SECTION 13.25.(q) Article 72 of Chapter 106 of the General Statutes, as recodified under subsection (p) of this section, reads as rewritten:

"Article 72.

"Protection and Development of Forests; Fire Control.

"**§ 106-860. Powers of Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.**

(a) The Department of ~~Environment and Natural Resources~~Agriculture and Consumer Services may take such action as it may deem necessary to provide for the prevention and control of forest fires in any and all parts of this State, and it is hereby authorized to enter into an agreement with the Secretary of Agriculture of the United States for the protection of the forested watersheds of streams in this State.

(b) In this Article, unless the context requires otherwise:

(1) "Commissioner" means the Commissioner of Agriculture.

~~(1)~~(2) "Department" means the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

~~(2) "Secretary" means the Secretary of Environment and Natural Resources.~~

"**§ 106-861. Forest rangers.**

The ~~Secretary~~ Commissioner may appoint one county forest ranger and one or more deputy forest rangers in each county of the State in which, after careful investigation, the amount of forestland and the risks from forest fires shall, in his judgment, warrant the establishment of a forest fire organization.

"**§ 106-862. Forest laws defined.**

The forest laws consist of:

(1) G.S. 14-136 to G.S. 14-140;

(2) Articles ~~2, 4, 4A, 4C, and 6A~~71 through 79 of this Chapter;

(3) G.S. 77-13 and G.S. 77-14;

(4) Other statutes enacted for the protection of forests and woodlands from fire, insects, or disease and concerning obstruction of streams and ditches in forests and woodlands; and

(5) Regulations and ordinances adopted under the authority of the above statutes.

"§ 106-863. Duties of forest rangers; payment of expenses by State and counties.

Forest rangers shall have charge of measures for controlling forest fires, protection of forests from pests and diseases, and the development and improvement of the forests for maximum production of forest products; shall post along highways and in other conspicuous places copies of the forest fire laws and warnings against fires, which shall be supplied by the ~~Secretary;~~Commissioner; shall patrol and man lookout towers and other points during dry and dangerous seasons under the direction of the ~~Secretary;~~Commissioner; and shall perform such other acts and duties as shall be considered necessary by the ~~Secretary~~ Commissioner in the protection, development and improvement of the forested area of each of the counties within the State. No county may be held liable for any part of the expenses thus incurred unless specifically authorized by the board of county commissioners under prior written agreement with the ~~Secretary;~~Commissioner; appropriations for meeting the county's share of such expenses so authorized by the board of county commissioners shall be provided annually in the county budget. For each county in which financial participation by the county is authorized, the ~~Secretary~~ Commissioner shall keep or cause to be kept an itemized account of all expenses thus incurred and shall send such accounts periodically to the board of county commissioners of said county; upon approval by the board of the correctness of such accounts, the county commissioners shall issue or cause to be issued a warrant on the county treasury for the payment of the county's share of such expenditures, said payment to be made within one month after receipt of such statement from the ~~Secretary.~~Commissioner. Appropriations made by a county for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter in the cooperative forest protection, development and improvement work are not to replace State and federal funds which may be available to the ~~Secretary~~ Commissioner for the work in said county, but are to serve as a supplement thereto. Funds appropriated to the Department for a fiscal year for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter shall not be expended in a county unless that county shall contribute at least twenty-five percent (25%) of the total cost of the forestry program.

"§ 106-864. Powers of forest rangers to prevent and extinguish fires; authority to issue citations and warning tickets.

(a) Forest rangers shall prevent and extinguish forest fires and shall have control and direction of all persons and equipment while engaged in the extinguishing of forest fires. During a season of drought, the ~~Secretary~~ Commissioner or his designate may establish a fire patrol in any district, and in case of fire in or threatening any forest or woodland, the forest ranger shall attend forthwith and use all necessary means to confine and extinguish such fire. The forest ranger or deputy forest ranger may summon any resident between the ages of 18 and 45 years, inclusive, to assist in extinguishing fires and may require the use of crawler tractors and other property needed for such purposes; any person so summoned and who is physically able who refuses or neglects to assist or to allow the use of equipment and such other property required shall be guilty of a Class 3 misdemeanor and upon conviction shall only be subject to a fine of not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00). No action for trespass shall lie against any forest ranger, deputy forest ranger, or person summoned by him for crossing lands, backfiring, burning out or performing his duties as a forest ranger or deputy forest ranger.

(b) Forest rangers are authorized to issue and serve citations under the terms of G.S. 15A-302 and warning tickets under the terms of ~~G.S. 113-55.2~~G.S. 106-866 for offenses under the forest laws. This subsection may not be interpreted to confer the power of arrest on forest rangers, and does not make them criminal justice officers within the meaning of G.S. 17C-2.

"§ 106-865. Powers of forest law-enforcement officers.

The ~~Secretary~~ Commissioner is authorized to appoint as many forest law-enforcement officers as he deems necessary to carry out the forest law-enforcement responsibilities of the Department. Forest law-enforcement officers shall have all the powers and the duties of a forest ranger enumerated in ~~G.S. 113-54 and 113-55.~~G.S. 106-863 and G.S. 106-864. Any forest law-enforcement officer may arrest, without warrant, any person or persons committing any crime in his presence or whom such officer has probable cause for believing has committed a crime in his presence and bring such person or persons forthwith before a district court or other officer having jurisdiction. Forest

law-enforcement officers shall also have authority to obtain and serve warrants including warrants for violation of any duly promulgated rule of the Department.

"§ 106-866. Warning tickets for violations of the forest laws.

(a) To encourage the cooperation of the public in achieving the objectives of the forest laws, the ~~Secretary~~ Commissioner may provide for the issuance of warning tickets instead of the initiation of criminal prosecution by forest rangers and forest law-enforcement officers. Issuance of the warning tickets shall be in accordance with criteria administratively promulgated by the ~~Secretary~~ Commissioner within the requirements of this section. These criteria are exempt from Article 2A of Chapter 150B of the General Statutes.

(b) No warning ticket may be issued unless all of the following conditions are met:

(1) The forest ranger or the forest law-enforcement officer must be convinced that the offense was not committed intentionally.

(2) The offense is not one, or a type of offense, for which the ~~Secretary~~ Commissioner has prohibited the issuance of warning tickets.

(3) At the time of the violation it was not reasonably foreseeable that the conduct of the offender could result in any significant destruction of forests or woodlands or constitute a hazard to the public.

(c) A warning ticket may not be issued if the offender has previously been charged with, or issued a warning ticket for, the same or a similar offense within the preceding three years. A list of persons who have been issued warning tickets under this section within the preceding three years shall be maintained and periodically updated by the ~~Secretary.~~Commissioner.

(d) This section does not entitle any person who has committed an offense to the right to be issued a warning ticket, and the issuance of a warning ticket does not prohibit the later initiation of criminal prosecution for the same offense for which the warning ticket was issued.

"§ 106-867. Compensation of forest rangers.

Forest rangers shall receive compensation from the Department at a reasonable rate to be fixed by said Department for the time actually engaged in the performance of their duties; and reasonable expenses for equipment, transportation, or food supplies incurred in the performance of their duties, according to an itemized statement to be rendered the ~~Secretary~~ Commissioner every month, and approved by him. Forest rangers shall render to the ~~Secretary~~ Commissioner a statement of the services rendered by the men employed by them or their deputy rangers, as provided in this Article, within one month of the date of service, which bill shall show in detail the amount and character of the service performed, the exact duration thereof, the name of each person employed, and any other information required by the ~~Secretary.~~Commissioner. If said bill be duly approved by the ~~Secretary,~~Commissioner, it shall be paid by direction of the Department out of any funds provided for that purpose.

"§ 106-868. Overtime compensation for forest fire fighting.

The Department shall, within funds appropriated to the Department, provide overtime compensation to the professional employees of the Division of Forest Resources involved in fighting forest fires.

"§ 106-869. Woodland defined.

For the purposes of this Article, woodland is taken to include all forest areas, both timber and cutover land, and all second-growth stands on areas that have at one time been cultivated.

"§ 106-870. Misdemeanor to destroy posted forestry notice.

Any person who shall maliciously or willfully destroy, deface, remove, or disfigure any sign, poster, or warning notice, posted by order of the ~~Secretary,~~Commissioner, under the provisions of this Article, or any other act which may be passed for the purpose of protecting and developing the forests in this State, shall be guilty of a Class 3 misdemeanor.

"§ 106-871. Cooperation between counties and State in forest protection and development.

The board of county commissioners of any county is hereby authorized and empowered to cooperate with the Department in the protection, reforestation, and promotion of forest management of their own forests within their respective counties, and to appropriate and pay out of the funds under their control such amount as is provided in ~~G.S. 113-54.~~G.S. 106-863.

"§ 106-872. Instructions on forest preservation and development.

(a) It shall be the duty of all district, county, township rangers, and all deputy rangers provided for in this Chapter to distribute in all of the public schools and high schools of the county in which they are serving as such fire rangers all such tracts, books, periodicals and

other literature that may, from time to time, be sent out to such rangers by the State and federal forestry agencies touching or dealing with forest preservation, development, and forest management.

(b) It shall be the duty of the various rangers herein mentioned under the direction of the ~~Secretary;~~Commissioner, and the duty of the teachers of the various schools, both public and high schools, to keep posted at some conspicuous place in the various classrooms of the school buildings such appropriate bulletins and posters as may be sent out from the forestry agencies herein named for that purpose and keep the same constantly before their pupils; and said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various schools on the subject of forest fires, their origin and their destructive effect on the plant life and tree life of the forests of the State, the development and scientific management of the forests of the State, and shall be prepared to give practical instruction to their pupils from time to time and as often as they shall find it possible so to do.

"§ 106-873. Authority of Governor to close forests and woodlands to hunting, fishing and trapping.

During periods of protracted drought or when other hazardous fire conditions threaten forest and water resources and appear to require extraordinary precautions, the Governor of the State, upon the joint recommendation of the ~~Secretary~~ Commissioner and the Executive Director of the North Carolina Wildlife Resources Commission, may by official proclamation:

(1) Close any or all of the woodlands and inland waters of the State to hunting, fishing and trapping for the period of the emergency.

(2) Forbid for the period of the emergency the building of campfires and the burning of brush, grass or other debris within 500 feet of any woodland in any county, counties, or parts thereof.

(3) Close for the period of the emergency any or all of the woodlands of the State to such other persons and activities as he deems proper under the circumstances, except to the owners or tenants of such property and their agents and employees, or persons holding written permission from any owner or his recognized agent to enter thereon for any lawful purpose other than hunting, fishing or trapping.

"§ 106-874. Publication of proclamation; annulment thereof.

Such proclamation shall become effective 24 hours after certified time of issue, and shall be published in such newspapers and posted in such places and in such manner as the Governor may direct. It shall be annulled in the same manner by another proclamation by the Governor when he is satisfied, upon joint recommendation of the ~~Secretary~~ Commissioner and the Executive Director of the North Carolina Wildlife Resources Commission, that the period of the emergency has passed.

"§ 106-875. Violation of proclamation a misdemeanor.

Any person, firm or corporation who enters upon any woodlands or inland waters of the State for the purpose of hunting, fishing or trapping, or who builds a campfire or burns brush, grass or other debris within 500 feet of any woodland, after a proclamation has been issued by the Governor forbidding such activities, or who violates any other provisions of the Governor's proclamation with regard to permissible activities in closed woodlands shall be guilty of a Class 1 misdemeanor."

"Regulation of Open Fires.

"**§ 106-900. Purpose and findings.**

The purpose of this Article is to regulate certain open burning in order to protect the public from the hazards of forest fires and air pollution and to adapt such regulation to the needs and circumstances of the different areas of North Carolina. The General Assembly finds that open burning in proximity to woodlands must be regulated in all counties to protect against forest fires and air pollution. The General Assembly further finds that in certain counties a high percentage of the land area contains organic soils or forest types which may pose greater problems of forest fire and air pollution controls, and that in counties in which a great amount of land-clearing operations is taking place on these organic soils or these forest types, additional control of open burning is required. The counties subject to the need for additional control are classified as high hazard counties for purpose of this Article.

(5) Heavy oils, asphaltic material, or items containing natural or synthetic rubber may not be used to ignite the material to be burned or to promote the burning of such material.

SECTION 13.25.(bb) Article 77 of Chapter 106 of the General Statutes, as recodified by subsection (aa) of this section, reads as rewritten:

"Article 77.

"North Carolina Prescribed Burning Act.

"§ 106-920. Legislative findings.

The General Assembly finds that prescribed burning of forestlands is a management tool that is beneficial to North Carolina's public safety, forest and wildlife resources, environment, and economy. The General Assembly finds that the following are benefits that result from prescribed burning of forestlands:

(1) Prescribed burning reduces the naturally occurring buildup of vegetative fuels on forestlands, thereby reducing the risk and severity of wildfires and lessening the loss of life and property.

(2) The State's ever-increasing population is resulting in urban development directly adjacent to fire-prone forestlands, referred to as a woodland-urban interface area. The use of prescribed burning in these woodland-urban interface areas substantially reduces the risk of wildfires that cause damage.

(3) Many of North Carolina's natural ecosystems require periodic fire for their survival. Prescribed burning is essential to the perpetuation, restoration, and management of many plant and animal communities. Prescribed burning

benefits game, nongame, and endangered wildlife species by increasing the growth and yield of plants that provide forage and an area for escape and brooding and that satisfy other habitat needs.

(4) Forestlands are economic, biological, and aesthetic resources of statewide significance. In addition to reducing the frequency and severity of wildfires, prescribed burning of forestlands helps to prepare sites for replanting and natural seeding, to control insects and diseases, and to increase productivity.

(5) Prescribed burning enhances the resources on public use lands, such as State and national forests, wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife, recreation, and other purposes.

As North Carolina's population grows, pressures resulting from liability issues and smoke complaints discourage or limit prescribed burning so that these numerous benefits to forestlands often are not attainable. By recognizing the benefits of prescribed burning and by adopting requirements governing prescribed burning, the General Assembly helps to educate the public, avoid misunderstandings, and reduce complaints about this valuable management tool.

"§ 106-921. Definitions.

As used in this Article:

(1) "Certified prescribed burner" means an individual who has successfully completed a certification program approved by the Division of Forest Resources of the Department of ~~Environment and Natural Resources.~~Agriculture and Consumer Services.

(2) "Prescribed burning" means the planned and controlled application of fire to naturally occurring vegetative fuels under safe weather and safe environmental and other conditions, while following appropriate precautionary measures that will confine the fire to a predetermined area and accomplish the intended management objectives.

(3) "Prescription" means a written plan prepared by a certified prescribed burner for starting, controlling, and extinguishing a prescribed burning.

"106-922. Immunity from liability.

(a) Any prescribed burning conducted in compliance with ~~G.S. 113-60.43~~G.S. 106-923 is in the public interest and does not constitute a public or private nuisance.

(b) A landowner or the landowner's agent who conducts a prescribed burning in compliance with ~~G.S. 113-60.43~~G.S. 106-923 shall not be liable in any civil action for any damage or injury caused by or resulting from smoke.

"Article 80.

"Forest Development Act.

"§ 106-955. Title.

This Article shall be known as the "Forest Development Act."

"§ 106-956. Statement of purpose.

(a) The General Assembly finds that:

(1) It is in the public interest of the State to encourage the development of the State's forest resources and the protection and improvement of the forest environment.

(2) Unfavorable environmental impacts, particularly the rapid loss of forest land to urban development, are occurring as a result of population growth. It is in

the State's interest that corrective action be developed now to offset forest land losses in the future.

(3) Regeneration of potentially productive forest land is a high-priority problem requiring prompt attention and action. Private forest land will become more important to meet the needs of the State's population.

(4) Growing demands on forests and related land resources cannot be met by intensive management of public and industrial forest lands alone.

(b) The purpose of this Article is to direct the ~~Secretary~~ Commissioner of Agriculture to implement a forest development program to:

(1) Provide financial assistance to eligible landowners to increase the productivity of the privately owned forests of the State through the application of forest renewal practices and other practices that improve tree growth and overall forest health.

(2) Insure that forest operations in the State are conducted in a manner designed to protect the soil, air, and water resources, including but not limited to streams, lakes and estuaries through actions of landowners on lands for which assistance is sought under provisions in this Article.

(3) Implement a program of voluntary landowner participation through the use of a forest development fund to meet the above goals.

The Department of Correction may also consider converting some of the units recommended for closing from one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county

pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

of this subsection. The maximum sentence shall be calculated using G.S. 15A-1340.17(d), (e), or (e1).

(3) If a person is serving sentences for two or more offenses that are concurrent in any respect, then the offense with the greater classification shall be used to determine a single maximum sentence for the concurrent offenses. The fact that the person has been convicted of multiple offenses may be considered by the Commission in making its determinations under subsection (a) of this section.

SECTION 18.7.(c) The Post-Release Supervision and Parole Commission shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1, 2012. SECTION 18.8.(d) The Department of Correction may not deny funds to a county to support both a residential program and a day reporting center if the Department of Correction determines that the county has a demonstrated need and a fully developed plan for each type of sanction.

SECTION 18.8.(e) The Department of Correction shall report by March 1 of each year to the Chairs of the House of Representatives and Senate Appropriations Committees, the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee on the status of the State-County Criminal Justice Partnership Program. The Department shall have the right to audit any given provider to determine the actual prevailing charge to ensure compliance with this provision.

This section does apply to vendors providing services that are not billed on a fee-for-service basis, such as temporary staffing. Nothing in this section shall preclude the Department from contracting with a provider for services at rates that provide greater documentable cost avoidance for the State than do the rates contained in this section or at rates that are less favorable to the State but that will ensure the continued access to care.

SECTION 18.10.(b) The Department of Correction shall make every effort to contain inmate medical costs by making use of its own hospital and health care facilities to provide health care services to inmates. To the extent that the Department of Correction must utilize other facilities and services to provide health care services to inmates, the Department shall make reasonable efforts to make use of hospitals or other providers with which it has a contract or, if none is reasonably available, hospitals with available capacity or other health care facilities in a region to accomplish that goal. The Department shall make reasonable efforts to equitably distribute inmates among all hospitals or other appropriate health care facilities. The Department shall also give

preference to those hospitals or other health care facilities in the same county or an adjoining county to the correctional facility where an inmate requiring hospitalization is incarcerated. The Department will continue these efforts until it has reached a number which represents no more than five percent (5%) of all inmates requiring hospitalization or hospital services on an annual basis at any single hospital by July 1, 2013, unless the failure to do so would jeopardize the health of an inmate or unless a higher level is agreed to by contract.

"**§ 136-44.36. Department of Transportation designated as agency to administer federal and State railroad revitalization programs.**

(a) The General Assembly hereby designates the Department of Transportation as the agency of the State of North Carolina responsible for administering all State and federal railroad revitalization programs. The Department of Transportation is authorized to develop, and the Board of Transportation is authorized to adopt, a State railroad plan, and the Department of Transportation is authorized to do all things necessary under applicable State and federal legislation to properly administer State and federal railroad revitalization programs within the State. Such authority shall include, but shall not be limited to, the power to receive federal funds and distribute and expend federal and State funds for rail programs designed to cover the costs of acquiring, by purchase, lease or other manner as the department considers appropriate, a railroad line or other rail property to maintain existing or to provide future rail service; the costs of rehabilitating and improving rail property on railroad lines to the extent necessary to permit safe, adequate and efficient rail service on such lines; and the costs of constructing rail or rail related facilities for the purpose of improving the quality, efficiency and safety of rail service. The Department shall also have the authority to preserve railroad corridors for future railroad use and interim compatible uses and may lease such corridors for interim compatible uses. This Article shall not be construed to grant to the department the power or authority to operate directly any rail line or rail facilities.

(b) Notwithstanding subsection (a) of this section, the acceptance of federal funds by the Department of Transportation for rail programs shall be subject to the following:

(1) Report. – For any project under subsection (a) of this section, the Department of Transportation shall report the project details, including the amounts of federal funds and any State matching funds, as well as the expected annual maintenance and operational costs to the State of the project for the next 25 years, to the Joint Legislative Transportation Oversight Committee if the General Assembly is not in session, or to the House Appropriations Subcommittee on Transportation and the Senate Committee on Appropriations on Department of Transportation if the General Assembly is in session.

Failure of the Joint Legislative Transportation Oversight Committee, the House Appropriations Subcommittee on Transportation, or the Senate Committee on Appropriations on Department of Transportation to hold a meeting with the Department of Transportation within 60 days of a written request for a meeting from the Department of Transportation shall be deemed a waiver of consultation by the committee.

(3) Approval. – If either the amount of State matching funds required by the federal grant or the amount of future annual maintenance and operational costs of the project are reasonably expected to exceed five million dollars ($5,000,000), then the Department's acceptance of funds shall be subject to approval of the project by an act of the General Assembly. If 30 days have passed since consultation or the expiration of the consultation period under subdivision (2) of this subsection, then the inaction of the General Assembly, including the lack of an extra session to address the project, shall be deemed an approval of the project, and the Department may accept the funds without an act of the General Assembly.

For purposes of this subsection, the terms "State matching funds" and "annual maintenance and operational costs to the State" shall not include funds that may pass through the Department of Transportation but that originally came from a non-State source."

FLEXIBLE USE OF FUNDS TO LEVERAGE FEDERAL FUNDS FOR RURAL PUBLIC TRANSPORTATION

SECTION 28.18. In order to ensure maximum receipts of funding and to facilitate the use of funds available to the Department, the Department of Transportation, Public Transportation Division, shall have the flexibility to transfer funding from the consolidated capital program of its rural funding programs for vehicles, technology, and facilities to the operating programs, based on the Department's ability to leverage all additional federal funds to meet the capital needs of rural transportation systems. The grant categories and respective formulas shall remain unchanged. The Department shall determine an appropriate distribution for funds based upon the needs of the local governments.

Consolidating the funding sources should enable the Department to increase utilization of all available funds based on documented local needs, reduce program administration at the State and local levels, and increase flexibility for regional systems to apply and expend funds for multicounty transit needs.

SECTION 28.20.(c) Subsection (b) of this section becomes effective July 1, 2012.

HOUSE BILL 200:
Appropriations Act of 2011

2011-2012 General Assembly

Committee:	Senate Re-ref to Appropriations/Base Budget. If fav, re-ref to Finance	**Date:**	May 31, 2011
Introduced by:	Rep. Brubaker	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	H200-CSLEf-17, as adopted by Senate Appropriations		

SUMMARY: ***The Senate Committee Substitute for House Bill 200, as given a favorable report by the Senate Appropriations Committee on May 31, 2011, contains a finance package that allows a $50,000 tax deduction for net business income received by individual taxpayers and modifies the franchise tax base.***

The bill reduces budget availability by $131.6 million in FY2011-12 and by $335.6 million in FY2012-13 for a total finance package of $467.2 million for the biennium. The bill approved by the Finance Committee last week contained a finance package of $671.7 million for the biennium. This tax relief is in addition to the $1.3 billion in expiring tax revenue.[1]

BACKGROUND: The ***fee provisions*** in this version of the bill differ from the ones considered by the Finance Committee last week as follows:

- The House version of the budget authorized local boards of education to charge up to $75 for driver's education course participants; the Senate budget did not. The bill before the Committee today includes an authorization to charge up to $45 per participant.
- The House and Senate versions of the budget both included a provision requiring the tolling of all ferry routes. As raised in Senate Finance last week, two of the routes have no free alternative routes available to them: Ocracoke/Hatteras and Knot's Island/Currituck. The bill before the Committee today specifically exempts those two routes from the toll requirement.
- The Senate version of the budget considered last week included a fee for putting brochures in Welcome Centers of $100 to $200 based on the size of the brochure; the House budget did not. The bill before the Committee today does not include this fee.
- The House version of the budget reduced the per court cost allocation to the NC State Bar for the legal services program from $2.05 to $1.00; the Senate budget did not reduce this allocation. The bill before the Committee today reduces the allocation from $2.05 to $1.50.
- The House and Senate versions of the budget diverted money from various special funds to the General Fund for FY2011-12. The Senate diverted less money from each of these funds than the House. The bill before the Committee today diverts the same amount of money as the House budget; the original Senate position is noted parenthetically:
    - Parks and Recreation Trust Fund: $8,435,000 ($4,217,500)
    - Natural Heritage Trust Fund: $8,000,000 ($4,500,000)
    - Scrap Tire Disposal Account: $2,268,989 ($1,134,495)

[1] The 1% State sales tax rate expires July 1, 2011; the corporate and individual income surtaxes expire for taxable years beginning on or after January 1, 2011.

- White Goods Management Disposal Account: $1,951,465 ($1,131,342)

- The House and Senate versions of the budget both eliminated the sales tax revenue diversion to the Wildlife Resource Commission and replaced it with an appropriation. The House appropriated $18.5 million; the Senate appropriated $16 million. The bill before the Committee today appropriates $18 million.

The ***finance provisions*** in this version of the bill differ from the ones considered by the Finance Committee last week as follows:

- It does not reduce individual income tax rates by ¼%.
- It does not limit the $50,000 tax deduction to net business income received from a small business. A small business was defined as one whose cumulative gross receipts did not exceed $825,000.
- It does not eliminate the four tax expenditures: the income tax deduction for severance wages, the tax credit for oyster shell recycling, the sales tax exemption for nutritional supplements sold by chiropractors, and the Energy Star sales tax holiday.

CURRENT LAW: North Carolina begins its calculation of personal income tax with federal taxable income. Of the 35 states that begin their calculation of state taxable income with federal law, 29 use federal adjusted gross income while only 6 use federal taxable income. Federal taxable income is income after all federally allowed deductions; it includes the deductions from gross income to determine adjusted gross income and the deductions from adjusted gross income to determine taxable income. The primary differences between federal taxable income and adjusted gross income are the personal and dependency exemptions and the subtraction of either the standard deduction amount or the itemized deductions amount.

North Carolina began using federal taxable income as the starting point for this calculation in 1989. At the time, this change significantly simplified North Carolina's individual income tax; it eliminated 30 individual income tax exclusions and reduced 47 deductions and exemptions to seven[2]. Since that time, however, the number of adjustments a taxpayer must make to federal taxable income to determine North Carolina taxable income has increased from 11 to more than 40. North Carolina's current system of additions and subtractions is confusing to taxpayers and complex to administer. For example, under current law, a taxpayer must adjust the standard deduction amount and the personal and dependency exemption amounts because North Carolina does not index those amounts like the federal law does.

North Carolina's personal income tax accounts for 52% to 55% of all General Fund revenues.[3] The non-withholding portion of this tax[4] may fluctuate as much as 35% from year to year, which has contributed to the State's volatile revenue structure. Much of this volatility has occurred since the 1990s as more and more business entities have organized as limited liability entities whose income flows through the personal income tax rather than the corporate income tax.

BILL ANALYSIS: Section 31A.1 would do the following two things, effective for taxable years beginning on or after January 1, 2012:

- Allow a personal income tax deduction of up to $50,000 of net business income a taxpayer receives during a taxable year.

---

[2] Chapter 728 of the 1989 Session Laws.
[3] In 1970, the PIT accounted for 32.7% of General Fund revenues.
[4] The non-withholding portion of the tax consists of business income, capital gains, rental income, interest and dividends, pension income, etc.

- Change the starting point for calculating North Carolina taxable income from federal taxable income to federal adjusted gross income.

$50,000 net business income deduction:

This change in the law would affect at least 450,000 businesses. The term 'business income' would not include income that is considered passive income under the Code. Section 469 of the Code, as well as various IRC tax regulations, define passive income. Form 1040, Schedule E, requires reporting of passive and non-passive income. Form 1040, Schedule C, requires the reporting of profit and loss from sole proprietorships. Form 1040, Schedule F, requires the reporting of farm income and loss.

Begin calculation of State taxable income with AGI[5]:

This change in the law would not expand the tax base because it retains all of the current deductions and credits. Although it does not eliminate many of the 40 adjustments, it does eliminate the need for two of the most confusing and complex ones: the calculation of North Carolina's standard deduction amount and personal and dependency exemption amounts. Under current law, a taxpayer begins the calculation of State taxable income with the federal standard deduction and personal exemption amounts. These amounts are indexed for federal tax purposes. North Carolina does not index its standard deduction and dependent exemption amounts; this difference means every taxpayer must adjust the personal and dependency exemption amounts and at least 70% of the individual taxpayers, representing more than two million returns, must adjust their standard deduction amount.

The federal and State standard deduction amount varies based upon the filing status of the taxpayer. The federal tax law provides an additional amount for a taxpayer who is blind or a senior citizen. The additional amount is $1,150 for married filing jointly and $1,450 for singles.

Filing Status	State Standard Deduction	Federal Standard Deduction
Married, filing jointly	$6,000	$11,600
Head of household	4,400	8,500
Single	3,000	5,800
Married, filing separately	3,000	5,800

The federal personal and dependency exemption amount for 2011 is $3,700. North Carolina's personal and dependency exemption amount varies depending upon the taxpayer's filing status and adjusted gross income:

Filing Status	AGI	Personal Exemption
Married, filing jointly	Up to $100,000	$2,500
	Over $100,000	2,000
Head of household	Up to $80,000	$2,500
	Over $80,000	2,000
Single	Up to $60,000	$2,500
	Over $60,000	2,000
Married, filing separately	Up to $50,000	$2,500
	Over $50,000	2,000

[5] This part of the bill is substantially the same as the provision considered last week by the Finance Committee. It reads differently than the provision discussed last week because it does not modernize the language or remove obsolete provisions form the statutes. The current version of the bill simply adds and removes the necessary provisions from existing law to move the calculation of taxable income from federal taxable income to AGI without rewriting the statutes.

Section 31A.2 would exempt reserves for amortization of intangible assets from surplus and undivided profits, thus excluding them from the franchise tax capital base. Examples of intangible assets include goodwill, patents, copyrights, franchises, trademarks and trade names, as well as going concern value. This change would become effective retroactively for taxable years beginning on or after January 1, 2007.

The State imposes a franchise tax on C-corporations and S-corporations. The tax rate is $1.50 per $1,000[6] and is applied to a company's capital stock, surplus, and undivided profits.[7] The term "surplus" for franchise tax purposes has a broader and more inclusive meaning than the generally accepted accounting definition. G.S. 105-122(b) provides that surplus and undivided profits includes all liabilities, reserves, and deferred credits unless those items are specifically exempt. One of the exemptions from surplus and undivided profits is "reserves for depreciation of tangible assets." Historically, the Department of Revenue allowed a deduction for reserves for amortization of intangible assets as well. However, the audit policy has changed in recent years.

The Attorney General's Office issued an advisory memorandum in July 2009 that the law, as written, applied only to reserves for depreciation of tangible assets. The memorandum noted that amortization, depletion, and depreciation are accounting methods that allow a taxpayer to deduct the acquisition costs of assets over a period of time. The current law allows an exemption for depreciation of tangible assets; it does not specifically address amortization of intangible assets or depletions of natural deposits.

H200-SMRB-63(CSLEf-17) v2

[6] The minimum tax is $35.

[7] A corporation's capital base may not be less than 55% of the appraised value of tangible property in NC, nor less than its actual investment in tangible property in the State.

Recommended Continuation Budget	**$7,923,543,951**		**$7,923,543,951**	
Legislative Changes				
A. Technical Adjustments				
1 ADM Adjustment Fully funds both years of average daily membership (ADM) growth for public schools, providing $55.8 million in FY 2011-12 and $143.1 million in FY 2012-13. This adjustment, which accounts for changes in multiple allotments, has traditionally been included in the continuation budget.	$55,882,651	R	$143,087,414	R
2 Average Salary Adjustment Adjusts several budget lines to account for the decrease in average salaries between FY 2009-10 and FY 2010-11. This adjustment has traditionally been included in the continuation budget.	($21,838,817)	R	($22,040,287)	R
B. Other Public School Funding Adjustments				
3 LEA Adjustment Increases the LEA Adjustment reduction. The State Board of Education will distribute this reduction to all LEAs and charter schools on the basis of ADM. LEAs are expected to utilize federal EduJobs availability to minimize reducing position allotments.	($124,217,542)	R	($198,293,574)	R
4 Class Size Reduction in Grades 1-3 Adds funding for 1,124 additional teaching positions in FY 2011-12 and 1,144 additional teaching positions in FY 2012-13 to reduce the classroom teacher allotment ratios for grades 1-3 from 1 teacher per 18 students to 1 teacher per 17 students in both years of the biennium. A related provision, Section 7.1B, expresses the intent of the General Assembly to add additional teachers as funds become available with a goal of reducing the teacher allotment ratio in grades 1-3 to 1 teacher for every 15 students.	$61,697,942	R	$62,767,803	R
5 Education Reform Studies Provides nonrecurring funding for studies of third grade literacy programs and ways to reduce the need for remedial or developmental education in the State's higher education institutions. Funding will be available to hire an outside consultant to examine these topics.	$200,000	NR

Structured Sentencing misdemeanants with sentences longer than six months and Driving While Impaired misdemeanants will remain in the custody of the State. This change is part of the Justice Reinvestment Act reforms. The fee section of the budget proposes increasing the following court costs to offset the costs of housing misdemeanants: the District Criminal Court Facility court cost, which will generate an estimated $19 million; and the Service of Civil Process court cost, which will generate an estimated $3.3 million. In addition, the fee section establishes a new court cost for Improper Equipment dispositions, which will generate an estimated $12 million, and increases the daily jail fee and jail inmate medical co-pay. It is unknown how much the daily jail fee and co-pay increase will generate. These court cost increases are contingent upon passage of legislation increasing the number of days misdemeanants are housed in county jails.

Room 545, Legislative Office Building

MINUTES

The Senate Finance Committee met at 3:15 PM on June 1, 2011 in room 544 of the Legislative Office Building. Twenty members of the committee were present. Leah Cashwell of Garland, Ross Byrd of Williamston, David Scoggins of Denver, Noah Parrish of Greensboro, Joseph Curry of Angier, and Abby Newsom of Raleigh served as pages. Senator Rucho presided as chair.

S.B. 237 – Incorporate Castle Hayne

Senator Goolsby was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The bill incorporates the Town of Castle Hayne, subject to a referendum on November 8, 2011. In its report to the General Assembly dated May 23, 2011, the Joint Legislative Commission on Municipal Corporations found that the proposed Town of Castle Hayne meets the standards required by Article 20 of Chapter 120 of the General Statutes and recommended the incorporation of the area as the Town of Castle Hayne. The PCS reduces the size of the town council from six to four, changes the form of government from council-manager to mayor-council, and restricts the council's ability to make zoning changes for the first five years. Cindy Avrette, an attorney with the Research Division, was recognized to answer questions. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

S.B. 743 – Encourage Volunteer Health Care Providers

Senator Goolsby explained the bill which modifies the requirements and fee provisions for a limited volunteer license to practice surgery or medicine at clinics that specialize in the treatment of indigent patients. Cindy Avrette was recognized to answer questions. Senator Clary moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

S.B. 446 – Community College Tuition for Members of the Military

Senator Meredith was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS includes the costs of textbooks in the tuition at community colleges for active duty service members, so that these costs would be included as "tuition" for the purposes of payment by the armed forces. Senator Rabon moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 532 – ESC/Jobs Reform

Senator Clary was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The bill transfers all of the statutory powers, duties, and functions of the Employment Security Commission to the Department of

Commerce. It establishes a Division of Employment Security within the Department of Commerce and subjects that Division to the rule-making requirements under the Administrative Procedure Act. The bill also makes other modifications and conforming changes to align the employment security functions under the Secretary of Commerce. Heather Fennell, an attorney with the Research Division, was recognized to answer questions. Senator Stevens moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

The meeting adjourned at 3:40 PM.

SENATE BILL 237:
Incorporate Castle Hayne

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 1, 2011
Introduced by:	Sen. Goolsby	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S237-CSRBx-45		Committee Counsel

SUMMARY: ***Senate Bill 237 would incorporate the Town of Castle Hayne, subject to a referendum on November 8, 2011. In its Report to the General Assembly dated May 23, 2011, the Joint Legislative Commission on Municipal Corporations found that the proposed Town of Castle Hayne meets the standards required by Article 20 of Chapter 120 of the General Statutes and recommended incorporation of the area as the Town of Castle Hayne.***

The proposed committee substitute reduces the size of the town council from six to four, changes the form of government from council-manager to mayor-council, and restricts the council's ability to make zoning changes for the first five years.

CURRENT LAW: Article VII of the North Carolina Constitution provides that the General Assembly may create cities and towns. The General Assembly created the Joint Legislative Commission on Municipal Incorporations in 1986 to conduct an independent review and evaluation of proposed municipal incorporations. The evaluation is conducted in accordance with a statutory set of objective criteria found in Article 20 of Chapter 120 of the General Statutes. The statutory criteria include a review of community support, population, land development, nearness to other urban areas, and ability to provide municipal services at a reasonable rate. Chapter 160A of the General Statutes provides the general laws applicable to the administration, powers, and duties of municipalities. Municipalities may share in the following revenue sources: local sales tax distributions, Powell Bill allocations, franchise tax revenues on electricity, beer and wine excise taxes, piped natural gas excise tax revenues, and telecommunications and video programming sales tax revenues.[1]

BILL ANALYSIS: The proposed committee substitute for Senate Bill 237 would incorporate the Town of Castle Hayne, subject to a referendum scheduled to be held on November 8, 2011. The Town would be governed by a six-member town council and a mayor. The Joint Legislative Commission on Municipal Incorporations found that the proposed incorporation met the standards required for incorporation under Article 20 of Chapter 120 of the General Statutes.

- The Town of Castle Hayne would be located in New Hanover County. The other cities and towns in New Hanover County include the City of Wilmington, the Town of Wrightsville Beach, the Town of Carolina Beach, and the Town of Kure Beach. None of these municipalities are located within five miles of the proposed town and no other municipality located outside New Hanover County is located within five miles of the proposed town.
- The estimated population of the Town would be 3,355. The estimated area to be incorporated is 12.85 square miles. The population density is 261 persons per square mile. The estimated assessed property tax valuation would be $338,603,057.

[1] A municipality must have a property tax rate greater than $0.05/$100 valuation and provide at least four services to receive the following shared revenues: local sales and use tax, beer and wine excise taxes, sales tax on telecommunications and video programming, and Powell Bill allocations.

- The Town plans to offer the following services: police protection provided by the New Hanover County Sherriff's Office, fire protection provided by New Hanover County; street lighting; and planning and zoning service provided by the New Hanover County Planning Office.
- The Town would be entitled to the following estimated amounts of revenue from shared tax revenue sources: $80,000 of local sales tax; $5,000 of franchise tax; $3,000 of beer and wine excise taxes; $45,000 of sales tax on telecommunications; $50,000 of sales tax on video programming; $160,000 of excise tax on piped natural gas; and $70,000 of Powell Bill allocations. The Town is proposing a property tax rate of $0.10/$100 valuation for estimated property tax revenue of a little more than $262,387.

EFFECTIVE DATE: SB 237 would become effective when it becomes law, and is subject to voter referendum.

SENATE BILL 743:
Encourage Volunteer Health Care Providers

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 1, 2011
Introduced by:	Sen. Goolsby	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***Senate Bill 743 modifies the requirements and fee provisions for a limited volunteer license to practice surgery or medicine at clinics that specialize in the treatment of indigent patients.***

CURRENT LAW: The North Carolina Medical Board may issue a 'military limited volunteer license' and a 'retired limited volunteer license'. In both instances, the holder of the license may practice medicine and surgery only at clinics that specialize in the treatment of indigent patients and the holder may not receive compensation for the services rendered. A holder of the license who practices at places other than clinics that specialize in the treatment of indigent patients is guilty of a Class 3 misdemeanor.

The holder of a limited license does not have to pay an application fee of $350 or annual registration fee of $175. The holder of the limited license does have pay an annual registration fee of $25.

BILL ANALYSIS: Senate Bill 743 broadens the applicability of a 'military limited volunteer license' by removing the requirement that an applicant must be authorized to treat personnel enlisted in the United States armed services; the applicant must still be licensed to practice medicine in good standing in another state. The name of the license is changed to reflect the removal of the military connection. The bill retains the requirement that the holder of this license may only practice in a clinic that specializes in the treatment of indigent patients, but it limits the practice under the license to no more 30 days per calendar year. The holder of this license does not have to pay either an application fee or an annual registration fee.

The bill removes the provisions regarding a 'retired limited volunteer license' from G.S. 90A-12.1A and places them in a new G.S. 90A-12.1B. The bill does not change the requirements for this license, the limitations of this license, or the applicable fees associated with this license. The holder of this license must be a physician that has allowed his or her license in this or another state to practice medicine to become inactive. The holder of the license may only practice in clinics that specialize in the treatment of indigent patients and may not receive compensation for those services. The holder of the license must comply with continuing medical education requirements and other rules adopted by the Board and pay a $25 annual registration fee. As under current law, it is a Class 3 misdemeanor for a retired limited volunteer licensee to practice medicine at places other than clinics that specialize in the treatment of indigent patients.

BILL SUMMARY:

Senate Bill 743 amends GS 90-12.1A, authorizing the NC Medical Board (Board) to issue a "limited volunteer license" (rather than a military limited volunteer license) to an applicant with a license to practice medicine and surgery in another state who shows a letter establishing active licensure in the other state (deletes requirement that the person be authorized to treat personnel enlisted in the U.S. armed services or veterans). It adds that a limited volunteer license holder may not practice medicine and surgery within NC for more than 30 days per calendar year. The bill amends GS 90-13.2, specifying that limited volunteer license holders will pay no registration fee.

The bill deletes requirement that limited license holders comply with continuing medical education requirements. It deletes a provision related to retired limited volunteer licenses, and instead enacts new GS 90-21.1B, authorizing the Board to issue a "retired limited volunteer license" to an applicant who is a physician with an inactive license to practice medicine and surgery issued by NC or another state. Senate Bill 743 requires retired limited volunteer license holders to practice only at clinics treating indigent patients, and makes a violation of this provision a Class 3 misdemeanor, with a fine not less than $25 and not more than $50 for each offense.

ASSUMPTIONS AND METHODOLOGY:

Senate Bill 743 expands the pool of possible limited volunteer licensees by removing the requirement that the licensee must be authorized to treat personnel enlisted in the U.S. armed services or veterans. It also eliminates the $25 annual registration fee for those who have a limited volunteer license. However, it keeps that $25 annual registration fee for those who have a retired limited volunteer license.

The North Carolina Medical Board estimates that there have only been five persons with a military limited volunteer license, ever. None of these are currently licensed. Since no licensees would be impacted by the elimination of the $25 annual registration fee, there would be no loss in annual revenue.

A BILL TO BE ENTITLED

AN ACT TO PERMIT COMMUNITY COLLEGES TO INCLUDE THE COSTS OF TEXTBOOKS IN THE TUITION CHARGED FOR MEMBERS OF THE ARMED SERVICES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115D-39 is amended by adding a new subsection to read:

"(d) A community college may add the cost of textbooks purchased at the college's bookstore to the tuition rates established pursuant to subsection (a) of this section for all purposes associated with billing the armed services for the enrollment of members of the armed services, as defined in G.S. 116-143.3, if the student's branch of the armed services permits the addition of textbooks to tuition costs in its tuition assistance program. The college may retain the funds attributable to the cost of the textbooks."

SENATE BILL 446:
Comm. Coll. Tuition for Members of Military

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 1, 2011
Introduced by:	Sens. Meredith, Preston, Brown	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S446-CSTD-43		

SUMMARY: ***The PCS for Senate Bill 446 would include the cost of textbooks in the tuition at community colleges for active duty service members, so that these costs would be included as "tuition" for the purposes of payment by the armed forces. This act is effective when it becomes law. The PCS makes technical changes and amends the bill so that it is identical to H515, introduced by Reps. Boles, Floyd, which is currently in Senate Education/Higher Education.***

CURRENT LAW: The Armed Forces Tuition Assistance (TA) is a program that gives each branch of the military service the ability to pay up to 100% for the tuition expenses of its service members. Each service has its own criteria for eligibility, obligated service, application process and restrictions—including whether textbooks may be included in the program. The money is usually paid directly to the institution by the individual services.

BILL ANALYSIS: The PCS for Senate Bill 446 would include the cost of textbooks in the tuition costs for military members who are attending community colleges under the TA program, if the student's branch of service permits payment of textbook costs. In order for the cost to be covered, the books must be purchased at the college's bookstore.

EFFECTIVE DATE: This act is effective when it becomes law.

SECTION 2.7.(f) G.S. 96-8(13)a. and d. read as rewritten:

"(13) a. "Wages" shall include commissions, bonuses, any sums paid to an employee by an employer pursuant to an order of any court, the National Labor Relations Board, or any other lawfully constituted adjudicative agency or by private agreement, consent, or arbitration for loss of pay by reason of discharge, and the cash value of all remuneration in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the ~~Commission;~~ Division; provided, if the remuneration of an individual is not based upon a fixed period or duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week or for any calendar quarter for the purpose of computing an

individual's right to unemployment benefits only shall be determined in such manner as may by authorized regulations be prescribed. The regulations shall, so far as possible, secure results reasonably similar to those that would prevail if the individual were paid his wages at regular intervals. The term "wages" shall not include the amount of any payment with respect to services to, or on behalf of, an individual in its employ under a plan or system established by an employing unit which makes provision for individuals in its employ generally or for a class or classes of such individuals (including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment), on account of (i) retirement, or (ii) sickness or accident disability, or (iii) medical and hospitalization expenses in connection with sickness or accident disability or (iv) death. However, in the case of payments made to an employee or any of his dependents on account of sickness or accident disability, only payments which are received under a worker's compensation law shall be excluded from the term "wages". Furthermore, the term "wages" shall not include payment by an employer without deduction from the remuneration of the employee of the tax imposed upon an employee under the Federal Insurance Contributions Act.

...

d. Wages shall not include the amount of any payment, including any amount paid into a fund to provide for such payment, made to, or on behalf of, an employee under a plan or system established by an employer or others which makes provision for employees generally, or for a class or group of employees, for the purpose of supplementing unemployment benefits, provided that the plan has been approved by the ~~Commission~~ Division under such reasonable ~~regulations~~ rules as it shall ~~promulgate.~~adopt."

SECTION 2.7.(g) G.S.96-8(22) and (24) read as rewritten:

"(22) Average Weekly Insured Wage. – "Average weekly insured wage" is the quotient obtained by dividing the total of the wages, as defined in G.S. 96-8(12) and (13), reported by all insured employers by the monthly average in insured employment under this Chapter during the immediately preceding calendar year and further dividing the quotient obtained by 52 to obtain a weekly rate. (For this computation the data as released annually in the ~~Employment Security Commission's~~ Division's publication "North Carolina Insured Employment and Wage Payment" shall be used). The quotient thus obtained shall be deemed to be the average weekly wage for such year.

...

(24) Work, for purposes of this Chapter, means any bona fide permanent employment the acceptance of which would not result in an undue family hardship as defined in G.S. 96-8(10a). For purposes of this definition, "bona fide permanent employment" is presumed to include only those employments of greater than 30 consecutive calendar days duration (regardless of whether work is performed on all those days) provided: (a) the presumption that an employment lasting 30 days or less is not bona fide permanent employment may be rebutted by a finding by the ~~Commission,~~

Division, either on its own motion or upon a clear and convincing showing by an interested party that the application of the presumption would work a substantial injustice in view of the intent of this Chapter; (b) Any decision of the ~~Commission~~ Division on the question of bona fide employment may be disturbed on judicial review only upon a finding of plain error."

SECTION 2.8. G.S. 96-9 reads as rewritten:

"**§ 96-9. Contributions.**

(a) Payment. –

(1) Except as provided in subsection (d) hereof, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this Chapter, with respect to wages for employment (as defined in G.S. 96-8(6)). Such contributions shall become due and be paid by each employer to the ~~Commission~~ Division for the fund in accordance with such regulations as the ~~Commission~~ Division may prescribe, and shall not be deducted in whole or in part from the remuneration of individuals in his employ. Contributions shall become due on and shall be paid on or before the last day of the month following the close of the calendar quarter in which such wages are paid and such contributions shall be paid by each employer to the ~~Commission~~ Division for the fund in accordance with such regulations as the ~~Commission~~ Division may prescribe, and shall not be deducted in whole or in part from the remuneration of individuals in his employ, provided, further, that if the ~~Commission~~ Division shall be advised by its duly authorized officers or agents that the collection of any contribution under any provision of this Chapter will be jeopardized by delay, the ~~Commission~~ Division may, whether or not the time otherwise prescribed by law for making returns and paying such tax has expired, immediately assess such contributions (together with all interest and penalties, the assessment of which is provided for by law). Such contributions, penalties and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the ~~Commission~~ Division for the payment thereof. Upon failure or refusal to pay such contributions, penalties, and interest, it shall be lawful to make collection thereof as provided by G.S. 96-10 and subsections thereunder and such collection shall be lawful without regard to the due date of contributions herein prescribed, provided, further, that nothing in this paragraph shall be construed as permitting any refund of contributions heretofore paid under the law and regulations in effect at the time such contributions were paid.

...

(3) Benefits paid employees of this State shall be financed and administered in accordance with the provisions and conditions of G.S. 96-9(d) required for nonprofit organizations; except as provided by suitable regulations which may be adopted by the ~~Commission.~~ Division. The Department of Administration shall make an election with respect to financing all such benefits.

...

(6) If the amount of the contributions shown to be due after all credits is less than five dollars ($5.00), no payment need be made. If an employer has paid contributions, penalties, and/or interest in excess of the amount due, this shall be considered an overpayment and refunded provided no other debts are owed to the ~~Commission~~ Division by the employer. Overpayments of

less than five dollars ($5.00) shall be refunded only upon receipt by the Chairman of a written demand for such refund from the employer. Nothing herein shall be construed to change or extend the limitation set forth in G.S. 96-10(e), (f), and (i).

(7) Effective with the quarter ending September 30, 1999, every employer with 100 or more employees, and every person or organization that, as agent, reports wages on a total of 100 or more employees on behalf of one or more subject employers, shall file that portion of the "Employer's Quarterly Tax and Wage Report" that contains the name, social security number, and gross wages of each individual in employment on magnetic tapes or diskettes in a format prescribed by the ~~Commission.~~ Division.

