The Department shall submit the State Plan, as revised in accordance with subsection (b) of this section, to the United States Department of Health and Human Services, as amended by this act or any other act of the 2011 General Assembly.

SECTION 10.55.(b) The counties approved as Electing Counties in the North Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012, as approved by this section are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.

SECTION 10.55.(c) Counties that submitted the letter of intent to remain as an Electing County or to be redesignated as an Electing County and the accompanying county plan for fiscal year 2011 through 2012, pursuant to G.S. 108A-27(e), shall operate under the Electing County budget requirements effective July 1, 2009. For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2012.

SECTION 10.55.(d) For the 2011-2012 fiscal year, Electing Counties shall be held harmless to their Work First Family Assistance allocations for the 2010-2011 fiscal year, provided that remaining funds allocated for Work First Family Assistance and Work First Diversion Assistance are sufficient for payments made by the Department on behalf of Standard Counties pursuant to G.S. 108A-27.11(b).

SECTION 10.55.(e) In the event that departmental projections of Work First Family Assistance and Work First Diversion Assistance for the 2011-2012 fiscal year indicate that remaining funds are insufficient for Work First Family Assistance and Work First Diversion Assistance payments to be made on behalf of Standard Counties, the Department is authorized to deallocate funds, of those allocated to Electing Counties for Work First Family Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by the Office of State Budget and Management. If the Department adjusts the allocation set forth in subsection (d) of this section, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations

Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

PAYMENTS FOR LIEAP/CIP

SECTION 10.56.(a) Part 1 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"**§ 108A-25.4. Use of payments under the Low-Income Energy Assistance Program and Crisis Intervention Program.**

(a) The Low-Income Energy Assistance Program Plan developed by the Department of Health and Human Services (Department) and submitted to the U.S. Department of Health and Human Services shall focus the annual energy assistance payments on the elderly population age 60 and above with income up to one hundred thirty percent (130%) of the federal poverty level and disabled persons receiving services through the Division of Aging and Adult Services. The energy assistance payment shall be paid directly to the service provider by the county department of social services. The Plan for Crisis Intervention Program (CIP) shall provide assistance for vulnerable populations who meet income eligibility criteria established by the Department. The CIP payment shall be paid directly to the service provider by the county department of social services and shall not exceed six hundred dollars ($600.00) per household in a fiscal year.

(b) The Department shall submit the Plan for each program to the U.S. Department of Health and Human Services no later than September 1 of each year and implement the Plan no later than October 1 of each year."

SECTION 10.56.(b) Beginning September 1, 2011, on or before September 1 of each year and for a period of three years thereafter, the Department of Health and Human Services shall submit a copy of the Plan to the House Appropriations Subcommittee on Health and Human Services and Senate Appropriations Committee on Health and Human Services.

NON-MEDICAID REIMBURSEMENT CHANGES

SECTION 10.58.(a) Providers of medical services under the various State programs, other than Medicaid, offering medical care to citizens of the State shall be reimbursed at rates no higher than those under the North Carolina Medical Assistance Program.

The Department of Health and Human Services may reimburse hospitals at the full prospective per diem rates without regard to the Medical Assistance Program's annual limits on hospital days. When the Medical Assistance Program's per diem rates for inpatient services and its interim rates for outpatient services are used to reimburse providers in non-Medicaid medical service programs, retroactive adjustments to claims already paid shall not be required.

Notwithstanding the provisions of this section, the Department of Health and Human Services may negotiate with providers of medical services under the various Department of Health and Human Services programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. These negotiated rates are allowable only to meet the medical needs of its non-Medicaid eligible patients, residents, and clients who require such services that cannot be provided when limited to the Medicaid rate.

Maximum net family annual income eligibility standards for services in these programs shall be as follows:

DSB Medical Eye Care	125% FPL
DSB Independent Living <55	125% FPL
DSB Independent Living 55>	200% FPL
DSB Vocational Rehabilitation	125% FPL
DVR Independent Living	125% FPL
DVR Vocational Rehabilitation	125% FPL

The Department of Health and Human Services shall contract at, or as close as possible to, Medicaid rates for medical services provided to residents of State facilities of the Department.

SECTION 10.58.(b) Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce provider rates for services rendered for the Medical Eye Care, Independent Living, and Vocational Rehabilitation programs within the Division of Services for the Blind, and Independent Living and Vocational Rehabilitation

programs within the Division of Vocational Rehabilitation to accomplish the reduction in funds for this purpose enacted in this act.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.59.(a) The maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

SECTION 10.59.(b) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.59.(c) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

GENERAL PROVISIONS

SECTION 10.60.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.
(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 10.60.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.60.(d) Appropriations from federal Block Grant funds are made for the fiscal year ending June 30, 2012, according to the schedule enacted for State fiscal year 2011-2012 or until a new schedule is enacted by the General Assembly.

The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

If the Commission shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the Commission shall give due regard and weight to the attitudes of the occupiers of lands lying within the district, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in G.S. 139-2: Provided, however, that the Commission shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of such district.

Upon receipt from the Soil and Water Conservation Commission of a certification that the Commission has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the State treasury. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The Secretary of State shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

The Soil and Water Conservation Commission shall be substituted for the district or supervisors as party to such contracts. The Commission shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise as the supervisors of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of G.S. 139-11, nor the pendency of any action instituted under the provisions of such section, and the Commission shall succeed to all the rights and obligations of the district or supervisors as to such liens and actions.

"**§ 106-860. Powers of Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.**

(a) The Department of ~~Environment and Natural Resources~~Agriculture and Consumer Services may take such action as it may deem necessary to provide for the prevention and control of forest fires in any and all parts of this State, and it is hereby authorized to enter into an agreement with the Secretary of Agriculture of the United States for the protection of the forested watersheds of streams in this State.

(b) In this Article, unless the context requires otherwise:

(1) "Commissioner" means the Commissioner of Agriculture.

~~(1)~~(2) "Department" means the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

~~(2) "Secretary" means the Secretary of Environment and Natural Resources.~~

"**§ 106-861. Forest rangers.**

The ~~Secretary~~ Commissioner may appoint one county forest ranger and one or more deputy forest rangers in each county of the State in which, after careful investigation, the amount of forestland and the risks from forest fires shall, in his judgment, warrant the establishment of a forest fire organization.

"**§ 106-862. Forest laws defined.**

The forest laws consist of:

(1) G.S. 14-136 to G.S. 14-140;

(2) Articles ~~2, 4, 4A, 4C, and 6A~~71 through 79 of this Chapter;

(3) G.S. 77-13 and G.S. 77-14;

(4) Other statutes enacted for the protection of forests and woodlands from fire, insects, or disease and concerning obstruction of streams and ditches in forests and woodlands; and

(5) Regulations and ordinances adopted under the authority of the above statutes.

"**§ 106-863. Duties of forest rangers; payment of expenses by State and counties.**

Forest rangers shall have charge of measures for controlling forest fires, protection of forests from pests and diseases, and the development and improvement of the forests for maximum production of forest products; shall post along highways and in other conspicuous places copies of the forest fire laws and warnings against fires, which shall be supplied by the ~~Secretary;~~Commissioner; shall patrol and man lookout towers and other points during dry and dangerous seasons under the direction of the ~~Secretary;~~Commissioner; and shall perform such other acts and duties as shall be considered necessary by the ~~Secretary~~ Commissioner in the protection, development and improvement of the forested area of each of the counties within the State. No county may be held liable for any part of the expenses thus incurred unless specifically authorized by the board of county commissioners under prior written agreement with the ~~Secretary;~~Commissioner; appropriations for meeting the county's share of such expenses so authorized by the board of county commissioners shall be provided annually in the county budget. For each county in which financial participation by the county is authorized, the ~~Secretary~~ Commissioner shall keep or cause to be kept an itemized account of all expenses thus incurred and shall send such accounts periodically to the board of county commissioners of said county; upon approval by the board of the correctness of such accounts, the county commissioners shall issue or cause to be issued a warrant on the county treasury for the payment of the county's share of such expenditures, said payment to be made within one month after receipt of such statement from the ~~Secretary.~~Commissioner. Appropriations made by a county for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter in the cooperative forest protection, development and improvement work are not to replace

State and federal funds which may be available to the ~~Secretary~~ Commissioner for the work in said county, but are to serve as a supplement thereto. Funds appropriated to the Department for a fiscal year for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter shall not be expended in a county unless that county shall contribute at least twenty-five percent (25%) of the total cost of the forestry program.

"§ 106-864. Powers of forest rangers to prevent and extinguish fires; authority to issue citations and warning tickets.

(a) Forest rangers shall prevent and extinguish forest fires and shall have control and direction of all persons and equipment while engaged in the extinguishing of forest fires. During a season of drought, the ~~Secretary~~ Commissioner or his designate may establish a fire patrol in any district, and in case of fire in or threatening any forest or woodland, the forest ranger shall attend forthwith and use all necessary means to confine and extinguish such fire. The forest ranger or deputy forest ranger may summon any resident between the ages of 18 and 45 years, inclusive, to assist in extinguishing fires and may require the use of crawler tractors and other property needed for such purposes; any person so summoned and who is physically able who refuses or neglects to assist or to allow the use of equipment and such other property required shall be guilty of a Class 3 misdemeanor and upon conviction shall only be subject to a fine of not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00). No action for trespass shall lie against any forest ranger, deputy forest ranger, or person summoned by him for crossing lands, backfiring, burning out or performing his duties as a forest ranger or deputy forest ranger.

(b) Forest rangers are authorized to issue and serve citations under the terms of G.S. 15A-302 and warning tickets under the terms of ~~G.S. 113-55.2~~G.S. 106-866 for offenses under the forest laws. This subsection may not be interpreted to confer the power of arrest on forest rangers, and does not make them criminal justice officers within the meaning of G.S. 17C-2.

"§ 106-865. Powers of forest law-enforcement officers.

The ~~Secretary~~ Commissioner is authorized to appoint as many forest law-enforcement officers as he deems necessary to carry out the forest law-enforcement responsibilities of the Department. Forest law-enforcement officers shall also have authority to obtain and serve warrants including warrants for violation of any duly promulgated rule of the Department.

"§ 106-866. Warning tickets for violations of the forest laws.

(a) To encourage the cooperation of the public in achieving the objectives of the forest laws, the ~~Secretary~~ Commissioner may provide for the issuance of warning tickets instead of the initiation of criminal prosecution by forest rangers and forest law-enforcement officers. Issuance of the warning tickets shall be in accordance with criteria administratively promulgated by the ~~Secretary~~ Commissioner within the requirements of this section. These criteria are exempt from Article 2A of Chapter 150B of the General Statutes.

(b) No warning ticket may be issued unless all of the following conditions are met:

(2) The offense is not one, or a type of offense, for which the ~~Secretary~~ Commissioner has prohibited the issuance of warning tickets.

(3) At the time of the violation it was not reasonably foreseeable that the conduct of the offender could result in any significant destruction of forests or woodlands or constitute a hazard to the public.

(c) A warning ticket may not be issued if the offender has previously been charged with, or issued a warning ticket for, the same or a similar offense within the preceding three years. A list of persons who have been issued warning tickets under this section within the preceding three years shall be maintained and periodically updated by the ~~Secretary.~~Commissioner.

(d) This section does not entitle any person who has committed an offense to the right to be issued a warning ticket, and the issuance of a warning ticket does not prohibit the later initiation of criminal prosecution for the same offense for which the warning ticket was issued.

"§ 106-867. Compensation of forest rangers.

Forest rangers shall receive compensation from the Department at a reasonable rate to be fixed by said Department for the time actually engaged in the performance of their duties; and reasonable expenses for equipment, transportation, or food supplies incurred in the performance of their duties, according to an itemized statement to be rendered the ~~Secretary~~ Commissioner every month, and approved by him. Forest rangers shall render to the ~~Secretary~~ Commissioner a statement of the services rendered by the men employed by them or their deputy rangers, as provided in this Article, within one month of the date of service, which bill shall show in detail the amount and character of the service performed, the exact duration thereof, the name of each person employed, and any other information required by the ~~Secretary.~~Commissioner. If said bill be duly approved by the ~~Secretary,~~Commissioner, it shall be paid by direction of the Department out of any funds provided for that purpose.

"§ 106-868. Overtime compensation for forest fire fighting.

The Department shall, within funds appropriated to the Department, provide overtime compensation to the professional employees of the Division of Forest Resources involved in fighting forest fires.

"§ 106-869. Woodland defined.

For the purposes of this Article, woodland is taken to include all forest areas, both timber and cutover land, and all second-growth stands on areas that have at one time been cultivated.

"§ 106-870. Misdemeanor to destroy posted forestry notice.

Any person who shall maliciously or willfully destroy, deface, remove, or disfigure any sign, poster, or warning notice, posted by order of the ~~Secretary,~~Commissioner, under the provisions of this Article, or any other act which may be passed for the purpose of protecting and developing the forests in this State, shall be guilty of a Class 3 misdemeanor.

"§ 106-871. Cooperation between counties and State in forest protection and development.

The board of county commissioners of any county is hereby authorized and empowered to cooperate with the Department in the protection, reforestation, and promotion of forest management of their own forests within their respective counties, and to appropriate and pay out of the funds under their control such amount as is provided in ~~G.S. 113-54.~~G.S. 106-863.

"§ 106-872. Instructions on forest preservation and development.

(a) It shall be the duty of all district, county, township rangers, and all deputy rangers provided for in this Chapter to distribute in all of the public schools and high schools of the county in which they are serving as such fire rangers all such tracts, books, periodicals and other literature that may, from time to time, be sent out to such rangers by the State and federal forestry agencies touching or dealing with forest preservation, development, and forest management.

(b) It shall be the duty of the various rangers herein mentioned under the direction of the ~~Secretary,~~Commissioner, and the duty of the teachers of the various schools, both public and high schools, to keep posted at some conspicuous place in the various classrooms of the school buildings such appropriate bulletins and posters as may be sent out from the forestry agencies herein named for that purpose and keep the same constantly before their pupils; and said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various schools on the subject of forest fires, their origin and their destructive effect on the plant life and tree life of the forests of the State, the development and scientific management of the forests of the State, and shall be prepared to give practical instruction to their pupils from time to time and as often as they shall find it possible so to do.

"§ 106-873. Authority of Governor to close forests and woodlands to hunting, fishing and trapping.

During periods of protracted drought or when other hazardous fire conditions threaten forest and water resources and appear to require extraordinary precautions, the Governor of the State, upon the joint recommendation of the ~~Secretary~~ Commissioner and the Executive Director of the North Carolina Wildlife Resources Commission, may by official proclamation:

(1) Close any or all of the woodlands and inland waters of the State to hunting, fishing and trapping for the period of the emergency.

