House and Senate Joint Finance Committee Meeting
Wednesday, February 02, 2011 at 8:30AM
Room 544, Legislative Office Building

Minutes

The House and Senate Finance Committees met jointly at 8:30 AM on February 2, 2011, in room 544 of the Legislative Office Building. Twenty five members of the House Finance Committee attended the meeting and fourteen members of the Senate Finance Committee were present. Caroline Law and Erin Vasko of Gaston County, Ocatavia Tisdale and Aaron Teran of Wake county, Jared Dembski of Burke county, Harrison Jenkins of Iredell county and Johanna Kern of Alamance county served as pages. Representative Julia Howard presided.

Key Events in NC State and Local Tax History

Cindy Avrette, Research Division was recognized and started the proceedings with the introduction of all Finance Committee Staff. She then provided the committee with a panoramic view of the North Carolina Tax System which included the evolution of the North Carolinas Tax System going back to 1777 when the tax system was created, the Revenue Act of 1921 which eliminated the State tax on property and created the state Personal income Tax (PIT), the Corporate Income tax and the Motor Fuel excise tax. She concluded her presentation with a message of tax reform emphasizing the goals of Tax Simplification, Economic development and job growth, Revenue stability and Tax modernization which included broadening the base and lowering the rates. A copy of her presentation is attached.

General Fund Revenue Sources

Sandra Johnson, Fiscal Research Division was recognized and provided the committee with a historical overview of General Fund Revenue which highlighted Overall Collections, Major Revenue Sources and Secondary Revenue Sources that make up the fund. She also explained the "Bracket Creep Effect "whereby, tax brackets are not being indexed for inflation and as a result more tax payers are being pushed into higher tax brackets annually noting, that roughly 43% (1.4 Million) of the 3.1 million NC income tax returns filed each year exhibit taxable income below $20,000. She also informed the committee that the Temporary Sales Tax increase is due to expire in July 2011 and that participation in a more Steam-lined Sales Tax Agreement would simplify tax collection for vendors. Due to the economic situation sales tax revenues are down, the legislature has explored broadening the base in the past and continues to do so. A copy of her presentation is attached.

The Meeting Adjourned at 9:49 AM

Representative Julia Howard, Presiding Chair

- Snap Shot of Today's Local Revenue Sources
- Presentations of the State and Local Taxes
- General Information on Issues Related to Tax and Finance Matters

Evolution of NC's Tax System

Created Tax System

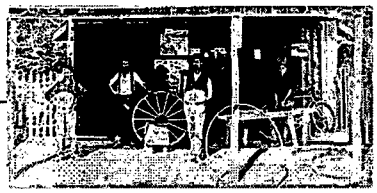
1777

2nd act of General Assembly

Evolution of NC's Tax System

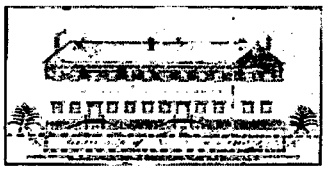
1782

License taxes first enacted



Evolution of NC's Tax System

1849 — Corporations taxed on capital stock – forerunner of franchise tax



Free public schools in 1839

Evolution of NC's Tax System

Pre-1921 System of Taxation — 1868-1900

- Property tax primary revenue source for State and local governments
- Low local assessments led to high rates
- Continued pressure to expand school year and build roads

Evolution of NC's Tax System

Revenue Act of 1921 — 1921

No State tax on property

New taxes:
- State administered PIT
- Corporate income tax
- Motor fuel excise tax

Evolution of NC's Tax System

10

- Emergency Revenue Act of 1933
- State assumed fiscal responsibility for schools, roads, & prisons

1931-1937

Temporary sales tax of 3% on TPP enacted in 1933

Permanent sales tax enacted in 1939

Evolution of NC's Tax System

11

Local Tax Sharing

1937-1986

- Excise taxes adopted
- Local tax sharing programs adopted
- Local option sales tax approved to relieve pressure on the property tax

Evolution of NC's Tax System

12

Modernization of PIT

1986	1989	1991
Variable component of motor fuel tax rate	Highway use tax and Tax Fairness Act	Budget shortfall of 8.1%, State sales tax rate increased to 4%

Evolution of NC's Tax System

"Bill Lee Act" incentives | Myriad of exemptions, refunds, and credits

1995-1999

Tax Expenditures

- Exemption
- Exclusion
- Deduction
- Allowance
- Credit
- Refund
- Preferential rate

- Spending programs implemented through the tax code
- Key differences between tax expenditures and direct spending
  - Level of scrutiny – Not subject to the annual appropriations process
  - Appear to be tax cuts –Transfer funds through tax subsidies
- Biennial Tax Expenditure Report (2009)
  - 300+ tax expenditures
  - $5.8+ billion

Evolution of NC's Tax System

Streamlined Sales & Use Tax Agreement

2000 2002 2009

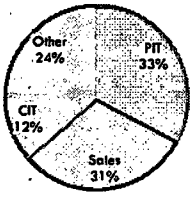
http://www.streamlinedsalestax.org/

Evolution of NC's Tax System

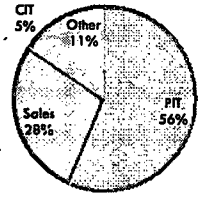
Bust	Boom	Bust	Boom	Bust
1991	1995-2000	2001-2005	2006-2008	2009-2010
Sales tax increase; tax reform studies		Various tax rates reduced & tax expenditures enacted		Temporary tax increases; tax reform studies

NC's Changing Tax Structure

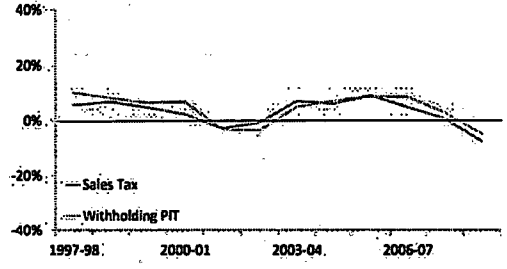
Fiscal Year 1970-71



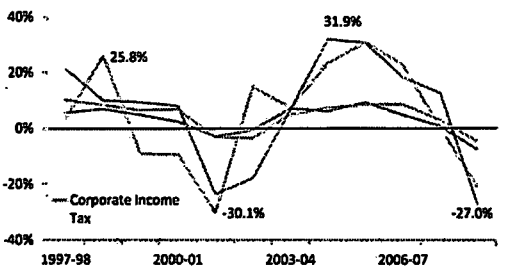
Fiscal Year 2008-09



Growth & Stability



Growth & Stability



Tax Reform Studies

- Fiscal Realities for the 90s
- NC's Tax Policy Commission (2000)
- Governor's Studies in 2001 & 2002
- IEI's Financing the Future (2005-2009)
- State and Local Fiscal Modernization (2006)
- Economic Development Incentives (2009)
- Joint House & Senate Finance Tax Reform Meetings (2009 & 2010)

Message of Tax Reform

Findings

- Tax structure too complicated
  - Tax bases too narrow
  - Tax rates too high
- Tax revenues too volatile
- Tax structure does not reflect current economic environment

Goals

- Simplicity
- Economic development & job growth
- Revenue stability
- Tax modernization
  - Broad bases
  - Low rates

GENERAL FUND REVENUE SOURCES

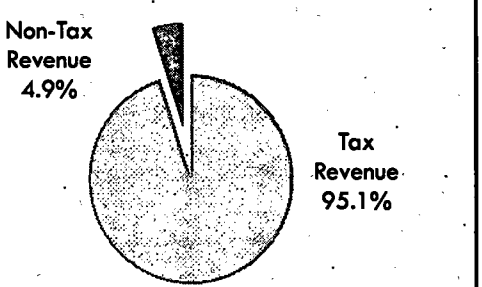
Sandra Johnson
Fiscal Research Division
Joint House and Senate Finance Committee

February 2, 2011

General Fund Overview

- Overall Collections
  - Tax v. Non-Tax
- Major Revenue Sources
  - Individual Income Tax
  - Sales & Use Tax
- Secondary Revenue Sources
  - Corporate Tax
  - Other
    - Franchise, Insurance Premiums, Estate Tax

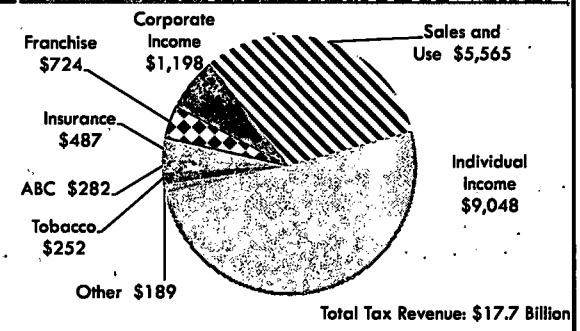
General Fund Revenue by Source, FY 2009-10



Total Revenue: $18.7 Billion

Source: 2010 Statistical Abstract, North Carolina Department of Revenue

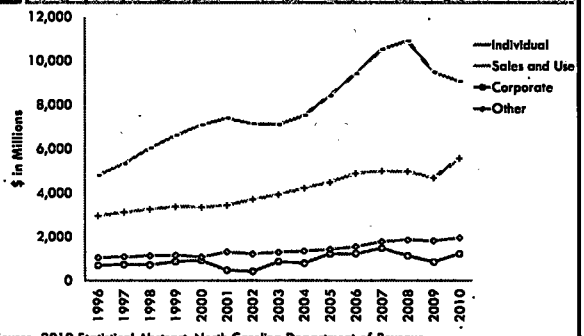
General Fund Tax Revenue by Source, $ In Millions, FY 2009-10



Total Tax Revenue: $17.7 Billion

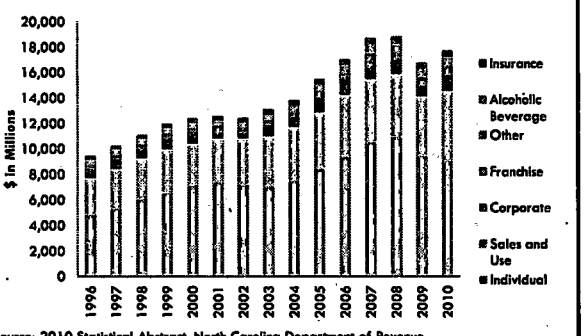
Source: 2010 Statistical Abstract, North Carolina Department of Revenue

Fifteen Year Trend in General Fund Revenue, 1996-2010



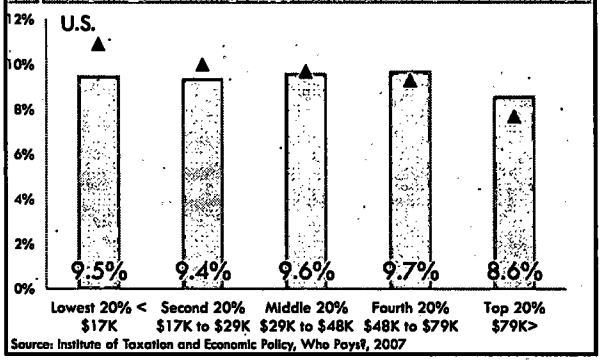
Source: 2010 Statistical Abstract, North Carolina Department of Revenue

Fifteen Year Trend in General Fund Revenue, FY 1995-96 To FY 2009-10



Source: 2010 Statistical Abstract, North Carolina Department of Revenue

Tax Burden by Income Quintile, 2007



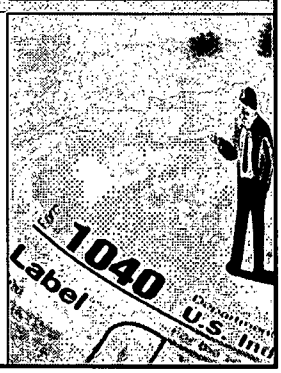
Source: Institute of Taxation and Economic Policy, Who Pays?, 2007

Major Revenue Sources

- Individual Income Tax
  - History
  - Rates
  - Current Issues
- Sales and Use Tax
  - History
  - Rates
  - Current Issues

Individual Income Tax - History

- Imposed since 1849
- Applied broadly 1921-37
- Based on federal taxable income (1989)
- Top bracket, 7.75% (2008)
- $9.0B, FY 09-10
- Temporary surtax (2009)
  - Expires July 1, 2011
  - $170M



Individual Income Tax: Brackets

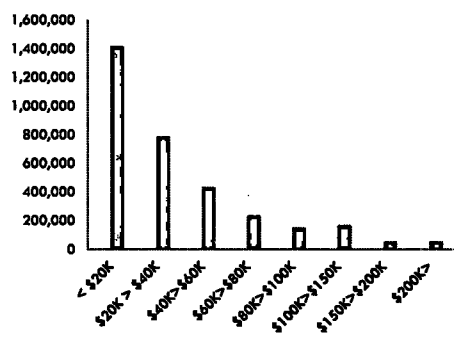
	Taxable Income		
Tax Rates	6%	7%	7.75%
Single	< $12.8K	$12.8K > $60K	$60K >
Head of Household	< $17K	$17K > $80K	$80K >
Married-Joint	< $21.5K	$21.5K > $100K	$100K >
Married-Separate	< $10.6K	$12.8K > $50K	$50K >

Individual Income Tax – Points of Note

- Bracket Creep
  - Tax brackets not indexed for inflation
  - More tax payers are pushed into higher tax brackets annually
- Volatility
  - Revenues move with the economy

Distribution of North Carolina Returns by Taxable Income, 2011

Roughly 40% (1.6 million) of the 3.9 million North Carolina income tax returns filed each year exhibit taxable income below $20K.



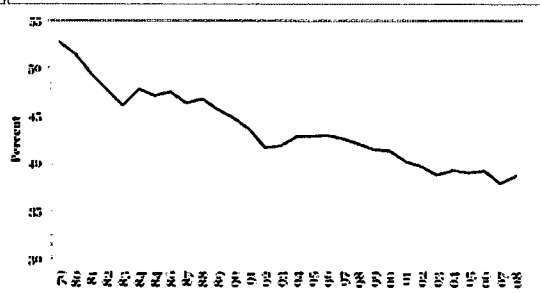
Sales Tax

- Created in 1933
- Collected through local merchants
- Applied to purchase price
  - Combined 7.75% to 8.25%
  - State rate of 5.75%
  - Local rate varies 2% to 3.25%

Sales Tax – Points of Note

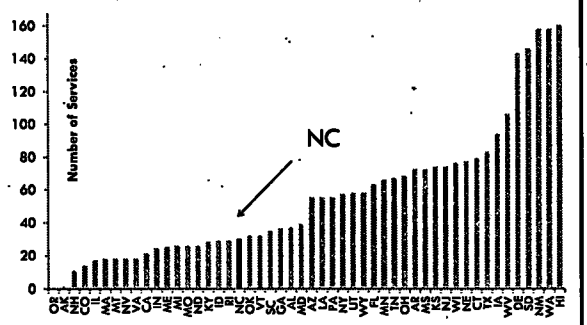
- Temporary increase expires July 2011($1.0B)
- Participation in Streamlined Sales Tax Agreement
  - Simplifies tax collection for vendors
- Erosion of Sales Tax Base
  - Moving to a service based economy
  - Increasing sales tax exemptions and refunds ($2.9B)
  - Transition to e-commerce

U.S. SALES TAX BASE AS A PERCENT OF PERSONAL INCOME, 1979-2008



Source: Fox, William, "US States and the Sales Tax," November 2009

Comparison of Services Taxed, by State, 2007



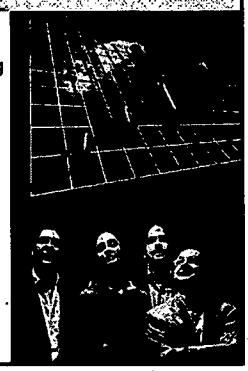
Source: Federation of Tax Administrators Survey. Sales Taxation of Services, 2007

Secondary Revenue Sources

Secondary Revenue Sources
- Corporate Tax
- Other
  - Franchise Tax, Insurance Premiums Tax, Estate Tax

Corporate Income Tax

- Imposed since 1921
- Applies to all companies conducting business in NC
- Represents $1 Billion of GF tax revenue
- Rate of 6.9%
- Temporary 3% surtax (2009)
  - $25M-$30M



Other Taxes

- Franchise Tax
  - Precursor to the corporate income tax enacted in 1849
- Insurance Premium Tax
- Estate Tax
  - Less than 1% of General Fund tax revenue

OVERVIEW OF LOCAL GOVERNMENT REVENUE SOURCES

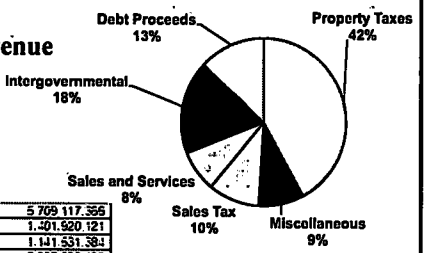
Joint House and Senate Finance, February 2, 2011
Rodney Bizzell, Fiscal Research Division

Sources of Local Revenue

- Sources of Local Revenue
  - County
  - Municipal
- Local Taxes and Fees
  - Property Tax
  - Sales Tax
  - Other Local Taxes and Fees
- State and Local Shared Revenues

Sources of Local Revenue: County

2008-09 County Revenue by Source

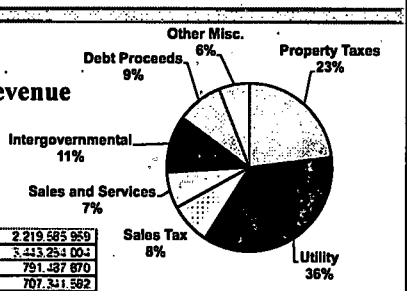


Property Taxes	5.709.117.366
Sales Tax	1.401.920.121
Sales and Services	1.141.531.384
Intergovernmental	2.387.888.132
Debt Proceeds	1.669.919.492
Other Misc.	1.131.756.137
TOTAL	13.472.132.632

Source: Dept. of State Treasurer

Sources of Local Revenue: Municipal

2008-09 Municipal Revenue by Source



Property Taxes	2,219,585,959
Utility	3,443,294,004
Sales Tax	791,437,870
Sales and Services	707,341,582
Intergovernmental	1,059,026,741
Debt Proceeds	899,770,944
Other Misc.	531,858,410
TOTAL	9,662,335,510

Source: Dept. of State Treasurer

Local Taxes: Property Tax

- Authorized as local revenue source in 1921.
- Most stable local revenue source.
- Classes of property must be taxed uniformly.
- Only the General Assembly has authority to exempt classes of property.
- Real property must be revalued at least every 8 years.
- Each county or municipality determines the property tax rate annually

Local Taxes: Sales Tax

- Same Base as State Rate
  - Article 39 (1971) – one cent, point of collection
  - Article 40 (1983) – ½ cent, population
  - Article 42 (1985) – ½ cent, population
  - Article 44 (2002) – ½ cent, repealed
  - Article 46 (2007) – ¼ cent (county only)
- Distribution to municipalities based on either ad valorem or population
- Food Tax – 2%

Utility Fees

- Water and Sewer
- Electricity Charges
  - "Electricities" purchase power from utility companies and distribute and sell it to homes and businesses.
- Gas Charges
  - Gas cities purchase natural gas from private utilities for resale.
- Stormwater Fees
  - Larger cities have established stormwater programs in response to federal requirements.

Sales and Services

- Building Permits
- Inspection Fees
- Garbage/Recycling Fees
- Ambulance and Rescue Charges
- Animal Tags
- Parks and Recreation Fees

Local Debt

- General Obligation Bonds
- Revenue and Special Obligation Bonds
- Bond Anticipation Notes
- Installment Purchase Agreements
- Certificates of Participation (COPS)
- Local Government Commission approves local debt authorizations.
- Bond rating agencies evaluate capacity and willingness of issuer to repay debt.

Other Local Revenues

- Privilege License Taxes
  - Imposed on the privilege of engaging in certain occupations
- Motor Vehicle License Tax
  - All municipalities are authorized to levy a tax of $5 per vehicle. The General Assembly has authorized amounts up to $30.
- Special Assessments
  - Levied against property to pay for public improvements that benefit that property (e.g., streets, sidewalks, water systems, storm sewer and beach-erosion control.)
- Profits from ABC Stores
  - Approximately 80% of net profits are distributed to local units.
- Investment Earnings
- Taxes Permitted by Local Act
  - Occupancy Taxes
  - Meals Taxes

Intergovernmental Revenues

State and County Shared Revenues

- Beer and Wine Tax - Shared only for the types of beverages allowed in the county.
  - Distribution is based on the type of beverage.
- Real Estate Transfer Tax
  - $1.00 tax for each $500.00 in value transferred.
  - Also known as the Deed Tax. County Retains 50%+.
- Telecommunications and Video Programming
  - Combined sales tax rate applies to telecommunications and video programming services; local distribution applies.

Intergovernmental Revenues

State and Municipal Shared Revenues

- Gasoline Tax – 1 ¾ cents per gallon distributed through Powell Bill Funds. Restricted Use.
- Utility Franchise Tax - 3.22%
- Excise Tax on Piped Natural Gas
  - Municipalities receive half of tax collected within boundaries.
- Beer and Wine Tax – municipalities receive per capita share of taxes if sales are allowed within jurisdiction.
- Telecommunications and Video Programming

North Carolina General Assembly

Joint House & Senate Committee on Finance

Minutes

~

February 3, 2011

The Senate and House Committee on Finance met on Thursday, February 3, 2011 at 8:30 am in Room 544 of the Legislative Office Building. Twenty-three members of the House Finance Committee attended the meeting and nine members of the Senate Finance Committee were present. Also present were Sergeant-at-Arms Young Bae, John Brandon, Fred Hines, and Bob Rossi. Staff persons present included Cindy Avrette, Rodney Bizzell, Barry Boardman, Dan Ettefagh, Heather Fennell, Trina Griffin, Sandra Johnson, Greg Roney, Brian Silvka, Jonathan Tart, and Martha Walston.

Chairperson Starnes called the meeting to order at 8:35 am and recognized the seven (7) pages present: (1) Octavia Tisdale of Wake County, sponsored by Representative Gill; (2) Harrison Jenkins of Iredell County, sponsored by Representative Setzer; (3) Johanna Kern of Alamance County, sponsored by Representative Ingle; (4) Jared Dembski of Burke County, sponsored by Representative Blackwell; and (5) Aaron Teran of Wake County, sponsored by Senator Hunt; (6) Erin Vasko of Gaston County, sponsored by Representative Torbett; and (7) Sterling Carter of Caswell County, sponsored by Senator Gunn.

Chairperson Starnes recognized Rodney Bizzell, of the Fiscal Research Division, to proceed with his presentation entitled **Overview of Local Revenue Sources** (see **attachment 3**). Following presentation, Rodney answered questions from members.

Chairperson Starnes then recognized Cindy Avrette, of the Research Division, to proceed with her presentation entitled **Personal Taxes (Income and Estate Taxes)** (see **attachment 4).** Following the presentation, Cindy answered questions from members.

Chairperson Starnes then recognized Jonathan Tart, of the Fiscal Research Division, to start his presentation entitled **Business Taxes (Income and Franchise Taxes)** (see **attachment 5**). Following his presentation, Jonathan answered questions from members.

Chairperson Starnes then recognized Lennie Collins, Assistant Director of the Corporate, Excise and Insurance Tax Division of the Department of Revenue and also Donna Powell, Assistant Director of the Special Corporate Compliance Initiatives Division, also of the Department of Revenue.

There being no further business presently before the Committee, Chairperson Starnes adjourned the meeting at 9:50 am.

Respectfully submitted,

Representative Edgar Starnes
Presiding Co-Chair

Paul Rucho
Senate Committee Clerk

Principal Clerk ____
Reading Clerk ____

JOINT HOUSE AND SENATE
NOTICE OF COMMITTEE MEETING
AND
BILL SPONSOR NOTICE

The Senate Committee on **Finance** will meet at the following time:

DAY	DATE	TIME	ROOM
Thursday	February 3, 2011	8:30 AM	544 LOB

The following will be considered:

Informational presentations by staff

Senator Fletcher L. Hartsell, Jr., Co-Chair
Senator Bob Rucho, Co-Chair

AGENDA

Joint House & Senate Finance Committee

Thursday, February 3, 2011
Room 544 LOB
8:30 a.m.
Chaired by: Representative Edgar Starnes

House Co-Chairs

Representative Julia Howard ***Representative Dale Folwell***
Representative Mitch Setzer ***Representative Edgar Starnes***

Senate Co-Chairs

Senator Fletcher Hartsell ***Senator Bob Rucho***

Committee Discussion

Adjournment

OVERVIEW OF LOCAL GOVERNMENT REVENUE SOURCES

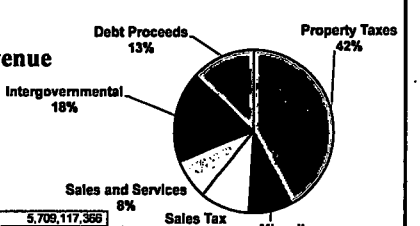
Joint House and Senate Finance, February 2, 2011
Rodney Bizzell, Fiscal Research Division

Sources of Local Revenue

- Sources of Local Revenue
  - County
  - Municipal
- Local Taxes and Fees
  - Property Tax
  - Sales Tax
  - Other Local Taxes and Fees
- State and Local Shared Revenues

Sources of Local Revenue: County

2008-09 County Revenue by Source

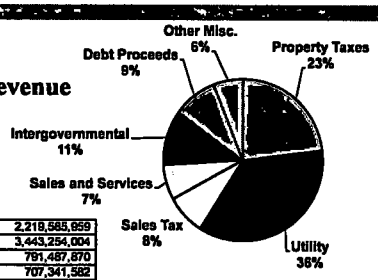


Property Taxes	5,709,117,366
Sales Tax	1,401,920,121
Sales and Services	1,141,531,384
Intergovernmental	2,387,888,132
Debt Proceeds	1,699,819,492
Other Misc.	1,131,756,137
TOTAL	13,472,132,632

Source: Dept. of State Treasurer

Sources of Local Revenue: Municipal

2008-09 Municipal Revenue by Source.



Property Taxes	2,218,585,959
Utility	3,443,254,004
Sales Tax	791,487,870
Sales and Services	707,341,562
Intergovernmental	1,069,026,741
Debt Proceeds	899,770,944
Other Misc.	531,868,410
TOTAL	9,662,335,510

Source: Dept. of State Treasurer

Local Taxes: Property Tax

- Authorized as local revenue source in 1921.
- Most stable local revenue source.
- Classes of property must be taxed uniformly.
- Only the General Assembly has authority to exempt classes of property.
- Real property must be revalued at least every 8 years.
- Each county or municipality determines the property tax rate annually

Local Taxes: Sales Tax

- Same Base as State Rate
  - Article 39 (1971) – one cent, point of collection
  - Article 40 (1983) – ½ cent, population
  - Article 42 (1985) – ½ cent, population
  - Article 44 (2002) – ½ cent, repealed
  - Article 46 (2007) – ¼ cent (county only)
- Distribution to municipalities based on either ad valorem or population
- Food Tax – 2%

Utility Fees

- Water and Sewer
- Electricity Charges
  - "Electricities" purchase power from utility companies and distribute and sell it to homes and businesses.
- Gas Charges
  - Gas cities purchase natural gas from private utilities for resale.
- Stormwater Fees
  - Larger cities have established stormwater programs in response to federal requirements.

Sales and Services

- Building Permits
- Inspection Fees
- Garbage/Recycling Fees
- Ambulance and Rescue Charges
- Animal Tags
- Parks and Recreation Fees

Local Debt

- General Obligation Bonds
- Revenue and Special Obligation Bonds
- Bond Anticipation Notes
- Installment Purchase Agreements
- Certificates of Participation (COPS)
- Local Government Commission approves local debt authorizations.
- Bond rating agencies evaluate capacity and willingness of issuer to repay debt.

Other Local Revenues

- Privilege License Taxes
  - Imposed on the privilege of engaging in certain occupations
- Motor Vehicle License Tax
  - All municipalities are authorized to levy a tax of $5 per vehicle. The General Assembly has authorized amounts up to $30.
- Special Assessments
  - Levied against property to pay for public improvements that benefit that property (e.g., streets, sidewalks, water systems, storm sewer and beach-erosion control.)
- Profits from ABC Stores
  - Approximately 80% of net profits are distributed to local units.
- Investment Earnings
- Taxes Permitted by Local Act
  - Occupancy Taxes
  - Meals Taxes

Intergovernmental Revenues

State and County Shared Revenues

- Beer and Wine Tax - Shared only for the types of beverages allowed in the county.
  - Distribution is based on the type of beverage.
- Real Estate Transfer Tax
  - $1.00 tax for each $500.00 in value transferred.
  - Also known as the Deed Tax. County Retains 50%+.
- Telecommunications and Video Programming
  - Combined sales tax rate applies to telecommunications and video programming services; local distribution applies.

Intergovernmental Revenues

State and Municipal Shared Revenues

- Gasoline Tax – 1 ¾ cents per gallon distributed through Powell Bill Funds. Restricted Use.
- Utility Franchise Tax - 3.22%
- Excise Tax on Piped Natural Gas
  - Municipalities receive half of tax collected within boundaries.
- Beer and Wine Tax – municipalities receive per capita share of taxes if sales are allowed within jurisdiction.
- Telecommunications and Video Programming

13 Questions?

Rodney Bizzell
Fiscal Research Division

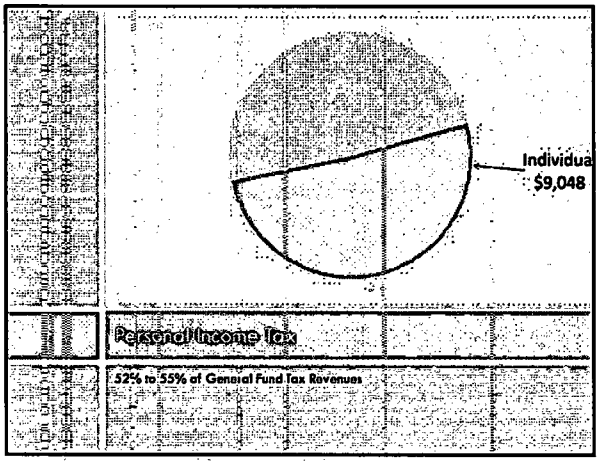
Rodney.Bizzell@ncleg.net

PERSONAL TAXES: INCOME AND ESTATE

Joint House and Senate Finance, February 9, 2011
Cindy Avrette, Fiscal Research Division

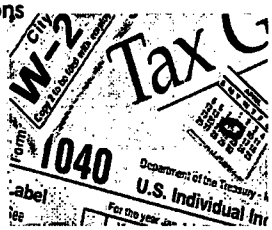


NC's Personal Income Tax

- NC Constitutional Amendment of 1920
  - Permitted the taxation of incomes
  - Rate of tax on incomes could not exceed 6%
- Amendment of 1935
  - 6% limitation increased to 10%

NC PIT Prior to 1989

- NC did not employ a federal starting point for calculating State taxable income
- Numerous exemptions and deductions
- Five tax brackets
- Rates ranging from 3% to 7%



Tax Fairness Act of 1989 (SB 51)

- Simplified calculation of the tax
  - Federal taxable income
  - Eliminated many exclusions, deductions, exemptions
- Reduced taxes for approximately 65% of the taxpayers
  - Increased personal exemption and standard deduction, did not index
  - Two tax brackets with rates of 6% and 7%, did not index

Calculating NC Taxable Income

State taxable income =

Federal taxable income
- Amounts exempt from State income tax
+ Amounts taxed by the State but not by the federal government

Taxable Income v. AGI

Taxable Income

- 6 states use as a starting point
- Represents income after all federally allowed deductions
  - Personal exemptions
  - Itemized deductions or standard deduction
    - 37% itemize
    - Mortgage interest and charitable contributions

Adjusted Gross Income

- 29 states use as a starting point
- Represents income after 'above the line' deductions
  - Business related expenses
  - Few non-business related expenses
    - Alimony, qualified education expenses, IRA contributions

Federal Taxable Income

- Constitutional limitation on delegation of taxing authority
  - IRC Update
- Subjects NC tax revenues to greater number of federal tax policies
- Large number of adjustments
  - NC does not index personal exemptions or standard deduction
  - Confusing to taxpayers

Calculating NC Taxable Income

Adjustments to federal taxable income: Exemptions

State taxable income =

Federal taxable income

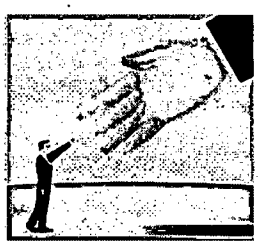
- Amounts exempt from State income tax

+ Amounts taxed by the State but not by the federal government

State Tax Exemptions: Federal Law

- Interest on US obligations
- Income from an Indian tribe
- Amounts paid under the Railroad Retirement Act of 1937

State Tax Exemptions: Contractual



- Gain from obligations issued before 1995 to the extent allowed by State law
- Bailey retirement income ($401.7 m)

State Tax Exemptions: Practice

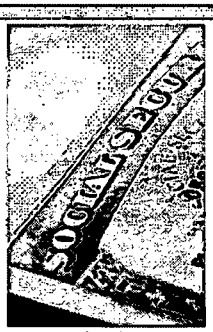
- Interest on NC and local government obligations and obligations of a nonprofit educational institution charted in NC
- The deductible amount for interest on US, NC, and nonprofit educational institutions = $20.9 m
  - Deductible amount for NC obligations > $ 1 m

State Tax Exemptions: Accounting

- Refunds of state, local, and foreign taxes
- Amount by which basis of property under State law differs from the basis of the property under federal law

State Tax Exemptions: Social Security

- Full exemption
  - SSI benefits in excess of federal limit = $375.4 m
- Other states
  - 15 states tax SSI to some extent
    - 5 follow federal practice
  - 26 states fully exempt
  - 9 states do not impose a PIT



Federal Taxation of SSI Benefits

Federal law began taxing a portion of social security benefits in 1937

- Provisional income
  - < $32K, no taxation
  - $32K - $44K, up to 50% taxable
  - >$44K, up to 85% taxable
- Only 25% of SSI beneficiaries pay any tax liability on their benefits
- Over 80% of taxable SSI are reported by taxpayers with over $50,000 of AGI

State Tax Exemption: Retirement

- Retirement income
  - $4,000 for governmental retirement income
  - $2,000 for private retirement income
- $80.9 million

Misc. State Tax Exemptions

- Severance Wages
  - Not to exceed $35,000
  - $15.5 million
- Erroneous Conviction
- Disaster Relief Reserve Fund
- NC 529 Plan
  - AGI limits in 2012
  - $5 million
- Volunteer Fire and Rescue
  - $1 million
- Sale of Mfg'd Home Community to Mfg'd Home Owners

Calculating NC Taxable Income

State taxable income =

Federal taxable income
- Amounts exempt from State income tax
+ Amounts taxed by the State but not by the federal government

Add Backs: IRC Decoupling

- Standard deduction
  - Federal = $5,700 (single; MFS) $8,350 (H/H)
  - State = $3,000 (single; MFS); $$4,400 (H/H)
  - **Add back $2,700**
- Personal exemption
  - Federal = $3,650
  - State = $2,500 if AGI < $100,000 (MFJ)
  - State = $2,000 if AGI = or > $100,000 (MFJ)
  - **Add back *at least* $1,150 for each PE claimed**

Calculating NC State Tax Liability

Applicable tax rates

State taxable income

x Applicable Rate

= State tax liability

Tax Brackets and Rates

- Prior to 1989
  - 6 brackets
  - Rates ranging from 3% to 7%
- 1989
  - Two brackets
  - Rates of 6% and 7%
- 1991
  - Three brackets
  - 6%, 7%, and 7.75%
- 2001-2006
  - Temporary 4th bracket of 8.25%
  - Extended twice
- 2007
  - Temporary rate phased down to 8%
- 2008
  - 3 brackets
  - 6%, 7%, and 7.75%
- 2009 and 2010
  - Temporary surtax
  - 2% surtax, taxable income exceeds $100K (MFJ)
  - 3% surtax, taxable income exceeds $250K (MFJ)

Comparison to Other States

Rates

- 30 states have a lower rate than North Carolina
- 1 state has the same highest tax rate
- 1 states have a higher tax rate
- 7 states do not have an income tax

The rest of the story . . .

- What is the tax base?
- What are the applicable deductions and exemptions?
- What are the tax brackets?
- What are the applicable credits?

Calculating NC State Tax Due

Credits

State taxable income
x applicable tax rate
= Tax liability
– Credits
= Tax Due

Tax Credits: Children

- Children < 17
  - AGI limitation
  - $147.3 million
- Childcare
  - $53.6 million
- Adoption
  - $5.9 million
  - Sunsets 2013

Tax Credit: Earned Income

- Refundable tax credit
- 5% of the federal credit amount
- $100 million
- Sunsets 2013

Tax Credits: Non-itemizers

- Charitable contributions by non-itemizers
  - $26.5 million

Tax Credits: Health

- Long-term care premiums
  - AGI limitation
  - $4.7 million
  - Sunsets 2013
- Disabled persons
  - $1.5 million
- Construction of dwellings for handicapped persons

Tax Credits: Energy

- Investing in renewable energy property
  - $4 million
  - Sunsets 2016
- Donations to acquire renewable energy property
- Refund motor fuel excise tax for biodiesel
  - $1.2 million
  - Sunsets 2010
- Tax Credits for renewable fuels
  - Fuel dispensing facilities
  - Constructing fuel processing facilities
  - Sunset 2011
- Recycling facility
  - $7.0 million

Tax Credits: Business

- Creating jobs
  - $8 million
  - Sunsets 2011
- Investing in business property
  - $16.5 million
  - Sunsets 2011
- Investing in real property
  - $0.4 million
  - Sunsets 2011
- Research & development
  - Business ($19 million)
  - UNC ($2.5 million)
  - Sunsets 2014
- Low-income housing
  - $34 million, refundable
  - Sunsets 2015
- Film production
  - $22.5 million, refundable
  - Sunsets 2014

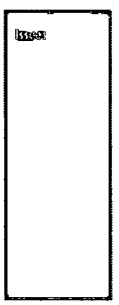
Miscellaneous Tax Credits

- Real property donations
  - $25.7 million
- Conservation tillage equipment
- Gleaned crops
- Poultry composting facility
- Property taxes paid on farm machinery
  - $1.6 million
- Recycling oyster shells
  - Sunsets 2011
- Work opportunity
  - $0.4 million
  - Sunsets 2012

Tax Credits: Historic Rehabilitation

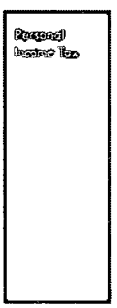
- Income producing historic structure
  - $3.0 million
- Non-income producing historic structure
  - $5 million
- Income producing mill property
  - $1 million
  - Sunsets 2011
- Non-income producing mill property
  - $5 million
  - Sunsets 2011

PIT Points to Remember

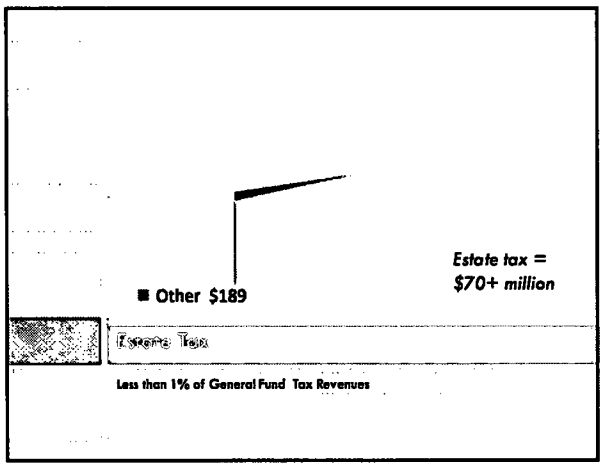


- Largest single source of GF revenues
- Non-withholding portion of the tax is highly volatile
- Reliance on federal tax code changes
- Many adjustments

Tax Reform Recommendations



- Broaden the base, lower the rates
  - Use AGI as the starting point
  - Eliminate exemptions, deductions, and credits
- Lessen the State's exposure to the volatility of the current PIT structure
- Ensure tax equity in tax structure as a whole



NC's Estate Tax

- Repealed inheritance tax in 1998
- Replaced with estate tax = "pickup tax"
  - State estate tax credit on federal return
  - Federal credit phased out in 2005
- Repealed gift tax in 2008, effective 2009

NC's Estate Tax

Decedent dying in 2010	Decedent dying in 2011
▫ No State estate tax	▫ State estate tax imposed
▫ State estate tax imposed when a federal estate tax is imposed	▫ Tax = State estate tax credit amount, 2001
▫ Modified carry-over basis in property	▫ Exclusion amount ▫ 2001 = $1million ▫ 2010 = $5 - $10 million (w/ portability)

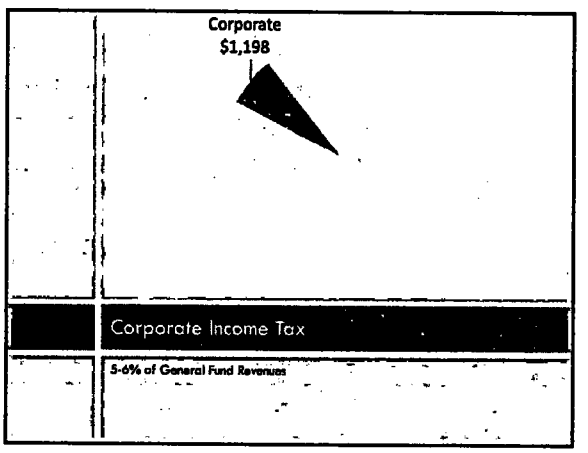
OVERVIEW OF CORPORATE TAXES AND TAX INCENTIVES

Joint House and Senate Finance, February 3, 2011
Jonathan Tart, Fiscal Research Division

Income/Franchise Tax Revenue

- Corporation Taxes are the third largest category of revenues for the State
- Approximately 10% of State tax revenues were attributable to the Corporate Income and Franchise Tax for Fiscal Year 2009-2010



NC Corporate Income Tax Rates

- 1921: 3% of net income
- 1939: 6% of net income
- 1987: 7% of net income
- 1991: 7.75% of net income, plus surtax
- 1996: phased down rate to 6.9%, effective after 1999
- 2009: 3% surtax for 2009 and 2010

Some Statistics from 2008 Tax Year

- About 79,000 corporate taxpayers
- Less than 1/3 of these companies actually had a net tax liability
- Among those that had a tax liability, 78% had taxable income of $100k or less, but they paid only 2.6% of the tax

More Statistics from 2008

- C-Corporations with NC taxable income of over $1 million represented 88% of the total corporate income tax revenue, but they made up only 2% of the corporations filing returns
- 60% of total corporate income tax revenue attributable to 200 corporations with NC taxable income of over $10 million

Computing NC Taxable Income

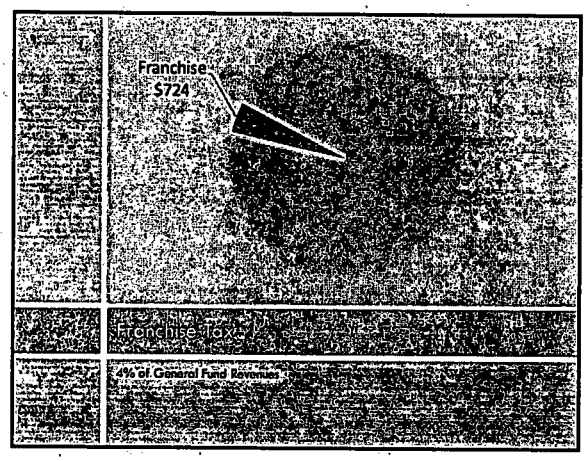
- NC taxable income = Federal taxable income, as adjusted
- Internal Revenue Code Update
- Key differences
  - NEL vs NOL
  - Bonus depreciation

NC taxable Income Apportioned

- Multistate corporations apply NC apportionment formula to determine NC taxable income
- Apportionment formulas
  - Three factors: Sales, Property, and Payroll
  - Double-weighted sales (1988)
  - Single sales (2009 for a 'qualified capital intensive corporation')

Separate Entity Reporting

- NC requires a separate return
- Must determine State net income as if a separate return had been filed for federal tax purposes
- *Strategy:* Create legal structures to shift income from one state to another, lower tax, state
  - Delhaize
  - WalMart
  - Limited



Franchise Tax

- Privilege tax for:
  - Privilege of engaging in business
  - The "enjoyment, under the protection of the laws of this State, of the powers, rights, privileges and immunities derived from the State by the form of" the existence of the business structure
  - The benefit and protection received from the government and laws of NC in doing business

Who pays Franchise Tax?

- C corporation
- S corporation
- Limited liability company (LLC) that elects to be taxed as a corporation under the IRC

Businesses Not Subject to the Tax

- Limited liability company (other than ones electing to be taxed as a corporation)
- Partnership
- Sole proprietor
- Insurance companies

Calculation of Tax

Tax rate applied to highest of three asset bases:

- Capital stock, surplus, and undivided profits apportioned to NC using the apportionment percentage determined for income tax
- Book value of NC real and tangible personal property, less outstanding debt created to acquire or improve the real property
- 55% of the appraised value of NC real and tangible personal property

Some Statistics from 2008 Tax Year

- Taxpayers with franchise taxable amount over $40 million made up less than 1% of the returns, but paid 66% of the total tax
- Amounts due by companies is generally modest. 99% of taxpayers owe $110,000 or less.

Rate of Tax

- $1.50 per $1,000 of taxable assets (.0015)
- $35 minimum tax
- $75,000 maximum tax for holding companies – those that receive at least 80% of income from subsidiaries

Utility Franchise Tax

- Applies instead of the general franchise tax
- Calculated on gross receipts
- Applies to:
  - Electric power company – 3.22% rate
  - Water utility company – 4% rate
  - Sewer utility company – 6%
- Tax on electric power companies is shared with cities

Tax Incentives

- Tax Credits
  - Article 3J Jobs and Investment Credits
  - Research and Development
  - Renewable energy
  - Film production
  - State ports
  - Real property donations

Article 3J Tax Credits

- Tax Credits for Growing Businesses
  - Replaced William S. Lee Act Incentives in 2007
  - Credit for Creating Jobs
  - Credit for Investing in Business Property
  - Credit for Investing in Real Property (Tier 1 counties only)

2008 Article 3J Jobs Credits Generated

	Number of New Jobs	Credits Generated
Tier One	2,284	28,550,000
Tier Two	839	4,253,000
Tier Three	3,249	2,637,875
Total	6,372	35,440,875

2008 Investment in Business Property Credits Generated

	Investment	Credits Generated
Tier One	402,168,157	28,095,346
Tier Two	235,859,128	11,843,752
Tier Three	703,924,546	36,273,286
Total	1,341,951,831	76,212,384

Other Tax Incentives

- Exemptions
- Deductions
- Refunds
- Caps
- Preferential rates

Tax Incentives

House and Senate Joint Finance Committee Meeting
Wednesday, February 09, 2011 at 8:30AM
Room 544, Legislative Office Building

Minutes

The House and Senate Finance Committees met jointly at 8:30 AM on February 9, 2011, in room 544 of the Legislative Office Building. Twenty one members of the House Finance Committee attended the meeting and five members of the Senate Finance Committee were present. Nae Nae Blount and Kristopher Faheem of Wake County, Tiffany Davis of Davie County, Jordan Jackson of Surry County and Hannah Andrews of Alamance County served as pages. Representative Julia Howard presided.

Business Taxes (Corporate Franchise Tax)

Jonathan Tart, a fiscal analyst with the Fiscal Research Division, was recognized and completed the presentation that was held over from the Finance Committee meeting of February 6, 2011. The topic of the presentation was Corporate Franchise Taxes where Mr. Tart provided the committee with an overview of the NC Franchise Tax. It represents 4% ($724 million) of the General Fund Revenues. His presentation outlined who pays franchise taxes and the types of businesses that are not subject to the franchise tax. The current franchise tax rate for the State of North Carolina is $1.50 per $1,000 of taxable assets. A copy of his presentation is attached.

Sales & Use Tax

Trina Griffin, a staff attorney with the Research Division, was recognized and started her presentation with the introduction of Eric Wayne Director of the State Tax Division of the Department of Revenue. Mr. Wayne was recognized by the Chair to introduce members of his staff: Jimmy Upchurch, Assistant Director; Amy McElroy, Administrative Officer; Ed Strickland, Administrative Officer; and Jeff Hendrickson, Administrative Officer. After the introductions, Mrs. Griffin was again recognized to explain Sales and Use Tax. In her presentation, she provided the committee with a historical overview of the sales tax in North Carolina and that over the years the state has seen a shift in consumption from durable and nondurable goods to services. She also covered in her presentation the use tax which is a tax on tangible personal property, digital property and certain services. She also noted the problem of tax collection of items purchased outside of the state for use, storage, or consumption in the state. This tax is paid by the purchaser when sales tax has not been collected by the seller. She also discussed Nexus in conjunction with the Sales & Use Tax; a retailer has Nexus with the state when it has a physical presence in the state to be required to collect NC sales tax. During the presentation Eric Wayne from the DOR was recognized to explain the dollars generated by the "Click Through legislation". A copy of Mrs. Griffin's presentation is attached

Sandra Johnson, a fiscal analyst with the Fiscal Research Division, was recognized to present on Rates & Exemptions. The current general state rate of tax for North Carolina is 5.75%. Ms. Johnson provided the committee a historical overview of select sales tax exemptions and refunds pointing out the three major sales and use tax exemptions which are food, prescription drugs and durable medical equipment. She also identified the organization types that are eligible for sales tax refunds: government agencies, religious & charitable, nonprofit hospitals, nonprofit educational institutions and qualifying continuing care and retirement communities. Ms. Johnson concluded her presentation discussing tax reform some items proposed were, elimination of preferential rates, elimination/modify exemptions and rates, transition of certain "priviledge" taxes to sales tax base and broaden the base to include more personal services and lower the rate. A copy of her presentation is attached

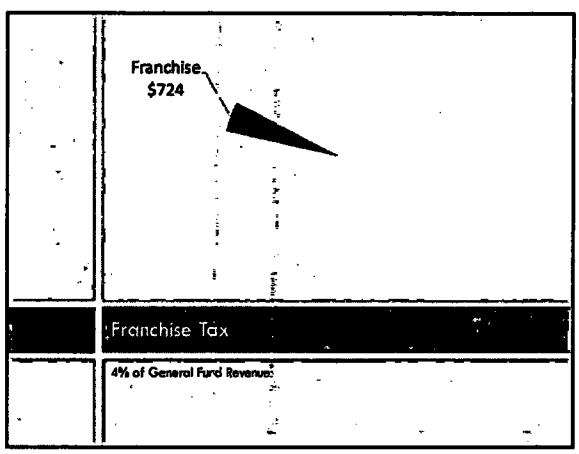
OVERVIEW OF FRANCHISE TAX

Joint House and Senate Finance, February 9, 2011
Jonathan Tart, Fiscal Research Division



Franchise Tax

- Privilege tax for:
  - Privilege of engaging in business
  - The "enjoyment, under the protection of the laws of this State, of the powers, rights, privileges and immunities derived from the State by the form of" the existence of the business structure
  - The benefit and protection received from the government and laws of NC in doing business

Who pays Franchise Tax?

- C corporation
- S corporation
- Limited liability company (LLC) that elects to be taxed as a corporation under the IRC

Businesses Not Subject to the Tax

- Limited liability company (other than ones electing to be taxed as a corporation)
- Partnership
- Sole proprietor
- Insurance companies

Calculation of Tax

Tax rate applied to highest of three asset bases:

- Capital stock, surplus, and undivided profits apportioned to NC using the apportionment percentage determined for income tax
- Book value of NC real and tangible personal property, less outstanding debt created to acquire or improve the real property
- 55% of the appraised value of NC real and tangible personal property

Some Statistics from 2008 Tax Year

- Taxpayers with franchise taxable amount over $40 million made up less than 1% of the returns, but paid 66% of the total tax
- Amounts due by companies is generally modest. 99% of taxpayers owe $110,000 or less.

Rate of Tax

- $1.50 per $1,000 of taxable assets (.0015)
- $35 minimum tax
- $75,000 maximum tax for holding companies – those that receive at least 80% of income from subsidiaries

Utility Franchise Tax

- Applies instead of the general franchise tax
- Calculated on gross receipts
- Applies to:
  - Electric power company – 3.22% rate
  - Water utility company - 4% rate
  - Sewer utility company – 6%
- Tax on electric power companies is shared with cities

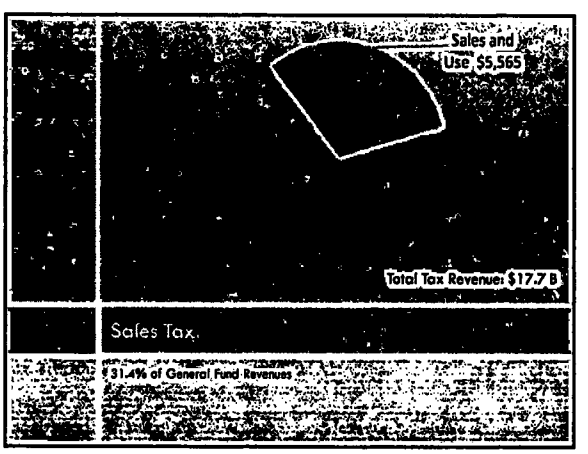
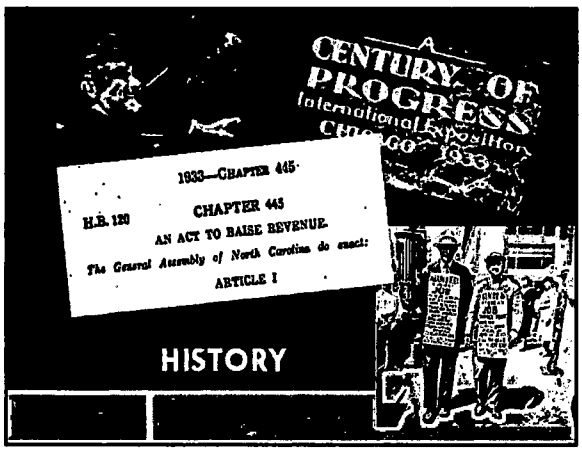
AN OVERVIEW OF SALES AND USE TAX

Joint House and Senate Finance, February 9, 2011
Trina Griffin & Sandra Johnson

Outline

- History
- Sales Tax Basics: Use Tax, Nexus, Streamlined
- Rates: General, Combined General, Preferential
- Exemptions & Refunds
- Tax Reform Proposals





History

- Created in 1933 as temporary tax to meet a "supreme emergency"; made permanent in 1939.
- 3% on tangible personal property
- Exemptions:
  - Sales to Federal or State governments.
  - "Primary and essential articles of food"
  - Items taxed under another statute
  - Public school books
  - Certain sales of farm, mineral, and forest products.
- Gross receipts tax on amusements enacted in 1933 at same rate as retail sales of merchandise – 3%

That Was Then...

1940-1950	1951-1960	1961-1970	1971-1980
Exempt food	Expanded tax to lodging	1%/$80 cap on mill machinery	1¢ local sales tax authorization
Exempt prescription drugs	Exemptions expanded	Food exemption repealed	
Exempt fuel sold to farmers	1%/$80 cap on motor vehicles & airplanes		

That Was Then...

1981-1990	1991-2000	2001-Present
Merchants discount repealed	1st rate increase since enactment – 4%	Streamlined
Highway use tax on vehicles	Exempt food	Third ½¢ local sales tax
Two ½¢ local sales tax authorizations	Use of exemptions & refunds as economic devpt.	Rate increases
Exempt food purchased with food stamps		Sales tax holidays
Sales tax on utilities		Video programming
		Medicaid swap
		Digital products

This Is Now

- 45 states and the District of Columbia have sales tax.
- 33 states allow localities to charge a local sales tax.
- Combined state and local rates range from 4.35% (Hawaii) to 9.44% (Tennessee).
- Consumption tax; shrinking base due to shift in consumer's spending patterns.
- Sales tax more stable than income tax but sale of durable goods more volatile than services.

Shift in Consumption

	1979 Percent	2007 Percent
Total Expenditures	100.0	100.0
Durable Goods	13.4	11.1
Nondurable Goods	39.1	29.2
Services	47.4	59.7

Source: Dr. Roby Sawyers, NC State University, "Principles of Sound Tax Policy – How Does the NC Sales Tax Measure Up?" November 17, 2009.

Services Currently Taxed in NC

- Certain Utilities
  - Telecommunications
  - Electricity
  - Heating Oil
- Video Programming
  - Cable TV
  - Direct Satellite TV
- Personal Services
  - Laundry & dry cleaning
  - Diaper service
  - 900 numbers
  - Tuxedo rental
- Business Services
  - Graphic design
  - Photocopying & Printing
  - Photo finishing

USE TAX/NEXUS

Use Tax

- A tax on tangible personal property, digital property, and certain services purchased outside the State for use, storage, or consumption in the State.
- Paid by purchaser when sales tax has not been collected by the seller.
- Reported annually on income tax return.
- Undercollected because of lack of effective enforcement.

Nexus

- *Quill Corporation v. North Dakota* (1992)
- A retailer must have a physical presence in the State to be required to collect NC sales tax.
- Amazon "click-through" legislation
- Internet Transactions Resolution Program

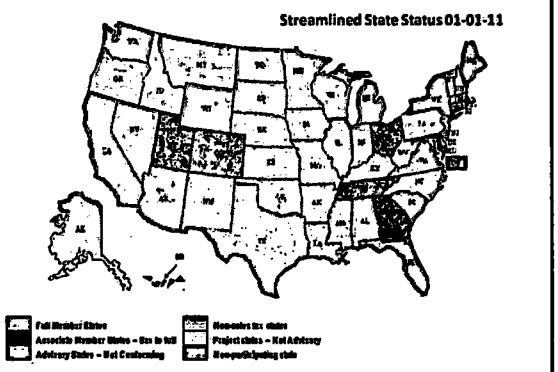
E-Commerce in NC

- How much is out there in uncollected sales tax from e-commerce?
  - Univ. of TN study estimates that $138.6 million
    - Focuses on B2B transactions as well as B2C
    - Estimates assume that only large retailers currently comply.
  - Fiscal Research estimates that $20.6 million in State
    - Focuses only on retail transactions.
    - Assumes current compliance by 65% of retailers.

STREAMLINED SALES TAX AGREEMENT

Streamlined Sales Tax Agreement

- Created in 1999.
- Voluntary, cooperative effort of states, the District of Columbia, local governments, and the business community to simplify and modernize sales and use tax collection and administration.
- 24 of 44 states with a sales tax have passed conforming legislation (20 full members, including North Carolina; 4 associate members).
- NC became a member of the Agreement October 1, 2005.
- Collection of over $46.5 million through voluntary compliance since joining.



Simplification

Uniformity

- Uniform State and local base
- One State rate, with some exceptions
- One rate per local jurisdiction
- No caps or thresholds

Administration

- State-level administration of tax
- State responsible for electronic, downloadable databases of jurisdiction boundaries and tax rates
- Central, electronic registration for all states
- Simple electronic return and electronic payment

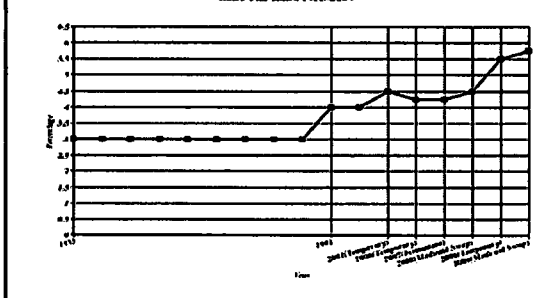
RATES

General Rate

- The general **State rate** of tax is **5.75%**. The temporary 1% increase enacted last year is scheduled to expire July 1, 2011 ($1.0 B).
- Items that are subject to State sales tax are also subject to the local sales and use tax. The **local rate** of tax varies:

2% (82)	2.25% (18)	2.5% (1)
All other 82 counties	Alexander	New Hanover
	Catawba	Onslow
	Cumberland	Pitt
	Duplin	Randolph
	Halifax	Robeson
	Haywood	Rowan
	Hertford	Sampson
	Lee	Surry
	Martin	Wilkes

State Rate Changes



"Combined General Rate"

- What is it?
  - Defined term enacted in S.L. 2005-276.
  - Not the same as general rate of State and local tax
  - State's general rate (5.75%) + sum of rates of local sales tax authorized for every county (2.25%)*
  - Current combined general rate = 8%
- What is subject to the combined general rate?
  - Spirituous liquor – State only
  - Telecommunications – shared with locals
  - Video Programming – shared with locals

*Not necessarily the rate levied in every county.

Preferential Rates

Item	Rate	Cap?
Manufactured Homes	2%	$300
Modular Homes	2.5%	No
Aircraft & boats	3%	$1,500
Electricity	Varies based on purchaser	No
Certain M&E*	1%	$80

Electricity

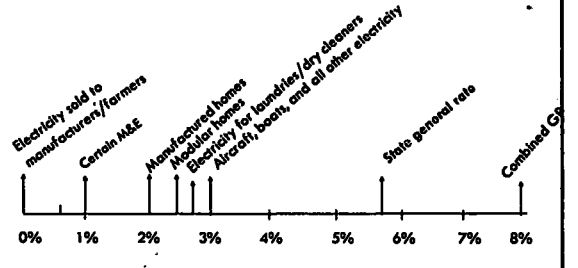
- The rate varies depending on the purchaser of electricity and the purpose for which it is used.
- Sold to:
  - Manufacturers and farmers — EXEMPT*
  - Commercial laundry or dry cleaners — 2.83%
  - Commercial businesses and residences — 3%

*Effective July 1, 2010.

Excise Tax on Machinery

- Prior to 2001 – 1% sales tax/$80 cap on mill machinery
- In 2001, sales tax replaced with privilege tax at same rate to conform to Streamlined.
- Since then, eligible M&E expanded to include:
  - Major recycling facility
  - R&D company in physical, engineering, and life sciences
  - Software publishing
  - Industrial machinery refurbishing company
  - Datacenters

Range of Current State Rates



SELECT SALES TAX EXEMPTIONS AND REFUNDS

History: Three Classes of Exemptions

- Subject to another tax or sound tax policy principle
  - Highway use tax, business inputs, etc.
- Serves as a governmental entity
  - Local government, Federal government
- Part of a public policy decision
  - Charitable organizations, food, chiropractor supplements

History

- 1933 – Exemptions included food, items sold to government, etc.
- 1941 – General Assembly added the first exemption relating to sales to religious or charitable institutions
- 1961 – Sales tax exemptions replaced with refunds
- 1995 – Refund expanded to "homes for the aged"
- 2005 – General Assembly repealed refunds for public schools, creating public school transfer

History

1951	2011
32 sales tax exemptions • Sales to non-profit, religious, and charitable organizations • Sales of gasoline or other motor fuels • Public school books • Sales of mill machinery	59 sales tax exemptions • Supplements sold by chiropractors $400K • Sales from vending machines $11.4M • Newspapers sales made by street vendors $7.5M 26 types of organizations eligible for sales tax refunds

Three Major Sales and Use Tax Exemptions, FY 2009-10

Food	Prescription Drugs	Durable Medical Equip
$722.6 Million	$410 Million	$35 Million
G.S. 164.13B	G.S. 164.13(12)	G.S. 164.13B

TAX REFORM PROPOSALS

Tax Reform Proposals

- Eliminate preferential rates.
- Eliminate/modify exemptions and refunds.
- Transition certain "privilege" taxes to sales tax base (e.g. admissions, movies).
- Broaden base to include more personal services/lower the rate.

Senate Finance Committee Meeting
Wednesday, February 09, 2011 at 1:00PM
Room 544, Legislative Office Building

Minutes

The Senate Finance Committee met at 1:00 PM on February 9, 2011, in room 544 of the Legislative Office Building. Twenty members of the Senate Finance Committee attended the meeting. Andrew Price, Eden County served as page. Senator Bob Rucho presided.

Business Taxes (Corporate Franchise Tax)

Jonathan Tart, a fiscal analyst with the Fiscal Research Division, was recognized and completed the presentation that was held over from the Finance Committee meeting of February 6, 2011. The topic of the presentation was Corporate Franchise Taxes where Mr. Tart provided the committee with an overview of the NC Franchise Tax. It represents 4% ($724 million) of the General Fund Revenues. His presentation outlined who pays franchise taxes and the types of businesses that are not subject to the franchise tax. The current franchise tax rate for the State of North Carolina is $1.50 per $1,000 of taxable assets. A copy of his presentation is attached.

Sales & Use Tax

Trina Griffin, a staff attorney with the Research Division, was recognized and started her presentation with the introduction of Eric Wayne Director of the State Tax Division of the Department of Revenue. Mr. Wayne was recognized by the Chair to introduce members of his staff: Jimmy Upchurch, Assistant Director; Amy McElroy, Administrative Officer; Ed Strickland, Administrative Officer; and Jeff Hendrickson, Administrative Officer. After the introductions, Mrs. Griffin was again recognized to explain Sales and Use Tax. In her presentation, she provided the committee with a historical overview of the sales tax in North Carolina and that over the years the state has seen a shift in consumption from durable and nondurable goods to services. She also covered in her presentation the use tax which is a tax on tangible personal property, digital property and certain services. She also noted the problem of tax collection of items purchased outside of the state for use, storage, or consumption in the state. This tax is paid by the purchaser when sales tax has not been collected by the seller. She also discussed Nexus in conjunction with the Sales & Use Tax; a retailer has Nexus with the state when it has a physical presence in the state to be required to collect NC sales tax. A copy of Mrs. Griffin's presentation is attached

Sandra Johnson, a fiscal analyst with the Fiscal Research Division, was recognized to present on Rates & Exemptions. The current general state rate of tax for North Carolina is 5.75%. Ms. Johnson provided the committee a historical overview of select sales tax exemptions and refunds pointing out the three major sales and use tax exemptions which are food, prescription drugs and durable medical equipment. She also identified the organization types that are eligible for sales tax refunds: government agencies, religious & charitable, nonprofit hospitals, nonprofit educational institutions and qualifying continuing care and retirement communities. Ms. Johnson concluded her presentation discussing tax reform some items proposed were, elimination of preferential rates, elimination/modify exemptions and rates, transition of certain "priviledge" taxes to sales tax base and broaden the base to include more personal services and lower the rate. A copy of her presentation is attached

The Meeting Adjourned at 2:20 PM

Senate Finance Committee Meeting
Wednesday, February 15, 2011 at 1:00PM
Room 544, Legislative Office Building

Minutes

The Senate Finance Committee met at 1:00 PM on February 15, 2011, in room 544 of the Legislative Office Building. Twenty seven members of the Senate Finance Committee attended the meeting. Victoria Martin, Oxford County and Nate Andrews of Vale County served as pages. Senator Fletcher Hartsell presided.

SB 29 Tax Certification – Alamance County

Senator Gunn was recognized to explain the bill. Senator Clodfelter moved to adopt the bill and the motion carried as Favorable. The bill authorizes Alamance County to require the payment of delinquent property taxes before recording deeds conveying property. A copy of the bill and summary is attached

Economic Development Tax Incentive

Rodney Bizzell, a fiscal analyst with the Fiscal Research Division, was recognized and provided the committee with an Overview of Economic Development Tax Incentives. In his presentation he discussed installments and carry forwards, tax credits generated vs. tax credits taken and identified savings from repeal of certain incentives. He concluded his presentation to the committee by identifying Corporate and Franchise tax expenditures and Sales tax expenditures that are related to economic development. A copy of his presentation is attached.

Consensus Forecast for the 2011-2013 Biennium

Barry Boardman a fiscal analyst with the Fiscal Research Division was recognized and provided the committee with a Consensus Forecast for the 2011-2013 Biennium. He explained the forecast process the numbers, and highlighted some of the expected revenue numbers.

Miscellaneous Taxes

Heather Fennell, a staff attorney with the Research Division, was recognized to present on Miscellaneous Taxes. She discussed the following taxes: Insurance Gross Premium Tax which represents (2.7 % of the General Fund revenues) the Alcohol Beverage Excise Tax which represents (1.6% of the General Fund revenues) and the Tobacco Product Tax which represents (1.4% of the General Fund revenues). A copy of her presentation is attached

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

S 1

SENATE BILL 29*

Short Title:	Tax Certification - Alamance County.	(Local)
Sponsors:	Senator Gunn.	
Referred to:	Finance.	

February 3, 2011

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE ALAMANCE COUNTY TO REQUIRE THE PAYMENT OF DELINQUENT PROPERTY TAXES BEFORE RECORDING DEEDS CONVEYING PROPERTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 161-31(b) reads as rewritten:

"(b) Applicability. – This section applies only to Alamance, Alexander, Anson, Beaufort, Bertie, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Stanly, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, and Yadkin Counties."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 29:
Tax Certification - Alamance County

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 14, 2011
Introduced by:	Sen. Gunn	**Prepared by:**	Judy Collier
Analysis of:	First Edition		Research Assistant

SUMMARY: ***Senate Bill 29 would authorize Alamance County to require the payment of delinquent property taxes before recording deeds conveying property.***[1]

CURRENT LAW: G.S. 161-31(a) provides that the board of commissioners of a county may, by resolution, require the register of deeds not to accept any deed transferring real property unless the county tax collector has certified that there are no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. In the resolution, the county commissioners may describe the form the certification must take.

G.S. 161-31(a1) provides an exception. It requires that the register of deeds must accept, without certification, a deed that contains the following statement: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

G.S. 161-31 applies to the following 69 counties: Alexander, Anson, Beaufort, Bertie, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Currituck, Dare, Davidson, Davie, Duplin[2], Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Stanly, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, and Yadkin.

The following counties have a similar requirement but under different authorizing legislation:

Avery County	S.L. 1963-305, as amended by S.L. 1997-410, S.L. 1998-73[3] and S.L. 2010-51
Ashe County	S.L. 1993-657, as amended by S.L. 1997-410 and S.L. 2005-433[4]
Alleghany County	S.L. 1997-410
Mitchell County	S.L. 1987-537, as amended by S.L. 1997-410 and S.L. 1999-326[5]

These local acts state that the Register of Deeds shall not record any deed unless it is accompanied by a certification that all delinquent taxes have been paid. These local acts are in contrast to G.S. 161-31, which gives certain counties the discretion to pass a resolution to that effect.

---

[1] This bill is identical to HB 38, introduced by Representatives Bordsen and Ingle. HB 38 is currently in the House Government Committee.

[2] S.L. 2010-24 provides the Register of Deeds in Duplin County must also receive a certification that no municipal taxes or any other taxes the collector is charged with collecting are a lien on the property before a deed transferring the property may be recorded.

[3] The Town of Newland was added in 1997; the Town of Banner Elk was added in 1998; the Village of Sugar Mountain was added in 2010.

[4] S.L. 2005-433 provides that in addition to receiving a certification from the county tax collector, the Register of Deeds must also receive a certification from any municipal tax collector, where applicable, verifying that all delinquent taxes on the property have been paid.

[5] This local act also provides that if the property is located in the Town of Spruce Pine or the Town of Bakersville, the deed must also be accompanied by a certification from each town tax collector that all delinquent municipal taxes have been paid with respect to the property.

BILL ANALYSIS: Senate Bill 29 would add Alamance County to the list of counties that would permit the board of commissioners to pass a resolution requiring that the register of deeds not accept any deed transferring real property unless the county tax collector certifies that the taxes listed in the statute are not delinquent and are not a lien on the property described in the deed.

EFFECTIVE DATE: This act is effective when it becomes law.

S29-SMRE-1(e1) v3

Cindy Avrette, counsel to Senate Finance Committee significantly contributed to this summary.

OVERVIEW OF ECONOMIC DEVELOPMENT TAX INCENTIVES

Joint House and Senate Finance, February 10th, 2011
Rodney Bizzell, Fiscal Research Division

Overview

- Economic Development Incentives
  - Installments and Carryforwards
  - Tax Credits Generated vs. Taken
  - Savings from Repeal of Incentives
- Corporate and Franchise Tax Expenditures Related to Economic Development
- Sales Tax Expenditures Related to Economic Development

Economic Development Incentives

- Article 3A – William S. Lee Act
  - Repealed in 2007 and replaced with Article 3J
- Article 3B – Business and Energy Tax Credits
  - Tax credits for energy property and facilities
- Article 3F – Research and Development
  - Tax credits for eligible research expenses
- Article 3G – Major Computing Facilities
  - Dell Incentive
- Article 3J – Growing Businesses

Economic Development Incentives

In general, major incentive credits (Article 3A – J) share certain attributes

- Can be taken against the corporate income or franchise tax.
- Credits are limited to 50% of taxable income
- Most credits are taken in installments over 4 or 5 years
- Carryforwards extend the time over which credits can be taken (range from 5-25 years)

Economic Development Incentives

- Credits Generated vs. Credits Taken
- Between 1996 and 2006, the total Lee Act credits generated exceeded $2 billion.
- The amount of credits used or "taken" during that time totaled $632 million.
- An estimated 35% of the generated credits will never be used.

Source: UNC Center for Competitive Economies

Article 3J Tax Credits

- Tax Credits for Growing Businesses
  - Replaced William S. Lee Act Incentives in 2007
  - Credit for Creating Jobs
  - Credit for Investing in Business Property
  - Credit for Investing in Real Property (Tier 1 counties only)

2008 Article 3J Jobs Credits Generated

	Number of New Jobs	Credits Generated
Tier One	2,284	28,550,000
Tier Two	839	4,253,000
Tier Three	3,249	2,637,875
Total	6,372	$35,440,875

2008 Investment in Business Property Credits Generated

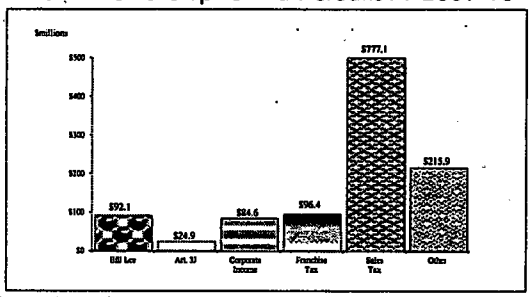
	Investment	Credits Generated
Tier One	402,168,157	28,095,346
Tier Two	235,859,128	11,843,752
Tier Three	703,924,546	36,273,286
Total	$1,341,951,831	$76,212,384

Timing of Tax Credit Impact

Tax Credits Taken ($millions)				
Year of Tax Credit Generation	FY 2008-09	FY 2009-10	FY 2010-11	FY 2011-12
2008	5.4	12.1	12.1	12.1
2009		5.4	12.1	12.1
2010			5.4	12.1
2011				5.4
TOTAL	$5.4	$17.5	$29.6	$41.7

Tax Incentives

Economic Development Tax Credits FY 2009-10



Source: NC Dept. of Revenue 2009 Biennial Tax Expenditure Report

Corporate Income Tax Expenditures

- Double-weighting Sales Apportionment
  - $41.8 million
  - Sales apportionment factor for corporate income tax is double-weighted
  - Benefits companies with a large physical presence in North Carolina
- Cigarette Exportation Credit
  - $9.1 million
  - Credit amount up to $10 million for companies that export cigarettes to a foreign country through state ports.
- Film Industry Production
  - $22.5 million

Sale Tax Expenditures

- Includes Exemptions, Refunds and Preferential Rates
- Sales to Farmers
  - $294.9 million
  - Sales tax exemption for various items sold to farmers for agricultural purposes.
- Packaging Costs for Manufacturers
  - $126.6
  - Sales tax exemption for wrapping paper, cloth, plastic bags, packages, containers, etc.
- Refund for Certain Industrial Facilities
  - $2.4 million
  - Refund for building materials for facilities in eligible industries (air courier, aircraft manufacturing, bioprocessing, computer manufacturing, financial services, vehicle manufacturing, pharmaceutical, semiconductor, solar electricity

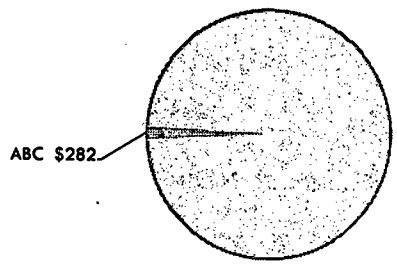
Property Coverage – 0.74% • 10% of automobile physical damage coverage. • 100% of all other property coverage.	• 30% to Volunteer Fire Department Fund for grants. • 25% to Fire Districts. • Remainder to General Fund.



Alcoholic Beverage Excise Taxes

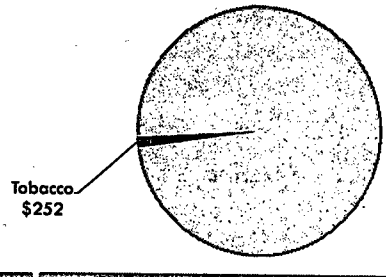
1.59% of General Fund Revenues

Alcoholic Beverage Taxes

- Rates:
  - Beer – 61.71¢ per gallon.
  - Unfortified wine – 26.34¢ per liter.
  - Fortified wine – 29.34¢ per liter.
  - Spirituous liquor – 30% of:
    - Distiller's price + ABC freight and bailment charges + local ABC markup.

Alcoholic Beverage Taxes - Distribution

By statute:	2009 Budget:
Local Governments:	Local Governments:
Beer - 20.47%.	Beer – 7.24%.
Unfortified wine - 49.44%.	Unfortified wine – 18%.
Fortified wine – 18%.	Fortified wine – 6.49%.



Tobacco Products Tax

1.40% of General Fund Revenues

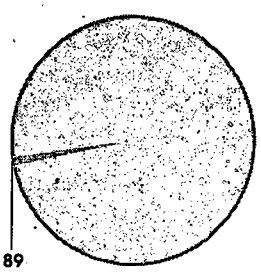
Tobacco – Cigarettes and OTP.

Cigarettes

- Rate - 2.25¢ per cigarette, 45¢ per pack.
- Discount – 2% for filing timely report.
- Proceeds – General Fund.

Other Tobacco Products (OTP)

- Rate - 12.8% of the cost of the product.
- Discount – 2% for filing timely report.
- Proceeds – 3% of cost of product – GF. Remainder - Cancer Fund.



"Other" Taxes

1.07% of General Fund Revenues

Freight Car Tax

- 3% of gross earnings of freight line companies.
- In place of property tax.

Piped Natural Gas

- Excise tax in lieu of sales tax.
- Tax rate based on monthly therm volumes of piped natural gas received by the end-user.
- Exemptions – Gas cities, manufacturers for use in operation of manufacturing facility, farmer for farming purpose.
- Distribution to cities

Piped Natural Gas

Monthly Volume of Therms Received	Rate Per Therm
First 200	$.047
201 to 15,000	.035
15,001 to 60,000	.024
60,001 to 500,000	.015
Over 500,000	.003

State Privilege Taxes

- Most of the State privilege license taxes were repealed, effective July 1, 1997.

Amusements	3%
Motion Picture Shows	1%
Professionals	$50

SENATE FINANCE COMMITTEE
Wednesday, February 16, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on February 16, 2011 in room 544 of the Legislative Office Building. Micaela Thiery of Hendersonville served as the page. Twenty-four members of the committee were present. Senator Rucho presided as chair.

S.B. 55 – Increase Property Tax Appeals Efficiency

Senator Clodfelter was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS amended the property tax appeals process in Mecklenburg County. The PCS made technical changes only. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS, the bill and the summary is attached.

Presentations

Department of Revenue

Secretary Hoyle was recognized to update the committee on the status of tax form reviews and refunds. He stated that 6,900 items remain to be reviewed and that $1 billion had been collected since his last report to the committee. He requested that North Carolina become a mandatory combined returns state to increase revenue and cut down on some corporate abuses. He also asked that for a reduced corporate rate, from 6.9% to 4.9% to benefit in-state businesses. His next request was for funding to hire up to 400 more employees and to update antiquated equipment. He warned that ABC license applicants owe the State a lot of money due to loopholes in his authority, so he asked for clarification and an increase in authority. He has also seen more fraud by tax preparers and wants the State to piggyback on the federal governments efforts.

The meeting adjourned at 2:48 PM.

Senator Bob Rucho, Presiding Chair

DeAnne Mangum, Committee Clerk

Principal Clerk
Reading Clerk

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE EFFICIENCY OF PROPERTY TAX APPEALS IN MECKLENBURG COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 509 of the 1981 Session Laws is repealed.

SECTION 2. Section 3 of this act applies only to Mecklenburg County.

SECTION 3. G.S. 105-322 reads as rewritten:

"**§ 105-322. County board of equalization and review.**

(a) Personnel. – Except as otherwise provided herein, the board of equalization and review of each county shall be composed of the members of the board of county commissioners.

Upon the adoption of a resolution so providing, the ~~board of commissioners~~Mecklenburg County Board of Commissioners is authorized to appoint a special board of equalization and review to carry out the duties imposed under this section. The resolution shall provide for the membership, qualifications, terms of office and the filling of vacancies on the board. The membership of the special board provided for in the resolution must be at least five members. The resolution may authorize the special board to establish of rules and procedures, including a separation into panels of three or more for deliberations. The board of commissioners shall also designate the clerk to and chairman of the special board. The resolution may authorize the assessor to appoint deputy clerks, as needed. The resolution may also authorize a taxpayer to appeal a decision of the special board with respect to the listing or appraisal of his property or the property of others to the board of county commissioners. The resolution shall be adopted not later than the first Monday in March of the year for which it is to be effective and shall continue in effect until revised or rescinded. It shall be entered in the minutes of the meeting of the board of commissioners and a copy thereof shall be forwarded to the Department of Revenue within 15 days after its adoption.

~~Nothing in this subsection (a) shall be construed as repealing any law creating a special board of equalization and review or creating any board charged with the duties of a board of equalization and review in any county.~~

(b) Compensation. – The board of county commissioners shall fix the compensation and allowances to be paid members of the board of equalization and review for their services and expenses.

(c) Oath. – Each member of the board of equalization and review shall take the oath required by Article VI, § 7 of the North Carolina Constitution with the following phrase added

to it: "that I will not allow my actions as a member of the board of equalization and review to be influenced by personal or political friendships or obligations,". The oath must be filed with the clerk of the board of county commissioners.

(d) Clerk and Minutes. – The ~~assessor shall serve as clerk~~ clerk, or deputy clerk, to the board of equalization and ~~review,~~review shall be present at all meetings, shall maintain accurate minutes of the actions of the board, and shall give to the board such information as he may have or can obtain with respect to the listing and valuation of taxable property in the county.

(e) Time of Meeting. – Each year the board of equalization and review shall hold its first meeting not earlier than the first Monday in April and not later than the first Monday in May. In years in which a county does not conduct a real property revaluation, the board shall complete its duties on or before the third Monday following its first meeting unless, in its opinion, a longer period of time is necessary or expedient to a proper execution of its responsibilities. Except as provided in subdivision (g)(5) of this section, the board may not sit later than July 1 except to hear and determine requests made under the provisions of subdivision (g)(2), below, when such requests are made within the time prescribed by law. ~~In the year in which a county conducts a real property revaluation, the board shall complete its duties on or before December 1, except that it may sit after that date to hear and determine requests made under the provisions of subdivision (g)(2), below, when such requests are made within the time prescribed by law.~~ The resolution adopted under subsection (a) of this section may authorize the special board to sit beyond the end of the current calendar year until the first meeting of the special board in the next calendar year to hear and determine requests made under the provisions of G.S. 105-322(g)(2) for appeals filed in the current calendar year. From the time of its first meeting until its adjournment, the board shall meet at such times as it deems reasonably necessary to perform its statutory duties and to receive requests and hear the appeals of taxpayers under the provisions of subdivision (g)(2), below.

(f) Notice of Meetings and Adjournment. – A notice of the date, hours, place, and purpose of the first meeting of the board of equalization and review shall be published at least three times in some newspaper having general circulation in the county, the first publication to be at least 10 days prior to the first meeting. The notice shall also state the dates and hours on which the board ~~will meet following its first meeting and the date on which it~~ expects to adjourn; it shall also carry a statement that in the event of earlier or later adjournment, notice to that effect will be published in the same newspaper. Should a notice be required on account of earlier adjournment, it shall be published at least once in the newspaper in which the first notice was published, such publication to be at least five days prior to the date fixed for adjournment. Should a notice be required on account of later adjournment, it shall be published at least once in the newspaper in which the first notice was published, such publication to be prior to the date first announced for adjournment.

(g) Powers and Duties. – The board of equalization and review has the following powers and duties:

(1) Duty to Review Tax Lists. – The board shall examine and review the tax lists of the county for the current year to the end that all taxable property shall be listed on the abstracts and tax records of the county and appraised according to the standard required by G.S. 105-283, and the board shall correct the abstracts and tax records to conform to the provisions of this Subchapter. In carrying out its responsibilities under this subdivision (g)(1), the board, on its own motion or on sufficient cause shown by any person, shall:

a. List, appraise, and assess any taxable real or personal property that has been omitted from the tax lists.

b. Correct all errors in the names of persons and in the description of properties subject to taxation.

c. Increase or reduce the appraised value of any property that, in the board's opinion, has been listed and appraised at a figure that is below or above the appraisal required by G.S. 105-283; however, the board shall not change the appraised value of any real property from that at which it was appraised for the preceding year except in accordance with the terms of G.S. 105-286 and 105-287.

d. Cause to be done whatever else is necessary to make the lists and tax records comply with the provisions of this Subchapter.

e. Embody actions taken under the provisions of subdivisions (g)(1)a through (g)(1)d, above, in appropriate orders and have the orders entered in the minutes of the board.

f. Give written notice to the taxpayer at the taxpayer's last known address in the event the board, by appropriate order, increases the appraisal of any property or lists for taxation any property omitted from the tax lists under the provisions of this subdivision (g)(1).

(2) Duty to Hear Taxpayer Appeals. – On request, the board of equalization and review shall hear any taxpayer who owns or controls property taxable in the county with respect to the listing or appraisal of the taxpayer's property or the property of others.

a. A request for a hearing under this subdivision (g)(2) shall be made in writing to or by personal appearance before the board prior to its adjournment. However, if the taxpayer requests review of a decision made by the board under the provisions of subdivision (g)(1), above, notice of which was mailed fewer than 15 days prior to the board's adjournment, the request for a hearing thereon may be made within 15 days after the notice of the board's decision was mailed.

b. Taxpayers may file separate or joint requests for hearings under the provisions of this subdivision (g)(2) at their election.

c. At a hearing under provisions of this subdivision (g)(2), the board, in addition to the powers it may exercise under the provisions of subdivision (g)(3), below, shall hear any evidence offered by the appellant, the assessor, and other county officials that is pertinent to the decision of the appeal. Upon the request of an appellant, the board shall subpoena witnesses or documents if there is a reasonable basis for believing that the witnesses have or the documents contain information pertinent to the decision of the appeal.

d. On the basis of its decision after any hearing conducted under this subdivision (g)(2), the board shall adopt and have entered in its minutes an order reducing, increasing, or confirming the appraisal appealed or listing or removing from the tax lists the property whose omission or listing has been appealed. The board shall notify the appellant by mail as to the action taken on the taxpayer's appeal not later than 30 days after the board's adjournment.

(3) Powers in Carrying Out Duties. – In the performance of its duties under subdivisions (g)(1) and (g)(2), above, the board of equalization and review may exercise the following powers:

a. It may appoint committees composed of its own members or other persons to assist it in making investigations necessary to its work. It may also employ expert appraisers in its discretion. The expense of

the employment of committees or appraisers shall be borne by the county. The board may, in its discretion, require the taxpayer to reimburse the county for the cost of any appraisal by experts demanded by the taxpayer if the appraisal does not result in material reduction of the valuation of the property appraised and if the appraisal is not subsequently reduced materially by the board or by the Department of Revenue.

b. The board, in its discretion, may examine any witnesses and documents. It may place any witnesses under oath administered by any member of the board. It may subpoena witnesses or documents on its own motion, and it must do so when a request is made under the provisions of subdivision (g)(2)c, above.

A subpoena issued by the board shall be signed by the chair of the board, directed to the witness or to the person having custody of the document, and served by an officer authorized to serve subpoenas. Any person who willfully fails to appear or to produce documents in response to a subpoena or to testify when appearing in response to a subpoena shall be guilty of a Class 1 misdemeanor.

(4) Power to Submit Reports. – Upon the completion of its other duties, the board may submit to the Department of Revenue a report outlining the quality of the reappraisal, any problems it encountered in the reappraisal process, the number of appeals submitted to the board and to the Property Tax Commission, the success rate of the appeals submitted, and the name of the firm that conducted the reappraisal. A copy of the report should be sent by the board to the firm that conducted the reappraisal.

(5) Duty ~~to Change Abstracts and Records~~ After Adjournment. – Following adjournment upon completion of its duties under subdivisions (g)(1) and (g)(2) of this subsection, the board may continue to meet to carry out the following duties:

a. To hear and decide all appeals relating to discovered property under G.S. 105-312(d) and (k).

b. To hear and decide all appeals relating to the appraisal, situs, and taxability of classified motor vehicles under G.S. 105-330.2(b).

c. To hear and decide all appeals relating to audits conducted under G.S. 105-296(j) and relating to audits conducted under G.S. 105-296(j) and (l) of property classified at present-use value and property exempted or excluded from taxation.

d. To hear and decide all appeals relating to personal property under G.S. 105-317.1(c).

e. To appraise and reappraise property under G.S. 105-325(a)(6)."

SECTION 4. Section 1 of this act becomes effective only upon the adoption of a resolution by the Mecklenburg Board of County Commissioners under Section 3 of this act. The remainder of this act is effective January 1, 2011.

SENATE PCS 55:
Increase Property Tax Appeals Efficiency

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 16, 2011
Introduced by:	Sens. Clodfelter, Dannelly	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S55-CSTD-1		

SUMMARY: The proposed committee substitute (PCS) to Senate Bill 55 would amend the property tax appeals process in Mecklenburg County. The PCS makes technical changes only. This PCS differs from the PCS that was distributed by email. This PCS makes further technical changes requested by Mecklenburg County.

CURRENT LAW: Unless local legislation is enacted, a statutory process is provided for the appeal of property tax valuation.

Statutory Process: G.S. 105-322 provides the county commissioners review and decide property tax appeals, unless the commissioners adopt a resolution to appoint a county board of equalization. The board must hold its first meeting no earlier than the first Monday in April, and no later than the first Monday in May. The board may only meet past July 1 of each year to consider appeals filed before the statutory deadline of July 1. The Property Tax Commission hears appeals from the board.

Mecklenburg Local Legislation: Chapter 509 of the 1981 Session Laws provides the property tax appeals process for Mecklenburg County. The Mecklenburg Board of County Commissioners is authorized to appoint a special board of equalization of 5-9 members. The local legislation provides the powers and procedures for the special board including duties of the board, time of meetings, and notice of meetings. For years in which the County has conducted a revaluation of real property, the Chairman of the special board may divide the board into 3 panels of at least 3 members.

BILL ANALYSIS: The proposed committee substitute to Senate Bill 55 would provide a new property tax appeals process for Mecklenburg County. The new process differs from the statutory process in the following ways:

- The special board of equalization and review must consist of at least 5 members.
- The resolution adopted by the County Commissioners may authorize the special board to adopt rules and procedures, including separation into three or more panels for deliberations.
- The special board is authorized to meet beyond the calendar year in which it was appointed to reconsider appraisals for which new facts relating to the value of the property. Under the statutory process, these reconsiderations are heard by the Board of County Commissioners as the special board has adjourned.
- Publications of notice for meetings for the board must follow the statutory process, except publication is not required for meetings after the initial meeting.

EFFECTIVE DATE: The repeal of the prior local act is effective when the Mecklenburg County Commissioners adopt a resolution under this act. This remainder of this act is effective January 1, 2011.

S55-SMTD-3(CSTD-1) v4

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE EFFICIENCY OF PROPERTY TAX APPEALS IN MECKLENBURG COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 509 of the 1981 Session Laws is repealed.

SECTION 2. This act applies only to Mecklenburg County.

SECTION 3. Upon the adoption of a resolution so providing, the Mecklenburg County Board of Commissioners is authorized to appoint and delegate to a special board of equalization and review to perform the duties imposed under G.S. 105-322. The resolution shall provide for the membership of the special board, which shall be at least five members, qualifications, terms of office, filling of vacancies, appointment of the clerk, compensation, time and notice of meetings, adjournment, and establishment of rules and procedures of the special board, including separation into panels of three or more for deliberations. The resolution may authorize a taxpayer to appeal a decision of the special board with respect to the listing or appraisal of property to the Board of Commissioners. The resolution shall be adopted not later than the first Monday in March of the year for which it is to be effective and shall continue in effect until revised or rescinded. The resolution shall be entered in the minutes of the meeting of the Board of Commissioners, and a copy shall be forwarded to the Department of Revenue. The members of the special board shall take the oath required in G.S. 105-322(c).

SECTION 4. A resolution adopted pursuant to Section 3 of this act may authorize the tax assessor to appoint deputy clerks, as needed.

SECTION 5. The time of meeting of a special board appointed pursuant to Section 3 of this act shall be as provided in G.S. 105-322(e), except that the resolution appointing the special board may authorize the special board to sit beyond the end of the current calendar year until the first meeting of the special board in the next calendar year to hear and determine requests made under the provisions of G.S. 105-322(g)(2) for appeals filed in the current calendar year.

SECTION 6. The publication of notice of meetings and adjournment shall be the same as provided in G.S. 105-322(f), except that no publication will be required of meetings after the initial meeting.

SECTION 7. A special board appointed pursuant to Section 3 of this act shall have the powers and duties provided in G.S. 105-322(g), as amended from time to time.

SECTION 8. A resolution adopted pursuant to Section 3 of this act may provide for the special board appointed pursuant to Section 3 of this act to have the duties set forth in G.S. 105-325(a)(6), as amended from time to time.

SECTION 9. This act becomes effective January 1, 2011.

MOTOR FUELS EXCISE TAX AND HIGHWAY USE TAX

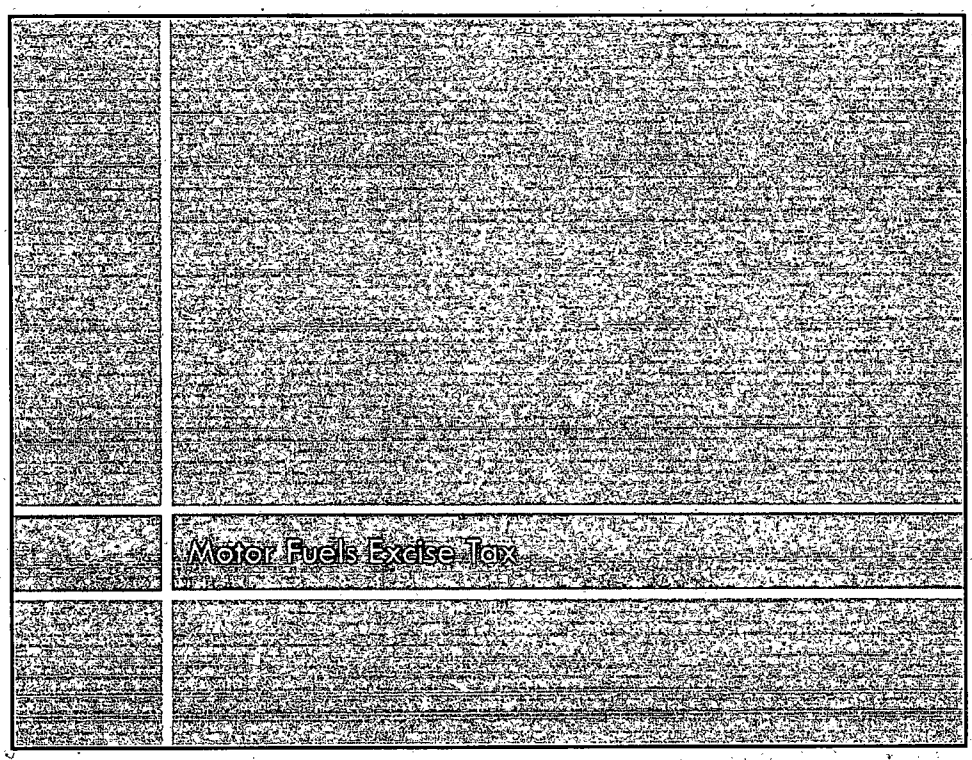
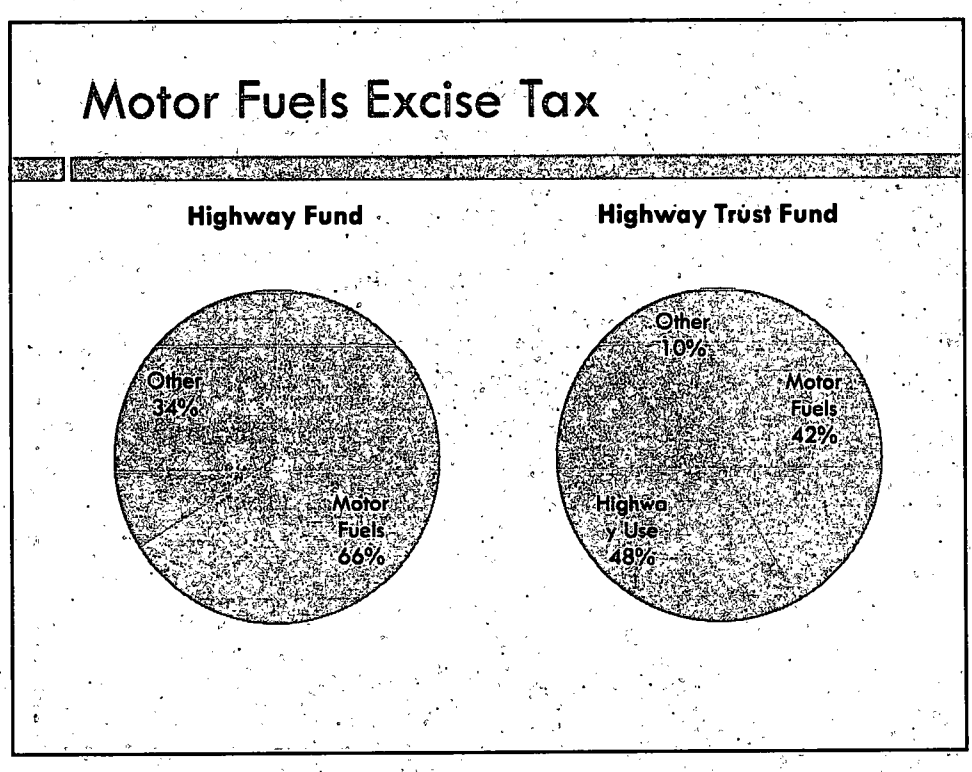
Total	$	909,150,646



Motor Fuels Excise Tax



Motor Fuels Excise Tax
Highway Fund
Other 34%
Motor Fuels 66%
Highway Trust Fund
Other 10%
Motor Fuels 42%
Highway Use 48%

Motor Fuels Excise Tax-Overview

- All states impose a tax on gasoline
- Distribution
  - 75% to Highway Fund
  - 25% to Highway Trust Fund
  - Other distributions: Commercial and Non-Commercial Leaking Petroleum Underground Storage Tank Cleanup Funds; Water and Air Quality Account; Wildlife Resources Fund; Powell Bill

Motor Fuels Excise Tax-History

- Centralization of responsibility for roads with the State
- 1921: Motor Fuels tax imposed at $0.01
- 1931
  - State assumes responsibility for all roads except city streets
  - Rate is $0.05 (equivalent to $0.63 per gallon today)

Motor Fuels Excise Tax-History-Continued

- 1951: Powell Bill (Aid to Municipalities)
  - States assumes responsibility for city streets which are part of the state highway system
  - $0.05 per gallon to cities for their streets
- 1986
  - Rate increased from $0.12 to $0.155
  - Variable component was added to rate
    - $0.14 per gallon fixed rate plus
    - 3% of the average wholesale price

Motor Fuels Excise Tax-History-Continued

- 1989
  - Highway Trust Fund created
  - Rate increased from $0.157 to $0.209
    - $0.17 per gallon fixed rate plus
    - 7% of the average wholesale price
- 1991: Fixed component of rate changed to $0.175
- 2011: No rate changes since 1991
  - $0.17 per gallon fixed plus 7% of the weighted average wholesale price of motor fuels
  - Floor Rate is $0.299 until July 1, 2011
  - Total Rate: $0.325 per gallon (1st Quarter 2011)

Motor Fuels Excise Tax-Collection

Interstate Trucking Industry

- 48 contiguous states joined Int'l Fuel Tax Agreement (IFTA)
- Truckers file 1 report to base state reporting and paying fuel taxes for all 48 states
- IFTA clearinghouse handles payments among states
- Major tax reform which simplified tax reporting and unified tax reporting for all contiguous states

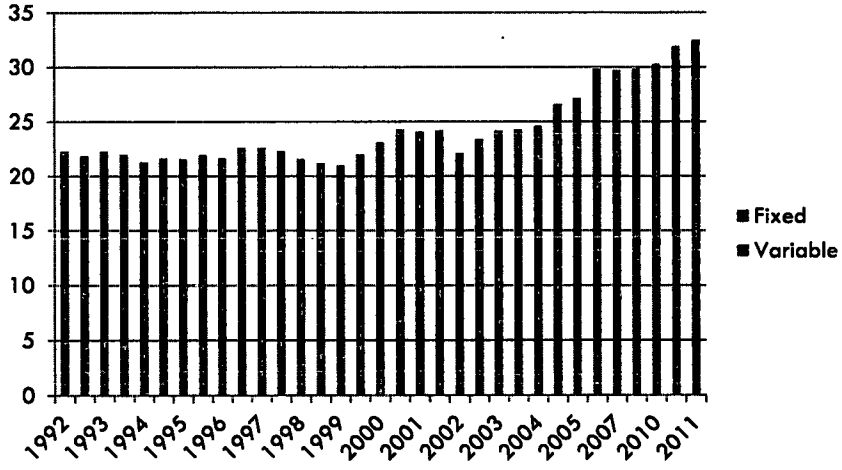
"Tax at the Rack"

- Collected by wholesale distributors of motor fuels on purchases made from major oil companies
- Tax due when fuel pumped into tanker truck "at the rack"
- Major tax reform which eliminated taxpayers and improved compliance

Motor Fuels Excise Tax-Exemptions and Refunds

- Fuel not used on the highway (100% refund but subject to sales tax)
- Exemptions
  - US Government
  - State Agencies
  - Counties
  - Municipal Corporations
  - Community Colleges
  - Boards of Education
  - Fuel for Export
  - Fuel for Aircraft
- Volunteer fire dept and rescue squads; sheltered workshops; taxicabs; nonprofits operating for a local government (refund of tax paid less $0.01)
- Concrete mixing vehicles; solid waste compacting vehicles; vehicles delivering and spreading mulch, soil, and similar materials; certain agricultural and tank delivery vehicles (33 1/3 % Refund)

Motor Fuels Excise Tax-Components



Comparison-State Roadways

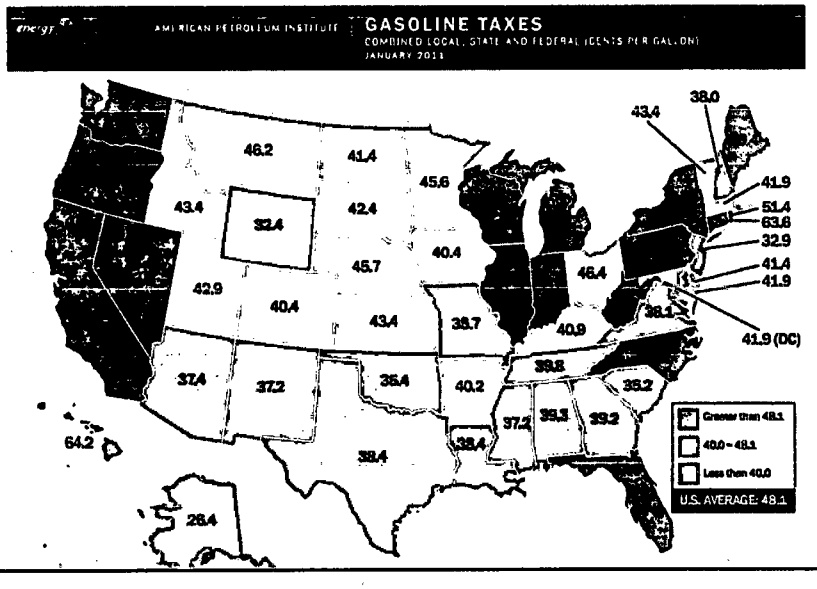
- NC and Texas have largest state-controlled highway systems, over 79,000 miles
- NC controls 76% of the road miles
- Comparison to Surrounding States

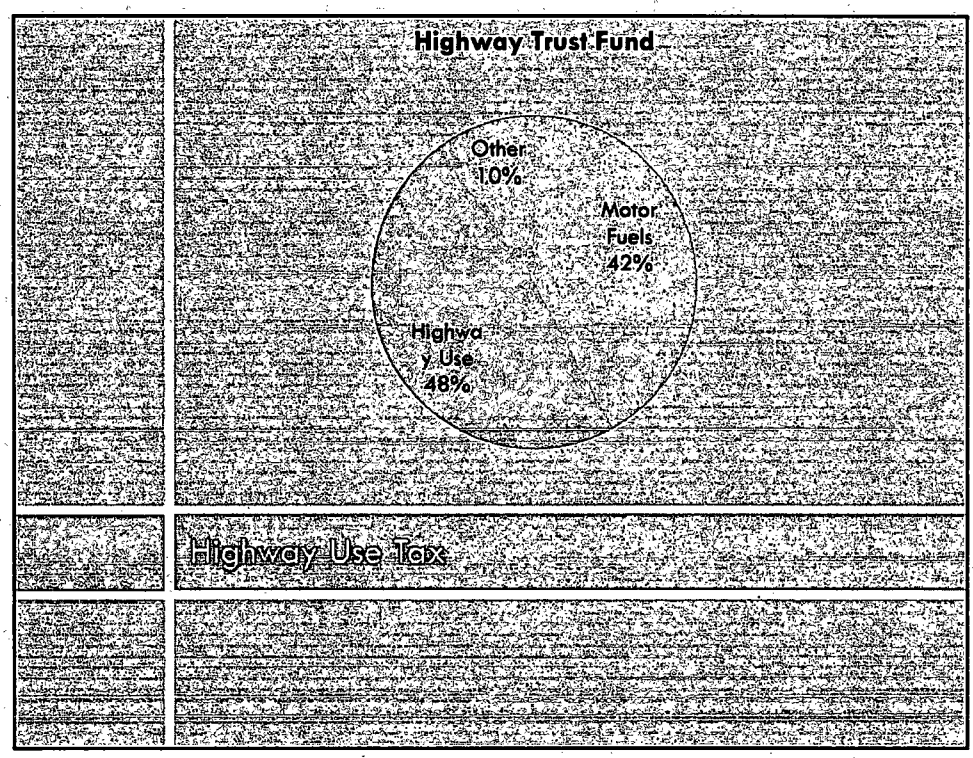
	Total Miles	State-Controlled	Percentage
Georgia	118,778	17,930	15%
South Carolina	66,249	41,437	63%
Tennessee	91,956	13,886	15%
Virginia	72,659	57,72	79%

Comparison-State Taxation of Gasoline

- Comparison to Surrounding States
  - Georgia $0.1530
  - South Carolina $0.1600
  - Tennessee $0.2000 (Diesel $.1700)
  - Virginia $0.1750 (Surcharge 0.0350)
- NC rate is higher than 34 states and lower than 15
- Only NC has a variable rate (some states have a local option that counties can vary)

Comparison-Tax on Gasoline





Highway Use Tax-History

- 41 states impose tax on the sales of motor vehicles
- 1989
  - Highway Trust Fund created
  - Highway Use Tax enacted (3% with $1,000 cap)
    - Replaced sales tax on motor vehicles (2% with $300 cap)
    - Sunset when the projects of the Trust Fund completed
- 1993: Cap increased from $1,000 to $1,500
- 2001: Cap repealed
- 2007: Sunset repealed

Highway Use Tax-Rates and Comparison

- Rates:
  - Non-Commercial Vehicles — 3% with no cap
  - Commercial Vehicles — 3% with $1,000 cap
  - Recreational Vehicles — 3% with $1,500 cap
- Base
  - Retail price = net purchase price after trade
  - Market value for casual sales = schedule set by Commissioner
- Comparison to Surrounding States
  - Georgia 4%
  - South Carolina 5%
  - Tennessee 7%
  - Virginia 3%

Highway Use Tax-Exemptions

- Exemptions where new title issued but ownership has not changed
  - Change in owner's name
  - Transfer of salvaged vehicle to insurer
  - Divorce
  - Transfer by State of handicapped-equipped vehicles
- Sale to dealer for resale
- Gifts between spouses and parent/child
- Transfer at death of owner
- Transfer for driver's education
- Volunteer fire departments and rescue squads

Highway Use Tax-Companion Tax

- Rates:
  - Long-term Lease (1 year) 3%
  - Short-term Lease 8% (General Fund)
- Base:
  - Gross receipts from lease or rental

LOCAL REVENUE SOURCES

Source: Dept. of State Treasurer

Property Tax Constitutional authority

- N.C. Constitution gives General Assembly sole power to classify property for taxation
- Power must be exercised on State-wide basis
- Every class of property must be taxed by uniform rule, and every classification must be by general law uniformly applicable in every unit of local government

Property Tax Constitutional Authority

- Exemptions: property belonging to the State, counties, and municipal corporations
- Authorizes General Assembly to exempt cemeteries and property held for educational, scientific, literary, cultural, charitable, or religious purposes; personal property to a value not exceeding $300; and $1,000 in property held and used as owner's residence
- Only General Assembly may grant exemptions and these exemptions must be on State-wide basis

Generalities

- Tax imposed on all real and tangible personal property unless specifically exempted
- Appraised at true value (market value or price at which the property would exchange hands between a willing and financially able buyer and willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of all the uses to which the property is adapted and for which it is capable of being used)

Generalities

- Property appraised and assessed by county tax assessor
- Property must be listed during listing period: month of January
- Real property taxes due and payable on September 1 and are delinquent if not paid before January 6

Generalities
Appraisal of real property

- Must be appraised at least once every 8 years, unless county is required to advance or chooses to advance reappraisal year
- 44 counties have adopted shorter reappraisal year
- County with a population of 75,000 or greater must advance its reappraisal if its sales assessment ratio fluctuates by more than 15%

Generalities
Appraisal of real property

- School of Government Bulletins:
  - "A Citizens' Guide to the Revaluation and Assessment of Property by North Carolina Counties" by Shea Riggsbee Denning, Property Tax Bulletin #144, March 2008
  - "The Revaluation Revolt of 2009" by Christopher B. McLaughlin, Local Government Law Bulletin #121, September 2009

Generalities
Appeal

- Taxpayers appeal to the county board of equalization and review (composed of members of board of county commissioners)
- Property Tax Commission hears appeals from county board of E & R (Commission composed of five members, three appointed by Governor and two appointed by General Assembly)
- North Carolina Court of Appeals hears appeals from the Property Tax Commission

Exemptions and Exclusions

- Must be authorized by Constitution and laws of State
- G.S. 105-275 lists 45 classes of property that are designated special classes of property under the Constitution and excluded from tax
- G.S. 105-278.1 - property owned by units of government
- G.S. 105-278.2 - burial property
- G.S. 105-278.3 – property used for religious purposes
- G.S. 105-278.4 – property used for educational purposes
- G.S. 105-278.5 – property of religious educational assemblies used for religious and educational purposes
- G.S. 105-278.6 - property used for charitable purposes
- G.S. 105-278.6A - qualified retirement facility
- G.S. 105-278.7 – property used for educational, scientific, literary, or charitable purposes
- G.S. 105-278.8 – property used for charitable hospital purposes

Property Tax Relief Programs
Exclusions and Deferrals

- Elderly or disabled property tax homestead exclusion
- Disabled veteran property tax homestead exclusion
- Property tax deferral programs:
  1. Property tax homestead circuit breaker (G.S. 105-277.1B)
  2. Present-use value property (G.S. 105-277.3)
  3. Working waterfront property (G.S. 105-277.14)
  4. Wildlife conservation land (G.S. 105-277.15)
  5. Historic district property held as future site of historic structure (G.S. 105-275(29a))
  6. Historic property (G.S. 105-278)
  7. Inventory property tax deferral (G.S. 105-277.1D)
  8. Nonprofit property held as future site of low or moderate income housing (G.S. 105-278.6(e))

Elderly or disabled property tax homestead exclusion

- Excludes from property tax the greater of $25,000 or 50% of appraised value of permanent residence of qualifying owner
- Qualifying owner must be at least 65 or totally and permanently disabled, and have an income for the previous year that does not exceed an income eligibility limit

Elderly or disabled property tax homestead exclusion

- For 2008, the income eligibility limit was $25,000. In subsequent years, the limit has been indexed by cost-of-living adjustment. Income eligibility limit for 2011 is $27,100
- Income is defined as all moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant

Disabled veteran property tax homestead exclusion

- Excludes first $45,000 of appraised value of the permanent residence of disabled veteran or surviving spouse of disabled veteran if spouse has not remarried
- Disabled veteran's character of service must be honorable or under honorable conditions, and disabled veteran must either (1) have received federal benefits for specially adapted housing or (2) received certification from federal agency that the veteran has a service-connected, permanent, and total disability

Property Tax Deferral Generalities

- Common traits of eight deferral programs
  - Owner must qualify for program
  - Deferred taxes are lien on property and become due and payable when disqualifying event occurs
  - Only deferred taxes for deferral period plus the taxes in the year that property is disqualified become due
  - Deferred taxes are difference in taxes that would be due without the deferral minus the taxes that are paid under the deferral program

Property Tax Deferral Homestead Circuit Breaker

- Effective 2009, owner may defer portion of property tax on permanent residence if:
  - Owner is at least 65 OR totally and permanently disabled
  - Owner has owned home as permanent residence for five years
  - Owner's income does not exceed 150% of the income eligibility limit for the elderly and disabled homestead exclusion

Property Tax Deferral Homestead Circuit Breaker

- Tax limitation (2011)

Income= $0 to $27,100	Property Taxes limited to 4% of income
Income= $27,101 to $40,650	Property Taxes limited to 5% of income
Income= Over $40,650	Does not qualify

Property Tax Deferral
Homestead Circuit Breaker

- Deferred taxes for last three years are due if:
  - Owner dies
  - Property is transferred
  - Property no longer used as owner's permanent residence

Property Tax Deferral
Present-Use Value (PUV)

- Since 1973, PUV program has allowed certain farmland to be assessed at PUV as opposed to market value
- PUV: value of land in its current use as farmland based solely on its ability to produce income and assuming an average level of management
- Applies to agricultural land, horticultural land, and forestland
- Purpose of program: to preserve the family farm

Property Tax Deferral
Present-Use Value

- Classifications
  - Agricultural land: actively engaged in commercial production or growing of crops, plants, or animals
  - Horticultural land: actively engaged in commercial production of growing of fruits, vegetables, nursery products, or flowers
  - Forestland: actively engaged in the commercial growing of trees

Property Tax Deferral
Present-Use Value

- Farmland ownership requirement:
  - individual, tenants in common, trusts, or business entity
  - If owned by individual, must be owner's home or owned by owner or relative for four years
  - If owned by business entity, must be owned by business entity or one or more of members of business entity for four years

Property Tax Deferral
Present-use Value

- Farmland size requirement:
  - Agricultural: at least 10 acres in actual production
  - Horticultural: at least 5 acres in actual production
  - Forestland: at least 10 acres in actual production

Property Tax Deferral
Present-Use Value

- Farmland income requirement:
  - Agricultural and horticultural: must have at least one tract that produced at least $1,000 average gross income per year for the three years preceding the application for PUV
  - Forestland: no income requirement (not feasible since forestland generally produces income when timber is harvested)

Property Tax Deferral
Present-Use Value

- Farmland sound management requirement:
  - Land must be used for production of agricultural, horticultural, or forestry products in manner that maximizes the return from the land
  - Forestland must have written sound management plan
  - Agricultural or horticultural land must demonstrate one of the following: compliance with agency-administered and approved plan, compliance with set of best management practices for commercial production, compliance with income test, evidence of net income from farm operation, evidence that farming is principal source of income, certification by agency in county that land is operated under sound management plan

Property Tax Deferral
Working Waterfront Property

- Effective July 1, 2009, the following property is appraised and taxed at PUV if it has produced an average gross income of at least $1,000 for the most recent three-year period:
  - Pier that extends into coastal fishing waters and requires access fee
  - Real property adjacent to coastal fishing waters and primarily used for commercial fishing operation or fish processing

Property Tax Deferral
Wildlife Conservation Land

- Effective July 1, 2010, following land is appraised and assessed as if it were agricultural land under the PUV program if it meets all of the following size, ownership, and use requirements:
  - Consists of at least 20 contiguous acres, but no more than 100 acres of an owner's land in the county may qualify
  - Owned by individual, family business entity, or family trust for the previous five years
  - Land managed under written wildlife habitat conservation agreement with NC Wildlife Resources Commission
  - Land was classified as farmland under PUV program when the conservation agreement was signed

Property Tax Deferral
Historic Property

- Real property designated as historic property or as historic landmark by local ordinance is taxed at 50% of market value
- Deferred taxes for the preceding three years become due when there is a change in the ordinance or a change in the property other than by fire or other natural disaster

Property Tax Deferral
Historic District Property

- The following historic district property is excluded from property tax:
  - must be held by nonprofit corporation organized for historic preservation and held for future site for historic structure
- Land may be excluded for five years
- Deferred taxes become due if historic structure not moved to property within five years

Property Tax Deferral - Nonprofit property held for future low or moderate income housing

- Real property held by nonprofit organization as future site for housing for individuals or families with low or moderate income is exempt from property taxes for five years
- Deferred taxes due if property not used for this purpose within five years

Property Tax Deferral Inventory Property

- Effective July 1, 2010, an occupant-ready residence constructed on parcel of real property and owned by a general contractor for resale qualifies for a property tax deferral
- Amount deferred for the real property is the portion of tax that represents the increase in property value resulting from construction of residence on the property
- Deferred taxes become due when one of following occurs:
  - Builder transfers residence
  - Residence is occupied
  - Five years have passed from time property was first subject to listing for tax benefit
  - Three years have passed from date property first received the benefit

Property Tax Motor Vehicles

- Local governments collect property tax on motor vehicles registered in State
- DMV sends monthly data to each county identifying vehicles that have been issued or renewed registrations
- Most vehicles registered on staggered basis throughout calendar year
- County then sends tax bill to vehicle owner
- Tax due first day of fourth month following (1) last day of month in which new registration applied for, or (2) date former registration expires

House Bill 1779 - Combined MV Registration Renewal and Property Tax Collection System

- HB 1779 ratified during 2005 Session
- Current registration renewal and tax notices will be combined into single notice
- Taxes collected at registration or renewal
- Value of vehicle based on schedule for all 100 counties
- Vehicle owner can pay taxes and registration fees at any DMV or tag office in the State

Deed Stamp Tax

- State imposes a tax on most recorded deeds
- Tax measured by price paid for property
- Rate is $1 for each $500 of sales price
- Tax collected by county: ½ to county for any public purpose, and remaining ½ to Department of Revenue (75% to Parks and Recreation Trust Fund and 25% to Natural Heritage Trust Fund)

Deed Stamp Tax

- Following transfers are exempt:
  - By operation of law
  - By lease for a term of years
  - By will
  - By intestacy
  - By gift
  - No consideration paid
  - By merger, conversion, or consolidation
  - By instrument securing indebtedness

Local land transfer tax

- In 2007, counties authorized to levy either a land transfer tax (up to 0.4%) or local sales tax (.25%)
- Proceeds may be used for any lawful purpose
- 23 referendums have been held and all were unsuccessful
- Seven counties given authority to impose tax by local legislation: Dare, Currituck, Chowan, Camden, Pasquotank, Perquimans, and Washington (never enacted in Washington)

Questions????

OVERVIEW OF OTHER LOCAL REVENUE SOURCES

House and Senate Finance,
Heather Fennell, Research Division

General Rate and Local Rates

- The general **State rate** of tax is *5.75%*. The temporary 1% increase enacted last year is scheduled to expire July 1, 2011.
- Items that are subject to State sales tax are also subject to the local sales and use tax. The **local rate** of tax varies:

2% (82)	2.25% (18)		2.5% (1)
All other 82 counties	Alexander	New Hanover	Mecklenburg
	Catawba	Onslow	
	Cumberland	Pitt	
	Duplin	Randolph	
	Halifax*	Robeson	
	Haywood	Rowan	
	Hertford	Sampson	
	Lee	Surry	
	Martin	Wilkes	

Current Local Sales Taxes

1st 1 cent Art. 39		Any lawful purpose	Point of collection
1st ½ cent Art. 40		Counties - 30% school capital	Per capita
2nd ½ cent Art. 41		Counties - 60% school capital	Per capita Point of collection
Third ½ cent Art.		Any lawful	½ Point of collection
	Repealed		
¼ cent Art. 46		Any lawful purpose	Point of collection – *distributed to County only.*

Local Privilege License Taxes

- Counties (G.S. 153A-152)
  - No general taxing power.
  - Repealed Schedule B lists taxable activities.
- Cities (G.S. 160A-211)
  - General taxing power.
  - Repealed Scheduled B provides limits on activities cities may tax.
- Sometimes gross receipts, sometimes flat amount.

Local Occupancy Taxes

- Levied on operators of transient accommodations.
- The first occupancy tax legislation in North Carolina was enacted in 1983.
- In addition to the sales tax.
- Generally speaking, proceeds are used for tourism purposes.
- 79 counties; 91 municipalities.

Occupancy Tax - Guidelines

- Rate – Not to exceed 6%, including city and county combined.
- Use – 2/3 to promote travel and tourism, remainder for tourism-related expenditures.
- Administration – local tourism promotion agency.
- Cost of Collection – Not to exceed 3% of first $500,000, 1% of remainder.

Local Meals Tax

- A 1% tax on the sales price of prepared food and beverage sold at retail within corporate limits.
- Proceeds typically dedicated for constructing and/or improving/maintaining convention/civic centers.
- 4 counties: Cumberland, Dare, Mecklenburg, Wake Durham.
- 3 cities: Charlotte, Hillsborough, Monroe

Other taxes

- Motor vehicle and heavy equipment rental gross receipts. - In lieu of property tax, up to 1.5% of gross receipts of rentals.
- Animal taxes. – Pets, usually dogs and cats.
- Vehicle taxes. – *Cities only.** $5 for any purpose, additional $5 for public transportation.*

State and Local Shared Revenue

- Beer and wine excise tax.
- Scrap tire disposal tax.
- White goods disposal tax.
- Electric franchise tax.
- Piped natural gas excise tax.
- Telecommunications tax.
- Video programming tax.

GUIDELINES FOR OCCUPANCY TAX LEGISLATION

Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably.

Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition (NCTTC) has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance Committee in 1993. Subsequently, the House Finance Committee established the Occupancy Tax Subcommittee, which regularly reviews occupancy tax legislation and looks for the inclusion of the following uniform provisions in the bills it considers:

- **Rate** – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
- **Use** – At least two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism-related expenditures, which may include beach nourishment.
- **Definitions** The terms "net proceeds", "promote travel and tourism", "tourism-related expenditures", and "beach nourishment" are defined terms:
  - **Net proceeds** – Gross proceeds less the costs to the city/county of administering and collecting the tax, as determined by the finance officer, not to exceed 3% of the first $500,000 of gross proceeds collected each year and 1% of the remaining gross receipts collected each year.
  - **Promote travel and tourism** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.
  - **Tourism-related expenditures** – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a city/county by attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.
  - **Beach Nourishment**[1] – The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the

[1]During the 2001 Regular Session, the Occupancy Tax Subcommittee of the House Finance Committee considered several bills authorizing the use occupancy tax proceeds for beach nourishment. Although "beach nourishment" was not among the uses contained in the uniform guidelines, the subcommittee nevertheless concluded that beach nourishment was an acceptable expansion of the occupancy tax use provisions. In doing so, the subcommittee drafted this uniform definition of beach nourishment for use in occupancy tax legislation.

North Carolina shorelines and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for the following:

a. Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies;
b. The nonfederal share of the cost required to construct these projects;
c. The costs associated with providing enhanced public beach access; and
d. The costs of associated nonhardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.

- **Administration** – The net revenues must be administered by a local tourism promotion agency, typically referred to as a "Tourism Development Authority," that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the taxing district and 1/3 of the members must be affiliated with organizations that collect the tax.[2]
- **Costs of Collection** – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.
- **Conformity with Other Local Occupancy Taxes** – In 2008, the NCTTC formally revised its policy position with regard to occupancy taxes to include a statement that if a city seeks to impose a new occupancy tax or increase its existing tax on lodging facilities in a county that also has an existing occupancy tax, the county occupancy tax must conform to the guidelines in order for the Coalition to support the proposed municipal tax. During the 2009 Regular Session, the House Finance Chairs[3] considered the revised policy statement of the NCTTC but declined to amend the House Finance Committee's Guidelines for Occupancy Tax accordingly.

Research Division
NC General Assembly
Revised 2/14/11

---

[2] In March 2005, the House Finance chairs decided to change the percentage of members that must be currently active in the promotion of travel and tourism from ¾ to ½. The House Finance chairs in 2005-06 were: Representatives Alexander, Gibson, Howard, Luebke, McComas, and Wainwright.

[3] During the 2009-2010 Session, the House Finance chairs were: Representatives Luebke, Wainwright, Weiss, and Gibson.

SENATE FINANCE COMMITTEE
Tuesday February 22, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on February 22, 2011, in Room 544 of the Legislative Office Building. Thirty-one members of the Committee were present. Senator Hartsell presided as chair. Cameron Chauvaux of Cary, Sarah Cooper of Swansboro, and David Torres of Raleigh served as pages.

Secretary of Commerce, Keith Crisco, was recognized by the Committee.

S.B. 76 – TC: Eligibility:Indus Facil/Fix Uwharrie Com.

This bill was removed from the agenda and placed on the February 23, 2011 Finance Committee agenda.

S.B. 32 – Hospital Medicaid Assessment/Payment Program

Senators Brunstetter and Clodfelter were recognized to explain the proposed committee substitute (PCS) and Senator Clodfelter moved to adopt the PCS for discussion. The motion carried. The PCS makes one substantive change to the bill, as requested by the sponsor: both assessments proposed by the bill would have an outpatient and inpatient component. The PCS also places the substance of the bill into Chapter 108A of the General Statutes. Senator Tillman moved for a favorable report and the motion carried. The PCS was referred to Appropriations Base Budget Committee. A copy of the PCS, the summary, and the fiscal memo is attached.

S.B. 8 – No Cap on Number of Charter Schools

Senator Stevens was recognized to explain the bill. Senator Stevens offered an amendment which would delete the portion of the bill that deals with local property taxes and moved to adopt the amendment. The motion carried. Senator Stein offered an amendment which transfers local school funds each fiscal year to charter schools based on the number of transferring students. The amendment was discussed and the motion failed. Senator McKissick offered an amendment regarding the funding of transportation for students to charter schools. The amendment was discussed and the motion failed. Senator Tillman moved for a favorable report as amended and the motion carried. A copy of the bill and all amendments are attached.

S.B. 27 – Involuntary Annexation Moratorium

Senator Brock was recognized to explain the bill, he reported to the Committee the reason why the bill was in Finance was to address any tax issue that may arise from the property being annexed or de-annexed. Senator Jenkins offered an amendment to change the date from "2012" to "2011". The amendment was discussed and the motion failed. Senator Clodfelter offered an amendment regarding municipality expenditures specific to Mecklenburg County. The amendment was discussed in Committee and the motion was adopted. Senator Hartsell moved for a favorable report and the motion carried. A copy of the PCS, the summary and the amendments is attached.

Motor Fuel and Highway Use Tax Presentation

Greg Roney, a staff attorney from the Research Division, was recognized by the Committee and provided an overview of the Highway Trust Fund. The revenue from the Highway Trust Fund is used to design and build public roads. The funding sources for this fund are the Motor Fuels Tax, Highway Use Tax, and Title & Registration Fees. In his presentation, he indicated that all states impose a Motor Fuels Tax and in North Carolina the revenue derived is distributed 75% to the Highway Fund and 25% to the Highway Trust Fund. He also provided a comparison of the surrounding states taxation of gasoline. A copy of his presentation is attached.

Other Local Revenue Sources Presentation

Heather Fennell, a staff attorney with the Research Division, provided the Committee with an overview of other local revenue sources. Some of the revenue sources are local sales taxes, local privilege license taxes, local occupancy taxes and local meal taxes. The general State rate of tax is 5.75%.

The meeting adjourned at 2:25 PM.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

S 2

SENATE BILL 8
Education/Higher Education Committee Substitute Adopted 2/16/11

Short Title: No Cap on Number of Charter Schools. (Public)

Sponsors:

Referred to:

January 31, 2011

A BILL TO BE ENTITLED

AN ACT TO INCREASE EDUCATIONAL OPPORTUNITIES FOR THE CHILDREN OF NORTH CAROLINA BY REMOVING THE CAP ON CHARTER SCHOOLS; AND BY CREATING A NEW PUBLIC CHARTER SCHOOLS COMMISSION TO APPROVE AND MONITOR CHARTER SCHOOLS; AND BY STRENGTHENING THE STANDARDS FOR GRANTING AND RETAINING A CHARTER FOR A CHARTER SCHOOL; AND BY AUTHORIZING LOCAL BOARDS OF EDUCATION TO CONVERT SCHOOLS TO CHARTER SCHOOLS WITHOUT FORMING A NONPROFIT CORPORATION; AND BY CLARIFYING THE FUNDING FORMULA FOR CHARTER SCHOOLS; AND BY PROVIDING THAT COUNTIES MAY PROVIDE FUNDING FOR CHARTER SCHOOLS IN THEIR JURISDICTIONS; AND TO MAKE OTHER CHANGES TO THE STATUTES GOVERNING CHARTER SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. This act shall be known and may be cited as the "Charter Schools Act of 2011."

SECTION 2. Part 6A of Article 16 of Chapter 115C of the General Statutes reads as rewritten:

"Part 6A. Charter Schools.

"§ 115C-238.29A. Purpose.

The purpose of this Part is to authorize a system of charter schools to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently of existing schools, as a method to ~~accomplish all of~~accomplish, in the aggregate, the following:

(1) Improve student ~~learning;~~learning.

(2) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as at risk of academic failure or academically ~~gifted;~~gifted.

(3) Encourage the use of different and innovative teaching ~~methods;~~methods.

(4) Create new professional opportunities for teachers and administrators, including the opportunities to be responsible for the learning program at the school ~~site;~~site.

(5) Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school ~~system;~~system.

(6) Hold the schools established under this Part accountable for meeting measurable student achievement results, and provide the schools with a

method to change from rule-based to performance-based accountability systems.

(7) Encourage the replication of successful charter schools.

"**§ 115C-238.29A1. North Carolina Public Charter Schools Commission established.**

(a) Creation. – There is created the North Carolina Public Charter Schools Commission, hereinafter referred to as the Commission. The Commission shall exercise its powers and functions independently of the State Board of Education and the Department of Public Instruction except as provided in this section.

(b) Purpose. – The purpose of the Commission is to authorize and oversee high-quality public charter schools throughout the State, consistent with the purposes of this Part, and to exercise authority for approval of any charter applicant.

(c) Membership. – The Commission shall consist of the following eleven members:

(1) Two members appointed by the Governor.

(2) Four members, one of whom shall be a teacher, administrator, or board member of a charter school or a parent of a child attending a charter school, appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121.

(3) Four members, one of whom shall be a teacher, administrator, or board member of a charter school or a parent of a child attending a charter school, appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121.

(4) The Superintendent of Public Instruction or the Superintendent's designee.

(d) Qualifications of Members. – Members appointed to the Commission shall collectively possess strong experience and expertise in public and nonprofit governance, management and finance, public school leadership, assessment, curriculum and instruction, public charter schools, and public education law. All appointed members of the Commission shall have demonstrated an understanding of and a commitment to charter schools as a strategy for strengthening public education.

(e) Terms of Office. – No appointed member shall serve more than seven consecutive years. The terms of office are as follows:

(1) The initial term of office for members appointed by the Governor shall be two years until June 30, 2013, and thereafter shall be three years.

(2) The initial term of office for the four members appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives shall be three years until June 30, 2014, and thereafter shall be three years.

(3) The initial term of office for the four Commission members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate shall be four years until June 30, 2015, and thereafter shall be three years.

(f) Officers. – The Commission shall elect a chair and a vice-chair from among its membership. In the absence of the chair, the vice-chair shall preside over the Commission's meetings. All members are voting members, and a majority of the Commission constitutes a quorum. The Commission shall adopt rules to govern its proceedings.

(g) Meetings. – Meetings of the Commission shall be held upon the call of the chair or the vice-chair with the approval of the chair.

(h) Expenses. – Members of the Commission shall be reimbursed for travel and subsistence expenses at the rates allowed to State officers and employees by G.S. 138-6(a).

(i) Removal. – Any member of the Commission, other than the Superintendent of Public Instruction, may be removed by a vote of at least two-thirds of members at any duly held meeting, for any cause that renders the member incapable or unfit to discharge the duties of the

office. Whenever a vacancy on the Commission exists, the original appointing authority shall appoint or elect a member for the remaining portion of the term.

(j) Staff. – The State Board of Education shall assign the Office of Charter Schools as staff to the Commission.

(k) Powers and Duties. – The Commission shall have the following duties:

(1) To provide technical assistance, through the Office of Charter Schools and the Department of Public Instruction, to charter school applicants and to charter schools that are approved under this Part.

(2) To adopt policies regarding all aspects of charter school operation, including time lines, standards, and criteria for acceptance and approval of applications, monitoring of charter schools, and grounds for revocation of charters.

(3) To oversee the process for accepting and approving applications for charters and to make final approval of charter applications.

(4) To oversee the process for monitoring the operation of charter schools, with the assistance and counsel of staff from the Department of Public Instruction.

(5) To take any actions regarding a charter school, including renewals of charters, nonrenewals of charters, and revocation of charters.

(6) To undertake any duties and responsibilities consistent with the above powers and duties and incident thereto.

(l) The State Board shall have the authority to veto any decision of the Commission by a three-fourths vote.

"§ 115C-238.29B. Eligible applicants; contents of applications; submission of applications for approval.

(a) Any person, group of persons, or nonprofit corporation seeking to establish a charter school may apply to establish a charter school. If ~~the~~ any applicant other than a local board of education seeks to convert a public school to a charter school, the application shall include a statement signed by a majority of the teachers and instructional support personnel currently employed at the school indicating that they favor the conversion and evidence that a significant number of parents of children enrolled in the school favor conversion.

(b) The application shall include an executive summary and shall contain at least the following information:

(1) A description of a program that aligns with State standards and implements one or more of the purposes in G.S. 115C-238.29A.

(1a) The targeted student population and the community the school hopes to serve, as well as evidence of need and community support for the proposed charter school.

(2) A description of student achievement goals for the school's educational program and the method of demonstrating that students have attained the skills and knowledge specified for those student achievement goals.

(2a) A description of the school's instructional design, including the type of learning environment, such as classroom-based or independent study, class size and structure, curriculum overview, and teaching methods.

(2b) The school's plans for identifying and successfully serving students with disabilities, students who are English language learners, academically at-risk students, and academically gifted students, including, but not limited to, compliance with applicable laws and regulations.

(3) The governance structure of the ~~school~~ school, including proposed governing bylaws and the names and biographical information of the proposed initial members of the board of directors of the nonprofit, tax-exempt ~~corporation~~

corporation. ~~and the process to be followed by the school to ensure parental involvement.~~ A local board of education seeking to convert a school to a charter school shall not be required to form a nonprofit, tax-exempt corporation if the local board of education serves as the board of directors of the charter school.

(3a) The local school administrative unit in which the school will be located.

(4) Admission policies and procedures.

(5) A proposed budget for the school for at least the first five years of operation and evidence that the financial plan for the school is economically sound.

(6) Requirements and procedures for program and financial audits.

(7) A description of how the school will comply with G.S. 115C-238.29F.

(8) Types and amounts of insurance coverage, including bonding insurance for the principal officers of the school, to be obtained by the charter school.

(9) The term of the charter.

(10) The qualifications required for individuals employed by the school.

(11) The procedures by which students can be excluded from the charter school and returned to a public school. Notwithstanding any law to the contrary, any local board may refuse to admit any student who is suspended or expelled from a charter school due to actions that would lead to suspension or expulsion from a public school under G.S. 115C-391 until the period of suspension or expulsion has expired.

(12) ~~The number of students to be served, which number shall be at least 65,~~ The number of students to be served, including the grades to be served each year for the full term of the charter, and the minimum, planned, and maximum enrollment per grade per year for the term of the charter.~~and the minimum number of teachers to be employed at the school, which number shall be at least three. However, the charter school may serve fewer than 65 students or employ fewer than three teachers if the application contains a compelling reason, such as the school would serve a geographically remote and small student population.~~

(12a) The minimum number of teachers to be employed at the school.

(12b) An organization chart that clearly presents the school's organizational structure, including lines of authority and reporting between the governing board, staff, any related bodies, such as advisory bodies or parent and teacher councils, and any external organizations that will play a role in managing the school.

(13) Information regarding the facilities to be used by the school and the manner in which administrative services of the school are to be provided.

(14) Repealed by Session Laws 1997-430, s. 1.

(15) The process to be followed by the school to ensure parental involvement.

(16) The school's plans, if any, for providing transportation or food services.

(17) Explanations of any partnerships or contractual relationships central to the school's operations or mission.

(18) A detailed school start-up plan, identifying tasks, time lines, and responsible individuals.

(c) ~~,~~ An applicant shall submit the application to the Commission, which shall have the authority to approve the charter school in accordance with the standards and criteria set forth in this Part. ~~a chartering entity for preliminary approval. A chartering entity may be:~~

~~(1) The local board of education of the local school administrative unit in which the charter school will be located;~~

~~(2) The board of trustees of a constituent institution of The University of North Carolina, so long as the constituent institution is involved in the planning, operation, or evaluation of the charter school; or~~

~~(3) The State Board of Education.~~

~~Regardless of which chartering entity receives the application for preliminary approval, the State Board of Education shall have final approval of the charter school.~~

~~Notwithstanding the provisions of this subsection, if the State Board of Education finds that an applicant (i) submitted an application to a local board of education and received final approval from the State Board of Education, but (ii) is unable to find a suitable location within that local school administrative unit to operate, the State Board of Education may authorize the charter school to operate within an adjacent local school administrative unit for one year only. The charter school cannot operate for more than one year unless it reapplies, in accordance with subdivision (1), (2), or (3) of this subsection, and receives final approval from the State Board of Education.~~

(d) ~~Unless an applicant submits its application under subsection (c) of this section to the local board of education of the local school administrative unit in which the charter school will be located, the~~The applicant shall submit a copy of its application to ~~that local board~~the local board of education of the local school administrative unit in which the charter school will be located within seven days of its submission under subsection (c) of this section. The local board may offer any information or comment concerning the application it considers appropriate to the ~~chartering entity.~~Commission within a time period to be determined by the Commission and imposed uniformly for all applications. ~~The local board shall deliver this information to the chartering entity no later than January 1 of the next calendar year.~~ The applicant shall not be required to obtain or deliver this information to the ~~chartering entity~~Commission on behalf of the local board. The ~~State Board~~Commission shall consider any information or comment it receives from a local board and shall consider the impact on the local school administrative unit's ability to provide a sound basic education to its students when determining whether to grant ~~preliminary and final~~ final approval of the charter school.

"§ 115C-238.29C. ~~Preliminary approval of~~Completeness determination for applications for charter schools.

(a) The ~~chartering entity that receives a request for preliminary approval of a charter school shall act on each request received prior to November 1 of a calendar year by February 1 of the next calendar year.~~Commission shall determine the schedule and deadlines for the submission of charter school applications.

(b) The ~~chartering entity~~Commission shall ~~give preliminary approval to the application~~ issue a determination that the application is complete if the ~~chartering entity~~Commission determines that ~~(i)~~the information contained in the application meets the requirements set out in this Part or adopted by the ~~State Board of Education,~~Commission. ~~(ii) the applicant has the ability to operate the school and would be likely to operate the school in an educationally and economically sound manner, and (iii) granting the application would improve student learning and would achieve one of the other purposes set out in G.S. 115C-238.29A. In reviewing applications for the establishment of charter schools within a local school administrative unit, the chartering entity is encouraged to give preference to applications that demonstrate the capability to provide comprehensive learning experiences to students identified by the applicants as at risk of academic failure. If the chartering entity approves more than one application for charter schools located in a local school administrative unit, the chartering entity may state its order of preference among the applications that it approves.~~

~~(c) If a chartering entity other than the State Board disapproves an application, the applicant may appeal to the State Board of Education prior to February 15. The State Board shall consider the appeal at the same time it is considering final approval in accordance with G.S. 115C-238.29D. The State Board shall give preliminary approval of the application if it~~

~~finds that the chartering entity acted in an arbitrary or capricious manner in disapproving the application, failed to consider appropriately the application, or failed to act within the time set out in G.S. 115C-238.29C.~~

~~If the chartering entity, the State Board of Education, or both, disapprove an application, the applicant may modify the application and reapply subject to the application deadline contained in subsection (a) of this section.~~

"§ 115C-238.29D. Final approval of applications for charter schools.

(a) The ~~State Board shall~~Commission may grant final approval of an application if it ~~finds that~~ determines that the application meets the requirements set out in this Part or adopted by the ~~State Board of Education~~ Commission and that granting the application would achieve one or more of the purposes set out in G.S. 115C-238.29A.

The ~~State Board~~Commission shall ~~act by March 15 of a calendar year on all applications and appeals it receives prior to February 15 of that calendar year.~~establish a time line to take final action on applications declared complete under G.S. 115C-238.29C and shall make this information available to applicants. The Commission's decision shall be based on the evidence contained in the application or collected by the Commission following a procedure for application review that is uniform across all applicants and provides opportunities for applicants to respond to questions and requests for further information.

~~(b) The State Board shall authorize no more than five charter schools per year in one local school administrative unit. The State Board shall authorize no more than 100 charter schools statewide. If more than five charter schools in one local school administrative unit or more than 100 schools statewide meet the standards for final approval, the State Board shall give priority to applications that are most likely to further State education policies and to strengthen the educational program offered in the local school administrative units in which they are located.~~

(b1) If the Commission disapproves an application, it shall provide the applicant with the opportunity to request reconsideration of the Commission's decision. However, the Commission shall not be required to consider any request for reconsideration from an applicant that fails to include additional information not previously presented by the applicant to the Commission.

(b2) A decision to disapprove an application is exempt from review pursuant to Chapter 150B of the General Statutes.

(c) The ~~State Board of Education~~Commission may authorize a school before the applicant has secured its space, equipment, facilities, and personnel if the applicant indicates the authority is necessary for it to raise working capital. The State Board shall not allocate any funds to the school until the school has obtained space.

(d) The ~~State Board of Education~~Commission may grant the initial charter for a period not to exceed 10 years and may renew the charter upon the request of the chartering entity for subsequent periods not to exceed 10 years each. The Commission may include in the charter any standards or requirements it determines are necessary to fulfill the purposes of this Part as well as any other objectives set forth by the charter school applicant. The ~~State Board of Education~~Commission shall review the operations of each charter school at least once every five years to ensure that the school is meeting the expected academic, financial, and governance standards.

A material revision of the provisions of a charter application shall be made only upon the approval of the ~~State Board of Education.~~Commission.

~~It shall not be considered a material revision of a charter application and shall not require the prior approval of the State Board for a charter school to increase its enrollment during the charter school's second year of operation and annually thereafter (i) by up to ten percent (10%) of the school's previous year's enrollment or (ii) in accordance with planned growth as authorized in the charter. Other enrollment growth shall be considered a material revision of the~~

~~charter application, and the State Board may approve such additional enrollment growth of greater than ten percent (10%) only if the State Board finds that:~~

~~(1) The actual enrollment of the charter school is within ten percent (10%) of its maximum authorized enrollment;~~

~~(2) The charter school has commitments for ninety percent (90%) of the requested maximum growth;~~

~~(3) The board of education of the local school administrative unit in which the charter school is located has had an opportunity to be heard by the State Board of Education on any adverse impact the proposed growth would have on the unit's ability to provide a sound basic education to its students;~~

~~(4) The charter school is not currently identified as low-performing;~~

~~(5) The charter school meets generally accepted standards of fiscal management; and~~

~~(6) It is otherwise appropriate to approve the enrollment growth.~~

(e) The Commission shall not restrict the number of students a charter school may enroll. The capacity of the charter school shall be determined annually by the board of directors of the charter school in conjunction with the Commission and in consideration of the charter school's ability to facilitate the academic success of its students, to achieve the other objectives specified in the charter, and to ensure that its student enrollment does not exceed the capacity of its facility or site.

"§ 115C-238.29E. Charter school operation.

(a) A charter school that is approved by the State shall be a public school within the local school administrative unit in which it is ~~located. It shall be accountable to the local board of education if it applied for and received preliminary approval from that local board for purposes of ensuring compliance with applicable laws and the provisions of its charter. All other charter schools~~located, and shall be accountable to the ~~State Board~~Commission for ensuring compliance with applicable laws and the provisions of their ~~charters, except that any of these charter schools may agree to be accountable to the local board of the school administrative unit in which the charter school is located rather than to the State Board.~~charters.

(b) A charter school shall be operated by a private nonprofit corporation that shall have received federal tax-exempt status no later than 24 months following final approval of the application. A local board of education approved to convert a school to a charter school shall not be required to form a nonprofit, tax-exempt corporation if the local board of education serves as the board of directors of the charter school.

(c) A charter school shall operate under the written charter signed by the Commission ~~entity to which it is accountable under subsection (a) of this section~~ and the applicant. A charter school is not required to enter into any other contract. The charter shall incorporate the information provided in the application, as modified during the charter approval process, and any terms and conditions imposed on the charter school by the ~~State Board of Education~~Commission. No other terms may be imposed on the charter school as a condition for receipt of local funds.

(d) The board of directors of the charter school shall decide matters related to the operation of the school, including budgeting, curriculum, and operating procedures.

(e) A charter school's specific location shall not be prescribed or limited by a local board or other authority except a zoning authority. The school may lease space from a local board of education or as is otherwise lawful in the local school administrative unit in which the charter school is located. If a charter school leases space from a sectarian organization, the charter school classes and students shall be physically separated from any parochial students, and there shall be no religious artifacts, symbols, iconography, or materials on display in the charter school's entrance, classrooms, or hallways. Furthermore, if a charter school leases space

from a sectarian organization, the charter school shall not use the name of that organization in the name of the charter school.

At the request of the charter school, the local board of education of the local school administrative unit in which the charter school will be located shall lease any available building or land to the charter school unless the board demonstrates that the lease is not economically or practically feasible or that the local board does not have adequate classroom space to meet its enrollment needs. Notwithstanding any other law, a local board of education may provide a school facility to a charter school free of charge; however, the charter school is responsible for the maintenance of and insurance for the school facility.

(f) Except as provided in this Part and pursuant to the provisions of its charter, a charter school is exempt from statutes and rules applicable to a local board of education or local school administrative unit.

"§ 115C-238.29F. General requirements.

(a) Health and Safety Standards. – A charter school shall meet the same health and safety requirements required of a local school administrative unit. The Department of Public Instruction shall ensure that charter schools provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide parents and guardians with information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information shall be provided at the beginning of the school year to parents of children entering grades five ~~though~~ through 12. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide students in grades nine through 12 with information annually on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500.

The Department of Public Instruction shall also ensure that the guidelines for individual diabetes care plans adopted by the State Board of Education under G.S. 115C-12(31) are implemented in charter schools in which students with diabetes are enrolled and that charter schools otherwise comply with the provisions of G.S. 115C-375.3.

(b) School Nonsectarian. – A charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations and shall not charge tuition or fees. A charter school shall not be affiliated with a nonpublic sectarian school or a religious institution.

(c) Civil Liability and Insurance. –

(1) The board of directors of a charter school may sue and be sued. The ~~State Board of Education~~ Commission shall adopt rules to establish reasonable amounts and types of liability insurance that the board of directors shall be required by the charter to obtain. The board of directors shall obtain at least the amount of and types of insurance required by these rules to be included in the charter. Any sovereign immunity of the charter school, of the organization that operates the charter school, or its members, officers, or directors, or of the employees of the charter school or the organization that operates the charter school, is waived to the extent of indemnification by insurance.

(2) No civil liability shall attach to any chartering entity, to the State Board of Education, the Commission, or to any of their members or employees, individually or collectively, for any acts or omissions of the charter school.

(d) Instructional Program. –

(1) The school shall provide instruction each year for at least 180 days.

(2) The school shall design its programs to at least meet the student performance standards adopted by the State Board of Education and the student performance standards contained in the charter.

(3) A charter school shall conduct the student assessments required for charter schools by the ~~State Board of Education.~~Commission.

(4) The school shall comply with policies adopted by the State Board of Education for charter schools relating to the education of children with disabilities.

(5) The school is subject to and shall comply with Article 27 of Chapter 115C of the General Statutes, except that a charter school may also exclude a student from the charter school and return that student to another school in the local school administrative unit in accordance with the terms of its charter.

(e) Employees. –

(1) An employee of a charter school is not an employee of the local school administrative unit in which the charter school is ~~located.~~ located, except for employees of charter schools converted by a local board of education where a nonprofit, tax-exempt corporation was not required to be formed because the local board of education serves as the board of directors of the charter school. The charter school's board of directors shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least seventy-five percent (75%) of these teachers in grades kindergarten through five, at least fifty percent (50%) of these teachers in grades six through eight, and at least fifty percent (50%) of these teachers in grades nine through 12 shall hold teacher certificates. All teachers in grades six through 12 who are teaching in the core subject areas of mathematics, science, social studies, and language arts shall be college graduates.

The board also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services. The board may discharge teachers and noncertificated employees.

(2) No local board of education shall require any employee of the local school administrative unit to be employed in a charter school.

(3) If a teacher employed by a local school administrative unit makes a written request for a leave of absence to teach at a charter school, the local school administrative unit shall grant the leave for one year. For the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 45 days before the teacher would otherwise have to report for duty. After the initial year of a charter school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 90 days before the teacher would otherwise have to report for duty. A local board of education is not required to grant a request for a leave of absence or a request to extend or renew a leave of absence for a teacher who previously has received a leave of absence from that school board under this subdivision. A teacher who has career status under G.S. 115C-325 prior to receiving a leave of

absence to teach at a charter school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the charter school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(3a) A teacher employed by a charter school who returns to employment with a local school administrative unit without a break in service shall have unused sick leave and annual leave from previous employment with a local school administrative unit reinstated. A teacher employed by a charter school who returns to employment with a local school administrative unit without a break in service shall be credited for the years of service at the charter school for the purposes of the salary schedule, longevity pay, and rate of earned leave.

(4) The employees of the charter school shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the State Health Plan for Teachers and State Employees. The State Board of Education provides funds to charter schools, and the Commission approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools are public schools and that the employees of charter schools are public school employees. Employees of a charter school whose board of directors elects to become a participating employer under G.S. 135-5.3 are "teachers" for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. In no event shall anything contained in this Part require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System.

(f) Accountability. –

(1) The school is subject to the financial audits, the audit procedures, and the audit requirements adopted by the ~~State Board of Education~~ Commission for charter schools. These audit requirements may include the requirements of the School Budget and Fiscal Control Act.

(2) The school shall comply with the reporting requirements established by the State Board of Education in the Uniform Education Reporting ~~System.~~ System, except that reports shall be made to the Commission as well as the State Board of Education.

(3) The school shall report at least annually to the ~~chartering entity~~Commission and the State Board of Education the information required by the ~~chartering entity~~Commission or the State Board.

(g) Admission Requirements. –

(1) Any child who is qualified under the laws of this State for admission to a public school is qualified for admission to a charter school. Any charter school that is unable to fill its current enrollment with students qualified under the laws of this State for admission to a public school may enroll persons of school age who are not domiciliaries of the State and charge those

students a tuition amount equal to the per pupil allocation of the local appropriation for the county in which the charter school is located and the per pupil State appropriation for that school year. The number of persons of school age who are not domiciliaries of the State who are enrolled in a charter school may not exceed ten percent (10%) of the total number of students enrolled in the charter school.

(2) No local board of education shall require any student enrolled in the local school administrative unit to attend a charter school.

(3) Admission to a charter school shall not be determined according to the school attendance area in which a student resides, except that any ~~local school administrative unit in which a public school converts to a charter school shall give admission preference to students who reside within the former attendance area of that school.~~ public school converting to a charter school shall adopt a policy giving enrollment preference to students who reside within the former attendance area of that public school for at least the first two years of operation of the charter school.

(4) Admission to a charter school shall not be determined according to the local school administrative unit in which a student resides.

(5) A charter school shall not discriminate against any student on the basis of ethnicity, national origin, gender, or disability. Except as otherwise provided by law or the mission of the school as set out in the charter, the school shall not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry. The charter school may give enrollment priority to siblings of currently enrolled students who were admitted to the charter school in a previous year and to children of the school's principal, teachers, and teacher assistants. In addition, and only for its first year of operation, the charter school may give enrollment priority to children of the initial members of the charter school's board of directors, so long as (i) these children are limited to no more than ten percent (10%) of the school's total enrollment or to 20 students, whichever is less, and (ii) the charter school is not a former public or private school. If multiple birth siblings apply for admission to a charter school and a lottery is needed under G.S. 115C-238.29F(g)(6), the charter school shall enter one surname into the lottery to represent all of the multiple birth siblings. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted. Within one year after the charter school begins operation, the population of the school shall reasonably reflect the racial and ethnic composition of the general population residing within the local school administrative unit in which the school is located or the racial and ethnic composition of the special population that the school seeks to serve residing within the local school administrative unit in which the school is located. The school shall be subject to any court-ordered desegregation plan in effect for the local school administrative unit.

(6) During each period of enrollment, the charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In this case, students shall be accepted by lot. Once enrolled, students are not required to reapply in subsequent enrollment periods.

(7) Notwithstanding any law to the contrary, a charter school may refuse admission to any student who has been expelled or suspended from a public

school under G.S. 115C-391 until the period of suspension or expulsion has expired.

(8) Nothing in this subsection shall be interpreted to preclude the formation of a charter school whose mission is focused on serving students with disabilities, students of the same gender, students who pose such severe disciplinary problems that they warrant a specific educational program, academically at-risk students, or academically gifted students.

(h) Transportation. – The charter school may provide transportation for students enrolled at the school. The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located. ~~The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school.~~ At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles ~~of~~ from the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation. No requirement of this subsection shall be interpreted to require a charter school to provide busing or any other mode of transportation to any particular student.

(i) Assets. – Upon dissolution of the charter school or upon the nonrenewal of the charter, ~~all net~~ the assets of the charter school purchased with public funds shall be distributed to satisfy the creditors of the charter school. Any surplus that remains after the charter school's creditors are satisfied shall then be deemed the property of the local school administrative unit in which the charter school is located.

(j) Driving Eligibility Certificates. – In accordance with rules adopted by the State Board of Education, the designee of the school's board of directors shall do all of the following:

(1) Sign driving eligibility certificates that meet the conditions established in G.S. 20-11.

(2) Obtain the necessary written, irrevocable consent from parents, guardians, or emancipated juveniles, as appropriate, in order to disclose information to the Division of Motor Vehicles.

(3) Notify the Division of Motor Vehicles when a student who holds a driving eligibility certificate no longer meets its conditions.

(k) The Display of the United States and North Carolina Flags and the Recitation of the Pledge of Allegiance. – A charter school shall (i) display the United States and North Carolina flags in each classroom when available, (ii) require the recitation of the Pledge of Allegiance on a daily basis, and (iii) provide age-appropriate instruction on the meaning and historical origins of the flag and the Pledge of Allegiance. A charter school shall not compel any person to stand, salute the flag, or recite the Pledge of Allegiance. If flags are donated or are otherwise available, flags shall be displayed in each classroom.

"§ 115C-238.29G. Causes for nonrenewal or termination; disputes.

(a) The ~~State Board of Education, or a chartering entity subject to the approval of the State Board of Education,~~ Commission may terminate or not renew a charter upon any of the following grounds:

(1) Failure to meet the requirements for student performance contained in the charter;

(2) Failure to meet generally accepted standards of fiscal management;

(3) Violations of law;
(4) Material violation of any of the conditions, standards, or procedures set forth in the charter;
(5) Two-thirds of the faculty and instructional support personnel at the school request that the charter be terminated or not renewed; or
(6) Other good cause identified.

(b) The ~~State Board of Education~~Commission shall develop and implement a process to address contractual and other grievances between a charter school and ~~its chartering entity~~the Commission or the local board of education during the time of its charter.

(c) The ~~State Board~~Commission and the charter school are encouraged to make a good-faith attempt to resolve the differences that may arise between them. They may agree to jointly select a mediator. The mediator shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the differences. The mediator shall, at the request of either the ~~State Board~~Commission or a charter school, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement.

Notwithstanding Article 33C of Chapter 143 of the General Statutes, the mediation proceedings shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. The mediator may determine that an impasse exists and discontinue the mediation at any time. The mediator shall not make any recommendations or public statement of findings or conclusions. The ~~State Board~~Commission and the charter school shall share equally the mediator's compensation and expenses. The mediator's compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes.

(d) A decision to terminate or not renew a charter is exempt from review pursuant to Chapter 150B of the General Statutes."

"§ 115C-238.29H. State and local funds for a charter school.

(a) The State Board of Education shall allocate to each charter school:
(1) An amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which the charter school is located for each child attending the charter school except for the allocation for children with disabilities and for the allocation for children with limited English proficiency;
(2) An additional amount for each child attending the charter school who is a child with disabilities; and
(3) An additional amount for children with limited English proficiency attending the charter school, based on a formula adopted by the State Board.

In accordance with G.S. ~~115C-238.29D(d),~~115C-238.29D(e), the State Board shall allow for annual adjustments to the amount allocated to a charter school based on its enrollment growth in school years subsequent to the initial year of operation.

In the event a child with disabilities leaves the charter school and enrolls in a public school during the first 60 school days in the school year, the charter school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with disabilities enrolls in a charter school during the first 60 school days in the

school year, the State Board shall allocate to the charter school the pro rata amount of additional funds for children with disabilities.

(a1) Funds allocated by the State Board of Education may be used to enter into operational and financing leases for real property or mobile classroom units for use as school facilities for charter schools and may be used for payments on loans made to charter schools for facilities or equipment. Funds allocated by the State Board of Education may also be used to acquire equipment, real property, buildings, and mobile classroom units for use as school facilities for charter schools, and to enter into operational and financing leases for equipment. ~~However, State funds shall not be used to obtain any other interest in real property or mobile classroom units.~~ No indebtedness of any kind incurred or created by the charter school shall constitute an indebtedness of the State or its political subdivisions, and no indebtedness of the charter school shall involve or be secured by the faith, credit, or taxing power of the State or its political subdivisions. Every contract or lease into which a charter school enters shall include the previous sentence. The school also may own land and buildings it obtains through non-State sources.

(b) If a student attends a charter school, the local school administrative unit in which the child resides shall transfer to the charter school an amount equal to the per pupil local current expense appropriation to the local school administrative unit for the fiscal year. The amount transferred under this subsection that consists of revenue derived from supplemental taxes shall be transferred only to a charter school for students residing within ~~located in~~ the tax district for which these taxes are ~~levied and in which the student resides.~~ levied. The local school administrative unit shall provide a detailed accounting of the funds to be transferred and transfer these funds based on a preliminary projection of charter school enrollment provided to the local school administrative unit by the charter school no later than 15 days after the local school administrative unit receives its local current expense appropriation. Adjustments to this amount shall be made within 30 days of the State Board of Education determining and certifying to the charter school its average daily membership for the school year. If the local school administrative unit fails to comply with the deadlines set forth in this subsection, it shall pay a penalty of one percent (1%) of the amount transferred to the charter school.

(c) Counties may provide funds to the nonprofit tax-exempt corporation that holds the charter of a charter school by direct appropriation as set forth in G.S. 153A-457. These funds shall be used only for the following purposes:

(1) The acquisition of real property for school purposes, including, but not limited to, school sites, playgrounds, and athletic fields.

(2) The acquisition, construction, reconstruction, enlargement, renovation, or replacement of buildings and other structures, including, but not limited to, buildings for classrooms and laboratories, physical and vocational educational purposes, libraries, auditoriums, and gymnasiums.

(3) The acquisition or replacement of furniture and furnishings, instructional apparatus, and similar items of furnishings and equipment.

~~"§ 115C-238.29I. Notice of the charter school process; review of charter schools; Charter School Advisory Committee.~~

~~(a) The State Board of Education shall distribute information announcing the availability of the charter school process described in this Part to each local school administrative unit and public postsecondary educational institution and, through press releases, to each major newspaper in the State.~~

~~(b) Repealed by Session Laws 1997-18, s. 15(i).~~

~~(c) The State Board of Education shall review and evaluate the educational effectiveness of the charter school approach authorized under this Part and the effect of charter schools on the public schools in the local school administrative unit in which the charter schools are located. The Board shall report no later than January 1, 2002, to the Joint~~

~~Legislative Education Oversight Committee with recommendations to modify, expand, or terminate that approach. The Board shall base its recommendations predominantly on the following information:~~

~~(1) The current and projected impact of charter schools on the delivery of services by the public schools.~~

~~(2) Student academic progress in the charter schools as measured, where available, against the academic year immediately preceding the first academic year of the charter schools' operation.~~

~~(3) Best practices resulting from charter school operations.~~

~~(4) Other information the State Board considers appropriate.~~

~~(d) The State Board of Education may establish a Charter School Advisory Committee to assist with the implementation of this Part. The Charter School Advisory Committee may (i) provide technical assistance to chartering entities or to potential applicants, (ii) review applications for preliminary approval, (iii) make recommendations as to whether the State Board should approve applications for charter schools, (iv) make recommendations as to whether the State Board should terminate or not renew a charter, (v) make recommendations concerning grievances between a charter school and its chartering entity, the State Board, or a local board, (vi) assist with the review under subsection (c) of this section, and (vii) provide any other assistance as may be required by the State Board.~~

~~(e) Notwithstanding the dates set forth in this Part, the State Board of Education may establish an alternative time line for the submission of applications, preliminary approvals, criminal record checks, appeals, and final approvals so long as the Board grants final approval by March 15 of each calendar year.~~

"§ 115C-238.29J. Public and private assistance to charter schools.

(a) Local boards of education are authorized and encouraged to provide administrative and evaluative support to charter schools located within their local school administrative units.

(b) Private persons and organizations are encouraged to provide funding and other assistance to the establishment or operation of charter schools.

(c) The State Board of Education shall direct the Department of Public Instruction to provide guidance and technical assistance, upon request, to existing charter schools as well as applicants ~~and~~ or potential applicants for charters.

(d) The State Board of Education shall direct the Department of Public Instruction to notify the Department of Revenue when the ~~State Board of Education~~Commission terminates, fails to renew, or grants a charter for a charter school.

"§ 115C-238.29K. Criminal history checks.

(a) As used in this section:

(1) "Criminal history" means a county, state, or federal criminal history of conviction of a crime, whether a misdemeanor or a felony, that indicates an individual (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel. These crimes include the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 5A, Endangering Executive and Legislative Officers; Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 14, Burglary and Other Housebreakings; Article 15, Arson and Other Burnings; Article 16, Larceny; Article 17, Robbery; Article 18, Embezzlement; Article 19, False Pretense and Cheats; Article 19A, Obtaining Property or Services by False or Fraudulent Use of Credit Device or Other Means; Article 20, Frauds; Article 21, Forgery; Article 26, Offenses

Against Public Morality and Decency; Article 26A, Adult Establishments; Article 27, Prostitution; Article 28, Perjury; Article 29, Bribery; Article 31, Misconduct in Public Office; Article 35, Offenses Against the Public Peace; Article 36A, Riots and Civil Disorders; Article 39, Protection of Minors; and Article 60, Computer-Related Crime. These crimes also include possession or sale of drugs in violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5. In addition to the North Carolina crimes listed in this subdivision, such crimes also include similar crimes under federal law or under the laws of other states.

(2) "School personnel" means any:

a. Member of the board of directors of a charter school,

b. Employee of a charter school, or

c. Independent contractor or employee of an independent contractor of a charter school if the independent contractor carries out duties customarily performed by school personnel,

whether paid with federal, State, local, or other funds, who has significant access to students or who has responsibility for the fiscal management of a charter school.

(b) The ~~State Board of Education~~Commission shall adopt a policy on whether and under what circumstances school personnel shall be required to be checked for a criminal history. ~~The policy shall not require school personnel to be checked for a criminal history check before preliminary approval is granted under G.S. 115C-238.29B.~~ The ~~Board~~ Commission shall apply its policy uniformly in requiring school personnel to be checked for a criminal history. The ~~Board~~ Commission may grant conditional approval of an application while the ~~Board~~ Commission is checking a person's criminal history and making a decision based on the results of the check.

The ~~State Board~~Commission shall not require members of boards of directors of charter schools or employees of charter schools to pay for the criminal history check authorized under this section.

(c) The ~~Board of Education~~Commission shall require the person to be checked by the Department of Justice to (i) be fingerprinted and to provide any additional information required by the Department of Justice to a person designated by the ~~State Board,~~Commission, or to the local sheriff or the municipal police, whichever is more convenient for the person, and (ii) sign a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the repositories. The ~~State Board~~ Commission shall consider refusal to consent when deciding whether to grant final approval of an application under G.S. 115C-238.29D and when making an employment recommendation. The fingerprints of the individual shall be forwarded to the State Bureau of Investigation for a search of the State criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Department of Justice shall provide to the ~~State Board of Education~~Commission the criminal history from the State and National Repositories of Criminal Histories of any school personnel for which the ~~Board~~ Commission requires a criminal history check.

The ~~State Board~~Commission shall not require members of boards of directors of charter schools or employees of charter schools to pay for the fingerprints authorized under this section.

(d) The ~~State Board~~Commission shall review the criminal history it receives on an individual. The ~~State Board~~Commission shall determine whether the results of the review

indicate that the individual (i) poses a threat to the physical safety of students or personnel, or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel and shall use the information when deciding whether to grant final approval of an application for a charter school under G.S. 115C-238.29D and for making an employment recommendation to the board of directors of a charter school. The ~~State Board~~Commission shall make written findings with regard to how it used the information when deciding whether to grant final approval under G.S. 115C-238.29D and when making an employment recommendation.

(e) The ~~State Board~~Commission shall notify in writing the board of directors of the charter school of the determination by the ~~State Board~~Commission as to whether the school personnel is qualified to operate or be employed by a charter school based on the school personnel's criminal history. At the same time, the ~~State Board~~Commission shall provide to the charter school's board of directors the written findings the ~~Board~~ Commission makes in subsection (d) of this section and its employment recommendation. If the ~~State Board~~Commission recommends dismissal or nonemployment of any person, the board of directors of the charter school shall dismiss or refuse to employ that person. In accordance with the law regulating the dissemination of the contents of the criminal history file furnished by the Federal Bureau of Investigation, the ~~State Board~~Commission shall not release nor disclose any portion of the school personnel's criminal history to the charter school's board of directors or employees. The ~~State Board~~Commission also shall notify the school personnel of the procedure for completing or challenging the accuracy of the criminal history and the personnel's right to contest the ~~State Board's~~Commission's determination in court.

(f) All the information received by the ~~State Board of Education~~Commission or the charter school in accordance with subsection (e) of this section through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the ~~State Board of Education~~Commission or the board of directors of the charter school. The ~~State Board of Education~~Commission or the board of directors of the charter school may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(g) There shall be no liability for negligence on the part of the ~~State Board of Education~~Commission or the board of directors of the charter school, or their employees, arising from any act taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Articles 31A and 31B of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Article 31 of Chapter 143 of the General Statutes."

