NORTH CAROLINA GENERAL ASSEMBLY
HOUSE REDISTRICTING COMMITTEE

In Raleigh, N.C.

April 7, 2011

Reported by:
Dana C. Whitson

1 THE CHAIRMAN: Thank you so much for
2 being here. The Chair would like to begin very
3 quickly by introducing the staff who is supporting
4 us today. If you will, when I call your name,
5 please raise your hand. Our research staff
6 includes Erika Churchill, Kara McGraw, Shawn
7 Parker, Susan Sitze, Brad Krehely, Kelly Quick,
8 Denise Adams.

9 We also, as all redistricting committees
10 are required to have, are joined by a court
11 reporter today. The court reporter is Dana
12 Whitson.

13 Ladies and gentlemen, it is traditional
14 as the first--the first time a committee meets that
15 all of the members go by and publicly introduce
16 themselves. As the latest of the day is upon us,
17 the Chair would ask your indulgence that we skip
18 that part and will--will order, unless there's an
19 objection.

20 Is there an objection to intro--to not
21 introducing every member of the committee? Seeing
22 none, the Chair will, of course, acknowledge my
23 friend and our good co-chair. Rep. Dockman, did
24 you have any remarks?

1 REP. DOCKMAN: No, Mr. Chairman. Thank
2 you very much.

3 THE CHAIRMAN: Thank you. And Rep.
4 Dollar will be joining us shortly. The outline of
5 today's--oh, pardon me. I do need to introduce our
6 Sergeant at Arms, Carlton Adams. I apologize, Mr.
7 Claris, I can't read your first name. I apologize.
8 Young Bae R.L. Carter and Ken Kirby. So thank you
9 for being here with us today.

10 Ladies and gentlemen, the agenda for
11 today will be--first will be a discussion of the
12 public hearing process. Much work has gone into
13 already securing the sites and making the
14 preparations for the public hearing process. The
15 Chair will give you a brief overview and then
16 introduce Erika Churchill to fill in what I may
17 have missed.

18 We are, of course, required by law, but
19 also bound by our duty to seek out information from
20 the general public into their expectations and
21 concerns about the redistricting process. We have
22 gone through and selected sites that will hold--and
23 that we will actually hold live redistricting town
24 hall-type meetings. Those meetings will be

1 videoconferenced, which means everyone at every
2 site will see and hear and be able to interact with
3 each other at the same time. Also anyone at home
4 so interested will be able to watch it online at
5 nearly every site that we have. We will also be
6 able to tape, or record, I guess is the correct
7 terminology, the input from the public.

8 We have also set up online a way for the
9 public to write in to us via our General Assembly
10 website to share the concerns that they have that
11 way. And also, we will be accepting all written,
12 via mail or e-mail, communications that come
13 forward. And Ms. Erika Churchill will be our
14 point--our point person on that.

15 With that, let me yield briefly, and see
16 if I should have explained anything a little more
17 fully, to Ms. Churchill. You have the floor.

18 MS. CHURCHILL: Good afternoon. You
19 should have in your notebooks a tentative schedule
20 that is dated March 30th, 2011, of the public
21 hearing sites that Rep. Lewis mentioned. Please
22 note that this is a tentative list. We are still
23 in the process of securing a handful of locations.
24 We are almost there. For trying to explain, the

1 bolding means nothing. It's simply something to
2 the technological people to know that that is the
3 center site. All of the sites will be connected
4 via videoconference, meaning anyone who shows up at
5 any one of the sites will be able to speak and have
6 their oral comments submitted to the public record.

7 In addition to appearing at a public
8 hearing to submit comment for the public record,
9 any individual can go online and submit a comment
10 via the General Assembly website. That address and
11 form is up above. They can also mail any written
12 comments that they want to the research division
13 and attention to myself or just "redistricting."

14 With respect to the public hearings,
15 sign-up will be in advance. You should also have a
16 sheet entitled "Public hearing guidelines" in your
17 notebooks. The speakers will need to sign up in
18 advance. They will be limited to five minutes
19 each. Online sign-up is available in advance five
20 days before each hearing. It is sign-up by hearing
21 site. The online sign-up will be limited to
22 twenty-four speakers and then it will be cut off,
23 or within twenty-four hours of the hearing,
24 whichever occurs first. There will be, in addition

1 to that, sign-up onsite at each hearing for up to
2 twelve speakers or--and the hearings will be
3 limited to three hours. If a speaker is not
4 present when their name is called by the presiding
5 chair, they will be skipped at that time. It is up
6 to the chairman of that hearing if they want to go
7 back and ask for them to speak in addition to that.

8 THE CHAIRMAN: Rep. Rapp?

9 REP. RAPP: Thank you, Mr. Chair. I
10 just want to--I'm just looking, for example, at the
11 bottom of the sheet on Page 1 where it says
12 Buncombe County, April 30th, Saturday, four. Does
13 that mean the live hearing will be held at UNC
14 Asheville with the locations, live, interactive
15 telecommunications at the other sites? Or will
16 these be separate sites with live hearings going
17 on?

18 THE CHAIR: Rep. Rapp, what that means,
19 each site will be linked up to have complete
20 videoconference capability. The best way to think
21 about it is the sites in bold will be the sites
22 where we send the court reporter. In other words,
23 we won't have the expense of having a court
24 reporter at all three sites, because everybody will

1 be able to hear what--what is going on.

2 And to add to what Ms. Churchill says,
3 it is--it is the intention of the chairs to attend
4 as many of these sites as possible. There--we
5 encourage all of the members to attend the sites,
6 as well. There may--there may be a time when--when
7 we have to call upon one of the members to actually
8 preside at a site if one of the chairs is not able
9 to be there.

10 I saw Rep. Hackney's hand next. Rep.
11 Hackney?

12 REP. HACKNEY: Question of the Chair.
13 Did I understand that we are proposing--that you
14 are proposing to limit the speakers to twelve and
15 to limit online comments, as well? Is that--did I
16 misunderstand that?

17 THE CHAIR: No, sir. That was--that is
18 not our intent. We are going to have three-hour
19 blocks of time. We are going to let folks sign up
20 in advance online. The first twenty-four folks
21 that sign up are guaranteed a slot to speak. We
22 also will have sign-up on site for--for--for one
23 hour in advance, which means if you did not--if you
24 were not one of the first twenty-four to sign up to

1 speak, you can still sign up to speak on site.

2 The comments that are submitted online
3 are unlimited and will be received all the way
4 through this--all the way through this process.
5 They will be open and available for all members of
6 the committee to view. And the chairs have made a
7 commitment to review them all at least once a week.

8 Did that answer your inquiry, sir?

9 REP. HACKNEY: Well, yes, thank you.
10 What was the comment made about limiting online? I
11 know I heard something about that. Was--did--

12 THE CHAIR: Yes, sir.

13 REP. HACKNEY: Will you clarify that,
14 Ms. Churchill or the Chair?

15 THE CHAIR: The Chair will--the Chair
16 will attempt that, Rep. Hackney. The only--what
17 Ms.--what Ms. Churchill said is the day before the
18 actual public hearing, at five o'clock, at--

19 MS. CHURCHILL: Twenty-four hours in
20 advance.

21 THE CHAIR: Twenty-four hours in advance
22 of the start time of the public hearing we will
23 close the online sign-up. That is just to allow
24 time to print the forms to make sure we know who's

1 going to be there. But again, if you miss that
2 window, you can still sign up on site live
3 yourself.

4 Yes, sir. You're recognized.

5 REP. HACKNEY: And I'd like to put the
6 following in the record, since the record is now
7 open, I take it. We have--have made requests of
8 the speaker for four of our most experienced
9 redistricting people, Reps. Alexander and Ms. Shaw
10 and Martin and Hare to be on this committee. And I
11 would just like to put in the record that repeated
12 requests were made for those people to be on the
13 committee, and that that request has been denied.
14 Thank you.

15 THE CHAIR: Thank you, Rep. Hackney. I
16 saw Rep. Bryant's hand.

17 REP. BRYANT: Thank you, Mr. Chair. I
18 was trying to get some questions answered about the
19 hearings. For the hearings that are not in the
20 bold, does that mean that we will be sitting there
21 watching the proceedings at the other location?
22 And I was just curious as to how come we're doing
23 that versus hearing the speakers at the location
24 where we're at.

1 THE CHAIR: Actually, Rep. Bryant, all
2 of the sites will be treated equally. Everyone
3 will be able to offer their input at the location
4 they're at. They'll be able to hear the input
5 offered at the location that they're at and the
6 input offered at all the other sites that are being
7 conducted simultaneously. The sites that are in
8 bold are the sites that we're going to send the
9 court reporter to.

10 But each site will stand on its own.
11 Each site will have a chair and each site--the
12 input from each site will count the same and will
13 be heard and shared in the exact same way.

14 REP. BRYANT: Follow-up, Mr. Chair?

15 THE CHAIR: You're recognized.

16 REP. BRYANT: I haven't been in this--
17 it's been--I think one time I've been in this
18 situation with this remote process, and I just want
19 to ask you all to--hope that somebody's tested it
20 out, what it's like. But for hours to be watching
21 that kind of situation with technology being what
22 it is and the quality being what it might be, and
23 it goes in and out and all that, could be a
24 miserable thing for the public on a complicated

1 issue at a time when we would want them to be
2 focusing on the subject matter versus the process.

3 And so I would just--you know, I haven't
4 tested it out or anything, but I have a concern.
5 And I'd just ask you all to consider or reconsider
6 whether the videoconferencing aspect is necessary.
7 I know you may be trying to control the cost of the
8 court reporting, and I don't know all what else
9 what goes into it. But if you would give that some
10 thought, and I would appreciate it. I'm concerned
11 about that process.

12 THE CHAIR: Yes, ma'am. The Chair
13 appreciates those remarks. We have--in fact, is
14 Mr. Frey here? Actually, is--I'm having a hard
15 time with the name, and I apologize. I'd like for
16 the gentleman from ISD who has taken the lead on
17 the videoconferencing to address Rep. Bryant's
18 concerns, please. And I'm so sorry that I've drawn
19 a blank. I apologize.

20 MR. CAPRIGLIONE: Thank you, Mr.
21 Chairman. I'm Peter Capriglione with ISD. Yes,
22 Rep. Bryant, we have secured ITS to help us do
23 this. So they'll be in charge of hooking up all
24 the sites. And while there are always chances of

1 technical difficulties, we've had the
2 appropriations town hall meetings for the House a
3 couple of years ago. And yes, so we did have some
4 complications.

5 This time we are using the technology as
6 we did the first time with videoconferencing from
7 tested ITS sites, certified ITS sites, that are all
8 on the list. And we're hoping that we will--we are
9 confident we can produce a good event.

10 THE CHAIR: Does that address your
11 concern, Rep. Bryant?

12 REP. BRYANT: I--I--thank you, Mr.
13 Chair, for the follow-up. I still am concerned
14 about us sitting and watching all these other
15 sites. The time lag between their speakers and
16 then we're waiting. I don't know how you're going
17 to do it, whether it's going to be each site
18 sequentially and then we're waiting our fifteen
19 minutes for our next person. I mean, I'm really--I
20 mean, it's--and the tech--the process, the quality
21 of the technology, and I just--I'm concerned about
22 that and how interesting and helpful that will be
23 for the citizens sitting and waiting, number one.

24 And two, I hope we have a Plan B in case

1 that doesn't work.

2 THE CHAIR: Yes, ma'am, noted. The
3 order in which the Chair saw the hands are Mobley,
4 Rapp and Daughtry. So Rep. Mobley?

5 REP. MOBLEY: Thank you, Mr. Chair. I
6 was a couple of minutes getting in here, but I
7 thought I heard you addressing the schedule--
8 somewhat addressing the schedule. As I look at the
9 schedule that you have, my particular district is
10 about an hour from any given point on here at
11 least. And I was wondering, is there room for
12 additional sites to be set up and how do you go
13 about getting on those?

14 THE CHAIR: Yes, ma'am, there is, Rep.
15 Mobley. In fact, we sent out an inquiry to the
16 members and asked those who wanted specifically to
17 have a site to please reply. To the best of the
18 Chair's knowledge, the only reply we actually got
19 was from Rep. Bryant. But what--what county do
20 you--do you represent? I'm sorry that I don't
21 remember.

22 REP. MOBLEY: Hertford, Bertie, Yates
23 and Perquimans County, the 5th District.

24 THE CHAIR: The Chair would like to

1 REP. DAUGHTRY: Thank you, Mr. Chairman.

2 I have looked at the list and the locations of the
3 remote sites, and it seems to me that it is much
4 better than anything we've done in the past. Most
5 of the time we had to travel up here and get in a
6 line to speak, and you were limited to two minutes
7 when you spoke, if you got to speak at all. So I
8 think this is a real improvement, and I like the
9 way that you've scattered the sites around where
10 people--it's convenient for people to come not so
11 far from their home.

12 THE CHAIR: Thank you, sir. That was
13 our intent. Rep. Floyd?

14 REP. FLOYD: Yes, thank you. I just
15 have a problem--not a problem, but just a concern
16 with the sites, the site location, for instance in
17 Robeson County, are there--and--and many times we--
18 before April the 21st, you know, we would be
19 going--you know, we will be moving about, you know,
20 our community. To, say, Fayetteville Technical
21 Community College, are you going to do a update so
22 we can be more specific when we say to individuals
23 the--the location? That's--

24 THE CHAIR: Yes, sir. I think that's a

1 very good question. The Chair thanks the
2 gentleman. We will, indeed, be doing a--an exact
3 public notice that will list the location the event
4 is going to be held, the address, the building and
5 the room.

6 MR. FLOYD: Follow-up?

7 THE CHAIR: You're recognized.

8 MR. FLOYD: You know, to help us read
9 just a little bit faster, if the person would look
10 at Robeson County as they have bracket Wake,
11 Durham, Guilford, Harnett and Mecklen--well,
12 Mecklenburg's out, too. But if they would put it
13 on the line, because I had to really decipher it
14 first, you know, to really get a understanding of
15 it, and looking at the other ones. Robeson--Wake
16 and Durham is on the line which is easy to read.
17 You can speed read it much better. That's what I'm
18 saying.

19 THE CHAIR: Yes, sir. Rep. McGee?

20 REP. MCGEE: Thank you, Mr. Chair. And
21 to get into the weeds just a bit, we're going to
22 meet at seven and we have three hours with three
23 counties. The computers will have been open for a
24 period of time and people will have entered their

1 names to talk. And I think you said you'd take the
2 first twenty-four. So if the first twenty-four are
3 from Guilford, does that exclude Forsyth and
4 Rockingham? Or are you going to rotate through the
5 system?

6 THE CHAIR: That's a very good question,
7 Rep. McGee. It was the intent to go in order of
8 the folks that had signed up and then to take the
9 sign-up at the door. I will state--I will state
10 for the record that the full intent--that the
11 reason for the three-hour time slot is there are
12 several days in which we're doing more than one of
13 these. For those days in which we are not doing
14 more than one or we are doing the last one, if we
15 need to stay longer than the three hours, we'll
16 just have to be willing to--to do so.

17 We also try to do somewhat of an
18 overlap. If you couldn't come to one of the public
19 hearings, perhaps you could come to another. We
20 will be doing the first and the last one here in
21 Raleigh. So our intent is to get as much--as much
22 public comment as we can.

23 Yes, sir, you're recognized for follow-
24 up.

1 REP. MCGEE: Follow-up, please. But
2 still, as I understand it--and maybe I don't
3 understand what the program is--but if twenty-four
4 people from Guilford sign up, they're going to be
5 the people who talk to all the people in Forsyth,
6 Rockingham and Guilford. Are you going to have
7 some program to rotate it through the system?

8 THE CHAIR: At this time that is not our
9 intent. Is if that becomes an issue, we have--we
10 will take steps to add a site to make sure that the
11 people in Forsyth get a chance to--to be heard.

12 REP. MCGEE: Thank you, Mr. Chairman.

13 THE CHAIR: Rep. Pierce?

14 REP. PIERCE: Mr. Chairman, did you all
15 finally get a room for the UNC-P meeting? I see
16 you've got--you're waiting for a confirmation. Did
17 you get it? I came a little late. Did you get it?
18 Oh, you did? I'm sorry.

19 THE CHAIR: Yes, Rep. Pierce, we did.
20 These forms were actually prepared last--last week,
21 when we were supposed to meet.

22 Just for the record, so all of you know,
23 we will be issuing--I know you've all seen the
24 written legal notices that appear in the newspaper.

1 We will be issuing those throughout this entire
2 process. We will begin, in fact, this week by
3 running in the *News & Observer* a complete list of
4 all of the sites with all the information that we
5 have.

6 There--there are still a few sites that
7 the final confirmation, the room numbers and
8 whatnot is not known. As that is known, it will be
9 shared. This will also be online. And it will be
10 run as best we can in the newspapers of general
11 circulation in every--in each area that these are
12 going to be held.

13 We are also working very hard to mail to
14 the various interest groups who have expressed a
15 desire to know about this. You can also through
16 our web sign up a request to be reminded. Each
17 time we have one of these public hearings, it'll be
18 treated just like a committee meeting. And so we
19 will be putting out committee notices.

20 Rep. Faircloth?

21 REP. FAIRCLOTH: Thank you, Mr. Chair.
22 Not to belabor the issue, but just to try to
23 clarify, if--when the online sign-up takes place--
24 using Guilford, Forsyth and Rockingham again--and

1 twenty-four people sign up, do all those twenty-
2 four then go to Guilford, or can they go to any of
3 the three sites?

4 THE CHAIR: They can go to any of the
5 three sites. All three sites will be--will be
6 treated exactly the same.

7 Any further questions on this? If not,
8 before we move on, just to clarify, the Chair does
9 intend to direct that we add a--we add an
10 additional public hearing site in the 5th--in the
11 5th House District.

12 At this time we're going to move on to a
13 presentation from Dan Frey. He is going to just
14 show you, as quickly as he can, I'm sure, what
15 information is on the General Assembly website. So
16 Mr. Frey, if you'll come forward.

17 REP. HACKNEY: Mr. Chairman?

18 THE CHAIR: Rep. Hackney?

19 REP. HACKNEY: Can you outline the rest
20 of the afternoon, what we're going to do today?

21 THE CHAIR: Yes, sir.

22 REP. HACKNEY: If we're already familiar
23 with what's the on the website, should we feel free
24 to leave or what?

1 THE CHAIR: Rep. Hackney, to the first
2 part of your inquiry, we are going to do a brief
3 overview of what's on the General Assembly website.
4 We are then going to answer any inquiries that
5 anyone has about the legislative redistricting
6 guide prepared by research that was sent out last
7 week. We are then going to just talk briefly about
8 ISD policies and member access and public access.
9 And then the Chair is going to open up the floor to
10 any concerns or ideas from the committee.

11 If--if a member has something else that
12 they need to do, please note that you can certainly
13 attend to that. And if you would like to follow up
14 on anything, you can certainly address your
15 concerns with staff.

16 REP. HACKNEY: Thank you.

17 THE CHAIR: Yes, sir.

18 MR. FREY: Okay. Yeah, I'll just go
19 through here quickly what we've got out there. So
20 we've tried to pull all the information, you know,
21 related to redistricting, together under one main
22 page. You can get to that off the top bar of our--
23 our main website. There's also a direct address,
24 redistricting.ncleg.net.

1 There is--you know, of course, like
2 Erika was showing, the public comment submission
3 form here. And then as soon as we get, I guess,
4 finalized more with the public hearings, there will
5 be information that will go up there, as well, on
6 that, that highlighted box.

7 Okay. We've got just an overview of the
8 redistricting process. Each of these will take you
9 to the, you know, associated section. And there is
10 a link to the redistricting guide, which I believe
11 you have as a--yeah, as a handout. So there's a,
12 you know, copy of that up there in PDF format.

13 And then we've got a section here that
14 goes over--that gives detail on the current
15 district plans. And as we have information on--on
16 new district plans, we'll put that out here, as
17 well. These ones right now are still--they still
18 contain the information that was used when these
19 plans were drawn. So this is like 2000 census
20 data. Right now we're finalizing all the report
21 formats with our new database. So as soon as we
22 get that we can go ahead and create new pages, you
23 know, first for the current plans with the 2010
24 data.

1 THE CHAIR: Mr. Frey, the Chair
2 apologizes for interrupting your presentation. The
3 Chair would like to thank ISD for the great amount
4 of work that they have done. The--the purpose of
5 this part of the program was to show and to
6 demonstrate to the members of the committee that we
7 have made absolutely everything that we possibly
8 knew how to make available to the general public to
9 view.

10 Unless there is objection or the
11 committee would like to learn more, the Chair is
12 going to ask Mr. Frey to conclude. And if there
13 are any concerns that you would like to address
14 with him to please--to please just see him after we
15 adjourn.

16 MR. FREY: Okay.

17 THE CHAIR: Thank you, Mr. Frey.

18 Last week the Chair sent out via staff--
19 Erika Chur--Erika sent out the redistricting guide
20 overview. It is not our intent to go through that
21 line by line. This is not going to be like some of
22 the meetings that we've sat through, some of the
23 trainings that we've sat through. The Chair will
24 just pause and ask if any member would like to

1 address any point in that guide.

2 The Chair will also state, as we're on
3 the record, that this guide was sent out to all of
4 the members of the committee. It is also on the
5 public website for any member of the General
6 Assembly or any member of the general public who
7 may wish to review the guide. And the Chair will
8 also say that should there be--should there be
9 inquiries that arise down the road, we can address
10 those at that point, as well.

11 So with that, the Chair will pause. Are
12 there any direct--direct inquiries about this
13 guide? Seeing none, I'm now going to just briefly
14 touch on the ISD policies, and I'm going to
15 recognize--the Chair's going to recognize Ms.
16 Churchill for that. She's over here. Ms. Erika
17 Churchill, you're recognized.

18 MS. CHURCHILL: In your notebooks you
19 also have two separate sheets that contain ISD
20 policies for redistricting for 2011. Very briefly,
21 for the redistricting application, the software and
22 any of the associated hardware, such as the
23 computer and the printer, those will be--that will
24 be installed in the computers as designated by the

1 President Pro Tem and the Speaker of the House for
2 members and member staff support.

3 In addition to that, there will be one
4 computer located on the second floor that ISD will
5 allow members and member staff to sign up for to
6 use in four-hour blocks of time. ISD does ask that
7 you only reserve one time in that office with that
8 computer at a time. In other words, if you ask to
9 use the computer tomorrow at four o'clock for four
10 hours, please utilize that one first. If, for some
11 reason, you cannot make it, then please let ISD
12 know, because there may be someone on the waiting
13 list that can make it at that time.

14 ISD will support the members and the
15 staff with assisting with technology, such as
16 printing or manipulating the software. For legal
17 support, the members and the member staff will need
18 to contact our research division.

19 Public access, likewise there is one
20 computer located on the second floor that any
21 member of the public can sign up to use. Members
22 of the public will be allowed three-hour blocks.
23 Likewise they will be asked to schedule only one
24 session at a time and use that session before they

1 schedule another. Members of the public are
2 encouraged to bring a thumb drive on which to save
3 any plans that they draw, particularly if they want
4 to come back and re-access that plan.

5 For plans drawn by members, those plans
6 are the record of the member. It is up to the
7 member to maintain that. For plans drawn by the
8 public, those will become part of the public record
9 as part of the 2011 redistricting process.

10 Similarly, the web policies for public
11 comment and the posting of plans on the web by ISD,
12 on the public comment, as mentioned before, they
13 will maintain a comment form that anyone can access
14 twenty-four hours a day. Weekly they will complete
15 a report that will be sent to the chairs and
16 members of both redistricting committees, House and
17 Senate, for their review.

18 Posting of the plans on the web, it is
19 the decision of the Chairs that plans that are
20 statewide will be posted to the web once they are
21 adopted by the committee or the chamber.

22 THE CHAIR: Thank you, Ms. Churchill.
23 The Chair would like to add that at the direction
24 of the Speaker, two work sites have been

1 the intention of the Chair to attend all of the--
2 well, when I say "all," yes, all of the hearings,
3 are you--will you be present?

4 THE CHAIR: Rep. Rapp, along with my co-
5 chairs from the House and Senator Rucho, it's our
6 goal to have a chair at every site. Since the
7 meetings will be going on simultaneously, I won't--
8 this Chair will not be able to be at each site.
9 But I do--I do intend to go to each site that I can
10 go. We may need--we may need your help to preside
11 up in your area. So we'll--we may call on folks
12 to--to assist with that.

13 The Chair would like to announce that he
14 failed when doing the staff recognition, Ms. Pattie
15 Fleming is our House committee clerk. She is the--
16 she--in addition to being our committee clerk,
17 she's also the legislative assistant for Rep.
18 Starnes. And you can feel free to contact her with
19 concerns, as well. She does have--and you can
20 find--find it using your Microsoft Outlook--she
21 does have a unique e-mail address. It is
22 redistrictla@ncleg.net. And you can--you can feel
23 free to contact her. You can contact me or any of
24 the other chairs with concerns.

1 So with that, the Chair will ask one
2 more time if there are any concerns or any
3 questions from the members. Seeing none, I
4 sincerely thank you for your time today. I thank
5 you for your patience and your willingness to
6 serve. We stand adjourned.

NORTH CAROLINA GENERAL ASSEMBLY

2011 Redistricting

ISD Policies 2011 Redistricting Operations

Member and Member Staff Support

1. ISD will install the redistricting application on the computers designated by the President Pro Tempore and the Speaker of the House.
2. ISD will provide technical training on the redistricting application.
3. ISD will provide technical support to members and member staff who have the redistricting application installed on their computers.
4. ISD staff does not provide plan design and legal advice to members and member staff; that assistance is provided by the Research Division.
5. ISD will provide one or more small redistricting workrooms that can be reserved by members and member staff.
 - a. An ISD staff member will be available to provide technical assistance in operating software and hardware.
 - b. Appointments must be scheduled in advance.
 - c. Rooms may be reserved for periods of up to four hours.
 - d. An individual may reserve only one time slot at a time. That appointment must be used or cancelled before another is scheduled.
 - e. ISD will maintain a reserve waiting list of members who want to reserve a time slot. If an appointment is cancelled, or a member fails to keep an appointment, ISD will notify the first member on that list of the availability.
6. Members and member staff will be responsible for generating their own maps, reports, and datasets. ISD will generate these materials only when users, due to limitations of software or hardware, cannot generate them.
7. Requests on behalf of members must come from members or legislative staff directly. They will otherwise be considered public access requests.

Support of Central Legislative Staff

1. ISD will provide hardware, software, training, and technical support to assigned central staff.
2. Central staff will be responsible for generating their own maps, reports, and datasets.
3. A plotter will be available where central staff can direct large format maps.
4. A color copier will be made available where central staff can copy maps.
5. The materials production role of ISD will be limited to specialized items that cannot be generated within the divisions due to software limitations.

Public Access

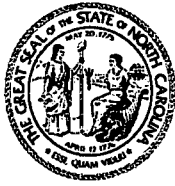

1. ISD will provide a public access room where the general public can build their own district plans.
2. Public access hours will be between 8:00 a.m. and 5:00 p.m. Monday through Friday.
3. An ISD staff member will be available to provide technical assistance in operating software and hardware only.
4. Appointments must be scheduled in advance.
5. Workstations may be reserved for periods of up to three hours.
6. An individual may reserve only one time slot at a time. That appointment must be used or cancelled before another is scheduled.
7. All plans created on the public access workstations will be considered public information. Any plans created on the workstations will be archived on legislative data network storage devices.
8. A color printer will be available in the public access room for users to produce hard copies of their plans and associated reports. Custom and large-format maps of publicly created plans will be treated like any other external map request to ISD, and copying costs apply.
9. A directory on the local machine will be provided for storage of district plans, reports, etc. Users are encouraged to bring a flash drive, so that upon completion of the session, the public user can save any plans created. Following a session, the local output directory will be purged in preparation for the next session. If a public user wishes to continue work on a plan created in an earlier session, it is the responsibility of the public user to bring any previously saved work to the session, as ISD will not be responsible for managing public user files.

Confidentiality of Plans

1. To get information on a non-public plan, individuals must contact either the plan author or a system user to which the author has granted access, to determine if that information may be released in accordance with Article 17 of Chapter 120 or other applicable law.
2. Plan authors may request materials from ISD that cannot be generated by the plan author due to hardware or software limitations. Such requests must be made in writing by the plan author (e-mail is acceptable).
3. Access to ISD printer areas and the legislative print shop is restricted to central legislative staff to ensure plan confidentiality.

Plan Imports

1. Plan files from external sources can be imported, provided they are submitted in a delimited text format, each line consisting of a block key followed by a district number. Block keys must be in the format *state-county-tract-block* (e.g. 370156501002100).
2. All media received from external sources will be subject to a virus scan. Detection of a virus will warrant rejection of the submitted item.

NORTH CAROLINA GENERAL ASSEMBLY

2011 Redistricting

Web Policies for 2011 Redistricting

Public Comment Input

1. ISD will provide a comment form on the General Assembly's web site for the purpose of soliciting public input on the topic of redistricting.
2. At least weekly, ISD will provide a report to the chairs and members of the Redistricting Committee of each chamber, containing the comments submitted.

Posting of Plans on the Web Site

1. Posting of proposed district plans on the General Assembly's web site will be at the discretion of leadership and the redistricting committee chairs.
2. Proposed plans and the related statistical material heard in committee or on the floor will be posted within 24 hours once received by ISD. Subsequent materials will be posted as time permits. The posting of the material will be done as described in Item 1.
3. The General Assembly's web site will be the primary means of distribution for maps and statistics on statewide plans considered by a standing committee of the General Assembly.
4. Requests for additional information on these plans should be directed in writing to ISD (e-mail is acceptable).
5. Cost of reproduction fees will apply to materials generated for external clients.

PUBLIC HEARING GUIDELINES

Redistricting Committees of the 2011 General Assembly

1. Speakers need to sign up on the "Speaker Sheet" in order to speak.
2. Speakers will have up to 5 minutes for presentation to the Committee.
3. Registration for speaking will begin:
 - a. **At the hearing site:** 1 hour prior to the convening of the hearing, and will close prior to the beginning of the hearing.
 - b. **On-line:** 5 days in advance of the hearing, up to 24 speakers, and will close 24 hours in advance of the hearing.
4. Speakers will be called according to the order of registration.
5. If a speaker is not present when called, the speaker will be skipped at that time. Time permitting at the end of all registered speakers, those skipped will be allowed to speak.
6. The presiding chair, at the chair's discretion, may change these guidelines.

For those unable to attend a public hearing, written comments may be submitted for inclusion in the record. To submit public comment, please:

- Visit the General Assembly web page at <http://www.ncleg.net/Redistricting> or
- Mail written comments to Redistricting, Attention Erika Churchill, 300 N. Salisbury St., Suite 545, Raleigh, NC 27603-5925

HOUSE REDISTRICTING COMMITTEE

July 21st, 2011

The House Redistricting Committee met in 643 Legislative Office Building for the presentation and discussion on the House Redistricting Plan.

Chairman Nelson Dollar presided and called the meeting to order. He called on Senior Chairman David Lewis to present the proposed House plan (Lewis, Dollar Dockham #2 Plan) to the committee. The map and the Legislator's Guide to NC Legislative and Congressional Redistricting Handbook were distributed to the members. Following Rep. Lewis' presentation the floor was open for questions.

The following members were present: Reps. Lewis, Dockham, Dollar, Burr, Samuelson, West, Alexander, Bell, Boles, Brown, Bryant, Cook, Cotham, Daughtry, Earle, Faircloth, Fisher, Floyd, Gill, Hackney, Howard, Ingle, Jackson, Jones, Langdon, Lucas, McGee, Mobley, Moffitt, Parmon, Pierce Randleman, Rapp, Rhyne, Sanderson, Spear, Stam, Stevens, and Wilkins.

Following questions and discussion the meeting was adjourned at 7:00pm.

A transcript of the meeting is attached.

HOUSE COMMITTEE ON REDISTRICTING

TRANSCRIPT OF THE PROCEEDINGS

In Raleigh, North Carolina

1 REP. DOLLAR: House Committee on
2 Redistricting is convened. Our sergeant-at-arms
3 with us today: Abby Ray, Reggie Seals, Jason Hayes,
4 Billy -- Bill McRae, I should say, Garland
5 Shepherd, and Bob Ross. And we appreciate them
6 being here and appreciate their service.

7 Chairman Lewis will begin in just a
8 moment the presentation of the Proposed Committee
9 Substitute for House Bill 937. Without objection,
10 that bill will be before us -- be properly before
11 us.

