PROGRAM

SECTION 17.1. The Department of Correction and the Post-Release Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the number of inmates enrolled in the program, the number completing the program and being paroled, and the number who enrolled but were terminated from the program. The information should be based on the previous calendar year.

INMATE ROAD SQUADS AND LITTER CREWS

SECTION 17.2. Of the funds appropriated to the Department of Transportation in this act, the sum of eleven million three hundred thousand dollars ($11,300,000) per year shall be transferred by the Department to the Department of Correction during the 2007-2008 and 2008-2009 fiscal years for the cost of operating medium custody inmate road squads, as authorized by G.S. 148-26.5, and minimum custody inmate litter crews. This transfer shall be made quarterly in the amount of two million eight hundred twenty-five thousand dollars ($2,825,000). The Department of Transportation may use funds appropriated in this act to pay an additional amount exceeding the eleven million three hundred thousand dollars ($11,300,000), but those payments shall be subject to negotiations among the Department of Transportation, the Department of Correction, and the Office of State Budget and Management prior to payment by the Department of Transportation.

The Office of State Budget and Management shall conduct a study, in consultation with the Department of Correction and the Department of Transportation, to determine the actual cost and cost/benefit of operating medium custody road squads and minimum custody litter crews. The Office of State Budget and Management shall report the results of this study to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Joint Legislative Transportation Oversight Committee by March 1, 2008. The study shall include a recommendation on whether or not the amount transferred from the Department of Transportation to the Department of Correction should be increased or decreased.

ALCOHOL AND CHEMICAL DEPENDENCY PROGRAM REPORT

SECTION 17.3.(a) G.S. 143B-262.3 reads as rewritten:

"**§ 143B-262.3. Reports to the General Assembly.**

(a) The Department of Correction shall report by March 1 of each year to the Chairs of the Senate and House Appropriations Committees and the Chairs of the Senate and House Appropriations Subcommittees in Justice and Public Safety on their efforts to provide effective treatment to offenders with substance abuse problems. The report shall include:

(1) Details of any new initiatives and expansions or reduction of programs;

(2) Details on any treatment efforts conducted in conjunction with other departments;

(3) Utilization of the DART/DWI ~~program, including its aftercare~~ program;

~~(4) Progress in the development on an offender and inmate tracking and program evaluation system; and~~

~~(5) A report on the number of current inmates with substance abuse problems, the numbers currently receiving treatment, and the numbers~~

~~who have completed treatment. As an offender and inmate tracking system becomes operational, this report shall also include information on the recidivism of inmates who have previously completed substance abuse treatment and been released from prison.~~

(6) Statistical information on the number of current inmates with substance abuse problems that require treatment, the number of treatment slots, the number who have completed treatment, and a comparison of available treatment slots to actual utilization rates. The report shall include this information for each DOC funded program; and

(7) Evaluation of each substance abuse treatment program funded by the Department of Correction. Evaluation measures shall include reduction in alcohol and drug dependency, improvements in discliplinary and infraction rates, recidivism (defined as return-to-prison rates), and other measures of the programs' success.

~~(b) The Department shall also report to the Chairs of the Senate and House of Representatives Appropriations Subcommittees on Justice and Public Safety by May 1, 2004, and by February 1 annually beginning in 2005, on the average caseloads of Community Service Work Program coordinators, by district, division, and statewide. The report shall also include the money collected, the type and value of the work performed, and the number of offenders in the Community Service Work Program, by type of referral (i.e. parole, supervised probation, unsupervised probation or community punishment, DWI, or any other agency referrals).~~"

SECTION 17.3.(b) During the 2007-2009 fiscal biennium, the Department of Correction evaluation effort shall focus mainly on evaluation of the long-term residential programs operated by the Department of Correction through private contract and those operated directly by the Department of Correction. The evaluation component of the March 1, 2008, annual report shall be primarily a status report and provide only preliminary information on the evaluation of the residential program. The final evaluation report shall be included in the March 1, 2009, annual report.

INMATE CONSTRUCTION PROGRAM

SECTION 17.4. Funding authorized in this act is intended to increase participation in the Inmate Construction Program in order to improve inmate job skills and reduce recidivism. By April 1, 2008, the Department of Correction shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the House and Senate Appropriations Subcommittees on Justice and Public Safety on the Inmate Construction Program. The report shall summarize the 2007-2008 Inmate Construction Program projects, including a description of each project, the number of inmate workers, and the estimated total cost of the project compared to the cost if the project was conducted without inmate workers. The report shall also estimate the number of inmate workers that will be used in the program during the 2008-2009 fiscal year.

FEDERAL GRANT REPORTING

SECTION 17.5. The Department of Correction, the Department of Justice, the Department of Crime Control and Public Safety, the Judicial Department, and the Department of Juvenile Justice and Delinquency Prevention shall report by May 1 of each year to the Joint Legislative Commission on Governmental Operations, the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice

and Public Safety on federal grant funds received or preapproved for receipt by those departments. The report shall include information on the amount of grant funds received or preapproved for receipt by each department, the use of the funds, the State match expended to receive the funds, and the period to be covered by each grant. If the department intends to continue the program beyond the end of the grant period, the department shall report on the proposed method for continuing the funding of the program at the end of the grant period. Each department shall also report on any information it may have indicating that the State will be requested to provide future funding for a program presently supported by a local grant.

REIMBURSE COUNTIES FOR HOUSING AND EXTRAORDINARY MEDICAL COSTS FOR INMATES, PAROLEES, AND POST-RELEASE SUPERVISEES AWAITING TRANSFER TO STATE PRISON SYSTEM

SECTION 17.6. Notwithstanding G.S. 143C-6-9, the Department of Correction may use funds available to the Department for the 2007-2009 biennium to pay the sum of forty dollars ($40.00) per day as reimbursement to counties for the cost of housing convicted inmates, parolees, and post-release supervisees awaiting transfer to the State prison system, as provided in G.S. 148-29. The Department shall report quarterly to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee, the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the expenditure of funds to reimburse counties for prisoners awaiting transfer and on its progress in reducing the jail backlog.

USE OF CLOSED PRISON FACILITIES

SECTION 17.7. In conjunction with the closing of prison facilities, including small expensive prison units recommended for consolidation by the Government Performance Audit Committee, the Department of Correction shall consult with the county or municipality in which the unit is located, with the elected State and local officials, and with State agencies about the possibility of converting that unit to other use. The Department may also consult with any private for-profit or nonprofit firm about the possibility of converting the unit to other use. In developing a proposal for future use of each unit, the Department shall give priority to converting the unit to other criminal justice use. Consistent with existing law and the future needs of the Department of Correction, the State may provide for the transfer or the lease of any of these units to counties, municipalities, State agencies, or private firms wishing to convert them to other use. The Department of Correction may also consider converting some of the units recommended for closing from one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

Prior to any transfer or lease of these units, the Department of Correction shall report on the terms of the proposed transfer or lease to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee. The Department of Correction shall also provide annual summary reports to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Corrections, Crime Control, and

Juvenile Justice Oversight Committee on the conversion of these units to other use and on all leases or transfers entered into pursuant to this section.

LIMIT USE OF OPERATIONAL FUNDS

SECTION 17.8. Funds appropriated in this act to the Department of Correction for operational costs for additional facilities shall be used for personnel and operating expenses set forth in the budget approved by the General Assembly in this act. These funds shall not be expended for any other purpose, except as provided for in this act, and shall not be expended for additional prison personnel positions until the new facilities are within 120 days of projected completion, except that the Department may establish critical positions prior to 120 days of completion representing no more than twenty percent (20%) of the total estimated number of positions.

ENERGY COMMITTED TO OFFENDERS/CONTRACT AND REPORT

SECTION 17.9. The Department of Correction may continue to contract with Energy Committed To Offenders, Inc., for the purchase of prison beds for minimum security female inmates during the 2007-2009 biennium. Energy Committed To Offenders, Inc., shall report by February 1 of each year to the Joint Legislative Commission on Governmental Operations on the annual cost per inmate and the average daily inmate population compared to bed capacity using the same methodology as that used by the Department of Correction.

INMATE MEDICAL COSTS

SECTION 17.10. Notwithstanding the provisions of G.S. 143C-6-9, the Department of Correction may use funds available during the 2007-2009 biennium for the inmate medical program if expenditures are projected to exceed the Department's inmate medical continuation budget. The Department shall consult with the Joint Legislative Commission on Governmental Operations prior to exceeding the continuation budget amount.

PAROLE ELIGIBILITY REPORT

SECTION 17.11.(a) The Post-Release Supervision and Parole Commission shall, with the assistance of the North Carolina Sentencing and Policy Advisory Commission and the Department of Correction, analyze the amount of time each inmate who is eligible for parole on or before July 1, 2008, has served compared to the time served by offenders under Structured Sentencing for comparable crimes. The Commission shall determine if the person has served more time in custody than the person would have served if sentenced to the maximum sentence under the provisions of Article 81B of Chapter 15A of the General Statutes. The "maximum sentence", for the purposes of this section, shall be calculated as set forth in subsection (b) of this section.

SECTION 17.11.(b) For the purposes of this section, the following rules apply for the calculation of the maximum sentence:

(1) The offense upon which the person was convicted shall be classified as the same felony class as the offense would have been classified if committed after the effective date of Article 81B of Chapter 15A of the General Statutes.

(2) The minimum sentence shall be the maximum number of months in the presumptive range of minimum durations in Prior Record Level VI of G.S. 15A-1340.17(c) for the felony class determined under

subdivision (1) of this subsection. The maximum sentence shall be calculated using G.S. 15A-1340.17(d), (e), or (e1).

(3) If a person is serving sentences for two or more offenses that are concurrent in any respect, then the offense with the greater classification shall be used to determine a single maximum sentence for the concurrent offenses. The fact that the person has been convicted of multiple offenses may be considered by the Commission in making its determinations under subsection (a) of this section.

SECTION 17.11.(c) The Commission shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1, 2008. The report shall include the following: the class of the offense for which each parole-eligible inmate was convicted and whether an inmate had multiple criminal convictions. The Commission shall reinitiate the parole review process for each offender who has served more time than that person would have under Structured Sentencing as provided by subsections (a) and (b) of this section.

The Commission shall also report on the number of parole-eligible inmates reconsidered in compliance with this section and the number who were actually paroled.

FEDERAL GRANT MATCHING FUNDS

SECTION 17.12. Notwithstanding the provisions of G.S. 143C-6-9, the Department of Correction may use up to the sum of one million two hundred thousand dollars ($1,200,000) during the 2007-2008 fiscal year from funds available to the Department to provide the State match needed in order to receive federal grant funds. Prior to using funds for this purpose, the Department shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and the Joint Legislative Commission on Governmental Operations on the grants to be matched using these funds.

REPORTS ON NONPROFIT PROGRAMS

SECTION 17.13.(a) Funds appropriated in this act to the Department of Correction to support the programs of Harriet's House may be used for program operating costs, the purchase of equipment, and the rental of real property to serve women released from prison with children in their custody. Harriet's House shall report by February 1 of each year to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the expenditure of State appropriations and on the effectiveness of the program, including information on the number of clients served, the number of clients who successfully complete the Harriet's House program, and the number of clients who have been rearrested within three years of successfully completing the program. The report shall provide financial and program data for the complete fiscal year prior to the year in which the report is submitted. The financial report shall identify all funding sources and amounts.

SECTION 17.13.(b) Summit House shall report by February 1 of each year to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the expenditure of State appropriations and on the effectiveness of the program, including information on the number of clients served, the number of clients who have had their probation revoked, the number of

clients who successfully complete the program while housed at Summit House, Inc., and the number of clients who have been rearrested within three years of successfully completing the program. The report shall provide financial and program data for the complete fiscal year prior to the year in which the report is submitted. The financial report shall identify all funding sources and amounts.

SECTION 17.13.(c) Women at Risk shall report by February 1 of each year to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the expenditure of State funds and on the effectiveness of the program, including information on the number of clients served, the number of clients who have had their probation revoked, the number of clients who have successfully completed the program, and the number of clients who have been rearrested within three years of successfully completing the program. The report shall provide financial and program data for the complete fiscal year prior to the year in which the report is submitted. The financial report shall identify all funding sources and amounts.

SECTION 17.13.(d) Our Children's Place shall report by February 1, 2008, to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the status of the planning, design, and construction of Our Children's Place, the proposed program components and evaluation measures, and on the projected number of inmates and their children to be served. The report shall also provide financial data, including the expenditure of State funds and all funding sources and amounts.

REPORT ON ELECTRONIC MONITORING PROGRAM/USE OF GLOBAL POSITIONING SYSTEMS FOR SEX OFFENDERS

SECTION 17.14. The Department of Correction shall report by March 1 of each year to the Chairs of the House and Senate Appropriations Committees, the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the following:

(1) The number of sex offenders enrolled on active and passive GPS monitoring.
(2) The caseloads of probation officers assigned to GPS-monitored sex offenders.
(3) The number of violations.
(4) The number of absconders.
(5) The projected number of offenders to be enrolled by the end of the 2007-2008 fiscal year and the end of the 2008-2009 fiscal year.
(6) The total cost of the program, including a per-offender cost.

CRIMINAL JUSTICE PARTNERSHIP

SECTION 17.15.(a) Notwithstanding the provisions of G.S. 143B-273.15 specifying that grants to participating counties are for the full fiscal year and that unobligated funds are returned to the State-County Criminal Justice Partnership Account at the end of the grant period, the Department of Correction may reallocate unspent or unclaimed funds distributed to counties participating in the State-County Criminal Justice Partnership Program in an effort to maintain the level of services realized in previous fiscal years.

SECTION 17.15.(b) The Department of Correction may not deny funds to a county to support both a residential program and a day reporting center if the Department of Correction determines that the county has a demonstrated need and a fully developed plan for each type of sanction.

SECTION 17.15.(c) The Department of Correction shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Committees, the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the status of the State-County Criminal Justice Partnership Program. The report shall include the following information:

(1) The amount of funds carried over from the prior fiscal year;
(2) The dollar amount and purpose of grants awarded to counties as discretionary grants for the current fiscal year;
(3) Any counties the Department anticipates will submit requests for new implementation grants;
(4) An update on efforts to ensure that all counties make use of the electronic reporting system, including the number of counties submitting offender participation data via the system;
(5) An analysis of offender participation data received, including data on each program's utilization and capacity;
(6) An analysis of comparable programs prepared by the Division of Research and Planning, Department of Correction, including a comparison of programs in each program type on selected outcome measures developed by the Division of Community Corrections in consultation with the Fiscal Research Division and the Division of Research and Planning, and a summary of the reports prepared by county Criminal Justice Partnerships Advisory Boards;
(7) A review of whether each sentenced offender program is meeting established program goals developed by the Division of Community Corrections in consultation with the Division of Research and Planning and the State Criminal Justice Partnership Advisory Board;
(8) The number of community offenders and intermediate offenders served by each county program;
(9) The amount of Criminal Justice Partnership funds spent on community offenders and intermediate offenders; and
(10) A short description of the services and programs provided by each partnership, including who the service providers are and the amount of funds each service provider receives.

SECTION 17.15.(d) The Research and Planning Division of the Department of Correction shall review national best practice programs for community corrections and recommend whether the types of programs currently being funded should continue to be funded, and whether alternative programs should be funded if a county wants to expand sanction options. The Division shall report on its review by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Committees, the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee.