SECTION 3. G.S. 105-278.4 reads as rewritten:

"**§ 105-278.4. Real and personal property used for educational purposes.**

(a) Buildings. – Buildings, the land they actually occupy, and additional land reasonably necessary for the convenient use of any such building shall be exempted from taxation if all of the following requirements are met:

(1) Owned by either of the following:
   a. An educational institution; or
   b. A nonprofit entity for the sole benefit of a constituent or affiliated institution of The University of North Carolina, an institution as defined in G.S. 116-22, a North Carolina community college, or a combination of these;

(2) The owner is not organized or operated for profit and no officer, shareholder, member, or employee of the owner or any other person is entitled to receive

pecuniary profit from the owner's operations except reasonable compensation for services;

(3) Of a kind commonly employed in the performance of those activities naturally and properly incident to the operation of an educational institution such as the owner; and

(4) Wholly and exclusively used for nonprofit educational purposes by ~~the owner or occupied gratuitously by another nonprofit educational institution and wholly and exclusively used by the occupant for nonprofit educational purposes.~~any of the following:

a. The owner.

b. A nonprofit educational institution occupying the building gratuitously.

c. A charter school, whether or not the charter school is the owner.

...."

SECTION 4. G.S. 114-19.2 reads as rewritten:

"**§ 114-19.2. Criminal record checks of school personnel.**

(a) The Department of Justice may provide a criminal record check to the local board of education of a person who is employed in a public school in that local school district or of a person who has applied for employment in a public school in that local school district, if the employee or applicant consents to the record check. The Department may also provide a criminal record check of school personnel as defined in G.S. 115C-332 by fingerprint card to the local board of education from National Repositories of Criminal Histories, in accordance with G.S. 115C-332. The information shall be kept confidential by the local board of education as provided in Article 21A of Chapter 115C of the General Statutes.

(a1) The Department of Justice may provide a criminal history record check to the North Carolina Public Charter Schools Commission of a person who is employed at a charter school or of a person who has applied for employment at a charter school, if the employee or applicant consents to the record check. The Department may also provide a criminal history record check of school personnel as defined in G.S. 115C-238.29K by fingerprint card to the North Carolina Public Charter Schools Commission from National Repositories of Criminal Histories, in accordance with G.S. 115C-238.29K. The information shall be kept confidential by the North Carolina Public Charter Schools Commission as provided in G.S. 115C-238.29K.

(b) The Department of Justice may provide a criminal record check to the employer of a person who is employed in a nonpublic school or of a person who has applied for employment in a nonpublic school, if the employee or applicant consents to the record check. For purposes of this subsection, the term nonpublic school is one that is subject to the provisions of Article 39 of Chapter 115C of the General Statutes, but does not include a home school as defined in that Article.

(c) The Department of Justice shall charge a reasonable fee for conducting a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information.

(c1) The Department of Justice may provide a criminal record check to the schools within the Department of Health and Human Services of a person who is employed, applies for employment, or applies to be selected as a volunteer, if the employee or applicant consents to the record check. The Department of Health and Human Services shall keep all information pursuant to this subsection confidential, as provided in Article 7 of Chapter 126 of the General Statutes.

(d) The Department of Justice shall adopt rules to implement this section."

SECTION 5. G.S. 115C-105.37B(a)(2) reads as rewritten:

"(a) Notwithstanding any other provision of this Article, the State Board of Education is authorized to approve a local board of education's request to reform any school in its

administrative unit which the State Board of Education has identified as one of the continually low-performing schools in North Carolina.

If the State Board of Education approves a local board of education's request to reform a school, the State Board of Education may authorize the local board of education to adopt one of the following models in accordance with State Board of Education requirements:

...

(2) Restart model, in which the State Board of Education would authorize the local board of education to operate the school with the same exemptions from statutes and rules as a charter school authorized under Part 6A of Article 16 of this Chapter, or under the management of an educational management organization that has been selected through a rigorous review process. A school operated under this subdivision remains under the control of the local board of education, and employees assigned to the school are employees of the local school administrative unit with the protections provided by G.S. 115C-325. ~~This subdivision shall not be interpreted to increase the maximum number of charter schools provided in G.S. 115C-238.29D(b). No school authorized under this subsection shall count against the limit provided for charter schools in G.S. 115C-238.29D(b).~~"

SECTION 6. G.S. 115C-426 reads as rewritten:

"**§ 115C-426. Uniform budget format.**

...

(c) The uniform budget format shall require the following funds:

(1) The State Public School Fund.

(2) The local current expense fund.

(3) The capital outlay fund.

In addition, other funds may be used ~~to account for reimbursements, including indirect costs, fees for actual costs, tuition, sales tax revenues distributed using the ad valorem method pursuant to G.S. 105-472(b)(2), sales tax refunds, gifts and grants restricted as to use,~~ only if necessary to comply with a requirement imposed by the donor or grantor that the school system separately account for trust funds, ~~federal appropriations made directly to local school administrative units, funds received for prekindergarten programs,~~ and federal grants restricted as to use. ~~and special programs. In addition, the appropriation or use of fund balance or interest income by a local school administrative unit shall not be construed as a local current expense appropriation.~~

Each local school administrative unit shall maintain those funds shown in the uniform budget format that are applicable to its operations."

SECTION 7. G.S. 115C-546.2 reads as rewritten:

"**§ 115C-546.2. Allocations from the Fund; uses; expenditures; reversion to General Fund; matching requirements.**

...

(d) Monies transferred into the Fund in accordance with Chapter 18C of the General Statutes shall be allocated for capital projects for school construction projects as follows:

(1) A sum equal to sixty-five percent (65%) of those monies transferred in accordance with G.S. 18C-164 shall be allocated on a per average daily membership basis according to the average daily membership for the budget year as determined and certified by the State Board of Education.

(2) A sum equal to thirty-five percent (35%) of those monies transferred in accordance with G.S. 18C-164 shall be allocated to those local school administrative units located in whole or part in counties in which the effective county tax rate as a percentage of the State average effective tax

rate is greater than one hundred percent (100%), with the following definitions applying to this subdivision:

a. "Effective county tax rate" means the actual county rate for the previous fiscal year, including any countywide supplemental taxes levied for the benefit of public schools, multiplied by a three-year weighted average of the most recent annual sales assessment ratio studies.

b. "State average effective tax rate" means the average effective county tax rates for all counties.

c. "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(3) No county shall have to provide matching funds required under subsection (c) of this section.

(4) A county may use monies in this Fund to pay for school construction projects in local school administrative units and to retire indebtedness incurred for school construction projects incurred on or after January 1, 2003.

(5) A county may not use monies in this Fund to pay for school technology needs.

(6) Counties receiving funds under this subsection may allocate a portion of funds received each budget year under this subsection to charter schools on a per average daily membership basis according to each such school's share of the average daily membership of the unit. Charter schools may use the monies to pay for school construction projects or to retire indebtedness incurred for school construction projects incurred on or after July 1, 2011, and shall not be subject to the matching fund requirement set forth in subsection (c) of this section."

SECTION 8.(a) G.S. 135-5.3 reads as rewritten:

"**§ 135-5.3. Optional participation for charter schools operated by private nonprofit corporations.**

...

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to become a participating employer in the Retirement System in accordance with this Article. This election shall be in writing and filed with the Retirement System and with the State Board of Education and is effective for each charter school employee as of the date of that employee's entry into eligible service. This subsection applies to charter schools that receive approval from the State Board of Education or the North Carolina State Public Charter Schools Commission ~~approval~~ under G.S. 115C-238.29D after 1998.

...."

SECTION 8.(b) G.S. 135-45.5 reads as rewritten:

"**§ 135-45.5. Optional participation for charter schools operated by private nonprofit corporations.**

...

(b) No later than 30 days after both parties have signed the written charter under G.S. 115C-238.29E, the board of directors of a charter school operated by a private nonprofit corporation shall elect whether to become a participating employer in the Plan in accordance with this Article. This election shall be in writing and filed with the Executive Administrator, the Board of Trustees, and the State Board of Education. This election is effective for each charter school employee as of the date of that employee's entry into eligible service. This subsection applies to charter schools that receive approval from the State Board of Education or

North Carolina Public Charter Schools Commission ~~approval~~ under G.S. 115C-238.29D after 1998.

...."

SECTION 9. G.S. 150B-1(e) is amended by adding a new subdivision to read:

"(18) The State Board of Education with respect to the disapproval, termination, or nonrenewal of charters under Part 6A of Article 16 of Chapter 115C of the General Statutes."

SECTION 10.(a) Article 23 of Chapter 153A is amended by adding a new section to read:

"**§ 153A-457. Charter schools.**

Each county is authorized to appropriate funds and lease real property to schools chartered under Chapter 115C, Article 16, Part 6A of the General Statutes. Counties may provide funds only for the purposes set forth in G.S. 115C-238.29H(c)."

SECTION 10.(b) G.S. 153A-149(c) reads as rewritten:

"(c) Each county may levy property taxes for one or more of the purposes listed in this subsection up to a combined rate of one dollar and fifty cents ($1.50) on the one hundred dollars ($100.00) appraised value of property subject to taxation. Authorized purposes subject to the rate limitation are:

...

(8a) Charter Schools. – To provide capital funding for charter schools as authorized by G.S. 153A-457.

...."

SECTION 11. Each local board of education shall amend its budget resolution for the 2010-2011 fiscal year to comply with G.S. 115C-426, as amended by Section 6 of this act. In the event that a local board of education fails to amend its budget resolution for the 2010-2011 fiscal year to comply with G.S. 115C-426, as amended by Section 6 of this act, and therefore fails to include in the local current expense fund all those moneys required under G.S. 115C-426(e), such amendments shall be deemed to have been made for purposes of compliance with G.S. 115C-238.29H(b).

SECTION 12. If in any fiscal year a local board of education approves a budget resolution that, as amended, fails to comply with G.S. 115C-426 and therefore fails to include in the local current expense fund all those moneys required under G.S. 115C-426(e), that budget resolution shall be deemed to have been amended to include all such moneys in the local current expense fund for the purposes of compliance with G.S. 115C-238.29H(b).

SECTION 13. Section 3.2 of S.L. 2010-123 and Section 7.17(b) of S.L. 2010-31 are repealed.

SECTION 14. The State Board of Education shall repeal all adopted policies inconsistent with this act.

SECTION 15. Beginning in 2012, the North Carolina Public Charter Schools Commission shall prepare an annual report to the Joint Legislative Education Oversight Committee of the General Assembly no later than October 15 of each year. The report shall include, at a minimum, the following information:

(1) The Commission's strategic vision and plan for charter schools and progress toward achieving the vision and carrying out the plan.

(2) The academic and financial performance of all operating charter schools overseen by the Commission, according to the performance expectations for charter schools set forth in this act.

(3) The status of the Commission's charter school portfolio, identifying all charter schools in each of the following categories: approved to open, in operation, renewed, transferred, revoked, not renewed, voluntarily closed, or never opened.

SECTION 16. Appointments required in Section 2 of this act shall be made no later than October 1, 2011. Sections 6, 11, 12, and 13 of this act are effective when they become law. The remainder of this act becomes effective July 1, 2011.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
Senate Bill 8

AMENDMENT NO. _____
(to be filled in by Principal Clerk)

S8-ARB-3 [v.1]

Comm. Sub. [YES]
Amends Title [NO]
Second Edition

Date _____ ,2011

Senator Stevens.

moves to amend the bill on page 17, line 39 through page 18, line 14, by deleting those lines;

and by renumbering the remaining sections accordingly;

and on page 22, line 2, by rewriting the line to read: "later than October 1, 2011. Sections 5, 10, 11, and 12 of this act are effective when they".

(to be filled in by
Principal Clerk)

S8-ATC-18 [v.2]

Comm. Sub. [NO]
Amends Title [NO]
Second Edition

Date Feb 22 ,2011

Senator Stein

moves to amend the bill on page 14, lines 16-29, by deleting those lines and substituting the following:

"(b) If a student attends a charter school, the local school administrative unit in which the child resides shall transfer to the charter school an amount equal to the per pupil local current expense appropriation to the local school administrative unit for the fiscal year. The amount transferred under this subsection that consists of revenue derived from supplemental taxes shall be transferred only to a charter school located in the tax district for which these taxes are levied and in which the student resides.",

and on page 19, lines 20-37, by deleting those lines and renumbering the remaining sections accordingly,

and on page 21, lines 23-36, by deleting those lines and renumbering the remaining sections accordingly,

and on page 22, lines 1-3, by deleting those lines and substituting the following,

"SECTION 12. Appointments required in Section 2 of this act shall be made no later than October 1, 2011. The remainder of this act becomes effective July 1, 2011.".

2nd Edition

Date _____,2011

Senator McKissick

moves to amend the bill on page 12, lines 8-23 by deleting those lines and substituting the following:

"(h) Transportation. – The charter school may provide transportation for students enrolled at the school. If a charter school approved after July 1, 2011 provides transportation for students, the charter school shall receive the average per pupil share of the local school administrative unit's allocation for transportation. ~~The charter school shall develop a transportation plan so that transportation is not a barrier to any student who resides in the local school administrative unit in which the school is located.~~ The charter school is not required to provide transportation to any student who lives within one and one-half miles of the school. At the request of the charter school and if the local board of the local school administrative unit in which the charter school is located operates a school bus system, then that local board may contract with the charter school to provide transportation in accordance with the charter school's transportation plan to students who reside in the local school administrative unit and who reside at least one and one-half miles ~~of~~ from the charter school. A local board may charge the charter school a reasonable charge that is sufficient to cover the cost of providing this transportation. Furthermore, a local board may refuse to provide transportation under this subsection if it demonstrates there is no available space on buses it intends to operate during the term of the contract or it would not be practically feasible to provide this transportation.",

and on page 13, lines 34-43, by deleting those lines and substituting the following:

"(a) The State Board of Education shall allocate to each charter school each of the following:

(1) An amount equal to the average per pupil allocation for average daily membership from the local school administrative unit allotments in which

the charter school is located for each child attending the charter school except for the allocation for children with disabilities and for the allocation for children with limited English ~~proficiency;~~proficiency. For charter schools approved after July 1, 2011, the amount shall not include the average per pupil share of the local school administrative unit's allocation for transportation, except as provided in G.S. 115C-238.29F(h).

(2) An additional amount for each child attending the charter school who is a child with ~~disabilities; and~~disabilities.

(3) An additional amount for children with limited English proficiency attending the charter school, based on a formula adopted by the State Board.".

SENATE BILL 32
PROPOSED COMMITTEE SUBSTITUTE S32-CSRBx-2 [v.1]

2/21/2011 6:58:02 PM

Short Title: Hospital Medicaid Assessment/Payment Program. (Public)

Sponsors:

Referred to:

February 3, 2011

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR HOSPITAL ASSESSMENTS TO BE USED TO OBTAIN MATCHING FEDERAL MEDICAID FUNDS TO REDUCE THE LOSSES HOSPITALS SUSTAIN WHEN TREATING MEDICAID AND UNINSURED PATIENTS, TO REDUCE THE INEQUITY IN MEDICAID PAYMENTS BETWEEN PUBLIC AND NONPUBLIC HOSPITALS, AND TO PROVIDE FORTY-THREE MILLION DOLLARS IN ADDITIONAL FUNDING FOR THE STATE OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 108A of the General Statutes is amended by adding a new Article to read:

Article 7.
Hospital Provider Assessment Act.

"**§ 108A-120. Short title and purpose.**

This Article shall be known as the "Hospital Provider Assessment Act". The assessments imposed by this Article are to provide revenue to improve funding for payments for hospital services provided to Medicaid and uninsured patients. All assessment proceeds and corresponding matching federal funds must be used to make the payments required under G.S. 108A-124. This Article does not authorize a political subdivision of the State to license a hospital for revenue or impose a tax or assessment on a hospital.

"**§ 108A-121. Definitions.**

The following definitions apply in this Article:

(1) CMS. – Centers for Medicare & Medicaid Services.
(2) Critical access hospital. – Defined in 42 C.F.R. § 400.202.
(3) Department. – The Department of Health and Human Services.
(4) Equity assessment. – The assessment payable under G.S. 108A-123.
(5) Medicaid equity payment. – The amount required to be paid under G.S. 108A-124.
(6) Public hospital – A hospital that certifies its public expenditures to the Department pursuant to 42 C.F.R. § 433.51(b) during the fiscal year for which the assessment applies.
(7) Secretary. – The Secretary of Health and Human Services.
(8) State's annual Medicaid payment. – Forty-three million dollars ($43,000,000).

(9) Total hospital costs. – The costs as calculated using the most recent available Hospital Cost Report Information Systems cost report data, available through CMS, or other comparable data.
(10) UPL – Upper pay limit.
(11) Upper pay limit. – The maximum ceiling imposed by federal regulation on hospital Medicaid payments under 42 C.F.R. § 447.272 for inpatient services.
(12) Upper pay limit assessment. – The assessment payable under G.S. 108A-123.
(13) Upper pay limit gap. – The difference between the UPL attributable to hospital inpatient services and the reasonable costs of inpatient hospital services as defined in Section (f)(2)(A) on page 11 of Attachment 4.19-A of the State Medicaid Plan as approved on December 15, 2005.
(14) Upper pay limit payment. – The amount required to be paid under G.S. 108A-124.

"**§ 108A-122. Assessment.**

(a) Assessment Imposed. – Except as provided in this section, the assessments authorized under this Article are imposed as a percentage of total hospital costs on all licensed North Carolina hospitals. The assessments are due quarterly in the time and manner prescribed by the Secretary. Payment of an assessment is considered delinquent if not paid within seven days of the due date. With respect to any past-due assessment, the Department may withhold the unpaid amount from Medicaid payments otherwise due or impose a late-payment penalty. The Secretary may waive a penalty for good cause shown.

(b) Allowable Cost. – An assessment paid under this Article may be included as allowable costs of a hospital for purposes of any applicable Medicaid reimbursement formula. An assessment imposed under this Article may not be added as a surtax or assessment on a patient's bill.

(c) Full Exemption. – The following hospitals are exempt from both the equity assessment and the UPL assessment:
(1) State-owned and State-operated hospitals.
(2) The primary affiliated teaching hospital for each University of North Carolina medical school.
(3) Critical access hospitals.
(4) Long-term care hospitals.
(5) Freestanding psychiatric hospitals.
(6) Freestanding rehabilitation hospitals.

(d) Partial Exemption. – A public hospital is exempt from the equity assessment.

"**§ 108A-123. Assessment amount.**

(a) Annual Calculation. – The Secretary must annually calculate the equity assessment amount and the upper pay limit assessment amount for each hospital subject to the respective assessment. Each assessment must comply with applicable federal regulations and may be prorated for any partial year. The Secretary must notify each hospital that is assessed the amount of its UPL assessment and, if applicable, its equity assessment. The notice must include all of the following:
(1) The applicable assessment rates.
(2) The hospital costs on which the hospital's assessments are based.
(3) The elements of the calculation of the hospital's UPL.

(b) Equity Assessment. – The equity assessment consist of both inpatient and outpatient components. The equity assessment percentage rate must be calculated to produce an aggregate annual amount equal to the following:

(1) The amount needed to make the Medicaid equity payments under G.S. 108-124.

(2) The applicable portion of the State's annual Medicaid payment, as provided in subsection (d) of this section.

(c) UPL Assessment. – The UPL assessment consists of both inpatient and outpatient components. The UPL assessment percentage rate must be calculated to produce an aggregate annual amount equal to the following:

(1) The amount needed to make the UPL payments under G.S. 108A-124.

(2) The applicable portion of the State's annual Medicaid payment, as provided in subsection (d) of this section.

(d) State's Annual Medicaid Payment. – The State's annual Medicaid payment must be allocated between the equity assessment and the UPL assessment based on the amount of gross payments received by hospitals under G.S. 108A-124.

(e) Appeal. – A hospital may appeal an assessment determination through a reconsideration review. The pendency of an appeal does not relieve a hospital from its obligation to pay an assessment amount when due.

"**§ 108A-124. Use of assessment proceeds.**

(a) Use. – The proceeds of the assessments imposed under this Article and all corresponding matching federal funds must be used to make the State annual Medicaid payment to the State and the Medicaid equity payments and UPL payments to hospitals.

(b) Quarterly Payments. – Within seven days of the due date for each quarterly assessment imposed under G.S. 108A-123, the Secretary must do the following:

(1) Transfer to the State Controller twenty-five percent (25%) of the State's annual Medicaid payment amount.

(2) Pay to each hospital that has paid its equity assessment for the respective quarter twenty-five percent (25%) of its Medicaid equity payment amount. A hospital's Medicaid equity payment amount is the sum of the hospital's Medicaid inpatient and outpatient deficits after calculating all other Medicaid payments, excluding disproportionate share hospital payments and the UPL payment remitted to the hospital under subdivision (3) of this subsection.

(3) Pay to the primary affiliated teaching hospital for the East Carolina University Brody School of Medicine, to the critical access hospitals, and to each hospital that has paid its UPL assessment for the respective quarter twenty-five percent (25%) of its UPL payment amount, as determined under subsection (c) of this section.

(c) UPL Payment Amount. –The aggregate UPL payments made to eligible hospitals that are public hospitals is the sum of the UPL gaps for all public hospitals. The aggregate UPL payments made to eligible hospitals that are not public hospitals is the sum of the UPL gaps for these hospitals. UPL payments are payable to the individual hospitals in the ratio of each hospital's Medicaid inpatient costs to the total Medicaid inpatient costs for the respective group.

(d) Refund of Assessment. – If all or any part of a payment required to be made under this section is not made to one or more hospitals when due, the Secretary must promptly refund to each such hospital the corresponding assessment proceeds collected in proportion to the amount of assessment paid by that hospital.

"**§ 108A-125. Deferral of assessment due date.**

In the event the data necessary to calculate the assessments required under G.S. 108A-123 or the payments required under G.S. 108A-124 is not available to the Secretary in time to impose the quarterly assessments for a payment year, the Secretary may defer the due date for the assessments and payments to a subsequent quarter.

"**§ 108A-126. Approval of assessment program.**

The Department must file a State plan amendment with the CMS that incorporates the assessment payments and distributions consistent with the provisions of this Article. Upon CMS approval, the Secretary may impose the initial assessment retroactive to the first day of the quarter in which the State Plan amended was filed, provided the Secretary remits the corresponding payments to hospitals required under G.S. 108A-124 for that quarter. If CMS approves only one component of the equity assessment, the Secretary may adjust the percentage rate on the approved component to produce the required aggregate Medicaid equity payment amounts under G.S. 108A-124. If CMS approves only one component of the UPL assessment, the Secretary may adjust the percentage rate on the approved component to produce the required aggregate UPL payment amounts under G.S. 108A-124. The Secretary may adopt rules as necessary to implement the assessment program under this Article.

"**§ 108A-127. Repeal.**

The authority to impose an assessment under this Article is repealed in the event that CMS determines that the assessment or payment methodologies described in this Article are impermissible or CMS revokes approval of any portion of the State Plan amendment authorizing the payments required under G.S. 108A-124."

SECTION 2. The Department of Health and Human Services must file with the Centers for Medicare & Medicaid Services a State Plan amendment as required under Article 7 of Chapter 108A of the General Statutes, as enacted by this act, by March 31, 2011.

SECTION 3. This act is effective when it becomes law.

SENATE PCS 32: Hospital Medicaid Assessment/Payment Program

2011-2012 General Assembly

Committee:	Senate Ref to Finance. If fav, re-ref to Appropriations/Base Budget	**Date:**	February 22, 2011
Introduced by:	Sens. Brunstetter, Clodfelter	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to First Edition S32-CSRBx-2		

SUMMARY: ***Senate Bill 32[1] would impose an annual assessment on hospitals, payable quarterly, and use the revenue derived from the assessment to obtain additional federal Medicaid funds. The assessment proceeds and corresponding Medicaid funds would be used to address hospitals' cost of treating Medicaid recipients and uninsured patients and to generate an additional $43,000,000 for the General Fund to be used for the State's Medicaid program.***

The proposed committee substitute makes one substantive change to the bill, as requested by the sponsor: both assessments proposed by the bill would have an outpatient and inpatient component. The PCS also places the substance of the bill into Chapter 108A of the General Statutes.

CURRENT LAW: Forty-six states and the District of Columbia have some type of Medicaid-related provider tax, assessment, or fee this year. States have used Medicaid-related provider assessments since 1990 to help pay for the costs of states' Medicaid programs. North Carolina began utilizing provider assessments in 2003 to enhance payment rates for nursing facilities and intermediate care facilities for the mentally retarded and developmentally disabled.[2]

A Medicaid-related provider assessment collects revenue from specific categories of providers to generate new in-state funds and match them with federal funds so that the state gets additional federal Medicaid dollars. Because Medicaid is an entitlement program, the amount of total federal matching funds for Medicaid has no statutory limit. Federal spending is only limited by states' ability to provide matching funds.

In most states that impose a provider assessment, the cost of the assessment is promised back to providers through an increase in the Medicaid reimbursement rate. Under federal law, a state's ability to use provider-specific assessments to fund their state share of Medicaid expenditures has limits. Generally, those assessments cannot exceed 25% of the state's share of Medicaid expenditures and the state cannot provide a guarantee to the providers that the assessments will be returned to them. However, federal law provides a 'safe harbor' that says if the assessments returned to a provider are less than 6% of the provider's revenues, the prohibition on guaranteeing the return of assessment funds is not violated. Therefore, a state may impose a provider assessment of 5.5% of revenues, return those revenues directly or indirectly back to those providers in the form of a Medicaid payment and receive a federal match for those amounts. Unless altered by Congress, this maximum amount will increase to 6% of revenues in October 2011.

BILL ANALYSIS: Senate Bill 32 would impose two different Medicaid-related assessments on hospitals: an equity assessment and an upper pay limit (UPL) assessment. The assessments would be

[1] SB 32, as introduced, was identical to HB 53, introduced by Reps. Barnhart, Avila, Crawford, and Glazier. HB 53 is currently in House Finance.

[2] Section 10.28 of S.L. 2003-284, the Appropriations Act of 2003.

imposed as a percentage of total hospital costs on all licensed North Carolina hospitals. The Secretary of Health and Human Services would annually calculate the assessment amount for each hospital. The assessment would be payable quarterly. The Secretary would use the proceeds of the assessments to make quarterly distributions to the hospitals as well as a quarterly transfer to the General Fund of $10,750,000. The payments to the hospitals would be due within seven days after the assessment is paid. If an assessment payment is not made to a hospital when due, the Secretary must refund to the hospital the corresponding assessment proceeds collected in proportion to the amount of assessment paid by the hospital.

The equity assessment would be levied on the inpatient and outpatient Medicaid costs of each private hospital. Public hospitals are exempt from this assessment. The percentage of the assessment is to be calculated by DHHS so that the amount generated from the assessment, when matched with federal Medicaid funds, is sufficient to reimburse the 67 private hospitals for their Medicaid costs consistent with the Medicaid reimbursements received by the 43 public hospitals and to fund a pro-rata share of the State annual Medicaid amount. To fulfill this purpose, the rate would need to be set at 1.45% for the first year.

The UPL assessment would be levied on the inpatient and outpatient Medicaid costs of public and private hospitals, with the exception of the following:

- State-operated hospitals
- Teaching hospitals of the University of North Carolina Medical School.
- Critical access hospitals.
- Long-term care hospitals.
- Free-standing psychiatric and rehabilitation hospitals.

The percentage of the UPL assessment is to be calculated by DHHS so that the amount generated from the assessment, when matched with federal Medicaid funds, is sufficient to reduce the losses that both public and private hospitals sustain when treating Medicaid and uninsured patients and to fund a pro-rata share of the State annual Medicaid amount. To fulfill this purpose, the rate would need to be set at 0.76% for the first year.

The State's assessment program would need to be approved by the Centers for Medicare & Medicaid Services. DHHS would need to evaluate the assessment percentages and assessment payments each year to ensure that the assessments do not exceed the federal provider assessment guidelines. The bill directs DHHS to file a State plan amendment with the Centers for Medicare & Medicaid Services to implement the hospital assessments and payments by March 31, 2011.

EFFECTIVE DATE: The bill becomes effective when it becomes law. The bill **BACKGROUND:**

BILL SUMMARY:

Senate Bill 32 proposes to establish assessments on hospitals and use the revenue derived from the assessments to obtain Federal Medicaid funds. The purpose of these funds would be to address the difference between hospitals' cost of treating Medicaid recipients and what hospitals are reimbursed.

ASSUMPTIONS AND METHODOLOGY:

Background

Healthcare Provider Assessments

Provider-specific assessments have been used by States since 1990 to help pay for the costs of States' Medicaid programs. The assessments, proposed by State policymakers and enacted by State legislatures, must meet the requirements of federal laws and regulations. In 2010 the number of states with some type of Medicaid-related provider assessment increased to 46 states.

States with Provider Assessments—2010	
Provider being Assessed	**States with Assessment**
Hospitals	34
ICF/MR-DD	34
Nursing Facility	38
Managed Care Facility	11
Other	15

Source: Kaiser Family Foundation, 2010

Currently, North Carolina utilizes provider assessments to enhance payment rates for 1) Intermediate Care Facilities for the Mentally Retarded and Developmentally Disabled and 2) Nursing Facilities by providing the state share of increases or offsets to recent year's rate decreases.

Example of a Provider Assessment Program

Federal regulations (42 CFR 433.56) allow for an assessment of up to 5.5% to be made against a healthcare provider's non-Medicare net revenue.

- *Initial assessment on health care services.* The first step in the process is to adopt an assessment on health care services.

- *Increased Medicaid payments.* The second step is to use the increased revenue to enhance the state's Medicaid program, e.g. through Medicaid reimbursements, generating additional Federal matching payments at the rate of nearly 2:1, in the case of North Carolina in SFY 2011-12.

- *Net impact on providers and the State.* The new Medicaid reimbursements can be split between providers who contributed to the assessment, other healthcare providers who were not assessed, and the state.

    - *Assessed providers.* Most providers end up net winners due to the increase in Medicaid reimbursement. The Federal government requires that the assessment result in some redistribution of funds on net, so that some providers will inevitably lose.

- *Non-assessed providers*. Non-assessed providers who benefit from the increase in Medicaid reimbursements are pure winners.

Hospital Medicaid Costs and Reimbursements

Medicaid's reimbursement of a hospital's inpatient treatment costs are based on Diagnostic Related Groups (DRGs). These DRG payment rates are based on the 1994 cost for each hospital, indexed forward based on General Assembly's approved changes in provider rates. Each year North Carolina's Medicaid program adjusts the Medicaid DRG reimbursement rate for any inflation or decrease approved by the General Assembly. However, during the past 15 years the North Carolina General Assembly has often foregone an inflationary increase in Medicaid provider rates.

According to the North Carolina Hospital Association (NCHA), which represents public and private hospitals in the state, the current North Carolina Medicaid DRG reimbursement rate for inpatient costs is 50% of the cost of delivering care to a Medicaid recipient. Medicaid's reimbursement of a hospital's outpatient and emergency treatment costs are at 80% of cost. In the aggregate, the NCHA asserts that its hospitals are reimbursed by Medicaid at 63% of their combined inpatient and outpatient costs. NCHA acknowledges that this percentage increases to 85% when the Disproportionate Share Hospital payment to North Carolina hospitals is factored in.

Analysis of Senate Bill 32

Under the applicable Federal regulations (42 CFR 433.56), SB 32 directs the Secretary of the Department of Health and Human Services (DHHS) to implement a hospital assessment program for eligible hospitals to improve funding for payments for hospital services provided to Medicaid and uninsured patients. The program proposed in SB 32 includes two different assessments on hospitals:

1. Equity Assessments
2. Upper Payment Limit Assessments

The assessments are to be levied as a percent of total hospital cost calculated using the most recent available Hospital Cost Report Information Systems cost report or comparable data. The receipts derived from these assessments would be used by the Department's Division of Medical Assistance to draw down Federal matching funds at an approximate rate of $2 Federal for every $1 State, beginning in July 2011. If the assessment is implemented prior to July 1, 2011, the federal match (FMAP) rate will be higher due to ARRA, requiring a lower assessment rate. The rate will have to be adjusted in July 2011 to compensate for the change in FMAP.

Equity Assessments/Medicaid Equity Payment

DHHS is to levy an Equity Assessment on the inpatient and outpatient Medicaid costs of each private hospital. The percentage of this assessment is to be calculated by DHHS so that the amount generated from assessment when matched with Federal funds in the Medicaid program is sufficient to reimburse the 67 private hospitals for their Medicaid costs consistent with the Medicaid reimbursements received by the 43 public hospitals and to fund an additional amount for the State's Medicaid program.

To fulfill the purpose of reimbursing the private hospitals, the rate must be set at 1.45% and would generate $118,317,394 for the first year, according to data from NCHA and DHHS.

As noted above, in order to maintain the payments at this level, the percentage would have to increase effective July 1, 2011, when the enhanced ARRA FMAP ends. At the end of each year, DHHS will be required to evaluate the amount of the Equity Assessment on Medicaid costs, to ensure that it does not exceed the Federal provider assessment guidelines, which permit an assessment on non-Medicare inpatient and outpatient revenue of up to 5.5%.

Upper Payment Limit Assessment/Upper Limit Payment

The bill also provides that DHHS levy an Upper Payment Limit (UPL) Assessment on the inpatient Medicaid costs of public and private hospitals, excluding:

- State-operated hospitals,
- Teaching Hospitals of the University of North Carolina Medical School,
- Critical Access Hospitals,
- Long-term Care Hospitals, and
- Free-standing Psychiatric and Rehabilitation Hospitals.

The percentage of this assessment is to be calculated by DHHS so that the amount generated from the assessment when matched with Federal funds in the Medicaid program is sufficient to reduce the losses that both public and private hospitals sustain when treating Medicaid and uninsured patients and to fund an additional amount for the State's Medicaid program.

To fulfill the purpose of reimbursing the public and private hospitals, the rate must be set at 0.76% and generate $ 97,298,136 for the first year, according to data from NCHA and DHHS.

Here again, in order to maintain the payments at this level, the percentage would have to increase effective July 1, 2011, due to the expiration of the enhanced FMAP. As with the Equity Assessment, DHHS will be required to evaluate the amount of the assessment on Medicaid costs, to ensure that it does not exceed the Federal provider assessment guidelines, which permit an assessment on non-Medicare inpatient and outpatient revenue.

Total Amount of Assessments

The combined Equity and UPL assessments in SB 32 will generate $215,615,530 in receipts the first year. This amount should be sufficient to cover the nonfederal share of the Equity and Upper Limit payments, as well as the $43 million payment for the State Medicaid program also provided for in the bill.

Payments to Hospitals

Of the nearly $216 million in receipts collected from the combined assessment, DHHS would use $173 million in the Medicaid program to draw down and an additional $413 million, for a total of $586 million Medicaid funds on an annual basis based on the current FMAP. DHHS would pay out this amount to the hospitals. The legislation calls for DHHS to disburse the Medicaid funds derived from these assessments on a quarterly basis.

In the aggregate, the public and private hospitals in North Carolina would net $370 million in payments over the assessments they paid ($586 million, less $216 million) for the first year. The total amount of the assessments and payments will more than likely change each year as hospital cost changes each year. However, because of the uncertainty of the changes in these costs, reasonable estimates of the assessments and payments to hospitals in future years cannot be determined.

SB32—Hospital Assessment Plan					
Assessments to Hospitals	Amount to DHHS	State Share Medicaid	Federal Matching	Payments to Hospitals	Net Benefit to Hospitals
$215,615,530	$43,000,000	$172,615,530	$413,347,075	$585,962,605	$370,347,074

Source: Department of Health and Human Services

With the proposed assessments, receipts, and resultant Medicaid funds, all North Carolina acute care hospitals included in SB 32 would be paid at the Medicare UPL for inpatient services for Medicaid patients, using hospital assessments to generate the additional needed federal matching funds. As a result, hospitals will have 86% of Medicaid allowable costs covered on an actual, net cash received basis and 27% of uninsured costs covered on the same basis, according to NCHA.

Payment to DHHS

SB 32 calls for $43 million of the amount collected from the Equity and UPL assessments each year to go to the State's Medicaid program. DHHS can use these funds as it chooses. If it were to use them for the Medicaid program, the $43 million would draw down an additional $86 million, approximately, in Federal matching funds for a total of $129 million in SFY 2011-12.

Each year the receipts derived from the two assessments in SB 32 will increase as hospital inpatient and outpatient costs increase. However, the amount DHHS is to receive will remain at $43 million.

Summary

SB 32 provides for the following:

1. An Equity Assessment and Payment to compensate private hospitals for their Medicaid costs and a level comparable to public hospitals. This assessment and payment would be adjusted each year.

2. An Upper Payment Limit Assessment and Payment to compensate public and private hospitals for treatment of the uninsured. This assessment and payment would be adjusted each year.

3. DHHS to receive $43 million from the Equity and Upper Payment Limit assessments. This amount would not be adjusted each year, but remain at $43 million.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR HOSPITAL ASSESSMENTS TO BE USED TO OBTAIN MATCHING FEDERAL MEDICAID FUNDS TO REDUCE THE LOSSES HOSPITALS SUSTAIN WHEN TREATING MEDICAID AND UNINSURED PATIENTS, TO REDUCE THE INEQUITY IN MEDICAID PAYMENTS BETWEEN PUBLIC AND NONPUBLIC HOSPITALS, AND TO PROVIDE FORTY-THREE MILLION DOLLARS IN ADDITIONAL FUNDING FOR THE STATE OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The Secretary of Health and Human Services shall implement a hospital assessment program for eligible hospitals to improve funding for payments for hospital services provided to Medicaid and uninsured patients.

SECTION 1.(b) The hospital assessment program shall consist of two different assessments, Equity Assessments and Upper Payment Limit (UPL) Assessments. Each assessment shall be levied as a percent of total hospital costs calculated using the most recent available Hospital Cost Report Information Systems (HCRIS) cost report data or comparable data. Equity Assessments shall consist of both inpatient and outpatient components and shall be calculated to produce annually the nonfederal share of the aggregate payment amount required under Section 1(d)(1) of this act plus an additional amount for the State's Medicaid program. UPL Assessments shall consist solely of an inpatient component and shall be calculated to produce annually the nonfederal share of the aggregate Medicaid payments for which provision is made in Section 1(d)(2) of this act plus an additional amount for the State's Medicaid program. The total annual amount for the State's Medicaid program under this section shall be forty-three million dollars ($43,000,000) annually, allocated between the Equity Assessment and the UPL Assessment based on the amount of gross payments received by hospitals under Sections 1(d)(1) and 1(d)(2) of this act respectively. Each assessment shall comply with applicable federal regulations. Assessments shall be calculated annually and paid quarterly, and shall be prorated for any partial year.

SECTION 1.(c) The assessments shall be levied on all licensed North Carolina hospitals except State-owned and State-operated hospitals, the primary affiliated teaching hospital for each University of North Carolina medical school, critical access hospitals as defined in 42 C.F.R. § 400.202 (Critical Access Hospitals), long-term care hospitals, freestanding psychiatric hospitals, and freestanding rehabilitation hospitals, all of which shall be exempt from all assessments. Hospitals that certify their public expenditures to the Department for the respective assessment year pursuant to 42 C.F.R. § 433.51(b) (Public

Hospitals) are subject to UPL Assessments but exempt from Equity Assessments. Assessments shall be levied quarterly and shall be accompanied by notice to each hospital being assessed that includes the applicable assessment rates, the hospital costs on which the hospital's assessments are based, and the elements of the calculation of the hospital's Upper Payment Limit, which is the maximum ceiling imposed by federal regulation on hospital Medicaid payments under 42 C.F.R. § 447.272 for inpatient services. A hospital may appeal an assessment determination through a reconsideration review, however, the pendency of an appeal shall not relieve a hospital from its obligation to pay any assessment amount when due. The Department shall set the due date for each assessment. Payment of an assessment amount shall be considered delinquent if not paid within seven days of the due date. With respect to any past-due unpaid assessment, the Department may withhold the unpaid amount from Medicaid payments otherwise due or impose a reasonable penalty. The Department may waive a penalty for good cause shown. All assessment proceeds and corresponding matching federal funds shall be used solely for the purpose of making the payments to hospitals and transfers to the General Fund described in Section 1(d) of this act.

SECTION 1.(d) Within seven days of the due date for each quarterly assessment installment, the Secretary shall make the following payments to hospitals and shall transfer to the State Controller the quarterly share of the forty-three million dollars ($43,000,000) described in Section 1(b) of this act:

(1) A quarterly Medicaid Equity Payment shall be made to each hospital that has paid its Equity Assessment for the respective quarter. The amount of the Medicaid Equity Payment shall be the sum of the participating hospital's Medicaid inpatient and outpatient deficits after calculating all other Medicaid payments, excluding disproportionate share hospital payments and the Upper Payment Limit Payment described below.

(2) A quarterly Upper Payment Limit Payment shall be made to each of the following hospitals: (i) hospitals that paid their Upper Payment Limit Assessment for the respective quarter, (ii) the primary affiliated teaching hospital for the East Carolina University Brody School of Medicine, and (iii) Critical Access Hospitals. The aggregate Upper Payment Limit Payment made to Public Hospitals shall be the sum of the Upper Payment Limit Gaps for all Public Hospitals. The Aggregate Upper Payment Limit Payment for the remaining hospitals eligible for Upper Payment Limit Payments (the Non-Public Hospitals) shall be the sum of the Upper Payment Limit Gaps for all Non-Public Hospitals. Upper Payment Limit Gap means the difference between the Upper Payment Limit attributable to hospital inpatient services and the reasonable costs of inpatient hospital services as defined in Section (f)(2)(A) on page 11 of Attachment 4.19-A of the State Medicaid Plan as approved on December 15, 2005 (Medicaid Inpatient Costs). Upper Payment Limit Payments shall be paid to the individual hospitals in the ratio of each hospital's Medicaid Inpatient Costs to the total Medicaid Inpatient Costs for the respective group.

(3) Notwithstanding any other provision in this act to the contrary, if for any payment year the data necessary to calculate the assessments or the Medicaid Equity Payment or the Upper Payment Limit Payments is not available to the Division in time to levy a quarterly assessment as contemplated in this Article, then the due dates for assessments and payments under this Article shall be deferred to a subsequent quarter.

If all or any part of a payment required hereunder is not made to one or more hospitals when due, the Secretary shall promptly refund to each such hospital the corresponding assessment proceeds collected in proportion to the amount of assessment paid by that hospital.

SECTION 1.(e) Assessments shall be implemented promptly after approval by Centers for Medicare & Medicaid Services (CMS) of a State Plan amendment that incorporates the payment provisions of this Article. The Department shall file with CMS a State Plan amendment consistent with the provisions of this Article no later than March 31, 2011. Upon CMS approval, the Secretary may levy the initial assessment retroactive to the first day of the quarter in which the State Plan amendment was filed, provided that the corresponding payments to hospitals described in Section 1(d) of this act are made for that quarter. If CMS approves only one component of the Equity Assessment (either inpatient or outpatient), the Secretary may adjust the Equity Assessment rate on the approved component to produce the required aggregate payment amounts under Section 1(d) of this act. This Article shall terminate and be of no further force or effect in the event that CMS determines at any time that the assessment or payment methodologies described in this Article are impermissible or if CMS revokes approval of any portion of the State Plan amendment authorizing the payments required by this section.

SECTION 1.(f) Assessments paid under this act may be included as allowable costs of a hospital for purposes of any applicable Medicaid reimbursement formula but shall not be added as a surtax or assessment on a patient's bill. Nothing in this section authorizes a political subdivision of the State to license a hospital for revenue or impose a tax or assessment on a hospital.

SECTION 2. This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

S

SENATE BILL 27

Short Title:	Involuntary Annexation Moratorium.	(Public)
Sponsors:	Senators Brock, Newton, Goolsby; Apodaca, Bingham, Brown, Daniel, Harrington, Hartsell, Jackson, Meredith, Preston, Rabon, Rucho, Soucek, Tillman, and Tucker.	
Referred to:	State and Local Government.	

February 3, 2011

A BILL TO BE ENTITLED

AN ACT TO ADOPT A MORATORIUM ON INVOLUNTARY ANNEXATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. No resolution of consideration, resolution of intent, or annexation ordinance may be adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes from the date this act becomes law until July 1, 2012. If any annexation proceeding has been initiated under those Parts prior to the date this act becomes effective but the annexation ordinance has not yet been adopted, any provision of law requiring any action or notice by the municipality or any person within a certain period of time is tolled during the suspension of authority provided by this section. Nothing in this section shall prohibit municipalities from developing policies, planning, collecting data, or developing materials with respect to potential future annexations under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes.

SECTION 2. An annexation ordinance adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes that has an effective date on or after the day this act becomes law shall not become effective until July 1, 2012, unless the municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance. An annexation ordinance that was adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes prior to the effective date of this act and is the subject of litigation in any court on the effective date of this act shall not become effective until after July 1, 2012, unless the municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance.

SECTION 3. Any annexation litigation under Parts 2 or 3 of Article 4A of Chapter 160A of the General Statutes pending in any court of this State shall be stayed upon enactment of this act.

SECTION 4. If any municipality has adopted its budget ordinance for the 2010-2011 fiscal year prior to the date this act becomes effective and the total amount of assessed valuation estimated in that budget ordinance has been reduced because of this act, the municipality may amend the budget ordinance to account for this act, including establishment of a different tax rate.

SECTION 5. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 6. This act is effective when it becomes law and expires on June 30, 2012.

SENATE BILL 27:
Involuntary Annexation Moratorium

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 21, 2011
Introduced by:	Sens. Brock, Newton, Goolsby	**Prepared by:**	Giles S. Perry
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 27 would place a moratorium on involuntary municipal annexations until July 30, 2012.***

CURRENT LAW: Under current State law, municipalities are authorized to involuntarily add territory to their municipal limits, if the area meets the statutory requirements for involuntary annexation.

Involuntary annexations are initiated by a resolution of intent, adopted by the municipal board. Involuntary annexations may also be initiated by an earlier and optional resolution of consideration, which allows the annexation ordinance to become effective earlier.

Once the municipal resolution of intent to annex is adopted, the statutes impose a timetable for the remaining steps prior to the adoption of an annexation ordinance. Once the annexation ordinance is adopted, there is an additional statutory time period prior to it becoming effective.

The statutory time lines for the involuntary annexation process are illustrated in the attached charts.

BILL ANALYSIS: Senate Bill 27 makes the following changes:

Section 1:

- Prohibits municipal adoption of an involuntary annexation resolution of consideration, resolution of intent, or annexation ordinance for cities of less than 5,000 (Part 2 of Article 4A of Chapter 160A) or by cities of 5,000 or more (Part 3 of Article 4A of Chapter 160A).
- Tolls (suspends) any action or notice required for any involuntary annexation ordinance that has been initiated, but not yet adopted.
- Allow municipalities to continue to develop polices, plan, collect data, or develop materials for potential future annexations.

Section 2:

- Provides that any involuntary annexation ordinance adopted prior to the effective date of this act with an effective date or or after the effective date of this act shall not become effective until July 1, 2012, or a later date adopted by the municipality.
- Provides that an annexation ordinance adopted prior to the effective date of this act that is the subject of litigation in any court on the effective date of this act shall not become effective until July 1, 2012, or a later date adopted by the municipality.

Section 3:

- Stays (suspends) any pending involuntary annexation litigation.

Section 4:

- Provides that a municipality may amend its budget ordinance to account for the effect of this act, including establishment of a different tax rate.

Section 5:

- Contains a severability clause.

EFFECTIVE DATE: Effective when it becomes law, expires June 30, 2012.

Amends Title [NO]
First Edition

Date _____,2011

Senator Clodfelter

moves to amend the bill on page 1, lines 13 through 21, by rewriting the lines to read:

"**SECTION 2.(a)** An annexation ordinance adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes that has an effective date on or after the day this act becomes law shall not become effective until July 1, 2012, unless one of the following applies:

(1) The municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance.

(2) The municipality meets the restrictions of subsection (c) of this section.

SECTION 2.(b) An annexation ordinance that was adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes prior to the effective date of this act and is the subject of litigation in any court on the effective date of this act shall not become effective until after July 1, 2012, unless the municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance.

SECTION 2.(c) An annexation ordinance adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes that has an effective date on June 30, 2011, may become effective on June 30, 2011, if all of the following requirements are met:

(1) The ordinance of annexation was adopted before the effective date of this act.

(2) The ordinance of annexation was preceded by the adoption of a resolution of consideration.

(3) No legal challenge to the ordinance of annexation has been filed.

(4) The time allowed for filing a legal challenge to the ordinance of annexation has expired."

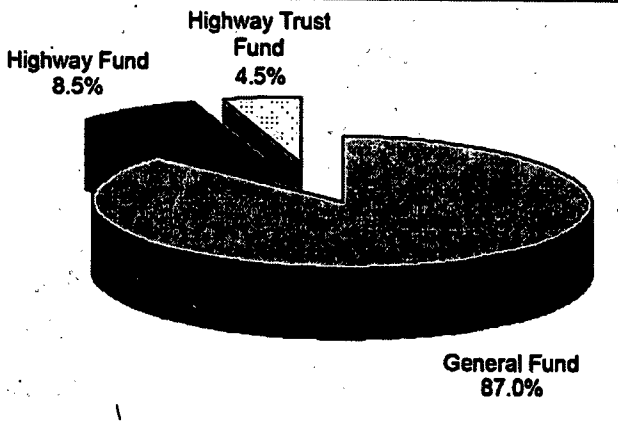
MOTOR FUELS EXCISE TAX AND HIGHWAY USE TAX

Finance Committee, February 16, 2011
Greg Roney, Research Division

Overview-State Tax Collections 2009-2010

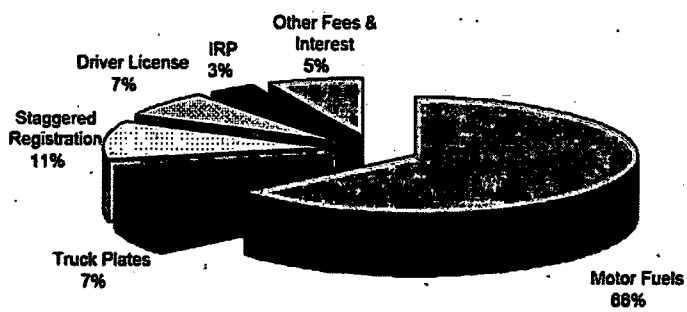


General Fund	$ 17,746,040,209
Highway Fund	1,731,643,883
Highway Trust Fund	909,150,646
Total	$ 20,386,834,738

Overview-Highway Fund

- Highway Fund revenue used to maintain State's public roads and fund operations of Dept of Transportation
  - Road Maintenance
  - DMV and Highway Patrol
  - Powell Bill/Secondary Roads
- Funding Sources
  - Motor Fuels Excise Tax (75% of Tax Collection)
  - Fees: Truck Plates, Vehicle Registration, Driver License

NC Highway Fund Tax Collections

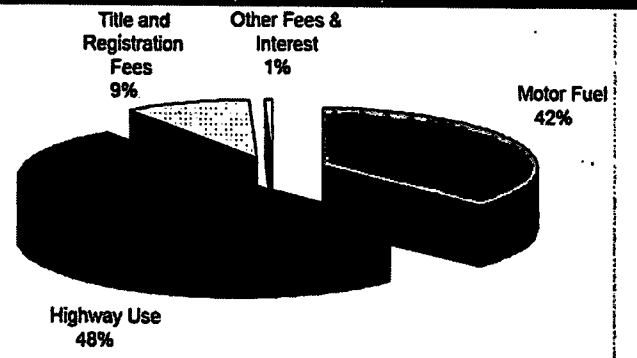


Motor Fuels	$ 1,145,528,928
Truck Plates	128,136,502
Staggered Registration	189,076,290
Driver License	126,530,919
IRP	58,684,032
Other Fees & Interest	83,687,212
Total	$ 1,731,643,883

Overview- Highway Trust Fund

- Highway Trust Fund revenue used to design and build public roads
  - Road Construction: Interstate, Urban Loops, Secondary Roads, Aid to Municipalities
  - Other: Match Federal Aid, Administration, NC Turnpike Administration Gap Funding, Mobility Fund
- Funding Sources
  - Motor Fuels Excise Tax (25% of Tax Collection)
  - Highway Use Tax
  - Fees: Title and Registration Fees

NC Highway Trust Fund Tax Collections

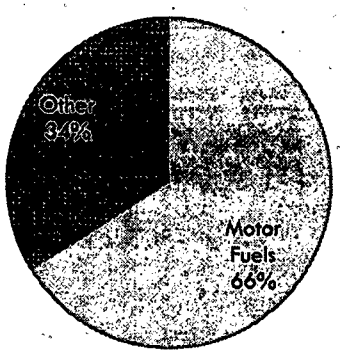


Motor Fuel	$	381,909,743
Highway Use		440,483,265
Title and Registration Fees		82,843,951
Other Fees & Interest		3,913,687
Total	$	909,150,646

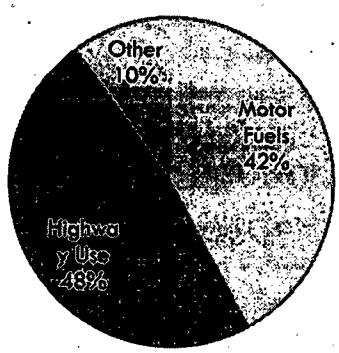
Motor Fuels Excise Tax

Motor Fuels Excise Tax

Highway Fund



Highway Trust Fund



Motor Fuels Excise Tax-Overview

- All states impose a tax on gasoline
- Distribution
  - 75% to Highway Fund
  - 25% to Highway Trust Fund
  - Other distributions: Commercial and Non-Commercial Leaking Petroleum Underground Storage Tank Cleanup Funds; Water and Air Quality Account; Wildlife Resources Fund; Powell Bill

Motor Fuels Excise Tax-History

- Centralization of responsibility for roads with the State
- 1921: Motor Fuels tax imposed at $0.01
- 1931
  - State assumes responsibility for all roads except city streets
  - Rate is $0.05 (equivalent to $0.63 per gallon today)

Motor Fuels Excise Tax-History-Continued

- 1951: Powell Bill (Aid to Municipalities)
  - States assumes responsibility for city streets which are part of the state highway system
  - $0.05 per gallon to cities for their streets
- 1986
  - Rate increased from $0.12 to $0.155
  - Variable component was added to rate
    - $0.14 per gallon fixed rate plus
    - 3% of the average wholesale price

Motor Fuels Excise Tax-History-Continued

- 1989
  - Highway Trust Fund created
  - Rate increased from $0.157 to $0.209
    - $0.17 per gallon fixed rate plus
    - 7% of the average wholesale price
- 1991: Fixed component of rate changed to $0.175
- 2011: No rate changes since 1991
  - $0.17 per gallon fixed plus 7% of the weighted average wholesale price of motor fuels
  - Floor Rate is $0.299 until July 1, 2011
  - Total Rate: $0.325 per gallon (1st Quarter 2011)

Motor Fuels Excise Tax-Collection

Interstate Trucking Industry

- 48 contiguous states joined Int'l Fuel Tax Agreement (IFTA)
- Truckers file 1 report to base state reporting and paying fuel taxes for all 48 states
- IFTA clearinghouse handles payments among states
- Major tax reform which simplified tax reporting and unified tax reporting for all contiguous states

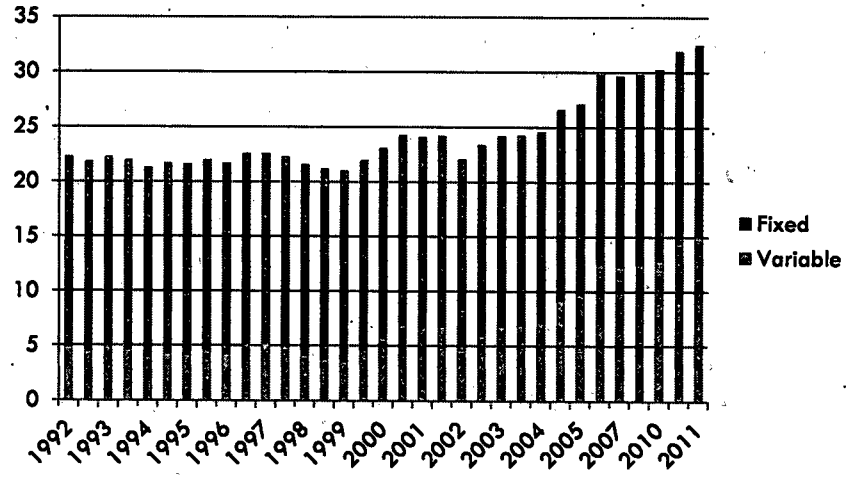
"Tax at the Rack"

- Collected by wholesale distributors of motor fuels on purchases made from major oil companies
- Tax due when fuel pumped into tanker truck "at the rack"
- Major tax reform which eliminated taxpayers and improved compliance

Motor Fuels Excise Tax-Exemptions and Refunds

- Fuel not used on the highway (100% refund but subject to sales tax)
- Exemptions
  - US Government
  - State Agencies
  - Counties
  - Municipal Corporations
  - Community Colleges
  - Boards of Education
  - Fuel for Export
  - Fuel for Aircraft
- Volunteer fire dept and rescue squads; sheltered workshops; taxicabs; nonprofits operating for a local government (refund of tax paid less $0.01)
- Concrete mixing vehicles; solid waste compacting vehicles; vehicles delivering and spreading mulch, soil, and similar materials; certain agricultural and tank delivery vehicles (33 1/3 % Refund)

Motor Fuels Excise Tax-Components



Comparison-State Roadways

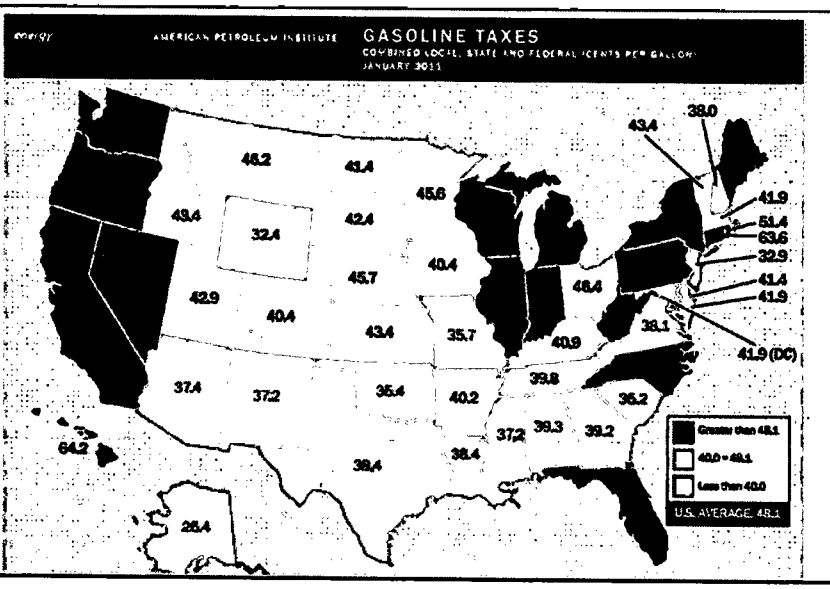
- NC and Texas have largest state-controlled highway systems, over 79,000 miles
- NC controls 76% of the road miles
- Comparison to Surrounding States

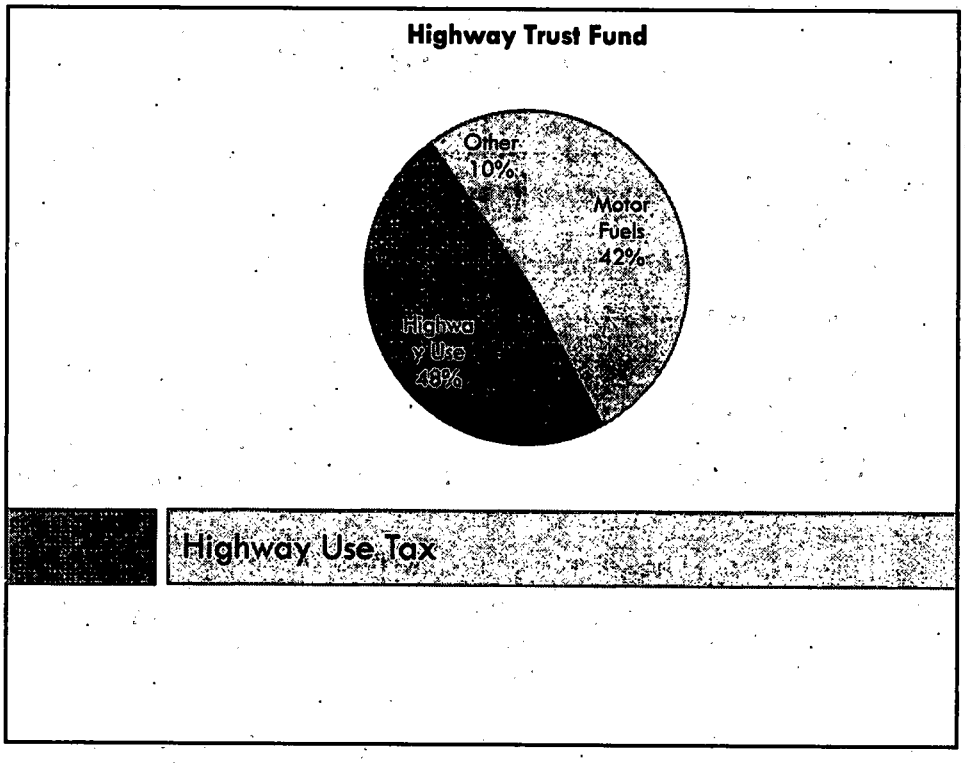
	Total Miles	State-Controlled	Percentage
Georgia	118,778	17,930	15%
South Carolina	66,249	41,437	63%
Tennessee	91,956	13,886	15%
Virginia	72,659	57,72	79%

Comparison-State Taxation of Gasoline

- Comparison to Surrounding States
  - Georgia $0.1530
  - South Carolina $0.1600
  - Tennessee $0.2000 (Diesel $.1700)
  - Virginia $0.1750 (Surcharge 0.0350)
- NC rate is higher than 34 states and lower than 15
- Only NC has a variable rate (some states have a local option that counties can vary)

Comparison-Tax on Gasoline





Highway Use Tax-History

- 41 states impose tax on the sales of motor vehicles
- 1989
  - Highway Trust Fund created
  - Highway Use Tax enacted (3% with $1,000 cap)
    - Replaced sales tax on motor vehicles (2% with $300 cap)
    - Sunset when the projects of the Trust Fund completed
- 1993: Cap increased from $1,000 to $1,500
- 2001: Cap repealed
- 2007: Sunset repealed

Highway Use Tax-Rates and Comparison

- Rates:
  - Non-Commercial Vehicles — 3% with no cap
  - Commercial Vehicles — 3% with $1,000 cap
  - Recreational Vehicles — 3% with $1,500 cap
- Base
  - Retail price = net purchase price after trade
  - Market value for casual sales = schedule set by Commissioner
- Comparison to Surrounding States
  - Georgia — 4%
  - South Carolina — 5%
  - Tennessee — 7%
  - Virginia — 3%

Highway Use Tax-Exemptions

- Exemptions where new title issued but ownership has not changed
  - Change in owner's name
  - Transfer of salvaged vehicle to insurer
  - Divorce
  - Transfer by State of handicapped-equipped vehicles
- Sale to dealer for resale
- Gifts between spouses and parent/child
- Transfer at death of owner
- Transfer for driver's education
- Volunteer fire departments and rescue squads

Highway Use Tax-Companion Tax

- Rates:
  - Long-term Lease (1 year) 3%
  - Short-term Lease 8% (General Fund)
- Base:
  - Gross receipts from lease or rental

OVERVIEW OF OTHER LOCAL REVENUE SOURCES

House and Senate Finance
Heather Fennell, Research Division

General Rate and Local Rates

- The general **State rate** of tax is 5.75%. The temporary 1% increase enacted last year is scheduled to expire July 1, 2011.
- Items that are subject to State sales tax are also subject to the local sales and use tax. The **local rate** of tax varies:

2% (82)	2.25% (18)		2.5% (1)
All other 82 counties	Alexander	New Hanover	Mecklenburg
	Catawba	Onslow	
	Cumberland	Pitt	
	Duplin	Randolph	
	Halifax*	Robeson	
	Haywood	Rowan	
	Hertford	Sampson	
	Lee	Surry	
	Martin	Wilkes	

Current Local Sales Taxes

1st 1 cent Art. 39		Any lawful purpose	Point of collection
1st ½ cent Art. 40		Counties - 30% school capital	Per capita
2nd ½ cent Art. 41		Counties - 60% school capital	Per capita Point of collection
Third ½ cent Art.		Any lawful Repealed	½ Point of collection
¼ cent Art. 46		Any lawful purpose	Point of collection – *distributed to County only.*

Local Privilege License Taxes

- Counties (G.S. 153A-152)
  - No general taxing power.
  - Repealed Schedule B lists taxable activities.
- Cities (G.S. 160A-211)
  - General taxing power.
  - Repealed Scheduled B provides limits on activities cities may tax.
- Sometimes gross receipts, sometimes flat amount.

Local Occupancy Taxes

- Levied on operators of transient accommodations.
- The first occupancy tax legislation in North Carolina was enacted in 1983.
- In addition to the sales tax.
- Generally speaking, proceeds are used for tourism purposes.
- 79 counties; 91 municipalities.

Occupancy Tax - Guidelines

- Rate – Not to exceed 6%, including city and county combined.
- Use – 2/3 to promote travel and tourism, remainder for tourism-related expenditures.
- Administration – local tourism promotion agency.
- Cost of Collection – Not to exceed 3% of first $500,000, 1% of remainder.

Local Meals Tax

- A 1% tax on the sales price of prepared food and beverage sold at retail within corporate limits.
- Proceeds typically dedicated for constructing and/or improving/maintaining convention/civic centers.
- 4 counties: Cumberland, Dare, Mecklenburg, Wake Durham.
- 3 cities: Charlotte, Hillsborough, Monroe

Other taxes

- Motor vehicle and heavy equipment rental gross receipts. - In lieu of property tax, up to 1.5% of gross receipts of rentals.
- Animal taxes. – Pets, usually dogs and cats.
- Vehicle taxes. – *Cities only.** $5 for any purpose, additional $5 for public transportation.*

State and Local Shared Revenue

- Beer and wine excise tax.
- Scrap tire disposal tax.
- White goods disposal tax.
- Electric franchise tax.
- Piped natural gas excise tax.
- Telecommunications tax.
- Video programming tax.

GUIDELINES FOR OCCUPANCY TAX LEGISLATION

Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably.

Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition (NCTTC) has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance Committee in 1993. Subsequently, the House Finance Committee established the Occupancy Tax Subcommittee, which regularly reviews occupancy tax legislation and looks for the inclusion of the following uniform provisions in the bills it considers:

- **Rate** – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
- **Use** – At least two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism-related expenditures, which may include beach nourishment.
- **Definitions** The terms "net proceeds", "promote travel and tourism", "tourism-related expenditures", and "beach nourishment" are defined terms:
  - **Net proceeds** – Gross proceeds less the costs to the city/county of administering and collecting the tax, as determined by the finance officer, not to exceed 3% of the first $500,000 of gross proceeds collected each year and 1% of the remaining gross receipts collected each year.
  - **Promote travel and tourism** – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.
  - **Tourism-related expenditures** – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a city/county by attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.
  - **Beach Nourishment**[1] – The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the

[1]During the 2001 Regular Session, the Occupancy Tax Subcommittee of the House Finance Committee considered several bills authorizing the use occupancy tax proceeds for beach nourishment. Although "beach nourishment" was not among the uses contained in the uniform guidelines, the subcommittee nevertheless concluded that beach nourishment was an acceptable expansion of the occupancy tax use provisions. In doing so, the subcommittee drafted this uniform definition of beach nourishment for use in occupancy tax legislation.

North Carolina shorelines and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for the following:

a. Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies;
b. The nonfederal share of the cost required to construct these projects;
c. The costs associated with providing enhanced public beach access; and
d. The costs of associated nonhardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.

- **Administration** – The net revenues must be administered by a local tourism promotion agency, typically referred to as a "Tourism Development Authority," that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the taxing district and 1/3 of the members must be affiliated with organizations that collect the tax.[2]
- **Costs of Collection** – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.
- **Conformity with Other Local Occupancy Taxes** – In 2008, the NCTTC formally revised its policy position with regard to occupancy taxes to include a statement that if a city seeks to impose a new occupancy tax or increase its existing tax on lodging facilities in a county that also has an existing occupancy tax, the county occupancy tax must conform to the guidelines in order for the Coalition to support the proposed municipal tax. During the 2009 Regular Session, the House Finance Chairs[3] considered the revised policy statement of the NCTTC but declined to amend the House Finance Committee's Guidelines for Occupancy Tax accordingly.

Research Division
NC General Assembly
Revised 2/14/11

[2] In March 2005, the House Finance chairs decided to change the percentage of members that must be currently active in the promotion of travel and tourism from ¾ to ½. The House Finance chairs in 2005-06 were: Representatives Alexander, Gibson, Howard, Luebke, McComas, and Wainwright.

[3] During the 2009-2010 Session, the House Finance chairs were: Representatives Luebke, Wainwright, Weiss, and Gibson.

SENATE FINANCE COMMITTEE
Tuesday February 23, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on February 23, 2011, in Room 544 of the Legislative Office Building. Twenty-six members of the Committee were present. Senator Rucho presided as chair. Nick Hall of Raleigh served as page.

S.B. 99 – Reform UI Tax Structure/Expedite Analysis

Senator Clary was recognized to explain the bill. The bill would authorize the Department of Commerce to hire a consultant to analyze the State's unemployment insurance (UI) tax structure. The Secretary of Commerce, Keith Crisco, was recognized by the Committee to confirm Commerce's position in support of the bill. Connie Wilson, a lobbyist for the Employee Coalition of North Carolina, was recognized also in support. Senator McKissick moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 76 – TC: Eligibility: Indus Facil/Fix Uwharrie Com.

Senator Hartsell was recognized to explain the proposed committee substitute (PCS) and moved to adopt the PCS for discussion. The motion carried. The PCS makes technical changes to the sales tax refunds to industrial facilities and corrects the stated number of members of the Uwharrie Commission. Senator Apodaca moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 97 – Clarify Refunds of Tax Overpayments

Senator Hartsell was recognized to explain the bill. The bill clarifies when the Department of Revenue is required to initiate a refund of an overpayment of tax and directs the Department to issue refunds for overpayments that have been discovered within the statute of limitations consistent with this clarification. Senator Atwater moved for a favorable report and the motion carried. A copy of the bill and the summary is attached

S.B. 94 – IRC Update

Senator Hartsell was recognized to explain the PCS and moved to adopt the PCS for discussion. The motion carried. The PCS clarifies the State's conformity on three issues identified by practitioners and the Department of Revenue: the definition of qualifying property for the purpose of section 179 expense deductions and the basis of property passing through an estate. Senator Clark moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

Local Revenue Sources Presentation

Martha Walston, a staff attorney with the Fiscal Research Division, provided the Committee with an overview of local revenue sources which included property tax, deed stamp tax, sales tax, occupancy tax, meal tax, and privilege tax. Her presentation provided a strong emphasis of the property tax portion of the list of local revenue sources. During her presentation she introduced David Baker, the Department of Revenue's Property Tax Division Director, who in turn introduced Bill Wilkes, Assistant Director. A copy of Ms. Walston's presentation is attached.

The meeting adjourned at 1:49 PM.

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL AND CLARIFYING CHANGES TO THE INDUSTRIAL FACILITIES SALES TAX REFUND, A TECHNICAL CORRECTION TO THE MEMBERSHIP COUNT OF THE UWHARRIE COMMISSION, TO PROVIDE INTEREST ON OVERPAYMENT OF PROPERTY TAX, AND TO PROVIDE DELAY OF THE COLLECTION OF PROPERTY TAX PENDING APPEAL.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 105-164.14B(a) reads as rewritten:

"(a) Definitions. – The following definitions apply in this section:

...

(12) Owner. – The term includes a lessee under a capital lease.

(13) Paper-from-pulp manufacturing. – An industry primarily engaged in manufacturing or converting paper, other than newsprint or uncoated groundwood paper, from pulp or pulp products, or in converting purchased sanitary paper stock or wadding into sanitary paper products.

...

~~(20) Strategic partner. – A business that is engaged in activities at the facility that directly contribute to the manufacture and distribution of computers and computer peripherals and with whom the taxpayer has contracted to provide those activities at the facility in direct support of its manufacturing and distribution activities.~~

(21) Reserved.

(22) Turbine manufacturing. – An industry primarily engaged in manufacturing turbines or complete turbine generator set units, such as steam, hydraulic, gas, and wind. The term does not include the manufacturing of aircraft turbines."

SECTION 1.(b) G.S. 105-164.14B(b) reads as rewritten:

"(b) Refund. – An owner of an industrial facility that meets the business, minimum investment, and industry-specific requirements of this section is allowed an annual refund of sales and use tax paid by it under this Article on building materials, building supplies, fixtures, and equipment that are installed in the construction of the facility and that become a part of the real property of the facility. Liability incurred indirectly by the owner for sales and use taxes on those items is considered tax paid by the owner. The requirements are:

(1) Business requirement. – The facility is primarily engaged in one or more of the following:
a. Air courier services.
b. Aircraft manufacturing.
c. Bioprocessing.
d. Financial services, securities operations, and related systems development.
e. Motor vehicle manufacturing.
f. Paper-from-pulp manufacturing.
g. Pharmaceutical and medicine manufacturing and distribution of pharmaceuticals and medicines.
~~g.~~h. Semiconductor manufacturing.
~~h.~~i. Solar electricity generating materials manufacturing.
j. Turbine manufacturing.

(2) Minimum investment requirement. – The Secretary of Commerce has certified that the owner of the facility will invest at least the required amount of private funds to construct the facility in this State. For the purpose of this subsection, costs of construction may include costs of acquiring and improving land for the facility and costs of equipment for the facility. If the facility is located in a development tier one area, the required amount is fifty million dollars ($50,000,000). For all other facilities, the required amount is one hundred million dollars ($100,000,000). ~~In the case of a computer manufacturing facility, the~~ The owner may invest these funds either directly or indirectly through a related ~~entity or strategic partner.~~entity.

(3) Industry-specific requirements:
a. If the facility is primarily engaged in financial services, securities operations, and related systems development, it satisfies all of the following conditions:
1. It is owned and operated by the business for which the services are provided or by a related entity of that business as defined in G.S. 105-130.7A.
2. No part of it is leased to a third-party tenant that is not a related entity of the business.
b. If the facility is primarily engaged in solar electricity generating materials manufacturing, the business satisfies a wage standard at the facility. The wage standard is equal to one hundred five percent (105%) of the lesser of the average weekly wage for all insured private employers in the State and the average weekly wage for all insured private employers in the county. A business satisfies the wage standard if it pays an average weekly wage that is at least equal to the amount required by this sub-subdivision. In making the wage calculation, the business must include any jobs that were filled for at least 1,600 hours during the calendar year."

SECTION 2. G.S. 153C-3(d) reads as rewritten:

"(d) Membership. – The Commission shall consist of ~~10~~ 12 members as follows:
(1) One representative from the public at large who is a resident of the Uwharrie region of North Carolina appointed by the President Pro Tempore of the Senate.
(2) One representative from the public at large who is a resident of the Uwharrie region of North Carolina appointed by the Speaker of the House of Representatives.

(3) Four representatives from the public at large who are residents of the Uwharrie region of North Carolina to be appointed by the Governor, including:
a. Two who shall at the time of appointment be actively connected with or have experience in local government within the Uwharrie region of North Carolina.
b. One who shall at the time of appointment have experience in tourism or tourism development in the Uwharrie region of North Carolina.
c. One who shall have experience in economic development in the Uwharrie region of North Carolina.
(4) Two members to represent each of the following regional councils of government as appointed by those councils: the Centralina Council of Governments and the Piedmont Triad Council of Governments.
(5) The Secretary of Commerce or the Secretary's designee.
(6) The Secretary of Environment and Natural Resources or the Secretary's designee.

The members of the Commission shall elect a chair, vice-chair, and any other officers they consider necessary and shall determine the length of the term of office, not to exceed two years, of each officer. A majority of the Commission shall constitute a quorum. Each member appointed to the Commission shall be appointed to serve a four-year term. Any vacancy on the Commission shall be filled by the original appointing authority for the remainder of the unexpired term. Initial terms commence September 1, 2010."

SECTION 3.(a) G.S. 105-360 is amended by adding a new subsection to read:

"(e) When an order of the county board of equalization and review reduces the valuation of property or removes the property from the tax lists and, based on the order, the taxpayer has paid more tax than is due on the property, the taxpayer is entitled to receive interest on the overpayment in accordance with this subdivision. An overpayment of tax bears interest at the rate set under subsection (a) of this section from the date the interest begins to accrue until a refund is paid. Interest accrues from the later of the date the tax was paid and the date the tax would have been considered delinquent under G.S. 105-360. A refund is considered paid on a date determined by the governing body of the taxing unit that is no sooner than five days after a refund check is mailed."

SECTION 3.(b) G.S. 105-378(d) reads as rewritten:

"(d) Enforcement and Collection Delayed Pending Appeal. – When the board of county commissioners or municipal governing body delivers a tax receipt to a tax collector for any assessment that has been or is subsequently appealed to the county board of equalization and review or the Property Tax Commission, the tax collector may not seek collection of taxes or enforcement of a tax lien resulting from the assessment until the appeal has been finally adjudicated. The tax collector, however, may send an initial bill or notice to the taxpayer."

SECTION 4. Section 1 of this act becomes effective July 1, 2010, and applies to sales made on or after that date. Section 3 of this act becomes effective for taxable years beginning on or after January 1, 2011. The remainder of this act is effective when it becomes law.

SENATE PCS 76:
TC: Eligibility: Indus Facil/Fix Uwharrie Com

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 22, 2011
Introduced by:	Sens. Hartsell, Rucho, Clary	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S76-CSTD-4		

SUMMARY: ***The proposed committee substitute to Senate Bill 76 makes technical changes to the sales tax refunds to industrial facilities, and corrects the stated number of members of the Uwharrie Commission. The PCS make the following changes to the original bill:***

- ***For the industrial facilities sales tax refunds: Amends the definition of owner, removes an obsolete defined term, and allows owners of all facilities to make minimum investment requirements either directly or indirectly through related entities.***
- ***Adds section 3 of the bill which provides for interest on overpayments of property tax, and delays the collection of property tax pending appeal.***

CURRENT LAW:

Section 1: Section 4 of S.L. 2010-91 expanded the list of industries allowed an annual sales and use tax refund to include paper-from-pulp manufacturing and turbine manufacturing. The change was intended to become effective July 1, 2010, and applied to sales made on or after that date.

S.L. 2010-166 made technical changes to the sales and use tax refunds, but did not include the newly enacted refunds of S.L. 2010-91. Statutory construction provides that when the General Assembly enacts two bills that amend the same existing general statute, the bill enacted last will control. Therefore, the refunds enacted in S.L. 2010-91 were in effect removed by S.L. 2010-166.

Section 2: S.L. 2010-176 established the Uwharrie Regional Resources Commission to foster economic development, and to protect and enhance the natural resources of the Uwharrie Region, including Davidson, Davie, Montgomery, Rowan, Randolph, and Stanly counties. The total number of members authorized for appointment by statute is 12; however, the statute states the membership of the Commission is 10.

Section 3: Individuals may appeal property tax valuations to the county board of equalization and review. The State Property Tax Commission hears appeals from the local boards of equalization and review. If the Property Tax Commission reduces the value of the property, or removes the property from taxation, the taxpayer is receives interest on any overpayment of taxes. The tax collector may not enforce collection of the tax while the appeal to the Property Tax Commission is pending, but interest will accrue if the taxes are not timely paid. There are not corresponding provisions for appeals pending at county boards of equalization and review.

BILL ANALYSIS:

Section 1: Reenacts the sales tax refunds for paper-from-pulp manufacturing and turbine manufacturing enacted in S.L. 2010-91. The PCS makes the additional changes to the refunds for industrial facilities:

- Amends the definition of "owner" to include lessees under a capital lease.
- Deletes the defined term "strategic partner." This term was solely used in the refund for computer manufacturing facility which has been repealed.

- Remove additional reference to computer manufacturing facilities.
- Clarifies the minimum investment requirement for the refunds can be met by funds invested directly or indirectly through a related entity.

Section 2: Corrects the total number of members of the Uwharrie Commission.

Section 3: Provides interest on overpayments and suspension of the enforcement proceedings for property valuations that have been appealed to the county boards of equalization and review. If the county board of equalization and review reduces the value of the property, or removes the property from taxation, the taxpayer is receives interest on any overpayment of taxes. The interest for overpayments is the same as the interest charged for delinquent taxes. The tax collector may not enforce collection of the taxes while the appeal to the board is pending, but interest will accrue if the tax is not timely paid.

EFFECTIVE DATE: Section 1 of this act is effective July 1, 2010 and applies to sales on or after that date. Section 3 becomes effective for taxable years beginning on or after January 1, 2011. The remainder of this act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO MAKE A TECHNICAL CORRECTION TO THE INDUSTRIAL FACILITIES SALES TAX REFUND AND A TECHNICAL CORRECTION TO THE MEMBERSHIP COUNT OF THE UWHARRIE COMMISSION.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 105-164.14B(a) reads as rewritten:

"(a) Definitions. – The following definitions apply in this section:

...

(12) Owner. – The term includes a lessee under a lease-purchase contract.

(13) Paper-from-pulp manufacturing. – An industry primarily engaged in manufacturing or converting paper, other than newsprint or uncoated groundwood paper, from pulp or pulp products, or in converting purchased sanitary paper stock or wadding into sanitary paper products.

...

(21) Reserved.

(22) Turbine manufacturing. – An industry primarily engaged in manufacturing turbines or complete turbine generator set units, such as steam, hydraulic, gas, and wind. The term does not include the manufacturing of aircraft turbines."

SECTION 1.(b) G.S. 105-164.14B(b)(1) reads as rewritten:

"(1) Business requirement. – The facility is primarily engaged in one or more of the following:

a. Air courier services.
b. Aircraft manufacturing.
c. Bioprocessing.
d. Financial services, securities operations, and related systems development.
e. Motor vehicle manufacturing.
f. Paper-from-pulp manufacturing.
g. Pharmaceutical and medicine manufacturing and distribution of pharmaceuticals and medicines.
~~g.~~h. Semiconductor manufacturing.
~~h.~~i. Solar electricity generating materials manufacturing.
j. Turbine manufacturing."

SECTION 2. G.S. 153C-3(d) reads as rewritten:

"(d) Membership. – The Commission shall consist of ~~10~~ 12 members as follows:

(1) One representative from the public at large who is a resident of the Uwharrie region of North Carolina appointed by the President Pro Tempore of the Senate.

(2) One representative from the public at large who is a resident of the Uwharrie region of North Carolina appointed by the Speaker of the House of Representatives.

(3) Four representatives from the public at large who are residents of the Uwharrie region of North Carolina to be appointed by the Governor, including:

a. Two who shall at the time of appointment be actively connected with or have experience in local government within the Uwharrie region of North Carolina.

b. One who shall at the time of appointment have experience in tourism or tourism development in the Uwharrie region of North Carolina.

c. One who shall have experience in economic development in the Uwharrie region of North Carolina.

(4) Two members to represent each of the following regional councils of government as appointed by those councils: the Centralina Council of Governments and the Piedmont Triad Council of Governments.

(5) The Secretary of Commerce or the Secretary's designee.

(6) The Secretary of Environment and Natural Resources or the Secretary's designee.

The members of the Commission shall elect a chair, vice-chair, and any other officers they consider necessary and shall determine the length of the term of office, not to exceed two years, of each officer. A majority of the Commission shall constitute a quorum. Each member appointed to the Commission shall be appointed to serve a four-year term. Any vacancy on the Commission shall be filled by the original appointing authority for the remainder of the unexpired term. Initial terms commence September 1, 2010."

SECTION 3. Section 1 of this act becomes effective July 1, 2010, and applies to sales made on or after that date. The remainder of this act is effective when it becomes law.

Referred to:

February 22, 2011

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.90(b)(1b) reads as rewritten:

"(1b) Code. – The Internal Revenue Code as enacted as of ~~May 1, 2010,~~ January 1, 2011, including any provisions enacted as of that date that become effective either before or after that date."

SECTION 2.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(15b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during the taxable year. In addition, for taxable year 2010, a taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(21b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (a)(15b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 2.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(8b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during the taxable year. In addition, for taxable year 2010, a taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(17b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (c)(8b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 3.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(23) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. For purposes of this subdivision, the definition of section 179 property has the same meaning as under section 179 of the Code as of January 1, 2011. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(26) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (a)(23) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 3.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(15) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. For purposes of this subdivision, the definition of section 179 property has the same meaning as under section

179 of the Code as of January 1, 2011. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(21) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (c)(15) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 4. This act is effective when it becomes law. Notwithstanding Section 1 of this act, any amendments to the Internal Revenue Code enacted after May 1, 2010, that increase North Carolina taxable income for the 2010 taxable year become effective for taxable years beginning on or after January 1, 2011.

SENATE PCS 94: IRC Update

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 23, 2011
Introduced by:	Sens. Hartsell, Tillman, Newton	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S94-CSRBx-6		Committee Counsel

SUMMARY: ***Senate Bill 94[1] would update the reference to the Internal Revenue code used in defining and determining certain State tax provisions from May 1, 2010, to January 1, 2011. By doing so, North Carolina would conform to many of the changes made by the federal Small Business Jobs Act of 2010 and the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010, including part of the estate tax changes, a modified version of the enhanced section 179 expense deduction changes, and all of the business and individual income tax extenders from the Bush-era tax legislation of 2001. Senate Bill 94 would not conform to the bonus depreciation provisions. This bill is a recommendation of the Revenue Laws Study Committee. With the exception of the estate tax, the bill's impact on General Fund availability is minimal.***

The proposed committee substitute clarifies the State's conformity on three issues identified by practitioners and the Department of Revenue: the definition of qualifying property for purposes of the section 179 expense deduction and the basis of property passing through an estate.

The proposed committee substitute differs from the one you received last night. It modifies the provisions based upon further comments received from the practitioners and the Department of Revenue.

CURRENT LAW: North Carolina's tax law tracks many provisions of the federal Internal Revenue Code by reference to the Code.[2] The General Assembly determines each year whether to update its reference to the Code.[3] Updating the reference makes recent amendments to the Code applicable to the State to the extent that State law previously tracked federal law. The General Assembly's decision whether to conform to federal changes is based on the fiscal, practical, and policy implications of the federal changes and is normally enacted in the following year, rather than in the same year the federal changes are made. Maintaining conformity with federal tax law simplifies tax reporting because a taxpayer will not need to account for differing federal and State treatment of the same asset.

---

[1] SB 94, as introduced, was identical to HB 124, introduced by Representatives Howard, Brubaker, Starnes, and Setzer. HB 124 is in House Finance.

[2] North Carolina first began referencing the Internal Revenue Code in 1967, the year it changed its taxation of corporate income to a percentage of federal taxable income.

[3] The North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Article V, Section 2(1) of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

BILL ANALYSIS: The current reference to the Code is May 1, 2010.[4] Since that time, Congress has enacted two Acts that make substantial changes to the tax code: the Small Business Jobs Act of 2010, enacted September 27, 2010, as P. L. 111-240 (2010 Jobs Act), and the Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act, enacted December 17, 2010, as P. L. 111-312 (2010 Tax Relief Act). Both Acts contain provisions that became effective retroactively on January 1, 2010. Since the General Assembly will not have had an opportunity to enact legislation prior to the end of the 2010 taxable year, taxpayers may have to make adjustments on their 2010 State tax return for items included in, or excluded from, federal taxable income as a result of one of these two Acts.

The 2010 Jobs Act enhances existing business tax incentives and partially offsets this revenue loss with changes which are expected to increase revenue. The incentives in the 2010 Jobs Act are not limited to small businesses, and the accelerated deduction for depreciation represents a major benefit to large businesses. The 2010 Tax Relief Act boosts some of the business tax incentives in the 2010 Jobs Act and extends the Bush-era individual and business tax incentives, included in the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA)[5], for two years.

Extension of 50% Bonus Depreciation for 2010, 2011, and 2012

Businesses may depreciate the cost of a new asset[6] over a period of time, usually five to 15 years. Bonus depreciation allows a business to claim more of a deduction up front and spread the remainder out over the normal depreciation schedule. The federal Economic Stimulus Act of 2008[7] provided a 50% first year bonus depreciation for qualified property acquired and placed in service in 2008. The federal American Recovery and Reinvestment Act of 2009 extended the 50% bonus depreciation provided to qualified property for an additional year through 2009.

The 2010 Jobs Act extends the bonus depreciation for 2010 and applies retroactively to property acquired and placed in service in 2010.[8] The 2010 Tax Relief Act increases the 50% bonus depreciation extended under the 2010 Jobs Act to 100% for property acquired and placed in service after September 8, 2010, and before January 1, 2012. It also provides 50% bonus depreciation for qualified property placed in service after December 31, 2012, and before January 1, 2013. Under the 2010 Jobs Act, the bonus depreciation would have expired for the 2012 taxable year. Under the 2010 Tax Relief Act, the bonus deprecation expires for the 2013 taxable year.

The 2010 Jobs Act also allows taxpayers using the percentage of completion accounting method to benefit from bonus depreciation at the federal level for assets with a depreciable life of seven years or less. The percentage of completion accounting method might prevent taxpayers from receiving benefit from the bonus depreciation because the accounting method spreads expenses, including depreciation,

---

[4] Part 31 of S.L. 2010 31 updated the reference to the Internal Revenue Code used in defining and determining certain State tax provisions from May 1, 2009, to May 1, 2010. However, S.L. 2010 31 did not conform to the five year carryback of net operating losses incurred by large businesses. S.L. 2010 31 incorporated tax changes made by five federal acts: the Worker, Homeownership, and Business Assistance Act (WHBA), P.L. 111-92; Acceleration of Income Tax Benefits for Haiti Relief, P.L. 111-126; the Patient Protection and Affordable Care Act, P.L. 111-148; the Health Care and Education Reconciliation Act, P.L. 111-152; and the Hiring Incentives to Restore Employment Act (HIRE), P.L. 111-147.

[5] Most of the tax provisions in EGTRRA were scheduled to expire in 2010 or 2011 and revert to the provisions as they existed in 2001.

[6] One important difference between bonus depreciation and section 179 expensing is that bonus depreciation applies only to new equipment, while section 179 expensing may apply to new and used equipment.

[7] Congress has authorized bonus depreciation several times to encourage business investment, specifically after September 11, 2001. The Jobs Creation and Worker Assistance Act of 2002 provided a 30% bonus depreciation allowance. The Jobs and Growth Tax Relief Reconciliation Act of 2003 extended the sunset and increased the amount to 50%.

[8] The property may be placed in service during 2011 for property with a recovery period of 10 years or longer and for transportation property (i.e., tangible personal property used to transport people or property).

throughout the life of a long-term contract. Under this accounting method, taxpayers could not deduct the bonus depreciation in the first year. Construction contractors use the percentage of completion accounting method. This provision is new.

North Carolina decoupled from the extension of the bonus depreciation provisions in 2008 and 2009. The State delayed the impact of the bonus depreciation deduction in a manner similar to what it has done in the past: State tax law provides that a taxpayer may deduct the same amount of an asset's basis under State law as under federal law, it is just that the timing of the deduction differs. Under State tax law, a taxpayer must add back 85% of the accelerated depreciation amount[9] in the year that it is claimed for federal purposes. Then, in subsequent tax years, the taxpayer may deduct from federal taxable income the total amount of the add-back, divided into five equal installments. This adjustment means that for State tax purposes, a taxpayer may deduct a greater depreciation amount in the outlying tax years, which will be the normal depreciation amount plus 20% of the accelerated depreciation amount the taxpayer had to add back.

Senate Bill 94 would decouple from the bonus depreciation provisions for 2010, 2011, and 2012 in the same manner as it has decoupled from them in the past: A taxpayer would add-back 85% of the accelerated depreciation amount in the year that it is claimed for federal purposes. Then, in subsequent tax years, the taxpayer would deduct from federal taxable income the total amount of the add-back, divided into five equal installments.

Enhanced Section 179 Expensing for 2010, 2011, and 2012

Section 179 of the Code allows the expensing of the purchase price of some business assets[10] in the year of purchase rather than taking depreciation[11] throughout the life of the asset. In other words, expensing trades a smaller yearly deduction over time for a larger deduction in year one.

Prior to the Emergency Economic Stabilization Act of 2008 (EESA), the deduction limit for section 179 expensing was $128,000[12] of the cost of the property with a dollar for dollar phase-out of this amount whenever the total cost of qualifying property placed in service that year exceeded $510,000.[13] EESA increased the deduction limit from $128,000 to $250,000 with a phaseout at $800,000 for the 2008 tax year. The American Recovery and Reinvestment Tax Act of 2009 (ARRTA) extended the temporary increase through 2009. The federal HIRE Act of 2010 extended the 2008 and 2009 increase through 2010. The limits were scheduled to revert to the prior levels of $25,000 and $200,000 in taxable year 2011. North Carolina conformed to those changes.

The 2010 Jobs Act not only delayed the reversion to the prior levels until the 2012 taxable year, it also increased the section 179 expensing deduction for tax years 2010 and 2011 from $250,000 and $500,000 to $800,000/$2 million. In addition to the expansion of the limits, the Act broadened the definition of qualified property to include qualified leasehold improvement property, qualified restaurant property, qualified retail improvement property, and computer software.[14] The enhancements made by the 2010

---

[9] The accelerated depreciation amount for property placed in service in 2008 is 50%.

[10] The business asset must be newly purchased tangible personal property that is used more than 50% for business purposes and is eligible to be depreciated under the Code. The newly purchased property may be new or used equipment.

[11] Generally, taxpayers take the Section 179 expensing deduction first and claim Section 168(k) depreciation on any remaining basis.

[12] Prior to the EESA, the dollar limits would have been $125,000 with a phase-out beginning at $500,000; both amounts would have been indexed for inflation resulting in the limits of $128,000 and $510,000.

[13] For example, if the taxpayer placed in service during the taxable year one or more items of qualifying property totaling $520,000, the amount that could be expensed under section 179 would be $118,000 -- $128,000 less $10,000, which is the excess of $520,000 over $510,000.

[14] Qualified real property is limited to a maximum deduction of $250,000.

Jobs Act are set to expire for the 2012 taxable year. The 2010 Tax Relief Act does not continue the expansion of the types of property that may qualify for the deduction beyond the 2011 taxable year, but it does increase the limits for the 2012 taxable year from $25,000 and $200,000 to $125,000 and $500,000. Under the 2010 Tax Relief Act, the deduction limits are set to revert to their prior levels of $25,000 and $200,000 in 2013.

North Carolina has conformed to the enhanced section 179 expense deduction provisions in the past. However, the enhancements made by the 2010 Jobs Act are the most expansive ever enacted. Senate Bill 94 would conform to the expanded definition of qualified property; it would maintain the 2010 deduction limits of $250,000 and $800,000 for taxable years 2010 and 2011; and it would decouple from the enhanced limits of $500,000 and $2,000,000 for taxable years 2010 and 2011. Senate Bill 94 would provide that the property's basis would be the same for federal and State purposes and would treat the difference in the same manner as State tax law has historically treated the bonus depreciation: A taxpayer would add-back 85% of the additional expensing taken under federal law in 2010 and 2011 and would deduct 20% of this amount over the succeeding five years. Senate Bill 94 would conform to the expensing limits of $125,000 and $500,000 for the taxable year 2012 and, like federal law, would revert to the prior expense limits of $25,000 and $200,000 for the tax year 2013.

Estate Tax for 2010 - 2012

EGTRRA gradually reduced the federal estate tax over a period of years and abolished it for decedents dying in 2010. During the year of its repeal, the basis of property passing through an estate was determined by the modified carryover basis rules under EGTRRA. EGTRRA also repealed the state estate tax credit for decedents dying on or after 2004 and replaced the credit with a deduction. The estate tax was scheduled to revert to the 2001 law in 2011: the 2001 maximum estate tax rate of 55% and a $1 million applicable exclusion amount.

The 2010 Tax Relief Act revives the estate tax retroactively for decedents dying on or after January 1, 2010, and thereby allows property passing through the estate to acquire a stepped-up basis. The maximum federal estate tax rate is 35% with an applicable exclusion amount of $5 million. The 2010 Tax Relief Act also provides for portability between spouses of the exclusion amount. This portability means that any unused exclusion amount by one spouse is available to the surviving spouse, effectively allowing a married couple to exclude up to $10 million from estate tax.[15] The new estate tax law is scheduled to sunset on December 31, 2012, to the pre-EGTRRA amounts. The 2010 Tax Relief Act gives the estates of decedents dying in 2010 the option to pay no estate tax and assume the modified carryover basis in the property.

North Carolina imposes an estate tax on the estate of a decedent when a federal estate tax is imposed on the estate.[16] By virtue of this language, the federal and state exclusion amounts are the same. The amount of the State's estate tax is the amount of the credit allowed on the federal estate tax return for state estate tax paid, as the federal law provided in 2001.[17]

---

[15] The portability election is set to sunset December 31, 2012. Therefore the utility of the portability election is limited to situations where both spouses die within the two-year term (2011 and 2012).

[16] North Carolina repealed its inheritance tax in 1998 and replaced it with an estate tax that was equivalent to the federal state estate tax credit allowed on a federal estate tax return. This type of state estate tax was known as a "pick up" tax because it picked up for the state the amount of federal estate tax that would otherwise be paid to the federal government.

[17] When Congress phased out the state estate tax credit, beginning in 2002, North Carolina enacted legislation not to conform to the phase out of the credit. In other words, North Carolina began tying the amount of the State estate tax owed to the federal credit as it existed in 2001 rather than as it currently exists. Georgia, South Carolina, and Tennessee have not had an estate tax since January 1, 2005, because their estate tax equals the amount of the state estate tax credit allowed on the federal estate tax return. Virginia repealed its estate tax, effective July 1, 2007.

Since the federal estate tax did not exist in 2010, North Carolina's estate tax was repealed for 2010. With the revival of the federal estate tax in 2011, North Carolina's estate tax is revived for decedents dying in 2011.[18] Senate Bill 94, by conforming to the definition of federal taxable income for income tax purposes, also adopts the federal basis of any property passing through an estate. Unlike Congress, North Carolina cannot the estate tax retroactively[19] on the estates of decedents dying on or after January 1, 2010, and before January 1, 2011. The effective date clarifies this constitutional restriction.

Business Tax Extenders for 2010 and 2011

The 2010 Tax Relief Act extended many of the tax incentives enacted in EGTRRA for two years. The business tax incentives included enhanced deduction and expensing items, charitable deductions, and tax credits. North Carolina conformed to these incentives in 2002[20]; however, under existing North Carolina law, these incentives expired for the 2010 taxable year. Senate Bill 94 would conform to these extensions.

The 2010 Tax Relief Act extended the following business tax incentives that were set to expire for the 2010 taxable year for the 2010 and 2011 taxable years:

- 15-year recovery period for qualified leasehold improvements, restaurant building and improvements, and retail improvements
- Seven-year recovery period for motor sports entertainment costs recovery
- Expensing election for certain film and television production costs
- Brownfields remediation expensing

The 2010 Tax Relief Act extends the Work Opportunity Tax Credit (WOTC) to include individuals who begin employment after August 31, 2011, and before January 1, 2012. The WOTC is equal to 40% of up to $6,000 of the targeted employee's qualified first year wages. North Carolina's WOTC is equal to 6% of the federal WOTC for wages paid for positions located in this State. The federal WOTC was scheduled to expire September 1, 2011.

The 2010 Tax Relief Act extends the following charitable incentives for taxable years 2010 and 2011:

- Deduction for contributions of food inventory
- Deduction for contributions by C corporations of books to public schools
- Deduction for corporate contributions of computer equipment for educational purposes
- Basis adjustment to stock of S corporations making charitable contributions of property

Individual Income Tax Extenders for 2010, 2011, and 2012

The 2010 Tax Relief Act extends many of the Bush-era individual tax incentives included in the EGTRRA for two years. Some of the tax incentives expired in 2010 and others were scheduled to expire in 2011. North Carolina conformed to these incentives in 2002[21]; however, under existing North Carolina law, many of these incentives expired for the 2010 taxable year and others are scheduled to expire for the 2011 taxable year. Senate Bill 94 would conform to these extensions.

---

[18] North Carolina's estate tax would have been revised in 2011 based upon the Code as written on May 1, 2010.
[19] Article I, Sec. 16 of the North Carolina Constitution.
[20] S.L. 2002-126.
[21] S.L. 2002-126.

The following three individual income tax incentives were scheduled to expire in 2010, but the 2010 Tax Relief Act extends the incentives retroactively for the 2010 tax year and the 2011 tax year:

- Tax deduction for higher education tuition expenses
- Up to $250 deduction for teacher's classroom expenses
- Charitable contribution of IRA proceeds

The following individual income tax incentives were scheduled to expire in 2011, but 2010 Tax Relief Act extends the incentives for the 2011 and 2012 taxable years:

- *No limitation on itemized deductions.* Section 68 of the Code, first added in 1990, established an overall limitation on itemized deductions. This limitation was gradually repealed starting in 2006, with the phase-out complete in taxable year 2010. The limitation was scheduled to revert in full in 2011. The 2010 Tax Relief Act extends the complete repeal of the limitation for 2011 and 2012.
- *Enhancements to the earned income tax credit (EITC).* The EITC is a refundable tax credit that varies depending on the number of the taxpayer's qualifying children. North Carolina's EITC is equal to 5% of the federal credit amount. EGTRRA increased the EITC from 40% to 45% of a family's first $12,570 of earned income for families with three or more children and an increase in the beginning point of the phase-out range for married coupled filing a joint return by $1,880. The enhancements were set to expire for the 2011 taxable year. The 2010 Tax Relief Act extends the enhancements through the 2011 and 2012 taxable years.
- *Enhancements to the adoption tax credit.* EGTRRA increased the dollar limitation for the credit and the income exclusion for employer paid expenses to $10,000, indexed for inflation. The Patient Protection and Affordable Care Act increased the credit and exclusion by another $1,000 for 2010 and 2011. The credit cap was scheduled to return to $5,000[22] for taxable years beginning on or after January 1, 2012. North Carolina's adoption tax credit is equal to 50% of the federal credit amount. The 2010 Tax Relief Act extends the enhancements made by EGTRRA for one year. Under the Act, the credit caps will revert to their prior levels in taxable year 2013.
- *Deductibility of mortgage insurance premiums.* Mortgage insurance premiums became deductible in 2007. The insurance must be in connection with home acquisition debt for a first or second home. The deduction is subject to phase-out based on a taxpayer's income. The deductibility of mortgage insurance premiums was set to expire for taxable year 2011. The 2010 Tax Relief Act extends the deduction for one more year, through taxable year 2011.
- *Educational assistance exclusion.* EGTRRA allowed employees to exclude up to $5,250 in employer-provided education assistance from income and employment taxes. The exclusion was set to expire for taxable year 2011. The 2010 Tax Relief Act extends the exclusion for taxable years 2011 and 2012.
- *Student loan interest deduction.* The student loan interest deduction is a deduction from gross income used to determine a taxpayer's adjusted gross income (AGI). The deduction is subject to a phase-out based on the taxpayer's AGI. EGTRRA eliminated the rule that the deduction only applies to payments made during the first 60 months that interest payments were

[22]The limit is $6,000 for a special needs child.

required and it increased significantly the phase-out amounts. These changes were set to expire in 2011, but the 2010 Tax Relief Act extends the changes for taxable years 2011 and 2012.

- *Coverdale education savings accounts.* Coverdale education savings accounts allow a taxpayer to make nondeductible contributions and to withdraw the proceeds tax free if they are used towards educational expenses. EGTRRA increased the amount that may be contributed to an account from $500 to $2,000 and it made elementary and secondary school expenses qualified expenses. The enhancements were set to expire for the 2011 taxable year. The 2010 Tax Relief Act extends the enhancements for taxable years 2011 and 2012.
- *Qualified scholarships.* Qualified scholarships may be excluded from taxable income. EGTRRA provided that the national Health Services Corps Scholarship Program and the Armed Forces Scholarship Program are qualified scholarships for exclusion for income purposes. These scholarships were scheduled to be included in a recipient's income in taxable year 2011. The 2010 Tax Relief Act extends the income exclusion for taxable years 2011 and 2012.

Miscellaneous Business Incentives

The 2010 Jobs Act provided several tax incentives for businesses. Senate Bill 94 would conform to these incentives.

- *Increase in amount allowed as a deduction for start-up expenditures.* The Code allows up to $5,000 of start-up expenses to be deducted. The deduction is reduced by the amount of start-up costs that exceed $50,000. The 2010 Jobs Act increased the deduction to $10,000 for start-up and organization expenses of the taxpayer's trade or business in 2011 and increased the phase-out threshold to $60,000.
- *Modification to exclusion for gain from certain small business stock.* Fifty percent of the gain realized on qualified small business stock may be excluded from income. To qualify, the stock must be purchased at its original issue and the aggregate gross assets of the issuing corporation may not exceed $50 million and at least 80% of the value of its assets must be used in the active conduct of one or more trades or businesses. The exclusion is capped at the greater of 10 times the taxpayer's basis in the stock or $10 million. ARRTA temporarily increased from 50% to 75% the exclusion for qualified small business stock sold by an individual. The increased exclusion percentage is applicable to stock acquired after February 17, 2009, and before January 1, 2011. North Carolina conformed to ARRTA's temporary increase of the exclusion. The 2010 Jobs Act increaseed the exclusion percentage to 100% for stock acquired after September 27, 2010, and before January 1, 2011.

Provisions in the 2010 Jobs Act Designed to Increase Revenue

The 2010 Jobs Act contained provisions to increase revenues. The provisions projected to raise the most revenue were related to higher federal tax penalty provisions. These provisions would not apply to North Carolina and would not increase any revenues payable to North Carolina. The Act also contained some retirement-friendly provisions that, if chosen by the taxpayer, would encourage up-front distributions that would be taxable. Senate bill 94 would conform to these changes.

- *Deduction for health insurance costs in computing self-employment taxes.* The 2010 Jobs Act allows self-employed individuals to deduct the cost of health insurance for the individual and immediate family to determine income subject to federal self-employment taxes. Health insurance costs were already deductible for regular income tax purposes. The reduction in

self-employment taxes affects North Carolina taxable income because self-employment taxes were deductible in determining State taxable income. Self-employed taxpayers with health insurance costs will have larger State taxable incomes because less self-employment taxes were imposed and deducted at the federal level.

- *Allow participants in governmental 457 plans to treat elective deferrals as Roth contributions.* The 2010 Jobs Act gives participants the option to move retirement savings from government 457(b) plans to Roth accounts starting in 2011. The conversion will be taxable while the earrings and distributions from Roth accounts are generally tax free.
- *Allow rollovers from elective deferral plans to Roth designated accounts.* The 2010 Jobs Act allows retirement plans to offer participants the option starting September 27, 2010 to rollover distributions into Roth accounts within the same retirement plan. The rollover will be taxable while the earnings and distributions from the Roth account are generally tax free.
- *Permit partial annuitization of a nonqualified annuity contract.* The 2010 Jobs Act allows the owner of an annuity contract to begin receiving benefits based on a portion of the value of the annuity and leaving the balance of the annuity to accumulate earnings tax free. This option starts in 2011.
- *Source rules for income on guarantees.* The 2010 Jobs Act clarifies the federal tax treatment of guarantee fees as income sourced to the United States if connected to the United States by a domestic payer or by the conduct of a trade or business in the United States.

EFFECTIVE DATE: Senate Bill 94 would become effective when it becomes law. However, any amendments to the Internal Revenue Code enacted after May 1, 2010, that increase North Carolina taxable income for the 2010 taxable year or impose an estate tax on the estate of a decedent dying in calendar year 2010 would become effective for taxable years beginning on or after January 1, 2011.

EFFECTIVE DATE: Effective when it becomes law					

BILL SUMMARY: This proposal would update the reference to the Internal Revenue code used in defining and determining certain State tax provisions from May 1, 2010, to January 1, 2011. By doing so, North Carolina would conform to many of the changes made by the federal Small Business Jobs Act of 2010 (2010 Jobs Act) and the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (2010 Tax Relief Act). The proposal would not conform to the following federal tax law provisions:

- Bonus depreciation. – Bonus depreciation allows a business to claim more of a deduction up front and spread the remainder out over the normal deprecation schedule. Over the life of the asset, the taxpayer receives the same benefit. The normal deprecation schedule is usually five to 15 years, depending upon the asset. In the past, Congress has provided 50% bonus depreciation for qualified property to spur economic investment. The bonus depreciation provision was scheduled to expire for property acquired and placed in service in 2010. The 2010 Jobs Act extended the 50% bonus depreciation provision to property placed in service in taxable years 2010 and 2011. The 2010 Tax Relief Act boosted the 50% bonus depreciation to 100% for property acquired and placed in service after September 8, 2010, and before January 1, 2012, and it provided 50% bonus depreciation for property placed in service after December 31, 2012, and before January 1, 2013. Although the proposal decouples from bonus depreciation, it provides that the property's basis is the same for federal and State purposes. The taxpayer must add-back 85% of the accelerated depreciation amount in the year that it is claimed for federal tax purposes, and then deduct 20% of this amount, plus the normal depreciation amount, over the next five years.

- Section 179 expensing. – Section 179 expensing allows the expensing of the purchase price of some business assets in the year of purchase rather than taking depreciation over the life of the asset. Section 179 has a deduction limit that begins to phase out on a dollar for dollar scale once an investment limit is reached. The deduction limit is $25,000 and the investment limit is $200,000. In the past, Congress has increased both the deduction limit and the investment limit to spur economic investment. For the 2010 taxable year, the deduction limit was $250,000 and the investment limit was $800,000. The expensing limits were scheduled to revert to their prior levels in 2011. The 2010 Jobs Act expanded the section 179 deduction limits from $250,000 to $500,000 for the 2010 taxable year and from $25,000 to $500,000 for the 2011 taxable year; it expanded the investment limits from $800,000 to $2,000,000 for the 2010 taxable year and from $200,000 to $2,000,000 for the 2011 taxable year; the expensing limits were scheduled to revert to their prior levels in 2012. It also broadened the definition of qualified property to include certain real property investments for the 2010 and 2011 taxable years. The 2010 Tax Relief Act expanded the section 179 deduction limits for the 2012 taxable year from $25,000/$200,000 to $125,000/$500,000; the expensing limits are scheduled to revert to their prior levels of $25,000/$200,000 in 2013. The proposal would maintain the 2010 deduction limits of $250,000 and $800,000 for taxable years 2010 and 2011. It would

decouple from the enhanced limits of $500,000 and $2,000,000 for taxable years 2010 and 2011 but provide that the property's basis would be the same for federal and State purposes. The proposal provides that a taxpayer must add-back 85% of the additional expensing taken under federal law in 2010 and 2011 and may deduct 20% of this amount over the succeeding five years. The proposal would conform to the expensing limits of $125,000/$500,000 for the 2012 taxable year.

- Estate tax. – The federal estate tax expired for decedents dying in 2010. The estate tax had been scheduled to reemerge in 2011 at the 2001 exclusion amount of $1 million and the maximum estate tax rate of 55%. The 2010 Tax Relief Act revived the federal estate tax retroactively to January 1, 2010, with an exclusion amount of $5 million (the portability provision effectively provides an exclusion amount of $10 million for married couples) and a maximum estate tax rate of 35%. The estate of a decedent dying in 2010 may elect not to pay estate tax, and receive a modified carryover basis in the property passing through the estate. The estate tax provisions are scheduled to return to the 2001 rates and exclusion amounts for decedents dying on or after January 1, 2013. The proposal would conform to the higher exclusion amounts and give estates that chose to pay federal estate tax and receive the stepped-up basis in the property passing through the estate to elect to receive the stepped-up basis for NC purposes by paying the State estate tax for 2010.

The proposal would conform to all other provisions in the 2010 Jobs Act and the 2010 Tax Relief Act. The other provisions in the 2010 Jobs Act include the following:

- An increased exclusion amount of the gain realized on qualified small business stock. The exclusion amount is increased from 50% to 75% for stock acquired after February 17, 2009, and before January 1, 2011, and held for more than five years.
- An increased deduction limit for start-up expenses. The deduction is reduced by the amount of start-up costs that exceed a certain amount. The deduction limit is increased from $5,000 to $10,000 and the phase-out threshold is increased from $50,000 to $60,000.
- Various other small provisions that are intended to generate revenue. – Deduction for health insurance costs, 457 plans, 401(k) rollovers to Roth accounts, annuitization of a nonqualified annuity contract, sources rules for income on guarantees.

The 2010 Tax Relief Act extended many of the tax incentives enacted in the Economic Growth and Tax Relief Reconciliation Act of 2001 for two years. North Carolina conformed to these incentives in 2002; however, under existing North Carolina law, several of these incentives expired for the 2010 taxable year and many others are scheduled to expire for the 2011 taxable year. The proposal would conform to the federal effective date extensions.

The 2010 Tax Relief Act extended the following business tax incentives that were set to expire for the 2010 taxable year for the 2010 and 2011 taxable years:

- 15-year recovery period for qualified leasehold improvements, restaurant building and improvements, and retail improvements
- Seven-year recovery period for motor sports entertainment costs recovery
- Expensing election for certain film and television production costs
- Brownfields remediation expensing

The 2010 Tax Relief Act extended the Work Opportunity Tax Credit (WOTC) to include individuals who begin employment after August 31, 2011, and before January 1, 2012. North Carolina's WOTC is equal to 6% of the federal WOTC for wages paid for positions located in this State. The federal WOTC was scheduled to expire September 1, 2011.

The 2010 Tax Relief Act extended the following charitable incentives for taxable years 2010 and 2011:

- Deduction for contributions of food inventory
- Deduction for contributions by C corporations of books to public schools
- Deduction for corporate contributions of computer equipment for educational purposes
- Basis adjustment to stock of S corporations making charitable contributions of property

The 2010 Tax Relief Act extended the following individual income tax incentives retroactively for the 2010 taxable year and the 2011 taxable year:

- Tax deduction for higher education tuition expenses
- Up to $250 deduction for teacher's classroom expenses
- Charitable contribution of IRA proceeds

The following individual income tax incentives were scheduled to expire in 2011, but 2010 Tax Relief Act extends the incentives for the 2011 and 2012 taxable years:

- No limitation on itemized deductions.
- Enhancements to the earned income tax credit (EITC). North Carolina's EITC is equal to 5% of the federal credit amount.
- Enhancements to the adoption tax credit. North Carolina's adoption tax credit is equal to 50% of the federal credit amount.
- Deductibility of mortgage insurance premiums.
- Educational assistance exclusion.
- Student loan interest deduction.
- Increased amount that may be contributed to Coverdale education savings accounts and expansion of qualified expenses to include elementary and secondary school expenses.
- Exclusion of scholarships received from the national Health Services Corps Scholarship Program and the Armed Forces Scholarship Program from income.

Source: Committee Counsel Bill Summary

ASSUMPTIONS AND METHODOLOGY:
Except as outlined below, the fiscal impact to the General Fund from partial conformity with the IRC update is based on the US Joint Committee on Taxation (JCT) estimates on changes to federal taxes from the update. The methodology used begins with these JCT estimates, which are calculated by federal fiscal year. Fiscal Research adjusts these numbers back to an approximate calendar year tax impact. Then the next step was to prorate the national numbers to the state impact. This adjustment involved two steps: accounting for the relative size of the state based on federal tax collections and then adjusting for the difference in federal and state marginal tax rates. Once North Carolina's share of the JCT estimates were determined, state tax liability changes were estimated and allocated to the appropriate fiscal year.

The estimate of the bonus depreciation provision is based on data obtained from the Department of Revenue from the 2004 and 2008 tax returns. The estimate is derived from the tax that would not have been paid had North Carolina not required an add-back for bonus depreciation in computing State taxable income for both of those years. In order to assess the impact of the 85% add-back of the bonus depreciation and the Section 179 deduction, a depreciation schedule was developed. The depreciation simulation was used to determine the impact of the bonus depreciation and the Section 179 deduction with the adoption of an 85% add-back rule and a 5 year deduction for each fiscal year.

The estimate to conform to the estate tax provision of the Tax Relief Act was prepared based on tax return data obtained from the Department of Revenue for the 2007, 2008, and 2009 tax years. The impact is estimated from the tax that would not have been received as a result of the increase in the federal exclusion amount.

The Tax Relief Act of 2010 included multiple extensions of tax credits and deductions which were first enacted under the Economic Growth and Tax Relief Reconciliation Act of 2001. Because the changes were extensive and the Act was in place for ten years, the revenue base was adjusted to include the impacts from the Act. If the Tax Relief Act had not been enacted, then the result would have been an increase in General Fund revenue as result of the various federal tax law changes expiring for the 2011 tax year. Because they were extended for two years, there is no impact for FY 2011-12 and FY 2012-13. In the out years, after the latest extensions expire there will be a net gain to General Fund revenues. As with other calculations related to federal tax changes, analysis from the JCT was used to determine state tax liability. General Fund revenue changes would occur in FY 2013-14 and FY 2014-15.

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.90(b)(1b) reads as rewritten:

"(1b) Code. – The Internal Revenue Code as enacted as of ~~May 1, 2010,~~ January 1, 2011, including any provisions enacted as of that date that become effective either before or after that date."

SECTION 2.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(15b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during the taxable year. In addition, for taxable year 2010, a taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(21b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (a)(15b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 2.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(8b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during

the taxable year. In addition, for taxable year 2010, a taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(17b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (c)(8b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 3.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(23) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(26) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (a)(23) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 3.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(15) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(21) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (c)(15) of this section. For the amount

added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 4. Article 1A of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-32.2A. Election to receive stepped-up basis for 2010.**

A personal representative of an estate of a decedent dying in calendar year 2010 for which the federal estate tax is paid may elect to conform the North Carolina basis of the property in the estate to that of the federal stepped-up basis obtained by payment of the federal estate tax by filing an election with the Secretary and paying the amount of tax that would have been payable under this Article had the federal estate tax that was paid been in effect when the decedent died. In the absence of this election and payment, the North Carolina basis of the property differs from the federal basis. To make the election, an executor must file a return with the Secretary within the time allowed for filing the federal estate tax return."

SECTION 5. This act is effective when it becomes law. Notwithstanding Section 1 of this act, any amendments to the Internal Revenue Code enacted after May 1, 2010, that increase North Carolina taxable income for the 2010 taxable year become effective for taxable years beginning on or after January 1, 2011.

SENATE BILL 97:
Clarify Refunds of Tax Overpayments

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 23, 2011
Introduced by:	Sens. Rucho, Hartsell, Daniel	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 97 clarifies when the Department of Revenue is required to initiate a refund of an overpayment of tax and directs the Department to issue refunds for overpayments that have been discovered within the statute of limitations consistent with this clarification.***

CURRENT LAW: Generally speaking, there are two methods for obtaining a refund of tax from the Department of Revenue. If a taxpayer is aware that he or she has made an overpayment, then the taxpayer may request a refund by filing an amended return or by filing a claim for refund. If the taxpayer is not aware of the overpayment, the Department is required to initiate the refund process if, within the statute of limitations period, it becomes aware of or "finds" the overpayment.

Specifically, the Department is required to initiate a refund of an overpayment of tax when the Department processes a return and finds all of the following:

1. The statute of limitations for obtaining a refund has not expired.
2. The amount shown due on the return is not correct.
3. The correction of the amount due shows that the taxpayer has overpaid the tax.

The general statute of limitations for obtaining a refund is the later of three years after the due date of the return or two years after the payment of tax.

The current statute does not specify what constitutes "finding" or discovering an overpayment for purposes of satisfying the statute of limitations. In other words, it does not identify what action must take place by the Department before the statute of limitations expires.

BILL ANALYSIS: **Section 1** of the bill clarifies when the discovery of an overpayment occurs, which triggers the Department of Revenue's obligation to issue a refund. Discovery occurs in any of the following circumstances:

1. When the automated processing of a return indicates the return requires further review.
2. When a review of a return by an employee indicates an overpayment.
3. When an audit of a taxpayer by an employee indicates an overpayment.

If the Department's computer system flags a return for further review, the Department must still verify that an overpayment exists before issuing a refund because the automated flagging does not always indicate the precise nature of an error on a return. However, this bill clarifies that the verification need not occur within the statute of limitations period. The flagging of the return is sufficient to put the Department on notice that a refund may be due for purposes of satisfying the statute of limitations.

Section 2 of the bill directs the Department to issue refunds of overpayments that have been discovered within the statute of limitations in a manner consistent with the clarification in Section 1 of the bill. Over the last year, the Department has been working through a backlog of returns that were flagged for review, some dating as far back as 1996. By December 2010, the vast majority of returns had been reviewed and many refunds were issued. However, there remain approximately 7,000 returns in which an overpayment has been made but a refund has not been issued because the Department wants

clarification from the General Assembly about the application of the current law. These overpayments total a little over $2 million plus interest.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The Revenue Laws Study Committee looked at this issue during the recent interim. The Committee heard differing opinions about the interpretation of the law and its application to overpayments. One interpretation is that the Department is required to issue a refund of an overpayment only if the overpayment is verified by a Departmental employee within the statute of limitations period. Under this interpretation, a taxpayer's receipt of a refund is dependent on the Department's ability to timely review the return, which can vary depending on its workload and resources. The other interpretation is that the Department is required to issue a refund of an overpayment if the return is flagged by the Department's computer system within the statute of limitations. The Department may need to verify that an overpayment exists by manual review of a flagged return, but the manual review need not occur within the statute of limitations. Because returns are processed by the computer system almost immediately after they are filed, this interpretation assures that taxpayers will eventually get a refund.

The Committee concluded that when a return is flagged by the computer system, sufficient notice is provided to the Department that a refund may be due.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY WHEN THE DEPARTMENT OF REVENUE IS REQUIRED TO INITIATE A REFUND OF AN OVERPAYMENT OF TAX AND TO AUTHORIZE THE ISSUANCE OF REFUNDS OF OVERPAYMENTS THAT HAVE BEEN IDENTIFIED BY THE DEPARTMENT CONSISTENT WITH THIS CLARIFICATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-241.7(a) reads as rewritten:

"**§ 105-241.7. Procedure for obtaining a refund.**

(a) Initiated by Department. – The Department must refund an overpayment made by a taxpayer ~~when~~ if the Department ~~processes a return and finds all of the following:~~ discovers the overpayment before the expiration of the statute of limitations for obtaining a refund. Discovery occurs in any of the following circumstances:

(1) ~~The statute of limitations for obtaining a refund has not expired.~~The automated processing of a return indicates the return requires further review.

(2) ~~The amount shown due on the return is not correct.~~ A review of a return by an employee of the Department indicates an overpayment.

(3) ~~The correction of the amount due shows that the taxpayer has overpaid the tax.~~An audit of a taxpayer by an employee of the Department indicates an overpayment."

SECTION 2.(a) The General Assembly makes the following findings concerning the application of the statute of limitations to a refund initiated by the Department of Revenue:

(1) The statute of limitations is satisfied when the Department is on notice that a refund may be due.

(2) The Department is on notice that a refund may be due when the Department's automated processing of a return indicates that the return requires further review, regardless of when an employee of the Department verifies whether a refund is in fact due.

(3) Former G.S. 105-266 and G.S. 105-241.7 are consistent with the findings in this section and require the Department to refund an overpayment of tax if, before the statute of limitations expires, the Department discovers through its automated processing that a return requires further review.

SECTION 2.(b) The Department of Revenue is directed to issue refunds the Department discovered within the statute of limitations as applied in accordance with subsection (a) of this section.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 99

Short Title:	Reform UI Tax Structure/Expedite Analysis.	(Public)
Sponsors:	Senators Clary, Rucho, and Hartsell.	
Referred to:	Finance.	

February 22, 2011

A BILL TO BE ENTITLED

AN ACT TO EXPEDITE THE ANALYSIS OF THE TAX STRUCTURE FOR UNEMPLOYMENT INSURANCE IN NORTH CAROLINA GIVEN THE SUBSTANTIAL NEGATIVE BALANCE IN THE STATE'S UNEMPLOYMENT INSURANCE TRUST FUND AND THE SUBSTANTIAL FEDERAL LOAN BALANCE OWED BY THE STATE FOR PAYMENT OF UNEMPLOYMENT INSURANCE BENEFITS.

Whereas, North Carolina's Unemployment Insurance Trust Fund balance had a deficit of $2,500,000,000, as of December 31, 2010, according to the Employment Security Commission; and

Whereas, the State owes the federal government $2,500,000,000 for loan liabilities incurred by the Employment Security Commission to continue unemployment insurance benefits payments to jobless North Carolinians during the current economic crisis; and

Whereas, the total collected by the State in unemployment insurance taxes in the 12-month period ending December 2010 amounted to $955,200,000, while the sum paid in unemployment insurance benefits for the same period totaled $1,900,000,000; and

Whereas, businesses large and small pay into the unemployment insurance system with the expectation that their contributions will be sufficient to provide assistance to their qualified former jobless employees; and

Whereas, it is in the best interest of the employers and employees of this State to have the most efficient and cost effective unemployment insurance tax structure; and

Whereas, the current unemployment insurance tax structure no longer serves the businesses and citizens of this State in the manner required by these and future economic times; and

Whereas, major reforms regarding the unemployment insurance tax structure must be developed and implemented as soon as practicable; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The General Assembly finds that the State must take swift and prudent action to address the two billion five hundred million dollars ($2,500,000,000) in debt liability for unemployment insurance benefits currently owed to the federal government and the substantial deficit in the North Carolina Unemployment Insurance Trust Fund. To that end, the Department of Commerce shall contract with an independent consulting firm specializing in unemployment insurance and employment security reform to obtain recommendations on what tax structure changes would be fair to the employers of North Carolina and how these revenues, and other financial options, might be used in servicing and liquidating the State's debt and deficits incurred to pay unemployment insurance benefits.

SECTION 2. The Department of Commerce shall begin work immediately to identify a qualified independent consultant with the expertise to conduct a thorough analysis of the State's unemployment insurance tax structure then expedite entering into a contract with that qualified consultant. The consultation contract may be funded from departmental funds available. The Department of Commerce may seek and accept non-State funds, grants, and in-kind contributions specifically designated for the purpose of carrying out the analysis required by this act.

SECTION 3. The Department of Commerce shall provide the Fiscal Research Division and the Program Evaluation Division with periodic updates on the progress of the analysis. Within 45 days from the completion of the independent consultant's analysis, the Department of Commerce shall report to the Governor and to the General Assembly on the independent consultant's recommendations for reform of the State's unemployment insurance tax structure.

SECTION 4. The Employment Security Commission and the Department of Revenue shall cooperate fully with the Department of Commerce, the Fiscal Research Division, and the Program Evaluation Division by giving all information and all data within their possession or ascertainable from their records necessary to carry out the purposes of this act.

SECTION 5. This act is effective when it becomes law.

SENATE BILL 99:
Reform UI Tax Structure/Expedite Analysis

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 23, 2011
Introduced by:	Sens. Clary, Rucho, Hartsell	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***Senate Bill 99 would authorize the Department of Commerce to hire a consultant to analyze the State's unemployment insurance (UI) tax structure.***

CURRENT LAW: The General Assembly made substantial changes in the State's UI tax structure in the 1990s.[1] There have been no legislative changes made to the rate structure since 1999. All states' UI rate structures use a system of experience rating by which individual employers' contribution rates are varied on the basis of their experience with the risk of unemployment.

- The current State UI tax rates range from 0% to 6.84%.
- An employer may qualify for the 0% tax rate if no unemployment insurance benefits have been paid to employees after five years.
- The standard beginning tax rate is 1.2%.
- The average UI tax rate for 2011 is 1.688%. The average UI tax rate for 2010 was 1.427%.
- The UI tax rate automatically adjusts downward whenever the UI Trust Fund balance reaches $800 million. The Trust Fund balance has not exceeded $800 million since 2001. The last positive Trust Fund balance was in 2008 at $414 million.
- The taxable wage base in NC is $19,700. This amount is indexed annually. The taxable wage base in other states ranges from $7,000 to $37,300.
- The federal payroll tax (FUTA) on employers is 6.2% on a taxable wage base of $7,000. The federal taxable wage base has not been increased since 1983.
- Employers in states that are in compliance with federal regulations receive a 5.4% credit on their FUTA. The tax credit percentage is reduced by 0.3% annually on states that have a federal loan balance outstanding for two consecutive Januarys. With the credit, the effective FUTA in NC is 0.08%.

BILL ANALYSIS: The bill directs the Department of Commerce to contract with a consultant to conduct a thorough analysis of the State's UI tax structure. The bill does not appropriate any funds to the Department for the contract. The bill states that the Department may seek and accept non-State funds, grants, and in-kind contributions to pay for the analysis. The Department must provide periodic updates on the progress of the analysis and it must report the findings and recommendations of the analysis to the General Assembly within 45 days after the analysis is complete.

EFFECTIVE DATE: The bill becomes effective when it becomes law.

BACKGROUND: Unemployment tax contributions are paid by employers on a quarterly basis and deposited into the State Unemployment Insurance Trust Fund. After deducting any refunds payable from the Fund, the money is deposited with the Secretary of the Treasury of the United States to the credit of this State's account in the Unemployment Trust Fund. Funds in the State's account earn interest that is

[1] The General Assembly reduced the UT tax contribution rate in 1993, 1994, 1995, and 1996.

also credited to the account. As money in the State's account is needed to pay benefits, it is transferred to the State and credited to the benefits account of the State's Unemployment Insurance Fund to be used to pay benefits to people who lost their job through no fault of their own.

If the benefits payable exceed the revenue in the State's account, the federal government loans money to the State's account to make the benefit payments. The State received a loan from the federal government in February 2009. The current loan balance is $2.6 billion. Interest began accruing on the loan in January 2011. The first interest payment is due September 30, 2011. The necessary funds are available in the State's reserve account to make this interest payment.

To avoid a 0.3% reduction in the FUTA credit, the entire balance of the loan must be paid by November 10th, 2011. The 0.3% increase would effectively increase employers FUTA from 0.08% to 1.1%; this increase equates to $21 per employee. The revenue collected from the FUTA rate increase would be applied to the State's principal balance or it would lessen the amount of funds the State needs to borrow if the State is still a borrowing State at that time.

President Obama's budget proposal includes waiving the interest payment due September 30, 2011. The budget proposal also includes suspending the FUTA tax increase. It is unclear what action Congress may take on these issues.

S99-SMRB-6(e1) v2

LOCAL REVENUE SOURCES

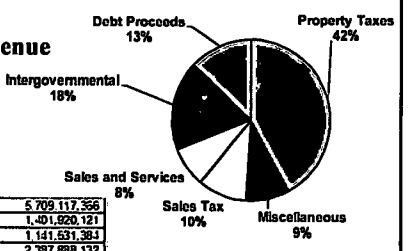
Martha Walston, Fiscal Research Division
February 16, 2011

Local Revenue Sources

- Property Tax
- Deed Stamp tax
- Sales tax: occupancy tax and meals tax
- Privilege tax
- Other local taxes and shared revenue

Sources of Local Revenue: County

2008-09 County Revenue by Source



Property Taxes	5,709,117,356
Sales Tax	1,401,920,121
Sales and Services	1,141,531,384
Intergovernmental	2,397,888,132
Debt Proceeds	1,699,919,492
Other Misc.	1,131,756,137
TOTAL	13,472,132,632

Source: Dept. of State Treasurer

Property Tax Constitutional authority

- N.C. Constitution gives General Assembly sole power to classify property for taxation
- Power must be exercised on State-wide basis
- Every class of property must be taxed by uniform rule, and every classification must be by general law uniformly applicable in every unit of local government

Property Tax Constitutional Authority

- Exemptions: property belonging to the State, counties, and municipal corporations
- Authorizes General Assembly to exempt cemeteries and property held for educational, scientific, literary, cultural, charitable, or religious purposes; personal property to a value not exceeding $300; and $1,000 in property held and used as owner's residence
- Only General Assembly may grant exemptions and these exemptions must be on State-wide basis

Generalities

- Tax imposed on all real and tangible personal property unless specifically exempted
- Appraised at true value (market value or price at which the property would exchange hands between a willing and financially able buyer and willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of all the uses to which the property is adapted and for which it is capable of being used)

Generalities

- Property appraised and assessed by county tax assessor
- Property must be listed during listing period: month of January
- Real property taxes due and payable on September 1 and are delinquent if not paid before January 6

Generalities
Appraisal of real property

- Must be appraised at least once every 8 years, unless county is required to advance or chooses to advance reappraisal year
- 44 counties have adopted shorter reappraisal year
- County with a population of 75,000 or greater must advance its reappraisal if its sales assessment ratio fluctuates by more than 15%

Generalities
Appraisal of real property

- School of Government Bulletins:
  - "A Citizens' Guide to the Revaluation and Assessment of Property by North Carolina Counties" by Shea Riggsbee Denning, Property Tax Bulletin #144, March 2008
  - "The Revaluation Revolt of 2009" by Christopher B. McLaughlin, Local Government Law Bulletin #121, September 2009

Generalities
Appeal

- Taxpayers appeal to the county board of equalization and review (composed of members of board of county commissioners)
- Property Tax Commission hears appeals from county board of E & R (Commission composed of five members, three appointed by Governor and two appointed by General Assembly)
- North Carolina Court of Appeals hears appeals from the Property Tax Commission

Exemptions and Exclusions

- Must be authorized by Constitution and laws of State
- G.S. 105-275 lists 45 classes of property that are designated special classes of property under the Constitution and excluded from tax
- G.S. 105-278.1 - property owned by units of government
- G.S. 105-278.2 - burial property
- G.S. 105-278.3 – property used for religious purposes
- G.S. 105-278.4 – property used for educational purposes
- G.S. 105-278.5 – property of religious educational assemblies used for religious and educational purposes
- G.S. 105-278.6 - property used for charitable purposes
- G.S. 105-278.6A - qualified retirement facility
- G.S. 105-278.7 – property used for educational, scientific, literary, or charitable purposes
- G.S. 105-278.8 – property used for charitable hospital purposes

Property Tax Relief Programs
Exclusions and Deferrals

- Elderly or disabled property tax homestead exclusion
- Disabled veteran property tax homestead exclusion
- Property tax deferral programs:
  1. Property tax homestead circuit breaker (G.S. 105-277.1B)
  2. Present-use value property (G.S. 105-277.3)
  3. Working waterfront property (G.S. 105-277.14)
  4. Wildlife conservation land (G.S. 105-277.15)
  5. Historic district property held as future site of historic structure (G.S. 105-275(29a))
  6. Historic property (G.S. 105-278)
  7. Inventory property tax deferral (G.S. 105-277.1D)
  8. Nonprofit property held as future site of low or moderate income housing (G.S. 105-278.6(e))

Elderly or disabled property tax homestead exclusion

- Excludes from property tax the greater of $25,000 or 50% of appraised value of permanent residence of qualifying owner
- Qualifying owner must be at least 65 or totally and permanently disabled, and have an income for the previous year that does not exceed an income eligibility limit

Elderly or disabled property tax homestead exclusion

- For 2008, the income eligibility limit was $25,000. In subsequent years, the limit has been indexed by cost-of-living adjustment. Income eligibility limit for 2011 is $27,100
- Income is defined as all moneys received from every source other than gifts or inheritances received from a spouse, lineal ancestor, or lineal descendant

Disabled veteran property tax homestead exclusion

- Excludes first $45,000 of appraised value of the permanent residence of disabled veteran or surviving spouse of disabled veteran if spouse has not remarried
- Disabled veteran's character of service must be honorable or under honorable conditions, and disabled veteran must either (1) have received federal benefits for specially adapted housing or (2) received certification from federal agency that the veteran has a service-connected, permanent, and total disability

Property Tax Deferral Generalities

- Common traits of eight deferral programs
  - Owner must qualify for program
  - Deferred taxes are lien on property and become due and payable when disqualifying event occurs
  - Only deferred taxes for deferral period plus the taxes in the year that property is disqualified become due
  - Deferred taxes are difference in taxes that would be due without the deferral minus the taxes that are paid under the deferral program

Property Tax Deferral Homestead Circuit Breaker

- Effective 2009, owner may defer portion of property tax on permanent residence if:
  - Owner is at least 65 OR totally and permanently disabled
  - Owner has owned home as permanent residence for five years
  - Owner's income does not exceed 150% of the income eligibility limit for the elderly and disabled homestead exclusion

Property Tax Deferral Homestead Circuit Breaker

- Tax limitation (2011)

Income= $0 to $27,100	Property Taxes limited to 4% of income
Income= $27,101 to $40,650	Property Taxes limited to 5% of income
Income= Over $40,650	Does not qualify

Property Tax Deferral
Homestead Circuit Breaker

- Deferred taxes for last three years are due if:
  - Owner dies
  - Property is transferred
  - Property no longer used as owner's permanent residence

Property Tax Deferral
Present-Use Value (PUV)

- Since 1973, PUV program has allowed certain farmland to be assessed at PUV as opposed to market value
- PUV: value of land in its current use as farmland based solely on its ability to produce income and assuming an average level of management
- Applies to agricultural land, horticultural land, and forestland
- Purpose of program: to preserve the family farm

Property Tax Deferral
Present-Use Value

- Classifications
  - Agricultural land: actively engaged in commercial production or growing of crops, plants, or animals
  - Horticultural land: actively engaged in commercial production of growing of fruits, vegetables, nursery products, or flowers
  - Forestland: actively engaged in the commercial growing of trees

Property Tax Deferral
Present-Use Value

- Farmland ownership requirement:
  - individual, tenants in common, trusts, or business entity
  - If owned by individual, must be owner's home or owned by owner or relative for four years
  - If owned by business entity, must be owned by business entity or one or more of members of business entity for four years

Property Tax Deferral
Present-use Value

- Farmland size requirement:
  - Agricultural: at least 10 acres in actual production
  - Horticultural: at least 5 acres in actual production
  - Forestland: at least 10 acres in actual production

Property Tax Deferral
Present-Use Value

- Farmland income requirement:
  - Agricultural and horticultural: must have at least one tract that produced at least $1,000 average gross income per year for the three years preceding the application for PUV
  - Forestland: no income requirement (not feasible since forestland generally produces income when timber is harvested)

Property Tax Deferral
Present-Use Value

- Farmland sound management requirement:
  - Land must be used for production of agricultural, horticultural, or forestry products in manner that maximizes the return from the land
  - Forestland must have written sound management plan
  - Agricultural or horticultural land must demonstrate one of the following: compliance with agency-administered and approved plan, compliance with set of best management practices for commercial production, compliance with income test, evidence of net income from farm operation, evidence that farming is principal source of income, certification by agency in county that land is operated under sound management plan

Property Tax Deferral
Working Waterfront Property

- Effective July 1, 2009, the following property is appraised and taxed at PUV if it has produced an average gross income of at least $1,000 for the most recent three-year period:
  - Pier that extends into coastal fishing waters and requires access fee
  - Real property adjacent to coastal fishing waters and primarily used for commercial fishing operation or fish processing

Property Tax Deferral
Wildlife Conservation Land

- Effective July 1, 2010, following land is appraised and assessed as if it were agricultural land under the PUV program if it meets all of the following size, ownership, and use requirements:
  - Consists of at least 20 contiguous acres, but no more than 100 acres of an owner's land in the county may qualify
  - Owned by individual, family business entity, or family trust for the previous five years
  - Land managed under written wildlife habitat conservation agreement with NC Wildlife Resources Commission
  - Land was classified as farmland under PUV program when the conservation agreement was signed

Property Tax Deferral
Historic Property

- Real property designated as historic property or as historic landmark by local ordinance is taxed at 50% of market value
- Deferred taxes for the preceding three years become due when there is a change in the ordinance or a change in the property other than by fire or other natural disaster

Property Tax Deferral
Historic District Property

- The following historic district property is excluded from property tax:
  - must be held by nonprofit corporation organized for historic preservation and held for future site for historic structure
- Land may be excluded for five years
- Deferred taxes become due if historic structure not moved to property within five years

Property Tax Deferral - Nonprofit property held for future low or moderate income housing

- Real property held by nonprofit organization as future site for housing for individuals or families with low or moderate income is exempt from property taxes for five years
- Deferred taxes due if property not used for this purpose within five years

Property Tax Deferral Inventory Property

- Effective July 1, 2010, an occupant-ready residence constructed on parcel of real property and owned by a general contractor for resale qualifies for a property tax deferral
- Amount deferred for the real property is the portion of tax that represents the increase in property value resulting from construction of residence on the property
- Deferred taxes become due when one of following occurs:
  - Builder transfers residence
  - Residence is occupied
  - Five years have passed from time property was first subject to listing for tax benefit
  - Three years have passed from date property first received the benefit

Property Tax Motor Vehicles

- Local governments collect property tax on motor vehicles registered in State
- DMV sends monthly data to each county identifying vehicles that have been issued or renewed registrations
- Most vehicles registered on staggered basis throughout calendar year
- County then sends tax bill to vehicle owner
- Tax due first day of fourth month following (1) last day of month in which new registration applied for, or (2) date former registration expires

House Bill 1779 - Combined MV Registration Renewal and Property Tax Collection System

- HB 1779 ratified during 2005 Session
- Current registration renewal and tax notices will be combined into single notice
- Taxes collected at registration or renewal
- Value of vehicle based on schedule for all 100 counties
- Vehicle owner can pay taxes and registration fees at any DMV or tag office in the State

Deed Stamp Tax

- State imposes a tax on most recorded deeds
- Tax measured by price paid for property
- Rate is $1 for each $500 of sales price
- Tax collected by county: ½ to county for any public purpose, and remaining ½ to Department of Revenue (75% to Parks and Recreation Trust Fund and 25% to Natural Heritage Trust Fund)

Deed Stamp Tax

- Following transfers are exempt:
  - By operation of law
  - By lease for a term of years
  - By will
  - By intestacy
  - By gift
  - No consideration paid
  - By merger, conversion, or consolidation
  - By instrument securing indebtedness

Local land transfer tax

- In 2007, counties authorized to levy either a land transfer tax (up to 0.4%) or local sales tax (.25%)
- Proceeds may be used for any lawful purpose
- 23 referendums have been held and all were unsuccessful
- Seven counties given authority to impose tax by local legislation: Dare, Currituck, Chowan, Camden, Pasquotank, Perquimans, and Washington (never enacted in Washington)

Questions????

SENATE FINANCE COMMITTEE
Tuesday, March 1, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 1, 2011 in room 544 of the Legislative Office Building. Matt Avrette and Steven Sorrell of Lillington served as pages. Twenty-seven members of the committee were present. Senator Rucho presided as chair.

S.B. 27 – Involuntary Annexation

Senator Clodfelter was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS would remove the amendment adopted by the Finance Committee on February 24 and restore the bill to its original provisions, with no exceptions to the moratorium. Senator Clodfelter moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

Senator Rucho then introduced Michael Hannah, the new Senate Tax Counsel.

Presentations

North Carolina's Investments

Shawn Wischmeier, Chief Investment Officer for the State, was recognized. He explained that he currently manages $85 billion in NC Retirement System total assets and outlined how the money was invested. He presented three requests: expand the benchmark indices that may be used for internally managed equity, increase "Alternatives" maximum from 5% of assets to 10% of assets, and allow long/short term hedge fund strategies within the public equity portfolio. He presented data which showed the differences in invest with the current guidelines and the requested guidelines. A copy of his powerpoint is attached.

State Treasurer, Janet Cowell, was recognized. She explained that the pension is a big line item with investments at 80% and members contributing the rest with a 7% deduction from their paychecks. She thinks that a change is needed in the current investment formula to prevent NC citizens from having to bail-out the retirement fund in the future. She requested permission to increase investments.

State of North Carolina Debt Affordability

Vance Holloman, Deputy Treasurer of State and Local Finance, was recognized. He described the Debt Affordability Advisory Committee (DAAC), defined debt affordability and tax-supported debt. He explained the State's AAA rating. He went on to outline the DAAC's legislative recommendations. They are: achieve structural budget balance and replenish reserves (tax reform may be needed), establish a preference for General Obligation Debt, the State should maintain its historically conservative debt

management practices, and other liabilities that do not impact debt capacity directly will need to be addressed (OPEB, ESC borrowings, and pension funding). A copy of his powerpoint is attached.

The meeting adjourned at 2:03 PM.

SESSION 2011

S D

SENATE BILL 27
Finance Committee Substitute Adopted 2/22/11
PROPOSED COMMITTEE SUBSTITUTE S27-PCS85056-RBx-8

Short Title: Involuntary Annexation Moratorium. (Public)

Sponsors:

Referred to:

February 3, 2011

A BILL TO BE ENTITLED

AN ACT TO ADOPT A MORATORIUM ON INVOLUNTARY ANNEXATIONS.

The General Assembly of North Carolina enacts:

SECTION 1. No resolution of consideration, resolution of intent, or annexation ordinance may be adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes from the date this act becomes law until July 1, 2012. If any annexation proceeding has been initiated under those Parts prior to the date this act becomes effective but the annexation ordinance has not yet been adopted, any provision of law requiring any action or notice by the municipality or any person within a certain period of time is tolled during the suspension of authority provided by this section. Nothing in this section shall prohibit municipalities from developing policies, planning, collecting data, or developing materials with respect to potential future annexations under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes.

SECTION 2. An annexation ordinance adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes that has an effective date on or after the day this act becomes law shall not become effective until July 1, 2012, unless the municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance. An annexation ordinance that was adopted under Part 2 or 3 of Article 4A of Chapter 160A of the General Statutes prior to the effective date of this act and is the subject of litigation in any court on the effective date of this act shall not become effective until after July 1, 2012, unless the municipality by ordinance adopts a new effective date later than July 1, 2012, for the annexation ordinance.

SECTION 3. Any annexation litigation under Parts 2 or 3 of Article 4A of Chapter 160A of the General Statutes pending in any court of this State shall be stayed upon enactment of this act.

SECTION 4. If any municipality has adopted its budget ordinance for the 2010-2011 fiscal year prior to the date this act becomes effective and the total amount of assessed valuation estimated in that budget ordinance has been reduced because of this act, the municipality may amend the budget ordinance to account for this act, including establishment of a different tax rate.

SECTION 5. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 6. This act is effective when it becomes law and expires on June 30, 2012.

SENATE PCS 27:
Involuntary Annexation Moratorium

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	February 28, 2011
Introduced by:	Sens. Brock, Newton, Goolsby	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to Second Edition S27-CSRBx-8		

SUMMARY: ***Senate Bill 27 would place a moratorium on involuntary municipal annexations until July 30, 2012. Senate Finance first heard this bill at its meeting last Tuesday, February 22nd. At that meeting, the Committee adopted an amendment that would have allowed an exception to the moratorium for an annexation that met five restrictive requirements:***

- ***The ordinance of annexation was adopted before the effective date of the act.***
- ***The ordinance of annexation was preceded by the adoption of a resolution of consideration.***
- ***No legal challenge to the ordinance of annexation has been filed.***
- ***The time allowed for filing a legal challenge to the ordinance of annexation has expired.***
- ***The municipality has incurred or contracted to incur expenditures in excess of $5 million in connection with annexation as of the effective date of the act.***

The proposed committee substitute would remove the amendment adopted by the Finance Committee last week and restore the bill to its original provisions, with no exceptions to the moratorium. At least 27 municipalities have an annexation pending, in some form, at this time.

CURRENT LAW: Under current State law, municipalities are authorized to involuntarily add territory to their municipal limits, if the area meets the statutory requirements for involuntary annexation.

Involuntary annexations are initiated by a resolution of intent, adopted by the municipal board. Involuntary annexations may also be initiated by an earlier and optional resolution of consideration, which allows the annexation ordinance to become effective earlier.

Once the municipal resolution of intent to annex is adopted, the statutes impose a timetable for the remaining steps prior to the adoption of an annexation ordinance. Once the annexation ordinance is adopted, there is an additional statutory time period prior to it becoming effective.

BILL ANALYSIS: Senate Bill 27 makes the following changes:

Section 1:

- Prohibits municipal adoption of an involuntary annexation resolution of consideration, resolution of intent, or annexation ordinance for cities of less than 5,000 (Part 2 of Article 4A of Chapter 160A) or by cities of 5,000 or more (Part 3 of Article 4A of Chapter 160A).
- Tolls (suspends) any action or notice required for any involuntary annexation ordinance that has been initiated, but not yet adopted.
- Allow municipalities to continue to develop polices, plan, collect data, or develop materials for potential future annexations.

Section 2:

- Provides that any involuntary annexation ordinance adopted prior to the effective date of this act with an effective date on or after the effective date of this act shall not become effective until July 1, 2012, or a later date adopted by the municipality.
- Provides that an annexation ordinance adopted prior to the effective date of this act that is the subject of litigation in any court on the effective date of this act shall not become effective until July 1, 2012, or a later date adopted by the municipality.

Section 3:

- Stays (suspends) any pending involuntary annexation litigation.

Section 4:

- Provides that a municipality may amend its budget ordinance to account for the effect of this act, including establishment of a different tax rate.

Section 5:

- Contains a severability clause.

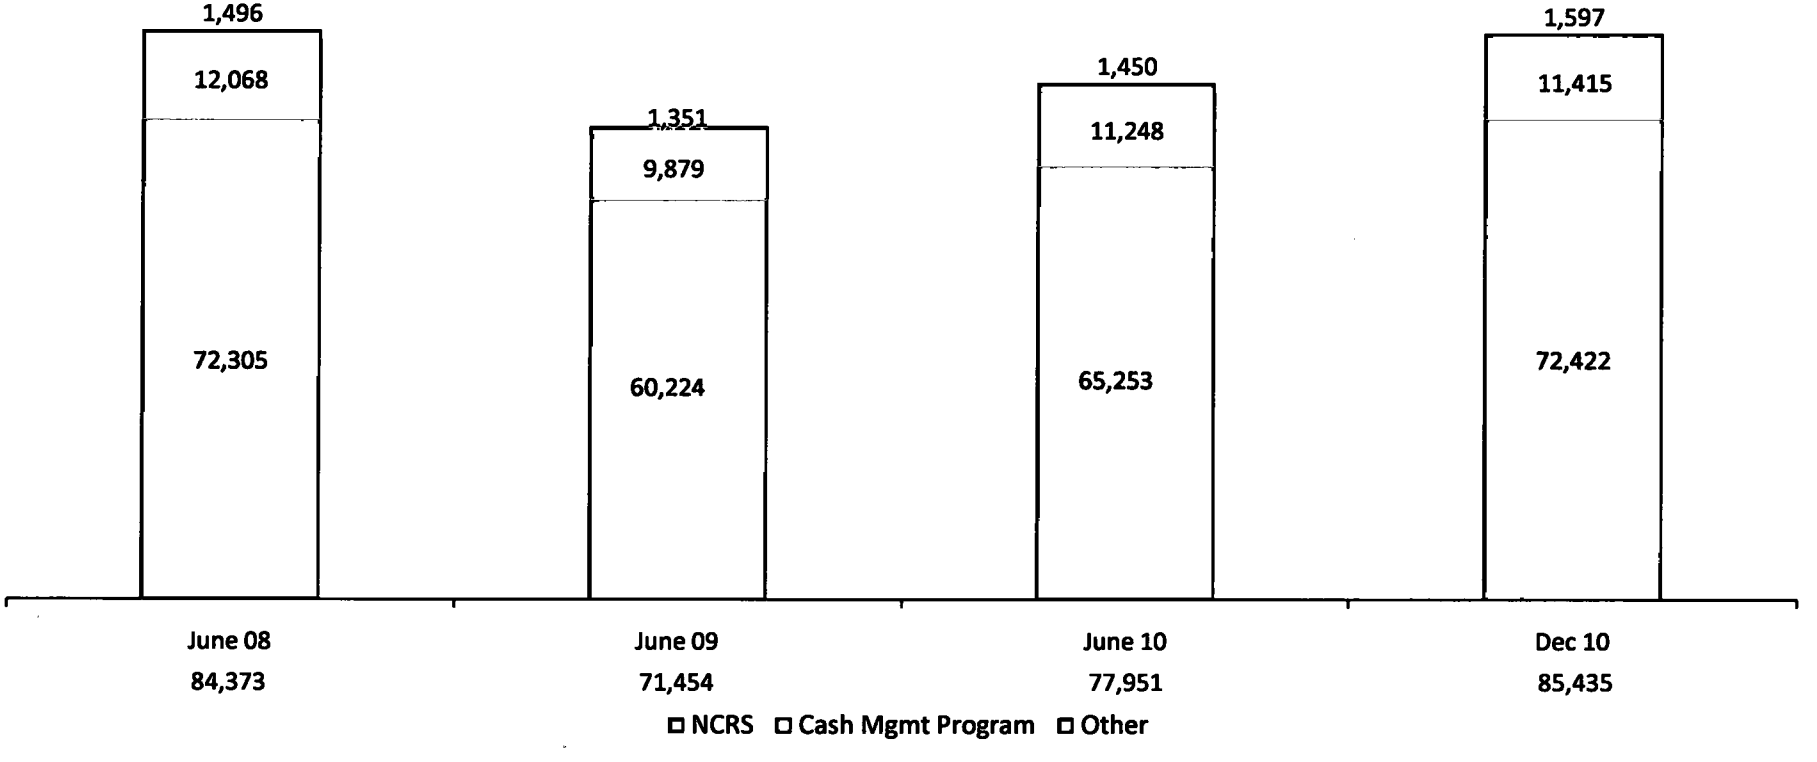
EFFECTIVE DATE: Effective when it becomes law, expires June 30, 2012.

S27-SMRB-9(CSRBx-8) v1

North Carolina Department of State Treasurer
2011 Legislative Session

$85 Billion in Total Assets Under Management

Assets Under Management ($mil)
as of December 31, 2010



NCRS: The North Carolina Retirement System (also referred to as the Pension Plan) consists of seven retirement plans: Teachers' and State Employees', Consolidated Judicial, Firemen's and Rescue Workers, Local Governmental Employees, Legislative, and North Carolina National Guard.
Cash Management Program: Comprised mainly of the STIF (Short Term Investment Fund), the cash management program serves as the main operating account for state agencies. It's objective is the maximize income consistent with principals of preservation of capital and liquidity.
Other: Includes the Non-Pension participants in the LTIF, as well as investments of the Escheat Fund, UNC and Public Hospitals, and the Local Government Other Post-Employment Benefits Fund.

NCRS is Well Funded but Vulnerable

Three Proposed Legislative Changes in 2011 Session

- Expand the benchmark indices that may be used for internally managed equity
- Increase "Alternatives" maximum from 5% of assets to 10% of assets
- Allow long/short equity hedge fund strategies within the public equity portfolio

The key principle underlying these changes is to achieve the same or slightly better returns at a meaningfully lower level of risk.

State of North Carolina Debt Affordability

Presented by T. Vance Holloman

March 1, 2011

North Carolina Department of State Treasurer
State and Local Government

Learn. Invest. Grow. Prosper.

Debt Affordability Advisory Committee

About the Commission

The Committee is legislatively directed to:

- Annually advise the Governor and the General Assembly of the estimated debt capacity of the State (General Fund) for the upcoming ten years
- Annually advise the Governor and the General Assembly of the estimated debt capacity of the Transportation and Transportation Trust Funds for the upcoming ten years
- Recommend other debt management policies it considers desirable and consistent with the sound management of the State's debt

Study makes no recommendations regarding the use of available debt capacity.

Study is due February 1.

Debt Affordability Advisory Committee

Members of the Debt Affordability Committee

- Janet Cowell, State Treasurer
- Charles Perusse, State Budget Officer
- David Hoyle, Secretary of Revenue
- Beth Wood, State Auditor
- David McCoy, State Controller

Senate Appointees

- Stuart Bell
- J.W. Davis

House Appointees

- James V. Porto
- Jack Vogt

3

Review: What is Debt Affordability?

The amount of debt that may be prudently authorized and issued in a given period *without* negatively affecting the credit position or impairing the budget flexibility of the issuer.

- The amount of debt that is affordable ("capacity") is finite.
- Capacity can be measured and compared.
- Issuance beyond a prescribed level can erode credit ratings.
- The State measures its available capacity using tax-supported debt.

4

What is Tax-Supported Debt?

- The three bond rating agencies view all debt supported by state-wide taxes, fees, or levies as "tax-supported debt" and measure it on a combined basis. The measurement includes both General Fund and Transportation debt.
- For example, debt supported by both NC's Motor Fuels Tax and/or Vehicle registration and title fees would count as tax-supported debt.
- Debt supported by specifically pledged project revenues (e.g. tolls) would not count as tax-supported debt.

OPEB and ESC obligations are excluded.

Outstanding Tax-Supported Debt by Type (at 6/30/2010)

General Obligation (GO) Bonds	
Highway Fund GO Bonds	$527.9
General Fund GO Bonds	$4,708.4
Total General Obligation Bonds	**$5,236.3**

Special Indebtedness	
Net Tax-Supported Special Indebtedness (Limited Obligation Bonds, COPs, Lease Revenue Bonds, Installment Purchase Contracts)	$1,375.6
Total General Fund Tax-Supported Debt	**$6,084.0**
GARVEEs	$434.8
Other (energy and other non-GF supported)	$450.3

(millions)

Authorized but Unissued Tax-Supported Debt (as of 2/16/2011)

Total	
General Obligation (GO)	$0.0
Special Indebtedness	$1,088.3
Total	**$1,088.3**

Purpose	
Universities	$544.2
Psychiatric Hospitals	$218.0

8

"Triple-Triple A" States

"Triple-Triple A" States are those achieving the highest rating from each of the three major bond rating agencies.

Our peer group is comprised of these 8 states (including Iowa):

- Delaware
- Maryland
- North Carolina
- Virginia
- Georgia
- Missouri
- Utah
- Iowa*

North Carolina

One of only 7 states in the U.S. to have GO debt rated "AAA" by all three agencies

** Iowa has non-GO debt rated "double A plus" and has been awarded an implied "AAA".*

"AAA" States Debt Comparisons

State	Debt/Personal Income	Debt per Capita	DS % Gov Expenditures
Delaware	6.2%	$2,489	5.2%
Georgia	3.3%	1,120	5.3%
Iowa	.2%	73	0.7%
Maryland	3.4%	1,608	4.3%
Missouri	2.2%	780	3.0%
North Carolina	**2.3%**	**765**	**2.0%**
Utah	3.2%	957	3.9%
Virginia	2.1%	895	3.4%
Median	**2.8%**	**$926**	**3.7%**

Source: Moody's 2010 State Debt Medians and S&P 2009 State Debt Review
Note: Rating Agency comparisons are historic in nature and do not include authorized but unissued debt.

Not "Apples to Apples"

- States develop debt affordability guidelines that are applicable to their individual situations and needs.
- Not all states utilize debt service as a percentage of revenues as the main metric, but a majority of the "AAA" rated states do.
- This calculation is most valuable because both numerator and denominator are directly controlled by policymakers.

GF Model Assumptions

- Tax-Supported Debt Service as a percentage of DAAC Revenues is the preferred calculation because both numerator and denominator directly controlled by policymakers.
  - 4% Guideline
  - 4.75% Ceiling
- Other Measures Evaluated:
  - Debt to Personal Income (2.5%/3.0%)
  - 10-year Payout Ratio (55%/50%)
  - Level of GF Unreserved Fund Balance and/or reserves
  - Debt per Capita

When NC adopted its limits (2003), policymakers were concerned that the State not become over-leveraged in a time of revenue uncertainty and negative fund balances.

In hindsight, that decision provided a measure of fiscal discipline that has served the State well in the current downturn and has helped it to regain its "AAA" rating from Moody's in 2007 and maintain its "AAA" rating from Fitch and S&P.

February 2011 DAAC Study

North Carolina General Fund Tax-Supported Debt Statistics

Projected as of	Debt to Personal Income	Debt per Capita	Debt Service as % DAAC Revenues	10-Year Payout Ratio
6/30/10 (actual)	1.8%	$638	3.61%	59%

North Carolina Department of State Treasurer
State and Local Government

Learn. Invest. Grow. Prosper.

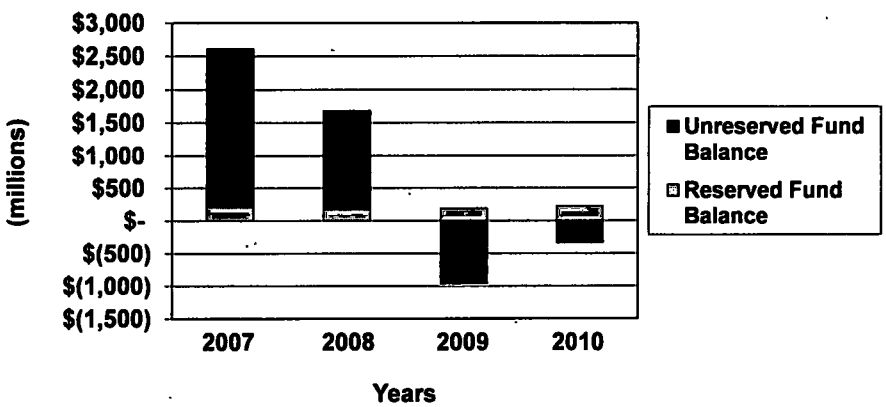
2011 DAAC Other Recommendations

- Achieve structural budget balance and replenish reserves. Tax reform may need to be considered.
- Establish a preference for General Obligation debt (versus special indebtedness).
- State should maintain its historically conservative debt management practices, including:
  - Centralized authorization, issuance and management of debt
  - Inclusion of all debt and debt-like obligations in calculations
  - GA clarification regarding individual agencies' ability to enter into alternative financings that may include debt and debt-like obligations
- Other Liabilities that do not impact debt capacity directly will need to be addressed:
  - OPEB
  - ESC Borrowings
  - Pension Funding

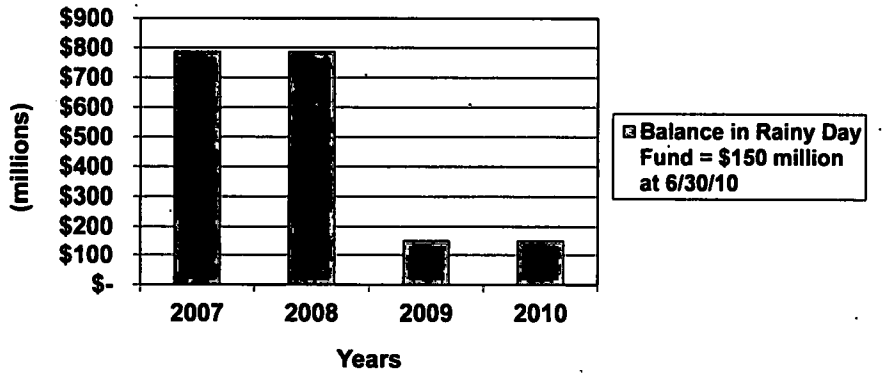
19

Structured Budget Balance and Replenish Reserves



20

Rainy Day Fund



21

General Obligation versus Special Indebtedness

- Since 2000, the State has relied extensively on the authorization of Special Indebtedness (Limited Obligation Bonds, COPs, other)
- Special Indebtedness as a percentage of all tax-supported debt will exceed 40% in FY 2014
- Peer group around 26%

22

Conservative Debt Management Practices

- Conservative Debt Management Practices include:
  - Centralized debt authorization
  - Centralized debt management and issuance
  - All debt and debt-like obligations counted in debt burden
- Recommendation is that General Assembly clarify its intent regarding individual agencies' ability to borrow by adopting limits, terms and taking into consideration the impact on debt burden.

Other Debt and Debt-Like Obligations

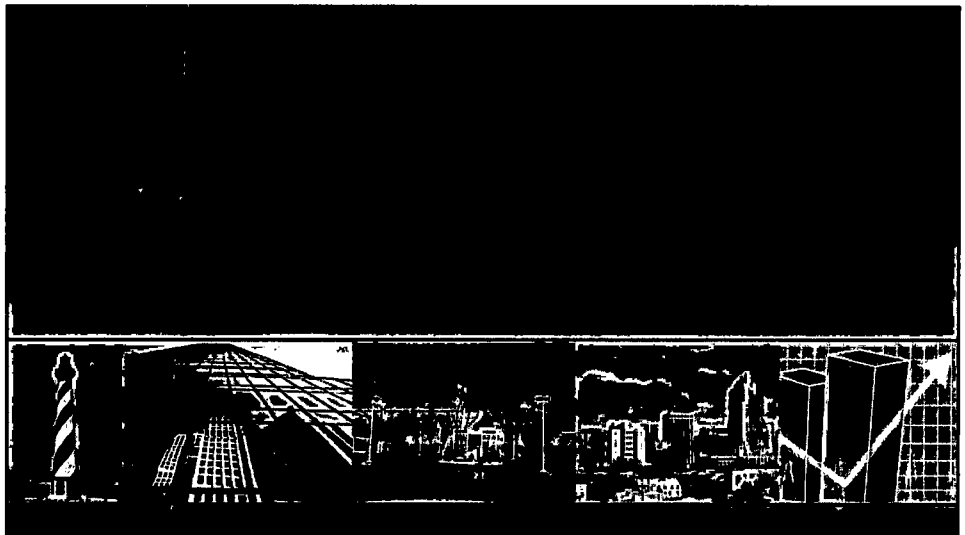
Debt Affordability Treatment

- Depends upon source of repayment
  - "General Governmental Funds" versus pledged revenue stream
- Public Private Partnerships
  - Financing costs higher
  - May count against debt affordability
  - Process to evaluate variables

Speed Control	Quality Public Access Compensation	Priority of Project Financing Costs

Other Liabilities

- The Committee recommended that the General Assembly determine the best course of action to address:
  - OPEB Liabilities
  - ESC Borrowings
  - Pension System Funding
- Although these liabilities do not impact debt capacity directly, they could have a negative impact upon the bond ratings of the State.



Thank you!

Together, we can build and maintain a fiscally strong and prosperous North Carolina.

SENATE FINANCE COMMITTEE
Wednesday, March 8, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 8, 2011 in room 544 of the Legislative Office Building. Darius Evans of Wake Forest, Douglas Piercy of Asheville, and Will Klemme of High Point served as pages. Twenty-four members of the committee were present. Senator Hartsell presided as chair.

H123 – Business Entity Changes

Representative Brubaker was recognized to explain the bill. It is a recommendation of the Revenue Laws Study Committee. The bill makes changes to the business entity ownership requirements for qualification of land at its present-use value for property tax purposes, so that the requirements are met when the current owner of the land shares members in common with the prior owner of the land. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H124 – IRC Update

Representative Brubaker was recognized to explain the House Committee Substitute. It would update the reference to the Internal Revenue Code used in defining and determining certain State tax provisions from May 1, 2010 to January 1, 2011. This change in the date would incorporate many of the tax provisions contained in the federal Small Business Jobs Act of 2010 and the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010. Cindy Avrette, a staff attorney with the Research Division, was recognized to answer questions. Senator Hunt moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

The meeting adjourned at 1:12 PM.

A BILL TO BE ENTITLED

AN ACT TO REVISE THE BUSINESS ENTITY OWNERSHIP REQUIREMENTS OF LAND AT PRESENT-USE VALUE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.3(b1) reads as rewritten:

"**§ 105-277.3. Agricultural, horticultural, and forestland – Classifications.**

...

(b1) **(Effective for taxes imposed for taxable years beginning on or after July 1, 2008)** Entity Ownership Requirements. – In order to come within a classification described in subsection (a) of this section, land owned by a business entity ~~or trust must have been owned by the business entity or trust or by one or more of its members or creators, respectively,~~ must meet the requirements of subdivision (1) of this subsection and land owned by a trust must meet the requirements of subdivision (2) of this subsection.

(1) Land owned by a business entity must have been owned by one or more of the following for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed:

a. The business entity.

b. A member of the business entity.

c. Another business entity whose members include a member of the business entity that currently owns the land.

(2) Land owned by a trust must have been owned by the trust or by one or more of its creators for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed."

SECTION 2. This act is effective for taxable years beginning on or after July 1, 2011. An application for property tax relief provided by this act may be filed and must be accepted at any time up to and through September 1 for the July 1, 2011, taxable year.

HOUSE BILL 123:
Business Entity Changes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 7, 2011
Introduced by:	Reps. Howard, Brubaker, Luebke, Hill	**Prepared by:**	Martha Walston
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 123 is a recommendation of the Revenue Laws Study Committee. The bill makes changes to the business entity ownership requirements for qualification of land at its present-use value for property tax purposes, so that the requirements are met when the current owner of the land shares members in common with the prior owner of the land.***[1]

[This bill is identical to S93, as introduced by Sens. Hartsell, Clodfelter, Tillman, which is currently in Senate Finance.]