12 Rep. Hackney, did you have something that
13 you wanted to -- a statement you want to make?

14 REP. HACKNEY: I -- I do. Thank you, Mr.
15 Chairman, for the opportunity.

16 This morning during the discussion of
17 packing cases, I said something that wasn't right,
18 and I wanted to fix it. The -- there was a
19 Virginia decision about packing by a state court
20 judge, and I had indicated that it was a recent
21 decision. It was actually in 2002, and was
22 reversed later by the Supreme Court of Virginia.

23 So I want to make that correction and
24 apology for it. A lawyer should not be relying on
25 press clips for legal citations.

1 The two anti-packing cases that I do know
2 about are Miller versus Johnson, which was decided
3 by the United States Supreme Court, June 29, 1995,
4 and Voinovich versus Quilter, March 2, 1993. So I
5 would like to substitute those for my earlier
6 erroneous statement.

7 REP. DOLLAR: Thank you, Rep. Hackney.
8 With that, we will recognize Chairman Lewis to --
9 to present the Proposed Committee Substitute.

10 REP. LEWIS: Thank you, Mr. Chairman.

11 Ladies and gentlemen of the House
12 Redistricting Committee, and those guests who have
13 joined us. I'm Rep. David Lewis. I am the senior
14 chair of the House Redistricting Committee, and I
15 will present to you a plan to provide for creation
16 of 120 seats in the North Carolina House of
17 Representatives for the citizens of the State of
18 North Carolina. Rep. Dollar, Dockham, and I are
19 proud to present for your consideration the plan
20 before you entitled -- pardon me -- Lewis-Dollar-
21 Dockham 2.

22 From the very beginning of this process,
23 our goal has been and remains the creation of fair
24 and legal legislative districts. In doing so, our
25 process has included an unprecedented number of

1 public hearings. As we went through this morning,
2 we held 36 prior to the release of the maps, we
3 held seven upon the release of the proposed VRA
4 districts, we held ten on the Rucho-Lewis
5 Congressional Plan, and we held ten after the
6 release of Lewis-Dollar-Dockham 1 Legislative
7 Redistricting Plan.

8 Again, as I've said before, we also
9 provided easy access for public comment via the
10 North Carolina General Assembly website and invited
11 additional written comments through both e-mail and
12 the U.S. Postal Service. The chairs and I thank
13 the thousands of citizens who expressed their
14 rights through all their comments. All of these
15 comments have been reviewed by the chairs and
16 preserved as a permanent record of citizen input on
17 this important task.

18 As I said earlier today, we've also taken
19 the unprecedented step of providing the leadership
20 of the minority party with specialized computer
21 hardware and software to be used at their disposal,
22 along with staff support for them and for all
23 members. We further encouraged participation from
24 members. We took the unprecedented act of
25 providing office space, computer technology, and

1 staff support to the Legislative Black -- to the
2 Legislative Black Caucus.

3 Today, we are pleased to discuss the
4 product of this effort and respectfully submit our
5 2011 North Carolina House of Representatives
6 Redistricting Plan. We believe it fully complies
7 with applicable federal and state law. We also
8 believe that a majority of North Carolinians will
9 agree that our proposed plan will establish State
10 House districts that are fair to North Carolina
11 voters.

12 North Carolina has been the subject of
13 numerous legal challenges to our Redistricting
14 Plan. Given this history, our primary goal is to
15 propose maps that will survive any possible legal
16 challenge.

17 The first requirement is that legislative
18 districts comply with the one person, one vote
19 standard affirmed in Stephenson versus Bartlett.
20 The second requirement in the creation of plans
21 that will obtain pre-clearance under Section 5 of
22 the Voting Rights Act and forego -- excuse me --
23 and foreclose the possibility of a successful
24 challenge under Section 2 of the Voting Rights Act.

25 Our plans must also comply with state

1 constitutional requirements as explained in the
2 Stephenson decisions and the decisions by the North
3 Carolina Supreme Court and the United States
4 Supreme Court. I'll now go briefly through those
5 factors.

6 One person, one vote. All of our
7 districts have been constructed with sufficient
8 population so that they are within plus or minus
9 five percent of the ideal population for a State
10 House district. The ideal population for a State
11 House district, 79,462.

12 Voting Rights Act districts. We have
13 explained our understanding of the Voting Rights
14 Act in a statement issued on June 17, 2011. In our
15 original plans, 24 majority House districts were
16 created. "Majority" means in excess of 50 percent
17 as required by the Strickland decision and affirmed
18 by the U.S. Supreme Court.

19 Based upon comments we received during
20 the public hearing process, we made several changes
21 to the VRA districts. For example, in our House
22 plan, we elected to delete a majority black
23 district in southeastern North Carolina based upon
24 the strong statements opposing such a district,
25 including those from the Southern Coalition for

1 Social Justice. The remaining 23 districts with a
2 majority of black voting age population -- BVAP --
3 combined with two over 40 percent BVAP districts,
4 continue to provide black voters with a
5 substantially proportional and equal opportunity to
6 elect the candidates of their choice. Creating
7 these districts also provides the state with a
8 strong three -- with a strong argument for
9 preclearance of the plans.

10 Consistent with feedback provided to us
11 at the public hearings or in person at -- and as
12 permitted by law, we have also made other changes
13 in the proposed House VRAs affecting, in
14 particularly -- in particular, Rep. Mobley, Rep.
15 Gill, Rep. Earle, and as I've already stated, the
16 elimination of the southeastern district.

17 Several of our critics have incorrectly
18 argued that our plans pack African-American voters.
19 We have repeatedly asked Democratic leaders and
20 others to provide a legal case which defines
21 packing as either a majority black district or
22 creating -- pardon me. We've asked them to provide
23 us with a case that provides a definition other
24 than the one used by the chairs, which is packing
25 is when you place so many minority voters in a

1 district that you are precluded from drawing a
2 second majority-minority district.

3 To date, we have not received or had
4 opportunity to review any case citations to this
5 effect from our critics. Regardless, in 1982,
6 these same arguments were considered and rejected
7 by Congress when it amended -- when it amended
8 Section 2 of the Voting Rights Act.

9 Since March -- since March 17, 2011, we
10 have repeatedly requested from Democratic leaders
11 and members of the minority community to provide us
12 with proposed redistricting plans. To date, only
13 the SCSJ -- the Southern Coalition for Social
14 Justice -- has submitted alternative plans.

15 In prior testimony, Anita Earls,
16 Executive Director of the SCSJ, advised us that
17 majority black districts are still needed in the
18 state of North Carolina. Consistent with that
19 testimony, the SCSJ has proposed -- proposed nine
20 Senate districts and 20 House districts. In the 20
21 House districts, the SCSJ proposed them with a BVAP
22 ranging from 40 percent to over 50 percent, and one
23 House district with a -- with a BVAP of 37.06.

24 Even though all of the SCSJ districts
25 have been drawn to achieve a specific level of

1 black population, no one has accused the SCSJ of
2 packing black voters.

3 There are two major differences between
4 the SCSJ minority districts and our proposed VRAs.
5 First, we have complied, as we must, with the
6 holding by the United States Supreme Court and the
7 North Carolina Supreme Court in Strickland versus
8 Bartlett and affirmed in Bartlett versus
9 Strickland. These decisions require that districts
10 drawn to insulate the state from liability under
11 the Voting Rights Act must be drawn with a black
12 voting age population in excess of 50 percent plus
13 one.

14 The SCSJ has proposed 11 majority
15 House -- House districts with black populations in
16 excess of 40 percent, and as I said before, one
17 with a black population of 37.5. We have drawn all
18 of our House districts at levels above 50 percent,
19 except for two districts in Forsyth County. We
20 agree with the position of the SCSJ that two
21 majority BVAP districts cannot be drawn in Forsyth
22 County.

23 Aside from the lack of black population
24 in Forsyth County, which prevents two majority
25 black House districts, in light of Bartlett, we see

1 no principled reason not to draw all VRA districts
2 at the 50 percent or above level when it is
3 possible to do so.

4 Now that it is apparent that these
5 majority black districts can be drawn, any decision
6 to draw a few selected districts at less than a
7 majority level could be used as evidence of
8 purposeful discrimination or in support of claims
9 against the state filed under Section 2. Thus, in
10 order to best protect the State from costly and
11 unnecessary litigation, we have a legal obligation
12 to draw these districts at true majority levels.

13 Third, we do have State Constitutional
14 requirements. Our House plan has been drawn in
15 compliance with the State Constitutional
16 requirements stating -- stated in Stephenson I and
17 II. These requirements establish a hierarchy of
18 constitutional rules for drawing districts within a
19 whole county or a combination of counties.

20 Rather than continue to read them, I
21 would direct, respectfully, the attention of the
22 committee to the "Legislator's Guide to North
23 Carolina Legislative and Congressional
24 Redistricting," which is available at your desk and
25 also on the web site, to the bottom of page 7 and

1 the top of page 8. And, Mr. Chairman, I will
2 submit, I know one of these will be submitted for
3 the record for review.

4 Ladies and gentlemen, I also would like
5 to conclude my remarks by thanking you for your
6 time. I appreciate the effort shown by all of you
7 who are here today. I am going to respectfully ask
8 for your support of the plans as you have before
9 you. And with that, Mr. Chairman, I'll be happy to
10 yield to any inquiries.

11 REP. DOLLAR: We will open the committee
12 to questions from the members who have questions
13 for the bill sponsor. Rep. Lucas.

14 REP. LUCAS: Thank you, Mr. Chair.

15 Rep. Lewis, allow me to commend you on
16 your hard work, you and your committee, for the
17 long hours of endeavor that I'm sure that it took
18 to come up with the creation of the plan.

19 The question I have relates to the number
20 of minority-majority districts that you drew. I
21 think you indicated that you drew about 23 of
22 those, and, of course, I believe you indicated that
23 SCSJ was desirous of having more drawn. I don't
24 know if you mentioned any other minority groups
25 that requested this or were involved in the

1 preparation of these majority-minority districts.

2 And I'm just kind of curious as to how you arrived
3 at the number 23.

4 REP. LEWIS: Thank you, Representative.
5 We were seeking to abstain -- to obtain substantial
6 proportionality to reflect the -- to reflect the
7 total African American population in the state,
8 which in round figures is about 21.5 percent. That
9 would lead you to the number of seats that I've
10 mentioned.

11 REP. DOLLAR: Do you wish a follow-up?
12 Let -- let me -- before you ask the follow-up, Rep.
13 Lucas, we have a court reporter who is recording
14 these proceedings. And if you could sort of bring
15 the mic as close to you as you can, for everyone,
16 that would just make her job a little bit easier in
17 recording. Rep. Lucas.

18 REP. LUCAS: Thank you, Mr. Chair, for
19 the follow-up. I still have the curiosity as to
20 why we saw fit to increase the number of minority-
21 majority districts, again, not knowing of any
22 particular group or individuals within the minority
23 community who have made such a request. And
24 just -- sake of curiosity to me. In fact, I think
25 they'd rather not have that.

1 REP. LEWIS: Rep. Lucas, it was our
2 intent to get as close to a -- to report a
3 substantial proportionality to reflect the
4 percentage of African-American citizens living in
5 our state.

6 REP. LUCAS: One follow-up?

7 REP. DOLLAR: Follow-up.

8 REP. LUCAS: Was there in the process any
9 negotiation or input from any minority
10 organizations? And I think you mentioned one.
11 Specifically, maybe the NAACP and/or other
12 organizations around the state, or individuals
13 around the state, of influence. Church leaders or
14 anybody of that nature who made such a request.

15 REP. LEWIS: Rep. Lucas, I don't recall
16 that any organized group asked for this particular
17 number. I will tell you that numerous
18 solicitations were made to various groups via
19 letter, e-mail, outreach. I've already mentioned
20 the unprecedented number of public hearings that
21 were held. There were numerous individual
22 conversations with -- with my fellow legislators.

23 Again, when you look at the number of
24 population of African-Americans in the state, it
25 makes sense that we seek to grant as close as we

1 can a proportional representation of that. I don't
2 know that there is a single African-American group
3 that speaks for all the African-American population
4 in the state, and I would dare say that had we
5 received any input from the repeated requests made,
6 that input would have been certainly considered in
7 the preparation of these maps.

8 REP. DOLLAR: I think I would also note,
9 is it not correct, Rep. Lewis, that resources were
10 provided to the Legislative Black Caucus and you
11 have not received any maps at this -- at this time.
12 Is that correct?

13 REP. LEWIS: Mr. Chairman, that is
14 correct. I had hoped I was to spare the community
15 a repeat of my remarks this morning. We did
16 provide an office space. We provided computer
17 hardware, software, and \$60,000 worth of staff
18 support to the Legislative Black Caucus in hopes of
19 receiving some input, and, to date, have received
20 none.

21 REP. DOLLAR: Rep. Fisher.

22 REP. FISHER: Thank you, Mr. Chairman.
23 Again, it's a -- a point of pride on my -- our part
24 that Asheville had probably one of the highest
25 turnouts of folks at each of the public hearings

1 during the time that those were held. And I think
2 that there are still comments coming in online from
3 the folks in that area, and I hope that they will
4 get paid attention to. And that's one of the
5 reasons why you never heard so much from me, is
6 because I'm sort of relying on those folks who are
7 so active in -- in Asheville to -- to speak up, and
8 they will do that.

9 And -- but that leads me to a question,
10 one I've been dying to ask, because it's one that
11 really affects me. And that is, why do you think
12 it was necessary to pair incumbents in this second
13 plan? And then I'm -- I will have a follow-up.

14 REP. LEWIS: Many of the incumbents that
15 were paired were paired due to Stephenson
16 restrictions which require a certain number of
17 counties to be grouped a certain way. There were
18 some incumbents that were paired because the
19 physical location of their residence was so very
20 close to another incumbent that it would have just
21 been very difficult not to pair them.

22 And in regard specifically to Buncombe
23 County, I would just reiterate that computers,
24 software, and staff support have been made
25 available for all the members of the General

1 Assembly, input sought from the chairs, and do not
2 recall receiving anything from you, Representative.

3 REP. FISHER: Follow-up?

4 REP. DOLLAR: Follow-up.

5 REP. FISHER: As I said before, I -- I
6 rely a lot on the folks that I represent out there
7 in Asheville and Buncombe to react and respond to
8 the -- to what they see.

9 I am concerned because it seemed like it
10 would have been a fairly easy matter to -- if we're
11 thinking just in terms of the numbers needed in
12 each one of the districts, to have made those
13 adjustments and still have had fairly competitive
14 districts in at least two of the districts and
15 maybe not so much in another.

16 But that -- all that aside, I'm -- I'm
17 trying to figure out why, in the case of 114 and
18 115, it was just a matter of a few yards for the
19 incumbent in 115 as far, you know, as where she
20 lives and her -- her district in order to move --
21 to, you know, to remain in her district. And I'm
22 wondering what was the legal principle that you
23 based that decision on?

24 REP. LEWIS: Rep. Fisher, I do not recall
25 exactly how the lines were drawn in Buncombe

1 County. I do recall that we received no input from
2 either of yourself or Rep. Keever, even after the
3 maps have come out and you have had time to work
4 with staff to begin to prepare them. We are more
5 than glad to review anything that you submit.

6 REP. FISHER: Thank you, sir.

7 REP. DOLLAR: Rep. Lewis, could you just
8 review for us, if you have it, any information from
9 recent redistrictings regard -- regarding double-
10 bunking?

11 REP. LEWIS: Mr. Chairman, in my
12 research, the last time that the redistricting was
13 done solely under the control of one party, was
14 under Sutton Plan 5 in 2002, in which case, 17
15 Republicans were paired with other incumbents and
16 three were Democrats.

17 REP. DOLLAR: Thank you, Rep. Lewis.
18 Rep. Rapp.

19 REP. RAPP: Thank you, Mr. Chair. Rep.
20 Lewis, I want to also say, you've put a lot of work
21 into this and a lot of hours. I'm over here to
22 your -- to your left.

23 And so I -- and especially with the time
24 that was put into the various public hearings. And
25 I did attend all of the ones at -- at some location

1 throughout, so I know your involvement and -- and I
2 just want to say I salute you for -- for that
3 amount of time and effort and energy and attention
4 to -- to what's going on.

5 I am concerned at what has happened to
6 the information garnered from -- from across the
7 state with -- from these public hearings, how that
8 information is translated into the maps that we're
9 looking at in front of us. And could you -- would
10 you take the time to just kind of march across and
11 suggest some ways that those public hearings that
12 were held were translated into the maps?

13 REP. LEWIS: Yes, sir, Rep. Rapp. I will
14 try to answer -- I think that was actually a two-
15 part question.

16 All of the information that was submitted
17 is being stored as a part of the permanent record
18 to be reviewed by anyone who would like to review
19 it. I suppose the most obvious answer to a
20 response to a request from -- or to an outcry at a
21 public hearing was doing away with the VRA district
22 that originated in New Hanover County. That's
23 probably the best -- that's the probably largest
24 and easiest example to explain.

25 REP. DOLLAR: Follow-up?

1 REP. RAPP: Follow-up, if I may. Would
2 you -- would you take me across the state, then,
3 with some other ones that -- of changes that you
4 can delineate?

5 REP. LEWIS: Yes, sir, I can. Starting
6 in the east, it was made clear that Rep. Mobley had
7 been placed in a district in which she did not live
8 due to a computer error that had her residing in
9 Bertie County. That was corrected.

10 Continuing in the east, there was
11 significant outpouring of support to take House
12 District 7, represented by Rep. Bryant, from Nash
13 County into Halifax County. I can assure you that
14 hours and hours and hours of time have been devoted
15 in trying to figure out how to do that. The chair
16 and the staff that were assembled have not been
17 able to figure out how to do that without busting
18 up the two-county pod of Franklin and Nash. So
19 that's one request that was considered but not able
20 at this time to be granted.

21 I was informed that Rep. Gill had
22 expressed some concern that her -- the majority of
23 the district that she currently represented had
24 been drawn into an open seat and that she asked to
25 be drawn into that seat. That was an easy change,

1 and we were able to do so.

2 The same is true in Mecklenburg County
3 for Rep. Earle. The same was granted to her to
4 move her into an area in which she had represented
5 before.

6 There were numerous efforts put forward
7 to grant various requests or to review various
8 requests, but after it was all said and done, we
9 have to rely on the legal criteria as spelled forth
10 in my remarks earlier, and some of the requests
11 just could not -- just could not be done.

12 REP. DOLLAR: Any further question from
13 Rep. Rapp before we move on?

14 REP. RAPP: I don't want western North
15 Carolina to be ignored, and so I'd like to proceed
16 a little further west, if we may.

17 And any changes, recommendations that you
18 heard that were then translated into the map
19 drawing, if I may, Mr. Chair?

20 REP. LEWIS: Well, I don't mind
21 continuing on at all, Rep. Rapp. There was concern
22 expressed in the new House District 73, which
23 combines Yadkin and Alexander counties.
24 Unfortunately, we were able to find no solution to
25 be able to do that.

1 There was concern expressed for the new
2 House -- House District 85, which -- which combines
3 McDowell, Mitchell, and Avery. Despite the hours
4 of effort, there was no way that we could find to
5 accommodate that request.

6 At this moment, those are the only
7 specific examples that I can recall, Rep. Rapp.

8 REP. DOLLAR: Follow-up?

9 REP. RAPP: One follow-up, if I may. And
10 I just want to call the chair's attention to the
11 Haywood County situation and testimony that was
12 heard Monday night in terms of two of the
13 precincts, in particular, that if they can be made
14 whole, and -- and I'll have an amendment to that
15 effect.

16 But that raises my last question, if I.
17 may. That was a statement. The question would be:
18 It looks to me, statewide, as if a number of
19 precincts have been divided. Do you know the
20 number statewide of precincts that have been
21 divided? Has that been a concern of yours?

22 REP. LEWIS: I do wish to answer that,
23 Rep. Rapp, but, Mr. Chairman, do you know whether
24 the staff had time to produce that list?

25 REP. DOLLAR: Yes. Recognize Ms.

1 Churchill to respond to that.

2 MS. CHURCHILL: Yes, Rep. Rapp. In the
3 proposal before you, there are 402 split precincts.

4 REP. DOLLAR: Rep. Fisher.

5 REP. LEWIS: Well, excuse me, Mr.
6 Chairman.

7 REP. DOLLAR: Yes.

8 REP. LEWIS: If I could -- I think that
9 is also a two-part question from Rep. Rapp.

10 I'd like to reiterate that the priorities
11 that are to be considered when drawing these
12 districts are spelled out pretty well in the
13 Legislator's Guide that I referred to earlier, page
14 7 and 8. They are, I'll repeat, one person, one
15 vote, the VRA consideration, the Stephenson formula
16 for county -- county combinations, which means you
17 need to keep as many one-counties as you can. You
18 need to then pair as many counties as you can.
19 Then you need to create as many three-counties as
20 you can, and so on. You need to be concerned with
21 county line versus inside the county groupings.
22 All of that comes above the preservation of
23 precincts.

24 REP. DOLLAR: Rep. Fisher.

25 REP. FISHER: Thank you, Mr. Chairman.

1 I wanted to go back to something you said
2 earlier about Stephenson requirements and the
3 pairing of incumbents in the same districts. How
4 does Stephenson apply to that in the case of, say,
5 Wake County, or any other county that is a whole
6 county that's not a Voting Rights Act county? How
7 does that -- how does Stephenson apply to double-
8 bunking incumbents?

9 REP. LEWIS: Well, Representative, I
10 think what I was saying is that many of the double-
11 bunkings were called -- were caused by the
12 Stephenson requirements of pairing counties. I did
13 not say that they all were. I also said that there
14 were many incumbents that live very, very close to
15 each other, and it would have been hard not to have
16 paired them.

17 REP. DOLLAR: Rep. Gill.

18 REP. GILL: Thank you very much.

19 There are a couple of things I need to
20 set the record straight. I don't think I made a
21 formal request to anyone about my district. What I
22 did was I asked the question, and the question was
23 relative to the first map that came out. And my
24 question was, why was it necessary in Wake County
25 to split my district when we had two new districts

1 that were going to be created? Because if you look
2 at the first map and you compare it to the second
3 map, I'm not even in the same two -- I'm in two
4 different districts.

5 REP. LEWIS: Rep. Gill, I'll have to
6 concede that this is an enormous project. It's a
7 teamwork project. The information that I provided
8 was provided to me from my co-chair, Rep. Dollar,
9 and you may wish to direct that to him, if he will
10 so yield.

11 REP. GILL: And I would do that.

12 REP. DOLLAR: Well, what you have in the
13 area are two compact VAR [sic] districts. That is
14 what has been -- that's what's been drawn. And
15 what was changed from the initial map that came out
16 to the map that is before you today is allowing
17 you, whether it was requested or not, for you to be
18 essentially located in the center of that -- of
19 that southern district as opposed to be being
20 otherwise attached to the northern district.

21 REP. GILL: Follow-up?

22 REP. DOLLAR: Follow-up.

23 REP. GILL: Now, I think that's great
24 that you would consider putting me in the middle of
25 a district that I have not represented at all and

1 taking me completely out of the district that I did
2 represent.

3 I think when you look at Wake County and
4 the uniqueness of Wake County, and you see double-
5 bunking, and you see that we went from nine
6 districts to eleven districts, and you can create
7 four districts with no representatives in them, no
8 current representative in them, and one of those
9 districts happened to be my old district.

10 REP. DOLLAR: I would simply observe that
11 what you have drawn there are two VAR compact, VAR-
12 compliant districts. Rep. Wilkins.

13 REP. WILKINS: Thank you, Mr. Chair. To
14 Rep. Lewis, please.

15 Ahead of this process, we talked a good
16 bit about communities of interest, yet I've not
17 heard it mentioned by a presenter today. Did
18 communities of interest have any place whatsoever
19 in this process?

20 REP. LEWIS: Thank you for the question,
21 Rep. Wilkins.

22 I'd like to refer you to "Legislator's
23 Guide to North Carolina Legislative and
24 Congressional Redistricting," beginning on page 7
25 and continuing on page 8. You will read that the

1 seventh factor to be considered -- seven of nine --
2 is communities of interest.

3 I apologize. Perhaps I should have read
4 this out and maybe that would clear it up easier.

5 REP. DOLLAR: Let me reiterate. If you
6 will please, when you -- when you -- when you're
7 recognized and speak, please speak up really close
8 to the mic. Our court reporter is having a
9 difficult time. Rep. Wilkins, did you have any
10 follow-up?

11 REP. WILKINS: No.

12 REP. DOLLAR: Thank you, Rep. Wilkins.
13 Rep. Bell. He seems to be out of the room for the
14 moment. We'll move on. Rep. Hackney.

15 REP. HACKNEY: Yes. I wanted to ask Rep.
16 Lewis a few questions about the law that was
17 applied.

18 There seems to -- there have been
19 references to Section 2 districts several times,
20 and is it your interpretation of the law that, once
21 some county has been named a, in a court case, a
22 Section 2 county in some decade past that it always
23 remains a Section 2 the county and meets all
24 three -- all three prongs of the Gingles Section 2
25 test for all time? Is that your interpretation?

1 REP. LEWIS: Rep. Hackney, thank you for
2 the question. That particular question I have not
3 posed or heard addressed with our legal counsel and
4 do not feel like I can give an adequate response.

5 REP. HACKNEY: May I follow up?

6 REP. DOLLAR: Follow-up.

7 REP. HACKNEY: And it's my understanding
8 from answers in -- and I want to see if it applies
9 to the House districts as well. I believe it was
10 described, both in the Congressional and the Senate
11 hearings today, that you or your legal team
12 believes that -- that because of the Bartlett
13 decision that 51 percent is the new standard for
14 Section 5 and for Section -- anything that's been a
15 Section 2 county. Is that right?

16 REP. LEWIS: It is our belief that when
17 drawing minority -- majority-minority districts
18 that -- that those districts should be at least 50
19 percent plus one.

20 REP. DOLLAR: Follow-up?

21 REP. HACKNEY: And you believe that to be
22 the law because of the Bartlett -- the Pender
23 County case?

24 REP. LEWIS: I believe that to be the law
25 because, to the best of my knowledge, that is the

1 law.

2 REP. HACKNEY: And --

3 REP. DOLLAR: Follow-up.

4 REP. HACKNEY: Follow-up. And so the
5 reason that you have gone around the -- the --
6 House Voting Rights Section 5 areas of the state
7 and increased the black percentage in those
8 districts, what we have described to you as
9 "packing," is because you believe it's required by
10 the law under the Bartlett decision and -- and, by
11 extension, even though it didn't say so in the
12 decision, that you believe that applies to Section
13 5 as well?

14 REP. LEWIS: Rep. Hackney, as I said in
15 my earlier statement, we felt that it was a prudent
16 course of action to draw the districts that we were
17 going to call and think of as VRA districts at 50
18 percent plus one.

19 REP. HACKNEY: Can I follow up?

20 REP. DOLLAR: Follow-up.

21 REP. HACKNEY: And were you aware of the
22 language in Miller against Johnson which says that,
23 what they called in that case a max black policy
24 was not required? Were you aware of the language
25 in that case that -- that is not required?

1 REP. LEWIS: Rep. Hackney, I'll be happy
2 to review that case if you'd like to provide it, or
3 I'll pull it up on the Internet and read it. I --
4 that is not the interpretation that I have.

5 REP. DOLLAR: One more follow-up.

6 REP. HACKNEY: Well, am I being limited,
7 Mr. Chairman, to one more? Or you want to go to
8 somebody else and come back to me later?

9 REP. DOLLAR: Well, I -- I just want to
10 ensure that we are moving around. We will
11 certainly be here up until 9:00 should you wish to
12 ask the questions that you would like. So --

13 REP. HACKNEY: All right. I'll ask one
14 more, and then I -- if you'll put me down on the
15 list again and come back to me, please.

16 I'm not aware of any requests by the
17 members of the Black Caucus here or the NAACP or
18 any other African-American organization for the
19 increase of all their districts to 50 percent plus
20 one. Are you aware of any such request?

21 REP. LEWIS: Rep. Hackney, which ones
22 would you like me to draw down?

23 REP. HACKNEY: I would -- I would like
24 you to follow the Stephenson decision, which means
25 that you -- you comply with the Voting Rights Act,

1 which means that you do not retrogress and that you
2 then harmonize Stephenson and the Voting Rights
3 Act. And when you do that, you come out with a
4 very different map, Rep. Lewis, and one that
5 complies with the Voting Rights Act and also
6 Stephenson.

7 REP. LEWIS: We have complied with the
8 law, and that is the map that you have before you.

9 REP. DOLLAR: Rep. Bell.

10 REP. BELL: Thank you, Mr. Chairman. I
11 just had a concern about District 21. In the past,
12 I had -- that district included Sampson County,
13 which are -- are a larger portion of what you see
14 here now, and Wayne County. And it was extended
15 over into Duplin County, a large portion of it.
16 And I was wondering, based on what you said about
17 the 50 percent, was that the reason you were
18 extended into Duplin, because it already was about
19 49 percent?

20 REP. LEWIS: Rep. Bell, I apologize. I
21 don't understand what you asked.

22 REP. BELL: Okay. I said in the -- my --
23 my district presently covers a portion, a large
24 portion, of Sampson County and a portion of Wayne
25 County, and it's about almost 50 percent minority.

1 And I was just wondering why that -- was it changed
2 to -- to include Duplin as well, and a larger
3 portion of Duplin probably than Sampson, where I
4 reside. Do -- do you see that down there on that
5 map?

6 REP. LEWIS: Yes, sir. Thank you for the
7 clarification, Rep. Bell. I do understand what you
8 asked now. If you'll pardon me to refer to my
9 notes just for a moment.

10 Rep. Bell, according to the information
11 that I have before me, House District 21 is
12 currently 46.96 percent minority under the plan in
13 which we were all elected. Under the new plan --
14 under the new plan, House District 21 goes to 52.96
15 percent. So I would think that going into Duplin
16 County was the way that we reached the threshold of
17 getting above the 50 percent mark.

18 REP. DOLLAR: Rep. Jackson.

19 REP. JACKSON: Thank you, Mr. Chairman.

20 And if it's okay, I guess my ideas and my
21 questions will be follow up to Rep. Gill's
22 questions and might be better if directed to the
23 chair in that they involve Wake County.

24 REP. DOLLAR: Yes.

25 REP. JACKSON: Okay. And my question

1 would be, looking at the Wake County map, how did
2 the committee choose to define communities of
3 interest here in Wake County?

4 REP. DOLLAR: Communities of interest are
5 defined, as I understand it, in the Stephenson
6 decision and in the other materials.

7 REP. JACKSON: Follow-up?

8 REP. DOLLAR: Follow-up.

9 REP. JACKSON: What would be considered a
10 community of interest?

11 REP. DOLLAR: Well, I -- I would point
12 out that, you know -- I'm not sure of your
13 question. Are you -- you talking about a
14 particular size of a town or --

15 REP. JACKSON: Follow-up, Mr. Chairman?

16 REP. DOLLAR: Follow-up.

17 REP. JACKSON: Would a small town be
18 considered a community of interest?

19 REP. DOLLAR: Well, I think that with
20 respect to towns, just as with the current map and
21 with past maps, you have large towns, medium-sized
22 towns, small towns, unincorporated towns that --
23 where the lines for legislative districts run
24 through them, so. Sometimes I personally think
25 that might even be helpful, because you have more

1 people there to attend to what the local needs
2 might be.

3 REP. JACKSON: Follow-up, Mr. Chair?

4 REP. DOLLAR: Yes, sir.

5 REP. JACKSON: I -- I believe the chair's
6 lived in Wake County probably in excess of 20
7 years; is that correct?

8 REP. DOLLAR: Thereabouts.

9 REP. JACKSON: Follow-up, Mr. Chair?

10 REP. DOLLAR: Sure.

11 REP. JACKSON: Would -- would you
12 consider eastern Wake County a community of
13 interest?

14 REP. DOLLAR: I know there are a number
15 of communities over there, so I'll let you define
16 what you think a community of interest is.

17 REP. JACKSON: Follow-up?

18 REP. DOLLAR: Proceed.

19 REP. JACKSON: Okay. Did -- and I -- I
20 just don't know what sites you were at on Monday,
21 but did you hear the mayor of Wendell come and
22 speak about his opinion that eastern Wake County
23 was a community of interest?

24 REP. DOLLAR: I did not hear his remarks,
25 so I can't really comment on those. Any further

1 questions?

2 REP. JACKSON: Yes, sir, Mr. Chair. So
3 is -- have either of the chairs reviewed the
4 comments from Monday night that were made prior to
5 today's -- or last night's release of a new map?

6 REP. LEWIS: Mr. Chairman?

7 REP. DOLLAR: Rep. Lewis.

8 REP. LEWIS: Thank you, Mr. Chairman.
9 Rep. Jackson, I not only reviewed the remarks, I
10 actually listened to the mayor when he spoke. I
11 was linked in, ever how you say it. Please forgive
12 my lack of technical knowledge.