For failure of an employer to comply with this subdivision, there shall be added to the amount required to be shown as tax in the reports a penalty of twenty-five dollars ($25.00). For failure of an agent to comply with this subdivision, the ~~Commission~~ Division may deny the agent the right to report wages and file reports for the employer for whom the agent filed an improper report for a period of one year following the calendar quarter in which that agent filed the improper report. The ~~Commission~~ Division may reduce or waive a penalty for good cause shown.

(8) An employer of domestic service employees as defined by the Internal Revenue Code may be given permission by the ~~Chair of the Commission~~ Secretary to file reports once a year on or before the last day of the month following the close of the calendar year in which the wages are paid. Permission to file a report annually may be revoked if the employer is found liable to the ~~Commission~~ Division for quarterly contributions under subdivision (6) of this subsection.

(9) Employers who are granted permission under subdivision (8) of this subsection to file annual reports may be given permission to file reports by telephone. Employers who report by telephone must contact either the Field Tax Auditor who is assigned to the employer's account or the ~~Unemployment Insurance Division~~ Employment Insurance Section in Raleigh and report the required information to that Auditor or to the Division by the date the report is due under subdivision (8) of this subsection.

(10) Employers electing to do so may pay their quarterly tax contributions by electronic funds transfer. When an electronic funds transfer cannot be completed due to insufficient funds or the nonexistence of an account of the transferor, the ~~Commission~~ Division shall assess a penalty equal to ten percent (10%) of the amount of the transfer, subject to a minimum of one dollar ($1.00) and a maximum of one thousand dollars ($1,000). The ~~Commission~~ Division may waive this penalty for good cause shown. As used in this section, the term "electronic funds transfer" means a transfer of funds initiated by using an electronic terminal, a telephone, a computer, or magnetic tape to instruct or authorize a financial institution or its agent to credit or debit an account.

(11) The ~~Commission~~ Division may establish policies to allow taxes to be payable under certain conditions by credit card. A condition of payment by credit card is receipt by the ~~Commission~~ Division of the full amount of taxes, penalties, and interest due. The ~~Commission~~ Division shall require an employer who pays by credit card to include an amount equal to any fee charged the ~~Commission~~ Division for the use of the card. A payment of

taxes that is made by credit card and is not honored by the card issuer does not relieve the employer of the obligation to pay the taxes.

(b) Rate of Contributions. –

...

(2) Experience Rating. –

...

b. Credit Ratio. – The ~~Commission~~ Division shall, for each year, compute a credit reserve ratio for each employer whose account has a credit balance. An employer's credit reserve ratio shall be the quotient obtained by dividing the credit balance of the employer's account as of July 31 of each year by the total taxable payroll of the employer for the 36 calendar-month period ending June 30 preceding the computation date. Credit balance as used in this section means the total of all contributions paid and credited for all past periods in accordance with the provisions of G.S. 96-9(c)(1) together with all other lawful credits to the account of the employer less the total benefits charged to the account of the employer for all past periods.

c. Debit Ratio. – The ~~Commission~~ Division shall for each year compute a debit ratio for each employer whose account shows that the total of all its contributions paid and credited for all past periods in accordance with G.S. 96-9(c)(1) together with all other lawful credits is less than the total benefits charged to its account for all past periods. An employer's debit ratio shall be the quotient obtained by dividing the debit balance of the employer's account as of July 31 of each year by the total taxable payroll of the employer for the 36 calendar-month period ending June 30 preceding the computation date. The amount arrived at by subtracting the total amount of all contributions paid and credited for all past periods in accordance with the provisions of G.S. 96-9(c)(1) together with all other lawful credits of the employer from the total amount of all benefits charged to the account of the employer for such periods is the employer's debit balance.

d. Other Provisions. – No employer's contribution rate shall be reduced below the standard rate for any calendar year unless its liability extends over a period of all or part of two consecutive calendar years and, as of August 1 of the second year, its credit reserve ratio meets the requirements of that schedule used in computing rates for the following calendar year, unless the employer's liability was established under G.S. 96-8(5)b and its predecessor's account was transferred as provided by G.S. 96-9(c)(4)a.

Whenever contributions are erroneously paid into one account which should have been paid into another account or which should have been paid into a new account, that erroneous payment can be adjusted only by refunding the erroneously paid amounts to the paying entity. No pro rata adjustment to an existing account may be made, nor can a new account be created by transferring any portion of the erroneously paid amount, notwithstanding that the entities involved may be owned, operated, or controlled by the same person or organization. No adjustment of a contribution rate can be made reducing the rate below the standard rate for any period in which the

account was not in actual existence and in which it was not actually chargeable for benefits. Whenever payments are found to have been made to the wrong account, refunds can be made to the entity making the wrongful payment for a period not exceeding five years from the last day of the calendar year in which it is determined that wrongful payments were made. Notwithstanding payment into the wrong account, if an entity is determined to have met the requirements to be a covered employer, whether or not the entity has had paid on the account of its employees any sum into another account, the ~~Commission~~ Division shall collect contributions at the standard rate or the assigned rate, whichever is higher, for the five years preceding the determination of erroneous payments, which five years shall run from the last day of the calendar year in which the determination of liability for contributions or additional contributions is made. This requirement applies regardless of whether the employer acted in good faith.

(3) ...

d3. The standard contribution rate set by subdivision (b)(1) of this section applies to an employer unless the employer's account has a credit balance. Beginning January 1, 1999, for any calendar year that the training and reemployment contribution in G.S. 96-6.1 does not apply, the contribution rate of an employer whose account has a credit balance is determined in accordance with the rate set in the following Experience Rating Formula table for the applicable rate schedule. The contribution rate of an employer whose contribution rate is determined by this Experience Rating Formula table shall be reduced by fifty percent (50%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds one and ninety-five hundredths percent (1.95%) of the gross taxable wages reported to the ~~Commission~~ Division in the previous calendar year, and the fund ratio determined on that date is less than five percent (5%) and shall be reduced by sixty percent (60%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds one and ninety-five hundredths percent (1.95%) of the gross taxable wages as reported to the ~~Commission~~ Division in the previous calendar year, and the fund ratio determined on that date is five percent (5%) or more.

d5. The standard contribution rate set by subdivision (b)(1) of this section applies to an employer unless the employer's account has a credit balance. Beginning January 1, 1999, for any calendar year that the training and reemployment contribution in G.S. 96-6.1 applies, the contribution rate of an employer whose account has a credit balance is determined in accordance with the rate set in the following Experience Rating Formula table for the applicable rate schedule. The contribution rate of an employer whose contribution rate is determined by this Experience Rating Formula table shall be reduced by fifty percent (50%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds one and ninety-five hundredths percent (1.95%) of the gross taxable wages reported to the ~~Commission~~ Division in the previous calendar year, and the fund ratio determined on that date is less than five percent (5%) and shall be reduced by sixty percent (60%) for any year in which the balance in the Unemployment Insurance Fund on computation date equals or exceeds one and ninety-five hundredths percent (1.95%) of the gross taxable wages reported to the ~~Commission~~ Division in the previous calendar year, and the fund ratio determined on that date is five percent (5%) or more.

g. Any employer may at any time make a voluntary contribution, additional to the contributions required under this Chapter, to the fund to be credited to its account, and such voluntary contributions when made shall for all intents and purposes be deemed "contributions required" as this term is used in G.S. 96-8(8). Any voluntary contributions so made by an employer within 30 days after the date of mailing by the ~~Commission~~ Division pursuant to G.S. 96-9(c)(3) of notification of contribution rate contained in cumulative account statement and computation of rate, shall be credited to its account as of the previous July 31. If, however, the voluntary contribution is made after July 31 of any year it shall not be considered a part of the balance of the unemployment insurance fund for the purposes of G.S. 96-9(b)(3) until the following July 31. The ~~Commission~~ Division in accepting a voluntary contribution shall not be bound by any condition stipulated in or made a part of the voluntary contribution by the employer.

h. If, within the calendar month in which the computation date occurs, the ~~Commission~~ Division finds that any employing unit has failed to file any report required in connection therewith or has filed a report which the ~~Commission~~ Division finds incorrect or insufficient, the ~~Commission~~ Division shall make an estimate of the information required from such employing unit on the basis of the best evidence reasonably available to it at the time and shall notify the employing unit thereof by registered mail addressed to its last known address.

Unless such employing unit shall file the report or a corrected or sufficient report, as the case may be, within 15 days after the mailing of such notice, the ~~Commission~~ Division shall compute such employing unit's rate of contributions on the basis of such estimates, and the rate as so determined shall be subject to increases but not to reduction, on the basis of subsequently ascertained information.

i. Repealed by Session Laws 1987, c. 17, s. 5.

j. A tax is imposed upon contributions at the rate of twenty percent (20%) of the amount of contributions due. The tax is due and payable at the time and in the same manner as the contributions. The tax does not apply in a calendar year if, as of August 1 of the preceding year, either of the following conditions was met; (i) the amount in the Reserve Fund equals or exceeds one hundred sixty-three million three hundred forty-nine thousand dollars ($163,349,000), which is one percent (1%) of taxable wages for calendar year 1984; or (ii) the balance in the Unemployment Insurance Fund established by G.S. 96-6(a) is five hundred million ($500,000,000) or less. The collection of this tax, the assessment of interest and penalties on unpaid taxes, the filing of judgment liens, and the enforcement of the liens for unpaid taxes is governed by the provisions of G.S. 96-10 where applicable. Taxes collected under this subpart shall be credited to the Employment Security ~~Commission~~ Reserve Fund, and refunds of the taxes shall be paid from the same Fund. The clear proceeds of any civil penalties collected under this subpart shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Any interest collected on unpaid taxes shall be credited to the Special Employment Security Administration Fund, and any interest refunded on taxes imposed by this subpart shall be paid from the same Fund.

(c) (1) Except as provided in subsection (d) of this section, the ~~Commission~~ Division shall maintain a separate account for each employer and shall credit his account with all voluntary contributions made by him and all other contributions which he has paid or is paid on his behalf, provided the ~~Commission~~ Division shall credit the account of each employer in an amount equal to eighty percent (80%) of all voluntary contributions paid with respect to periods prior to January 1, 1984, and of all other contributions paid with respect to periods between July 1, 1965, and December 31, 1983. On the computation date, beginning first with August 1, 1948, the ratio of the credit balance in each individual account to the total of all the credit balances in all employer accounts shall be computed as of such computation date, and an amount equal to the interest credited to this State's account in the unemployment trust fund in the treasury of the United States for the four most recently completed calendar quarters shall be credited prior to the next computation date on a pro rata basis to all employers' accounts having a credit balance on the computation date. Such amount shall be prorated to the individual accounts in the same ratio that the credit balance in each individual account bears to the total of the credit balances in all such accounts. In computing the amount to be credited to the account of an employer as a result of interest earned by funds on deposit in the unemployment trust fund in the treasury of the United States to the account

of this State, any voluntary contributions made by an employer after July 31 of any year shall not be considered a part of the account balance of the employer until the next computation date occurring after such voluntary contribution was made. No provision in this section shall in any way be subject to or affected by any provisions of the Executive Budget Act, as amended. Nothing in this Act shall be construed to grant any employer or individual in his service prior claims or rights to the amount paid by him into the fund either on his own behalf or on behalf of such individuals.

(2) Charging of benefit payments. –

...

b. Any benefits paid to any claimant under a claim filed for a period occurring after the date of such separations as are set forth in this paragraph and based on wages paid prior to the date of (i) the leaving of work by the claimant without good cause attributable to the employer; (ii) the discharge of claimant for misconduct in connection with his work; (iii) the discharge of the claimant for substantial fault as that term may be defined in G.S. 96-14; (iv) the discharge of the claimant solely for a bona fide inability to do the work for which he was hired but only where the claimant's period of employment was 100 days or less; (v) separations made disqualifying under G.S. 96-14(2b) and (6a); (vi) separation due to leaving for disability or health condition; or (vii) separation of claimant solely as the result of an undue family hardship shall not be charged to the account of an employer by whom the claimant was employed at the time of such separation; provided, however, said employer promptly furnishes the ~~Commission~~ Division with such notices regarding any separation of the individual from work as are or may be required by the regulations of the ~~Commission.~~ Division.

No benefit charges shall be made to the account of any employer who has furnished work to an individual who, because of the loss of employment with one or more other employers, becomes eligible for partial benefits while still being furnished work by such employer on substantially the same basis and substantially the same amount as had been made available to such individual during his base period whether the employments were simultaneous or successive; provided, that such employer makes a written request for noncharging of benefits in accordance with ~~Commission~~ Division regulations and procedures.

No benefit charges shall be made to the account of any employer for benefit years ending on or before June 30, 1992, where benefits were paid as a result of a discharge due directly to the reemployment of a veteran mandated by the Veteran's Reemployment Rights Law, 38 USCA § 2021, et seq.

No benefit charges shall be made to the account of any employer where benefits are paid as a result of a decision by ~~an Adjudicator, Appeals Referee or the Commission~~ the Division if such decision to pay benefits is ultimately reversed; nor shall any such benefits paid be deemed to constitute an overpayment under G.S. 96-18(g)(2), the provisions thereof notwithstanding. Provided, an overpayment of

benefits paid shall be established in order to provide for the waiting period required by G.S. 96-13(c).

...

(3) As of July 31 of each year, and prior to January 1 of the succeeding year, the ~~Commission~~ Division shall determine the balance of each employer's account and shall furnish him with a statement of all charges and credits thereto. At the same time the ~~Commission~~ Division shall notify each employer of his rate of contributions as determined for the succeeding calendar year pursuant to this section. Such determination shall become final unless the employer files an application for review or redetermination prior to May 1 following the effective date of such rates. The ~~Commission~~ Division may redetermine on its own motion within the same period of time.

(4) Transfer of account. –

a. ...

2. Consent. – When an employer, as defined in G.S. 96-8(5)b., in any manner acquires a distinct and severable portion of the organization, trade, or business of another employing unit, the part of the account of the predecessor that relates to the acquired portion of the business shall, upon the mutual consent of the parties concerned and approval of the ~~Commission~~ Division in conformity with the regulations as prescribed therefor, be transferred as of the date of acquisition to the successor employer for use in the determination of the successor's rate of contributions, provided application for transfer is made within 60 days after the ~~Commission~~ Division notifies the successor of the right to request such transfer, otherwise the effective date of the transfer shall be the first day of the calendar quarter in which such application is filed, and that after the transfer the successor employing unit continues to operate the transferred portion of such organization, trade or business. On or after January 1, 2006, whenever part of an organization, trade, or business is transferred between entities subject to substantially common ownership, management, or control, the tax account shall be transferred in accordance with regulations. However, employing units transferring entities with any common ownership, management, or control are not entitled to separate and distinct employer status under this Chapter. Provided, however, that the transfer of an account for the purpose of computation of rates shall be deemed to have been made prior to the computation date falling within the calendar year within which the effective date of such transfer occurs and the account shall thereafter be used in the computation of the rate of the successor employer for succeeding years, subject, however, to the provisions of paragraph b of this subdivision. No request for a transfer of the account will be accepted and no transfer of the account will be made if the request for the transfer of the account is not received within two years of the date of acquisition or notification by the ~~Commission~~ Division of the right to request such transfer,

whichever occurs later. However, in no event will a request for a transfer be allowed if an account has been terminated because an employer ceases to be an employer pursuant to G.S. 96-9(c)(5) and G.S. 96-11(d) regardless of the date of notification.

...

b. Notwithstanding any other provisions of this section, if the successor employer was an employer subject to this Chapter prior to the date of acquisition of the business, the successor's rate of contribution for the period from that date to the end of the then current contribution year shall be the same as the successor's rate in effect on the date of the acquisition. If the successor was not an employer prior to the date of the acquisition of the business, the successor shall be assigned a standard beginning rate of contribution set forth in G.S. 96-9(b)(1) for the remainder of the year in which the successor acquired the business of the predecessor; however, if the successor makes application for the transfer of the account within 60 days after notification by the ~~Commission~~ Division of the right to do so and the account is transferred, or meets the requirements for mandatory transfer, the successor shall be assigned for the remainder of the year the rate applicable to the predecessor employer or employers on the date of acquisition of the business, as long as there was only one predecessor or, if more than one, the predecessors had identical rates. In the event the rates of the predecessor were not identical, the rate of the successor shall be the highest rate applicable to any of the predecessor employers on the date of acquisition of the business.

Irrespective of any other provisions of this Chapter, when an account is transferred in its entirety by an employer to a successor, the transferring employer shall thereafter pay the standard beginning rate of contributions set forth in G.S. 96-9(b)(1) and shall continue to pay at that rate until the transferring employer qualifies for a reduction, reacquires the account transferred or acquires the experience rating account of another employer, or is subject to an increase in rate under the conditions prescribed in G.S. 96-9(b)(2) and (3).

c. In those cases where the organization, trade, or business of a deceased person, or insolvent debtor is taken over and operated by an administrator, administratrix, executor, executrix, receiver, or trustee in bankruptcy, such employing units shall automatically succeed to the account and rate of contribution of such deceased person, or insolvent debtor without the necessity of the filing of a formal application for the transfer of such account.

...

(6) If the ~~Commission~~ Division finds that an employer's business is closed solely because of the entrance of one or more of the owners, officers, partners, or the majority stockholder into the Armed Forces of the United States, or of any of its allies, or of the United Nations, such employer's experience rating account shall not be terminated; and, if the business is resumed within two years after the discharge or release from active duty in the Armed Forces of such person or persons, the employer's account shall be

deemed to have been chargeable with benefits throughout more than 13 consecutive calendar months ending July 31 immediately preceding the computation date. This subdivision shall apply only to employers who are liable for contributions under the experience rating system of financing unemployment benefits. This subdivision shall not be construed to apply to employers who are liable for payments in lieu of contributions or to employers using the reimbursable method of financing benefit payments.

(d) Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this paragraph. For the purposes of this paragraph, a nonprofit organization is an organization (or group of organizations) described in section 501(c)(3) of the Internal Revenue Code that is exempt from income tax under section 501(a) of the Internal Revenue Code.

(1) a. Any nonprofit organization which becomes subject to this Chapter on or after January 1, 1972, shall pay contributions under the provisions of this Chapter, unless it elects in accordance with this paragraph to pay the ~~Commission~~ Division for the Unemployment Insurance Fund an amount equal to the amount of regular benefits and of one half of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment which begin within a benefit year established during the effective period of such election.

b. Any nonprofit organization which is or becomes subject to this Chapter on or after January 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than four calendar years beginning with the date on which subjectivity begins by filing a written notice of its election with the ~~Commission~~ Division not later than 30 days immediately following the date of written notification of the determination of such subjectivity. Provided if notification is not by registered mail, the election may be made on or after January 1, 1972, within six months following the date of the written notification of the determination of such subjectivity. If such election is not made as set forth herein, no election can be made until after four calendar years have elapsed under the contributions method of payment.

c. Any nonprofit organization which makes an election in accordance with subparagraph b of this paragraph will continue after such four calendar years to be liable for payments in lieu of contributions until it files with the ~~Commission~~ Division a written notice terminating its election not later than 30 days prior to the next January 1, effective on such January 1. Provided, however, no employer granted or in reimbursement status will be allowed refund of any previous balances used in a transfer to reimbursement status.

d. Any nonprofit organization which has been paying contributions under this Chapter for a period of at least four consecutive calendar years subsequent to January 1, 1972, may elect to change to a reimbursement basis by filing with the ~~Commission~~ Division not later than 30 days prior to the next January 1 a written notice of election to become liable for payments in lieu of contributions, effective on such January 1. Such election shall not be terminable for a period of four calendar years. In the event of such an election, the

account of such employer shall be closed and shall not be used in any future computation of such employer's contribution rate in any manner whatsoever.

d1. Any nonprofit organization which makes an election in accordance with subparagraph b. of this paragraph must secure such election by making a payment in lieu of contributions as provided in subdivision (2) of this subsection, posting a surety bond from an insurance company duly licensed to conduct business in this State, or obtaining an irrevocable letter of credit with the ~~Commission~~ Division to insure the payments in lieu of contributions as provided in subdivision (2) of this subsection. Any surety bond posted under this paragraph shall be in force for a period of not less than two calendar years and shall be renewed with the approval of the ~~Commission.~~ Division. The ~~Commission~~ Division may adopt rules to implement the provisions of this subparagraph.

e. The ~~Commission,~~ Division, in accordance with such regulations as it may adopt, shall notify each nonprofit organization of any determination which it may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Such determinations shall be subject to reconsideration, appeal and review.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of this subparagraph and shall be processed as provided herein.

a. Quarterly contributions and wage reports and advance payments shall be submitted to the ~~Commission~~ Division quarterly under the same conditions and requirements of G.S. 96-9 and 96-10, except that the amount of advance payments shall be computed as one percent (1%) of taxable wages and entered on such reports; provided that such advance payments shall become effective only with respect to the first four thousand two hundred dollars ($4,200) in wages paid in a calendar year until January 1, 1978. On and after that date advance payments shall be effective with respect to the federally required wage base provided that after December 31, 1983, the wage base shall be the same as that provided for in G.S. 96-9(a)(5). Collection of such advance payments shall be made as provided for the collection of contributions in G.S. 96-10.

Beginning January 1, 1978, any employer making quarterly reports of employment to the ~~Commission~~ Division and if such employer is a newly electing reimbursement employer he shall pay contributions of one percent (1%) of taxable wages entered on such reports.

Any employer paying by reimbursement having been, prior to July 1, under the reimbursement method of payment for the preceding calendar year, shall continue to file quarterly reports but shall make no payments with those reports.

b. The ~~Commission~~ Division shall establish a separate account for each such employer and such account shall be credited, and maintained as provided in G.S. 96-9(c)(1), except that advance payments shall be credited in full and voluntary contributions are not applicable.

...

d. As of July 31 of each year, and prior to January 1 of the succeeding year, the ~~Commission~~ Division shall determine the balance of each such employer's account and shall furnish him with a statement of all charges and credits thereto.

Should the balance in such account not equal that requiring a refund, the employer shall upon notice and demand for payment mailed to his last known address pay into his account an amount that will bring such balance to the minimum required for a refund. Such amount shall become due on or before the tenth day following the mailing of such notice and demand for payment. Any such amount unpaid on the due date shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

Should there be a debit balance in such account, the employer shall, upon notice and demand for payment, mailed to his last-known address, pay into his account an amount equal to such debit balance. Such amount shall become due on or before the tenth day following the mailing of such notice and demand for payment.

Any such amount unpaid on the date due shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

Beginning January 1, 1978, each employer paying by reimbursement shall have his account computed on computation date (August 1) and if there is a deficit shall be billed for an amount necessary to bring his account to one percent (1%) of his taxable payroll. Any amount of his account in excess of that required to equal one percent (1%) of his payroll shall be refunded. Amounts due from any employer to bring his account to a one percent (1%) balance shall be billed as soon as practical and payment will be due within 25 days from the date of mailing of the statement of amount due. Amounts due from any nonprofit organization to bring its account to a one percent (1%) balance shall be billed as soon as practical, and payment will be due within 60 days from the date of mailing of the statement of the amount due.

e. The ~~Commission~~ Division may make necessary rules and regulations with respect to coverage of a group of nonprofit organizations and with respect to the reimbursement of benefits payments by such group of nonprofit organizations.

...

(e) In order that the ~~Commission~~ Division shall be kept informed at all times on the circumstances and conditions of unemployment within the State and as to whether the stability of the fund is being impaired under the operation and effect of the system provided in subsection (c) of this section, the actuarial study now in progress shall be continued and such other investigations and studies of a similar nature as the ~~Commission~~ Division may deem necessary shall be made.

(f) (1) On and after January 1, 1978, all benefits charged to a State or local governmental employing unit shall be paid to the ~~Commission~~ Division within 25 days from the date a list of benefit charges is mailed to the State or local governmental employing agency and the appropriate account(s) shall be credited with such payment(s).

(2) In lieu of paying for benefits by reimbursement as provided in subdivision (1) hereof, any State or local governmental employing unit may elect pursuant to rules and regulations established by the ~~Commission:~~ Division:

a. To pay contributions on an experience rating basis as provided in G.S. 96-9(a), (b), and (c); or,

b. To pay to the ~~Commission,~~ Division, within 25 days from the date a list of benefit charges is mailed to such employing unit, a sum equal to the amount which its account would be charged if it were a tax paying employer under G.S. 96-9(c)(2).

~~(3)~~ State or local governmental employing units paying for benefits as provided in subdivision (1) herein may establish pool accounts; provided, that such pool accounts are established and maintained according to ~~the~~ rules ~~and regulations of the Commission.~~adopted by the Division.

(4) Any governmental entity paying by reimbursement as provided in subdivision (1) hereof shall not have any benefits paid against its account noncharged or forgiven except as provided in G.S. 96-9(d)(2)c.

(g) Nothing contained in subsections (d), (f), and (i) of this section prevents the ~~Commission~~ Division from providing any reimbursing employer with informational bills or lists of charges on a basis more frequent than yearly, if in its sole discretion, the ~~Commission~~ Division considers such action to be in the best interest of the ~~Commission~~ Division and the affected employer(s).

(h) (1) Any nonprofit organization which has been paying contributions on a reimbursement basis for at least three consecutive calendar years during none of which years the benefit charges exceeded four tenths of one percent (.4%) of its taxable payroll may, before November 1 of the fourth or subsequent calendar year, elect to pay contributions by special reimbursement on the basis provided for in subdivision (2) below but only upon the following conditions:

...

b. The election shall apply to no less than the four calendar years following the year of election unless terminated by the ~~Commission~~ Division under subdivision (3) below.

...

(3) If any electing organization shall fail to make any quarterly payment when due:

a. The ~~Commission~~ Division may draw the full amount of the letter of credit for application to the employer's account;

...

c. If, after demand, the organization shall fail to pay any sums required under paragraph b. above, the ~~Commission~~ Division may revoke the organization's election for special reimbursement and any difference between the employer's account balance and one percent (1%) of its total taxable payroll shall become immediately due and payable.

(i) Indian Tribes. – Benefits paid to employees of Indian tribe employing units shall be financed in accordance with the provisions of this subsection. For the purposes of this subsection, an "Indian tribe employing unit" is an Indian tribe, a subdivision or subsidiary of an Indian tribe, or a business enterprise wholly owned by an Indian tribe.

(1) Election. –

a. An Indian tribe employing unit shall pay contributions under the provisions of this Chapter, unless it elects in accordance with this subsection to pay the ~~Commission~~ Division for the Unemployment Insurance Fund an amount equal to the amount of benefits paid that is attributable to service in the employ of the unit, to individuals for weeks of unemployment that begin within a benefit year established during the effective period of the election.

b. An Indian tribe employing unit may elect to become liable for payments in lieu of contributions for a period of not less than three calendar years by filing a written notice of its election with the ~~Commission~~ Division at least 30 days before the January 1 effective date of the election.

c. An Indian tribe employing unit that makes an election in accordance with this subsection will continue after the end of the three calendar years to be liable for payments in lieu of contributions until it files with the ~~Commission~~ Division a written notice terminating its election at least 30 days before the January 1 effective date of the termination.

d. The account of an Indian tribe employing unit that has been paying contributions under this Chapter for a period of at least three consecutive calendar years and that elects to change to a reimbursement basis shall be closed and shall not be used in any future computation of the unit's contribution rate in any manner.

e. The ~~Commission,~~ Division, in accordance with regulations it adopts, shall notify each Indian tribe employing unit of any determination of the effective date of any election it makes and of any termination of the election. These determinations shall be subject to reconsideration, appeal, and review.

(2) Procedure. – Indian tribe employing units' payments by reimbursement in lieu of contributions shall be made and processed as provided in this subdivision.

a. Quarterly contributions and wage reports and advance payments shall be submitted to the ~~Commission~~ Division quarterly under the same conditions and requirements of G.S. 96-9 and G.S. 96-10, except that the amount of advance payments shall be computed as one percent (1%) of taxable wages and entered on the reports, and except that the wage base shall be the same as that provided for in G.S. 96-9(a)(5). Collection of these advance payments shall be made as provided for the collection of contributions in G.S. 96-10.

Any Indian tribe employing unit paying by reimbursement having been, prior to July 1, under the reimbursement method of payment for the preceding calendar year, shall continue to file quarterly reports but shall make no payments with those reports.

b. The ~~Commission~~ Division shall establish a separate account for each Indian tribe employing unit paying by reimbursement. The account shall be credited and maintained as provided in G.S. 96-9(c)(1), except that advance payments shall be credited in full, and voluntary contributions are not applicable.

...

d. As of July 31 of each year, and prior to January 1 of the succeeding year, the ~~Commission~~ Division shall determine the balance of each Indian tribe employing unit's account and shall furnish the unit with a statement of all charges and credits to the account.

If the balance in the account does not equal one percent (1%) of taxable wages, the Indian tribe employing unit must, upon notice and demand for payment mailed to its last known address, pay into the account an amount that will bring the balance to one percent (1%) of taxable wages. This amount becomes due on or before the 25th day after the notice and demand for payment is mailed. Any amount unpaid on the due date shall be collected in the same manner, including interest, as prescribed in G.S. 96-10.

If there is a debit balance in the account, the Indian tribe employing unit must, upon notice and demand for payment mailed to its last known address, pay into the account an amount necessary to bring the account to one percent (1%) of taxable wages. This amount becomes due on or before the 25th day after the notice and demand for payment is mailed. Any amount unpaid on the due date shall be

collected in the same manner, including interest, as prescribed in G.S. 96-10.

...

(4) Forfeiture of coverage. – If an Indian tribe employing unit fails to make payments, including interest and penalties, required under this subsection after all collection activities considered necessary by the ~~Commission~~ Division have been exhausted, services performed for that employing unit are no longer treated as "employment" for the purpose of coverage under this Chapter. An Indian tribe employing unit that has lost coverage regains coverage under this Chapter for services performed for the employing unit if the ~~Commission~~ Division determines that all contributions, payments in lieu of contributions, penalties, and interest have been paid.

The ~~Commission~~ Division shall notify the Internal Revenue Service and the United States Department of Labor of any termination or reinstatement of coverage pursuant to this subdivision.

SECTION 2.9. G.S. 96-10 reads as rewritten:

"**§ 96-10. Collection of contributions.**

(a) Interest on Past-Due Contributions. – Contributions unpaid on the date on which they are due and payable, as prescribed by the ~~Commission,~~ Division, shall bear interest at the rate set under G.S. 105-241.21 per month from and after that date until payment plus accrued interest is received by the ~~Commission.~~ Division. An additional penalty in the amount of ten percent (10%) of the taxes due shall be added. The clear proceeds of any civil penalties levied pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Interest collected pursuant to this subsection shall be paid into the Special Employment Security Administration Fund. If any employer, in good faith, pays contributions to another state or to the United States under the Federal Unemployment Tax Act, prior to a determination of liability by this ~~Commission,~~ Division, and the contributions were legally payable to this State, the contributions, when paid to this State, shall be deemed to have been paid by the due date under the law of this State if they were paid by the due date of the other state or the United States.

(b) Collection. –

(1) If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due shall be collected by civil action in the name of the ~~Commission,~~ Division, and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions, except petitions for judicial review under this Chapter and cases arising under the Workers' Compensation Law of this State; or, if any contribution imposed by this Chapter, or any portion thereof, and/or penalties duly provided for the nonpayment thereof shall not be paid within 30 days after the same become due and payable, and after due notice and reasonable opportunity for hearing, the ~~Commission,~~ Division, under the hand of ~~its chairman,~~ the Assistant Secretary, may certify the same to the clerk of the superior court of the county in which the delinquent resides or has property, and additional copies of said certificate for each county in which the ~~Commission~~ Division has reason to believe the delinquent has property located. If the amount of a delinquency is less than fifty dollars ($50.00), the ~~Commission~~ Division

may not certify the amount to the clerk of court until a field tax auditor or another representative of the ~~Commission~~ Division personally contacts, or unsuccessfully attempts to personally contact, the delinquent and collect the amount due. A certificate or a copy of a certificate forwarded to the clerk of the superior court shall immediately be docketed and indexed on the cross index of judgments, and from the date of such docketing shall constitute a preferred lien upon any property which said delinquent may own in said county, with the same force and effect as a judgment rendered by the superior court. The ~~Commission~~ Division shall forward a copy of said certificate to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the ~~Commission,~~Division, and when so forwarded and in the hands of such sheriff or agent of the ~~Commission,~~Division, shall have all the force and effect of an execution issued to such sheriff or agent of the ~~Commission~~ Division by the clerk of the superior court upon a judgment of the superior court duly docketed in said county. Provided, however, the Commission may in its discretion withhold the issuance of said certificate or execution to the sheriff or agent of the ~~Commission~~ Division for a period not exceeding 180 days from the date upon which the original certificate is certified to the clerk of superior court. The ~~Commission~~ Division is further authorized and empowered to issue alias copies of said certificate or execution to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the ~~Commission~~ Division in all cases in which the sheriff or duly authorized agent has returned an execution or certificate unsatisfied; when so issued and in the hands of the sheriff or duly authorized agent of the ~~Commission,~~ Division such alias shall have all the force and effect of an alias execution issued to such sheriff or duly authorized agent of the ~~Commission~~ Division, by the clerk of the superior court upon a judgment of the superior court duly docketed in said county. Provided, however, that notwithstanding any provision of this subsection, upon filing one written notice with the ~~Commission,~~ Division, the sheriff of any county shall have the sole and exclusive right to serve all executions and make all collections mentioned in this subsection and in such case no agent of the ~~Commission~~ Division shall have the authority to serve any executions or make any collections therein in such county. A return of such execution, or alias execution, shall be made to the ~~Commission,~~ Division, together with all moneys collected thereunder, and when such order, execution, or alias is referred to the agent of the ~~Commission~~ Division for service the said agent of the ~~Commission~~ Division shall be vested with all the powers of the sheriff to the extent of serving such order, execution or alias and levying or collecting thereunder. The agent of the ~~Commission~~ Division to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000) approved by the ~~Commission~~ Division for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of executions. If any sheriff of this State or any agent of the ~~Commission~~ Division who is charged with the duty of serving executions shall willfully fail, refuse, or neglect to execute any order directed to him by the said ~~Commission~~ Division and within the time provided by law, the official bond of such sheriff or of such agent of the ~~Commission~~ Division shall be liable for the contributions, penalty, interest, and costs due by the employer.

(2) Any representative of the ~~Employment Security Commission~~ Division may examine and copy the county tax listings, detailed inventories, statements of assets or similar information required under General Statutes, Chapter 105, to be filed with the tax supervisor of any county in this State by any person, firm, partnership, or corporation, domestic or foreign, engaged in operating any business enterprise in such county. Any such information obtained by an agent or employee of the ~~Commission~~ Division shall not be divulged, published, or open to public inspection other than to the ~~Commission's~~Division's employees in the performance of their public duties. Any employee ~~or member of the Commission~~ of the Division who violates any provision of this section shall be fined not less than twenty dollars ($20.00), nor more than two hundred dollars ($200.00), or imprisoned for not longer than 90 days, or both.

(3) When the ~~Commission~~ Division furnishes the clerk of superior court of any county in this State a written statement or certificate to the effect that any judgment docketed by the ~~Commission~~ Division against any firm or individual has been satisfied and paid in full, and said statement or certificate is signed by the ~~chairman of the Commission~~ Secretary of Commerce and attested by ~~its secretary,~~ the Assistant Secretary, with the seal of the ~~Commission~~ Division affixed, it shall be the duty of the clerk of superior court to file said certificate and enter a notation thereof on the margin of the judgment docket to the effect that said judgment has been paid and satisfied in full, and is in consequence canceled of record. ~~Such~~ The cancellation shall have the full force and effect of a cancellation entered by an attorney of record for the ~~Commission.~~ Division. It shall also be the duty of such clerk, when any such certificate is furnished him by the ~~Commission~~ Division showing that a judgment has been paid in part, to make a notation on the margin of the judgment docket showing the amount of such payment so certified and to file said certificate. This paragraph shall apply to judgments already docketed, as well as to the future judgments docketed by the ~~Commission.~~ Division. For the filing of said statement or certificate and making new notations on the record, the clerk of superior court shall be paid a fee of fifty cents (50¢) by the ~~Commission.~~ Division.

(c) Priorities under Legal Dissolution or Distributions. – In the event of any distribution of an employer's assets pursuant to an order of any court under the laws of this State, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, contributions then or thereafter due shall be paid in full prior to all other claims except taxes, and claims for remuneration of not more than two hundred and fifty dollars ($250.00) to each claimant, earned within six months of the commencement of the proceeding. In the event of an employer's adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the Federal Bankruptcy Act of 1898, as amended, contributions then or thereafter due shall be entitled to such priority as is provided in section 64(a) of that act (U.S.C., Title 11, section 104(a)), as amended.

A receiver of any covered employer placed into an operating receivership pursuant to an order of any court of this State shall pay to the ~~Commission~~ Division any contributions, penalties or interest then due out of moneys or assets on hand or coming into his possession before any such moneys or assets may be used in any manner to continue the operation of the business of the employer while it is in receivership.

(d) Collections of Contributions upon Transfer or Cessation of Business. – The contribution or tax imposed by G.S. 96-9, and subsections thereunder, of this Chapter shall be a

lien upon the assets of the business of any employer subject to the provisions hereof who shall lease, transfer or sell out his business, or shall cease to do business and such employer shall be required, by the next reporting date as prescribed by the ~~Commission,~~ Division, to file with the ~~Commission~~ Division all reports and pay all contributions due with respect to wages payable for employment up to the date of such lease, transfer, sale or cessation of the business and such employer's successor in business shall be required to withhold sufficient of the purchase money to cover the amount of said contributions due and unpaid until such time as the former owner or employer shall produce a receipt from the ~~Commission~~ Division showing that the contributions have been paid, or a certificate that no contributions are due. If the purchaser of a business or a successor of such employer shall fail to withhold purchase money or any money due to such employer in consideration of a lease or other transfer and the contributions shall be due and unpaid after the next reporting date, as above set forth, such successor shall be personally liable to the extent of the assets of the business so acquired for the payment of the contributions accrued and unpaid on account of the operation of the business by the former owner or employer.

(e) Refunds. – If not later than five years from the last day of the calendar year with respect to which a payment of any contributions or interest thereon was made, or one year from the date on which such payment was made, whichever shall be the later, an employer or employing unit who has paid such contributions or interest thereon shall make application for an adjustment thereof in connection with subsequent contribution payments, or for a refund, and the ~~Commission~~ Division shall determine that such contributions or any portion thereof was erroneously collected, the ~~Commission~~ Division shall allow such employer or employing unit to make an adjustment thereof, without interest, in connection with subsequent contribution payments by him, or if such an adjustment cannot be made in the next succeeding calendar quarter after such application for such refund is received, a cash refund may be made, without interest, from the fund: Provided, that any interest refunded under this subsection, which has been paid into the Special Employment Security Administration Fund established pursuant to G.S. 96-5(c), shall be paid out of such fund. For like cause and within the same period, adjustment or refund may be so made on the ~~Commission's~~ Division's own initiative. Provided further, that nothing in this section or in any other section of this Chapter shall be construed as permitting the refund of moneys due and payable under the law and regulations in effect at the time such moneys were paid. In any case, where the ~~Commission~~ Division finds that any employing unit has erroneously paid to this State contributions or interest upon wages earned by individuals in employment in another state, refund or adjustment thereof shall be made, without interest, irrespective of any other provisions of this subsection, upon satisfactory proof to the ~~Commission~~Division that such other state has determined the employing unit liable under its law for such contributions or interest.

(f) No injunction shall be granted by any court or judge to restrain the collection of any tax or contribution or any part thereof levied under the provisions of this Chapter nor to restrain the sale of any property under writ of execution, judgment, decree or order of court for the nonpayment thereof. Whenever any employer, person, firm or corporation against whom taxes or contributions provided for in this Chapter have been assessed, shall claim to have a valid defense to the enforcement of the tax or contribution so assessed or charged, such employer, person, firm or corporation shall pay the tax or contribution so assessed to the ~~Commission;~~ Division; but if at the time of such payment he shall notify the ~~Commission~~ Division in writing that the same is paid under protest, such payment shall be without prejudice to any defenses or rights he may have in the premises, and he may, at any time within 30 days after such payment, demand the same in writing from the ~~Commission;~~ Division; and if the same shall not be refunded within 90 days thereafter, he may sue the ~~Commission~~ Division for the amount so demanded; such suit against the ~~Employment Security Commission of North Carolina~~ Division

must be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides, or in the county where the taxpayer conducts his principal place of business; and if, upon the trial it shall be determined that such tax or contribution or any part thereof was for any reason invalid, excessive or contrary to the provisions of this Chapter, the amount paid shall be refunded by the ~~Commission~~ Division accordingly. The remedy provided by this subsection shall be deemed to be cumulative and in addition to such other remedies as are provided by other subsections of this Chapter. No suit, action or proceeding for refund or to recover contributions or payroll taxes paid under protest according to the provisions of this subsection shall be maintained unless such suit, action or proceeding is commenced within one year after the expiration of the 90 days mentioned in this subsection, or within one year from the date of the refusal of ~~said Commission~~ the Division to make refund should such refusal be made before the expiration of said 90 days above mentioned. The one-year limitation here imposed shall not be retroactive in its effect, shall not apply to pending litigation nor shall the same be construed as repealing, abridging or extending any other limitation or condition imposed by this Chapter.

(g) Upon the motion of the ~~Commission,~~ Division, any employer refusing to submit any report required under this Chapter, after 10 days' written notice sent by the ~~Commission~~ Division by registered or certified mail to the employer's last known address, may be enjoined by any court of competent jurisdiction from hiring and continuing in employment any employees until such report is properly submitted. When an execution has been returned to the ~~Commission~~ Division unsatisfied, and the employer, after 10 days' written notice sent by the ~~Commission~~ Division by registered mail to the employer's last known address, refuses to pay the contributions covered by the execution, such employer shall upon the motion of the ~~Commission~~ Division be enjoined by any court of competent jurisdiction from hiring and continuing in employment any employees until such contributions have been paid.

An employer who fails to file a report within the required time shall be assessed a late filing penalty of five percent (5%) of the amount of contributions due with the report for each month or fraction of a month the failure continues. The penalty may not exceed twenty-five percent (25%) of the amount of contributions due. An employer who fails to file a report within the required time but owes no contributions shall not be assessed a penalty unless the employer's failure to file continues for more than 30 days.

(h) When any uncertified check is tendered in payment of any contributions to the ~~Commission~~ Division and such check shall have been returned unpaid on account of insufficient funds of the drawer of said check in the bank upon which same is drawn, a penalty shall be payable to the ~~Commission,~~ Division, equal to ten percent (10%) of the amount of said check, and in no case shall such penalty be less than one dollar ($1.00) nor more than two hundred dollars ($200.00).

(i) Except as otherwise provided in this subsection, no suit or proceedings for the collection of unpaid contributions may be begun under this Chapter after five years from the date on which the contributions become due, and no suit or proceeding for the purpose of establishing liability and/or status may be begun with respect to any period occurring more than five years prior to the first day of January of the year within which the suit or proceeding is instituted. This subsection shall not apply in any case of willful attempt in any manner to defeat or evade the payment of any contributions becoming due under this Chapter. A proceeding shall be deemed to have been instituted or begun upon the date of issuance of an order by the ~~chairman~~ Assistant Secretary of the ~~Commission~~ Division directing a hearing to be held to determine liability or nonliability, and/or status under this Chapter of an employing unit, or upon the date notice and demand for payment is mailed by certified mail to the last known address of the employing unit. The order shall be deemed to have been issued on the date the order is mailed by certified mail to the last known address of the employing unit. The running of the period of limitations provided in this subsection for the making of assessments or

collection shall, in a case under Title II of the United States Code, be suspended for the period during which the ~~Commission~~ Division is prohibited by reason of the case from making the assessment or collection and for a period of one year after the prohibition is removed.

(j) Waiver of Interest and Penalties. – The ~~Commission~~ Division may, for good cause shown, reduce or waive any interest assessed on unpaid contributions under this section. The ~~Commission~~ Division may reduce or waive any penalty provided in G.S. 96-10(a) or G.S. 96-10(g). The late filing penalty under G.S. 96-10(g) shall be waived when the mailed report bears a postmark that discloses that it was mailed by midnight of the due date but was addressed or delivered to the wrong State or federal agency. The late payment penalty and the late filing penalty imposed by G.S. 96-10(a) and G.S. 96-10(g) shall be waived where the delay was caused by any of the following:

(1) The death or serious illness of the employer or a member of his immediate family, or by the death or serious illness of the person in the employer's organization responsible for the preparation and filing of the report;

(2) Destruction of the employer's place of business or business records by fire or other casualty;

(3) Failure of the ~~Commission~~ Division to furnish proper forms upon timely application by the employer, by reason of which failure the employer was unable to execute and file the report on or before the due date;

(4) The inability of the employer or the person in the employer's organization responsible for the preparation and filing of reports to obtain an interview with a representative of the ~~Commission~~ Division upon a personal visit to the central office or any local office for the purpose of securing information or aid in the proper preparation of the report, which personal interview was attempted to be had within the time during which the report could have been executed and filed as required by law had the information at the time been obtained;

(5) The entrance of one or more of the owners, officers, partners, or the majority stockholder into the Armed Forces of the United States, or any of its allies, or the United Nations, provided that the entrance was unexpected and is not the annual two weeks training for reserves; and

(6) Other circumstances where, in the opinion of the ~~Chairman, the Assistant Administrator, or their~~ Secretary, Assistant Secretary, or their designees, the imposition of penalties would be inequitable.

In the waiver of any penalty, the burden shall be upon the employer to establish to the satisfaction of the ~~Chairman, the Assistant Administrator, or their~~ Secretary, Assistant Secretary, or their designees, that the delinquency for which the penalty was imposed was due to any of the foregoing facts or circumstances.

The waiver or reduction of interest or a penalty under this subsection shall be valid and binding upon the ~~Commission.~~ Division. The reason for any reduction or waiver shall be made a part of the permanent records of the employing unit to which it applies."

SECTION 2.10. G.S. 96-11 reads as rewritten:

"**§ 96-11. Period, election, and termination of employer's coverage.**

...

(b) Prior to January 1, 1972, and except as otherwise provided in subsections (a), (c), and (d) of this section, an employing unit shall cease to be an employer subject to this Chapter only as of the first day of January of any calendar year, if it files with the ~~Commission~~ Division prior to the first day of March of such calendar year a written application for termination of coverage and the ~~Commission~~ Division finds that there were no 20 different weeks in the preceding calendar year (whether or not such weeks are or were consecutive) within which said

employing unit employed four or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week); provided that on and after January 1, 1972, except as otherwise provided in subsections (a), (c), and (d) of this section, an employing unit shall cease to be an employer subject to this Chapter only as of the first day of January in any calendar year, if it files with the ~~Commission~~ Division prior to the first day of March of such year a written application for termination of coverage and the ~~Commission~~ Division finds that there were no 20 different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed one or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individual was employed in each such week), and the ~~Commission~~ Division finds that there was no calendar quarter within the preceding calendar year in which the total wages of its employees were one thousand five hundred dollars ($1,500) or more. Any employing unit, as defined in G.S. 96-8(5)n, shall cease to be an employer only if it files with the ~~Commission~~ Division by the first day of March of any calendar year an application for termination of coverage, and the ~~Commission~~ Division finds that there were no 20 different weeks within the preceding calendar year in which such employing unit had at least 10 individuals in employment, and that there was no calendar quarter within the preceding calendar year in which such employing unit paid twenty thousand dollars ($20,000) or more in wages for services in employment. Any employing unit, as defined in G.S. 96-8(5)o, shall cease to be an employer if it files with the ~~Commission~~ Division by the first day of March of any calendar year an application for termination of coverage and the ~~Commission~~ Division finds that there was no calendar quarter within the preceding calendar year in which such employing unit paid one thousand dollars ($1,000) or more in wages for services in employment. Provided further, except as otherwise provided in subsections (a), (c), and (d) of this section on and after January 1, 1974, an "employer" as the term is used in G.S. 96-8(5)k shall cease to be an employer subject to this Chapter only as of the first day of January in any calendar year, if it files with the ~~Commission~~ Division prior to the first day of March of such year a written application for termination of coverage and the ~~Commission~~ Division finds that there were no 20 different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed four or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week). For the purpose of this subsection, the two or more employing units mentioned in paragraphs b or c of G.S. 96-8, subdivision (5) shall be treated as a single employing unit: Provided, however, that any employer, as the term is used in G.S. 96-8(5)k, whose liability covers a period of more than two years when first discovered by the ~~Commission,~~ Division, upon filing a written application for termination within 90 days after notification of his liability by the ~~Commission,~~ Division, may be terminated as an employer effective January 1; and for any subsequent year if the ~~Commission~~ Division finds there were no 20 different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed four or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week). Provided further, any other employer whose liability covers a period of more than two years when first discovered by the ~~Commission,~~ Division, upon filing a written application for termination within 90 days after notification of his liability by the ~~Commission,~~Division, may be terminated as an employer effective January 1, and for any subsequent years if the ~~Commission~~Division finds that prior to January 1, 1972, there were no 20 different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed four or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individuals were employed in each such

week); and with respect to 1972 and subsequent years, if the ~~Commission~~Division finds that there were no 20 different weeks within the preceding calendar year (whether or not such weeks are or were consecutive) within which said employing unit employed one or more individuals in employment (not necessarily simultaneously and irrespective of whether the same individual was employed in each such week), and the ~~Commission~~ Division finds that there was no calendar quarter within the preceding calendar year in which the total wages of its employees were one thousand five hundred dollars ($1,500) or more. In such cases, a protest of liability shall be considered as an application for termination within the meaning of this provision where the decision with respect to such protest has not become final; provided further, this provision shall not apply in any case of willful attempt in any manner to defeat or evade the payment of contributions becoming due under this Chapter.

(c) (1) An employing unit, not otherwise subject to this Chapter, which files with the ~~Commission~~ Division its written election to become an employer subject hereto for not less than two calendar years shall, with the written approval of such election by the ~~Commission,~~ Division, become an employer subject hereto to the same extent as all other employers, as of the date stated in such approval, and shall cease to be subject hereto as of January 1 of any calendar year subsequent to such two calendar years only if, prior to the first day of March following such first day of January, it has filed with the ~~Commission~~ Division a written notice to that effect, provided such employing unit may be terminated by the ~~Commission~~ Division as provided under the provisions of subdivision ~~(3)~~(4) of this subsection.