"**§ 106-874. Publication of proclamation; annulment thereof.**

Such proclamation shall become effective 24 hours after certified time of issue, and shall be published in such newspapers and posted in such places and in such manner as the Governor may direct. It shall be annulled in the same manner by another proclamation by the Governor when he is satisfied, upon joint recommendation of the ~~Secretary~~ Commissioner and the Executive Director of the North Carolina Wildlife Resources Commission, that the period of the emergency has passed.

"**§ 106-875. Violation of proclamation a misdemeanor.**

Any person, firm or corporation who enters upon any woodlands or inland waters of the State for the purpose of hunting, fishing or trapping, or who builds a campfire or burns brush, grass or other debris within 500 feet of any woodland, after a proclamation has been issued by the Governor forbidding such activities, or who violates any other provisions of the Governor's proclamation with regard to permissible activities in closed woodlands shall be guilty of a Class 1 misdemeanor."

Permits issued under this Article shall be issued in the name of the person undertaking the burning and shall specify the specific area in which the burning is to occur, the type and amount of material to be burned, the duration of the permit, and such other factors as are necessary to identify the burning which is allowed under the permit.

"§ 106-906. Permit suspension and cancellation.

Upon a determination that hazardous forest fire conditions exist the ~~secretary~~ Commissioner is authorized to cancel any permit issued under this Article and suspend the issuance of any new permits. "§ 106-909. Effect on other laws.

Nothing in this Article shall relieve any person from compliance with the provisions of Article 21B of Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that permits are required for open burning associated with land clearing under the authority of Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be delegated to forest rangers who are authorized to issue permits under ~~G.S. 113-60.23(c).~~G.S. 106-902(c).

SECTION 13.25.(bb) Article 77 of Chapter 106 of the General Statutes, as recodified by subsection (aa) of this section, reads as rewritten:

"Article 77.

"North Carolina Prescribed Burning Act.

"§ 106-920. Legislative findings.

The General Assembly finds that prescribed burning of forestlands is a management tool that is beneficial to North Carolina's public safety, forest and wildlife resources, environment, and economy. The General Assembly finds that the following are benefits that result from prescribed burning of forestlands:

(1) Prescribed burning reduces the naturally occurring buildup of vegetative fuels on forestlands, thereby reducing the risk and severity of wildfires and lessening the loss of life and property.

(2) The State's ever-increasing population is resulting in urban development directly adjacent to fire-prone forestlands, referred to as a woodland-urban interface area. The use of prescribed burning in these woodland-urban interface areas substantially reduces the risk of wildfires that cause damage.

(3) Many of North Carolina's natural ecosystems require periodic fire for their survival. Prescribed burning is essential to the perpetuation, restoration, and management of many plant and animal communities. Prescribed burning benefits game, nongame, and endangered wildlife species by increasing the growth and yield of plants that provide forage and an area for escape and brooding and that satisfy other habitat needs.

(4) Forestlands are economic, biological, and aesthetic resources of statewide significance. In addition to reducing the frequency and severity of wildfires, prescribed burning of forestlands helps to prepare sites for replanting and natural seeding, to control insects and diseases, and to increase productivity.

(5) Prescribed burning enhances the resources on public use lands, such as State and national forests, wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife, recreation, and other purposes.

As North Carolina's population grows, pressures resulting from liability issues and smoke complaints discourage or limit prescribed burning so that these numerous benefits to forestlands often are not attainable. By recognizing the benefits of prescribed burning and by adopting requirements governing prescribed burning, the General Assembly helps to educate the public, avoid misunderstandings, and reduce complaints about this valuable management tool.

"§ 106-921. Definitions.

As used in this Article:

(1) "Certified prescribed burner" means an individual who has successfully completed a certification program approved by the Division of Forest Resources of the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

(3) "Prescription" means a written plan prepared by a certified prescribed burner for starting, controlling, and extinguishing a prescribed burning.

"**106-922. Immunity from liability.**

This section applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of (i) insured unemployment, not seasonally adjusted, equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in all of the preceding three calendar years and equaled or exceeded five percent (5%) or (ii) total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subsection, equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 14.5A.(b) G.S. 96-12.01(a1)(4)e. reads as rewritten:

"(4) There is an "on indicator" for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediate preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this Chapter:

...

e. Total extended benefit amount.

1. The total extended benefit amount payment to any eligible individual with respect to the applicable benefit year shall be the least of the following amounts:

I. Fifty percent (50%) of the total amount of regular benefits which were payable to the individual under this Chapter in the individual's applicable benefit year; or

II. Thirteen times the individual's weekly benefit amount that was payable to the individual under this Chapter for a week of total unemployment in the applicable benefit year.

2. I. Effective with respect to weeks beginning in a high unemployment period, sub-subdivision e.1. of this subdivision shall be applied by substituting:

A. "Eighty percent (80%)" for "fifty percent (50%)" in sub-subdivision e.1.I., and

B. "Twenty" for "thirteen" in sub-subdivision e.1.II.

II. For purposes of sub-subdivision 2.I., the term "high unemployment period" means any period during

which an extended benefit period would be in effect if sub-subdivision c. of this subdivision were applied by substituting "eight percent (8%)" for six and one-half percent (6.5%)".

3. This subdivision applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds eight percent (8%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subdivision equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 14.5A.(c) The intent of this section is to allow extended benefits to be paid as provided under the Federal Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 so long as the payment of the benefits does not hinder the State's ability to reduce the debt it owes the federal government to pay unemployment benefits. It is not the intent of this section to pay for the extended benefits with contributions paid by employers under Chapter 96 of the North Carolina General Statutes or with contributions paid by employers under the federal payroll tax that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits. Nothing in this section obligates the State to pay extended benefits provided by this section with contributions payable under Chapter 96 of the General Statutes or with any other State funds. This section is null and void if the payment of the benefits would divert federal payroll tax revenue payable by North Carolina employers that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits.

SECTION 14.5A.(d) This section becomes effective April 16, 2011, and expires January 1, 2012.

The report shall include information on the amount of grant funds received or preapproved for receipt by each department, the use of the funds, the State match expended to receive the funds, and the period to be covered by each grant. If the department intends to continue the program beyond the end of the grant period, the department shall report on the proposed method for continuing the funding of the program at the end of the grant period. Each department shall also report on any information it may have indicating that the State will be requested to provide future funding for a program presently supported by a local grant.

The Department may also consult with any private for-profit or nonprofit firm about the possibility of converting the unit to other use. In developing a proposal for future use of each unit, the Department shall give priority to converting the unit to other criminal justice use. Consistent with existing law and the future needs of the Department of Correction, the State may provide for the transfer or the lease of any of these units to counties, municipalities, State agencies, federal agencies, or private firms wishing to convert them to other use. The Department of Correction may also consider converting some of the units recommended for closing from one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

The Commission shall determine if the person has served more time in custody than the person would have served if sentenced to the maximum sentence under the provisions of Article 81B of Chapter 15A of the General Statutes. The "maximum sentence," for the purposes of this section, shall be calculated as set forth in subsection (b) of this section.

SECTION 18.7.(b) For the purposes of this section, the following rules apply for the calculation of the maximum sentence:

(1) The offense upon which the person was convicted shall be classified as the same felony class as the offense would have been classified if committed after the effective date of Article 81B of Chapter 15A of the General Statutes.

(2) The minimum sentence shall be the maximum number of months in the presumptive range of minimum durations in Prior Record Level VI of G.S. 15A-1340.17(c) for the felony class determined under subdivision (1) of this subsection. The maximum sentence shall be calculated using G.S. 15A-1340.17(d), (e), or (e1).

(3) If a person is serving sentences for two or more offenses that are concurrent in any respect, then the offense with the greater classification shall be used to determine a single maximum sentence for the concurrent offenses. The fact that the person has been convicted of multiple offenses may be considered by the Commission in making its determinations under subsection (a) of this section.

SECTION 18.7.(c) The Post-Release Supervision and Parole Commission shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1, 2012. The information should be based on the previous calendar year.

SECTION 18.7.(e) The Department of Correction and the Post-Release Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the number of inmates proposed for release, considered for release, and granted release under Chapter 84B of Chapter 15A of the General Statutes, providing for the medical release of inmates who are either permanently and totally disabled, terminally ill, or geriatric.

SECTION 18.8.(c) Notwithstanding the provisions of G.S. 143B-273.15 specifying that grants to participating counties are for the full fiscal year and that unobligated funds are returned to the State-County Criminal Justice Partnership Account at the end of the grant period, the Department of Correction may reallocate unspent or unclaimed funds distributed to counties participating in the State-County Criminal Justice Partnership Program in an effort to maintain the level of services realized in previous fiscal years.

SECTION 18.8.(d) The Department of Correction may not deny funds to a county to support both a residential program and a day reporting center if the Department of Correction determines that the county has a demonstrated need and a fully developed plan for each type of sanction.

SECTION 18.8.(e) The Department of Correction shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Committees, the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the status of the State-County Criminal Justice Partnership Program. INMATE MEDICAL COST CONTAINMENT

SECTION 18.10.(a) The Department of Correction shall reimburse those providers and facilities providing approved inmate medical services outside the correctional facility two times the then-current Medicaid rate for any given service.

This section does not apply to vendors providing services that are not billed on a fee-for-service basis, such as temporary staffing. Nothing in this section shall preclude the Department from contracting with a provider for services at rates that provide greater documentable cost avoidance for the State than do the rates contained in this section or at rates that are less favorable to the State but that will ensure the continued access to care.

SECTION 18.10.(b) The Department of Correction shall make every effort to contain inmate medical costs by making use of its own hospital and health care facilities to provide health care services to inmates. To the extent that the Department of Correction must utilize other facilities and services to provide health care services to inmates, the Department shall make reasonable efforts to make use of hospitals or other providers with which it has a contract or, if none is reasonably available, hospitals with available capacity or other health care facilities in a region to accomplish that goal. The Department shall make reasonable efforts to equitably distribute inmates among all hospitals or other appropriate health care facilities. With respect to any single hospital, the Department of Correction shall continue to make its best effort to seek admission of the number of inmates representing no more than nine percent (9%) of all inmates requiring hospitalization or hospital services on an annual basis beginning in the 2011-2012 fiscal year, unless the failure to do so would jeopardize the health of an inmate or unless a higher level is agreed to by contract. The Department shall also give preference to those hospitals or other health care facilities in the same county or an adjoining county to the correctional facility where an inmate requiring hospitalization is incarcerated. The Department will continue these efforts until it has reached a number which represents no more than five percent (5%) of all inmates requiring hospitalization or hospital services on an annual basis at any single hospital by July 1, 2013, unless the failure to do so would jeopardize the health of an inmate or unless a higher level is agreed to by contract.

SECTION 18.10.(c) G.S. 131E-77 is amended by adding a new subsection to read:

"(a1) As a condition of licensure, hospitals licensed under this Article shall treat inmates in the custody of the Department of Correction, unless a hospital lacks the capacity or capability to provide such treatment."

	GENERAL FUND

Recommended Continuation Budget	**$7,923,543,951**		**$7,923,543,951**	
Legislative Changes				
A. Technical Adjustments				
1 ADM Adjustment Fully funds both years of average daily membership (ADM) growth for public schools, providing $55.8 million in FY 2011-12 and $143.1 million in FY 2012-13. This adjustment, which accounts for changes in multiple allotments, has traditionally been included in the continuation budget.	$55,882,651	R	$143,087,414	R
2 Average Salary Adjustment Adjusts several budget lines to account for the decrease in average salaries between FY 2009-10 and FY 2010-11. This adjustment has traditionally been included in the continuation budget.	($21,838,817)	R	($22,040,287)	R
B. Other Public School Funding Adjustments				
3 LEA Adjustment Increases the LEA Adjustment reduction by $4.5 million in FY 2011-12 and by $59.8 million in FY 2012-13. The State Board of Education will distribute this reduction to all LEAs and charter schools on the basis of ADM: LEAs and charters will then be responsible for identifying budget reductions in order to meet their share of the LEA Adjustment. LEAs are expected to utilize federal EduJobs availability to minimize reducing position allotments.	($4,365,359)	R	($65,292,506)	R
4 Class Size Reduction in Grades 1-3 Adds funding for 1,124 additional teaching positions in FY 2011-12 and 1,144 additional teaching positions in FY 2012-13 to reduce the classroom teacher allotment ratios for grades 1-3 from 1 teacher per 18 students to 1 teacher per 17 students in both years of the biennium. A related provision, Section 7.1B, expresses the intent of the General Assembly to add additional teachers as funds become available with a goal of reducing the teacher allotment ratio in grades 1-3 to 1 teacher for every 15 students.	$61,697,942	R	$62,767,803	R

	FY 11-12		FY 12-13	
5 Teacher Assistants Funds teacher assistants on the basis of Kindergarten ADM only. Previously, teacher assistants were funded on the basis of ADM in grades K-3. LEAs will still have the discretion to place teacher assistants in classrooms serving grades K-3. $137.3 million will be available in FY 2011-12 and $148.5 million will be available in FY 2012-13 to fund teacher assistants.	($390,519,448)	R	($395,946,237)	R
6 Decouple Master's and NBPTS Salary Supplements Reduces the combined salary supplement for educational personnel qualifying for both a master's degree and National Board for Professional Teaching Standards (NBPTS) supplement from 23.2% to 22.0%. NBPTS salary supplements will be calculated as 12% of the base salary the individual receives on the "A" salary schedule as opposed to the current practice of calculating the NBPTS supplement from the "M" salary schedule.	($4,776,560)	R	($4,776,560)	R
7 Fund One LEA Per County Reduces funding to six base allotments received by multiple LEAs within the same county by 20% in FY 2011-12 and eliminates those amounts in FY 2012-13.	($2,214,251)	R	($11,071,255)	R
8 Education Reform Studies Provides nonrecurring funding for studies of third grade literacy programs and ways to reduce the need for remedial or developmental education in the State's higher education institutions. Funding will be available to hire an outside consultant to examine these topics.	$200,000	NR		
9 Testing Eliminates funding for four End of Course tests eliminated by S.L. 2011-8 and not required by federal law. Those tests are United States History, Civics and Economics, Algebra II, and Physical Science. The remaining testing funds are then reduced a further 10%, leaving $8.8 million available for testing in each year of the biennium.	($2,725,029)	R	($2,729,677)	R
10 Dropout Prevention Grants Eliminates funding for the Dropout Prevention Grant program.	($13,290,683)	R	($13,290,683)	R
11 Student Diagnostics Eliminates funding for the Student Diagnostics pilot program.	($10,000,000)	R	($10,000,000)	R
12 Learn & Earn Virtual Schools Eliminates funding provided to four schools to provide on-line access to Learn & Earn. Students in affected schools may access courses through the Career and College Promise program described in Section 7.1A.	($1,000,000)	R	($1,000,000)	R
13 Learn & Earn Online Eliminates funding for Learn & Earn Online courses provided through the UNC system.	($4,875,000)	R	($4,875,000)	