13 I would say to you that if you have a
14 proposal that you feel better reflects the criteria
15 you refer to, which is community of interest, that
16 we would certainly be glad to review it and
17 consider it when we consider other amendments
18 tomorrow.

19 REP. JACKSON: Follow-up, Mr. Chair?

20 REP. DOLLAR: Follow-up.

21 REP. JACKSON: I'll go -- I go back to
22 the chair, because, again, I think he's probably
23 just more familiar with Wake County.

24 We -- we spoke earlier about the map
25 prepared by Ms. Earls. I think it's called the

1 SCSJ map. And I -- I was wondering, was that map,
2 in regards specifically to Wake County, was that
3 reviewed in looking at ways to maintain communities
4 of interest?

5 REP. DOLLAR: I don't recall reviewing
6 that map..

7 REP. JACKSON: Follow-up?

8 REP. DOLLAR: Follow-up.

9 REP. JACKSON: Would you be willing to
10 review that map?

11 REP. DOLLAR: As Chairman Lewis said, any
12 information that you want to bring forward, I'll be
13 happy to take a look at that.

14 REP. JACKSON: All right.

15 REP. DOLLAR: Rep. Daughtry. Rep.
16 Daughtry passes. Rep. Bryant.

17 REP. BRYANT: Thank you, Mr. Chair.

18 And to the bill sponsor, I want to
19 appreciate the time you spent in my district and
20 area in looking at these issues and listening to
21 the concerns of the constituents there.

22 I have a couple of questions. In the --
23 can you give me some background on the legal basis
24 and any other analysis you were relying on that had
25 you feel that the two-pod -- two-county pod

1 process, or regime, would supersede the VRA process
2 in the sense of continuing a existingly [sic]
3 successful pairing of Halifax and Nash and, you
4 know, the results of that, versus feeling like you
5 had to not do that because of the need to keep this
6 two-county pod? Could you give me a little more
7 information on that? Thanks.

8 REP. LEWIS: Thank you, Rep. Bryant, and
9 I also wish to express my appreciation to you. I
10 know that you -- that you, along with several other
11 members -- and I should have made that clear in the
12 opening remarks -- attended all the public hearings
13 as well. And I appreciate the kindness that you --
14 that you showed me while I was there.

15 REP. BRYANT: And, Mr. Sponsor, I just
16 wanted to remind you that I -- I thought a good --

17 REP. DOLLAR: Follow-up?

18 REP. BRYANT: Follow-up, Mr. Chair. That
19 it would sure be, for those of us who had the
20 battle scars of all six hours of all those public
21 hearings, we should get to move a certain number of
22 precincts of our choice.

23 REP. LEWIS: Thank you for that, Rep.
24 Bryant. Basically, all of these rules do not -- do
25 not operate in a in a vacuum. As we have defined

1 before, we do indeed the -- we do indeed consider
2 the construction of the VRA districts to have a
3 higher precedent than the Stephenson formula for
4 county combinations. However, we do not feel that
5 those are mutually exclusive.

6 In other words, if you can draw a
7 reasonably compact VRA district and still preserve
8 a two-county pod or a three-county pod or whatever
9 is the smallest number of counties to be combined,
10 we feel that's what the law requires you to do.

11 REP. DOLLAR: Follow-up?

12 REP. BRYANT: Thank you, Mr. Chair. Can
13 you then describe how you see the -- the Lewis-
14 Dollar-Dockham 2 District 7 meeting -- how you see
15 it meeting the majority-minority district? I'm
16 assuming you see that as a majority-minority
17 district -- that's my assumption. And so, can you
18 describe how it meets that requirement?

19 REP. LEWIS: Rep. Bryant, it meets that
20 requirement because (a) it exceeds 50 percent plus
21 one in minority population, thereby satisfying the
22 VRA requirement; and number 2, it meets that
23 requirement because it fits in a two-county pod
24 combination with Franklin County.

25 REP. BRYANT: Follow-up, Mr. Chair?

1 REP. DOLLAR: Follow-up.

2 REP. BRYANT: I have the tape. Can you
3 show me which race percentages you are using to get
4 that number of 50 percent plus one? And I
5 apologize that I'm not already on -- I mean, I
6 don't see what you see, so you must be using a --
7 I'm on page 6 of 23. Is that the right page, or
8 should I be on another page? Seven?

9 REP. DOLLAR: Rep. Bryant, just so we're
10 clear, which district are you referring to?

11 REP. BRYANT: District 7, I'm sorry.

12 REP. DOLLAR: District 7?

13 REP. BRYANT: Yeah. Just District 7.

14 REP. LEWIS: Rep. Bryant, looking on page
15 6, as you have directed me to, I would point out
16 that there are actually, as we discussed briefly
17 this morning, a couple of different ways that the
18 African-American population is measured. That
19 comes entirely from the Census.

20 In other words, if you identified
21 yourself as an African-American, that's -- that's
22 what you were recorded as. If you identified
23 yourself as, "Well, I'm part African American and
24 part Caucasian," then you were classified as
25 something else.

1 But looking through all of these reports,
2 District 7, column -- let's see; 1, 2, 3, 4 --
3 column 5 shows percent black voting age population
4 by race as 50.02. If you look over towards the far
5 right column, it gives the total black population,
6 which is what I was referring to, as the any part
7 black voting age population, and that is at 50.67,
8 which, again, meets the definition that I defined
9 earlier of being in excess of 50 percent plus one.

10 REP. BRYANT: Is -- it seems like you
11 show it --

12 REP. DOLLAR: Do you have follow-up?

13 REP. BRYANT: Follow-up, Mr. Chair.

14 Sorry.

15 It seems like you short -- short-changed
16 me, you know, point 40-some percent of -- of a
17 black person or something, would you think? 50
18 percent plus one and 50.67. I'm just asking.

19 REP. LEWIS: It's refreshing that you
20 don't feel packed, Rep. Bryant.

21 REP. BRYANT: Well, that was going to be
22 my --

23 REP. DOLLAR: Rep. Bryant, if you
24 would --

25 REP. BRYANT: Yes.

1 REP. DOLLAR: If you have any other
2 questions; if not, we'll move on.

3 REP. BRYANT: I do. Follow-up, Mr.
4 Chair. And I apologize.

5 REP. DOLLAR: Follow-up.

6 REP. BRYANT: Okay. That was going to be
7 my -- my next question, is how come there is some
8 packing and there is some people that are, you
9 know, 47 percent short of a black person to meet 50
10 percent point 1? Can you say how you made those
11 choices and decisions?

12 Follow-up, Mr. Chair. And that's not
13 to --

14 REP. DOLLAR: Would you allow Rep. Lewis
15 to respond?

16 REP. LEWIS: Rep. Bryant, as I read the
17 Stephenson requirements, it is any percentage over
18 50 constitutes a majority-minority seat.

19 REP. BRYANT: Follow-up, Mr. Chair?

20 REP. DOLLAR: Follow-up.

21 REP. BRYANT: Okay. I was just -- so the
22 question is, how did you decide to have some
23 districts be 50 percent and some 57 and some 53 and
24 some -- you know, what the variation of numbers
25 that you -- that you have out there in terms of the

1 minority-majority districts?

2 REP. LEWIS: Thank you, Rep. Bryant. I
3 understand what you're trying to -- what you have
4 asked now.

5 The way that that percentage came about
6 is in an attempt to get the one man, one vote
7 requirement met. As we already discussed today,
8 the ideal population for a seat in the North
9 Carolina House is 79,462. We drew the lines at
10 79,462, plus or minus five percent, and that --
11 that was the first threshold that had to be met.
12 Once that was met, it was then looked at as could
13 you make it at -- at a higher than a 50 -- than a
14 50 percent threshold. And we were, so we met both
15 of those.

16 REP. BRYANT: I have one more question
17 about this area.

18 REP. DOLLAR: Follow-up.

19 REP. BRYANT: Okay. In -- in District 7,
20 one of the other issues of concern is the number of
21 split precincts, and I'm aware you say that it is
22 low on the list in priority at some level as you
23 look at your, I guess your pods.

24 However, it -- this seems -- did you take
25 into account in this situation that you had, six --

1 there are only six whole precincts, at least in the
2 Nash County part of this district -- I hadn't
3 analyzed the Franklin County part yet -- and 15
4 split precincts. Did that factor in, or have you
5 considered that in any way?

6 REP. LEWIS: No, ma'am, I did not.

7 REP. DOLLAR: Thank you. Rep. Hackney.

8 REP. HACKNEY: I'd like to follow up on
9 some of the earlier questions.

10 Why were Rep. Weiss and Rep. Murray
11 placed in the same district? It would have been
12 very easy not to have done that. Why was that
13 done? Take all the time you need.

14 REP. LEWIS: Thank you, sir.

15 You've had since February 17th to provide
16 us plans that would not have done that. So my
17 answer to you is, having not received any plans
18 from you or from Rep. Weiss to the contrary, I
19 really have no other response.

20 REP. DOLLAR: Follow-up?

21 REP. HACKNEY: Can I move forward with
22 another question? One of the Voting Rights
23 districts that you changed substantially was the
24 one represented by Rep. Edith Warren. You pretty
25 much completely displaced her from the territory

1 she now represents. Is it your view that the law
2 is -- that you are able to do that, given that it's
3 a Voting Rights district?

4 REP. LEWIS: Rep. Hackney, Rep. Warren
5 resides in Pitt County.

6 REP. HACKNEY: I believe most of her
7 territory was given to Rep. Farmer-Butterfield, if
8 I recall.

9 REP. LEWIS: The district -- the district
10 was drawn in a manner that is compliant with the
11 requirements that we've gone through multiple times
12 here. And I have no specific answer for House
13 District 8.

14 REP. HACKNEY: Follow-up?

15 REP. DOLLAR: Follow-up.

16 REP. HACKNEY: Would the result have been
17 different if she were African-American, do you
18 know, under the law?

19 REP. LEWIS: Rep. Hackney, going back to,
20 as we discussed, the counties of Wilson and Pitt
21 form a two-county grouping. The drawing that was
22 drawn for House District 24, represented by Rep.
23 Farmer-Butterfield, was drawn up to the 5.1 percent
24 mark, and Rep. Warren's district was drawn after
25 that. It was drawn within the pod. I'm afraid I

1 don't understand exactly what you're trying to --

2 REP. HACKNEY: My -- my -- let me be more
3 specific.

4 REP. DOLLAR: Follow-up?

5 REP. HACKNEY: Thank you. It would
6 appear that it's a Voting Rights district, that
7 Rep. Warren is the candidate of choice of the
8 African-American voters in that district, and yet
9 she was totally displaced from that district and, I
10 believe, given a very different district. And my
11 question is, do you believe the law permits you to
12 do that?

13 REP. LEWIS: Rep. Hackney, as I've said
14 before, the process by which these lines were drawn
15 took into account the one man, one vote, which both
16 these districts that are shared in Wilson and a
17 Pitt County pod, complies with. It then takes into
18 account the opportunity to draw a VRA district in
19 which African-Americans have the opportunity to
20 elect a candidate of their choice, which this
21 complies with. And certainly the -- I should have
22 said this first. Certainly, the one man one vote
23 requirement was required [sic]. So obviously
24 District 8 was drawn within the law.

25 REP. DOLLAR: Follow-up?

1 REP. HACKNEY: Why were Rep. Harrison and
2 Rep. Jeffus placed in the same legislative
3 district?

4 REP. LEWIS: Speaker Hackney, Mr.
5 Chairman, that is in Guilford County; is that
6 correct?

7 REP. HACKNEY: Yes, that is my
8 understanding. Yes, sir.

9 REP. LEWIS: The only thing that I can
10 speculate on, Mr. Speaker, is that if you look at
11 the map, the dots indicating the residencies are
12 literally on top of each other. And so my guess
13 would be that it was just the geographic proximity.

14 REP. DOLLAR: Follow-up?

15 REP. HACKNEY: Yes. And why were Rep.
16 Ross and Rep. Martin placed in the same district?
17 I believe they don't live anywhere close to each
18 other.

19 REP. LEWIS: Excuse me just a second, Mr.
20 Speaker. Rep. Hackney, it would appear to also
21 have been an issue of proximity of the residences.

22 REP. DOLLAR: Do you have further follow-
23 up?

24 REP. HACKNEY: I'd like to keep going for
25 a while, if it's all right, Mr. Chair, unless

1 there's some limit on it. Is there a limit?

2 REP. DOLLAR: Well, I'm just making sure
3 that we -- we've got a couple of other people on
4 the list. As I said before, the -- happy to make
5 sure that you have every opportunity to ask every
6 question that -- that you have, but I also want to
7 make sure that we move around to the other members
8 and ensure that they have time to address their
9 concerns as well.

10 So if you want to continue down this line
11 for a couple of more questions, that would
12 certainly be fine.

13 REP. HACKNEY: Yes, Mr. Chair. It's well
14 known that around North Carolina politics that Mr.
15 Art Pope is very active in politics, and I wanted
16 to ask if he had anything to do with -- in any way
17 with the construction of the Congressional House or
18 Senate Districts. Any involvement of any kind.

19 REP. LEWIS: Rep. Hackney, I don't recall
20 seeing or having a conversation with Art Pope in
21 quite some time.

22 REP. HACKNEY: And I ask the question
23 again, Mr. Chair. The question is whether he had
24 any involvement in any of these maps,
25 Congressional -- of any kind -- involvement of any

1 kind, Congressional, House, or Senate?

2 REP. LEWIS: To my knowledge, he did not.

3 REP. HACKNEY: Thank you, sir.

4 REP. DOLLAR: Rep. Stam.

5 REP. STAM: A quick question.

6 With respect to this House plan, has
7 Speaker Hackney or any other member of the minority
8 party presented any proposed plan to you to be
9 considered?

10 REP. LEWIS: Rep. Stam, thank you for the
11 question.

12 The answer is no. Despite repeated
13 requests and despite the allocation of resources to
14 make it possible for members to produce plans or to
15 suggest ideas, even within counties or their
16 district, despite the outreach and the willingness
17 to review it and attempt to accommodate the
18 request, we have received nothing, other than the
19 one report from the -- the one map from the outside
20 group that I referred to a little bit earlier in my
21 remarks.

22 REP. DOLLAR: Follow-up?

23 REP. STAM: And did that map -- did I
24 understand that map had a 46-county pod?

25 REP. LEWIS: Yes, sir. We did review the

1 social -- the Southern Coalition for Social Justice
2 map, looked for all of the good ideas that we
3 possibly could and, of course, realized that it had
4 a 46-county pod, or county grouping, which would
5 certainly not comply with Stephenson. And despite
6 the fact that there were good ideas on that plan,
7 and some of which we actually did adopt, the plan
8 itself would not have complied with the law.

9 REP. DOLLAR: Any further follow-up?
10 Rep. Bryant.

11 REP. BRYANT: Thank you, Mr. Chair. Mr.
12 Sponsor, these questions are related to the Halifax
13 County part of the existing District 7.

14 As you were thinking about the legal
15 requirements and the other requirements you were
16 following with the placement of -- of Halifax and
17 the Halifax-Northampton pod, did it -- what weight
18 did it have that there is a -- well-entrenched -- a
19 white incumbent already the choice of the
20 Northampton County majority-minority, but -- and
21 that's different from the history of Halifax County
22 in over the years electing -- over about 20 years,
23 electing a minority African-American as their
24 representative. Did that -- was that -- how did
25 that play into your decisions on that? If it did.

1 REP. LEWIS: Well, it played into it only
2 in that it was realized that the combination of
3 those two counties would comply with the one man,
4 one vote. It was possible to draw a VRA district
5 with a black majority voting age population, and it
6 complied with Stephenson in that it formed a
7 perfect two-county pod.

8 REP. DOLLAR: Follow-up? Rep. Hackney.

9 REP. HACKNEY: I wanted to follow up on
10 your statements about consideration.

11 I understand that the -- the Anita Earls
12 map that was submitted had very different Wake
13 County districts, and that constituted a proposal
14 for you to have considered with respect to Wake
15 County, even though the Earls map did not otherwise
16 comply with Stephenson across some of the rest of
17 the state.

18 Did you consider the Wake County
19 districts as proposed by Anita Earls, which, of
20 course, as I recall, did not put any incumbents
21 together in Wake County? That would have taken
22 care of four of the incumbents who have been placed
23 together in the same district.

24 REP. LEWIS: Yes, sir. I did review the
25 plan by the SCSJ. I believe your assertions are

1 correct to the best of my recollection.
2 Ultimately, the decision was made to draw Wake
3 County in a way different than that proposed by Ms.
4 Earls.

5 REP. DOLLAR: Follow-up?

6 REP. HACKNEY: But why? It's kept
7 existing communities of interest together. It did
8 not put anybody together -- any incumbents in the
9 same district. It complied, I think everybody
10 would agree, with the Voting Rights Act. Why?

11 REP. LEWIS: Representative, I don't -- I
12 don't have Ms. Earls' map before me. I don't have
13 the statistics on the VRA districts that she
14 proposed. And without those before me, I can
15 honestly say that I just do not recall how she drew
16 the map.

17 REP. DOLLAR: Follow-up.

18 REP. HACKNEY: And would you go back and
19 look at it and consider it?

20 REP. LEWIS: Yes, sir. Of course.

21 REP. HACKNEY: Thank you.

22 REP. DOLLAR: Rep. Stam.

23 REP. STAM: Mr. Chairman, does that
24 constitute a request by the minority leader that we
25 do the Anita Earls map? In other words, I'm trying

1 to see if they've ever made a request for a -- ever
2 made a proposal. Is he actually now making a
3 proposal?

4 REP. LEWIS: Mr. -- Mr. Chair, I
5 appreciate Rep. Stam's remarks. I understood what
6 Rep. Hackney said, and as I've tried to make it
7 clear to all the members of committee, I will
8 review anything that is sent forth. The fact that
9 I do not recall the specifics of the SCSJ map, I'd
10 be glad to review it again.

11 REP. DOLLAR: Rep. Jackson.

12 REP. JACKSON: Thank you, Mr. Chairman.

13 In getting back to, as we think overnight
14 in an attempt to draw some amendments, or some
15 plans of our own, it would be helpful to know
16 exactly what you consider to be a community of
17 interest, and that's why I'm trying to be as
18 specific as I've been. And so I'll ask, do you
19 consider individual neighborhoods to be communities
20 of interest?

21 REP. LEWIS: Rep. Jackson, I can only --
22 I can only answer for myself, and that -- in that,
23 yes, I would -- I would think that they would be.
24 But the question that will be asked is, whose
25 community and whose interest?

1 REP. JACKSON: Okay. And --

2 REP. DOLLAR: Follow-up?

3 REP. JACKSON: Follow-up. One follow-up.

4 This would be along the original lines to the
5 chair, if I could, and -- and I was just wanting to
6 ask, looking at District 41 as drawn on the Lewis-
7 Dollar-Dockham number 2 map, I just wanted to get
8 the chair's opinion on what role New Hill in
9 southern Wake County had in common with suburban
10 north Cary, as far as being communities of
11 interest?

12 REP. LEWIS: They are both in Wake
13 County.

14 REP. JACKSON: Follow-up, Mr. Chair?

15 REP. DOLLAR: Follow-up.

16 REP. JACKSON: That -- that was actually
17 directed to the chair, as being someone who lived
18 in Wake County, I just wanted to get his opinion on
19 that.

20 REP. DOLLAR: I think that's an accurate
21 answer. Wake County in common.

22 REP. JACKSON: Follow-up?

23 REP. DOLLAR: Follow-up.

24 REP. JACKSON: Would you -- do they have
25 anything else in common, in your opinion, Mr.

1 Chair?

2 REP. DOLLAR: They're all going to be in
3 District 41. Rep. Gill.

4 REP. GILL: Thank you. I just wanted to
5 ask a question.

6 In the past, Wake County has been able to
7 have at least three minority representatives in the
8 House. Based on the map that you have drawn now,
9 it appears that, at most, we can get two -- we had
10 three out of nine; now at most, two out of eleven.
11 Did you take any -- take into consideration how we
12 could have the African-American population in Wake
13 County may have an opportunity to have a possible
14 three out of eleven?

15 REP. LEWIS: Rep. Gill, for the chair's
16 benefit, could you name the three African-American
17 members currently serving from Wake County?

18 REP. GILL: I didn't say they were
19 currently serving. I said in the past. The
20 members were Linda Coleman, Bernard Allen, and Todd
21 Harrell. We had three representatives -- minority
22 representatives in the House at one time, and only
23 one was elected from a -- wasn't even a 50 percent
24 minority district.

25 Based on the drawing you have now, you

1 have created two minority districts over 51 percent
2 and no minority districts greater than 31 percent
3 or 32 percent.

4 REP. LEWIS: So, Rep. Gill, if I could,
5 just for clarification, are you saying that a
6 majority district drawn at less than 50 percent has
7 less chance of electing a minority?

8 REP. GILL: No, I didn't ask -- I didn't
9 say that. What I was asking you is, did you
10 consider us -- try -- trying to draw another one?
11 If -- if your criteria is that the only way that
12 they can get elected is with a 51 percent, because
13 that appears to what you're doing with all of the
14 African-American districts. majority-minority
15 districts. Then it looked like to me that maybe
16 you would have considered drawing a third district
17 in Wake County with at least 51 percent.

18 REP. LEWIS: Rep. Gill, absolutely, if
19 a -- if an area can be identified in which another
20 50 percent plus one district can be drawn, the
21 chair would certainly be open to that. The chair
22 thanks the lady for reminding him of when Wake
23 County did, in fact, have three. I remember -- it
24 currently has two.

25 REP. GILL: Well, it really had four. I

1 was only talking about the House of Representative
2 members.

3 REP. LEWIS: Yes, ma'am. What do you --
4 what would you attribute the fact that it went from
5 three to two -- I mean, to what would you attribute
6 that?

7 REP. GILL: You're looking at the
8 numbers.

9 REP. DOLLAR: No further question?
10 Further members of the committee wishing to be
11 recognized? Rep. Hackney, do you -- oh. Rep.
12 Bryant.

13 REP. BRYANT: I have one more. It's just
14 a sort of summary point, Mr. Chair.

15 Can you give -- describe what ideas or
16 input from the African-American community that is
17 incorporated in your plan, if there is any? Given
18 the public hearings and the e-mails and the other
19 letters and calls and visits that you've had.

20 REP. LEWIS: Rep. Bryant, as I've
21 answered, I believe, Rep. Rapp earlier, the most
22 obvious change in the map based on -- based on
23 input from the African-American community was the
24 deletion of the African-American majority district
25 in southeastern North Carolina.

1 REP. DOLLAR: Further questions from
2 committee members? Rep. Hackney.

3 REP. HACKNEY: Well, your answer brings
4 up a question.

5 There has been, I think it's fair to say,
6 an outpouring in the African-American community
7 across the state against what they consider as
8 packing, even if you don't consider it that. And I
9 wonder if -- and -- and I think the -- a fair
10 reading of their sentiment is that lower percentage
11 districts, which have worked well for them in the
12 past, together with influence districts
13 surrounding -- which have also worked together with
14 them in the past.

15 Is there -- I think it's fair to say that
16 from the public hearings there, the -- the --
17 that's the choice of the African-American community
18 in the state. It was -- I attended and listened to
19 the public hearings. The outpouring was there. It
20 was virtually the same at every place. And yet you
21 do not appear to have listened to that at all. Is
22 that correct?

23 REP. LEWIS: Rep. Hackney, thank you also
24 for attending this meeting of the public hearings
25 as you did.

1 In reading the law, as we have previously
2 discussed, we believe that a VRA district has to be
3 at a 50 percent plus level in order to be
4 considered a true Voting Rights Act district.

5 REP. DOLLAR: Follow-up?

6 REP. HACKNEY: And you've attributed that
7 earlier to the Pender County case, the Bartlett
8 case. Do you have any other legal support
9 whatsoever for that position? Because, as you
10 know, Anita Earls and others have told you that's
11 not the law.

12 REP. LEWIS: Rep. Hackney, I believe the
13 case that I cited was adjudicated by the Supreme
14 Court. I do not recall, despite the grateful
15 appreciation that the chair has for the ideas and
16 interest submitted, that Ms. Earls is, in fact, a
17 member of the Supreme Court.

18 REP. DOLLAR: Rep. Bryant.

19 REP. BRYANT: I have another question,
20 Rep. Lewis, and this is, you know I have to fight
21 as hard as I can.

22 And this is on the pod -- going back now
23 to pods. When I look at the map -- and this would
24 be maybe good if -- I don't know if it can be
25 projected on the screen. But when I look at

1 district, if you can follow me from left -- from
2 right to left, starting on the east coast. If you
3 started with District 3, which is Dare and Hyde, in
4 that area. And then -- and District 3, which is
5 sort of not a perfect --

6 Well, before we get to that, what is your
7 idea of pods? How did the pod principle work?
8 That would be my first question. Then I'll ask you
9 a follow-up.

10 REP. LEWIS: Thank you for the question.

11 It's my understanding that the Stephenson
12 lawsuit established guidelines for how counties
13 would be grouped. If a county can be kept single
14 and whole, that is the most desirable form for a
15 county to be kept. If a county cannot be kept
16 whole, then it should be combined with -- we should
17 then go through and create as many two-county
18 combinations, two-county groupings as we can.
19 After that, we should create as many three-county
20 groupings as we can. After that, four counties,
21 and so on.

22 REP. BRYANT: Follow-up?

23 REP. DOLLAR: Follow-up.

24 REP. BRYANT: Okay. Then, as you look at
25 what you have proposed, starting with District 3

1 and then looking at 6 and 12 and 10 -- I'm going
2 across the straight -- state from right to left.
3 And 4 and 26, 28, 21, 22, in that area. And then
4 you come down south, going left. 46, 47, 48, 66,
5 and 67. I'm just trying to pick out the ones that
6 don't fit that magic, you know, count of -- two-
7 county posture.

8 What -- how would you describe the
9 podding that's happening as you move from right to
10 left in those counties, and how is that justified,
11 versus, you know, the two-county system, you know,
12 that -- that you were describing to me earlier?

13 REP. LEWIS: Thank you for the question,
14 Rep. Bryant.

15 It is described simply and could be
16 actually illustrated simply by putting a county map
17 up that shows the populations.

18 In order to have one member of the House,
19 the ideal population is 79,462. Two members, the
20 ideal is 158,925, and so on.

21 These counties were combined in as small
22 a possible way to reach the number that was
23 necessary to draw the seats. If there were a way
24 to create more two-county pods than three counties,
25 that's what we chose to do.

1 REP. DOLLAR: Follow-up?

2 REP. BRYANT: So would you describe that
3 as a 20-county pod going across there?

4 REP. LEWIS: Yes, ma'am. There is one
5 20 -- there is one 20-county pod.

6 REP. BRYANT: Thank you.

7 REP. LEWIS: Just for the record, Rep.
8 Bryant, the chair was trying to put his hands on --
9 we actually have the pod -- the podding map online
10 and had printed one out to bring, and somehow I
11 have misplaced it. Staff is going to actually put
12 the podding map on the screen.

13 REP. BRYANT: Mr. Chair? Thank you.

14 It would be -- it would surely be good if
15 that could be available to us. And I have one more
16 follow-up question, unless I'm -- you want me to
17 wait.

18 REP. DOLLAR: Well, if you -- if you will
19 just hold on one minute. And I would reiterate
20 what Representative -- what Chairman Lewis has
21 said, and that is, if you look at -- closely at
22 your -- at the map in front of you, you will notice
23 the dark blue lines constitute the boundaries of
24 the groupings, or what some people call "pods."

25 So if you'll notice around Halifax and

1 Northhampton, there is a solid blue line around
2 those two counties. If you'll notice, with regard
3 to Franklin and Nash, with regard to Wilson and
4 Pitt, with regard to Edgecombe and Martin, all --
5 all of those two-county groupings have solid blue
6 lines indicating that they are a group or a pod,
7 and you will also notice on the map a number of
8 similar counties which are in Stephenson -- what
9 would be a single county grouping.

10 So, hopefully, that will be helpful, and
11 I -- I think maybe there -- and we can -- we will
12 be sure to have for you -- actually, you can
13 probably get it from staff shortly after the
14 meeting, just the blue lines to help your thinking.

15 REP. BRYANT: And --

16 REP. DOLLAR: Do you have a further
17 question?

18 REP. BRYANT: Yes. I had a follow-up.

19 REP. DOLLAR: Rep. Bryant.

20 REP. BRYANT: And -- and this is
21 something I talked to staff about, but I -- I sort
22 of want to get it on the record and maybe if --
23 some people may not be aware.

24 To the extent, like, you're in a
25 situation that I'm in, in District 7, where I only

1 have six full precincts and 15 split. This is in
2 one county. I haven't analyzed Franklin, but it
3 looked like a lot of -- just a cursory look at some
4 of the tables, it looked like there were
5 significant split precincts.

6 Wouldn't be your -- would you agree that
7 it would pretty much render the electoral
8 information unreliable since we don't know -- you
9 know, it's no way to know who voted, you know, how
10 to use that voter data in those -- in -- when you
11 have that many split precincts?

12 REP. LEWIS: No, ma'am. I don't think it
13 would render it unreliable.

14 REP. DOLLAR: Follow-up?

15 REP. BRYANT: How would you describe,
16 then, the reliability of electoral data in a
17 situation where you have that high number of split
18 precincts?

19 REP. LEWIS: Well, Rep. Bryant, in the
20 case of the State House, going back to the example
21 we've talked about, all the ballots cast for State
22 House District 7 would have your name on them, and
23 the ballots cast in House District 25 would have
24 someone else's name on it, so the results would
25 actually be very accurate.

1 REP. BRYANT: Follow-up, Mr. Chair?

2 REP. DOLLAR: Follow-up.

3 REP. BRYANT: I -- I -- I wasn't good --
4 my question wasn't clear, and I apologize for that.

5 I wasn't meaning the outcome on Election
6 Day, even though that is a concern of mine, in
7 terms of how -- the likelihood of errors in terms
8 of ballots. But that's not my question.

9 My question is the reliability of the
10 electoral statistics provided by precinct in the --
11 in this report for a given district. How -- what
12 is your opinion of how reliable it is in -- in
13 situations where you have a lot of split precincts?
14 So, X precinct may have voted a certain way, but if
15 you don't have the whole precinct, you don't have a
16 way to know what advantage of that result you're
17 getting. Is that -- am I making sense?

18 REP. LEWIS: Rep. Bryant, I think your
19 point is well taken, but it's the only information
20 that we have, and it's information that's been
21 relied on by past General Assemblies as well.

22 REP. DOLLAR: Rep. Wilkins.

23 REP. WILKINS: Mr. Chair, my -- my
24 question is going to be about the schedule, if you
25 want to take it at the end of the session.

1 REP. DOLLAR: Well, go ahead and ask it
2 now, since it's on your mind.

3 REP. WILKINS: Thank you. Thank you,
4 sir. According to the schedule, the only committee
5 activity I see for tomorrow is -- for House
6 members -- is at 5 p.m. Is that -- is that going
7 to stand?

8 REP. DOLLAR: That's -- and I'll defer to
9 Chairman Lewis for the schedule.

10 REP. LEWIS: Rep. Wilkins, that is
11 correct. We will convene tomorrow at 5, and if
12 necessary, go until 9:00. The schedule that you
13 have before you for Saturday is possibly subject to
14 change. I received word that the Senate may
15 complete its business on Friday, as opposed to
16 needing their time slot on Saturday.

17 The reason -- if I've failed to make it
18 clear, the reason that we're having to stagger
19 these meetings as we are is that both the Senate
20 and House Redistricting Committees share the same
21 staff, and we have tried to make -- we need the
22 staff, so we have got to allow them time to work
23 with the Senate and then work with the House.

24 It is my hope, my fervent hope, that the
25 Senate may be able to complete its business

1 tomorrow, in which case the House can meet earlier
2 on Saturday than is currently planned.

3 REP. DOLLAR: Let me respond. Rep.
4 Wilkins, do you care to follow up on that at all?

5 Okay. Thank you. Rep. Bryant, let me
6 get back to you for a moment with regard to data.
7 Dan Frey, who is in the IDS section on the second
8 floor, can probably help you with -- in terms of
9 talking about disaggregating data and the like
10 could probably help you with -- trying to get at
11 the question you're I think -- or questions
12 you're -- you're seeking to answer on that in terms
13 of results in various precincts. Rep. Rapp?

14 REP. RAPP: Thank you, Mr. Chair.

15 I really want to come back around to the
16 question of communities of interest. What -- what
17 constitutes it, and I've read what's in the Blue
18 Book, so I've, you know, I can -- you know, we
19 don't have to.

20 But they -- it references it. But if we
21 tick off A, B, C, D, what are -- what are -- what
22 are A through D in terms of criteria that define
23 for you communities of interest?