REPORT ON PROBATION AND PAROLE CASELOADS

SECTION 17.16.(a) The Department of Correction shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations

Subcommittees on Justice and Public Safety and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on caseload averages for probation and parole officers. The report shall include:

(1) Data on current caseload averages for Probation Parole Officer I, Probation Parole Officer II, and Probation Parole Officer III positions;
(2) An analysis of the optimal caseloads for these officer classifications;
(3) An assessment of the role of surveillance officers;
(4) The number and role of paraprofessionals in supervising low-risk caseloads;
(5) An update on the Department's implementation of the recommendations contained in the National Institute of Correction study conducted on the Division of Community Corrections in 2004;
(6) The selection of a risk assessment and the resulting distribution of offenders among risk levels; and
(7) Any position reallocations in the previous 12 months, and the reasons for and fiscal impact of those reallocations.

SECTION 17.16.(b) The Department of Correction shall conduct a study of probation/parole officer workload at least biannually. The study shall include analysis of the type of offenders supervised, the distribution of the probation/parole officers' time by type of activity, the caseload carried by the officers, and comparisons to practices in other states. The study shall be used to determine whether the caseload goals established by the Structured Sentencing Act are still appropriate, based on the nature of the offenders supervised and the time required to supervise those offenders.

SECTION 17.16.(c) The Department of Correction shall report the results of the study and recommendations for any adjustments to caseload goals to the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by January 1, 2009.

COMMUNITY SERVICE WORK PROGRAM

SECTION 17.17. The Department of Correction shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by February 1 of each year on the integration of the Community Service Work Program into the Division of Community Corrections, including the Department's ability to monitor the collection of offender payments from unsupervised offenders sentenced to community service. The Department shall also report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by February 1 of each year on the average caseloads of Community Service Work Program coordinators, by district, division, and statewide. The report shall also include the money collected, the type and value of the work performed, and the number of offenders in the Community Service Work Program, by type of referral (i.e. parole, supervised probation, unsupervised probation or community punishment, DWI, or any other agency referrals).

PART XVIII. DEPARTMENT OF JUVENILE JUSTICE AND DELINQUENCY PREVENTION

SUPPORT OUR STUDENTS ADMINISTRATIVE COST LIMITS

SECTION 18.1. Of the funds appropriated to the Department of Juvenile Justice and Delinquency Prevention in this act, not more than five hundred thousand dollars ($500,000) for the 2007-2008 fiscal year and not more than five hundred thousand dollars ($500,000) for the 2008-2009 fiscal year may be used to administer the

Support Our Students (S.O.S.) Program, to provide technical assistance to applicants and to local S.O.S. programs, and to evaluate the local S.O.S. programs. The Department may contract with appropriate public or nonprofit agencies to provide the technical assistance, including training and related services.

JCPC GRANT REPORTING AND CERTIFICATION

SECTION 18.2.(a) On or before April 1 each year, the Department of Juvenile Justice and Delinquency Prevention shall submit to the Joint Legislative Commission on Governmental Operations and the Appropriations Committees of the Senate and House of Representatives a list of the recipients of the grants awarded, or preapproved for award, from funds appropriated to the Department for local Juvenile Crime Prevention Council grants. The list shall include for each recipient the amount of the grant awarded, the membership of the local committee or council administering the award funds on the local level, and a short description of the local services, programs, or projects that will receive funds. The list shall also identify any programs that received grant funds at one time but for which funding has been eliminated by the Department of Juvenile Justice and Delinquency Prevention. A written copy of the list and other information regarding the projects shall also be sent to the Fiscal Research Division of the General Assembly.

SECTION 18.2.(b) Each county in which local programs receive Juvenile Crime Prevention Council grant funds from the Department of Juvenile Justice and Delinquency Prevention shall certify annually through its local council to the Department that funds received are not used to duplicate or supplant other programs within the county.

SECTION 18.2.(c) G.S. 143B-519 reads as rewritten:

"**§ 143B-519. Annual report.**

(a) On or before April 1 each year, beginning with the year 2001, the Department shall report to the General Assembly on the effectiveness and cost benefit of every program operated and contracted by the Department and a summary of the local programs that receive State funding. The report shall include the most current institutional populations of juveniles being served by the Department, a comparison of the costs of the services, and a ranking of all programs that provide services to juveniles. The Department shall submit the report to the various State agencies providing services to juveniles.

(b) On or before April 1 each year, the Department shall report to the Chairs of the Appropriations Committees of the Senate and House of Representatives, the Chairs of the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee, and the Fiscal Research Division on the following:

(1) The effectiveness of programs that receive Juvenile Crime Prevention Council grant funds and that serve juveniles who have been adjudicated delinquent or who have been diverted for delinquent offenses. The standards used to evaluate these programs shall include methods for measuring success factors following intervention and shall include those factors that:

a. Reduce the use of alcohol or controlled substances.

b. Reduce subsequent complaints.

c. Reduce violations of terms of community supervision.

d. Reduce convictions for subsequent offenses.

e. Fulfill restitution to victims.

f. Increase parental accountability.

(2) The number of diverted and adjudicated juveniles served.

(3) The specific methods used by the Juvenile Crime Prevention Councils to determine services, programs, and intervention strategies most likely to change behaviors of juvenile offenders.
(4) The total cost for each funded program, including the cost per juvenile and the essential elements of the program.
(5) An assessment of the extent to which programs funded by Juvenile Crime Prevention Council grants:
a. Are compatible with research that shows prevention and early intervention strategies that are effective with juvenile offenders.
b. Are outcome-based in that the grantee describes what outcomes will be achieved or what outcomes have already been achieved.
c. Include an evaluation component.
d. Have a demonstrable impact on success factors.
e. Detect gang participation and divert individuals from gang participation."

SECTION 18.2.(d) The Department shall withhold the fourth quarter payment for local Juvenile Crime Prevention Council grants pending receipt of the annual effectiveness report required by subsection (c) of this section.

REPORTS ON CERTAIN PROGRAMS

SECTION 18.3.(a) Project Challenge North Carolina, Inc., shall report to the Department of Juvenile Justice and Delinquency Prevention and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1 each year on the operation and the effectiveness of its program in providing alternative dispositions and services to juveniles who have been adjudicated delinquent or undisciplined. The report shall include information on:

(1) The source of referrals for juveniles.
(2) The types of offenses committed by juveniles participating in the program.
(3) The amount of time those juveniles spend in the program.
(4) The number of juveniles who successfully complete the program.
(5) The number of juveniles who commit additional offenses after completing the program.
(6) The program's budget and expenditures, including all funding sources.

SECTION 18.3.(b) The Juvenile Assessment Center shall report to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the effectiveness of the Center by April 1 each year. The report shall include information on the number of juveniles served and an evaluation of the effectiveness of juvenile assessment plans and services provided as a result of these plans. In addition, the report shall include information on the Center's budget and expenditures, including all funding sources.

ANNUAL EVALUATION OF COMMUNITY PROGRAMS

SECTION 18.4. The Department of Juvenile Justice and Delinquency Prevention shall conduct an evaluation of the Eckerd and Camp Woodson wilderness camp programs, the teen court programs, the program that grants funds to the local organizations of the Boys and Girls Clubs established pursuant to Section 21.10 of S.L. 1999-237, the Support Our Students Program, the Governor's One-on-One Programs, and multipurpose group homes. The teen court report shall include statistical information on the number of juveniles served, the number and type of offenses

considered by teen courts, referral sources for teen courts, and the number of juveniles that become court-involved after participation in teen courts. The report on the Boys and Girls Clubs program shall include information on:

(1) The expenditure of State appropriations on the program;
(2) The operations and the effectiveness of the program; and
(3) The number of juveniles served under the program.

In conducting the evaluation of each of these programs, the Department shall consider whether participation in each program results in a reduction of court involvement among juveniles. The Department shall also identify whether the programs are achieving the goals and objectives of the Juvenile Justice Reform Act, S.L. 1998-202. The Department shall report the results of the evaluation to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee, the Chairs of the House of Representatives and Senate Appropriations Committees and the Chairs of the Subcommittees on Justice and Public Safety of the House of Representatives and Senate Appropriations Committees by March 1 of each year.

STATE FUNDS MAY BE USED AS FEDERAL MATCHING FUNDS

SECTION 18.5. Funds appropriated in this act to the Department of Juvenile Justice and Delinquency Prevention for the 2007-2008 fiscal year may be used as matching funds for the Juvenile Accountability Incentive Block Grants. If North Carolina receives Juvenile Accountability Incentive Block Grants, or a notice of funds to be awarded, the Office of State Budget and Management and the Governor's Crime Commission shall consult with the Department of Juvenile Justice and Delinquency Prevention regarding the criteria for awarding federal funds. The Office of State Budget and Management, the Governor's Crime Commission, and the Department of Juvenile Justice and Delinquency Prevention shall report to the Appropriations Committees of the House of Representatives and Senate and the Joint Legislative Commission on Governmental Operations prior to allocation of the federal funds. The report shall identify the amount of funds to be received for the 2007-2008 fiscal year, the amount of funds anticipated for the 2008-2009 fiscal year, and the allocation of funds by program and purpose.

REPORTING ON TREATMENT STAFFING MODEL AT YOUTH DEVELOPMENT CENTERS

SECTION 18.6.(a) The Department of Juvenile Justice and Delinquency Prevention shall continue quarterly reporting during the 2007-2008 fiscal year to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the implementation of the treatment staffing model at Samarkand and Stonewall Jackson Youth Development Centers, including the latest results of the evaluation of the pilot treatment staffing models at the Centers and the progress in implementing the model at other youth development centers.

SECTION 18.6.(b) The Department shall implement the staffing treatment model presented to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee as part of the Department's November 14, 2006, report regarding the joint use with the Department of Correction of the Swannanoa Youth Development Center campus.

The staffing levels of the new youth development centers shall be capped at 66 staff for a 32-bed facility and 198 staff for the 96-bed facility for the 2007-2009 fiscal biennium. Staffing ratios shall be no more than 2.1 staff per every juvenile committed at every other existing youth development center.

SECTION 18.6.(c) In the April 1, 2008, report, the Department shall include a recommendation on whether the staffing and budget for youth development centers should be modified to reflect the results of the pilot treatment programs.

PROGRESS REPORTS ON YOUTH DEVELOPMENT CENTER CAPITAL PROJECTS

SECTION 18.7. The Department of Juvenile Justice and Delinquency Prevention shall report quarterly during the 2007-2009 fiscal biennium, beginning October 1, 2007, to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the Department's progress in the planning, design, and construction of new youth development centers. The report shall include:

(1) An overall project schedule for each new youth development center showing the original estimated date for construction completion and the original estimated date for occupancy by juvenile offenders, compared to the latest projected dates.

(2) An explanation of significant delays in the schedule or any potential cost increase.

The Office of State Construction and the Capital Improvement Section of the Office of State Budget and Management shall assist the Department of Juvenile Justice and Delinquency Prevention in the preparation of the report required by this section.

STUDY OF STATE DETENTION CENTERS

SECTION 18.8. The Department of Juvenile Justice and Delinquency Prevention shall study the nine juvenile detention centers that are operated by the State. For each of the facilities, the review shall include:

(1) Recent admission trends and projections of future population.

(2) The offense history and assessed needs of the population.

(3) Whether staffing levels are appropriate for the number and types of offenders housed in the facility.

(4) Whether the center has adequate housing capacity.

(5) Determine the repair and renovation needs and estimate the cost of any repairs or renovations.

(6) The estimated cost to plan, design, and construct new detention centers, if appropriate.

(7) Information on security and control of the facility, including assaults, escapes, and infractions.

The Department shall report its findings to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and the Senate Appropriations Subcommittees on Justice and Public Safety no later than March 1, 2008.

YOUTH DEVELOPMENT CENTER SCHOLARSHIPS

SECTION 18.9. Funds appropriated to the North Carolina Community College Foundation during the 2003-2004 fiscal year in S.L. 2003-284 for community college scholarships for students who have completed their commitment to a Youth Development Center and who have obtained a high school diploma or its equivalent are hereby transferred to the Department of Juvenile Justice and Delinquency Prevention. The Department of Juvenile Justice and Delinquency Prevention shall administer the community college scholarship program described in this section.

REPORT ON ECKERD FAMILY FOCUS ON REHABILITATIVE TREATMENT (EFFORT) PROJECT

SECTION 18.10. The Department and Eckerd Family Youth Alternatives, Inc., shall report by April 1, 2008, and quarterly thereafter to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the progress of the Eckerd Family Focus on Rehabilitative Treatment (EFFORT) project. The report shall include lessons learned from the EFFORT project, staff assignments by shift, and implementation of the therapeutic model.

PROGRESS REPORT ON JOINT USE BY THE DEPARTMENT OF CORRECTION AND THE DEPARTMENT OF JUVENILE JUSTICE AND DELINQUENCY PREVENTION OF THE SWANNANOA VALLEY YOUTH DEVELOPMENT CENTER

SECTION 18.11. The Department of Juvenile Justice and Delinquency Prevention and the Department of Correction shall report quarterly during the 2007-2009 fiscal biennium, beginning October 1, 2007, to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the joint use by both departments of the Swannanoa Valley Youth Development Center. The report shall include an explanation of significant delays in converting the Swannanoa Valley Youth Development Center into a facility that functions as an adult female correctional center as well as a youth development center and any cost increase related to that conversion.

PART XIX. DEPARTMENT OF ADMINISTRATION

REDESIGNATION OF THE GOVERNOR'S ADVOCACY COUNCIL FOR PERSONS WITH DISABILITIES

SECTION 19.1.(a) Part 14A of Article 9 of Chapter 143B of the General Statutes is repealed.

SECTION 19.1.(b) Pursuant to the Developmental Disabilities Assistance and Bill of Rights Act, the Governor shall redesignate the operation and function of the Governor's Advocacy Council for Persons with Disabilities from the Department of Administration to a nongovernmental entity. The Governor shall follow the federal statutory procedure for redesignation found at 45 C.F.R. § 1386.20, with a target transfer date of July 1, 2007.

SECTION 19.1.(c) G.S. 120-123(3) is repealed.

SECTION 19.1.(d) G.S. 122A-5.11(a)(5) reads as rewritten:

"(a) The Housing Coordination and Policy Council shall consist of 15 representatives, as follows:

...

(5) One member of the ~~Governor's Advocacy Council for Persons with Disabilities~~ State protection and advocacy agency designated under the Developmental Disabilities Assistance and Bill of Rights Act 2000, P.L. 106-402, who is familiar with the housing needs of the disabled.

...."

SECTION 19.1.(e) G.S. 122C-31(b) reads as rewritten:

"(b) Upon receipt of notification from a facility in accordance with subsection (a) of this section, the Secretary shall notify the ~~Governor's Advocacy Council for Persons~~

~~With Disabilities~~ State protection and advocacy agency designated under the Developmental Disabilities Assistance and Bill of Rights Act 2000, P.L. 106-402, that a person with a disability has died. The Secretary shall provide the ~~Council~~ agency access to the information about each death reported pursuant to subsection (a) of this section, including information resulting from any investigation of the death by the Department and from reports received from the Chief Medical Examiner pursuant to G.S. 130A-385. The ~~Council~~ agency shall use the information in accordance with its powers and duties under ~~G.S. 143B-403.1 and~~ applicable State and federal law and regulations."

SECTION 19.1.(f) G.S. 122C-31(e) reads as rewritten:

"(e) Nothing in this section abrogates State or federal law or requirements pertaining to the confidentiality, privilege, or other prohibition against disclosure of information provided to the Secretary or the ~~Council.~~ agency. In carrying out the requirements of this section, the Secretary and the ~~Council~~ agency shall adhere to State and federal requirements of confidentiality, privilege, and other prohibitions against disclosure and release applicable to the information received under this section. A facility or provider that makes available confidential information in accordance with this section and with State and federal law is not liable for the release of the information."