	FY 11-12		FY 12-13	
14 Small County Supplemental Funding Restructures this allotment to restrict eligibility to only those counties with ADM of 3,200 or less and provides per-pupil funding on a sliding scale based on the size of the school district. LEAs made ineligible under this formula will have their allotment phased-out over a five-year period. A related provision, Section 7.12, provides additional details on this change. $38.9 million will remain in this allotment in FY 2011-12 and $35.3 million will remain in FY 2012-13.	($5,146,985)	R	($8,818,208)	R
15 Noninstructional Support Personnel Reduces this allotment, which supports clerical, janitorial, substitute teachers, and other personnel, by 15% in both years of the biennium. $337.1 million will remain in this allotment in FY 2011-12 and $340.3 million will remain in FY 2012-13. 16 Textbooks Reduces funding for textbooks. $23.4 million will remain in this allotment in FY 2011-12 and $27.2 million will remain available in FY 2012-13.	($13,000,000) ($79,166,861)	R NR	($13,000,000) ($76,500,000)	R NR
17 Central Office Administration Reduces the allotment to LEAs for the salaries and benefits of central office staff by 16%. This staff includes, but is not limited to, superintendents, associate and assistant superintendents, finance officers, athletic trainers, and transportation directors. $90.4 million will remain to support these local staff in FY 2011-12 and $90.5 million will remain available in FY 2012-13.	($17,211,294)	R	($17,254,494)	R
18 School Building Administration Reduces the funding for assistant principal months of employment by approximately 21%. This reduction does not reduce any guaranteed principal positions. $302.0 million will remain in this allotment in FY 2011-12 and $304.0 million will remain available in FY 2012-13.	($24,612,054)	R	($25,023,016)	R
19 School Building Administration Position Conversion Reduces funding for this allotment based on a modification of the allowable conversion of assistant principal and principal months of employment. Currently, LEAs are allowed to "cash-out" their allotted SBA months of employment at the State-average salary and benefits, and then use the money for other purposes. This section would continue to allow conversions, but only at the equivalent amount for a beginning Principal III for converted principal positions, and the equivalent amount for a beginning assistant principal for cashed-out assistant principal positions.	($7,700,000)	R	($7,700,000)	R

	FY 11-12		FY 12-13

($22,934,278)	R	($23,149,479)	R
21 School Bus Replacement Provides funding in FY 2011-12 for the purchase of approximately 400 replacement school buses. These buses shall be purchased without the use of extended financing. Additionally, provides funding for the financing payments due for previously purchased buses. Beginning in FY 2012-13, permanently eliminates State support for replacement of school buses not purchased before the end of FY 2010-11 and requires school bus purchases to become a local responsibility. The $21.6 million in FY 2012-13 nonrecurring funding is sufficient to support all financing payments due for previously purchased buses.			($56,851,619) $21,627,977	R NR

Structured Sentencing misdemeanants with sentences longer than six months and Driving While Impaired misdemeanants will remain in the custody of the State. This change is part of the Justice Reinvestment Act reforms. The fee section of the budget proposes increasing the following court costs to offset the costs of housing misdemeanants: the District Criminal Court Facility court cost, which will generate an estimated $19 million; and the Service of Civil Process court cost, which will generate an estimated $3.3 million. In addition, the fee section establishes a new court cost for Improper Equipment dispositions, which will generate an estimated $12 million, and increases the daily jail fee and jail inmate medical co-pay. It is unknown how much the daily jail fee and co-pay increase will generate. These court cost increases are contingent upon passage of legislation increasing the number of days misdemeanants are housed in county jails.

HOUSE BILL 200:
Appropriations Act of 2011

2011-2012 General Assembly

Committee:	Senate Appropriations/Base Budget	**Date:**	May 23, 2011
Introduced by:	Rep. Brubaker	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to Fourth Edition H200-CSLExf-13		Committee Counsel

SUMMARY: ***The Proposed Senate Committee Substitute for House Bill 200, the Current Operations and Capital Improvements Appropriations Act of 2011, contains a finance package that reduces the individual income tax rates by ¼% and allows a $50,000 tax deduction for small business income for two years, 2012 and 2013. The House budget, H200 (V4), reserved $635 million for the finance committee for the 2011-2013 biennium; this PCS uses that reserve and eliminates four tax expenditures to create the necessary availability of $671.7 million. This tax relief is in addition to the $1.3 billion in expiring tax revenue.***[1]

CURRENT LAW, BILL ANALYSIS, AND EFFECTIVE DATE: Part XXXI-A of the Senate PCS for House Bill 200 does the following:

- It reduces each of the individual income tax rates ¼% for taxable years 2012 and 2013: from 6%, 7%, and 7.75% to 5.75%, 6.75% and 7.5%.
- It provides an individual income tax deduction of $50,000 for net business income the taxpayer receives during the taxable year from a small business for taxable years 2012 and 2013. A small business is defined as one whose gross receipts do not exceed $825,000.
- It eliminates the individual income tax deductions for severance wages and qualified sales of a manufactured home community and the income tax credit for oyster shell recycling, effective for taxable years beginning on or after January 1, 2011.
- It eliminates the sales tax exemption for nutritional supplements sold by a chiropractor and the sales tax holiday for certain energy star products, effective October 1, 2011.
- It simplifies the calculation of individual income tax by beginning the calculation of North Carolina taxable income with federal adjusted gross income rather than federal taxable income.

Section 31A.1: Encourage Job Growth and Long-Term Economic Prosperity by Temporarily Reducing the Income Tax Burden on Individuals and Small Businesses

North Carolina's personal income tax accounts for 52% to 55% of all General Fund revenues.[2] The non-withholding portion of this tax[3] may fluctuate as much as 35% from year to year, which has contributed to the State's volatile revenue structure. Much of this volatility has occurred since the 1990s as more and more business entities have organized as limited liability entities whose income flows through the personal income tax rather than the corporate income tax.

[1] The 1% State sales tax rate expires July 1, 2011; the corporate and individual income surtaxes expire for taxable years beginning on or after January 1, 2011.

[2] In 1970, the PIT accounted for 32.7% of General Fund revenues.

[3] The non-withholding portion of the tax consists of business income, capital gains, rental income, interest and dividends, pension income, etc.

Section 31A.1(b) and (f) of the Senate PCS for House Bill 200 temporarily reduces each of the personal income tax rates by ¼%: from 6%, 7%, and 7.75% to 5.75%, 6.75%, and 7.5%.

North Carolina has a graduated individual income tax rate, meaning the tax rate increases as the taxpayer's North Carolina taxable income amount increases. The current tax rates are 6%, 7%, and 7.75%. The ¼% reduction in each of the tax rates is effective for the 2012 and 2013 taxable years only. The rates will return to their current level for taxable years beginning on or after January 1, 2014. This subsection also eliminates the marriage penalty[4] in the tax brackets by changing the tax brackets for single taxpayers to one-half that of a married couple filing jointly.[5]

North Carolina had two graduated individual income tax rates of 6% and 7% until 1991, when the General Assembly enacted the third bracket with a rate of 7.75%. In 2001, the General Assembly created a temporary fourth income tax bracket for incomes that exceeded $200,000 for taxpayers filing as married filing jointly; the tax rate for the fourth bracket was 8.25%. The temporary fourth bracket expired for taxable years beginning on or after January 1, 2008.[6]

The General Assembly enacted a temporary surtax on individual income tax in 2009, effective for taxable years 2009 and 2010.[7] The surtax was equal to a percentage of the tax payable by the taxpayer.[8] The percentage amount varied depending upon the taxpayer's North Carolina taxable income and the taxpayer's filing status. For married filing jointly, the surtax percentage was zero for taxable incomes up to $100,000; 2% for taxable incomes[9] over $100,000 and up to $250,000; and 3% for taxable incomes[10] over $250,000.

Section 31A.1(d) of the Senate PCS for House Bill 200 provides a personal income tax deduction for the first $50,000 of net business income a taxpayer receives during a taxable year from a small business.

A small business is a business whose cumulative gross receipts from all business activity in a taxable year does not exceed $825,000. The deduction is effective for the 2012 and 2013 taxable years only; it expires for taxable years beginning on or after January 1, 2014. This change in the law would affect at least 250,000 small businesses. Of these 250,000 small businesses, more than 50% of them are sole proprietorships. Sole proprietorships must complete a Form 1040, Schedule C. The data from Schedule C indicates that more than 75% of the sole proprietorships in North Carolina have gross receipts under $1,000,000 and more than 58% have North Carolina taxable income below $60,000.

---

[4] The marriage tax penalty is the result of a tax system that recognizes that a married couple's living expenses are less than the expenses of two single people living separately, but more than the expenses of one single person. In addition, if one spouse is not employed full-time, a married couple's income would be less than that of two comparable single people who work full-time, but more than that of one single person. The tax law addresses these situations through the tax brackets, the personal exemptions, and the standard deduction. The result of these tax provisions is that a married couple with only one spouse working experiences a tax reduction when they marry, a married couple where one spouse earns substantially more than the other experiences no tax reduction or increase when they marry, and a married couple with both spouses earning roughly the same amount experience a tax increase when they marry.

[5] S.L. 2001-424 eliminated the marriage tax penalty in the North Carolina standard deduction; the provision was delayed a year in S.L. 2002-126.

[6] Under the 2001 legislation, the upper income tax bracket would have expired for taxable years beginning on or after January 1, 2004. In 2003, the General Assembly extended the 2004 sunset until 2006 and in 2005 it extended the sunset until 2007. In 2006, the General Assembly reduced the upper income tax rate from 8.25% to 8% for taxable year 2007. S.L. 2001-424, S.L. 2003-284, S.L. 2205-276, and S.L. 2006-66.

[7] S.L. 2009-451 also imposed a corporate income tax surtax of 3% for taxable years 2009 and 2010.

[8] The surtax was in addition to the individual income tax owed by the taxpayer.

[9] The effective tax rates in the respective tax brackets for taxpayers subject to the 2% surtax were 6.12%, 7.14%, and 7.91% respectively.

[10] The effective graduated tax rates for taxpayers subject to the 3% surtax were 6.18%, 7.21%, and 7.98%.

The term 'business income' would not include income that is considered passive income under the Code. Section 469 of the Code, as well as various IRC tax regulations, define passive income. Form 1040, Schedule E, requires reporting of passive and non-passive income. Form 1040, Schedule C, requires the reporting of profit and loss from sole proprietorships. Form 1040, Schedule F, requires the reporting of farm income and loss.

In 2010, the General Assembly enacted a refundable tax credit for a small business that made contributions during the taxable year to the State Unemployment Insurance Fund with respect to wages paid in this State. The credit applies only to the 2010 and 2011 taxable years. For purposes of the tax credit, a small business is defined as one whose cumulative gross receipts from business activity for the taxable year does not exceed $1,000,000.

The remainder of Section 31A.1 of the Senate PCS for House Bill 200 changes the starting point for calculating North Carolina taxable income from federal taxable income to federal adjusted gross income.

Of the 35 states that begin their calculation of state taxable income with federal law, 29 use federal adjusted gross income while only 6 use federal taxable income. Federal taxable income is income after all federally allowed deductions; it includes the deductions from gross income to determine adjusted gross income and the deductions from adjusted gross income to determine taxable income. The primary differences between federal taxable income and adjusted gross income are the personal and dependency exemptions and the subtraction of either the standard deduction amount or the itemized deductions amount.

North Carolina began using federal taxable income as the starting point for this calculation in 1989. At the time, this change significantly simplified North Carolina's individual income tax; it eliminated 30 individual income tax exclusions and reduced 47 deductions and exemptions to seven[11]. Since that time, however, the number of adjustments a taxpayer must make to federal taxable income to determine North Carolina taxable income has increased from 11 to more than 40. North Carolina's current system of additions and subtractions is confusing to taxpayers and complex to administer. For example, under current law, a taxpayer must adjust the standard deduction amount and the personal and dependency exemption amounts because North Carolina does not index those amounts like the federal law does.

This section also removes obsolete provisions and makes conforming and modernizing changes to the personal income tax statutes.

Section 31A.2: Eliminate Personal Income Tax Deductions for Severance Wages and Qualified Sales of a Manufactured Home Community and the Tax Credit for Oyster Shell Recycling

Section 31A.2 equalizes the tax treatment between severance pay and unemployment benefits. Unemployment benefits are taxable[12]; up to $35,000 of severance pay is not. This section removes the tax exemption for severance wages, effective for the 2011 taxable year. The General Assembly enacted the tax exemption for severance pay in 1996.[13] Initially the exemption applied only to severance pay a taxpayer received due to the permanent closure of a manufacturing or processing plant. In 1997,[14] the General Assembly expanded the exemption to include severance pay received from any source, public or private, and due to any involuntary termination through no fault of the employee: being fired without cause, being laid off due to a reduction in force, as well as being terminated due to a plant closure.

---

[11] Chapter 728 of the 1989 Session Laws.
[12] North Carolina exempted up to $2,400 of unemployment benefits from State income tax for taxable years 2009 and 2010 as part of its conformity to the Internal Revenue Code. All unemployment benefits will be taxable in 2011.

[14] S.L. 1997-525.

According to the *Biennial Tax Expenditure Report, 2009,* the deduction resulted in a $15.5 million loss of General Fund revenues, based upon 2007 returns.

Section 31A.2 eliminates the personal income tax deduction for the taxable gain from a qualified sale of a manufactured home community four years earlier than it would otherwise expire. A 'qualified sale' is a sale of land comprising a manufactured home community that is transferred in a single purchase to a group composed of a majority of the manufactured home community leaseholders, or to a nonprofit organization representing such a group. To qualify for this deduction, the taxpayer must give notice of the sale to the North Carolina Housing Finance Agency.[15] The General Assembly enacted the deduction in 2008[16], effective for taxable years beginning on or after January 1, 2008, and expiring for taxable years beginning on or after January 1, 2015. According to the *Biennial Tax Expenditure Report, 2009,* the deduction results in a loss to the General Fund of less than $100,000.

Section 31A.2 returns the sunset date for the tax credit for oyster shell recycling to its original expiration date of January 1, 2011. Since October 1, 2009, oyster shells may not be disposed in landfills. The Division of Marine Fisheries of the Department of Environment and Natural Resources operates a voluntary oyster shell donation program. The Division of Marine Fisheries purchases oyster shells in very large quantities from shucking houses at a negotiated price per bushel.[17] In 2006, the General Assembly enacted this credit to offer an additional incentive to recycle oyster shells. [18] The credit is a nonrefundable income tax credit of one dollar for each bushel of oyster shells that a taxpayer donates to the Division of Marine Fisheries. The credit may be carried forward for five years. The taxpayer may not claim a deduction for any oyster shells for which a credit is claimed. The General Assembly extended the sunset on the tax credit for recycling oyster shells from January 1, 2011, to January 1, 2013, in 2010. This section returns the expiration date to January 1, 2011. According to the *Biennial Tax Expenditure Report, 2009,* the credit results in a loss to the General Fund of less than $100,000.