(2) Any employing unit for which services that do not constitute employment as defined in this Chapter are performed may file with the ~~Commission~~ Division a written election that all such services performed by individuals in its employ, in one or more distinct establishments or places of business, shall be deemed to constitute employment for all the purposes of this Chapter for not less than two calendar years. Upon the written approval of such election by the ~~Commission~~ Division such services shall be deemed to constitute employment subject to this Chapter from and after the date stated in such approval. Such services shall cease to be deemed employment, subject hereto as of January one of any calendar year subsequent to such two calendar years only if, prior to the first day of March following such first day of January, such employing unit has filed with the ~~Commission~~ Division a written notice to that effect, provided such employing unit may be terminated by the ~~Commission~~ Division as provided under the provisions of subdivision ~~(3)~~(4) of this subsection.

(3) ...

d. An election under this section may be terminated as of January 1 of any calendar year subsequent to such two calendar years only if 30 days prior to such January 1, such employer has filed with the ~~Commission~~ Division a written notice to that effect.

(4) On and after July 1, 1965, the ~~Commission~~ Division on its own motion and in its discretion, upon 30 days' written notice mailed to the last known address of such employer, may terminate coverage of any employer which has become subject to this Chapter solely by electing coverage under the provisions of this subsection.

(d) Except as provided in G.S. 96-9(c)(6), an employer who has not paid any covered wages for a period of two consecutive calendar years shall cease to be an employer subject to this Chapter. An employer who has not had individuals in employment and who has made due

application for exemption from filing contributions and wage reports required under this Chapter and has been so exempted may be terminated from liability upon written application within 120 days after notification of the reactivation of his account. Such termination shall be effective January 1 of any calendar year only if the ~~Commission~~ Division finds there were no 20 different weeks within the preceding calendar year, whether or not such weeks are or were consecutive, within which said employer employed one or more individuals in employment (four or more prior to January 1, 1972), not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week, and the ~~Commission~~ Division finds that there was no calendar quarter within the preceding calendar year in which the total wages of its employees were one thousand five hundred dollars ($1,500) or more, except as otherwise provided. Provided further, an employer, as the term is used in G.S. 96-8(5)k, who has not had individuals in employment and who has made due application for exemption from filing contributions and wage reports required under this Chapter and has been so exempted may be terminated from liability upon written application within 120 days after notification of the reactivation of its account. Such termination shall be effective January 1 of any calendar year only if the ~~Commission~~ Division finds that there were no 20 different weeks within the preceding calendar year, whether or not such weeks are or were consecutive, within which said employer employed four or more individuals in employment, not necessarily simultaneously and irrespective of whether the same individuals were employed in each such week. In such cases a protest of liability shall be considered as an application for termination within the meaning of this provision where the decision with respect to such protest has not become final."

SECTION 2.11. G.S. 96-12 reads as rewritten:

"**§ 96-12. Benefits.**

(a) Payment of Benefits. – Twenty-four months after the date when contributions first accrue under this Chapter benefits shall become payable from the fund. All benefits shall be paid through employment offices, in accordance with ~~such regulations as the Commission may prescribe.~~rules adopted by the Division.

(b) (1) a. Repealed by Session Laws 1977, c. 727, s. 52.

b. An individual who is totally unemployed shall be paid the individual's weekly benefit amount. The weekly benefit amount for an individual is the amount of the high-quarter wages paid to the individual in the individual's base period, divided by 26 and, if the quotient is not a whole dollar, rounded to the next lower whole dollar. If this amount is less than fifteen dollars ($15.00), the individual is not eligible for benefits.

c. Repealed by Session Laws 1981, c. 160, s. 17.

(2) Each August 1, the ~~Commission~~ Division shall calculate the maximum weekly benefit amount available to an individual. The maximum weekly benefit amount is sixty-six and two-thirds percent (66 2/3%) of the average weekly insured wage rounded, if the amount is not a whole dollar, to the next lower whole dollar. The maximum weekly benefit amount set on August 1 of a year applies to an individual whose benefit year begins on or after that date and before August 1 of the following year.

...

(d) Duration of Benefits. – The total benefits paid to an individual shall not be less than the minimum total benefit and shall not exceed the lesser of the maximum total benefit or the individual's total benefit amount. The total benefit amount for an individual is determined by dividing the individual's base-period wages by the individual's high-quarter wages, multiplying that quotient by eight and two thirds, rounding the result to the nearest whole number, and then multiplying the resulting amount by the individual's weekly benefit amount. The minimum total

benefit for an individual is 13 times the individual's weekly benefit amount. The maximum total benefit for an individual is 26 times the individual's weekly benefit amount, unless the benefits are extended further in accordance with G.S. 96-12.01. The ~~Commission~~ Division shall establish and maintain individual wage record accounts for each individual who earns wages in covered employment for as long as the wages would be included in a determination of benefits.

...

(g) Income Tax Withholding. – When an individual files a new claim for unemployment compensation, the individual shall be advised in writing at the time of filing that:

(1) Unemployment compensation is subject to federal and State individual income tax.

(2) Requirements exist pertaining to estimated tax payments.

(3) The individual may elect to have federal individual income tax deducted and withheld from the individual's payment of unemployment compensation at the amount specified in section 3402 of the Internal Revenue Code.

(4) The individual may elect to have State individual income tax deducted and withheld from the individual's payment of unemployment compensation in an amount determined by the individual.

(5) The individual may change a previously elected withholding status.

The ~~Commission~~ Division shall follow the procedures specified by the United States Department of Labor, the Internal Revenue Service, and the Department of Revenue pertaining to the deducting and withholding of individual income tax. The amounts deducted and withheld from unemployment compensation shall remain in the Unemployment Insurance Fund until transferred to the appropriate taxing authority as a payment of income tax. If two or more deductions are made from an individual's unemployment compensation payment, then the deductions will be deducted and withheld in accordance with priorities established by the ~~Commission.~~Division."

a. Was less than one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in each of the preceding two calendar years, and was less than six percent (6%), or

b. Was less than five percent (5%).

(6) "Rate of insured unemployment," for the purposes of subparagraphs (4) and (5) of this subsection, means the percentage derived by dividing

(b) Effect of State Law Provisions Relating to Regular Benefits on Claims for, and for Payment of, Extended Benefits. – Except when the result would be inconsistent with the other provisions of this section and in matters of eligibility determination, as provided ~~in the regulations of~~ by rules adopted by the ~~Commission,~~ Division the provisions of this Chapter which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

(c) Eligibility Requirements for Extended Benefits. – An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the ~~Commission~~ Division finds that with respect to such week:

(1) ~~He~~ The individual is an "exhaustee" as defined in subsection (a)(10).

(2) ~~He~~ The individual has satisfied the requirements of this Chapter for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits. Provided, however, that for purposes of disqualification for extended benefits for weeks of unemployment beginning after March 31, 1981, the term "suitable work" means any work which is within the individual's capabilities to perform if: (i) The gross average weekly remuneration payable for the work exceeds the sum of the individual's weekly extended benefit amount plus the amount, if any, of supplemental unemployment benefits (as defined in section 501(C)(17)(D) of the Internal Revenue Code of 1954) payable to such individual for such week; and (ii) the gross wages payable for the work equal the higher of the minimum wages provided by section 6(a)(1) of the Fair Labor Standards Act of 1938 as amended (without regard to any exemption), or the State minimum wage; and (iii) the work is offered to the individual in writing and is listed with the State employment service; and (iv) the considerations contained in G.S. 96-14(3) for determining whether or not work is suitable are applied to the extent that they are not inconsistent with the specific requirements of this subdivision; and (v) the individual cannot furnish evidence satisfactory to the ~~Commission~~ Division that his prospects for obtaining work in his customary occupation within a reasonably short period of time are good, but if the individual submits evidence which the ~~Commission~~ Division deems satisfactory for this purpose, the determination of whether or not work is suitable with respect to such individual shall be made in accordance with G.S. 96-14(3) without regard to the definition contained in this subdivision. Provided, further, that no work shall be deemed to be suitable work for an individual which does not accord with the labor standard provisions set forth in this subdivision, but the employment service shall refer any individual claiming extended benefits to any work which is deemed suitable hereunder.

Provided, further, that any individual who has been disqualified for voluntarily leaving employment, being discharged for misconduct or substantial fault, or refusing suitable work under G.S. 96-14 and who has had the disqualification terminated, shall have such disqualification reinstated when claiming extended benefits unless the termination of the disqualification was based upon employment subsequent to the date of the disqualification.

If an individual is found to be ineligible hereunder, he shall be ineligible beginning with the week in which he either failed to apply for or to accept the offer of suitable work or failed to furnish the ~~Commission~~ Division with tangible evidence that he has actively engaged in a systematic and sustained effort to find work and such individual shall continue to be ineligible for extended benefits until he has been employed in each of four subsequent weeks (whether or not consecutive) and has earned remuneration equal to not less than four times his weekly benefit amount.

SECTION 2.13. G.S. 96-12.1 reads as rewritten:

"**§ 96-12.1. Extended base period for certain job related injuries.**

If an individual lacks sufficient base period wages because of a job related injury for which he received workers' compensation, upon written application by the claimant, an extended base period will be substituted for the current base period on a quarter-by-quarter basis as needed to establish a valid claim. "Extended base period" means the four quarters prior to the claimant's base period. These four quarters may be substituted for base period quarters on a quarter-by-quarter basis to establish a valid claim regardless of whether the wages have been used to establish a prior claim, except any wages earned that would render the ~~Employment Security Commission of North Carolina~~ Division of Employment Security out of compliance with applicable federal law will be excluded if used in a prior claim. Benefits paid on the basis of an extended base period, which would not otherwise be payable, shall be noncharged."

SECTION 2.14. G.S. 96-13 reads as rewritten:

In administering this proviso, benefits shall be paid or denied on a payroll-week basis as established by the employing unit. A week of unemployment due to a vacation as provided herein means any payroll week within which the equivalent of three customary full-time working days consist of a vacation period. For the purpose of this subdivision, any unemployment which is caused by a vacation period and which occurs in the calendar year following that within which the vacation period begins shall be deemed to have occurred in the calendar year within which such vacation period begins. For purposes of this subdivision, no individual shall be deemed available for work during any week that the individual tests positive for a controlled substance if (i) the test is a controlled substance examination administered under Article 20 of Chapter 95 of the General Statutes, (ii) the test is required as a condition of hire for a job, and (iii) the job would be suitable work for the claimant. No week shall be counted as a week of unemployment for waiting-period credit under this provision unless the claimant except for the provisions of this subdivision was otherwise eligible for benefits. As to claims filed on or after September 5, 1999, the waiting period for a benefit year shall not be required of any claimant if all of the following conditions are met:

...

(4) The claimant files for a waiver of the waiting period week within 30 days after the date of notification or mailing of the notice of the right to have the waiting period week waived. The ~~Employment Security Commission,~~ Division for good cause shown, may at any time in its discretion, with or without motion or notice, order the period enlarged if the request for an enlargement of time is made before the expiration of the period originally prescribed or as extended by a previous order. After expiration of the specified period, the ~~Employment Security Commission~~ Division may permit the act to be done where the failure to act was a result of excusable neglect.

The benefits paid as a result of the waiver of the waiting period week shall not be charged to the account or accounts of the base period employer or employers in accordance with G.S. 96-9(c)(2)d. To be bona fide, a disciplinary suspension must be based on acts or omissions which constitute fault on the part of the employee and are connected with the work but such acts or omissions need not alone be disqualifying under G.S. 96-14.

...."

SECTION 2.15. G.S. 96-14 reads as rewritten:

"**§ 96-14. Disqualification for benefits.**

An individual shall be disqualified for benefits:

(1) For the duration of his unemployment beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that such individual is, at the time such claim is filed, unemployed because he left work without good cause attributable to the employer.

Where an individual is discharged or leaves work due solely to a disability incurred or other health condition, whether or not related to the work, he shall not be disqualified for benefits if the individual shows:

a. That, at the time of leaving, an adequate disability or health condition of the employee, of a minor child who is in the legally recognized custody of the individual, of an aged or disabled parent of the individual, or of a disabled member of the individual's immediate family, either medically diagnosed or otherwise shown by competent evidence, existed to justify the leaving; and

b. That, at a reasonable time prior to leaving, the individual gave the employer notice of the disability or health condition.

Where an employee is notified by the employer that such employee will be separated from employment on some future date and the employee leaves work prior to this date because of the impending separation, the employee shall be deemed to have left work voluntarily and the leaving shall be without good cause attributable to the employer. However, if the employee shows to the satisfaction of the ~~Commission~~ Division that it was impracticable or unduly burdensome for the employee to work until the announced separation date, the permanent disqualification imposed for leaving work without good cause attributable to the employer may be reduced to the greater of four weeks or the period running from the beginning of the week during which the claim for benefits was made until the end of the week of the announced separation date.

An employer's placing an individual on a bona fide disciplinary suspension of 10 or fewer consecutive calendar days shall not constitute good cause for leaving work.

...

(1e) For the duration of an individual's unemployment, beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits, if it is determined by the ~~Commission~~ Division that such individual is, at the time such claim is filed, unemployed because the individual, without good cause attributable to the employer and after receiving notice from the employer, refused to return to work for a former employer when recalled within four weeks from a layoff, or when recalled in any week in which the work search requirements under G.S. 96-13 have been waived. As used in this subsection, the term "layoff" means a temporary separation from work due to no work available for the individual at the time of separation from work and the individual is retained on the employer's payroll and is a continuing employee subject to recall by the employer.

...

(2) For the duration of the individual's unemployment beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that such individual is, at the time such claim is filed, unemployed because he or she was discharged for misconduct connected with the work. Misconduct connected with the work is defined as intentional acts or omissions evincing disregard of an employer's interest or standards of behavior which the employer has a right to expect or has explained orally or in writing to an employee or evincing carelessness or negligence of such degree as to manifest equal disregard. ~~conduct evincing such willful or wanton disregard of an employer's interest as is found in deliberate violations or disregard of standards of behavior which the~~

~~employer has the right to expect of an employee, or in carelessness or negligence of such degree or recurrence as to manifest equal culpability, wrongful intent or evil design, or to show an intentional and substantial disregard of the employer's interests or of the employee's duties and obligations to the employer.~~

"Discharge for misconduct with the work" as used in this section is defined to include but not be limited to separation initiated by an employer for violating the employer's written alcohol or illegal drug policy; reporting to work significantly impaired by alcohol or illegal drugs; consuming alcohol or illegal drugs on employer's premises; conviction by a court of competent jurisdiction for manufacturing, selling, or distribution of a controlled substance punishable under G.S. 90-95(a)(1) or G.S. 90-95(a)(2) while in the employ of said ~~employer.~~ employer; being terminated or suspended from employment after arrest or conviction for an offense involving violence, sex crimes, illegal drugs, or other activities which could negatively affect the employer's reputation in the community or business dealings; any physical violence whatsoever related to an employee's work for an employer including, but not limited to, physical violence directed at supervisors, subordinates, coworkers, vendors, customers, or the general public; inappropriate comments or behavior towards supervisors, subordinates, coworkers, vendors, customers, or to the general public relating to any federally protected characteristic which creates a hostile work environment; theft in connection with the employment; forging or falsifying any document or data related to employment, including a previously submitted application for employment; violation of an employer's written absenteeism policy; refusing to perform reasonably assigned work tasks; and the failure to adequately perform any other employment duties as evidenced by no fewer than three written reprimands received in the 12 months immediately preceding the employee's termination. This phrase does not include discharge or employer-initiated separation of a severely disabled veteran, as defined in G.S. 96-8, for ~~acts or omissions~~ any act or omission of the veteran that the ~~Commission~~ Division determines are attributed to a disability incurred or aggravated in the line of duty during active military service, or to the veteran's absence from work to obtain care and treatment of a disability incurred or aggravated in the line of duty during active military service.

(2a) For a period of not less than four nor more than 13 weeks beginning with the first day of the first week during which or after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that such individual is, at the time the claim is filed, unemployed because he was discharged for substantial fault on his part connected with his work not rising to the level of misconduct. Substantial fault is defined to include those acts or omissions of employees over which they exercised reasonable control and which violate reasonable requirements of the job but shall not include (1) minor infractions of rules unless such infractions are repeated after a warning was received by the employee, (2) inadvertent mistakes made by the employee, nor (3) failures to perform work because of insufficient skill, ability, or equipment. Upon a finding of discharge under this subsection, the individual shall be disqualified for a period of nine weeks unless, based on findings by the

~~Commission~~ Division of aggravating or mitigating circumstances, the period of disqualification is lengthened or shortened within the limits set out above. The length of the disqualification so set by the ~~Commission~~ Division shall not be disturbed by a reviewing court except upon a finding of plain error.

(2b) For the duration of the individual's unemployment beginning with the first day of the first week during which or after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that the individual is, at the time such claim is filed, unemployed because the individual has been discharged from employment because a license, certificate, permit, bond, or surety that is necessary for the performance of the individual's employment and that the individual is responsible to supply has been revoked, suspended, or otherwise lost to the individual, or the individual's ability to successfully apply or the individual's application therefor has been lost or denied for a cause that was within the individual's power to control, guard against, or prevent. No showing of misconduct connected with the work or substantial fault connected with the work not rising to the level of misconduct shall be required in order for an individual to be disqualified for benefits under this subdivision.

(2c) Discharge or employer-initiated separation of a severely disabled veteran, as defined in G.S. 96-8, for acts or omissions of the veteran that the ~~Commission~~ Division determines are attributed to a disability incurred or aggravated in the line of duty during active military service, or to the veteran's absence from work to obtain care and treatment of a disability incurred or aggravated in the line of duty during active military service, shall not disqualify the veteran from receiving benefits under the substantial fault provisions of subdivision (2a) of this section for any period of time.

(3) For the duration of his unemployment beginning with the first day of the first week in which the disqualifying act occurs if it is determined by the ~~Commission~~ Division that such individual has failed without good cause (i) to apply for available suitable work when so directed by the employment office of the ~~Commission;~~ Division; or (ii) to accept suitable work when offered him; or (iii) to return to his customary self-employment (if any) when so directed by the ~~Commission.~~ Division. Provided further, an otherwise eligible individual who is attending a vocational school or training program which has been approved by the ~~Commission~~ Division for such individual shall not be denied benefits because he refuses to apply for or accept suitable work during such period of training.

In determining whether or not any work is suitable for an individual, the ~~Commission~~ Division shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and prior earnings, his length of unemployment and prospects for securing local work in his customary occupation, and the distance of the available work from his residence.

Notwithstanding any other provisions of this Chapter, no work shall be deemed suitable and benefits shall not be denied under this Chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

a. If the position offered is vacant due directly to a strike, lockout, or other labor dispute;
b. If the remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;
c. If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;
d. If the position offered is full-time work and the individual meets the part-time worker requirements of G.S. 96-13(a)(6).

(4) For the duration of his unemployment beginning with the first day of the first week after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that:
a. Such individual has failed without good cause to attend a vocational school or training program when so directed by the ~~Commission;~~ Division;
b. Such individual has discontinued his training course without good cause; or
c. If the individual is separated from his training course or vocational school due to misconduct.

(5) For any week with respect to which the ~~Commission~~ Division finds that his total or partial unemployment is caused by a labor dispute in active progress on or after July 1, 1961, at the factory, establishment, or other premises at which he is or was last employed or caused after such date by a labor dispute at another place within this State which is owned or operated by the same employing unit which owns or operates the factory, establishment, or other premises at which he is or was last employed and which supplies materials or services necessary to the continued and usual operation of the premises at which he is or was last employed. Provided, that an individual disqualified under the provisions of this subdivision shall continue to be disqualified thereunder after the labor dispute has ceased to be in active progress for such period of time as is reasonably necessary and required to physically resume operations in the method of operating in use at the plant, factory, or establishment of the employing unit.

(6) If the ~~Commission~~ Division finds he is customarily self-employed and can reasonably return to self-employment.

(6a) For the duration of his unemployment beginning with the first day of the first week during which or after the disqualifying act occurs with respect to which week an individual files a claim for benefits if it is determined by the ~~Commission~~ Division that the individual is, at the time the claim is filed, unemployed because the individual's ownership share of the employing entity was voluntarily sold and, at the time of the sale:
a. The employing entity was a corporation and the individual held five percent (5%) or more of the outstanding shares of the voting stock of the corporation;
b. The employing entity was a partnership, limited or general, and the individual was a limited or general partner; or
c. The employing entity was a proprietorship, and the individual was a proprietor.

...

(8) For any week with respect to which he has received any sum from the employer pursuant to an order of any court, the National Labor Relations Board, any other lawfully constituted adjudicative agency, or by private agreement, consent or arbitration for loss of pay by reason of discharge. When the amount so paid by the employer is in a lump sum and covers a period of more than one week, such amount shall be allocated to the weeks in the period on such a pro rata basis as the ~~Commission~~ Division may adopt and if the amount so prorated to a particular week would, if it had been earned by the claimant during that week of unemployment, have resulted in a reduced benefit payment as provided in G.S. 96-12, the claimant shall be entitled to receive such reduced payment if the claimant was otherwise eligible.

Further provided, any benefits previously paid for weeks of unemployment with respect to which back pay awards, or other such compensation, are made shall constitute an overpayment of benefits and such amounts shall be deducted from the award by the employer prior to payment to the employee, and shall be transmitted promptly (or within 5 days) to the ~~Commission~~ Division by the employer for application against the overpayment. Provided, however, the removal of any charges made against the employer as a result of such previously paid benefits shall be applied to the calendar year in which the overpayment is transmitted to the ~~Commission,~~ Division and no attempt shall be made to relate such a credit to the period to which the award applies. Any amount of overpayment so deducted by the employer and not transmitted to the ~~Commission~~ Division or the failure of an employer to deduct an overpayment shall be subject to the same procedures for collection as is provided for contributions by G.S. 96-10. It is the purpose of this paragraph to assure the prompt collection of overpayments of U. I. benefits, and it shall be construed accordingly.

...

(10) Any employee disqualified for the duration of his unemployment due to the provisions of (1), (2), (2B), (3), (4), or (6A) above may have that permanent disqualification removed if he meets the following three conditions:

a. Returns to work for at least five weeks and is paid cumulative wages of at least 10 times his weekly benefit amount;
b. Subsequently becomes unemployed through no fault of his own; and
c. Meets the availability requirements of the law.

Any time certain disqualification imposed by the provisions of subsections (1), (1D), and (2A) shall be removed by serving the disqualification imposed as provided by this subsection.

Provided for good cause shown the ~~Commission~~ Division in its discretion may as to any permanent disqualification provided in this Chapter reduce the disqualification period to a time certain but not less than five weeks. The maximum amount of benefits due any individual whose permanent disqualification is changed to a time certain shall be reduced by an amount determined by multiplying the number of weeks of disqualification by the weekly benefit amount.

Provided further, any permanent disqualification pursuant to the provisions of (1), (2), (3), (4), or (6A) shall terminate two years after the effective date of the beginning of said disqualification.

...

(12) Notwithstanding any other provision of this Chapter, no otherwise eligible individual shall be denied benefits for any weeks if it is determined by the ~~Commission~~ Division that such individual is, at the time such claim is filed, unemployed because he left work solely as a result of a lack of work caused by the bankruptcy of his employer."

SECTION 2.16. G.S. 96-15 reads as rewritten:

"**§ 96-15. Claims for benefits.**

Employers may file claims for employees through the use of automation in the case of partial unemployment. Each employing unit shall post and maintain in places readily accessible to individuals performing services for it printed statements, concerning benefit rights, claims for benefits, and such other matters relating to the administration of this Chapter as the ~~Commission~~ Division may direct. Each employing unit shall supply to such individuals copies of such printed statements or other materials relating to claims for benefits as the ~~Commission~~ Division may direct. Such printed statements and other materials shall be supplied by the ~~Commission~~ Division to each employing unit without cost to the employing unit.

(b) (1) Initial Determination. – A representative designated by the ~~Commission~~ Division shall promptly examine the claim and shall determine whether or not the claim is valid. If the claim is determined to be not valid for any reason other than lack of base period earnings, the claim shall be referred to an Adjudicator for a decision as to the issues presented. If the claim is determined to be valid, a monetary determination shall be issued showing the week with respect to when benefits shall commence, the weekly benefit amount payable, and the potential maximum duration thereof. The claimant shall be furnished a copy of such monetary determination showing the amount of wages paid him by each employer during his base period and the employers by whom such wages were paid, his benefit year, weekly benefit amount, and the maximum amount of benefits that may be paid to him for unemployment during the benefit year. When a claim is not valid due to lack of earnings in his base period, the determination shall so designate. The claimant shall be allowed 10 days from the earlier of mailing or delivery of his monetary determination to him within which to protest his monetary determination and upon the filing of such protest, unless said protest be satisfactorily resolved, the claim shall be referred to the ~~Chief Deputy Commissioner~~ Assistant Secretary or ~~his~~ designee for a decision as to the issues presented. All base period employers, as well as the most recent employer of a claimant on a temporary layoff, shall be notified upon the filing of a claim which establishes a benefit year.

At any time within one year from the date of the making of an initial determination, the ~~Commission~~ Division on its own initiative may reconsider such determination if it finds that an error in computation or identity has occurred in connection therewith or that additional wages pertinent to the claimant's benefit status have become available, or if such determination of benefit status was made as a result of a nondisclosure or misrepresentation of a material fact.

(2) Adjudication. – When a protest is made by the claimant to the initial or monetary determination, or a question or issue is raised or presented as to the eligibility of a claimant under G.S. 96-13, or whether any disqualification

should be imposed under G.S. 96-14, or benefits denied or adjusted pursuant to G.S. 96-18, the matter shall be referred to an adjudicator. The adjudicator may consider any matter, document or statement deemed to be pertinent to the issues, including telephone conversations, and after such consideration shall render a conclusion as to the claimant's benefit entitlements. The adjudicator shall notify the claimant and all other interested parties of the conclusion reached. The conclusion of the adjudicator shall be deemed the final decision of the ~~Commission~~ Division unless within ~~15~~30 days after the date of notification or mailing of the conclusion, whichever is earlier, a written appeal is filed pursuant to ~~such regulations as the Commission may adopt. The Commission~~ rules adopted by the Division. The Division shall be deemed an interested party for such purposes and may remove to itself or transfer to an appeals referee the proceedings involving any claim pending before an adjudicator.

Provided, any interested employer shall be allowed ~~10~~30 days from the earlier of mailing or delivery of the notice of the filing of a claim against the employer's account to protest the claim and have the claim referred to an adjudicator for a decision on the question or issue raised. A copy of the notice of the filing shall be sent contemporaneously to the employer by telefacsimile transmission if a fax number is on file. Provided further, no question or issue may be raised or presented by the ~~Commission~~ Division as to the eligibility of a claimant under G.S. 96-13, or whether any disqualification should be imposed under G.S. 96-14, after 45 days from the first day of the first week after the question or issue occurs with respect to which week an individual filed a claim for benefits. None of the provisions of this subsection shall have the force and effect nor shall the same be construed or interested as repealing any other provisions of G.S. 96-18.

An employer shall receive written notice of the employer's appeal rights and any forms that are required to allow the employer to protest the claim. The forms shall include a section referencing the appropriate rules pertaining to appeals and the instructions on how to appeal.

(c) Appeals. – Unless an appeal from the adjudicator is withdrawn, an appeals referee or hearing officer shall set a hearing in which the parties are given reasonable opportunity to be heard. The conduct of hearings shall be governed by suitable ~~regulations established~~ rules adopted by the ~~Commission.~~ Division. The ~~regulations~~ rules need not conform to common law or statutory rules of evidence or technical or formal rules of procedure but shall provide for the conduct of hearings in such manner as to ascertain the substantial rights of the parties. The hearings may be conducted by conference telephone call or other similar means provided that if any party files with the ~~Commission~~ Division prior written objection to the telephone procedure, that party will be afforded an opportunity for an in-person hearing at such place in the State as the ~~Commission~~ Division by ~~regulation~~ rule shall provide. The hearing shall be scheduled for a time that, as much as practicable, least intrudes on and reasonably accommodates the ordinary business activities of an employer and the return to employment of a claimant. The appeals referee or hearing officer may affirm or modify the conclusion of the adjudicator or issue a new decision in which findings of fact and conclusions of law will be set out or dismiss an appeal when the appellant fails to appear at the appeals hearing to prosecute the appeal after having been duly notified of the appeals hearing. The evidence taken at the hearings before the appeals referee shall be recorded and the decision of the appeals referee shall be deemed to be the final decision of the ~~Commission~~ Division unless within 10 days after the date of notification or mailing of the decision, whichever is earlier a written appeal is filed

pursuant to such ~~regulations~~ rules as the ~~Commission~~ Board of Review and the Division may adopt. No person may be appointed as an appeals referee or hearing officer unless he or she possesses the minimum qualifications necessary to be a staff attorney eligible for designation by the ~~Commission~~ Division as a hearing officer under ~~G.S. 96-4(m).~~ G.S. 96-4(q). No appeals referee or hearing officer in full-time permanent status may engage in the private practice of law as defined in G.S. 84-2.1 while serving in office as appeals ~~referee;~~ referee or hearing officer; violation of this prohibition shall be grounds for removal. Whenever an appeal is taken from a decision of the appeals ~~referee,~~ referee or hearings officer; the appealing party shall submit a clear written statement containing the grounds for the appeal within the time allowed by law for taking the appeal, and if such timely statement is not submitted, the ~~Commission~~ Board of Review may dismiss the appeal.

(c1) Unless required for disposition of an ex parte matter authorized by law, a ~~Commissioner,~~ Division appeals referee, or employee assigned to make a decision or to make findings of facts and conclusions of law in a case shall not communicate, directly or indirectly, in connection with any issue of fact, or question of law, with any person or party or his representative, except on notice and opportunity for parties to participate.

(c2) Whenever a party is notified of ~~an Adjudicator's, Appeals Referee's, or Deputy Commissioner's~~ the Board of Review's or a hearing officer's decision by mail, G.S. 1A-1, Rule 6(e) shall apply, and three days shall be added to the prescribed period to file a written appeal.

(d) Repealed by Session Laws 1977, c. 727, s. 54.

(d1) No continuance shall be granted except upon application to the ~~Commissioner,~~ Division, the appeals referee, or other authority assigned to make the decision in the matter to be continued. A continuance may be granted only for good cause shown and upon such terms and conditions as justice may require. Good cause for granting a continuance shall include, but not be limited to, those instances when a party to the proceeding, a witness, or counsel of record has an obligation of service to the State, such as service as a member of the North Carolina General Assembly, or an obligation to participate in a proceeding in a court of greater jurisdiction.

(e) Review by the ~~Commission.~~ Board of Review. – The Board of Review may on its own motion affirm, modify, or set aside any decision of an appeals referee, hearing officer, or other employee assigned to make a decision on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it, or may provide for group hearings in such cases as the Board of Review finds appropriate. The Board of Review may remove itself or transfer to an appeals referee, hearing officer, or other employee assigned to make a decision the proceedings on any claim pending before an appeals referee, hearing officer, or other employee assigned to make a decision. Interested parties shall be promptly notified of the findings and decision of the Board of Review. ~~Commission or Deputy Commissioner may on its own motion affirm, modify, or set aside any decision of an appeals referee on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it, or may provide for group hearings in such cases as the Commission or Deputy Commissioner may deem proper. The Commission or Deputy Commissioner may remove to itself or transfer to another appeals referee the proceedings on any claim pending before an appeals referee. The Commission shall promptly notify the interested parties of its findings and the decision. In all Commission matters heard by a Deputy Commissioner, the decision of the Deputy Commissioner shall constitute the decision of the Commission; except, the Commission may remove unto itself, upon its own motion, any claim pending for rehearing and redetermination, provided such removal is done prior to the expiration of appeal period applicable to the decision of the Deputy Commissioner.~~

(f) Procedure. – The manner in which disputed claims shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with ~~regulations prescribed by the Commission~~ rules adopted by the Division for determining the rights of the parties, whether or not such regulations conform to common-law or statutory rules of evidence and other technical rules of procedure. All testimony at any hearing before an appeals referee upon a disputed claim shall be recorded unless the ~~recording is waived by all interested parties,~~ the parties have waived the evidentiary hearing and entered into a stipulation resolving the issues pending before the appeals referee, hearing officer, or other employee assigned to make the decision, but need not be transcribed unless the disputed claim is further appealed and, one or more of the parties objects, under such ~~regulations as the Commission may prescribe,~~ rules as the Division may adopt, to being provided a copy of the tape recording of the hearing. Any other provisions of this Chapter notwithstanding, any individual receiving the transcript shall pay to the ~~Commission~~ Division such reasonable fee for the transcript as the ~~Commission~~ Division may by regulation provide. The fee so prescribed by the ~~Commission~~ Division for a party shall not exceed the lesser of sixty-five cents (65¢) per page or sixty-five dollars ($65.00) per transcript. The ~~Commission~~ Division may by regulation provide for the fee to be waived in such circumstances as it in its sole discretion deems appropriate but in the case of an appeal in forma pauperis supported by such proofs as are required in G.S. 1-110, the ~~Commission~~ Division shall waive the fee.

(g) Witness Fees. – Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the ~~Commission.~~ Division. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this Chapter.

(h) Judicial Review. – Any decision of the ~~Commission,~~ Division, in the absence of judicial review as herein provided, or in the absence of an interested party filing a request for reconsideration, shall become final 30 days after the date of notification or mailing thereof, whichever is earlier. Judicial review shall be permitted only after a party claiming to be aggrieved by the decision has exhausted his remedies before the ~~Commission~~ Division as provided in this Chapter and has filed a petition for review in the superior court of the county in which he resides or has his principal place of business. The petition for review shall explicitly state what exceptions are taken to the decision or procedure of the ~~Commission~~ Division and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the petitioner shall serve copies of the petition by personal service or by certified mail, return receipt requested, upon the ~~Commission~~ Division and upon all parties of record to the ~~Commission~~ Division proceedings. Names and addresses of the parties shall be furnished to the petitioner by the ~~Commission~~ Division upon request. The ~~Commission~~ Division shall be deemed to be a party to any judicial action involving any of its decisions and may be represented in the judicial action by any qualified attorney who has been designated by it for that purpose. ~~Upon motion of the Commission, the court shall dismiss any review for which the petition is untimely filed, untimely or improperly served, or for which it otherwise fails to comply with the requirements of this subsection.~~ Any questions regarding the requirements of this subsection concerning the service or filing of a petition shall be determined by the superior court. Any party to the ~~Commission~~ Division proceeding may become a party to the review proceeding by notifying the court within 10 days after receipt of the copy of the petition. Any person aggrieved may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24.

Within 45 days after receipt of the copy of the petition for review or within such additional time as the court may allow, the ~~Commission~~ Division shall transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. With the permission of the court the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by

the court for such additional cost as is occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(i) Review Proceedings. – If a timely petition for review has been filed and served as provided in G.S. 96-15(h), the court may make party defendant any other party it deems necessary or proper to a just and fair determination of the case. The ~~Commission~~ Division may, in its discretion, certify to the reviewing court questions of law involved in any decision by it. In any judicial proceeding under this section, the findings of fact by the ~~Commission,~~ Division, if there is any competent evidence to support them and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions and the questions so certified shall be heard in a summary manner and shall be given precedence over all civil cases. An appeal may be taken from the judgment of the superior court, as provided in civil cases. The ~~Commission~~ Division shall have the right to appeal to the appellate division from a decision or judgment of the superior court and for such purpose shall be deemed to be an aggrieved party. No bond shall be required of the ~~Commission~~ Division upon appeal. Upon the final determination of the case or proceeding, the ~~Commission~~ Division shall enter an order in accordance with the determination. When an appeal has been entered to any judgment, order, or decision of the court below, no benefits shall be paid pending a final determination of the cause, except in those cases in which the final decision of the ~~Commission~~ Division allowed benefits.

(j) Repealed by Session Laws 1985, c. 197, s. 9.

(k) Irrespective of any other provision of this Chapter, the ~~Commission~~ Division may adopt minimum regulations necessary to provide for the payment of benefits to individuals promptly when due as required by section 303(a)(1) of the Social Security Act as amended (42 U.S.C.A., section 503(a)(1))."

SECTION 2.17. G.S. 96-16 reads as rewritten:

(a) A seasonal pursuit is one which, because of seasonal conditions making it impracticable or impossible to do otherwise, customarily carries on production operations only within a regularly recurring active period or periods of less than an aggregate of 36 weeks in a calendar year. No pursuit shall be deemed seasonal unless and until so found by the ~~Commission: Provided, however,~~ Division; except that from March 27, 1953, any successor under G.S. 96-8(5)b to a seasonal pursuit shall be deemed seasonal unless such successor shall within 120 days after the acquisition request cancellation of the determination of status of such seasonal pursuit; provided further that this provision shall not be applicable to pending cases nor retroactive in effect.

(b) Upon application therefor by a pursuit, the ~~Commission~~ Division shall determine or redetermine whether such pursuit is seasonal and, if seasonal, the active period or periods thereof. The ~~Commission~~ Division may, on its own motion, redetermine the active period or periods of a seasonal pursuit. An application for a seasonal determination must be made on forms prescribed by the ~~Commission~~ Division and must be made at least 20 days prior to the beginning date of the period of production operations for which a determination is requested.

(c) Whenever the ~~Commission~~ Division has determined or redetermined a pursuit to be seasonal, such pursuit shall be notified immediately, and such notice shall contain the beginning and ending dates of the pursuit's active period or periods. Such pursuits shall display notices of its seasonal determination conspicuously on its premises in a sufficient number of places to be available for inspection by its workers. Such notices shall be furnished by the ~~Commission.~~ Division.

SECTION 2.18. G.S. 96-17 reads as rewritten:

"**§ 96-17. Protection of rights and benefits; attorney representation; prohibited fees; deductions for child support obligations.**

...

(b) Representation. – Any claimant or employer who is a party to any proceeding before the ~~Commission~~ Division may be represented by (i) an attorney; or (ii) any person who is supervised by an attorney, however, the attorney need not be present at any proceeding before the ~~Commission.~~ Division.

(d) (1) Definitions. – For the purpose of this subsection and when used herein:

a. "Unemployment compensation" means any compensation found by the ~~Commission~~ Division to be payable to an unemployed individual under the Employment Security Law of North Carolina (including amounts payable by the ~~Commission~~ Division pursuant to an agreement under any federal law providing for compensation, assistance or allowances with respect to unemployment) provided, that nothing in this subsection shall be construed to limit the ~~Commission's~~ Division's ability to reduce or withhold benefits, otherwise payable, under authority granted elsewhere in this Chapter including but not limited to reductions for wages or earnings while unemployed and for the recovery of previous overpayments of benefits.

...

(2) a. An individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether the individual owes child support obligations, as defined under subparagraph (1)b. of this subsection. If any such individual discloses that he or she owes child support obligations and is determined by the ~~Commission~~ Division to be eligible for payment of unemployment compensation, the ~~Commission~~ Division shall notify the State or local child support enforcement agency enforcing such obligation that such individual has been determined to be eligible for payment of unemployment compensation.

b. Upon payment by the State or local child support enforcement agency of the processing fee provided for in paragraph (4) of this subsection and beginning with any payment of unemployment compensation that, except for the provisions of this subsection, would be made to the individual during the then current benefit year and more than five working days after the receipt of the processing fee by the ~~Commission,~~ Division, the ~~Commission~~ Division shall deduct and withhold from any unemployment compensation

otherwise payable to an individual who owes child support obligations:

1. The amount specified by the individual to the ~~Commission~~ Division to be deducted and withheld under this paragraph if neither subparagraph 2. nor subparagraph 3. of this paragraph is applicable; or
2. The amount, if any, determined pursuant to an agreement submitted to the ~~Commission~~ Division under section 454(20)(B)(i) of the Social Security Act by the State or local child support enforcement agency, unless subparagraph 3. of this paragraph is applicable; or
3. Any amount otherwise required to be so deducted and withheld from such unemployment compensation pursuant to properly served legal process, as that term is defined in section 462(e) of the Social Security Act.

c. Any amount deducted and withheld under paragraph b. of this subdivision shall be paid by the ~~Employment Security Commission~~ Division to the appropriate State or local child support enforcement agency.

d. The Department of Health and Human Services and the ~~Commission~~ Division are hereby authorized to enter into one or more agreements which may provide for the payment to the ~~Commission~~ Division of the processing fees referred to in subparagraph b. and the payment to the Department of Health and Human Services of unemployment compensation benefits withheld, referred to in subparagraph c., on an open account basis. Where such an agreement has been entered into, the processing fee shall be deemed to have been made and received (for the purposes of fixing the date on which the ~~Commission~~ Division will begin withholding unemployment compensation benefits) on the date a written authorization from the Department of Health and Human Services to charge its account is received by the ~~Commission.~~ Division. Such an authorization shall apply to all processing fees then or thereafter (within the then current benefit year) chargeable with respect to any individual name in the authorization. Any agreement shall provide for the reimbursement to the ~~Commission~~ Division of any start-up costs and the cost of providing notice to the Department of Health and Human Services of any disclosure required by subparagraph a. Such an agreement may dispense with the notice requirements of subparagraph a. by providing for a suitable substitute procedure, reasonably calculated to discover those persons owing child support obligations who are eligible for unemployment compensation payments.

b. At least 20 days prior to September 25, 1982, the ~~Commission~~ Division shall set and forward to the Secretary of Health and Human Services an interim schedule of fees which will be in effect until July 1, 1983.

c. The provisions of this subsection apply only if arrangements are made for reimbursement by the State or local child support agency for all administrative costs incurred by the ~~Commission~~ Division under this subsection attributable to child support obligations enforced by the agency."

SECTION 2.19. G.S. 96-18 reads as rewritten:

"**§ 96-18. Penalties.**

...

(b1) Except as provided in this subsection, the penalties and other provisions in subdivisions (6), (7), (9a), and (11) of G.S. 105-236 apply to unemployment insurance contributions under this Chapter to the same extent that they apply to taxes as defined in G.S. 105-228.90(b)(7). The ~~Commission~~ Division has the same powers under those subdivisions with respect to unemployment insurance contributions as does the Secretary of Revenue with respect to taxes as defined in G.S. 105-228.90(b)(7).

G.S. 105-236(9a) applies to a "contribution tax return preparer" to the same extent as it applies to an income tax preparer. As used in this subsection, a "contribution tax return preparer" is a person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by this Chapter or any claim for refund of tax imposed by this Chapter. For purposes of this definition, the completion of a substantial portion of a return or claim for refund is treated as the preparation of the return or claim for refund. The term does not include a person merely because the person (i) furnishes typing, reproducing, or other mechanical assistance, (ii) prepares a return or claim for refund of the employer, or an officer or employee of the employer, by whom the person is regularly and continuously employed, (iii) prepares as a fiduciary a return or claim for refund for any person, or (iv) represents a taxpayer in a hearing regarding a proposed assessment.

The penalty in G.S. 105-236(7) applies with respect to unemployment insurance contributions under this Chapter only when one of the following circumstances exist in connection with the violation:

(1) Any employing units employing more than 10 employees.

(2) A contribution of more than two thousand dollars ($2,000) has not been paid.

(3) An experience rating account balance is more than five thousand dollars ($5,000) overdrawn.

If none of the circumstances set forth in subdivision (1), (2), or (3) of this subsection exist in connection with a violation of G.S. 105-236(7) applied under this Chapter, the offender is guilty of a Class 1 misdemeanor and each day the violation continues constitutes a separate offense.

If the ~~Commission~~ Division finds that any person violated G.S. 105-236(9a) and is not subject to a fraud penalty, the person shall pay a civil penalty of five hundred dollars ($500.00) per violation for each day the violations continue, plus the reasonable costs of investigation and enforcement.

...

(g) (1) Any person who, under subsection (e) above, has been held ineligible for benefits and who, because of those same acts or omissions has received any sum as benefits under this Chapter to which ~~he~~ the person was not entitled, shall be liable to repay any such sum to the ~~Commission~~ Division as

provided in subparagraph (3) below, provided no such recovery or recoupment of such sum may be initiated after 10 years from the last day of the year in which the overpayment occurred.

(2) Any person who has received any sum as benefits under this Chapter by reason of the nondisclosure or misrepresentation by him or by another of a material fact (irrespective of whether such nondisclosure or misrepresentation was known or fraudulent) or has been paid benefits to which he was not entitled for any reason (including errors on the part of any representative of the ~~Commission)~~ Division) other than subparagraph (1) above shall be liable to repay such sum to the ~~Commission~~ Division as provided in subparagraph (3) below, provided no such recovery or recoupment of such sum may be initiated after three years from the last day of the year in which the overpayment occurred.

(3) The ~~Commission~~ Division may collect the overpayments provided for in this subsection by one or more of the following procedures as the ~~Commission~~ Division may, except as provided herein, in its sole discretion choose:

a. If, after due notice, any overpaid claimant shall fail to repay the sums to which he was not entitled, the amount due may be collected by civil action in the name of the ~~Commission,~~ Division, and the cost of such action shall be taxed to the claimant. Civil actions brought under this section to collect overpayments shall be heard by the court at the earliest possible date and shall be entitled to preference upon the calendar of the court over all other civil actions except petitions for judicial review under this Chapter.

b. If any overpayment recognized by this subsection shall not be repaid within 30 days after the claimant has received notice and demand for same, and after due notice and reasonable opportunity for hearing (if a hearing on the merits of the claim has not already been had) the ~~Commission,~~ Division, under the hand of ~~its Chairman,~~ the Assistant Secretary, may certify the same to the clerk of the superior court of the county in which the claimant resides or has property, and additional copies of said certificate for each county in which the ~~Commission~~ Division has reason to believe such claimant has property located; such certificate and/or copies thereof so forwarded to the clerk of the superior court shall immediately be docketed and indexed on the cross index of judgments, and from the date of such docketing shall constitute a preferred lien upon any property which said claimant may own in said county, with the same force and effect as a judgment rendered by the superior court. The ~~Commission~~ Division shall forward a copy of said certificate to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the ~~Commission,~~ Division, and when so forwarded and in the hands of such sheriff or agent of the ~~Commission,~~ Division, shall have all the force and effect of an execution issued to such sheriff or agent of the ~~Commission~~ Division by the clerk of the superior court upon a judgment of the superior court duly docketed in said county. The ~~Commission~~ Division is further authorized and empowered to issue alias copies of said certificate or execution to the sheriff or sheriffs of such county or counties, or a duly authorized agent of the ~~Commission~~ Division in all cases in which the sheriff or duly

authorized agent has returned an execution or certificate unsatisfied; when so issued and in the hands of the sheriff or duly authorized agent of the ~~Commission,~~ Division, such alias shall have all the force and effect of an alias execution issued to such sheriff or duly authorized agent of the ~~Commission~~ Division by the clerk of the superior court upon a judgment of the superior court duly docketed in said county. Provided, however, that notwithstanding any provision of this subsection, upon filing one written notice with the ~~Commission,~~ Division, the sheriff of any county shall have the sole and exclusive right to serve all executions and make all collections mentioned in this subsection and in such case, no agent of the ~~Commission~~ Division shall have the authority to serve any executions or make any collections therein in such county. A return of such execution or alias execution, shall be made to the ~~Commission,~~ Division, together with all moneys collected thereunder, and when such order, execution or alias is referred to the agent of the ~~Commission~~ Division for service, the said agent of the ~~Commission~~ Division shall be vested with all the powers of the sheriff to the extent of serving such order, execution or alias and levying or collecting thereunder. The agent of the ~~Commission~~ Division to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000) approved by the ~~Commission~~ Division for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of execution. If any sheriff of this State or any agent of the ~~Commission~~ Division who is charged with the duty of serving executions shall willfully fail, refuse or neglect to execute any order directed to him by the said ~~Commission~~ Division and within the time provided by law, the official bond of such sheriff or of such agent of the ~~Commission~~ Division shall be liable for the overpayments and costs due by the claimant. Additionally, the ~~Commission~~ Division or its designated representatives in the collection of overpayments shall have the powers enumerated in G.S. 96-10(b)(2) and (3).

c. Any person who has been found by the ~~Commission~~ Division to have been overpaid under subparagraph (1) above shall be liable to have such sums deducted from future benefits payable to him under this Chapter.

d. Any person who has been found by the ~~Commission~~ Division to have been overpaid under subparagraph (2) above shall be liable to have such sums deducted from future benefits payable to him under this Chapter in such amounts as the ~~Commission~~ Division may by regulation prescribe but no such benefit payable for any week shall be reduced by more than fifty percent (50%) of that person's weekly benefit amount.

e. To the extent permissible under the laws and Constitution of the United States, the ~~Commission~~ Division is authorized to enter into or cooperate in arrangements or reciprocal agreements with appropriate and duly authorized agencies of other states or the United States Secretary of Labor, or both, whereby: (1) Overpayments of

unemployment benefits as determined under subparagraphs (1) and (2) above shall be recovered by offset from unemployment benefits otherwise payable under the unemployment compensation law of another state, and overpayments of unemployment benefits as determined under the unemployment compensation law of such other state shall be recovered by offset from unemployment benefits otherwise payable under this Chapter; and, (2) Overpayments of unemployment benefits as determined under applicable federal law, with respect to benefits or allowances for unemployment provided under a federal program administered by this State under an agreement with the United States Secretary of Labor, shall be recovered by offset from unemployment benefits otherwise payable under this Chapter or any such federal program, or under the unemployment compensation law of another state or any such federal unemployment benefit or allowance program administered by such other state under an agreement with the United States Secretary of Labor if such other state has in effect a reciprocal agreement with the United States Secretary of Labor as authorized by Section 303(g)(2) of the federal Social Security Act, if the United States agrees, as provided in the reciprocal agreement with this State entered into under such Section 303(g)(2) of the Social Security Act, that overpayments of unemployment benefits as determined under subparagraphs (1) and (2) above, and overpayment as determined under the unemployment compensation law of another state which has in effect a reciprocal agreement with the United States Secretary of Labor as authorized by Section 303(g)(2) of the Social Security Act, shall be recovered by offset from benefits or allowances for unemployment otherwise payable under a federal program administered by this State or such other state under an agreement with the United States Secretary of Labor.

f. The ~~Commission~~ Division may in its discretion decline to collect overpayments to claimants if the claimant has deceased after the payment was made. In such a case the ~~Commission~~ Division may remove the debt of the deceased claimant from its records."