SECTION 19.1.(g) G.S. 131D-10.6B(b) reads as rewritten:

"(b) Upon receipt of notification from a facility in accordance with subsection (a) of this section, the Department shall notify the ~~Governor's Advocacy Council for Persons With Disabilities~~ State protection and advocacy agency designated under the Developmental Disabilities Assistance and Bill of Rights Act 2000, P.L. 106-402, that a person with a disability has died. The Department shall provide the ~~Council~~ agency access to the information about each death reported to the ~~Council~~ agency pursuant to subsection (a) of this section, including information resulting from any investigation of the death by the Department, and from reports received from the Chief Medical Examiner pursuant to G.S. 130A-385. The ~~Council~~ agency shall use the information in accordance with its powers and duties under ~~G.S. 143B-403.1 and~~ applicable State and federal law and regulations."

SECTION 19.1.(h) G.S. 131D-10.6B(d) reads as rewritten:

"(d) Nothing in this section abrogates State or federal law or requirements pertaining to the confidentiality, privilege, or other prohibition against disclosure of information provided to the Department or the ~~Council.~~ agency. In carrying out the requirements of this section, the Department and the ~~Council~~ agency shall adhere to State and federal requirements of confidentiality, privilege, and other prohibitions against disclosure and release applicable to the information received under this section. A facility or provider that makes available confidential information in accordance with this section and with State and federal law is not liable for the release of the information."

SECTION 19.1.(i) G.S. 131D-34.1(b) reads as rewritten:

"(b) Upon receipt of notification from an adult care home in accordance with subsection (a) of this section, the Department of Health and Human Services shall notify the ~~Governor's Advocacy Council for Persons With Disabilities~~ State protection and advocacy agency designated under the Developmental Disabilities Assistance and Bill of Rights Act 2000, P.L. 106-402, that a person with a disability has died. The Department shall provide the ~~Council~~ agency access to the information about each death reported pursuant to subsection (a) of this section, including information resulting from any investigation of the death by the Department and from reports received from the Chief Medical Examiner pursuant to G.S. 130A-385. The ~~Council~~ agency shall use

the information in accordance with its powers and duties under ~~G.S. 143B-403.1 and~~ applicable State and federal law and regulations."

SECTION 19.1.(j) G.S. 131D-34.1(d) reads as rewritten:

"(d) Nothing in this section abrogates State or federal law or requirements pertaining to the confidentiality, privilege, or other prohibition against disclosure of information provided to the Department or the ~~Council.~~ agency. In carrying out the requirements of this section, the Department and the ~~Council~~ agency shall adhere to State and federal requirements of confidentiality, privilege, and other prohibitions against disclosure and release applicable to the information received under this section. A facility or provider that makes available confidential information in accordance with this section and with State and federal law is not liable for the release of the information."

SECTION 19.1.(k) Not later than May 1, 2008, the Department of Administration and the Office of State Personnel shall report to the House Appropriations Subcommittee on General Government and the Senate Appropriations Subcommittee on General Government on the placement or compensation of all State employees affected by the redesignation of the Governor's Advocacy Council for Persons with Disabilities.

SECTION 19.1.(l) This section is effective on the effective date of the redesignation and transfer of the operation and function of the Governor's Advocacy Council for Persons with Disabilities from the Department of Administration to a nongovernmental entity under the Developmental Disabilities Assistance and Bill of Rights Act 2000, P.L. 106-402. Any funds appropriated to the Governor's Advocacy Council for Persons with Disabilities revert to the General Fund on that date.

SEXUAL ASSAULT/RAPE CRISIS CENTER FUNDING

SECTION 19.2.(a) The Department of Administration, the Council for Women, and the Domestic Violence Commission shall distribute funds to the North Carolina Coalition Against Sexual Assault and to rape crisis centers. To receive funds, rape crisis centers shall meet the following criteria:

(1) Operate as a private, nonprofit organization or a local unit of government applying for a rape crisis center that has provided basic services, as defined by the Council for Women and the Domestic Violence Commission, for a one-year period before the date of application;

(2) Have a mission statement that clearly specifies rape crisis services are provided;

(3) Act in support of victims of rape or sexual assault by providing assistance to ensure victims' interests are represented in law enforcement and legal proceedings and support and referral services are provided in medical and community settings; and

(4) Provide a 24-hour crisis hotline.

SECTION 19.2.(b) Grant funds allocated from the General Fund to the Department of Administration, the Council for Women and the Domestic Violence Commission for rape crisis shall be distributed in two equal shares. The North Carolina Coalition Against Sexual Assault and rape crisis centers whose services are confined to rape crisis and sexual assault services shall be allocated the sum of fifty thousand dollars ($50,000) in each year of the 2007-2009 biennium. Organizations that contain rape crisis services in addition to domestic violence services or other support services shall receive an equal share of remaining funds in each year of the 2007-2009 biennium.

TRANSFER OF STATE ENERGY OFFICE AND ENERGY GRANT PROGRAM

SECTION 19.3.(a) The State Energy Office is transferred to the State Construction Office in the Department of Administration, except for the administration of the energy grant program. This transfer shall have all of the elements of a Type I transfer, as defined in G.S. 143A-6. The energy grant program of the State Energy Office is transferred to the Department of Environment and Natural Resources as provided in this section. The Department of Environment and Natural Resources, Office of the Secretary, shall administer the energy grant program and the supporting positions for the grant program. Six positions shall be eliminated as a result of the transfer of the State Energy Office to the State Construction Office and the administration of the energy grant program by the Department of Environment and Natural Resources.

SECTION 19.3.(b) G.S. 143-58.4(b) reads as rewritten:

"(b) Establish Program. – The State ~~Energy~~ Construction Office of the Department, in cooperation with State departments, institutions, and agencies, shall establish and administer an energy credit banking and selling program to allow State departments, institutions, and agencies to use moneys generated by the sale of EPAct credits to purchase alternative fuel, develop alternative fuel refueling infrastructure, and purchase AFVs for use by State departments, institutions, and agencies. Each State department, institution, and agency shall provide the State ~~Energy~~ Construction Office with all vehicle fleet information necessary to determine the number of EPAct credits generated annually by the State. The State ~~Energy~~ Construction Office may sell credits in any manner that is in accordance with the provisions of the Energy Policy Act."

SECTION 19.3.(c) G.S. 143-64.11 reads as rewritten:

"**§ 143-64.11. Definitions.**

For purposes of this Article:

...

~~(2a) "Energy Office" means the State Energy Office of the Department of Administration.~~

...

(8a) "State Construction Office" means the State Construction Office of the Department of Administration."

SECTION 19.3.(d) G.S. 143-64.17F reads as rewritten:

"**§ 143-64.17F. State agencies to use contracts when feasible; rules; recommendations.**

(a) State governmental units shall evaluate the use of guaranteed energy savings contracts in reducing energy costs and may use those contracts when feasible and practical.

(b) The Department of Administration, through the State ~~Energy~~ Construction Office, shall adopt rules for: (i) agency evaluation of guaranteed energy savings contracts; (ii) establishing time periods for consideration of guaranteed energy savings contracts by the Office of State Budget and Management, the Office of the State Treasurer, and the Council of State, and (iii) setting measurements and verification criteria, including review, audit, and precertification. Prior to adopting any rules pursuant to this section, the Department shall consult with and obtain approval of those rules from the State Treasurer.

(c) The Department of Administration, through the State ~~Energy~~ Construction Office, may provide to the Council of State its recommendations concerning any energy savings contracts being considered."

SECTION 19.3.(e) G.S. 143-64.17H reads as rewritten:

"**§ 143-64.17H. Report on guaranteed energy savings contracts entered into by State governmental units.**

A State governmental unit that enters into a guaranteed energy savings contract must report the contract and the terms of the contract to the State ~~Energy~~ Construction Office of the Department of Administration within 30 days of the date the contract is entered into. In addition, within 60 days after each annual anniversary date of a guaranteed energy savings contract, the State governmental unit must report the status of the contract to the State ~~Energy~~ Construction Office, including any details required by the State ~~Energy~~ Construction Office. The State ~~Energy~~ Construction Office shall compile the information for each fiscal year and report it to the Joint Legislative Commission on Governmental Operations and to the Local Government Commission annually by December 1. In compiling the information, the State ~~Energy~~ Construction Office shall include information on the energy savings expected to be realized from a contract and shall evaluate whether expected savings have in fact been realized."

SECTION 19.3.(f) G.S. 113B-6(5) is repealed.

SECTION 19.3.(g) Part 3 of Article 36 of Chapter 143 of the General Statutes is recodified as Article 29 of Subchapter VII of Chapter 113 and reads as rewritten:

"**Subchapter VII. Energy.**

"~~Part 3.~~ Article 29.

"Energy Improvement Loan Program.

"**§ ~~143-345.16.~~113-425. Short title.**

This ~~Part~~ Article shall be known as the Energy Improvement Loan Program.

"**§ ~~143-345.17.~~113-426. Legislative findings and purpose.**

The General Assembly finds and declares that it is in the best interest of the citizens of North Carolina to promote and encourage energy efficiency within the State in order to conserve energy, promote economic competitiveness, and expand employment in the State.

"**§ ~~143-345.18.~~113-427. Lead agency; powers and duties.**

(a) For the purposes of this ~~Part,~~Article, the Department of ~~Administration, State Energy Office,~~Environment and Natural Resources is designated as the lead State agency in matters pertaining to ~~energy efficiency.~~the Energy Improvement Loan Program.

(b) The Department shall have the following powers and duties with respect to this Part:

(1) To provide industrial and commercial concerns doing business in North Carolina, local governmental units, and nonprofit organizations operating in North Carolina with information and assistance in undertaking energy conserving capital improvement projects to enhance efficiency.

(2) To ~~establish~~ maintain a revolving ~~fund within~~fund, located in the Department of Administration, for the purpose of providing secured loans in amounts not greater than five hundred thousand dollars ($500,000) per entity to install energy-efficient capital improvements (i) within businesses or nonprofit organizations located within or translocating to North Carolina, and (ii) within local governmental units. In providing these loans, priority shall be given to entities already located in the State.

(2a) To develop and adopt rules to allow State-regulated financial institutions to provide secured loans to corporate entities, nonprofit

organizations, and local governmental units in accordance with terms and criteria established by the Department.

(3) To work with appropriate State and federal agencies to develop and implement rules and regulations to facilitate this program.

(c) The annual interest rate charged for the use of the funds from the revolving fund established pursuant to subdivision (b)(2) of this section shall be three percent (3%) per annum, excluding other fees required for loan application review and origination. The term of any loan originated under this section may not be greater than 10 years.

(c1) Notwithstanding subsection (c) of this section, the Department shall adopt rules to allow loans to be made from the revolving loan fund and by State-regulated financial institutions at interest rates as low as one percent (1%) per annum for certain energy efficient and conservation projects such as recycling and renewable energy to encourage their development and use.

(d) In accordance with the terms of the Stripper Well Settlement, administrative expenses for activities under this section shall be limited to five percent (5%) of funds appropriated for this purpose.

(e) For purposes of this section:

(1) "Local governmental unit" means any board or governing body of a political subdivision of the State, including any board of a community college, any school board, or an agency, commission, or authority of a political subdivision of the State.

(2) "Nonprofit organization" means an organization that is exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code."

SECTION 19.3.(h) The Department of Environment and Natural Resources may adopt rules pursuant to G.S. 113-427(b)(3) that are substantively identical to the rules adopted by the Department of Administration, State Energy Office, regarding the Energy Improvement Loan Program.

SECTION 19.3.(i) Subchapter VII of Chapter 113 of the General Statutes, as enacted in this section, is amended by adding a new Article to read:

"Article 30.

"Energy Improvement Grants.

"**§ 113-430. Awarding grants; Energy Policy Council approval required.**

(a) The Department of Environment and Natural Resources shall administer all continuing grants awarded prior to July 1, 2007, by the Department of Administration, State Energy Office, except grants for the State Energy Savings Program, the State Utility Savings Initiative, or grants to update the State Energy Plan and shall administer and shall adopt rules and procedures for awarding future grants for energy conservation, research, or efficiency. Prior to awarding any grant under this Article, the Department of Administration must verify sufficient funds are available. The Energy Policy Council shall approve all grants awarded under this Article and shall direct the Department of Administration to issue funds for the grants.

(b) The Department may apply for and accept grants of money from any federal agency or any public or private sources to carry out the purposes of this Article.

(c) Existing grant funds and new grant funds shall be administered by the Department, but all funds shall be located in and distributed by the Department of Administration."

SECTION 19.3.(j) G.S. 113B-11 reads as rewritten:

"**§ 113B-11. Powers and authority.**

...

(c) The Council shall have authority to ~~apply for and~~ utilize ~~grants, contributions~~contributions and appropriations in order to carry out its duties as defined in Articles 1 and 2 of this Chapter, provided, however, that all such applications and requests are made through and administered by the Department of Administration.

...

(e1) The Council shall review applications for grants for energy conservation, research, or efficiency, under Article 30 of Chapter 113 of the General Statutes, and shall approve, approve in part, or disapprove the applications."

SECTION 19.3.(k) The Department shall develop a Strategic Plan for Energy Grants to set forth the proposed criteria and guidelines to award and administer future grants. The plan shall include the proposed distribution of grant funds for energy purposes, which may include energy efficiency, renewable energy, alternative fuels, and energy conservation. The Department shall submit the plan to the Energy Policy Council and to the Chairs of the House Appropriations Committee and the Chairs of the Senate Appropriations Committee no later than November 1, 2007. After consultation with the House and Senate Appropriation Chairs, the Energy Policy Council shall approve the plan no later than March 1, 2008. The plan shall be approved prior to any new grants being awarded.

STATE EMPLOYEE PARKING CHANGES

SECTION 19.4.(a) Section 4 of S.L. 2006-231 is repealed.

SECTION 19.4.(b) The Department of Administration shall immediately cease the construction of a new parking facility in the City of Raleigh that had been authorized by Section 4 of S.L. 2006-231.

SECTION 19.4.(c) The Department of Administration shall no longer provide reserved spaces for State employee parking in the City of Raleigh Downtown Complex except for parking decks located belowground and parking lots with fewer than 30 employee spaces. The Department shall overbook parking decks or parking lots by no more than fifteen percent (15%). State employees who work in the City of Raleigh Downtown Complex shall be given priority over State employees whose offices are located outside of this complex and those who use service vehicles.

SECTION 19.4.(d) The Department may use funds from parking revenues that are in excess of parking system expense requirements to subsidize up to half the cost of vanpools and shall provide preferred parking to vanpools.

SECTION 19.4.(e) The Office of State Budget and Management, in consultation with the Department of Administration, shall study the overall plan for State employee parking in the City of Raleigh. As part of the study, the Office of State Budget and Management shall consider the use of alternative transportation to increase car pools, vanpools, use of park and ride lots, and city and county transit options. The Office of State Budget and Management shall report its findings and recommendations to the Senate Appropriations Committee on General Government and the House of Representatives Appropriations Subcommittee on General Government and Information Technology by May 1, 2008.

PART XX. OFFICE OF THE STATE CONTROLLER

OVERPAYMENTS AUDIT

SECTION 20.1.(a) During the 2007-2009 biennium, receipts generated by the collection of inadvertent overpayments by State agencies to vendors as a result of pricing errors, neglected rebates and discounts, miscalculated freight charges, unclaimed

refunds, erroneously paid excise taxes, and related errors as required by G.S. 147-86.22(c) are to be deposited in the Special Reserve Account 24172.

SECTION 20.1.(b) For the 2007-2009 biennium, five hundred thousand dollars ($500,000) of the funds transferred from the Special Reserve Account 24172 shall be used by the Office of the State Controller for data processing, debt collection, or e-commerce costs.