CURRENT LAW: Since 1973, farmland (agricultural land, horticultural land, and forestland) has been appraised and assessed at its present-use value as opposed to fair market value for property tax purposes if the farmland meets certain ownership, size, and use requirements. Farmland owned by a business entity meets the ownership requirements if the land was owned by the business entity or one of its members for the four years immediately preceding January 1 of the year for which the benefit is claimed. Prior to 2008, the members of the business entity had to be individuals. In 2008, the Revenue Laws Study Committee proposed legislation to broaden the ownership requirements so that farmland could be owned by a business entity whose membership includes modern estate planning vehicles such as a family limited partnership, a family limited liability company, or a trust.[2] S.L. 2008-146 alleviated problems tax assessors were having with recognizing these types of ownership. Now, for example, if the farmland is owned by a business entity, the members of the business entity are no longer restricted to individuals but can include trusts and other business entities.

BILL ANALYSIS: The 2008 changes to the present-use value (PUV) statutes focus on problems the tax assessors were having with recognizing types of ownership. Ownership is determined on the basis of the name on the deed but does not always consider real parties in interest.

Recently, counties have received applications where farmland has been owned as follows:

- Farmland owned by ABC Partnership for past four years applies for PUV status.
- The partners of ABC Partnership are Tom, Dick, and Harry.
- The previous owner of the farmland was XYZ Partnership.
- XYZ Partnership shares one or more partners in common with the current owner ABC Partnership.
- Counties have denied PUV status to the farmland based upon the language in G.S. 105-277. 3(b1): The farmland had not been owned by its current owner, ABC Partnership, for four years immediately preceding the application, nor was the land owned by a partner of ABC Partnership.

[1] A "business entity" is defined as a corporation, general partnership, limited partnership, or limited liability company. A "member" is defined as a shareholder of a corporation, a partner of a general or limited partnership, or a member of a limited liability company.

[2] When the membership of a business entity includes a business entity or trust, then the individual members of the business entity and the individual beneficiaries of the trust are deemed to be indirect members of the qualified business entity.

House Bill 123 would allow the business entity ownership requirements to be satisfied when the business entity that currently owns the farmland shares one or more members in common with the business entity that previously owned the farmland. For example, because one or more partners of the partnership that currently owns the farmland are the same partners of the partnership that previously owned the farmland, the ownership requirement would be met.

EFFECTIVE DATE: This act becomes effective for taxable years beginning on or after July 1, 2011. However, applications filed beyond the listing period (January 1-January 31) would be accepted up to and through September 1, 2011, so that an owner may benefit from the property tax relief during the July 1, 2011 tax year.

H123-SMLA-4(e1) v1

HOUSE BILL 124*
Committee Substitute Favorable 2/24/11

Short Title: IRC Update. (Public)

Referred to:

February 17, 2011

A BILL TO BE ENTITLED

AN ACT TO UPDATE THE REFERENCE TO THE INTERNAL REVENUE CODE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-228.90(b)(1b) reads as rewritten:

"(1b) Code. – The Internal Revenue Code as enacted as of ~~May 1, 2010,~~ January 1, 2011, including any provisions enacted as of that date that become effective either before or after that date."

SECTION 2.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(15b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during the taxable year. In addition, for taxable year 2010, a taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(21b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (a)(15b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 2.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(8b) For taxable years 2010 through 2012, eighty-five percent (85%) of the amount allowed as a special accelerated depreciation deduction under section 168(k) or 168(n) of the Code for property placed in service during the taxable year. In addition, for taxable year 2010, a taxpayer who placed

property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 2.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(17b) An amount equal to twenty percent (20%) of the amount added to federal taxable income as accelerated depreciation under subdivision (c)(8b) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012. For the amount added to taxable income in the 2012 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2013."

SECTION 3.(a) G.S. 105-130.5(a) is amended by adding a new subdivision to read:

"(23) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. For purposes of this subdivision, the definition of section 179 property has the same meaning as under section 179 of the Code as of January 1, 2011. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(b) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(26) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (a)(23) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 3.(c) G.S. 105-134.6(c) is amended by adding a new subdivision to read:

"(15) For taxable years 2010 and 2011, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code for property placed in service in taxable year 2010 or 2011 exceeds the amount that would have been allowed for the respective taxable year under section 179 of the Code as of May 1, 2010. For purposes of this subdivision, the definition of section 179 property has the same meaning as under section 179 of the Code as of January 1, 2011. These adjustments do not result in a difference in basis of the affected assets for State and federal income tax purposes."

SECTION 3.(d) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(21) An amount equal to twenty percent (20%) of the amount added to federal taxable income under subdivision (c)(15) of this section. For the amount added to taxable income in the 2010 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2011. For the amount added to taxable income in the 2011 taxable year, the deduction allowed by this subdivision applies to the first five taxable years beginning on or after January 1, 2012."

SECTION 4. This act is effective when it becomes law. Notwithstanding Section 1 of this act, any amendments to the Internal Revenue Code enacted after May 1, 2010, that increase North Carolina taxable income for the 2010 taxable year become effective for taxable years beginning on or after January 1, 2011.

HOUSE BILL 124: IRC Update

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 7, 2011
Introduced by:	Reps. Howard, Brubaker, Starnes, Setzer	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***House Bill 124 would update the reference to the Internal Revenue Code used in defining and determining certain State tax provisions from May 1, 2010, to January 1, 2011. This change in the date would incorporate many of the tax provisions contained in the federal Small Business Jobs Act of 2010 and the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010.***

This bill is the identical to Senate Bill 94, which received a favorable report in Senate Finance on February 23rd. The bill is a recommendation of the Revenue Laws Study Committee. With the exception of the estate tax, the bill's impact on General Fund availability is minimal.

The bill would make the following changes to State individual and corporate income tax laws:

- ***Extend various individual and business tax deductions that expired in 2010 for an additional two years, such as the tax deduction for higher education expenses and the $250 tax deduction for teacher's classroom supplies.***
- ***Require an 85% add back of any accelerated depreciation a taxpayer claimed on the federal return for taxable years 2010[1] through 2012 and a corresponding deduction of 20% of this amount over the next five tax years. This provision effectively decouples from the federal bonus depreciation provision while maintaining the same basis in the property for federal and State tax purposes.***
- ***Maintain the current section 179 expense deduction limit and cap through 2011 and conform to the federal section 179 expense deduction limit and cap for 2012. It would conform to the expanded definition of qualifying property for taxable years 2010 and 2011. It would require an 85% add back of the additional expensing taken under federal law and provide a corresponding deduction of 20% of this amount over the next five tax years. The bill stipulates that the basis in the property would be the same for federal and State tax purposes.***

[1] The effective date of the federal 100% bonus depreciation provision applied to property placed in service after September 8, 2010, *in taxable years ending after such date.* This effective date means the bonus depreciation provision may be taken in the 2009 taxable year if a taxpayer had a taxable year ending after September 8, 2010, and before December 31, 2010. Therefore, the bill would provide that the adjustments needed to decouple from this provision may be reflected on a taxpayer's 2009 tax year return.

CURRENT LAW: North Carolina's tax law tracks many provisions of the federal Internal Revenue Code by reference to the Code.[2] The General Assembly determines each year whether to update its reference to the Code.[3] Updating the reference makes recent amendments to the Code applicable to the State to the extent that State law previously tracked federal law. The General Assembly's decision whether to conform to federal changes is based on the fiscal, practical, and policy implications of the federal changes and is normally enacted in the following year, rather than in the same year the federal changes are made. Maintaining conformity with federal tax law simplifies tax reporting because a taxpayer will not need to account for differing federal and State treatment of the same asset.

BILL ANALYSIS: The current reference to the Code is May 1, 2010.[4] Since that time, Congress has enacted two Acts that make substantial changes to the tax code: the Small Business Jobs Act of 2010, enacted September 27, 2010, as P. L. 111-240 (2010 Jobs Act), and the Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act, enacted December 17, 2010, as P. L. 111-312 (2010 Tax Relief Act). Both Acts contain provisions that became effective retroactively on January 1, 2010. Since the General Assembly will not have had an opportunity to enact legislation prior to the end of the 2010 taxable year, taxpayers may have to make adjustments on their 2010 State tax return for items included in, or excluded from, federal taxable income as a result of one of these two Acts.

The 2010 Jobs Act enhances existing business tax incentives and partially offsets this revenue loss with changes which are expected to increase revenue. The incentives in the 2010 Jobs Act are not limited to small businesses, and the accelerated deduction for depreciation represents a major benefit to large businesses. The 2010 Tax Relief Act boosts some of the business tax incentives in the 2010 Jobs Act and extends the Bush-era individual and business tax incentives, included in the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA)[5], for two years.

Extension and Expansion of Bonus Depreciation for 2010, 2011, and 2012

Businesses may depreciate the cost of a new asset[6] over a period of time, usually five to 15 years. Bonus depreciation allows a business to claim more of a deduction up front and spread the remainder out over

---

[2] North Carolina first began referencing the Internal Revenue Code in 1967, the year it changed its taxation of corporate income to a percentage of federal taxable income.

[3] The North Carolina Constitution imposes an obstacle to a statute that automatically adopts any changes in federal tax law. Article V, Section 2(1) of the Constitution provides in pertinent part that the "power of taxation ... shall never be surrendered, suspended, or contracted away." Relying on this provision, the North Carolina court decisions on delegation of legislative power to administrative agencies, and an analysis of the few federal cases on this issue, the Attorney General's Office concluded in a memorandum issued in 1977 to the Director of the Tax Research Division of the Department of Revenue that a "statute which adopts by reference future amendments to the Internal Revenue Code would ... be invalidated as an unconstitutional delegation of legislative power."

[4] Part 31 of S.L. 2010 31 updated the reference to the Internal Revenue Code used in defining and determining certain State tax provisions from May 1, 2009, to May 1, 2010. However, S.L. 2010 31 did not conform to the five year carryback of net operating losses incurred by large businesses. S.L. 2010 31 incorporated tax changes made by five federal acts: the Worker, Homeownership, and Business Assistance Act (WHBA), P.L. 111-92; Acceleration of Income Tax Benefits for Haiti Relief, P.L. 111-126; the Patient Protection and Affordable Care Act, P.L. 111-148; the Health Care and Education Reconciliation Act, P.L. 111-152; and the Hiring Incentives to Restore Employment Act (HIRE), P.L. 111-147.

[5] Most of the tax provisions in EGTRRA were scheduled to expire in 2010 or 2011 and revert to the provisions as they existed in 2001.

[6] One important difference between bonus depreciation and section 179 expensing is that bonus depreciation applies only to new equipment, while section 179 expensing may apply to new and used equipment.

the normal depreciation schedule. The federal Economic Stimulus Act of 2008[7] provided a 50% first year bonus depreciation for qualified property acquired and placed in service in 2008. The federal American Recovery and Reinvestment Act of 2009 extended the 50% bonus depreciation provided to qualified property for an additional year through 2009.

The 2010 Jobs Act extends the bonus depreciation for 2010 and applies retroactively to property acquired and placed in service in 2010.[8] The 2010 Tax Relief Act increases the 50% bonus depreciation extended under the 2010 Jobs Act to 100% for property acquired and placed in service after September 8, 2010, and before January 1, 2012. It also provides 50% bonus depreciation for qualified property placed in service after December 31, 2012, and before January 1, 2013. Under the 2010 Jobs Act, the bonus depreciation would have expired for the 2012 taxable year. Under the 2010 Tax Relief Act, the bonus deprecation expires for the 2013 taxable year.

The 2010 Jobs Act also allows taxpayers using the percentage of completion accounting method to benefit from bonus depreciation at the federal level for assets with a depreciable life of seven years or less. The percentage of completion accounting method might prevent taxpayers from receiving benefit from the bonus depreciation because the accounting method spreads expenses, including depreciation, throughout the life of a long-term contract. Under this accounting method, taxpayers could not deduct the bonus depreciation in the first year. Construction contractors use the percentage of completion accounting method. This provision is new.

North Carolina decoupled from the extension of the bonus depreciation provisions in 2008 and 2009. The State delayed the impact of the bonus depreciation deduction in a manner similar to what it has done in the past: State tax law provides that a taxpayer may deduct the same amount of an asset's basis under State law as under federal law, it is just that the timing of the deduction differs. Under State tax law, a taxpayer must add back 85% of the accelerated depreciation amount[9] in the year that it is claimed for federal purposes. Then, in subsequent tax years, the taxpayer may deduct from federal taxable income the total amount of the add-back, divided into five equal installments. This adjustment means that for State tax purposes, a taxpayer may deduct a greater depreciation amount in the outlying tax years, which will be the normal depreciation amount plus 20% of the accelerated depreciation amount the taxpayer had to add back.

House Bill 124 would decouple from the bonus depreciation provisions for 2010, 2011, and 2012 in the same manner as it has decoupled from them in the past: A taxpayer would add-back 85% of the accelerated depreciation amount in the year that it is claimed for federal purposes. Then, in subsequent tax years, the taxpayer would deduct from federal taxable income the total amount of the add-back, divided into five equal installments. Under the 2010 Tax Relief Act, the 100% bonus depreciation applied to property placed in service after September 8, 2010, *in taxable years ending after such date.* This effective date means the bonus depreciation provision may be taken in the 2009 taxable year if a taxpayer had a taxable year ending after September 8, 2010, and before December 31, 2010. Therefore, the bill would provide that the adjustments needed to decouple from this provision may be reflected on a taxpayer's 2009 tax year return. The cost to conform to the bonus depreciation provision would be approximately $460 million. As of February 16, 2011, it appears 15 of 43 states conformed to this provision in some form while the remaining 28 states did not.

---

[7] Congress has authorized bonus depreciation several times to encourage business investment, specifically after September 11, 2001. The Jobs Creation and Worker Assistance Act of 2002 provided a 30% bonus depreciation allowance. The Jobs and Growth Tax Relief Reconciliation Act of 2003 extended the sunset and increased the amount to 50%.

[8] The property may be placed in service during 2011 for property with a recovery period of 10 years or longer and for transportation property (i.e., tangible personal property used to transport people or property).

[9] The accelerated depreciation amount for property placed in service in 2008 is 50%.

Enhanced Section 179 Expensing for 2010, 2011, and 2012

Section 179 of the Code allows the expensing of the purchase price of some business assets[10] in the year of purchase rather than taking depreciation[11] throughout the life of the asset. In other words, expensing trades a smaller yearly deduction over time for a larger deduction in year one.

Prior to the Emergency Economic Stabilization Act of 2008 (EESA), the deduction limit for section 179 expensing was $128,000[12] of the cost of the property with a dollar for dollar phase-out of this amount whenever the total cost of qualifying property placed in service that year exceeded $510,000.[13] EESA increased the deduction limit from $128,000 to $250,000 with a phaseout at $800,000 for the 2008 tax year. The American Recovery and Reinvestment Tax Act of 2009 (ARRTA) extended the temporary increase through 2009. The federal HIRE Act of 2010 extended the 2008 and 2009 increase through 2010. The limits were scheduled to revert to the prior levels of $25,000 and $200,000 in taxable year 2011. North Carolina conformed to those changes.

The 2010 Jobs Act not only delayed the reversion to the prior levels until the 2012 taxable year, it also increased the section 179 expensing deduction for tax years 2010 and 2011 from $250,000 and $500,000 to $800,000 and $2 million. In addition to the expansion of the limits, the Act broadened the definition of qualified property to include qualified leasehold improvement property, qualified restaurant property, qualified retail improvement property, and computer software.[14] The enhancements made by the 2010 Jobs Act are set to expire for the 2012 taxable year. The 2010 Tax Relief Act does not continue the expansion of the types of property that may qualify for the deduction beyond the 2011 taxable year, but it does increase the limits for the 2012 taxable year from $25,000 and $200,000 to $125,000 and $500,000. Under the 2010 Tax Relief Act, the deduction limits are set to revert to their prior levels of $25,000 and $200,000 in 2013.

North Carolina has conformed to the enhanced section 179 expense deduction provisions in the past. However, the enhancements made by the 2010 Jobs Act are the most expansive ever enacted. House Bill 124 would conform to the expanded definition of qualified property; it would maintain the 2010 deduction limits of $250,000 and $800,000 for taxable years 2010 and 2011; and it would decouple from the enhanced limits of $500,000 and $2,000,000 for taxable years 2010 and 2011. House Bill 124 would provide that the property's basis would be the same for federal and State purposes and would treat the difference in the same manner as State tax law has historically treated the bonus depreciation: A taxpayer would add-back 85% of the additional expensing taken under federal law in 2010 and 2011 and would deduct 20% of this amount over the succeeding five years. House Bill 124 would conform to the expensing limits of $125,000 and $500,000 for the taxable year 2012 and, like federal law, would revert to the prior expense limits of $25,000 and $200,000 for the tax year 2013. Full conformity to the section 179 expense deduction would be approximately $97 million. As of February 16, 2011, it appears 24 of 43 states conformed to this provision in some form while the remaining 19 states did not.

Estate Tax for 2010 - 2012

---

[10] The business asset must be newly purchased tangible personal property that is used more than 50% for business purposes and is eligible to be depreciated under the Code. The newly purchased property may be new or used equipment.

[11] Generally, taxpayers take the Section 179 expensing deduction first and claim Section 168(k) depreciation on any remaining basis.

[12] Prior to the EESA, the dollar limits would have been $125,000 with a phase-out beginning at $500,000; both amounts would have been indexed for inflation resulting in the limits of $128,000 and $510,000.

[13] For example, if the taxpayer placed in service during the taxable year one or more items of qualifying property totaling $520,000, the amount that could be expensed under section 179 would be $118,000 -- $128,000 less $10,000, which is the excess of $520,000 over $510,000.

[14] Qualified real property is limited to a maximum deduction of $250,000.

EGTRRA gradually reduced the federal estate tax over a period of years and abolished it for decedents dying in 2010. During the year of its repeal, the basis of property passing through an estate was determined by the modified carryover basis rules under EGTRRA. EGTRRA also repealed the state estate tax credit for decedents dying on or after 2004 and replaced the credit with a deduction. The estate tax was scheduled to revert to the 2001 law in 2011: the 2001 maximum estate tax rate of 55% and a $1 million applicable exclusion amount.

The 2010 Tax Relief Act revives the estate tax retroactively for decedents dying on or after January 1, 2010, and thereby allows property passing through the estate to acquire a stepped-up basis. The maximum federal estate tax rate is 35% with an applicable exclusion amount of $5 million. The 2010 Tax Relief Act also provides for portability between spouses of the exclusion amount. This portability means that any unused exclusion amount by one spouse is available to the surviving spouse, effectively allowing a married couple to exclude up to $10 million from estate tax.[15] The new estate tax law is scheduled to sunset on December 31, 2012, to the pre-EGTRRA amounts. The 2010 Tax Relief Act gives the estates of decedents dying in 2010 the option to pay no estate tax and assume the modified carryover basis in the property.

North Carolina imposes an estate tax on the estate of a decedent when a federal estate tax is imposed on the estate.[16] By virtue of this language, the federal and state exclusion amounts are the same. The amount of the State's estate tax is the amount of the credit allowed on the federal estate tax return for state estate tax paid, as the federal law provided in 2001.[17]

Since the federal estate tax did not exist in 2010, North Carolina's estate tax was repealed for 2010. With the revival of the federal estate tax in 2011, North Carolina's estate tax is revived for the estates of decedents dying on or after January 1, 2011.[18] House Bill 124, by conforming to the definition of federal taxable income for income tax purposes, also adopts the federal basis of any property passing through an estate. Unlike Congress, North Carolina cannot the estate tax retroactively[19] on the estates of decedents dying on or after January 1, 2010, and before January 1, 2011.

Business Tax Extenders for 2010 and 2011

The 2010 Tax Relief Act extended many of the tax incentives enacted in EGTRRA for two years. The business tax incentives included enhanced deduction and expensing items, charitable deductions, and tax credits. North Carolina conformed to these incentives in 2002[20]; however, under existing North Carolina law, these incentives expired for the 2010 taxable year. House Bill 124 would conform to these extensions.

The 2010 Tax Relief Act extended the following business tax incentives that were set to expire for the 2010 taxable year for the 2010 and 2011 taxable years:

---

[15] The portability election is set to sunset December 31, 2012. Therefore the utility of the portability election is limited to situations where both spouses die within the two-year term (2011 and 2012).

[16] North Carolina repealed its inheritance tax in 1998 and replaced it with an estate tax that was equivalent to the federal state estate tax credit allowed on a federal estate tax return. This type of state estate tax was known as a "pick up" tax because it picked up for the state the amount of federal estate tax that would otherwise be paid to the federal government.

[17] When Congress phased out the state estate tax credit, beginning in 2002, North Carolina enacted legislation not to conform to the phase out of the credit. In other words, North Carolina began tying the amount of the State estate tax owed to the federal credit as it existed in 2001 rather than as it currently exists. Georgia, South Carolina, and Tennessee have not had an estate tax since January 1, 2005, because their estate tax equals the amount of the state estate tax credit allowed on the federal estate tax return. Virginia repealed its estate tax, effective July 1, 2007.

[18] North Carolina's estate tax would have been revised in 2011 based upon the Code as written on May 1, 2010.

[19] Article I, Sec. 16 of the North Carolina Constitution.

[20] S.L. 2002-126.

- 15-year recovery period for qualified leasehold improvements, restaurant building and improvements, and retail improvements
- Seven-year recovery period for motor sports entertainment costs recovery
- Expensing election for certain film and television production costs
- Brownfields remediation expensing

The 2010 Tax Relief Act extends the Work Opportunity Tax Credit (WOTC) to include individuals who begin employment after August 31, 2011, and before January 1, 2012. The WOTC is equal to 40% of up to $6,000 of the targeted employee's qualified first year wages. North Carolina's WOTC is equal to 6% of the federal WOTC for wages paid for positions located in this State. The federal WOTC was scheduled to expire September 1, 2011.

The 2010 Tax Relief Act extends the following charitable incentives for taxable years 2010 and 2011:

- Deduction for contributions of food inventory
- Deduction for contributions by C corporations of books to public schools
- Deduction for corporate contributions of computer equipment for educational purposes
- Basis adjustment to stock of S corporations making charitable contributions of property

Individual Income Tax Extenders for 2010, 2011, and 2012

The 2010 Tax Relief Act extends many of the Bush-era individual tax incentives included in the EGTRRA for two years. Some of the tax incentives expired in 2010 and others were scheduled to expire in 2011. North Carolina conformed to these incentives in 2002[21]; however, under existing North Carolina law, many of these incentives expired for the 2010 taxable year and others are scheduled to expire for the 2011 taxable year. House Bill 124 would conform to these extensions.

The following three individual income tax incentives were scheduled to expire in 2010, but the 2010 Tax Relief Act extends the incentives retroactively for the 2010 tax year and the 2011 tax year:

- Tax deduction for higher education tuition expenses
- Up to $250 deduction for teacher's classroom expenses
- Charitable contribution of IRA proceeds

The following individual income tax incentives were scheduled to expire in 2011, but 2010 Tax Relief Act extends the incentives for the 2011 and 2012 taxable years:

- *No limitation on itemized deductions.* Section 68 of the Code, first added in 1990, established an overall limitation on itemized deductions. This limitation was gradually repealed starting in 2006, with the phase-out complete in taxable year 2010. The limitation was scheduled to revert in full in 2011. The 2010 Tax Relief Act extends the complete repeal of the limitation for 2011 and 2012.
- *Enhancements to the earned income tax credit (EITC).* The EITC is a refundable tax credit that varies depending on the number of the taxpayer's qualifying children. North Carolina's EITC is equal to 5% of the federal credit amount. EGTRRA increased the EITC from 40% to 45% of a family's first $12,570 of earned income for families with three or more children and

[21] S.L. 2002-126.

an increase in the beginning point of the phase-out range for married coupled filing a joint return by $1,880. The enhancements were set to expire for the 2011 taxable year. The 2010 Tax Relief Act extends the enhancements through the 2011 and 2012 taxable years.

- *Enhancements to the adoption tax credit.* EGTRRA increased the dollar limitation for the credit and the income exclusion for employer paid expenses to $10,000, indexed for inflation. The Patient Protection and Affordable Care Act increased the credit and exclusion by another $1,000 for 2010 and 2011. The credit cap was scheduled to return to $5,000[22] for taxable years beginning on or after January 1, 2012. North Carolina's adoption tax credit is equal to 50% of the federal credit amount. The 2010 Tax Relief Act extends the enhancements made by EGTRRA for one year. Under the Act, the credit caps will revert to their prior levels in taxable year 2013.
- *Deductibility of mortgage insurance premiums.* Mortgage insurance premiums became deductible in 2007. The insurance must be in connection with home acquisition debt for a first or second home. The deduction is subject to phase-out based on a taxpayer's income. The deductibility of mortgage insurance premiums was set to expire for taxable year 2011. The 2010 Tax Relief Act extends the deduction for one more year, through taxable year 2011.
- *Educational assistance exclusion.* EGTRRA allowed employees to exclude up to $5,250 in employer-provided education assistance from income and employment taxes. The exclusion was set to expire for taxable year 2011. The 2010 Tax Relief Act extends the exclusion for taxable years 2011 and 2012.
- *Student loan interest deduction.* The student loan interest deduction is a deduction from gross income used to determine a taxpayer's adjusted gross income (AGI). The deduction is subject to a phase-out based on the taxpayer's AGI. EGTRRA eliminated the rule that the deduction only applies to payments made during the first 60 months that interest payments were required and it increased significantly the phase-out amounts. These changes were set to expire in 2011, but the 2010 Tax Relief Act extends the changes for taxable years 2011 and 2012.
- *Coverdale education savings accounts.* Coverdale education savings accounts allow a taxpayer to make nondeductible contributions and to withdraw the proceeds tax free if they are used towards educational expenses. EGTRRA increased the amount that may be contributed to an account from $500 to $2,000 and it made elementary and secondary school expenses qualified expenses. The enhancements were set to expire for the 2011 taxable year. The 2010 Tax Relief Act extends the enhancements for taxable years 2011 and 2012.
- *Qualified scholarships.* Qualified scholarships may be excluded from taxable income. EGTRRA provided that the national Health Services Corps Scholarship Program and the Armed Forces Scholarship Program are qualified scholarships for exclusion for income purposes. These scholarships were scheduled to be included in a recipient's income in taxable year 2011. The 2010 Tax Relief Act extends the income exclusion for taxable years 2011 and 2012.

Miscellaneous Business Incentives

[22]The limit is $6,000 for a special needs child.

The 2010 Jobs Act provided several tax incentives for businesses. House Bill 124 would conform to these incentives.

- *Increase in amount allowed as a deduction for start-up expenditures.* The Code allows up to $5,000 of start-up expenses to be deducted. The deduction is reduced by the amount of start-up costs that exceed $50,000. The 2010 Jobs Act increased the deduction to $10,000 for start-up and organization expenses of the taxpayer's trade or business in 2011 and increased the phase-out threshold to $60,000.
- *Modification to exclusion for gain from certain small business stock.* Fifty percent of the gain realized on qualified small business stock may be excluded from income. To qualify, the stock must be purchased at its original issue and the aggregate gross assets of the issuing corporation may not exceed $50 million and at least 80% of the value of its assets must be used in the active conduct of one or more trades or businesses. The exclusion is capped at the greater of 10 times the taxpayer's basis in the stock or $10 million. ARRTA temporarily increased from 50% to 75% the exclusion for qualified small business stock sold by an individual. The increased exclusion percentage is applicable to stock acquired after February 17, 2009, and before January 1, 2011. North Carolina conformed to ARRTA's temporary increase of the exclusion. The 2010 Jobs Act increaseed the exclusion percentage to 100% for stock acquired after September 27, 2010, and before January 1, 2011.

Provisions in the 2010 Jobs Act Designed to Increase Revenue

The 2010 Jobs Act contained provisions to increase revenues. The provisions projected to raise the most revenue were related to higher federal tax penalty provisions. These provisions would not apply to North Carolina and would not increase any revenues payable to North Carolina. The Act also contained some retirement-friendly provisions that, if chosen by the taxpayer, would encourage up-front distributions that would be taxable. House Bill 124 would conform to these changes.

- *Deduction for health insurance costs in computing self-employment taxes.* The 2010 Jobs Act allows self-employed individuals to deduct the cost of health insurance for the individual and immediate family to determine income subject to federal self-employment taxes. Health insurance costs were already deductible for regular income tax purposes. The reduction in self-employment taxes affects North Carolina taxable income because self-employment taxes were deductible in determining State taxable income. Self-employed taxpayers with health insurance costs will have larger State taxable incomes because less self-employment taxes were imposed and deducted at the federal level.
- *Allow participants in governmental 457 plans to treat elective deferrals as Roth contributions.* The 2010 Jobs Act gives participants the option to move retirement savings from government 457(b) plans to Roth accounts starting in 2011. The conversion will be taxable while the earrings and distributions from Roth accounts are generally tax free.
- *Allow rollovers from elective deferral plans to Roth designated accounts.* The 2010 Jobs Act allows retirement plans to offer participants the option starting September 27, 2010 to rollover distributions into Roth accounts within the same retirement plan. The rollover will be taxable while the earnings and distributions from the Roth account are generally tax free.
- *Permit partial annuitization of a nonqualified annuity contract.* The 2010 Jobs Act allows the owner of an annuity contract to begin receiving benefits based on a portion of the value of the annuity and leaving the balance of the annuity to accumulate earnings tax free. This option starts in 2011.

- *Source rules for income on guarantees.* The 2010 Jobs Act clarifies the federal tax treatment of guarantee fees as income sourced to the United States if connected to the United States by a domestic payer or by the conduct of a trade or business in the United States.

EFFECTIVE DATE: House Bill 124 would become effective when it becomes law. However, any amendments to the Internal Revenue Code enacted after May 1, 2010, that increase North Carolina taxable income for the 2010 taxable year or impose an estate tax on the estate of a decedent dying in calendar year 2010 would become effective for taxable years beginning on or after January 1, 2011

H124-SMRB-11(e2) v1

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue					
EFFECTIVE DATE: Effective when it becomes law					

BILL SUMMARY: This proposal would update the reference to the Internal Revenue code used in defining and determining certain State tax provisions from May 1, 2010, to January 1, 2011. By doing so, North Carolina would conform to many of the changes made by the federal Small Business Jobs Act of 2010 (2010 Jobs Act) and the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (2010 Tax Relief Act). The proposal would not conform to the following federal tax law provisions:

- Bonus depreciation. – Bonus depreciation allows a business to claim more of a deduction up front and spread the remainder out over the normal deprecation schedule. Over the life of the asset, the taxpayer receives the same benefit. The normal deprecation schedule is usually five to 15 years, depending upon the asset. In the past, Congress has provided 50% bonus depreciation for qualified property to spur economic investment. The bonus depreciation provision was scheduled to expire for property acquired and placed in service in 2010. The 2010 Jobs Act extended the 50% bonus depreciation provision to property placed in service in taxable years 2010 and 2011. The 2010 Tax Relief Act boosted the 50% bonus depreciation to 100% for property acquired and placed in service after September 8, 2010, and before January 1, 2012, and it provided 50% bonus depreciation for property placed in service after December 31, 2012, and before January 1, 2013. Although the proposal decouples from bonus depreciation, it provides that the property's basis is the same for federal and State purposes. The taxpayer must add-back 85% of the accelerated depreciation amount in the year that it is claimed for federal tax purposes, and then deduct 20% of this amount, plus the normal depreciation amount, over the next five years.

- Section 179 expensing. – Section 179 expensing allows the expensing of the purchase price of some business assets in the year of purchase rather than taking depreciation over the life of the asset. Section 179 has a deduction limit that begins to phase out on a dollar for dollar scale once an investment limit is reached. The deduction limit is $25,000 and the investment limit is $200,000. In the past, Congress has increased both the deduction limit and the investment limit to spur economic investment. For the 2010 taxable year, the deduction limit was $250,000 and the investment limit was $800,000. The expensing limits were scheduled to revert to their prior levels in 2011. The 2010 Jobs Act expanded the section 179 deduction limits from $250,000 to $500,000 for the 2010 taxable year and from $25,000 to $500,000 for the 2011 taxable year; it expanded the investment limits from $800,000 to $2,000,000 for the 2010 taxable year and from $200,000 to $2,000,000 for the 2011 taxable year; the expensing limits were scheduled to revert to their prior levels in 2012. It also broadened the definition of qualified property to include certain real property investments for the 2010 and 2011 taxable years. The 2010 Tax Relief Act expanded the section 179 deduction limits for the 2012 taxable year from $25,000/$200,000 to $125,000/$500,000; the expensing limits are scheduled to revert to their prior levels of $25,000/$200,000 in 2013. The proposal would maintain the 2010

deduction limits of $250,000 and $800,000 for taxable years 2010 and 2011. It would decouple from the enhanced limits of $500,000 and $2,000,000 for taxable years 2010 and 2011 but provide that the property's basis would be the same for federal and State purposes. The proposal provides that a taxpayer must add-back 85% of the additional expensing taken under federal law in 2010 and 2011 and may deduct 20% of this amount over the succeeding five years. The proposal would conform to the expensing limits of $125,000/$500,000 for the 2012 taxable year.

- Estate tax. – The federal estate tax expired for decedents dying in 2010. The estate tax had been scheduled to reemerge in 2011 at the 2001 exclusion amount of $1 million and the maximum estate tax rate of 55%. The 2010 Tax Relief Act revived the federal estate tax retroactively to January 1, 2010, with an exclusion amount of $5 million (the portability provision effectively provides an exclusion amount of $10 million for married couples) and a maximum estate tax rate of 35%. The estate of a decedent dying in 2010 may elect not to pay estate tax, and receive a modified carryover basis in the property passing through the estate. The estate tax provisions are scheduled to return to the 2001 rates and exclusion amounts for decedents dying on or after January 1, 2013. The proposal would conform to the higher exclusion amounts and give estates that chose to pay federal estate tax and receive the stepped-up basis in the property passing through the estate to elect to receive the stepped-up basis for NC purposes by paying the State estate tax for 2010.

The proposal would conform to all other provisions in the 2010 Jobs Act and the 2010 Tax Relief Act. The other provisions in the 2010 Jobs Act include the following:

- An increased exclusion amount of the gain realized on qualified small business stock. The exclusion amount is increased from 50% to 75% for stock acquired after February 17, 2009, and before January 1, 2011, and held for more than five years.
- An increased deduction limit for start-up expenses. The deduction is reduced by the amount of start-up costs that exceed a certain amount. The deduction limit is increased from $5,000 to $10,000 and the phase-out threshold is increased from $50,000 to $60,000.
- Various other small provisions that are intended to generate revenue. – Deduction for health insurance costs, 457 plans, 401(k) rollovers to Roth accounts, annuitization of a nonqualified annuity contract, sources rules for income on guarantees.

The 2010 Tax Relief Act extended many of the tax incentives enacted in the Economic Growth and Tax Relief Reconciliation Act of 2001 for two years. North Carolina conformed to these incentives in 2002; however, under existing North Carolina law, several of these incentives expired for the 2010 taxable year and many others are scheduled to expire for the 2011 taxable year. The proposal would conform to the federal effective date extensions.

The 2010 Tax Relief Act extended the following business tax incentives that were set to expire for the 2010 taxable year for the 2010 and 2011 taxable years:

- 15-year recovery period for qualified leasehold improvements, restaurant building and improvements, and retail improvements
- Seven-year recovery period for motor sports entertainment costs recovery
- Expensing election for certain film and television production costs
- Brownfields remediation expensing

The 2010 Tax Relief Act extended the Work Opportunity Tax Credit (WOTC) to include individuals who begin employment after August 31, 2011, and before January 1, 2012. North Carolina's WOTC is equal to 6% of the federal WOTC for wages paid for positions located in this State. The federal WOTC was scheduled to expire September 1, 2011.

The 2010 Tax Relief Act extended the following charitable incentives for taxable years 2010 and 2011:

- Deduction for contributions of food inventory
- Deduction for contributions by C corporations of books to public schools
- Deduction for corporate contributions of computer equipment for educational purposes
- Basis adjustment to stock of S corporations making charitable contributions of property

The 2010 Tax Relief Act extended the following individual income tax incentives retroactively for the 2010 taxable year and the 2011 taxable year:

- Tax deduction for higher education tuition expenses
- Up to $250 deduction for teacher's classroom expenses
- Charitable contribution of IRA proceeds

The following individual income tax incentives were scheduled to expire in 2011, but 2010 Tax Relief Act extends the incentives for the 2011 and 2012 taxable years:

- No limitation on itemized deductions.
- Enhancements to the earned income tax credit (EITC). North Carolina's EITC is equal to 5% of the federal credit amount.
- Enhancements to the adoption tax credit. North Carolina's adoption tax credit is equal to 50% of the federal credit amount.
- Deductibility of mortgage insurance premiums.
- Educational assistance exclusion.
- Student loan interest deduction.
- Increased amount that may be contributed to Coverdale education savings accounts and expansion of qualified expenses to include elementary and secondary school expenses.
- Exclusion of scholarships received from the national Health Services Corps Scholarship Program and the Armed Forces Scholarship Program from income.

Source: Committee Counsel Bill Summary

ASSUMPTIONS AND METHODOLOGY:
Except as outlined below, the fiscal impact to the General Fund from partial conformity with the IRC update is based on the US Joint Committee on Taxation (JCT) estimates on changes to federal taxes from the update. The methodology used begins with these JCT estimates, which are calculated by federal fiscal year. Fiscal Research adjusts these numbers back to an approximate calendar year tax impact. Then the next step was to prorate the national numbers to the state impact. This adjustment involved two steps: accounting for the relative size of the state based on federal tax collections and then adjusting for the difference in federal and state marginal tax rates. Once North Carolina's share of the JCT estimates were determined, state tax liability changes were estimated and allocated to the appropriate fiscal year.

The estimate of the bonus depreciation provision is based on data obtained from the Department of Revenue from the 2004 and 2008 tax returns. The estimate is derived from the tax that would not have been paid had North Carolina not required an add-back for bonus depreciation in computing State taxable income for both of those years. In order to assess the impact of the 85% add-back of the bonus depreciation and the Section 179 deduction, a depreciation schedule was developed. The depreciation simulation was used to determine the impact of the bonus depreciation and the Section 179 deduction with the adoption of an 85% add-back rule and a 5 year deduction for each fiscal year.

The estimate to conform to the estate tax provision of the Tax Relief Act was prepared based on tax return data obtained from the Department of Revenue for the 2007, 2008, and 2009 tax years. The impact is estimated from the tax that would not have been received as a result of the increase in the federal exclusion amount.

The Tax Relief Act of 2010 included multiple extensions of tax credits and deductions which were first enacted under the Economic Growth and Tax Relief Reconciliation Act of 2001. Because the changes were extensive and the Act was in place for ten years, the revenue base was adjusted to include the impacts from the Act. If the Tax Relief Act had not been enacted, then the result would have been an increase in General Fund revenue as result of the various federal tax law changes expiring for the 2011 tax year. Because they were extended for two years, there is no impact for FY 2011-12 and FY 2012-13. In the out years, after the latest extensions expire there will be a net gain to General Fund revenues. As with other calculations related to federal tax changes, analysis from the JCT was used to determine state tax liability. General Fund revenue changes would occur in FY 2013-14 and FY 2014-15.

SENATE FINANCE COMMITTEE
Wednesday, March 9, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 9, 2011 in room 544 of the Legislative Office Building. Casey Potter of Wilson, Kerstin Brolon of Willow Springs and Will Klemme of High Point served as pages. Twenty-six members of the committee were present. Senator Rucho presided as chair.

S.B. 51 – Charitable Solicitations/Clarify Exemption

Senator Bingham was recognized to explain the bill which would exempt from the charitable solicitation licensure requirements any organization with a membership that is composed solely of 20 or more educational institutions. He distributed a list of North Carolina's independent colleges and universities. Senator Rabon moved for a favorable report and the motion carried. A copy of the bill, the summary and the college list is attached.

Presentations

The Recession and the UI Trust Fund

David Clegg, Deputy Chair and Chief Operating Officer of the Employment Security Commission (ESC), was recognized. He gave an overview of the history of the Unemployment Trust Fund, how it has been affected by the recession, how it is used and ESC recommendations to improve the condition of the fund. A copy of his powerpoint is attached.

The meeting adjourned at 1:59 PM.

SENATE BILL 51

Short Title:	Charitable Solicitations/Clarify Exemption.	(Public)
Sponsors:	Senator Bingham.	
Referred to:	Finance.	

February 10, 2011

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT CERTAIN ORGANIZATIONS OF EDUCATIONAL INSTITUTIONS ARE COVERED BY THE EDUCATIONAL INSTITUTION EXEMPTION FROM CHARITABLE SOLICITATION LICENSING REQUIREMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 131F-3 reads as rewritten:

"**§ 131F-3. Exemptions.**

The following are exempt from the provisions of this Chapter:

(1) Any person who solicits charitable contributions for a religious institution.

(2) Solicitation of charitable contributions by the federal, State, or local government, or any of their agencies.

(3) Any person who receives less than twenty-five thousand dollars ($25,000) in contributions in any calendar year and does not provide compensation to any officer, trustee, organizer, incorporator, fund-raiser, or solicitor.

(4) Any educational institution, the curriculum of which, in whole or in part, is registered, approved, or accredited by the Southern Association of Colleges and Schools or an equivalent regional accrediting body, ~~and~~ any educational institution in compliance with Article 39 of Chapter 115C of the General Statutes, ~~and~~ any foundation or department having an established identity with any of these educational ~~institutions.~~institutions, and any organization with a membership that is composed solely of 20 or more educational institutions as defined under this Chapter.

(5) Any hospital licensed pursuant to Article 5 of Chapter 131E or Article 2 of Chapter 122C of the General Statutes and any foundation or department having an established identity with that hospital if the governing board of the hospital, authorizes the solicitation and receives an accounting of the funds collected and expended.

(6) Any noncommercial radio or television station.

(7) A qualified community trust as provided in 26 C.F.R. § 1.170A-9(e)(10) through (e)(14).

(8) A bona fide volunteer or bona fide employee or salaried officer of a charitable organization or sponsor.

(9) An attorney, investment counselor, or banker who advises a person to make a charitable contribution.

(10) A volunteer fire department, REACT (Radio Emergency Associated Communications Teams), rescue squad, or emergency medical service.

(11) A Young Men's Christian Association or a Young Women's Christian Association.

(12) A nonprofit continuing care facility licensed under Article 64 of Chapter 58 of the General Statutes.

(13) Any tax exempt nonprofit fire or emergency medical service organization involved in the sale of goods or services that does not ask for a donation."

SECTION 2. This act becomes effective July 1, 2011.

SENATE BILL 51:
Charitable Solicitations/Clarify Exemption

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 8, 2011
Introduced by:	Sen. Bingham	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 51 would exempt from the charitable solicitation licensure requirements any organization with a membership that is composed solely of 20 or more educational institutions.***

CURRENT LAW AND BILL ANALYSIS: A charitable organization that solicits contributions in this State must be licensed to do so by the Secretary of State. The license must be renewed annually. The cost of the license varies depending upon the amount of contributions received in the last fiscal year. For an organization that receives contributions of $200,000 or more, the license fee is $200. The organization must also file an annual report.

Among the list of nonprofits[1] exempt from the licensure and reporting requirements are educational institutions accredited by the Southern Association of Colleges and Schools and any foundation having an established identity with any of these schools. The North Carolina Independent Colleges and Universities is an organization comprised of 36 North Carolina private, non-profit colleges and universities accredited by the Southern Association of Colleges and Schools. In addition to services the organization provides to its member schools, it solicits contributions for its Independent College Fund of NC. The money in the Fund is used to provide student scholarship aid. In the past, this organization has been considered a foundation having an established identity with an educational institution. Recently, a question has arisen about the clarity of the law on this issue. This bill would provide that clarity by specifying that an organization with a membership composed solely of 20 or more educational institutions is exempt.

EFFECTIVE DATE: The bill would become effective July 1, 2011.

S51-SMRB-13(e1) v1

[1] Other nonprofit entities exempt from the licensure requirements include religious institutions, volunteer fire departments, and nonprofit continuing care retirement homes.

NC UI Benefit Payments

January 2010 – December 2010

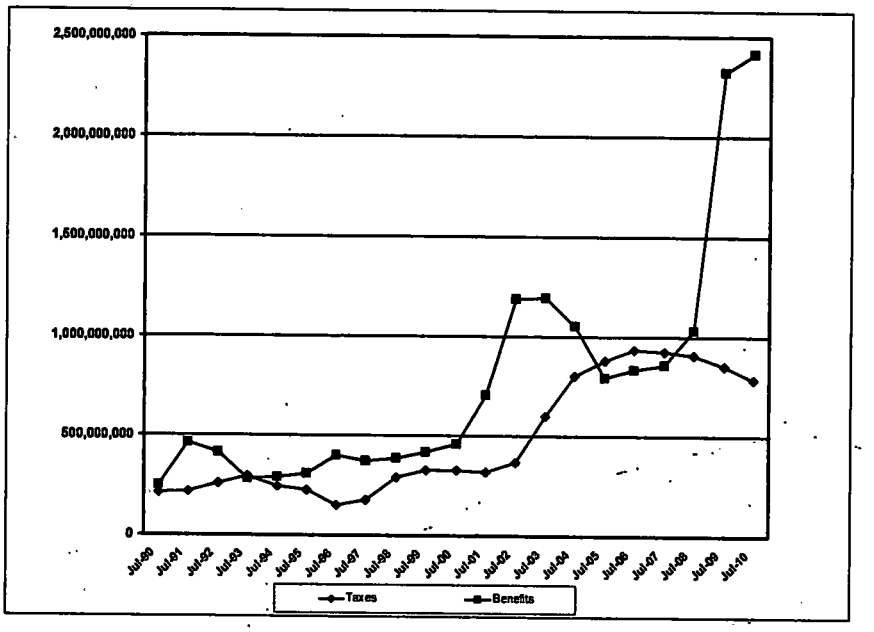
$5.43 Billion Total Benefits

$3.45 Billion Federal Benefits

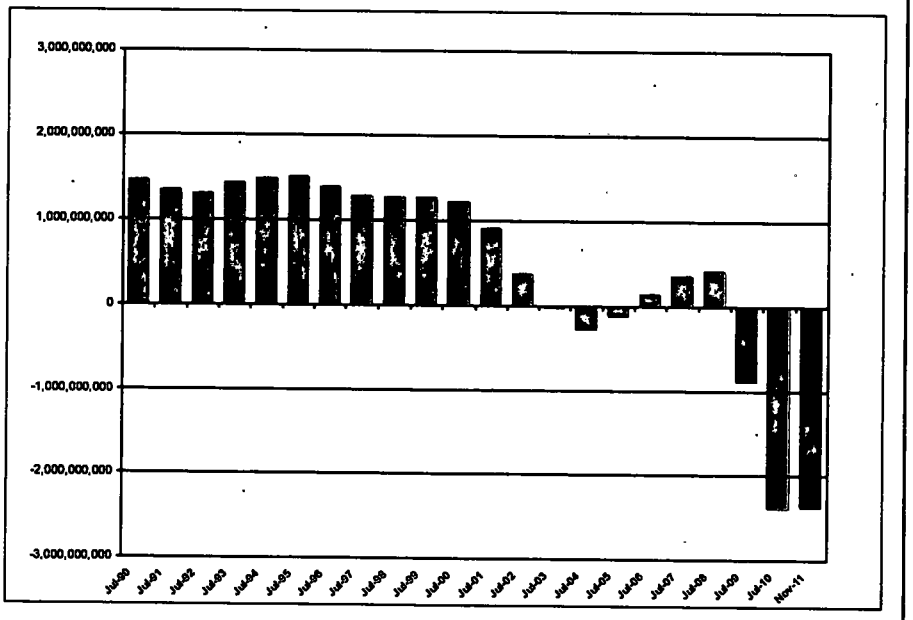
$1.98 Billion in State Benefits

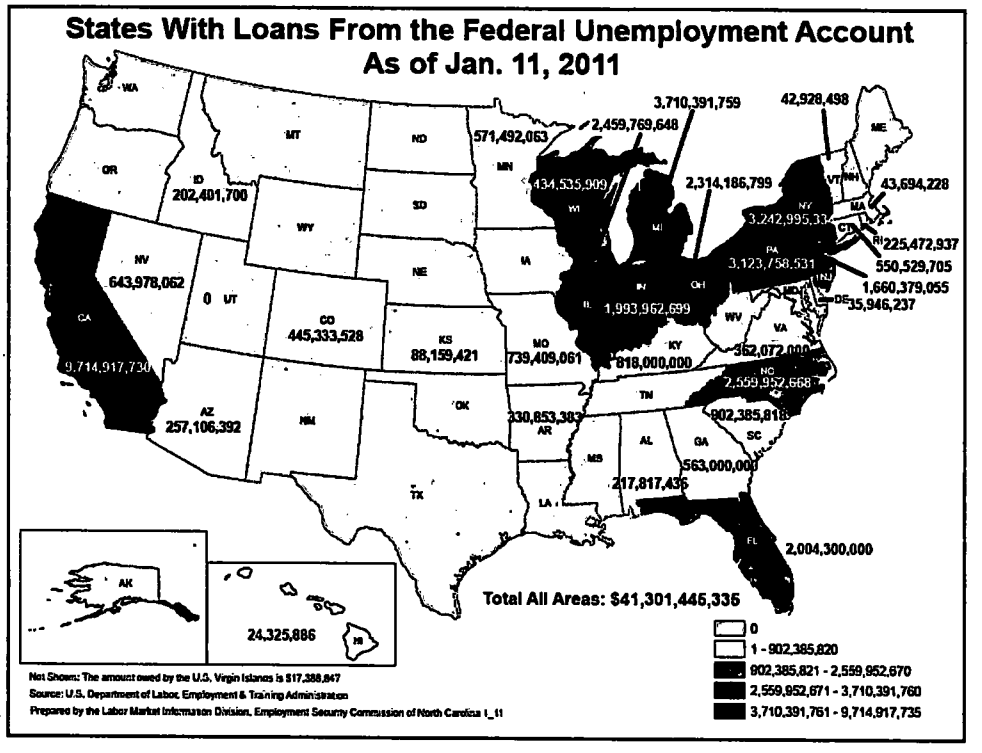
$955.2 Million in Tax Collections
(Trust Fund and State Reserve)

UI Trends - Taxes and Benefits



UI Trends - Trust Fund Balance





Purpose of UI Trust Fund

- Provide temporary assistance to those who have lost their jobs through no fault of their own
- Help stabilize the economy in times of economic downturn.

Title XII of Social Security Act

- "...provides for state advances (loans) when a state determines their Unemployment Fund will not have adequate funding to allow for the payment of Unemployment Benefits."
- Current loan balance: $2,631,866,556

Tax Changes

- **March 1994: (Senate Bill 151 – Extra Session 1994)**
  - **50% tax rate reduction when fund balance equals or exceeds $800m**
  - **Employers with a credit ratio of 6.4% or more received a tax rate of .01%**
  - **Also reduced new employer tax rate from 2.25% to 1.8%**
- **February 1995: (Senate Bill 13 – 1995 Session)**
  - **Employers with a credit ratio of 5% or more received a tax rate of 0%**
- **July 1995: (Senate Bill 180 – 1995 Session)**
  - **Imposed a 60% overall tax rate reduction on employers with a credit ratio when the fund ratio was equal to 5.0% or greater**

Tax Law Changes

- **February 1996: (Senate Bill 2 – Extra Session 1996)**
  - **Provided a tax moratorium for all credit ratio employers for 1996**
  - **Also lowered new employer tax rate from 1.8% to 1.2%**
- **July 1999: (House Bill 275 – 1999 Session)**
  - **Training and Reemployment Contribution provided a 20% reduction in employer tax rates while imposing a corresponding 20% contribution for Department of Community College training programs and ESC reemployment services**
  - **Expanded 0% tax rate to employers with credit ratios of 4% or greater**
  - **Lowered new employer tax rate from 1.2% to 1.0%**
  - **Repealed 1-1-2011**

Tax Law Changes

- **July 2003: (HB 1241 – 2003 Session) Imposed a delay in collection of 20% unemployment surtax for one year.**
- **2003 – NC issued $172 million in Tax Anticipation Notes (TAN) to pay Federal Loans.**
- **2004 – NC issued $269 million in TANs to pay additional borrowing. These bonds were repaid in 2005.**
- **August 2005: (SB 757 – 2005 Session) Raised trigger for 50% tax reduction from $800 million to 1.95% of gross taxable wages reported to ESC.**

Experience Rated Accounts

- Annual Computation July 31
- Average Tax Rate 2011: 1.8%
- 2011 Tax Rates
  - 197,691 Experience Rated Employers
    - **59,972 Higher (30%)**
      - **13,000 came off New Employer Tax rate**
    - **68,812 Lower (35%)**
    - **68,907 No Change (35%)**

Employer Accounts

- 197,691 Liable Employers
  - 8,774 Employers with the highest capped tax rate of 5.7%
- 25,087 Employers with 0% tax rate
  - 0% Tax rate is available to employers who have a credit ratio of 4% or greater

Time Line

- February 2009 – First Advance by NC of Federal Loan
- January 2011 – Interest starts accruing on Federal Debt
- September 30, 2011 – Interest Payment Due
  - **Current Rate is 4.0869%**
  - **$100 million in State Reserve to pay interest**
- November 10, 2011 – Principal Balance due to avoid FUTA credit reduction

Federal Loan Request and Repayment

- Governor or designee submits a request to the Secretary of Labor estimating amounts to be borrowed for each month of a consecutive three month period.
- Secretary of Labor certifies to Secretary of the Treasury the amounts that a State can borrow each month.
- State can access the amount of funds needed electronically.

Federal Loan Request and Repayment

- A State may elect to repay loans with any funds available at the end of each day over a specified period.
- North Carolina sweeps all revenue collected each day to pay benefits before borrowing.

Federal Loan Request and Repayment

- **Interest rate applicable to a calendar year is the rate of interest paid on balances in the Unemployment Trust Fund (UTF) for the fourth quarter of the prior calendar year.**
- **Interest rate on outstanding balances for 2011 is: 4.0869 percent.**
- **Interest cannot be paid directly or indirectly from funds in a State's account in the UTF.**
- **A State cannot use grant funds or Reed Act funds to pay interest.**

FUTA

- Federal payroll tax on employers at 6.2% on a taxable wage base of $7,000
- Employers in States that are in compliance with Federal Regulations are given a 5.4% credit on their FUTA
- A tax credit reduction of .3% annually on States with Federal loan balance outstanding for 2 consecutive Januarys
  - If NC's debt is not paid by November 10, 2011, employers effective FUTA tax rate will increase from .08% to 1.1%. Currently, employers pay $56 per employee. The increase would raise the FUTA tax to $77 per employee.

FUTA Tax Issue

	Estimated FUTA Credit Reduction*		
	2009	2010	2011
State	(%)	(%)	(%)
Alabama			0.3
Arkansas			0.3
California			0.3
Connecticut			0.3
Florida			0.3
Georgia			0.3
Idaho			0.3

Wisconsin			0.3

* Assumes balance on January 1 every year and on November 10 of the indicated year and no application of the possible third year 2.7% add-on amount.

Current Proposals

- President Obama proposed in his budget to give State's a two year moratorium on the interest.
- Provides a delay in the FUTA tax penalty
- Also provides for a increase in the taxable wage base while lowering the FUTA tax rate

Senate Bill 386

- Senator Durbin proposed a bill similar to Obama's proposal except:
  - Would provide a partial forgiveness on the debt principle if States meet certain criteria

Congressional Action

- Extension of the Emergency Unemployment Compensation through December 2011
- Extension of the interest free borrowing?
- Eliminate the FUTA credit reduction?
- Loan forgiveness?

Policy Options

- Do Nothing
- Adjust Existing Statutes
- Trust Fund Solvency

Do Nothing

- Make interest payments at Federal Rate and continue to borrow from Federal Trust Fund
- Allow FUTA tax increases to apply to outstanding balance.
  - **.3% increase in FUTA rate annually until loan is settled**
  - **Cost to employers: $56 to $77 per employee; $83 million first year**
    - **By 2015, the rate would be 2.3%, or $161 per employee**

ESC Internal Committee Recommendations

- Incrementally increase Taxable Wage Base
  - **60% - 2012; 70% - 2013; 80% - 2014**
    - **Cost to employers:**
      - **$10 - $20 million – Year 1**
      - **$30 - $40 million – Year 2**
      - **$30 - $40 million – Year 3**
- Require approximately an additional $700 million in collections to replenish the trust fund

ESC Internal Committee Recommendations

- Adjust Standard Beginning Rate
  - Change the Standard Beginning Rate from 1.2% to 2.7%
- Eliminate 0% Tax Rate
- Adjust the tax rates for Debit Ratio Employers
  - Current Rates are 2.9% - 5.7%
    - **Approximately 17,000 employers have a deficit balance in their ERA**

ESC Internal Committee Recommendations

- Adjust the standard beginning rate
  - Currently new employers rate is 1.2% for 2 years
    - **Oklahoma and South Dakota have rates this low**
  - USDOL recommended new employer rate of 2.7%
    - **Generate $38 million a year**

ESC Internal Committee Recommendations

- Modify Existing Tax Schedules
  - Have been at the highest tax schedule allowed by statute since tax year 2003
  - Current Highest rates:
    - **Credit Ratio Experience Rate – 2.7%**
    - **Debit Ratio Experience Rate – 5.7%**

Bond Issuance

- Existing debt is not a general obligation of the State
- Bonds would be a general obligation
- Tax Anticipation Notes (TAN) are not a general obligation but are capped at 50% of the anticipated annual revenue

SENATE FINANCE COMMITTEE
Tuesday, March 15, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 15, 2011 in room 544 of the Legislative Office Building. Cameron Miller of Willow Spring and Cole Nye and Kathryn Bridgers of Elizabethtown served as pages. Twenty-nine members of the committee were present. Senator Hartsell presided as chair.

S.B. 118 – Downtown Service District Definition

Senator Preston was recognized to explain the bill which expands the list of examples of improvements authorized in a municipal service district for downtown revitalization to include public buildings, restrooms, docks, visitor centers, and tourism facilities. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 155 – Wake Local Stormwater Utility Fees

Senator Stein was recognized to explain the bill. It would allow the towns of Garner, Knightdale, Morrisville, Wendell, and Zebulon to bill stormwater utility fees in the same manner as property taxes, and in the case of nonpayment, to collect them in the same manner as property taxes. Senator Dannelly moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 269 – Hillsborough Occupancy Tax

Senator Kinnaird was recognized to explain the bill. It authorizes the Town of Hillsborough, located in Orange County, to levy a 3% room occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. Mayor Tom Stevens was recognized to speak in favor of the bill. Senator Garrou moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

Presentations

Senator Hartsell recognized Harry Payne, the State's former labor commissioner.

David Clegg, Deputy Commissioner of the Employment Security Commission (ESC), was recognized to answer questions regarding his presentation at the previous meeting. Mr. Payne was recognized to commend Mr. Clegg's presentation. He said that many years ago the ESC did forewarn the Legislature of the pending debt, but received no support. The process has now improved and North Carolina's ESC has received national attention. The current economic collapse has added to the ESC's debt and every state is suffering.

The meeting adjourned at 2:26 PM.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

S 1

SENATE BILL 269

Short Title:	Hillsborough Occupancy Tax.	(Local)
Sponsors:	Senator Kinnaird.	
Referred to:	Finance.	

March 9, 2011

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWN OF HILLSBOROUGH TO LEVY A ROOM OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1.1. Occupancy tax. – (a) Authorization and Scope. – The Town Board of the Town of Hillsborough may levy a room occupancy tax of up to three percent (3%) of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the town that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose.

SECTION 1.1.(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

SECTION 1.1.(c) Distribution and Use of Tax Revenue. – The Town of Hillsborough shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Hillsborough Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in the Town of Hillsborough and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the town of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross proceeds collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Hillsborough Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in the town or to attract tourists or business travelers to the town. The term includes tourism-related capital expenditures.

SECTION 1.2. Tourism Development Authority. – (a) Appointment and Membership. – When the Town Board adopts a resolution levying a room occupancy tax under

this act, it shall also adopt a resolution creating the Hillsborough Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members shall be individuals who are affiliated with businesses that collect the tax in the town, and at least one-half of the members shall be individuals who are currently active in the promotion of the travel and tourism in the town. The Town Board shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority. The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The finance officer for the Town of Hillsborough shall be the ex officio finance officer of the Authority.

SECTION 1.2.(b) Duties. – The Tourism Development Authority shall expend the net proceeds of the tax levied under this act for the purposes provided in Section 1 of this act. The Authority shall promote travel, tourism, and conventions in the town, sponsor tourist-related events and activities in the town, and finance tourist-related capital projects in the town.

SECTION 1.2.(c) Reports. – The Tourism Development Authority shall report quarterly and at the close of each fiscal year to the Hillsborough Town Board on its receipts and expenditures for the preceding quarter and for the year in such detail as the Town Board may require.

SECTION 2. G.S. 160A-215(g) reads as rewritten:

"(g) Applicability. – Subsection (c) of this section applies to all cities that levy an occupancy tax. To the extent subsection (c) conflicts with any provision of a local act, subsection (c) supersedes that provision. The remainder of this section applies only to Beech Mountain District W, to the Cities of Belmont, Conover, Eden, Elizabeth City, Gastonia, Goldsboro, Greensboro, Hickory, High Point, Jacksonville, Kings Mountain, Lenoir, Lexington, Lincolnton, Lowell, Lumberton, Monroe, Mount Airy, Mount Holly, Reidsville, Roanoke Rapids, Salisbury, Shelby, Statesville, Washington, and Wilmington, to the Towns of Ahoskie, Beech Mountain, Benson, Bermuda Run, Blowing Rock, Boiling Springs, Boone, Burgaw, Carolina Beach, Carrboro, Cooleemee, Cramerton, Dallas, Dobson, Elkin, Franklin, Hillsborough, Jonesville, Kenly, Kure Beach, Leland, McAdenville, Mocksville, Mooresville, Murfreesboro, North Topsail Beach, Pembroke, Pilot Mountain, Ranlo, Selma, Smithfield, St. Pauls, Troutman, Tryon, West Jefferson, Wilkesboro, Wrightsville Beach, Yadkinville, and Yanceyville, and to the municipalities in Avery and Brunswick Counties."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 269:
Hillsborough Occupancy Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 14, 2011
Introduced by:	Sen. Kinnaird	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 269 authorizes the Town of Hillsborough, located in Orange County, to levy a 3% room occupancy tax. At least two-thirds of the proceeds would be used to promote travel and tourism and the remainder would be used for tourism-related expenditures. This bill conforms to the guidelines supported by the North Carolina Travel and Tourism Coalition and adhered to by the House Finance Committee.

CURRENT LAW: Currently, the Town of Hillsborough does not have authority to levy a room occupancy tax. Orange County has had authority to levy a room occupancy tax of up to 3% since 1991.[1] The other municipalities in Orange County, Carrboro and Chapel Hill, have had authority to levy a room occupancy tax of up to 3% since 2001 and 1987 respectively.[2]

BILL ANALYSIS: Senate Bill 269 authorizes the Town of Hillsborough to levy a room occupancy tax of up to three percent (3%). Once levied, the total occupancy tax rate for the town would be up to six percent (6%) when the county tax is included. The proceeds of the tax levied by the town must be remitted to a Tourism Development Authority (TDA), to be created by the town's governing body when the tax is first levied. The TDA must use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourism-related expenditures. These administrative and use provisions conform to the uniform guidelines recognized by the House Finance Committee and set out in the chart below.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be

[1] S.L. 1991-392. Orange County's occupancy tax does not conform to the occupancy tax guidelines.
[2] S.L. 2001-439 and S.L. 1987-460. Chapel Hill's occupancy tax does not conform to the occupancy tax guidelines; Carrboro's occupancy tax does conform to the guidelines.

spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

The North Carolina Travel and Tourism Coalition has a policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the guidelines established by a House Finance Subcommittee on Occupancy Taxes in 1993. The House Finance Committee Chairs have traditionally appointed a Subcommittee on Occupancy Taxes that scrutinizes occupancy tax legislation to determine whether the legislation adheres to the guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium.

EFFECTIVE DATE: Senate Bill 269 is effective when it becomes law.

Trina Griffin, counsel to the House Finance Committee, substantially contributed to this summary.

EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Town of Hillsborough

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY:

Senate Bill 269 authorizes the Town Board of the Town of Hillsborough to levy a room occupancy tax of up to 3%. It provides that the tax must be levied, administered, collected, and repealed as provided in GS 160A-215 (uniform provisions for room occupancy taxes). The bill requires the Hillsborough Tourism Development Authority (TDA) to use at least two-thirds of the occupancy tax proceeds to promote travel and tourism in the town and the remainder for tourism-related expenditures. It mandates that at least one-third of the members of the TDA be affiliated with businesses that collect the tax in the town, and at least one-half of the members be currently active in the town's travel and tourism promotion. Senate Bill 269 makes conforming change to GS 160A-215(g).

ASSUMPTIONS AND METHODOLOGY:

The Town of Hillsborough currently has 208 rooms that would be subject to the proposed 3% local room occupancy tax. According to the town, Orange County estimates that approximately $50,000 from the current 3% county occupancy tax is derived from hotel rooms in Hillsborough.

Orange County reported $935,220 in occupancy tax collections for taxable year 2009. Chapel Hill, the only municipality in Orange County that currently levies a room occupancy tax, reported $891,857 for collections during that same year. Both Orange County and Chapel Hill levy a 3% occupancy tax. It's assumed that the $43,363 difference was collected from hotels in the town of Hillsborough. This amount was then grown using the leisure and hospitality portion of North Carolina's gross state product as projected by Moody's Economy.com.

SENATE BILL 155*

Short Title:	Wake Local Stormwater Utility Fees.	(Local)
Sponsors:	Senator Stein.	
Referred to:	State and Local Government.	

March 2, 2011

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWNS OF GARNER, KNIGHTDALE, MORRISVILLE, WENDELL, AND ZEBULON TO COLLECT DELINQUENT STORMWATER UTILITY FEES IN THE SAME MANNER AS THEY MAY COLLECT DELINQUENT PERSONAL AND REAL PROPERTY TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 4 of S.L. 2005-441 reads as rewritten:

"**SECTION 4.** This act is effective when it becomes law and applies to stream-clearing activities commenced on or after that date. Section 3 of this act applies only to the ~~Town~~Towns of Garner, ~~Kernersville~~ Kernersville, Knightdale, Morrisville, Wendell, and Zebulon and the Village of Clemmons."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 155:
Wake Local Stormwater Utility Fees

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 14, 2011
Introduced by:	Sen. Stein	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 155[1] would allow the towns of Garner, Knightdale, Morrisville, Wendell, and Zebulon to bill stormwater utility fees in the same manner as property taxes, and in the case of nonpayment, to collect them in the same manner as property taxes. The Senate State and Local Government Committee gave the bill a favorable report.

CURRENT LAW: Cities may operate a stormwater management program as a public enterprise[2] and may establish a schedule of fees for the services furnished by the program. A city may collect delinquent fees by any remedy provided by law for collecting and enforcing private debts. As a general rule, fees for enterprisory services cannot be a lien upon the property served by the enterprisory service. In 1991, the General Assembly provided an exception to this rule for fees imposed for solid waste collection and disposal services when it allowed cities and counties to collect the fees for this service in the same manner as property taxes. Delinquent property taxes may be collected using any one or more of the remedies provided in G.S. 105-366 through G.S. 105-375:

- Levy upon and sell or attach personal property.
- Attachment and garnishment of wages and other compensation, rents, bank deposits, the proceeds of property subject to levy, or any other intangible property.
- Foreclosure of real property.

By local acts, the General Assembly has authorized numerous cities and counties to collect delinquent water and sewer fees or sewer treatment fees in the same manner as property taxes.[3] In 2005, the General Assembly authorized the Town of Kernersville and the Village of Clemmons to collect delinquent stormwater management fees in the same manner as property taxes.

BILL ANALYSIS: Senate Bill 155 is a local act that would add the towns of Garner, Knightdale, Morrisville, Wendell, and Zebulon to the local legislation enacted for Kernersville and Clemmons in 2005, thereby allowing these towns to adopt an ordinance providing that stormwater utility fees may be billed with property taxes and made payable in the same manner as property taxes, and in the case of nonpayment, may be collected in the same manner as delinquent property taxes. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee.

EFFECTIVE DATE: This act is effective when it becomes law.

SESSION 2011

S 1

SENATE BILL 118

Short Title:	Downtown Service District Definition.	(Public)
Sponsors:	Senator Preston.	
Referred to:	State and Local Government.	

February 24, 2011

A BILL TO BE ENTITLED

AN ACT TO EXPAND THE DEFINITION OF DOWNTOWN REVITALIZATION IN THE MUNICIPAL SERVICE DISTRICT LAW.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-536(b) reads as rewritten:

"(b) Downtown Revitalization Defined. – As used in this section "downtown revitalization projects" include by way of illustration but not limitation public buildings, restrooms, docks, visitor centers, and tourism facilities, improvements to water mains, sanitary sewer mains, storm sewer mains, electric power distribution lines, gas mains, street lighting, streets and sidewalks, including rights-of-way and easements therefor, the construction of pedestrian malls, bicycle paths, overhead pedestrian walkways, sidewalk canopies, and parking facilities both on-street and off-street, and other improvements intended to relieve traffic congestion in the central city, improve pedestrian and vehicular access thereto, reduce the incidence of crime therein, and generally to further the public health, safety, welfare, and convenience by promoting the economic health of the central city or downtown area. In addition, a downtown revitalization project may, in order to revitalize a downtown area and further the public health, safety, welfare, and convenience, include the provision of city services or functions in addition to or to a greater extent than those provided or maintained for the entire city. A downtown revitalization project may also include promotion and developmental activities (such as sponsoring festivals and markets in the downtown area, promoting business investment in the downtown area, helping to coordinate public and private actions in the downtown area, and developing and issuing publications on the downtown area) designed to improve the economic well-being of the downtown area and further the public health, safety, welfare, and convenience. Exercise of the authority granted by this Article to undertake downtown revitalization projects financed by a service district shall not prejudice the city's authority to undertake urban renewal projects in the same area."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 118:
Downtown Service District Definition

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 14, 2011
Introduced by:	Sen. Preston	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 118 expands the list of examples of improvements authorized in a municipal service district for downtown revitalization to include public buildings, restrooms, docks, visitor centers, and tourism facilities. The bill received a favorable report from the Senate State and Local Government Committee.

CURRENT LAW: Under current law, Article 23 of Chapter 160A of the General Statutes, a city council may define a municipal service district for downtown revitalization, in order to finance, with property taxes or bonds, improvements in the district.

A wide variety of projects are currently authorized within downtown revitalization municipal service districts, including:

> *--improvements to water mains, sanitary sewer mains, storm sewer mains, electric power distribution lines, gas mains, street lighting, streets and sidewalks, including rights of way and easements therefor, the construction of pedestrian malls, bicycle paths, overhead pedestrian walkways, sidewalk canopies, and parking facilities both on street and off street, and other improvements intended to relieve traffic congestion in the central city, improve pedestrian and vehicular access thereto, reduce the incidence of crime therein, and generally to further the public health, safety, welfare, and convenience by promoting the economic health of the central city or downtown area.*
>
> *--the provision of city services or functions in addition to or to a greater extent than those provided or maintained for the entire city, in order to revitalize a downtown area and further the public health, safety, welfare, and convenience.*
>
> *--promotion and developmental activities (such as sponsoring festivals and markets in the downtown area, promoting business investment in the downtown area, helping to coordinate public and private actions in the downtown area, and developing and issuing publications on the downtown area) designed to improve the economic well-being of the downtown area and further the public health, safety, welfare, and convenience.*

BILL ANALYSIS: Senate Bill 118 expands the list of examples of improvements authorized in a municipal service district for downtown revitalization to include public buildings, restrooms, docks, visitor centers, and tourism facilities.

EFFECTIVE DATE: This act is effective when it becomes law.

Giles Perry, counsel to the Senate State and Local Government Committee, substantially contributed to this summary.

SENATE FINANCE COMMITTEE
Wednesday, March 16, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 16, 2011 in room 544 of the Legislative Office Building. Whitney Roberts of Wilmington, Kathryn Bridgers and Cold Nye of Elizabethtown and Kristina Karpovich of Lexington served as pages. Twenty-seven members of the committee were present. Senator Rucho presided as chair.

H.B. 92 – Repeal Land Transfer Tax

Representative Howard was recognized to explain the bill which repeals the authority granted to counties in 2007 to levy, upon approval of voters in the county, a tax on the sale of real property at the rate of up to 0.4% of the value of the property. Senator Apodaca moved for a favorable report but the motion was held to allow for further discussion. Sandra Johnson, a fiscal analyst with the Fiscal Research Division was recognized to answer questions. Kevin Leonard, NC Association of County Commissioner's Director of Government Relations, was recognized. He spoke in opposition to the bill and requested that counties be allowed to continue to have this option for generating revenue and possibly reduce property taxes. A vote was called and Senator Apodaca's motion carried. A copy of the bill, the summary and the fiscal note is attached.

The meeting adjourned at 1:20 PM.

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE LAND TRANSFER TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Article 60 of Chapter 105 of the General Statutes is repealed.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 92:
Repeal Land Transfer Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 15, 2011
Introduced by:	Reps. Howard, Starnes, Brawley, Jordan	**Prepared by:**	Martha Walston Committee Counsel
Analysis of:	First Edition		

SUMMARY: HB 92 repeals the authority granted to counties in 2007 to levy, upon approval of voters in the county, a tax on the sale of real property at the rate of up to 0.4% of the value of the property.

[S226, as introduced by Sen. Tucker, is identical to H92 and is currently in Ref to Finance. If fav, re-ref to Rules and Operations of the Senate.]

CURRENT LAW: In 2007, legislation was enacted authorizing a board of county commissioners, by resolution and after 10 days public notice, to levy a local land transfer tax on instruments conveying interests in real property located in the county, up to a rate of 0.4%, in increments of 0.1%. The imposition of the tax is subject to voter approval in a public referendum. The tax is payable by the transferor of the property. The legislation exempts the same transfers as the State excise tax on conveyances.

To date, no county has achieved voter approval to levy this local land transfer tax, although 21 counties have conducted public referendums. The 21 counties are Ashe, Avery, Brunswick, Chatham, Clay, Davie, Gates[1], Graham, Harnett, Henderson, Hoke, Johnston, Macon, Moore, Orange, Pender, Polk, Rutherford, Swain, Tyrrell[2], and Union.

BILL ANALYSIS: House Bill 92 would repeal the County Land Transfer Tax Act.

EFFECTIVE DATE: This act would become effective when it becomes law.

BACKGROUND: The following counties have been given the authority by the General Assembly to levy a land transfer tax on instruments conveying an interest in real property.

COUNTY	SESSION LAW	RATE	LEVY	REVENUE FY 08-09	APPEALS BOARD	USE OF FUNDS
Dare	1985-525	$1/$100	No Vote	$4,037,302	Yes	Capital needs; shared with towns
Currituck	1985-670	$1/$100	No Vote	$1,890,224	Yes	Capital needs
Chowan	1985-881	$1/$100	No Vote	$277,266	No	Capital needs; shared with towns
Camden	1985-954	$1/$100	No Vote	$261,656	No	Capital needs
Pasquotank	1989-393	$1/$100	Vote required	$798,249	Yes	Capital needs
Perquimans	1989-393	$1/$100	Vote required	$435,085	Yes	Capital needs
Washington[3]	1989-393	$1/$100	Vote required	N/A	Yes	Capital needs

[1] Gates County conducted two public referendums, one on November 6, 2007 and one on May 4, 2008.
[2] Tyrrell County conducted two public referendums, one on May 4, 2008 and one on November 4, 2008.
[3] Has been on ballot three times, but never passed.

H92-SMSV-5(e1) v13

The State excise tax on conveyances is imposed at the rate of $1 for each $500 of sales price. The proceeds from this tax are distributed as follows: ½ to the county for any public purpose, and the remaining ½ to the Department of Revenue (75% goes to Parks and Recreation Trust Fund and 25% goes to Natural Heritage Trust Fund). The following transfers are exempt from the State excise tax on conveyances:

- By operation of law
- By lease for a term of years
- By will
- By intestacy
- By gift
- No consideration paid
- By merger, conversion, or consolidation
- By instrument securing indebtedness

H92-SMLA-7(e1) v1

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

Legislative Fiscal Note

BILL NUMBER: House Bill 92 (First Edition)

SHORT TITLE: Repeal Land Transfer Tax

SPONSOR(S): Representatives Howard, Starnes, Brawley, and Jordan

FISCAL IMPACT

Yes ( ) **No (X)** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES		***No Fiscal Impact***			
EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue, County Register of Deeds

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY:

House Bill (HB) 92 repeals Article 60 of the General Statutes Chapter 105, the County Land Transfer Tax. The land transfer tax represents one of two local financing options enacted during the 2007 legislative session (S.L. 2007-323 under Sec. 31.17). As an alternative to the land transfer tax, counties also received the option levy a one-quarter cent sales and use tax, Article 46.

Article 60 provides counties with the authority to levy a tax on conveyances if a majority of referendum voters support the tax. The land transfer tax operates alongside the excise stamp tax on conveyances of land and is administered in the same manner as the tax on conveyances. Land exempt from the tax on conveyances is also exempt from the land transfer tax. The maximum land transfer tax rate levied equals 0.4% of the greater: 1) the property value or 2) consideration paid for the property. Counties can enact or increase the land transfer tax in increments of 0.1%.

If HB 92 is enacted, the repeal of the County Land Transfer Tax will become effective when the bill becomes law.

ASSUMPTIONS AND METHODOLOGY: The repeal of Article 60, the Land Transfer Tax, has no fiscal impact because none of the counties implemented the levy. Since the enactment of Article 60 in 2007, 21 of the 100 counties have submitted the option to public vote, with two counties submitting the option twice. The decision to levy Article 60 failed public referendum in all instances.

Table 1 of the appendix covers the forgone revenue associated with the counties' decisions to not implement the levy and/ or the repeal of Article 60.

SENATE FINANCE COMMITTEE
Tuesday, March 22, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 22, 2011 in room 544 of the Legislative Office Building. Hanna Patel of Cary served as the page. Twenty-six members of the committee were present. Senator Hartsell presided as chair.

S.B. 145 – Southern Shores Canal Dredging/Maintenance

Senator White was recognized to explain the bill which is a local act that would allow the Town of Southern Shores to impose a canal dredging and maintenance fee and to assess for navigation projects. Senator White moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 107 – Tax of Improved Property in Roadway Corridors

Senator Brunstetter was recognized to explain the bill. Senator Tillman moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The original bill would reduce the property tax owed on improved property inside a roadway corridor. Unimproved property inside a roadway corridor is already taxed at a reduced value. The PCS sunsets the provision in ten years. Cindy Avrette, a staff attorney with the Research Division, was recognized to answer questions. Senator McKissick moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

Senator Rucho started to preside as chair at this point in the meeting.

S.B. 91 – Extend e-NC Sunset.

Senator Hartsell was recognized to explain the bill. Senator Brown moved to adopt the PCS for discussion and the motion carried. The PCS would extend the sunset provision pertaining to the e-NC Authority. It changes the repeal date from June 30, 2015 to December 31, 2015 and corrects the short title. Senator Clodfelter moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

S.B. 137 – Establish Forgivable Loan Fund

Senator Stevens was recognized to explain the bill. It would consolidate specific existing financial aid programs to establish the new Forgivable Education Loans for Service Program and Fund to: 1) provide financial assistance to qualified students for certain high-need professions and 2) respond to current and future employment needs in the State. The State Education Assistance Authority (SEAA) would administer the Program and Fund. The SEAA would make a report on loans from the Fund no later than December 1, 2013 and annually thereafter to the Joint Legislative Education Oversight Committee. Senator Stevens offered a technical amendment and moved for

a favorable motion. The motion carried. Senator Dannelly moved for a favorable report as amended and the motion carried. A copy of the bill, the amendment, the summary and the fiscal memo is attached.

S.B. 281 – Municipal Service District/Streets

Senator Stein was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The city may impose a higher property tax rate on the taxpayers within a defined service district to pay for the additional services received in that district. Cindy Avrette was recognized to answer questions. John Whitson, Morrisville Town Manager, was recognized to speak in favor of the bill and to answer questions. Due to the number of questions, Senator Stein requested to displace the bill to improve the bill's language. A copy of the PCS and the summary is attached.

S.B. 340 – State Historic Sites Special Fund

This bill was displaced at the request of Senator Hartsell, the bill's sponsor.

The meeting adjourned at 1:32 PM.

SENATE BILL 145

Short Title:	Southern Shores Canal Dredging/Maintenance.	(Local)
Sponsors:	Senator White.	
Referred to:	State and Local Government.	

February 28, 2011

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF SOUTHERN SHORES TO IMPOSE A CANAL DREDGING AND MAINTENANCE FEE AND TO ASSESS FOR NAVIGATION PROJECTS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 7 of S.L. 2004-104 as rewritten by S.L. 2005-47 and S.L. 2005-90 reads as rewritten:

"**SECTION 7.** This act applies only within the municipal boundaries of the Towns of Emerald Isle, Holden Beach, ~~and Ocean Isle Beach.~~"Ocean Isle Beach, and Southern Shores."

SECTION 2.(a) This section applies only to the Town of Southern Shores.

SECTION 2.(b) Sections 1 through 4 of S.L. 2004-104 as amended by Section 1 of S.L. 2007-335 reads as rewritten:

"**SECTION 1.** Fee-Supported Canal Dredging and Maintenance District. – A municipality by resolution may create a fee-supported canal dredging and maintenance district for all properties that are contiguous to a canal within the corporate limits.

"**SECTION 2.** Imposition of Annual Fees. – A municipality may impose annual fees for the dredging and maintenance of canals, both natural and concrete, within the corporate limits. The governing board shall establish the fees on or before July 1 each year.

"**SECTION 3.** Fees. – The fees imposed by the municipality may not exceed the cost of providing for the dredging and maintenance of the canals within the municipality. The fees shall be imposed on owners of each dwelling unit or parcel of property that could or does benefit from water access through the canal system ~~on the island~~ within the municipality's corporate limits, and shall be made on the basis of one of the following:

(1) The frontage abutting the project at an equal rate per foot of frontage.

(2) Per unit or parcel of property.

"**SECTION 4.** Billing of Fees. – The municipality may include a fee imposed under this section on the property tax bill for each parcel of property lying within the municipal limits on which the fee is imposed. Said fee shall be collected in the same manner as provided for in the General Statutes for the collection of ad valorem taxes, and remedies available by statute for the collection of taxes shall apply to the collection of the canal dredging and maintenance fees."

SECTION 3. Section 3 of Chapter 725 of the 1985 Session Laws reads as rewritten:

"Sec. 3. This act applies to the ~~Town of~~ Towns of Southern Shores and Sunset Beach only."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 145:
Southern Shores Canal Dredging/Maintenance

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 22, 2011
Introduced by:	Sen. White	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: Senate Bill 145 is a local act that would allow the Town of Southern Shores to impose a canal dredging and maintenance fee and to assess for navigation projects. The bill received a favorable report from the Senate State and Local Government Committee on March 8, 2011.

BILL ANALYSIS: The General Assembly authorized the Town of Ocean Isle Beach to create a fee-supported canal dredging district in 2004[1], and it granted similar authority to the Towns of Emerald Isle and Holden Beach in 2005.[2] Sections 1 and 2 of this bill would allow the Town of Southern Shores to impose a canal dredging and maintenance fee. Specifically, the bill would allow the Town of Southern Shores to do the following:

- Create a fee-supported canal dredging and maintenance district for all properties that are contiguous to a canal within its corporate limits.
- Impose annual fees for the dredging and maintenance of canals, both natural and concrete, on or before July 1 of each year. The fees may not exceed the cost of providing for the dredging and maintenance of the canals. The fees must be imposed on owners that could or do benefit from water access through the canal system within the municipality's corporate limits. The fees may be imposed on the property tax bill and collected in the same manner as ad valorem taxes.
- Abolish the district whenever there is no longer a need for it.
- Establish a capital reserve fund. If a capital reserve fund is established to build up funds to provide the service, the Town may delay providing the service until sufficient funds have accumulated (but not for longer than five years).

G.S. 160A-238 allows a city to make special assessments for beach erosion control or flood and hurricane protection. In 1985, the General Assembly authorized the Town of Sunset Beach to impose an assessment for navigation projects[3] as well. Section 3 would extend the authority to impose a special assessment for navigation projects to the Town of Southern Shores. To impose a special assessment, the Town would need to follow the procedures set forth in Article 10 of Chapter 160A: it must adopt a preliminary resolution, hold a public hearing, adopt an assessment resolution, determine the total costs of the project, prepare a preliminary assessment roll, hold a public hearing, and affirm the assessment roll.

EFFECTIVE DATE: This act is effective when it becomes law.

Brad Krehely, counsel to the Senate State and Local Government Committee, substantially contributed to this summary.

February 23, 2011

A BILL TO BE ENTITLED

AN ACT TO REDUCE THE PROPERTY TAX OWED FOR IMPROVED PROPERTY INSIDE CERTAIN ROADWAY CORRIDORS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-277.9 reads as rewritten:

"**§ 105-277.9. Taxation of property inside certain roadway corridors.**

Real property that lies within a transportation corridor marked on an official map filed under Article 2E of Chapter 136 of the General Statutes is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable at twenty percent (20%) of the ~~general tax rate levied on real property by the taxing unit in which~~appraised value of the property ~~is situated if:~~if each of the following requirements is met:

(1) As of January 1, no building or other structure is located on the ~~property; and~~property.

(2) The property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor."

SECTION 2. Article 12 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-277.9A. Taxation of improved property inside certain roadway corridors.**

(a) Reduced Assessment. – Real property on which a building or other structure is located and that lies within a transportation corridor marked on an official map filed under Article 2E of Chapter 136 of the General Statutes is designated a special class of property under Article V, Sec. 2(2) of the North Carolina Constitution and is taxable at fifty percent (50%) of the appraised value of the property if the property has not been subdivided, as defined in G.S. 153A-335 or G.S. 160A-376, since it was included in the corridor.

(b) Sunset. – This section is repealed effective for taxes imposed for taxable years beginning on or after July 1, 2021."

SECTION 3. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2011.

SENATE BILL 107:
Tax of Improved Prop. in Roadway Corridors

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 21, 2011
Introduced by:	Sens. Brunstetter, Garrou	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S107-CSRB-15		Committee Counsel

SUMMARY: ***Senate Bill 107 would reduce the property tax owed on improved property inside a roadway corridor. Unimproved property inside a roadway corridor is already taxed at a reduced value. The Proposed Committee Substitute sunsets the provision in 10 years.***

CURRENT LAW: Article V, Sec. 2(2) of the North Carolina Constitution grants the General Assembly the power to classify property for taxation. That power must be exercised on a State-wide basis, by uniform rule, in a general law uniformly applicable in every unit of local government. In 1987, the General Assembly classified unimproved property in a transportation corridor marked on an official map as a special class of property and provided that it would be taxable at 20% of its appraised value.

A transportation corridor map may be adopted by the governing body of a local government as part of a comprehensive plan for streets and highways or by the Department of Transportation for part of the State highway system. Once a transportation corridor official map is filed with the register of deed, no building permit may be issued for any building or structure on the property for up to three years.[1] If a building or structure exists on the property at the time the map is recorded, a permit may be issued provided the size of the building or structure is not increased.

There is no limit on how long the filer of a transportation corridor map may keep a proposed route on a map without purchasing the property. A property owner may petition the filer of the map for acquisition of the property due to an undue hardship on the affected property owner.[2] There are many proposed routes in the Transportation Improvement Plan and local transportation plans. Although a proposed route does not prevent the sale of the property, it does affect its salability because lenders and purchasers may not want to purchase property that may eventually be part of a highway corridor.

BILL ANALYSIS: Senate Bill 107 would classify improved property within a transportation corridor marked on an official map as a special class of property and provide that it would be taxable at 50% of its appraised value. The proposed committee substitute would sunset this property tax reduction in 10 years. The Department of Transportation's ability to purchase property in recent years has been hampered by fiscal constraints. This constraint has placed a hardship on some property owners located in a transportation corridor. The reduction in the property tax assessment is one way to ease the financial burden on the property owners. However, the reduction in the property's tax value reduces the property tax revenue available to the counties in which these corridors lie. The counties most affected are the larger ones and some of the smaller counties adjacent to them. The sunset would give the General Assembly an opportunity to review the policy in the future.

EFFECTIVE DATE: The bill would become effective for taxes imposed for taxable years beginning on or after July 1, 2011.

---

[1] G.S. 136-44.51.

[2] G.S. 136-44.53. In the last nine years, 684 hardship advance acquisition requests in protected corridors have been received with approximately 500 receiving approval. Most hardship requests are related to financial or medical difficulties.

BACKGROUND: The Department of Transportation has used the corridor protection review program since 1989. The purpose of the program is to promote greater public knowledge of a project, to help prevent uninformed buying of property within the corridor, and to prevent development in a corridor thus reducing the cost of purchasing possible rights-of-ways. Twenty-four corridors are currently recorded. Acquisitions are complete in five corridors and the process has begun in 12 others. Seven corridors have map protection only. Of those seven, it is my understanding that two are under consideration for the acquisition process to begin.[3]

In the fall of 2010, the Department implemented some changes to its current corridor protection review program:

- Proposed evaluation of each protected corridor every 10 years to ensure the protected corridor remains valid.
- Established criteria to be used in determining whether a corridor official map should be filed.
- Established a Department Roadway Corridor Official Map Committee to oversee the corridor official map process.
- Made corridor protection less restrictive for property owners by setting a timeline to respond to requests for hardship acquisitions and by allowing more flexibility with permits for variance.

Giles Perry, counsel to the Transportation Committee, contributed to this summary. Information also obtained from the Department of Transportation.

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

DATE: March 21, 2011

TO: Senator Brunstetter

FROM: Rodney Bizzell
Fiscal Research Division

RE: PCS to SB 107

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES:					
General Fund	***No General Fund Impact***				
Local Governments	***Approximate Annual Revenue Loss of $550,000***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue; NC Local Governments

EFFECTIVE DATE: Taxable Years on or after July 1, 2011.

BILL SUMMARY:
Under current law, vacant property within a roadway corridor is taxable at 20 percent of its appraised value. Improved property is taxable at the appraised value. SB 107 would provide a 50 percent reduction in the taxable value of improved property in a transportation corridor.

ASSUMPTIONS AND METHODOLOGY:
The NC Department of Transportation identified the roadway corridors that are not scheduled for near-term right-of-way acquisition. The corridors included six projects located in five counties. Fiscal Research contacted the tax assessors for those counties to determine the potential revenue loss associated with SB 107. The table below provides the revenue loss by county.

SB 107 Revenue Loss by County	
Currituck	$0 (no improved property in corridor)
Wake	$44,588
Johnston	$18,581
Pitt	$99,826
Forsyth	$385,714
Total	**$548,709**

Referred to:

February 22, 2011

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE SUNSET PROVISION PERTAINING TO THE E-NC AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 4 of S.L. 2003-425, as amended by Section 12.3(a) of S.L. 2006-66, reads as rewritten:

"**SECTION 4.** Sections 1 and 2 of this act become effective December 31, 2003, with the e-NC Authority hereby designated as the successor entity of the Rural Internet Access Authority that will dissolve on that date, as provided by Section 5 of S.L. 2000-149. The remainder of this act is effective when it becomes law. The e-NC Authority created in this act is dissolved effective ~~December 31, 2011.~~December 31, 2015. This act is repealed effective ~~December 31, 2011.~~December 31, 2015. Part 2F of Article 10 of Chapter 143B of the General Statutes and G.S. 120-123(77), as enacted by this act, are repealed effective ~~December 31, 2011.~~December 31, 2015."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 91:
Repeal e-NC Sunset

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 22, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Second Edition S91-CSTD-10		

SUMMARY: ***The PCS to Senate Bill 91would extend the sunset provision pertaining to the e-NC Authority. The PCS changes the repeal date from June 30, 2015 to December 31, 2015 and corrects the short title.***

[As introduced, this bill was identical to H91, as introduced by Reps. Faison, K. Alexander, Tolson, West, which is currently in House Commerce and Job Development.]

CURRENT LAW: The e-NC Authority is an independent agency within the Department of Commerce. The purpose of the Authority is to manage, oversee, promote, and monitor efforts to provide rural counties and distressed urban areas with high-speed broadband Internet access. The Authority also serves as the central rural and urban distressed areas Internet access policy planning body of the State. The authority is directed by law to communicate and coordinate with State, regional, and local agencies and private entities in order to continue the development and facilitation of a coordinated Internet access policy for the citizens of North Carolina.

BILL ANALYSIS: The e-NC Authority was created by the General Assembly in 2003 and designated as the successor entity of the Rural Internet Access Authority. E-NC was initially scheduled to be dissolved effective December 31, 2006; but it was extended for an additional five years and is now scheduled to be dissolved effective December 31, 2011. The PCS to Senate Bill 91 would extend the sunset to December 31, 2015.

EFFECTIVE DATE: The bill would be effective when it becomes law.

RE: Repeal e-NC Sunset
Senate Bill 91 (Second Edition)

FISCAL IMPACT

Yes (x) **No ( )** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES:					
EXPENDITURES:	*See assumptions & methodology. Impact up to $442,035*				
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Commerce State-Aid

EFFECTIVE DATE: When the bill becomes law

BILL SUMMARY:

SB 91 extends the sunset for the e-NC Authority from December 31, 2011 to June 30, 2015.

ASSUMPTIONS AND METHODOLOGY:

For FY 2011- 12, the e-NC Authority has a recurring General Fund appropriation through the Commerce State-Aid budget of $442,035. If e-NC was eliminated as of December 31, 2011, then only half a year of funding would be required and no future funds would be needed. Thus, if e-NC sunset on December 31, 2011, there would be a savings to the State of $221,017 in the first year and $442,035 each year thereafter.

The extension of the sunset means that funds could still be appropriated to support the operations of e-NC through June 30, 2015, at which point funding could be eliminated. The amount of funding required by e-NC was originally established as $500,000 annually for administration and operating. In recent years, that amount has been reduced to $442,035 and could be subject to future reductions.

Thus, the impact of extending the e-NC Authority's sunset is variable depending on what level of funding the General Assembly determines is necessary. It would presumably be in the range of $0 to $442,035 annually.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE FORGIVABLE EDUCATION LOANS FOR SERVICE PROGRAM AND THE FORGIVABLE EDUCATION LOANS FOR SERVICE FUND AS RECOMMENDED BY THE JOINT SELECT COMMITTEE ON STATE FUNDED STUDENT FINANCIAL AID.

The General Assembly of North Carolina enacts:

SECTION 1. Effective July 1, 2011, Part 1 of Article 23 of Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-209.45. Forgivable Education Loans for Service Program and Fund.**

(a) Policy. – The General Assembly finds that it is in the public interest to provide financial assistance in the form of forgivable loans for service to qualified students who are committed to working in the State in order to respond to critical employment shortages.

(b) Definitions. – The following definitions apply in this section:

(1) Eligible Institution. – Notwithstanding G.S. 116-201(b)(5) and G.S. 116-201(b)(6) and for purposes of this section only, an institution of higher education that is any of the following:

a. A postsecondary constituent institution of The University of North Carolina as defined in G.S. 116-2(4).

b. A community college as defined in G.S. 115D-2(2).

c. A nonprofit postsecondary institution as defined in G.S. 116-22(1).

d. A postsecondary institution owned or operated by a hospital authority as defined in G.S. 131E-16(14).

e. A school of nursing affiliated with a nonprofit postsecondary institution as defined in G.S. 116-22(1).

f. Another public or nonprofit postsecondary institution offering a program of study not otherwise available in North Carolina that is deemed to be eligible under rules promulgated by the Authority.

(2) Fund. – The Forgivable Education Loans for Service Fund.

(3) Loan. – A forgivable loan made under the Program.

(4) Program. – The Forgivable Education Loans for Service Program.

(c) Establish Forgivable Education Loans for Service Program. – There is established the Forgivable Education Loans for Service Program to be administered by the Authority. The purpose of the program is to facilitate and promote the making, insuring, and collection of loans from the Forgivable Education Loans for Service Fund. The Program shall initially target future teachers, nurses, and allied health professionals.

(d) Establish Forgivable Loans for Service Fund. – There is established the Forgivable Education Loans for Service Fund to be administered by the Authority. The purpose of the Fund is to provide financial assistance to qualified students to enable them to obtain the

requisite education beyond the high school level to work in North Carolina in certain high-need professions as identified by the General Assembly, and to respond to current as well as future employment shortages in North Carolina.

(e) Eligibility for Loans. – The Authority shall establish the criteria for initial and continuing eligibility to participate in the Program. All loan recipients shall be residents of North Carolina and shall attend an eligible institution.

The Authority shall adopt standards deemed appropriate by the Authority to ensure that only qualified, potential recipients receive a loan under the Program. The standards may include minimum grade point average and satisfactory academic progress.

(f) Loan Terms and Conditions. – The following terms and conditions shall apply to each loan made pursuant to this section:

(1) Promissory note. – All loans shall be evidenced by promissory notes made payable to the Authority.

(2) Interest. – All promissory notes shall bear an interest rate established by the Authority that does not exceed ten percent (10%) and is in relation to the current interest rate for non-need-based federal loans made pursuant to Title IV of the Higher Education Act of 1965, as amended. Interest shall accrue from the date of disbursement of the Loan funds.

(3) Loan amount. – The Authority shall establish the amount of the loan based on funds available and factors such as the recipient's educational program, enrollment status, and field of study.

(4) Repayment. – The Authority shall establish the criteria for loan forgiveness for employment in a designated field in North Carolina. These criteria may provide for accelerated repayment and less than full-time employment options. The Authority shall collect cash repayments when service repayment is not completed. The Authority shall establish the terms for cash repayment, including a minimum monthly repayment amount and maximum period of time to complete repayment.

(5) Death and disability. – The Authority may forgive all or part of a loan if it determines that it is impossible for the recipient to repay the loan in cash or service because of the death or disability of the recipient.

(6) Hardship. – The Authority may grant a forbearance, a deferment, or both in hardship circumstances when a good faith effort has been made to repay the loan in a timely manner.

(7) Other. – The Authority may establish other terms and conditions that are necessary or convenient to effectuate the Program.

(g) Advisory Group. – The Authority shall appoint an advisory group composed of, at minimum, appropriate representatives from higher education institutions and health and labor departments, agencies, or commissions to make recommendations to the Authority regarding the Authority's future apportionment and distribution of Program loans based on projected labor market shortages, higher education enrollment projections, and other relevant information.

(h) Use of Fund Monies. – All funds appropriated to or otherwise received by the Authority to provide loans through the Program, all funds received as repayment of loans, and all interest earned on these funds shall be placed in the Fund. The Fund shall be used only for loans made pursuant to this section and for administrative costs of the Authority.

(i) Rule-making Authority. – The Authority may adopt rules necessary to implement, administer, and enforce the provisions of this section.

(j) Report to the General Assembly. – The Authority shall report no later than December 1, 2013, and annually thereafter to the Joint Legislative Education Oversight Committee regarding the Fund and loans awarded from the Fund."

SECTION 2.(a) G.S. 90-171.100 and G.S. 90-171.101 are repealed.

SECTION 2.(b) All financial obligations to any student awarded a scholarship loan from the Graduate Nurse Scholarship Program for Faculty Production Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Graduate Nurse Scholarship Program for Faculty Production Fund. All contractual agreements between a student awarded a scholarship loan from the Graduate Nurse Scholarship Program for Faculty Production Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 90-171.100 and G.S. 90-171.101 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 2.(c) All assets and liabilities in the Graduate Nurse Scholarship Program for Faculty Production Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 3.(a) G.S. 90-171.60, 90-171.61, and 90-171.62 are repealed.

SECTION 3.(b) All financial obligations to any student awarded a scholarship loan from the Nursing Scholars Program Fund and the Masters Nursing Scholars Program Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Nursing Scholars Program Fund and the Masters Nursing Scholars Program Fund. All contractual agreements between a student awarded a scholarship loan from the Nursing Scholars Program Fund and the Masters Nursing Scholars Program Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 90-171.60, 90-171.61, and 90-171.62 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 3.(c) All assets and liabilities in the Nursing Scholars Program Fund and the Masters Nursing Scholars Program Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 4.(a) G.S. 90-171.65 is repealed.

SECTION 4.(b) All financial obligations to any student awarded a scholarship loan from the Nurse Education Scholarship Loan Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Nurse Education Scholarship Loan Fund. All contractual agreements between a student awarded a scholarship loan from the Nurse Education Scholarship Loan Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 90-171.65 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 4.(c) All assets and liabilities in the Nurse Education Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 5.(a) G.S. 116-40.10 is repealed.

SECTION 5.(b) All financial obligations to any student awarded a scholarship loan from the Board of Governors' Dental Scholarship Loan Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Board of Governors' Dental Scholarship Loan Fund. All contractual agreements between a student awarded a scholarship loan from the Board of Governors' Dental Scholarship Loan Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 116-40.10 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 5.(c) All assets and liabilities in the Board of Governors' Dental Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 6.(a) G.S. 116-40.9 is repealed.

SECTION 6.(b) All financial obligations to any student awarded a scholarship loan from the Board of Governors' Medical Scholarship Loan Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Board of Governors' Medical Scholarship Loan Fund. All contractual agreements between a student awarded a scholarship loan from the Board of Governors' Medical Scholarship Loan Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 116-40.9 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 6.(c) All assets and liabilities in the Board of Governors' Medical Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 7.(a) G.S. 116-209.33 and G.S. 116-209.34 are repealed.

SECTION 7.(b) All financial obligations to any student awarded a scholarship loan from the Prospective Teachers Scholarship Loan Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Prospective Teachers Scholarship Loan Fund. All contractual agreements between a student awarded a scholarship loan from the Prospective Teachers Scholarship Loan Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 116-209.33 and G.S. 116-209.34 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 7.(c) All assets and liabilities in the Prospective Teachers Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 8. G.S. 116-209.35 is repealed.

SECTION 9.(a) G.S. 116-209.30 is repealed.

SECTION 9.(b) All contractual agreements between a student awarded a scholarship loan from the Social Workers' Education Loan Fund before July 1, 2012, and the State Education Assistance Authority remain enforceable and the provisions of G.S. 116-209.30 that would be applicable but for this section shall remain applicable with regard to any scholarship loan awarded before July 1, 2012.

SECTION 9.(c) All assets and liabilities in the Social Workers' Education Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 10.(a) All financial obligations to any student awarded a scholarship loan from the Student Loan Program for Health, Science and Mathematics Fund before July 1, 2012, shall be fulfilled with funds from the Forgivable Education Loans for Service Fund established under G.S. 116-209.45 provided the student remains eligible under the provisions of the Student Loan Program for Health, Science and Mathematics Fund. All contractual agreements between a student awarded a scholarship loan from the Student Loan Program for Health, Science and Mathematics Fund before July 1, 2012, and the State Education Assistance Authority regarding the loan remain enforceable.

SECTION 10.(b) All assets and liabilities in the Student Loan Program for Health, Science and Mathematics Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 11. All assets and liabilities in the Future Teachers of North Carolina Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 12. All assets and liabilities in the Physical Education Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 13. All assets and liabilities in the Optometry Scholarship Loan Fund shall be transferred to the Forgivable Education Loans for Service Fund established under G.S. 116-209.45.

SECTION 14. Except as otherwise provided herein, this act becomes effective July 1, 2012.

SENATE BILL 137:
Establish Forgivable Loan Fund

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 22, 2011
Introduced by:	Sens. Stevens, Vaughan	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 137[1] would consolidate specific existing financial aid programs to establish the new Forgivable Education Loans for Service Program and Fund to: 1) provide financial assistance to qualified students for certain high-need professions and 2) respond to current and future employment needs in the State. The State Education Assistance Authority (SEAA) would administer the Program and Fund. The SEAA would make a report on loans from the Fund no later than December 1, 2013 and annually thereafter to the Joint Legislative Education Oversight Committee. The bill received a favorable report from the Senate Committee on Education/Higher Education on March 16, 2011.***

BILL ANALYSIS: Senate Bill 137 is a recommendation of the Joint Select Committee on State Funded Student Financial Aid that consolidates the following funds into the newly created Forgivable Education Loans for Service Fund:

* Graduate Nurse Scholarship Program for Faculty Production Fund
*Nurse Education Scholarship Loan Fund
*Nursing Scholars Program Fund
*Board of Governors' Dental Scholarship Loan Fund
*Board of Governors' Medical Scholarship Loan Fund
*Prospective Teachers Scholarship Loan Fund
*Teacher Assistant Scholarship Fund
*Social Workers' Education Loan Fund
*Student Loan Program for Health, Science and Mathematics Fund
*Future Teachers of North Carolina Fund
*Coaching Scholarship Loan Fund
*Optometry Scholarship Loan Fund

Section 1 would create the Forgivable Education Loan for Service Program and Fund to provide financial assistance to qualified students to prepare them for certain high-need professions, initially targeting future teachers, nurses and other allied health professionals. The State Education Assistance Authority would be responsible for: 1) administering the program, 2) adopting the eligibility criteria to participate in the Program, 3) establishing the interest rate, loan amount and repayment terms for the loans, 4) appointing an advisory group to make recommendations on the future distribution of loans, 5) making an annual report to the Joint Legislative Education Oversight Committee beginning December 1, 2013, and 6) adopting the rules necessary to implement and administer the Program.

Section 2(a) through Section 7(c) and Sections 9(a) through 9(c) would terminate the existing funds, repeal the statutes that created the existing funds, transfer the assets and liabilities to the Forgivable Education Loans for Service Fund, provide that financial obligations to students who received loans from the terminated funds will be honored under the new Program, and that all contractual agreements between a student with an award from a terminated program and the Authority would remain enforceable. The affected existing programs are: Graduate Nurse Scholarship Program for Faculty Production Fund (Secs. 2(a) – 2(c)), Nursing Scholars Program Fund and Masters Nursing Scholars Program Fund (Secs. 3(a) – 3(c)), Nurse Education Scholarship Loan Fund (Secs. 4(a) – 4(c), Board of

[1] As introduced, this bill is identical to House Bill 120.

Governors' Dental Scholarship Loan Fund (Secs. 5a – 5(c)), Board of Governors' Medical Scholarship Loan Fund (Secs. 6(a) – 6(c), the Prospective Teachers Scholarship Loan Fund (Secs. 7(a) – 7(c)) and the Social Workers' Education Loan Fund (Secs. 9(a) – 9(c)).

Section 8 would repeal the Teacher Assistant Scholarship Fund.

Sections 10(a) and 10(b) would transfer the assets and liabilities in the Student Loan Program for Health, Science and Mathematics to the Forgivable Education Loans for Service Fund, and provide that financial obligations to students who received loans from the terminated fund will be honored under the new Program.

Sections 11 through 13 would transfer the assets and liabilities in the Future Teachers of North Carolina Fund, Physical Education Scholarship Loan, and the Optometry Scholarship Loan Fund to the Forgivable Education Loans for Service Fund.

EFFECTIVE DATE: Section 1 of the bill would become effective July 1, 2011 and the remaining sections of the bill would become effective July 1, 2012.

TECHNICAL CONSIDERATION: An amendment is needed to correct the name of the Coaching Scholarship Loan Fund. The bill incorrectly calls it the *Physical Education* Scholarship Loan Fund.

BACKGROUND: In October 2009, the Joint Select Committee on State Funded Student Financial Aid was created, in part, to study the feasibility of consolidating existing scholarship, loan, and grant programs, especially those programs available for teacher education students. In April 2010, the Committee heard a presentation to consolidate eight existing career-based financial aid programs into one program of "forgivable loans for service" that was supported by UNC President Erskine Bowles and Community Colleges President Scott Ralls.

The Committee's interim report to the 2010 Session of the General Assembly included recommended legislation to create a Work Group to design the forgivable loans for service program. The Work Group included representatives of the State Education Assistance Authority, The University of North Carolina System, the North Carolina Community College System, the NC Independent Colleges and Universities and the NC General Assembly Fiscal Research Division. The Work Group was directed to design a "forgivable loans for service" program that combined at least the following existing programs: the Nurse Educators of Tomorrow; Nurse Scholars Program; Nurse Education Scholarship Loan Program; Board of Governors Medical Scholarship Loans; Board of Governors Dental Scholarship Loans; Health, Science, and Mathematics Student Loan Program; Prospective Teacher Scholarship Loan Program; and the Teacher Assistant Scholarship Loan Program. The consolidated program is to initially focus on the high needs areas of teaching and health professions (including nursing, allied health, and medical, dental and pharmacy careers. The Work Group recommends that loan offers to students would begin in Spring 2012 for academic terms beginning after July 1, 2012 and full implementation would begin in the 2012-13 academic year.

Dr. Steve Brooks, Executive Director, State Education Assistance Authority, presented the Work Group's recommended legislative proposal to the Committee on October 19, 2010. The Committee adopted the Work Group's legislative proposal which became Senate Bill 137.

Sara Kamprath, counsel to the Senate Education/Higher Education Committee, substantially contributed to this summary.

POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:

EFFECTIVE DATE:

BILL SUMMARY:
Senate Bill 137 consolidates twelve scholarship-loan and scholarship programs to establish the new Forgivable Education Loans for Service Program (FELS) and Fund. Of the twelve funds consolidated, eight are currently operating programs and the remaining four are for programs no longer in operation, but still receiving repayments from past recipients. The existing programs are funded from both General Fund and Escheat Fund money, and target students in health, science, mathematics, and teaching careers. The State Education Assistance Authority (SEAA) administers the twelve funds.

The new FELS would provide financial assistance in the form of forgivable loans to qualified students for certain high-need professions. Loans could be forgiven through employment in a designated field in North Carolina. The program would be able to respond to current and future employment needs in the State, and would initially target future teachers, nurses, and allied health professionals. The State Education Assistance Authority (SEAA) would administer the Program and Fund. The bill requires SEAA to make a report on loans from the Fund no later than December 1, 2013 and annually thereafter to the Joint Legislative Education Oversight Committee.

ASSUMPTIONS AND METHODOLOGY:
The bill transfers all assets and liabilities of the twelve funds into the Forgivable Education Loans for Service Fund, but does not change the total amount of funding available for the programs. Therefore, there is no fiscal impact.

It is important to note, however, that SEAA's administrative expenses for these programs have historically been paid from federal receipts generated from new loan originations under the Federal Family Education Loan program. This federal program has ended, and those receipts will no longer be available for purposes of administration of State programs, including those that Senate Bill 137 would combine into FELS. The bill does permit the SEAA to use the Fund for administrative costs as well as for loans, as is done for other SEAA-administered State programs. If SEAA does use a portion of the funds for administration, it would reduce the amount available for scholarship-loans, but would not change the total program funding.

SENATE BILL 281
PROPOSED COMMITTEE SUBSTITUTE S281-CSRBx-16 [v.3]

3/22/2011 12:00:43 PM

Short Title: Municipal Service District/Streets. (Public)

Sponsors:

Referred to:

March 10, 2011

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CITIES TO ESTABLISH A MUNICIPAL SERVICE DISTRICT FOR THE PURPOSE OF CONVERTING PRIVATE RESIDENTIAL STREETS TO PUBLIC STREETS AND TO AUTHORIZE RELATED COMMUNITY ASSOCIATIONS TO TRANSFER PLANNED COMMUNITY PROPERTY TO CITIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-536(a) is amended by adding a new subdivision to read:

"(a) Purposes. – The city council of any city may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire city:

...

(6) Conversion of private residential streets to public streets as provided in subsection (e) of this section."

SECTION 2. G.S. 160A-536 is amended by adding a new subsection to read:

"(e) Converting Private Residential Streets to Public Streets. – A city may establish a municipal service district for the purpose of converting private residential streets to public streets if a majority of the lot owners of the owners' association have signed a petition requesting the city to establish a municipal service district for the purpose of paying the costs related to converting private residential streets to public streets and the converted streets will be accepted by the city for perpetual public maintenance. Notwithstanding the provisions of the North Carolina Planned Community Act in Chapter 47F of the General Statutes, related articles of declaration, deed covenants, or any other similar document recorded with the Register of Deeds, the executive board of an owners' association for which the city has received a petition under this subsection may transfer street-related common elements to the city.

The property tax levied in a municipal service district created for this purpose may only be used to pay the costs related to the transfer of ownership of the streets, evaluation of the condition of the private streets, and the design and construction costs related to improving the private streets to meet public streets standards as approved by the governing board. Notwithstanding G.S. 160A-542, the property tax rate in a district created for this purposes may not be in excess of thirty percent (30%) of the ad valorem tax rate in effect in the city in the fiscal year prior to the establishment of the district. After the private streets have been upgraded to meet public street standards and all costs have been recovered from the tax in the district, no

further tax may be levied in the district and the city council must abolish the municipal service district as provided by G.S. 160A-541.

Notwithstanding G.S. 160A-299, if a city abandons the streets and associated rights-of-way acquired pursuant to this subsection, the street-related common elements must be returned to the owners' association from which the city acquired them in a manner that makes the owners' association's holdings in common elements as they were prior to the establishment of the municipal service district."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 281:
Municipal Service District/Streets

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 22, 2011
Introduced by:	Sen. Stein	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S281-CSRBx-16		Committee Counsel

SUMMARY: ***Senate Bill 281 would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The city may impose a higher property tax rate on the taxpayers within a defined service district to pay for the additional services received in that district. The Proposed Committee Substitute properly classifies the bill as a "Public" bill and reorganizes subsection (e); it does not make any substantive changes to the bill.***

CURRENT LAW: Article V, Sec. 2(4) of the North Carolina Constitution allows the General Assembly to enact *general* laws authorizing the governing board of a local governmental unit to define territorial areas and to levy additional taxes within those areas to finance a service that is provided to a greater extent in that area than is provided to the entire area of the governmental unit. The purposes for which a service district may be created are: Beach erosion control and flood and hurricane protection works; any service which the municipality may by law provide, such as placing utility wiring underground; downtown revitalization projects; transit-oriented development projects; drainage projects; sewage collection and disposal systems; lighting at interstate highway interchange ramps; off-street parking facilities; and watershed improvement projects.

Based on that provision, Article 23 of Chapter 160A authorizes a city to define a municipal service district and to levy a property tax in that district that is in addition to those levied through the city. A city may incur debt, as allowed under general law, to finance services within a service district. When there is no longer a need for the service district, the district may be abolished.

To create a district, a city must hold a public hearing on a proposed resolution. The resolution must define the service district and find that the area defined is in need of one or more of the services for which a district may be created to a demonstrably greater extent than the remainder of the city. The resolution may become effective at the beginning of a fiscal year. Once a district is created, the city must provide or let contracts for the service for which the residents of the district are being taxed within one year of the effective date of the district.

BILL ANALYSIS: The PCS for Senate Bill 281 reclassifies the bill as a "Public" bill because Article V, Sec. 2(4) of the North Carolina Constitution prohibits a local bill creating a special tax district. Senate Bill 281 would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The bill also creates the following limitations upon the creation of a district for this purpose:

- A city must receive a petition signed by a majority of the lot owners of the area to be included within the special district requesting the city to establish the district.
- A city must be willing to accept the converted streets for perpetual public maintenance.
- The additional tax rate levied in the special district may not exceed 30% of the property tax rate currently imposed in that district in the fiscal year prior to the establishment of the district.

- After the private streets have been upgraded to meet public street standards and all of the costs have been recovered, the district must be abolished.

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: There are 14 residential developments in the Town of Morrisville that were constructed with private streets. These 14 developments comprise about one-third of Morrisville's homes. The private streets were constructed to a lesser standard than public streets. The Town no longer approves residential developments with private streets.

Of these 14 neighborhoods, five have submitted petitions to the Town Council signed by a majority of the residents requesting the town to upgrade and convert the streets to publicly maintained streets. Three neighborhoods are continuing to collect petitions; the remaining seven have indicated no interest in pursuing the issue. The Town's website offers additional information on the issue and the number of petitions received for and against the creation of a municipal service district for this purpose:

https://nc-morrisville.civicplus.com/index.aspx?NID=542

The Town does not have the authority to expend public funds for private streets. To address the issue brought to the Town by the residents, the Town is seeking the authority to create a municipal service district for the purpose of converting the private streets to public streets. The conversion would include the transfer of ownership of the streets, an evaluation of the condition of the streets, and the design and construction costs related to improving the private streets to meet public streets standards. The maximum tax rate proposed to accomplish this purpose is 10¢ per $100 valuation. The Town estimates that it would take 15.2 years to recover the conversion costs for the 1.88 miles of roadway for the five neighborhoods requesting the service. If the remaining three neighborhoods are included, the Town estimates that it would take 14.3 years to recover the conversion costs for the 3.87 miles of roadway. The municipal service district would be abolished once all streets were brought up to standard and all associated costs recovered.

Referred to:

March 15, 2011

A BILL TO BE ENTITLED

AN ACT ESTABLISHING THE STATE HISTORIC SITES FUND IN THE DIVISION OF STATE HISTORIC SITES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 1 of Chapter 121 of the General Statutes is amended by adding a new section to read:

"**§ 121-7.6. State Historic Sites special fund.**

(a) Fund. – The State Historic Sites Fund is created as a special revenue fund in the Division of State Historic Sites. The Fund consists of all receipts derived from the lease or rental of property or facilities, disposition of structures or products of the land, and admissions and fees collected at the State Historic Sites. Revenues in the Fund may be invested by the State Treasurer and any interest accrued shall be added to the Fund.

(b) Disposition of Fees. – The Fund shall be used for the operation, interpretation, maintenance, preservation, development, and expansion at the State Historic Sites. Funds are annually appropriated for these purposes in accordance with G.S. 143C-1-2.

(c) Application. – This section applies to the individual State Historic Sites owned by or under the control of the Division of State Historic Sites. This section does not apply to the receipts derived from the Bentonville Battlefield State Historic Site and the monies in the Fund may not be appropriated to the Bentonville Battlefield State Historic Site.

(d) Reports. – The Department shall submit to the Joint Legislative Commission on Governmental Operations, the House of Representatives and Senate Appropriations Subcommittees on General Government, and the Fiscal Research Division by September 30 of each year a report on the Fund that shall include the source and amounts of all funds credited to the Fund and the purpose and amount of all expenditures from the Fund during the prior fiscal year."

SECTION 2. This act becomes effective July 1, 2011.

SENATE BILL 340:
State Historic Sites Special Fund

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 21, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S340-CSRB-13		Committee Counsel

SUMMARY: ***Senate Bill 340[1] would establish a non-reverting, interest-bearing fund consisting of all receipts derived from the State Historic Sites. The money in the Fund would be appropriated for the operation, maintenance, and development of the State Historic Sites. The Proposed Committee Substitute clarifies the fund type; it does not make any substantive changes.***

CURRENT LAW: North Carolina Historic Sites is a division of the North Carolina Department of Cultural Resources Office of Archives and History. There are 27 unique North Carolina historic sites in North Carolina. As a general rule, the sites are funded through appropriations to the Division of Cultural Resources, which is then allocated by the Division to the various State historic sites. The receipts generated by the historic sites are considered departmental receipts. As departmental receipts, the revenue is applied against the cost of a site's operations and is used to reduce the amount of General Fund monies that needs to be allocated to it. If the sites generate more receipts in a year than is appropriated to them, the 'over-realized receipts' revert to the General Fund.[2]

Twenty-four[3] of the 27[4] historic sites are owned by and under the control of the Division of State Historic Sites. One of these 24 sites, Bentonville Battlefield has a special nonreverting, interest-bearing fund that consists of the receipts generated on the property. The General Assembly created the Fund in 2008. The site has considerable acreage that is leased to farmers for agricultural uses. The rental receipts derived at the Bentonville Battlefield have allowed the Fund to experience growth over the past three years and provided for the operation and expansion of the site.

BILL ANALYSIS: Senate Bill 340 would seek to emulate the concept of a special, nonreverting, interest-bearing fund for the other 23 historic sites owned by and under the control of the Division of State Historic Sites. The Division believes the Fund would encourage the sites to be more entrepreneurial and more self-sufficient financially. The Fund, like the current individual site budgets, would be administered at the Division level which would provide for the greatest amount of budgeting flexibility.

Whether these revenues would be applied against the cost of maintaining and operating the historic sites, much like they are today, is a budgetary decision. The advantage of establishing a special revenue fund is that any unused money in the Fund at the end of the fiscal year would not revert to the General Fund[5], as is the current practice with over-realized fee receipts, and that any interest that accrues on the monies

---

[1] As introduced, the bill is identical to House Bill 368.

[2] Over-realized receipts cannot be used because the funds have not been appropriated.

[3] Thomas Wolfe Memorial, Zebulon B. Vance Birthplace, Horne Creek Living Historical Farm, Fort Dobbs, Charlotte Hawkins Brown Museum, NC Transporation Musuem, Reed Goldmine, James K. Polk Memorial, Alamance Battleground, Bennett Place, Historic Stagville, Duke Homestead, House in the Horseshoe, Town Creek Indian Mound, Bentonville Battlefield, Historic Halifax, Historic Edenton, Somerset Place, Historic Bath, Aycock Birthplace, CSS Neuse, Fort Fisher, Brunswick Town/Ft. Anderson.

[4] Tryon Palace, USS North Carolina Battleship Memorial, and the Roanoke Island Festival Park are not owned by or controlled by the Division of Cultural Resources.

[5] G.S. 143C-1-2(b).

in the Fund would remain in the Fund to be appropriated for the use of the historic sites, as opposed to the current practice where the interest on the funds accrues to the General Fund.

EFFECTIVE DATE: The bill would become effective July 1, 2011.

SENATE FINANCE COMMITTEE
Tuesday, March 29, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on March 29, 2011 in room 544 of the Legislative Office Building. Katherine Leak of Winston-Salem, Jamie Ammons of Fayetteville, and R.C. Brunstetter of Mocksville served as pages. Twenty-seven members of the committee were present. Senator Rucho presided as chair.

S.B. 281 – Municipal Service District/Streets

Senator Stein was recognized to explain the bill. Senator Tillman moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The city may impose a higher property tax rate on the taxpayers within a defined service district to pay for the additional services received in that district. Senator Stevens moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 340 – State Historic Sites Special Fund

Senator Hartsell was recognized to explain the bill. Senator Brunstetter moved to adopt the PCS for discussion and the motion carried. The bill would establish a non-reverting, interest-bearing fund consisting of all receipts derived from the State Historic Sites. The money in the Fund would be appropriated for the operation, maintenance, and development of State Historic Sites. The PCS does two things: 1) clarifies the fund type and removes unnecessary language, and 2) specifies that the funds attributable to each site may only be used at that site and that how the funds would be used at the site is based upon a joint decision by the staff from the site and the Division of State Historic Sites. Cindy Avrette, a staff attorney with the Research Division, was recognized to answer questions. Senator Garrou moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

The meeting adjourned at 1:12 PM.

SENATE BILL 281
PROPOSED COMMITTEE SUBSTITUTE S281-CSRBx-18 [v.6]

3/29/2011 10:50:13 AM

Short Title: Municipal Service District/Streets. (Public)

Sponsors:

Referred to:

March 10, 2011

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE CITIES TO ESTABLISH A MUNICIPAL SERVICE DISTRICT FOR THE PURPOSE OF CONVERTING PRIVATE RESIDENTIAL STREETS TO PUBLIC STREETS AND TO AUTHORIZE RELATED COMMUNITY ASSOCIATIONS TO TRANSFER PLANNED COMMUNITY PROPERTY TO CITIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-536(a) is amended by adding a new subdivision to read:

"(a) Purposes. – The city council of any city may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities, or functions in addition to or to a greater extent than those financed, provided or maintained for the entire city:

...

(6) Conversion of private residential streets to public streets as provided in subsection (e) of this section."

SECTION 2. G.S. 160A-536 is amended by adding a new subsection to read:

"(e) Converting Private Residential Streets to Public Streets. – A city may establish a municipal service district for the purpose of converting private residential streets to public streets if the conditions of this subsection are met. The property tax levied in a municipal service district created for this purpose may only be used to pay the costs related to the transfer of ownership of the streets, evaluation of the condition of the private streets, and the design and construction costs related to improving the private streets to meet public streets standards as approved by the governing board. Notwithstanding G.S. 160A-542, the property tax rate in a district created for this purpose may not be in excess of thirty percent (30%) of the ad valorem tax rate in effect in the city in the fiscal year prior to the establishment of the district. After the private streets have been upgraded to meet public street standards and all costs have been recovered from the tax in the district, no further tax may be levied in the district and the city council must abolish the municipal service district as provided by G.S. 160A-541.

Notwithstanding G.S. 160A-299, if a city abandons the streets and associated rights-of-way acquired pursuant to this subsection, the street-related common elements must be returned to the owners' association from which the city acquired them in a manner that makes the owners' association's holdings in common elements as they were prior to the establishment of the municipal service district.

For a city to create a municipal service district for the purpose of converting private residential streets to public streets, all of the following conditions must be met:

(1) The private residential road must be non-gated.

(2) The city must receive a petition signed by at least sixty percent (60%) of the lot owners of the owners' association requesting the city to establish a municipal service district for the purpose of paying the costs related to converting private residential streets to public streets. The executive board of an owners' association for which the city has received a petition under this subsection may transfer street-related common elements to the city notwithstanding the provisions of the North Carolina Planned Community Act in Chapter 47F of the General Statutes, related articles of declaration, deed covenants, or any other similar document recorded with the Register of Deeds.

(3) The city must agree to accept the converted streets for perpetual public maintenance.

(4) The city must be meet one of the following requirements:

a. Located primarily in a county that has a population of 750,000 or over according to the most recent decennial federal census, and also located in an adjacent county with a population of 250,000 or over according to the most recent decennial federal census.

b. Located primarily in a county with a population of 250,000 or over according to the most recent decennial federal census, and also located in an adjacent county with a population of 750,000 or over according to the most recent decennial federal census."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 281:
Municipal Service District/Streets

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 29, 2011
Introduced by:	Sen. Stein	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S281-CSRBx-18		Committee Counsel

SUMMARY: ***Senate Bill 281 would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The city may impose a higher property tax rate on the taxpayers within a defined service district to pay for the additional services received in that district.***

The Senate Finance Committee considered this bill at its meeting last week, March 22nd. The Proposed Committee Substitute addresses the following issues raised at that meeting:

- ***The bill's scope is effectively limited to Morrisville and Raleigh in Wake County and to Durham in Durham County.***
- ***The threshold of petitions from property owners seeking the conversion of private streets to public streets is increased from 50% to 60%.***
- ***The provisions would not apply to gated roads.***

CURRENT LAW: Article V, Sec. 2(4) of the North Carolina Constitution allows the General Assembly to enact *general* laws authorizing the governing board of a local governmental unit to define territorial areas and to levy additional taxes within those areas to finance a service that is provided to a greater extent in that area than is provided to the entire area of the governmental unit. The purposes for which a service district may be created are: Beach erosion control and flood and hurricane protection works; any service which the municipality may by law provide, such as placing utility wiring underground; downtown revitalization projects; transit-oriented development projects; drainage projects; sewage collection and disposal systems; lighting at interstate highway interchange ramps; off-street parking facilities; and watershed improvement projects.

Based on that provision, Article 23 of Chapter 160A authorizes a city to define a municipal service district and to levy a property tax in that district that is in addition to those levied through the city. A city may incur debt, as allowed under general law, to finance services within a service district. When there is no longer a need for the service district, the district may be abolished.

To create a district, a city must hold a public hearing on a proposed resolution. The resolution must define the service district and find that the area defined is in need of one or more of the services for which a district may be created to a demonstrably greater extent than the remainder of the city. The resolution may become effective at the beginning of a fiscal year. Once a district is created, the city must provide or let contracts for the service for which the residents of the district are being taxed within one year of the effective date of the district.

BILL ANALYSIS: The PCS for Senate Bill 281 reclassifies the bill as a "Public" bill because Article V, Sec. 2(4) of the North Carolina Constitution prohibits a local bill creating a special tax district.

However, by limiting the reach of the bill to cities within counties of a certain size, the bill is effectively limited to the following municipalities: Durham, Morrisville, and Raleigh.[1]

Senate Bill 281 would expand the purposes for which a city could create a municipal service district to include the conversion of private streets to public streets. The bill also creates the following limitations upon the creation of a district for this purpose:

- The private road must be non-gated.
- A city must receive a petition signed by 60% of the lot owners of the area to be included within the special district requesting the city to establish the district.
- A city must be willing to accept the converted streets for perpetual public maintenance.
- The additional tax rate levied in the special district may not exceed 30% of the property tax rate currently imposed in that district in the fiscal year prior to the establishment of the district.
- After the private streets have been upgraded to meet public street standards and all of the costs have been recovered, the district must be abolished.

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: There are 14 residential developments in the Town of Morrisville that were constructed with private streets. These 14 developments comprise about one-third of Morrisville's homes. The private streets were constructed to a lesser standard than public streets. The Town no longer approves residential developments with private streets.

Of these 14 neighborhoods, five have submitted petitions to the Town Council signed by more than 60% of the residents requesting the town to upgrade and convert the streets to publicly maintained streets. Three neighborhoods are continuing to collect petitions; the remaining seven have indicated no interest in pursuing the issue. The Town's website offers additional information on the issue and the number of petitions received for and against the creation of a municipal service district for this purpose:

https://nc-morrisville.civicplus.com/index.aspx?NID=542

The Town does not have the authority to expend public funds for private streets.[2] To address the issue brought to the Town by the residents, the Town is seeking the authority to create a municipal service district for the purpose of converting the private streets to public streets. The conversion would include the transfer of ownership of the streets, an evaluation of the condition of the streets, and the design and construction costs related to improving the private streets to meet public streets standards. The maximum tax rate proposed to accomplish this purpose is 10¢ per $100 valuation. The Town estimates that it would take 15.2 years to recover the conversion costs for the 1.88 miles of roadway for the five neighborhoods requesting the service. If the remaining three neighborhoods are included, the Town estimates that it would take 14.3 years to recover the conversion costs for the 3.87 miles of roadway. The municipal service district would be abolished once all streets were brought up to standard and all associated costs recovered.

S281-SMRB-27(CSRBx-18) v1

---

[1] Although both Wake and Mecklenburg Counties have populations that exceed 750,000, the only county that is 250,000 and over that abuts either of these two counties is Durham County.

[2] G.S. 153A-205 gives counties the authority to expend funds for the cost of improvements needed to bring residential streets up to State standards so they may become part of the State-maintained system. An argument may be made that cities have authority under Article 10A of Chapter 160A of the General Statutes to impose a special assessment for this purpose, but it is not clear.

A BILL TO BE ENTITLED

AN ACT ESTABLISHING THE STATE HISTORIC SITES FUND IN THE DIVISION OF STATE HISTORIC SITES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 1 of Chapter 121 of the General Statutes is amended by adding a new section to read:

"**§ 121-7.6. State Historic Sites special fund.**

(a) Fund. – The State Historic Sites Fund is created as a special, interest-bearing, revenue fund in the Division of State Historic Sites. The Fund consists of all receipts derived from the lease or rental of property or facilities, disposition of structures or products of the land, and admissions and fees collected at the State Historic Sites. The revenues in the Fund may be used only for the operation, interpretation, maintenance, preservation, development, and expansion of the individual State Historic Site where the receipts are generated. The Division and the staff from each State Historic Site will determine how the funds will be used at that Historic Site.

(b) Application. – This section applies to the individual State Historic Sites owned by or under the control of the Division of State Historic Sites, with the exception of the Bentonville Battlefield State Historic Site. The Bentonville Battlefield State Historic Site is subject to G.S. 121-7.5.

(c) Reports. – The Department of Cultural Resources must submit to the Joint Legislative Commission on Governmental Operations, the House of Representatives and Senate Appropriations Subcommittees on General Government, and the Fiscal Research Division by September 30 of each year a report on the Fund that includes the source and amounts of all funds credited to the Fund and the purpose and amount of all expenditures from the Fund during the prior fiscal year."

SECTION 2. This act becomes effective July 1, 2011.

SENATE BILL 340:
State Historic Sites Special Fund

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	March 28, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S340-CSRB-17		Committee Counsel

SUMMARY: ***Senate Bill 340[1] would establish a non-reverting, interest-bearing fund consisting of all receipts derived from the State Historic Sites. The money in the Fund would be appropriated for the operation, maintenance, and development of the State Historic Sites. The Proposed Committee Substitute does two things:***

- ***It clarifies the fund type and removes unnecessary language.***
- ***It specifies that the funds attributable to each site may only be used at that site and that how the funds would be used at the site is based upon a joint decision by the staff from the site and the Division of State Historic Sites.***

CURRENT LAW: North Carolina Historic Sites is a division of the North Carolina Department of Cultural Resources Office of Archives and History. There are 27 unique North Carolina historic sites in North Carolina. As a general rule, the sites are funded through appropriations to the Division of Cultural Resources, which is then allocated by the Division to the various State historic sites. The receipts generated by the historic sites are considered departmental receipts. As departmental receipts, the revenue is applied against the cost of a site's operations and is used to reduce the amount of General Fund revenue that needs to be allocated to it. If the sites generate more receipts in a year than is appropriated to them, the 'over-realized receipts' revert to the General Fund.[2] Under G.S. 143C-1-4(a), interest earned on all funds is credited to the General Fund unless the law provides otherwise.

Twenty-four[3] of the 27[4] historic sites are owned by and under the control of the Division of State Historic Sites. One of these 24 sites, Bentonville Battlefield has a special nonreverting, interest-bearing fund that consists of the receipts generated on the property. The General Assembly created the Fund in 2008. The site has considerable acreage that is leased to farmers for agricultural uses. The rental receipts derived at the Bentonville Battlefield have allowed the Fund to experience growth over the past three years and provided for the operation and expansion of the site.

BILL ANALYSIS: Senate Bill 340 would seek to emulate the concept of a special, nonreverting, interest-bearing fund for the other 23 historic sites owned by and under the control of the Division of State Historic Sites. The Division believes the Fund would encourage the sites to be more entrepreneurial and more self-sufficient financially. The Fund, like the current individual site budgets,

[1] As introduced, the bill is identical to House Bill 368.

[2] Over-realized receipts cannot be used because the funds have not been appropriated.

[3] Thomas Wolfe Memorial, Zebulon B. Vance Birthplace, Horne Creek Living Historical Farm, Fort Dobbs, Charlotte Hawkins Brown Museum, NC Transportation Museum, Reed Goldmine, James K. Polk Memorial, Alamance Battleground, Bennett Place, Historic Stagville, Duke Homestead, House in the Horseshoe, Town Creek Indian Mound, Bentonville Battlefield, Historic Halifax, Historic Edenton, Somerset Place, Historic Bath, Aycock Birthplace, CSS Neuse, Fort Fisher, Brunswick Town/Ft. Anderson.

[4] Tryon Palace, USS North Carolina Battleship Memorial, and the Roanoke Island Festival Park are not owned by or controlled by the Division of Cultural Resources.

would be administered at the Division level which would provide for the greatest amount of budgeting flexibility.

Whether these revenues would be applied against the cost of maintaining and operating the historic sites, much like they are today, is a budgetary decision. The advantage of establishing a special revenue fund is that any unused money in the Fund at the end of the fiscal year would not revert to the General Fund[5], as is the current practice with over-realized fee receipts, and that any interest that accrues on the monies in the Fund would remain in the Fund to be appropriated for the use of the historic sites, as opposed to the current practice where the interest on the funds accrues to the General Fund[6].

EFFECTIVE DATE: The bill would become effective July 1, 2011.

SENATE FINANCE COMMITTEE
Tuesday, April 5, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on April 5, 2011 in room 544 of the Legislative Office Building. Caroline McMurry of Statesville, Olivia Lanier of Jacksonville, and Breana Smith of Wendell served as pages. Twenty-three members of the committee were present. Senator Hartsell presided as chair.

S.B. 343 – Communications Regulatory Reform

Senator Brown was recognized to explain the bill. Senator Stein moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS provides an alternative form of regulation for certain telecommunications providers and makes technical changes to the description of the State mechanism to support universal service. Senator Stein moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

The meeting adjourned at 1:09 PM.

A BILL TO BE ENTITLED

AN ACT ESTABLISHING THE COMMUNICATIONS REGULATORY REFORM AND INVESTMENT ACT OF 2011.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-110(f1) reads as rewritten:

"(f1) Except as provided in subsection (f2) of this section, the Commission is authorized, following notice and an opportunity for interested parties to be heard, to issue a certificate to any person applying to provide local exchange or exchange access services as a public utility as defined in G.S. 62-3(23) a.6., without regard to whether local telephone service is already being provided in the territory for which the certificate is sought, provided that the person seeking to provide the service makes a satisfactory showing to the Commission that (i) the person is fit, capable, and financially able to render such service; (ii) the service to be provided will reasonably meet the service standards that the Commission may adopt; (iii) the provision of the service will not adversely impact the availability of reasonably affordable local exchange service; (iv) the person, to the extent it may be required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and (v) the provision of the service does not otherwise adversely impact the public interest. In its application for certification, the person seeking to provide the service shall set forth with particularity the proposed geographic territory to be served and the types of local exchange and exchange access services to be provided. Except as provided in G.S. 62-133.5(f), any person receiving a certificate under this section shall, until otherwise determined by the Commission, file and maintain with the Commission a complete list of the local exchange and exchange access services to be provided and the prices charged for those services, and shall be subject to such reporting requirements as the Commission may require.

Any certificate issued by the Commission pursuant to this subsection shall not permit the provision of local exchange or exchange access service until July 1, 1996, unless the Commission shall have approved a price regulation plan pursuant to G.S. 62-133.5(a) for a local exchange company with an effective date prior to July 1, 1996. In the event a price regulation plan becomes effective prior to July 1, 1996, the Commission is authorized to permit the provision of local exchange or exchange access service by a competing local provider in the franchised area of such local exchange company.

The Commission is authorized to adopt rules it finds necessary (i) to provide for the reasonable interconnection of facilities between all providers of telecommunications services; (ii) to determine when necessary the rates for such interconnection; (iii) to provide for the

reasonable unbundling of essential facilities where technically and economically feasible; (iv) to provide for the transfer of telephone numbers between providers in a manner that is technically and economically reasonable; (v) to provide for the continued development and encouragement of universally available telephone service at reasonably affordable rates; and (vi) to carry out the provisions of this subsection in a manner consistent with the public interest, which will include a consideration of whether and to what extent resale should be permitted. In adopting rules to establish an appropriate definition of universal service, the Commission shall consider evolving trends in telecommunications services and the need for consumers to have access to high-speed communications networks, the Internet, and other services to the extent that those services provide social benefits to the public at a reasonable cost.

Local exchange companies and competing local providers shall negotiate the rates for local interconnection. In the event that the parties are unable to agree within 90 days of a bona fide request for interconnection on appropriate rates for interconnection, either party may petition the Commission for determination of the appropriate rates for interconnection. The Commission shall determine the appropriate rates for interconnection within 180 days from the filing of the petition.

Except as provided in subsections (f4) and (f5) of this section, each local exchange company shall be the universal service provider (carrier of last resort) in the area in which it is certificated to operate on July 1, 1995. Each local exchange company or telecommunications service provider with carrier of last resort responsibility may satisfy its carrier of last resort obligation by using any available technology. In continuing this State's commitment to universal service, the Commission shall, by December 31, 1996, adopt interim rules that designate the person that should be the universal service provider and to determine whether universal service should be funded through interconnection rates or through some other funding mechanism. At a time determined by the Commission to be in the public interest, the Commission shall conduct an investigation for the purpose of adopting final rules concerning the provision of universal services, and whether universal service should be funded through interconnection rates or through some other funding mechanism, and, consistent with the provisions of subsections (f4) and (f5) of this section, the person that should be the universal service provider. A local exchange company that has elected to be subject to alternative regulation under G.S. 62-133.5(l) does not have any carrier of last resort obligations.

The Commission shall make the determination required pursuant to this subsection in a manner that furthers this State's policy favoring universally available telephone service at reasonable rates."

SECTION 2. G.S. 62-302(b)(4)b. reads as rewritten:

"(b) Public Utility Rate. –

...

(4) As used in this section, the term "North Carolina jurisdictional revenues" means:

...

b. All revenues derived from retail services no longer otherwise regulated by the operation of G.S. 62-133.5(h) or G.S. 62-133.5(l) for a local exchange company or competing local provider that has elected to be regulated under ~~that subsection.~~those subsections."

SECTION 3. G.S. 62-133.5 reads as rewritten:

"**§ 62-133.5. Alternative regulation, tariffing, and deregulation of telecommunications utilities.**

...

(g) The following sections of Chapter 62 of the General Statutes shall not apply to local exchange companies subject to price regulation under the terms of subsection (a) of this section or electing companies subject to alternative regulation under the terms of ~~subsection~~

~~(h)~~subsection (h) or (l) of this section: G.S. 62-35(c), 62-45, 62-51, 62-81, 62-111, 62-130, 62-131, 62-132, 62-133, 62-134, 62-135, 62-136, 62-137, 62-139, 62-142, and 62-153.

...

(i) A competing local provider authorized by the Commission to do business under the provisions of G.S. 62-110(f1) may also elect to have its rates, terms, and conditions for its services determined pursuant to the ~~plan~~ plans described in ~~subsection (h)~~subsection (h) or (l) of this section. However, it is provided further that any provisions of subsection (h) of this section requiring the provision of a specific retail service or impacting the pricing of such service, including stand-alone residence service, shall not apply to competing local providers.

...

(k) To evaluate the affordability and quality of local exchange service provided to consumers in this State, a local exchange company or competing local provider offering basic local residential exchange service that elects to have its rates, terms, and conditions for its services determined pursuant to the ~~plan~~ plans described in ~~subsection (h)~~subsection (h) or (l) of this section shall make an annual report to the General Assembly on the state of its company's operations. The report shall be due 30 days after the close of each calendar year and shall cover the period from January 1 through December 31 of the preceding year. The Joint Legislative Utility Review Committee must review the annual reports and decide whether to recommend that the General Assembly take corrective action in response to those reports. The report shall include the following:

(1) An analysis of telecommunications competition by the local exchange company or competing local provider, including access line gain or loss and the impact on consumer choices from ~~enactment of the Consumer Choice and Investment Act of 2009.~~ the date the local exchange company makes its election to be subject to alternative regulation under the terms of subsection (h) or (l) of this section.

(2) An analysis of service quality based on customer satisfaction studies from ~~enactment of the Consumer Choice and Investment Act of 2009.~~ the date the local exchange company makes its election to be subject to alternative regulation under the terms of subsection (h) or (l) of this section.

(3) An analysis of the level of local exchange rates from ~~enactment of the Consumer Choice and Investment Act of 2009.~~ the date the local exchange company makes its election to be subject to alternative regulation under the terms of subsection (h) or (l) of this section.

(k1) For a local exchange company that has made an election to be subject to alternative regulation under subsection (l) of this section, the requirement to report annually to the General Assembly under subsection (k) of this section shall no longer apply on and after the third anniversary following the date of the local exchange company's election.

(l) Notwithstanding any other provision of this Chapter, a local exchange company that is subject to rate of return regulation or subject to another form of regulation authorized under this section and who forgoes receipt of any funding from a State funding mechanism, other than interconnection rates, that may be established to support universal service as described in G.S. 62-110(f1) and whose territory is open to competition from competing local providers may elect to have its rates, terms, and conditions for its services determined pursuant to the plan described in this subsection by filing notice of its intent to do so with the Commission. The election is effective immediately upon filing. The terms "local exchange company" and "open to competition from competing local providers" shall have the same meanings as in subsection (h) of this section.

(1) Beginning on the date the local exchange company's election under this subsection becomes effective, the Commission shall not:

a. Impose any requirements related to the terms, conditions, rates, or availability of any of the local exchange company's retail services, regardless of the technology used to provide these services.

b. Otherwise regulate any of the local exchange company's retail services, regardless of the technology used to provide these services.

c. Impose any tariffing requirements on any of the local exchange company's services that were not tariffed as of the date of the election, or impose any constraints on the rates of the local exchange company's services that were subject to full pricing flexibility as of the date of election.

(2) A local exchange company's election under this subsection does not affect the obligations or rights of an incumbent local exchange carrier, as that term is defined by section 251(h) of the Federal Telecommunications Act of 1996 (Act), under sections 251 and 252 of the Act or any Federal Communications Commission regulation relating to sections 251 and 252 of the Act.

(3) A local exchange company's election under this subsection does not affect the Commission's jurisdiction concerning:

a. Enforcement of federal requirements on the local exchange company's marketing activities as set forth in 47 U.S.C. Part 64. However, the Commission may not adopt, impose, or enforce other requirements on the local exchange company's marketing activities.

b. The telecommunications relay service pursuant to G.S. 62-157.

c. The Life Line or Link Up programs consistent with Federal Communications Commission rules and relevant orders of the North Carolina Utilities Commission.

d. Universal service funding pursuant to G.S. 62-110(f1).

e. The authority delegated to it by the Federal Communications Commission to manage the numbering resources involving that local exchange company.

f. Regulatory authority over the rates, terms, and conditions of wholesale services.

g. The Commission's authority under section 214(e) of the Federal Communications Act of 1934, consistent with Federal Communications Commission rules.

h. The authority of the Commission to act in accordance with federal or State laws or regulations, including those granting authority to set rates, terms, and conditions for access to unbundled network elements and to arbitrate and enforce interconnection agreements.

(4) A local exchange company's election under this subsection does not prevent a consumer from seeking the assistance of the Public Staff of the North Carolina Utilities Commission to resolve a complaint with that local exchange company, as provided in G.S. 62-73.1."

SECTION 4. This act is effective when it becomes law.

SENATE BILL 343:
Communications Regulatory Reform

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	April 5, 2011
Introduced by:	Sen. Brown	**Prepared by:**	Heather Fennell
Analysis of:	PCS to First Edition S343-CSTD-13		Committee Counsel

SUMMARY: ***The PCS for Senate Bill 343 provides an alternative form of regulation for certain telecommunications providers. The PCS makes technical changes to the description of the State mechanism to support universal service.***

CURRENT LAW: S.L. 2009-238 (HB 1180) allowed incumbent telephone providers, designated in the statutes as local exchange providers (LECs), open to competition from competing local telephone providers (CLPs), and to the extent applicable CLPs, to elect to participate in an alternative form of regulation. Companies that that select this new form of regulation are currently referred to as "subsection (h) companies." Under the alternative form of regulation, subsection (h) companies are no longer required to file tariffs and certain reports, including service line, access line, and service quality reports with the Utilities Commission. LECs may not elect regulation under subsection (h) unless they commit to providing stand-alone basic service to rural customers at rates comparable to rates charged to urban customers. Once an LEC elects regulation under the plan, it may not increase the rates for stand-alone basic service by more than the GDP price index unless otherwise authorized by the Utilities Commission. For those LECs and CLPs that elect regulation under the plan, the Utilities Commission retains jurisdiction over certain federal requirements of providers, telecommunications relay services, Lifeline or Link Up programs, universal service programs, carrier of last resort obligations, and the authority to manager numbering resources. Electing regulation under the plan does not prevent a customer from seeking assistance from the Public Staff of the Utilities Commission and electing providers must inform customer complainants that the customer may contact the Public Staff.

Each LEC is the carrier of last resort for the area in which it was certified to operate on July 1, 1995. The carrier of last resort (COLR and also known as the universal service provider) must provide basic local exchange service in this area.

S.L. 2005-85 modified this requirement by providing that when a competing telecommunications provider enters into an agreement to provide local telephone service to a subdivision or area, and the right of way or access to deliver phone service is not made available to other telecommunications providers, the LEC is relieved of its carrier of last resort obligations and the telecommunication service provider that entered into the agreement is considered the carrier of last resort. The LEC must notify the appropriate State agency that it is no longer the carrier of last resort.[1] The appropriate State agency retains the authority to re-designate the LEC as the carrier of last resort if the telecommunications provider that entered into the agreement is no longer willing or able to provide adequate services to the subdivision or area.

S.L. 2009-202 allowed carriers of last resort the authority to meet COLR obligations using any available technology that allows access to the local switched network, including traditional phone service, wireless, and VoIP (Voice over internet protocol).

[1] The Utilities Commission is generally the State agency. However, the Rural Electrification Authority has jurisdiction over certain providers.

A provider also may be granted a waiver of its COLR responsibilities if it makes a showing to the appropriate State agency of all of the following:

- Providing service in the area would be inequitable or unduly burdensome.
- One or more alternative service providers exist.
- Granting the waiver is in the public interest.

BILL ANALYSIS:

Subsection (l) alternative form of regulation: Local telephone providers (LECs) open to competition from competing local telephone providers (CLPs) may elect to participate in a new alternative form of regulation. This differs from the subsection (h) treatment in the following ways:

- The LEC will no longer have carrier of last resort responsibilities.
- The LEC will not be eligible to receive funds from a state fund that may be established to support universal service.
- The LEC will not be required to provide stand-alone basic service to rural customers at rates comparable to rates charged to urban customers.

Subsection (l) also clarifies that election of the new alternative form of regulation will not affect the authority of the Utilities Commission under two existing provisions:

- 47 USC 241(e) – This section provides which carriers are eligible to receive federal universal service funds. This section also provides that if an area is unserved either the FCC or the Utilities Commission may designate a carrier to provide service to the area. The FCC designates the carrier for interstate service; the Utilities Commission designates the carrier for intrastate service.
- Unbundled network elements and interconnection agreements – The Telecommunications Act of 1996 requires incumbent telephone providers to allow competing providers to interconnect to the unbundled network elements of the incumbent providers. Essentially these are the provisions that allow competing providers to provide service to individuals over the equipment of the incumbent providers. The price for access to the unbundled network elements is approved by the Utilities Commission. The agreements between the incumbent provider and the competing provider that allow access to the unbundled network elements are interconnection agreements. The Utilities Commission has the authority to arbitrate and enforce interconnection agreements.

Reports: Clarifies that reports required for providers that elect alternative subsection (h) treatment, or the subsection (l) treatment must file reports from the date the provider makes the election. Previously the reports were required from the date S.L. 2009-238 was enacted. The reports provide an analysis of telecommunications competition, customer satisfaction studies, and local exchange rates. Companies that elect alternative regulation under **subsection (l)** will only file reports for the first 3 years after electing the alternative regulation.

Regulatory Fee: Section 2 of the bill clarifies that revenues from service subject to the subsection (l) alternative form of regulation will remain subject to the utility regulatory fee.

EFFECTIVE DATE: This act is effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

RE: PCS to S343

FISCAL IMPACT

Yes ( ) **No (x)** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES:	*No impact on current taxes or fees*				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:

EFFECTIVE DATE: The act is effective when it becomes law.

BILL SUMMARY:

Enacts new subsection (l) under GS 62-133.5 to provide that a local exchange company may elect alternative regulation under this proposed section providing that it meets specified criteria including foregoing funding from a state Universal Service Fund or alternate funding mechanism and having territory open to competition from competing local providers. Provides that the election of the alternative regulation is effective immediately upon the filing of the local exchange company. Adds subsection (k1) to provide that a local exchange company that has made an alternative election under proposed subsection (l) is no longer subject to the requirement to report annually to the General Assembly on or after the third anniversary following the date of the local

exchange company's election. Provides that a local exchange company's election of the alternative regulation under new GS 62-133.5(l) does not affect (1) the obligations or rights of an incumbent local exchange carrier as defined under federal law and regulations nor (2) North Carolina Utilities Commissions (Commission) jurisdiction concerning specified enforcement and regulatory authority. Provides that a local exchange company's election under this proposed subsection does not prevent a consumer from seeking the assistance of the Commission to resolve a complaint with the local exchange company as provided in GS 62-73.1. Makes conforming changes to GS 62-133.5 and 62-302(b)(4)b. Amends GS 62-110(f1) to provide that a local exchange that has chosen alternative regulation under proposed GS 62-133.5(l) does not have any carrier of last resort obligations.

Source: Bill Digest

ASSUMPTIONS AND METHODOLOGY:
Although the PCS to S343 provides for an alternate form of regulation for eligible LECs, it would not make any changes to taxes or fees that apply to telephone service, including the telecommunications sales tax and the utility regulatory fee. As a result, the bill does not have a fiscal impact.

SENATE FINANCE COMMITTEE
Wednesday, April 13, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on April 13, 2011 in room 544 of the Legislative Office Building. Amaranth Brunner of Murphy and Mary Shell of Bryson City served as pages. Twenty-nine members of the committee were present. Senator Rucho presided as chair.

H.B. 129 – Level Playing Field/Local Gov't Competition

Representative Avila was recognized to explain the bill. Senator Tillman moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would create new requirements for cities and joint agencies that operate a communications service that is offered to the public for a fee. It also expands that service area boundary for MI-Connection and makes clarifying and conforming changes. Heather Fennell, a staff attorney with the Research Division, was recognized to explain the bill. Susan Klutz, mayor of Salisbury, was recognized to speak in opposition to the bill and said that she did not want this to be a "municipality vs. cable" bill. Randy Heeman, North Hills Christian School, was happy about being able to link to Salisbury's system to have internet at the school. Casey Mahoney, a Rowan County small business owner, was dissatisfied with Time Warner's lack of customer service and happy with Salisbury's service. Vance Holloman, Deputy State Treasurer, spoke in opposition to the bill due to the debt incurred by the municipalities, concerned that it was detrimental to the state as a whole. He also felt it was unfair to change the rules after the system was in place. Jeff Klein, a BB&T representative, spoke of the benefits of Wilson's Green Light system to BB&T's loan division. Grant Goings, Wilson City Manager, was recognized to that after a 15 negotiation with Embarq to attempt a private/public partnership, Embarq changed its mind. He requested exemptions to protect Wilson. Don Oliver, Wilson Fire Department, stated the benefits to public safety. Eric Smith, Wilson police department, was concerned about how other departments will operate without Wilson's type of system. Glen Jernigan, Fayetteville City Works' lobbyist, requested that Fayetteville be exempted from this bill. John Bayer, a Salisbury citizen, spoke in opposition to the Salisbury system. Bobby Cashion, a Davidson citizen, called the system a fiscal fiasco. Jeff Mixon, Americans for Prosperity, thought municipalities should not be allowed to offer this service. Jack Stanley, Time Warner's regional vice president, spoke in favor of the bill. Marcus Trathen, lobbyist for the NC Cable Telecommunications Association, spoke of the conflict of cities providing services already for being provided by businesses. Steve Brewer, a lobbyist for Century Link, spoke in favor of the bill. Paul Meyer, a lobbyist for the League of Municipalities, said that the industry has legitimate concerns, but an agreement was reached between industries and municipalities and now industries want to change the rules. Arek Kempinski, a Cedar Grove citizen, expressed outrage at the customer service and lack of service provided by Embarq. A copy of the PCS, the summary, and the speakers' signup sheet is attached.

The meeting adjourned at 1:56 PM.

Raleigh, NC 27601

RE: Level Playing Field legislation (HB 129 - SB 87).

Dear Committee:

I am writing you as concerned citizen regarding the pending North Carolina Senate Bill 87 "an Act to protect jobs and investment by regulating local government competition with private business".

As you know on or about August 16, 2007, the towns of Davidson and Mooresville entered into a purchase agreement to purchase the assets of Adelphia Communications Corporation which Time Warner was acting as the operating trustee/receiver for the operating assets of Adelphia. This transaction was financed with $80.00 million bond offering (Certificate of Participation "COP" bonds). The COP bonds give municipalities the flexibility to raise capital **without** the consensus of a bond referendum. These bonds were issued contrary to the will of the citizens of the Town of Davidson. Five board members recklessly indebted the town due to the greed of competing with Timer Warner. When asked about the cable company in 2007, Mayor John Woods said "Don't worry we are going to make a ton of money on this".

The Local Government Commission "LGC" imprudently gave the towns of Mooresville and Davidson the right to incur the bond indebtedness and by default the license to compete with private enterprises. Currently, the operating performance of MI Connection is not able to pay all of their obligations in a timely manner. As of June 30, 2010, the financial profile of the company is revenues of $14.8 million and operating cash flow (EBIDA) of $1.26 million and $100.0 million in debt. This is not enough to support the $7.4 million required for principal and interest payments and the $3.0 million in annual capital expense that is required to keep the business update in current technological improvements. Capital contributions from the town's of Mooresville and Davidson are $6.0 - $ 8.0 million dollars annually which supports the cash flow shortfall of MI Connection.

The COP's bonds are non-recourse debts to the Town of Mooresville as they are not general obligation bonds. The COP's official statement on page 15 states:

"NO DEFICIENCY JUDGEMENT MAY BE RENDERED AGAINST THE TOWN IN ANY ACTION FOR ANY BREACH OF CONTRACT. THE TAXING POWER OF THE TOWN IS

Post Office Box 1702, Davidson, NC 28036
704-896-5994 Home 704-906-1658 Cell

NOT AND MAY NOT BE PLEDGED DIRECTLY OR INDIRECTLY OR CONTINGENTLY TO SECURE ANY MONEYS DUE UND THE CONTRACT."

The towns are continuing to fund the operations in spite of having no legal compulsion to do so. These payments account for 25% of The Town of Davidson's budget. Again, the indebtedness was entered into without the consent of the citizens.

The towns were not professionally equipped to take on such a project and have mismanaged one fiasco to another. The towns were out negotiated in the purchase of the assets and enter into a poorly negotiated management contract with BVU Utilities. Additionally, the towns have mismanaged and had budget overruns in the upgrade of the cable system. All of this was enabled because the town have unlimited resources to levy taxes on citizens that did not vote for these bonds. Every cable and satellite provider would like to have unlimited ability to have price increases on their customers which is what the towns effectively have with the ability to increase taxes on their citizens.

Government should not be able to compete with private enterprise when there are a viable providers of such services in the municipality's area. Time Warner, Direct TV, AT&T and Dish Network are all very competent providers of cable and satellite services in the area. Municipal intervention in the cable industry was not needed and should not be permitted. City governments are ill-suited to compete against private businesses in offering subscription video, telephone and broadband services. These technologies are rapidly changing, as are consumer preferences, requiring constant investment and innovation.

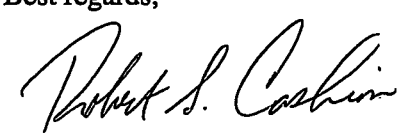
The decisions of a few from the LGC, Town of Mooresville and Town of Davidson have forever negatively affected the citizens of these towns. These decisions will force the towns to raise property taxes and put undue burden on citizens. In particular, elder citizens on fixed incomes may have to leave their homes because they can no longer afford the tax burden of living in these towns.

This bill will prevent other cities from making the same mistakes that the towns of Davidson and Mooresville have made.

Please vote YES for North Carolina Senate Bill 87.

Thank you for your time.

Best regards,



Robert S. Cashion

POLICY PAPER

March 2009
No. 0309

Published by AMERICANS FOR PROSPERITY

Municipal Broadband's Record of Failure

A Profile in Market Intrusion

James Valvo
Assistant for Policy and Public Affairs

The recently passed American Recovery and Reinvestment Act included over $7 billion to stimulate broadband infrastructure development and Internet demand. The legislation intends for the funds to help both unserved and underserved areas. Unserved areas include rural communities with no existing service provider, while underserved indicates areas with low capacity or exceedingly low enrollment rates. This bill must not be hijacked to redirect funds into markets that already contain multiple private Internet service providers.

Before billions of taxpayer dollars are spent on municipal broadband projects under the guise of economic stimulus, we should consider the results of recent projects that have already been undertaken. The results, almost without exception, have been overwhelmingly negative.

The complexity of public-private structures that are employed in municipal broadband projects introduces a bureaucracy and an inertia that makes these systems poor competitors with commercial services, leading to taxpayer dollars being squandered on subsidized systems. On the whole, such hybrid relationships have not performed as advertised.

Conversely, the private sector continues to rapidly develop new broadband services that offer higher quality and innovative services at competitive prices. Since 1996, more than $146 billion has been reinvested by the cable industry to expand broadband services. Rapid technological advances by wireless providers has improved the speed and coverage of wireless data services, reducing the demand for WiFi services overall and even further with municipal providers in particular.

The stated goal of "free" or low-cost municipal service is to bridge the digital divide and provide poor citizens with access to the online world. However, the private sector, including charity and non-profit organizations, has proven far more adept at solving these types of issues in other areas and Internet service will certainly be no exception; see the Philadelphia example below.

Easily the biggest problem with municipal projects is that they commit taxpayer money to projects that nearly always run over budget for construction, are not financially sustainable once they are built and rely on future subsidies to provide so-called "free

Private "investors will finish building the network ... and plan to work with nonprofit organizations ... to offer services to people who don't have Internet access."
- IDG News Service, 06/17/2008

service." As is always the case when governments enter the free market, distortions in price, customer service and availability hinder competition and ruin what could otherwise be a profitable venture.

This paper will examine the recent history of local governments attempting to subsidize broadband access in the face of private sector competition. This document is a compilation of available public information regarding the most significant municipal broadband projects. We examine large and small markets domestically as well as international examples in Asia and Australia.

The result of our investigation is that taxpayer-subsidized municipal broadband projects are nothing more than a record of failure.

Domestic Case Studies

Philadelphia, Pennsylvania

The Wireless Philadelphia project is a good example of how technological innovation outstrips the languid pace of bureaucracy. In 2005, the project was initially hailed as the nation's most ambitious municipal effort to provide free citywide coverage. Philadelphia planned to use "refurbished gear [that] could build the entire project with 'non-city' resources."[1] While the city struggled to get the system in place, the private sector forged ahead with innovation; in three short years the entire project was out of date and the private partner EarthLink withdrew saying, "making significant further investments in this business could be inconsistent with our objective of maximizing shareholder value."[2] Additional complications with the project include:

- By 2007, the project had already run 30% over budget, while corporate partner EarthLink massively scaled back its scope.[3]
- As many critics had warned, EarthLink had to deploy 42 Wi-Fi access points per square mile, twice what city planners had predicted.[4]
- The New York Times reported on the unrealistic ambitions and technological glitches that are endemic when inexperienced bureaucrats venture into the technological marketplace.[5]
- In June 2008, Philadelphia Mayor Michael Nutter announced that a group of private investors were saving the project, and would complete the city network in coordination with non-profit organizations to deliver free services to those who cannot afford them, focusing on fostering adoption and getting hardware, support and training to people who need it.[6]

The Philadelphia experience should provide a clarion example to those who insist on putting government planning ahead of private sector development. In this case, the citizens of Philadelphia were lucky because the private sector ultimately rode to the rescue and saved the project.

Chicago, Illinois

In contrast to the Philadelphia project, Chicago's foray into the municipal broadband arena was not plagued by technological inefficacy but instead fell prey to market cost structures. The city government launched an initiative to bring in private companies to compete for the citywide project. However, by the time the bidding process had ended the private Internet service providers in the area were already effectively serving the demand. The Chicago Tribune profiled the collapse of the project this way, "technology is advancing and the cost of online access for consumers is declining so dramatically that Chicago has other avenues to promote more use of the Internet."[7]

With EarthLink rethinking their

municipal broadband activity and other bids evaporating due to price point constraints, AT&T and Sprint Nextel are both developing private projects to serve the Chicago market now that it is free of government distortion.

Houston, Texas

As EarthLink's business model fell apart due to untenable municipal cost structures, the company was forced to pay penalties for the contracts is was unable to service, once such community was Houston. An August 2007 article in the Houston Chronicle profiled the delays that the city was experiencing due to lack of interested customers. The piece quoted Craig Settles, a municipal Wi-Fi consultant, who said, "All of the numbers are pointing toward the consumer being a weak part of the financial foundation." Even with a $2.5 million commitment from the city to serve as an anchor tenant to offset the expected low customer demand, the project was deemed unviable.

Houston provides "another case where the resulting municipal system turns out to be nothing like what was promised." **- Reason Foundation, 11/12/2008**

The company instead decided it was better fiscally to pay a multi-million dollar fine to walk away from the unsound investment. The city is now using the $3.5 million received from EarthLink upon cancellation of the project to fund hotspots in low-income areas, which will be used exclusively for publicly-funded computers in classrooms, community centers, and other public programs.[8] These city networks will be password protected and will not be available to the general public. This is clearly not in line with the original intent.

Lompoc, California

Large cities are not the only ones who have tried unsuccessfully to manage municipal broadband as though it were a utility. Even on a small scale, like the one implemented in Lompoc, California, cities are running into service issues. The private sector thrives because it has a vested interest in providing a high-quality, customer driven product. Municipalities fail to this effect because they are exercising a near-monopoly funded through taxes that are wrested from its citizens.

Lompoc ran into this harsh reality when it spent nearly $3 million on a citywide municipal wireless network and only signed up 281 customers in the networks first seven months of operation.[9] The city has reported that is needs more than 4,000 paying customers to break even, with Lompoc Utilities Director Ron Stassi admitting that that figure may be too low because the city slashed rates trying to attract more customers. It is unknown if they will ever reach the needed penetration, in the mean time taxpayers are subsidizing the venture. Stassi continued by saying "With WiFi we're in a competitive environment ... it forces us to have a high concentration on customer satisfaction to keep customers from going to a competitor." A fight the city is currently losing.

"... 24 new customers per month, far short of the number that the city needs to make the wireless Internet utility service financially viable." **- Lompoc Record, 4/9/2007**

Lompoc has also been plagued by poor reception on the wireless network—a problem that is indicative of the inexperience that municipalities are grappling with when trying to enter the market. The city's Wireless Services Administrator Richard Gracyk said "he hadn't realized how important the back-end elements were to the whole picture."[10] The city has spent $10,676 per subscriber to provide service, using currently available connection figures to get the poor performance that is making attracting and retaining customer difficult. In July 2008, Lompoc switched to a new gateway server built by Aptilo Networks. The new server provides back-end upgrades that improve customer service and network troubleshooting.[11] This transition has added cost to the project and further pushed back the breakeven point.

The odds of Portland meeting its targeted 90% coverage are "one in a billion." – **Willamette Week Online, 3/29/2007**

Portland, Oregon

Lompoc is not the only city to have poor quality connections doom their municipal Wi-Fi dreams. According to a report by Portland's Personal Telco Project, a nonprofit committed to building a community-supported wireless network, the city's system has failed to meet the benchmark of 90% coverage within 500 feet of a Wi-Fi access point. Instead the plan reaches just 50%.[12] The study's authors estimated the odds of meeting the 90% threshold at "one in a billion." The spotty coverage has put service out of reach for many would be users, dampening advertising revenue on the ad-supported free-of-charge system, forcing Portland's corporate partner to shut down the service.

The Willamette Week Online reported that "Metro-Fi began establishing the network in December of [2006] and is responsible for its complete roll-out. The network is an ad-supported, free-of-charge system and is not subsidized by tax or levy." However, this light-duty network, which is that only type that can be supported without tax dollars, is the cause of the problems with establishing service.

In April 2008, MetroFi, contracted to develop the network, stated that only fifteen to twenty percent of the system was operational, and that it did not have the necessary funds to complete the project.[13] The company returned to the city seeking more funds but was turned away, marking an end to the saga. Officials have given the company that developed the city's failed municipal WiFi until the end of the year to remove the equipment it installed on city utility poles.[14]

MetroFi was also forced to discontinue service in Foster City, California effective June 20, 2008 for similar reasons.[15]

Ashland, Oregon

When private companies have business models that do not perform, they go out of business as we have seen in the aforementioned examples. However, when cities engage in incursions into the marketplace that go sour, they turn to taxpayers to bail them out. Ashland, Oregon is once such example. In early 2007, when the city folded its cable TV business, which was financed by taxpayer bonds, it incurred a $15.5 million deficit. With interest on the debt mounting, the city plans to subsidize the payments using revenues from other city departments. Some city officials are worried that these cross subsidies will result in electric and other utility rate hikes, while others are considering property tax hikes to make up the difference.[16]

St. Cloud, Florida

Even when municipalities do get networks up and running, the service they provide is often so far below the industry standard that citizens would rather pay the higher price than suffer through government mismanagement. In St. Cloud, Florida, many educators and residents in the 28,000-person Orlando suburb are still paying to use their own internet service providers, as dead spots and weak signals keep them offline and force engineers to retool the free system.[17]

An Associated Press story profiled a disappointed St. Cloud resident Joe Lusardi who is frustrated with the city's administration of the system. Lusardi said he was told that he had to pay $170 for a special wireless bridge to access the "free" network.

From the AP article:

At first, a desktop computer in Lusardi's house could use the Wi-Fi network with no problem, but his laptop would only work outdoors.