24 REP. LEWIS: Thank you for the question,
25 Rep. Rapp.

1 I think that's exactly the problem, and
2 the reason that it follows as low down as it does.
3 For some, a community of interest may be as simple
4 as communities that attend the same high school.
5 For some -- in fact, one theory I heard is anybody
6 that is in the same Superior Court judicial
7 district is a community of -- of interest. So I
8 think therein lies the problem in that we don't
9 have a hard and fast way to rank.

10 You know, respectfully, a community of
11 interest, in my thinking, could be as small as your
12 home. You could expand it to the neighborhood in
13 which you live. You could expand it into the
14 township in which you live. You could expanded
15 into the county in which you live. That's --
16 that's -- we have no hard and fast definition to
17 use -- to use for that.

18 REP. DOLLAR: Follow-up?

19 REP. RAPP: Yes. Thank you.

20 And I guess that's -- that is why I am
21 struggling a little bit with -- with -- with a few
22 of those. And I won't keep going back to my
23 Haywood map, but it's -- it's an example of some
24 communities that have a community center, vote
25 together at that same community center, and yet,

1 you know, we're -- we're dividing them in this --
2 or actually two of them that we're -- we're
3 dividing. And they're small rural centers and
4 we're -- that probably are not going to have the --
5 the major impact on the election.

6 But it -- it -- I see that from a rural
7 perspective how -- how the communities define
8 themselves, how, in that case, the election
9 officials have come before us and said, you know,
10 we really need to keep this together, it's, you
11 know, it's cost -- it's not cost-effective, it's --
12 it's confusing, people leave angrily as they -- as
13 they did in -- in earlier election cycles when --
14 when they were divided one other time, just to make
15 the numbers work.

16 And -- and I think that's my concern, is
17 when the numbers kind of override what -- what may
18 be self-defined by the communities as communities
19 of interest.

20 And so I -- I -- I bring that out there,
21 and I was just trying to get clear from your
22 perspective if there were some -- some basic
23 criteria you used that say "this is what defines
24 community of interest." You know, we have to have
25 at least these two things in play to define that

1 something is a community of interest, whether that
2 means -- starting with what you said, Chairman
3 Lewis, with the -- with the household, maybe.

4 But I don't know. Can you -- can you
5 talk any more about that? Because as I march
6 across the state, I'm seeing different -- seems to
7 be just using different criteria in -- in that
8 determination.

9 REP. LEWIS: Rep. Rapp, the only thing
10 that I can say is, provided we comply with the one
11 man, one vote element, it would appear that,
12 obviously, the other part of the Stephenson
13 criteria would be met in that it's in the same
14 county. You know, it's just -- it's in the same
15 county grouping and then within the same county.

16 If you'd like to, please work with staff
17 and prepare an amendment that, again, does not
18 violate the one man, one vote, we certainly would
19 be glad to consider that.

20 REP. RAPP: I appreciate that. I'll --
21 I'll do some thinking overnight to -- to see how we
22 might. Because I think it would, as you say, it
23 might have some -- help clear up some things,
24 and -- and so it's just not fuzzy. But I'll
25 certainly make an -- stab -- take a stab at it.

1 REP. DOLLAR: Thank you. Other members
2 of the committee wishing to be recognized at this
3 time?

4 Chairman, seeing no hands from members of
5 the committee, Chairman Lewis, would you like to
6 just very briefly run over the -- the criteria for
7 amendments or -- or would you like for us to have
8 staff run over that, just to prepare the members of
9 the committee for -- for that process, should they
10 choose to work to put together amendments to offer
11 tomorrow?

12 REP. LEWIS: Thank you, Mr. Chairman.
13 The first part of this was prepared by our staff.
14 Their request to all members seeking amendments is,
15 number 1, please to be clear in your request. Your
16 request should contain specific instructions to the
17 staff as to the clear intentions of the substance
18 of the amendment.

19 Contact information. Our staff,
20 unfortunately, works around the clock, and they ask
21 that your contact information be provided,
22 especially your cell phone or home phone or
23 wherever you can be reached after hours so that
24 they may be able to contact you.

25 This is the big one. Please remember

1 that in this process, sufficient time is needed to
2 develop the map, drafting the amendment and
3 associated map and statistics, and then the
4 printing of the package. Staff estimates that this
5 could take upwards of four hours, depending on the
6 complexity of the request and other pending
7 requests.

8 Erika Churchill has been designated as
9 the point of contact for amendment requests. She
10 will direct the amendments to be prepared by the
11 staff, but we need a single point -- a single
12 clearinghouse, if you will. All of you know how to
13 look up Erika's e-mail. But if you call after
14 hours, she shared her direct line here, which is
15 733-2578. Members may want to record that. 733-
16 2578.

17 Is that not the number, Representative?

18 REP. HACKNEY: Her direct number is a 301
19 number. That's -- what you just gave is the
20 outside reception line. She's nodding, so I know
21 that's correct.

22 REP. LEWIS: I -- I'm sorry. I'm -- I'm
23 just reading the list.

24 REP. DOLLAR: We'll defer to -- Ms.
25 Churchill, which -- which number would you like for

1 members to attempt to contact you at?

2 REP. LEWIS: I think she would probably
3 prefer e-mail.

4 MS. CHURCHILL: Either number will work.
5 733-2578 or 301-1261.

6 REP. DOLLAR: Both will accommodate.

7 REP. LEWIS: Members, the only thing that
8 the chair would add to this is, as you work -- and
9 this is -- this is written out in this, but to put
10 it in a more direct and more plain English, if you
11 will, amendments that are sent forward can't be
12 sent forward in a vacuum.

13 In other words, if you have an amendment
14 to Wake County, as it's a single county, then you
15 don't have any concerns about what kind of county
16 it's grouped with or anything like that.

17 If you're going to request an amendment
18 to a district and it will remain inside the county
19 groupings that you have before you and not go
20 out -- and not go outside them, again, that's a
21 very easy thing for the staff to prepare.

22 If you intend to prepare an amendment to
23 change the county groupings, please know that we
24 will need to know what your county -- what your
25 county groupings are. In other words, if you wish

1 to change the pod -- pardon me -- the county
2 grouping that Stokes, Rockingham, and Caswell form,
3 then you would need to also re-pod the other 97
4 counties some -- somehow because we need to know
5 what that podding scheme would look like.

6 REP. DOLLAR: Any further questions?
7 Rep. Hackney.

8 REP. HACKNEY: I think you've answered
9 this question for us before, but I'll just
10 reiterate it.

11 A -- an amendment which replaces your map
12 with another map is in order, right? An entire
13 map. Thank you.

14 REP. DOLLAR: Any further questions from
15 committee members? If not, we stand adjourned
16 until 5 p.m. tomorrow.

HOUSE REDISTRICTING COMMITTEE
July 22nd, 2011

The House Redistricting Committee met in 643 Legislative Office Building for the presentation and discussion on the Lewis, Dollar, Dockham #2 House Redistricting Plan (HB 937 A BILL TO BE ENTITLED AN ACT TO REALIGN NORTH CAROLINA HOUSE OF REPRESENTATIVES DISTRICTS FOLLOWING THE RETURN OF THE 2010 FEDERAL DECENNIAL CENSUS).

Chairman Nelson Dollar presided and called the meeting to order at 6:00 pm. He called on Senior Chairman David Lewis to present and field comments on House Bill 937 (Lewis, Dollar Dockham #2 Plan).

The meeting was adjourned at 7:15 PM.

The following members were present: Reps. 1 REP. DOLLAR: Okay. We'll get started
2 here. Our sergeant-at-arms for this evening, we're
3 pleased to have Garland Shepard, Buck Adams, John
4 Brandon, Larry Elliott, R. L. Carter, and Jesse
5 Hayes.

6 And with that, we will recognize Chairman
7 Lewis to continue a presentation of the bill. Let
8 me also -- I don't think we identified them by name
9 yesterday, but let me also express our appreciation
10 to our staff who has been working with us and
11 working with a number of the members. Kelly Quick;
12 Brad -- I can never pronounce your last name; Susan
13 Sitze; Shawn Parker, who's out getting something;
14 Erika Churchill; our committee clerk, Patty
15 Fleming.

16 Okay. You're sitting there, right?
17 Thank you. Chairman Lewis.

18 REP. LEWIS: Thank you, Mr. Chairman, and
19 ladies and gentlemen of the committee. I
20 appreciate the chance to be here. I appreciate
21 your attendance and your attention to this matter.
22 I also, of course, welcome the members of the
23 public who are here.

24 Yesterday I read into the record, and for
25 the members' consumption, a prepared statement.

1 Much to the delight of the members here, I do not
2 intend to repeat the reading of that statement
3 tonight.

4 As I have explained yesterday, I think
5 this -- the plan that you have before you is a
6 legal plan that will stand what are surely to be
7 court challenges as it moves forward.

8 So, Mr. Chairman, to save time -- it is a
9 Friday night -- I'd like to go ahead and move into
10 the discussion of the bill and to yield to any
11 inquiries.

12 REP. DOLLAR: Further discussion or
13 amendments? Rep. Hackney.

14 REP. HACKNEY: I have a number of
15 questions. I'll be happy to, however the chair
16 wants to do it, yield to other members and then
17 come back to me later or whatever.

18 Let me start out with a question for
19 staff about the number of split precincts in this
20 particular plan versus the number of split
21 precincts in the plan under which we are now
22 running.

23 REP. DOLLAR: Oh, I'm sorry. Ms. McCraw
24 will respond to that.

25 MS. MCCRAW: In the Lewis-Dollar-Dockham

1 2 plan, there are 402 split VTDs. In the 2009-78,
2 the current House plan that is in place, there were
3 200.

4 REP. DOLLAR: Further questions?

5 REP. HACKNEY: I attended the Senate
6 hearing today, and it was explained that a VTD and
7 a precinct are not the same thing, which most of
8 us, I guess, knew. But can you tell us how many
9 precincts are split in each plan?

10 REP. DOLLAR: Do you have that
11 information?

12 MS. MCCRAW: Because a VTD is not a
13 precinct, we do not have a precinct layer, so we --
14 there are changes that have been made to precincts
15 in North Carolina since 2008 when the VTDs were
16 frozen. And as a result, we do not have
17 information about the number of precincts that are
18 split under the proposed plan.

19 REP. DOLLAR: Let me ask you a clarifying
20 question of staff. Ms. McCraw, if you would
21 respond to this. Is it not the case that the
22 General Assembly passed legislation that basically
23 set those VTDs in place and set up that structure
24 as it -- as it is that the -- that the General
25 Assembly staff is operating under? Is that not

1 correct?

2 MS. MCCRAW: That's correct. In 2007,
3 the General Assembly amended one of the statutes
4 regarding the Census Data Program and required that
5 the precinct lines in North Carolina would be
6 frozen as of January 1, 2008, and those units would
7 be transmitted to the Census to be used as voting
8 tabulation district, and then the Census has
9 reported back since this data, using those as a
10 unit of Census geography.

11 REP. DOLLAR: You have a follow-up
12 question, Rep. Hackney?

13 REP. HACKNEY: Yes. Would it be possible
14 to request the number of split precincts in the
15 2009 plan versus Lewis-Dollar-Dockham 2? That
16 information obtainable?

17 REP. DOLLAR: The staff has indicated
18 that they can work on providing that information.

19 REP. HACKNEY: And -- and then a question
20 for Chairman Lewis. Why is it that we have twice
21 as many voter tabulation districts split in your
22 plan than the one that we're running under right
23 now? And have you calculated the cost for
24 elections officials in North Carolina for -- and
25 the cost to people who run in dealing with all

1 these splits?

2 REP. LEWIS: Rep. Hackney, thank you for
3 that question. The precinct, or VTD concept, is
4 not a concept that is addressed specifically in
5 statute or in any case law that I'm aware of and
6 was not a consideration in the drafting of this
7 plan.

8 REP. HACKNEY: Follow-up?

9 REP. DOLLAR: Follow-up.

10 REP. HACKNEY: So the answer -- I -- I
11 believe you got a plus or minus five percent to
12 play with in those districts, so that -- normally
13 that allows you to reduce the number of precinct or
14 VTD splits. And I guess what you're saying is that
15 was not a consideration and just didn't pay any
16 attention to it; is that right?

17 REP. LEWIS: It's not a consideration
18 that when we drew this plan, if it was an obvious
19 way to keep a precinct whole in the map drawing
20 process, it just happened to be noticed that we
21 were close to the line anyway, I'm sure that we
22 went ahead and kept it whole. But it was not --
23 there was no intentional effort put forward to --
24 to keep them whole.

25 REP. DOLLAR: Follow-up?

1 REP. HACKNEY: Mr. Chair, I have several
2 other lines of questions, but I'll yield to someone
3 else so you can go around, if -- if that would be
4 your preference.

5 REP. DOLLAR: I -- I appreciate that,
6 Thanks to the gentleman. Rep. Lucas?

7 REP. LUCAS: Thank you, Mr. Chair. I'd
8 like to begin with a general comment and then a
9 question.

10 The general comment pertains primarily to
11 the circumstances that exist in the area that I
12 represent. And there are other representatives and
13 senators in the same area.

14 But the comment is that, for the past six
15 elections, my particular district has had less than
16 50 percent minority voter participation --
17 registration, I should say, and I've had no problem
18 being elected. So I have a little bit of problem
19 trying to understand the need to increase the
20 percentages in such districts where there -- the
21 history tends to show that there has been no
22 problem.

23 My district is primarily military, and
24 the military has had a long, long history that
25 supersedes the history of the Voting Rights Act in

1 race relation -- cosmopolitan, generic race
2 relations. They've done a good -- they've come a
3 long way. And I contend that additional members of
4 a certain race into my district tends to undermine
5 and really retrogress that progress that's been
6 made in race relations. And I'm having a real
7 problem trying to understand that.

8 The question is, would consideration --
9 do you feel that consideration should be given to
10 those VR districts who have demonstrated a history
11 of not needing any additional, I would call them
12 handicaps?

13 REP. LEWIS: Mr. -- Rep. Lucas, thank you.
14 for that question. The VRA districts that appear
15 in Lewis-Dollar-Dockham 2 were all drawn at a -- at
16 a least a 50 percent plus one, level to foreclose
17 the possibility of any Section 2 lawsuit.

18 REP. DOLLAR: Rep. Rapp.

19 REP. RAPP: Thank you, Mr. Chair. And,
20 Rep. Lewis, if I may really pick up on the
21 conversation we were having yesterday about
22 communities of interest, because I did do a little
23 follow-up as a result of that and wanted to see
24 if -- if we could bring some clarity to just what
25 communities of interest involved, but more

1 specifically, how they're reflected, you know, in
2 the map that we -- that we have here before us.

3 And thanks to staff -- I -- I don't want
4 to take credit for all this research -- but thanks
5 to staff, they did point out again that communities
6 of interest, compactness, contiguity, and
7 preservation of counties from the State Supreme
8 Court is -- is critical in -- in determining maps.

9 And then it does, as you suggested
10 yesterday, get a little bit fuzzy when it comes to
11 communities of interest and how -- how they're
12 defined.

13 So some of the -- some of the criteria
14 that are used -- and there is a question in here,
15 Mr. Chair.

16 REP. DOLLAR: You're doing fine.

17 REP. RAPP: But I -- I just thought
18 preparatory to the statement.

19 REP. DOLLAR: You're doing fine.

20 REP. RAPP: Thank you. You know, they --
21 they talk about geography; that is part of what is
22 included in there. They talk about neighborhoods
23 of a city or regions. And -- and they say what has
24 a common political interest. But they don't
25 necessarily coincide with boundaries of -- of

1 political subdivisions, so that -- that is
2 pretty -- pretty loose language.

3 When going through it, however, when I
4 was looking at Alaska, in particular -- or excuse
5 me, Alabama, they really get into it in a way
6 that -- and -- and where I'm -- here's where I'm
7 going with this, so it doesn't sound like I'm
8 rambling.

9 They set down some guidelines of what a
10 community of interest involves. And what I'm
11 wondering about since I asked yesterday was there
12 an A, B, C, D list of -- of, you know, items that
13 you included to define community of interest, if
14 these individual items or collectively altogether
15 were what we -- what you used when -- when you were
16 determining communities of interest?

17 And if I may ask, I'll just read the
18 list. You can say yes, no, or whatever your
19 response would be. Is that okay?

20 REP. DOLLAR: Well, I think the -- the
21 method of response obviously would be up to
22 Chairman Lewis. And -- and I would, maybe for the
23 sake of this tedium, defer to Chairman Lewis.

24 Would you like to hear those elements
25 individually or would you like for Rep. Rapp to

1 sort of read them out as a group?

2 REP. LEWIS: Mr. Chairman, the -- I can
3 actually answer what Rep. Rapp is going to ask.
4 I'd be glad for him to read out anything into the
5 record that he feels is important to be there.

6 I'm not familiar with any law from
7 Alabama which deals with communities of interest,
8 and so any law from the state of Alabama was not
9 considered in drawing of maps for the citizens for
10 North Carolina.

11 REP. DOLLAR: Do you have a follow-up?

12 REP. RAPP: Thank you, Mr. Chair. Yeah,
13 I do. And -- and -- and I appreciate the comment,
14 because I -- I don't -- I didn't think you were
15 going to Alabama to -- to define that.

16 But what I -- but since you have had to
17 use a criteria, one criterion, for the -- for the
18 drawing of these maps, that being communities of
19 interest, and when I was asking about what that
20 included yesterday, I wanted to be more specific
21 today in terms of what I was able to find out are
22 terms that are used or -- or concepts that are used
23 to define that, and if you were to use, you know,
24 if you had used those, maybe in one district or all
25 districts. That -- that's the point in the

1 question, I guess. Not to be argumentative; it's
2 just to be, you know, clear. So if I may?

3 REP. DOLLAR: Well, let's do -- let's
4 handle it this way. If you've got a list of
5 criteria, why don't you just read the criteria, and
6 then when you finish the recitation, we'll see if
7 Chairman Lewis wishes to respond.

8 REP. RAPP: Okay. That's fine.

9 Among the criteria, they talk about
10 racial or ethnic groups. They talk about geography
11 by governments, and we got into some discussion
12 about that as it relates, I think, to towns and
13 cities yesterday. They talk about it in terms of
14 regions. I don't know how this term is
15 interpreted, but they use social as a -- as a
16 criteria, one criterion. Cultural, partisan, or
17 historic interests. They also say that county
18 municipal and voting precinct boundaries help to
19 define communities.

20 So I've -- and the one other one that
21 seems to be in most states that I -- that I've got
22 in front of me -- media markets or common
23 communications links.

24 REP. DOLLAR: I recognize Chairman Lewis.
25 If you -- if you wish to respond..

1 REP. LEWIS: Thank you, Mr. Chairman.
2 Thank you, Rep. Rapp. I appreciate the work that
3 you've done and the work the staff's done. I'd be
4 happy to work with you. Perhaps that is something
5 that we could codify in the future.

6 I would say that many of those -- in
7 fact, most of those you name were considered. I
8 don't know if they were considered in any
9 particular ranked order. But, yes, I'm sure we
10 considered most of those that you named.

11 REP. DOLLAR: Follow-up?

12 REP. RAPP: Follow-up. So are you saying
13 in some cases? In all cases?

14 REP. LEWIS: Rep. Rapp, what I'm saying
15 is that, in order to draw a legal map, we were
16 required to make sure that the one man, one vote
17 rule was applied to our maps. We were also
18 required to comply with the federal Voting Rights
19 Act. We were then, number three, required to
20 comply with the Stephenson requirements of
21 counties -- of county groupings.

22 And then on down the list, as we
23 discussed yesterday, we were allowed to consider --
24 after all those criteria were satisfied, we were
25 allowed to consider communities of interest. And

1 did so when we could.

2 REP. DOLLAR: Follow-up? Or we move on
3 if you --

4 REP. RAPP: Well, my -- my -- yeah. I
5 guess in that list I read, clearly racial
6 communities were listed as -- as part of that, so I
7 think when you -- you're dealing with the Voting
8 Rights Act, clearly that, you know, qualifies
9 under -- under community of interest.

10 And so I want to be clear in terms of
11 whether any of these other factors were weighted
12 heavily after the Voting Rights Act in -- in your
13 decision-making?

14 REP. LEWIS: Thank you, Rep. Rapp. Mr.
15 Chairman, I don't recall exactly how the seventh
16 priority, which is communities of interest, were
17 used, and I can't answer any more specifically than
18 that.

19 REP. DOLLAR: Thank you. Rep. Wilkins.

20 REP. WILKINS: Thank you, Mr. Chair. I'm
21 going to go down the -- is it on? Is it on now?

22 REP. DOLLAR: And we need you to speak up
23 for the court reporter, if you would.

24 REP. WILKINS: All right.

25 REP. DOLLAR: I appreciate that.

1 REP. WILKINS: I'm going to go down the
2 same road that Rep. Rapp went, but I -- not in
3 exactly the same manner.

4 I asked a question about communities of
5 interest yesterday, and based upon the answer that
6 I received, I -- I just withdrew any further
7 questions.

8 But for the senior chair, what I'd really
9 like to know is, just a yes or no answer: Did the
10 three chairs and the consultants consider
11 communities of interest in drawing these maps?

12 REP. LEWIS: Yes.

13 REP. DOLLAR: Follow-up?

14 REP. WILKINS: Follow-up, please. Yes,
15 sir.

16 And to look more specifically at my area,
17 is the senior chair aware that Person and Granville
18 are in the same COG?

19 REP. LEWIS: Did you say in the same pod?

20 REP. WILKINS: COG. Council of
21 Governments.

22 REP. LEWIS: Rep. Wilkins, I do not know
23 how the Council of Government divides up the
24 counties. I know that Person and Granville are in
25 the same pod, which is a higher criteria than

1 communities of interest.

2 REP. WILKINS: Follow-up?

3 REP. DOLLAR: Follow-up.

4 REP. WILKINS: Does the senior chair have
5 knowledge that within Region K, most of the region
6 was included in an economic development hub formed
7 a couple of years ago?

8 REP. LEWIS: No, sir. I'm -- and I'm
9 having a hard time following the relevance of this
10 as it applies to redistricting, as the gentleman
11 continues to point out that Person and Granville
12 are linked in various ways and they're linked on
13 this map. I'm having a very hard time following
14 the gentleman's point.

15 REP. DOLLAR: Do you have a follow-up?

16 REP. WILKINS: May I follow up, please?

17 REP. DOLLAR: Proceed.

18 REP. WILKINS: Then, Rep. Lewis, am I to
19 assume that you do not know that Person was not
20 included in that economic development hub?

21 REP. LEWIS: Representative, I just
22 answered that I don't have any idea about the
23 economic development hub of which you speak.

24 REP. DOLLAR: Do you have further follow-
25 up?

1 REP. WILKINS: If I may make a statement?

2 REP. DOLLAR: Proceed.

3 REP. WILKINS: The hub was created by
4 this legislature in 2007, a piece of legislation
5 introduced by Rep. Crawford. And I have no further
6 questions.

7 REP. DOLLAR: Thank you. Rep. Fisher.

8 REP. FISHER: Thank you, Mr. Chairman and
9 Chairman Lewis. I would like to go back just for a
10 second to the double-bunking question, since it's
11 one that I'm affected by a little bit.

12 I -- I don't recall exactly your response
13 when I asked about double-bunking, but that you --
14 but you did mention something about looking at the
15 proximity with which two incumbents live to one
16 another. And so that made me interested to see
17 just how close I live to the person that I'm
18 double-bunked with, and I live approximately nine
19 and a half miles away from her and she from me.

20 So that led me to want to revisit this
21 issue again just to see if you were aware that
22 you -- your plans, all of your plans, have double-
23 bunking in them?

24 REP. LEWIS: Yes, ma'am. They're my
25 plans.

1 REP. FISHER: Follow-up?

2 REP. DOLLAR: Follow-up.

3 REP. FISHER: I'm -- I'm intrigued by the
4 fact that it's a common element in every map that
5 you drew, and I'm -- I'm wondering if you have a
6 view about the practice of pairing incumbents in
7 the -- into the same districts?

8 REP. LEWIS: Yes, ma'am. I think that we
9 have drawn 120 districts that are legal, fair, and
10 competitive. I do not see that the districts
11 belong to the individual who currently holds the
12 seat. And I do think that if double-bunking is
13 done in a malicious way, as it was under Sutton
14 Plan 5, which the Democrats passed in 2002, which
15 double-bunked 17 Republicans and five -- excuse
16 me -- three Democrats, that someone may have a
17 point to make.

18 REP. FISHER: Follow-up?

19 REP. DOLLAR: Follow-up.

20 REP. FISHER: Thank you, Mr. Chairman.

21 Chairman Lewis, I was not a part of that
22 redistricting plan and didn't take part in it in
23 any way. And so I guess what I want to know is, if
24 besides, you know, harkening back to what was done
25 ten years ago and making that be the reason why

1 it's being done today, I'd like to know if you have
2 any legal basis for double-bunking in this
3 instance?

4 REP. LEWIS: To the best of my knowledge,
5 there is no statutory or case law that deals with
6 double-bunking. And to the best of my knowledge,
7 I've received no input from you prior to the
8 release of this map nor since the release of this
9 map of how to -- how to address the concern.

10 REP. FISHER: Thank you.

11 REP. DOLLAR: Rep. Alexander.

12 REP. ALEXANDER: Thank you, Mr. Chairman.
13 I'm trying to get this mic to act right.

14 I want to harken back to part of
15 yesterday's discussion. We were talking --
16 Chairman Lewis was talking yesterday about in
17 response to, I forget whose question, consultation
18 with African-American organizations.

19 As you may or may not know, I'm a former
20 state president of the North Carolina NAACP and had
21 been involved with the organization for a number of
22 years in '91 and in '81. When this body was
23 redistricted, I was a participant with the
24 organization and know that there was input from the
25 community into the process at that time.

1 The NAACP is one of the few organizations
2 within the African-American community that you can
3 find membership in, in just about every county in
4 the state. And I noticed in observing some of the
5 public input that you had members of the
6 organization who showed up at a number of sites and
7 seemed to uniformly have concerns about what we
8 would process as "packing."

9 And this got me to thinking, and I
10 wondered what process are you following in reaching
11 out to the African-American community, beyond the
12 members of -- of the committee, in order to
13 ascertain the views of the community in terms of
14 how the districts are to be drawn and at what level
15 of population should appropriately be in the
16 districts. That's question number one.

17 Question number two is that having heard
18 statements at the public hearings, I'm wondering
19 how you are processing what seems to be a fairly
20 uniform concern about packing?

21 REP. LEWIS: Thank you, Rep. Alexander.

22 I will be happy to provide you copies of
23 the at least five letters that were mailed to the
24 NAACP asking for input, and would love to provide
25 you with replies, had any been sent. None were

1 sent.

2 Regarding the testimony at the public
3 hearings, we worked very hard to try to understand
4 the concerns that were expressed. As I have quoted
5 numerous times before this committee, "packing" is
6 a legally defined term, so I would ask you how you
7 define it and what court case or statute you would
8 use that differs from the definition that I've
9 already provided at least three or four times since
10 we've started this committee hearing.

11 REP. ALEXANDER: Follow-up?

12 REP. DOLLAR: Respond.

13 REP. ALEXANDER: I understand what the
14 definition is, but the essence of my question isn't
15 about the definition. It's about how the committee
16 and its leadership is processing the input that
17 I've seen from these public hearings. Because part
18 of this process at the end of the day is that the
19 people who are going to be affected, the citizens,
20 have got to understand what's going on and have to
21 view that the process itself has produced a product
22 that they're comfortable with.

23 And that's -- that's what I'm seeking to
24 understand, is how that is being processed, you
25 know, within the committee decision-making to end

1 up with that -- that product?

2 REP. LEWIS: Thank you for the question,
3 Rep. Alexander. Since you and everyone else I have
4 posed the question of "what is packing," please
5 give me a legal definition. Since no one will
6 provide that, what the committee is using is the
7 legal definition provided by the Supreme Court,
8 which says that packing is when you place so
9 many -- when you place such a large number of
10 minorities into a single district that you are
11 precluded from drawing a second minority district.

12 So, again, respectfully, if we have not
13 found the court case or the statute or any other
14 legal definition of what packing is, I -- I would
15 respectfully ask for you to submit that.
16 Otherwise, the chair and the committee will
17 proceed -- will proceed on the legal, written
18 definition of the word.

19 REP. DOLLAR: Follow-up?

20 REP. ALEXANDER: Yes, Mr. Chairman. I --
21 I just simply want to say that in observing what
22 citizens have been saying at the hearings, there is
23 obviously a -- a deficit of understanding in the
24 community as to either the legal definition or a
25 misunderstanding as to how this process is going to

1 benefit them as citizens. And that's -- that's
2 what I'm trying to get at. I mean, not -- not the
3 definition, you know, in the book or definition in
4 the -- in a court case.

5 I'm trying to figure out how we're going
6 to make sure that John Q. Citizen understands,
7 because if I measure what I'm seeing, the average
8 African-American citizen does not understand this
9 process to be producing the result that they're
10 comfortable with.

11 REP. LEWIS: Rep. Alexander, I hope they
12 will appreciate the fact that the committee has
13 followed the law and has complied with the law and
14 the legal definition therein.

15 I cannot speak to the ways in which we
16 may better educate the general public that this
17 issue has been litigated and clearly defined, and
18 despite intent -- attempts that are being made to
19 incite and confuse and frustrate the issue and
20 scare people, still no one, not even in this
21 exchange -- and I have a great deal of respect for
22 you; I'm aware of your tremendous background, your
23 family's background in advancing civil rights for
24 all -- but even you, today, can't or won't provide
25 me with a legal definition of how these districts

1 pack blacks. And, sir, I would submit to you the
2 reason that you don't is that you can't, because it
3 doesn't.

4 REP. HACKNEY: Mr. Chairman, may I follow
5 up on that point?

6 REP. DOLLAR: If you'll hold for just
7 a -- just a moment, because your name is next on
8 the list, and we'll get to you.

9 REP. HACKNEY: That was on the point --
10 that very point, and I hope you'll let me come back
11 to it.

12 REP. DOLLAR: We'll come back to that. I
13 would just point out another aspect of what was
14 asked. There was -- there is a contact list, I
15 believe it's well over 300 individual and groups
16 and leaders in the minority community that has been
17 utilized to send information out and to request
18 information back. And it's my understanding that's
19 a very similar list that was -- has been utilized
20 in -- in the past to -- to try to facilitate the
21 dialogue for communities in the -- in the process.

22 Rep. Hackney?

23 REP. HACKNEY: Rep. Lewis, I'm aware and
24 you're aware that cases regarding retrogression by
25 packing have been cited to you over and over again.

1 They've been cited by Professor Joyner from the
2 NCCU Law School. They are Miller against Johnson
3 and Voinovich versus Quilter, both of which clearly
4 set out that, under certain circumstances, the
5 packing of African-Americans into districts can be
6 retrogression. Are you aware that those cases have
7 been cited to you? And if so, why do you keep
8 saying nobody has cited you any cases?

9 REP. LEWIS: Mr. Chairman, I'd like to
10 request that all of the three cases that the
11 gentleman just referred to, along with a summary,
12 be produced as quickly as possible and be passed
13 out. I do not believe the gentleman's information
14 is -- is accurate. Perhaps, if it is read, then we
15 will at least know which one of us is wrong.

16 REP. HACKNEY: Well, it --

17 REP. DOLLAR: I will instruct the staff
18 to so work on those and --

19 REP. HACKNEY: Did --

20 REP. DOLLAR: -- copies of those cases
21 for the committee members.

22 REP. HACKNEY: Can I follow up?

23 REP. DOLLAR: Follow-up.

24 REP. HACKNEY: The -- did you -- are you
25 indicating that the committee or the people who

1 draw the maps from the chair were not aware of the
2 principles of Miller against Johnson and Voinovich
3 versus Quilter? Would that be the case?

4 REP. LEWIS: Rep. Hackney, I would -- I
5 would reply to that by saying that I do not believe
6 your interpretation of those cases to be correct.

7 REP. HACKNEY: All right.

8 REP. DOLLAR: Follow-up?

9 REP. HACKNEY: May I -- may I -- I want
10 to go to a different subject. So, Mr. Chairman,
11 you decide whether I continue or come back.

12 REP. DOLLAR: Continue.

13 REP. HACKNEY: There was talk, Mr.
14 Chairman, this morning in the Senate Committee,
15 which I attended, about a -- a study of racially
16 cohesive majority voting behavior in North
17 Carolina. And then, as I understand it, the -- the
18 fact that, somewhere in North Carolina, in probably
19 more places than one, there is racially cohesive
20 majority voting behavior was then used to justify
21 treating all of North Carolina as a Section 2 area,
22 and then to go from there to a mandate for a 51
23 percent African-American percentage.

24 So my first question -- my first question
25 is, was there any localized study with respect to

1 racially cohesive majority voting behavior in North
2 Carolina, or was it a -- simply a statewide study?