SECTION 20.1.(c) All funds available in the Special Reserve Account 24172 on July 1 of each year of the 2007-2009 biennium are transferred to the General Fund on that date.

SECTION 20.1.(d) Any unobligated funds in the Special Reserve Account 24172 that are realized above the allowance in subsection (b) of this section are subject to appropriation by the General Assembly in the 2008 Regular Session of the 2007 General Assembly.

SECTION 20.1.(e) The State Controller shall report quarterly to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on the revenue deposited into the Special Reserve Account 24172 and the disbursement of that revenue.

PART XXI. DEPARTMENT OF CULTURAL RESOURCES

GRASSROOTS ARTS PROGRAM FUNDING

SECTION 21.1.(a) G.S. 143B-122 reads as rewritten:

"**§ 143B-122. Distribution of funds.**

~~Funds~~ Of the funds available under the Grassroots Arts ~~Program~~ Program, twenty percent (20%) of the total shall be distributed among the counties equally, and the remaining eighty percent (80%) shall be distributed among the counties on a per capita basis."

SECTION 21.1.(b) Any funds distributed by the Department of Cultural Resources under the Grassroots Arts Program for the 2000-2001 through 2006-2007 fiscal years are hereby ratified, validated, and confirmed.

PART XXII. OFFICE OF THE GOVERNOR

HOUSING FINANCE AGENCY SHALL CONTINUE AND EXPAND THE NORTH CAROLINA HOME PROTECTION PILOT PROGRAM AND LOAN FUND

SECTION 22.1.(a) The North Carolina Housing Finance Agency shall continue, develop, implement, and administer a pilot program to assist North Carolina workers who have lost jobs as a result of changing economic conditions in North Carolina when the workers are in need of assistance to avoid losing their homes to foreclosure. The Agency shall do all of the following:

(1) Develop and administer the North Carolina Home Protection Pilot Program and Loan Fund to ensure that workers in the counties selected for the Pilot have assistance to avoid losing their homes to foreclosure. The Program shall include all counties that had greater than seven percent (7%) average unemployment in the 2004-2005 fiscal year.

(2) Make loans secured by liens on residential real property located in North Carolina to property owners who are eligible for those loans.

(3) Develop and administer procedures by which property owners at risk of being foreclosed upon may qualify for assistance.

(4) Designate, approve, and fund nonprofit counseling agencies in counties participating in the Program to be available to assist the Agency in implementing the provisions of this section, provide services such as direct mortgagee negotiations on behalf of unemployed workers, and process loan applications for the Agency.

(5) Develop and fund enhanced methods by which workers may be notified of foreclosure mitigation services, may easily contact local nonprofit counseling agencies, and may apply for loans from the Agency.

(6) No later than April 1, 2008, report to the Chairs of the Appropriations Committees of the Senate and the House of Representatives on the effectiveness of the Program in accomplishing its purposes and provide any other information the Agency determines is pertinent or that the General Assembly requests.

SECTION 22.1.(b) As used in this section, the following definitions apply:

(1) Agency. – The North Carolina Housing Finance Agency.

(2) Counseling agency. – A nonprofit counseling agency located in North Carolina that is approved by the North Carolina Housing Finance Agency.

(3) Mortgage. – An obligation evidenced by a security document and secured by a lien upon real property located within North Carolina, including a deed of trust and land sale agreement. Mortgage also means an obligation evidenced by a security lien on real property upon which an owner-occupied mobile home is located.

(4) Mortgagee. – The owner of a beneficial interest in a mortgage loan, the servicer for the owner of a beneficial interest in a mortgage loan, or the trustee for a securitized trust that holds title to a beneficial interest in a mortgage loan.

SECTION 22.1.(c) Notwithstanding Chapters 23, 24, and 45 of the General Statutes or any other provision of law, upon the proper filing of an application for loan assistance by a mortgagor under this section, a mortgagee shall not do the following:

(1) Accelerate the maturity of any mortgage obligation covered under this section.

(2) Commence or continue any legal action, including mortgage foreclosure pursuant to Chapter 45 of the General Statutes, to recover the mortgage obligation.

(3) Take possession of any security of the mortgagor for the mortgage obligation.

(4) Procure or receive a deed in lieu of foreclosure.

(5) Enter judgment by confession pursuant to a note accompanying a mortgage.

(6) Proceed to enforce the mortgage obligation pursuant to applicable rules of civil procedure for a period of 120 days following the date of the mortgagor's properly filed application.

The provisions of this section shall not apply if the mortgagee receives notice from the Agency that the mortgagor's application has been denied.

If a mortgagee acts as proscribed in subdivisions (1) through (6) of this subsection, a mortgagor shall be entitled to injunctive relief without the necessity of providing a bond. This relief shall be in addition to any defenses available under G.S. 45-21.16(d) and any other remedies at law or equity.

Upon the Agency's receipt of a properly filed mortgagor's application for loan assistance, the Agency shall mail notice of the application to the mortgagor's mortgagee within five business days of the Agency's receipt of the application. The Agency shall also mail notice of the acceptance or denial of the mortgagor's application to the mortgagee within five days of the Agency's determination. Notice shall be deemed sufficient if sent to the last known address of the mortgagee.

SECTION 22.1.(d) Rule Making. – Solely with respect to the adoption of procedures for the pilot program by which property owners at risk of being foreclosed upon may qualify for assistance, the Agency is exempt from the requirements of Article 2A of Chapter 150B of the General Statutes. Prior to adoption or amendment of procedures, the Agency shall:

(1) Publish the proposed procedures in the North Carolina Register at least 30 days prior to the adoption of the final procedures.

(2) Accept oral and written comments on the proposed procedures.

(3) Hold at least one public hearing on the proposed procedures.

SECTION 22.1.(e) Funds appropriated under this act to the Agency that are unexpended and unencumbered shall not revert but shall remain available to be used for the expansion of the program to additional counties as provided by this section.

SECTION 22.1.(f) This section applies only to the 2007-2008 fiscal year.

PART XXIII. OFFICE OF STATE BUDGET AND MANAGEMENT

MILITARY MORALE, RECREATION, AND WELFARE FUNDS

SECTION 23.1. Funds appropriated in this act to the Office of State Budget and Management to the Reserve for the Military Morale, Recreation, and Welfare Fund and distributed to each military installation on a per capita basis shall be deposited in the Military Morale, Recreation, and Welfare Fund for each installation and used only for community services and other expenditures to improve quality of life programs for military members and their families in North Carolina.

LICENSING BOARD REPORTING REQUIREMENT

SECTION 23.2. G.S. 93B-2(b) reads as rewritten:

"(b) Each occupational licensing board shall file with the Secretary of State, the Attorney General, the Office of State Budget and Management, and the Joint Legislative Administrative Procedure Oversight Committee a financial report that includes the source and amount of all funds credited to the occupational licensing board and the purpose and amount of all funds disbursed by the occupational licensing board during the previous 12-month period."

STUDY OF THE WORKERS' COMPENSATION PROGRAM IN STATE AGENCIES

SECTION 23.3. The Office of State Budget and Management, in consultation with the Office of State Personnel and the Office of State Controller, shall conduct a study of the Workers' Compensation Program in State agencies and institutions to determine if the third-party administration of the program continues to be the most effective mode of administration; to determine if the current method of funding is still the most effective method; to determine whether excess coverage policies are needed; and to identify any other operational inefficiencies in program operations that might exist. The Office of State Budget and Management shall submit a final report outlining the related findings and recommendations for improvements to the Joint

Legislative Commission on Governmental Operations and the Fiscal Research Division by March 1, 2008.

MODIFY STATE FIRE PROTECTION GRANT FUND

SECTION 23.4.(a) Effective July 1, 2007, G.S. 58-85A-1(c) reads as rewritten:

"(c) It is the intent of the General Assembly to appropriate annually to the State Fire Protection Grant Fund ~~at least three million eighty thousand dollars ($3,080,000)~~ up to four million three hundred thirty thousand dollars ($4,330,000) from the General Fund, ~~one hundred fifty thousand dollars ($150,000)~~ one hundred fifty-eight thousand dollars ($158,000) from the Highway Fund, and ~~nine hundred seventy thousand dollars ($970,000)~~ one million three hundred forty-five thousand dollars ($1,345,000) from University of North Carolina receipts. Funds received from the General Fund shall be allocated only for providing local fire protection for State-owned property supported by the General Fund; funds received from the Highway Fund shall be allocated only for providing local fire protection for State-owned property supported by the Highway Fund; and funds received from University of North Carolina receipts shall be allocated only for providing local fire protection for State-owned property supported by University of North Carolina receipts."

SECTION 23.4.(b) Effective July 1, 2008, G.S. 58-85A-1(c), as amended by subsection (a) of this section, reads as rewritten:

"(c) It is the intent of the General Assembly to appropriate annually to the State Fire Protection Grant Fund up to ~~four million three hundred thirty thousand dollars ($4,330,000)~~three million eight hundred eighty thousand dollars ($3,880,000) from the General Fund, one hundred fifty-eight thousand dollars ($158,000) from the Highway Fund, and one million three hundred forty-five thousand dollars ($1,345,000) from University of North Carolina receipts. Funds received from the General Fund shall be allocated only for providing local fire protection for State-owned property supported by the General Fund; funds received from the Highway Fund shall be allocated only for providing local fire protection for State-owned property supported by the Highway Fund; and funds received from University of North Carolina receipts shall be allocated only for providing local fire protection for State-owned property supported by University of North Carolina receipts."

PART XXIV. DEPARTMENT OF REVENUE

WHITE GOODS DISPOSAL TAX PROGRAM

SECTION 24.1. G.S. 105-187.24 reads as rewritten:

"**§ 105-187.24 Use of tax proceeds.**

The Secretary shall distribute the taxes collected under this Article, less the Department of Revenue's allowance for administrative expenses, in accordance with this section. The Secretary may retain the Department's cost of collection, not to exceed ~~two hundred twenty-five thousand dollars ($225,000)~~ four hundred twenty-five thousand dollars ($425,000) a year, as reimbursement to the Department.

Each quarter, the Secretary shall credit eight percent (8%) of the net tax proceeds to the Solid Waste Management Trust Fund and shall credit twenty percent (20%) of the net tax proceeds to the White Goods Management Account. The Secretary shall distribute the remaining seventy-two percent (72%) of the net tax proceeds among the counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Department shall not distribute the tax proceeds to a county when notified not to do so by the Department of

Environment and Natural Resources under G.S. 130A-309.87. If a county is not entitled to a distribution, the proceeds allocated for that county will be credited to the White Goods Management Account.

A county may use funds distributed to it under this section only as provided in G.S. 130A-309.82. A county that receives funds under this section and that has an interlocal agreement with another unit of local government under which the other unit provides for the disposal of solid waste for the county must transfer the amount received under this section to that other unit. A unit to which funds are transferred is subject to the same restrictions on use of the funds as the county."

SCRAP TIRE DISPOSAL TAX PROGRAM

SECTION 24.2. G.S. 105-187.19(a) reads as rewritten:

"(a) The Secretary shall distribute the taxes collected under this Article, less the allowance to the Department of Revenue for administrative expenses, in accordance with this section. The Secretary may retain the cost of collection by the Department, not to exceed ~~two hundred twenty-five thousand dollars ($225,000)~~ four hundred twenty-five thousand dollars ($425,000) a year, as reimbursement to the Department."

EITC REQUIREMENTS

SECTION 24.3.(a) The Department of Revenue shall include language in its printed booklets for the individual income tax return that identifies the availability of the earned income tax credit.

SECTION 24.3.(b) In order to better ensure taxpayers receive the tax benefits for which they qualify, software companies producing computer programs for tax calculation should design all tax calculation software, other than forms library products, to automatically compute an individual's eligibility for the earned income tax credit when (i) the taxpayer is a North Carolina resident and (ii) the taxpayer is preparing both the federal and North Carolina individual income tax returns with the tax calculation software.

SECTION 24.3.(c) This section is effective for taxable years beginning on or after January 1, 2007.

TRANSFER REVENUE HEARINGS TO OAH

SECTION 24.4. The positions of one Assistant Secretary and one associated support position, presently assigned to the Department of Revenue for the purpose of hearing appeals on the cases, are transferred to the Office of Administrative Hearings by a Type II transfer as defined by G.S. 143A-6. The Chief Administrative Law Judge shall be responsible for the hiring of these positions.

PART XXV. STATE BOARD OF ELECTIONS

STATE BOARD OF ELECTIONS MOE AND HAVA FUND USE

SECTION 25.1.(a) The State Board of Elections shall use funds in the Maintenance of Effort Reserve as follows:

(1) $1,440,000 nonrecurring in fiscal year 2007-2008 for ballot printing for the 2008 first primary.

(2) $840,000 nonrecurring in fiscal year 2007-2008 for ballot printing for the 2008 second primary if a federal election is on the ballot.

(3) $1,260,000 nonrecurring in fiscal year 2008-2009 for ballot printing for the 2008 general election.

(4) $1,500,000 nonrecurring in fiscal year 2007-2008 and $500,000 nonrecurring in fiscal year 2008-2009 to rebuild the State Elections Information Management System (SEIMS).

(5) $100,000 recurring in fiscal year 2007-2008 for the required training for all county boards of elections staff on voting equipment operating procedures.

(6) $427,500 recurring in fiscal year 2007-2008 to centralize ballot coding in North Carolina to provide oversight, ensure accuracy of election preparation, and reduce errors with ballot styles.

(7) $150,000 recurring in fiscal year 2007-2008 to hire 20 additional election technicians across the State to deal with technical problems that arise on a 2008 Election Day in which a federal election is on the ballot.

SECTION 25.1.(b) The State Board of Elections shall use funds in the Election Fund under G.S. 163-82.28 (HAVA funds) as follows:

(1) $2,525,000 nonrecurring in fiscal year 2007-2008 and $2,525,000 nonrecurring in fiscal year 2008-2009 for maintenance performed on voting equipment.

(2) $750,000 nonrecurring in fiscal year 2007-2008 and $1,750,000 nonrecurring in fiscal year 2008-2009 provided for additional one-stop absentee voting (early voting) sites for the 2008 first primary and general election if a federal election is on the ballot.

PART XXVI. DEPARTMENT OF THE STATE TREASURER

FUNDS FOR AUDITING STATE EMPLOYEE SERVICE RECORDS; REPORTING REQUIREMENTS

SECTION 26.1.(a) Of the funds appropriated in this act to the Department of State Treasurer, Retirement Systems Division, the sum of one million two hundred thousand dollars ($1,200,000) for the 2007-2008 fiscal year shall be used to contract for the auditing of State employee service records. The Retirement Systems Division shall submit an interim report on the number of State employee service records verified to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division no later than April 30, 2008.

SECTION 26.1.(b) The Department of State Treasurer, Retirement Systems Division, shall report quarterly beginning October 31, 2007, on all contracts by funding sources and on the use of lapsed salary savings to the Joint Legislative Commission on Governmental Operations, the Chairs of the House Appropriations Subcommittee on General Government and Senate Appropriations Subcommittee on General Government and Information Technology and to the Fiscal Research Division.

PART XXVII. DEPARTMENT OF TRANSPORTATION

ONE-STOP SHOPS FOR DRIVERS LICENSES AND REGISTRATION PLATES

SECTION 27.1. The Department of Transportation, Division of Motor Vehicles, is prohibited from opening drivers license issuance and vehicle registration issuance and renewal One-Stop Shops until the General Assembly has considered and appropriated funds for the purpose of One-Stop Shops.