Section 31A.3: Eliminate Sales Tax Exemption for Nutritional Supplements Sold by a Chiropractor at a Chiropractic Office and the Sales Tax Holiday for Certain Energy Star Products

Section 31A.3 equalizes the sales tax treatment for nutritional supplements by repealing the State and local sales and use tax exemption for supplements sold by a chiropractic physician at a chiropractic office to a patient as part of the patient's plan of treatment. There are no laws that require any dietary supplements to be sold only by health care providers. The dispensing of dietary supplements does not require a prescription. Therefore, the purchase of nutritional supplements at any place of business, other than a chiropractic office, is subject to State and local sales tax. The exemption became effective October 1, 1997.[19] The repeal of this exemption becomes effective October 1, 2011. According to the *Biennial Tax Expenditure Report, 2009,* the exemption results in a loss to the General Fund of less than $400,000.

Section 31A.3 repeals the sales tax holiday for certain energy star products, effective October 1, 2011. During the first weekend in November,[20] the following Energy Star-rated products are exempt from State and local sales and use tax: clothes washers, freezers and refrigerators, central air conditioners and room air conditioners, air-source heat pumps and geothermal heat pumps, ceiling fans, dehumidifiers, and programmable thermostats. An Energy Star-rated product is one that meets the

This provision would redirect $4.5 million of this amount to the General Fund for fiscal year 2011-12. This diversion takes the expected revenue to the Trust Fund not needed for operating expenses and debt service. Any additional revenue that comes into the fund may be used for grants. This diversion does not take the cash balance of the Trust Fund, it diverts revenue expected in FY 2011-12. Funds for existing contracts remain.		N/A	N/A

This diversion leaves money in the Trust Fund to cover the State Park Service debt payment, provide for local government parks and recreation grants and for the Coastal and Estuarine Water Beach Access program. Any additional revenue that comes into the fund may be used for the purposes described in G.S. 113-44.15. SENATE FINANCE COMMITTEE
Tuesday, May 31, 2011 at 3:15 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 3:15 PM on May 31, 2011 in room 544 of the Legislative Office Building. Twenty-nine members of the committee were present. Jonathan Glover and Jeremy Glover of Bailey, Thomas Jarrell of High Point, Manraj Singh of Wilson and Eleanor Yarboro of Goldsboro served as pages. Senator Hartsell presided as chair.

H.B. 200 – Appropriations Act of 2011

Senator Harrington was recognized to move to adopt the proposed committee substitute (PCS) for discussion. The motion carried. Cindy Avrette, an attorney with the Research Division, was recognized to explain the finance highlights. The PCS contains a finance package that allows a $50,000 tax deduction for net business income received by individual taxpayers and modifies the franchise tax base. It reduces budget availability by $131.6 million in FY 2011-12 and by $335.6 million in FY 2012-13 for a total finance package of $467.2 million for the biennium. The bill approved by the Finance Committee the week before contained a finance package of $671.7 million for the biennium. This tax relief is in addition to the $1.3 billion in expiring tax revenue. Amna Cameron, an analyst with the Fiscal Research Division, was recognized to answer questions regard ferry tolls. Barry Board, an analyst with the Fiscal Research Division, was recognized to answer business tax exemption questions. Doug Holbrook, an analyst with the Fiscal Research Division, was recognized to answer questions regarding impact on legal aid. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS, the summary and the money report is attached.

The meeting adjourned at 3:32 PM.

UNEMPLOYMENT INSURANCE/IMPLEMENT THREE-YEAR LOOK BACK

SECTION 6.16.(a) G.S. 96-12.01(a1)(4)c. is amended by adding a new sub-sub-subdivision to read:

"3. This section applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of (i) insured unemployment, not seasonally adjusted, equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in all of the preceding three calendar years and equaled or exceeded five percent (5%) or (ii) total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subsection, equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 6.16.(b) G.S. 96-12.01(a1)(4)e. reads as rewritten:

"(4) There is an "on indicator" for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediate preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this Chapter:

...

e. Total extended benefit amount.

1. The total extended benefit amount payment to any eligible individual with respect to the applicable benefit year shall be the least of the following amounts:

I. Fifty percent (50%) of the total amount of regular benefits which were payable to the individual under this Chapter in the individual's applicable benefit year; or

II. Thirteen times the individual's weekly benefit amount that was payable to the individual under this Chapter for a week of total unemployment in the applicable benefit year.

2. I. Effective with respect to weeks beginning in a high unemployment period, sub-subdivision e.1. of this subdivision shall be applied by substituting:

A. "Eighty percent (80%)" for "fifty percent (50%)" in sub-subdivision e.1.I., and
B. "Twenty" for "thirteen" in sub-subdivision e.1.II.

II. For purposes of sub-subdivision 2.I., the term "high unemployment period" means any period during which an extended benefit period would be in effect if sub-subdivision c. of this subdivision were applied by substituting "eight percent (8%)" for six and one-half percent (6.5%)".

3. This subdivision applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds eight percent (8%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subdivision equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 6.16.(c) The intent of this section is to allow extended benefits to be paid as provided under the federal Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 so long as the payment of the benefits does not hinder the State's ability to reduce the debt it owes the federal government to pay unemployment benefits. It is not the intent of this section to pay for the extended benefits with contributions paid by employers under Chapter 96 of the General Statutes or with contributions paid by employers under the federal payroll tax that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits. Nothing in this section obligates the State to pay extended benefits provided by this section with contributions payable under Chapter 96 of the General Statutes or with any other State funds. This section is null and void if the payment of the benefits would divert federal payroll tax revenue payable by North Carolina employers that would otherwise be used to pay down the amount borrowed from the federal government by the State to pay unemployment benefits.

SECTION 6.16.(d) This section becomes effective April 16, 2011, and expires January 1, 2012.

Position Transfer to Office of State Budget and Management	$ 105,000	$ 105,000
Total	**$5,275,142**	**$6,183,142**

SECTION 6A.1.(b) By September 1 of each year, data integration funding in the Information Technology Fund for that State fiscal year shall be transferred to State agencies in proportion to their use of data integration licenses at that point in time. The State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by September 2 of each year on the status of the transfer.

Any licensing requirements after the 2011-2013 fiscal biennium shall be the responsibility of the participating agency. For the 2012-2013 fiscal year, the State Chief Information Officer shall provide funding in the amount of one million two hundred thousand dollars ($1,200,000) to offset data integration licensing costs and shall charge agencies based on license usage for license costs in excess of one million two hundred thousand dollars ($1,200,000). The State Chief Information Officer shall notify affected agencies of this requirement by September 1, 2011. The State Chief Information Officer shall ensure that agencies choosing to participate after that date are notified prior to agreeing to participate in the data integration license agreement. The State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by September 2, 2011, on agency notification of their responsibility to fund any data integration license requirements after the 2011-2013 fiscal biennium.

SECTION 6A.1.(c) Unless a change is approved by the State Chief Information Officer after consultation with the Office of State Budget and Management, funds appropriated to the Information Technology Fund shall be spent only as specified in this section. Changes shall not result in any degradation to the operation or project for which the funds were originally appropriated.

Any changes to the specified uses shall be approved in writing by the State Chief Information Officer and shall immediately be reported to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on General Government, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on General Government and Information Technology, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. This report shall include detailed reasons for the changes in use and shall explain why each change does not have any potential impact on the operation or project for which the funding was originally appropriated.

SECTION 6A.1.(d) The Office of the State Controller shall coordinate with the Office of the State Chief Information Officer to identify four positions in the Office of the State Chief Information Officer that shall be used, effective August 1, 2011, to support planning and

implementation of an automated fraud detection capability and an e-forms/digital signature project.

SECTION 6A.1.(e) This section is effective when it becomes law.

INFORMATION TECHNOLOGY OPERATIONS

SECTION 6A.2.(a) Information Technology Internal Service Fund Budget. – Notwithstanding G.S. 147-33.88, the Office of Information Technology Services shall develop an annual budget for review and approval by the Office of State Budget and Management in accordance with a schedule prescribed by the Director of the Office of State Budget and Management. The approved Information Technology Internal Service Fund budget shall be included in the Governor's budget recommendations to the General Assembly.

The Office of State Budget and Management shall ensure that State agencies have an opportunity to adjust their budgets based on any rate changes proposed by the Office of Information Technology Services and approved by the Office of State Budget and Management.

Any uses of the Internal Service Fund not specifically related to the operation of the Office of Information Technology Services shall immediately be reported to the Office of State Budget and Management and the Fiscal Research Division with an explanation as to why it was necessary to use the Fund.

SECTION 6A.2.(b) Enterprise Projects. – The State Chief Information Officer shall consult the respective State agency chief information officer and obtain approval from the Office of State Budget and Management prior to the initiation of any enterprise project or contract. State agency requirements shall be incorporated into any enterprise agreement signed by the State Chief Information Officer or his or her representative. Enterprise projects shall not exceed the participating State agencies' ability to financially support the contracts.

SECTION 6A.2.(c) The State Chief Information Officer shall not enter into any information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

(1) Ensure that sufficient funds are budgeted to support their agreed shares of enterprise agreements throughout the life of the contract or project.

(2) Transfer the agreed-upon funds to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.

The State Chief Information Officer shall ensure that enterprise project and contract costs are allocated to participating agencies in an equitable manner.

SECTION 6A.2.(d) Agency Projects. – Prior to initiation, any information technology project, or any segment of a multipart project, costing more than two hundred fifty thousand dollars ($250,000) shall be included in the agency's most recent information technology plan and shall be approved by the General Assembly.

SECTION 6A.2.(e) Three-Year Contracts. – Notwithstanding the cash management provisions of G.S. 147-86.11, the Office of Information Technology Services may procure information technology goods and services for periods of up to a total of three years where the terms of the procurement contract require payment of all, or a portion, of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

(1) Any advance payment can be accomplished within the Information Technology Internal Service Fund budget.

(2) The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.

(3) The procurement complies in all other aspects with applicable statutes and rules.

(4) The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the Information Technology Internal Service Fund

rate calculations before the Office of State Budget and Management annually approves proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. The Office of Information Technology Services shall submit a quarterly written report to the Office of State Budget and Management on any State agency budget impacts resulting from multiyear contracts. Under no circumstances shall multiyear contracts result in rate increases for participating agencies. The Office of Information Technology Services shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division of the North Carolina General Assembly.

SECTION 6A.2.(f) Information Technology Hosting. – State agencies developing and implementing information technology projects/applications shall use the State infrastructure to host their projects. An exception to this requirement may be granted only if approved by both the State Chief Information Officer on the basis of technology requirements and by the Office of State Budget and Management based on cost savings, subject to consultation with the Joint Legislative Commission on Governmental Operations and a report to the Joint Legislative Oversight Committee on Information Technology.

Projects/applications currently hosted outside the State infrastructure shall be returned to State infrastructure not later than the end of any current contract.

By October 1, 2011, the State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology regarding projects currently hosted outside State infrastructure and a schedule to return those projects to State infrastructure.

SECTION 6A.2.(g) Service Level Agreements. – Service level agreements developed with supported State agencies shall include metrics for the Office of Information Technology Services as well as the supported agencies. When the Office of Information Technology Services or an agency fails to meet metrics established by the service level agreement, a report shall be provided to the Office of State Budget and Management and the Fiscal Research Division of the General Assembly within 10 days, detailing the shortfall and providing a corrective action plan with a time line.

SECTION 6A.2.(h) The Office of Information Technology Services shall assist State agencies in identifying the least expensive source and best value for the purchase of IT goods and services and shall ensure that agencies receive every available discount when purchasing IT goods and services. When the best value and the least expensive sources are different, the Office of Information Technology Services shall report to the Office of State Budget and Management and the Fiscal Research Division on why the least expensive vendor was not the best value.

SECTION 6A.2.(i) Agency Billing and Payments. – The State CIO shall ensure that bills from the Office of Information Technology Services are easily understood and fully transparent. If a State agency fails to pay its IT Internal Service Fund bills within 30 days of receipt, the Office of State Budget and Management may transfer funds from the agency to cover the cost of the bill from that agency to the IT Internal Service Fund.

COORDINATION OF INFORMATION TECHNOLOGY REQUIREMENTS AND GEOGRAPHIC INFORMATION SYSTEM REQUIREMENTS

SECTION 6A.3. The State Chief Information Officer, through the Enterprise Project Management Office, shall develop a plan and adopt measures to avoid the duplication of information technology capabilities and resources across State agencies. When multiple agencies require the same or substantially similar information technology capability, the State Chief Information Officer shall designate one State agency as the lead to coordinate support and to manage that capability for all State agencies requiring the capability, with the State Chief Information Officer maintaining oversight of the effort. Further, the Enterprise Project Management Office shall:

(1) Review all ongoing and future technology projects to determine whether the capabilities required for each project, or the specific requirements comprising a component within a project, already exist in a planned, ongoing, or completed information technology project developed by another State agency. Information Technology Procurement shall work to develop contracts for information technology projects to allow the addition of other agencies' requirements within the terms of the existing contract.

(2) Identify existing projects that can best support a particular requirement for multiple agencies and work to transition agencies to those projects.
(3) When State agencies request approval for new projects, determine if the information technology project has transferable applicability to current or future capabilities required by another State agency.
(4) Upon identifying an existing information technology capability needed by a State agency, assist that agency in determining how best to access existing projects.
(5) Implement the State Chief Information Officer's plan to reduce duplication.
(6) Deny approval for new projects that duplicate existing capabilities within State agencies.
(7) Provide quarterly reports to the Fiscal Research Division of the General Assembly on progress toward eliminating duplication. The report shall include a list of duplicate projects across State agencies, both ongoing and legacy, and shall document explicit efforts to reduce the duplication. It shall specifically address progress during the quarter for which the report is being submitted. It shall also include a list of projects denied approval because of duplication, with a description of the measures taken to access an existing project with the same capabilities.

All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) to ensure that they are not duplicating an existing function. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By January 1 of each year, the CGIA shall make a written report to the Joint Legislative Oversight Committee on Information Technology and to the Fiscal Research Division of the General Assembly on the results of these efforts.