SECTION 2.20. G.S. 96-19 reads as rewritten:

"**§ 96-19. Enforcement of Employment Security Law discontinued upon repeal or invalidation of federal acts; suspension of enforcement provisions contested.**

(a) It is the purpose of this Chapter to secure for employers and employees the benefits of Title III and Title IX of the Federal Social Security Act, approved August 14, 1935, as to credit on payment of federal taxes, of State contributions, the receipt of federal grants for administrative purposes, and all other provisions of the said Federal Social Security Act; and it is intended as a policy of the State that this Chapter and its requirements for contributions by employers shall continue in force only so long as such employers are required to pay the federal taxes imposed in said Federal Social Security Act by a valid act of Congress. The county income/wage ratio is average per capita income in the county divided by the annualized average wage for all insured private employers in the county. The State income/wage ratio is the average per capita income in the State divided by the annualized average wage for all insured private employers in the State. SENATE BILL 532: ESC/Jobs Reform

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 1, 2011
Introduced by:	Sens. Clary, Rucho	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S532-CSTD-44		

SUMMARY: ***House Bill 813 would transfer all of the statutory powers, duties, and functions of the Employment Security Commission to the Department of Commerce. The bill would establish a Division of Employment Security within the Department of Commerce and subject that Division to the rule-making requirements under the Administrative Procedure Act. The bill also makes other modifications and conforming changes to align the employment security functions under the Secretary of Commerce.***

BILL ANALYSIS:

Part I. Transfer; General Provisions; Rulemaking

House Bill 813 would eliminate the current Employment Security Commission and transfer all of its statutory authority, powers, duties, functions, records, personnel, property, and unexpended balances of appropriations, allocations, or other funds to the Department of Commerce. The bill authorizes the establishment of the Division of Employment Security, under the direction of the Secretary of Commerce, to become the successor to the Commission for purposes of all the rights, powers, duties and obligations of the Employment Security Commission. The Secretary of Commerce is made the successor for purposes of any contract, or other document which refers to the Employment Security Commission. The bill also directs that the Secretary shall also be substituted as a party in any action or proceeding pending on January 1, 2012, brought by or against the Employment Security Commission.

Under current law, the Employment Security Commission is fully exempt from the Administrative Procedure Act. This bill repeals the full exemption and subjects the Division of Employment Security to the rulemaking requirements of Article 2A of Chapter 150B. The Division is directed to adopt all existing rules in accordance with the procedures set forth in Article 2A. Any existing rule that has not been readopted by December 31, 2012, will expire. The bill exempts the Department of Commerce for hearings and appeals conducted under the Employment Security Law from the contested case provisions of Chapter 150B.

Part II. Substantive Amendments and Conforming Changes to the Employment Security Laws

This part of the bill rewrites Chapter 96 of the General Statutes to delete all references to the Employment Security Commission and substitutes "Department of Commerce, Division of Employment Security" or "Division". The current seven member commission is abolished. The Secretary is directed to appoint an Assistant Secretary to oversee the Division. A three member Board of Review, appointed by the Governor, is authorized to hear appeals arising from the decisions of the Division and to determine the policies and procedures for conducting appeals. The Board is composed of one member representing employers, one member representing employees, and one member representing the general public. The member representing the general public must be a licensed attorney and will serve as chair of the Board. The members will each serve four-year terms and will be subject to confirmation by the General Assembly. Two working sections are created within Division. The Employment Security

Section will administer the employment services functions and the Employment Insurance Section will administer the unemployment taxation and assessment functions.

Section 2.14 makes significant clarifications regarding benefit eligibility:

- No individual is eligible for benefits if incarcerated.
- An individual is not penalized for in the Trade Jobs for Success participation.

Section 2.15 rewrites the definition of misconduct connected with work to include intentional acts or omissions evidencing disregard of an employer's interest or standards of behavior which the employer has a right to expect or which has been communicated to the employee.

This section also amends the definition of "discharge for misconduct with the work" to include:

- Violating the employer's written alcohol or illegal drug policy.
- Arrest or conviction for an offense involving violence, sex crimes, illegal drugs, or other activities which could negatively affect the employer's reputation in the community or business dealings.
- Any physical violence related to an employee's work for an employer including, physical violence directed at supervisors, subordinates, coworkers, vendors, customers, or the general public.
- Inappropriate comments or behavior towards supervisors, subordinates, coworkers, vendors, customers, or to the general public relating to any federally protected characteristic which creates a hostile work environment.
- Theft in connection with employment.
- Forging or falsifying any document or data related to employment, including a previously submitted application for employment.
- Violation of an employer's written absenteeism policy.
- Refusing to perform reasonably assigned work tasks.
- The failure to adequately perform any other employment duties as evidenced by no fewer than three written reprimands received in the 12 months immediately preceding the employee's termination.

Part III Makes other conforming amendments to the General Statutes.

Part IV **Reporting; other matters.**

Section 4.1 directs that the Board of Review be appointed with staff assigned by the Department of Commerce by November 15, 2011.

Section 4.2 directs the Secretary of Commerce to make a detailed written report to the Joint Legislative Program Evaluation Oversight Committee, the Joint Legislative Commission on Governmental Operations, and the Fiscal Research Division on the consolidation by June 30, 2012.

EFFECTIVE DATE: Except as otherwise provided, this act becomes effective November 1, 2011.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE CITY OF ROANOKE RAPIDS TO LEVY A ONE-CENT LOCAL SALES AND USE TAX TO REPAY TAX INCREMENT FINANCING BONDS.

The General Assembly of North Carolina enacts:

SECTION 1. This act applies to the City of Roanoke Rapids only. The City of Roanoke Rapids may only place on the ballot initiative and may only use the proceeds to repay the tax increment financing bonds issued for the construction of the Roanoke Rapids Theatre, formerly known as the Randy Parton Theatre.

SECTION 2. Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 47.

"One-Cent (1¢) Municipality Sales and Use Tax.

"**§ 105-539. Short title.**

This Article is the One-Cent (1¢) Municipality Sales and Use Tax.

"**§ 105-540. Levy.**

(a) Authority. – If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the city council may, by resolution and after 10 days' public notice, levy a local sales and use tax at a rate of one percent (1%).

(b) Vote. – The city council may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county as provided in this Article. The election shall be held on a date jointly agreed upon by the city council and the board of elections and shall be held in accordance with the procedures of G.S. 163-287.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

'[ ] FOR [ ] AGAINST

Local sales and use tax at the rate of one percent (1%) in addition to all other State and local sales and use taxes for the sole purpose of repaying debt related to [insert name of project].'

"**§ 105-541. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of the additional taxes authorized by this Article shall be in accordance with Article 39 of this Chapter. References to 'county' or 'counties' within Article 39 of this Chapter shall be

interpreted as referring to 'municipality' or 'municipalities,' respectively, for purposes of the tax authorized by this Article.

"**§ 105-542. Distribution and use of taxes.**

(a) Distribution. – The Secretary shall, on a monthly basis, distribute to each taxing municipality for which the Secretary collects the tax the net proceeds of the tax collected in that municipality under this Article. If the Secretary collects local sales or use taxes in a month and the taxes cannot be identified as being attributable to a particular taxing municipality, the Secretary shall allocate the taxes among the taxing municipalities in proportion to the amount of taxes collected in each municipality under this Article during that month and shall include them in the monthly distribution. Amounts collected by electronic funds transfer payments are included in the distribution for the month in which the return that applies to the payment is received.

(b) Use. – A municipality may use the net proceeds of a tax levied under this Article only for the repayment of tax increment financing bonds for the project listed on the ballot initiative.

"**§ 105-543. Expiration.**

A tax levied under this Article expires upon the repayment of the tax increment financing bonds for the project listed on the ballot initiative that existed as of the date of the ballot initiative. The expiration of a tax pursuant to this Article does not affect the rights or liabilities of a municipality, a taxpayer, or another person arising under the expired tax; nor does it affect the right to any refund or credit of a tax that would otherwise have been available under the expired tax before its expiration. If the Secretary receives a valid request for a refund of a tax levied under this Article after the tax has expired and the net proceeds have been distributed, the Secretary shall draw the refund from the taxing municipality's share of the net proceeds of the tax it levies under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, as applicable.

SECTION 3. This act is effective when it becomes law.

SENATE BILL 312:
Roanoke Rapids Local Option Sales Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Sen. Jones	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to First Edition S312-CSMEx-17		

SUMMARY: ***Senate Bill 312[1] would authorize the Town of Roanoke Rapids to levy 1% sales and use tax for the purpose of repaying debt related to the tax increment financing bonds issued to finance the Roanoke Rapids Theatre, formerly known as the Randy Parton Theatre. The proposed committee substitute specified the limited purpose of the tax levy in Section 1 of the bill.***

CURRENT LAW: Counties and cities are created by the State and have only the authority given to them by the State. The General Assembly has authorized counties to levy a local option sales tax on at least four different occasions. The counties must distribute a portion of the 2% local sales tax revenues to the cities. The distribution between the county and its municipalities is based upon one of two methods: ad valorem or per capita.

The General Assembly has not authorized any cities to levy a city-only sales tax. Cities do have general authority to local privilege license taxes and vehicle taxes. Cities also receive a distribution of beer and wine excise taxes, electric franchise taxes, piped natural gas excise taxes, telecommunications taxes, and video programming taxes.

The current local sales tax authority is as follows:

Authority	*Levy Amount*	*Distribution*	*Use of Proceeds by City*	*Counties*
Article 39	1 cent	Counties and cities	Any public purpose	100
Article 40	½ cent	Counties and cities	Any public purpose	100
Article 42	½ cent	Counties and cities	Any public purpose	100
Article 46	¼ cent	Counties only	N/A	19
Article 43	½ cent	Mecklenburg County	N/A	1

BILL ANALYSIS: The PCS for Senate Bill 312 would, for the first time, authorize a municipality in North Carolina to levy a city-only sales tax. The bill sets the rate at 1% and restricts its use to the repayment of tax increment financing bonds for the Roanoke Rapids Theatre, formerly known as the Randy Parton Theatre. The tax would be administered in the same manner as the county local option sales tax. The city council may not levy the tax unless the majority of the voters approve the levy. The tax levy expires, by a manner of law, upon the retirement of the tax increment financing bonds for the Roanoke Rapids Theatre.

[1] As introduced, this bill is identical to House Bill 369, sponsored by Reps. Bryant and Bradley. The bill is in House Finance.

BACKGROUND: Roanoke Rapids is located in Halifax County. Halifax County is in northeastern North Carolina, eight miles from the Virginia border. It has a population of 57,000 residents. The estimated population of Roanoke Rapids is 17,000. There are six other municipalities in Halifax County: Enfield, Halifax, Hobgood, Littleton, Scotland Neck, and Weldon.

The tentative annual budget estimate for Roanoke Rapids for Fiscal Year 2011-12, as published on its website, includes $1,774,578 for the Roanoke Rapids Theatre out of a $14,407,026 budget. The proposed budget includes a tax rate of $.624 per $100 of valuation.

The voters approved a constitutional amendment in November 2004 to allow local governments to finance development within defined districts by issuing tax increment financing bonds without a local referendum. This development tool, known as 'tax increment financing', allows local governments to set aside the additional property taxes that are generated by a new investment to pay for public facilities that support that new investment. A local government may also repay the debt with any available revenues of the unit, provided the financing agreement does not constitute of pledge of the unit's taxing power.

EFFECTIVE DATE: The act becomes effective when it becomes law.

BILL SUMMARY: Senate Bill 312 authorizes the City of Roanoke Rapids to levy a one-cent sales tax. Should the bill become law, the legislation would enact a new local sales tax option,

Article 47. The local authorization of Article 47 would be subject to public referendum. The revenue from the one-cent levy can only be used to pay the debt due on tax increment financing bonds.

ASSUMPTIONS AND METHODOLOGY: The enactment of Article 47, the Roanoke Rapids Local Option Sales Tax, would generate roughly $2.4 million per fiscal year. This fiscal estimate is based on Roanoke Rapid's taxable sales as reported by the North Carolina Department of Revenue during the 2008-09 fiscal year. The 2008-09 estimates include the taxable sales of businesses remitting State sales and use taxes during the 2008-09 fiscal year. The 2008-09 collection figures were then adjusted for changes in state sales and use collections and inflation to develop tax projections in future years.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE CITY OF GREENVILLE TO LEVY A FEE ON ESTABLISHMENTS HAVING A RETAIL ABC PERMIT TO OFFSET LAW ENFORCEMENT EXPENSE.

The General Assembly of North Carolina enacts:

SECTION 1. Intent. – This act authorizes the City of Greenville to levy a fee on all or a class of establishments having retail ABC permits with the proceeds of the fee being dedicated for law enforcement purposes.

SECTION 2. Definitions. – The definitions in G.S. 105-113.68, 18B-101, and 18B-1000 apply to this act to the extent they are not inconsistent with the provisions of this act. The following definitions also apply in this act:

(1) Alcoholic beverage. – Any beverage containing at least one-half of one percent (0.5%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquor, and mixed beverages.

(2) Licensed establishment. – A place that has been issued a retail ABC permit by the North Carolina Alcoholic Beverage Control Commission and is subject to the license fee levied pursuant to this act or to the license tax levied pursuant to this act.

(3) Net proceeds. – The gross proceeds of the tax levied pursuant to this act less the cost to the city of administering and collecting the tax.

(4) Retail ABC permit. – Any written or printed authorization issued by the North Carolina Alcoholic Beverage Control Commission that authorizes the retail sale of an alcoholic beverage for consumption on or off the premises.

SECTION 3. Authorization and Scope. – The City Council of the City of Greenville may require a person holding a retail ABC permit for an establishment located in the city for which the city may impose a license tax under G.S. 105-113.77 to pay a license fee, in addition to the local license tax, to operate in the city. The license fee may be required by the city council for all establishments for which a retail ABC permit has been issued or for establishments which qualify as one or more of the categories of eligible places for which a retail ABC permit may be issued, as provided in G.S. 18B-1001, and for which has been issued a retail ABC permit. The exclusive license requirement of G.S. 105-113.70(d) does not apply to this fee.

SECTION 4. Levy. – The license fee may be levied only by ordinance after a public hearing held on the license fee requirement. Notice of the public hearing must be advertised at least 10 days, but not more than 25 days, before the scheduled date of the hearing. The license fee shall become effective on the date specified in the ordinance levying the fee.

SECTION 5. License Fee. – The license fee amount may vary as provided in this section. The aggregate amount of the proceeds of the license fees levied in any fiscal year pursuant to this act may not exceed the expense incurred by the city in the previous fiscal year of the city for law enforcement purposes related to the licensed establishments.

The city council must set the fee schedule annually based upon the following criteria:

(1) The occupancy of the licensed establishment.

(2) The total occupancy of the licensed establishment combined with other licensed establishments which are located within a specified distance, not to exceed one-quarter mile, from the licensed establishment.

(3) The hours of operation of the licensed establishment.

(4) Any other criteria, as determined by the city council, associated with the expense incurred by the city for law enforcement purposes related to the licensed establishments.

SECTION 6. Collection and Penalties. – A licensed establishment must pay the fee at the same time and in the same manner as the local license tax that may be imposed under G.S. 105-113.77. A licensed establishment may not engage in the business authorized by the retail ABC permit within the City of Greenville unless the license fee is paid. A person, firm, corporation, or association who fails or refuses to pay the license fee is subject to the civil and criminal penalties set in G.S. 105-236 for failure to pay the tax due. The city council may, for good cause shown, compromise or forgive the penalties imposed.

SECTION 7. Use of Proceeds. – The net proceeds of the fee levied pursuant to this act shall be used only for law enforcement purposes related to the licensed establishments.

SECTION 8. Repeal. – The fees levied pursuant to this act may be repealed by the city council by enacting an ordinance of repeal. The repeal shall be effective on the date specified in the repeal ordinance. Repeal of a fee levied pursuant to this act does not affect a liability for a fee that was attached before the effective date of the repeal, nor does it affect a right to a refund of a fee that accrued before the effective date of the repeal.

SECTION 9. This act is effective upon ratification.

SENATE BILL 274:
Greenville Alcoholic Beverage Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Sen. Jenkins	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to First Edition S274-CSRBx-51		

SUMMARY: ***Senate Bill 274 would authorize the City of Greenville to levy either a 1% tax on the sale of alcoholic beverages or a license tax on the person holding a retail ABC permit for an establishment located in the City. The proposed committee substitute removes the 1% sales tax from the bill and replaces the license tax with a license fee. The substance of the license fee does not differ from the license tax proposed in the original bill.***

CURRENT LAW: Article II, Sec. 24(1)(j) prohibits the General Assembly from enacting local acts regulating labor, trade, mining, or manufacturing. Caselaw clearly defines the retail sale of beer and wine and the purchase, sale, and serving of alcoholic beverages by a restaurant as a "trade" within the meaning of this constitutional provision.

Article 2C of Chapter 105 of the General Statutes allows the local governing board of a city or county to impose a license tax on the privilege of engaging in the activities authorized by an ABC permit. The amount of the license is set by G.S. 105-113.77 at $15 for the on-premises sale of beer and wine; $5 for the off-premises sale of beer; and $10 for the off-premises sale of wine. The local license is an annual license. G.S. 105-113.70(d) specifically prohibits a local government from requiring any other license for activities related to the manufacture or sale of alcoholic beverages.

Cities and counties also receive a distribution of the State tax imposed on beer and wine. Revenue received by a city from either the local privilege license tax or the distribution of the State excise tax may be used for any public purpose.

BILL ANALYSIS: The proposed committee substitute for Senate Bill 274 would create a local modification to the exclusive license requirement of G.S. 105-113.70(d) by requiring establishments in the City of Greenville that have a retail ABC permit to not only obtain and pay the local privilege license tax but also pay an additional license fee. The amount of the fee could vary based upon the occupancy of the establishment, the total occupancy of the establishment combined with other establishments located within a specified distance, the hours of operation, and any other criteria determined by the council.

The revenue derived from the fee could only be used to pay the cost of law enforcement related to the licensed establishments. The aggregate amount of the fee revenue in any fiscal year could not exceed the expense incurred by the city in the previous fiscal year for law enforcement purposes related to the licensed establishments.

The fee would be collected in the same manner as the local license tax. The local license is an annual license for the period from May 1 to April 30. A person who did not pay the license fee would be subject to the penalties imposed for failure to pay a tax due.

EFFECTIVE DATE: The bill would become effective when it becomes law.

CONSTITUTIONAL CONCERN: The bill may violate the North Carolina Constitutional provision in Article II, Sec. 24(1)(j) that prohibits local acts relating to trade.

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE PROPERTY TAX BASE EXCLUSIONS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-275 is amended by adding a new subdivision to read:

"**§ 105-275. Property classified and excluded from the tax base.**

The following classes of property are designated special classes under Article V, Sec. 2(2), of the North Carolina Constitution and are excluded from tax:

...

(7a) Real and personal property that meets each of the following requirements:

a. It is a contiguous tract of land previously (i) used primarily for commercial or industrial purposes and (ii) damaged significantly as a result of a fire or explosion.

b. It was donated to a nonprofit corporation formed under the provisions of Chapter 55A of the General Statutes by an entity other than an affiliate, as defined in G.S. 105-163.010.

c. No portion is or has been leased or sold by the nonprofit corporation."

SECTION 2. This act is effective for taxes imposed for taxable years beginning on or after July 1, 2011, and expires for taxes imposed for taxable years beginning on or after July 1, 2016.

HOUSE BILL 206:
Modify Property Tax Base Exclusions

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Ross, Jackson, Gill	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 206[1] would exclude from property tax a contiguous tract of commercial property that is significantly damaged by fire or explosion and donated to a nonprofit corporation. The bill would be effective for taxes imposed for taxable years beginning on or after July 1, 2011, and expiring for taxable years beginning on or after July 1, 2016.***

CURRENT LAW: All real and personal property is subject to property tax unless it is excluded or exempted from the tax base. Article V, section 2(2) of the North Carolina Constitution provides that the power to classify property for taxation lies with the General Assembly and that the power of classifying property for taxation must be exercised on a State-wide basis and made by general law uniformly applicable in every county and city.

Article V, section 2(3) of the Constitution allows the General Assembly to exempt property from taxation if it is held for educational, scientific, literary, cultural, charitable, or religious purposes. The exemption must apply on a State-wide basis and be made by general law uniformly applicable in every county and city. G.S. 105-278.7 provides a property tax exemption for property used for educational, scientific, literary, or charitable purposes. Property exempt from taxation under this classification must meet certain ownership and use requirements. In 2002, the Attorney General's office issued an opinion that property owned by the Charlotte/Mecklenburg Development Corporation was not entitled to a charitable exemption where the corporation's goal was to undertake site development and sell the property to businesses. Although the property was owned by a nonprofit entity, it was not held for a charitable purpose.

BILL ANALYSIS: House bill 206 would designate property meeting the following requirements as a special class of property under Article V, section 2(2) of the North Carolina Constitution and exclude it from property taxation. The exclusion would apply for five years: 2011 through 2015. To be included within the classification, property must meet all of the following requirements:

- The property must be a contiguous tract of land previously used primarily for commercial or industrial purposes and damaged significantly as a result of a fire or explosion.
- The property must have been donated to a nonprofit corporation by an entity other than an affiliate.
- The property must not have been leased or sold by the nonprofit corporation.

EFFECTIVE DATE: The bill would become effective for taxes imposed for taxable years beginning on or after July 1, 2011, and expire for taxes imposed for taxable years beginning on or after July 1, 2016.

BACKGROUND: The Garner Economic Development Corporation was formed on November 22, 2010, as a nonprofit corporation. One of its stated purposes is to acquire funds and real property related to the ConAgra plant and to maintain, develop, and market the property for economic development. The ConAgra plant in Garner was damaged significantly as a result of a fire or explosion in June 2009.

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2011, and expires for taxes imposed for taxable years beginning on or after July 1, 2016.

BILL SUMMARY:

HB 206 would allow a property tax exclusion for a commercial property that is heavily damaged by fire or explosion and donated to a nonprofit corporation. The bill also requires that no portion of the property has been sold by the nonprofit.

ASSUMPTIONS AND METHODOLOGY:
The bill would allow a qualifying property to be removed from the property tax base, resulting in a property tax revenue loss for the taxing jurisdictions. Fiscal Research is aware of only one property that would satisfy the requirements for exclusion under the bill. Due to the narrow circumstances under which a property would qualify, the revenue impact is expected to be minimal.

SUMMARY: Senate Bill 542 would exempt community colleges from the E-Procurement system.

AN ACT TO ALLOW THE USE OF RISK-BASED REMEDIATION TO ACCELERATE THE CLEANUP OF CONTAMINATED INDUSTRIAL SITES FOR THE PURPOSE OF LIMITING HUMAN AND ENVIRONMENTAL EXPOSURE TO SAFE LEVELS, TO PROTECT CURRENT AND LIKELY FUTURE USES OF GROUNDWATER, AND TO ENSURE THE COST-EFFECTIVE APPLICATION OF LIMITED PUBLIC AND PRIVATE RESOURCES.

Whereas, the General Assembly finds that public health, safety, and welfare and the environment can be protected by implementing a remediation process that requires that contaminated industrial sites be cleaned up to a level that is sufficient to ensure protection of public health, safety, and welfare and the environment without excessive expenditure of public or private resources; and

Whereas, the General Assembly finds that there are contaminated industrial sites in North Carolina, including land and other property, surface water, and groundwater, that are adversely affected by environmental contamination due to the presence of drilling waste; hazardous and toxic materials, substances, and wastes; solid waste; oil; and other wastes, contaminants, and regulated substances; and

Whereas, the General Assembly finds that the presence of environmental contamination on industrial sites creates both potential and actual harm to public health, safety, and welfare and to the environment; and

Whereas, the General Assembly finds that this potential and actual harm results in substantial economic losses, including reduced property values and tax revenues, decreased ability to develop and expand the beneficial use of these sites, and other opportunity costs because of the uncertainties and concerns that result from the environmental contamination of these sites; and

Whereas, the General Assembly finds that it is in the public interest that contaminated industrial sites are cleaned up or managed in a manner that protects public health, safety, and welfare and the environment and protects groundwater that is a current or probable future water supply; and

Whereas, the General Assembly finds that North Carolina has numerous and varied State-managed remediation programs to address environmental contamination, including the Inactive Hazardous Sites Response Act of 1987; the hazardous waste management program administered by the State pursuant to the federal Resource Conservation and Recovery Act of 1976; the Leaking Petroleum Underground Storage Tank Cleanup Act of 1988; the Brownfields

Property Reuse Act of 1997; the Dry-Cleaning Solvent Cleanup Act of 1997; the federal Superfund program administered in part by the State pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and the Superfund Amendments and Reauthorization Act of 1986; and the groundwater protection rules adopted by the Environmental Management Commission; and

Whereas, the General Assembly finds that the expenditure of public and private resources on unnecessary remediation could better be channeled to other purposes, including new development, renovation and repair, research and development, training and education, and other activities that maintain and enhance North Carolina's competitive position in the world and the excellent quality of life enjoyed by the citizens of North Carolina; and

Whereas, the General Assembly finds that North Carolina's groundwater is a valuable public and private resource, serving as the drinking water source for one-half of the State's population and also as a water supply for industrial and commercial uses; and

Whereas, the General Assembly finds that maintenance of North Carolina's surface water and groundwater resources will become increasingly important to the continued economic vitality of the State in the future; and

Whereas, the General Assembly finds that use of site-specific remediation standards based on an objective, scientific, and uniform approach to the evaluation of the risk posed by each contaminated site can be protective of public health, safety, and welfare and the environment; and

Whereas, the General Assembly finds that use of site-specific remediation standards in appropriate circumstances may encourage accelerated cleanup of contaminated industrial sites; and

Whereas, the General Assembly intends that the levels of remediation that are established for each contaminated site are to be applicable or relevant under federal remediation programs; and

Whereas, the General Assembly intends that the protections afforded to public health, safety, and welfare and to the environment by existing environmental, health, and safety standards that apply to ongoing activities not be diminished in any way, in order that those standards will continue to protect against the discharge or release of contaminants to the environment that would result in additional contaminated sites; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-310.62 through G.S. 130A-310.64 are reserved for future codification purposes.

(2) The Dry-Cleaning Solvent Cleanup program under Part 6 of Article 21A of Chapter 143 of the General Statutes and rules promulgated pursuant to that statute.

(3) The pre-1983 landfill assessment and remediation program established under G.S. 130A-310.6(c) through (g).

(c) This Part shall apply only to sites where a discharge, spill, or release of contamination has been reported to the Department prior to March 1, 2011.

"**§ 130A-310.68. Remediation standards.**

(a) When conducting remediation activities pursuant to this Part, a person who proposes to or is required to respond to the release of a contaminant at a contaminated industrial site shall comply with one of the following standards:

(1) The unrestricted use standards applicable to each affected medium.

(2) The background standard, if the background standard exceeds the unrestricted use standards.

(3) A site-specific remediation standard developed in accordance with subsection (b) of this section that is approved by the Department.

(4) Any combination of remediation standards described in this subsection that is approved by the Department.

(b) Site-specific remediation standards shall be developed for each medium as provided in this subsection to achieve remediation that eliminates or reduces to protective levels any substantial present or probable future risk to human health, including sensitive subgroups, and the environment based upon the present or currently planned future use of the property comprising the site. Site-specific remediation standards shall be developed in accordance with all of the following:

(1) Remediation methods and technologies that result in emissions of air pollutants shall comply with applicable air quality standards adopted by the Commission.

(2) The site-specific remediation standard for surface waters shall be the water quality standards adopted by the Commission.

(3) The current and probable future use of groundwater shall be identified and protected. Site-specific sources of contaminants and potential receptors shall be identified. Potential receptors must be protected, controlled, or eliminated

whether the receptors are located on or off the site where the source of contamination is located. Natural environmental conditions affecting the fate and transport of contaminants, such as natural attenuation, shall be determined by appropriate scientific methods.

(4) Permits for facilities located at sites covered by any of the programs or requirements set out in G.S. 130A-310.67(a) shall contain conditions to avoid exceedances of applicable groundwater standards adopted by the Commission pursuant to Article 21 of Chapter 143 of the General Statutes due to operation of the facility.

(5) Soil shall be remediated to levels that no longer constitute a continuing source of groundwater contamination in excess of the site-specific groundwater remediation standards approved under this Part.

(6) Soil shall be remediated to unrestricted use standards on residential property with the following exceptions:

a. For mixed-use developments where the ground level uses are nonresidential and where all potential exposure to contaminated soil has been eliminated, the Department may allow soil to remain on the site in excess of unrestricted use standards.

b. If soil remediation is impracticable because of the presence of preexisting structures or impracticability of removal, all areas of the real property at which a person may come into contact with soil shall be remediated to unrestricted use standards, and, on all other areas of the real property, engineering and institutional controls that are sufficient to protect public health, safety, and welfare and the environment shall be implemented and maintained.

(7) The potential for human inhalation of contaminants from the outdoor air and other site-specific indoor air exposure pathways shall be considered, if applicable.

(8) The site-specific remediation standard shall protect against human exposure to contamination through the consumption of contaminated fish or wildlife and through the ingestion of contaminants in surface water or groundwater supplies.

(9) For known or suspected carcinogens, site-specific remediation standards shall be established at exposures that represent an excess lifetime cancer risk of one in 1,000,000. The site-specific remediation standard may depart from the one-in-1,000,000 risk level based on the criteria set out in 40 Code of Federal Regulations § 300.430(e)(9) (July 1, 2003 Edition). The cumulative excess lifetime cancer risk to an exposed individual shall not be greater than one in 10,000 based on the sum of carcinogenic risk posed by each contaminant present.

(10) For systemic toxicants, site-specific remediation standards shall represent levels to which the human population, including sensitive subgroups, may be exposed without any adverse health effect during a lifetime or part of a lifetime. Site-specific remediation standards for systemic toxicants shall incorporate an adequate margin of safety and shall take into account cases where two or more systemic toxicants affect the same organ or organ system.

(11) The site-specific remediation standards for each medium shall be adequate to avoid foreseeable adverse effects to other media or the environment that are inconsistent with the risk-based approach under this Part.

"**§ 130A-310.69. Remedial investigation report; remedial action plans.**

(a) A person who proposes to conduct remediation pursuant to this Part shall submit a remedial investigation report to the Department prior to submitting a remedial action plan. The remedial investigation report shall include, but is not limited to, a legal description of the location of the site; a map showing the location of the site; a description of the contaminants involved and their concentration in the media of the site; a narrative description of the methodology used in the investigation; a description of all on-site releases of contamination; a site map, drawn to scale, showing benchmarks, directional arrow, location of property boundaries, buildings, structures, all perennial and nonperennial surface water features, drainage ditches, dense vegetation, contaminant spill or disposal areas, underground utilities, storage vessels, and existing on-site wells; identification of adjacent property owners and adjacent land uses; description of local geologic and hydrologic conditions; an evaluation of the site and adjacent properties for the existence of environmentally sensitive areas; a description of groundwater monitoring well design and installation procedures; a map, drawn to scale, that shows all groundwater sample locations; a description of field and laboratory quality control and quality assurance procedures followed during the remedial investigation; a description of methods used to manage investigation-derived wastes; tabulation of analytical results for all sampling; copies of all laboratory reports; a description of procedures and the results of any special assessments; and any other information required by the Department or considered relevant by the investigator. The remedial investigation shall assess all contaminated areas of the site, including types and levels of contamination, and the risk that the contamination poses to public health, safety, and welfare and to the environment.

(b) A person who proposes to conduct remediation pursuant to this Part shall develop and submit a proposed remedial action plan to the Department. A remedial action plan shall provide for the protection of public health, safety, and welfare and the environment. A remedial action plan shall do all of the following:

(1) Identify actions required to remove, treat, or otherwise appropriately mitigate or isolate the source of contamination to ensure that the source will not cause unrestricted use standards to be exceeded in any medium.

(2) Address contamination that moves from one medium to another in order to prevent a violation of the remediation standards established under G.S. 130A-310.68. A more stringent remediation standard may be required for a particular medium to control impact on other media.

(3) Identify the current and anticipated future uses of property comprising the contaminated site and address any concerns raised in public comment on the proposed remedial action plan as to the proposed future uses of the property.

(4) Identify the current and anticipated future uses of groundwater in the contaminated site and address any concerns raised in public comment on the proposed remedial action plan as to the future uses of groundwater.

(5) Determine the appropriate method of remediation to achieve the site-specific remediation standards.

(6) Specify any measures that may be necessary to prevent adverse effects to the environment that may occur at levels of contamination that are lower than the standard necessary to protect human health.

(7) Specify any measures that may be necessary to prevent any discharge into surface waters during implementation of the remedial action plan that violates applicable surface water quality standards adopted by the Commission.

(8) Specify any measures that may be necessary to prevent any air emission during implementation of the remedial action plan that violates applicable air quality standards adopted by the Commission.

(9) Provide for attainment and maintenance of the remediation standards established under G.S. 130A-310.68.

(10) Provide for methods and procedures to verify that the quantity, concentration, range, or other measure of each contaminant remaining at the contaminated site at the conclusion of the contaminant-reduction phase of remediation meets the remediation standards established for the site, that an acceptable level of risk has been achieved, and that no further remediation is required.

(11) Provide for the imposition and recordation of land-use restrictions as provided in G.S. 143B-279.9, 143B-279.10, 130A-310.3(f), 130A-310.8, 130A-310.35, 143-215.84(f), and 143-215.85A if the remedial action plan allows contamination in excess of the greater of unrestricted use standards or background standards to remain on any real property or in groundwater that underlies any real property.

(12) Provide for submission of an annual certification to the Department by the property owner that land use at the site is in compliance with land-use restrictions recorded pursuant to this Part and that the land-use restrictions are still properly recorded in the chain of title for the property.

(13) Provide a detailed description of the proposed remedial action to be taken; the results of any treatability studies and additional site characterization needed to support the proposed remedial action; plans for postremedial and confirmatory sampling; a project schedule; a schedule for progress reports to the Department; and any other information required by the Department or considered relevant by the person who submits the proposed remedial action plan.

(14) Provide a description of measures that will be employed to ensure that the safety and health of persons on properties in the vicinity of the site and persons visiting or doing business on the site will not be adversely affected by any remediation activity.

(15) Provide a reasonable estimate of the probable cost of the remedial action sufficient for the Department to determine an acceptable level of financial assurance.

(16) Provide proof of financial assurance as required by G.S. 130A-310.72.

(c) A remedial action plan shall also include an analysis of each of the following factors:

(1) Long-term risks and effectiveness of the proposed remediation, including an evaluation of all of the following:

a. The magnitude of risks remaining after completion of the remediation.

b. The type, degree, frequency, and duration of any postremediation activity that may be required, including, but not limited to, operation and maintenance, monitoring, inspection, reports, and other activities necessary to protect public health, safety, and welfare and the environment.

c. Potential for exposure of human and environmental receptors to contaminants remaining at the site.

d. Long-term reliability of any engineering and voluntary institutional controls, including repair, maintenance, or replacement of components.

e. Time required to achieve remediation standards.

(2) Toxicity, mobility, and volume of contaminants, including the amount of contaminants that will be removed, contained, treated, or destroyed; the degree of expected reduction in toxicity, mobility, and volume; and the type, quantity, toxicity, and mobility of contaminants that will remain after implementation of the remedial action plan.

(3) Short-term risks and effectiveness of the remediation, including the short-term risks that may be posed to the community, workers, or the environment during implementation of the remedial action plan, and the effectiveness and reliability of protective measures to address short-term risks.

(4) The ease or difficulty of implementing the remedial action plan, including commercially available remedial measures; expected operational reliability; available capacity and location of needed treatment, storage, and disposal services for wastes; time to initiate remediation; and approvals necessary to implement the remediation.

(d) The development of a remedial action plan may require supplemental submissions and revisions based on Department review, remedial action pilot studies, and public comment from local government and citizens.

"**§ 130A-310.70. Notice of intent to remediate.**

In addition to the public participation requirements of the individual programs listed in G.S. 130A-310.67(a), the person who proposes to remediate a site under this Part shall send a notice of intent to remediate to all local governments having taxing or land-use jurisdiction over the site, and to all adjoining landowners. The notice shall include all of the information required in G.S. 130A-310.69(a) and include a statement of intent to clean up the site to site-specific remediation standards. The person shall submit to the Department a copy of the notice of intent provided to local governments and adjoining landowners, a certification that the notice of intent to remediate was so provided to those parties, and all information and comments that the person received in response to the notice. In addition, the person shall, when appropriate, describe how the remedial action plan was modified to address comments received in response to the notice.

"**§ 130A-310.71. Review and approval of proposed remedial action plans.**

(a) The Department shall review and approve a proposed remedial action plan consistent with the remediation standards set out in G.S. 130A-310.68 and the procedures set out in this section. In its review of a proposed remedial action plan, the Department shall do all of the following:

(1) Determine whether site-specific remediation standards are appropriate for a particular contaminated site. In making this determination, the Department shall consider proximity of the contamination to water supply wells or other receptors; current and probable future reliance on the groundwater as a water supply; current and anticipated future land use; environmental impacts; and the feasibility of remediation to unrestricted use standards.

(2) Determine whether the party conducting the remediation has adequately demonstrated through modeling or other scientific means acceptable to the Department that no contamination will migrate to adjacent property at levels above unrestricted use standards.

(3) Determine whether the proposed remedial action plan meets the requirements of G.S. 130A-310.69.

(4) Determine whether the proposed remedial action plan meets the requirements of any other applicable remediation program except those pertaining to remediation standards.

(5) Establish the acceptable level or range of levels of risk to public health, safety, and welfare and to the environment.

(6) Establish, for each contaminant, the maximum allowable quantity, concentration, range, or other measures of contamination that will remain at the contaminated site at the conclusion of the contaminant-reduction phase of the remediation.

(7) Consider the technical performance, effectiveness, and reliability of the proposed remedial action plan in attaining and maintaining compliance with applicable remediation standards.

(8) Consider the ability of the person who proposes to remediate the site to implement the proposed remedial action plan within a reasonable time and without jeopardizing public health, safety, or welfare or the environment.

(9) Determine whether the proposed remedial action plan adequately provides for the imposition and maintenance of engineering and institutional controls and for sampling, monitoring, and reporting requirements necessary to protect public health, safety, and welfare and the environment.

(10) Approve the circumstances under which no further remediation is required.

(b) The person who proposes a remedial action plan has the burden of demonstrating with reasonable assurance that contamination from the site will not migrate to adjacent property above unrestricted use levels and that the remedial action plan is protective of public health, safety, and welfare and the environment by virtue of its compliance with this Part. The demonstration shall (i) take into account actions proposed in the remedial action plan that will prevent contamination from migrating off the site; and (ii) use scientifically valid site-specific data.

(c) The Department may require a person who proposes a remedial action plan to supply any additional information necessary for the Department to approve or disapprove the plan.

(d) In making a determination on a proposed remedial action plan, the Department shall consider the information provided by the person who proposes the remedial action plan as well as information provided by local governments and adjoining landowners pursuant to G.S. 130A-310.70. The Department shall disapprove a proposed remedial action plan unless the Department finds that the plan is protective of public health, safety, and welfare and the environment and complies with the requirements of this Part. If the Department disapproves a proposed remedial action plan, the person who submitted the plan may seek review as provided in Article 3 of Chapter 150B of the General Statutes. If the Department fails to approve or disapprove a proposed remedial action plan within 120 days after a complete plan has been submitted, the person who submitted the plan may treat the plan as having been disapproved at the end of that time period.

"**§ 130A-310.72. Financial assurance requirement.**

The person conducting remediation of a contaminated industrial site pursuant to the provisions of this Part shall establish financial assurance that will ensure that sufficient funds are available to implement and maintain the actions or controls specified in the remedial action plan for the site. The person conducting remediation of a site may establish financial assurance through one of the following mechanisms, or any combination of the following mechanisms, in a form specified or approved by the Department: insurance products issued from entities having no corporate or ownership association with the person conducting the remediation; funded trusts; surety bonds; certificates of deposit; letters of credit; corporate financial tests; local government financial tests; corporate guarantees; local government guarantees; capital reserve funds; or any other financial mechanism authorized for the demonstration of financial assurance under (i) 40 Code of Federal Regulations Part 264, Subpart H (July 1, 2010 Edition) and (ii) Section .1600 of Subchapter B of Chapter 13 of Title 15A of the North Carolina

Administrative Code. Proof of financial assurance shall be provided in the remedial action plan and annually thereafter on the anniversary date of the approval of the plan.

"**§ 130A-310.73. Attainment of the remediation standards.**

(a) Compliance with the approved remediation standards is attained for a site or portion of a site when a remedial action plan approved by the Department has been implemented and applicable soil, groundwater, surface water, and air emission standards have been attained. The remediation standards may be attained through a combination of remediation activities that can include treatment, removal, engineering, or institutional controls, except that the person conducting the remediation may not demonstrate attainment of an unrestricted use standard or a background standard through the use of institutional controls alone. When the remedial action plan has been fully implemented, the person conducting the remediation shall submit a final report to the Department, with notice to all local governments with taxing and land-use jurisdiction over the site, that demonstrates that the remedial action plan has been fully implemented, that any land-use restrictions have been certified on an annual basis, and that the remediation standards have been attained. The final report shall be accompanied by a request that the Department issue a determination that no further remediation beyond that specified in the approved remedial action plan is required.

(b) The person conducting the remediation has the burden of demonstrating that the remedial action plan has been fully implemented and that the remediation standards have been attained in compliance with the requirements of this Part. The Department may require a person who implements the remedial action plan to supply any additional information necessary for the Department to determine whether the remediation standards have been attained.

(c) The Department shall review the final report, and, upon determining that the person conducting the remediation has completed remediation to the approved remediation standard and met all the requirements of the approved remedial action plan, the Department shall issue a determination that no further remediation beyond that specified in the approved remedial action plan is required at the site. Once the Department has issued a no further action determination, the Department may require additional remedial action by the responsible party only upon finding any of the following:

(1) Monitoring, testing, or analysis of the site subsequent to the issuance of the no further action determination indicates that the remediation standards and objectives were not achieved or are not being maintained.

(2) One or more of the conditions, restrictions, or limitations imposed on the site as part of the remediation have been violated.

(3) Site monitoring or operation and maintenance activities that are required as part of the remedial action plan or no further action determination for the site are not adequately funded or are not adequately implemented.

(4) A contaminant or hazardous substance release is discovered at the site that was not the subject of the remedial investigation report or the remedial action plan.

(5) A material change in the facts known to the Department at the time the written no further action determination was issued, or new facts, cause the Department to find that further assessment or remediation is necessary to prevent a significant risk to human health and safety or to the environment.

(6) The no further action determination was based on fraud, misrepresentation, or intentional nondisclosure of information by the person conducting the remediation.

(7) Installation or use of wells would induce the flow of contaminated groundwater off the site.

(d) The Department shall issue a final decision on a request for a determination that remediation has been completed to approved standards and that no further remediation beyond

that specified in the approved remedial action plan is required within 180 days after receipt of a complete final report. Failure of the Department to issue a final decision on a no further remediation determination within 180 days after receipt of a complete final report and request for a determination of no further remediation may be treated as a denial of the request for a no further remediation determination. The responsible person may seek review of a denial of a request for a release from further remediation as provided in Article 3 of Chapter 150B of the General Statutes.

"**§ 130A-310.74. Compliance with other laws.**

Where a site is covered by an agreement under the Brownfields Property Reuse Act of 1997, as codified as Part 5 of Article 9 of Chapter 130A of the General Statutes, any work performed by the prospective developer pursuant to that agreement is not required to comply with this Part, but any work not covered by such agreement and performed at the site by another person not a party to that agreement may be performed pursuant to this Part.

"**§ 130A-310.75. Use of registered environmental consultants.**

The Department may approve the use of a registered environmental consultant to provide oversight for the assessment and remediation of a site under this Part. If remediation under this Part is not undertaken voluntarily, the Department may not require the use of a registered environmental consultant to provide oversight for the assessment and remediation of a site under this Part.

"**§ 130A-310.76. Fees; permissible uses of fees.**

(a) A person who undertakes remediation of environmental contamination under site-specific remediation standards as provided in G.S. 130A-310.68 shall pay a fee to the Fund in an amount equal to four thousand five hundred dollars ($4,500) for each acre or portion of an acre of contamination, including any area that will become contaminated as a result of the release; however, no person shall be required to pay more than one hundred twenty-five thousand dollars ($125,000) to the Fund for any individual site, regardless of its size. This one-time fee shall be payable at the time the person undertaking remediation submits the remedial action plan to the Department.

(b) Funds collected pursuant to subsection (a) of this section may be used only for the following purposes:

(1) To pay for administrative and operating expenses necessary to implement this Part.

(2) To establish, administer, and maintain a system for the tracking of land-use restrictions recorded at sites that are remediated pursuant to this Part.

"**§ 130A-310.77. Construction of Part.**

This Part shall not be construed or implemented in any of the following ways:

(1) In any manner that would jeopardize federal authorization under any of the federal statutes, programs, or requirements set out in G.S. 130A-310.67(a) or would otherwise conflict with federal authority under those statutes, programs, and requirements. This Part is supplemental to the programs and requirements set out in G.S. 130A-310.67(a) that would otherwise govern the remediation of a contaminated industrial site. Where the definitions, provisions, or requirements of this Part conflict with the definitions, provisions, or requirements of an otherwise applicable remediation program, this Part shall control, unless expressly stated to the contrary.

(2) To limit the authority of the Department to require investigation, initial response, or remediation of environmental contamination under any other provision of State or federal law necessary to address an imminent threat to public health, safety, or welfare or the environment.

(3) To alter the requirements of programs to prevent or mitigate the release or discharge of contaminants to the environment, including permitting requirements that regulate the handling of hazardous substances or wastes.

(4) To supersede or otherwise affect or prevent the enforcement of any land-use or development regulation or ordinance adopted by a municipality pursuant to Article 19 of Chapter 160A of the General Statutes or adopted by a county pursuant to Article 18 of Chapter 153A of the General Statutes. The use of a site and any land-use restrictions imposed as part of a remedial action plan shall comply with land-use and development controls adopted by a municipality pursuant to Article 19 of Chapter 160A of the General Statutes or adopted by a county pursuant to Article 18 of Chapter 153A of the General Statutes."

SECTION 3. G.S. 130A-310.78 through G.S. 130A-310.80 are reserved for future codification purposes.

SECTION 4. G.S. 130A-310.10(a) reads as rewritten:

HOUSE BILL 45:
Accelerate Cleanup of Industrial Properties

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Representatives Gillespie, Cook, and Gibson	**Prepared by:**	Jeff Hudson
Analysis of:	Fourth Edition		Committee Counsel

SUMMARY: ***House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site.***

[As introduced, this bill was identical to S48, as introduced by Sen. Allran, which is currently in Senate Agriculture/Environment/Natural Resources.]

CURRENT LAW AND BACKGROUND:

North Carolina, in conjunction with the federal government, has implemented a number of programs to address remediation or cleanup of environmental contamination. Based on the source, location, and nature of the contaminants present, requirements for oversight and cleanup are established within an applicable program. Each program has its own standards, methods, and requirements. In some cases, a contaminated site may come under the authority of multiple programs.

Generally, cleanup of environmental contamination must be performed to meet unrestricted use standards, meaning contaminant concentrations present at a location are acceptable for all uses; are protective of public health, safety, and welfare and the environment; and comply with an applicable program's standards established by statute or rule adopted by the Environmental Management Commission, the Commission for Public Health, or the Department of Environment and Natural Resources (DENR). Some State programs for cleanup of environmental contamination, however, allow cleanup based on site-specific risk factors, which are generally not as stringent as the applicable unrestricted use standards. These programs include the Petroleum Underground Storage Tank Cleanup Program, the Dry-Cleaning Solvent Cleanup Program, and the State's Brownfields Property Reuse Act.

BILL ANALYSIS:

House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site.

Applicability:

Risk-based cleanup would be available for contaminated industrial sites that are governed by cleanup programs for hazardous and solid waste management, groundwater protection, and oil pollution control and where the release of contamination was reported to DENR prior to March 1, 2011. Risk-based cleanup would not be available for contaminated industrial sites that are governed by cleanup programs for leaking underground storage tanks, dry-cleaning facilities, and certain landfills.

Site-specific Remediation Standards:

Site-specific remediation or cleanup standards would be developed for contaminated industrial sites to eliminate or reduce to protective levels any substantial or probable future risk to human health and the environment based on the present or anticipated future use of the site. The standards would have to be developed in accordance with a number of specific requirements for the protection of air quality, surface water and groundwater quality, and human health.

Remedial Investigation Report and Remedial Action Plan:

A person who proposes a risk-based cleanup must prepare and submit to DENR a remedial investigation report that provides detailed information on the site, contamination at the site, risks posed by the contamination, adjacent properties, and any other information required by DENR. The person would then prepare and submit to DENR a proposed remedial action plan that provides for how the site would be cleaned up in order to protect public health, safety, and welfare and the environment and proof of financial assurance that sufficient funds are available to carry out the cleanup.

Notice of Intent to Remediate:

A person who proposes a risk-based cleanup must send a notice of intent to conduct the risk-based cleanup to all local governments having jurisdiction over the site and to all adjoining landowners. The notice must include all of the information contained in the remedial investigation report. The person must also submit to DENR a certification that the notice of intent was properly distributed, information and comments received in response to the notice, and a description of how the remedial action plan was modified in response to the comments.

Review and Approval of Proposed Remedial Action Plans:

DENR must review each proposed remedial action plan and make a number of determinations prior to approving a plan, including whether the site-specific cleanup standards are appropriate for the site, that no unauthorized levels of contaminants will migrate from the site to adjacent properties, and that the plan is protective of public health, safety, and welfare and the environment. In its review and consideration of the proposed plan, DENR must consider information provided by the person who proposes the plan as well as information provided by the local governments and adjoining landowners.