The Department of Transportation shall develop a business plan that thoroughly outlines the operational plans of a combined function center, a detailed

budget for each proposed location, and any identified savings gleaned from the combined services. In addition, the Division of Motor Vehicles shall conduct an analysis on the anticipated number of transactions and the impact to independent tag agents in those areas. The report is due to the Joint Legislative Transportation Oversight Committee, the Joint Appropriations Subcommittee for Transportation, and the Fiscal Research Division by March 15, 2008.

CASH FLOW HIGHWAY FUNDS AND HIGHWAY TRUST FUND APPROPRIATIONS

SECTION 27.2.(a) The General Assembly authorizes and certifies anticipated revenues of the Highway Fund as follows:

For Fiscal Year 2009-2010	$1,846.0 million
For Fiscal Year 2010-2011	$1,857.9 million
For Fiscal Year 2011-2012	$1,869.0 million
For Fiscal Year 2012-2013	$1,873.9 million

SECTION 27.2.(b) The General Assembly authorizes and certifies anticipated revenues of the Highway Trust Fund as follows:

For Fiscal Year 2009-2010	$1,174.4 million
For Fiscal Year 2010-2011	$1,204.9 million
For Fiscal Year 2011-2012	$1,236.4 million
For Fiscal Year 2012-2013	$1,276.1 million

FUNDS FOR ECONOMIC DEVELOPMENT, SPOT SAFETY, AND TRANSPORTATION IMPROVEMENT PROGRAM PROJECTS

SECTION 27.3. Of the funds appropriated by this act to the Department of Transportation in fiscal year 2007-2008, nine million three hundred thirty-eight thousand four hundred four dollars ($9,338,404) shall be used for economic development transportation projects recommended by the member of the Board of Transportation representing the Division in which the project is to be constructed in consultation with the Division Engineer and approved by the Board of Transportation. These funds, in addition to any remaining funds which were appropriated to the Department pursuant to Section 28.27 of S.L. 2005-276, shall be allocated equally among the 14 Divisions. Funds in each Division not needed for economic development projects shall be used on spot safety needs to enhance safety, reduce congestion, improve traffic flow, reduce accidents, and for system preservation. Funds not identified for economic development and spot safety projects prior to December 31, 2007, shall be used on Transportation Improvement Program projects. The Secretary of Transportation shall not prevent or delay the implementation of any projects approved by the Board of Transportation pursuant to this section.

CONSOLIDATION OF RURAL FUNDING PROGRAMS BY THE DEPARTMENT OF TRANSPORTATION'S PUBLIC TRANSPORTATION DIVISION

SECTION 27.4. The Department of Transportation, Public Transportation Division, may consolidate its rural funding programs for vehicles, technology, and facilities into one large capital program. The Division shall have the flexibility to transfer funding from the consolidated capital program to the operating programs, based on the ability to leverage additional federal funds to meet the capital needs of rural transportation systems. The Department shall report on the use of funds and effectiveness of the provisions of this section to the Joint Appropriations Subcommittee on Transportation and the Fiscal Research Division by March 15, 2008.

SMALL CONSTRUCTION AND CONTINGENCY FUNDS

SECTION 27.5. Of the funds appropriated in this act to the Department of Transportation:

(1) Twenty-one million dollars ($21,000,000) shall be allocated in each fiscal year for small construction projects recommended by the member of the Board of Transportation representing the Division in which the project is to be constructed in consultation with the Division Engineer and approved by the Board of Transportation. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for small construction projects.

(2) Fifteen million dollars ($15,000,000) in fiscal year 2007-2008 and fifteen million dollars ($15,000,000) in fiscal year 2008-2009 shall be used statewide for rural or small urban highway improvements and related transportation enhancements to public roads and public facilities, industrial access roads, and spot safety projects, including pedestrian walkways that enhance highway safety. Projects funded pursuant to this subdivision shall be approved by the Secretary of Transportation.

None of these funds used for rural secondary road construction are subject to the county allocation formulas in G.S. 136-44.5(b) and (c).

These funds are not subject to G.S. 136-44.7.

The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's action. The Department shall make a quarterly comprehensive report on the use of these funds to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division.

FUNDS FOR UNSAFE OR OBSOLETE FIELD FACILITIES

SECTION 27.6. Of the funds appropriated in this act to the Department of Transportation, the Department may use funds not to exceed seventy-five hundredths of one percent (.75%) for maintenance and construction programs for major repair, renovation, or replacement of its field facilities that fail to meet safety standards or that are obsolete for current or future use. Prior to expending these funds, the Department shall submit its proposed budget for these expenditures to the Senate Appropriations Subcommittee on Transportation, the House of Representatives Appropriations Subcommittee on Transportation, and the Joint Legislative Transportation Oversight Committee each year.

MODIFY GLOBAL TRANSPARK DEBT

SECTION 27.7. G.S. 147-69.2(b)(11), as amended by Section 7 of S.L. 2005-144, Section 2 of S.L. 2005-201, and Section 28.17 of S.L. 2005-276 reads as rewritten:

"(b) It shall be the duty of the State Treasurer to invest the cash of the funds enumerated in subsection (a) of this section in excess of the amount required to meet the current needs and demands on such funds, selecting from among the following:

...

(11) With respect to assets of the Escheat Fund, obligations of the North Carolina Global TransPark Authority authorized by G.S. 63A-4(a)(22), not to exceed twenty-five million dollars ($25,000,000), that have a final maturity not later than October 1, ~~2007.~~2009. The obligations

shall bear interest at the rate set by the State Treasurer. No commitment to purchase obligations may be made pursuant to this subdivision after September 1, 1993, and no obligations may be purchased after September 1, 1994. In the event of a loss to the Escheat Fund by reason of an investment made pursuant to this subdivision, it is the intention of the General Assembly to hold the Escheat Fund harmless from the loss by appropriating to the Escheat Fund funds equivalent to the loss.

If any part of the property owned by the North Carolina Global TransPark Authority now or in the future is divested, proceeds of the divestment shall be used to fulfill any unmet obligations on an investment made pursuant to this subdivision.

..."

DIVISION OF MOTOR VEHICLES REPORT ON REAL ID ACT COMPLIANCE

SECTION 27.8. The Department of Transportation shall report on the expenditure plan for the use of the reserved funds appropriated for the Secure ID and Card Production System. The plan shall include the projected costs associated with the federal government's requirements for complying with P.L. 109-13, the REAL ID Act of 2005. The Department shall report to the Joint Legislative Transportation Oversight Committee and the Joint Appropriations Subcommittee for Transportation by May 1, 2008.

DEPARTMENT OF TRANSPORTATION PRODUCTIVITY PILOT PROGRAMS

SECTION 27.9.(a) The Department of Transportation may continue the productivity pilot programs in the road oil, bridge inspection and pavement markings units implemented under Section 29.3 of S.L. 2003-284 and Section 28.9 of S.L. 2005-276. The Department of Transportation may expend up to one-half of one percent (0.50%) of the budget allocation for these programs for employee incentive payments to maintain the increased efficiency and productivity under these programs.

SECTION 27.9.(b) The Department of Transportation may establish up to two additional pilot programs to test incentive pay for employees as a means of increasing and maintaining efficiency and productivity.

These programs may be selected by the Department of Transportation. Up to one-half of one percent (0.50%) of the budget allocation for these programs may be used to provide employee incentive payments.

Incentive payments shall be based on quantifiable measures and production schedules determined prior to the implementation of the pilot programs. Pilot programs implemented under this subsection shall last no more than two years.

SECTION 27.9.(c) The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee on the pilot programs developed under this section at least 30 days prior to their implementation.

DIVISION OF MOTOR VEHICLES LICENSE PLATE RECALL PROGRAM

SECTION 27.11.(a) Of the funds appropriated from the Highway Fund to the Department of Transportation under this act, the Division of Motor Vehicles may expend the sum of one hundred eighty-three thousand one hundred ninety-nine dollars ($183,199) for fiscal year 2007-2008 and the sum of ninety-nine thousand dollars ($99,000) for fiscal year 2008-2009 to recall vehicle license plates. The Division shall

develop a schedule by which approximately 94,000 of the oldest license plates are recalled annually for the next five years. Each fiscal year after 2008-2009, the General Assembly intends to appropriate from the Highway Fund to the Department of Transportation the sum of ninety-nine thousand dollars ($99,000) in recurring funds for the Division to implement a continuous license plate recall program.

SECTION 27.11.(b) The Division shall report to the Joint Appropriations Subcommittee on Transportation and the Fiscal Research Division no later than May 1, 2008, on the progress of the vehicle license plate recall schedule and the implementation of the continuous license plate recall program.

BEAVER DAMAGE CONTROL PROGRAM FUNDS

SECTION 27.13. Of funds available to the Department of Transportation for maintenance, the sum of three hundred thirty thousand dollars ($330,000) for the 2007-2008 fiscal year and the sum of three hundred thirty thousand dollars ($330,000) for the 2008-2009 fiscal year shall be used to provide the State share necessary to support the beaver damage control program established in G.S. 113-291.10, provided the sum of at least twenty-five thousand dollars ($25,000) in federal funds is available each fiscal year of the biennium to provide the federal share.

DEPARTMENT OF TRANSPORTATION PERFORMANCE-BASED CONTRACTS

SECTION 27.14. The Department of Transportation may implement up to two performance-based contracts for routine maintenance and operations, exclusive of resurfacing. Selection of firms to perform this work shall be made using a best-value procurement process. Prior to any advertisement for a proposed project, the Department shall report to the Joint Legislative Transportation Oversight Committee on the contractor selection criteria to be used.

ENSURE PROPERTY AND FUNDS GO TO STATE HIGHWAY FUND

SECTION 27.15. G.S. 136-16 reads as rewritten:

"**§ 136-16. Funds and property converted to State Highway Fund.**

Except as otherwise provided, all funds and property collected by the Department of ~~Transportation~~ Transportation, including the proceeds from the sale of real property originally purchased with funds from the State Highway Fund, shall be paid or converted into the State Highway Fund."

DIVISION OF MOTOR VEHICLES TO REPORT CLOSINGS OF DRIVERS LICENSE OFFICES

SECTION 27.16. The Division of Motor Vehicles shall report the closing of any drivers license office to the Joint Legislative Transportation Oversight Committee at least 60 days before the closure. The report shall contain the location of the office by city and county, the number of customers served in that office in the preceding 12 months, the cost of operating the office to be closed, the reasons for the closure, where the customers will be directed for service after the closure, and the Division's intent to provide displaced customers with future service.

PART XXVIII SALARIES AND BENEFITS

GOVERNOR AND COUNCIL OF STATE/SALARY INCREASES

SECTION 28.1.(a) Effective July 1, 2007, G.S. 147-11(a) reads as rewritten:

"(a) The salary of the Governor shall be ~~one hundred thirty thousand six hundred twenty-nine dollars ($130,629)~~ one hundred thirty-five thousand eight hundred fifty-four dollars ($135,854) annually, payable monthly."

SECTION 28.1.(b) Effective July 1, 2007, the annual salaries for the members of the Council of State, payable monthly, for the 2007-2008 and 2008-2009 fiscal years are:

Council of State	Annual Salary
Lieutenant Governor	$119,901
Attorney General	119,901
Secretary of State	119,901
State Treasurer	119,901
State Auditor	119,901
Superintendent of Public Instruction	119,901
Agriculture Commissioner	119,901
Insurance Commissioner	119,901
Labor Commissioner	119,901

NONELECTED DEPARTMENT HEAD/SALARY INCREASES

SECTION 28.2. In accordance with G.S. 143B-9, the maximum annual salaries, payable monthly, for the nonelected heads of the principal State departments for the 2007-2008 and 2008-2009 fiscal years are:

Nonelected Department Heads	Annual Salary
Secretary of Administration	$117,142
Secretary of Correction	117,142
Secretary of Crime Control and Public Safety	117,142
Secretary of Cultural Resources	117,142
Secretary of Commerce	117,142
Secretary of Environment, Health, and Natural Resources	117,142
Secretary of Health and Human Services	117,142
Secretary of Juvenile Justice and Delinquency Prevention	117,142
Secretary of Revenue	117,142
Secretary of Transportation	117,142

CERTAIN EXECUTIVE BRANCH OFFICIALS/SALARY INCREASES

SECTION 28.3. The annual salaries, payable monthly, for the 2007-2008 and 2008-2009 fiscal years for the following executive branch officials are:

Executive Branch Officials	Annual Salary
Chairman, Alcoholic Beverage Control Commission	$ 106,621
State Controller	149,216
Commissioner of Motor Vehicles	106,621
Commissioner of Banks	119,901
Chairman, Employment Security Commission	133,161
State Personnel Director	117,142
Chairman, Parole Commission	97,358
Members of the Parole Commission	44,942
Chairman, Utilities Commission	133,531
Members of the Utilities Commission	119,901
Executive Director, Agency for Public Telecommunications	89,884

Director, Museum of Art	109,252
Executive Director, North Carolina Agricultural Finance Authority	103,781
State Chief Information Officer	149,126

JUDICIAL BRANCH OFFICIALS/SALARY INCREASES

SECTION 28.4.(a) The annual salaries, payable monthly, for specified judicial branch officials for the 2007-2008 and 2008-2009 fiscal years are:

Judicial Branch Officials	Annual Salary
Chief Justice, Supreme Court	$ 137,160
Associate Justice, Supreme Court	133,576
Chief Judge, Court of Appeals	130,236
Judge, Court of Appeals	128,011
Judge, Senior Regular Resident Superior Court	124,532
Judge, Superior Court	121,053
Chief Judge, District Court	109,923
Judge, District Court	106,445
District Attorney	116,112
Administrative Officer of the Courts	123,346
Assistant Administrative Officer of the Courts	112,665
Public Defender	116,112

SECTION 28.4.(b) The district attorney or public defender of a judicial district, with the approval of the Administrative Officer of the Courts or the Commission on Indigent Defense Services, respectively, shall set the salaries of assistant district attorneys or assistant public defenders, respectively, in that district such that the average salaries of assistant district attorneys or assistant public defenders in that district do not exceed sixty-nine thousand forty-seven dollars ($69,047), and the minimum salary of any assistant district attorney or assistant public defender is at least thirty-six thousand eighty-two dollars ($36,082) effective July 1, 2007.

SECTION 28.4.(c) Effective July 1, 2007, the annual salaries of permanent, full-time employees of the Judicial Department whose salaries are not itemized in this act shall be increased by four percent (4.0%).

SECTION 28.4.(d) Effective July 1, 2007, the annual salaries of permanent, part-time employees of the Judicial Department whose salaries are not itemized in this act shall be increased by four percent (4.0%).

CLERK OF SUPERIOR COURT/SALARY INCREASES

SECTION 28.5. Effective July 1, 2007, G.S. 7A-101(a) reads as rewritten:

"(a) The clerk of superior court is a full-time employee of the State and shall receive an annual salary, payable in equal monthly installments, based on the population of the county as determined in subsection (a1) of this section, according to the following schedule:

Population	Annual Salary
Less than 100,000	~~$77,112~~ $80,196
100,000 to 149,999	~~86,532~~ 89,993
150,000 to 249,999	~~95,954~~ 99,792
250,000 and above	~~105,378.~~109,593.

~~The salary schedule in this subsection is intended to represent the following approximate percentage of the salary of a chief district court judge:~~

~~Population~~	~~Annual Salary~~

~~Less than 100,000~~	~~73%~~
~~100,000 to 149,999~~	~~82%~~
~~150,000 to 249,999~~	~~91%~~
~~250,000 and above~~	~~100%.~~

When a county changes from one population group to another, the salary of the clerk shall be changed, on July 1 of the fiscal year for which the change is reported, to the salary appropriate for the new population group, except that the salary of an incumbent clerk shall not be decreased by any change in population group during his continuance in office."