CRIMINAL JUSTICE LAW ENFORCEMENT AUTOMATED DATA SERVICES (CJLEADS)

SECTION 6A.4.(a) The Office of the State Controller, in cooperation with the State Chief Information Officer, shall:

(1) Continue the implementation of the Criminal Justice Data Integration Pilot Program, which is now known as the Criminal Justice Law Enforcement Automated Data Services (CJLEADS), expanding it throughout the State of North Carolina;
(2) Review plans to transition CJLEADS to the Department of Justice, determining if that is still the best course of action, and identifying an alternative, if required;
(3) By October 1, 2011, provide a recommendation to the Joint Legislative Oversight Committee on Information Technology on the best alternative for managing and hosting CJLEADS, along with a time line for the transition; and
(4) Provide quarterly reports on the status of the Program to the Joint Legislative Oversight Committee on Information Technology beginning October 1, 2011.

SECTION 6A.4.(b) The Office of the State Controller shall administer CJLEADS with the assistance of a Leadership Council consisting of:

(1) The Attorney General;
(2) The Director of the Administrative Office of the Courts;
(3) The Secretary of the Department of Correction;

(8) The President of the North Carolina Sheriffs' Association, Inc.;
(9) A representative of the Federal Bureau of Investigation, who shall be a nonvoting member;
(10) The State Controller; and

(11) The State Chief Information Officer.

SECTION 6A.4.(c) Data that is not classified as a public record under G.S. 132-1 shall not be considered a public record when incorporated into the CJLEADS database.

SECTION 6A.4.(d) To maintain the confidentiality requirements attached to the information provided to CJLEADS by the various State and local agencies, each source agency providing data for CJLEADS shall be the sole custodian of the data for the purpose of any request for inspection or copies thereof under Chapter 132 of the General Statutes. CJLEADS shall only allow access to data from the source agencies in accordance with rules adopted by the respective source agencies.

SECTION 6A.4.(e) Agencies shall use existing resources to provide required support for CJLEADS.

SECTION 6A.4.(f) Section 6.10 of S.L. 2010-31 is repealed.

CONTINUING PILOT PROGRAM TO ALLOW PUBLIC-PRIVATE PARTNERSHIPS TO MEET DEPARTMENT OF REVENUE TECHNOLOGY NEEDS

SECTION 6A.5.(a) To speed the implementation of the Tax Information Management System (TIMS) and the additional components of the Planning and Design Project (PDP) through June 30, 2015, the Secretary of the Department of Revenue may enter into public-private arrangements where (i) the funding of the project under the arrangement comes from revenue generated by the project and (ii) the project is related to the implementation of TIMS and additional components of the PDP. As used in this section, the "additional components of the PDP" are Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services. All such arrangements shall terminate June 30, 2015.

Work under a public-private arrangement may be contracted by requests for proposals, modifications to existing contracts, and purchases using existing contract vehicles.

The Secretary of Revenue shall establish a measurement process to determine the increased revenue attributable to the public-private arrangements. To accomplish this, the Secretary shall consult subject matter experts outside the Department of Revenue, both within State government and from private industry. The measurement process shall include:

(1) Calculation of a revenue baseline against which the increased revenue attributable to the project is measured;

(2) Periodic evaluation to determine if the baseline needs to be modified based on significant measurable changes in the economic environment; and

(3) Monthly calculation of increased revenue attributable to contracts executed under this program.

Of funds generated from collections above the baseline established by subdivision (1) of this subsection, in both the General Fund, Highway Funds, and the State portion of the Unauthorized Substance Tax collections of the Special Revenue Fund, up to forty-five million five hundred thousand dollars ($45,500,000) may be authorized by the Office of State Budget and Management for the purchases related to the implementation of TIMS and the additional components of the PDP, including payment for services from non-State entities. The Department of Revenue may retain an additional six million six hundred forty-six thousand five hundred fifty-seven dollars ($6,646,557) from benefits generated for the General Fund since the beginning of the public-private partnership. These funds shall be used as payment of internal costs for the fiscal biennium, and such funds are hereby appropriated for this purpose.

If the Department of Revenue finds that it cannot generate additional benefits totaling forty-five million five hundred thousand dollars ($45,500,000) through June 30, 2015, or that total costs exceed the total available appropriations and earned benefits, then the Department shall do all of the following: (i) immediately notify the Chairs of the House of Representatives and Senate Appropriations Committees and the Fiscal Research Division, (ii) identify any obligations to vendors, (iii) identify options for meeting obligations to vendors, and (iv) provide costs associated with each option. The Department shall ensure that this notification is made in sufficient time to allow the General Assembly to properly evaluate the options presented.

SECTION 6A.5.(b) Notwithstanding G.S. 114-2.3, the Department of Revenue shall engage the services of private counsel with the pertinent information technology and computer law expertise to review requests for proposals, and to negotiate and review contracts associated with TIMS and the additional components of the Planning and Design Project (PDP)

(Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services).

SECTION 6A.5.(c) There is established within the Department of Revenue the Oversight Committee for reviewing and approving the benefits measurement methodology and calculation process. The Oversight Committee shall review and approve in writing all contracts, including change orders, amendments to contracts, and addendums to contracts, before they are executed under this section. This shall include (i) details of each public-private contract, (ii) the benefits from each contract, and (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including the measurement process established for the Secretary of Revenue. The Oversight Committee shall approve all of the fund transfers for this project. Within five days of entering into a contract, the Department shall provide copies of each contract and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

The members of the Committee shall include the following:

(1) The State Budget Director;
(2) The Secretary of the Department of Revenue;
(3) The State Chief Information Officer;
(4) Two persons appointed by the Governor;
(5) One member of the general public having expertise in information technology appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives; and
(6) One member of the general public having expertise in economic and revenue forecasting appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate.

The State Budget Director shall serve as chair of the Committee. The Committee shall set its meeting schedule and adopt its rules of operation by majority vote. A majority of the members constitutes a quorum. Vacancies shall be filled by the appointing authority. Administrative support staff shall be provided by the Department of Revenue. Members of the Committee shall receive reimbursements for subsistence and travel expenses as provided by Chapter 138 of the General Statutes. The Committee shall terminate on June 30, 2015.

The Department shall provide copies of the minutes of each meeting and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(d) Beginning August 1, 2011, and quarterly thereafter, the Department of Revenue shall submit detailed written reports to the Chairs of the House of Representatives and Senate Committees on Appropriations, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division of the Legislative Services Office. The report shall include (i) details of each public-private contract, (ii) the benefits from each contract, (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including cost savings and the acceleration of the project time line, (iv) and any issues associated with the operation of the public-private partnership.

SECTION 6A.5.(e) In addition to the oversight provided by the Oversight Committee established in subsection (c) of this section, the TIMS project shall be subject to existing Information Technology project oversight legislation and the TIMS project management shall comply with all statutory requirements and other requirements established by the State Chief Information Officer and the Office of State Budget and Management for information technology projects. The State Chief Information Officer and the Office of State Budget and Management shall immediately report any failure to do so to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(f) Section 6.20 of S.L. 2009-451, as rewritten by Section 2.3 of S.L. 2010-123, is repealed.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 6A.6.(a) Effective for the 2011-2013 fiscal biennium, and notwithstanding any provision of law to the contrary:

(1) No contract for information technology personal services, or providing personnel to perform information technology functions, may be established or renewed without the express written approval of the Statewide Information Technology Procurement Office.

(2) Before any State agency, department, or institution may renew a contract position for information technology personnel, the State agency must report to the Statewide Information Technology Procurement Office, the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and to the Fiscal Research Division. The report shall explain:

Contract positions subject to this section shall be reviewed and approved by the Statewide Information Technology Procurement Office and shall be entered into the project portfolio management tool.

The Statewide Information Technology Procurement Office shall determine the market rate for the type of contract required, as well as to determine the comparable cost for a State employee. Agencies may not exceed the market rate determined by the Statewide Information Technology Procurement Office. After the Statewide Information Technology Procurement Office provides cost data, the Office of State Budget and Management must approve funding for the position.

SECTION 6A.6.(b) Whenever a State agency, department, or institution determines that only a contractor can fill a position and the position is required to perform an ongoing function within the agency, the head of the State agency must develop and implement a plan to hire or train a qualified State employee to fill the position within 12 months. Within 60 days of hiring the contractor, this plan shall be forwarded to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and the Fiscal Research Division.

SECTION 6A.6.(c) Beginning August 1, 2011, and monthly thereafter, each State agency, department, and institution employing information technology personal services contractors, or contract personnel performing information technology functions, shall provide a detailed report on those contracts to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, the Joint Legislative Oversight

(2) The total annual cost for information technology contractors and the total annual salary and benefits cost for filling the contract positions with State employees.

(3) A determination of whether the information technology functions performed by the contractor can be performed by State employees.

(4) All information required by this subsection related to information technology contractors regardless of the contracting source.

SECTION 6A.6.(d) Each State agency shall provide a detailed explanation of any differences between the agency report required by subsection (b) of this section and the Information Technology Expenditures Report published annually by the Office of the State Controller. This report of differences shall be due 30 days after the publication of the Office of the State Controller's report and shall be submitted to the Office of State Budget and Management, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Information Technology.

SECTION 6A.6.(e) This section does not apply to The University of North Carolina and its constituent institutions.

Information technology infrastructure includes personal computers, hosting and network environments, the help desk, call centers, and information technology security. Applications include enterprise software, on-demand software, and customized software. At a minimum, the consolidation plan shall include the following:

(1) Defined targets and priorities with a detailed time line for the implementation of consolidation.

(2) The costs of consolidation by fiscal year and by agency.

(3) The anticipated savings to result from consolidation and a time line for actual achievement of those savings.

(4) Technical, policy, or other issues associated with achieving a timely and effective consolidation.

(5) A process to transfer all information technology hardware and software funding to the Office of the State CIO.

(6) Creation of a project management organization to manage all information technology projects.

(7) Review of agency, Office of Information Technology Services, and Office of the State CIO to identify redundant personnel positions.

When setting consolidation targets, the State CIO shall give high priority to infrastructure issues that pose significant risk to agency operations or data, that provide opportunities for immediate cost savings, and where a statewide approach would minimize disruption of services. In carrying out the consolidation, the Office of Information Technology Services shall utilize the authority set out in G.S. 147-33.83.

SECTION 6A.7.(b) Beginning July 1, 2011, the State CIO shall plan and implement an enterprise level grants management system. Similar systems currently under development may be suspended by the State CIO with funding reprogrammed to support development of the enterprise level grants management system.

In coordination with the State CIO, the Department of Health and Human Services shall develop a plan to implement a single case management system throughout that Department, beginning in the 2012-2013 fiscal year, and shall report to the Joint Legislative Oversight Committee on Information Technology by February 1, 2012, on its initiatives to implement the system. The report shall include a detailed time line for completion and an explanation of the costs associated with case management consolidation.

SECTION 6A.7.(c) Beginning September 1, 2011, and quarterly thereafter, the Office of State Budget and Management, in conjunction with the State CIO, shall provide written reports to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division relating to State information technology consolidation.

ITS/INTERNAL SERVICE FUND RATE ESTABLISHMENT/CASH MANAGEMENT

SECTION 6A.8.(a) For each year of the 2011-2013 fiscal biennium, receipts for the Information Technology Internal Service Fund shall not exceed one hundred ninety million dollars ($190,000,000), excluding a 60-day balance for contingencies. Rates established by the Office of State Budget and Management (OSBM) to support the IT Internal Service Fund shall be based on this required fund limit. Established rates shall be adjusted within 30 days in the event the fund exceeds the prescribed limit. In the event that an increase in receipts for the IT Internal Service Fund is required, the Office of Information Technology Services may implement the increase after consultation with the Joint Legislative Commission on Governmental Operations.

SECTION 6A.8.(b) Rates shall be set to support a specific service for which an agency is being charged. Overhead charges to agencies must be consistently applied and must not exceed industry standards. Rate increases shall require approval of the OSBM. Rate reductions shall be immediately implemented following notification of the OSBM.

SECTION 6A.8.(c) Beginning October 1, 2011, the State Chief Information Officer shall submit a quarterly report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on collections for, expenditures from, and the balance of the IT Internal Service Fund. The report shall include all expenditures made from the fund to support the Office of Information Technology Services and the activities of the State Chief Information Officer.

INFORMATION TECHNOLOGY PRIVATIZATION

SECTION 6A.9.(a) Any privatization of any grouping of information technology services, or "towers," identified in the Infrastructure Study and Assessment (INSA) shall require prior approval from the General Assembly. Funding to support any outsourcing of any of these towers shall be specifically appropriated by the General Assembly for that purpose, to include any use of Information Technology Internal Service Fund receipts.

SECTION 6A.9.(b) Before privatizing any major information technology function during the 2011-2013 fiscal biennium, the State Chief Information Officer shall do all of the following:

e. Risks associated with privatization, measures being taken to mitigate those risks, and any costs associated with the mitigation measures.
f. Any security issues associated with outsourcing each application impacted by the outsourcing, with a detailed plan to mitigate those issues.
g. A list of State employees to be terminated with information on their job description and how long they have been employed by the State, a schedule of when the terminations are to occur, the cost of terminating each employee, and plans to assist each terminated employee.

The State Chief Information Officer shall consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology on the completed plan prior to any implementation of privatization.

(2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.

(3) Privatize only those individual functions where verifiable market data shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.

(4) Document and certify any anticipated savings resulting from privatization by individual function.

(5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.

(6) Ensure that any changes are made across the entire executive branch.

(7) Consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology regarding the plan for funding any requirements formerly covered by the receipts from the privatized function.

(1) Report quarterly on the results of the privatization, including a detailed comparison of projected savings to actual cost, data on whether or not the vendor is meeting service level agreements, and an explanation of the reasons for any deficiency or difference.

(2) Immediately notify the Joint Legislative Commission on Governmental Operations of any outsourcing effort that does not meet projected savings or required service levels for two quarters in a row or during any two quarters of a fiscal year, and develop a corrective action plan.

(3) Terminate any contract where privatization fails to achieve projected savings or meet service levels over a period of 12 months.

STATE PORTAL IMPLEMENTATION AND OPERATION

SECTION 6A.10.(a) The Department of Administration may implement and operate a statewide electronic enterprise portal to increase the convenience of members of the public in conducting online transactions with, and obtaining information from, State government and to facilitate their interactions and communications with government agencies. The portal shall be hosted on State information technology infrastructure.

SECTION 6A.10.(b) Prior to any development or implementation of a State portal, the Department of Administration shall provide all of the following to the General Assembly:

(1) A detailed plan for development and implementation of the portal, to include a list of applications being considered for implementation during the 2011-2013 and 2013-2015 biennia, including:
a. A description of how the portal is to be implemented, to include the use of outside vendors, with detailed information on their

participation and the potential cost to the State, businesses, and anyone doing business with the State.

b. A list of potential services and a time line for implementing each service.

c. Detailed information on the anticipated cost of ownership of the portal and any services proposed for implementation during the period, to include the amount of any payments received by vendors supporting the project.

(2) A funding model for the implementation that does not increase the cost of services for anyone doing business with the State or reduce the receipts or other funding currently available to State agencies or included in appropriations for the 2011-2013 biennium.