Attainment of the Remediation Standard:

When DENR determines that an approved remedial action plan has been implemented and applicable cleanup standards have been attained, it will issue a determination that no further cleanup is required. Once a determination has been issued, DENR may only require additional cleanup under specific circumstances, such as a finding that subsequent monitoring indicates that cleanup standards were not achieved; an undocumented contaminant release is discovered; or one or more of the restrictions imposed on the site as part of the cleanup have been violated.

Fees:

The fee for participation in a risk-based cleanup is $4,500 for each acre or portion of an acre of contamination, with a cap of $125,000 regardless of the size of the site. The fees may be used by DENR only to pay for administrative and operating expenses necessary to implement the risk-based cleanup program and to establish and maintain a system for the tracking of land use restrictions recorded at sites that are remediated under the program.

Construction of the Act:

The Act may not be construed or implemented to jeopardize federal authorization under any of the federal statutes, programs, or requirements for the cleanup of contamination; limit the authority of DENR to require investigation, response, or cleanup of environmental contamination necessary to address an imminent threat to public health, safety, or welfare or the environment; or to affect or prevent the enforcement of any local government land-use or development regulation or ordinance.

Dry-cleaning Site Compliance with Land-use Restrictions:

House Bill 45 would provide that if a person responsible for a property subject to land-use restrictions under the Dry-Cleaning Solvent Cleanup Act fails to submit an annual certification that the land-use restrictions are properly recorded and followed, the Environmental Management Commission shall issue a notice of such failure to the person. The notice must inform the person of the actions needed to come into compliance and give the person at least 30 calendar days within which to come into compliance. If the person fails to come into compliance during this time, the person will then be subject to enforcement procedures.

Study of Costs Associated with Inactive Hazardous Substance or Waste Disposal Sites:

House Bill 45 would direct the Environmental Review Commission, with the assistance of the Department of Environment and Natural Resources, to study the cost of assessing and remediating inactive hazardous substance or waste disposal sites for which there is no financially-viable responsible party. The Commission will report its findings and recommendations including any legislative proposals to the 2012 General Assembly, upon its convening.

EFFECTIVE DATE: The act would become effective when it becomes law.

BILL SUMMARY:

House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site. The bill would require payment of a fee by a person undertaking a risk-based cleanup, the amount of which would be based on the size of the site to be remediated. The fee would be used by the Department of Environment and Natural Resources for expenses necessary to implement a risk-based cleanup program, and to establish and maintain a system for the tracking of land-use restrictions recorded at sites that are remediated under such a program

(Source: Committee Counsel, Research Division)

ASSUMPTIONS AND METHODOLOGY:

In conjunction with the federal government, DENR's Division of Waste Management has several programs that address remediation or cleanup of environmental contamination. Generally, cleanup of environmental contamination must be performed to meet unrestricted use standards, meaning contaminant concentrations present at a location are acceptable for all uses, protect public health, safety, and welfare and the environment, and comply with applicable standards established by statute or rule adopted by the Environmental Management Commission, the Commission for Public Health, or DENR. Some State programs for cleanup of environmental contamination,

however, allow cleanup based on site-specific risk factors, which are generally not as stringent as the applicable unrestricted use standards. These programs include the Petroleum Underground Storage Tank Cleanup Program, the Dry-Cleaning Solvent Cleanup Program, and the State's Brownfields Property Reuse Act.

House Bill 45 would authorize risk-based cleanup of contaminated industrial sites using site-specific cleanup standards designed to protect public health, safety, and welfare and the environment based on the current and anticipated future use of a site. Risk-based cleanup would be available for contaminated industrial sites that are governed by cleanup programs for hazardous and solid waste management, groundwater protection, and oil pollution control and where the release of contamination was reported to the Department of Environment and Natural Resources (DENR) prior to March 1, 2011. Risk-based cleanup would not be available for contaminated industrial sites that are governed by cleanup programs for leaking underground storage tanks, dry-cleaning facilities, and certain landfills.

Site-specific remediation or cleanup standards would be developed for contaminated industrial sites to eliminate or reduce any substantial or probable future risk to human health and the environment based on the present or anticipated future use of the site.

A person who proposes a risk-based cleanup must prepare and submit: a remedial investigation report and a remedial action plan to DENR; a notice of intent to conduct the risk-based cleanup to all local governments having jurisdiction over the site and to all adjoining landowners; and certification to DENR that the notice of intent was properly distributed and responses processed.

When DENR determines that an approved remedial action plan has been implemented and applicable cleanup standards have been attained, it will issue a determination that no further cleanup is required. Once a determination has been issued, DENR may only require additional cleanup under specific circumstances, such as a finding that subsequent monitoring indicates that cleanup standards were not achieved; an undocumented contaminant release is discovered; or one or more of the restrictions imposed on the site as part of the cleanup have been violated.

The fee for participation in a risk-based cleanup is $3,500 for each acre or portion of an acre of contamination, with a cap of $125,000. The fees may be used by DENR only to pay for administrative and operating expenses necessary to implement the risk-based cleanup program and to establish and maintain a system for the tracking of land use restrictions recorded at sites that are remediated under the program.

DENR expects that approximately 12 industrial sites per year would qualify for risk-based cleanup as defined in this legislation. This estimate is based on the assumption that current levels of voluntary cleanup participation would remain constant, and that approximately half of those sites would meet the legislation's criteria. DENR noted that participation in the first few years is expected to be much greater than subsequent years, as current remedial action projects would likely petition to change their statuses to the risk-based remedial option as defined in this legislation.

Expenditures

According to DENR, there would be no increase in voluntary cleanup participation, and therefore existing project managers and the Registered Environmental Consultant Program (which provides oversight under the Inactive Hazardous Sites Program) would be sufficient to oversee the remediation projects affected by this legislation.

However, House Bill 45 also introduces new demands for special reviews from toxicologists, financial analysts, and hydrogeologists to examine the transportation of groundwater contamination as well as to oversee land use restriction compliance and tracking. DENR estimated that a total of five new positions would be needed in order to meet the demands of this bill: a Hydrogeologist, an Engineer, an Industrial Hygiene Consultant (Toxicologist), a Financial Analyst, and an Environmental Program Supervisor II. Fiscal Research concurs that there will be sufficient increased workload to require three of these five positions, as follows:

- A Hydrogeologist to perform fate and transport modeling of contaminant migration, which are special reviews beyond that which the Division currently conducts.
- An Environmental Engineer position to develop and maintain a Geographic Information System, to track recorded land use restrictions, and to inspect compliance with those restrictions.
- A Toxicologist to conduct site-specific risk assessments at much higher levels of toxicological review than are currently conducted by existing staff.

Position Title	Annual Salary	Soc Sec	Ret	Health	Total Salary & Benefits FY 2011-12
Hydrogeologist-J	$ 61,956	$ 4,740	$ 6,512	$ 4,930	$ 78,137
Engineer-J	$ 62,523	$ 4,783	$ 6,571	$ 4,930	$ 78,807
Industrial Hygiene Consultant (Toxicologist)	$ 67,816	$ 5,188	$ 7,127	$ 4,930	$ 85,061
				Total	**$ 242,006**

Although DENR estimated that an additional Financial Analyst and Environmental Program Supervisor II would also be needed to fulfill the requirements of House Bill 45, Fiscal Research estimates that DENR's existing staff can absorb the remainder of the work required by this bill. At this time, 19 staff are working on the 290 sites addressed by the Inactive Hazardous Sites Program. Based on the Department's estimate that only 12 sites would be affected by this legislation, Fiscal Research concludes that the additional supervisory and financial work required by this bill could be absorbed by existing staff.

The total salaries and benefits of positions required by this legislation are calculated to include inflationary increases for each year. Additional operating costs, including travel, supplies, maintenance agreements and communications, would be $79,125 in FY 2011-12 and $54,500 in subsequent years. The initial costs in FY 2011-12 are due to the contractual services, computer hardware and software costs related to establishing the GIS system required by the legislation;

additionally, travel for the three new positions will be extensive due to required training and multiple visits to projects statewide. The total amount required by DENR for FY 2011-12, including salaries, benefits, and operating costs, is estimated to be $321,131.

	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15	FY 2015-16
Salaries and Fringes	$ 242,006	$ 256,062	$ 277,234	$ 292,342	$ 305,055
Operating Costs	$ 79,125	$ 54,500	$ 54,500	$ 54,500	$ 54,500
Total	**$ 321,131**	**$ 310,562**	**$ 331,734**	**$ 346,842**	**$ 359,555**

Revenues

The revenues gained by fees included in this legislation may be used by DENR only to pay for administrative and operating expenses necessary to implement the risk-based cleanup program and to establish and maintain a system for the tracking of land use restrictions. The fee for participation in a risk-based cleanup is $3,500 for each acre or portion of an acre of contamination, with a cap of $125,000 regardless of the size of the site.

Based on DENR's data on existing groundwater contaminant plume sites, the average site size is 10 acres. Twelve sites per year multiplied by 10 acres per site totals 120 acres that would be affected by this legislation. The average amount per site that could be realized as revenue from fees would be $35,000 (10 acres * $3,500 per acre). The total amount of annual revenue that could be realized from fees would be $420,000 (12 sites * $35,000 per site). The revenues realized from this fee would be deposited in the existing Inactive Hazardous Sites Cleanup Fund, within which an account specifically designated for tracking these funds would need to be established.

SOURCES OF DATA: Department of Environment and Natural Resources

TECHNICAL CONSIDERATIONS:

House Bill 45 provides that the fees may be used by DENR only to pay for administrative and operating expenses necessary to implement the risk-based cleanup program and to establish and maintain a system for the tracking of land use restrictions recorded at sites that are remediated under the program. Based on DENR's estimate of 12 sites per year at an average of 10 acres each, the $3,500 fee in House Bill 45 would generate more revenue than needed to support the staff and operating costs estimated to be required by the legislation.

The Senate Finance Committee met at 2:00 PM on June 8, 2011 in room 544 of the Legislative Office Building. Twenty-five members of the committee were present. Nick Pruthi and Chris Brasier of Durham, Ben Hinson of Lexington, Randi Gibbs of Youngsville, Blythe Layne of Cary and Metta Longo of Holly Springs served as pages. Senator Rucho presided as chair.

H.B. 432 – Swine in Transport/Regulate Feral Swine

Representative LaRoque was recognized to explain the bill. It places restrictions on the transportation of swine, creates a statutory definition of feral swine, provides for the taking of feral swine as a nongame animal, and prohibits the removed of live feral swine from traps, as recommended by the Feral Swine Study Committee. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

H.B. 167 – Extend Assessment Refund Period

Representative Iler was recognized to explain the bill, which authorizes local governments to refund assessments imposed before 2012 where the assessment financed a capital project that was assumed by another local government. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 335 – Maintenance of Prisons

Representative Guice was recognized to explain the bill. It repeals the 2010 prohibition on contracting for the maintenance of prison facilities, and directs the Department of Correction to study the potential benefits and costs of contracting for maintenance services at prison facilities. Senator Rabon moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 292 – Incorporate Rougement

Senator Apodaca was recognized to explain the bill, which incorporates the Town of Rougement in Durham County, subject to a referendum. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 414 – Amend Rutherford County Occupancy Tax

Representative Hager was recognized to explain the bill. It recodifies the previously authorized Rutherford County occupancy tax to make it more uniform with current

occupancy tax guidelines. By doing so, Rutherford County would be able to use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it cannot do under current law. The bill also allows the county, upon requests of the TDA to manage the TDA's receipts and disbursements and provide services related to the operation of the TDA, such as finance, human resources, legal and information technology. The county could charge service fees for the indirect costs related to these services. Senator Clary moved for a favorable report and the motion carried. A copy of the bill, the summary, and the fiscal note is attached.

H.B. 532 – Graham County/Cemetery Tax by General Law

Representative West was recognized to explain the bill. It repeals a section of a 1957 Session Law authorizing Graham County to call for a special election for the purpose of submitting to the voters the question of levying a special ad valorem tax for the maintenance of cemeteries in Graham County. Upon repeal, the general law would apply. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 545 – Amend Moore County Occupancy Tax

Senator Blake was recognized to explain the bill. It recodifies the previously authorized Moore County Occupancy Tax to make it consistent with the current House Finance Occupancy Tax Guidelines. This change would allow the county to use up to one-third of the net proceeds for tourism-related expenditures. Senator Jenkins moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

S.B. 131 – AOC Collection Assistance Fee

Senator Clodfelter was recognized to explain the bill. It authorizes expanded methods of collecting fines, fees, costs, and restitution from offenders not sentenced to supervised probation or active time and would permit the county in which the collection assistance fee is collected to retain the fee, providing the fee is collected by a collections program funded by the county government. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 313 – Repeal Savings Bond Payroll Savings Program

Representative Hager was recognized to explain the bill, which repeals the statutory provisions that authorize the payroll deduction plan for the purchase of United States Savings Bonds by State employees and school employees. Senator Clary moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

H.B. 571 – Prepaid Wireless

Representative Brawley was recognized to explain the bill. It provides for the collection of the 911 service charge on prepaid wireless service at the point of retail sale. Senator Newton moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 527 – Life Sciences Act

Senator Hartsell and Norris Tolson, NC Biotechnology Center, were recognized to explain the bill. It creates a mechanism for raising funds to make loans to life science companies through the issuance of equity certificates by qualifying entities. If the qualifying entity is unable to redeem the equity certificate when it is due, the qualifying entity may issue the holder of the equity certificate a tax credit certificate in the amount of the required payment the entity is unable to make. A taxpayer that presents a tax credit certificate is allowed a tax credit equal to 100% of the amount specified in the certificate. The tax credit is refundable and may be used against the franchise tax, the income tax, or the gross premiums tax. Senator Hartsell offered a technical amendment and moved for its adoption. The motion carried. Senator Stein moved for a favorable report as amended and the motion carried. A copy of the bill, the summary, the fiscal note and the amendment is attached.

Senator Newton moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

S.B. 447 – Rewrite Landscape Contractors Laws

Senator Meredith and Senator Stevens recused themselves from the discussion and vote on this bill. Senator Brown was recognized to explain the bill which rewrites Chapter 89D of the General Statutes, which regulates landscape contractors. A BILL TO BE ENTITLED

AN ACT TO PROHIBIT THE TRANSPORTATION OF LIVE SWINE UNLESS THE SWINE HAS AN OFFICIAL FORM OF IDENTIFICATION APPROVED BY THE STATE VETERINARIAN FOR THIS PURPOSE, TO CLASSIFY ALL FREE-RANGING MAMMALS OF THE SPECIES SUS SCROFA AS FERAL SWINE, TO PROVIDE FOR THE TAKING OF FERAL SWINE AS A NONGAME ANIMAL, AND TO PROHIBIT THE REMOVAL OF LIVE FERAL SWINE FROM TRAPS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 106 of the General Statutes is amended by adding a new Article to read:

"Article 66A.

"Transportation of Swine.

"**§ 106-798. Identification required to transport swine.**

(a) No live swine shall be transported on a public road within the State unless the swine has an official form of identification approved by the State Veterinarian for this purpose.

(b) Any live swine that is transported on a public road within this State without identification as required by this section is presumed to be a feral swine and is also subject to regulation by the Wildlife Resources Commission under Chapter 113 of the General Statutes. Any person transporting a swine without identification is subject to a civil penalty under this Article.

(c) Swine that do not leave the premises of the swine owner are not subject to the identification requirement under this section.

(d) The Board of Agriculture shall adopt rules to charge any swine owner a fee for the identification required under this section. The fee may not exceed the actual cost to the Department of Agriculture and Consumer Services for the identification approved by the State Veterinarian and any direct administrative costs associated with providing the identification to swine owners. The Board of Agriculture shall adopt any other rules necessary to implement this Article.

"**§ 106-798A. Penalty for unlawful transport of swine without identification.**

Any person who fails to obtain identification as required under this Article shall be subject to a civil penalty of up to five thousand dollars ($5,000) for each violation. Each swine that has no identification is a separate violation.

"**§ 106-798B. Penalty for misuse of identification.**

Any person who misuses the identification required under this Article shall be subject to a civil penalty of one thousand dollars ($1,000) for each occurrence. A person misuses

identification required under this Article by knowingly providing it to other than the owner of the swine or by engaging in other activity that is in violation of this Article."

SECTION 2. G.S. 113-129 reads as rewritten:

"**§ 113-129. Definitions relating to resources.**

The following definitions and their cognates apply in the description of the various marine and estuarine and wildlife resources:

...

(1b) Big Game. – Bear, ~~wild boar,~~ wild turkey, and white-tailed deer.

...

(5c) Feral Swine. – Free-ranging mammals of the species Sus scrofa.

...

(7c) Game Animals. – Bear, fox, rabbit, squirrel, ~~wild boar,~~ white-tailed deer, and, except when trapped in accordance with provisions relating to fur-bearing animals, bobcat, opossum, and raccoon.

...

(15) Wild Animals. – Game animals; fur-bearing animals; feral swine; and all other wild mammals except marine mammals found in coastal fishing waters. In addition, this definition includes members of the following groups which are on the federal list of endangered or threatened species: wild amphibians, wild reptiles except sea turtles inhabiting and depending upon coastal fishing waters, and wild invertebrates except invertebrates declared to be pests under the Structural Pest Control Act of North Carolina of 1955 or the North Carolina Pesticide Law of 1971. Nothing in this definition is intended to abrogate G.S. 113-132(c), confer jurisdiction upon the Wildlife Resources Commission as to any subject exclusively regulated by any other agency, or to authorize the Wildlife Resources Commission by its regulations to supersede valid provision of law or regulation administered by any other agency.

...

~~(15b) Wild Boar. – Free-ranging mammals of the species Sus scrofa that occur in counties identified in the rules of the Wildlife Resources Commission.~~

...."

SECTION 3. G.S. 113-270.3(b)(1a) reads as rewritten:

"(1a) Nonresident ~~Bear/Wild Boar~~Bear Hunting License – $125.00. This license is valid for use only by an individual within the State and must be procured before taking any bear ~~or wild boar~~ within the State. Notwithstanding any other provision of law, a nonresident individual may not take any bear ~~or wild boar~~ within the State without procuring this license; provided, that those persons who have a nonresident lifetime sportsman combination license purchased prior to May 24, 1994, shall not have to purchase this license."

SECTION 4. G.S. 113-291.1 reads as rewritten:

"**§ 113-291.1. Manner of taking wild animals and wild birds.**

...

(b) No wild animals or wild birds may be taken:

(1) From or with the use of any vehicle; vessel, other than one manually propelled; airplane; or other conveyance except that the use of vehicles and vessels is authorized:

a. As hunting stands, subject to the following limitations. No wild animal or wild bird may be taken from any vessel under sail, under power, or with the engine running or while still in motion from such

propulsion. No wild animal or wild bird may be taken from any vehicle if it is in motion, the engine is running, or the passenger area of the vehicle is occupied. The prohibition of occupying the passenger area of a vehicle does not apply to a disabled individual whose mobility is restricted.

b. For transportation incidental to the taking.

(2) With the use or aid of any artificial light, net, trap, snare, electronic or recorded animal or bird call, or fire, except as may be otherwise provided by statute[;] provided, however, that ~~crows and coyotes may be taken with the aid of electronic calling devices.~~the Wildlife Resources Commission may adopt rules prescribing seasons and the manner of taking of wild animals and wild birds with the use of artificial light and electronic calls. No wild birds may be taken with the use or aid of salt, grain, fruit, or other bait. No black bear ~~or wild boar~~ may be taken with the use or aid of any salt, salt lick, grain, fruit, honey, sugar-based material, animal parts or products, or other bait, and no wild turkey may be taken from an area in which bait has been placed until the expiration of 10 days after the bait has been consumed or otherwise removed. The taking of wild animals and wild birds with poisons, drugs, explosives, and electricity is governed by G.S. 113-261, G.S. 113-262, and Article 22A of this Subchapter.

Upon finding that the placement of processed food products in areas frequented by black bears is detrimental to the health of individual black bears or is attracting and holding black bears in an area to the extent that the natural pattern of movement and distribution of black bears is disrupted and bears' vulnerability to mortality factors, including hunting, is increased to a level that causes concern for the population, the Wildlife Resources Commission may adopt rules to regulate, restrict, or prohibit the placement of those products and prescribe time limits during which hunting is prohibited in areas where those products have been placed.

Any person who is convicted of unlawfully taking bear ~~or wild boar~~ with the use or aid of any type of bait as provided by this subsection or by rules adopted pursuant to this subsection is punishable as provided by G.S. 113-294(c1).

...

(g) If a season is open permitting such method of taking for the species in question, a hunter may take rabbits, squirrels, opossum, raccoons, fur-bearing animals, and nongame animals and birds open to hunting with a ~~pistol of .22 caliber with a barrel not less than five and one half inches in length.~~pistol. In addition, a hunter or trapper lawfully taking a wild animal or wild bird by another lawful method may use a knife, pistol, or other swift method of killing the animal or bird taken. The Wildlife Resources Commission may, however, restrict or prohibit the carrying of firearms during special seasons or in special areas reserved for the taking of wildlife with primitive weapons or other restricted methods.

...."

SECTION 5. G.S. 113-291.8(a) reads as rewritten:

"(a) Any person hunting game animals other than foxes, bobcats, raccoons, and opossum, or hunting upland game birds other than wild turkeys, or hunting feral swine, with the use of firearms, must wear a cap or hat on his head made of hunter orange material or an outer garment of hunter orange visible from all sides. Any person hunting deer during a deer firearms season shall wear hunter orange. Hunter orange material is a material that is a daylight fluorescent orange color.

This section does not apply to a landholder, his spouse, or children, who are hunting on land held by the landholder. This subsection shall be enforced by warning ticket only until October 1, 1992, with respect to those hunting rabbit, squirrel, grouse, pheasant, and quail."

SECTION 6.(a) Article 22 of Chapter 113 of the General Statutes is amended by adding a new section to read:

"**§ 113-291.12. Unlawful to remove live feral swine from traps.**

It is unlawful to remove feral swine from a trap while the swine is still alive or to transport the live swine after that removal."

SECTION 6.(b) G.S. 113-294 is amended by adding a new subsection to read:

"(s) Any person who violates the provisions of G.S. 113-291.12 by unlawfully removing feral swine from a trap while the swine is still alive or by transporting such swine after that removal is guilty of a Class 2 misdemeanor. The acts of removal from a trap and of transporting the swine after removal shall constitute separate offenses."

SECTION 7. G.S. 106-798A and G.S. 106-798B, as enacted by Section 1 of this act, become effective October 1, 2012. The remainder of this act becomes effective October 1, 2011. This act applies to acts that occur on or after the effective date.

HOUSE BILL 432:
Swine in Transport/Regulate Feral Swine

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. LaRoque, Bell, Dixon, West	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Third Edition		

SUMMARY: ***House Bill 432 would place restrictions on the transportation of swine, create a statutory definition of feral swine, provide for the taking of feral swine as a nongame animal, and prohibit the removal of live feral swine from traps, as recommended by the Feral Swine Study Committee.***

CURRENT LAW: Pursuant to G.S. 113-129(1b), **wild boar**, along with bears, turkeys, and white-tailed deer, is a big game animal. Wild Boar is defined as a "free ranging mammals of the species Sus scrofa that occur in counties identified in the rules of the Wildlife Resources Commission." There is no definition of **feral swine** in the statutes.

BILL ANALYSIS: **Section 1** would add a new article entitled "Transportation of Swine" to Chapter 106 of the General Statutes. An approved form of identification would be required in order to transport swine off the premises of their owner and on a public road within the State; otherwise, the swine are presumed feral and subject to regulation by the Wildlife Resources Commission (WRC). The Board of Agriculture would be given the authority to adopt rules regarding the required identification and the fee for the required identification. The fee adopted may not exceed the cost of the identification. Failure to obtain the required identification could result in a civil penalty of up to $5,000 per swine. Further, anyone who knowingly provides swine identification to someone other than the owner or engages in any other prohibited activity could be subject to a $1,000 fine per occurrence.

Section 2 would add "Feral Swine" and its scientific name to the definitions section of G.S. 113-129, and would delete "Wild Boar" and its definition.

Section 3 would eliminate the requirement to have a wild boar hunting license.

Section 4 would amend G.S. 113-291.1 to provide that the WRC may adopt rules prescribing seasons and the manner of taking wild animals and wild birds with the use of artificial light and electronic calls. It also would delete wild boar from the prohibition against taking specified animals with certain kinds of bait. Finally, it would eliminate the .22 caliber limitation for the pistol a hunter can use during the open season for particular species.

Section 5 would provide that a person hunting feral swine with the use of firearms must wear a hunter orange cap, hat, or garment.

Sections 6.(a) and 6.(b) would create a new provisions making it a separate Class 2 misdemeanor either to remove live feral swine from traps or to transport the live swine after removal.

EFFECTIVE DATE: G.S. 106-798A and G.S. 106-798B, as enacted by Section 1, would become effective October 1, 2012. The remainder of the act would become effective October 1, 2011. The act would apply to acts or offenses that occur on or after the effective date.

BACKGROUND: Section 3(a) of S.L. 2009-89 directed "[t]he Department of Agriculture and Consumer Services, in consultation with the Wildlife Resources Commission, the United States Department of Agriculture's Animal and Plant Health Inspection Service, and a cross section of interested agricultural organizations, [to] study issues related to the importation of feral swine in North

Carolina, including associated risks and potential economic impact of that importation. In the course of its study, the Department may consider population estimates, disease risks, and efforts that could be undertaken to mitigate any risks posed by feral swine to the ecosystem or the agricultural industry of the state, including examination of enforcement issues and existing penalties for the illegal transportation of feral swine into and around the State. In conducting its study, the Department shall solicit input from the following, as well as any other persons or groups with expertise on the subject:

(1) Swine veterinarians working in the pork industry;

(2) Confinement operation-type swine farmers;

(3) Pasture-raised operation-type swine farmers; and

(4) Sportsmen."

**This fiscal analysis is independent of the impact of other criminal penalty bills being considered by the General Assembly, which could also increase the projected prison population and thus the availability of prison beds in future years. BILL SUMMARY:

House Bill 432, Swine in Transport/ Regulate Feral Swine, changes existing and adds new General Statues relevant to the Department of Agriculture and Consumer Services (DACS) and the Wildlife Resources Commission (WRC). First, HB 432 creates Article 66A (beginning with G.S. 106-798), Transportation of Swine, which requires an official form of identification approved by the State Veterinarian for all swine transported on public roads. Swine transported without identification is presumed to be feral swine and is subject to regulation by WRC pursuant to G.S. Chapter 113. Swine that do not leave the premises of the swine owner are exempt from the identification requirement. The Board of Agriculture is directed to adopt rules to charge a fee, not to exceed DACS' cost of providing the program, to swine owners for the identification required under this Article. Anyone transporting swine without proper identification is subject to a civil penalty of up to $5,000 for each violation; each swine without identification is considered a separate violation. Anyone who misuses the identification required by HB 432 is subject to a civil penalty of $1,000 for each occurrence. The civil penalty provisions are effective October 1, 2012.

HB 432 also makes changes to the G.S. related to WRC. These changes:

(1) Remove wild boar from the definition for Big Game, removing the definition for wild boar, and adding a definition for feral swine. Feral swine are any free-ranging mammals of the species Sus scrofa (G.S. 113-129);
(2) Delete the provision in G.S. 113-291.1 that permitted the taking of crows and coyotes with the aid of electronic calling device and, instead, provides that WRC may adopt rules prescribing seasons and the manner of taking wild animals and wild birds with the use of artificial light and electronic calls;
(3) Substitute the term "pistol" for the existing language that defines type of pistol that may be used for hunting certain species during open season (a .22 caliber with a barrel not less than five and one-half inches in length);
(4) Add feral swine hunters to those who must wear a cap or outer garment made of hunter orange material (G.S. 113-291.8(a)); and
(5) Makes it unlawful to either remove feral swine from a trap while the swine is still alive or to transport the live swine after it is removed (G.S. 113-291.12). Committing either of these acts constitutes a Class 2 misdemeanor.

ASSUMPTIONS AND METHODOLOGY:

Department of Agriculture & Consumer Services (DACS)

HB 432 adds two new requirements for DACS, including (1) providing an official form of identification approved by the State Veterinarian for all swine transported on public roads and (2) adopting rules to charge a fee, not to exceed DACS' cost of providing the program, to swine owners for the identification. Anyone transporting swine without proper identification is subject to a civil penalty of up to $5,000 for each violation; each swine without identification is considered a separate violation. Anyone who misuses the identification required by HB 432 is subject to a civil penalty of $1,000 for each occurrence. The increase in civil penalties will come into effect in October 1, 2012

Expected Revenue

HB 432 creates two new possible sources of revenue: (1) new civil penalties and (2) a new fee on swine owners for official identification.

Civil Penalties
In FY 2011-12, the State, through DACS, will receive no new revenue from the civil penalties outlined in HB 432; these civil penalties are not in place until October 1, 2011. However, in future years, due to the new civil penalties, it is possible that the Fine and Forfeiture Fund will receive additional funds. DACS is allowed to retain a portion of these funds to cover administration. Neither the Department nor the Fiscal Research Division has an accurate estimate of the number of violations that will be expected in any given year; thus, an estimate of revenue from civil penalties is not available. The Department has indicated that rather than strict enforcement from the outset, both DACS and WRC plan to provided educational information and warnings as HB 432 is phased-in to ensure that producers understand the requirements of HB 432.

Fees for Identification Tags/ Program
HB 432 allows DACS to adopt fees to cover the cost of the identification program. Currently, the United States Department of Agriculture (USDA) provides the identification tags that would be used in this program free of charge to states, and funds for program operations such as mileage, travel expenses, and compliance inspections will be funded through a federal cooperative agreement, resulting in little cost to the DACS. The Board of Agriculture would establish a fee to offset any incidental expenses incurred by the Department and increase the fee if the USDA funding declines or program costs exceed currently expected levels. At this point, DACS does not expect any substantial cost to the State, meaning any fee would be minimal. In addition, DACS does not have an estimate of the number of producers who would be subject to the fee. Therefore, neither DACS nor the Fiscal Research Division can estimate the potential revenue from a fee. All future revenue from the fee would be used to offset program costs and not provide additional availability to the General Fund.

Expected Expenditures
Identification Tags and Tag Tracking
The Fiscal Research Division expects that HB 432 will increase DACS' expenditures; the Department will have to develop, distribute, and track identification tags. At present, DACS does not have an estimate of the cost of providing tags and no estimate of the cost of this program is available. The USDA provides the identification tags and many of the incidental costs associated with HB 432 can be covered with federal funds through existing cooperative agreements. In addition, the Department is building a system that will track tags as part of the NCFarmID and national animal disease traceability system. While the final distribution system for identification tag has not been finalized, DACS anticipates existing field staff to be heavily involved in the logistics and implementation of providing tags to producers. These responsibilities will be added to existing field staff duties. The Department's NCFarmID website will provide access for producers to not only get information but request needed tags. At this time, due to the availability of federal funds, the State will not have to bear the costs associated with HB 432.

Enforcement
Enforcement of the HB 432 identification tag requirements will be through existing law enforcement personnel and protocols (i.e., routine enforcement of state rules and regulations). Law enforcement officials will be provided basic educational information regarding the new statute and their role in its enforcement, which would involve reporting of un-tagged swine when enforcing normal transportation and other livestock/wildlife-related laws. If a transporter is stopped and does not have the necessary animal identification, law enforcement will contact DACS Veterinary Division personnel, who will

begin compliance actions. Such actions fall within the existing responsibilities of field staff and existing protocols of civil actions within the Veterinary Division. Veterinary field staff currently have the authority and responsibility of enforcing identification compliance in a variety of setting and species and office staff currently assumes the duties of initiating communications, collections, and follow-up in working with the Attorney General's office in civil actions that result from the enforcement of existing regulations under DACS' authority; HB 432 would not require additional personnel or training of office staff for the Department.

Wildlife Resources Commission (WRC)

HB 432 makes changes to existing General Statutes enforced by the Wildlife Management Section of WRC. These changes are described in the Bill Summary at the beginning of this Fiscal Note. According to the Wildlife Management Section Chief, the bill will bring no additional revenue to WRC nor should it increase the total cost in the operation of the agency. The enforcement of the bill will be performed with existing resources and will not require any additional resources.

Justice and Public Safety Issues

The Sentencing and Policy Advisory Commission prepares prison population projections for each bill containing a criminal penalty. The Commission assumes for such bills that expanding existing, or creating new criminal offenses produces no deterrent or incapacitative effect on crime. Therefore, the Fiscal Research Division does not assume deterrent effects for any criminal penalty bill.

Department of Correction – Division of Prisons

The proposed legislation enacts G.S. 113-291.12, Unlawful to remove live feral swine from traps, making it unlawful to remove a live feral swine[1] from a trap or transport the live swine after removal. Section 6 also adds subsection (s) to G.S. 113-294, Specific Violations, to make violation of G.S. 113-291.12 a Class 2 misdemeanor.

Because the proposed section creates a new offense, the Sentencing Commission does not have any historical data from which to estimate the impact of this section on the prison population. It is not known how many offenders might be convicted and sentenced under the proposed section.

In FY 2009-10, 25 percent of Class 2 misdemeanor convictions resulted in active sentences. The average sentence imposed for Class 2 convictions was 21 days. Offenders who receive an active sentence of 90 days or less are housed in county jails. Therefore, convictions for this proposed offense would not be expected to have a significant impact on the prison population. The impact on local jail populations is not known.

Department of Correction – Division of Community Corrections

[1]The bill, *inter alia*, amends G.S. 113-129, Definitions relating to resources, for purposes of G.S. Chapter 113, Article 22 (Regulation of Wildlife), by (1) removing "wild boar" from the categories of "big game" and "game animals" in G.S. 113-129(1b) and (7c); (2) deleting the term "wild boar" in G.S. 113-129(15b) and substituting the term "feral swine" in new G.S. 113-129(5c) ; and (3) adding "feral swine" to the category of "wild animals" in G.S. 113-129(15). The terms "wild boar" and "feral swine" both denote "free-ranging mammals of the species Sus scrofa" under the current and proposed versions of G.S. 113-129.

For felony offense classes E through I and all misdemeanor classes, offenders may be given non-active (intermediate or community) sentences exclusively, or in conjunction with imprisonment (split-sentence). Intermediate sanctions include intensive supervision probation, special probation, house arrest with electronic monitoring, day reporting center, residential treatment facility, and drug treatment court. Community sanctions include supervised probation, unsupervised probation, community service, fines, and restitution. Offenders given intermediate or community sanctions requiring supervision are supervised by the Division of Community Corrections (DCC); DCC also oversees community service.[2]

General supervision of intermediate and community offenders by a probation officer costs DCC $2.49 per offender, per day; no cost is assumed for those receiving unsupervised probation, or who are ordered only to pay fines, fees, or restitution. The daily cost per offender on intermediate sanction ranges from $8.93 to $14.96, depending upon sanction type. Thus, assuming intensive supervision probation – the most frequently used intermediate sanction – the estimated daily cost per intermediate offender is $14.96 for the initial six-month intensive duration, and $2.49 for general supervision each day thereafter. Total costs to DCC are based on average supervision length and the percentage of offenders (per offense class) sentenced to intermediate sanctions and supervised probations.

Because there is no data available upon which to base an estimate of the number of convictions that will be sentenced to intermediate or community punishment, potential costs to DCC cannot be determined.

Judicial Branch

The Administrative Office of the Courts provides Fiscal Research with a fiscal impact analysis for most criminal penalty bills. For such bills, fiscal impact is typically based on the assumption that court time will increase due to anticipated increases in trials and corresponding increases in workload for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

The proposed legislation would create a new Class 2 misdemeanor criminal offense for removing feral swine from a trap while the swine is still alive or to transport the live swine after the removal. The bill allows for a defendant to be charged with two offenses, if one were to both remove the feral swine from the trap while the swine was still alive, and to transport the live swine after the removal. Because this is a new offense, AOC cannot project the number of charges that would result. New misdemeanor charges would impact district court judges, deputy clerks, assistant district attorneys, and other judge and district attorney support staff; superior court personnel could be impacted due to appeals.

On average, the monetary value of court personnel time to process a misdemeanor is estimated at $131. In addition, a 2005 Office of Indigent Defense study of fee applications found that the average indigent defense cost for a misdemeanor case was $225 (three hours at $75 per hour) per indigent defendant.

Overall, in FY 2009-10, a typical felony case took approximately 216 days to dispose in Superior Court. A typical misdemeanor case took approximately 91 days to dispose in District Court. Any increase in judicial caseload without accompanying resources could be expected to further delay the disposition of cases.

[2] DCC incurs costs of $0.69 per day for each offender sentenced to the Community Service Work Program; however, the total cost for this program cannot be determined.

**This fiscal analysis is independent of the impact of other criminal penalty bills being considered by the General Assembly, which could also increase the projected prison population and thus the availability of prison beds in future years. The Fiscal Research Division is tracking the cumulative effect of all criminal penalty bills on the prison system as well as the Judicial Department.*

BILL SUMMARY:

House Bill 432, Swine in Transport/ Regulate Feral Swine, changes existing and adds new General Statues relevant to the Department of Agriculture and Consumer Services (DACS) and the Wildlife Resources Commission (WRC). First, HB 432 creates Article 66A (beginning with G.S. 106-798), Transportation of Swine, which requires an official form of identification approved by the State Veterinarian for all swine transported on public roads. Swine transported without identification is presumed to be feral swine and is subject to regulation by WRC pursuant to G.S. Chapter 113. Swine that do not leave the premises of the swine owner are exempt from the identification requirement. The Board of Agriculture is directed to adopt rules to charge a fee, not to exceed DACS' cost of providing the program, to swine owners for the identification required under this Article. Anyone transporting swine without proper identification is subject to a civil penalty of up to $5,000 for each violation; each swine without identification is considered a separate violation. Anyone who misuses the identification required by HB 432 is subject to a civil penalty of $1,000 for each occurrence. The civil penalty provisions are effective October 1, 2012.

HB 432 also makes changes to the G.S. related to WRC. These changes:

(1) Remove wild boar from the definition for Big Game, removing the definition for wild boar, and adding a definition for feral swine. Feral swine are any free-ranging mammals of the species Sus scrofa (G.S. 113-129);
(2) Delete the provision in G.S. 113-291.1 that permitted the taking of crows and coyotes with the aid of electronic calling device and, instead, provides that WRC may adopt rules prescribing seasons and the manner of taking wild animals and wild birds with the use of artificial light and electronic calls;
(3) Substitute the term "pistol" for the existing language that defines type of pistol that may be used for hunting certain species during open season (a .22 caliber with a barrel not less than five and one-half inches in length);
(4) Add feral swine hunters to those who must wear a cap or outer garment made of hunter orange material (G.S. 113-291.8(a)); and
(5) Makes it unlawful to either remove feral swine from a trap while the swine is still alive or to transport the live swine after it is removed (G.S. 113-291.12). Committing either of these acts constitutes a Class 2 misdemeanor.

ASSUMPTIONS AND METHODOLOGY:

Department of Agriculture & Consumer Services (DACS)

HB 432 adds two new requirements for DACS, including (1) providing an official form of identification approved by the State Veterinarian for all swine transported on public roads and (2) adopting rules to charge a fee, not to exceed DACS' cost of providing the program, to swine owners for the identification. Anyone transporting swine without proper identification is subject to a civil penalty of up to $5,000 for each violation; each swine without identification is considered a separate violation. Anyone who misuses the identification required by HB 432 is subject to a civil penalty of $1,000 for each occurrence. The increase in civil penalties will come into effect in October 1, 2012

Expected Revenue

HB 432 creates two new possible sources of revenue: (1) new civil penalties and (2) a new fee on swine owners for official identification.

Civil Penalties
In FY 2011-12, the State, through DACS, will receive no new revenue from the civil penalties outlined in HB 432; these civil penalties are not in place until October 1, 2011. However, in future years, due to the new civil penalties, it is possible that the Fine and Forfeiture Fund will receive additional funds. DACS is allowed to retain a portion of these funds to cover administration. Neither the Department nor the Fiscal Research Division has an accurate estimate of the number of violations that will be expected in any given year; thus, an estimate of revenue from civil penalties is not available. The Department has indicated that rather than strict enforcement from the outset, both DACS and WRC plan to provided educational information and warnings as HB 432 is phased-in to ensure that producers understand the requirements of HB 432.

Fees for Identification Tags/ Program
HB 432 allows DACS to adopt fees to cover the cost of the identification program. Currently, the United States Department of Agriculture (USDA) provides the identification tags that would be used in this program free of charge to states, and funds for program operations such as mileage, travel expenses, and compliance inspections will be funded through a federal cooperative agreement, resulting in little cost to the DACS. The Board of Agriculture would establish a fee to offset any incidental expenses incurred by the Department and increase the fee if the USDA funding declines or program costs exceed currently expected levels. At this point, DACS does not expect any substantial cost to the State, meaning any fee would be minimal. In addition, DACS does not have an estimate of the number of producers who would be subject to the fee. Therefore, neither DACS nor the Fiscal Research Division can estimate the potential revenue from a fee. All future revenue from the fee would be used to offset program costs and not provide additional availability to the General Fund.

Expected Expenditures
Identification Tags and Tag Tracking
The Fiscal Research Division expects that HB 432 will increase DACS' expenditures; the Department will have to develop, distribute, and track identification tags. At present, DACS does not have an estimate of the cost of providing tags and no estimate of the cost of this program is available. The USDA provides the identification tags and many of the incidental costs associated with HB 432 can be covered with federal funds through existing cooperative agreements. In addition, the Department is building a system that will track tags as part of the NCFarmID and national animal disease traceability system. While the final distribution system for identification tag has not been finalized, DACS anticipates existing field staff to be heavily involved in the logistics and implementation of providing tags to producers. These responsibilities will be added to existing field staff duties. The Department's NCFarmID website will provide access for producers to not only get information but request needed tags. At this time, due to the availability of federal funds, the State will not have to bear the costs associated with HB 432.

Enforcement
Enforcement of the HB 432 identification tag requirements will be through existing law enforcement personnel and protocols (i.e., routine enforcement of state rules and regulations). Law enforcement officials will be provided basic educational information regarding the new statute and their role in its enforcement, which would involve reporting of un-tagged swine when enforcing normal transportation and other livestock/wildlife-related laws. If a transporter is stopped and does not have the necessary animal identification, law enforcement will contact DACS Veterinary Division personnel, who will

begin compliance actions. Such actions fall within the existing responsibilities of field staff and existing protocols of civil actions within the Veterinary Division. Veterinary field staff currently have the authority and responsibility of enforcing identification compliance in a variety of setting and species and office staff currently assumes the duties of initiating communications, collections, and follow-up in working with the Attorney General's office in civil actions that result from the enforcement of existing regulations under DACS' authority; HB 432 would not require additional personnel or training of office staff for the Department.

Wildlife Resources Commission (WRC)

HB 432 makes changes to existing General Statutes enforced by the Wildlife Management Section of WRC. These changes are described in the Bill Summary at the beginning of this Fiscal Note. According to the Wildlife Management Section Chief, the bill will bring no additional revenue to WRC nor should it increase the total cost in the operation of the agency. The enforcement of the bill will be performed with existing resources and will not require any additional resources.

Justice and Public Safety Issues

The Sentencing and Policy Advisory Commission prepares prison population projections for each bill containing a criminal penalty. The Commission assumes for such bills that expanding existing, or creating new criminal offenses produces no deterrent or incapacitative effect on crime. Therefore, the Fiscal Research Division does not assume deterrent effects for any criminal penalty bill.

Department of Correction – Division of Prisons

The proposed legislation enacts G.S. 113-291.12, Unlawful to remove live feral swine from traps, making it unlawful to remove a live feral swine[1] from a trap or transport the live swine after removal. Section 6 also adds subsection (s) to G.S. 113-294, Specific Violations, to make violation of G.S. 113-291.12 a Class 2 misdemeanor.

Because the proposed section creates a new offense, the Sentencing Commission does not have any historical data from which to estimate the impact of this section on the prison population. It is not known how many offenders might be convicted and sentenced under the proposed section.

In FY 2009-10, 25 percent of Class 2 misdemeanor convictions resulted in active sentences. The average sentence imposed for Class 2 convictions was 21 days. Offenders who receive an active sentence of 90 days or less are housed in county jails. Therefore, convictions for this proposed offense would not be expected to have a significant impact on the prison population. The impact on local jail populations is not known.

Department of Correction – Division of Community Corrections

[1]The bill, *inter alia*, amends G.S. 113-129, Definitions relating to resources, for purposes of G.S. Chapter 113, Article 22 (Regulation of Wildlife), by (1) removing "wild boar" from the categories of "big game" and "game animals" in G.S. 113-129(1b) and (7c); (2) deleting the term "wild boar" in G.S. 113-129(15b) and substituting the term "feral swine" in new G.S. 113-129(5c) ; and (3) adding "feral swine" to the category of "wild animals" in G.S. 113-129(15). The terms "wild boar" and "feral swine" both denote "free-ranging mammals of the species Sus scrofa" under the current and proposed versions of G.S. 113-129.

For felony offense classes E through I and all misdemeanor classes, offenders may be given non-active (intermediate or community) sentences exclusively, or in conjunction with imprisonment (split-sentence). Intermediate sanctions include intensive supervision probation, special probation, house arrest with electronic monitoring, day reporting center, residential treatment facility, and drug treatment court. Community sanctions include supervised probation, unsupervised probation, community service, fines, and restitution. Offenders given intermediate or community sanctions requiring supervision are supervised by the Division of Community Corrections (DCC); DCC also oversees community service.[2]

General supervision of intermediate and community offenders by a probation officer costs DCC $2.49 per offender, per day; no cost is assumed for those receiving unsupervised probation, or who are ordered only to pay fines, fees, or restitution. The daily cost per offender on intermediate sanction ranges from $8.93 to $14.96, depending upon sanction type. Thus, assuming intensive supervision probation – the most frequently used intermediate sanction – the estimated daily cost per intermediate offender is $14.96 for the initial six-month intensive duration, and $2.49 for general supervision each day thereafter. Total costs to DCC are based on average supervision length and the percentage of offenders (per offense class) sentenced to intermediate sanctions and supervised probations.

Because there is no data available upon which to base an estimate of the number of convictions that will be sentenced to intermediate or community punishment, potential costs to DCC cannot be determined.

Judicial Branch

The Administrative Office of the Courts provides Fiscal Research with a fiscal impact analysis for most criminal penalty bills. For such bills, fiscal impact is typically based on the assumption that court time will increase due to anticipated increases in trials and corresponding increases in workload for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

The proposed legislation would create a new Class 2 misdemeanor criminal offense for removing feral swine from a trap while the swine is still alive or to transport the live swine after the removal. The bill allows for a defendant to be charged with two offenses, if one were to both remove the feral swine from the trap while the swine was still alive, and to transport the live swine after the removal. Because this is a new offense, AOC cannot project the number of charges that would result. New misdemeanor charges would impact district court judges, deputy clerks, assistant district attorneys, and other judge and district attorney support staff; superior court personnel could be impacted due to appeals.

On average, the monetary value of court personnel time to process a misdemeanor is estimated at $131. In addition, a 2005 Office of Indigent Defense study of fee applications found that the average indigent defense cost for a misdemeanor case was $225 (three hours at $75 per hour) per indigent defendant.

Overall, in FY 2009-10, a typical felony case took approximately 216 days to dispose in Superior Court. A typical misdemeanor case took approximately 91 days to dispose in District Court. Any increase in judicial caseload without accompanying resources could be expected to further delay the disposition of cases.

[2] DCC incurs costs of $0.69 per day for each offender sentenced to the Community Service Work Program; however, the total cost for this program cannot be determined.

A BILL TO BE ENTITLED

AN ACT TO EXTEND THE PERIOD FOR LOCAL GOVERNMENTS TO REFUND SPECIFIED UNUSED ASSESSMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. Section 7 of S.L. 2010-129 reads as rewritten:

"**SECTION 7.** A local government that imposed an assessment prior to ~~2007~~ 2012 to finance a capital project that has been assumed by another unit of local government may return unused assessments to the person that paid the assessment."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 167:
Extend Assessment Refund Period

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Iler, Hill	**Prepared by:**	Greg Roney
Analysis of:	Third Edition		Committee Counsel

SUMMARY: House Bill 167 authorizes local governments to refund assessments imposed before 2012 where the assessment financed a capital project that was assumed by another local government.

CURRENT LAW: Counties are authorized to impose assessments for certain capital improvements under Article 9 of Chapter 153A. Cities are authorized to impose assessments for certain capital improvements under Article 10 of Chapter 160A. These statutes do not provide a mechanism for refunds of unused assessments because assessments are imposed to reimburse local governments for the cost of completed projects.

S.L. 2010-129 authorized local governments to refund assessments imposed before 2007 where the assessment financed a capital project that was assumed by another local government.

BILL ANALYSIS: House Bill 167 would extend by five years the authority granted to local governments under S.L. 2010-129 to refund unused assessments. The bill does not change the other requirements of S.L. 2010-129 that the assessment finance a capital project and that the capital project be assumed by another local government.

BACKGROUND: House Bill 167 would allow Boiling Spring Lakes to refund unused assessments made to finance a capital project that was assumed by the county. Boiling Spring Lakes obtained a federal loan to pay for a water project, transferred its water project to the county, and now seeks to refund the unused assessments. On April 5, 2011, the Board of Commissioners of the City of Boiling Spring Lakes approved a resolution that the refunds would be issued by June 30, 2012.

EFFECTIVE DATE: Effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE PROHIBITION ON CONTRACTING FOR THE MAINTENANCE OF PRISON FACILITIES AND TO DIRECT THE DEPARTMENT OF CORRECTION TO STUDY CONTRACTING FOR MAINTENANCE SERVICES AT PRISON FACILITIES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 19.10 of S.L. 2010-31 is repealed.

SECTION 2. The Department of Correction may proceed with its current request for proposals for prison maintenance for Tabor City Correctional Institution, Bertie Correctional Institution, and Maury Correctional Institution.

SECTION 3. The Department of Correction shall study the potential benefits and costs of contracting for maintenance services at prison facilities and report its findings to the 2013 Session of the General Assembly. The Department shall not expand private maintenance contracts to additional prison facilities unless authorized by the 2013 Session of the General Assembly.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 335:
Maintenance of Prisons

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Guice, Horn, Burr, Daughtry	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: House Bill 335 repeals a 2010 prohibition on contracting for the maintenance of prison facilities, and directs the Department of Correction to study the potential benefits and costs of contracting for maintenance services at prison facilities.