"It'll probably be a major challenge for some time until the technology is such that it works properly."
- St. Cloud Mayor Donna Hart, eSchool News 6/15/2006

"The experience is that large-scale Wi-Fi projects have proved ineffective at meeting the needs of local businesses and the community. Most schemes sponsored by overseas governments have collapsed and require further funding to the tune of tens of millions of dollars ... I cannot expose taxpayers to that sort of risk."
- Eric Roozendaal, Member New South Wales Legislative Council, The Sydney Morning Herald, 5/1/2008

Even then it was too slow and unreliable, so he kept his $20 per month Sprint DSL service. Now the desktop doesn't even work, and he's completely abandoned the idea of dropping his pay service and using the network. "

It's just total frustration," Lusardi said. "I'm going to stay with the DSL and just forget it, because I don't think it's going to work. Very few people are going to use it, and they're going to say it's underutilized and they're going to shut it down.

Additionally, after spending $2.6 million to establish its poorly functioning public WiFi network, $236,920 more taxpayer dollars were requested from the city in order to bring service to 14 neighborhoods that "slipped through a hole in the project."[18]

International Trends

Sydney, Australia

Despite a concerted effort by the local government to blanket Sydney, Australia and the surrounding areas in high-speed Internet coverage, the plan never got off the ground. In May of 2008, the Minister of Commerce announced that plans for free wireless broadband for Sydney and other major population centers had been canceled, based upon the impracticatlity of fifteen proposals to build the network.[19]

Taipei, Taiwan

The East Asian powerhouse has fallen victim to the same forces that have plagued American projects. Undependable coverage, poor customer service and inability to compete on price have all put Taipei in the same untenable position as the American cities profiled above. Competition from private companies has put the government-sponsored enterprise in jeopardy.[20]

A 2007 report from the Taiwan Review said, about 60,000 people signed up for free subscriptions to the Wi-Fi service during the beta testing phase. But in 2006, when people started to be charged for the service, $12 per month or $127 per year, only a few thousand subscribers remained. Interest has grown to over 200,000, but it is still far from a break-even point in the business model, which is estimated at 500,000. [21]

Conclusion

This list of examples should serve as a cautionary tale for those designing the implementation of the broadband section of the stimulus program. Ideally, broadband services would be provided by the free market without government interference or subsidy. However, given that massive subsidies are now a reality, they should be primarily structured to encourage private Internet service in unserved rural communities. These areas are in need of service but do not have a private sector provider who will suffer from taxpayer subsidized municipal service.

A secondary priority should be underserved areas. Grants should be awarded to companies to encourage increased viability on the demand side of the equation, which has the potential to make these projects financially sustainable. However, this should not occur through the same style of so-called public-private partnerships that has produced disastrous results over the past decade.

An active government role in the broadband marketplace has produced nothing but wasted tax dollars and a record of failure.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

H 4

HOUSE BILL 45*

Committee Substitute Favorable 3/3/11
Committee Substitute #2 Favorable 3/10/11
Senate Agriculture/Environment/Natural Resources Committee Substitute Adopted 4/6/11

Short Title: Accelerate Cleanup of Industrial Properties. (Public)

Sponsors:

Referred to:

February 8, 2011

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE USE OF RISK-BASED REMEDIATION TO ACCELERATE THE CLEANUP OF CONTAMINATED INDUSTRIAL SITES FOR THE PURPOSE OF LIMITING HUMAN AND ENVIRONMENTAL EXPOSURE TO SAFE LEVELS, TO PROTECT CURRENT AND LIKELY FUTURE USES OF GROUNDWATER, AND TO ENSURE THE COST-EFFECTIVE APPLICATION OF LIMITED PUBLIC AND PRIVATE RESOURCES.

Whereas, the General Assembly finds that public health, safety, and welfare and the environment can be protected by implementing a remediation process that requires that contaminated industrial sites be cleaned up to a level that is sufficient to ensure protection of public health, safety, and welfare and the environment without excessive expenditure of public or private resources; and

Whereas, the General Assembly finds that there are contaminated industrial sites in North Carolina, including land and other property, surface water, and groundwater, that are adversely affected by environmental contamination due to the presence of drilling waste; hazardous and toxic materials, substances, and wastes; solid waste; oil; and other wastes, contaminants, and regulated substances; and

Whereas, the General Assembly finds that the presence of environmental contamination on industrial sites creates both potential and actual harm to public health, safety, and welfare and to the environment; and

Whereas, the General Assembly finds that this potential and actual harm results in substantial economic losses, including reduced property values and tax revenues, decreased ability to develop and expand the beneficial use of these sites, and other opportunity costs because of the uncertainties and concerns that result from the environmental contamination of these sites; and

Whereas, the General Assembly finds that it is in the public interest that contaminated industrial sites are cleaned up or managed in a manner that protects public health, safety, and welfare and the environment and protects groundwater that is a current or probable future water supply; and

Whereas, the General Assembly finds that North Carolina has numerous and varied State-managed remediation programs to address environmental contamination, including the Inactive Hazardous Sites Response Act of 1987; the hazardous waste management program administered by the State pursuant to the federal Resource Conservation and Recovery Act of 1976; the Leaking Petroleum Underground Storage Tank Cleanup Act of 1988; the Brownfields

Property Reuse Act of 1997; the Dry-Cleaning Solvent Cleanup Act of 1997; the federal Superfund program administered in part by the State pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and the Superfund Amendments and Reauthorization Act of 1986; and the groundwater protection rules adopted by the Environmental Management Commission; and

Whereas, the General Assembly finds that the expenditure of public and private resources on unnecessary remediation could better be channeled to other purposes, including new development, renovation and repair, research and development, training and education, and other activities that maintain and enhance North Carolina's competitive position in the world and the excellent quality of life enjoyed by the citizens of North Carolina; and

Whereas, the General Assembly finds that North Carolina's groundwater is a valuable public and private resource, serving as the drinking water source for one-half of the State's population and also as a water supply for industrial and commercial uses; and

Whereas, the General Assembly finds that maintenance of North Carolina's surface water and groundwater resources will become increasingly important to the continued economic vitality of the State in the future; and

Whereas, the General Assembly finds that use of site-specific remediation standards based on an objective, scientific, and uniform approach to the evaluation of the risk posed by each contaminated site can be protective of public health, safety, and welfare and the environment; and

Whereas, the General Assembly finds that use of site-specific remediation standards in appropriate circumstances may encourage accelerated cleanup of contaminated industrial sites; and

Whereas, the General Assembly intends that the levels of remediation that are established for each contaminated site are to be applicable or relevant under federal remediation programs; and

Whereas, the General Assembly intends that the protections afforded to public health, safety, and welfare and to the environment by existing environmental, health, and safety standards that apply to ongoing activities not be diminished in any way, in order that those standards will continue to protect against the discharge or release of contaminants to the environment that would result in additional contaminated sites; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-310.62 through G.S. 130A-310.64 are reserved for future codification purposes.

SECTION 2. Article 9 of Chapter 130A of the General Statutes is amended by adding a new Part to read:

"Part 8. Risk-Based Environmental Remediation of Industrial Sites.

"**§ 130A-310.65. Definitions.**

As used in this Part:

(1) "Background standard" means the naturally occurring concentration of a substance in the absence of the release of a contaminant.

(2) "Commission" means the Environmental Management Commission created pursuant to G.S. 143B-282.

(3) "Contaminant" means any substance regulated under any program listed in G.S. 130A-310.67(a).

(4) "Contaminated industrial site" or "site" means any real property that meets all of the following criteria:

a. The property is contaminated and may be subject to remediation under any of the programs or requirements set out in G.S. 130A-310.67(a).

b. The property is or has been used primarily for manufacturing or other industrial activities for the production of a commercial product. This includes a property used primarily for the generation of electricity.

c. No contaminant associated with activities at the property is located off of the property at the time the remedial action plan is submitted.

d. No contaminant associated with activities at the property will migrate to any adjacent properties above unrestricted use standards for the contaminant.

(5) "Contamination" means a contaminant released into an environmental medium that has resulted in or has the potential to result in an increase in the concentration of the contaminant in the environmental medium in excess of unrestricted use standards.

(6) "Fund" means the Inactive Hazardous Sites Cleanup Fund established pursuant to G.S. 130A-310.11.

(7) "Institutional controls" means nonengineered measures used to prevent unsafe exposure to contamination, such as land-use restrictions.

(8) "Registered environmental consultant" means an environmental consulting or engineering firm approved to implement and oversee voluntary remedial actions pursuant to Part 3 of Article 9 of Chapter 130A of the General Statutes and rules adopted to implement the Part.

(9) "Remedial action plan" means a plan for eliminating or reducing contamination or exposure to contamination.

(10) "Remediation" means all actions that are necessary or appropriate to clean up, mitigate, correct, abate, minimize, eliminate, control, or prevent the spreading, migration, leaking, leaching, volatilization, spilling, transport, or further release of a contaminant into the environment in order to protect public health, safety, or welfare or the environment.

(11) "Systemic toxicant" means any substance that may enter the body and have a harmful effect other than causing cancer.

(12) "Unrestricted use standards" means contaminant concentrations for each environmental medium that are acceptable for all uses; that are protective of public health, safety, and welfare and the environment; and that comply with generally applicable standards, guidance, or methods established by statute or adopted, published, or implemented by the Commission, the Commission for Public Health, or the Department.

"**§ 130A-310.66. Purpose.**

It is the purpose of this Part to authorize the Department to approve the remediation of contaminated industrial sites based on site-specific remediation standards in circumstances where site-specific remediation standards are adequate to protect public health, safety, and welfare and the environment and are consistent with protection of current and anticipated future use of groundwater and surface water affected or potentially affected by the contamination.

"**§ 130A-310.67. Applicability.**

(a) This Part applies to contaminated industrial sites subject to remediation pursuant to any of the following programs or requirements:

(1) The Inactive Hazardous Sites Response Act of 1987 under Part 3 of Article 9 of Chapter 130A of the General Statutes, including voluntary actions under G.S. 130A-310.9 of that act, and rules promulgated pursuant to those statutes.

(2) The hazardous waste management program administered by the State pursuant to the federal Resource Conservation and Recovery Act of 1976,

Public Law 94-580, 90 Stat. 2795, 42 U.S.C. § 6901, et seq., as amended, and Article 9 of Chapter 130A of the General Statutes.

(3) The solid waste management program administered pursuant to Article 9 of Chapter 130A of the General Statutes.

(4) The federal Superfund program administered in part by the State pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, 94 Stat. 2767, 42 U.S.C. § 9601, et seq., as amended, the Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 100 Stat. 1613, as amended, and under Part 4 of Article 9 of Chapter 130A of the General Statutes.

(5) The groundwater protection corrective action requirements adopted by the Commission pursuant to Article 21 of Chapter 143 of the General Statutes.

(6) Oil Pollution and Hazardous Substances Control Act of 1978, Parts 1 and 2 of Article 21A of Chapter 143 of the General Statutes.

(b) This Part shall not apply to contaminated industrial sites subject to remediation pursuant to any of the following programs or requirements:

(1) The Leaking Petroleum Underground Storage Tank Cleanup program under Part 2A of Article 21A of Chapter 143 of the General Statutes and rules promulgated pursuant to that statute.

(2) The Dry-Cleaning Solvent Cleanup program under Part 6 of Article 21A of Chapter 143 of the General Statutes and rules promulgated pursuant to that statute.

(3) The pre-1983 landfill assessment and remediation program established under G.S. 130A-310.6(c) through (g).

(c) This Part shall apply only to sites where a discharge, spill, or release of contamination has been reported to the Department prior to March 1, 2011.

"**§ 130A-310.68. Remediation standards.**

(a) When conducting remediation activities pursuant to this Part, a person who proposes to or is required to respond to the release of a contaminant at a contaminated industrial site shall comply with one of the following standards:

(1) The unrestricted use standards applicable to each affected medium.

(2) The background standard, if the background standard exceeds the unrestricted use standards.

(3) A site-specific remediation standard developed in accordance with subsection (b) of this section that is approved by the Department.

(4) Any combination of remediation standards described in this subsection that is approved by the Department.

(b) Site-specific remediation standards shall be developed for each medium as provided in this subsection to achieve remediation that eliminates or reduces to protective levels any substantial present or probable future risk to human health, including sensitive subgroups, and the environment based upon the present or currently planned future use of the property comprising the site. Site-specific remediation standards shall be developed in accordance with all of the following:

(1) Remediation methods and technologies that result in emissions of air pollutants shall comply with applicable air quality standards adopted by the Commission.

(2) The site-specific remediation standard for surface waters shall be the water quality standards adopted by the Commission.

(3) The current and probable future use of groundwater shall be identified and protected. Site-specific sources of contaminants and potential receptors shall be identified. Potential receptors must be protected, controlled, or eliminated

whether the receptors are located on or off the site where the source of contamination is located. Natural environmental conditions affecting the fate and transport of contaminants, such as natural attenuation, shall be determined by appropriate scientific methods.

(4) Permits for facilities located at sites covered by any of the programs or requirements set out in G.S. 130A-310.67(a) shall contain conditions to avoid exceedances of applicable groundwater standards adopted by the Commission pursuant to Article 21 of Chapter 143 of the General Statutes due to operation of the facility.

(5) Soil shall be remediated to levels that no longer constitute a continuing source of groundwater contamination in excess of the site-specific groundwater remediation standards approved under this Part.

(6) Soil shall be remediated to unrestricted use standards on residential property with the following exceptions:

a. For mixed-use developments where the ground level uses are nonresidential and where all potential exposure to contaminated soil has been eliminated, the Department may allow soil to remain on the site in excess of unrestricted use standards.

b. If soil remediation is impracticable because of the presence of preexisting structures or impracticability of removal, all areas of the real property at which a person may come into contact with soil shall be remediated to unrestricted use standards, and, on all other areas of the real property, engineering and institutional controls that are sufficient to protect public health, safety, and welfare and the environment shall be implemented and maintained.

(7) The potential for human inhalation of contaminants from the outdoor air and other site-specific indoor air exposure pathways shall be considered, if applicable.

(8) The site-specific remediation standard shall protect against human exposure to contamination through the consumption of contaminated fish or wildlife and through the ingestion of contaminants in surface water or groundwater supplies.

(9) For known or suspected carcinogens, site-specific remediation standards shall be established at exposures that represent an excess lifetime cancer risk of one in 1,000,000. The site-specific remediation standard may depart from the one-in-1,000,000 risk level based on the criteria set out in 40 Code of Federal Regulations § 300.430(e)(9) (July 1, 2003 Edition). The cumulative excess lifetime cancer risk to an exposed individual shall not be greater than one in 10,000 based on the sum of carcinogenic risk posed by each contaminant present.

(10) For systemic toxicants, site-specific remediation standards shall represent levels to which the human population, including sensitive subgroups, may be exposed without any adverse health effect during a lifetime or part of a lifetime. Site-specific remediation standards for systemic toxicants shall incorporate an adequate margin of safety and shall take into account cases where two or more systemic toxicants affect the same organ or organ system.

(11) The site-specific remediation standards for each medium shall be adequate to avoid foreseeable adverse effects to other media or the environment that are inconsistent with the risk-based approach under this Part.

"**§ 130A-310.69. Remedial investigation report; remedial action plans.**

(a) A person who proposes to conduct remediation pursuant to this Part shall submit a remedial investigation report to the Department prior to submitting a remedial action plan. The remedial investigation report shall include, but is not limited to, a legal description of the location of the site; a map showing the location of the site; a description of the contaminants involved and their concentration in the media of the site; a narrative description of the methodology used in the investigation; a description of all on-site releases of contamination; a site map, drawn to scale, showing benchmarks, directional arrow, location of property boundaries, buildings, structures, all perennial and nonperennial surface water features, drainage ditches, dense vegetation, contaminant spill or disposal areas, underground utilities, storage vessels, and existing on-site wells; identification of adjacent property owners and adjacent land uses; description of local geologic and hydrologic conditions; an evaluation of the site and adjacent properties for the existence of environmentally sensitive areas; a description of groundwater monitoring well design and installation procedures; a map, drawn to scale, that shows all groundwater sample locations; a description of field and laboratory quality control and quality assurance procedures followed during the remedial investigation; a description of methods used to manage investigation-derived wastes; tabulation of analytical results for all sampling; copies of all laboratory reports; a description of procedures and the results of any special assessments; and any other information required by the Department or considered relevant by the investigator. The remedial investigation shall assess all contaminated areas of the site, including types and levels of contamination, and the risk that the contamination poses to public health, safety, and welfare and to the environment.

(b) A person who proposes to conduct remediation pursuant to this Part shall develop and submit a proposed remedial action plan to the Department. A remedial action plan shall provide for the protection of public health, safety, and welfare and the environment. A remedial action plan shall do all of the following:

(1) Identify actions required to remove, treat, or otherwise appropriately mitigate or isolate the source of contamination to ensure that the source will not cause unrestricted use standards to be exceeded in any medium.

(2) Address contamination that moves from one medium to another in order to prevent a violation of the remediation standards established under G.S. 130A-310.68. A more stringent remediation standard may be required for a particular medium to control impact on other media.

(3) Identify the current and anticipated future uses of property comprising the contaminated site and address any concerns raised in public comment on the proposed remedial action plan as to the proposed future uses of the property.

(4) Identify the current and anticipated future uses of groundwater in the contaminated site and address any concerns raised in public comment on the proposed remedial action plan as to the future uses of groundwater.

(5) Determine the appropriate method of remediation to achieve the site-specific remediation standards.

(6) Specify any measures that may be necessary to prevent adverse effects to the environment that may occur at levels of contamination that are lower than the standard necessary to protect human health.

(7) Specify any measures that may be necessary to prevent any discharge into surface waters during implementation of the remedial action plan that violates applicable surface water quality standards adopted by the Commission.

(8) Specify any measures that may be necessary to prevent any air emission during implementation of the remedial action plan that violates applicable air quality standards adopted by the Commission.

(9) Provide for attainment and maintenance of the remediation standards established under G.S. 130A-310.68.

(10) Provide for methods and procedures to verify that the quantity, concentration, range, or other measure of each contaminant remaining at the contaminated site at the conclusion of the contaminant-reduction phase of remediation meets the remediation standards established for the site, that an acceptable level of risk has been achieved, and that no further remediation is required.

(11) Provide for the imposition and recordation of land-use restrictions as provided in G.S. 143B-279.9, 143B-279.10, 130A-310.3(f), 130A-310.8, 130A-310.35, 143-215.84(f), and 143-215.85A if the remedial action plan allows contamination in excess of the greater of unrestricted use standards or background standards to remain on any real property or in groundwater that underlies any real property.

(12) Provide for submission of an annual certification to the Department by the property owner that land use at the site is in compliance with land-use restrictions recorded pursuant to this Part and that the land-use restrictions are still properly recorded in the chain of title for the property.

(13) Provide a detailed description of the proposed remedial action to be taken; the results of any treatability studies and additional site characterization needed to support the proposed remedial action; plans for postremedial and confirmatory sampling; a project schedule; a schedule for progress reports to the Department; and any other information required by the Department or considered relevant by the person who submits the proposed remedial action plan.

(14) Provide a description of measures that will be employed to ensure that the safety and health of persons on properties in the vicinity of the site and persons visiting or doing business on the site will not be adversely affected by any remediation activity.

(15) Provide a reasonable estimate of the probable cost of the remedial action sufficient for the Department to determine an acceptable level of financial assurance.

(16) Provide proof of financial assurance as required by G.S. 130A-310.72.

(c) A remedial action plan shall also include an analysis of each of the following factors:

(1) Long-term risks and effectiveness of the proposed remediation, including an evaluation of all of the following:

a. The magnitude of risks remaining after completion of the remediation.

b. The type, degree, frequency, and duration of any postremediation activity that may be required, including, but not limited to, operation and maintenance, monitoring, inspection, reports, and other activities necessary to protect public health, safety, and welfare and the environment.

c. Potential for exposure of human and environmental receptors to contaminants remaining at the site.

d. Long-term reliability of any engineering and voluntary institutional controls, including repair, maintenance, or replacement of components.

e. Time required to achieve remediation standards.

(2) Toxicity, mobility, and volume of contaminants, including the amount of contaminants that will be removed, contained, treated, or destroyed; the degree of expected reduction in toxicity, mobility, and volume; and the type, quantity, toxicity, and mobility of contaminants that will remain after implementation of the remedial action plan.

(3) Short-term risks and effectiveness of the remediation, including the short-term risks that may be posed to the community, workers, or the environment during implementation of the remedial action plan, and the effectiveness and reliability of protective measures to address short-term risks.

(4) The ease or difficulty of implementing the remedial action plan, including commercially available remedial measures; expected operational reliability; available capacity and location of needed treatment, storage, and disposal services for wastes; time to initiate remediation; and approvals necessary to implement the remediation.

(d) The development of a remedial action plan may require supplemental submissions and revisions based on Department review, remedial action pilot studies, and public comment from local government and citizens.

"**§ 130A-310.70. Notice of intent to remediate.**

In addition to the public participation requirements of the individual programs listed in G.S. 130A-310.67(a), the person who proposes to remediate a site under this Part shall send a notice of intent to remediate to all local governments having taxing or land-use jurisdiction over the site, and to all adjoining landowners. The notice shall include all of the information required in G.S. 130A-310.69(a) and include a statement of intent to clean up the site to site-specific remediation standards. The person shall submit to the Department a copy of the notice of intent provided to local governments and adjoining landowners, a certification that the notice of intent to remediate was so provided to those parties, and all information and comments that the person received in response to the notice. In addition, the person shall, when appropriate, describe how the remedial action plan was modified to address comments received in response to the notice.

"**§ 130A-310.71. Review and approval of proposed remedial action plans.**

(a) The Department shall review and approve a proposed remedial action plan consistent with the remediation standards set out in G.S. 130A-310.68 and the procedures set out in this section. In its review of a proposed remedial action plan, the Department shall do all of the following:

(1) Determine whether site-specific remediation standards are appropriate for a particular contaminated site. In making this determination, the Department shall consider proximity of the contamination to water supply wells or other receptors; current and probable future reliance on the groundwater as a water supply; current and anticipated future land use; environmental impacts; and the feasibility of remediation to unrestricted use standards.

(2) Determine whether the party conducting the remediation has adequately demonstrated through modeling or other scientific means acceptable to the Department that no contamination will migrate to adjacent property at levels above unrestricted use standards.

(3) Determine whether the proposed remedial action plan meets the requirements of G.S. 130A-310.69.

(4) Determine whether the proposed remedial action plan meets the requirements of any other applicable remediation program except those pertaining to remediation standards.

(5) Establish the acceptable level or range of levels of risk to public health, safety, and welfare and to the environment.

(6) Establish, for each contaminant, the maximum allowable quantity, concentration, range, or other measures of contamination that will remain at the contaminated site at the conclusion of the contaminant-reduction phase of the remediation.

(7) Consider the technical performance, effectiveness, and reliability of the proposed remedial action plan in attaining and maintaining compliance with applicable remediation standards.

(8) Consider the ability of the person who proposes to remediate the site to implement the proposed remedial action plan within a reasonable time and without jeopardizing public health, safety, or welfare or the environment.

(9) Determine whether the proposed remedial action plan adequately provides for the imposition and maintenance of engineering and institutional controls and for sampling, monitoring, and reporting requirements necessary to protect public health, safety, and welfare and the environment.

(10) Approve the circumstances under which no further remediation is required.

(b) The person who proposes a remedial action plan has the burden of demonstrating with reasonable assurance that contamination from the site will not migrate to adjacent property above unrestricted use levels and that the remedial action plan is protective of public health, safety, and welfare and the environment by virtue of its compliance with this Part. The demonstration shall (i) take into account actions proposed in the remedial action plan that will prevent contamination from migrating off the site; and (ii) use scientifically valid site-specific data.

(c) The Department may require a person who proposes a remedial action plan to supply any additional information necessary for the Department to approve or disapprove the plan.

(d) In making a determination on a proposed remedial action plan, the Department shall consider the information provided by the person who proposes the remedial action plan as well as information provided by local governments and adjoining landowners pursuant to G.S. 130A-310.70. The Department shall disapprove a proposed remedial action plan unless the Department finds that the plan is protective of public health, safety, and welfare and the environment and complies with the requirements of this Part. If the Department disapproves a proposed remedial action plan, the person who submitted the plan may seek review as provided in Article 3 of Chapter 150B of the General Statutes. If the Department fails to approve or disapprove a proposed remedial action plan within 120 days after a complete plan has been submitted, the person who submitted the plan may treat the plan as having been disapproved at the end of that time period.

"**§ 130A-310.72. Financial assurance requirement.**

The person conducting remediation of a contaminated industrial site pursuant to the provisions of this Part shall establish financial assurance that will ensure that sufficient funds are available to implement and maintain the actions or controls specified in the remedial action plan for the site. The person conducting remediation of a site may establish financial assurance through one of the following mechanisms, or any combination of the following mechanisms, in a form specified or approved by the Department: insurance products issued from entities having no corporate or ownership association with the person conducting the remediation; funded trusts; surety bonds; certificates of deposit; letters of credit; corporate financial tests; local government financial tests; corporate guarantees; local government guarantees; capital reserve funds; or any other financial mechanism authorized for the demonstration of financial assurance under (i) 40 Code of Federal Regulations Part 264, Subpart H (July 1, 2010 Edition) and (ii) Section .1600 of Subchapter B of Chapter 13 of Title 15A of the North Carolina

Administrative Code. Proof of financial assurance shall be provided in the remedial action plan and annually thereafter on the anniversary date of the approval of the plan.

"**§ 130A-310.73. Attainment of the remediation standards.**

(a) Compliance with the approved remediation standards is attained for a site or portion of a site when a remedial action plan approved by the Department has been implemented and applicable soil, groundwater, surface water, and air emission standards have been attained. The remediation standards may be attained through a combination of remediation activities that can include treatment, removal, engineering, or institutional controls, except that the person conducting the remediation may not demonstrate attainment of an unrestricted use standard or a background standard through the use of institutional controls alone. When the remedial action plan has been fully implemented, the person conducting the remediation shall submit a final report to the Department, with notice to all local governments with taxing and land-use jurisdiction over the site, that demonstrates that the remedial action plan has been fully implemented, that any land-use restrictions have been certified on an annual basis, and that the remediation standards have been attained. The final report shall be accompanied by a request that the Department issue a determination that no further remediation beyond that specified in the approved remedial action plan is required.

(b) The person conducting the remediation has the burden of demonstrating that the remedial action plan has been fully implemented and that the remediation standards have been attained in compliance with the requirements of this Part. The Department may require a person who implements the remedial action plan to supply any additional information necessary for the Department to determine whether the remediation standards have been attained.

(c) The Department shall review the final report, and, upon determining that the person conducting the remediation has completed remediation to the approved remediation standard and met all the requirements of the approved remedial action plan, the Department shall issue a determination that no further remediation beyond that specified in the approved remedial action plan is required at the site. Once the Department has issued a no further action determination, the Department may require additional remedial action by the responsible party only upon finding any of the following:

(1) Monitoring, testing, or analysis of the site subsequent to the issuance of the no further action determination indicates that the remediation standards and objectives were not achieved or are not being maintained.

(2) One or more of the conditions, restrictions, or limitations imposed on the site as part of the remediation have been violated.

(3) Site monitoring or operation and maintenance activities that are required as part of the remedial action plan or no further action determination for the site are not adequately funded or are not adequately implemented.

(4) A contaminant or hazardous substance release is discovered at the site that was not the subject of the remedial investigation report or the remedial action plan.

(5) A material change in the facts known to the Department at the time the written no further action determination was issued, or new facts, cause the Department to find that further assessment or remediation is necessary to prevent a significant risk to human health and safety or to the environment.

(6) The no further action determination was based on fraud, misrepresentation, or intentional nondisclosure of information by the person conducting the remediation.

(7) Installation or use of wells would induce the flow of contaminated groundwater off the site.

(d) The Department shall issue a final decision on a request for a determination that remediation has been completed to approved standards and that no further remediation beyond

that specified in the approved remedial action plan is required within 180 days after receipt of a complete final report. Failure of the Department to issue a final decision on a no further remediation determination within 180 days after receipt of a complete final report and request for a determination of no further remediation may be treated as a denial of the request for a no further remediation determination. The responsible person may seek review of a denial of a request for a release from further remediation as provided in Article 3 of Chapter 150B of the General Statutes.

"**§ 130A-310.74. Compliance with other laws.**

Where a site is covered by an agreement under the Brownfields Property Reuse Act of 1997, as codified as Part 5 of Article 9 of Chapter 130A of the General Statutes, any work performed by the prospective developer pursuant to that agreement is not required to comply with this Part, but any work not covered by such agreement and performed at the site by another person not a party to that agreement may be performed pursuant to this Part.

"**§ 130A-310.75. Use of registered environmental consultants.**

The Department may approve the use of a registered environmental consultant to provide oversight for the assessment and remediation of a site under this Part. If remediation under this Part is not undertaken voluntarily, the Department may not require the use of a registered environmental consultant to provide oversight for the assessment and remediation of a site under this Part.

"**§ 130A-310.76. Fees; permissible uses of fees.**

(a) A person who undertakes remediation of environmental contamination under site-specific remediation standards as provided in G.S. 130A-310.68 shall pay a fee to the Fund in an amount equal to four thousand five hundred dollars ($4,500) for each acre or portion of an acre of contamination, including any area that will become contaminated as a result of the release; however, no person shall be required to pay more than one hundred twenty-five thousand dollars ($125,000) to the Fund for any individual site, regardless of its size. This one-time fee shall be payable at the time the person undertaking remediation submits the remedial action plan to the Department.

(b) Funds collected pursuant to subsection (a) of this section may be used only for the following purposes:

(1) To pay for administrative and operating expenses necessary to implement this Part.

(2) To establish, administer, and maintain a system for the tracking of land-use restrictions recorded at sites that are remediated pursuant to this Part.

"**§ 130A-310.77. Construction of Part.**

This Part shall not be construed or implemented in any of the following ways:

(1) In any manner that would jeopardize federal authorization under any of the federal statutes, programs, or requirements set out in G.S. 130A-310.67(a) or would otherwise conflict with federal authority under those statutes, programs, and requirements. This Part is supplemental to the programs and requirements set out in G.S. 130A-310.67(a) that would otherwise govern the remediation of a contaminated industrial site. Where the definitions, provisions, or requirements of this Part conflict with the definitions, provisions, or requirements of an otherwise applicable remediation program, this Part shall control, unless expressly stated to the contrary.

(2) To limit the authority of the Department to require investigation, initial response, or remediation of environmental contamination under any other provision of State or federal law necessary to address an imminent threat to public health, safety, or welfare or the environment.

(3) To alter the requirements of programs to prevent or mitigate the release or discharge of contaminants to the environment, including permitting requirements that regulate the handling of hazardous substances or wastes.

(4) To supersede or otherwise affect or prevent the enforcement of any land-use or development regulation or ordinance adopted by a municipality pursuant to Article 19 of Chapter 160A of the General Statutes or adopted by a county pursuant to Article 18 of Chapter 153A of the General Statutes. The use of a site and any land-use restrictions imposed as part of a remedial action plan shall comply with land-use and development controls adopted by a municipality pursuant to Article 19 of Chapter 160A of the General Statutes or adopted by a county pursuant to Article 18 of Chapter 153A of the General Statutes."

SECTION 3. G.S. 130A-310.78 through G.S. 130A-310.80 are reserved for future codification purposes.

SECTION 4. G.S. 130A-310.10(a) reads as rewritten:

"(a) The Secretary shall report on inactive hazardous sites to the Joint Legislative Commission on Governmental Operations, the Environmental Review Commission, and the Fiscal Research Division on or before 1 October of each year. The report shall include at ~~least:~~least the following:

(1) The Inactive Hazardous Waste Sites Priority ~~List;~~List.

(2) A list of remedial action plans requiring State funding through the Inactive Hazardous Sites Cleanup ~~Fund;~~Fund.

(3) A comprehensive budget to implement these remedial action plans and the adequacy of the Inactive Hazardous Sites Cleanup Fund to fund the cost of said ~~plans;~~plans.

(4) A prioritized list of sites that are eligible for remedial action under CERCLA/SARA together with recommended remedial action plans and a comprehensive budget to implement such plans. The budget for implementing a remedial action plan under CERCLA/SARA shall include a statement as to any appropriation that may be necessary to pay the State's share of such ~~plan;~~plan.

(5) A list of sites and remedial action plans undergoing voluntary cleanup with Departmental ~~approval;~~approval.

(6) A list of sites and remedial action plans that may require State funding, a comprehensive budget if implementation of these possible remedial action plans is required, and the adequacy of the Inactive Hazardous Sites Cleanup Fund to fund the possible costs of said ~~plans;~~plans.

(7) A list of sites that pose an imminent ~~hazard;~~hazard.

(8) A comprehensive budget to develop and implement remedial action plans for sites that pose imminent hazards and that may require State funding, and the adequacy of the Inactive Hazardous Sites Cleanup ~~Fund; and~~Fund.

(8a) The amounts and sources of funds collected by year received under G.S. 130A-310.76, the amounts and sources of those funds paid into the Inactive Hazardous Sites Cleanup Fund established pursuant to G.S. 130A-310.11, the number of acres of contamination for which funds have been received pursuant to G.S. 130A-310.76, and a detailed annual accounting of how the funds collected pursuant to G.S. 130A-310.76 have been utilized by the Department to advance the purposes of Part 8 of Article 9 of Chapter 130A of the General Statutes.

(9) Any other information requested by the General Assembly or the Environmental Review Commission."

SECTION 5. The Secretary of Environment and Natural Resources shall make all reasonable efforts to obtain a written agreement from the United States Environmental Protection Agency that Part 8 of Article 9 of Chapter 130A of the General Statutes, as enacted by Section 2 of this act, is consistent with the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, 94 Stat. 2767, 42 U.S.C. § 9601, et seq., as amended, and the Superfund Amendments and Reauthorization Act of 1986, Public Law 99-499, 100 Stat. 1613, as amended.

SECTION 6. G.S. 143-215.104M(f) reads as rewritten:

"**§ 143-215.104M. (Repealed effective January 1, 2012 – See notes) Notice of Dry-Cleaning Solvent Remediation; land-use restrictions in deeds.**

...

(f) Enforcement. – Any restriction on the current or future use of property subject to a Notice of Dry-Cleaning Solvent Remediation filed pursuant to this section shall be enforced by any owner of the property or by any other potentially responsible party. Any land-use restriction may also be enforced by the Commission through the remedies provided in this Part or by means of a civil action in the superior court. The Commission may enforce any land-use restriction without first having exhausted any available administrative remedies. Restrictions also may be enforced by any unit of local government having jurisdiction over any part of the property by means of a civil action without the unit of local government having first exhausted any available administrative remedy. A land-use restriction may also be enforced by any person eligible for liability protection under this Part who will lose liability protection if the land-use restriction is violated. A restriction shall not be declared unenforceable due to lack of privity of estate or contract, due to lack of benefit to particular land, or due to lack of privity of any property interest in particular land. Any person who owns or leases a property subject to a land-use restriction under this section shall abide by the land-use restriction. Failure to submit an annual certification that land-use restrictions are properly recorded and followed shall result in a notice from the Commission to the property owner. The notice shall inform the person of the actions that need to be taken in order for the person to come into compliance and specify a date by which the person must comply, which shall not be less than 30 calendar days from the date the notice is mailed. Any person who fails to comply within the time specified shall then be subject to enforcement procedures as provided in this Part."

SECTION 7. The Environmental Review Commission, with the assistance of the Department of Environment and Natural Resources, shall study the cost of assessing and remediating inactive hazardous substance or waste disposal sites for which there is no financially viable responsible party. The Commission shall also identify potential sources of funds to address the projected need for assessment and remediation. The Environmental Review Commission shall report its findings and recommendations, including any legislative proposals, to the 2012 General Assembly upon its convening.

SECTION 8. This act is effective when it becomes law.

HOUSE BILL 45:
Accelerate Cleanup of Industrial Properties

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	April 13, 2011
Introduced by:	Representatives Gillespie, Cook, Gibson	**Prepared by:**	Jeff Hudson Committee Counsel
Analysis of:	Fourth Edition		

SUMMARY: ***House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site.***

[As introduced, this bill was identical to S48, as introduced by Sen. Allran, which is currently in Senate Agriculture/Environment/Natural Resources.]

CURRENT LAW AND BACKGROUND:

North Carolina, in conjunction with the federal government, has implemented a number of programs to address remediation or cleanup of environmental contamination. Based on the source, location, and nature of the contaminants present, requirements for oversight and cleanup are established within an applicable program. Each program has its own standards, methods, and requirements. In some cases, a contaminated site may come under the authority of multiple programs.

Generally, cleanup of environmental contamination must be performed to meet unrestricted use standards, meaning contaminant concentrations present at a location are acceptable for all uses; are protective of public health, safety, and welfare and the environment; and comply with an applicable program's standards established by statute or rule adopted by the Environmental Management Commission, the Commission for Public Health, or the Department of Environment and Natural Resources (DENR). Some State programs for cleanup of environmental contamination, however, allow cleanup based on site-specific risk factors, which are generally not as stringent as the applicable unrestricted use standards. These programs include the Petroleum Underground Storage Tank Cleanup Program, the Dry-Cleaning Solvent Cleanup Program, and the State's Brownfields Property Reuse Act.

BILL ANALYSIS:

House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site.

Applicability:

Risk-based cleanup would be available for contaminated industrial sites that are governed by cleanup programs for hazardous and solid waste management, groundwater protection, and oil pollution control and where the release of contamination was reported to DENR prior to March 1, 2011. Risk-based cleanup would not be available for contaminated industrial sites that are governed by cleanup programs for leaking underground storage tanks, dry-cleaning facilities, and certain landfills.

Site-specific Remediation Standards:

Site-specific remediation or cleanup standards would be developed for contaminated industrial sites to eliminate or reduce to protective levels any substantial or probable future risk to human health and the environment based on the present or anticipated future use of the site. The standards would have to be developed in accordance with a number of specific requirements for the protection of air quality, surface water and groundwater quality, and human health.

Remedial Investigation Report and Remedial Action Plan:

A person who proposes a risk-based cleanup must prepare and submit to DENR a remedial investigation report that provides detailed information on the site, contamination at the site, risks posed by the contamination, adjacent properties, and any other information required by DENR. The person would then prepare and submit to DENR a proposed remedial action plan that provides for how the site would be cleaned up in order to protect public health, safety, and welfare and the environment and proof of financial assurance that sufficient funds are available to carry out the cleanup.

Notice of Intent to Remediate:

A person who proposes a risk-based cleanup must send a notice of intent to conduct the risk-based cleanup to all local governments having jurisdiction over the site and to all adjoining landowners. The notice must include all of the information contained in the remedial investigation report. The person must also submit to DENR a certification that the notice of intent was properly distributed, information and comments received in response to the notice, and a description of how the remedial action plan was modified in response to the comments.

Review and Approval of Proposed Remedial Action Plans:

DENR must review each proposed remedial action plan and make a number of determinations prior to approving a plan, including whether the site-specific cleanup standards are appropriate for the site, that no unauthorized levels of contaminants will migrate from the site to adjacent properties, and that the plan is protective of public health, safety, and welfare and the environment. In its review and consideration of the proposed plan, DENR must consider information provided by the person who proposes the plan as well as information provided by the local governments and adjoining landowners.

Attainment of the Remediation Standard:

When DENR determines that an approved remedial action plan has been implemented and applicable cleanup standards have been attained, it will issue a determination that no further cleanup is required. Once a determination has been issued, DENR may only require additional cleanup under specific circumstances, such as a finding that subsequent monitoring indicates that cleanup standards were not achieved; an undocumented contaminant release is discovered; or one or more of the restrictions imposed on the site as part of the cleanup have been violated.

Fees:

The fee for participation in a risk-based cleanup is $4,500 for each acre or portion of an acre of contamination, with a cap of $125,000 regardless of the size of the site. The fees may be used by DENR only to pay for administrative and operating expenses necessary to implement the risk-based cleanup program and to establish and maintain a system for the tracking of land use restrictions recorded at sites that are remediated under the program.

Construction of the Act:

The Act may not be construed or implemented to jeopardize federal authorization under any of the federal statutes, programs, or requirements for the cleanup of contamination; limit the authority of DENR to require investigation, response, or cleanup of environmental contamination necessary to address an imminent threat to public health, safety, or welfare or the environment; or to affect or prevent the enforcement of any local government land-use or development regulation or ordinance.

Dry-cleaning Site Compliance with Land-use Restrictions:

House Bill 45 would provide that if a person responsible for a property subject to land-use restrictions under the Dry-Cleaning Solvent Cleanup Act fails to submit an annual certification that the land-use restrictions are properly recorded and followed, the Environmental Management Commission shall issue a notice of such failure to the person. The notice must inform the person of the actions needed to come into compliance and give the person at least 30 calendar days within which to come into compliance. If the person fails to come into compliance during this time, the person will then be subject to enforcement procedures.

Study of Costs Associated with Inactive Hazardous Substance or Waste Disposal Sites:

House Bill 45 would direct the Environmental Review Commission, with the assistance of the Department of Environment and Natural Resources, to study the cost of assessing and remediating inactive hazardous substance or waste disposal sites for which there is no financially-viable responsible party. The Commission will report its findings and recommendations including any legislative proposals to the 2012 General Assembly, upon its convening.

EFFECTIVE DATE: The act would become effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

Referred to:

February 21, 2011

A BILL TO BE ENTITLED

AN ACT TO PROTECT JOBS AND INVESTMENT BY REGULATING LOCAL GOVERNMENT COMPETITION WITH PRIVATE BUSINESS.

Whereas, certain cities in the State have chosen to compete with private providers of communications services; and

Whereas, these cities have been permitted to enter into competition with private providers as a result of a decision of the North Carolina Court of Appeals rather than legislation enacted by the General Assembly; and

Whereas, the communications industry is an industry of economic growth and job creation; and

Whereas, as expressed in G.S. 66-58, known as the Umstead Act, it is against the public policy of this State for any unit, department, or agency of the State, or any division or subdivision of a unit, department, or agency of the State to engage directly or indirectly in the sale of goods, wares, or merchandise in competition with citizens of the State; and

Whereas, to protect jobs and to promote investment, it is necessary to ensure that the State does not indirectly subsidize competition with private industry through actions by cities and to ensure that where there is competition between the private sector and the State, directly or through its subdivisions, it exists under a framework that does not discourage private investment and job creation; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Chapter 160A of the General Statutes is amended by adding a new Article to read as follows:

"Article 16A.

"Provision of Communications Service by Cities.

"**§ 160A-340. Definitions.**

The following definitions apply in this Article:

(1) City-owned communications service provider. – A city that provides communications service using a communications network, whether directly, indirectly, or through an interlocal agreement or a joint agency.

(2) Communications network. – A wired or wireless network for the provision of communications service.

(3) Communications service. – The provision of cable, video programming, telecommunications, broadband, or high-speed Internet access service to the public, or any sector of the public, for a fee, regardless of the technology used to deliver the service. The terms "cable service," "telecommunications service," and "video programming service" have the same meanings as in G.S. 105-164.3. Neither the sharing of data or voice between governmental entities for internal governmental purposes nor the provision of free services to the public or a subset thereof shall be considered the provision of communications service.

(4) High-speed Internet access service. – Internet access service with transmission speeds that are equal to or greater than the requirements for basic broadband tier 1 service as defined by the Federal Communications Commission for broadband data gathering and reporting.

(5) Interlocal agreement. – An agreement between units of local government as authorized by Part 1 of Article 20 of Chapter 160A of the General Statutes.

(6) Joint agency. – A joint agency created under Part 1 of Article 20 of Chapter 160A of the General Statutes.

"**§ 160A-340.1. City-owned communications service provider requirements.**

(a) A city-owned communications service provider shall meet all of the following requirements:

(1) Comply in its provision of communications service with all local, State, and federal laws, regulations, or other requirements applicable to the provision of the communications service if provided by a private communications service provider.

(2) In accordance with the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act, establish one or more separate enterprise funds for the provision of communications service, use the enterprise funds to separately account for revenues, expenses, property, and source of investment dollars associated with the provision of communications service, and prepare and publish an independent annual report and audit in accordance with generally accepted accounting principles that reflect the fully allocated cost of providing the communications service, including all direct and indirect costs. An annual independent audit conducted under G.S. 159-34 and submitted to the Local Government Commission satisfies the audit requirement of this subdivision.

(3) Limit the provision of communications service to within the corporate limits of the city providing the communications service.

(4) Shall not, directly or indirectly, under the powers of a city, exercise power or authority in any area, including zoning or land-use regulation, or exercise power to withhold or delay the provision of monopoly utility service, to require any person, including residents of a particular development, to use or subscribe to any communications service provided by the city-owned communications service provider.

(5) Shall provide nondiscriminatory access to private communications service providers on a first-come, first-served basis to rights-of-way, poles, or conduits owned, leased, or operated by the city unless the facilities have insufficient capacity for the access and additional capacity cannot reasonably be added to the facilities. For purposes of this subdivision, the term "nondiscriminatory access" means that, at a minimum, access shall be granted on the same terms and conditions as that given to a city-owned communications service provider.

(6) Shall not air advertisements or other promotions for the city-owned communications service on a public, educational, or governmental access channel if the city requires another communications service provider to carry the channel. The city shall not use city resources that are not allocated for cost accounting purposes to the city-owned communications service to promote city-owned communications service in comparison to private services or, directly or indirectly, require city employees, officers, or contractors to purchase city services.

(7) Shall not subsidize the provision of communications service with funds from any other noncommunications service, operation, or other revenue source, including any funds or revenue generated from electric, gas, water, sewer, or garbage services.

(8) Shall not price any communications service below the cost of providing the service, including any direct or indirect subsidies received by the city-owned communications service provider and allocation of costs associated with any shared use of buildings, equipment, vehicles, and personnel with other city departments. The city shall, in calculating the costs of providing the communications service, impute (i) the cost of the capital component that is equivalent to the cost of capital available to private communications service providers in the same locality and (ii) an amount equal to all taxes, including property taxes, licenses, fees, and other assessments that would apply to a private communications service provider, including federal, State, and local taxes; rights-of-way, franchise, consent, or administrative fees; and pole attachment fees. In calculating the costs of the service the city may amortize the capital assets of the communications system over the useful life of the assets in accordance with generally accepted principles of governmental accounting.

(9) The city shall annually remit to the general fund of the city an amount equivalent to all taxes or fees a private communications service provider would be required to pay the city or county in which the city is located, including any applicable tax refunds received by the city-owned communications service provider because of its government status and a sum equal to the amount of property tax that would have been due if the city-owned communications service provider were a private communications service provider.

(b) A city-owned communications service provider shall not be required to obtain voter approval under G.S. 160A-321 prior to the sale or discontinuance of the city's communications network.

"**§ 160A-340.2. Exemptions.**

(a) The provisions of G.S. 160A-340.1, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to the purchase, lease, construction, or operation of facilities by a city to provide communications service within the city's corporate limits for the city's internal governmental purposes, including the sharing of data or voice between governmental entities for internal governmental purposes, or within the corporate limits of another unit of local government that is a party with the city to an interlocal agreement under Part 1 of Article 20 of Chapter 160A of the General Statutes for the provision of internal government services.

(b) The provisions of G.S. 160A-340.1, 160A-340.4, and 160A-340.5 do not apply to the provision of communications service in an unserved area. A city seeking to provide communications service in an unserved area shall petition the North Carolina Utilities Commission for a determination that an area is unserved. The petition shall identify with specificity the geographic area for which the designation is sought. Any private

communications service provider, or any other interested party, may, within a time established by order of the Commission, which time shall be no fewer than 30 days, file with the Commission an objection to the designation on the grounds that one or more areas designated in the petition is not an unserved area or that the city is not otherwise eligible to provide the service. For purposes of this subsection, the term "unserved area" means a Census block, as designated by the most recent census of the U.S. Census Bureau, in which at least fifty percent (50%) of households either have no access to high-speed Internet service or have access to high-speed Internet service only from a satellite provider. A city may petition the Commission to serve multiple contiguous unserved areas in the same proceeding.

(c) The provisions of G.S. 160A-340.1, 160A-340.3, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to a city or joint agency providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of communications service to any one or more of the following:

(1) Persons within the corporate limits of the city providing the communications service. For the purposes of this subsection, corporate limits shall mean the corporate limits of the city as of April 1, 2011 or as expanded through annexation.

(2) Existing customers of the communications service as of April 1, 2011. Service to customers outside the service area of the city or joint agency shall comply with the open bidding procedures of Article 8 of Chapter 143 upon the expiration or termination of the existing service contract.

(3) The following service areas:

a. For the joint agency operated by the cities of Davidson and Mooresville, the service area is the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.

b. For the city of Salisbury, the service area is the corporate limits of the cities of Salisbury, Spencer, East Spencer, Rockwell, Granite Quarry, and the corridors between Salisbury and those cities only to the extent necessary to provide service to those cities.

c. For all other cities or joint agencies offering communications service, the service area is the area designated in the map filed as part of the initial notice of franchise with the Secretary of State as of January 1, 2011.

(d) The exemptions provided in this section do not exempt a city or joint agency from laws and rules of general applicability to governmental services, including nondiscriminatory obligations.

(e) In the event a city subject to the exemption set forth in subsection (c) of this section provides communications service to a customer outside the limits set forth in that subsection, the city shall have thirty days from the date of notice or discovery to cease providing service to the customer without loss of the exemption.

"**§ 160A-340.3. Notice; public hearing.**

A city or joint agency that proposes to provide communications service shall hold not fewer than two public hearings, which shall be held not less than 30 days apart, for the purpose of gathering information and comment. Notice of the hearings shall be published at least once a

week for four consecutive weeks in the predominant newspaper of general circulation in the area in which the city is located. The notice shall also be provided to the North Carolina Utilities Commission, which shall post the notice on its Web site, and to all companies that have requested service of the notices from the city clerk. The city shall deposit the notice in the U.S. mail to companies that have requested notice at least 45 days prior to the hearing subject to the notice. Private communications service providers shall be permitted to participate fully in the public hearings by presenting testimony and documentation relevant to their service offerings and the city's plans. Any feasibility study, business plan, or public survey conducted or prepared by the city in connection with the proposed communications service project is a public record as defined by G.S. 132-1 and shall be made available to the public prior to the public hearings required by this section. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

"**§ 160A-340.4. Financing.**

(a) A city or joint agency subject to the provisions of G.S. 160A-340.1 shall not enter into a contract under G.S. 160A-19 or G.S. 160A-20 to purchase or to finance the purchase of property for use in a communications network or to finance the construction of fixtures or improvements for use in a communications network unless it complies with subsection (b) of this section. The provisions of this section shall not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

(b) A city shall not incur debt for the purpose of constructing a communications system without first holding a special election under G.S. 163-287 on the question of whether the city should incur debt for the proposed purposes. If a majority of the votes cast in the special election are for the city incurring the debt, the city may provide the communication service. If a majority of the votes cast in the special election are against the city incurring the debt, the city shall not provide the communications service. However, nothing in this section shall prohibit a city from revising its plan to offer communications service and calling another special election on the question prior to providing or offering to provide the service. A special election required under Chapter 159 of the General Statutes as a condition to the issuance of bonds shall satisfy the requirements of this section.

"**§ 160A-340.5. Taxes; payments in lieu of taxes.**

(a) A communications network owned or operated by a city or joint agency shall be exempt from property taxes. However, each city possessing an ownership share of a communications network and a joint agency owning a communications network shall, in lieu of property taxes, pay to any county authorized to levy property taxes the amount which would be assessed as taxes on real and personal property if the communications network were otherwise subject to valuation and assessment. Any payments in lieu of taxes shall be due and shall bear interest, if unpaid, as in the case of taxes on other property.

(b) A city-owned communications service provider shall pay to the State, on an annual basis, an amount in lieu of taxes that would otherwise be due the State if the communications service was provided by a private communications service provider, including State income, franchise, vehicle, motor fuel, and other similar taxes. The amount of the payment in lieu of taxes shall be set annually by the Department of Revenue and shall approximate the taxes that would be due if the communications service was undertaken by a private communications service provider. A city-owned communications provider must provide information requested by the Secretary of Revenue necessary for calculation of the assessment. The Department must inform each city-owned communications provider of the amount of the assessment by January 1 of each year. The assessment is due by March 15 of each year. If the assessment is unpaid, the State may withhold the amount due, including interest on late payments, from distributions otherwise due the city under G.S. 105-164.44I.

(c) A city-owned communications service provider or a joint agency that provides communications service shall not be eligible for a refund under G.S. 105-164.14(c) for sales and use taxes paid on purchases of tangible personal property and services related to the provision of communications service, except to the extent a private communications service provider would be exempt from taxation.

"**§ 160A-340.6. Public-private partnerships for communications service.**

(a) Prior to undertaking to construct a communications network for the provision of communications service, a city shall first solicit proposals from private business in accordance with the procedures of this section.

(b) The city shall issue requests for proposals that specifies the nature and scope of the requested communications service, the area in which it is to be provided, any specifications and performance standards, and information as to the city's proposed participation in providing equipment, infrastructure, or other aspects of the service. The city may prescribe the form and content of proposals, and may require that proposals contain sufficiently detailed information to allow for an objective evaluation of proposals using the factors stated in subsection (d) of this section. Each proposal shall at minimum contain all of the following:

(1) Information regarding the proposer's experience and qualifications to perform the requirements of the proposal.

(2) Information demonstrating the proposer's ability to secure financing needed to perform the requirements of the proposal.

(3) Information demonstrating the proposer's ability to provide staffing, implement work tasks, and carry out all other responsibilities necessary to perform the requirements of the proposal.

(4) Information clearly identifying and specifying all elements of cost of the proposal for the term of the proposed contract, including the cost of the purchase or lease of equipment and supplies, design, installation, operation, management, and maintenance of any system, and any proposed services.

(5) Any other information the city determines has a material bearing on its ability to evaluate the proposal.

(c) The city shall provide notice that it is requesting proposals in accordance with this subsection. The notice shall state the time and place where plans and specifications for the proposed service may be obtained and the time and place for opening proposals. Any notice given under this subsection shall reserve to the city the right to reject any or all proposals. Notice of request for proposals shall be given by all of the following methods:

(1) By mailing a notice of request for proposals to each firm that has obtained a license or permit to use the public rights-of-way in the city to provide a communications service within the city by depositing such notices in the U.S. mail at least 30 days prior to the date specified for the opening of proposals. In identifying firms, the city may rely upon lists provided by the Office of the Secretary of State and the North Carolina Utilities Commission.

(2) By posting a notice of request for proposals on the city's web site at least 30 days before the time specified for the opening of proposals.

(3) By publishing a notice of request for proposals in a newspaper of general circulation in the county in which the city is predominantly located at least 30 days before the time specified for the opening of proposals.

(d) In evaluating proposals, the city may consider any relevant factors, including system design, system reliability, operational experience, operational costs, compatibility with existing systems and equipment, and emerging technology. The city may negotiate aspects of any proposal with any responsible proposer with regard to these factors to determine which

proposal is the most responsive. A determination of most responsive proposer by the city shall be final.

(e) The city may negotiate a contract with the most responsive proposer for the performance of communications services specified in the request for proposals. All contracts entered into pursuant to this section shall be approved and awarded by the governing body of the city.

(f) If the city is unable to successfully negotiate the terms of a contract with the most responsive proposer with 60 days of the opening of the proposals, the city may proceed to negotiate with the firm determined to be the next most responsive proposer if such a proposer exists. If the city is unable to successfully negotiate the terms of a contract with the next most responsive proposer within 60 days, it may proceed under this Article to provide communications services.

(g) All proposals shall be sealed and shall be opened in public."

SECTION 1.(b) G.S. 105-164.14 is amended by adding a new subsection to read:

"(d2) A city subject to the provisions of G.S. 160A-340.5 is not allowed a refund of sales and use taxes paid by it under this Article for purchases related to the provision of communications services as defined in Article 16A of Chapter 160A."

SECTION 1.(c) Subsection (b) of this section is effective when it becomes law and applies to sales made on or after that date.

SECTION 2.(a) G.S. 62-3(23) is amended by adding the following new sub-subdivision to read:

"l. The term "public utility" shall include a city or a joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes that provides service as defined in G.S. 62-3(23)a.6. and is subject to the provisions of G.S. 160A-340.1."

SECTION 2.(b) This section shall not be construed to change the regulatory nature of or requirements applicable to any particular service currently regulated by the Commission under Chapter 62 of the General Statutes.

SECTION 3. Subchapter IV of Chapter 159 of the General Statutes is amended by adding a new Article to read as follows:

"Article 9A.

"Borrowing by Cities for Competitive Purposes.

"**§ 159-175.10. Additional requirements for review of city financing application; communications service.**

The Commission shall apply additional requirements to an application for financing by a city or a joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes for the construction, operation, expansion, or repair of a communications system or other infrastructure for the purpose of offering communications service, as that term is defined in G.S. 160A-340(2), that is or will be competitive with communications service offered by a private communications service provider. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto, but does apply to the expansion of such existing network. The additional requirements are the following:

(1) Prior to submitting an application to the Commission, a city or joint agency shall comply with the provisions of G.S. 160A-340.3 requiring at least two public hearings on the proposed communications service project and notice of the hearings to private communications service providers who have requested notice.

(2) At the same time the application is submitted to the Commission, the city or joint agency shall serve a copy of the application on each person that provides competitive communications service within the city's jurisdictional

boundaries or in areas adjacent to the city. No hearing on the application shall be heard by the Commission until at least 60 days after the application is submitted to the Commission.

(3) Upon the request of a communications service provider, the Commission shall accept written and oral comments from competitive private communications service providers in connection with any hearing or other review of the application.

(4) In considering the probable net revenues of the proposed communications service project, the Commission shall consider and make written findings on the reasonableness of the city or joint agency's revenue projections in light of the current and projected competitive environment for the services to be provided, taking into consideration the potential impact of technological innovation and change on the proposed service offerings and the level of demonstrated community support for the project.

(5) The city or joint agency making the application to the Commission shall bear the burden of persuasion with respect to subdivisions (1) through (4) of this section."

SECTION 4. G.S. 159-81(3) is amended by adding a new sub-subdivision to read:

"q. Cable television systems."

SECTION 5. Sections 2, 3, and 4 of this act do not apply to a city or joint agency providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of communications service as provided in G.S. 160A-340.2(c).

SECTION 6. Any city that is designated as a public utility under Chapter 62 of the General Statutes when this act becomes law shall not be subject to the provisions of this act with respect to any of its operations that are authorized by that Chapter.

SECTION 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.

SECTION 8. Except as otherwise provided, this act is effective when it becomes law and applies to the provision of communications service by a city or joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes on and after that date.

HOUSE BILL 129:
Level Playing Field/Local Gov't Competition

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	April 13, 2011
Introduced by:	Reps. Avila, Howard, Carney, Wainwright	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Third Edition H129-CSTD-14		

SUMMARY: ***House Bill 129 would create new requirements for cities and joint agencies that operate a communications service that is offered to the public for a fee. The PCS expands the service area boundary for MI-Connection and makes clarifying and conforming changes. All of the changes made in the PCS are provided in the bill analysis section below.***

[As introduced, this bill was identical to S87, as introduced by Sen. Apodaca, which is currently in Senate Judiciary I.]

CURRENT LAW: Under G.S. 160A-311, cities are authorized to operate and finance a number of public enterprises, including cable television systems. A North Carolina Court of Appeals case, *BellSouth Telecommunications, Inc. v. City of Laurinburg*, 168 N.C. App. 75, 606 S.E. 2d 721 (2005), interprets the statutory authority to operate a cable television system to include operation of a fiber optic network. Morganton (CoMPAS Cable TV), Salisbury (Fibrant), Wilson (Greenlight), and Mooresville and Davidson (MiConnection) currently offer cable and internet service as a public enterprise.

The cities that currently operate cable and internet systems financed their systems through the installment purchase contract method authorized by G.S. 160A-20. This financing mechanism is commonly known as certificates of participation. Under this financing method, a city enters into an installment contract secured by a security interest in the system that is constructed. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. The Local Government Commission must approve a local unit's use of certificates of participation and the unit must give notice and hold a public hearing before it can enter into certificates of participation involving real property.

BILL ANALYSIS: House Bill 129 would create a new Article 16A in Chapter 160A of the General Statutes. The new Article would provide the following:

Communications Service Definition: The bill defines "communications service" as the provision of cable, video programming, telecommunications, broadband, or high-speed Internet access service to the public for a fee. "City-owned communications service provider" includes cities that offer the service through an interlocal agreement or joint agency. Data sharing between governmental entities and service offered to the public for free are not included in the definition of "communications service" and therefore, not subject to the limitations in the bill. The PCS provides that the sharing of voice service between government entities is also excluded from the definition. The PCS also clarifies that the sharing of data and voice between governmental entities must be for *internal* governmental purposes.

High-speed Internet Access Service Definition: The bill defined "High-speed internet access service" as service with transmission speeds consistent with basic broadband service as defined by the FCC. The PCS clarifies the service can be equal to or greater than the FCC requirements. The PCS also clarifies the reference is to the FCC requirements for broadband tier 1 service for broadband data gathering and reporting.

Requirements for City-owned Communications Providers: The bill would require city-owned communications service providers to comply with all of the following:

- All State, local, and federal laws and regulations that a private company providing the same service would be subject to.
- Establish separate enterprise funds for the communications service. Conduct annual audits of the communications service. The annual audit conducted under G.S. 159-34 satisfies this requirement.
- Limit the provision of service to the jurisdictional boundaries of the city.
- Prohibit the use of the city's authority to require individuals or developments to subscribe to the communications service.
- Provide nondiscriminatory access to other service providers to the city's rights-of-way, poles, or conduits.
- Prohibit advertisements of the city-owned communications service on PEG channels of competing providers if the channel is required to be carried on the system of another service provider. Prohibit the use of funds not allocated to the communications service for advertisement.
- Prohibit the subsidization of the communications service with other revenue.
- The service must not be priced below the cost of providing the service. The cost of providing the service must include the cost of capital components that would be equal to the cost of capital components a private provider would incur and an amount equal to all taxes a private provider would pay.
- Remit to its General Fund an amount equal to all the taxes and fees a private provider would pay if the private provider supplied the service..

Cities that choose to sell or discontinue a city-owned communications service would not be required to hold a referendum prior to sale or discontinuous of the service.

Exemptions: The following exemption are exempt from the provisions of the bill:

- A city that provides communications services, including intergovernmental data or voice sharing, within its jurisdictional boundaries for the city's internal governmental purposes is exempt from the provider requirements, limitations on installment purchase contract financing, requirements of payments in lieu of taxes, and public-private partnership requirements. The PCS conforms the exemption for internal governmental purposes with the language used in the definition for "communications service."
- The provision of communications services in an area that has been established by order of the Utilities Commission to be an "unserved area" are exempt from the provider requirements, public hearing requirements, limitations on installment purchase contract financing, and requirements of payments in lieu of taxes. For the purposes of this determination, unserved area is an area in which 50% of the households have no access to high-speed internet, or only access to high-speed internet from a satellite provider. The PCS clarifies that the unserved areas will be determined by census block.

- Cities that are offering communications service as of January 1, 2011 are exempt from all of the provisions in the bill provided the city limits the provision of service to any one or more of the following:
    - Persons within the corporate limits of the city providing the service. The PCS clarifies that the corporate limits include areas in the corporate limits as of April 1, 2011, and any later annexed areas.
    - Existing customers of the service as of April 1, 2011, provided that contracts outside the service area is subject to public bidding upon expiration.
    - The following service areas:
        - For MI-Connection – the PCS expands the service area to the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.
        - For the city of Salisbury – the cities of Salisbury, Spencer, East Spencer, Rockwell, Granite Quarry, and the corridors between those cities to the extent necessary to serve those cities.
        - For all other cities and joint agencies – the area designated in the map filed with the notice of franchise.

The PCS makes the following two clarifications to the exemptions:

- The exemptions do not exempt a city or joint agency from laws of general applicability, including nondiscrimination requirements.
- A city that is subject to a service area boundary will have 30 days from discovery or notice of providing service outside of the boundary to cease providing service outside the boundary without losing the exemption.

Public Hearings: Prior to offering communications services, cities would be required to hold at least 2 public hearings for comment on the service. The cities are required to provide notice for the hearings in the local newspaper and with the Utilities Commission. Private communications providers must be allowed to participate in the hearings. Feasibility studies, business plans, and public surveys for the communications service are deemed public records and must be available to the public prior to the hearings. The public hearing requirement does not apply to the repair or upgrade of an existing service.

Financing: Cities and joint agencies would be prohibited from incurring debt for a communications system unless it holds a special election. Cities and joint agencies are also prohibited from using installment purchase contracts and certificates of participation to finance a communications network unless it holds a holds a special election. The prohibition on certificates of participation and the referendum requirement would not apply to repairs or improvements of an existing system.

Taxes, Payments in Lieu of Taxes: Cities and joint agencies operating a communications service would be required to make the following payments in lieu of taxes:

- To the applicable county, a payment of the amount of property taxes that would be due if the communications system was subject to the property tax.
- To the State, an amount set by the Department of Revenue that approximates the amount of income, franchise, vehicle, motor fuel and other taxes that would be due if the communications system was subject to these taxes. Cities subject to this provision must provide information to the Department of Revenue necessary for the calculation of the payment. The PCS also provides that the amount of the assessment is set by January 1 of each year, and due by March 15 of each year.
- Cites and joint agencies would not receive a sales tax refund for purchases related to the provision of the communications service.

Public-Private Partnerships for Communications Service: Cities would be required to solicit proposals from private providers before constructing a communications network. Cities must issue request for proposals that requires proposals to have sufficient information to make an objective evaluation of the proposals. The city must provide notice of the request for proposals. The city may consider any relevant factors, including system design, system reliability, operational experience, operational costs, compatibility with existing systems and equipment, and emerging technology. If the city in unable to negotiate terms with the 2 most responsive proposers, the city may proceed with offering communications service.

Designation as Public Utility: Cities and joint agencies that provide telephone service would be included in the term "public utility" as defined by Chapter 62 of the General Statutes. Telephone service provided by these entities would be subject to oversight by the Utilities Commission. This section does not expand the regulatory authority of the Utilities Commission in regards to telephone service.

Additional Financing Requirements: For review by the Local Government Commission (LGC) of an application for financing the construction, operation, expansion, or repair of a communications system by a city or joint agency, the following would apply:

- The public hearings required by the bill must be held before an application for financing may be submitted.
- A copy of the application must be given to private communications providers that serve the city and areas adjacent to the city. The LGC must accept written and oral comments from private providers as a part of the application review.
- The LGC must consider and make written findings regarding the reasonableness of the revenue projections of the service in light of the current and projected competitive environment, the impact of innovation, and the level of community support for the project.

Revenue Bonds: Cities may issue revenue bonds to provide a cable television system. Although a referendum is not normally required for revenue bonds, cities that offer communications service as defined in G.S. 160A-340.1 would be subject to G.S. 160A-340.4(b) which requires a city to hold a referendum before incurring debt to construct a communications system.

EFFECTIVE DATE: This act is effective when it becomes law and applies to the provision of communications services by cities or joint agencies on or after that date.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

DATE: March 16, 2011

TO: House Finance Committee

RE: House Bill 129 (Unknown Edition)

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES	*No Fiscal Impact on Current Municipal Broadband Systems* *Payment in Lieu of Taxes Estimated at $18.98 per Subscriber for Future Systems*				
EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue; North Carolina Department of State Treasurer, Local Government Commission

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: House Bill (HB) 129 implements new regulatory, public information, and financial requirements for cities and joint agencies providing communication services to the public for a fee. Four cities/joint agencies, Morganton (CoMPAS Cable TV), Salisbury (Fibrant), Wilson

(Greenlight), Mooresville-Davidson (MI Connection), currently offer municipal broadband services that could fall within the purview of HB 129. The bill, however, specifically exempts these groups by exempting entities providing telecom services prior to January 1, 2011.

The new regulations set forth in HB 129 require that future municipal broadband companies:

- Comply with all State, local and federal laws and regulations adhered to by private communication companies.
- Establish separate enterprise funds for the communications service, and conduct annual audits.
- Limit the communication services to the jurisdictional boundaries of the city.
- Eliminate the practice of requiring individuals or developments subscribe to municipal broadband services.
- Provide other service providers with access to the city's rights-of-way, conduits, and other distribution facilities.
- Prohibit advertisements for municipal broadband on the public, education, and government (PEG) channels of competing providers.
- Limit the revenue used to finance communication services to the income generated from the service.
- Price municipal communication services a rate equal to the cost of providing the service. The price should include adjustments for capital costs and taxes incurred in the private sector.

The new public information standards set forth in HB 129 require that municipal broadband companies:

- Hold two public hearings prior to offering services.
- Provide notice for the public hearings in local newspaper and with the Utilities Commission.
- Provide the public with all feasibility studies, business plans, and surveys prior to the hearings.
- Allow private communications providers to participate in the hearing.

The new financial standards set forth in HB 129 require that municipal broadband companies:

- Eliminate the practice of using certificates of participation to finance the construction of a system.
- Make payments in lieu of property taxes to the county/counties in which the services are contained.
- Remit to the State payments in lieu of taxes (PiLoTs), an amount set by the Department of Revenue equivalent to the income, franchise, vehicle, motor fuel, and other taxes due if operating as a private enterprise.

ASSUMPTIONS AND METHODOLOGY: Should HB 129 be enacted, newly operational municipal broadband companies will be required to make payments in lieu of taxes (PiLoTs) of roughly $202,000 annually. PiLoTs will serve as a significant barrier to entry for municipal broadband companies. The PiLoT estimates are based on information provided by the North Carolina Cable Telecommunications Association. According to the association, private telecommunication providers pay roughly, $19 per subscriber in State and local taxes. Table 1 provides a breakdown of the estimated state and local taxes paid by revenue type.

Table 1: Payment in Lieu of Taxes for Public Entities Providing Communication Services		
Tax	**Description**	**Estimated Tax Revenue per Subscriber**
Sales and Use Tax	Governmental entities would no longer be eligible to receive sales and use tax refunds under G.S. 105-164.14(c) for tangible personal property utilized in providing communication services.	$2.07
Corporate Income Tax	Income generated from providing communication services would no longer be eligible for the income tax exemption for governmental units provided under G.S. 105-103.11, but subject to the 6.9% corporate income tax as described in G.S. 105-103.3.	$2.91
Franchise Tax	G.S. 105-122 levies a franchise/privilege tax on corporations at a rate of $1.50 per $1,000 on one of three bases: 1) the profits apportioned to the State, 2) 55% of the value of real property owned in the state and subject to local property tax, 3) the book value of real and tangible personal property less any debt used to acquire real property in the state.	$2.21
Property Tax	Government entities would be required to remit taxes on real property (buildings, land, etc.) used in conjunction with providing communication services.	$11.79
Total Tax Due Per Subscriber		**$18.98**

The four public broadband enterprises operating as of January 2011, Morganton (CoMPAS Cable TV), Salisbury (Fibrant), Wilson (Greenlight), Mooresville-Davidson (MI Connection), jointly serve a region covering 42,761 households. Table 2, provides a snapshot of the regions in which these systems operate, years of operation, number of households served, as well as income and assets for the 2010, fiscal year. As illustrated, only one system, CoMPAS, in Morganton, operated at a net profit during the 2010 fiscal year. CoMPAS began providing telecommunication services in 1992, financing the system's construction through debt and revenue from other utility services. The city upgraded the system in 2004 using funding provided through low interest debt called certificates of

participation (COPs). Morganton made its final COPs payment in December 2010 and expects to generate roughly one million dollars in net income annually in future years.

Table 2. Financial and Customer Data on Existing Municipal Broadband Providers, 2010							
Provider	**City Detail**	**Length of Operation**	**Certificates of Participation ($ In Millions)**	**Number of Households in Service Area, 2010**	**2010 Net Income/(Loss) ($ In Millions)**	**Assets ($ In Millions)**	
						Real Property (Buildings, Land)	**Tangible Personal Property**
Greenlight	Wilson, Wilson County, NC	2.8 years	31.80	19,799	(1.37)	0.93	8.47
Fibrant (2)	Salisbury, Rowan County, NC	3 months	29.10	7,562	(0.45)	4.59	
MI Connection (3)	Mooresville-Davidson	3.1 years	79.65	9,000 (actual); 13,489 (projected)	(5.60)	0.65	0.701
CoMPAS (4)	Morganton, Burke County, NC	Began in 1992 (infrastructure financed through utility system revenue), system upgrade occurred in 2004	7.32	6,400	0.2	Owned by Burke County

SENATE FINANCE COMMITTEE
Wednesday, April 27, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on April 27, 2011 in room 544 of the Legislative Office Building. Blake Scruggs of Chapel Hill, Marques McPhail of Goldsboro, Drew Connery of Charlotte, Zac Johnson of Siler City, Prathna Raval of Fayetteville, and Nora Standish of Concord served as pages. Thirty-one members of the committee were present. Senator Hartsell presided as chair.

H.B. 129 – Level Playing Field/Local Gov't Competition

Representative Avila was recognized to explain the bill. Senator Apodaca moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would create new requirements for cities and joint agencies that operate a communications service that is offered to the public for a fee. It also expands that service area boundary for MI-Connection and makes clarifying and conforming changes. Jay Ovittore, SEATOA's legislative representative, was recognized to speak in opposition to the bill. A copy of his remarks is attached. Senator Brock was recognized to offer an amendment which would outline Salisbury's service areas. Mayor Klutz of Salisbury was recognized to speak in favor of the amendment. Heather Fennell, a staff attorney with the Research Division, was recognized to explain the amendment and answer questions. Senator Brock moved for the amendment's adoption and the motion carried. Senator Kinnaird was recognized to offer an amendment which would define the use of subsidies. Representative Avila expressed some concern, but was not opposed to the amendment. A vote was taken and the amendment's vote did not pass. Senator Newton was recognized to offer an amendment which expanded Wilson's service area to include all counties contiguous to Wilson County. Representative Avila voiced opposition to the amendment. A vote was taken and the amendment did not pass. Senator Meredith was recognized to offer an amendment which would exclude Fayetteville from Sections 2, 3, and 4 of the act. Representative Avila spoke in opposition to the amendment. A vote was taken and the motion failed. Senator Atwater was recognized to offer an amendment regarding the provision of service in unserved areas. Representative Avila spoke in opposition and Senator Atwater withdrew his amendment. Senator Apodaca was recognized to offer an amendment which defines Wilson's service area. Representative Avila spoke in favor of the amendment, a vote was taken and the motion carried. Senator Clodfelter was recognized to offer a perfecting amendment which would define "service corridors" and moved for its adoption. The motion carried. Senator Jenkins moved for a favorable report as amended and the motion carried. A copy of the PCS, the summary, the fiscal note, and the amendments is attached.

The meeting adjourned at 2:11 PM.

COMMENTS OF JAY OVITTORE - SEATOA LEGISLATIVE REPRESENTATIVE

GOOD AFTERNOON.
I AM JAY OVITTORE, LEGISLATIVE REPRESENTATIVE OF SEATOA.

I AM HERE TO TELL YOU WHAT TIME WARNER CABLE IS NOT TELLING YOU:

THEY ARE NOT TELLING YOU THAT THEY ARE THE AUTHOR OF H129, NOT BECAUSE THEY CARE ABOUT TAXPAYERS, NOT TO STIMULATE COMPETITION, BUT TO MAINTAIN THEIR MONOPOLY.

THEY ARE NOT TELLING YOU THAT THEY ARE A $19 BILLION DOLLAR COMPANY, BASED IN NEW YORK CITY, NOT DRIVEN BY INNOVATION (AS YOU HAVE HEARD), BUT BY PROFIT, WHO HAS NO LOYALTY TO NORTH CAROLINA, AND SO HAS ELIMINATED HUNDREDS OF NORTH CAROLINA JOBS IN THE LAST FEW YEARS, RAISED THE RATES ON THEIR NORTH CAROLINA SUBSCRIBERS EVERY YEAR, WHILE NOT UPGRADING THEIR INFRASTRUCTURE IN 10 YEARS;

THEY ARE NOT TELLING YOU THESE MUNICIPAL SYSTEMS ARE MORE ADVANCED THEN THEIR OWN INFRASTRUCTURE AND THAT H129 WILL SHUT DOWN COMMUNITY SYSTEMS SO TIME WARNER WILL NOT HAVE TO UPGRADE ITS OUTDATED INFRASTRUCTURE.

THEY HAVE NOT TOLD YOU THAT THE RULES ARE ALREADY IN PLACE THAT CONTROL HOW MUNICIPALITIES PROVIDE BROADBAND SERVICES AND THAT THESE ARE THE SAME RULES TIME WARNER CABLE PLAYS BY BECAUSE THESE REGULATIONS ARE DETERMINED BY SERVICE; NOT BY WHO PROVIDES THE SERVICE.

AND THAT IS WHY I AM HERE TO TELL YOU THAT MARKET FORCES HAVE FAILED NORTH CAROLINA, THE FCC HAS STATED WE HAVE THE WORST BROADBAND IN THE COUNTRY, AND THAT IS THE ONLY REASON COMMUNITIES HAVE STEPPED IN.

GOOGLE, ALCATEL-LUCENT, INTEL, AMONG NINE OTHER HIGH TECH COMPANIES AND ASSOCIATIONS OPPOSE H129 BECAUSE THEY UNDERSTAND THAT IT EFFECTIVELY TERMINATES ALL INCENTIVES FOR THE LARGEST BROADBAND PROVIDERS IN OUR STATE TO INCREASE THE BANDWIDTH NEEDED FOR INNOVATION AND KNOWLEDGE COMMERCE ON WHICH THEIR COMPANIES, AND OUR STATE'S ECONOMIC FUTURE, DEPENDS. **H129 IS BAD FOR BUSINESS.**

PLEASE VOTE NO ON 129 AND INSTEAD SUPPORT SENATOR HARTSELL'S S511, WHICH PROTECTS THE MOST ADVANCED FIBER SYSTEMS IN OUR STATE, TO RAISE US OUT OF OUR LOST TOBACCO AND TEXTILE ECONOMY, AND TO ENCOURAGE PUBLIC/PRIVATE PARTNERSHIPS TO FIX OUR STATE'S BROADBAND PROBLEM.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

Referred to:

February 21, 2011

A BILL TO BE ENTITLED

AN ACT TO PROTECT JOBS AND INVESTMENT BY REGULATING LOCAL GOVERNMENT COMPETITION WITH PRIVATE BUSINESS.

Whereas, certain cities in the State have chosen to compete with private providers of communications services; and

Whereas, these cities have been permitted to enter into competition with private providers as a result of a decision of the North Carolina Court of Appeals rather than legislation enacted by the General Assembly; and

Whereas, the communications industry is an industry of economic growth and job creation; and

Whereas, as expressed in G.S. 66-58, known as the Umstead Act, it is against the public policy of this State for any unit, department, or agency of the State, or any division or subdivision of a unit, department, or agency of the State to engage directly or indirectly in the sale of goods, wares, or merchandise in competition with citizens of the State; and

Whereas, to protect jobs and to promote investment, it is necessary to ensure that the State does not indirectly subsidize competition with private industry through actions by cities and to ensure that where there is competition between the private sector and the State, directly or through its subdivisions, it exists under a framework that does not discourage private investment and job creation; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) Chapter 160A of the General Statutes is amended by adding a new Article to read as follows:

"Article 16A.

"Provision of Communications Service by Cities.

"**§ 160A-340. Definitions.**

The following definitions apply in this Article:

(1) City-owned communications service provider. – A city that provides communications service using a communications network, whether directly, indirectly, or through an interlocal agreement or a joint agency.

(2) Communications network. – A wired or wireless network for the provision of communications service.

(3) Communications service. – The provision of cable, video programming, telecommunications, broadband, or high-speed Internet access service to the public, or any sector of the public, for a fee, regardless of the technology used to deliver the service. The terms "cable service," "telecommunications service," and "video programming service" have the same meanings as in G.S. 105-164.3. Neither the sharing of data or voice between governmental entities for internal governmental purposes nor the provision of free services to the public or a subset thereof shall be considered the provision of communications service.

(4) High-speed Internet access service. – Internet access service with transmission speeds that are equal to or greater than the requirements for basic broadband tier 1 service as defined by the Federal Communications Commission for broadband data gathering and reporting.

(5) Interlocal agreement. – An agreement between units of local government as authorized by Part 1 of Article 20 of Chapter 160A of the General Statutes.

(6) Joint agency. – A joint agency created under Part 1 of Article 20 of Chapter 160A of the General Statutes.

"**§ 160A-340.1. City-owned communications service provider requirements.**

(a) A city-owned communications service provider shall meet all of the following requirements:

(1) Comply in its provision of communications service with all local, State, and federal laws, regulations, or other requirements applicable to the provision of the communications service if provided by a private communications service provider.

(2) In accordance with the provisions of Chapter 159 of the General Statutes, the Local Government Finance Act, establish one or more separate enterprise funds for the provision of communications service, use the enterprise funds to separately account for revenues, expenses, property, and source of investment dollars associated with the provision of communications service, and prepare and publish an independent annual report and audit in accordance with generally accepted accounting principles that reflect the fully allocated cost of providing the communications service, including all direct and indirect costs. An annual independent audit conducted under G.S. 159-34 and submitted to the Local Government Commission satisfies the audit requirement of this subdivision.

(3) Limit the provision of communications service to within the corporate limits of the city providing the communications service.

(4) Shall not, directly or indirectly, under the powers of a city, exercise power or authority in any area, including zoning or land-use regulation, or exercise power to withhold or delay the provision of monopoly utility service, to require any person, including residents of a particular development, to use or subscribe to any communications service provided by the city-owned communications service provider.

(5) Shall provide nondiscriminatory access to private communications service providers on a first-come, first-served basis to rights-of-way, poles, or conduits owned, leased, or operated by the city unless the facilities have insufficient capacity for the access and additional capacity cannot reasonably be added to the facilities. For purposes of this subdivision, the term "nondiscriminatory access" means that, at a minimum, access shall be granted on the same terms and conditions as that given to a city-owned communications service provider.

(6) Shall not air advertisements or other promotions for the city-owned communications service on a public, educational, or governmental access channel if the city requires another communications service provider to carry the channel. The city shall not use city resources that are not allocated for cost accounting purposes to the city-owned communications service to promote city-owned communications service in comparison to private services or, directly or indirectly, require city employees, officers, or contractors to purchase city services.

(7) Shall not subsidize the provision of communications service with funds from any other noncommunications service, operation, or other revenue source, including any funds or revenue generated from electric, gas, water, sewer, or garbage services.

(8) Shall not price any communications service below the cost of providing the service, including any direct or indirect subsidies received by the city-owned communications service provider and allocation of costs associated with any shared use of buildings, equipment, vehicles, and personnel with other city departments. The city shall, in calculating the costs of providing the communications service, impute (i) the cost of the capital component that is equivalent to the cost of capital available to private communications service providers in the same locality and (ii) an amount equal to all taxes, including property taxes, licenses, fees, and other assessments that would apply to a private communications service provider, including federal, State, and local taxes; rights-of-way, franchise, consent, or administrative fees; and pole attachment fees. In calculating the costs of the service the city may amortize the capital assets of the communications system over the useful life of the assets in accordance with generally accepted principles of governmental accounting.

(9) The city shall annually remit to the general fund of the city an amount equivalent to all taxes or fees a private communications service provider would be required to pay the city or county in which the city is located, including any applicable tax refunds received by the city-owned communications service provider because of its government status and a sum equal to the amount of property tax that would have been due if the city-owned communications service provider were a private communications service provider.

(b) A city-owned communications service provider shall not be required to obtain voter approval under G.S. 160A-321 prior to the sale or discontinuance of the city's communications network.

"**§ 160A-340.2. Exemptions.**

(a) The provisions of G.S. 160A-340.1, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to the purchase, lease, construction, or operation of facilities by a city to provide communications service within the city's corporate limits for the city's internal governmental purposes, including the sharing of data or voice between governmental entities for internal governmental purposes, or within the corporate limits of another unit of local government that is a party with the city to an interlocal agreement under Part 1 of Article 20 of Chapter 160A of the General Statutes for the provision of internal government services.

(b) The provisions of G.S. 160A-340.1, 160A-340.4, and 160A-340.5 do not apply to the provision of communications service in an unserved area. A city seeking to provide communications service in an unserved area shall petition the North Carolina Utilities Commission for a determination that an area is unserved. The petition shall identify with specificity the geographic area for which the designation is sought. Any private

communications service provider, or any other interested party, may, within a time established by order of the Commission, which time shall be no fewer than 30 days, file with the Commission an objection to the designation on the grounds that one or more areas designated in the petition is not an unserved area or that the city is not otherwise eligible to provide the service. For purposes of this subsection, the term "unserved area" means a Census block, as designated by the most recent census of the U.S. Census Bureau, in which at least fifty percent (50%) of households either have no access to high-speed Internet service or have access to high-speed Internet service only from a satellite provider. A city may petition the Commission to serve multiple contiguous unserved areas in the same proceeding.

(c) The provisions of G.S. 160A-340.1, 160A-340.3, 160A-340.4, 160A-340.5, and 160A-340.6 do not apply to a city or joint agency providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of communications service to any one or more of the following:

(1) Persons within the corporate limits of the city providing the communications service. For the purposes of this subsection, corporate limits shall mean the corporate limits of the city as of April 1, 2011 or as expanded through annexation.

(2) Existing customers of the communications service as of April 1, 2011. Service to customers outside the service area of the city or joint agency shall comply with the open bidding procedures of Article 8 of Chapter 143 upon the expiration or termination of the existing service contract.

(3) The following service areas:

a. For the joint agency operated by the cities of Davidson and Mooresville, the service area is the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.

b. For the city of Salisbury, the service area is the corporate limits of the cities of Salisbury, Spencer, East Spencer, Rockwell, Granite Quarry, and the corridors between Salisbury and those cities only to the extent necessary to provide service to those cities.

c. For all other cities or joint agencies offering communications service, the service area is the area designated in the map filed as part of the initial notice of franchise with the Secretary of State as of January 1, 2011.

(d) The exemptions provided in this section do not exempt a city or joint agency from laws and rules of general applicability to governmental services, including nondiscriminatory obligations.

(e) In the event a city subject to the exemption set forth in subsection (c) of this section provides communications service to a customer outside the limits set forth in that subsection, the city shall have thirty days from the date of notice or discovery to cease providing service to the customer without loss of the exemption.

"**§ 160A-340.3. Notice; public hearing.**

A city or joint agency that proposes to provide communications service shall hold not fewer than two public hearings, which shall be held not less than 30 days apart, for the purpose of gathering information and comment. Notice of the hearings shall be published at least once a

week for four consecutive weeks in the predominant newspaper of general circulation in the area in which the city is located. The notice shall also be provided to the North Carolina Utilities Commission, which shall post the notice on its Web site, and to all companies that have requested service of the notices from the city clerk. The city shall deposit the notice in the U.S. mail to companies that have requested notice at least 45 days prior to the hearing subject to the notice. Private communications service providers shall be permitted to participate fully in the public hearings by presenting testimony and documentation relevant to their service offerings and the city's plans. Any feasibility study, business plan, or public survey conducted or prepared by the city in connection with the proposed communications service project is a public record as defined by G.S. 132-1 and shall be made available to the public prior to the public hearings required by this section. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

"**§ 160A-340.4. Financing.**

(a) A city or joint agency subject to the provisions of G.S. 160A-340.1 shall not enter into a contract under G.S. 160A-19 or G.S. 160A-20 to purchase or to finance the purchase of property for use in a communications network or to finance the construction of fixtures or improvements for use in a communications network unless it complies with subsection (b) of this section. The provisions of this section shall not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto.

(b) A city shall not incur debt for the purpose of constructing a communications system without first holding a special election under G.S. 163-287 on the question of whether the city may provide communications service. If a majority of the votes cast in the special election are for the city providing communications service, the city may incur the debt for the service. If a majority of the votes cast in the special election are against the city providing communications service, the city shall not incur the debt. However, nothing in this section shall prohibit a city from revising its plan to offer communications service and calling another special election on the question prior to providing or offering to provide the service. A special election required under Chapter 159 of the General Statutes as a condition to the issuance of bonds shall satisfy the requirements of this section.

"**§ 160A-340.5. Taxes; payments in lieu of taxes.**

(a) A communications network owned or operated by a city or joint agency shall be exempt from property taxes. However, each city possessing an ownership share of a communications network and a joint agency owning a communications network shall, in lieu of property taxes, pay to any county authorized to levy property taxes the amount which would be assessed as taxes on real and personal property if the communications network were otherwise subject to valuation and assessment. Any payments in lieu of taxes shall be due and shall bear interest, if unpaid, as in the case of taxes on other property.

(b) A city-owned communications service provider shall pay to the State, on an annual basis, an amount in lieu of taxes that would otherwise be due the State if the communications service was provided by a private communications service provider, including State income, franchise, vehicle, motor fuel, and other similar taxes. The amount of the payment in lieu of taxes shall be set annually by the Department of Revenue and shall approximate the taxes that would be due if the communications service was undertaken by a private communications service provider. A city-owned communications provider must provide information requested by the Secretary of Revenue necessary for calculation of the assessment. The Department must inform each city-owned communications provider of the amount of the assessment by January 1 of each year. The assessment is due by March 15 of each year. If the assessment is unpaid, the State may withhold the amount due, including interest on late payments, from distributions otherwise due the city under G.S. 105-164.44I.

(c) A city-owned communications service provider or a joint agency that provides communications service shall not be eligible for a refund under G.S. 105-164.14(c) for sales and use taxes paid on purchases of tangible personal property and services related to the provision of communications service, except to the extent a private communications service provider would be exempt from taxation.

"**§ 160A-340.6. Public-private partnerships for communications service.**

(a) Prior to undertaking to construct a communications network for the provision of communications service, a city shall first solicit proposals from private business in accordance with the procedures of this section.

(b) The city shall issue requests for proposals that specifies the nature and scope of the requested communications service, the area in which it is to be provided, any specifications and performance standards, and information as to the city's proposed participation in providing equipment, infrastructure, or other aspects of the service. The city may prescribe the form and content of proposals, and may require that proposals contain sufficiently detailed information to allow for an objective evaluation of proposals using the factors stated in subsection (d) of this section. Each proposal shall at minimum contain all of the following:

(1) Information regarding the proposer's experience and qualifications to perform the requirements of the proposal.

(2) Information demonstrating the proposer's ability to secure financing needed to perform the requirements of the proposal.

(3) Information demonstrating the proposer's ability to provide staffing, implement work tasks, and carry out all other responsibilities necessary to perform the requirements of the proposal.

(4) Information clearly identifying and specifying all elements of cost of the proposal for the term of the proposed contract, including the cost of the purchase or lease of equipment and supplies, design, installation, operation, management, and maintenance of any system, and any proposed services.

(5) Any other information the city determines has a material bearing on its ability to evaluate the proposal.

(c) The city shall provide notice that it is requesting proposals in accordance with this subsection. The notice shall state the time and place where plans and specifications for the proposed service may be obtained and the time and place for opening proposals. Any notice given under this subsection shall reserve to the city the right to reject any or all proposals. Notice of request for proposals shall be given by all of the following methods:

(1) By mailing a notice of request for proposals to each firm that has obtained a license or permit to use the public rights-of-way in the city to provide a communications service within the city by depositing such notices in the U.S. mail at least 30 days prior to the date specified for the opening of proposals. In identifying firms, the city may rely upon lists provided by the Office of the Secretary of State and the North Carolina Utilities Commission.

(2) By posting a notice of request for proposals on the city's web site at least 30 days before the time specified for the opening of proposals.

(3) By publishing a notice of request for proposals in a newspaper of general circulation in the county in which the city is predominantly located at least 30 days before the time specified for the opening of proposals.

(d) In evaluating proposals, the city may consider any relevant factors, including system design, system reliability, operational experience, operational costs, compatibility with existing systems and equipment, and emerging technology. The city may negotiate aspects of any proposal with any responsible proposer with regard to these factors to determine which

proposal is the most responsive. A determination of most responsive proposer by the city shall be final.

(e) The city may negotiate a contract with the most responsive proposer for the performance of communications services specified in the request for proposals. All contracts entered into pursuant to this section shall be approved and awarded by the governing body of the city.

(f) If the city is unable to successfully negotiate the terms of a contract with the most responsive proposer with 60 days of the opening of the proposals, the city may proceed to negotiate with the firm determined to be the next most responsive proposer if such a proposer exists. If the city is unable to successfully negotiate the terms of a contract with the next most responsive proposer within 60 days, it may proceed under this Article to provide communications services.

(g) All proposals shall be sealed and shall be opened in public."

SECTION 1.(b) G.S. 105-164.14 is amended by adding a new subsection to read:

"(d2) A city subject to the provisions of G.S. 160A-340.5 is not allowed a refund of sales and use taxes paid by it under this Article for purchases related to the provision of communications services as defined in Article 16A of Chapter 160A."

SECTION 1.(c) Subsection (b) of this section is effective when it becomes law and applies to sales made on or after that date.

SECTION 2.(a) G.S. 62-3(23) is amended by adding the following new sub-subdivision to read:

"l. The term "public utility" shall include a city or a joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes that provides service as defined in G.S. 62-3(23)a.6. and is subject to the provisions of G.S. 160A-340.1."

SECTION 2.(b) This section shall not be construed to change the regulatory nature of or requirements applicable to any particular service currently regulated by the Commission under Chapter 62 of the General Statutes.

SECTION 3. Subchapter IV of Chapter 159 of the General Statutes is amended by adding a new Article to read as follows:

"Article 9A.

"Borrowing by Cities for Competitive Purposes.

"**§ 159-175.10. Additional requirements for review of city financing application; communications service.**

The Commission shall apply additional requirements to an application for financing by a city or a joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes for the construction, operation, expansion, or repair of a communications system or other infrastructure for the purpose of offering communications service, as that term is defined in G.S. 160A-340(2), that is or will be competitive with communications service offered by a private communications service provider. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto, but does apply to the expansion of such existing network. The additional requirements are the following:

(1) Prior to submitting an application to the Commission, a city or joint agency shall comply with the provisions of G.S. 160A-340.3 requiring at least two public hearings on the proposed communications service project and notice of the hearings to private communications service providers who have requested notice.

(2) At the same time the application is submitted to the Commission, the city or joint agency shall serve a copy of the application on each person that provides competitive communications service within the city's jurisdictional

boundaries or in areas adjacent to the city. No hearing on the application shall be heard by the Commission until at least 60 days after the application is submitted to the Commission.

(3) Upon the request of a communications service provider, the Commission shall accept written and oral comments from competitive private communications service providers in connection with any hearing or other review of the application.

(4) In considering the probable net revenues of the proposed communications service project, the Commission shall consider and make written findings on the reasonableness of the city or joint agency's revenue projections in light of the current and projected competitive environment for the services to be provided, taking into consideration the potential impact of technological innovation and change on the proposed service offerings and the level of demonstrated community support for the project.

(5) The city or joint agency making the application to the Commission shall bear the burden of persuasion with respect to subdivisions (1) through (4) of this section."

SECTION 4. G.S. 159-81(3) is amended by adding a new sub-subdivision to read:

"q. Cable television systems."

SECTION 5. Sections 2, 3, and 4 of this act do not apply to a city or joint agency providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of communications service as provided in G.S. 160A-340.2(c). In the event a city subject to the exemption set forth in this section provides communications service to a customer outside the limits set forth in G.S. 160A-340(c), the city shall have thirty days from the date of notice or discovery to cease providing service to the customer without loss of the exemption.

SECTION 6. Any city that is designated as a public utility under Chapter 62 of the General Statutes when this act becomes law shall not be subject to the provisions of this act with respect to any of its operations that are authorized by that Chapter.

SECTION 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.

SECTION 8. Except as otherwise provided, this act is effective when it becomes law and applies to the provision of communications service by a city or joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes on and after that date.

HOUSE BILL 129:
Level Playing Field/Local Gov't Competition

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	April 27, 2011
Introduced by:	Reps. Avila, Howard, Carney, Wainwright	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Third Edition H129-CSTD-21		

SUMMARY: ***House Bill 129 would create new requirements for cities and joint agencies that operate a communications service that is offered to the public for a fee. The PCS that was before the Committee on April 13, 2001, expanded the service area boundary for MI-Connection and made clarifying and conforming changes. <u>This PCS makes those changes and the following two additional changes:</u>***

- **<u>Amends the referendum requirement for financing. A city must hold a referendum prior to financing a communications system. The question posed in the referendum will be whether or not the city may offer the communications service. In the 3rd edition of the bill, the question posed in the referendum would have been whether the city could incur the debt.</u>**
- **<u>A city that is exempt from Sections 2, 3, and 4 of the bill and is subject to a service area boundary in the new G.S. 160A-340.2(c) will have 30 days from discovery or notice of providing service outside of the boundary to cease providing service outside the boundary without losing the exemption.</u>**

All of the changes made in the PCS are provided in the bill analysis section below.

[As introduced, this bill was identical to S87, as introduced by Sen. Apodaca, which is currently in Senate Judiciary I.]

CURRENT LAW: Under G.S. 160A-311, cities are authorized to operate and finance a number of public enterprises, including cable television systems. A North Carolina Court of Appeals case, *BellSouth Telecommunications, Inc. v. City of Laurinburg*, 168 N.C. App. 75, 606 S.E. 2d 721 (2005), interprets the statutory authority to operate a cable television system to include operation of a fiber optic network. Morganton (CoMPAS Cable TV), Salisbury (Fibrant), Wilson (Greenlight), and Mooresville and Davidson (MiConnection) currently offer cable and internet service as a public enterprise.

The cities that currently operate cable and internet systems financed their systems through the installment purchase contract method authorized by G.S. 160A-20. This financing mechanism is commonly known as certificates of participation. Under this financing method, a city enters into an installment contract secured by a security interest in the system that is constructed. Unlike the issuance of general obligation bonds, installment purchase financing is not subject to a vote of the people. The Local Government Commission must approve a local unit's use of certificates of participation and the unit must give notice and hold a public hearing before it can enter into certificates of participation involving real property.

BILL ANALYSIS: House Bill 129 would create a new Article 16A in Chapter 160A of the General Statutes. The new Article would provide the following:

Communications Service Definition: The bill defines "communications service" as the provision of cable, video programming, telecommunications, broadband, or high-speed Internet access service to the public for a fee. "City-owned communications service provider" includes cities that offer the service through an interlocal agreement or joint agency. Data sharing between governmental entities and service offered to the public for free are not included in the definition of "communications service" and therefore, not subject to the limitations in the bill. The PCS provides that the sharing of voice service between government entities is also excluded from the definition. The PCS also clarifies that the sharing of data and voice between governmental entities must be for *internal* governmental purposes.

High-speed Internet Access Service Definition: The bill defined "High-speed internet access service" as service with transmission speeds consistent with basic broadband service as defined by the FCC. The PCS clarifies the service can be equal to or greater than the FCC requirements. The PCS also clarifies the reference is to the FCC requirements for broadband tier 1 service for broadband data gathering and reporting.

Requirements for City-owned Communications Providers: The bill would require city-owned communications service providers to comply with all of the following:

- All State, local, and federal laws and regulations that a private company providing the same service would be subject to.
- Establish separate enterprise funds for the communications service. Conduct annual audits of the communications service. The annual audit conducted under G.S. 159-34 satisfies this requirement.
- Limit the provision of service to the jurisdictional boundaries of the city.
- Prohibit the use of the city's authority to require individuals or developments to subscribe to the communications service.
- Provide nondiscriminatory access to other service providers to the city's rights-of-way, poles, or conduits.
- Prohibit advertisements of the city-owned communications service on PEG channels of competing providers if the channel is required to be carried on the system of another service provider. Prohibit the use of funds not allocated to the communications service for advertisement.
- Prohibit the subsidization of the communications service with other revenue.
- The service must not be priced below the cost of providing the service. The cost of providing the service must include the cost of capital components that would be equal to the cost of capital components a private provider would incur and an amount equal to all taxes a private provider would pay.
- Remit to its General Fund an amount equal to all the taxes and fees a private provider would pay if the private provider supplied the service..

Cities that choose to sell or discontinue a city-owned communications service would not be required to hold a referendum prior to sale or discontinuous of the service.

Exemptions: The following are exempt from the certain provisions in Section 1 of the bill:

- A city that provides communications services, including intergovernmental data or voice sharing, within its jurisdictional boundaries for the city's internal governmental purposes is exempt from the provider requirements, limitations on installment purchase contract financing and referendum requirement, requirements of payments in lieu of taxes, and public-private partnership requirements. The PCS conforms the exemption for internal governmental purposes with the language used in the definition for "communications service."
- The provision of communications services in an area that has been established by order of the Utilities Commission to be an "unserved area" are exempt from the provider requirements, limitations on installment purchase contract financing and referendum requirement, and requirements of payments in lieu of taxes. For the purposes of this determination, unserved area is an area in which 50% of the households have no access to high-speed internet, or only access to high-speed internet from a satellite provider. The PCS clarifies that the unserved areas will be determined by census block.
- Cities that are offering communications service as of January 1, 2011 are exempt from all of the provisions in the bill, including all of the provisions in Section 1, provided the city limits the provision of service to any one or more of the following:
    - Persons within the corporate limits of the city providing the service. The PCS clarifies that the corporate limits include areas in the corporate limits as of April 1, 2011, and any later annexed areas.
    - Existing customers of the service as of April 1, 2011, provided that contracts outside the service area is subject to public bidding upon expiration.
    - The following service areas:
        - For MI-Connection – the PCS expands the service area to the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.
        - For the city of Salisbury – the cities of Salisbury, Spencer, East Spencer, Rockwell, Granite Quarry, and the corridors between those cities to the extent necessary to serve those cities.
        - For all other cities and joint agencies – the area designated in the map filed with the notice of franchise.

The PCS makes the following two clarifications to the exemptions:

- The exemptions do not exempt a city or joint agency from laws of general applicability, including nondiscrimination requirements.
- A city that is subject to a service area boundary will have 30 days from discovery or notice of providing service outside of the boundary to cease providing service outside the boundary without losing the exemption.

Public Hearings: Prior to offering communications services, cities would be required to hold at least 2 public hearings for comment on the service. The cities are required to provide notice for the hearings in the local newspaper and with the Utilities Commission. Private communications providers must be allowed to participate in the hearings. Feasibility studies, business plans, and public surveys for the communications service are deemed public records and must be available to the public prior to the hearings. The public hearing requirement does not apply to the repair or upgrade of an existing service.

Financing: Cities and joint agencies would be prohibited from incurring debt for a communications system unless it holds a special election. Cities and joint agencies are also prohibited from using installment purchase contracts and certificates of participation to finance a communications network unless it holds a holds a special election. The question posed in the referendum will be whether or not the city may offer the communications service. In the 3rd edition of the bill, the question posed in the referendum would have been whether the city could incur the debt. The prohibition on certificates of participation and the referendum requirement would not apply to repairs or improvements of an existing system.

Taxes, Payments in Lieu of Taxes: Cities and joint agencies operating a communications service would be required to make the following payments in lieu of taxes:

- To the applicable county, a payment of the amount of property taxes that would be due if the communications system was subject to the property tax.
- To the State, an amount set by the Department of Revenue that approximates the amount of income, franchise, vehicle, motor fuel and other taxes that would be due if the communications system was subject to these taxes. Cities subject to this provision must provide information to the Department of Revenue necessary for the calculation of the payment. The PCS also provides that the amount of the assessment is set by January 1 of each year, and due by March 15 of each year.
- Cites and joint agencies would not receive a sales tax refund for purchases related to the provision of the communications service.

Public-Private Partnerships for Communications Service: Cities would be required to solicit proposals from private providers before constructing a communications network. Cities must issue request for proposals that requires proposals to have sufficient information to make an objective evaluation of the proposals. The city must provide notice of the request for proposals. The city may consider any relevant factors, including system design, system reliability, operational experience, operational costs, compatibility with existing systems and equipment, and emerging technology. If the city in unable to negotiate terms with the 2 most responsive proposers, the city may proceed with offering communications service.

Designation as Public Utility: Cities and joint agencies that provide telephone service would be included in the term "public utility" as defined by Chapter 62 of the General Statutes. Telephone service provided by these entities would be subject to oversight by the Utilities Commission. This section does not expand the regulatory authority of the Utilities Commission in regards to telephone service.

Additional Financing Requirements: For review by the Local Government Commission (LGC) of an application for financing the construction, operation, expansion, or repair of a communications system by a city or joint agency, the following would apply:

- The public hearings required by the bill must be held before an application for financing may be submitted.

- A copy of the application must be given to private communications providers that serve the city and areas adjacent to the city. The LGC must accept written and oral comments from private providers as a part of the application review.
- The LGC must consider and make written findings regarding the reasonableness of the revenue projections of the service in light of the current and projected competitive environment, the impact of innovation, and the level of community support for the project.

Revenue Bonds: Cities may issue revenue bonds to provide a cable television system. Although a referendum is not normally required for revenue bonds, cities that offer communications service as defined in G.S. 160A-340.1 would be subject to G.S. 160A-340.4(b) which requires a city to hold a referendum before incurring debt to construct a communications system.

Additional Exemption for Cities Currently Offering Service: Section 5 of the bill exempts cities and joint agencies providing communications service as of January 1, 2011, provided the city or joint agency limits the provision of service to the service area outlined on page 3, of this summary from the following additional sections of the bill:

- Designation as public utility (Section 2 of the Bill).
- Additional financing requirements (Section 3 of the Bill).
- Ability to use revenue bonds for cable systems (Section 4 of the Bill).

The PCS clarifies that a city exempt from Sections 2, 3, and 4 of the bill and is subject to a service area boundary in G.S. 160A-340.2(c) will have 30 days from discovery or notice of providing service outside of the boundary to cease providing service outside the boundary without losing the exemption.

EFFECTIVE DATE: This act is effective when it becomes law and applies to the provision of communications services by cities or joint agencies on or after that date.

Payment in Lieu of Taxes Estimated at $18.98 per Subscriber for Future Systems					
EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department of Revenue; North Carolina Department of State Treasurer, Local Government Commission

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: House Bill (HB) 129 implements new regulatory, public information, and financial requirements for cities and joint agencies providing communication services to the public for a fee. Four cities/joint agencies, Morganton (CoMPAS Cable TV), Salisbury (Fibrant), Wilson

(Greenlight), and Mooresville-Davidson (MI Connection), currently offer municipal broadband services that could fall within the purview of HB 129. The bill specifically exempts these groups by exempting entities providing telecom services prior to January 1, 2011 from a majority of the provisions set forth in the bill. The main limitation of existing municipal broadband companies applies to their service areas.

Cities offering communications service as of January 1, 2011 are exempt from all of the provisions in the bill provided that the city limits services to any one or more of the following:

- Persons within the corporate limits of the city providing the service.
- Existing customers of the service as of April 1, 2011, provided that contracts outside the service area is subject to public bidding upon expiration.
- For MI-Connection – the PCS expands the service area to the combined areas of the city of Cornelius; the town of Troutman; the town of Huntersville; the unincorporated areas of Mecklenburg County north of a line beginning at Highway 16 along the west boundary of the county, extending eastward along Highway 16, continuing east along Interstate 485, and continuing eastward to the eastern boundary of the county along Eastfield Road; and the unincorporated areas of Iredell County south of Interstate 40, excluding Statesville and the extraterritorial jurisdiction of Statesville.
- For the city of Salisbury – the cities of Salisbury, Spencer, East Spencer, Rockwell, Granite Quarry, and the corridors between those cities to the extent necessary to serve those cities.
- For all other cities and joint agencies – the area designated in the map filed with the notice of franchise.

The new regulations set forth in HB 129 require that future municipal broadband systems:

- Comply with all State, local and federal laws and regulations adhered to by private communication companies.
- Establish separate enterprise funds for the communications service, and conduct annual audits.
- Limit the communication services to the jurisdictional boundaries of the city.
- Eliminate the practice of requiring individuals or developments subscribe to municipal broadband services.
- Provide other service providers with access to the city's rights-of-way, conduits, and other distribution facilities.
- Prohibit advertisements for municipal broadband on the public, education, and government (PEG) channels of competing providers.
- Limit the revenue used to finance communication services to the income generated from the service.
- Price municipal communication services a rate equal to the cost of providing the service. The price should include adjustments for capital costs and taxes incurred in the private sector.

The new public information standards set forth in HB 129 require that municipal broadband companies:

- Hold two public hearings prior to offering services.
- Provide notice for the public hearings in local newspaper and with the Utilities Commission.
- Provide the public with all feasibility studies, business plans, and surveys prior to the hearings.
- Allow private communications providers to participate in the hearing.

The new financial standards set forth in HB 129 require that municipal broadband companies:

- Eliminate the practice of using certificates of participation to finance the construction of a system.
- Make payments in lieu of property taxes to the county/counties in which the services are contained.
- Remit to the State payments in lieu of taxes (PiLoTs), an amount set by the Department of Revenue equivalent to the income, franchise, vehicle, motor fuel, and other taxes due if operating as a private enterprise.

ASSUMPTIONS AND METHODOLOGY: Should HB 129 be enacted, future municipal broadband companies operating in North Carolina will be required to make payments in lieu of taxes (PiLoTs) of approximately $202,000 annually. The $202,000 estimate represents the average state taxes paid per customer ($18.98) as calculated by North Carolina's private telecommunication companies multiplied by the average number of subscribers currently served by municipal broadband projects, 10,694 subscribers. The estimate utilizes information provided by the North Carolina Department of State Treasurer Local Government Commission and North Carolina Cable Telecommunications Association. According to the Association, private telecommunication providers pay $18.84 per subscriber in state and local taxes. Table 1 provides a breakdown of the estimated taxes paid by revenue type.

Table 1: Payment in Lieu of Taxes for Public Entities Providing Communication Services

Tax	Description	Estimated Tax Revenue per Subscriber
Sales and Use Tax	Governmental entities would no longer be eligible to receive sales and use tax refunds under G.S. 105-164.14(c) for tangible personal property utilized in providing communication services.	$2.07
Corporate Income Tax	Income generated from providing communication services would no longer be eligible for the income tax exemption for governmental units provided under G.S. 105-103.11, but subject to the 6.9% corporate income tax as described in G.S. 105-103.3.	$2.91
Franchise Tax	G.S. 105-122 levies a franchise/privilege tax on corporations at a rate of $1.50 per $1,000 on one of three bases: 1) the profits apportioned to the State, 2) 55% of the value of real property owned in the state and subject to local property tax, 3) the book value of real and tangible personal property less any debt used to acquire real property in the state.	$2.21
Property Tax	Government entities would be required to remit taxes on real property (buildings, land, etc.) used in conjunction with providing communication services.	$11.79
Total Tax Due Per Subscriber		**$18.98**
Source: North Carolina Cable Telecommunications Association; Time Warner Cable		

The four municipal broadband enterprises operating as of January 1, 2011: 1) Morganton (CoMPAS Cable TV), 2) Salisbury (Fibrant), 3) Wilson (Greenlight), and 4) Mooresville-Davidson (MI Connection), collectively serve a region covering 42,761 households. Table 2 provides a snapshot of the regions in which these systems operate, years of operation, number of households served, as well as income and assets for the 2010 fiscal year.

According to representatives from the North Carolina Department of State Treasurer Local Government Commission and the Greenlight and Fibrant municipal broadband systems, the boundaries set forth in the PCS weaken the financial viability of both broadband systems. Greenlight and Fibrant's financial plan estimated service to a larger area than described in the HB 129 PCS. Data limitations hinder the quantification of how the newly described service boundaries will impact the financial viability of Greenlight and Fibrant.

As illustrated by Table 2, Morganton's municipal broadband system, CoMPAS, is the oldest municipal system. CoMPAS operated at a net profit during the 2010 fiscal year. CoMPAS began providing telecommunication services in 1992, financing construction through debt and revenue from other utility services. The city upgraded the system in 2004 using funding provided through low interest debt called certificates of participation (COPs). Morganton made its final COPs payment in December 2010 and expects to generate roughly one million dollars of annual net income in future years.

Table 2. Financial and Customer Data on Existing Municipal Broadband Providers, 2010

Provider	City Detail	Years in Operation	Certificates of Participation ($ In Millions)	Households in Service Area, 2010	2010 Net Income/ (Loss) ($ In Millions)	Assets ($ In Millions)	
						Real Property (Buildings and Land)	Tangible Personal Property
Greenlight (1)	Wilson, Wilson County, NC	2.8 years	31.80	19,799	(1.37)	0.93	8.47
Fibrant (2)	Salisbury, Rowan County, NC	3 months	29.10	7,562	(0.45)	4.59	
MI Connection (3)	Mooresville-Davidson	3.1 years	79.65	9,000 (actual); 13,489 (projected)	(5.60)	0.65	0.701

Continued on next page.

Date April 27 ,2011

Senator Brock

moves to amend the bill on page 4, lines 33 through 36, by rewriting the lines to read:

"b. For the city of Salisbury, the service area is the municipalities of Salisbury, Spencer, East Spencer, Granite Quarry, Rockwell, Faith, Cleveland, China Grove, Landis and the corridors between those cities. The service area also includes the economic development sites, public safety facilities, governmental facilities, and educational schools and colleges located outside the municipalities and the corridors between the municipalities and these sites, facilities, schools, and colleges only after the service for these sites, facilities, schools, and colleges has been open for public bids under the procedures of Article 8 of Chapter 143. The corridors between Salisbury and these municipalities and these sites, facilities, schools, and colleges includes only the area necessary to provide service to these municipalities and these sites, facilities, schools, and colleges. The elected bodies of Spencer, East Spencer, Granite Quarry, Rockwell, Faith, Cleveland, China Grove, and Landis shall vote to approve the service extension into each respective municipality before Salisbury can provide service to that municipality. The Rowan County Board of County Commissioners shall vote to approve service extension to any governmental economic development site, governmental facility, school, or college owned by Rowan County. The Rowan Salisbury School Board shall also vote to approve service extension to schools. ".

Senator Atwater

moves to amend the bill on page 3, line 47, through page 4, line 9, by rewriting the lines to read:

"(b) The provisions of G.S. 160A-340.1, 160A-340.4, and 160A-340.5 do not apply to the provision of communications service in an unserved area. A city seeking to provide communications service in an unserved area shall petition the North Carolina Utilities Commission for a determination that an area is unserved. The petition shall identify with specificity the geographic area for which the designation is sought. Any private communications service provider, or any other interested party, may, within a time established by order of the Commission, which time shall be no fewer than 30 days, file with the Commission an objection to the designation on the grounds that one or more areas designated in the petition is not an unserved area. For purposes of this subsection, the term "unserved area" means a geographical area where the average household density per square mile is equal to or less than 30.".

SENATE FINANCE COMMITTEE
Tuesday, May 3, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on May 3, 2011 in room 544 of the Legislative Office Building. Taajae' Bailey and Lizzy Stroman of Raleigh served as pages. Twenty-three members of the committee were present. Senator Rucho presided as chair.

S.B. 201 – Alamance/Orange Boundary

Senator Gunn was recognized to explain the bill. The bill would establish the common boundary between Alamance County and Orange County after the 2010/2011 resurveys of the transitioned properties and would amend S.L. 2010-61, which enabled changes in the historic boundary line. Senator Brown moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 200 – Alamance/Orange 9% Boundary

Senator Gunn explained the bill which would authorize Alamance County and Orange County to recommend the location of 9% of the common boundary between the two counties subsequent to the 2010/2011 resurvey of the historic common boundary line as described in the 1849 survey establishing Alamance County. Senator Harrington moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 215 – State Treasurer's Investments

Senator Hise was recognized to explain the bill. Senator Meredith moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would make changes to the State Treasurer's investment authority. Shawn Wischmeier, the State Treasurer's Chief Investment Officer, was recognized to answer questions. Senator Harrington was recognized to offer an amendment which revised the how certain investment managers may invest assets. Cindy Avrette, a staff attorney with the Research Division, was recognized to answer questions. Senator Tillman moved to adopt the amendment and the motion carried. Senator Dannelly moved to adopt the PCS as amended and the motion carried. A copy of the PCS, the summary, and the amendment is attached.

S.B. 321 – Surplus Lines/Premium Tax

Senator Hise was recognized to explain the bill, which makes changes to the law governing surplus lines insurers to conform to the federal Nonadmitted and Reinsurance Reform Act of 2010. It also authorizes the Commissioner of Insurance to enter into interstate agreements and compacts to prevent the loss of state tax revenue resulting from the federal Act. Senator Hartsell was recognized to offer amendment which directs the Revenue Laws Study Committee to study the potential impact of the State's

entrance into a nonadmitted insurance multistate agreement. Cindy Avrette was recognized to explain the amendment and answer questions. Senator Hartsell moved to adopt the amendment and the motion carried. He moved to adopt the bill as amended and the motion carried. A copy of the bill, the summary, the fiscal note and the amendment is attached.

S.B. 247 – Eliminate 529 Means Test

Senator Hartsell was recognized to explain the bill. It would permanently remove the income limitations from the income tax deduction for contributions made to the Parental Savings Trust Fund, North Carolina's Nations College Savings Program. Under current law, the deduction is not limited by an income threshold; however, applicable for taxable years beginning on and after January 1, 2012, there will be an income limitation on a taxpayer's ability to claim this deduction. Senator Clary moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

S.B. 407 – Trusts and Estate Planning Changes

Senator Hartsell was recognized to explain the bill. It would amend the laws governing trusts, estate planning, and trust companies. The bill provides that the annual license fee for trust licenses is set by statute and is $500. Previously, the fee was set by rule of the State Banking Commission in an amount not to exceed $500. Senator Meredith moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 1:20 PM.

SENATE BILL 201*

State and Local Government Committee Substitute Adopted 4/14/11

Short Title: Alamance/Orange Boundary. (Local)

Sponsors:

Referred to:

March 7, 2011

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE COUNTY SUBSEQUENT TO THE 2010/2011 RESURVEYS OF THE TRANSITIONED PROPERTIES, AS AUTHORIZED BY THE NORTH CAROLINA GENERAL ASSEMBLY BY SESSION LAW 2010-61 ENABLING THE CHANGES IN THE HISTORIC ORANGE COUNTY/ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849 SURVEY ESTABLISHING ALAMANCE COUNTY, AND TO AMEND SOME SECTIONS OF SESSION LAW 2010-61.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections within and among Alamance County, Orange County, and the Town of Mebane, North Carolina. Pursuant to G.S. 153A-18, entitled "Uncertain or Disputed Boundary," both county commissions passed resolutions (Alamance County, December 17, 2007, and Orange County, January 18, 2008) to request that North Carolina Geodetic Survey (NCGS) perform a preliminary resurvey and present a proposed map for consideration by both counties.

SECTION 2. The Alamance County Board of Commissioners agreed by vote on April 21, 2008, and Orange County on May 20, 2008, to approve authorizing NCGS to conduct the preliminary survey and the placing of monuments by NCGS consistent with their research to form a boundary baseline. On July 8, 2010, the North Carolina General Assembly enacted S.L. 2010-61, which enabled Alamance County and Orange County to transition properties between the two counties for the purpose of recommending to the North Carolina General Assembly a mutually agreed upon boundary line between the two counties.

SECTION 3. Section 3 of S.L. 2010-61 reads as rewritten:

"**SECTION 3.** In the 160 years since the initial survey of the Alamance County/Orange County boundary line, Alamance and Orange Counties have entered into multiple taxing agreements that have resulted in properties being taxed in one county by the adjoining county. Other situations have arisen in which children of one county attend school in the adjoining county and voters in one county have voted in the adjoining county. The General Assembly recognizes the difficulties in addressing these issues and authorizes Alamance County and Orange County to maintain the current taxing, elections, education, and any other recognized government functions in place until July 1, ~~2011.~~ 2012."

SECTION 4. Section 4 of S.L. 2010-61 reads as rewritten:

"**SECTION 4.(a)** ~~On and after July 1, 2011, all papers, documents, and instruments required or permitted to be filed or registered that involve residents and property located in~~

~~areas affected by the resurvey of the boundary line that previously may have been recorded in the adjoining counties shall be recorded in the county to which the property has been annexed.~~ Except as otherwise provided in this act, on and after January 1, 2012, all papers, documents, and instruments required or permitted to be filed or registered, involving residents and property in areas affected by the resurvey of the boundary line, that previously may have been recorded in the adjoining counties shall be recorded in the county to which the property has been reassigned by this act.

"**SECTION 4.(b)** All public records related to residents and property located in areas affected by the resurvey of the boundary line that were filed or recorded prior to July 1, 2011, in the adjoining counties shall remain in those respective adjoining counties where filed or recorded, and such records shall be valid public records as to the property and persons involved, even though they are recorded in an adjoining county which is a county where the property is no longer located as evidenced by the 2008 North Carolina Geodetic Survey and the subsequent partial resurvey pursuant to Section 7 of this act.

~~"SECTION 4.(c) On and after July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation on January 1, 2011, shall be subject to ad valorem taxes in the county to which the property is annexed for the fiscal year beginning July 1, 2011, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on January 1, 2011, except as hereinafter provided with respect to classified registered motor vehicles. On July 1, 2011, the tax administrators of the adjoining counties shall transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line, except classified motor vehicles that were registered in the adjoining counties prior to July 1, 2011. For the fiscal year that begins July 1, 2011, all real and personal property located in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation in that area on January 1, 2011, shall be assessed and taxed as follows:~~

~~(1) The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2011, and June 30, 2011, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after June 30, 2011, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been annexed.~~

~~(2) The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by the county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2011. All such taxes shall be assessed and collected by the appropriate county tax department.~~

~~(3) For the interim time period between the annexation of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property annexed into their respective county by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:~~

~~a. The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and~~

~~the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2012. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.~~

~~b. The values established by the adjoining counties' tax administrators on all real property formerly taxed in their respective county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.~~

~~(4) Beginning January 1, 2012, all property in areas affected by the resurvey of the boundary line that is subject to ad valorem taxation shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.~~

~~(5) The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2011, shall be determined by the adjoining county tax administrator. Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for their costs and expenses, including attorneys' fees, incurred in connection with such appeals.~~

~~(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2011, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including (i) the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375 and (ii) the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County tax administrators shall supply one another with a list of unpaid taxes as of July 1, 2011. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county, including accrued interest. The provisions of G.S. 105-352(d) shall not apply to: those areas in an adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line that shall forthwith be properly listed and taxed in the county to which they have been annexed; and those areas within each county that were in the past improperly listed and taxed by the adjoining county due to uncertainty as to the exact location of the true historic Alamance County/Orange County boundary line. Under the discovery process, each county may waive any interest and penalties accrued for tax years 2006-2011 in its sole discretion.~~

"**SECTION 4.(c)** On and after January 1, 2012, all real and personal property in areas affected by the resurvey of the boundary line which was subject to ad valorem taxation on January 1, 2012, shall be subject to ad valorem taxes in the county to which the property is reassigned for the fiscal year beginning July 1, 2012, to the same extent as it would have been had it been correctly recognized by the tax departments of each county on March 1, 2012, except as hereinafter provided with respect to classified registered motor vehicles. On July 1, 2011, the adjoining county tax administrators shall transfer to the respective county tax

assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line except classified motor vehicles which were registered in the adjoining counties prior to July 1, 2011. For the fiscal year which begins July 1, 2011, all real and personal property in areas affected by the resurvey of the boundary line which was subject to ad valorem taxation in that area on January 1, 2012, shall be assessed and taxed as follows:

(1) The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2011, and March 1, 2012, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after March 1, 2012, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been reassigned.

(2) The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by each county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2012. All such taxes shall be assessed and collected by the appropriate county tax department.

(3) For the interim time period between the reassignment of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property reassigned into their respective counties by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:

a. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2009. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

b. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

(4) Beginning January 1, 2013, all property in areas affected by the resurvey of the boundary line which is subject to ad valorem taxation, shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.

(5) The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2013, shall be determined by the adjoining county tax administrator. Appeals to the North

Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for their costs and expenses, including attorneys' fees, incurred in connection with such appeals.

(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2012, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375 and the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County Tax Administrators shall supply one another with a list of unpaid taxes for properties in areas of the boundary line affected by the resurveys for the tax year 2011 on or before July 1, 2012. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county, including accrued interest. The provisions of G.S. 105-352(d) shall not apply to (i) those areas in the adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line that shall forthwith be properly listed and taxed in the county to which they have been reassigned by this act and (ii) those areas within each county that were in the past improperly listed and taxed by the adjoining counties due to uncertainty as to the exact location of the true historic Alamance County/Orange County boundary line.

"**SECTION 4.(d)** No cause of action, including criminal actions, involving persons or property located in areas affected by the resurvey of the boundary line that is pending on July 1, ~~2011,~~ 2012, shall be abated, and such actions shall continue in the appropriate adjoining county. In no event shall a defense to a criminal act be maintained where such defense alleges a lack of jurisdiction due to any act or failure to act related to the adjustment of the boundary line by this act, regardless of when such criminal act is alleged to have been committed.

"**SECTION 4.(e)** The board of elections of each adjoining county shall, effective July 1, ~~2011,~~ 2012, transfer the voter registration records pertaining to persons residing in areas affected by the resurvey of the boundary line and located in either county to the adjoining county's board of elections, and thereafter the registered voters so transferred shall be validly registered to vote in that adjoining county.

"**SECTION 4.(f)** The Jury Commission of each adjoining county shall revise its jury lists to add to or eliminate therefrom those persons subject to jury duty who reside in areas affected by the resurvey of the boundary line, said revised jury lists to be effective July 1, ~~2011.~~2012.

"**SECTION 4.(g)** The areas affected by the resurvey of the boundary line and located in each county shall be transferred into the appropriate superior court district, district court district, and prosecutorial district. The areas affected by the resurvey of the boundary line shall remain in the same congressional district, the same State House of Representatives district, and the same State Senate district.

"**SECTION 4.(h)** Any cause of action relating to taxation as it is currently exercised by the counties along or near the Alamance County/Orange County boundary, or any other cause of action related in any way to the Alamance County/Orange County boundary or properties affected by changes in the boundary, is stayed, and no new cause of action relating to these matters shall be commenced until ratification of the official line by the North Carolina General Assembly. Thereafter, causes of action related to the taxation of property shall be defended as described in subdivision (5) of Section 4(c) of this act."

SECTION 5.(a) Any properties affected by S.L. 2010-61 or this act and which are subject to taxation under G.S. 105-274 and which were taxed by both the Alamance County

and Orange County taxing authorities on or after January 1, 2007, are hereby granted the following relief:

(1) Property owners of any such dually taxed properties may, pursuant to the terms of G.S. 105-381, demand refund and/or release of taxes paid to the county from which their property, or portion thereof, was transitioned.

(2) Any claim for relief pursuant to this section and under the terms of G.S. 105-381 may be made for taxes assessed January 1, 2007, through December 31, 2011. All such claims for relief must be made in writing to the county from which the affected property was transitioned on or before February 28, 2012. Should a claim for relief pursuant to this section not be made by February 28, 2012, such claim is waived, and no further relief shall be granted pursuant to this or any other act. Alamance County and Orange County shall not grant refunds or releases pursuant to this section for any claims made after February 28, 2012, and are released from all liability, and no court action shall be maintained for any such claims made for any act or failure to act pursuant to this section.

SECTION 5.(b) The provisions of this section shall apply only to properties transitioned or reassigned from one county to the other, in whole or in part, by the resurveys of individual qualifying properties pursuant to S.L. 2010-61 and this act.

SECTION 5.(c) For purposes of this section only, the term "property owner" shall include any builder or developer that paid property taxes on real property to both counties and subsequently sold said property or that as part of an escrow agreement in which the buyer of such property paid taxes to one county and the builder or developer who sold the property paid taxes on the same piece of property to the adjoining county.

SECTION 5.(d) The taxing authorities of Alamance County and Orange County shall notify property owners affected by this section of the terms of this section within 30 days after this act becomes law. Such notice shall be by United States mail at the mailing address to which any tax bills were previously submitted. No other notice is or shall be required.

SECTION 6. Section 6 of S.L. 2010-61 reads as rewritten:

"**SECTION 6.** Any child who was a resident of any area ~~annexed by this act on its date of ratification~~ reassigned by this act on its date of enactment and who was a student in the Orange County or Alamance County school system during the ~~2009-2010 or 2010-2011 school year~~ 2010-2011 or 2011-2012 school year, and the siblings of any such person, may attend school in the same school system as their siblings without necessity of a release or payment of tuition. ~~in the same school system previously attended without necessity of a release or payment of tuition.~~ Any such student, while attending the Orange County school system, shall be considered a resident of Orange County for all public school purposes, including transportation, athletics, and funding formulas. Any such student, while attending the Alamance County school system, shall be considered a resident of Alamance County for all public school purposes, including transportation, athletics, and funding formulas. Notice must be given to all affected school systems by the parent or guardian in order to exercise the privilege granted by this section."

SECTION 7. The establishment of a county boundary line is, pursuant to Section 1 of Article VII of the North Carolina Constitution, the responsibility of the General Assembly. Further, it is vital to the State of North Carolina and all affected local governments that county boundary lines be fixed and any uncertainty as to the location of county boundary lines be resolved. For this reason and in the interest of justice, neither Alamance County nor Orange County, nor any agent, employee, or appointed or elected official thereof, shall be liable to any individual, group, organization, for-profit or not-for-profit business entity of any kind, or governmental entity or agency of any type or kind, for any damages, costs, fees, or fines, and no court action shall be maintained against said counties, officials, employees, and agents for

any recommendation, act, failure to act, or conduct related to S.L. 2010-61 or this act and/or the adoption of a fixed boundary line separating the two counties. Except as set out in Section 5 of this act, and effective upon enactment of this act, Alamance County and Orange County and their officials, employees, and agents are released from all liability for any claims made, and no court action shall be maintained against said officials, employees, and agents for any act or failure to act pursuant to the terms of this act or S.L. 2010-61, and no further relief shall be granted or cause of action sustained except as provided herein.

SECTION 8. Section 8 of S.L. 2010-61 reads as rewritten:

"**SECTION 8.** Alamance County and Orange County shall cause areas of the boundary line to be resurveyed in areas where property owners have met the established administrative criteria to be assigned to a specific ~~county and in areas where for practical or other reasons the North Carolina Geodetic Survey line is not reasonable or is unduly burdensome.~~ county but shall not bear the cost of such resurveys. The costs of the resurveys shall be the responsibility of the transitioned properties' owners."

SECTION 9. Except as amended by this act, S.L. 2010-61 continues in full force and effect. In the case of any conflict between this act and S.L. 2010-61, this act controls to the extent of the conflict.

SECTION 10. Pursuant to Section 1 of Article VII of the North Carolina Constitution, any boundary line between Alamance County and Orange County previously surveyed, recognized, adopted, described, utilized, or ratified is modified as set forth herein upon ratification of this act.

SECTION 11. Pursuant to Section 1 of Article VII of the North Carolina Constitution, the official boundary line between Alamance County and Orange County, as described and approved by the Alamance County Board of Commissioners at its regular meeting December 6, 2010, and the Orange County Board of Commissioners at its regular meeting December 14, 2010, is hereby formally recognized and adopted by the North Carolina General Assembly. The nine percent (9%) portion of the boundary line not described and approved by the county commissioners shall be resurveyed pursuant to separate local legislation.

SECTION 12. Upon completion of the resurveys in compliance with this act, a complete description of the resurveyed line shall be filed in the office of the Register of Deeds of Alamance County, the office of the Register of Deeds of Orange County, and the Secretary of State, as provided in G.S. 153A-18(a).

SECTION 13. This act is effective when it becomes law.

SENATE BILL 201:
Alamance/Orange Boundary

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 3, 2011
Introduced by:	Sens. Gunn, Kinnaird	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 201 would establish the common boundary between Alamance County and Orange County after the 2010/2011 resurveys of the transitioned properties and would amend S.L. 2010-61, which enabled changes in the historic boundary line.

[As introduced, this bill was identical to H214, as introduced by Reps. Ingle, Bordsen, Insko, Faison, which is currently in House Government, if favorable, Finance.]

BILL ANALYSIS:

Section 1 notes that the historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections.

Section 2 notes that both boards of commissioners authorized the North Carolina Geodetic Survey (NCGS) to conduct a preliminary resurvey. Through the passage of S.L. 2010-61, the General Assembly enabled Alamance County and Orange County to transition properties between the two counties and to recommend a mutually agreed upon boundary line between the two counties.

Section 3 provides that Alamance County and Orange County may maintain their current taxing, elections, education, and other government functions until July 1, 2012 (was July 1, 2011).

Section 4 makes a number of changes to S.L. 2010-61. It extends the time by which papers and documents must be recorded in the county to which the property has been reassigned to January 1, 2012 (was July 1, 2011) and extends a number of other dates. It also prohibits defenses to criminal acts alleging a lack of jurisdiction based on adjustment of the boundary line.

Section 5.(a) provides certain relief for property owners which were taxed by both Alamance and Orange County taxing authorities. The owners may demand refund and/or release of taxes paid from the county from which their property was transitioned. Claims for relief may be made for taxes assessed from January 1, 2007, through December 31, 2011 if certain procedures are followed.

Section 5.(b) specifies that this section applies only to properties transitioned from one county to the other by resurveys of properties.

Section 5.(c) provides an expanded definition of "property owner" for this section only.

Section 5.(d) provides that taxing authorities of Orange and Alamance Counties must notify property owners affected by this section within 30 days after the act becomes law. The notice is to be sent by United States mail to the mailing address to which previous tax bills were sent.

Section 6 provides that if a child was a resident of any area reassigned by this act and that child was a student in Orange County or Alamance County during the 2010-2011 or 2011-2012 school year, then the child may attend school in the same system as their siblings.

Section 7 gives immunity to the counties, their agents, and elected or appointed officials from suits in connection with local bills related to the location of the boundary line.

ection 8 provides that Alamance and Orange Counties will not bear the costs of resurveys in areas where property owners have met the criteria to be assigned to a specific county; the costs are the responsibility of the transitioned property owners.

Section 9 clarifies that S.L. 2010-61 remains in effect, but that the present bill controls if there is a conflict.

Section 10 provides that pursuant to the North Carolina Constitution, any boundary line previously utilized is modified as provided in this act.

Section 11 provides that the boundary line approved by the commissioners of Alamance County and Orange County are adopted by the General Assembly. It further provides that the 9% portion of the boundary line, which was not approved by the county commissioners, must be resurveyed pursuant to another local bill (Senate Bill 200).

Section 12 provides when the resurveys have been finished, a complete description of the resurveyed land must be filed with the Registers of Deeds in Alamance and Orange Counties and with the Secretary of State.

EFFECTIVE DATE: This act is effective when it becomes law.

Sponsors:	Senators Gunn and Kinnaird.	
Referred to:	State and Local Government.	

March 7, 2011

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE ALAMANCE COUNTY AND ORANGE COUNTY TO RECOMMEND THE LOCATION OF NINE PERCENT OF THE COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE COUNTY SUBSEQUENT TO THE 2010/2011 RESURVEY OF THE HISTORIC ORANGE COUNTY/ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849 SURVEY ESTABLISHING ALAMANCE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections within and among Alamance County, Orange County, and the Town of Mebane, North Carolina. Pursuant to G.S. 153A-18(a) entitled "Uncertain or Disputed Boundary," both county boards of commissioners passed resolutions (Alamance County, December 17, 2007, and Orange County, January 18, 2008) to request that North Carolina Geodetic Survey (NCGS) perform a preliminary resurvey and present a proposed map for consideration by both counties.

SECTION 2. The Alamance County Board of Commissioners agreed, by vote on April 21, 2008, and the Orange County Board of Commissioners on May 20, 2008, to approve authorizing NCGS to conduct the preliminary survey and the placing of monuments by NCGS consistent with their research to form a boundary baseline. On July 8, 2010, the North Carolina General Assembly enacted S.L. 2010-61, which enabled Alamance County and Orange County to transition properties between the two counties for the purpose of recommending to the North Carolina General Assembly a mutually agreed upon boundary line between the two counties.

SECTION 3. Following an extended process pursuant to the terms of S.L. 2010-61, Alamance County and Orange County have agreed upon and have recommended the General Assembly, through a separate local act, establish and adopt ninety-one percent (91%) of the boundary line separating Alamance County and Orange County.

SECTION 4. The Alamance County and Orange County Boards of Commissioners require further time to determine the most appropriate location of the final nine percent (9%) of the boundary line separating Alamance County and Orange County in order to make a final recommendation to the General Assembly. The Alamance County Board of Commissioners at its regular meeting December 6, 2010, and the Orange County Board of Commissioners at its regular meeting December 14, 2010, mutually agreed upon ninety-one percent (91%) of the boundary line. The remaining nine percent (9%) portion of the boundary line not described and approved by the county commissioners at their respective meetings December 6, 2010, and December 14, 2010, shall be resurveyed as set out in Section 5(b) of this act.

SECTION 5.(a) The Alamance County and Orange County Boards of Commissioners may review the remaining nine percent (9%) of the boundary separating the two counties and shall determine, in their discretion, the most appropriate location for a boundary line separating the two counties along the remaining nine percent (9%) of the boundary area. The Boards of Commissioners shall make the determination of the most appropriate location for a boundary line on or before October 31, 2011.

SECTION 5.(b) Alamance County and Orange County shall cause areas within the nine percent (9%) of the boundary area to be surveyed for purposes of locating a boundary line. The counties shall not be responsible for the costs of such surveys where owners of property located within the remaining nine percent (9%) of the boundary area request their property, or any portion thereof, be located within a specific county. All such surveys shall be completed by January 31, 2012. A lien in the form of a tax lien under Chapter 105 of the General Statutes may be placed on an owner's property to recover the costs of any surveys for which the counties have advanced funds, and said lien may be enforced under the laws available for the collection of taxes. A lien for this purpose may also be placed on any property involved in a transition in whole or in part from one county to the other pursuant to S.L. 2010-61 or any other local act regarding the establishment of the Alamance County/Orange County boundary line.

SECTION 5.(c) The Alamance County and Orange County Boards of Commissioners shall, prior to the reconvening of the 2011 Regular Session of the General Assembly in 2012, submit a recommendation in the form of a local bill for the location of a final boundary line along the remaining nine percent (9%) of the area separating the two counties.

SECTION 5.(d) All owners of property within the remaining nine percent (9%) of the boundary area shall be notified in writing via first class United States mail not less than 30 days prior to a public hearing being conducted

SECTION 5.(e) Any such owners of property shall have the right to address the Alamance County and Orange County Boards of Commissioners regarding the status of their property located within the nine percent (9%) area, as that status relates to the Alamance County/Orange County boundary, at any public regularly scheduled meeting at which public comment is traditionally accepted.

SECTION 6. The establishment of a county boundary line is, pursuant to Section 1 of Article VII of the North Carolina Constitution, the responsibility of the North Carolina General Assembly. Further, it is vital to the State of North Carolina and all affected local governments that county boundary lines be fixed and any uncertainty as to the location of county boundary lines be resolved. For this reason and in the interest of justice, neither Alamance County nor Orange County, nor any agent, employee, or appointed or elected official, shall be liable to any individual, group, organization, for-profit or not-for-profit business entity of any kind, of governmental entity or agency of any type or kind for any damages, costs, fees, or fines, and no court action shall be maintained against said counties, agents, employees, or officials for any recommendation, act, failure to act, or conduct related to S.L. 2010-61, any pending local bill which subsequently becomes law related to the location of the Alamance County/Orange County Boundary Line, this act, or the adoption of a fixed boundary line separating the two counties. Effective upon this act becoming law, Alamance County and Orange County, their officials, employees, and agents are released from all liability for any claims made, and no court action shall be maintained against said counties, officials, employees, and agents for any act or failure to act pursuant to the terms of this act or S.L. 2010-61, and no further relief shall be granted or cause of action sustained except as provided herein.

SECTION 7. Pending the establishment of a final boundary line separating Alamance County and Orange County, the two counties shall maintain, in the nine percent

(9%) boundary area, the currently recognized boundary line for all governmental purposes, including, but not limited to, taxation, elections, emergency services, zoning, and education.

SECTION 8. This act is effective when it becomes law.

SENATE BILL 200:
Alamance/Orange 9% Boundary

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 3, 2011
Introduced by:	Sens. Gunn, Kinnaird	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 200 would authorize Alamance County and Orange County to recommend the location of 9% of the common boundary between the two counties subsequent to the 2010/2011 resurvey of the historic common boundary line as described in the 1849 survey establishing Alamance County.

[As introduced, this bill was identical to H213, as introduced by Reps. Ingle, Bordsen, Insko, Faison, which is currently in House Government, if favorable, Finance.]

BILL ANALYSIS:

Section 1 notes that the historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections.

Section 2 notes that both boards of commissioners authorized the North Carolina Geodetic Survey (NCGS) to conduct a preliminary resurvey. Through the passage of S.L. 2010-61, the General Assembly enabled Alamance County and Orange County to transition properties between the two counties and to recommend a mutually agreed upon boundary line between the two counties.

Section 3 explains that the counties have agreed upon and have recommended that the General Assembly, through a separate local act, establish and adopt 91% of the boundary line separating the counties. Senate Bill 201 addresses this issue.

Section 4 notes that the boards need more time to determine the most appropriate location of the final 9% of the boundary line. The boards mutually agreed on 91% of the boundary line. The remaining 9% of the boundary line not described and approved by the county commissioners at their respective meetings must be resurveyed as set out in Section 5(b) of this act.

Section 5.(a) provides that the boards may review the remaining 9% of the boundary separating the counties and shall determine, in their discretion, the most appropriate location for a boundary line separating the two counties along the remaining 9% of the boundary area. The boards must make the determination of the most appropriate location for a boundary line on or before October 31, 2011.

Section 5.(b) requires Alamance County and Orange County to have areas within the 9% of the boundary area to be surveyed. The counties are not responsible for the costs of the surveys where owners of property located within the remaining nine percent (9%) of the boundary area request that their property be located within a specific county. All surveys must be completed by January 31, 2012. A tax lien may be placed on an owner's property to recover the costs of any surveys for which the counties have advanced funds, and the lien may be enforced under the laws available for the collection of taxes.

Section 5.(c) provides that the boards must, prior to the reconvening of the 2011 Regular Session of the General Assembly in 2012, submit a recommendation in the form of a local bill for the location of a final boundary line along the 9% of the area separating the two counties.

Section 5.(d) provides that all owners of property within the remaining 9% of the boundary area must be notified in writing via first class United States mail not less than 30 days prior to a public hearing being conducted.

Section 5.(e) provides that the property owners will have the right to address the Alamance County and Orange County Boards of Commissioners regarding the status of their property located within the 9% area at any regularly scheduled meeting at which public comment is accepted.

Section 6 gives immunity to the counties, their agents, employees, and elected or appointed officials from suits in connection with local bills related to the location of the boundary line. It also releases the same individuals from all liability for any claims made against them for any act or failure to act pursuant to the terms of this act or S.L. 2010-61.

Section 7 provides that pending the establishment of a final boundary line, the two counties must maintain, in the 9% boundary area, the currently recognized boundary line for all governmental purposes, including taxation, elections, emergency services, zoning, and education.

EFFECTIVE DATE: This act is effective when it becomes law.

Brad Krehely, counsel to State and Local Government, substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE STATE TREASURER INVESTMENT STATUTE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 147-69.2(b) reads as rewritten:

"(b) It shall be the duty of the State Treasurer to invest the cash of the funds enumerated in subsection (a) of this section in excess of the amount required to meet the current needs and demands on such ~~funds, selecting from among the following:~~funds. The State Treasurer may invest the funds as provided in this subsection. If an investment was authorized by this subsection at the time the investment was made or contractually committed to be made, then none of the percentage or other limitation on investments set forth in this subsection shall be construed to require the State Treasurer to subsequently dispose of the investment or fail to honor any contractual commitments as a result of changes in market values, ratings, or other investment qualifications.

(1) ~~Any of the investments~~ Investments authorized by G.S. 147-69.1(c)(1)-(7).

(2) General obligations of other states of the United States.

(3) General obligations of cities, counties and special districts in North Carolina.

(4) Obligations of any company, other organization or legal entity incorporated or otherwise created or located within or outside the United States, including obligations that are convertible into equity securities, if the obligations bear one of the four highest ratings of at least one nationally recognized rating service when acquired.

(5) Repealed by Session Laws 2001-444, s. 2, effective October 1, 2001.

(6) Asset-backed securities (whether considered debt or equity) provided they bear ratings by nationally recognized rating services as provided in G.S. 147-69.2(b)(4).

(6a) In addition to the limitations and requirements with respect to the investments of the Retirement Systems set forth in this subsection, the State Treasurer shall select investments of the assets of the Retirement Systems such that investments made pursuant to subdivisions (b)(1) through (6) of this section shall at all times equal or exceed twenty percent (20%) of the market value of all invested assets of the Retirement Systems.

(6b) Investments pursuant to subdivisions (b)(1) through (6) of this section may be made directly by the State Treasurer or through contractual arrangements

in which the investment manager has full and complete discretion and authority to invest assets specified in such arrangements in investments authorized by subdivisions (b)(1) through (6) of this section, provided for each indirect investment, the investment manager has assets under management of at least one hundred million dollars ($100,000,000).

(6c) With respect to Retirement Systems' assets referred to in subdivision (b)(8), they may be invested in obligations and other debt securities, including debt securities convertible into other securities, that do not meet the requirements of any of subdivisions (b)(1) through (6) of this section nor subdivision (b)(7) of this section, provided such investments are made through investment companies registered under the Investment Company Act of 1940, individual, ~~common~~common, or collective trust funds of banks and trust companies, group trusts and limited partnerships, limited liability companies or other limited liability investment vehicles that invest primarily in investments authorized by this subdivision and through contractual arrangements in which the investment manager has full and complete discretion and authority to invest assets specified in such arrangements in investments authorized by this subdivision, provided the investment manager for each investment pursuant to this subdivision has assets under management of at least one hundred million dollars ($100,000,000) and provided that the investments authorized under this subdivision shall not exceed five percent (5%) of the market value of all invested assets of the Retirement Systems.

(7) With respect to Retirement Systems' assets referred to in subdivision (8) of this subsection, (i) insurance contracts that provide for participation in individual or pooled separate accounts of insurance companies, (ii) group trusts, (iii) individual, common, or collective trust funds of banks and trust companies, (iv) real estate investment trusts, (v) investment companies registered under the Investment Company Act of 1940, and (vi) limited partnerships, limited liability companies, or other limited liability investment vehicles; provided the investment manager has assets under management of at least one hundred million dollars ($100,000,000); provided such investment assets are managed primarily for the purpose of investing in or owning real estate or related debt financing located within or outside the United States; and provided that the investments authorized by this subdivision shall not exceed ten percent (10%) of the market value of all invested assets of the Retirement Systems.

(8) With respect to assets of the Teachers' and State Employees' Retirement System, the Consolidated Judicial Retirement System, the Firemen's and Rescue Workers' Pension Fund, the Local Governmental Employees' Retirement System, the Legislative Retirement System, the North Carolina National Guard Pension Fund (hereinafter referred to collectively as the Retirement Systems), and assets invested pursuant to subdivision (b2) of this section, they may be invested in equity securities traded on a public securities exchange or market organized and regulated pursuant to the laws of the jurisdiction of such exchange or market and issued by any company incorporated or otherwise created or located within or outside the United States; provided the investments meet the conditions of this subdivision. The

~~The~~ investments authorized for the Retirement Systems under this subdivision cannot exceed sixty-five percent (65%) of the market value of all invested assets of the Retirement Systems.

The assets authorized under this subdivision may be invested directly by the State Treasurer in any equity securities authorized by this subdivision for the primary purpose of approximating the movements of a nationally recognized and published market benchmark index. No more than one and one-half percent (11/2%) of the market value of the Retirement Systems' assets that may be invested directly under this subdivision can be invested in the stock of a single corporation, and the total number of shares in that single corporation cannot exceed eight percent (8%) of the issued and outstanding stock of that corporation.

So long as each investment manager has assets under management of at least one hundred million dollars ($100,000,000), the assets authorized under this subdivision ~~can~~ may also be invested through any of the following:

~~(i)~~a. ~~investment~~Investment companies registered under the Investment Company Act of ~~1940;~~1940.

~~(ii)~~b. ~~individual,~~Individual, common, or collective trust funds of banks and trust ~~companies;~~companies.

~~(iii)~~c. ~~group trusts, and~~Group trusts that invest primarily in investments authorized by this subdivision.

d. Limited partnerships, limited liability companies, or other limited liability investment vehicles that are not publicly traded and invest primarily in investments authorized by this subdivision. Investments under this sub-subdivision shall not exceed ten percent (10%) of the market value of all invested assets of the Retirement Systems.

~~(iv)~~e. ~~contractual~~Contractual arrangements in which investment managers have full and complete discretion and authority to invest assets specified in such contractual ~~arrangements.~~arrangements in investments authorized by this subdivision.

~~The assets authorized under this subdivision can also be invested directly by the State Treasurer in any equity securities represented in the S&P 500 Index or that have been publicly announced to be included in the S&P 500 Index. No more than one and one-half percent (11/2%) of the market value of the Retirement Systems' assets that may be invested directly under this subdivision can be invested in the stock of a single corporation, and the total number of shares in that single corporation cannot exceed eight percent (8%) of the issued and outstanding stock of that corporation.~~

(9) With respect to Retirement Systems' assets, as defined in subdivision (b)(8) of this subsection, they may be invested in interests in limited partnerships, limited liability companies, or other limited liability investment vehicles that are not publicly traded if the primary purpose of the limited partnership, limited liability company, or other limited liability investment vehicle is (i) to invest in ~~public or~~ private equity, or corporate buyout transactions, within or outside the United ~~States.~~States or (ii) to engage in other strategies not expressly authorized by any other subdivision of this subsection. The amount invested under this subdivision shall not exceed ~~five percent (5%)~~ ten percent (10%) of the market value of all invested assets of the Retirement Systems.

(9a) With respect to Retirement Systems' assets, as defined in subdivision (b)(8) of this subsection, they may be invested in inflation-linked bonds, timberlands, commodities, and other assets that are acquired for the primary purpose of providing protection against risks associated with inflation,

provided such investments are made through investment companies registered under the Investment Company Act of 1940, individual, common or collective trust funds of banks and trust companies, group trusts and limited partnerships, limited liability companies or other limited liability investment vehicles that invest primarily in investments authorized by this subdivision and through contractual arrangements in which the investment manager has full and complete discretion and authority to invest assets specified in such arrangements in investments authorized by this subdivision, provided the investment manager for each investment pursuant to this subdivision has assets under management of at least one hundred million dollars ($100,000,000) and provided that the investments authorized under this subdivision shall not exceed five percent (5%) of the market value of all invested assets of the Retirement Systems. Notwithstanding anything in this subsection to the contrary, the investments authorized by this subdivision shall not be included in any subdivision other than this subdivision for purposes of the percentage investment limitations therein or otherwise.

(10) Recodified as part of subdivision (b)(9) by Session Laws 2000-160, s. 2.

(11) With respect to assets of the Escheat Fund, obligations of the North Carolina Global TransPark Authority authorized by G.S. 63A-4(a)(22), not to exceed twenty-five million dollars ($25,000,000), that have a final maturity not later than October 1, 2011. The obligations shall bear interest at the rate set by the State Treasurer. No commitment to purchase obligations may be made pursuant to this subdivision after September 1, 1993, and no obligations may be purchased after September 1, 1994. In the event of a loss to the Escheat Fund by reason of an investment made pursuant to this subdivision, it is the intention of the General Assembly to hold the Escheat Fund harmless from the loss by appropriating to the Escheat Fund funds equivalent to the loss.

If any part of the property owned by the North Carolina Global TransPark Authority now or in the future is divested, proceeds of the divestment shall be used to fulfill any unmet obligations on an investment made pursuant to this subdivision.

(12) With respect to assets of the Escheat Fund, in addition to those investments authorized by subdivisions (1) through (6) of this subsection, up to twenty percent (20%) of such assets may be invested in the investments authorized under subdivisions (7) through (9) of this subsection, notwithstanding the percentage limitations imposed on the Retirement Systems' investments under those subdivisions."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 215:
State Treasurer's Investments.-AB

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 2, 2011
Introduced by:	Sens. Apodaca, Brunstetter, Hise	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to Second Edition S215-CSRB-25		

SUMMARY: Senate Bill 215[1] would make changes to the State Treasurer's investment authority. The PCS makes a couple of stylistic changes.

CURRENT LAW: The State Treasurer has the statutory responsibility of managing the State's investments. The types of investments the Treasurer may use are limited by statute. In regards to the investment of assets held by the North Carolina Retirement System[2], there are additional statutory directions and limitations:

- At least 20% of the market value of all invested assets of the Retirement System must be invested in fixed income assets.
- No more than 65% of the market value of all invested assets of the Retirement System may be invested in public equities.
- Up to 10% of the market value of all invested assets of the Retirement System may be invested in real estate.
- Up to 5% of the market value of all invested assets of the Retirement System may be invested in alternative investments. These investments are primarily private equities. This statutory limit was exceeded in September 2008 when the stock market plummeted, resulting in significantly reduced market value of all investment assets. The limit was exceeded by .13% as of December 31, 2010. The market value invested in alternative investments is currently below the cap; 4.96% as of March 31, 2011.
- In partial response to the exceeding of the statutory limit for alternative investments in 2008, the General Assembly approved two new asset allocations in S.L. 2009-283, the credit and inflation allocations. Up to 5% of the market value of all invested assets of the Retirement System may be invested in each of these two allocations. Subsequent to the creation of these two allocations, certain investment vehicles were reclassified from the alternatives allocation into the credit and inflation allocations, thus reducing the holdings percentage in alternative investments below the statutory limit.

The State Treasurer may manage the investments of the assets internally or externally through outside managers. Currently, the State Treasurer manages approximately 40% of the assets of the Retirement System internally. Although the State Treasurer may make equity investments internally[3], all of those investments are currently managed externally, partially due to the investment limitations imposed on the internal management of this asset allocation. Under current law, the State Treasurer may only invest in equity securities represented in the S&P 500 benchmark.

---

[1] Senate Bill 215, as introduced, was identical to House Bill 318, introduced by Rep. McGee. House Bill 318 is in House Finance.

[2] The North Carolina Retirement System consists of the following retirement plans: Teachers' and State Employees', Consolidated Judicial, Firemen's and Rescue Workers, Local Governmental Employees, Legislative, and North Carolina National Guard.

[3] NCRS only manages investment grade fixed income internally.

BILL ANALYSIS: Senate Bill 215 is an agency bill requested by the State Treasurer. The bill would give the Treasurer greater flexibility in implementing its investment strategy of the assets in the Retirement System. The Treasurer's stated intent of the requested statutory changes is to achieve the same or slightly better returns at a meaningfully lower level of risk. The bill would make three primary changes allowing greater investment management flexibility:

Expand the Benchmark for Internal Management of Public Equities:

The State Treasurer's internal management of public equity securities is limited to those securities represented in the S&P 500 benchmark. The State Treasurer may manage these same public equity securities using broader indexes through external managers. The bill would amend G.S. 147-69.2(b)(8) to allow other, broader indexes to be utilized to manage equities internally.

Securities represented in the S&P 500 comprise only 32% of the global equity universe. The S&P 500 covers approximately 75% of the US equity market and focuses on large cap stocks. There exist other, broader indexes, such as the Russell 3000 index and the MSCI World ex US index. The Russell 3000 index covers approximately 42% of the global equity universe; it covers 98% of the US equity market and includes large cap, mid cap, and small cap stocks. The MSCI World ex US index covers approximately 39% of the global equity universe and consists of 23 developed market countries outside of the United States.

"Alternatives" Cap:

The current statutory cap on the alternative investment allocation is 5% of the total investment assets. Investments in this allocation exceeded the cap in September 2008 when the stock market plummeted and significantly reduced the market value of all investments. With the creation of the credit and inflation asset allocations in 2009, the State Treasurer reclassified certain investment instruments from the alternatives allocation into the credit and inflation allocations, thus reducing the holdings percentage in alternative investments below the statutory limit. However, the allocation subsequently exceeded the cap by .13% as of December 31, 2010, because the Treasurer had to invest additional cash in certain alternative investments in order to meet contractual obligations. The Treasurer has taken steps since that time to reduce the level of investments in this allocation. Currently, investments in the alternatives allocation represent 4.96% of the total investment assets.

The bill would amend G.S. 147-69.2(b)(9) to increase the cap from 5% of plan assets to 10%. The bill would also stipulate that if an investment is within the cap at the time it is made or contractually committed to be made, the Treasurer would not be required to dispose of the investment or fail to honor the contractual commitment as a result of changes in market values, ratings, or other investment qualifications.

Use of Hedge Funds in Public Equity Portfolio

The public equity portfolio represents 40% to 50% of the Retirement System's assets. The State Treasurer may utilize hedge funds for risk reduction in all parts of the portfolio that it makes sense to do so except for the public equity portfolio. The public equip asset allocation is the riskiest asset class in the plan due to its large allocations and high volatility of risks. The bill would amend G.S. 147-69.2(b)(8)d. to allow the State Treasurer to use hedge funds in the public equity portfolio, so long as its investment in them does not exceed 10% of the market value of all invested assets in the Retirement System.

EFFECTIVE DATE: Senate Bill 215 would become effective when it becomes law.

SENATE BILL 321
Insurance Committee Substitute Adopted 4/14/11

Short Title: Surplus Lines/Premium Tax.-AB (Public)

Sponsors:

Referred to:

March 14, 2011

A BILL TO BE ENTITLED

AN ACT TO CONFORM PROVISIONS OF NORTH CAROLINA SURPLUS LINES INSURANCE LAWS TO THE FEDERAL NONADMITTED AND REINSURANCE REFORM ACT OF 2010, TO STREAMLINE APPLICATIONS FOR COMMERCIAL PURCHASERS, TO PREVENT ANY LOSS OF PREMIUM TAX REVENUE TO THE STATE, AND TO CONFORM THE DEFINITION OF RISK RETENTION GROUP TO FEDERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. Article 21 of Chapter 58 of the General Statutes is amended by adding the following new sections to read:

"**§ 58-21-3. Cooperative or interstate agreements.**

(a) The Commissioner is authorized to enter into a cooperative agreement or interstate agreement or compact to do the following:

(1) Establish additional and alternative nationwide uniform eligibility requirements that shall be applicable to nonadmitted insurers domiciled in another state or territory of the United States.

(2) Facilitate the collection, allocation, and disbursement of premium taxes attributable to the placement of nonadmitted insurance, provide for uniform methods of allocation and reporting among nonadmitted insurance risk classifications, and share information among states relating to nonadmitted insurance premium taxes.

(b) The Commissioner is authorized to enter the NAIC Nonadmitted Insurance Multi-State Agreement or other compact or interstate agreement for the purpose of carrying out the Nonadmitted and Reinsurance Reform Act of 2010.

"**§ 58-21-4. Nonadmitted and Reinsurance Reform Act duties.**

(a) For the purposes of carrying out the provisions of the Nonadmitted and Reinsurance Reform Act of 2010, the Commissioner is authorized to utilize the national insurance producer database of the NAIC, or any other equivalent uniform national database, for the licensure of an individual or an entity as a surplus lines producer and for renewal of such license.

(b) In order to assist in the performance of the Commissioner's duties, under the Nonadmitted and Reinsurance Reform Act of 2010, the Commissioner may contract with nongovernmental entities, including the NAIC or any affiliates or subsidiaries that the NAIC oversees, to perform any ministerial functions, including the collection of fees, related to producer licensing that the Commissioner and the nongovernmental entity may deem to be appropriate."

SECTION 2. G.S. 58-21-10 reads as rewritten:

"**§ 58-21-10. Definitions.**

As used in this Article:

(1) "Admitted insurer" means an insurer licensed to ~~do an insurance business~~ engage in the business of insurance in this State.

(1a) "Affiliate" means, with respect to an insured, any entity that controls, is controlled by, or is under common control with the insured.

(1b) "Affiliated group" means any group of entities that are all affiliated.

(2) "Capital", as used in the financial requirements of G.S. 58-21-20, means funds paid in for stock or other evidence of ownership.

(2a) "Control" means an entity that has "control" over another entity if either of the following occurs:

a. The entity directly or indirectly or acting through one or more other persons owns, controls, or has the power to vote twenty-five percent (25%) or more of any class of voting securities of the other entity.

b. The entity controls in any manner the election of a majority of the directors or trustees of the other entity.

(3) "Eligible surplus lines insurer" means a nonadmitted insurer with which a surplus lines licensee may place surplus lines insurance under G.S. 58-21-20.

(4) "Export" means to place surplus lines insurance with a nonadmitted insurer.

(5) "Nonadmitted insurer" means an insurer not licensed to do an insurance business in this State. ~~This definition~~ "Nonadmitted insurer" includes insurance exchanges authorized under the laws of various states. "Nonadmitted insurer" does not include a risk retention group, as defined in G.S. 58-22-10(10).

(6) "Producing broker" means an agent or broker licensed under Article 33 of this Chapter who deals directly with the party seeking insurance and who may also be a surplus lines licensee.

(6a) "Reciprocal state" means a state that has enacted provisions substantially similar to the following:

a. G.S. 58-21-85, 58-21-95(5), 58-21-75(10), 58-21-35(7b), and 58-28-5(b).

b. The allocation schedule and reporting form contained in G.S. 58-21-85.

(7) "Surplus", as used in the financial requirements of G.S. 58-21-20, means funds over and above liabilities and capital of the company for the protection of policyholders.

(8) "Surplus lines insurance" means any insurance in this State of risks resident, located, or to be performed in this State, permitted to be placed through a surplus lines licensee with a nonadmitted insurer eligible to accept such insurance, other than reinsurance, commercial aircraft insurance, wet marine and transportation insurance, insurance independently procured pursuant to G.S. 58-28-5, life and accident or health insurance, and annuities.

(9) "Surplus lines licensee" means a person licensed under G.S. 58-21-65 to place insurance on risks resident, located, or to be performed in this State with nonadmitted insurers eligible to accept such insurance.

(10) "Wet marine and transportation insurance" means:

a. Insurance upon vessels, crafts, hulls and of interests therein or with relation thereto;

b. Insurance of marine builder's risks, marine war risks and contracts of marine protection and indemnity insurance;

c. Insurance of freights and disbursements pertaining to a subject of insurance coming within this subsection; and

d. Insurance of personal property and interests therein, in the course of exportation from or importation into any country, or in the course of transportation coastwise or on inland waters including transportation by land, water, or air from point of origin to final destination, in connection with any and all risks or perils of navigation, transit or transportation, and while being prepared for and while awaiting shipment, and during any delays, transshipment, or reshipment incident thereto."

SECTION 3. Article 21 of Chapter 58 of the General Statutes is amended by adding a new section to read:

"**§ 58-21-11. Home state.**

(a) Except as provided in subsection (b) of this section, the term "home state" means, with respect to an insured, either of the following:

(1) The state in which an insured maintains its principal place of business or, in the case of an individual, the individual's principal residence.

(2) If one hundred percent (100%) of the insured risk is located out of the state referred to in subdivision (1) of this subsection, the state to which the greatest percentage of the insured's taxable premium for that insurance contract is allocated.

(b) Affiliated Groups. – If two or more insureds from an affiliated group are named insureds on a single nonadmitted insurance contract, the term "home state" means the home state, as determined pursuant to subsection (a) of this section, of the member of the affiliated group that has the largest percentage of premium attributed to it under that insurance contract."

SECTION 4. G.S. 58-21-15 reads as rewritten:

"**§ 58-21-15. Placement of surplus lines insurance.**

~~Insurance may be procured through a surplus lines licensee from nonadmitted insurers if:~~Surplus lines may be placed by a surplus lines licensee if all of the following apply:

(1) Each insurer is an eligible surplus lines ~~insurer;~~insurer.

(1a) Each insurer is authorized to write the kind of insurance in its domiciliary jurisdiction.

(2) The full amount or kind of insurance cannot be obtained from insurers who are admitted to do business in this State. Such full amount or kind of insurance may be procured from eligible surplus lines insurers, provided that a diligent search is made among the insurers who are admitted to transact and are actually writing the particular kind and class of insurance in this ~~State; and~~State.

(3) All other requirements of this Article are met."

SECTION 5. Article 21 of Chapter 58 of the General Statutes is amended by adding the following new sections to read:

"**§ 58-21-16. Streamlined application for commercial purchasers.**

(a) A surplus lines licensee seeking to procure or place nonadmitted insurance in this State for an exempt commercial purchaser shall not be required to satisfy any requirement under G.S. 58-21-15 to make a due diligence search to determine whether the full amount or type of insurance sought by such exempt commercial purchaser can be obtained from admitted insurers if all of the following apply:

(1) The licensee procuring or placing the surplus lines insurance has disclosed to the exempt commercial purchaser that such insurance may or may not be available from the admitted market that may provide greater protection with more regulatory oversight.

(2) The exempt commercial purchaser has subsequently requested in writing the licensee to procure or place such insurance from a nonadmitted insurer.

(b) As used in this section, the following definitions apply:

(1) "Exempt commercial purchaser" means any person purchasing commercial insurance that, at the time of placement, meets all of the following requirements:

a. The person employs or retains a qualified risk manager to negotiate insurance coverage.

b. The person has paid aggregate nationwide commercial property and casualty insurance premiums in excess of one hundred thousand dollars ($100,000) in the immediately preceding 12 months.

c. The person meets at least one of the following criteria:

1. The person possesses a net worth in excess of twenty million dollars ($20,000,000), as such amount is adjusted pursuant to subsection (c) of this section.

2. The person generates annual revenues in excess of fifty million dollars ($50,000,000), as such amount is adjusted pursuant to subsection (c) of this section.

3. The person employs more than 500 full-time or full-time equivalent employees per individual insured or is a member of an affiliated group employing more than 1,000 employees in the aggregate.

4. The person is a not-for-profit organization or public entity generating annual budgeted expenditures of at least thirty million dollars ($30,000,000), as such amount is adjusted pursuant to subsection (c) of this section.

5. The person is a municipality with a population in excess of 50,000 persons.

(2) "Qualified risk manager" means, with respect to a policyholder of commercial insurance, a person who meets all of the following requirements:

a. Is an employee of, or third-party consultant retained by, the commercial policyholder.

b. Provides skilled services in loss prevention, loss reduction, or risk and insurance coverage analysis, and purchase of insurance.

c. Has one of the following:

1. A bachelor's degree or higher from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the Commissioner to demonstrate minimum competence in risk management and one of the following:

I. Three years of experience in risk financing, claims, administration, loss prevention, risk and insurance analysis, or purchasing commercial lines of insurance.

II. One of the following designations:

A. Chartered Property and Casualty Underwriter (CPCU) issued by the American Institute for CPCU/Insurance Institute of America.

B. Associate in Risk Management (ARM) issued by the American Institute for CPCU/Insurance Institute of America.

C. Certified Risk Manager (CRM) issued by the National Alliance for Insurance Education & Research.

D. RIMS Fellow (RF) issued by the Global Risk Management Institute.

E. A designation, certification, or license determined by the Commissioner to demonstrate minimum competency in risk management.

2. Seven years of experience in risk financing, claims administration, loss prevention, risk and insurance coverage analysis, or purchasing commercial lines of insurance; and has any one of the designations specified in sub-sub-sub-sub-subdivisions A. through E. of sub-sub-sub-subdivision II. of this sub-subdivision.

3. Ten years of experience in risk financing, claims administration, loss prevention, risk and insurance coverage analysis, or purchasing commercial lines of insurance.

4. A graduate degree from an accredited college or university in risk management, business administration, finance, economics, or any other field determined by the Commissioner to demonstrate minimum competence in risk management.

(c) Effective on the fifth January 1 occurring after the date of the enactment of this section and each fifth January 1 occurring thereafter, the dollar amounts in sub-sub-subdivisions (b)(1)c.1. 2., 3., and 4. of this section shall be adjusted to reflect the percentage change for such five-year period in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the U.S. Department of Labor.

"**§ 58-21-17. Placement with alien insurers.**

Nothing in this Article prohibits a surplus lines licensee from placing surplus lines insurance with, or procuring surplus lines insurance from, a nonadmitted insurer domiciled outside the United States that is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the NAIC."

SECTION 6. G.S. 58-21-20(a) reads as rewritten:

"(a) ~~No surplus lines licensee shall place any coverage with a nonadmitted insurer, unless at the time of placement, such nonadmitted insurer:~~A surplus lines licensee shall not place coverage with a nonadmitted insurer unless, at the time of placement, the surplus lines licensee has determined that the nonadmitted insurer satisfies the following:

(1) Has established satisfactory evidence of good repute and financial ~~integrity; and~~integrity.

