45 Central Office Administration (1110) Reduces the General Fund appropriation for the Division's central offices by 4.5%. Seven vacant positions are eliminated, effective July 1, 2014. Approximately $9.5 million remains in the Division's FY 2014-15 central administration budget. #65006250, Quality Assurance Officer - $70,840 #60043367, Mental Health Prgm Mgr I - $59,962 #60043463, W/A Primary Care Systems Asso - $49,171 #60043400, Processing Assistant V - $48,979 #60043406, W/A Administrative Asst - $29,856 #60043320, Administrative Off III - $54,498 #60043328, Budget Manager - $90,000	($448,876) -7.00	R
46 LME/MCO General Administration (1111) Eliminates funds held in reserve for LME/MCO risk management. As required by S.L. 2013-85, the Division has increased responsibilities related to monitoring LME/MCO administrative, operational, actuarial, and financial performance, eliminating the need to maintain a reserve fund.	($6,100,000)	R
47 Wright School (1546) Eliminates funding for the Wright School, effective July 1, 2014.	($2,709,912) -38.66	R
48 Brain Injury Association of North Carolina (1451) Continues General Fund appropriation for the Brain Injury Association of North Carolina contract. The association provides information, referral, and training services for persons with traumatic brain injury, their families, and health care professionals.	$225,223	R

Legislative Changes

(8.0) Division of Health Service Regulation

50	**Cost Allocation for Construction Team Inspections (1153)** Allocates the cost for construction team inspections of adult care homes, family homes, and group homes to claim administrative match through Medicaid. The construction teams inspect facilities to ensure compliance with federal licensure standards. The inspection consists of external and internal evaluations, including living quarters, fire safety, electrical and plumbing equipment, to ensure homes and facilitates are maintained in a safe living condition.	($263,000)	R
51	**Health Care Personnel Registry Receipts (1110)** Budgets over-realized receipts for the Health Care Personnel Registry, a tool for monitoring unlicensed health care personnel. The registry lists nurses and medications aides who have met federal and State educational and competency requirements. Further, it lists unlicensed health care personnel who are being investigated for or have been found to have caused harm to a resident or facility. The cost of maintaining the registry is shared with Medicare. For FY 2012-13, actual expenditures totaled $4.1 million. While budgeting the over-realized receipts ($25,000) will result in a corresponding decrease in appropriation, the FY 2014-15 budget (requirements) of $4.4 million is unchanged.	($25,000)	R

Legislative Changes

(9.0) Division of Medical Assistance

52	**Provider Assessments for Behavioral Health LME/MCO's (1310)** Implements a 3.5% assessment on all Behavioral Health LME/MCO's effective July 1, 2014. The State will retain 65% of the total amount assessed to fund Medicaid services. The remaining 35% will be used to increase the capitation rates for the Local Management Entities/Managed Care Organizations (LME/MCO's). In FY 2012-13, Medicaid payments totaled $1.4 billion to LME/MCOs. The FY 2013-14 budget is $2.5 billion and is the first year where all LME/MCOs have been operational for the full year.	($59,555,995)	R
53	**Mental Health Drug Management (1310, 1331)** Implements prior authorization of mental health drugs, effective January 1, 2015. This adjustment brings mental health drug policy in line with other drug classes that require prior authorization in the Medicaid program. This represents a 2% reduction in drug spending net of rebates, leaving an estimated budget in FY 2014-15 of $737 million. The amount saved is net of the reduction in drug rebates.	($6,000,000)	R
54	**Automatic Eligibility for ABD/State County Special Assistance (1310)** Eliminates the automatic Medicaid eligibility for Aged, Blind and Disabled/State County Special Assistance recipients effective January 1, 2015. This eligibility standard was established by North Carolina and is not mandated by the federal government. There are currently 11,886 individuals that have Medicaid eligibility as a result of this policy who will lose Medicaid coverage. In FY 2013-14 it is estimated that total spending on this eligibility group will be $167.9 million. Of this amount, $57.5 million are General Fund appropriations.	($28,750,000)	R

55 Medically Needy Eligibility Standards (1310) ($3,563,134) R

Eliminates eligibility for Medically Needy individuals in family and children and Aged, Blind and Disabled categories effective January 1, 2015. This eligibility group is optional and not mandated by Centers for Medicare and Medicaid Services (CMS). There are currently 3,342 individuals that have Medicaid coverage based on this policy. In FY 2013-14 it is estimated that total spending on this eligibility group will be $20.8 million and $7.1 million in General Fund appropriations.

56 Medsolutions Contract Renegotiation and Imaging Request for Proposal (1310) ($5,500,000) R

Requires the department to renegotiate their imaging contract with Medsolutions to reduce capitation rates to achieve improved medical loss ratios. The Department is also directed to issue a Request for Proposal (RFP) for high tech imaging services. This represents a 14.9% reduction in spending on the high tech imaging contract, leaving an estimated $90 million in the budget for FY 2014-15.

57 Nursing Home Case- Mix Index Adjustment (1310) ($2,200,000) R

Freezes the case-mix index adjustments for direct cost of nursing home rates effective January 1, 2015. Historically, nursing home direct care rates are adjusted quarterly for the change in the average case mix or intensity of care for each facility's residents from the previous quarter. The case mix index adjustments do not apply to the indirect care or fair rental value components of the nursing home per diem rates. Total Medicaid payments for nursing homes is projected to be $1.16 billion in FY 2013-14. This represents a 0.5% reduction in overall spending for nursing homes leaving an estimated $1.2 billion in the Medicaid budget for FY 2014-15.

58 Average Acquisition Cost for Drug Pricing (1310) ($975,000) R

Converts the pricing for drug products from a multiple of Wholesale Acquisition Cost (WAC) for brand medications and State Maximum Allowable Cost (SMAC) for generic medications to an average acquisition cost for all Medicaid drugs. This item also adjusts dispensing fees to more closely align with the cost of dispensing. Total spending for drug product and dispensing fees are projected to be $1.4 billion in FY 2013-14. The amount is offset by drug rebates that are estimated at $678 million in FY 2013-14. This represents a 0.3% reduction in spending for drug costs, net of rebates, leaving an estimated net budget of $737 million in FY 2014-15.

59 State Retention of Physician Upper Payment Limit (UPL) Plan (1310) ($9,380,470) R

Implements a new 28.85% retention of the assessment under the University of North Carolina at Chapel Hill (UNC) and East Carolina University (ECU) physician UPL plan effective July 1, 2014. The retention will apply to the total amount assessed and transferred to the Division of Medical Assistance through an intergovernmental transfer or payment by these organizations. The amount not retained will be used to fund the state share of the costs of the supplemental payment under the UPL plan. In FY 2013-14, UNC and ECU transferred $23.1 million to the Division of Medical Assistance for the State share of UPL payments of $66.8 million. The new State retention will increase the amounts transferred from UNC and ECU to approximately $32.5 million, with supplemental payments to the two organizations totaling approximately $66.8 million.

60 State Retention of the Hospital GAP Plan Assessment (1310) ($15,102,794) R

Increases the State retention on assessments through the hospital GAP plan from 25.9% to 28.85% effective July 1, 2014. The increased retention percentage will apply to the total amount assessed under the GAP plan. The residual amount of assessment will be used to make supplemental equity and upper payment limit payments as defined under the plan. The GAP plan for the year ending September 30, 2014 provides for payments from hospitals totaling $366 million and supplemental payments for outpatient equity and inpatient upper payment limit of $787 million. This change will increase the amount of payments from the hospitals, but will not change the supplement payments the hospitals receive.

61 Hospital Outpatient Cost (1310) ($6,078,784) R

Reduces the settlement for the University of North Carolina-Chapel Hill (UNC-CH) and Pitt Memorial (ECU) hospitals for outpatient services to 70% of Medicaid costs effective July 1, 2014. Historically, the State has funded the State share of payment to UNC-CH and ECU at 100% of costs, unlike other hospitals which are paid 70% of cost through the claims and settlement processes. The reduction in settlement percentage will be factored into supplemental payments under the Disproportionate Share Hospital (DSH) and hospital GAP payment plans. This represents a 2.1% reduction in overall hospital outpatient Medicaid spending, leaving an estimated $821 million in the budget for outpatient services for all hospitals in FY 2014-15.

62 Provider Rate Reduction (1310) ($10,803,013) R

Reduces provider rates by 2% effective January 1, 2015. This reduction applies to all fee-for-service providers with the exception of drugs, nursing homes, all cost based providers, and services where rates are set by the federal government, negotiated through a managed care contract, or as specified in special provisions.

63 Single Base Rate for All Hospitals (1310) ($10,800,000) R

Establishes a single base diagnosis related group (DRG) rate for inpatient hospital services based on the statewide median base rate for all hospitals effective January 1, 2015. This reduces payments for hospital services by $12.4 million and increases the GAP plan retention by $9.2 million on an annual basis. In FY 2013-14 total spending for inpatient hospital services is projected to be $938 million. This represents a 1.8% reduction in spending for inpatient hospital services, leaving an estimated $992 million in the FY 2014-15 budget.

64 Personal Care Services (PCS) Rate adjustment (1310)

Reduces the PCS unit rate so that the approval of 50 additional hours included in the Medicaid Clinical policy approved by the Center for Medicare and Medicaid Services (CMS) in May 2014 is budget neutral.

65 Medicaid Rebase (1310,1331,1320) $206,000,000 R

Funds the Medicaid rebase for FY 2014-15 that includes 5.3% growth in enrollment and utilization; a change in mix to a more expensive recipient; current year spending trends for Personal Care Services and settlements; the impact of presumptive eligibility as a result of the Affordable Care Act; the impact of an additional 20,000 children shifting from Health Choice to Medicaid; the impact of not meeting all the budget reduction items approved as part of the FY 2013-15 Biennium Budget; and an increase in the federal match rate.

The following chart details the various components of the rebase calculation:

Growth, Claims and Utilization:$114,100,000
Budget Reductions Not Achieved:
- Outpatient to 70% - $25,300,000
- Shared Savings - $10,800,000
- Drug Savings - $9,400,000
- Rehabilitation Visit Limitation - $5,700,000
- Physician Visit Limitation - $7,600,000
- Freeze Rates - $26,600,000
- Copay Increase - $5,000,000

Presumptive Eligibility:$5,500,000
Additional Children Shifted From Health Choice: $9,400,000
Change in FMAP: ($14,600,000)
PCS Services: $100,000
Settlements:$1,100,000

MEDICAID REBASE FY 2014-15: $ 206,000,000

66 Medicaid Funds for FY 13-14 — $143,800,000 NR

Appropriates nonrecurring funds to address a projected FY 2013-14 Medicaid budget shortfall of $93.9 million. Unachieved S.L. 2013-360 reductions and other unbudgeted items are outlined below:

Medicaid Claims, Utilization and Growth:($149,700,000)
Budget Reduction Items not Achieved: $63,600,000
Presumptive Eligibility: $13,200,000
MAGI Recertification Delay: $2,800,000
Additional Children Shifted from Heath Choice: $8,700,000
PCS Services: $12,400,000
Settlements: $8,200,000
Heath Choice Surplus:($9,100,000)
Medicaid Claims and Enrollment Backlog: $143,800,000

Net Shortfall: $ 93,900,000

A projected FY 2013-14 cash surplus of $49.9 million, anticipated due to backlogs of unpaid claims and unprocessed eligibility applications, will revert on June 30, 2014. Therefore, a nonrecurring appropriation of $143.8 million is needed for the liability associated with the unpaid claims and enrollment backlogs that will be paid in FY 2014-15.

67 Personal Care Services (PCS) Study Optional Program (1102) — $200,000

Provides funding for the Department to transfer $200,000 to the Legislative Services Commission to contract for a study to define a new limited PCS optional service program. This amount represents the State share of the total funding of $400,000. The remaining source of funding will come from the Medicaid administrative funding from the Centers for Medicare and Medicaid Services (CMS). The report from this study is due December 1, 2015.

68 Division of Medical Assistance Reorganization (1101,1102) — $4,898,158 NR

Provides funding for consultants, contractors and initial staffing for the development of a new organization for the Division of Medical Assistance.

69 Health Choice Rebase (1310) ($14,500,000) R

Funds the Health Choice rebase for FY 2014-15 that includes a 5.3% growth in enrollment and utilization, the impact of an additional 20,000 children shifting from Health Choice to Medicaid, and the impact of not meeting all the budget reduction items included in the 2013 Appropriations Act.

The following chart details the various components of the rebase calculation:

Growth, Claims and Utilization: ($9,900,000)
Budget Reductions Not Achieved: $2,900,000
Additional Children Shifted From Health Choice: ($7,500,000)

HEALTH CHOICE REBASE FY 2014-15	($14,500,000)

70 Single Base Rate for all Hospitals (1310) ($63,961) R

Establishes a single base diagnosis related group (DRG) rate for inpatient hospital services based on the statewide median base rate for all hospitals effective January 1, 2015. This represents a 1.8% reduction in claims spending for inpatient hospital services.

71 Health Choice Administrative Budget Adjustment (1102) ($1,250,000) R

Adjusts the Health Choice administrative budget to more accurately reflect actual expenditures and anticipated costs in FY 2014-15.

Reserve for Salaries & Benefits

1	**Compensation Increase Reserve** Provides a $1,000 annual recurring salary and benefit increase ($809 salary increase) for permanent full-time employees.	$1,322,367	R
2	**State Retirement System Contributions** Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees. Total General Fund appropriation across all sections in the committee report is $37 million.	$227,746	R

Food and Drug

3	**Commercial Feed and Pet Fees (1070)** Budgets $120,000 in additional license fee receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled $383,080.	($120,000)	R
4	**Commercial Feed and Pet Grants (1070)** Budgets $50,000 in additional grant receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled $279,063.	($50,000)	R
5	**Food, Drug, and Cosmetic Analysis Fees (1100)** Budgets $50,000 in additional license fee receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled $803,820.	($50,000)	R

6 Food, Drug, and Cosmetic Analysis Grants (1100) ($100,000) R

Budgets $100,000 in additional grant receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled over $1.2 million.

7 Vacant Position (1070) ($50,701) R

Eliminates the following vacant position: -1.00

Position	Title	Total Cost
60089066	Chemistry Technician III	$50,701

Forest Service

8 County Cost-Share Adjustment (1510) ($1,056,678) R

Budgets additional receipts to offset General Fund support and fund shifts positions due to changes to the calculation of county cost-share allocations. The funding model for county-specific Forest Service personnel results in revised funding levels of $12.25 million and $9.75 million for the State and counties respectively. -18.35

9 Forestry Management Plans (1510) ($1,761,750) R

Budgets anticipated receipts from fees charged for forestry management plans produced by the NC Forest Service. Forestry management plans are required to receive present-use value property tax assessments on forestland. Fees range from $250 to $750 per forestry management plan depending on acreage.

10 Vacant Positions (1510) ($84,953) R

Eliminates the following vacant positions: -1.50

Position	Title	Total Cost
60031791	District Ranger - LE	$65,126 (1 FTE)
60031916	NCSU Assoc Ranger	$19,827 (0.5 FTE)

Markets

11 NC Farmers Markets (1020) ($325,307) R

Eliminates General Fund support of farmers markets and shifts operating budget and positions from the General Fund to the farmers markets' enterprise fund (53700). The Department may use receipts generated by any of the four farmers markets to support operational expenses at any other farmers market. -5.60

12 Vacant Positions (1020) ($204,847) R

Eliminates the following vacant positions: -3.00

Position	Title	Total Cost
60080945	Travel & Tourism Mkt Coord.	$63,175
60011560	Machine Operator II	$36,075
60011467	International Mkt Specialist	$105,597

Plant Industry

13 Seed and Fertilizer Fees (1175) ($50,000) R

Budgets $50,000 in additional license fee receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled $308,647.

Research Stations

14 Bioenergy Development - TVA Funds (1190)

Budgets TVA settlement funds returned by the Biofuels Center to the Department of Commerce upon dissolution of the nonprofit. Funds will be provided to the Bioenergy Development program administered by the Department and will offset existing General Fund support for FY 2014-15. Total program funding will remain at $1.5 million for FY 2014-15. TVA funds may only be spent in the counties identified in Section 13.3 of S.L. 2013-360. ($438,583) NR

15 Commodity Receipts (1190) ($100,000) R

Budgets additional sales receipts from research station products to more closely match actual experience. In FY 2012-13, the research stations overrealized commodity sales receipts by $681,389.

16 Research Grant Funds (1190) ($50,000) R

Budgets an additional $50,000 in receipts from the University of North Carolina system for use by the Department's research stations. Combined with $50,000 in previously budgeted receipts in FY 2011-12, receipts from the university system total $100,000.

17 Vacant Positions (1190) ($229,531) R

Eliminates the following vacant positions: -5.00

Position	Title	Total Cost
60012609	Administrative Officer III	$48,802
60012700	Research Technician	$40,613
60012656	Research Technician	$40,183
60012672	Office Assistant IV	$51,202
60012632	Office Assistant IV	$48,731

Reserves and Transfers

18 FFA Grant Funding (1990) ($100,000) R

Eliminates expansion funding to the FFA Foundation. The program will continue to receive $40,000 in recurring grant funding.

19 Farmland Preservation Trust Fund (1990) $500,000 NR

Provides an additional $500,000 in nonrecurring funding to the Trust Fund. Funding to the Trust Fund in FY 2014-15 will total over $2.1 million from the General Fund and an additional $1 million from TVA settlement funds.

20 Farmland Preservation Trust Fund - Military Buffers (1990) $1,000,000 NR

Provides $1 million in nonrecurring funding to match federal funds for the purchase of development rights from agricultural operations located near military bases in the State. Funding to the Trust Fund in FY 2014-15 will total over $2.1 million from the General Fund and an additional $1 million from TVA settlement funds.

21 NCSU Food Processing Initiative (1990) $250,000 NR

Provides $250,000 in nonrecurring funding to the College of Agriculture and Life Sciences at NC State University to support the development of the Department's food processing initiative. The University of North Carolina system may not collect Facilities and Administrative expenses from these funds provided to the initiative.

22 NCSU Plant Science Initiative (1990) $350,000 NR

Provides $350,000 in nonrecurring funding to the College of Agriculture and Life Sciences at NC State University to support the development of the Department's plant science initiative. The University of North Carolina system may not collect Facilities and Administrative expenses from these funds provided to the initiative.

Soil and Water Conservation

23 Agriculture Water Resource Assistance Program (1611) $2,318,254 NR

Provides additional nonrecurring funding to support agriculture water resource development projects. Total program funding for FY 2014-15 is over $3.3 million.

Structural Pest Control and Pesticides

24 Pesticide Control and Analysis Fees (1090) ($100,000) R

Budgets $100,000 in additional license fee receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled over $2.9 million.

25 Sleep Products (1120) ($100,000) R

Transfers the operating budget and positions to fund code 1120.- Structural Pest, and reduces the program requirements by $100,000 to more closely align to actual expenditures. Positions will continue to be receipt supported from bedding unit inspection fees.

26 Structural Pest Fees (1120) ($50,000) R

Budgets $50,000 in additional license fee receipts to offset General Fund support and more closely align to actual collections. Actual collections from FY 2012-13 totaled $434,510.

Veterinary Services

27 National Poultry Improvement Plan Certification (1130) ($25,000) R

Budgets anticipated receipts resulting from a modified fee structure for certification services provided to small flock poultry producers.

35 Position Reduction (1740) ($61,049) R

Abolishes a vacant Environmental Senior Specialist position (65002024) in the Wilmington Regional Office's Stormwater Permitting Section. Six Stormwater Engineers and one Engineer who works on National Pollutant Discharge Elimination System permit program will remain in the Wilmington Office. -1.00

36 University Energy Centers (1749) ($816,933) NR

Budgets Stripper Well Settlement funds transferred from budget code 64327-693E to partially offset General Fund support of the university energy centers located at North Carolina State University, North Carolina Agricultural and Technical State University (N.C. A&T), and Appalachian State University. A total of $1,056,933 is appropriated for these centers.

37 Shale Gas (1750) $1,173,324 NR

Provides nonrecurring funding for drilling of test wells and core analysis in the State's shale basins. Also provides $100,000 for marketing and promotion of the State's shale gas resources. There is a corresponding special provision.

38 Operating Funds for Oil and Gas Program (1740) $176,789 R

Provides operating funds to support the Energy Section's requirement to develop and implement a modern regulatory program for oil and gas exploration and development, and to support the Mining and Energy Commission in developing associated administrative rules.

39 Coal Ash Management - Stormwater (1740) $140,811 R

Provides funding for two new positions and associated operating costs to address the long term requirements of stormwater permitting, inspection and compliance activities related to coal based power facilities. 2.00

Position	Total Cost
Engineer	$82,343
Program Assistant V	$41,244

A total of $1.75 million in recurring funds is provided to the Department for coal ash management. This item is contingent upon S.B. 729, 2013 Regular Session, or substantially similar language, becoming law.

40 Coal Ash Management - Dams (1740) $386,390 R

Provides nonrecurring funding for five new positions and associated operating costs to address the long term requirements of permitting, inspection and safety evaluations of all power generating dam facilities in North Carolina. 5.00

Position	Total Cost
2 Engineers	$165,686
2 Environmental Sr. Specialist	$151,210
1 Program Assistant V	$ 41,244

A total of $1.75 million in recurring funds is provided to the Department for coal ash management. This item is contingent upon S.B. 729, 2013 Regular Session, or substantially similar language, becoming law.

Environmental Assistance and Customer Service

41 Utility Savings Initiative (1615)

Budgets Stripper Well Settlement funds transferred from budget code 64327-693E to partially offset General Fund support of the Utility Savings Initiative on a nonrecurring basis. ($183,067) NR

42 Position Reductions (1615) ($113,011) R

Reduces General Fund support for a vacant Environmental Senior Specialist position (60035972) in the Environmental Assistance Center to 50% and abolishes a vacant Senior Economic Developer position (60080986) that was transferred from Commerce as part of the Energy Office move to DENR. The office supplies line-item is reduced by $314, leaving $3,147. -1.22

Marine Fisheries

43 Position Shifts (1320) ($143,760) R

Fund shifts three Marine Fisheries Technician II positions (60032634, 60032668, 60032653) from General Fund support to federal grant support and takes a corresponding General Fund reduction. -3.00

44 Position Reductions (1495) ($148,240) R

Closes the Marine Fisheries office located in Nags Head for an operating savings of $19,422, and shifts two positions to home-based operations. Also abolishes two filled positions, an Environmental Health Specialist (60034501), an Environmental Senior Technician (60034515), and a vacant Microbiology Lab Technician III (60034517) that is currently split funded between General Fund support and a federal grant. -2.50

45 At-Sea Observer Program (1320) ($289,000) R

Eliminates General Fund support for the At-Sea Observer Program. Recurring support will be provided from commercial fishing license fee receipts.

46 Marine Oyster Sanctuary (1320) $150,000 R

Provides funding for habitat mapping and water column/benthic data collection associated with establishing an oyster sanctuary. Also supports any advance analysis and studies that may be required by State or federal agencies to permit shellfish conservation efforts in the sanctuary.

Museum of Natural Sciences

47 Operating Reductions (1360) ($195,616) R

Reduces Museum funding by 1.6% by abolishing a vacant Administrative Assistant I position (60035022) and reducing funding for temporary wages. Also reduces salary reserve by $30,000 and the carpentry and hardware supplies line-item by $30,785. -1.00

48 Museum of Forestry (1360) ($391,117) R

Eliminates funding for the Museum of Forestry in Whiteville, NC and closes the Museum effective July 1, 2014. Provides nonrecurring funding to support positions for three months to assist with the closure and mothballing of exhibits. $97,779 NR
-3.00

Office of Land and Water Stewardship

49 One NC Naturally Initiative (1610) ($59,274) R

Abolishes a filled Educational Development Consultant position (60036213) that provided outreach and education programs for the One NC Naturally initiative to generate interest in and understanding of the State's conservation needs. Duties will be shifted to the remaining employees. -1.00

Parks and Recreation

50 Operating Reductions (1280) ($623,360) R

Abolishes a vacant State Parks Facility Architect position (60092635) supported by the Parks and Recreation Trust Fund. Also reduces various equipment line-items including but not limited to motor vehicles, boats, trailers, voice communication equipment and computers and printers. Operating funds of $9.4 million remain after this reduction. -1.00

51 Consultant Study (1280) $250,000 NR

Provides nonrecurring funds to hire a consultant to review the operations of the State's cultural and natural resource sites and recommend ways to reduce the cost to the State for their operations.

Reserves and Transfers

52 Outer Banks Land Management Fund (1910) $5,000,000 NR

Provides a nonrecurring appropriation to the newly created Outer Banks Land Management Fund to be established in the Department of Environment and Natural Resources. Total funding appropriated to the Fund from all sources is $15 million, including $3 million in a capital reserve contingent upon the land sale. Fund uses are specified in a corresponding special provision.

Secretary's Office

53 Salary Reserve (1140) ($34,949) R

Reduces salary reserve available within the Secretary's Office.

54 Reserve for Coal Ash Management (1910) $438,943 R

Creates a reserve in the Secretary's Office for up to six additional positions to support the coal ash management initiative outlined in Senate Bill 729. Positions and associated operating support will be reallocated to the following divisions as the positions are filled: Water Resources, Waste Management, and Energy, Mineral and Land Resources. 6.00

A total of $1.75 million in recurring funds is provided to the Department for coal ash management. This item is contingent upon S.B. 729, 2013 Regular Session, or substantially similar language, becoming law.

55 Public Information Office (1140)

Expands the Department's public information efforts by transferring 50% of a Public Information Officer position (60031534) from the Division of Coastal Management to the Office of Public Affairs. Position will be supported by indirect cost receipts.

Waste Management

56 Solid Waste Section (1760) ($23,606) R

Reduces the legal services and motor vehicle insurance line-items in the Solid Waste Section, leaving $174,974 for these purposes.

57 Waste Management (1760) ($1,000,000) R

Budgets a transfer of solid waste disposal tax receipts to replace General Fund support of positions that inspect and permit hazardous waste and solid waste facilities. Positions also enforce hazardous waste, solid waste and inactive hazardous sites management standards, and ensure the development and implementation of comprehensive plans for management of waste.

58 Noncommercial Fund (1910) $2,500,000 R
$1,000,000 NR

Provides a $1 million nonrecurring appropriation and a $2.5 million recurring appropriation for the Noncommercial Leaking Petroleum Underground Storage Tank Fund to assist homeowners with the cleanup cost of petroleum releases from home heating oil tanks and small farm tanks.

59 Coal Ash Management - Waste Management (1760) $193,742 R

Provides funding for two new positions and associated operating costs to support the additional workload that is expected with the permitting of industrial landfills for removed combustion products. 2.00

Position	Total Cost
Engineer	$82,343
Geologist/Hydrogeoloist	$76,615

A total of $1.75 million in recurring funds is provided to the Department for coal ash management. This item is contingent upon S.B. 729, 2013 Regular Session, or substantially similar language, becoming law.

Water Infrastructure

60 Operating Support (1460) ($10,000) R

Reduces the supplies line item on a recurring basis, leaving $5,000 for this purpose.

61 Drinking Water State Revolving Fund (DWSRF) (1460) ($1,400,000) NR

Reduces funding for the DWSRF State match by $600,000 due to an anticipated decrease in the federal capitalization grant for the program in federal fiscal year 2014-15. Also transfers $800,000 in unused DWSRF State matching funds back to the division's General Fund budget and takes a corresponding nonrecurring reduction in FY 2014-15.

Water Resources

62 Aquatic Weed Control Transfer (1620) ($54,920) R

Transfers the Aquatic Weed Control program from the Department to the Wildlife Resources Commission as a Type I transfer. Additional adjustments may be implemented through a type 11 budget revision. -1.00

63 Position Reductions (1620 & 1690) ($155,976) R

Abolishes a filled Business & Technology Applications Technician position (60031523) in the Water Resources Management Section and also abolishes a vacant Environmental Regional Supervisor (60035227) in the Fayetteville Regional Office. A receipt-supported supervisor from the Central Office will be reassigned to replace the regional supervisor position. -2.00

64 Coal Ash Management - Water Quality (1690 &1695) $590,114 R

Provides funding for eight General Fund and two receipt-supported positions and associated operating costs. Six of the positions will conduct facility inspections and technical reviews of reports, including the evaluation of groundwater monitoring data and proposed corrective action and closure plans of coal ash ponds. Four of the positions will address the long term requirements of permitting, enforcement, data collection and analysis. Data regarding surface waters, sediment, and fish tissue will be provided to the public. 8.00

Position	Total Cost
5 Geologist/Hydrogeologist	$307,896
1 Environmental Sr. Specialist	$ 75,606
1 Environmental Specialist	$ 67,219
1 Business & Technology App Analyst	$ 95,012
1 Engineer (receipt-supported)	$ 82,843
1 Geologist/Hydrogeologist (receipt-supported)	$ 84,599

A total of $1.75 million in recurring funds is provided to the Department for coal ash management. This item is contingent upon S.B. 729, 2013 Regular Session, or substantially similar language, becoming law.

65 On-Site Wastewater Transfer $1,177,154 R

Transfers the On-Site Water Protection Unit from the Department of Health and Human Services to the Department of Environment and Natural Resources as Type I transfer. Additional adjustments due to legislative salary increases, retirement and medical adjustments, as well as receipt adjustments and transfers from special funds may be implemented through a type 11 budget revision. 14.00

Total Legislative Changes	**$4,101,287**	R
	$5,121,103	NR
Total Position Changes	19.78	
Revised Budget	**$166,989,626**	

Wildlife Resources Commission

GENERAL FUND

	FY 14-15
Total Budget Enacted 2013 Session	**$14,476,588**

Legislative Changes

Reserve for Salaries & Benefits

66 Compensation Increase Reserve $179,544 R

Provides a $1,000 annual recurring salary and benefit increase ($809 salary increase) for permanent full-time employees.

67 State Retirement System Contributions $33,086 R

Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees. Total General Fund appropriation across all sections in the committee report is $37 million.

Wildlife Resources Commission

68 Beaver Management Assistance Program (1151) ($7,700) R

Reduces funding for the Beaver Management Assistance Program by 2%. A total of $377,300 remains in the budget to support the Program.

69 Position Adjustments ($168,785) R

Offsets General Fund appropriated salaries in each of the following programs by budgeting additional fishing and hunting license receipts transferred from the Wildlife Resources Fund established in G.S. 143-250:

1101: Administrative Policy and Regulation	($38,245)
1111: Controller's Office	($26,678)
1113: Information Technology	($58,883)
1115: Purchasing Services Warehouse	($17,825)
1116: Budget, Planning and Audit	($10,386)
1117: Personnel	($16,768)

70 Budget Realignments ($113,047) R

Reduces receipt supported line-items in the customer service and information technology sections and realigns those funds to offset General Fund appropriated salaries in each of those sections as follows:

1112: Customer Service ($29,122)
1113: Information Technology ($83,925)

71 Federal Grant Funds (1166) ($1,000,000) R

Budgets an increase in a federal grant for game land operations and maintenance and reduces the General Fund appropriation by the same amount.

72 Aquatic Weed Control Transfer $554,920 R
$400,000 NR
1.00

Transfers the Aquatic Weed Control program from the Department of Environment and Natural Resources to the Wildlife Resources Commission (WRC) as a Type I transfer. Also transfers $400,000 from WRC's Boating Safety Account on a nonrecurring basis in FY 2014-15 to be used for the Lake Waccamaw Hydrilla Eradication Project. Additional recurring funding for aquatic weed control is provided from the Shallow Draft Navigation Channel and Lake Dredging Fund. There is a corresponding special provision.

Total Budget Enacted 2013 Session	**$56,733,282**

Legislative Changes

Department-wide

73 Management Flexibility Reserve ($1,022,654) R

Reduces funding to the Department by 2%, resulting in a revised General Fund appropriation of $50.1 million (exclusive of Industrial Commission). The Secretary has the flexibility to take the reduction to programs and activities that cause the least disruption in service.

Reserve for Salaries & Benefits

74 Compensation Increase Reserve $272,878 R

Provides a $1,000 annual recurring salary and benefit increase ($809 salary increase) for permanent full-time employees.

75 State Retirement System Contributions $56,108 R

Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees. Total General Fund appropriation across all sections in the committee report is $37 million.

Administration

76 Special Funds (1111) ($663,839) NR

Offsets the General Fund appropriation for Administration by directing the unencumbered cash balance as of June 30, 2014 from the following funds toward operating costs:

Economic Development Reserve (24609-2584)
Energy Research Grants Special Fund (24609-2537)
NC Green Business Fund (24609-2535)
One NC Small Business Fund (24609-2562)
Main Street Solutions Special Fund (24613-2622)

The Economic Development Reserve Fund is closed after the transfer. There is a corresponding special provision.

77 Purchasing Officer (1111) ($76,728) R
Eliminates a vacant Purchasing Officer position (60077170).
-1.00

Commerce Finance Center

78 Job Maintenance and Capital Development Fund (JMAC) (1581) ($364,097) NR
Reduces funds appropriated for JMAC payments. A total of $7.5 million is available for payments to Bridgestone, Goodyear, and Domtar for the 2013 grant year. Funds disbursed in FY 2013-14 were less than what was appropriated due to companies' underperformance.

Industrial Commission

79 Compromise Settlement Agreement Fees (1831) ($500,000) R
Shifts Industrial Commission expenses to Compromise Settlement Agreement fee receipts in the General Fund, which will now be fully budgeted in the General Fund. Net General Fund appropriation to the Commission will be $5 million.

80 Special Fund (1831) ($125,000) NR
Offsets the General Fund appropriation for the Industrial Commission by directing the unencumbered cash balance as of June 30, 2014 from the Investigation Management System Special Fund (24611-2240) toward operating costs. This fund is closed after the transfer.

81 Investigation Management System (1831) ($75,000) R
Eliminates funding for the Industrial Commission's Investigation Management System, which was intended to process, prioritize, and track investigations by the Insurance Compliance Program. Funding was appropriated to the Commission in FY 2013-14 but has not been used. The Commission is working with the Office of Information Technology Services to evaluate future system needs.

Labor and Economic Analysis Division

82 Common Follow-Up System (CFS) (1130)
Budgets $500,000 in nonrecurring receipts for CFS; the Commission on Workforce Development will prescribe a method for calculating the amount that participating agencies shall contribute to CFS. Agencies will transfer funds by December 31, 2014. There is a corresponding special provision.

83 AccessNC and Demand Driven Data Delivery System (D4) (1130) $500,000 NR
Provides nonrecurring funding for contractual services to merge two information technology platforms (AccessNC and D4). AccessNC inventories available business sites statewide and provides economic data to the public. D4 publishes labor market data. There is a corresponding special provision.

Rural Economic Development

84 Limited Resource Communities Grants (1534) ($2,543,021) R
Eliminates the Limited Resource Communities Grant program established in Section 15.10B of S.L. 2013-360. There is a corresponding special provision.

85 Community Assistance and Office of Urban Development (1620) ($637,500) R
Eliminates approximately 9.15 FTEs from Community Assistance and Office of Urban Development. The Rural Economic Development Division Assistant Secretary has the discretion to make this determination among the 26.5 General Fund appropriated FTEs within fund code 1620. There is a corresponding special provision.

86 Community Development Block Grant (CDBG) (1620) $637,500 R
Provides 50% of the required cash match for the CDBG program. FY 2014-15 funds shall be used to purchase and install a new grants management software program, which will be coordinated with the Department of Transportation's existing grant management module. The other 50% match will be in-kind, achieved via staff salaries' who are dedicated to full-time CDBG activities. There is a corresponding special provision.

87 NC Broadband (1477)

Provides six months of nonrecurring funding to allow for continuation of the NC Broadband program from January 1, 2015 to June 30, 2015 as federal funding ends December 31, 2014. There is a corresponding special provision.

$350,000 NR

Workforce Solutions

88 Apprenticeship Program (1912)

Budgets $300,000 in nonrecurring receipts for the Apprenticeship Program from the Community Colleges System Office to offset forgone revenue for waived apprentice fees in FY 2014-15. The Department of Commerce will evaluate the fee waivers effect on increasing participation in the program before requesting a permanent fee change.

Section I

Senate Subcommittee on Justice and Public Safety

Public Safety

	GENERAL FUND
	FY 14-15
Total Budget Enacted 2013 Session	**$1,690,014,006**

Legislative Changes

A. Reserve for Salaries & Benefits

1 Compensation Increase Reserve Provides a $1,000 annual recurring salary and benefit increase ($809 salary increase) for permanent full-time employees. Employees eligible for a step increase through a statutory pay plan are provided a step increase in lieu of the $1,000 salary and benefit increase.	$24,604,298	R
2 Experience-based Step Increase Reserve - State Highway Patrol Provides funds for one experience-based step increase for all step-eligible State Highway Patrol Troopers. State Highway Patrol Troopers who are not eligible for a step are provided a $1,000 salary and benefit increase ($809 salary increase).	$1,709,254	R
3 State Retirement System Contributions Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees. Total General Fund appropriation across all sections in the committee report is $37 million.	$3,649,390	R

B. Department-wide

4 Management Flexibility Reduction Allows the Department to identify additional savings on a nonrecurring basis for FY 2014-15. These reductions will be replaced by the increased savings associated with prison closures and other budget changes that will be annualized in FY 2015-16. This amount is 0.5% of the total Department of Public Safety budget.	($6,331,032)	NR
5 State Crime Laboratory Transfers the State Crime Laboratory to the Department of Public Safety.	$15,023,865	R
	193.50	

C. Administration

6 Various Administrative Reductions ($625,520) R

Eliminates 3.5 FTE positions that have been vacant for a year or more. The positions are: -3.50

Fund Code	Position Number	Title	Position Cost
1100	60056105	Office Assistant IV	$44,833
1100	60084591	Processing Assistant III	$38,651
1100	60001065	Personnel Analyst II	$80,958
1250	60000343	Office Assistant IV	$24,739

This item also makes reductions totaling $436,339 to various operating line items within the Division of Administration, for a total reduction of $625,520. The total budget for the Division of Administration (including External Affairs, the Governor's Crime Commission and Victims' Services) after this 1.1% reduction is $55,961,766.

7 NCVAN (1170) ($112,725) R

Eliminates the grant to the NC Victims Assistance Network. This is the last direct appropriation to a non-profit in the Department's budget; the others were eliminated in the 2011 budget. This reduction will have no impact on services provided by State agencies to victims of crime.

D. Law Enforcement

8 State Highway Patrol Vacant Trooper Positions ($3,817,125) R

Eliminates 75 vacant trooper positions in the State Highway Patrol (SHP). As of March 2014, there were 134.5 vacant trooper positions, of which 56 had been vacant for longer than six months. These positions are budgeted at the starting trooper salary of $35,700, for a total position cost of $50,895 each including retirement, social security, and health benefits. After this reduction, there will be 1,719 sworn law enforcement positions in the Highway Patrol. -75.00

9 State Highway Patrol Uniforms (1411) $823,984 R

Increases funding for State Highway Patrol uniforms to provide adequate resources for Troopers. After the reduction in Item 5, there are a total of 1,651 General Fund supported troopers (68 troopers are supported by federal funds). Uniform expenditures for Troopers are $985 each for 1,390 traditional patrol and $1,008 each for 261 Size and Weight troopers. The total annual cost is $1,632,238. The Authorized Budget for FY 2014-15 appropriates $808,254 for this purpose, leaving a shortfall of $823,984. This item increases the budget for uniforms by 102% to fully fund SHP uniform needs.

10 **State Highway Patrol Vehicles (1411)** — $456,754 R

Provides additional funds for the purchase of State Highway Patrol Vehicles. This is a 14% increase from the FY 2014-15 Authorized General Fund appropriation of $3,265,619. The total amount available for SHP vehicle purchases in FY 2014-15 will be $5,995,231 ($3,722,373 from the General Fund and $2,272,858 from receipts from the sale of used vehicles).

11 **State Bureau of Investigation (SBI)** — $31,590,747 R

Transfers the State Bureau of Investigation from the Department of Justice to the Department of Public Safety (DPS), Law Enforcement Division. DPS is directed to identify $750,000 in savings in FY 2014-15 from the merger. Consolidation of all of the State's major law enforcement agencies and criminal information sections under the Department of Public Safety should result in additional savings in the future. — 445.00

12 **ALE District Office Consolidation (1401)** — ($231,439) R

Reduces the budget for Alcohol Law Enforcement (ALE) district offices. These offices can be co-located with SBI offices, producing savings in rent and lease costs, utilities, and maintenance agreements. This reduction is a prorated amount based on closures effective October 1, 2014. FY 2015-16 annualized General Fund savings will be $308,585, a reduction of 4% to the General Fund appropriation of $6,941,552 for ALE.

13 **ALE Positions (1401)** — $724,454 R

Restores funding for 13 ALE positions that were transferred to nonrecurring receipt support by the Department to meet a management flexibility reduction included in the 2013 budget. — 13.00

E. **Emergency Management and National Guard**

14 **Geodetic Survey Receipts (1511)** — ($89,489) R

Shifts 1.25 FTE and some operating costs to receipt support. Geodetic Survey has a total budget of $1,209,391. This item increases budgeted receipts and reduces General Fund support for the program. The budget will be as follows: — -1.25

Total Requirements:	$1,209,391
Less Receipts:	$ 356,899
Net General Fund Approp.:	$ 852,492

15 **Geodetic Survey Transfer (1511)** — ($852,492) R

Transfers the Geodetic Survey function from the Division of Emergency Management to the Office of the State Chief Information Officer. — -12.67

16 **Geospatial and Technology Management (GTM) (1504)** ($6,002) R

Transfers the Geospatial and Technology Management (GTM) section of the Division of Emergency Management to the Office of the State Chief Information Officer. GTM is primarily receipt supported and includes floodplain mapping. The total certified budget for FY 2014-15 is:

Total Requirements:	$30,950,905
Less Receipts:	$30,944,903
Net General Fund Approp.:	$ 6,002

17 **Joint Forces Headquarters Building Repairs (1500)** ($89,488) R

Reduces Emergency Management's budget for building repairs at its Joint Forces Headquarters facility by 44%. $111,632 remains in the budget for this purpose.

18 **Hazardous Materials and Regional Response Teams (1506)** ($172,818) R

Creates a fee structure for facilities that store or process hazardous materials. Funds generated by the fee will be used to fund the Hazardous Materials Database for use by first responders and to support the seven Regional Response Teams (RRT) for Hazardous Materials located in Wilmington, Williamston, Raleigh, Fayetteville, Greensboro, Charlotte and Asheville. The RRT are currently funded by a General Fund appropriation that supports a program coordinator and two emergency management officers, as well as operating costs for the teams. FY 2015-16 annualized General Fund savings will be $691,277. FY 2014-15 savings are prorated to account for delayed collections in the first year of implementation. -3.00

19 **National Guard Adjutant General's Office (1600)** ($11,000) R

Reduces the National Guard's Adjutant General's administrative services budget by $6,000 and the employee travel meal account by $5,000. The total reduction is a 0.23% reduction to the Adjutant General's budget, leaving $4,690,442.

F. **Adult Correction and Juvenile Justice - Prisons**

20 **Regional Office and Female Command** ($477,134) R

Eliminates a prison regional office and the female command and distributes the prisons into four remaining regional offices. Sixteen prisons have closed since 2009 and the four regional offices are capable of supporting the remaining facilities. The female command will end operations effective November 1, 2014, and a regional office for male prisons will close March 1, 2015. FY 2015-16 annualized General Fund savings will be $1,017,778. -13.00

21 Chaplains ($244,532) R

Eliminates the following Chaplain positions: -4.00

Fund Code	Position Number	Title	Position Cost
1305	60064442	Chaplain Coord.	$71,505
1345	60067018	Clinical Chaplain I	$53,720
1345	60064443	Clinical Chaplain II	$64,124
1345	60067065	Clinical Chaplain II	$55,183

22 Tillery CC and Caledonia CI ($1,565,182) R

Consolidates the management of Tillery Correctional Center (CC) and Caledonia Correctional Institution (CI) in Halifax County. The prisons are adjacent to one another and Tillery CC supports the mission of Caledonia CI. -32.00

23 Operating and Vacant Position Reduction ($1,056,848) R

Reduces line items in supplies ($28,000), medical contracts and equipment ($258,196), PC software ($200,000), and training ($38,299). This item also eliminates 11 vacant health care-related positions at Central Prison, NC Correctional Institution for Women and Pender Correctional Institution ($532,353). -11.00

24 Prison Misdemeanants ($2,662,357) R

Eliminates all misdemeanants from State prison. Currently, offenders with sentences between 91-180 days serve their sentence in county jails supported by the Statewide Misdemeanant Confinement Program (SMCP). SMCP is managed by the NC Sheriffs' Association and pays counties for housing, transportation, and medical care for offenders. SMCP will support approximately 1,000 additional misdemeanants with sentences greater than 180 days. The misdemeanants will shift to county jails with convictions on or after October 1, 2014, and DWI offenders will shift on or after January 1, 2015. SMCP will also expand to provide appropriate treatment for DWI offenders. Currently, North Carolina is one of three states that house misdemeanants in the state prison system without exceptional circumstances. FY 2015-16 annualized General Fund savings will be $4,374,854.