CURRENT LAW: Section 19.10 of S.L. 2010-31, the Appropriations Act of 2010, provided that the Department of Correction is prohibited, on or after the effective date of the section (July 1, 2010) to (1) enter into any contract for maintenance services at prison facilities, or (2) expand any existing contract for maintenance services at prison facilities to additional prison facilities. This section did not apply to the renewal of contracts existing at the time the section becomes effective.

BILL ANALYSIS: House Bill 335 does three things:

- It repeals Section 19.10 of S.L. 2010-31, which prohibited contracting for prison maintenance services.
- It allows the Department of Correction to proceed with its current request for proposals for prison maintenance for Tabor City Correctional Institution, Bertie Correctional Institutional, and Maury Correctional Institution. The Department may not expand private maintenance contracts to additional prison facilities unless so authorized by the General Assembly.[1]
- It directs the Department of Correction to study the potential benefits and costs of contracting for maintenance services at prison facilities. The Department must report its findings to the 2013 Session of the General Assembly.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Senators Clodfelter, Brown, and Jenkins introduced Senate Bill 363. Senate Bill 363 would repeal the section of the 2010 budget that prohibited contracting for prison maintenance services. Senate Bill 363 did not impose any limitations, as contained in section 2 of House Bill 335; and it did not require a study, as contained in section 3 of House Bill 335.

H335-SMRB-77(e2) v1

[1] The first edition of the bill would have expanded the scope of the current request for proposals to the Division of Prisons' Eastern and South Central operational regions.

SUMMARY: ***House Bill 414 recodifies the previously authorized Rutherford County occupancy tax to make it more uniform with current occupancy tax guidelines. By doing so, Rutherford County would be able to use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it cannot do under current law.***

The bill would also allow the county, upon request of the TDA, to manage the TDA's receipts and disbursements and provide services related to the operation of the TDA, such as finance, human resources, legal and information technology. The county could charge service fees for the indirect costs related to these services.

CURRENT LAW: In 1991, the General Assembly authorized Rutherford County to levy an occupancy tax of up to 6%. The county must remit the net proceeds to the Rutherford Tourism Development Authority, and the net proceeds must be used only to promote travel, tourism, retirement, and conventions in the county.

BILL ANALYSIS: House Bill 414 would recodify the existing law authorizing a room occupancy tax in Rutherford County to more closely conform to the uniform guidelines currently used for occupancy taxes. The tax rate would remain the same. By conforming to the guidelines, Rutherford County would be able to use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it cannot do under current law. The bill also makes the Rutherford County occupancy tax subject to the uniform provisions for room occupancy taxes in G.S. 153A-155.

The bill would also allow Rutherford County, at the request of the TDA, to establish a separate fund to account for the management of all receipts and disbursements of the TDA rather than remitting the proceeds to the TDA. In addition to management of the separate fund, the county may provide finance, human resources, legal, information technology and other services. The county would be authorized to assess service fees for the indirect costs related to these services.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax,[1] which provide uniformity among counties and cities with respect to the levy, administration, collection, repeal, and imposition of penalties.

In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below. Many of the principles contained in the Guidelines are similar to those contained in policy statements adopted by the North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association. The House Finance Committee Chairs have traditionally appointed a

[1] G.S. 153A-155 and G.S. 160A-215.

Subcommittee on Occupancy Taxes to scrutinize occupancy tax legislation to determine whether the legislation adheres to the Guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

A BILL TO BE ENTITLED

AN ACT PROVIDING FOR THE MAINTENANCE OF CEMETERIES IN GRAHAM COUNTY FROM AD VALOREM TAXES UNDER GENERAL LAW.

The General Assembly of North Carolina enacts:

SECTION 1. Section 9 of Chapter 797 of the 1957 Session Laws is repealed so that the general law applies.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 532:
Graham County/Cemetery Tax By General Law

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Rep. West	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 532 repeals a section of a 1957 Session Law authorizing Graham County to call for a special election for the purpose of submitting to the voters the question of levying a special ad valorem tax for the maintenance of cemeteries in Graham County. Upon repeal, the general law would apply.

CURRENT LAW: Chapter 797 of the 1957 Session Laws created the Graham County Cemetery Commission giving it full charge of all public cemeteries within the county, including supervision and maintenance. Section 9 of that act authorized the Graham County Board of Elections, upon request from the Cemetery Commission, to call a special election for the purpose of submitting the question of a levy of an ad valorem tax for the maintenance of the county cemeteries. The rate provided was $0.06 on the $100 of real and personal property. If a majority of voters approve a tax for cemetery maintenance, the tax is to be levied yearly and turned over the Cemetery Commission.

G.S. 153A-149(c) allows counties to levy property taxes, subject to a rate limitation, for specific purposes including the provision of cemeteries. For the purposes listed in G.S. 153A-149(c), the county may levy property taxes up to a combined rate of $1.50 on the $100.00 appraised value of property subject to taxation.

BILL ANALYSIS: House Bill 532 would repeal Section 9 of Chapter 797 of the 1957 Session Laws so that the general law would apply.

EFFECTIVE DATE: House Bill 532 would become effective when it becomes law.

BACKGROUND: After the passage of the 1957 local act, the Graham County Board of Commissioners held a referendum in which the ad valorem tax was approved. At some point in time, however, the county stopped collecting the special ad valorem tax specifically for cemetery maintenance and starting funding it as a county department through the appropriations process and based on its needs for the fiscal year. According to the county, the 6¢ on the $100 rate is far more than is necessary for cemetery maintenance. The Cemetery Commission continues to function and currently has 9 members. The Board has indicated that, if this bill passes, the Commission will continue to exist and act in an advisory capacity to assist the Board with regard to cemetery maintenance.

HOUSE BILL 545:
Amend Moore County Occupancy Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Rep. Boles	**Prepared by:**	Judy Collier
Analysis of:	Second Edition		Research Assistant

SUMMARY: House Bill 545 recodifies the previously authorized Moore County Occupancy Tax to make it consistent with the current House Finance Occupancy Tax Guidelines. This change would allow the county to use up to one-third of the net proceeds for tourism-related expenditures. House Bill 545 received a Favorable Recommendation from the House Finance Subcommittee on Occupancy Tax on April 19, 2011.

CURRENT LAW: In 1987, the General Assembly authorized Moore County to levy a room occupancy tax of 3% of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by any hotel, motel, inn, tourist camp or other similar place within the county that is subject to the sales tax imposed under G.S. 105-164. The net proceeds must be remitted to the county Tourism Development Authority and must be used to further the development of travel and tourism through advertising and promotion.

The Moore County Tourism Development Authority is made up of 9 members:

- A county commissioner.
- 5 hotel operators, 2 of which operate the largest hotels by rental unit count.
- The Executive Vice President of the Sandhills Area Chamber of Commerce.
- 2 individuals interested in the tourist business but who do not operate a hotel.

BILL ANALYSIS: House Bill 545 recodifies the existing law authorizing a room occupancy tax in Moore County to conform the content to the uniform format currently used for occupancy taxes. Consistent with uniform occupancy tax provisions, the bill contains definitions for the following terms: "net proceeds," promote travel and tourism" and tourism-related expenditures". The bill also makes the Moore County occupancy tax subject to the uniform provisions for room occupancy taxes in G.S. 153A-155.

By conforming to the House Finance occupancy tax guidelines, Moore County would be able to use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it cannot do under current law.

EFFECTIVE DATE: House Bill 545 would become effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In several instances, the General Assembly has authorized both a county and a city within that county to impose an occupancy tax. The rate of tax, the use of the tax proceeds, the administration of the tax, and the body with the authority to determine how the tax proceeds will be spent vary considerably. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties.

A BILL TO BE ENTITLED

AN ACT TO REPEAL THE PAYROLL SAVINGS PROGRAM FOR SAVINGS BONDS DUE TO RECENT CHANGES MADE BY THE UNITED STATES TREASURY DEPARTMENT.

The General Assembly of North Carolina enacts:

SECTION 1. Article 32 of Chapter 143 of the General Statutes is repealed.

SECTION 2. G.S. 115C-343 is repealed.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 313:
Repeal Savings Bond Payroll Savings Program.- AB

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Hastings, T. Moore	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 313 would repeal the statutory provisions that authorize the payroll deduction plan for the purchase of United States Savings Bonds by State employees and school employees.

CURRENT LAW: Article 32 of Chapter 143 authorizes the Payroll Savings Plan for State Employees and contains the following sections:

- § 143-301 pertains to the authority of the Governor to establish a voluntary payroll deduction plan for the purchase of United States savings bonds by State employees.
- § 143-302 describes how funds may be allotted to defray expenses.
- § 143-303 authorizes employees of the State to enter into written agreements to authorize deductions from their salary to be invested in US savings bonds.
- § 143-304 authorizes State departments, institutions, or agencies to deduct the sum specified by the employee from the weekly or monthly salary, to show the deduction, and to hold the sums until sufficient amounts have accumulated to purchase a bond.
- § 143-305 pertains to the cancellation of agreements.

G.S. 115C-343 permits the State Board of Education to authorize any local school administrative unit to establish a voluntary payroll deduction plan for the purchase of United States Savings Bonds by employees.

BILL ANALYSIS: House Bill 313 would repeal Article 32 of Chapter 143 and G.S. 115C-343.

EFFECTIVE DATE: House Bill 313 would become effective when it becomes law.

BACKGROUND: This bill was requested by the Office of the State Controller.

The information below is from the TreasuryDirect website[1] and pertains to the phasing out of paper savings bonds through employer-sponsored payroll savings plans as of January 1, 2011.

> "The U.S. Department of Treasury phased out the issuance of paper savings bonds through traditional employer-sponsored payroll savings plans. As of September 30, 2010, federal employees are no longer able to purchase paper savings bonds through payroll deduction. The end date for all other (non-federal) employees is January 1, 2011. With TreasuryDirect, Treasury can continue to offer employees the convenience of payroll savings while reducing the cost of the savings bond program. Savings bonds in TreasuryDirect are electronic securities in an account; they have all of the benefits of paper bonds but can't be misplaced or destroyed. Printing fewer paper bonds reduces the cost of the savings bond program and fits with our long-term goal of one day issuing all of our securities electronically. To continue your payroll savings, you'll need to open a TreasuryDirect account. You can continue purchasing savings bonds (or other Treasury securities) and hold them electronically in TreasuryDirect."

Theresa Matula, analyst for the House State Personnel Committee, substantially contributed to this summary.

The 911 Board must monitor the amount of funds required to meet its financial commitment to provide technical assistance to primary PSAPs and set the rate at an amount that enables the 911 Board to meet this commitment. (3) The percentage of the funds remitted by CMRS providers allocated to CMRS providers and PSAPs shall be set by the 911 Board and may be adjusted by the 911 Board as necessary to ensure full cost recovery for CMRS providers and, to the extent there are excess funds, for distributions to primary PSAPs."

SECTION 5. Article 3 of Chapter 62A of the General Statutes is amended by adding a new section to read:

"**§ 62A-54. Service charge for prepaid wireless telecommunications service; seller collects 911 service charge on each retail transaction occurring in this State; remittances to Department of Revenue and transfer to 911 Fund.**

(a) Retail Collection. – A seller of prepaid wireless telecommunications service shall collect the 911 service charge for prepaid wireless telecommunications service from the consumer on each retail transaction occurring in this State. The 911 service charge for prepaid wireless telecommunications service is in addition to the sales tax imposed on the sale or recharge of prepaid telephone calling service under G.S. 105-164.4(4d). The amount of the 911 service charge for prepaid wireless telecommunications service must be separately stated on an invoice, receipt, or other reasonable notification provided to the consumer by the seller at the time of the retail transaction. For purposes of this Article, a retail transaction is occurring in this State if the sale is sourced to this State under G.S.105-164.4B(a).

(b) Administrative Allowance; Remittance to Department of Revenue. – A seller may deduct and retain from the 911 service charges it collects from consumers and remits to the Department of Revenue an administrative allowance of five percent (5%). Department of Revenue shall establish procedures for a seller of prepaid wireless telecommunications service to document that a sale is not a retail transaction, and the procedures established shall substantially coincide with the procedures for documenting a sale for resale transaction under G.S. 105-164.28. The Secretary of Revenue may retain the costs of collection from the remittances received under subsection (b) of this section, not to exceed five hundred thousand dollars ($500,000) a year of the total 911 service charges for prepaid wireless telecommunications service remitted to the Department. "**§ 62A-56. Exclusivity of 911 service charge for prepaid wireless telecommunications service.**

The 911 service charge for prepaid wireless telecommunications service imposed by this Article is the only 911 funding obligation imposed with respect to prepaid wireless telecommunications service in this State, and no tax, fee, surcharge, or other charge shall be imposed in this State, any subdivision of this State, or any intergovernmental agency for 911 funding purposes upon any provider, seller, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless telecommunications service."

SECTION 6. Chapter 105 of the General Statutes is amended by adding a new Article to read as follows:

"Article 5H.

SECTION 8. Notwithstanding G.S. 62A-60(c), as enacted by Section 5 of this act, the Department of Revenue may retain the cost of collection not to exceed seven hundred thousand dollars ($700,000) of the 911 service charges for prepaid wireless telecommunications service remitted to it from collections by sellers of the charge for the first 12 calendar months beginning on or after July 1, 2013.

SECTION 9. Unless otherwise provided, this act becomes effective July 1, 2013, and applies to all retail transactions occurring in this State, as that term is defined in this act, on or after that date.

HOUSE BILL 571:
Prepaid Wireless/Point of Sale Collection

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Reps. Sager, Justice, Bryant, Brawley	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Third Edition		

SUMMARY: ***The proposed committee substitute for House Bill 571 would provide for the collection of the 911 service charge on prepaid wireless service at the point of retail sale.***

[As introduced, this bill was identical to S302, as introduced by Sens. Hartsell, McKissick, which is currently in Senate Finance.]

CURRENT LAW: Prior to 2007, North Carolina local government entities collected a 911 service charge from subscribers of local telephone providers, and the Wireless 911 Board collected a monthly service charge from subscribers of wireless providers. In 2007, the local 911 service charge was eliminated, and a new statewide administrative system was adopted for collection and distribution of the 911 service charge. Part of the 2007 changes addressed the collection of the 911 charge from prepaid wireless customers. G.S. 62A-40 authorizes the collection of the 911 fee from prepaid wireless providers in one of the following two ways:

- Decrement – collecting the service charge from each active prepaid wireless customer with an account balance equal to or greater than the amount of the service charge.
- Average Rate Per User - A monthly payment for 911 charges for each provider of prepaid wireless service is determined based on its sales of prepaid revenue in the State during the month. The provider's prepaid revenue in the state is divided by the "average revenue per user" and then multiplied by the amount of the fee. The average rate per user in the statute is currently $50.

There has been a moratorium on the collection of the 911 charge from prepaid customers since the 2007 changes. The moratorium on collection of the 911 fee from prepaid wireless is in effect through calendar year 2011.[1]

The current charge for 911 service is 60¢ per month. The charge is imposed on each subscriber of postpaid phone service, regardless of the technology used to offer the service. The statutes provide that the fee may not be greater than 70¢ per month, however, the 911 Board may set the fee at a lower amount if the revenues are sufficient to fund 911 service.

BILL ANALYSIS:

Section 1: Repeals the current method of collection of the 911 service charge for prepaid wireless service.

Sections 2 and 3: Provides the 911 service charge for prepaid wireless service is 70¢ on each retail transaction of prepaid wireless service, or a lower amount set by the Board. The 911 service charge for prepaid wireless would be the same as the monthly charge for 911 service imposed on all other phone subscribers. The current fee is 60¢ per month.

Section 4: Currently a portion of the 911 service charges is allocated to reimburse wireless providers to pay for upgrades to their system necessary for the implementation for enhanced 911. The upgrades

[1] Section 43 of S.L. 2010-95.

allow the wireless phone systems to provide address and location information to the 911 call centers. The remainder of the 911 service charges are distributed to public safety answering points (PSAPs) for 911 service. This section clarifies that the 911 service charge from prepaid wireless service will be allocated for reimbursements for wireless providers. The 911 service charge from prepaid wireless will be distributed to PSAPs.

Section 5: Provides for the collection of the 911 service charge for prepaid wireless at retail.

Retail collection: Each seller of prepaid wireless will collect the 911 service charge and remit the charge to the Department of Revenue. A seller must remit the charges either monthly, or semiannually. Each retailer is allowed to retain for administrative costs 5% of the 911 service charges for prepaid wireless that it collects. However, **Section** 7 of the bill provides that each retailer is allowed to retain for administrative costs all of the fees collected in the first three months after the effective date of the act.

Administration by Department of Revenue: The Department of Revenue will collect the 911 service charge for prepaid wireless from the retailers and remit the fee to the 911 Board each month within 45 days of the end of the month the service charges were collected. The Department of Revenue may retain the costs of collection not to exceed $500,000 a year. However, **Section 8** of the bill provides that the Department may retain the cost of collection not to exceed $700,000 for the first year after the effective date of this act.

EFFECTIVE DATE: This act is effective July 1, 2013 and applies to retail transactions on or after that date.

This notice must be made at least 30 days before the due date of the payment. The entity may consider its cash flow needs, including funding its continuing operations and obligations to other investors or its managing member, in making this determination. The notification to the Secretary required under this subsection must be made under oath and contain the following information:

(1) The amount of the initial equity investment.

(2) The rate of return on the invested capital.

(3) The calculation formula for determining the scheduled aggregate return on the initial equity investment.

The credit provided in this section is allowed against the franchise tax levied in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, or the gross premiums tax levied in Article 8B of this Chapter.

(d) Credit Refundable. – If the credit allowed by this section exceeds the amount of tax liability against which it is imposed for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(e) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for the credit provided in this Article does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming the credit allowed by this Article. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the equity, the credit allowed under this Article does not affect the entity's payment of tax on behalf of its owners.

"**§ 105-129.109. Substantiation.**

To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary that is necessary to determine the validity of the claim. Each taxpayer claiming a credit under this Article must maintain and make available for inspection by the Secretary any records the Secretary considers necessary to determine and verify the amount of the credit to which the taxpayer is entitled. The burden of proving eligibility for a credit and the amount of the credit rests upon the taxpayer, and no credit may be allowed to a taxpayer that fails to maintain adequate records or to make them available for inspection.

"**§ 105-129.110. Reports.**

The Department of Revenue must include in the economic incentives report required by G.S. 105-256 the following information, itemized by taxpayer:

(2) The amount of each credit claimed and the taxes against which it was applied.

(3) The total cost to the General Fund of the credits claimed."

SECTION 2. This act is effective for taxable years beginning on or after January 1, 2011.

SENATE BILL 527:
Life Science Development Act

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Sens. Hartsell, Brunstetter, Clodfelter	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***Senate Bill 527 creates a mechanism for raising funds to make loans to life science companies through the issuance of equity certificates by qualifying entities. If the qualifying entity is unable to redeem the equity certificate when it is due, the qualifying entity may issue the holder of the equity certificate a tax credit certificate in the amount of the required payment the entity is unable to make. A taxpayer that presents a tax credit certificate is allowed a tax credit equal to 100% of the amount specified in the certificate. The tax credit is refundable and may be used against the franchise tax, the income tax, or the gross premiums tax.***

BILL ANALYSIS: This bill would set up an investment procedure wherein a qualified entity (defined at the end of this analysis) would sell equity interests in the entity to investors and would use the money generated by those sales to make loans to life science companies[1] for (i) the acquisition or expansion of capital facilities in the State and to acquire capital equipment to be located in the State or (ii) regulatory, documentation, and other costs required to make the facilities or equipment to be located in the State operational. The investor's equity interest is represented by an equity certificate, which is a contract between the investor and the qualified entity that states the amount, return, and repayment terms of the investment.

If a qualified entity determines it cannot make a payment required by an equity certificate, it must give written notification to the investor and the Secretary[2] at least 30 days before the payment is due. This determination can include the entity's cash flow needs, including continuing operations expenses and obligations to other investors or its managing member.

Within 30 days of when the Secretary receives a notice of inability to pay, the Secretary must give the qualifying entity a tax credit certificate for each investor equal to the amount the qualifying entity has certified it owes but cannot pay. An investor with a tax credit certificate is allowed a tax credit in that amount against its franchise tax liability, income tax liability, or gross premiums tax liability. Should the tax credit exceed the chosen tax liability, the excess is refundable.

Other notable features of the bill include:

- A qualifying entity may request in writing a statement of qualification from the Secretary of Revenue. The request must be accompanied by a certification under oath by the entity that each of the requirements for qualifying entities has been met. The statement of qualification must be returned within 30 days of receiving the request if the Secretary finds the certification satisfactory. The Secretary may obtain any information reasonably necessary to determine whether the certification is correct.

[1] A life science company is one engaged in biotechnology, pharmaceuticals, biologic products, human health care and medical devices, diagnostic devices, and service laboratories or facilities providing support services to any of the preceding.

[2] The notification to the Secretary must be under oath and include the amount of the initial equity investment, the rate of return on the investment, the formula for calculating the scheduled aggregate return on the initial equity investment, the payment due date, the amount of the tax credit that should be issued, and the investor to whom the payment is due.

- Qualifying entities and managing members have no power to pledge the credit or taxing power of the State or its subdivisions or make its debts payable from sources other than the entity or member. The obligations of the entity or member are not obligations of the State.
- To claim a tax credit, the investor must provide all information required by the Secretary and have records available to be inspected by the Secretary. Failure to do so results in no credit being allowed. The burden of proof for eligibility and amount is on the investor.
- The Department of Revenue must annually publish, by May 1 for the previous calendar year, the number of taxpayers that claimed a credit under the Life Sciences Investments Act, the amount of each credit and the taxes it was applied against, and the total cost to the General Fund of the credits claimed.

A qualified entity is a business that satisfies all of the following:

- It is established as a for-profit LLC and has the sole purpose of fostering economic development by loaning money to life science companies for facilities or equipment to be located within the State.
- It makes no loans for any property located outside the State.
- It has one managing member and that member is the nonprofit development corporation created by this Act. The primary purpose of the development corporation is to foster the development of the life science industry in the State. The corporation's initial board of directors would be the Secretary of Commerce, the Secretary of Revenue, and the President of the North Carolina Biotechnology Center. The initial board of directors is charged with organizing the corporation and adopting its bylaws. The bylaws provide that the President Pro Tempore of the Senate and the Speaker of the House of Representatives may each appoint one director to the board.
- It raises funds for loans to life science companies via the equity certificate procedure described above. The equity certificates must state (i) that the holder of the certificate is a non-managing member of the entity, (ii) the investment amount, (iii) the date and amount of investment, (iv), the dates and amounts to redeem the certificate, (v) that the entity is not obligated to provide the return or redemption, except as provided in the Act, (vi) that the holder may be entitled to a tax credit against income, franchise, or gross premiums taxes, and (vii) that a copy of the certificate must be provided by the entity to the Secretary.
- It provides a copy of each certificate issued to the Secretary.
- It issues equity certificates and un-reimbursed tax certificates to investors not exceeding $100 million.
- It limits its outstanding loans to any one life science company to $30 million or less at all times.
- It makes loans to life science companies on a factor-based evaluation that includes the borrower's (i) written business plan, (ii) written manufacturing or service plan, (iii) history of attracting operating capital from investors, grants, or other lenders, (iv) management team, (v) demonstration of engaging in life science industry within NC, (vi) job creation potential in NC, (vii) financial resources, and (viii) any other factors the entity deems relevant to success.
- It contracts, at least annually, with an independent and unconnected auditor to audit all entity activities, to be completed within three months of the end of the entity's fiscal year. The audit, per the entity bylaws, must be submitted to the Governor, the Joint Legislative Committee on Governmental Operations, and the board of directors of the entity's managing member.

- It publishes, at least annually, a progress report on implementing its purpose and business plan and describing any issued tax credit certificates (including amounts).
- It adopts a conflict of interest policy that prohibits employees, officers, and directors of the entity (and their family members) from having an economic interest in an investor in the entity or any company receiving a loan from the entity.
- It adopts bylaws that provide all of the following:
    - Upon dissolution, entity assets revert to the State.
    - Entity payments to its managing member are limited solely to reasonable costs and expenses.
    - All cash flow and profits must be used solely for purposes of the Article, other than payments to investors.
    - The entity must comply with certain requirements for State agencies as if it were a State agency.

EFFECTIVE DATE: This act would be effective for taxable years beginning on or after January 1, 2011.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Commerce; Department of Revenue

EFFECTIVE DATE: Effective for taxable years beginning on or after January 1, 2011

BILL SUMMARY:

SB 527 enacts new Article 3M to GS Chapter 105 titled Life Sciences Investments. This new chapter defines certain terms, including life sciences company, which is a company engaged in any of the following: biotechnology, including agricultural and industrial uses, pharmaceuticals, biologic products, medical devices, diagnostic devices, and service laboratories or facilities

providing support services to the foregoing companies. The bill also directs the Secretary of Commerce and the President of the North Carolina Biotechnology Center to establish a nonprofit corporation whose primary purpose is to foster the development of the life science industry in NC. The bill further directs that the Governor and the State Treasurer shall jointly vote the State's interest in the nonprofit corporation. The bill specifies the members of the initial board of directors of the nonprofit corporation and authorizes them to organize its affairs, including adopting bylaws providing for the subsequent election of additional directors.

The bill sets forth detailed criteria that a business entity must satisfy to be a qualified entity, including (1) that the entity be established as a for-profit limited liability company whose sole purpose is to foster economic development in the state by making certain loans to life science companies, (2) that the entity has as its sole managing member the nonprofit corporation; and (3) that the entity raises funds for making loans to life science companies by issuing equity certificates for investments made by designated investors with a specified rate of return. The bill further requires the Secretary of Revenue to issue a statement of qualification within 30 days of receiving a certification from an entity under oath that each of the statutory criteria have been met if the Secretary finds the certification to be satisfactory. The bill specifies that neither a qualifying entity nor the nonprofit corporation that is the sole managing member of a qualifying entity has any power to pledge the credit or taxing power of the state or any of its local governments, or to make debts payable out of any monies or resources except those of the qualifying entity or the nonprofit corporation.

The bill provides as follows: (1) requires a qualifying entity that determines it will be unable to make a payment required under an equity certificate to comply with specified notice requirements to the investor and the Secretary of Revenue; (2) directs the Secretary of Revenue to deliver to the qualifying entity a tax credit certificate for each designated investor in the amount certified by the qualifying entity to be due within 30 days after receiving notification that a qualifying entity will be unable to make a payment required under an equity certificate; (3) specify that a taxpayer that presents a tax credit certificate is allowed a tax credit equal to 100% of the amount specified in the certificate against the franchise tax levied in Article 3, the income taxes levied in Article 4, or the gross premiums tax levied in Article 8B of GS Chapter 105; (4) specify that the tax credit is refundable; and (5) provides that a pass-through entity is considered the taxpayer for purposes of claiming the credit.

The bill further requires a taxpayer to provide any information required by the Secretary of Revenue to determine the validity of a claim for the credit. It places the burden of proving eligibility for credit and the amount of the credit on the taxpayer. It also adds additional information that the Department of Revenue must include in the economic incentives report required by GS 105-256.

ASSUMPTIONS AND METHODOLOGY:

Department of Commerce

The Department of Commerce does not feel that there will be any new costs to the Department based on this bill. Any additional work required, such as assisting with filing for non-profit status,

could be accomplished by existing staff as part of their duties. Thus, Fiscal Research estimates that there will be no new costs to Commerce as a result of this bill.

Revenue Impact

Upon passage of the bill, the qualifying entity would begin the process of recruiting investment and accepting applications for loans and determining which projects are eligible. For purposes of this memo, it is assumed that $70 million in loans would be made within five years. The financial model calls for interest-only payments to be made to investors for the first ten years. Because a reserve fund will be established from investments, it is expected that all scheduled payments would be able to be made for at least ten years.

Principal obligations would begin to be repaid to investors after ten years. If any of the tax credit certificates are used, it would most likely occur in 10-15 years when the principal repayments become due. A model developed for the NC Biotechnology Center projected a "worst-case scenario" loss of 25% of principal, or $17.5 million. In the event that this scenario occurred, the credits would be taken over the 5-year period with an average annual amount of $3.5 million.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT THE FEE CHARGED BY THE CLERK OF SUPERIOR COURT FOR CERTIFICATES UNDER SEAL IS WAIVED FOR APPOINTED ATTORNEYS REPRESENTING INDIGENT CLIENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-308(b1) reads as rewritten:

"(b1) The fees set forth in ~~subdivision~~subdivisions (9) and (12) of subsection (a) of this section are not chargeable when copies or certificates under seal are requested by an attorney who has been appointed or who is under contract with the Office of Indigent Defense Services to represent an indigent person at State expense, if the request is made in connection with the appointed case or the contract and during the duration of the appointment or the contract."

SECTION 2. This act becomes effective July 1, 2011, and applies to fees assessed or collected on or after that date.

HOUSE BILL 243:
Certificates Under Seal in Indigent Cases/Fee

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Rep. Jackson	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 243 would waive the $3.00 fee charged by the Clerk of Superior Court for certificates under seal for appointed attorneys representing indigent clients.

CURRENT LAW: G.S. 7A-308(b1) waives the cost of copies for attorneys who are appointed or under contract with the Office of Indigent Defense Services (IDS) to represent an indigent person at State expense, if the request is made in connection with the appointed case or the contract and during the duration of the appointment or contract.

G.S. 7A-308(a)(9) directs clerks to charge a $3.00 fee for certifying that a document is a true and accurate copy of the original document on file in the case. Unlike the copying fees, there is no exemption from the fee for *certifying* copies for attorneys who are appointed or under contract with IDS. Some examples of when appointed attorneys need certified copies of documents include expert witness fee orders, orders to strike a call and failed, and judgments as evidence in superior court and in abuse/neglect/dependency cases.

Currently, some clerks' offices charge this fee to appointed attorneys representing indigent clients and others waive it in those cases. In the counties where fees are being collected from appointed counsel, attorneys have to advance the costs and then bill IDS for reimbursement from State funds. The clerks collect the money from the appointed attorneys and enter the payments into the Financial Management System for remittance to the General Fund.

BILL ANALYSIS: House Bill 243 would waive the $3.00 fee for certifying that a document is a true and accurate copy of the original document on file for attorneys representing indigent defendants as part of an appointed case.

BACKGROUND: This bill has been requested by IDS because it believes the current process of reimbursement is cumbersome and causes an unnecessary transfer of State funds. It also generates transaction costs that increase the overall cost to the State for providing indigent representation. IDS believes this bill would simplify the process and eliminate unnecessary transaction costs.

EFFECTIVE DATE: This act would become effective July 1, 2011, and apply to fees assessed or collected on or after that date.

(b) A licensed landscape contractor shall notify the Board of any written complaints filed against the landscape contractor not resolved within 30 days from the date the complaint was filed by registered mail to the Board."

SECTION 3.(a) Members serving on the North Carolina Landscape Contractors' Registration Board on the effective date of this act shall continue to serve until members of the North Carolina Landscape Contractors' Licensing Board, newly structured under G.S. 89D-14(a), as enacted by Section 2 of this act, are appointed.

SECTION 3.(b) Once the term of one of the current public members appointed by the Governor expires, the General Assembly, upon the recommendation of the Speaker of the House of Representatives, shall appoint a licensed landscape contractor in the business of landscape construction and contracting. (1) Is registered as a landscape contractor.
(2) Is licensed as an irrigation contractor.
(3) Is certified as a turf grass professional.
(4) Has 10 years of documented experience in the person's own business as a landscape contractor or 10 years of documented experience as an employee in a landscape contracting business, meets all other requirements and qualifications for licensure as a landscape contractor, and has one of the following:

    b. Two years of credit for a four-year degree in related educational training.
    c. Up to two years of credit for education or business experience in general business management.

Landscape contractors currently registered under Chapter 89D of the General Statutes shall not be required to renew the registration for the 2012 calendar year to qualify for the landscape contractor's license, as enacted by Section 2 of this act.

SECTION 5. Section 1 of this act becomes effective August 1, 2012. The remainder of this act is effective when it becomes law.

SENATE BILL 447:
Rewrite Landscape Contractor Laws

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Sens. Apodaca, Brown	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***Senate Bill 447 rewrites Chapter 89D of the General Statutes, which regulates landscape contractors.***

CURRENT LAW: G.S. 89D-1 through 89D-10 in Chapter 89D provide for certification of landscape contractors in North Carolina. The statutes define 'landscape contractor', establish a Landscape Contractor's Registration Board, provide for examination and certification of contractors, set fees, and sets out powers and duties of the Board.

BILL ANALYSIS: Senate Bill 447 rewrites the landscape contractor laws as follows:

Section 1 repeals G.S. 89D-1 through 89D-10, which are all of the existing statutes regulating landscape contractors in North Carolina.

Section 2 rewrites the statutes regulating landscape contractors as G.S. 89D-11 through 89D-24:

G.S. 89D-11 provides new definitions that apply in Chapter 89D, including a more detailed definition of what constitutes landscape contracting.

G.S. 89D-12 requires a license for any person engaging in the practice of landscape construction or contracting and using the designation 'landscape contractor'. The section specifies that landscape contractors are not authorized to engage in the following practices: landscape architecture; engineering; well contracting; architecture; plumbing and heating contracting; and electrical contracting.

A licensed landscape contractor is required to display the license conspicuously in the licensee's place of business and to display the license number on all business cards, contracts, and vehicles.

G.S. 89D-13 provides exemptions from licensing for government agencies landscaping public property; the Department of Transportation; property owners landscaping the owner's own property; persons owning or operating a golf course; landscaping work costing less than $2500 for a 12-month period; license general contractors possessing classification as building, residential, or public utilities contractor; licensed electrical contractors engaging in electric work, wiring, devices, appliances, or equipment; licensed plumbing contractors installing pipes, fixtures, apparatus, or appurtenances; licensed professional engineers; licensed professional landscape architects; and individuals or businesses engaged in specified activities.

G.S. 89D-14 creates a new North Carolina Contractors' Licensing Board with the following members: one member appointed by the Governor; one member appointed by the Commissioner of Agriculture; one practicing nurseryman appointed by the Board of Directors of the NC Nursery and Landscaping Association; four licensed landscape contractors, two appointed by the General Assembly and two by the Board of Directors of the NC Nursery and Landscaping Association; one registered landscape architect appointed by the Board of Directors of the NC Chapter of the American Society of Landscape Architects; and one member that is knowledgeable in landscaping methods and practices appointed by the President of the University of North Carolina.

G.S. 89D-15 specifies powers and duties of the Board, including administering and enforcing the Chapter; adopting rules; examining applicants; issuing, denying, and revoking licenses; disciplining

licensees; conducting investigations of violations by licensees; conducting administrative hearings; seeking injunctive relief; collecting fees; requiring licensees to maintain surety bonds; requiring continuing education; and publishing a code of professional conduct and minimum practice standards for licensees.

G.S. 89D-16 requires an applicant for licensure to meet the following qualifications: is at least 18 years old; is of good moral character; provides evidence of business identification; has at least 3 years of experience or the educational equivalent; and files with the Board a surety bond or letter of credit in the amount of $10,000.

If the applicant meets all qualifications, then the applicant must pass an examination administered by the Board.

G.S. 89D-17 provides requirements for licensing of corporations, limited liability companies, partnerships, and persons doing business under a trade name.

G.S. 89D-18 provides for licensing of nonresident individuals and foreign entities. The Board is required, upon request, to provide the Secretary of Revenue information about nonresidents licensed by the Board. If the Secretary of Revenue determines that a nonresident owes a delinquent income tax debt, the Board may be required not to renew the license of the nonresident.

G.S. 89D-19 provides for reciprocity with other states and countries, allowing the Board to issue a license to any person who is licensed in another state or country if that state or country has licensing requirements that are substantially equivalent to North Carolina.

G.S. 89D-20 requires that licenses be renewed on or before August 1 each year. If they are not renewed, they are automatically revoked. A license may be renewed in the year following expiration if the applicant pays a late fee; the Board finds the licensee has not misused the license or engaged in landscape contracting after the license was revoked; and the applicant is otherwise eligible.

This section also requires licensees to complete seven units of continuing education per year.

G.S. 89D-21 sets fees to be collected by the Board. The act increases the application, examination, license, and renewal fees from $75 to $100, increases the late renewal fee from $25 to $50, and increases the fee for a duplicate license from $5 to $25. The act also provides for a reinstatement fee of $500 and a fee of $250 for license by reciprocity.

G.S. 89D-22 authorizes the Board to deny, restrict, suspend, or revoke a license, or refuse to issue or renew a license if the applicant uses fraud or misrepresentation to obtain a license; practices landscape contracting by misrepresentation; commits gross malpractice; has been convicted of a crime indicating the person is unfit to practice landscape contracting; has been declared incompetent by a court; has violated the provisions of the Chapter or rules adopted by the Board; uses the seal in an unauthorized manner; or fails to file the required surety bond.

G.S. 89D-23 authorizes the Board, after taking into consideration specific listed factors, to assess a civil penalty not in excess of $2000 for each violation of the Chapter or the violation of any rule adopted by the Board.

G.S. 89D-24 authorizes the Board to seek injunctive relief in superior court to prevent any person from violating the provisions of the Chapter or rules adopted by the Board.

Section 3 provides for the phasing out of the current Landscape Contractors' Registration Board and the phasing in of the new Landscape Contractors' Licensing Board, which is established in this act.

Section 4 is a grandfather clause, providing that an applicant who applies and pays the required fee on or before August 12, 2012, shall be issued a license without examination, if he or she meets one of the following criteria: is registered as a landscape contractor; is licensed as an irrigation contractor; is certified as a turf grass professional; or has 10 years of experience, meets all other qualifications, and has required educational experience.

EFFECTIVE DATE: Section 1 of the bill becomes effective August 1, 2012. The remainder of the bill is effective when it becomes law.

The Treasurer may decline the highest bid and reoffer the property for sale if the Treasurer considers the bid to be insufficient. The Treasurer need not offer the property for sale if the Treasurer considers that the probable cost of sale will exceed the proceeds of the sale. ~~A sale held under this section must be preceded by a single publication of notice, at least three weeks before sale, in a newspaper of general circulation in the county in which the property is to be sold.~~ The Treasurer shall give reasonable notice of the sale as he or she deems appropriate and cost-effective, but, at a minimum, notice must be published at least two times a year in a major newspaper in the State's major media markets. HOUSE BILL 692:
Increase Payment of Unclaimed Property Claims

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Hurley, Randleman	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 692 amends the escheat and unclaimed property laws to facilitate the sharing of data from State agencies to the Treasurer; to require reports of abandoned property to provide more information; to amend the reporting requirements based on the dollar value of the property, and to change the notice requirements prior to the sale of abandoned property.***

BILL ANALYSIS:

Section 1 of House Bill 692 amends G.S. 116B-6 to add a subsection pertaining to data sharing as it relates to escheats and abandoned property. G.S. 116B-6(j) would require that on or before February 1 of each year, the Division of Motor Vehicles, Department of Revenue, and Employment Security Commission must provide to the Treasurer for confidential use, information to facilitate locating owners of unclaimed property. The Treasurer is prohibited from using this information for any purpose except locating owners of unclaimed property.

Section 2 amends the definition of "property" in G.S. 116B-52(11) to specify that tangible personal property must be physically located in a safe deposit box or other safekeeping depository held by a financial institution within the State.

Section 3 amends G.S. 116B-53(c)(13) to decrease the amount of time that must lapse, from two years to one year after compensation becomes payable, before it is presumed that wages or other compensation for personal services is abandoned if unclaimed by the apparent owner.

Section 4 makes technical corrections to the lettering and numbering of subsections and subdivisions in G.S. 116B-60. Amendments to G.S. 116B-60 are provided below.

- Holders reporting 50 or more owners of property presumed abandoned must file the report in an electronic format prescribed by the Treasurer, rather than a format prescribed by the National Association of Unclaimed Property Administrators and approved by the Treasurer.
- Amends G.S. 116B-60(b) to provide that for property valued at $50 or more, the report of abandoned property must contain the following if known by the holder:
    - Except for traveler's check or money order, reports should also contain a date of birth, drivers license or state identification number, and email address of each person who appears to be the apparent owner of the property.
    - Specifies that reports providing a description of the property should also contain the identification number, if any, and the property amount.
    - Provides that for an amount held or owing under an annuity or a life or endowment insurance policy, the report must also include the social security number or taxpayer identification number, date of birth, drivers license or state identification number, and email address of the annuitant or insured and of the beneficiary.

- Adds a new subsection to specify that amounts due an apparent owner less than $50 may be reported in an aggregate amount without furnishing any of the more detailed information listed above.
- Adds a new subsection to provide that any holder who has intangible property due to be reported with a cumulative value of $250 or less in a single reporting year will not be required to report the property in that year, but must report the property in a year when the value or aggregate value exceeds $250.

Section 5 of the bill amends G.S. 116B-65 regarding the public sale of abandoned property to delete the requirement for publication of a notice in a newspaper of general circulation in the county in which the property is to be sold. Instead, the Treasurer would be required to give reasonable notice of the sale as he or she deems appropriate and cost-effective but, at a minimum, notice must be published at least two times a year in a major newspaper in the State's major media markets.

EFFECTIVE DATE: House Bill 692 would become effective October 1, 2011.

SENATE FINANCE COMMITTEE
Wednesday, June 8, 2011 at 5:30 PM
Room 545, Legislative Office Building

MINUTES

The Senate Finance Committee reconvened at 5:30 PM on June 8, 2011 in room 544 of the Legislative Office Building. Twenty-seven members of the committee were present. Senator Rucho and Senator Hartsell presided as chairs.

H.B. 352 – Delay Kannapolis Annexation

Senator Hartsell was recognized to explain the bill. It delays for two years the legislative annexation of the Southland Development tracts in southern Rowan County at the request of the City of Kannapolis. Senator Garrou moved for a favorable report and the motion carried. A copy of the bill is attached.

S.B. 647 – Mutual Insurance Holding Companies

Senator Rucho was recognized to explain the bill. A "mutual insurance company" is a company that is owned by its policy holders. No stock is available for purchase. This bill authorizes a domestic mutual insurance company, with the approval of two-thirds of its policyholders voting, to reorganize as a mutual insurance holding company. Members of a mutual insurance company would receive ownership interest in the mutual insurance holding company. The mutual insurance company would then be converted into a stock insurance company held by the holding company. In addition to approval by the policy holders, the Commissioner of Insurance must approve the reorganization as fair and equitable to the policyholders. Also, the holding company must at all times own a majority of the voting shares of the mutual insurance company. As a stock insurance company, the mutual insurer would be able to raise capital. In addition, under the bill, the mutual insurance holding company would not be subject to the limitations on investments applicable to insurers. Following reorganization, the Commissioner of Insurance would, however, retain jurisdiction over the mutual insurance holding company, the mutual insurance company, and any stock insurance subsidiaries, including the approval of all stock offerings and mergers. Senator Garrou moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

H.B. 619 – Combined Reporting Language

Senator Rucho was recognized to explain the bill and Senator Meredith moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. Mike Hannah, Senate Tax Counsel, was recognized to explain the bill with the use of a powerpoint presentation. The bill closes the loophole that allows modern corporations using multiple related entities and intercompany transactions to reduce taxes owed to the State. Linda Millsaps, Assistant Secretary to the NC Department of Revenue, was recognized to answer questions. Senator Rabon moved for a favorable report and the motion carried. A copy of the PCS and the powerpoint is attached.

S.B. 181 – Underground Storage Tank Program Amends

Senator East was recognized to explain the bill. He requested that Jennifer McGinnis, an attorney with the Research Division, and Claire Hester, an analyst with Fiscal Research, explain the bill. The bill makes various changes to the laws governing the State's underground storage tank program and petroleum discharges. Robin Smith, Assistant Secretary for Environment at NC Department of Environment and Natural Resources (DENR), and Grover Nicholson, Head of the State's Wastewater Management Program, were recognized to answer questions. Doug Howie, NC Petroleum Marketers' lobbyist, was recognized to speak in favor of the bill and answer questions. Elizabeth Ouzts, Environment NC, was recognized to speak in opposition to the bill. Senator Goolsby was recognized to offer an amendment that requires fees be paid quarterly to DENR, prohibits DENR from creating new limitations, and changes the effective date. Senator Newton moved to adopt the amendment and the motion carried. Senator Tillman moved for a favorable report as amended and the motion carried. A copy of the bill, the fiscal note, and the amendment is attached.

S.B. 246 – Expand Pharmacists' Immunizing Authority

Senator Hartsell was recognized to explain the bill and moved to adopt the PCS for discussion. The motion carried. The PCS authorizes an "immunizing pharmacist" to administer certain vaccines or immunizations pursuant to protocols developed by the State Health Director. Senator Rabon moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 6:26 PM.

HOUSE BILL 692:
Increase Payment of Unclaimed Property Claims

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Reps. Hurley, Randleman	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***House Bill 692 amends the escheat and unclaimed property laws to facilitate the sharing of data from State agencies to the Treasurer; to require reports of abandoned property to provide more information; to amend the reporting requirements based on the dollar value of the property, and to change the notice requirements prior to the sale of abandoned property.***

BILL ANALYSIS:

Section 1 of House Bill 692 amends G.S. 116B-6 to add a subsection pertaining to data sharing as it relates to escheats and abandoned property. G.S. 116B-6(j) would require that on or before February 1 of each year, the Division of Motor Vehicles, Department of Revenue, and Employment Security Commission must provide to the Treasurer for confidential use, information to facilitate locating owners of unclaimed property. The Treasurer is prohibited from using this information for any purpose except locating owners of unclaimed property.

Section 2 amends the definition of "property" in G.S. 116B-52(11) to specify that tangible personal property must be physically located in a safe deposit box or other safekeeping depository held by a financial institution within the State.

Section 3 amends G.S. 116B-53(c)(13) to decrease the amount of time that must lapse, from two years to one year after compensation becomes payable, before it is presumed that wages or other compensation for personal services is abandoned if unclaimed by the apparent owner.

Section 4 makes technical corrections to the lettering and numbering of subsections and subdivisions in G.S. 116B-60. Amendments to G.S. 116B-60 are provided below.

- Holders reporting 50 or more owners of property presumed abandoned must file the report in an electronic format prescribed by the Treasurer, rather than a format prescribed by the National Association of Unclaimed Property Administrators and approved by the Treasurer.
- Amends G.S. 116B-60(b) to provide that for property valued at $50 or more, the report of abandoned property must contain the following if known by the holder:
    - Except for traveler's check or money order, reports should also contain a date of birth, drivers license or state identification number, and email address of each person who appears to be the apparent owner of the property.
    - Specifies that reports providing a description of the property should also contain the identification number, if any, and the property amount.
    - Provides that for an amount held or owing under an annuity or a life or endowment insurance policy, the report must also include the social security number or taxpayer identification number, date of birth, drivers license or state identification number, and email address of the annuitant or insured and of the beneficiary.

may make an interim payment on the amount the holder estimates will ultimately be due, which terminates the accrual of additional interest on the amount paid.

(f) The holder of property presumed abandoned shall file with the report an affidavit stating that the holder has complied with G.S. 116B-59.

(f1) Any holder who has intangible property due to be reported with a cumulative value of two hundred fifty dollars ($250.00) or less in a single reporting year shall not be required to report the property in that year but shall report the property in any year when the value or aggregate value exceeds two hundred fifty dollars ($250.00).

(g) Every business association holding property presumed abandoned under this Chapter shall certify the holding in the income tax return required by Chapter 105 of the General Statutes. The certification shall be a part of the tax return with which it is filed. If the business association is not required to file an income tax return under Chapter 105, the certification shall be made in the form and manner required by the Secretary of Revenue. The information appearing on the certification is not privileged or confidential, and this information shall be furnished by the Secretary of Revenue to the Escheat Fund on October 1 of each year, or if this date shall fall on a weekend or holiday, on the next regular business day."

SECTION 5. G.S. 116B-65(a) reads as rewritten:

"(a) Except as otherwise provided in this section, the Treasurer, within three years after the receipt of abandoned property, shall sell it to the highest bidder at public sale at a location in the State which in the judgment of the Treasurer affords the most favorable market for the property. The Treasurer may decline the highest bid and reoffer the property for sale if the Treasurer considers the bid to be insufficient. The Treasurer need not offer the property for sale if the Treasurer considers that the probable cost of sale will exceed the proceeds of the sale. ~~A sale held under this section must be preceded by a single publication of notice, at least three weeks before sale, in a newspaper of general circulation in the county in which the property is to be sold.~~ The Treasurer shall give reasonable notice of the sale as he or she deems appropriate and cost-effective, but, at a minimum, notice must be published at least two times a year in a major newspaper in the State's major media markets. The Treasurer is not required to sell money unless it is a collector's species having value greater than the face value of the money as cash."

SECTION 6. This act becomes effective October 1, 2011.

If the Commissioner, after a public comment period as provided in G.S. 58-10-285, or, if applicable, a public hearing, is satisfied that the interests of the policyholders are properly protected and that the plan of reorganization is fair and equitable to the policyholders, the Commissioner may approve the proposed plan of reorganization and may require as a condition of approval such modifications of the proposed plan of reorganization as the Commissioner finds necessary for the protection of the policyholders' interests. The Commissioner may retain

consultants as provided in G.S. 58-10-285 to assist in the review of the proposed plan. The Commissioner shall retain jurisdiction over a mutual insurance holding company organized under this Part to assure that policyholder interests are protected. All of the initial shares of the capital stock of the reorganized insurance company shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurance company shall become membership interests in the mutual insurance holding company, pursuant to the terms and conditions of the plan of reorganization approved by the Commissioner. Policyholders of the reorganized insurance company shall be members of the mutual insurance holding company in accordance with the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurance company.