(2) Qualifies under one of the following subdivisions:

a. Has capital and surplus or its equivalent under the laws of its domiciliary jurisdiction, which equals the greater of either:

1. This State's minimum capital and surplus requirements under ~~G.S. 58-7-75, or~~G.S. 58-7-75.

2. Fifteen million dollars ~~($15,000,000),~~($15,000,000). ~~whichever is greater, except that nonadmitted insurers already qualified under this Article must have ten million dollars ($10,000,000) by December 31, 1991, twelve million five hundred thousand dollars ($12,500,000) by December 31, 1992, and fifteen million dollars ($15,000,000) by December 31, 1993. The~~

~~requirements of this sub-subdivision may be satisfied by an insurer possessing less than the commitment capital and surplus upon an affirmative finding of acceptability by the Commissioner. The finding shall be based upon such factors as quality of management, capital and surplus of any parent company, company underwriting profit and investment income trends, and the insurer's record and reputation within the industry. In no event shall the Commissioner make an affirmative finding of acceptability when the insurer's capital and surplus is less than four million five hundred thousand dollars ($4,500,000).~~

~~In addition, an alien insurer qualifies under this subdivision if it complies with the capital and surplus requirements of this subdivision and maintains in the United States an irrevocable trust fund in either a national bank or a member of the Federal Reserve System, in an amount not less than five million four hundred thousand dollars ($5,400,000) for the protection of all of its policyholders in the United States, and the trust fund consists of cash, securities, letters of credit, or of investment of substantially the same character and quality as those which are eligible investments for the capital and statutory reserves of admitted insurers authorized to write like kinds of insurance in this State. The trust fund, which shall be included in any calculation of capital and surplus or its equivalent, shall have an expiration date which at no time shall be less than five years; or~~The requirements of this sub-subdivision may be satisfied by an insurer's possessing less than the minimum capital and surplus upon an affirmative finding of acceptability by the Commissioner. The finding shall be based upon such factors as quality of management, capital and surplus of any parent company, company underwriting profit and investment income trends, market availability, and company record and reputation within the industry. In no event shall the Commissioner make an affirmative finding of acceptability when the nonadmitted insurer's capital and surplus is less than four million five hundred thousand dollars ($4,500,000).

b. In the case of any Lloyd's plans or other similar group of insurers, which consists of unincorporated individual insurers, or a combination of both unincorporated and incorporated insurers, maintains a trust fund in an amount of not less than one hundred million dollars ($100,000,000) as security to the full amount thereof for all policyholders and creditors in the United States of each member of the group, and the trust shall likewise comply with the terms and conditions established in subdivision (2)a. of this section for alien ~~insurers; and~~insurers.

c. In the case of an "insurance exchange" created by the laws of individual states, maintain capital and surplus, or the substantial equivalent thereof, of not less than seventy-five million dollars ($75,000,000) in the aggregate. For insurance exchanges which maintain funds in an amount of not less than fifteen million dollars ($15,000,000) for the protection of all insurance exchange policyholders, each individual syndicate shall maintain minimum capital and surplus, or the substantial equivalent thereof, of not less than five million dollars ($5,000,000). If the insurance exchange does

not maintain funds in an amount of not less than fifteen million dollars ($15,000,000) for the protection of all insurance exchange policyholders, each individual syndicate shall meet the minimum capital and surplus requirements of subdivision (2)a. of this section.

d. In the case of a group of incorporated insurers under common administration, which has continuously transacted an insurance business outside the United States for at least three years immediately before this time, and which submits to this State's authority to examine its books and records and bears the expense of the examination, and maintains an aggregate policyholders' surplus of not less than ten billion dollars ($10,000,000,000), and maintains in trust a surplus of not less than one hundred million dollars ($100,000,000) for the benefit of United States surplus lines policyholders of any member of the group, and each insurer maintains capital and surplus of not less than twenty-five million dollars ($25,000,000) per company.

(3) Has caused to be provided to the Commissioner a copy of its current annual statement certified by such insurer; such statement to be provided no more than two months, and for alien insurers six months, after the close of the period reported upon and that is either:

a. Filed with and approved by the regulatory authority in the domicile of the nonadmitted insurer; or

b. Certified by an accounting or auditing firm licensed in the jurisdiction of the insurer's domicile; or

c. In the case of an insurance exchange, the statement may be an aggregate combined statement of all underwriting syndicates operating during the period reported."

SECTION 7. G.S. 58-21-35(a) reads as rewritten:

"**§ 58-21-35. Duty to file and retain reports.**

(a) Within 30 days after the placing of any surplus lines insurance, the surplus lines licensee shall file with the Commissioner a report in a format prescribed by the Commissioner regarding the insurance and including the following information:

(1) The name of the insured.

(2) The identity of the insurer or insurers.

(3) A description of the subject and location of the risk.

(4) The amount of premium charged for the insurance.

(5) The amount of premium tax for the insurance.

(6) The policy period.

(7) The policy number.

(7a) An acknowledged statement that the surplus lines licensee has complied with ~~G.S. 58-21-15.~~G.S. 58-21-15 or G.S. 58-21-16, whichever is applicable.

(8) The name, address, telephone number, facsimile telephone number, and electronic mail address of the licensee, as applicable.

(9) Any other relevant information the Commissioner may reasonably require.

(b) The licensee shall complete and retain a copy of the report in paper or electronic form as required by the Commissioner. The report required by this section and the quarterly report required by G.S. 58-21-80 shall be completed on a standardized form or forms prescribed by the Commissioner and are not public records under G.S. 132-1 or G.S. 58-2-100."

SECTION 8. G.S. 58-21-65(a) reads as rewritten:

"(a) ~~No~~ For insureds whose home state is this State, no agent or broker licensed by the Commissioner shall procure any contract of surplus lines insurance with any nonadmitted insurer, unless he possesses a current surplus lines insurance license issued by the Commissioner."

SECTION 9. G.S. 58-22-10(10) reads as rewritten:

"(10) "Risk retention group" means any corporation or other limited liability association:

a. Whose primary activity consists of assuming and spreading all or any portion of the liability exposure of its group members;

b. That is organized for the primary purpose of conducting the activity described under sub-subdivision a. of this subdivision;

c. That

(i) Is chartered and licensed as a liability insurance company and authorized to engage in the business of insurance under the laws of any state; or

(ii) Before January 1, 1985, was chartered or licensed and authorized to engage in the business of insurance under the laws of Bermuda or the Cayman Islands and, before that date, had certified to the insurance regulator of at least one state that it satisfied the capitalization requirements of such state; except that any such group shall be considered to be a risk retention group only if it has been engaged in business continuously since that date and only for the purpose of continuing to provide insurance to cover product liability or completed operations liability, as such terms were defined in the Product Liability Risk Retention Act of 1981 before the effective date of the Risk Retention Act of 1986;

d. That does not exclude any person from membership in the group solely to provide for members of such a group a competitive advantage over such person;

e. That

~~(i) Has as its members only persons who have an ownership interest in the group and that has as its owners only persons who are members who are provided insurance by the risk retention group; or~~

~~(ii) Has as its sole member and sole owner an organization that is owned by persons who are provided insurance by the risk retention group;~~

(i) Has as it owners only persons who comprise the membership of the risk retention group and who are provided insurance by such group; or

(ii) Has as its sole owner an organization that meets all of the following:

(I) Its members are only persons who comprise the membership of the risk retention group; and

(II) Its owners are only persons who comprise the membership of the risk retention group and who are provided insurance by such group;

f. Whose members are engaged in businesses or activities similar or related with respect to the liability of which such members are

exposed by virtue of any related, similar, or common business trade, product, services, premises, or operations;

g. Whose activities do not include the provision of insurance other than:

(i) Liability insurance for assuming and spreading all or any portion of the similar or related liability exposure of its group members; and

(ii) Reinsurance with respect to the similar or related liability exposure of any other risk retention group, or any ~~members~~ member of such other group, that is engaged in businesses or activities so that such group or member meets the requirement described in sub-subdivision f. of this subdivision from membership in the risk retention group that provides such reinsurance; and

h. The name of which includes the phrase "Risk Retention Group"."

SECTION 10. This act becomes effective June 1, 2011.

SENATE BILL 321:
Surplus Lines/Premium Tax.-AB

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 2, 2011
Introduced by:	Sen. Apodaca	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 321 makes changes to the law governing surplus lines insurers to conform to the federal Nonadmitted and Reinsurance Reform Act of 2010 and to authorize the Commissioner of Insurance to enter into interstate agreements and compacts to prevent the loss of state tax revenue resulting from the federal Act.***

[As introduced, this bill was identical to H299, as introduced by Rep. Dockham, which is currently in House Finance. The proposed amendment would make the Senate version of the bill identical to the current House version of the bill.]

BACKGROUND: Surplus lines insurance coverage is coverage that is not available from insurers licensed in the State, referred to as admitted insurers. This coverage must instead be purchased from insurers who are not licensed in this State, referred to as non-admitted insurers.

The Nonadmitted and Reinsurance Reform Act (NRRA) was enacted by Congress as part of the Dodd-Frank Wall Street Reform and Protection Act, signed into law in July of 2010. The federal NRRA supersedes aspects of state law regulating surplus lines insurers, requiring the State to make changes to conform to the federal law.

Most notably, the NRRA provides that only the home state of the insured, i.e. the insured's principal place of business, is authorized to tax surplus lines transactions. This change could result in the loss of significant revenue to many states. The NRRA does allow states to enter into interstate compacts for the allocation of tax revenue to prevent this loss. The N.C. Department of Insurance estimates that N.C. may lose $10 to $12 million unless authority is given to the Commissioner to enter into such an agreement.

BILL ANALYSIS: **Section 1** of the bill authorizes the Commissioner of Insurance to enter into a cooperative or interstate agreement or compact to establish alternative nationwide eligibility requirements for nonadmitted insurers domiciled in other states and to facilitate the collection, allocation and disbursement of premium taxes among states. This section also gives the Commissioner the express authority to enter into the National Association of Insurance Commissioners (NAIC) Nonadmitted Insurance Multi-State Agreement or other compact for the purpose of carrying out the NRRA.

Section 1 adds a new section authorizing the Commissioner to participate in a national insurance producer database for the licensing of surplus lines insurers and to contract with nongovernmental entities to collect the appropriate licensing fees.

Section 2 adds definitions to conform state law to the federal NRRA.

Section 3 adds a new section defining "home state" as the principal place of business or principal residence of the insured, as required by the NRRA.

Section 4 amends current law to provide that a surplus lines insurer only be required to obtain authorization to write insurance in its domiciliary state, as provided in the NRRA.

Section 5 provides a streamlined process by which a surplus lines licensee, i.e. a broker or agent, may place surplus lines coverage for certain exempt commercial purchasers without conducting a search to determine whether the insurance can be obtained from admitted insurers. To comply with the new

procedure, the licensee must satisfy the following: (1) the licensee must disclose to the purchaser that the insurance may or may not be available from the admitted market; and (2) the exempt commercial purchaser must subsequently request in writing that the licensee place the insurance with a non-admitted insurer. This section also defines an "exempt commercial purchaser" for the purposes of the new statutory procedure.

Section 5 provides that nothing prohibits a licensee from procuring surplus lines insurance from a nonadmitted insurer outside of the United States, known as an "alien" insurer, listed on the NAIC Listing of Alien Insurers.

Section 6 conforms State eligibility criteria for surplus lines insurers to the NAIC Nonadmitted Insurance Model Act, as required by the federal NRRA.

Section 7 makes conforming changes.

Section 8 provides that a NC surplus lines license is required only for those agents or brokers doing business with insureds whose home state is NC. (Under NRRA, only an insured's home state may require a surplus lines broker to be licensed.)

Section 9 revises the definition of risk retention group to conform to the definition in federal law.

EFFECTIVE DATE: Senate Bill 321 becomes effective June 1, 2011.

AMENDMENT: The proposed amendment would specify that the Commissioner of Insurance could contract with nongovernmental entities to collect the appropriate licensing fees and surplus lines premium taxes and that the person with whom the Commissioner contracts may charge a reasonable fee for this service. The amendment would also direct the Revenue Laws Study Committee to study the potential revenue impact of this legislation. The Department of Insurance requested both provisions.

Tim Hovis, counsel to the Senate Insurance Committee, substantially contributed to this summary.

POSITIONS (cumulative):	***No Fiscal Impact***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: N.C. Department of Insurance

EFFECTIVE DATE: June 1, 2011

BILL SUMMARY:

Section 1 of the bill authorizes the North Carolina (N.C.) Commissioner of Insurance to enter into a cooperative or interstate agreement or compact to establish alternative nationwide eligibility requirements for nonadmitted insurers domiciled in other states and to facilitate the collection, allocation and disbursement of premium taxes among states. This section also gives the Commissioner the express authority to enter into the National Association of Insurance Commissioners (NAIC) Nonadmitted Insurance Multi-State Agreement or other compact for the purpose of carrying out the Nonadmitted and Reinsurance Reform Act (NRRA).

Section 1 adds a new section authorizing the Commissioner to participate in a national insurance producer database for the licensing of surplus lines insurers and to contract with nongovernmental entities to collect the appropriate licensing fees.

Section 2 adds definitions to conform state law to the federal NRRA.

Section 3 adds a new section defining "home state" as the principal place of business or principal residence of the insured, as required by the NRRA.

Section 4 amends current law to provide that a surplus lines insurer only be required to obtain authorization to write insurance in its domiciliary state, as provided in the NRRA.

Section 5 provides a streamlined process by which a surplus lines licensee, i.e. a broker or agent, may place surplus lines coverage for certain exempt commercial purchasers without conducting a search to determine whether the insurance can be obtained from admitted insurers. To comply with the new procedure, the licensee must satisfy the following: (1) the licensee must disclose to the purchaser that the insurance may or may not be available from the admitted market; and (2) the exempt commercial purchaser must subsequently request in writing that the licensee place the insurance with a non-admitted insurer. This section also defines an "exempt commercial purchaser" for the purposes of the new statutory procedure.

Section 5 provides that nothing prohibits a licensee from procuring surplus lines insurance from a nonadmitted insurer outside of the United States, known as an "alien" insurer, listed on the NAIC Listing of Alien Insurers.

Section 6 conforms State eligibility criteria for surplus lines insurers to the NAIC Nonadmitted Insurance Model Act, as required by the federal NRRA.

Section 7 makes conforming changes.

Section 8 provides that a N.C. surplus lines license is required only for those agents or brokers doing business with insureds whose home state is N.C. (Under the NRRA, only an insured's home state may require a surplus lines broker to be licensed.)

Section 9 revises the definition of risk retention group to conform to the definition in federal law.

Source: Research Division (May 2, 2011)

BACKGROUND:

Surplus lines insurance coverage is coverage that is not available from insurers licensed in the State, referred to as admitted insurers. This coverage must instead be purchased from insurers who are not licensed in this State, referred to as nonadmitted insurers.

The NRRA was enacted by Congress as part of the Dodd-Frank Wall Street Reform and Protection Act, signed into law in July of 2010. The NRRA will become effective on July 21, 2011. The NRRA supersedes aspects of state law regulating surplus lines insurers, requiring the State to make changes to conform to the federal law.

Most notably, the NRRA provides that only the home state of the insured—i.e. the insured's principal place of business—is authorized to tax surplus lines transactions. This change could result in the loss of significant revenue to many states. The NRRA allows states to enter into interstate compacts for the allocation of tax revenue to prevent this loss.

Source: Research Division (May 2, 2011)

ASSUMPTIONS AND METHODOLOGY:

Revenue

The N.C. Department of Insurance (DOI) is not able to provide an exact amount of revenue that would be lost to N.C. as a result of the NRRA. With that said, DOI estimates that N.C. could lose $10 to $12 million unless authority is given to the Commissioner of Insurance to enter into a cooperative or interstate agreement or compact as outlined in Section 1 of Senate Bill 321. With the passage of SB 321, N.C. would not experience this loss in revenue.

DOI reports that their projections are based on a conservative approach because there is no existing data available to identify multistate risks. The North Carolina Surplus Lines Association currently generates $5 million annually from non-resident surplus lines brokers without a N.C. connection. DOI estimates that 70% to 80%—approximately $4 million—could be vulnerable. In addition, the business that large brokers handle through their N.C. affiliate offices may range from $6 million to $8 million. Overall, DOI estimates that N.C. may lose $10 to $12 million.

Surplus lines brokers will only have to pay licensing fees in their home state once the NRRA goes into effect. As a result, N.C. will also lose licensing fees from surplus lines brokers. DOI estimates that N.C. may lose up to $65,000 because of this change. Regardless of SB 321's implementation, DOI reports that there is no way for N.C. to recover these licensing fees after the effective date of the NRRA. Therefore, this expected $65,000 loss does not appear in the fiscal impact box on page 1 of this memo.

Expenditures

DOI estimates that there will be no fiscal impact on its current operations to administer Senate Bill 321.

SENATE BILL 247

Short Title:	Eliminate Means Test From 529 Deduction.	(Public)
Sponsors:	Senators Hartsell; Atwater and Rucho.	
Referred to:	Finance.	

March 8, 2011

A BILL TO BE ENTITLED

AN ACT TO ELIMINATE THE INCOME THRESHOLD FOR CONTRIBUTIONS TO AN ACCOUNT IN THE PARENTAL SAVINGS TRUST FUND OF THE STATE EDUCATION ASSISTANCE AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 31.19(d) of S.L. 2007-323 is repealed.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 247:
Eliminate Means Test From 529 Deduction

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 3, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 247 would permanently remove the income limitations from the income tax deduction for contributions made to the Parental Savings Trust Fund, North Carolina's National College Savings Program. Under current law, the deduction is not limited by an income threshold; however, applicable for taxable years beginning on and after January 1, 2012, there will be an income limitation on a taxpayer's ability to claim this deduction.

CURRENT LAW: In 1996, the General Assembly established the Parental Savings Trust Fund. The Fund is maintained by the State Education Assistance Authority, a political subdivision of the State, and is administered by the College Foundation of North Carolina as agent of the Authority. The Fund was established to enable qualified parents to save funds to meet the costs of the postsecondary education expenses of eligible students. Anyone may contribute to the Fund. Because the Fund meets the qualifications of a qualified tuition program under Section 529 of the Internal Revenue Code, distributions from the Fund are excludable from taxable income to the extent the distributions are used to pay for qualified higher education expenses. Interest earned on the Fund is also tax-exempt.

Every state offers a state Section 529 plan, and at least twenty-five states allow for a full or partial income tax deduction for contributions to the state's own plan. Effective for the 2006 taxable year, North Carolina began allowing an individual income tax deduction for contributions by a taxpayer to an account in the State's plan: the Parental Savings Trust Fund. The maximum amounts that may be deducted are $2,500 for an individual and $5,000 for a married couple filing jointly.[1] The Parental Savings Trust Fund deduction must be added back to taxable income if the amount withdrawn from the Fund was not used to pay for qualified higher education expenses of the designated beneficiary. An exception is made if the withdrawal was made due to the death or permanent disability of the beneficiary.

BILL ANALYSIS: As enacted in 2006, the income tax deduction for contributions made to the Parental Savings Trust Fund was only allowed to taxpayers whose adjusted gross income did not exceed a stated statutory amount. The income limitations of the deduction were the same income limitations a taxpayer must meet to qualify for the higher personal exemption amount and the $100 tax credit for each dependent child: $100,000 for married filing jointly; $80,000 for head of household; $60,000 for single; and $50,000 for married filing separately. The General Assembly removed the income limitations for taxable years 2007 through 2011. **Senate Bill 247** would remove the sunset on the removal of the limitations, meaning that the deduction would not have an income threshold.

Since the removal of the income limitations in 2007, the number of new accounts and the total number of contributions to the Parental Savings Trust Fund have increased considerably. Before the

[1] The maximum amounts have increased over time as follows: for the 2006 taxable year the maximum amounts were $750 and $1,500; for the 2007 taxable year the maximum amounts were $2,000 and $4,000; and for taxable years beginning on or after 2008, the maximum amounts are $2,500 and $5,000.

enactment of the deduction in 2006, the Program averaged 224 new accounts per month with an average contribution amount of $160. After the enactment of the deduction with the income limitations, the Program averaged 748 new accounts per month with an average contribution amount of $254. Since the sunset of the income limitations, the Program has averaged 1,327 new accounts per month with an average contribution amount of $239. Eighty-three percent (83%) of the Program's participants voluntary disclose their income level. Of those 83% account holders, 73% are below the $100,000 means test for married filing jointly and 62% are below the means test for heads of household. The average account size for all 87,397 accounts in the Program as of March 31, 2011, is $8,659.[2]

EFFECTIVE DATE: Senate Bill 247 would become effective when it becomes law.

Legislative Fiscal Note

BILL NUMBER: Senate Bill 247 (First Edition)

SHORT TITLE: Eliminate Means Test From 529 Deduction

SPONSOR(S): Senators Hartsell, Atwater, and Rucho

FISCAL IMPACT					
	Yes (x)	No ( )	No Estimate Available ( )		
	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES: ($ millions)	-.6	-1.3	-1.3	-1.3	-1.3
PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Dept. of Revenue					
EFFECTIVE DATE: Effective when it becomes law					

BILL SUMMARY: Senate Bill 247 eliminates the income threshold for the tax deduction for contributions to an account in the Parental Savings Trust Fund of the State Educational Assistance Authority (NC-529 Plan.) The threshold was eliminated by SL 2007-323 but was scheduled to be reinstated for taxable years beginning on or after January 1, 2012.

ASSUMPTIONS AND METHODOLOGY: Fiscal Research reviewed 2008 tax return data on the NC-529 plan and identified the total amount of deduction by filing status and by federal adjusted gross income that would be impacted by the elimination of the threshold. These amounts were multiplied by the approximate effective tax rate by filing status to estimate the tax year impact. Adjustments were made to convert the estimated tax year impact to the State's fiscal year.

Referred to:

March 24, 2011

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAWS GOVERNING TRUSTS, ESTATE PLANNING, AND TRUST COMPANIES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 32-55 reads as rewritten:

"**§ 32-55. Notice.**

(a) If the terms of the trust do not specify the trustee's compensation, the trustee may, in the trustee's discretion, give written notice to all qualified beneficiaries of each proposed payment of compensation if the annual amount of compensation exceeds four-tenths of one percent (4/10 of 1%) of the principal value of the assets of the trust on the last day of the trust accounting year. ~~The notice shall contain a statement that the qualified beneficiaries have 20 days from when notice is given to file a proceeding for review of the reasonableness of the compensation with the clerk of superior court in accordance with Article 2 of Chapter 36C of the General Statutes.~~

(b) In lieu of giving written notice of each proposed payment of compensation under subsection (a) of this section, the trustee may give written notice to all qualified beneficiaries of the amount of compensation to be paid to the trustee on a periodic basis or of the method of computation of the compensation. The trustee shall not be required to give additional notice to the qualified beneficiaries unless the amount to be paid to the trustee on a periodic basis or the method of computation of the compensation changes.

(c) If a qualified beneficiary is under a legal disability, notice shall be given to the representative of the beneficiary. If a representative of a qualified beneficiary is not available without court order, notice shall be deemed given under this section if there is at least (i) one qualified beneficiary described in G.S. 36C-1-103(15) a. or b. who is not under a legal disability or a representative of a qualified beneficiary so described; and (ii) one qualified beneficiary described in G.S. 36C-1-103(15)c. who is not under a legal disability or a representative of a qualified beneficiary so described.

(c1) The notice provided for in this section shall contain a statement that the qualified beneficiaries or their representatives to whom the notice is given have 20 days from when notice is given to file a proceeding for review of the reasonableness of the compensation with the clerk of superior court in accordance with Article 2 of Chapter 36C of the General Statutes.

(d) The provisions of G.S. 36C-1-109 regarding notices to persons under Chapter 36C of the General Statutes shall apply for purposes of notices under this Article."

SECTION 2. G.S. 36C-5-505 is amended by adding a new subsection to read:

"(c) Subject to Article 3A of Chapter 39 of the General Statutes, for purposes of this section, if the settlor is a beneficiary of the following trusts after the death of the settlor's spouse, the property of the trusts shall, after the death of the settlor's spouse, be deemed to have been contributed by the settlor's spouse and not by the settlor:

(1) An irrevocable intervivos marital trust that is treated as a general power of appointment trust described in section 2523(e) of the Internal Revenue Code.
(2) An irrevocable intervivos marital trust that is treated as qualified terminable interest property under section 2523(f) of the Internal Revenue Code.
(3) An irrevocable intervivos trust of which the settlor's spouse is the sole beneficiary during the lifetime of the settlor's spouse but which does not qualify for the federal gift tax marital deduction.
(4) Another trust, to the extent that the property of the other trust is attributable to property passing from a trust described in subdivision (1), (2), or (3) of this subsection.

For purposes of this subsection, the settlor is a beneficiary whether so named under the initial trust instrument or through the exercise of a limited or general power of appointment."

SECTION 3. G.S. 36C-7-704 reads as rewritten:

"**§ 36C-7-704. Vacancy in trusteeship; appointment of successor.**

(a) A vacancy in a trusteeship occurs if:
(1) A person designated as trustee rejects the trusteeship;
(2) A person designated as trustee cannot be identified or does not exist;
(3) A trustee resigns;
(4) A trustee is disqualified or removed;
(5) A trustee dies; or
(6) A general guardian, guardian of the estate, or guardian of the person is appointed for an individual serving as trustee.

(b) If one or more cotrustees remain in office, a vacancy in a trusteeship need not be filled. A vacancy in a trusteeship must be filled if the trust has no remaining trustee.

(c) A vacancy in a trusteeship of a noncharitable trust that is required to be filled must be filled in the following order of priority:
(1) By a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee;
(2) By a person appointed by unanimous agreement of the qualified beneficiaries; or
(3) By a person appointed by the court.

(d) A vacancy in a trusteeship of a charitable trust that is required to be filled must be filled in the following order of priority:
(1) By a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee;
(2) By a person selected by majority agreement of the qualified beneficiaries, if the trust is a split-interest charitable trust;
(2a) By a person selected by majority agreement of the charitable organizations expressly designated to receive distributions under the terms of the trust; or
(3) By a person appointed by the court.

(e) Whether or not a vacancy in a trusteeship exists or is required to be filled, the court may appoint an additional trustee or special fiduciary whenever the court considers the appointment necessary for the administration of the trust.

(f) A successor trustee shall succeed to all the rights, powers, and privileges, and is subject to all the duties, liabilities, and responsibilities that were imposed upon the original trustee, unless a contrary intent appears from the governing instrument or unless the order appointing the successor trustee provides otherwise. A successor trustee shall be vested with the title to property of the former trustee."

SECTION 4. G.S. 36C-8-816 reads as rewritten:

"**§ 36C-8-816. Specific powers of trustee.**

Without limiting the authority conferred by G.S. 36C-8-815, a trustee may:

...

(26) On termination of the trust, exercise ~~the~~ all of the powers otherwise exercisable by the trustee during the administration of the trust, including, without limitation, the trustee's investment powers, the power to sell assets, and the powers set forth in subdivision (22) of this section, and exercise the additional powers appropriate to wind up the administration of the trust and distribute the trust property to the persons entitled to it;

...."

SECTION 5. G.S. 28A-8-1(b) reads as rewritten:

"(b) No bond shall be required of:

...

(5) A personal representative that is a ~~national banking association having its principal place of business in this State or a State bank acting pursuant to~~ trust institution licensed under G.S. 53-159;

...."

SECTION 6. G.S. 53-43 reads as rewritten:

"**§ 53-43. General powers.**

In addition to the powers conferred by law upon private corporations, banks shall have the power:

...

(6) ~~Maintain~~ To maintain separate departments and deposit in its commercial department to the credit of its trust department all uninvested fiduciary funds of cash and secure, under rules and regulations of the State Banking Commission, all such deposits in the name of the trust department whether in consolidated deposits or for separate fiduciary accounts, by segregating and delivering to the trust department such securities as ~~may be eligible for the investment of the sinking funds of the State of North Carolina, equal in market value to such deposited funds, or readily marketable commercial bonds having not less than a recognized "A" rating equal to one hundred and twenty-five per centum (125%) of such deposits.~~ are required by G.S. 53-163.1 for such deposits. Such securities shall be held by the trust department as security for the full payment or repayment of all such deposits, and shall be kept separate and apart from other assets of the trust department. Until all of such deposits shall have been accounted for to the trust department or to the individual fiduciary accounts, no creditor of the bank shall have any claim or right to such security. When fiduciary funds are deposited by the trust department in the commercial department of the bank, the deposit thereof shall not be deemed to constitute a use of such funds in the general business of the bank and the bank in such instance shall not be liable for interest on such funds. To the extent and in the amount such deposits may be insured by the Federal Deposit Insurance Corporation, the amount of security required for such deposits by this section may be reduced.

The Banking Commission shall have power to make such rules and regulations as it may deem necessary for the enforcement of the provisions of the preceding paragraph, and such authority shall exist and is hereby conferred under the general authority heretofore conferred upon said Commission as well as by this paragraph.

...."

SECTION 7. Article 14 of Chapter 53 of the General Statutes reads as rewritten:

"Article 14.

"~~Banks~~ Trust Institutions Acting in a Fiduciary Capacity.

"Part 1. General Provisions.

"**§ 53-158.10. Definitions.**

For purposes of this Article, the following definitions apply:

(1) "Depository institution" has the same meaning as set forth in the Federal Deposit Insurance Act, 12 U.S.C. §§ 1811, et seq.

(2) "Hazardous condition" has the same meaning as set forth in G.S. 53-301(a)(23).

(3) "Trust institution" has the same meaning as set forth in G.S. 53-301(a)(52).

"**§ 53-159. ~~Bank~~Trust institution may act as fiduciary.**

Any ~~bank~~ trust institution licensed by the Commissioner of Banks, where such powers or privileges are granted it in its charter, may be guardian, trustee, assignee, receiver, executor or administrator or act in another fiduciary capacity in this State without giving any bond; and the clerks of the superior courts, or other officers charged with the duty or clothed with the power of making such appointments, are authorized to appoint such ~~bank~~ trust institution to any such office.

"**§ 53-159.1. Power of fiduciary or custodian to deposit securities in a clearing corporation.**

Notwithstanding any other provision of law, any fiduciary holding securities in its fiduciary capacity, any ~~bank or trust company~~ trust institution holding securities in a fiduciary capacity or as a custodian or agent is authorized to deposit or arrange for the deposit of such securities ~~in a clearing corporation~~ with a securities intermediary as defined in G.S. 25-8-102. When such securities are so deposited, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such ~~clearing corporation~~ securities intermediary with any other such securities deposited in such ~~clearing corporation~~ securities intermediary by any person regardless of the ownership of such securities, and certificates of small denomination may be merged into one or more certificates of larger denomination. The records of such fiduciary and the records of such ~~bank or trust company~~ trust institution acting as a fiduciary or as a custodian or managing agent shall at all times show the name of the party for whose account the securities are so deposited. Title to such securities may be transferred by bookkeeping entry on the books of such ~~clearing corporation~~ securities intermediary without physical delivery of certificates representing such securities. A ~~bank or trust company~~ trust institution so depositing securities pursuant to this section shall be subject to such rules as, in the case of State-chartered institutions, the State Banking Commission and, in the case of ~~national banking associations, the Comptroller of the Currency~~ other institutions, their regulators may from time to time issue. A ~~bank or trust company~~ trust institution acting as custodian or agent for a fiduciary shall, on demand by the fiduciary, certify in writing to the fiduciary the securities so deposited by such ~~bank or trust company~~ trust institution in such ~~clearing corporation~~ securities intermediary for the account of such fiduciary. A fiduciary shall, on demand by any party to a judicial proceeding for the settlement of such fiduciary's account or on demand by the attorney for such party, certify in writing to such party the securities deposited by such fiduciary in such ~~clearing corporation~~ securities intermediary for its account as such fiduciary. This section shall apply to any fiduciary holding securities in its fiduciary capacity, and to any ~~bank or trust company~~ trust institution holding securities as a fiduciary or as a custodian or managing agent acting on May 15, 1973, or who thereafter may act regardless of the date of the agreement, instrument or court order by which it is appointed and regardless of whether or not such fiduciary, custodian or agent owns capital stock of such ~~clearing corporation~~ securities intermediary. The fiduciary shall personally be liable for any loss to the trust resulting from an act of such nominee in connection with such securities so deposited.

"**§ 53-160. License to do business.**

Before any such ~~bank or trust company~~ trust institution is authorized to act in any fiduciary capacity without bond, it must be licensed by the Commissioner of Banks of the State. For such license the licensee, for the purpose of defraying necessary expenses of the Commissioner of Banks and the Commissioner's ~~agents in supervising and examining the licensee,~~ agents, shall pay to the Commissioner of Banks an annual license fee ~~not to exceed~~ of five hundred dollars ($500.00). ~~($500.00) as required by rule of the State Banking Commission. A national bank which has been granted trust powers by the Comptroller of the Currency or his duly authorized agent shall be annually licensed as required in this section and shall be granted a certificate of solvency which will meet the provisions of G.S. 53-162 without examination by the Commissioner of Banks as required in G.S. 53-161.~~

"§ 53-161. Examination in connection with license as to solvency.

The Commissioner of Banks ~~shall examine into the solvency of such bank, and shall, if he deem it necessary,~~ may, at the expense of the ~~bank,~~ trust institution, make or cause to be made an examination ~~at its home office of its assets and liabilities. Examinations of trust institutions other than banks shall be as provided in Article 24 of this Chapter.~~ of any trust institution, other than a federally chartered trust institution, that applies for or is licensed by the Commissioner of Banks. The Commissioner of Banks may refuse to issue a license to a trust institution that it finds to be in a hazardous condition.

~~"§ 53-162. Certificate of solvency.~~

~~After any bank has been licensed by the Commissioner of Banks, a certificate issued by the Commissioner of Banks, showing the bank to be solvent to an amount not less than one hundred thousand dollars ($100,000), shall authorize such bank to act in a fiduciary capacity without bond. There shall be no charge for the seal of this certificate.~~

"§ 53-163. Clerk of superior court notified of license and revocation.

The Commissioner of Banks, upon granting license to any ~~such bank or trust company,~~ trust institution, shall immediately notify the clerk of the superior court of each county in the State that the ~~bank or trust company~~ trust institution has been licensed under this Article, and, whenever the Commissioner of Banks is satisfied that any ~~bank or trust company~~trust institution licensed by the Commissioner ~~has become insolvent, or is in imminent danger of insolvency,~~ is in a hazardous condition, the Commissioner shall revoke the license granted to that ~~bank~~ trust institution and notify the clerk of the superior court of each county in the State of the revocation. ~~After such notification, the right of any such bank or trust company to act in a fiduciary capacity shall cease.~~

"§ 53-163.1. Funds held by a ~~corporation exercising fiduciary powers~~ trust institution awaiting investment or distribution.

(a) Funds held in a fiduciary capacity by a ~~bank, trust company, savings and loan association, or other corporation authorized to exercise the powers of a fiduciary,~~ trust institution awaiting investment or distribution shall not be held uninvested or undistributed any longer than is reasonable for the proper management of the account. A ~~corporation acting in a fiduciary capacity~~ trust institution has complied with this requirement if such funds awaiting investment or distribution in excess of one thousand dollars ($1,000) are invested or distributed within 30 days of receipt or accumulation thereof.

(b) Funds held in a fiduciary capacity by a ~~bank,~~ depository institution, awaiting investment or distribution may, unless prohibited by the instrument creating the fiduciary relationship, be deposited in the commercial or savings or other department of the ~~bank,~~ depository institution, provided that it shall first set aside under control of the trust department as collateral security, ~~such securities as may be found~~ the classes of securities listed in ~~G.S. 142-34~~ G.S. 159-30(c) as being eligible for the investment ~~of the sinking funds of the State of North Carolina~~ of funds by local governments and public authorities equal in market value of such deposited funds, or readily marketable commercial bonds having not less than a

recognized "A" rating equal to one hundred and twenty-five percent (125%) of the funds so deposited.

The securities so deposited or securities substituted therefor as collateral in the trust department by the commercial or savings or other department (as well as the deposit of cash in the commercial or savings or other department by the trust department) shall be held pursuant to the provisions of G.S. 53-43(6).

If such funds are deposited in a ~~bank~~ depository institution insured under the provisions of the Federal Deposit Insurance ~~Corporation,~~ Act, the above collateral security will be required only for that portion of uninvested balances of each trust which are not fully insured under the provisions of that ~~corporation.~~act.

(c) Funds held in a fiduciary capacity by a ~~corporate fiduciary~~ trust institution awaiting investment or distribution may, unless prohibited by the instrument creating the fiduciary relationship, be invested in short-term, trust-quality investment vehicles, through the medium of a collective investment fund or otherwise.

(d) In addition to any other compensation to which it may be entitled under ~~G.S. 28A-23-3, 34-12, 35A-1269,~~ statutes governing the compensation of personal representatives, guardians, or other fiduciaries, or under any other authority, a ~~corporation acting in a fiduciary capacity~~trust institution shall be allowed to charge a fee for the temporary investment of funds held awaiting investment or distribution, which fee may be calculated upon the amount of such funds actually invested and upon the income produced thereby. The fee authorized by this subsection shall not exceed twelve percent (12%) of the income produced by such investment. A ~~corporation acting in a fiduciary capacity~~ trust institution has complied with its duty to disclose fees and practices in connection with the investment of fiduciary funds awaiting investment or distribution if the ~~corporation's~~ trust institution's periodic account statements set forth the method of computing such fees.

"§ 53-163.2. Investments in securities by ~~banks or trust companies.~~ trust institutions.

Unless the governing instrument, court order, or a statute specifically directs otherwise, a ~~bank or trust company~~ trust institution serving as trustee, guardian, agent, or in any other fiduciary capacity may invest in any security authorized by this Chapter even if such fiduciary or an affiliate thereof participates or has participated as a member of a syndicate underwriting such security, if:

(1) The fiduciary does not purchase the security from itself or its affiliate; and

(2) The fiduciary does not purchase the security from another syndicate member or an affiliate, pursuant to an implied or express agreement between the fiduciary or its affiliate and a selling member or its affiliate, to purchase all or part of each other's underwriting commitments.

"Part 2. Uniform Common Trust Fund Act.

"§ 53-163.5. Establishment of common trust funds.

(a) Any ~~bank or trust company~~ trust institution duly authorized to act as a fiduciary in this State may establish and maintain one or more common trust funds for the collective investment of funds held in a fiduciary capacity by such ~~bank or trust company~~ trust institution hereafter referred to as the "maintaining ~~bank".~~ institution." The maintaining ~~bank~~ institution may include for the purposes of collective investment in such common trust fund or funds established and maintained by it, funds held in a fiduciary capacity by any other ~~bank or trust company~~ trust institution duly authorized to act as a ~~fiduciary,~~ fiduciary with which it is affiliated, wherever located, which other ~~bank or trust company~~ trust institution is hereinafter referred to as the "participating ~~bank".~~ institution."

~~Provided, however, that the relationship between the maintaining bank and the participating bank is (i) the maintaining bank owns, controls or is affiliated with the participating bank or (ii) a bank holding company owns, controls or is affiliated with both the maintaining bank and the participating bank.~~

(b) For the purposes of this section, a ~~bank or trust company~~ maintaining institution shall be considered to be ~~owned, controlled or~~ affiliated ~~if twenty five percent (25%) or more of any class of its voting stock is owned by a bank or bank holding company or if twenty five percent (25%) or more of any class of its voting stock is owned by one person or no more than 10 persons who are the same person or persons who own twenty five percent (25%) or more of any class of the voting stock of the maintaining bank.~~ with a participating institution if it controls, is controlled by, or is under common control with the participating institution, as control is determined under the federal Bank Holding Company Act of 1956 or by rule, order, or declaratory ruling of the Commissioner of Banks.

(c) Such common trust funds may include a fund composed solely of funds held under an agency agreement in which the ~~bank or trust company~~ trust institution assumes investment discretion and assumes fiduciary responsibility.

(d) Such ~~bank or trust company~~ trust institution may invest the funds held by it in any fiduciary capacity in one or more common trust funds, provided that (i) such investment is not prohibited by the instrument, judgment, decree or order creating such fiduciary relationship or amendment thereof, and (ii) the ~~bank~~ trust institution has no interest in the assets of the common trust fund other than as a fiduciary.

"§ 53-163.6. Court accountings.

Unless ordered by a court of competent jurisdiction the ~~bank or trust company~~ trust institution operating such common trust fund or funds shall not be required to render a court accounting with regard to such fund or funds; but it may, by application to the superior court, secure approval of such an accounting on such conditions as the court may establish. This section shall not affect the duties of the trustees of the participating trusts under the common trust fund to render accounts of their several trusts.

"§ 53-163.7. Supervision by State Banking Commission.

All common trust funds established under the provisions of this Part shall be subject to the rules and regulations of the State Banking Commission.

"§ 53-163.8. Uniformity of interpretation.

This Part shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

"§ 53-163.9. Short title.

This Part may be cited as the Uniform Common Trust Fund Act."

SECTION 8. G.S. 53-301(a) reads as rewritten:

"(a) Except as otherwise provided in this Article, or when the context clearly indicates that a different meaning is intended, the following definitions shall apply throughout this Article:

...

(6a) "Board of directors" means the governing body of a company.

...

(15a) "Director" means a member of the board of directors.

...

(45) "State trust company" means a ~~corporation~~ company organized under the provisions of this Article and a trust company previously organized under other provisions of Chapter 53 of the General Statutes to operate only as a trust company and not as a commercial bank."

SECTION 9. G.S. 53-331(a) reads as rewritten:

"(a) Subject to the other provisions of this Part, one or more persons may organize and charter a State trust company, which may be ~~incorporated~~ established in the manner described in this Part and in no other way."

SECTION 10. G.S. 53-332 reads as rewritten:

"§ 53-332. Articles of incorporation of State trust company.

(a) The articles of incorporation of a State trust company shall be signed and acknowledged by or on behalf of each organizer and shall contain:

(1) The information required to be set forth in G.S. 55-2-02(a) and, except for telephone information, G.S. 53-311(c); and

(2) Any provision consistent with G.S. 55-2-02(b) and other applicable law that the organizers elect to set forth in the articles of incorporation for the regulation of the internal affairs of the State trust company.

(b) The Commissioner may allow a State trust company to be organized as a company other than a corporation, and, in such case, references in this Article to provisions of Chapter 55 of the General Statutes shall refer to analogous provisions of law governing the formation and operation of that State trust company."

SECTION 11. G.S. 53-335(b) reads as rewritten:

"(b) If the Commissioner orders that the proposed State trust company may be formed, the Commissioner shall issue a State trust company charter and a certification to the Secretary of State permitting the ~~incorporation~~ establishment of the State trust company. The Commissioner may make approval of any application conditional and shall include any conditions in the order granting the charter."

SECTION 12. G.S. 53-352(a) reads as rewritten:

"(a) All corporate powers of a State trust company shall be exercised under the authority of, and the business and affairs of a State trust company shall be managed under the direction of, ~~its~~ a board of directors. Without the approval of the Commissioner, the board shall consist of not less than five directors. ~~The shareholders of a State trust company, at any shareholders' meeting, may authorize not more than two additional directorships which may be left unfilled and to be filled in the discretion of the directors of the State trust company during the interval between shareholders' meetings.~~ Except as specifically provided otherwise in this section, the number, election, term, and classification of the directors of a State trust company shall be governed by the provisions of Chapter 55 of the General Statutes."

SECTION 13. G.S. 53-363(b) reads as rewritten:

"(b) A private trust company engaging in trust business in this State shall comply with all provisions of this Article applicable to a State trust company unless expressly exempted from a provision of this Article by the Commissioner pursuant to this section or prior to the enactment of this Article. However, notwithstanding G.S. 53-352(a), the holders of the equity securities of a private trust company may by unanimous agreement limit the authority of its board of directors; restrict, enlarge, or modify the rights or duties of particular directors; or allocate to an individual or group other than the board of directors some or all of the duties of a board of directors. A private trust company shall notify the Commissioner of the adoption of any agreement affecting the authority of the board of directors within 48 hours and shall provide such information as the Commissioner requests about the agreement. To the extent that an individual or group other than the board of directors is vested with the authority of the board of directors under this section, that individual or group shall be deemed to be acting as the board of directors in the exercise of that authority for all purposes of this Chapter."

SECTION 14. G.S. 53-363(c) reads as rewritten:

"(c) A private trust company or proposed private trust company may request in writing that it be exempted from specified provisions of G.S. 53-333(b), 53-337(a), 53-339, 53-340, 53-341, 53-342, 53-345, 53-346, and 53-394(b). The Commissioner may grant the exemption request in whole or in part. The Commissioner also may issue rules, orders, or declaratory rulings granting exemptions to all private trust companies, or to private trust companies that meet specified conditions."

SECTION 15. This act becomes effective October 1, 2011, and applies to all trusts created before, on, or after that date.

SENATE BILL 407:
Trusts and Estate Planning Changes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 3, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Second Edition		

SUMMARY: Senate Bill 407 amends the laws governing trusts, estate planning, and trust companies. The bill provides that the annual license fee for trust licenses is set by statute and is $500.00 Previously, the fee was set by rule of the State Banking Commission in an amount not to exceed $500.00.

CURRENT LAW AND BACKGROUND: Article 36C of the North Carolina General Statutes is the North Carolina Uniform Trust Code, and Article 6 of Chapter 32 deals with compensation of trustees and other fiduciaries. Article 14 of Chapter 53 governs banks acting in fiduciary capacity. These statutes are part of a complex, highly specialized area of the law.

BILL ANALYSIS:

Sections 1-4 of the bill clarify North Carolina statutes governing trustees and other fiduciaries.

Section 1 amends G.S. 32-55 to clarify the application of the requirement that the notice to the qualified beneficiaries contain a statement that the qualified beneficiaries have 20 days from the date notice is given to file a proceeding for review of the reasonableness of the trustee's compensation with the clerk of superior court. The purpose of the changes is to clarify that the notice applies to any notice under G.S. 32-55 and not just the written notice in subsection (a). The change also clarifies that this requirement applies to notices given to representatives of qualified beneficiaries under a disability.

Section 2 provides that, after the death of the settlor's spouse, certain trust property will be deemed to have been contributed by the settlor's spouse and not the settlor if the settlor is the beneficiary of any of the following trusts:

- An irrevocable intervivos marital trust that is treated as a general power of appointment trust.
- An irrevocable intervivos marital trust that is treated as qualified terminable interest property.
- An irrevocable intervivos trust of which the settlor's spouse is the sole beneficiary during the lifetime of the settlor's spouse but which does not qualify for the federal gift tax marital deduction.
- Another trust, to the extent that the property of the other trust is attributable to property passing from a trust described above.

For purposes of these provisions, the settlor is a beneficiary whether named in the initial trust instrument or through the exercise of a limited or general power of appointment.

Section 3 clarifies that a successor trustee will be vested with the title to property of the former trustee.

Section 4 provides that one of the specific powers of the trustee is, upon termination of the trust, to exercise all of the powers otherwise exercisable by the trustee during the administration of the trust.

Sections 5 through 14 revise statutes governing corporate trustees.

Section 5 clarifies that a bond is not required for a personal representative that is a licensed trust institution.

Section 6 defines acceptable collateral for a bank to post when the trust department invests in deposits of its own bank.

Section 7 makes a number of changes to Article 14 of Chapter 53, the older statute dealing with trust departments, to conform with Article 24 of Chapter 53.

- Enacts a new section (G.S. 53-158.10) to include definitions for "Depository institution," "Hazardous condition," and "Trust institution".
- Replaces "bank" with "trust institution" throughout the Article.
- Deletes the term "clearing corporation" and substitutes the term "securities intermediary."
- Sets a statutory fee for trust licenses at $500.00. (G.S. 53-160).
- Deletes references to "solvency" and allows the Commissioner of Banks (Commissioner) to examine any trust institution, other than a federally chartered trust institution, that applies for or is licensed by the Commissioner; allows the Commissioner to refuse to issue a license to a trust institution in a "hazardous condition." (G.S. 53-160, 161).
- Deletes G.S. 53-162 which required that the Commissioner issue a "certificate of solvency" in connection with giving a trust institution a license to serve without bond.
- Amends G.S. 53-163.5 to clarify the description of affiliated institutions.

The remaining sections conform the statutes to current practice, allow the Commissioner of Banks to permit trust companies to be organized as LLCs, and allow the Commissioner to permit private trust companies to conform with IRS regulations.

Section 8 adds definitions for "Board of directors" and "Director."

Sections 9 and 10 delete the term "incorporated" and substitute the term "established" to facilitate organization as LLCs. Section 10 also authorizes the Commissioner to allow a State trust company to be organized as a company other than a corporation (such as an LLC).

Section 11 deletes the term "incorporation" and substitutes the term "establishment."

Section 12 deletes language which previously allowed shareholders of a State trust company to authorize not more than two additional directorships which could have been left unfilled and could have been filled in the discretion of the directors during the interval between shareholders' meetings.

Section 13 allows private trust companies, which operate for the benefit of one family, to comport with IRS private rulings requiring these companies to delegate governing authority to avoid unfavorable tax treatment. Section 13 provides that the holders of the equity securities of a private trust company may, by unanimous agreement, do all of the following:

- Limit the authority of the board of directors.
- Restrict, enlarge, or modify the rights or duties of particular directors.
- Allocate to an individual or group, other than the board of directors, some of all of the duties of a board of directors.

A private trust company must notify the Commissioner of the adoption of any agreement affecting the board of directors within 48 hours and must provide information that the Commissioner requests about the agreement. If an individual or group other than the board of directors is vested with authority of the board of directors, then that individual or group is deemed to be acting as the board when exercising that authority.

Section 14 allows the Commissioner to permit a private trust company to be exempted from general laws relating to business corporations.

EFFECTIVE DATE: This act becomes effective October 1, 2011, and applies to all trusts created before, on, or after that date.

Brad Krehely, counsel to Senate J I, substantially contributed to this summary.

SENATE FINANCE COMMITTEE
Wednesday, May 4, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on May 4, 2011 in room 544 of the Legislative Office Building. Hunter Rinehart of Indian Trail and Elizabeth Stroman of Raleigh served as pages. Twenty-five members of the committee were present. Senator Hartsell presided as chair.

S.B. 19 – Union Fire Fees

Senator Tucker was recognized to explain the bill, which repeals the sunset on Union County's authorization to impose specified fees for fire protections services provided in fee-based fire protection districts. Senator Meredith moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 431 – Fontana Dam

Senator Davis explained the bill which would incorporate the community around Fontana Dam in Graham County as a municipality. Jeannie Stewart, Fontana Resort's general manager, was recognized to speak in favor of the bill. Senator Brock moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 345 – Encourage Invest to Retain Article 3A Installment

Senator Allran and Senator Garrou were recognized to explain the bill. It would retain and encourage investment in economically distressed times to remain eligible to take an installment of a credit earned under the Bill Lee Act. Keith Crisco, Department of Commerce's Secretary, was recognized to speak in favor of the bill. Senator McKissick moved for a favorable report and the motion carried. A copy of the bill, the summary, and the fiscal note is attached.

S.B. 629 – Privilege Tax for Unregulated Utilities

Senator Bingham was recognized to explain the bill. Senator Meredith moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS imposes a franchise or privilege tax on unregulated electric power and water companies. There was no further discussion on the PCS. A copy of the PCS is attached.

S.B. 577 – AOC/Custody & Availability of Court Records

Senator Hartsell was recognized to explain the bill, which clarifies that the Administrative Office of the Courts (AOC) is a custodian of court records. It also clarifies that those court records are public record and should be available upon request to a third party upon payment of a reasonable amount to cover reproduction costs.

Hardy Lewis, a Raleigh attorney representing Court Ventures, spoke in favor of the bill since it answers who is the custodian of AOC records in conjunction with North Carolina public records law. Callen Bryan, a Mecklenburg attorney for Background Investigation, spoke in favor of the bill. He thought that AOC records are electronic so costs should be minimal. Jon Burton from Lexis Nexis said that his company relies on bulk records and current client base/volume does not work with AOC's guidelines. Jamie Crabtree with CoreLogic relies on databases for business and the AOC is causing delays with criminal background checks. John Smith, the AOC's director, spoke in opposition to the bill, outlining a pending legal case. He said that the current database is so large with victims' names and other information that would become available and could lead to unintended consequences. The AOC is wrestling with how to deal with about 1,000 expunctions. If the database was public, those expunctions would be negated and noncriminals will be sourced as criminals since criminal records checks might not be kept up to date by legal search companies. Senator Hartsell pointed out that these records are not a simple matter and that he has concerns about the current version of the bill, but the issue needs to be addressed. A copy of the bill is attached.

The meeting adjourned at 1:59 PM.

SESSION 2011

S 1

SENATE BILL 19

Short Title:	Union Fire Fee Sunset Repealed.	(Local)
Sponsors:	Senator Tucker.	
Referred to:	State and Local Government.	

February 2, 2011

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE SUNSET ON FIRE PROTECTION FEES IN UNION COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 2 of S.L. 2010-84 is repealed.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 19:
Union Fire Fee Sunset Repealed

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 4, 2011
Introduced by:	Sen. Tucker	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 19 repeals the sunset on Union County's authorization to impose specified fees for fire protection services provided in fee-based fire protection districts.

[As introduced, this bill was identical to H97, as introduced by Reps. Horn, Burr, which is currently in House Finance.]

CURRENT LAW: S.L. 1991-883 authorized Union County to create fire protection districts funded by fees rather than by taxes. The act provides fees may not exceed the cost of providing fire protection services within the district and may be imposed on owners of all real property benefiting from the availability of fire protection. The Union County fire protection fees originally established in 1991 were:

- $50 per year for a single family dwelling, manufactured home, or duplex.
- $75 per year for a triplex.
- $100 per year for any other multiple-family dwelling.
- $10 per year for animal or horticultural operations.
- $50 per year for other commercial facilities with structures encompassing less than 5,000 square feet.
- $100 per year for other commercial facilities with structures exceeding 5,000 square feet.
- $50 per year on any other class of property.

S.L. 2010-84 permitted Union County to increase its fire protection fees in excess of the limits set by 1991 local act, but the increase may not exceed twice the amount of the maximum fee amounts for each class of property. The board of county commissioners is authorized effectuate the increase by including the increased amounts in its budget ordinance adopted under Article 3 of Chapter 159 of the General Statutes. Under that Article, the board must hold a public hearing before adopting the budget ordinance.

S.L. 2010-84 also provided that Union County's fee-based fire protection district authority, not just the fee increases authorized by that act, would expire on July 1, 2012.

BILL ANALYSIS: Senate Bill 19 repeals the sunset on S.L. 2010-84. By repealing the sunset, Union County would maintain its current authority to assess fees for fire protection up to twice the amount of the maximum fee amounts for each class of property set out in the 1991 legislation.

EFFECTIVE DATE: Effective when it becomes law.

BACKGROUND: This bill is a request of the Union County Board of Commissioners. According to the resolution they passed, the sunset provision limits the county's flexibility in funding fire protection services and cause additional strain on property taxpayers through the imposition of ad valorem taxes as the only alternative revenue source for funding fire protection services. There are 18 fire departments throughout the county, five of which impose a fire tax and the remainder of which charge the annual fire fee.

Giles Perry, counsel to Senate State and Local Government, substantially contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

SENATE BILL 431*

Short Title:	Fontana Dam Incorporated.	(Local)
Sponsors:	Senators Davis; Apodaca and Rabon.	
Referred to:	Finance.	

March 28, 2011

A BILL TO BE ENTITLED

AN ACT TO INCORPORATE THE TOWN OF FONTANA DAM.

The General Assembly of North Carolina enacts:

SECTION 1. A Charter for the Town of Fontana Dam is enacted to read:

"CHARTER OF THE TOWN OF FONTANA DAM.

"ARTICLE I. INCORPORATION AND CORPORATE POWERS.

"Section 1.1. **Incorporation and Corporate Powers.** The inhabitants of the Town of Fontana Dam are a body corporate and politic under the name 'Town of Fontana Dam.' The Town of Fontana Dam has all the powers, duties, rights, privileges, and immunities conferred and imposed on cities by the general laws of North Carolina.

"ARTICLE II. CORPORATE BOUNDARIES.

"Section 2.1. **Town Boundaries.** Until modified in accordance with law, the boundaries of the Town of Fontana Dam are as follows:

A tract of land located at Fontana Village in the Yellow Creek Township of Graham County, State of North Carolina, approximately 1.25 miles southwest of Fontana Dam, and more particularly described as follows: BEGINNING at a metal marker (Coordinates: N 646,225; E 559,660) on the west side of Fontana Village at a common corner of the land of the United States of America (Tennessee Valley Authority), the land of the Whiting Manufacturing Company and the land previously transferred in fee by the Tennessee Valley Authority to the United States Department of Agriculture under the designation of Tract XTFR-4. From the initial point with the boundary line of the land in custody of the Tennessee Valley Authority, N 67-32 E 2,818 feet passing a metal marker at 552 feet and a metal marker at the east edge of a road at 1,193 feet to a metal marker; thence, N 25-15 E 2,429 feet passing a metal marker at 1,831 feet to a metal marker; thence, N 77-06 E 1,603 feet crossing State Highway 28 at approximately 65 feet to a metal marker; thence, S 45-31 E 1,480 feet to a metal marker; thence, S 22-32 E 846 feet recrossing State Highway 28 at approximately 775 feet to a metal marker; thence, S 56-26 W 3,594 feet to a metal marker; thence, S 85-25 W 602 feet to a metal marker; thence, S 77-16 W 1,470 feet to a metal marker; thence, due south, 303 feet to a metal marker; thence, N 89-28 W 1,504 feet to a metal marker; thence, N 03-26 W 836 feet to the point of BEGINNING, containing 288.5 acres, more or less.

"ARTICLE III. GOVERNING BODY.

"Section 3.1. **Structure of Governing Body; Number of Members.** The governing body of the Town of Fontana Dam is the Mayor and the Town Council, which shall have four members.

"Section 3.2. **Temporary Officers.** Until the organizational meeting after the initial election in 2011 provided for by Section 4.2 of this Charter, Tammy Dees is appointed Mayor and Tim Gamble, Craig Litz, Vanessa Litz, and Debbie Rich are appointed council members of the Town of Fontana Dam, and they shall possess and exercise the powers granted to the Mayor

and governing body until their successors are elected or appointed and qualified pursuant to this Charter. The temporary officers shall elect a person to serve as Interim Mayor Pro Tempore. If any person named in this section is unable to serve, the remaining temporary officers shall, by majority vote, appoint a person to serve until the initial election is held in 2011.

"Section 3.3. **Manner of Electing Town Council; Term of Office.** The qualified voters of the entire Town shall elect the members of the Town Council, and they shall serve for a term of two years or until their successors are elected and qualified.

"Section 3.4. **Manner of Electing Mayor; Term of Office; Duties.** The qualified voters of the entire Town shall elect the Mayor, who shall serve for a term of two years or until the Mayor's successor is elected and qualified. The Mayor shall attend and preside over meetings of the Town Council, shall advise the Town Council from time to time as to matters involving the Town of Fontana Dam, and shall have the right to vote as a member of the Town Council on all matters before the Town Council but shall have no right to break a tie vote in which the Mayor has participated. In the case of a vacancy in the office of Mayor, the remaining members of the Town Council shall choose from their own number a successor for the unexpired term.

"Section 3.5. **Manner of Electing Mayor Pro Tempore; Term of Office; Duties.** The Mayor Pro Tempore shall be elected from among the members of the Town Council at the organizational meeting after the initial election in 2011 and shall serve for a term of two years. The Mayor Pro Tempore shall act in the absence or disability of the Mayor. If the Mayor and Mayor Pro Tempore are both absent from a meeting of the Town Council, the members of the Town Council present may elect a temporary chair to preside in the absence. The Mayor Pro Tempore shall have the right to vote on all matters before the Town Council and shall be considered a member of the Town Council for all purposes.

"ARTICLE IV. ELECTIONS.

"Section 4.1. **Conduct of Town Elections.** Elections shall be conducted on a nonpartisan basis and results determined by a plurality as provided in G.S. 163-292.

"Section 4.2. **Date of Election.** Elections shall be conducted in accordance with Chapter 163 of the General Statutes, with the first regular municipal election to be held on November 8, 2011.

"Section 4.3. **Special Elections and Referenda.** Special elections and referenda may be held only as provided by general law or applicable local acts of the General Assembly.

"ARTICLE V. ORGANIZATION AND ADMINISTRATION.

"Section 5.1. **Form of Government.** The Town shall operate under the council-manager form of government as provided in Part 2 of Article 7 of Chapter 160A of the General Statutes.

"Section 5.2. **Town Attorney.** The Town Council shall appoint a Town Attorney licensed to practice law in North Carolina. It shall be the duty of the Town Attorney to represent the Town, advise Town officials, and perform other duties as required by law or as directed by the Town Council. The Town Attorney shall serve at the pleasure of the Town Council.

"Section 5.3. **Town Clerk.** The Town Council shall appoint a Town Clerk who shall perform duties as required by law or as directed by the Town Council. The Town Clerk shall serve at the pleasure of the Town Council.

"ARTICLE VI. TAXES AND BUDGET ORDINANCE.

"Section 6.1. **Powers of the Town Council.** The Town Council may levy those taxes and fees authorized by general law. An affirmative vote equal to a majority of all the members of the Town Council shall be required to change the ad valorem tax rate from the rate established during the prior fiscal year.

"Section 6.2. **Commencement of Tax Collection.** From and after July 1, 2011, the citizens and property in the Town of Fontana Dam shall be subject to municipal taxes levied for the year beginning July 1, 2011, and for that purpose the Town shall obtain from Graham County a record of property in the area herein incorporated which was listed for property taxes as of January 1, 2011.

"Section 6.3. **Budget.** The Town may adopt a budget ordinance for fiscal year 2011-2012 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as is practical. For fiscal year 2011-2012, ad valorem taxes may be paid at par or face amount within 90 days of adoption of the budget ordinance and thereafter in accordance with the schedule in G.S. 105-360 as if the taxes had been due and payable on September 1, 2011. If the effective date of the incorporation is prior to July 1, 2011, the Town may adopt a budget ordinance for fiscal year 2010-2011 without following the timetable in the Local Government Budget and Fiscal Control Act but shall follow the sequence of actions in the spirit of the act insofar as practical. No ad valorem taxes may be levied for the 2010-2011 fiscal year.

"ARTICLE VII. ORDINANCES.

"Section 7.1. **Ordinances.** Except as otherwise provided in this Charter, the Town of Fontana Dam is authorized to adopt such ordinances as the Town Council deems necessary for the governance of the Town."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 431:
Fontana Dam Incorporated

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 4, 2011
Introduced by:	Sen. Davis	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 431 would incorporate the community around Fontana Dam in Graham County as a municipality.

CURRENT LAW: Municipalities may be created by the General Assembly, with powers and duties it deems advisable, pursuant to Article VII, Section 1 of the North Carolina Constitution." Rule 42.3(b) of the Senate Rules requires that a legislative proposal proposing incorporation must have attached to its bill jacket a report of the Joint Municipal Incorporations Commission prior to a favorable report by a committee of the Senate. Article 20 of Chapter 120 of the General Statutes creates the Joint Municipal Incorporation Commission and sets forth the criteria for review of a proposed incorporation. Under Article 20, people seeking to incorporate an area may petition the General Assembly to do so by collecting the signatures of 15% of the registered voters in the area proposed to be incorporated, and submitting the petition to the Commission. The Commission is required to make a recommendation to the General Assembly concerning the proposed incorporation. The Commission is prohibited from making a favorable recommendation if the proposed municipality fails to meet certain criteria, including the following:

- **Distance from existing municipality.** This criterion elaborates on the constitutional distance provisions.
- **Population and population density.** The Commission may not recommend favorably if the proposed municipality has a permanent population below 100 and a population density below 250 per square mile.
- **Level of development.** The Commission may not recommend favorably unless 40% of the area is developed (residential, commercial, industrial, institutional, or governmental) or dedicated to open space.
- **Reasonable tax rate.** The Commission may not recommend favorably unless it finds the proposed municipality can provide services at a reasonable tax rate.

Failure to get a favorable recommendation from the Commission does not prevent the General Assembly from incorporating a municipality. In the past 10 years, six petitions have failed to get a favorable recommendation, and incorporation occurred anyway. In most of those cases, the Commission found that the area seeking to be incorporated did not meet the criterion of 40% development. In the same years, eight failed petitions resulted in no incorporation.

BILL ANALYSIS: Senate Bill 431 would incorporate roughly 288.5 acres near the Tennessee Valley Authority's Fontana Dam as the Town of Fontana Dam. The territory is described in the bill. The area is located more than 25 miles from the nearest incorporated town.

The town would follow the council-manager form of government. It would elect a mayor and four Town Council members every 2 years, beginning in 2011. It would use the nonpartisan plurality election method. The charter enacted in the bill would give the town the usual taxing, budgetary, and ordinance-making powers municipalities usually have.

EFFECTIVE DATE: The bill would become effective when it becomes law.

BACKGROUND: The Joint Legislative Commission on Municipal Incorporations considered the petition for incorporation of Fontana Dam on March 16, 2009. The Commission's report noted that the petition failed to meet the standards required for a favorable recommendation, specifically the standards of population and population density. The petition said Fontana Dam has 25 to 30 people with 25 people per half square mile, and the standard is 100 people with 250 people per square mile. Based on this determination, the Commission voted not to recommend its incorporation.

As part of the petition process, the people seeking incorporation submitted a letter to the Commission stating the reasons supporting their request. The letter is contained in the Commission's report. The letter sets forth the following reasons for the request for incorporation:

- The area sought to be incorporated already has the basic infrastructure of a town. It is an organized and developed community comprised of businesses, residences, and recreational areas.
- The community has several miles of common roads and streets used by the residents and the community.
- The community maintains its own electrical system for the entire area.
- The community has constructed and maintains its own sewage plant and disposal system and waters system for the residents, visitors, businesses, and government controlled areas.
- The community provides solid waste pick-up, public boating access areas, and marina.
- The community provides these services to Fontana Dam and visitor center, which is located in close proximity to the community.
- The Fontana Village Resort, which is open to the general public and has over 100,000 visitors annually, is in the community and will provide a substantial tax base for the community.
- The community current finances these services. Incorporation would enable the community to institute a tax system to finance them and provide a means to more accurately disperse the costs on a pro rata basis to the residents and business located in the community. The community does not believe it will be able to continue to sustain the costs of these services without the ability to institute a tax system. Also, incorporation would enable the community to access federal and state grants and funding.

March 15, 2011

A BILL TO BE ENTITLED

AN ACT TO RETAIN AND ENCOURAGE INVESTMENT IN ECONOMICALLY DISTRESSED TIMES TO REMAIN ELIGIBLE TO TAKE AN INSTALLMENT OF A CREDIT EARNED UNDER THE BILL LEE ACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-129.12A(c) reads as rewritten:

"(c) Expiration. – If, in one of the seven years in which the installment of a credit accrues, the property with respect to which the credit was claimed is no longer used in an eligible business, the credit expires and the taxpayer may not take any remaining installment of the credit. If, in one of the seven years in which the installment of a credit accrues, part of the property with respect to which the credit was claimed is no longer used in an eligible business, the remaining installments of the credit shall be reduced by multiplying it by the fraction described in subsection (b) of this section. ~~If, in~~In one of the years in which the installment of a credit accrues and by which the taxpayer is required to have created 200 new jobs at the property, if (i) the total number of employees the taxpayer employs at the property with respect to which the credit is claimed is less than ~~200,~~200 and (ii) the taxpayer has failed, within two years of the date the employment fell below 200, to invest at the property at least twice the value of the remaining installments of the credit, the credit expires and the taxpayer may not take any remaining installment of the credit.

In each of these cases, the taxpayer may nonetheless take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5."

SECTION 2. This act is effective for taxable years beginning on or after January 1, 2009.

General Fund	**-0.4**	**-0.4**	**-0.4**	**-0.4**	**-0.4**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Department of Revenue

EFFECTIVE DATE: Taxable years beginning on or after January 1, 2009

BILL SUMMARY: The William Lee Act is a package of tax credits designed to benefit new and expanding businesses. It includes a tax credit for "substantial investment in other property" that is available to taxpayers that meet certain eligibility requirements. One of these requirements is that a taxpayer has to create 200 jobs within two years of the time the qualifying property is placed in service. Additionally, a taxpayer must invest at least $10 million in real property within a three year period. The credit is equal to 30% of the real property investment. The credit is taken in seven equal installments beginning the year after the property is placed in service. If an installment cannot be used because it exceeds 50% of the taxpayer's tax liability for the year, each installment may be carried forward for 20 years.

The credit expires if during one of the seven years in which an installment accrues, the total number employed by the taxpayer falls below 200. Expiration means that the taxpayer cannot take any remaining installments of the credit. The taxpayer is not required to forfeit installments of credits that accrued in previous years. The proposal would modify the expiration provision. The taxpayer would not be required to maintain 200 employees to take remaining credit installments if the taxpayer makes an investment equal to or greater than twice the amount of the remaining installments at the facility within two years of the employment level falling below 200.

ASSUMPTIONS AND METHODOLOGY:
Fiscal Research is aware of one taxpayer that would be impacted by the legislation. The bill would allow the taxpayer to remain eligible to take five remaining credit installments of $424,000 each. Without the bill, the taxpayer would become ineligible for the installments and their tax liability would increase. Although the amount of timing and amount of credits taken each year will vary depending on when returns are filed and tax liability, the fiscal impact is estimated to be approximately $400,000 annually for five years beginning in FY 2010-11.

SENATE BILL 629
PROPOSED COMMITTEE SUBSTITUTE S629-CSTM-2 [v.3]

5/4/2011 11:15:03 AM

Short Title: Privilege Tax for Unregulated Utilities. (Public)

Sponsors:

Referred to:

April 19, 2011

A BILL TO BE ENTITLED

AN ACT IMPOSING A FRANCHISE OR PRIVILEGE TAX ON UNREGULATED UTILITIES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 3 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-116.2. Franchise or privilege tax on unregulated electric power and water companies.**

(a) Tax. – An annual franchise or privilege tax is imposed on the following companies if the company is not subject to the tax imposed by G.S. 105-116(a) because the company is not regulated by the North Carolina Utilities Commission:

(1) An electric power company engaged in the business of furnishing electricity, electric lights, current, or power for either commercial or domestic use or consumption with gross taxable receipts equal to or exceeding six million dollars ($6,000,000).

(2) A water company engaged in the sale of water delivered by or through main lines or pipes for either commercial or domestic use or consumption with gross taxable receipts equal to or exceeding six million dollars ($6,000,000).

(b) The tax on an electric power company is six percent (6%) of the company's taxable gross receipts from the business of furnishing electricity, electric lights, current, or power. The tax on a water company is six percent (6%) of the company's taxable gross receipts from the sale of water delivered by or through main lines or pipes. A company's taxable gross receipts are its gross receipts from business inside the State, including all power generated inside the State regardless of the location of the user and all water placed into pipes inside the State. A company that engages in more than one business taxed under this section shall pay tax on each business. A company that sells electricity or water on a wholesale basis is considered selling electricity or water for commercial use or consumption.

(c) Report and Payment. – The tax imposed by this section is payable quarterly or monthly as specified in this subsection. A return is due quarterly. A water company must pay tax quarterly when filing a return. An electric power company must pay tax in accordance with the schedule and requirements that apply to payments of sales and use tax under G.S. 105-164.16 and must file a return quarterly. A quarterly return covers a calendar quarter and is due by the last day of the month that follows the quarter covered by the return. A taxpayer must submit a return on a form provided by the Secretary. The return must include the

taxpayer's gross receipts from all property it owned or operated during the reporting period in connection with its business taxed under this section. A taxpayer must report its gross receipts on an accrual basis. A return must contain the following information:

(1) The taxpayer's gross receipts for the reporting period from business inside and outside this State, stated separately.

(2) The amount of and price paid by the taxpayer for commodities or services described in subsection (a) of this section that are purchased from others engaged in business in this State and the name of each vendor.

(3) For an electric power company, the entity's gross receipts from the sale within each city of the commodities and services described in subsection (a) of this section.

(d) The tax imposed by this section does not apply to a company that makes an annual payment to the State in lieu of annual franchise or privilege tax."

SECTION 2. The General Assembly finds that unregulated utilities were not being taxed under G.S. 105-116(a); that this bill equalizes the taxation of regulated and unregulated utilities; that unregulated utilities received a tax benefit under S.L. 2001-476 and this bill recaptures that tax benefit; and the General Assembly does not intend for this bill to affect the operation and interpretation of G.S. 105-116(a).

SECTION 3. This act becomes effective for taxable years beginning on or after January 1, 2012. This act is effective when it becomes law.

SENATE BILL 577*

Short Title:	AOC/Custody & Availability of Ct Records.	(Public)
Sponsors:	Senator Hartsell.	
Referred to:	Finance.	

April 14, 2011

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT THE ADMINISTRATIVE OFFICE OF THE COURTS IS A CUSTODIAN OF COURT RECORDS, TO CLARIFY THAT THOSE COURT RECORDS ARE A PUBLIC RECORD AND ARE AVAILABLE UPON REQUEST TO A THIRD PARTY UPON PAYMENT OF A REASONABLE AMOUNT TO COVER REPRODUCTION COSTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-109(d) reads as rewritten:

"(d) In order to facilitate public access to court records, except where public access is prohibited by law, the Director may enter into one or more nonexclusive contracts ~~under reasonable cost recovery terms~~ with third parties to provide remote electronic access to the records by the public. The records shall be provided to any third party who remits to the State Treasurer a sum that compensates the State for the actual cost of reproducing the records pursuant to G.S. 132-6.2. Payment of the sum shall be the sole requirement imposed upon the third party seeking records. ~~Costs recovered pursuant to this subsection shall be remitted to the State Treasurer to be held~~ The sums remitted to the State Treasurer pursuant to this subsection shall be held in the Court Information Technology Fund established in G.S. 7A-343.2. Nothing in this subsection shall be construed to supersede the provisions and requirement of G.S. 132-1."

SECTION 2. G.S. 7A-109 is amended by adding a new subsection to read:

"(f) Any collection of court records maintained under this section is a public record and shall be provided by the Director in its entirety upon request, absent express statutory exemptions, pursuant to G.S. 132-1. The Director shall be considered a custodian of such records for purposes pursuant to G.S. 132-1."

SECTION 3. This act is effective when it becomes law.

SENATE FINANCE COMMITTEE
Wednesday, May 11, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on May 11, 2011 in room 544 of the Legislative Office Building. Keana Phelps and Tiffany Palin of Creswell served as pages. Twenty-three members of the committee were present. Senator Hartsell presided as chair.

S.B. 183 – Selective Vegetation Removal/State Highways

Senator Brown was recognized to explain the bill. Senator Rabon moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would amend the State's Outdoor Advertising Control Act by establishing statutory standards for selective vegetation removal within the tights-of-way of the State highway system, increasing the fee for a selective vegetation removal permit, establishing standards for the issuance or denial of a selected vegetation removal permit, and establishing process for appeals of selective vegetation removal permits decisions. It also provides vegetation in the newly expanded removal zone that meets the following criteria is not eligible for removal if the vegetation was planted for a federal beautification or environmental project or in conjunction with a noise barrier; and if the vegetation was planted after the erection of the sign but before May 1, 2011. Paul Meyer, an attorney with the League of Municipalities, addressed concerns about the replanting funds and local government input. Dana Fenton, City of Charlotte, spoke in opposition to the bill since local tree ordinances will be eliminated. Frank Gray, a lobbyist with the Restaurant and Lodging Association, spoke in favor of the bill. Molly Duggins, State Director of the Sierra Club, spoke in opposition. Tony Adams, NC Outdoor Advertising Association Executive Director, spoke in favor of the bill. Heather Fennell, a staff attorney with the Research Division, and John Nance, legal counsel for the Department of Transportation, were recognized to answer questions. Senator Brown requested that the bill be held until a fiscal note could be produced. A copy of the PCS and the summary is attached.

S.B. 489 – Commerce Tracks Job Creation/Public Database

Senator Rucho was recognized to explain the bill and Senator Purcell moved to adopt the PCS for discussion. The motion carried. The PCS modifies the information the Department of Commerce must provide on the economic development grant programs offered by the State to better enable the Legislature to evaluate their effectiveness at creating jobs. The PCS also expands the duties of the Revenue Laws Study Committee to include the analysis and assessment of the State's economic development grant programs as well as its statutory tax incentives. Senator Walters moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 576 – Changes to Fees for Teacher Certification

Senator Hartsell was recognized to explain the bill. Senator Newton moved to adopt the PCS and the motion carried. The PCS would permit the State Board of Education to set higher fees for teacher certification and administration changes, would make the fees nonrefundable, and would require the implementation of an online licensure management system. The fee for 'all other applications" may be increased to up to $125. The fees must be adopted by rule as established by the Administrative Procedures Act. Senator McKissick moved for a favorable report and the motion carried. A copy of the PCS, the summary, the fiscal note and a handout from the State Board of Education is attached.

The meeting adjourned at 2:06 PM.

Senator Fletcher Hartsell, Presiding Chair

Short Title: Selective Vegetation Removal/State Highways. (Public)

Sponsors:

Referred to:

March 3, 2011

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH CERTAIN STATUTORY STANDARDS FOR SELECTIVE VEGETATION REMOVAL WITHIN THE RIGHTS-OF-WAY OF THE STATE HIGHWAY SYSTEM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-18.7 reads as rewritten:

"**§ 136-18.7. Fees.**

The fee for a selective vegetation removal permit issued pursuant to ~~G.S. 136-18(5), (7), and (9) is two hundred dollars ($200.00).~~G.S. 136-93, 136-133.1, and 136-133.4 is four hundred dollars ($400.00) per permitted site and is nonrefundable."

SECTION 2. G.S. 136-93 reads as rewritten:

"**§ 136-93. Openings, structures, pipes, trees, and issuance of permits.**

(a) No opening or other interference whatsoever shall be made in any State road or highway other than streets not maintained by the Department of Transportation in cities and towns, nor shall any structure be placed thereon, nor shall any structure which has been placed thereon be changed or removed except in accordance with a written permit from the Department of Transportation or its duly authorized officers, who shall exercise complete and permanent control over such roads and highways. No State road or State highway, other than streets not maintained by the Department of Transportation in cities and towns, shall be dug up for laying or placing pipes, conduits, sewers, wires, railways, or other objects, ~~and no tree or shrub in or on any State road or State highway shall be planted, trimmed, or removed,~~ and no obstruction placed thereon, without a written permit as hereinbefore provided for, and then only in accordance with the regulations of said Department of Transportation or its duly authorized officers or employees; and the work shall be under the supervision and to the satisfaction of the Department of Transportation or its officers or employees, and the entire expense of replacing the highway in as good condition as before shall be paid by the persons, firms, or corporations to whom the permit is given, or by whom the work is done. The Department of Transportation, or its duly authorized officers, may, in its discretion, before granting a permit under the provisions of this section, require the applicant to file a satisfactory bond, payable to the State of North Carolina, in such an amount as may be deemed sufficient by the Department of Transportation or its duly authorized officers, conditioned upon the proper compliance with the requirements of this section by the person, firm, or corporation granted such permit. Any person making any opening in a State road or State highway, or placing any structure thereon,

or changing or removing any structure thereon without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or otherwise violating the provisions of this section, shall be guilty of a Class 1 misdemeanor: Provided, this section shall not apply to railroad crossings. The railroads shall keep up said crossings as now provided by law.

(b) Except as provided in G.S. 136-133.1(f), no vegetation, including any tree, shrub, or underbrush, in or on any right-of-way of a State road or State highway shall be planted, cut, trimmed, pruned, or removed without a written selective vegetation removal permit issued pursuant to G.S. 136-133.2 and in accordance with the rules of the Department. Requests for a permit for selective vegetation cutting, thinning, pruning, or removal shall be made by the owner of an outdoor advertising sign or the owner of a business facility to the appropriate person in the Division of Highways office on a form prescribed by the Department. For purposes of this section, G.S. 136-133.1, 136-133.2, and 136-133.4, the phrase "outdoor advertising" shall mean the outdoor advertising expressly permitted under G.S. 136-129(a)(4) or G.S. 136-129(a)(5). These provisions shall not be used to provide visibility to on-premise signs.

(c) For outdoor advertising, vegetation cut or removal limits shall be restricted to a maximum selective vegetation cut or removal zone for each sign face pursuant to the provisions of G.S. 136-133.1.

(d) If the application for vegetation cutting, thinning, pruning, or removal is for a site located within the corporate limits of a municipality, the municipality shall be given 30 days to review and provide nonbinding comments on the application if the municipality has previously advised the Department in writing of the desire to review such applications and the name of the local official to whom notice of such application should be directed. Local governments are prohibited from regulating vegetation cutting, trimming, pruning, or removal within the limits of interstate or primary highway rights-of-way by any permittee or other person authorized by the Department, including anyone authorized under G.S. 136-133.1(f)."

SECTION 3. Article 7 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-93.2. Monetary value of trees.**

The monetary value for existing trees removed and eligible for reimbursement to the Department as provided in G.S. 136-93 or G.S. 136-133.1 from State rights-of-way shall be determined on an annual basis by the Department. In determining the value of existing trees removed, the average cost per caliper inch shall be based on the lower value of either the average wholesale commercial nursery prices for hardwood and conifer plants, times a 2.5 multiplier for installation and warranty or the average cost per caliper inch for tree planting contracts let by the Department in the previous calendar year. The values shall be determined and published by the Department no later than December 15 of each year. The values established pursuant to this section shall be used in calculating the monetary value of trees removed from State rights-of-way beginning January 1 of each year. If the Department fails to publish changes in values by December 15, then the values existing on December 15 shall be applicable to existing trees removed and eligible for reimbursement for the following year."

SECTION 4. G.S. 136-133 reads as rewritten:

"**§ 136-133. Permits required.**

(a) No person shall erect or maintain any outdoor advertising within 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129, subdivisions (2) and (3) in this Article, or beyond 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129.1, subdivisions (2) and (3), without first obtaining a permit from the Department of Transportation or its agents pursuant to the procedures set out by rules adopted by the Department of Transportation. The permit shall be valid until revoked for

nonconformance with this Article or rules adopted by the Department of Transportation. Any person aggrieved by the decision of the Department of Transportation or its agents in refusing to grant or in revoking a permit may appeal the decision in accordance with the rules adopted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision on the agency appeal. The Department of Transportation shall have the authority to charge permit fees to defray the costs of administering the permit procedures under this Article. The fees for directional signs as set forth in G.S. 136-129(1) and G.S. 136-129.1(1) shall not exceed a forty dollar ($40.00) initial fee and a thirty dollar ($30.00) annual renewal fee. The fees for outdoor advertising structures, as set forth in G.S. 136-129(4) and (5) shall not exceed a ~~one hundred twenty dollar ($120.00) initial fee and a sixty dollar ($60.00) annual renewal fee.~~one hundred fifty dollar ($150.00) initial fee and a ninety dollar ($90.00) annual renewal fee. Thirty dollars ($30.00) of each initial and annual fee collected pursuant to this section shall be used by the Department for highway beautification projects. No additional funds from the Highway Trust Fund shall be used for the purposes of vegetation replacement under the provisions of this subsection.

(b) If outdoor advertising is under construction and the Department of Transportation determines that a permit has not been issued for the outdoor advertising, the Department may require that all work on the outdoor advertising cease until the owner of the outdoor advertising shows that the outdoor advertising does not violate this section. The stopwork order shall be prominently posted on the outdoor advertising structure, and no further notice of the stopwork order is required. The failure of an owner of outdoor advertising to comply immediately with the stopwork order shall subject the outdoor advertising to removal by the Department of Transportation or its agents. Outdoor advertising is under construction when it is in any phase of construction prior to the attachment and display of the advertising message in final position for viewing by the traveling public. The cost of removing outdoor advertising by the Department of Transportation or its agents pursuant to this section shall be assessed against the owner of the unpermitted outdoor advertising by the Department of Transportation. No stopwork order may be issued when the Department of Transportation process agent has been served with a court order allowing the sign to be constructed.

(c) No electrical utility permit shall be denied to an outdoor advertising sign described in G.S. 136-129(4) and G.S. 136-129(5) for which a permit has been issued by the Department, is valid, and is otherwise compliant with technical utility standards."

SECTION 5. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.1. Outdoor advertising vegetation cutting or removal.**

(a) The owner of an outdoor advertising sign permitted under G.S. 136-129(a)(4) or G.S. 136-129(a)(5) who obtains a selective vegetation removal permit, and the owner's designees, may cut, thin, prune, or remove vegetation in accordance with this section, G.S. 136-93(b), 136-133.2, and 136-133.4. The maximum cut or removal zone for vegetation for each sign face shall be determined as follows:

(1) The point located on the edge of the right-of-way that is the closest point to the centerline of the sign face shall be point A.

(2) The point located 200 feet down the right-of-way line in the direction of the sign viewing zone shall be point B.

(3) The point on the edge of the pavement of the travel way, including acceleration and deceleration ramps, that is the closest to the centerline of the sign shall be point C.

(4) The point 50 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point D.

(5) The point 380 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E; provided, however, the

following shall apply within the corporal limits and territorial jurisdiction of any city, as defined in Chapter 160A of the General Statutes:

a. On interstates or other routes with fully controlled access, the point 340 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E.

b. On highways other than interstates and other routes with fully controlled access, the point 250 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E.

(6) Lines drawn from point A to point D and from point B to point E shall define the limits of the vegetation cut or removal area.

(b) Vegetation permitted to be cut, thinned, pruned, or removed shall be defined as any tree, shrub, or underbrush within the zone created by points A, B, D, and E. Any existing tree that was in existence at the time that an outdoor advertising structure was erected shall only be eligible for removal in accordance with subsections (c) and (d) of this section. Native dogwoods and native redbuds shall be preserved. For the purposes of this section, an existing tree is defined as a tree that had a diameter of four inches or greater as measured six inches from the ground at the time that the outdoor advertising structure was erected. An outdoor advertising sign is considered erected when the sign is completely constructed with a sign face.

(c) The applicant for a selective vegetation removal permit shall submit to the Department a site plan locating thereon any trees existing at the time that the outdoor advertising sign was erected, as defined in subsection (b) of this section, that are requested to be cut, thinned, pruned, or removed, and noting their species and total caliper inches. The applicant shall also tag, with highly visible material or flagging, any tree that is, at the time of the application for a selective vegetation removal permit, greater than four inches in diameter as measured six inches from the ground and requested to be cut, thinned, pruned, or removed. The selective vegetation removal request may be investigated on-site by Department personnel and a representative of the applicant. In the event that the Department disputes the accuracy of the existing tree information on the site plan noted above, the Department shall notify the applicant in writing and may request the following:

(1) A tree survey.

(2) That the applicant amends the site plan.

(3) That the applicant deletes the trees in dispute from the desired cutting.

If a notice of disputed tree information is received from the Department, the applicant can either employ the services of a North Carolina licensed landscape architect or certified arborist to perform a tree survey, amend the site plan, or notify the Department in writing that any or all of the disputed trees are deleted from the application. If the applicant selects a tree survey, the landscape architect or certified arborist will submit a report under seal that contains a tree inventory of existing trees in the removal zone for the outdoor advertising structure and include the age of any tree that existed at the time that the sign was erected. The report will categorize tree species and include a site map of sufficient detail and dimensions. A tree survey will not be required for subsequent applications to cut, thin, prune, or remove trees at the same site for trees that have been previously permitted. Any dispute relating to whether or not the tree existed at the time the outdoor advertising sign was erected shall be conclusively resolved by information in the report from the licensed landscape architect or certified arborist.

(d) Trees existing at the time the outdoor advertising sign was erected may only be removed within the zone created in subsection (a) of this section if the applicant satisfies one of the following two options selected by the applicant: (i) reimbursement to the Department pursuant to G.S. 136-93.2 or (ii) trees that existed at the time of the erection of the sign may be removed if the applicant agrees to remove two nonconforming outdoor advertising signs for each sign at which removal of existing trees is requested. The surrendered nonconforming signs

must be fully disassembled before any removal of existing trees is permitted and shall not be eligible for future outdoor advertising permits in perpetuity.

(e) Tree branches within a highway right-of-way that encroach into the zone created by points A, C, and D may be cut or pruned. Except as provided in subsection (f) of this section, no person, firm, or entity shall cut, trim, prune, or remove or otherwise cause to be cut, trimmed, pruned, or removed vegetation that is in front of, or adjacent to, outdoor advertising and within the limits of the highway right-of-way for the purpose of enhancing the visibility of outdoor advertising unless permitted to do so by the Department in accordance with this section, G.S. 136-93(b), 136-133.2, and 136-133.4.

(f) Notwithstanding any law to the contrary, the owner of an outdoor advertising sign defined by subsection (a) of this section or the owner's designees may, working only from the private property side of the fence, without charge and without obtaining a selective vegetation removal permit, cut, trim, prune, or remove any tree or other vegetation except for native dogwoods or native redbuds that is (i) less than four inches in diameter at the height of the controlled access fence, (ii) located within 200 feet on either side of the existing sign location as defined by point A and point B in G.S. 136-133.1(a)(1) and (2), and (iii) a distance of three feet from a controlled access fence within the limits of the highway right-of-way. The activities permitted by this subsection must be performed from the private property owner side of the controlled access fence and with the consent of the owner of the land that is used to access said fence.

(g) The Department may revoke an outdoor advertising permit for the unlawful destruction or illegal cutting of vegetation within the right-of-way of any State-owned or State-maintained highway only if both of the following conditions are met:

(1) The unlawful destruction or illegal cutting occurred within 500 feet of either side of the corresponding sign location measured along the edge of pavement of the main-travel way of the nearest controlled route and was willfully caused by one or more of the following:
   a. The sign owner.
   b. The permit holder.
   c. The lessee or advertiser employing the sign.
   d. The owner of the property upon which the sign is located.
   e. Any employees, agents, or assigns of persons listed in sub-subdivisions a. through d. of this subdivision, including, but not limited to, independent contractors hired by the permit holder/sign owner, the lessee/agents or advertiser employing the sign, or the owner of the property upon which the sign is located.

(2) There is substantial, material evidence that the unlawful destruction or illegal cutting of vegetation would create, increase, or improve a view to the outdoor advertising sign for passing motorists from the main-traveled way of the nearest controlled route."

SECTION 6. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.2. Issuance or denial of a selective vegetation removal permit.**

(a) Except as provided in G.S. 136-133.1(f), permits to remove vegetation may be granted for outdoor advertising locations that have been permitted for at least two years prior to the date of application. The Department shall approve or deny an application submitted pursuant to this section, including the fee required by G.S. 136-18.7 and all required documentation, within 30 days of the receipt of an application for a selective vegetation removal permit. If written notice of approval or denial is not given to the applicant within the 30-day period, then the application shall be deemed approved. If the application is denied, the Department shall advise the applicant, in writing, by registered or certified mail, return receipt

requested, addressed to the party to be noticed, and delivering to the addressee, the reasons for the denial.

(b) The application shall be denied by the Department if any of the following apply:

(1) The application is for the opening of a view to an outdoor advertising sign which has been declared illegal, is currently the subject of litigation, or the outdoor advertising sign owner has received written notification of an investigation by the Department for impermissible activity.

(2) The application is for the opening of a view to an outdoor advertising sign that was obscured from view at the time of erection of the sign.

(3) Removal of vegetation will adversely affect the safety of the traveling public.

(4) Trees, shrubs, or other vegetation of any sort that are requested to be cut, thinned, pruned, or removed were planted in accordance with a local, State, or federal beautification or environmental project but only to the extent that such planting was done prior to the erection of the outdoor advertising sign the visibility of which is sought to be enhanced. Any beautification or environmental projects that were planted after the erection of the outdoor advertising sign, but before May 1, 2011, and that were planted beyond 250 feet as measured down the edge of the pavement of the travel way from point C, as defined in G.S. 136-133.1(a)(3) shall not be eligible for removal.

(5) Trees, shrubs, or other vegetation of any sort that are requested to be cut, thinned, pruned, or removed were planted in conjunction with a designed noise barrier but only to the extent that such planting was done prior to the erection of the outdoor advertising sign the visibility of which is sought to be enhanced. Any plantings done in conjunction with a designed noise barrier that were planted after the erection of the outdoor advertising sign but before May 1, 2011, that were planted beyond 250 feet as measured town the edge of the pavement of the travel way from point C, as defined in G.S. 136-133.1(a)(3) shall not be eligible for removal.

(6) The applicant, or the applicant's designee, has not performed satisfactory work authorized by previous permits issued under the provisions of this section. The Department may not deny an application for a permit if the work authorized by previous permits issued pursuant to this section was performed by a landscape architect or certified arborist.

(7) The selective vegetation removal, cutting, or pruning involves opening of a view to a junkyard.

(8) Unlawful destruction or illegal cutting of vegetation as defined in G.S. 136-133.1(g) has occurred within five years preceding the date of filing an application with the Department for a selective vegetation removal permit."

SECTION 7. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.3. Appeals of selective vegetation removal permit decisions.**

(a) An applicant for a selective vegetation removal permit issued pursuant to G.S. 136-133.2 may appeal a decision of the Department pertaining to the denial or conditioning of a permit for selective vegetation removal pursuant to the provisions of this section.

(b) Within 30 days of service of the Department's decision to deny or condition a selective vegetation removal permit issued pursuant to G.S. 136-133.4, the applicant shall submit a written appeal to the Secretary of Transportation setting forth with particularity the facts and arguments upon which the appeal is based. The appeal shall be sent to the Secretary

by registered or certified mail, return receipt requested, addressed to the Secretary, and delivering to the addressee, with a copy to the Department official who issued the decision.

(c) Upon receipt of the written appeal, the Secretary of Transportation shall review the written appeal and the Department's decision, as well as any available documents, exhibits, or other evidence bearing on the appeal, and shall render the agency's final decision, supported by findings of fact and conclusions of law. The final agency decision shall be served upon the appealing party by registered or certified mail, return receipt requested, addressed to the applicant, and delivering to the addressee, within 90 days after the Secretary receives the written appeal. A copy of the agency's final decision shall also be delivered to the Department official who issued the initial decision.

(d) A person aggrieved by a decision made pursuant to this section may seek judicial review of the final agency decision pursuant to G.S. 136-134.1."

SECTION 8. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.4. Selective vegetation removal permits.**

(a) Selected vegetation within the approved limits shall be cut, thinned, pruned, or removed by the permittee or the permittee's agent in accordance with accepted International Society of Arboriculture (ISA) standards.

(b) Permits are valid for a period of one year. The permittee may cut, thin, prune, or remove vegetation more than one time per year. A 48-hour notification shall be provided to the Department by the permittee before entering the right-of-way.

(c) The permittee, or the permittee's agent, shall not impede the flow of traffic on any highway while performing vegetation removal authorized by a permit. Access to the work site on controlled access highways must be gained without using the main travel way of the highway. The Department shall determine the traffic control signage that may be required. The permittee shall furnish, erect, and maintain the required signs as directed by the Department. The permittee, or the permittee's agent, shall wear safety vests that conform to OSHA standards while performing the work.

(d) Any damage to vegetation designated to remain at the site, to highway fences, signs, paved areas, or other facilities shall be repaired or replaced by the permittee to the condition prior to the occurrence of the damage caused by the permittee or the permittee's agent. All trimmings, laps, and debris shall be removed from the right-of-way and disposed of in areas provided by the permittee. No burning or burying of trimmings, laps, or debris shall be permitted on the highway right-of-way. When chipping is used to dispose of trimmings, chips may be neatly spread on a right-of-way at locations which the Department determines will not be harmful to the environment or affect traffic safety.

(e) Willful failure to substantially comply with all the requirements specified in the selective vegetation removal permit, unless otherwise mutually resolved by the Department and the permittee, shall result in a five-year moratorium for vegetation removal at the site, a summary revocation of the outdoor advertising permit if such willful failure meets the standards in G.S. 136-133.1(g), payment of Department investigative costs, and forfeiture of any applicable performance bond as determined by the Secretary. The moratorium shall begin upon execution of a settlement agreement or entry of a final disposition in the case."

SECTION 9. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.5. Denial of a permit for proposed outdoor advertising.**

(a) When a district engineer determines that a proposed outdoor advertising structure would not conform to the standards of outdoor advertising as set out in the Outdoor Advertising Control Act, the district engineer shall refuse to issue a permit for that proposed outdoor advertising structure.

(b) When a violation of the Outdoor Advertising Control Act has been discovered, the district engineer shall notify the permit applicant by registered or certified mail, return receipt requested, addressed to the party to be noticed, and delivering to the addressee, in writing, the reason for the denial and the statutes or rules forming the basis for the denial and include a copy of the Act.

(c) The Department shall not issue permits for new outdoor advertising signs at a sign location for a period of five years where the unlawful destruction or illegal cutting of vegetation has occurred within 500 feet on either side of the proposed sign location and as measured along the edge of pavement of the main travel way of the nearest controlled route. For the purposes of this section, unlawful destruction or illegal cutting is defined as the destruction or cutting of trees, shrubs, or other vegetation on the State-owned or maintained rights-of-way by anyone other than the Department or its authorized agents, or without written permission of the Department.

(d) Before a permit is denied pursuant to subsection (c) of this section, the Department shall reveal some evidence that the unlawful destruction or illegal cutting would create, increase, or improve a view to a proposed outdoor advertising sign from the main-traveled way of the nearest controlled route.

(e) The five-year period shall begin on the date the Department executes a settlement agreement or final disposition of the case is entered.

(f) Subject to subsection (d) of this section, the five-year prohibition period for a new sign permit shall apply to all sign locations, including the following:

(1) Sign locations where the unlawful destruction or illegal cutting of vegetation occurs prior to the time the location becomes a conforming location.

(2) Sign locations where a revocation of an existing permit has been upheld and a sign has been removed.

(3) Sign locations where the unlawful destruction or illegal cutting occurs prior to receipt of an outdoor advertising permit.

(4) Sign locations where the unlawful destruction or illegal cutting occurs following receipt of an outdoor advertising permit application, but prior to the issuance of the permit by the Department.

(g) The Department shall not issue permits for new outdoor advertising signs at a sign location where existing trees, if they were to reach the average mature size for that species, would make the proposed sign faces, when erected, not completely visible from the viewing zone. "Existing trees" are those trees that at the time of the permit application are four inches or greater in diameter as measured six inches from the ground. "Viewing zone" means the area which is 500 feet as measured along the edge of the main-traveled way of the controlled route on each side of the proposed sign structure which will have a sign face.

(h) An outdoor advertising permit requested pursuant to G.S. 136-129(a)(4) shall not be issued to a location if the zoning to commercial or industrial zones was adopted within one year prior to the filing of the permit application and is not part of comprehensive zoning or constitutes spot zoning, which, for purposes of this subsection, shall be defined as zoning designed primarily for the purpose of permitting outdoor advertising signs and in an area which would not normally permit outdoor advertising. Zoning shall not be considered "primarily for the purpose of permitting outdoor advertising signs" if the zoning would permit more than one principal commercial or industrial use, other than outdoor advertising, and the size of the land being zoned can practically support such commercial or industrial uses.

(i) Outdoor advertising permits shall not be issued to a location for a period of 12 months prior to the proposed letting of a new construction contract that may affect the spacing or location requirements for an outdoor advertising structure until the project is completed. The prohibition authorized by this subsection shall not extend for a period longer than 18 months.

Priority in spacing shall be given by the Department to the first submitted application for an outdoor advertising permit at the location.

(j) Outdoor advertising permits shall not be issued for a location on a North Carolina or United States route designated as a scenic byway."

SECTION 10. This act becomes October 1, 2011, and applies to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date.

SENATE BILL 183:
Selective Vegetation Removal/State Highways

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 11, 2011
Introduced by:	Sen. Brown	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Second Edition S183-CSTD-32		

SUMMARY: ***The PCS to Senate Bill 183 would amend the State's Outdoor Advertising Control Act by establishing statutory standards for selective vegetation removal within the rights-of-way of the State highway system, increasing the fee for a selective vegetation removal permit, establishing standards for the issuance or denial of a selected vegetation removal permit, and establishing a process for appeals of selective vegetation removal permit decisions. The bill would become effective October 1, 2011 and apply to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date. The PCS provides vegetation in the newly expanded removal zone that meets the following criteria is not eligible for removal:***

- ***The vegetation was planted for a federal beautification or environmental project, or in conjunction with a noise barrier.***
- ***The vegetation was planted after the erection of the sign but before May 1, 2011.***

CURRENT LAW: The Outdoor Advertising Control Act is set out in Article 11 of Chapter 136 of the General Statutes. The Act is intended to control the erection and maintenance of outdoor advertising devices in order to "preserve and enhance the natural scenic beauty of the highways and areas in the vicinity of the State highways and to promote the reasonable, orderly and effective display of such signs, displays and devices." G.S. 136-18 grants the Department of Transportation (DOT) the authority to *"employ appropriate means for properly selecting, planting and protecting trees, shrubs, vines, grasses or legumes in the highway right-of-way in the promotion of erosion control, landscaping and general protection of said highways".* Pursuant to its rulemaking authority, the Department has established a Selective Vegetation Removal Policy that is set out in the North Carolina Administrative Code. The policy provides for selective thinning, pruning, replacement, relocation, or removal of vegetation within highway rights of way for the purpose of opening views to office, institutional, commercial and industrial facilities and legally erected forms of outdoor advertising which are located directly adjacent to State highway rights of way. When removal of vegetation is allowed, it must be performed by the permittee in compliance with the policy and at no cost to the Department of Transportation. Under G.S. 136-18.7, the fee for a selective vegetation removal permit is $200.

BILL ANALYSIS: The PCS to Senate Bill 183 would establish statutory standards for selective vegetation removal within the rights-of-way of the State highway system. Many of the provisions in the bill are substantially similar to existing provisions of the North Carolina Administrative Code.

Section 1 of the bill would increase the fee for a selective vegetation removal permit from $200 to $400 for each permitted site. The fee would be nonrefundable.

Section 2 of the bill prohibits the removal of vegetation in or on any right of way of a State road or State highway without a written selective vegetation removal permit issued pursuant to provisions in the bill and in accordance with DOT rules. Requests for a permit would be made to the appropriate person in the Division of Highways office, on a form prescribed by DOT. Permits may be requested by the owner of an outdoor advertising sign or the owner of a business facility. If the permit application is for a site

ocated within a municipality, the municipality would have 30 days to review and comment on the pplication provided it has advised DOT in writing of its desire to review such applications and has identified the name of the local official who should receive notice. Local governments would be prohibited from regulating the removal of vegetation as authorized by DOT.

Section 3 of the bill establishes a standard for determining the monetary value of trees removed from State rights-of-way. Values would be determined and published by DOT annually by December 15, for use in the following calendar year.

Section 4 of the bill would amend the law concerning permits for the erection or maintenance of outdoor advertising. The bill increases the initial fee from $120 to $150, and the annual renewal fee is increased from $60 to $90. The bill provides that $30 of each initial and annual fee is to be used by DOT for highway beautification projects. No electrical utility permit may be denied to an outdoor advertising sign for which a permit has been issued by DOT, so long as the permit is valid and otherwise compliant with technical utility standards.

Section 5 of the bill establishes standards for the cutting or removal of vegetation pursuant to a selective vegetation removal permit issued to the owner of an outdoor advertising sign. The bill prescribes a maximum cut or removal zone for each sign face; the maximum zone varies depending upon whether the site is within the corporal limits and territorial jurisdiction of a municipality and whether the highway is an interstate or other route with fully controlled access. The permit applicant must submit a site plan to DOT, and DOT may conduct an on-site investigation. The bill sets out a procedure for resolving disputes concerning the accuracy of information on the site plan. Trees existing at the time the outdoor advertising sign was erected may only be removed if the applicant reimburses DOT for the established value of the trees or if the applicant agrees to remove two nonconforming signs for each sign at which the removal of trees is requested. Under specified conditions, a selective vegetation removal permit is not required for activities conducted from the private property side of a controlled access fence and with the consent of the landowner. In certain instances, DOT would have the authority to revoke an outdoor advertising permit for the unlawful destruction or illegal cutting of vegetation within highway right-of-way.

Section 6 of the bill establishes standards for the issuance or denial of a selected vegetation removal permit. DOT would be required to approve or deny a permit within 30 day of receipt of the application; if no decision is conveyed in writing within the 30 day period, the application is deemed to be approved. Denial must be made in writing, by registered or certified mail, and must include reason for the denial. The bill requires that an application be denied when certain conditions apply.

Section 7 establishes a process for appeals of selective vegetation removal permit decisions. An applicant would have 30 days in which to submit a written appeal, by registered or certified mail to the Secretary of Transportation, setting forth the facts and arguments upon which the appeal is based. The agency would be required to render a final decision within 90 days of receiving the written appeal. The bill provides that the aggrieved party may seek judicial review of the final agency decision.

Section 8 requires that vegetation cutting or removal be done in accordance with accepted International Society of Arboriculture (ISA) standards. Selective vegetation removal permits would be valid for a period of 1 year and cutting or removal may occur more than one time during that year. The permittee must give a 48-hour notice to DOT before entering the right-of-way. Other terms and conditions are established concerning impeding the flow of traffic, access to the work site, traffic control signage, adherence to safety standards, property damage, and debris removal. Willful failure to comply with requirements specified in the permit could result in a 5-year moratorium for vegetation removal at the site or a summary revocation of the outdoor advertising permit.

Section 9 establishes a procedure and standards for denial of a permit for proposed outdoor advertising. A district engineer would be required to refuse to issue a permit for a proposed outdoor advertising structure that would not conform to the standards of outdoor advertising as set out in the Outdoor Advertising Control Act. The applicant would be notified of the denial and the basis for the denial by registered or certified mail. In the case of a sign located at a site where the 5-year moratorium is in effect for the unlawful destruction or cutting of vegetation, before denying the permit DOT would be required to reveal some evidence that the unlawful acts would create, increase, or improve a view to an outdoor advertising sign.

The bill would prohibit DOT from issuing permits for new outdoor advertising signs at a location where existing trees, if they were to reach mature height, would make the proposed sign faces not completely visible from the viewing zone. An outdoor advertising permit in an area zoned industrial or commercial under authority of State law could not be issued if the zoning was adopted within one year prior to the filing of the permit application and is not part of comprehensive zoning or represents spot zoning for the purpose of permitting outdoor advertising signs in an area that would not normally permit such signs. Outdoor advertising permits would also not be issued for certain locations where new construction contracts may affect spacing or location requirements for an outdoor advertising structure. Priority in spacing would be granted to the first submitted application for a permit at the location. DOT would also deny permits for locations on a State or US scenic byway.

EFFECTIVE DATE: The bill would become effective October 1, 2011 and apply to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date.

Brenda J Carter, counsel to Senate Transportation, substantially contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

S D

SENATE BILL 489
PROPOSED COMMITTEE SUBSTITUTE S489-CSRB-33 [v.8]

5/11/2011 12:36:08 PM

Short Title: Effectiveness of Job Creation Programs. (Public)

Sponsors:

Referred to:

April 4, 2011

A BILL TO BE ENTITLED

AN ACT TO BETTER ENABLE LEGISLATIVE EVALUATION AND ONGOING ASSESSMENT OF THE STATE'S ECONOMIC DEVELOPMENT PROGRAMS AND THEIR IMPACT ON JOB CREATION.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 143B-437.07 reads as rewritten:

"**§ 143B-437.07. Economic development grant reporting.**

(a) Report. – The Department of Commerce must publish on or before March 1 of each year the ~~following information,~~ information required by this subsection, itemized by business entity, ~~for all grant programs administered by the Department that disbursed or awarded grant monies to businesses during the previous calendar year:~~for each business or joint private venture to which the State has, in whole or in part, granted one or more economic development incentives during the previous five calendar years. The Department must provide the General Assembly with updated supplemental information consistent with this subsection on a quarterly basis in the form and manner requested by the General Assembly. The information in the report must include all of the following:

~~(1) The amount of grant monies awarded during the previous year.~~

~~(2) The amount of grant monies disbursed during the previous year.~~

~~(3) The amount of grant monies that were disbursed in earlier years to business entities that received grant monies during the previous year.~~

~~(4) The amount of potential future liability under the grant program.~~

~~(5) The number, type, and wage level of jobs created or retained during the previous year as a result of a grant.~~

~~(6) A description of any other financial assistance received during the previous year from all economic development incentive programs administered by the Department.~~

~~(7) Any amount recaptured from the business entity during the previous year for failure to comply with the grant agreement or applicable law.~~

(1) A unique project identification number and a unique descriptor or title.

(2) The date of the award agreement.

(3) The name, mailing address, telephone number, and Web site of the business recipient, or recipients if a joint venture, and the physical location of the site receiving the incentive. If the physical location of the site is undecided, then the name of the county in which the site will be located.

(4) The development tier designation of the county in which the site is located on the date the incentive is awarded.
(5) The NAICS six-digit code and NAICS category of business receiving the incentive. The term 'NAICS' has the same meaning as defined in G.S. 105-164.3.
(6) The sources and dollar value of eligible State incentives by program name.
(7) The sources and dollar value of local government funds provided by any locality and the nature of the local funding. Examples of the nature of local funding include cash, fee-waivers, in-kind services, and donation of land, buildings, or other assets.
(8) The intended use of the incentive by any category or categories to which State law restricts or limits uses of incentive funds. If the use of the incentive funds is not restricted, then the intended purpose of the funds.
(9) The amount of incentive monies disbursed taken during the period.
(10) The amount of potential future liability under the applicable incentive program.
(11) The number, type, and wage level of jobs required to be created or retained to receive a disbursement of incentive monies.
(12) The actual full-time equivalent jobs employed by the recipient during the period.
(13) The projected cost per job created or retained, including State and local funds.
(14) Any amount recaptured from the business entity during the period for failure to satisfy the terms of the grant agreement.

(b) Online Posting. – The Department of Commerce must post on its Internet Web site a summary of the report compiled in subsection (a) of this section. The summary report must include the information required by subdivisions (2), (9), (11), and (12) of subsection (a) of this section.

(c) Economic Development Incentive. – An economic development incentive includes any grant program administered by the Department of Commerce that disburses or awards monies to businesses. Examples of these grant programs include the Job Development Investment Grant Program, the Job Maintenance and Capital Development Fund, One North Carolina Fund, and the Industrial Development Fund, including the Utility Account. The State also incents economic development through the use of tax expenditures in the form of tax credits and refunds. The Department of Revenue must report annually on these statutory economic development incentives, as required under G.S. 105-256. "

SECTION 1.(b) Notwithstanding G.S. 143B-437.07, as amended by this act, the Department of Commerce is not required to include information in its annual report relating to economic development incentives provided by local governments prior to July 1, 2011.

SECTION 2.(a) The title of Article 12L of Chapter 120 of the General Statutes reads as rewritten:

"Article 12L.

~~Revenue Laws~~Finance and Economic Development Study Committee."

SECTION 2.(b) G.S. 120-70.105 reads as rewritten:

"**§ 120-70.105. Creation and membership of the ~~Revenue Laws~~ Finance and Economic Development Study Committee.**

(a) Membership. – The ~~Revenue Laws~~ Finance and Economic Development Study Committee is established. The Committee consists of ~~16~~ 20 members as follows:

(1) ~~Eight~~ Ten members appointed by the President Pro Tempore of the Senate; the persons appointed may be members of the Senate or public members.

(2) ~~Eight~~ Ten members appointed by the Speaker of the House of Representatives; the persons appointed may be members of the House of Representatives or public members.

(b) Terms. – Terms on the Committee are for two years and begin on January 15 of each odd-numbered year, except the terms of the initial members, which begin on appointment. Legislative members may complete a term of service on the Committee even if they do not seek reelection or are not reelected to the General Assembly, but resignation or removal from service in the General Assembly constitutes resignation or removal from service on the Committee.

A member continues to serve until a successor is appointed. A vacancy shall be filled within 30 days by the officer who made the original appointment."

SECTION 2.(c) G.S. 120-70.106 reads as rewritten:

"**§ 120-70.106. Purpose and powers of Committee.**

(a) The ~~Revenue Laws~~Finance and Economic Development Study Committee may:

(1) Study the revenue laws of North Carolina and the administration of those laws.

(2) Review the State's revenue laws to determine which laws need clarification, technical amendment, repeal, or other change to make the laws concise, intelligible, easy to administer, and equitable.

(3) Call upon the Department of Revenue to cooperate with it in the study of the revenue laws.

(4) Analyze the economic development programs supported by the State and the effectiveness of those programs.

(5) Assess the performance of economic development programs, according to criteria established by the Committee, and the entities that implement those programs.

(6) Report to the General Assembly at the beginning of each regular session concerning its determinations of needed changes in the State's revenue ~~laws.~~laws and economic development programs.

These powers, which are enumerated by way of illustration, shall be liberally construed to provide for the maximum review by the Committee of all revenue law and economic development matters in this State.

(b) The Committee may make interim reports to the General Assembly on matters for which it may report to a regular session of the General Assembly. A report to the General Assembly may contain any legislation needed to implement a recommendation of the Committee. When a recommendation of the Committee, if enacted, would result in an increase or decrease in State revenues, the report of the Committee must include an estimate of the amount of the increase or decrease.

~~(c) The Revenue Laws Study Committee must review the effect Article 42 of Chapter 66 of the General Statutes, as enacted by S.L. 2006-151, has on the issues listed in this section to determine if any changes to the law are needed:~~

~~(1) Competition in video programming services.~~

~~(2) The number of cable service subscribers, the price of cable service by service tier, and the technology used to deliver the service.~~

~~(3) The deployment of broadband in the State.~~

~~The Committee must review the impact of this Article on these issues every two years and report its findings to the North Carolina General Assembly. The Committee must make its first report to the 2008 Session of the North Carolina General Assembly.~~"

SECTION 2.(d) G.S. 120-70.107 reads as rewritten:

"**§ 120-70.107. Organization of Committee.**

(a) The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair of the ~~Revenue Laws~~ Finance and Economic Development Study Committee. The Committee shall meet upon the joint call of the cochairs.

(b) A quorum of the Committee is ~~nine~~ 11 members. No action may be taken except by a majority vote at a meeting at which a quorum is present. While in the discharge of its official duties, the Committee has the powers of a joint committee under G.S. 120-19 and G.S. 120-19.1 through G.S. 120-19.4.

(c) The Committee shall be funded by the Legislative Services Commission from appropriations made to the General Assembly for that purpose. Members of the Committee receive subsistence and travel expenses as provided in G.S. 120-3.1 and G.S. 138-5. The Committee may contract for consultants or hire employees in accordance with G.S. 120-32.02. Upon approval of the Legislative Services Commission, the Legislative Services Officer shall assign professional staff to assist the Committee in its work. Upon the direction of the Legislative Services Commission, the Supervisors of Clerks of the Senate and of the House of Representatives shall assign clerical staff to the Committee. The expenses for clerical employees shall be borne by the Committee."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 489:
Effectiveness of Job Creation Programs

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 11, 2011
Introduced by:	Sen. Rucho	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S489-CSRB-33		Committee Counsel

SUMMARY: ***The proposed Senate committee substitute for Senate Bill 489 modifies the information the Department of Commerce must provide on the economic development grant programs offered by the State to better enable the Legislature to evaluate their effectiveness at creating jobs. The PCS also expands the duties of an existing interim study committee to include the analysis and assessment of the State's economic development grant programs as well as its statutory tax incentives.***

CURRENT LAW: The Department of Commerce compiles an annual report for the grant programs it administers that disburses or awards grant monies to businesses. The Department of Revenue reports annually on the statutory tax credits and tax refunds related to economic development.

BILL ANALYSIS: One of the recommendations in the report from the UNC Center for Competitive Economies to the General Assembly in 2009 was the need for greater legislative oversight of the State's economic development programs and goals. The report encouraged the General Assembly to define its economic goals and measurements and to continuously assess the State's progress towards those goals. The PCS for Senate Bill 489 provides two new tools to help the General Assembly accomplish this ecommendation:

- It modifies the existing reporting requirement to include information that is not currently readily available, such as the number of actual jobs created or retained by an economic development grant and the applicable local incentives provided. The original bill would have provided an online, searchable database. The PCS accomplishes the goals of the original bill with no additional expenditure.
- It expands the duties of the Revenue Laws Study Committee to include the assessment and analysis of the State's economic development programs. This Committee currently assesses the State's statutory tax credits and tax refunds for economic development. The membership of the Committee is largely comprised of legislative members that are knowledgeable in the area of economic development programs. And the Committee is one of long-standing. To better enable the Committee to address its added responsibilities, the PCS would expand the number of members on the committee from 16 to 20.

EFFECTIVE DATE: The bill would become effective when it becomes law.

SENATE BILL 576
Education/Higher Education Committee Substitute Adopted 4/27/11
PROPOSED COMMITTEE SUBSTITUTE S576-CSRBf-34 [v.3]

5/11/2011 12:24:12 PM

Short Title: Changes to Fees for Teacher Certification. (Public)

Sponsors:

Referred to:

April 14, 2011

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE FEES FOR TEACHER CERTIFICATION AND ADMINISTRATIVE CHANGES TO CERTIFICATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-296(a2) reads as rewritten:

"(a2) The State Board of Education ~~shall impose the following schedule of fees for teacher certification and administrative changes~~may adopt rules, as provided in Chapter 150B of the General Statutes, establishing a fee schedule for licensure services. The fee is payable at the time a teacher certification or administrative change application is submitted; the fee is nonrefundable. The State Board must periodically review the fee schedule to ensure that the revenues generated from the fees do not exceed the actual costs of providing the licensure services. If the State Board finds that the fees imposed by this subsection exceed the costs of providing licensure services, it must reduce the fees accordingly.

The State Board must provide an online licensure management system that will allow a person to submit applications electronically. The fee schedule adopted by the State Board may provide a lower fee amount for applications submitted electronically if the State Board determines that electronic applications are less costly to process. The fee schedule must provide online service for name changes, address changes, and electronic copies at no charge to the user.

The fees adopted by the State Board may not exceed the following amounts:

(1) Application for demographic or administrative changes to a certificate, ~~$30.00.~~up to $45.00.

(2) Application for a duplicate certificate or for copies of documents in the certification files, ~~$30.00.~~up to $45.00.

(3) Application for a renewal, extension, addition, upgrade, and variation to a certificate, ~~$55.00.~~up to $80.00.

(4) Initial application for New, In-State Approved Program Graduate, ~~$55.00.~~up to $80.00.

(4a) In-state certificate review, up to $80.00.

(5) Initial application for Out-of-State certificate, ~~$85.00.~~up to $125.00.

(5a) Verification of North Carolina certificate for another state, up to $80.00.

(6) All other applications, ~~$85.00.~~up to $125.00.

~~The applicant must pay the fee at the time the application is submitted.~~"

SECTION 2. This act becomes effective July 1, 2012.

SENATE BILL 576:
Changes to Fees for Teacher Certification

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 10, 2011
Introduced by:	Sens. Hartsell, Tillman, Preston	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Second Edition S576-CSTD-31		

SUMMARY: ***SB 576 would permit the State Board of Education to set higher fees for teacher certification and administration changes, would make the fees nonrefundable, and would require the implementation of an online licensure management system. The fees must be adopted by rule as established by the Administrative Procedures Act. The PCS allows the fee for "all other applications" to be increased up to $125.***

CURRENT LAW: G.S. 115C-296 places the State Board of Education (State Board) in control of teacher certification. The State Board is authorized to charge fees for teacher certification and administrative changes as listed under "current fee" in the chart below.

BILL ANALYSIS: SB 576 would allow the State Board to adopt fees up to a certain amount for teacher certification and administrative changes based on the following schedule, and would create 2 new fees.

Application	Current Fee	New Fee
Demographic or administrative changes to a certificate.	$30	Up to $45
Duplicate certificate or copies of documents in certification files.	$30	Up to $45
Renewal, extension, additional, upgrade, and variation to a certificate.	$55	Up to $80
Initial application for new, in-State approved program graduate.	$55	Up to $80
Initial application for out-of-state certificate.	$85	Up to $125
In-State certificate review.	Not specified	Up to $80
Verification of NC certificate for another state.	Not specified	Up to $80
All other applications.	$85	Up to $125

The fees would be adopted by rule following the process established in the Administrative Procedures Act. Fees would be nonrefundable.

The State Board would be required to implement an online licensure management system to permit electronic submissions for teacher certification and administration changes. If online applications are able to be processed at less cost, the State Board must adopt lower fees for online applications.

EFFECTIVE DATE: SB 576 would become effective July 1, 2011.

Kara McCraw, counsel to Senate Education, substantially contributed to this summary.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Public Instruction (DPI) and local education agencies (LEAs)

EFFECTIVE DATE: July 1, 2011

BILL SUMMARY:
S576 amends GS 115C-296(a2) to direct the State Board of Education (SBE) to adopt new fees related to teacher certification. The changes in fees are summarized in the table below:

S576 – Summary of Fee Changes

Type of Licensure Action	Existing Fee	Fee Proposed by S576
Application for demographic or administrative changes to a certificate	$30	up to $45
Application for a duplicate certificate or for copies of documents in the certification files	$30	up to $45
Application for a renewal, extension, addition, upgrade, and variation to a certificate	$55	up to $80
Initial application for New, In-State Approved Program Graduate	$55	up to $80
Initial application for Out-of-State certificate	$85	up to $125
In-State certificate review	$55	up to $80
Verification of North Carolina certificate for another state	$0	up to $80
All other applications	$85	up to $125

The PCS to S576v2 simply amends the fee for "all other applications" from "up to $85" to "up to $125."

S576 further amends GS 115C-296(a2) to note that fees are nonrefundable.

Finally, S576 requires the SBE to implement an online licensure management system to allow electronic submission of teacher certification and administrative change applications. The SBE shall adopt lower fees for online applications if the Department of Public Instruction (DPI) can process those applications at a lower cost.

ASSUMPTIONS AND METHODOLOGY:
S576 will impact the DPI budget in two ways:

1. Increased DPI receipts: the increase in licensure fees is expected to increase the agency's revenues
2. Increased operational costs: the requirement that SBE implement an online licensure management system will cause the agency to incur certain additional costs.

Increased DPI Receipts
DPI anticipates that the fee-generating licensure actions are expected to remain constant over the next five years. Once fully implemented, the new fee structure is anticipated to generate an additional $630,840 of receipts to the agency per year.

S576 – Summary of Fee Changes

Type of Licensure Action	Existing Fee	Fee Proposed by S576
Application for demographic or administrative changes to a certificate	$30	up to $45
Application for a duplicate certificate or for copies of documents in the certification files	$30	up to $45
Application for a renewal, extension, addition, upgrade, and variation to a certificate	$55	up to $80
Initial application for New, In-State Approved Program Graduate	$55	up to $80
Initial application for Out-of-State certificate	$85	up to $125
In-State certificate review	$55	up to $80
Verification of North Carolina certificate for another state	$0	up to $80
All other applications	$85	up to $125

The PCS to S576v2 simply amends the fee for "all other applications" from "up to $85" to "up to $125."

S576 further amends GS 115C-296(a2) to note that fees are nonrefundable.

Finally, S576 requires the SBE to implement an online licensure management system to allow electronic submission of teacher certification and administrative change applications. The SBE shall adopt lower fees for online applications if the Department of Public Instruction (DPI) can process those applications at a lower cost.

ASSUMPTIONS AND METHODOLOGY:
S576 will impact the DPI budget in two ways:

1. Increased DPI receipts: the increase in licensure fees is expected to increase the agency's revenues
2. Increased operational costs: the requirement that SBE implement an online licensure management system will cause the agency to incur certain additional costs.

Increased DPI Receipts
DPI anticipates that the fee-generating licensure actions are expected to remain constant over the next five years. Once fully implemented, the new fee structure is anticipated to generate an additional $630,840 of receipts to the agency per year.

S576 – Increased DPI Receipts

Type of License	Estimated Number	Old Rate	New Rate	Revenue Increase
Application for demographic or administrative changes to a certificate	40	$30	$45	$600
Application for a duplicate certificate or for copies of documents in the certification files	670	$30	$45	$10,050
Application for a renewal, extension, addition, upgrade, and variation to a certificate	11,144	$55	$80	$278,600
Initial application for New, In-State Approved Program Graduate	5,020	$55	$80	$125,500
Initial application for Out-of-State certificate	3,734	$85	$125	$149,360
In-State certificate review	10	$55	$80	$250
Verification of North Carolina certificate for another state	15	$0	$80	$1,200
All other applications	1,632	$85	$125	$65,280
Total	**22,265**			**$630,840**

DPI anticipates implanting the new fee schedule effective January 1, 2012, once the new online licensure management system is operational. As a result, anticipated revenue increase for fiscal year 2011-12 is $315,420, or half of the anticipated increase of future years.

Increased Operational Costs

DPI will incur additional operational costs related to maintaining the online licensure management system. Increased expenses include:

- Yearly maintenance: payments to either the North Carolina Office of Information Technology Services, or to the vendor of the licensure management system to maintain the system and provide help desk functions.
- Hardware refresh: certain hardware is expected to need replacement in the 2014-15 fiscal year.
- IT support staff: an additional position to provide in-house support for the system and build functionality to respond to any changes in fee structure.
- Hosting costs: the costs associated with hosting the system on a server.

The table below estimates the increase in operational costs over the next five fiscal years. Yearly maintenance, IT support staff, and hosting costs are anticipated to increase 3% per year.

S576 – Increased DPI Operating Costs

Operating Cost	2011-12	2012-13	2013-14	2014-15	2015-16
Yearly maintenance	-	($192,848)	($196,383)	($200,024)	($203,775)
Hardware refresh	-	-	-	($27,000)	-
IT Support Staff	($48,000)	($96,000)	($98,880)	($101,846)	($104,902)
Hosting costs	($63,120)	($63,120)	($65,014)	($66,964)	($68,973)
Total	**($111,120)**	**($351,968)**	**($360,277)**	**($395,834)**	**($377,650)**

Total Fiscal Impact

The total fiscal impact is found by summing the increased revenues with the operating costs.

S576 – Total Fiscal Impact

	2011-12	2012-13	2013-14	2014-15	2015-16
Increased Revenue	$315,420	$630,840	$630,840	$630,840	$630,840
Operating Costs	($111,120)	($351,968)	($360,277)	($395,834)	($377,650)
Total	**$204,300**	**$278,872**	**$270,563**	**$235,006**	**$253,190**

LEA Impact

The online licensure management system is expected to reduce time spent on licensure issues at the LEA level. According to information provided by DPI, the new system is likely to reduce an average of 10 hours of work each month for LEA central office staff.

The reduction in work load on LEA central office staff is not included in the fiscal impact as there is no corresponding budget reduction.

SOURCES OF DATA: Department of Public Instruction

TECHNICAL CONSIDERATIONS: None

Explanation of Senate Bill 576

1Q - Why is the Licensure fee modification necessary?

1A - The current licensure fee structure has not been adjusted since October 1998. Given the increase in the operational costs over the past 12 ½ years, Licensure cannot continue to absorb the increased costs and operate at the current level without an increase to fees.

2Q - What would happen if there were no fee increase?

2A - Without the approval of the fee increase, beginning in 2013/2014 Licensure would begin to incur more costs than the projected receipts would be able to cover. Licensure would only be able to provide the current level of service to teachers, LEAs and other respective shareholders such as IHEs, parents, and the citizens at large through the 2012/2013 fiscal year.

3Q - Why is a new Licensure System needed?

3A – Currently teachers and the school districts have limited to no access to the status of a license, and the average time to process a request is 25 business days. The new system would offer them the ability to access their information at no charge, at any time, from any computer or smart phone; to print copies of their license; to make administrative changes such as name, address, contact information, and to print their licensure file information at no charge. Under the current processes they have to submit a formal request for this, pay for it, and wait 25 business days.

4Q – What is the cost for a new Licensure System and how would it be funded?

4A – The initial costs to implement a new system are projected at approximately $1M. The implementation costs would be covered by state funds that have already been identified, and would be at no charge to the teachers. The annual maintenance costs would be approximately 336K. The maintenance costs would be covered by Licensure receipts. This includes the proposed licensure fee increase, in conjunction with reductions in licensure staff and other operational costs once the system is implemented.

SENATE FINANCE COMMITTEE
Tuesday, May 12, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on May 12, 2011 in room 544 of the Legislative Office Building. Keana Phelps and Tiffany Palin of Creswell served as pages. Twenty-six members of the committee were present. Senator Rucho presided as chair.

S.B. 426 – Modify/Clarify Public Finance Laws

Senator Clodfelter was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS makes changes to the bond statutes designed to improve their efficiency and it extends the sunset on the ability of cities and counties to issue special assessments for critical infrastructure needs from July 1, 2013, until July 1, 2016. The PCS removes two sections from the original bill that were more substantive in nature. Cindy Avrette, a staff attorney with the Research Division, was recognized to explain the bill and answer questions. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 576 – Changes to Fees for Teacher Certification

Senator Hartsell was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS would permit the State Board of Education to set higher fees for teacher certification and administration changes, would make the fees nonrefundable, and would require the implementation of an online licensure management system. The fee for "all other applications" may be increased to up to $125. The fees must be adopted by rule as established by the Administrative Procedures Act. Ann McColl, the State Board of Education's legislative director, and Chris Nordstrom, a fiscal analyst with the Fiscal Research Division, were recognized to answer questions. Senator Hartsell requested that the bill be displaced from the agenda to draft a clarifying amendment. A copy of the PCS, the summary, and the fiscal note is attached.

S.B. 125 – NC School of Biotechnology and Agriscience

Senator Hartsell and Senator Brown were recognized to explain the bill. Senator Hartsell moved to adopt the PCS for discussion and the motion carried. The PCS would establish a method for local boards of education to jointly establish regional schools, clarifies that regional schools are secondary schools, allows regional schools to adopt the early college model through the cooperative, innovative high school program, clarifies tuition for community colleges and UNC constituent institutions for regional school students is waived only if there is a written agreement between the regional school and the constituent university or community college. Senator Meredith moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal note is attached.

S.B. 749 – Modify Weight Limits for Farm Operations

Senator Rabon was recognized to explain the bill which would exempt certain farm trailers from registration, restates the requirement that specified property hauling vehicles be registered for the maximum weight allowed: and increases the single and tandem axle weight limits for vehicles transporting specified products. Heather Fennell, a staff attorney with the Research Division, was recognized to answer questions. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 1:46 PM.

SENATE BILL 426
PROPOSED COMMITTEE SUBSTITUTE S426-CSRBx-32 [v.2]

Short Title: Modify/Clarify Public Finance Statutes. (Public)

Sponsors:

Referred to:

March 28, 2011

A BILL TO BE ENTITLED

AN ACT TO MAKE CLARIFICATIONS AND MODIFICATIONS TO THE PUBLIC FINANCE STATUTES OF NORTH CAROLINA FOR THE IMPROVEMENT OF VARIOUS FINANCING STRUCTURES AND THE TERMS AND PROVISIONS OF THE FINANCING STRUCTURES AND TO EXTEND THE SUNSET ON SPECIAL ASSESSMENTS FOR CRITICAL INFRASTRUCTURE NEEDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159-28(a) reads as rewritten:

"(a) Incurring Obligations. – No obligation may be incurred in a program, function, or activity accounted for in a fund included in the budget ordinance unless the budget ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. No obligation may be incurred for a capital project or a grant project authorized by a project ordinance unless that project ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay the sums obligated by the transaction. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this ~~subsection.~~ subsection unless the obligation or a document related to the obligation has been approved by the Local Government Commission, in which case, no certificate shall be required. The certificate, which shall be signed by the finance officer or any deputy finance officer approved for this purpose by the governing board, shall take substantially the following form:

"This instrument has been preaudited in the manner required by the Local Government Budget and Fiscal Control Act.

_____

(Signature of finance officer)."

Certificates in the form prescribed by G.S. 153-130 or 160-411 as those sections read on June 30, 1973, or by G.S. 159-28(b) as that section read on June 30, 1975, are sufficient until supplies of forms in existence on June 30, 1975, are exhausted.

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection."

SECTION 2. G.S. 159-54 reads as rewritten:

"**§ 159-54. The bond order.**

After or at the same time the application is filed ~~and accepted for submission to~~ with the Commission, a bond order shall be introduced before the governing board of the issuing unit. The bond order shall state:

(1) Briefly and generally and without specification of location or material of construction, the purpose for which the bonds are to be issued, but not more than one purpose may be stated. For funding or refunding bonds a brief description of the debt, judgment, or obligation to be funded or refunded shall be sufficient.

(2) The maximum aggregate principal amount of the bonds.

(3) That taxes will be levied in an amount sufficient to pay the principal and interest of the bonds.

(4) The extent, if any, to which utility or enterprise revenues are, or may be, pledged to payment of interest on and principal of the bonds pursuant to G.S. 159-47.

(5) That a sworn statement of debt has been filed with the clerk and is open to public inspection.

(6) If the bonds are to be approved by the voters, that the bond order will take effect when approved by the voters.

(7) If the bonds are issued pursuant to G.S. 159-48(a)(1), (2), (3), or (5), that the bond order will take effect upon its adoption. If the bonds are to be issued pursuant to G.S. 159-48(a)(4), (6), or (7) or G.S. 159-48(b), (c), or (d) and are not to be submitted to the voters, that the bond order will take effect 30 days after its publication following adoption, unless it is petitioned to a vote of the people as provided in G.S. 159-60, and that in that event the order will take effect when approved by the voters.

When the bond order is introduced, the board shall fix the time and place for a public hearing thereon."

SECTION 3. G.S. 159-88(a) reads as rewritten:

"(a) At any time after an application is filed with the Commission ~~approves an application~~ for the issuance of revenue bonds, (i) in the case of the State, the Council of State and (ii) in the case of a municipality, the governing board of the municipality may adopt a revenue bond order pursuant to this Article."

SECTION 4. Section 5 of S.L. 2008-165 reads as rewritten:

"**SECTION 5.** This act is effective when it becomes law. Sections 2 and 3 of this act expire ~~July 1, 2013.~~ July 1, 2016. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this act prior to the effective date of the expiration."

SECTION 5. If any provision of this act or its application is held invalid, the invalidity does not affect the other provisions or applications of this act that can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

SECTION 6. This act is effective when it becomes law.

SENATE BILL 426:
Modify/Clarify Public Finance Statutes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 10, 2011
Introduced by:	Sen. Clodfelter	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S426-CSRBx-32		Committee Counsel

SUMMARY: ***The proposed Senate committee substitute for Senate Bill 426 makes changes to the bond statutes designed to improve their efficiency and it extends the sunset on the ability of cities and counties to issue special assessments for critical infrastructure needs from July 1, 2013, until July 1, 2016. The PCS removes two sections from the original bill that were more substantive in nature.***

CHANGES IN BOND LAW: Under the Local Government Budget and Fiscal Control Act, an obligation may not be incurred by a city or county unless there has been an approved appropriation authorizing the payment of the obligation. For an obligation evidenced by a contract, an agreement, or a purchase order, the finance officer must have a certificate attached to the appropriate instrument stating the instrument has been preaudited to assure that the obligation is an approved appropriation. An obligation incurred in violation of this requirement is invalid and may not be enforced. **Section 1 of the PCS** would eliminate the need for the preaudit certificate if the document has been approved by the Local Government Commission. The LGC approves all contractual obligations related to the financing of capital projects. These would include bond purchase agreements[1], credit facilities, repayment agreements, remarketing agreements, interest swap agreements, and installment purchase contracts.[2]

Under the Local Government Bond Act, the governing body of a local government unit initiates the general obligation bond process when it authorizes the filing of an application to issue general obligation bonds with the Local Government Commission. This authorization takes place in a formal meeting. After the LGC has received and acknowledged receipt of the application requesting approval to issue GO bonds, the governing body must introduce a bond order, which also takes place in a formal meeting. The bond order is the formal resolution which specifies the details of the bonds being put to a vote: the purpose of the bond, the amount of the bond, the source of revenues for repayment of the bond, etc. The law then requires other meetings after the bond order is introduced, such as a public hearing. **Section 2 of the PCS** would allow the governing body to adopt the bond order at the same meeting in which it initiates the bond process. It does not eliminate the requirement of public notice of intent or the publication of notice of hearing on the bond order.

Under the State and Local Government Revenue Bond Act, a bond order may not be adopted until after the Local Government Commission approves the application for the issuance of the revenue bonds. **Section 3 of the PCS** would remove this restriction. The current restriction means that the LGC is approving the issuance of bonds before the bond order has been finalized by the governing body.

SPECIAL ASSESSMENTS FOR CRITICAL INFRASTRUCTURE NEEDS: In 2008, the General Assembly enacted legislation authorizing counties and cities to use assessments as a financing tool for long-term capital projects. The legislation enabled counties and cities to pay for a project for which an assessment is imposed solely with revenue bonds to be paid from the assessments or from a combination of financing sources that include revenue bonds, general obligation bonds, and general revenue. The

[1] Bond purchase agreements would include GO bonds, revenue bonds, and special obligation bonds.

[2] Installment purchase contracts may also be known as financing agreements, lease-purchase agreements, capital leases, certificates of participation, and limited obligation bonds.

legislation provided that the authority would expire on July 1, 2013. **Section 4 of the PCS** would extend the sunset until July 1, 2016.

EFFECTIVE DATE: The bill would become effective when it becomes law.

Education/Higher Education Committee Substitute Adopted 4/27/11
PROPOSED COMMITTEE SUBSTITUTE S576-CSTD-31 [v.1]

5/9/2011 3:41:33 PM

Short Title: Changes to Fees for Teacher Certification. (Public)

Sponsors:

Referred to:

April 14, 2011

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE FEES FOR TEACHER CERTIFICATION AND ADMINISTRATIVE CHANGES TO CERTIFICATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-296(a2) reads as rewritten:

"(a2) The State Board of Education shall ~~impose the following schedule of~~ adopt fees for teacher certification and administrative ~~changes:~~changes in a rule following the procedures established by the Administrative Procedure Act in accordance with the following schedule:

(1) Application for demographic or administrative changes to a certificate, ~~$30.00.~~up to $45.00.

(2) Application for a duplicate certificate or for copies of documents in the certification files, ~~$30.00.~~up to $45.00.

(3) Application for a renewal, extension, addition, upgrade, and variation to a certificate, ~~$55.00.~~up to $80.00.

(4) Initial application for New, In-State Approved Program Graduate, ~~$55.00.~~up to $80.00.

(5) Initial application for Out-of-State certificate, ~~$85.00.~~up to $125.00.

(5a) In-State certificate review, up to $80.00.

(5b) Verification of North Carolina certificate for another state, up to $80.00.

(6) All other applications, ~~$85.00.~~up to $125.00.

The applicant must pay the fee at the time the application is submitted. The fee is nonrefundable.

The State Board shall implement an online licensure management system to permit persons to submit teacher certification and administration change applications electronically. If the Department of Public Instruction is able to process online applications at less cost, the State Board shall adopt lower fees for online applications."

SECTION 2. This act becomes effective July 1, 2011.

SENATE BILL 576:
Changes to Fees for Teacher Certification

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 10, 2011
Introduced by:	Sens. Hartsell, Tillman, Preston	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Second Edition S576-CSTD-31		

SUMMARY: ***SB 576 would permit the State Board of Education to set higher fees for teacher certification and administration changes, would make the fees nonrefundable, and would require the implementation of an online licensure management system. The fees must be adopted by rule as established by the Administrative Procedures Act. The PCS allows the fee for "all other applications" to be increased up to $125.***

CURRENT LAW: G.S. 115C-296 places the State Board of Education (State Board) in control of teacher certification. The State Board is authorized to charge fees for teacher certification and administrative changes as listed under "current fee" in the chart below.

BILL ANALYSIS: SB 576 would allow the State Board to adopt fees up to a certain amount for teacher certification and administrative changes based on the following schedule, and would create 2 new fees.

Application	Current Fee	New Fee
Demographic or administrative changes to a certificate.	$30	Up to $45
Duplicate certificate or copies of documents in certification files.	$30	Up to $45
Renewal, extension, additional, upgrade, and variation to a certificate.	$55	Up to $80
Initial application for new, in-State approved program graduate.	$55	Up to $80
Initial application for out-of-state certificate.	$85	Up to $125
In-State certificate review.	Not specified	Up to $80
Verification of NC certificate for another state.	Not specified	Up to $80
All other applications.	$85	Up to $125

The fees would be adopted by rule following the process established in the Administrative Procedures Act. Fees would be nonrefundable.

The State Board would be required to implement an online licensure management system to permit electronic submissions for teacher certification and administration changes. If online applications are able to be processed at less cost, the State Board must adopt lower fees for online applications.

EFFECTIVE DATE: SB 576 would become effective July 1, 2011.

Kara McCraw, counsel to Senate Education, substantially contributed to this summary.

Revenues:	$315,420	$630,840	$630,840	$630,840	$630,840
Expenditures:	($111,120)	($351,968)	($360,277)	($395,834)	($377,650)
NET IMPACT:	**$204,300**	**$278,872**	**$270,563**	**$235,006**	**$253,190**
POSITIONS (cumulative):	**1.0**	**1.0**	**1.0**	**1.0**	**1.0**

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Public Instruction (DPI) and local education agencies (LEAs)

EFFECTIVE DATE: July 1, 2011

BILL SUMMARY:
S576 amends GS 115C-296(a2) to direct the State Board of Education (SBE) to adopt new fees related to teacher certification. The changes in fees are summarized in the table below:

S576 – Summary of Fee Changes

Type of Licensure Action	Existing Fee	Fee Proposed by S576
Application for demographic or administrative changes to a certificate	$30	up to $45
Application for a duplicate certificate or for copies of documents in the certification files	$30	up to $45
Application for a renewal, extension, addition, upgrade, and variation to a certificate	$55	up to $80
Initial application for New, In-State Approved Program Graduate	$55	up to $80
Initial application for Out-of-State certificate	$85	up to $125
In-State certificate review	$55	up to $80
Verification of North Carolina certificate for another state	$0	up to $80
All other applications	$85	up to $125

The PCS to S576v2 simply amends the fee for "all other applications" from "up to $85" to "up to $125."

S576 further amends GS 115C-296(a2) to note that fees are nonrefundable.

Finally, S576 requires the SBE to implement an online licensure management system to allow electronic submission of teacher certification and administrative change applications. The SBE shall adopt lower fees for online applications if the Department of Public Instruction (DPI) can process those applications at a lower cost.

ASSUMPTIONS AND METHODOLOGY:
S576 will impact the DPI budget in two ways:

1. Increased DPI receipts: the increase in licensure fees is expected to increase the agency's revenues
2. Increased operational costs: the requirement that SBE implement an online licensure management system will cause the agency to incur certain additional costs.

Increased DPI Receipts
DPI anticipates that the fee-generating licensure actions are expected to remain constant over the next five years. Once fully implemented, the new fee structure is anticipated to generate an additional $630,840 of receipts to the agency per year.

S576 – Increased DPI Receipts

Type of License	Estimated Number	Old Rate	New Rate	Revenue Increase
Application for demographic or administrative changes to a certificate	40	$30	$45	$600
Application for a duplicate certificate or for copies of documents in the certification files	670	$30	$45	$10,050
Application for a renewal, extension, addition, upgrade, and variation to a certificate	11,144	$55	$80	$278,600
Initial application for New, In-State Approved Program Graduate	5,020	$55	$80	$125,500
Initial application for Out-of-State certificate	3,734	$85	$125	$149,360
In-State certificate review	10	$55	$80	$250
Verification of North Carolina certificate for another state	15	$0	$80	$1,200
All other applications	1,632	$85	$125	$65,280
Total	**22,265**			**$630,840**

DPI anticipates implanting the new fee schedule effective January 1, 2012, once the new online licensure management system is operational. As a result, anticipated revenue increase for fiscal year 2011-12 is $315,420, or half of the anticipated increase of future years.

Increased Operational Costs

DPI will incur additional operational costs related to maintaining the online licensure management system. Increased expenses include:

- Yearly maintenance: payments to either the North Carolina Office of Information Technology Services, or to the vendor of the licensure management system to maintain the system and provide help desk functions.
- Hardware refresh: certain hardware is expected to need replacement in the 2014-15 fiscal year.
- IT support staff: an additional position to provide in-house support for the system and build functionality to respond to any changes in fee structure.
- Hosting costs: the costs associated with hosting the system on a server.

The table below estimates the increase in operational costs over the next five fiscal years. Yearly maintenance, IT support staff, and hosting costs are anticipated to increase 3% per year.

S576 – Increased DPI Operating Costs

Operating Cost	2011-12	2012-13	2013-14	2014-15	2015-16
Yearly maintenance	-	($192,848)	($196,383)	($200,024)	($203,775)
Hardware refresh	-	-	-	($27,000)	-
IT Support Staff	($48,000)	($96,000)	($98,880)	($101,846)	($104,902)
Hosting costs	($63,120)	($63,120)	($65,014)	($66,964)	($68,973)
Total	**($111,120)**	**($351,968)**	**($360,277)**	**($395,834)**	**($377,650)**

Total Fiscal Impact

The total fiscal impact is found by summing the increased revenues with the operating costs.

S576 – Total Fiscal Impact

	2011-12	2012-13	2013-14	2014-15	2015-16
Increased Revenue	$315,420	$630,840	$630,840	$630,840	$630,840
Operating Costs	($111,120)	($351,968)	($360,277)	($395,834)	($377,650)
Total	**$204,300**	**$278,872**	**$270,563**	**$235,006**	**$253,190**

LEA Impact

The online licensure management system is expected to reduce time spent on licensure issues at the LEA level. According to information provided by DPI, the new system is likely to reduce an average of 10 hours of work each month for LEA central office staff.

The reduction in work load on LEA central office staff is not included in the fiscal impact as there is no corresponding budget reduction.

Short Title: Regional Schools. (Public)

Sponsors:

Referred to:

February 28, 2011

A BILL TO BE ENTITLED

AN ACT TO PERMIT LOCAL BOARDS OF EDUCATION TO JOINTLY ESTABLISH REGIONAL SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 16 of Chapter 115C of the General Statutes is amended by adding a new Part to read:

"Part 10. Regional Schools.

"**§ 115C-238.56A. Purpose.**

(a) The purpose of this Part is to authorize local boards of education to jointly establish a regional school to serve enrolled students in two or more local school administrative units that will expand student opportunities for educational success through high quality instructional programming. Regional schools may include partnerships with other education partners, including institutions of higher education and private businesses or organizations, and shall foster, encourage, and promote the development of knowledge and skills in career clusters of critical importance to the region.

(b) Except as otherwise provided in this Part, a regional school is exempt from statutes and rules applicable to a local board of education or local school administrative unit.

"**§ 115C-238.56B. Definitions.**

The following definitions apply in this Part:

(1) First generation student. – A student who has no parent who has completed a two- or four-year degree.

(2) Participating units. – A local school administrative unit whose local board of education has adopted a resolution to create a regional school that has been approved by the State Board of Education.

(3) Principal. – The principal of a regional school.

(4) Regional school. – A school created pursuant to G.S. 115C-238.56C which includes all of grades nine through twelve and may include grades seven and eight.

(5) Regional school board of directors or board of directors. – The governing board of a regional school appointed pursuant to G.S. 115C-238.56D.

"**§ 115C-238.56C. Creation of regional school.**

(a) Resolution to Create a Regional School. – Any two or more local boards of education may create a regional school as provided in this Part. In order to create a regional school, each local board of education shall adopt a resolution stating its intent to create the regional school, which shall include the following:

(1) Name of the regional school.

(2) Names of all other local boards of education known to that local board of education adopting resolutions to create the regional school.

(3) Identification of one of the named local school administrative units to serve as the finance agent for the regional school.

(4) Identification of one of the named local school administrative units to provide, to the extent practicable, school food services to the regional school, if needed.

The local board of education shall develop a plan to provide transportation to the students domiciled in the district.

(b) Recognition of Regional School. – Each local board of education that adopts a resolution as provided in this section shall file a copy of the resolution with the State Board of Education. Upon receipt of resolutions from all local boards of education identified in each resolution for a named regional school, the State Board of Education shall approve the creation of the regional school.

(c) Expansion of Regional School. – A local board of education may adopt a resolution stating its intent to join an existing regional school, which shall include the name of the regional school and the names of all other local boards of education which have previously adopted resolutions to create the regional school. The local board of education shall file a copy of the resolution with the State Board of Education. Following receipt of the petition and after receiving comment from the regional school board of directors, the State Board of Education may approve the expansion of the regional school.

"**§ 115C-238.56D. Regional school boards of directors; appointment; terms of office.**

(a) Appointment. – A board of directors for a regional school shall consist of the following members. Appointed members of the board of directors shall be selected for their interest in and commitment to the importance of public education to regional economic development and to the purposes of the regional school.

(1) Local boards of education. – Each participating unit shall appoint one member to the board of directors from among the membership of the local board of education. Members appointed by local boards of education shall serve terms of four years.

(2) Local superintendents. – The local superintendent of the local school administrative unit identified as the finance agent for the regional school shall serve as an ex officio member of the board of directors. One additional superintendent shall be selected from among the superintendents of the participating units by those superintendents. The additional superintendent shall serve an initial term of two years. Subsequent appointments shall serve a term of four years.

(3) Economic development region. – The Economic Development Regional Partnership for the economic development region in which the regional school is located shall appoint three members as representatives of the business community. At least one of the appointees shall be a resident of the county in which the regional school is located. The appointees shall serve an initial term of two years. Subsequent appointees shall serve a term of four years.

(4) Parent Advisory Council. – The Parent Advisory Council established by G.S. 115C-238.56J shall appoint a member to the board of directors from

among the Council membership. The member appointed by the Council shall serve a term of four years or until the child of the parent no longer attends the regional school.

(5) Higher education partners. – Any institution of higher education partner may appoint a representative of the institution of higher education to serve as an ex officio member of the board of directors.

(b) Vacancies. – Whenever an appointed member of the board of directors shall fail for any reason other than ill health or service in the interest of the State or nation to be present at three successive regular meetings of the board of directors, his or her place as a member of the board of directors shall be deemed vacant. Any member of the board of directors may be removed from office by the appointing authority for misfeasance, malfeasance, or nonfeasance in office. All vacancies shall be filled by the appointing authority for the remainder of the term of office.

"**§ 115C-238.56E. Board of directors; meetings; rules of procedure; officers.**

(a) The board of directors shall meet at least four times a year and may hold special meetings at any time at the call of the chair or upon petition addressed to the chair by a majority of the members of the board of directors. All meetings of the board of directors shall be subject to the requirements of Article 33C of Chapter 143 of the General Statutes.

(b) The board of directors shall elect a chair and a vice-chair from among its members, who shall serve a two-year term.

(c) All members of the board of directors shall be voting members except for the chair, who may vote only on matters to break a tie.

(d) The board of directors shall determine its own rules of procedure and may delegate to such committees as it may create such of its powers as it deems appropriate.

(e) Members of the board of directors shall receive such per diem compensation and necessary travel and subsistence expenses while engaged in the discharge of their official duties as is provided by law for members of State boards and commissions.

"**§ 115C-238.56F. Board of directors; corporate powers.**

(a) The board of directors of the regional school shall be known and distinguished by the name of 'The _____ Regional School Board of Directors' and shall continue as a body politic and corporate and by that name shall have perpetual succession and a common seal. It shall be able and capable in law to take, demand, receive, and possess all moneys, goods, and chattels that shall be given for the use of the regional school, and to apply to same according to the will of the donors; and by gift, purchase, or devise to receive, possess, enjoy, and retain forever any and all real and personal estate and funds, of whatsoever kind, nature, or quality the same may be, in special trust and confidence that the same, or the profits thereof, shall be applied to and for the use and purpose of establishing and endowing the regional school, and shall have power to receive donations from any source whatsoever, to be devoted exclusively to the purposes of the maintenance of the regional school, or according to the terms of the donation.

(b) The board of directors shall be able and capable in law to bargain, sell, grant, alien, or dispose of and convey and assure to the purchasers any and all such real and personal estate and funds as it may lawfully acquire when the condition of the grant to it or the will of the devisor does not forbid it; and shall be able and capable in law to sue and be sued in all courts whatsoever; and shall have power to open and receive subscriptions; and in general may do all such things as are usually done by bodies corporate and politic, or such as may be necessary for the promotion of learning and virtue.

"**§ 115C-238.56G. Board of directors; powers and duties.**

The board of directors shall have the following powers and duties:

(1) Academic program. –

a. The board of directors shall establish the standard course of study for the regional school. This course of study shall set forth the subjects to be taught in each grade and the texts and other educational materials on each subject to be used in each grade. The board of directors shall design its programs to meet at least the student performance standards adopted by the State Board of Education and the student performance standards contained in this Chapter.

b. The board of directors shall conduct student assessments required by the State Board of Education.

c. The board of directors shall provide the opportunity to earn or obtain credit toward degrees from a community college subject to Chapter 115D of the General Statutes or a constituent institution of The University of North Carolina.

d. The board of directors shall adopt a school calendar consisting of a minimum of 180 days of instruction covering at least nine calendar months.

(2) Standards of performance and conduct. – The board of directors shall establish policies and standards for academic performance, attendance, and conduct for students of the regional school. The policies of the board of directors shall comply with Article 27 of this Chapter.

(3) School attendance. – Every parent, guardian, or other person in this State having charge or control of a child who is enrolled in the regional school and who is less than 16 years of age shall cause such child to attend school continuously for a period equal to the time that the regional school shall be in session. No person shall encourage, entice, or counsel any child to be unlawfully absent from the regional school. Any person who aids or abets a student's unlawful absence from the regional school shall, upon conviction, be guilty of a Class 1 misdemeanor. The principal shall be responsible for implementing such additional policies concerning compulsory attendance as shall be adopted by the board of directors, including regulations concerning lawful and unlawful absences, permissible excuses for temporary absences, maintenance of attendance records, and attendance counseling.

(4) Reporting. – The board of directors shall comply with the reporting requirements established by the State Board of Education in the Uniform Education Reporting System.

(5) Assessment results. – The board of directors shall provide data to the participating unit in which a student is domiciled on the performance of that student on any testing required by the State Board of Education.

(6) Education of children with disabilities. – The board of directors shall require compliance with laws and policies relating to the education of children with disabilities.

(7) Health and safety. – The board of directors shall require that the regional school meet the same health and safety standards required of a local school administrative unit.

(8) Driving eligibility certificates. – The board of directors shall apply the rules and policies established by the State Board of Education for issuance of driving eligibility certificates.

(9) Purchasing and contracts. – The board of directors shall comply with the purchasing and contract statutes and regulations applicable to local school administrative units.

(10) Exemption from the Administrative Procedures Act. – The board of directors shall be exempt from Chapter 150B of the General Statutes, except final decisions of the board of directors in a contested case shall be subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes.

"**§ 115C-238.56H. Student admissions and assignment.**

(a) Residency Requirement. – A student shall be domiciled in a participating unit to be eligible to attend the regional school. A student's eligibility to remain enrolled in the regional school shall terminate at the end of any school year during which a student ceases to satisfy the residency requirements.

(b) Participating Unit Allotments. – The number of student seats in the freshman class of the regional school shall be assigned proportionate to the total student population of the participating units, as determined by the participating unit's final average daily membership in the preceding school year. If fewer students residing in a participating unit elect to attend the regional school than available allotted seats, the remaining seats shall be divided proportionally among the other participating units.

(c) Admissions Criteria. – The board of directors shall establish criteria, standards, and procedures for admission of students. The admission criteria may give priority to first generation students and shall include the following:

(1) Demonstrated academic achievement.

(2) Demonstrated student interest in attendance.

(3) Documented parental support for student attendance.

(d) Lottery. – If the number of eligible students meeting the board of directors' admission criteria exceeds the seats available through the participating unit allotment, students shall be accepted by lot.

"**§ 115C-238.56I. Employees.**

The board of directors shall appoint all certified and noncertified staff.

(1) Principal. – The board of directors shall employ and contract with a principal for a term not to exceed three years. The principal shall meet the requirements for certification set out in G.S. 115C-284, unless waived by the State Board of Education upon submission of a request by the board of directors. The principal shall be responsible for school operations and shall exercise those duties and powers delegated by the board of directors.

(2) Teachers. – The board of directors shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school. At least fifty percent (50%) of teachers employed by the board of directors shall hold teacher certificates, unless waived by the State Board of Education upon submission of a request by the board of directors.

(3) Career status. – Employees of the board of directors shall not be eligible for career status. If a teacher employed by a local school administrative unit makes a written request for a leave of absence to teach at the regional school, the local school administrative unit shall grant the leave for one year. For the initial year of the regional school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 45 days before the teacher would otherwise have to report for duty. After the initial year of the regional school's operation, the local school administrative unit may require that the request for a leave of absence be made up to 90 days before the teacher would otherwise have to report for duty. A local board of education is not required to grant a request for a leave of absence or a request to extend or renew a leave of absence for a teacher who previously has received a leave of absence from that school board under

this subdivision. A teacher who has career status under G.S. 115C-325 prior to receiving a leave of absence to teach at the regional school may return to a public school in the local school administrative unit with career status at the end of the leave of absence or upon the end of employment at the regional school if an appropriate position is available. If an appropriate position is unavailable, the teacher's name shall be placed on a list of available teachers, and that teacher shall have priority on all positions for which that teacher is qualified in accordance with G.S. 115C-325(e)(2).

(4) Noncertified staff. – The board of directors also may employ necessary employees who are not required to hold teacher certificates to perform duties other than teaching and may contract for other services.

(5) Employment dismissal. – An employee of the board of directors is not an employee of the local school administrative unit in which the regional school is located. The board of directors may discharge certified and noncertified employees according to the terms of the employment contract.

(6) Employee benefits. – Employees of the board of directors shall participate in the Teachers' and State Employees' Retirement System and the State Health Plan on the same terms as employees employed by local boards of education.

(7) Exemptions. – Employees of the board of directors shall be exempt from Chapter 126 of the General Statutes, except Articles 6 and 7.

"**§ 115C-238.56J. Parent Advisory Council; purpose; appointments.**

(a) Purpose. – There shall be a Parent Advisory Council to serve as a resource and provide input to the board of directors as to the operation of a regional school. The board of directors shall consult the Parent Advisory Council when considering changes to the regional school's operations that may significantly impact students attending the regional school.

(b) Appointment. – Each local board of education of the participating units shall appoint two members to the Parent Advisory Council for a term of four years or until the member's child no longer attends the regional school. Appointees shall be parents or guardians of students attending the regional school and shall, to the extent possible, reflect the demographic composition of the participating units.

"**§ 115C-238.56K. State and local funds.**

(a) The State Board of Education shall allocate to a regional school:

(1) An amount equal to the average per pupil allocation for average daily membership from the participating unit allotments for each child attending the regional school, except for the allocation for children with disabilities and for the allocation for children with limited English proficiency.

(2) An additional amount for each child attending the regional school who is a child with disabilities. In the event a child with disabilities leaves the regional school and enrolls in a public school during the first 60 school days in the school year, the regional school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with disabilities enrolls in the regional school during the first 60 school days in the school year, the State Board shall allocate to the regional school the pro rata amount of additional funds for children with disabilities.

(3) An additional amount for children with limited English proficiency attending the regional school, based on a formula adopted by the State Board.

(b) The State Board shall allow for annual adjustments to the amount allocated to the regional school based on its enrollment growth in school years subsequent to the initial year of operation.

(c) For each child who enrolls in the regional school, the participating unit in which the child resides shall transfer to the regional school an amount equal to the per pupil amount of all money appropriated to the local current expense fund for the participating unit for the fiscal year. The amount transferred under this subsection that consists of revenue derived from supplemental taxes shall be transferred only if the child enrolled in the regional school resides in that tax district.

"**§ 115C-238.56L. Finance and budget.**

(a) The local school administrative unit identified as the finance agent by resolution pursuant to G.S. 115C-238.56C shall be the finance agent for the Board and shall have all the rights, duties, and obligations for receipt, accounting, and dispersing funds for the board of directors, including all the rights, duties, and obligations specified in Article 31 of this Chapter, which powers shall be exercised by the identified local school administrative unit for and on behalf of the board of directors. The board of directors shall provide reasonable compensation to the local school administrative unit for this service.

(b) No later than 10 days after the money is appropriated to the local current expense fund, each local board of education of a participating unit shall transfer to the board of directors the amount required under G.S. 115C-238.56K(c) for each child enrolled in the school who resides in that participating unit. Once it has received funds from the local board of education, the board of directors shall be under no obligation to return the funds.

"**§ 115C-238.56M. Participating units.**

(a) Transportation. – Participating units shall develop a plan to provide transportation to the students domiciled in the district.

(b) Food Service. – The local school administrative unit identified by resolution shall provide, to the extent practicable, school food services to the regional school. For purposes of federal funding through the National School Lunch Program or other federally supported food service programs, the local school administrative unit identified by resolution shall be permitted to include eligible students enrolled in the regional school. Other participating units shall not include students enrolled in the regional school for purposes of federally supported food service programs.

"**§ 115C-238.56N. Criminal history record checks.**

(a) As used in this section:

(1) 'Criminal history' means a county, state, or federal criminal history of conviction of a crime, whether a misdemeanor or a felony, that indicates an individual (i) poses a threat to the physical safety of students or personnel or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel. These crimes include the following North Carolina crimes contained in any of the following Articles of Chapter 14 of the General Statutes: Article 5A, Endangering Executive and Legislative, and Court Officers; Article 6, Homicide; Article 7A, Rape and Other Sex Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 14, Burglary and Other Housebreakings; Article 15, Arson and Other Burnings; Article 16, Larceny; Article 17, Robbery; Article 18, Embezzlement; Article 19, False Pretense and Cheats; Article 19A, Obtaining Property or Services by False or Fraudulent Use of Credit Device or Other Means; Article 20, Frauds; Article 21, Forgery; Article 26, Offenses Against Public Morality and Decency; Article 26A, Adult Establishments; Article 27, Prostitution; Article 28,

Perjury; Article 29, Bribery; Article 31, Misconduct in Public Office; Article 35, Offenses Against the Public Peace; Article 36A, Riots and Civil Disorders; Article 39, Protection of Minors; and Article 60, Computer-Related Crime. These crimes also include possession or sale of drugs in violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5. In addition to the North Carolina crimes listed in this subdivision, such crimes also include similar crimes under federal law or under the laws of other states.

(2) 'School personnel' means any of the following:

a. Member of the board of directors.

b. Employee of the regional school.

c. Independent contractor or employee of an independent contractor of the regional school if the independent contractor carries out duties customarily performed by school personnel, whether paid with federal, State, local, or other funds, who has significant access to students or who has responsibility for the fiscal management of the regional school.

(b) The board of directors shall adopt a policy on whether and under what circumstances school personnel shall be required to be checked for a criminal history. The board of directors shall apply its policy uniformly in requiring school personnel to be checked for a criminal history. The board of directors may grant conditional approval of an application while the board of directors is checking a person's criminal history and making a decision based on the results of the check.

The board of directors shall not require school personnel to pay for the criminal history record check authorized under this section.

(c) The board of directors shall require the person to be checked by the Department of Justice (i) to be fingerprinted and to provide any additional information required by the Department of Justice to a person designated by the board of directors or to the local sheriff or the municipal police, whichever is more convenient for the person, and (ii) to sign a form consenting to the check of the criminal record and to the use of fingerprints and other identifying information required by the repositories. The board of directors shall consider refusal to consent when making employment decisions and decisions with regard to independent contractors. The fingerprints of the individual shall be forwarded to the State Bureau of Investigation for a search of the State criminal history record file, and the State Bureau of Investigation shall forward a set of fingerprints to the Federal Bureau of Investigation for a national criminal history record check. The Department of Justice shall provide to the board of directors the criminal history from the State and National Repositories of Criminal Histories of any school personnel for which the board of directors requires a criminal history record check.

The board of directors shall not require school personnel to pay for the fingerprints authorized under this section.

(d) The board of directors shall review the criminal history it receives on an individual. The board of directors shall determine whether the results of the review indicate that the individual (i) poses a threat to the physical safety of students or personnel or (ii) has demonstrated that he or she does not have the integrity or honesty to fulfill his or her duties as school personnel and shall use the information when making employment decisions and decisions with regard to independent contractors. The board of directors shall make written findings with regard to how it used the information when making employment decisions and

decisions with regard to independent contractors. The board of directors may delegate any of the duties in this subsection to the principal.

(e) The board of directors, or the principal if designated by the board of directors, shall provide to the State Board of Education the criminal history it receives on a person who is certificated, certified, or licensed by the State Board of Education. The State Board of Education shall review the criminal history and determine whether the person's certificate or license should be revoked in accordance with State laws and rules regarding revocation.

(f) All the information received by the board of directors through the checking of the criminal history or by the State Board of Education in accordance with this section is privileged information and is not a public record but is for the exclusive use of the board of directors or the State Board of Education. The board of directors or the State Board of Education may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(g) There shall be no liability for negligence on the part of the board of directors, or its employees, or the State Board of Education, or its employees, arising from any act taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection shall be deemed to have been waived to the extent of indemnification by insurance, indemnification under Articles 31A and 31B of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Tort Claims Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(h) Any applicant for employment who willfully furnishes, supplies, or otherwise gives false information on an employment application that is the basis for a criminal history record check under this section shall be guilty of a Class A1 misdemeanor."

SECTION 2. G.S. 114-19.2 reads as rewritten:

"**§ 114-19.2. Criminal record checks of school personnel.**

(a) The Department of Justice may provide a criminal record check to the local board of education of a person who is employed in a public school in that local school district or of a person who has applied for employment in a public school in that local school district, if the employee or applicant consents to the record check. The Department may also provide a criminal record check of school personnel as defined in G.S. 115C-332 by fingerprint card to the local board of education from National Repositories of Criminal Histories, in accordance with G.S. 115C-332. The information shall be kept confidential by the local board of education as provided in Article 21A of Chapter 115C of the General Statutes.

(a1) The Department of Justice may provide a criminal history record check to the board of directors of a regional school of a person who is employed at a regional school or of a person who has applied for employment at a regional school, if the employee or applicant consents to the record check. The Department may also provide a criminal history record check of school personnel as defined in G.S. 115C-238.56N by fingerprint card to the board of directors of the regional school from the National Repositories of Criminal Histories, in accordance with G.S. 115C-238.56N. The information shall be kept confidential by the board of directors of the regional school as provided in G.S. 115C-238.56N.

(b) The Department of Justice may provide a criminal record check to the employer of a person who is employed in a nonpublic school or of a person who has applied for employment in a nonpublic school, if the employee or applicant consents to the record check. For purposes of this subsection, the term nonpublic school is one that is subject to the provisions of Article 39 of Chapter 115C of the General Statutes, but does not include a home school as defined in that Article.

(c) The Department of Justice shall charge a reasonable fee for conducting a criminal record check under this section. The fee shall not exceed the actual cost of locating, editing, researching, and retrieving the information.

(c1) The Department of Justice may provide a criminal record check to the schools within the Department of Health and Human Services of a person who is employed, applies for employment, or applies to be selected as a volunteer, if the employee or applicant consents to the record check. The Department of Health and Human Services shall keep all information pursuant to this subsection confidential, as provided in Article 7 of Chapter 126 of the General Statutes.

(d) The Department of Justice shall adopt rules to implement this section."

SECTION 3. G.S. 115B-2(a) reads as rewritten:

"**§ 115B-2. Tuition waiver authorized.**

(a) The constituent institutions of The University of North Carolina and the community colleges as defined in G.S. 115D-2(2) shall permit the following persons to attend classes for credit or noncredit purposes without the required payment of tuition:

(1) Repealed by Session Laws 2009-451, s. 8.11(a), effective July 1, 2009.

(2) Any person who is the survivor of a law enforcement officer, firefighter, volunteer firefighter, or rescue squad worker killed as a direct result of a traumatic injury sustained in the line of duty.

(3) The spouse of a law enforcement officer, firefighter, volunteer firefighter, or rescue squad worker who is permanently and totally disabled as a direct result of a traumatic injury sustained in the line of duty.

(4) Any child, if the child is at least 17 years old but not yet 24 years old, whose parent is a law enforcement officer, firefighter, volunteer firefighter, or rescue squad worker who is permanently and totally disabled as a direct result of a traumatic injury sustained in the line of duty. However, a child's eligibility for a waiver of tuition under this Chapter shall not exceed: (i) 54 months, if the child is seeking a baccalaureate degree, or (ii) if the child is not seeking a baccalaureate degree, the number of months required to complete the educational program to which the child is applying.