25 Fountain Correctional Center for Women (CCW) ($4,397,312) R

Closes Fountain CCW, a 531-bed minimum-custody unit in Nash County, effective October 1, 2014. This closure is part of the plan to convert Eastern Correctional Institution to a female minimum-custody facility. FY 2015-16 annualized General Fund savings will be $8,794,623. -176.00

26 North Piedmont CCW ($1,965,095) R

Closes North Piedmont Correctional Center for Women, a 136-bed minimum-custody unit in Davidson County, effective August 1, 2014. This closure is part of the plan to convert Eastern Correctional Institution to a female minimum-custody facility. FY 2015-16 annualized General Fund savings will be $2,143,740. -44.00

	FY 14-15	
27 Eastern CI Converts Eastern Correctional Institution, a 429-bed medium-custody male facility in Greene County, to a female minimum-custody facility effective November 1, 2014. This conversion is part of the Division's prison closure plan and is dependent on the elimination of all misdemeanants from State prison. FY 2015-16 annualized General Fund savings will be $4,336,433.	($2,560,955) -102.00	R
G. Adult Correction and Juvenile Justice - Community Corrections		
28 Burke County Confinement in Response to Violation (CRV) Facility Provides funding for a facility dedicated to housing offenders who have violated the terms of their probation and are subject to a mandatory 90-day sentence as directed by the Justice Reinvestment Act.	$3,743,335	R
29 Robeson County CRV Facility Provides funding for a facility dedicated to housing offenders who have violated the terms of their probation and are subject to a mandatory 90-day sentence as directed by the Justice Reinvestment Act.	$3,743,335	R
30 Vehicles for Probation/Parole Officers (1370) Provides funds to purchase new vehicles required for 100 new Probation/Parole Officer positions funded in the 2014-15 budget. Funds will be transferred to the Department of Administration Motor Fleet Management Division to purchase the vehicles, which will then be leased to the Department of Public Safety. Funds for the annual lease costs of each vehicle were included in the position costs for 175 new Probation/Parole Officers authorized by the 2013-15 budget.	$1,829,300	NR
Total Legislative Changes	**$65,131,903** **($4,501,732)**	R NR
Total Position Changes	174.08	
Revised Budget	**$1,750,644,177**

Legislative Changes

A. Reserve for Salaries & Benefits

31 Compensation Increase Reserve $314,759 R

Provides a $1,000 annual recurring salary and benefit increase ($809 salary increase) for permanent full-time employees.

32 State Retirement System Contributions $70,774 R

Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees. Total General Fund appropriation across all sections in the committee report is $37 million.

B. Department-wide

33 Management Flexibility Reserve ($1,000,000) R

Directs the Department to identify efficiencies in its operations by eliminating positions, transitioning expenditures to receipt support, or reducing operating line items such as travel, purchased services, and supplies. This is a 3.2% reduction to the Department's remaining budget after transfer of the State Bureau of Investigation and the State Crime Laboratory.

C. State Bureau of Investigation (1300)

34 Transfer to Department of Public Safety ($32,340,747) R

Transfers the State Bureau of Investigation from the Department of Justice to the Department of Public Safety (DPS), Law Enforcement Division. DPS is directed to identify $750,000 in savings in FY 2014-15 from the merger. Consolidation of all of the State's major law enforcement agencies and criminal information sections under the Department of Public Safety should result in additional savings in the future. -445.00

D. State Crime Laboratory (1400)

35 Toxicology Outsourcing Funds ($250,000) R

Reduces the appropriation for private toxicology testing by 33% to $500,000.

Adjustments to Availability

1 Revenue Adjustment

Repeals the Motor Fuels Tax refund for taxicabs in G.S. 105-449.106(b), effective on January 1, 2015, increasing revenue availability by $69,188 in FY 2014-15.

2 Intermodal Division Balances

Transfers $12,000,000 of the unallotted and unexpended balance of funds within the intermodal divisions to the Pavement Preservation Program.

3 Shallow Draft Navigation Channel and Lake Dredging Fund

Reduces Highway Fund revenue availability to reflect a one-time transfer of $1,677,134 to the Shallow Draft Navigation Channel and Lake Dredging Fund.

Administration

4 Division Cuts ($1,705,907) R

Reduces the Communications, Strategic Planning Office, Office of Inspector General, Financial Management, Information Technology, and Facilities Management programs by 2% of the certified 2014-15 budgets for these programs, as recommended in the Governor's Budget. The cuts include $1,705,907 to the Highway Fund and $10,130 in receipts.

Divisional adjustments are enumerated below:

Communications Division (Fund Code 84210-0002): $29,957
Strategic Planning Office (Fund Code 84210-1096): $3,958
Office of Inspector General (Fund Code 84210-7011): $39,353
Financial Management Division (Fund Code 84210-7020): $149,903
Information Technology Division (Fund Code 84210-7025): $1,091,183
Facilities Management Division (Fund Code 84210-7030): $401,683

5 Division of Highways Administration Cuts

Reduces the Intergovernmental Affairs, Program Development, Technical Services, Transportation Planning, and Transportation Mobility and Safety programs by 2% of the certified 2014-15 budgets for these programs, as recommended in the Governor's Budget. The cuts include $198,056 to receipts.

Divisional adjustments are enumerated below:

Intergovernmental Affairs (Fund Code 84210-1078/1129): $13,878
Program Development Division (Fund Code 84210-1256): $15,266
Technical Services Division (Fund Code 84210-7153): $110,738
Transportation Planning Program (Fund Code 84210-7070): $4,000
Transportation Mobility and Safety Division (Fund Code 84210-0149): $54,174

6 Financial Management ($4,200,000) R

Reduces funding for the Financial Management Division (Fund Code 84210-7020) by $4,200,000 to realign the budget to reflect actual spending. Budgeted funds total $5,688,248 in FY 2014-15.

7 Governance Office ($424,545) R

Eliminates one vacant support staff position in the Governance Office (Fund Code 84210-1104) that has been vacant less than 180 days. -5.00
Eliminates four positions, of which three are filled positions, and associated costs previously associated with the Quality Enhancement Unit.

Position	Title	Total Position Cost
60015422	Management Engineer II	$96,657
60015416	Business Systems Analyst	$110,260
60015423	Management Engineer I	$82,516
60015420	Management Engineer I (vacant)	$84,840
60027692	Administrative Assistant I (vacant)	$50,272

8 Occupational Safety & Health Program (OSHA) ($7,307) R

Reduces funding for the OSHA Program (Fund Code 84210-7832), as recommended in the Governor's budget. The program provides funding to address safety deficiencies that impact the workplace environment. Eligible projects include mitigation of deficiencies discovered in routine inspections by OSHA, building code, or health code inspectors and employee safety training. This $7,307 reduction represents a 2.0% adjustment to the certified 2014-15 budget for this program. Budgeted funds total $358,030 in FY 2014-15.

9 Secretary's Office ($300,365) R

Eliminates one full-time filled position in the Secretary's Office (Fund Code 84210-0007) and two vacant positions that have been vacant less than 180 days. -3.00

Position	Title	Total Position Cost
60014914	Federal Legislative Programs Coord	$180,669
60014929	Processing Asst V (vacant)	$46,095
60015792	Administrative Officer I (vacant)	$73,601

10 Vacant Position Eliminations ($1,483,664) R

Eliminates 21 vacant administrative positions and 270 vacant positions assigned to equipment and field units which have been vacant for 180 days or longer. Estimated recurring savings total $1,483,664. -21.00

Aid to Municipalities

11 State Aid to Municipalities $9,453,990 R

Appropriates additional funding for the Aid to Municipalities program based on revised projections for motor fuels tax consumption in accordance with G.S. 136-41.1. Budgeted funds total $146,328,000 in FY 2014-15.

Construction

12 Economic Development Program Fund

Eliminates all funding for the Economic Development Program (Fund Code 84210-7838). ($4,036,171) NR

Division of Motor Vehicles

13 Credit/Debit Transaction Payments ($3,707,308) R

Realigns funding for payments to card vendors for credit/debit transactions based on actual transaction rates and the deployment of point-of-sale capability to driver license offices. Funding for Vehicle Services (Fund Code 84210-7055) is reduced by $3,707,308 recurring, a 28.0% adjustment to the certified 2014-15 budget for this line item. Funding for Driver Services (Fund Code 84210-0049) is reduced by $648,879 nonrecurring, a 46.9% adjustment to the certified 2014-15 budget for this line item. ($648,879) NR

14 Title Conversion Fees ($30,000) R

Budgets anticipated net receipts from the authorized $3.00 fee for the conversion of paper titles under the Electronic Lien and Titling system required pursuant to G.S. 20-58.4A.

15 License and Identification Card Costs $1,585,443 R

Increases funding for the production of new format driver license and identification cards issued by the Division of Motor Vehicles, as recommended in the Governor's budget. This $1,585,443 increase to Driver Services (Fund Code 84210-0049) represents a 36.2% adjustment to the certified 2014-15 budget for this line item.

16 Medical Review Unit $350,000 R

Increases funding for contractual physician case reviews and Medical Review Board hearings, as recommended in the Governor's budget. This $350,000 increase represents a 0.7% adjustment to the certified 2014-15 budget for Driver Services (Fund Code 84210-0049).

17 Ignition Interlock Program $617,495 R

$46,450 NR

10.00

Increases funding to establish a stand-alone Ignition Interlock Unit, as recommended in the Governor's budget. This $663,945 increase represents an 8.4% adjustment to the certified 2014-15 budget for the Commissioner's Office.

Governor's Highway Safety Program

18 Governor's Highway Safety Program ($5,699) R

Reduces the Governor's Highway Safety Program (Fund Code 84210-0042) administrative budget for car mileage reimbursement by $11,398, including $5,699 in receipts, as recommended in the Governor's Budget. Budgeted funds for the program total $279,233 in FY 2014-15.

Information Technology

19	**SOA Governance and Competency Center** Provides funds to establish enterprise-level Service Oriented Architecture (SOA) Governance to support the design, development and deployment of products and services as part of the Division of Motor Vehicle Modernization effort and other ongoing initiatives, as recommended in the Governor's budget. The Department will also establish an SOA competency center to retrain existing technical resources and develop the new technologies to be delivered via modernization. This $3,000,000 funding increase represents a 5.6% adjustment to the certified 2014-15 budget for the Information Technology Division.	$640,000 $2,360,000	R NR
20	**Modernization of Driver Services** Increases funding to advance Phase 3 of the State Automated Driver License System replacement project, supplementing $5.3 million of available funding from current appropriations for the modernization initiative in FY 2014-15. This $3,024,503 funding increase represents a 5.6% adjustment to the certified 2014-15 budget for the Information Technology Division.	$3,024,503	NR
21	**Online License Renewal** Provides $475,000 nonrecurring to develop an online renewal capability for Driver Services. This $475,000 funding increase represents a 0.9% adjustment to the certified 2014-15 budget for the Information Technology Division.	$475,000	NR
22	**Hearing Fee Implementation** Provides $256,000 nonrecurring for web application development to facilitate the future implementation of hearing fees. This $256,000 funding increase represents a 0.5% adjustment to the certified 2014-15 budget for the Information Technology Division.	$256,000	NR
23	**DMV Service Initiatives** Provides additional Information Technology (IT) staffing for the State Automated Driver License System (SADLS) and State Titling and Registration System (STARS) project teams, as recommended in the Governor's budget. Four (4.00) additional positions are authorized for the SADLS project team and three (3.00) additional positions are authorized for the STARS project team. This $830,707 funding increase represents a 1.5% adjustment to the certified 2014-15 budget for the Information Technology Division.	$830,707 7.00	R

24 Channel Strategy Development $1,800,000 R

Provides funding to design, develop and deploy tools, applications, solutions and systems for internal and external users, as recommended in the Governor's budget. This $1,800,000 funding increase represents a 3.3% adjustment to the certified 2014-15 budget for the Information Technology Division.

25 Card Payment Operation and Maintenance $1,032,919 R

Provides funding for maintenance, licensing costs, and required Payment Card Industry (PCI) Data Security Standards associated with the acceptance of credit cards, as recommended in the Governor's budget. This $1,032,919 funding increase represents a 1.9% adjustment to the certified 2014-15 budget for the Information Technology Division.

Intermodal

26 Aviation, Rail, Public Transportation, and Ferry Operating Reductions ($6,726,408) R

Reduces operating and grant funding for the Divisions of Aviation, Rail, Public Transportation, Ferry, and Bicycle and Pedestrian Transportation. Recurring reductions total $6,726,407, a 4.0% adjustment to the certified 2014-15 budgets for these programs. Funds allocated for grants for transportation services associated with the High Point Furniture Market are exempt from this reduction.

Divisional adjustments are enumerated below:

Aviation Division (Fund Code 84210-7830): $800,000
Rail Division (Fund Code 84210-7829): $960,325
Public Transportation Division (Fund Code 84210-7831): $3,393,723
Ferry Division (Fund Code 84210-7825): $1,542,317
Bicycle & Pedestrian Division (Fund Code 84210-0035): $30,043

27 Division of Aviation - Executive Passenger Program ($8,452) R

Reallocates operating and maintenance funding attributed to the Sikorsky S-76C+ helicopter and eliminates one vacant Pilot position (60080839), as recommended in the Governor's budget. Of the $158,452 in savings, $150,000 is reserved for contractual passenger service. -1.00

Maintenance

28 Pavement Preservation Program $80,824,381 R

Establishes funding for the Pavement Preservation Program.

29 Primary System ($6,678,148) R

Reduces funding for Primary System Maintenance Program, as recommended in the Governor's budget. Budgeted funds total $140,845,060 in FY 2014-15.

30 Secondary System ($10,709,290) R

Reduces funding for the Secondary System Maintenance Program, as recommended in the Governor's budget. Budgeted funds total $262,872,935 in FY 2014-15.

Reserves

31 Reserve for Compensation Increases $7,516,510 R

Provides a $1,000 recurring salary and benefit increase ($809 salary increase) for permanent full-time employees.

32 State Retirement System Contributions $1,220,000 R

Increases the State's contribution to the Teachers' and State Employees' Retirement System to fund the Annual Required Contribution and provide a 0.8% cost-of-living adjustment to retirees.

33 State Health Plan ($1,050,000) R

Reduces the reserve for health benefit coverage for enrolled active and retired employees supported by the Highway Fund to reflect zero premium increase at January 1, 2015.

34 Disability Income Plan ($98,700) R

Reduces contributions to the Disability Income Plan for FY 2014-15 to match the Annual Required Contribution.

35 Reserve for Future Benefit Needs ($1,745,000) R

Eliminates the Highway Fund reserve for future benefit needs.

Transfers

36	**Global TransPark** Reduces the operating transfer to the Global TransPark Authority by $250,000, a 25% adjustment to the certified 2014-15 budget.	($250,000)	R
37	**Governor's Office** Eliminates an $80,000 transfer from the Governor's Office used to pay a portion of the salary for Position No. 60014914. This position is eliminated in Item 9.	($80,000)	R
38	**Department of Public Instruction - Driver Education** Converts funding to nonrecurring and adjusts the transfer from the Highway Fund to the Department of Public Instruction based on the forecast ninth-grade Average Daily Membership (ADM) for the 2014-15 school year.	($26,682,132) $26,376,131	R NR

A. Department of Agriculture and Consumer Services

1 McGough Arena Roof Repair
Provides funding to repair the roof of the McGough Arena located at the Western North Carolina Agricultural Center. Any unexpended funds from this project may be used for other repair and renovation projects located on the State Fair Grounds. $2,000,000 NR

B. Department of Cultural Resources

2 U.S.S. North Carolina Battleship
Appropriates funds to repair the U.S.S. North Carolina Battleship's hull. The funds will match non-State funds. The total estimated cost of the project is $13 million. $3,000,000 NR

C. Department of Environment and Natural Resources

3 Water Resource Development Projects
Provides funds for the State's share of Water Resource Development Projects. State funds will match $9.65 million in federal funds and $1.47 million in local funds. The projects are specified in a special provision. $5,810,000 NR

D. Office of State Budget and Management

4 Outer Banks Land Management Reserve
Creates a reserve to be used for Oregon Inlet land purchases. Funds shall remain in the reserve and shall not be released until the federal government enters into an agreement to sell land on, or near Oregon Inlet. $3,000,000 NR

5 Museum of History Expansion
Appropriates funds to the Museum of History to plan an expansion, renovation, and exhibit development for the Museum of History in Raleigh. Funds are to match non-State funds. The total amount appropriated is $2 million, of which $1 million is from the General Fund. There is an accompanying special provision detailing the requirements of the State General Fund appropriation. The estimated total cost of the project is $45.2 million. $1,000,000 NR

E. Two-Thirds Bonds

6 Bond Reauthorization
Reauthorizes $206 million of authorized but unissued special indebtedness with Two-Thirds Bonds.

7 **Department of Justice - Western Crime Lab**
Authorizes the issuance of Two-Thirds Bonds for the purpose of constructing the Western Crime Lab in Edneyville, NC, as planned in S.L. 2012-142 and S.L. 2013-360. The total amount of debt authorized is $15.4 million.

SENATE BILL 744:
Appropriations Act of 2014

2013-2014 General Assembly

Committee:	Senate Sequential Referral To Pensions & Retirement and Aging Added	**Date:**	May 28, 2014
Introduced by:	Sens. Brown, Harrington, Hunt	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to First Edition S744-CSMDxf-29		

SUMMARY: ***The Committee Substitute for Senate Bill 744, with un-engrossed amendments, received a favorable report from Senate Appropriations this morning. The bill contains several tax and fee provisions. The fee provisions are highlighted in the attached chart. The tax provisions include the following:***

- ***Section 12H.18, on page 98, directs the Secretary of Health and Human Services to implement a Medicaid assessment for local management entities/managed care organizations. The rate of the assessment would be 3.5% of the non-Medicare net payments to the LME/MCOs for services performed on or after July 1, 2014.***
- ***Section 34.6, beginning on page 231, increases the cap on the highway use tax applicable to commercial vehicles and out-of-state vehicles registered in this State; it repeals the exemption from the motor fuel excise tax for taxicabs and buses operated as part of a city transit system; and it delays the expansion of the highway use tax base to include dealer administrative fees from July 1, 2014, to October 1, 2014.***
- ***Section 37.1, on page 271, clarifies what is meant by the term "net General Fund tax collected" for purposes of the corporate income tax rate trigger.***
- ***Section 37.2, beginning on page 271, phases out over four years the Medicaid hold harmless provision that guaranteed counties an additional $500,000 benefit.***

CURRENT LAW, BILL ANALYSIS, AND EFFECTIVE DATE:

Assessment for LME/MCOs

Section 12H.18 would direct the Secretary of Health and Human Services to implement a Medicaid assessment program for local management entities/managed care organizations. A Medicaid-related provider assessment collects revenue from specific categories of providers to generate new state funds, these funds can be used to reduce state general fund appropriations or matched with federal funds to increase provider payments. States have used Medicaid-related provider assessments since 1990 to help pay for the costs of states' Medicaid programs. North Carolina began utilizing provider assessments in 2003 to enhance payment rates for nursing facilities and intermediate care facilities for the mentally retarded and developmentally disabled[1] and in 2011 to enhance payment rates for hospitals.[2]

Because Medicaid is an entitlement program, the amount of total federal matching funds for Medicaid has no statutory limit. Federal spending is only limited by states' ability to provide matching funds. In

[1] Section 10.28 of S.L. 2003-284, the Appropriations Act of 2003.
[2] S.L. 2011-11.

most states that impose a provider assessment, the cost of the assessment is promised back to providers through an increase in the Medicaid reimbursement rate. Under federal law, a state's ability to use provider-specific assessments to fund their state share of Medicaid expenditures has limits. This section would impose an assessment on LME/MCOs at a rate of 3.5% of the non-Medicare net payments they receive for services. The section provides that 65% of the amount collected will be used to reduce the General Fund appropriation for the Medicaid program; the remaining 35% will be used to increase capitation payments to the LME/MCOs..

Highway Use Tax and Motor Fuel Tax Changes

Section 34.6 increases the highway use tax cap for commercial vehicles to $3,000 over two years. The highway use tax is imposed on a motor vehicle whenever a certificate of title is issued for the vehicle. The rate is 3% of the retail value of the vehicle. The General Assembly eliminated the $1,500 cap applicable to noncommercial vehicles in 2001.[3] This section would eliminate the cap for commercial and recreational vehicles as follows:

	Current Law	January 1, 2015	July 1, 2015
Commercial Vehicle	$1,000	$2,000	$3,000
Recreational Vehicle[4]	$1,500	$2,000	$3,000

This section also does the following:

- It increases the maximum highway use tax that applies when a certificate of title is issued to a motor vehicle that, at the time of applying for a certificate of title, is and has been titled in another state for at least 90 days. The cap is increased from $150 to $250, effective October 1, 2014.
- It delays the expansion of the highway use tax base to include dealer administrative fees from July 1, 2014, to October 1, 2014. This change in the base was enacted in last year's budget bill with an effective date of January 1, 2014. This date was changed to July 1, 2014, in S.L. 2013-363.
- It repeals the exemption from the motor fuel excise tax for taxicabs and buses operated as part of a city transit system, effective January 1, 2015.

Corporate Tax Rate Trigger

Section 37.1 clarifies what the term "net General Fund tax collected for a fiscal year" means for purposes of the corporate income tax rate trigger in G.S. 105-130.3C. Last session, the General Assembly reduced the corporate income tax rate from 6.9% to 6% for the 2014 taxable year and to 5% for the 2015 taxable year. In addition to these rate reductions, the law provides for a potential 1% rate reduction for taxable year 2016 if net General Fund tax collections for fiscal year 2014-15 meet the statutory target amount of $20,200,000,000 and a potential 1% rate reduction for taxable year 2017 if net General Fund tax collections for fiscal year 2014-15 meet the statutory target amount of $20,975,000,000.

To see whether or not the targeted collection amount has been met, the current law uses the amount reported by the State Controller in the State's Comprehensive Annual Financial Report. This report

[3] Section 34.24, S.L. 2001-424.
[4] S.L. 2001-424 repealed the $1,500 cap applicable to recreational vehicles. S.L. 2001-497 restored the $1,500 cap for recreational vehicles.

contains several different reports, and none of the reports necessarily reflect the collections used by the General Assembly and the Appropriations Committees when Fiscal Research Division prepares the budget availability statement for a fiscal year. The number most commonly used by the legislature when it begins budget discussions is the amount reported by the Department of Revenue. This section clarifies that net General Fund tax collected for a fiscal year means the amount of net revenue reported by the Department of Revenue's June Statement of Collection as "Total General Fund Revenue" for the 12-month period that ended the previous June 30, modified as follows:

- Less any large one-time, nonrecurring revenue
- Adjusted by any changes in net collections resulting from suspension or termination of transfers out of the General Fund.

Modify County Hold Harmless for Repealed Local Taxes

In 2008, the State assumed the counties' share of the nonfederal share of Medicaid costs. To provide the financial resources to assume these costs, S.L. 2007-323 phased out the third one-half cent local sales tax and made a corresponding increase in the State sales tax rate. In addition, the legislation provided for a State hold harmless so that every county would benefit from these changes by at least $500,000 annually.

This section phases out the provision that each county will benefit by $500,000 annually over a four-year period as follows:

- Effective July 1, 2014, the amount is reduced to $325,000
- Effective July 1, 2015, the amount is reduced to $250,000
- Effective July 1, 2016, the amount is reduced to $125,000
- Effective July 1, 2017, each county will be held harmless from the exchange of a portion of the local sales and use taxes for the State's agreement to assume responsibility for the administrative costs of Medicaid, but there will not be any supplemental amount provided.

SB 744: Appropriations Act of 2014
Fee-related Provisions

Senate

Fee/Provision Name	Effective Date	Section Number in Bill	Annual General Fund Impact	Annual Special Fund Impact	Special Fund Impacted by Fee	Notes
JPS						
Hazardous Materials Facilities Fee	07/01/2014	16B.3	$172,818			Creates a new fee for hazardous materials. The fee will be used to support the hazardous materials database and the hazardous materials regional response teams in the Division of Emergency Management. The fee will be $50 per hazardous material; and $90 per extremely hazardous material. Annualized revenue will be $691,277
ABC Permit Fee Increases	07/01/2014	16B.2	$9,600,000			Increases the renewal and registration fee for ABC permits to the initial permit fee amounts. Beer and wine will be $400 and mixed beverages will be $1,000.
Private Hospital Toxicology Fee	07/01/2014	18B.14	Unknown			Allows the DA's to request a fee for toxicology be imposed on guilty defendants when the toxicology testing has been conducted by a local hospital. Currently, this fee can only be collected if the testing was done by a local or State crime lab.
unity Work Crew Fee	07/01/2014	16C.2	$0			Allows the Department of Public Safety to charge a fee sufficient to cover the cost of the program for community work crew services. Currently, the fee is capped at $150. No local government has contracted with the State for this service since the fee was implemented.
Transportation						
DMV Hearings Fees	Report no later than 12/1/2014	34.9		N/A	Highway Fund	DMV is directed to develop a fee schedule to offset the full costs of administering hearings and to report that schedule to JLTOC. Implementation is also contingent upon information technology system modifications.
DOT Signage Fees		34.14		N/A	Highway Fund	Allows the Board to increase the fees for LOGO and Tourist Oriented Directional Signs (TODS) to recapture the costs to administer the programs. Current fees: LOGO - $300; TODS - $200.

HHS						
Increased Fee for Private Well Water Testing	07/01/2014	12E.3	221,548			Fee increased from $55 to $74 and adds existing wells to be tested. Previously the fee was only imposed on newly constructed wells. Effective July 1, 2014
State Retention of the Hospital GAP Plan Assessment	07/01/2014	12H.17	15,102,794			Increases the state retention on assessments from 25.9% to 28.85% effective July 1, 2014.
NER						
ry Management Plans	07/01/2014	13.13	$1,761,750			Implements new fees for forestry management plans produced by the Forest Service. Plans less than 20 acres will cost $250. Plans 20-less than 50 acres will cost $500. Plans for 50 or more acres will cost $750.
National Poultry Improvement Plan Fees	07/01/2014	13.11	$25,000			Increases the fee for the National Poultry Improvement Plan certification. For the initial certification, the fee is $50 plus $0.10 per bird. For each subsequent year, the fee is $10 plus $0.10 per bird.
ercial Fishing Licenses	07/01/2014	14.9		$1,323,612		Doubles six commercial fishing licenses over the FY 2012-13 level (not the current level) . Senator Harrington

moves to amend the bill on page 244, line 33, by inserting the following language after that line:

SECTION 34.25(a). G.S. 136-200.2 reads as rewritten:

"...

(g) Ethics Provisions. – All individuals with voting authority serving on a metropolitan planning organization who are not members of the Board of Transportation shall do all of the following:

...

(4) File, with and in the same manner as the statement of economic interest filed under subdivision (3) of this subsection, an additional disclosure of a list of all real estate owned wholly or in part by the MPO member, the MPO member's extended family, or a business with which the MPO member is associated within the jurisdiction of the MPO on which the MPO member is serving. All additional disclosures of real estate filed by MPO members are public records under Chapter 132 of the General Statutes. The penalties for failure to file shall be as set forth in G.S. 138A-25(d).

...

(j) Violations. – A violation of subdivision (1) of subsection (g) of this section shall be a Class 1 misdemeanor. An MPO member who knowingly conceals or knowingly fails to disclose information that is required to be disclosed on a required filing under subdivisions (3) or (4) of subsection (g) of this section shall be guilty of a Class 1 misdemeanor. An MPO member who provides false information on a required filing under subdivisions (3) or (4) of subsection (g) of this section knowing that the information is false is guilty of a Class H felony. If the State Ethics Commission receives written allegations of violations of this section, the Commission shall report such violations to the Attorney General for investigation and referral to the District Attorney for possible prosecution. All written allegations or related documents are confidential and are not matters of public record.

..."

SECTION 34.25.(b) G.S. 136-211 reads as rewritten:

"...

(f) Ethics Provisions. – All individuals with voting authority serving on a rural transportation planning organization who are not members of the Board of Transportation shall do all of the following:

...

(4) File, with and in the same manner as the statement of economic interest filed under subdivision (3) of this subsection, an additional disclosure of a list of all real estate owned wholly or in part by the rural transportation planning organization member, the rural transportation planning organization member's extended family, or a business with which the rural transportation planning organization member is associated within the jurisdiction of the rural transportation planning organization on which the rural transportation planning organization member is serving. All additional disclosures of real estate filed by members are public records under Chapter 132 of the General Statutes. The penalties for failure to file shall be as set forth in G.S. 138A-25(d).

...

(j) Violations. – A violation of subdivision (1) of subsection (f) of this section shall be a Class 1 misdemeanor. A rural transportation planning organization member who knowingly conceals or knowingly fails to disclose information that is required to be disclosed on a required filing under subdivisions (3) or (4) of subsection (f) of this section shall be guilty of a Class 1 misdemeanor. A rural transportation planning organization member who provides false information on a required filing under subdivisions (3) or (4) of subsection (f) of this section knowing that the information is false is guilty of a Class H felony. If the State Ethics Commission receives written allegations of violations of this section, the Commission shall report such violations to the Attorney General for investigation and referral to the District Attorney for possible prosecution. All written allegations or related documents are confidential and are not matters of public record.

..."

SECTION 34.25.(c) G.S. 138A-25 is amended by adding the following new sections to read:

(d) Within 30 days after the date due under G.S. 138A-22, the Commission shall notify persons who are required to file a Statement of Economic Interest under G.S. 136-200.2(g)(3) or G.S. 136-211(f)(3) of a failure to file the Statement of Economic Interest or the filing of an incomplete Statement of Economic Interest. The Commission shall notify the filing person that if the Statement of Economic Interest is not filed or completed within 30 days of receipt of the notice of failure to file or complete, the filing person shall be fined and referred for prosecution after an additional 30 days, as provided for in this section.

(1) Any filing person who fails to file a Statement of Economic Interest under G.S. 136-200.2(g)(3) or G.S. 136-211(f)(3) within 30 days of the receipt of the notice required under this section shall be fined two hundred fifty dollars ($250.00) by the Commission for not filing or filing an incomplete Statement of Economic Interest, except in extenuating circumstances as determined by the Commission.

(2) Failure by any filing person to file or complete the Statement of Economic Interest within 60 days of the receipt of the notice required under this subsection shall be a Class 1 misdemeanor. The Commission shall report such failure to the Attorney General for investigation and referral to the District Attorney for possible prosecution, unless the Commission determines extenuating circumstances exist.

(e) Within 30 days after the date due under G.S. 138A-22, the Commission shall notify persons who are required to file an additional disclosure under G.S. 136-200.2(g)(4) or 136-34 211(f)(4) of a failure to file the additional disclosure or the filing of an incomplete additional disclosure. The Commission shall notify the filing person that if the additional disclosure is not filed or completed within 30 days of receipt of the notice of failure to file or complete, the filing person shall be fined and referred for prosecution after an additional 30 days, as provided for in this section.

(1) Any filing person who fails to file or who files an incomplete additional disclosure within 30 days of the receipt of the notice required under this section shall be fined two hundred fifty dollars ($250.00) for not filing or filing an incomplete additional disclosure, except in extenuating circumstances as determined by the Commission.

(2) Failure by any filing person to file or complete the additional disclosure within 60 days of the receipt of the notice required under this subsection shall be a Class 1 misdemeanor. The Commission shall report such failure to the Attorney General for investigation and referral to the District Attorney for possible prosecution, unless the Commission determines extenuating circumstances exist."

SECTION 34.25.(d) This section is effective October 1, 2014, and applies to obligations to file additional disclosures arising on or after that date.

Senate Bill 744

AMENDMENT NO. 1
(to be filled in by Principal Clerk)

S744-ALH-63 [v.2]

Comm. Sub. [YES]
Amends Title [NO]
PCS

Date ,2014

Senator Ford

moves to amend the bill on page 18, lines 45-46
by inserting between those lines the following:
"**FISCAL RESPONSIBILITY IN BUDGETING**

SECTION 6.11.(a) G.S. 143C-5-3 reads as rewritten:

'**§ 143C-5-3. ~~Availability statement~~ Statements of revenue, expenses, and statutory compliance required.**

(a) In Act. – The Current Operations Appropriations Act enacted by the General Assembly shall ~~state the General Fund, Highway Fund, and Highway Trust Fund availability used as basis for appropriations from those funds.~~set out all of the following information:

(1) The availability used as a basis for appropriations from the General Fund, the Highway Fund, and the Highway Trust Fund.

(2) The amount of nonrecurring revenue the act appropriates from the General Fund, the Highway Fund, and the Highway Trust Fund for recurring expenses and the recurring source of revenue that is expected to support the recurring expenses in the next five fiscal years.

(3) The amount required by G.S. 143C-4-2 to be reserved to the Savings Reserve Account, the difference in the amount the statute requires and the act reserves, and the target amount set by statute for the Account.

(4) The amount required by G.S. 143C-4-3 to be reserved to the Repairs and Renovations Reserve, the difference in the amount the statute requires and the act reserves, the amount needed to meet the repair and renovations requirements for that year as identified in the most recent six-year capital improvement plan submitted by the Director under G.S. 143C-8-5, and the amount equal to one percent (1%) of the valuation of State buildings supported by the Reserve.

(b) In Committee Report. – The committee report that accompanies the Current Operations Appropriations Act enacted by the General Assembly shall include a budget outlook that forecasts the anticipated revenue and expenses of the General Fund, the Highway Fund, and the Highway Trust Fund for the upcoming five-year period. The forecast shall state the assumptions on which it is based and shall separately identify the expenses of any new program or program that is expanded by more than ten percent (10%). Anticipated expenses include all of the following:

8:58
2

(1) Those required to be included in a continuation budget.
(2) Those considered necessary by the Controller to provide a realistic forecast.
(3) A step increase in pay for each year for teachers and State employees paid on a stepped salary schedule that are eligible for an experience-based step and a pay increase of at least one percent (1%) for all State employees not paid on a stepped salary schedule.'

SECTION 6.11.(b) G.S. 143C-3-5 reads as rewritten:

'§ 143C-3-5. Budget recommendations and budget message.

...

(e) ~~Availability Estimates.~~ Revenue Information. – The recommended Current Operations Appropriations Act shall contain ~~a statement showing the estimates of General Fund availability, Highway Fund availability, and Highway Trust Fund availability upon which the Recommended State Budget is based.~~the information on revenue and expenses required by G.S. 143C-5-3(a).

(f) Budget Message. – The Governor's budget recommendations shall be accompanied by a written budget message that does all of the following:

(1) Explains the goals embodied in the recommended budget.
(2) Explains important features of the activities anticipated in the budget.
(3) Explains the assumptions underlying the statement of revenue availability.
(4) Sets forth the reasons for changes from the previous biennium or fiscal year, as appropriate, in terms of programs, program goals, appropriation levels, and revenue yields.
(5) Identifies anticipated sources of funding for major spending initiatives.
(6) ~~Prepares a fiscal analysis that addresses the~~ Provides a forecast of the State's budget outlook for the upcoming five-year ~~period.~~ period that includes the information required in G.S. 143C-5-3. ~~This fiscal analysis shall include detailed estimates for five years for any proposals to create new or significantly expand programs and for proposals to create new or change existing law.~~

....'

SECTION 6.11.(c) G.S. 120-36.7(a) reads as rewritten:

'(a) Budget Outlook; Proposed Legislation. – Every fiscal analysis or forecast of the State budget outlook shall encompass the upcoming five-year period. Every fiscal analysis of the impact of proposed legislation on the State budget shall estimate the impact for the first five fiscal years the legislation would be in effect.'"

Adjournment

Senate Committee on Finance
Tuesday, June 10, 2014 at 1:00 PM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 1:00 PM on June 10, 2014 in Room 544 of the Legislative Office Building. Thirty-one members were present.

Senator Bob Rucho, Chair, presided.

HB 133 - Charlotte Airport Commission Clarifications.

Representative Samuelson was recognized to explain the bill. Senator Harrington moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS removes the contents of the original bill and substitutes provisions clarifying that the Charlotte Douglas International Airport Commission is an agency within the City of Charlotte and extending the Charlotte Douglas International Airport Oversight Committee from July 1, 2015, to July 1, 2016. Senator Hise moved for a favorable report and the motion carried. A copy of the PCS, the summary and a letter from the Federal Aviation Administration is attached.

HB 531 - Weaverville, Buncombe & Henderson.

Representative Moffitt was recognized to explain the bill. Senator Apodaca moved to adopt the PCS for discussion and the motion carried. The bill would eliminate the Town of Weaverville's authority to exercise extraterritorial jurisdiction and allow the County of Buncombe to zone certain donut holds. It clarifies that Weaverville would retain authority for planning and development within its corporate limits. The PCS adds the repeal of the Buncombe Culture and Recreation Authority, enacted in 2013, allows the Henderson County Board of Commissioners to enact an ordinance that increases the existing special fire protection district tax from a maximum of 10¢ to a maximum of 15¢ for every $100 of taxable property owned by a taxpayer, and changes the effective date. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 853 - Business Court Modernization.

Senator Barringer was recognized to explain the bill. It makes a number of procedural and jurisdictional changes to the North Carolina Business Court. As it relates to the Finance Committee, the bill would require that tax cases be designated as mandatory complex business cases, and it would increase from $1,000 to $1,100 the filing fee for all Business Court cases. Senator Apodaca moved for a favorable report and a referral to the Judiciary I committee. The motion carried. A copy of the bill and the summary is attached.

SB 790 - Cape Hatteras/Gas Cities/Infrastructure Land.

Senator Cook was recognized to explain the bill and moved for the adoption of the PCS for discussion, the motion carried. The PCS would phase in the sales tax on sales of electricity by the Cape Hatteras Membership Corporation over two years. Senator Curtis moved for a favorable report and the motion carried. A copy of the PCS, the summary, and the fiscal memo is attached.

SB 797 - 911 Board/Back-up PSAP.

Senator Brock was recognized to explain the bill. He moved to adopt the PCS for discussion and the motion carried. The PCS requires public safety answering points (PSAPs) to provide for backup PSAPs to provide 911 call taking in the event the primary PSAP cannot process calls. The PCS also clarifies the authority of the Department of Revenue to collect the 911 fee on prepaid wireless service, and clarifies the fees the Department may retain as costs of administering collection. Senator Rabin moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

HB 573 - Stormwater Management Fee Uses.

Representative Samuelson was recognized to explain the bill. It would expand the purposes of a county stormwater program to include flood control activities under certain circumstances as outlined in a policy document that must be approved by the board of county commissioners. The bill would be limited to counties with a population in excess of 910,000; the only county that currently satisfies this threshold is Mecklenburg County. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

The meeting adjourned at 1:52 p.m.

Senator Bob Rucho, Chair
Presiding

DeAnne Mangum, Committee Clerk

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT THE CHARLOTTE DOUGLAS INTERNATIONAL AIRPORT COMMISSION IS AN AGENCY WITHIN THE CITY OF CHARLOTTE AND TO EXTEND THE CHARLOTTE DOUGLAS INTERNATIONAL AIRPORT OVERSIGHT COMMITTEE BY ONE YEAR.

The General Assembly of North Carolina enacts:

SECTION 1. This Act shall be known and may be cited as the "Charlotte Douglas International Airport Commission Clarification Act."

SECTION 2.(a) Section 4(d) of S.L. 2013-358 (Charlotte Douglas International Airport Oversight Committee) reads as rewritten:

"**SECTION 4.(d)** This section expires and the Committee terminates ~~July 1, 2015.~~ July 1, 2016."

SECTION 2.(b) Section 4(b) of S.L. 2013-358 (Charlotte Douglas International Airport Oversight Committee) reads as rewritten:

"**SECTION 4.(b)** The Committee shall monitor the actions of the Charlotte Douglas International Airport Commission (Commission) established by this act and make regular reports and recommendations, if needed (including, but not limited to, an interim report in June of ~~2014~~ 2015 and a final report in June of ~~2015)~~ 2016) to the Mayor and City Council on the following points:

(1) Whether the Charlotte Douglas International Airport (Airport) continues to be one of the best performing and lowest cost major hub airports.

(2) Whether that Airport finances are completely separate from those of the State or of any local government.

(3) Whether the Airport contracts and pays for only the services it needs and uses, including services from the State or from any local government.

(4) Whether the Airport continues to have a compensation system that enables it to attract and retain top talent.

(5) Whether the operations of the Commission comply with the provisions of this act."

SECTION 3. Section 5.51 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.51. **Charlotte Douglas International Airport Commission.**

There is created the Charlotte Douglas International Airport Commission, which shall be an agency of and within the City, having the powers, authority, and jurisdiction set out in this

Article and such other and additional powers and authority as shall be conferred upon it by future acts of the General Assembly."

SECTION 4. Section 5.55(a) of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"(a) The members of the Commission shall elect annually from their membership a chair, vice-chair, and shall elect a secretary and such other officers as they deem appropriate and otherwise provide for the efficient administration of the Commission's affairs; provided, however, the Commission may provide by resolution that the finance officer of the City shall by virtue of that office be also the finance officer of the Commission, and in such case shall serve as such finance officer without additional compensation. All funds of the Commission shall be kept by its treasurer in a separate bank account or accounts from other funds of the City and shall be paid out only in accordance with procedures established by such Commission. Quarterly operating statements of the Commission and an annual audited statement shall be presented to the Council. The Commission shall ~~be deemed a "special district," as defined in G.S. 159-7, for purposes of the Local Government Budget and Fiscal Control Act and shall budget and administer its fiscal affairs according to the provisions of that act applicable to special districts.~~budget and administer its fiscal affairs according to the provisions of the Local Government Budget and Fiscal Control Act, Article 3 of Chapter 159 of the General Statutes, applicable to special districts, but in no event shall the Commission be deemed a special district for any purpose."

SECTION 5. Section 5.56 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.56. **Powers and Duties.**

(a) The Commission shall operate the airport in a proper, efficient, economical, and business-like manner, to the end that it may effectively serve the public needs for which it was established at the least cost and expense to the City. To that end, the Commission shall have the power and authority to do the following:

...

(4) Operate the ~~airport.~~Airport on behalf of the City.

(5) Purchase, acquire, develop, establish, construct, own, control, lease, equip, improve, administer, maintain, operate, and/or ~~regulate~~regulate, on behalf of the City, airports and/or landing fields for the use of airplanes and other aircraft and all facilities incidental thereto, within the limits of Mecklenburg County; and for any of such purposes, purchase, acquire, own, develop, hold, lease, sublease, and ~~operate~~operate, on behalf of the City, real and/or personal property comprising such airports.

(6) Purchase real and personal ~~property.~~property on behalf of the City.

...

(10) Make all reasonable rules and regulations and policies as it may from time to time deem to be necessary, beneficial, or helpful for the proper maintenance, use, occupancy, operation, and/or control of any airport or airport facility owned, leased, subleased, or controlled by the ~~Commission~~City and provide and enforce civil and criminal penalties for the violation of such rules, regulations, and/or policies; provided that such rules, regulations, policies, and penalties are not in conflict with (i) any applicable law, rules, or regulation of the State of North Carolina, the United States, or any agency, department, or subdivision of either of them, including the rules and regulations of the FAA or the Transportation Security ~~Administration.~~Administration or (ii) the terms of any grant agreement in effect with the FAA.

(11) With the approval of the ~~City, Council,~~ sell, exchange, lease, sublease, or otherwise dispose of any property, real or personal, ~~belonging to~~ owned by the Commission and not needed by the Commission to operate any airport owned or operated by it or to generate revenues to pay debt obligations of the Commission, or grant easements over, through, under, or across any real property belonging to the Commission, or donate to another governmental entity within North Carolina or to the United States any surplus, obsolete, or unused personal property; provided Article 12 of Chapter 160A of the General Statutes does not apply and is not applicable to any such sale, exchange, lease, sublease, grant, donation, or other disposition.

...

(15) Accept on behalf of the City grants of money and/or materials or property of any kind for any existing or future airport facilities from the State of North Carolina, the United States, or any agency, department, or subdivision of either of them, including the FAA or from any private agency, entity, or individual, upon such terms and conditions as may be imposed, and enter into contracts and grant agreements on behalf of the City with the FAA and/or with the State of North Carolina or any of its agencies, departments, or subdivisions, in the capacity of sponsor or cosponsor of any airport development project involving the acquisition, construction, development, reconstruction, improvement, extension, enlargement, or equipping of any existing or future airport facilities.

...

(18) Employ, hire, retain, or contract with such servants whose services may from time to time be deemed by the Commission to be necessary, beneficial, or helpful. In order to effectuate a seamless ~~transfer of the Airport from the ownership and operation by the City of Charlotte to the ownership and operation by~~ start-up of the ~~Commission,~~ Commission's operation, the Commission will honor and be bound by all existing contracts between the City and such servants as presently are engaged to assist the City with respect to the Airport.

(19) Apply for and hold an airport operating certificate issued by the FAA. Should the FAA or a court of competent jurisdiction determine that the Commission lacks any necessary FAA authorizations, the Commission shall not exercise any rights, powers, or duties that require authorization from the FAA until the Commission either obtains such authorizations or secures an appropriate determination from the FAA or a court of competent jurisdiction.

(b) As provided by general law, it shall be the responsibility of the City ~~as governed by its Council~~ Council to take all necessary actions for all issuance of revenue bonds and/or refunding revenue bonds pursuant to the State and Local Government Revenue Bond Act, Article 5 of Chapter 159 of the General Statutes, all issuance of general obligation debt pursuant to the Local Government Bond Act, Article 4 of Chapter 159 of the General Statutes, and all purchase of any of its outstanding bonds or notes. The Commission shall keep the City Manager and Council promptly appraised of any future need for such actions."

SECTION 6. Section 5.57 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.57. **Eminent Domain.**

The Commission may not exercise any powers of eminent domain. Any eminent domain with respect to acquisition of property for airport purposes shall be exercised by the ~~City.~~ Council."

SECTION 7. Section 5.58 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.58. **Exemptions; Taxes.**

The Commission has the same exemptions with respect to payment of taxes and license fees as otherwise provided for the City by the laws of this State. The Commission is not authorized to levy any tax."