3 REP. LEWIS: Rep. Hackney, the -- it's my
4 understanding -- and I apologize. I was trying to
5 obtain some clarification when you -- when you were
6 asking your question. I hope you will forgive me.
7 Would you repeat what you asked, sir? I do
8 apologize. I missed what you said.

9 REP. HACKNEY: I probably could state it
10 more clearly, and I'll try to this time.

11 Let me start out by saying that the -- as
12 I think everybody is aware of the main case on
13 Section 2 is the Gingles case, which came out of
14 North Carolina. And, of course, Section 2 applies
15 to the -- to the whole United States of America and
16 to all of North Carolina.

17 But for it to have any application to
18 voting rights and construction of districts, there
19 has to be three findings. And one of those three
20 findings is a history of racially cohesive majority
21 voting behavior by the majority, sufficient to
22 prevent the election of the minority group's
23 favorite candidates.

24 So you have to have a showing before
25 Section 2 applies. And my question is, did you do

1 any studies before that are localized in nature to
2 show racially polarized voting, or was there
3 simply, as I understood from the Senate Committee
4 this morning, a statewide RPV study, as they call
5 it?

6 REP. LEWIS: Thank you for that
7 clarification, Rep. Hackney. The study that was
8 referenced in the Senate this morning -- and I
9 apologize for not being able to recall the name of
10 the authors -- but the study that was referenced in
11 the Senate this -- this morning is the only one
12 that I am aware of.

13 REP. DOLLAR: If -- if I can interject
14 for a moment. I do understand. I believe it's
15 part of the record, the study by Dr. Brunell, which
16 is a county-by-county study.

17 REP. HACKNEY: And -- may I follow-up?

18 REP. DOLLAR: Follow-up.

19 REP. HACKNEY: So in areas like Forsyth
20 and Mecklenburg, which are not on the vote --
21 Section 5 of the Voting Rights Act, they're not VRA
22 counties, there would have to be a -- such a
23 finding before you could apply Section 2
24 principles, remedial principles, to those counties?
25 Is -- am I accurate in your understanding of that?

1 REP. LEWIS: Rep. Hackney, my answer
2 remains much the same as it has been. In order to
3 foreclose the opportunity for any Section 2
4 lawsuits, and also for the simplicity of this
5 conversation, we elected to draw the VRA districts
6 at 50 percent plus one, which we feel, based on
7 legal counsel, is the law.

8 REP. HACKNEY: And --

9 REP. DOLLAR: Follow-up?

10 REP. HACKNEY: And you elected to do it
11 also in non-VRA districts, as I understand it,
12 which you characterized as Section 2 districts,
13 even though there has been no finding under the
14 Gingles case. Is it -- would that be accurate
15 also?

16 REP. LEWIS: I apologize, Rep. Hackney.
17 I don't -- I don't follow what you're asking.

18 REP. HACKNEY: Well, you said you --
19 you -- you contend it's the law that every VRA
20 district has to be 51 -- 50 plus -- 50 percent plus
21 one. And you've said that in yesterday, so -- so
22 it's straight on the record.

23 And my question is, the districts like
24 the ones in Mecklenburg and Forsyth, where -- which
25 are not VRA districts, not Section 5 districts, you

1 contend you could do it there because they might be
2 Section 2 districts. Is that accurate?

3 REP. LEWIS: Rep. Hackney, my remarks on
4 this issue honestly exhaust as much information as
5 I can provide to you. All of -- every district,
6 these 120 that you have before you, have been drawn
7 to the very best of our ability to comply with the
8 law.

9 REP. DOLLAR: Rep. Daughtry.

10 REP. DAUGHTRY: Thank you, Mr. Chairman.
11 I was wondering if -- is it not true that the bill
12 before us is what we're taking up, and is there
13 going to be time when we discuss this bill and vote
14 on it?

15 REP. DOLLAR: Yes. And I do believe we
16 are in, Rep. Daughtry, in the process of discussing
17 this bill. Rep. Lucas?

18 REP. LUCAS: Thank you, Mr. Chair. I was
19 negligent in not generating a follow-up to the
20 response of the previous question that I raised
21 early on. The response that I received, and this
22 is not necessarily directed at Rep. Lewis; it's
23 directed at anyone who possibly may be able to
24 generate a response.

25 But the response received was that we're

1 trying to prevent lawsuits. I'm understanding that
2 communication has gone out to over 300 individuals
3 and organizations within the minority community,
4 and I'm sure that there has been dialogue on some
5 of those.

6 The question that I have is, among those
7 responses, has anyone indicated dissatisfaction
8 with the current percentages in the VR counties?
9 And if so, are you aware of any complaints or any
10 potential plaintiffs in a lawsuit?

11 REP. LEWIS: Thank you for that question,
12 Rep. Lucas. Unfortunately, I think there are
13 plaintiffs aplenty in this state who are looking
14 for an opportunity to challenge these fair and
15 legal maps once they're adopted. And North
16 Carolina, as you know, has a long history of
17 litigating redistricting matters, and we have tried
18 to preclude and foreclose every door that we can
19 that can be used to attack maps that are fair.

20 REP. DOLLAR: Further questions from the
21 committee? Rep. Rapp.

22 REP. RAPP: Thank you, Mr. Chair. And,
23 again, this is to follow up on conversations we had
24 yesterday in -- in the committee. And I was asked
25 yesterday, Rep. Lewis, what -- you know, who are

1 some of the drafters and consultants and folks
2 working in the -- on the plan. And one of the
3 persons you had identified, and it was a name that,
4 frankly, didn't mean anything to me until I begin
5 reading the news today. It was a Thomas Hofeller.
6 Is that -- is that how you pronounce his name? Can
7 you spend a little time with us and talk about how
8 much input, how influential he was in that? I have
9 some follow-up questions as well.

10 REP. LEWIS: Tom Hofeller is a well-known
11 and respected map drawer. And I really don't have
12 anything else to add.

13 REP. RAPP: Would -- follow-up?

14 REP. DOLLAR: Follow-up.

15 REP. RAPP: Yep. Thank you, Mr. Chair.

16 Is -- is Mr. Hofeller is being paid --
17 excuse me. Is he being paid by the Republican
18 Party? Is he paying -- being paid by taxpayer
19 money?

20 REP. LEWIS: Rep. Rapp, I assume that he
21 is being paid with taxpayer money through the
22 attorney-client relationship that we have
23 established and discussed yesterday, which is
24 modeled upon the attorney-client relationship
25 created in 1991 by Speaker Dan Blue.

1 I can speak that the \$60,000 appropriated
2 to the Legislative Black Caucus to produce maps to
3 be viewed is, and was, paid by the taxpayers and
4 that there have been no maps produced.

5 There are other names have been floating
6 around. I would hate to speculate on them.

7 REP. RAPP: Follow-up?

8 REP. DOLLAR: Follow-up, yes.

9 REP. RAPP: Well, my -- is it -- with
10 our -- since -- since Mr. Hofeller has had input
11 into this map, is it -- will he be at all appearing
12 before this committee or will he be here to be
13 available to the General Assembly next week?

14 REP. LEWIS: Rep. Rapp, Mr. Hofeller was
15 retained and employed by the outside counsel and is
16 not an employee of the General Assembly, and the
17 short answer is no.

18 REP. DOLLAR: Follow-up?

19 REP. RAPP: Follow-up. Now, let me be
20 clear. The pay for this individual is coming from
21 the General Assembly; is that correct?

22 REP. LEWIS: Rep. Rapp, there are no
23 checks to my knowledge that have been issued to Mr.
24 Hofeller from the General Assembly. As I have
25 explained, he was retained by the counsel that has

1 been retained by the leadership.

2 So, yes, in terms of every dollar that
3 the General Assembly spends is, in fact, taxpayer
4 money. And I wish we were a little more cognizant
5 of that in some of the things that are proposed and
6 brought up in these chambers. But he is not an
7 employee and, no, he will not be here.

8 REP. DOLLAR: In the spirit of Rep.
9 Daughtry's question a moment ago, are there any
10 amendments that members are wishing to offer here
11 in committee that you would like to offer at this
12 time? Seeing no -- seeing none at the -- I would
13 recognize Rep. Hackney.

14 REP. HACKNEY: Rep. Lewis, I'd like to go
15 back to your answer about the Brunell racially
16 polarized voting study. Those who have looked at
17 it tell me that it is not at all a county-by-county
18 study where racially polarized voting was done --
19 analyzed, say, in Durham County or Mecklenburg
20 County, but actually it was done -- analyzed on a
21 statewide basis. Do you wish to amend your answer
22 on that?

23 REP. LEWIS: Rep. Hackney, I would -- to
24 the best of my knowledge, that was actually
25 Chairman Dollar who spoke to that point. But, no,

1 I don't think there's any need. The people that
2 have -- as your people have reviewed it for you,
3 mine have reviewed it for me, and I'm content
4 with -- with -- with my reply.

5 REP. HACKNEY: Can I follow up, Mr.
6 Chair?

7 REP. DOLLAR: Well, let me also just
8 note. It's my understanding or my recollection
9 that you folks are the attorneys, not me, but there
10 was a Section 2 liability finding for Wake,
11 Mecklenburg, and Forsyth Counties in the Gingles
12 case, and of course, that case has not been
13 overturned. Follow-up.

14 REP. HACKNEY: Well, then, of course, the
15 finding was decades ago, so it has no relevance
16 to -- to this.

17 But my -- my question is this, did the
18 Brunell RPV study provide any specific
19 recommendations to develop 50 percent -- 50 percent
20 districts statewide? In other words, was that
21 contained in the study?

22 REP. LEWIS: My response to that, Rep.
23 Hackney, is that I don't know, but it is
24 irrelevant, as that is our understanding of the law
25 as affirmed by the Supreme Court.

1 REP. DOLLAR: Follow-up.

2 REP. HACKNEY: And I'd like to return to
3 our discussion about packing. Just -- it's my
4 understanding that y'all actually did cite in an
5 earlier -- one of -- one of your epistles that you
6 read out, the Voinovich case. I'd just like to
7 read a couple of sentences from it.

8 "The practice challenged here" -- this is
9 a quote from the United States Supreme Court. "The
10 practice challenged here, the creation of majority-
11 minority districts, does not invariably minimize or
12 maximize minority voting strength. Instead, it can
13 have either effect or neither. On the one hand,
14 creating majority black districts necessarily
15 leaves fewer black voters, and therefore,
16 diminishes black voter influence in predominantly
17 white districts. On the other hand, the creation
18 of majority black districts can enhance the
19 influence of black voters. Placing black voters in
20 a district in which they constitute a sizeable, and
21 therefore, safe majority, ensures they're able to
22 elect candidates of their choice. Which effect the
23 practice has, if any at all, depends on entirely on
24 the facts and circumstances of each case."

25 And my question is, in light of the plain

1 language of the Voinovich case, did you pay any
2 attention to the outcry from the African-American
3 community, practically uniform in the public
4 hearings, against increasing African-American
5 percentage in these districts?

6 REP. LEWIS: Rep. Hackney, we paid great
7 attention to the law, as it is understood by me,
8 and we have produced 120 fair and legal districts.
9 You have them before you.

10 Again, the question of packing comes up.
11 I appreciate the cite of the case that you made. I
12 will go back and read the case again. But even in
13 the citation that you made, there is no legal
14 definition provided. We went by the only legal
15 definition that we have.

16 REP. HACKNEY: And the --

17 REP. DOLLAR: Follow-up?

18 REP. HACKNEY: And what -- where is that
19 found and located then, just so I can go back and
20 I -- I can go back and read also? Maybe we'll come
21 to a uniform conclusion.

22 REP. LEWIS: Speaker Hackney, I
23 believe -- and I apologize, I didn't bring my big
24 notebook tonight. I believe the case in which I'm
25 referring was -- it was either Strickland versus

1 Bartlett or Bartlett versus -- Bartlett versus
2 Strickland, which was decided by the North Carolina
3 Supreme Court and affirmed by the U.S. Supreme
4 Court.

5 REP. HACKNEY: And -- follow-up?

6 REP. DOLLAR: Follow-up.

7 REP. HACKNEY: So that is the only case
8 you are relying on, a Section 2 case, which has
9 nothing to do with the Section 5 Voting Rights Act;
10 is that correct?

11 REP. LEWIS: No, sir. Actually, I
12 misspoke. I misunderstood exactly what you were
13 asking.

14 The law -- the case that defines
15 packing -- please accept my apologies to you and to
16 the committee. The case that defines packing is --
17 actually, Representative, rather than belabor this
18 point, I'm going to encourage you to go back and
19 read -- to quote your comment, to go back and read
20 the epistles that the chairs released.

21 REP. HACKNEY: Thank you.

22 REP. DOLLAR: Further discussion, further
23 debate? Hearing none --

24 REP. LEWIS: Mr. Chairman --

25 REP. DOLLAR: -- Chairman Lewis, we're

1 available for a motion.

2 REP. LEWIS: Mr. Chairman, I move the --

3 REP. DOLLAR: Sorry.

4 REP. LEWIS: Mr. Chairman, I move the
5 Proposed Committee Substitute for House Bill 937 be
6 given a favorable report, unfavorable to the
7 original bill.

8 REP. DOLLAR: You've heard the motion on
9 the floor for a favorable report for House Bill
10 937. Any further discussion or debate? Rep.
11 Hackney.

12 REP. HACKNEY: Debate the motion.

13 I'd just like to urge members to vote
14 against this motion. These maps that have been
15 prepared are, for reasons that we have detailed,
16 are unfair maps. For reasons that we are
17 detailed -- that we have detailed, they are not
18 legal. For reasons that we have detailed, there
19 are far too many splits. For reasons that we have
20 detailed, there are far too few whole counties.
21 For reasons that we have detailed, there is too
22 much retrogression in African-American influence by
23 virtue of placing African-Americans in higher
24 percentage than they ask for, even after they
25 protested that they did not want them. I urge us

1 to vote against the bill.

2 REP. DOLLAR: Rep. Bryant, do you want to
3 be recognized?

4 REP. BRYANT: Thank you, Mr. Chair. I
5 just wanted to, for the record, to say that I'm
6 voting against the bill for all the reasons that
7 our minority leader said, and in addition on behalf
8 of my constituents in both Nash and Halifax
9 counties, who believe that the splitting up of
10 District 7 as it has historically been configured
11 with the combination of Nash and Halifax Counties
12 makes us an African-American community worse off.

13 For reasons that I previously stated and
14 questions that I debated on the Halifax County
15 side, it exposes them to a well-financed and
16 experienced white incumbent that they have to
17 tackle if they wanted an African-American
18 legislator. And in the Nash County side, it pairs
19 us with Franklin County. In both cases, there are
20 significant issues of communities of interest and
21 histories of racial polarized voting that is unique
22 to both Nash and Halifax counties. That is not the
23 case for Northampton or Franklin, which is the
24 pairing that has been recognized. And we disagree
25 that -- that all of those factors are superseded by

1 the two-county podding issue. And for that reason,
2 I'll be voting against the motion. Thank you.

3 REP. DOLLAR: Further discussion, further
4 debate? Rep. Stam.

5 REP. STAM: I note that it's been 11
6 years since the Census of 2000, the maps we're
7 under now. I hope everyone of us recognizes we
8 can't proceed under the old maps. We have to do
9 something.

10 And I'll observe two other things. The
11 minority has not offered a single counter-proposal.
12 On the other hand, Rep. Lewis has offered a map
13 that is legal, is fair, and I'm going to vote for
14 it.

15 REP. DOLLAR: Further discussion, further
16 debate? Hearing none, all those in favor of the
17 motion, say aye.

18 (Voice vote.)

19 REP. DOLLAR: Opposed, no.

20 (Voice vote.)

21 REP. DOLLAR: The ayes have it. The
22 motion carries, and the committee is adjourned. We
23 will not -- having voted the House bill out
24 tonight, we will not be meeting on Saturday. You
25 are -- you are relieved of your duty tomorrow.

1 REP. LEWIS: Ladies and -- ladies and
2 gentlemen.

3 REP. DOLLAR: If you'll be quiet. If --
4 if -- if we can get order in the -- in the
5 committee very briefly.

6 REP. LEWIS: Ladies and gentlemen, just
7 as explanation and for planning purposes, the House
8 was tasked with the responsibility of passing the
9 House plan. The Senate was tasked with the
10 responsibility of passing the Congressional plan
11 and sending it over to us. Therefore, they will
12 have to meet and officially pass the plan before we
13 can consider it. That is the reason that we will
14 not be able to meet tomorrow to consider the
15 Congressional Plan, because we are not in
16 possession of it.

17 Please stay tuned to your e-mails. As
18 soon as the Senate meets to pass the plan, assuming
19 it does pass, we will schedule committee hearings
20 on that plan. Thank you.

21 REP. DOLLAR: Thank you.

HOUSE PRINCIPAL CLERK

Short Title: House Redistricting 2011.

(Public)

Sponsors: Representatives Lewis; Dockham and Dollar.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO REALIGN NORTH CAROLINA HOUSE OF REPRESENTATIVES DISTRICTS FOLLOWING THE RETURN OF THE 2010 FEDERAL DECENNIAL CENSUS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 120-2 is rewritten to read:

"§ 120-2. House apportionment specified.

(a) For the purpose of nominating and electing members of the North Carolina House of Representatives in 2012 and periodically thereafter, the State of North Carolina shall be divided into the following districts with each district electing one representative:

District 1:

(b) The names and boundaries of voting tabulation districts, tracts, block groups, and blocks specified in this section are as shown on the 2010 Census Redistricting TIGER/Line Shapefiles.

(c) If any voting tabulation district boundary is changed, that change shall not change the boundary of a House district, which shall remain the same as it is depicted by the 2010 Census Redistricting TIGER/Line Shapefiles.

(d) If this section does not specifically assign any area within North Carolina to a district and the area is:

(1) Entirely surrounded by a single district, the area shall be deemed to have been assigned to that district.

(2) Contiguous to two or more districts, the area shall be deemed to have been assigned to that district which contains the least population according to the 2010 United States Census.

(3) Contiguous to only one district and to another state or the Atlantic Ocean, the area shall be deemed to have been assigned to that district."

SECTION 2. This act is effective when it becomes law and applies to elections held on or after January 1, 2012.

House Redistricting Committee July 27, 2011

The House Committee on Redistricting met in Committee Room 643 to consider Senate Bill 453, Rucho-Lewis Congress 2A and Senate Bill 455, Rucho Senate 1.

Representative Nelson Dollar called the meeting to order at 10:00 am. Representative David Lewis presented Rucho Senate 2 map to the committee. Following questions and discussion by members Rep. Lewis called for a favorable report for Senate Bill 455. Vote was taken with an ayes and no vote and the ayes prevailed.

Representative Roger West asked that the proposed committee substitute be put before them, Rucho-Lewis Congress 3 map. Representative Lewis explained the committee substitute and the differences in the 2A and 3 maps. The 3 map had been placed on line the night before at 8:05pm.

Representative Tim Moffitt offered an amendment that would alter the 10th and 11th Congressional Districts. Following explanation a vote was taken and the amendment was defeated in a roll call vote 17-23.

Representative Lewis moved that Senate Bill 453 be given a favorable report. Vote was taken with an ayes and no vote and the ayes prevailed.

The meeting was adjourned.

1 REP. DOLLAR: The meeting will come to
2 order. The members will take their seats. If the
3 members would take their seats at this time, and we
4 can move forward. If any extraneous conversations
5 can be taken outside. We'll move forward with
6 getting our meeting under way.

7 We're pleased to have with us a number of
8 pages. Emily Shea from Mercer, New Jersey, sponsored
9 by Speaker Tillis. Eric Van Wingerden, Mecklenburg
10 County, sponsored by Speaker Tillis. And assuming
11 these pages are here, please stand and wave so the
12 members can see you. Jennifer Brown, Wake County,
13 sponsored by Representative Stam. Wesley Sites,
14 Catawba County, sponsored by Representative Setzer.
15 And I apologize. I'm going to pronounce this name
16 incorrectly. But Carla Restina from Guilford County,
17 sponsored by Representative Blust. Jonathan Nguyen,
18 Mecklenburg County, sponsored by Representative
19 Killian. Stephen Prys, Mecklenburg County, sponsored
20 by Speaker Tillis. Caroline Price, Sampson County,
21 sponsored by Representative Bell. Anna Osborne,
22 Alamance County, sponsored by Representative Ingle.
23 And Kevin Gray of Wake County, sponsored by the
24 Chair.

25 Glad to have all of you pages with us

1 today and appreciate your help as we do the work of
2 the committee today.

3 Our sergeant, Sergeants at Arms, as usual,
4 Reggie Sills, John Brandon, Martha Parrish, Wayne
5 Davis, Champ Claris and Larry Elliott.

6 The first order of business today for the
7 committee will be the presentation of the North
8 Carolina State Senate, Senate Redistricting Plan.

9 It would be presented by Chairman Lewis,
10 and that number is -- what's the number? Senate Bill
11 455. And there is no PCS, correct?

12 Chairman Lewis is recognized.

13 REP. LEWIS: Good morning, ladies and
14 gentlemen of the committee. Thank you for your time
15 and attendance today. I have been asked to stand
16 before you to present Senate Bill 455, which is the
17 redistricting plan for the North Carolina Senate. I
18 apologize. We seem to have a little bit of an echo.
19 I don't know if this is me or the microphone. I
20 apologize to members for that.

21 Senate Bill 455, which you have before
22 you, was developed using the same criteria that I
23 have shared in this committee before and the
24 development of the House plans. And in the interest
25 of not feeling a need to place the exact same shape

1 back upon the record and also to maximize the
2 committee's time effectively, I will just say that
3 the plan that you have before us has passed the
4 Senate. There are no changes in it from the way that
5 it arrived to us from the Senate.

6 I believe that it does create 50 Senate
7 districts in compliance with all applicable state and
8 federal laws. And I'll be happy to yield to any --
9 any inquiries that you have, and at the appropriate
10 time, Mr. Chairman, I would like to offer a motion.

11 REP. DOLLAR: Thank you. Thank you,
12 Chairman Lewis. Are there any questions from the
13 committee? Representative Hackney.

14 REP. HACKNEY: Thank you, Mr. Chairman,
15 and questions for Representative Lewis, if I may. I
16 understand that this particular bill splits 19
17 counties, as opposed to 14 in the Nesbitt plan. Is
18 that correct?

19 REP. LEWIS: Representative Hackney, I did
20 not -- I did not personally review the Nesbitt plan,
21 and I apologize that I can't -- I can't speak to
22 that.

23 REP. HACKNEY: And can I ask staff then to
24 verify the number of split counties in the two plans?

25 REP. DOLLAR: If staff will respond to

1 that. If you would give the staff a moment to pull
2 that number together. You can move on to another
3 question, and we'll get that information for you.

4 REP. HACKNEY: All right. And I believe
5 that the Senate plan splits 257 precincts, and the
6 Nesbitt plan splits 6. Is that correct?

7 REP. DOLLAR: Staff have that number? The
8 staff will get that number and get it back to you.
9 If you would ask another question.

10 REP. HACKNEY: And can we put that in the
11 record when staff gets the response?

12 REP. DOLLAR: We will place it in the
13 record.

14 REP. HACKNEY: And I believe you have in
15 this plan 25 county clusters, and the Nesbitt plan
16 has 28. Is that correct?

17 REP. DOLLAR: We'll be happy to make sure
18 that those statistics are placed in the record.

19 REP. LEWIS: If I could interrupt just a
20 moment, Mr. Chairman, and Representative Hackney.
21 The reason that we are slower in answering your
22 inquiries this morning, Shawn Parker, who has been
23 the staff member who has been tasked with managing
24 this stuff, was blessed last night, I think, with the
25 birth of his son, and that is the reason he is not

1 here.

2 So the staff that we have is, will get
3 that, and it will be -- all of your inquiries of this
4 nature will be addressed. But that's why we don't
5 have the responses right now.

6 REP. HACKNEY: That is indeed reason for
7 celebration and for absence.

8 And can you tell me -- can anyone on staff
9 tell me the relative increases or decreases in
10 African-American voting age population in the Voting
11 Rights districts?

12 REP. LEWIS: Representative Hackney, I
13 believe that all of that is found in what we refer to
14 as a stat pack report. I can tell you that the 9
15 Voting Rights Act districts that are found on this
16 map were drawn in compliance with federal and state
17 law.

18 REP. DOLLAR: Further question? Further
19 questions from other committee members?
20 Representative Hackney, you have a further question?

21 REP. HACKNEY: Yes. To what extent was
22 the public input from the African-American community
23 to the effect that they did not want African-American
24 percentage increases in their Voting Rights
25 districts, but simply to avoid retrogression as

1 provided in the Voting Rights Act? To what extent
2 was that input taken into account in this plan?

3 REP. LEWIS: Mr. Chairman, Representative
4 Hackney, thank you for that question. The input from
5 all members of the public is very important and was
6 reviewed and considered by the chairs.

7 It is my firm belief and stance that the
8 plan that you have before you complies with all
9 federal and state mandates and was, as you know, when
10 we drew these plans, we complied with what we saw as
11 the hierarchy of instructions and mandates from drawn
12 plans which, of course, are as outlined before the
13 one person, one vote standard, the Voting Rights Act
14 and then the Stephenson criteria and then the lesser
15 factors that are found and have been outlined before
16 in both our statements and also in the legislator's
17 redistricting guide.

18 REP. DOLLAR: Let me follow up the
19 question to Chairman Lewis. Chairman Lewis, do you
20 recall at any time that we received any substantial
21 testimony in the public hearings to the effect that
22 the African-American community would want fewer
23 African-American members of the State Senate or the
24 General Assembly as a whole?

25 REP. LEWIS: No, sir, I do not.

1 REP. DOLLAR: Thank you.

2 SPEAKER TILLIS: Representative Hackney,
3 any further questions? Or Representative
4 Butterfield, Farmer-Butterfield.

5 REP. FARMER-BUTTERFIELD: Thank you,
6 Mr. Chair. I want to ask if any of the testimony at
7 the public hearings around communities of interest in
8 the voting rights district was taken into serious
9 consideration?

10 REP. LEWIS: Representative
11 Farmer-Butterfield, thank you for that question. The
12 answer is, yes, it was all taken very seriously. It
13 was evaluated, and there's nothing that a politician
14 wants to do more than please the public, please the
15 people that they serve.

16 Sometimes, though, what is asked for is
17 outweighed by what we feel are the strict legal
18 criteria on which these maps were drawn.

19 REP. DOLLAR: Representative Lucas.

20 REP. LUCAS: Thank you, Mr. Chair. I'd
21 like to make an observation relative to the drawing
22 of the Senate maps that really parallels the concern
23 that I had that maybe we do the maps drawn in the
24 House.

25 I will call your attention specifically to

1 Senate District 19, which has had a long history of
2 minority voting age population, much less than
3 50 percent. And at last election, which was won by
4 Dr. Eric Mansfield, it was practically a landslide
5 victory. Then I see that the minority voting age
6 population has been increased beyond the 50 percent.
7 And I don't know if there's a rationale for that, but
8 I just want to point that out that that has been
9 done.

10 REP. LEWIS: Mr. Chairman.

11 REP. DOLLAR: Chairman Lewis.

12 REP. LEWIS: Just to -- just for the sake
13 of the record, I believe the gentleman was actually
14 referring to Senate -- to Senate District 21.

15 REP. LUCAS: Thank you. I stand to be
16 corrected. It was 21. Thank you.

17 REP. DOLLAR: If I -- Representative
18 Hackney, if you'd hold for just a moment. Brad
19 Krehely of the staff, I believe, has the statistics
20 ready that were requested a moment ago. So if staff
21 would like to just read in the statistics and then
22 we'll move.

23 MR. KREHELY: Sure. Thank you,
24 Mr. Chairman. With respect to whole counties, the
25 Senate plan has 82 full counties or 18 split

1 counties. The Nesbitt plan had 87 whole counties or
2 13 splits. With respect to groupings, the Senate
3 plan has 26, and the Nesbitt plan had 28.

4 REP. DOLLAR: Thank you. Representative
5 Hackney.

6 REP. HACKNEY: And do we have the
7 information about split precincts? It's my
8 information it was 257 in the Rucho Senate 2, and in
9 the Nesbitt plan, there were 6.

10 REP. DOLLAR: Mr. Krehely, if you would
11 respond to that.

12 MR. KREHELY: That's correct,
13 Mr. Chairman.

14 REP. DOLLAR: Thank you. Representative
15 Hackney.

16 REP. HACKNEY: Speak on the motion.

17 REP. DOLLAR: The gentleman is recognized.

18 REP. LEWIS: Mr. Speaker, pardon me,
19 Representative Hackney. Mr. Chair, should I offer
20 the motion?

21 REP. DOLLAR: Since the minority leader
22 seems ready to speak to the motion, it would do well,
23 probably, to have that motion before us.
24 Representative -- Chairman Lewis is recognized for a
25 motion.

1 REP. LEWIS: Thank you, Mr. Chairman. I
2 move that Senate Bill 4 -- excuse me. I move that
3 the Senate committee substitute for Senate Bill 455
4 be given favorable report.

5 REP. DOLLAR: You have heard the motion.
6 Further discussion? Further debate? Representative
7 Hackney.

8 REP. HACKNEY: Representative Lewis, every
9 time you stood up there, you made a motion, so I just
10 assumed you had already done it.

11 Members of the committee, this Senate plan
12 entitled Rucho Senate 2 has every bit of the flawed
13 situation that the House map had that we criticized
14 in this committee that we prepared a plan that was
15 most superior. The same thing has happened in the
16 Senate.

17 The -- what the Senate plan does is
18 actually ignore public input to greatly increase
19 African-American voting participation for truly
20 partisan purposes. In doing that, they create a
21 nightmare for election officials with 257 split
22 precincts.

23 In doing so, they ignore the plain
24 language of the Stephenson decision to, number one,
25 harmonize Voting Rights districts with the whole

1 county provision and; number two, split the fewest
2 number of counties and have a maximum number of whole
3 counties possible.

4 There is another Senate map which is
5 superior in all respects and which beyond that has
6 the support of the African-American members of the
7 state Senate and of the African-American leaders
8 across the state as reflected in the public hearings.

9 The -- this plan uses race as its
10 predominant mode drawing district boundaries that
11 separate blacks from whites on a block-by-block
12 basis. This is simply redistricting segregation. It
13 destroys communities of interest across the state or
14 divides them so that they are not together. It's
15 drawn to be politically noncompetitive. And as I
16 said previously, while soliciting a lot of public
17 input, the Senate committee that put this together
18 simply ignored it. I urge all members to vote
19 against the motion.

20 REP. DOLLAR: Further discussion? Further
21 debate? Chairman Lewis.

22 REP. LEWIS: Thank you, Mr. Chairman, I
23 just wish to respectfully disagree with the gentleman
24 from Orange. I move that the map that is before you
25 and the motion to approve the map was drawn to follow

1 the law. It was also drawn to create districts which
2 are fair and adequately reflect the needs of the
3 people of North Carolina.

4 REP. DOLLAR: Further discussion? Further
5 debate? Representative Jackson.

6 REP. JACKSON: Thank you, Mr. Chairman. I
7 just wanted to follow up on Speaker Hackney's points
8 in regards to communities of interest. And I know
9 everybody is tired of hearing about East Wake County,
10 but I'm going to say it again, because it truly is a
11 community of interest.

12 The Senate maps splits it in even uglier
13 ways than the House map did. Now, in addition to
14 three representatives, now Knightdale will have two
15 senators. I know some of you think that's a positive
16 thing, but I'll tell that a small town is going to
17 have to go to five different members now to get
18 something that should be a local -- a local bill
19 introduced and passed. And it's going to make it
20 much more difficult. It's not what they wanted.

21 The House and the Senate could have worked
22 together to at least unify these communities, and one
23 of their plans, in Southern Pines, to go out of their
24 way to destroy it, and from what I can tell is no
25 good reason because I demonstrated to the committee

1 that you can put the communities back together and
2 not change the partisan makeup, not even a full
3 percentage.

4 So there is no good reason. I've heard no
5 good reason. For that, I hope that when the Court
6 reviews this record, that they will look at the
7 communities of interest and understand that that is
8 important and will send this plan back. Thank you.

9 REP. DOLLAR: Further discussion? Further
10 debate? Hearing none, the motion before you is a
11 favorable report for the Senate committee substitute
12 for Senate Bill 455. All those in favor say aye.

13 (Voice vote.)

14 REP. DOLLAR: All those opposed say nay.

15 (Voice vote.)

16 REP. DOLLAR: The ayes appear to have it,
17 the ayes have it and the Senate bill will be reported
18 favorably. The Sergeant at Arms will distribute the
19 proposed congressional plan.