ASSISTANT AND DEPUTY CLERKS OF COURT/SALARY INCREASES

SECTION 28.6. Effective July 1, 2007, G.S. 7A-102(c1) reads as rewritten:

"(c1) A full-time assistant clerk or a full-time deputy clerk, and up to one full-time deputy clerk serving as head bookkeeper per county, shall be paid an annual salary subject to the following minimum and maximum rates:

Assistant Clerks and Head Bookkeeper	Annual Salary
Minimum	~~$29,925~~ $31,122
Maximum	~~51,251~~ 53,301

Deputy Clerks	Annual Salary
Minimum	~~$25,758~~ $26,788
Maximum	~~39,862.~~ 41,456."

MAGISTRATES' SALARY INCREASES

SECTION 28.7.(a) Effective July 1, 2007, G.S. 7A-171.1(a) reads as rewritten:

"(a) The Administrative Officer of the Courts, after consultation with the chief district judge and pursuant to the following provisions, shall set an annual salary for each magistrate.

(1) A full-time magistrate shall be paid the annual salary indicated in the table set out in this subdivision. A full-time magistrate is a magistrate who is assigned to work an average of not less than 40 hours a week during the term of office. The Administrative Officer of the Courts shall designate whether a magistrate is full-time. Initial appointment shall be at the entry rate. A magistrate's salary shall increase to the next step every two years on the anniversary of the date the magistrate was originally appointed for increases to Steps 1 through 3, and every four years on the anniversary of the date the magistrate was originally appointed for increases to Steps 4 through 6.

Table of Salaries of Full-Time Magistrates

Step Level	Annual Salary
Entry Rate	~~$30,320~~$31,533
Step 1	~~33,101~~ 34,425
Step 2	~~36,126~~ 37,571
Step 3	~~39,429~~ 41,006
Step 4	~~43,046~~ 44,768
Step 5	~~47,122~~ 49,007
Step 6	~~51,692.~~ 53,760.

(2) A part-time magistrate is a magistrate who is assigned to work an average of less than 40 hours of work a week during the term, except that no magistrate shall be assigned an average of less than 10 hours of work a week during the term. A part-time magistrate is included, in accordance with G.S. 7A-170, under the provisions of G.S. 135-1(10) and G.S. 135-40.2(a). The Administrative Officer of the Courts designates whether a magistrate is a part-time magistrate. A part-time magistrate shall receive an annual salary based on the following formula: The average number of hours a week that a part-time magistrate is assigned work during the term shall be multiplied by the annual salary payable to a full-time magistrate who has the same number of years of service prior to the beginning of that term as does the part-time magistrate and the product of that multiplication shall be divided by the number 40. The quotient shall be the annual salary payable to that part-time magistrate.

(3) Notwithstanding any other provision of this subsection, a magistrate who is licensed to practice law in North Carolina or any other state shall receive the annual salary provided in the Table in subdivision (1) of this subsection for Step 4."

SECTION 28.7.(b) Effective July 1, 2007, G.S. 7A-171.1(a1)(1) reads as rewritten:

"(a1) Notwithstanding subsection (a) of this section, the following salary provisions apply to individuals who were serving as magistrates on June 30, 1994:

(1) The salaries of magistrates who on June 30, 1994, were paid at a salary level of less than five years of service under the table in effect that date shall be as follows:

Less than 1 year of service	~~$24,450~~ $25,428
1 or more but less than 3 years of service	~~25,572~~ 26,595
3 or more but less than 5 years of service	~~27,831.~~ 28,944.

Upon completion of five years of service, those magistrates shall receive the salary set as the Entry Rate in the table in subsection (a)."

GENERAL ASSEMBLY PRINCIPAL CLERKS/SALARY INCREASES

SECTION 28.8. Effective July 1, 2007, G.S. 120-37(c) reads as rewritten:

"(c) The principal clerks shall be full-time officers. Each principal clerk shall be entitled to other benefits available to permanent legislative employees and shall be paid an annual salary of ~~ninety-seven thousand four hundred two dollars ($97,402)~~ one hundred one thousand two hundred ninety-eight dollars ($101,298) payable monthly. Each principal clerk shall also receive such additional compensation as approved by the Speaker of the House of Representatives or the President Pro Tempore of the Senate, respectively, for additional employment duties beyond those provided by the rules of their House. The Legislative Services Commission shall review the salary of the principal clerks prior to submission of the proposed operating budget of the General Assembly to the Governor and shall make appropriate recommendations for changes in those salaries. Any changes enacted by the General Assembly shall be by amendment to this paragraph."

SERGEANT-AT-ARMS AND READING CLERKS/SALARY INCREASES

SECTION 28.9. Effective July 1, 2007, G.S. 120-37(b) reads as rewritten:

"(b) The sergeant-at-arms and the reading clerk in each house shall be paid a salary of ~~three hundred forty-five dollars ($345.00)~~ three hundred fifty-nine dollars

($359.00) per week plus subsistence at the same daily rate provided for members of the General Assembly, plus mileage at the rate provided for members of the General Assembly for one round trip only from their homes to Raleigh and return. The sergeants-at-arms shall serve during sessions of the General Assembly and at such time prior to the convening of, and subsequent to adjournment or recess of, sessions as may be authorized by the Legislative Services Commission. The reading clerks shall serve during sessions only."

LEGISLATIVE EMPLOYEES/SALARY INCREASES

SECTION 28.10. Effective July 1, 2007, the Legislative Services Officer shall increase the salaries of nonelected employees of the General Assembly in effect for fiscal year 2006-2007 by four percent (4.0%). Nothing in this act limits any of the provisions of G.S. 120-32.

COMMUNITY COLLEGES PERSONNEL/SALARY INCREASES

SECTION 28.11.(a) The Director of the Budget shall transfer from the Reserve for Compensation Increases, created in this act for fiscal years 2007-2008 and 2008-2009, funds to the North Carolina Community Colleges System Office necessary to provide an annual salary increase of four percent (4.0%) including funds for the employer's retirement and social security contributions, commencing July 1, 2007, for all community college employees supported by State funds.

SECTION 28.11.(b) The Director of the Budget shall transfer from the Reserve for Compensation Increases, created in this act for fiscal years 2007-2008 and 2008-2009, funds to the North Carolina Community Colleges System Office necessary to provide an additional annual salary increase of one percent (1.0%) for Community College faculty and professional staff, including funds for the employer's retirement and social security contributions, supported by State funds.

UNIVERSITY OF NORTH CAROLINA SYSTEM/EPA SALARY INCREASES

SECTION 28.12.(a) Effective July 1, 2007, the Director of the Budget shall transfer to the Board of Governors of The University of North Carolina sufficient funds from the Reserve for Compensation Increases, created in this act for fiscal years 2007-2008 and 2008-2009, including funds for the employer's retirement and social security contributions, to provide to employees of The University of North Carolina, other than teachers of the North Carolina School of Science and Mathematics, whose salaries are supported by State funds and who are exempt from the State Personnel Act (EPA) an annual salary increase of five percent (5%) for faculty. The percentage annual salary increase of five percent (5%), authorized by this section shall be made on an aggregated average basis, according to the rules adopted by the Board of Governors of The University of North Carolina and may not be used for any purpose other than for salary increases and necessary employer contributions provided by this section. The Board of Governors may use a portion of the annual salary increase provided by this section to improve competitive national peer rankings for faculty.

SECTION 28.12.(b) Effective July 1, 2007, the Director of the Budget shall transfer to the Board of Governors of The University of North Carolina sufficient funds from the Reserve for Compensation Increases, created in this act for fiscal years 2007-2008 and 2008-2009, including funds for the employer's retirement and social security contributions, to provide to employees of The University of North Carolina, other than teachers of the North Carolina School of Science and Mathematics, whose salaries are supported by State funds and who are exempt from the State Personnel Act (EPA) an annual salary increase of four percent (4.0%) for non-faculty. The percentage

annual salary increase of four percent (4.0%) authorized by this section shall be made on an aggregated average basis, according to the rules adopted by the Board of Governors of The University of North Carolina and may not be used for any purpose other than for salary increases and necessary employer contributions provided by this section.

SECTION 28.12.(c) The Director of the Budget shall transfer to the Board of Governors of The University of North Carolina sufficient funds from the Reserve for Compensation Increases, created in this act for fiscal years 2007-2008 and 2008-2009, to provide an average annual salary increase of five percent (5%) but at least an annual increase of one thousand two hundred forty dollars ($1,240), including funds for the employer's retirement and social security contributions, commencing July 1, 2007, for all teaching employees of the North Carolina School of Science and Mathematics, supported by State funds and whose salaries are exempt from the State Personnel Act (EPA). These funds shall be allocated to individuals according to the rules adopted by the Board of Trustees of the North Carolina School of Science and Mathematics and may not be used for any purpose other than for salary increases and necessary employer contributions provided by this section.

STATE AGENCY TEACHERS' COMPENSATION

SECTION 28.13. Funds in the Reserve for Compensation Increases shall be used for experience step increases for employees of schools operated by the Department of Health and Human Services, the Department of Correction, or the Department of Juvenile Justice and Delinquency Prevention, who are paid on the Teacher Salary Schedule or the School Based Administrator Salary Schedule.

MOST STATE EMPLOYEES/SALARY INCREASES

SECTION 28.14.(a) The salaries in effect June 30, 2007, of all permanent full-time State employees whose salaries are set in accordance with the State Personnel Act, and who are paid from the General Fund or the Highway Fund, shall be increased, on or after July 1, 2007, unless otherwise provided by this act, by four percent (4.0%).

SECTION 28.14.(b) Except as otherwise provided in this act, the fiscal year 2007-2008 salaries for permanent full-time State officials and persons in exempt positions that are recommended by the Governor or the Governor and the Advisory Budget Commission and set by the General Assembly shall be increased by four percent (4.0%), commencing July 1, 2007.

SECTION 28.14.(c) The salaries in effect for fiscal year 2007-2008 for all permanent part-time State employees shall be increased on and after July 1, 2007, by the four percent (4.0%) salary increase provided for permanent full-time employees covered under this part.

SECTION 28.14.(d) The Director of the Budget may allocate out of special operating funds or from other sources of the employing agency, except tax revenues, sufficient funds to allow a salary increase, on and after July 1, 2007, in accordance with subsection (a), (b), or (c) of this section including funds for the employer's retirement and social security contributions, for the permanent full-time and part-time employees of the agency, provided the employing agency elects to make available the necessary funds.

SECTION 28.14.(e) Within regular State Budget Act procedures as limited by this act, all State agencies and departments may increase on an equitable basis the rate of pay of temporary and permanent hourly State employees, subject to availability of funds in the particular agency or department, by pro rata amounts of the four percent

(4.0%) salary increase provided for permanent full-time employees covered by the provisions of subsection (a) of this section, commencing July 1, 2007.

ALL STATE-SUPPORTED PERSONNEL/SALARY INCREASES

SECTION 28.15.(a) Salaries and related benefits for positions that are funded partially from the General Fund or Highway Fund and partially from sources other than the General Fund or Highway Fund shall be increased from the General Fund or Highway Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund or Highway Fund.

SECTION 28.15.(b) The granting of the salary increases under this act does not affect the status of eligibility for salary increments for which employees may be eligible unless otherwise required by this act.

SECTION 28.15.(c) The salary increases provided in this act are to be effective July 1, 2007, do not apply to persons separated from State service due to resignation, dismissal, reduction in force, death, or retirement, or whose last workday is prior to July 1, 2007.

Payroll checks issued to employees after July 1, 2007, which represent payment of services provided prior to July 1, 2007, shall not be eligible for salary increases provided for in this act. This subsection shall apply to all employees, subject to or exempt from the State Personnel Act, paid from State funds, including public schools, community colleges, and The University of North Carolina.

SECTION 28.15.(d) The Director of the Budget shall transfer from the Reserve for Compensation Increases in this act for fiscal year 2007-2008 all funds necessary for the salary increases provided by this act, including funds for the employer's retirement and social security contributions.

SECTION 28.15.(e) Nothing in this act authorizes the transfer of funds between the General Fund and the Highway Fund for salary increases.

SECTION 28.15.(f) Permanent full-time employees who work a nine-, ten-, or eleven-month work year schedule shall receive the four percent (4.0%) annual increase provided by this act.

CERTAIN SALARIES SET BY GENERAL ASSEMBLY

SECTION 28.15A. G.S. 7A-65(a) reads as rewritten:

"(a) The annual salary of:

(1) District attorneys shall be ~~the midpoint amount between the salary of a senior resident superior court judge and the salary of a chief district court judge, as provided by law;~~as provided in the Current Operations Appropriations Act.

(2) Full-time assistant district attorneys shall be as provided in the Current Operations Appropriations Act.

When traveling on official business, each district attorney and assistant district attorney is entitled to reimbursement for his subsistence and travel expenses to the same extent as State employees generally."

TEMPORARY SALES TAX TRANSFER FOR WILDLIFE RESOURCES COMMISSION SALARIES

SECTION 28.15B. For the 2007-2008 and 2008-2009 fiscal years, the Secretary of Revenue shall transfer at the end of each quarter from the State sales and use tax net collections received by the Department of Revenue under Article 5 of Chapter 105 of the General Statutes to the State Treasurer for the Wildlife Resources

Fund to fund the cost of any legislative salary increase for employees of the Wildlife Resources Commission.

SALARY ADJUSTMENT FUND

SECTION 28.18.(a) Any remaining appropriations in the General Fund Reserve for Compensation Increases authorized for employee salary increases not required for that purpose may be used to supplement the General Fund Salary Adjustment Fund to support salary adjustments for positions supported by the General Fund. Any remaining appropriations in the Highway Fund Reserves and Transfers authorized for employee salary increases not required for that purpose may be used to supplement the Highway Fund Salary Adjustment Fund to support salary adjustments for positions supported by the Highway Fund.

SECTION 28.18.(b) Funds appropriated or otherwise transferred to the General Fund Salary Adjustment Fund or to the Highway Fund Salary Adjustment Fund by this act or any other provision of law shall be used to fund agency requests for the following purposes:

(1) Salary range revisions, special minimum rates, grade to band transfers and geographic site differential adjustments to provide competitive salary rates for affected job classifications/groups in response to changes in labor market rates as documented through data collection and analysis according to accepted human resource professional practices and standards.

(2) Reallocation of positions to higher level job classifications to compensate employees for more difficult duties at competitive salary rates as documented through data collection and analysis according to accepted human resource professional practices and standards.

The terms 'salary range revision' and 'reallocation' as used in this section shall conform to the definitions of those terms as previously contained in the State Personnel Manual and adopted by the State Personnel Commission effective immediately prior to November 1, 2005. Funds shall only be used for salary adjustments that are in compliance with State Personnel Commission policies. Funding shall first be provided to the earliest actions approved on or before July 1, 2007, by the State Personnel Commission or the Office of State Personnel and shall not be used for other purposes including, but not limited to, in-range adjustments, career progression adjustments, or other adjustments as these terms may be defined by State personnel policy.

SECTION 28.18.(c) The Director of the Budget shall consult with the Joint Legislative Commission on Governmental Operations prior to transferring any salary adjustment funds for any State agency.

SECTION 28.18.(d) The Director of the Budget may:

(1) Transfer to General Fund budget codes from the General Fund Salary Adjustment Fund amounts required to support salary adjustments authorized by this section with the oldest of the pending adjustments to be funded first.

(2) Transfer to Highway Fund budget codes from the Highway Fund Salary Adjustment Fund amounts required to support salary adjustments authorized by this section.