SECTION 8. Section 5.59 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.59. **Funds and Property.**

(a) The Commission shall have control, on behalf of the City, of the Airport Property, Airport Facilities, and all other property held or owned by the City of Charlotte with respect to the Airport, real or personal, tangible or intangible, and includes all cash and cash equivalents and checking, investment, and demand deposit bank accounts held by the City pertaining to or generated from revenues of the Airport, including, without limiting the generality hereof, amounts on deposit in or with respect to the Discretionary Fund, the Cannon Fund, the Revenue Fund, the Operating Fund, the Bond Funds, the Debt Service Funds, the Construction Funds, the Capital Projects Funds, Passenger Facility Charges, Contract Facility Charges, and all other funds and accounts of the City with respect to the Airport. This Article does not impair the City's obligations to servants and employees of the Commission and bondholders of the City's General Airport Revenue Bonds, and including, without limiting the generality hereof, the obligations under the Revenue Bond Order adopted November 18, 1985, and all Series Resolutions issued under the Bond Order, the Special Facility Bond Order adopted May 11, 1987, and all Series Resolutions adopted under the Special Facility Bond Order, and the Taxable Special Facility Revenue Bonds (Consolidated Car Rental Facilities Project) Series 2011 General Trust Indenture and the Series Indenture, Number 1, both dated November 1, 2011, and all agreements and understandings with respect to trustee(s) or paying agent(s) of the City's airport revenue bonds, letters of credit, or other credit facilities of the City with respect to airport revenue bonds, and all leases, licenses, options to purchase, and other encumbrances on the Airport Property and Airport Facilities, whether or not those encumbrances are recorded. Any such payments shall be made by the City through the Commission under the terms of such contracts first with funds under the jurisdiction of the Commission. This act does not affect the title of any property. ~~If the property was~~ Property titled to the City of Charlotte prior to enactment of this ~~Article, that title remains with the City.~~Article remains titled to the City following enactment of this Article.

(b) The Commission acts on behalf of the City with respect to all rights, duties, and obligations of the City in any commercial or development agreements pertaining to or related to the Airport Property and Airport Facilities that are in effect at the time of the ~~transfer,~~ enactment of this Article, and any commercial agreements, development agreements, and other contracts of the City pertaining to or related to the Airport Property and Airport Facilities that are in effect on enactment of this Article remain in effect.

(c) The Commission, on behalf of the City, shall:

(1) Honor and be bound by all pending or executory land or real property purchase contracts by the City with respect to property and lands to be acquired for and in connection with the Airport.

(2) Honor and be bound by all existing rules and regulations of the Aviation Department of the City ~~of Charlotte~~ with respect to the Airport, including the Airport Security Plan, until such rules and regulations shall be amended by the Commission in accordance with the provisions of this Article.

(3) Honor and be bound by all existing contracts of the City with third-party concessionaires and management contractors with respect to the Airport.

(4) Honor and be bound by all existing contracts and grant agreements of the City with respect to the Airport.

(5) Be deemed as a matter of law to have appointed as its initial Executive Director the Aviation Director of the City of Charlotte as of February 14, 2013, with initial compensation and benefits of the initial Executive Director being the same compensation and benefits as were being received from the City of Charlotte on February 14, 2013, and the initial Executive Director shall be entitled as a matter of law to the continuation of the rights and benefits extended to him or her under the existing retirement system of the City.

(6) Be deemed as a matter of law to have adopted initially the employment and human resources policies of the Commission, such policies of the City as they applied to employees of the Airport on the effective date of this Article, and the Commission shall be deemed to have adopted the current employee handbook of the City applicable to the Airport until the Commission adopts different policies or a different employee handbook."

SECTION 9. Section 5.60 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.60. ~~Assistance by City.~~**Implementation; Assistance from other City departments.**

(a) The Council, Mayor, and City Manager shall, and are hereby required to, take all actions within their respective powers in order to do the following:

(1) Implement the provisions of this Article.

(2) Secure for the Commission the right and ability to fully exercise the powers granted to it under this Charter and the laws of this State.

(3) Obtain a determination from the FAA that the Commission may operate the Airport under the existing operating certificate issued to the City or, in the alternative, a new operating certificate permitting the Commission to operate the Airport.

(4) Enter into such agreements or provide such assurances as the FAA may request in connection with its provisions of grants to the City or Commission for the improvement or development of the Airport.

(b) Upon the request of the Executive Director of the Commission, the ~~City~~ Council, City Manager, and other City departments shall continue to provide such services to the Commission as ~~it currently provides~~ they previously provided to the ~~Airport~~ City's Aviation Department and shall receive as compensation therefor from the Commission in such amount as is appropriate for such services as provided by OMB Circular A-87 until the Commission shall direct the City Manager to terminate such services."

SECTION 10. Section 5.61(b) of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"(b) Following the time this bill becomes law, the Airport Employees shall continue to receive, until provided otherwise by the Commission through the adoption of new personnel policies as provided by this Article, all employment benefits currently available to the Airport Employees, including, but not limited to, health care benefits, retirement benefits, disability insurance, life insurance, and accrued time off or leave, and the Commission shall promptly reimburse the City departments providing these services the costs of ~~providing~~ such benefits."

SECTION 11. Section 5.62 of the Charter of the City of Charlotte, being S.L. 2000-26, as added by S.L. 2013-358, reads as rewritten:

"Section 5.62. **Statutory Construction.**

(a) The powers of the Commission created by this Article shall be construed liberally in favor of the Commission. No listing of powers included in this Article is intended to be

exclusive or restrictive, and the specific mention of, or failure to mention, particular powers in this act shall not be construed as limiting in any way the general powers of the Commission as stated in Section 5.56 of this Charter. It is the intent of this Article to grant the Commission full power and right to exercise all authority necessary for the effective operation and conduct of the Commission. It is further intended that the Commission should have all implied powers necessary or incidental to carrying out the expressed powers and the expressed purposes for which the Commission is created. The fact that this Article specifically states that the Commission possesses a certain power does not mean that the Commission must exercise such power unless this Article specifically so requires.

(b) It is intended that the Commission shall be an agency of and within the City and thus part of the City's government. Nothing in this Article is intended to transfer the Airport or any Airport-related property away from the City. It is further intended that, following the enactment of this Article, the City, acting through the Commission, shall (i) continue to own and operate the Airport, (ii) continue to serve as sponsor of the Airport in connection with any grants given by the FAA, and (iii) refrain from taking any action that would impair the Commission's exercise of the powers granted to the Commission or that would impair the efficient operation and management of the Airport by the Commission.

(c) Notwithstanding any reference in this Article to ownership by the Commission of real or personal property, all real or personal property subject to this Article is owned by the City and is operated and/or administered by the Commission."

SECTION 12. If any provision of this Part or its application is held invalid, the invalidity does not affect other provisions or applications of this Part that can be given effect without the invalid provisions or application, and to this end the provisions of this Part are severable.

SECTION 13. This act is effective when it becomes law.

HOUSE BILL 133:
Charlotte Airport Commission Clarifications

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 10, 2014
Introduced by:		**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	PCS to Second Edition H133-CSLB-125		

SUMMARY: ***The Senate PCS for HB 133 removes the contents of the original bill[1] and substitutes provisions clarifying that the Charlotte Douglas International Airport Commission is an agency within the City of Charlotte and extending the Charlotte Douglas International Airport Oversight Committee from July 1, 2015, to July 1, 2016.***

CURRENT LAW: Last session, S.L. 2013-358 amended the Charter of the City of Charlotte by creating the "Charlotte Douglas International Airport Commission". The Commission[2] is an agency of the City and is responsible for the management and operation of the Airport.

The act also created a Charlotte Douglas International Airport Oversight Committee that will exist for one year to monitor the actions of the Airport Commission. The Oversight Committee consists of five members.[3] The purpose of the Committee is to monitor the actions of the Airport Commission and to report regularly to the Charlotte Mayor and City Council on whether the Airport Commission is complying with the provisions of this Act. The Committee will terminate on July 1, 2015.

BACKGROUND: The City of Charlotte brought an action against the State of North Carolina, *City of Charlotte v. State of North Carolina,* 13 CVS 12678 (Mecklenburg). In its Second Amended Complaint the City of Charlotte alleged three causes of action. First, the City alleged that the Charlotte Douglas International Airport Commission Act, S.L. 2013-358, is an unconstitutional local law.[4] Second, the City contends that the Act unconstitutionally "subverts" federal law in violation of Article I, Section 5 of the North Carolina Constitution by granting to the Commission authority over the Airport allegedly in violation of Federal Aviation Administration (FAA) authorizations issued to the City. This claim raises the issue of whether the Commission is independent of the City or is within the governance structure of the City. Finally, the City claimed that the Act unconstitutionally impairs its contracts by transferring control of the Airport to the Commission and thereby impairing the City's means of making good on pre-existing contract obligations regarding the Airport.

On November 19, 2013, the Court granted in part and denied in part the State's motion to dismiss. The Court dismissed the City's first claim – unconstitutional local law. However, the Court denied the motion to dismiss as to the City's second claim – subversion of federal law. At the hearing, the Court suggested that it could not rule on the City's second claim until the FAA clarified its position regarding

[1] The contents of the original bill, Clinton/Design-Build Method, were enacted in S.L. 2013-115.

[2] The Commission consists of 13 members: seven appointed by the City of Charlotte, at least two of whom are resident of the west side of the City, and the remaining six members are appointed by each of the following surrounding counties: Mecklenburg, Cabarrus, Gaston, Iredell, Lincoln, and Union counties.

[3] One appointed by each of the following: Governor, President Pro Tempore, Speaker, Mayor of Charlotte, and City Council of Charlotte.

[4] The City argues, Article XIV, Section 3 and Article V, Section 13 of the North Carolina Constitution, when read together, bar the General Assembly from enacting local laws governing airports.

O. Walker Reagan
Director

Research Division
(919) 733-2578

whether the Commission could lawfully implement the Act under existing FAA authorizations or whether new authorizations were needed. On December 2, 2013, the State moved for judgment on the pleadings on the City's second and third claims. As to the second claim, the State contended that the FAA is a necessary party that is outside the jurisdiction of the Court and so the Court cannot adjudicate the claim. On December 6, 2013, the City dismissed its third claim – impairment of contract – with prejudice.

There have been no further formal proceedings before the Court or filings since December 6, 2013. However, on May 22, 2014, the Acting Associate Administrator for Airports of the FAA indicated, in a letter to U.S. Representative Robert Pittenger that the FAA would need clarification on the following two issues before it could determine whether it needs to issue any further authorizations:

- Whether the Commission is an agency of the city or an independent, special district.
- Who is responsible for the key roles of the airport sponsor and operator.

BILL ANALYSIS: The Senate proposed committee substitute for House Bill 133 amends S.L. 2013-358 to clarify that the Commission is an agency of the City of Charlotte and to extend the Charlotte Douglas International Airport Oversight Committee for one year, from July 1, 2015, to July 1, 2016.

Section 2 of the PCS extends the sunset of the Oversight Committee.

Section 3 amends the creation of the Commission to state that it is an agency of and within the City of Charlotte. Sections 6 through 8 and sections 9 through 11 make similar changes to clarify that the Commission is an agency of and within the City.

Section 4 clarifies that the Commission is not a special district. The Commission does keep its funds in a separate bank account and must budget and administer its fiscal affairs according to the provisions of the Local Government Budget and Fiscal Control Act applicable to special districts.

Section 5 clarifies that the Commission operates the Airport on behalf of the City, and that in exercising this responsibility it must abide by the terms of any grant agreement in effect with the FAA. This section also adds a provision specifying that the Commission may apply for and hold an airport operating certificate issued by the FAA.

Section 9 adds a provision to the Charter of the City of Charlotte requiring the Council, Mayor, and City Manager to do the following:

- Secure for the Commission the right and ability to fully exercise the powers granted to it under the Charter.
- Obtain a determination from the FAA that the Commission may operate the Airport under the existing operating certificate issued to the City, or, in the alternative, obtain a new operating certificate permitting the Commission to operate Airport.
- Provide whatever assurances are necessary to the FAA in connection with its provisions of grants to the City or Commission for the improvement or development of the Airport.

EFFECTIVE DATE: This local act is effective when it becomes law.

U.S. Department
of Transportation
Federal Aviation
Administration

Office of the Associate Administrator
for Airports

800 Independence Ave., SW.
Washington, DC 20591

MAY 22 2014

The Honorable Robert Pittenger
House of Representatives
Washington, DC 20515

Dear Congressman Pittenger:

Thank you for your April 17 letter, cosigned by your congressional colleagues, about the Charlotte Douglas International Airport Commission.

The Federal Aviation Administration (FAA) routinely reviews and approves the transfer of Federal obligations from one airport sponsor to another eligible airport sponsor. The FAA also issues airport operating certificates under title 49 United States Code, § 44706, as implemented by title 14 Code of Federal Regulations, part 139.

The FAA's policy is that airport governance is a local decision. However, we must ensure that federally obligated airports remain safe and financially self-sustaining. The FAA has the obligation to ensure that an airport sponsor is also capable of assuming all grant assurances and safety compliance. We make a determination on whether an entity is an eligible Airport Improvement Program (AIP) airport sponsor. We assess the airport sponsor's legal authority to apply for and comply with AIP grants. We review the airport sponsor's ability to finance and implement a proposed AIP project. This obligation extends to reviewing airport sponsor eligibility when state and local governments propose a change in the airport governance structure and ensuring that responsibility for the Federal obligations is assigned.

Typically, an airport sponsor or state authority considering the creation of an airport authority will solicit the FAA's comments on draft legislation prior to enactment. Either the airport sponsor's counsel or the State's Attorney General will provide a legal opinion regarding the status of the new airport authority.

With respect to the Commission, we did not have an opportunity to comment on the legislation prior to enactment. The FAA sought from the North Carolina Attorney General a legal opinion concerning which entity under North Carolina law – the city of Charlotte or the Commission – is empowered to enter into grant agreements and to fulfill requirements under the part 139 operating certificate. The FAA anticipated that the opinion would explain the Commission's status and clarify whether the Commission acts independently of the city. The absence of an interpretation from the Attorney General or the State Superior Court impedes

the FAA's ability to fulfill its fundamental obligation under Federal law. We need clarification of:

- whether the Commission is an agency of the city or an independent, special district; and
- who is now responsible for the key roles of the airport sponsor and operator.

As stated in our reply to Commission Chairman Robert Stolz, it is our view that the governance structure must be addressed at the state and local level before FAA could determine whether a part 139 operating certificate needs to be issued. Until the State's Attorney General and the city of Charlotte resolve this matter, the city remains the airport sponsor and holder of the part 139 operating certificate.

The FAA encourages the State and city to work together to resolve the status and authority of the Commission under State law.

We have sent an identical letter to each of the cosigners of your letter.

If you need further assistance, please contact Roderick D. Hall, Assistant Administrator for Government and Industry Affairs, at (202) 267-3277.

Sincerely,

Benito De Leon
Acting Associate Administrator
for Airports

Referred to:

April 4, 2013

A BILL TO BE ENTITLED

AN ACT TO AMEND THE EXTRATERRITORIAL JURISDICTION AUTHORITY OF THE TOWN OF WEAVERVILLE, TO MAKE A SIMILAR TECHNICAL CORRECTION AS TO THE CITY OF ASHEVILLE, TO ALLOW THE COUNTY OF BUNCOMBE TO ZONE CERTAIN DONUT HOLES, TO REPEAL THE BUNCOMBE COUNTY CULTURE AND RECREATION AUTHORITY, AND TO ALLOW THE BOARD OF COMMISSIONERS OF HENDERSON COUNTY TO STANDARDIZE THE CEILING ON FIRE DISTRICT TAXES IN HENDERSON COUNTY.

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 160A-360 is amended by adding a new subsection to read:

"(n) The Town of Weaverville shall have no authority to exercise any power under this section outside its corporate limits."

SECTION 1.(b) Upon relinquishment of the jurisdiction over an area that the Town of Weaverville is regulating under Article 19 of Chapter 160A of the General Statutes, the city regulations and powers of enforcement shall remain in effect until (i) Buncombe County has adopted the regulation or (ii) a period of 120 days has elapsed following the effective date of this section, whichever is sooner. During this period, Buncombe County may hold hearings and take other measures that may be required in order to adopt county regulations for the area.

SECTION 1.(c) This section applies to the Town of Weaverville only.

SECTION 2. G.S. 160A-360(m), as it applies to the City of Asheville under S.L. 2013-30, reads as rewritten:

"(m) The City of Asheville shall have no authority to exercise any power under this ~~section.~~section outside its corporate limits."

SECTION 3.(a) G.S. 153A-342(d) reads as rewritten:

"(d) A county may determine that the public interest does not require that the entire territorial jurisdiction of the county be zoned and may designate one or more portions of that jurisdiction as a zoning area or areas. ~~A zoning area must originally contain at least 640 acres and at least 10 separate tracts of land in separate ownership and may thereafter be expanded by the addition of any amount of territory.~~ A zoning area may be regulated in the same manner as if the entire county were zoned, and the remainder of the county need not be regulated."

SECTION 3.(b) This section applies to the County of Buncombe only.

SECTION 4. S.L. 2013-262 is repealed.

SECTION 5.(a) G.S. 69-25.1 reads as rewritten:

"**§ 69-25.1. Election to be held upon petition of voters.**

Upon the petition of thirty-five percent (35%) of the resident freeholders living in an area lying outside the corporate limits of any city or town, which area is described in the petition and designated as "_____ Fire District," the board of
(Here insert name)
county commissioners of the county shall call an election in said district for the purpose of submitting to the qualified voters therein the question of levying and collecting a special tax on all taxable property in said district, of not exceeding fifteen cents (15¢) on the one hundred dollars ($100.00) valuation of property, for the purpose of providing fire protection in said district. The county tax office shall be responsible for checking the freeholder status of those individuals signing the petition and confirming the location of the property owned by those individuals. Unless specifically excluded by other law, the provisions of Chapter 163 of the General Statutes concerning petitions for referenda and elections shall apply. If the voters reject the special tax under the first paragraph of this section, then no new election may be held under the first paragraph of this section within two years on the question of levying and collecting a special tax under the first paragraph of this section in that district, or in any proposed district which includes a majority of the land within the district in which the tax was rejected.

The Board of Commissioners of a county may by ordinance applicable to ~~Upon the petition of thirty-five percent (35%) of the resident freeholders living in~~ an area which has previously been established as a fire protection district and in which there has been authorized by a vote of the people a special tax not exceeding ten cents (10¢) on the one hundred dollars ($100.00) valuation of property within the area, ~~the board of county commissioners shall call an election in said area for the purpose of submitting to the qualified voters therein the question of increasing the~~ increase the maximum allowable special tax for fire protection within said district from ten cents (10¢) on the one hundred dollars ($100.00) valuation to fifteen cents (15¢) on the one hundred dollars ($100.00) valuation on all taxable property within such district. ~~Elections on the question of increasing the allowable tax rate for fire protection shall not be held within the same district at intervals less than two years.~~"

SECTION 5.(b) G.S. 69-25.4(a) reads as rewritten:

"**§ 69-25.4. Tax to be levied and used for furnishing fire protection.**

(a) If a majority of the qualified voters voting at said election vote in favor of levying and collecting a tax in said district, then the board of county commissioners is authorized and directed to levy and collect a tax in said district in such amount as it may deem necessary, not exceeding ten cents (10¢) on the one hundred dollars ($100.00) valuation of property in said district from year to year, and shall keep the same as a separate and special fund, to be used only for furnishing fire protection within said district, as provided in G.S. 69-25.5.

~~Provided, that if a majority of the qualified voters voting at such elections vote in favor of levying and collecting a tax in such district, or vote in favor of increasing the tax limit in said district,~~ Upon adoption of an ordinance pursuant to G.S. 69-25.1, ~~then~~ the board of county commissioners is authorized and directed to levy and collect a tax in such districts in such amount as it may deem necessary, not exceeding fifteen cents (15¢) on the one hundred dollars ($100.00) valuation of property in said district from year to year."

SECTION 5.(c) This section applies to Henderson County only.

SECTION 6. Section 1 of this act becomes effective July 1, 2014. Section 2 of this act is effective on and after April 17, 2013. Section 4 of this act is effective June 30, 2014. The remainder of this act is effective when it becomes law.

HOUSE BILL 531: Weaverville & Buncombe

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 30, 2014
Introduced by:	Reps. Ramsey, Moffitt	**Prepared by:**	R. Erika Churchill
Analysis of:	PCS to Fifth Edition H531-CSST-102		Staff Attorney

SUMMARY: ***House Bill 531 would eliminate the Town of Weaverville's authority to exercise extraterritorial jurisdiction and allow the County of Buncombe to zone certain donut holes. The bill clarifies that Weaverville would retain authority for planning and development within its corporate limits. It makes a similar clarifying change to a session law enacted earlier this session that applied to Asheville.***

The Proposed Committee Substitute adds the repeal of the Buncombe Culture and Recreation Authority, enacted in 2013, allows the Henderson County Board of Commissioners to enact an ordinance that increases the existing special fire protection district tax from a maximum of 10¢ to a maximum of 15¢ for every $100 of taxable property owned by a taxpayer, and changes the effective date.

CURRENT LAW & BILL ANALYSIS:

Sections 1 & 2. Extraterritorial Jurisdiction: Except under certain circumstances, the General Statutes allow municipalities to regulate land-use within an area one-mile beyond their municipal boundaries, commonly referred to as extraterritorial jurisdiction (ETJ). Land use regulation may take the form of zoning, subdivision regulation, minimum housing codes, and open spaces and community appearance regulations. With the approval of the county commissioners, a city with a population between 10,000 and 25,000 may extend its extraterritorial land-use planning jurisdiction to two miles beyond its corporate limits; a city with a population of 25,000 or more may extend its extraterritorial land-use planning jurisdiction to three miles beyond its corporate limits. G.S. 160A-360(a).

Once a city exercises its ETJ authority, the county in which the area lies has the duty to appoint an individual residing in that area to serve on the city's planning board and board of adjustment.

The pcs would eliminate the Town of Weaverville's authority to exercise ETJ. The area currently within the ETJ would return to the County of Buncombe for enforcement of land use planning regulations.

The pcs clarifies also that Weaverville retains authority for planning/development within its corporate limits. Effective July 1, 2014.

It makes a similar clarifying change to a session law enacted earlier this session that applies to Asheville, which is effective on and after April 17, 2013, the effective date of that portion of S.L. 2013-30 that is being clarified.

Section 3. County Zoning: G.S. 153A-320 grants counties the authority to exercise land use planning regulations throughout the territorial jurisdiction of the county. The territorial jurisdiction of the county does not include incorporated municipal areas and any area in a municipality's ETJ when that municipality is exercising its ETJ authority.

For zoning regulations, a county may determine that the public interest does not require zoning the entire territorial jurisdiction of the county, and may designate one or more portions of the county's territorial jurisdiction to be zoned. If a county does this, the area being zoned must originally contain at least 640 acres and at least 10 separate tracts of land in separate ownership. G.S. 153A-342(d).

The pcs would remove the size requirements for less than whole-county zoning for Buncombe County only.

Section 4. Buncombe Culture and Recreation Authority: In 2013, the General Assembly, by local act, granted authorization to Buncombe County to establish a Culture and Recreation Authority. The Authority has not been created.

The pcs would repeal the local act granting authorization to establish the Authority.

Effective June 30, 2014.

Section 5. Henderson County Fire Districts: Under G.S. 69-25.1, if 35% of property owners in a fire protection district sign a petition requesting an increase in the special fire protection district tax from a maximum of 10¢ to a maximum of 15¢ for every $100 of taxable property owned by a taxpayer, the Board of Commissioners must call an election and put the measure before the qualified voters. Elections on the question of increasing the tax rate can only occur in the district every two years.

The pcs is applicable only to Henderson County and would eliminate the petition and election requirements for an increase in the fire protection tax *if* the voters have previously authorized a tax not to exceed 10¢ for every $100 of real property owned.

If the 10¢ maximum tax is already in effect, then the Board of Commissioners of Henderson County would be permitted to pass an ordinance raising the maximum tax to 15¢ for every $100 of taxable property owned by a taxpayer.

EFFECTIVE DATE: Except as noted, the act is effective when it becomes law.

SENATE BILL 853

Short Title:	Business Court Modernization.	(Public)
Sponsors:	Senators Rucho and Barringer (Primary Sponsors).	
Referred to:	Judiciary I.	

May 28, 2014

A BILL TO BE ENTITLED

AN ACT TO MODERNIZE THE BUSINESS COURT BY MAKING TECHNICAL, CLARIFYING, AND ADMINISTRATIVE CHANGES TO THE PROCEDURES FOR COMPLEX BUSINESS CASES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-27(a) reads as rewritten:

"**§ 7A-27. Appeals of right from the courts of the trial divisions.**

(a) Appeal lies of right directly to the Supreme Court in any of the following cases:

(1) ~~all~~ All cases in which the defendant is convicted of murder in the first degree and the judgment of the superior court includes a sentence of death.

(2) From any final judgment in a case designated as a mandatory complex business case pursuant to G.S. 7A-45.4 or designated as a discretionary complex business case pursuant to Rule 2.1 of the General Rules of Practice for the Superior and District Courts."

SECTION 2. G.S. 7A-45.3 reads as rewritten:

"**§ 7A-45.3. Superior court judges designated for complex business cases.**

The Chief Justice may exercise the authority under rules of practice prescribed pursuant to G.S. 7A-34 to designate one or more of the special superior court judges authorized by G.S. 7A-45.1 to hear and decide complex business cases as prescribed by the rules of practice. Any judge so designated shall be known as a Business Court Judge and shall preside in the Business Court. If there is more than one business court judge, the Chief Justice may designate one of them as the Senior Business Court Judge. If there is no designation by the Chief Justice, the judge with the longest term of service on the court shall serve as Senior Business Court Judge until the Chief Justice makes an appointment to the position. Upon the final disposition of a complex business case, the presiding Business Court Judge shall issue a written opinion."

SECTION 3. G.S. 7A-45.4 reads as rewritten:

"**§ 7A-45.4. Designation of complex business cases.**

(a) ~~A mandatory complex business case is~~ Any party may designate as a mandatory complex business case an action that involves a material issue related to any of the following:

(1) Disputes arising under Chapters 55, 55A, 55B, 57D, and 59 of the General Statutes concerning partnerships, limited liability companies, and corporations, except charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose. ~~The law governing corporations, except charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose, partnerships, limited liability companies, and limited liability partnerships, including issues~~

~~concerning governance, involuntary dissolution of a corporation, mergers and acquisitions, breach of duty of directors, election or removal of directors, enforcement or interpretation of shareholder agreements, and derivative actions.~~

(2) Disputes involving securities law arising under Chapter 78A of the General Statutes.~~Securities law, including proxy disputes and tender offer disputes.~~

(3) ~~Antitrust law,~~ Disputes involving antitrust or unfair competition law arising under common law or under Chapter 75 of the General Statutes, except claims based solely on unfair competition under G.S. 75-1.1.

(4) Disputes involving trademark law arising under Chapter 80 of the General Statutes.~~State trademark or unfair competition law, except claims based solely on unfair competition under G.S. 75-1.1.~~

~~(5) Intellectual property law, including software licensing disputes.~~

~~(6) The Internet, electronic commerce, and biotechnology.~~

~~(7) Tax law, when the dispute has been the subject of a contested tax case for which judicial review is requested under G.S. 105-241.16 or the dispute is a civil action under G.S. 105-241.17.~~

(8) Disputes involving trade secrets under Article 24 of Chapter 66 of the General Statutes.

(9) Contract disputes in which all of the following conditions are met:

(i) At least one plaintiff and at least one defendant is an entity authorized to transact business in North Carolina under Chapter 55, 55A, 55B, 57D, or 59 of the General Statutes.

(ii) The complaint asserts a claim for breach of contract or seeks a declaration of rights, status, or other legal relations under a contract.

(iii) The amount in controversy computed in accordance with G.S. 7A-243 is at least one million dollars ($1,000,000).

(b) The following actions shall be designated as mandatory complex business cases:

(1) An action involving a material issue related to tax law that has been the subject of a contested tax case for which judicial review is requested under G.S. 105-241.16 or that is a civil action under G.S. 105-241.17 shall be designated as a mandatory complex business case by the petitioner or plaintiff.

(2) An action described in subsection (a) of this section in which the amount in controversy computed in accordance with G.S. 7A-243 is at least five million dollars ($5,000,000) shall be designated as a mandatory complex business case by the party whose pleading caused the amount in controversy to equal or exceed five million dollars ($5,000,000).

(3) An action involving regulation of pole attachments brought pursuant to G.S. 62-350 shall be designated as a mandatory complex business case by the plaintiff.

~~Any party may designate a civil action or a petition for judicial review under G.S. 105-241.16 as a mandatory complex business case by filing a Notice of Designation in the Superior Court in which the action has been filed and simultaneously serving the notice on each opposing party or counsel and on the Special Superior Court Judge for Complex Business Cases who is then the senior Business Court Judge. A copy of the notice shall also be sent contemporaneously by e-mail or facsimile transmission to the Chief Justice of the Supreme Court for approval of the designation of the action as a mandatory complex business case and assignment to a specific Business Court Judge.~~

(c) A party designating an action as a mandatory complex business case shall file a Notice of Designation in the Superior .Court in which the action has been filed, shall

contemporaneously serve the notice on each opposing party or counsel and on the Special Superior Court Judge for Complex Business Cases who is then the senior Business Court Judge, and shall contemporaneously send a copy of the notice by e-mail or facsimile transmission to the Chief Justice of the Supreme Court for approval of the designation of the action as a mandatory complex business case and assignment to a specific Business Court Judge. The Notice of Designation shall, in good faith and based on information reasonably available, succinctly state the basis of the designation and include a certificate by or on behalf of the designating party that the civil action meets the criteria for designation as a mandatory complex business case pursuant to subsection (a) or (b) of this section.

(d) The Notice of Designation shall be filed:

(1) By the plaintiff, the third-party plaintiff, or the petitioner for judicial review contemporaneously with the filing of the complaint, third-party complaint, or the petition for judicial review in the action.

(2) By any intervenor when the intervenor files a motion for permission to intervene in the action.

(3) By any defendant or any other party within 30 days of receipt of service of the pleading seeking relief from the defendant or party.

(4) By any party whose pleading caused the amount in controversy computed in accordance with G.S. 7A-243 to equal or exceed five million dollars ($5,000,000) contemporaneously with the filing of that pleading.

(e) Within 30 days after service of the Notice of Designation, any other party may, in good faith, file and serve an opposition to the designation of the action as a mandatory complex business case. Based on the opposition or ~~ex mero motu,~~on its own motion, the Business Court Judge may determine that the action should not be designated as a mandatory complex business case. If a party disagrees with the decision, the party may appeal to the Chief Justice of the Supreme Court.

(f) Once a designation is filed under subsection (d) of this section, and after preliminary approval by the Chief Justice, a case shall be designated and administered a complex business case. All proceedings in the action shall be before the Business Court Judge to whom it has been assigned unless and until an order has been entered under subsection (e) of this section ordering that the case not be designated a mandatory complex business case or the Chief Justice revokes approval. If complex business case status is revoked or denied, the action shall be treated as any other civil action, unless it is designated as an exceptional civil case or a discretionary complex business case pursuant to Rule 2.1 of the General Rules of Practice for the Superior and District Courts.

(g) If an action required by subsection (b) of this section to be designated as a mandatory complex business case is not so designated, the Superior Court in which the action has been filed shall by order entered sua sponte either dismiss the action without prejudice or stay the action until it has been designated as a mandatory complex business case in accordance with this section."

SECTION 4. G.S. 7A-305(a)(2) reads as rewritten:

"**§ 7A-305. Costs in civil actions.**

(a) In every civil action in the superior or district court, except for actions brought under Chapter 50B of the General Statutes, shall be assessed:

...

(2) For support of the General Court of Justice, the sum of one hundred eighty dollars ($180.00) in the superior court and the sum of one hundred thirty dollars ($130.00) in the district court except that if the case is assigned to a magistrate the sum shall be eighty dollars ($80.00). If a case is assigned to a special superior court judge as a complex business case under G.S. 7A-45.3, upon assignment the party filing the notice of designation pursuant to

G.S. 7A-45.4 or the motion for complex business designation shall pay an additional one thousand one hundred dollars ~~($1,000)~~ ($1,100) for support of the General Court of Justice; if a case is assigned to a special superior court judge as a complex business case under G.S. 7A-45.3 by a court on its own motion, upon assignment the plaintiff shall pay an additional one thousand one hundred dollars ~~($1,000)~~ ($1,100) for support of the General Court of Justice. Sums collected under this subdivision shall be remitted to the State Treasurer. The State Treasurer shall remit the sum of one dollar and fifty cents ($1.50) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.4, and ninety-five cents ($.95) of each fee collected under this subdivision to the North Carolina State Bar for the provision of services described in G.S. 7A-474.19."

SECTION 5. G.S. 7A-343 reads as rewritten:

"**§ 7A-343. Duties of Director.**

The Director is the Administrative Officer of the Courts, and the Director's duties include all of the following:

...

(8) Prepare and submit an annual report on the work of the Judicial Department to the Chief Justice, and transmit a copy to each member of the General Assembly. The annual report shall include the activities of each North Carolina Business Court site, including the number of new, closed, and pending cases, the average age of pending cases, and the annual expenditures for the prior fiscal year.

(8a) Prepare and submit a semiannual report on the activities of each North Carolina business court site to the Chief Justice and to each member of the General Assembly. The semiannual report required under this subdivision shall be separate from the report required under subdivision (8) of this section and shall include the total number of civil cases pending in each business court site over three years after being designated as a mandatory complex business case, motions pending over six months after being filed and being fully ripe for decision, and civil cases in which bench trials have been concluded for over six months without entry of judgment, including any accompanying explanation provided by the Business Court.

...."

SECTION 6. Section 1 applies to appeals filed on or after October 1, 2014. Sections 3 and 4 apply to actions commenced or petitions filed on or after October 1, 2014. The remainder of this act is effective when it becomes law.

SENATE BILL 853:
Business Court Modernization

2013-2014 General Assembly

Committee:	Senate Sequential Referral To Judiciary I Added	**Date:**	June 10, 2014
Introduced by:	Sens. Rucho, Barringer	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***Senate Bill 853 would make a number of procedural and jurisdictional changes to the North Carolina Business Court. As it relates to the Finance Committee, the bill would require that tax cases be designated as mandatory complex business cases, and it would increase from $1,000 to $1,100 the filing fee for all Business Court cases.***

CURRENT LAW: The North Carolina Business Court is a specialized forum of the North Carolina State Courts' trial division. It is not a court of jurisdiction, but rather an administrative division of the General Court of Justice. Three special superior court judges designated by the Chief Justice of the Supreme Court serve as Business Court judges presiding over complex business cases.

G.S. 7A-45.4 provides an expedited method for certain types of actions to be assigned to Business Court. An action involving a material issue related to any of the following subjects is considered a "mandatory complex business case."

(1) Claims under the law governing corporations,[1] partnerships, limited liability companies, and limited liability partnerships.

(2) Claims under securities law.

(3) Antitrust law claims not based solely on unfair competition under G.S. 75 1.1.

(4) State trademark or unfair competition claims not based solely on unfair competition under G.S. 75 1.1.

(5) Intellectual property law, including software licensing disputes.

(6) The Internet, electronic commerce, and biotechnology.

(7) Any tax law dispute that was the subject of a contested tax case for which the taxpayer seeks judicial review under G.S. 105-241.16 or challenges in a civil action under G.S. 105-241.17.

These cases are "mandatory" in the sense that if a party seeks designation as a mandatory complex business case by filing a notice with the court and the case fits within one of these categories, then the Business Court is required to retain jurisdiction. A party may oppose the designation of the action, or the court, on its own motion, may determine the action should not be designated. However, the option of seeking to have the case heard in Business Court currently lies with the parties to the case.

In 2007, tax cases were added to G.S. 7A-45.4 as part of the comprehensive overhaul of the tax appeals process (S.L. 2007-491). The intent of the provision was to treat tax cases like the other cases on the list. That is, a party to the case would have the option to seek designation. The intent was not to require

[1] Other than certain charitable and religious organizations qualified under G.S. 55A-1-40(4) on the grounds of religious purpose.

all tax cases to be heard in Business Court, but rather to allow taxpayers to retain the choice of forum and in recognition of the fact that not all tax cases are suitable for Business Court.[2] However, in practice, the Business Court has treated tax cases differently than the other six categories by deeming their designation as required. All tax actions since the enactment of the 2007 legislation, of which there have been 12 (4 of which were consolidated into one case), have been heard in the Business Court.[3]

A party also has flexibility to seek to have a case designated as a complex business case under Rule 2.1 of the General Rules of Practice. Rather than being heard in Business Court, the case would be assigned to a special superior court judge designated by the Chief Justice to hear complex business cases. The Chief Justice may designate a case under this rule as well, either on his or her own motion or upon recommendation of a judge.

The filing fee for cases that are designated as mandatory complex business cases is $1,000.

Under Rule 2.1(b) of the General Rules of Practice for the Superior and District Courts, Business Court judges are currently required to issue a written opinion upon the final disposition of each case. Although not required to do so, Business Court judges also generally issue written opinions on dispositive motions and on some non-dispositive motions involving novel issues. Appeals from the Business Court currently go to the Court of Appeals.

The AOC is currently required to include in its annual report to the General Assembly information on the activities of the Business Court, including the number of new, closed and pending cases, the average age of pending cases, and the annual expenditures for the prior fiscal year.

BILL ANALYSIS:

Section 1 of the bill amends G.S. 7A-27 to provide for a direct appeal to the Supreme Court, bypassing the Court of Appeals, from final judgments entered in the Business Court.

Section 2 of the bill requires Business Court judges to issue a written opinion upon final disposition of a complex business case. This would codify in the statutes the current practice by rule.

Section 3 of the bill does two things. First, it modifies the list of cases that *may* be designated as mandatory complex business cases by adding certain contract disputes and disputes involving trade secrets[4] and by eliminating intellectual property, Internet, e-commerce, and biotechnology cases. Second, it specifically creates a second category of cases that *must* be designated as mandatory complex business cases. Those cases are:

- Tax cases on appeal from a decision of OAH after a contested case hearing and actions challenging the constitutionality of a tax statute.
- An action that may be designated as a mandatory complex business case (those actions listed in subsection (a)) and in which the amount in controversy is at least $5 million.
- An action involving regulation of pole attachments.

Under current law, actions involving the regulation of pole attachments are required to be heard in Business Court under G.S. 62-350. Therefore, this would not change the current law.

---

[2] Bill Analysis for S.L. 2007-491 and *North Carolina's New Tax Assessment, Refund, and Appeals Process,* State Tax Notes (October 29, 2007).

[3] According to information provided to committee staff by the administrative assistant for the Senior Business Court Judge and an Assistant Attorney General who defends these cases, all cases involving these tax appeals have been heard in the Business Court since the effective date of S.L. 2007-491.

[4] Trade secrets would have previously been covered under intellectual property.

With regard to the other two types of cases, it removes the choice of forum that a party currently has and requires a party to have the case designated as a complex business case to be heard in Business Court. For tax cases, however, this would not change current practice because of the Business Court's interpretation of the statute. Therefore, it essentially codifies the Business Court's current interpretation of the statute, but it does not necessarily reflect the intent of the original legislation.

Section 4 of the bill increases the filing fee for complex business court cases from $1,000 to $1,100.

Section 5 of the bill requires the AOC to submit a semiannual report to the General Assembly showing the number of Business Court cases pending for more than three years, motions pending for more than six months, and cases in which bench trials have been concluded for more than six months without entry of judgment, together with any explanation provided by the Business Court.

EFFECTIVE DATE: Section 1 applies to appeals filed on or after October 1, 2014. Sections 3 and 4 apply to actions commenced or petitions filed on or after October 1, 2014. The remainder of the act is effective when it becomes law.

Bill Patterson, counsel to Senate Judiciary I, substantially contributed to this summary.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013

S D

SENATE BILL 790
PROPOSED COMMITTEE SUBSTITUTE S790-CSTD-42 [v.4]

6/9/2014 2:37:54 PM

Short Title: Cape Hatteras EMC Tax Status. (Public)

Sponsors:

Referred to:

May 19, 2014

A BILL TO BE ENTITLED

AN ACT TO PHASE IN THE SALES TAX ON ELECTRICITY SOLD BY CAPE HATTERAS ELECTRICAL MEMBERSHIP CORPORATION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.4(a) is amended by adding a new subdivision to read:

"(a) A privilege tax is imposed on a retailer at the following percentage rates of the retailer's net taxable sales or gross receipts, as appropriate. The general rate of tax is four and three-quarters percent (4.75%).

...

(14a) The rate of three and one-half percent (3.5%) applies to the gross receipts derived from sales of electricity by Cape Hatteras Electric Membership Corporation."

SECTION 2. This act is effective July 1, 2014, and expires July 1, 2015.

SENATE BILL 790:
Cape Hatteras EMC Tax Status

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 10, 2014
Introduced by:	Sen. Cook	**Prepared by:**	Heather Fennell
Analysis of:	PCS to First Edition S790-CSTD-42		Committee Counsel

SUMMARY: ***The PCS to S790 would phase in the sales tax on sales of electricity by the Cape Hatteras Electric membership Corporation over two years.***

CURRENT LAW: Electric membership corporations (EMCs) are not-for-profit entities that provide electric service in rural areas. North Carolina enacted legislation to allow EMCs in 1935 to promote electric service in the State. EMCs are not regulated by the Utilities Commission, but are governed by the board of directors that are elected by the customers of the EMC.

Prior to 1965, each EMC was designated as a "public agency." As public agencies, the EMCs did not pay taxes on the sales of electricity by the EMCs. In 1965, the General Assembly enacted legislation clarifying the service area territories of EMCs and investor-owned public utilities. As part of the negotiation over the service areas, the legislation repealed the "public agency" designation for most of the EMCs. However, Cape Hatteras EMC retained its status as a "public agency" under the law.

In 2000, the Department of Revenue informed Cape Hatteras EMC it would be required to remit sales tax on its sales of electricity.[1] Cape Hatteras paid the tax, but also filed suit for the return of taxes and clarification of its liability for the tax. In 2011, the North Carolina Court of Appeals held that Cape Hatteras that the EMC was not liable for the franchise or the sales tax on its sales of electricity.[2]

S.L. 2013-316 (*Tax Simplification and Reduction Act*) provided for the uniform taxation of all utilities. The Act repealed the franchise tax on electricity and increased the sales tax on electricity to the combined general rate. The Act specifically repealed the prior legislation that designated Cape Hatteras EMC as a "public agency" and stated:

> Cape Hatteras Electric Membership Corporation is subject to any other taxes to the same extent as other electric membership corporations established under Chapter 117 of the General Statutes.

BILL ANALYSIS: The PCS to S790 would phase in the sales tax on sales of electricity by the Cape Hatteras Electric membership Corporation over two years. For the year starting July 1, 2014, and ending June 30, 2015, Cape Hatteras would collect a sales tax of 3.5% on its sales of electricity. For years starting on or after July 1, 2015, Cape Hatteras would collect a sales tax at the combined general rate on its sales of electricity. Currently, the combined general rate is 7%.

EFFECTIVE DATE: This act is effective July 1, 2014, and expires July 1, 2015.

---

[1] In 1965, only the franchise tax was imposed on the sale of electricity. In 1984, the General Assembly lowered the franchise tax on electricity and imposed a sales tax on sales of electricity.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Department Revenue

EFFECTIVE DATE: July 1, 2014

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY: SB 790 repeals Section 4.5 of S.L. 2013-316, the sales tax on electricity sold by the Cape Hatteras Electric Membership Corporation and implements a phase in of the full sales tax rate of 7%.

ASSUMPTIONS AND METHODOLOGY:
Fiscal Research estimates that the PCS to SB 790 will result in a General Fund revenue loss of $0.23 million in FY 2014-15. The bill will also eliminate a $0.18 million distribution to the municipalities served by the Cape Hatteras Electric Membership Corporation. This fiscal estimate is based on data gathered from the U.S. Energy Information Administration (EIA).

According to the EIA, the Cape Hatteras Electric Membership Corporation generated $11.9 million in residential utility sales in 2012. The fiscal impact of exempting these sales from the sales tax rate on electricity (7%) is $0.84 million. After adjusting for inflation and accounting for the local distribution (44% of tax revenue from electricity sold within city limits), the net loss to the General Fund is $0.23 million.

SENATE BILL 797*
PROPOSED COMMITTEE SUBSTITUTE S797-CSTD-41 [v.9]
6/9/2014 6:24:23 PM

Short Title: 911 Board/Back-up PSAP. (Public)

Sponsors:

Referred to:

May 20, 2014

A BILL TO BE ENTITLED

AN ACT TO AMENDING THE DUTIES OF THE 911 BOARD RELATING TO PUBLIC SAFETY ANSWERING POINTS, AS RECOMMENDED BY THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON INFORMATION TECHNOLOGY, TO CLARIFY THE COLLECTION AUTHORITY OF THE DEPARTMENT OF REVENUE FOR THE 911 FEE ON PREPAID WIRELESS, AND TO CLARIFY .

The General Assembly of North Carolina enacts:

SECTION 1.1 G.S. 62A-42 is amended by adding a new subsection to read:

"(4a) Back-up PSAP. – A facility equipped to operate as part of the 911 System and all other features of its associated primary PSAP. The term includes a back-up PSAP that receives 911 calls only when they are transferred from the primary PSAP or on an alternate routing basis when calls cannot be completed to the primary PSAP."

SECTION 1.2 G.S. 62A-42(a) reads as rewritten:

"(a) Duties. – The 911 Board has the following powers and duties:

(1) To develop the 911 State Plan. In developing and updating the plan, the 911 Board must monitor trends in voice communications service technology and in enhanced 911 service technology, investigate and incorporate GIS mapping and other resources into the plan, ensure individual PSAP plans incorporate a back-up PSAP, and formulate strategies for the efficient and effective delivery of enhanced 911 service.