20 Committee will just briefly be at ease
21 while those are being passed out.

22 REP. RAPP: Mr. Chair.

23 REP. DOLLAR: Representative Rapp.

24 REP. RAPP: Thank you, Mr. Chair. I think
25 we all have the Rucho-Lewis Congress 2A in our book.

1 Is this different than --

2 REP. DOLLAR: This should be -- what is
3 being passed out should be the proposed committee
4 substitute, and we'll deal with that just in a
5 moment.

6 Representative West moves that the
7 proposed committee substitute for Senate Bill 453 be
8 before us for discussion purposes without objection.
9 The PCS is before us and that is what is being passed
10 out by the Sergeant at Arms.

11 REP. DOLLAR: Chairman Lewis, I believe
12 everyone has the PCS in their hands. Chairman Lewis
13 is recognized to explain the proposed committee
14 substitute. Thank you.

15 REP. LEWIS: Thank you, Mr. Chairman, and
16 ladies and gentlemen. Again, earlier this week, I
17 explained or went through the rationale for how the
18 maps were drawn in a prepared statement to a joint
19 committee of the House and Senate.

20 In the interest of time, I will not reread
21 that statement but would ask that you refer to it and
22 would ask that the record reflect that I did read the
23 prepared statement.

24 I would imagine that the first order of
25 business in -- in discussing Rucho-Lewis 3 would be

1 to look at ways, what are the differences between
2 Rucho-Lewis 3 and Rucho-Lewis 2A.

3 With that, I've asked staff to help me
4 through use of technology -- will show these slides
5 for the record.

6 REP. DOLLAR: And I think we can dim the
7 lights as well for this portion of it. Thank you.

8 REP. LEWIS: The first slide that we're
9 going to show shows Rucho-Lewis 3, and -- and if
10 you'll notice, this first slide shows changes that
11 were made between Districts 1 and 3. The coloration
12 that you see, the blue, green coloration represents
13 the Congressional map, Rucho-Lewis 3. And the pink
14 line that you see represents Rucho-Lewis 2A.

15 I think that you'll find the biggest
16 change here, the precinct of Snow Hill 1 was added to
17 the furthest. And there was a precinct -- there was
18 a -- excuse me, Snow Hill 1 was added to the 1st, and
19 then to balance population, there was a precinct in
20 Pitt County which was removed from the 1st. Did I
21 say that correctly?

22 I think if you'll review your staff packs,
23 you'll notice no substantial change to the partisan
24 makeup or to the -- any of the other demographic
25 groups, which are tracked by these reports.

1 Mr. Chairman, I think it might be best to
2 go ahead and go over the other change and then to
3 perhaps yield at that time.

4 REP. DOLLAR: That's how we will proceed.

5 REP. LEWIS: Ladies and gentlemen, this
6 change affects Congressional Districts 10 and 11.
7 The blue represents Congressional District 10. The
8 green represents Congressional District 11. You will
9 notice again the pink line.

10 Basically, what this is, is merely a
11 boundary change that, again, does not affect the
12 partisan makeup, nor significantly affect any of the
13 demographic makeup of the district.

14 With that, those are the only substantive
15 changes to this map and the map that you have seen.
16 I would like to place into the record that this map
17 was placed on line at the General Assembly website at
18 8:05 last night, and we have made every effort to now
19 have all the information that you need regarding
20 these two -- these two changes in the bill.

21 REP. DOLLAR: Representative Rapp.

22 REP. RAPP: Thank you, Mr. Chair. And
23 Representative Lewis, would you start with the two
24 precincts that were changed in District 1 by adding
25 Snow Hill? What was the rationale for adding one and

1 taking away from another? What changed and what
2 caused that change?

3 REP. LEWIS: Representative Rapp, the
4 change was made at the request of a current and a
5 former member of this body, and the chairs agreed
6 with the change. And so it was made on the PCS that
7 you have before you.

8 REP. RAPP: Follow up.

9 REP. DOLLAR: Follow up.

10 REP. RAPP: May I ask the reason for the
11 change?

12 REP. LEWIS: Representative Rapp,
13 respectfully, I think I just told you that.

14 REP. RAPP: Follow up.

15 REP. DOLLAR: Follow up.

16 REP. RAPP: I guess then my question would
17 be, what was the rationale for the member and former
18 member's request for the change?

19 REP. LEWIS: Representative Rapp, I really
20 am not able to speak with all certainty of that. I
21 believe it was just to keep all of the Snow Hill --
22 for all of the Snow Hill precincts in the 1st.

23 REP. RAPP: Follow up.

24 REP. DOLLAR: Follow up.

25 REP. RAPP: This is now taking west, if I

1 may, to the 10th and 11th District and noting that
2 probably one of the larger turnouts, or if not the
3 largest turnout in our public hearings was in
4 Asheville and just to discuss the proposed inclusion
5 of a good portion of Buncombe County, significantly
6 Asheville, in the 10th District making, as some
7 people noted in there, they don't feel like they're a
8 Piedmont city, they feel as if they're a mountain
9 city.

10 And after the hearings, and now with this
11 revised map, I see that even more of Buncombe County,
12 a mountain county, has been put into the 10th. What
13 I would like to know is what is the rationale behind
14 even expanding the Buncombe County's larger portion
15 of that into the 10th Congressional District?

16 REP. LEWIS: Well, Mr. Chairman,
17 Representative Rapp, thank you for that question.

18 First of all, as you know, these plans are
19 a -- are drawn at zero -- zero deviation. There are
20 no more people in the 10th in this version than there
21 were in Rucho-Lewis 2A. The exact same number of
22 people were in the 10th and 11th under this draw.

23 REP. DOLLAR: Follow-up?

24 REP. RAPP: Follow-up. In both the
25 original and the current map, I think what you heard

1 overwhelmingly and what I heard sitting in the
2 audience was a great deal of discussion about
3 community of interest in terms of the mountains
4 versus the Piedmont. And the folks in Buncombe
5 County, both Republicans and Democrats, seem to be,
6 and unaffiliated, seem to be overwhelming in their
7 opposition to being included in the 10th District.
8 How was that factored into the decision-making of the
9 current map?

10 REP. LEWIS: Thank you for that question,
11 Representative Rapp. The answer to that is that the
12 public comment was reviewed and understood by the
13 chairs, but as you so very well pointed out the last
14 time we met, there are other criteria that can be
15 considered when you draw a map. Obviously, as I've
16 stated before, the one person, one vote rule must be
17 applied. The Voting Rights Act must be applied.
18 After that, there are other factors that you can
19 consider.

20 It was the belief of the chairs that each
21 major metropolitan area would benefit in being
22 represented in Congress by more than one member of
23 the House. Asheville was treated exactly as every
24 other major metropolitan area.

25 In Rucho-Lewis 1, we were not able to

1 afford the same benefit of having more than one
2 member of Congress to the City of Wilmington. We
3 have now been able to afford them that same level of
4 representation in these subsequent maps.

5 So to repeat the rationale in this that we
6 believed it was important for the citizens of
7 Buncombe County and the residents of Asheville to
8 be -- to have two voices in the U.S. Congress, just
9 as every other major metropolitan area has.

10 REP. RAPP: Follow up?

11 REP. DOLLAR: Follow up.

12 REP. RAPP: Well, I'm glad you did address
13 the communities of interest because we have had a
14 great deal of discussion on that. And so I would ask
15 in -- as you look at Asheville, I guess you could
16 make that a general question with many of the other
17 communities as well, is how is community of interest
18 defined in crafting the 10th and 11th?

19 REP. LEWIS: Representative Rapp, thank
20 you very much for that question. As I recall, you
21 and I discussed that at some length last time this
22 committee met. And while you were able to accurately
23 point out that other states have actually codified
24 what communities of interest are, what they mean, and
25 while you didn't say it, I would assume they ranked

1 how they should be applied, no such law exists in
2 North Carolina. So not only is communities of
3 interest very low in the order of hierarchy of
4 considerations to be used, but it's not very well
5 defined.

6 And you get to -- when you're trying to
7 deal with something that's not very well defined by
8 law, then it's not something that we knew how to
9 apply uniformly. The one thing that we did apply
10 uniformly is that Buncombe County and the City of
11 Asheville now will have two members of Congress, just
12 as all the other major metropolitan areas do.

13 REP. RAPP: One follow up, please.

14 REP. DOLLAR: Follow up.

15 REP. RAPP: Thank you, Representative
16 Lewis. And, you know, you restated what you did say
17 when we talked about the House districts and, again,
18 in the Senate districts, and I really wish there
19 could be a uniform hierarchy in terms of our
20 definition of communities of interest because it is
21 clear to me that both in terms of geography, basic
22 geography, and the basic history of Buncombe County,
23 that it is clearly not defined as an extension of the
24 Piedmont communities. It is very much a mountain
25 community.

1 It is a crossroads community of Western
2 North Carolina. Its very physical location in the
3 mountains is a part of it. It is the communication
4 center for Western North Carolina. So to be lumped
5 in with our dear friends and neighbors to the -- in
6 the Piedmont is certainly questionable.

7 So I just bring that to your attention.
8 But, again, it gets back to the issue of communities
9 of interest, how we define those. And in terms of
10 Asheville, they do not fit these categories, any of
11 them.

12 REP. DOLLAR: Representative Hackney.

13 REP. HACKNEY: I'd like to speak about the
14 map. Mr. Chairman and members, there are many, many
15 problems with Rucho-Lewis 3. Of course, there are
16 only minor differences from number 2.

17 Let me detail some of them, which have
18 also been detailed in the Senate committee and on the
19 Senate floor, and we'll elaborate more on the House
20 floor, if it gets there.

21 First of all, the committee held public
22 hearings but did not listen to anything that was said
23 in the public hearings that I can tell that is of
24 great significance to the map. Certainly, did not
25 listen to the African-American communities from

1 across the state in the legislative committees. They
2 have not listened to the African-American
3 legislators. With respect to the 1st District and
4 the 12th District, there was no request to pack black
5 voters into the 1st and the 12th District and the
6 4th District as well. There was no request to do
7 that.

8 As Representative Michaux said on the --
9 about the House map the other day, same thing applies
10 to this Congressional map. It was unsolicited,
11 unneeded and unwanted. So it was done for some other
12 purpose other than following the public -- message
13 from the public hearing.

14 What you've done is pack as many
15 African-Americans as possible into majority/minority
16 districts and into the 4th District. It's my
17 understanding that something on the order of 49 or
18 50 percent of the African-Americans in the state have
19 been put into these three segregated districts. And
20 again, against the advice, against the suggestion of
21 the African-American community.

22 There is no testimony supporting your
23 50 percent rule. The testimony is against your
24 50 percent rule. And you have ignored that
25 testimony. With respect to the two African-American

1 Congressmen that we do have, they both oppose your
2 plan and have told you why and have repeatedly, on
3 the part of Congressman Butterfield, told you they
4 didn't want -- he didn't ask for Durham or Wake to be
5 included, now Durham, in this particular iteration,
6 to be in this district as opposed to areas in the
7 east. So you did not follow the suggestion or the
8 lead of the African-American members of Congress.

9 Next, you seem to have used race in
10 drawing these districts, including the 4th District
11 as Senator Blue has detailed on the Senate floor.
12 You simply picked out every black voter you could
13 find in Wake County and to pull them out to put them
14 in the 4th District to avoid putting them in the 13th
15 or the 2nd. So that we believe is -- runs afoul of
16 the decisions of the United States Supreme Court as
17 well.

18 Representative Rapp has talked about
19 communities of interest. Let me talk about the
20 4th District a little bit with respect to communities
21 of interest. It is certainly arguable that Shaw
22 against Reno applies to this particular 4th District,
23 which goes through Alamance, Orange, Durham, Wake,
24 Chatham.

25 It's my understanding that the

1 Chatham/Harnett border of the district skips a water
2 course onto an island and then skips from that island
3 back to the mainland, and that that's the point of
4 contiguity at Chatham and Harnett.

5 Durham is, under this, put into four
6 Congressional districts. The -- including the 4th, a
7 previously very compact 4th District, has been split
8 up and decimated in ways that shortchange the voters.
9 It does not make any sense other than for reasons of
10 pulling out black voters to go into Harnett or
11 Cumberland or the parts of Chatham that you have
12 selected. So it is a racially motivated choice.

13 The shape of the, Harnett County, part of
14 it, is interesting because it -- rather than going
15 down any side of the county, it isolates the center
16 of the county from the east and the western part of
17 the county. Representative Ellmers lives on the
18 eastern side, apparently, and is -- the other side,
19 has to drive across the Price district to get there.

20 In Cumberland County, which is now in
21 three Congressional districts under this provision,
22 you have isolated Fort Bragg from the rest of
23 Cumberland County. Fort Bragg is up in the 2nd
24 District near the Harnett County line and is not
25 clear to me what either Harnett or Cumberland

1 4th District voters have in common with the northern
2 Chatham, southern Orange and southern and western
3 Durham voters that you have placed in your version in
4 the 4th District.

5 Members, this is a terrible, terrible job
6 of drawing a 4th District. It could hardly be worse.
7 I have referred to it as Italy, and I'm going to --
8 as long as it's in the shape of Italy, I'm going to
9 continue to refer to it that way. You have
10 Representative Price's home is up in Milan. You have
11 Chatham County is Tuscany, I guess. And Cumberland
12 is down in the boot in Sicily, and I can't remember
13 where Harnett is in between Sicily and Tuscany. I
14 guess Rome is in Harnett somewhere.

15 This is terrible. This is simply
16 terrible. We ought not be passing a map like this.

17 REP. DOLLAR: Representative Hackney, I
18 would observe that, at least I've been told that
19 Italy is a rather beautiful country. Representative
20 Lewis.

21 REP. LEWIS: Thank you, Mr. Chairman.
22 With all due respect to the gentleman from Orange, we
23 absolutely in no way in this map have packed blacks.
24 We have continually asked for some legal citation to
25 define how blacks have been packed in these

1 districts. None have accurately been provided.

2 The 1st Congressional District is the only
3 district that was drawn with race as a consideration,
4 as is required by the Voting Rights Act.

5 The 12th remains largely unchanged except
6 for adjustments due to population, as is required by
7 law. The 12, it's my understanding, in one drawing
8 or another has largely been the same for the past 20
9 years. We chose to leave it the same in hopes of
10 expediting the preclearance of these maps.

11 As to the 4th, the 4th is indeed a
12 strong -- a strong Democratic district. I won't try
13 to address all of the points from the gentleman
14 because I'm not as eloquent a speaker as he. I would
15 only point out, once I began -- once I began taking
16 notes, that the current Congressional map, which the
17 gentleman did support regarding Chatham County, is
18 already divided into two Congressional districts.
19 One of them is the 4th and one of them is the 2nd.
20 It remains so in this drawing as well.

21 As far as Cumberland County goes, in the
22 current Congressional map, which is found on the
23 NCGOP website and also on many of the walls in this
24 building, which was named Congress Zero Deviation and
25 passed by the General Assembly in 2003 and precleared

1 by the Department of Justice, Cumberland County was
2 also divided three ways with Fort Bragg being in a
3 different district, the 2nd, and the rest of
4 the changes.

5 As to Wake and, again, I'm sorry I did not
6 take notes on all of the gentleman's comments, but
7 Wake, under the current plan, is served by three
8 members of Congress. Under the plan that we submit,
9 it will continue to be served by three members.

10 So I would just reiterate that this map is
11 drawn in compliance with all federal and state laws
12 and is a fair map, and I hope that we will approve
13 it.

14 REP. DOLLAR: Representative Moffitt is so
15 recognized to send forth an amendment. The amendment
16 has been distributed, I believe. Is that correct?

17 REP. MOFFITT: No, Mr. Chair, it has not.

18 REP. HACKNEY: Mr. Chair, can I ask a
19 question while that's being done?

20 REP. DOLLAR: Representative Hackney is
21 recognized for a question.

22 REP. HACKNEY: Representative Lewis, you
23 mentioned Chatham and Harnett and Cumberland, the
24 ways they were split in the previous map. Do you
25 happen to know in the previous map whether in Chatham

1 County, Harnett County and Lee County in the previous
2 map, the division went down the center of the county
3 so that in each case they were parts of the other
4 district in the -- all the way on the opposite side
5 of the county with a strip down the middle in the
6 plan?

7 REP. LEWIS: I do not believe,
8 Representative Hackney, that when this map was drawn
9 and approved by the General Assembly and cleared by
10 the Department of Justice that it was in the
11 configuration that was chosen to use in
12 Rucho-Lewis 3.

13 REP. HACKNEY: And second question?

14 REP. DOLLAR: One follow-up.

15 REP. HACKNEY: I wonder with respect to
16 Harnett County, whether you're on the Bay of Naples
17 side or the Adriatic side in Harnett County, do you
18 know, if you're not right on the Bay of Naples, or
19 it's very pretty as Representative Dollar has said.

20 REP. LEWIS: Representative Hackney, as a
21 former and a current legislator, I've never been able
22 to afford to travel to the country of Italy. I've
23 always wanted to go. I was proud, though, when you
24 identified it as Rome. As they say, all roads lead
25 to Rome.

1 REP. DOLLAR: Representative Moffitt is
2 recognized to present his amendment.

3 REP. MOFFITT: Thank you, Mr. Chair.
4 Members of the committee, what you have before you is
5 an amendment that will return Buncombe County back to
6 the 11th District. Does everybody have a copy of
7 that?

8 Essentially, what we've done, and I'd like
9 to commend staff's work on this. Believe me, I would
10 be a lost ball in tall weeds if it wasn't for their
11 able assistance and direction, and I really think
12 that they deserve a lot of our gratitude.

13 But in the construct of this map, it looks
14 very close to the districts that we currently run in.
15 The changes that I am offering up for consideration
16 are returning Buncombe and Polk back to the 11th in
17 exchange for Burke and Caldwell to the 10th, and we
18 are, because of the zero deviation requirements,
19 taking more of Rutherford County into the 11th.

20 For, you know, just a couple of things to
21 bring to the body's attention because all of my life,
22 I have heard that Buncombe County, and for that
23 matter, all of Western North Carolina has always
24 sought attention and recognition from the folks in
25 Raleigh. And we've often felt that the folks down

1 here thought that North Carolina went all the way to
2 77 and nothing extended past 77.

3 Well, in this particular case, I would
4 like you to think along those lines and allow us in
5 the mountains to determine what we feel is going to
6 work best for us, and I believe this amendment
7 accomplishes that. I've talked to a lot of folks in
8 our community. They are quite interested in seeing
9 this change take place. And it would be a preference
10 that, you know, in this one instance, that Buncombe
11 County and Western North Carolina be allowed to
12 remain in the 11th district.

13 REP. DOLLAR: Representative Fisher.

14 REP. FISHER: Thank you, Mr. Chairman.
15 Members of the committee, I have -- would like to
16 speak in support of this amendment. I think this is
17 one instance, if any were to ever occur, that we
18 could have some bipartisan agreement on a change that
19 should be made to these maps.

20 I'm looking at the transcript from the
21 public hearings that I attended, and to -- almost to
22 a person. And I'm not talking about just Democrats.
23 There were Democrats, Republicans, retired people,
24 young people, old people from all walks of life and
25 from all political persuasions who talked about the

1 fact that Asheville is the historic center of the
2 mountain counties. One retiree spoke of the
3 difficulty that he would have as an elderly person in
4 traveling over three counties to get to the offices
5 of his new Congressional Representative should the
6 current maps pass.

7 I think that it -- that the maps as they
8 currently look do not do justice to the communities
9 of interest in the mountain counties. I believe that
10 it presents particular hardship on older people to
11 participate in the civic activities and community of
12 their region, a region that has been historically a
13 mountain region.

14 We had one gentleman during the public
15 hearings from Hickory talk about how wrong this was
16 to remove Asheville from the place that it has been
17 historically over decades. And, you know, in spite
18 of all of the things that I disagree with about these
19 maps as they currently look, this is one area where I
20 think that we could show some bipartisan support for
21 a change that has been overwhelmingly requested by
22 the people in Western North Carolina, not just in
23 Asheville, but across all of the western part of the
24 state.

25 As Representative Moffitt said, Asheville

1 feels like sometimes the red-headed stepchild of the
2 state. We don't get the attention that we feel like
3 we deserve. They send people down here because they
4 think that they're going to have a better conduit to
5 what's going on in the General Assembly than they
6 have currently enjoyed, and I think this is one way
7 to show them that, yes, they do have a voice and,
8 actually, it does go all the way to Raleigh.

9 So I would ask for your support for this
10 amendment. Thank you.

11 REP. DOLLAR: Representative Rapp.

12 REP. RAPP: Thank you, Mr. Chair. And let
13 me salute Representative Moffitt for introducing this
14 amendment because I think it is important to know
15 he's from Buncombe County, but it is important to all
16 of us from Western North Carolina. It is how we
17 define the community that is really at the crossroads
18 of our region, the crossroads of I-26 and I-40. It
19 is the crossroads when it comes to communications.

20 Most of our -- the only daily paper that
21 we have in Western North Carolina is the Asheville
22 Citizen coming to all of us. It is a place where we
23 have a single TV station that basically serves all of
24 Western North Carolina. It is the hub of our region
25 and, therefore, it is terribly important when we

1 define, back to our word, communities of interest.
2 Communities of interest, this is central to Western
3 North Carolina.

4 The districts that I represent, the
5 proposed map and the current maps, really are
6 wraparound on the counties to Buncombe County. And
7 while we may tease sometimes about big bad Buncombe
8 and how it dominates the region, the fact of the
9 matter is, we all know in our hearts and minds, it is
10 central to our being, central hub that I've described
11 below or above in some of my comments.

12 So I would hope that we could, since this
13 is a bipartisan -- has bipartisan support, had
14 overwhelming support, as you heard from the people
15 who showed up at the public hearings, I would hope
16 that we could honor this request because this map
17 does -- one of the most important things that
18 Representative Lewis has talked about, which is
19 making sure there's zero deviation in the maps, it
20 accomplishes that as well, and it would certainly be
21 greeted warmly by Republicans, Democrats,
22 unaffiliated voters in Western North Carolina.

23 REP. DOLLAR: Chairman Lewis.

24 REP. LEWIS: Thank you, Mr. Chairman, and
25 thank you, Representative Moffitt, for sending this

1 forward. I must admit that it is difficult to oppose
2 something that you send for consideration. However,
3 I reiterate my earlier statement, which is that we
4 felt that the people of Buncombe County and the
5 people of Asheville should be treated as all the
6 other citizens who reside in major metropolitan areas
7 and have the voices of two members of Congress to
8 speak for them and to represent their interests.

9 On those grounds, I oppose Representative
10 Moffitt's amendment and request that the committee
11 vote no.

12 REP. DOLLAR: Further questions? Further
13 discussion? Further debate?

14 REP. FISHER: Mr. Chairman.

15 REP. DOLLAR: Representative Fisher.

16 REP. FISHER: I would like to call for the
17 ayes and nos on this particular vote, please.

18 REP. DOLLAR: The ayes and nos having been
19 called for, further discussion, further debate? If

23 Representative Floyd.
24 REP. FLOYD: Question for the chair,
25 please.

1 REP. DOLLAR: State your question.

2 REP. FLOYD: There was a motion called for
3 promptly, sir?

4 REP. DOLLAR: Yes, there is a motion
5 pending on the floor. Further discussion? Further
6 debate? Representative Wilkins.

7 REP. WILKINS: Thank you, Mr. Chair.
8 Going back to Lewis-Rucho Congress 3 and the remarks
9 that the Senior Chair made about the Snow Hill area.
10 Representative Lewis, I believe that you said that a
11 current member and a former member made that request.
12 Is that a current member of -- a sitting member of
13 this House?

14 REP. LEWIS: No, sir.

15 REP. WILKINS: Beg pardon?

16 REP. LEWIS: No, sir.

17 REP. WILKINS: Is that a sitting member of
18 the North Carolina Senate?

19 REP. LEWIS: Yes, sir.

20 REP. WILKINS: I'm sorry?

21 REP. LEWIS: Yes, sir.

22 REP. WILKINS: Thank you. May I continue,
23 Mr. Chair?

24 REP. DOLLAR: Follow up.

25 REP. WILKINS: Thank you. And I think you

1 also said the request came from a former member. Was
2 that a former member of this House?

3 REP. LEWIS: No, sir.

4 REP. WILKINS: Was that a former member of
5 the North Carolina Senate?

6 REP. LEWIS: Yes, sir.

7 REP. WILKINS: Thank you. May I continue,
8 Mr. Chair? May I continue?

9 REP. DOLLAR: Follow up.

10 REP. WILKINS: Thank you. I would just
11 know that Representative Darren Jackson is a sitting
12 member of this House and a sitting member of this
13 committee, and I believe he has tried on several
14 occasions to have Knightdale made whole in the House
15 map, just as Snow Hill has been made whole in this
16 Congressional map.

17 And I'm caused to wonder, and if you would
18 address it, please, Senior Chair, why Snow Hill seems
19 to be important and Knightdale not important?

20 REP. LEWIS: Thank you. Thank you for the
21 question, Representative Wilkins.

22 Let me start at the end of your question,
23 and in no way have I ever said that Knightdale was
24 not important. In no way have I said that Snow Hill
25 was more important. So if your question is why were

1 changes not made to the House map at the request of
2 Representative Jackson, I think that I on the floor
3 Monday thanked Representative Jackson for the
4 professional way that he sought the change in
5 actually submitting input for review but that I did
6 not see that the change that he had asked for
7 could -- would improve upon the map. And as such, I
8 do not support the change that he sought in the North
9 Carolina House map.

10 REP. WILKINS: Follow-up.

11 REP. DOLLAR: Follow-up?

12 REP. WILKINS: Yes, sir. So
13 Representative Lewis, can you tell me that the same
14 principles were applied by the chairs and consultants
15 as they made those decisions about Snow Hill versus
16 Knightdale?

17 REP. LEWIS: Representative Rapp, thank
18 you for the question. I don't think it is a relevant
19 comparison to compare the discussion on the North
20 Carolina House map to the comparison on the
21 Congressional map.

22 REP. WILKINS: May I please follow up?

23 REP. DOLLAR: More follow-up.

24 REP. WILKINS: I promise this will be the
25 last one.

1 REP. DOLLAR: Gentleman is recognized.

2 REP. WILKINS: Thank you, Mr. Chair.

3 Representative Lewis, I was trying to get to the
4 principles involved here. You have reiterated time
5 and again that certain principles applied across the
6 board no matter what the map was. I am going to ask
7 you one more time if the same principles were
8 applied.

9 REP. LEWIS: Yes, sir.

10 REP. DOLLAR: Representative Floyd, the --
11 in further answer of your question a moment --
12 inquiry a moment ago, the chair stands corrected. We
13 did bring the PCS properly before the body for
14 discussion, but the motion for favorable report has
15 not been put forward yet. And I would, in the
16 interest of moving forward on that, I would recognize
17 Chairman Lewis for a motion.

18 REP. LEWIS: Thank you, Mr. Chairman. I
19 move that the House proposed committee substitute for
20 Senate Bill 453 be given a favorable report
21 unfavorable to the original bill.

22 REP. DOLLAR: We have a further motion on
23 the floor. Further discussion? Further debate?
24 Representative Hackney.

25 REP. HACKNEY: I will repeat my earlier

1 statement. I urge everyone to vote no on this
2 motion.

3 REP. DOLLAR: Representative Bryant.

4 REP. BRYANT: Thank you, Mr. Chair. I had
5 my hand up previously for a question.

6 Could the co-sponsor and committees and
7 Senior Chair clarify for us where the double-bunking
8 is for the incumbents in this map, and if there are
9 open districts, which ones they are? Sometimes it's
10 hard for me to get these dots straight, given the way
11 the map -- they appear on the map.

12 REP. LEWIS: Yes, Representative Bryant,
13 with the caveat, Mr. Chairman, if I misspeak, if
14 staff could correct me, I believe that of the current
15 incumbents, the ones that are paired would include
16 Representative Price and Representative Miller. And
17 the district number is 4.

18 And the other pairing is Representative
19 Kissell and Representative McIntyre. District number
20 is 8. And to my knowledge, the only open district is
21 District 7. But, Mr. Chairman, I yield to staff if I
22 misspoke.

23 REP. DOLLAR: I believe that's correct,
24 and also just a further notation, for the member, as
25 you know, for United States Congress, as long as you

1 reside in the state in which the Congressional
2 election is being held, you can run for whichever
3 district one should so choose. Representative
4 Bryant, follow up?

5 REP. BRYANT: Follow up. Is there an
6 incumbent in 13 under Congress --

7 REP. LEWIS: Excuse me. Representative
8 Bryant. I was just advised by staff that I did
9 misspeak, and for that I apologize. There is no
10 incumbent currently in District 13.

11 REP. BRYANT: Follow up.

12 REP. DOLLAR: Follow up.

13 REP. BRYANT: I'm aware that in the
14 previous maps before the change to the 1st District,
15 there was no double-bunking, I believe, of the
16 incumbent Congresspersons. Can you explain how come
17 we double-bunked, or you made changes such that you
18 required double-bunking of the Congress, incumbent
19 Congresspersons?

20 REP. LEWIS: Representative Bryant, thank
21 you for that question. The changes that were made to
22 the 1st necessitated a shift in the map and the shift
23 in the map merely created a situation where four
24 incumbent members were put into the new -- were put
25 into two of these new districts.

1 REP. BRYANT: One more follow-up.

2 REP. DOLLAR: Follow-up.

3 REP. BRYANT: Okay. Mr. Chair, did you
4 all consider options to make the changes you needed
5 to make to meet the VRA and the one person, one vote
6 zero deviation requirements that would avoid
7 double-bunking of these incumbents?

8 REP. LEWIS: Representative Bryant, thank
9 you for that question. And actually, that gives me a
10 chance to go back to an earlier comment that was made
11 regarding the relevance of the public hearing
12 process.

13 Actually, the 1st District, as you see it
14 drawn, is a result largely of input that was received
15 at the public hearing from a speaker in Asheville.
16 And so I did want to get that on the record.

17 As to the second part of your question, I
18 don't recall that we looked at the residences of the
19 incumbents until we had drawn the map.

20 REP. BRYANT: Thank you.

21 REP. DOLLAR: Further discussion? Further
22 debate? Representative Rapp.

23 REP. RAPP: Thank you, Mr. Chair. Very
24 briefly, you've heard my concerns and expressed
25 particularly as they relate to the communities of

1 interest. But I think there is something about the
2 public hearing process that needs to be addressed
3 because I think there's some of us that went to the
4 public hearings very cheered by the idea that there
5 would be this transparency that would get us open
6 discussion. But what we've seen is these maps, and
7 particularly as we're looking now at the
8 Congressional maps really having ignored the kind of
9 public input that we've had on it.

10 Now, with due respect, my friends in
11 Asheville and particularly one person who's
12 commenting on the District 1 in the eastern part of
13 the state, that's fine, allow that one person's
14 comment. But to ignore then about 100 to 120 other
15 people who were expressing their concerns about their
16 particular region, meaning where Asheville is being
17 put in Districts 10 and 11.

18 And, again, this is just an example. To
19 ignore that overwhelming testimony and to pick out
20 one person to illustrate how you listen to folks
21 across the state I think is not appropriate.

22 But having said that, I guess as we get
23 concerned about people getting jaundiced about the
24 political process, this is in part the reason. We --
25 a number of us on this committee helped to get people

1 out, encouraged people in newsletters in different
2 ways to please show up, express your views, whatever
3 those views are. And I was particularly encouraged
4 in Western North Carolina and Asheville and out in
5 Cullowhee, in particular, that they had large
6 turnouts for these.

7 But I think what happens is, we go now and
8 say, thank you for coming out, but we didn't listen
9 to you. And I think that's, that's flawed. That's
10 wrong. And it adds to just a political jaundice
11 about the process, and I think we've made it worse.
12 And I just felt compelled to say that. Thank you.

13 REP. DOLLAR: Chairman Lewis.

14 REP. LEWIS: Thank you, Mr. Chairman. In
15 response to the gentleman's comments, let me be
16 absolutely clear that the comments from the public
17 were absolutely not ignored. They were heard or read
18 and processed. In the end, though, the -- some of
19 the accommodations that the public asked for couldn't
20 be made by law. Some were chosen not to be made in
21 an effort to be consistent in the way this map was
22 drawn.

23 To use the gentleman's example, I'll state
24 again that the county of Buncombe contains a major
25 municipal area in the state. It is a beautiful place

1 to live. And the chairs who drew this map felt that
2 it was entitled to the same courtesy they extended to
3 the other municipalities, the other large
4 municipalities in this state by affording it two
5 members of Congress.

6 REP. DOLLAR: Further discussion? Further
7 debate?

8 If not, the motion before the committee is
9 a favorable report for the House committee substitute
10 for Senate Bill 453. All those in favor say aye.

11 (Voice vote.)

12 REP. DOLLAR: Opposed say nay.

13 (Voice vote.)