SECTION 28.18.(e) The Judicial Department is eligible for the funding authorized in subsection (a) of this section.

SECTION 28.18.(f) Employees subject to the State Personnel Act in The University of North Carolina System are eligible for funding authorized in subsection (a) of this section and for the purposes outlined in subsection (b) of this section.

JUDICIAL BRANCH LONGEVITY

SECTION 28.18A.(a) G.S. 7A-10(c) reads as rewritten:

"(c) In lieu of merit and other increment raises paid to regular State employees, the Chief Justice and each of the Associate Justices shall receive as longevity pay an annual amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a justice or judge of the General Court of Justice or as a member of the Utilities Commission. Service shall also mean service as a district attorney or as a clerk of superior court."

SECTION 28.18A.(b) G.S. 7A-18(b) reads as rewritten:

"(b) In lieu of merit and other increment raises paid to regular State employees, a judge of the Court of Appeals shall receive as longevity pay an annual amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a justice or judge of the General Court of Justice or as a member of the Utilities Commission. Service shall also mean service as a district attorney or as a clerk of superior court."

SECTION 28.18A.(c) G.S. 7A-44(b) reads as rewritten:

"(b) In lieu of merit and other increment raises paid to regular State employees, a judge of the superior court, regular or special, shall receive as longevity pay an annual amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a justice or judge of the General Court of Justice or as a member of the Utilities Commission or as director or assistant director of the Administrative Office of the Courts. Service shall also mean service as a district attorney or as a clerk of superior court."

SECTION 28.18A.(d) G.S. 7A-65 reads as rewritten:

"**§ 7A-65. Compensation and allowances of district attorneys and assistant district attorneys.**

(a) The annual salary of:

(1) District attorneys shall be the midpoint amount between the salary of a senior resident superior court judge and the salary of a chief district court judge, as provided by law,

(2) Full-time assistant district attorneys shall be as provided in the Current Operations Appropriations Act.

When traveling on official business, each district attorney and assistant district attorney is entitled to reimbursement for his subsistence and travel expenses to the same extent as State employees generally.

(b) Repealed by Session Laws 1985, c. 689, s. 2.

(c) In lieu of merit and other increment raises paid to regular State employees, a district attorney shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, and nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. Service shall mean service in the elective position of a district attorney and shall not include service as a deputy or acting district attorney. Service shall also mean service as a justice or judge of the General Court of Justice, clerk of superior court, assistant district attorney, public defender, appellate defender, or assistant public or appellate defender.

(d) In lieu of merit and other increment raises paid to regular State employees, an assistant district attorney shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as an assistant district attorney, district attorney, resource prosecutor, public defender, appellate defender, assistant public or appellate defender, justice or judge of the General Court of Justice, or clerk of superior court. For purposes of this subsection, "resource prosecutor" means a former assistant district attorney who has left the employment of the district attorney's office to serve in a specific, time-limited position with the Conference of District Attorneys."

SECTION 28.18A.(e) G.S. 7A-101(c) reads as rewritten:

"(c) In lieu of merit and other increment raises paid to regular State employees, a clerk of superior court shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the clerk's annual salary payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. Service shall mean service in the elective position of clerk of superior court, as an assistant clerk of court and as a supervisor of clerks of superior court with the Administrative Office of the Courts and shall not include service as a deputy or acting clerk. Service shall also mean service as a justice, judge, or magistrate of the General Court of Justice or as a district attorney."

SECTION 28.18A.(f) G.S. 7A-144(b) reads as rewritten:

"(b) Notwithstanding merit, longevity and other increment raises paid to regular State employees, a judge of the district court shall receive as longevity pay an annual amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a justice or judge of the General Court of Justice or as a member of the Utilities Commission or as director or assistant director of the Administrative Office of

the Courts. Service shall also mean service as a district attorney or as a clerk of superior court."

SECTION 28.18A.(g) G.S. 7A-498.7 reads as rewritten:

"**§ 7A-498.7. Public Defender Offices.**

(a) The following counties of the State are organized into the defender districts listed below, and in each of those defender districts an office of public defender is established:

Defender District	Counties
1	Camden, Chowan, Currituck, Dare, Gates, Pasquotank, Perquimans
3A	Pitt
3B	Carteret
10	Wake
12	Cumberland
14	Durham
15B	Orange, Chatham
16A	Scotland, Hoke
16B	Robeson
18	Guilford
21	Forsyth
26	Mecklenburg
27A	Gaston
28	Buncombe

After notice to, and consultation with, the affected district bar, senior resident superior court judge, and chief district court judge, the Commission on Indigent Defense Services may recommend to the General Assembly that a district or regional public defender office be established. A legislative act is required in order to establish a new office or to abolish an existing office.

(b) For each new term, and to fill any vacancy, public defenders shall be appointed from a list of not less than two and not more than three names nominated by written ballot of the attorneys resident in the defender district who are licensed to practice law in North Carolina. The balloting shall be conducted pursuant to rules adopted by the Commission on Indigent Defense Services. The appointment shall be made by the senior resident superior court judge of the superior court district or set of districts as defined in G.S. 7A-44.1 that includes the county or counties of the defender district for which the public defender is being appointed.

(c) A public defender shall be an attorney licensed to practice law in North Carolina and shall devote full time to the duties of the office. In lieu of merit and other increment raises paid to regular State employees, a public defender shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a public defender, appellate defender, assistant

public or appellate defender, district attorney, assistant district attorney, justice or judge of the General Court of Justice, or clerk of superior court.

(d) Subject to standards adopted by the Commission, the day-to-day operation and administration of public defender offices shall be the responsibility of the public defender in charge of the office. The public defender shall keep appropriate records and make periodic reports, as requested, to the Director of the Office of Indigent Defense Services on matters related to the operation of the office.

(e) The Office of Indigent Defense Services shall procure office equipment and supplies for the public defender, and provide secretarial and library support from State funds appropriated to the public defender's office for this purpose.

(f) Each public defender is entitled to assistant public defenders, investigators, and other staff, full-time or part-time, as may be authorized by the Commission. Assistants, investigators, and other staff are appointed by the public defender and serve at the pleasure of the public defender. Average and minimum compensation of assistants shall be as provided in the biennial Current Operations Appropriations Act. The actual salaries of assistants shall be set by the public defender in charge of the office, subject to approval by the Commission. The Commission shall fix the compensation of investigators. Assistants and investigators shall perform such duties as may be assigned by the public defender.

(g) In lieu of merit and other increment raises paid to regular State employees, an assistant public defender shall receive as longevity pay an amount equal to four and eight-tenths percent (4.8%) of the annual salary set forth in the Current Operations Appropriations Act payable monthly after five years of service, nine and six-tenths percent (9.6%) after 10 years of service, fourteen and four-tenths percent (14.4%) after 15 years of service, ~~and~~ nineteen and two-tenths percent (19.2%) after 20 years of ~~service.~~ service, twenty-four percent (24%) after 25 years of service, and twenty-eight and eight-tenths percent (28.8%) after 30 years of service. "Service" means service as a public defender, appellate defender, assistant public or appellate defender, district attorney, assistant district attorney, justice or judge of the General Court of Justice, or clerk of superior court.

(h) The term of office of public defender appointed under this section is four years. A public defender or assistant public defender may be suspended or removed from office, and reinstated, for the same causes and under the same procedures as are applicable to removal of a district attorney.

(i) A public defender may apply to the Director of the Office of Indigent Defense Services to enter into contracts with local governments for the provision by the State of services of temporary assistant public defenders pursuant to G.S. 153A-212.1 or G.S. 160A-289.1.

(j) The Director of the Office of Indigent Defense Services may provide assistance requested pursuant to subsection (i) of this section only upon a showing by the requesting public defender, supported by facts, that the overwhelming public interest warrants the use of additional resources for the speedy disposition of cases involving drug offenses, domestic violence, or other offenses involving a threat to public safety.

(k) The terms of any contract entered into with local governments pursuant to subsection (i) of this section shall be fixed by the Director of the Office of Indigent Defense Services in each case. Nothing in this section shall be construed to obligate the General Assembly to make any appropriation to implement the provisions of this section or to obligate the Office of Indigent Defense Services to provide the administrative costs of establishing or maintaining the positions or services provided for under this section. Further, nothing in this section shall be construed to obligate the

Office of Indigent Defense Services to maintain positions or services initially provided for under this section."

CAREER BANDING/CONTINUATION

SECTION 28.18B. Notwithstanding any other provision of law, the State Personnel Commission, the Office of State Personnel, The University of North Carolina as to its employees subject to the State Personnel Act, and State agencies as to their defined critical occupational groups such as nursing, engineering, library, fiscal, and pharmacy positions, and other similar occupational groups, shall begin or continue the development and implementation of career banding, effective July 1, 2007.

The Office of State Personnel shall provide quarterly updates on career banding to the Joint Legislative Commission on Governmental Operations.

The Office of State Personnel shall consult with the Joint Legislative Commission on Governmental Operations prior to the State Personnel Commission's review and approval of career banding for major occupational groups with significant labor market changes.

SALARY-RELATED CONTRIBUTIONS/EMPLOYER

SECTION 28.19.(a) Required employer salary-related contributions for employees whose salaries are paid from department, office, institution, or agency receipts shall be paid from the same source as the source of the employees' salary. If an employee's salary is paid in part from the General Fund or Highway Fund and in part from department, office, institution, or agency receipts, required employer salary-related contributions may be paid from the General Fund or Highway Fund only to the extent of the proportionate part paid from the General Fund or Highway Fund in support of the salary of the employee, and the remainder of the employer's requirements shall be paid from the source that supplies the remainder of the employee's salary. The requirements of this section as to source of payment are also applicable to payments on behalf of the employee for hospital-medical benefits, longevity pay, unemployment compensation, accumulated leave, workers' compensation, severance pay, separation allowances, and applicable disability income benefits.

Notwithstanding any other provision of law, an employer who hires or has hired a retiree as an employee shall enroll the retiree in the active group and pay the cost for the hospital-medical benefits if that retiree is employed in a position that would require the employer to pay hospital-medical benefits if the individual had not been retired.

SECTION 28.19.(b) Effective July 1, 2007, the State's employer contribution rates budgeted for retirement and related benefits as percentage of covered salaries for the 2007-2008 fiscal year are: (i) seven and ninety-six hundredths percent (7.96%) – Teachers and State Employees; (ii) twelve and ninety-six hundredths percent (12.96%) – State Law Enforcement Officers; (iii) eleven and sixty-six hundredths percent (11.66%) – University Employees' Optional Retirement System; (iv) eleven and sixty-six hundredths percent (11.66%) – Community College Optional Retirement Program; (v) seventeen and fifty-one hundredths percent (17.51%) – Consolidated Judicial Retirement System; and (vi) four and thirty hundredths percent (4.30%) – Legislative Retirement System. Each of the foregoing contribution rates includes four and thirty hundredths percent (4.30%) for hospital and medical benefits. The rate for Teachers and State Employees, State Law Enforcement Officers, Community College Optional Retirement Program, and for the University Employees' Optional Retirement Program includes fifty-two hundredths percent (0.52%) for the Disability Income Plan. The rates for Teachers and State Employees and State Law Enforcement Officers

include sixteen-hundredths percent (0.16%) for the Death Benefits Plan. The rate for State Law Enforcement Officers includes five percent (5%) for Supplemental Retirement Income.

SECTION 28.19.(c) Effective July 1, 2008, the State's employer contribution rates budgeted for retirement and related benefits as percentage of covered salaries for the 2007-2008 fiscal year are: (i) seven and ninety-six hundredths percent (7.96%) – Teachers and State Employees; (ii) twelve and ninety-six hundredths percent (12.96%) – State Law Enforcement Officers; (iii) eleven and sixty-six hundredths percent (11.66%) – University Employees' Optional Retirement System; (iv) eleven and sixty-six hundredths percent (11.66%) – Community College Optional Retirement Program; (v) seventeen and fifty-one hundredths percent (17.51%) – Consolidated Judicial Retirement System; and (vi) four and thirty hundredths percent (4.30%) – Legislative Retirement System. Each of the foregoing contribution rates includes four and thirty hundredths percent (4.30%) for hospital and medical benefits. The rate for Teachers and State Employees, State Law Enforcement Officers, Community College Optional Retirement Program, and for the University Employees' Optional Retirement Program includes fifty-two hundredths percent (0.52%) for the Disability Income Plan. The rates for Teachers and State Employees and State Law Enforcement Officers include sixteen-hundredths percent (0.16%) for the Death Benefits Plan. The rate for State Law Enforcement Officers includes five percent (5%) for Supplemental Retirement Income.

SECTION 28.19.(d) The maximum annual employer contributions, payable monthly, by the State for each covered employee or retiree for the 2007-2008 fiscal year to the Teachers' and State Employees' Comprehensive Major Medical Plan's Indemnity Plan are: (i) Medicare-eligible employees and retirees – three thousand two hundred twenty-six dollars ($3,226) and (ii) non-Medicare-eligible employees and retirees – four thousand two hundred thirty-eight dollars ($4,238).

SECTION 28.19.(f) The maximum annual employer contributions, payable monthly, by the State for each covered employee or retiree for the 2007-2008 fiscal year to the Teachers' and State Employees' Comprehensive Major Medical Plan's Preferred Provider Options Program are: (i) Medicare-eligible employees and retirees – three thousand ninety-one dollars ($3,091) and (ii) non-Medicare-eligible employees and retirees – four thousand sixty-one dollars ($4,061).

SECTION 28.19.(g) The maximum annual employer contributions, payable monthly, by the State for each covered employee or retiree for the 2008-2009 fiscal year to the Teachers' and State Employees' Comprehensive Major Medical Plan's Preferred Provider Options Program are: (i) Medicare-eligible employees and retirees – three thousand one hundred seventy-three dollars ($3,173) and (ii) non-Medicare-eligible employees and retirees – four thousand one hundred sixty-eight dollars ($4,168).

PROVIDE COST-OF-LIVING INCREASES FOR RETIREES OF THE TEACHERS' AND STATE EMPLOYEES' RETIREMENT SYSTEM, THE JUDICIAL RETIREMENT SYSTEM, THE LEGISLATIVE RETIREMENT SYSTEM, AND THE LOCAL GOVERNMENTAL EMPLOYEES' RETIREMENT SYSTEM

SECTION 28.20.(a) G.S. 135-5 is amended by adding a new subsection to read:

"(qqq) From and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced on or before July 1, 2006, shall be increased by two percent (2%) of the allowance payable on June 1, 2007, in accordance with G.S. 135-5(o). Furthermore, from and after July 1, 2007, the retirement allowance to or

on account of beneficiaries whose retirement commenced after July 1, 2006, but before June 30, 2007, shall be increased by a prorated amount of two percent (2%) of the allowance payable as determined by the Board of Trustees based upon the number of months that a retirement allowance was paid between July 1, 2006, and June 30, 2007."

SECTION 28.20.(b) G.S. 135-65 is amended by adding a new subsection to read:

"(bb) From and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced on or before July 1, 2006, shall be increased by two percent (2%) of the allowance payable on June 1, 2007. Furthermore, from and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced after July 1, 2006, but before June 30, 2007, shall be increased by a prorated amount of two percent (2%) of the allowance payable as determined by the Board of Trustees based upon the number of months that a retirement allowance was paid between July 1, 2006, and June 30, 2007."

SECTION 28.20.(c) G.S. 120-4.22A is amended by adding a new subsection to read:

"(v) In accordance with subsection (a) of this section, from and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced on or before January 1, 2007, shall be increased by two percent (2%) of the allowance payable on June 1, 2007. Furthermore, from and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced after January 1, 2007, but before June 30, 2007, shall be increased by a prorated amount of two percent (2%) of the allowance payable as determined by the Board of Trustees based upon the number of months that a retirement allowance was paid between January 1, 2007, and June 30, 2007."