...

(4) To establish policies and procedures to fund advisory services and training for PSAPs, to set operating standards for PSAPs, and back-up PSAPs and to provide funds in accordance with these policies, procedures, and standards.

..."

SECTION 1.3 G.S. 62A-46 reads as rewritten:

"**§ 62A-46. Fund distribution to PSAPs.**

(a) Monthly Distribution. – The 911 Board must make monthly distributions to primary PSAPs from the amount allocated to the 911 Fund for PSAPs. A PSAP is not eligible for a distribution under this section unless it complies with the requirements of this Article, provides enhanced 911 ~~service~~ service, and received distributions from the 911 Board in the 2008-2009 fiscal year. The Board may reduce, suspend, or terminate distributions under this subsection if a PSAP does not comply with the requirements of this Article.

The Board must comply with all of the following:

(1) Administration. – The Board must notify PSAPs of the estimated distributions no later than December 31 of each year. The Board must determine actual distributions no later than June 1 of each year. The Board must determine a method for establishing distributions that is equitable and sustainable and that ensures distributions for eligible operating costs and anticipated increases for all funded PSAPs. The Board must establish a formula to determine each PSAP's base amount. The formula must be determined and published to PSAPs in the first quarter of the fiscal year preceding the fiscal year in which the formula is used. The Board may not change the funding formula for the base amount more than once every year.

(2) Reports. – The Board must report to the Joint Legislative Commission on Governmental Operations and the Revenue Laws Study Committee within 45 days of a change in the funding formula. The report must contain a description of the differences in the old and new formulas and the projected distributions to each PSAP from the new formula.

(3) Formula. – The funding formula established by the Board must consider all of the following:

a. The population of the area served by a PSAP.

b. PSAP reports and budgets, disbursement histories, and historical costs.

c. PSAP operations, 911 technologies used by the PSAP, compliance with operating standards of the 911 Board, level of service a PSAP delivers dispatching fire, emergency medical services, law enforcement, and Emergency Medical Dispatch.

d. The tier designation of the county in which the PSAP is located as designated in G.S. 143B-437.08.

e. Any interlocal government funding agreement between a primary PSAP and a secondary PSAP, if the secondary PSAP was in existence as of June 1, 2010, receives funding under the agreement, and is within the service area of the primary PSAP.

f. Any other information the Board considers relevant.

(4) Additional distributions. – In the first quarter of the Board's fiscal year, the Board must determine whether payments to PSAPs during the preceding fiscal year exceeded or were less than the eligible costs incurred by each PSAP during the fiscal year. If a PSAP receives less than its eligible costs in any fiscal year, the Board may increase a PSAP's distribution in the following fiscal year above the base amount as determined by the formula to meet the estimated eligible costs of the PSAP as determined by the Board. The Board may not distribute less than the base amount to each PSAP except as provided in subsection (b1) of this section. The Board must provide a procedure for a PSAP to request a reconsideration of its distribution or eligible expenses.

...

(c) Use of Funds. – A PSAP that receives a distribution from the 911 Fund may not use the amount received to pay for the lease or purchase of real estate, cosmetic remodeling of emergency dispatch centers, hiring or compensating telecommunicators, or the purchase of mobile communications vehicles, ambulances, fire engines, or other emergency vehicles. Distributions received by a PSAP may be used only to pay for the following:

(1) The lease, purchase, or maintenance of:

a. Emergency telephone equipment, including necessary computer hardware, software, and database provisioning.

b. Addressing.
c. Telecommunicator furniture.
d. Dispatch equipment located exclusively within a building where a PSAP or back-up PSAP is located, excluding the costs of base station transmitters, towers, microwave links, and antennae used to dispatch emergency call information from the ~~PSAP.~~PSAP or back-up PSAP.

(1a) The nonrecurring costs of establishing a 911 system.

(2) Expenditures for in-State training of 911 personnel regarding the maintenance and operation of the 911 system. Allowable training expenses include the cost of transportation, lodging, instructors, certifications, improvement programs, quality assurance training, training associated with call taking, and emergency medical, fire, or law enforcement procedures, and training specific to managing a PSAP or supervising PSAP staff. Training outside the State is not an eligible expenditure unless the training is unavailable in the State or the PSAP documents that the training costs are less if received out-of-state. Training specific to the receipt of 911 calls is allowed only for intake and related call taking quality assurance and improvement. Instructor certification costs and course required prerequisites, including physicals, psychological exams, and drug testing, are not allowable expenditures.

(3) Charges associated with the service supplier's 911 service and other service supplier recurring charges. The PSAP providing 911 service is responsible to the voice communications service provider for all 911 installation, service, equipment, operation, and maintenance charges owed to the voice communications service provider. A PSAP may contract with a voice communications service provider on terms agreed to by the PSAP and the provider.

...

(e) Compliance. – A PSAP, or the governing entity of a PSAP, must comply with all of the following in order to receive a distribution under this section:

(1) A county or municipality that has one or more PSAPs must submit in writing to the 911 Board information that identifies the PSAPs in the manner required by the FCC Order.

(2) A participating PSAP must annually submit to the 911 Board a copy of its governing agency's proposed or approved budget detailing the revenues and expenditures associated with the operation of the PSAP. The PSAP budget must identify revenues and expenditures for eligible expense reimbursements as provided in this Article and rules adopted by the 911 Board.

(3) A PSAP must be included in its governing entity's annual audit required under the Local Government Budget and Fiscal Control Act. The Local Government Commission must provide a copy of each audit of a local government entity with a participating PSAP to the 911 Board.

(4) A PSAP must comply with all requests by the 911 Board for financial information related to the operation of the PSAP.

(4a) A PSAP must have a plan and means for 911 call taking in the event 911 calls cannot be received and processed in the primary PSAP.

(5) A primary PSAP must comply with the rules, policies, procedures, and operating standards for primary PSAPs adopted by the 911 Board.

..."

SECTION 1.4 This section is effective when it becomes law, and applies to distributions made on or after July 1, 2016.

SECTION 2.1 G.S. 62A-54(c) reads as rewritten:

"(c) Administration. – Administration, auditing, requests for review, making returns, collection of tax debts, promulgation of rules and regulations by the Secretary of Revenue, additional taxes and liens, assessments, refunds, and penalty provisions of Article 9 of Chapter 105 of the General Statutes apply to the collection of the 911 service charge for prepaid wireless telecommunications service. An audit of the collection of the 911 service charge for prepaid wireless telecommunications service shall only be conducted in connection with an audit of the taxes imposed by Article 5 of Chapter 105 of the General Statutes. Underpayments shall be subject to the same interest rate as imposed for taxes under G.S. 105-241.21. Overpayments shall be subject to the same interest rate as imposed for taxes under G.S. 105-241.21(c)(2). Excessive and erroneous collections of the service charge will be subject to G.S. 105-164.11. The Department of Revenue shall establish procedures for a seller of prepaid wireless telecommunications service to document that a sale is not a retail transaction, and the procedures established shall substantially coincide with the procedures for documenting a sale for resale transaction under G.S. 105-164.28. The Secretary of Revenue may retain the costs of collection from the remittances received under subsection (b) of this section, not to exceed five hundred thousand dollars ($500,000) a year of the total 911 service charges for prepaid wireless telecommunications service remitted to the Department. Within 45 days of the end of each month in which 911 service charges for prepaid wireless telecommunications service are remitted to the Department, the Secretary of Revenue shall transfer the total 911 service charges remitted to the Department less the costs of collection to the 911 Fund established under G.S. 62A-44."

SECTION 2.2 Section 8 of S.L. 2011-122, as amended by Section 52 of S.L. 2013-414, is repealed.

SECTION 2.3 Notwithstanding G.S. 62A-54(c), the Department may retain six hundred and forty thousand dollars ($640,000) of the 911 fee service charges for prepaid wireless telecommunications service remitted to the Department in the 2014-2015 fiscal year.

SECTION 2.3 This section is effective July 1, 2014.

SENATE BILL 797:
911 Board/Back-up PSAP

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 10, 2014
Introduced by:	Sen. Brock	**Prepared by:**	Heather Fennell
Analysis of:	PCS to First Edition S797-CSTD-41		Committee Counsel

SUMMARY: ***The PCS to S797 would require public safety answering points (PSAPs) to provide for backup PSAPs to provide 911 call taking in the event the primary PSAP cannot process calls. The PCS also clarifies the authority of the Department of Revenue to collect the 911 fee on prepaid wireless service, and clarifies the fees the Department may retain as costs of administering collection.***

CURRENT LAW: A monthly fee of 60¢ is imposed on each telecommunications subscriber. Other than prepaid wireless providers, each provider of telecommunications service collects the 911 fee from each subscriber of their service. Until July 1, 2013, the 911 fee was not collected on prepaid wireless phones. S.L. 2011-122 imposed the fee on retailers of prepaid wireless service. The 911 fee on prepaid wireless is collected by the Department of Revenue and remitted to the 911 Board each month within 45 days of the end of the month the service charges were collected.

The 911 Board distributes the 911 fees to "public safety answering points" (PSAP). Each PSAP is the public safety agency that receives incoming 911 calls and dispatches public safety agencies in response. The distributions from the 911 fees may only be used for certain eligible purchases by the PSAP.

BILL ANALYSIS: **Section 1** of the PCS requires each PSAP to plan for 911 call taking in the event the primary PSAP cannot process calls. PSAPs will be authorized to use distributions from the 911 Fund to pay for dispatch equipment at a back-up PSAP. As of July 1, 2016, PSAPs will not be eligible for distributions from the 911 Fund if the PSAP does not have a back-up PSAP.

Section 2 of the PCS clarifies the authority of the Department of Revenue to collect the 911 fee on prepaid wireless service. Although the fee is not a tax, the Department collects the fee from retailers. The initial legislation authorizing the collection of the fee limited the authority of the Department to certain administrative provisions. The Department has requested this clarification to provide that the Department may enforce collection of the fee.

The Department of Revenue is authorized to retain the costs of collecting the fee on prepaid wireless, not to exceed $500,000 a year. The original legislation allowed the Department to retain and additional $200,000, for a total of $700,000 in the 2013-14 fiscal year, to pay for start-up costs. Due to a delay in the implementation of the Department's new computer system, the Department only retained $60,000 in total costs in the 2013-14 fiscal year. This section authorizes the Department to retain the additional $140,000 in start-up costs for the 2014-15 fiscal year, allowing the Department a total of $640,000 for costs retained in the 2014-15 fiscal year.

EFFECTIVE DATE: The section related to back up PSAPs is effective when it becomes law and applies to distributions on or after July 1, 2016. The section related to the Department of Revenue is effective July 1, 2014.

HOUSE BILL 573*
Committee Substitute Favorable 5/14/13

Short Title: Stormwater Management Fee Uses. (Public)

Sponsors:

Referred to:

April 4, 2013

A BILL TO BE ENTITLED

AN ACT TO BROADEN THE PERMITTED USE OF STORMWATER FEES.

The General Assembly of North Carolina enacts:

SECTION 1. Article 15 of Chapter 153A is amended by adding a new statutory section to read:

"**§ 153A-274.1. Flood control activities under stormwater management programs.**

(a) Findings. – The General Assembly finds that it is in the best interest of the residents of North Carolina to promote and fund the implementation of stormwater management programs to control and manage water quantity and flow in order to reduce the chances of loss of life and damage to property due to flooding. The General Assembly also finds that a county has an integral role in furthering this public purpose by promoting and funding implementation of stormwater management programs within the county's territorial jurisdiction to reduce reliance on emergency response services, to reduce negative financial impacts on the community and the public from flooding, including the cost of public infrastructure repairs, to decrease the number of flood-prone homes and businesses, to increase infiltration of stormwater into the ground, and to reduce pollutants from entering the streams.

(b) Scope. – For purposes of operating a public enterprise under this Article, a county is authorized to do any of the following activities within its stormwater management program:

(1) Purchase property for the purpose of demolishing flood-prone buildings.

(2) Implement flood damage reduction techniques that result in improvements to private property in accordance with subsection (c) of this section, to include:

a. Elevating structures or their associated components.

b. Demolishing flood-prone structures.

c. Retrofitting flood-prone structures.

(c) Policy Document. – The county may engage in the activities listed in subdivision (2) of subsection (b) of this section only under the circumstances contained in a policy document approved by the board of county commissioners. The policy document shall, at a minimum, establish, and may elaborate on, the following:

(1) Private property owner's written consent must be obtained prior to implementation of flood reduction improvements on the owner's property.

(2) The county has determined that improving the stormwater system is not practically feasible or cost-effective, and the activities in subdivision (2) of subsection (b) provide savings to the stormwater fund.

(3) The improvements to private property are the minimum necessary to accomplish the stormwater benefit.

(4) Funding provided by the county, above a certain amount, to the property owner or expended upon improvements to the property shall be reimbursed to the county if the property is sold within five years of the completion of the flood reduction improvement project. The amount of reimbursement due to the county may be calculated as the difference between the established premitigation fair market value and the sale price of the property, not to exceed the total funding provided by the county.

(5) The minimum financial contribution the private property owner must make to the project.

(d) Advisory Committee. – An existing stormwater advisory committee established by the board of commissioners and having specific charges, duties, and representation as set forth by the board of county commissioners must review and approve projects that implement flood damage reduction techniques under subdivision (2) of subsection (b) of this section. The committee shall submit an annual report to the board of county commissioners for its review.

(e) Application. – This section applies only to counties with a population of 910,000 or greater according to the most recent annual population estimates certified by the State Budget Officer."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 573:
Stormwater Management Fee Uses

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 9, 2014
Introduced by:	Reps. Jeter, Samuelson, R. Moore	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***House Bill 573 would expand the purposes of a county stormwater program to include flood control activities under certain circumstances as outlined in a policy document that must be approved by the board of county commissioners. The bill would be limited to counties with a population in excess of 910,000; the only county that currently satisfies this threshold is Mecklenburg County.***

CURRENT LAW: County governments are authorized to operate seven public enterprises: (1) water supply and distribution systems; (2) wastewater collection, treatment, and disposal systems of all types; (3) solid waste collection and disposal systems and facilities; (4) airports; (5) off-street parking facilities; (6) public transportation systems; and (7) stormwater management program designed to protect water quality by controlling the level of pollutants in, and the quantity and flow of, stormwater and structural and natural stormwater and drainage systems of all types. Stormwater and drainage systems were initially added to the public enterprise statute in 1989 and further amended in 2000.

Counties have broad authority and flexibility in providing and financing these services. They may own and operate all of the listed enterprises both inside and outside their boundaries and may condemn land needed in connection with their operation. Both general obligation and revenue bonds may be issued for these purposes. Counties may levy property taxes to finance the permitted enterprises. Rates, fees, and charges may be imposed for all of the enterprises.

BILL ANALYSIS: House Bill 573 would authorize a county with a population in excess of 910,000 to engage in the following activities as part of its stormwater program:

- Purchase property for the purpose of demolishing flood prone buildings.
- Implement flood damage reduction techniques that result in improvements to private property, including:
  - Elevating structures or their associated components.
  - Demolishing flood prone structures.
  - Retrofitting flood prone structures.

Prior to implementing flood damage reduction techniques on private property, the board of county commissioners must adopt a policy document that establishes the conditions under which the improvements must be made. The policy document must include the following conditions:

(1) Private property owner's written consent must be obtained prior to implementation of flood reduction improvements on the owner's property.

(2) The county has determined that improving the stormwater system is not practically feasible or cost-effective and the activities provide savings to the stormwater fund.

(3) The improvements to private property are the minimum necessary to accomplish the stormwater benefit.

(4) Funding provided by the county, above a certain amount, to the property owner or expended upon improvements to the property shall be reimbursed to the county if the property is sold within five years of the completion of the flood reduction improvement project. The amount of reimbursement due the county may be calculated as the difference between the established pre-mitigation fair market value and the sale price of the property, not to exceed the total funding provided by the county.

(5) The minimum financial contribution the private property owner must make to the project.

The bill would also require that an existing stormwater advisory committee established by the board of commissioners review and approve projects that implement flood damage reduction techniques. The committee shall submit an annual report to the board of county commissioners for its review.

EFFECTIVE DATE: This act is effective when it becomes law.

Trina Griffin, counsel to the House & Senate Finance Committees, substantially contributed to this summary.

Adjournment

Senate Committee on Finance
Wednesday, June 11, 2014 at 1:00 PM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 1:00 PM on June 11, 2014 in Room 544 of the Legislative Office Building. Thirty-two members were present.

Senator Bill Rabon, Chair, presided.

SB 741 - Bladen, Columbus, Franklin, Hoke/Tax Cert.

Senator Barefoot was recognized to explain the bill. Senator Tillman was recognized to make a motion to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS would authorize Bladen, Columbus, and Franklin Counties to require payment of delinquent property taxes prior to recording deeds conveying property. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

SB 767 - Rockingham Deannexation.

Senator McLaurin was recognized to explain the bill which would deannex a described area from the City of Rockingham. Senator Hartsell moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 871 - Raleigh/Durham/Deannexation/Annexation.

Senator McKissick was recognized to explain the bill. Senator Tillman moved to adopt the PCS for discussion and the motion carried. The PCS would deannex a described area from the City of Raleigh and add the area to the City of Durham. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

SB - 874 Spruce Pine Deannexation.

Senator Hise was recognized to explain the bill which would deannex a described area from the Town of Spruce Pine. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 876 - Brevard Meals Tax.

Senator Apodaca was recognized to explain the bill which authorize the City of Brevard to levy a prepared food and beverages tax of 1.5%, the net proceeds of which would be used to construct and improve public infrastructure and facilities, including projects related to the historic downtown, recreations-based infrastructure and facilities, and

gateway opportunities that exist, such as Pisgah National Forest or Brevard Music Center. Frank Gray, the NC Restaurant and Lodging Association lobbyist, was recognized to speak in opposition to the bill. Senator Tillman was recognized to offer a technical amendment. Senator Apodaca moved for its adoption and the motion carried. Senator Tillman moved for a favorable report as amended and the motion carried. A copy of the bill, the summary and the amendment is attached.

HB 569 - Foxfire/Satellite Annexations.

Senator Tillman was recognized to explain the bill which permits the Village of Foxfire to voluntarily annex a portion of a subdivision, exempts the Town of Harrisburg from the 10% area cap on voluntary satellite annexations. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB - 648 NC Commerce Protection Act of 2014.

Senator Brent Jackson was recognized to explain the bill. It would make various changes to statutes governing commerce in the State, including provisions to create transparency in contingency fee contracts between State agencies and private attorneys, prevents the abuse of patents, enforces excusive forum provisions assented to by shareholders in derivative actions, and creates a three-judge panel to hear challenges to the constitutionality of statutes. Senator Apodaca moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 558 - Soil & Water/Regional Jails Refunds.

Representative Whitmire was recognized to explain the bill. Senator Apodaca moved to adopt the PCS for discussion and the motion carried. The PCS authorizes a sales tax refund for soil and water conservation districts and regional jails. Senator Apodaca moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

HB 618 - Amend Firearm Restoration Law.

Senator Cook was recognized to explain the bill. It would restore firearms rights to persons whose rights were restored prior to December 1, 1995; but were subsequently forfeited because of the enactment of S.L. 1995-487; would increase the fee for petitioning to restore firearms rights from $200 to $250; and would prohibit certain offenses from being eligible for expunction. Senator Daniel moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 1069 - Unemployment Insurance Law Changes.

Senator Rucho was recognized to explain the bill. Jan Paul, a Research Division staff attorney, was recognized to explain the confidentiality provisions and Greg Roney, committee counsel, explained the remainder of the bill.

The bill would make the following changes to the unemployment insurance (UI) laws as recommended by the Joint Legislative Oversight Committee on Unemployment Insurance:

- Clarify that UI claim information is confidential unless the disclosure is permitted by federal regulation, and would exempt UI information from the public records disclosure requirements of Chapter 132 of the General Statutes;
- Authorize the Division of Motor Vehicles to disclose social security numbers to the Division of Employment Security (DES) for the purpose of verifying employer and claimant identity; require UI claimants to contact five potential employers per week; eliminate the procedure to request reconsideration of DES decisions; and make other technical changes to modernize language and fix statutory references to DES.
- Clarify DES authority to garnish and attach the credit card receipts of delinquent taxpayers.
- Eliminate the variable range for UI duration and base the duration of UI benefits only on the unemployment rate. Under the proposal, all UI claimants would receive the maximum number of weeks of UI benefits currently allowed.
- Require photo identification to receive UI benefits.

Senator Rucho was recognized to offer any amendment which adds a new section for a Board of Review for unemployment Insurance, and some technical changes. He moved for its adoption and the motion carried. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill, the summary, the fiscal memo, and the amendment is attached.

The meeting adjourned at 1:38 p.m.

A BILL TO BE ENTITLED

AN ACT TO ALLOW BLADEN COUNTY, COLUMBUS COUNTY, AND FRANKLIN COUNTY TO NOT ACCEPT THE REGISTRATION OF A DEED TRANSFERRING REAL PROPERTY WHEN TAXES ARE DELINQUENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 161-31 reads as rewritten:

"**§ 161-31. Tax certification.**

(a) Tax Certification. – The board of commissioners of a county may, by resolution, require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.

(a1) Exception to Tax Certification. – If a board of county commissioners adopts a resolution pursuant to subsection (a) of this section, notwithstanding the resolution, the register of deeds shall accept without certification a deed submitted for registration under the supervision of a closing attorney and containing this statement on the deed: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds.

(b) Applicability. – This section applies only to Alamance, Alexander, Anson, Beaufort, Bertie, Bladen, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Columbus, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Sampson, Stanly, Stokes, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, Yadkin, and Yancey Counties."

SECTION 2. This act is effective when it becomes law.

SENATE BILL 741:
Bladen, Columbus, Franklin/Tax Cert.

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Sen. Barefoot	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S741-CSTD-45		

SUMMARY: The PCS to S741 would authorize Bladen, Columbus, and Franklin Counties to require payment of delinquent property taxes prior to recording deeds conveying property.

CURRENT LAW: *G.S. 161-31(a)* allows a county board of commissioners, by resolution, to require the register of deeds not to accept any deed transferring real property for registration unless the county tax collector has certified that no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes with which the collector is charged are a lien on the property described in the deed. The county commissioners may describe the form the certification must take in its resolution.[1]

G.S. 161-31(a1) provides an exception. It requires the register of deeds to accept, without certification, a deed containing the following statement: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

BILL ANALYSIS: The bill amends G.S. 161-31(b) to add Bladen, Columbus, and Franklin Counties to the list of counties in which the board of commissioners is permitted to pass a resolution requiring the register of deeds not to accept any deed transferring real property unless the county tax collector certifies that the taxes listed in the statute are not delinquent and are not a lien on the property.

EFFECTIVE DATE: S741 would be effective when it becomes law.

BACKGROUND: The following 4 counties have a similar requirement but under different authorizing legislation:

Avery County	Chapter 305 of the 1963 Session Laws, as amended by S.L. 1997-410 and S.L. 1998-73
Ashe County	S.L. 1993-657, as amended by S.L. 1997-410 and S.L. 2005-433
Alleghany County	S.L. 1997-410
Mitchell County	S.L. 1987-537, as amended by S.L. 1997-410 and S.L. 1999-326

These local acts provide that the Register of Deeds shall not record any deed unless it is accompanied by a certification that all delinquent taxes have been paid. These local acts are in contrast to G.S. 161-31, which gives certain counties the discretion to pass a resolution to that effect.

Trina Griffin substantially contributed to this summary.

[1] G.S. 161-31 applies to the following 75 counties: Alamance, Alexander, Anson, Beaufort, Bertie, Brunswick, Buncombe, Burke, Cabarrus, Camden, Carteret, Caswell, Catawba, Cherokee, Chowan, Clay, Cleveland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Gaston, Gates, Graham, Granville, Greene, Halifax, Harnett, Haywood, Henderson, Hertford, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Montgomery, Nash, Northampton, Onslow, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Robeson, Rockingham, Rowan, Rutherford, Sampson, Stanly, Stokes, Surry, Swain, Transylvania, Tyrrell, Vance, Warren, Washington, Wayne, Wilson, Yadkin, and Yancey.

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE CITY OF ROCKINGHAM.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate limits of the City of Rockingham:

All and Singular, that certain tract of land located in the Rockingham Township, Richmond County, North Carolina containing 24.61 acres and identified by Richmond County parcel identification number 7474-02-89-5229. Said tract is the eastern portion of the following tract: Beginning at an iron stake in the center of State Road #1434, said point also being the southern line of the original tract of which this is a part, and also being the northwestern corner of the Richmond County Board of Education tract, and the Northeastern corner of the James Wise tract, and the southwestern corner of the Robert S. Reynolds tract previously conveyed by this Executor [Charles B. Deane, Jr., executor of the estate of Hector A. Little]; and runs thence with State Road #1434 the following courses and distances: North 38-38 East, 100 feet; North 45-00 East, 100 feet; North 51-02 East, 100 feet; North 54-54 East, 100 feet; North 56-31 East, 621 feet to an iron stake in the center of rural paved road #1434, the same being the Southeastern corner of the Robert S. Reynolds tract; thence South 19-38 East 5.6 feet, an original corner in the rural paved road, and also an original corner of the Cecil Terry land; thence with rural paved road #1434 the following courses and distances: North 56-27 East, 300 feet; North 64-57 East, 213.8 feet; South 78-03 East, 326.7 feet to an iron stake in the center of rural paved road #1434; thence with the Betty Knight Branch the following courses and distances: South 14-20 East, 180 feet; South 4-50 East, 215 feet; South 30-50 East, 188 feet; South 36-20 West, 95 feet; South 19-50 West, 210 feet; thence in the direction due South approximately 160 feet to an iron stake in the edge of said branch; thence South 41-47 West, 653.6 feet to an iron stake; thence with the Northern boundary of Richmond County Board of Education tract North 61-00 West, 1,306.8 feet to the beginning in the center of State Road #1434, and containing 32.8 acres, more or less.

The western portion of the above described tract, which is described as follows, was specifically excluded from the Town's annexation of the above described tract, and therefore is not affected in any way by the provisions of this act: Beginning at an iron stake in the center of State Road Number 1434, said point also being the northwestern corner of the Richmond County Board of Education tract, the northeastern corner of the James Wise tract, and the southwestern corner of the Robert S. Reynolds tract, and runs thence with the center of State Road Number 1434 as follows: North 36-59 East 75 feet; North 42-39 East 75 feet; North 47-21 East 75 feet; North 51-45 East 75 feet; North 54-53 East 75 feet; North 56-21 East 75

feet; and North 56-45 East 298.3 feet to a corner in the center of said road; thence runs a new line South 23-19 East 560.48 feet to an iron stake near a pond; thence crosses said pond South 15-33 West 352.54 feet to an iron stake in the southern line of the tract which this a part, and in the northern line of the Richmond County Board of Education tract; thence runs with said line North 61-00 West 812.3 feet to the beginning, containing 8.19 acres, more or less.

SECTION 2. This act has no effect upon the validity of any liens of the City of Rockingham for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property were still within the corporate limits of the City of Rockingham.

SECTION 3. This act becomes effective June 30, 2014.

SENATE BILL 767:
Rockingham Deannexation

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Sen. McLaurin	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	First Edition		

SUMMARY: Senate Bill 767 would deannex a described area from the City of Rockingham.

CURRENT LAW: Under Section 1 of Article VII of the N.C. Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property -- that power remains with the General Assembly.

BILL ANALYSIS: Senate Bill 767 would deannex a described area totaling approximately 24.61 acres from the City of Rockingham.

EFFECTIVE DATE: This act becomes effective June 30, 2014.

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE CITY OF BREVARD TO LEVY A PREPARED FOOD AND BEVERAGES TAX.

The General Assembly of North Carolina enacts:

SECTION 1.(a) Authority. – The city council of the City of Brevard may, by resolution and after not less than 10 days' public notice and a public hearing, levy a prepared food and beverages tax of up to one and one-half percent (1.5%) of the sales price of prepared food and beverages sold within the City of Brevard at retail for consumption on or off the premises by a retailer subject to sales tax under G.S. 105-164.4(a)(1). For purposes of catering, the tax applies to food served in the city without regard to the residency of the caterer. This tax is in addition to State and local sales tax.

SECTION 1.(b) Definitions. – The definitions in G.S. 105-164.3 apply to this section to the extent they are not inconsistent with the provisions of this section. In addition, the following definitions apply in this act:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax.

(2) Prepared food and beverages. – The term includes the following:

a. Prepared food, as defined in G.S. 105-164.3, including any food to which a retailer has added value or altered its state, other than by cooling, by preparing, combining, dividing, heating, or serving, in order to make the food available for human consumption.

b. An alcoholic beverage, as defined in G.S. 18B-101, that meets at least one of the conditions of prepared food under G.S. 105-164.3.

SECTION 1.(c) Exemptions. – The prepared food and beverages tax does not apply to the following sales of prepared food and beverages:

(1) Prepared food and beverages served to residents in boardinghouses and sold together on a periodic basis with rental of a sleeping room or lodging.

(2) Retail sales exempt from taxation under G.S. 105-164.13.

(3) Retail sales through or by means of vending machines.

(4) Prepared food and beverages served by a retailer subject to the local occupancy tax if the charge for the prepared food and beverages is included in a single, nonitemized sales price together with the charge for rental of a room, lodging, or accommodation furnished by the retailer.

(5) Prepared food and beverages furnished without charge by an employer to an employee.

(6) Retail sales by grocers or by grocery sections of supermarkets or other diversified retail establishments, other than sales of prepared food and beverages in the delicatessen or similar department of the grocer or grocery section.

(7) Prepared food and beverages served on a federal military reservation.

SECTION 1.(d) Collection. – Every retailer subject to the tax levied under this section shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing prepared food and beverages. The tax shall be stated separately on the sale document and shall be paid by the purchaser to the retailer as trustee for and on account of the city. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the retailer. The entity collecting the tax shall design, print, and furnish to all appropriate businesses and persons in the city the necessary forms for filing returns and instructions to ensure the full collection of the tax.

SECTION 1.(e) Administration. – The City of Brevard may enter into an agreement with Transylvania County for the administration and collection of the tax levied under this section. In the absence of an agreement, the city shall administer the tax levied under this section. A tax levied under this section is due and payable to the local administering authority as agent for the taxing entity in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every retailer liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the city or, at the city's direction, the entity administering and collecting the tax. The return shall show the total gross receipts derived in the preceding month from sales to which the tax applies.

A return filed under this section is not a public record and may not be disclosed except in accordance with G.S. 160A-208.1.

The provisions of Article 5 and Article 9 of Chapter 105 of the General Statutes apply to this section to the extent they are not inconsistent with the provisions of this section. The uniform meals tax penalty provisions of G.S. 160A-214.1 apply to a tax levied under this section.

SECTION 1.(f) Refunds. – The entity administering the tax shall refund to a nonprofit or governmental entity the prepared food and beverages tax paid by the entity on eligible purchases of prepared food and beverages. A nonprofit or governmental entity's purchase of prepared food and beverages is eligible for a refund under this subsection if the entity is entitled to a refund under G.S. 105-164.14(b) or (c) of local sales and use tax paid on the purchase or if the sale is exempt under G.S. 105-164.13. The time limitations, application requirements, penalties, and restrictions provided in G.S. 105-164.14(b), (d), and (d1) apply to refunds to nonprofit entities; the time, limitations, application requirements, penalties, and restrictions provided in G.S. 105-164.14(c), (d), and (d1) apply to refunds to governmental entities. When an entity applies for a refund of the prepared food and beverages tax paid by it on purchases, it shall attach to its application a copy of the application submitted to the Department of Revenue under G.S. 105-164.14 for a refund of the sales and use tax on the same purchases or a written statement that the purchases were exempt from the tax. An applicant for a refund under this subsection shall provide any information required by the entity administering the tax to substantiate the claim.

SECTION 1.(g) Use of Proceeds. – The proceeds of a tax levied under this section shall be used as provided in this subsection. The entity administering and collecting the tax may deduct from the gross proceeds of the taxes collected under this act an amount not to exceed three percent (3%) of the gross proceeds to pay for the direct cost of administering and collecting the taxes. The remaining proceeds shall be used to construct and improve public infrastructure and facilities, including projects located in or related to the historic downtown,

recreation-based infrastructure and facilities, and gateway opportunities that exist, such as Pisgah National Forest or Brevard Music Center.

SECTION 1.(h) Effective Date of Levy. – A tax levied under this section shall become effective on the date specified in the resolution levying the tax. The date shall be the first day of a calendar month and may not be before the first day of the fourth month after the date the resolution is adopted.

SECTION 1.(i) Repeal. – A tax levied under this section may be repealed or reduced by a resolution adopted by the Brevard City Council. Any repeal or reduction shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution is adopted. Repeal or reduction of a tax levied under this section does not affect a liability for a tax that attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction.

SECTION 2. This act is effective when it becomes law.

SENATE BILL 876: Brevard Meals Tax

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Sen. Apodaca	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***Senate Bill 876 would authorize the City of Brevard to levy a prepared food and beverages tax of 1.5%, the net proceeds of which would be used to construct and improve public infrastructure and facilities, including projects related to the historic downtown, recreations-based infrastructure and facilities, and gateway opportunities that exist, such as Pisgah National Forest or Brevard Music Center.***

[As introduced, this bill was identical to H1249, as introduced by Rep. Whitmire, which is currently in House Finance.]

CURRENT LAW: Cumberland, Dare, Mecklenburg[1], and Wake Counties and the Town of Hillsborough currently levy a prepared food and beverage tax. The General Assembly has also authorized the City of Monroe and Durham County to hold a referendum on the issue of whether to levy a prepared food and beverage tax but the issue was defeated for both localities. The rate of tax for all localities that levy it is one percent (1%).

BILL ANALYSIS:

Levy of tax. – The bill would authorize the City of Brevard to levy a prepared food and beverages tax of up to one and a half percent (1.5%) on the sales price of prepared food and beverages sold within the City of Brevard at retail for consumption on or off the premises by a retailer.

Prepared food is food that meets at least one of the following conditions:

- It is sold in a heated state or it is heated by the retailer.
- It consists of two or more foods mixed or combined by the retailer for sale as a single item. This does not include foods containing raw eggs, fish, meat, or poultry that require cooking by the consumer as recommended by the Food and Drug Administration to prevent food borne illnesses.
- It is sold with eating utensils provided by the retailer, such as plates, knives, forks, spoons, glasses, cups, napkins, and straws.

Prepared food does not include food the retailer sliced, repackaged, or pasteurized but did not heat, mix, or sell with eating utensils.

An **alcoholic beverage** is defined as "any beverage containing at least one-half of one percent (0.5%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquor, and mixed beverages."

Exemptions. – The tax would not apply to the following:

(1) Prepared food and beverages served to residents in boardinghouses and sold together on a periodic basis with rental of a sleeping room or lodging.

[1] The City of Charlotte has authority to levy a prepared food and beverage tax to the extent Mecklenburg County does not levy the tax, but the County does currently levy the tax.

(2) Retail sales exempt from taxation under G.S. 105-164.13.
(3) Retail sales through or by means of vending machines.
(4) Prepared food and beverages served by a retailer subject to the local occupancy tax if the charge for the prepared food and beverages is included in a single, nonitemized sales price together with the charge for rental of a room, lodging, or accommodation furnished by the retailer.
(5) Prepared food and beverages furnished without charge by an employer to an employee.
(6) Retail sales by grocers or by grocery sections of supermarkets or other diversified retail establishments, other than sales of prepared food and beverages in the delicatessen or similar department of the grocer or grocery section.
(7) Prepared food and beverages served on a federal military reservation.

Administration. – The bill would authorize Brevard to enter into an agreement with Transylvania County for the administration and collection of the tax.

Use. – The net proceeds of the tax would be used to construct and improve public infrastructure and facilities, including projects related to the historic downtown, recreations-based infrastructure and facilities, and gateway opportunities that exist, such as Pisgah National Forest or Brevard Music Center.

EFFECTIVE DATE: This act is effective when it becomes law.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
Senate Bill 876*

AMENDMENT NO. 1
(to be filled in by
Principal Clerk)

S876-ASV-96 [v.1]

Comm. Sub. [NO]
Amends Title [NO]
First Edition

Date June 11 ,2014

Senator Apodaca

moves to amend the bill on page 1, lines 18-23, by rewriting the lines to read:

"a. Prepared food, as defined in G.S. 105-164.3.
b. An alcoholic beverage, as defined in G.S. 18B-101.";

And on page 2, lines 18 and 20, by deleting the word "15th" and substituting the word "20th".

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN RESTRICTION ON SATELLITE ANNEXATIONS FOR THE VILLAGE OF FOXFIRE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 160A-58.1(b)(4) is repealed.

SECTION 2. This act applies to the Village of Foxfire only.

SECTION 3. This act becomes effective June 30, 2013.

HOUSE BILL 569:
Foxfire/Satellite Annexations

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 10, 2014
Introduced by:	Rep. Boles	**Prepared by:**	R. Erika Churchill
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 569 would permit the Village of Foxfire to voluntarily annex a portion of a subdivision, and would exempt the Town of Harrisburg from the 10% area cap on voluntary satellite annexations.***

CURRENT LAW: GS 160A-58.1 governs voluntary municipal annexation of noncontiguous property (known as voluntary satellite annexation). If all property owners in a satellite area petition a municipality for voluntary annexation of the noncontiguous property, the municipality may annex the property, if it meets all of the following five standards:

1. The nearest point on the proposed satellite corporate limits must be not more than three miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in GS 160A-376, all of the subdivision must be included.
5. The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed ten percent (10%) of the area within the primary corporate limits of the annexing city.

The term "subdivision" is defined by GS 160A-376 to mean "all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions when any one or more of those divisions is created for the purpose of sale or building development (whether immediate or future) and shall include all divisions of land involving the dedication of a new street or a change in existing streets." The term does not include: "The division of land into parcels greater than 10 acres where no street right of way dedication is involved."

BILL ANALYSIS:

Section 1. The bill exempts the Village of Foxfire from the requirement of GS 160A-58.1 that subdivisions must be taken in their entirety, thereby permitting the Village to voluntarily annex a portion of a subdivision.

Section 2. The bill adds the Town of Harrisburg to the group of municipalities exempted from the 10% area cap on voluntary satellite annexation.

BACKGROUND: The bill allows the Village of Foxfire to annex lots in a subdivision without annexing the entire subdivision as is required for voluntary satellite annexation under current law. The Village of Foxfire wants to allow lot owners in a gated, equestrian subdivision to voluntarily join Foxfire lot-by-lot. The subdivision is over 750 acres and most lots are over 10 acres, but some are less than 10 acres.

EFFECTIVE DATE: June 30, 2014.

SENATE BILL 648
Commerce Committee Substitute Adopted 5/7/13
Judiciary I Committee Substitute Adopted 6/11/14

Short Title: NC Commerce Protection Act of 2014. (Public)

A BILL TO BE ENTITLED

AN ACT TO CREATE TRANSPARENCY IN CONTRACTS BETWEEN THE ATTORNEY GENERAL AND PRIVATE ATTORNEYS, TO PREVENT THE ABUSE OF PATENTS, TO ALLOW FOR SHAREHOLDER ASSENT TO EXCLUSIVE FORUM, AND TO CREATE A THREE-JUDGE PANEL TO RULE ON CLAIMS THAT AN ACT OF THE GENERAL ASSEMBLY IS FACIALLY INVALID BASED UPON THE NORTH CAROLINA OR UNITED STATES CONSTITUTIONS.

The General Assembly of North Carolina enacts:

PART I. CREATE TRANSPARENCY IN CONTRACTS BETWEEN THE ATTORNEY GENERAL AND PRIVATE ATTORNEYS

SECTION 1.1. Chapter 114 of the General Statutes is amended by adding a new Article to read:

"Article 2A.

"Transparency in Third-Party Contracting by Attorney General.

"**§ 114-9.2. Title.**

This Article shall be known and may be cited as the "Transparency in Private Attorney Contracts Act (TIPAC)."

"**§ 114-9.3. Definitions.**

The following definitions apply in this Article:

(1) Contingency fee contract. – A contract entered into by a State agency to retain private counsel that contains a contingency fee arrangement, including, but not limited to, pure contingency fee agreements and hybrid agreements, including a contingency fee aspect.

(2) Government attorney. – An attorney employed by the State as a staff attorney in a State agency.

(3) Private attorney. – An attorney in private practice or employed by a private law firm.

(4) State. – The State of North Carolina, including State officers, departments, boards, commissions, divisions, bureaus, councils, and units of organization, however designated, of the executive branch of State government and any of its agents.

(5) State agency. – Every agency, institution, department, bureau, board, or commission of the State of North Carolina authorized by law to retain private counsel.

"**§ 114-9.4. Procurement.**

(a) A State agency may not enter into a contingency fee contract with a private attorney unless the Attorney General makes a written determination prior to entering into the contract that contingency fee representation is both cost-effective and in the public interest. Any written determination shall include specific findings for each of the following factors:

(1) Whether there exists sufficient and appropriate legal and financial resources within the Attorney General's office to handle the matter.

(2) The time and labor required; the novelty, complexity, and difficulty of the questions involved; and the skill requisite to perform the attorney services properly.

(3) The geographic area where the attorney services are to be provided.

(4) The amount of experience desired for the particular kind of attorney services to be provided and the nature of the private attorney's experience with similar issues or cases.

(b) If the Attorney General makes the determination described in subsection (a) of this section, the Attorney General shall request proposals from private attorneys to represent the State agency on a contingency fee basis and draft a written request for proposals from private attorneys, unless the Attorney General determines that requesting proposals is not feasible under the circumstances and sets forth the basis for this determination in writing. A request for proposals under this provision is not subject to Article 3 of Chapter 143 of the General Statutes. Until the conclusion of the legal proceeding or other matter for which the services of the private attorney were sought, all proposals received shall be maintained by the Attorney General and shall not be deemed a public record within the meaning of Chapter 132 of the General Statutes. All proposals maintained under this subsection shall be made available to the State Auditor for oversight purposes, upon request.

(c) A private attorney who submits a proposal under this section shall simultaneously pay a fee in the amount of fifty dollars ($50.00). All fees collected under this subsection shall be used for the maintenance of the Attorney General's Web site.

"**§ 114-9.5. Contingency fees.**

(a) The Attorney General may not give permission under G.S. 114-2.3 for a State agency to enter into a contingency fee contract that provides for the private attorney to receive a contingency fee, exclusive of reasonable costs and expenses, in excess of twenty-two and one-half percent (22.5%).

(b) In its discretion, the court may reduce the private attorney's fee after the State agency has reached a settlement or obtained an award.

(c) A contingency fee shall not be based on penalties or civil fines awarded or any amounts attributable to penalties or civil fines.

"**§ 114-9.6. Control.**

(a) Decisions regarding disposition of the case are reserved exclusively to the discretion of the State agency in consultation with a government attorney.

(b) The Attorney General shall develop a standard addendum to every contract for contingency fee attorney services that shall be used in all cases, describing in detail what is expected of both the contracted private attorney and the State agency, including, without limitation, the requirements listed in subsection (a) of this section.

"**§ 114-9.7. Oversight.**

(a) Until the conclusion of the legal proceeding or other matter for which the services of the private attorney have been retained, the executed contingency fee contract and the Attorney General's written determination pursuant to G.S. 114-9.4 shall not be deemed a public record within the meaning of Chapter 132 of the General Statutes. All records maintained under this subsection shall be made available to the State Auditor for oversight purposes, upon request.

(b) The amount of any payment of contingency fees pursuant to a contingency fee contract subject to this Article shall be posted on the Attorney General's Web site within 15 days after the payment of those contingency fees to the private attorney and shall remain posted on the Web site for at least 365 days thereafter.

(c) Any private attorney under contract to provide services to a State agency on a contingency fee basis shall, from the inception of the contract until at least four years after the contract expires or is terminated, maintain detailed current records, including documentation of all expenses, disbursements, charges, credits, underlying receipts and invoices, and other financial transactions that concern the provision of those attorney services. In addition, the private attorney shall maintain detailed contemporaneous time records for all attorneys and paralegals working on the matter in increments of no greater than one-tenth of an hour and shall promptly provide these records to the Attorney General, upon request. All records maintained under this subsection shall be made available to the State Auditor for oversight purposes, upon request.

(d) By February 1 of each year, the Attorney General shall submit a report to the President Pro Tempore of the Senate and the Speaker of the House of Representatives describing the use of contingency fee contracts with private attorneys in the preceding calendar year. To the fullest extent possible without waiving the evidentiary privileges of the State in any pending matters, the report shall:

(1) Identify each new contingency fee contract entered into during the year and each previously executed contingency fee contract that remains current during any part of the year.

(2) Include the name of the private attorney with whom the department has contracted in each instance, including the name of the attorney's law firm.

(3) Describe the nature and status of the legal matter that is the subject of each contract.

(4) Provide the name of the parties to each legal matter.

(5) Disclose the amount of recovery.

(6) Disclose the amount of any contingency fee paid.

(7) Include copies of any written determinations made under G.S. 114-9.4.

"**§ 114-9.8. No expansion of authority.**

Nothing in this Article shall be construed to expand the authority of any State agency or officer or employee of this State to enter into contracts for legal representation where no authority previously existed."

SECTION 1.2. G.S. 114-2.3 reads as rewritten:

"**§ 114-2.3. Use of private counsel limited.**

(a) Every agency, institution, department, bureau, board, or commission of the State, authorized by law to retain private counsel, shall obtain written permission from the Attorney General prior to employing private counsel. This section does not apply to counties, cities, towns, other municipal corporations or political subdivisions of the State, or any agencies of these municipal corporations or political subdivisions, or to county or city boards of education.