(5) Any child, if the child (i) is at least 17 years old but not yet 24 years old, (ii) is a ward of North Carolina or was a ward of the State at the time the child reached the age of 18, (iii) is a resident of the State; and (iv) is eligible for services under the Chaffee Education and Training Vouchers Program; but the waiver shall only be to the extent that there is any tuition still payable after receipt of other financial aid received by the student.

(6) Any child enrolled in a regional school established pursuant to Part 10 of Article 16 of Chapter 115C of the General Statutes who enrolls in classes at a constituent institution or community college which has a written agreement with the regional school."

SECTION 4. G.S. 115C-238.50A reads as rewritten:

"**§ 115C-238.50A. Definitions.**

The following definitions apply in this Part:

(1) Constituent institution. – A constituent institution as defined in G.S. 116-2(4).

(2) Education partner. – An education partner as provided in G.S. 115C-238.52.

(3) Governing board. – The State Board of Education, the State Board of Community Colleges, the Board of Governors of The University of North Carolina, or the Board of the North Carolina Independent Colleges and Universities.

(3a) Local board of education. – A local board as defined in G.S. 115C-5(5) or a regional school board of directors as defined in G.S. 115C-238.56B(5).

(4) Local board of trustees. – The board of trustees of a community college, constituent institution of The University of North Carolina, or private college located in North Carolina."

SECTION 5. G.S. 126-5(c1) reads as rewritten:

"(c1) Except as to the provisions of Articles 6 and 7 of this Chapter, the provisions of this Chapter shall not apply to:

(1) Constitutional officers of the State.

(2) Officers and employees of the Judicial Department.

(3) Officers and employees of the General Assembly.

(4) Members of boards, committees, commissions, councils, and advisory councils compensated on a per diem basis.

(5) Officials or employees whose salaries are fixed by the General Assembly, or by the Governor, or by the Governor and Council of State, or by the Governor subject to the approval of the Council of State.

(6) Employees of the Office of the Governor that the Governor, at any time, in the Governor's discretion, exempts from the application of the provisions of this Chapter by means of a letter to the State Personnel Director designating these employees.

(7) Employees of the Office of the Lieutenant Governor, that the Lieutenant Governor, at any time, in the Lieutenant Governor's discretion, exempts from the application of the provisions of this Chapter by means of a letter to the State Personnel Director designating these employees.

(8) Instructional and research staff, physicians, and dentists of The University of North Carolina, including the faculty of the North Carolina School of Science and Mathematics.

(8a) Employees of a regional school established pursuant to Part 10 of Article 16 of Chapter 115C of the General Statutes.

(9) Employees whose salaries are fixed under the authority vested in the Board of Governors of The University of North Carolina by the provisions of G.S. 116-11(4), 116-11(5), and 116-14.

(9a) Employees of the North Carolina Cooperative Extension Service of North Carolina State University who are employed in county operations and who are not exempt pursuant to subdivision (8) or (9) of this subsection.

(10) Repealed by Session Laws 1991, c. 84, s. 1.

(11) Repealed by Session Laws 2006-66, s. 9.11(z), effective July 1, 2007.

(12), (13) Repealed by Session Laws 2001-474, s. 15, effective November 29, 2001.

(14) Employees of the North Carolina State Ports Authority.

(15) Employees of the North Carolina Global TransPark Authority.

(16) The executive director and one associate director of the North Carolina Center for Nursing established under Article 9F of Chapter 90 of the General Statutes.

(17) Repealed by Session Laws 2004-129, s. 37, effective July 1, 2004.

(18) Employees of the Tobacco Trust Fund Commission established in Article 75 of Chapter 143 of the General Statutes.

(19) Employees of the Health and Wellness Trust Fund Commission established in Article 21 of Chapter 130A of the General Statutes.

(20) Repealed by Session Laws 2008-134, s. 73(d), effective July 28, 2008.

(21) Employees of the Clean Water Management Trust Fund.

(22) Employees of the North Carolina Turnpike Authority.

(23) The Executive Administrator and the Deputy Executive Administrator of the State Health Plan for Teachers and State Employees.
(24) Employees of the State Health Plan for Teachers and State Employees as designated by law or by the Executive Administrator of the Plan.
(25) The North Carolina State Lottery Director and employees of the North Carolina State Lottery.
(26) The Executive Director, associate and assistant directors, and instructional staff of the North Carolina Teacher Academy.
(27) The Chief Administrative Law Judge of the Office of Administrative Hearings.
(28) The Executive Director and the Assistant Director of the U.S.S. North Carolina Battleship Commission.
(29) The Executive Director, Deputy Director, all other directors, assistant and associate directors, and center fellows of the North Carolina Center for the Advancement of Teaching."

SECTION 6. This act is effective when it becomes law.

SENATE BILL 125: Regional Schools

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 10, 2011
Introduced by:	Sens. Brown, Hartsell	**Prepared by:**	Heather Fennell
Analysis of:	PCS to Third Edition S125-CSTC-12		Committee Counsel

SUMMARY: ***Senate Bill 125 would establish a method for local boards of education to jointly establish regional schools. The PCS makes the following changes:***

- ***Clarifies that regional schools are secondary schools.***
- ***Allows regional schools to adopt the early college model through the cooperative, innovative high school program.***
- ***Clarifies tuition for community colleges and UNC constituent institution for regional school students is waived only if there is a written agreement between the regional school and the constituent university or community college.***

[As introduced, this bill was identical to H264, as introduced by Rep. Glazier, which is currently in House Education.]

BILL ANALYSIS: Senate Bill 125 would establish a method for local boards of education to jointly establish regional schools to promote knowledge and skills in career clusters important in the region where the school is established.

Section 1 of the bill would include the following provisions:

Creation of regional schools. Any two or more local boards of education may create a regional school. Each board of education must pass a resolution that provides the name of the regional school, the other local boards adopting resolutions to create the regional school, identification of the local administrative unit that will serve as the finance agent for the school, and the name of the local school administrative agent that will provide food services to the school. The local school board may develop a plan to provide transportation to the school.

Once the resolutions are adopted, the State Board of Education must approved the creation of the school. Once the regional schools are established, local boards of education may adopt a resolution to expand the regional school.

Governance. A board of directors would be appointed for each regional school. Each board would be made up of the following members:

- One member from each local board of education for the participating local school administrative units.
- Two superintendents – one from the local school administrative unit that serves as the finance agent for the regional school, and one additional superintendent selected from the other participating units.
- Three representatives of the Economic Development Regional Partnership for the economic development region where the school is located.
- One member of the Parental Advisory Council (also established in this bill).

- A representative of an institution of higher learning partnered with the regional school.

The Board would establish the course of study for the School, in accordance with student performance standards required by law and adopted by the State Board of Education; establish policies and standards for academic performance, attendance and conduct; comply with reporting requirements established by the State Board in the Uniform Education Reporting System; provide data on required testing; require compliance with laws and policies on education of children with disabilities; require the School to meet health and safety standards; apply rules and policies for issuance of driving eligibility certificates; and comply with purchase and contract statutes and regulations.

Admissions. Only students domiciled in a participating unit would be eligible to attend. The number of students from each participating administrative unit would be proportionate to the total student population of respective units. The Board would establish admission criteria, but the criteria would have to give priority to first generation students (a student who has no parent that has completed a 2 or 4 year degree) and would have to include demonstrated academic achievement, student interest in attendance, and parental support for attendance. If the number of eligible students exceeds the seats available, students would be accepted by lot.

Employees. The Board would employ and contract with a principal, teachers, and other staff. The principal would have to meet requirements for certification, unless waived by the State Board of Education. At least 50% of teachers would have to hold teacher certificates, unless waived by the State Board of Education. Employees of the Board would not be employees of the local school administrative unit and would be able to be discharged according to the terms of the employment contract.

Parental Advisory Council. A Parental Advisory Council is established to serve as a resource to the Board. Each local board of education of the participating units would appoint two members who are parents or guardians of students attending the School, and, to the extent possible, reflect the demographic composition of the participating unit. The Board would be required to consult with the Council when considering changes to the School's operations that may significantly impact students.

Funding. For each child that enrolls in the School, the State and local funds that would be allocated to the participating unit on a per pupil basis for that student would be allocated to the School. Additional amounts for children with disabilities and children with limited English proficiency would be allocated.

Transportation and food service. A participating unit must develop a plan to provide transportation to students living in the district. The local school administrative unit identified in the initial resolution would be required to provide food services to the School, to the extent practicable.

Criminal history record checks. The Board would be authorized to do criminal history checks on school personnel and would be required to adopt a policy on whether and under what circumstances to do criminal history checks on school personnel.

Tuition waiver. Tuition for students attending the School would be waived for coursework at North Carolina community colleges and UNC constituent institutions provided the regional school and the constituent university or community college has a written agreement with the regional school.

Sections 4 allows regional schools to adopt the early college model through the cooperative, innovative high school program.

Section 5 makes conforming changes to existing statutes.

EFFECTIVE DATE: The act would be effective when it becomes law.

Wendy Graf Ray, counsel to Senate Commerce, substantially contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

FISCAL ANALYSIS MEMORANDUM

POSITIONS (cumulative):	**N/A**				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Public Instruction, State Board of Education, Local Education Agencies, North Carolina Community College System, and the University of North Carolina

EFFECTIVE DATE: When the bill becomes law.

BILL SUMMARY: This bill establishes a method for local boards of education to jointly establish regional public schools in grades 7-12. The schools can include partnerships with institutions of higher education and private businesses or organizations.

The newly established school will be governed by a board of directors that is composed of members from each participating school district (LEA), representatives of the Economic Development Regional Partnership for the economic development region where the school is located and a representative of a partnering institution of higher education. The board of directors will assume many of the roles usually undertaken by an LEA's board of education and superintendent, such as creation of a course of study, school staffing, enforcing student accountability and discipline standards and meeting all State reporting requirements.

Participating students are required to be domiciled in one of the participating school districts, with assignment of student seats first established based on the proportionate total student population of the districts. Any seats not claimed by students from a participating district may be divided proportionately amongst students domiciled in the other participating districts. If there is greater demand for seats than is available through the seat allotment, an admissions lottery will be administered by the regional school's board of directors.

Funding for the schools will be allocated in much the same manner that funds are currently distributed to charter schools. State funds are to be allocated to the school for each participating student based on the average per pupil funding allotment in the LEA in which the student resides. Local funds are also to be distributed on an average per-pupil funding allotment basis as well. Only one of the participating LEAs may serve as the fiscal agent for the school.

Additionally, as amended, G.S. 115C-238.56G will require the boards of directors of the regional schools to provide students the opportunity to earn or obtain credit towards degrees from a community college subject to Chapter 115D of the General Statutes or a constituent institution of the University of North Carolina. Section 3 of this bill amends G.S. 115B-2(a) to add regional school students to the list of persons who may attend classes at the constituent institutions of the University of North Carolina and the community colleges for credit or noncredit purposes without the required payment of tuition.

ASSUMPTIONS AND METHODOLOGY:

North Carolina Public Schools

As mentioned above, the funding structure for the public regional schools is similar to that of North Carolina public charter schools. G.S. 115C-238.29H includes virtually the same exact language as is included in the new G.S. 115C-238.56K that will be created by this bill. The regional school(s) will receive State funds on behalf of participating students on the basis of the average per-pupil allocation provided for students in the district in which the students are domiciled, with the exception of the Children with Disabilities and Limited English Proficiency allotments. In other words, if a student from Yancey County attends a regional school located in Madison County, the school will receive the average per-pupil allocation provided on behalf of students in Yancey County Schools.

Children with Disabilities and Limited English Proficiency funding eligibility for a regional school will be determined and administered by the State Board of Education. The bill does not expand funding for regional schools and only transfers State funds between public schools. As such, there is no State public schools funding impact, regardless of however many schools are ultimately created.

Similarly, local funding is to be distributed on an average per-pupil basis, representing no net change in local expenditures for public schools as a result of this bill. The board of the regional school will be responsible for compensating the school district that serves as fiscal agent for the school, but funding for these services will be supported out of the State and local funding provided for the school and will not require an additional appropriation.

NC Community College System and University of North Carolina System
As noted earlier, Senate Bill 125 amends G.S. 115B-2(a) to permit children enrolled in regional schools to attend classes in the UNC System and NC Community College System (for credit or noncredit purposes) without the required payment of tuition. The number of students who would choose to enroll in courses as a result of this bill and the number of courses they would take cannot be estimated, therefore, it is not possible to estimate the impact to the budget of either system. Following is an estimate of the potential cost per full-time equivalent (FTE) or full-time student in each system.

North Carolina Community College System
G.S. 115D-5(b) provides tuition waivers to certain high school students for curriculum (credit) courses. Typically, the colleges limit high school students to courses relating to mathematics, science, or technology because S.L. 2010-31, Sec. 7.24, prohibits institutes of higher education from earning State reimbursement for high school students for other types of classes (with an exemption for Early and Middle College High Schools).

S.B. 125 does not change these statutes. However, it permits regional high school students to enroll in continuing education (noncredit) courses. Without a specific appropriation, these students would be incorporated as a part of regular enrollment growth, and funded through formula funding. Under the funding formula used by the community college system, total requirements for continuing education FTE ($4,474) are made up of State appropriations ($3,790) and student receipts ($684). Because these students will not generate receipts, the fiscal impact to the State would equal $4,474 per continuing education full-time equivalent (FTE). If it is the intention to add these schools to the list of exemptions noted above in Section 7.24 of S.L. 2010-31 (permitting non-mathematics, science, and technology courses to be reimbursed), then an additional fiscal impact of $4,994 per curriculum FTE would be expected.

The University of North Carolina
In the University System, tuition receipts are retained by the individual schools. Tuition rates vary by campus; according to UNC-General Administration, the average undergraduate tuition rate for FY 2010-11 is $3,065. Therefore, under this legislation, the system would forego an average of $3,065 per full-time student in tuition receipts.

In addition, while institutes of higher education are limited in the types of courses that may earn budget FTE, as noted earlier, it is possible that some of the credit hours delivered under this bill would constitute "fundable student credit hours" under the University's enrollment growth funding model. If so, the University's annual budget request for enrollment growth funding would increase. The enrollment growth funding formula does not calculate a per-student allotment, but instead calculates a total request based on the growth in student credit hours. As an approximation of the potential financial impact, it is noted that the total average General Fund appropriation per student in the system is $12,868 per full-time student.

North Carolina Department of Justice
The bill also includes an option in the new G.S. 115C-238.56N for criminal record checks to be administered to all personnel at a regional school. The fiscal implications of that option are summarized as follows:

Revenue

The Department of Justice (DOJ) reports that a fee of $38 is charged to perform each criminal background check. Of this fee, $22 is forward to the Federal Bureau of Investigation (FBI) for a check of federal databases, and the remaining $16 is retained by DOJ. Of this $16, $14 goes to a check of NC databases and $2 is used for the processing cost associated with the request.

According to DOJ, the Department does not have the ability to project which regional schools would chose to expand to a broader scope. Therefore, the number of requests cannot be determined with the information provided. However, any additional background checks will result in an increase in receipts for DOJ.

Expenditures

The proposed changes in the bill may increase the workload and number of background checks the SBI may have to review and process. However, the bill makes no changes to 114-19.2 (c) which allows DOJ to charge a reasonable fee to recover their costs. Because this fee mechanism remains intact, the Department does not project that the proposed legislation will have a material fiscal impact on the SBI or DOJ.

SOURCES OF DATA: NC Community College System, UNC-General Administration, NC Department of Justice

TECHNICAL CONSIDERATIONS: As noted above, per S.L. 2010-31, Section 7.24(h) institutes of higher education may only earn budget FTE for courses provided to high school students in mathematics, science, and technology. If it is the intent of this bill to permit regional school students to take courses in other areas, as is currently permitted for Early and Middle College High Schools, this exception will need to be explicitly stated.

Additionally, as noted in the bill summary, this bill requires boards of directors of regional schools to provide students the opportunity to earn credit toward degrees. However, G.S. 115B-2(a)

provides for the waiver of tuition for both credit and noncredit courses. If it is the intent to only provide tuition waivers for credit courses, that would need to be explicitly stated.

SENATE BILL 749
Transportation Committee Substitute Adopted 4/28/11

Short Title: Modify Weight Limits for Farm Operations. (Public)

Sponsors:

Referred to:

April 20, 2011

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR INCREASED TRANSPORTATION EFFICIENCY FOR BRINGING AGRICULTURAL PRODUCTS TO A MARKETPLACE BY MODIFYING THE TYPES OF ITEMS THAT MAY BE TRANSPORTED BY A FARMER WITHOUT HAVING TO PAY A REGISTRATION FEE FOR A TRAILER OR SEMITRAILER; TO MODIFY THE REGISTRATION REQUIREMENTS FOR PROPERTY HAULING VEHICLES TO ENSURE THEY ARE REGISTERED FOR THE MAXIMUM WEIGHT ALLOWABLE FOR THE VEHICLE BEING OPERATED; AND TO MODIFY THE EXCEPTIONS TO THE MAXIMUM WEIGHT ALLOWED ON LIGHT ROADS FOR A PERSON TRANSPORTING AGRICULTURAL PRODUCTS AND RESIDUALS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 20-51(6) reads as rewritten:

"(6) Any trailer or semitrailer attached to and drawn by a properly licensed motor vehicle when used by a farmer, his tenant, agent, or employee in transporting unginned cotton, peanuts, soybeans, corn, hay, tobacco, silage, cucumbers, potatoes, all vegetables, fruits, greenhouse and nursery plants and flowers, Christmas trees, livestock, live poultry, animal waste, herbicides, fungicides, seeds, fertilizers or chemicals purchased or owned by the farmer or tenant for personal use in implementing husbandry, irrigation pipes, loaders, or equipment owned by the farmer or tenant from place to place on the same farm, from one farm to another, from farm to gin, from farm to dryer, or from farm to market, and when not operated on a for-hire basis. The term "transporting" as used herein shall include the actual hauling of said products and all unloaded travel in connection therewith."

SECTION 2. G.S. 20-88 is amended by adding a new subsection to read:

"(m) Any vehicle weighing greater than the limits found in G.S. 20-118(b), as authorized by G.S. 20-118(c)(12), (c)(14), and (c)(15), must be registered for the maximum weight allowed for the vehicle configuration as listed in G.S. 20-118(b). A vehicle driven in violation of this subsection is subject to the axle group penalties set in G.S. 20-118(e). The penalties apply to the amount by which the vehicle's maximum gross weight as listed in G.S. 20-118(b) exceeds its declared weight."

SECTION 3. G.S. 20-118(c) reads as rewritten:

"(c) Exceptions. – The following exceptions apply to G.S. 20-118(b) and 20-118(e).

...

(5) The light-traffic road limitations provided for pursuant to subdivision (b)(4) of this section do not apply to a vehicle while that vehicle is transporting only the following from its point of origin on a light-traffic road to either one of the two nearest highways that is not a light-traffic road. If that vehicle's

point of origin is a non-light-traffic road and that road is blocked by light-traffic roads from all directions and is not contiguous with other non-light-traffic roads, then the road at point of origin is treated as a light-traffic road for purposes of this subdivision:

a. Processed or unprocessed seafood transported from boats or any other point of origin to a processing plant or a point of further distribution.

b. ~~Meats~~ Meats, live poultry, or agricultural crop products transported from a farm to a processing plant or ~~first~~ market.

c. Forest products originating and transported from a farm or from woodlands to ~~first~~ market without interruption or delay for further packaging or processing after initiating transport.

d. Livestock or live poultry transported from their point of origin to a processing plant or ~~first~~ market.

e. Livestock by-products or poultry by-products transported from their point of origin to a rendering plant.

f. Recyclable material transported from its point of origin to a scrap-processing facility for processing. As used in this subpart, the terms "recyclable material" and "processing" have the same meaning as in G.S. 130A-290(a).

g. Garbage collected by the vehicle from residences or garbage dumpsters if the vehicle is fully enclosed and is designed specifically for collecting, compacting, and hauling garbage from residences or from garbage dumpsters. As used in this subpart, the term "garbage" does not include hazardous waste as defined in G.S. 130A-290(a), spent nuclear fuel regulated under G.S. 20-167.1, low-level radioactive waste as defined in G.S. 104E-5, or radioactive material as defined in G.S. 104E-5.

h. Treated sludge collected from a wastewater treatment facility.

i. Apples when transported from the orchard to the first processing or packing point.

j. Trees grown as Christmas trees from the field, farm, stand, or ~~grove~~ grove, and other forest products, including chips and bark, to ~~first~~ a processing point.

k. Water, fertilizer, herbicides, fungicides, seeds, fuel, and animal waste transported to or from a farm by a farm vehicle as defined in G.S. 20-37.16(e)(3).

...

(12) Subsections (b) and (e) of this section do not apply to a vehicle that meets all of the conditions set out below:

a. Is ~~hauling agricultural crops from the farm where the crop is grown to any market~~transporting an item listed in sub-subdivisions(c)(5)b., d., i., j., or k. within 150 miles of ~~that~~ the farm.

b. Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, s. 13.

b1. Does not operate on an interstate highway or exceed any posted bridge weight limits during transportation or hauling of agricultural products.

c. Does not exceed a single-axle weight of ~~22,000~~26,000 pounds, a tandem-axle weight of ~~42,000~~44,000 pounds, or a gross weight of 90,000 pounds.

~~d. Is registered pursuant to G.S. 20-88 for the maximum weight allowed for the vehicle configuration as listed in subsection (b) of this section.~~

...

(14) Subsections (b) and (e) of this section do not apply to a vehicle that meets all of the conditions below, but all other enforcement provisions of this Article remain applicable:

a. Is hauling aggregates from a distribution yard or a State-permitted production site located within a North Carolina county contiguous to the North Carolina State border to a destination in another state adjacent to that county as verified by a weight ticket in the driver's possession and available for inspection by enforcement personnel.

b. Does not operate on an interstate highway or exceed any posted bridge weight limits.

c. Does not exceed 69,850 pounds gross vehicle weight and 53,850 pounds per axle grouping for tri-axle vehicles. For purposes of this subsection, a tri-axle vehicle is a single power unit vehicle with a three consecutive axle group on which the respective distance between any two consecutive axles of the group, measured longitudinally center to center to the nearest foot, does not exceed eight feet. For purposes of this subsection, the tolerance provisions of subsection (h) of this section do not apply, and vehicles must be licensed in accordance with G.S. 20-88.

d. Repealed by Session Laws 2001-487, s. 10, effective December 16, 2001.

~~e. Is registered pursuant to G.S. 20-88 for the maximum weight allowed for the vehicle configuration as listed in subsection (b) of this section.~~

(15) Subsections (b) and (e) of this section do not apply to a vehicle or vehicle combination that meets all of the conditions below, but all other enforcement provisions of this Article remain applicable:

a. Is hauling wood residuals, including wood chips, sawdust, mulch, or tree bark from any site; is hauling raw logs to first market; is transporting bulk soil, bulk rock, sand, sand rock, or asphalt millings from a site that does not have a certified scale for weighing the vehicle; or is hauling animal waste products from the animal waste storage site to a farm or field.

b. Does not operate on an interstate highway, a posted light-traffic road, except as provided by subdivision (c)(5) of this section, or exceed any posted bridge weight limits.

c. Does not exceed a maximum gross weight 4,000 pounds in excess of what is allowed in subsection (b) of this section.

d. Does not exceed a single-axle weight of more than ~~22,000~~26,000 pounds and a tandem-axle weight of more than ~~42,000~~44,000 pounds.

~~e. Is registered pursuant to G.S. 20-88 for the maximum weight allowed for the vehicle configuration as listed in subsection (b) of this section.~~"

SECTION 4. This act becomes effective December 1, 2011, and applies to offenses committed on or after that date.

SENATE BILL 749:
Modify Weight Limits for Farm Operations

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 10, 2011
Introduced by:	Sens. Rabon, Tucker, Rouzer	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 749 exempts certain farm trailers from registration, restates the requirement that specified property hauling vehicles be registered for the maximum weight allowed; and increases the single and tandem axle weight limits for vehicles transporting specified products.

CURRENT LAW: G.S. 20-51(6) includes several exceptions to the requirement that vehicles be registered if they use the highways of the State.

G.S. 20-88 sets out the registration fees for property hauling vehicles.

G.S. 20-118 sets out the weight limits applicable to vehicles using the highways of the State.

BILL ANALYSIS:

Section 1 of House Bill 749 amends G.S. 20-51, which lists the exceptions to the requirement that a vehicle be registered, to exempt any trailer or semi-trailer used by a farmer, his tenant, agent, or employee in transporting livestock, live poultry, animal waste, herbicides, fungicide, or seeds from the requirement of registration.

Section 2 of the bill amends G.S. 20-88, (which sets out the fees for property-hauling vehicles) to restate that any vehicle weighing greater than the usual weight limits set in G.S. 20-118(b) (due to a weight limit exception pursuant to G.S. 20-118 (c)(12), (14), or (15) for agricultural crops, aggregates, wood residuals, including wood chips, sawdust, mulch, or tree bark, raw logs, bulk soil, bulk rock, sand, sand rock, asphalt millings, or animal waste), shall:

- Be registered for the maximum weight allowed for the vehicle configuration.
- If driven in violation of this provision, be subject to the axle group penalties set in G.S. 20-118(e), and that the penalties apply to the amount by which the vehicle's maximum gross weight exceeds its declared weight.

Section 3 of the bill amends G.S. 20-118(c), exceptions to the State's weight limits, to:

- Authorize a light-traffic road weight exception for live poultry from a farm; and water, fertilizer, herbicides, fungicides, seeds, fuel, and animal waste to or from a farm by a farm vehicle.
- Authorize a single axle weight of 26,000 lbs. and tandem axle weight of 44,000 lbs. for vehicles transporting the following within 150 miles of the farm: meats or agricultural crop products transported from a farm to first market; livestock or poultry transported from their point of origin to a processing plant or first market; apples when transported from the orchard to the first processing or packing point; trees grown as Christmas trees from the field, farm, stand, or grove to first processing point; water, fertilizer, herbicides, fungicides, seeds, fuel, and animal waste transported to or from a farm by a farm vehicle.

- Authorize a single axle weight of 26,000 lbs. and a tandem axle weight of 44,000 lbs., for wood residuals, including wood chips, sawdust, mulch, or tree bark, raw logs, bulk soil, bulk rock, sand, sand rock, asphalt millings, or animal waste

EFFECTIVE DATE: This act becomes effective October 1, 2011, and applies to offenses committed on or after that date.

Giles Perry, counsel to Senate Transportation, substantially contributed to this summary.

SENATE FINANCE COMMITTEE
Tuesday, May 17, 2011 at 1:00 PM
Room 544, Legislative Office Building

MINUTES

The Senate Finance Committee met at 1:00 PM on May 17, 2011 in room 544 of the Legislative Office Building. Amber Pritchard of Belmont, Michaela Percy of Cary, Alex Johnson of Charlotte, and Anthony Lucas of Salemburg served as pages. Twenty-six members of the committee were present. Senator Rucho presided as chair.

S.B. 426 – Modify Clarify Public Finance Laws

Senator Clodfelter was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS does two things: it makes changes to the bond statutes designed to improve their efficiency and it extends the sunset on the ability of cities and counties to issue special assessments for critical infrastructure needs from July 1, 2013, until July 1, 2016. Senator Brown moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 405 – Amend Irrigation Contractors' Licensing Laws

Senator Brown was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS creates a process by which the North Carolina Irrigation Contractors Licensing Board may issue a license to a nonresident individual or in the name of a domestic or foreign business entity. It requires the Board to suspend the license of a foreign entity that has a delinquent income tax debt, and allows the Board to suspend for 60 days the license of an individual who fails to obtain the required continuing education. It also modifies the fee structure by adding a $250 reinstatement fee and allows the Board to assess the costs (including attorneys' fees) of a proceeding against an applicant or a licensee. Senator Hartsell was recognized to offer an amendment which would remove a section involving tax delinquency of nonresident and foreign entities. He moved to adopt the amendment and the motion carried. Senator Jenkins moved to adopt the PCS as amended and the motion carried. A copy of the PCS, the summary, the fiscal note and the amendment is attached.

S.B. 537 – Increase in Rem Foreclosure Fee

Senator Hartsell was recognized to explain the bill which increases the administrative cost a taxing unit may impose for the in rem procedure of tax foreclosure from $50 to $250. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill, the summary, and the fiscal note is attached.

S.B. 670 – Revise Membership/Hearing Aid Fitters Board

Senator Hartsell explained the bill which authorizes a person who is licensed as an audiologist by the Board of Examiners for Speech and Language Pathologists and

Audiologists to fit or sell hearing aids without obtaining a license from the NC State Hearing Aid Dealers and Fitters Board. It also modifies the membership of the Board to reflect this change. Senator Hartsell offered an amendment which clarifies the implementation of changes in the membership of the Board. Senator Hartsell moved to adopt the amendment and the motion carried. Senator Newton moved for a favorable report and the motion carried. A copy of the bill, the summary, the fiscal note and the amendment is attached.

S.B. 685 - Modify Regulation of Proprietary Schools

Senator Apodaca was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS creates the State Board of Proprietary Schools in the NC Community Colleges System to oversee the licensing of proprietary schools in the State. Senator Apodaca offered an amendment to increase the membership of the State Board of Proprietary Schools. Heather Fennell, an attorney with the Research Division, was recognized to explain the amendment. Senator Apodaca moved to adopt the amendment and the motion carried. Kenan Briggs, Vice President of the Community Colleges, was recognized to answer questions. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS, the summary, the fiscal note and the amendment is attached.

The meeting adjourned at 1:29 PM.

A BILL TO BE ENTITLED

AN ACT TO MAKE CLARIFICATIONS AND MODIFICATIONS TO THE PUBLIC FINANCE STATUTES OF NORTH CAROLINA FOR THE IMPROVEMENT OF VARIOUS FINANCING STRUCTURES AND THE TERMS AND PROVISIONS OF THE FINANCING STRUCTURES AND TO REMOVE THE SUNSET ON SPECIAL ASSESSMENTS FOR CRITICAL INFRASTRUCTURE NEEDS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 159-28(a) reads as rewritten:

"(a) Incurring Obligations. – No obligation may be incurred in a program, function, or activity accounted for in a fund included in the budget ordinance unless the budget ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year. No obligation may be incurred for a capital project or a grant project authorized by a project ordinance unless that project ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay the sums obligated by the transaction. If an obligation is evidenced by a contract or agreement requiring the payment of money or by a purchase order for supplies and materials, the contract, agreement, or purchase order shall include on its face a certificate stating that the instrument has been preaudited to assure compliance with this ~~subsection.~~ subsection unless the obligation or a document related to the obligation has been approved by the Local Government Commission, in which case no certificate shall be required. The certificate, which shall be signed by the finance officer or any deputy finance officer approved for this purpose by the governing board, shall take substantially the following form:

"This instrument has been preaudited in the manner required by the Local Government Budget and Fiscal Control Act.

_____

(Signature of finance officer)."

Certificates in the form prescribed by G.S. 153-130 or 160-411 as those sections read on June 30, 1973, or by G.S. 159-28(b) as that section read on June 30, 1975, are sufficient until supplies of forms in existence on June 30, 1975, are exhausted.

An obligation incurred in violation of this subsection is invalid and may not be enforced. The finance officer shall establish procedures to assure compliance with this subsection."

SECTION 2. G.S. 159-54 reads as rewritten:

"**§ 159-54. The bond order.**

After or at the same time the application is filed ~~and accepted for submission to~~ with the Commission, a bond order shall be introduced before the governing board of the issuing unit. The bond order shall state:

(1) Briefly and generally and without specification of location or material of construction, the purpose for which the bonds are to be issued, but not more than one purpose may be stated. For funding or refunding bonds a brief description of the debt, judgment, or obligation to be funded or refunded shall be sufficient.

(2) The maximum aggregate principal amount of the bonds.

(3) That taxes will be levied in an amount sufficient to pay the principal and interest of the bonds.

(4) The extent, if any, to which utility or enterprise revenues are, or may be, pledged to payment of interest on and principal of the bonds pursuant to G.S. 159-47.

(5) That a sworn statement of debt has been filed with the clerk and is open to public inspection.

(6) If the bonds are to be approved by the voters, that the bond order will take effect when approved by the voters.

(7) If the bonds are issued pursuant to G.S. 159-48(a)(1), (2), (3), or (5), that the bond order will take effect upon its adoption. If the bonds are to be issued pursuant to G.S. 159-48(a)(4), (6), or (7) or G.S. 159-48(b), (c), or (d) and are not to be submitted to the voters, that the bond order will take effect 30 days after its publication following adoption, unless it is petitioned to a vote of the people as provided in G.S. 159-60, and that in that event the order will take effect when approved by the voters.

When the bond order is introduced, the board shall fix the time and place for a public hearing thereon."

SECTION 3. G.S. 159-88(a) reads as rewritten:

"(a) At any time after an application is filed with the Commission ~~approves an application~~ for the issuance of revenue bonds, (i) in the case of the State, the Council of State and (ii) in the case of a municipality, the governing board of the municipality may adopt a revenue bond order pursuant to this Article."

SECTION 4.(a) Section 5 of S.L. 2008-165 reads as rewritten:

"**SECTION 5.** This act is effective when it becomes law. ~~Sections 2 and 3 of this act expire July 1, 2013. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this act prior to the effective date of the expiration.~~"

SECTION 4.(b) G.S. 153A-210.1 reads as rewritten:

"Article 9A.

Special Assessments for Critical Infrastructure Needs.

§ 153A-210.1. ~~Purpose.~~Purpose and sunset.

(a) Purpose. – This Article enables counties that face increased demands for infrastructure improvements as a result of rapid growth and development to issue revenue bonds payable from special assessments imposed under this Article on benefited property. This Article supplements the authority counties have in Article 9 of this Chapter. The provisions of Article 9 of this Chapter apply to this Article, to the extent they do not conflict with this Article.

(b) Sunset. – This Article expires July 1, 2016. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this Article prior to its expiration."

SECTION 4.(c) G.S. 160A-239.1 reads as rewritten:

"Article 10A.

Special Assessments for Critical Infrastructure Needs.

§ 160A-239.1. ~~Purpose.~~Purpose and sunset.

(a) Purpose. – This Article enables cities that face increased demands for infrastructure improvements as a result of rapid growth and development to issue revenue bonds payable from special assessments imposed under this Article on benefited property. This Article supplements the authority cities have in Article 10 of this Chapter. The provisions of Article 10 of this Chapter apply to this Article, to the extent they do not conflict with this Article.

(b) Sunset. – This Article expires July 1, 2016. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this Article prior to its expiration."

SECTION 5. If any provision of this act or its application is held invalid, the invalidity does not affect the other provisions or applications of this act that can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

SECTION 6. This act is effective when it becomes law.

SENATE BILL 426:
Modify/Clarify Public Finance Statutes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 16, 2011
Introduced by:	Sen. Clodfelter	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to Second Edition S426-CSRBx-35		Committee Counsel

SUMMARY: ***The PCS for Senate Bill 426 does two things: it makes changes to the bond statutes designed to improve their efficiency and it extends the sunset on the ability of cities and counties to issue special assessments for critical infrastructure needs from July 1, 2013, until July 1, 2016.***

BILL ANALYSIS: Senate Finance heard Senate Bill 426 at its meeting last Tuesday, May 10th, and gave the PCS for it a favorable report. The PCS before the Committee is substantively the same as the one favorably considered last week. The only change is that the PCS puts the sunset of the *Special Assessments for Critical Infrastructure Needs* into the statute as opposed to amending the effective date section of a prior session law.

In 2008, the General Assembly enacted legislation authorizing counties and cities to use assessments as a financing tool for long-term capital projects. The legislation enabled counties and cities to pay for a project for which an assessment is imposed solely with revenue bonds to be paid from the assessments or from a combination of financing sources that include revenue bonds, general obligation bonds, and general revenue. The legislation provided that the authority to use assessments for this purpose would expire on July 1, 2013.

The PCS for Senate Bill 426 originally considered removing the sunset. At the request of the Treasurer's Office, the PCS adopted by the Committee at its meeting last week extended the sunset for three years as opposed to removing it. However, inadvertently, the Committee report contained the PCS removing the sunset. The PCS before the Committee removes the sunset from the 2008 session law and amends Article 9A of Chapter 153A (counties) and Article 10A of Chapter 160A (cities) to place the extended expiration date of July 1, 2016, in the respective Articles authorizing *Special Assessments for Critical Infrastructure Needs.*

EFFECTIVE DATE: The bill would become effective when it becomes law.

March 24, 2011

A BILL TO BE ENTITLED

AN ACT AMENDING THE LAWS REGULATING IRRIGATION CONTRACTORS TO PROVIDE SUBSTANTIVE REQUIREMENTS FOR LICENSING CORPORATIONS, TO PROVIDE FOR THE ISSUANCE OF LICENSES TO NONRESIDENTS, TO CLARIFY THE FEE STRUCTURE, AND TO MAKE OTHER CONFORMING CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 89G-1 is amended by adding a new subdivision to read:

"**§ 89G-1. Definitions.**

The following definitions apply in this Chapter:

(1) Board. – The North Carolina Irrigation Contractors' Licensing Board.

(1a) Business entity. – A person that is not an individual.

(1b) Delinquent income tax debt. – The amount of income tax due as stated in a final notice of assessment issued to a taxpayer by the Secretary of Revenue when the taxpayer no longer has the right to contest the amount.

(1c) Foreign corporation. – A corporation as defined in G.S. 55-1-40.

(1d) Foreign entity. – A foreign corporation, a foreign limited liability company, or a foreign partnership.

(1e) Foreign limited liability company. – A company as defined in G.S. 57C-1-03.

(1f) Foreign partnership. – One of the following that does not have a permanent place of business in this State:

a. A foreign limited partnership as defined in G.S. 59-102.

b. A general partnership formed under the laws of a jurisdiction other than this State.

(2) Irrigation construction or irrigation contracting. – The act of providing services as an irrigation contractor for compensation or other consideration.

(3) Irrigation contractor. – Any person who, for compensation or other consideration, constructs, installs, expands, services, or repairs irrigation systems.

(4) Irrigation system. – All piping, fittings, sprinklers, drip tubing, valves, control wiring of 30 volts or less, and associated components installed for the delivery and application of water for the purpose of irrigation that are downstream of a well, pond or other surface water, potable water or

groundwater source, or grey water source and downstream of a backflow prevention assembly. Surface water, potable water or groundwater sources, water taps, utility piping, water service lines, water meters, backflow prevention assemblies, stormwater systems that service only the interior of a structure, and sanitary drainage systems are not part of an irrigation system.

(4a) Nonresident individual. – An individual who is not a resident of this State.

(5) Person. – An individual, firm, partnership, association, corporation, or other legal entity."

SECTION 2. G.S. 89G-3 reads as rewritten:

"**§ 89G-3. Exemptions.**

The provisions in this Chapter shall not apply to:

(1) Any federal or State agency or any political subdivision performing irrigation construction or contracting work on public ~~property.~~property and using its own employees.

(2) Any property owner who performs irrigation construction or irrigation contracting work on his or her own property.

(3) A landscape architect registered under Chapter 89A of the General Statutes.

(4) A professional engineer licensed under Chapter 89C of the General Statutes.

(5) Any irrigation construction or irrigation contracting work where the price of all contracts for labor, material, and other items for a given jobsite is less than two thousand five hundred dollars ($2,500).

(6) Any person performing irrigation construction or irrigation contracting work for temporary irrigation to establish vegetative cover for erosion control.

(7) Any person performing irrigation construction or irrigation contracting work to control dust on commercial construction sites or mining operations.

(8) Any person performing irrigation construction or irrigation contracting work for use in agricultural production, farming, or ranching, including land application of animal wastewater.

(9) Any person performing irrigation construction or irrigation contracting work for use in commercial sod production.

(10) Any person performing irrigation construction or irrigation contracting work for use in the commercial production of horticultural crops, including nursery and greenhouse operators.

(11) A general contractor licensed under Article 1 of Chapter 87 of the General ~~Statutes.~~Statutes who possesses a classification under G.S. 87-10(b) as a building contractor, a residential contractor, or a public utilities contractor when the contractor uses the contractor's own employees to perform irrigation construction or irrigation contracting work. A public utilities contractor exempted by this subdivision may perform only the activities described in G.S. 87-10(b)(3)a.

(12) A wastewater contractor certified under Article 5 of Chapter 90A of the General Statutes who performs only the construction of or repair to a wastewater dispersal system.

~~(13) A public utility contractor licensed under Article 1 of Chapter 87 of the General Statutes.~~

(14) A plumbing contractor licensed under Article 2 of Chapter 87 of the General Statutes who performs only the following work: installation, repairs, or maintenance of water mains, water taps, service lines, water meters, or backflow prevention assemblies supplying water for irrigation systems; or repairs to an irrigation system.

(15) Any person performing irrigation construction or irrigation contracting work for a golf course.

(16) Any ~~person~~full-time employee of a homeowners association maintaining or repairing an irrigation system owned by the homeowners association of a planned community and located within the planned community's common elements as defined in G.S. 47F-1-103."

SECTION 3. G.S. 89G-5(11) reads as rewritten:

"**§ 89G-5. Powers and duties.**

The Board shall have the following powers and duties:

...

(11) To require licensees to file and maintain an adequate surety ~~bond.~~bond or letter of credit.

...."

SECTION 4. Chapter 89G of the General Statutes is amended by adding the following new sections to read:

"**§ 89G-6.1. Licensing of business entities, nonresident individuals, and foreign entities.**

(a) The Board may issue a license in the name of a business entity if the business entity pays the license fee required by G.S. 89G-10 and one of the following applies:

(1) For a corporation, one or more officers or full-time employees empowered to act for the corporation are individuals licensed under this Chapter and only the individuals licensed under this Chapter execute contracts for irrigation construction and irrigation contracting.

(2) For a limited liability, one or more managers or executives as defined in G.S. 57C-1-03 or full-time employees are individuals licensed under this Chapter and only the individuals licensed under this Chapter execute contracts for irrigation construction and irrigation contracting.

(3) For a partnership, one or more general partners or full-time employees empowered to act for the partnership are individuals licensed under this Chapter and only the individuals licensed under this Chapter execute contracts for irrigation construction and irrigation contracting.

(4) For a business entity using an assumed name or designated trade name, the owner or one or more full-time employees empowered to act for the owner is an individual licensed under this Chapter and only the individuals licensed under this Chapter execute contracts for irrigation construction and irrigation contracting.

(b) The Board may issue a license to a nonresident individual who meets the requirements for licensure under this Chapter. A nonresident individual licensed under this Chapter may qualify as the licensed individual under subdivisions (1), (2), and (3) of subsection (a) of this section.

(c) The Board may issue a license in the name of a foreign entity if the following apply:

(1) For a foreign corporation, the corporation has obtained a certificate of authority from the Secretary of State pursuant to Article 15 of Chapter 55 of the General Statutes and complies with the requirements of subdivision (a)(1) of this section.

(2) For a foreign limited liability company, the company has obtained a certificate of authority from the Secretary of State pursuant to Article 7 of Chapter 57C of the General Statutes and complies with the requirements of subdivision (a)(2) of this section.

(3) For a foreign partnership, the partnership complies with the requirements of subdivision (a)(3) of this section.

(d) When the Board issues a license to a business entity or a foreign entity under this section, the Board shall indicate on the license the name and license number of the individual licensee required under subsection (a) of this section.

(e) The individual licensee required under subsection (a) of this section shall exercise direct supervision over a contract by a business entity or a foreign entity for irrigation construction or irrigation contracting until the contract is completed.

(f) An individual licensed under this Chapter may not execute a contract for irrigation construction or irrigation contracting on behalf of a business entity or a foreign entity unless the business entity or foreign entity is licensed under this section.

(g) All of the following shall apply if the individual licensee required under subsection (a) of this section ceases to be an officer, full-time employee, manager, executive, general partner, or owner of the business entity or foreign entity licensed under this section:

(1) The business entity or foreign entity shall provide written notice to the Board pursuant to rules adopted by the Board.

(2) The business entity or foreign entity must satisfy the requirements of subsection (a) of this section within 90 days of the effective date of the notice required under subdivision (1) of this subsection.

The Board shall suspend the license of a business entity or foreign entity licensed under this section that fails after 90 days to satisfy the requirements of subsection (a) of this section.

"**§ 89G-6.2. Tax delinquency of nonresident and foreign entities.**

(a) Information. – The Board, upon request, shall provide the Secretary of Revenue the name, address, and tax identification number of every nonresident individual or foreign entity licensed by the Board. The information to be provided under this subsection shall be in a form required by the Secretary of Revenue.

(b) Delinquents. – If the Secretary of Revenue determines that any nonresident individual or foreign entity licensed by the Board owes a delinquent income tax debt, the Secretary of Revenue shall notify the Board of the delinquency. The Board shall not renew the license of a nonresident individual or foreign entity identified by the Secretary of Revenue unless the Board receives a written statement from the Secretary that (i) the debt has been paid or (ii) the debt is being paid pursuant to an installment agreement."

SECTION 5. G.S. 89G-9 reads as rewritten:

"**§ 89G-9. License renewal and continuing education.**

(a) Every license issued under this Chapter shall be renewed on or before December 31 of each year. Any person who desires to continue to practice irrigation contracting or irrigation construction shall apply for license renewal and shall submit the required fees. Licenses that are not renewed shall be automatically revoked. A license may be renewed at any time within one year after its expiration, if: (i) the applicant pays the required renewal fee and late renewal fee; (ii) the Board finds that the applicant has not used the license in a manner inconsistent with the provisions of this Chapter or engaged in the practice of irrigation construction or contracting after notice of revocation; and (iii) the applicant is otherwise eligible for licensure under the provisions of this Chapter. When necessary, the Board may require a licensee to demonstrate continued competence as a condition of license renewal.

(b) As a condition of license renewal, ~~a~~ an individual licensee shall meet continuing education requirements set by the Board. Each individual licensee shall complete 10 continuing education units per year. ~~Failure to obtain continuing education units shall result in the forfeiture of a license.~~

(c) The Board shall suspend an individual licensee's license for 60 days for failure to obtain continuing education units required by subsection (b) of this section. The Board shall suspend a business entity's or a foreign entity's license for 60 days for failure by the individual licensee required under G.S. 89G-6.1(a) to obtain continuing education units required by subsection (b) of this section. Upon completion of the required continuing education and

payment of the reinstatement fee, the Board shall reinstate the license. Failure by an individual licensee to meet the education requirements, to request a reinstatement of the license, or to pay the reinstatement fee within the time provided shall result in the forfeiture of the license. Upon forfeiture, ~~a person~~an individual shall be required to submit a new application and retake the examination as provided in this Chapter."

SECTION 6. G.S. 89G-10(a) reads as rewritten:

"(a) The Board may impose the following fees not to exceed the amounts listed below:

(1)	Application fee	$100.00
(2)	Examination fee	200.00
(3)	~~License~~ Individual license fee and individual license renewal fee	100.00
(3a)	Business entity or foreign entity license fee and business entity or foreign entity license renewal fee	100.00
(4)	Late renewal fee	50.00
(5)	License by reciprocity	250.00
(6)	~~Corporate license~~Reinstatement fee	~~100.00~~250.00
(7)	Duplicate license	25.00."

SECTION 7. G.S. 89G-11 reads as rewritten:

"**§ 89G-11. Disciplinary action.**

(a) The Board may deny, restrict, suspend, or revoke a license or refuse to issue or renew a license if a licensee or applicant:

(1) Employs the use of fraud, deceit, or misrepresentation in obtaining or attempting to obtain a license or the renewal of a license.

(2) Practices or attempts to practice irrigation construction or contracting by fraudulent misrepresentation.

(3) Commits an act of gross malpractice or incompetence as determined by the Board.

(4) Has been convicted of or pled guilty or no contest to a crime that indicates that the person is unfit or incompetent to practice as an irrigation contractor or that indicates that the person has deceived or defrauded the public.

(5) Has been declared incompetent by a court of competent jurisdiction.

(6) Has willfully violated any provision in this Chapter or any rules adopted by the Board.

(7) Uses or attempts to use the seal in a fraudulent or unauthorized manner.

(8) Fails to file the required surety bond or letter of credit or to keep the bond or letter of credit in force.

(b) The Board may assess costs, including attorneys' fees, in a proceeding under this section against an applicant or licensee found to be in violation of this Chapter."

SECTION 8. The Revisor of Statutes shall change the phrase "irrigation construction or contracting" to "irrigation construction or irrigation contracting" wherever it appears in Chapter 89G of the General Statutes.

SECTION 9. This act becomes effective October 1, 2011.

SENATE BILL 405:
Amend Irrigation Contractors' Licensing Laws

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 17, 2011
Introduced by:	Sens. Hartsell, Brown	**Prepared by:**	Heather Fennell
Analysis of:	PCS to Second Edition S405-CSTD-35		Committee Counsel

SUMMARY: ***Senate Bill 405 creates a process by which the North Carolina Irrigation Contractors' Licensing Board may issue a license to a nonresident individual or in the name of a domestic or foreign business entity. It requires the Board to suspend the license of a foreign entity that has a delinquent income tax debt, and allows the Board to suspend for 60 days the license of an individual who fails to obtain the required continuing education. The bill also modifies the fee structure by adding a $250 reinstatement fee and allows the Board to assess the costs (including attorneys' fees) of a proceeding against an applicant or a licensee. The PCS corrects internal cross references in the bill.***

CURRENT LAW: Chapter 89C of the General Statutes provides for the licensing and regulation of irrigation contractors. It prohibits any person from engaging in the practice of irrigation construction or contracting, using the designation "irrigation contractor," or advertising using any title or description that implies licensure as an irrigation contractor unless the person is licensed as an irrigation contractor by the North Carolina Irrigation Contractors' Licensing Board ("Board").

The following persons or entities are exempt from the licensing requirements:

- Any federal or State agency or any political subdivision performing irrigation construction or contracting work on public property.
- Any property owner who performs irrigation construction or contracting work on his or her own property.
- Any person performing irrigation construction or contracting work:
    - For temporary irrigation to establish vegetative cover for erosion control.
    - To control dust on commercial construction sites or mining operations.
    - For use in agricultural production, farming, or ranching, including land application of animal wastewater.
    - For use in commercial sod production.
    - For use in the commercial production of horticultural crops, including nursery and greenhouse operators.
- Any person performing irrigation construction or contracting work for a golf course.
- Any person maintaining or repairing an irrigation system installed prior to January 1, 2009 and owned by the homeowners association of a planned community and located within the planned community's common elements.
- Irrigation construction or contracting work where the price of all contracts for labor, material, and other items for a given jobsite is less than $2,500.

The Board has the authority to examine and determine the qualifications and fitness of applicants for licensure and to take disciplinary action for violations of the law. In addition to taking any actions permitted under this act, the Board may assess a civil penalty not to exceed $2,000 for each violation. The Board must establish a schedule of civil penalties for violations of this act and rules adopted by the

Board. The Board is also authorized to adopt and publish a code of professional conduct and practice for all licensees.

An applicant for licensure must meet all of the following qualifications:

- Must be at least 18 years of age.
- Must be of good moral character as determined by the Board.
- Must have at least three years of experience in irrigation construction or contracting or the educational equivalent. Two years of educational training in irrigation construction or contracting are equivalent to one year of experience.
- Must file and maintain with the Board a $10,000 corporate surety bond or irrevocable letter of credit.
- Must pass an examination administered by the Board, which at a minimum must test the applicant's understanding of proper methods of irrigation construction and installation, efficiency of water use and conservation in the practice of irrigation construction and contracting, and basic business skills.

Annual license renewal is on or before December 31 of each year. As a condition of license renewal, each licensee must complete 10 continuing education units per year. Failure to obtain continuing education units will result in forfeiture of the license.

BILL ANALYSIS:

Section 1 adds a number of new definitions to G.S. 89G-1 related to domestic and foreign legal entities that are not individuals.

Section 2 clarifies that the licensure exemption for any federal, State or political subdivision performing irritation construction or contracting on public property only applies if the work is done by employees of those entities. The bill also clarifies the exemption for general contractors and public utilities contractors licensed under Article 1 of Chapter 87.

Section 3 makes a conforming change to the powers and duties of the Board. The requirement that an applicant file a bond or letter of credit with the Board already exists in G.S. 89G-6(a).

Section 4 creates two new sections. **G.S. 89G-6.1** specifies the requirements for issuing a license in the name of a business entity that is a corporation, a limited liability company, a partnership or a business entity doing business under an assumed or trade name. Generally speaking, the Board may issue a license in the name of one of these business entities provided the business entity pays the license fee, has one or more licensed individuals associated with the entity and only those licensed individuals execute contracts for irrigation construction or irrigation contracting on behalf of the business entity. The individual licensee must directly supervise the contract and may not execute a contract on behalf of a business entity that is not licensed by the Board. The Board may issue a license to an individual who is not a resident of this State if the individual otherwise meets the licensing requirements of the Chapter, and that individual may qualify as the individual licensee required for a business entity to be licensed. Finally, the Board may issue a license in the name of a foreign corporation or foreign limited liability company provided the foreign entity is properly registered with the Secretary of State and otherwise meets the licensure qualifications for a domestic business entity. Similar provisions apply to licensing foreign partnerships. If the licensed individual ceases to be associated with the business entity, the business entity must notify the Board in writing and has 90 days from the date of notification to obtain another individual licensee. The Board must suspend the license of the business entity if it does not comply with these requirements.

G.S. 89G-6.2 requires the Board provide the Secretary of Revenue with information related to nonresident individuals and foreign entities licensed by the Board. If the Secretary notifies the Board that a nonresident individual or a foreign entity owes a delinquent income tax debt, the Board shall not renew that person's license unless the Secretary notifies the Board that the debt is paid or is being paid under an installment agreement.

Section 5 allows a 60-day grace period during which a licensed individual may obtain the required continuing education credits without forfeiture of the license.

Section 6 creates a $250 reinstatement fee.

Section 7 allows the Board to assess the costs, including attorneys' fee, of a proceeding against an applicant or a licensee.

EFFECTIVE DATE: This act becomes effective October 1, 2011.

Kory Goldsmith, counsel to Senate Commerce, substantially contributed to this summary.

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES	**SEE ASSUMPTIONS AND METHODOLOGY**				
EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Irrigation Contractors' Licensing Board

EFFECTIVE DATE: This act becomes effective October 1, 2011.

BILL SUMMARY:

Senate Bill 405 amends GS 89G-1 by adding new definitions to the statute. It amends GS 89G-3 (providing exemptions from the provisions of GS Chapter 89G, Irrigation Contractors) to clarify that the exemption applies to a general contractor classified under GS 87-10(b) as a building contractor, a residential contractor, or a public utilities contractor using the contractor's own employees to perform work. It limits exempted public utilities contractors to persons performing only the activities described in GS 87-10(b)(3)a. The bill clarifies that the licensure exemption for any federal, state or local government performing irrigation construction or contracting work on public property only applies if the work is done by employees of those entities. It clarifies the term "irrigation construction or irrigation contracting" throughout, and directs the Revisor of Statutes to make conforming statutory changes as necessary.

The bill amends GS 89G-5(11) to clarify that the NC Irrigation Contractors' Licensing Board (Board) has the power to require licensees to file and maintain an adequate surety bond or letter of credit. It amends GS 89G-9(a) to clarify that any person who desires to continue to practice irrigation contracting or irrigation construction must apply for license renewal and submit the

required fees. It amends GS 89G-9(b), allowing the Board to suspend a licensee's license for 30 days (rather than lose) for failure to obtain continuing education units, with reinstatement after fee payment. The bill specifies that failure to request reinstatement and pay the fee will result in license forfeiture. It amends GS 89G-10(a) by decreasing the reinstatement fee to $250 (previously $500).

It enacts new GS 89G-6.1 to allow the Board to issue a license in the name of a corporation, limited liability company, partnership, or in an assumed or designated trade name if the respective conditions are met. The bill enacts new GS 89G-6.2 to allow the Board to issue a license to a nonresident individual or a foreign entity that meets all licensure requirements. It enacts GS 89G-9(c) to increase the length of mandatory license suspension from 30 to 60 days for failure to obtain required continuing education units. It enacts new GS 89G-11(b), allowing the Board to assess costs for disciplinary proceedings against an applicant or licensee.

ASSUMPTIONS AND METHODOLOGY:

The North Carolina Irrigation Contractors' Licensing Board was unable to estimate the number of licensees who pay a reinstatement fee annually. That fee amount would decrease from $500 to $250 under Senate Bill 405. They did state that this would impact a small number of the 900 individual licensees, therefore, yielding a minimal negative impact on revenues.

S 1

SENATE BILL 537

Short Title:	Increase In Rem Foreclosure Fee.	(Public)
Sponsors:	Senator Hartsell.	
Referred to:	Finance.	

April 12, 2011

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE IN REM FORECLOSURE FEE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-375 reads as rewritten:

"**§ 105-375. In rem method of foreclosure.**

...

(c) Notice to Taxpayer and Others. –

(1) Notice required. – The tax collector filing the certificate provided for in subsection (b) of this section, shall, at least 30 days prior to docketing the judgment, send notice of the tax lien foreclosure to the taxpayer, as defined in G.S. 105-273(17), at the taxpayer's last known address, and to all lienholders of record who have a lien against the taxpayer (including any liens referred to in the conveyance of the property to the taxpayer).

(2) Contents of notice. – All notice required by this subsection shall state that a judgment will be docketed and the proposed date of the docketing, that execution will be issued as provided by law, a brief description of the real property affected, and that the lien may be satisfied prior to judgment being entered.

(3) Service of notice. – The notice required by this subsection shall be sent to the taxpayer by registered or certified mail, return receipt requested.

(4) Additional efforts may be required. – If within 10 days following the mailing of the notice, a return receipt has not been received by the tax collector indicating receipt of the notice, then the tax collector shall do both of the following:

a. Make reasonable efforts to locate and notify the taxpayer and all lienholders of record prior to the docketing of the judgment and the issuance of the execution. Reasonable efforts may include posting the notice in a conspicuous place on the property, or, if the property has an address to which mail may be delivered, mailing the notice by first-class mail to the attention of the occupant.

b. Have a notice published in a newspaper of general circulation in the county once a week for two consecutive weeks directed to, and naming, all unnotified lienholders and the taxpayer that a judgment will be docketed against the taxpayer.

(5) Costs of notice added to lien. – All costs of mailing and publication, plus a charge of two hundred fifty dollars ~~($50.00)~~($250.00) to defray administrative costs, shall be added to the amount of taxes that are a lien on

the real property and shall be paid by the taxpayer to the taxing unit at the time the taxes are collected or the property is sold.

...."

SECTION 2. This act becomes effective July 1, 2011, and applies to in rem foreclosure proceedings commenced on or after that date.

SENATE BILL 537:
Increase In Rem Foreclosure Fee

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 17, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: Senate Bill 537[1] would increase the administrative cost a taxing unit may impose for the in rem procedure of tax foreclosure from $50 to $250.

CURRENT LAW: There are two different tax foreclosure procedures a taxing unit may pursue to enforce a lien on real property for delinquent taxes[2]: the mortgage style procedure[3] which involves a standard civil action filed in State court and the in rem procedure[4] which is an expedited procedure that permits a taxing unit to docket a judgment against the property in state court and proceed with a foreclosure sale within three months to two years after the judgment is docketed. In a mortgage style procedure, the costs of the action may be added to the amount of the taxes due; these costs may include a reasonable attorney's fee. In an in rem procedure, the costs of mailing and publication plus a $50 charge to defray administrative expenses may be added to the amount of taxes due; if an attorney is used, the attorney fee is paid by the taxing unit and may not be added to the judgment as part of the costs of the action.[5]

BILL ANALYSIS: Senate Bill 537 would increase the amount of the charge for administrative costs that may be added to the tax due as part of the costs of the action in an in rem foreclosure proceeding for delinquent tax due. The current administrative cost of $50 has not been increased since it was first allowed in 1987. Senate Bill 537 would increase the amount of the charge to $250. Much of the administrative time required for an in rem foreclosure is spent researching the property's chain of title.

EFFECTIVE DATE: The bill would become effective July 1, 2011, and apply to in rem foreclosure proceedings commenced on or after that date.

S537-SMRB-50(e1) v1

[1] Senate Bill 537 is identical to House Bill 449, introduced by Rep. Setzer. House Bill 449 is currently in House Finance.
[2] Taxes become delinquent when interest begins to accrue on January 6 of the year in which the taxes were levied.

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES:					
Local Governments:	***Increase in recovery of administrative costs related to in rem foreclosures***				

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Local Governments; NC Dept. of Revenue

EFFECTIVE DATE: Effective for in rem foreclosures on or after July 1, 2011.

BILL SUMMARY:
Senate Bill 537 would increase the amount of the charge for the administrative costs that may be added to the tax due as part of the costs of the action in an in rem foreclosure proceeding for delinquent tax due. The current administrative cost of $50 has not been increased since it was first allowed in 1987. Senate Bill 537 would increase the amount of the charge to $250. Much of the administrative time required for an in rem foreclosure is spent researching the property's chain of title.

Source: Committee Counsel Summary

ASSUMPTIONS AND METHODOLOGY:
Although no data is available on the number of in rem foreclosure proceedings in the state, this method of foreclosure has become more common in recent years. The $50 fee that is currently charged is not adequate to recover administrative costs to the taxing unit, particularly when a clear chain of title has to be established. The $250 fee would more closely reflect the actual administrative costs associated with in rem foreclosures.

SENATE BILL 670
Health Care Committee Substitute Adopted 5/12/11

Short Title: Revise Membership/Hearing Aid Fitters Board. (Public)

Sponsors:

Referred to:

April 20, 2011

A BILL TO BE ENTITLED

AN ACT RELATING TO HEARING AID FITTING AND DISPENSING BY CERTAIN LICENSED AUDIOLOGISTS AND REVISING THE MEMBERSHIP ON THE NORTH CAROLINA STATE HEARING AID DEALERS AND FITTERS BOARD.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 93D-2 reads as rewritten:

"**§ 93D-2. Fitting and selling without license unlawful.**

It shall be unlawful for any person to fit or sell hearing aids unless ~~he~~the person has first obtained a license from the North Carolina State Hearing Aid Dealers and Fitters ~~Board~~Board, or obtained a license under Article 22 of Chapter 90 of the General Statutes and possesses a doctoral degree in audiology (AuD), or is an apprentice working under the supervision of ~~a board licensee.~~either such licensee and is registered in accordance with G.S. 93D-9."

SECTION 2. G.S. 93D-3(a) reads as rewritten:

"(a) There is hereby created a board whose duty it shall be to carry out the purposes and enforce the provisions of this Chapter, and which shall be known as the "North Carolina State Hearing Aid Dealers and Fitters Board." The Board shall be composed of seven members. Four members who have been actively engaged in the fitting and selling of hearing aids for three years pursuant to licensure under this Chapter shall be appointed by the Governor. These initial appointments are for the following terms: one for one year, one for two years, one for three years and one for four years. All appointments made on or after July 1, 1981, shall be for terms of three years.

One member shall be appointed by the Governor who shall be a physician practicing in North Carolina, preferably specializing in the field of otolaryngology. All appointments shall be for terms of three years.

One member, who shall be a person with hearing loss, shall be appointed by the Governor to represent the interest of hearing aid consumers.~~from a list of two audiologists residing in North Carolina, which list shall be compiled by the North Carolina Speech and Hearing Association. This initial appointment shall be for a term of three years.~~ All appointments made on or after July 1, 1981, shall be for a term of three years.

One member shall be appointed by the Governor to represent the interest of the public at large. This member shall have no ties to the hearing aid business nor shall he be an audiologist. The Governor shall appoint the public member not later than July 1, 1981, to serve a term of three years.

All Board members serving on June 30, 1981, shall be eligible to complete their respective terms. No member appointed to a term on or after July 1, 1981, shall serve more than two complete consecutive terms.

Vacancies on the Board shall be filled by appointment of the Governor. Appointees shall serve the unexpired term of their predecessor in office and must be appointed from the same category as their predecessor in office. The members of the Board, before entering their duties, shall respectively take all oaths taken and prescribed for other State officers, in the manner provided by law, which oaths shall be filed in the office of the Secretary of State, and the Board shall have a common seal."

SECTION 3. G.S. 93D-3(c)(14) reads as rewritten:

"(14) Have the power to set and collect fees in accordance with Chapter 150B of the General Statutes for the items listed in this subdivision and for other items for which this Chapter gives the Board the authority to set a fee:

a. For a continuing education make-up class provided by the Board, a fee not to exceed fifty dollars ($50.00) per person for each day of instruction. The Board may not offer a make-up class that is longer than two days;

b. For a license examination preparation course provided by the Board, a fee not to exceed fifty dollars ($50.00) per person for each day of instruction. The Board may not offer an examination preparation course that is longer than three days;

c. For approval of a continuing education program provider, a fee not to exceed forty dollars ($40.00);

d. For verifying and recording attendance at a continuing education program not provided by the Board, a fee not to exceed fifteen dollars ($15.00) per licensee per program;

e. For providing a voluntary two-day apprentice training workshop, a fee not to exceed one hundred dollars ($100.00) per person, and for providing a three-day voluntary apprentice training workshop, a fee not to exceed one hundred fifty dollars ($150.00) per person;

f. For administering an examination, a fee of three hundred dollars ~~($300.00); and~~($300.00);

g. For the registration of persons not licensed under this Chapter providing supervision of apprentices registered under G.S. 93D-9, a fee of one hundred fifty dollars ($150.00) per annum; and".

SECTION 4. G.S. 93D-5(a) reads as rewritten:

"(a) Except as provided in G.S. 93D-2, no~~No~~ person shall begin the fitting and selling of hearing aids in this State unless the person has been issued a license by the Board or is an apprentice working under the supervision of a ~~licensee.~~person authorized to fit and sell hearing aids in this State. Except as hereinafter provided, each applicant for a license shall pay a fee set by the Board, not to exceed two hundred fifty dollars ($250.00), which fee may be prorated by the Board, and shall show to the satisfaction of the Board that the applicant:

(1) Is a person of good moral character.

(2) Is 18 years of age or older.

(3) Has an education equivalent to a four-year course in an accredited high school.

(4) Repealed by Session Laws 2007-406, s. 3, effective August 21, 2007."

SECTION 5. G.S. 93D-9 reads as rewritten:

"**§ 93D-9. Registration of apprentices.**

(a) Any person age 17 or older may apply to the Board for registration as an apprentice. Each applicant must be sponsored by a ~~hearing aid dealer and fitter licensed by the Board.~~person authorized to fit and sell hearing aids in this State.

(b) Upon receiving an application accompanied by a fee in an amount set by the Board, not to exceed one hundred dollars ($100.00), the Board may register the applicant as an

apprentice, which shall entitle the applicant to fit and sell hearing aids under the supervision of ~~a holder of a regular license.~~a person authorized to fit and sell hearing aids in this State.

(c) No applicant shall be registered as an apprentice by the Board under this section unless the applicant shows to the satisfaction of the Board that the applicant is or will be supervised and trained by a ~~hearing aid fitter and seller who holds a license.~~ person authorized to fit and sell hearing aids in this State.

(d) If a person 18 years of age or older who is registered as an apprentice under this section does not take the next succeeding examination given after a minimum of one full year of apprenticeship, the person's apprentice registration shall not be renewed, except for good cause shown to the satisfaction of the Board.

(e) If a person who is registered as an apprentice takes and fails to pass the next succeeding examination given after one full year of apprenticeship, the Board may renew the apprenticeship license for a period of time to end 30 days after the results of the examination given next after the date of renewal of said registration. The fee for renewal of apprenticeship registration shall be set by the Board at an amount not to exceed one hundred fifty dollars ($150.00).

(f) The Board shall adopt rules implementing initial and renewal registration of apprentices."

SECTION 6. The terms of the two audiologist members currently serving on the North Carolina State Hearing Aid Dealers and Fitters Board (Board) shall expire on the effective date of this act. Vacancies on the Board pursuant to this section shall be filled in accordance with G.S. 93D-3.

SECTION 7. This act is effective when it becomes law.

SENATE BILL 670:
Revise Membership/Hearing Aid Fitters Board

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 16, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 670 authorizes a person who is licensed as an audiologist by the Board of Examiners for Speech and Language Pathologists and Audiologists to fit or sell hearing aids without obtaining a license from the North Carolina State Hearing Aid Dealers and Fitters Board. It also modifies the membership of the Board to reflect this change. The AMENDMENT clarifies the implementation of this change in the membership of the Board.***

CURRENT LAW: It is unlawful for a person to fit or sell hearing aids without being licensed to do so by the North Carolina State Hearing Aid Dealers and Fitters Board.

In addition to this Board, there exists the Board of Examiners for Speech and Language Pathologists and Audiologists. This Board licenses speech pathologists and audiologists independently. The be licensed as an audiologist, a person must possess a doctoral degree in audiology, have 1,800 hours of supervised professional experience, and pass a Board-approved exam.

The licensing chapter for audiologists, Article 22 of Chapter 90 of the General Statutes, specifically provides that its licensing requirements do not apply to a person licensed by the North Carolina State Hearing Aid Dealers and Fitters Board and it more specifically provides that nothing in the Article may be construed to prevent a person licensed by the Hearing Aid Dealers and Fitters Board from the practice of fitting and selling hearing aids. The licensing chapter for hearing aid dealers and fitters, Chapter 93D of the General Statutes, does not contain a similar provision.

BILL ANALYSIS: Senate Bill 670 would provide that a person who is licensed as an audiologist by the Board of Examiners for Speech and Language Pathologists and Audiologists may fit and sell hearing aids without being licensed by the North Carolina State Hearing Aid Dealers and Fitters Board. It would also make the following conforming changes throughout the licensure chapter for hearing aid dealers and fitters consistent with this exemption:

- It would allow a person to serve as an apprentice under the supervision of a licensed audiologist.
- It would require an audiologist that supervises an apprentice to register with the Hearing Aid Dealers and Fitters Board and pay a registration fee of $100 a year unless the audiologist is a licensee of the Board.
- It would change the membership of the Board. Under the current law, one member of the seven member board must be an audiologist recommended by the North Carolina Speech and Hearing Association. The bill would replace this appointment with one that would represent the interest of hearing aid consumers. The appointee must be a person with a hearing loss.

EFFECTIVE DATE: This act is effective when it becomes law.

AMENDMENT: To effectuate the change in the Board's membership, Section 6 of the bill intends to replace the current audiologist on the Board that is recommended by the North Carolina Speech and Hearing Association with a member with a hearing loss. The amendment clarifies this intent.

Shawn Parker, counsel to the Senate Health Care Committee, substantially contributed to this summary.

S670-SMRB-49(e2) v1

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

Legislative Fiscal Note

BILL NUMBER: Senate Bill 670 (Second Edition)

SHORT TITLE: Revise Membership/Hearing Aid Fitters Board.

SPONSOR(S): Senator Hartsell

FISCAL IMPACT

Yes (X) **No ( )** **No Estimate Available ( )**

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES					
NC State Hearing Aid Dealers and Fitters Board	($53,000)	($54,875)	($56,900)	($58,950)	($60,975)
EXPENDITURES					
POSITIONS (cumulative):					

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina State Hearing Aid Dealers and Fitters Board

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY:

Senate Bill 670 amends GS 93D-3 to delete the requirement that one member of the board be an audiologist appointed from a list of nominees from the NC Speech and Hearing Association, and it requires that four members of the board be actively engaged in fitting and selling hearing aids and be licensed under GS Chapter 93D. The bill specifies that the terms of the two members on the board who are audiologists expire on the date the bill becomes law.

Senate Bill 670 amends GS 93D-2 to allow a person with a license under Article 22 of GS Chapter 90 and a doctoral degree in audiology to fit or sell hearing aids. It provides the same authorization to an apprentice working under such licensee (or those licensed by the North Carolina State Hearing Aid Dealers and Fitters Board) who is registered in accordance with GS 93D-9. The bill amends GS 93D-3(c)(14) to authorize the Board to set a fee of $150 a year for the registration of persons not licensed under GS Chapter 93D providing supervision of apprentices registered under

GS 93D-9. The bill amends GS 93D-3(a) to require one member of the Board be a person with hearing loss.

ASSUMPTIONS AND METHODOLOGY:

According to the North Carolina State Hearing Aid Dealers and Fitters Board, approximately 200 of their 560 members possess a doctoral degree in audiology (AuD) and licensure in speech and language pathology or audiology. Under Senate Bill 670, these 200 members would no longer need to be licensed by the North Carolina State Hearing Aid Dealers and Fitters Board to fit or sell hearing aids.

If all 200 current members who possess a doctoral degree in audiology (AuD) and licensure in speech and language pathology or audiology chose not to be licensed by the North Carolina State Hearing Aid Dealers and Fitters Board, the Board's revenue would decrease by $53,000 for FY11-12. The revenue figure is derived by multiplying the $250.00 license renewal fee plus the $15.00 continuing education reporting fee by the 200 current members who could possibly not renew their license. This amount has been grown by the North Carolina Health Services Employment growth rate.

SENATE BILL 685
Education/Higher Education Committee Substitute Adopted 5/11/11

Short Title: Modify Regulation of Proprietary Schools. (Public)

Sponsors:

Referred to:

April 20, 2011

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAW RELATING TO THE REGULATION OF PROPRIETARY SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 8 of Chapter 115D of the General Statutes is amended by adding three new sections to read:

"**§ 115D-89.1. State Board of Proprietary Schools.**

(a) The State Board of Proprietary Schools is established in the North Carolina Community Colleges System Office.

(b) The State Board of Proprietary Schools shall consist of seven members as follows:

(1) The President of the North Carolina Community College System or the President's designee.

(2) Two members appointed by the Governor.

(3) Two members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate, one of whom shall be the owner or director of a proprietary school licensed in the State with less than 100 total annual enrollment of students and one the owner or director of a proprietary school or group of proprietary schools licensed in the State with more than 750 total annual enrollment of students.

(4) Two members appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives, one of whom shall be the owner or director of a proprietary school licensed in the State with between 100 and 750 total annual enrollment of students and one the owner or director of a proprietary school licensed in the State.

The appointing authorities shall appoint members who have a demonstrated history of experience in proprietary or public postsecondary education, an understanding of standards of quality in postsecondary education, and leadership beyond a particular institution.

(c) No member of the General Assembly, spouse of a member of the General Assembly, or officer or employee of the State shall be eligible to serve on the State Board of Proprietary Schools.

(d) One initial member appointed by each appointing authority shall be appointed for a term ending December 30, 2014; the other member shall be appointed for a term ending December 30, 2017. Subsequent appointments shall be for six-year terms beginning on January 1. No person shall be appointed or elected to more than two consecutive six-year terms.

Vacancies in appointments made by the Governor shall be filled by the Governor. Vacancies in the appointments made by the General Assembly shall be filled in accordance with G.S. 120-122.

(e) The State Board of Proprietary Schools may declare vacant the office of a member who does not attend three consecutive scheduled meetings without justifiable excuse. The Chair of the State Board of Proprietary Schools shall notify the appropriate appointing authority of any such vacancy.

(f) The State Board of Proprietary Schools shall elect from its membership a chair and such other officers as it may deem necessary. Officers shall serve for a term of two years.

(g) The State Board of Proprietary Schools shall meet at stated times established by the State Board of Proprietary Schools but not less frequently than four times a year. Special meetings of the State Board of Proprietary Schools may be set at any regular meeting or may be called by the chair. A majority of the qualified members of the State Board of Proprietary Schools shall constitute a quorum for the transaction of business.

"**§ 115D-89.2. Office of Proprietary Schools; staff.**

The Office of Proprietary Schools shall be the principal administrative unit under the direction of the State Board of Proprietary Schools. Unless specified in G.S. 115D-89.3, the State Board of Proprietary Schools has authority to recommend for adoption and to administer all policies, regulations, and standards which it deems necessary for the operation of the Office of Proprietary Schools.

The State Board of Proprietary Schools shall hire an executive director of the Office of Proprietary Schools, who shall serve as chief administrative officer of the Office of Proprietary Schools, or contract with an outside consultant to serve as the executive director. The compensation of this position shall be fixed by the State Board of Proprietary Schools from funds provided by fees deposited in the Commercial Education Fund.

The State Board of Proprietary Schools may hire other employees as it deems necessary to carry out the provisions of this Article. The compensation of the staff members hired by the State Board of Proprietary Schools shall be fixed by the State Board of Proprietary Schools upon recommendation of the Executive Director of the Office of Proprietary Schools. The Executive Director shall provide an annual projected operating budget to the State Board of Proprietary Schools at a time each year designated by the State Board of Proprietary Schools. The budget will be approved by the State Board of Proprietary Schools from funds provided by fees deposited in the Commercial Education Fund.

"**§ 115D-89.3. State Board of Proprietary Schools and State Board of Community Colleges; licensing authority and coordination of responsibilities to administer Article.**

The State Board of Community Colleges, having the authority under G.S. 115D-89 to grant and issue licenses to proprietary schools by and through the State Board of Proprietary Schools, shall receive written recommendation from the State Board of Proprietary Schools concerning applicants for licenses and annual renewal applications for licenses. The State Board of Proprietary Schools shall prepare and have approved by the State Board of Community Colleges a certificate of license that reflects the recommendation of the State Board of Proprietary Schools and approval by the State Board of Community Colleges. The State Board of Community Colleges shall also receive from the State Board of Proprietary Schools and have authority concerning proposed changes to the General Statutes and rules affecting proprietary schools. The State Board of Community Colleges shall receive a written report annually from the State Board of Proprietary Schools to include the number of schools receiving initial licenses during the previous year, a list of currently licensed proprietary schools, school closures during the previous year, including a complete report of actions concerning any catastrophic closures, complaints received and resulting decisions or actions, total fees received, and balances of the Commercial Education Fund and the Student Protection Fund. The State Board of Proprietary Schools shall provide the State Board of Community Colleges with any information requested."

SECTION 2. G.S. 115D-88(4c) reads as rewritten:

"(4c) Classes or schools that the State Board, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools determines are avocational, recreational, self-improvement, or continuing education for already trained and occupationally qualified individuals."

SECTION 3. G.S. 115D-89 reads as rewritten:

"**§ 115D-89. State Board of Community Colleges to administer Article; issuance of diplomas by schools; investigation and inspection; rules.**

(a) The State Board of Community Colleges, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, shall have authority to administer and enforce this Article and to grant and issue licenses to proprietary schools whose sustained curriculum is of a grade equal to that prescribed for similar public schools and educational institutions of the State and which have met the standards set forth by the Board, including but not limited to course offerings, adequate facilities, financial stability, competent personnel and legitimate operating practices.

(b) Any such proprietary school may by and with the approval of the State Board of Community Colleges issue certificates and diplomas.

(c) The State Board, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, shall formulate the criteria and the standards evolved thereunder for the approval of such schools or educational institutions, provide for adequate investigations of all schools applying for a license and issue licenses to those applicants meeting the standards fixed by the State Board, maintain a list of schools approved under the provisions of this Article which list shall be available for the information of the public, and provide for periodic inspection of all schools licensed under the provisions of this Article. Through periodic reports required of licensed schools and by inspections made by authorized representatives of the State Board of Community Colleges, the State Board of Community Colleges shall have general supervision over proprietary schools in the State, the object of said supervision being to protect the health, safety and welfare of the public by having the proprietary schools maintain adequate, safe and sanitary school quarters, sufficient and proper facilities and equipment, sufficient and qualified teaching and administrative staff, and satisfactory programs of operation and instruction, and to have the school carry out its advertised promises and contracts made with its students and patrons. To this end the State Board of Community Colleges is authorized to issue such rules not inconsistent with the provisions of this Article as are necessary to administer the provisions of this Article.

The State Board, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, may request any occupational licensing or approving board or agency in this State to adopt rules requiring the approval of that board or agency for a course of study. Under these rules, the board or agency shall pass on the adequacy of equipment, curricula, and instructional personnel. The State Board of Community Colleges may deny approval to a course of study that is not approved by such board or agency."

SECTION 4. G.S. 115D-90 reads as rewritten:

"**§ 115D-90. License required; application for license; school bulletins; requirements for issuance of license; license restricted to courses indicated; supplementary applications.**

(a) No person shall operate, conduct or maintain or offer to operate in this State a proprietary school unless a license is first secured from the State Board of Community Colleges granted in accordance with the provisions of this Article and the rules adopted by the Board under the authority of G.S. 115D-89. The license, when issued, shall constitute the formal acceptance by the Board of the educational programs and facilities of each school approved.

(b) Application for a license shall be filed in the manner and upon the forms prescribed and furnished by the ~~President of the Community College System~~ State Board of Proprietary Schools for that purpose. Such application shall be signed by the applicant and properly

verified and shall contain such of the following information as may apply to the particular school for which a license is sought:

(1) The title or name of the school or classes, together with the name and address of the owners and of the controlling officers thereof.
(2) The general field of instruction.
(3) The place or places where such instruction will be given.
(4) A specific listing of the equipment available for instruction in each field.
(5) The qualifications of instructors and supervisors.
(6) Financial resources available to equip and to maintain the school or classes.
(7) Such additional information as the State Board, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, may deem necessary to enable it to determine the adequacy of the program of instruction and matters pertaining thereto. Each application shall be accompanied by a copy of the current bulletin or catalog of the school which shall be in published form and certified by an authorized official of the school as being current, true, and correct in content and policy. The school bulletin shall contain the following information:
    a. Identifying data, such as volume number and date of publication.
    b. Names of the institution and its governing body, officials and faculty.
    c. A calendar of the institution showing legal holidays, beginning and ending date of each quarter, term or semester, and other important dates.
    d. Institution's policy and regulations relative to leave, absences, class cuts, make-up work, tardiness and interruptions for unsatisfactory attendance.
    e. Institution's policy and regulations on enrollment with respect to enrollment dates and specific entrance requirements for each course.
    f. Institution's policy and regulations relative to standards of progress required of the student by the institution. This policy will define the grading system of the institution; the minimum grades considered satisfactory; conditions for interruption for unsatisfactory grades or progress and description of the probationary period, if any, allowed by the institution; and conditions of reentrance for those students dismissed for unsatisfactory progress. A statement will be made regarding progress records kept by the institution and furnished the student.
    g. Institution's policy and regulations relating to student conduct and conditions for dismissal for unsatisfactory conduct.
    h. Detailed schedule for fees, charges for tuition, books, supplies, tools, student activities, laboratory fees, service charges, rentals, deposits, and all other charges.
    i. Policy and regulations of the institution relative to the refund of the unused portion of tuition, fees and other charges in the event the student does not enter the course or withdraws or is discontinued therefrom. The policy and regulations shall provide for, at a minimum, a full refund if a student withdraws before the first day of class or the school cancels the class and a seventy-five percent (75%) refund if the student withdraws within the first twenty-five percent (25%) of the period of enrollment for which the student was charged.
    j. A description of the available space, facilities and equipment.

k. A course outline for each course for which approval is requested, showing:
1. Subjects or units in the course,
2. Type of skill to be learned, and
3. Approximate (i) time; (ii) clock hours, and (iii) credit hours or credit hours equivalent, as appropriate, to be spent on each subject or unit.

l. Policy and regulations of the institution relative to granting credit for previous educational training.

(c) After due investigation and consideration on the part of the State Board, acting by and through the ~~President of the Community College System.~~State Board of Proprietary Schools, as provided herein, a license shall be granted to the applicant when it is shown to the satisfaction of ~~said~~ the State Board that said applicant, school, programs of study or courses are found to have met the following criteria:

(1) The courses, curriculum and instruction are consistent in quality, content and length with similar courses in public schools and other private schools in the State, with recognized accepted standards.

(2) There is in the institution adequate space, equipment, instructional material and instructor personnel to provide training of good quality.

(3) Education and experience qualifications of director, administrators and instructors are adequate.

(4) The institution maintains a written record of the previous education and training of the student.

(5) A copy of the course outline, schedule of tuition, fees and other charges, regulations pertaining to absences, grading policy and rules of operation and conduct will be furnished the student upon enrollment.

(6) Upon completion of training, the student is given a certificate or diploma by the institution indicating the approved course or subjects and indicating that training was satisfactorily completed.

(7) Adequate records as prescribed by the State Board of Community Colleges, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, are kept to show attendance and progress or grades and satisfactory standards relating to attendance, progress and conduct are enforced.

(8) The school complies with all local, city, county, municipal, State and federal regulations, such as fire codes, building and sanitation codes. The State Board of Community Colleges may require such evidence of compliance as is deemed necessary.

(9) The school is financially sound and capable of fulfilling its commitments for training.

(10) The school does not exceed its enrollment limitation as established by the State Board of Community Colleges.

(11) The school does not utilize advertising of any type which is erroneous or misleading, either by actual statement, omission or intimation.

(12) The school's administrators, directors, owners and instructors are of good reputation and character.

(13) Such additional criteria as may be deemed necessary by the State ~~Board.~~Board of Community Colleges.

(d) Any license issued shall be restricted to the programs of instruction or courses or subjects specifically indicated in the application for a license. The holder of a license shall present a supplementary application as may be directed by the ~~President of the Community~~

~~College System~~ State Board of Proprietary Schools for approval of additional programs of instruction, courses, or subjects, in which it is desired to offer instruction during the effective period of the license."

SECTION 5. G.S. 115D-91 reads as rewritten:

"**§ 115D-91. Duration and renewal of licenses; notice of change of ownership, administration, etc.; license not transferable.**

(a) All licenses issued shall expire on ~~June 30 next following the date of issuance.~~June 30.

(b) Unless a duration is otherwise prescribed by the State Board of Community Colleges, licenses shall be renewable annually on July 1 if all of the following conditions are met:

(1) An application for the renewal of the license has been filed in the form and manner prescribed by the State Board, acting by and through the ~~President of the Community College System.~~ State Board of Proprietary Schools.

(2) The renewal fee has been paid.

(3) The school and its courses, facilities, faculty and all other operations are found to meet the criteria set forth in the requirements for a school to secure an original license.

(c) After a license is granted to any school by the State Board of Community Colleges on the basis of its application, it shall be the responsibility of said school to notify immediately ~~said~~ the State Board of any changes in the ownership, administration, location, faculty, the instructional program or other changes as may affect significantly the course of instruction offered.

(d) In the event of the sale of such school, the license already granted to the original owner or operators thereof shall not be transferable to the new ownership or operators. Provided, however, the ~~President of the Community College System~~ State Board of Proprietary Schools may issue a 90-day, temporary operating license to a school upon its sale if the school held a valid, current license prior to the sale, and if the ~~President~~ State Board of Proprietary Schools finds that the school is likely to qualify after the sale for a license under this Article."

SECTION 6. G.S. 115D-92 reads as rewritten:

"**§ 115D-92. Authority to establish fees; Commercial Education Fund established; refund of fees.**

The ~~State Board of Community Colleges~~ State Board of Proprietary Schools shall establish reasonable fees for licenses, renewals, and approvals granted, and for inspections performed pursuant to this ~~Article.~~Article in accordance with Article 2A of Chapter 150B of the General Statutes.

The fees and licenses collected under this section shall be placed in a special fund to be designated the "Commercial Education Fund" and shall be used under the supervision and direction of the ~~State Board of Community Colleges~~ State Board of Proprietary Schools for the administration of this Article. No license fee shall be refunded in the event the application is rejected or the license suspended or revoked."

SECTION 7. G.S. 115D-93 reads as rewritten:

"**§ 115D-93. Suspension, revocation or refusal of license; notice and hearing; judicial review; grounds.**

(a) A refusal to issue, refusal to renew, suspension of, or revocation of a license under this section shall be made in accordance with Chapter 150B of the General Statutes.

(b) A decision under this section to refuse to grant, refuse to renew, suspend, or revoke a license is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes.

(c) The State Board, acting by and through the ~~President of the Community College System,~~ State Board of Proprietary Schools, shall have the power to refuse to issue or renew

any such license and to suspend or revoke any such license theretofore issued in case it finds one or more of the following:

(1) That the applicant for or holder of such a license has violated any of the provisions of this Article or any of the rules promulgated thereunder.

(2) That the applicant for or holder of such a license has knowingly presented to the State Board of Community Colleges false or misleading information relating to approval or license.

(3) That the applicant for or holder of such a license has failed or refused to permit authorized representatives of the State Board of Community Colleges to inspect the school, or has refused to make available to them at any time upon request full information pertaining to matters within the purview of the State Board of Community Colleges under the provisions of this Article.

(4) That the applicant for or holder of such a license has perpetrated or committed fraud or deceit in advertising the school or in presenting to the prospective students written or oral information relating to the school, to employment opportunities, or to opportunities for enrollment in other institutions upon completion of the instruction offered in the school.

(5) That the applicant or licensee has pleaded guilty, entered a plea of nolo contendere or has been found guilty of a crime involving moral turpitude by a judge or jury in any state or federal court.

(6) That the applicant or licensee has failed to provide or maintain premises, equipment or conditions which are adequate, safe and sanitary, in accordance with such standards of the State of North Carolina or any of its political subdivisions, as are applicable to such premises and equipment.

(7) That the licensee is employing teachers, supervisors or administrators who have not been approved by the State Board, acting by and through the ~~President of the Community College System.~~ State Board of Proprietary Schools.

(8) That the licensee has failed to provide and maintain adequate premises, equipment, materials or supplies, or has exceeded the maximum enrollment for which the school or class was licensed.

(9) That the licensee has failed to provide and maintain adequate standards of instruction or an adequate and qualified administrative, supervisory or teaching staff.

(10) That the applicant for or a holder of a license has failed to provide a required bond or bond alternative.

(11) That the applicant for or holder of a license has failed to pay assessments into the Student Protection Fund."

SECTION 8. G.S. 115D-95(b) reads as rewritten:

"(b) Amount. – An applicant for a license must file a bond with the North Carolina State Board of Community Colleges executed by the applicant as a principal and by a bonding company authorized to do business in this State. The bond must be payable to the State Board of Community Colleges, must be conditioned on fulfillment of the school's obligations, and must remain in effect until cancelled by the bonding company. The bonding company may cancel the bond upon 30 days' notice to the State Board of Community Colleges.

The application must set out calculations made by the applicant to determine the amount of bond required with the application. The required amount is determined as follows:

(1) Initial licensure. – For an applicant for initial licensure of a school, the bond amount is the amount determined by the State Board that is adequate to provide indemnification to any student, or the student's parent or guardian who has suffered a loss of tuition, fees, or any other instructional-related

expenses paid to the school. A bond amount shall be at least twenty-five thousand dollars ($25,000).

(2) First four renewals. – For a school that has been licensed for one year but less than six years, the bond shall be in an amount equal to the greatest amount of unearned paid tuition in the school's possession at anytime during the prior fiscal year. The bond amount shall be evaluated by the school quarterly and reported to the State Board or its representative. A quarterly evaluation requiring an increase of five percent (5%) or more in the amount of the bond held by the school shall require an immediate increase in the bond amount. Bond amounts also shall be evaluated pursuant to this subdivision and the rules of the State Board of Community Colleges and State Board of Proprietary Schools at the time of the school's annual license renewal and increased if necessary regardless of the amount of the change.

(3) Schools in operation more than five years. – A guaranty bond shall be required for license renewal for a school that has been continuously licensed to operate for more than five years in the State, as follows:

a. If the balance of the Student Protection Fund in G.S. 115D-95.1 is below the catastrophic loss amount, the school shall file a guaranty bond in an amount equal to the maximum amount of prepaid tuition held by the school during the prior fiscal year multiplied by the percentage amount the fund is deficient.

b. If the school held prepaid tuition in excess of the Student Protection Fund catastrophic loss amount during the prior fiscal year, in addition to any bond amount required by sub-subdivision a. of this subdivision, the school shall file a guaranty bond for the difference between the prepaid tuition amount held in the previous fiscal year and the Fund catastrophic loss amount."

SECTION 9. G.S. 115D-95.1 reads as rewritten:

"**§ 115D-95.1. Student Protection Fund.**

(a) Definitions. – As used in this section:

(1) "Catastrophic loss amount" means the amount of funds required to protect prepaid student tuition in case of a large-scale event that would draw against the Student Protection Fund. The amount is one million dollars ($1,000,000).

(2) "Fund cap amount" means the catastrophic loss amount plus a reserve amount. The amount is one million five hundred thousand dollars ($1,500,000).

(b) Student Protection Fund. – The Student Protection Fund is established in the Department of State Treasurer as a statewide fee-supported fund. Interest accruing to the Fund is credited to the Fund. The State Board of ~~Community Colleges~~ Proprietary Schools administers the Fund. The purpose of the Fund is to compensate students enrolled in a proprietary school licensed under this Article who have suffered a loss of tuition, fees, or any other instructional-related expenses paid to the school by reason of the failure of the school to offer or complete student instruction, academic services, or other goods and services related to course enrollment if the school ceases to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure.

(c) Student Protection Fund Advisory Committee. ~~The President of the North Carolina Community College System shall appoint a Student Protection Fund Advisory Committee. Members of the Committee shall be appointed for terms of three years.~~ The State Board of Proprietary Schools shall serve as the Student Protection Advisory Committee. The Committee shall advise the State Board of Community Colleges on matters related to the Fund,

including, but not limited to, the adjustment of the catastrophic loss amount and Fund cap amount.

~~The Committee shall consist of seven members as follows:~~

~~(1) Three professional staff members of the Community Colleges System Office.~~

~~(2) An owner/director of a proprietary school with less than 100 students, or the owner/director's designee.~~

~~(3) An owner/director of a proprietary school with between 100 and 750 students, or the owner/director's designee.~~

~~(4) An owner/director of a proprietary school or group of proprietary schools with more than 750 students, or the owner/director's designee.~~

~~(5) An owner/director of a proprietary school appointed at large, or the owner/director's designee.~~

(d) Initial Payment. – Prior to its first year of operation in the State, each proprietary school shall pay an initial amount of one thousand two hundred fifty dollars ($1,250) into the Fund.

(e) Annual Revenue Payment. – Each proprietary school operating in the State shall pay annually into the Fund an amount based on its annual gross tuition revenue generated in the State as follows:

Annual Gross Tuition Revenue	Amount of Assessment
$1.00 – $25,000	$200.00
$25,001 – $50,000	$250.00
$50,001 – $100,000	$300.00
$100,001 – $200,000	$400.00
$200,001 – $300,000	$500.00
$300,001 – $400,000	$600.00
$400,001 – $500,000	$700.00
$500,001 – $750,000	$1,000
$750,001 – $1,000,000	$1,250
$1,000,001 – $1,500,000	$1,500
$1,500,001 – $2,000,000	$2,000
Greater than $2,000,000	$2,000 plus one-twentieth of one percent (.05%) of annual gross tuition revenue over $2,000,000.

(f) Suspension of Payments. – If the Student Protection Fund balance is equal to or exceeds the Fund cap amount, the State Board of ~~Community Colleges~~ Proprietary Schools shall suspend payments into the Fund for schools that have been continuously licensed in the State for more than eight years. The State Board of Proprietary Schools shall require schools to resume payments into the Fund if the balance of the Fund is less than the catastrophic loss amount.

(g) Catastrophic Assessments. – If claims against the Student Protection Fund exceed the catastrophic loss amount, the State Board of ~~Community Colleges~~ Proprietary Schools may assess additional fees to the extent necessary to compensate students qualified for repayment under the Fund. The amount of the catastrophic assessment shall not exceed one-half of the amount of the annual revenue payment required by subsection (e) of this section. If the amount of the catastrophic assessment will be insufficient to cover qualified claims, the State Board shall develop a method of allocating funds among claims.

(h) Payment Required for Proprietary School Licensure. – The full and timely payment into the Fund pursuant to this section is a condition of licensure.

(i) Payments Nonrefundable. – No payment to the Student Protection Fund shall be refunded in the event that a school's license application is rejected or a school's license is suspended or revoked.

(j) Student Repayment. – A student, or the student's parent or guardian, who has suffered a loss of tuition, fees, or any other instructional-related expenses paid to a proprietary school licensed under this Article by reason of the school ceasing to operate for any reason, including the suspension, revocation, or nonrenewal of a school's license, bankruptcy, or foreclosure, may qualify for repayments under the Student Protection Fund. The State Board of Community Colleges first must issue repayment from the bonds issued under G.S. 115D-95. If the Student Protection Fund is insufficient to cover the qualified claims, the State Board must develop a method of allocating funds among claims.

(k) Rules. – The State Board of ~~Community Colleges~~Proprietary Schools shall adopt rules for the implementation of this section."

SECTION 10. Effective July 1, 2011, two positions in the Community Colleges System Office of Proprietary Schools shall be terminated.

SECTION 11. Appointments to the State Board of Proprietary Schools shall be made within 30 days after the effective date of this act.

SECTION 12. Sections 1 through 9 of this act become effective January 1, 2012. Section 10 of this act becomes effective July 1, 2011. The remainder of this act is effective when it becomes law.

SENATE BILL 685:
Modify Regulation of Proprietary Schools

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 17, 2011
Introduced by:	Sen. Apodaca	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 685 would create the State Board of Proprietary Schools in the North Carolina Community Colleges System to oversee the licensing of proprietary schools in the State.***

CURRENT LAW: The State Board of Community Colleges (State Board) acting by and through the President of the Community College System has the authority to administer and enforce provisions regarding proprietary schools and issue licenses to proprietary schools.

BILL ANALYSIS:

Section 1: The State Board of Proprietary Schools (SBPS) would be created within the North Carolina Community College System.

Membership: The SBPS would have 7 members including the following:

- The President of the North Carolina Community College System or the President's designee.
- 2 members appointed by the Governor.
- 2 members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate. One appointee must be the owner or director of a proprietary school with less than 100 students, and one appointee must be the owner or director of a proprietary school with more than 750 students.
- 2 members appointed by the General Assembly upon the recommendation of the Speaker of the House. One appointee must be the owner or director of a proprietary school with between 100 and 750 students, and one appointee must be the owner or director of a proprietary school.

The appointing authorities would be required to appoint members with a demonstrated history of experience in proprietary or public postsecondary education, an understanding of standards of quality in postsecondary education, and leadership beyond a particular institution. The members would serve staggered 6 year terms and may not serve more than 2 consecutive 6 year terms.

Office and Staff: The Office of the SBPS would be the principal administrative unit under the SBPS. The SBPS would have the authority to recommend for adoption and to administer all policies, regulations, and standards it deems necessary for the operation of the Office of the SBPS. An executive director may be hired or there may be a contract with an outside consultant to serve as the executive director. Compensation would be from funds provided by fee from the Commercial Education Fund. Other employees maybe hired as deemed necessary. The executive director would be required to provide an annual projected operating budget to the SBPS which would have to approve the budget from funds provided by fees deposited in the Commercial Education Fund.

Authority and Responsibilities: The SBPS would provide the State Board with written recommendations concerning applicants for licenses and annual renewal applications for licenses. It would also have to prepare a certificate of license for approval by the State Board that reflects the SBPS's recommendation. The SBPS shall be required to report annually to the State Board on the

number of schools receiving initial licenses during the previous year; a list of currently licensed proprietary schools; school closures including catastrophic closures; complaints received and resulting actions; total fees received, and balances of the Commercial Education and Student Protection Funds.

Sections 2-9: These sections would make conforming changes in the Article on Proprietary Schools. The SBPS would be given the authority to establish reasonable fees for licenses, renewals, and approvals granted and for inspections in accordance with Chapter 150B of the General Statutes. Both the Commercial Education Fund and the Student Protection Fund would be administered by the SBPS with the SBPS serving as the Student Protection Advisory Committee. The State Board would continue to hold any bonds executed by a proprietary school.

Sections 10-11: The two positions in the Community System Office of Proprietary Schools would be terminated effective July 1, 2011. Appointments to the SBPS would have to be made within 30 days after the effective date of the act.

EFFECTIVE DATE: Sections 1-9 of the bill would become effective January 1, 2012. Section 10 would become effective July 1, 2011 and the remainder of the bill would become effective when it becomes law.

Drupti Chauhan, counsel to Senate Education, substantially contributed to this summary.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: NC Community College System

EFFECTIVE DATE: Sections 1-9 are effective January 1, 2012. Section 10 is effective July 1, 2011. The remainder of this act is effective when it becomes law.

BILL SUMMARY:

Currently, the State Board of Community Colleges, acting by and through the President of the Community College System, has the authority to administer and enforce provisions regarding proprietary schools and to issue licenses to proprietary schools. Section 1 of Senate Bill 685 will create the State Board of Proprietary Schools (SBPS) in the North Carolina Community Colleges System (NCCCS) to oversee the licensing of proprietary schools in the State. It further creates the Office of the State Board of Proprietary Schools, which will be the principal administrative unit under SBPS. The SBPS will have the authority to higher an executive director and staff, or to contract these functions to an outside consultant. Compensation and operating expenses will be supported from funds provided from fees paid to the Commercial Education Fund, as established in G.S. 115D-92. The SBPS will provide the State Board of Community Colleges with written recommendations concerning applicants for licenses and annual renewal applications for licenses, as well as reporting annually to the State board.

Sections 2-9 of the bill make conforming change in the Article on Proprietary schools.

Section 10 directs that, effective July 1, 2011, two positions in the Community Colleges System Office of Proprietary Schools shall be terminated.

Section 11 directs that appointments to the SBPS be made within 30 days of the effective date of this act.

ASSUMPTIONS AND METHODOLOGY:

General Fund

Currently, the Proprietary Schools office within the NC Community Colleges System Office has three positions. Two of these three positions are currently receipt supported, and the third is supported by the General Fund. According to the Community Colleges System Office, if this bill were to become law, the General Fund position and one receipt supported position would be eliminated, shifting the proprietary school program entirely to receipt support. Savings to the General Fund from the elimination of the position would be $107,142 and 1 position in FY 2011-12. The table below shows the net savings from FY 2011-12 to FY 2015-16.

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
Positions	(1.00)	(1.00)	(1.00)	(1.00)	(1.00)
Salaries and Benefits	$ (101,492)	$ (108,740)	$ (116,463)	$ (122,883)	$ (128,286)
Operating	$ (5,650)	$ (5,822)	$ (5,996)	$ (6,145)	$ (6,298)
Total	$ (107,142)	$ (114,563)	$ (122,459)	$ (129,028)	$ (134,584)

Commercial Education Fund

It is not possible to estimate the impact to the Commercial Education Fund. The budget of the SBPS and the Office of Proprietary schools would be supported by funds provided by fees deposited in the fund. The impact to the fund would come from the cost of operations of the newly created SBPC and any changes in staffing costs.

At a minimum, the establishment of the SBPC is estimated to increase requirements to the Fund by $7,331 in FY 2012-13 (SBPC's first full year of operations), assuming standard subsistence and travel reimbursement amounts for each of the seven members for a minimum of four meetings per year. However, it is not possible to estimate the changes in staffing costs. Currently, two of the three positions are funded from Fund receipts (total of $135,903). This bill would eliminate one of these positions, effective July 1, 2011. However, the bill grants the SBPC the authority to hire additional staff or contract out staff functions entirely.

SOURCES OF DATA: Summary of Senate Bill 685, Research Division of the NC General Assembly; Community Colleges System Office; Moody's economy.com.

TECHNICAL CONSIDERATIONS: House Bill 200, Version 4 (Appropriations Act of 2011) shifts the one General-Fund-supported position to receipt support, and takes a corresponding reduction in the General Fund budget. If this reduction were to become law, there would be no impact of this bill to the General Fund.

SENATE FINANCE COMMITTEE
Wednesday, May 18, 2011 at 1:00 PM
Room 545, Legislative Office Building

MINUTES

The Senate Finance Committee convened at 1:00 PM on May 18, 2011 in room 544 of the Legislative Office Building. Twenty-nine members of the committee were present. Jordan Scott of Salemburg, Micaela Percy of Cary, Shelby Hairr of Lillington, and Amber Pritchard of Belmont served as pages. Senator Hartsell presided as chair.

S.B. 183 – Selective Vegetation Removal

Senator Brown was recognized to explain the bill. Senator Tillman moved to adopt the proposed committee substitute (PCS) and the motion carried. The PCS amends the State's Outdoor Advertising Control Act by establishing statutory standards for selective vegetation removal within the rights-of-way of the State highway system, increasing the fee for a selective vegetation removal permit, establishing standards for the issuance or denial of a selected vegetation removal permit, and establishing a process for appeals of selective vegetation removal permit decisions. The bill becomes effective October 1, 2011 and applies to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date. The PCS makes clarifying changes and provides that vegetation in the newly expanded removal zone that meets the following criteria is not eligible for removal: vegetation that was planted for a federal beautification or environmental project, or in conjunction with a noise barrier; and vegetation planted after the erection of the sign but before May 1, 2011. Heather Fennell, a staff attorney with the Research Division, was recognized to answer questions. Tony Adams, presenting the NC Outdoor Advertising Association, was recognized to speak in favor of the bill. Senator Stein was recognized to amend the bill. The amendment involved site plans and responsibility for vegetation replanting, but Senator Brown opposed the amendment. Senator Stein withdrew the amendment. Amna Cameron, an analyst from Fiscal Research Senator, was recognized to explain the fiscal note. John Nance, Chief Engineer at NC Department of Transportation, was recognized to answer questions. Senator Harrington moved for a favorable report and the motion carried. A copy of the PCS, the summary, the amendment and the fiscal note is attached.

S.B. 382 – Required Withholding for Nonresidents

Senator Apodaca was recognized to explain the bill. The bill requires buyers who purchase real estate and associated tangible personal property in North Carolina from a nonresident to withhold from the compensation paid to the nonresident seller the amount of state income tax that is payable by the nonresident. Senator Apodaca offered a technical amendment and moved for its adoption. The motion carried. Alan Woodard, NC Department of Revenue, was recognized to answer questions. Cindy Avrette, an attorney with the Research Division, was recognized to answer questions.

Senator Clodfelter moved for a favorable report and the motion carried. A copy of the bill, the amendment and the summary is attached.

S.B. 730 – Taxpayer Action if No DOR Determination

Senator Clodfelter was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS provides that a taxpayer may seek a court order compelling the issuance of a final determination by the Department of Revenue if the Department fails to issue the determination within the required time. The bill requires the order to specify a deadline by which the Department must issue the notice. It also authorizes the court to order the Department to grant a taxpayer's refund or to remove a proposed assessment if the Department fails to issue the notice by the deadline. Trina Griffin, an attorney with the Research Division, was recognized to answer questions. Senator Dannelly moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

The meeting adjourned at 1:54 PM.

Referred to:

March 3, 2011

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH CERTAIN STATUTORY STANDARDS FOR SELECTIVE VEGETATION REMOVAL WITHIN THE RIGHTS-OF-WAY OF THE STATE HIGHWAY SYSTEM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-18.7 reads as rewritten:

"**§ 136-18.7. Fees.**

The fee for a selective vegetation removal permit issued pursuant to ~~G.S. 136-18(5), (7), and (9) is two hundred dollars ($200.00).~~G.S. 136-93, 136-133.1, and 136-133.4 is four hundred dollars ($400.00) per permitted site and is nonrefundable."

SECTION 2. G.S. 136-93 reads as rewritten:

"**§ 136-93. Openings, structures, pipes, trees, and issuance of permits.**

(a) No opening or other interference whatsoever shall be made in any State road or highway other than streets not maintained by the Department of Transportation in cities and towns, nor shall any structure be placed thereon, nor shall any structure which has been placed thereon be changed or removed except in accordance with a written permit from the Department of Transportation or its duly authorized officers, who shall exercise complete and permanent control over such roads and highways. No State road or State highway, other than streets not maintained by the Department of Transportation in cities and towns, shall be dug up for laying or placing pipes, conduits, sewers, wires, railways, or other objects, ~~and no tree or shrub in or on any State road or State highway shall be planted, trimmed, or removed,~~ and no obstruction placed thereon, without a written permit as hereinbefore provided for, and then only in accordance with the regulations of said Department of Transportation or its duly authorized officers or employees; and the work shall be under the supervision and to the satisfaction of the Department of Transportation or its officers or employees, and the entire expense of replacing the highway in as good condition as before shall be paid by the persons, firms, or corporations to whom the permit is given, or by whom the work is done. The Department of Transportation, or its duly authorized officers, may, in its discretion, before granting a permit under the provisions of this section, require the applicant to file a satisfactory bond, payable to the State of North Carolina, in such an amount as may be deemed sufficient by the Department of Transportation or its duly authorized officers, conditioned upon the proper compliance with the requirements of this section by the person, firm, or corporation granted such permit. Any person making any opening in a State road or State highway, or placing any structure thereon,

or changing or removing any structure thereon without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or otherwise violating the provisions of this section, shall be guilty of a Class 1 misdemeanor: Provided, this section shall not apply to railroad crossings. The railroads shall keep up said crossings as now provided by law.

(b) Except as provided in G.S. 136-133.1(f), no vegetation, including any tree, shrub, or underbrush, in or on any right-of-way of a State road or State highway shall be planted, cut, trimmed, pruned, or removed without a written selective vegetation removal permit issued pursuant to G.S. 136-133.2 and in accordance with the rules of the Department. Requests for a permit for selective vegetation cutting, thinning, pruning, or removal shall be made by the owner of an outdoor advertising sign or the owner of a business facility to the appropriate person in the Division of Highways office on a form prescribed by the Department. For purposes of this section, G.S. 136-133.1, 136-133.2, and 136-133.4, the phrase "outdoor advertising" shall mean the outdoor advertising expressly permitted under G.S. 136-129(a)(4) or G.S. 136-129(a)(5). These provisions shall not be used to provide visibility to on-premise signs.

(c) For outdoor advertising, vegetation cut or removal limits shall be restricted to a maximum selective vegetation cut or removal zone for each sign face pursuant to the provisions of G.S. 136-133.1.

(d) If the application for vegetation cutting, thinning, pruning, or removal is for a site located within the corporate limits of a municipality, the municipality shall be given 30 days to review and provide nonbinding comments on the application if the municipality has previously advised the Department in writing of the desire to review such applications and the name of the local official to whom notice of such application should be directed. Local governments are prohibited from regulating vegetation cutting, trimming, pruning, or removal within the limits of interstate or primary highway rights-of-way by any permittee or other person authorized by the Department, including anyone authorized under G.S. 136-133.1(f)."

SECTION 3. Article 7 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-93.2. Monetary value of trees.**

The monetary value for existing trees removed and eligible for reimbursement to the Department as provided in G.S. 136-93 or G.S. 136-133.1 from State rights-of-way shall be determined on an annual basis by the Department. In determining the value of existing trees removed, the average cost per caliper inch shall be based on the lower value of either the average wholesale commercial nursery prices for hardwood and conifer plants, times a 2.5 multiplier for installation and warranty or the average cost per caliper inch for tree planting contracts let by the Department in the previous calendar year. The values shall be determined and published by the Department no later than December 15 of each year. The values established pursuant to this section shall be used in calculating the monetary value of trees removed from State rights-of-way beginning January 1 of each year. If the Department fails to publish changes in values by December 15, then the values existing on December 15 shall be applicable to existing trees removed and eligible for reimbursement for the following year."

SECTION 4. G.S. 136-133 reads as rewritten:

"**§ 136-133. Permits required.**

(a) No person shall erect or maintain any outdoor advertising within 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129, subdivisions (2) and (3) in this Article, or beyond 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129.1, subdivisions (2) and (3), without first obtaining a permit from the Department of Transportation or its agents pursuant to the procedures set out by rules adopted by the Department of Transportation. The permit shall be valid until revoked for

nonconformance with this Article or rules adopted by the Department of Transportation. Any person aggrieved by the decision of the Department of Transportation or its agents in refusing to grant or in revoking a permit may appeal the decision in accordance with the rules adopted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision on the agency appeal. The Department of Transportation shall have the authority to charge permit fees to defray the costs of administering the permit procedures under this Article. The fees for directional signs as set forth in G.S. 136-129(1) and G.S. 136-129.1(1) shall not exceed a forty dollar ($40.00) initial fee and a thirty dollar ($30.00) annual renewal fee. The fees for outdoor advertising structures, as set forth in G.S. 136-129(4) and (5) shall not exceed a ~~one hundred twenty dollar ($120.00) initial fee and a sixty dollar ($60.00) annual renewal fee.~~one hundred fifty dollar ($150.00) initial fee and a ninety dollar ($90.00) annual renewal fee. Thirty dollars ($30.00) of each initial and annual fee collected pursuant to this section shall be used by the Department for highway beautification projects. No additional funds from the Highway Trust Fund shall be used for the purposes of vegetation replacement under the provisions of this subsection.

(b) If outdoor advertising is under construction and the Department of Transportation determines that a permit has not been issued for the outdoor advertising, the Department may require that all work on the outdoor advertising cease until the owner of the outdoor advertising shows that the outdoor advertising does not violate this section. The stopwork order shall be prominently posted on the outdoor advertising structure, and no further notice of the stopwork order is required. The failure of an owner of outdoor advertising to comply immediately with the stopwork order shall subject the outdoor advertising to removal by the Department of Transportation or its agents. Outdoor advertising is under construction when it is in any phase of construction prior to the attachment and display of the advertising message in final position for viewing by the traveling public. The cost of removing outdoor advertising by the Department of Transportation or its agents pursuant to this section shall be assessed against the owner of the unpermitted outdoor advertising by the Department of Transportation. No stopwork order may be issued when the Department of Transportation process agent has been served with a court order allowing the sign to be constructed.

(c) No electrical utility permit shall be denied to an outdoor advertising sign described in G.S. 136-129(4) and G.S. 136-129(5) for which a permit has been issued by the Department, is valid, and is otherwise compliant with technical utility standards."

SECTION 5. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.1. Outdoor advertising vegetation cutting or removal.**

(a) The owner of an outdoor advertising sign permitted under G.S. 136-129(a)(4) or G.S. 136-129(a)(5) who obtains a selective vegetation removal permit, and the owner's designees, may cut, thin, prune, or remove vegetation in accordance with this section, G.S. 136-93(b), 136-133.2, and 136-133.4. The maximum cut or removal zone for vegetation for each sign face shall be determined as follows:

(1) The point located on the edge of the right-of-way that is the closest point to the centerline of the sign face shall be point A.

(2) The point located 200 feet down the right-of-way line in the direction of the sign viewing zone shall be point B.

(3) The point on the edge of the pavement of the travel way, including acceleration and deceleration ramps, that is the closest to the centerline of the sign shall be point C.

(4) The point 50 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point D.

(5) The point 380 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E; provided, however, the

following shall apply within the corporal limits and territorial jurisdiction of any city, as defined in Chapter 160A of the General Statutes:

a. On interstates or other routes with fully controlled access, the point 340 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E.

b. On highways other than interstates and other routes with fully controlled access, the point 250 feet down the edge of the pavement in the direction of the sign viewing zone from point C shall be point E.

(6) Lines drawn from point A to point D and from point B to point E shall define the limits of the vegetation cut or removal area.

(b) Vegetation permitted to be cut, thinned, pruned, or removed shall be defined as any tree, shrub, or underbrush within the zone created by points A, B, D, and E. Any existing tree that was in existence at the time that an outdoor advertising structure was erected shall only be eligible for removal in accordance with subsections (c) and (d) of this section. Native dogwoods and native redbuds shall be preserved. For the purposes of this section, an existing tree is defined as a tree that had a diameter of four inches or greater as measured six inches from the ground at the time that the outdoor advertising structure was erected. An outdoor advertising sign is considered erected when the sign is completely constructed with a sign face.

(c) The applicant for a selective vegetation removal permit shall submit to the Department a site plan locating thereon any trees existing at the time that the outdoor advertising sign was erected, as defined in subsection (b) of this section, that are requested to be cut, thinned, pruned, or removed, and noting their species and total caliper inches. The applicant shall also tag, with highly visible material or flagging, any tree that is, at the time of the application for a selective vegetation removal permit, greater than four inches in diameter as measured six inches from the ground and requested to be cut, thinned, pruned, or removed. The selective vegetation removal request may be investigated on-site by Department personnel and a representative of the applicant. In the event that the Department disputes the accuracy of the existing tree information on the site plan noted above, the Department shall notify the applicant in writing and may request the following:

(1) A tree survey.

(2) That the applicant amends the site plan.

(3) That the applicant deletes the trees in dispute from the desired cutting.

If a notice of disputed tree information is received from the Department, the applicant can either employ the services of a North Carolina licensed landscape architect or certified arborist to perform a tree survey, amend the site plan, or notify the Department in writing that any or all of the disputed trees are deleted from the application. If the applicant selects a tree survey, the landscape architect or certified arborist will submit a report under seal that contains a tree inventory of existing trees in the removal zone for the outdoor advertising structure and include the age of any tree that existed at the time that the sign was erected. The report will categorize tree species and include a site map of sufficient detail and dimensions. A tree survey will not be required for subsequent applications to cut, thin, prune, or remove trees at the same site for trees that have been previously permitted. Any dispute relating to whether or not the tree existed at the time the outdoor advertising sign was erected shall be conclusively resolved by information in the report from the licensed landscape architect or certified arborist.

(d) Trees existing at the time the outdoor advertising sign was erected may only be removed within the zone created in subsection (a) of this section if the applicant satisfies one of the following two options selected by the applicant: (i) reimbursement to the Department pursuant to G.S. 136-93.2 or (ii) trees that existed at the time of the erection of the sign may be removed if the applicant agrees to remove two nonconforming outdoor advertising signs for each sign at which removal of existing trees is requested. The surrendered nonconforming signs

must be fully disassembled before any removal of existing trees is permitted and shall not be eligible for future outdoor advertising permits in perpetuity.

(e) Tree branches within a highway right-of-way that encroach into the zone created by points A, C, and D may be cut or pruned. Except as provided in subsection (f) of this section, no person, firm, or entity shall cut, trim, prune, or remove or otherwise cause to be cut, trimmed, pruned, or removed vegetation that is in front of, or adjacent to, outdoor advertising and within the limits of the highway right-of-way for the purpose of enhancing the visibility of outdoor advertising unless permitted to do so by the Department in accordance with this section, G.S. 136-93(b), 136-133.2, and 136-133.4.

(f) Notwithstanding any law to the contrary, the owner of an outdoor advertising sign defined by subsection (a) of this section or the owner's designees may, working only from the private property side of the fence, without charge and without obtaining a selective vegetation removal permit, cut, trim, prune, or remove any tree or other vegetation except for native dogwoods or native redbuds that is (i) less than four inches in diameter at the height of the controlled access fence, (ii) located within 200 feet on either side of the existing sign location as defined by point A and point B in G.S. 136-133.1(a)(1) and (2), and (iii) a distance of three feet from a controlled access fence within the limits of the highway right-of-way. The activities permitted by this subsection must be performed from the private property owner side of the controlled access fence and with the consent of the owner of the land that is used to access said fence.

(g) The Department may revoke an outdoor advertising permit for the unlawful destruction or illegal cutting of vegetation within the right-of-way of any State-owned or State-maintained highway only if both of the following conditions are met:

(1) The unlawful destruction or illegal cutting occurred within 500 feet of either side of the corresponding sign location measured along the edge of pavement of the main-travel way of the nearest controlled route and was willfully caused by one or more of the following:

a. The sign owner.

b. The permit holder.

c. The lessee or advertiser employing the sign.

d. The owner of the property upon which the sign is located.

e. Any employees, agents, or assigns of persons listed in sub-subdivisions a. through d. of this subdivision, including, but not limited to, independent contractors hired by the permit holder/sign owner, the lessee/agents or advertiser employing the sign, or the owner of the property upon which the sign is located.

(2) There is substantial, material evidence that the unlawful destruction or illegal cutting of vegetation would create, increase, or improve a view to the outdoor advertising sign for passing motorists from the main-traveled way of the nearest controlled route."

SECTION 6. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.2. Issuance or denial of a selective vegetation removal permit.**

(a) Except as provided in G.S. 136-133.1(f), permits to remove vegetation may be granted for outdoor advertising locations that have been permitted for at least two years prior to the date of application. The Department shall approve or deny an application submitted pursuant to this section, including the fee required by G.S. 136-18.7 and all required documentation, within 30 days of the receipt of an application for a selective vegetation removal permit. If written notice of approval or denial is not given to the applicant within the 30-day period, then the application shall be deemed approved. If the application is denied, the Department shall advise the applicant, in writing, by registered or certified mail, return receipt

requested, addressed to the party to be noticed, and delivering to the addressee, the reasons for the denial.

(b) The application shall be denied by the Department if any of the following apply:

(1) The application is for the opening of a view to an outdoor advertising sign which has been declared illegal, is currently the subject of litigation, or the outdoor advertising sign owner has received written notification of an investigation by the Department for impermissible activity.

(2) The application is for the opening of a view to an outdoor advertising sign that was obscured from view at the time of erection of the sign.

(3) Removal of vegetation will adversely affect the safety of the traveling public.

(4) Trees, shrubs, or other vegetation of any sort that are requested to be cut, thinned, pruned, or removed were planted in accordance with a local, State, or federal beautification or environmental project but only to the extent that such planting was done prior to the erection of the outdoor advertising sign the visibility of which is sought to be enhanced. Any beautification or environmental projects that were planted after the erection of the outdoor advertising sign, but before May 1, 2011, and that were planted beyond 250 feet as measured down the edge of the pavement of the travel way from point C, as defined in G.S. 136-133.1(a)(3) shall not be eligible for removal.

(5) Trees, shrubs, or other vegetation of any sort that are requested to be cut, thinned, pruned, or removed were planted in conjunction with a designed noise barrier but only to the extent that such planting was done prior to the erection of the outdoor advertising sign the visibility of which is sought to be enhanced. Any plantings done in conjunction with a designed noise barrier that were planted after the erection of the outdoor advertising sign but before May 1, 2011, that were planted beyond 250 feet as measured town the edge of the pavement of the travel way from point C, as defined in G.S. 136-133.1(a)(3) shall not be eligible for removal.

(6) The applicant, or the applicant's designee, has not performed satisfactory work authorized by previous permits issued under the provisions of this section. The Department may not deny an application for a permit if the work authorized by previous permits issued pursuant to this section was performed by a landscape architect or certified arborist.

(7) The selective vegetation removal, cutting, or pruning involves opening of a view to a junkyard.

(8) Unlawful destruction or illegal cutting of vegetation as defined in G.S. 136-133.1(g) has occurred within five years preceding the date of filing an application with the Department for a selective vegetation removal permit."

SECTION 7. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.3. Appeals of selective vegetation removal permit decisions.**

(a) An applicant for a selective vegetation removal permit issued pursuant to G.S. 136-133.2 may appeal a decision of the Department pertaining to the denial or conditioning of a permit for selective vegetation removal pursuant to the provisions of this section.

(b) Within 30 days of service of the Department's decision to deny or condition a selective vegetation removal permit issued pursuant to G.S. 136-133.4, the applicant shall submit a written appeal to the Secretary of Transportation setting forth with particularity the facts and arguments upon which the appeal is based. The appeal shall be sent to the Secretary

by registered or certified mail, return receipt requested, addressed to the Secretary, and delivering to the addressee, with a copy to the Department official who issued the decision.

(c) Upon receipt of the written appeal, the Secretary of Transportation shall review the written appeal and the Department's decision, as well as any available documents, exhibits, or other evidence bearing on the appeal, and shall render the agency's final decision, supported by findings of fact and conclusions of law. The final agency decision shall be served upon the appealing party by registered or certified mail, return receipt requested, addressed to the applicant, and delivering to the addressee, within 90 days after the Secretary receives the written appeal. A copy of the agency's final decision shall also be delivered to the Department official who issued the initial decision.

(d) A person aggrieved by a decision made pursuant to this section may seek judicial review of the final agency decision pursuant to G.S. 136-134.1."

SECTION 8. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.4. Selective vegetation removal permits.**

(a) Selected vegetation within the approved limits shall be cut, thinned, pruned, or removed by the permittee or the permittee's agent in accordance with accepted International Society of Arboriculture (ISA) standards.

(b) Permits are valid for a period of one year. The permittee may cut, thin, prune, or remove vegetation more than one time per year. A 48-hour notification shall be provided to the Department by the permittee before entering the right-of-way.

(c) The permittee, or the permittee's agent, shall not impede the flow of traffic on any highway -while performing vegetation removal authorized by a permit. Access to the work site on controlled access highways must be gained without using the main travel way of the highway. The Department shall determine the traffic control signage that may be required. The permittee shall furnish, erect, and maintain the required signs as directed by the Department. The permittee, or the permittee's agent, shall wear safety vests that conform to OSHA standards while performing the work.

(d) Any damage to vegetation designated to remain at the site, to highway fences, signs, paved areas, or other facilities shall be repaired or replaced by the permittee to the condition prior to the occurrence of the damage caused by the permittee or the permittee's agent. All trimmings, laps, and debris shall be removed from the right-of-way and disposed of in areas provided by the permittee. No burning or burying of trimmings, laps, or debris shall be permitted on the highway right-of-way. When chipping is used to dispose of trimmings, chips may be neatly spread on a right-of-way at locations which the Department determines will not be harmful to the environment or affect traffic safety.

(e) Willful failure to substantially comply with all the requirements specified in the selective vegetation removal permit, unless otherwise mutually resolved by the Department and the permittee, shall result in a five-year moratorium for vegetation removal at the site, a summary revocation of the outdoor advertising permit if such willful failure meets the standards in G.S. 136-133.1(g), payment of Department investigative costs, and forfeiture of any applicable performance bond as determined by the Secretary. The moratorium shall begin upon execution of a settlement agreement or entry of a final disposition in the case."

SECTION 9. Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"**§ 136-133.5. Denial of a permit for proposed outdoor advertising.**

(a) When a district engineer determines that a proposed outdoor advertising structure would not conform to the standards of outdoor advertising as set out in the Outdoor Advertising Control Act, the district engineer shall refuse to issue a permit for that proposed outdoor advertising structure.

(b) When a violation of the Outdoor Advertising Control Act has been discovered, the district engineer shall notify the permit applicant by registered or certified mail, return receipt requested, addressed to the party to be noticed, and delivering to the addressee, in writing, the reason for the denial and the statutes or rules forming the basis for the denial and include a copy of the Act.

(c) The Department shall not issue permits for new outdoor advertising signs at a sign location for a period of five years where the unlawful destruction or illegal cutting of vegetation has occurred within 500 feet on either side of the proposed sign location and as measured along the edge of pavement of the main travel way of the nearest controlled route. For the purposes of this section, unlawful destruction or illegal cutting is defined as the destruction or cutting of trees, shrubs, or other vegetation on the State-owned or maintained rights-of-way by anyone other than the Department or its authorized agents, or without written permission of the Department. Before a permit is denied pursuant to this subsection, the Department shall reveal some evidence that the unlawful destruction or illegal cutting would create, increase, or improve a view to a proposed outdoor advertising sign from the main-traveled way of the nearest controlled route. The five-year period shall begin on the date the Department executes a settlement agreement or final disposition of the case is entered. The five-year prohibition period for a new sign permit shall apply to all sign locations, including the following:

(1) Sign locations where the unlawful destruction or illegal cutting of vegetation occurs prior to the time the location becomes a conforming location.

(2) Sign locations where a revocation of an existing permit has been upheld and a sign has been removed.

(3) Sign locations where the unlawful destruction or illegal cutting occurs prior to receipt of an outdoor advertising permit.

(4) Sign locations where the unlawful destruction or illegal cutting occurs following receipt of an outdoor advertising permit application, but prior to the issuance of the permit by the Department.

(d) The Department shall not issue permits for new outdoor advertising signs at a sign location where existing trees, if they were to reach the average mature size for that species, would make the proposed sign faces, when erected, not completely visible from the viewing zone. "Existing trees" are those trees that at the time of the permit application are four inches or greater in diameter as measured six inches from the ground. "Viewing zone" means the area which is 500 feet as measured along the edge of the main-traveled way of the controlled route on each side of the proposed sign structure which will have a sign face.

(e) An outdoor advertising permit requested pursuant to G.S. 136-129(a)(4) shall not be issued to a location if the zoning to commercial or industrial zones was adopted within one year prior to the filing of the permit application and is not part of comprehensive zoning or constitutes spot zoning, which, for purposes of this subsection, shall be defined as zoning designed primarily for the purpose of permitting outdoor advertising signs and in an area which would not normally permit outdoor advertising. Zoning shall not be considered "primarily for the purpose of permitting outdoor advertising signs" if the zoning would permit more than one principal commercial or industrial use, other than outdoor advertising, and the size of the land being zoned can practically support such commercial or industrial uses.

(f) Outdoor advertising permits shall not be issued to a location for a period of 12 months prior to the proposed letting of a new construction contract that may affect the spacing or location requirements for an outdoor advertising structure until the project is completed. The prohibition authorized by this subsection shall not extend for a period longer than 18 months. Priority in spacing shall be given by the Department to the first submitted application for an outdoor advertising permit at the location.

(g) Outdoor advertising permits shall not be issued for a location on a North Carolina or United States route designated as a scenic byway."

SECTION 10. This act becomes October 1, 2011, and applies to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date.

SENATE BILL 183:
Selective Vegetation Removal/State Highways

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 18, 2011
Introduced by:	Sen. Brown	**Prepared by:**	Heather Fennell
Analysis of:	PCS to Second Edition S183-CSTD-34		Committee Counsel

SUMMARY: ***The PCS to Senate Bill 183 would amend the State's Outdoor Advertising Control Act by establishing statutory standards for selective vegetation removal within the rights-of-way of the State highway system, increasing the fee for a selective vegetation removal permit, establishing standards for the issuance or denial of a selected vegetation removal permit, and establishing a process for appeals of selective vegetation removal permit decisions. The bill would become effective October 1, 2011 and apply to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date. The PCS makes clarifying changes and provides vegetation in the newly expanded removal zone that meets the following criteria is not eligible for removal:***

- ***The vegetation was planted for a federal beautification or environmental project, or in conjunction with a noise barrier.***
- ***The vegetation was planted after the erection of the sign but before May 1, 2011.***

CURRENT LAW: The Outdoor Advertising Control Act is set out in Article 11 of Chapter 136 of the General Statutes. The Act is intended to control the erection and maintenance of outdoor advertising devices in order to "preserve and enhance the natural scenic beauty of the highways and areas in the vicinity of the State highways and to promote the reasonable, orderly and effective display of such signs, displays and devices." G.S. 136-18 grants the Department of Transportation (DOT) the authority to *"employ appropriate means for properly selecting, planting and protecting trees, shrubs, vines, grasses or legumes in the highway right-of-way in the promotion of erosion control, landscaping and general protection of said highways".* Pursuant to its rulemaking authority, the Department has established a Selective Vegetation Removal Policy that is set out in the North Carolina Administrative Code. The policy provides for selective thinning, pruning, replacement, relocation, or removal of vegetation within highway rights of way for the purpose of opening views to office, institutional, commercial and industrial facilities and legally erected forms of outdoor advertising which are located directly adjacent to State highway rights of way. When removal of vegetation is allowed, it must be performed by the permittee in compliance with the policy and at no cost to the Department of Transportation. Under G.S. 136-18.7, the fee for a selective vegetation removal permit is $200.

BILL ANALYSIS: The PCS to Senate Bill 183 would establish statutory standards for selective vegetation removal within the rights-of-way of the State highway system. Many of the provisions in the bill are substantially similar to existing provisions of the North Carolina Administrative Code.

Section 1 of the bill would increase the fee for a selective vegetation removal permit from $200 to $400 for each permitted site. The fee would be nonrefundable.

Section 2 of the bill prohibits the removal of vegetation in or on any right of way of a State road or State highway without a written selective vegetation removal permit issued pursuant to provisions in the bill and in accordance with DOT rules. Requests for a permit would be made to the appropriate person in the Division of Highways office, on a form prescribed by DOT. Permits may be requested by the owner of an outdoor advertising sign or the owner of a business facility. If the permit application is for a site

located within a municipality, the municipality would have 30 days to review and comment on the application provided it has advised DOT in writing of its desire to review such applications and has identified the name of the local official who should receive notice. Local governments would be prohibited from regulating the removal of vegetation as authorized by DOT.

Section 3 of the bill establishes a standard for determining the monetary value of trees removed from State rights-of-way. Values would be determined and published by DOT annually by December 15, for use in the following calendar year.

Section 4 of the bill would amend the law concerning permits for the erection or maintenance of outdoor advertising. The bill increases the initial fee from $120 to $150, and the annual renewal fee is increased from $60 to $90. The bill provides that $30 of each initial and annual fee is to be used by DOT for highway beautification projects. No electrical utility permit may be denied to an outdoor advertising sign for which a permit has been issued by DOT, so long as the permit is valid and otherwise compliant with technical utility standards.

Section 5 of the bill establishes standards for the cutting or removal of vegetation pursuant to a selective vegetation removal permit issued to the owner of an outdoor advertising sign. The bill prescribes a maximum cut or removal zone for each sign face; the maximum zone varies depending upon whether the site is within the corporal limits and territorial jurisdiction of a municipality and whether the highway is an interstate or other route with fully controlled access. The permit applicant must submit a site plan to DOT, and DOT may conduct an on-site investigation. The bill sets out a procedure for resolving disputes concerning the accuracy of information on the site plan. Trees existing at the time the outdoor advertising sign was erected may only be removed if the applicant reimburses DOT for the established value of the trees or if the applicant agrees to remove two nonconforming signs for each sign at which the removal of trees is requested. Under specified conditions, a selective vegetation removal permit is not required for activities conducted from the private property side of a controlled access fence and with the consent of the landowner. In certain instances, DOT would have the authority to revoke an outdoor advertising permit for the unlawful destruction or illegal cutting of vegetation within highway right-of-way.

Section 6 of the bill establishes standards for the issuance or denial of a selected vegetation removal permit. DOT would be required to approve or deny a permit within 30 day of receipt of the application; if no decision is conveyed in writing within the 30 day period, the application is deemed to be approved. Denial must be made in writing, by registered or certified mail, and must include reason for the denial. The bill requires that an application be denied when certain conditions apply.

Section 7 establishes a process for appeals of selective vegetation removal permit decisions. An applicant would have 30 days in which to submit a written appeal, by registered or certified mail to the Secretary of Transportation, setting forth the facts and arguments upon which the appeal is based. The agency would be required to render a final decision within 90 days of receiving the written appeal. The bill provides that the aggrieved party may seek judicial review of the final agency decision.

Section 8 requires that vegetation cutting or removal be done in accordance with accepted International Society of Arboriculture (ISA) standards. Selective vegetation removal permits would be valid for a period of 1 year and cutting or removal may occur more than one time during that year. The permittee must give a 48-hour notice to DOT before entering the right-of-way. Other terms and conditions are established concerning impeding the flow of traffic, access to the work site, traffic control signage, adherence to safety standards, property damage, and debris removal. Willful failure to comply with requirements specified in the permit could result in a 5-year moratorium for vegetation removal at the site or a summary revocation of the outdoor advertising permit.

Section 9 establishes a procedure and standards for denial of a permit for proposed outdoor advertising. A district engineer would be required to refuse to issue a permit for a proposed outdoor advertising structure that would not conform to the standards of outdoor advertising as set out in the Outdoor Advertising Control Act. The applicant would be notified of the denial and the basis for the denial by registered or certified mail. In the case of a sign located at a site where the 5-year moratorium is in effect for the unlawful destruction or cutting of vegetation, before denying the permit DOT would be required to reveal some evidence that the unlawful acts would create, increase, or improve a view to an outdoor advertising sign.

The bill would prohibit DOT from issuing permits for new outdoor advertising signs at a location where existing trees, if they were to reach mature height, would make the proposed sign faces not completely visible from the viewing zone. An outdoor advertising permit in an area zoned industrial or commercial under authority of State law could not be issued if the zoning was adopted within one year prior to the filing of the permit application and is not part of comprehensive zoning or represents spot zoning for the purpose of permitting outdoor advertising signs in an area that would not normally permit such signs. Outdoor advertising permits would also not be issued for certain locations where new construction contracts may affect spacing or location requirements for an outdoor advertising structure. Priority in spacing would be granted to the first submitted application for a permit at the location. DOT would also deny permits for locations on a State or US scenic byway.

EFFECTIVE DATE: The bill would become effective October 1, 2011 and apply to permit applications or renewals submitted on or after that date and to offenses occurring on or after that date.

Brenda J Carter, counsel to Senate Transportation, substantially contributed to this summary.

Senator Stein

moves to amend the bill on page 5, lines 40 and 41, by inserting between the lines:

"(h) The applicant for a selective vegetation permit shall submit to the Department a site plan for replanting vegetation around the outdoor advertising structure. The Department shall develop rules, in consultation with local government representatives, to establish standards for replanting that include standards to determine which sites must be replanted, and the types of plants and trees that must be replanted. The applicant for a selective vegetation removal permit shall replant the area around the outdoor advertising structure for which vegetation is removed in accordance with the rules adopted by the Department.".

EFFECTIVE DATE: October 1, 2011

BILL SUMMARY:

This bill raises the fee for a vegetation removal permit from $200 to $400 per site and specifies that the fee is nonrefundable. It prohibits, except as specified in new G.S. 136-133.1(f), planting, cutting, trimming, removing, or pruning any tree, shrub, or underbrush in or on any right-of-way of a state road or highway without a written selective vegetation removal permit issued under proposed G.S. 136-133.2 and in accordance with the rules of the Department of Transportation (DOT). It requires that the owner of an outdoor advertising sign or of a business facility make the request for a permit for selective vegetation removal to the appropriate roadside environmental engineer in the Division of Highways office on a form required by the DOT. It provides that a

permit may not be issued to provide visibility to on-premise signs and provides that if the site is inside city limits, the municipality has 30 days to review and provide nonbinding comments on the application if the municipality has met certain requirements. The bill prohibits local governments from regulating removal of vegetation within the limits of interstate or primary highway rights-of-way by any permit holder or anyone otherwise authorized by the DOT.

This bill raises the fees for outdoor advertising structures to $150 for the initial fee and $90 for the annual renewal, with $30 of each fee to be used for highway beautification. It prohibits denial of electrical utility permits to an outdoor advertising sign for which a valid permit has been issued.

This bill enacts new G.S. 136-133.1 to specify the zone around billboards in which clearing is allowed. Defines an existing tree as one that is four inches or greater in diameter as measured six inches from the ground at the time that the outdoor advertising structure was erected. It provides limitations as to when existing trees may be removed; an exception to permit the owner of an outdoor advertising sign or the owner's designee to clear vegetation without a permit providing that the owner or owner's designee is working only from the private property side of a controlled access fence with the landowner's consent; and requires that native dogwoods and native rosebuds be preserved. The bill requires the applicant for a selective vegetation removal permit to submit a site plan showing any existing trees that the applicant is requesting to cut, thin, prune, or remove. It includes additional requirements that the applicant provide data identifying the species and size of the trees in the site plan and provides circumstances under which the DOT may revoke an advertising permit for the removal or modification of vegetation.

This bill enacts new G.S. 136-133.2 to provide that permits to remove vegetation may only be granted for outdoor advertising locations that have been permitted for at least two years and at the discretion of the DOT. It requires the application for a permit to be decided within 30 days, with the DOT to specify in writing the reasons for denial and sets out permissible bases for denial. It enacts new G.S. 136-133.3 to provide the procedure for appeal of the DOT's denial of a permit for selective vegetation removal to the Secretary of Transportation, and provides for judicial review of a final agency decision.

It enacts new G.S. 136-133.4 and G.S. 136-133.5 to specify standards for clearing around billboards, methods of clearing and responsibility for damage. It provides that a willful failure to substantially comply with all the requirements specified in the selective vegetation removal permit results in (1) a five-year moratorium on clearing, (2) revocation of a billboard permit for violation of standards, (3) payment of investigative costs, and (4) forfeiture of applicable performance bond. G.S. 136-133.5 provides additional criteria for denial of a permit for proposed outdoor advertising.

The act is effective October 1, 2011, and applies to permits, applications, or renewals submitted on or after that date and to offenses occurring on or after that date.

ASSUMPTIONS AND METHODOLOGY:

Outdoor Advertising Structure Fees:
Fiscal Research estimates the additional $30 for the new outdoor advertising structure fee and the renewal permit will increase revenues to the Highway Fund between $181,800 - $363,600 in FY 2012 and between $242,400 - $484,800 in each year of the next four fiscal years. The FY 2012 figures are annualized to take into account the bill's effective date. As shown in Figures 1 and 2, the total number of billboards and associated revenues has declined in each of past five fiscal years. It is assumed the number of structures will increase if the cutting distance is increased. It is not known but possible that the economic downturn has led to less advertising. It is possible that the number of permits will increase by more than 100 percent if the number of billboards is strongly correlated with an economic recovery. No inflation factor has been built in to this analysis. All increased revenues must be used for highway beautification projects. Therefore, these funds do not offset the costs incurred by DOT.

Figure 1: Number of Outdoor Advertising Structures

	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010
New Structures	1	112	181	149	89
Renewals	8,883	8,497	8,133	8,062	7,991
Total	8,884	8,609	8,314	8,211	8,080

Figure 2: Outdoor Advertising Structure Revenues

	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010
Revenue from New Structures	$ 120	$ 13,440	$ 21,720	$ 17,880	$ 10,680
Revenue from Renewals	$ 532,980	$ 509,820	$ 487,980	$ 483,720	$ 479,460
Total	$ 533,100	$ 523,260	$ 509,700	$ 501,600	$ 490,140

Selective Vegetation Removal Permit (SVR) Fees:
Fiscal Research estimates the additional $200 fee for the SVR permit will increase revenues to the Highway Fund between $118,800 - $445,200 in FY 2012 and between $158,400- $593,600 in each year of the next four fiscal years. The FY 2012 figures are annualized to take into account the bill's effective date. As shown in Figure 3, the total number of SVR permits and associated revenues has grown in three of the last four years, growing by an average of three percent over the five-year period. It is assumed the number of permits may increase significantly if the cutting distance is increased.

Figure 3: Selective Vegetation Removal (SVR) Permits and Revenues

	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010
SVR Permits Issued	235	241	268	317	305
Revenues	$47,000	$48,200	$53,600	$63,400	$61,000

DOT estimates the number of permit requests may increase to 2000, or 25% of the total number of billboards. Fiscal Research uses a range to determine the impact. The lower range is based on a 100 percent increase in the number of permits per billboard issued in 2010. This figure is based on the change in the number of permits issued in 2001, after cutting distances were last shifted. DOT issued 305 permits in 2001 compared to 126 permits issued in the prior year. Currently, 20 percent of permit holders, or 61 permits issued in FY 2010, were for multiple cuttings. This bill changes the permit to an annual permit, not a per cut permit. As shown in Figure 4, the base figure used in this analysis for the lower range is 264 permits issued. The lower range of the estimate uses an additional 264 permits as the number that may be requested. Fiscal Research sets the upper range at 20 percent of all billboards in the State, or 1616 total requests. The costs associated with this increase may be used to offset the costs incurred by DOT.

Figure 4: Fiscal Impact from SVR Permits

	Base Number of Permits	Number of New Permits	Total Number of Permits	Revenues
Low Estimate	264	264	528	$158,400
High Estimate	264	1352	1616	$593,600

DOT Costs:
DOT is expected to incur direct costs associated with implementing Section 2(d) and Section 5 of this bill. Section 2(d) includes the process of reviewing municipal comments for SVR permits. This process is expected to take 24 hours of an engineer's time in each division each year. At an average rate of $43.74 per hour, the cost absorbed by DOT totals $14,696. Section 5 includes the process to verify, monitor, and enforce the SVR permits. DOT estimates it will take three hours of an engineer's time and six hours of an engineer technician's time for each permit. Using the range developed to estimate the total number of expected SVR permits, costs to DOT will range from $175,355 - $536,692, annualized. The cost in the first year will be $131,516 - $402,520. This analysis assumes an engineer's time equals $43.74 per hour and an engineering technician's time equals $28.45 per hour. Additional costs for equipment and materials are included.

DOT currently produces a report to determine the monetary value of trees, required in Section 3 of this bill. Therefore, no additional costs are included.

DOT may incur additional costs to implement Section 4 of this bill. However, as there is no requirement to replant these areas, no fiscal impact is included. Costs to mitigate the site cannot be estimated.

Annual Asset Loss:
DOT estimates the annual roadside buffer tree loss will be $2,880,000 annually.

Judicial Branch:
According to the Administrative Office of the Courts (AOC), data received from Fiscal Research and the Department of Transportation (DOT) staff show that, in the last five years, there has been an average of 252 new permits issued per year and an average of two appeals per year (appealed to Superior Court). It is possible that the number of new permits issued will increase under this bill, perhaps as high as 1,500 per year, which, using the same ratio as the previous five years' data,

would result in up to a yearly average of 12 appeals. The exact number of appeals potentially arising from this bill cannot be determined.

AOC estimates that each appeal may take two full days of a Superior Court bench trial to resolve. Because the bill states that all requests for judicial review shall be filed with the Wake County Clerk of Superior Court, all workload impact arising from this bill would occur in Superior Court District 10 (Wake County). These cases would require court time and resources, impacting Superior Court Judges and Deputy Clerks, and Court Reporters. The monetary value of two days of these in-court resources is $3,010. Therefore, the estimated range of two to 12 cases per year would result in a fiscal impact of $6,020 to $36,120.

Overall, in FY 2009-10, a typical felony case took approximately 216 days to dispose in Superior Court. A typical misdemeanor case took approximately 91 days to dispose in District Court. Any increase in judicial caseload without accompanying resources could be expected to further delay the disposition of cases.

SOURCES OF DATA: Department of Transportation, Administrative Office of the Courts

TECHNICAL CONSIDERATIONS:

1. G.S. 136-133.5(f) may need to reference subsection (e) rather than subsection (d).
2. Statutes do not indicate whether to place the proceeds from these two fees in the Highway Fund or Highway Trust Fund. DOT allocates the fees to the Highway Fund.
3. The costs associated with replanting come from the Highway Fund. G.S. 136-133(a) states that no Highway Trust Fund monies can be spent for replanting, however, only Highway Fund monies are currently used for this purpose.

SENATE BILL 382

Short Title:	Required Withholding for Nonresidents.	(Public)
Sponsors:	Senators Apodaca; and Hise.	
Referred to:	Finance.	

March 22, 2011

A BILL TO BE ENTITLED

AN ACT TO REQUIRE WITHHOLDING OF INCOME TAXES FROM SALES OF REAL PROPERTY AND ASSOCIATED TANGIBLE PERSONAL PROPERTY BY NONRESIDENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-163.1 reads as rewritten:

"**§ 105-163.1. Definitions.**

The following definitions apply in this Article:

(1) Buyer. – A person who pays compensation to a nonresident individual or nonresident entity for the purchase of real property and associated personal property in this State.

(1a) Compensation. – Consideration a payer or buyer pays to any of the following:

a. A nonresident individual or nonresident entity for personal services performed in this State.

b. An ITIN holder who is a contractor and not an employee for services performed in this State.

c. A nonresident individual or nonresident entity for the purchase of real property and associated tangible personal property located in this State.

...

(14) Withholding agent. – An employer, a pension payer, a buyer, or a payer."

SECTION 2. Article 4A of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-163.3A. Buyers must withhold taxes from certain nonresident sellers of real property.**

(a) Requirement. – Every buyer who purchases real estate and associated tangible personal property from either a nonresident individual or nonresident entity must deduct and withhold from compensation paid to the nonresident seller the State income taxes payable by the nonresident seller due to the sale as provided in this section. The taxes a buyer withholds are held in trust for the Secretary. The amount of taxes to be withheld is the least of the following:

(1) Four percent (4%) of the amount realized on the sale as determined under section 1001 of the Code.

(2) The applicable percentage of the gain required to be recognized on the sale under the Code, if the nonresident seller provides the buyer with an affidavit

signed under penalty of perjury swearing or affirming to the amount of gain required to be recognized under the Code from the sale. The applicable percentage is the highest marginal tax rate that could be applied to the nonresident seller based on whether the nonresident seller is taxed as a corporation or an individual.

(3) The entire net proceeds payable to the nonresident seller.

(b) Installment Sales. – In the case of any sale otherwise subject to this section that qualifies as an installment sale within the meaning of section 453(b) of the Code, the provisions of subsection (a) of this section shall be separately applied to each principal payment to be made under the terms of the installment sale agreement between the parties. In determining the amounts to be withheld under this subsection, the amount realized on the sale shall be considered to be the principal payment, and the gain required to be recognized under the Code shall be considered to be the same proportion of each principal payment as the gain required to be recognized under the Code bears to the amount realized on the sale overall.

(c) Exemptions. – The withholding requirement does not apply to the purchase of the following:

(1) Real property and any associated tangible personal property sold by one of the following types of entity that is not subject to tax under Article 4 of this Chapter:

a. A unit of federal, State, or local government.

b. A nonprofit.

c. An insurance company.

(2) Real property that is a principal residence of the nonresident seller within the meaning of section 121 of the Code and any associated tangible personal property.

(3) Real property transferred pursuant to a foreclosure of a mortgage deed of trust or other lien instrument or pursuant to a deed in lieu of foreclosure.

(d) Return and Statement. – A buyer must file a return with the Secretary on a form prescribed by the Secretary and in the manner prescribed by the Secretary. The buyer must pay the withheld taxes to the Secretary on or before the 15th day of the month following the month in which the sale takes place. A buyer required to deduct and withhold from a nonresident seller's compensation under this section must provide the seller a written statement of the information contained in the return by the due date of the return. The following information is required on the return:

(1) The buyer's name and address.

(2) The seller's name, address, and taxpayer identification number.

(3) The total amount realized on the sale.

(4) The total amount of gain recognized if the seller provides an affidavit under subdivision (a)(2) of this section.

(5) The entire net proceeds paid to the nonresident seller.

(6) The total amount deducted and withheld under this section.

(e) Buyer May Repay Amounts Withheld Improperly. – A buyer may refund to a person any amount the buyer withheld improperly from the person under this section if the refund is made before the end of the calendar year, before the buyer furnishes the person the statement required by subsection (d) of this section, and before the buyer submits the payment and return to the Secretary. An amount is withheld improperly if it is withheld from a payment to a person who is not a nonresident individual or nonresident entity, if it is withheld from a payment that is not compensation, or if it is in excess of the amount required to be withheld under this section.

(f) Records. – A buyer may rely on an affidavit provided by the seller that states that withholding is not required under this section because the seller is not a nonresident individual or nonresident entity. The affidavit must be made under penalty of perjury."

SECTION 3. This act is effective for taxable years beginning on or after January 1, 2011.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2011

Legislative Fiscal Note

BILL NUMBER: Senate Bill 382 (First Edition)

SHORT TITLE: Required Withholding for Nonresidents.

SPONSOR(S): Senators Apodaca and Hise

FISCAL IMPACT

	Yes (x)	No ( )	No Estimate Available ( )		
	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
REVENUES: ($Millions)	5.5	5.5	5.5	5.5	5.5

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Revenue

EFFECTIVE DATE: Taxable years beginning on or after January 1, 2011

BILL SUMMARY: Senate Bill 382 requires buyers who purchase real estate and associated tangible personal property located in North Carolina from a nonresident individual or nonresident entity to withhold from the compensation paid to the nonresident seller the amount of state income tax that is payable by the nonresident. The bill provides that the amount of taxes to be withheld is the lesser of the following:

1. 4% of the amount realized on the sale.
2. The highest applicable marginal tax rate that could be applied to the gain required to be recognized under the Internal Revenue Code based on whether the nonresident seller is taxed as a corporation or an individual.
3. The entire net proceeds payable to the nonresident seller.

The bill provides guidelines regarding certain types of sales and transfers of real property and associated tangible personal property that are exempt from the withholding requirement.

The bill requires the buyer to file a return with the Secretary of Revenue and pay the withheld taxes to the Secretary on or before the 15th day of the month following the month in which the sale takes place. It specifies information to be included on the return and requires the buyer to provide the nonresident seller with a written statement of the information contained in the return. It also provides that a buyer may refund to the seller amounts that were improperly withheld and specifies criteria to determine when an amount is improperly withheld by the buyer.

ASSUMPTIONS AND METHODOLOGY: Fiscal Research reviewed data from the Department of Revenue for Brunswick County showing assessments made during FY 2010-11 related to land sales by nonresidents as a result of special compliance projects undertaken there. The Department estimates that sales in Brunswick County represent 3% of the value of all land sales by nonresidents in North Carolina. The data for Brunswick County was extrapolated to a statewide number to provide an estimate of the total amount of tax to be withheld under the bill proposal. This estimate was shared down to account for revenue generated as a result of the Department's existing compliance initiatives to arrive at the estimated fiscal impact.

Referred to:

April 20, 2011

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT FAILURE BY THE DEPARTMENT OF REVENUE TO ISSUE A FINAL DETERMINATION WITHIN THE REQUIRED TIME IS GROUNDS FOR A TAXPAYER TO SEEK A COURT ORDER COMPELLING THE ISSUANCE OF THE FINAL DETERMINATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-241.14(c) reads as rewritten:

"(c) Time Limit. – The process set out in G.S. 105-241.13 for reviewing and attempting to resolve a proposed denial of a refund or a proposed assessment must conclude, and a final determination must be issued within nine months after the date the taxpayer files a request for review. The Department and the taxpayer may extend this time limit by mutual agreement. Failure to issue a notice of final determination within the required time does not affect the validity of a proposed denial of a refund or proposed ~~assessment.~~ assessment, but it is grounds under G.S. 150B-44 for a taxpayer to seek a court order compelling the Department to issue a notice of final determination."

SECTION 2.

"**§ 150B-44. Right to judicial intervention when agency action or decision unreasonably delayed.**

(a) Court Order. – Unreasonable delay on the part of any agency or administrative law judge in taking any required action ~~shall be~~ is justification for any person whose rights, duties, or privileges are adversely affected by ~~such~~ the delay to seek a court order compelling action by the agency or administrative law judge. The venue for obtaining a court order to compel the Department of Revenue to issue a notice of final determination is the Superior Court of Wake County. An order compelling the Department of Revenue to issue a notice of final determination must specify the date by which the Department must issue the notice. If the Department fails to issue the notice by the specified date, the court may order the Department to grant the refund or remove the proposed assessment.

(b) Time Limits. – An agency that is subject to Article 3 of this Chapter and is not a board or commission has 60 days from the day it receives the official record in a contested case from the Office of Administrative Hearings to make a final decision in the case. This time limit may be extended by the parties or, for good cause shown, by the agency for an additional period of up to 60 days. An agency that is subject to Article 3 of this Chapter and is a board or commission has 60 days from the day it receives the official record in a contested case from the

Office of Administrative Hearings or 60 days after its next regularly scheduled meeting, whichever is longer, to make a final decision in the case. This time limit may be extended by the parties or, for good cause shown, by the agency for an additional period of up to 60 days. If an agency subject to Article 3 of this Chapter has not made a final decision within these time limits, the agency is considered to have adopted the administrative law judge's decision as the agency's final decision. Failure of an agency subject to Article 3A of this Chapter to make a final decision within 120 days of the close of the contested case hearing is justification for a person whose rights, duties, or privileges are adversely affected by the delay to seek a court order compelling action by the agency or, if the case was heard by an administrative law judge, by the administrative law judge. The Board of Trustees of the North Carolina State Health Plan for Teachers and State Employees is a "board" for purposes of this section."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 730:
Taxpayer Action if No DOR Determination

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	May 18, 2011
Introduced by:	Sen. Clodfelter	**Prepared by:**	Trina Griffin
Analysis of:	PCS to First Edition S730-CSSV-17		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 730 provides that a taxpayer may seek a court order compelling the issuance of a final determination by the Department of Revenue if the Department fails to issue the determination within the required time. The bill would require the order to specify a deadline by which the Department must issue the notice. The bill would also authorize the court to order the Department to grant a taxpayer's refund or to remove a proposed assessment if the Department fails to issue the notice by the deadline.***

CURRENT LAW: Article 9 of Chapter 105 sets out the procedures under which a taxpayer may contest a proposed assessment or a proposed denial of a refund by the Department of Revenue.

Review. – A taxpayer who objects to a proposed denial of a refund or a proposed assessment may, within 45 days from the notice, file a request for review by the Department. The Departmental review is a two-step process consisting of an initial review followed by an informal conference. If the review results in the Department granting the refund or removing the assessment, the matter ends there. If the review does not resolve the dispute, the Department may request additional information from the taxpayer and must schedule a conference with the taxpayer.

Conference. –The conference is an informal process in which the Department and the taxpayer attempt to resolve the matter. If the Department and the taxpayer are unable to resolve the matter at conference, the Department must issue a final determination.

Final Determination. – A final determination represents the Department's decision regarding a proposed denial of a refund or a proposed assessment. It must be issued within nine months after the date the taxpayer filed a request for review, unless the Department and the taxpayer have mutually agreed to an extension. Once issued at the conclusion of the Departmental review process, it triggers the taxpayer's ability to seek further review. The final determination must state the basis for the determination and inform the taxpayer of the procedure for contesting it.

Contested Case Hearing. – A taxpayer who disagrees with the Department's final determination may file a petition for a contested case hearing with the Office of Administrative Hearings (OAH). The petition must be filed within 60 days from when notice of the agency decision is given. A taxpayer may proceed with a case at OAH only after the Department has issued a final determination.

Court Order Under Chapter 150B. – G.S. 150B-44 allows a person whose rights have been adversely affected by unreasonable delay on the part of any agency or administrative law judge (ALJ) to seek a court order compelling action by the agency or ALJ. While this provision could be interpreted to apply to any unreasonable delay by an agency, the statute speaks specifically to situations where an agency has failed to render a final decision in a timely manner after ALJ has issued a recommended decision in a contested case.

BILL ANALYSIS: The PCS for Senate Bill 730 provides that if the Department of Revenue fails to issue a notice of final determination within the required time, it is grounds under the Administrative Procedure Act for a taxpayer to seek a court order compelling the Department to issue the notice. The taxpayer must file the proceeding in Superior Court in Wake County. This is consistent with the existing venue provision for judicial review of a final decision in a contested tax case. The bill would further require that any order compelling the Department to issue a notice of final determination specify a date by which the notice must be issued. If the Department fails to issue the notice by the specified date, the court may order the Department to grant the refund or remove the assessment.

EFFECTIVE DATE: This act is effective when it becomes law.

SENATE
FINANCE

MINUTES

SENATE FINANCE COMMITTEE
Tuesday, May 24, 2011 at 2:45 PM
Room 545, Legislative Office Building

MINUTES

The Senate Finance Committee met at 2:45 PM on May 24, 2011 in room 544 of the Legislative Office Building. Thirty-two members of the committee were present. Rachel Terrie of Gastonia and André Elliott of Goldsboro served as pages. Senator Rucho presided as chair.

H.B. 200 – Appropriations Act of 2011

Senator Hartsell moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS contains a finance package that reduces the individual income tax rates by ¼% and allows a $50,000 tax deduction for small business income for two years, 2012 and 2013. The House budget, H.B. 200 (v4), reserved $635 million for the finance committee for the 2011-2013 biennium; this PCS uses that reserve and eliminates four tax expenditures to create the necessary availability of $671.1 million. This tax relief is in addition to the $1.3 billion in expiring tax revenue. Mark Bondo, an analyst with the Fiscal Research Division, was recognized to discuss education fees. He directed the members to Section 30.7. – UNC Non-General Fund Capital Projects which outlines the UNC System fees. Andrea Poole, an analyst with the Fiscal Research Division, was recognized to explain Section 7.22. – Funds for Children with Disabilities and Section 31.2. – Education/State Board Authority to Establish GED Testing Fees. Lanier McRae, an analyst with the Fiscal Research Division, discussed transportation fees portion of the budget. Doug Holbrook, an analyst with the Fiscal Research Division, was recognized to explain Justice and Public Safety fees. Senator Newton was recognized to offer a clarifying amendment and moved for its adoption. The motion carried. Senator Brown was recognized to offer an amendment that assists in local costs of misdemeanor confinement. He moved for its adoption and the motion carried. Michelle Nelson, an analyst with the Fiscal Research Division, was recognized to explain General Government fees. Carla Shaunessy, an analyst with the Fiscal Research Division, was recognized to the Information Technology sections of the bill. Bryce Ball, an analyst with the Fiscal Research Division, was recognized to explain the driver's education portion of the bill and Amna Cameron, an analyst with the Fiscal Research Division, was recognized to explain tolls. Rodney Bizzell, an analyst with the Fiscal Research Division, was recognized to answer fee questions. The total fees for the 2011-2012 fiscal year are $103.9 million and for the 2012-2013 fiscal year are $106 million. Barry Boardman, Fiscal Research, was recognized to discuss the Job Creation Plan. Cindy Avrette, an attorney with the Research Division, was recognized to answer questions. Senator Brock was recognized to offer a technical corrections amendment and moved for its adoption. The motion carried. Senator Brock then offered an amendment to remove a fee sunset. He moved for the amendment's adoption and the motion carried. Senator Hartsell offered an amendment and Jonathan Tart, an analyst with the Fiscal Research Division, was recognized to explain it. The amendment allows taxpayers to get a benefit from amortization and depreciation. Senator Hartsell moved for the adoption of the amendment and the motion carried. Senator Apodaca moved for a favorable report

as amended with a referral to the Senate Appropriations Committee. The motion carried. A copy of the PCS, the summary, the money report, the five amendments, the job creation plan chart, and fees by subject chart is attached.

The meeting adjourned at 4:28 PM.

Committee Substitute #2 Favorable 4/28/11
Fourth Edition Engrossed 5/4/11
PROPOSED SENATE COMMITTEE SUBSTITUTE H200-PCS30341-LExf-13

Short Title: Appropriations Act of 2011. (Public)

Sponsors:

Referred to:

March 2, 2011

A BILL TO BE ENTITLED

AN ACT TO SPUR THE CREATION OF PRIVATE SECTOR JOBS; REORGANIZE AND REFORM STATE GOVERNMENT; MAKE BASE BUDGET APPROPRIATIONS FOR CURRENT OPERATIONS OF STATE DEPARTMENTS AND INSTITUTIONS; AND TO ENACT BUDGET RELATED AMENDMENTS.

The General Assembly of North Carolina enacts:

PART I. INTRODUCTION AND TITLE OF ACT

TITLE

SECTION 1.1. This act shall be known as the "Current Operations and Capital Improvements Appropriations Act of 2011."

INTRODUCTION

SECTION 1.2. The appropriations made in this act are for maximum amounts necessary to provide the services and accomplish the purposes described in the budget. Savings shall be effected where the total amounts appropriated are not required to perform these services and accomplish these purposes and, except as allowed by the State Budget Act, or this act, the savings shall revert to the appropriate fund at the end of each fiscal year.

PART II. CURRENT OPERATIONS AND EXPANSION GENERAL FUND

CURRENT OPERATIONS AND EXPANSION/GENERAL FUND

SECTION 2.1. Appropriations from the General Fund of the State for the maintenance of the State departments, institutions, and agencies, and for other purposes as enumerated, are made for the fiscal biennium ending June 30, 2013, according to the following schedule:

Unappropriated Balance Remaining	**$ 72,311,073**	**$ 0**

SECTION 2.2.(b) Notwithstanding the provisions of G.S. 105-187.9(b)(1) and G.S. 105-187.9(b)(2), the sum to be transferred from the Highway Trust Fund under those subdivisions for the 2011-2012 fiscal year is forty-one million five hundred thousand dollars ($41,500,000) and for the 2012-2013 fiscal year is twenty-seven million six hundred thousand dollars ($27,600,000).

SECTION 2.2.(c) Notwithstanding the provisions of G.S. 115C-546.1, the Secretary of Revenue shall transfer the corporate income tax funds specified in G.S. 115C-546.1(b) to the State Controller for deposit in Nontax Budget Code 19978 (Intrastate Transfers) during the 2012-2013 fiscal year to offset continued operations of the State's public schools.

SECTION 2.2.(d) Notwithstanding any other provision of law to the contrary, effective July 1, 2011, the following amounts shall be transferred to the State Controller to be deposited in Nontax Budget Code 19878 (Intrastate Transfers) or the appropriate budget code as determined by the State Controller. These funds shall be used to support the General Fund appropriations as specified in this act for the 2011-2012 fiscal year.

Budget Code	Fund Code	Description	Amount
24100	2514	E-Commerce Reserve	$ 4,483,526
54600	5881	Commerce Enterprise Fund	250,000
24300	2119	Mercury Prevention Pollution Fund	125,000

SECTION 2.2.(e) Pursuant to Section 2(b) of S.L. 1999-2, the fifty percent (50%) of the 2011-2012 and the 2012-2013 annual installment payments to the North Carolina State Specific Account that would have been transferred to The Golden L.E.A.F. (Long-Term Economic Advancement Foundation), Inc., are transferred to the General Fund.

SECTION 2.2.(f) Notwithstanding the provisions of G.S. 105-187.19(b), effective for taxes levied during the 2011-2012 fiscal year, the Secretary of Revenue shall credit to the General Fund the sum of one million one hundred thirty-four thousand four hundred ninety-five dollars ($1,134,495) from the net tax proceeds that G.S. 105-187.19(b) directs the Secretary to credit to the Scrap Tire Disposal Account.

SECTION 2.2.(g) Notwithstanding the provisions of G.S. 105-187.24, effective for taxes levied during the 2011-2012 fiscal year, the Secretary of Revenue shall credit to the General Fund the sum of one million one hundred thirty-one thousand three hundred forty-two dollars ($1,131,342) from the net tax proceeds that G.S. 105-187.24 directs the Secretary to credit to the White Goods Management Account.

SECTION 2.2.(h) Notwithstanding the provisions of G.S. 105-228.30(b) and G.S. 113-44.15, effective for taxes levied during the 2011-2012 fiscal year, the Secretary of Revenue shall credit the sum of four million two hundred seventeen thousand five hundred dollars ($4,217,500) to the General Fund of the net tax proceeds that G.S. 105-228.30(b) directs the Secretary to credit to the Parks and Recreation Trust Fund.

SECTION 2.2.(i) Notwithstanding the provisions of G.S. 105-228.30(b) and G.S. 113-77.9, effective for taxes levied during the 2011-2012 fiscal year, the Secretary of Revenue shall credit the sum of four million five hundred thousand dollars ($4,500,000) to the General Fund of the net tax proceeds that G.S. 105-228.30(b) directs the Secretary to credit to the Natural Heritage Trust Fund.

SECTION 2.2.(j) Of the funds available in the year-end 2010-2011 fiscal year fund balance, the Director of the Budget may use up to one hundred twenty-five million dollars ($125,000,000) to repay the federal Centers for Medicare and Medicaid Services for excess Medicaid funds drawn down during the 2009-2010 fiscal year. The Director of the Budget shall report the amount of funds used under this section no later than 30 days after payment to the Joint Legislative Commission on Governmental Operations, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Fiscal Research Division.

SECTION 2.2.(k) Notwithstanding the provisions of G.S. 143C-4-3, the State Controller shall transfer only two hundred two million nine hundred ninety-four thousand three hundred thirty-nine dollars ($202,994,339) from the unreserved fund balance to the Repairs and

Renovations Reserve Account on June 30, 2011. This subsection becomes effective June 30, 2011.

SECTION 2.2.(l) Funds transferred under this section to the Repairs and Renovations Reserve Account are appropriated for the 2011-2012 fiscal year to be used in accordance with G.S. 143C-4-3.

SECTION 2.2.(m) Notwithstanding G.S. 143C-4-2, the State Controller shall transfer only two hundred two million nine hundred ninety-four thousand three hundred thirty-nine dollars ($202,994,339) from the unreserved fund balance to the Savings Reserve Account on June 30, 2011. This is not an "appropriation made by law," as that phrase is used in Section 7(1) of Article V of the North Carolina Constitution. This subsection becomes effective June 30, 2011.