14 REP. DOLLAR: The ayes appear to have it.
15 The ayes have it. And the favorable report for
16 Senate Bill -- the House committee substitute for
17 Senate Bill 453 will be reported to the floor, and
18 the Committee is adjourned.

19 (THE REDISTRICTING COMMITTEE WAS
20 ADJOURNED AT 11:26 A.M.)

14 (b) The names and boundaries of voting tabulation districts, tracts, block groups, and
15 blocks specified in this section are as shown on the 2010 Census Redistricting TIGER/Line
16 Shapefiles.

17 (c) If any voting tabulation district boundary is changed, that change shall not change
18 the boundary of a congressional district, which shall remain the same as it is depicted by the
19 2010 Census Redistricting TIGER/Line Shapefiles.

20 (d) If this section does not specifically assign any area within North Carolina to a
21 district, and the area is:

22 (1) Entirely surrounded by a single district, the area shall be deemed to have
23 been assigned to that district.

24 (2) Contiguous to two or more districts, the area shall be deemed to have been
25 assigned to that district which contains the least population according to the
6 2010 United States Census.

7 (3) Contiguous to only one district and to another state or the Atlantic Ocean,
28 the area shall be deemed to have been assigned to that district."

NORTH CAROLINA GENERAL ASSEMBLY

TRANSCRIPT OF THE PROCEEDINGS

In Raleigh, North Carolina
Sunday, July 24, 2011, 9:00 a.m.
Transcription by Brad Worley

Worley Reporting
P.O. Box 91447
Raleigh, NC 27675
919-870-8070

1 REP. LEWIS: The House will come to
2 order. Members will take their seats. Visitors
3 will retire from the chamber. The Sergeant at Arms
4 will close the door. Members and visitors will
5 please silence all cellular phones.

6 The prayer will be offered by
7 Representative Deborah Ross. Members and visitors
8 in the gallery will please stand and remain
9 standing for the pledge of allegiance.

10 REP. ROSS: Good morning, members. This
11 is now your third prayer, thanks to Mary Finlater,
12 who you've heard about, who was my constituent and
13 married to W.W. Finlater, and it comes from the
14 book of prayers that she gave to me when I was
15 elected for just these types of occasions. Let us
16 pray.

17 Oh God of the miracle of galáxies and
18 'crocuses and children and grace, that flares up in
19 us to save us from self-pity, self-seeking and
20 self-centeredness. Make us wide-eyed for beauty
21 and for our neighbors' need; wide-willed for
22 peacemaking, so that we will confront power with a
23 call for compassion; wide-hearted for love and for
24 the unloved, who are the hardest to touch and need
25 us most; so that we will be forever linked to

1 justice and joy, to pain and beauty. Amen.

2 (Whereupon, the Pledge of Allegiance was
3 recited.)

4 REP. LEWIS: Representative Cleveland is
5 recognized.

6 REP. CLEVELAND: Mr. Speaker, the journal
7 for July 21 has been examined and found to be
8 correct. I move that it be approved as written.

9 REP. LEWIS: Representative Cleveland
10 moves that the journal for July 21st be approved as
11 written. All those in favor of the motion will say
12 aye.

13 (Voice vote.)

14 All those opposed will say no. The ayes
15 have it, and the journal is approved as written.

16 The chair is pleased at this time to
17 extend the courtesy of the floor to his parents,
18 Donnie and Jean Lewis. Welcome. We are glad that
19 you are here with us this morning.

20 The receiving of petitions, memorials or
21 papers addressed to the General Assembly or to the
22 House? Reports of standing committees and
23 permanent subcommittees, Representatives Lewis,
24 Dockham and Dollar are recognized to send forth the
25 report. The clerk will read.

1 CLERK: Representatives Lewis, Dockham
2 and Dollar, for the Committee on Redistricting,
3 House Bill 937, a bill to be entitled An Act to
4 Realign North Carolina House of Representatives
5 Districts Following the Return of the 2010 Federal
6 Decennial Census, with a favorable report on the
7 committee substitute bill, unfavorable as to the
8 original bill.

9 REP. LEWIS: The committee substitute
10 bill, calendar, 36B, the original bill,
11 unfavorable, calendar.

12 Notices and announcements?

13 Representative Cleveland is recognized.

14 REP. CLEVELAND: Mr. Speaker, I move that
15 the House adjourn to reconvene on Monday, July
16 25th, at 12 noon.

17 REP. LEWIS: Representative Cleveland,
18 seconded by Representative Gill, moves that the
19 House adjourn to reconvene on Monday, July 25th, at
20 12:00 noon. Those in favor will say aye.

21 (Voice vote.)

22 REP. LEWIS: Those opposed will say no.
23 The ayes have it, and the House stands adjourned.

24 (THE SESSION WAS ADJOURNED AT 9:05 A.M.)

1 SEN. RUCHO: Members of the House and
2 Senate Redistricting Committee/Joint Redistricting
3 Committee, this meeting comes to order. Would
4 everyone please take their seats?

5 First thing I would like to do is
6 recognize the -- the folks that are helping us
7 here today. Sergeant at Arms from the House,
8 Jesse Hayes, Bill Bass, Martha Parrish, Wayne
9 Elliott, and from the Senate side, Billy Fritcher,
10 Charles Harper, Robert Young, and Steve Wilson.
11 We appreciate their help, and we also say thank
12 you to our staff who have done a yeoman's job in
13 trying to come to finding out a solution to our
14 problem and recognizing this, and we look forward
15 to having them present today.

16 Today's meeting will be mostly
17 informational. We will not have a vote, and as
18 everyone knows, 15 minutes after this meeting
19 adjourns, the respective Senate and House
20 Redistricting Committees will take up the bills
21 that have been listed earlier.

22 Before we continue further, Chairman
23 Lewis would like to say a few words.

24 Chairman Lewis?

25 REP. LEWIS: Thank you, Mr. Chairman.

1 Ladies and gentlemen of the Committee,
2 I've just been made aware, some of you may have
3 known this, but I did not, my friend from
4 Cumberland County, Representative Marvin Lucas,
5 lost his brother this morning in a traffic
6 accident. He has been a valuable and important
7 member of this Committee, and I just wanted to say
8 on behalf of the Chairs and all of the membership
9 that we certainly grieve for him and are very,
10 very sorry for his loss, and very, very sorry that
11 he is not here with us today.

12 Thank you, Mr. Chairman.

13 SEN. RUCHO: Members of the Committee,
14 before you, you have a series of maps, and when we
15 break out to the Senate and House individual
16 redistricting committees, there will also be a
17 PCS, which basically outlines the -- the Census
18 blocks that were included in the original session
19 law and also a lined under portion that will show
20 a curative solution to our problem.

21 Chairman Lewis, you all set?

22 Okay. All right. Members of the
23 Committee, we'll take up the bill, and
24 Representative Lewis will present it.

25 REP. LEWIS: Good afternoon, ladies and

1 gentlemen. Thank you for your attendance here
2 today. Our purpose today is to learn of the need
3 for curative action to be taken on the
4 redistricting bills that were passed for the U.S.
5 Congress, the North Carolina Senate, the North
6 Carolina House, and some local bills. The Chairs
7 have decided that the best way to do that is
8 through a staff illustration. And with that being
9 said, I'll withhold the rest of my remarks and ask
10 the Chair to introduce Mr. Gerry Cohen.

11 SEN. RUCHO: Thank you, Representative
12 Lewis.

13 Mr. Cohen, will you present the gist of
14 what we've got before us today?

15 MR. COHEN (STAFF): Yes, sir. Let me
16 present where we are and what the solutions are
17 and how we got here.

18 First of all, there are three units of
19 Census geography; three units of Census geography
20 used for district assignments. One, counties; and
21 this is in your handout, PowerPoint handout, and
22 it'll be up on the screen. One is counties.
23 There are obviously a hundred statewide. Second
24 is Voting Tabulation Districts, which is about the
25 same as precincts, of which there's 2,692. And

1 the third are Census blocks, of which there are
2 288,987. The two other types of Census geography
3 that we did not use in building these plans, which
4 was one of the problems: Census tracts and
5 blocked groups.

6 Your next slide will show you for
7 illustration a picture of a whole county. Then
8 under that, a picture of a precinct. That's the
9 precinct that we're in right now: Wake County
10 Precinct 01-14.

11 All precincts have four unit codes. And
12 then under that, the Census blocks, which is the
13 next under that. This is block 1006, which is the
14 Census block for the State Government Mall, where
15 we are is located.

16 Now, there are three -- there are
17 technical issues. There are three different
18 things that were used in the redistricting
19 process: maps, statistical reports, and bill
20 text. The maps and statistical reports were all
21 correct; they were exactly what was enacted and
22 explained. The bill text, however, had a problem.
23 The software used code -- software code used to
24 translate district plan definitions for Maptitude,
25 that's our software, into language for insertion

1 into a bill draft contained an error. While
2 everything in the bill, the list of geography was
3 correct, everything that's listed was assigned to
4 the correct district, the bill text was incomplete
5 and therefore some units of geography were not
6 assigned to any district.

7 This is because when a precinct -- when
8 a -- an entire Census tract was contained within a
9 precinct that was divided, the software did not
10 list it; it was simply omitted. It was supposed
11 to have listed all of the blocks. The same with a
12 whole block group, was supposed to list all of the
13 blocks but, instead, it was simply omitted.

14 What was the effect on five different
15 plans this year? Of the seven enacted local and
16 statewide redistricting plans that listed specific
17 geography, five were impacted by the technical
18 issue. One, session law to realign Wake County
19 Superior Court Districts. One, to district the
20 Greene County Board of Commissioners. One, Rucho-
21 Lewis Congress 3 in a Congressional Plan; Rucho
22 Senate 2, the Senate Plan; and Lewis-Dollar-
23 Dockham 4, which was the State House Plan.

24 I want to show some illustrations in the
25 next couple of slides. First on the Wake Superior.

1 Court District, for instance, this is the map that
2 was handed out, the statistics went along with it,
3 they were correct. If you go to the next slide,
4 you'll see a little area that was omitted from the
5 textual definition, because it was probably a
6 whole Census tract, although it could have been a
7 block group that was omitted from the description.
8 This area simply was not assigned to anything
9 because of the software coding error in the bill
10 text. Again, the maps and statistics distributed
11 were all correct.

12 The next, you'll see similar for Greene
13 County Commissioners. This is the map that was
14 handed out, statistics behind it, which are all
15 correct.

16 Then the next slide, because an entire
17 Census tract was omitted because of the mapping --
18 the software error, that area was simply not
19 assigned to any district. For the Congressional
20 Plan, Rucho-Lewis Congress 3 you'll see there, the
21 maps and statistics were handed out, all of which
22 accurately reflect the decisions made. On the
23 next page you'll see some areas that are colored,
24 and this -- and this -- on the screen they're
25 colored in a sort of crimson red. On your maps in

1 your handout, they're colored as black. These
2 were areas that were omitted from the bill text.

3 For Rucho Senate 2 you'll see a similar
4 thing. The first -- the first map has what was
5 handed out, and the second map shows in red
6 splotches the areas that were omitted from the
7 bill text. 24 of the 50 districts were affected
8 by this coding error. For the Congress plan, we
9 just discussed seven of the 13.

10 For Congress, Lewis-Dollar-Dockham,
11 you'll see the map that was handed out, and then
12 you'll see on the next in red splotches the
13 errors; 60 of the 120 districts had this problem.

14 Now, the first situation was that, as
15 discussed, these areas were omitted. The
16 redistricting statute, as it -- as it has had
17 since the 1990s, has had a rule on how to assign
18 those areas, and it assigned them to -- according
19 to one of those rules in sequence to a district.
20 The result of that, however, applying that in this
21 case, was to either have populations that did not
22 meet the required deviations, or point contiguity,
23 which the Stephenson case said was not permitted,
24 or noncontiguous errors -- areas, which are not
25 permitted for State House and State Senate, and

1 the practice has been not to include that in
2 Congressional plans. So that's the application of
3 the statute on -- it shows what I just discussed
4 there, how many different problem areas there --
5 there were.

6 When this error was discovered last week
7 or the week before last, the solution we came to
8 was to use what's called a curative legislation,
9 which the law dictionary defines as an act that
10 corrects an error in a statute's original
11 enactment, usually an error that interferes with
12 interpreting or applying the statute, which is
13 certainly the case here.

14 That's a brief overview of the problem
15 and at the direction of the Chairs, I'd be glad to
16 answer any questions.

17 SEN. RUCHO: Members of the Committee?
18 Speaker Hackney?

19 SPEAKER HACKNEY: Question for Mr.
20 Cohen.

21 SEN. RUCHO: Yes, sir.

22 SPEAKER HACKNEY: As we sit here today
23 as a result of the application of the statute,
24 which appears on the last page, on page four of
25 your handout, or the section of the statute, there

1 actually are no white spaces in the map, because
2 they have been assigned pursuant to statute to
3 some adjacent parcel?

4 MR. COHEN: That is correct.

5 SPEAKER HACKNEY: So, second question.

6 SEN. RUCHO: Follow up.

7 SPEAKER HACKNEY: So the plan as enacted
8 and as submitted, the Department of Justice
9 actually had no white spaces in it; it just wasn't
10 what the sponsors intended?

11 MR. COHEN: Well, I would answer that
12 this way. The maps and statistics, which I
13 believe what was used by the Justice Department in
14 its review, assumed that the areas were assigned
15 to the -- to -- as shown on the map and with the
16 accompanying statistics, not based on how the
17 statutory rule would have provided what to do with
18 the missing text. The text was missing -- I think
19 it was impossible for anyone to, by reading the
20 bill text, to know that anyone -- anything was
21 missing from the bill text until people began to
22 build maps from it after the fact. Yes, sir.

23 SEN. RUCHO: Follow up.

24 SPEAKER HACKNEY: But actually they were
25 assigned, and so there were no gaps; and so the

1 maps that were passed upon by the Department of
2 Justice were not the enacted maps?

3 MR. COHEN: Well, the maps that were
4 passed on by the Department of Justice were the
5 maps handed out on the floor and in Committee
6 explaining the proposal of the sponsors. The bill
7 text with the -- with the statutory rule for what
8 to do led to a -- would lead to a different result
9 in the maps.

10 SPEAKER HACKNEY: Well, Mr. Cohen, if --

11 SEN. RUCHO: Follow up.

12 SPEAKER HACKNEY: Thank you, Mr.

13 Chairman.

14 If they were, in fact, the maps were
15 accurately reflected what was enacted, we wouldn't
16 need to be here today, would we?

17 MR. COHEN: Well, if the maps accurately
18 reflected the bill text that -- as discussed,
19 the -- it did not have the correct deviation; it
20 had noncontiguous areas, et cetera, et cetera.

21 SEN. RUCHO: Yes, sir. Representative
22 Daughtry?

23 REP. DAUGHTRY: Question for
24 Representative -- Representative Cohen.

25 SEN. RUCHO: Yes, sir.

1 REP. DAUGHTRY: Mr. Cohen, the -- the --
2 the intent of the legislature was the maps that
3 were furnished to the Department of -- of the
4 Justice Department; isn't that right?

5 MR. COHEN: The maps and statistics
6 submitted to the Department of Justice were those
7 that -- I think that -- that everyone in the
8 process thought was what was being enacted, but
9 the bill text did not accurately reflect what was
10 handed out as the maps and statistics.

11 SEN. RUCHO: Follow up.

12 REP. DAUGHTRY: And one follow-up
13 question for Mr. Cohen.

14 SEN. RUCHO: Yes, sir.

15 REP. DAUGHTRY: So all we're doing here
16 today is just doing a correction to make sure that
17 the intent of the Legislature is carried out?

18 MR. COHEN: The -- the Proposed
19 Committee Substitutes, which you'll see at your
20 separate committee meetings after this, assigned
21 the unassigned blocks to match the map and
22 statistics that were presented during the
23 Legislative session of two months ago.

24 SEN. RUCHO: Senator Nesbitt?

25 SEN. NESBITT: Thank you.

1 Mr. Cohen?

2 MR. COHEN: Yes, sir.

3 SEN. NESBITT: What -- what legally
4 controls in redistricting? Is it the map or the
5 text?

6 MR. COHEN: Well, that's an interesting
7 question. The legislature -- the legislature
8 legislates by passing laws. The bill text is the
9 law. However, in this unusual case, we have maps
10 and statistics. The only time I know that there
11 have been a couple of times where the legislature
12 in the 1920s and '30s actually enacted maps of the
13 state highway system that are foldouts in the
14 session laws, which, I guess, were actually part
15 of the law. But in this case, they were simply
16 accompanying documents. They weren't actually set
17 out in -- in the enacted bill.

18 SEN. RUCHO: Follow up?

19 SEN. NESBITT: So the -- the maps and
20 the stat pack were supposed to be illustrative of
21 the bill?

22 MR. COHEN: Well, it was sort of the
23 opposite order. The bill was produced at the end
24 of the process from the map. The -- the map
25 drawer, or the drafter, would start with a map and

1 statistics, and then the bill text was generated
2 after that process finished when the sponsor of
3 the plan or the drawer was satisfied with the map
4 and statistics. The system, then, it requests
5 generated bill text, so it was actually the last
6 part of the process of -- of drafting.

7 SEN. RUCHO: Follow up.

8 SEN. NESBITT: If I could go back to
9 the -- back to the beginning.

10 MR. COHEN: Yes, sir.

11 SEN. NESBITT: Which one controls?

12 MR. COHEN: Well, as I've stated, the
13 legislature, you know, the Constitution provides
14 that the legislature enacts laws, and the -- the
15 bill is the law, but the materials handed out in
16 the Committees differed from that. What was
17 submitted to the Justice Department were the maps
18 and statistics that were explained in Committee
19 and on the floor.

20 SEN. NESBITT: If I could on another?

21 MR. COHEN: Yes, sir.

22 SEN. NESBITT: Can you tell me were
23 there are common characteristics or something
24 unique about these districts that made the
25 computer program treat them differently?

1 MR. COHEN: As I mentioned, the problem
2 occurred when a VTD, which we usually refer to as
3 a precinct, was divided, and within one of the
4 divided parts of it there was either a whole
5 census tract or a whole block group; the software
6 caused, in those cases, that all of the blocks
7 within that block group or census tract to be
8 omitted.

9 SEN. NESBITT: I -- just one followup,
10 and then I'll quit.

11 SEN. RUCHO: Follow up.

12 SEN. NESBITT: And I think that -- I
13 think you answered that to start with, so the
14 problem was caused by splitting VTDs?

15 MR. COHEN: We would not have seen the
16 problem if VTDs were -- were not divided. In the
17 Wake Superior Court District Plan, only one
18 precinct was divided, and the error occurred
19 there. It was a one out of one -- one precinct
20 was divided could result in the process, could
21 result in the error.

22 SEN. RUCHO: Okay.

23 REP. LEWIS: Mr. Chairman?

24 SEN. RUCHO: Yes, sir. Representative
25 Lewis.

1 REP. LEWIS: Thank you, Mr. Chairman.

2 For the record, the problem was created
3 and caused by a software glitch in not converting
4 the maps drawn by Maptitude into language upon the
5 bill.

6 MR. COHEN: That is correct.

7 SEN. RUCHO: Senator McKissick?

8 SEN. MCKISSICK: A couple of questions,
9 and I guess I'll ask first, Mr. Cohen.

10 MR. COHEN: Yes, sir.

11 SEN. MCKISSICK: Why would we not be
12 going underneath statutory provision that was
13 designed two decades ago to address these types of
14 problems, as opposed to doing this as some type of
15 a curative action in a technical bill?

16 MR. COHEN: Well, I -- I don't believe
17 there's any other way to correct this. The --
18 applying the statutory rule, which was designed in
19 the 1990s, because at the time the Census did not
20 put in Census blocks mini water features. They
21 simply had no Census block numbers, so it was
22 necessary to assign water features to some
23 district. That rule was sort of overwhelmed by
24 the software coding error, and resulted in, as I
25 explained, the situation where applying that rule,

1 the populations weren't within the constitutional
2 or court-ordered deviations, had point contiguity,
3 which violates the Stephenson case in State House
4 and Senate, and had noncontiguous areas applying
5 that rule, which violate the State Constitution
6 for State House and Senate and, I think, a
7 Congressional statute for the Congressional Plan.

8 SEN. MCKISSICK: Follow up?

9 SEN. RUCHO: Follow up?

10 MR. COHEN: Yes, sir.

11 SEN. MCKISSICK: But wasn't that statute
12 specifically designed for these types of
13 situations where there might have been omissions
14 that were not technically consistent with the map
15 that's drawn and, perhaps, submitted for the
16 General Assembly's consideration?

17 MR. COHEN: At the time that statute was
18 enacted in the '90s cycle, it was anticipated then
19 to deal with situations where certain areas were
20 not assigned to any block at all by the Census
21 Department, had to be assigned somewhere, and had
22 no population in them. What's happened in this
23 case is the rule has been applied to many tens of
24 thousands of blocks that were unassigned that have
25 people in them led -- led to a consequence

1 different than that remedial statute Subsection D
2 of the various three sections was designed to fix.
3 It -- it resulted in an -- it created a result, I
4 think, that was not intended when it was
5 originally enacted, because no one thought that
6 this coding error would occur. It was designed to
7 deal with a different problem.

8 SEN. MCKISSICK: Follow up?

9 SEN. RUCHO: Follow up.

10 SEN. MCKISSICK: So what you're saying,
11 that what you would see is if that law as adopted
12 and approved, which was obviously, I guess, with
13 our legislative archives and there's probably lots
14 of -- some history in terms of discussion as to
15 what was envisioned, that it just created
16 unintended consequences, and that this is a more
17 convenient way of addressing the problem?

18 MR. COHEN: Well, I don't think there's
19 any other way of addressing the problem by the
20 General Assembly other than passing a curative
21 statute. I suppose a court could correct the
22 problem, but the legislature, you know, is -- case
23 law is the legislature has the first opportunity
24 to correct the problem or -- or -- or redraw or
25 redo. That's what's being exercised here. I

1 don't think there's any other solution. Again,
2 statutory -- statutory rule was designed for the
3 purpose of assigning areas that had no population,
4 not areas that did have population.

5 SEN. MCKISSICK: Okay. Follow up?

6 SEN. RUCHO: Follow up.

7 SEN. MCKISSICK: I'm just curious,
8 because I see a lot of data here that --

9 MR. COHEN: Yes, sir.

10 SEN. MCKISSICK: -- breaks it out in
11 terms of the number of voting tabulation districts
12 that were impacted --

13 MR. COHEN: Yes.

14 SEN. MCKISSICK: -- and the number of
15 blocks that were impacted.

16 MR. COHEN: Yes.

17 SEN. MCKISSICK: But I don't see
18 anything that this aggregates it to the point of
19 being able to determine how many people were
20 impacted. Is that data available, and can it be
21 shared with us?

22 MR. COHEN: I have a sheet here showing
23 the population impacts, which -- which -- which --
24 which the -- the information system's staff has
25 provided to me, and I can read those numbers to

1 you, and I'm sure that the Chair would provide
2 that to you.

3 SEN. RUCHO: Yes, sir. That would be
4 fine.

5 MR. COHEN: In the -- in Rucho Senate 2,
6 there were a 184,794 persons unassigned. In Rucho
7 Lewis Congress 3, 23,777. And in Lewis Dollar
8 Dockham 4, 267,296 people unassigned.

9 SEN. MCKISSICK: Okay. And if that --

10 SEN. RUCHO: Follow up?

11 SEN. MCKISSICK: Yeah, follow up.

12 If you could simply circulate that data
13 perhaps in a handout to members of the Committee,
14 I think it would be helpful and insightful.

15 SEN. RUCHO: Just to clarify, you know,
16 the -- the bills that -- or the law that we
17 passed, this Committee looked at the maps and
18 statistics and the same information that we sent
19 to Justice and they made the decision for
20 preclearance approval, was pretty much clear and
21 to the point, and they were the same. All this
22 is, is a causative solution to addressing a
23 computer glitch that occurred during the transfer
24 of what we voted on and supported to what was
25 going to be session law, and this is the whole

1 purpose of this; it's nothing more than a
2 technical correction. So therefore that's the
3 real extent of it, and there's nothing more of it
4 than that.

5 SEN. MCKISSICK: One quick followup if
6 possible.

7 SEN. RUCHO: Yes, sir.

8 SEN. MCKISSICK: When was this actually
9 discovered in terms of a date that -- that all of
10 this became known, because --

11 SEN. RUCHO: (Inaudible) Just one
12 second.

13 SEN. MCKISSICK: And are we going to
14 receive information from those in IDS, that --
15 that know about what the source of this computer
16 glitch was, because --

17 SEN. RUCHO: (Inaudible) Yes, sir.

18 SEN. MCKISSICK: Is it your intent, Mr.
19 Chair --

20 SEN. RUCHO: One second, please. Let's
21 see.

22 Okay. Answer the first part, please,
23 and then John Bell from ISD will explain the
24 second part to answer your question.

25 SEN. MCKISSICK: Thank you, Mr. Chair.

1 SEN. RUCHO: Representative Lewis?

2 REP. LEWIS: Thank you, Mr. Chairman,
3 and thank you for your patience, Senator.

4 I'm having difficulty with my phone. I
5 actually recorded these dates, because I figured
6 we'd be asked about them, and I apologize to the
7 members of the Committee for the -- for the delay.

8 Mr. -- Mr. Chairman, if I may.

9 Senator, on Thursday, November the 3rd,
10 I was notified by Ms. Churchill on our staff that
11 in the process of taking the bill text for the
12 Wake Superior Court Bill and inputting it into the
13 maps, it was discovered that there were some
14 unassigned VTDs. She told me that she feared that
15 this problem for these -- failure to convert these
16 VTDs may have affected more than one of the plans
17 that was passed this year. We agreed that, of
18 course, she and the rest of the staff at ISD would
19 work as hard as they could, which they have, to
20 find out exactly what was affected and to prepare
21 some curative language to fix that.

22 The staff worked diligently the
23 following -- my apologies -- the following
24 Tuesday, November the 8th -- pardon me -- the
25 following Monday, November the 7th, we were

1 informed, we meaning the Chairs and our staff,
2 informed us that they thought they had checked and
3 rechecked and isolated and got an exact count, but
4 it would be the next day before they could
5 absolutely sign off on that.

6 So on Tuesday, November the 8th, we
7 were --

8 SEN. MCKISSICK: I don't think we're
9 there yet.

10 SEN. RUCHO: No. November the --
11 November the 1st, --

12 SEN. MCKISSICK. I think your --

13 SEN. RUCHO: -- Chairman Lewis.

14 SEN. MCKISSICK: -- calendar is off a
15 bit.

16 CHAIRMAN LEWIS: November the 1st?

17 SEN. RUCHO: November the 1st. Yeah.

18 CHAIRMAN LEWIS: On --

19 SEN RUCHO: Was that conference call.

20 REP. LEWIS: On Tuesday, the 1st, we
21 learned the full extent of the glitch. We took
22 certain actions at that time, one of which was to
23 notify the Minority Leader in the House, the
24 Minority Leader in the Senate. I was asked a few
25 inquiries by the press. I don't recall which ones

1 I spoke to. And I also know that the Attorney
2 General's Office made contact with the U.S.
3 Department of Justice to let them know of the
4 glitch as well.

5 SEN. RUCHO: Okay. Did that answer your
6 first question, or first part of your question?

7 SEN. MCKISSICK: Yes, it does. If we
8 could hear from IDS on the rest.

9 SEN. RUCHO: Okay. Mr. Bell, are you --
10 where am I seeing you?

11 MR. BELL: Yes. Right here.

12 SEN. RUCHO: Yeah. Would you --

13 Do you want to repeat your question
14 again, so that we can make sure everybody
15 understands that second part?

16 SEN. MCKISSICK: Sure. Just trying to
17 get some understanding from IDS exactly what
18 happened, so that it can be clearly understood as
19 to how we got to where we are.

20 SEN. RUCHO: Mr. Bell?

21 MR. BELL: Technically what had happened
22 was I had a section of code inside of a test that
23 should have been outside of that test, the test
24 being an if-then type of statement, technically.
25 I was testing to see if the tracts had changed or

1 the block group changed, and that should have been
2 outside of that section of code.

3 SEN. MCKISSICK: Follow up?

4 SEN. RUCHO: Senator McKissick, follow
5 up.

6 SEN. MCKISSICK: So it sounds as if it
7 was more a matter of an inappropriate inquiry
8 being made during a point in time where, I guess,
9 programming was being done that resulted in an
10 assumption being made as to assignment of tracts
11 that was in error?

12 MR. BELL: That is correct. That sounds
13 right.

14 SEN. MCKISSICK: Okay.

15 SEN. RUCHO: Senator Apodaca.

16 SEN. MCKISSICK: If I could just make
17 one comment in closing.

18 SEN. RUCHO: Yes, sir.

19 SEN. MCKISSICK: It would have been
20 excellent as Chairman of the North Carolina Black
21 Legislative Caucus, and the ones who submitted
22 plans in the Senate and likewise in the House
23 through Representative Alexander, if we could have
24 been notified when this occurred in a timely way
25 since we did have plans that might have been

1 potentially impacted, and I think, as a
2 professional courtesy, that should have been done
3 rather than having to learn about what has
4 happened either through other persons who have
5 come to us and shared the information, or through
6 the media. And I think we're talking about things
7 that do impact voting rights and things which all
8 of us are concerned about, particularly if we
9 introduce plans that might have been impacted by
10 the way in which the data was collected, the way
11 it was disseminated, the way tracts were assigned,
12 then it would have been highly appropriate to have
13 advised me and others as soon as this error was
14 determined.

15 SEN. RUCHO: In response, we are --
16 Minority Leader Senator Nesbitt was made aware of
17 this at the earliest opportunity, and should have
18 shared that with you also.

19 Senator Apodaca.

20 SEN. APODACA: Thank you, Mr. Chairman,
21 and I address this question, I guess, to the
22 Chairman or who -- whoever can answer it.

23 As -- as I recollect, we had maps
24 presented to us by the minority party when we were
25 in session, to look at -- to do away with the maps

1 we had proposed. Did they take into consideration
2 everything in their maps, or did they have the
3 same glitch in their maps when they presented them
4 to us? I was just wondering.

5 REP. LEWIS: The same glitch was there,
6 sir.

7 SEN. APODACA: Thank you.

8 SEN. RUCHO: Okay. I've got
9 Representative Hackney.

10 REP. HACKNEY: Question for Mr. Cohen.

11 MR. COHEN: Sir?

12 REP. HACKNEY: Since these folks who are
13 in the -- the unassigned areas have now been
14 assigned by virtue of the curative language, which
15 actually exists in all three plans, all three
16 plans, I assume, are unconstitutional and subject
17 to being declared so by a court; is that not
18 correct?

19 MR. COHEN: In my opinion that, based on
20 the -- the State House -- and setting aside the
21 two local matters, that the State House and State
22 Senate Plan, as mentioned, applying the rule and
23 the statute leads to deviations, point contiguity,
24 and noncontiguous areas. Some are on the
25 Congressional Plan, although there is no state

1 constitutional provision in that case. Yes.

2 REP. HACKNEY: So they're all
3 unconstitutional?

4 MR. COHEN: Until cured one way or the
5 other, yes, by a court or the Legislature, yes.

6 REP. HACKNEY: But another question.

7 SEN. RUCHO: Follow up.

8 REP. HACKNEY: Well, the legislature
9 can't declare anything unconstitutional, can it?

10 MR. COHEN: The legislature can't
11 declare things unconstitutional, but I think the
12 legislature can pass a statute curing the error.

13 REP. HACKNEY: Thank you, sir.

14 SEN. RUCHO: Representative Bryant.

15 Sorry.

16 REP. BRYANT: I was just wondering if --
17 what role does the Justice Department -- how does
18 the Justice Department failure to object or
19 interpose an objection fit into this scenario?
20 Was their failure to interpose an objection based
21 on the maps presented with the areas assigned,
22 with the maps unassigned, and then will we have
23 to -- once we cure, will we have to resubmit to
24 the Justice Department since we are altering the
25 plans submitted? I'm just -- could somebody walk

1 me through that process?

2 SEN. RUCHO: Representative Lewis.

3 REP. LEWIS: Thank you, Mr. Chairman.

4 Thank you, Representative Bryant.

5 Representative Bryant, to reiterate my
6 earlier remarks, the maps that the Justice
7 Department looked at and the statistical
8 information pertaining to each district upon that
9 map was correct and was used in their
10 determination to preclear the maps. Out of an
11 abundance of caution, it is our intent to --
12 pardon me -- we notified them of this missing
13 language in the actual bill text, and intend to
14 pass this curative language and resubmit out of an
15 abundance of caution just to make sure that they
16 have reviewed all that we have.