(b) Article 2A of this Chapter applies to any contract to retain private counsel authorized by the Attorney General under this section."

SECTION 1.3. Sections 1.1 and 1.2 of this act are effective when they become law and apply to any contract to retain private counsel authorized by the Attorney General entered into on or after that date.

PART IV. PREVENT THE ABUSE OF PATENTS

SECTION 4.1. Chapter 75 of the General Statutes is amended by adding a new Article to read:

"Article 8.

"Abusive Patent Assertions.

"**§ 75-136. Title.**

This Article shall be known and may be cited as the "Abusive Patent Assertions Act."

"**§ 75-137. Purpose.**

(a) The General Assembly finds the following:

(1) North Carolina is home to a growing high-technology, knowledge-based economy. With its top-tier research universities and active technology sector, North Carolina is poised to continue its growth. To continue growing, North Carolina must attract new, small, and mid-sized technology companies. Doing so will help provide jobs for North Carolina's residents and boost North Carolina's economy. North Carolina also is home to companies in retail, manufacturing, and other industries, many of whom are customers of technology companies. Those other businesses are more likely to succeed if not inhibited by abusive and bad-faith demands and litigation.

(2) Patents encourage research, development, and innovation. Patent holders have legitimate rights to enforce their patents.

(3) The General Assembly does not wish to interfere with good-faith patent litigation or the good-faith enforcement of patents. The General Assembly also recognizes that North Carolina is preempted from passing any law that conflicts with federal patent law.

(4) Patent litigation can be technical, complex, and expensive. The expense of patent litigation, which may cost millions of dollars, can be a significant burden on companies. North Carolina wishes to help its businesses avoid these costs by encouraging the most efficient resolution of patent infringement claims without conflicting with federal law.

(5) In order for North Carolina companies to be able to respond promptly and efficiently to patent infringement assertions against them, it is necessary that they receive specific information regarding how their product, service, or technology may have infringed the patent at issue. Receiving this information at an early stage will facilitate the resolution of claims and lessen the burden of potential litigation on North Carolina companies.

(6) Abusive patent litigation, and especially the assertion of bad-faith infringement claims, can harm North Carolina companies. A business that receives a letter asserting such claims faces the threat of expensive and protracted litigation and may feel that it has no choice but to settle and to pay a licensing fee even if the claim is meritless. This is especially so for small- and medium-sized companies and nonprofits that lack the resources to investigate and defend themselves against infringement claims.

(7) Not only do bad-faith patent infringement claims impose a significant burden on individual North Carolina businesses, they also undermine North Carolina's efforts to attract and nurture technology and other companies. Funds used to avoid the threat of bad-faith litigation are no longer available to invest, produce new products, expand, or hire new workers, thereby harming North Carolina's economy.

(8) North Carolina has a strong interest in patent matters involving its citizens and its businesses, including protecting its citizens and businesses against abusive patent assertions and ensuring North Carolina companies are not subjected to abusive patent assertion by entities acting in bad faith.

(9) In lawsuits involving abusive patent assertions, an accused infringer prevailing on the merits may be awarded costs and, less frequently, fees. These awards do not serve as a deterrent to abusive patent assertion entities

who have limited liability, as these companies may hold no cash or other assets. North Carolina has a strong interest in making sure that prevailing North Carolina companies sued by abusive patent assertions entities can recover what is awarded to them.

(b) The General Assembly seeks, by this narrowly tailored act, to strike a balance between (i) the interests of efficient and prompt resolution of patent infringement claims, protection of North Carolina businesses from abusive and bad-faith assertions of patent infringement, and building of North Carolina's economy and (ii) the intentions to respect federal law and be careful to not interfere with legitimate patent enforcement actions. Except as specifically set forth in this act regarding bad-faith patent assertions, nothing in this act is intended to alter current law concerning personal liability of principals in business entities.

"**§ 75-138. Definitions.**

The following definitions apply in this Article:

(1) Affiliate. – A business establishment, business, or other legal entity that wholly or substantially owns, is wholly or substantially owned by, or is under common ownership with another entity.

(2) Demand. – A letter, e-mail, or other communication asserting or claiming that a target has engaged in patent infringement or should obtain a license to a patent.

(3) Institution of higher education. – Defined in 20 U.S.C. § 1001(a).

(4) Interested party. – A person, other than the party alleging infringement, that (i) is an assignee of the patent or patents at issue; (ii) has a right, including a contingent right, to enforce or sublicense the patent or patents at issue; or (iii) has a direct financial interest in the patent or patents at issue, including the right to any part of an award of damages or any part of licensing revenue. A "direct financial interest" does not include either of the following:

a. An attorney or law firm providing legal representation in the civil action alleging patent infringement if the sole basis for the financial interest of the attorney or law firm in the patent or patents at issue arises from the attorney or law firm's receipt of compensation reasonably related to the provision of the legal representation.

b. A person whose sole financial interest in the patent or patents at issue is ownership of an equity interest in the party alleging infringement, unless such person also has the right or ability to influence, direct, or control the civil action.

(5) Operating entity. – A person primarily engaged in, when evaluated with its affiliates over the preceding 24-month period and when disregarding the selling and licensing of patents, one or more of the following activities:

a. Research and technical or experimental work to create, test, qualify, modify, or validate technologies or processes for commercialization of goods or services;

b. Manufacturing; or

c. The provision of goods or commercial services.

(6) Target. – A North Carolina person that meets one or more of the following:

a. The person has received a demand or is the subject of an assertion or allegation of patent infringement.

b. The person has been threatened with litigation or is the defendant of a filed lawsuit alleging patent infringement.

c. The person has customers who have received a demand asserting that the person's product, service, or technology has infringed a patent.

"**§ 75-139. Abusive patent assertions.**

(a) It is unlawful for a person to make a bad-faith assertion of patent infringement. A court may consider the following factors as evidence that a person has made a bad-faith assertion of patent infringement:

(1) The demand does not contain all of the following information:

a. The patent application number or patent number.

b. The name and address of the patent owner or owners and assignee or assignees, if any.

c. Factual allegations concerning the specific areas in which the target's products, services, and technology infringe the patent or are covered by specific, identified claims in the patent.

d. An explanation of why the person making the assertion has standing, if the United States Patent and Trademark Office's assignment system does not identify the person asserting the patent as the owner.

(2) Prior to sending the demand, the person failed to conduct an analysis comparing the claims in the patent to the target's products, services, and technology, or the analysis was done but does not identify specific areas in which the products, services, and technology are covered by the claims in the patent.

(3) The demand lacks the information described in subdivision (1) of this subsection, the target requests the information, and the person fails to provide the information within a reasonable period of time.

(4) The person demands payment of a license fee or response within an unreasonably short period of time.

(5) The person offers to license the patent for an amount that is not based on a reasonable estimate of the value of the license, or the person offers to license the patent for an amount that is based on the cost of defending a potential or actual lawsuit.

(6) The claim or assertion of patent infringement is meritless, and the person knew or should have known that the claim or assertion is meritless; or the claim or assertion relies on an interpretation of the patent that was disclaimed during prosecution, and the person making the claim or assertion knows or should have known about the disclaimer, or would have known about the disclaimer if the person reviewed the patent's prosecution history.

(7) The claim or assertion of patent infringement is deceptive.

(8) The person or its subsidiaries or affiliates have previously or concurrently filed or threatened to file one or more lawsuits based on the same or similar claim of patent infringement and (i) those threats or lawsuits lacked the information described in subdivision (1) of this subsection, or (ii) the person attempted to enforce the claim of patent infringement in litigation and a court found the claim to be meritless.

(9) The person making the claim or assertion sent the same demand or substantially the same demand to multiple recipients and made assertions against a wide variety of products and systems without reflecting those differences in a reasonable manner in the demands.

(10) The person making the claim or assertion is aware of, but does not disclose, any final, nonfinal, or preliminary postgrant finding of invalidity or unpatentability involving the patent.

(11) The person making the claim or assertion seeks an injunction when that is objectively unreasonable under the law.

(12) Any other factor the court finds relevant.

(b) A court may consider the following factors as evidence that a person has not made a bad-faith assertion of patent infringement:

(1) The demand contains the information described in subdivision (1) of subsection (a) of this section.

(2) Where the demand lacks the information described in subdivision (1) of subsection (a) of this section and the target requests the information, the person provides the information within a reasonable period of time.

(3) The person engages in a good-faith effort to establish that the target has infringed the patent and to negotiate an appropriate remedy.

(4) The person makes a substantial investment in the use of the patent or in the production or sale of a product or item that the person reasonably believes is covered by the patent. "Use of the patent" in the preceding sentence means actual practice of the patent and does not include licensing without actual practice.

(5) The person is either (i) the inventor or joint inventor of the patent or, in the case of a patent filed by and awarded to an assignee of the original inventor or joint inventor, is the original assignee or (ii) an institution of higher education or a technology transfer organization owned or affiliated with an institution of higher education.

(6) The person has demonstrated good-faith business practices in previous efforts to enforce the patent, or a substantially similar patent, or has successfully enforced the patent, or a substantially similar patent, through litigation.

(7) Any other factor the court finds relevant.

(c) This Article does not apply to any of the following:

(1) A demand letter or assertion of patent infringement arising under any of the following:

a. 7 U.S.C. § 136 et seq.

b. 7 U.S.C. § 2321 et seq.

c. 21 U.S.C. § 301 et seq.

d. 35 U.S.C. § 161 et seq.

e. 35 U.S.C. § 271(e)(2).

f. 42 U.S.C. § 262.

(2) A demand letter or assertion of patent infringement by or on behalf of (i) an institution of higher education incorporated under the laws of and with its principal offices in North Carolina or (ii) a technology transfer organization owned by or affiliated with the institution of higher education.

(3) A demand letter or assertion of patent infringement by or on behalf of a nonprofit research organization recognized as exempt from federal income tax under 26 U.S.C. § 501(c)(3) incorporated under the laws of and with its principal offices in North Carolina, or a technology transfer organization owned by or affiliated with the organization.

(4) A demand letter or assertion of patent infringement made by an operating entity or its affiliate.

(d) Subject to the provisions of subsections (a) and (b) of this section, and provided the activities are not carried out in bad faith, nothing in this section shall be construed to deem it an unlawful practice for any person who owns or has the right to license or enforce a patent to do any of the following:

(1) Advise others of that ownership or right of license or enforcement.

(2) Communicate to others that the patent is available for license or sale.

(3) Notify another of the infringement of the patent.

(4) Seek compensation on account of past or present infringement or for a license to the patent.

"**§ 75-140. Bond.**

(a) Upon motion by a target and a finding by the court that a target has established a reasonable likelihood that a person has made a bad-faith assertion of patent infringement in violation of this Chapter, the court shall require the person to post a bond in an amount equal to a good-faith estimate of the target's fees and costs to litigate the claim and amounts reasonably likely to be recovered under G.S. 75-141, conditioned upon payment of any amounts finally determined to be due to the target. A hearing shall be held if either party so requests. A bond ordered pursuant to this section shall not exceed five hundred thousand dollars ($500,000).

(b) The court may waive the bond requirement of subsection (a) of this section if it finds the person has available assets equal to the amount of the proposed bond or for other good cause shown.

(c) If the person asserting patent infringement fails within 30 days to pay any fee or cost ordered by a court in a matter related to the asserted patent infringement, the amount not paid shall be paid out of the bond posted under subsection (a) of this section, without affecting the obligation of the person asserting patent infringement to pay any remainder of those fees or costs not paid out of the bond.

"**§ 75-141. Enforcement; remedies; damages.**

(a) The Attorney General shall have the same authority under this Article to make rules, conduct civil investigations, bring civil actions, and enter into assurances of discontinuance as provided under this Chapter. In an action brought by the Attorney General pursuant to this section, the court may award or impose any relief available under this Chapter.

(b) A target or a person aggrieved by a violation of this Article or by a violation of rules adopted under this Article may bring an action in superior court against a person that has made a bad-faith assertion of patent infringement. A court may award to a plaintiff who prevails in an action brought pursuant to this subsection one or more of the following remedies:

(1) Equitable relief.

(2) Damages.

(3) Costs and fees, including reasonable attorneys' fees.

(4) Exemplary damages in an amount equal to fifty thousand dollars ($50,000) or three times the total of damages, costs, and fees, whichever is greater.

(c) A court may award to a defendant who prevails in an action brought pursuant to this section costs and fees, including reasonable attorneys' fees, if the court finds the action was not well-grounded in fact and warranted by existing law or was interposed for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.

(d) Joinder of Interested Parties. – In an action arising under subsection (a) or (b) of this section, the court shall grant a motion by the Attorney General or a target to join an interested party if the moving party shows that the party alleging infringement has no substantial interest in the patent or patents at issue other than making demands or asserting such patent claim in litigation.

(e) In an action arising under subsection (a) or (b) of this section, any person who has delivered or sent a demand to a target in North Carolina has purposefully availed himself or herself of the privileges of conducting business in this State and shall be subject to suit in this State, whether or not the person is transacting or has transacted any other business in this State. This Article shall be construed as a special jurisdiction statute in accordance with G.S. 1-75.4(2).

(f) If a party is unable to pay an amount awarded by the court pursuant to subsection (a) or (b) of this section, the court may find any interested party joined pursuant to subsection (d)

of this section jointly and severally liable for the abusive patent assertion and make the award recoverable against any or all of the joined interested parties.

(g) This Article shall not be construed to limit rights and remedies available to the State of North Carolina or to any person under any other law and shall not alter or restrict the Attorney General's authority under this Article with regard to conduct involving assertions of patent infringement."

SECTION 4.2. Section 4.1 of this act is effective when it becomes law and applies to causes of actions commenced on or after that date and demands made on or after that date.

PART V. SHAREHOLDER ASSENT TO EXCLUSIVE FORUM

SECTION 5.1. Article 7 of Chapter 55 of the General Statutes is amended by adding a new section to read:

"**§ 55-7-50. Shareholder assent to exclusive forum.**

A provision included in the articles of incorporation of a corporation that provides that the State courts of the State of North Carolina shall be the exclusive forum for any derivative proceeding under this Chapter shall be effective and enforceable against any shareholder who shall have voted in favor of approval of any amendment to include such a provision in the articles of incorporation and any shareholder with respect to any shares acquired after the inclusion of such a provision in the articles of incorporation."

SECTION 5.2. Section 5.1 of this act is effective when it becomes law and applies to all articles of incorporation and all amendments to articles of incorporation adopted on or after that date.

PART VI. JOINT SELECT COMMITTEE TO STUDY THE NEED FOR REFORM IN THE LAWS GOVERNING THE APPORTIONMENT OF TORT LIABILITY

SECTION 6.1. There is established the Joint Select Committee to Study the Need for Reform in the Laws Governing Apportionment of Tort Liability.

SECTION 6.2. The Committee shall be composed of 10 members, as follows:

(1) Five members of the Senate appointed by the President Pro Tempore of the Senate.

(2) Five members of the House of Representatives appointed by the Speaker of the House of Representatives.

Vacancies on the Committee shall be filled by the appointing authority. The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair who shall be a member of the General Assembly. A quorum of the Committee shall be a majority of its members.

The Committee, while in the discharge of its official duties, may exercise all powers provided for under G.S. 120-19 and G.S. 120-19.1 through G.S. 120-19.4. The Committee may meet at any time upon call of the cochairs. The Committee may meet in the Legislative Building or the Legislative Office Building.

The Legislative Services Committee, through the Legislative Services Officer, shall assign professional staff to assist the Committee in its work. The House of Representatives' and Senate's Directors of Legislative Assistants shall assign clerical staff to the Committee, and the expenses relating to the clerical employees shall be borne by the Committee. Members of the Committee shall receive subsistence and travel expenses at the rates set forth in G.S. 120-3.1.

SECTION 6.3. The Committee shall study issues related to the need for reform of the laws governing apportionment of tort liability and successor liability, including adoption of comparative negligence and the abrogation of joint and several liability, and any other issues related to tort liability.

SECTION 6.4. The Committee may make a final report, including any proposed legislation, to the 2015 General Assembly upon its convening. The Committee shall terminate

upon filing its final report or upon the convening of the 2015 General Assembly, whichever is earlier.

PART VII. THREE-JUDGE PANEL TO HEAR CLAIMS CHALLENGING THE FACIAL CONSTITUTIONALITY OF AN ACT OF THE GENERAL ASSEMBLY

SECTION 7.1. Article 26A of Chapter 1 of the General Statutes reads as rewritten:

"Article 26A.

"Three-Judge Panel for Redistricting ~~Challenges.~~Challenges and for Certain Challenges to State Laws.

"**§ 1-267.1. Three-judge panel for actions challenging plans apportioning or redistricting State legislative or congressional ~~districts.~~districts; claims challenging the facial validity of an act of the General Assembly.**

(a) Any action challenging the validity of any act of the General Assembly that apportions or redistricts State legislative or congressional districts shall be filed in the Superior Court of Wake County and shall be heard and determined by a three-judge panel of the Superior Court of Wake County organized as provided by subsection (b) of this section.

(a1) Except as otherwise provided in subsection (a) of this section, any challenge to the validity of an act of the General Assembly on its face shall be transferred pursuant to G.S. 1A-1, Rule 42(b)(4), to the Superior Court of Wake County and shall be heard and determined by a three-judge panel of the Superior Court of Wake County, organized as provided by subsection (b1) of this section.

(b) Whenever any person files in the Superior Court of Wake County any action challenging the validity of any act of the General Assembly that apportions or redistricts State legislative or congressional districts, a copy of the complaint shall be served upon the senior resident superior court judge of Wake County, who shall be the presiding judge of the three-judge panel required by subsection (a) of this section. Upon receipt of that complaint, the senior resident superior court judge of Wake County shall notify the Chief Justice, who shall appoint two additional resident superior court judges to the three-judge panel of the Superior Court of Wake County to hear and determine the action. Before making those appointments, the Chief Justice shall consult with the North Carolina Conference of Superior Court Judges, which shall provide the Chief Justice with a list of recommended appointments. To ensure that members of the three-judge panel are drawn from different regions of the State, the Chief Justice shall appoint to the three-judge panel one resident superior court judge from the First through Fourth Judicial Divisions and one resident superior court judge from the Fifth through Eighth Judicial Divisions. In order to ensure fairness, to avoid the appearance of impropriety, and to avoid political bias, no member of the panel, including the senior resident superior court judge of Wake County, may be a former member of the General Assembly. Should the senior resident superior court judge of Wake County be disqualified or otherwise unable to serve on the three-judge panel, the Chief Justice shall appoint another resident superior court judge of Wake County as the presiding judge of the three-judge panel. Should any other member of the three-judge panel be disqualified or otherwise unable to serve on the three-judge panel, the Chief Justice shall appoint as a replacement another resident superior court judge from the same group of judicial divisions as the resident superior court judge being replaced.

(b1) Any challenge to the validity of an act of the General Assembly on its face filed in the Superior Court of Wake County, other than a challenge to plans apportioning or redistricting State legislative or congressional districts that shall be heard pursuant to subsection (b) of this section, or any claim transferred to the Superior Court of Wake County pursuant to subsection (a1) of this section, shall be assigned by the senior resident Superior Court Judge of Wake County to the three-judge panel established pursuant to subsection (b2) of this section.

(b2) The Chief Justice of the Supreme Court shall appoint three resident superior court judges to a three-judge panel of the Superior Court of Wake County to hear and determine challenges to the validity of statutes and acts pursuant to subsection (a1) of this section. The initial judges appointed to the panel shall remain as a standing three-judge panel to hear any action transferred to the panel for determination pursuant to this section, and the Chief Justice shall appoint a presiding judge of the three-judge panel. To ensure that members of the three-judge panel are drawn from different regions of the State, the Chief Justice shall appoint to the three-judge panel one resident superior court judge from the First or Second Judicial Division, one resident superior court judge from the Seventh or Eighth Judicial Division, and one resident superior court judge from the Third, Fourth, Fifth, or Sixth Division. Should any member of the three-judge panel be disqualified or otherwise unable to serve on the three-judge panel or is removed from the panel at the discretion of the Chief Justice, the Chief Justice shall appoint as a replacement another resident superior court judge from the same group of judicial divisions as the resident superior court judge being replaced.

(c) No order or judgment shall be entered affecting the validity of any act of the General Assembly that apportions or redistricts State legislative or congressional ~~districts~~ districts, or finds that an act of the General Assembly is facially invalid based upon the North Carolina or United States Constitutions, except by the three-judge panel of the Superior Court of Wake County organized as provided by subsection (b) or subsection (b1) of this section. In the event of disagreement among the three resident superior court judges comprising the three-judge panel, then the opinion of the majority shall prevail.

(d) This section applies only to civil proceedings, and nothing in this section shall be deemed to apply to a defendant in criminal proceedings or to proceedings in which Chapter 15A of the General Statutes is applicable."

SECTION 7.2. G.S. 1-81.1 reads as rewritten:

"**§ 1-81.1. Venue in apportionment or redistricting ~~cases.~~cases; certain injunctive relief actions.**

(a) Venue lies exclusively with the Wake County Superior Court in any action concerning any act of the General Assembly apportioning or redistricting State legislative or congressional ~~districts lies exclusively with the Wake County Superior Court.~~districts.

(a1) Venue lies exclusively with the Wake County Superior Court with regard to any claim, seeking an order or judgment of a court, either final or interlocutory, to restrain the enforcement, operation, or execution of an act of the General Assembly, in whole or in part, based upon an allegation that the act of the General Assembly is unconstitutional on its face pursuant to the United States Constitution or North Carolina Constitution. Pursuant to G.S. 1-267.1(a) and G.S. 1-1A, Rule 42(b)(4), claims described in this subsection that are filed or raised in courts other than Wake County Superior Court or are filed in Wake County Superior Court, shall be transferred to the three-judge panel of the Wake County Superior Court if, after all other matters in the action have been resolved, a determination as to the facial validity of an act of the General Assembly must be made in order to completely resolve any issues in the case.

(b) Any action brought concerning an act of the General Assembly apportioning or redistricting the State legislative or congressional districts shall be filed in the Superior Court of Wake County."

SECTION 7.3. G.S. 1A-1, Rule 42, reads as rewritten:

"**Rule 42. Consolidation; separate trials.**

(a) Consolidation. – Except as provided in subdivision (b)(2) of this section, when actions involving a common question of law or fact are pending in one division of the court, the judge may order a joint hearing or trial of any or all the matters in issue in the actions; he may order all the actions consolidated; and he may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay. When actions involving a common

question of law or fact are pending in both the superior and the district court of the same county, a judge of the superior court in which the action is pending may order all the actions consolidated, and he may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.

(b) Separate trials. –

(1) The court may in furtherance of convenience or to avoid prejudice and shall for considerations of venue upon timely motion order a separate trial of any claim, cross-claim, counterclaim, or third-party claim, or of any separate issue or of any number of claims, cross-claims, counterclaims, third-party claims, or issues.

(2) Upon motion of any party in an action that includes a claim commenced under Article 1G of Chapter 90 of the General Statutes involving a managed care entity as defined in G.S. 90-21.50, the court shall order separate discovery and a separate trial of any claim, cross-claim, counterclaim, or third-party claim against a physician or other medical provider.

(3) Upon motion of any party in an action in tort wherein the plaintiff seeks damages exceeding one hundred fifty thousand dollars ($150,000), the court shall order separate trials for the issue of liability and the issue of damages, unless the court for good cause shown orders a single trial. Evidence relating solely to compensatory damages shall not be admissible until the trier of fact has determined that the defendant is liable. The same trier of fact that tries the issues relating to liability shall try the issues relating to damages.

(4) Pursuant to G.S. 1-267.1, any challenge to the validity of an act of the General Assembly on its face, other than a challenge to plans apportioning or redistricting State legislative or congressional districts, shall be heard by a three-judge panel in the Superior Court of Wake County. If a claimant brings such a challenge in any court in this State, or if such a challenge is raised by the defendant in the defendant's motions or pleadings in any court in this State, the court shall, on its own motion, transfer that portion of the action challenging the validity of the act of the General Assembly to the Superior Court of Wake County for resolution by the three-judge panel if, after all other matters in the action have been resolved, a determination as to the facial validity of an act of the General Assembly must be made in order to completely resolve any matters in the case. The court in which the action originated shall maintain jurisdiction over all matters other than the constitutional challenge. The court shall stay all matters that are contingent upon the outcome of the constitutional challenge pending a ruling on the constitutional challenge and until all appeal rights are exhausted. Once the three-judge panel has ruled and all appeal rights have been exhausted, the matter shall be transferred or remanded back to the trial court in which the action originated for resolution of any outstanding matters."

SECTION 7.4. G.S. 1A-1, Rule 62, reads as rewritten:

"**Rule 62. Stay of proceedings to enforce a judgment.**

(a) Automatic stay; exceptions – Injunctions and receiverships. – Except as otherwise stated herein, no execution shall issue upon a judgment nor shall proceedings be taken for its enforcement until the expiration of the time provided in the controlling statute or rule of appellate procedure for giving notice of appeal from the judgment. Unless otherwise ordered by the court, an interlocutory or final judgment in an action for an injunction or in a receivership action shall not be stayed during the period after its entry and until an appeal is taken or during the pendency of an appeal. The provisions of section (c) govern the suspending, modifying, restoring, or granting of an injunction during the pendency of an appeal.

(b) Stay on motion for new trial or for judgment. – In its discretion and on such conditions for the security of the adverse party as are proper, the court may stay the execution of or any proceedings to enforce a judgment pending the disposition of a motion for a new trial or to alter or amend a judgment made pursuant to Rule 59, or of a motion for relief from a judgment or order made pursuant to Rule 60, or of a motion for judgment made pursuant to Rule 50, or of a motion for amendment to the findings or for additional findings made pursuant to Rule 52(b). If the time provided in the controlling statute or rule of appellate procedure for giving notice of appeal from the judgment had not expired before a stay under this subsection was entered, that time shall begin to run immediately upon the expiration of any stay under this section, and no execution shall issue nor shall proceedings be taken for enforcement of the judgment until the expiration of that time.

(c) Injunction pending appeal. – When an appeal is taken from an interlocutory or final judgment granting, dissolving, or denying an injunction, the court in its discretion may suspend, modify, restore, or grant an injunction during the pendency of the appeal upon such terms as to bond or otherwise as it considers proper for the security of the rights of the adverse party.

(d) Stay upon appeal. – When an appeal is taken, the appellant may obtain a stay of execution, subject to the exceptions contained in section (a), by proceeding in accordance with and subject to the conditions of G.S. 1-289, G.S. 1-290, G.S. 1-291, G.S. 1-292, G.S. 1-293, G.S. 1-294, and G.S. 1-295.

When stay is had by giving supersedeas bond, the bond may be given at or after the time of filing the notice of appeal or of procuring the order allowing the appeal as the case may be, and stay is then effective when the supersedeas bond is approved by the court.

(e) Stay in favor of North Carolina, city, county, local board of education, or agency thereof. – When an appeal is taken by the State of North Carolina, or a city or a county thereof, a local board of education, or an officer in his official capacity or agency thereof or by direction of any department or agency of the State of North Carolina or a city or county thereof or a local board of education and the operation or enforcement of the judgment is stayed, no bond, obligation, or other security shall be required from the appellant.

(f) Power of appellate court not limited. – The provisions of this rule do not limit any power of an appellate court or of a judge or justice thereof to stay proceedings during the pendency of an appeal or to suspend, modify, restore, or grant an injunction during the pendency of an appeal or to make any order appropriate to preserve the status quo or the effectiveness of the judgment subsequently to be entered.

(g) Stay of judgment as to multiple claims or multiple parties. – When a court has ordered a final judgment under the conditions stated in Rule 54(b), the court may stay enforcement of that judgment until the entering of a subsequent judgment or judgments and may prescribe such conditions as are necessary to secure the benefit thereof to the party in whose favor the judgment is entered.

(h) Injunction pending appeal of as-applied constitutional challenge. – Notwithstanding any other provision of law where a trial court grants interlocutory, temporary, or permanent injunctive or declaratory relief restraining the State or a political subdivision of the State from enforcing the operation or execution of an act of the General Assembly as applied against a party in a civil action, the court shall stay the relief granted pending appeal. This subsection only applies where the State or a political subdivision of the State is a party in the civil action. This subsection does not apply to facial challenges heard by a three-judge panel pursuant to G.S. 1-267.1."

SECTION 7.5. G.S. 7A-27 reads as rewritten:

"**§ 7A-27. Appeals of right from the courts of the trial divisions.**

(a) Appeal lies of right directly to the Supreme Court in all cases in which the defendant is convicted of murder in the first degree and the judgment of the superior court includes a sentence of death.

(a1) Appeal lies of right directly to the Supreme Court from any order or judgment of a court, either final or interlocutory, that holds that an act of the General Assembly, based upon the United States Constitution or North Carolina Constitution, is unconstitutional on its face.

(b) Appeal lies of right directly to the Court of Appeals in any of the following cases:

(1) From any final judgment of a superior court, other than the one described in subsection (a) of this section, or one based on a plea of guilty or nolo contendere, including any final judgment entered upon review of a decision of an administrative agency, except for a final judgment entered upon review of a court martial under G.S. 127A-62.

(2) From any final judgment of a district court in a civil action.

(3) From any interlocutory order or judgment of a superior court or district court in a civil action or proceeding which does any of the following:

a. Affects a substantial right.

b. In effect determines the action and prevents a judgment from which an appeal might be taken.

c. Discontinues the action.

d. Grants or refuses a new trial.

e. Determines a claim prosecuted under G.S. 50-19.1.

f. Grants temporary injunctive relief restraining the State or a political subdivision of the State from enforcing the operation or execution of an act of the General Assembly as applied against a party in a civil action. This subsection only applies where the State or a political subdivision of the State is a party in the civil action. This subsection does not apply to facial challenges heard by a three-judge panel pursuant to G.S. 1-267.1.

(4) From any other order or judgment of the superior court from which an appeal is authorized by statute.

(c) through (e) Repealed by Session Laws 2013-411, s. 1, effective August 23, 2013."

SECTION 7.6. This section becomes effective on July 1, 2014, and applies to any claim filed on or after that date, whether alleged in any filed action or raised as a defense or claim during proceedings on any action, that asserts that an act of the General Assembly is either facially invalid or invalid as applied to a set of factual circumstances, based upon the North Carolina or United States Constitutions.

PART VIII. SEVERABILITY AND EFFECTIVE DATE

SECTION 8.1. If any section or provision of this act is declared unconstitutional or invalid by the courts, it does not affect the validity of this act as a whole or any part other than the part so declared to be unconstitutional or invalid.

SECTION 8.2. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 648:
NC Commerce Protection Act of 2013

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Sens. B. Jackson, Meredith, J. Davis	**Prepared by:**	Peter Ledford
Analysis of:	Third Edition		Staff Attorney

SUMMARY: ***Senate Bill 648 would make various changes to statutes governing commerce in the State, including provisions to create transparency in contingency fee contracts between State agencies and private attorneys, to prevent the abuse of patents, to enforce exclusive forum provisions assented to by shareholders in derivative actions, and to create a three-judge panel to hear challenges to the constitutionality of statutes.***

PART I. CREATE TRANSPARENCY IN CONTRACTS BETWEEN THE ATTORNEY GENERAL AND PRIVATE ATTORNEYS

CURRENT LAW: Under G.S. 114-2.3, any state agency that is authorized to retain private counsel must obtain written permission from the Attorney General prior to employing private counsel.

BILL ANALYSIS: Section 1.1 of the bill would create procedures governing contingency fee agreements between the State and private attorneys.

Before granting a State agency permission to retain private counsel using a contingency fee contract, Section 1.1 of the bill would require the Attorney General to issue a written determination that the representation is both cost-effective and in the public interest. Section 1 would also exempt requests for contingent fee representation proposals from private attorneys from State purchasing and contracting requirements under Article 3, Chapter 143, and all proposals received would be deemed not to be public records under Chapter 132 until the conclusion of the proceeding for which the services of the private attorney were sought. Private attorneys submitting proposals would be required to pay a $50 fee that would go toward maintenance of the Attorney General's website.

The following documents related to contingency fee contracts must be provided to the State Auditor for oversight purposes, upon request:

- The Attorney General's written determination that a State agency should utilize the services of a private attorney.
- The proposals received by the Attorney General from private attorneys.
- The executed contingency fee contract.
- Documentation of all expenses incurred by the private attorney and the time records maintained by the private attorney.

Section 1.1 would cap the permitted contingency fee under a contract approved by the Attorney General at 22.5%, exclusive of reasonable costs and expenses, and would grant courts discretion to reduce the fee after a settlement or award in the proceeding. The fee could not be based on penalties or civil fines awarded. The State agency would retain exclusive authority over decisions regarding case disposition in consultation with a government attorney.

Additionally, Section 1.1 would require the Attorney General to report annually to the President Pro Tempore and Speaker describing the use of contingency fee contracts with private attorneys.

Section 1.2 of the bill would amend G.S. 114-2.3 to apply the provisions enacted in Section 1.1 of the bill to all contracts to retain private counsel authorized by the Attorney General.

EFFECTIVE DATE: Sections 1.1 and 1.2 of this act are effective when they become law and apply to any contract to retain private counsel authorized by the Attorney General entered into on or after that date.

PART IV. PREVENT THE ABUSE OF PATENTS

CURRENT LAW: Patent law is primarily governed by and preempted by federal law, which limits state regulation of patentable subject matter. In 1999, the U.S. Court of Appeals for the Federal Circuit held that patent law does not preempt allegations of state-law unfair competition requiring a showing of bad faith. *Zenith Elecs. Corp. v. Exzec, Inc.*, 182 F.3d 1340 (Fed. Cir. 1999). In 2004, the court clarified that to survive federal preemption the allegedly bad-faith patent assertion "must be objectively baseless in the sense that no reasonable litigant could realistically expect success on the merits. If an objective litigant could conclude that the suit is reasonably calculated to elicit a favorable outcome, the suit is immunized." *Globetrotter Software, Inc. v. Elan Computer Group. Inc.*, 362 F.3d 1367 (Fed. Cir. 2004). Objective baselessness is not the standard for the state court action contemplated by this part. Therefore, it could be argued that this part could be applied in instances that implicate federal preemption decisions.

BILL ANALYSIS: **Section 4.1** of the bill would make bad faith assertions of patent infringement an unfair and deceptive trade practice. The assertion involves communicating that (1) patent infringement has occurred or (2) certain entities need to license a patent. The entity to whom the communication is made is a "target," which can be (1) the person receiving the demand or assertion of patent infringement, (2) a person threatened with or made the defendant of patent litigation, or (3) a person with customers who have received a demand asserting patent infringement.

The court may consider the following factors indicating bad faith:

- The demand does not contain the patent number or patent application number, name and address of patent owner or owners and assignee or assignees, specific identification of areas of infringement, and an explanation of why the person making the assertion has standing (where they are not identified as the patent owner). An additional factor includes failing to respond to a request for this same information within a reasonable time.
- The person making the assertion did not analyze the claims in the patent to the alleged infringing device or activity.
- The person making the assertion demands payment of a licensing fee or response within an unreasonably short period of time.
- The person making the assertion offers to license the patent for an amount that is not a reasonable estimate of the value of the license or bases the license fee on the cost of litigation.
- The claim of infringement is meritless and the person making the assertion knew or should have known it was meritless. Alternatively, the factor is satisfied if a claimant bases an assertion on a patent interpretation disclaimed during prosecution and knew or should have known about the disclaimer or would have known upon review of prosecution history.

- The assertion is deceptive.
- The person making the assertion has previously or concurrently filed or threatened to file other lawsuits based on the same or similar claim of patent infringement without the information required above or there has been a previous attempt to enforce the claim where the claim was found to be meritless.
- The person making the assertion has made substantially the same claim against multiple recipients against a wide variety of products without reflecting the differences in a reasonable manner.
- The person making the assertion identifies but does not disclose any finding of invalidity or unpatentability involving the patent.
- The person making the assertion seeks an injunction that is objectively unreasonable.
- Any other factor the court finds relevant.

The court may consider the following factors indicating good faith:

- The demand contains the information described above or timely responds with the information upon demand.
- The person engages in a good faith effort to establish the target has infringed the patent and to negotiate an appropriate remedy.
- The person substantially invests in the use of the patent, which involves active practice of the patent and not licensing alone.
- The person is (i) the inventor or joint inventor or the original assignee or (ii) an institution of higher education or a technology transfer organization owned or affiliated with an institution of higher education.
- The person has demonstrated good faith business practices in previous efforts to enforce the patent or has successfully enforced the patent via litigation.
- Any other factor the court finds relevant.

Specific exemptions from the purview of the new statute include (i) assertions concerning patent infringement concerning drugs and biological products regulated under the Food, Drug, and Cosmetic Act, (ii) assertions concerning infringement on asexually reproducing plant patents, (iii) assertions concerning rights under the Plant Variety Protection Act, (iv) assertions concerning usage of pesticide products enforced by the EPA under federal law, (v) assertions by or on behalf of North Carolina institutions of higher education, technology transfer organizations, or 501(c)(3) nonprofit research organizations, and (vi) assertions by an entity primarily engaged in research and development, manufacturing, or the provisions of goods or commercial services or an affiliate of that entity.

If the court determines there is a reasonable likelihood of bad faith patent assertion, the court must require the person making the assertion post a bond estimated to equal the costs and fees incurred by the target to litigate the claim and the amount likely to be recovered by the target due to the state claim created by the act.[1] Payment of the bond would be conditioned on a determination of an amount being finally determined to be due to the target and is capped at $500,000. The court may waive the requirement where the person asserting the claim has assets equal to the amount of the proposed bond or for good cause shown. The bond does not insulate the person making a bad faith assertion from liability

[1] This requirement does not apply where the person asserting the claim has assets equal to the amount of the proposed bond or the court otherwise finds good cause to waive the requirement.

above the bond amount, and the bond may be used for amounts awarded but not paid within 30 days of payment being ordered by a court.

Other provisions of the civil cause of action include:

- The Attorney General is empowered to make rules, conduct investigations, bring civil actions, or enter assurances of discontinuance provided in Chapter 75 of the General Statutes.
- A target may bring an action in Superior Court. Damages authorized to be awarded to a target include equitable relief, damages, costs and fees, and exemplary damages equal to $50,000 or three times the total of damages, costs, and fees, whichever is greater.
- The court is permitted to join interested parties if the person asserting infringement has no substantial interest in the patent other than the assertion. Joined parties may be held jointly and severally liable if the party making the assertion is unable to pay amounts awarded.
- Making a demand to a North Carolina target subjects the person to the jurisdiction of North Carolina courts.

EFFECTIVE DATE: Section 4.1 of the bill creating the civil cause of action is effective when it becomes law and applies to causes of actions commenced on or after that date and demands made on or after that date.

BACKGROUND: According to recent studies, people or companies that misuse patents as a business strategy ("patent trolling") has jumped by nearly 250%, rising from 29% of infringement suits to 62% of infringement suits in 2 years. As a result, the federal government has taken, is taking, or is contemplating the following courses of action:

- The Department of Justice Antitrust Division and Federal Trade Commission ("FTC") are jointly working towards modifying modern patent law to account for trolling practices. The FTC is actively investigating trolling activity and has stated its intention to use statutory authority, such as Section 5 of the Federal Trade Commission Act to prevent unfair and deceptive acts such as those typically employed by patent trolls.
- There have been federal legislation proposals that range from disclosure/transparency requirements to filing of written offers to settle + payment of offeror's costs/expenses where the ultimate result is less favorable than the offer).
- The President has ordered the Patent and Trademark Office ("PTO") to adopt rules requiring patent applicants and owners involved in PTO proceedings to disclose real-party-in-interest information and creating a national, searchable database of patent infringement letters coupled with enabling the PTO or the district courts to impose sanctions for non-compliance.

PART V. SHAREHOLDER ASSENT TO EXCLUSIVE FORUM

CURRENT LAW: In response to shareholder litigation in multiple forums, some corporations have begun specifying an exclusive forum for shareholder lawsuits. Under North Carolina law, such a provision can be adopted by the board of directors without shareholder approval for inclusion in the bylaws of a corporation (G.S. 55-10-20) or can be included in the articles of incorporation of a corporation, either during the initial formation of the corporation (G.S. 55-2-02) or by amending existing articles of incorporation with the approval of shareholders (G.S. 55-10-03). However, initial court rulings regarding exclusive forum provisions that were adopted by the board of directors without shareholder approval have been varied in their outcomes. See *Galaviz v. Berg*, 763 F.Supp.2d 1170

(N.D. Cal. 2011) refusing to enforce such a provision and *Boilermakers Local 154 Ret. v. Chevron Corp.*, 73 A.3d 934 (Del. Ch. 2013) enforcing such a provision.

BILL ANALYSIS: **Section 5.1** of the bill would make a provision in the articles of incorporation providing that the state courts of the State of North Carolina shall be the exclusive forum for a derivative shareholder lawsuit effective and enforceable against any shareholder who voted in favor of an amendment to include the provision and any shareholder who purchased shares after the inclusion of the provision.

EFFECTIVE DATE: Section 5.1 of this act is effective when it becomes law and applies to all articles of incorporation and all amendments to articles of incorporation adopted on or after that date.

PART VI. JOINT SELECT COMMITTEE TO STUDY THE NEED FOR REFORM IN THE LAWS GOVERNING THE APPORTIONMENT OF TORT LIABILITY

Part VI of the bill would establish the Joint Select Committee to Study the Need for Reform in the Laws Governing Apportionment of Tort Liability. The committee would consist of five members of the Senate appointed by the President Pro Tempore and five members of the House of Representatives appointed by the Speaker of the House. The committee would be directed to study issues related to the need for reform of the laws governing apportionment of trot liability and successor liability, including adoption of comparative negligence and the abrogation of joint and several liability, and any other issues related to tort liability. The committee may make a final report, including any proposed legislation, to the regular session of the 2015 General Assembly. The committee would terminate upon the filing of its report or upon the convening of the 2015 General Assembly, whichever is earlier.

PART VII. THREE-JUDGE PANEL TO HEAR CLAIMS CHALLENGING THE FACIAL CONSTITUTIONALITY OF AN ACT OF THE GENERAL ASSEMBLY

CURRENT LAW: Under current law, actions challenging plans for apportioning or redistricting State legislative and congressional districts are heard by a three-judge panel of the Superior Court of Wake County. Actions challenging the constitutionality of all other acts of the General Assembly may be heard in any county in which the cause of action arises.

BILL ANALYSIS: **Section 7.1** of the bill would require that all challenges that an act of the General Assembly is facially unconstitutional be heard by a three-judge panel of the Superior Court of Wake County. Any challenge filed in a different county would be required to be transferred to Wake County. The Chief Justice of the Supreme Court would appoint three resident superior court judges to the three-judge panel, with one judge being from the First or Second Judicial Division (the eastern part of the State), one judge being from the Seventh or Eighth Judicial Division (the western part of the State), and one judge being from the Third, Fourth, Fifth, or Sixth Division (the central part of the State).

Section 7.2 of the bill would amend the statute governing the proper venue for certain lawsuits to specify that the proper venue for that all challenges seeking an order or judgment to restrain the enforcement, operation, or execution of an act of the General Assembly based on a claim that the act is facially unconstitutional is in Wake County Superior Court and that the challenges are to be resolved by the three-judge panel. Any such challenge filed in a different county would be required to be transferred to Wake County.

Section 7.3 of the bill would make conforming changes to Rule 42 of the Rules of Civil Procedure. This section would also amend the Rule to require that any individual claim that challenges the validity of an act of the General Assembly as facially unconstitutional that is contained in a lawsuit with additional

claims be transferred to the Superior Court of Wake County for resolution by the three-judge panel. The court in the originating county would retain jurisdiction over all other claims.

Section 7.4 of the bill would amend Rule 62 of the Rules of Civil Procedure to require an automatic stay of relief pending appeal when a trial court grants injunctive or declaratory relief restraining the State from enforcing the operation or execution of an act of the General Assembly because the act has been found by the court to be unconstitutional as applied. This section would not apply to challenges that an act of the General Assembly is facially unconstitutional.

Section 7.5 of the bill would allow appeal as of right from the trial court directly to the Supreme Court in any challenge that an act of the General Assembly is facially unconstitutional. This section would also allow appeal as of right from the trial court to the Court of Appeals in cases where the trial court grants temporary injunctive relief restraining the State from enforcing the operation or execution of an act of the General Assembly when the State is a party to the action.

EFFECTIVE DATE: Section 7 of this act is effective July 1, 2014, and applies to any claim filed on or after that date, whether alleged in any filed action or raised as a defense or claim during proceedings on any action, that asserts that an act of the General Assembly is either facially invalid or invalid as applied to a set of factual circumstances, based upon the North Carolina or United States Constitutions.

Shelly DeAdder, counsel to Senate Rules, Bill Patterson, counsel to Senate Judiciary I, Dan Ettefagh, counsel to the Joint Legislative Economic Development and Global Engagement Oversight Committee, and Brad Krehely, counsel to House Judiciary Subcommittee B substantially contributed to this summary.

Short Title: Soil & Water/ Regional Jails Refunds. (Public)

Sponsors:

Referred to:

April 4, 2013

A BILL TO BE ENTITLED

AN ACT TO ALLOW SALES TAX REFUNDS FOR SOIL AND WATER CONSERVATION DISTRICTS AND REGIONAL JAILS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 105-164.14(c) is amended by adding a new subdivision to read:

"(c) Certain Governmental Entities. – A governmental entity listed in this subsection is allowed an annual refund of sales and use taxes paid by it under this Article on direct purchases of tangible personal property and services, other than electricity, telecommunications service, and ancillary service. Sales and use tax liability indirectly incurred by a governmental entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the governmental entity and is being erected, altered, or repaired for use by the governmental entity is considered a sales or use tax liability incurred on direct purchases by the governmental entity for the purpose of this subsection. A request for a refund must be in writing and must include any information and documentation required by the Secretary. A request for a refund is due within six months after the end of the governmental entity's fiscal year.