PART III. CURRENT OPERATIONS/HIGHWAY FUND

CURRENT OPERATIONS AND EXPANSION/HIGHWAY FUND

SECTION 3.1. Appropriations from the State Highway Fund for the maintenance and operation of the Department of Transportation and for other purposes as enumerated are made for the fiscal biennium ending June 30, 2013, according to the following schedule:

Current Operations – Highway Fund	**2011-2012**	**2012-2013**

Total Highway Fund Availability	$ 2,049,200,000	$ 2,134,160,000
Unappropriated Balance	$ 0	$ 0

PART IV. HIGHWAY TRUST FUND APPROPRIATIONS

HIGHWAY TRUST FUND APPROPRIATIONS

SECTION 4.1. Appropriations from the State Highway Trust Fund for the maintenance and operation of the Department of Transportation and for other purposes as enumerated are made for the fiscal biennium ending June 30, 2013, according to the following schedule:

Current Operations – Highway Trust Fund	**2011-2012**	**2012-2013**
Intrastate	$ 460,823,529	$ 487,503,034
Aid to Municipalities	51,216,036	54,043,432
Secondary Roads	36,155,667	41,820,944
Urban Loops	275,761,364	237,407,986
Program Administration	44,774,400	47,107,200
Turnpike Authority	49,000,000	49,000,000
Transfer to General Fund	76,720,918	27,595,861
Transfer to Highway Fund	400,000	0
Debt Service	79,231,728	81,481,543
Mobility Fund	41,326,358	60,950,000
GRAND TOTAL CURRENT OPERATIONS	**$ 1,115,410,000**	**$ 1,086,910,000**

HIGHWAY TRUST FUND AVAILABILITY STATEMENT

SECTION 4.2. The Highway Trust Fund availability used in developing the 2011-2013 fiscal biennial budget is shown below:

Highway Trust Fund Availability	**2011-2012**	**2012-2013**
Unappropriated Balance	$ 75,000,000	$ 0
Estimated Revenue	1,040,410,000	1,086,910,000
Total Highway Trust Fund Availability	**$ 1,115,410,000**	**$ 1,086,910,000**

PART V. OTHER APPROPRIATIONS

APPROPRIATION OF OTHER FUNDS

SECTION 5.1.(a) State funds, as defined in G.S. 143C-1-1(d)(25), are appropriated as provided in G.S. 143C-1-2 for the 2011-2013 fiscal biennium, with the adjustments made to the continuation budget as reflected in the Governor's Recommended Budget and Budget Support Document, as follows:

(1) For all budget codes listed in "The State of North Carolina Governor's Recommended Budget, 2011-2013" and in the Budget Support Document, cash balances and receipts are appropriated up to the amounts specified, as adjusted by the General Assembly, for the 2011-2012 fiscal year and the 2012-2013 fiscal year. Funds may be expended only for the programs, purposes, objects, and line items or as otherwise authorized by the General Assembly. Expansion budget funds listed in those documents are appropriated only as otherwise provided in this act.

(2) Notwithstanding the provisions of subdivision (1) of this subsection:

a. Any receipts that are required to be used to pay debt service requirements for various outstanding bond issues and certificates of participation are appropriated up to the actual amounts received for the 2011-2012 fiscal year and the 2012-2013 fiscal year and shall be used only to pay debt service requirements.

b. Other funds, cash balances, and receipts of funds that meet the definition issued by the Governmental Accounting Standards Board of a trust or agency fund are appropriated for and in the amounts

required to meet the legal requirements of the trust agreement for the 2011-2012 fiscal year and the 2012-2013 fiscal year.

SECTION 5.1.(b) Receipts collected in a fiscal year in excess of the amounts authorized by this section shall remain unexpended and unencumbered until appropriated by the General Assembly in a subsequent fiscal year, unless the expenditure of overrealized receipts in the fiscal year in which the receipts were collected is authorized by the State Budget Act. Overrealized receipts are appropriated up to the amounts necessary to implement this subsection.

SECTION 5.1.(c) In addition to the consultation and reporting requirements set out in G.S. 143C-6-4, the Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division within 30 days after the end of each quarter on any overrealized receipts approved for expenditure under this subsection by the Director of the Budget. The report shall include the source of the receipt, the amount overrealized, the amount authorized for expenditure, and the rationale for expenditure.

SECTION 5.1.(d) Notwithstanding subsections (a) and (b) of this section, there is appropriated from the Reserve for Reimbursements to Local Governments and Shared Tax Revenues for each fiscal year an amount equal to the amount of the distributions required by law to be made from that reserve for that fiscal year.

OTHER RECEIPTS FROM PENDING GRANT AWARDS

SECTION 5.2.(a) Notwithstanding G.S. 143C-6-4, State agencies may, with approval of the Director of the Budget and after consultation with the Joint Legislative Commission on Governmental Operations, spend funds received from grants awarded subsequent to the enactment of this act.

SECTION 5.2.(b) The Office of State Budget and Management shall work with the recipient State agencies to budget grant awards according to the annual program needs and within the parameters of the respective granting entities. Depending on the nature of the award, additional State personnel may be employed on a time-limited basis. The Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations prior to expending any funds received from grant awards. Funds received from such grants are hereby appropriated and shall be incorporated into the authorized budget of the recipient State agency.

SECTION 5.2.(c) Notwithstanding the provisions of this section, no State agency may accept a grant not anticipated in this act if acceptance of the grant would obligate the State to make future expenditures relating to the program receiving the grant or would otherwise result in a financial obligation as a consequence of accepting the grant funds.

SECTION 5.2.(d) Notwithstanding G.S. 143C-6-4, the Department of Public Instruction may spend funds received from the following grants for the 2011-2012 fiscal year awarded subsequent to the enactment of this act for up to the specified amounts:

(1)	Child Nutrition Equipment Assistance	$815,762
(2)	Verizon Thinkfinity State Education Partnership	$ 40,000
(3)	State Abstinence Education Program	$1,585,347.

Neither the approval of the Director of the Budget nor consultation with the Joint Legislative Commission on Governmental Operations is required prior to the expenditure of these funds. The provisions of subsection (b) of this section do not apply to these funds.

CIVIL FORFEITURE FUNDS

SECTION 5.3. Appropriations. – Appropriations are made from the Civil Penalty and Forfeiture Fund for the fiscal biennium ending June 30, 2013, as follows:

	FY 2011-2012	FY 2012-2013
School Technology Fund	$ 18,000,000	$ 18,000,000
State Public School Fund	120,362,790	120,362,790
Total Appropriation	$ 138,362,790	$ 138,362,790

EDUCATION LOTTERY

SECTION 5.4.(a) Notwithstanding G.S. 18C-164, the revenue used to support appropriations made in this act is transferred from the State Lottery Fund in the amount of four

hundred twenty-four million nine hundred seventy-three thousand six hundred thirty dollars ($424,973,630) for the 2011-2012 fiscal year.

SECTION 5.4.(b) Notwithstanding G.S. 18C-164, the appropriations made from the Education Lottery Fund for the 2011-2012 fiscal year are as follows:

Teachers in Early Grades	$220,643,188
Prekindergarten Program	$ 63,135,709
Public School Building Capital Fund	$100,000,000
Scholarships for Needy Students	$ 30,450,000
UNC Need-Based Financial Aid	$ 10,744,733
Total Appropriation	$424,973,630

SECTION 5.4.(c) Notwithstanding G.S. 18C-164, the North Carolina State Lottery Commission shall not transfer funds to the Education Lottery Reserve Fund for the 2011-2012 fiscal year or the 2012-2013 fiscal year.

SECTION 5.4.(d) Notwithstanding G.S. 18C-164(c), G.S. 115C-546.2(d), or any other provision of law, funds appropriated in this section to the Public School Building Capital Fund for the 2011-2012 fiscal year shall be allocated to counties on the basis of average daily membership (ADM).

SECTION 5.4.(e) Notwithstanding G.S. 18C-164(c), Article 35A of Chapter 115C of the General Statutes, or any other provision of law, the funds appropriated in this section for UNC Need-Based Financial Aid shall be administered in accordance with the policy adopted by the Board of Governors of The University of North Carolina.

SECTION 5.4.(f) Notwithstanding G.S. 18C-164(f), if the actual net lottery revenues for the 2011-2012 fiscal year exceed the amounts appropriated in subsection (b) of this section, the excess net lottery revenues shall be allocated for school capital on the basis of average daily membership.

SECTION 5.4.(g) Funds appropriated in this section for scholarships for needy students shall be used only for students at the constituent institutions of The University of North Carolina and the constituent institutions of the Community College System.

PART VI. GENERAL PROVISIONS

CLARIFY CERTIFIED BUDGET

SECTION 6.1.(a) The purpose of this section is to clarify the distinction between changes to the budget enacted by the General Assembly in this act and changes made by the Director of the Budget pursuant to other authority.

SECTION 6.1.(b) For the 2011-2013 fiscal biennium, and notwithstanding the provisions of Chapter 143C of the General Statutes or any other provision of law, the certified budget for each State agency shall reflect only the total of all appropriations enacted for each State agency by the General Assembly in this act as modified by this act; therefore, the Director of the Budget shall modify the certified budget only to reflect the following actions and only to the extent that they are authorized by this act:

(1) The allocation of funds set out in reserves.

(2) Government reorganizations.

The Director of the Budget shall set out all other budget modifications in the authorized budget.

CONTINGENCY AND EMERGENCY FUND LIMITATION

SECTION 6.2. For the 2011-2013 fiscal biennium, and notwithstanding the provisions of G.S. 143C-4-4(b), funds appropriated to the Contingency and Emergency Fund may be used only for expenditures required (i) by a court or Industrial Commission order or (ii) to respond to events as authorized under G.S. 166A-5(1)a.9. of the North Carolina Emergency Management Act of 1977. These funds shall not be used for other statutorily authorized purposes or for any other contingencies and emergencies.

ESTABLISHING OR INCREASING FEES UNDER THIS ACT

SECTION 6.3.(a) Notwithstanding G.S. 12-3.1, an agency is not required to consult with the Joint Legislative Commission on Governmental Operations prior to establishing or increasing a fee to the level authorized or anticipated in this act.

SECTION 6.3.(b) Notwithstanding G.S. 150B-21.1A(a), an agency may adopt an emergency rule in accordance with G.S. 150B-21.1A to establish or increase a fee as authorized

by this act if the adoption of a rule would otherwise be required under Article 2A of Chapter 150B of the General Statutes.

CONSULTATION REQUIRED BEFORE CREATION OF NEW FUNDS

SECTION 6.4. Notwithstanding G.S. 143C-1-3 or any other provision of law to the contrary, the Office of State Budget and Management and the Office of the State Controller shall consult with the Joint Legislative Commission on Governmental Operations prior to the establishment of a new fund as defined in G.S. 143C-1-3.

JUSTIFICATION/OPERATIONAL REVIEWS

SECTION 6.6.(a) It is the intent of the General Assembly to subject the operations of State government and the operations of nongovernmental entities receiving State funds to periodic Justification Reviews. The Reviews shall be conducted by the Fiscal Research Division and shall specifically address the following questions:

(1) Is the program or service fulfilling the letter and/or intent of its legislative mandate?
(2) Is that mandate still justified, either in its original form or some modified form?
(3) Does the program follow identified best practices to address its mandate?
(4) Is the program duplicative of other services provided by the public or private sectors?
(5) Is the program effective?
(6) Is the program efficient?
(7) Are there any other obstacles that might limit the program's ability to accomplish its mission?

SECTION 6.6.(b) For the fiscal year 2011-2012, the following programs or services shall be the subject of review:

(1) Lumberton Farmer's Market – Department of Agriculture and Consumer Services.
(2) DHHS postsecondary education programs.
(3) Environmental Rating Scales Contract.

SECTION 6.6.(c) By May 1, 2012, the Fiscal Research Division shall report its findings and recommendations to the Appropriations Committee of the House of Representatives and the Appropriations/Base Budget Committee of the Senate. The report shall:

(1) Provide a description of each program.
(2) Identify major policy issues that the General Assembly should address.
(3) Explore means to achieve program objectives more efficiently.
(4) Characterize the likely results of alternative funding levels and/or opportunities to save taxpayer dollars.
(5) Identify performance measures that have been established by the agency and the usefulness of those performance measures, as well as the agency's progress toward meeting their established measures.

CONTINUATION REVIEW OF CERTAIN FUNDS/PROGRAMS/DIVISIONS

SECTION 6.7.(a) It is the intent of the General Assembly to periodically and systematically review the funds, agencies, divisions, and programs financed by State government. This process is known as the Continuation Review Program. The Continuation Review Program is intended to assist the General Assembly in determining whether to continue, reduce, or eliminate funding for the State's funds, agencies, divisions, and programs subject to continuation review.

SECTION 6.7.(b) The Appropriations Committee of the House of Representatives and the Appropriations/Base Budget Committee of the Senate may review the funds, programs, and divisions listed in this section and shall determine whether to continue, reduce, or eliminate funding for the funds, programs, and divisions, subject to the Continuation Review Program. The Fiscal Research Division may issue instructions to the State departments and agencies subject to continuation review regarding the expected content and format of the reports required by this section. No later than December 1, 2011, the following agencies shall report to the Fiscal Research Division:

(1) Justice and Public Safety. – Family Court.
(2) Education. – Center for Public Television as provided by Section 9.1 of this act.
(3) Natural and Economic Resources. –
a. Commerce/Office of Science and Technology.
b. Wildlife Resources Commission/Conservation Education.
(4) Health and Human Services. – Division of Information Resource Management.
(5) General Government. – General Assembly Facility Services.
(6) Transportation. –
a. Division of Motor Vehicles Drivers License Program.
b. Visitor Centers Funding.

SECTION 6.7.(c) The continuation review reports required in this section shall include the following information:

(1) A description of the fund, agency, division, or program mission, goals, and objectives.
(2) The statutory objectives for the fund, agency, division, or program and the problem or need addressed.
(3) The extent to which the fund, agency, division, or program objectives have been achieved.
(4) The fund's, agency's, division's, or program's functions or programs performed without specific statutory authority.
(5) The performance measures for each fund, agency, division, or program and the process by which the performance measures determine efficiency and effectiveness.
(6) Recommendations for statutory, budgetary, or administrative changes needed to improve efficiency and effectiveness of services delivered to the public.
(7) The consequences of discontinuing funding.
(8) Recommendations for improving services or reducing costs or duplication.
(9) The identification of policy issues that should be brought to the attention of the General Assembly.
(10) Other information necessary to fully support the General Assembly's Continuation Review Program along with any information included in instructions from the Fiscal Research Division.

SECTION 6.7.(d) State departments and agencies identified in subsection (b) of this section shall submit a final report to the General Assembly by March 1, 2012.

UTILIZATION REVIEW/PUBLIC SCHOOL AND PUBLIC HEALTH NURSES

SECTION 6.9.(a) Beginning July 1, 2011, the Fiscal Research Division, in consultation with the Department of Public Instruction and the Department of Health and Human Services, shall review all publicly (federal and State) funded public school nurse positions assigned within or connected to those respective organizations in order to determine the most effective and cost-efficient ways to provide needed nursing service to public school students. The review shall identify specific areas where overlaps of service provision may exist. The review shall focus on ways to maximize existing nursing resources and to change prospectively the manner in which local school nurses are allocated to better address the needs of students in the public schools at reasonable cost. Specifically, the review shall examine at least all of the following:

(1) Feasibility of having the money all flow to local public health departments for management and administration purposes to align health-related activities with the local entity best equipped to manage.
(2) Feasibility of using a mix of licensed nurses, both registered nurses (RN) and licensed practical nurses (LPN), to provide health care services in the public schools.
(3) Feasibility of allowing a school nurse to be licensed as an LPN as long as the nurse works under the direct supervision of an RN.
(4) Development of a new allocation formula that considers:
a. Average daily membership.

b. Local match requirement.
c. A base amount for each local school administrative unit.

SECTION 6.9.(b) By May 1, 2012, the Fiscal Research Division shall report to the House and Senate Appropriations Committees.

GLOBAL TRANSPARK DEBT, REPORT, AND STUDY

SECTION 6.10.(a) G.S. 147-69.2(b)(11), as amended by Section 7 of S.L. 2005-144, Section 2 of S.L. 2005-201, Section 28.17 of S.L. 2005-276, Section 27.7 of S.L. 2007-323, and Section 25.2 of S.L. 2009-451, reads as rewritten:

"(b) It shall be the duty of the State Treasurer to invest the cash of the funds enumerated in subsection (a) of this section in excess of the amount required to meet the current needs and demands on such funds, selecting from among the following:

...

(11) With respect to assets of the Escheat Fund, obligations of the North Carolina Global TransPark Authority authorized by G.S. 63A-4(a)(22), not to exceed twenty-five million dollars ($25,000,000), that have a final maturity not later than October 1, ~~2011.~~ 2012. The obligations shall bear interest at the rate set by the State Treasurer. No commitment to purchase obligations may be made pursuant to this subdivision after September 1, 1993, and no obligations may be purchased after September 1, 1994. In the event of a loss to the Escheat Fund by reason of an investment made pursuant to this subdivision, it is the intention of the General Assembly to hold the Escheat Fund harmless from the loss by appropriating to the Escheat Fund funds equivalent to the loss.

If any part of the property owned by the North Carolina Global TransPark Authority now or in the future is divested, proceeds of the divestment shall be used to fulfill any unmet obligations on an investment made pursuant to this subdivision."

SECTION 6.10.(b) The Global TransPark Authority shall report to the Program Evaluation Division on its strategic, business, and financial plans. The report shall be made by no later than January 1, 2012, and shall include the Authority's proposed schedule to achieve financial self-sufficiency and proposed schedule to repay to the Escheat Fund the investment authorized under G.S. 147-69.2(b)(11) plus any accumulated interest, both of which totaled forty million sixty-seven thousand nine hundred eighteen dollars and twenty cents ($40,067,918.20) as of March 31, 2011.

SECTION 6.10.(c) The Program Evaluation Division of the General Assembly shall study the feasibility and implications of (i) transferring the entire Global TransPark Authority to another State agency and (ii) transferring functions of the Global TransPark Authority to other State agencies as part of a consolidation. The term "functions of the Global TransPark Authority" includes, but is not limited to, administration, planning, economic development and marketing, property management, and training center functions. The Program Evaluation Division shall report its findings and make a recommendation from this study to the Joint Legislative Program Evaluation Oversight Committee no later than May 1, 2012.

HEALTH AND WELLNESS TRUST FUND AND TOBACCO TRUST FUND/FUTURE MSA PAYMENTS

SECTION 6.11.(a) The Health and Wellness Trust Fund (HWTF) and Health and Wellness Trust Fund Commission are abolished, and Article 6C of Chapter 147 of the General Statutes is repealed.

SECTION 6.11.(b) Funds remaining in the Health and Wellness Trust Fund on June 30, 2011, shall be transferred to the Department of Health and Human Services and shall be carried forward to fiscal year 2011-2012 to be used by the Department for the following purposes:

(1) Up to the sum of twenty-two million dollars ($22,000,000) shall be used to administer grants associated with the following programs and initiatives:
a. Teen Tobacco Prevention.
b. ChecKmeds.
c. Medication Assistance Programs.
d. Obesity Prevention.

(2) The sum of ten million dollars ($10,000,000) shall be used to reduce the total savings required to be achieved for the Medicaid program by Community Care of North Carolina.

(3) The remainder shall be used to reduce the Medicaid Provider Rate cut.

SECTION 6.11.(c) G.S. 116-29.1(b)(1) reads as rewritten:

"(b) The General Assembly finds that it is imperative that the State provide a minimum of fifty million dollars ($50,000,000) each calendar year to the University Cancer Research Fund; therefore, effective July 1 of each calendar year:

(1) ~~Notwithstanding G.S. 143C-9-3, of~~Of the funds credited to ~~the Tobacco Trust Account,~~Budget Code 69430 in the Department of State Treasurer, the sum of eight million dollars ($8,000,000) is transferred from ~~the Tobacco Trust Account~~Budget Code 69430 to the University Cancer Research Fund and appropriated for this purpose.

...."

SECTION 6.11.(d) Section 6 of S.L. 1999-2 reads as rewritten:

"Section 6. It is the intent of the General Assembly that the funds under the Master Settlement Agreement, which is incorporated into the Consent Decree, be allocated as follows:

(1) Fifty percent (50%) to the nonprofit corporation as provided by the Consent Decree.

(2) ~~Twenty-five percent (25%) to a trust fund to be established by the General Assembly~~Fifty percent (50%) shall be allocated as follows:

a. Debt service as authorized by the State Capital Facilities Act of 2004, Part 1 of S.L. 2004-179 and S.L. 2004-124. As soon as practicable after the beginning of each fiscal year, the State Treasurer shall estimate and transfer to Budget Code 69430 the amount of debt service anticipated to be paid during the fiscal year for special indebtedness authorized by the State Capital Facilities Act of 2004.

b. The sum of eight million dollars ($8,000,000) is credited to Budget Code 69430 and shall be transferred to the University Cancer Research Fund in accordance with G.S. 116-29.1.

c. The balance remaining to be credited to the State General Fund to be used for the following purposes:

1. ~~for the~~The benefit of tobacco producers, tobacco allotment holders, and persons engaged in tobacco-related ~~businesses, with this trust fund to be governed by a board of trustees representing these interests.~~businesses. To carry out this purpose, ~~this trust fund~~funds may provide direct and indirect financial ~~assistance, in accordance with criteria established by the trustees of the trust fund and~~assistance, to the extent allowed by law, to (i) indemnify tobacco producers, allotment holders, and persons engaged in tobacco-related businesses from the adverse economic effects of the Master Settlement Agreement, (ii) compensate tobacco producers and allotment holders for the economic loss resulting from lost quota, and (iii) revitalize tobacco dependent communities.

2. The benefit of health to fund programs and initiatives that include research, education, prevention, and treatment of health problems in North Carolina and to increase the capacity of communities to respond to the public's health needs through programs such as Health Choice and the State's Medicaid program.

~~(3) Twenty-five percent (25%) to a trust fund to be established by the General Assembly for the benefit of health, with this trust fund to be governed by a board of trustees comprised of a broad representation of health interests.~~"

SECTION 6.11.(e) The funds allocated in subdivision (2)a. of Section 6 of S.L. 1999-2, as rewritten by subsection (d) of this section, are appropriated from the General Fund for fiscal years 2011-2012 and 2012-2013 and shall be expended in accordance with the provisions of subdivision (2)a. of Section 6 of S.L. 1999-2, as amended by subsection (d) of this section.

SECTION 6.11.(f) Notwithstanding the provisions of G.S. 143-717(i), the administrative costs of the Tobacco Trust Fund shall not exceed six hundred twenty-five thousand dollars ($625,000) for fiscal year 2011-2012 and fiscal year 2012-2013.

SECTION 6.11.(g) Subsection (a) of this section shall be effective 60 days after this act becomes law or on October 1, 2011, whichever occurs first. Subsection (b) of this section becomes effective on June 30, 2011.

CONSOLIDATION OF AIR SERVICES AND CENTRALIZATION OF AIR MANAGEMENT/STATE-OWNED PASSENGER AND NON-PASSENGER VEHICLES

SECTION 6.13.(a) The State Motor Fleet project in the Work Plan of the Program Evaluation Division approved April 5, 2011, by the Joint Legislative Program Evaluation Oversight Committee is amended as described in this section.

SECTION 6.13.(b) The Program Evaluation Division shall evaluate the consolidation of air services provided by the Department of Transportation, the State Bureau of Investigation, and the University of North Carolina Passenger Mission and shall recommend the most appropriate agency to house the consolidated services. Other air services may be examined for consolidation by the Program Evaluation Division. The study shall evaluate savings through consolidation, including potential savings from the following:

(1) Reduction in aircraft.
(2) Reduction in personnel.
(3) Reduction in State facilities.
(4) An improved level of service.
(5) The potential sale of the DOT Beechcraft B200 aircraft tail number N3NC and if so when the sale should take place.

SECTION 6.13.(c) The Program Evaluation Division shall study the formation of an Aviation Management Authority, as recommended by the Program Evaluation Division's April 2010 Report "Selling 25 Underutilized Aircraft May Yield Up to $8.1 Million and Save $1.5 Million Annually."

SECTION 6.13.(d) The Program Evaluation Division shall study all passenger and non-passenger vehicles owned and operated by all State government departments, institutions, and entities. The study shall include motor fleet fees and associated cash balances, mechanic operations, the use and purpose of assigned vehicles, and State fueling stations and associated fees.

SECTION 6.13.(e) The Program Evaluation Division shall report its findings and recommendations from the State Motor Fleet project described under this section to the Joint Legislative Program Evaluation Oversight Committee no later than May 1, 2012.

TORNADO ASSISTANCE

SECTION 6.14. The General Assembly finds that on April 16, 2011, heavy thunderstorms and powerful tornadoes swept through this State, with 18 counties sustaining the most extensive damage. Those counties are Bertie, Bladen, Craven, Cumberland, Currituck, Greene, Halifax, Harnett, Hertford, Hoke, Johnston, Lee, Onslow, Pitt, Robeson, Sampson, Wake, and Wilson Counties. It is the intent of the General Assembly to provide State matching funds to help mitigate losses, rebuild infrastructure, and aid affected citizens and businesses.

PART VI-A. INFORMATION TECHNOLOGY

INFORMATION TECHNOLOGY FUND/AVAILABILITY

SECTION 6A.1.(a) The availability used to support appropriations made in this act from the Information Technology Fund established in G.S. 147-33.72H is as follows:

	FY 2011-2012	FY 2012-2013
Appropriation from General Fund	$4,458,142	$6,158,142
Interest	$ 25,000	$ 25,000
IT Fund Balance June 30	$ 792,000	$ 0
Total Funds Available	**$5,275,142**	**$6,183,142**

Appropriations are made from the Information Technology Fund for the 2011-2013 fiscal biennium as follows:

	FY 2011-2012	FY 2012-2013
Information Technology Operations		
Center for Geographic Information and Analysis	$ 599,347	$ 599,347
Enterprise Security Risk Management	$ 864,148	$ 864,148
Enterprise Project Management Office	$1,473,285	$1,473,285
Architecture and Engineering	$ 581,986	$ 581,986
Criminal Justice Information Network	$ 166,422	$ 166,422
Statewide IT Procurement	$ 0	$ 0
State Web site	$ 100,000	$ 0
ITS Overhead Reduction	($91,486)	($91,486)
Subtotal Information Technology Operations	$3,693,702	$3,593,702
Information Technology Projects		
State Portal	$ 0	$ 0
IT Consolidation	$ 776,440	$ 784,440
Transfer to OSC for E-Forms	$ 500,000	$ 500,000
Subtotal Information Technology Projects	$1,276,440	$1,284,440
Data Integration License Funding Transfer to State Agencies	$ 200,000	$1,200,000
Position Transfer to Office of State Budget and Management	$ 105,000	$ 105,000
Total	**$5,275,142**	**$6,183,142**

SECTION 6A.1.(b) By September 1 of each year, data integration funding in the Information Technology Fund for that State fiscal year shall be transferred to State agencies in proportion to their use of data integration licenses at that point in time. The State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by September 2 of each year on the status of the transfer.

Any licensing requirements after the 2011-2013 fiscal biennium shall be the responsibility of the participating agency. For the 2012-2013 fiscal year, the State Chief Information Officer shall provide funding in the amount of one million two hundred thousand dollars ($1,200,000) to offset data integration licensing costs and shall charge agencies based on license usage for license costs in excess of one million two hundred thousand dollars ($1,200,000). The State Chief Information Officer shall notify affected agencies of this requirement by September 1, 2011. The State Chief Information Officer shall ensure that agencies choosing to participate after that date are notified prior to agreeing to participate in the data integration license agreement. The State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by September 2, 2011, on agency notification of their responsibility to fund any data integration license requirements after the 2011-2013 fiscal biennium.

SECTION 6A.1.(c) Unless a change is approved by the State Chief Information Officer after consultation with the Office of State Budget and Management, funds appropriated to the Information Technology Fund shall be spent only as specified in this section. Changes shall not result in any degradation to the operation or project for which the funds were originally appropriated.

Any changes to the specified uses shall be approved in writing by the State Chief Information Officer and shall immediately be reported to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on General Government, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on General Government and Information Technology, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. This report shall include detailed reasons for the changes in use and shall explain why each change does not have any potential impact on the operation or project for which the funding was originally appropriated.

SECTION 6A.1.(d) The Office of the State Controller shall coordinate with the Office of the State Chief Information Officer to identify four positions in the Office of the State Chief Information Officer that shall be used, effective August 1, 2011, to support planning and

implementation of an automated fraud detection capability and an e-forms/digital signature project.

SECTION 6A.1.(e) This section is effective when it becomes law.

INFORMATION TECHNOLOGY OPERATIONS

SECTION 6A.2.(a) Information Technology Internal Service Fund Budget. – Notwithstanding G.S. 147-33.88, the Office of Information Technology Services shall develop an annual budget for review and approval by the Office of State Budget and Management in accordance with a schedule prescribed by the Director of the Office of State Budget and Management. The approved Information Technology Internal Service Fund budget shall be included in the Governor's budget recommendations to the General Assembly.

The Office of State Budget and Management shall ensure that State agencies have an opportunity to adjust their budgets based on any rate changes proposed by the Office of Information Technology Services and approved by the Office of State Budget and Management.

Any uses of the Internal Service Fund not specifically related to the operation of the Office of Information Technology Services shall immediately be reported to the Office of State Budget and Management and the Fiscal Research Division with an explanation as to why it was necessary to use the Fund.

SECTION 6A.2.(b) Enterprise Projects. – The State Chief Information Officer shall consult the respective State agency chief information officer and obtain approval from the Office of State Budget and Management prior to the initiation of any enterprise project or contract. State agency requirements shall be incorporated into any enterprise agreement signed by the State Chief Information Officer or his or her representative. Enterprise projects shall not exceed the participating State agencies' ability to financially support the contracts.

SECTION 6A.2.(c) The State Chief Information Officer shall not enter into any information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

(1) Ensure that sufficient funds are budgeted to support their agreed shares of enterprise agreements throughout the life of the contract or project.

(2) Transfer the agreed-upon funds to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.

The State Chief Information Officer shall ensure that enterprise project and contract costs are allocated to participating agencies in an equitable manner.

SECTION 6A.2.(d) Agency Projects. – Prior to initiation, any information technology project, or any segment of a multipart project, costing more than two hundred fifty thousand dollars ($250,000) shall be included in the agency's most recent information technology plan and shall be approved by the General Assembly.

SECTION 6A.2.(e) Three-Year Contracts. – Notwithstanding the cash management provisions of G.S. 147-86.11, the Office of Information Technology Services may procure information technology goods and services for periods of up to a total of three years where the terms of the procurement contract require payment of all, or a portion, of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

(1) Any advance payment can be accomplished within the Information Technology Internal Service Fund budget.

(2) The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.

(3) The procurement complies in all other aspects with applicable statutes and rules.

(4) The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the Information Technology Internal Service Fund

rate calculations before the Office of State Budget and Management annually approves proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. The Office of Information Technology Services shall submit a quarterly written report to the Office of State Budget and Management on any State agency budget impacts resulting from multiyear contracts. Under no circumstances shall multiyear contracts result in rate increases for participating agencies. The Office of Information Technology Services shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division of the North Carolina General Assembly.

SECTION 6A.2.(f) Information Technology Hosting. – State agencies developing and implementing information technology projects/applications shall use the State infrastructure to host their projects. An exception to this requirement may be granted only if approved by both the State Chief Information Officer on the basis of technology requirements and by the Office of State Budget and Management based on cost savings, subject to consultation with the Joint Legislative Commission on Governmental Operations and a report to the Joint Legislative Oversight Committee on Information Technology.

Projects/applications currently hosted outside the State infrastructure shall be returned to State infrastructure not later than the end of any current contract.

By October 1, 2011, the State Chief Information Officer shall report to the Joint Legislative Oversight Committee on Information Technology regarding projects currently hosted outside State infrastructure and a schedule to return those projects to State infrastructure.

SECTION 6A.2.(g) Service Level Agreements. – Service level agreements developed with supported State agencies shall include metrics for the Office of Information Technology Services as well as the supported agencies. When the Office of Information Technology Services or an agency fails to meet metrics established by the service level agreement, a report shall be provided to the Office of State Budget and Management and the Fiscal Research Division of the General Assembly within 10 days, detailing the shortfall and providing a corrective action plan with a time line.

SECTION 6A.2.(h) The Office of Information Technology Services shall assist State agencies in identifying the least expensive source and best value for the purchase of IT goods and services and shall ensure that agencies receive every available discount when purchasing IT goods and services. When the best value and the least expensive sources are different, the Office of Information Technology Services shall report to the Office of State Budget and Management and the Fiscal Research Division on why the least expensive vendor was not the best value.

SECTION 6A.2.(i) Agency Billing and Payments. – The State CIO shall ensure that bills from the Office of Information Technology Services are easily understood and fully transparent. If a State agency fails to pay its IT Internal Service Fund bills within 30 days of receipt, the Office of State Budget and Management may transfer funds from the agency to cover the cost of the bill from that agency to the IT Internal Service Fund.

COORDINATION OF INFORMATION TECHNOLOGY REQUIREMENTS AND GEOGRAPHIC INFORMATION SYSTEM REQUIREMENTS

SECTION 6A.3. The State Chief Information Officer, through the Enterprise Project Management Office, shall develop a plan and adopt measures to avoid the duplication of information technology capabilities and resources across State agencies. When multiple agencies require the same or substantially similar information technology capability, the State Chief Information Officer shall designate one State agency as the lead to coordinate support and to manage that capability for all State agencies requiring the capability, with the State Chief Information Officer maintaining oversight of the effort. Further, the Enterprise Project Management Office shall:

(1) Review all ongoing and future technology projects to determine whether the capabilities required for each project, or the specific requirements comprising a component within a project, already exist in a planned, ongoing, or completed information technology project developed by another State agency. Information Technology Procurement shall work to develop contracts for information technology projects to allow the addition of other agencies' requirements within the terms of the existing contract.

(2) Identify existing projects that can best support a particular requirement for multiple agencies and work to transition agencies to those projects.
(3) When State agencies request approval for new projects, determine if the information technology project has transferable applicability to current or future capabilities required by another State agency.
(4) Upon identifying an existing information technology capability needed by a State agency, assist that agency in determining how best to access existing projects.
(5) Implement the State Chief Information Officer's plan to reduce duplication.
(6) Deny approval for new projects that duplicate existing capabilities within State agencies.
(7) Provide quarterly reports to the Fiscal Research Division of the General Assembly on progress toward eliminating duplication. The report shall include a list of duplicate projects across State agencies, both ongoing and legacy, and shall document explicit efforts to reduce the duplication. It shall specifically address progress during the quarter for which the report is being submitted. It shall also include a list of projects denied approval because of duplication, with a description of the measures taken to access an existing project with the same capabilities.

All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) to ensure that they are not duplicating an existing function. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By January 1 of each year, the CGIA shall make a written report to the Joint Legislative Oversight Committee on Information Technology and to the Fiscal Research Division of the General Assembly on the results of these efforts.

CRIMINAL JUSTICE LAW ENFORCEMENT AUTOMATED DATA SERVICES (CJLEADS)

SECTION 6A.4.(a) The Office of the State Controller, in cooperation with the State Chief Information Officer, shall:

(1) Continue the implementation of the Criminal Justice Data Integration Pilot Program, which is now known as the Criminal Justice Law Enforcement Automated Data Services (CJLEADS), expanding it throughout the State of North Carolina;
(2) Review plans to transition CJLEADS to the Department of Justice, determining if that is still the best course of action, and identifying an alternative, if required;
(3) By October 1, 2011, provide a recommendation to the Joint Legislative Oversight Committee on Information Technology on the best alternative for managing and hosting CJLEADS, along with a time line for the transition; and
(4) Provide quarterly reports on the status of the Program to the Joint Legislative Oversight Committee on Information Technology beginning October 1, 2011.

SECTION 6A.4.(b) The Office of the State Controller shall administer CJLEADS with the assistance of a Leadership Council consisting of:

(1) The Attorney General;
(2) The Director of the Administrative Office of the Courts;
(3) The Secretary of the Department of Correction;
(4) The Secretary of Crime Control and Public Safety;
(5) The Secretary of the Department of Juvenile Justice and Delinquency Prevention;
(6) The Commissioner of Motor Vehicles, Department of Transportation;
(7) The President of the North Carolina Association of Chiefs of Police;
(8) The President of the North Carolina Sheriffs' Association, Inc.;
(9) A representative of the Federal Bureau of Investigation, who shall be a nonvoting member;
(10) The State Controller; and

(11) The State Chief Information Officer.

SECTION 6A.4.(c) Data that is not classified as a public record under G.S. 132-1 shall not be considered a public record when incorporated into the CJLEADS database.

SECTION 6A.4.(d) To maintain the confidentiality requirements attached to the information provided to CJLEADS by the various State and local agencies, each source agency providing data for CJLEADS shall be the sole custodian of the data for the purpose of any request for inspection or copies thereof under Chapter 132 of the General Statutes. CJLEADS shall only allow access to data from the source agencies in accordance with rules adopted by the respective source agencies.

SECTION 6A.4.(e) Agencies shall use existing resources to provide required support for CJLEADS.

SECTION 6A.4.(f) Section 6.10 of S.L. 2010-31 is repealed.

CONTINUING PILOT PROGRAM TO ALLOW PUBLIC-PRIVATE PARTNERSHIPS TO MEET DEPARTMENT OF REVENUE TECHNOLOGY NEEDS

SECTION 6A.5.(a) To speed the implementation of the Tax Information Management System (TIMS) and the additional components of the Planning and Design Project (PDP) through June 30, 2015, the Secretary of the Department of Revenue may enter into public-private arrangements where (i) the funding of the project under the arrangement comes from revenue generated by the project and (ii) the project is related to the implementation of TIMS and additional components of the PDP. As used in this section, the "additional components of the PDP" are Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services. All such arrangements shall terminate June 30, 2015.

Work under a public-private arrangement may be contracted by requests for proposals, modifications to existing contracts, and purchases using existing contract vehicles.

The Secretary of Revenue shall establish a measurement process to determine the increased revenue attributable to the public-private arrangements. To accomplish this, the Secretary shall consult subject matter experts outside the Department of Revenue, both within State government and from private industry. The measurement process shall include:

(1) Calculation of a revenue baseline against which the increased revenue attributable to the project is measured;

(2) Periodic evaluation to determine if the baseline needs to be modified based on significant measurable changes in the economic environment; and

(3) Monthly calculation of increased revenue attributable to contracts executed under this program.

Of funds generated from collections above the baseline established by subdivision (1) of this subsection, in both the General Fund, Highway Funds, and the State portion of the Unauthorized Substance Tax collections of the Special Revenue Fund, up to forty-five million five hundred thousand dollars ($45,500,000) may be authorized by the Office of State Budget and Management for the purchases related to the implementation of TIMS and the additional components of the PDP, including payment for services from non-State entities. The Department of Revenue may retain an additional six million six hundred forty-six thousand five hundred fifty-seven dollars ($6,646,557) from benefits generated for the General Fund since the beginning of the public-private partnership. These funds shall be used as payment of internal costs for the fiscal biennium, and such funds are hereby appropriated for this purpose.

If the Department of Revenue finds that it cannot generate additional benefits totaling forty-five million five hundred thousand dollars ($45,500,000) through June 30, 2015, or that total costs exceed the total available appropriations and earned benefits, then the Department shall do all of the following: (i) immediately notify the Chairs of the House of Representatives and Senate Appropriations Committees and the Fiscal Research Division, (ii) identify any obligations to vendors, (iii) identify options for meeting obligations to vendors, and (iv) provide costs associated with each option. The Department shall ensure that this notification is made in sufficient time to allow the General Assembly to properly evaluate the options presented.

SECTION 6A.5.(b) Notwithstanding G.S. 114-2.3, the Department of Revenue shall engage the services of private counsel with the pertinent information technology and computer law expertise to review requests for proposals, and to negotiate and review contracts associated with TIMS and the additional components of the Planning and Design Project (PDP)

(Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer Relationship Management, Enterprise Case Management, and E-Services).

SECTION 6A.5.(c) There is established within the Department of Revenue the Oversight Committee for reviewing and approving the benefits measurement methodology and calculation process. The Oversight Committee shall review and approve in writing all contracts, including change orders, amendments to contracts, and addendums to contracts, before they are executed under this section. This shall include (i) details of each public-private contract, (ii) the benefits from each contract, and (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including the measurement process established for the Secretary of Revenue. The Oversight Committee shall approve all of the fund transfers for this project. Within five days of entering into a contract, the Department shall provide copies of each contract and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

The members of the Committee shall include the following:

(1) The State Budget Director;
(2) The Secretary of the Department of Revenue;
(3) The State Chief Information Officer;
(4) Two persons appointed by the Governor;
(5) One member of the general public having expertise in information technology appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives; and
(6) One member of the general public having expertise in economic and revenue forecasting appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate.

The State Budget Director shall serve as chair of the Committee. The Committee shall set its meeting schedule and adopt its rules of operation by majority vote. A majority of the members constitutes a quorum. Vacancies shall be filled by the appointing authority. Administrative support staff shall be provided by the Department of Revenue. Members of the Committee shall receive reimbursements for subsistence and travel expenses as provided by Chapter 138 of the General Statutes. The Committee shall terminate on June 30, 2015.

The Department shall provide copies of the minutes of each meeting and all associated information to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(d) Beginning August 1, 2011, and quarterly thereafter, the Department of Revenue shall submit detailed written reports to the Chairs of the House of Representatives and Senate Committees on Appropriations, to the Joint Legislative Oversight Committee on Information Technology, and to the Fiscal Research Division of the Legislative Services Office. The report shall include (i) details of each public-private contract, (ii) the benefits from each contract, (iii) a comprehensive forecast of the benefits of using public-private agreements to implement TIMS and the additional PDP components, including cost savings and the acceleration of the project time line, (iv) and any issues associated with the operation of the public-private partnership.

SECTION 6A.5.(e) In addition to the oversight provided by the Oversight Committee established in subsection (c) of this section, the TIMS project shall be subject to existing Information Technology project oversight legislation and the TIMS project management shall comply with all statutory requirements and other requirements established by the State Chief Information Officer and the Office of State Budget and Management for information technology projects. The State Chief Information Officer and the Office of State Budget and Management shall immediately report any failure to do so to the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House of Representatives and Senate Committees on Appropriations, and the Fiscal Research Division.

SECTION 6A.5.(f) Section 6.20 of S.L. 2009-451, as rewritten by Section 2.3 of S.L. 2010-123, is repealed.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 6A.6.(a) Effective for the 2011-2013 fiscal biennium, and notwithstanding any provision of law to the contrary:

(1) No contract for information technology personal services, or providing personnel to perform information technology functions, may be established or renewed without the express written approval of the Statewide Information Technology Procurement Office.

(2) Before any State agency, department, or institution may renew a contract position for information technology personnel, the State agency must report to the Statewide Information Technology Procurement Office, the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and to the Fiscal Research Division. The report shall explain:

a. The proposed duration of the contract position. If the contract is for more than 12 months, why recruitment of a State employee is not feasible.

b. Whether the contract position requires unique skills for which the State has a short-term need.

c. Whether the position is required for a specific information technology project and if the position will be terminated upon completion of the project.

d. The specific work products and completion time lines for the contract position.

(3) All contract positions requiring information technology skills are subject to the provisions of this section. The Office of State Budget and Management may immediately terminate the funding for any information technology contractor position that is filled without following defined procedures.

(4) All information technology personnel contracts shall be competitive and shall be subject to competition each time they expire. Exceptions must be approved by the Office of Information Technology Services, the Office of State Personnel, and the Office of State Budget and Management. Approved exceptions must immediately be reported to the Fiscal Research.

(5) Agencies shall make every effort to convert SAP and Curam contractors supporting permanent requirements to State employees. Beginning October 1, 2011, agencies shall submit written quarterly reports to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division documenting their progress in converting these contractors to State employment.

Contract positions subject to this section shall be reviewed and approved by the Statewide Information Technology Procurement Office and shall be entered into the project portfolio management tool.

The Statewide Information Technology Procurement Office shall determine the market rate for the type of contract required, as well as to determine the comparable cost for a State employee. Agencies may not exceed the market rate determined by the Statewide Information Technology Procurement Office. After the Statewide Information Technology Procurement Office provides cost data, the Office of State Budget and Management must approve funding for the position.

SECTION 6A.6.(b) Whenever a State agency, department, or institution determines that only a contractor can fill a position and the position is required to perform an ongoing function within the agency, the head of the State agency must develop and implement a plan to hire or train a qualified State employee to fill the position within 12 months. Within 60 days of hiring the contractor, this plan shall be forwarded to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, and the Fiscal Research Division.

SECTION 6A.6.(c) Beginning August 1, 2011, and monthly thereafter, each State agency, department, and institution employing information technology personal services contractors, or contract personnel performing information technology functions, shall provide a detailed report on those contracts to the Office of State Budget and Management, the Office of State Personnel, the Office of Information Technology Services, the Joint Legislative Oversight

Committee on Information Technology, and the Fiscal Research Division of the General Assembly. Each State agency's report shall include at least the following:

(1) For each contracted information technology position:
  a. The title of the position, a brief synopsis of the essential functions of the position, and how long the position has existed.
  b. The name of the individual filling the position and the vendor company, if any, that regularly employs that individual.
  c. The type of contract, start date, and termination date.
  d. The length of time that the individual filling the contracted position has been employed by the State as a contractor in any position.
  e. The contracted position salary or hourly rate, the number of hours per year, and the total annualized cost of the contracted position.
  f. The salary and benefits cost for a State employee performing the same function.
  g. The purchase order number for the position.
  h. Whether the position can be converted to a State employee position. This determination will be certified by the State Information Technology Purchasing Office.
  i. When the agency anticipates converting the position to a State employee.

(2) The total annual cost for information technology contractors and the total annual salary and benefits cost for filling the contract positions with State employees.

(3) A determination of whether the information technology functions performed by the contractor can be performed by State employees.

(4) All information required by this subsection related to information technology contractors regardless of the contracting source.

SECTION 6A.6.(d) Each State agency shall provide a detailed explanation of any differences between the agency report required by subsection (b) of this section and the Information Technology Expenditures Report published annually by the Office of the State Controller. This report of differences shall be due 30 days after the publication of the Office of the State Controller's report and shall be submitted to the Office of State Budget and Management, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Information Technology.

SECTION 6A.6.(e) This section does not apply to The University of North Carolina and its constituent institutions.

STATE INFORMATION TECHNOLOGY CONSOLIDATION

SECTION 6A.7.(a) By November 1, 2011, the State Chief Information Officer (State CIO), in conjunction with the Office of State Budget and Management (OSBM), shall develop a detailed plan for consolidating the information technology infrastructure and applications of all State agencies, departments, and institutions in the executive branch. Information technology infrastructure includes personal computers, hosting and network environments, the help desk, call centers, and information technology security. Applications include enterprise software, on-demand software, and customized software. At a minimum, the consolidation plan shall include the following:

(1) Defined targets and priorities with a detailed time line for the implementation of consolidation.

(2) The costs of consolidation by fiscal year and by agency.

(3) The anticipated savings to result from consolidation and a time line for actual achievement of those savings.

(4) Technical, policy, or other issues associated with achieving a timely and effective consolidation.

(5) A process to transfer all information technology hardware and software funding to the Office of the State CIO.

(6) Creation of a project management organization to manage all information technology projects.

(7) Review of agency, Office of Information Technology Services, and Office of the State CIO to identify redundant personnel positions.

When setting consolidation targets, the State CIO shall give high priority to infrastructure issues that pose significant risk to agency operations or data, that provide opportunities for immediate cost savings, and where a statewide approach would minimize disruption of services. In carrying out the consolidation, the Office of Information Technology Services shall utilize the authority set out in G.S. 147-33.83.

SECTION 6A.7.(b) Beginning July 1, 2011, the State CIO shall plan and implement an enterprise level grants management system. Similar systems currently under development may be suspended by the State CIO with funding reprogrammed to support development of the enterprise level grants management system.

In coordination with the State CIO, the Department of Health and Human Services shall develop a plan to implement a single case management system throughout that Department, beginning in the 2012-2013 fiscal year, and shall report to the Joint Legislative Oversight Committee on Information Technology by February 1, 2012, on its initiatives to implement the system. The report shall include a detailed time line for completion and an explanation of the costs associated with case management consolidation.

SECTION 6A.7.(c) Beginning September 1, 2011, and quarterly thereafter, the Office of State Budget and Management, in conjunction with the State CIO, shall provide written reports to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division relating to State information technology consolidation.

ITS/INTERNAL SERVICE FUND RATE ESTABLISHMENT/CASH MANAGEMENT

SECTION 6A.8.(a) For each year of the 2011-2013 fiscal biennium, receipts for the Information Technology Internal Service Fund shall not exceed one hundred ninety million dollars ($190,000,000), excluding a 60-day balance for contingencies. Rates established by the Office of State Budget and Management (OSBM) to support the IT Internal Service Fund shall be based on this required fund limit. Established rates shall be adjusted within 30 days in the event the fund exceeds the prescribed limit. In the event that an increase in receipts for the IT Internal Service Fund is required, the Office of Information Technology Services may implement the increase after consultation with the Joint Legislative Commission on Governmental Operations.

SECTION 6A.8.(b) Rates shall be set to support a specific service for which an agency is being charged. Overhead charges to agencies must be consistently applied and must not exceed industry standards. Rate increases shall require approval of the OSBM. Rate reductions shall be immediately implemented following notification of the OSBM.

SECTION 6A.8.(c) Beginning October 1, 2011, the State Chief Information Officer shall submit a quarterly report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division on collections for, expenditures from, and the balance of the IT Internal Service Fund. The report shall include all expenditures made from the fund to support the Office of Information Technology Services and the activities of the State Chief Information Officer.

INFORMATION TECHNOLOGY PRIVATIZATION

SECTION 6A.9.(a) Any privatization of any grouping of information technology services, or "towers," identified in the Infrastructure Study and Assessment (INSA) shall require prior approval from the General Assembly. Funding to support any outsourcing of any of these towers shall be specifically appropriated by the General Assembly for that purpose, to include any use of Information Technology Internal Service Fund receipts.

SECTION 6A.9.(b) Before privatizing any major information technology function during the 2011-2013 fiscal biennium, the State Chief Information Officer shall do all of the following:

(1) Develop a detailed plan for implementing any privatization initiative to include the following:
   a. A governance and accountability structure for the privatization effort.
   b. Detailed time line with milestones.
   c. Any costs necessary to accomplish outsourcing with funding sources identified.
   d. Estimated monthly cost for each participating agency for the first five years of privatization.

e. Risks associated with privatization, measures being taken to mitigate those risks, and any costs associated with the mitigation measures.
f. Any security issues associated with outsourcing each application impacted by the outsourcing, with a detailed plan to mitigate those issues.
g. A list of State employees to be terminated with information on their job description and how long they have been employed by the State, a schedule of when the terminations are to occur, the cost of terminating each employee, and plans to assist each terminated employee.

The State Chief Information Officer shall consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology on the completed plan prior to any implementation of privatization.

(2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.
(3) Privatize only those individual functions where verifiable market data shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.
(4) Document and certify any anticipated savings resulting from privatization by individual function.
(5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.
(6) Ensure that any changes are made across the entire executive branch.
(7) Consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology regarding the plan for funding any requirements formerly covered by the receipts from the privatized function.

SECTION 6A.9.(c) After privatizing any major information technology function, the State Chief Information Officer shall do all of the following:

(1) Report quarterly on the results of the privatization, including a detailed comparison of projected savings to actual cost, data on whether or not the vendor is meeting service level agreements, and an explanation of the reasons for any deficiency or difference.
(2) Immediately notify the Joint Legislative Commission on Governmental Operations of any outsourcing effort that does not meet projected savings or required service levels for two quarters in a row or during any two quarters of a fiscal year, and develop a corrective action plan.
(3) Terminate any contract where privatization fails to achieve projected savings or meet service levels over a period of 12 months.

STATE PORTAL IMPLEMENTATION AND OPERATION

SECTION 6A.10.(a) The Department of Administration may implement and operate a statewide electronic enterprise portal to increase the convenience of members of the public in conducting online transactions with, and obtaining information from, State government and to facilitate their interactions and communications with government agencies. The portal shall be hosted on State information technology infrastructure.

SECTION 6A.10.(b) Prior to any development or implementation of a State portal, the Department of Administration shall provide all of the following to the General Assembly:

(1) A detailed plan for development and implementation of the portal, to include a list of applications being considered for implementation during the 2011-2013 and 2013-2015 biennia, including:
a. A description of how the portal is to be implemented, to include the use of outside vendors, with detailed information on their

participation and the potential cost to the State, businesses, and anyone doing business with the State.

b. A list of potential services and a time line for implementing each service.

c. Detailed information on the anticipated cost of ownership of the portal and any services proposed for implementation during the period, to include the amount of any payments received by vendors supporting the project.

(2) A funding model for the implementation that does not increase the cost of services for anyone doing business with the State or reduce the receipts or other funding currently available to State agencies or included in appropriations for the 2011-2013 biennium.

(3) If the portal is outsourced, a detailed, fully executable plan to return portal operations to the State, with associated costs.

(4) Identification of internal resources that could potentially be used to develop and implement a State portal.

SECTION 6A.10.(c) All portal services requiring fees shall be approved by the General Assembly, and all funding for the portal, to include fees, shall be appropriated by the General Assembly. Any fees or other charges collected under this section for the State portal or any supporting functions shall be:

(1) Subject to approval by the General Assembly.

(2) Deposited in the General Fund, or in the Highway Fund for fees collected from the Department of Transportation.

The portal shall not increase fees or impose a new fee for services already provided online or through any automated means.

SECTION 6A.10.(d) Participation by State agencies in the portal shall be voluntary.

SECTION 6A.10.(e) There shall be a convenient, free alternative for any online service provided.

SECTION 6A.10.(f) The State portal project shall meet all requirements for project management established by the State Chief Information Officer. Nothing in this section shall exempt the State portal project from the laws governing State information technology and purchasing.

SECTION 6A.10.(g) Notwithstanding G.S. 114-2.3, the Department of Administration shall engage the services of private counsel with the pertinent information technology and computer law expertise to negotiate and review contracts associated with the State portal.

SECTION 6A.10.(h) Each quarter, beginning October 1, 2011, the Department of Administration shall provide detailed information to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on General Government, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on General Government and Information Technology, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management on the total amount of each fee and any other charge collected by the vendor for each service provided, the amount of funding collected by the State for each service and for each participating agency, and any other costs associated with operating the portal.

SECTION 6A.10.(i) Committee Established. – There is established in the Department of Administration the Portal Project Review Committee, which shall review services and applications proposed for inclusion in the State portal.

SECTION 6A.10.(j) Membership. – The Committee shall be composed of seven members as follows:

(1) Two members appointed by the Governor.

(2) Two members appointed by General Assembly, as recommended by the Speaker of the House of Representatives.

(3) Two members appointed by the General Assembly, as recommended by the President Pro Tempore of the Senate.

(4) The State Controller shall be designated as the Chair.

SECTION 6A.10.(k) Vacancies. – Any vacancy on the Committee shall be filled by the appointing authority.

SECTION 6A.10.(l) Expenses of Members. – Members of the Committee shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate.

SECTION 6A.10.(m) Staff. – Adequate staff shall be provided to the Committee by the Department of Administration.

SECTION 6A.10.(n) Cooperation. – The Committee may call upon any department, agency, institution, or officer of the State or any political subdivision thereof for facilities, data, or other assistance.

SECTION 6A.10.(o) Meeting Location. – The Committee shall hold public meetings at various locations around the State for each proposed service or application to allow interested parties and participating agencies to comment on proposed services in order to promote greater public participation in its deliberations. The Department of Administration shall grant adequate meeting space to the Committee in the State Administration Building or other State office facility as needed.

SECTION 6A.10.(p) Approval Authority. – The Committee shall have approval authority for services and applications not requiring a fee or imposing any cost on any State or local agency or anyone doing business with the State. For services or applications supported by fees, the Committee shall make recommendations to the next regular session of the General Assembly on the feasibility of developing and implementing these services or applications.

TRANSFER CRIMINAL JUSTICE INFORMATION NETWORK TO THE OFFICE OF THE STATE CHIEF INFORMATION OFFICER

SECTION 6A.11.(a) The Criminal Justice Information Network (CJIN), as provided in Article 69 of Chapter 143 of the General Statutes, is hereby transferred to the Office of the State Chief Information Officer. The transfer shall have all the elements of a Type II transfer, as defined in G.S. 143A-6.

SECTION 6A.11.(b) G.S. 143-661(a) reads as rewritten:

"(a) The Criminal Justice Information Network Governing Board is established within the ~~Department of Crime Control and Public Safety,~~ Office of the State Chief Information Officer to operate the State's Criminal Justice Information Network, the purpose of which shall be to provide the governmental and technical information systems infrastructure necessary for accomplishing State and local governmental public safety and justice functions in the most effective manner by appropriately and efficiently sharing criminal justice and juvenile justice information among law enforcement, judicial, and corrections agencies. The Board is established within the ~~Department of Crime Control and Public Safety~~ Office of the State Chief Information Officer, for organizational and budgetary purposes only and the Board shall exercise all of its statutory powers in this Article independent of control by the ~~Department of Crime Control and Public Safety.~~Office of the State Chief Information Officer."

SECTION 6A.11.(c) G.S. 143-664(b) reads as rewritten:

"(b) ~~Pending permanent staffing, the Department~~ The staff of the Criminal Justice Information Network shall provide the Board with professional and clerical ~~staff~~ support and any additional support the Board needs to fulfill its mandate. The ~~Board may meet in an area provided by the Department of Crime Control and Public Safety and the~~ Board's staff shall use space provided by the ~~Department.~~Office of the State Chief Information Officer."

INTEGRATED BUDGET INFORMATION SYSTEM

SECTION 6A.12.(a) The Office of State Budget and Management (OSBM) shall create a detailed, comprehensive plan for the development and implementation of the Integrated Budget Information System (IBIS). By August 1, 2011, the IBIS plan shall be submitted to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division. The plan must include at least the following:

(1) A detailed description of the system with a list of the functions.
(2) A projected time line for completion with detailed milestones.
(3) Total cost of the project, including five years of operations and maintenance costs.
(4) Projected costs for the project each month, including how the funding is to be spent.

(5) Funds identified to support the project from its inception, with the amounts and sources of funding.
(6) Personnel involved in the project, their position and responsibilities, their qualifications, the amount of time each devotes to the project, and their cost, including both State employees and contract personnel.
(7) Number and cost of personnel required to operate the system after its completion.
(8) Total number of hours required to complete the project.
(9) Outside vendors supporting the project, their functions, and their total cost.
(10) Implementation plan, to include a time line for fielding it to participating agencies.
(11) A training plan with a time line.
(12) Any risks to the project, with a strategy to mitigate those risks.

SECTION 6A.12.(b) Beginning August 1, 2011, on the first day of each month, the Office of State Budget and Management shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on the status of IBIS. The monthly reports shall be signed by the project sponsor, who shall verify in writing that the information contained in the report is current, complete, and accurate. The monthly report shall include the following:

(1) Project status, to include any issues identified by the Enterprise Project Management Office.
(2) Comparison of project status to the time line, with an explanation of any differences.
(3) Detailed descriptions of milestones to be completed that month and the following month.
(4) Any changes in project cost.
(5) Actual expenditures to date and during that month.
(6) Any variances from projected expenditures and the reasons for the variance.
(7) Any potential funding shortfalls and their impact.
(8) Total hours worked each month and cumulative total hours.
(9) Any variance between projected and actual hours and the reason.
(10) Any issues identified during the month, with a corrective action plan and a time line for resolving them.
(11) Impact of any issues identified on the project schedule.
(12) Impact of any issues identified on project cost.
(13) Any changes to the project.
(14) Any change requests submitted to project vendors and their cost.

SECTION 6A.12.(c) The State Chief Information Officer shall immediately suspend the project if OSBM fails to provide a monthly report required by subsection (b) of this section in a timely manner until such time as the report is submitted.

SECTION 6A.12.(d) If OSBM fails to submit reports to the Enterprise Project Management Office for inclusion in the project portfolio management tool on time, the State CIO shall immediately suspend the project until the information is completed in the tool.

USE OF MOBILE ELECTRONIC COMMUNICATIONS DEVICES

SECTION 6A.14.(a) Every executive branch agency within State government shall develop a policy to limit the issuance and use of mobile electronic devices to the minimum required to carry out the agency's mission. By September 1, 2011, each agency shall provide a copy of its policy to the Chairs of the Appropriations Committee and the Appropriations Subcommittee on General Government of the House of Representatives, the Chairs of the Appropriations/Base Budget Committee and the Appropriations Committee on General Government and Information Technology of the Senate, the Chairs of the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management.

State-issued mobile electronic devices shall be used only for State business. Agencies shall limit the issuance of cell phones, smart phones, and any other mobile electronic devices to employees for whom access to a mobile electronic device is a critical requirement for job performance. The device issued and the plan selected shall be the minimum required to support the employees' work requirements. This shall include considering the use of pagers in

lieu of a more sophisticated device. The requirement for each mobile electronic device issued shall be documented in a written justification that shall be maintained by the agency and reviewed annually. All State agency heads, in consultation with the Office of Information Technology Services and the Office of State Budget and Management, shall document and review all authorized cell phone, smart phone, and other mobile electronic communications device procurement, and related phone, data, Internet, and other usage plans for and by their employees. Agencies shall conduct periodic audits of mobile device usage to ensure that State employees and contractors are complying with agency policies and State requirements for their use.

Beginning October 1, 2011, each agency shall report quarterly to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on General Government, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on General Government and Information Technology, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management on the following:

(1) Any changes to agency policies on the use of mobile devices.
(2) The number and types of new devices issued since the last report.
(3) The total number of mobile devices issued by the agency.
(4) The total cost of mobile devices issued by the agency.
(5) The number of each type of mobile device issued, with the total cost for each type.

SECTION 6A.14.(b) This section does not apply to the legislative branch or the judicial branch of State government.

USE OF DMV INSPECTION PROGRAM ACCOUNT FUND

SECTION 6A.15. G.S. 20-183.7(d) reads as rewritten:

"(d) Inspection Program Account. – The Inspection Program Account is created as a nonreverting account within the Highway Fund. The Division shall administer the Account. Revenue in the Account may be used only to fund the vehicle inspection and maintenance ~~program.~~program and to fund replacement of the State Titling and Registration System and the State Automated Driver License System."

STATEWIDE INFORMATION TECHNOLOGY PROCUREMENT

SECTION 6A.16. Statewide Information Technology Procurement shall be funded through fees charged to agencies using Statewide Information Technology Procurement services. The Office of the State Chief Information Officer shall provide a fee schedule to allow cost recovery to the Office of State Budget and Management.

If agencies fail to pay for services within 30 days of billing, the Office of State Budget and Management shall transfer the unpaid amount to the State Information Technology Procurement Office.

REPLACEMENT OF THE STATE TITLING AND REGISTRATION SYSTEM (STARS) AND THE STATE AUTOMATED DRIVER LICENSE SYSTEM (SADLS)

SECTION 6A.17.(a) The Department of Transportation Division of Motor Vehicles shall begin the replacement of the State Titling and Registration System (STARS) and the State Automated Driver License System (SADLS). By October 1, 2011, the Department shall develop a plan and associated time line for accomplishing the replacement of both systems. The Department shall determine the cost for the replacement of each system and then develop a strategy for funding each. This strategy may include, but is not limited to, funding from statutory sources and bulk data fees. Priority for replacement and for funding shall be to STARS, but the Department may make the decision to concurrently initiate the replacements if sufficient funding can be identified to cover the costs for both during the time frames for each. By October 1, 2011, the Department shall provide the plan and funding strategy to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Transportation Oversight Committee, and the Fiscal Research Division.

SECTION 6A.17.(b) Beginning October 1, 2011, and quarterly thereafter until the systems replacement projects are complete, the Department shall report to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Transportation

Oversight Committee, and the Fiscal Research Division on the status of the systems replacement. The report shall include the following for each replacement project:

(1) Current status of the replacement projects.
(2) Any changes in the scope of either project and associated change requests.
(3) Any changes in cost for each project.
(4) Changes in status since the previous report.
(5) Costs during the previous quarter.
(6) Funding sources and uses during the previous quarter.
(7) Anticipated funding and expenditures by quarter for the next two years.
(8) Any issues associated with the system development and identified solutions.

SECTION 6A.17.(c) The Office of the State Chief Information Officer (SCIO) and the Office of Information Technology Services (ITS) shall ensure that the Department receives all required support and that the replacements are not delayed as a result of any action on the part of either office. Requirements for project review and approval shall be expedited. If the Department does not receive project approvals within two weeks after submitting required data, approval shall be automatic. If the SCIO or ITS determines it is necessary to delay or suspend the project based on technical or funding issues, either office may request committee review as defined in G.S. 147-33.72D. This review must be completed within five days.

ENTERPRISE ELECTRONIC FORMS AND DIGITAL SIGNATURES

SECTION 6A.18.(a) Under the direction of the State Controller, the State shall plan, develop, and implement a coordinated enterprise electronic forms and digital signatures capability. In developing this capability, the State Controller shall determine the cost of converting forms to an electronic format, determine priorities for converting forms, and establish milestones for completing this conversion.

The State Controller shall integrate executive branch agencies already in the process of developing electronic forms and digital signatures projects. Before beginning this effort, the State Controller shall determine specific agency requirements and incorporate their requirements into its planning efforts.

SECTION 6A.18.(b) Beginning October 1, 2011, the State Controller shall present quarterly reports on the status of the project to the Joint Legislative Oversight Committee on Information Technology.

EVALUATION OF STATE INFORMATION TECHNOLOGY OPERATIONS

SECTION 6A.19.(a) The General Assembly shall conduct a detailed, comprehensive evaluation of information technology operations, infrastructure, systems, ongoing projects, and applications within State government. This evaluation shall include, but is not limited to, the following:

(1) Documentation of the information technology organization and function within State government and individual agencies.
(2) Development of a complete inventory of information technology assets and resources within the State.
(3) Documentation and review of agencies' information technology operations.
(4) Documentation of actual agency information technology costs.
(5) Identification and documentation of the costs associated with specific information technology projects and support.
(6) Identification and documentation of funding sources.
(7) Identification and documentation of common requirements for information technology infrastructure, systems, projects, or applications.

The General Assembly may enter into any contracts necessary to facilitate completion of this evaluation.

SECTION 6A.19.(b) The chairs of the Appropriations Committee of the House of Representatives and the Appropriations/Base Budget Committee of the Senate shall establish a project team to develop an evaluation plan/methodology and manage the day-to-day operation of the evaluation.

SECTION 6A.19.(c) The project team shall develop a detailed schedule prior to the initiation of the evaluation. The schedule shall provide for the evaluation to be conducted in phases. The initial phase shall include all agencies within the executive branch, both Cabinet

and Council of State agencies. The scope of subsequent phases shall be determined by the project team during or immediately following the initial phase.

SECTION 6A.19.(d) Agencies shall provide all requested support for evaluation requirements and deliver accurate, complete, and timely data as required to facilitate the evaluation. The agency head shall verify, in writing, the accuracy, completeness, and timeliness of the data. If any support or data provided by an agency does not meet study standards, the agency's information technology functions shall automatically be subject to a continuation review the next fiscal year.

In instances where an immediate change may create opportunities for savings or efficiencies are identified, the project team may recommend implementation of the change prior to completion of the evaluation.

SECTION 6A.19.(e) The General Assembly shall establish an advisory committee that includes business and information technology subject matter experts to provide advice and assistance during the evaluation. The State Controller shall serve as Chairman of the committee.

The President Pro Tempore of the Senate shall appoint five members to the advisory committee, to include an executive from an information technology company, an executive from a Cabinet agency, a Council of State agency Chief Information Officer, a Cabinet agency Chief Financial Officer, and a representative from the Office of Information Technology Services. The Speaker of the House of Representatives shall appoint five members, to include an executive with a private industry management consulting background, an executive from a Council of State agency, a Cabinet agency Chief Information Officer, a Council of State agency Chief Financial Officer, and a representative from the Office of State Budget and Management.

Staff to the committee shall be provided by the General Assembly and shall include analysts and attorneys with a thorough knowledge of information technology operations within the State.

SECTION 6A.19.(f) The Joint Legislative Oversight Committee on Information Technology shall monitor the progress of the evaluation.

Beginning October 1, 2011, the project team shall provide quarterly reports to the chairs of the Appropriations Committee of the House of Representatives and the Appropriations/Base Budget Committee of the Senate, the chairs of the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division.

SECTION 6A.19.(g) Of the funds appropriated to the General Assembly in Section 2.1 of this act, the sum of two million dollars ($2,000,000) for the 2011-2012 fiscal year and the sum of three million dollars ($3,000,000) for the 2012-2013 fiscal year shall be used to implement this section.

COMPREHENSIVE ENTERPRISE-LEVEL DATA INTEGRATION CAPABILITY

SECTION 6A.20.(a) The Office of the State Controller (OSC) shall continue the development of a comprehensive enterprise-level data integration capability, providing broad access to and analysis of information across State government. As part of this development effort, by October 1, 2011, OSC shall update the BEACON Strategic Plan for Data Integration and shall provide the updated plan to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division of the General Assembly. The priority of effort for data integration shall be the Criminal Justice Law Enforcement Automated Data System (CJLEADS).

The strategic plan shall comply with all necessary security measures and restrictions to ensure that access to any specific information held confidential under federal or State law shall be limited to appropriate and authorized persons. OSC shall also develop, document, and enforce security requirements for data integration initiatives, to include establishing and monitoring security standards for vendors supporting development and implementation efforts.

SECTION 6A.20.(b) There is created a Data Integration Steering Committee that shall have responsibility for overseeing all data integration efforts in the State. This Committee shall assume all of the BEACON Project Steering Committee roles and responsibilities for oversight of data integration projects. This Committee shall be chaired by the State Controller and shall include the following six voting members:

(1) One member appointed by the Governor with an information technology background and experience.

(2) One member appointed by the Governor with a background in law enforcement.
(3) One member appointed by the President Pro Tempore of the Senate with a background in government accounting.
(4) One member appointed by the President Pro Tempore of the Senate with government operations experience.
(5) One member appointed by the Speaker of the House of Representatives with a background in information technology.
(6) One member appointed by the Speaker of the House of Representatives with a background in business management.

Members shall not have any association with potential vendors.

The Director of the Office of State Budget and Management, the State Chief Information Officer, the State Treasurer, and the State Auditor shall serve as advisory members.

The Committee shall be housed in and supported by the Office of the State Controller.

SECTION 6A.20.(c) As part of the State's continuing effort to develop a comprehensive enterprise-level data integration capability, the Office of the State Controller shall develop an enterprise process to detect fraud, waste, and improper payments across State agencies. State agencies shall fully support and participate in OSC's efforts to develop an automated fraud detection system.

In support of the automated fraud detection effort, the OSC shall:

(1) Develop a detailed long-range plan to implement an automated fraud detection system within State agencies.
(2) Determine costs, to include vendor costs, for the effort for five years, beginning July 1, 2011.
(3) Coordinate with State agencies to determine interest in participating in the project and to identify potential applications that can be included in an initial request for proposal.
(4) Establish priorities for developing and implementing potential applications.
(5) Evaluate savings resulting from each effort.
(6) Coordinate efforts with the State's data integration vendor to begin the implementation process.
(7) Establish a pilot to begin the implementation process and to identify and resolve issues associated with expansion of the initiative.
(8) Coordinate with participating agencies to ensure that each has the resources and processes necessary to follow up on incidents of fraud identified by the vendor.
(9) Provide recommendations to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division of the General Assembly on potential future initiatives and the cost and savings associated with each.

SECTION 6A.20.(d) Beginning October 1, 2011, the OSC shall provide quarterly reports to the chairs of the Appropriations Committee of the House of Representatives and the Appropriations/Base Budget Committee of the Senate, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division of the General Assembly. These reports shall include the following:

(1) Incidents, types, and amounts of fraud identified, by agency.
(2) The amount actually recovered as a result of fraud identification, by agency.
(3) Agency procedural changes resulting from fraud identification and the time line for implementing each.
(4) State costs for fraud detection for the previous quarter.
(5) Payments to the vendor for the previous quarter.
(6) Anticipated costs and vendor payments for each of the next two years from the date of the report.

SECTION 6A.20.(e) The Office of the State Controller is authorized to enter into an enterprise automated fraud detection contract for eight million dollars ($8,000,000) for a two-year contract period and shall limit payments to the following payment schedule:

(1) December 2011–$1,000,000.
(2) July 2012–$3,000,000.
(3) December 2012–$3,000,000.
(4) June 2013–$1,000,000.

To maximize cost reductions and savings, the Office of the State Controller shall enter into the agreement no later than September 1, 2011. To ensure this is a Public-Private Partnership, the Office of the State Controller shall ensure that the chosen vendor shall contribute resources valued at least five million dollars ($5,000,000) during each of fiscal year 2011-2012 and fiscal year 2012-2013 for the project's success.

SECTION 6A.20.(f) Of the funds appropriated from the General Fund to the Office of the State Controller, the sum of one million five hundred thousand dollars ($1,500,000) for the 2011-2012 fiscal year and the sum of seven million five hundred thousand dollars ($7,500,000) for the 2012-2013 fiscal year shall be used to support the enterprise process to detect fraud, waste, and improper payments across State agencies in each year of the biennium. Of these funds, five hundred thousand dollars ($500,000) each year shall be used by the Office of the State Controller to support the initiative. The remainder may be used to fund payments to the vendor.

PART VII. PUBLIC SCHOOLS

EDUCATION REFORM IN NORTH CAROLINA

SECTION 7.1.(a) It is a priority of the General Assembly that high school graduates enter the workforce or higher education fully prepared. To implement this priority, the Joint Education Oversight Committee shall study (i) literacy and (ii) ways to reduce the need for remedial or developmental education in the State's higher education institutions so that students and the State do not pay repeatedly for the same education. The Committee shall report to the 2012 Regular Session of the 2011 General Assembly with a comprehensive plan, including implementation dates and schedules, that addresses the following items:

(1) Implementation of a third grade literacy policy, including the advisability of a program for third grade reading specialists modeled on Florida's reading specialist program.
(2) Ways to hold high schools accountable for the higher education performance of their students, including requiring funding for developmental education to come from high schools.
(3) The most cost-effective way to provide remedial education in higher education, including funding summer term developmental courses at community colleges based on successful course completions, focusing remediation at the community colleges, and redirecting university appropriations for remedial education to the community colleges.

SECTION 7.1.(b) In all cases, any program implemented needs to be structured so that ongoing, evaluable performance and outcome data is available.

SECTION 7.1.(c) Funds appropriated to implement this section may be used by the Committee to hire one or more external consultants to complete these studies.

CAREER AND COLLEGE PROMISE

SECTION 7.1A.(a) The State Board of Education and the North Carolina Community College System shall establish the Career and College Promise program. The purpose of Career and College Promise is to offer structured opportunities for qualified high school students to dually enroll in community college courses that provide pathways consistent with subsection (b) of this section that lead to a certificate, diploma, or degree as well as provide entry-level jobs skills. Academic credits earned through Career and College Promise shall enable students who continue into postsecondary education after graduating from high school to complete a postsecondary credential in less time than would normally be required. All existing high school transition programs, including Huskins, Concurrent Enrollment, Cooperative and Innovative High Schools, Learn and Earn, and Learn and Earn Online shall be consolidated and replaced by Career and College Promise.

SECTION 7.1A.(b) North Carolina community colleges, subject to approval by the State Board of Community Colleges, may offer the following Career and College pathways

aligned with the K-12 curriculum and career and college ready standards adopted by the State Board of Education:

(1) A Career Technical Education Pathway, leading to a certificate or diploma aligned with one or more high school Tech Prep Career Clusters.

(2) A College Transfer Pathway, leading to a college transfer certificate requiring the successful completion of eight college transfer courses, including English and mathematics.

(3) A cooperative innovative high schools program approved under Part 9 of Article 16 of Chapter 115C of the General Statutes.

SECTION 7.1A.(c) Constituent institutions of The University of North Carolina System, subject to approval by the Board of Governors of The University of North Carolina, may offer as a Career and College pathway a cooperative innovative high schools program approved under Part 9 of Article 16 of Chapter 115C of the General Statutes. The pathway must align with the K-12 curriculum and career and college ready standards adopted by the State Board of Education.

SECTION 7.1A.(d) The North Carolina Community College System and the Department of Public Instruction shall jointly develop and implement a program accountability plan to evaluate short-term and long-term outcomes for Career and College Promise. Outcomes to be measured shall include the following items:

(1) The impact of dual enrollment on high school completion.

(2) The academic achievement and performance of dually enrolled high school students.

(3) The number of students who successfully complete college certificates while dually enrolled.

(4) The impact of dual enrollment and certificate completion on enrollment in college.

(5) The persistence and completion rates of students who continue into college programs after high school graduation.

(6) The academic achievement and performance of students who continue into colleges programs after high school graduation.

SECTION 7.1A.(e) Community colleges shall generate budget FTE for instruction provided through Career and College Promise. The Community Colleges System Office shall report to the Joint Education Oversight Committee or, if the General Assembly is in session, to the House and Senate Education Committees no later than February 1 regarding the number and cost of high school FTE served as a result of the Career and College Promise program created by this section.

SECTION 7.1A.(f) G.S. 115D-1.1 and G.S. 115D-1.2 are repealed.

SECTION 7.1A.(g) G.S. 115D-41 reads as rewritten:

"**§ 115D-41. Restrictions on contracts with local school administrative units; use of community college facilities by public school students pursuant to cooperative programs.**

(a) Community college contracts with local school administrative units shall not be used by these agencies to supplant funding for a public school high school teacher providing courses offered pursuant to G.S. 115D-20(4) who is already employed by the local school administrative unit. ~~However, if a community college contracts with a local school administrative unit for a public high school teacher to teach a college level course, the community college shall not generate budget FTE for that course. Its reimbursement in this case shall be limited to the direct instructional costs contained in the contract, plus fifteen percent (15%) for administrative costs.~~ In no event shall a community college contract with a local school administrative unit to provide high school level courses.

...."

SECTION 7.1A.(h) G.S. 115D-20 reads as rewritten:

"**§ 115D-20. Powers and duties of trustees.**

The trustees of each institution shall constitute the local administrative board of such institution, with such powers and duties as are provided in this Chapter and as are delegated to it by the State Board of Community Colleges. The powers and duties of trustees shall include the following:

...

(4) To apply the standards and requirements for admission and graduation of students and other standards established by the State Board of Community Colleges. ~~Provided, notwithstanding~~Notwithstanding any law or administrative rule to the contrary, ~~local administrative boards and local school boards may establish cooperative programs in the areas they serve to provide for college courses to be offered to qualified high school students with college credits to be awarded to those high school students upon the successful completion of the courses. Provided, further, that during~~local community colleges are permitted to offer the following programs:

a. Subject to the approval of the State Board of Community Colleges, local community colleges may collaborate with local school administrative units to offer courses through the following programs:

1. Cooperative innovative high school programs as provided by Part 9 of Article 16 of Chapter 115C of the General Statutes.
2. Academic transition pathways for qualified high school students that lead to a career technical education certificate or diploma.
3. College transfer certificates requiring the successful completion of eight college transfer courses, including English and mathematics.

b. During the summer quarter, persons less than 16 years old may be permitted to take noncredit courses on a self-supporting basis, subject to rules of the State Board of Community Colleges. ~~Provided, further, that high~~

c. High school students may be permitted to take noncredit courses in safe driving on a self-supporting basis during the academic year or the summer.

...."

SECTION 7.1A.(i) The North Carolina Community College System, University of North Carolina General Administration, and the North Carolina Independent Colleges and Universities shall develop a plan for articulation of a college transfer certificate to all UNC institutions and participating independent colleges and universities. North Carolina Independent Colleges and Universities, Inc., shall also be included in the development of the plan if it chooses to participate. College transfer certificates shall require the successful completion of eight college transfer courses, including English and mathematics, and will be available to high school students under this section, as well as community college students.

SECTION 7.1A.(j) Part 9 of Article 16 of Chapter 115C of the General Statutes reads as rewritten:

"Part 9. Cooperative Innovative High School Programs.

"§ 115C-238.50. Purpose.

(a) The purpose of this Part is to authorize local boards of education to jointly establish with one or more boards of trustees cooperative innovative programs in high schools and colleges or universities that will expand students' opportunities for educational success through high quality instructional programming. These cooperative innovative high school programs shall ~~target:~~target any of the following groups:

(1) High school students who are at risk of dropping out of school before attaining a high school ~~diploma; or~~diploma.

(2) High school students with parents who did not continue education beyond high school.

~~(2)~~(3) High school students who would benefit from accelerated academic instruction.

(b) All the cooperative innovative high school programs established under this Part shall:

(1) Enable students to concurrently obtain a high school diploma and begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.

(1a) Prepare students adequately for future learning in the workforce or in an institution of higher education.

~~(2) Expand students' educational opportunities within the public school system.~~

~~(3) Be centered on the core academic standards represented by the college preparatory or tech prep program of study as defined by the State Board of Education.~~

(4) Encourage the cooperative or shared use of resources, personnel, and facilities between public schools and colleges or universities, or both.

~~(5) Integrate and emphasize both academic and technical skills necessary for students to be successful in a more demanding and changing workplace.~~

(6) Emphasize parental involvement and provide consistent counseling, advising, and parent conferencing so that parents and students can make responsible decisions regarding course taking and can track the students' academic progress and success.

~~(7) Be held accountable for meeting measurable student achievement results.~~

~~(8) Encourage the use of different and innovative teaching methods.~~

~~(9) Establish joint institutional responsibility and accountability for support of students and their success.~~

~~(10) Effectively utilize existing funding sources for high school, college, university, and vocational programs and actively pursue new funding from other sources.~~

(11) Develop methods for early identification of potential participating students in the middle grades and through high ~~school.~~school and provide outreach to those students to promote academic preparation and awareness of the cooperative innovative high school programs.

~~(12) Reduce the percentage of students needing remedial courses upon their initial entry from high school into a college or university.~~

~~(c) Programs developed under this Part that target students who are at risk of dropping out of high school before attaining a high school diploma shall:~~

~~(1) Provide these students with the opportunity to graduate from high school possessing the core academic skills needed for postsecondary education and high-skilled employment.~~

~~(2) Enable students to complete a technical or academic program in a field that is in high demand and has high wages.~~

~~(3) Set and achieve goals that significantly reduce dropout rates and raise high school and college retention, certification, and degree completion rates.~~

~~(4) Enable students who complete these programs to pass employer exams, if applicable.~~

~~(d) Cooperative innovative high school programs that offer accelerated learning programs shall:~~

~~(1) Provide a flexible, customized program of instruction for students who would benefit from accelerated, higher level coursework or early graduation from high school.~~

~~(2) Enable students to obtain a high school diploma in less than four years, to begin or complete an associate degree program, to master a certificate or vocational program, or to earn up to two years of college credit.~~

~~(3) Offer a college preparatory academic core and in-depth studies in a career or technical field that will lead to advanced programs or employment opportunities in engineering, health sciences, or teaching.~~

~~(e) Cooperative innovative high school programs may include the creation of a school within a school, a technical high school, a high school or technical center located on the campus of a college or university, or a five-year career academy operating as part of an existing high school.~~

(f) Students are eligible to attend these programs as early as ninth grade.

"§ 115C-238.50A. Definitions.

The following definitions apply in this Part:

(1) Constituent institution. – A constituent institution as defined in G.S. 116-2(4).

(2) Education partner. – An education partner as provided in G.S. 115C-238.52.

(3) Governing board. – The State Board of Education, the State Board of Community Colleges, the Board of Governors of The University of North

Carolina, or the Board of the North Carolina Independent Colleges and Universities.

(4) Local board of trustees. – The board of trustees of a community college, constituent institution of The University of North Carolina, or private college located in North Carolina.

(5) Cooperative innovative high school. – A high school that meets the following criteria:

a. It has no more than 100 students per grade level.

b. It partners with an institution of higher education to enable students to concurrently obtain a high school diploma and begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.

c. It is located on the campus of the institution of higher education, unless the governing board specifically waives the requirement through adoption of a formal resolution.

"§ 115C-238.51. Application process.

(a) A local board of education and at least one local board of trustees shall jointly apply to establish a cooperative innovative high school program under this Part.

...

(e) No additional State funds shall be provided to approved programs unless appropriated by the General Assembly.

...

"§ 115C-238.54. Funds for programs.

(a) The Department of Public Instruction shall assign a school code for each program that is approved under this ~~Part, with the exception of a five-year career academy operating as part of an existing high school, which shall continue to use the existing school code. All positions and other State and federal allotments that are generated for this program shall be assigned to that school code.~~ Part. Notwithstanding G.S. 115C-105.25, once ~~funds are assigned to that school code,~~ the program has been assigned a school code, the local board of education may use these funds for the program and may transfer these funds between funding allotment categories.

~~(a1) A five-year career academy operating as part of an existing high school shall maintain records to identify and evaluate students enrolled in the five-year career academy program distinct from the general school population.~~

...."

SECTION 7.1A.(k) Cooperative innovative high schools approved by the State Board of Education prior to July 1, 2011, shall meet the requirements of G.S. 115C-238.50A(5) as enacted by subsection (j) of this section no later than July 1, 2014. Any cooperative innovative high school which fails to meet the requirements by that date shall no longer be authorized as a cooperative innovative high school.

SECTION 7.1A.(l) Subsection (e) of this section takes effect January 1, 2013, and is repealed effective June 30, 2015. The remainder of this section becomes effective January 1, 2012.

CLASS SIZE REDUCTION FOR GRADES 1-3

SECTION 7.1B. The General Assembly finds that educational research has shown that small classes of 15 or fewer students result in marked improvement in learning in grades 1-3, as measured by standardized tests in reading and mathematics, that the advantages gained from being in small classes have been shown to have a lasting benefit into the later years of students' lives, and that these studies have shown that small classes have a particularly beneficial effect on the academic achievement of children from disadvantaged backgrounds. The General Assembly further finds that larger class sizes allow less time to develop relationships with students, colleagues, and parents, and prevent the implementation of new and more dynamic and individualized teaching strategies and techniques. Therefore, it is the intent of the General Assembly to reduce class size in grades 1 through 3 to a class size allotment not exceeding 1:15 as funds become available.

FUNDS FOR CHILDREN WITH DISABILITIES

SECTION 7.2. The State Board of Education shall allocate additional funds for children with disabilities on the basis of three thousand five hundred eighty-five dollars and eighty-eight cents ($3,585.88) per child. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of its 2011-2012 allocated average daily membership in the local school administrative unit. The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.3. The State Board of Education shall allocate additional funds for academically or intellectually gifted children on the basis of one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2011-2012 and one thousand one hundred ninety-two dollars and ninety cents ($1,192.90) per child for fiscal year 2012-2013. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2011-2012 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

USE OF SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

SECTION 7.4.(a) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks and (ii) for salary supplements for instructional personnel and instructional support personnel. Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II in grades 4 and 7.

SECTION 7.4.(b) Definitions. – As used in this section, the following definitions apply:

(1) "Anticipated county property tax revenue availability" means the county-adjusted property tax base multiplied by the effective State average tax rate.

(2) "Anticipated total county revenue availability" means the sum of the following:
   a. Anticipated county property tax revenue availability.
   b. Local sales and use taxes received by the county that are levied under Chapter 1096 of the 1967 Session Laws or under Subchapter VIII of Chapter 105 of the General Statutes.
   c. Sales tax hold harmless reimbursement received by the county under G.S. 105-521.
   d. Fines and forfeitures deposited in the county school fund for the most recent year for which data are available.

(3) "Anticipated total county revenue availability per student" means the anticipated total county revenue availability for the county divided by the average daily membership of the county.

(4) "Anticipated State average revenue availability per student" means the sum of all anticipated total county revenue availability divided by the average daily membership for the State.

(5) "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.

(6) "County-adjusted property tax base" shall be computed as follows:
  a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county.
  b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies.
  c. Add to the resulting amount the following:
    1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2.
    2. Value of property of public service companies, determined in accordance with Article 23 of Chapter 105 of the General Statutes.
    3. Personal property value for the county.

(7) "County-adjusted property tax base per square mile" means the county-adjusted property tax base divided by the number of square miles of land area in the county.

(8) "County wealth as a percentage of State average wealth" shall be computed as follows:
  a. Compute the percentage that the county per capita income is of the State per capita income and weight the resulting percentage by a factor of five-tenths.
  b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths.
  c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth.
  d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

(10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

(11) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(12) "Per capita income" means the average for the most recent three years for which data are available of the per capita income according to the most recent report of the United States Department of Commerce, Bureau of Economic Analysis, including any reported modifications for prior years as outlined in the most recent report.

(13) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

(14) "State average current expense appropriations per student" means the most recent State total of county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

(15) "State average adjusted property tax base per square mile" means the sum of the county-adjusted property tax bases for all counties divided by the number of square miles of land area in the State.

(16) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

(17) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If

real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.4.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.4.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.4.(e) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.4.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.4.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2011-2013 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if the following apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.4.(h) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties have supplanted funds.

SECTION 7.4.(i) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

LITIGATION RESERVE FUNDS

SECTION 7.5. The State Board of Education may expend up to five hundred thousand dollars ($500,000) each year for the 2011-2012 and 2012-2013 fiscal years from unexpended funds for certified employees' salaries to pay expenses related to litigation.

UNIFORM EDUCATION REPORTING SYSTEM (UERS) FUNDS

SECTION 7.6.(a) Funds appropriated for the Uniform Education Reporting System shall not revert at the end of the 2010-2011 fiscal year.

SECTION 7.6.(b) This section becomes effective June 30, 2011.

FOCUSED EDUCATION REFORM PROGRAM FUNDS DO NOT REVERT

SECTION 7.7.(a) Funds appropriated for the Focused Education Reform Pilot Program that are unexpended and unencumbered at the end of the 2010-2011 fiscal year shall not revert but shall remain available for expenditure for that purpose through the 2011-2012 fiscal year.

SECTION 7.7.(b) This section becomes effective June 30, 2011.

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING (DSSF)

SECTION 7.8.(a) Funds appropriated for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education, only to:

(1) Provide instructional positions or instructional support positions and/or professional development;
(2) Provide intensive in-school and/or after-school remediation;
(3) Purchase diagnostic software and progress-monitoring tools; and
(4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

(1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:19.9.
(2) For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:19.4.
(3) For counties with wealth less than eighty percent (80%) of the statewide average, a ratio of 1:19.1.
(4) For LEAs receiving DSSF funds in 2005-2006, a ratio of 1:16. These LEAs shall receive no less than the DSSF amount allotted in 2006-2007.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(c) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

TUITION CHARGE FOR GOVERNOR'S SCHOOL

SECTION 7.9. G.S. 115C-12(36) reads as rewritten:

"(36) Duty to Charge Tuition for the Governor's School of North Carolina. – The State Board of Education ~~shall~~ may implement a ~~five hundred dollar ($500.00)~~ tuition charge for students attending the Governor's School of North ~~Carolina.~~Carolina to cover the costs of the School."

SCHOOL CONNECTIVITY INITIATIVE FUNDS

SECTION 7.10.(a) Section 7.9(b) of S.L. 2010-31 reads as rewritten:

"**SECTION 7.9.(b)** Up to three hundred fifty thousand dollars ($350,000) of the funds for the School Connectivity Initiative may be used for ~~this and subsequent fiscal years~~ the 2010-2011 fiscal year by the Office of the Governor for education innovation and the education E-learning portal. These funds may be used to provide services to coordinate e-learning activities across all education agencies and to support the operating of the E-learning portal."

SECTION 7.10.(b) Section 7.6(a) of S.L. 2008-107, as rewritten by Section 7.12(b) of S.L. 2009-451, reads as rewritten:

"**SECTION 7.6.(a)** Up to three hundred thousand dollars ($300,000) may be transferred annually through June 30, ~~2013,~~ 2011, to the Friday Institute at North Carolina State University to evaluate the effectiveness of using technology and its impact on 21st Century Teaching and Learning outcomes approved by the State Board of Education. The Friday Institute shall report annually to the State Board of Education on the evaluation results."

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 7.12.(a) Eligibility. – All county school administrative units with an average daily membership less than the maximum small school system average daily membership shall be eligible for small school system supplemental funding. For the 2011-2012 and 2012-2013 fiscal years, the maximum small school system average daily membership shall be 3,200 students.

SECTION 7.12.(b) Allotment. – Each eligible county school administrative unit shall receive a dollar allotment equal to the product of the following:

(1) A per student funding factor, equal to the product of the following:
   a. One, minus the local school administrative unit's average daily membership divided by the maximum small school system average daily membership.
   b. The maximum small school system dollars per student.
(2) The average daily membership of the eligible county school administrative unit.

For the 2011-2012 and 2012-2013 fiscal years, the maximum small school system dollars per student shall be two thousand dollars ($2,000).

SECTION 7.12.(c) Phase-Out Provisions. –

(1) If a local school administrative unit becomes ineligible for funding under this formula, funding for that unit shall be phased out over a five-year period. Funding for such local administrative units shall be reduced in equal increments in each of the five years after the local administrative unit becomes ineligible. Funding shall be eliminated in the fifth fiscal year after the local administrative unit becomes ineligible.
(2) Allotments for eligible local school administrative units shall not be reduced by more than twenty percent (20%) in any fiscal year.

ELIMINATION OF REPORTING REQUIREMENTS

SECTION 7.13.(a) G.S. 115C-12(25) reads as rewritten:

"**§ 115C-12. Powers and duties of the Board generally.**

The general supervision and administration of the free public school system shall be vested in the State Board of Education. The State Board of Education shall establish policy for the system of free public schools, subject to laws enacted by the General Assembly. The powers and duties of the State Board of Education are defined as follows:

...

(25) Duty to Report to Joint Legislative Education Oversight Committee. – Upon the request of the Joint Legislative Education Oversight Committee, the State Board shall examine and evaluate issues, programs, policies, and fiscal information, and shall make reports to that Committee. Furthermore, beginning October 15, 1997, and annually thereafter, the State Board shall submit reports to that Committee regarding the continued implementation of Chapter 716 of the 1995 Session Laws, 1996 Regular Session. Each report shall include information regarding the composition and activity of assistance teams, schools that received incentive awards, schools identified as low-performing, ~~school improvement plans found to significantly improve student performance,~~ personnel actions taken in low-performing schools, and recommendations for additional legislation to improve student performance and increase local flexibility."

SECTION 7.13.(b) G.S. 115C-47(38) is repealed.

SECTION 7.13.(c) G.S. 115C-84.2(a)(1) reads as rewritten:

"(1) **(See notes)** A minimum of 180 days and 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the 180 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. ~~Local boards may approve school improvement plans that include days with varying amounts of instructional time.~~ If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather."

SECTION 7.13.(d) G.S. 115C-84.2(a)(5) reads as rewritten:

"(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. ~~Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled.~~ Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance."

SECTION 7.13.(e) G.S. 115C-98(b2) reads as rewritten:

"(b2) Local boards of education ~~may:~~

~~(1)~~ ~~Select,~~ may select, procure, and use textbooks that have not been adopted by the State Board of Education for use throughout the local school administrative unit for selected grade levels and ~~courses; and~~courses.

~~(2) Approve school improvement plans developed under G.S. 115C-105.27 that include provisions for using textbooks that have not been adopted by the State Board of Education for selected grade levels and courses.~~

All textbook contracts made under this subsection shall include a clause granting to the local board of education the license to produce braille, large print, and audiocassette tape copies of the textbooks for use in the local school administrative unit."

SECTION 7.13.(f) G.S. 115C-105.20(b)(5) is repealed.

SECTION 7.13.(g) G.S. 115C-105.25 reads as rewritten:

"**§ 115C-105.25. Budget flexibility.**

...

(b) Subject to the following limitations, local boards of education may transfer and may approve transfers of funds between funding allotment categories:

(1) ~~In accordance with a school improvement plan accepted under G.S. 115C-105.27,~~ State funds allocated for teacher assistants may be transferred only for personnel (i) to serve students only in kindergarten through third grade, ~~or~~ (ii) to serve students primarily in kindergarten through third grade when the personnel are assigned to an elementary school to serve the whole school ~~school. Funds allocated for teacher assistants may be transferred to reduce class size~~ or (iii) to reduce the student-teacher ratio in kindergarten through third grade so long as the affected teacher assistant positions are not ~~filled when the plan is amended or approved by the building-level staff entitled to vote on the plan or the affected teacher assistant positions are not expected to be filled on the date the plan is to be implemented.~~ filled. Any State funds appropriated for teacher assistants that were converted to certificated teachers before July 1, 1995, in accordance with Section 1 of Chapter 986 of the 1991 Session Laws, as rewritten by Chapter 103 of the 1993 Session Laws, may continue to be used for certificated teachers.

(2) ~~In accordance with a school improvement plan accepted under G.S. 115C-105.27, (i)~~ State funds allocated for classroom materials/instructional supplies/equipment may be transferred only for the purchase of ~~textbooks; (ii)~~ textbooks. State funds allocated for textbooks may be transferred only for the purchase of instructional supplies, instructional equipment, or other classroom ~~materials; and (iii)~~materials. State funds allocated for noninstructional support personnel may be transferred only for teacher positions.

...

(8) Funds allocated for academically or intellectually gifted students may be used only (i) for academically or intellectually gifted students; (ii) to implement the plan developed under G.S. 115C-150.7; or (iii) in accordance with an accepted school improvement plan, for any purpose so long as that school demonstrates it is providing appropriate services to academically or intellectually gifted students assigned to that school in accordance with the local plan developed under G.S. 115C-150.7.

...."

SECTION 7.13.(h) G.S. 115C-105.26 reads as rewritten:

"**§ 115C-105.26. Waivers of State laws, rules, or policies.**

(a) ~~When included as part of a school improvement plan accepted under G.S. 115C-105.27, local~~ Local boards of education shall submit requests for waivers of State laws, rules, or policies to the State Board of Education. A request for a waiver shall (i) identify the school making the request, (ii) identify the State laws, rules, or policies that inhibit the school's ability to improve student performance, (iii) set out with specificity the circumstances under which the waiver may be used, and (iv) explain how the requested waiver will permit the school to improve student performance. Except as provided in subsection (c) of this section, the State Board shall grant waivers only for the specific schools for which they are requested and shall be used only under the specific circumstances for which they are requested.

(b) ~~When requested as part of a school improvement plan, the~~ The State Board of Education may grant waivers of:

(1) State laws pertaining to class size and teacher certification; and

(2) State rules and policies, except those pertaining to public school State salary schedules and employee benefits for school employees, the instructional program that must be offered under the Basic Education Program, the system of employment for public school teachers and administrators set out in G.S. 115C-287.1 and G.S. 115C-325, health and safety codes, compulsory attendance, the minimum lengths of the school day and year, and the Uniform Education Reporting System.

...."

SECTION 7.13.(i) G.S. 115C-105.27 is repealed.

SECTION 7.13.(j) G.S. 115C-105.30 is repealed.

SECTION 7.13.(k) G.S. 115C-105.31(b)(3) is repealed.

SECTION 7.13.(l) G.S. 115C-105.32 is repealed.

SECTION 7.13.(m) G.S. 115C-105.33 reads as rewritten:

"**§ 115C-105.33. Safe and orderly schools.**

A ~~school improvement team or a~~ parent organization at a school may ask the local board of education to provide assistance in promoting or restoring safety and an orderly learning environment at a school. The ~~school improvement team or~~ parent organization shall file a copy of this request with the State Board. If the local board fails to provide adequate assistance to the school, then the ~~school improvement team or~~ parent organization may ask the State Board to provide an assistance team to the school.

The State Board may provide an assistance team, established under G.S. 115C-105.38, to a school in order to promote or restore safety and an orderly learning environment at that school if one of the following applies:

(1) The local board of education or superintendent requests that the State Board provide an assistance team to a school and the State Board determines that the school needs assistance.

(2) The State Board determines within 10 days after its receipt of the request for assistance from a ~~school improvement team or~~ parent organization of a school that the school needs assistance and that the local board has failed to provide adequate assistance to that school.

If an assistance team is assigned to a school under this section, the team shall spend a sufficient amount of time at the school to assess the problems at the school, assist school personnel with resolving those problems, and work with school personnel and others to develop a long-term plan for restoring and maintaining safety and an orderly learning environment at the school. The assistance team also shall make recommendations to the local board of education and the superintendent on actions the board and the superintendent should consider taking to resolve problems at the school. These recommendations shall be in writing and are public records. If an assistance team is assigned to a school under this section, the powers given to the State Board and the assistance team under G.S. 115C-105.38 and G.S. 115C-105.39 shall apply as if the school had been identified as low-performing under this Article."

SECTION 7.13.(n) G.S. 115C-105.37A(a) reads as rewritten:

"(a) Definition of Continually Low-Performing Schools. – A continually low-performing school is a school that has received State-mandated assistance and has been designated by the State Board as low performing for at least two of three consecutive years. ~~If the State Board identifies a school as continually low performing:~~

~~(1) The school improvement team at that school shall review its school improvement plan to ensure consistency with the plan adopted pursuant to G.S. 115C-105.38(b)(3), and~~

~~(2) The plan must be reviewed and approved by the State Board of Education.~~"

SECTION 7.13.(o) G.S. 115C-105.38(b)(6) reads as rewritten:

"(6) Report, as appropriate, to the local board of education, the community, and the State Board on the school's progress. ~~If an assistance team determines that an accepted school improvement plan developed under G.S. 115C-105.27 is impeding student performance at a school, the team may recommend to the local board that it vacate the relevant portions of that plan and direct the school to revise those portions.~~"

SECTION 7.13.(p) G.S. 115C-105.47(b)(13) is repealed.

SECTION 7.13.(q) G.S. 115C-174.12(a)(3) reads as rewritten:

"(3) No school shall participate in more than two field tests at any one grade level during a school year ~~unless that school volunteers, through a vote of its school improvement team, to participate in an expanded number of field tests.~~ without the approval of the principal of the school."

SECTION 7.13.(r) G.S. 115C-238.31(a) reads as rewritten:

"(a) Local school administrative units are encouraged to implement extended services programs that will expand students' opportunities for educational success through high-quality, integrated access to instructional programming during nonschool hours. ~~Extended services programs may be incorporated into school improvement plans developed in accordance with G.S. 115C-105.27.~~ Calendar alternatives include, but are not limited to, after-school hours, before-school hours, evening school, Saturday school, summer school, and year-round school.

Instructional programming may include, but is not limited to, tutoring, direct instruction, enrichment activities, study skills, and reinforcement projects."

SECTION 7.13.(s) G.S. 115C-288(h) reads as rewritten:

"(h) To Make Available School ~~Budgets and School Improvement Plans.~~ Budgets. – The principal shall maintain a copy of the school's current ~~budget and school improvement plan, including any amendments to the plan,~~ budget and shall allow parents of children in the school and other interested persons to review and obtain such documents in accordance with Chapter 132 of the General Statutes."

SECTION 7.13.(t) G.S. 115C-288(l) is repealed.

SECTION 7.13.(u) G.S. 143B-146.6(b)(6) reads as rewritten:

"(6) Report, as appropriate, to the Secretary, the State Board, and the parents on the school's progress. ~~If an assistance team determines that an accepted school improvement plan developed under G.S. 143B-146.12 is impeding student performance at a school, the team may recommend to the Secretary that he vacate the relevant portions of that plan and direct the school to revise those portions.~~"

SECTION 7.13.(v) G.S. 143B-146.12 is repealed.

SECTION 7.13.(w) G.S. 115C-47(32a) reads as rewritten:

"(32a) To Establish Alternative Learning Programs and Develop Policies and Guidelines. – Each local board of education shall establish at least one alternative learning program and shall adopt guidelines for assigning students to alternative learning programs. These guidelines shall include (i) a description of the programs and services to be provided, (ii) a process for ensuring that an assignment is appropriate for the student and that the student's parents are involved in the decision, and (iii) strategies for providing alternative learning programs, when feasible and appropriate, for students who are subject to long term suspension or expulsion. In developing these guidelines, local boards shall consider the State Board's standards developed under G.S. 115C-12(24). ~~Upon adoption of policies and guidelines under this subdivision, local boards are encouraged to incorporate them in their safe school plans developed under G.S. 115C-105.47.~~

The General Assembly urges local boards to adopt policies that prohibit superintendents from assigning to any alternative learning program any professional public school employee who has received within the last three years a rating on a formal evaluation that is less than above standard.

Notwithstanding this subdivision, each local board shall adopt policies based on the State Board's standards developed under G.S. 115C-12(24). These policies shall apply to any new alternative learning program or alternative school that is implemented beginning with the 2006-2007 school year. Local boards of education are encouraged to apply these standards to alternative learning programs and alternative schools implemented before the 2006-2007 school year.

Local boards shall assess on a regular basis whether the unit's alternative schools and alternative learning programs comply with the State Board's standards developed under G.S. 115C-12(24) and whether they incorporate best practices for improving student academic performance and reducing disruptive behavior, are staffed with professional public school employees who are well trained and provided with appropriate staff development, are organized to provide coordinated services, and provide students with high quality and rigorous academic instruction."

SECTION 7.13.(x) G.S. 115C-105.27(b)(2) reads as rewritten:

"(2) Shall include a plan to address school safety and discipline ~~concerns in accordance with the safe school plan developed under Article 8C of this Chapter;~~concerns."

SECTION 7.13.(y) G.S. 115C-105.46 reads as rewritten:

"**§ 115C-105.46. State Board of Education responsibilities.**

In order to implement this Article, the State Board of Education:

~~(1) Shall adopt guidelines for developing local plans under G.S. 115C-105.47.~~

~~(2) Shall provide, in cooperation with the Board of Governors of The University of North Carolina, ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-105.47.~~

~~(3) May require a local board of education to withhold the salary of any administrator or other employee of a local school administrative unit who delays or refuses to prepare and implement local safe school plans in accordance with G.S. 115C-105.47.~~

~~(4) May revoke the certificate of the superintendent, pursuant to G.S. 115C-274(e), for failure to fulfill the superintendent's duties under a local safe school plan.~~

(5) Shall adopt policies that define who is an at-risk student."

SECTION 7.13.(z) G.S. 115C-105.47 is repealed.

SECTION 7.13.(aa) G.S. 115C-102.6C is repealed.

SECTION 7.13.(bb) G.S. 115C-102.6D(d) is repealed.

SECTION 7.13.(cc) G.S. 115C-102.7 reads as rewritten:

"**§ 115C-102.7. Monitoring and evaluation of State and local school system technology plans; reports.**

(a) The Department of Public Instruction shall monitor and evaluate the development and implementation of the State ~~and local school system technology plans.~~ technology plan. The evaluation shall consider the effects of technology on student learning, the effects of technology on students' workforce readiness, the effects of technology on teacher productivity, and the cost-effectiveness of the technology.

(a1) Repealed by Session Laws 1997-18, s. 15(k).

(b) Repealed by Session Laws 2009-451, s. 7.31, effective July 1, 2009.

~~(c) The Department of Public Instruction shall randomly check local school system technology plans to ensure that local school administrative units are implementing their plans as approved. The Department shall report to the State Board of Education on which local school administrative units are not complying with their plans. The report shall include the reasons these local school administrative units are out of compliance and a recommended plan of action to support each of these local school administrative units in carrying out their plans.~~"

SECTION 7.13.(dd) Section 7.61(b) of S.L. 2005-276, as rewritten by Section 7.22(d) of S.L. 2010-31, is repealed.

SECTION 7.13.(ee) G.S. 115C-105.41 is repealed.

SECTION 7.13.(ff) The State Board of Education shall not require more than five semester hours or seven and one-half units of renewal credits in order to renew a North Carolina Standard Professional 2 professional educator's license.

SCHOOL BUILDING ADMINISTRATION

SECTION 7.14.(a) A school with less than 100 students in final average daily membership is not entitled to 12 months of employment for a principal.

SECTION 7.14.(b) Local school administrative units may transfer funds for school building administration for any purpose, not otherwise prohibited by the State Board of Education's ABC transfer policy, by submitting an ABC Transfer Form to the Department of Public Instruction. For funds related to principal positions, the salary transferred shall be based on the first step of the principal III salary schedule. For funds related to assistant principal months of employment, the salary transferred shall be based on the first step of the assistant principal salary schedule. No local school administrative unit shall convert certified position allotments to dollars in order to hire the same type of position.

SECTION 7.14.(c) Subsection (a) of this section applies only to schools created after July 1, 2011.

ELIMINATION OF TEACHERS FOR GEOGRAPHICALLY ISOLATED SCHOOLS

SECTION 7.16. Section 7.26 of S.L. 2009-451 is repealed.

SCHOOL CALENDAR PILOT PROGRAM

SECTION 7.17. The State Board of Education shall establish a school calendar pilot program in the Wilkes County Schools, the Montgomery County Schools, and the Stanly County Schools. The purpose of the pilot program is to determine whether and to what extent a

local school administrative unit can save money during this extreme fiscal crisis by consolidating the school calendar.

Notwithstanding G.S. 115C-84.2(a)(1), the school calendar for the 2011-2012 calendar year for the pilot school systems shall include a minimum of 185 days or 1,025 hours of instruction covering at least nine calendar months. Notwithstanding G.S. 115C-84.2(d), the opening date for students in pilot school systems may be before August 25.

If the local board of education in a pilot school system adds instructional hours to previously scheduled days under this section, the local school administrative unit is deemed to have a minimum of 185 days of instruction, and teachers employed for a 10-month term are deemed to have been employed for the days being made up and shall be compensated as if they had worked the days being made up.

The State Board of Education shall report to the Joint Legislative Education Oversight Committee by March 15, 2012, on the administration of the pilot program, cost savings realized by it, and its impact on student achievement.

BUDGET REDUCTIONS/DEPARTMENT OF PUBLIC INSTRUCTION

SECTION 7.19.(a) Notwithstanding G.S. 143C-6-4 or Section 7.14 of S.L. 2009-451, the Department of Public Instruction may, after consultation with the Office of State Budget and Management and the Fiscal Research Division, reorganize if necessary to implement the budget reductions set out in this act. This consultation shall occur prior to requesting budgetary and personnel changes through the budget revision process. The Department shall provide a current organization chart in the consultation process. The Department shall report to the Joint Legislative Commission on Governmental Operations on any reorganization.

SECTION 7.19.(b) The Department of Public Instruction shall not increase the number of State-funded positions in any Department of Public Instruction divisions identified for reductions in this act.

SECTION 7.19.(c) In implementing budget reductions under this act, the Department of Public Instruction shall make no reduction in funding or positions for the Positive Behavioral Support program.

LEA BUDGET ADJUSTMENT

SECTION 7.20.(a) Within 14 days of the date this act becomes law, the State Board of Education shall notify each local school administrative unit and charter school of the amount the unit or charter school must reduce from the State General Fund appropriations. The State Board shall determine the amount of the reduction for each unit and charter school on the basis of average daily membership.

SECTION 7.20.(b) Each unit or charter school shall report to the Department of Public Instruction on the flexibility budget reductions it has identified for the unit within 30 days of the date this act becomes law.

LEA BUDGETARY FLEXIBILITY

SECTION 7.21.(a) For fiscal years 2011-2012 and 2012-2013, the State Board of Education is authorized to extend its emergency rules, in accordance with G.S. 150B-21.1A, granting maximum flexibility to local school administrative units regarding the expenditure of State funds. These rules shall not be subject to the limitations on transfers of funds between funding allotment categories set out in G.S. 115C-105.25. These rules shall not permit the transfer of funds into central office administration.

SECTION 7.21.(b) For fiscal years 2011-2012 and 2012-2013, local school administrative units shall make every effort to reduce spending whenever and wherever such budget reductions are appropriate with the goal of protecting direct classroom services, such as classroom teachers. In making reductions, local school administrative units shall first consider reductions to central office administration and other administrative functions. Notwithstanding G.S. 115C-301 or any other law, local school administrative units shall have the maximum flexibility to use allotted teacher positions to maximize student achievement in grades 4-12. Class size requirements in grades K-3 shall remain unchanged.

NORTH CAROLINA VIRTUAL PUBLIC SCHOOLS

SECTION 7.22.(a) The North Carolina Virtual Public School (NCVPS) program shall report to the State Board of Education and shall maintain an administrative office at the Department of Public Instruction.

SECTION 7.22.(b) The Director of NCVPS shall ensure that students residing in rural and low-wealth county local school administrative units have access to e-learning course offerings in order to expand available instructional opportunities. E-learning instructional opportunities shall include courses required as part of the standard course of study for high school graduation and AP offerings not otherwise available.

SECTION 7.22.(c) Section 7.4 of S.L. 2010-31 is repealed.

SECTION 7.22.(d) The State Board of Education shall take the following steps to implement an allotment formula for NCVPS beginning with the 2011-2012 school year:

(1) Project NCVPS student enrollment by semester and year-long course types for each local school administrative unit and charter school.

(2) Establish a per course teacher payment structure for the instructional costs of NCVPS. In establishing this payment structure, the Board shall consider the following:

a. The payment structure is based on a total compensation analysis to ensure NCVPS teacher pay has parity with similar programs. The total compensation analysis shall take into account salaries, benefits, and work effort to ensure valid comparisons between occupations.

b. The effects any change in NCVPS teacher payments may have on the attraction and retention of NCVPS teachers.

(3) Develop a per student fee structure for in-State students that is based on the per course teacher pay structure. The fee structure for in-State students shall ensure that the projected cost for local school administrative units and charter schools equals the projected instructional cost for NCVPS courses.

(4) Multiply the per course fees for in-State students by the projected enrollment by course type to determine the total instructional cost for each local school administrative unit and charter school.

(5) Transfer a dollar amount equal to seventy-five percent (75%) of the local school administrative unit's or charter school's projected instructional cost from the classroom teacher allotment to NCVPS.

(6) No later than February 21 of each year, calculate the actual instructional cost for each local school administrative unit and charter school based upon actual NCVPS enrollment as of that date.

(7) Subtract the amount transferred pursuant to subdivision (5) of this subsection from the actual instructional cost for each unit or charter school and transfer the remaining dollar amount owed, up to a maximum of one hundred percent (100%) of the projected cost.

(8) Develop and implement a policy regarding returning funds to local school administrative units and charter schools in cases where the amount transferred pursuant to subdivision (5) of this subsection exceeds the actual instructional costs.

NCVPS shall use funds transferred to it to provide the NCVPS program at no cost to all students in North Carolina who are enrolled in North Carolina's public schools, Department of Defense schools, and schools operated by the Bureau of Indian Affairs.

SECTION 7.22.(e) In establishing the fee structure and payment structure for NCVPS, the State Board shall consider recommendations from the eLearning Commission and the NCVPS Advisory Board.

SECTION 7.22.(f) The State Board shall establish a separate per student tuition for out-of-state students, home-schooled students, and private school students, which shall be adjusted upward from the in-State student fee structure by an amount determined appropriate by the State Board.

SECTION 7.22.(g) NCVPS shall develop a revenue-generating plan for the sale of courses to out-of-state educational entities. NCVPS shall submit its plan to the State Board by September 1, 2011.

SECTION 7.22.(h) Beginning in 2011, the Director of NCVPS shall submit an annual report on NCVPS to the State Board of Education no later than December 1 of each year. The report shall use data from the previous fiscal year and shall include statistics on

actual versus projected costs to local school administrative units and charter schools, student enrollment, virtual teacher salaries, and measures of academic achievement.

The Director of NCVPS shall continue to ensure the following:

(1) Course quality standards are established and met.

(2) All e-learning opportunities other than virtual charter schools offered by State-funded entities to public school students are consolidated under the NCVPS program, eliminating course duplication.

(3) All courses offered through NCVPS are aligned to the North Carolina Standard Course of Study.

SECTION 7.22.(i) The State Board of Education shall reduce each local school administrative unit's or charter school's classroom teacher allotment, or other allotment, as determined by the State Board of Education, on the basis of ADM in grades 6-12 to provide the sum of two million eight hundred sixty-six thousand nine hundred twenty-three dollars ($2,866,923) for the State-level operations and administration of NCVPS for the 2011-2012 fiscal year. The allotment reduction for State-level operations and administration shall continue in future fiscal years and be adjusted annually based upon the percentage growth in NCVPS enrollment, ensuring the expansion of services due to increased virtual student enrollment.

SECTION 7.22.(j) For fiscal year 2011-2012, the State Board of Education shall reduce each local school administrative unit's or charter school's classroom teacher allotment, or other allotment, as determined by the State Board of Education, on the basis of ADM in grades 6-12 to provide the sum of two million dollars ($2,000,000) in order to create an NCVPS enrollment reserve. The NCVPS enrollment reserve shall be used to cover the NCVPS instructional costs of local school administrative units or charter schools with enrollments exceeding projected NCVPS enrollment.

Beginning in fiscal year 2012-2013, and annually thereafter, the State Board of Education shall reduce each local school administrative unit's or charter school's classroom teacher allotment, or other allotment, as determined by the State Board of Education, on the basis of ADM in grades 6-12 an amount that is the difference between two million dollars ($2,000,000) and the balance of the NCVPS enrollment reserve.

Amounts available in the NCVPS enrollment reserve shall not revert.

SECTION 7.22.(k) The State Board shall use only funds provided through the North Carolina Virtual Public Schools Allotment Formula and the NCVPS enrollment reserve as set forth in this section to fund instructional costs of NCVPS.

PERFORMANCE-BASED REDUCTIONS IN FORCE

SECTION 7.23.(a) Local school administrative units shall adopt a Reduction in Force policy that includes the following criteria:

(1) In determining which positions shall be subject to a reduction in force, a local school administrative unit shall consider the following:

a. Structural considerations, such as identifying positions, departments, courses, programs, operations, and other areas where there are (i) less essential, duplicative, or excess personnel; (ii) job responsibility and/or position inefficiencies; (iii) opportunities for combined work functions; and/or (iv) decreased student or other demands for curriculum, programs, operations, or other services.

b. Organizational considerations, such as anticipated organizational needs of the school system and program/school enrollment.

(2) In determining which employees in similar positions shall be subject to a reduction in force, a local school administrative unit shall consider work performance.

Each local school administrative unit shall have this policy in place on or before July 15, 2011.

SECTION 7.23.(b) G.S. 115C-325(e)(2) reads as rewritten:

"(2) Reduction in Force. – Before recommending to a board the dismissal or demotion of the career employee pursuant to G.S. 115C-325(e)(1)l., the superintendent shall give written notice to the career employee by certified mail or personal delivery of his intention to make such recommendation and shall set forth as part of his recommendation the grounds upon which he believes such dismissal or demotion is justified. The notice shall include a

statement to the effect that if the career employee within 15 days after receipt of the notice requests a review, he shall be entitled to have the proposed recommendations of the superintendent reviewed by the board. Within the 15-day period after receipt of the notice, the career employee may file with the superintendent a written request for a hearing before the board within 10 days. If the career employee requests a hearing before the board, the hearing procedures provided in G.S. 115C-325(j3) shall be followed. If no request is made within the 15-day period, the superintendent may file his recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if there is one, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such dismissal. Provisions of this section which permit a hearing by a case manager shall not apply to a dismissal or demotion recommended pursuant to G.S. 115C-325(e)(1)l.

When a career employee is dismissed pursuant to G.S. 115C-325(e)(1)l. above, his name shall be placed on a list of available career employees to be maintained by the board. ~~Career employees whose names are placed on such a list shall have a priority on all positions in which they acquired career status and for which they are qualified which become available in that system for the three consecutive years succeeding their dismissal. However, if the local school administrative unit offers the dismissed career employee a position for which he is certified and he refuses it, his name shall be removed from the priority list.~~"

TEACHING FELLOWS ADMINISTRATIVE REDUCTION

SECTION 7.24. G.S. 115C-363.23A(f) reads as rewritten:

"**§ 115C-363.23A. Teaching Fellows Program established; administration.**

...

(f) All funds appropriated to or otherwise received by the Teaching Fellows Program for scholarships, all funds received as repayment of scholarship loans, and all interest earned on these funds, shall be placed in a revolving fund. This revolving fund shall be used for scholarship loans granted under the Teaching Fellows Program. With the prior approval of the General Assembly in the Current Operations Appropriations Act, the revolving fund may also be used for campus and summer program support, and costs related to disbursement of awards and collection of loan repayments.

The Public School Forum, as administrator for the Teaching Fellows Program, may use up to ~~eight hundred ten thousand dollars ($810,000)~~six hundred thousand dollars ($600,000) annually from the fund balance for costs associated with administration of the Teaching Fellows Program."

RESIDENTIAL SCHOOLS

SECTION 7.25.(a) The General Assembly finds that the operation of the Eastern North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the North Carolina School for the Deaf (collectively, the "residential schools") no longer meets the needs of the populations they serve in an efficient and effective manner, and that current levels of utilization of the residential schools can be accommodated with two schools. No later than January 15, 2012, the Department shall report to the Joint Legislative Education Oversight Committee of the General Assembly the residential school it has decided to close and the Department's plan for consolidating the programs with those at the two remaining schools. The Department shall base its choice of the residential school to be closed on the following considerations:

(1) Minimization of impact on services to deaf and blind students currently served by the residential schools.

(2) Minimization of costs of modifications at the two remaining residential schools to accommodate students from the closed school.

(3) Maximization of funds generated or net savings to the State from costs avoided due to the closure of one residential school and the sale or transfer to other State agencies of the school campus and other physical assets.

Effective July 1, 2012, the Department of Public Instruction shall carry out the closure and consolidation described in its report.

SECTION 7.25.(b) The Department of Public Instruction shall ensure that the residential and instructional schedules for the residential schools that were in effect before February 8, 2010, shall remain in effect unless the General Assembly approves a material change to the instructional week. Residential students shall have the opportunity to arrive at their respective schools on the evening of the day before commencement of academic instruction for the week. The Department shall also maintain summer school programming at the residential schools in substantially the same manner as in prior years and shall make no material changes to summer school programming without the approval of the General Assembly.

SECTION 7.25.(c) The Department of Public Instruction may create a principal position at each residential school not currently assigned a principal position from funds appropriated in this act for the residential schools.

SECTION 7.25.(d) The position of superintendent for the residential schools within the Department of Public Instruction is eliminated. The Department shall designate one of the directors of the residential schools to serve as the superintendent for the residential schools. Of funds previously appropriated to the Department for the position of superintendent for the residential schools, the sum of twenty thousand dollars ($20,000) shall be used to supplement the salary of the director who also serves as superintendent of residential schools. The remaining funds shall be used to offset other reductions to the residential schools made in this act.

SECTION 7.25.(e) G.S. 115C-325(p) reads as rewritten:

"(p) Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Public Instruction, Correction, or Juvenile Justice and Delinquency Prevention regardless of the age of the students."

DEPARTMENT OF PUBLIC INSTRUCTION RECEIPTS

SECTION 7.27. Notwithstanding G.S. 143C-6-4(b)(3), the Department of Public Instruction may realign receipts among the following General Fund purpose codes on a recurring basis through the budget certification process for the sole purpose of correctly aligning the certified budget with the appropriate purpose or programs as defined in G.S. 143C-1-1(d)(23): 1000, 1100, 1300, 1330, 1430, 1500, 1600, 1640, and 1660.

SCHOOL BUS PURCHASES

SECTION 7.28.(a) G.S. 115C-249 reads as rewritten:

"§ 115C-249. Purchase and maintenance of school buses, materials and supplies.

...

~~(c) Any funds appropriated from time to time by the General Assembly for the purchase of school buses or service vehicles shall be allocated by the State Board of Education to the respective local boards of education in accordance with the requirements of such boards as determined by the State Board of Education, and thereupon shall be paid over to the respective local boards of education in accordance with such allocation.~~

(d) The title to any ~~additional or replacement~~ school bus or service vehicle purchased pursuant to the provisions of this section, shall be taken in the name of the board of education of such local school administrative unit, and such bus shall in all respects be maintained and operated pursuant to the provisions of this ~~Article in the same manner as any other public school bus.~~Article.

(e) It shall be the duty of the county board of education to provide adequate buildings and equipment for the storage and maintenance of all school buses and service vehicles owned or operated by the board of education of any local school administrative unit in such county. It shall be the duty of the tax-levying authorities of such county to provide in its capital outlay budget for the construction or acquisition of such buildings and equipment as may be required for this purpose.

~~(f) In the event of the damage or destruction of any school bus or service vehicle by fire, collision, or otherwise, the board of education of the local school administrative unit which shall own or operate such bus or service vehicle may apply to the State Board of Education for funds with which to replace it. If the State Board of Education finds that such bus or service vehicle has been destroyed or damaged to the extent that it cannot be made suitable for further use, and if the State Board of Education finds that the replacement of such bus or service vehicle is necessary in order to enable such local school administrative unit to operate properly its school bus transportation system, the State Board of Education shall allot to the board of education of such local school administrative unit from the funds now held by the State Board of Education for the replacement of school buses or service vehicles, or from funds hereafter appropriated by the General Assembly for that purpose, a sum sufficient to purchase a new school bus or service vehicle to be used as a replacement for such damaged or destroyed bus or service vehicle and upon such allocation such sum shall be paid over to or for the account of the board of education of such local school administrative unit for such purpose.~~

(g) Repealed by Session Laws 2003-147, s. 3, effective for a local school administrative unit when the unit is certified as being E-Procurement compliant, or April 1, 2004, whichever occurs first.

~~(h) Appropriations by the General Assembly for the purchase of public school buses shall not revert to the General Fund. Any unexpended portion of those appropriations shall at the end of each fiscal year be transferred to a reserve account and be held, together with any other funds appropriated for the purpose, for the purchase of public school buses.~~"

SECTION 7.28.(b) G.S. 115C-426(f)(4) reads as rewritten:

"(f) The capital outlay fund shall include appropriations for:

...

(4) The acquisition of school ~~buses as additions to the fleet.~~buses.

...."

SECTION 7.28.(c) During the 2011-2012 fiscal year, local boards of education shall use allotments for replacement school buses only for purchases during that fiscal year or for 2011-2012 fiscal year payments for purchase financing contracts entered into during prior years, and shall not use the funds to enter into a purchase financing contract that will require State funding in future fiscal years.

SECTION 7.28.(d) Subsections (a) and (b) of this section take effect July 1, 2012.

INCREASE NUMBER OF INSTRUCTIONAL DAYS

SECTION 7.29. G.S. 115C-84.2 reads as rewritten:

"**§ 115C-84.2. School calendar.**

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) **(See notes)** A minimum of ~~180~~185 days and ~~1,000~~1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~180~~185 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

~~(4) Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall~~

~~not impose any additional tasks on these days. The local board shall schedule one of these days at the beginning of the school year and one at the end of each academic quarter.~~

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as additional make-up days to be scheduled after the last day of student attendance.

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least ~~seven~~ two days scheduled under ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in ~~subdivisions (4) and~~ subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

(b) Limitations. – The following limitations apply when developing the school calendar:

(1) The total number of teacher workdays for teachers employed for a 10 month term shall not exceed 195 days.

(2) The calendar shall include at least 42 consecutive days when teacher attendance is not required unless: (i) the school is a year-round school; or (ii) the teacher is employed for a term in excess of 10 months. At the request of the local board of education or of the principal of a school, a teacher may elect to work on one of the 42 days when teacher attendance is not required in lieu of another scheduled workday.

(3) School shall not be held on Sundays.

(4) Veterans Day shall be a holiday for all public school personnel and for all students enrolled in the public schools.

(c) Emergency Conditions. – During any period of emergency in any section of the State where emergency conditions make it necessary, the State Board of Education may order general, and if necessary, extended recesses or adjournment of the public schools.

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall not be before August 25, and the closing date for students shall not be after June 10. On a showing of good cause, the State Board of Education may waive this requirement to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means either that:

(1) schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations; or

(2) schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.

The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

(e) Nothing in this section prohibits a local board of education from offering supplemental or additional educational programs or activities outside the calendar adopted under this section."

TESTING PROGRAM

SECTION 7.30.(a) G.S. 115C-174.11 reads as rewritten:

"§ 115C-174.11. Components of the testing program.

(a) Assessment Instruments for First and Second Grades. – The State Board of Education shall adopt and provide to the local school administrative units developmentally appropriate individualized assessment instruments consistent with the Basic Education Program for the first and second grades, rather than standardized tests. Local school administrative units may use these assessment instruments provided to them by the State Board for first and second grade students, and shall not use standardized tests except as required as a condition of receiving federal grants.

(b) Repealed by Session Laws 2009-451, s. 7.20(c), effective July 1, 2009.

(c) Annual Testing Program.

(1) The State Board of Education shall adopt the tests for grades three through 12 that are required by federal law or as a condition of a federal grant. These tests shall be designed to measure progress toward reading, communication skills, and mathematics for grades three through eight, and toward competencies for grades nine through 12. Students who do not pass the tests adopted for eighth grade shall be provided remedial instruction in the ninth grade.

(2) If the State Board of Education finds that additional testing in grades three through 12 is desirable to allow comparisons with national indicators of student achievement, that testing shall be conducted with the smallest size sample of students necessary to assure valid comparisons with other states.

(3) The State Board of Education shall continue to participate in the development of the Common Core State Standards in conjunction with the consortium of other states, review all national assessments developed by both multistate consortia, and implement the assessments that the State Board deems most appropriate to assess student achievement on the Common Core State Standards.

(4) To the extent funds are made available, the State Board shall plan for and require the administration of the ACT test for all students in the eleventh grade unless the student has already taken a comparable test and scored at or above a level set by the State Board.

(d) Except as provided in ~~subdivision (2) of~~ subsection (c) of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

The State Board of Education shall adopt and provide to local school administrative units all tests required by federal law or as a condition of a federal grant."

SECTION 7.30.(b) Article 10A of Chapter 115C of the General Statutes is amended by adding two new Parts to read:

"Part 4. Student Diagnostic Tests.

"**§ 115C-174.20. Tools for student learning.**

To the extent funds are made available for this purpose, the State Board shall plan for and require the administration of diagnostic tests in the eighth and tenth grades that align to the ACT test in order to help diagnose student learning and provide for students an indication of whether they are on track to be remediation-free at a community college or university.

"Part 5. Career Readiness.

"**§ 115C-174.25. WorkKeys.**

To the extent funds are made available for this purpose, the State Board shall plan for and require local school administrative units to make available the appropriate WorkKeys tests for all students who complete the second level of vocational/career courses."

SECTION 7.30.(c) This section applies beginning with the 2011-2012 school year.

FUND ONE LEA PER COUNTY

SECTION 7.31.(a) Notwithstanding any other provision of law, the State Board of Education shall allot State funds on the basis of only one local school administrative unit per county beginning with the 2012-2013 fiscal year. For the 2011-2012 fiscal year, the State Board shall reduce funds allotted to city school administrative units from formulas that allot funds on a per local school administrative unit basis. For the 2012-2013 fiscal year, the State Board shall change formulas that allot funds on a per local school administrative unit basis to formulas that allot funds on a per county basis. If the amount previously allotted per local school administrative unit was graduated on the basis of average daily membership, the amount allotted per county shall be graduated on the basis of the total average daily membership of all units located in the county.

If a city school administrative unit is located in more than one county, the State Board of Education shall include in each county's average daily membership the average daily membership of the county's students in the city school administrative unit.

If a county contains more than one local school administrative unit, the State Board shall divide the amount allotted on a per county basis between the units on the basis of average daily membership.

SECTION 7.31.(b) This section does not apply to allotments to the Nash-Rocky Mount School Administrative Unit, the Edgecombe County School Administrative Unit, the Cleveland County School Administrative Unit, or the Gaston County School Administrative Unit.

PART VIII. COMMUNITY COLLEGES

REORGANIZATION OF THE COMMUNITY COLLEGES SYSTEM OFFICE

SECTION 8.1.(a) Notwithstanding any other provision of law, and consistent with the authority granted in G.S. 115D-3, the President of the North Carolina Community College System may reorganize the System Office in accordance with recommendations and plans submitted to and approved by the State Board of Community Colleges.

SECTION 8.1.(b) This section expires June 30, 2012.

REPEAL OBSOLETE REPORTING REQUIREMENTS

SECTION 8.2.(a) G.S. 115D-4.1(e) reads as rewritten:

"(e) The State Board of Community Colleges shall develop appropriate criteria and standards to regulate the operation of college transfer programs. ~~The criteria and standards shall require all college transfer programs to continue to meet the accreditation standards of the Southern Association of Colleges and Schools.~~

~~The State Board of Community Colleges shall report annually to the General Assembly on compliance of the community colleges with these criteria and standards.~~"

SECTION 8.2.(b) G.S. 115D-5(j) reads as rewritten:

"(j) The State Board of Community Colleges shall use its Board Reserve Fund for feasibility studies, pilot projects, start-up of new programs, and innovative ideas. ~~The State Board shall report to the Joint Legislative Education Oversight Committee on expenditures from the State Board Reserve Fund on January 15 and June 15 each year.~~"

IMPLEMENT ALTERNATIVE FORMULA MODEL

SECTION 8.3.(a) The State Board of Community Colleges shall consolidate the Health Sciences Allotment, the Technical Education Allotment, and the Special High Cost Allotment for Heavy Equipment with formula funds to support curriculum instruction.

SECTION 8.3.(b) The State Board of Community Colleges shall allocate formula funds appropriated to support curriculum instruction and the occupational education component of continuing education through a formula that provides an instructional base allocation to all colleges and allocates remaining funds on a weighted full-time equivalent (FTE) basis. In determining the appropriate weighting, the State Board of Community Colleges shall weigh curriculum courses in high-cost areas such as health care, technical education, and lab-based science courses more heavily than other curriculum courses. The State Board of Community Colleges shall also weigh continuing education courses that lead to a third-party credential or certification and courses providing an industry-designed curriculum more heavily than other occupational extension courses.

USE OF OVERREALIZED RECEIPTS TO SUPPORT ENROLLMENT GROWTH RESERVE RATHER THAN EQUIPMENT RESERVE

SECTION 8.4. G.S. 115D-31(e) reads as rewritten:

"(e) If receipts for community college tuition and fees exceed the amount certified in General Fund Codes at the end of a fiscal year, the State Board of Community Colleges shall transfer the amount of receipts and fees above those budgeted to the ~~Equipment Reserve Fund~~ Enrollment Growth Reserve. Funds in the Enrollment Growth Reserve shall not revert to the General Fund and shall remain available to the State Board until expended. The State Board may allocate funds in this reserve to colleges experiencing an enrollment increase greater than five percent (5%) of budgeted enrollment levels."

BASIC SKILLS PLUS

SECTION 8.5.(a) Notwithstanding any other provision of law, the State Board may authorize a local community college to use up to twenty percent (20%) of the State Literacy Funds allocated to it to provide employability skills, job-specific occupational and technical skills, and developmental education instruction to students concurrently enrolled in a community college course leading to a high school diploma or equivalent certificate.

SECTION 8.5.(b) Notwithstanding any other provision of law, if a community college is authorized by the State Board to provide employability skills, job-specific occupational or technical skills, or developmental education instruction to students concurrently enrolled in a community college course leading to a high school diploma or equivalent certificate, the college may waive the tuition and registration fees associated with this instruction.

CARRYFORWARD OF COLLEGE INFORMATION SYSTEM FUNDS

SECTION 8.6. Of the funds appropriated to the Community Colleges System Office for the 2011-2013 fiscal biennium for the College Information System, up to one million two hundred fifty thousand dollars ($1,250,000) shall not revert at the end of each fiscal year but shall remain available until expended. These funds may be used only to purchase periodic system upgrades.

EQUIPMENT FUNDING

SECTION 8.8. For the 2011-2013 fiscal biennium, community colleges may expend regular equipment allocations on equipment, repairs and renovations of existing facilities, and new construction. Colleges must match funds expended on new construction on an equal matching-fund basis in accordance with G.S. 115D-31. Notwithstanding any other provision of law, community colleges are not required to match funds expended on repairs and renovations of existing facilities.

Colleges must have capital improvement projects approved by the State Board of Community Colleges and any required matching funds identified by June 30, 2013.

CLARIFICATION REGARDING EQUIPMENT TITLED TO STATE BOARD

SECTION 8.9. G.S. 115D-15(a) reads as rewritten:

"(a) The board of trustees of any institution organized under this Chapter may, with the prior approval of the North Carolina Community Colleges System Office, convey a

right-of-way or easement for highway construction or for utility installations or modifications. When in the opinion of the board of trustees the use of any other real property owned or held by the board of trustees is unnecessary or undesirable for the purposes of the institution, the board of trustees, subject to prior approval of the State Board of Community Colleges, may sell, exchange, or lease the property. The board of trustees may dispose of any personal property owned or held by the board of trustees without approval of the State Board of Community Colleges. Personal property titled to the State Board of Community Colleges consistent with G.S. 115D-14 and G.S. 115D-58.5 may be transferred to another community college at no cost and without the approval of the Department of Administration, Division of Surplus Property.

Article 12 of Chapter 160A of the General Statutes shall apply to the disposal or sale of any real or personal property under this subsection. Personal property also may be disposed of under procedures adopted by the North Carolina Department of Administration. The proceeds of any sale or lease shall be used for capital outlay purposes, except as provided in subsection (b) of this section."

NO STATE FUNDS FOR INTERCOLLEGIATE ATHLETICS

SECTION 8.10. Article 3 of Chapter 115D of the General Statutes is amended by adding a new section to read:

"**§ 115D-42.1. Funds for an intercollegiate athletics program.**

No State funds, student tuition receipts, or student aid funds shall be used to create, support, maintain, or operate an intercollegiate athletics program at a community college."

COMMUNITY COLLEGE TUITION WAIVERS

SECTION 8.12.(a) G.S. 115D-5(b) reads as rewritten:

"(b) In order to make instruction as accessible as possible to all citizens, the teaching of curricular courses and of noncurricular extension courses at convenient locations away from institution campuses as well as on campuses is authorized and shall be encouraged. A pro rata portion of the established regular tuition rate charged a full-time student shall be charged a part-time student taking any curriculum course. In lieu of any tuition charge, the State Board of Community Colleges shall establish a uniform registration fee, or a schedule of uniform registration fees, to be charged students enrolling in extension courses for which instruction is financed primarily from State funds. The State Board of Community Colleges may provide by general and uniform regulations for waiver of tuition and registration fees ~~for:~~for the following:

(1) Persons not enrolled in elementary or secondary schools taking courses leading to a high school diploma or equivalent ~~certificate;~~certificate.

(2) ~~Training courses for~~ Courses requested by the following entities that support the organizations' training needs and are on a specialized course list approved by the State Board of Community Colleges:

a. ~~(i) volunteer firemen,~~Volunteer fire departments.

b. ~~(ii) local fire department personnel,~~ Municipal, county, or State fire departments.

c. ~~(iii) volunteer rescue and lifesaving department personnel,~~Volunteer EMS or rescue and lifesaving departments.

d. ~~(iv) local rescue and lifesaving department personnel,~~ Municipal, county, or State EMS or rescue and lifesaving departments.

e. ~~(v) Radio Emergency Associated Citizens Team (REACT) members when the REACT team is under contract to a county as an emergency response agency, (vi) municipal, county, or State law enforcement officers,~~Municipal, county, or State law enforcement agencies.

f. ~~(vii) all full-time custodial employees of the Department of Correction, and~~ The Department of Correction for the training of full-time custodial employees and employees of the Department's Division of Community Corrections required to be certified under Chapter 17C of the General Statutes and the rules of the Criminal Justice and Training Standards Commission.

g. ~~(viii) employees of the Department's Division of Community Corrections and employees of the~~ The Department of Juvenile Justice and Delinquency Prevention for the training of employees required to

be certified under Chapter 17C of the General Statutes and the rules of the Criminal Justice and Training Standards ~~Commission;~~Commission.

~~(3) Patients in State alcoholic rehabilitation centers;~~

(4) Trainees enrolled in courses conducted under the Customized Training ~~Program;~~Program.

~~(5) Clients of sheltered workshops;~~

~~(6) Clients of adult developmental activity programs;~~

~~(7) Students in Health and Human Services Development Programs;~~

~~(8) Juveniles of any age committed to the Department of Juvenile Justice and Delinquency Prevention by a court of competent jurisdiction;~~

~~(9) Members of the North Carolina State Defense Militia as defined in G.S. 127A-5 and as administered under Article 5 of Chapter 127A of the General Statutes;~~

(10) Elementary and secondary school employees enrolled in courses in first aid or cardiopulmonary resuscitation ~~(CPR);~~(CPR).

(11) Up to six hours of credit instruction and one course of noncredit instruction per academic semester for senior citizens age 65 or older who are qualified as legal residents of North ~~Carolina;~~Carolina.

(12) All curriculum courses taken by high school students at community colleges, including students in early college and middle college high school programs, in accordance with G.S. 115D-20(4) and this ~~section;~~section.

(13) Human resources development courses for any individual who (i) is unemployed; (ii) has received notification of a pending layoff; (iii) is working and is eligible for the Federal Earned Income Tax Credit (FEITC); or (iv) is working and earning wages at or below two hundred percent (200%) of the federal poverty ~~guidelines; and~~guidelines.

~~(14) Prison inmates.~~

The State Board of Community Colleges shall not waive tuition and registration fees for other individuals."

SECTION 8.12.(b) G.S. 115D-5 is amended by adding a new subsection to read:

"(b1) The State Board of Community Colleges shall not waive tuition and registration fees for community college faculty or staff members. Community colleges may, however, use State or local funds to pay tuition and registration fees for one course per semester for full-time community college faculty or staff members employed for a nine-, ten-, eleven-, or twelve-month term."

SECTION 8.12.(c) The Community Colleges System Office shall transfer funds appropriated for curriculum and continuing education instruction to the Department of Correction. The Department of Correction shall use these funds to pay tuition and fees for prisoners.

The amount transferred shall be calculated by multiplying the number of curriculum and continuing education FTE served in prisons in the 2010-2011 fiscal year by the per capita budgeted receipts for curriculum and continuing education.

This subsection is projected to result in a reduction of up to forty-three percent (43%) in the number of curriculum and continuing education courses provided to prisoners.

SECTION 8.12.(d) G.S. 115D-39(a1) reads as rewritten:

"(a1) In addition, ~~any~~ federal law enforcement ~~officer~~ officers, firefighters, EMS personnel, and rescue and lifesaving personnel whose permanent duty station is within North Carolina shall also be eligible for the State resident community college tuition rate for ~~law enforcement training courses.~~courses that support their organizations' training needs and are approved for this purpose by the State Board of Community Colleges."

FUNDING FOR MULTICAMPUS CENTERS

SECTION 8.13. G.S. 115D-5(o) reads as rewritten:

"(o) The General Assembly finds that additional data are needed to determine the adequacy of multicampus and off-campus center funds; therefore, multicampus colleges and colleges with off-campus centers shall report annually, beginning September 1, 2005, to the Community Colleges System Office on all expenditures by line item of funds used to support their multicampuses and off-campus centers. The Community Colleges System Office shall

report on these expenditures to the Education Appropriation Subcommittees of the House of Representatives and the Senate, the Office of State Budget and Management, and the Fiscal Research Division by December 1 of each year.

All multicampus centers approved by the State Board of Community Colleges shall receive funding under the same formula. The State Board of Community Colleges shall not approve any additional multicampus centers without identified recurring sources of funding."

STUDY COMMUNITY COLLEGE PERFORMANCE MEASURES

SECTION 8.14. The State Board of Community Colleges shall report to the Joint Legislative Education Oversight Committee by March 1, 2012, on a revised set of accountability measures and performance standards by which to evaluate and measure student progress and student success, including measures of graduation rates and course completions. The report shall include a plan to incorporate these revised accountability measures and performance standards into regular formula funding. These revised accountability measures and performance standards shall also be the basis for the allocation of performance funding, in accordance with G.S. 115D-31.3(g) and (h).

COMMUNITY COLLEGE AUDITS

SECTION 8.15. Article 4A of Chapter 115D of the General Statutes is amended by adding a new section to read:

"**§ 115D-58.16. Audits.**

(a) Each community college shall be audited a minimum of once every two years. Community colleges may use State funds to contract with the State Auditor or with a certified public accountant to perform the audits. The colleges shall submit the results of the audits to the State Board of Community Colleges.

The State Board of Community Colleges shall ensure that all colleges are audited in accordance with this section.

(b) Notwithstanding the provisions of Chapter 143D of the General Statutes, a community college shall not be subject to the EAGLE program administered by the Office of the State Controller unless (i) there is a finding of internal control problems in the most recent financial audit of the college or (ii) the State Board of Community Colleges determines that a college should be subject to the program."

ENROLLMENT GROWTH

SECTION 8.16.(a) It is the intent of the General Assembly to ensure that there is an increase in funding for community college technology and equipment when enrollment increases; therefore, the continuation budget requirements proposed by the Director of the Budget in accordance with G.S. 143C-3-5 to fund the community college enrollment growth shall include adjustments necessary to fund additional equipment FTE at the prior year's rate.

SECTION 8.16.(b) Beginning with any adjustments to the 2011-2012 fiscal year budget, and annually thereafter, the State Board of Community Colleges' requests for funding enrollment growth shall provide a detailed description of the costs of educating community college students. This request shall be based on the current year's enrollment, listed by college and aggregated for the system as a whole.

SECTION 8.16.(c) Enrollment requests shall include the following information for each community college:

(1) The budgeted enrollment for the current year, divided between the categories of instruction: curriculum, continuing education, and Basic Skills.

(2) The budgeted enrollment for the current year, divided between tiers of instruction, as set forth in Section 8.3 of this act.

(3) The actual enrollment for the two years prior to the current year.

(4) A five-year enrollment projection at each community college by category and tier of instruction.

(5) The projected requirements and anticipated tuition receipts for the growth in regular-term enrollment.

(6) The costs per FTE in each category and tier of instruction, to include the following component parts:

a. Instructional costs, including faculty salaries and other costs.

b. Student support services and other college administrative costs.

EXEMPT COMMUNITY COLLEGES FROM APA

SECTION 8.18.(a) G.S. 150B-1(d)(14) and (19) are repealed.

SECTION 8.18.(b) G.S. 150B-1 is amended by adding a new subsection to read:

"(g) Exemption for the Community Colleges System Office. – Except as provided in G.S. 143-135.3, no Article in this Chapter except Article 4 applies to the Community Colleges System Office."

SECTION 8.18.(c) This act is effective when it becomes law.

CAPITAL IMPROVEMENTS AT COMMUNITY COLLEGES

SECTION 8.19.(a) G.S. 115D-9 reads as rewritten:

"**§ 115D-9. Powers of State Board regarding certain fee negotiations, contracts, and capital improvements.**

(a) The expenditures of any State funds for any capital improvements of existing institutions shall be subject to the prior approval of the State Board of Community Colleges and the Governor. The expenditure of State funds at any institution herein authorized to be approved by the State Board under G.S. 115D-4 shall be subject to the terms of the State Budget Act unless specifically otherwise provided in this Chapter.

(b) Notwithstanding G.S. 143-341(3), the State Board of Community Colleges may, with respect to design, construction, repair, or renovation of buildings, utilities, and other ~~State or non-State-funded~~ State-funded property developments of the North Carolina Community College System requiring the estimated expenditure of public money of ~~one million dollars ($1,000,000)~~ four million dollars ($4,000,000) or less:

(1) Conduct the fee negotiations for all design contracts and supervise the letting of all construction and design contracts.

(2) Develop procedures governing the responsibilities of the North Carolina Community College System and its community colleges to perform the duties of the Department of Administration and the Director or Office of State Construction under G.S. 133-1.1(d) and G.S. 143-341(3).

(3) Use existing plans and specifications for construction projects, where feasible. Prior to designing a project, the State Board shall consult with the Department of Administration on the availability of existing plans and specifications and the feasibility of using them for a project.

(c) The State Board may delegate its authority under subsection (b) of this section to a community college if the community college is qualified under guidelines adopted by the State Board and approved by the State Building Commission and the Director of the Budget.

(d) The North Carolina Community College System shall use the standard contracts for design and construction currently in use for State capital improvement projects by the Office of State Construction of the Department of Administration.

(e) A contract may not be divided for the purpose of evading the monetary limit under this section.

(f) Notwithstanding any other provision of this Chapter, the Department of Administration shall not be the awarding authority for contracts awarded under subsections (b) or (c) of this section.

(g) The State Board shall annually report to the State Building Commission the following:

(1) A list of projects governed by this section.

(2) The estimated cost of each project along with the actual cost.

(3) The name of each person awarded a contract under this section.

(4) Whether the person or business awarded a contract under this section meets the definition of "minority business" or "minority person" as defined in G.S. 143-128.2(g).

(h) The provisions of G.S. 143-341(3) shall not apply to a capital improvement project funded with non-State funds if the State Board of Community Colleges determines that the college has the expertise necessary to manage the project unless the assistance of the Office of State Construction is requested."

SECTION 8.19.(b) This section is effective when it becomes law and applies to projects initiated on or after that date.

ADDITIONAL FLEXIBILITY WITH REGARD TO COMMUNITY COLLEGE INVESTMENTS

SECTION 8.20.(a) G.S. 115D-58.6 reads as rewritten:

"**§ 115D-58.6. Investment of idle cash.**

(a) Definitions. – As used in this section the following definitions apply:

(1) "Cash balance" means the amount equal to all moneys received into institutional fund accounts minus all expenses and withdrawals from those accounts in an official depository of the institution as designated by the local board of trustees consistent with G.S. 115D-58.7.

(2) "Official depository" means one or more banks, savings and loan associations, or trust companies in North Carolina that a community college board of trustees has designated consistent with G.S. 115D-58.7.

(a1) Deposits. – The institution may deposit at interest ~~or invest~~ all or part of the cash balance of any fund in an official depository of the institution. ~~The institution shall manage investments subject to whatever restrictions and directions the board of trustees may impose. The institution shall have the power to purchase, sell, and exchange securities on behalf of the board of trustees. The investment program shall be so managed that investments and deposits can be converted into cash when needed.~~Moneys may be deposited at interest in any official depository of the institution in the form of certificates of deposit or such other forms of time deposits as may be approved for county governments. In addition, moneys may be deposited in the form of certificates of deposit as provided for a local government or public authority in G.S. 159-30(b1). Investment deposits shall be secured as provided in G.S. 159-31(b).

~~(b) Moneys may be deposited at interest in any bank, savings and loan association or trust company in this State in the form of certificates of deposit or such other forms of time deposits as may be approved for county governments. In addition, moneys may be deposited in the form of certificates of deposit as provided for a local government or public authority in G.S. 159-30(b1). Investment deposits shall be secured as provided in G.S. 159-31(b).~~

~~(c)~~(b) Investments. – The institution may invest all or part of the cash balance of any fund in an official depository of the institution. The institution shall manage investments subject to whatever restrictions and directions the board of trustees may impose. The institution shall have the power to purchase, sell, and exchange securities on behalf of the board of trustees. The investment program shall be so managed that investments and deposits can be converted into cash when needed.

(1) Moneys ~~may~~ shall only be invested in the form of investments pursuant to G.S. 159-30(c) to county governments ~~and no others.~~or in any form of investment established or managed by an investment advisor who is registered and in good standing with either the Securities and Exchange Commission or the North Carolina Secretary of State, Securities Division, and is a member of the Securities Investor Protection Corporation. Money in endowment funds may be invested pursuant to G.S. 147-69.2. Provided, however, the institution may elect to deposit at interest any local funds with the State Treasurer for investment as special trust funds pursuant to the provisions of G.S. 147-69.3, and the interest thereon shall accrue to the institution as local funds.

~~(d) Investment~~

(2) The investment securities listed in G.S. 159-30(c) may be bought, sold, and traded by private negotiation, and the institutions may pay all incidental costs thereof and all reasonable costs of administering the investment and deposit program from local funds. The institution shall be responsible for their safekeeping and for keeping accurate investment accounts and records.

~~(e)~~(c) Interest earned on deposits and investments shall be credited to the fund whose cash is deposited or invested. Cash of several funds may be combined for deposit or investment if not otherwise prohibited by law; and when such joint deposits or investments are made, interest earned shall be prorated and credited to the various funds on the basis of the amounts thereof invested, figured according to an average periodic balance or some other sound accounting principle. Interest earned on the deposit or investment of bond funds shall be deemed a part of the bond proceeds.

~~(f)~~(d) Registered securities acquired for investment may be released from registration and transferred by signature of the official designated by the board of ~~trustees."~~trustees.

(e) The Board of Trustees shall appoint an Investment Committee which shall consist of a minimum of three people who have sufficient financial background to review and evaluate investment options. These individuals should have experience in institutional or retail investment management with knowledge of fixed income and public equities. This committee shall make recommendations to the Board on those investment options, as well as monitor the performance of investments once made.

(f) The Board of Trustees shall discharge their duties with respect to the management and investment of college funds as follows:

(1) Investment decisions shall be solely in the interest of the college and the students, faculty, and staff of the college.

(2) The investments shall be for the exclusive purpose of providing an adequate return to the college.

(3) Investments shall be made with the care, skill, and caution under the circumstances then prevailing which a prudent person acting in a like capacity and familiar with those matters would use in the conduct of an activity of like character and purpose.

(4) Investment decisions shall be made impartially, taking into account the best interest of the college, with special attention to conflicts of interest or potential conflicts of interest.

(5) Investments shall incur only costs that are appropriate and reasonable."

SECTION 8.20.(b) G.S. 147-69.2 is amended by adding a new subdivision to read:

"(20) Institutional funds of the colleges of the North Carolina Community College System."

PART IX. UNIVERSITIES

CENTER FOR PUBLIC TELEVISION CONTINUATION REVIEW

SECTION 9.1.(a) A continuation review of the Center for Public Television shall be prepared jointly by The University of North Carolina General Administration and The University of North Carolina Center for Public Television. The review shall be submitted to the House of Representatives and Senate Appropriations Subcommittees on Education no later than March 31, 2012. The written report shall include the information listed in subsection (b) of this section.

SECTION 9.1.(b) The continuation review required by this section shall include all of the following information:

(1) A description of the services provided by the Center for Public Television and its mission, goals, and objectives.

(2) The program's statutory objectives and the problem or need addressed.

(3) The extent to which the program's objectives have been achieved.

(4) The program's functions or programs performed without specific statutory authority.

(5) The program's performance measures and the process by which the performance measures determine efficiency and effectiveness.

(6) Recommendations for statutory, budgetary, or administrative changes needed to improve efficiency and effectiveness of services delivered to the public.

(7) The consequences of discontinuing funding.

(8) Recommendations for improving services or reducing costs or duplication.

(9) The identification of policy issues that should be brought to the attention of the General Assembly.

(10) Any other information necessary to fully support the General Assembly's Continuation Review Program, along with any information included in instructions from the Fiscal Research Division.

UNIVERSITY CANCER RESEARCH FUND REPORTING REQUIREMENT

SECTION 9.4. G.S. 116-29.1 is amended by adding a new subsection to read:

"(g) Report. – By November 1 of each year, the Cancer Research Fund Committee shall provide to the Joint Legislative Education Oversight Committee and to the Office of State

Budget and Management an annual financial report which shall include the following components:

(1) Accounting of expenditures of State funds related to strategic initiatives, development of infrastructure, and ongoing administrative functions.

(2) Accounting of expenditures of extramural funds related to strategic initiatives, development of infrastructure, and ongoing administrative functions.

(3) Measures of impact to the State's economy in the creation of jobs, intellectual property, and start-up companies.

(4) Other performance measures directly related to the investment of State funds.

(5) Accounting of any fund balances retained by the Fund, along with information about any restrictions on the use of these funds."

UNC BOARD OF GOVERNORS REVIEW OF FACULTY RECRUITMENT AND RETENTION

SECTION 9.5. The Board of Governors of The University of North Carolina shall review its current policies regarding financial incentives to retain faculty. The review shall focus on the prioritization of recruitment and retention funds and the identification of key metrics to measure overall program effectiveness. The Board of Governors shall report its findings and recommendations for changes to the policies, if any, to the Joint Legislative Education Oversight Committee, the Office of State Budget and Management, and the Fiscal Research Division by April 1, 2012.

UNC MANAGEMENT FLEXIBILITY REDUCTION

SECTION 9.6.(a) The management flexibility reduction for The University of North Carolina shall not be allocated by the Board of Governors to the constituent institutions and affiliated entities using an across-the-board method but in a manner that recognizes the importance of the academic mission and differences among The University of North Carolina entities.

Before taking reductions in instructional budgets, the Board of Governors and the campuses of the constituent institutions shall consider all of the following:

(1) Reducing State funding for centers and institutes, speaker series, and other nonacademic activities.

(2) Faculty workload adjustments.

(3) Restructuring of research activities.

(4) Implementing cost-saving span of control measures.

(5) Reducing the number of senior and middle management positions.

(6) Eliminating low-performing, redundant, or low-enrollment programs.

(7) Protecting direct classroom services, including faculty members and adjunct professors.

The Board of Governors and the campuses of the constituent institutions also shall review the institutional trust funds and the special funds held by or on behalf of The University of North Carolina and its constituent institutions to determine whether there are monies available in those funds that can be used to assist with operating costs.

In addition, the campuses of the constituent institutions also shall require their faculty to have a teaching workload equal to the national average in their Carnegie classification.

When implementing personnel reductions, the Board of Governors and the campuses shall make every effort to abolish vacant positions first.

SECTION 9.6.(b) In allocating the management flexibility reduction, State funds shall not be reduced in either fiscal year of the biennium by more than fifteen percent (15%) from the Governor's Recommended Continuation Budget for the 2011-2013 fiscal biennium for any of the following:

(1) Hickory Metro Higher Education Center.

(2) Joint Graduate School of Nanoscience and Nanoengineering at North Carolina Agricultural and Technical State University and the University of North Carolina at Greensboro.

(3) The North Carolina Research Campus.

(4) Agricultural Extension.
(5) Agricultural Research.
(6) University of North Carolina School of the Arts.
(7) North Carolina Judicial College of the UNC School of Government.

SECTION 9.6.(c) In allocating the management flexibility reduction, no reduction in State funds shall be allocated in either fiscal year of the 2011-2013 biennium to any of the following:

(1) Center for Turfgrass Environmental Research and Education at North Carolina State University.
(2) Need-Based Financial Aid.
(3) Aid to Private Colleges.

ADVISORY COMMISSION ON MILITARY AFFAIRS/MODIFY MEMBERSHIP

SECTION 9.6A. G.S. 127C-2 reads as rewritten:

"**§ 127C-2. Membership.**

(a) The North Carolina Advisory Commission on Military Affairs shall consist of 21 voting members, who shall serve on the Executive Committee, and ~~15~~17 nonvoting, ex officio members who shall serve by reason of their positions.

(b) The Executive Committee shall be appointed as follows:
(1) Three members appointed by the Speaker of the House of Representatives, one of whom shall be a member of a recognized veterans' organization.
(2) Three members appointed by the President Pro Tempore of the Senate, one of whom shall be a member of a recognized veterans' organization.
(3) Fifteen members appointed by the Governor, consisting of:
a. Three representatives from the Jacksonville community.
b. Three representatives from the Havelock community.
c. Three representatives from the Goldsboro community.
d. Three representatives from the Fayetteville community.
e. Three public members from across the State.

(c) The following members, or their designee, shall serve ex officio:
(1) The Lieutenant Governor.
(1a) Secretary of Crime Control and Public Safety.
(2) Secretary of Commerce.
(2a) The Secretary of Transportation.
(2b) The Secretary of the Department of Environment and Natural Resources.
(3) Commanding General 18th Airborne Corps, Fort Bragg.
(4) Commanding General Marine Corps Base, Camp Lejeune.
(5) Commanding General Marine Corps Air Station, Cherry Point.
(6) Commander 4th FW, Seymour Johnson Air Force Base.
(7) Commander 43rd Airlift Wing, Pope Air Force Base.
(8) Commander of the U.S. Coast Guard Support Center, Elizabeth City.
(9) Adjutant General of the North Carolina National Guard.
(10) The Executive Director of the North Carolina League of Municipalities.
(11) The Executive Director of the North Carolina Association of County Commissioners.
(12) The Assistant Secretary for Veterans Affairs, Department of Administration.
(13) The President of The University of North Carolina.
(14) The President of the North Carolina Community College System.

(d) The Governor shall designate one member of the Executive Committee appointed pursuant to subsection (b) of this section to serve as chair. The Executive Committee shall elect four persons from amongst its membership to serve as vice-chairs.

(e) The terms of the members of the Executive Committee shall be as follows:
(1) The members initially appointed by the Speaker of the House of Representatives and the President Pro Tempore of the Senate shall serve terms ending on December 31, 2003.
(2) Seven of the members appointed by the Governor shall serve initial terms ending on December 31, 2002.
(3) Eight of the members appointed by the Governor shall serve initial terms ending on December 31, 2003.

Thereafter, all members shall serve two-year terms."

CLARIFICATION/GENERAL FUND APPROPRIATIONS CARRIED FORWARD BY UNC SHALL NOT BE USED FOR CAPITAL IMPROVEMENTS

SECTION 9.6B. G.S. 116-30.3 is amended by adding a new subsection to read:

"(f) No funds carried forward pursuant to this section shall be used for a capital improvement as defined in G.S. 143C-1-1."

ALLOW CHANCELLORS OF CONSTITUENT INSTITUTIONS TO APPROVE CERTAIN REPAIR AND MAINTENANCE PROJECTS AND FUND THOSE WITH AVAILABLE OPERATING FUNDS

SECTION 9.6C. G.S. 116-13.1 reads as rewritten:

"**§ 116-13.1. Capital facilities; ~~reports.~~reports; chancellors may authorize certain repair, renovation, and maintenance projects.**

(a) The General Assembly finds that although The University of North Carolina is one of the State's most valuable assets, the current facilities of the University have been allowed to deteriorate due to decades of neglect and have unfortunately fallen into a state of disrepair because of inadequate attention to maintenance. It is the intent of the General Assembly to reverse this trend and to provide a mechanism to assure that the University's capital assets are adequately maintained. The General Assembly commits to responsible stewardship of these assets to protect their value over the years, as follows:

(1) The Board of Governors of The University of North Carolina shall require each constituent and affiliated institution to monitor the condition of its facilities and their needs or repair and renovation, and to assure that all necessary maintenance is carried out within funds available.

(2) The Board of Governors shall report annually to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Education Oversight Committee on the condition of the University's capital facilities, the repair, renovation, and maintenance projects being undertaken, and all needs for additional funding to maintain the facilities.

(3) It is the intent of the General Assembly to assure that adequate oversight, funding, and accountability are continually provided so that the capital facilities of the University are properly maintained to preserve the level of excellence the citizens of this State deserve. To this end, the Joint Legislative Education Oversight Committee shall report to the General Assembly annually its recommendations for legislative changes to implement this policy.

(b) Equity in University Improvements. – The Board of Governors of The University of North Carolina shall continue to study and monitor any inequities in funding for capital improvements and facilities needs which may still exist on North Carolina's Public Historically Black Colleges and Universities and North Carolina's Historically American Indian University, the University of North Carolina at Pembroke, beyond the funding of the projects provided for in this act, and shall report annually to the Joint Legislative Commission on Governmental Operations on any remaining inequities found, including recommendations as to how those inequities should be addressed.

(c) Approval of Certain Repair and Maintenance Projects. – Notwithstanding G.S. 143C-8-7, the chancellor of a constituent institution may approve the expenditure of available operating funds in an amount not to exceed one million dollars ($1,000,000) per project for repairs to institution facilities, renovations to institution facilities, maintenance of those facilities, and related equipment purchases. Funds contractually obligated to an approved project shall not revert at the end of the fiscal year and will remain available to fund the completion of the project. Projects approved pursuant to this subsection shall in all other respects accord with applicable laws governing capital improvement projects."

AUTHORIZE BOARD OF GOVERNORS TO PERMIT NORTH CAROLINA STATE UNIVERSITY TO SELF-PERFORM ENERGY CONSERVATION MEASURES AND TO AUTHORIZE ENERGY SAVINGS REALIZED BY NORTH CAROLINA STATE UNIVERSITY TO BE USED AS A SOURCE OF REPAYMENT FOR CERTAIN DEBTS

SECTION 9.6D.(a) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17L. Board of Governors may authorize energy conservation measures at constituent institutions.**

(a) Authority. – Notwithstanding the provisions of this Part to the contrary, the Board of Governors of The University of North Carolina may authorize any constituent institution listed in subsection (e) of this section to implement an energy conservation measure without entering into a guaranteed energy savings contract if both of the following conditions are met:

(1) The Board of Governors finds that the energy savings resulting from the implementation of the energy conservation measure shall, according to the energy savings analysis received pursuant to G.S. 143-64.17M(a), equal or exceed the total cost of implementing the measure. If the proposed implementation will be financed with debt, then the energy savings analysis must project sufficient energy savings to pay the debt service on any bonds to be issued. As used in this subdivision, the term 'total cost' shall have the same meaning as it does in G.S. 143-64.17B(d).

(2) The energy conservation measure is for an existing building or utility system.

(b) Scope of Authority. – In implementing an energy conservation measure pursuant to subsection (a) of this section, the Board of Governors may undertake or authorize any constituent institution listed in subsection (e) of this section to undertake any action that (i) could be required of a qualified provider under a guaranteed energy savings contract or (ii) is otherwise permissible under this Part.

(c) Projects Consisting of Multiple Energy Conservation Measures. – The Board of Governors may authorize the implementation of multiple energy conservation measures simultaneously as part of a single project. When doing so, the findings required by subsection (a) of this section may be made with respect to the project as a whole and need not be made with respect to individual energy conservation measures. Similarly, the analyses required by G.S. 143-64.17M may be conducted for the project as a whole instead of for individual energy conservation measures.

(d) Continuing Applicability of Part to Contracts. – If the Board of Governors or a constituent institution implements an energy conservation measure through a guaranteed energy savings contract, that contract shall accord in all respects with the requirements of this Part.

(e) The Board of Governors may authorize North Carolina State University to implement an energy conservation measure without entering into a guaranteed energy savings contract pursuant to this section."

SECTION 9.6D.(b) Article 3B of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.17M. Energy savings analysis required prior to implementation; post-implementation analyses required.**

(a) Energy Savings Analysis Required Prior to Implementation. – Prior to implementing an energy conservation measure pursuant to G.S. 143-64.17L, an energy savings analysis shall be performed to validate the economic assumptions that purportedly support the implementation of the measure. This analysis shall be performed by a third party selected by the constituent institution and shall include an energy consumption analysis to develop a baseline of previous costs of all utilities' energy consumption for the institution on the assumption that the energy conservation measure was not undertaken. The completed analysis shall be submitted to The University of North Carolina General Administration and to the State Energy Office.

(b) Post-Implementation Analyses Required. – A constituent institution that implements an energy conservation measure pursuant to G.S. 143-64.17L shall retain a third party to perform an annual measurement and verification of energy savings resulting from the energy conservation measure as compared to the baseline of previous costs set forth in the energy savings analysis required by subsection (a) of this section. The third party shall annually provide a reconciliation statement based upon the results of a preagreed upon measurement, monitoring, and verification protocol which shall disclose any shortfall or surplus between the estimated energy usage and operational savings set forth in the energy savings analysis required by subsection (a) of this section and actual, not stipulated, energy usage and operational savings incurred during a given year.

If a reconciliation statement reveals a shortfall in energy savings for a particular year, the constituent institution shall be responsible for and shall pay the shortfall. However, the institution shall not be held responsible for losses due to natural disasters or other emergencies. Any surplus shall be retained by the institution and may be used in the same manner as any other energy savings."

SECTION 9.6D.(c) G.S. 116-30.3B(b) reads as rewritten:

"(b) It is the intent of the General Assembly that appropriations to the Board of Governors on behalf of a constituent institution not be reduced as a result of the institution's realization of energy savings. Instead, the General Assembly intends that the amount of appropriations be determined as if no energy savings had been realized. The Director of the Budget shall not decrease the recommended continuation budget requirements for utilities for constituent institutions by the amount of energy savings realized from implementing energy conservation measures, including savings achieved through a guaranteed energy savings contract."

SECTION 9.6D.(d) G.S. 143-64.17F(b) reads as rewritten:

"(b) The Department of Administration, in consultation with the Department of Commerce through the State Energy Office, shall adopt rules for: (i) agency evaluation of guaranteed energy savings contracts; (ii) establishing time periods for consideration of guaranteed energy savings contracts by the Office of State Budget and Management, the Office of the State Treasurer, and the Council of State, and (iii) setting measurements and verification criteria, including review, audit, and precertification. Prior to adopting any rules pursuant to this section, the Department shall consult with and obtain approval of those rules from the State Treasurer. The rules adopted pursuant to this subsection shall not apply to energy conservation measures implemented pursuant to G.S. 143-64.17L."

SECTION 9.6D.(e) G.S. 143-64.17H reads as rewritten:

"**§ 143-64.17H. Report on guaranteed energy savings contracts entered into by State governmental units.**

A State governmental unit that enters into a guaranteed energy savings contract or implements an energy conservation measure pursuant to G.S. 143-64.17L must report either (i) the contract and the terms of the ~~contract~~ contract or (ii) the implementation of the measure to the State Energy Office of the Department of Commerce within 30 days of the date the contract is entered ~~into.~~ into or the measure is implemented. In addition, within 60 days after each annual anniversary date of a guaranteed energy savings contract, the State governmental unit must report the status of the contract to the State Energy Office, including any details required by the State Energy Office. The State Energy Office shall compile the information for each fiscal year and report it to the Joint Legislative Commission on Governmental Operations and to the Local Government Commission annually by December 1. In compiling the information, the State Energy Office shall include information on the energy savings expected to be realized from a contract or implementation and shall evaluate whether expected savings have in fact been realized."