SECTION 7.1A.(k) Cooperative innovative high schools approved by the State Board of Education prior to July 1, 2011, shall meet the requirements of G.S. 115C-238.50A(5) as enacted by subsection (j) of this section no later than July 1, 2014. Any cooperative innovative high school which fails to meet the requirements by that date shall no longer be authorized as a cooperative innovative high school.

SECTION 7.1A.(l) Subsection (e) of this section takes effect January 1, 2013, and is repealed effective June 30, 2015. The remainder of this section becomes effective January 1, 2012.

CLASS SIZE REDUCTION FOR GRADES 1-3

SECTION 7.1B. The General Assembly finds that educational research has shown that small classes of 15 or fewer students result in marked improvement in learning in grades

1-3, as measured by standardized tests in reading and mathematics, that the advantages gained from being in small classes have been shown to have a lasting benefit into the later years of students' lives, and that these studies have shown that small classes have a particularly beneficial effect on the academic achievement of children from disadvantaged backgrounds. The General Assembly further finds that larger class sizes allow less time to develop relationships with students, colleagues, and parents, and prevent the implementation of new and more dynamic and individualized teaching strategies and techniques. Therefore, it is the intent of the General Assembly to reduce class size in grades 1 through 3 to a class size allotment not exceeding 1:15 as funds become available.

FUNDS FOR CHILDREN WITH DISABILITIES

SECTION 7.2. The State Board of Education shall allocate additional funds for children with disabilities on the basis of three thousand five hundred eighty-five dollars and eighty-eight cents ($3,585.88) per child. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of its 2011-2012 allocated average daily membership in the local school administrative unit. The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.3. The State Board of Education shall allocate additional funds for academically or intellectually gifted children on the basis of one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2011-2012 and one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2012-2013. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2011-2012 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

USE OF SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

SECTION 7.4.(a) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks and (ii) for salary supplements for instructional personnel and instructional support personnel. Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II in grades 4 and 7.

(5) "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

(6) "County-adjusted property tax base" shall be computed as follows:

a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county.

b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies.

c. Add to the resulting amount the following:

1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2.

c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth.

d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

(10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

(11) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(12) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

(13) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(14) "State average current expense appropriations per student" means the most recent State total of county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(16) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(17) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.4.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.4.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.4.(e) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.4.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.4.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local

current expense funds and shall not supplant local current expense funds. For the 2011-2013 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.4.(h) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties have supplanted funds.

SECTION 7.4.(i) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

(2) Provide intensive in-school and/or after-school remediation;

(3) Purchase diagnostic software and progress-monitoring tools; and

(4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for

instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

(1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:19.9.

(2) For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:19.4.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(c) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

(6) Allot vocational education funds for grade 6 as well as for grades 7-12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula also is not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 7.12.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2011-2013 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.12.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for seven years after the unit becomes ineligible.

...

(f) All funds appropriated to or otherwise received by the Teaching Fellows Program for scholarships, all funds received as repayment of scholarship loans, and all interest earned on these funds, shall be placed in a revolving fund. This revolving fund shall be used for scholarship loans granted under the Teaching Fellows Program. With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used for campus and summer program support, and costs related to disbursement of awards and collection of loan repayments.

The Public School Forum, as administrator for the Teaching Fellows Program, may use up to ~~eight hundred ten thousand dollars ($810,000)~~six hundred thousand dollars ($600,000) annually from the fund balance for costs associated with administration of the Teaching Fellows Program."

RESIDENTIAL SCHOOLS

SECTION 7.25.(a) The General Assembly finds that the operation of the Eastern North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the North Carolina School for the Deaf (collectively, the "residential schools") no longer meets the needs of the populations they serve in an efficient and effective manner, and that current levels of utilization of the residential schools can be accommodated with two schools. No later than January 15, 2012, the Department shall report to the Joint Legislative Education Oversight Committee of the General Assembly the residential school it has decided to close and the Department's plan for consolidating the programs with those at the two remaining schools. The Department shall base its choice of the residential school to be closed on the following considerations:

(1) Minimization of impact on services to deaf and blind students currently served by the residential schools.

(2) Minimization of costs of modifications at the two remaining residential schools to accommodate students from the closed school.

(3) Maximization of funds generated or net savings to the State from costs avoided due to the closure of one school and the sale or transfer to other State agencies of the school campus and other physical assets.

(4) Minimization of required travel for students of the school that is closed.

(5) Historical and cultural significance of the school.

Effective July 1, 2012, the Department of Public Instruction shall carry out the closure and consolidation described in its report.

SECTION 7.25.(b) The Department of Public Instruction shall ensure that the residential and instructional schedules for the residential schools that were in effect before

February 8, 2010, shall remain in effect unless the General Assembly approves a material change to the instructional week. Residential students shall have the opportunity to arrive at their respective schools on the evening of the day before commencement of academic instruction for the week. The Department shall also maintain summer school programming at the residential schools in substantially the same manner as in prior years and shall make no material changes to summer school programming without the approval of the General Assembly.

SECTION 7.25.(c) The Department of Public Instruction may create a principal position at each residential school not currently assigned a principal position from funds appropriated in this act for the residential schools.

SECTION 7.25.(d) The position of superintendent for the residential schools within the Department of Public Instruction is eliminated. The Department shall designate one of the directors of the residential schools to serve as the superintendent for the residential schools. Of funds previously appropriated to the Department for the position of superintendent for the residential schools, the sum of twenty thousand dollars ($20,000) shall be used to supplement the salary of the director who also serves as superintendent of residential schools. The remaining funds shall be used to offset other reductions to the residential schools made in this act.

SECTION 7.25.(e) G.S. 115C-325(p) reads as rewritten:

"(p) Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Public Instruction, Correction, or Juvenile Justice and Delinquency Prevention regardless of the age of the students."

DEPARTMENT OF PUBLIC INSTRUCTION RECEIPTS

SECTION 7.27. Notwithstanding G.S. 143C-6-4(b)(3), the Department of Public Instruction may realign receipts among the following General Fund purpose codes on a recurring basis through the budget certification process for the sole purpose of correctly aligning the certified budget with the appropriate purpose or programs as defined in G.S. 143C-1-1(d)(23): 1000, 1100, 1300, 1330, 1430, 1500, 1600, 1640, and 1660.

INCREASE NUMBER OF INSTRUCTIONAL DAYS

SECTION 7.29.(a) G.S. 115C-84.2 reads as rewritten:

"**§ 115C-84.2. School calendar.**

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) **(See notes)** A minimum of ~~180~~185 days and ~~1,000~~1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~180~~185 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

~~(4) Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall~~

~~schedule one of these days at the beginning of the school year and one at the end of each academic quarter.~~

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a local board of education a waiver to use up to five of the instructional days required by subdivision (1) of this subsection as teacher workdays. For each instructional day waived, the State Board shall waive an equivalent number of instructional hours.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least ~~seven~~ two days scheduled under ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. – The following limitations apply when developing the school calendar:

(1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

(2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.

(3) School shall not be held on Sundays.

(4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. – During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means either that:

(1) Schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations; or

(2) Schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years

because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section."

SECTION 7.29.(b) G.S. 115C-238.29F(d)(1) reads as rewritten:

"(1) The school shall provide instruction each year for at least ~~180~~185 days. If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a charter school a waiver to use up to five of these instructional days as teacher workdays."

SECTION 7.30.(a) G.S. 115C-174.11 reads as rewritten:

"**§ 115C-174.11. Components of the testing program.**

(a) Assessment Instruments for First and Second Grades. – The State Board of Education shall adopt and provide to the local school administrative units developmentally appropriate individualized assessment instruments consistent with the Basic Education Program for the first and second grades, rather than standardized tests. Local school administrative units may use these assessment instruments provided to them by the State Board for first and second grade students, and shall not use standardized tests except as required as a condition of receiving federal grants.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program.

(1) The State Board of Education shall adopt the tests for grades three through 12 that are required by federal law or as a condition of a federal grant. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies for grades nine through 12. Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states.

(3) The State Board of Education shall continue to participate in the development of the Common Core State Standards in conjunction with the consortium of other states, review all national assessments developed by both multistate consortia, and implement the assessments that the State Board deems most appropriate to assess student achievement on the Common Core State Standards.

(4) To the extent funds are made available, the State Board shall plan for and require the administration of the ACT test for all students in the eleventh grade unless the student has already taken a comparable test and scored at or above a level set by the State Board.

(d) Except as provided in ~~subdivision (2) of~~ subsection (c) of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

The State Board of Education shall adopt and provide to local school administrative units all tests required by federal law or as a condition of a federal grant."

SECTION 7.30.(b) Article 10A of Chapter 115C of the General Statutes is amended by adding two new Parts to read:

"Part 4. Student Diagnostic Tests.

"**§ 115C-174.20. Tools for student learning.**

To the extent funds are made available for this purpose, the State Board shall plan for and require the administration of diagnostic tests in the eighth and tenth grades that align to the ACT test in order to help diagnose student learning and provide for students an indication of whether they are on track to be remediation-free at a community college or university.

"Part 5. Career Readiness.

"**§ 115C-174.25. WorkKeys.**

To the extent funds are made available for this purpose, the State Board shall plan for and require local school administrative units to make available the appropriate WorkKeys tests for all students who complete the second level of vocational/career courses."

In determining the appropriate weighting, the State Board of Community Colleges shall weigh curriculum courses in high-cost areas such as health care, technical education, and lab-based science courses more heavily than other curriculum courses. The State Board of Community Colleges shall also weigh continuing education courses that lead to a third-party credential or certification and courses providing an industry-designed curriculum more heavily than other occupational extension courses.

USE OF OVERREALIZED RECEIPTS TO SUPPORT ENROLLMENT GROWTH RESERVE RATHER THAN EQUIPMENT RESERVE

SECTION 8.4. G.S. 115D-31(e) reads as rewritten:

"(e) If receipts for community college tuition and fees exceed the amount certified in General Fund Codes at the end of a fiscal year, the State Board of Community Colleges shall transfer the amount of receipts and fees above those budgeted to the ~~Equipment Reserve Fund.~~Enrollment Growth Reserve. AUTHORIZE BOARD OF GOVERNORS TO PERMIT NORTH CAROLINA STATE UNIVERSITY TO SELF-PERFORM ENERGY CONSERVATION MEASURES AND TO AUTHORIZE ENERGY SAVINGS REALIZED BY NORTH CAROLINA STATE UNIVERSITY TO BE USED AS A SOURCE OF REPAYMENT FOR CERTAIN DEBTS

SECTION 9.6D.(a) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17L. Board of Governors may authorize energy conservation measures at constituent institutions.**

(a) Authority. – Notwithstanding the provisions of this Part to the contrary, the Board of Governors of The University of North Carolina may authorize any constituent institution listed in subsection (e) of this section to implement an energy conservation measure without entering into a guaranteed energy savings contract if both of the following conditions are met:

(1) The Board of Governors finds that the energy savings resulting from the implementation of the energy conservation measure shall, according to the energy savings analysis received pursuant to G.S. 143-64.17M(a), equal or exceed the total cost of implementing the measure. If the proposed implementation will be financed with debt, then the energy savings analysis must project sufficient energy savings to pay the debt service on any bonds to be issued. As used in this subdivision, the term 'total cost' shall have the same meaning as it does in G.S. 143-64.17B(d).

(2) The energy conservation measure is for an existing building or utility system.

(b) Scope of Authority. – In implementing an energy conservation measure pursuant to subsection (a) of this section, the Board of Governors may undertake or authorize any constituent institution listed in subsection (e) of this section to undertake any action that (i) could be required of a qualified provider under a guaranteed energy savings contract or (ii) is otherwise permissible under this Part.

(c) Projects Consisting of Multiple Energy Conservation Measures. – The Board of Governors may authorize the implementation of multiple energy conservation measures simultaneously as part of a single project. When doing so, the findings required by subsection (a) of this section may be made with respect to the project as a whole and need not be made with respect to individual energy conservation measures. Similarly, the analyses required by G.S. 143-64.17M may be conducted for the project as a whole instead of for individual energy conservation measures.

(d) Continuing Applicability of Part to Contracts. – If the Board of Governors or a constituent institution implements an energy conservation measure through a guaranteed energy savings contract, that contract shall accord in all respects with the requirements of this Part.

(e) The Board of Governors may authorize North Carolina State University to implement an energy conservation measure without entering into a guaranteed energy savings contract pursuant to this section."

SECTION 9.6D.(b) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17M. Energy savings analysis required prior to implementation; post-implementation analyses required.**

(a) Energy Savings Analysis Required Prior to Implementation. – Prior to implementing an energy conservation measure pursuant to G.S. 143-64.17L, an energy savings analysis shall be performed to validate the economic assumptions that purportedly support the implementation of the measure. This analysis shall be performed by a third party selected by the constituent institution and shall include an energy consumption analysis to develop a baseline of previous costs of all utilities' energy consumption for the institution on the assumption that the energy conservation measure was not undertaken. The completed analysis shall be submitted to The University of North Carolina General Administration and to the State Energy Office.

(b) Post-Implementation Analyses Required. – A constituent institution that implements an energy conservation measure pursuant to G.S. 143-64.17L shall retain a third party to perform an annual measurement and verification of energy savings resulting from the energy conservation measure as compared to the baseline of previous costs set forth in the energy savings analysis required by subsection (a) of this section. The third party shall annually provide a reconciliation statement based upon the results of a preagreed upon measurement, monitoring, and verification protocol which shall disclose any shortfall or surplus between the estimated energy usage and operational savings set forth in the energy savings analysis required by subsection (a) of this section and actual, not stipulated, energy usage and operational savings incurred during a given year.

If a reconciliation statement reveals a shortfall in energy savings for a particular year, the constituent institution shall be responsible for and shall pay the shortfall. However, the institution shall not be held responsible for losses due to natural disasters or other emergencies. Any surplus shall be retained by the institution and may be used in the same manner as any other energy savings."

"(b) It is the intent of the General Assembly that appropriations to the Board of Governors on behalf of a constituent institution not be reduced as a result of the institution's realization of energy savings. Instead, the General Assembly intends that the amount of appropriations be determined as if no energy savings had been realized. The Director of the Budget shall not decrease the recommended continuation budget requirements for utilities for constituent institutions by the amount of energy savings realized from implementing energy conservation measures, including savings achieved through a guaranteed energy savings contract."

SECTION 9.6D.(d) G.S. 143-64.17F(b) reads as rewritten:

"(b) The Department of Administration, in consultation with the Department of Commerce through the State Energy Office, shall adopt rules for: (i) agency evaluation of guaranteed energy savings contracts; (ii) establishing time periods for consideration of guaranteed energy savings contracts by the Office of State Budget and Management, the Office of the State Treasurer, and the Council of State, and (iii) setting measurements and verification criteria, including review, audit, and precertification. In compiling the information, the State Energy Office shall include information on the energy savings expected to be realized from a contract or implementation and shall evaluate whether expected savings have in fact been realized."