This subsection applies only to the following governmental entities:

...

(25) A soil and water conservation district organized under Chapter 139 of the General Statutes.

(26) A district confinement facility created pursuant to G.S. 153A-219, including a local act modifying G.S. 153A-219."

SECTION 2. This act becomes effective July 1, 2015, and applies to sales made on or after that date.

HOUSE BILL 558:
Soil & Water/Regional Jails Refunds

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Reps. Whitmire, Ramsey, Dixon, Waddell	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition H558-CSTD-43		

SUMMARY: ***The PCS to Senate Bill 261 would authorize a sales tax refund for soil and water conservation districts and regional jails.***

CURRENT LAW: G.S. 105-164.14 authorizes certain governmental entities to receive an annual refund of certain sales and use taxes paid on direct purchases of tangible personal property and services. The governmental entities entitled to a refund are listed at the end of this summary.

A soil and water conservation district is a governmental subdivision of this State, and a public body corporate and politic, organized in accordance with the provisions Chapter 139 of the General Statutes. According to the North Carolina Division of Soil and Water Conservation, there are 96 local conservation districts in the State. Districts partner with federal, state and local entities to deliver state and federal conservation programs related to water quality practices, farmland protection, wetlands restoration and wildlife habitat enhancement. Districts assist with community conservation planning in natural resource management areas, such as erosion and sediment control, stormwater management, flood control, water use efficiency, stream restoration, small-plot forestry management and restoration efforts after natural disasters. Districts also help implement conservation easements and respond to local projects, such as building environmental education centers.

A local confinement facility is a county or city jail, a local lockup, a regional or district jail, a juvenile detention facility, a detention facility for adults operated by a local government, and any other facility operated by a local government for confinement of persons awaiting trial or serving sentences. G.S. 153A-219 authorizes two or more units of local government to enter into an agreement to establish and operate a district confinement facility.

BILL ANALYSIS: The bill would add the following to the list of governmental entities entitled to an annual sales tax refund:

- Soil and water conservation districts organized under Chapter 139 of the General Statutes.
- District confinement facilities created under G.S. 153A-219, including those created under a local act modifying G.S. 153A-219.

EFFECTIVE DATE: July 1, 2015, and applies to sales made on or after that date.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
North Carolina Department of Revenue

EFFECTIVE DATE: July 1, 2015

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY: HB 558 adds soil and water conservation districts organized under G.S. 139 to the list of entities eligible for sales tax refunds under G.S. 105-164.14(c)(25). HB 558 also creates a sales tax refund under G.S. 105-164.14(c)(26) for regional jails. This bill becomes effective July 1, 2015.

The NC Department of Agriculture and Consumer Services (NCDA&CS) and the NC Department Environment and Natural Resources (DENR) collect very little if any financial information on soil and water conservation districts. The NC Soil & Water Conservation Commission (also referenced under G.S. 139 and mentioned below as the Division of Soil and Water Conservation) does not oversee districts but it does have a direct statutory connection to districts. Both the commission and the Division of Soil and Water Conservation were transferred from DENR to the NCDA&CS on July 1, 2011.

In North Carolina there are 96 districts. Ninety-five districts have the same boundaries as their respective counties. The 96th district is the Albemarle Soil and Water Conservation District and is made up of Currituck, Camden, Pasquotank, Perquimans and Chowan counties. Financially, the Albemarle Soil and Water Conservation District members operate separately under their respective county governments.

ASSUMPTIONS AND METHODOLOGY:

HB 558 expands the sales tax refund to soil and water conservation districts organized under G.S. 139 and will reduce General Fund availability by $5,000 to $10,000 per fiscal year. To estimate the impact of HB 558, Fiscal Research relied on information from the Department of Revenue and a survey conducted by the Division of Soil and Water Conservation (DSWC) providing financial information for 30 soil and water conservation districts.

DSWC surveyed the districts at the request of the Fiscal Research Division. Sixty-six of the 96 districts responded. Only one district responded "yes" that they sought a sales tax refund over the last 5 years; one district responded "don't know" and the remaining 63 districts responded "no."

According to the Department of Revenue, only one soil and water conservation district has applied for a sales tax refund over the last three years for an amount of $1,600.[1] Thirty counties also responded to the DSWC survey providing FY 2011-12 and FY 2012-13 financial information.[2] Based on the survey information, Fiscal Research estimates that the financial impact of HB 558 could reduce General Fund Availability from $5,000 to $10,000.

Most of the districts operate under a local government and participate in their county's annual financial reporting process. Some of these soil and water conservation districts receive a sales tax refund through their respective county governments.

A smaller percentage of districts operate as stand-alone entities or departments. Their budget process is similar to county government in that they too are subject to the Local Government Budget and Fiscal Control Act (LGBFCA). These soil and water conservation districts, however, because of the absence of county government oversight do not receive a sales tax refund. Representatives from the North Carolina Association of Soil and Water Conservation Districts estimate that the sales tax refund provided in HB 558 would apply to roughly 10-30 districts.

The sales tax refund for regional jails applies to those created pursuant to G.S. 153A-219. Two facilities, Albemarle District Jail (a joint project between Camden, Perquimans and Pasquotank counties) and Bertie-Martin Regional Jail (a joint project between Bertie and Martin counties), would qualify for the newly enacted sales and use tax refund should the bill become law.

---

[1] Explanation of sales tax refund denial as provided by the North Carolina Department of Revenue: soil and water conservation districts are currently ineligible under G.S. 105-164.14(c) as a governmental entity eligible for a refund of North Carolina's sales and use tax. A soil and water conservation district is created by Chapter 139 of the North Carolina General Statute[s]. Soil and water conservation districts are not on the list of eligible organization types to receive a sales tax refund under G.S. 105-164.14(c).

[2] Avery, Burke, Carteret, Cherokee, Clay, Davidson, Durham, Edgecombe, Franklin, Gates, Graham, Granville, Harnett, Haywood, Hoke, Iredell, Johnston, Lee, Mecklenburg, Mitchell, New Hanover, New River (Ashe), Pender, Polk, Robeson, Stokes, Swain, Wake, Warren, Wilkes

The sales tax refund under G.S. 105-164.14(c)(26) for regional jails of HB 558 will reduce General Fund availability and local government revenues. The fiscal impact is unknown.

SOURCES OF DATA: NC Department of Agriculture and Consumer Services (NCDA&CS), NC Department Environment and Natural Resources (DENR), and North Carolina Department of Revenue.

A BILL TO BE ENTITLED

AN ACT TO RESTORE THE FIREARMS RIGHTS OF CERTAIN PERSONS WHO WERE CONVICTED OF NONVIOLENT FELONIES BEFORE DECEMBER 1, 1995, AND WHOSE FIREARMS RIGHTS HAD BEEN RESTORED BEFORE DECEMBER 1, 1995, TO INCREASE THE FEE TO PETITION FOR THE RESTORATION OF FIREARMS RIGHTS, AND TO ADD TO THE LIST OF OFFENSES INELIGIBLE FOR EXPUNCTION CERTAIN FELONY BREAKING AND ENTERING OFFENSES, AND ANY OFFENSE THAT IS AN ATTEMPT TO COMMIT AN OFFENSE THAT IS NOT ELIGIBLE FOR EXPUNCTION.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 14-415.1 is amended by adding a new subsection to read:

"(f) This section does not apply to, there is no disentitlement under this section for, and the firearms rights as defined in 14-415.4 are restored to any person who satisfies all of the following criteria:

(1) The person's firearms rights were restored prior to December 1, 1995, and the forfeiture of the person's firearms rights on December 1, 1995, occurred only because amendments to G.S. 14-415.1, enacted by S.L. 1995-487 and applicable to any person convicted of a felony before December 1, 1995, became effective.

(2) The person's felony convictions prior to December 1, 1995, are only for nonviolent felonies as defined in G.S. 14-415.4.

(3) The person has not been convicted of any subsequent felony on or after December 1, 1995, that would require forfeiture of the person's firearms rights and cause the person to be disentitled under this section."

SECTION 2. G.S. 14-415.4(k) reads as rewritten:

"(k) Fee. – A person who files a petition for restoration of firearms rights under this section shall pay the clerk of court a fee of ~~two hundred dollars ($200.00)~~ two hundred fifty dollars ($250.00) at the time the petition is filed. Fees collected under this subsection shall be deposited in the General Fund. This subsection does not apply to petitions filed by an indigent."

SECTION 3. G.S. 15A-145.5(a) reads as rewritten:

"(a) For purposes of this section, the term "nonviolent misdemeanor" or "nonviolent felony" means any misdemeanor or felony except the following:

(1) A Class A through G felony or a Class A1 misdemeanor.
(2) An offense that includes assault as an essential element of the offense.
(3) An offense requiring registration pursuant to Article 27A of Chapter 14 of the General Statutes, whether or not the person is currently required to register.
(4) Any of the following sex-related or stalking offenses: G.S. 14-27.7A(b), 14-190.7, 14-190.8, 14-190.9, 14-202, 14-208.11A, 14-208.18, 14-277.3, 14-277.3A, 14-321.1.
(5) Any felony offense in Chapter 90 of the General Statutes where the offense involves methamphetamines, heroin, or possession with intent to sell or deliver or sell and deliver cocaine.
(6) An offense under G.S. 14-12.12(b), 14-12.13, or 14-12.14, or any offense for which punishment was determined pursuant to G.S. 14-3(c).
(7) An offense under G.S. 14-401.16.
(7a) An offense under G.S. 14-54(a), 14-54(a1), 14-54.1, 14-55, or 14-56.
(8) Any felony offense in which a commercial motor vehicle was used in the commission of the offense.
(9) Any offense that is an attempt to commit an offense described in subdivisions (1) through (8) of this subsection."

SECTION 3. Sections 1 and 2 and of this act become effective October 1, 2014. Section 3 of this act becomes effective December 1, 2014, and applies to petitions filed on or after that date, but petitions filed prior to that date are not abated by this act.

HOUSE BILL 618:
Amend Firearm Restoration Law

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 11, 2014
Introduced by:	Reps. Speciale, Pittman	**Prepared by:**	Heather Fennell
Analysis of:	Fifth Edition		Committee Counsel

SUMMARY: ***House Bill 618 would restore firearms rights to persons whose rights were restored prior to December 1, 1995, but were subsequently forfeited because of the enactment of S.L. 1995-487; increase the fee for petitioning to restore firearms rights from $200 to $250; and would prohibit certain offenses from being eligible for expunction.***

CURRENT LAW: In 1995, S.L. 1995-487 was enacted and made changes to the firearms statutes in order to comply with the federal Brady Handgun Violence Prevention Act. The Session Law amended G.S. 14-415.1 to prohibit any person who was convicted of a felony in North Carolina before, on, or after December 1, 1995 from possessing a firearm. Consequently, individuals who had their rights restored prior to December 1, 1995, forfeited those rights.

Under certain circumstances, a person may petition for expunction of nonviolent misdemeanors and felonies. G.S. 15A-145.5(a) lists specific offenses that may not be expunged.

BILL ANALYSIS: House Bill 618 does all of the following:

Section 1: Those persons who had their firearms rights restored prior to December 1, 1995, but whose rights were removed by the enactment of S.L. 1995-487, may petition to have their rights restored if:

- The person's felony convictions that occurred prior to December 1, 1995, are only for nonviolent felonies, and
- The person has not been convicted of a subsequent felony on or after December 1, 1995, that would require forfeiture of his or her firearms rights.

Section 2: Raises the fee for petitioning for restoration of firearm rights from $200 to $250.

Section 3: Adds the following crimes to the list of offenses that are not eligible for expunction:

- The felony offense of breaking and entering.
- Breaking and entering a place of worship.
- Preparation to commit a burglary, or breaking and entering, by possession of a dangerous weapon, or a picklock or other implement of housebreaking.
- The felony offense of entering into or breaking out of railroad cars, motor vehicles, trailers, aircraft, boats, or other watercraft.
- Any offense that is an attempt to commit an offense that is not eligible for expunction.

EFFECTIVE DATE: Sections 1 and 2 and of this act become effective October 1, 2014. Section 3 of this act becomes effective December 1, 2014, and applies to petitions filed on or after that date, but petitions filed prior to that date are not abated by this act.

AMENDMENT NO. 1
(to be filled in by
Principal Clerk)

H1069-ARB-127 [v.2]

Comm. Sub. [YES]
Amends Title [NO]
Second Edition

Date _____,2014

Senator Rucho

moves to amend the bill on page 8, lines 31 through 33, by rewriting the lines to read:

"**PART VI: BOARD OF REVIEW FOR UNEMPLOYMENT INSURANCE**

SECTION 6.1.(a) G.S. 96-4(b) is repealed.

SECTION 6.1.(b) Article 2D of Chapter 96 of the General Statutes is amended by adding a new section to read:

"**§ 96-15.3. Board of Review.**

(a) Purpose. – The Board of Review is created to determine appeals policies and procedures and to hear appeals arising from the decisions and determinations of the Division. The Board of Review must exercise its decision-making processes independent of the Governor, the General Assembly, the Department, and the Division. The Department of Commerce must assign staff to the Board of Review.

(b) Members. – The Board of Review consists of three members appointed by the Governor and subject to confirmation by the General Assembly as provided in subsection (c) of this section. One member must be classified as representative of employees, one member must be classified as representative of employers, and one member must be classified as representative of the general public. The member appointed to represent the general public will serve as chair of the Board of Review and must be a licensed attorney in this State.

Members of the Board of Review serve staggered four-year terms. A term begins on July 1 of the year of appointment and ends on June 30 of the fourth year. No individual may serve more than two terms on the Board of Review, including any term served prior to the effective date of this section. In calculating the number of terms served, a partial term that is less than twenty-four months in length will not be included. The General Assembly must set the annual salaries of the Board of Review in the current Operations Appropriations Act.

(c) Confirmation. – Appointments of members to serve on the Board of Review are subject to confirmation by the General Assembly by joint resolution. The Governor must submit the name of the individual nominated by the Governor to be appointed to the Board of Review to the General Assembly for confirmation on or before May 1 of the year of the expiration of the term. If the General Assembly does not confirm the appointment by May 30, the office will be considered vacant and must be filled in accordance with subsection (d) of this section. The Governor may not re-submit the name of the nominee whom the General Assembly did not confirm for the office. If the Governor fails to timely submit a nomination, the General Assembly will appoint to fill the succeeding term upon the joint recommendation

of the President Pro Tempore of the Senate and the Speaker of the House of Representatives in accordance with G.S. 120-121.

(d) Vacancies. – A vacancy in an office of the Board of Review prior to the expiration of the term of office must be filled in accordance with this subsection. The Governor must submit the name of the individual to be appointed to fill the vacancy for the remainder of the unexpired term within 30 days after the vacancy arises to the General Assembly for confirmation by the General Assembly. If the General Assembly does not confirm the appointment within 30 days after the General Assembly receives the nomination, the office will be considered vacant and must be filled in accordance with this subsection. The Governor may not re-submit the name of the nominee whom the General Assembly did not confirm for the vacancy. If the Governor fails to timely submit a nomination, the General Assembly will appoint to fill the vacancy upon the joint recommendation of the President Pro Tempore of the Senate and the Speaker of the House of Representatives in accordance with G.S. 120-121.

If a vacancy in an office arises or exists when the General Assembly is not in session, and the appointment is deemed urgent by the Governor, the Governor may appoint an individual to that office to serve on an interim basis pending confirmation by the General Assembly. The Governor must submit the name of the individual serving on an interim basis to the General Assembly for confirmation within 14 days of the date the General Assembly convenes or reconvenes the next Regular Session. If the Governor fails to timely submit the nomination, the General Assembly will appoint to fill the vacancy upon the joint recommendation of the President Pro Tempore of the Senate and the Speaker of the House of Representatives in accordance with G.S. 120-121. For the purpose of this subsection, the General Assembly is not in session only (i) prior to convening of the Regular Session, (ii) during any adjournment of the Regular Session for more than 10 days, and (iii) after sine die adjournment of the Regular Session."

SECTION 6.1.(c) This section becomes effective July 1, 2014.

SECTION 6.2.(a) Section 4.1 of S.L. 2011-401 provided that the Board of Review, established by that act under G.S. 96-4(b), was to be appointed by November 15, 2011. Members appointed to the Board of Review pursuant to G.S. 96-4(b) are subject to confirmation by the General Assembly. The Board of Review was not appointed by June 30, 2013. Section 21 of S.L. 2013-224 directed the Governor to appoint members to the Board of Review by September 1, 2013, and provided that notwithstanding G.S. 96-4(b), the appointments made pursuant to S. L. 2013-224 did not require General Assembly confirmation. The Board of Review was not appointed by September 1, 2013, and therefore the provisions of Section 21 of S.L. 2013-224 no longer apply. The names of the individuals appointed by the Governor in December 2013 to serve on the Board of Review have not been submitted by the Governor to the General Assembly for confirmation as required by G.S. 96-4(b) and those appointments have not been confirmed by the General Assembly.

SECTION 6.2.(b) Section 21 of S.L. 2013-224 is repealed.

SECTION 6.2.(c) To achieve the staggered terms for the members of the Board of Review in accordance with G.S. 96-15.3, as enacted by this Part, and notwithstanding the appointment provisions in G.S. 96-4(b), as repealed by this Part, and in G.S. 96-15.3, as enacted by this Part, the individuals appointed by the Governor in December 2013 to serve as

members of the Board of Review may serve as members of the Board of Review, as provided in this section:

(1) Keith Holliday is designated as the member serving on the Board of Review that represents employers. The term of the member serving on the Board of Review that represents employers expires June 30, 2014. The Governor must fill this expired term in accordance with G.S. 96-15.3(d), as enacted by this Part, as if the office for the term that begins July 1, 2014, is a vacancy.

(2) Stanley Campbell is designated as the member serving on the Board of Review that represents employees. The term of the member serving on the Board of Review that represents employees expires June 30, 2015. The Governor must fill this expired term in accordance with G.S. 96-15.3(c), as enacted by this Part.

(3) Jeanette Doran is the member serving on the Board of Review that represents the general public. The term of the member serving on the Board of Review that represents the general public expires June 30, 2017. The Governor must fill this expired term in accordance with G.S. 96-15.3(c), as enacted by this Part.

SECTION 6.2.(d) This section is effective when it becomes law.

SECTION 6.3.(a) The following decisions in an appeal by a party to a decision of an appeals referee or hearing officer under Chapter 96 of the General Statutes are hereby validated and given the same legal effect as if those decisions had been issued by the Board of Review:

(1) Decisions issued by the Assistant Secretary of Commerce for the Division of Employment Security or by the Secretary of Commerce's designee.

(2) Decisions issued by the three individuals appointed by the Governor in December 2013 to serve as members of the Board of Review.

SECTION 6.3.(b) This section is effective when it becomes law, and subsection (b) applies to decisions rendered on or after November 1, 2011, and before July 1, 2014.

PART VII: EFFECTIVE DATE

SECTION 7.1. Except as otherwise provided, this act is effective when it becomes law.".

HOUSE BILL 1069*
Committee Substitute Favorable 6/4/14

Short Title: Unemployment Insurance Law Changes. (Public)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO AMEND THE UNEMPLOYMENT INSURANCE LAWS, AS RECOMMENDED BY THE JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON UNEMPLOYMENT INSURANCE.

Whereas, the confidentiality of unemployment insurance information is governed by federal regulations at 20 C.F.R. Part 603; and

Whereas, the United States Department of Labor has notified the State that certain practices of the Department of Commerce, Division of Employment Security, are not in compliance with federal confidentiality requirements; and

Whereas, this lack of compliance could jeopardize the State's Title III grant funding and affect the federal Unemployment Tax Act tax rate of the State's employers; and

Whereas, the United States Department of Labor recommends that the General Assembly adopt legislation to ensure the State's compliance with federal law and regulations; Now, therefore,

The General Assembly of North Carolina enacts:

PART I: CONFIDENTIALITY OF UI INFORMATION

SECTION 1.1.(a) G.S. 96-4(x) reads as rewritten:

"(x) Confidentiality of Records, Reports, and Information Obtained from Claimants, Employers, and Units of Government. – ~~Disclosure~~ For purposes of this Chapter, the term "confidential information" means any unemployment compensation information in the records of the Division of Employment Security that pertains to the administration of the Employment Security Law that is required to be kept confidential under 20 C.F.R. Part 603, including claim information and any information that reveals the name or any identifying particular about any individual or any past or present employer or employing unit, or that could foreseeably be combined with other publicly available information to reveal any such particulars.

Confidential information is exempt from the public records disclosure requirements of Chapter 132 of the General Statutes. Confidential information may be disclosed only as permitted in this subsection. Any disclosure and redisclosure of confidential information ~~shall~~ must be consistent with 20 C.F.R. Part 603 and any written guidance promulgated and issued by the U.S. Department of Labor consistent with this regulation and any successor regulation. To the extent a disclosure or redisclosure of confidential information is permitted or required by this federal regulation, the Department's authority to disclose or redisclosure the information includes the following:

(1) Confidentiality of Information Contained in Records and Reports. – (i) Except as hereinafter otherwise provided, it shall be unlawful for any person

to obtain, disclose, or use, or to authorize or permit the use of any information which is obtained from an employer, individual, or unit of government pursuant to the administration of this Chapter or G.S. 108A-29. (ii) Any claimant or employer or their legal representatives shall be supplied with information from the records of the Division to the extent necessary for the proper presentation of claims or defenses in any proceeding under this Chapter. Notwithstanding any other provision of law, any claimant may be supplied, subject to restrictions as the Division may by regulation prescribe, with any information contained in his payment record or on his most recent monetary determination, and any individual, as well as any interested employer, may be supplied with information as to the individual's potential benefit rights from claim records. (iii) Subject to restrictions as the Secretary may by regulation provide, information from the records of the Division may be made available to any agency or public official for any purpose for which disclosure is required by statute or regulation. (iv) The Division may, in its sole discretion, permit the use of information in its possession by public officials in the performance of their public duties. (v) The Division shall release the payment and the amount of unemployment compensation benefits upon receipt of a subpoena in a proceeding involving child support. (vi) The Division shall furnish to the State Controller any information the State Controller needs to prepare and publish a comprehensive annual financial report of the State or to track debtors of the State. (vii) The Secretary may disclose or authorize redisclosure of any confidential information to an individual, agency, or entity, public or private, consistent with the requirements enumerated in 20 C.F.R. Part 603 or any successor regulation and any written guidance promulgated and issued by the U.S. Department of Labor consistent with 20 C.F.R. Part 603. (viii) The Division may disclose final decisions and the records of the hearings that led to those decisions only after the expiration of the appeal rights as provided under G.S. 96-15.

...."

SECTION 1.1.(b) G.S. 132-1.1 is amended by adding a new subsection to read:

"(h) Employment Security Information. – Confidential information obtained, compiled, or maintained by the Division of Employment Security may not be disclosed except as provided in G.S. 96-4. As used in this subsection, the term "confidential information" has the same meaning as in G.S. 96-4(x)."

SECTION 1.1.(c) The Department of Commerce, Division of Employment Security, shall immediately take any action necessary to implement this Part. On or before September 1, 2014, the Division of Employment Security shall report to the Joint Legislative Oversight Committee on Unemployment Insurance on the status of the implementation of this Part."

PART II: AUTHORIZING DMV TO DISCLOSE SOCIAL SECURITY NUMBERS; REQUIRING UI CLAIMANTS TO CONTACT FIVE POTENTIAL EMPLOYERS PER WEEK; AND ELIMINATING THE PROCEDURE TO REQUEST RECONSIDERATION OF DECISIONS.

SECTION 2.1. G.S. 20-7(b2) reads as rewritten:

"(b2) Disclosure of Social Security Number. – The social security number of an applicant is not a public record. The Division may not disclose an applicant's social security number except as allowed under federal law. A violation of the disclosure restrictions is punishable as provided in 42 U.S.C. § 408, and amendments to that law.

In accordance with 42 U.S.C. 405 and 42 U.S.C. 666, and amendments thereto, the Division may disclose a social security number obtained under subsection (b1) of this section only as follows:

(1) For the purpose of administering the drivers license laws.

(2) To the Department of Health and Human Services, Child Support Enforcement Program for the purpose of establishing paternity or child support or enforcing a child support order.

(3) To the Department of Revenue for the purpose of verifying taxpayer identity.

(4) To the Office of Indigent Defense Services of the Judicial Department for the purpose of verifying the identity of a represented client and enforcing a court order to pay for the legal services rendered.

(5) To each county jury commission for the purpose of verifying the identity of deceased persons whose names should be removed from jury lists.

(6) To the Office of the State Controller for the purposes of G.S. 143B-426.38A.

(7) To the Department of Commerce, Division of Employment Security, for the purpose of verifying employer and claimant identity."

SECTION 2.2.(a) G.S. 96-9.2(c) reads as rewritten:

"(c) Contribution Rate for Experience-Rated Employer. – The contribution rate for an experience-rated employer who does not qualify as a beginning employer under subsection (b) of this section is determined in accordance with the table set out below and then rounded to the nearest one-hundredth percent (0.01%), subject to the minimum and maximum contribution rates. The minimum contribution rate is six-hundredths of one percent (0.06%). The maximum contribution rate is five and seventy-six hundredths percent (5.76%). "Total insured wages" are the total wages reported by all insured employers for the 12-month period ending on ~~July 31~~ June 30 preceding the computation date. An employer's experience rating is computed as a reserve ratio in accordance with G.S. 96-9.4. An employer's reserve ratio percentage (ERRP) is the employer's reserve ratio multiplied by sixty-eight hundredths. A positive ERRP produces a lower contribution rate, and a negative ERRP produces a higher contribution rate.

...."

SECTION 2.2.(b) This section is effective when it becomes law and applies to contributions payable for calendar quarters beginning on or after January 1, 2014.

SECTION 2.3.(a) G.S. 96-14.9(e) reads as rewritten:

"(e) Actively Seeking Work. – The Division's determination of whether an individual is actively seeking work is based upon the following:

(1) The individual is registered for employment services, as required by the Division.

(2) The individual has engaged in an active search for employment that is appropriate in light of the employment available in the labor market and the individual's skills and capabilities.

(3) The individual has ~~sought work on at least two different days during the week and~~ made at least ~~two~~ five job contacts with potential ~~employers.~~employers during the week.

(4) The individual has maintained a record of the individual's work search efforts. The record must include the potential employers contacted, the method of contact, and the date contacted. The individual must provide the record to the Division upon request."

SECTION 2.3.(b) This section becomes effective July 1, 2014, and applies to claims for benefits filed on or after that date.

SECTION 2.4.(a) G.S. 96-15(h) reads as rewritten:

"(h) Judicial Review. – ~~Any~~ A decision of the ~~Division, in the absence of judicial review as herein provided, or in the absence of an interested party filing a request for reconsideration, shall become~~ Board of Review becomes final 30 days after the date of ~~notification or~~ mailing ~~thereof, whichever is earlier.~~ unless a party to the decision seeks judicial review as provided in this subsection. Judicial review ~~shall be~~ is permitted only after a party claiming to be aggrieved by the decision has exhausted ~~his remedies before the Division as provided in this Chapter~~ the remedies provided in this Chapter and has filed a petition for review in the superior court of the county in which ~~he~~ the petitioner resides or ~~has his~~ the county in which the petitioner's principal place of ~~business.~~ business is located. The petition for review ~~shall~~ must explicitly state what exceptions are taken to the decision or procedure ~~of the Division~~ and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the petitioner ~~shall~~ must serve copies of the petition by personal service or by certified mail, return receipt requested, upon the Division and upon all parties of record to the Division proceedings. The Division must furnish the petitioner the names ~~Names~~ and addresses of the parties ~~shall be furnished to the petitioner by the Division~~ upon request. The Division ~~shall be deemed to be~~ is a party to any judicial action involving any of its decisions and may be represented in the judicial action by any qualified attorney who has been designated by it for that purpose. Any questions regarding the requirements of this subsection concerning the service or filing of a petition ~~shall~~ must be determined by the superior court. Any party to the Division proceeding may become a party to the review proceeding by notifying the court within 10 days after receipt of the copy of the petition. Any person aggrieved may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24.

Within 45 days after receipt of the copy of the petition for review or within such additional time as the court may allow, the Division ~~shall~~ must transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. With the permission of the court the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for ~~such~~ the additional cost ~~as is occasioned~~ incurred by the refusal. The court may require or permit subsequent corrections or additions to the record when ~~deemed~~ the court considers the changes desirable."

SECTION 2.4.(b) This section becomes effective July 1, 2014, and applies to decisions made on or after that date.

SECTION 2.5.(a) G.S. 96-3 reads as rewritten:

"**§ 96-3. Division of Employment Security.**

The Division of Employment Security (DES) is created within the Department of Commerce and shall administer the provisions of this Chapter under the supervision of the Assistant Secretary of ~~Commerce~~ Commerce. ~~through two coordinate sections: the Employment Security Section and the Employment Insurance Section. The Employment Security Section shall administer the employment services functions of the Division. The Employment Insurance Section shall administer the unemployment taxation and assessment functions of the Division.~~"

SECTION 2.5.(b) G.S. 96-4(j) reads as rewritten:

"(j) Hearings. – The Assistant Secretary shall appoint hearing officers or appeals referees to hear contested matters arising from the ~~Employment Security Section and the Employment Insurance Section.~~ Division of Employment Security. Appeals from the decisions of the hearing officers or appeals referees shall be heard by the Board of Review."

SECTION 2.5.(c) G.S. 96-9.15(f) reads as rewritten:

"(f) Domestic Employer Exception. – The Division may authorize an employer of domestic service employees to file an annual report and to file that report by telephone. An annual report allowed under this subsection is due on or before the last day of the month following the close of the calendar year in which the wages are paid. A domestic service employer that files a report by telephone must contact either the tax auditor assigned to the

employer's account or the ~~Employment Insurance Section~~ Division of Employment Security in Raleigh and report the required information to that auditor or to that section by the date the report is due."

PART III: GARNISHMENT AND ATTACHMENT FOR THE COLLECTION OF UNPAID UI TAXES

SECTION 3.1.(a) G.S. 1-359 reads as rewritten:

"**§ 1-359. Debtors of judgment debtor may satisfy execution.**

(a) After the issuing of an execution against property, all persons indebted to the judgment debtor, or to any one of several debtors in the same judgment, may pay to the sheriff the amount of their debt, or as much thereof as is necessary to satisfy the execution; and the sheriff's receipt is a sufficient discharge for the amount paid.

(b) When the Division of Employment Security of the Department of Commerce (Division) prevails in a civil action against an employer to collect unpaid employment taxes under G.S. 96-10(b), the Division may attach or garnish the employer's credit card receipts in payment of the unpaid taxes in the manner provided by subsection (a) of this section. Direct receipt by the Division is a sufficient discharge for the amount paid by a credit card company or clearinghouse."

SECTION 3.1.(b) G.S. 96-10(b)(1) reads as rewritten:

"(b) Collection. –

(1) If, after due notice, any employer defaults in any payment of contributions or interest thereon, the amount due shall be collected by civil action in the name of the Division, and the employer adjudged in default shall pay the costs of such action. Civil actions brought under this section to collect contributions or interest thereon from an employer shall be heard by the court at the earliest possible date, and shall be entitled to preference upon the calendar of the court over all other civil actions, except petitions for judicial review under this Chapter and cases arising under the Workers' Compensation Law of this State; or, if any contribution imposed by this Chapter, or any portion thereof, and/or penalties duly provided for the nonpayment thereof shall not be paid within 30 days after the same become due and payable, and after due notice and reasonable opportunity for hearing, the Division, under the hand of the Assistant Secretary, may certify the same to the clerk of the superior court of the county in which the delinquent resides or has property, and additional copies of said certificate for each county in which the Division has reason to believe the delinquent has property located. If the amount of a delinquency is less than fifty dollars ($50.00), the Division may not certify the amount to the clerk of court until a field tax auditor or another representative of the Division personally contacts, or unsuccessfully attempts to personally contact, the delinquent and collect the amount due. A certificate or a copy of a certificate forwarded to the clerk of the superior court shall immediately be docketed and indexed on the cross index of judgments, and from the date of such docketing shall constitute a preferred lien upon any property which said delinquent may own in said county, with the same force and effect as a judgment rendered by the superior court. The Division shall forward a copy of said certificate to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the Division, and when so forwarded and in the hands of such sheriff or agent of the Division, shall have all the force and effect of an execution issued to such sheriff or agent of the Division by the clerk of the superior court upon a judgment of the superior court duly docketed in said county.

Provided, however, the Division may in its discretion withhold the issuance of said certificate or execution to the sheriff or agent of the Division for a period not exceeding 180 days from the date upon which the original certificate is certified to the clerk of superior court. The Division is further authorized and empowered to issue alias copies of said certificate or execution to the sheriff or sheriffs of such county or counties, or to a duly authorized agent of the Division in all cases in which the sheriff or duly authorized agent has returned an execution or certificate unsatisfied; when so issued and in the hands of the sheriff or duly authorized agent of the Division, such alias shall have all the force and effect of an alias execution issued to such sheriff or duly authorized agent of the Division by the clerk of the superior court upon a judgment of the superior court duly docketed in said county. Provided, however, that notwithstanding any provision of this subsection, upon filing one written notice with the Division, the sheriff of any county shall have the sole and exclusive right to serve all executions and make all collections mentioned in this subsection and in such case no agent of the Division shall have the authority to serve any executions or make any collections therein in such county. A return of such execution, or alias execution, shall be made to the Division, together with all moneys collected thereunder, and when such order, execution, or alias is referred to the agent of the Division for service the said agent of the Division shall be vested with all the powers of the sheriff to the extent of serving such order, execution or alias and levying or collecting thereunder. The agent of the Division to whom such order or execution is referred shall give a bond not to exceed three thousand dollars ($3,000) approved by the Division for the faithful performance of such duties. The liability of said agent shall be in the same manner and to the same extent as is now imposed on sheriffs in the service of executions. If any sheriff of this State or any agent of the Division who is charged with the duty of serving executions shall willfully fail, refuse, or neglect to execute any order directed to him by the said Division and within the time provided by law, the official bond of such sheriff or of such agent of the Division shall be liable for the contributions, penalty, interest, and costs due by the employer. Any judgment that is executable and allowed under this section shall be subject to attachment and garnishment under G.S. 1-359(b) in payment of unpaid taxes that are due from the employer and collectable under this Article."

PART IV: SET THE DURATION OF UNEMPLOYMENT BENEFITS BASED ONLY ON UNEMPLOYMENT RATES

SECTION 4.1.(a) G.S. 96-14.4 is repealed.

SECTION 4.1.(b) G.S. 96-14.3 reads as rewritten:

"**§ 96-14.3. ~~Minimum and maximum duration~~ Duration of benefits.**

(a) Duration. – The ~~minimum and maximum~~ number of weeks an individual is allowed to receive unemployment benefits depends on the seasonal adjusted statewide unemployment rate that applies to the six-month base period in which the claim is filed. One six-month base period begins on January 1 and one six-month base period begins on July 1. For the base period that begins January 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of July, August, and September applies. For the base period that begins July 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of January, February, and March applies. The Division must use the most recent seasonal adjusted unemployment rate determined by the U.S. Department of Labor, Bureau of

Labor Statistics, and not the rate as revised in the annual benchmark. ~~The number of weeks allowed for an individual is determined in accordance with G.S. 96-14.4.~~

Seasonal Adjusted Unemployment Rate	~~Minimum Number of Weeks~~	~~Maximum~~ Number of Weeks
Less than or equal to 5.5%	~~5~~	12
Greater than 5.5% up to 6%	~~6~~	13
Greater than 6% up to 6.5%	~~7~~	14
Greater than 6.5% up to 7%	~~8~~	15
Greater than 7% up to 7.5%	~~9~~	16
Greater than 7.5% up to 8%	~~10~~	17
Greater than 8% up to 8.5%	~~11~~	18
Greater than 8.5% up to 9%	~~12~~	19
Greater than 9%	~~13~~	20

(b) Total Benefits. – The total benefits paid to an individual equals the individual's weekly benefit amount allowed under G.S. 96-14.2 multiplied by the number of weeks allowed under subsection (a) of this section."

SECTION 4.1.(c) G.S. 96-14.12(b) reads as rewritten:

"(b) Duration of Benefits. – This subsection applies to an individual and the spouse of an individual who is unemployed based on services performed for a corporation in which the individual held five percent (5%) or more of the outstanding shares of the voting stock of the corporation. The maximum number of weeks an individual or an individual's spouse may receive benefits is ~~limited to the lesser of~~ six ~~weeks or the applicable weeks determined under G.S. 96-14.4.~~weeks."

SECTION 4.1.(d) G.S. 96-16(f) reads as rewritten:

"(f) (1) A seasonal worker shall be eligible to receive benefits based on seasonal wages only for a week of unemployment which occurs, or the greater part of which occurs within the active period or periods of the seasonal pursuit or pursuits in which he earned base period wages.

(2) A seasonal worker shall be eligible to receive benefits based on nonseasonal wages for any week of unemployment which occurs during any active period or periods of the seasonal pursuit in which he has earned base period wages provided he has exhausted benefits based on seasonal wages. Such worker shall also be eligible to receive benefits based on nonseasonal wages for any week of unemployment which occurs during the inactive period or periods of the seasonal pursuit in which he earned base period wages irrespective as to whether he has exhausted benefits based on seasonal wages.

(3) The maximum amount of benefits which a seasonal worker shall be eligible to receive based on seasonal wages shall be an amount, adjusted to the nearest multiple of one dollar ($1.00), determined by multiplying the maximum benefits payable in his benefit year, as provided in ~~G.S. 96-14.4,~~ G.S. 96-14.3, by the percentage obtained by dividing the seasonal wages in his base period by all of his base period wages.

(4) The maximum amount of benefits which a seasonal worker shall be eligible to receive based on nonseasonal wages shall be an amount, adjusted to the nearest multiple of one dollar ($1.00), determined by multiplying the maximum benefits payable in his benefit year, as provided in ~~G.S. 96-14.4,~~ G.S. 96-14.3, by the percentage obtained by dividing the nonseasonal wages in his base period by all of his base period wages.

(5) In no case shall a seasonal worker be eligible to receive a total amount of benefits in a benefit year in excess of the maximum benefits payable for such benefit year, as provided in ~~G.S. 96-14.4.~~G.S. 96-14.3."

SECTION 4.1.(e) This section becomes effective July 1, 2014. Changes made by this section to unemployment benefits apply to claims for benefits filed on or after July 1, 2014.

PART V: REQUIRE PHOTO IDENTIFICATION TO RECEIVE UI BENEFITS

SECTION 5.1. G.S. 96-14.9 reads as rewritten:

"**§ 96-14.9. Weekly certification.**

(a) Requirements. – An individual's eligibility for a weekly benefit amount is determined on a week-to-week basis. An individual must meet all of the requirements of this section for each weekly benefit period. An individual who fails to meet one or more of the requirements is ineligible to receive benefits until the condition causing the ineligibility ceases to exist:

(1) File a claim for benefits.

(2) Report ~~at an employment office~~ as requested by the ~~Division.~~Division and present valid photo identification meeting the requirements of subsection (k) of this section.

(3) Meet the work search requirements of subsection (b) of this section.

...

(k) Photo Identification. – The individual must present the Division one of the following documents bearing the individual's photograph:

(1) A drivers license, learner's permit, provisional license, or nonoperators identification card issued by North Carolina, another state, the District of Columbia, United States territory, or United States commonwealth.

(2) A United States passport.

(3) A United States military identification card.

(4) A Veterans Identification Card issued by the United States Department of Veterans Affairs.

(5) A tribal enrollment card issued by a federally recognized tribe.

(6) Any other document issued by the United States or any state that the Division determines adequately identifies the individual."

PART VI: EFFECTIVE DATE

SECTION 6.1. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 1069:
Unemployment Insurance Law Changes

2013-2014 General Assembly

Committee:		**Date:**	June 10, 2014
Introduced by:	Reps. Howard, Warren, Arp	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1069[1] would make the following changes to the unemployment insurance (UI) laws as recommended by the Joint Legislative Oversight Committee on Unemployment Insurance:***

- ***Clarify that UI claim information is confidential unless the disclosure is permitted by federal regulation, and would exempt UI information from the public records disclosure requirements of Chapter 132 of the General Statutes.***
- ***Authorize the Division of Motor Vehicles (DMV) to disclose social security numbers to Division of Employment Security (DES) for the purpose of verifying employer and claimant identity; require UI claimants to contact 5 potential employers per week; eliminate the procedure to request reconsideration of DES decisions; and make other technical changes to modernize language and fix statutory references to DES.***
- ***Clarify DES authority to garnish and attach the credit card receipts of delinquent taxpayers.***
- ***Eliminate the variable range for UI duration and base the duration of UI benefits only on the unemployment rate. Under the proposal, all UI claimants would receive the maximum number of weeks of UI benefits currently allowed.***
- ***Require photo identification to receive UI benefits.***

PART I: CONFIDENTIALITY OF UI INFORMATION

CURRENT LAW: The Employment Security Law, Chapter 96, currently provides for disclosure of UI information only as permitted or required by Federal regulations. UI information is not specifically exempted from the public records disclosure requirements of Chapter 132 of the General Statutes.

BILL ANALYSIS:

Section 1.(a) of the bill would define "confidential information" in G.S. 96-4(x) to mean:

- Any information in the records of DES relating to the administration of the UI Law that is confidential under Federal regulations.
- Claim information as defined in the Federal regulations, including any information that might identify a claimant, employer, or employing unit in an UI matter.

This section would exempt confidential information from the public records disclosure requirements of G.S. Chapter 132. Finally, this section would amend G.S. 96-4(x) to authorize DES to disclose final decisions of appeals proceedings and the records of those hearings that led to the final decisions.

[1] As introduced, this bill was identical to S759, as introduced by Sens. Rucho, Clark, which is currently in Senate Finance.

Section 1.(b) would amend G.S. 132-1.1 to exempt confidential UI information from the disclosure requirements of the Public Records Law.

Section 1.(c) of the bill would direct DES to take immediate action to comply with the provisions of the bill.

BACKGROUND: DES generates notices of hearing to inform claimants and employers in UI cases of the date and time of scheduled appeals before an Appeals Referee. In 2004, DES received a request under the Public Records Law for access to those notices, and DES began making the notices available on a daily basis to those who requested them and paid a fee as allowed under Chapter 132 of the General Statutes.

In February 2014, DES announced that the hearing notices would be made available only three times monthly and that the fee would be increased. A lawsuit[2] was filed in Wake County Superior Court, alleging that the agency's practice violated the Public Records Law. Subsequently, a temporary restraining order and preliminary injunction were issued, ordering DES to continue providing the notices of hearing until the case could be tried.

Confidentiality of UI information is governed by Federal regulations at 20 C.F.R. Part 603. After learning of the agency's practice, in a letter dated March 7, 2014, the US Department of Labor (USDOL) officially notified DES that it must cease providing the hearing notices.[3] USDOL stated that such disclosure constitutes a failure to comply with Federal laws and regulations relating to confidentiality of UI information. The USDOL letter states that State law conforms to Federal requirements, but that the DES practices did not comply with Federal law. The letter also stated that continuing to provide the notices would jeopardize the State's receipt of Title III grant funds, which funds the administrative operations of the State's UI program.

USDOL sent a follow-up letter to DES on April 25, 2014,[4] reiterating its position that DES practice of providing notices of UI appeals hearings raises "several issues of substantial compliance with Federal law requirements," and again instructing DES to immediately cease that practice. The USDOL letter stated that "[t]o be in substantial compliance with Federal law, DES must cease the practice of providing notice of appeals hearings to attorneys who do not already represent a claimant or an employer, and provide assurances that the practice has stopped and will not be resumed," and that DES must request that recipients of confidential UI information either destroy that information or return it to DES. The USDOL made clear that "DES has an affirmative duty to explore all avenues to comply with Federal law, including through the court system with the current proceedings, but also potentially via legislative remedy...." USDOL recommended that although the provisions of G.S. 96-4(x) conform to Federal law and regulations, the State's Public Records Law should be amended to exempt UI information from public records disclosures.

PART II: AUTHORIZING DMV TO DISCLOSE SOCIAL SECURITY NUMBERS; REQUIRING UI CLAIMANTS TO CONTACT 5 POTENTIAL EMPLOYERS PER WEEK; AND ELIMINATING THE PROCEDURE TO REQUEST RECONSIDERATION OF DECISIONS.

---

[2] Monica Wilson and Wilson Law Group PLLC v. North Carolina Department of Commerce; NC Department of Commerce, Division of Employment Security; Sharon Allred Decker, in her capacity as Secretary of Commerce; and Dale R. Folwell, in his capacity as Assistant Secretary of Employment Security, Wake County General Court of Justice 14 CvD 2499 (filed Feb 28, 2014).

[3] Letter dated March 7, 2014, from Gay M. Gilbert, Administrator, Office of Unemployment Insurance, U.S. Department of Labor.

[4] Letter dated April 25, 2014, from Gay M. Gilbert, Administrator, Office of Unemployment Insurance, U.S. Department of Labor.

CURRENT LAW: G.S. 20-7(b2) authorizes DMV to disclose social security numbers to a list of State entities subject to federal limitations. DMV obtained the social security numbers when a person applied for an identification card, learners permit, or driver's license.

G.S. 96-14.9(e) requires UI claimants to actively search for work while receiving UI benefits. The claimant must make 2 job contacts with potential employers on 2 different days during a week. G.S. 96-15(h) provides a procedure for parties to any decision of DES to request reconsideration of the decision. The decision is not final until the request for reconsideration has been decided.