(b) A domestic mutual insurance company, after approval by the Commissioner, may reorganize by merging its policyholders' membership interests into a mutual insurance holding company formed under subsection (a) of this section and continuing the corporate existence of the reorganizing insurance company as a stock insurance company subsidiary of the mutual insurance holding company. If the Commissioner is satisfied that the interests of the policyholders are properly protected and that the merger of interests is fair and equitable to the policyholders, the Commissioner may approve the proposed merger of interests and may require as a condition of approval such modifications of the proposed merger of interests as the Commissioner finds necessary for the protection of the policyholders' interests. The Commissioner may retain consultants as provided in G.S. 58-10-285. The Commissioner has jurisdiction over the mutual insurance holding company organized under this Part to assure that policyholder interests are protected. All of the initial shares of the capital stock of the reorganized insurance company shall be issued to the mutual insurance holding company. The membership interests of the policyholders of the reorganized insurance company shall, pursuant to the terms and conditions of the plan of reorganization approved by the Commissioner, become membership interests in the mutual insurance holding company. Policyholders of the reorganized insurance company shall be members of the mutual insurance holding company in accordance with subsection (a) of this section and the articles of incorporation and bylaws of the mutual insurance holding company. The mutual insurance holding company shall at all times own a majority of the voting shares of the capital stock of the reorganized insurance company.

(c) A mutual insurance holding company resulting from the reorganization of a domestic mutual insurance company that was organized under Articles 7 and 8 and other applicable provisions of this Chapter shall be incorporated under this Chapter. The articles of incorporation and any amendments to such articles of the mutual insurance holding company shall be subject to approval of the Commissioner in the same manner as those of a mutual insurance company.

(d) A mutual insurance holding company is an insurer subject to Article 30 of this Chapter and shall automatically be a party to any proceeding under Article 30 of this Chapter involving an insurance company which, as a result of a reorganization under subsection (a) or (b) of this section, is a subsidiary of the mutual insurance holding company. In any proceeding under Article 30 of this Chapter involving the reorganized insurance company, the assets of the mutual insurance holding company are deemed to be assets of the estate of the reorganized insurance company for purposes of satisfying the claims of the reorganized insurance company's policyholders. A mutual insurance holding company shall not dissolve or liquidate without the approval of the Commissioner or as ordered by the court pursuant to Article 30 of this Chapter.

(e) G.S. 58-10-10 and G.S. 58-10-12 are not applicable to a reorganization or merger of interests under this Part. G.S. 58-10-10 and G.S. 58-10-12 are applicable to demutualization of

a mutual insurance holding company that resulted from the reorganization of a domestic mutual insurance company organized under this Chapter as if the mutual insurance holding company was a mutual insurance company.

(f) A membership interest in a domestic mutual insurance holding company shall not constitute a security as defined in Chapter 78A of the General Statutes.

(g) The majority of the voting shares of the capital stock of the reorganized insurance company, which is required by this section to be at all times owned by a mutual insurance holding company, shall not be conveyed, transferred, assigned, pledged, subjected to a security interest or lien, encumbered, or otherwise hypothecated or alienated by the mutual insurance holding company or intermediate holding company. Any conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation of, in, or on the majority of the voting shares of the reorganized insurance company is a violation of this section and shall be void in inverse chronological order of the date of such conveyance, transfer, assignment, pledge, security interest, lien, encumbrance, or hypothecation or alienation, as to the shares necessary to constitute a majority of such voting shares. The shares of the capital stock of the surviving or new company resulting from a merger or consolidation of two or more reorganized insurance companies or two or more intermediate holding companies that were subsidiaries of the same mutual insurance holding company are subject to the same requirements, restrictions, and limitations to which the shares of the merging or consolidating reorganized insurance companies or intermediate holding companies were subject by this section prior to the merger or consolidation. The ownership of a majority of the voting shares of the capital stock of the reorganized insurance company that are required by this section to be at all times owned by a parent mutual insurance holding company includes indirect ownership through one or more intermediate holding companies in a corporate structure approved by the Commissioner. However, indirect ownership through one or more intermediate holding companies shall not result in the mutual insurance holding company owning less than the equivalent of a majority of the voting shares of the capital stock of the reorganized insurance company. The Commissioner shall have jurisdiction over an intermediate holding company as if it were a mutual insurance holding company.

(h) The applicant's articles of incorporation or bylaws, as appropriate, shall require a policyholder vote of approval of the reorganization by a two-thirds majority of the domestic mutual insurance company's policyholders voting on it in person, by proxy, or by mail at a meeting called for the purpose of voting on the reorganization.

A mutual insurance holding company may apply to merge with another mutual insurance holding company by filing with the Commissioner a plan of merger and complying with the provisions of Article 19 of this Chapter.

"**§ 58-10-315. Stock offerings.**

(a) No stock offering by a mutual insurance holding company, an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary of an intermediate holding company subsidiary to a mutual insurance holding company shall occur without the prior approval of the Commissioner.

(b) Every application for approval of a stock offering shall contain the following information:

(1) A description of the stock intended to be offered by the applicant, including a description of all shareholder rights.

(2) The total number of shares authorized to be issued, the estimated number the applicant requests permission to offer, and the intended date or range of dates for the offer.

(3) A justification for a uniform planned offering price or a justification of the method by which the offering price will be determined.

(4) The name or names of any underwriter, syndicate member, or placement agent involved and, if known, the name or names of each entity, person, or group of persons to whom the stock offering is to be made who will control five percent (5%) of the total outstanding class of shares, and the manner in which the offer is to be tendered. If any such entity or person is a corporation or business organization, the name of each member of its board of directors or equivalent management team shall be provided along with the name of each member of the board of directors of the offeror. Copies of any filings with the United States Securities and Exchange Commission disclosing intended acquisitions of the stock shall be included in the application.

(5) A description of stock subscription rights to be afforded members of the mutual insurance holding company in conjunction with the stock offering.

(6) A detailed description of all expenses to be incurred in conjunction with the stock offering.

(7) An explanation of how funds raised by the stock offering are to be used.

(8) Any other information requested by the Commissioner.

(c) No application regarding a planned stock offering shall be approved unless the plan contains the following provisions:

(1) Prohibiting officers, directors, and insiders of the mutual insurance holding company and its subsidiaries and affiliates from purchase or ownership of shares of the stock offering, or issuance of stock options to or for the benefit of such officers, directors, and insiders, in excess of five percent (5%) of the stock offering. The Commissioner may waive this requirement upon a showing of good cause. This subdivision does not limit the rights of officers, directors, and insiders from exercising subscription rights that are generally accorded members of the mutual insurance holding company. However, pursuant to those subscription rights, the officers, directors, and insiders of the mutual insurance holding company and its subsidiaries and affiliates may not purchase or own, in the aggregate, more than five percent (5%) of the stock offering.

(2) Requiring that, after the initial stock offering, a majority of the board of directors of the mutual insurance holding company be persons who are not interested persons of the mutual insurance holding company or of an affiliated person of the company. For purposes of this subdivision, a member of the mutual insurance holding company or a policyholder of any of its insurance company subsidiaries shall not be considered an "interested person" or an "affiliated person." The Commissioner may waive this requirement upon a showing of good cause.

(3) For the mutual insurance holding company to adopt articles of incorporation prohibiting any waiver of dividends from stock subsidiaries except under conditions specified in its articles of incorporation and after approval of the waiver by the board of directors of the mutual insurance holding company and the Commissioner.

(4) Requiring that, after the initial stock offering by an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary of an intermediate holding company subsidiary of a mutual insurance holding company, the boards of directors of each insurance company or intermediate holding company include at least three directors who are not interested persons of the mutual insurance holding company. The Commissioner may waive this requirement upon a showing of good cause.

(5) Establishing, within the board of directors of the corporation offering stock, a pricing committee consisting exclusively of directors who are not members of management of the insurance company subsidiary whose responsibility is to evaluate and approve the price of any stock offering.

(d) An insurance company subsidiary of a mutual insurance holding company, an intermediate holding company subsidiary of a mutual insurance holding company, or an insurance company subsidiary of an intermediate holding company subsidiary to a mutual insurance holding company may issue more than one class of stock, provided, however, that the issuer complies with all of the following requirements:

(1) At all times a majority of the voting stock is held by the mutual insurance holding company or its subsidiary.

(2) No class of common stock may possess greater dividend or other rights than the class held by the mutual insurance holding company or its subsidiary.

(e) The Commissioner may retain, at the expense of the person filing the application, any attorneys, actuaries, economists, accountants, consultants, or other professional advisors not otherwise a part of the Commissioner's staff to assist the Commissioner in reviewing the application. These contracts are personal professional service contracts exempt from Articles 3 and 3C of Chapter 143 of the General Statutes.

(f) The expenses of mailing any notices and other materials required by this section shall be borne by the person filing the application.

(g) Upon receipt and review by the Commissioner of all information provided under this section, the Commissioner may establish a period during which the Department will receive and consider public comments about the proposed offering. The Commissioner shall inform the public of the offering by posting information about the application in a manner deemed appropriate by the Commissioner. The Commissioner may hold a public hearing concerning the application or the proposed offering. Following any public comment period or hearing, if applicable, the Commissioner may approve, conditionally approve, or deny the application. The Commissioner may approve the application if the following apply:

(1) The offering complies with this Part and other provisions of law.

(2) The method for establishing the price of a stock offering is consistent with generally accepted market or industry practices for establishing stock offering prices in similar transactions.

(3) The plan and offering will not unfairly impact the interests of members of the mutual insurance holding company.

Nothing in this subsection shall be deemed to prohibit the filing of a registration statement with the United States Securities and Exchange Commission before or concurrently with the giving of notice to members.

(h) Notwithstanding the provisions of subsections (a) through (g) of this section, stock offerings which are not an initial stock offering, and which are proposed by entities with a class of securities regularly traded on the New York Stock Exchange, the American Stock Exchange, or another exchange approved by the Commissioner, or designated on the National Association of Securities Dealers Automated Quotations national market system (NASDAQ), may be sold in accordance with the following procedure: if a mutual insurance holding company, an insurance company subsidiary of a mutual insurance holding company, an intermediate holding company, or an insurance company subsidiary of an intermediate holding company intends to make a stock offering which would be governed by the provisions of this subsection, that entity shall deliver to the Commissioner, not less than 60 days prior to the offering, a notice of the planned stock offering and all of the following information:

(1) The total number of shares intended to be offered.

(2) The intended date of sale.

(3) Evidence the stock is regularly traded on one of the public exchanges specified in this subsection.

(4) A record of the trading price and trading volume of the stock during the prior 52 weeks.

The Commissioner shall be deemed to have approved the sale unless, within 60 days following receipt of such notice, the Commissioner issues an objection to the sale. If the Commissioner issues an objection to the sale, the application process set forth in subsections (a) through (g) of this section shall be followed to determine whether the Commissioner approves of the proposed sale.

(i) Approval of a stock offering obtained under either subsection (g) or (h) of this section shall expire 120 days following the date of the approval or deemed approval, except as otherwise provided by order of the Commissioner.

(j) No prospectus, information, sales material, or sales presentation by the applicant, or by any representative, agent, or affiliate of the applicant, shall contain a representation that the Commissioner has endorsed the price, price range, or any other information relating to the stock.

(k) No company making a stock offering under this section shall engage in any of the following practices:

(1) Borrow funds from the mutual insurance holding company, or its subsidiaries and affiliates, to finance the purchase of any portion of a stock offering.

(2) Pay any commissions, "special fees," or any other special payments or extraordinary compensation to officers, directors, interested persons, and affiliates for arranging, promoting, aiding, or assisting in reorganization to a mutual insurance holding company or for arranging, promoting, aiding, assisting, or participating in the structuring and placement of a stock offering.

(3) Enter into an understanding or agreement transferring legal or beneficial ownership of stock to another person to avoid the requirements of this Part.

"**§ 58-10-320. Regulation of holding company system.**

(a) All material transactions, as that term is defined under Part 3 of this Article, between or among subsidiaries and affiliates of the mutual insurance holding company, must, after review and exercise of director duties by the directors of the mutual insurance holding company, be approved by a majority of the directors of the mutual insurance holding company as being fair and reasonable.

(b) If the Commissioner determines that activities within a mutual insurance holding company system have violated provisions of the General Statutes of North Carolina or the North Carolina Administrative Code or acted to circumvent requirements or prohibitions contained in the General Statutes or Administrative Code, the Commissioner may prohibit or order rescission of any transaction relating to those activities.

"**§ 58-10-325. Reporting of stock ownership and transactions.**

(a) Any director or officer of a mutual insurance holding company, its subsidiary, or affiliate, who acquires directly or indirectly the beneficial ownership of any security issued by any intermediate holding company or any insurance company subsidiary of an intermediate holding company or mutual insurance holding company shall, within 15 days following the transaction, file with the Commissioner a statement of the transaction on the form prescribed by the Commissioner.

(b) A mutual insurance holding company, and its subsidiaries and affiliates, shall file with the Commissioner, within 15 days of receipt, copies of Form 3, Form 4, and Schedule 13D, or any equivalent filings, such filings made under the federal Securities Exchange Act of 1934, as amended."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 647:
Mutual Insurance Holding Companies

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Sen. Rucho	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***A "mutual insurance company" is a company that is owned by its policyholders. No stock is available for purchase. Senate Bill 647 would authorize a domestic mutual insurance company, with the approval of two-thirds of its policyholders voting, to reorganize as a mutual insurance holding company. Members of the mutual insurance company would receive ownership interest in the mutual insurance holding company. The mutual insurance company would then be converted into a stock insurance company held by the holding company. In addition to approval by the policyholders, the Commissioner of Insurance must approve the reorganization as fair and equitable to the policyholders. Also, the holding company must at all times own a majority of the voting shares of the mutual insurance company.***

As a stock insurance company, the mutual insurer would be able to raise capital. In addition, under the bill, the mutual insurance holding company would not be subject to the limitations on investments applicable to insurers. Following reorganization, the Commissioner of Insurance would, however, retain jurisdiction over the mutual insurance holding company, the mutual insurance company, and any stock insurance subsidiaries, including the approval of all stock offerings and mergers.

BILL ANALYSIS: Senate Bill 647 adds a new Part 8 to Article 10 of Chapter 58 of the General Statutes, entitled "*Mutual Insurance Holding Companies.*" Among its provisions, the bill creates the following new sections:

➢ ***G.S. 58-10-275. Definitions.***

The bill defines terms used in the act. Definitions include the following:

- "Domestic mutual insurance company" -- an insurance company organized on a mutual plan and incorporated under the laws of North Carolina.
- "Mutual insurance holding company" -- a holding company organized on a mutual plan and incorporated under the laws of North Carolina, resulting from the reorganization of a domestic mutual insurance company...with one or more stock insurance holding company subsidiaries or stock insurance company subsidiaries.
- "Limited application" -- an application for reorganization to a mutual insurance holding company which will hold one hundred percent of the stock of its insurance subsidiaries.
- "Standard application" -- an application for reorganization to a mutual insurance holding company which may sell interests in its subsidiaries to third parties.

➢ ***G.S. 58-10-280. General provisions.***

With the Commissioner's approval, the bill authorizes a domestic mutual insurance company to form an insurance holding company based upon a mutual plan and continue its corporate existence as a stock insurance company subsidiary of the holding company. The membership interest of the policyholders in the mutual company shall, subject to the Commissioner's approval, become membership interests in the mutual insurance holding company. The Commissioner may require modification of the plan as necessary to protect the policyholders' interests. The Commissioner also retains jurisdiction over the holding company. The holding company shall at all times own a majority of the voting shares of stock of the reorganized stock

insurance company. The policyholders of the mutual company must approve the reorganization by a two-thirds majority of those voting. In any delinquency proceeding under Chapter 58, the assets of the holding company are deemed to be assets of the reorganized mutual insurance company.

➢ ***G.S. 58-10-285. Application; contents; process.***

A limited or standard application, including a plan of reorganization, must be filed with the Commissioner. The Commissioner receives and considers public comment and may hold a public hearing. Applicants must pay to the Commissioner a fee of $250 for each limited application and $500 for each standard application under this section.

➢ ***G.S. 58-10-290. Plan of reorganization.***

A limited or standard plan of reorganization submitted to the Commissioner must include provisions as outlined and must demonstrate the following:

- Policyholder interests are properly preserved and protected
- Plan is fair and equitable
- The financial condition of the applicant will not be diminished.

➢ ***G.S. 58-10-295. Powers of the Commissioner.***

The Commissioner retains jurisdiction over the mutual insurance holding company, intermediate holding company subsidiaries with stock insurance subsidiaries, and stock insurance subsidiaries. Approval of a plan of operation may be conditioned on modifications deemed necessary by the Commissioner. If modifications are not made within 30 days, the plan is deemed to be denied. If the reorganization is not completed within 210 days of approval or conditional approval by the Commissioner, the approval expires unless the time period is extended by the Commissioner. The Commissioner may revoke approval if the applicant fails to comply with the plan of reorganization.

➢ ***G.S. 58-10-300. Special financial requirements.***

A mutual insurance holding company is subject to the provisions of the Insurance Holding Company System Regulatory Act, Article 19 of Chapter 58, but is not subject to the restrictions on investment activities by domestic insurers as provided in G.S. 58-19-10 of the Act. (G.S. 58-19-10 regulates the investment activities of domestic insurers, not insurance holding companies.)

This section also requires a mutual insurance holding company to do the following:

- Upon acquisition or plan to acquire more than 50% of a stock insurance company, submit to the Commissioner of a plan describing the membership interests of policyholders.
- Invest at least 50% or more of its net worth in insurance company subsidiaries, unless waived by the Commissioner.
- File a report with the Commissioner disclosing all material transactions (acquisition and disposition of assets, nonrenewal and cancellation of reinsurance).

➢ ***G.S. 58-10-315. Stock offerings.***

The Commissioner must give prior approval of all stock offerings of a mutual insurance holding company, and its insurance company subsidiaries, intermediate holding company subsidiaries, and any insurance company subsidiaries of an intermediate holding company subsidiary of a mutual insurance holding company. Applications for approval of a stock offering must include a description of the stock, the total number of shares to be issued, justification for offering price, and a description of rights afforded members of the mutual insurance holding company.

Planned stock offerings must:

- Prohibit officers, directors and insiders of the holding company and its subsidiaries and affiliates from purchase or ownership of shares in excess of 5% of the offering.
- Require that after the offering a majority of the Board of directors be persons who are not interested persons of the holding company or of an affiliated person of the company as defined under the Article.
- Provide for the holding company to adopt articles of incorporation prohibiting waiver of dividends from stock subsidiaries except under specified circumstances.
- Require that after the initial stock offering the boards of directors of each insurance company or intermediate holding company include at least three members who are not interested persons of the holding company. (This may be waived by the Commissioner.)
- Establish within the board of the offering corporation a pricing committee consisting exclusively of directors who are not members of management of the insurance company subsidiary.

Insurance company subsidiaries and intermediate holding company subsidiaries may only issue more than one class of stock if the mutual holding company retains at all times a majority of the voting stock and no class of common stock possesses a greater dividend or other rights than the mutual holding company's class of stock.

The Commissioner may establish a period for public comment on the proposed offering and may hold a public hearing. The offering may be approved if it: (1) complies with this Part; (2) the price is established by generally accepted market or industry practices; (3) the plan and offering will not unfairly impact the interests of mutual insurance holding company's members.

Approval of a stock offering under this section expires 120 days following approval, unless the Commissioner orders otherwise.

➢ ***G.S. 58-10-320. Regulation of holding company system.***

All material transactions (acquisition and disposition of assets, nonrenewal and cancellation of reinsurance) between or among subsidiaries and affiliates of a mutual insurance holding company must be approved by a majority of the board of directors of the mutual holding company. Also, if the Commissioner determines that a mutual holding company's activities have violated the General Statutes or the Administrative Code, the Commissioner may prohibit or order rescission of the transaction.

➢ ***G.S. 58-10-325. Reporting of stock ownership and transactions.***

Directors and officers of a mutual insurance holding company or its subsidiaries or affiliates who acquire beneficial ownership of any security issued by any intermediate holding company or any insurance company subsidiary must file a statement with the Commissioner within 15 days of the transaction.

EFFECTIVE DATE: The Proposed Committee Substitute for Senate Bill 647 is effective when it becomes law.

ASSUMPTIONS AND METHODOLOGY:

Revenue

With the Commissioner's approval, Senate Bill 647 authorizes a domestic mutual insurance company to form an insurance holding company based upon a mutual plan and continue its corporate existence as a stock insurance company subsidiary of the holding company. Also, Senate Bill 647 requires applicants seeking to form an insurance holding company to pay the Commissioner a fee of $250 for each limited application and $500 for each standard application under this section.

DOI reports that there are approximately 33 mutual insurance companies. Each of these companies could decide to submit an application. If these companies were to submit an application, DOI reports that it is uncertain as to whether these companies would choose the limited or standard application. The Department of Insurance (DOI) is not able to estimate the number or type of applications that it would receive under this bill.

Fiscal Research is not able to estimate the number of applications that would be filed under this bill or the revenue that would be generated. With that said—if the 33 mutual insurance companies were to submit a limited application, then $8,250 of revenue would be generated. If the 33 companies were to submit a standard limited application, then $16,500 of revenue would be generated. Within this scenario, Fiscal Research anticipates that the revenue generated from this bill could range from $0 to $16,550.

Any revenue that is generated from Senate Bill 647 would be deposited into the General Fund.

Expenditures

Senate Bill 647 allows DOI to hire experts to review the application or to review stock offerings. Because this expense would be billed to the applicable companies, Fiscal Research estimates that the reviews of applications or stock offering would have no fiscal impact on DOI or the State.

Under Senate Bill 647, DOI would also have to conduct a review of the financial condition of the mutual holding company's financial statements that would be filed annually as well as any transactions and filings that would have to be submitted pursuant to Article 19. DOI estimates that it would not be able to absorb the additional workload required by these reviews and would need an additional position.

Fiscal Research is not able to concur with DOI's assessment. Fiscal Research is not able to estimate the number of applications—and how many of these applications will be limited or standard—that DOI would receive under this bill. Therefore, it is not possible to determine whether or not DOI would require additional resources to administer this bill.

A BILL TO BE ENTITLED

AN ACT TO SPECIFY THE SECRETARY OF REVENUE'S AUTHORITY TO ADJUST THE NET INCOME OF A CORPORATION OR TO REQUIRE A CORPORATION TO FILE A COMBINED RETURN.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-130.6 is repealed.

SECTION 2. Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-130.5A. Secretary's authority to adjust net income or require a combined return.**

(a) Notice. – When the Secretary has reason to believe that any corporation so conducts its trade or business in such manner as to fail to accurately report its State net income properly attributable to its business carried on in the State through the use of transactions that lack economic substance or are not at fair market value between members of an affiliated group of entities, the Secretary may, upon written notice to the corporation, require any information reasonably necessary to determine whether the corporation's intercompany transactions have economic substance and are at fair market value and for the accurate computation of the corporation's State net income properly attributable to its business carried on in the State. The corporation must provide the information requested within 90 days of the date of the notice.

(b) Adjust Net Income. – If upon review of the information provided, the Secretary finds as a fact that the corporation's intercompany transactions lack economic substance or are not at fair market value, the Secretary may redetermine the State net income of the corporation properly attributable to its business carried on in the State under this section by (i) adding back, eliminating or otherwise adjusting intercompany transactions to accurately compute the corporation's State net income properly attributable to its business carried on in the State, or, if such adjustments are not adequate under the circumstances to redetermine State net income, (ii) requiring the corporation to file a return that reflects the net income on a combined basis of all members of its affiliated group that are conducting a unitary business. The Secretary shall consider and be authorized to use any reasonable method proposed by the corporation for redetermining its State net income attributable to its business carried on in the State. In determining whether the corporation's intercompany transactions lack economic substance or are not at fair market value, the Secretary shall consider each taxable year separately.

(c) Combined Return. – If the Secretary finds as a fact that a combined return is required, the Secretary may, upon written notice to the corporation, require the corporation to

submit the combined return and the corporation shall submit the combined return within 60 days of the date of the notice. The submission by the corporation of the combined return required by the Secretary shall not be deemed to be a return, or construed as an agreement by the corporation that an assessment based on the combined return is correct or that additional tax is due by the Secretary's deadline for submitting the combined return. The Secretary or the corporation may propose a combination of fewer than all members of the unitary group, and the Secretary shall be authorized to consider whether such proposed combination is a reasonable means of redetermining State net income; provided, however, the Secretary shall not require a combination of fewer than all members of the unitary group without the consent of the corporation.

(d) Written Statement of Findings. – If the Secretary makes an adjustment or requires a combined return under this section, the Secretary shall provide the corporation with a written statement containing detail of the facts, circumstances and reasons for which the Secretary has found as a fact that the corporation did not accurately report its State net income properly attributable to its business carried on in the State and the Secretary's proposed method for computation of the corporation's State net income.

(e) Members of Affiliated Group. – The Secretary may require a combined return under this section regardless of whether the members of the affiliated group are or are not doing business in this State.

(f) Economic Substance. – A transaction has economic substance if (i) the transaction, or the series of transactions of which the transaction is a part, has one or more reasonable business purposes other than the creation of state income tax benefits, and (ii) the transaction, or the series of transactions of which the transaction is a part, has economic effects beyond the creation of state income tax benefits. In determining whether a transaction has economic substance, all of the following applies:

(1) Reasonable business purposes and economic effects include, but are not limited to, any material benefit from the transaction, other than state income tax benefits not allowable under subdivision (3) of this subsection.

(2) In determining whether to require a combined return, whether the transaction has economic effects beyond the creation of state income tax benefits may be satisfied by demonstrating material business activity of the entities involved in the transaction.

(3) If state income tax benefits resulting from a transaction, or a series of transactions of which the transaction is a part, are consistent with legislative intent, such state income tax benefits shall be considered in determining whether such transaction has business purpose and economic substance.

(4) Centralized cash management of an affiliated group as defined in subsection (i) of this section shall not constitute evidence of an absence of economic substance.

(5) Achieving a financial accounting benefit shall not be taken into account as a reasonable business purpose for entering into a transaction if the origin of such financial accounting benefit is a reduction of state income tax.

(g) Allocation of Income and Deductions. – In determining whether transactions between members of the affiliated group of entities are not at fair market value, the Secretary shall apply the standards contained in the regulations adopted under Section 482 of the Code.

(h) Apportionment. – If the Secretary requires a combined return under this section, the combined State net income of the corporation and the members of the affiliated group of entities shall be apportioned to this State by use of an apportionment formula that accurately reports the State net income properly attributable to the corporation's business carried on in the State, and which fairly reflects the apportionment formula in G.S. 105-130.4 applicable to the corporation and each member of the affiliated group included in the combined return.

(i) Affiliated Group Defined. – For purposes of this section, an affiliated group is a group of two or more corporations or noncorporate entities in which more than fifty percent (50%) of the voting stock of each member corporation or ownership interest of each member non-corporate entity is directly or indirectly owned or controlled by a common owner or owners, either corporate or noncorporate, or by one or more of the member corporations or non-corporate entities. Nothing in this subsection shall be construed to limit or negate the Secretary's authority to add back, eliminate or otherwise adjust intercompany transactions involving the listed entities to accurately compute the corporation's State net income properly attributable to its business carried on in the State as provided in subsection (b) of this section.

The following entities shall not be included in a combined return:

(1) A corporation not required to file a federal income tax return.

(2) An insurance company, other than a captive insurance company, which is: (i) subject to tax under Article 8B of this Chapter, (ii) whose premiums are subject to tax under Article 21 of Chapter 58 or a similar tax in another state, or (iii) licensed as a reinsurance company. A "captive insurance company" means an insurer that is part of an affiliated group where the insurer receives more than fifty percent (50%) of its net written premiums or other amounts received as compensation for insurance from members of the affiliated group.

(3) A corporation exempt from taxation under Section 501 of the Code.

(4) An S-Corporation.

(5) A foreign corporation as defined in section 7701 of the Code, other than a domestic branch thereof.

(6) A partnership, limited liability company, or other entity not taxed as a corporation.

(7) A corporation with at least eighty percent (80%) of its gross income from all sources in the tax year being active foreign business income as defined in Section 861(c)(1)(B) of the Code as in effect as of July 1, 2009.

(j) Proposed Assessment or Refund. – If the Secretary redetermines the State net income of the corporation in accordance with this section by adjusting the State net income of the corporation or requiring a combined return, the Secretary shall issue a proposed assessment or refund upon making such redetermination. The procedures for a proposed assessment or a refund in Article 9 of Chapter 105 shall be applicable to proposed assessments and refunds made under this section.

(k) Penalties. – If a combined return required by this section is not timely submitted by a corporation, then the corporation is subject to the penalties provided in G.S. 105-236(a)(3). Penalties shall not be imposed on an assessment under this section except as expressly authorized in this section and in G.S. 105-236(a)(5)f.

(l) Advice. – A corporation may request in writing from the Secretary specific advice regarding whether a redetermination of the corporation's State net income or a combined return would be required under this section under certain facts and circumstances. The Secretary may request information from the taxpayer that is required to provide the specific advice. The Secretary shall provide the specific advice within 120 days of the receipt of the requested information from the taxpayer. G.S. 105-264 governs the effect of this advice.

(m) Extension. – The Secretary and the taxpayer may extend any time limit contained in this section by mutual agreement.

(n) Other Tax Adjustments. – Nothing in this section shall be construed to limit or negate the Secretary's authority to make tax adjustments as otherwise permitted by law.

(o) Appeals. – If the corporation appeals a final determination by the Department under this section to the Office of Administrative Hearings in a contested tax case, the administrative law judge shall review de novo (i) whether the separate income tax returns submitted by the

taxpayer fail to report State net income properly attributable to its business carried on in this State through the use of intercompany transactions that lack economic substance or are not at fair market value between members of an affiliated group of entities; (ii) whether the Department's means of determining the corporation's State net income under this section is an appropriate means of determining the corporation's State net income properly attributable to this State; and, (iii) if a combined return is required by the Department, whether adjustments other than requiring the corporation to file a return on a combined basis are adequate under the circumstances to redetermine State net income."

SECTION 3. G.S. 105-130.15(a) reads as rewritten:

"(a) The net income of a corporation shall be computed in accordance with the method of accounting it regularly employs in keeping its books. The method must be consistent with respect to both income and ~~deductions. If this method does not clearly reflect the income, the computation shall be made in accordance with a method that, in the Secretary's opinion, does clearly reflect the income, but~~ deductions and shall follow as nearly as practicable the federal practice, unless contrary to the context and intent of this Part.

The Secretary may adopt the rules and regulations and any guidelines administered or established by the Internal Revenue Service unless contrary to any provisions of this Part."

SECTION 4. G.S. 105-130.16 reads as rewritten:

"**§ 105-130.16. Returns.**

~~(a) Return.~~—Every corporation doing business in this State must file with the Secretary an income tax return showing specifically the items of gross income and the deductions allowed by this Part and any other facts the Secretary requires to make any computation required by this Part. The return of a corporation must be signed by its president, vice-president, treasurer, or chief financial officer. The officer signing the return must furnish an affirmation verifying the return. The affirmation must be in the form required by the Secretary.

~~(b) Correction of Distortions. When the Secretary has reason to believe that any corporation so conducts its trade or business in such manner as to either directly or indirectly distort its true net income and the net income properly attributable to the State, whether by the arbitrary shifting of income, through price fixing, charges for service, or otherwise, whereby the net income is arbitrarily assigned to one or another unit in a group of taxpayers carrying on business under a substantially common control, the Secretary may require any facts the Secretary considers necessary for the proper computation of the entire net income and the net income properly attributable to the State, and in determining these computations, the Secretary must have regard to the fair profit that would normally arise from the conduct of the trade or business.~~

~~(c) Other Corrections. When any corporation liable to taxation under this Part conducts its business in such a manner as to either directly or indirectly benefit the members or stockholders thereof or any person interested in the business by selling its products or goods or commodities in which it deals at less than the fair price which might be obtained therefor, or when a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income for either of the corporations, or when a corporation, owning directly or indirectly a substantial portion of the stock of another corporation, acquires and disposes of the products of the corporation of which it so owns a substantial portion of the stock in such manner as to create a loss or improper net income for either of the corporations, the Secretary may determine the amount of taxable income of the such corporations for the calendar or fiscal year, having due regard to the reasonable profits which, but for such arrangement or understanding, might or could have been obtained by the corporations liable to taxation under this Part from dealing in such products, goods or commodities."~~

SECTION 5. G.S. 105-236(a)(5)f. reads as rewritten:

"(a) Penalties. – The following civil penalties and criminal offenses apply:

...

(5) Negligence. –

...

f. Consolidated or combined return. – The amount of tax shown as due on a consolidated or combined return filed at the request of the Secretary under Part 1 of Article 4 of this Chapter is not considered a deficiency and is not subject to this subdivision unless one or more of the following applies:

1. The return is an amended consolidated or combined return that includes the same corporations as the initial consolidated or combined return filed at the request of the Secretary. In this case the deficiency is the extent to which the amount shown as due on the amended return exceeds the amount shown as due on the initial return.

~~2. The Secretary has adopted permanent rules in accordance with G.S. 105-262 that describe the facts and circumstances under which the Secretary will require a consolidated or combined return under G.S. 105-130.6, and the Secretary requires the taxpayer to file a consolidated or combined return under that statute because the taxpayer's facts and circumstances meet those described in the rules.~~

3. Pursuant to a written request from a taxpayer, the Secretary has provided written advice to that taxpayer stating that the Secretary will require a consolidated or combined return under the facts and circumstances set out in the request, and the Secretary requires a taxpayer to file a consolidated or combined return under ~~G.S. 105-130.6~~ G.S. 105-130.5A because the taxpayer's facts and circumstances meet those described in the written advice."

SECTION 6. G.S. 105-264 is amended by adding a new subsection to read:

"(d) Fee. – The Secretary may charge a fee for providing specific written advice at the request of a taxpayer. The fee is a receipt of the Department and must be applied to the costs of providing the specific advice. The proceeds of the fee must be credited to a special account within the Department and do not revert but remain in the special account until spent by the Department for the costs of providing the specific advice. The Secretary may adopt a tiered fee structure based on the taxpayer's income or gross receipts, the relative complexity of the advice requested, or the tax schedule for which advice is requested. The fee shall not be less than one hundred dollars ($100.00) or more than five thousand dollars ($5,000). The fee may be waived by the Secretary."

SECTION 7. The date by which the Department must issue a final determination under G.S. 105-241.14 for any request for review pending as of the effective date of this act under G.S. 105-130.6 is extended until June 30, 2012.

SECTION 8. This act is effective when it becomes law and applies to assessments and requests for refunds which have not become final by the issuance of a final decision of the Department of Revenue in a contested case commenced at the Office of Administrative Hearings pursuant to G.S. 105-241.15 as of the effective date of this act. This act does not apply to taxes and penalties that are the subject of pending litigation in the General Court of Justice as of the effective date of this act, and shall not be construed to affect the interpretation of any statute that is the subject of pending litigation in the General Court of Justice or an

appeal from a final decision by the Court of General Justice, or to affect any other aspect of such pending litigation.

Forced Combinations in North Carolina

Addressing the Issues---
Fixing the Problem

A Summary of PCS HB 619

Michael A. Hannah, Esq., CPA
Senate Finance Committee
Tax Counsel
June 8, 2011

The Problem

- North Carolina is a "separate entity" state"--- corporations file separate tax returns even if they are related to or owned by other corps that also file tax returns in the state
- Modern corporations commonly use multiple related entities and intercompany transactions for legitimate business reasons other than tax reduction
- But "separate entity" states, including NC, have had problems with some related corporations using intercompany transactions to artificially reduce income taxes

The Problem

- NC has 3 different statutes written in the 1930's being applied by NCDOR in the new & changed economy to complicated corporate structures with varied fact patterns
- These statutes give NCDOR nearly unlimited authority to require separate but related corporations to file combined returns because of intercompany transactions that improperly reduce NC taxable income
- Statutes are outdated and contain many undefined, nebulous and confusing terms

The Problem

- Forced combination statutes were infrequently enforced by NCDOR prior to 2001, so there is little guidance available to interpret the statutes
- NCDOR has not issued formal guidelines regarding how it interprets the existing statutes despite repeated requests from taxpayers and practitioners
- 5 years of litigating two cases involving the issue, but there remain many questions and confusion among corporate taxpayers

The Problem

- Wal-Mart decision did little to clarify the definition of terms used in current statute
- Judges have no clear guidelines and standards by which to decide cases and apply the current confusing statute
- Even if NCDOR wins current litigation, other taxpayers could appeal their own cases
- Taxpayers are confused and frustrated by absence of guidelines and lack of certainty when preparing tax returns and financial statements

What Can Be Done?

- Secretary should have authority to adjust intercompany transactions or require combined returns in reasonably defined situations to prevent abusive tax planning
- Taxpayers should be able to arrange their corporate affairs as they choose within reasonable guidelines and have certainty regarding how to properly file tax returns in NC & prepare financial statements without going to court

The Proposed Answer

- Give Secretary clear authority to adjust intercompany transactions or require combined returns when intercompany transactions do not meet reasonable standards established by statute
- Require corporate intercompany transactions to meet established standards similar to those in the Internal Revenue Code and related regulations to prevent artificial reduction of NC taxable income

How the Proposed Statute Works

- G.S. §105-130.6 completely rewritten
- Secretary can request additional information from corporation when he believes NC net income has not been correctly reported because of intercompany transactions
- Secretary must provide written statement to taxpayer with facts and reasons for proposing adjustments to taxable income or requiring a combined return
- Intercompany transactions must have economic substance AND be at fair market value as determined in IRC §482 regulations

How the Proposed Statute Works

- If intercompany transactions don't have economic substance, or are not at fair market value, Secretary may add back, eliminate or adjust transactions OR
- require a combined return if adjustments are insufficient to report correct NC income
- Transactions must meet both economic substance and fair market value tests

How the Proposed Statute Works

- Defines Economic Substance ---
- An intercompany transaction has economic substance if it has a reasonable business purpose other than the creation of state income tax benefits, AND the transaction has some economic effect other than creation of state tax benefits
- Defines Fair Market Value--- as determined under the regulations for §482 of the Internal Revenue Code

How the Proposed Statute Works

- Reasonable business purpose and economic effects include material benefits from the transaction other than state income tax benefits
- Material business activity of entities involved in a transaction is a factor in determining economic effects
- State tax benefits consistent with legislative intent is a factor in determining business purpose and economic substance

How the Proposed Statute Works

- Required combined return must include all members of taxpayer's unitary group in U.S. unless taxpayer and NCDOR agree to some other combination of entities
- Some entities specifically excluded from the combined return: exempt corporations, regular insurance companies (not captives); exempt corps, S-corps, foreign corps (except U.S. divisions), partnerships, LLC's

How the Proposed Statute Works

- If taxpayer fails to file the required combined return as requested, the Secretary may impose failure to file penalties
- Taxpayers may seek, and Secretary must provide within 120 days, written advice regarding whether adjustments to intercompany transactions or a combined return will be required under the new standards

How the Proposed Statute Works

- Wording of G.S. §105-130.15 and G.S. §105-130.16 are changed to remove references to Secretary's income adjustment authority and put that authority into one statute with defined terms and some guidelines
- Penalties are only appropriate in limited situations
- Clarify statutory intent, eliminate duplicity, provide a reasonable standard, consistency & guidance to taxpayers

How the Proposed Statute Works

- The new standards and guidelines will apply to assessments and requests for refund that are not yet finalized by the issuance of a final decision of the Secretary in a contested case commenced at the Office of Administrative Hearings
- Pending litigation will not be affected by the changes

SENATE BILL 181

Agriculture/Environment/Natural Resources Committee Substitute Adopted 6/6/11

Short Title: Underground Storage Tank Prgrm. Amends. (Public)

Sponsors:

Referred to:

March 3, 2011

A BILL TO BE ENTITLED

AN ACT TO MAKE VARIOUS CHANGES TO THE LAWS GOVERNING THE STATE'S UNDERGROUND STORAGE TANK PROGRAM AND PETROLEUM DISCHARGES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 143-215.3(a) reads as rewritten:

"(a) Additional Powers. – In addition to the specific powers prescribed elsewhere in this Article, and for the purpose of carrying out its duties, the Commission shall have the power:

...

(15) To adopt rules for the prevention of pollution from underground tanks containing petroleum, petroleum products, or hazardous substances. Rules adopted under this section may not incorporate standards and restrictions which exceed ~~and~~ or are more comprehensive than comparable federal regulations.

(16) To adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing phosphorus pursuant to G.S. 143-214.4(e), and to adopt rules limiting the manufacture, storage, sale, distribution or use of cleaning agents containing nitrilotriacetic acid.

(17) To adopt rules to implement Part 2A of Article 21A of Chapter 143.

(18) To adopt rules pertaining to the discharge or release of petroleum, from any source, which provide for risk-based assessment and cleanup."

SECTION 2. G.S. 143-215.94B(b) reads as rewritten:

"(b) The Commercial Fund shall be used for the payment of the following costs up to an aggregate maximum of one million dollars ($1,000,000) per occurrence resulting from a discharge or release of a petroleum product from a commercial underground storage tank:

...

(8) The costs of a site investigation required by the Department for the purpose of determining whether a release from a tank system has occurred, whether or not the investigation confirms that a release has occurred."

SECTION 3. G.S. 143-215.94B(b1) reads as rewritten:

"(b1) In the event that two or more discharges or releases at any one facility, the first of which was discovered or reported on or after 30 June 1988, result in more than one plume of soil, surface water, or groundwater contamination, the Commercial Fund shall be used for the payment of the costs of the cleanup of environmental damage as required by G.S. 143-215.94E(a) in excess of the multiple discharge amount up to the applicable aggregate maximum specified in subsections (b) and (b2) of this section. The multiple discharge amount shall be calculated as follows:

(1) Each discharge or release shall be considered separately as if it were the only discharge or release, and the cost for which the owner or operator is responsible under subdivisions (1), (2), (2a), or (3) of subsection (b) of this section, whichever are applicable, shall be determined for each discharge or release. For each discharge or release for which subdivision (4) of subsection (b) of this section is applicable, the cost for which the owner or operator is responsible, for the purpose of this subsection, shall be seventy-five thousand dollars ($75,000). For purposes of this subsection, two or more discharges or releases that result in a single plume of soil, surface water, or groundwater contamination shall be considered as a single discharge or release.

(2) The multiple discharge amount shall be the lesser of:

a. The sum of all the costs determined as set out in subdivision (1) of this subsection; or

b. The product of the highest of the costs determined as set out in subdivision (1) of this subsection multiplied by one and one-half (1½).

(3) If in the process of investigating a discharge or release from an underground storage tank system an owner or operator discovers a separate discharge or release for which the owner or operator is not responsible, the responsible party cannot be identified, and the releases are commingled, the owner or operator may elect to clean up both releases, in which case the amount the owner or operator is responsible for shall be the lesser of the applicable costs under subdivision (1), (2), (2a), (3), or (4) of subsection (b) of this section, whichever are applicable."

SECTION 4.(a) G.S. 143-215.94B is amended by adding a new subsection to read:

"(b5) In the event a discharge or release of petroleum from an underground storage tank results in contamination in soil or groundwater that becomes commingled with contamination that is the result of a discharge or release of petroleum from another source, the Commercial Fund may be used to reimburse an owner, operator, or landowner that is otherwise eligible for reimbursement and proceeds with cleanup pursuant to this Part for any costs in accordance with subsection (b1) of this section."

SECTION 4.(b) G.S. 143-215.94B(d) reads as rewritten:

"(d) The Commercial Fund shall not be used for:

(1) Costs incurred as a result of a discharge or release from an aboveground tank, aboveground pipe or fitting not connected to an underground storage tank, or ~~vehicle.~~vehicle, unless the discharge or release becomes commingled with contamination from an underground storage tank.

...."

SECTION 4.(c) G.S. 143-215.94D(d) reads as rewritten:

"(d) The Noncommercial Fund shall not be used for:

(1) Costs incurred as a result of a discharge or release from an aboveground tank, aboveground pipe or fitting not connected to an underground storage tank, or ~~vehicle.~~ vehicle, unless the discharge or release becomes commingled with contamination from an underground storage tank.

...."

SECTION 5. G.S. 143-215.94B is amended by adding a new subsection to read:

"(i) During each fiscal year, the Department shall use up to one million dollars ($1,000,000) of the funds in the Commercial Fund to fund necessary assessment and cleanup to be conducted by the Department of discharges or releases for which a responsible party has

been identified but for which the responsible party can demonstrate that undertaking the costs of assessment and cleanup will impose a severe financial hardship. The Commission shall adopt rules to define severe financial hardship; establish criteria for assistance due to severe financial hardship pursuant to this section; and establish a process for evaluation and determinations of eligibility with respect to applications for assistance due to severe financial hardship. The rules shall provide that the determinations of eligibility shall be made by the Petroleum Underground Storage Tank Funds Council established under G.S. 143-215.94O."

SECTION 6. G.S. 143-215.94C reads as rewritten:

"**§ 143-215.94C. Commercial leaking petroleum underground storage tank cleanup fees.**

(a) For purposes of this subsection, each compartment of a commercial underground storage tank that is designed to independently contain a petroleum product is a separate petroleum commercial underground storage tank. The owner or operator of a commercial petroleum underground storage tank shall pay to the Secretary for deposit into the Commercial Fund an annual operating fee of four-hundred twenty dollars ($420.00) for each petroleum commercial underground storage tank.

(a1) Payment of a fee shall not be required for a compartment of a commercial underground storage tank that has not contained a petroleum product at any point during the applicable calendar year. The owner or operator of a commercial petroleum underground storage tank that does not pay an annual operating fee for a compartment pursuant to this subsection shall complete and submit an attestation under penalty of perjury that the compartment for which a fee is not paid did not contain a petroleum product at any point during the applicable calendar year. A compartment for which an annual operating fee is not paid is ineligible for reimbursement of any costs associated with a discharge or release from the compartment from the Commercial Leaking Petroleum Underground Storage Tank Fund.

(b) The annual operating fee shall be determined on a calendar year basis. For petroleum commercial underground storage tanks in use on 1 January and remaining in use on or after 1 December of that year, the annual operating fee due for that year shall be as specified in subsection (a) of this section. For a petroleum commercial underground storage tank that is first placed in service in any year, the annual operating fee due for that year shall be determined by multiplying one-twelfth (1/12) of the amount specified in subsection (a) of this section by the number of months remaining in the calendar year. For a petroleum commercial underground storage tank that is permanently removed from service in any year, the annual operating fee due for that year shall be determined by multiplying one-twelfth (1/12) of the amount specified in subsection (a) of this section by the number of months in the calendar year preceding the permanent removal from use. In calculating the pro rata annual operating fee for a tank that is first placed in use or permanently removed during a calendar year under the preceding two sentences, a partial month shall count as a month, except that where a tank is permanently removed and replaced by another tank, the total of the annual operating fee for the tank that is removed and the replacement tank shall not exceed the annual operating fee for the replacement tank. The annual operating fee shall be due and payable in equal installments on a quarterly basis on the first day of the month of each quarter in accordance with a staggered schedule established by the ~~Department. The~~ Department ~~shall implement a staggered schedule to the end~~in order that the total amount of fees to be collected by the Department is approximately the same each quarter. A person who owns or operates more than one petroleum commercial underground storage tank may request that the fee for all tanks be due at the same time. The fee for all commercial underground storage tanks located at the same facility shall be due at the same time. A person who owns or operates 12 or more commercial petroleum storage tanks may request that the total of all fees be paid in four equal payments to be due on the first day of each calendar quarter, provided that the fee for all commercial underground storage tanks located at the same facility shall be due at the same time.

...."

SECTION 7. G.S. 143-215.94T reads as rewritten:

"**§ 143-215.94T. Adoption and implementation of regulatory program.**

...

(c) Rules adopted pursuant to subdivision (13) of subsection (a) of this section shall require secondary containment for all components of underground storage tank systems, including, but not limited to, tanks, piping, fittings, pump heads, and dispensers. Secondary containment requirements shall include standards for double wall tanks, piping, and fittings and for sump containment for pump heads and dispensers. The rules shall provide for monitoring of double wall interstices and sump containments. The rules shall apply to any underground storage tank system that is installed on or after the date on which the rules become effective and to the replacement of any component of an underground storage tank system on or after that date. This section shall not be construed to limit the right of an owner or operator to repair any existing component of an underground storage tank system. If an existing underground storage tank is replaced, the secondary containment and interstitial monitoring requirements shall apply only to the replaced underground tank. Likewise, if existing piping is replaced, the secondary containment and interstitial monitoring requirements shall apply only to the replaced piping.

(d) The Department shall allow non-tank unprotected metallic components that are visible or can be accessed for visual inspection, including flex connectors and other metal fittings and connectors at the ends of piping runs, to have corrosion protection added as an alternative to replacement of these components if the component does not have visible corrosion and passes a tightness test."

SECTION 8.(a) Notwithstanding 15A NCAC 02N .0304(a)(5) (Implementation Schedule for Performance Standards for New UST Systems and Upgrading Requirements for Existing UST Systems Located in Areas Defined in Rule .0301(d)), all UST systems installed after January 1, 1991, shall not be required to provide secondary containment until January 1, 2020.

SECTION 8.(b) Notwithstanding 15A NCAC 02N .0304(a)(5) (Implementation Schedule for Performance Standards for New UST Systems and Upgrading Requirements for Existing UST Systems Located in Areas Defined in Rule .0301(d)), the Commission shall establish a process for the grant of variances from the setbacks required for UST systems from certain public water supply wells, particularly those that serve only a single facility which are not community water systems, if the Commission finds facts to demonstrate that such variance will not endanger human health and welfare or groundwater.

SECTION 8.(c) No later than January 1, 2012, the Environmental Management Commission shall adopt rules consistent with the provisions of Section 8(a) and Section 8(b) of this act. Notwithstanding G.S. 150B-19(4), the rules adopted by the Commission pursuant to this section shall be substantively identical to the provisions of Section 8(a) and Section 8(b) of this act.

SECTION 9. G.S. 143-215.94V reads as rewritten:

"**§ 143-215.94V. Standards for petroleum underground storage tank cleanup.**

(a) Legislative findings and intent.

(1) The General Assembly finds that:

a. The goals of the underground storage tank program are to protect human health and the environment. Maintaining the solvency of the Commercial Fund and the Noncommercial Fund is essential to these goals.

b. The sites at which discharges or releases from underground storage tanks occur vary greatly in terms of complexity, soil types, hydrogeology, other physical and chemical characteristics, current

and potential future uses of groundwater, and the degree of risk that each site may pose to human health and the environment.

c. Risk-based corrective action is a process that recognizes this diversity and utilizes an approach where assessment and remediation activities are specifically tailored to the conditions and risks of a specific site.

d. Risk-based corrective action gives the State flexibility in requiring different levels of cleanup based on scientific analysis of different site characteristics, and allowing no action or no further action at sites that pose little risk to human health or the environment.

e. A risk-based approach to the cleanup of environmental damage can adequately protect human health and the environment while preventing excessive or unproductive cleanup efforts, thereby assuring that limited resources are directed toward those sites that pose the greatest risk to human health and the environment.

(2) The General Assembly intends:

a. To direct the Commission to adopt rules that will provide for risk-based assessment and cleanup of discharges and releases ~~from petroleum underground storage tanks.~~of petroleum. These rules are intended to combine groundwater standards that protect current and potential future uses of groundwater with risk-based analysis to determine the appropriate cleanup levels and actions.

b. That these rules apply to all discharges or releases that are reported on or after the date the rules become effective in order to ascertain whether cleanup is necessary, and if so, the appropriate level of cleanup.

c. That these rules may be applied to any discharge or release that has been reported at the time the rules become effective at the discretion of the Commission.

d. That these rules and decisions of the Commission and the Department in implementing these rules facilitate the completion of more cleanups in a shorter period of time.

e. That neither the Commercial Fund nor the Noncommercial Fund be used to clean up sites where the Commission has determined that a discharge or release poses a degree of risk to human health or the environment that is no greater than the acceptable level of risk established by the Commission.

f. Repealed by Session Laws 1998-161, s. 11(c), effective retroactively to January 1, 1998.

g. That the Commercial Fund and the Noncommercial Fund be used to perform the most cost-effective cleanup that addresses imminent threats to human health and the environment.

(b) The Commission shall adopt rules to establish a risk-based approach for the assessment, prioritization, and cleanup of discharges and releases ~~from petroleum underground storage tanks.~~ of petroleum. The rules shall address, at a minimum, the circumstances where site-specific information should be considered, criteria for determining acceptable cleanup levels, and the acceptable level or range of levels of risk to human health and the environment. Rules that use the distance between a source area of a confirmed discharge or release to a water supply well or a private drinking water well, as those terms are defined under G.S. 87-85, shall include a determination whether a nearby well is likely to be affected by the discharge or release as a factor in determining levels of risk.

(c) The Commission may require an owner or operator or a landowner eligible for payment or reimbursement under subsections (b), (b1), (c), and (c1) of G.S. 143-215.94E to provide information necessary to determine the degree of risk to human health and the environment that is posed by a discharge or release from a petroleum underground storage and to identify the most cost-effective cleanup that addresses imminent threats to human health and the environment.

(d) If the Commission concludes that a discharge or release poses a degree of risk to human health or the environment that is no greater than the acceptable level of risk established by the Commission, the Commission shall notify an owner, operator, or landowner who provides the information required by subsection (c) of this section that no cleanup, further cleanup, or further action will be required unless the Commission later determines that the discharge or release poses an unacceptable level of risk or a potentially unacceptable level of risk to human health or the environment. If the Commission concludes that a discharge or release poses a degree of risk to human health or the environment that requires further cleanup, the Commission shall notify the owner, operator, or landowner who provides the information required by subsection (c) of this section of the cleanup method approved by the Commission as the most cost-effective cleanup method for the site. This section shall not be construed to prohibit an owner, operator, or landowner from selecting a cleanup method other than the cost-effective cleanup method approved by the Commission so long as the Commission determines that the alternative cleanup method will address imminent threats to human health and the environment.

(e) If the Commission concludes under subsection (d) of this section that no cleanup, no further cleanup, or no further action will be required, the Department shall not pay or reimburse any costs otherwise payable or reimbursable under this Article from either the Commercial or Noncommercial Fund, other than reasonable and necessary to conduct the risk assessment required by this section, unless:

(1) Cleanup is ordered or damages are awarded in a finally adjudicated judgment in an action against the owner or landowner.

(2) Cleanup is required or damages are agreed to in a consent judgment approved by the Department prior to its entry by the court.

(3) Cleanup is required or damages are agreed to in a settlement agreement approved by the Department prior to its execution by the parties.

(4) The payment or reimbursement is for costs that were incurred prior to or as a result of notification of a determination by the Commission that no cleanup, no further cleanup, or no action is required.

(5) The payment or reimbursement is for costs that were incurred as a result of a later determination by the Commission that the discharge or release poses a threat or potential threat to human health or the environment as provided in subsection (d) of this section.

(e1) If the Commission concludes under subsection (d) of this section that further cleanup is required and notifies the owner, operator, or landowner of the cleanup method approved by the Commission as the most cost-effective cleanup method for the site, the Department shall not pay or reimburse any costs otherwise payable or reimbursable under this Article from either the Commercial Fund or Noncommercial Fund, other than those costs that are reasonable and necessary to conduct the risk assessment and to implement the cost-effective cleanup method approved by the Commission. If the owner, operator, or landowner selects a cleanup method other than the one identified by the Commission as the most cost-effective cleanup, the Department shall not pay or reimburse for costs in excess of the cost of implementing the approved cost-effective cleanup.

(f) This section shall not be construed to limit the authority of the Commission to require investigation, initial response, and abatement of a discharge or release pending a

determination by the Commission under subsection (d) of this section as to whether cleanup, further cleanup, or further action will be required.

(g) Subsections (c) through (e1) of this section apply only to assessments and cleanups in progress or begun on or after 2 January 1998.

(h) If a discharge or release of petroleum from an underground storage tank results in contamination in soil or groundwater that becomes commingled with contamination that is the result of a discharge or release of petroleum from a source of contamination other than an underground storage tank, the cleanup of petroleum may proceed under rules adopted pursuant to this section. ~~The Department shall not pay or reimburse any costs associated with the assessment or remediation of that portion of contamination that results from a release or discharge of petroleum from a source other than an underground storage tank from either the Commercial Fund or the Noncommercial Fund.~~"

SECTION 10.(a) Notwithstanding subsection (a) of 15A NCAC 02N .0903 (Underground Storage Tanks: Tanks), from the effective date of this act the Department of Environment and Natural Resources shall not prohibit the use of tanks that are constructed of steel and cathodically protected as provided in 40 Code of Federal Regulations § 280.20(a)(2) (July 1, 2010 Edition) in order to meet the external corrosion protection standards of that rule.

SECTION 10.(b) No later than January 1, 2012, the Environmental Management Commission shall adopt rules consistent with the provisions of Section 10(a) of this act. Notwithstanding G.S. 150B-19(4), the rules adopted by the Commission pursuant to this section shall be substantively identical to the provisions of Section 10(a) of this act.

SECTION 11. This act is effective when it becomes law and applies to assessments that are initiated on or after that date, except that (i) Section 3 applies to discharges or releases discovered or reported on or after January 1, 2009, and (ii) G.S. 143-215.94V(c1), as enacted by Section 9 of this act, applies to discharges or releases reported on or before January 2, 1998.

EFFECTIVE DATE: Effective when becomes law and applies to assessments initiated on or after that date, except for Section 3 (applies to discharges discovered or reported on or after January 1, 2009) and Section 9 (applies to discharges reported on or before January 1, 1998).

BILL SUMMARY:

Section 1 – Power of EMC with regard to tanks.
The PCS for SB 181 amends powers granted to the Environmental Management Commission (EMC) with respect to underground storage tanks (USTs) as follows:

- **State rules relative to federal law:** currently the statutes explicitly provide that the rules may incorporate standards and restrictions which exceed and are more comprehensive than federal regulations. The PCS *prohibits* EMC from adopting standards or restrictions that exceed or are more comprehensive than comparable federal regulations.
- **Use of risk-based assessment:** Current rules allow use of risk-based assessment and cleanup only for discharges resulting from underground storage tanks. The PCS directs EMC to adopt rules that provide for risk-based assessment and cleanup for discharges of petroleum resulting from *any* source.

Section 2 – Reimbursement for costs of investigation.
Currently, site investigation costs are reportedly not reimbursed for investigations that do not confirm a discharge. The PCS clarifies that costs associated with a site investigation that is required by the Department of Environment and Natural Resources (Department) for the purpose of determining whether a discharge from a tank system has occurred *are* reimbursable, whether or not the investigation confirms that a discharge has occurred.

Section 3 – Reimbursement of costs for multiple discharges at same facility.
Currently, if two or more discharges are discovered at one facility, whether or not both are caused by the current owner or operator, if the current owner or operator elects to cleanup both discharges the owner or operator must pay a deductible for each discharge. The amount of the deductible is determined based on the nature of the discharge, and, depending on the nature of the discharge, a portion of the reasonable and necessary costs of the cleanup. The PCS amends the statute governing the reimbursement of costs from the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund ("Commercial LUST Fund") for cleanup of multiple discharges at the same facility. The PCS would provide that if an owner or operator discovers a separate discharge *for which the owner or operator is not responsible*, the responsible party for the other discharge cannot be identified, and the discharges are comingled, the owner or operator may elect to cleanup both discharges in which case the amount the owner or operator is responsible for would be the lesser of those deductibles applicable to the discharges.

Section 4 – Reimbursement for cleanup of petroleum discharges from sources other than USTs if comingled with UST discharges.
Currently, the Department is prohibited from using either the Commercial or the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund ("Noncommercial LUST Fund") to pay or reimburse any costs associated with the assessment or remediation of that portion of contamination which results from a discharge of petroleum from a source other than an UST. The PCS makes changes to the General Statutes to provide that both the Commercial and Noncommercial LUST Funds will be used for the payment of the costs of cleanup of contamination in soil or groundwater that results from comingling of a discharge of petroleum from a UST and a discharge of petroleum from another source (from an aboveground tank, for example).

Section 5 – Establish process to assist in cases of severe financial hardship.
The PCS for SB 181 requires the Department to use up to $1,000,000 of the funds in the Commercial LUST Fund to fund necessary assessment and cleanup. The assessment and cleanup are to be conducted by the Department for discharges for which a responsible party has been identified but for which the responsible party can demonstrate that undertaking the costs of assessment and cleanup will impose a severe financial hardship. The provision directs EMC to adopt rules in this regard, which, among other things, would provide that determinations of eligibility for such assistance would be made by the Petroleum Underground Storage Tank Funds Council.

Section 6 – Annual operating fees.
Currently the applicable statute provides that each compartment of a commercial UST that is designed to independently contain a petroleum product is a separate UST, and that an annual operating fee of $420 for each compartment must be paid once yearly.
The PCS provides (1) that annual operating fees are due *only* for commercial tanks that have contained a petroleum product at any point during the year to which the fee is applicable, but not for individual compartments of a UST that have not contained a petroleum product during the applicable year; and, (2) that payment of annual operating fees applicable to USTs would be payable on a *quarterly* basis in equal installments.

Section 7 – Certain requirements for USTs.
Currently, State rules on secondary containment do not allow an owner to repair only a section of piping; rather, the entire piping run must be replaced and brought into compliance with the rules requiring secondary containment.
The PCS amends the statute that mandates adoption of rules to require secondary containment for all components of USTs to clarify that the provision is not to be construed to limit the right of an owner or operator to repair any existing component of a UST. Under the provision, if an existing UST is replaced, the secondary containment and interstitial monitoring requirements would only apply to the replaced tank. Likewise, if existing piping is replaced, the secondary containment and interstitial monitoring requirements would only apply to the replaced piping. This provision brings State law into line with Federal law.

Federal regulations require all metallic components of UST systems to be protected from corrosion. Corrosion protection can be added to unprotected metal tanks if the integrity of the tank walls is sufficient to prevent the tanks from leaking and to allow the addition of corrosion protection. For other metallic components (such as piping, metal elbows, valves, and flex connectors) there is no cost-effective test to measure the amount of corrosion damage in order to know whether a discharge is imminent. According to DENR, if it an unprotected metallic component is found during a compliance inspection, the remedy typically has been to replace the component and add corrosion protection. Since November 1, 2007, State law has required secondary containment for new and replacement components of UST system which can add significant costs.
The PCS requires DENR to allow non-tank unprotected metallic components that are visible or can be accessed for visual inspection, including flex connectors and other metal fittings and connectors at the ends of piping runs, to have corrosion protection added as an alternative to replacement of

these components if the component does not have visible corrosion and passes a tightness test.

Section 8 – Well setback requirements for USTs.
In 1991, the State adopted rules requiring a 500-foot separation between petroleum UST systems and public water supply wells and certain critical surface waters. The separation distance can be reduced if the UST system has secondary containment. These setbacks applied immediately to UST systems installed after 1991 and were phased in for existing UST systems. Under current rules, the final deadline for tanks to meet the well setback requirements or provide secondary containment for the system is January 1, 2016. This final deadline applies to a small category of tanks installed after the 1991 rules went into effect, but which did not comply with the rules at the time of installation. In the meantime, those tank owners have been required to check twice a year for petroleum discharges. According to the Department, of the nearly 9,000 UST facilities in North Carolina, most have met the requirement. For a few of those remaining facilities, the costs of upgrading to meet the setback requirement may force the UST owner to either stop operating the UST system or close the well.
The PCS (1) extends the final deadline of a rule requiring certain USTs to meet well setback requirements or provide secondary containment for the system from January 1, 2016 to January 1, 2020; and (2) requires EMC to establish a variance process applicable to the setbacks required for UST systems from certain public water supply wells, particularly those that serve only a single facility which are not community water systems, if EMC finds facts to demonstrate that such variance will not endanger human health and welfare or groundwater.

Section 9 – Standards for cleanup.
The PCS allows for risk-based assessment and cleanup for discharges of petroleum from *any* source.
Use of proximity to wells in determining risk of discharges: Currently, State rules provides the criteria by which the Department classifies sites as high, intermediate, or low risk. Under the rule, a site must be classified as high risk if, among other things: (i) a water supply well, including one used for non-drinking purposes, has been contaminated by the discharge; (ii) a water supply well used for drinking water is located within 1,000 feet of the source area of a confirmed discharge; or, (iii) a water supply well not used for drinking water is located within 250 feet of the source area of a confirmed discharge.
The PCS provides that the rule that uses the distance between a source area of a confirmed discharge to a water supply well or a private drinking water well to determine the risk of a discharge must include a determination whether a nearby well is likely to be affected by the discharge as a factor in determining the level of risk.
Time limitation for information to be requested: Currently, statute authorizes EMC to require an owner/operator eligible for reimbursement for cleanup of a UST to provide information necessary to determine the degree of risk to human health and the environment that is posed by a discharge from the UST and to identify the most cost-effective cleanup that addresses imminent threats to human health and the environment. The statutes currently impose no time limitation on EMC's ability to require information on sites from a responsible party.
The PCS amends this provision to provide that if EMC fails to require a responsible party to provide such information within three years of the date the discharge is reported, EMC must notify the party that no cleanup, further cleanup, or further action will be required unless EMC later determines that the discharge poses an unacceptable level of risk or a potentially unacceptable

level of risk to human health or the environment. Recordation of a notice of residual petroleum would be required in such cases. The new provision would only apply to discharges at which initial abatement activities, recovery of any free product resulting from the discharge, and investigation or assessment have occurred in compliance with the provisions of this Article, the rules adopted thereunder, and requirements under federal law.

Section 10 – Allow cathodically protected steel tanks.
State rules currently prohibit the use of cathodically protected steel tanks to meet the external corrosion protection standards of that rule. Such tanks are, however, acceptable under federal law. The PCS provides that, from the effective date of the PCS, the Department must not prohibit the use of such tanks, and requires EMC to adopt rules accordingly by January 1, 2012.

Section 11 – Effective date.
The PCS would make the bill effective when it becomes law and apply to assessments that are initiated on or after that date, except that: (i) Section 3 would apply to discharges discovered or reported on or after January 1, 2009; and (ii) G.S. 143-215.94V(c1) as enacted by Section 9 of the PCS would apply to discharges reported on or before January 1, 1998.

ASSUMPTIONS AND METHODOLOGY:

Background
The Commercial and Non-Commercial Leaking Underground Storage Tank Cleanup Funds are special funds that are used to reimburse owners/operators of commercial leaking petroleum USTs for assessment and costs incurred during the cleanup of soil and groundwater contamination resulting from a release of petroleum from an underground storage tank. The Funds are supported by a portion of the gas tax, a portion of the gas inspection tax, and permits/deductibles paid by owners/operators.

Section 2
Currently, site investigation costs are not reimbursed for investigations that do not confirm a discharge. The PCS for SB 181 clarifies that costs associated with a site investigation that is required by DENR for the purpose of determining whether a discharge from a tank system has occurred *are* reimbursable, whether or not the investigation confirms that a discharge has occurred. DENR reports that it has received approximately 50 site checks per year over the past five years, of which 90% have resulted in discoveries of releases which allow the costs of many of the site check tasks to be reimbursed from the Funds. Due to the variety of the complexity and amount of work required at each site, there is no standard "reasonable rate" for a site check, but recent site checks processed by DENR have ranged from $5,000 to $15,000. Therefore the total spent by UST owners ranged from $250,000 (50*$5,000) to $750,000 (50*$15,000) per year. Of these amounts, between $112,500 and $337,500 has been reimbursed to eligible tank owners. The difference between these amounts would increase payouts from the Funds between $137,500 ($250,000 - $112,500) and $412,500 ($750,000 - $337,500) per year, or an average of $275,000 per year.

Section 4

The PCS makes changes to the General Statutes to provide that both the Commercial and Noncommercial LUST Funds will be used for the payment of the costs of cleanup of contamination in soil or groundwater that results from comingling of a discharge of petroleum from a system and a discharge of petroleum from another source. Based on DENR's count of the current number of incidents where petroleum releases from UST systems were comingled with non-UST releases, it is reasonable to assume that almost all comingled releases are petroleum and from non-UST sources. DENR reports that the costs to clean non-UST releases range from $97,222 to $207,500 each. Approximately 2% of known releases are comingled and DENR expect this ratio to apply to the approximately 300 new commercial UST releases reported each year. If so, 6 new comingled releases each year may be added, which will cost the Fund $583,332 (6*$97,222) to $1,245,000 (6*$207,500) in non-UST cleanup costs, delaying 7 to 15 UST release cleanups annually.

Additionally, the requirements of this PCS will increase DENR staff workload. Currently, at comingled petroleum release sites, DENR personnel are responsible for evaluating the technical efficacy of the assessment and cleanup of an entire release, using risk-based standards, and evaluating the cost-effectiveness of the UST portion of the assessments and cleanups. At non-UST petroleum releases which are not comingled with UST petroleum releases, because the Funds are not involved, the Department is currently responsible for evaluating *only* the unrestricted use assessment and cleanup of the release, without regard for the cost-effectiveness of the work. However, the PCS will require DENR to evaluate the technical efficacy *and* cost-effectiveness of the entire comingled petroleum release, including the non-UST portion, as well as evaluate the risk-based technical efficacy of assessments and cleanups of all non-UST petroleum releases. Currently, DENR employs 4.8 full-time Incident Managers/Hydrogeologists to conduct these tasks for 1,918 non-UST petroleum releases, some of which are comingled with UST petroleum releases. DENR estimates that the additional evaluation requirements of SB 181 would need an additional three full-time Hydrogeologists (salaries and benefits totaling $175,540 in FY 2011-12). However, as amended, SB 181 would prohibit DENR from creating any new receipt-supported or General Fund positions related to the requirements of the bill, and thus DENR would need to use existing staff to fulfill these requirements.

Section 5

The PCS for SB 181 requires the Department to use up to $1,000,000 of the funds in the Commercial LUST Fund to fund necessary assessment and cleanup. Assessment and cleanup shall be conducted by the Department for discharges for which a responsible party has been identified but for which the responsible party can demonstrate that undertaking the costs of assessment and cleanup will impose a severe financial hardship. This will decrease the funds available for other projects in the Commercial LUST Fund by $1,000,000.

Section 6

The PCS for SB 181 provides that annual operating fees are due only for commercial tanks that have contained a petroleum product at any point during the year to which the fee is applicable, but not for individual compartments of a UST that have not contained a petroleum product during the applicable year. Currently, DENR has 2,045 USTs registered as being in temporary closure, which means that the tanks contain less than one inch of product, have discontinued leak detection, maintain corrosion protection, and maintain financial responsibility. Operating fees for these tanks

currently generate $858,900 of revenue for the Commercial LUST Fund; the provisions of this PCS would eliminate some of this annual income for the Commercial LUST Fund. According to the North Carolina Petroleum & Convenience Marketers, few owners would be likely to opt to discontinue paying fees, as non-payment would render them ineligible for reimbursement from the Commercial LUST Funds for any costs associated with releases. Fiscal Research is unable to predict the number of owners that would opt to stop paying this fee. Therefore the corresponding loss in revenue for the Commercial LUST Fund could range from $0 to $858,900.

The PCS further provides that owners/operators may opt to pay annual operating fees applicable to USTs on a quarterly basis in equal installments, as opposed to the current practice of annual payments. Currently DENR employs two full-time Processing Assistants to process annual invoices for the operating fees and permits of 9,000 UST facilities. Quarterly invoicing requirements could require DENR to process a maximum of 36,000 invoices per year for these 9,000 facilities and to issue operating permits accordingly; however, according to the North Carolina Petroleum & Convenience Marketers, only eight companies have expressed interest in moving to a quarterly billing system. As it is unlikely that many companies will opt to move to a quarterly billing system, the increased workload for DENR staff is expected to be minimal and can be absorbed by current staff.

Section 8
The PCS for SB 181 requires EMC to establish a variance process applicable to the setbacks required for UST systems from certain public water supply wells, particularly those that serve only a single facility which are not community water systems, if EMC finds facts to demonstrate that such variance will not endanger human health and welfare or groundwater. DENR estimates that this requirement will create additional workload equivalent to 0.1 full-time Environmental Supervisor position, which Fiscal Research estimates could be absorbed into DENR's existing staff and workload.

SENATE BILL 246:
Expand Pharmacists' Immunizing Authority

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Sen. Hartsell	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 246 authorizes an "immunizing pharmacist" (defined term) to administer certain vaccines or immunizations pursuant to protocols developed by the State Health Director.

CURRENT LAW: Currently a pharmacist who has received special training is permitted to administer drugs pursuant to a specific prescription order in accordance with rules adopted by the Board of Pharmacy, Board or Nursing, and Board of Medicine.

The current rule provides standards for pharmacists engaged in the administration of influenza, pneumococcal and zoster vaccines for persons 18 years and older.

BILL ANALYSIS: Senate Bill 246 amends the Pharmacy Practice Act as follows:

Section 1 defines the term "immunizing pharmacist" as a licensed pharmacist who holds a current CPR certification, completed a certificate program in vaccine administration, maintains documentation of continuing education in vaccine administration, has successfully completed training for participation in the NC Immunization Registry, enrolls with a local supervising health department, registers with the NC Board of Pharmacy, and administers vaccines or immunizations in accordance with the Article.

Sections 2 and 3 recodify the definition of the practice of pharmacy as a new section G.S. 90-85.3A, but adds the authority for an immunizing pharmacist to administer drugs in accordance to this act.

Section 4 authorizes an immunizing pharmacist to administer vaccines or immunizations in accordance with rules and with the following limitations:

Age	Parental Permission	Standing Order	Prescription:	Under Protocol*
Under 14 Years Old	No	No	No	N/A
At Least 14 (Flu Vaccine)	<18	N/A	N/A	Current
At Least 14 < 18 Years Old (Vaccines other than Flu)	Yes, and	No	Required	
At Least 18 Years Old	N/A	Yes, or	Yes, or	Developed by SHD

and requires an immunizing pharmacist who administers vaccines or immunizations to do the following:

- Maintain a record of the vaccine or immunization administered in the patient profile.
- Notify the primary care provider (if the patient so identifies) within 24 hours of the administration, and notify either the prescribing physician, physician who issued standing order, or the local health department depending on which authority the vaccine was administered.
- Access the NC Immunization Registry prior to administering any vaccine or immunization and record the administration in the Registry within 24 hours of the administration.

Section 5 provides local health departments the authority to charge a fee for services performed (enrolling, oversight) pursuant to rules adopted to implement the act.

Sections 6-7 make conforming changes in the public health law to provide for an immunizing pharmacist.

Section 8 provides that the current rule governing the administration of vaccines by pharmacists remains in effect, but reduces the age of influenza vaccine recipients from 18 to 14.

Section 9 directs the State Health Director in consultation with the Commission for Public Health to establish standards for the administration of vaccines by pharmacists by January 1, 2012. The standards shall include: record keeping requirements, physician accessibility, protocols providing oversight of the immunizing pharmacist by local health departments, protocols developed per each vaccine recommended or required by the CDC including contraindications, emergency procedures, information to be disclosed to patients, a procedure for annual updates on vaccine administration. The section directs the North Carolina Board of Pharmacy to adopt rules to implement the standards.

EFFECTIVE DATE: This act becomes effective October 1, 2011.

SENATE BILL 486:
Release Subdivided Lots From Tax Liens

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 8, 2011
Introduced by:	Sens. Stein, Vaughan, Newton	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to Second Edition		

SUMMARY: ***Senate Bill 486 would require the release of a subdivided tract of land from a tax lien upon payment of the taxes due on that subdivided parcel. The proposed committee substitute represents a negotiated agreement between the county commissioners, the county assessors, and the Bar Association. Under the PCS, a subdivided tract of land must be released from a tax lien upon payment of all of the following:***

- ***Any past due taxes on the parent parcel.***
- ***Taxes on the tract to be released.***
- ***Any penalties, interest, and costs allowed by law.***

CURRENT LAW: A tax lien is a claim the county has upon the property of the taxpayer as security for the payment of the taxes due on that property. The lien attaches to real property on January 1 of the year in which the property is listed and assessed. Once the lien attaches, it may only be released by payment in accordance with law. The payment may include interest, penalties, and costs that are made part of the lien and that relate back to the tax-listing date.

Under current law, when a parcel of land subject to a tax lien is divided, a part of the parcel *may* be released from the lien prior to advertisement of tax foreclosure sale upon the payment of the taxes plus all personal property taxes owed by the taxpayer for the same year once the assessed valuation of the part to be released has been determined and certified by the tax supervisor.

BILL ANALYSIS: The proposed committee substitute for Senate Bill 486 would amend the law to require that a subdivided parcel be released from a tax lien after the assessed valuation of the part to be released has been determined and certified to the tax collector by the county assessor and upon payment of all of the following: Any past due taxes on the parent parcel; taxes on the tract to be released; any penalties, interest, and costs allowed by law.

When developers subdivide land after the January 1 listing date, the subdivided parcels cannot be separately listed until January 1 of the following calendar year. The Bar Association notes that this situation creates a problem for the purchasers of the subdivided lots during that first year in which the tax lien attaches to the entire parent parcel. Where there is a real estate closing prior to issuance of the tax bill for the entire parent parcel, the buyers are given a credit at closing for what the closing attorney believes is the buyer's share of the taxes on the subdivided parcel. The buyers must rely upon the developer to pay the taxes later in the year.[1] If the developer does not pay the taxes, the buyer of the subdivided parcel may be forced to pay the taxes due on the entire parent tract to prevent a tax foreclosure upon the buyer's property.

The PCS balances the needs of the counties to collect the taxes due on the property with the buyer's need to be held harmless by inaction of the developer. It does so by requiring that all past due taxes on the parent parcel be paid, as well as any taxes on the part purchased by the buyer. The original bill did not address any past due taxes on the parent parcel.

EFFECTIVE DATE: This act is effective for taxes imposed for taxable years beginning on or after July 1, 2011.

[1] Tax rates are typically set by July 1st and property taxes become due on September 1. Taxes due become delinquent if paid on or after January 6.

HOUSE BILL 96:
Alleghany/Jackson/Grover OT

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 9, 2011
Introduced by:	Rep. Stevens	**Prepared by:**	Trina Griffin
Analysis of:	PCS to Second Edition H96-CSSVx-33		Committee Counsel

SUMMARY: House Bill 96 includes occupancy tax provisions as follows:

- ***It would authorize Alleghany County to levy an additional occupancy tax of up to 3%. It would also require the county to establish a TDA upon levy of the additional 3% tax.***
- ***It would authorize Jackson County to levy an additional 3% occupancy tax.***
- ***It would authorize the Town of Grover to levy an additional 3% occupancy tax.***

CURRENT LAW & BILL ANALYSIS:

PART I: ALLEGHANY COUNTY

In 1991, the General Assembly authorized Alleghany County to levy an occupancy tax of 3%.[1] In 2004, the legislation was amended to more closely conform to the Occupancy Tax Guidelines adopted by the House Finance Committee. At least two-thirds of the proceeds must be used to promote travel and tourism in Alleghany County, and remainder must be used for tourism-related purposes. The proceeds are remitted quarterly to the Chamber of Commerce until the annual net proceeds exceed $100,000, at which point, the county must establish a Tourism Development Authority for the purpose of administering the proceeds. The current 3% occupancy tax generates less than $40,000 annually.

House Bill 96 would authorize the Alleghany County Board of Commissioners to levy an additional occupancy tax of up to 3%.

The PCS adds a provision requiring Alleghany County to establish a Tourism Development Authority upon adopting a resolution levying the additional 3% occupancy tax, as recommended by the House Finance Occupancy Tax Subcommittee. Once the additional tax is levied and the TDA is created, all net proceeds of the occupancy tax, including both the original 3% and the additional 3%, must be remitted to the TDA. The TDA must use at least two-thirds of the total funds remitted to it for tourism promotion and the remainder for tourism-related expenditures.

PART II: JACKSON COUNTY

In 1985, the General Assembly authorized several western counties, including Jackson, to levy an occupancy tax of 3%. The net proceeds of the tax are placed in a special Travel and Tourism Fund and be used only to promote travel and tourism in the county. The county has discretionary authority to establish a tourism development authority to administer the funds.

The PCS for HB House Bill 96 rewrites and recodifies the existing law authorizing the 3% room occupancy tax in Jackson County to conform the content to the uniform format currently used for occupancy taxes. Consistent with uniform occupancy tax provisions, the bill contains definitions for the following terms: "net proceeds," promote travel and tourism" and tourism-related expenditures." The bill also makes the Jackson County occupancy tax subject to the uniform provisions for room occupancy taxes in G.S. 153A-155. By conforming to the House Finance occupancy tax guidelines, Jackson

[1] S.L. 1991-162, as amended by S.L. 2004-106.

County would be able to use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it cannot do under current law.

The PCS also authorizes Jackson County to levy an additional 3% occupancy tax with the same conditions and requirements that apply to the first 3%.

PART III: TOWN OF GROVER

The Town of Grover, which is located in Cleveland County, does not have authority to levy an occupancy tax. Cleveland County has authority to levy a 3% tax, the proceeds of which may be used for any public purpose.

The PCS for House Bill 96 would authorize the Town of Grover to levy a 3% room occupancy tax. The Town would be required to establish a tourism development authority to administer the proceeds. The proceeds must be used as follows: at least two-thirds for tourism promotion and the remainder for tourism-related expenditures.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax,[2] which provide uniformity among counties and cities with respect to the levy, administration, collection, repeal, and imposition of penalties.

In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below. Many of the principles contained in the Guidelines are similar to those contained in policy statements adopted by the North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association. The House Finance Committee Chairs have traditionally appointed a Subcommittee on Occupancy Taxes to scrutinize occupancy tax legislation to determine whether the legislation adheres to the Guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

According to the North Carolina Department of State Treasurer, the county collected $37,509 in occupancy taxes for tax year 2010. Assuming the county continues to collect occupancy taxes at that level, and grown by the leisure and hospitality portion of Gross State Product, it's estimated that an additional (3%) three percent room occupancy tax would yield an additional $42,669 in FY11-12 for the county.

Jackson County currently levies a (3%) three percent room occupancy tax. According to the County Manager's Office, the county has budgeted $366,047 in occupancy tax revenues for FY10-11. Assuming the county continues to collect occupancy taxes at that level, and grown by the leisure and hospitality portion of Gross State Product, it's estimated that an additional (3%) three percent room occupancy tax would yield an additional $386,071 in FY11-12 for the county.

Gross receipts derived from the rental of an accommodation include the sales price of the rental of the accommodation. The sales price of the rental of an accommodation is determined as if the rental were a rental of tangible personal property. The sales price of the rental of an accommodation marketed by a facilitator includes charges designated as facilitation fees and any other charges necessary to complete the rental.

A person who provides an accommodation that is offered for rent is considered a retailer under this Article. A facilitator must report to the retailer with whom it has a contract the sales price a consumer pays to the facilitator for an accommodation rental marketed by the facilitator. A retailer must notify a facilitator when an accommodation rental marketed by the facilitator is completed and, within three business days of receiving the notice, the facilitator must send the retailer the portion of the sales price the facilitator owes the retailer and the tax due on the sales price. A facilitator that does not send the retailer the tax due on the sales price is liable for the amount of tax the facilitator fails to send. A facilitator is not liable for tax sent to a retailer but not remitted by the retailer to the Secretary. Tax payments received by a retailer from a facilitator are held in trust by the retailer for remittance to the Secretary. A retailer that receives a tax payment from a facilitator must remit the amount received to the Secretary. A retailer is not liable for tax due but not received from a facilitator. The requirements imposed by this subdivision on a retailer and a facilitator are considered terms of the contract between the retailer and the facilitator.

(f) Interest. – An overpayment of tax bears interest at the rate established in G.S. 105-241.21 from the date that interest begins to accrue. Interest begins to accrue on an overpayment 30 days after the request for a refund is filed by the taxpayer with the board of county commissioners."

SENATE BILL 267:
Rev Laws Tech, Clarify., & Admin. Chngs

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 7, 2011
Introduced by:	Sens. Clodfelter, Hartsell	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S267-CSRBx-54		Committee Counsel

SUMMARY: ***Senate Bill 267[1] includes several technical, administrative, and clarifying changes to the revenue laws and related statutes. The bill came as a recommendation of the Revenue Laws Study Committee. The proposed committee substitute includes the changes indicated by an asterisk.***

EFFECTIVE DATE: This act would become effective when it becomes law.

BILL ANALYSIS:

Section	Explanation
	Business Tax Changes
1	Changes the effective date for the exclusion of amenities from general admissions receipts. Prior to February 1, 2009, amenities were excluded from admissions receipts. Effective February 1, 2009, with one day's notice, the Department of Revenue issued a directive providing that amenities would be included in admissions receipts. The Revenue Laws Study Committee recommended, and the General Assembly enacted, a restoration of the prior understanding. The effective date of the legislation was August 1, 2010. Companies that paid the tax with amenities included in the admissions receipts sought a refund of the excess tax paid. The Department denied the refund request because the effective date of the legislative change was August 1, 2010, not February 1, 2009 (the day the directive took effect).
2*	Modifies the cigarette excise tax payment statute to accommodate operating procedural changes being implemented by certain cigarette manufacturers and their affiliates. It does not change the manufacturer that is responsible for paying the tax.
3	Repeals an obsolete provision. When the General Assembly enacted the qualified business venture tax credits in 1987, they applied to investments in North Carolina companies and to both corporations and individuals. In 1996, the General Assembly revised the tax credit to apply to all investments because the restriction to North Carolina companies was unconstitutional. In the same act, S.L. 1996-14, ES2, the General Assembly also restricted the tax credit to individuals and pass-through entities. The subsection being repealed is a carry-over from the original law as it applied to holding companies.
4	Provides a definition for development tier one area in the tax credit for research and development. The tax credit amount for research performed in a development tier one area is 3.25%.

[1] The companion bill is House Bill 122.

5	Repeals an obsolete provision. In S.L. 2010-89, the General Assembly provided an alternative apportionment formula for a corporation that signed a letter of commitment by September 15, 2010, certifying that it planned to invest at least $500 million in private funds to construct a facility in a development tier one area. No company signed such a letter. The General Assembly enacted the provision at the request of Microsoft; Microsoft announced in August that it would be locating in Virginia.
6*	Repeals obsolete term. S.L. 2005-395 amended the real estate licensing laws to eliminate real estate salespersons licenses, making all licensed real estate agents real estate brokers as of April 1, 2006.
7*	Removes reference to repealed statute. The General Assembly repealed G.S. 105-113.81A in the budget bill in 2009, S.L. 2009-451, as part of the special provision on "*Commerce/Enterprise Funds and Special Funds*".
8*	Clarifies the franchise tax base.
9*	Specifies the statutory reference. .
10*	Removes reference to obsolete provision. S.L. 2006-196 combined the statewide and local rates for insurance policies providing fire and lightning coverage and established a new statewide rate of 0.85% for the supplemental tax, effective January 1, 2008. The changes effectively replaced the tax on fire and lightening coverage with an additional tax on property coverage contracts.
Personal Tax Changes	
11*	Clarifies that the IRC Update bill applies to the estates of decedents dying on or after January 1, 2011.
12*	Makes changes to the provisions in the budget bill regarding the move from federal taxable income to adjusted gross income to ensure the bill does not inadvertently change the existing tax base in ways that were not intended.
13*	Ensures that a taxpayer may not take a double deduction for a 2009 net operating loss claimed on a 2006 return.
14	Reserved.
Sales and Use Tax and Article 5F Tax Changes	
15*	Clarifies the original intent of the sales tax refund granted to professional motorsports teams for aviation fuel and tangible personal property that comprises part of the racing vehicle. In the last couple of years, the Department of Revenue has changed its interpretation of how the refund is applied. This section modifies the statutes to allow a related entity that pays the tax on behalf of the team to claim the refund and ensures that the refund only applies to professional motorsports teams that compete in at least 66% of the races sponsored in a race series. There are three race series in a season. The narrowing of the refund's applicability becomes

	effective when it becomes law; the other changes apply retroactively to the date the General Assembly authorized the refunds. Subsection (a) of this section also corrects a reference in the definition of 'over-the-counter drug'.
16*	Clarifies that accommodations provided by schools, camps, and similar entities to a person who pays to attend the school or camp is not subject to sales tax. In the past, DOR did not consider summer camps, dorm rooms, or similar types of accommodations to be subject to sales tax. Recently, however, there appears to be some uncertainty. This section clarifies that there should not be a change in the application of the law in regards to these types of entities.
17	Removes the word "wireline" at the request of the Streamlined Sales Tax Compliance Review and Interpretations Committee. It makes no substantive change in the law.
18*	Clarifies that the sales tax exemption for prosthetic devices is for human use, corrects the name of the agency where the Child and Adult Care Food Program is located, and corrects the name of the federal supplemental food program. This section also makes technical changes requested by the Department of Revenue in subdivisions (33a) and (49).
19	Removes geothermal heat pumps from the Energy Star sales tax holiday because consumers are not able to purchase them. Only contractors can purchase geothermal heat pumps and they are not entitled to the exemption. The presence of the item in the list raises many questions and frustrates consumers.
20	Corrects the sunset dates of the sales tax refunds for fuel sold to passenger air carriers and motorsports teams. The General Assembly extended these sunsets from January 1, 2011, to January 1, 2013, in S.L. 2010-31. In a subsequent piece of legislation recommended by the Revenue Laws Study Committee, S.L. 2010-166, these refund provisions were reenacted in a new statute dedicated to economic incentive refunds. The later legislation failed to conform to the extended sunset dates.
21	Clarifies that use tax is payable by an individual on an annual basis for purchases made outside the State for a nonbusiness purpose of digital property and certain services. In 2009, the General Assembly imposed the State and local general rate of sales tax on certain digital goods, such as downloaded music and books. The legislation also made several conforming changes by adding the term "digital property" to a number of other sales tax statutes. Among them, the term "digital property" was added to the statute that sets out when an individual is required to pay use tax on out-of-State purchases. Since digital property was being subjected to sales tax, a corresponding change was made to subject it to use tax if it is purchased out of State. The Department of Revenue is interpreting the statute to exclude digital property and services from the annual use tax reporting requirement. This section clarifies that the "other than" phrase applies only to boats and aircraft. All other tangible personal property, digital property, and taxable services purchased outside the State for a nonbusiness use are subject to the annual reporting requirement for use tax.

22	Removes unnecessary and confusing words. If a datacenter fails to maintain its required levels of investments, it forfeits its incentive and must pay sales tax on its purchases. The statute stated that the sales tax would be calculated "*at the combined general rate*". The words are not necessary and may not correctly reference the right tax rate since the term "combined general rate" does not include the ¼ ¢ local sales tax applicable in some counties.
23	Provides that a facilitator would not be liable for an overcollection or an undercollection of sales tax or local occupancy tax during the period of January 1, 2011, through April 1, 2011, as the result of the new collection and remittance obligations imposed under Section 31.6 of S.L. 2010-31 as long as the facilitator made a good faith effort to comply with the law and collect the proper amount of tax. During the 2010 Session, the General Assembly established new sales and use tax reporting and remittance obligations on "facilitators," which are entities that enter into a contract with the providers of accommodations to market and collect payment for accommodation rentals. An example of a facilitator is an online travel company, such as Expedia or Travelocity.
24*	Gives effect to the changes the General Assembly made last session to the requirements for a datacenter to qualify for the 1% excise tax on the machinery and equipment it purchases. The modification allows a datacenter to meet its investment threshold through the construction of two facilities, rather than one facility. The language could be read to require a taxpayer to forfeit the reduced rate on all datacenter purchases made before July 1, 2010. This section clarifies that it applies to all investments made to date.
25*	Clarifying change.
26*	Clarifies that a refund of tax allowed under G.S. 105-164.14, 105-164.14A, and 105-164.14B are not an overpayment of tax entitled to interest.
27*	Clarifies the effective date of a tax change for services.
28*	Change the term 'certificate of resale' for 'certificate of exemption' to conform to the name on the certificate.
29*	Deletes a statute concerning the procedure for Department initiated refunds of sales and use tax because the procedure applicable for all Department initiated refunds is in G.S. 105-241.7.
Excise Tax on Conveyances	
30	Clarifies the refund process for the deed stamp tax.
General Administration Tax Changes	
31	Updates the reference to NAICS and places the definition in the statute applicable to most of Chapter 105. NAICS is the North American Industry Classification System adopted by the US Office of Management and Budget. It is updated every five years.

	Makes a conforming change to the term "information technology and services" to reflect the changes from the 2002 NAICS to the 2007 NAICS.
32	Clarifies that the higher penalty for failure to obtain a license under the motor fuel statutes only applies after the taxpayer has received written notification from the Department of Revenue to obtain the requisite license.
33	Reconciles two current conflicting provisions concerning whether the identity of certain taxpayers is public information. This section also makes conforming changes. The taxpayers affected are those who bring a contested case action at the Office of Administrative Hearings to obtain a review of an assessment or a denial of a refund by the Department of Revenue. Currently, G.S. 150B-31.1(e) states that the record, proceedings, and decision in a contested case are confidential until the final decision is issued. The Secretary of Revenue makes the final decision and, once that decision issued, the records with the taxpayer name is public. G.S. 105-256(a)(9) requires the Secretary of Revenue to publish the final decision in a contested case in a format that redacts identifying information. The requirement to redact the identifying information serves no purposes, however, because once the decision is published, the record in the contested case proceeding becomes public in an unredacted form under G.S. 150B-31.1. Subsection (a) reconciles these provisions by amending G.S. 105-269(a)(9) to delete the requirement that the Secretary redact identifying taxpayer information when publishing final decisions. Subsection (b) makes a conforming change to the secrecy statute, G.S. 105-259, to change the word "report" to "publication" to ensure that the final decisions are included within the current exception for reports. G.S. 150B-31.1 and G.S. 105-256(a)(9) were both enacted in 2007 in Senate Bill 242, S.L. 2007-491. Under prior law, the Tax Review Board reviewed administrative decisions of the Secretary and made a decision, called an order, after the review. Orders of the Tax Review Board were published in the North Carolina Register, as required by G.S. 150B-21.17(a)(5),and were not redacted. S.L. 2007-491 revised the procedure for the review of contested tax cases and, as part of the revisions, eliminated the Tax Review Board. Subsection (c) makes a conforming change and repeals the obsolete requirement in G.S. 150B-21.17(a)(5) to publish orders of the Tax Review Board in the North Carolina Register.
34	Clarifies that a waiver of a statute of limitations must be executed before the statute of limitations expires.
35*	Repeals an obsolete reporting provision. The reporting provisions were consolidated into a single statute in S.L. 2010-166.
36	Conforms the sunset provisions of miscellaneous provisions associated to the tax credit for recycling oyster shells. The General Assembly extended the sunset on this credit from January 1, 2011, to January 1, 2013, in S.L. 2010-147.
37*	Ensures that the definition of 'person' for purposes of the Setoff Debt Collection Act

	of Chapter 105A is the same as the definition of 'person' for tax purposes under Chapter 105.
38-39	Reserved.
Property Tax Changes	
40*	Clarifies the postmark rule for property taxes on registered motor vehicles. The provision is the same as the rule for other property tax payments and is the same as current administrative practice.
41	Clarifies that the definition of "public service company" in the property tax statutes does not include mobile telecommunication service.
42*	Corrects errors in the effective date section of the legislation regarding the change in the collection of motor vehicle property taxes.
43-44	Reserved.
Local Government Sales and Use Tax Changes	
45	Modernizes the local sales tax base to conform to the State sales tax base for items taxed at the general rate of tax. This change will remove the need to amend the local sales tax statute whenever an item is added to the State sales tax base and taxed at the general rate of tax. It effectively includes digital products in the local sales tax base, as intended by the General Assembly.
Miscellaneous Changes	
46	Removes the sunset from the provision that allows the Codifier of Statutes to renumber the subdivisions in the special license plates statute in sequential and alphabetical order.
47*	Clarifies the fees that should be credited to the Insurance Regulatory Fund.
48-49	Reserved.
Effective Date	
50	Except as otherwise provided, the bill is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE RENEWABLE ENERGY TAX CREDIT TO BE ALLOCATED BY A PASS-THROUGH ENTITY TO ITS OWNERS AND TO THE CHANGE THE DEFINITION OF COST.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-129.15(2) reads as rewritten:

"**§105-129.15. Definitions.**

The following definitions apply in this Article:

...

(2) Cost. – In the case of property owned or leased by the taxpayer, cost is determined pursuant to regulations adopted under section 1012 of the Code, subject to the limitation on cost provided in section 179 of the Code. In the case of property the taxpayer leases from ~~another, cost is~~ another pursuant to a lease agreement entered into on or before December 31, 2011, the taxpayer may elect to determine cost as value ~~as~~ determined pursuant to G.S. ~~105-130.4(j)(2), unless the property is renewable energy property for which the taxpayer claims either a federal energy credit under section 48 of the Code or a federal grant in lieu of that credit and makes a lease pass-through election under the Code. In this circumstance, the cost of the leased renewable energy property is the cost determined under the Code.~~ 105-130.4(j)(2).

...."

SECTION 2. G.S. 105-129.16A is amended by adding a new subsection to read:

"(a1) Allocation. – Notwithstanding G.S. 105-131.8 and G.S. 105-169.15, a pass-through entity that qualifies for the credit allowed by this section may allocate the credit among any of its owners in its discretion as long as an owner's adjusted basis in the pass-through entity, as determined under the Code at the end of the taxable year in which the renewable energy property is placed into service, is at least forty percent (40%) of the amount of credit allocated to that owner. An owner to whom a credit is allocated is allowed the credit as if the owner had qualified for the credit directly. A pass-through entity and its owners must include with their tax returns for every taxable year in which an allocated credit is claimed a statement of the

allocation made by the pass-through entity and the allocation that would have been required under G.S. 105-131.8 or G.S. 105-269.15."

SECTION 3. This act becomes effective for taxable years beginning on or after January 1, 2012.

Changes to Renewable Energy Credits (2 changes)

- Changes to the definition of "cost" for purposes of calculating the amount of the renewable energy credit available under 105-129.16A added language that inadvertently resulted in restricting the use of "cost" as a basis for calculating the credit by certain lessees of renewable energy property.
- Existing statute provides for "cost" to be determined using the definition in the Internal Revenue Code for property that is owned, and 8 times the annual rent for property that is leased.
- Allowing 8 times rent as the basis for determining cost of leased property can result in inflated values for calculating the tax credits available under Article 3B
- Cost as determined under the Internal Revenue Code is the standard for calculating credits.
- This change provides for following the Internal Revenue Code to determine "cost" for property that is either owned by a taxpayer or leased from another. Leased property that is subject to a lease signed by 12/31/11 will have the option of using either "cost" as determined under the IRC or 8 times annual rent as the cost as provided under the current statute to allow time for the transition to the change.
- The second change allows the discretionary allocation of the renewable energy credit among the partners in a project in the same manner as the existing discretionary allocation available under current law for low income housing projects and mill rehabilitation projects.

A BILL TO BE ENTITLED

AN ACT REQUIRING COUNTIES AND CITIES TO HAVE REASONABLE CAUSE BEFORE INSPECTING RESIDENTIAL BUILDINGS OR STRUCTURES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-364 reads as rewritten:

"**§ 153A-364. Periodic inspections for hazardous or unlawful conditions.**

Except as provided in subsection (b) of this section, the inspection department may make periodic inspections only when there is reasonable cause to believe that unsafe, unsanitary, or otherwise hazardous or unlawful conditions may exist in a residential building or structure. For purposes of this section, the term 'reasonable cause' means any of the following: (i) the landlord or owner has a history of more than two verified violations of the housing ordinances or codes within a 12-month period; (ii) there has been a complaint that substandard conditions exist within the building or there has been a request that the building be inspected; (iii) the inspection department has actual knowledge of an unsafe condition within the building; or (iv) violations of the local ordinances or codes are visible from the outside of the property. In conducting inspections authorized under this section, the inspection department shall not discriminate between single-family and multifamily buildings. ~~In addition, it shall make any necessary inspections when it has reason to believe that such conditions may exist in a particular building.~~ In exercising these powers, each member of the inspection department has a right, upon presentation of proper credentials, to enter on any premises within the territorial jurisdiction of the department at any reasonable hour for the purposes of inspection or other enforcement action.

(d) A county may levy a fee for residential rental property registration under subsection (c) of this section for those properties which have been found in violation of local ordinances within the previous 12 months. The fee shall be an amount that covers the cost of operating a residential registration program and shall not be used to supplant revenue in other areas. Counties using registration programs that charge registration fees for all residential rental properties as of June 1, 2011, may continue levying a fee on all residential rental properties as follows:

(1) For properties with 20 or more residential rental units, the fee shall be no more than $50.00 per year.