SECTION 9.6D.(f) G.S. 142-63 reads as rewritten:

"**§ 142-63. Authorization of financing contract.**

Subject to the terms and conditions set forth in this Article, (i) a State governmental unit that is implementing an energy conservation measure pursuant to G.S. 143-64.17L and financing it pursuant to this Article, (ii) a State governmental unit that has solicited a guaranteed energy conservation measure pursuant to G.S. 143-64.17A or ~~G.S. 143-64.17B or~~ G.S. 143-64.17B, or (iii) the State Treasurer, as designated by the Council of State, is authorized to execute and deliver, for and on behalf of the State of North Carolina, a financing contract to finance the costs of the energy conservation measure. The aggregate outstanding amount payable by the State under financing contracts entered pursuant to this Article shall not exceed five hundred million dollars ($500,000,000) at any one time."

SECTION 9.6D.(g) G.S. 142-64(a) reads as rewritten:

"**§ 142-64. Procedure for incurrence or issuance of financing contract.**

(a) When a State governmental unit (i) is implementing an energy conservation measure pursuant to G.S. 143-64.17L and financing it pursuant to this Article or (ii) has solicited a guaranteed energy conservation measure, the State governmental unit shall request that the State Treasurer approve the State governmental unit's entering into a financing contract to finance the cost of the energy conservation measure. In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer

requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures."

SECTION 9.6D.(h) G.S. 116D-22(3) reads as rewritten:

"(3) Obligated resources. – Any sources of income or receipts of the Board of Governors or the institution at which a special obligation bond project is or will be located that are designated by the Board as the security and source of payment for bonds issued under this Article to finance a special obligation bond project, including, without limitation, any of the following:

a. Rents, charges, or fees to be derived by the Board of Governors or the institution from any activities conducted at the institution.

b. Earnings on the investment of the endowment fund of the institution at which a special obligation project will be located, to the extent that the use of the earnings will not violate any lawful condition placed by the donor upon the part of the endowment fund that generates the investment earnings.

c. Funds to be received under a contract or a grant agreement, including "overhead costs reimbursement" under a grant agreement, entered into by the Board of Governors or the institution to the extent the use of the funds is not restricted by the terms of the contract or grant agreement or the use of the funds as provided in this Article does not violate the restriction.

d. Funds appropriated from the General Fund to the Board of Governors on behalf of a constituent institution for utilities of the institution that constitute energy savings as that term is defined in G.S. 143-64.17.

~~Obligated~~ Except as provided in sub-subdivision d. of this subdivision, obligated resources do not include funds appropriated to the Board of Governors or the institution from the General Fund by the General Assembly from funds derived from general tax and other revenues of the State, and obligated resources do not include tuition payment by students."

AMEND REGULATION OF UNC INSTITUTIONAL TRUST FUNDS AND FUNDS OF UNC HEALTH CARE SYSTEM

SECTION 9.6E.(a) G.S. 116-36.1 reads as rewritten:

"**§ 116-36.1. Regulation of institutional trust funds.**

(a) The Board is responsible for the custody and management of the trust funds of the University of North Carolina and of each institution. The Board shall adopt uniform policies and procedures applicable to the deposit, investment, and administration of these funds which shall assure that the receipt and expenditure of such funds is properly authorized and that the funds are appropriately accounted for. The Board may delegate authority, through the president, to the respective chancellors of the institutions when such delegation is necessary or prudent to enable the institution to function in a proper and expeditious manner.

(b) Trust funds ~~shall be deposited with the State Treasurer who shall hold them in trust in separate accounts in the name of the University of North Carolina and of each institution. The cash balances of these accounts may be pooled for investment purposes, but investment earnings shall be credited pro rata to each participating account. For purposes of distribution of investment earnings, all trust funds of an institution shall be deemed a single account.~~

~~(c) Moneys deposited with the State Treasurer in trust fund accounts pursuant to this section,~~ and investment earnings thereon, are available for expenditure by each institution without further authorization from the General Assembly.

(d) Trust funds are subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes but are not subject to the provisions of the State Budget Act except for capital improvements projects which shall be authorized and executed in accordance with G.S. 143C-8-8 and G.S. 143C-8-9.

(e) Each institution shall submit such reports or other information concerning its trust fund accounts as may be required by the ~~Director of the Budget.~~Board.

(f) Trust funds or the investment income therefrom shall not take the place of State appropriations or any part thereof, but any portion of these funds available for general institutional purposes is appropriated and shall be used to supplement State appropriations to the end that the institution may improve and increase its functions, may enlarge its areas of service, and may become more useful to a greater number of people.

(g) As used in this section, "trust funds" means:

(1) Moneys, or the proceeds of other forms of property, received by an institution as gifts, devises, or bequests that are neither presumed nor designated to be gifts, devises, or bequests to the endowment fund of the institution;

(2) Moneys received by an institution pursuant to grants from, or contracts with, the United States government or any agency or instrumentality thereof;

(3) Moneys received by an institution pursuant to grants from, or contracts with, any State agencies, any political subdivisions of the State, any other states or nations or political subdivisions thereof, or any private entities whereby the institution undertakes, subject to terms and conditions specified by the entity providing the moneys, to conduct research, training or public service programs, or to provide financial aid to students;

(4) Moneys collected by an institution to support extracurricular activities of students of the institution;

(5) Moneys received from or for the operation by an institution of activities established for the benefit of scholarship funds or student activity programs;

(6) Moneys received from or for the operation by an institution of any of its self-supporting auxiliary enterprises, including institutional student auxiliary enterprise funds for the operation of housing, food, health, and laundry services;

(7) Moneys received by an institution in respect to fees and other payments for services rendered by medical, dental or other health care professionals under an organized practice plan approved by the institution or under a contractual agreement between the institution and a hospital or other health care provider;

(8) The net proceeds from the disposition effected pursuant to Chapter 146, Article 7, of any interest in real property owned by or under the supervision and control of an institution if the interest in real property had first been acquired by gift, devise, or bequest or through expenditure of moneys defined in this subsection ~~(g)~~ as "trust funds," except the net proceeds from the disposition of an interest in real property first acquired by the institution through expenditure of moneys received as a grant from a State agency;

(9) Moneys received from the operation and maintenance of institutional forests and forest farmlands, provided, that such moneys shall be used, when used, by the institution for support of forest-related research, teaching, and public service programs;

(10) Moneys received from an activity authorized by G.S. 66-58(b)(8)m., n., and o.;

(11) Moneys deposited to the State Education Assistance Authority Fund pursuant to G.S. 116-209.3.

(h) ~~Notwithstanding the provisions of subsection (b) of this section, the Board may designate as the official depository of the funds identified in subsection (g)(7) of this section one or more banks or trust companies in this State. The amount of funds on deposit in an official depository shall be fully secured by deposit insurance, surety bonds, or investment securities of such nature, in such amounts, and in such manner as is prescribed by the State Treasurer for the security of public deposits generally. The available cash balance of funds deposited pursuant to this subsection shall be invested in interest-bearing deposits and investments so that the rate of return equals that realized from the investment of State funds generally.~~ The Board may authorize, through the President, that the chancellors may deposit or invest each institution's available trust fund cash balances in interest-bearing accounts and other investments as may be authorized by the Board in the exercise of its sound discretion, without regard to any statute or rule of law relating to the investment of funds by fiduciaries.

(i) The cash balances on hand as of June 30, 1978, and all future receipts accruing thereafter, of funds identified in this section are hereby appropriated to the use of the University of North Carolina and its constituent institutions."

SECTION 9.6E.(b) G.S. 116-37(e) reads as rewritten:

"(e) Finances. – The University of North Carolina Health Care System shall be subject to the provisions of the State Budget Act, except for trust funds as provided in G.S. 116-36.1 and G.S. 116-37.2. The Chief Executive Officer, subject to the board of directors, shall be responsible for all aspects of budget preparation, budget execution, and expenditure reporting. All operating funds of the University of North Carolina Health Care System may be budgeted and disbursed through special fund codes, maintaining separate auditable accounts for the University of North Carolina Hospitals at Chapel Hill and the clinical patient care programs of the School of Medicine of the University of North Carolina at Chapel Hill. All receipts of the University of North Carolina Health Care System may be deposited directly to the special fund codes, and except for General Fund appropriations, all receipts of the University of North Carolina Hospitals at Chapel Hill may be invested pursuant to ~~G.S. 147-69.2(b3).~~ G.S. 116-37.2(h).General Fund appropriations for support of the University of North Carolina Hospitals at Chapel Hill shall be budgeted in a General Fund code under a single purpose, "Contribution to University of North Carolina Hospitals at Chapel Hill Operations" and be transferable to a special fund operating code as receipts."

SECTION 9.6E.(c) G.S. 116-37.2 reads as rewritten:

"**§ 116-37.2. Regulation of University of North Carolina Hospitals at Chapel Hill Funds.**

(a) As used in this section, "funds" means:

(1) Moneys, or the proceeds of other forms of property, received by the University of North Carolina Hospitals at Chapel Hill as gifts, devises, or bequests.

(2) Moneys received by the University of North Carolina Hospitals at Chapel Hill pursuant to grants from, or contracts with, the United States government or any agency or instrumentality thereof.

(3) Moneys received by the University of North Carolina Hospitals at Chapel Hill pursuant to grants from, or contracts with, any State agencies, any political subdivisions of the State, any other states or nations or political subdivisions thereof, or any private entities whereby the University of North Carolina Hospitals at Chapel Hill undertakes, subject to terms and conditions specified by the entity providing the moneys, to conduct research, training, or public service programs.

(4) Moneys received from or for the operation by the University of North Carolina Hospitals at Chapel Hill of any of its self-supporting auxiliary enterprises, including the Liability Insurance Trust Fund.

(5) Moneys received by the University of North Carolina Hospitals at Chapel Hill in respect to fees and other payments for services it renders in its hospital and/or clinical operations.

(5a) Moneys received by the University of North Carolina Hospitals at Chapel Hill in respect to borrowings for capital equipment or construction projects to further services it renders in either or both of its hospital or clinical operations.

(6) The net proceeds from the disposition effected pursuant to Article 7 of Chapter 146 of the General Statutes of any interest in real property owned by or under the supervision and control of the University of North Carolina Hospitals at Chapel Hill if the interest in real property had first been acquired by gift, devise, or bequest or through expenditure of moneys defined in this subsection, except the net proceeds from the disposition of an interest in real property first acquired by the University of North Hospitals at Chapel Hill through expenditure of moneys received as a grant from a State agency.

(b) The Board of Directors of the University of North Carolina Health Care System, as established in G.S. 116-37(b), is responsible for the custody and management of the funds of the University of North Carolina Hospitals at Chapel Hill. The Board shall adopt uniform policies and procedures applicable to the deposit, investment, and administration of these funds, which shall assure that the receipt and expenditure of such funds is properly authorized

and that the funds are appropriately accounted for. The Board may delegate authority, through the Chief Executive Officer of the University of North Carolina Health Care System to the President of the University of North Carolina Hospitals at Chapel Hill, when such delegation is necessary or prudent to enable the University of North Carolina Hospitals at Chapel Hill to function in a proper and expeditious manner.

(c) Funds under this section ~~shall be deposited with the State Treasurer who shall hold them in trust in the name of the University of North Carolina Hospitals at Chapel Hill.~~

~~(d)~~ ~~Funds deposited with the State Treasurer in an account pursuant to this section,~~ and investment earnings ~~thereon,~~ thereon are available for expenditure by the University of North Carolina Hospitals at Chapel Hill without further authorization from the General Assembly.

(e) Funds under this section are subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes but are not subject to the provisions of the ~~Executive~~ State Budget Act except for capital improvements projects, which shall be authorized and executed in accordance with ~~G.S. 143-18.1.~~G.S. 143C-8-8 and G.S. 143C-8-9.

(f) The University of North Carolina Hospitals at Chapel Hill shall submit such reports or other information concerning its fund accounts under this section as may be required by the ~~Director of the Budget.~~Board of Directors of the University of North Carolina Health Care System.

(g) Funds under this section, or the investment income therefrom, shall not take the place of State appropriations or any part thereof, but any portion of these funds available for general institutional purposes shall be used to supplement State appropriations to the end that the University of North Carolina Hospitals at Chapel Hill may improve and increase their functions, may enlarge their areas of service, and may become more useful to a greater number of people.

(h) ~~Notwithstanding the provisions of subsection (c) of this section, the Board may designate as the official depository of the funds identified in subdivisions (a)(4), (a)(5), and (a)(6) of this section one or more banks or trust companies in this State for any investments authorized by G.S. 147-69.2(b3).~~The Board of Directors of the University of North Carolina Health Care System may deposit or invest the funds under this section in interest-bearing accounts and other investments in the exercise of its sound discretion, without regard to any statute or rule of law relating to the investment of funds by fiduciaries."

UNC/INSTITUTIONAL EXPENDITURE BENCHMARKS

SECTION 9.6F.(a) G.S. 116-31.10 reads as rewritten:

"§ 116-31.10. Powers of Board regarding certain purchasing contracts.

(a) Notwithstanding G.S. 143-53.1 or G.S. 143-53(a)(2), the expenditure benchmark for a special responsibility constituent institution with regard to competitive bid procedures and the bid value benchmark shall be an amount not greater than five hundred thousand dollars ($500,000). The Board shall set the benchmark for each institution from time to time. In setting an institution's benchmark in accordance with this section, the Board shall consider the institution's overall capabilities including staff resources, purchasing compliance reviews, and audit reports. The Board shall also consult with the Director of the Division of Purchase and Contract and the Director of the Budget prior to setting the benchmark.

(b) Each institution with an expenditure benchmark greater than two hundred fifty thousand dollars ($250,000) shall comply with this subsection for any purchase greater than ~~two hundred fifty thousand dollars ($250,000)~~the institution's benchmark set by the Board but not greater than five hundred thousand dollars ($500,000). This institution shall submit to the Division of Purchase and Contract for that Division's approval or other action deemed necessary by the Division a copy of all offers received and the institution's recommendation of award or other action. Notice of the Division's decision shall be sent to that institution. The institution shall then proceed with the award of contract or other action recommended by the Division."

SECTION 9.6F.(b) This section becomes effective October 1, 2011.

UNC ASSUME RESPONSIBILITY FOR QUALITY ACCEPTANCE INSPECTION PROCESS

SECTION 9.6G.(a) G.S. 143-60 reads as rewritten:

"§ 143-60. Rules covering certain purposes.

The Secretary of Administration may adopt, modify, or abrogate rules covering the following purposes, in addition to those authorized elsewhere in this Article:

(1) Requiring reports by State departments, institutions, or agencies of stocks of supplies and materials and equipment on hand and prescribing the form of such reports.

(2) Prescribing the manner in which supplies, materials and equipment shall be delivered, stored and distributed.

(3) Prescribing the manner of inspecting deliveries of supplies, materials and equipment and making chemicals and/or physical tests of samples submitted with bids and samples of deliveries to determine whether deliveries have been made in compliance with specifications. However, the provisions of this subdivision shall not apply to the constituent institutions of The University of North Carolina. The President of The University of North Carolina shall issue regulations or guidelines for the conducting of quality inspections by constituent institutions to ensure that deliveries have been made in compliance with specifications.

(4) Prescribing the manner in which purchases shall be made in emergencies.

(5) Providing for such other matters as may be necessary to give effect to foregoing rules and provisions of this Article.

(6) Prescribing the manner in which passenger vehicles shall be purchased.

Further, the Secretary of Administration may prescribe appropriate procedures necessary to enable the State, its institutions and agencies, to obtain materials surplus or otherwise available from federal, State or local governments or their disposal agencies."

SECTION 9.6G.(b) This section becomes effective October 1, 2011.

NCSU MAY SELL TIMBER

SECTION 9.6H. Part 1 of Article 3A of Chapter 143 of the General Statutes is amended by adding a new section to read:

"**§ 143-64.06. North Carolina State University may sell timber.**

Notwithstanding any provision of this Part or Chapter 146 of the General Statutes, the Board of Trustees of North Carolina State University may cause to be severed and sold or transferred timber from any unimproved timberlands owned by or allocated to the University without involvement by the State Surplus Property Agency and without being required to pay any service charge or surcharge to the State Surplus Property Agency. Any such severance shall be reported to the Council of State through the State Property Office. The Board of Trustees may delegate the authority set out above to responsible University officials. The proceeds of any sales or transfers under this section shall be used to support the management of, and programming costs associated with, forest properties owned, allocated, or managed by North Carolina State University."

USE OF ESCHEAT FUND FOR NEED-BASED FINANCIAL AID PROGRAMS

SECTION 9.8.(a) There is appropriated from the Escheat Fund income to the Board of Governors of The University of North Carolina the sum of thirty-two million one hundred twenty-two thousand two hundred forty-two dollars ($32,122,242) for the 2011-2012 fiscal year and the sum of thirty-two million one hundred twenty-two thousand two hundred forty-two dollars ($32,122,242) for the 2012-2013 fiscal year to be used for The University of North Carolina Need-Based Financial Aid Program.

SECTION 9.8.(b) In addition to the appropriation in subsection (a) of this section, there is appropriated from the Escheat Fund income to the Board of Governors of The University of North Carolina the sum of ninety-five million two hundred thirty-one thousand nine hundred twelve dollars ($95,231,912) for the 2011-2012 fiscal year to be used for The University of North Carolina Need-Based Financial Aid Program.

SECTION 9.8.(c) There is appropriated from the Escheat Fund income to the State Board of Community Colleges the sum of sixteen million five hundred thousand dollars ($16,500,000) for the 2011-2012 fiscal year and the sum of sixteen million five hundred thousand dollars ($16,500,000) for the 2012-2013 fiscal year to be used for community college grants.

SECTION 9.8.(d) There is appropriated from the Escheat Fund income to the Department of Administration, Division of Veterans Affairs, the sum of six million five

hundred twenty thousand nine hundred sixty-four dollars ($6,520,964) for the 2011-2012 fiscal year and the sum of six million five hundred twenty thousand nine hundred sixty-four dollars ($6,520,964) for the 2012-2013 fiscal year to be used for need-based student financial aid.

SECTION 9.8.(e) The funds appropriated by this section shall be allocated by the State Educational Assistance Authority (SEAA) for need-based student financial aid in accordance with G.S. 116B-7. If the interest income generated from the Escheat Fund is less than the amounts referenced in this section, the difference may be taken from the Escheat Fund principal to reach the appropriations referenced in this section; however, under no circumstances shall the Escheat Fund principal be reduced below the sum required in G.S. 116B-6(f). If any funds appropriated under this section remain uncommitted for need-based financial aid as of the end of a fiscal year, the funds shall be returned to the Escheat Fund, but only to the extent the funds exceed the amount of the Escheat Fund income for that fiscal year.

SECTION 9.8.(f) The State Education Assistance Authority shall perform all of the administrative functions necessary to implement this program of financial aid. The SEAA shall conduct periodic evaluations of expenditures of the scholarship programs to determine if allocations are utilized to ensure access to institutions of higher learning and to meet the goals of the respective programs. SEAA may make recommendations for redistribution of funds to The University of North Carolina, Department of Administration, and the President of the Community College System regarding their respective scholarship programs, who then may authorize redistribution of unutilized funds for a particular fiscal year.

SECTION 9.8.(g) The Office of State Budget and Management shall transfer the cash balance of the community college grant program remaining in Budget Code 66801, Fund 6102, to the Escheat Fund.

UNC NEED-BASED FINANCIAL AID PROGRAM FUNDING SCHEDULE

SECTION 9.9.(a) Of the funds appropriated by this act for the 2011-2012 fiscal year for The University of North Carolina Need-Based Financial Aid Program, the sum of fifty-nine million eight hundred fifty-nine thousand five hundred sixty-two dollars ($59,859,562) shall not be used for expenditures in the 2011-2012 fiscal year but shall be carried forward and held in reserve by the State Education Assistance Authority. The funds carried forward and held in reserve pursuant to this subsection may be disbursed by the State Education Assistance Authority after July 1, 2012, for need-based student financial aid in the 2012-2013 academic year in accordance with G.S. 116B-7.

SECTION 9.9.(b) Of the funds appropriated by this act for the 2012-2013 fiscal year for The University of North Carolina Need-Based Financial Aid Program, the sum of fifty-nine million eight hundred fifty-nine thousand five hundred sixty-two dollars ($59,859,562) shall not be used for expenditures in the 2012-2013 fiscal year but shall be carried forward and held in reserve by the State Education Assistance Authority. The funds carried forward and held in reserve pursuant to this subsection may be disbursed by the State Education Assistance Authority after July 1, 2013, for need-based student financial aid in the 2013-2014 academic year in accordance with G.S. 116B-7.

CONSOLIDATE ASSETS OF MILLENNIUM TEACHING SCHOLARSHIP LOAN PROGRAM AND PROSPECTIVE TEACHERS SCHOLARSHIP LOAN FUND/ GIVE PRIORITY FOR SCHOLARSHIP LOANS FOR PROSPECTIVE TEACHERS TO CERTAIN FORMER TEACHER ASSISTANTS

SECTION 9.10.(a) Effective January 1, 2012, the Millennium Teaching Scholarship Loan Program is abolished.

SECTION 9.10.(b) All financial obligations to any student awarded a scholarship loan from the Millennium Teaching Scholarship Loan Program before January 1, 2012, shall be fulfilled with funds from the Scholarship Loan Fund for Prospective Teachers established under G.S. 116-209.33, provided the student remains eligible under the provisions of the Millennium Teaching Scholarship Loan Program. All contractual agreements between a student awarded a scholarship loan from the Millennium Teaching Scholarship Loan Program before January 1, 2012, and the State Education Assistance Authority regarding the loan remain enforceable.

SECTION 9.10.(c) The assets and liabilities for the Millennium Teaching Scholarship Loan Program shall be transferred as follows:

(1) Five hundred thousand dollars ($500,000) shall be transferred to the Escheat Fund on July 1, 2011.

(2) The remaining balance of the assets and liabilities shall be transferred to the Scholarship Loan Fund for Prospective Teachers established under G.S. 116-209.33 on January 1, 2012.

SECTION 9.10.(d) Notwithstanding the provisions of G.S. 116-209.33 or any other provision of law, when awarding scholarship loans under G.S. 116-209.33, the State Education Assistance Authority shall give priority to any applicant who qualifies for a scholarship loan under G.S. 116-209.33 if the applicant was formerly employed as a teacher assistant at a public school in North Carolina but lost his or her teacher assistant position in the State public school system as a result of a reduction in force.

LIMIT CERTAIN FINANCIAL AID GRANTS TO THE TRADITIONAL TIME PERIOD REQUIRED TO EARN A BACCALAUREATE DEGREE

SECTION 9.11.(a) Article 1 of Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-25.1. Limit receipt of The University of North Carolina need-based financial aid grants to traditional time period required to earn baccalaureate degree.**

(a) Except as otherwise provided by this section, a student shall not receive a grant from The University of North Carolina Need-Based Financial Aid Program for more than nine full-time academic semesters, or its equivalent if enrolled part-time, unless the student is enrolled in a program officially designated by the Board of Governors as a five-year degree program. If a student is enrolled in such a five-year degree program, then the student shall not receive a need-based grant from The University of North Carolina Need-Based Financial Aid Program for more than 11 full-time academic semesters or its equivalent if enrolled part-time.

(b) Upon application by a student, the student may receive a grant for one additional part-time or full-time academic semester as appropriate, if the student demonstrates that any of the following have substantially disrupted or interrupted the student's pursuit of a degree: (i) a military service obligation, (ii) serious medical debilitation, (iii) a short-term or long-term disability, or (iv) other extraordinary hardship, including inability to enroll in the appropriate courses due to reduced course offerings. The Board of Governors shall establish the appropriate procedures to implement the additional semester extension provided by this subsection."

SECTION 9.11.(b) The Fiscal Research Division, in cooperation with The University of North Carolina, the North Carolina Community College System, the North Carolina Independent Colleges and Universities, Inc., and the State Education Assistance Authority shall study how to track and document the receipt of The University of North Carolina need-based grants, North Carolina Community College need-based grants, and the private institutions of higher education need-based scholarships by students who enroll in both public and private institutions of higher education while pursuing a baccalaureate or associate degree so that no student receives a combination of these grants or scholarships that exceeds a cumulative total of nine full-time academic semesters or 11 full-time academic semesters as appropriate. In addition, the study shall (i) consider the need to grant a waiver to the limit imposed on receipt of need-based grants or scholarships for those students who encounter legitimate disruptions or interruptions of the academic pursuit of a degree and (ii) determine the appropriate criteria and procedure for extending the eligibility to receive those types of financial aid for an additional period of time. The study shall also examine any potential impact on college completion rates.

The Fiscal Research Division shall report its findings and recommendations, including any legislative recommendations, by March 1, 2012, to the Joint Legislative Education Oversight Committee and to the Education Appropriation Subcommittees of the House of Representatives and the Senate.

SECTION 9.11.(c) Subsection (a) of this section is effective for the 2012-2013 academic year and each subsequent fiscal year.

ACADEMIC COMMON MARKET

SECTION 9.12.(a) Notwithstanding G.S. 116-43.10, the Board of Governors of The University of North Carolina shall not participate in the Academic Common Market for the purpose of accepting new students for the 2012-2013 academic year, and no new students shall

be allowed to enroll through the Academic Common Market program into The University of North Carolina graduate programs for the 2012-2013 academic year.

SECTION 9.12.(b) This section does not affect a student enrolled in The University of North Carolina System under the Academic Common Market program prior to the 2012-2013 academic year; that student may continue to pay in-State tuition as long as the student is enrolled in that graduate program.

ELIMINATE PRIVATE MEDICAL SCHOOL AID

SECTION 9.14. G.S. 116-21.6 is repealed.

TRANSFER NORTH CAROLINA ARBORETUM RESPONSIBILITIES TO WESTERN CAROLINA

SECTION 9.15.(a) G.S. 116-242 reads as rewritten:

"**§ 116-242. Administration of Arboretum; acceptance of gifts and grants.**

The Arboretum shall be administered by The University of North Carolina and through the Board of Directors established in G.S. 116-243. State funds for the administration of the Arboretum shall be appropriated to The University of North Carolina ~~for the University of North Carolina at Asheville. The~~ for Western Carolina University to administer on behalf of the arboretum. The North Carolina Arboretum and The University of North Carolina may receive gifts and grants to be used for development or operation of the Arboretum."

SECTION 9.15.(b) G.S. 116-243 reads as rewritten:

"**§ 116-243. Board of directors established; appointments.**

A board of directors to govern the operation of the Arboretum is established, to be appointed as follows:

(1) Two by the Governor, initially, one for a two-year term, and one for a four-year term. Successors shall be appointed for four-year terms.

(2) Two by the General Assembly, in accordance with G.S. 120-121, upon the recommendation of the President Pro Tempore of the Senate, initially, one for a two-year term, and one for a four-year term. Successors shall be appointed for four-year terms.

(3) Two by the General Assembly, in accordance with G.S. 120-121, upon the recommendation of the Speaker of the House of Representatives, initially, one for a two-year term, and one for a four-year term. Successors shall be appointed for four-year terms.

(4) The President of The University of North Carolina or the President's designee to serve ex officio.

(4a) Two by the President of The University of North Carolina. Members shall be appointed for four-year terms, except that the initial terms shall be as provided otherwise by law.

~~(5) The chancellors, chief executive officers, or their designees of the following institutions of higher education: North Carolina State University, Western Carolina University, The University of North Carolina at Asheville, Mars Hill College, and Warren Wilson College, to serve ex officio.~~

~~(6) The President of Western North Carolina Arboretum, Inc., to serve ex officio.~~

(7) ~~Six~~ Eight by the Board of Governors of The University of North Carolina, ~~initially, three for one-year terms, and three for three-year terms. Successors shall be appointed for four-year terms. One shall be an active grower of nursery stock, and one other shall represent the State's garden clubs.~~ Members shall be appointed for four-year terms, except that the initial terms shall be as otherwise provided by law.

(8) The executive director of the Arboretum ~~and the Executive Vice President of Western North Carolina Development Association~~ shall serve ex officio as ~~nonvoting members of the board of directors.~~ a nonvoting member of the Board of Directors.

(9) The President of The North Carolina Arboretum Society, Inc., to serve ex officio.

All appointed members may serve two full four-year terms following the initial appointment and then may not be reappointed until they have been absent for at least one year.

Members serve until their successors have been appointed. Appointees to fill vacancies serve for the remainder of the unexpired term. Vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122. Initial terms begin ~~July 1, 1986.~~July 1, 2011.

The ~~chairman of the board of directors~~ Chair of the Board of Directors shall be elected biennially by majority vote of the directors.

The ~~executive director~~ Executive Director of the Arboretum shall report to the ~~board of directors.~~President of The University of North Carolina or the President's designee and to the Board of Directors."

SECTION 9.15.(c) G.S. 116-244 reads as rewritten:

"**§ 116-244. Duties of board of directors.**

The ~~board of directors~~ Board of Directors of the Arboretum has the following duties and responsibilities:

(1) Development of the policies and procedures concerning the use of the land and facilities being developed as part of the Western North Carolina Arboretum, Inc.;
(2) Approval of plans for any buildings to be constructed on the facility;
(3) Maintenance and upkeep of buildings and all properties;
(4) Approval of permanent appointments to the staff of the Arboretum;
(5) Recommendations to the General Administration of candidates for ~~executive director~~ Executive Director of the Arboretum;
(6) Recommendations to the General Administration for necessary termination of the ~~executive director~~ Executive Director or other personnel of the Arboretum;
(7) Ensurance of appropriate liaison between the Arboretum and the U. S. Forest Service, the National Park Service,~~the Western North Carolina Arboretum, Inc.,~~The North Carolina Arboretum Society, Inc., Bent Creek Institute, Inc., Centers for Environmental and Climatic Interaction, Inc., NOAA Cooperative Institute for Climate and Satellites, and other scientific and economic development agencies and organizations of interest to and involved in the work at the Arboretum;
(8) Development of various policies and directives, including the duties of the ~~executive director,~~ Executive Director, to be prepared jointly by the members of the ~~board of directors and the executive director;~~Board of Directors and the Executive Director;
(9) Approval of annual expenditures and budget requests to be submitted to ~~the Board of Governors.~~The University of North Carolina General Administration.

The ~~board of directors~~ Board of Directors shall meet at least twice a year, and more frequently on the call of the ~~chairman~~ Chair or at the request of at least 10 members of the ~~board.~~ Board. Meetings shall be held at the Arboretum, ~~the University of North Carolina at Asheville, or Western Carolina University.~~any campus of a constituent institution of The University of North Carolina, or at other public locations in support of the Arboretum mission and purposes."

SECTION 9.15.(d) Effective July 1, 2011, the President of The University of North Carolina shall appoint one member pursuant to G.S. 116-243(4a) as enacted by subsection (b) of this section to serve an initial term of two years to end July 1, 2013, and one member to serve an initial term of four years to end July 1, 2015; successors shall be appointed to four-year terms as provided by G.S. 116-243. Effective July 1, 2011, the Board of Governors of The University of North Carolina shall appoint one of the new members to be added to Board of Directors pursuant to G.S. 116-243(7) as amended by subsection (b) of this section to serve an initial term of two years to end July 1, 2013, and the other new member to be added to serve an initial term of four years to end July 1, 2015; successors shall be appointed to four year terms as provided by G.S. 116-243.

SPECIAL RESPONSIBILITY CONSTITUENT INSTITUTION AUDITS

SECTION 9.16. Article 1 of Chapter 116 of the General Statutes is amended by adding a new section to read:

"**§ 116-30.8. Special responsibility constituent institutions: annual audit by State Auditor or certified public accountant.**

Each special responsibility constituent institution shall be audited annually. The Chancellor of the special responsibility constituent institution may use State funds to contract with the State Auditor or with a certified public accountant to perform the audit. The audit shall be provided to the Chancellor and Board of Trustees of the special responsibility institution, the Board of Governors of The University of North Carolina, and the State Auditor. The audit shall also be included in the State's Comprehensive Annual Financial Report (CAFR).

The Board of Governors of The University of North Carolina shall ensure that all special responsibility constituent institutions are audited in accordance with this section."

NEED-BASED SCHOLARSHIPS FOR STUDENTS ATTENDING PRIVATE INSTITUTIONS OF HIGHER EDUCATION

SECTION 9.18.(a) Chapter 116 of the General Statutes is amended by adding a new Article to read:

"Article 34.

"Need-Based Scholarships for Students Attending Private Institutions of Higher Education.

"**§ 116-80. Definitions.**

The following definitions apply to this Article:

(1) Academic year. – A period of time in which a student is expected to complete the equivalent of at least two semesters' or three quarters' academic work.

(2) Authority. – The State Education Assistance Authority created by Article 23 of Chapter 116 of the General Statutes.

(3) Eligible private postsecondary institution. – A school that is any of the following:

a. A nonprofit postsecondary educational institution with a main permanent campus located in this State that is not owned or operated by the State of North Carolina or by an agency or political subdivision of the State or by any combination thereof that satisfies all of the following:

1. Is accredited by the Southern Association of Colleges and Schools under the standards of the College Delegate Assembly of the Association or by the New England Association of Schools and Colleges through its Commission on Institutions of Higher Education.

2. Awards a postsecondary degree as defined in G.S. 116-15.

b. A postsecondary institution owned or operated by a hospital authority as defined in G.S. 131E-16(14) or school of nursing affiliated with a nonprofit postsecondary educational institution as defined in sub-subdivision a. of this subsection.

(4) Main permanent campus. – A campus owned by the eligible private postsecondary institution that provides permanent on-premises housing, food services, and classrooms with full-time faculty members and administration that engages in postsecondary degree activity as defined in G.S. 116-15.

(5) Matriculated status. – Being recognized as a student in a defined program of study leading to a degree, diploma, or certificate at an eligible private postsecondary institution.

(6) Scholarship. – A scholarship for education awarded under this Article.

(7) Title IV. – Title IV of the Higher Education Act of 1965, as amended, 20 U.S.C. § 1070, et seq.

"**§ 116-81. Eligibility requirements for scholarships.**

In order to be eligible to receive a scholarship under this Article, a student seeking a degree, diploma, or certificate at an eligible private postsecondary institution must meet all of the following requirements:

(1) Only needy North Carolina students are eligible to receive scholarships. For purposes of this subsection, "needy North Carolina students" are those eligible students whose expected family contribution under the federal methodology does not exceed five thousand dollars ($5,000).

(2) The student must meet all other eligibility requirements for the federal Pell Grant, with the exception of the expected family contribution.

(3) The student must qualify as a legal resident of North Carolina and as a resident for tuition purposes in accordance with definitions of residency that may from time to time be adopted by the Board of Governors and published in the residency manual of the Board of Governors.

(4) The student must meet enrollment standards by being admitted, enrolled, and classified as an undergraduate student in a matriculated status at an eligible private postsecondary institution.

(5) In order to continue to be eligible for a scholarship for the student's second and subsequent academic years, the student must meet achievement standards by maintaining satisfactory academic progress in a course of study in accordance with the standards and practices used for federal Title IV programs by the eligible private postsecondary institution in which the student is enrolled.

(6) A student shall not receive a scholarship under this Article for more than four full academic years.

"**§ 116-82. Scholarship amounts; amounts dependent on availability of funds.**

(a) Subject to the sum appropriated by the General Assembly for an academic year to be awarded as scholarships under this Article, a scholarship awarded under this Article to a student at an eligible private postsecondary institution shall be based upon the enrollment status and expected family contribution of the student and shall not exceed four thousand dollars ($4,000) per academic year, including any federal Pell Grant, to be used for the costs of attendance as defined for federal Title IV programs.

(b) Subject to the maximum amounts provided in this section, the Authority shall have the power to determine the actual scholarship amounts disbursed to students in any given year based on the sum appropriated for purposes of this Article by the General Assembly for that academic year and any unexpended funds that may be available pursuant to G.S. 116-83. If the sum appropriated is not sufficient to fully fund the scholarships to the maximum amount, all scholarships shall be reduced equally, to the extent practicable, so that every eligible applicant shall receive a proportionate scholarship amount.

(c) The minimum award of a scholarship under this Article shall be one hundred dollars ($100.00).

"**§ 116-83. Administration; unexpended scholarship funds do not revert.**

(a) The scholarships provided for in this Article shall be administered by the Authority under rules adopted by the Authority in accordance with the provisions of this Article.

(b) The Authority may use up to one and one-half percent (1.5%) of the funds appropriated for scholarships under this Article for administrative purposes.

(c) Scholarship funds unexpended shall remain available for future scholarships to be awarded under this Article."

SECTION 9.18.(b) G.S. 115C-499.1(3) reads as rewritten:

"**§ 115C-499.1. Definitions.**

The following definitions apply to this Article:

...

(3) Eligible postsecondary institution. – A school that is:

a. A constituent institution of The University of North Carolina as defined in G.S. 116-2(4); or

b. A community college as defined in ~~G.S. 115D-2(2);~~G.S. 115D-2(2).

~~c. A nonprofit postsecondary institution as defined in G.S. 116-22(1) or G.S. 116-43.5(a)(1); or~~

~~d. A postsecondary institution owned or operated by a hospital authority as defined in G.S. 131E-16(14) or school of nursing affiliated with a nonprofit postsecondary institution as defined in G.S. 116-22(1).~~

...."

SECTION 9.18.(c) G.S. 116-19, 116-20, 116-21, 116-21.1, 116-21.2, 116-21.3, 116-21.4, 116-22, and 116-43.5 are repealed.

SECTION 9.18.(d) The State Education Assistance Authority shall report no later than June 1, 2013, to the Joint Legislative Education Oversight Committee regarding the

implementation of this section. The report shall contain, for the 2012-2013 academic year, the amount of scholarship and grant money disbursed, the number of students eligible for the funds, the number of eligible students receiving the funds, and a breakdown of the eligible private postsecondary institutions that received the funds.

SECTION 9.18.(e) G.S. 90-332.1(a)(4a) reads as rewritten:

"(a) It is not the intent of this Article to regulate members of other regulated professions who do counseling in the normal course of the practice of their profession. Accordingly, this Article does not apply to:

...

(4a) Any person counseling within the scope of employment at: (i) a local community college as defined in G.S. 115D-2(2); (ii) a public higher education institution as defined in G.S. 116-2(4); or (iii) ~~a private higher education institution as defined in G.S. 116-22(1).~~ a nonprofit postsecondary educational institution as described in G.S. 116-80 that is not a seminary, Bible school, Bible college, or similar religious institution."

SECTION 9.18.(f) G.S. 105-278.4(a) reads as rewritten:

"(a) Buildings. – Buildings, the land they actually occupy, and additional land reasonably necessary for the convenient use of any such building shall be exempted from taxation if all of the following requirements are met:

(1) Owned by either of the following:

a. An educational institution; or

b. A nonprofit entity for the sole benefit of a constituent or affiliated institution of The University of North Carolina, ~~an institution as defined in G.S. 116-22,~~ a nonprofit postsecondary educational institution as described in G.S. 116-80 that is not a seminary, Bible school, Bible college, or similar religious institution, a North Carolina community college, or a combination of these;

...."

SECTION 9.18.(g) G.S. 116-11(10a) reads as rewritten:

"(10a) The Board of Governors, the State Board of Community Colleges, and the State Board of Education, in consultation with ~~private higher education institutions defined in G.S. 116-22(1),~~ nonprofit postsecondary educational institutions shall plan a system to provide an exchange of information among the public schools and institutions of higher education to be implemented no later than June 30, 1995. As used in this section, "institutions of higher education" shall ~~mean~~ mean (i) public higher education institutions defined in G.S. 116-143.1(a)(3), and ~~those private higher education institutions defined in G.S. 116-22(1)~~ (ii) those nonprofit postsecondary educational institutions as described in G.S. 116-80 that are not seminaries, Bible schools, Bible colleges, or similar religious institutions and that choose to participate in the information exchange. The information shall include:

a. The number of high school graduates who apply to, are admitted to, and enroll in institutions of higher education;

b. College performance of high school graduates for the year immediately following high school graduation including each student's: need for remedial coursework at the institution of higher education that the student attends; performance in standard freshmen courses; and continued enrollment in a subsequent year in the same or another institution of higher education in the State;

c. The progress of students from one institution of higher education to another; and

d. Consistent and uniform public school course information including course code, name, and description.

The Department of Public Instruction shall generate and the local school administrative units shall use standardized transcripts in an automated format for applicants to higher education institutions. The standardized transcript shall include grade point average, class rank, end-of-course test scores, and uniform course information including course code, name, units earned toward graduation, and credits earned for admission from an

institution of higher education. The grade point average and class rank shall be calculated by a standard method to be devised by the institutions of higher education.

The Board of Governors shall coordinate a joint progress report on the implementation of the system to provide an exchange of information among the public and independent colleges and universities, the community colleges, and the public schools. The report shall be made to the Joint Legislative Education Oversight Committee no later than February 15, 1993, and annually thereafter."

SECTION 9.18.(h) G.S. 143-49(6) reads as rewritten:

"(6) To make available to nonprofit corporations operating charitable hospitals, to local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Health and Human Services, to private nonprofit agencies licensed or approved by the Department of Health and Human Services as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, to private higher education institutions that are ~~defined as "institutions" in G.S. 116-22(1),~~ described as nonprofit postsecondary educational institutions in G.S. 116-80 that are not seminaries, Bible schools, Bible colleges, or similar religious institutions and to counties, cities, towns, local school administrative units, governmental entities and other subdivisions of the State and public agencies thereof in the expenditure of public funds, the services of the Department of Administration in the purchase of materials, supplies and equipment under such rules, regulations and procedures as the Secretary of Administration may adopt. In adopting rules and regulations any or all provisions of this Article may be made applicable to such purchases and contracts made through the Department of Administration, and in addition the rules and regulations shall contain a requirement that payment for all such purchases be made in accordance with the terms of the contract."

SECTION 9.18.(i) Subsections (a), (d), and (i) of this section become effective July 1, 2011. Article 34 of Chapter 116 of the General Statutes, as enacted by subsection (a) of this section, applies to the 2012-2013 academic year and each subsequent academic year, except that the rule-making authority for the State Education Assistance Authority under G.S. 116-83(a) becomes effective immediately on July 1, 2011. Subsections (b), (c), (e), (f), (g), and (h) of this section become effective July 1, 2012.

CONSTITUENT INSTITUTIONS MAY PURCHASE MOTOR VEHICLES INDEPENDENT OF MOTOR FLEET MANAGEMENT

SECTION 9.19. G.S. 143-341(8)i.3. reads as rewritten:

"**§ 143-341. Powers and duties of Department.**

The Department of Administration has the following powers and duties:

...

(8) General Services:

...

i. To establish and operate a central motor pool and such subsidiary related facilities as the Secretary may deem necessary, and to that end:

...

3. To require on a schedule determined by the Department all State agencies to transfer ownership, custody or control of any or all passenger motor vehicles within the ownership, custody or control of that agency to the Department, except those motor vehicles under the ownership, custody or control of the Highway ~~Patrol or~~ Patrol, the State Bureau of ~~Investigation~~ Investigation, or the constituent institutions of The University of North Carolina which are used primarily for law-enforcement purposes, and except those motor

vehicles under the ownership, custody or control of the Department of Crime Control and Public Safety for Butner Public Safety which are used primarily for law-enforcement, fire, or emergency purposes."

PART X. DEPARTMENT OF HEALTH AND HUMAN SERVICES

CHILD CARE SUBSIDY RATES

SECTION 10.1.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 10.1.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.1.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by Section 10.7(g) of this act.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 10.1.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.1.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.1.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by Section 10.7(g) of this act, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities

shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 10.1.(g) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 10.1.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

CHILD CARE ALLOCATION FORMULA

SECTION 10.2.(a) The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

(2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

SECTION 10.2.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including Smart Start funds, within a county.

SECTION 10.2.(c) Notwithstanding subsection (a) of this section, the Department of Health and Human Services shall allocate up to twenty million dollars ($20,000,000) in federal block grant funds and State funds appropriated for fiscal years 2011-2012 and 2012-2013 for child care services. These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including targeted market rate adjustments given in the past, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.3. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

CHILD CARE REVOLVING LOAN

SECTION 10.4. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make

loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

EXPIRATION OF EARLY EDUCATION CERTIFICATION REQUIREMENT

SECTION 10.4A. Section 2 of S.L. 2010-178 reads as rewritten:

"**SECTION 2.** This act is effective when it becomes ~~law.~~law and expires July 1, 2011."

EARLY CHILDHOOD EDUCATION AND DEVELOPMENT INITIATIVES ENHANCEMENTS

SECTION 10.5.(a) Effective July 1, 2011, the North Carolina Partnership for Children, Inc., is dissolved, and the Department of Health and Human Services, Division of Child Development, shall administer the local partnerships' funding. The Division of Child Development shall do the following:

(1) Develop a plan to allocate the North Carolina Partnership for Children, Inc., funds to local partnerships.
(2) Establish guidelines for the use of funds.
(3) Review and approve local partnerships' plans for use of funds.
(4) Create a reporting and evaluation system regarding use of the funds.

The Department shall report on the plan to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division no later than December 1, 2011.

SECTION 10.5.(a1) G.S. 120-123(69) reads as rewritten:

"**§ 120-123. Service by members of the General Assembly on certain boards and commissions.**

No member of the General Assembly may serve on any of the following boards or commissions:

...

(69) ~~The North Carolina Partnership for children, Inc.,~~Any local partnerships established pursuant to Part 10B of Article 3 of Chapter 143B of the General ~~Statutes, and all local partnerships established pursuant to this Part.~~ Statutes.

...."

SECTION 10.5.(b) G.S. 143B-168.11 reads as rewritten:

"**§ 143B-168.11. Early childhood initiatives; purpose; definitions.**

(a) The purpose of this Part is to establish a framework whereby the General Assembly, upon consultation with the Governor, may support through financial and other ~~means, the North Carolina Partnership for Children, Inc. and comparable~~ means local partnerships, which have as their missions the development of a comprehensive, long-range strategic plan for early childhood development and the provision, through public and private means, of high-quality early childhood education and development services for children and families. It is the intent of the General Assembly that communities be given the maximum flexibility and discretion practicable in developing their plans while remaining subject to the approval of the ~~North Carolina Partnership~~Department of Health and Human Services, Division of Child Development, and accountable to the ~~North Carolina Partnership~~Division and to the General Assembly for their plans and for the programmatic and fiscal integrity of the programs and services provided to implement them.

(b) The following definitions apply in this Part:

~~(1) Board of Directors. – The Board of Directors of the North Carolina Partnership for Children, Inc.~~
(2) Department. – The Department of Health and Human Services.
(2a) Division. – The Division of Child Development within the Department of Health and Human Services.
~~(2a)~~(2b) Early Childhood. – Birth through five years of age.
(3) Local Partnership. – A county or regional private, nonprofit 501(c)(3) organization established to coordinate a local demonstration project, to provide ongoing analyses of their local needs that must be met to ensure that the developmental needs of children are met in order to prepare them to begin school healthy and ready to succeed, and, in consultation with the ~~North Carolina Partnership~~Division and subject to the approval of the ~~North Carolina Partnership,~~Division, to provide programs and services to meet

these needs under this Part, while remaining accountable for the programmatic and fiscal integrity of their programs and services to the ~~North Carolina Partnership.~~Division.

~~(4) North Carolina Partnership. – The North Carolina Partnership for Children, Inc.~~

(5) Secretary. – The Secretary of Health and Human Services."

SECTION 10.5.(c) G.S. 143B-168.12 reads as rewritten:

"**§ 143B-168.12. ~~North Carolina Partnership for Children, Inc.; conditions.~~Conditions for receipt of State funds.**

(a) In order to receive State funds, the following conditions shall be met:

~~(1) The North Carolina Partnership shall have a Board of Directors consisting of the following 26 members:~~

~~a. The Secretary of Health and Human Services, ex officio, or the Secretary's designee;~~

~~b. Repealed by Session Laws 1997, c. 443, s. 11A.105.~~

~~c. The Superintendent of Public Instruction, ex officio, or the Superintendent's designee;~~

~~d. The President of the Community Colleges System, ex officio, or the President's designee;~~

~~e. Three members of the public, including one child care provider, one other who is a parent, and one other who is a board chair of a local partnership serving on the North Carolina Partnership local partnership advisory committee, appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate;~~

~~f. Three members of the public, including one who is a parent, one other who is a representative of the faith community, and one other who is a board chair of a local partnership serving on the North Carolina Partnership local partnership advisory committee, appointed by the General Assembly upon recommendation of the Speaker of the House of Representatives;~~

~~g. Twelve members, appointed by the Governor. Three of these 12 members shall be members of the party other than the Governor's party, appointed by the Governor. Seven of these 12 members shall be appointed as follows: one who is a child care provider, one other who is a pediatrician, one other who is a health care provider, one other who is a parent, one other who is a member of the business community, one other who is a member representing a philanthropic agency, and one other who is an early childhood educator;~~

~~h. Repealed by Session Laws 1998-212, s. 12.37B(a), effective October 30, 1998.~~

~~h1. The Chair of the North Carolina Partnership Board shall be appointed by the Governor;~~

~~i. Repealed by Session Laws 1998-212, s. 12.37B(a), effective October 30, 1998.~~

~~j. One member of the public appointed by the General Assembly upon recommendation of the Majority Leader of the Senate;~~

~~k. One member of the public appointed by the General Assembly upon recommendation of the Majority Leader of the House of Representatives;~~

~~l. One member of the public appointed by the General Assembly upon recommendation of the Minority Leader of the Senate;~~

~~m. One member of the public appointed by the General Assembly upon recommendation of the Minority Leader of the House of Representatives; and~~

~~n. The Director of the More at Four Pre-Kindergarten Program, or the Director's designee.~~

~~All members appointed to succeed the initial members and members appointed thereafter shall be appointed for three year terms. Members may succeed themselves.~~

~~All appointed board members shall avoid conflicts of interests and the appearance of impropriety. Should instances arise when a conflict may be perceived, any individual who may benefit directly or indirectly from the North Carolina Partnership's disbursement of funds shall abstain from participating in any decision or deliberations by the North Carolina Partnership regarding the disbursement of funds.~~

~~All ex officio members are voting members. Each ex officio member may be represented by a designee. These designees shall be voting members. No members of the General Assembly shall serve as members.~~

~~The North Carolina Partnership may establish a nominating committee and, in making their recommendations of members to be appointed by the General Assembly or by the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the Majority Leader of the Senate, the Majority Leader of the House of Representatives, the Minority Leader of the Senate, the Minority Leader of the House of Representatives, and the Governor shall consult with and consider the recommendations of this nominating committee.~~

~~The North Carolina Partnership may establish a policy on members' attendance, which policy shall include provisions for reporting absences of at least three meetings immediately to the appropriate appointing authority.~~

~~Members who miss more than three consecutive meetings without excuse or members who vacate their membership shall be replaced by the appropriate appointing authority, and the replacing member shall serve either until the General Assembly and the Governor can appoint a successor or until the replaced member's term expires, whichever is earlier.~~

~~The North Carolina Partnership shall establish a policy on membership of the local boards. No member of the General Assembly shall serve as a member of a local board. Within these requirements for local board membership, the North Carolina Partnership shall allow local partnerships that are regional to have flexibility in the composition of their boards so that all counties in the region have adequate representation.~~

~~All appointed local board members shall avoid conflicts of interests and the appearance of impropriety. Should instances arise when a conflict may be perceived, any individual who may benefit directly or indirectly from the partnership's disbursement of funds shall abstain from participating in any decision or deliberations by the partnership regarding the disbursement of funds.~~

(2) The ~~North Carolina Partnership and the~~ local partnerships shall agree to adopt procedures for ~~its~~ their operations that are comparable to those of Article 33C of Chapter 143 of the General Statutes, the Open Meetings Law, and Chapter 132 of the General Statutes, the Public Records Law, and provide for enforcement by the Department. The procedures may provide for the confidentiality of personnel files comparable to Article 7 of Chapter 126 of the General Statutes.

(3) The ~~North Carolina Partnership~~Division shall oversee the development and implementation of the local demonstration projects as they are selected and shall approve the ongoing plans, programs, and services developed and implemented by the local partnerships and hold the local partnerships accountable for the financial and programmatic integrity of the programs and services. The ~~North Carolina Partnership~~Division may contract ~~at the State level~~on behalf of local partnerships to obtain services or resources when the ~~North Carolina Partnership~~Division determines it would be more efficient to do so.

In the event that the ~~North Carolina Partnership~~Division determines that a local partnership is not fulfilling its mandate to provide programs and services designed to meet the developmental needs of children in order to prepare them to begin school healthy and ready to succeed and is not being accountable for the programmatic and fiscal integrity of its programs and services, the ~~North Carolina Partnership~~Division may suspend all funds to

the partnership until the partnership demonstrates that these defects are corrected. Further, at its discretion, the ~~North Carolina Partnership~~Division may assume the managerial responsibilities for the partnership's programs and services until the ~~North Carolina Partnership~~Division determines that it is appropriate to return the programs and services to the local partnership.

(4) The ~~North Carolina Partnership~~Division shall develop and implement a comprehensive standard fiscal accountability plan to ensure the fiscal integrity and accountability of State funds ~~appropriated to it and~~allocated to the local partnerships. The standard fiscal accountability plan shall, at a minimum, include a uniform, standardized system of accounting, internal controls, payroll, fidelity bonding, chart of accounts, and contract management and monitoring. The ~~North Carolina Partnership~~Division may contract with outside firms to develop and implement the standard fiscal accountability plan. All local partnerships shall be required to participate in the standard fiscal accountability plan developed and adopted by the ~~North Carolina Partnership~~Division pursuant to this subdivision.

(5) The ~~North Carolina Partnership~~Division shall develop a regional accounting and contract management system which incorporates features of the required standard fiscal accountability plan described in subdivision (4) of ~~subsection (a) of this section.~~this subsection. All local partnerships shall participate in the regional accounting and contract management system.

(6) The ~~North Carolina Partnership~~Division shall develop a formula for allocating direct services funds appropriated for this purpose to local partnerships.

(7) The ~~North Carolina Partnership~~Division may adjust its allocations by up to ten percent (10%) on the basis of local partnerships' performance assessments. In determining whether to adjust its allocations to local partnerships, the ~~North Carolina Partnership~~Division shall consider whether the local partnerships are meeting the outcome goals and objectives of the ~~North Carolina Partnership~~Division and the goals and objectives set forth by the local partnerships in their approved annual program plans.

The ~~North Carolina Partnership~~Division may use additional factors to determine whether to adjust the local partnerships' allocations. These additional factors shall be developed with input from the local partnerships and shall be communicated to the local partnerships when the additional factors are selected. These additional factors may include board involvement, family and community outreach, collaboration among public and private service agencies, and family involvement.

On the basis of performance assessments, local partnerships annually shall be rated "superior", "satisfactory", or "needs improvement".

The ~~North Carolina Partnership~~Division may contract with outside firms to conduct the performance assessments of local partnerships.

(8) The ~~North Carolina Partnership~~Division shall establish a local partnership advisory committee comprised of 15 members. Eight of the members shall be chosen from ~~past board chairs or~~ duly elected officers currently serving on local partnerships' board of directors at the time of appointment and shall serve three-year terms. Seven of the members shall be staff of local partnerships. Members shall be chosen by the ~~Chair of the North Carolina Partnership~~Secretary from a pool of candidates nominated by their respective boards of directors. The local partnership advisory committee shall serve in an advisory capacity to the ~~North Carolina Partnership~~Division and shall establish a schedule of regular meetings. Members shall be chosen from local partnerships on a rotating basis. The advisory committee shall annually elect a chair from among its members.

(9) Repealed by Session Laws 2001-424, s. 21.75(h), effective July 1, 2001.

~~(b) The North Carolina Partnership shall be subject to audit and review by the State Auditor under Article 5A of Chapter 147 of the General Statutes. The State Auditor shall conduct annual financial and compliance audits of the North Carolina Partnership.~~

(c) The ~~North Carolina Partnership~~Division shall require each local partnership to place in each of its contracts a statement that the contract is subject to monitoring by the local partnership and ~~North Carolina Partnership,~~Division, that contractors and subcontractors shall be fidelity bonded, unless the contractors or subcontractors receive less than one hundred thousand dollars ($100,000) or unless the contract is for child care subsidy services, that contractors and subcontractors are subject to audit oversight by the State Auditor, and that contractors and subcontractors shall be subject to the requirements of G.S. 143C-6-22. Organizations subject to G.S. 159-34 shall be exempt from this requirement.

(d) The ~~North Carolina Partnership for Children, Inc.,~~Division shall make a report no later than December 1 of each year to the General Assembly that shall include the following:

(1) A description of the program and significant services and initiatives.
(2) A history of Smart Start funding and the previous fiscal year's expenditures.
(3) The number of children served by type of service.
(4) The type and quantity of services provided.
(5) The results of the previous year's evaluations of the Initiatives or related programs and services.
(6) A description of significant policy and program changes.
(7) Any recommendations for legislative action.

(e) The ~~North Carolina Partnership~~ Division shall develop guidelines for local partnerships to follow in selecting capital projects to fund. The guidelines shall include assessing the community needs in relation to the quantity of child care centers, assessing the cost of purchasing or constructing new facilities as opposed to renovating existing facilities, and prioritizing capital needs such as construction, renovations, and playground equipment and other amenities.

(f) The ~~North Carolina Partnership for Children, Inc.,~~Division shall establish uniform guidelines and a reporting format for local partnerships to document the qualifying expenses occurring at the contractor level. Local partnerships shall monitor qualifying expenses to ensure they have occurred and meet the requirements prescribed in this subsection."

SECTION 10.5.(d) G.S. 143B-168.13 reads as rewritten:

"**§ 143B-168.13. Implementation of program; duties of ~~Department~~ Division and Secretary.**

(a) The ~~Department~~ Division shall:

(1) Repealed by Session Laws 1998-212, s. 12.37B(a), effective October 30, 1998.
(1a) Develop and conduct a statewide needs and resource assessment every third year, beginning in the 1997-98 fiscal year. This needs assessment shall be conducted in cooperation ~~with the North Carolina Partnership and~~ with the local partnerships. This needs assessment shall include a statewide assessment of capital needs. The data and findings of this needs assessment shall form the basis for annual program plans developed by local partnerships and approved by the ~~North Carolina Partnership.~~Division.
(2) Recodified as (a)(1a) by Session Laws 1998-212, s. 12.37B(a).
(2a) Repealed by Session Laws 1998-212, s. 12.37B(l), effective October 30, 1998.
(3) Provide technical and administrative ~~assitance~~ assistance to local partnerships, particularly during the first year after they are selected under this Part to receive State funds. The ~~Department,~~Division, at any time, may authorize ~~the North Carolina Partnership or~~ a governmental or public entity to do the contracting for one or more local partnerships. After a local partnership's first year, the ~~Department~~ Division may allow the partnership to contract for itself.
(4) ~~Adopt, in cooperation with the North Carolina Partnership,~~Adopt any rules necessary to implement this Part, including rules to ensure that State leave policy is not applied to ~~the North Carolina Partnership and~~ the local partnerships. In order to allow local partnerships to focus on the development of long-range plans in their initial year of funding, the ~~Department~~ Division may adopt rules that limit the categories of direct services for young children and their families for which funds are made available during the initial year.

(5) Repealed by Session Laws 1996, Second Extra Session, c. 18, s. 24.29(c).
(6) Annually update its funding ~~formula, in collaboration with the North Carolina Partnership for Children, Inc.,~~formula using the most recent data available. These amounts shall serve as the basis for determining "full funding" amounts for each local partnership.

(b) Repealed by Session Laws 1998-212, s. 12.37B(a), effective October 30, 1998."

SECTION 10.5.(e) G.S. 143B-168.14 reads as rewritten:

"**§ 143B-168.14. Local partnerships; conditions.**

(a) In order to receive State funds, the following conditions shall be met:
(1) Each local partnership shall develop a comprehensive, collaborative, long-range plan of services to children and families in the service-delivery area. No existing local, private, nonprofit 501(c)(3) organization, other than one established on or after July 1, 1993, and that meets the guidelines for local partnerships as established under this Part, shall be eligible to apply to serve as the local partnership for the purpose of this Part. The ~~Board of the North Carolina Partnership~~Division may authorize exceptions to this eligibility requirement.
(2) Each local partnership shall agree to adopt procedures for its operations that are comparable to those of Article 33C of Chapter 143 of the General Statutes, the Open Meetings Law, and Chapter 132 of the General Statutes, the Public Records Law, and provide for enforcement by the Department. The procedures may provide for the confidentiality of personnel files comparable to Article 7 of Chapter 126 of the General Statutes.
(3) Each local partnership shall adopt procedures to ensure that all personnel who provide services to young children and their families under this Part know and understand their responsibility to report suspected child abuse, neglect, or dependency, as defined in G.S. 7B-101.
(4) Each local partnership shall participate in the uniform, standard fiscal accountability plan developed and adopted by the ~~North Carolina Partnership.~~Division.

(b) Each local partnership shall be subject to audit and review by the ~~North Carolina Partnership.~~Division. The ~~North Carolina Partnership~~Division shall contract for annual financial and compliance audits of local partnerships that are rated "needs improvement" in performance assessments authorized in G.S. 143B-168.12(a)(7). Local partnerships that are rated "superior" or "satisfactory" in performance assessments authorized in G.S. 143B-168.12(a)(7) shall undergo biennial financial and compliance audits as contracted for by the ~~North Carolina Partnership.~~Division. The ~~North Carolina Partnership~~Division shall provide the State Auditor with a copy of each audit conducted pursuant to this subsection."

SECTION 10.5.(f) G.S. 143B-168.15 reads as rewritten:

"**§ 143B-168.15. Use of State funds.**

(a) State funds allocated to local projects for services to children and families shall be used to meet assessed needs, expand coverage, and improve the quality of these services. The local plan shall address the assessed needs of all children to the extent feasible. It is the intent of the General Assembly that the needs of both young children below poverty who remain in the home, as well as the needs of young children below poverty who require services beyond those offered in child care settings, be addressed. Therefore, as local partnerships address the assessed needs of all children, they should devote an appropriate amount of their State allocations, considering these needs and other available resources, to meet the needs of children below poverty and their families.

(b) Depending on local, regional, or statewide needs, funds may be used to support activities and services that shall be made available and accessible to providers, children, and families on a voluntary basis. Of the funds allocated to local partnerships for direct services, seventy percent (70%) of the funds spent in each year shall be used in child care related activities and early childhood education programs that improve access to child care and early childhood education services, develop new child care and early childhood education services, and improve the quality of child care and early childhood education services in all settings.

(c) Long-term plans for local projects that do not receive their full allocation in the first year, other than those selected in 1993, should consider how to meet the assessed needs of low-income children and families within their neighborhoods or communities. These plans also

should reflect a process to meet these needs as additional allocations and other resources are received.

(d) State funds designated for start-up and related activities may be used for capital expenses or to support activities and services for children, families, and providers. State funds designated to support direct services for children, families, and providers shall not be used for major capital expenses unless the ~~North Carolina Partnership~~Division approves this use of State funds based upon a finding that a local partnership has demonstrated that (i) this use is a clear priority need for the local plan, (ii) it is necessary to enable the local partnership to provide services and activities to underserved children and families, and (iii) the local partnership will not otherwise be able to meet this priority need by using State or federal funds available to that local partnership. The funds approved for capital projects in any two consecutive fiscal years may not exceed ten percent (10%) of the total funds for direct services allocated to a local partnership in those two consecutive fiscal years.

(e) State funds allocated to local partnerships shall not supplant current expenditures by counties on behalf of young children and their families, and maintenance of current efforts on behalf of these children and families shall be sustained. State funds shall not be applied without the Secretary's approval where State or federal funding sources, such as Head Start, are available or could be made available to that county.

(f) Repealed by Session Laws 2001-424, s. 21.75(g), effective July 1, 2001.

(g) Not less than thirty percent (30%) of the funds spent in each year of each local partnership's direct services allocation shall be used to expand child care subsidies. To the extent practicable, these funds shall be used to enhance the affordability, availability, and quality of child care services as described in this section. The ~~North Carolina Partnership~~Division may increase this percentage requirement up to a maximum of fifty percent (50%) when, based upon a significant local waiting list for subsidized child care, the ~~North Carolina Partnership~~Division determines a higher percentage is justified.

(h) State funds allocated to local partnerships that are unexpended at the end of a fiscal year shall remain available to the ~~North Carolina Partnership for Children, Inc.,~~Division to reallocate to local partnerships."

SECTION 10.5.(g) Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than four percent (4%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management.

SECTION 10.5.(h) The Division of Child Development shall impose an annual salary cap limiting the amount of salary that an individual employee of a local partnership may be paid from State funds in accordance with the following schedule:

(1) For amounts received that are over ten million dollars ($10,000,000) annually in total State funds, the annual salary cap limitation is one hundred thousand dollars ($100,000).

(2) For amounts received that are over or equal to five million dollars ($5,000,000) but less than ten million dollars ($10,000,000) annually in total State funds, the annual salary cap limitation is ninety thousand dollars ($90,000).

(3) For amounts received that are over or equal to three million dollars ($3,000,000) but less than five million dollars ($5,000,000) annually in total State funds, the annual salary cap limitation is eighty thousand dollars ($80,000).

(4) For amounts received that are over or equal to one million dollars ($1,000,000) but less than three million dollars ($3,000,000) annually in total State funds, the annual salary cap limitation is seventy thousand dollars ($70,000).

(5) For amounts received that are less than one million dollars ($1,000,000) annually in total State funds, the annual salary cap limitation is sixty thousand dollars ($60,000).

Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement the salary of an individual employee employed by the local partnership.

SECTION 10.5.(i) Local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

(1) For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy to be developed by the Division of Child Development.

(2) For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.

(3) For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.

(4) For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 10.5.(j) All local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the biennium. Of the funds the local partnerships are required to match, contributions of cash shall equal at least ten percent (10%) and in-kind donated resources shall equal no more than three percent (3%), for a total match requirement of thirteen percent (13%) for each fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor's records.

(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.

(3) Not include expenses funded by State funds.

(4) Be supplemental to and not supplant preexisting resources for related program activities.

(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.

(6) Be otherwise allowable under federal or State law.

(7) Be required and described in the contractual agreements approved by the local partnership.

(8) Be reported to the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a thirteen percent (13%) match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The Division of Child Development shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 10.5.(k) The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 10.5.(l) The Department of Health and Human Services, Division of Child Development, shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for State fiscal years 2011-2012 and 2012-2013 shall be administered and distributed in the following manner:

(1) Capital expenditures are prohibited for fiscal years 2011-2012 and 2012-2013. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).

(2) Expenditures of State funds for advertising and promotional activities are prohibited for fiscal years 2011-2012 and 2012-2013.

SECTION 10.5.(m) A county may use the county's allocation of State and federal child care funds to subsidize child care according to the county's Early Childhood Education and Development Initiatives Plan. The use of federal funds shall be consistent with the appropriate federal regulations. Child care providers shall, at a minimum, comply with the applicable requirements for State licensure pursuant to Article 7 of Chapter 110 of the General Statutes.

SECTION 10.5.(n) For fiscal years 2011-2012 and 2012-2013, the local partnerships shall spend at least seventy-two million dollars ($72,000,000) for child care subsidies, of which twenty million dollars ($20,000,000) is expected to be used to reduce the number of children on the waiting list for child care subsidy.

SECTION 10.5.(o) For fiscal years 2011-2012 and 2012-2013, local partnerships shall not spend any State funds on lobbying, marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SECTION 10.5.(p) Local partnership-funded activities shall include assisting child care facilities with (i) improving quality, including helping one- and two-star-rated facilities increase their star ratings and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

(1) Increase children's literacy.
(2) Increase the parents' ability to raise healthy, successful children.
(3) Improve children's health.
(4) Assist four- and five-star-rated facilities in improving and maintaining quality.

SECTION 10.5.(q) The Legislative Research Commission is authorized to study the cost, quality, consumer education, and outcomes of the local partnerships' activities funded to (i) increase early literacy, (ii) measurably improve families' abilities to raise healthy, productive, and successful children, and (iii) increase access to preventative health care for children from birth to five years of age. The Legislative Research Commission shall evaluate and report on the following:

(1) The types of activities, goals, and intended outcomes of evidence-based early literacy activities that promote phonemic awareness, letter recognition, segmenting words into sounds, and decoding print text.
(2) The types of family support and health activities supported with local partnership funds.
(3) The goal and intended outcome of the family support and health activities.
(4) The numbers served and results of the family support and health activities.
(5) Study the match requirements and what constitutes the match requirements.
(6) Any other matter the Commission deems relevant to its charge.

SECTION 10.5.(r) On or before October 1, 2012, the Legislative Research Commission shall make a report of its findings and recommendations, including any proposed legislation, to the 2012 Regular Session of the 2011 General Assembly, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

ADMINISTRATIVE ALLOWANCE FOR COUNTY DEPARTMENTS OF SOCIAL SERVICES

SECTION 10.6. The Division of Child Development of the Department of Health and Human Services shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care Development Fund Block Grant plan.

CONSOLIDATE MORE AT FOUR PROGRAM INTO DIVISION OF CHILD DEVELOPMENT

SECTION 10.7.(a) The Department of Public Instruction, Office of Early Learning, and the Department of Health and Human Services are directed to consolidate the More At Four program into the Division of Child Development. The Division of Child Development is renamed the Division of Child Development and Early Education (DCDEE). The DCDEE is directed to maintain the More At Four program's high programmatic standards.

The Department of Health and Human Services shall assume the functions of the regulation and monitoring system and payment and reimbursement system for the More At Four program.

All regulation and monitoring functions shall begin July 1, 2011. The More At Four program shall be designated as "prekindergarten" on the five-star rating scale. All references to "prekindergarten" in this section shall refer to the program previously titled the "More At Four" program. All references to "non-prekindergarten" shall refer to all four- and five-star rated facilities.

The Office of State Budget and Management shall transfer positions to the Department of Health and Human Services to assume the regulation, monitoring, and accounting functions within the Division of Child Development's Regulatory Services Section. This transfer shall have all the elements of a Type I transfer as defined in G.S. 143A-6. All funds transferred pursuant to this section shall be used for the funding of prekindergarten slots for four-year-olds and for the management of the program. The Department of Health and Human Services shall incorporate eight consultant positions into the regulation and accounting sections of DCDEE, eliminate the remaining positions, and use position elimination savings for the purpose of funding prekindergarten students. DCDEE may use funds from the transfer of the More At Four program for continuing the teacher mentoring program and contracting for the environmental rating scale assessments.

SECTION 10.7.(b) The Childcare Commission shall adopt rules for programmatic standards for regulation of prekindergarten classrooms. The Commission shall review and approve comprehensive, evidenced-based early childhood curricula with a reading component. These curricula shall be added to the currently approved "More At Four" curricula.

SECTION 10.7.(c) G.S. 143B-168.4(a) reads as rewritten:

"(a) The Child Care Commission of the Department of Health and Human Services shall consist of ~~15~~ 17 members. Seven of the members shall be appointed by the Governor and ~~eight~~ 10 by the General Assembly, ~~four~~ five upon the recommendation of the President Pro Tempore of the Senate, and ~~four~~ five upon the recommendation of the Speaker of the House of Representatives. Four of the members appointed by the Governor, two by the General Assembly on the recommendation of the President Pro Tempore of the Senate, and two by the General Assembly on the recommendation of the Speaker of the House of Representatives, shall be members of the public who are not employed in, or providing, child care and who have no financial interest in a child care facility. Two of the foregoing public members appointed by the Governor, one of the foregoing public members recommended by the President Pro Tempore of the Senate, and one of the foregoing public members recommended by the Speaker of the House of Representatives shall be parents of children receiving child care services. Of the remaining two public members appointed by the Governor, one shall be a pediatrician currently licensed to practice in North Carolina. Three of the members appointed by the Governor shall be child care providers, one of whom shall be affiliated with a for profit child care center, one of whom shall be affiliated with a for profit family child care home, and one of whom shall be affiliated with a nonprofit facility. Two of the members appointed by the General Assembly on the recommendation of the President Pro Tempore of the Senate, and two by the General Assembly on recommendation of the Speaker of the House of Representatives, shall be child care providers, one affiliated with a for profit child care facility, and one affiliated with a nonprofit child care facility. The General Assembly, upon the recommendation of the President Pro Tempore of the Senate, and the General Assembly, upon the recommendation of the Speaker of the House of Representatives, shall appoint two early childhood education specialists. None may be employees of the State."

SECTION 10.7.(d) The additional curricula approved and taught in prekindergarten classrooms shall also be taught in four- and five-star rated facilities in the non-prekindergarten four-year-old classrooms. The Child Care Commission shall increase standards in the four- and five-star-rated facilities for the purpose of placing an emphasis on early reading. The Commission shall require the four- and five-star-rated facilities to teach from the Commission's approved curricula. The Division of Child Development may use funds from the Child Care Development Fund Block Grant to assist with the purchase of curricula or adjust rates of reimbursements to cover increased costs.

SECTION 10.7.(e) The Division of Child Development and Early Education shall adopt a policy to encourage all prekindergarten classrooms to blend private pay families with prekindergarten subsidized children in the same manner that regular subsidy children are

blended with private pay children. The Division may implement a waiver or transition period for the public classrooms.

SECTION 10.7.(f) The prekindergarten program may continue to serve at-risk children identified through the existing "child find" methods in which at-risk children are currently served within the Division of Child Development. The Division of Child Development shall serve at-risk children regardless of income. However, the total number of at-risk children served shall constitute no more than twenty percent (20%) of the four-year-olds served within the prekindergarten program. Any age-eligible child who is a child of either of the following shall be eligible for the program: (i) an active duty member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces, who was ordered to active duty by the proper authority within the last 18 months or is expected to be ordered within the next 18 months or (ii) a member of the Armed Forces of the United States, including the North Carolina National Guard, State military forces, or a reserve component of the Armed Forces, who was injured or killed while serving on active duty. Eligibility determinations for prekindergarten participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships.

SECTION 10.7.(g) The Division of Child Development and Early Education (DCDEE) shall adopt policies that improve the quality of childcare for subsidized children. The DCDEE shall phase in a new policy in which child care subsidies will be paid, to the extent possible, for child care in the higher quality centers and homes only. The DCDEE shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of three-, four-, and five-star-rated facilities, the DCDEE shall establish a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The DCDEE may allow exemptions in counties where there is an inadequate number of three-, four-, and five-star-rated facilities for nonstar-rated programs, such as religious programs.

SECTION 10.7.(h) The Division of Child Development and Early Education shall implement a parent co-payment requirement for prekindergarten classrooms the same as what is required of parents subject to regular child care subsidy payments. All at-risk children and age-eligible children of military personnel as described in subsection (g) of this section are exempt from the co-payment requirements of this subsection.

Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.7.(i) All prekindergarten classrooms regulated pursuant to this section shall be required to participate in the Subsidized Early Education for Kids (SEEK) accounting system to streamline the payment function for these classrooms with a goal of eliminating duplicative systems and streamlining the accounting and payment processes among the subsidy reimbursement systems. Prekindergarten funds transferred may be used to add these programs to SEEK.

SECTION 10.7.(j) Based on market analysis and within funds available, the Division of Child Development and Early Education shall establish reimbursement rates based on newly increased requirements of four- and five-star-rated facilities and the higher teacher standards within the prekindergarten class rooms, specifically More At Four teacher standards, when establishing the rates of reimbursements. Additionally, the prekindergarten curriculum day shall cover six and one-half to 10 hours daily and no less than 10 months per year. The public classrooms will have a one-year transition period to become licensed through the Division of Child Development and may continue to operate prekindergarten, formerly "More At Four," classrooms during the 2011-2012 fiscal year.

MENTAL HEALTH CHANGES

SECTION 10.8.(a) For the purpose of mitigating cash flow problems that many nonsingle-stream local management entities (LMEs) experience at the beginning of each fiscal year, the Department of Health and Human Services, Division of Mental Health,

Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method by which allocations of service dollars are distributed to each nonsingle-stream LME. To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.8.(b) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars ($29,121,644) for the 2011-2012 fiscal year and the sum of twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars ($29,121,644) for the 2012-2013 fiscal year shall be allocated for the purchase of local inpatient psychiatric beds or bed days. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LMEs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across the State in LME catchment areas and according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Utilization Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital Utilization Pilot, and (iv) purchased using funds appropriated under this subsection.

SECTION 10.8.(c) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred thousand dollars ($5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams. The new mobile crisis units shall be distributed over the State according to need as determined by the Department.

SECTION 10.8.(d) The Department of Health and Human Services may create a midyear process by which it can reallocate State service dollars away from LMEs that do not appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able to spend the additional funds.

MH/DD/SAS HEALTH CARE INFORMATION SYSTEM PROJECT

SECTION 10.9. Of the funds appropriated to the Department of Health and Human Services for the 2011-2013 fiscal biennium, the Department may use a portion of these funds to continue to develop and implement a health care information system for State institutions operated by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. G.S. 143C-6-5 does not apply to this section.

LME FUNDS FOR SUBSTANCE ABUSE SERVICES

SECTION 10.10.(a) Consistent with G.S. 122C-2, the General Assembly strongly encourages Local Management Entities (LMEs) to use a portion of the funds appropriated for substance abuse treatment services to support prevention and education activities.

SECTION 10.10.(b) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks, in accordance with the federal substance abuse and mental health services administration best practice model entitled Contingency Management.

SECTION 10.10.(c) In providing treatment and services for adult offenders and increasing the number of Treatment Accountability for Safer Communities (TASC) case managers, local management entities shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and Department of Correction releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars ($300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to LMEs for mental health services, substance abuse services, and crisis services.

SECTION 10.10.(d) In providing drug treatment court services, LMEs shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week drug treatment court program, participants shall receive an array of treatment and aftercare services that meets the participant's level of need, including step-down services that support continued recovery.

MH/DD/SAS COMMUNITY SERVICE FUNDS

SECTION 10.11.(a) The Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (as used in this section "the Division") is directed to reduce the Community Service Fund by thirty million dollars ($30,000,000).

SECTION 10.11.(b) The Division is directed, through consultation with LME representatives and stakeholders, to develop a set of standardized covered benefits for recipients of LME Service Funds that shall become the only services paid for by community service funds through LMEs. These services shall be best practices for developmental disabilities, mental illness, and substance abuse.

SECTION 10.11.(c) Effective January 1, 2012, the Division shall implement a co-payment for all mental health, developmental disabilities, and substance abuse services based upon the Medicaid co-payment rates.

SECTION 10.11.(d) The Division is directed to reduce the Community Service Fund by twenty-five million dollars ($25,000,000) for the 2011-2012 fiscal year based on available fund balance reported by the LMEs' 2010 fiscal audit. The Division is directed to allocate the reduction among LMEs based on unreserved, undesignated fund balance totals, as of June 30, 2010. The LMEs are required to backfill the reduction in this subsection with fund balance availability and not further reduce services. LMEs are directed to spend their unreserved, undesignated fund balance on services, commensurate with the reduction directed by the Division pursuant to this subsection.

SECTION 10.11.(e) Quarterly reports shall be submitted to the Division by LMEs to ensure expenditures from fund balance occur at the level required by this law. Additionally, the Division shall review the designation of reserved or designated fund balance accounts to

determine whether accounts may be moved to unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance available for purchase of services. If categories of funds are moved into the unreserved/undesignated categories, the affected LMEs are encouraged to spend these funds to minimize their share of the thirty million dollars ($30,000,000) in reductions to services as required in subsection (a) of this section.

SECTION 10.11.(f) The Department of Health and Human Services shall report to the House and Senate Appropriations Subcommittees by December 12, 2011, on the status of implementing this section.

CONSOLIDATION OF FORENSIC HEALTH CARE AT DOROTHEA DIX COMPLEX

SECTION 10.12. The Department of Health and Human Services, Division of State Operated Facilities, shall issue a Request for Proposal for the consolidation of forensic hospital care. The operation shall initially be located at the Dorothea Dix complex. The Secretary of Health and Human Services is authorized to proceed with contracting with a private entity if the Secretary can justify savings through the contract. The Secretary shall compare the Department's total cost to provide forensic care to proposals received and determine whether it is cost-effective to contract for this service. The Secretary may only proceed if the Secretary determines the Department will save money and ensure appropriate safety and quality of care for patients.

The Secretary shall report to the Joint Appropriations Subcommittee for Health and Human Services by October 30, 2011, with cost detail and savings identified from the proposals.

TRANSITION OF UTILIZATION MANAGEMENT OF COMMUNITY-BASED SERVICES TO LOCAL MANAGEMENT ENTITIES

SECTION 10.13. The Department of Health and Human Services shall collaborate with LMEs to enhance their administrative capabilities to assume utilization management responsibilities for the provision of community-based mental health, developmental disabilities, and substance abuse services. The Department may, with approval of the Office of State Budget and Management, use funds available to implement this section.

THIRD-PARTY BILLING FOR STATE FACILITIES

SECTION 10.14. G.S. 122C-55 reads as rewritten:

"**§ 122C-55. Exceptions; care and treatment.**

...

(g) Whenever there is reason to believe that the client is eligible for financial benefits through a governmental agency, a facility may disclose confidential information to State, local, or federal government agencies. Except as provided in ~~G.S. 122C-55(a3),~~ G.S. 122C-55(a3) and G.S. 122C-55(g1), disclosure is limited to that confidential information necessary to establish financial benefits for a client. ~~After~~ Except as provided in G.S. 122C-55(g1), after establishment of these benefits, the consent of the client or his legally responsible person is required for further release of confidential information under this subsection.

(g1) A facility may disclose confidential information for the purpose of collecting payment due the facility for the cost of care, treatment, or habilitation.

...."

COLLABORATION AMONG DEPARTMENTS OF ADMINISTRATION, HEALTH AND HUMAN SERVICES, JUVENILE JUSTICE AND DELINQUENCY PREVENTION, AND PUBLIC INSTRUCTION ON SCHOOL-BASED CHILD AND FAMILY TEAM INITIATIVE

SECTION 10.15.(a) School-Based Child and Family Team Initiative Established.

(1) Purpose and duties. – There is established the School-Based Child and Family Team Initiative. The purpose of the Initiative is to identify and coordinate appropriate community services and supports for children at risk of school failure or out-of-home placement in order to address the physical, social, legal, emotional, and developmental factors that affect academic performance. The Department of Health and Human Services, the Department of Public Instruction, the State Board of Education, the

Department of Juvenile Justice and Delinquency Prevention, the Administrative Office of the Courts, and other State agencies that provide services for children shall share responsibility and accountability to improve outcomes for these children and their families. The Initiative shall be based on the following principles:

a. The development of a strong infrastructure of interagency collaboration.
b. One child, one team, one plan.
c. Individualized, strengths-based care.
d. Accountability.
e. Cultural competence.
f. Children at risk of school failure or out-of-home placement may enter the system through any participating agency.
g. Services shall be specified, delivered, and monitored through a unified Child and Family Plan that is outcome-oriented and evaluation-based.
h. Services shall be the most efficient in terms of cost and effectiveness and shall be delivered in the most natural settings possible.
i. Out-of-home placements for children shall be a last resort and shall include concrete plans to bring the children back to a stable permanent home, their schools, and their community.
j. Families and consumers shall be involved in decision making throughout service planning, delivery, and monitoring.

(2) Program goals and services. – In order to ensure that children receiving services are appropriately served, the affected State and local agencies shall do the following:

a. Increase capacity in the school setting to address the academic, health, mental health, social, and legal needs of children.
b. Ensure that children receiving services are screened initially to identify needs and assessed periodically to determine progress and sustained improvement in educational, health, safety, behavioral, and social outcomes.
c. Develop uniform screening mechanisms and a set of outcomes that are shared across affected agencies to measure children's progress in home, school, and community settings.
d. Promote practices that are known to be effective based upon research or national best practice standards.
e. Review services provided across affected State agencies to ensure that children's needs are met.
f. Eliminate cost-shifting and facilitate cost-sharing among governmental agencies with respect to service development, service delivery, and monitoring for participating children and their families.
g. Participate in a local memorandum of agreement signed annually by the participating superintendent of the local LEA, directors of the county departments of social services and health, director of the local management entity, the chief district court judge, and the chief district court counselor.

(3) Local level responsibilities. – In coordination with the North Carolina Child and Family Leadership Council (Council), established in subsection (b) of this section, the local board of education shall establish the School-Based Child and Family Team Initiative at designated schools and shall appoint the Child and Family Team Leaders, who shall be a school nurse and a school social worker. Each local management entity that has any selected schools in its catchment area shall appoint a Care Coordinator, and any department of social services that has a selected school in its catchment area shall appoint a Child and Family Teams Facilitator. The Care Coordinators and Child and Family Team Facilitators shall have as their sole responsibility working with the selected schools in their catchment areas and shall provide training to school-based personnel, as required. The Child and Family Team Leaders

shall identify and screen children who are potentially at risk of academic failure or out-of-home placement due to physical, social, legal, emotional, or developmental factors. Based on the screening results, responsibility for developing, convening, and implementing the Child and Family Team Initiative is as follows:

a. School personnel shall take the lead role for those children and their families whose primary unmet needs are related to academic achievement.

b. The local management entity shall take the lead role for those children and their families whose primary unmet needs are related to mental health, substance abuse, or developmental disabilities and who meet the criteria for the target population established by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services.

c. The local department of public health shall take the lead role for those children and their families whose primary unmet needs are health-related.

d. Local departments of social services shall take the lead for those children and their families whose primary unmet needs are related to child welfare, abuse, or neglect.

e. The chief district court counselor shall take the lead for those children and their families whose primary unmet needs are related to juvenile justice issues. A representative from each named or otherwise identified publicly supported children's agency shall participate as a member of the Team as needed. Team members shall coordinate, monitor, and assure the successful implementation of a unified Child and Family Plan.

(4) Reporting requirements. – School-Based Child and Family Team Leaders shall provide data to the Council for inclusion in their report to the North Carolina General Assembly. The report shall include the following:

a. The number of and other demographic information on children screened and assigned to a team and a description of the services needed by and provided to these children.

b. The number of and information about children assigned to a team who are placed in programs or facilities outside the child's home or outside the child's county and the average length of stay in residential treatment.

c. The amount and source of funds expended to implement the Initiative.

d. Information on how families and consumers are involved in decision making throughout service planning, delivery, and monitoring.

e. Other information as required by the Council to evaluate success in local programs and ensure appropriate outcomes.

f. Recommendations on needed improvements.

(5) Local advisory committee. – In each county with a participating school, the superintendent of the local LEA shall either identify an existing cross-agency collaborative or council or shall form a new group to serve as a local advisory committee to work with the Initiative. Newly formed committees shall be chaired by the superintendent and one other member of the committee to be elected by the committee. The local advisory committee shall include the directors of the county departments of social services and health; the directors of the local management entity; the chief district court judge; the chief district court counselor; the director of a school-based or school-linked health center, if a center is located within the catchment area of the School-Based Child and Family Team Initiative; and representatives of other agencies providing services to children, as designated by the Committee. The members of the Committee shall meet as needed to monitor and support the successful implementation of the School-Based Child and Family Team Initiative. The Local Child and Family Team Advisory

Committee may designate existing cross-agency collaboratives or councils as working groups or to provide assistance in accomplishing established goals.

SECTION 10.15.(b) North Carolina Child and Family Leadership Council. –

(1) Leadership Council established; location. – There is established the North Carolina Child and Family Leadership Council (Council). The Council shall be located within the Department of Administration for organizational and budgetary purposes.

(2) Purpose. – The purpose of the Council is to review and advise the Governor in the development of the School-Based Child and Family Team Initiative and to ensure the active participation and collaboration in the Initiative by all State agencies and their local counterparts providing services to children in participating counties in order to increase the academic success of and reduce out-of-home and out-of-county placements of children at risk of academic failure.

(3) Membership. – The Superintendent of Public Instruction and the Secretary of Health and Human Services shall serve as cochairs of the Council. Council membership shall include the Secretary of the Department of Juvenile Justice and Delinquency Prevention, the Chair of the State Board of Education, the Director of the Administrative Office of the Courts, and other members as appointed by the Governor.

(4) The Council shall do the following:

a. Sign an annual memorandum of agreement (MOA) among the named State agencies to define the purposes of the program and to ensure that program goals are accomplished.

b. Resolve State policy issues, as identified at the local level, which interfere with effective implementation of the School-Based Child and Family Team Initiative.

c. Direct the integration of resources, as needed, to meet goals and ensure that the Initiative promotes the most effective and efficient use of resources and eliminates duplication of effort.

d. Establish criteria for defining success in local programs and ensure appropriate outcomes.

e. Develop an evaluation process, based on expected outcomes, to ensure the goals and objectives of this Initiative are achieved.

f. Review progress made on integrating policies and resources across State agencies, reaching expected outcomes, and accomplishing other goals.

g. Report semiannually, on January 1 and July 1, on progress made and goals achieved to the Office of the Governor, the Joint Appropriations Committees and Subcommittees on Education, Justice and Public Safety, and Health and Human Services, and the Fiscal Research Division of the Legislative Services Office. The Council may designate existing cross-agency collaboratives or councils as working groups or to provide assistance in accomplishing established goals.

SECTION 10.15.(c) Department of Health and Human Services. – The Secretary of the Department of Health and Human Services shall ensure that all agencies within the Department collaborate in the development and implementation of the School-Based Child and Family Team Initiative and provide all required support to ensure that the Initiative is successful.

SECTION 10.15.(d) Department of Juvenile Justice and Delinquency Prevention. – The Secretary of the Department of Juvenile Justice and Delinquency Prevention shall ensure that all agencies within the Department collaborate in the development and implementation of the School-Based Child and Family Team Initiative and provide all required support to ensure that the Initiative is successful.

SECTION 10.15.(e) Administrative Office of the Courts. – The Director of the Administrative Office of the Courts shall ensure that the Office collaborates in the development

and implementation of the School-Based Child and Family Team Initiative and shall provide all required support to ensure that the Initiative is successful.

SECTION 10.15.(f) Department of Public Instruction. – The Superintendent of Public Instruction shall ensure that the Department collaborates in the development and implementation of the School-Based Child and Family Team Initiative and shall provide all required support to ensure that the Initiative is successful.

DHHS POSITION ELIMINATIONS

SECTION 10.16. The Secretary of the Department of Health and Human Services is directed to eliminate 250 full-time equivalent positions that have been continuously vacant since July 1, 2010, in order to accomplish a total savings of seven million seven hundred seventy-one thousand nine hundred ninety-seven dollars ($7,771,997) in State funds. To the extent possible, the Secretary shall not eliminate positions assigned to the Division of State Operated Healthcare Facilities or the Division of Medical Assistance. In the event that eliminating 250 full-time equivalent positions that have been continuously vacant since July 1, 2010, does not achieve the savings specified in this section, the Secretary may eliminate other positions within the Department or achieve the designated savings through other administrative and operational reductions or efficiencies. By September 30, 2011, the Secretary shall submit a report to the House Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on the positions eliminated and any other reductions or efficiencies implemented in order to achieve the savings required by this section. The report shall include the total number of positions eliminated, savings generated by each eliminated position, the impact on any federal funds previously received for the eliminated positions, and any other reductions or efficiencies implemented to achieve the savings required by this section.

REDUCE FUNDING FOR NONPROFIT ORGANIZATIONS

SECTION 10.18. For fiscal years 2011-2012 and 2012-2013, the Department of Health and Human Services shall reduce the amount of funds allocated to nonprofit organizations by ten million dollars ($10,000,000) on a recurring basis. In achieving the reductions required by this section, the Department shall not reduce funds allocated to the North Carolina High School Athletic Association by more than ten percent (10%).

PROHIBIT USE OF ALL FUNDS FOR PLANNED PARENTHOOD ORGANIZATIONS

SECTION 10.19. For fiscal years 2011-2012 and 2012-2013, the Department of Health and Human Services may not provide State funds or other funds administered by the Department for contracts or grants to Planned Parenthood, Inc., and affiliated organizations.

LIABILITY INSURANCE

SECTION 10.20.(a) The Secretary of the Department of Health and Human Services, the Secretary of the Department of Environment and Natural Resources, and the Secretary of the Department of Correction may provide medical liability coverage not to exceed one million dollars ($1,000,000) per incident on behalf of employees of the Departments licensed to practice medicine or dentistry, on behalf of all licensed physicians who are faculty members of The University of North Carolina who work on contract for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services for incidents that occur in Division programs, and on behalf of physicians in all residency training programs from The University of North Carolina who are in training at institutions operated by the Department of Health and Human Services. This coverage may include commercial insurance or self-insurance and shall cover these individuals for their acts or omissions only while they are engaged in providing medical and dental services pursuant to their State employment or training.

SECTION 10.20.(b) The coverage provided under this section shall not cover any individual for any act or omission that the individual knows or reasonably should know constitutes a violation of the applicable criminal laws of any state or the United States or that arises out of any sexual, fraudulent, criminal, or malicious act or out of any act amounting to willful or wanton negligence.

SECTION 10.20.(c) The coverage provided pursuant to this section shall not require any additional appropriations and shall not apply to any individual providing contractual service to the Department of Health and Human Services, the Department of Environment and Natural Resources, or the Department of Correction, with the exception that coverage may include physicians in all residency training programs from The University of North Carolina who are in training at institutions operated by the Department of Health and Human Services and licensed physicians who are faculty members of The University of North Carolina who work for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services.

CHANGES TO COMMUNITY-FOCUSED ELIMINATING HEALTH DISPARITIES INITIATIVE

SECTION 10.21.(a) Funds appropriated in this act from the General Fund to the Department of Health and Human Services (Department) for the Community-Focused Eliminating Health Disparities Initiative (CFEHDI) shall be used to provide a maximum of 12 grants-in-aid to close the gap in the health status of African-Americans, Hispanics/Latinos, and American Indians as compared to the health status of white persons. These grants-in-aid shall focus on the use of measures to eliminate or reduce health disparities among minority populations in this State with respect to heart disease, stroke, diabetes, obesity, asthma, HIV/AIDS, and cancer. The Office of Minority Health shall coordinate and implement the grants-in-aid program authorized by this section.

SECTION 10.21.(b) In implementing the grants-in-aid program authorized by subsection (a) of this section, the Department shall ensure all of the following:

(1) The amount of any grant-in-aid is limited to three hundred thousand dollars ($300,000).

(2) Only community-based organizations, faith-based organizations, local health departments, hospitals, and CCNC networks located in urban and rural areas of the western, eastern, and Piedmont areas of this State are eligible to apply for these grants-in-aid. No more than four grants-in-aid shall be awarded to applicants located in any one of the three areas specified in this subdivision.

(3) Each eligible applicant shall be required to demonstrate substantial participation and involvement with all other categories of eligible applicants, in order to ensure an evidence-based medical home model that will affect change in health and geographic disparities.

(4) Eligible applicants shall select one or more of the following chronic illnesses or conditions specific to the applicant's geographic area as the basis for applying for a grant-in-aid under this section to affect change in the health status of African-Americans, Hispanics/Latinos, or American Indians:
   a. Heart Disease
   b. Stroke
   c. Diabetes
   d. Obesity
   e. Asthma
   f. HIV/AIDS
   g. Cancer

(5) The minimum duration of the grant period for any grant-in-aid is two years.

(6) The maximum duration of the grant period for any grant-in-aid is three years.

(7) If approved for a grant-in-aid, the grantee (i) shall not use more than eight percent (8%) of the grant funds for overhead costs and (ii) shall be required at the end of the grant period to demonstrate significant gains in addressing one or more of the health disparity focus areas identified in subsection (a) of this section.

(8) An independent panel with expertise in the delivery of services to minority populations, health disparities, chronic illnesses and conditions, and HIV/AIDS shall conduct the review of applications for grants-in-aid. The Department shall establish the independent panel required by this section.

SECTION 10.21.(c) The grants-in-aid awarded under this section shall be awarded in honor of the memory of the following recently deceased members of the General Assembly:

Bernard Allen, John Hall, Robert Holloman, Howard Hunter, Jeanne Lucas, Vernon Malone, William Martin, and Pete Cunningham. These funds shall be used for concerted efforts to address large gaps in health status among North Carolinians who are African-American, as well as disparities among other minority populations in North Carolina.

SECTION 10.21.(d) By October 1, 2012, and annually thereafter, the Department shall submit a report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on funds appropriated to the CFEHDI. The report shall include specific activities undertaken pursuant to subsection (a) of this section to address large gaps in health status among North Carolinians who are African-American and other minority populations in this State, and shall also address all of the following:

(1) Which community-based organizations, faith-based organizations, local health departments, hospitals, and CCNC networks received CFEHDI grants-in-aid.
(2) The amount of funding awarded to each grantee.
(3) Which of the minority populations were served by each grantee.
(4) Which community-based organizations, faith-based organizations, local health departments, hospitals, and CCNC networks were involved in fulfilling the goals and activities of each grant-in-aid awarded under this section and what activities were planned and implemented by the grantee to fulfill the community focus of the CFEHDI program.
(5) How the activities implemented by the grantee fulfilled the goal of reducing health disparities among minority populations, and the specific success in reducing particular incidences.

FUNDS FOR SCHOOL NURSES

SECTION 10.22.(a) All funds appropriated in this act for the School Nurse Funding Initiative shall be used to supplement and not supplant other State, local, or federal funds appropriated or allocated for this purpose. Communities shall maintain their current level of effort and funding for school nurses. These funds shall not be used to fund nurses for State agencies. These funds shall be distributed to local health departments according to a formula that includes all of the following:

(1) School nurse-to-student ratio.
(2) Percentage of students eligible for free or reduced meals.
(3) Percentage of children in poverty.
(4) Per capita income.
(5) Eligibility as a low-wealth county.
(6) Mortality rates for children between 1 and 19 years of age.
(7) Percentage of students with chronic illnesses.
(8) Percentage of county population consisting of minority persons.

SECTION 10.22.(b) The Division of Public Health shall ensure that school nurses funded with State funds (i) do not assist in any instructional or administrative duties associated with a school's curriculum and (ii) perform all of the following with respect to school health programs:

(1) Serve as the coordinator of the health services program and provide nursing care.
(2) Provide health education to students, staff, and parents.
(3) Identify health and safety concerns in the school environment and promote a nurturing school environment.
(4) Support healthy food services programs.
(5) Promote healthy physical education, sports policies, and practices.
(6) Provide health counseling, assess mental health needs, provide interventions, and refer students to appropriate school staff or community agencies.
(7) Promote community involvement in assuring a healthy school and serve as school liaison to a health advisory committee.
(8) Provide health education and counseling and promote healthy activities and a healthy environment for school staff.
(9) Be available to assist the county health department during a public health emergency.

REPLACEMENT OF RECEIPTS FOR CHILD DEVELOPMENT SERVICE AGENCIES

SECTION 10.23. Receipts earned by the Child Development Service Agencies (CDSAs) from any public or private third-party payer shall be budgeted on a recurring basis to replace reductions in State appropriations to CDSAs.

HEALTH INFORMATION TECHNOLOGY

SECTION 10.24.(a) The Department of Health and Human Services, in cooperation with the State Chief Information Officer, shall coordinate health information technology (HIT) policies and programs within the State of North Carolina. The Department's goal in coordinating State HIT policy and programs shall be to avoid duplication of efforts and to ensure that each State agency, public entity, and private entity that undertakes health information technology activities does so within the area of its greatest expertise and technical capability and in a manner that supports coordinated State and national goals, which shall include at least all of the following:

(1) Ensuring that patient health information is secure and protected, in accordance with applicable law.

(2) Improving health care quality, reducing medical errors, reducing health disparities, and advancing the delivery of patient-centered medical care.

(3) Providing appropriate information to guide medical decisions at the time and place of care.

(4) Ensuring meaningful public input into HIT infrastructure development.

(5) Improving the coordination of information among hospitals, laboratories, physicians' offices, and other entities through an effective infrastructure for the secure and authorized exchange of health care information.

(6) Improving public health services and facilitating early identification and rapid response to public health threats and emergencies, including bioterrorist events and infectious disease outbreaks.

(7) Facilitating health and clinical research.

(8) Promoting early detection, prevention, and management of chronic diseases.

SECTION 10.24.(b) The Department of Health and Human Services shall establish and direct a HIT management structure that is efficient and transparent and that is compatible with the Office of the National Health Coordinator for Information Technology (National Coordinator) governance mechanism. The HIT management structure shall be responsible for all of the following:

(1) Developing a State plan for implementing and ensuring compliance with national HIT standards and for the most efficient, effective, and widespread adoption of HIT.

(2) Ensuring that (i) specific populations are effectively integrated into the State plan, including aging populations, populations requiring mental health services, and populations utilizing the public health system; and (ii) unserved and underserved populations receive priority consideration for HIT support.

(3) Identifying all HIT stakeholders and soliciting feedback and participation from each stakeholder in the development of the State plan.

(4) Ensuring that existing HIT capabilities are considered and incorporated into the State plan.

(5) Identifying and eliminating conflicting HIT efforts where necessary.

(6) Identifying available resources for the implementation, operation, and maintenance of health information technology, including identifying resources and available opportunities for North Carolina institutions of higher education.

(7) Ensuring that potential State plan participants are aware of HIT policies and programs and the opportunity for improved health information technology.

(8) Monitoring HIT efforts and initiatives in other states and replicating successful efforts and initiatives in North Carolina.

(9) Monitoring the development of the National Coordinator's strategic plan and ensuring that all stakeholders are aware of and in compliance with its requirements.

(10) Monitoring the progress and recommendations of the HIT Policy and Standards Committee and ensuring that all stakeholders remain informed of the Committee's recommendations.

(11) Monitoring all studies and reports provided to the United States Congress and reporting to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on the impact of report recommendations on State efforts to implement coordinated HIT.

SECTION 10.24.(c) Beginning October 1, 2011, the Department of Health and Human Services shall provide quarterly written reports on the status of HIT efforts to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The reports due each January 1 and July 1 shall consist of updates to substantial initiatives or challenges that have occurred since the most recent comprehensive report. The reports due each October 1 and April 1 shall be comprehensive and shall include all of the following:

(1) Current status of federal HIT initiatives.

(2) Current status of State HIT efforts and initiatives among both public and private entities.

(3) A breakdown of current public and private funding sources and dollar amounts for State HIT initiatives.

(4) Department efforts to coordinate HIT initiatives within the State and any obstacles or impediments to coordination.

(5) HIT research efforts being conducted within the State and sources of funding for research efforts.

(6) Opportunities for stakeholders to participate in HIT funding and other efforts and initiatives during the next quarter.

(7) Issues associated with the implementation of HIT in North Carolina and recommended solutions to these issues.

FUNDS FOR STROKE PREVENTION

SECTION 10.25.(a) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Public Health, the sum of four hundred thousand dollars ($400,000) in nonrecurring funds for the 2011-2012 fiscal year and the sum of four hundred thousand dollars ($400,000) in nonrecurring funds for the 2012-2013 fiscal year is allocated to the Heart Disease and Stroke Prevention Branch for continuation of community education campaigns and communication strategies, in partnership with the American Heart Association/American Stroke Association, on stroke signs and symptoms and the importance of immediate response.

SECTION 10.25.(b) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Public Health, the sum of fifty thousand dollars ($50,000) in nonrecurring funds for the 2011-2012 fiscal year and the sum of fifty thousand dollars ($50,000) in nonrecurring funds for the 2012-2013 fiscal year is allocated for continued operations of the Stroke Advisory Council.

AIDS DRUG ASSISTANCE PROGRAM

SECTION 10.26. The Department of Health and Human Services (DHHS) shall work with the Department of Correction (DOC) to use DOC funds to purchase pharmaceuticals for the treatment of DOC inmates with HIV/AIDS in a manner that allows these funds to be accounted for as State matching funds in DHHS' drawdown of federal Ryan White funds.

MEN'S HEALTH

SECTION 10.26A. The Department of Health and Human Services, Division of Public Health, shall delegate to the Chronic Disease Prevention and Control Office the responsibility for ensuring attention to the prevention of disease and improvement in the quality of life for men over their entire lifespan. The Department shall develop strategies for achieving these goals, which shall include (i) developing a strategic plan to improve health care services,

(ii) building public health awareness, (iii) developing initiatives within existing programs, and (iv) pursuing federal and State funding for the screening, early detection, and treatment of prostate cancer and other diseases affecting men's health.

NC HEALTH CHOICE MEDICAL POLICY

SECTION 10.27. Unless required for compliance with federal law, the Department shall not change medical policy affecting the amount, sufficiency, duration, and scope of NC Health Choice health care services and who may provide services until the Division of Medical Assistance has prepared a five-year fiscal analysis documenting the increased cost of the proposed change in medical policy and submitted it for departmental review. If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds one million dollars ($1,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed medical policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division. The Department shall not implement any proposed medical policy change exceeding one million dollars ($1,000,000) in total requirements for a given fiscal year unless the source of State funding is identified and approved by the Office of State Budget and Management. For medical policy changes exceeding one million dollars ($1,000,000) in total requirements for a given fiscal year that are required for compliance with federal law, the Department shall submit the proposed medical policy or policy interpretation change with a five-year fiscal analysis to the Office of State Budget and Management prior to implementing the change. The Department shall provide the Office of State Budget and Management and the Fiscal Research Division a quarterly report itemizing all medical policy changes with total requirements of less than one million dollars ($1,000,000).

COMMUNITY CARE OF NORTH CAROLINA

SECTION 10.28.(a) The Department of Health and Human Services (Department) shall submit a report annually from a qualified entity with proven experience in conducting actuarial and health care studies on the Medicaid cost-savings achieved by the CCNC networks, which shall include children, adults, and the aged, blind, and disabled, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.28.(b) The Department and the Division of Medical Assistance (DMA) shall enter into a three-party contract between North Carolina Community Care Networks, Inc., (NCCCN, Inc.) and each of the 14 participating local CCNC networks and shall require NCCCN, Inc., to provide standardized clinical and budgetary coordination, oversight, and reporting for a statewide Enhanced Primary Care Case Management System for Medicaid enrollees. The contracts shall require NCCCN, Inc., to build upon and expand the existing successful CCNC primary care case management model to include comprehensive statewide quantitative performance goals and deliverables which shall include all of the following areas: (i) service utilization management, (ii) budget analytics, (iii) budget forecasting methodologies, (iv) quality of care analytics, (v) participant access measures, and (vi) predictable cost containment methodologies.

SECTION 10.28.(c) NCCCN, Inc., shall report quarterly to the Department and to the Office of State Budget and Management (OSBM) on the development of the statewide Enhanced Primary Care Case Management System and its defined goals and deliverables as agreed upon in the contract. NCCCN, Inc., shall submit biannual reports to the Secretary of Health and Human Services, OSBM, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on the progress and results of implementing the quantitative, analytical, utilization, quality, cost containment, and access goals and deliverables set out in the contract. NCCCN, Inc., shall conduct its own analysis of the CCNC system to identify any variations from the development plan for the Enhanced Primary Care Case Management System and its defined goals and deliverables set out in the contract between DMA and NCCCN, Inc. Upon identifying any variations, NCCCN, Inc., shall develop and implement a plan to address the variations. NCCCN, Inc., shall report the plan to DMA within 30 days after taking any action to implement the plan.

SECTION 10.28.(d) By January 1, 2012, the Department and OSBM shall assess the performance of NCCCN, Inc., and CCNC regarding the goals and deliverables established

in the contract. Based on this assessment, the Department and DMA shall expand, cancel, or alter the contract with NCCCN, Inc., and CCNC effective April 1, 2012. Expansion or alteration of the contract may reflect refinements based on clearly identified goals and deliverables in the areas of quality of care, participant access, cost containment, and service delivery.

SECTION 10.28.(e) By July 1, 2012, the Department, DMA, and NCCCN, Inc., shall finalize a comprehensive plan that establishes management methodologies which include all of the following: (i) quality of care measures, (ii) utilization measures, (iii) recipient access measures, (iv) performance incentive models in which past experience indicates a benefit from financial incentives, (v) accountable budget models, (vi) shared savings budget models, and (vii) budget forecasting analytics as agreed upon by the Department, DMA, and NCCCN, Inc. In the development of these methodologies, the Department, DMA, and NCCCN, Inc., shall consider options for shared risk. The Department and DMA shall provide assistance to NCCCN, Inc., in meeting the objectives of this section.

MEDICAID MANAGEMENT INFORMATION SYSTEM (MMIS) FUNDS/IMPLEMENTATION OF MMIS

SECTION 10.29.(a) By August 1, 2011, the Secretary of the Department of Health and Human Services shall provide detailed cost information on the replacement Medicaid Management Information System (MMIS) to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. This information shall include the following:

(1) The original total cost of MMIS, by year, to include five years of operations and maintenance.

(2) The current total cost of MMIS, to include five years of operations and maintenance.

(3) Detailed information on costs associated with each MMIS project, to include the original cost, the current cost, and the reasons for any changes.

(4) A list of change requests and amendments to the original contract, and the costs associated with each.

(5) Costs for continuing the legacy MMIS beyond the original completion date for the new MMIS, with detailed information on funding sources for those costs.

(6) Original costs for each vendor associated with the contract, the current costs for each, and the reasons for any increases in cost.

SECTION 10.29.(b) The Secretary may utilize prior year earned revenue received for the replacement MMIS in the amount of three million two hundred thirty-two thousand three hundred four dollars ($3,232,304) in fiscal year 2011-2012 and twelve million dollars ($12,000,000) in fiscal year 2012-2013. The Department shall utilize prior year earned revenues received for the procurement, design, development, and implementation of the replacement MMIS. In the event the Department does not receive prior year earned revenues in the amounts authorized by this section, or funds are insufficient to advance the project, the Department is authorized, with approval of the Office of State Budget and Management (OSBM), and after consulting with the Joint Legislative Commission on Governmental Operations, to utilize overrealized receipts and funds appropriated to the Department to achieve the level of funding specified in this section for the replacement MMIS. If the department requires funding beyond the prior year earned revenue specified in this section, the Department shall immediately report to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. The report shall include the following:

(1) The amount of the shortfall.

(2) The sources of funding the Department plans to use to make up for the shortfall.

(3) The impact on the programs or operations from which the funding is to be taken.

SECTION 10.29.(c) The Department shall make full development of the replacement MMIS a top priority. During the development and implementation of the replacement MMIS, the Department shall develop plans to ensure the timely and effective implementation of enhancements to the system to provide the following capabilities:

(1) Receiving and tracking premiums or other payments required by law.

(2) Compatibility with the Health Information System.

SECTION 10.29.(d) The Department shall make every effort to expedite the implementation of the enhancements. The contract between the Department and each contract vendor shall contain an explicit provision requiring the replacement MMIS to have the capability to fully implement the administration of NC Health Choice, NC Kids' Care, Ticket to Work, Families Pay Part of the Cost of Services under the CAP-MR/CC, CAP Children's Program, and all relevant Medicaid waivers and the Medicare 646 waiver as it applies to Medicaid eligibles. The Department must have detailed cost information for each requirement before signing the contract and must immediately provide that cost information to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. Any sole source contract must meet all State requirements and must have the written approval of the State CIO. Any decision to sole source any portion of the contract shall immediately be reported to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management.

SECTION 10.29.(e) The Office of the State Chief Information Officer (SCIO) and the Office of Information Technology Services (ITS) shall work in cooperation with the Department to ensure the timely and effective implementation of the replacement MMIS and enhancements. The SCIO shall ensure that the replacement MMIS meets all State requirements for project management and shall immediately report any failure to meet State project management requirements to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. The SCIO shall also immediately report if any replacement MMIS project, or portion of a project, is listed as red in the project portfolio management tool.

SECTION 10.29.(f) Notwithstanding G.S. 114-2.3, the Department shall engage the services of private counsel with pertinent information technology and computer law expertise to review requests for proposals and to negotiate and review contracts associated with the replacement MMIS. This shall include amendments exceeding ten million dollars ($10,000,000). The counsel engaged by the Department shall review the replacement MMIS contracts and amendments between the Department and the vendor to ensure that the requirements of subsection (d) of this section are met in their entirety, and that the terms of the contract are in the State's best interest.

SECTION 10.29.(g) By August 1, 2011, the Department shall develop a revised comprehensive schedule for the development and implementation of the replacement MMIS that fully incorporates federal and State project management and review standards. The Department shall ensure that the schedule is accurate. Any changes to the design, development, and implementation schedule shall be reported as part of the Department's monthly MMIS reporting requirements. The Department shall submit the schedule to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. This submission shall

include a detailed explanation of schedule changes that have occurred since the initiation of the project, and the cost associated with each change. Any changes to key milestones shall be immediately reported to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management, with a full explanation of the reason for the change and any associated costs.

SECTION 10.29.(h) Beginning July 1, 2011, the Department shall make quarterly reports on the progress of the development and implementation of the replacement MMIS. This report shall include any changes, or anticipated changes, in the scope, functionality, or projected costs. This report shall include any changes to any replacement MMIS vendor contracts and shall provide a detailed explanation of those changes and the associated cost increases. Each report shall be made to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on Health and Human Services, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management. A copy of the final report on each contract or amendment award shall also be submitted to the Joint Legislative Oversight Commission on Governmental Operations.

SECTION 10.29.(i) Upon initiation of the NC MMIS Program Reporting and Analytics Project, and the Division of Health Services Regulation Project, the Department shall submit all reports regarding functionality, schedule, and cost in the next regular cycle of reports identified in this section. The Department shall ensure that the solution developed in the Reporting and Analytics Project supports the capability, in its initial implementation, to interface with the State Health Plan for Teachers and State Employees. The costs for this capability shall be negotiated prior to the award of the Reporting and Analytics Project contract. The Reporting and Analytics Project solution must be completed simultaneously with the replacement MMIS.

NORTH CAROLINA FAMILIES ACCESSING SERVICES THROUGH TECHNOLOGY (NC FAST) FUNDS

SECTION 10.30. Of the funds appropriated in this act to the Department of Health and Human Services (Department), the nonrecurring sum of nine million five hundred ninety-two thousand three hundred thirty-two dollars ($9,592,332) for fiscal year 2011-2012 and the nonrecurring sum of nine million five hundred ninety-two thousand three hundred thirty-two dollars ($9,592,332) for fiscal year 2012-2013 shall be used to support the NC FAST project. These funds shall be (i) deposited to the Department's information technology budget code and (ii) used to match federal funds for the project. In addition, the Department shall utilize prior year earned revenues received in the amount of eight million seven hundred sixty-seven thousand six hundred ninety-six dollars ($8,767,696) in fiscal year 2011-2012 for the NC FAST project. Funds appropriated to the Department by this act shall be used to expedite the development and implementation of the Global Case Management and Food and Nutrition Services and the Eligibility Information System (EIS) components of the North Carolina Families Accessing Services through Technology (NC FAST) project. In the event that the Department does not receive prior year earned revenues in the amount authorized by this section, the Department is authorized, with approval of the Office of State Budget and Management, to utilize other overrealized receipts and funds appropriated to the Department to achieve the level of funding specified in this section for the NC FAST project. The Department shall not obligate any of its overrealized receipts or funds for this purpose without (i) prior written approval from the United States Department of Agriculture Food and Nutrition Service, the United States Department of Health and Human Services Administration for Children and Families, the Centers for Medicare and Medicaid Services, and any other federal partner responsible for approving changes to the annual Advance Planning Document update (APDu) for the NC FAST Program and (ii) prior review and approval from the Office of Information Technology Services (ITS) and the Office of State Budget and Management (OSBM). The Department shall report any changes to the NC FAST Program to the Joint Legislative Oversight Committee on Information Technology, the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human

Services, the House Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division not later than 30 days after receiving all the approvals required by this section.

MEDICAID

SECTION 10.31.(a) Use of Funds, Allocation of Costs, Other Authorizations. –

(1) Use of funds. – Funds appropriated in this act for services provided in accordance with Title XIX of the Social Security Act (Medicaid) are for both the categorically needy and the medically needy.

(2) Allocation of nonfederal cost of Medicaid. – The State shall pay one hundred percent (100%) of the nonfederal costs of all applicable services listed in this section. In addition, the State shall pay one hundred percent (100%) of the federal Medicare Part D clawback payments under the Medicare Modernization Act of 2004.

(3) Use of funds for development and acquisition of equipment and software. – If first approved by the Office of State Budget and Management, the Division of Medical Assistance, Department of Health and Human Services, may use funds that are identified to support the cost of development and acquisition of equipment and software and related operational costs through contractual means to improve and enhance information systems that provide management information and claims processing. The Department of Health and Human Services shall identify adequate funds to support the implementation and first year's operational costs that exceed funds allocated for the new contract for the fiscal agent for the Medicaid Management Information System.

(4) Reports. – Unless otherwise provided, whenever the Department of Health and Human Services is required by this section to report to the General Assembly, the report shall be submitted to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division of the Legislative Services Office. Reports shall be submitted on the date provided in the reporting requirement.

(5) Medicaid as secondary payor claims. – The Department shall apply Medicaid medical policy to recipients who have primary insurance other than Medicare, Medicare Advantage, and Medicaid. The Department shall pay an amount up to the actual coinsurance or deductible or both, in accordance with the State Plan, as approved by the Department of Health and Human Services. The Department may disregard application of this policy in cases where application of the policy would adversely affect patient care.

SECTION 10.31.(b) Policy. –

(1) Volume purchase plans and single source procurement. – The Department of Health and Human Services, Division of Medical Assistance, may, subject to the approval of a change in the State Medicaid Plan, contract for services, medical equipment, supplies, and appliances by implementation of volume purchase plans, single source procurement, or other contracting processes in order to improve cost containment.

(2) Cost-containment programs. – The Department of Health and Human Services, Division of Medical Assistance, may undertake cost-containment programs, including contracting for services, preadmissions to hospitals, and prior approval for certain outpatient surgeries before they may be performed in an inpatient setting.

(3) Fraud and abuse. – The Division of Medical Assistance, Department of Health and Human Services, shall provide incentives to counties that successfully recover fraudulently spent Medicaid funds by sharing State savings with counties responsible for the recovery of the fraudulently spent funds.

(4) Medical policy. – Unless required for compliance with federal law, the Department shall not change medical policy affecting the amount,

sufficiency, duration, and scope of health care services and who may provide services until the Division of Medical Assistance has prepared a five-year fiscal analysis documenting the increased cost of the proposed change in medical policy and submitted it for departmental review. If the fiscal impact indicated by the fiscal analysis for any proposed medical policy change exceeds three million dollars ($3,000,000) in total requirements for a given fiscal year, then the Department shall submit the proposed medical policy change with the fiscal analysis to the Office of State Budget and Management and the Fiscal Research Division. The Department shall not implement any proposed medical policy change exceeding three million dollars ($3,000,000) in total requirements for a given fiscal year unless the source of State funding is identified and approved by the Office of State Budget and Management. For medical policy changes exceeding three million dollars ($3,000,000) in total requirements for a given fiscal year that are required for compliance with federal law, the Department shall submit the proposed medical policy or policy interpretation change with the five-year fiscal analysis to the Office of State Budget and Management prior to implementing the change. The Department shall provide the Office of State Budget and Management and the Fiscal Research Division a quarterly report itemizing all medical policy changes with total requirements of less than three million dollars ($3,000,000).

(5) Posting of notices of changes on Department Web site. – For any public notice of change required pursuant to the provisions of 42 C.F.R. § 447.205, the Department shall, no later than seven business days after the date of publication, publish the same notice on its Web site on the same Web page as it publishes State Plan amendments, and the notice shall remain on the Web site continuously for 90 days.

(6) Electronic transactions. – Medicaid providers shall follow the Department's established procedures for securing electronic payments and the Department shall not provide routine provider payments by check. Medicaid providers shall file claims electronically, except that nonelectronic claims submission may be required when it is in the best interest of the Department. Medicaid providers shall submit Preadmission Screening and Annual Resident Reviews (PASARR) through the Department's Web-based tool or through a vendor with interface capability to submit data into the Web-based PASARR.

Providers shall submit requests for prior authorizations electronically via the vendor's Web site. Providers shall access their authorizations via online portals rather than receiving hard copies by mail. Recipients shall continue to receive adverse decisions via certified mail. Providers shall receive copies electronically. Once Web portal is live for provider enrollment, providers shall submit their provider enrollment applications online. Thereafter, the Department shall accept electronic signatures, rather than require receipt of signed hard copies.

SECTION 10.31.(c) Eligibility. – Eligibility for Medicaid shall be determined in accordance with the following:

(1) Medicaid and Work First Family Assistance. –

a. Income eligibility standards. – The maximum net family annual income eligibility standards for Medicaid and Work First Family Assistance and the Standard of Need for Work First Family Assistance shall be as follows:

CATEGORICALLY NEEDY – WFFA*		MEDICALLY NEEDY
Standard of Need & Families and Families and	WFFA*	Children &

Family Size	Children Income Level	Payment Level	AA, AB, AD* Income Level
1	$4,344	$2,172	$2,900
2	5,664	2,832	3,800
3	6,528	3,264	4,400
4	7,128	3,564	4,800
5	7,776	3,888	5,200
6	8,376	4,188	5,600
7	8,952	4,476	6,000
8	9,256	4,680	6,300

*Work First Family Assistance (WFFA); Aid to the Aged (AA); Aid to the Blind (AB); and Aid to the Disabled (AD).

b. The payment level for Work First Family Assistance shall be fifty percent (50%) of the standard of need. These standards may be changed with the approval of the Director of the Budget.

c. The Department of Health and Human Services shall provide Medicaid coverage to 19- and 20-year-olds in accordance with federal rules and regulations.

d. Medicaid enrollment of categorically needy families with children shall be continuous for one year without regard to changes in income or assets.

(2) For the following Medicaid eligibility classifications for which the federal poverty guidelines are used as income limits for eligibility determinations, the income limits will be updated each April 1 immediately following publication of federal poverty guidelines. The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to the following:

a. All elderly, blind, and disabled people who have incomes equal to or less than one hundred percent (100%) of the federal poverty guidelines.

b. Pregnant women with incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty guidelines and without regard to resources. Services to pregnant women eligible under this subsection continue throughout the pregnancy but include only those related to pregnancy and to those other conditions determined by the Department as conditions that may complicate pregnancy.

c. Infants under the age of one with family incomes equal to or less than two hundred percent (200%) of the federal poverty guidelines and without regard to resources.

d. Children aged one through five with family incomes equal to or less than two hundred percent (200%) of the federal poverty guidelines and without regard to resources.

e. Children aged six through 18 with family incomes equal to or less than one hundred percent (100%) of the federal poverty guidelines and without regard to resources.

f. Family planning services to men and women of childbearing age with family incomes equal to or less than one hundred eighty-five percent (185%) of the federal poverty guidelines and without regard to resources.

g. Workers with disabilities described in G.S. 108A-54.1 with unearned income equal to or less than one hundred fifty percent (150%) of the federal poverty guidelines.

(3) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to adoptive children with special or rehabilitative needs regardless of the adoptive family's income.

(4) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to "independent foster care

adolescents," ages 18, 19, and 20, as defined in section 1905(w)(1) of the Social Security Act (42 U.S.C. § 1396d(w)(1)), without regard to the adolescent's assets, resources, or income levels.

(5) ICF and ICF/MR work incentive allowances. – The Department of Health and Human Services may provide an incentive allowance to Medicaid-eligible recipients of ICF and ICF/MR services, who are regularly engaged in work activities as part of their developmental plan, and for whom retention of additional income contributes to their achievement of independence. The State funds required to match the federal funds that are required by these allowances shall be provided from savings within the Medicaid budget or from other unbudgeted funds available to the Department. The incentive allowances may be as follows:

Monthly Net Wages	**Monthly Incentive Allowance**
$1.00 to $100.99	Up to $50.00
$101.00 to $200.99	$80.00
$201.00 to $300.99	$130.00
$301.00 and greater	$212.00

(6) The Department of Health and Human Services, Division of Medical Assistance, shall provide Medicaid coverage to women who need treatment for breast or cervical cancer and who are defined in 42 U.S.C. § 1396a.(a)(10)(A)(ii)(XVIII).

SECTION 10.31.(d) Services and Payment Bases. – The Department shall spend funds appropriated for Medicaid services in accordance with the following schedule of services and payment bases. Unless otherwise provided, services and payment bases will be as prescribed in the State Plan as established by the Department of Health and Human Services and may be changed with the approval of the Director of the Budget.

The Department of Health and Human Services (DHHS) shall operate and manage the Medicaid program within the annual State appropriation. DHHS shall establish policies, practices, rates, and expenditure procedures that are in compliance with CMS regulations and approved State Plans, State laws, and regulations.

Additionally, the Department shall be required to use the Physician's Advisory Group for review and will collaborate with other stakeholder groups in the adoption and implementation of all clinical and payment policies, including all public notice and posting provisions in use as of the effective date of this provision.

(1) **Mandatory Services.** – In order to manage the Medicaid program within the annual State appropriation, the Secretary shall have the authority to submit State Plan amendments and establish temporary rules affecting the amount of service and payment rate for the following mandatory services:

a. Hospital inpatient. – Payment for hospital inpatient services will be prescribed by the State Plan as established by the Department of Health and Human Services.

b. Hospital outpatient. – Eighty percent (80%) of allowable costs or a prospective reimbursement plan as established by the Department of Health and Human Services.

c. Nursing facilities. – Nursing facilities providing services to Medicaid recipients who also qualify for Medicare must be enrolled in the Medicare program as a condition of participation in the Medicaid program. State facilities are not subject to the requirement to enroll in the Medicare program. Residents of nursing facilities who are eligible for Medicare coverage of nursing facility services must be placed in a Medicare-certified bed. Medicaid shall cover facility services only after the appropriate services have been billed to Medicare.

d. Physicians, certified nurse midwife services, nurse practitioners, physician assistants. – Fee schedules as developed by the Department of Health and Human Services.

e. EPSDT screens. – Payments in accordance with rate schedule developed by the Department of Health and Human Services.

f. Home health and related services, durable medical equipment. – Payments according to reimbursement plans developed by the Department of Health and Human Services.

g. Rural health clinical services. – Provider-based, reasonable cost, nonprovider-based, single-cost reimbursement rate per clinic visit.

h. Family planning. – Negotiated rate for local health departments. For other providers see specific services, e.g., hospitals, physicians.

i. Independent laboratory and X-ray services. – Uniform fee schedules as developed by the Department of Health and Human Services.

j. Medicare Buy-In. – Social Security Administration premium.

k. Ambulance services. – Uniform fee schedules as developed by the Department of Health and Human Services. Public ambulance providers will be reimbursed at cost.

l. Medicare crossover claims. – The Department shall apply Medicaid medical policy to Medicare claims for dually eligible recipients. The Department shall pay an amount up to the actual coinsurance or deductible or both, in accordance with the State Plan, as approved by the Department of Health and Human Services. The Department may disregard application of this policy in cases where application of the policy would adversely affect patient care.

m. Pregnancy-related services. – Covered services for pregnant women shall include nutritional counseling, psychosocial counseling, and predelivery and postpartum home visits as described in clinical policy.

n. Mental health services. – Coverage is limited to children eligible for EPSDT services provided by:

1. Licensed or certified psychologists, licensed clinical social workers, certified clinical nurse specialists in psychiatric mental health advanced practice, nurse practitioners certified as clinical nurse specialists in psychiatric mental health advanced practice, licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, licensed clinical addictions specialists, and certified clinical supervisors, when Medicaid-eligible children are referred by the Community Care of North Carolina primary care physician, a Medicaid-enrolled psychiatrist, or the area mental health program or local management entity, and

2. Institutional providers of residential services as defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and approved by the Centers for Medicare and Medicaid Services (CMS) for children and Psychiatric Residential Treatment Facility services that meet federal and State requirements as defined by the Department.

(2) **Optional Services.** – In order to manage the Medicaid program within the annual State appropriation, the Secretary shall have the authority to submit State Plan amendments and establish temporary rules affecting the amount of service, payment rate, or elimination of the following optional services:

a. Certified registered nurse anesthetists.

b. Community Alternative Programs.

c. Hearing aids. – Wholesale cost plus dispensing fee to provider.

d. Ambulatory surgical centers.

e. Private duty nursing, clinic services, prepaid health plans.

f. Intermediate care facilities for the mentally retarded.

g. Chiropractors, podiatrists, optometrists, dentists.

h. Dental coverage. – Dental services shall be provided on a restricted basis in accordance with criteria adopted by the Department to implement this subsection.

i. Optical supplies. – Payment for materials is made to a contractor in accordance with 42 C.F.R. § 431.54(d). Fees paid to dispensing providers are negotiated fees established by the State agency based on industry charges.

j. Physical therapy, occupational therapy, and speech therapy. – Services for adults. Payments are to be made only to qualified providers at rates negotiated by the Department of Health and Human Services.

k. Personal care services. – Payment in accordance with the State Plan developed by the Department of Health and Human Services.

l. Case management services. – Reimbursement in accordance with the availability of funds to be transferred within the Department of Health and Human Services.

m. Hospice and palliative care.

n. Medically necessary prosthetics or orthotics. – In order to be eligible for reimbursement, providers must be licensed or certified by the occupational licensing board or the certification authority having authority over the provider's license or certification. Medically necessary prosthetics and orthotics are subject to prior approval and utilization review.

o. Health insurance premiums.

p. Medical care/other remedial care. – Services not covered elsewhere in this section include related services in schools; health professional services provided outside the clinic setting to meet maternal and infant health goals.

q. Bariatric surgeries. – Covered as described in clinical policy 1A-15, Surgery for Clinically Severe Obesity. In order to raise the standard of bariatric care in North Carolina, approval for these procedures shall only be granted to those providers (facilities and surgeons) who are designated as a Bariatric Surgery Center of Excellence (BSCOE) by the American Society for Metabolic and Bariatric Surgery (ASMBS). Providers must then submit to NC Medicaid documentation of their designation as a BSCOE as well as verify their continued annual participation.

r. Drugs. –

1. Reimbursements. – Reimbursements shall be available for prescription drugs as allowed by federal regulations plus a professional services fee per month, excluding refills for the same drug or generic equivalent during the same month. Payments for drugs are subject to the provisions of this subdivision or in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. Payment of the professional services fee shall be made in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. The professional services fee shall be established by the Department. In addition to the professional services fee, the Department may pay an enhanced fee for pharmacy services.

2. Limitations on quantity. – The Department of Health and Human Services may establish authorizations, limitations, and reviews for specific drugs, drug classes, brands, or quantities in order to manage effectively the Medicaid program. The Department may impose prior authorization requirements on brand-name drugs for which the phrase "medically necessary" is written on the prescription.

3. Dispensing of generic drugs. – Notwithstanding G.S. 90-85.27 through G.S. 90-85.31, or any other law to the contrary, under the Medical Assistance Program (Title XIX

of the Social Security Act), and except as otherwise provided in this subsection for drugs listed in the narrow therapeutic index, a prescription order for a drug designated by a trade or brand name shall be considered to be an order for the drug by its established or generic name, except when the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary." An initial prescription order for a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand-name drugs. Notwithstanding this subdivision to the contrary, the Secretary of Health and Human Services may prevent substitution of a generic equivalent drug, including a generic equivalent that is on the State maximum allowable cost list, when the net cost to the State of the brand-name drug, after consideration of all rebates, is less than the cost of the generic equivalent. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act, as amended, 21 U.S.C. § 352(e)(3).

4. Specialty drug provider network. – The Department of Health and Human Services shall work with specialty drug providers, manufacturers of specialty drugs, Medicaid recipients who are prescribed specialty drugs, and the medical professionals that treat Medicaid recipients who are prescribed specialty drugs to develop ways to ensure that best practices and the prevention of overutilization are maintained in the delivery and utilization of specialty drugs.

5. Lock controlled substances prescriptions into single pharmacy/provider. – The Department of Health and Human Services, Division of Medical Assistance, shall lock Medicaid enrollees into a single pharmacy and provider when the Medicaid enrollee's utilization of selected controlled substance medications meets the lock-in criteria approved by the NC Physicians Advisory Group, as follows:

I. Enrollees may be prescribed selected controlled substance medications by only one prescribing physician and may not change the prescribing physician at any time without prior approval or authorization by the Division.

II. Enrollees may have prescriptions for selected controlled substance medications filled at only one pharmacy and may not change to another pharmacy at any time without prior approval or authorization by the Division.

5A. Prior authorization. – The Department of Health and Human Services, Division of Medical Assistance, may initiate prior authorization for the prescribing of drugs specified for the

treatment of mental illness by providers who fail to prescribe those drugs in accordance with indications and dosage levels approved by the federal Food and Drug Administration. The Department may require retrospective clinical justification for the use of multiple psychotropic drugs for a Medicaid patient. For individuals 18 years of age and under who are prescribed three or more psychotropic medications, the Department shall implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns. When such patterns are identified, the Medical Director for the Division of Medical Assistance and the Chief of Clinical Policy for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services shall require a peer-to-peer consultation with the target prescribers. Alternatives discussed during the peer-to-peer consultations shall be based upon:

I. Evidence-based criteria available regarding efficacy or safety of the covered treatments; and

II. Policy approval by a majority vote of the North Carolina Physicians Advisory Group (NCPAG).

The target prescriber has final decision-making authority to determine which prescription drug to prescribe or refill.

6. Preferred Drug List. – The Department of Health and Human Services shall establish and implement a preferred drug list program under the Division of Medical Assistance. Medications prescribed for the treatment of mental illness shall be included on the Preferred Drug List (PDL).

The pharmaceutical and therapeutics committee of the Physician's Advisory Group (PAG) shall provide ongoing review of the preferred drug list, including the implementation of prior authorization on identified drugs. Members of the committee shall submit conflict of interest disclosure statements to the Department and shall have an ongoing duty to disclose conflicts of interest not included in the original disclosure.

The Department, in consultation with the PAG, shall adopt and publish policies and procedures relating to the preferred drug list, including the following:

I. Guidelines for the presentation and review of drugs for inclusion on the preferred drug list.

II. The manner and frequency of audits of the preferred drug list for appropriateness of patient care and cost-effectiveness.

III. An appeals process for the resolution of disputes.

IV. Such other policies and procedures as the Department deems necessary and appropriate.

The Department and the pharmaceutical and therapeutics committee shall consider all therapeutic classes of prescription drugs for inclusion on the preferred drug list, except medications for treatment of human immunodeficiency virus or acquired immune deficiency syndrome shall not be subject to consideration for inclusion on the preferred drug list.

The Department shall maintain an updated preferred drug list in electronic format and shall make the list available to the public on the Department's Internet Web site.

The Department shall (i) enter into a multistate purchasing pool; (ii) negotiate directly with manufacturers or labelers; (iii) contract with a pharmacy benefit manager for

negotiated discounts or rebates for all prescription drugs under the medical assistance program; or (iv) effectuate any combination of these options in order to achieve the lowest available price for such drugs under such program.

The Department may negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the Social Security Act. The committee shall consider a product for inclusion on the preferred drug list if the manufacturer provides a supplemental rebate. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for supplemental rebates.

The Secretary of the Department of Health and Human Services shall establish a Preferred Drug List (PDL) Policy Review Panel within 60 days after the effective date of this section. The purpose of the PDL Policy Review Panel is to review the Medicaid PDL recommendations from the Department of Health and Human Services, Division of Medical Assistance, and the Physician Advisory Group Pharmacy and Therapeutics (PAG P&T) Committee.

The Secretary shall appoint the following individuals to the review panel: (i) the Director of Pharmacy for the Division of Medical Assistance, (ii) a representative from the PAG P&T Committee, (iii) a representative from the Old North State Medical Society, (iv) a representative from the North Carolina Association of Pharmacists, (v) a representative from Community Care of North Carolina, (vi) A representative from the North Carolina Psychiatric Association, (vii) A representative from the North Carolina Pediatric Society, (viii) A representative from the North Carolina Academy of Family Physicians, (ix) a representative from the North Carolina Chapter of the American College of Physicians, (x) a representative from a research-based pharmaceutical company, (xi) a representative from a hospital-based pharmacy.

Individuals appointed to the Review Panel, except for the Division's Director of Pharmacy, shall only serve a two-year term.

After the Department, in consultation with the PAG P&T Committee, publishes a proposed policy or procedure related to the Medicaid PDL, the Review Panel shall hold an open meeting to review the recommended policy or procedure along with any written public comments received as a result of the posting. The Review Panel shall provide an opportunity for public comment at the meeting. After the conclusion of the meeting, the Review Panel shall submit policy recommendations about the proposed Medicaid PDL policy or procedure to the Secretary.

The Department may establish a Preferred Drug List for the North Carolina Health Choice for Children program and pursue negotiated discounts or rebates for all prescription drugs under the program in order to achieve the lowest available price for such drugs under such program. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for these discounts or rebates. The PAG P&T Committee and Preferred Drug List Policy Review Panel will provide recommendations on policies and procedures for the NC Health Choice Preferred Drug List.

s. Incentive Payments as outlined in the State Medicaid Health Information Plan for Electronic Health Records.

t. Other mental health services. – Unless otherwise covered by this section, coverage is limited to the following:

1. Services as established by the Division of Medical Assistance in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and approved by the Centers for Medicare and Medicaid Services (CMS) when provided in agencies meeting the requirements and reimbursement is made in accordance with a State Plan developed by the Department of Health and Human Services not to exceed the upper limits established in federal regulations.

2. For Medicaid-eligible adults, services provided by licensed or certified psychologists, licensed clinical social workers, certified clinical nurse specialists in psychiatric mental health advanced practice, and nurse practitioners certified as clinical nurse specialists in psychiatric mental health advanced practice, licensed psychological associates, licensed professional counselors, licensed marriage and family therapists, certified clinical addictions specialists, and licensed clinical supervisors, Medicaid-eligible adults may be self-referred.

3. Payments made for services rendered in accordance with this subdivision shall be qualified providers in accordance with approved policies and the State Plan. Nothing in sub-sub-subdivisions 1. or 2. of this sub-subdivision shall be interpreted to modify the scope of practice of any service provider, practitioner, or licensee, nor to modify or attenuate any collaboration or supervision requirement related to the professional activities of any service provider, practitioner, or licensee. Nothing in sub-sub-subdivisions 1. or 2. of this sub-subdivision shall be interpreted to require any private health insurer or health plan to make direct third-party reimbursements or payments to any service provider, practitioner, or licensee.

Notwithstanding G.S. 150B-21.1(a), the Department of Health and Human Services may adopt temporary rules in accordance with Chapter 150B of the General Statutes further defining the qualifications of providers and referral procedures in order to implement this subdivision. Coverage policy for services established by the Division of Medical Assistance in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services under sub-subdivisions a. and b.2. of this subdivision shall be established by the Division of Medical Assistance.

u. Experimental/investigational medical procedures. – Coverage is limited to services, supplies, drugs, or devices recognized as standard medical care for the condition, disease, illness, or injury being treated as determined by nationally recognized scientific professional organizations or scientifically based federal organizations such as the Food and Drug Administration, the National Institutes of Health, the Centers for Disease Control, or the Agency for Health Care Research and Quality.

v. Clinical trials. – The Division of Medical Assistance shall develop clinical policy for the coverage of routine costs in clinical trial services for life-threatening conditions using resources such as coverage criteria from Medicare, NC State Health Plan, and the input of the Physician Advisory Group.

w. Organ transplants.

(3) Never Events and Hospital Acquired Conditions (HACs) shall not be reimbursed. Medicaid will adhere to Medicare requirements for definition of events and conditions.

SECTION 10.31.(e) Provider Performance Bonds and Visits. –

(1) Subject to the provisions of this subdivision, the Department may require Medicaid-enrolled providers to purchase a performance bond in an amount not to exceed one hundred thousand dollars ($100,000) naming as beneficiary the Department of Health and Human Services, Division of Medical Assistance, or provide to the Department a validly executed letter of credit or other financial instrument issued by a financial institution or agency honoring a demand for payment in an equivalent amount. The Department may require the purchase of a performance bond or the submission of an executed letter of credit or financial instrument as a condition of initial enrollment, reenrollment, or reinstatement if:

a. The provider fails to demonstrate financial viability.

b. The Department determines there is significant potential for fraud and abuse.

c. The Department otherwise finds it is in the best interest of the Medicaid program to do so.

The Department shall specify the circumstances under which a performance bond or executed letter of credit will be required.

(1a) The Department may waive or limit the requirements of this subsection for individual Medicaid-enrolled providers or for one or more classes of Medicaid-enrolled providers based on the following:

a. The provider's or provider class's dollar amount of monthly billings to Medicaid.

b. The length of time an individual provider has been licensed, endorsed, certified, or accredited in this State to provide services.

c. The length of time an individual provider has been enrolled to provide Medicaid services in this State.

d. The provider's demonstrated ability to ensure adequate record keeping, staffing, and services.

e. The need to ensure adequate access to care.

In waiving or limiting requirements of this subsection, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department shall provide to the affected provider written notice of the findings upon which its action is based and shall include the performance bond requirements and the conditions under which a waiver or limitation apply. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

(2) Reimbursement is available for up to 30 visits per recipient per fiscal year for the following professional services: physicians, nurse practitioners, nurse midwives, physician assistants, clinics, health departments, optometrists, chiropractors, and podiatrists. The Department of Health and Human Services shall adopt medical policies in accordance with G.S. 108A-54.2 to distribute the allowable number of visits for each service or each group of services consistent with federal law. In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room visits, and mental health visits subject to independent utilization review are exempt from the visit limitations contained in this subdivision. Subject to appropriate medical review, the Department may authorize exceptions when additional care is medically necessary. Routine or maintenance visits above the established visit limit will not be covered unless necessary to actively

manage a life threatening disorder or as an alternative to more costly care options.

SECTION 10.31.(f) Exceptions and Limitations on Services; Authorization of Co-Payments and Other Services. –

(1) Exceptions to service limitations, eligibility requirements, and payments. – Service limitations, eligibility requirements, and payment bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver or innovation projects will result in a reduction in the total Medicaid costs.

(2) Co-payment for Medicaid services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation.

(3) Provider enrollment fee. – Effective September 1, 2009, the Department of Health and Human Services, Division of Medical Assistance, shall charge an enrollment fee of one hundred dollars ($100.00), or the amount federally required, to each provider enrolling in the Medicaid program for the first time. The fee shall be charged to all providers at recredentialing every three years.

SECTION 10.31.(g) Rules, Reports, and Other Matters. –

Rules. – The Department of Health and Human Services may adopt temporary or emergency rules according to the procedures established in G.S. 150B-21.1 and G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse. The Department of Health and Human Services shall adopt rules requiring providers to attend training as a condition of enrollment and may adopt temporary or emergency rules to implement the training requirement.

Prior to the filing of the temporary or emergency rules authorized under this subsection with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

MEDICAID PROVIDER ASSESSMENTS

SECTION 10.31A. The Secretary of Health and Human Services may implement a Medicaid assessment program for any willing provider category allowed under federal regulations up to the maximum percentage allowed by federal regulation. The Department may retain up to sixty-five percent (65%) of the amount from an assessment program implemented after December 31, 2010, that can be used by the Department to support Medicaid expenditures. Any assessment funds not retained by the Department shall be used to draw federal Medicaid matching funds for implementing increased rates or new reimbursement plans for each provider category being assessed.

Receipts from the assessment program are hereby appropriated for the 2011-2012 fiscal year and the 2012-2013 fiscal year for the purposes set out in this section.

DMA CONTRACT SHORTFALL

SECTION 10.32.(a) Budget approval is required by the Office of State Budget and Management prior to the Department of Health and Human Services, Division of Medical Assistance, entering into any new contract or the renewal or amendment of existing contracts that exceed the current contract amounts.

SECTION 10.32.(b) The Division of Medical Assistance shall make every effort to effect savings within its operational budget and use those savings to offset its contract shortfall. Notwithstanding G.S. 143C-6-4(b)(3), the Department may use funds appropriated in this act to cover the contract shortfall in the Division of Medical Assistance if insufficient funds exist within the Division.

MEDICAID COST CONTAINMENT ACTIVITIES

SECTION 10.33.(a) The Department of Health and Human Services may use up to five million dollars ($5,000,000) in the 2011-2012 fiscal year and up to five million dollars ($5,000,000) in the 2012-2013 fiscal year in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, funding pilot programs, Health Information Exchange and Health Information Technology (HIE/HIT) administrative activities, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost containment programs.

Medicaid cost containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic-stripped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost containment activity and documentation of the amount of savings expected to be realized from the cost containment activity.

SECTION 10.33.(b) The Department shall report annually on the expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The report shall include the methods used to achieve savings and the amount saved by these methods. The report is due to the House and Senate Appropriations Subcommittees on Health and Human Services and the Fiscal Research Division not later than December 1 of each year for the activities of the previous State fiscal year.

MEDICAID SPECIAL FUND TRANSFER

SECTION 10.34. Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143C-9-1, there is appropriated from the Medicaid Special Fund to the Department of Health and Human Services the sum of forty-three million dollars ($43,000,000) for the 2011-2012 fiscal year and the sum of forty-three million dollars ($43,000,000) for the 2012-2013 fiscal year. These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act. The Department may also use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share Hospital payment audit issues between the Department of Health and Human Services and the federal government related to fiscal years 1997-2002, and funds are appropriated from the Fund for the 2011-2012 fiscal year for this purpose.

ACCOUNTING FOR MEDICAID RECEIVABLES AS NONTAX REVENUE

SECTION 10.35.(a) Receivables reserved at the end of the 2011-2012 and 2012-2013 fiscal years shall, when received, be accounted for as nontax revenue for each of those fiscal years.

SECTION 10.35.(b) For the 2011-2012 fiscal year, the Department of Health and Human Services shall deposit from its revenues one hundred fifteen million dollars ($115,000,000) with the Department of State Treasurer to be accounted for as nontax revenue. For the 2012-2013 fiscal year, the Department of Health and Human Services shall deposit from its revenues one hundred fifteen million dollars ($115,000,000) with the Department of State Treasurer to be accounted for as nontax revenue. These deposits shall represent the return of General Fund appropriations, nonfederal revenue, fund balances or other resources from State owned and operated hospitals which are used to provide indigent and non-indigent care services. The return from State owned and operated hospitals to DHHS will be made from nonfederal resources in an amount equal to the amount of the payments from the Division of Medical Assistance for uncompensated care. The treatment of any revenue derived from federal

programs shall be in accordance with the requirements specified in the Code of Federal Regulations, Title 2, Part 225.

FAMILIES PAY PART OF THE COST OF SERVICES UNDER THE CAP-MR/DD PROGRAM AND THE CAP-CHILDREN'S PROGRAM BASED ON FAMILY INCOME

SECTION 10.36.(a) Subject to approval from the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical Assistance, shall, in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and Community Alternatives Program (CAP) stakeholders, develop a schedule of cost-sharing requirements for families of children with incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation and Developmentally Disabled) and the CAP-C (Community Alternatives Program for Children). The cost-sharing amounts shall be based on a sliding scale of family income and shall take into account the impact on families with more than one child in the CAP programs. In developing the schedule, the Department shall also take into consideration how other states have implemented cost-sharing in their CAP programs. The Division of Medical Assistance may establish monthly deductibles as a means of implementing this cost-sharing. The Department shall provide for at least one public hearing and other opportunities for individuals to comment on the imposition of cost-sharing under the CAP program schedule.

SECTION 10.36.(b) The Division of Medical Assistance shall also, in collaboration with the Controller's Office of the Department of Health and Human Services, the Division of Information Resource Management (DIRM), and the new vendor of the replacement Medicaid Management Information System, develop business rules, program policies, and procedures and define relevant technical requirements.

SECTION 10.36.(c) Implementation of this provision shall be delayed until the implementation of the new Medicaid Management Information System.

AUTHORIZE THE DIVISION OF MEDICAL ASSISTANCE TO TAKE CERTAIN STEPS TO EFFECTUATE COMPLIANCE WITH BUDGET REDUCTIONS IN THE MEDICAID PROGRAM

SECTION 10.37.(a) The Department of Health and Human Services, Division of Medical Assistance, may take the following actions, notwithstanding any other provision of this act or other State law or rule to the contrary:

(1) In-Home Care provision. – In order to enhance in-home aide services to Medicaid recipients, the Department of Health and Human Services, Division of Medical Assistance, shall:

a. No longer provide services under PCS and PCS-Plus the later of January 1, 2012, or whenever CMS approves the elimination of the PCS and PCS-Plus programs and the implementation of the following two new services:

1. In-Home Care for Children (IHCC). – Services to assist families to meet the in-home care needs of children, including those individuals under the age of 21 receiving comprehensive and preventive child health services through the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

2. In-Home Care for Adults (IHCA). – Services to meet the eating, dressing, bathing, toileting, and mobility needs of individuals 21 years of age or older who, because of a medical condition, disability, or cognitive impairment, demonstrate unmet needs for, at a minimum (i) three of the five qualifying activities of daily living (ADLs) with limited hands-on assistance; (ii) two ADLs, one of which requires extensive assistance; or (iii) two ADLs, one of which requires assistance at the full dependence level. The five qualifying ADLs are eating, dressing, bathing, toileting, and mobility.

IHCA shall serve individuals at the highest level of need for in-home care who are able to remain safely in the home.

b. Establish, in accordance with G.S. 108A-54.2, a Medical Coverage Policy for each of these programs to include:
   1. For IHCC, up to 60 hours per month in accordance with an assessment conducted by DMA or its designee and a plan of care developed by the service provider and approved by DMA or its designee. Additional hours may be authorized when the services are required to correct or ameliorate defects and physical and mental illnesses and conditions in this age group, as defined in 42 U.S.C. § 1396d(r)(5), in accordance with a plan of care approved by DMA or its designee.
   2. For IHCA, up to 80 hours per month in accordance with an assessment conducted by DMA or its designee and a plan of care developed by the service provider and approved by DMA or its designee.

c. Implement the following program limitations and restrictions to apply to both IHCC and IHCA:
   1. Additional services to children required under federal EPSDT requirements shall be provided to qualified recipients in the IHCC Program.
   2. Services shall be provided in a manner that supplements, rather than supplants, family roles and responsibilities.
   3. Services shall be authorized in amounts based on assessed need of each recipient, taking into account care and services provided by the family, other public and private agencies, and other informal caregivers who may be available to assist the family. All available resources shall be utilized fully, and services provided by such agencies and individuals shall be disclosed to the DMA assessor.
   4. Services shall be directly related to the hands-on assistance and related tasks to complete each qualifying ADL in accordance with the IHCC or IHCA assessment and plan of care, as applicable.
   5. Services provided under IHCC and IHCA shall not include household chores not directly related to the qualifying ADLs, nonmedical transportation, financial management, and non-hands-on assistance such as cueing, prompting, guiding, coaching, or babysitting.
   6. Essential errands that are critical to maintaining the health and welfare of the recipient may be approved on a case-by-case basis by the DMA assessor when there is no family member, other individual, program, or service available to meet this need. Approval, including the amount of time required to perform this task, shall be documented on the recipient's assessment form and plan of care.

d. Utilize the following process for admission to the IHCC and IHCA programs:
   1. The recipient shall be seen by his or her primary or attending physician, who shall provide written authorization for referral for the service and written attestation to the medical necessity for the service.
   2. All assessments for admission to IHCC and IHCA, continuation of these services, and change of status reviews for these services shall be performed by DMA or its designee. The DMA designee may not be an owner of a provider business or provider of in-home or personal care services of any type.

3. DMA or its designee shall determine and authorize the amount of service to be provided on a "needs basis," as determined by its review and findings of each recipient's degree of functional disability and level of unmet needs for hands-on personal assistance in the five qualifying ADLs.

e. Take all appropriate actions to manage the cost, quality, program compliance, and utilization of services provided under the IHCC and IHCA programs, including, but not limited to:

1. Priority independent reassessment of recipients before the anniversary date of their initial admission or reassessment for those recipients likely to qualify for the restructured IHCC and IHCA programs.
2. Priority independent reassessment of recipients requesting a change of service provider.
3. Targeted reassessments of recipients prior to their anniversary dates when the current provider assessment indicates they may not qualify for the program or for the amount of services they are currently receiving.
4. Targeted reassessment of recipients receiving services from providers with a history of program noncompliance.
5. Provider desk and on-site reviews and recoupment of all identified overpayments or improper payments.
6. Recipient reviews, interviews, and surveys.
7. The use of mandated electronic transmission of referral forms, plans of care, and reporting forms.
8. The use of mandated electronic transmission of uniform reporting forms for recipient complaints and critical incidents.
9. The use of automated systems to monitor, evaluate, and profile provider performance against established performance indicators.
10. Establishment of rules that implement the requirements of 42 C.F.R. § 441.16.

f. Time line for implementation of new IHCC and IHCA programs.

1. Subject to approvals from CMS, DMA shall make every effort to implement the new IHCC and IHCA programs by January 1, 2013.
2. DMA shall ensure that individuals who qualify for the IHCC and IHCA programs shall not experience a lapse in service and, if necessary, shall be admitted on the basis of their current provider assessment when an independent reassessment has not yet been performed and the current assessment documents that the medical necessity requirements for the IHCC or IHCA program, as applicable, have been met.
3. Prior to the implementation date of the new IHCC and IHCA programs, all recipients in the PCS and PCS-Plus programs shall be notified pursuant to 42 C.F.R. § 431.220(b) and discharged, and the Department shall no longer provide services under the PCS and PCS-Plus programs, which shall terminate. Recipients who qualify for the new IHCC and IHCA programs shall be admitted and shall be eligible to receive services immediately.

(2) Clinical coverage. – The Department of Health and Human Services, Division of Medical Assistance, shall amend applicable clinical policies and submit applicable State Plan amendments to Centers for Medicare and Medicaid Services (CMS) to implement the budget reductions authorized in the following clinical coverage areas in this act:

a. Eliminate or limit adult physical therapy, occupational therapy, and speech therapy visits to three visits per calendar year.

(3) MH/DD/SAS personal care and personal assistance services provision. – A denial, reduction, or termination of Medicaid-funded personal care services or in-home care services shall result in a similar denial, reduction, or termination of State-funded MH/DD/SAS personal care and personal assistance services.

(4) Community Support Team. – Authorization for a Community Support Team shall be based upon medical necessity as defined by the Department and shall not exceed 18 hours per week.

(5) MH residential. – The Department of Health and Human Services shall restructure the Medicaid child mental health, developmental disabilities, and substance abuse residential services to ensure that total expenditures are within budgeted levels. All restructuring activities shall be in compliance with federal and State law or rule. The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services shall establish a team inclusive of providers, LMEs, and other stakeholders to assure effective transition of recipients to appropriate treatment options. The restructuring shall address all of the following:

a. Submission of the therapeutic family service definition to CMS.

b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.

c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing endorsement and nationally accrediting requirements. In the interim, providers who are nationally accredited will be preferred providers for placement considerations.

d. Before a child can be admitted to Level III or Level IV placement, an assessment shall be completed to ensure the appropriateness of placement, and one or more of the following shall apply:

1. Placement shall be a step down from a higher level placement such as a psychiatric residential treatment facility or inpatient facility.

2. Multisystemic therapy or intensive in-home therapy services have been unsuccessful.

3. The Child and Family Team has reviewed all other alternatives and recommendations and recommends Level III or Level IV placement due to maintaining health and safety.

4. Transition or discharge plan shall be submitted as part of the initial or concurrent request.

e. Length of stay is limited to no more than 120 days. Any exceptions granted will require (i) for non-CABHAs, an independent psychological or psychiatric assessment, (ii) for CABHAs, a psychological or psychiatric assessment that may be completed by the CABHA, and (iii) for both, a Child and Family Team review of goals and treatment progress, that family or discharge placement setting are actively engaged in treatment goals and objectives, and active participation of the prior authorization of vendor.

f. Submission of discharge plan is required in order for the request for authorization for Level III or Level IV services to be considered complete, but the authorization approval is not conditional upon the receipt of the signature of the system of care coordinator. The LME will designate appropriate individuals who can sign the discharge plan within 24 hours of receipt of the discharge plan. Failure to submit a complete discharge plan will result in the request being returned as unable to process.

g. Any residential provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.

h. Record maintenance is the responsibility of the provider and must be in compliance with record retention requirements. Records shall also be available to State, federal, and local agencies.

i. Failure to comply with notification, recipient transition planning, or record maintenance shall be grounds for withholding payment until such activity is concluded. In addition, failure to comply shall be conditions that prevent enrollment for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.

(6) Reduce Medicaid rates. – Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce Medicaid provider rates to accomplish the reduction in funds for this purpose enacted in this act. The reductions authorized by this subdivision are subject to the following additional limitations:

a. The Secretary of Health and Human Services shall reduce Medicaid provider rates for all Medicaid providers by an annualized three percent (3%) except as follows:

1. Physician services. – The provider rate for physicians shall not be reduced.

2. Hospital inpatient services. – The provider rate for inpatient hospital services shall be reduced in the aggregate by an annualized amount not to exceed nine and six-tenths percent (9.6%). The provider rates for non-State-owned free standing psychiatric and rehabilitation hospitals are not included in this exception.

3. The Secretary shall consider the impact on access to care through primary care providers and critical access hospitals and may adjust the rates accordingly. Medicaid rates predicated on Medicare fee schedules shall follow Medicare reductions but not Medicare increases unless federally required.

4. Exceptions for certain providers. – The rate reduction applies to all Medicaid private and public providers with the following exceptions:

I. Federally qualified health centers.
II. Rural health centers.
III. State institutions.
IV. Hospital outpatient.
V. Pharmacies.
VI. The State Public Health Laboratory.
VII. The noninflationary components of the case-mix reimbursement system for nursing facilities.

5. Notwithstanding any other provision of law, no inflationary increases shall be made to Medicaid provider rates during the 2011-2013 fiscal biennium, except that inflationary increases for health care providers paying provider fees or assessments may occur if the State share of the increases can be funded with provider fees or assessments.

b. The rate reductions required by this section shall take effect in accordance with the following schedule:

1. On or Before October 1, 2011. – The provider rate reductions required by sub-subdivision a. of this sub-subdivision shall take effect on or before October 1, 2011. However, the reductions shall be adjusted by a percentage sufficient to yield savings as if the reductions had taken effect on July 1, 2011.
2. July 1, 2012. – On July 1, 2012, the provider rate reductions required by sub-sub-subdivision a.2. of this sub-subdivision and any other rate reductions implemented pursuant to sub-subdivision a. of this subdivision, but not implemented by July 1, 2011, shall be adjusted to the level at which they would have been without the adjustment required by sub-sub-subdivision 1. of this sub-subdivision.

c. No other adjustments to the provider rates or payment methodologies shall be made for physician services, critical access hospital services, hospital inpatient services or hospital outpatient services, non-State-owned free standing psychiatric and rehabilitation hospitals, and adult care homes except as provided in sub-subdivision a. of this subdivision and except as authorized by Section 10.47(d) of this act.

(7) Medicaid identification cards. – The Department shall issue Medicaid identification cards to recipients on an annual basis with updates as needed.

(8) The Department of Health and Human Services shall develop a plan for the consolidation of case management services utilizing CCNC. The plan shall address the time line and process for implementation, the identification of savings, and the Medicaid recipients affected by the consolidation. Consolidation under this subdivision does not apply to HIV case management. By December 1, 2012, the Department shall report on the plan to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

(9) For the purpose of promoting cost-effective utilization of outpatient mental health services for children, DMA shall require prior authorization for services following the 16th visit.

(10) Provision of Medicaid Private Duty Nursing (PDN). – DMA shall change the Medicaid Private Duty Nursing program provided under the State Medicaid Plan, as follows:

a. Restructure the current PDN program to provide services that are:
1. Provided only to qualified recipients under the age of 21.
2. Authorized by the recipient's primary care or attending physician.
3. Limited to 16 hours of service per day, unless additional services are required to correct or ameliorate defects and physical and mental illnesses and conditions as defined in 42 U.S.C. § 1396d(r)(5).
4. Approved, based on an initial assessment and continuing need reassessments performed by an Independent Assessment Entity (IAE) that does not provide PDN services, and authorized in amounts that are medically necessary based on the recipient's medical condition, amount of family assistance available, and other relevant conditions and circumstances, as defined by the Medicaid Clinical Coverage Policy for this service.
5. Provided in accordance with a plan of care approved by DMA or its designee.

b. Develop and submit to CMS a 1915(c) Home and Community Based Services Waiver for individuals dependent on technology to substitute for a vital body function.

c. Once approved by CMS and upon approval of the Medicaid Clinical Coverage Policy, transition all qualified recipients age 21 and older currently receiving PDN to waiver services provided under the Technology Dependent Waiver.

(11) Medicaid service modifications and eliminations. – Subject to the prior approval of the Centers for Medicare and Medicaid Services where required, the Division of Medical Assistance shall make the following eliminations of or modifications to Medicaid services:

a. Optical. –
   1. Eliminate adult routine eye exams. Eye exams shall be restricted to cases in which a specific optical problem exists.
   2. Eliminate optical services and supplies.

b. Durable medical equipment. – The Department may adjust the rate paid for incontinence supplies or reduce cost through a negotiated single source contract with a manufacturer for incontinence supply procurement, notwithstanding any other provision of law. The contract shall provide that suppliers may use the contract but are also free to take advantage of better prices available elsewhere. The Department may effectuate any combination of these options in order to achieve the lowest available cost for incontinence supply procurement.

c. Specialized therapies. – For evaluations, reevaluations, as well as physical, occupational, speech, respiratory, and audiological services, reduce the maximum number of allowable services by one per year.

d. Home health. – Restrict usage of the miscellaneous T199 code. All billing must be for a specific service.

e. Pregnancy Home Model Initiative.

f. Dental. –
   1. Eliminate composite fillings for back teeth fillings.
   2. Limit the number of surfaces that can be filled to four per tooth.
   3. Limit frequency of scaling and replaning to once every two years.
   4. Raise the threshold for eligibility for replaning to 5mm from 4mm.
   5. Eliminate cast dentures for partial dentures only and replace with acrylic dentures. Change the frequency of replacement from every 10 years to every eight years.
   6. Require prior authorization for oral excision of gum tissue.
   7. Beginning the 2012-2013 fiscal year, limit adult dental to emergency and pregnant women only.

g. Miscellaneous. –
   1. Restrict usage of evaluation and management billing as well as of unlisted codes and strengthen supporting documentation requirements. Billing shall use specific service codes for specific services as a prerequisite to reimbursement.
   2. Restrict circumcision coverage to medically necessary procedures.
   3. Utilize Bloodhound, Inc., software, or comparable software, to examine billing codes that are duplicative or inconsistent with evidence-based practices.
   4. Require prior authorization for back surgery for selective diagnoses and require that all other therapies have been exhausted prior to granting authorization.
   5. Require prior authorization for capsule endoscopy but not traditional endoscopy.
   6. Require prior authorization for selected medical procedures and services, including elective cardiac procedures, chronic pain management, and related procedures.

7. Negotiate a single source contract for genetic testing, notwithstanding any other provision of law.
8. Limit outpatient specialized therapies to three visits a year.
9. Eliminate H Codes, provisionally licensed MH billing, and reduce service limits.
10. Eliminate podiatry, except for diabetes.
11. Eliminate adult physical therapy, occupational therapy, and speech therapy.
12. Reduce nursing homes ceiling to one hundred percent (100%).
13. Eliminate respiratory therapy.
14. Eliminate chiropractic services.
15. Eliminate home infusion therapy.
16. Eliminate over-the-counter drugs.

The modifications and eliminations under sub-sub-subdivisions g.8. through g.14. become effective in the 2012-2013 fiscal year. The eliminations under sub-sub-subdivisions g.15. and g.16. become effective in the 2011-2012 fiscal year.

SECTION 10.37.(b) At least 30 days prior to the adoption of new or amended medical coverage policies necessitated by the reductions to the Medicaid program enacted in this act, the Department shall:

(1) Publish the proposed new or amended medical coverage policies via the Medicaid Bulletin published on the Department's Web site, which shall include an invitation to readers to send written comments on the proposed new or amended policies to the Department's mailing address, including e-mail.
(2) Notify via direct mail the members of the Physician Advisory Group (PAG) of the proposed policies.
(3) Update the policies published on the Web site to reflect any changes made as a result of written comments received from the PAG and others.
(4) Provide written notice to recipients about changes in policy.

SECTION 10.37.(c) The Department of Health and Human Services shall not implement any actions directed by this act if the Department determines that such actions would jeopardize the receipt of federal funds appropriated or allocated to the Department.

MEDICAID WAIVER FOR ASSISTED LIVING

SECTION 10.38.(a) The Department of Health and Human Services, Division of Medical Assistance (Division), shall develop and implement a home- and community-based services program under Medicaid State Plan 1915(i) authority in order to continue Medicaid funding of personal care services to individuals living in adult care homes. Providers who do not accept reimbursement for residents' personal care services through Medicaid or do not accept reimbursement through the State-County Special Assistance program shall not be subject to the provisions, requirements, or conditions of the Medicaid waiver pursuant to this section.

SECTION 10.38.(b) The Division shall implement the program upon approval of the application by the Centers for Medicare and Medicaid Services.

SECTION 10.38.(c) On or before April 1, 2012, the Division shall provide a report on the status of approval and implementation of the program to the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division.

PROGRAM INTEGRITY

SECTION 10.39. In order to ensure all claims presented by a provider for payment by the Department of Health and Human Services meet the Department's medical necessity criteria and all other applicable Medicaid, Health Choice, or other federal or State documentation requirements, a provider may be required to undergo prepayment claims review by DHHS. Claims reviews conducted pursuant to this section shall be in accordance with the

provisions of the Patient Protection and Affordable Care Act, P.L. 111-148, and any implementing regulations.

TRANSFER TO OFFICE OF ADMINISTRATIVE HEARINGS

SECTION 10.40. From funds available to the Department of Health and Human Services (Department) for the 2011-2012 fiscal year, the sum of one million dollars ($1,000,000), and for the 2012-2013 fiscal year the sum of one million dollars ($1,000,000), shall be transferred by the Department of Health and Human Services to the Office of Administrative Hearings (OAH). These funds shall be allocated by the OAH for mediation services provided for Medicaid applicant and recipient appeals and to contract for other services necessary to conduct the appeals process. OAH shall continue the Memorandum of Agreement (MOA) with the Department for mediation services provided for Medicaid recipient appeals and contracted services necessary to conduct the appeals process. The MOA will facilitate the Department's ability to draw down federal Medicaid funds to support this administrative function. Upon receipt of invoices from OAH for covered services rendered in accordance with the MOA, the Department shall transfer the federal share of Medicaid funds drawn down for this purpose.

NC HEALTH CHOICE

SECTION 10.41.(a) G.S. 108A-54.3 is amended by adding a new subdivision to read:

"**§ 108A-54.3. Procedures for changing medical policy.**

The Department shall develop, amend, and adopt medical coverage policy in accordance with the following:

...

(5) Any changes in medical policy that require an amendment to the Health Choice State Plan will be submitted by the Department upon approval of the proposed policy."

SECTION 10.41.(b) G.S. 108A-70.21(b) reads as rewritten:

"(b) Benefits. – All health benefits changes of the Program shall meet the coverage requirements set forth in this subsection. Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under ~~the Predecessor Plan.~~ North Carolina Medicaid Program except for the following:

(1) No services for long-term care.

(2) No nonemergency medical transportation.

(3) No EPSDT.

(4) Dental services shall be provided on a restricted basis in accordance with criteria adopted by the Department to implement this subsection.

In addition to the benefits provided under the ~~Predecessor Plan,~~ North Carolina Medicaid Program, the following services and supplies are covered under the Health Insurance Program for Children established under this Part:

~~(1) Oral examinations, teeth cleaning, and topical fluoride treatments twice during a 12-month period, full mouth X-rays once every 60 months, supplemental bitewing X-rays showing the back of the teeth once during a 12-month period, sealants, extractions, other than impacted teeth or wisdom teeth, therapeutic pulpotomies, space maintainers, root canal therapy for permanent anterior teeth and permanent first molars, prefabricated stainless steel crowns, and routine fillings of amalgam or other tooth-colored filling material to restore diseased teeth.~~

~~(1a) Orthognathic surgery to correct functionally impairing malocclusions when orthodontics was approved and initiated while the child was covered by Medicaid and the need for orthognathic surgery was documented in the orthodontic treatment plan.~~

(2) Vision: Scheduled routine eye examinations once every 12 months, eyeglass lenses or contact lenses once every 12 months, routine replacement of eyeglass frames once every 24 months, and optical supplies and solutions when needed. ~~Optical~~ NCHC recipients must obtain optical services, supplies, and solutions ~~must be obtained~~ from NCHC enrolled, licensed or