BILL ANALYSIS: Section 1.1 would add DES to the list of State entities authorized to receive social security numbers from DMV. The social security numbers are disclosed for the purpose of verifying employer and claimant identity.

Section 2.2 would make a technical change to move the date for the calculation of tax rates for certain employers from July 31 to June 30. The calculation is based on a 12-month period, and June 30 is the end of the calendar quarter.

Section 2.3 would modify the work search requirement by increasing the number of job contacts to 5 per week and eliminating the requirement to search on 2 different days.

Section 2.4 would eliminate the procedure to request reconsideration of decisions of DES and modernize the language of G.S. 96-15(h).

Section 2.5 would correct 3 references to DES.

EFFECTIVE DATE: Section 2.2 would be effective for contributions payable for calendar quarters beginning on or after January 1, 2014. Sections 2.3 and 2.4 would be effective July 1, 2014.

PART III: GARNISHMENT AND ATTACHMENT FOR THE COLLECTION OF UNPAID UI TAXES

CURRENT LAW: DES is authorized by G.S. 96-10(b) to bring civil actions to collect delinquent UI taxes. G.S. 1-359 governs the manner in which debtors of a judgment debtor may satisfy an execution.

BILL ANALYSIS: The bill clarifies DES authority to use attachment and garnishment of credit card receipts to satisfy a judgment for unpaid employment taxes.

Section 3.1.(a) amends G.S. 1-359 to specifically allow DES to execute a judgment by attaching or garnishing a delinquent employer's credit card receipts and then receiving those funds directly from a credit card company or clearinghouse in discharge of the debt.

Section 3.1.(b) clarifies that, under G.S. 96-10(b)(1), DES may garnish or attach credit card receipts due an employer using the process for execution authorized by new G.S. 1-359(b) to receive direct payment.

BACKGROUND: DES is responsible for collecting unemployment taxes from employers who fail to remit unemployment tax payments. DES may use the same forms of execution available to any other judgment creditor who prevails against a defendant. Obtaining payment from a debtor's debtor is one such method.

PART IV: SET THE DURATION OF UNEMPLOYMENT BENEFITS BASED ONLY ON UNEMPLOYMENT RATES

CURRENT LAW: The duration of UI benefits is determined based on a formula in G.S. 96-14.4 and a table in G.S. 96-14.3. The formula in G.S. 96-14.4 was designed to reward UI claimants who have a higher attachment to the workforce by comparing base period wages and wages in the last 2 quarters. The formula resulted in some UI claimants receiving less than the maximum number of weeks of UI benefits allowed under the table. The table in G.S. 96-14.3 gives the minimum and maximum number of

weeks an individual is allowed to receive UI benefits depending on the seasonal adjusted statewide unemployment rate that applies to the six-month period in which the claim is filed.[5] The table follows:

Seasonal Adjusted Unemployment Rate	Minimum Number of Weeks	Maximum Number of Weeks
Less than or equal to 5.5%	5	12
Greater than 5.5% up to 6%	6	13
Greater than 6% up to 6.5%	7	14
Greater than 6.5% up to 7%	8	15
Greater than 7% up to 7.5%	9	16
Greater than 7.5% up to 8%	10	17
Greater than 8% up to 8.5%	11	18
Greater than 8.5% up to 9%	12	19
Greater than 9%	13	20

BILL ANALYSIS: The bill would eliminate the variable range for the duration of UI benefits and pay all UI claimants based on the maximum number of weeks currently allowed. The bill also makes conforming changes to statutory cross-references.

BACKGROUND: S.L. 2013-2 (House Bill 4), UI Fund Solvency & Program Changes, reduce the maximum duration of regular UI benefits from 26 weeks to 20 weeks and tied the duration of UI benefits to the seasonal adjusted unemployment rate under a table. S.L. 2013-2 did not change the formula setting a variable number of weeks based on attachment to the workforce. The interaction of the existing formula and the new table does not reduce benefits below 17 weeks – making the minimum number of weeks in the table inoperable below 17 weeks. The bill would remove the variable range and place all UI claimants at the maximum duration.

EFFECTIVE DATE: Part IV of the bill would be effective July 1, 2014 and apply to claims for UI benefits filed on or after July 1, 2014.

PART V: REQUIRE PHOTO IDENTIFICATION TO RECEIVE UI BENEFITS

CURRENT LAW AND BACKGROUND: DES administratively requires UI claimants present photo identification before receiving services. DES imposed the photo identification requirement to address fraudulent UI claims and create an audit trail. The photograph is evidence of the individual who committed fraud and aids prosecution of criminal offenses. USDOL supports program integrity measures such as requiring photo identification. USDOL provided a staff opinion that photo identification is a permissible eligibility requirement for UI claimants as part of the requirement to report to DES.

BILL ANALYSIS: The bill would add a new, statutory eligibility requirement to receive UI benefits that claimants must present photo identification. Valid photo identification requires the individual's photograph and must be one of the following documents:

- A driver's license, learner's permit, provisional license, or nonoperators identification card issued by North Carolina, another state, the District of Columbia, United States territory, or United States commonwealth.
- A United States passport.

---

[5] One six month base period begins on January 1 and one six month base period begins on July 1. For the base period that begins January 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of July, August, and September applies. For the base period that begins July 1, the average of the seasonal adjusted unemployment rates for the State for the preceding months of January, February, and March applies.

- A United States military identification card.
- A Veterans Identification Card issued by the United States Department of Veterans Affairs.
- A tribal enrollment card issued by a federally recognized tribe.
- Any other document issued by the United States or any state that the Division determines adequately identifies the individual.

PART VI: EFFECTIVE DATE

Except as otherwise provided, the PCS would become effective when it becomes law.

Cindy Avrette and Janice Paul with the Research Division and Phyllis Pickett with the Bill Drafting Division substantially contributed to this summary.

BILL SUMMARY:
This fiscal memo pertains only to Part III of the bill, which sets the duration of unemployment benefits to a single fixed duration for each specified unemployment rate. HB 4 provided for benefit durations based on a sliding scale depending on the unemployment rate. The maximum benefit durations range from 12 weeks when the unemployment rate is less than or equal to 5.5% to 20 weeks when the unemployment rate is greater than 9%. The maximum benefit duration increases or declines by one week for each one-half percent change in the unemployment rate.

For each specified unemployment rate range, there is a corresponding benefit duration range of 7 weeks. For example, when the maximum duration is 12 weeks, there is a range of 5 to 12 weeks for which the claimant may qualify. The exact duration depends on a formula that divides base period wages by the average wages of the most recent two quarters. This quotient is multiplied by 8.67 and the claimant qualifies for the resulting number of weeks, but not less than the minimum or more than the maximum duration.

ASSUMPTIONS AND METHODOLOGY:
The formula used to determine duration is based on the formula used prior to HB 4 when high-quarter wages, rather than an average of two quarters' wages, were used to determine weekly benefit amounts. As a result, the current formula does not yield results covering the full range of variable durations on the sliding scale. Claimants may receive benefits ranging from 17 to 20 weeks when the unemployment rate is 8% or higher; however, the formula does not yield results less than 17 weeks. If the unemployment rate is 8% or less, the maximum rate applies.

HB 1069 eliminates the range of weeks and assigns the maximum week for each corresponding unemployment rate. This is the same result that the formula would yield for unemployment rates of 8% or less. Because the unemployment rate used to determine the benefit duration beginning July 1, 2014 is projected to be between 6% and 6.5%, the change will have no fiscal impact. If the rate were to increase to greater than 8.5%, there would be a small impact to the UI Trust Fund; however, the simulation used to project the payoff date considered only maximum duration rates, so there is no impact on the payoff date for the UI Trust Fund debt.

Adjournment

Senate Committee on Finance
Thursday, June 19, 2014 at 8:30 AM
Room 643 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 8:30 AM on June 19, 2014 in Room 643 of the Legislative Office Building. Thirty-three members were present.

Senator Bob Rucho, Chair, presided.

HB 1080 - Watha Deannexation.

Senator Rabon was recognized to explain the bill which would deannex a parcel of land from the corporate limits of the Town of Watha. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 731 - Southport Occupancy Tax Modification.

Senator Rabon explained the bill which would modify the occupancy tax of the Town of Southport. Senator Rabin moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 846 - Shallotte Deannexations/Southport Occ Tax.

Senator Rabon was recognized to explain the bill and Senator Meredith moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS would deannex five tracts from the Town of Shallotte. Senator Curtis moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

HB 346 - Governing Bodies/Collect Unpaid Judgments.

Representative Faircloth was recognized to explain the bill. It authorizes additional methods of collecting final judgments awarding monetary damages against member of county commissions and city councils. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB - 1034 Volunteer Fire and Rescue Finances (PED).

Representative Howard was recognized to explain the bill and Senator Tillman moved to adopt the PCS for discussion. The motion carried. The bill implements the recommendations of a four-part series of reports published by the Program Evaluation Division by making changes to safety workers' relief funds, compensation, and supplemental pension funds, as well as by making changes to grant funds for fire and rescue departments. The PCS makes two changes in the bill. First, it adds a new

section that repeals a local act pertaining to the Mebane Firemen's Supplemental Retirement Fund at the request of the Mebane Fire Chief. Second, it clarifies the Volunteer Fire Department Fund grants for equipment and capital improvements must be used for purposes related to emergency medical services. Senator Apodaca moved for a favorable report and the motion carried. A copy of the PCS, the summary, the fiscal memo, and the retirement note is attached.

SB 729 - Coal Ash Management Act of 2014.

Senator Apodaca was recognized to explain the bill. It prohibits recovery of costs related to unlawful discharges from coal ash ponds, provides for comprehensive management of coal ash, issues moratoriums and a study on the use of coal ash a structural fill and the disposal of coal ash in landfills, strengthens the reporting and notification requirements in regards to wastewater discharges, and requires notification to DENR about emergency dam repairs and requires emergency act plans for certain dams as well as inspection of coal ash impoundment dams. It also transfers the solid waste rule-making authority from the Commission for Public Health to the Environmental Management Commission and provides the resources for implanting the law. Senator Curtis moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

SB 742 - Adjust the Utility Regulatory Fee.

Senator Hartsell was recognized to explain the bill which would allow the General Assembly to establish a different utility regulatory fee for the retail services of telecommunications providers that have elected to be regulated Under G.S. 62-133.5(h) or G.S. 62-133.5(m) and would set those rates for the 2015 and 2016 fiscal years. Senator Krawiec moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal memo is attached.

The meeting adjourned at 8:58 a.m.

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE TOWN OF WATHA.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate limits of the Town of Watha:

Located in Union Township, Pender County, North Carolina adjacent to and West of the paved centerline of U.S. Highway No. 117, adjacent to and East of the Eastern right-of-way line of Interstate Highway No. 40 and being more fully described as follows, to wit:

BEGINNING at a point in the paved centerline of U.S. Highway No. 117, said point being located along said line at a point that is North 32 degrees 40 minutes 32 seconds West 710.405 feet (said point having N.C. Grid Coordinates: N=334,595.63' & E=2,319,710.56' NAD 83/NSRS 2007) from N.C. Grid Monument "CHERRY" which as N.C. Grid Coordinates of N=333,997.65' & E=2,320,094.10 and CF=0.99992975.3 (NAD 83/NSRS 2007); and running thence from the Beginning so located, along an old marked line South 44 degrees 56 minutes 03 seconds West 2,260.33 feet (passing over an existing iron stake in line at 75.92 feet) to an existing iron pipe in the Eastern right-of-way line of Interstate Highway No. 40; thence with said right-of-way line North 09 degrees 01 minutes 04 seconds West 43.49 feet to an existing concrete right-of-way monument in line; thence continuing with said road right-of-way line North 09 degrees 26 minutes 49 seconds West 402.66 feet to an existing iron stake in said line; thence continuing with said road right-of-way line North 09 degrees 26 minutes 25 seconds West 557.706 feet to an existing iron pipe that marks the Southwestern corner of the Town of Watha land shown on a map recorded in Map Book 48, at Page 83 of the Pender County Registry; thence along the Southeastern line of said lands North 43 degrees 28 minutes 17 seconds East 512.95 feet to an existing iron pipe that marks the Southeastern corner of said Town of Watha lands; thence with the Betty Crumpler line North 44 degrees 15 minutes 04 seconds East 986.79 feet to an existing 1 inch square iron stake; thence continuing with the Betty Crumpler line North 42 degrees 17 minutes 02 seconds East 632.61 feet to an existing nail and cap in the paved centerline of U.S. Highway No. 117; thence with said paved centerline of U.S. Highway No. 117 South 12 degrees 49 minutes 19 seconds East 389.98 feet to the point of beginning of a curve to the left in said roadway; thence continuing with the curved paved centerline of said road as it curves to the left the following chord courses and distances: South 13 degrees 40 minutes 40 seconds East 122.78 feet, South 16 degrees 15 minutes 03 seconds East 101.20 feet, South 19 degrees 19 minutes 52 seconds East 100.65 feet

and South 23 degrees 36 minutes 10 seconds East 129.57 feet to an existing "PK" Nail in said road centerline that is directly above the center of a large box concrete culvert that accommodates the waters of Powell's Pond Branch beneath the roadway; thence continuing with said road centerline South 26 degrees 55 minutes 51 seconds East 142.35 feet to the Beginning, containing 39.669 acres, more or less after the exclusion of the portion of U.S. Highway No. 117 (150 foot wide right-of-way) contained within the above-described boundaries and is as surveyed by Daniel H. Thompson, NCPLS No. L-2174 of Burgaw, North Carolina during April 2013. As a reference to the described tracts, see Deed Book 1379, at Page 68, Deed Book 632, at Page 64 – Tracts 1 and 2, Deed Book 2161, at Page 310 and Deed Book 3209, at Page 003 of the Pender County Registry. Also, see Map Book 40, at Page 34, Map Book 52, at Page 43 and Map Book 48, at Page 83 each recorded in the Office of the Pender County Register of Deeds. That the above-described tract of real property is shown on survey map entitled "Annexation Map To The Town of Watha, North Carolina" as prepared by Daniel H. Thompson, NCPLS on April 25, 2013 and recorded in Map Book 55, at Page 68 in the Office of the Pender County Register of Deeds, State of North Carolina.

SECTION 2. This act has no effect upon the validity of any liens of the Town of Watha for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property were still within the corporate limits of the Town of Watha.

SECTION 3. This act becomes effective June 30, 2014.

HOUSE BILL 1080:
Watha Deannexation

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Rep. Millis	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 1080 would deannex a parcel of land from the corporate limits of the Town of Watha.***

[As introduced, this bill was identical to S733, as introduced by Sen. Rabon, which is currently in Senate State and Local Government.]

CURRENT LAW: Under Section 1 of Article VII of the NC Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which governs municipal annexations. The General Assembly has not enacted any method for municipalities to *deannex* property — that power remains with the General Assembly.

BILL ANALYSIS: House Bill 1080 deannexes a parcel of land consisting of approximately 39.669 acres from the corporate limits of the Town of Watha. The act also provides that it does not affect the validity of any liens of the Town of Watha for outstanding ad valorem taxes or special assessments.

EFFECTIVE DATE: The act becomes effective June 30, 2014.

Shelly DeAdder with the Research Division substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT TO CLARIFY THE TOURISM DEVELOPMENT AUTHORITY REQUIREMENTS PERTAINING TO THE OCCUPANCY TAX AUTHORIZED FOR THE TOWN OF SOUTHPORT.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1(e) of Chapter 639 of the 1989 Session Laws, as enacted by S.L. 2002-129, reads as rewritten:

"(e) Distribution and use of tax revenue. – ~~The~~ Until the Southport Board of Aldermen adopts a resolution levying a room occupancy tax under subsection (a1) of this section, the City of Southport shall use at least two-thirds of the funds to promote travel and tourism in Southport and shall use the remainder for tourism-related expenditures. When the Southport Board of Aldermen adopts a resolution levying a room occupancy tax under subsection (a1) of this section, City of Southport shall, on a quarterly basis, remit the net proceeds of the occupancy tax to the Southport Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Southport and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the city of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a city or to attract tourists or business travelers to the city. The term includes tourism-related capital expenditures."

SECTION 2. Section 1.2 of Chapter 639 of the 1989 Session Laws, as enacted by S.L. 2002-129, reads as rewritten:

"**Sec. 1.2.** Southport Tourism Development Authority. – When the Southport Board of Aldermen adopts a resolution levying a room occupancy tax under subsection (a1) of Section 1

of this act, it shall also adopt a resolution creating a city Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. The resolution shall provide for the membership of the Authority, including the members' terms of office, and for the filling of vacancies on the Authority. At least one-third of the members must be individuals who are affiliated with businesses that collect the tax in the city, and at least three-fourths of the members must be individuals who are currently active in the promotion of travel and tourism in the city. The Board of Aldermen shall designate one member of the Authority as chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for Southport shall be the ex officio finance officer of the Authority."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 731:
Southport Occupancy Tax Modification

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Sen. Rabon	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: Senate Bill 731 would modify the occupancy tax of the Town of Southport.

CURRENT LAW: In 1989, the Town of Southport was authorized to levy up to a 3% room occupancy tax. Southport administered the occupancy tax, due and payable on a monthly basis. The proceeds were to be used to promote tourism and economic development, for waterfront development, and other public purposes.

In 2002, the authority for the occupancy tax was modified to allow for the levy of an additional 2% room occupancy tax, if Southport had levied the first occupancy tax. The 2002 changes also provided that the proceeds from the occupancy tax would be remitted, on a quarterly basis, to the Southport Tourism Development Authority by Southport. The Authority was required to us at least 2/3 of the proceeds to promote travel and tourism in Southport, and the remainder for tourism related expenditures. The 2002 changes specified what qualified as promotion of travel and tourism, and tourism-related expenditures.

BILL ANALYSIS: Senate Bill 731 would modify the distribution process for the proceeds of the occupancy tax to provide that until the supplemental 2% occupancy tax is levied by the Southport Board of Aldermen, Southport must use at least 2/3 of the proceeds to promote travel and tourism, and the remainder for tourism related expenditures. When the supplemental 2% occupancy tax is levied, then Southport is to remit the proceeds to the Southport Tourism Development Authority, with at least 2/3 of the proceeds to be used to promote travel and tourism and the remainder for tourism related expenditures.

EFFECTIVE DATE: Senate Bill 731 is effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE TOWN OF SHALLOTTE.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is removed from the corporate limits of the Town of Shallotte:

FIRST TRACT:

BEING all of that certain tract or parcel containing 15.60 acres more or less as more fully described in a survey plat dated 4 January 2005, revised 21 February 2005 entitled "Survey for Charles Andrew Russ of 15.60 acres" prepared by James R. Tompkins, PLS, and recorded in Map Cabinet 32, Page 163 in the Office of the Register of Deeds for Brunswick County, North Carolina which plat reference is made and which is incorporated herein for greater certainty of description of said property.

SECOND TRACT:

BEING all right, title and interest of Grantor in and to that certain road right-of-way and easement as more fully described in an instrument dated 29 November 2000 from Slickrock Development, LLC to Register Estate Corporation recorded in Deed Book 1419, Page 51 in the Office of the Register of Deeds for Brunswick County, North Carolina which right-of-way and easement connects the northern line of the property herein conveyed with State Road 1147 (Todd Road) as more fully shown and described in said easement and in the plate hereinabove referenced. Reserving and preserving nevertheless a non-exclusive right-of-way and easement for ingress, egress and regress between State Road 1147 (Todd Road) and the Register Cemetery in favor of the Representatives and/or Trustees of the Register Cemetery and family members thereof as more fully described in an instrument recorded in Deed Book 1419, Page 46, Brunswick County Registry.

THIRD TRACT:

That certain Tract of land being in Lockwood Folly Township, Brunswick County, North Carolina, said Tract being the Tracts described in deed book 2086 page 215 and deed book 2415 page 511 of the Brunswick County Register of Deeds and being more fully described as follows: Commencing at NCGS monument Sauce Reset, said monument having Nad 83 grid coordinates of North 70,535.97 and East 2,178,838.44; thence South 73°54'24" East a distance of 7629.15 feet to NCGS monument B 161 Reset, said monument having Nad 83 grid coordinates of North 68,420.48 and East 2,186,168.62; thence South 44°28'15"West, a distance of 2089.53 feet an iron rod found, the true Point of Beginning. Thence from the Point of Beginning, South 08°55'07" West, a distance of 204.17 feet to a point; thence South 07°07'05" East, a distance of 95.22 feet to a point; thence South 11°57'21" East, a distance of

283.58 feet to a point; thence North 05°39'18" East, a distance of 104.98 feet to an iron rod found; thence North 89°36'15" East, a distance of 223.85 feet to an iron rod found; thence South 07°57'04" East, a distance of 68.60 feet to a point; thence South 07°57'04" East, a distance of 104.44 feet to a point; thence South 51°07'43" East, a distance of 264.88 feet to a point; thence South 42°58'09" East, a distance of 408.71 feet to a point on the western right of way of Bay Road (60' ROW); thence with said right of way, South 19°16'42" West, a distance of 72.77 feet to a point; thence leaving said right of way, North 54°11'34" West, a distance of 103.79 feet to a point; thence North 47°01'40" East, a distance of 124.55 feet to a point; thence North 42°58'20" West, a distance of 319.33 feet to a point; thence South 41°15'52" West, a distance of 151.16 feet to a point; thence North 51°07'02" West, a distance of 121.56 feet to a point; thence South 37°25'11" West, a distance of 134.79 feet to a point; thence South 37°25'11" West, a distance of 123.96 feet to a point; thence South 40°42'01" West, a distance of 58.59 feet to a point; thence South 46°34'05" West, a distance of 46.09 feet to a point; thence South 50°42'25" West, a distance of 28.18 feet to a point; thence South 48°33'52" East, a distance of 112.43 feet to a point; thence South 41°15'52" West, a distance of 119.66 feet to a point; thence South 14°48'49" East, a distance of 50.33 feet to a point; thence South 76°16'18" West, a distance of 448.29 feet to a point; thence South 76°29'21" West, a distance of 251.75 feet to a point; thence North 18°38'59" West, a distance of 288.42 feet to a point; thence South 73°47'59" West, a distance of 57.92 feet to a point; thence South 71°59'06" West, a distance of 162.40 feet to a point; thence South 76°50'13" West, a distance of 168.30 feet to a point; thence South 87°14'55" West, a distance of 51.88 feet to a point; thence North 66°29'30" West, a distance of 100.71 feet to a point; thence North 68°42'36" West, a distance of 108.06 feet to a point; thence North 06°12'56" East, a distance of 352.96 feet to a point; thence North 06°01'47" East, a distance of 448.48 feet to a point; thence South 76°32'40" West, a distance of 77.30 feet to a point; thence South 65°55'40" West, a distance of 271.81 feet to a point; thence South 74°57'40" West, a distance of 323.67 feet to a point; thence North 02°42'40" East, a distance of 49.10 feet to a point; thence North 83°51'24" West, a distance of 234.44 feet to a point; thence North 02° 20'49" East, a distance of 1237.35 feet to a point; thence South 68°27'50" East, a distance of 587.44 feet to a point; thence South 70°59'01" East, a distance of 40.77 feet to a point; thence South 68°09'35" East, a distance of 46.56 feet to a point; thence South 72°19'06" East, a distance of 65.62 feet to a point; thence South 73°33'49" East, a distance of 60.29 feet to a point; thence South 67°11'59" East, a distance of 485.15 feet to a point; thence North 15°05'18" East, for a distance of 190.95 feet; thence North 88°02'30" East, for a distance of 152.36 feet; thence North 87°02'30" East, for a distance of 133.34 feet; thence South 02°07'24" West, for a distance of 301.81 feet; thence South 02°07'24" West, for a distance of 50.22 feet; thence South 82°29'10" East, a distance 471.74 feet to the Point of Beginning, containing 69.14 acres, more or less as shown on a plat prepared by McKim & Creed, entitled Annexation Plat of Four existing Tracts of Land Equaling 69.14 Acres and dated February 22, 2007.

FOURTH TRACT:

A certain tract or parcel of land lying and being in Lockwood Folly Township, Brunswick County, North Carolina and being that certain tract as described in Deed Book 1258, Page 691, Records of Brunswick County and being more particularly described as follows: Beginning at an iron stake set on the southern right-of-way of U.S. 17 (R/W varies), said iron being located by the following tie traverse: Commencing on an existing tack at the intersection of centerlines of the southbound lane of said U.S. 17 and S.R. 1131 and runs thence North 70 degrees 27 minutes 18 seconds 2703.03 feet to an existing N.C.D.O.T. Right-of-way Monument (Sta. No. 1096+00) located on the aforesaid southern right-of-way of U.S. 17; thence with said right-of-way North 67 degrees 22 minutes 39 seconds East 92.28 feet to the Point and Place of Beginning and proceeds from said beginning and with said right-of-way North 67 degrees 22 minutes 39 seconds East 279.92 feet to an iron stake set, said iron being located South 67 degrees 22 minutes 39 seconds West 142.37 feet from an existing N.C.D.O.T.

Right-of-Way Monument (Sta. No. 1101+14.52); thence leaving said right of way South 07 degrees 19 minutes 26 seconds East 804.50 feet to an existing iron; thence North 73 degrees 42 minutes 42 seconds West 347.57 feet to an existing iron pipe; thence North 02 degrees 38 minutes 20 seconds West 593.41 feet to the beginning and contains 4.73 acres and being according to a survey by Jimmy D. Etheridge, P.L.S. dated January 13, 1999.

FIFTH TRACT:

Beginning at a point being a concrete monument in the south R/W of SR 1147, Todd Road SW, and located North 77 degrees 10 minutes 41 Seconds West a distance of 1,962.18 feet from a nail in the intersection of SR 1147 and SR 1151; Thence from said beginning point leaving said R/W and with property line of Denney B. Stevens South 08 degrees 04 minutes 57 seconds West a distance of 1237.00 feet to an existing iron rod, thence continuing with Stevens South 08 degrees 10 minutes 53 seconds West a distance of 309.67 feet to an existing iron rod, a corner to Stevens and Weldon Todd, thence with Todd North 61 degrees 24 minutes 28 seconds West a distance of 392.55 feet to an existing iron rod, a corner to Todd and J.P. Russ, thence with Russ North 61 degrees 39 minutes 15 seconds West a distance of 573.26 feet to an existing iron rod, a corner to J.P. Russ and Charles A. Russ, thence with Russ North 61 degrees 39 minutes 15 seconds West a distance of 570.78 feet to a right-of-way disc, thence South 19 degrees 38 minutes 53 seconds West a distance of 206.14 feet to a point, thence South 17 degrees 53 minutes 40 seconds West a distance of 240.01 feet to an existing iron rod (bent) a corner to Russ and Albert Joyner heirs, thence with Joyner North 80 degrees 06 minutes 43 seconds West a distance of 923.21 feet to an existing iron rod, a corner to Clifton Black, thence with Black North 09 degrees 50 minutes 38 seconds East a distance of 342.72 feet to an existing iron rod, a corner to James Johnson Heirs, thence with Johnson North 88 degrees 25 minutes 20 seconds East a distance of 537.45 feet, to an existing iron rod on line at the edge of a pond, continuing 226.50 feet, a total of 763.95 feet to a point in said pond, thence North 28 degrees 01 minutes 46 seconds West a distance of 49.19 feet, thence North 63 degrees 13 minutes 04 seconds West a distance of 87.66 feet, thence North 15 degrees 21 minutes 19 seconds West a distance of 558.73 feet to an existing iron rod, thence North 01 degrees 17 minutes 20 seconds East a distance of 150.64 feet to a new iron rod set, thence North 07 degrees 56 minutes 05 seconds West a distance of 210.49 feet to a new iron rod set, thence north 12 degrees 46 minutes 53 seconds West a distance of 155.08 feet to a new iron rod set, thence North 04 degrees 16 minutes 12 seconds East a distance of 135.74 feet to an existing iron rod, thence North 04 degrees 10 minutes 30 seconds East a distance of 300.82 feet to an existing iron rod (bent) located in the south R/W of Todd Road, thence with said R/W South 87 degrees 50 minutes 36 seconds East a distance of 70.63 feet to a new iron rod set, thence South 84 degrees 19 minutes 43 seconds East a distance of 55.97 feet to a new iron rod set, thence South 81 degrees 12 minutes 50 seconds East a distance of 56.59 feet to a new iron rod set, thence south 78 degrees 11 minutes 43 seconds East a distance of 55.49 feet to a new iron rod set, thence South 75 degrees 34 minutes 28 seconds East a distance 58.13 feet to a new iron rod set, thence south 74 degrees 03 minutes 29 seconds East a distance of 59.35 feet to a new iron rod set, thence South 73 degrees 29 minutes 54 seconds East a distance of 76.51 feet to a new iron rod set, thence South 73 degrees 10 minutes 12 seconds East a distance of 102.57 feet to a new iron rod set, thence South 73 degrees 13 minutes 13 seconds East a distance of 82.02 feet to a new iron rod set, thence 71 degrees 32 minutes 02 seconds East a distance of 118.04 feet to a new iron rod set, thence South 67 degrees 15 minutes 09 seconds East a distance of 106.89 feet to a new iron rod set, thence South 63 degrees 53 minutes 32 seconds East a distance of 120.40 feet to a new iron rod set, thence South 62 degrees 07 minutes 15 seconds East a distance of 127.54 feet to a concrete monument, thence south 62 degrees 50 minutes 29 seconds East a distance of 1,775.38 feet to the place and point of beginning. Excepted from this boundary is an interior parcel known as the Register Cemetery with description as follows: Beginning at an existing iron rod in the west side of a 20 foot easement

recorded in the Brunswick county registry at Deed Book 644, page 493 said iron rod located South 12 degrees 52 minutes 09 seconds West a distance of 552.31 feet from the R/W of Todd Road, thence along west side of said easement South 12 degrees 28 minutes 32 seconds West a distance of 211.08 feet too an existing iron rod, thence North 83 degrees 32 minutes 05 seconds West a distance of 131.97 feet to an existing iron, thence leaving said easement North 61 degrees 47 minutes 06 seconds West a distance of 12.04 feet to an existing iron rod, thence North 10 degrees 27 minutes 26 seconds East a distance of 180.92 feet to an existing iron rod, thence North 87 degrees 10 minutes 30 seconds East a distance of 154.69 feet to the place and point of beginning. Together with and subject to covenants, easements and restrictions of record. Said property contains 79.48 acres, more or less. Also this property is subject to easements as recorded in the Brunswick county registry at Deed Book 1419, page 52 and Deed book 644, page 493 and a lease with easement as recorded at Deed book 1957, page 769. For a more accurate description reference is hereby made to a plat of survey for William L. Smith dated August 14, 2006.

SECTION 2. This act has no effect upon the validity of any liens of the Town of Shallotte for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property were still within the corporate limits of the Town of Shallotte.

SECTION 3. This act becomes effective June 30, 2014.

SENATE BILL 846:
Shallotte Deannexations

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Sen. Rabon	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to First Edition S846-CSTD-47		

SUMMARY: ***Senate Bill 846 would deannex five described tracts from the Town of Shallotte.***

CURRENT LAW: Under Section 1 of Article VII of the N.C. Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which authorize municipalities to enact ordinances to add territory to their municipal limits by annexation.

The General Assembly has not enacted any method for municipalities to *deannex* property -- that power remains with the General Assembly.

BILL ANALYSIS: Senate Bill 846 would deannex five described areas from the Town of Shallotte. The property owners requested the deannexation and the town agreed.

EFFECTIVE DATE: This act becomes effective June 30, 2014.

A BILL TO BE ENTITLED

AN ACT AUTHORIZING COUNTIES AND CITIES TO ATTACH AND GARNISH A MEMBER OF THE GOVERNING BODY IF THE COUNTY OR CITY HAS BEEN GRANTED A MONEY JUDGMENT AGAINST THAT MEMBER AND THE MONEY JUDGMENT HAS NOT BEEN SATISFIED.

The General Assembly of North Carolina enacts:

SECTION 1. Part 1 of Article 5 of Chapter 160A of the General Statutes is amended by adding a new section to read as follows:

"**§ 160A-64.1. Withholding compensation; money judgment against council member.**

In addition to any other enforcement available, the finance officer of a city that obtains a final judgment awarding monetary damages against an elected or appointed member of the city council, either individually or jointly, may enforce that final judgment using any of the remedies set forth in G.S. 105-366(b) or the procedure for attachment and garnishment set forth in G.S. 105-368 as if final judgment awarding monetary damages were delinquent taxes and that finance officer were the tax collector. The provision of G.S. 105-368(a) that limits the amount of compensation that may be garnished to not more than ten percent (10%) for any one pay period shall not apply to this section."

SECTION 2. Part 1 of Article 4 of Chapter 153A of the General Statutes is amended by adding a new section to read as follows:

"**§ 153A-30. Withholding compensation; money judgment against board member.**

In addition to any other enforcement available, the finance officer of a county that obtains a final judgment awarding monetary damages against an elected or appointed member of the board of commissioners, either individually or jointly, may enforce that final judgment using any of the remedies set forth in G.S. 105-366(b) or the procedure for attachment and garnishment set forth in G.S. 105-368 as if final judgment awarding monetary damages were delinquent taxes and that finance officer were the tax collector. The provision of G.S. 105-368(a) that limits the amount of compensation that may be garnished to not more than ten percent (10%) for any one pay period shall not apply to this section."

SECTION 3. This act becomes effective October 1, 2014, and applies to final judgments awarding monetary damages that are unsatisfied or entered on or after that date.

HOUSE BILL 346:
Governing Bodies/Collect Unpaid Judgments

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Reps. Faircloth, Stam, Hardister, Glazier	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Fourth Edition		

SUMMARY: ***House Bill 346 authorizes additional methods of collecting final judgments awarding monetary damages against members of county commissions and city councils.***

CURRENT LAW: Pursuant to G.S. 105-366(b), when taxes are delinquent but have not yet gone into foreclosure, the tax collector may levy upon and sell or attach the following property for failure to pay taxes:

- Any personal property owned by the taxpayer or transferred by the taxpayer to a relative.
- Personal property in the hands of a receiver for the taxpayer.
- Personal property of a deceased taxpayer if the levy or attachment is made before final settlement of the estate.
- The stock of goods or fixtures of a wholesale merchant or retailer, under certain conditions.
- Personal property of the taxpayer that has been repossessed by one having a security interest therein so long as the property remains in the hands of the person who has repossessed it or the person to whom it has been transferred other than by bona fide sale for value.
- Personal property due the taxpayer or to become due to him within the calendar year.
- Personal property of a partner in satisfaction of taxes on partnership property, but only under specified conditions.
- Personal property transferred by the taxpayer by any type of transfer other than by bona fide sale for value if the levy or attachment is made within six months of the transfer.

Pursuant to G.S. 105-368, the tax collector may, by notice to the taxpayer and garnishee, attach wages and other compensation, rents, bank deposits, the proceeds of property subject to levy, or any other intangible personal property, including property held in the Escheat Fund, to collect taxes owed to the county or city. Immediately upon receiving the notice of attachment, the garnishee is liable to the tax collector for all taxes, interest, fees, and penalties identified in the notice of attachment up to the amount of funds the garnishee owes the taxpayer.

In the case when wages or other compensation for personal services are attached, no more than ten percent (10%) of such compensation for any one pay period may be garnished. If the taxpayer is an official or employee of a county or city, the notice of attachment shall be served upon the taxpayer and upon the payroll officer of the county of city.

BILL ANALYSIS: The bill would authorize the finance officer of any county or city with a final judgment awarding monetary damages against an elected official of that county or city to use the collection remedies against personal property authorized for tax collectors to fulfill that final judgment, including garnishment of wages.

EFFECTIVE DATE: October 1, 2014, and applies to final judgments awarding monetary damages that are unsatisfied or entered on or after that date.

Erika Churchill, counsel to Senate State and Local Government, substantially contributed to this summary.

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO (1) PROHIBIT RECOVERY OF COSTS RELATED TO UNLAWFUL DISCHARGES FROM COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (2) ESTABLISH A MORATORIUM ON CERTAIN RATE CASES; (3) CREATE THE COAL ASH MANAGEMENT COMMISSION TO REVIEW AND APPROVE COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS CLASSIFICATIONS AND CLOSURE PLANS AND OTHERWISE STUDY AND MAKE RECOMMENDATIONS ON LAWS GOVERNING MANAGEMENT OF COAL COMBUSTION RESIDUALS; (4) REQUIRE EXPEDITED REVIEW BY THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES OF ANY PERMIT NECESSARY TO CONDUCT ACTIVITIES REQUIRED BY THIS ACT; (5) ESTABLISH VARIOUS REPORTING REQUIREMENTS TO THE GENERAL ASSEMBLY, INCLUDING A QUARTERLY REPORT FROM THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES ON ITS OPERATIONS, ACTIVITIES, PROGRAMS, AND PROGRESS WITH RESPECT TO ITS OBLIGATIONS UNDER THIS ACT FOR COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (6) PROHIBIT LOCAL GOVERNMENT REGULATION OF MANAGEMENT OF COAL COMBUSTION RESIDUALS OR COAL COMBUSTION PRODUCTS; (7) PROHIBIT CONSTRUCTION OF NEW OR EXPANSION OF EXISTING COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS EFFECTIVE JULY 1, 2014; (8) PROHIBIT THE DISPOSAL OF COAL COMBUSTION RESIDUALS INTO COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS AT COAL-FIRED GENERATING UNITS THAT ARE NO LONGER PRODUCING COAL COMBUSTION RESIDUALS EFFECTIVE OCTOBER 1, 2014; (9) PROHIBIT DISPOSAL OF STORMWATER TO COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS EFFECTIVE DECEMBER 31, 2018; (10) REQUIRE ALL ELECTRIC GENERATING FACILITIES TO CONVERT TO GENERATION OF DRY FLY ASH ON OR BEFORE DECEMBER 31, 2017, AND DRY BOTTOM ASH ON OR BEFORE DECEMBER 31, 2020, OR RETIRE; (11) REQUIRE THE ASSESSMENT OF GROUNDWATER AT COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (12) REQUIRE CORRECTIVE ACTION FOR THE RESTORATION OF GROUNDWATER QUALITY AT COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (13) REQUIRE A SURVEY OF DRINKING WATER SUPPLY WELLS AND REPLACEMENT OF CONTAMINATED WATER SUPPLIES; (14) REQUIRE THE IDENTIFICATION, ASSESSMENT, AND CORRECTION OF UNPERMITTED DISCHARGES FROM

COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (15) REQUIRE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO, AS SOON AS PRACTICABLE BUT NO LATER THAN AUGUST 1, 2015, PRIORITIZE FOR THE PURPOSE OF CLOSURE AND REMEDIATION COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS, INCLUDING ACTIVE AND RETIRED SITES, BASED ON THESE SITES' RISKS TO PUBLIC HEALTH, SAFETY, WELFARE, THE ENVIRONMENT, AND NATURAL RESOURCES; (16) REQUIRE OWNERS OF COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS TO SUBMIT A PROPOSED PLAN FOR CLOSURE OF ALL IMPOUNDMENTS TO THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES; (17) REQUIRE CLOSURE AND REMEDIATION OF CERTAIN COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS AS SOON AS PRACTICABLE, BUT NO LATER THAN AUGUST 1, 2019; (18) REQUIRE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ESTABLISH A SCHEDULE AND PROCESS FOR CLOSURE AND REMEDIATION OF ALL COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS BASED UPON THE DEPARTMENT'S RISK ASSESSMENT OF THESE SITES, BASELINE REQUIREMENTS SET BY THE GENERAL ASSEMBLY, EVALUATION OF PROPOSED CLOSURE PLANS SUBMITTED BY IMPOUNDMENT OWNERS, AND INPUT FROM THE PUBLIC AND OTHER STAKEHOLDERS; (19) ESTABLISH MINIMUM STATUTORY REQUIREMENTS FOR STRUCTURAL FILL PROJECTS USING COAL COMBUSTION PRODUCTS AND REQUIRE THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO INVENTORY AND INSPECT CERTAIN STRUCTURAL FILL PROJECTS; (20) PLACE A MORATORIUM ON CERTAIN PROJECTS USING COAL COMBUSTION PRODUCTS AS STRUCTURAL FILL UNTIL AUGUST 1, 2015, AND DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES AND THE ENVIRONMENTAL MANAGEMENT COMMISSION TO STUDY THE ADEQUACY OF CURRENT LAW GOVERNING USE OF COAL COMBUSTION PRODUCTS AS STRUCTURAL FILL AND FOR BENEFICIAL USE; (21) PLACE A MORATORIUM ON THE EXPANSION AND CONSTRUCTION OF COAL COMBUSTION RESIDUALS LANDFILLS UNTIL AUGUST 1, 2015, AND DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ASSESS THE RISKS TO PUBLIC HEALTH, SAFETY, WELFARE, THE ENVIRONMENT, AND NATURAL RESOURCES OF COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS LOCATED BENEATH THESE LANDFILLS TO DETERMINE THE ADVISABILITY OF CONTINUED OPERATION OF THESE LANDFILLS; (22) STRENGTHEN THE REPORTING AND NOTIFICATION REQUIREMENTS APPLICABLE TO DISCHARGES OF WASTEWATER TO WATERS OF THE STATE; (23) REQUIRE CERTAIN EMERGENCY CALLS TO BE RECORDED; (24) REQUIRE DEVELOPMENT OF EMERGENCY ACTION PLANS FOR HIGH AND INTERMEDIATE HAZARD DAMS AND AMEND OTHER DAM SAFETY LAW REQUIREMENTS APPLICABLE TO COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; (25) TRANSFER SOLID WASTE RULE-MAKING AUTHORITY FROM COMMISSION FOR PUBLIC HEALTH TO ENVIRONMENTAL MANAGEMENT COMMISSION; (26) PROVIDE FOR VARIOUS STUDIES; AND (27) PROVIDE RESOURCES FOR IMPLEMENTATION OF THIS ACT.

The General Assembly of North Carolina enacts:

PART I. PROHIBIT RECOVERY OF COSTS RELATED TO UNLAWFUL DISCHARGES FROM COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; MORATORIUM ON RATE CASES

SECTION 1.(a) Article 7 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-133.13. Recovery of costs related to unlawful discharges from coal combustion residuals surface impoundments to the surface waters of the State.**

The Commission shall not allow an electric public utility to recover from the retail electric customers of the State costs resulting from an unlawful discharge to the surface waters of the State from a coal combustion residuals surface impoundment, unless the Commission determines the discharge was due to an event of force majeure. For the purposes of this section, "coal combustion residuals surface impoundments" has the same meaning as in G.S. 130A-309.201. For the purposes of this section, "unlawful discharge" shall mean a discharge that results in a violation of State or federal surface water quality standards."

SECTION 1.(b) Section 1(a) of this act is effective when it becomes law and applies to discharges occurring on or after January 1, 2014.

SECTION 2.(a) Moratorium on Cost Recovery. – The Utilities Commission shall not issue an order authorizing an electric public utility the recovery of any additional costs related to coal combustion residuals surface impoundments until the end of the moratorium provided in this section. For the purposes of this section, "coal combustion residuals surface impoundments" has the same meaning as in G.S. 130A-309.201. The Utilities Commission shall not enter a final order granting an increase in base rates of an electric public utility for costs related to coal combustion residuals surface impoundments under G.S. 62-133 or G.S. 62-134 prior to January 15, 2015.

SECTION 2.(b) Purpose of Moratorium. – The purpose of the moratorium is to allow the State to study the disposition of coal combustion residuals surface impoundments, including any final rules adopted by the United States Environmental Protection Agency on the regulation of coal combustion residuals.

PART II. PROVISIONS FOR COMPREHENSIVE MANAGEMENT OF COAL COMBUSTION RESIDUALS

SECTION 3.(a) Article 9 of Chapter 130A of the General Statutes is amended by adding a new Part to read:

"Part 2I. Coal Ash Management.

"Subpart 1. Short Title, Definitions, and General Provisions.

"**§ 130A-309.200. Title.**

This Part may be cited as the "Coal Ash Management Act of 2014."

"**§ 130A-309.201. Definitions.**

Unless a different meaning is required by the context, the definitions of G.S. 130A-290 and the following definitions shall apply throughout this Part:

(1) "Beneficial and beneficial use" means projects promoting public health and environmental protection, offering equivalent success relative to other alternatives, and preserving natural resources.

(2) "Boiler slag" means the molten bottom ash collected at the base of slag tap and cyclone type furnaces that is quenched with water. It is made up of hard, black, angular particles that have a smooth, glassy appearance.

(3) "Bottom ash" means the agglomerated, angular ash particles formed in pulverized coal furnaces that are too large to be carried in the flue gases and collect on the furnace walls or fall through open grates to an ash hopper at the bottom of the furnace.

(4) "Coal combustion products" means fly ash, bottom ash, boiler slag, or flue gas desulfurization materials, which are beneficially used, including use for structural fill.

(5) "Coal combustion residuals" has the same meaning as defined in G.S. 130A-290.

(6) "Coal combustion residuals surface impoundment" means a topographic depression, excavation, or diked area that is: (i) primarily formed from earthen materials; (ii) without a base liner approved for use by Article 9 of Chapter 130A of the General Statutes or rules adopted thereunder for a combustion products landfill or coal combustion residuals landfill, industrial landfill, or municipal solid waste landfill; and (iii) designed to hold accumulated coal combustion residuals in the form of liquid wastes, wastes containing free liquids, or sludges, and that is not backfilled or otherwise covered during periods of deposition. For purposes of this Part, "coal combustion residuals surface impoundment" shall only include impoundments owned by a public utility, as defined in G.S. 62-3. "Coal combustion residuals surface impoundment" includes all of the following:

a. An impoundment that is dry due to the deposited liquid having evaporated, volatilized, or leached.

b. An impoundment that is wet with exposed liquid.

c. Lagoons, ponds, aeration pits, settling ponds, tailings ponds, and sludge pits; when these structures are designed to hold accumulated coal combustion residuals.

d. A coal combustion residuals surface impoundment that has been covered with soil after the final deposition of coal combustion residuals at the impoundment.