SECTION 28.20.(d) G.S. 128-27 is amended by adding a new subsection to read:

"(hhh) From and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced on or before July 1, 2006, shall be increased by two and two-tenths percent (2.2%) of the allowance payable on June 1, 2007, in accordance with subsection (k) of this section. Furthermore, from and after July 1, 2007, the retirement allowance to or on account of beneficiaries whose retirement commenced after July 1, 2006, but before June 30, 2007, shall be increased by a prorated amount of two and two-tenths percent (2.2%) of the allowance payable as determined by the Board of Trustees based upon the number of months that a retirement allowance was paid between July 1, 2006, and June 30, 2007."

INCREASE THE MONTHLY PENSION FOR MEMBERS OF THE FIREMEN'S AND RESCUE SQUAD WORKERS' PENSION FUND

SECTION 28.21. G.S. 58-86-55 reads as rewritten:

"**§ 58-86-55. Monthly pensions upon retirement.**

Any member who has served 20 years as an "eligible fireman" or "eligible rescue squad worker" in the State of North Carolina, as provided in G.S. 58-86-25 and G.S. 58-86-30, and who has attained the age of 55 years is entitled to be paid a monthly pension from this fund. The monthly pension shall be in the amount of ~~one hundred sixty-five dollars ($165.00)~~ one hundred sixty-seven dollars ($167.00) per month. Any retired fireman receiving a pension shall, effective ~~July 1, 2006,~~ July 1, 2007, receive a pension of ~~one hundred sixty-five dollars ($165.00)~~ one hundred sixty-seven dollars ($167.00) per month.

Members shall pay ten dollars ($10.00) per month as required by G.S. 58-86-35 and G.S. 58-86-40 for a period of no longer than 20 years. No "eligible rescue squad

member" shall receive a pension prior to July 1, 1983. No member shall be entitled to a pension hereunder until the member's official duties as a fireman or rescue squad worker for which the member is paid compensation shall have been terminated and the member shall have retired as such according to standards or rules fixed by the board of trustees.

A member who is totally and permanently disabled while in the discharge of the member's official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of those official duties and who leaves the fire or rescue squad service because of this disability shall be entitled to be paid from the fund a monthly benefit in an amount of ~~one hundred sixty-five dollars ($165.00)~~ one hundred sixty-seven dollars ($167.00) per month beginning the first month after the member's fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application, and annually thereafter. Any disabled member shall not be required to make the monthly payment of ten dollars ($10.00) as required by G.S. 58-86-35 and G.S. 58-86-40.

A member who is totally and permanently disabled for any cause, other than line of duty, who leaves the fire or rescue squad service because of this disability and who has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member shall upon attaining the age of 55 years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application and annually thereafter.

A member who, because his residence is annexed by a city under Part 2 or Part 3 of ~~Article 4~~ Article 4A of Chapter 160A of the General Statutes, or whose department is closed because of an annexation by a city under Part 2 or Part 3 of ~~Article 4~~ Article 4A of Chapter 160A of the General Statutes, or whose volunteer department is taken over by a city or county, and because of such annexation or takeover is unable to perform as a fireman or rescue squad worker of any status, and if the member has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member upon attaining the age of 55 years and completion of such contributions shall be entitled to receive a pension as provided by this section. Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law."

ENHANCE BENEFITS PAYABLE THROUGH THE NATIONAL GUARD PENSION FUND

SECTION 28.21A. G.S. 127A-40(a) reads as rewritten:

"(a) Every member and former member of the North Carolina national guard who meets the requirements hereinafter set forth shall receive, commencing at age 60, a pension of ~~eighty dollars ($80.00)~~ ninety-five dollars ($95.00) per month for 20 years' creditable military service with an additional ~~eight dollars ($8.00)~~ nine dollars fifty cents ($9.50) per month for each additional year of such service; provided, however, that the total pension shall not exceed ~~one hundred sixty dollars ($160.00)~~ one hundred

ninety dollars ($190.00) per month. The requirements for such pension are that each member shall:

(1) Have served and qualified for at least 20 years' creditable military service, including national guard, reserve and active duty, under the same requirement specified for entitlement to retired pay for nonregular service under Chapter 67, Title 10, United States Code.

(2) Have at least 15 years of the aforementioned service as a member of the North Carolina national guard.

(3) Have received an honorable discharge from the North Carolina national guard."

INCLUDE PUBLIC DEFENDERS AS MEMBERS OF THE CONSOLIDATED JUDICIAL RETIREMENT SYSTEM

SECTION 28.21B.(a) G.S. 135-50(b) reads as rewritten:

"(b) The purpose of this Article is to improve the administration of justice by attracting and retaining the most highly qualified talent available within the State to the positions of justice and judge, district attorney and solicitor, public defender, and clerk of superior court, within the General Court of Justice."

SECTION 28.21B.(b) G.S. 135-51 reads as rewritten:

"**§ 135-51. Scope.**

(a) This Article provides consolidated retirement benefits for all justices and judges, district attorneys, and solicitors who are serving on January 1, 1974, and who become such thereafter; and for all clerks of superior court who are so serving on January 1, 1975, and who become such ~~thereafter.~~ after that date; and for all public defenders who are serving on July 1, 2007, and who become public defenders after that date.

(b) For justices and judges of the appellate and superior court divisions of the General Court of Justice who so served prior to January 1, 1974, the provisions of this Article supplement and, under certain circumstances, replace the provisions of Articles 6 and 8, as the case may be, of Chapter 7A of the General Statutes.

For district attorneys and judges of the district court of the General Court of Justice who so served prior to January 1, 1974, the provisions of this Article supplement and, under certain circumstances, replace the provisions of Article 1 of this Chapter.

For clerks of superior court of the General Court of Justice who so served prior to January 1, 1975, the provisions of this Article supplement and, under certain circumstances, replace the provisions of Article 1 of this Chapter.

(c) The retirement benefits of any person who becomes a justice or judge, district attorney, or solicitor on and after January 1, 1974, or clerk of superior court on and after January 1, 1975, or public defender on or after July 1, 2007, shall be determined solely in accordance with the provisions of this Article."

SECTION 28.21B.(c) G.S. 135-53 reads as rewritten:

"**§ 135-53. Definitions.**

The following words and phrases as used in this Article, unless a different meaning is plainly required by the context, shall have the following meanings:

(1) "Accumulated contributions" with respect to any member shall mean the sum of all the amounts deducted from the compensation of the member pursuant to G.S. 135-68 since he last became a member and credited to his account in the annuity savings fund, plus any amount standing to his credit pursuant to G.S. 135-67(c) as a result of a prior period of membership, plus any amounts credited to his account

pursuant to G.S. 135-28.1(b) or 135-56(b), together with regular interest on all such amounts computed as provided in G.S. 135-7(b).

(2) "Actuarial equivalent" shall mean a benefit of equal value when computed upon the bases of such mortality tables as shall be adopted by the Board of Trustees, and regular interest.

(2a) "Average final compensation" shall mean the average annual compensation of a member during the 48 consecutive calendar months of membership service producing the highest such average.

(3) "Beneficiary" shall mean any person in receipt of a retirement allowance or other benefit as provided in this Article.

(4) "Board of Trustees" shall mean the Board of Trustees established by G.S. 135-6.

(4a) "Clerk of superior court" shall mean the clerk of superior court provided for in G.S. 7A-100(a).

(5) "Compensation" shall mean all salaries and wages derived from public funds which are earned by a member of the Retirement System for his service as a justice or judge, or district attorney, or clerk of superior ~~court.~~ court, or public defender.

(6) "Creditable service" shall mean for any member the total of his prior service plus his membership service.

(6a) "District attorney" shall mean the district attorney or solicitor provided for in G.S. 7A-60.

(7) "Filing" when used in reference to an application for retirement shall mean the receipt of an acceptable application on a form provided by the Retirement System.

(8) "Final compensation" shall mean for any member the annual equivalent of the rate of compensation most recently applicable to him.

(9) "Judge" shall mean any justice or judge of the General Court of Justice and the administrative officer of the courts.

(10) "Medical board" shall mean the board of physicians provided for in G.S. 135-6.

(11) "Member" shall mean any person included in the membership of the Retirement System as provided in this Article.

(12) "Membership service" shall mean service as a judge, district attorney, ~~or~~ clerk of superior ~~court~~ court, or public defender rendered while a member of the Retirement System.

(13) "Previous system" shall mean, with respect to any member, the retirement benefit provisions of Article 6 and Article 8 of Chapter 7A of the General Statutes, to the extent that such Article or Articles were formerly applicable to the member, and in the case of judges of the district court division, ~~and~~ district attorney, public defender, and clerk of superior court of the General Court of Justice, the Teachers' and State Employees' Retirement System.

(14) "Prior service" shall mean service rendered by a member, prior to his membership in the Retirement System, for which credit is allowable under G.S. 135-56.

(14a) "Public defender" means a public defender provided for in G.S. 7A-498.7, the appellate defender provided for in G.S. 7A-498.8, the capital defender, and the juvenile defender.

(15) "Regular interest" shall mean interest compounded annually at such a rate as shall be determined by the Board of Trustees in accordance with G.S. 135-7(b).
(16) "Retirement" shall mean the withdrawal from active service with a retirement allowance granted under the provisions of this Chapter. In order for a member's retirement to become effective in any month, the member must render no service at any time during that month.
(17) "Retirement allowance" shall mean the periodic payments to which a beneficiary becomes entitled under the provisions of this Article.
(18) "Retirement System" shall mean the "Consolidated Judicial Retirement System" of North Carolina, as established in this Article.
(19) "Year" as used in this Article shall mean the regular fiscal year beginning July 1 and ending June 30 in the following calendar year, unless otherwise defined by regulation of the Board of Trustees."

SECTION 28.21B.(d) G.S. 135-54 reads as rewritten:

"**§ 135-54. Name and date of establishment.**

A Retirement System is hereby established and placed under the management of the Board of Trustees for the purpose of providing retirement allowances and other benefits under the provisions of this Article for justices and judges, district attorneys, public defenders, and clerks of superior court of the General Court of Justice of North Carolina, and their survivors. The Retirement System so created shall be established as of January 1, 1974.

The Retirement System shall have the power and privileges of a corporation and shall be known as the "Consolidated Judicial Retirement System of North Carolina," and by such name all of its business shall be transacted."

SECTION 28.21B.(e) G.S. 135-55 reads as rewritten:

"**§ 135-55. Membership.**

(a) The membership of the Retirement System shall consist of:
(1) All judges and district attorneys in office on January 1, 1974;
(2) All persons who become judges and district attorneys or reenter service as judges and district attorneys after January 1, 1974;
(3) All clerks of superior court in office on January 1, 1975; ~~and~~
(4) All persons who become clerks of superior court or reenter service as clerks of superior court after January 1, ~~1975.~~ 1975;
(5) All public defenders in office on July 1, 2007; and
(6) All persons who become public defenders or reenter service as public defenders after July 1, 2007.

(b) The membership of any person in the Retirement System shall cease upon:
(1) The withdrawal of his accumulated contributions after he is no longer a judge, district ~~attorney~~ attorney, public defender, or clerk of superior court, or
(2) His retirement under the provisions of the Retirement System, or
(3) His death."

SECTION 28.21B.(f) G.S. 135-58(a4) reads as rewritten:

"(a4) Any member who retires under the provisions of G.S. 135-57(a) or G.S. 135-57(c) on or after January 1, 2004, but before July 1, 2007, after the member has either attained the member's 65th birthday or has completed 24 years or more of creditable service, shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of the member's retirement and shall be continued on the first day of each month thereafter during the member's lifetime, the amount of which shall be computed as the sum of the amounts in subdivisions (1), (2),

(3), (4), and (5) of this subsection, provided that in no event shall the annual allowance payable to any member be greater than an amount which, when added to the allowance, if any, to which the member is entitled under the Teachers' and State Employees' Retirement System, the Legislative Retirement System, or the Local Governmental Employees' Retirement System (prior in any case to any reduction for early retirement or for an optional mode of payment), would total three-fourths of the member's final compensation:

(1) Four and two hundredths percent (4.02%) of the member's final compensation, multiplied by the number of years of creditable service rendered as a justice of the Supreme Court or judge of the Court of Appeals;

(2) Three and fifty-two hundredths percent (3.52%) of the member's final compensation, multiplied by the number of years of creditable service rendered as a judge of the superior court or as Administrative Officer of the Courts;

(3) Three and two hundredths percent (3.02%) of the member's final compensation, multiplied by the number of years of creditable service rendered as a judge of the district court, district attorney, or clerk of superior court;

(4) A service retirement allowance computed in accordance with the service retirement provisions of Article 3 of Chapter 128 of the General Statutes using an average final compensation as defined in G.S. 135-53(2a) and creditable service equal to the number of years of the member's creditable service that was transferred from the Local Governmental Employees' Retirement System to this System as provided in G.S. 135-56; and

(5) A service retirement allowance computed in accordance with the service retirement provisions of Article 1 of this Chapter of the General Statutes using an average final compensation as defined in G.S. 135-53(2a) and creditable service, including any sick leave standing to the credit of the member, equal to the number of years of the member's creditable service that was transferred from the Teachers' and State Employees' Retirement System or the Legislative Retirement System to this System as provided in G.S. 135-56."

SECTION 28.21B.(g) G.S. 135-58 is amended by adding a new subsection to read:

"(a5) Any member who retires under the provisions of G.S. 135-57(a) or G.S. 135-57(c) on or after July 1, 2007, after the member has either attained the member's 65th birthday or has completed 24 years or more of creditable service, shall receive an annual retirement allowance, payable monthly, which shall commence on the effective date of the member's retirement and shall be continued on the first day of each month thereafter during the member's lifetime, the amount of which shall be computed as the sum of the amounts in subdivisions (1), (2), (3), (4), and (5) of this subsection, provided that in no event shall the annual allowance payable to any member be greater than an amount which, when added to the allowance, if any, to which the member is entitled under the Teachers' and State Employees' Retirement System, the Legislative Retirement System, or the Local Governmental Employees' Retirement System (prior in any case to any reduction for early retirement or for an optional mode of payment), would total three-fourths of the member's final compensation:

(1) Four and two hundredths percent (4.02%) of the member's final compensation, multiplied by the number of years of creditable service

rendered as a justice of the Supreme Court or judge of the Court of Appeals;

(2) Three and fifty-two hundredths percent (3.52%) of the member's final compensation, multiplied by the number of years of creditable service rendered as a judge of the superior court or as Administrative Officer of the Courts;

(3) Three and two hundredths percent (3.02%) of the member's final compensation, multiplied by the number of years of creditable service rendered as a judge of the district court, district attorney, clerk of superior court, or public defender;

(4) A service retirement allowance computed in accordance with the service retirement provisions of Article 3 of Chapter 128 of the General Statutes using an average final compensation as defined in G.S. 135-53(2a) and creditable service equal to the number of years of the member's creditable service that was transferred from the Local Governmental Employees' Retirement System to this System as provided in G.S. 135-56; and

(5) A service retirement allowance computed in accordance with the service retirement provisions of Article 1 of this Chapter using an average final compensation as defined in G.S. 135-53(2a) and creditable service, including any sick leave standing to the credit of the member, equal to the number of years of the member's creditable service that was transferred from the Teachers' and State Employees' Retirement System or the Legislative Retirement System to this System as provided in G.S. 135-56."

SECTION 28.21B.(h) G.S. 135-56 is amended by adding a new subsection to read:
