The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

SCHOOL IMPROVEMENT PLANS AT RESIDENTIAL SCHOOLS

SECTION 7.3.(a) In order to improve student performance, the Eastern North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the North Carolina School for the Deaf each shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board of Education. The principal of each school, instructional personnel and residential life personnel assigned to that school, and a minimum of five parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance.

Representatives of the instructional and residential life personnel shall be elected by their respective groups by secret ballot.

Parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. To the extent possible, parents serving on school improvement teams shall reflect the composition of the students enrolled in that school. No more than two parents on the team may be employees of the school. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with instructional and residential life personnel, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation. Parents who are elected to serve on school improvement teams and who are not employees of the school shall receive travel and subsistence expenses in accordance with G.S. 138-5 and, if appropriate, may receive a stipend.

All school improvement plans shall be, to the greatest extent possible, data driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS), or a compatible and comparable system approved by the State Board of Education,

to analyze student data to identify root causes for problems and to determine actions to address them. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

SECTION 7.3.(b) The strategies for improving student performance shall include the following:

(1) A plan for the use of staff development funds that may be made available to the school to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while teachers are meeting with mentors.

(2) A plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when a child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade. The plan may include the use of assessments to monitor students' progress in learning to read and strategies for teachers and parents to implement that will help students improve and expand their reading ability, as well as provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level.

(3) A comprehensive plan to encourage parent involvement.

(4) A plan designed to provide that the school is safe, secure, and orderly; that there is a climate of respect in the school; and that appropriate personal conduct is a priority for all students and all residential school personnel.

(5) A plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school.

SECTION 7.3.(c) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the instructional personnel assigned to the school for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the State Board of Education only if the proposed school improvement plan has the approval of a majority of the instructional personnel who voted on the plan.

SECTION 7.3.(d) The State Board of Education shall accept or reject the school improvement plan within 60 days after the submission plan. If the State Board rejects a school improvement plan, the State Board shall state with specificity the reasons for rejecting the plan to the principal and shall direct that the principal work with the school improvement team to resolve the disagreements. The school improvement team may then prepare another plan, present it to the instructional personnel assigned to the school for a vote, and submit it to the State Board to accept or reject. If there is no resolution within 30 days, then the State Board may develop a school improvement plan for the school; however, the General Assembly urges the State Board to utilize the school's proposed school improvement plan to the maximum extent possible when developing this plan.

SECTION 7.3.(e) A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the State Board finds that a school improvement plan is impeding student performance at a school, the State Board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this section shall apply to amendments and revisions to school improvement plans.

SECTION 7.3.(f) Any funds the State Board makes available to a school to meet the goals for that school under the ABCs Program and to implement the school improvement plan at that school shall be used in accordance with those goals and the school improvement plan.

SECTION 7.3.(g) The State Board shall develop a list of recommended strategies that it determines to be effective, which building-level committees may use to establish parent involvement programs designed to meet the specific needs of their schools.

SECTION 7.3.(h) Once the plan is developed, the principal shall ensure the plan is available and accessible to parents and the school community.

SCHOOL CALENDAR PILOT PROGRAM

SECTION 7.4.(a) The State Board of Education shall establish a school calendar pilot program in the Wilkes County Schools. Such evidence shall be limited to the student's personal education plan, individual education program, if applicable, alternative assessment, or student reading portfolio.

Subsections (2) and (3) of this section provide the school performance elements for schools serving students in kindergarten through eighth grade. Subsection (4) of this section provides the school performance elements for schools serving grades nine through twelve. The school performance score shall be used to determine the school performance grade based on the following scale:
   a. At least 90 performance grade points for an overall school performance grade of A.

5. One point for each percent of students who score at or above a level demonstrating college readiness on a nationally normed test of college readiness.
6. One point for each percent of students who graduate within four years of entering high school.
7. One point for each percent of students who demonstrate workplace readiness on a nationally normed test of workplace readiness.

(5) In calculating the overall school performance score earned by schools, the State Board of Education shall proportionally adjust the scale to account for the absence of a school performance element for award of scores to a school that does not have a measure of one of the school performance elements annually assessed for the grades taught at that school.

(6) The State Board of Education shall report to the Joint Legislative Education Oversight Committee annually by January 15 on recommended adjustments to the school performance grade elements and scales for award of scores and grades.

The State Board of Education's policies regarding the testing of ~~children~~ students with disabilities shall (i) provide broad accommodations and alternate methods of assessment that are consistent with a ~~child's~~ student's individualized education program and section 504 (29 U.S.C. § 794) plans, (ii) prohibit the use of statewide tests as the sole determinant of decisions about a ~~child's~~student's graduation or promotion, and (iii) provide parents with information about the Statewide Testing Program and options for students with disabilities. ADJUSTMENTS TO SCHOOL CALENDAR

SECTION 7A.5.(a) G.S. 115C-84.2 reads as rewritten:

"**§ 115C-84.2. School calendar.**

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) A minimum of 185 days ~~and~~ or 1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~185~~ instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

...

(4a) Three days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall schedule at least one of these days at the beginning of the school year and at least one at the end of the school year.

(5) The remaining days scheduled by the local board in consultation with each school's principal for use as teacher workdays, additional instructional days, or other lawful purposes. Before consulting with the local board, each principal shall work with the school improvement team to determine the days to be scheduled and the purposes for which they should be scheduled. Days may be scheduled and planned for different purposes for different personnel and there is no requirement to schedule the same dates for all personnel. In order to make up days for school closing because of inclement weather, the local board may designate any of the days in this subdivision as

additional make-up days to be scheduled after the last day of student attendance.

~~If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a local board of education a waiver to use up to five of the instructional days required by subdivision (1) of this subsection as teacher workdays. For each instructional day waived, the State Board shall waive an equivalent number of instructional hours.~~

Local boards and individual schools are encouraged to use the calendar flexibility in order to meet the annual performance standards set by the State Board. Local boards of education shall consult with parents and the employed public school personnel in the development of the school calendar.

Local boards shall designate at least two days scheduled under subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave. Local boards may designate the remaining days scheduled in subdivision (5) of this subsection as days on which teachers may take accumulated vacation leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a teacher to work instead of taking vacation leave on any of these days. A teacher may elect to waive this notice requirement for one or more of these days.

...

(d) Opening and Closing Dates. – Local boards of education shall determine the dates of opening and closing the public schools under subdivision (a)(1) of this section. Except for year-round schools, the opening date for students shall ~~not be before August 25,~~be no earlier than the Monday closest to August 26, and the closing date for students shall ~~not be after June 10.~~be no later than the Friday closest to June 11. On a showing of good cause, the State Board of Education may waive ~~this requirement~~ the requirement that the opening date for students be no earlier than the Monday closest to August 26 and may allow the local board of education to set an opening date no earlier than the Monday closest to August 19, to the extent that school calendars are able to provide sufficient days to accommodate anticipated makeup days due to school closings. A local board may revise the scheduled closing date if necessary in order to comply with the minimum requirements for instructional days or instructional time. For purposes of this subsection, the term "good cause" means ~~either that:~~that schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations.

~~(1) Schools in any local school administrative unit in a county have been closed eight days per year during any four of the last 10 years because of severe weather conditions, energy shortages, power failures, or other emergency situations; or~~

~~(2) Schools in any local school administrative unit in a county have been closed for all or part of eight days per year during any four of the last 10 years because of severe weather conditions. For purposes of this subdivision, a school shall be deemed to be closed for part of a day if it is closed for two or more hours.~~

~~The State Board also may waive this requirement for an educational purpose. The term "educational purpose" means a local school administrative unit establishes a need to adopt a different calendar for (i) a specific school to accommodate a special program offered generally to the student body of that school, (ii) a school that primarily serves a special population of students, or (iii) a defined program within a school. The State Board may grant the waiver for an educational purpose for that specific school or defined program to the extent that the State Board finds that the educational purpose is reasonable, the accommodation is necessary to accomplish the educational purpose, and the request is not an attempt to circumvent the opening and closing dates set forth in this subsection. The waiver requests for educational purposes shall not be used to accommodate system-wide class scheduling preferences.~~

The required opening and closing dates under this subsection shall not apply to any school that a local board designated as having a modified calendar for the 2003-2004 school year or to any school that was part of a planned program in the 2003-2004 school year for a system of modified calendar schools, so long as the school operates under a modified calendar.

...."

SECTION 7A.5.(b) G.S. 115C-238.29F(d)(1) reads as rewritten:

"(1) The school shall provide instruction each year for at least 185 ~~days.~~days or 1,025 hours over nine calendar months. ~~If the State Board of Education finds that it will enhance student performance to do so, the State Board may grant a charter school a waiver to use up to five of these instructional days as teacher workdays.~~"

(3) The panel may order the dismissal of the principal if (i) it determines that the school has not made satisfactory improvement after the State Board assigned an assistance team to that school; and (ii) the assistance team makes the recommendation to dismiss the principal for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

"**§ 108A-47.1. Special Assistance in-home payments.**

(a) The Department of Health and Human Services may use funds from the existing State-County Special Assistance budget to provide Special Assistance payments to eligible individuals 18 years of age or older in in-home living arrangements. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be ~~seventy-five percent (75%)~~one hundred percent (100%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. ~~The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State.~~

(b) All county departments of social services shall participate in the State-County Special Assistance in-home program by making Special Assistance in-home slots available to individuals who meet the eligibility requirements established by the Department pursuant to subsection (a) of this section. Beginning July 1, 2013, and each July 1 thereafter, the Department shall establish a formula to determine the need for additional State-County Special Assistance in-home slots for each county."

SECTION 10.23.(b) County departments of social services with established State-County Special Assistance in-home slots that have filled some but not all slots as of July 1, 2012, shall maintain at least the same number of slots during the 2012-2013 fiscal year as the average number of slots filled during the 2011-2012 fiscal year.

SECTION 10.23.(c) County departments of social services with established State-County Special Assistance in-home slots, that have not filled any of these slots as of July 1, 2012, shall begin participating in the Special Assistance in-home program effective July 1, 2012, by filling all their established slots.

SECTION 10.23.(d) County departments of social services with no established State-County Special Assistance in-home slots shall begin participating in the Special Assistance in-home program effective July 1, 2012. The Department shall determine the designated number of slots to be established and filled in these counties by assessing the need for these slots based upon a percentage of the caseload for all State-County Special Assistance within that county.

SECTION 10.23.(e) Effective July 1, 2012, notwithstanding G.S. 108A-47.1(a) and within existing appropriations for State-County Special Assistance, the Secretary of the Department of Health and Human Services may waive the fifteen percent (15%) cap on Special Assistance in-home payments, as the Secretary deems necessary.

SECTION 10.23.(f) State funds available to the Department of Health and Human Services shall pay fifty percent (50%), and the counties shall pay fifty percent (50%) of the authorized rates for care in adult care homes including area mental health agency-operated or contracted-group homes. For the 2012-2013 fiscal year, the Department shall maintain the State's allocation to the State-County Special Assistance program at one hundred percent (100%) of the State certified budget enacted by the General Assembly for the 2011-2012 fiscal year. The Department shall use these allocated funds for the State-County Special Assistance program, the State-County Special Assistance in-home program, and rental assistance.

For the 2012-2013 fiscal year, each county department of social services shall maintain its allocation to the State-County Special Assistance program at one hundred percent (100%) of the county funds budgeted for this program for the 2011-2012 State fiscal year. Each county shall use these allocated funds for the State-County Special Assistance program, the State-County Special Assistance in-home program, and rental assistance. The Department of Health and Human Services, Division of Aging and Adult Services, shall monitor the counties' implementation of this section.

SECTION 10.23.(g) Section 10.59 of S.L. 2011-145 reads as rewritten:

"**STATE-COUNTY SPECIAL ASSISTANCE**

"**SECTION 10.59.(a)** The maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred eighty-two dollars ($1,182) per month per ~~resident unless adjusted by the Department in accordance with subsection (d) of this section.~~ resident. The eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from the adoption of this maximum monthly rate, provided these recipients are otherwise eligible.

"**SECTION 10.59.(b)** The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per ~~resident unless adjusted by the Department in accordance with subsection (d) of this section.~~resident.

~~"SECTION 10.59.(c) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.~~

~~"SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.~~"

TRANSITIONS TO COMMUNITY LIVING INITIATIVE

SECTION 10.23A.(a) The General Assembly finds that the State's long-term care industry plays a vital role in ensuring that citizens are afforded opportunities for safe housing and adequate client-centered supports in order to live as independently as possible in their homes and communities across the State. The Commission shall appoint a Subcommittee on Housing composed of 15 members and a Subcommittee on Adult Care Homes.

The chairs shall jointly appoint members described in subdivisions (6) through (16) of this subsection and shall fill vacancies in those positions. The Commission shall meet at the call of the chairs. Members of the Commission shall receive per diem, subsistence, and travel expenses as provided in G.S. 120-3.1, 138-5, or 138-6, as appropriate. SECTION 10.23A.(e) Of the total reserved in subsection (d) of this section for the Fund, the sum of ten million three hundred thousand dollars ($10,300,000) is appropriated to support the Department of Health and Human Services in its plan for transitioning individuals with severe mental illness and severe and persistent mental illness into community living arrangements, including establishing a rental assistance program. If the State executes an agreement with the U.S. Department of Justice (USDOJ) in response to the USDOJ findings dated July 28, 2011, or implements a plan in response to the USDOJ findings, these funds shall be used to implement the requirements of the first year of the agreement or the plan. In the event such an agreement is reached, a recurring appropriation will be necessary to fully implement it. The Department may issue temporary rules to implement this subsection.

SECTION 10.23A.(f) Of the total reserved in subsection (d) of this section for the Fund, the sum of twenty-five million dollars ($25,000,000) is designated for implementation of the State's plan to provide temporary, short-term assistance to adult care homes as they transition into the State's Transitions to Community Living Initiative. The General Assembly recognizes that while transformation of the system is being undertaken, adult care homes provide stable and safe housing and care to many of North Carolina's frail and elderly population, and it is necessary during this time of transition and transformation of the statewide system that the industry remain able to provide such care.

Upon certification by the Department of Health and Human Services, in consultation with a local discharge team, that an individual cannot be safely and timely discharged into the community, the Department may pay a monthly stipend to the adult care home for the number of individuals it continues to serve who are no longer eligible to receive Medicaid reimbursable assistance but for whom a community placement has not yet been arranged.

SECTION 10.23A.(h) The Commission shall issue an interim report by October 1, 2012, and a final plan to the 2013 General Assembly no later than February 1, 2013, at which time the Commission shall expire.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for the 2012-2013 fiscal year, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.25.(d) Appropriations from federal Block Grant funds are made for the fiscal year ending June 30, 2013, according to the schedule enacted for State fiscal year 2012-2013 or until a new schedule is enacted by the General Assembly.

1 Average Teacher Salary ($85,670,329) R

Revises budgeted funding for certified personnel salaries based on actual salary data from December 2011. The adjustment does not reduce any salary paid to certified personnel, nor does it reduce the number of guaranteed State-funded teachers, administrators, or instructional support personnel.

2 Average Daily Membership ($6,423,088) R

Revises projected ADM for FY 2012-13 to reflect 2,084 fewer students than originally projected. The adjustment includes revisions to all position, dollar, and categorical allotments.

(1.0) Reserves & Transfers

13 Clean Water State Revolving Fund

Directs the Department to use $5,101,400 of its loan origination fee fund to provide the 20% State match needed to draw down $25,507,000, the maximum available federal funds for the Clean Water State Revolving Fund for FY 2012-13. The Department needs permission from the US EPA to use these funds for FY 2012-13 only.

14 Drinking Water State Revolving Fund

Directs the Department to use funds from the Drinking Water Reserve to provide the 20% State match needed to draw down the maximum available federal funds for the Drinking Water State Revolving Fund. The match amount of $4,939,600 for Federal Fiscal Year 2011-12 will allow the State to draw down $24,698,000 in federal funds, and the match amount of $4,707,400 for the Federal Fiscal Year 2012-13 will allow the State to draw down $23,537,000 in federal funds. The EPA encourages states to have their match amounts available prior to the beginning of the Federal Fiscal Year so the amount of the State grant can be encumbered in the EPA budget. The Department is currently a year in arrears obtaining these federal grants from EPA, and this will allow the Department to have its match amounts available prior to the beginning of future Federal Fiscal Years.

HOUSE BILL 950:

2011-2012 General Assembly

Committee:	Senate Appropriations/Base Budget	**Date:**	June 11, 2012
Introduced by:	Rep. Brubaker	**Prepared by:**	Cindy Avrette
Analysis of:	4th Edition, with unengrossed amendments		Committee Counsel

SUMMARY: ***Senate Appropriations gave H950-PCS30634-MDxf-28 a favorable report as amended earlier today. The bill contains the following finance-related provisions:***

- ***It provides a tax deduction for educational supplies. The Senate passed this provision earlier in Senate Bill 795.***
- ***It sets the regulatory fees that are used to pay the expenses incurred in regulating the insurance industry and public utilities. The Senate passed this provision earlier in House Bill 1015.***
- ***It caps the motor fuel tax rate at 37½¢ cents a gallon for one-year, July 1, 2012, through June 30, 2013.***
- ***It removes the discretionary up-front fee to participate in the driver education program and creates an additional $45 fee payable upon issuance of a limited learner permit by DMV.***
- ***It requires DOT to establish and collect tolls on all ferry routes, including the Ocracoke/Hatteras Ferry and the Knotts island Ferry.***
- ***It prohibits the Department of Transportation from establishing or collecting tolls on I-95 prior to July 1, 2013. DOT must conduct a comprehensive study of the transportation corridor containing I-95 and report its findings to the General Assembly by March 1, 2013.***

TAX DEDUCTION FOR EDUCATIONAL SUPPLIES (Section 7A.13, Page 51)

This section allows an individual income tax deduction for teachers in elementary or secondary education of up to $250 for unreimbursed expenses paid or incurred for school supplies. Congress enacted a tax benefit to help K-12 teachers defray some of the expenditures they voluntarily make to enhance the quality of their students' education. The deduction has been available for tax years 2002-2011. Since North Carolina begins its calculation of taxable income with federal AGI, teachers in North Carolina have been allowed the deduction at the State level as well.

Congress has not extended the tax deduction beyond the 2011 taxable year. This section allows North Carolina teachers to continue deducting up to $250 for unreimbursed expenses paid or incurred for school supplies for taxable years beginning on or after January 1, 2012. If a taxpayer files a joint return and both spouses are eligible educators, then they both may claim up to $250 of expenses for a $500 total on a joint return. If Congress extends the federal tax deduction beyond taxable year 2011, then this provision will not be needed. However, if it does not, this provision ensures that North Carolina educators will continue to receive the same tax benefit they have received since 2002.

This section becomes effective for taxable years beginning on or after January 1, 2012. The Senate passed this provision earlier in Senate Bill 795.

SET REGULATORY FEES (Section 13.8A, Page 119; Section 20.5, Page 132)

Section 13.8A sets the rate for the public utility regulatory fee for fiscal year 12-13 at 0.12%. It also sets at $200,000 for fiscal year 12-13 the annual public utility regulatory fee imposed on electric membership corporations whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale. The proceeds of the fee are credited to the Utilities Commission and Public Staff Fund and used to reimburse the General Fund for appropriations made to the Utilities Commission to pay the expenses incurred in regulating public utilities.

The rate of the public utility regulatory fee has not changed since fiscal year 04-05. The rate for this fee must be set each year by the General Assembly. The utility regulatory fee is a tax that was first imposed in 1989. The regulatory fee is imposed on all utilities that are subject to regulation by the North Carolina Utilities Commission. The fee is a percentage of the utility's North Carolina jurisdictional revenues. In general, jurisdictional revenue is derived from providing utility service in North Carolina.

The rate of the fee imposed on electric membership corporations has not changed since the General Assembly enacted it in 1999. The 1999 General Assembly enacted S.L. 1999-180, which authorized electric membership corporations to form subsidiary corporations that may provide energy services and products, telecommunications services and products, and water and wastewater collection and treatment. The subsidiary must fully compensate the electric membership corporation for its use of the corporation's personnel, services, equipment, and property. The Utilities Commission is charged with regulating this aspect of the subsidiary's business and, to pay for this regulation, S.L. 1999-180 levied a flat-rate regulatory fee to be paid annually by the North Carolina Electric Membership Corporation.[1] Thus, the fee imposed on the North Carolina Electric Membership Cooperation will be passed on to its member electric membership corporations.

Section 20.5 sets the insurance regulatory charge at 6% for the 2012 calendar year, the same as the rate set for the 2011 and 2010 calendar years. The proceeds of the fee are credited to the Insurance Regulatory Fund and used to reimburse the General Fund for appropriations made to the Department of Insurance and other agencies to pay the expenses incurred in regulating the insurance industry. The insurance regulatory charge was first enacted in 1991 to defray the State's cost of regulating the insurance industry. The charge is a percentage of each insurance company's gross premiums tax liability.[2]

The Senate passed these provisions earlier in House Bill 1015.

REDUCE MOTOR FUEL EXCISE TAX RATE (Section 24.11, Page 138)

This section places a cap of 37½¢ per gallon on the motor fuel excise tax rate for the period July 1, 2012, through June 30, 2013. The rate could fall below this amount, but it could not exceed this amount. The current motor fuel tax rate is 38.9¢ per gallon. The upcoming variable rate is expected to decrease based on the six-month period that ended March 31; the projected State motor fuel tax rate beginning July 1, 2012, is 37.7¢ a gallon.

A motor fuel excise tax is imposed on all motor fuel sold, distributed, or used in the State. The motor fuel tax rate has two components: a flat rate of 17.5¢ and a variable rate that may change every six

[1] The North Carolina Electric Membership Corporation is the only electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16. It is a "generation and supply cooperative" owned by its members. Its members are all but one of the existing North Carolina electric membership corporations, which are "distribution cooperatives."

[2] Medical service corporations and health maintenance organizations began paying the charge in 2000.

months.[3] The variable rate is equal to 7% of the wholesale price of gasoline based on a weighted average price of gasoline and diesel, as reported by the US DOE Energy Information Administration. The variable rate is currently 21.4¢. The upcoming variable rate is expected to decrease based on the six-month period that ended March 31. However, it is projected that the variable rate effective January 1, 2013, would be higher based on the wholesale price of gasoline over the last few months. The variable tax rate effective January 1, 2013, would be based on the wholesale price of gasoline during the period April 1, 2012, through September 30, 2012.[4]

This section would become effective when the act becomes law. The House passed a similar provision in House Bill 142. House Bill 142 is currently in Senate Rules.

PAYMENT OF DRIVER EDUCATION FEE WHEN GETTING PERMIT (Section 24.17, Page 139)

This section would remove the discretionary up-front fee LEAs may charge a student to participate in a driver education program and replace it with an additional $45 fee payable upon issuance of a limited learner permit by DMV.[5] The current fee for a limited learner's permit is $15. With the additional fee, the cost to obtain a limited learner's permit for an applicant who participated in a publicly-supported driver education program would be $60.

Last year, in S.L. 2011-145, the General Assembly reduced the amount of revenue transferred from the Highway Fund to the driver education program by $5.27 million. The legislation authorized LEAs to charge a fee of up to $45 for student participation in the program. LEAs were free to determine the fee amount, the implementation date, the collection process, and any other policy issues surrounding the program fee. The Department of Public Instruction surveyed LEAs to identify implementation rates and fees as of September 2011. Ninety-five of the 115 LEAs responded. Of those 95, 40% had implemented a fee. Of those 38 LEAs that implemented a fee, 29 of them implemented it at the maximum amount of $45. The survey indicated the fees ranged from $25 to $45.

Anecdotal evidence from LEAs in Mecklenburg and Wake Counties suggests a reduction in the number of students participating of roughly 20%. However, the statewide effect on participation is unknown because DPI does not track student participation and outcomes. The Fiscal Research Division and the Program Evaluation Division of Legislative Services has requested DPI to conduct a follow-up survey to assess implementation and participation.

This section would become effective July 1, 2012.

CLARIFY FERRY TOLLING (Section 24.18, Page 140)

This section directs the Board of Transportation to establish a toll on all ferry routes, including the routes for the Ocracoke/Hatteras Ferry and the Knotts Island Ferry, and it directs DOT to collect those tolls. Last year, in S.L. 2011-145, the General Assembly directed the Board of Transportation to establish tolls for all ferry routes except for the Ocracoke/Hatteras Ferry and the Knotts Island Ferry, to

---

[3]The variable rate component was introduced in 1986 as part of legislation that increased funding for road construction. In addition to the introduction of a 3% variable rate, which equated to 1.5¢ per gallon at that time, the legislation increased the flat rate from 12¢ per gallon to 14¢ per gallon. The General Assembly incorporated the variable rate in part as recognition that the cost of road construction increases as the cost of motor fuel increases because of the petroleum products used in road construction. In 1989, the General Assembly increased the flat tax rate to 17¢ per gallon and increased the variable component from 3% to 7% of the average wholesale price. In 1992, the tax rate was changed to the current rate of 17.5¢ per gallon plus 7% of the average wholesale price (S.L. 1991-538).

[4] The projected average rate for FY12-13 is 38.8¢.

[5] House Bill 985, currently in House Finance, would make a similar change in the law. Rep. Gillespie sponsored the bill.

become effective April 1, 2012. The Department of Transportation has set the new and increased rates for five ferry routes, but they are not currently being enforced.

This section also declares the Governor's Executive Order No. 116 an unconstitutional attempt to exercise authority the Governor does not possess, and accordingly directs DOT to disregard the Order and begin collecting the tolls. On February 29, 2012, the Governor issued an Executive Order placing a one-year moratorium on the new and increased ferry tolls. The legality of the Governor's order has been called into question by both the Attorney General's office and members of the General Assembly. In a statement issued on April 13, 2012, Attorney General Roy Cooper said that the state law as passed by the Legislature must be followed. He further stated that since it was the Legislature's decision to collect tolls, only the Legislature has the authority to remove them.

This section would become effective July 1, 2012. The House version of House Bill 950 (Edition 3) directed DOT not to collect the new and increased tolls required by the 2011 budget act during the 2012-2013 fiscal year.

STUDY INTERSTATE 95 TOLLING (Section 24.21, page 141)

This section prohibits DOT from establishing or collecting any tolls on I-95 for the foreseeable future. In S.L. 2005-276, the General Assembly directed DOT to apply to the US Department of Transportation for a permit to allow tolling on established interstate highways and it set I-95 as the priority project when applying for those permits. To date, no fees have been established for tolling on the interstate highways and none are foreseen for the next few fiscal years.

BILL SUMMARY:

Section 7A.13 Tax Deduction for Educational Supplies
Section 7A.13 includes a tax deduction of $250 for educational supplies purchased by an eligible educator.

Section 12.01 Water Infrastructure Fund Closing Fee Conforming Changes
Section 12.01 makes a change to the closing fee for all funds within the Water Infrastructure Fund.

Section 13.8A Regulatory Fee for Utilities Commission
This section sets the fee for regulated utility companies at 0.12% of North Carolina jurisdictional revenues; this percentage remains unchanged from recent years. It also sets the fee for the Electric Membership Corporation at $200,000.

Section 20.5 Regulatory Fee for Insurance
Section 20.5 continues the rate of 6 percent for the insurance regulatory surcharge.

Section 24.11 Reduce Motor Fuel Excise Tax Rate
Section 24.11 applies a cap of 37.5 cents per gallon from July 1, 2012 through June 30, 2013.

Section 24.17 Payment of Driver Education Fee When Getting Permit; Additional Funding for Driver Education
Section 24.17 repeals the discretionary fee authorized by S.L. 2011-145, Sec. 31.1 for participation in a driver education course and establishes a supplemental fee of $45.00 on the limited learner's permit. Participants who paid the prior participation fee are entitled to a credit toward the supplemental limited learner's permit fee. Additionally, $2.09 million of motor fuel tax revenues allocated to the Commercial Leaking Petroleum Underground Storage Tank Fund (Commercial LUST fund) is transferred to the Department of Public Instruction for the driver education program to restore $5.3 million in program funding for FY 2012-13.

Section 24.18 Clarify Ferry Tolling
Section 24.18 directs the Department of Transportation to collect ferry tolls on all routes, removing the exceptions for the Hatteras/Ocracoke and Currituck/Knotts Island routes.

Section 24.21 Study Interstate 95 Tolling
Section 24.21 requires DOT to study 1) the economic impact of tolling I-95 on affected residents and businesses; 2) how traffic patterns, safety, and travel time are impacted on alternative routes; 3) new or existing alternative routes; and 4) options to repair I-95 without the use of tolls. This section requires DOT to report the results of this study to the 2013 General Assembly by March 1, 2013. This section prohibits DOT from tolling I-95 prior to July 1, 2013.

ASSUMPTIONS AND METHODOLOGY:

Section 7A.13 Tax Deduction for Educational Supplies
Based on data provided by the Department of Public Instruction and the Division of Non-Public Education, approximately 102,000 teachers will be able to take advantage of the deduction. This is multiplied by $250 because it is assumed that each teacher taking the deduction will take the maximum amount allowed. This number is then multiplied by an average tax rate of 7% to arrive at the fiscal impact of $1.8 million in reduced revenue collections per fiscal year.

Section 12.01 Water Infrastructure Fund Closing Fee Conforming Changes
Section 12.01 makes a change to conform the language for all closing fees for all funds within the Water Infrastructure Fund. This corrects an omission that occurred during a 2005 restructuring of the General Statutes that govern all of the Department of Environment and Natural Resources (DENR)'s water/wastewater infrastructure funds. During that restructuring, language that gave DENR authority to charge closing fees for certain of those funds was repealed, yet inadvertently not reinstated. AS DENR already has in place rules that align with the statutory language in Section 12.01, there would therefore be no change to the revenues collected through these closing fees.

Section 13.8A Regulatory Fee for Utilities Commission
The Utilities Commission charges the public utility regulatory fee to 2,057 certificated companies with North Carolina jurisdictional revenues. Using past revenues as an estimate, it is assumed that these companies will have revenues of approximately $11.6 billion in FY 2012-13. Thus, a 0.12% regulatory fee would yield $14 million. These funds are deposited into a Special Fund at Commerce and then distributed to the Utility Commission and the Public Staff to fund their operations. The following table provides a 5-year history of NC utility jurisdictional revenues as well as fee revenues; the rate was 0.12% for all years shown:

History of North Carolina Utility and Fee Revenues at a 0.12% Rate, FY 2006-07 thru FY 2010-11					
	FY 2006-07	**FY 2007-08**	**FY 2008-09**	**FY 2009-10**	**FY 2010-11**
Utility Revenues	$11,026,252,488	$11,394,049,568	$11,321,344,624	$11,548,577,717	$11,671,551,467
Fee Revenue	$13,360,713	$13,782,929	$13,964,181	$13,721,517	$14,005,862

Electric Membership Corporation Regulatory Fee
The electric membership corporation fee is a flat fee and thus anticipated revenue is equal to the fee - $200,000.

Section 20.5 Regulatory Fee for Insurance
The insurance regulatory charge is an annual charge applied to each insurance company's annual premium tax liability for the taxable year. Monies are credited to the Insurance Regulatory Fund, and are used to reimburse the General Fund for the following:

(1) Money appropriated to the Department of Insurance to pay its expenses incurred in regulating the insurance industry and other industries in this State.

(2) Money appropriated to State agencies to pay the expenses incurred in regulating the insurance industry, in certifying statewide data processors under Article 11A of Chapter 131E of the General Statutes, and in purchasing reports of patient data from statewide data processors certified under that Article.

(3) Money appropriated to the Department of Revenue to pay the expenses incurred in collecting and administering the taxes on insurance companies levied in Article 8B of Chapter 105 of the General Statutes.

(4) Money appropriated for the office of Managed Care Patient Assistance Program established under G.S. 143-730 to pay the actual costs of administering the program.

(5) Money appropriated to the Department of Insurance for the implementation and administration of independent external review procedures required by Part 4 of Article 50 of this Chapter.

(6) Money appropriated to the Department of Justice to pay its expenses incurred in representing the Department of Insurance in its regulation of the insurance industry and other related programs and industries in this State that fall under the jurisdiction of the Department of Insurance.

(7) Money appropriated to the Department of Insurance to pay its expenses incurred in connection with providing staff support for State boards and commissions, including the North Carolina Manufactured Housing Board, State Fire and Rescue Commission, North Carolina Building Code Council, North Carolina Code Officials Qualification Board, Public Officers and Employees Liability Insurance Commission, North Carolina Home Inspector Licensure Board, and the Volunteer Safety Workers' Compensation Board.

(8) Money appropriated to the Department of Insurance to pay its expenses incurred in connection with continuing education programs under Article 33 of this Chapter and in connection with the purchase and sale of copies of the North Carolina State Building Code.

(9) Money appropriated to the Department of Insurance for the regulation of the professional employer organization industry pursuant to Article 89A of Chapter 58 of the General Statutes.

Unexpended monies remain in the Insurance Regulatory Fund.

For taxable years 2010 and 2011, the surcharge was also 6.0 percent. These monies were collected in fiscal years 2010-11 and 2011-12. The Department of Insurance anticipates an increase of

0.0025 percent in premium tax liability and surcharge revenues for FY 2012-13 compared to FY 2011-12. Actual and anticipated collections are as follows:

Department of Insurance, Insurance Regulatory Fund Revenues, FY 20110-11 thru FY 2012-13		
FY 2010-11 Actual	**FY 2011-12 Estimated**	**FY 2012-13 Anticipated**
$29,877,292	$29,909,412	$29,984,412

Section 24.11 Reduce Motor Fuel Excise Tax Rate

Consensus Revenue Forecast:

The motor fuels excise tax rate consists of a flat rate of 17.5 cents per gallon plus a variable rate that is 7% of the national weighted average wholesale price of gasoline and diesel for a six-month base period. For January through June 2012, the variable rate is 21.4 cents per gallon. Based on the April 2012 consensus revenue forecast, the variable rate will decrease to an average of 21.3 cents per gallon in FY 2013. Capping the tax at 37.5 cents per gallon sets a maximum variable rate at no more than 20.0 cents per gallon for FY 2013. Based on existing statutes, the variable rate will automatically readjust on July 1, 2013. Capping this automatic adjustment generates this fiscal impact.

Distribution of Motor Fuels Excise Tax:

Wildlife Resources Fund receives 1/6 of one percent of Motor Fuels Excise Tax attributed only to the Highway Fund. A cap impacts the Highway Fund, Highway Trust Fund, and Wildlife Resources Fund. The total cut to Wildlife Resource associated with the cap is $77,750.

Section 24.17 Payment of Driver Education Fee When Getting Permit; Additional Funding for Driver Education

Due to varied implementation and a limited time frame, the impact of the recently enacted discretionary participation fee is undocumented. Additionally, there is limited data from which to estimate the proportion of applicants which did not participate in a publicly-funded driver education program. Accordingly, Fiscal Research assumes a 15% reduction in baseline original issuances of limited learner permits to account for the potential reduction in applications based on anecdotal assessments of student participation in driver education programs that implemented the discretionary fee, as well as sensitivity to the increased fee.

Reported FY 2010-11 issuances of original limited learner's permits totaled 88,429, yielding estimated baseline revenue of $1.33 million. Net estimated revenues per implementation of the new fee total $3.18 million.

Motor fuel tax revenue formerly allocated to the Commercial LUST fund is transferred to the Department of Public Instruction for the driver education program to restore $5.3 million in program funding for FY 2012-13. The loss of this $2.1 million in revenue to the Commercial LUST fund will reduce the fund's total revenue by approximately eight percent, and accordingly will reduce the number of reimbursements that DENR can provide to eligible UST owners, operators, and landowners for the costs of environmental cleanup and third-party liability claims. According to the program's FY 2010-11 annual report, DENR knows of an additional 6,257 commercial releases needing clean-up with an expected cost in excess of $513 million. Approximately 300 new commercial releases are reported each year, resulting in another $25

million in potential annual reimbursement costs. Decreases to the funding for the Commercial LUST fund reduce the number of clean-ups that can be completed annually and could increase the wait-list for reimbursement.

Section 24.18 Clarify Ferry Tolling
Requires the Department of Transportation to adjust and collect ferry tolls to meet $2.5 million in additional receipts currently budgeted in FY 2012-13 per the 2011 Appropriations Act. DOT must revise the fare schedule contained in the submitted amendments to 19A NCAC 02D .0531 and 19A NCAC 02D .0532 to account for the removal of the Hatteras/Ocracoke and Currituck/Knotts Island route exemptions. Given the current status of tolling infrastructure, Fiscal Research anticipates an implementation delay of at least four weeks.

Section 24.21 Study Interstate 95 Tolling
This section has no fiscal impact.

HOUSE BILL 180:
Wilmington Voluntary Annexations

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Reps. McComas, Justice	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Second Edition		

SUMMARY: House Bill 180 annexes three described areas into the City of Wilmington

CURRENT LAW: Annexation is a method by which municipalities alter their boundaries. The municipality must follow the statutorily prescribed steps in order to add an area into its boundaries. As the municipality is receiving more tax revenue from the added area, the municipality must provide (or contract to provide) basic services to the area. These services include police protection, fire protection, solid waste collection and the extension of water and sewer lines to the area.

North Carolina law sets forth four basic ways in which a municpality may annex an area.

- Voluntary Annexation. The owners of all real property in an area contiguous to the municipality desiring to be annexed sign a petition requesting annexation.
- Voluntary Satellite Annexation. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation, if it otherwise meets the statutory requirements.
- Municipal-Initiated Annexation. The municipality initiates annexation proceeding, pursuant to statutory requirements.
- Legislative Act. The General Assembly has the authority to extend the boundaries of any municipality.

BILL ANALYSIS: House Bill 180 annexes into the corporate limits of the City of Wilmington three described tracts.

EFFECTIVE DATE: This act becomes effective July 1, 2012.

Giles Perry, counsel to Senate State and Local Government, substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT INCORPORATING ADDITIONAL BASES FOR MAKING ASSESSMENTS UNDER THE CHARTER OF THE CITY OF DURHAM IN THE CASE OF BOTH PETITIONED AND NON-PETITIONED ASSESSMENTS.

Whereas, Section 77(14) of the Charter of the City of Durham (Charter) currently includes limited bases for making assessments against properties benefitting from improvements; and

Whereas, the limited bases for making assessments currently available under the Charter have the potential to allocate assessments to properties in a manner that is disproportionate to the benefits bestowed by the improvements to the properties; and

Whereas, by incorporating additional bases for making assessments into the Charter, the Durham City Council will be able to apportion both petitioned and non-petitioned assessments among the benefitted properties in a manner that is more reflective of the benefits bestowed on the benefitted properties; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. Section 77(14) of the Charter of the City of Durham, being Chapter 671 of the Session Laws of 1975, as amended by Chapter 577 of the 1991 Session Laws, reads as rewritten:

"**Sec. 77.** Assessments for Water, Sewer, Street, Sidewalk, Grass Plot, Lighting, and Waterfront Improvements.

...

(14) Having determined such total cost, the City Council shall thereupon make a preliminary assessment as hereinafter set out in this section. Such preliminary assessment shall, however, be advisory only, and shall be subject to the action of the Council thereon as hereinafter set out in subsection 17 of this section. The preliminary assessment shall be made on the basis hereinafter set out in this subsection for the classes of improvements indicated; provided, that if the petition, or the resolution, in those cases where the improvement was ordered made without petition, specified that there should be specially assessed against the ~~abutting~~ benefited property a smaller proportion of the cost of any improvement than is hereinafter specified in this section, then there shall be assessed against the ~~abutting~~ benefiting property only such proportion of the cost of the improvement as was specified in the petition or in the resolution.

(a) Street paving. The total cost of any street paving improvement, exclusive of so much of the cost as is incurred at street intersections and the share of street railways or

railroads, shall be specially assessed against the lots and parcels of land abutting directly on the street paved, according to the extent of their respective frontages thereon, by an equal rate per foot of such frontage. The cost of that part of the paving required to be borne by a street railway or railroad, which paving is done by the City after default by the street railway in making the same, as hereinbefore provided in this section, or which is done by the City by contract with the railway or railroad as provided in subsection 12 of this section, shall be assessed against the street railway or railroad, and the assessment shall be a lien on all of the franchises and property of the street railway or railroad company, and may be collected by sale of such property and franchises as is provided in subsection 23 of this section; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of paving in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has ever been paved, such lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the paving of the intersecting street on which such lot abuts, such lot shall be exempt from assessment for the paving of the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, is paved and the intersecting street is to be paved, such lot shall be exempt from assessment for the paving of the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has been paved and the street along side of such lot is to be paved, the lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 40 percent of the frontage on such street or 60 feet, whichever is less.

The exemption herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(b) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting on that side of the street upon which the improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lots to the curb line of an intersecting street; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of sidewalk improvements in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has sidewalks, such lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the construction of sidewalks on the intersecting street, on which such lot abuts, such lot shall be exempt from assessment for the sidewalk improvement on the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, has sidewalks and sidewalks are constructed on the intersecting street, such lot shall be exempt from assessment for the sidewalks on the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has sidewalks and sidewalks are to be constructed on the intersecting street, the lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 40 per cent of the frontage thereon or 60 feet, whichever is less.

The exemptions herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(c) Water mains and sewers. In the case of water mains and storm and sanitary sewers, the cost of not exceeding an eight-inch water or sanitary sewer main and of not exceeding a thirty-inch storm sewer main and of such portion of the mains as lie within the limits of the street or streets, or parts thereof, to be improved as provided in the petition or resolution ordering the same, shall be assessed against the abutting property. Such cost shall be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by the water or sanitary sewer project) by an equal rate per foot of such frontage; provided, that in case of a corner lot, used as a single lot, no assessment shall be made against the long side of the lot abutting on the intersecting streets for any part of the frontage of such longer side of the lot except that portion in excess of 150 feet if the lot is in a residential section of the City, or in excess of 100 feet if the lot is in a business section of the City, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City; provided further, that if a water or sanitary sewer main in excess of eight inches in size or a storm sewer main in excess of thirty inches in size is laid in the portion of the street or streets, then the cost of the water or sanitary sewer main in excess of the cost of an eight-inch main and the cost of the storm sewer main in excess of a thirty-inch main shall be borne by the City, provided further, that if the resolution ordered the construction of any septic tank or disposal plant, no part of the cost of the same shall be specially assessed; provided further, that if the resolution ordered the construction of any pumping station, force main or sanitary sewer outfall, the cost thereof may be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by such pumping station, force main or sanitary sewer outfall) by an equal rate per front foot of such frontage; provided, however, in the case of a corner lot, used as a single lot, where there is a sewer already laid on the intersecting street on which the lot abuts and by which the lot is or can be served, no assessment shall be made against the lot for the costs of any pumping station, force main or sanitary sewer outfall incident to the second sewer for any part of the frontage of the lot except that portion in excess of 150 feet if the lot is in a residential section, or in excess of 100 feet if the lot is in a business section, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City. Nothing contained herein shall be construed to limit the right of the City to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract;

(d) Water and Sewer Laterals. The entire cost of each water and sewer lateral required to be laid by the owner of the property for or in connection with which such lateral is laid, but laid by the City after default by the property owner in making the same as hereinbefore

provided, shall be specially charged against the particular lot or parcel of land for or in connection with which it was made;

(e) Water Mains and Sewers and Laterals; Flat Rate Assessment. In lieu of assessing each water and sanitary sewer improvement project on the basis of the cost of that particular project, the City Council shall have authority to establish flat rates per frontage foot for the assessment of property abutting water and sewer improvement projects, based on the average cost of constructing 8-inch water mains and 8-inch sanitary sewer mains in the City, and shall also have authority to establish flat rates for the assessment of property abutting the installation of water and sanitary sewer laterals, based on the average cost of installing such laterals in the City. The Council may then assess property abutting water and sanitary sewer improvement projects on the basis of the flat rates so established, subject to the right of any nonpetitioning property owner to have the assessment against his property adjusted as provided by law upon a showing that his property has not been benefited to the extent of the assessment;

(f) Grass plots. The entire cost of grading or otherwise improving, or of planting, the grass plots in any street or part thereof, shall be assessed against the lots and parcels of land abutting on the street or part thereof wherein or whereon such improvements are made by an equal rate per front foot of such frontage; provided, that this subsection shall be construed to mean that when a grass plot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting on the street within the block where such grass plot is located;

(g) Lighting improvements. The cost of any lighting improvement, such cost being determined as provided in subsection thirteen of this section, shall be specially assessed against the lots and parcels of land abutting directly on the street or streets, or part thereof, where such improvement is made, according to their respective frontage thereon by an equal rate per foot of such frontage;

(h) Water front improvements. The cost of any water front improvement shall be specially assessed against the lots and parcels of land abutting on the improvement according to their respective frontages thereon by an equal rate per foot of such frontage.

(i) In addition to the bases for making assessments for the cost of improvements specified above in paragraphs (a) through (h) of this subdivision, the city council may alternatively, or in conjunction, make assessments on the following bases:

(1) The area of land served, or subject to being served, by the improvement, at an equal rate per unit of area.

(2) The value added to the land served by the improvement, or subject to being served by it, being the difference between the appraised value of the land without improvements as shown on the tax records of the county, and the appraised value of the land with improvements according to the appraisal standards and rules adopted by the county at its last revaluation, at an equal rate per dollar of value added.

(3) The number of lots served, or subject to being served, where the project involves extension of an existing system to a residential or commercial subdivision, at an equal rate per lot.

(4) A combination of two or more of these alternative bases, which may also be combined with the specific assessment basis listed above in paragraphs (a) through (h) of this subdivision, for each class of improvement.

Whenever the basis selected for assessment is either area or value added, the city council may provide for the laying out of benefit zones according to the distance of benefited property from the improvement being undertaken, and may establish differing rates of assessment to apply uniformly throughout each benefit zone. For each improvement, the city council shall endeavor to establish an assessment method from among the bases set out in this section

that will most accurately assess each lot or parcel of land according to the benefit conferred upon it by the improvement."

SECTION 2. This act is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE STOKES COUNTY TO REQUIRE THE PAYMENT OF DELINQUENT PROPERTY TAXES BEFORE RECORDING DEEDS CONVEYING PROPERTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 161-31 reads as rewritten:

"**§ 161-31. Tax certification.**

(a) Tax Certification. – The board of commissioners of a county may, by resolution, require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.

(a1) Exception to Tax Certification. – If a board of county commissioners adopts a resolution pursuant to subsection (a) of this section, notwithstanding the resolution, the register of deeds shall accept without certification a deed submitted for registration under the supervision of a closing attorney and containing this statement on the deed: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

(b) Applicability. – This section applies only to Alamance, Alexander, Anson, Beaufort, Bertie, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, Yadkin, and Yancey Counties."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 857:
Add Stokes Cty to Tax Cert Before Recordation

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Sen. East	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 857 authorizes Stokes County to require payment of delinquent property taxes prior to recording deeds conveying property.***

[As introduced, this bill was identical to H1197, as introduced by Rep. Holloway, which is currently in Senate State and Local Government. The provisions of S857 and H1197 are identical.]

CURRENT LAW: *G.S. 161-31(a)* allows a county board of commissioners, by resolution, to require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.

G.S. 161-31(a1) provides an exception. It requires the register of deeds to accept, without certification, a deed containing the following statement: "This instrument prepared by: ____ _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

G.S. 161-31(b) lists the 73 counties to which this provision currently applies.[1]

The following 4 counties have a similar requirement but under different authorizing legislation:

Avery County	Chapter 305 of the 1963 Session Laws, as amended by S.L. 1997-410 and S.L. 1998-73[2]
Ashe County	S.L. 1993-657, as amended by S.L. 1997-410 and S.L. 2005-433[3]
Alleghany County	S.L. 1997-410
Mitchell County	S.L. 1987-537, as amended by S.L. 1997-410 and S.L. 1999-326[4]

These local acts provide that the Register of Deeds shall not record any deed unless it is accompanied by a certification that all delinquent taxes have been paid. These local acts are in contrast to G.S. 161-31, which gives certain counties the discretion to pass a resolution to that effect.

BILL ANALYSIS: Senate Bill 857 amends G.S. 161-31(b) to add Stokes County to the list of counties in which the board of commissioners is permitted to pass a resolution requiring the register of deeds not to accept any deed transferring real property unless the county tax collector certifies that the taxes listed in the statute are not delinquent and are not a lien on the property.

EFFECTIVE DATE: This bill is effective when it becomes law.

S857-SMTD-128(e1) v3
Trina Griffin, counsel to House Finance, contributed to this summary.

[1] The Register of Deeds in Duplin County must also receive a certification that no municipal taxes or any other taxes the collector is charged with collecting are a lien on the property before a deed transferring the property may be recorded.
[2] The Town of Newland was added in 1997; the Town of Banner Elk was added in 1998.
[3] S.L. 2005-433 provides that in addition to receiving a certification from the county tax collector, the Register of Deeds must also receive a certification from any municipal tax collector, where applicable, verifying that all delinquent taxes on the property have been paid.
[4] This local act also provides that if the property is located in the Town of Spruce Pine or the Town of Bakersville, the deed must also be accompanied by a certification from the town tax collector that all municipal taxes have been paid with respect to the property.

SUMMARY: ***Senate Bill 900 deannexes a described area from the Town of Surf City. The bill received a favorable report from the Senate State and Local Government Committee on June 7, 2012.***

CURRENT LAW: Under Section 1 of Article VII of the N.C. Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property -- that power remains with the General Assembly.

SUMMARY: Senate Bill 901 exempts the Town of Ocean Isle Beach from the 10% area cap on voluntary satellite annexations. The bill received a favorable report from the Senate State and Local Government Committee on June 7, 2012.

CURRENT LAW: G.S. 160A-58.1 governs voluntary municipal annexation of noncontiguous property (known as voluntary satellite annexation). If all property owners in a satellite area petition a municipality for voluntary annexation of the noncontiguous property, the municipality may annex the property, if it meets all of the following five standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. *The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.*

BILL ANALYSIS: Senate Bill 901 adds the Town of Ocean Isle Beach to the group of municipalities exempted from the 10% area cap on satellite annexations.

The General Assembly of North Carolina enacts:

SECTION 1. Section 9(c) of S.L. 2001-480, as amended by S.L. 2002-36, reads as rewritten:

"**SECTION 9.(c)** Use of Proceeds From Additional Two Percent (2%) Tax. – Durham County shall, on a monthly basis, remit the net proceeds of the tax levied under Section 6(b) of this act to the Durham Convention and Visitors Bureau as set out in Section 10 of this act.

The Bureau may use the funds remitted to it under this subsection only to promote travel, tourism, and conventions in Durham ~~County.~~County, for tourism-related expenditures, and to retire debt incurred to finance tourism-related expenditures."

SECTION 2. Section 9(e) of S.L. 2001-480, as amended by S.L. 2002-36 and S.L. 2005-233, reads as rewritten:

"**SECTION 9.(e)** Use of Proceeds From Additional One Percent (1%) Tax After First 24 Months. – The net proceeds of the tax collected under Section 6(c) of this act after the first 24 months that the tax is levied shall be remitted monthly to the Durham Convention and Visitors Bureau as set out in Section 10 of this act. The Bureau shall use and distribute these net proceeds in the following priority order:

(1) To the City of Durham, the first one million four hundred thousand dollars ($1,400,000) collected annually to finance the debt service associated with the construction of the Performing Arts Theater and for the design and engineering costs associated with the construction of the Theater. But no more than two million seven hundred fifty-two thousand dollars ($2,752,000) of those proceeds may be used for design and engineering costs associated with the construction of the Theater. Until those funds are distributed to the City of Durham for that purpose, they shall be held by the Durham Convention and Visitors Bureau in a capital reserve fund as provided by Part 2 of Article 3 of Chapter 159 of the General Statutes except they may be expended as provided by the last sentence of Section 7(a) of this act if the tax is repealed as provided by Section 7(a) of this act. Any interest earned by that fund shall be credited to the fund.

(2) Thirty-two years after the levy of the tax authorized under Section 6(c) of this act, instead of the allocation under subdivision (1) of this subsection, the first one million four hundred thousand dollars ($1,400,000) collected

(3) To Durham County, the next five hundred thousand dollars ($500,000) collected annually to be used for improvements to the Museum of Life and Science. This may include the financing of debt service. Any of these funds that are not needed for this purpose shall be returned to the Bureau and used to promote travel and tourism.

(4) The Bureau shall use any net proceeds in excess of that provided by subdivisions (1), (2), and (3) of this subsection to promote travel, tourism, and conventions in Durham ~~County.~~County, for tourism-related expenditures, and to retire debt incurred to finance tourism-related expenditures.

As used in this subsection, "annually" means the 12-month period beginning after the first 24 months that the tax authorized under Section 6(c) of this act is levied."

SENATE BILL 918:
Amend Durham County Occupancy Tax Uses

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Sens. McKissick, Atwater	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 918 would amend the purposes for which occupancy tax proceeds remitted to the Durham Convention and Visitors Bureau may be used.

CURRENT LAW: Durham County may levy an occupancy tax totaling 6%. The tax is a percentage of the gross receipts derived from the rental of any room, lodging, or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the county that is subject to sales tax Durham's occupancy tax authorization came over time and its allocation of the tax proceeds is complicated:

- In 1985, the General Assembly authorized Durham County to levy a 3% occupancy tax. Of the amount collected from this 3%, 57 ½% is distributed to the county and the remaining 42 ½% is distributed to the City of Durham. The proceeds from this 3% may be used for any public purpose.
- In 1991, the General Assembly authorized Durham to levy an additional 2% occupancy tax, the proceeds of which are remitted to the Durham Convention and Visitors Bureau and may be used only to promote travel and tourism.
- In 2001, the General Assembly authorized Durham to levy an additional 1% occupancy tax. Currently, the proceeds of the 1% tax are distributed according to the following priority:
    - The first $1.4 million annually to the City of Durham to finance debt associated with the construction of the Performing Arts Center. Thirty-two years after the levy of the 1% tax, the first $1.4 million is remitted to the CVB and used to promote travel and tourism.
    - The next $500,000 annually to Durham County for improvements to the Museum of Life and Science.
    - Any remaining net proceeds are remitted to the CVB to promote travel and tourism.

BILL ANALYSIS: Senate Bill 918 would expand the purposes for which the Durham Convention and Visitors Bureau may use the net proceeds of the 2% occupancy tax to include tourism-related expenditures and to retire debt incurred to finance tourism-related expenditures. Currently, the proceeds of this portion of the tax may only be used for tourism promotion.

EFFECTIVE DATE: The act is effective when it becomes law.

SENATE BILL 945

Short Title:	Modify Southport Occupancy Tax.	(Local)
Sponsors:	Senator Rabon (Primary Sponsor).	
Referred to:	State and Local Government.	

May 31, 2012

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE SOUTHPORT OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 639 of the 1989 Session Laws, as rewritten by S.L. 2002-129, reads as rewritten:

"**Section 1.** Occupancy tax. (a) Authorization and scope. – The Southport Board of Aldermen may levy a room occupancy tax of no more than three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within the City of Southport that is subject to sales tax imposed by the State under G.S. 105-164.4(a)(3) and on the rental of all private residences and cottages, regardless of whether the residence or cottage is rented for less than 15 days. This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations.

(a1) Authorization of additional tax. – In addition to the tax authorized by subsection (a) of this section, the Southport Board of Aldermen may levy an additional room occupancy tax of up to two percent (2%) of the gross receipts derived from the rental of accommodations taxable under subsection (a). The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with the provisions of this section. The City of Southport may not levy a tax under this subsection unless it also levies the tax authorized under subsection (a) of this section.

(b) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 160A-215. The penalties provided in G.S. 160A-215 apply to a tax levied under this section.

The tax collector may collect any unpaid taxes levied under this act through the use of attachment and garnishment proceedings as provided in G.S. 105-368 for collection of property taxes. The tax collector has the same enforcement powers concerning the tax imposed by this act as does the Secretary of Revenue in enforcing the State sales tax under G.S. 105-164.30.

(e) Distribution and use of tax revenue. – The City of Southport shall, on a quarterly basis, remit the net proceeds of the occupancy tax levied under subsection (a) of this section to the Southport Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Southport and shall use the remainder for tourism-related expenditures. The City of Southport shall use the net proceeds of the occupancy tax levied under subsection (a1) of this section only for beach renourishment and protection.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

SENATE BILL 945:
Modify Southport Occupancy Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Sen. Rabon	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 945 modifies the distribution of the Southport occupancy tax by directing that 40% of the net proceeds of the existing 5% tax be used only for beach nourishment and protection.

CURRENT LAW: In 1989, the City of Southport was authorized to levy an occupancy tax of 3%. In 2002, the City was authorized to levy an additional 2% occupancy tax. Currently, the net proceeds of the total 5% tax 5% are remitted to the Southport Tourism Development Authority, which is required to use at least 2/3 of the funds to promote travel and tourism in Southport, and the remainder for tourism-related expenditures. This distribution scheme conforms to the Occupancy Tax Guidelines established by the House Finance Committee.

BILL ANALYSIS: Senate Bill 945 would modify the distribution of the additional 2% occupancy tax by directing that the net proceeds be retained by the Town and be used only for beach nourishment and protection. The net proceeds of the first 3% would continue to be remitted to the Tourism Development Authority, which must use at least two-thirds for tourism promotion and the remainder for tourism-related expenditures.

Under the Occupancy Tax Guidelines adopted by the House Finance Committee[1], beach nourishment is an authorized "tourism-related expenditure" and is defined as follows:

Beach nourishment. – The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the shorelines of the Atlantic Ocean of North Carolina and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for any of the following:

a. *Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies.*
b. *The nonfederal share of the cost required to construct these projects.*
c. *The costs associated with providing enhanced public beach access.*
d. *The costs of associated nonhardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.*

However, the Guidelines require that no more than one-third of the total net proceeds of an occupancy tax levied by a county or city be used for tourism-related expenditures. Under this bill, forty percent (40%) of the total tax would be authorized for beach nourishment.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the

[1] The Senate has never formally adopted these guidelines.

occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax,[2] which provide uniformity among counties and cities with respect to the levy, administration, collection, repeal, and imposition of penalties.

In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below. Many of the principles contained in the Guidelines are similar to those contained in policy statements adopted by the North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association. The House Finance Committee Chairs have traditionally appointed a Subcommittee on Occupancy Taxes to scrutinize occupancy tax legislation to determine whether the legislation adheres to the Guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium. The Senate has never formally adopted these guidelines.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

A BILL TO BE ENTITLED

AN ACT TO ALLOW GRANVILLE COUNTY, PERSON COUNTY, THE CITY OF CREEDMOOR, THE TOWN OF BUTNER, AND THE TOWN OF STEM TO COLLECT DELINQUENT STORMWATER UTILITY FEES IN THE SAME MANNER AS DELINQUENT PERSONAL AND REAL PROPERTY TAXES.

Whereas, water quality standards mandated by State and federal law are requiring that local governments develop more detailed, advanced, and costly stormwater programs; and

Whereas, effective stormwater management should be provided to protect, to the extent practicable, the citizens from the loss of life and property damage from flooding; and

Whereas, aging stormwater conveyance systems and increasing demand upon those systems from development require that local governments engage in long-term planning; and

Whereas, the construction, operation, and maintenance of stormwater conveyance systems requires long-term planning and stable and adequate funding; and

Whereas, it is often most efficient to bill and collect rents, rates, fees, charges, and penalties for stormwater management programs and structural and natural stormwater and drainage systems in the same manner as property taxes; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 153A-277(a1) is amended by adding a new subdivision to read:

"(4) A county may adopt an ordinance providing that any fee imposed under this subsection may be billed with property taxes, may be payable in the same manner as property taxes, and, in the case of nonpayment, may be collected in any manner by which delinquent personal or real property taxes can be collected. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee."

SECTION 1.(b) G.S. 153A-277(c) reads as rewritten:

"(c) Except as provided in subsections (a1) and (d) of this section and G.S. 153A-293, rents ~~Rents,~~ rates, fees, charges, and penalties for enterprisory services shall be legal obligations of the person contracting for them, and ~~are~~ shall in no case be a lien upon the property or premises served, ~~served and, except as provided in subsection (d) of this section, are legal obligations of the person contracting for them,~~ provided that no contract shall be necessary in the case of structural and natural stormwater and drainage systems."

SECTION 1.(c) This section applies only to the Counties of Granville and Person.

SECTION 2. Section 4 of S.L. 2005-441, as amended by S.L. 2011-109, reads as rewritten:

"**SECTION 4.** This act is effective when it becomes law and applies to stream-clearing activities commenced on or after that date. Section 3 of this act applies only to the Cities of Creedmoor, Durham and Winston-Salem, the Towns of Butner, Garner, Kernersville, Knightdale, Morrisville, Stem, Wendell, and Zebulon, and the Village of Clemmons."

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 1207:
Granville/Person Local Stormwater Fees

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 20, 2012
Introduced by:	Reps. Crawford, Wilkins	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	First Edition		

SUMMARY: House Bill 1207 would allow Granville and Person Counties, the City of Creedmoor, and the Towns of Butner and Stem to bill stormwater utility fees in the same manner as property taxes, and in the case of nonpayment, to collect them in the same manner as property taxes.

CURRENT LAW: Cities and counties may operate a stormwater management program as a public enterprise[1] and may establish a schedule of fees for the services furnished by the program. A county or city may collect delinquent fees by any remedy provided by law for collecting and enforcing private debts. As a general rule, fees for enterprisory services cannot be a lien upon the property served by the enterprisory service. In 1991, the General Assembly provided an exception to this rule for fees imposed for solid waste collection and disposal services when it allowed cities and counties to collect the fees for this service in the same manner as property taxes. Delinquent property taxes may be collected using any one or more of the remedies provided in G.S. 105-366 through G.S. 105-375:

- Levy upon and sell or attach personal property.
- Attachment and garnishment of wages and other compensation, rents, bank deposits, the proceeds of property subject to levy, or any other intangible property.
- Foreclosure of real property.

By local acts, the General Assembly has already authorized the Cities of Durham, Winston-Salem, Garner, Knightdale, Morrisville, Wendell, and Zebulon, and the Village of Clemmons to collect delinquent stormwater management fees in the same manner as property taxes.

BILL ANALYSIS: House Bill 1207 authorizes Granville and Person Counties, the City of Creedmoor, and the Towns of Butner and Stem to adopt an ordinance providing that stormwater management fees may be billed with property taxes and made payable in the same manner as property taxes, and in the case of nonpayment, may be collected in the same manner as delinquent property taxes. If an ordinance states that delinquent fees can be collected in the same manner as delinquent real property taxes, the fees are a lien on the real property described on the bill that includes the fee.

EFFECTIVE DATE: This act is effective when it becomes law.

Giles Perry, counsel to House Government, substantially contributed to this summary.

2011-2012 General Assembly

Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 876 deannexes two described parcels from the Town of Mooresville. The bill received a favorable recommendation from the Senate State and Local Government Committee on June 19, 2012.

CURRENT LAW: Under Section 1 of Article VII of the N.C. SUMMARY: ***House Bill 224 is a local bill that would validate the assessment actions taken by Foxfire Village for the Woodland Circle Extension project.***

CURRENT LAW: Under G.S. 160A-216, cities may levy special assessments to finance the following public improvements: streets, sidewalks, water systems, sewer systems, and storm sewer and drainage systems. The amount of each assessment must bear some relationship to the amount of benefit that accrues to the assessed property. The most common basis of assessment is front footage: Each property is assessed on a uniform rate per foot of property that abuts on the project. Other bases include the area of land served or the value added to the property because of the improvement. For street and sidewalk improvements, the city must receive a petition requesting the assessment from a majority of the property owners to be assessed who represent over half of the front footage of the property to be improved.

BILL ANALYSIS: House Bill 224 would cure any procedural defects that occurred as part of Foxfire Village's special assessment for the Woodland Circle Extension project by validating all acts and procedures followed by the town. The project involved the construction of a two-lane paved road and the installation of electric power and water utility lines. The bill would also validate any and all special assessments relating to the project and levied by the Village.

EFFECTIVE DATE: House Bill 224 would be effective when it becomes law.

BACKGROUND[1]: When the town initially undertook the improvement project in 2006, it failed to follow all of the statutory procedural requirements for making an assessment. Among the defects, the original petition did not contain the signatures of the majority of property owners to be assessed[2] and although the town informed all of the affected property owners by letter and held a meeting, it did not hold a public hearing. After the town opened the project to bids, the town obtained a proper petition and held a public hearing. However, the public hearing was not held until after the contract was awarded.

In addition to these procedural issues, one of the property owners objected to the method used to determine the amount of the assessment for the project. The owner's share of the assessment was 76% of the total cost, which he believed did not accurately represent the extent to which his property would benefit from the improvement.[3] Since the town did not change its methodology, the owner decided to donate the property to the town rather than pay the $1.4 million assessment. The change in ownership of the tract did not change the amount of the assessments imposed on the remaining property owners. The Village is currently selling the property that was donated.

Trina Griffin, counsel to House Finance, substantially contributed to this summary.

[1] This information was obtained from the minutes of the Foxfire Village Council meetings, the Mayor, and the town attorney.
[2] The original petition did, however, contain signatures of property owners representing a majority of the lineal feet of frontage to be improved.
[3] The contesting owner's property represented about 156 acres or 75% of the total acreage; however, he only owned 30% of the platted lots, and according to a wetlands survey, approximately 20% of the property is unusable.

HOUSE BILL 1088:
Graham/Swain TVA Allocation/Border

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Reps. West, Haire	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 1088 provides for the apportionment of Tennessee Valley Authority (TVA) payments in lieu of taxes between Graham and Swain Counties. The bill also establishes the common boundary line between the two counties as the center line of the Little Tennessee River.

The Senate companion bill, Senate Bill 941, introduced by Senator Davis, is also in Senate Finance and the bills contents remain identical. Senate bill 941 received a favorable recommendation from the Senate State and Local Government Committee on June 19, 2012.

CURRENT LAW: The TVA makes payments in lieu of taxes under the provisions of the Federal Tennessee Valley Authority Act of 1933.[1] The money is apportioned between the local governments in which the property is owned or an operation is carried on, on the basis of each local government's percentage of the total value of the TVA's property in the State.[2] The minimum payment is to be not less than the amount of annual actual tax loss to the local government. The Department of Revenue (DOR) determines annually the allocation of the TVA's valuation among the local governments in the same manner as if the property were owned or operated by a privately owned public utility. The DOR and the State Treasurer then prorate funds received from TVA on the basis of their calculations.

BILL ANALYSIS: Section 1 provides for the apportionment of TVA funds between Graham and Swain counties. Specifically,

- The dam will be allocated as assessed between the two counties based on the location of survey marker 1475 located on the powerhouse.
- The two generators all other equipment located in Graham County will be assessed in Graham and the remaining one generator and all other equipment located in Swain County will be assessed in Swain.
- 2/3 of the generator building will be assessed in Graham and 1/3 in Swain.
- The nearby transmission facilities located in Swain County will be assessed in Swain.
- All off-site property such as transmission lines and land will be assessed in the county in which the property is located.

Section 2 of the bill establishes the center line of the Little Tennessee River as the common boundary line between Graham and Swain Counties.

EFFECTIVE DATE: The act becomes effective June 1, 2012.

BACKGROUND[3]: In 2009, the General Assembly enacted legislation[4] that changed the formula of TVA payments in lieu of taxes from that based on a county's millage rate to actual TVA assets in a

TVA property is located in the following North Carolina counties: Avery, Buncombe, Cherokee, Clay, Graham, Haywood, Henderson, Jackson, Macon, Madison, Mitchell, Swain, and Watauga. The counties of Cherokee, Swain, and Graham have the most TVA property. TVA property is also located in the towns of Murphy in Cherokee County and Bryson City in Swain County.

particular county. Under the change in the PILT formula, Graham lost about $12,436 a month, which amounted to about $150,000 a year. After the change in the formula, Graham officials argued TVA's key assets — Fontana Dam's powerhouse and three generators— were actually in Graham and not Swain as defined by the original channel of the Little Tennessee River believed to be the county line. The North Carolina Department of Revenue agreed with an advisory letter from the North Carolina Attorney General Office that seemed to indicate Graham's argument was valid. With the backing of the State, Graham was awarded about $17,000 more in PILT funds each month.

In December 2010, Graham County filed a lawsuit to get back payments in lieu of taxes estimated at $15 million from when the dam was built in 1943, claiming the boundaries between the two counties put most of TVA's assets in Graham. However, depositions during the lawsuit showed the original assumption was incorrect, and Graham County's historic boundary, when the county was formed from Cherokee County in 1872, was the south bank of the Little Tennessee River. Swain was prepared to argue Graham's boundary was originally the south bank, and the county was not entitled to the dam; the Attorney General eventually sided with Swain.

Earlier this year, the parties reached a settlement. As part of the settlement, the official boundary between the two counties will be marker 1475 on Fontana Dam, which is the approximate point of the original channel of the Little Tennessee River. With the settlement, Graham will lose about $8,000 to $12,000 a month in PILT funds, according to the Department of Revenue.

The following is the settlement agreement:

1. The value of Fontana Dam generating facilities at the dam is to be split two thirds in Graham and one-third in Swain. The nearby transmission facilities are to be assessed in Swain and the dam itself will be split equally between Graham and Swain. Off-site property will be assessed by the county where the property is located.
2. The center line of the Little Tennessee River will be the official Graham/Swain county line, with the line running through the survey marker 1475 on the powerhouse.
3. Items 1 and 2 are to be implemented by mutually agreed legislation, which is to be effective June 1, 2012.
4. The pending lawsuit will be stayed pending passage of legislation. If the above legislation is passed in 2012, the lawsuit will be dismissed with prejudice by both counties.
5. PILT funds will be distributed according to the current Department of Revenue approach until the above legislation is passed and effective June 1, 2012 or an unstayed court order directs otherwise. The distribution shall be without prejudice to either county to contend in court that such distribution is not correct. If the legislation is passed after June 1, 2012, Graham County shall pay to Swain any funds received in excess of what is called for in this agreement.
6. This settlement is subject to formal approval by commissions in Swain and Graham.
7. Each party shall bear its own costs of the lawsuit.

SUMMARY: ***House Bill 1032 deannexes two described areas from the City of Morganton in Burke County.***

[As introduced, this bill was identical to S831, as introduced by Sen. Daniel, which is currently in Senate State and Local Government.]

CURRENT LAW: Under Section 1 of Article VII of the N.C. Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property – that power remains with the General Assembly.

BILL ANALYSIS:

Section 1 of House Bill 1032 deannexes two tracts from the City of Morganton in Burke County.

Section 2 of the bill provides that liens for property taxes or special assessments on property in the area outstanding before the effective date would remain in effect.

Section 3 of the bill specifies that the property would remain in the extraterritorial planning and zoning jurisdiction of the City.

EFFECTIVE DATE: This act becomes effective June 30, 2012.

If the airport ceases to operate or if the Authority is dissolved, any applicable real property of the Counties of Buncombe or Henderson or the City of Asheville conveyed or transferred to the Authority under this act shall revert to the grantor.

SECTION 1.7.(b) The County of Buncombe, the County of Henderson, and the City of Asheville shall transfer to the Authority within 90 days after enactment of this act all its right, title, and interest to the property known as the Asheville Regional Airport, except if approval of a federal agency is required, then within 90 days of that approval.

SECTION 1.7.(c) Private property needed by the Authority for any airport, landing field, or facility may be acquired by the Authority by gift, devise, or private purchase. Aviation easements needed by the Authority for any airport, landing field, or facility may likewise be acquired by gift, devise, or private purchase. Unless the power of eminent domain is required by federal law or federal regulation, Chapter 40A of the General Statutes does not apply to the Authority, and it may not exercise the power of eminent domain. If a federal law or federal regulation does require the Authority to have the power to exercise eminent domain, it may only do so for public use for an airport purpose or purposes, and any eminent domain proceeding must be authorized jointly by all of the three appointing authorities. In no case, however, may the power of eminent domain be used for purposes not necessary for the operation of the airport, and more specifically no property may be acquired by eminent domain for such uses as hotels, motels, restaurants, or industrial parks. The power of eminent domain may not be used to acquire any interest in the Ferncliff Industrial Park as it existed on June 1, 2011, except for a proven and present aviation need required by a federal agency.

SECTION 1.7.(d) Any lands acquired, owned, controlled, or occupied by the Authority shall and/or are hereby declared to be acquired, owned, controlled, and occupied for a public purpose.

SECTION 1.7.(e) The Authority is not authorized to levy any tax.

SECTION 1.7.(f) Any claim by Henderson County against the City of Asheville or the current airport authority on account of acquisition of property by either or both of them in Henderson County is extinguished.

SECTION 1.8. The Authority shall make annual reports to the Buncombe County Board of Commissioners, the Asheville City Council, and the Henderson County Board of Commissioners setting forth a summary of its general operations and transactions conducted by it pursuant to this act. The Authority shall be regarded as the corporate instrumentality and agent for Buncombe and Henderson Counties and the City of Asheville for the purpose of developing aviation facilities in the Counties of Buncombe and Henderson, but it shall have no power to pledge the credit of the Counties of Buncombe or Henderson or the City of Asheville, or to impose any obligation upon those counties, or the City of Asheville, except and when such power is expressly granted by statute.

SECTION 1.9. All rights, powers, and authority given to the counties and/or municipalities by the statutes of North Carolina, which may now be in effect, or which may be enacted in the future, relating to the development, operation, maintenance, regulation, and/or control of municipal or other governmental airports and the regulations of aircraft are hereby vested in the Authority.

SECTION 1.10. The Authority is hereby expressly authorized to make and enter into contracts, leases, subleases, conveyances, and other agreements with any political

subdivision, agency, department, or instrumentality of this State, any agency, department, or subdivision of the United States, or any other legal entity or person for the purpose of carrying out the provisions of this act.

SECTION 1.11. The powers of the Authority created by this act shall be construed liberally in favor of the Authority. No listing of powers included in this act is intended to be exclusive or restrictive, and the specific mention of, or failure to mention, particular powers in this act shall not be construed as limiting in any way the general powers of the Authority as stated in Section 1.6(a) of this act. It is the intent of this act to grant the Authority full power and right to exercise all authority necessary for the effective operation and conduct of the Authority. It is further intended that the Authority should have all implied powers necessary or incidental to carrying out the expressed powers and the expressed purposes for which the Authority is created. The fact that this act specifically states that the Authority possesses a certain power does not mean that the Authority must exercise such power unless this act specifically so requires.

SECTION 1.12. G.S. 66-58(a) does not apply to the Greater Asheville Regional Airport Authority or a lessee or sublessee of the Greater Asheville Regional Airport Authority.

SECTION 1.13. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

PART II. ASHEVILLE REGIONAL AIRPORT AND WNC AG CENTER PROVISIONS

HOUSE BILL 552:
Asheville Airport/WNC AG Center

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 20, 2012
Introduced by:	Reps. Moffitt, McGrady	**Prepared by:**	Heather Fennell
Analysis of:	Fifth Edition		Committee Counsel

SUMMARY: ***House Bill 552 would create the Greater Asheville Regional Airport Authority, remove the Asheville Regional Airport and the Western North Carolina Agricultural Center from the zoning jurisdiction of the City of Asheville, require the City of Asheville to convey to the State of North Carolina any of its right, title, and interest to the Western North Carolina Agricultural Center, and remove the Western North Carolina Agricultural Center from the corporate limits of the City of Asheville.***

CURRENT LAW: The Asheville Regional Airport is governed by the Asheville Regional Airport Authority (ARAA), created by interlocal agreement, and governed by a Board from Asheville and Buncombe County.

BILL ANALYSIS:

Part I of the bill would create the Greater Asheville Regional Airport Authority (Authority) to succeed the current Asheville Regional Airport Authority (ARAA). The bill:

- Provides for a seven member board including:
  - Two members appointed by the Asheville City Council from the registered voters of Asheville.
  - Two members appointed by the Board of Commissioners of Buncombe County from the registered voters of Buncombe County.
  - Two members appointed by the Board of Commissioners of Henderson County from the registered voters of Henderson County.
  - One member appointed by majority vote of the other six members.
  - Members may not hold elected office or conduct business with the Authority.
- Provides for current ARAA members to continue to serve until the completion of their terms.
- Provides that a majority of all members is a quorum, and action requires four votes in favor.
- Sets out the powers of the Authority including:
  - Authority to issue revenue bonds and/or refunding bonds pursuant to the Local Government Revenue Bond Act.
  - Exemption from G.S. 66-58(a) thereby allowing competition with private businesses.
- Denies the Authority the power to tax or exercise the power of eminent domain unless the power of eminent domain is required by federal law or federal regulation. If a federal law requires the Authority to have the power to exercise eminent domain, any eminent domain proceeding must be authorized jointly by all of the three appointing authorities. In no case may the power of eminent domain be used for purposes not necessary for the operation of the airport. No property may be acquired by eminent domain for such uses as hotels, motels, restaurants, or industrial parks. Specifically provides that eminent domain may not be used to acquire any interest in the

Ferncliff Industrial Park as it existed on June 1, 2011, except for an aviation need required by a federal agency.

- Provides that any claim by Henderson County against Asheville or the current airport authority on account of acquisition of property by either or both in Henderson County is extinguished.

Part II of the bill would provide that all property within Buncombe County owned by the City of Asheville, or that may be acquired by the City of Asheville or the Greater Asheville Regional Airport Authority, that is part of the Asheville Regional Airport would no longer be subject to the zoning regulation of the City of Asheville, but would be subject to the zoning regulation of Buncombe County. This provision becomes effective on the effective date of an ordinance adopted by Buncombe County.

This part of the bill would also require the City of Asheville to convey to the State of North Carolina three described parcels of property which are part of the Western North Carolina Agricultural Center, and remove those parcels from the corporate limits of Asheville. Those parcels, and any other property which is contiguous to those parcels and is acquired by the State to be part of the Western North Carolina Agricultural Center, shall not be subject to the zoning regulation of Asheville, but rather to the zoning regulation of Buncombe County.

EFFECTIVE DATE: The bill is effective when it becomes law.

SECTION 2. This act becomes effective January 1, 2011, and applies to tax refunds determined by the Department on or after that date.

HOUSE BILL 605:
Expand Setoff Debt Collection Act

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Rep. McElraft	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 605 would allow counties that jointly operate a solid waste facility as a regional solid waste management authority the same collection tool that would be available to them if they operated the facility individually. It does so by adding a regional solid waste management authority to the list of local agencies authorized under the Setoff Debt Collection Act to collect debts owed to them by obtaining a setoff against a debtor's North Carolina tax refund.***

CURRENT LAW: The Setoff Debt Collection Act authorizes State and local agencies to collect debts by diverting part or all of a debtor's North Carolina tax refund to pay a debt that an individual or a business owes to a particular agency. Before January 1, 2001, the setoff program was open only to State agencies. Now, counties and municipalities participate through a clearinghouse.[1] While the use of debt setoff for State agencies is mandatory, usage by local agencies is optional. The Act also only applies to debts that are at least $50 and to a refund that is at least this same amount. Local agencies are required to give written notice to the debtor of the intent to submit the debt for setoff, explaining the basis for the agency's claim, that the agency intends to apply the debtor's refund against the debt, and that an administrative fee of $15 will be charged.

BILL ANALYSIS: This bill would allow a regional solid waste management authority created under Article 22 of Chapter 153A of the General Statutes to participate under the Setoff Debt Collection Act in the same manner as counties and cities. Most counties operate their own landfill and recycling operations, and as such may use the setoff debt collection act. However, ten counties came together for economics of scale to provide these services as a regional authority. This bill would allow the counties who operate their solid waste management services collectively to have the same collection tool available that would be available to them if they operated the service individually. Currently, there are only two regional authorities:

- Coastal Regional Solid Waste Management Authority, which is comprised of Carteret, Craven, and Pamlico Counties.
- Albemarle Regional Solid Waste Authority, which is comprised of Perquimans, Chowan, Gates, Dare, Currituck, Hyde, and Tyrell Counties.

EFFECTIVE DATE: This act is effective January 1, 2011, and applies to tax refunds determined by the Department on or after that date.

TECHNICAL CONSIDERATION: The effective date needs to be changed to January 1, 2013.

H605-SMRB-154(e2) v2

[1] Because there are so many local agencies, funneling their claims through a clearinghouse avoids an undue administrative burden on the Department of Revenue. A $15.00 collection assistance fee is added to each local agency debt submitted for setoff, which is remitted to the clearinghouse that submitted the debt. The fee does not, however, apply to child support debts.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THE NORTH CAROLINA APPRAISAL BOARD TO REPORT THE RECORDS OF APPRAISAL MANAGEMENT COMPANIES TO THE NORTH CAROLINA DEPARTMENT OF REVENUE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 93E-2-9 is amended by adding the following new subsection to read:

The rosters shall: (i) be kept on file in the office of the Board; (ii) contain information regarding all orders or other action taken against the company, its officers, and other persons; and (iii) be open to public inspection.

(b1) The Board shall report annually by December 31 to the Department of Revenue the following information about registered appraisal management companies:

(5) Employer identification number or social security number.

(6) Secretary of State identification number if required.

(c) Every registered appraisal management company shall maintain the accounts, correspondence, memoranda, papers, books, and other records related to services provided by the appraisal management company as prescribed in rules adopted by the Board, including in electronic form. All records shall be preserved for five years unless the Board, by rule, prescribes otherwise for particular types of records.

(d) If the information contained in any document filed with the Board is or becomes inaccurate or incomplete in any material respect, the appraisal management company shall promptly file a correcting amendment to the information contained in the document."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1028: Appraisal Mgmt Co Reported to Dept of Revenue

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Reps. Howard, Starnes	**Prepared by:**	Greg Roney Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***House Bill 1028 would require the NC Appraisal Board to report annually to the NC Department of Revenue the following information about registered appraisal management companies: name, address, process agent if any, type of entity, employer identification number or social security number, and NC Secretary of State identification number if any.***

The bill is a recommendation of the Revenue Laws Study Committee. The Senate companion bill, S825, introduced by Senators Rucho and Hartsell, is also in Senate Finance.

CURRENT LAW: S.L. 2010-141 added a new Article 2 in Chapter 93E to regulate real estate appraisal management companies. G.S. 93E-2-1 requires appraisal management companies meet certain requirements and register with the Appraisal Board beginning January 1, 2011.

S.L. 2010-141 defines an appraisal management company as an entity that uses a network of licensed appraisers who are independent contractors to perform appraisals. Additionally, the appraisal management company must administer the network of appraisers including recruiting appraisers, negotiating fees and contracts with the appraisers, and conducting quality control of the appraisals.

All of the information the Bill Draft would require the Appraisal Board to report is already disclosed when an appraisal management company registers.

Under G.S. 93E-2-9(b), the public records of the Appraisal Board include the roster showing the names, places of business, and listing of officers and directors of all registered appraisal management companies.

BILL ANALYSIS: House Bill 1028 would require the Appraisal Board to report annually to the Department of Revenue information collected from appraisal management companies during the registration process. Specifically, bill would require the following information be reported annually to the Department of Revenue: name, address, process agent if any, type of entity, employer identification number or social security number, and NC Secretary of State identification number if any.

BACKGROUND: Federal regulations adopted in response to the housing crisis led to the growth of appraisal management companies. The Appraisal Board has approximately 140 registered appraisal management companies. Only 6 of the 140 are NC companies. The out-of-state companies owe State income tax on the appraisal work conducted within the State.

The purpose of the bill is to insure out-of-state appraisal management companies are paying NC taxes. The Department of Revenue could use the information from the Appraisal Board to check the filing status of registered appraisal management companies.

EFFECTIVE DATE: The bill would become effective when it becomes law.

HOUSE BILL 956
Committee Substitute Favorable 5/31/12

Short Title: Zoning/Johnston County Open Space. (Local)

Referred to:

A BILL TO BE ENTITLED

AN ACT RELATING TO THE USE OF OPEN SPACE FUNDS FOR JOHNSTON COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-331(c) reads as rewritten:

"(c) A subdivision control ordinance may provide that a developer may provide funds to the county whereby the county may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the ~~immediate area~~ county. All funds received by the county under this paragraph shall be used solely for the acquisition or development of recreation, park, or open space sites. Any formula enacted to determine the amount of funds that are to be provided under this paragraph shall be based on the value of the development or subdivision for property tax purposes. The ordinance may allow a combination or partial payment of funds and partial dedication of land when the governing body of the county determines that this combination is in the best interests of the citizens of the area to be served.

The ordinance may provide that in lieu of required street construction, a developer may provide funds to be used for the development of roads to serve the occupants, residents, or invitees of the subdivision or development. All funds received by the county under this ~~section~~ paragraph shall be transferred to the municipality to be used solely for the development of roads, including design, land acquisition, and construction. Any municipality receiving funds from a county under this section is authorized to expend such funds outside its corporate limits for the purposes specified in the agreement between the municipality and the county. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the county determines that a combination is in the best interest of the citizens of the area to be served.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the county shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. For any specific development, the type of performance guarantee from the range specified by the county shall be at the election of the developer.

The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning board. For the authorization to reserve school sites to be effective, the board of commissioners or planning board, before approving a comprehensive land use plan, shall determine jointly with the board of education with jurisdiction over the area the specific location and size of each school site to be reserved, and this information shall appear in the plan. Whenever a subdivision that includes part or all of a school site to be reserved under the plan is submitted for approval, the board of commissioners or the planning board shall immediately notify the board of education. The board of education shall promptly decide whether it still wishes the site to be reserved and shall notify the board of commissioners or planning board of its decision. If the board of education does not wish the site to be reserved, no site may be reserved. If the board of education does wish the site to be reserved, the subdivision may not be approved without the reservation. The board of education must acquire the site within 18 months after the date the site is reserved, either by purchase or by exercise of the power of eminent domain. If the board of education has not purchased the site or begun proceedings to condemn the site within the 18 months, the subdivider may treat the land as freed of the reservation."

SECTION 2. This act applies to Johnston County only.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 956:
Zoning/Johnston County Open Space

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2012
Introduced by:	Rep. Daughtry	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 956 would require the County of Johnston to use moneys paid by a developer for the acquisition of recreational lands for that purpose only.***

CURRENT LAW:

Municipal Law. G.S. 160A-372 states that a subdivision ordinance may provide for the provision of funds by a developer to be used by a municipality to acquire recreational areas to serve the residents of the subdivision or development, or more than one subdivision or development, within the immediate area. Funds received by a municipality may be used only for the acquisition or development of recreation, park, or open space sites. Any formula enacted to determine the amount of funds to be provided by a developer shall be based upon the value of the development for property tax purposes. A combination of funds and partial dedication of land may be allowed when the municipality determines that this combination is in the best interests of the area residents. G.S. 160A-372(c)

County Law. G.S. 153A-331 also states that a subdivision ordinance may provide for the provision of funds by a developer to be used by a municipality to acquire recreational areas to serve the residents of the subdivision or development, or more than one subdivision or development, within the immediate area.

BILL ANALYSIS: House Bill 956 would grant Johnston County the ability to require funds for recreational areas of developers to serve the residents of the county, and limit Johnston County in that ability to using those funds only for recreational lands, like cities are currently restricted.

EFFECTIVE DATE: House Bill 956 is effective when it becomes law.

HOUSE BILL 989:
Permanent License Plates

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Howard	**Prepared by:**	Trina Griffin
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 989 would limit eligibility for permanent registration plates and would provide for the revocation of permanent registration plates issued to vehicles that are 90 days or more past due for inspection. This bill is a recommendation of the Program Evaluation Division.***

[As introduced, this bill was identical to S840, as introduced by Sen. Hartsell, which is currently in Senate Finance.]

CURRENT LAW: The issuance of permanent registration plates is governed by G.S. 20-84. The plates are issuable to governmental entities as well as a number of specified human services agencies, nonprofit entities, and charitable organizations. In order to obtain the plate, a person must provide proof of ownership, proof of financial responsibility, and pay a one-time $6.00 fee.

BILL ANALYSIS: The bill would limit the issuance of permanent registration plates to include only vehicles owned by State or local government entities, boards of education, civil air patrol, incorporated emergency rescue squads, rural fire departments, American Red Cross, and community colleges. These entities would be issued a permanent plate with a new design by January 15, 2013 at a one-time replacement cost of $6.00.

Permanent registration plates issued to the following non-State entities would be cancelled by January 15, 2013, and those entities would be required to obtain a regular registration plate and pay the annual $28 fee:

1. A motor vehicle owned by an orphanage.[1]
2. A motor vehicle owned by an incorporated REACT ("Radio Emergency Association of Citizen Teams") Team.
3. A motor vehicle owned by a person and used exclusively in the support of a disaster relief effort.
4. A bus owned by a church and used exclusively for transporting individuals to Sunday school, to church services, and to other church related activities.[2]
5. A motor vehicle in the form of a mobile X-ray unit operated exclusively in this State for the purpose of diagnosis, treatment, and discovery of tuberculosis, and owned by the North Carolina Tuberculosis Association, Incorporated, or by a local chapter or association of the North Carolina Tuberculosis Association, Incorporated.
6. A motor vehicle owned by a sheltered workshop recognized or approved by the Division of Vocational Rehabilitation Services.[3]

---

[1] As of April 13, 2012, DMV reports that there are 38 properly registered vehicles belonging to orphanages or children's homes.

[2] As of April 13, 2012, DMV reports that there are 26 properly registered church buses.

[3] As of April 13, 2012, DMV reports that there are 370 properly registered vehicles belonging to "sheltered workshops." However, the term "sheltered workshops" is no longer used by DHHS. These entities are commonly referred to as Community Rehabilitation Programs (CRPs), which are not approved or recognized by DHHS. These entities are a combination of nonprofit and for-profit providers.

7. A motor vehicle owned by a nonprofit agency or organization that provides transportation for or operates programs subject to and approved in accordance with standards adopted by the Commission for Mental Health and Human Services.[4]
8. A bus or trackless trolley owned by a city and operated under a franchise authorizing the use of city streets. This subdivision does not apply to a bus or trackless trolley operated under a franchise authorizing an intercity operation.
9. A trailer owned by a nationally chartered charitable organization and used exclusively for parade floats and for transporting vehicles and structures used only in parades.
10. A motor vehicle owned by a telephone membership corporation.[5]

EFFECTIVE DATE: The bill would become effective July 1, 2012.

BACKGROUND: The Program Evaluation Division conducted an analysis of permanent license plates owned by the State and non-State entities. The two key concerns they identified were that permanent silver license plates have been registered to ineligible entities and that the issuance of permanent plates to non-State entities should be reviewed because DMV is often unable to ensure that the entities meet the statutory qualifications. In an April 13, 2012 memo, DMV recommended that the General Assembly remove eligibility for vehicles used exclusively for disaster relief, sheltered workshops, and entities overseen by the Commission for Mental Health and Human Services of the Division of Vocational Rehabilitation, buses and trackless trollies, and trailers used exclusively for parades. DMV also recommended that all permanent license plates be registered in the name of an organization, not an individual.

Brenda Carter, counsel to House Transportation, contributed to this summary.

H989-SMSV-134(e2) v1

[4] The qualifying entities under this subdivision would be the same as the entities that qualify under subdivision (13).

SUMMARY: House Bill 945 is a local bill that would annex certain described property into the City of Marion.

CURRENT LAW: Annexation is a method by which municipalities alter their boundaries. The municipality must follow the statutorily prescribed steps in order to add an area into its boundaries.

- Voluntary Annexation. The owners of all real property in an area contiguous to the municipality desiring to be annexed sign a petition requesting annexation.
- Voluntary Satellite Annexation. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation, if it otherwise meets the statutory requirements.
- Municipal-Initiated Annexation. The municipality initiates annexation proceeding, pursuant to statutory requirements.
- Legislative Act. The General Assembly has the authority to extend the boundaries of any municipality.

BILL ANALYSIS: House Bill 945 annexes into the corporate limits of the City of Marion a section of right-of-way of US Highway 70 West where the city plans to construct and maintain a sidewalk.

A BILL TO BE ENTITLED

AN ACT RELATING TO THE USE OF OPEN SPACE FUNDS FOR JOHNSTON COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-331(c) reads as rewritten:

"(c) A subdivision control ordinance may provide that a developer may provide funds to the county whereby the county may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the immediate area. All funds received by the county under this paragraph shall be used solely for the acquisition or development of recreation, park, or open space sites.

The ordinance may provide that in lieu of required street construction, a developer may provide funds to be used for the development of roads to serve the occupants, residents, or invitees of the subdivision or development. All funds received by the county under this ~~section~~ paragraph shall be transferred to the municipality to be used solely for the development of roads, including design, land acquisition, and construction. Any municipality receiving funds from a county under this section is authorized to expend such funds outside its corporate limits for the purposes specified in the agreement between the municipality and the county. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the county determines that a combination is in the best interest of the citizens of the area to be served.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements. If a performance guarantee is required, the county shall provide a range of options of types of performance guarantees, including, but not limited to, surety bonds or letters of credit, from which the developer may choose. For any specific development, the type of performance guarantee from the range specified by the county shall be at the election of the developer.

The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning board. For the authorization to reserve school sites to be effective, the board of commissioners or planning board, before approving a comprehensive land use plan, shall determine jointly with the board of education with jurisdiction over the area the specific location and size of each school site to be reserved, and this information shall appear in the plan. Whenever a subdivision that includes part or all of a school site to be reserved under the plan is submitted for approval, the board of commissioners or the planning board shall immediately notify the board of education. The board of education shall promptly decide whether it still wishes the site to be reserved and shall notify the board of commissioners or planning board of its decision. If the board of education does not wish the site to be reserved, no site may be reserved. If the board of education does wish the site to be reserved, the subdivision may not be approved without the reservation. The board of education must acquire the site within 18 months after the date the site is reserved, either by purchase or by exercise of the power of eminent domain. If the board of education has not purchased the site or begun proceedings to condemn the site within the 18 months, the subdivider may treat the land as freed of the reservation."

SECTION 2. This act applies to Johnston County only.

SECTION 3. This act is effective when it becomes law.

Analysis of:	PCS to Second Edition H956-CSLB-129		

SUMMARY: ***House Bill 956 would require the County of Johnston to use moneys paid by a developer for the acquisition of recreational lands for that purpose only.***

CURRENT LAW:

Municipal Law. G.S. 160A-372 states that a subdivision ordinance may provide for the provision of funds by a developer to be used by a municipality to acquire recreational areas to serve the residents of the subdivision or development, or more than one subdivision or development, within the immediate area. Funds received by a municipality may be used only for the acquisition or development of recreation, park, or open space sites. Any formula enacted to determine the amount of funds to be provided by a developer shall be based upon the value of the development for property tax purposes. A combination of funds and partial dedication of land may be allowed when the municipality determines that this combination is in the best interests of the area residents. G.S. 160A-372(c)

County Law. G.S. 153A-331 also states that a subdivision ordinance may provide for the provision of funds by a developer to be used by a municipality to acquire recreational areas to serve the residents of the subdivision or development, or more than one subdivision or development, within the immediate area.

BILL ANALYSIS: House Bill 956 would limit Johnston County use of funds under G.S. 153A-331 to be used only for the purchase or development of recreation, park, or open space sites.

SUMMARY: ***House Bill 963 deannexes a described area from the Town of Columbia in Tyrrell County.***

CURRENT LAW: Under Section 1 of Article VII of the N.C. Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property -- that power remains with the General Assembly.

A BILL TO BE ENTITLED

AN ACT TO PROVIDE A PROCESS FOR CONVEYING AN INTEREST IN REAL PROPERTY OWNED BY ALBEMARLE MENTAL HEALTH CENTER TO EAST CAROLINA BEHAVIORAL HEALTH.

Whereas, Albemarle Mental Health Center (AMHC), Developmental Disabilities and Substance Abuse Services, was a Local Management Entity and political subdivision of the State pursuant to G.S. 122C-116 covering 10 counties; and

Whereas, AMHC was dissolved under Chapter 122C of the General Statutes effective July 1, 2010; and

Whereas, AMHC owned real property in Camden, Currituck, and Perquimans Counties; and

Whereas, the real property was to have been conveyed to East Carolina Behavioral Health (ECBH) upon dissolution of AMHC; and

Whereas, proper provision was not made for the conveyance in the winding up of AMHC; and

Whereas, the General Assembly desires to create a process by which this conveyance may occur; and

Whereas, the catchment area of AMHC was Camden, Chowan, Currituck, Dare, Hyde, Martin, Pasquotank, Perquimans, Tyrrell, and Washington Counties; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1. The Director of the Division of Mental Health, Developmental Disabilities and Substance Abuse Services of the Department of Health and Human Services may wind up the affairs of the Albemarle Mental Health Center (AMHC), Developmental Disabilities and Substance Abuse Services by entering into any necessary interlocal agreements and conveying its interests in real property in Camden, Currituck, and Perquimans Counties to East Carolina Behavioral Health (ECBH) as provided in the consolidation agreement between AMHC, ECBH, and the 10 counties in the catchment area.

SECTION 2. This act applies in Camden, Currituck, and Perquimans Counties only.

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 1196:
Albemarle Mental Health Center Property

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Owens	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 1196 applies to Camden, Currituck, and Perquimans Counties and allows the Director of the Division of Mental Health, Developmental Disabilities and Substance Abuse Services (MH/DD/SAS), DHHS, to enter into interlocal agreements to convey real property interests in those counties to East Carolina Behavioral Health (ECBH) in an effort to bring closure to the affairs of Albemarle Mental Health Center (AMHC) which no longer exists.***

BILL ANALYSIS: HB 1196 allows the Director of the Division of Mental Health, Developmental Disabilities and Substance Abuse Services (MH/DD/SAS), DHHS, to enter into interlocal agreements to convey interests in real property to East Carolina Behavioral Health (ECBH). The property is located in Camden Currituck and Perquimans Counties and was identified in the consolidation agreement.

EFFECTIVE DATE: HB 1196 would become effective when it becomes law.

BACKGROUND: According to information supplied to committee staff, Albemarle Mental Health Center (AMHS), served 10 counties in eastern NC and owned 3 pieces of property – one each in of the following counties: Camden, Currituck and Perquimans. AMHC went under in SFY 2008-2009 and was taken over by the State (G. S. 122C-124.1 and 122C-125). During the remainder of SFY 2009 the Division of MH/DD/SAS ran the Local Management Entity (LME).

Effective July 1, 2009 the Division asked East Carolina Behavioral Health (ECBH) to manage the ten (10) counties under its auspices while the 10 counties decided how they wanted to move forward. The counties decided that they wanted to dissolve AMHC, in accordance with G. S. 122C-115.3, and join ECBH. As part of the merger agreement, all 10 counties agreed that ownership of the 3 pieces of property would convey to ECBH. However, after Albemarle dissolved effective June 30, 2010, there was no one to actually sign the deeds to convey ownership. The State had control of the program until July 1, 2010, but the Attorney General's Office questioned whether the Secretary of DHHS or the Director of the Division of MH/DD/SAS had clear legal authority to sign the deeds. The intent of this bill is to allow the Director DMH/DD/SAS the authority to make the final transfer of property.

CURRENT LAW: G.S. 122C-3(1) defines an "**area authority**" as the area mental health, developmental disabilities, and substance abuse authority. G.S. 122C-3(20b) defines a "**local management entity**" as an area authority, county program, or consolidated human services agency. It is a collective term that refers to functional responsibilities rather than governance structure.

G.S. 122C-115.3 provides for the dissolution of an area authority when the board of commissioners of each county constituting an area authority determines that the area authority is not operating in the best interests of consumers. G.S. 122C-115.3 (c-g) prescribes the process and procedures that should take place prior to dissolution.

G.S. 122C-124.1 outlines actions the Secretary of DHHS may take when and area authority or county program is not providing minimally adequate services.

G.S. 122C-125 specifies when the Secretary of DHHS may assume control of the financial affairs of the area authority.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE HENDERSON COUNTY BOARD OF COMMISSIONERS TO LEVY AN ADDITIONAL ONE PERCENT ROOM OCCUPANCY AND TOURISM DEVELOPMENT TAX AND TO MAKE OTHER ADMINISTRATIVE CHANGES.

The General Assembly of North Carolina enacts:

SECTION 1. Sections 5 and 6 of Chapter 172 of the 1987 Session Laws, as amended by Chapter 55 of the 1991 Session Laws and by Section 21(p) of S.L. 2007-527, read as rewritten:

The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of the county. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The county shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.~~

(c) Administration. – A tax levied under this section shall be levied, administered, collected, and repealed as provided in G.S. 153A-155. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of ten percent (10%) of the tax and penalty due in addition to any other penalty, with an additional tax of ten percent (10%) for each additional month or fraction thereof until the tax is paid. The board of commissioners may, for good cause shown, compromise or forgive the tax penalties imposed by this subsection.~~

~~Any person who willfully attempts in any manner to evade a tax or penalty imposed under this act or who willfully fails to pay the tax or penalty or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000), imprisonment not to exceed six months, or both.~~

(e) Use of Tax Revenue. – The county shall, on a quarterly basis, remit the net proceeds of the room occupancy and tourism development tax levied under subsection (a) of this section to the Henderson County Tourism Development Authority. HOUSE BILL 1215:
Henderson County Occupancy Tax Changes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. McGrady	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	PCS to Second Edition H1215-CSSVx-64		

SUMMARY: House Bill 1215 would authorize Henderson County to levy an additional one percent (1%) room occupancy tax and would make other administrative changes.

The Proposed Committee Substitute directs the net proceeds of the additional 1% tax to be remitted directly to the Flat Rock Playhouse for three years. At the end of three years, the proceeds of the total room occupancy tax (6%) would be remitted to the Tourism Development Authority and expended for tourism promotion and tourism-related expenditures. It also provides that members may serve no more than five consecutive years on the TDA.

[As introduced, this bill was identical to S948, as introduced by Sen. Apodaca, which is currently in Rules and Operations of the Senate.]

CURRENT LAW: Henderson County may levy a room occupancy tax of no less than three percent (3%) and no more than five percent (5%). The proceeds of the tax are placed in a special Travel and Tourism Fund administered by the Henderson Travel and Tourism Committee. The Committee is made up of nine members, four of whom are individuals registered to vote in Henderson County and are appointed by the board of commissioners, four of whom are registered to vote in Henderson County and are appointed by the Hendersonville City Council, and the President of the Greater Hendersonville Chamber of Commerce. The net proceeds may be used only to promote travel and tourism in the county. The scope of tourism promotion as used in the legislation includes:

- Contracting with any person, firm, or agency to advise and assist in travel and tourism promotion.
- Advertising via appropriate media.
- Assisting in the initial funding and possible annual subsidy of a fine arts center or other similar facility which could logically be expected to promote tourism in the county.
- Promoting special events which would bring tourists to the county.

BILL ANALYSIS: House Bill 1215 would authorize Henderson County to levy an additional one percent (1%) occupancy tax and would make other administrative changes to the existing authority so that it conforms to the Occupancy Tax Guidelines adopted by the House Finance Committee. Among those changes, is the requirement that the County establish a Tourism Development Authority to administer the proceeds. The TDA would consist of three members appointed by Henderson County, three members appointed by Hendersonville, one member appointed by the Town of Fletcher, one member appointed by Flat Rock Village, and one member appointed by the county upon recommendation of the Chamber of Commerce.

The **Proposed Committee Substitute** modifies the manner in which the net proceeds are distributed. The proceeds of the first 5% would be remitted to the TDA. The TDA must use at least two-thirds for tourism promotion and the remainder for tourism-related expenditures. The net proceeds of the additional 1% would, for three years, be remitted directly to the Flat Rock Playhouse, the State Theater of North Carolina, for maintenance, operations, renovations, and promotion. At the end of three years,

the entire net proceeds of the room occupancy tax would be remitted to the TDA and used as stated above for tourism promotion and tourism-related expenditures. The PCS also provides that a member of the TDA board may serve no more than five consecutive years.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax,[1] which provide uniformity among counties and cities with respect to the levy, administration, collection, repeal, and imposition of penalties.

In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below. Many of the principles contained in the Guidelines are similar to those contained in policy statements adopted by the North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association. The House Finance Committee Chairs have traditionally appointed a Subcommittee on Occupancy Taxes to scrutinize occupancy tax legislation to determine whether the legislation adheres to the Guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

BILL SUMMARY:

House Bill 1215 amends SL 1987-172, as amended, to authorize the Henderson County Board of Commissioners to levy an additional room occupancy and tourism development tax of up to 1%. It provides that both the existing and additional tax must be levied, administered, collected, and repealed as provided in GS 153A-155 (uniform provisions for room occupancy taxes). The bill requires the Henderson County Tourism Development Authority (TDA) to use at least two-thirds of the tax proceeds to promote travel and tourism in the county and the remainder for other tourism–related expenditures (may include tourism-related capital expenditures). Also, it mandates that at least one-third of the TDA's members must be affiliated with businesses that collect the tax in the county and at least one-half must be currently active in the county's travel and tourism promotion.

The PCS directs the net proceeds of the additional 1% tax to be remitted directly to the Flat Rock Playhouse for three years. At the end of three years, the proceeds of the total room occupancy tax (6%) would be remitted to the Tourism Development Authority and expended for tourism promotion and tourism-related expenditures. It also provides that members may serve no more than five consecutive years on the TDA.

ASSUMPTIONS AND METHODOLOGY:

Henderson County currently has a 5% room occupancy tax. House Bill 1215 would increase the county occupancy tax to 6%. According to the North Carolina Department of State Treasurer Financial Information Report for Henderson County, the 5% occupancy tax brought in $1,114,954 in revenue for tax year 2011. It's estimated that a one percentage point increase in Henderson County's occupancy tax (to 6%) would yield $222,900 in additional revenue in FY2012-13. That amount was then grown using the Leisure and Hospitality portion of North Carolina Gross State Product as forecast by Moody's Economy.com

HOUSE BILL 1087:
Fontana Dam Occupancy Tax

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. West	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 1087 would authorize the Town of Fontana Dam to levy a room occupancy tax of up to 3%, the proceeds of which would be remitted to a Tourism Development Authority. The Authority would be required to use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourist-related expenditures.

[As introduced, this bill was identical to S942, as introduced by Sen. Davis, which is currently in Senate State and Local Government.]

CURRENT LAW: The Town of Fontana Dam was incorporated in 2011.[1] The Town is located in Graham County, which has the authority to levy a 3% room occupancy tax.[2] The proceeds of that tax may be, but are not required to be, administered by a Travel and Tourism Authority. All of the proceeds must be used to promote travel and tourism in the county. The Fontana Village Resort, which is the only hotel accommodation within the municipal limits, currently collects both the State and local sales and use tax and the county occupancy tax on the rental of its accommodations.

BILL ANALYSIS: House Bill 1087 would authorize Fontana Dam to levy a 3% room occupancy tax. The Town would be required to establish a Tourism Development Authority to administer the proceeds. The proceeds must be used as follows: at least two-thirds for tourism promotion and the remainder for tourism-related expenditures. The bill conforms to the Guidelines for Occupancy Tax adopted by the House Finance Committee.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax,[3] which provide uniformity among counties and cities with respect to the levy, administration, collection, repeal, and imposition of penalties.

---

[1] The Joint Legislative Commission on Municipal Incorporation did not give a favorable recommendation to the incorporation of Fontana Dam in its report, dated March 16, 2009, because the Commission found that the proposed Town did not meet the Commission standards for population and population density. The petition said Fontana Dam has 25 to 30 people with 25 people per half square mile, and the standard is 100 people with 250 people per square mile. Failure to get a favorable recommendation from the Commission does not prevent the General Assembly from incorporating a municipality. In the past 10 years, six petitions have failed to get a favorable recommendation, and incorporation occurred anyway. In most of those cases, the Commission found that the area seeking to be incorporated did not meet the criterion of 40% development. In the same years, eight failed petitions resulted in no incorporation.

[2] Originally enacted in 1985, Graham County's authorizing legislation does not conform to the House Finance Guidelines for Occupancy Tax. On previous occasions the Subcommittee has been presented with the issue of whether to require nonconforming county legislation to be brought into conformity with the Guidelines when a municipality in that county seeks the authority to levy or increase an occupancy tax, which effectively prevents conforming the county legislation in the future to the extent there remains a 6% cap on the rate of tax. To date, the Occupancy Tax Subcommittee has not established such a requirement.

[3] G.S. 153A-155 and G.S. 160A-215.

In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below. Many of the principles contained in the Guidelines are similar to those contained in policy statements adopted by the North Carolina Travel and Tourism Coalition and the North Carolina Restaurant and Lodging Association. The House Finance Committee Chairs have traditionally appointed a Subcommittee on Occupancy Taxes to scrutinize occupancy tax legislation to determine whether the legislation adheres to the Guidelines. The House Finance Chairs appointed Representatives McGee, Cotham, Carney, Moffitt, and Warren to be members of the House Finance Subcommittee on Occupancy Taxes this biennium.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Town of Fontana Dam, Town of Fontana Dam Tourism Development Authority

EFFECTIVE DATE: This act is effective when it becomes law.

BILL SUMMARY:

House Bill 1087 would authorize the Town of Fontana Dam to levy a room occupancy tax of up to 3%, the proceeds of which would be remitted to a Tourism Development Authority. The Authority would be required to use at least two-thirds of the proceeds to promote travel and tourism and the remainder for tourist-related expenditures.

ASSUMPTIONS AND METHODOLOGY:

The Town of Fontana Dam has one resort with approximately 200 rentable rooms. In 2011, the North Carolina Department of Commerce estimated a room occupancy rate of 56.1%, with an average daily room rate of $81.86. Using this information (200 rooms * 365 days * 56.1% occupancy rate * $81.86 room rate * 3% occupancy tax) yields a revenue estimate of $100,600 for 2012-13. Future fiscal year impacts were forecast using the Leisure and Tourism portion of the North Carolina Gross State Product, as forecast by Moody's.

HOUSE BILL 1106:
Apex Annexation

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Reps. Murry, Dollar, Stam	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	First Edition		

SUMMARY: House Bill 1106 annexes a described area into the Town of Apex.

CURRENT LAW: Annexation is a method by which municipalities alter their boundaries. The municipality must follow the statutorily prescribed steps in order to add an area into its boundaries. As the municipality is receiving more tax revenue from the added area, the municipality must provide (or contract to provide) basic services to the area. These services include police protection, fire protection, solid waste collection and the extension of water and sewer lines to the area.

North Carolina law sets forth four basic ways in which a municpality may annex an area.

- Voluntary Annexation. The owners of all real property in an area contiguous to the municipality desiring to be annexed sign a petition requesting annexation.
- Voluntary Satellite Annexation. The owners of all real property in the area desiring to be annexed sign a petition requesting annexation, if it otherwise meets the statutory requirements.
- Municipal-Initiated Annexation. The municipality initiates annexation proceeding, pursuant to statutory requirements.
- Legislative Act. The General Assembly has the authority to extend the boundaries of any municipality.

BILL ANALYSIS: House Bill 1106 annexes a 0.208 acre tract into the corporate limits of the Town of Apex.

EFFECTIVE DATE: This act becomes effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE REMAINING NINE PERCENT OF THE COMMON BOUNDARY BETWEEN ALAMANCE COUNTY AND ORANGE COUNTY NOT ADDRESSED BY SESSION LAW 2011-88 AND AS AUTHORIZED BY THE GENERAL ASSEMBLY BY SESSION LAW 2010-61 ENABLING THE CHANGES IN THE HISTORIC ORANGE COUNTY-ALAMANCE COUNTY BOUNDARY LINE AS DESCRIBED IN THE 1849 SURVEY ESTABLISHING ALAMANCE COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1. The historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the subsequent 160 years, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections, within and among Alamance County, Orange County, and the Town of Mebane, North Carolina. Pursuant to G.S. 153A-18(a) entitled "Uncertain or Disputed Boundary", both county boards of commissioners passed resolutions (Alamance County, December 17, 2007 and Orange County, January 18, 2008) to request that North Carolina Geodetic Survey perform a preliminary resurvey and present a proposed map for consideration by both counties.

SECTION 2. In the 2011 session, the General Assembly, through S.L. 2011-88, ratified and adopted ninety-one percent (91%) of the boundary line between Alamance County and Orange County. Also in the 2011 session, the General Assembly, through S.L. 2011-87, authorized the boards of commissioners of Alamance County and Orange County to determine the most appropriate location for the remaining nine percent (9%) of the boundary line.

SECTION 3. The General Assembly recognizes the difficulties in addressing the issues associated with adopting a county boundary line and authorizes Alamance County and Orange County to maintain the current taxing, elections, education and any other recognized government functions in place in the transition areas affected by this act, if so needed, until July 1, 2013.

SECTION 4.(a) Except as otherwise provided in this act, on and after January 1, 2013, all papers, documents, and instruments required or permitted to be filed or registered, involving residents and property in areas affected by the resurvey of the boundary line, which previously may have been recorded in the adjoining counties, shall be recorded in the county to which the property has been reassigned by this act.

SECTION 4.(b) On and after January 1, 2013, all real and personal property in areas affected by the resurvey of the boundary line that was subject to ad valorem taxation on January 1, 2013, shall be subject to ad valorem taxes in the county to which the property is reassigned for the fiscal year beginning July 1, 2013, to the same extent as it would have been

had it been correctly recognized by the tax departments of each county on March 1, 2013, except as hereinafter provided with respect to classified registered motor vehicles. On September 1, 2012, the adjoining county tax administrators shall commence the transfer to the respective county tax assessors the ad valorem tax listings and valuations for all real and personal property subject to ad valorem taxation in areas affected by the resurvey of the boundary line, except classified motor vehicles which were registered in the adjoining counties prior to July 1, 2012. For the fiscal year that begins July 1, 2012, all real and personal property in areas affected by the resurvey of the boundary line, which was subject to ad valorem taxation in that area on January 1, 2013, shall be assessed and taxed as follows:

(1) The ad valorem property taxes assessed on all classified registered motor vehicles registered or listed in adjoining counties between January 1, 2012, and March 1, 2013, shall be collected by the appropriate adjoining county tax collector, and all such taxes shall be retained by that adjoining county. The taxes on all classified registered motor vehicles registered after March 1, 2013, shall be assessed and collected by the county tax department in the county to which the real property wherein the classified registered motor vehicles are situated has been reassigned.

(2) The values established by the particular adjoining county tax administrator on all personal property other than classified registered motor vehicles shall be used by each county tax assessor without adjustment in computing taxes due for the fiscal year beginning July 1, 2013. All such taxes shall be assessed and collected by the appropriate county tax department.

(3) For the interim time period between the reassignment of properties into their respective counties and until such time as the next regularly scheduled revaluation period, Alamance County and Orange County may select either of two methods of valuating the property reassigned into their respective counties by this act. The selection of either method by a county shall not give any individual or entity grounds for challenging such temporary valuation. Such methods are delineated as follows:

a. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adjusted by the appropriate county tax assessor by applying the difference between one hundred percent (100%) of such values and the appropriate county median ratio, as established by the Sales Assessment Ratio Study compiled by the North Carolina Department of Revenue as of January 1, 2009. The taxes determined by applying this method will be collected and retained by the appropriate county tax collector. The value of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

b. The values established by the adjoining county tax administrators on all real property formerly taxed in their county shall be adopted by the appropriate county tax assessor upon the transition of property to the adjoining county. The valuation of such property shall then be revalued according to the regularly scheduled revaluation period for each county.

(4) Beginning January 1, 2014, all property in areas affected by the resurvey of the boundary line that is subject to ad valorem taxation shall be listed, assessed, and taxed by the appropriate county tax administrator in the same manner as is prescribed by law for all other property located within each county.

(5) The final tax values of property subject to ad valorem taxation in areas affected by the resurvey of the boundary line as of January 1, 2014, shall be determined by the adjoining county tax administrator. Appeals to the North Carolina Property Tax Commission or to the courts by property owners of properties affected by the boundary line change shall be defended by both counties, and both counties shall be responsible for the counties' costs and expenses, including attorneys' fees, incurred in connection with such appeals.

(6) Any unpaid taxes or tax liens for the fiscal year ending June 30, 2013, or for prior years on property subject to taxation in areas affected by the resurvey of the boundary line shall continue to be valid and enforceable by the respective adjoining county, including the foreclosure remedies provided for in G.S. 105-374 and G.S. 105-375, and the remedies of attachment and garnishment provided for in G.S. 105-366 through G.S. 105-368. The Alamance County and Orange County tax administrators shall supply one another with a list of unpaid taxes for properties in areas of the boundary line affected by the resurveys for the tax year 2012 on or before July 1, 2013. Any such taxes collected by either county shall be promptly paid to the appropriate adjoining county including accrued interest. The provisions of G.S. 105-352(d) shall not apply to (i) those areas in adjoining county previously taxed by either county outside the areas affected by the resurvey of the boundary line, that shall forthwith be properly listed and taxed in the county to which they have been reassigned by this act; and (ii) those areas within each county that were in the past improperly listed and taxed by the adjoining counties due to uncertainty as to the exact location of the true historic Alamance County-Orange County boundary line.

SECTION 4.(c) No cause of action, including criminal actions, involving persons or property in areas affected by the resurvey of the boundary line that is pending on July 1, 2013, shall be abated, and such actions shall continue in the appropriate adjoining county. In no event shall a defense to a criminal act be maintained where such defense alleges a lack of jurisdiction due to any act or failure to act related to the adjustment of the boundary line by this act, regardless of when such criminal act is alleged to have occurred.

SECTION 4.(d) The board of elections of each adjoining county shall, effective July 1, 2013, transfer the voter registration records pertaining to persons residing in areas affected by the resurvey of the boundary line and located in either county to the adjoining county's board of elections, and thereafter the registered voters so transferred shall be validly registered to vote in that adjoining county. Persons in areas affected by the resurvey of the boundary line shall continue to be in the same State House, State Senate, and United States House of Representatives Districts as they were prior to the resurvey.

SECTION 4.(e) The Jury Commission of each adjoining county shall revise its jury lists to add to or eliminate therefrom those persons subject to jury duty who reside in areas affected by the resurvey of the boundary line, said revised jury lists to be effective July 1, 2013.

SECTION 5.(a) Any properties affected by S.L. 2010-61 or this act and that are subject to taxation under G.S. 105-274 and that were taxed by both the Alamance County and Orange County taxing authorities on or after January 1, 2007, are hereby granted the following relief:

(1) Property owners of any such dually taxed properties may, pursuant to the terms of G.S. 105-381, demand refund and/or release of taxes paid to the county from which their property, or portion thereof, was transitioned.

(2) Any claim for relief pursuant to this section and under the terms of G.S. 105-381 may be made for taxes assessed January 1, 2007, through

December 31, 2012. All such claims for relief must be made in writing to the county from which the affected property was transitioned on or before February 28, 2013. Should a claim for relief pursuant to this section not be made by February 28, 2013, such claim is waived and no further relief shall be granted pursuant to this or any other act. Alamance County and Orange County shall not grant refunds or releases pursuant to this section for any claims made after February 28, 2013, and are released from all liability, and no court action shall be maintained for any such claims made for any act or failure to act pursuant to this section.

SECTION 5.(b) The provisions of this section shall apply only to properties transitioned or reassigned from one county to the other, in whole or in part, by the resurveys of individual qualifying properties pursuant to S.L. 2010-61 and this act.

SECTION 5.(c) For purposes of this section only, the term "property owner" shall include any builder or developer that paid property taxes on real property to both counties and subsequently sold said property or that, as part of an escrow agreement in which the buyer of such property paid taxes to one county and the builder or developer who sold the property, paid taxes on the same piece of property to the adjoining county.

SECTION 5.(d) The taxing authorities of Alamance County and Orange County shall notify property owners affected by this section of the terms of this section within 30 days of this act becoming law. Such notice shall be by United States mail at the mailing address to which any tax bills were previously submitted. No other notice is or shall be required.

SECTION 6. Any child who was a resident of any area reassigned by this act on its date of ratification and who was a student in the Orange or Alamance school system during the 2011-2012 school year, and the siblings of any such person, may attend school in the same school system attended in the 2011-2012 school year without necessity of a release or payment of tuition. Any such student, while attending the Orange County school system, shall be considered a resident of Orange County for all public school purposes, including transportation, athletics, and funding formulas. Any such student, while attending the Alamance County School system, shall be considered a resident of Alamance County for all public school purposes, including transportation, athletics, and funding formulas. Notice must be given to all affected school systems by the parent or guardian in order to exercise the privilege granted by this section.

SECTION 7. The establishment of a county boundary line is, pursuant to Section 1 of Article VII of the North Carolina Constitution, the sole responsibility of the General Assembly. Further, it is vital to the State of North Carolina and all affected local governments that county boundary lines be fixed and any uncertainty as to the location of county boundary lines be resolved. For this reason and in the interest of justice, neither Alamance County nor Orange County, nor any agent, employee, or appointed or elected official thereof, shall be liable to any individual, group, organization, for-profit or not-for-profit business entity of any kind, governmental entity or agency of any type or kind for any damages, costs, fees, or fines, and or court action shall be maintained against said counties, officials, employees, and agents for any recommendation, act, failure to act, or conduct related to S. L. 2010-61, S.L. 2011-88, or this act and/or the adoption of a fixed boundary line separating the two counties. Except as set out in Section 5 of this act, and effective upon this act becoming law, Alamance County and Orange County, their officials, employees, and agents are released from all liability for any claims made, and no court action shall be maintained against said officials, employees, and agents for any act or failure to act pursuant to the terms of this act, S.L. 2011-88, or S.L. 2010-61, and no further relief shall be granted or cause of action sustained except as provided herein.

SECTION 8. Should any provision of S.L. 2010-61, as amended by S.L. 2011-88, conflict with any provision of this act, the provisions of this act shall control. Should any line

marking the area of the nine percent (9%) reflected in the surveys referenced herein conflict with any line shown on the surveys describing the area of the ninety-one percent (91%), the surveys marking the area of the nine percent (9%) shall control.

SECTION 9. Pursuant to Section 1 of Article VII of the North Carolina Constitution, any boundary line between Alamance County and Orange County previously surveyed, recognized, adopted, described, utilized, or ratified, save and except the ninety-one percent (91%) of the boundary line adopted by S.L. 2011-88, is modified as set forth herein upon ratification of this act.

SECTION 10. Pursuant to Section 1 of Article VII of the North Carolina Constitution, the official boundary line regarding the remaining nine percent (9%) of the line separating Alamance County and Orange County, as recommended by the Alamance County Board of Commissioners at its meeting of December 6, 2010, and the Orange County Board of Commissioners at its meeting of December 14, 2010, is hereby formally recognized and adopted by the General Assembly.

SECTION 11. Upon adoption, the survey plats reflecting the boundary line shall be filed with the Alamance County Register of Deeds, with the Orange County Register of Deeds, and in the office of the Secretary of State as provided in G.S. 153A-18(a).

SECTION 12. This act is effective when it becomes law.

HOUSE BILL 1090:
Orange-Alamance Remaining 9% Boundary

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 26, 2012
Introduced by:	Reps. Insko, Hackney, Bordsen, Ingle	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1090 would establish the remaining nine percent of the common boundary between Orange and Alamance counties, as authorized by S.L. 2011-87.***

[As introduced, this bill was identical to S873, as introduced by Sen. Kinnaird, which is currently in Senate State and Local Government.]

BILL ANALYSIS:

Section 1. Notes that the historic boundary line forming Alamance County from Orange County was described and surveyed in 1849. In the 160 years since, this line became uncertain, resulting in unintentional modifications to the boundary line affecting taxation, school attendance, zoning maps, and elections. The section also notes that both boards of commissioners authorized the North Carolina Geodetic Survey (NCGS) to conduct a preliminary resurvey.

Section 2. Explains that in 2011 the General Assembly passed two local acts, S.L. 2011-88 which established the 91% of the common boundary between Orange and Alamance counties, and S.L. 2011-87 which required the counties to recommend the location of the remaining 9% of the common boundary.

Section 3. Authorizes Alamance County and Orange County to maintain the current taxing, elections, education, and any other recognized government functions in place in the transition areas affected by the bill up to July 1, 2013.

Section 4. Requires recordation of all papers, documents, and instruments required or permitted to be filed involving the resurvey of the boundary line to be recorded in the county to which the property is reassigned by the bill. The section also addresses transfer of the following:

- Property taxation. The tax administrators are to begin transferring tax listings and valuations on September 1, 2012, for taxation by the county of reassignment effective January 1, 2013. For the tax year 2013, a temporary valuation and assessment is specified. A BILL TO BE ENTITLED

AN ACT TO VALIDATE CERTAIN LEVIES AND COLLECTION OF FIRE DISTRICT TAXES IN MARTIN COUNTY AND TO ALLOW MARTIN COUNTY TO ABOLISH BY RESOLUTION ITS CHAPTER 69 FIRE PROTECTION DISTRICTS UPON ESTABLISHMENT OF FIRE PROTECTION SERVICE DISTRICTS UNDER CHAPTER 153A OF THE GENERAL STATUTES.

The General Assembly of North Carolina enacts:

SECTION 1. All collections of fire protection district revenues under Article 3A of Chapter 69 of the General Statutes by Martin County since 1956 are valid and lawful, without regard to which fire protection district (and corresponding fire tax rate) those revenues were collected from, and without regard to which fire department those revenues were allocated.

SECTION 2. Subject to the provisions of G.S. 105-378, the levies of fire protection district taxes by Martin County since 1956 that remain uncollected are valid and lawful, and the lien for such taxes remains, without regard to which fire protection district (and corresponding fire tax rate) those levies attached, and without regard to which fire department revenues (when collected) are to be allocated.

SECTION 3. Pending action by Martin County to establish fire protection service districts under Part 1 of Article 16 of Chapter 153A of the General Statutes, the boundaries of the fire protection districts in Martin County under Article 3A of Chapter 69 of the General Statutes are as defined by a district map prepared to delineate revised district boundaries and approved prior to July 1, 2012, by the Board of Commissioners of Martin County.

SECTION 5. This act is effective when it becomes law.

HOUSE BILL 1122:
Martin County Fire Districts

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Reps. E. Warren, Tolson	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 1122 would validate the tax-supported fire districts of Martin County, and authorize the County of Martin to transition to county service districts for the provision of fire protection.***

[As introduced, this bill was identical to S883, as introduced by Sen. Jenkins, which is currently in Senate State and Local Government.]

CURRENT LAW: Fire protection in areas outside cities is provided through the establishment of fire protection districts. The statutes provide for the creation of three types of rural fire districts:

- **Insurance districts.** G.S. 153A-233 authorizes counties to designate fire districts and prescribe their boundaries for insurance-grading purposes. To pay for this protection, the county is authorized to appropriate funds "not otherwise limited as to use by law."
- **Tax-supported fire districts.** Article 3A of Chapter 69 of the General Statutes authorizes tax-supported fire districts. They are created by a petition and an election. To pay for this protection, a special tax is levied and collected on all taxable property in the district at a rate not exceeding 15¢ on the $100 valuation of property. The district may be abolished by an election to abolish the fire district, called upon petition of at least 15% of the resident freeholders of the district. Unused funds are to be relinquished to the county and used as part of its general fund if a majority of the registered voters vote to abolish the fire district tax.
- **County service districts for fire protection.** Article 16 of Chapter 153A of the General Statutes authorizes the county commissioners to define service districts for fire protection after a public hearing. To pay for this protection, a county may levy an additional property tax within the district for the purpose of financing fire protection services. The county may also use revenues whose use is not otherwise restricted by law and it may issue general obligation bonds.

BILL ANALYSIS:

Sections 1-2. The bill would validate the collection of revenue from Martin County fire tax districts (created pursuant to Article 3A of Chapter 69), which taxes have been imposed since 1956. The County is currently able to locate a substantial portion of the documentation establishing the tax-supported fire districts. However, not all of the documentation regarding the districts can be located.

The bill further provides that the levies of fire protection district taxes by Martin County since 1956 that remain uncollected are valid and lawful, and any liens for these taxes remain.

Sections 3-4. The bill would authorize Martin County to delineate revised tax-supported fire district boundaries pending action by the County to establish a service district or districts for fire protection. The bill would also authorize the board of county commissioners to dissolve the tax-supported fire districts upon establishment of the county service districts for fire protection.

EFFECTIVE DATE: When it becomes law.

Town of Burgaw/Deannexation

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Justice	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 1169 would deannex two described areas from the Town of Burgaw.

[As introduced, this bill was identical to S946, as introduced by Sen. Rabon, which is currently in Senate Finance.]

CURRENT LAW: Under Section 1 of Article VII of the NC Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property – that power remains with the General Assembly.

BILL ANALYSIS:

Section 2 of the bill would provide that liens for property taxes or special assessments on property in the area outstanding before the effective date would remain in effect.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE STOKES COUNTY TO REQUIRE THE PAYMENT OF DELINQUENT PROPERTY TAXES BEFORE RECORDING DEEDS CONVEYING PROPERTY.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 161-31 reads as rewritten:

"**§ 161-31. Tax certification.**

(a) Tax Certification. – The board of commissioners of a county may, by resolution, require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.

(a1) Exception to Tax Certification. – If a board of county commissioners adopts a resolution pursuant to subsection (a) of this section, notwithstanding the resolution, the register of deeds shall accept without certification a deed submitted for registration under the supervision of a closing attorney and containing this statement on the deed: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

(b) Applicability. – This section applies only to Alamance, Alexander, Anson, Beaufort, Bertie, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Stanly, Stokes, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, Yadkin, and Yancey Counties."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1197:
Add Stokes Cty to Tax Cert Before Recordation

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Holloway	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: Senate Bill 857 authorizes Stokes County to require payment of delinquent property taxes prior to recording deeds conveying property.

[As introduced, this bill was identical to S857, as introduced by Sen. East, which was given a favorable report by Senate Finance on June 5, 1012.]

CURRENT LAW: *G.S. 161-31(a)* allows a county board of commissioners, by resolution, to require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.

G.S. 161-31(a1) provides an exception. It requires the register of deeds to accept, without certification, a deed containing the following statement: "This instrument prepared by: _____ _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

G.S. 161-31(b) lists the 73 counties to which this provision currently applies.[1]

The following 4 counties have a similar requirement but under different authorizing legislation:

Avery County	Chapter 305 of the 1963 Session Laws, as amended by S.L. 1997-410 and S.L. 1998-73[2]
Ashe County	S.L. 1993-657, as amended by S.L. 1997-410 and S.L. 2005-433[3]
Alleghany County	S.L. 1997-410
Mitchell County	S.L. 1987-537, as amended by S.L. 1997-410 and S.L. 1999-326[4]

These local acts provide that the Register of Deeds shall not record any deed unless it is accompanied by a certification that all delinquent taxes have been paid. These local acts are in contrast to G.S. 161-31, which gives certain counties the discretion to pass a resolution to that effect.

BILL ANALYSIS: Senate Bill 857 amends G.S. 161-31(b) to add Stokes County to the list of counties in which the board of commissioners is permitted to pass a resolution requiring the register of deeds not to accept any deed transferring real property unless the county tax collector certifies that the taxes listed in the statute are not delinquent and are not a lien on the property.

EFFECTIVE DATE: This bill is effective when it becomes law.

H1197-SMSV-132(e1) v1

[1] The Register of Deeds in Duplin County must also receive a certification that no municipal taxes or any other taxes the collector is charged with collecting are a lien on the property before a deed transferring the property may be recorded.

[2] The Town of Newland was added in 1997; the Town of Banner Elk was added in 1998.

[3] S.L. 2005-433 provides that in addition to receiving a certification from the county tax collector, the Register of Deeds must also receive a certification from any municipal tax collector, where applicable, verifying that all delinquent taxes on the property have been paid.

[4] This local act also provides that if the property is located in the Town of Spruce Pine or the Town of Bakersville, the deed must also be accompanied by a certification from the town tax collector that all municipal taxes have been paid with respect to the property.

HOUSE BILL 1206:
Butner Boundary Clarification

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Crawford	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	Second Edition		

SUMMARY: House Bill 1206 does two things:

- ***Amends the Charter of the Town of Butner to reflect recorded documents establishing the corporate limits of the Town.***
- ***Adds to the corporate limits property on which the South Granville Water and Sewer Authority wastewater treatment plant is situated.***

CURRENT LAW & BILL ANALYSIS: The charter of the Town of Butner establishes the corporate limits and the extraterritorial jurisdiction. The description used in the charter is a reference to a map produced June 12, 2007, by the Granville County Tax Department and kept on file in the Butner Town Hall, the Granville County Planning Department, and the Granville County Board of Elections.

The bill would change the reference to the description to specific maps recorded in the Granville County Register of Deeds Office as follows:

- Corporate limits: Plat Book 40, Page 168, Sheets 1-33, entitled "Corporate Limits Survey for the Town of Butner"
- Extraterritorial jurisdiction: Plat Book 40, Page 169, Sheets 1-13, entitled "Mapping of Extraterritorial Jurisdiction for the Town of Butner"

The bill would also add approximately 60 acres to the corporate limits, on which is situated a wastewater treatment plant owned by the South Granville Water and Sewer Authority. Currently, the plant is within the planning and zoning jurisdiction of the Department of Health and Human Services. By adding the tracts to the corporate limits, the plant would be subject to the planning and zoning authority of the Town, which will facilitate the upgrade of the plant.

EFFECTIVE DATE: When it becomes law.

HOUSE BILL 1216:
Town of Wallace/Satellite Annexations

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Dixon	**Prepared by:**	Trina Griffin
Analysis of:	Second Edition		Committee Counsel

SUMMARY: House Bill 1216 changes the standards for voluntary satellite annexations applicable the Town of Wallace's voluntary satellite annexation of the property on which the Vidant Family Medicine facility is located.

[As introduced, this bill was identical to S944, as introduced by Sen. Jackson, which is currently in Senate Finance.]

CURRENT LAW: G.S. 160A-58.1 governs voluntary municipal annexation of noncontiguous property (known as voluntary satellite annexation). If all property owners in a satellite area petition a municipality for voluntary annexation of the noncontiguous property, the municipality may annex the property, if it meets all of the following five standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. **If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.**
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

BILL ANALYSIS: House Bill 1216 exempts the Town of Wallace from the fourth standard for voluntary satellite annexation of the property on which the Vidant Family Medicine facility is located. The Town of Wallace was already exempted from standard #5, above.[1] The Town of Wallace will be required to provide municipal services (standard #3) to the voluntarily annexed satellite area.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The General Assembly has exempted at least 16 other municipalities from the fourth standard.

HOUSE BILL 1114:
NCEMPA/Use of Rate Revenue

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Reps. Brawley, Collins	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: House Bill 1114 would require revenues from the municipal owned electric systems of cities and towns that are members of the North Carolina Eastern Municipal Power Agency (NCEMPA) to be used only for the following:

- ***Direct and indirect costs of the systems.***
- ***Transfers to other funds of the municipality that represent a rate of return on the investment in the system.***
- ***Debt service payments on the system.***

CURRENT LAW: Cities are authorized to operate public enterprises, including electric power generation, transmission, and distribution systems. The cities have the authority to set rates for the electric system. Because the cities are not considered public utilities under the statutes, the rates set by municipalities for the electric systems are not subject to review by the Utilities Commission.