In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures."

SECTION 9.6D.(h) G.S. 116D-22(3) reads as rewritten:

CHILD CARE SUBSIDY RATES

SECTION 10.1.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 10.1.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.1.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.1.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. SECTION 10.1.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including targeted market rate adjustments given in the past, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.3. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. These curricula shall be added to the currently approved "More At Four" curricula.

SECTION 10.7.(c) G.S. 143B-168.4(a) reads as rewritten:

"(a) The Child Care Commission of the Department of Health and Human Services shall consist of ~~15~~ 17 members. Seven of the members shall be appointed by the Governor and ~~eight~~ 10 by the General Assembly, ~~four~~ five upon the recommendation of the President Pro Tempore of the Senate, and ~~four~~ five upon the recommendation of the Speaker of the House of Representatives. Four of the members appointed by the Governor, two by the General Assembly on the recommendation of the President Pro Tempore of the Senate, and two by the General Assembly on the recommendation of the Speaker of the House of Representatives, shall be members of the public who are not employed in, or providing, child care and who have no financial interest in a child care facility. Two of the foregoing public members appointed by the Governor, one of the foregoing public members recommended by the President Pro Tempore of the Senate, and one of the foregoing public members recommended by the Speaker of the House of Representatives shall be parents of children receiving child care services. Of the remaining two public members appointed by the Governor, one shall be a pediatrician

currently licensed to practice in North Carolina. The General Assembly, upon the recommendation of the President Pro Tempore of the Senate, and the General Assembly, upon the recommendation of the Speaker of the House of Representatives, shall appoint two early childhood education specialists. None may be employees of the State."

SECTION 10.7.(d) The additional curricula approved and taught in prekindergarten classrooms shall also be taught in four- and five-star rated facilities in the non-prekindergarten four-year-old classrooms. The Child Care Commission shall increase standards in the four- and five-star-rated facilities for the purpose of placing an emphasis on early reading. The Commission shall require the four- and five-star-rated facilities to teach from the Commission's approved curricula. The Division of Child Development may use funds from the Child Care Development Fund Block Grant to assist with the purchase of curricula or adjust rates of reimbursements to cover increased costs.

SECTION 10.7.(e) The Division of Child Development and Early Education shall adopt a policy to encourage all prekindergarten classrooms to blend private pay families with prekindergarten subsidized children in the same manner that regular subsidy children are blended with private pay children. The Division may implement a waiver or transition period for the public classrooms.

SECTION 10.7.(f) The prekindergarten program may continue to serve at-risk children identified through the existing "child find" methods in which at-risk children are currently served within the Division of Child Development. The Division of Child Development shall serve at-risk children regardless of income. However, the total number of at-risk children served shall constitute no more than twenty percent (20%) of the four-year-olds served within the prekindergarten program. Any age-eligible child who is a child of either of the following shall be eligible for the program: (i) an active duty member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces, who was ordered to active duty by the proper authority within the last 18 months or is expected to be ordered within the next 18 months or (ii) a member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces, who was injured or killed while serving on active duty. Eligibility determinations for prekindergarten participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships.

SECTION 10.7.(g) The Division of Child Development and Early Education (DCDEE) shall adopt policies that improve the quality of childcare for subsidized children. The DCDEE shall phase in a new policy in which child care subsidies will be paid, to the extent possible, for child care in the higher quality centers and homes only. The DCDEE shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of three-, four-, and five-star-rated facilities, the DCDEE shall establish a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The DCDEE may allow exemptions in counties where there is an inadequate number of three-, four-, and five-star-rated facilities for nonstar-rated programs, such as religious programs.

SECTION 10.7.(h) The Division of Child Development and Early Education shall implement a parent co-payment requirement for prekindergarten classrooms the same as what is required of parents subject to regular child care subsidy payments. All at-risk children and age-eligible children of military personnel as described in subsection (g) of this section are exempt from the co-payment requirements of this subsection.

Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%

4-5	9%
6 or more	8%.

SECTION 10.7.(i) All prekindergarten classrooms regulated pursuant to this section shall be required to participate in the Subsidized Early Education for Kids (SEEK) accounting system to streamline the payment function for these classrooms with a goal of eliminating duplicative systems and streamlining the accounting and payment processes among the subsidy reimbursement systems. Prekindergarten funds transferred may be used to add these programs to SEEK.

SECTION 10.7.(j) Based on market analysis and within funds available, the Division of Child Development and Early Education shall establish reimbursement rates based on newly increased requirements of four- and five-star-rated facilities and the higher teacher standards within the prekindergarten class rooms, specifically More At Four teacher standards, when establishing the rates of reimbursements. Additionally, the prekindergarten curriculum day shall cover six and one-half to 10 hours daily and no less than 10 months per year. The public classrooms will have a one-year transition period to become licensed through the Division of Child Development and may continue to operate prekindergarten, formerly "More At Four," classrooms during the 2011-2012 fiscal year.

MENTAL HEALTH CHANGES

SECTION 10.8.(a) For the purpose of mitigating cash flow problems that many nonsingle-stream local management entities (LMEs) experience at the beginning of each fiscal year, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method by which allocations of service dollars are distributed to each nonsingle-stream LME. To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.8.(b) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars ($29,121,644) for the 2011-2012 fiscal year and the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars ($29,121,644) for the 2012-2013 fiscal year shall be allocated for the purchase of local inpatient psychiatric beds or bed days. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LMEs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across the State in LME catchment areas and according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or

otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds appropriated under this subsection.

SECTION 10.8.(c) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred thousand dollars ($5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams. The new mobile crisis units shall be distributed over the State according to need as determined by the Department.

SECTION 10.8.(d) The Department of Health and Human Services may create a midyear process by which it can reallocate State service dollars away from LMEs that do not appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able to spend the additional funds.

JOHNSTON COUNTY LME ADMINISTRATIVE FUNDING

SECTION 10.8A. Notwithstanding G.S. 122C-115(a1), the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall not further reduce the allocation of administrative funding to the Johnston County Area Mental Health, Developmental Disabilities, and Substance Abuse Authority for the 2011-2012 fiscal year as a consequence of the total population of the catchment area served.

MH/DD/SAS HEALTH CARE INFORMATION SYSTEM PROJECT

SECTION 10.9. Of the funds appropriated to the Department of Health and Human Services for the 2011-2013 fiscal biennium, the Department may use a portion of these funds to continue to develop and implement a health care information system for State institutions operated by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. G.S. 143C-6-5 does not apply to this section.

LME FUNDS FOR SUBSTANCE ABUSE SERVICES

SECTION 10.10.(a) Consistent with G.S. 122C-2, the General Assembly strongly encourages Local Management Entities (LMEs) to use a portion of the funds appropriated for substance abuse treatment services to support prevention and education activities.

SECTION 10.10.(b) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks, in accordance with the federal substance abuse and mental health services administration best practice model entitled Contingency Management.

SECTION 10.10.(c) In providing treatment and services for adult offenders and increasing the number of Treatment Accountability for Safer Communities (TASC) case managers, local management entities shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and Department of Correction releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars ($300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to LMEs for mental health services, substance abuse services, and crisis services.

SECTION 10.10.(d) In providing drug treatment court services, LMEs shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be

chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week drug treatment court program, participants shall receive an array of treatment and aftercare services that meets the participant's level of need, including step-down services that support continued recovery.

MH/DD/SAS COMMUNITY SERVICE FUNDS

SECTION 10.11.(a) The Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (as used in this section "the Division") is directed to reduce the Community Service Fund by twenty million dollars ($20,000,000).

SECTION 10.11.(b) The Division is directed, through consultation with LME representatives and stakeholders, to develop a set of standardized covered benefits for recipients of LME Service Funds that shall become the only services paid for by community service funds through LMEs. These services shall be best practices for developmental disabilities, mental illness, and substance abuse.

SECTION 10.11.(c) Effective January 1, 2012, the Division shall implement a co-payment for all mental health, developmental disabilities, and substance abuse services based upon the Medicaid co-payment rates.

SECTION 10.11.(d) The Division is directed to reduce the Community Service Fund by twenty-five million dollars ($25,000,000) for the 2011-2012 fiscal year based on available fund balance reported by the LMEs' 2010 fiscal audit and estimated unspent reserves held by counties of single county LMEs. The Division shall review the designation of reserved or designated fund balance accounts to determine whether accounts may be moved to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance available for purchase of services. The Division is directed to allocate the reduction among LMEs based on unreserved, undesignated fund balance totals, as of June 30, 2010. This includes an estimate of unspent reserves held by counties of single county LMEs or as necessary to fairly achieve budget reductions in this act for this purpose giving consideration of the LME's unrestricted fund balance and the LME's ability to supplement funding of services without impairing its fiscal stability. LMEs are directed to spend their unreserved, undesignated fund balance on services, commensurate with the reduction directed by the Division pursuant to this subsection.

SECTION 10.11.(e) Quarterly reports shall be submitted to the Division by LMEs to ensure expenditures from fund balance occur at the level required by this law. Additionally, the Division shall review the designation of reserved or designated fund balance accounts to determine whether accounts may be moved to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance available for purchase of services. If categories of funds are moved into the unreserved/undesignated categories, the affected LMEs are encouraged to spend these funds to minimize their share of the twenty million dollars ($20,000,000) in reductions to services as required in subsection (a) of this section.

SECTION 10.11.(f) The Department of Health and Human Services shall report to the House and Senate Appropriations Subcommittees by December 12, 2011, on the status of implementing this section.

CONSOLIDATION OF FORENSIC HEALTH CARE AT DOROTHEA DIX COMPLEX

SECTION 10.12. The Department of Health and Human Services, Division of State Operated Facilities, shall issue a Request for Proposal for the consolidation of forensic hospital care. The operation shall initially be located at the Dorothea Dix complex. The Secretary of Health and Human Services is authorized to proceed with contracting with a private entity if the Secretary can justify savings through the contract. The Secretary shall compare the Department's total cost to provide forensic care to proposals received and determine whether it is cost-effective to contract for this service. The Secretary may only proceed if the Secretary determines the Department will save money and ensure appropriate safety and quality of care for patients.

The Secretary shall report to the Joint Appropriations Subcommittee for Health and Human Services by October 30, 2011, with cost detail and savings identified from the proposals.

TRANSITION OF UTILIZATION MANAGEMENT OF COMMUNITY-BASED SERVICES TO LOCAL MANAGEMENT ENTITIES

SECTION 10.13. The Department of Health and Human Services shall collaborate with LMEs to enhance their administrative capabilities to assume utilization management responsibilities for the provision of community-based mental health, developmental disabilities, and substance abuse services. The Department may, with approval of the Office of State Budget and Management, use funds available to implement this section.

The Department and the pharmaceutical and therapeutics committee shall consider all therapeutic classes of prescription drugs for inclusion on the preferred drug list, except medications for treatment of human immunodeficiency virus or acquired immune deficiency syndrome shall not be subject to consideration for inclusion on the preferred drug list.

The Department shall maintain an updated preferred drug list in electronic format and shall make the list available to the public on the Department's Internet Web site.

The Department shall (i) enter into a multistate purchasing pool; (ii) negotiate directly with manufacturers or labelers; (iii) contract with a pharmacy benefit manager for negotiated discounts or rebates for all prescription drugs under the medical assistance program; or (iv) effectuate any combination of these options in order to achieve the lowest available price for such drugs under such program.

Individuals appointed to the Review Panel, except for the Division's Director of Pharmacy, shall serve only a two-year term.

After the Department, in consultation with the PAG P&T Committee, publishes a proposed policy or procedure related to the Medicaid PDL, the Review Panel shall hold an open meeting to review the recommended policy or procedure along with any written public comments received as a result of the posting. The Review Panel shall provide an opportunity for public comment at the meeting. After the conclusion of the meeting, the Review Panel shall submit policy recommendations about the proposed Medicaid PDL policy or procedure to the Secretary.

The Department may establish a Preferred Drug List for the North Carolina Health Choice for Children program and pursue negotiated discounts or rebates for all prescription drugs under the program in order to achieve the lowest available price for such drugs under such program. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for these discounts or rebates. SECTION 10.36.(a) Subject to approval from the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical Assistance, shall, in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and Community Alternatives Program (CAP) stakeholders, develop a schedule of cost-sharing requirements for families of children with incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation and Developmentally Disabled) and the CAP-C (Community Alternatives Program for Children). The cost-sharing amounts shall be based on a sliding scale of family income and shall take into account the impact on families with more than one child in the CAP programs. In developing the schedule, the Department shall also take into consideration how other states have implemented cost-sharing in their CAP programs. The Division of Medical Assistance may establish monthly deductibles as a means of implementing this cost-sharing. SECTION 10.37.(a) The Department of Health and Human Services, Division of Medical Assistance, may take the following actions, notwithstanding any other provision of this act or other State law or rule to the contrary:

(1) In-Home Care provision. – In order to enhance in-home aide services to Medicaid recipients, the Department of Health and Human Services, Division of Medical Assistance, shall:

a. No longer provide services under PCS and PCS-Plus the later of January 1, 2012, or whenever CMS approves the elimination of the PCS and PCS-Plus programs and the implementation of the following two new services:

1. In-Home Care for Children (IHCC). – Services to assist families to meet the in-home care needs of children, including those individuals under the age of 21 receiving comprehensive and preventive child health services through the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

2. In-Home Care for Adults (IHCA). – Services to meet the eating, dressing, bathing, toileting, and mobility needs of individuals 21 years of age or older who, because of a medical condition, disability, or cognitive impairment, demonstrate unmet needs for, at a minimum, (i) three of the five qualifying activities of daily living (ADLs) with limited hands-on assistance; (ii) two ADLs, one of which requires extensive assistance; or (iii) two ADLs, one of which requires assistance at the full dependence level. The five qualifying ADLs are eating, dressing, bathing, toileting, and mobility. IHCA shall serve individuals at the highest level of need for in-home care who are able to remain safely in the home.

b. Establish, in accordance with G.S. 108A-54.2, a Medical Coverage Policy for each of these programs, to include:

1. For IHCC, up to 60 hours per month in accordance with an assessment conducted by DMA or its designee and a plan of care developed by the service provider and approved by DMA or its designee. Additional hours may be authorized when the services are required to correct or ameliorate defects and physical and mental illnesses and conditions in this age group, as defined in 42 U.S.C. § 1396d(r)(5), in accordance with a plan of care approved by DMA or its designee.

2. For IHCA, up to 80 hours per month in accordance with an assessment conducted by DMA or its designee and a plan of care developed by the service provider and approved by DMA or its designee.

c. Implement the following program limitations and restrictions to apply to both IHCC and IHCA:

1. Additional services to children required under federal EPSDT requirements shall be provided to qualified recipients in the IHCC Program.