17 SEN. RUCHO: Senator Nesbitt.

18 SEN. NESBITT: Thank you. Thank you,
19 sir.

20 A while ago, I think you said Justice --
21 our Department of Justice corresponded with the US
22 Department of Justice on the glitch. Could we
23 have copies of that transmittal, so that we can
24 see what Justice knew when they approved these
25 maps?

1 REP. LEWIS: Senator Nesbitt, I am not
2 in a position to answer that at this time.

3 SEN. RUCHO: We will have to -- to look
4 into that. I know that the -- the Justice -- I
5 mean, the Attorney General's Office communicated
6 with them by phone, in my understanding, and
7 described to them the situation, and they said
8 that just basically follow up with the completed
9 curative version of it because, in essence, what
10 we voted on as a General Assembly and the
11 statistics and the map and what was sent to them
12 are consistent, that was what they reviewed on and
13 what -- what they are looking at is the curative
14 version, which is what we hope to pass by today,
15 and then we'll forward it back to them, so that
16 everything will just be a mirror of what they
17 approved, and that's what it is.

18 SEN. NESBITT: Just one brief followup.
19 I'm -- I'm trying to determine if U.S. Justice
20 knew about the curative statute that assigned all
21 of these blank spaces.

22 MR. COHEN: Well, the submittal would
23 have included the bill, which includes that --
24 that language in the Subsection D. Whether they
25 knew exactly what the effect of that statute was

1 to the unassigned areas, I don't know. But the
2 actual language was in the submittal, because
3 it's -- was part of the -- the enacted session
4 laws.

5 SEN. RUCHO: Follow up?

6 SEN. NESBITT: Just to follow up, but
7 obviously no one knew what the session law said.
8 It's kind of hard to expect them to pull one
9 paragraph out of there and know that it's correct.
10 I'd be interested in an answer to that question if
11 you can find out if Justice told them there was a
12 curative statute that has assigned all of these
13 unassigned areas.

14 SEN. RUCHO: They were told that there
15 was a computer glitch that had some omissions
16 of -- of the -- of the Census blocks. And -- and
17 if you look at any of the session bill that's
18 there, Senator Nesbitt, you'll see a slew of, I
19 think there's 228,000, roughly, Census blocks; and
20 you'll see the ones, when we have our meeting
21 there, that were all listed, and you subsequently
22 see a line under of the ones that are being
23 returned once the computer glitch had been
24 corrected. Justice will get a copy of this, so
25 that they'll have a complete session law in line

1 with exactly what was approved by the General
2 Assembly and approved by Justice when the Section
3 5 -- when the Section 5 submission was -- was
4 precleared.

5 And yes, I'll try to get you some
6 additional information on that.

7 Any other questions?

8 Oh. Senator McKissick.

9 SEN. MCKISSICK: Yes. And this is to
10 the IDS representative.

11 I'm just curious, as it relates to
12 Senate District 20, which I represent, which
13 Granville County was added to that proposed Senate
14 District, with the glitch that was determined as
15 it related to Senate District 20, it's my
16 understanding that at this point in time there --
17 there is no continuity between the districts;
18 they're not contiguous at all. I mean, they're
19 freestanding, separate, and independent. Is that
20 accurate information?

21 MR. BELL: I would have -- I would have
22 to examine it. I really don't know off the top of
23 my head. No, I don't.

24 SEN. MCKISSICK: If you could examine
25 that, sir, I would appreciate it. As I stated, I

1 mean, I don't like to just go to, like, secondhand
2 information; I'd rather get direct information
3 that is accurate, but I'd like to know if that is
4 indeed the case.

5 SEN. RUCHO: Please -- please repeat
6 your question again.

7 SEN. MCKISSICK: How -- let's say how --
8 let's phrase it this way. How did these
9 particular glitches impact Senate District 20?
10 And that way you can get a full and complete
11 explanation. But I understand that now Granville
12 County does not even connect Durham in that
13 district. Now, that's what I've been shared.
14 That's what's been shared with me. If that's
15 accurate, then I need to know that. If it was
16 inaccurate, then I stand to be corrected. But I'd
17 like to know how it affects -- impacts my district
18 as -- and to the extent to which there can be
19 explanation as to other districts of which members
20 might have concern, I think it would be
21 appropriate to be able to address at an
22 appropriate time.

23 SEN. RUCHO: Senator McKissick, to
24 respond at least a portion to your question, you
25 will receive a -- the PCS for this, which will

1 have District 20, which will have all of the
2 listed of the -- of the Census blocks that were
3 included in the original plus the underlined of
4 the ones that were -- will -- that have been
5 placed back in to make sure that it conforms to
6 what we all understood and what we voted for, the
7 General Assembly, and also what was approved --
8 reviewed and approved by the Justice Department.
9 So you'll be able to see that 15 minutes after we
10 adjourn.

11 SEN. MCKISSICK: And I guess my concern,
12 Mr. Chair, is this. Right now that consists of a
13 series of numbers and blocks which, for all
14 practical purposes, unless you do have a memory
15 that is absolutely exact and -- and knows and
16 recognizes all of the Census blocks of North
17 Carolina, for all practical purposes, it's a
18 meaningless compilation of numbers, which I think
19 we have seen as a result of where we are today.

20 SEN. RUCHO: You will see the map that
21 we approved, and what the Census blocks will
22 reflect is -- is that map, and that's what we
23 voted on and that's what we approved, and approved
24 by Justice, and you'll have that opportunity to
25 view that. And if you want, we'll find some time

1 to sit and we'll review number 20 with you at your
2 leisure.

3 SEN. MCKISSICK: Thank you, sir.

4 SEN. RUCHO: Additional questions,
5 ladies and gentlemen?

6 Seeing none. Okay.

7 Well, just as a reminder, we will be
8 beginning -- I think, David, you're going to be in
9 this room here, House, at two o'clock; and it'll
10 be two o'clock in 544, the Senate.

11 Thank you very much, and this meeting,
12 joint meeting, is adjourned.

STATE OF NORTH CAROLINA
COUNTY OF PITT

CERTIFICATE

I, Patricia B. Kinlaw, Court Reporter, and Notary Public for the State of North Carolina, do hereby affirm that the foregoing pages are a verbatim transcription of the above-captioned matter and that it has been transcribed, under my direct supervision, to the best of my ability and understanding; I further affirm that I am not related to any of the parties to this action; that I am not interested in the outcome of this case; that I am not of counsel nor in the employ of any of the parties to this action.

IN WITNESS WHEREOF, I have hereto set my hand,
this the 15th day of November, 2011.

Patricia B. Kinlaw

NORTH CAROLINA GENERAL ASSEMBLY
HOUSE COMMITTEE ON REDISTRICTING

TRANSCRIPT OF THE PROCEEDINGS, SESSION ONE

In Raleigh, North Carolina
Monday, November 7, 2011, 2:02 p.m.
Reported by Patricia Kinlaw

Worley Reporting
P.O. Box 91447
Raleigh, NC 27675

1 REP. DOLLAR: The Committee will come to
2 order. Members will take their seats. We would
3 like all of the conversations in the back of the
4 room, if you want to continue a conversation,
5 please do so outside.

6 It's a meeting of the House Committee on
7 Redistricting. Our Sergeant at Arms helping us
8 out today are Jesse Hayes, Bill Bass, Martha
9 Parrish, and Wayne Elliott. We appreciate their
10 service.

11 If members would proceed to take their
12 seats and all other conversations cease at this
13 time.

14 The first bill before the Committee --
15 let me also introduce our Court Reporter, is
16 Patricia Kinlaw, who is with us.

17 I call on Chairman Lewis to bring before
18 the Committee House Bill 569.

19 REP. LEWIS: Thank you, Mr. Chairman.
20 May I be recognized for a motion?

21 REP. DOLLAR: You're recognized for the
22 motion.

23 REP. LEWIS: Thank you, Mr. Chairman.

24 I move that the Proposed Committee
25 Substitute for House Bill 5 -- 569 be properly

1 before the Committee.

2 REP. DOLLAR: Without objection, it's
3 before the Committee. Chairman, the copies are
4 being passed out by the Sergeant at Arms, and
5 Chairman Lewis is recognized to explain the bill.

6 REP. LEWIS: Thank you, Mr. Chairman.
7 With your permission, I'll hold until
8 Representative Rapp has got the bill.

9 UNIDENTIFIED MALE: Mr. Chair, thank you
10 for that, and all of the members now have -- in
11 our row, anyway, have copies. Thank you.

12 REP. LEWIS: Mr. Chairman?

13 REP. DOLLAR: Representative Lewis.

14 REP. LEWIS: Thank you, Mr. Chairman.

15 Ladies and gentlemen, what you have
16 before you, the Proposed Committee Substitute for
17 House Bill 569, has to do with curative language
18 for a redistricting bill passed dealing with the
19 Greene County Commissioner Districts. If you will
20 look on the map, we'll start with the map first,
21 if you will look, the top part of the map shows in
22 less detail the area affected by this curative
23 change. The bottom section of the map you'll see
24 shows areas that have small Census grid numbers in
25 them.

1 I'd also like to point out to members of
2 the Committee that if you will look on page 2
3 beginning with line 45, you will see underlined
4 text. This text are the VTDs that were not
5 properly transmitted into the language of this
6 bill when this bill was enacted.

7 Mr. Chair, I don't believe
8 Representative Jackson has this bill. I'd like --

9 REP. STAM: Mr. Chair, are we -- are we
10 on the Wake County Bill or the --

11 REP. DOLLAR: We are on the -- we're on
12 the bill, we're on 5 --

13 REP. LEWIS: 69.

14 REP. DOLLAR: 569, which is Greene
15 County Bill, which you -- you should have or the
16 Sergeant at Arms can get you.

17 REP. LEWIS: Mr. Chairman and ladies and
18 gentlemen, I'll be as brief as I can. I just want
19 to reiterate the purpose of making this cure.

20 When the voting maps are made, they --
21 the map makers will take these Census blocks or
22 these -- these VTDs and plug them into a program,
23 and that program will generate a map. What this
24 does is put into the bill the curative language,
25 so that the map that has passed the General

1 Assembly and is session law will be cured and
2 complete. There are no other changes in this
3 bill.

4 Mr. Chairman, may I be recognized for a
5 motion?

6 REP. DOLLAR: You are recognized for a
7 motion.

8 REP. LEWIS: Mr. Chairman, I move that
9 the Proposed Committee Substitute for House Bill
10 569 be given a favorable report.

11 REP. DOLLAR: You've heard the motion.
12 Discussion and debate?

13 Representative Hackney.

14 REP. HACKNEY: Question for
15 Representative Lewis.

16 REP. LEWIS: I yield, Mr. Chairman.

17 REP. HACKNEY: I take it that unlike the
18 House and Senate plan, the Greene County plan did
19 not have curative language within the law?

20 REP. LEWIS: Mr. Chairman, may I direct
21 that to Ms. Churchill to respond? I apologize.

22 REP. DOLLAR: Ms. Churchill is
23 recognized to respond.

24 MS. CHURCHILL (STAFF): Thank you, Mr.
25 Chair.

1 Representative Hackney, the underlined
2 session law did not have the language about where
3 to assign unassigned areas.

4 REP. HACKNEY: So -- second question.

5 REP. DOLLAR: Follow up.

6 REP. HACKNEY: So unlike the House and
7 Senate plans, these areas were not automatically
8 assigned to someplace?

9 MS. CHURCHILL: Correct.

10 REP. HACKNEY: Thank you.

11 REP. DOLLAR: Representative Bryant.

12 REP. BRYANT: I have also a similar
13 question to the one I had previously. I'm just
14 not being from Greene County not familiar with
15 their process, where was this in the process? I'm
16 assuming they're a covered county is my hunch.
17 Where are they in the process of Justice
18 Department review or whatever other process would
19 be happening in a local redistricting situation
20 like this?

21 REP. DOLLAR: I refer that to staff.

22 MS. CHURCHILL: Thank you, Mr. Chair.

23 Representative Bryant, Greene County is
24 a Section 5 covered county. It would be the
25 responsibility of the Greene County Board of

1 Commissioners through their county attorney to
2 preclear this, and I am unaware of where it is in
3 that actual process.

4 REP. DOLLAR: Further questions, debate
5 from the Committee?

6 REP. BRYANT: Follow up?

7 REP. DOLLAR: Representative Bryant.

8 REP. BRYANT: If it's possible, Ms.
9 Churchill -- Mr. Chair, could we ask Ms. Churchill
10 to just confirm or get whatever the latest
11 information is about where they are in their
12 review process?

13 REP. DOLLAR: We'll try to find that
14 out.

15 REP. BRYANT: Thank you.

16 REP. DOLLAR: Further questions or
17 debate?

18 The motion before the Committee is a
19 favorable report to the Proposed Committee
20 Substitute for House Bill 569 unfavorable as to
21 the original bill. All of those in favor say aye?

22 (Voice vote.)

23 Opposed say nay.

24 (Voice vote.)

25 It appears the ayes have it. The ayes

1 have it and the PCS is agreed to.

2 The second bill on our list is House
3 Bill 679.

4 REP. LEWIS: Mr. Chairman?

5 REP. DOLLAR: And Chairman Lewis is
6 recognized.

7 REP. LEWIS: Thank you, Mr. Chairman. I
8 move that the Proposed Committee Substitute for
9 House Bill 679 be properly before the Committee.

10 REP. DOLLAR: Without objection, it's
11 properly before the Committee, and proceed.

12 REP. LEWIS: Thank you, Mr. Chairman.

13 Ladies and gentlemen, this is nearly
14 identical to the last bill that we passed. You
15 have been given a sheet of the actual bill text.
16 Starting on page 1 with line 15, the underlined
17 text are the VTDs that were omitted when the
18 original bill text was ran through, as we have
19 explained to you before. If you would like to see
20 an illustrated example, if you'll look at the map,
21 the top part of the map, the square or the
22 rectangle area, is magnified below on the bottom
23 third of the map, those Census blocks or VTDs that
24 you see spelled out there were inadvertently left
25 out of the text of the bill, and the reason for

1 that has been explained during the joint -- the
2 joint House and Senate meeting.

3 Mr. Chairman, I'd like to be recognized
4 for a motion.

5 REP. DOLLAR: The gentleman is
6 recognized for a motion.

7 REP. LEWIS: Thank you, Mr. Chairman.

8 I move that the Proposed Committee
9 Substitute for House Bill 679 be given a favorable
10 report.

11 REP. DOLLAR: You've heard the motion.
12 Discussion and debate?

13 Representative Hackney.

14 REP. HACKNEY: Same question as on the
15 previous plan. I assume that there was no
16 curative statute assigning these areas to
17 someplace as there was in the House and Senate
18 plans?

19 REP. DOLLAR: Staff like to respond to
20 that?

21 MS. CHURCHILL: Representative Hackney,
22 you are correct. There was no language that
23 directed how to assign unassigned areas in this
24 statute.

25 REP. HACKNEY: So --

1 REP. DOLLAR: Follow up.

2 REP. HACKNEY: Follow up.

3 So, unlike that one, this is not an
4 established plan.

5 REP. DOLLAR: Further discussion and
6 debate?

7 Representative Stam.

8 REP. STAM: I think I recognize that
9 this precinct is in a majority-minority district,
10 so I observe that a no vote on this one is telling
11 those people that they shouldn't get to vote.

12 REP. DOLLAR: Representative Hackney.

13 REP. HACKNEY: Well, I was hoping we
14 wouldn't get into this. The fact of the matter is
15 that this whole problem was caused by the
16 excessive splitting of precincts for improper
17 purposes, which will be tested as we go further
18 into the Courts. So my no vote is going to be a
19 protest against the excessive overuse of the
20 splitting of precincts, which we think is
21 unconstitutional as applied to the House and
22 Senate Plans, but certainly, even if it's not,
23 it's going to cause great confusion to the voters
24 in many, many areas of this state, and it could
25 have been, and should have been, avoided.

1 REP. LEWIS: Mr. Chairman, may I speak
2 on the bill? Or actually speak on the motion.

3 REP. DOLLAR: Chairman Lewis.

4 REP. LEWIS: Thank you, Mr. Chairman.

5 Ladies and gentlemen, this problem was
6 caused by a glitch in the computer software, which
7 has been explained.

8 REP. DOLLAR: Right. One technical note
9 on this. I think in this -- in this particular
10 instance, in Wake County, there was only one
11 precinct that was split.

12 Representative Hackney.

13 REP. HACKNEY: The problem, members of
14 the Committee, was caused and would not -- was
15 caused by the splitting of precincts, would not
16 have occurred but for the splitting of precincts,
17 and is entirely the fault of the people who caused
18 the splitting of the precincts to take place, not
19 of our very capable staff.

20 REP. LEWIS: Mr. Chairman?

21 REP. DOLLAR: Chairman Lewis.

22 REP. LEWIS: It has been explained to
23 the members of this Committee that a computer
24 error caused this glitch and the failure to
25 produce the text upon this paper. The original

1 vote on this plan was a 103 to 7. I respectfully
2 ask for your vote aye on this motion.

3 REP. DOLLAR: Further discussion,
4 further debate from the Committee? If not, the
5 question before the Committee is a favorable
6 report for the Proposed Committee Substitute for
7 House Bill 679 unfavorable as to the original
8 bill. All of those in favor say aye.

9 (Voice vote)

10 All those opposed say nay.

11 (Voice vote)

12 The ayes appear to have it. The ayes
13 have it, and the bill is agreed to.

14 The next bill on our calendar is House
15 Bill 777. Chairman Lewis is recognized for a
16 motion.

17 REP. LEWIS: Mr. Chairman, I move that
18 the Proposed Committee Substitute for House Bill
19 777 be before the Committee.

20 REP. DOLLAR: Without objection, the
21 bill is properly before the Committee. Chairman
22 Lewis is recognized to explain the Proposed
23 Committee Substitute.

24 REP. LEWIS: Thank you, Mr. Chairman. I
25 will be happy to go into as much detail as the

1 Committee would like to listen to. I feel that
2 the staff has done a good job of explaining the
3 coding error that has necessitated this curative
4 language to -- that is -- that is before you
5 today. You are looking at your maps that were
6 passed out during the joint meeting. We did pass
7 out a map that illustrates the unassigned areas.
8 Those areas are in red.

9 And, Mr. Chairman, I'll be glad to go
10 page by page and line by line, but I would just
11 encourage the members in the interest of time and
12 to allow any questions and discussion, to please
13 look through the bill. The curative language that
14 is being added to this bill to clearly reflect the
15 intent of the Legislature is illustrated on page 3
16 beginning with line 21 and running through line
17 25. It can further be found on page 4 beginning
18 on line 22 and going down through line 34, and
19 there are numerous other examples throughout the
20 bill.

21 REP. DOLLAR: Chairman Lewis, would you
22 like to be recognized for a motion at this time?

23 REP. LEWIS: Thank you, Mr. Chairman. I
24 would. I move that the Proposed Committee
25 Substitute for House Bill 777 be given a favorable

1 report.

2 REP. DOLLAR: The motion is on the
3 table. Further discussion, further debate?

4 Representative Hackney.

5 REP. HACKNEY: Question for staff.

6 If -- if there are further unassigned areas in the
7 text of this bill, does the assignment mechanism
8 that was contained in the previous bill continue
9 to apply?

10 MS. CHURCHILL: Representative Hackney,
11 if you will go to page 199, the mechanism that has
12 resulted in the issue is being struck through on
13 page 198, line 44, through page 199, line 2.
14 Starting on line 3 of page 199, new language is
15 being added to say that the Legislative Services
16 Officer will certify a true copy of the block
17 assignment file, which is the file, as I
18 understand it, within each map that assigns every
19 census block in the geographic -- the geography
20 assigning software. A true copy will be certified
21 and filed with the principal clerk, and if there
22 are any unassigned areas, that block assignment
23 file will control.

24 REP. DOLLAR: Follow up?

25 REP. HACKNEY: Well, just to comment,

1 Mr. Chairman and members, the -- this action that
2 the majority is taking today is very likely
3 unconstitutional in and of itself in that the
4 House and Senate maps both are completed, they're
5 done. There were no unassigned areas. There were
6 unassigned areas in the maps, but not in the law,
7 because the law assigned them someplace. The only
8 way you can change it is to wait 10 years or to
9 get a court to declare it unconstitutional. So
10 the action that you're taking today to "cure the
11 problem" probably does not work.

12 In any event, this represents another
13 step in furtherance of the terribly illegal maps
14 that are now already predictably given the way
15 you've proceeded in Court, and I urge members to
16 vote against it.

17 REP. DOLLAR: Representative Floyd.

18 REP. FLOYD: Thank you, Mr. Chair.

19 I just have a question. When I look --
20 when I look at the map and you're using red, I'm
21 somewhat confused, because I don't know which is
22 in and which is out; so if it's possible that the
23 staff, or also as she mentioned on page 1 -- 198,
24 line 41, if I could get some assistance there.

25 She's -- she's -- she nodded her head,

1 so thanks.

2 REP. DOLLAR: Further questions?

3 Further discussion and debate? If not, the
4 question before the Committee is the favorable
5 report to the -- to the Proposed Committee
6 Substitute for House Bill 777 unfavorable as to --
7 to the original bill. All of those in favor will
8 say aye.

9 (Voice vote)

10 All those opposed will say nay.

11 (Voice vote)

12 The ayes appear to have it. The ayes
13 have it. The bill is agreed to, and the Committee
14 is adjourned.

1 REP. DOLLAR: The committee will come to
2 order. If members will take their seats, we'll
3 get underway. If the members will take their
4 seats, and the Chair recognizes Chairman Lewis.

5 REP. LEWIS: Thank you, Mr. Chairman. I
6 move that the Senate Proposed Committee Substitute
7 for Senate Bill 283 be before us for -- be -- be
8 properly before the Committee.

9 REP. DOLLAR: Without objection, the PCS
10 is before us for discussion, and Chairman Lewis is
11 recognized.

12 REP. LEWIS: Thank you.

13 Ladies and gentlemen, first of all,
14 thank you for your endurance today, and thank you
15 for your endurance throughout this entire process.
16 I am more than happy to repeat, at your --

17 REP. DOLLAR: Okay.

18 REP. LEWIS: -- pleasure, the remarks
19 that I've made in the past. Most of that will be
20 dependent upon if Representative Hackney intends
21 to repeat most of the remarks he's made in the
22 past.

23 With that said, this bill is, again,
24 curative language for the Senate -- for the North
25 Carolina Senate Redistricting Plan that we passed.

1 Identical in form to the House bill, the printed
2 text that you have, that inserts omitted VTDs,
3 appear throughout the bill. The first example is
4 found on page 2, beginning on line 47, can be
5 found throughout the bill.

6 I wish to reiterate from the Committee,
7 or to the Committee, that the maps that this
8 Committee has seen remain unchanged, that the
9 stats, the demographics, populations that were in
10 the districts represented on those maps remain
11 unchanged. Again, this is curative language to
12 fix an error in transposing the drawn maps into
13 the written word.

14 I would ask for your support, and after
15 discussion, Mr. Chairman, I'd like to be
16 recognized for a motion.

17 REP. DOLLAR: Any discussion?

18 Representative Hackney.

19 REP. HACKNEY: Mr. Chairman and members,
20 I urge a different course. I urge that we defeat
21 this bill and proceed in accordance with the
22 suggestions made by members of the minority party
23 on the House floor. Thank you.

24 REP. DOLLAR: Further discussion or
25 debate? If not, Chairman Lewis is recognized for

1 a motion.

2 REP. LEWIS: Thank you, Mr. Chairman.

3 I move that this Committee do give the
4 Senate Proposed Committee Substitute for Senate
5 Bill 283 a favorable report.

6 REP. DOLLAR: You have heard the motion
7 on the floor. All of those in favor of the motion
8 say aye.

9 (Voice vote)

10 Opposed no.

11 (Voice vote)

12 The ayes appear to have it. The ayes
13 have it, and the motion is agreed to.

14 The second item on our agenda is the
15 proposed -- Senate Proposed Committee Substitute
16 for Senate Bill 689, and Chairman Lewis is
17 recognized to discuss the bill.

18 REP. LEWIS: Ladies and gentlemen, this
19 bill is a curative bill that relates back to the
20 Congressional plans that were passed by this
21 Assembly in July. I will be glad to go through
22 the changes in this bill if the Committee so
23 desires. Again, the Committee can refer to the
24 text of the bill and look for the underlined
25 language. This language inserts into the bill the

1 VTDs that were thought to have been there all
2 along, that were included in the maps that were
3 drawn and were included in the statistics that all
4 of us have reviewed.

5 And with that, Mr. Chair, I'd like to
6 offer a motion.

7 REP. DOLLAR: Gentleman is recognized
8 for a motion.

9 REP. LEWIS: Thank you, Mr. Chairman.
10 I move that the Senate Proposed
11 Committee Substitute for Senate Bill 689 be given
12 a favorable report.

13 REP. DOLLAR: The motion is on the
14 floor. Discussion and debate?

15 Seeing no hands, we'll move to a vote.
16 The motion before us is a favorable report for the
17 Senate Proposed Committee Substitute for Senate
18 Bill 689. All of those in favor will say aye.

19 (Voice vote)

20 All opposed say no.

21 (Voice vote)

22 The ayes appear to have it. The ayes
23 have it, and the motion is agreed to, and the
24 Committee is adjourned.

Minutes House Redistricting Committee June 6, 2012

Rep. David Lewis called the Redistricting Meeting to order.
The Chair recognized and introduced the Pages and Sgt. at Arms staff.

Ladies and Gentlemen,

The matter before the Committee today is Senate Bill 799. It has been passed out and is before you. The Chair is going to recognize Rep. Faircloth and Rep. Blust in just a moment to speak on the bill.

Please if you will understand when Rep. Faircloth comes before you that we are basically codifying a consent agreement that was sent down from the courts. The Chair did extend and invited all six members from Guilford County if they would like to address us on this issue. The Chair would like to say that all six members said they support the text of the bill. Some may express some other concerns to you, but when I present it as a consent bill, I want it to be clear that I have gone through these steps.

Senate Bill 799 is now before us.

Rep. Faircloth:

This is a relatively simple bill. To give you some background. In 1991 the Guilford County Board of Commissioners became a membership of eleven members at that time and has been eleven members ever since.

Last year a bill was passed here which would cut this number down to nine. It went from nine members elected by District and two members at-large to eight members elected by District and one member at-large. The bill that was passed was taken to court by concerned parties. The Federal Court reviewed the bill and made a finding on it. Basically that the math was acceptable and the Districts were acceptable but there was a problem with the way the assignments were made of the commissioners who would serve in those Districts. The bill before you basically codifies what the courts ordered in the case and brings us in line with that.

In Section 3.(d): In 2012 and every four years thereafter Districts 4, 5 it originally said 7 and 8 would be elected to four- year terms. This bill changes it to Districts 4, 5, 6 & 8. This will take effect in 2012 and is in process at this time. The primaries have already taken place.

In 2014 and thereafter Districts 1,2,3, and originally 6, but now 7, will be elected for four- year terms and the at-large member will be elected for a four- year term. This bill changes these districts around. The biggest problem was District 6 which ended up having no representation for a two- year period. So this corrects that.

Section 3.(d): The member elected from District 9 in 2010 for a four- year term is assigned to and represents District 7. They are doing this to adjust the membership so that it coincides with the new Districts. The members elected to Districts 1,2, and 3 in 2010 for a four-year term are assigned to and represent 1, 2 and 3 respectively. The member elected from District 6 in 2010 for a four-year term is assigned to be the at-large member, the single at-large member. The other process also left out the election for the at-large member this year. That takes care of that defect. Thereafter any vacancy will be filled according to law.

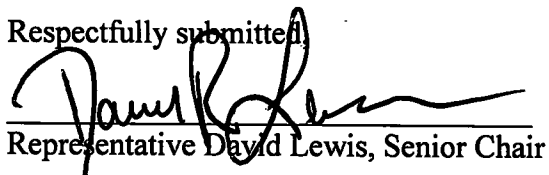

This is basically what the bill entails. It is a bipartisan bill. It has support from both sides. Also has support from the stake holders. I ask your approval.

Rep. Lewis: Thank you, Rep. Faircloth. If there is a technical correction to the bill the chair would like to recognize anyone who would like to ask it now and direct it to staff. The Chair spoke with and invited all members of the Guilford Delegation to be here. The Chair would like to offer the chance to speak to Representative Blust and/or Representative Jeffers even though they are not members of this Committee. Would you like to say anything Rep. Blust? Just a minute, Rep. Blust.

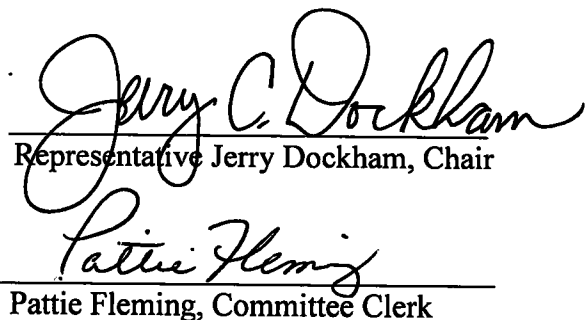

Rep. Elmer Floyd is recognized and he moves that Senate Bill 799 be given a favorable report. Is there further discussion or debate? Further discussion or debate? Seeing none, those in favor of the motion to give Senate Bill 799 a favorable report signify by saying Aye and those oppose will signify by saying No. The Ayes have it.

The meeting is adjourned.

Respectfully submitted,

Representative David Lewis, Senior Chair

Representative Nelson Dollar, Chair

Representative Jerry Dockham, Chair

Pattie Fleming, Committee Clerk

SENATE BILL 799: Repair Guilford Local Act

2011-2012 General Assembly

Committee: House Redistricting
Introduced by: Sen. Rucho
Analysis of: Second Edition

Date: May 22, 2012
Prepared by: Kelly Quick
Research Assistant

SUMMARY: *S799 revises the election schedule for the different districts and clarifies the representation of certain members of the Guilford County Board of Commissioners.*

CURRENT LAW: Session Law 2011-407 reduced the number of commissioners on the Guilford County Board of Commissioners from 11 to 9, effective December 3, 2012, and provided that 8 commissioners be elected in single-member districts and 1 commissioner be elected at-large. The act also specified the staggered-term 4-year election schedule for the different districts and for the at-large district.

BILL ANALYSIS: This bill codifies a consent order agreement reached based on a complaint filed by the Greensboro NAACP related to the election schedule and representation for certain districts. The bill revises the election schedule for the different districts and clarifies the representation of certain members of the Guilford County Board of Commissioners.

EFFECTIVE DATE: This act is effective when it becomes law.

1 A BILL TO BE ENTITLED
2 AN ACT TO REMEDY INFIRMITIES FOUND BY A FEDERAL COURT IN A LOCAL
3 ACT RELATING TO ELECTION OF THE BOARD OF COMMISSIONERS OF
4 GUILFORD COUNTY.
5 The General Assembly of North Carolina enacts:
6 **SECTION 1.** Section 3 of S.L. 2011-407 reads as rewritten:
7 **"SECTION 3.(a)** Chapter 136, Session Laws of 1991, as reenacted by Section 1 of
8 Chapter 521, Session Laws of 1993, is repealed.
9 **"SECTION 3.(b)** Chapter 172, Session Laws of 2011, is repealed.
10 **"SECTION 3.(c)** Effective on the first Monday of December 2012, the Board of
11 Commissioners of Guilford County shall consist of nine members. The members shall be
12 elected on a partisan basis at the time of the regular county primary and general elections. One
13 member shall be elected from each of eight single-member districts established under
14 subsection (f) of this section. One member shall be elected at large from within the entirety of
15 Guilford County.
16 **"SECTION 3.(d)** In 2012 and quadrennially thereafter, members for Districts 4, 5, ~~7, 6,~~
17 and 8 shall be elected for four-year terms. In 2014 and quadrennially thereafter, members for
18 Districts 1, 2, 3, and ~~6 7~~ shall be elected for four-year terms, and the at-large member shall be
19 elected for ~~four-year terms-a four-year term.~~
20 **"SECTION 3.(d1)** The member elected from District 9 in 2010 for a four-year term is
21 assigned to and represents District 7 as that district is defined in subsection (f) of this section
22 from the first Monday in December of 2012 through the end of her term. The members elected
23 from District 1, 2, and 3 in 2010 for a four-year term are assigned to and represent through the
24 end of their terms Districts 1, 2, and 3 respectively, as those districts are defined in subsection
25 (f) of this section. The member elected from District 6 in 2010 for a four-year term is assigned
26 to be the at-large member from the first Monday in December of 2012 through the end of her
27 term.
28 **"SECTION 3.(d2)** Any vacancies in Districts 1, 2, 3, and 7 from the first Monday in
29 December of 2012 through the end of the term shall be filled in accordance with
30 G.S. 153A-27.1 by a resident of the district as defined in subsection (f) of this section.