Cites are also authorized to establish and operate electric power projects by formation of a joint agency. These joint agencies are authorized to issue revenue bonds to finance the costs of a project. Two joint agencies have been formed under this authorization, North Carolina Municipal Power Agency No. 1 (NCMPA1) and North Carolina Eastern Power Agency (NCEMPA) were formed. NCMPA1 has 19 members; NCEMPA has 32 members; 19 other cities offer electric service but do not belong to either of the Municipal Power Agencies.

The NCEMPA owns interest in five generating units built and operated by Progress Energy. These facilities include three nuclear units, 2 units at the Brunswick Plant in Brunswick County, and 1 unit at Shearon Harris Plant in Wake County. The NCEMPA also owns an interest in two coal-fired plants in Person County. The debt for the NCEMPA as of June 1, 2012 is $2,153,770,000.00

Last session, S.L. 2011-129 was enacted to limit the use of revenues from the electric systems operated by **Clayton, Selma, and Smithfield.** The revenues may only be used to pay the direct and indirect costs of operating the system, transferring an amount that represents the rate of return on the system, or to make debt service payments.

The direct and indirect costs of the electric system include all of the following:

- Debt service payments on indebtedness incurred for the electric system or secured by revenues of the electric system.
- Capital improvements or equipment for the electric system.
- Payments for the cost of power purchased under contractual arrangements.
- Debt service, maintenance, renewal, and replacement or other reserves required by legal documents entered into by the municipality in connection with the issuance of bonds or other indebtedness for the electric system.
- Reserves deemed necessary by the governing body of the municipality to assure that funds are available to maintain the financial and operational integrity of the electric system.

- Maintaining a rate stabilization fund to minimize the impact of periodic rate changes that would otherwise be required to reflect changes in costs of operations and demand for electric service.
- Making payments in lieu of taxes to other governmental units to reflect property taxes that would have been collected by the other governmental unit if the municipality were not the owner of the electric system.
- Making transfers to the general fund or other funds of the municipality to reimburse the general fund or other funds for costs paid from the funds that are reasonably allocable to the electric system.

The total amount transferred as a rate of return on the municipality's investment in the electric system is one of the following:

- 3% of gross capital assets of the system in the prior year.
- 5% of the annual gross revenues of the system in the prior year.

The restrictions in the act do not apply to actions taken by the Local Government Commission.

BILL ANALYSIS: The proposed committee substitute to House Bill 1114 extends the restriction on the use of revenue in S.L. 2011-129 to all of the cities in the North Carolina Eastern Municipal Power Agency. The following cities and towns are members:

Apex, Ayden, Belhaven, Benson, Clayton, Edenton, Elizabeth City, Farmville, Fremont, Greenville, Hamilton, Hertford, Hobgood, Hookerton, Kinston, LaGrange, Laurinburg, Louisburg, Lumberton, New Bern, Pikeville, Red Springs, Robersonville, Rocky Mount, Scotland Neck, Selma, Smithfield, Southport, Tarboro, Wake Forest, Washington, and Wilson

EFFECTIVE DATE: This act becomes effective July 1, 2014.

A BILL TO BE ENTITLED

AN ACT TO POSTPONE THE EFFECTIVE DATE OF CHANGES MADE TO THE JACKSON COUNTY OCCUPANCY TAX DURING THE 2011 REGULAR SESSION OF THE GENERAL ASSEMBLY.

The General Assembly of North Carolina enacts:

SECTION 1. Section 7 of S.L. 2011-170 reads as rewritten:

"**SECTION 7.** Part II and Section 5 of this act become effective January 1, 2013. ~~This~~ The remainder of this act is effective when it becomes law."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 991:
Jackson Co. Occupancy Tax Changes

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 27, 2012
Introduced by:	Rep. Haire	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: House Bill 991 would delay the effective date of legislation enacted during the 2011 session authorizing Jackson County to levy an additional 3% room occupancy tax and requiring other administrative changes.

CURRENT LAW: In 1985, the General Assembly authorized several western counties, including Jackson, to levy an occupancy tax of 3%. The net proceeds of the tax are placed in a special Travel and Tourism Fund and may be used only to promote travel and tourism in the county. The county has discretionary authority to establish a tourism development authority to administer the funds.

In 2011, the General Assembly enacted S.L. 2011-170 (HB 96), which rewrote and recodified the law authorizing the 3% room occupancy tax in Jackson County to conform the content to the uniform format currently used for occupancy taxes. By conforming to the House Finance Occupancy Tax Guidelines, Jackson County may use up to one-third of the occupancy tax proceeds for tourism-related expenditures, which it could not do under the 1985 law. The 2011 legislation also authorized Jackson County to levy an additional 3% occupancy tax with the same conditions and requirements that apply to the first 3%.

BILL ANALYSIS: House Bill 991 would delay until January 1, 2013, the effective date of the 2011 legislation. The county has requested this legislation.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: As noted above, the 1985 legislation did not require the occupancy tax proceeds to be administered by a tourism development authority. In 1987, the legislation was amended to give the County discretionary authority to establish a travel and tourism authority. Jackson County currently has two travel and tourism authorities that administer the proceeds of the 3% room occupancy tax: the Jackson County Tourism Authority and the Cashiers Tourism Authority. Based upon the way the 2011 legislation was drafted, the County was required to establish a single, countywide Tourism Development Authority as soon as the act became law, regardless of when and whether the County enacted the additional 3% occupancy tax. The County believed that it would not have to establish a single TDA until it enacted the additional 3% tax. The County would like additional time to transition to a single TDA and, therefore, requested the effective date extension.

BILL SUMMARY: House Bill 991 amends SL 2011-170 to postpone changes made to Jackson County's occupancy tax until January 1, 2013.

ASSUMPTIONS AND METHODOLOGY: The 2011 legislation allowed for an additional 3% occupancy tax to be levied with the same conditions and requirements that apply to the initial 3% rate. House Bill 991 would simply move the effective date of that legislation to January 1, 2013. There would be no fiscal impact, as the additional 3% occupancy tax is not being levied.

MINUTES

The Senate Finance Committee met at 5:40 PM on June 28, 2012, on the floor of the Senate Chamber. Senator Bob Rucho presided.

HB 799 – Licensure by Endorsement/Military/Spouses.

Senator Brunstetter was recognized to explain the bill. It would allow military-trained applicants who have been awarded a military occupational specialty and military-spouse applicants who are licensed in another jurisdiction to receive occupational licenses in this State. The applicants would have to meet requirements either in the military or in another jurisdiction that are substantially equivalent to or exceed the State requirements for licensure. State occupational licensing boards would also be able to issue temporary practice permits to these applicants until a license is granted or a notice to deny a license is issued. Senator Brock moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 5:44 PM.

A BILL TO BE ENTITLED

AN ACT TO ALLOW LICENSURE BY ENDORSEMENT FOR MILITARY PERSONNEL AND MILITARY SPOUSES.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 93B of the General Statutes is amended by adding a new section to read:

"**§ 93B-15.1. Licensure for individuals with military training and experience; licensure by endorsement for military spouses; temporary license.**

(a) Notwithstanding any other provision of law, an occupational licensing board, as defined in G.S. 93B-1, shall issue a license, certification, or registration to a military-trained applicant to allow the applicant to lawfully practice the applicant's occupation in this State if, upon application to an occupational licensing board, the applicant satisfies the following conditions:

(1) Has been awarded a military occupational specialty and has done all of the following at a level that is substantially equivalent to or exceeds the requirements for licensure, certification, or registration of the occupational licensing board from which the applicant is seeking licensure, certification, or registration in this State: completed a military program of training, completed testing or equivalent training and experience as determined by the board, and performed in the occupational specialty.

(2) Has engaged in the active practice of the occupation for which the person is seeking a license, certification, or permit from the occupational licensing board in this State for at least two of the five years preceding the date of the application under this section.

(3) Has not committed any act in any jurisdiction that would have constituted grounds for refusal, suspension, or revocation of a license to practice that occupation in this State at the time the act was committed.

(4) Pays any fees required by the occupational licensing board for which the applicant is seeking licensure, certification, or registration in this State.

(b) Notwithstanding any other provision of law, an occupational licensing board, as defined in G.S. 93B-1, shall issue a license, certification, or registration to a military spouse to allow the military spouse to lawfully practice the military spouse's occupation in this State if, upon application to an occupational licensing board, the military spouse satisfies the following conditions:

(1) Holds a current license, certification, or registration from another jurisdiction, and that jurisdiction's requirements for licensure, certification, or registration are substantially equivalent to or exceed the requirements for licensure, certification, or registration of the occupational licensing board for which the applicant is seeking licensure, certification, or registration in this State.

(2) Can demonstrate competency in the occupation through methods as determined by the Board, such as having completed continuing education units or having had recent experience for at least two of the five years preceding the date of the application under this section.

(3) Has not committed any act in any jurisdiction that would have constituted grounds for refusal, suspension, or revocation of a license to practice that occupation in this State at the time the act was committed.

(4) Is in good standing and has not been disciplined by the agency that had jurisdiction to issue the license, certification, or permit.

(5) Pays any fees required by the occupational licensing board for which the applicant is seeking licensure, certification, or registration in this State.

(c) All relevant experience of a military service member in the discharge of official duties or, for a military spouse, all relevant experience, including full-time and part-time experience, regardless of whether in a paid or volunteer capacity, shall be credited in the calculation of years of practice in an occupation as required under subsection (a) or (b) of this section.

(d) A nonresident licensed, certified, or registered under this section shall be entitled to the same rights and subject to the same obligations as required of a resident licensed, certified, or registered by an occupational licensing board in this State.

(e) Nothing in this section shall be construed to apply to the practice of law as regulated under Chapter 84 of the General Statutes.

(f) An occupational licensing board may issue a temporary practice permit to a military-trained applicant or military spouse licensed, certified, or registered in another jurisdiction while the military-trained applicant or military spouse is satisfying the requirements for licensure under subsection (a) or (b) of this section if that jurisdiction has licensure, certification, or registration standards substantially equivalent to the standards for licensure, certification, or registration of an occupational licensing board in this State. The military-trained applicant or military spouse may practice under the temporary permit until a license, certification, or registration is granted or until a notice to deny a license, certification, or registration is issued in accordance with rules adopted by the occupational licensing board.

(g) An occupational licensing board may adopt rules necessary to implement this section.

(h) Nothing in this section shall be construed to prohibit a military-trained applicant or military spouse from proceeding under the existing licensure, certification, or registration requirements established by an occupational licensing board in this State.

(i) For the purposes of this section, the State Board of Education shall be considered an occupational licensing board when issuing teacher licenses under G.S. 115C-296.

(j) For the purposes of this section, the North Carolina Medical Board shall not be considered an occupational licensing board."

SECTION 2. Within one year from the effective date of this act, each occupational licensing board regulating an occupation in this State and subject to the provisions of Chapter 93B of the General Statutes shall implement the requirements of G.S. 93B-15.1, as enacted by Section 1 of this act.

SECTION 3. The Legislative Research Commission shall study the issue of allowing licensure by the North Carolina Medical Board for individuals with military training

and experience, for military spouses by endorsement, and for temporary licenses for military-trained applicants or military-spouse applicants. The Commission shall make a report on this issue, including any recommendations or legislative proposals, to the 2013 Regular Session of the General Assembly upon its convening.

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 799:
Licensure by Endorsement/Military/Spouses

2011-2012 General Assembly

Committee:	Senate Finance	**Date:**	June 28, 2012
Introduced by:	Reps. Martin, Killian	**Prepared by:**	Cindy Avrette
Analysis of:	Fourth Edition		Committee Counsel

SUMMARY: ***House Bill 799 would allow military-trained applicants who have been awarded a military occupational specialty and military-spouse applicants who are licensed in another jurisdiction to receive occupational licenses in this State. The applicants would have to meet requirements, either in the military or in another jurisdiction, that are substantially equivalent to or exceed the State requirements for licensure. State occupational licensing boards would also be able to issue temporary practice permits to these applicants until a license is granted or a notice to deny a license is issued.***

CURRENT LAW: An "occupational licensing board" means any board established for the primary purpose of regulating the entry of persons into a particular profession and the conduct of persons within the profession that is authorized to issue licenses. Occupational licensing board does not include State agencies staffed by full-time State employees who issue licenses as part of their regular duties.

BILL ANALYSIS: House Bill 799 would require occupational licensing boards to issue occupational licenses to military-trained applicants and military-spouse applicants if the following requirements are net:

- A military-trained applicant must:
  - Complete a military program of training.
  - Complete testing or equivalent training and experience as determined by the board. (THIS PROVISION WAS ADDED IN SENATE RULES)
  - Be awarded a military occupational specialty.
  - Perform in that specialty at a level that is substantially equivalent to or exceeds the requirements for licensure.
  - Engage in the active practice of the occupation in the discharge of official duties for at least two of the five years preceding the date of the application.
  - Not commit any act in any jurisdiction that would have constituted grounds for refusal, suspension, or revocation of a license.
  - Pay any fees required by the occupational licensing board.
- A military-spouse applicant must:
  - Hold a current license from another jurisdiction that has requirements for licensure substantially equivalent to or exceed the requirements for licensure.
  - Demonstrate competency in the occupation through methods as determined by the occupational licensing board, such as having completed continuing education units or having had recent experience for at least two of the five years preceding the date of the application under this section.
  - Not commit any act in any jurisdiction that would have constituted grounds for refusal, suspension, or revocation of a license.
  - Be in good standing and not be disciplined by the agency that had jurisdiction to issue the license.
  - Pay any fees required by the occupational licensing board.

Occupational licensing boards would also be authorized to issue temporary practice permits to applicants until a license is granted or a notice to deny a license is issued.

The bill specifies that it would apply to the State Board of Education. The bill would not apply to the practice of law or to the North Carolina Medical Board. The practice of law is specifically excluded while the North Carolina Medical Board is effectively excluded since it is defined NOT to be an occupational licensing board. However, the bill directs the Legislative Research Commission to study the issue of allowing licensure by the North Carolina Medical Board in this manner.

EFFECTIVE DATE: The act would be effective when it becomes law. Each occupational licensing board would be required to implement the new statute within one year from the effective date.

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE DEPARTMENT OF TRANSPORTATION TO ENTER INTO A PILOT PUBLIC-PRIVATE PARTNERSHIP TOLL PROJECT AND TO REALLOCATE THE MONEY APPROPRIATED FOR STUDIES RELATED TO THE MID-CURRITUCK BRIDGE PROJECT TO THE DEPARTMENT OF TRANSPORTATION, FERRY DIVISION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 136-18 reads as rewritten:

"**§ 136-18. Powers of Department of Transportation.**

The said Department of Transportation is vested with the following powers:

...

(39) To enter into partnership agreements with private entities, and authorized political subdivisions to finance, by tolls, contracts, and other financing methods authorized by law, the cost of acquiring, constructing, equipping, maintaining, and operating transportation infrastructure in this State, and to plan, design, develop, acquire, construct, equip, maintain, and operate transportation infrastructure in this State. An agreement entered into under this subdivision requires the concurrence of the Board of Transportation. The Department shall report to the Chairs of the Joint Legislative Transportation Oversight Committee, the Chairs of the House of Representatives Appropriations Subcommittee on Transportation, and the Chairs of the Senate Appropriations Committee on the Department of Transportation, at the same time it notifies the Board of Transportation of any proposed agreement under this subdivision. No contract for transportation infrastructure subject to such an agreement that commits the Department to make nonretainage payments for undisputed capital costs of a completed transportation infrastructure to be made later than 18 months after final acceptance by the Department of such transportation infrastructure shall be executed without approval of the Local Government Commission. Any contracts for construction of highways, roads, streets, and bridges which are awarded pursuant to an agreement entered into under this section

shall comply with the competitive bidding requirements of Article 2 of this Chapter.

(39a) The Department of Transportation may enter into a partnership agreement with a private entity as provided under subdivision (39) of this section for which the provisions of this section may apply. The pilot project allowed under this subdivision must be one that is a candidate for funding under the Mobility Fund, that is planned for construction through a public-private partnership, and for which a Request for Qualifications has been issued by the Department no later than June 30, 2012.

a. A private entity or its contractors must provide performance and payment security in the form and in the amount determined by the Department of Transportation. The form of the performance and payment security may consist of bonds, letters of credit, parent guaranties, or other instruments acceptable to the Department of Transportation.

b. Notwithstanding the provisions of G.S. 143B-426.40A, an agreement entered into under this subdivision may allow the private entity to assign, transfer, sell, hypothecate, and otherwise convey some or all of its right, title, and interest in and to such agreement, and any rights and remedies thereunder, to a lender, bondholder, or any other party. However, in no event shall any such assignment create additional debt or debt-like obligations of the State of North Carolina, the Department, or any other agency, authority, commission, or similar subdivision of the State to any lender, bondholder, entity purchasing a participation in the right to receive the payment, trustee, trust, or any other party providing financing or funding of projects described in this section. The foregoing shall not preclude the Department from making any payments due and owing pursuant to an agreement entered into under this section.

c. The Department of Transportation may fix, revise, charge, and collect tolls and fees to the same extent allowed under Article 6H of Chapter 136 of the General Statutes. The Department may assign its authority to fix, revise, charge, and collect tolls and fees to the private entity.

...

(43) For the purposes of financing an agreement under subdivision (39a) of this section, the Department of Transportation may act as a conduit issuer for private activity bonds to the extent the bonds do not constitute a debt obligation of the State. The issuance of private activity bonds under this subdivision and any related actions shall be governed by The State and Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes, with G.S. 159-88 satisfied by adherence to the requirements of subdivisions (39) and (39a) of this section."

SECTION 2. If House Bill 950, 2011 Regular Session, becomes law, then Section 24.18(b) of that act reads as rewritten:

"**SECTION 24.18.(b)** ~~The Department of Transportation shall disregard Executive Order No. 116, or any other executive order pertaining to ferry tolls, and shall collect the tolls required by S.L. 2011-145 and this section, except for the Cherry Branch/Minnesott Beach route, for which the Department of Transportation shall not collect the increased tolls required by S.L. 2011-145 during fiscal year 2012-2013.~~ Notwithstanding the clarifying amendment to G.S. 136-82 made by subsection (a) of this section and notwithstanding the increase in ferry

toll revenue required by S.L. 2011-145, the Department of Transportation, Ferry Division, shall not collect the increased ferry tolls required by S.L. 2011-145 during fiscal year 2012-2013. Notwithstanding any other provision of this act, the sum of two million dollars ($2,000,000), nonrecurring, is not appropriated to the Turnpike Authority to supplement and advance project studies related to the Mid-Currituck Bridge project; instead, notwithstanding G.S. 136-176(b2) or any other provision of law, the sum of two million dollars ($2,000,000), nonrecurring, of the funds appropriated to the Turnpike Authority under G.S. 136-176(b2) is transferred from the Highway Trust Fund to the Highway Fund, and that sum is appropriated from the Highway Fund to the Department of Transportation, Ferry Division, for fiscal year 2012-2013. Notwithstanding any other provision of this act, the appropriation provided elsewhere in this act for the Reserve for General Maintenance in the Highway Fund is decreased by the sum of five hundred thousand dollars ($500,000), nonrecurring, and that sum is appropriated to the Department of Transportation, Ferry Division, for fiscal year 2012-2013."

SECTION 3. This act is effective when it becomes law.