2. Services shall be provided in a manner that supplements, rather than supplants, family roles and responsibilities.

3. Services shall be authorized in amounts based on assessed need of each recipient, taking into account care and services provided by the family, other public and private agencies, and other informal caregivers who may be available to assist the family. All available resources shall be utilized fully, and services provided by such agencies and individuals shall be disclosed to the DMA assessor.

4. Services shall be directly related to the hands-on assistance and related tasks to complete each qualifying ADL in accordance with the IHCC or IHCA assessment and plan of care, as applicable.

5. Services provided under IHCC and IHCA shall not include household chores not directly related to the qualifying ADLs,

nonmedical transportation, financial management, and non-hands-on assistance such as cueing, prompting, guiding, coaching, or babysitting.

6. Essential errands that are critical to maintaining the health and welfare of the recipient may be approved on a case-by-case basis by the DMA assessor when there is no family member, other individual, program, or service available to meet this need. Approval, including the amount of time required to perform this task, shall be documented on the recipient's assessment form and plan of care.

d. Utilize the following process for admission to the IHCC and IHCA programs:

1. The recipient shall be seen by his or her primary or attending physician, who shall provide written authorization for referral for the service and written attestation to the medical necessity for the service.

2. All assessments for admission to IHCC and IHCA, continuation of these services, and change of status reviews for these services shall be performed by DMA or its designee. The DMA designee may not be an owner of a provider business or provider of in-home or personal care services of any type.

3. DMA or its designee shall determine and authorize the amount of service to be provided on a "needs basis," as determined by its review and findings of each recipient's degree of functional disability and level of unmet needs for hands-on personal assistance in the five qualifying ADLs.

e. Take all appropriate actions to manage the cost, quality, program compliance, and utilization of services provided under the IHCC and IHCA programs, including, but not limited to:

1. Priority independent reassessment of recipients before the anniversary date of their initial admission or reassessment for those recipients likely to qualify for the restructured IHCC and IHCA programs.

2. Priority independent reassessment of recipients requesting a change of service provider.

3. Targeted reassessments of recipients prior to their anniversary dates when the current provider assessment indicates they may not qualify for the program or for the amount of services they are currently receiving.

4. Targeted reassessment of recipients receiving services from providers with a history of program noncompliance.

5. Provider desk and on-site reviews and recoupment of all identified overpayments or improper payments.

10. Establishment of rules that implement the requirements of 42 C.F.R. § 441.16.

f. Time line for implementation of new IHCC and IHCA programs.

1. Subject to approvals from CMS, DMA shall make every effort to implement the new IHCC and IHCA programs by January 1, 2013.

2. DMA shall ensure that individuals who qualify for the IHCC and IHCA programs shall not experience a lapse in service and, if necessary, shall be admitted on the basis of their current provider assessment when an independent reassessment has not yet been performed and the current assessment documents that the medical necessity requirements for the IHCC or IHCA program, as applicable, have been met.
3. Prior to the implementation date of the new IHCC and IHCA programs, all recipients in the PCS and PCS-Plus programs shall be notified pursuant to 42 C.F.R. § 431.220(b) and discharged, and the Department shall no longer provide services under the PCS and PCS-Plus programs, which shall terminate. Recipients who qualify for the new IHCC and IHCA programs shall be admitted and shall be eligible to receive services immediately.

(2) Clinical coverage. – The Department of Health and Human Services, Division of Medical Assistance, shall amend applicable clinical policies and submit applicable State Plan amendments to Centers for Medicare and Medicaid Services (CMS) to implement the budget reductions authorized in the following clinical coverage areas in this act:
a. Eliminate or limit adult physical therapy, occupational therapy, and speech therapy visits to three visits per calendar year.

(3) MH/DD/SAS personal care and personal assistance services provision. – A denial, reduction, or termination of Medicaid-funded personal care services or in-home care services shall result in a similar denial, reduction, or termination of State-funded MH/DD/SAS personal care and personal assistance services.

(4) Community Support Team. – Authorization for a Community Support Team shall be based upon medical necessity as defined by the Department and shall not exceed 18 hours per week.

(5) MH residential. – The Department of Health and Human Services shall restructure the Medicaid child mental health, developmental disabilities, and substance abuse residential services to ensure that total expenditures are within budgeted levels. All restructuring activities shall be in compliance with federal and State law or rule. The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services shall establish a team inclusive of providers, LMEs, and other stakeholders to assure effective transition of recipients to appropriate treatment options. The restructuring shall address all of the following:
a. Submission of the therapeutic family service definition to CMS.
b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.
c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing endorsement and nationally accrediting requirements. In the interim, providers who are nationally accredited will be preferred providers for placement considerations.
d. Before a child can be admitted to Level III or Level IV placement, an assessment shall be completed to ensure the appropriateness of placement, and one or more of the following shall apply:
1. Placement shall be a step down from a higher level placement such as a psychiatric residential treatment facility or inpatient facility.

Any exceptions granted will require (i) for non-CABHAs, an independent psychological or psychiatric assessment, (ii) for CABHAs, a psychological or psychiatric assessment that may be completed by the CABHA, and (iii) for both, a Child and Family Team review of goals and treatment progress, that family or discharge placement setting are actively engaged in treatment goals and objectives, and active participation of the prior authorization of vendor.

f. Submission of discharge plan is required in order for the request for authorization for Level III or Level IV services to be considered complete, but the authorization approval is not conditional upon the receipt of the signature of the system of care coordinator. The LME will designate appropriate individuals who can sign the discharge plan within 24 hours of receipt of the discharge plan. Failure to submit a complete discharge plan will result in the request being returned as unable to process.

g. Any residential provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.

h. Record maintenance is the responsibility of the provider and must be in compliance with record retention requirements. Records shall also be available to State, federal, and local agencies.

i. Failure to comply with notification, recipient transition planning, or record maintenance shall be grounds for withholding payment until such activity is concluded. In addition, failure to comply shall be conditions that prevent enrollment for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.

SECTION 10.42.(a) The Department of Health and Human Services shall develop a two-year medication therapy management pilot program to be administered through Community Care of North Carolina (CCNC) in order to determine (i) the best method of adapting the ChecKmedsNC program to the Medicaid program and CCNC's Medical Homes and (ii) the most effective and efficient role for community-based pharmacists as active members of CCNC's care management teams. The pilot program created pursuant to this section shall consist of the following components:

(1) Identification of at least 20 community-based pharmacies that are geographically distributed and sufficiently representative to generalize pilot findings among pharmacies that dedicate pharmacist time to work with patients, their care team members, and their Medical Home practices to improve patient outcomes. To the extent that available resources allow, other types of community-based pharmacists may be involved, including those working with long-term care residents or their attending physicians.

(2) Targeting of Medicaid recipients with co-occurring illnesses or conditions that are especially susceptible to poor patient outcomes when medication is underused, misused, or poorly coordinated.

(3) Allowing pharmacists identified pursuant to subdivision (1) of this section to have access to CCNC's Web-based Pharmacy Portal, which allows CCNC to establish and monitor patients' prescriptions and to communicate with other care team members.

SECTION 10.42.(b) On January 1, 2012, and every six months thereafter, CCNC shall report to the Department of Health and Human Services, the House and Senate Appropriations Subcommittees on Health and Human Services, and the Fiscal Research Division on the development and implementation of this pilot program. This reporting requirement shall terminate with the filing of the third report on January 1, 2013. In addition to any other information, the reports required by this section shall include the following additional information:

(1) The July 1, 2012, report shall include an interim evaluation of the pharmacists' demonstrated use of the CCNC Pharmacy Home Model and the pharmacists' role in intervening and successfully managing the medication therapy of Medicaid recipients with chronic illnesses.

(2) The January 1, 2013, report shall include an evaluation of the pharmacists' role in CCNC's management of Medicaid recipients with mental health diagnoses or who receive Home Health or Nursing Home care, and a determination of the appropriate per member/per month pharmacists should receive for participating in the Medical Home Model of CCNC.

SECTION 10.42.(c) Funding for this pilot program shall be made available through the Enhanced Federal Funding for Health Homes for the Chronically Ill.

(3) Patient management services were provided to primary care and emergency department physicians who provided musculoskeletal services.

SECTION 10.47.(d) If, by October 1, 2011, or anytime thereafter, savings are not being achieved at a rate sufficient to yield savings in the amount required by subsection (a) of this section, the Secretary of Health and Human Services shall, to the extent required in order to achieve savings at the required rate, take whatever actions are necessary, including the following to be effective January 1, 2012:

(1) Reduce Medicaid provider rates by up to two percent (2%), provided that any reductions implemented pursuant to this subdivision shall be implemented at an equal percentage rate for all Medicaid providers. This reduction shall be in addition to other provider rate reductions in this act.

(2) Eliminate or reduce the level or duration of optional Medicaid services.

SECTION 10.47.(e) The Department of Health and Human Services, in collaboration with Community Care of North Carolina and Local Management Entities (LMEs) shall ensure the effective integration of behavioral health and physical health services for Medicaid recipients. The Department shall amend the contracts between the Department and LMEs and between the Department and Community Care of North Carolina to include effectiveness measures with regard to data sharing, roles and responsibilities, best practices, and budgetary savings to address integration and collaboration of behavioral and physical health.

SECTION 10.48.(a) The Department of Health and Human Services shall revise its pharmacy dispensing fees under the Medicaid Program in order to encourage a greater proportion of prescriptions dispensed to be generic prescriptions and thereby achieve savings of

fifteen million dollars ($15,000,000) in the 2011-2012 fiscal year and twenty-four million dollars ($24,000,000) in the 2012-2013 fiscal year.

SECTION 10.48.(b) The Department shall report its progress in achieving the savings required by subsection (a) of this section on November 1, 2011, January 1, 2012, and quarterly thereafter to the House and Senate Appropriations Subcommittees on Health and Human Services and to the Fiscal Research Division. If any report required by this subsection reveals that those savings are not being achieved, the Department shall reduce prescription drug rates by an amount sufficient to achieve the savings.

The North Carolina Temporary Assistance for Needy Families State Plan covers the period October 1, 2010, through September 30, 2012. The Department shall submit the State Plan, as revised in accordance with subsection (b) of this section, to the United States Department of Health and Human Services, as amended by this act or any other act of the 2011 General Assembly.

SECTION 10.55.(b) The counties approved as Electing Counties in the North Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012, as approved by this section are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.

SECTION 10.55.(c) Counties that submitted the letter of intent to remain as an Electing County or to be redesignated as an Electing County and the accompanying county plan for fiscal year 2011 through 2012, pursuant to G.S. 108A-27(e), shall operate under the Electing County budget requirements effective July 1, 2009. For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2012.

SECTION 10.55.(d) For the 2011-2012 fiscal year, Electing Counties shall be held harmless to their Work First Family Assistance allocations for the 2010-2011 fiscal year, provided that remaining funds allocated for Work First Family Assistance and Work First Diversion Assistance are sufficient for payments made by the Department on behalf of Standard Counties pursuant to G.S. 108A-27.11(b).

SECTION 10.55.(e) In the event that departmental projections of Work First Family Assistance and Work First Diversion Assistance for the 2011-2012 fiscal year indicate that remaining funds are insufficient for Work First Family Assistance and Work First Diversion Assistance payments to be made on behalf of Standard Counties, the Department is authorized to deallocate funds, of those allocated to Electing Counties for Work First Family Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by the Office of State Budget and Management. If the Department adjusts the allocation set forth in subsection (d) of this section, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

PAYMENTS FOR LIEAP/CIP

SECTION 10.56.(a) Part 1 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"**§ 108A-25.4. Use of payments under the Low-Income Energy Assistance Program and Crisis Intervention Program.**

(a) The Low-Income Energy Assistance Program Plan developed by the Department of Health and Human Services (Department) and submitted to the U.S. Department of Health and Human Services shall focus the annual energy assistance payments on the elderly population age 60 and above with income up to one hundred thirty percent (130%) of the federal poverty level and disabled persons receiving services through the Division of Aging and Adult Services. The energy assistance payment shall be paid directly to the service provider by the county department of social services. The Plan for Crisis Intervention Program (CIP) shall provide assistance for vulnerable populations who meet income eligibility criteria established by the Department. The CIP payment shall be paid directly to the service provider by the county department of social services and shall not exceed six hundred dollars ($600.00) per household in a fiscal year.

(b) The Department shall submit the Plan for each program to the U.S. Department of Health and Human Services no later than September 1 of each year and implement the Plan no later than October 1 of each year."

SECTION 10.56.(b) Beginning September 1, 2011, on or before September 1 of each year and for a period of three years thereafter, the Department of Health and Human Services shall submit a copy of the Plan to the House Appropriations Subcommittee on Health and Human Services and Senate Appropriations Committee on Health and Human Services.

NON-MEDICAID REIMBURSEMENT CHANGES

SECTION 10.58.(a) Providers of medical services under the various State programs, other than Medicaid, offering medical care to citizens of the State shall be reimbursed at rates no higher than those under the North Carolina Medical Assistance Program.

The Department of Health and Human Services may reimburse hospitals at the full prospective per diem rates without regard to the Medical Assistance Program's annual limits on hospital days. When the Medical Assistance Program's per diem rates for inpatient services and its interim rates for outpatient services are used to reimburse providers in non-Medicaid medical service programs, retroactive adjustments to claims already paid shall not be required.

Notwithstanding the provisions of this section, the Department of Health and Human Services may negotiate with providers of medical services under the various Department of Health and Human Services programs, other than Medicaid, for rates as close as possible to Medicaid rates for the following purposes: contracts or agreements for medical services and purchases of medical equipment and other medical supplies. These negotiated rates are allowable only to meet the medical needs of its non-Medicaid eligible patients, residents, and clients who require such services that cannot be provided when limited to the Medicaid rate.

Maximum net family annual income eligibility standards for services in these programs shall be as follows:

DSB Medical Eye Care	125% FPL
DSB Independent Living <55	125% FPL
DSB Independent Living 55>	200% FPL
DSB Vocational Rehabilitation	125% FPL
DVR Independent Living	125% FPL
DVR Vocational Rehabilitation	125% FPL

The Department of Health and Human Services shall contract at, or as close as possible to, Medicaid rates for medical services provided to residents of State facilities of the Department.

SECTION 10.58.(b) Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce provider rates for services rendered for the Medical Eye Care, Independent Living, and Vocational Rehabilitation programs within the Division of Services for the Blind, and Independent Living and Vocational Rehabilitation programs within the Division of Vocational Rehabilitation to accomplish the reduction in funds for this purpose enacted in this act.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.59.(a) The maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009,

shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

SECTION 10.59.(b) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.59.(c) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.