(7) "Commission" means the Environmental Management Commission.

(8) "Fly ash" means the very fine, powdery material, composed mostly of silica with nearly all particles spherical in shape, which is a product of burning finely ground coal in a boiler to produce electricity and is removed from the plant exhaust gases by air emission control devices.

(9) "Flue gas desulfurization material" means the material produced through a process used to reduce sulfur dioxide emissions from the exhaust gas system of a coal-fired boiler. The physical nature of these materials varies from a wet sludge to a dry powdered material, depending on the process, and their composition comprises either sulfites, sulfates, or a mixture thereof.

(10) "Mine" means an area of land from which minerals, inorganic and organic, have been extracted from their natural deposits.

(11) "Minerals" means soil, clay, coal, phosphate, metallic ore, and any other solid material or substance of commercial value found in natural deposits on or in the earth.

(12) "Owner" or "owner of a coal combustion residuals surface impoundment" means a public utility, as defined in G.S. 62-3, that owns a coal combustion residuals surface impoundment.

(13) "Receptor" means any human, plant, animal, or structure which is, or has the potential to be, affected by the release or migration of contaminants. Any well constructed for the purpose of monitoring groundwater and contaminant concentrations shall not be considered a receptor.

(14) "Structural fill" means an engineered fill with a projected beneficial end use constructed using coal combustion products that are properly placed and compacted. For purposes of this Part, the term includes fill used to reclaim

abandoned mines and for embankments, greenscapes, foundations, construction foundations, and for bases/sub-bases under a structure or a footprint of a paved road, parking lot, sidewalk, walkway, or similar structure.

(15) "Use or reuse of coal combustion products" means the procedure whereby coal combustion products are directly used as either of the following:

a. As an ingredient in an industrial process to make a product, unless distinct components of the coal combustion products are recovered as separate end products.

b. In a function or application as an effective substitute for a commercial product or natural resource.

"**§ 130A-309.202. Coal Ash Management Commission.**

(a) Creation. – In recognition of the complexity and magnitude of the issues associated with the management of coal combustion residuals and the proper closure and remediation of coal combustion residuals surface impoundments, the Coal Ash Management Commission is hereby established.

(b) Membership. – The Commission shall consist of nine members as follows:

(1) One appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121 who shall at the time of appointment be a resident of the State.

(2) One appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121 who shall at the time of appointment have special training or scientific expertise in waste management, including solid waste disposal, hauling, or beneficial use.

(3) One appointed by the General Assembly upon recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121 who shall at the time of appointment be a licensed physician or a person with experience in public health.

(4) One appointed by the General Assembly upon recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121 who shall at the time of appointment be a member of a nongovernmental conservation interest.

(5) One appointed by the General Assembly upon recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121 who shall at the time of appointment be actively employed by, or recently retired from, an industrial manufacturing facility.

(6) One appointed by the General Assembly upon recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121 who shall at the time of appointment have experience in the use of coal combustion residuals as structural fill for construction or development projects.

(7) One appointed by the Governor who shall at the time of appointment have experience in economic development.

(8) One appointed by the Governor who shall at the time of appointment be a representative of an electric membership corporation organized under Article 2 of Chapter 117 of the General Statutes.

(9) One appointed by the Governor who shall at the time of appointment be a be a person with experience in science or engineering.

(c) Chair; Vice-Chair. – The Commission shall have a chair and a vice-chair. The Commission shall elect one of its members to serve as chair and one of its members to serve as vice-chair. The chair and vice-chair shall serve two-year terms.

(d) Vacancies. – Any appointment to fill a vacancy on the Commission created by the resignation, dismissal, death, or disability of a member shall be for the balance of the unexpired term. The Governor may reappoint a gubernatorial appointee of the Commission to an additional term if, at the time of the reappointment, the member qualifies for membership on the Commission under subdivisions (7) through (9) of subsection (b) of this section. Appointments by the General Assembly shall be made in accordance with G.S. 120-121, and vacancies in those appointments shall be filled in accordance with G.S. 120-122.

(e) Removal. – The Governor shall have the power to remove any member of the Commission from office for misfeasance, malfeasance, or nonfeasance in accordance with the provisions of G.S. 143B-13 of the Executive Organization Act of 1973.

(f) Powers and Duties. – The Commission shall have all of the following powers and duties:

(1) To review and approve the classification of coal combustion residuals surface impoundments required by G.S. 130A-309.211.

(2) To review and approve Coal Combustion Residuals Surface Impoundment Closure Plans as provided in G.S. 130A-309.212.

(3) To review and make recommendations on the provisions of this Part and other statutes and rules related to the management of coal combustion residuals.

(4) To undertake any additional studies as requested by the General Assembly.

(g) Reimbursement. – The members of the Commission shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 138-5.

(h) Quorum. – Five members of the Commission shall constitute a quorum for the transaction of business.

(i) Staff. – The Commission is authorized and empowered to employ staff as the Commission may determine to be necessary for the proper discharge of the Commission's duties and responsibilities. The Chair of the Commission shall organize and direct the work of the Commission staff. The salaries and compensation of all such personnel shall be fixed in the manner provided by law for fixing and regulating salaries and compensation by other State agencies. The chair, within allowed budgetary limits and as allowed by law, shall authorize and approve travel, subsistence, and related expenses of such personnel incurred while traveling on official business. All State agencies, including the constituent institutions of The University of North Carolina, shall provide information and support to the Commission upon request.

(j) Conflicts of Interest; Disclosure. – The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this subsection, giving due regard to the requirements of federal legislation and, for this purpose, may promulgate rules, regulations, or guidelines in conformance with those established by any federal agency interpreting and applying provisions of federal law.

(k) Covered Persons. – All members of the Commission are covered persons for the purposes of Chapter 138A of the General Statutes, the State Government Ethics Act. As covered persons, members of the Commission shall comply with the applicable requirements of the State Government Ethics Act, including mandatory training, the public disclosure of economic interests, and ethical standards for covered persons. Members of the Commission shall comply with the provisions of the State Government Ethics Act to avoid conflicts of interest.

(l) Meetings. – The Commission shall meet at least once every two months and may hold special meetings at any time and place within the State at the call of the Chair or upon the written request of at least five members.

(m) Reports. – The Commission shall submit quarterly written reports as to its operation, activities, programs, and progress to the Environmental Review Commission. The Commission shall supplement the written reports required by this subsection with additional written and oral reports as may be requested by the Environmental Review Commission. The Commission shall submit the written reports required by this subsection whether or not the General Assembly is in session at the time the report is due.

(n) Administrative Location; Independence. – The Commission shall be administratively located in the Division of Emergency Management of the Department of Public Safety. The Commission shall exercise all of its powers and duties independently and shall not be subject to the supervision, direction, or control of the Division or Department.

"**§ 130A-309.203. Expedited permit review.**

(a) The Department shall act as expeditiously as practicable, but no later than the deadlines established under subsection (b) of this section, except in compliance with subsection (c) of this section, to issue all permits necessary to conduct activities required by this Part.

(b) Notwithstanding G.S. 130A-295.8(e), the Department shall determine whether an application for any permit necessary to conduct activities required by this Part is complete within 30 days after the Department receives the application for the permit. A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Department to make a decision on the application. If the Department determines that an application is not complete, the Department shall notify the applicant of the components needed to complete the application. An applicant may submit additional information to the Department to cure the deficiencies in the application. The Department shall make a final determination as to whether the application is complete within the later of (i) 30 days after the Department receives the application for the permit less the number of days that the applicant uses to provide the additional information or (ii) 10 days after the Department receives the additional information from the applicant. The Department shall issue a draft permit decision on an application for a permit within 60 days after the Department determines that the application is complete. The Department shall hold a public hearing and accept written comment on the draft permit decision for a period of not less than 30 or more than 60 days after the Department issues a draft permit decision. The Department shall issue a final permit decision on an application for a permit within 30 days after the comment period on the draft permit decision closes. If the Department fails to act within any time period set out in this subsection, the applicant may treat the failure to act as a denial of the permit and may challenge the denial as provided in Chapter 150B of the General Statutes.

(c) If the Department finds that compliance with the deadlines established under subsection (b) of this section would result in insufficient review of a permit application that would pose a risk to public health, safety, and welfare; the environment; or natural resources, the applicable deadline shall be waived for the application as necessary to allow for adequate review. If a deadline is waived pursuant to this subsection, the Secretary shall issue a written declaration, including findings of fact, documenting the need for the waiver.

"**§ 130A-309.204. Reports.**

(a) The Department shall submit quarterly written reports to the Environmental Review Commission and the Coal Ash Management Commission on its operations, activities, programs, and progress with respect to its obligations under this Part concerning all coal combustion residuals surface impoundments. At a minimum, the report shall include information concerning the status of assessment, corrective action, prioritization, and closure for each coal combustion residual surface impoundment and information on costs connected

therewith. The report shall include an executive summary of each annual Groundwater Protection and Restoration Report submitted to the Department by the operator of any coal combustion residuals surface impoundments pursuant to G.S. 130A-309.209(d) and a summary of all groundwater sampling, protection, and restoration activities related to the impoundment for the preceding year. The report shall also include an executive summary of each annual Surface Water Protection and Restoration Report submitted to the Department by the operator of any coal combustion residuals surface impoundments pursuant to G.S. 130A-309.210(e) and a summary of all surface water sampling, protection, and restoration activities related to the impoundment for the preceding year, including the status of the identification, assessment, and correction of unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State. The Department shall supplement the written reports required by this subsection with additional written and oral reports as may be requested by the Environmental Review Commission. The Department shall submit the written reports required by this subsection whether or not the General Assembly is in session at the time the report is due.

(b) On or before October 1 of each year, the Department shall report to each member of the General Assembly who has a coal combustion residuals surface impoundment in the member's district. This report shall include the location of each impoundment in the member's district, the amount of coal combustion residuals known or believed to be located in the impoundment, the last action taken at the impoundment, and the date of that last action.

(c) On or before October 1 of each year, a public utility generating coal combustion residuals and coal combustion products shall submit an annual summary to the Department. The annual summary shall be for the period July 1 through June 30 and shall include all of the following:

(1) The volume of coal combustion residuals and products produced.

(2) The volume of coal combustion residuals disposed.

(3) The volume of coal combustion products used in structural fill projects.

(4) The volume of coal combustion products beneficially used, other than for structural fill.

"**§ 130A-309.205. Local ordinances regulating management of coal combustion residuals and coal combustion products invalid; petition to preempt local ordinance.**

(a) It is the intent of the General Assembly to maintain a uniform system for the management of coal combustion residuals and coal combustion products, including matters of disposal and beneficial use, and to place limitations upon the exercise by all units of local government in North Carolina of the power to regulate the management of coal combustion residuals and coal combustion products by means of ordinances, property restrictions, zoning regulations, or otherwise. Notwithstanding any authority granted to counties, municipalities, or other local authorities to adopt local ordinances, including those imposing taxes, fees, or charges or regulating health, environment, or land use, all provisions of local ordinances, including those regulating land use, adopted by counties, municipalities, or other local authorities that regulate or have the effect of regulating the management of coal combustion residuals and coal combustion products within the jurisdiction of a local government are invalidated, to the extent necessary to effectuate the purposes of this Part, that do the following:

(1) Place any restriction or condition not placed by this Part upon management of coal combustion residuals and coal combustion products within any county, city, or other political subdivision.

(2) Conflict or are in any manner inconsistent with the provisions of this Part.

(b) If a local zoning or land-use ordinance imposes requirements, restrictions, or conditions that are generally applicable to development, including, but not limited to, setback, buffer, and stormwater requirements, and coal combustion residuals and coal combustion products would be regulated under the ordinance of general applicability, the operator of the

proposed activities may petition the Environmental Management Commission to review the matter. After receipt of a petition, the Commission shall hold a hearing in accordance with the procedures in subsection (c) of this section and shall determine whether or to what extent to preempt the local ordinance to allow for the management of coal combustion residuals and coal combustion products.

(c) When a petition described in subsection (b) of this section has been filed with the Environmental Management Commission, the Commission shall hold a public hearing to consider the petition. The public hearing shall be held in the affected locality within 60 days after receipt of the petition by the Commission. The Commission shall give notice of the public hearing by both of the following means:

(1) Publication in a newspaper or newspapers having general circulation in the county or counties where the activities are to be conducted, once a week for three consecutive weeks, the first notice appearing at least 30 days prior to the scheduled date of the hearing.

(2) First-class mail to persons who have requested notice. The Commission shall maintain a mailing list of persons who request notice in advance of the hearing pursuant to this section. Notice by mail shall be complete upon deposit of a copy of the notice in a postage-paid wrapper addressed to the person to be notified at the address that appears on the mailing list maintained by the Commission in a post office or official depository under the exclusive care and custody of the United States Postal Service.

(d) Any interested person may appear before the Environmental Management Commission at the hearing to offer testimony. In addition to testimony before the Commission, any interested person may submit written evidence to the Commission for the Commission's consideration. At least 20 days shall be allowed for receipt of written comment following the hearing.

(e) A local zoning or land-use ordinance is presumed to be valid and enforceable to the extent the zoning or land-use ordinance imposes requirements, restrictions, or conditions that are generally applicable to development, including, but not limited to, setback, buffer, and stormwater requirements, unless the Environmental Management Commission makes a finding of fact to the contrary. The Commission shall determine whether or to what extent to preempt local ordinances so as to allow the project involving management of coal combustion residuals and coal combustion products no later than 60 days after conclusion of the hearing. The Commission shall preempt a local ordinance only if the Commission makes all of the following findings:

(1) That there is a local ordinance that would regulate the management of coal combustion residuals and coal combustion products.

(2) That all legally required State and federal permits or approvals have been issued by the appropriate State and federal agencies or that all State and federal permit requirements have been satisfied and that the permits or approvals have been denied or withheld only because of the local ordinance.

(3) That local citizens and elected officials have had adequate opportunity to participate in the permitting process.

(4) That the project involving management of coal combustion residuals and coal combustion products will not pose an unreasonable health or environmental risk to the surrounding locality and that the operator has taken or consented to take reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with applicable local ordinances.

(f) If the Environmental Management Commission does not make all of the findings under subsection (e) of this section, the Commission shall not preempt the challenged local

ordinance. The Commission's decision shall be in writing and shall identify the evidence submitted to the Commission plus any additional evidence used in arriving at the decision.

(g) The decision of the Environmental Management Commission shall be final, unless a party to the action files a written appeal under Article 4 of Chapter 150B of the General Statutes, as modified by this section, within 30 days of the date of the decision. The record on appeal shall consist of all materials and information submitted to or considered by the Commission, the Commission's written decision, a complete transcript of the hearing, the specific findings required by subsection (e) of this section, and any minority positions on the specific findings required by subsection (e) of this section. The scope of judicial review shall be as set forth in G.S. 150B-51, except as this subsection provides regarding the record on appeal.

(h) If the court reverses or modifies the decision of the Environmental Management Commission, the judge shall set out in writing, which writing shall become part of the record, the reasons for the reversal or modification.

(i) In computing any period of time prescribed or allowed by the procedure in this section, the provisions of Rule 6(a) of the Rules of Civil Procedure, G.S. 1A-1, shall apply.

"**§ 130A-309.206. Federal preemption; severability.**

The provisions of this Part shall be severable, and if any phrase, clause, sentence, or provision is declared to be unconstitutional or otherwise invalid or is preempted by federal law or regulation, the validity of the remainder of this Part shall not be affected thereby.

"**§ 130A-309.207. General rulemaking for Part.**

The Environmental Management Commission shall adopt rules as necessary to implement the provisions of the Part. Such rules shall be exempt from the requirements of G.S. 150B-19.3.

"Subpart 2. Management of Coal Ash Residuals; Closure of Coal Ash Impoundments.

"**§ 130A-309.208. Generation, disposal, and use of coal combustion residuals.**

(a) On or after July 1, 2014, the construction of new and expansion of existing coal combustion residuals surface impoundments is prohibited.

(b) On or after October 1, 2014, the disposal of coal combustion residuals into a coal combustion residuals surface impoundment at an electric generating facility where the coal-fired generating units are no longer producing coal combustion residuals is prohibited.

(c) On or after December 31, 2018, the discharge of stormwater into a coal combustion surface impoundment at an electric generating facility where the coal-fired generating units are no longer producing coal combustion residuals is prohibited.

(d) On or after December 31, 2019, the discharge of stormwater into a coal combustion surface impoundment at an electric generating facility where the coal-fired generating units are actively producing coal combustion residuals is prohibited.

(e) On or before December 31, 2018, all electric generating facilities owned by a public utility shall convert to the disposal of "dry" fly ash or the facility shall be retired. For purposes of this subsection, the term "dry" shall mean coal combustion residuals which are not in the form of liquid wastes, wastes containing free liquids, or sludges.

(f) On or before December 31, 2019, all electric generating facilities owned by a public utility shall convert to the disposal of "dry" bottom ash or the facility shall be retired. For purposes of this subsection, the term "dry" shall mean coal combustion residuals which are not in the form of liquid wastes, wastes containing free liquids, or sludges.

"**§ 130A-309.209. Groundwater assessment and corrective action; drinking water supply well survey and provision of alternate water supply; reporting.**

(a) Groundwater Assessment of Coal Combustion Residuals Surface Impoundments. – The owner of a coal combustion residuals surface impoundment shall conduct groundwater monitoring and assessment as provided in this subsection. The requirements for groundwater monitoring and assessment set out in this subsection are in addition to any other groundwater monitoring and assessment requirements applicable to the owners of coal combustion residuals surface impoundments.

(1) No later than December 31, 2014, the owner of a coal combustion residuals surface impoundment shall submit a proposed Groundwater Assessment Plan for the impoundment to the Department for its review and approval. The Groundwater Assessment Plan shall, at a minimum, provide for all of the following:

a. A description of all receptors and significant exposure pathways.

b. An assessment of the horizontal and vertical extent of soil and groundwater contamination for all contaminants confirmed to be present in groundwater in exceedance of groundwater quality standards.

c. A description of all significant factors affecting movement and transport of contaminants.

d. A description of the geological and hydrogeological features influencing the chemical and physical character of the contaminants.

e. A schedule for continued groundwater monitoring.

f. Any other information related to groundwater assessment required by the Department.

(2) The Department shall approve the Groundwater Assessment Plan if it determines that the Plan complies with the requirements of this subsection and will be sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(3) No later than 10 days from approval of the Groundwater Assessment Plan, the owner shall begin implementation of the Plan.

(4) No later than 180 days from approval of the Groundwater Assessment Plan, the owner shall submit a Groundwater Assessment Report to the Department. The Report shall describe all exceedances of groundwater quality standards associated with the impoundment.

(b) Corrective Action for the Restoration of Groundwater Quality. – The owner of a coal combustion residuals surface impoundment shall implement corrective action for the restoration of groundwater quality as provided in this subsection. The requirements for corrective action for the restoration of groundwater quality set out in this subsection are in addition to any other corrective action for the restoration of groundwater quality requirements applicable to the owners of coal combustion residuals surface impoundments.

(1) No later than 90 days from submission of the Groundwater Assessment Report required by subsection (a) of this section, the owner of the coal combustion residuals surface impoundment shall submit a proposed Groundwater Corrective Action Plan to the Department for its review and approval. The Groundwater Corrective Action Plan shall provide for the restoration of groundwater in conformance with the requirements of Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code. The Groundwater Corrective Action Plan shall include, at a minimum, all of the following:

a. A description of all exceedances of the groundwater quality standards, including any exceedances that the owner asserts are the result of natural background conditions.

b. A description of the methods for restoring groundwater in conformance with the requirements of Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code and a detailed explanation of the reasons for selecting these methods.

c. Specific plans, including engineering details, for restoring groundwater quality.

d. A schedule for implementation of the Plan.
e. A monitoring plan for evaluating the effectiveness of the proposed corrective action and detecting movement of any contaminant plumes.
f. Any other information related to groundwater assessment required by the Department.

(2) The Department shall approve the Groundwater Corrective Action Plan if it determines that the Plan complies with the requirements of this subsection and will be sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(3) No later than 30 days from the approval of the Groundwater Corrective Action Plan, the owner shall begin implementation of the Plan in accordance with the Plan's schedule.

(c) Drinking Water Supply Well Survey and Provision of Alternate Water Supply. – No later than October 1, 2014, the owner of a coal combustion residuals surface impoundment shall conduct a Drinking Water Supply Well Survey that identifies all drinking water supply wells within one-half mile down-gradient from the established compliance boundary of the impoundment and submit the Survey to the Department. The Survey shall include well locations, the nature of water uses, available well construction details, and information regarding ownership of the wells. No later than December 1, 2014, the Department shall determine, based on the Survey, which drinking water supply wells the owner is required to sample and how frequently and for what period sampling is required. The Department shall require sampling for drinking water supply wells where data regarding groundwater quality and flow and depth in the area of any surveyed well provide a reasonable basis to predict that the quality of water from the surveyed well may be adversely impacted by constituents associated with the presence of the impoundment. No later than January 1, 2015, the owner shall initiate sampling and water quality analysis of the drinking water supply wells. A property owner may elect to have an independent third party selected from a laboratory certified by the Department's Wastewater/Groundwater Laboratory Certification program sample wells located on their property in lieu of sampling conducted by the owner of the coal combustion residuals surface impoundment. The owner of the coal combustion residuals surface impoundment shall pay for the reasonable costs of such sampling. Nothing in this subsection shall be construed to preclude or impair the right of any property owner to refuse such sampling of wells on their property. If the sampling and water quality analysis indicates that water from a drinking water supply well exceeds groundwater quality standards for constituents associated with the presence of the impoundment, the owner shall replace the contaminated drinking water supply well with an alternate supply of potable drinking water. The alternate supply of potable drinking water shall be supplied within 30 days of the Department's determination that there is an exceedance of groundwater quality standards attributable to constituents associated with the presence of the impoundment. The requirement to replace a contaminated drinking water supply well with an alternate supply of potable drinking water set out in this subsection is in addition to any other requirements to replace a contaminated drinking water supply well with an alternate supply of potable drinking water applicable to the owners of coal combustion residuals surface impoundments.

(d) Reporting. – In addition to any other reporting required by the Department, the owner of a coal combustion residuals surface impoundment shall submit an annual Groundwater Protection and Restoration Report to the Department no later than January 31 of each year. The Report shall include a summary of all groundwater monitoring, protection, and restoration activities related to the impoundment for the preceding year, including the status of the Groundwater Assessment Plan, the Groundwater Assessment Report, the Groundwater Corrective Action Plan, the Drinking Water Supply Well Survey, and the replacement of any

contaminated drinking water supply wells. The owner of a coal combustion residuals surface impoundment shall also submit all information required to be submitted to the Department pursuant to this section to the Coal Ash Management Commission.

"**§ 130A-309.210. Identification, assessment, and correction of unpermitted discharges.**

(a) Identification of Unpermitted Discharges from Coal Combustion Residuals Surface Impoundments to the Surface Waters of the State. –

(1) The owner of a coal combustion residuals surface impoundment shall identify all unpermitted discharges from the impoundment to the surface waters of the State as provided in this subsection. The requirements for identifying all unpermitted discharges from an impoundment set out in this subsection are in addition to any other requirements for identifying unpermitted discharges applicable to the owners of coal combustion residuals surface impoundments.

(2) No later than December 31, 2014, the owner of a coal combustion residuals surface impoundment shall submit a topographic map that identifies the location of all: (i) outfalls from engineered channels designed or improved for the purpose of collecting water from the toe of the impoundment to the Department; and (ii) seeps discharging from the impoundment that are not captured by engineered channels designed or improved for the purpose of collecting water from the toe of the impoundment to the Department. The topographic map shall comply with all of the following:

a. Be at a scale as required by the Department.

b. Specify the latitude and longitude of each toe drain outfall and each seep.

c. Specify whether the discharge from each toe drain outfall and each seep is continuous or intermittent.

d. Provide an average flow measurement of the discharge from each toe drain outfall and each seep, including a description of the method used to measure average flow.

e. Specify whether the discharge from each toe drain outfall and seep identified reaches the surface waters of the State. If the discharge from a toe drain outfall or seep reaches the surface waters of the State, the map shall specify the latitude and longitude of where the discharge reaches the surface waters of the State.

f. Any other information related to the topographic map required by the Department.

(b) Assessment of Unpermitted Discharges from Coal Combustion Residuals Surface Impoundments to the Surface Waters of the State. – The owner of a coal combustion residuals surface impoundment shall conduct an assessment of unpermitted discharges from the coal combustion residuals surface impoundment to the surface waters of the State as provided in this subsection. The requirements for assessment of unpermitted discharges from the coal combustion residuals surface impoundment to the surface waters of the State set out in this subsection are in addition to any other requirements for the assessment of unpermitted discharges from coal combustion residuals surface impoundments to surface waters of the State applicable to the owners of coal combustion residuals surface impoundments.

(1) No later than December 31, 2014, the owner of a coal combustion residuals surface impoundment shall submit a proposed Unpermitted Discharge Assessment Plan to the Department. The Unpermitted Discharge Assessment Plan shall include information sufficient to allow the Department to determine whether any unpermitted discharge, including a discharge from a toe drain outfall or seep, has reached the surface waters of the State and has

caused a violation of surface water quality standards. The Unpermitted Discharge Assessment Plan shall include, at a minimum, all of the following:

a. Upstream and downstream sampling locations within all channels that could potentially carry a discharge.

b. A description of the surface water quality analyses that will be performed.

c. A sampling schedule, including the frequency and duration of sampling activities.

d. Reporting requirements.

e. Any other information related to the assessment of unpermitted discharges required by the Department.

(2) The Department shall approve the Unpermitted Discharge Assessment Plan if it determines that the Plan complies with the requirements of this subsection and will be sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(3) No later than 30 days from the approval of the Unpermitted Discharge Assessment Plan, the owner shall begin implementation of the Plan in accordance with the Plan's schedule.

(c) Corrective Action to Prevent Unpermitted Discharges from Coal Combustion Residuals Surface Impoundments to the Surface Waters of the State. – The owner of a coal combustion residuals surface impoundment shall implement corrective action to prevent unpermitted discharges from the coal combustion residuals surface impoundment to the surface waters of the State as provided in this subsection. The requirements for corrective action to prevent unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State set out in this subsection are in addition to any other requirements for corrective action to prevent unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State applicable to the owners of coal combustion residuals surface impoundments.

(1) If the Department determines, based on surface water quality sampling information provided in an Unpermitted Discharge Assessment Plan submitted pursuant to subsection (b) of this section, that an unpermitted discharge from a coal combustion residuals surface impoundment, including a discharge from a toe drain outfall or seep, has violated State or federal surface water quality standards, the Department shall notify the owner of the impoundment of its determination.

(2) No later than 30 days from the notification of violation, the owner of the coal combustion residuals surface impoundment shall submit a proposed Unpermitted Discharge Corrective Action Plan to the Department for its review and approval. The proposed Unpermitted Discharge Corrective Action Plan shall include, at a minimum, all of the following:

a. One of the following methods of proposed corrective action:

1. Elimination of the unpermitted discharge.

2. Capture and rerouting of the unpermitted discharge through a permitted outfall.

3. Implementation of best management practices to prevent the unpermitted discharge.

4. Application for a National Pollutant Discharge Elimination System (NPDES) permit amendment to bring the unpermitted discharge under permit regulations.

b. A detailed explanation of the reasons for selecting the method of corrective action.
c. Specific plans, including engineering details, to prevent the unpermitted discharge.
d. A schedule for implementation of the Plan.
e. A monitoring plan for evaluating the effectiveness of the proposed corrective action.
f. Any other information related to the correction of unpermitted discharges required by the Department.

(3) The Department shall approve the Unpermitted Discharge Corrective Action Plan if it determines that the Plan complies with the requirements of this subsection and will be sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(4) No later than 30 days from the approval of the Unpermitted Discharge Corrective Action Plan, the owner shall begin implementation of the Plan in accordance with the Plan's schedule.

(d) Identification of New Unpermitted Discharges. – No later than August 1, 2014, the owner of a coal combustion residuals surface impoundment shall submit a proposed Plan for the Identification of New Unpermitted Discharges to the Department for its review and approval as provided in this subsection.

(1) The proposed Plan for the Identification of New Unpermitted Discharges shall include, at a minimum, all of the following:
a. A procedure for routine inspection of the coal combustion residuals surface impoundment to identify indicators of potential new unpermitted discharges, including toe drain outfalls and seeps.
b. A procedure for determining whether a new unpermitted discharge is actually present.
c. A procedure for notifying the Department when a new unpermitted discharge is confirmed.
d. Any other information related to the identification of new unpermitted discharges required by the Department.

(2) The Department shall approve the Plan for the Identification of New Unpermitted Discharges if it determines that the Plan complies with the requirements of this subsection and will be sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(3) No later than 30 days from the approval of the Plan for the Identification of New Unpermitted Discharges, the owner shall begin implementation of the Plan in accordance with the Plan.

(e) Reporting. – In addition to any other reporting required by the Department, the owner of a coal combustion residuals surface impoundment shall submit an annual Surface Water Protection and Restoration Report to the Department no later than January 31 of each year. The Report shall include a summary of all surface water sampling, protection, and restoration activities related to the impoundment for the preceding year, including the status of the identification, assessment, and correction of unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State. The owner of a coal combustion residuals surface impoundment shall also submit all information required to be submitted to the Department pursuant to this section to the Coal Ash Management Commission.

"**§ 130A-309.211. Prioritization of coal combustion residuals surface impoundments.**

(a) As soon as practicable, but no later than August 1, 2015, the Department shall develop proposed classifications for all coal combustion residuals surface impoundments,

including active and retired sites, for the purpose of closure and remediation based on these sites' risks to public health, safety, and welfare; the environment; and natural resources and shall determine a schedule for closure and required remediation that is based on the degree of risk to public health, safety, and welfare; the environment; and natural resources posed by the impoundments and that gives priority to the closure and required remediation of impoundments that pose the greatest risk. In assessing the risk, the Department shall evaluate information received pursuant to G.S. 130A-309.209 and G.S. 130A-309.210 and any other information deemed relevant and, at a minimum, consider all of the following:

(1) Any imminent hazards to public health, safety, or welfare resulting from the impoundment.
(2) Structural condition and hazard potential of the impoundment.
(3) The proximity of surface waters to the impoundment and whether any surface waters are contaminated or imminently threatened by contamination as a result of the impoundment.
(4) Information concerning the horizontal and vertical extent of soil and groundwater contamination for all contaminants confirmed to be present in groundwater in exceedance of groundwater quality standards and all significant factors affecting contaminant transport.
(5) The location and nature of all receptors and significant exposure pathways.
(6) The geological and hydrogeological features influencing the movement and chemical and physical character of the contaminants.
(7) Amount and characteristics of coal combustion residuals in the impoundment.
(8) Any other factor the Department deems relevant to establishment of risk.

(b) The Department shall issue a proposed classification for each coal combustion residuals surface impoundment based upon the assessment conducted pursuant to subsection (a) of this section as high-risk, intermediate-risk, or low-risk. Within 30 days after a proposed classification has been issued, the Department shall issue a written declaration, including findings of fact, documenting the proposed classification. The Department shall provide for public participation on the proposed risk classification as follows:

(1) The Department shall make copies of the written declaration issued pursuant to this subsection available for inspection as follows:
a. A copy of the declaration shall be provided to the local health director.
b. A copy of the declaration shall be provided to the public library located in closest proximity to the site in the county or counties in which the site is located.
c. The Department shall post a copy of the declaration on the Department's Web site.
d. The Department may place copies of the declaration in other locations so as to assure the availability thereof to the public.
(2) Before issuing a proposed classification of an impoundment as high-risk, intermediate-risk, or low-risk, the Department shall give notice of the written declaration issued pursuant to this subsection as follows:
a. A notice and summary of the declaration shall be published weekly for a period of three consecutive weeks in a newspaper having general circulation in the county or counties where the site is located.
b. Notice of the written declaration shall be given by first-class mail to persons who have requested such notice. Such notice shall include a summary of the written declaration and state the locations where a copy of the written declaration is available for inspection. The

Department shall maintain a mailing list of persons who request notice pursuant to this section.

c. Notice of the written declaration shall be given by electronic mail to persons who have requested such notice. Such notice shall include a summary of the written declaration and state the locations where a copy of the written declaration is available for inspection. The Department shall maintain a mailing list of persons who request notice pursuant to this section.

(3) No later than 60 days after issuance of the written declaration, the Department shall conduct a public meeting in the county or counties in which the site is located to explain the written declaration to the public. The Department shall give notice of the hearing at least 15 days prior to the date thereof by all of the following methods:

a. Publication as provided in subdivision (1) of this subsection, with first publication to occur not less than 30 days prior to the scheduled date of the hearing.

b. First-class mail to persons who have requested notice as provided in subdivision (2) of this subsection.

c. Electronic mail to persons who have requested notice as provided in subdivision (2) of this subsection.

(4) At least 30 days from the latest date on which notice is provided pursuant to subdivision (2) of this subsection shall be allowed for the receipt of written comment on the written declaration prior to issuance of a final risk classification. At least 20 days will be allowed for receipt of written comment following a hearing conducted pursuant to subdivision (3) of this subsection prior to issuance of a final risk classification.

(c) Within 30 days of the receipt of all written comment as required by subdivision (4) of subsection (b) of this section, the Department shall submit a proposed classification for a coal combustion residuals surface impoundment to the Coal Ash Management Commission established pursuant to G.S. 130A-309.202. The Commission shall evaluate all information submitted in accordance with this Part related to the proposed classification and any other information the Commission deems relevant. The Commission shall only approve the proposed classification if it determines that the classification was developed in accordance with this section and that the classification accurately reflects the level of risk posed by the coal combustion residuals surface impoundment. The Commission shall issue its determination in writing, including findings in support of its determination. If the Commission fails to act on a proposed classification within 60 days of receipt of the proposed classification, the proposed classification shall be deemed approved. Parties aggrieved by a final decision of the Commission pursuant to this subsection may appeal the decision as provided under Article 4 of Chapter 150B of the General Statutes.

"**§ 130A-309.212. Closure of coal combustion residuals surface impoundments.**

(a) An owner of a coal combustion residuals surface impoundment shall submit a proposed Coal Combustion Residuals Surface Impoundment Closure Plan for the Department's approval. If corrective action to restore groundwater has not been completed pursuant to the requirements of G.S. 130A-309.209(b), the proposed closure plan shall include provisions for completion of activities to restore groundwater in conformance with the requirements of Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code. In addition, the following requirements, at a minimum, shall apply to such plans:

(1) High-risk impoundments shall be closed as soon as practicable, but no later than December 31, 2019. A proposed closure plan for such impoundments must be submitted as soon as practicable, but no later than December 31,

2016. At a minimum, such impoundments shall be dewatered, and the owner of an impoundment shall either:

a. Convert the coal combustion residuals impoundment to an industrial landfill, as that term is defined by this Article, by removing all coal combustion residuals from the impoundment temporarily, safely storing the residuals on-site, and complying with the siting and design requirements for disposal sites established by Section .0503 of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code, except with respect to those requirements that pertain to buffers. In lieu of the buffer requirement established by Section .0503(f)(2)(iii) of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code, the owner of the impoundment shall establish and maintain a 300-foot buffer between streams and rivers and disposal areas. After the temporarily displaced coal combustion residuals have been returned for disposal in the industrial landfill constructed pursuant to the requirements of this sub-subdivision, the owner of the landfill shall comply with the closure and post-closure requirements established by Section .1627 of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code. A landfill constructed pursuant to this sub-subdivision shall otherwise be subject to all applicable requirements of this Chapter and rules adopted thereunder. Prior to closure, the Department may allow the disposal of coal combustion residuals, in addition to those originally contained in the impoundment, to the landfill constructed pursuant to this sub-subdivision, if the Department determines that the site is suitable for additional capacity and that disposal of additional coal combustion residuals will not pose an unacceptable risk to public health, safety, welfare; the environment; and natural resources.

b. Remove all coal combustion residuals from the impoundment, return the former impoundment to a nonerosive and stable condition, and (i) transfer the coal combustion residuals for disposal in a coal combustion residuals landfill, industrial landfill, or municipal solid waste landfill or (ii) use the coal combustion products in a structural fill or other beneficial use as allowed by law. The use of coal combustion products (i) as structural fill shall be conducted in accordance with the requirements Subpart 3 of this Part and (ii) for other beneficial uses shall be conducted in accordance with the requirements of 15A NCAC 13B .1701, et seq., (Requirements for Beneficial Use of Coal Combustion By-Products).

(2) Intermediate-risk impoundments shall be closed as soon as practicable, but no later than December 31, 2024. A proposed closure plan for such impoundments must be submitted as soon as practicable, but no later than December 31, 2017. At a minimum, such impoundments shall be dewatered, and the owner of an impoundment shall close the impoundment in any manner allowed pursuant to subdivision (1) of this subsection.

(3) Low-risk impoundments shall be closed as soon as practicable, but no later than December 31, 2029. A proposed closure plan for such impoundments must be submitted as soon as practicable, but no later than December 31, 2018. Such impoundments shall be dewatered. The Department shall require such sites to comply with the closure and post-closure requirements

established by Section .1627 of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code. The Department may require implementation of any other measure it deems necessary to protect public health, safety, and welfare; the environment; and natural resources, including imposition of institutional controls that are sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(4) Closure Plans for all impoundments shall include all of the following:

a. Facility and coal combustion residuals surface impoundment description. – A description of the operation of the site that shall include, at a minimum, all of the following:

1. Site history and history of site operations, including details on the manner in which coal combustion residuals have been stored and disposed of historically.
2. Estimated volume of material contained in the impoundment.
3. Analysis of the structural integrity of dikes or dams associated with impoundment.
4. All sources of discharge into the impoundment, including volume and characteristics of each discharge.
5. Whether the impoundment is lined, and, if so, the composition thereof.
6. A summary of all information available concerning the impoundment as a result of inspections and monitoring conducted pursuant to this Part and otherwise available.

b. Site maps, which, at a minimum, illustrate all of the following:

1. All structures associated with the operation of any coal combustion residuals surface impoundment located on the site. For purposes of this sub-subdivision, the term "site" shall mean the land or waters within the property boundary of the applicable electric generating station.
2. All current and former coal combustion residuals disposal and storage areas on the site, including details concerning coal combustion residuals produced historically by the electric generating station and disposed of through transfer to structural fills.
3. The property boundary for the applicable site, including established compliance boundaries within the site.
4. All potential receptors within 2,640 feet from established compliance boundaries.
5. Topographic contour intervals of the site shall be selected to enable an accurate representation of site features and terrain and in most cases should be less than 20-foot intervals.
6. Locations of all sanitary landfills permitted pursuant to this Article on the site, which are actively receiving waste or are closed, as well as the established compliance boundaries and components of associated groundwater and surface water monitoring systems.
7. All existing and proposed groundwater monitoring wells associated with any coal combustion residuals surface impoundment on the site.

8. All existing and proposed surface water sample collection locations associated with any coal combustion residuals surface impoundment on the site.

c. The results of a hydrogeologic, geologic, and geotechnical investigation of the site, including, at a minimum, all of the following:

1. A description of the hydrogeology and geology of the site.
2. A description of the stratigraphy of the geologic units underlying each coal combustion residuals surface impoundment located on the site.
3. The saturated hydraulic conductivity for (i) the coal combustion residuals within any coal combustion residuals surface impoundment located on the site and (ii) the saturated hydraulic conductivity of any existing liner installed at an impoundment, if any.
4. The geotechnical properties for (i) the coal combustion residuals within any coal combustion residuals surface impoundment located on the site, (ii) the geotechnical properties of any existing liner installed at an impoundment, if any, and (iii) the uppermost identified stratigraphic unit underlying the impoundment, including the soil classification based upon the Unified Soil Classification System, in-place moisture content, particle size distribution, Atterberg limits, specific gravity, effective friction angle, maximum dry density, optimum moisture content, and permeability.
5. A chemical analysis of the coal combustion residuals surface impoundment, including water, coal combustion residuals, and coal combustion residuals-affected soil.
6. Identification of all substances with concentrations determined to be in excess of the groundwater quality standards for the substance established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code, including all laboratory results for these analyses.
7. Summary tables of historical records of groundwater sampling results.
8. A map that illustrates the potentiometric contours and flow directions for all identified aquifers underlying impoundments (shallow, intermediate, and deep) and the horizontal extent of areas where groundwater quality standards established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code for a substance are exceeded.
9. Cross-sections that illustrate the following: the vertical and horizontal extent of the coal combustion residuals within an impoundment; stratigraphy of the geologic units underlying a impoundment; and the vertical extent of areas where groundwater quality standards established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code for a substance are exceeded.

d. The results of groundwater modeling of the site that shall include, at a minimum, all of the following:

1. An account of the design of the proposed Closure Plan that is based on the site hydrogeologic conceptual model developed and includes (i) predictions on post-closure groundwater elevations and groundwater flow directions and velocities, including the effects on and from the potential receptors, and (ii) predictions at the compliance boundary for substances with concentrations determined to be in excess of the groundwater quality standards for the substance established Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code.
2. Predictions that include the effects on the groundwater chemistry and should describe migration, concentration, mobilization, and fate for substances with concentrations determined to be in excess of the groundwater quality standards for the substance established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code pre- and post-closure, including the effects on and from potential receptors.
3. A description of the groundwater trend analysis methods used to demonstrate compliance with groundwater quality standards for the substance established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code and requirements for corrective action of groundwater contamination established by Subchapter L of Chapter 2 of Title 15A of the North Carolina Administrative Code.

e. A description of any plans for beneficial use of the coal combustion residuals in compliance with the requirements of Section .1200 of Subchapter T of Chapter 2 of Title 15A of the North Carolina Administrative Code and Section .1700 of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code.

f. All engineering drawings, schematics, and specifications for the proposed Closure Plan. If required by Chapter 89C of the General Statutes, engineering design documents should be prepared, signed, and sealed by a professional engineer.

g. A description of the construction quality assurance and quality control program to be implemented in conjunction with the Closure Plan, including the responsibilities and authorities for monitoring and testing activities, sampling strategies, and reporting requirements.

h. A description of the provisions for disposal of wastewater and management of stormwater and the plan for obtaining all required permits.

i. A description of the provisions for the final disposition of the coal combustion residuals. If the coal combustion residuals are to be removed, the owner must (i) identify the location and permit number for the coal combustion residuals landfills, industrial landfills, or municipal solid waste landfills in which the coal combustion residuals will be disposed and (ii) in the case where the coal combustion residuals are planned for beneficial use, the location and manner in which the residuals will be temporarily stored. If the coal combustion residuals are to be left in the impoundment, the owner must (i) in the case of closure pursuant to sub-subdivision (a)(1)a. of

this section, provide a description of how the ash will be stabilized prior to completion of closure in accordance with closure and post-closure requirements established by Section .1627 of Subchapter B of Chapter 13 of Title 15A of the North Carolina Administrative Code and (ii) in the case of closure pursuant to sub-subdivision (a)(1)b. of this section, provide a description of how the ash will be stabilized pre- and post-closure. If the coal combustion residuals are to be left in the impoundment, the owner must provide an estimate of the volume of coal combustion residuals remaining.

j. A list of all permits that will need to be acquired or modified to complete closure activities.

k. A description of the plan for post-closure monitoring and care for an impoundment for a minimum of 30 years. The length of the post-closure care period may be (i) proposed to be decreased or the frequency and parameter list modified if the owner demonstrates that the reduced period or modifications are sufficient to protect public health, safety, and welfare; the environment; and natural resources and (ii) increased by the Department at the end of the post-closure monitoring and care period if there are statistically significant increasing groundwater quality trends or if contaminant concentrations have not decreased to a level protective of public health, safety, and welfare; the environment; and natural resources. If the owner determines that the post-closure care monitoring and care period is no longer needed and the Department agrees, the owner shall provide a certification, signed and sealed by a professional engineer, verifying that post-closure monitoring and care has been completed in accordance with the post-closure plan. If required by Chapter 89C of the General Statutes, the proposed plan for post-closure monitoring and care should be signed and sealed by a professional engineer. The plan shall include, at a minimum, all of the following:

1. A demonstration of the long-term control of all leachate, affected groundwater, and stormwater.
2. A description of a groundwater monitoring program that includes (i) post-closure groundwater monitoring, including parameters to be sampled and sampling schedules; (ii) any additional monitoring well installations, including a map with the proposed locations and well construction details; and (iii) the actions proposed to mitigate statistically significant increasing groundwater quality trends.

l. An estimate of the milestone dates for all activities related to closure and post-closure.

m. A description of the anticipated future use of the site and the necessity for the implementation of institutional controls following closure, including property use restrictions, and requirements for recordation of notices documenting the presence of contamination, if applicable, or historical site use.

(b) The Department shall review a proposed Coal Combustion Residuals Surface Impoundment Closure Plan for consistency with the minimum requirements set forth in subsection (a) of this section and whether the proposed Closure Plan is protective of public health, safety, and welfare; the environment; and natural resources and otherwise complies with

the requirements of this Part. Prior to issuing a decision on a proposed Closure Plan, the Department shall provide for public participation on the proposed Closure Plan as follows:

(1) The Department shall make copies of the proposed Closure Plan available for inspection as follows:

a. A copy of the proposed Closure Plan shall be provided to the local health director.

b. A copy of the proposed Closure Plan shall be provided to the public library located in closest proximity to the site in the county or counties in which the site is located.

c. The Department shall post a copy of the proposed Closure Plan on the Department's Web site.

d. The Department may place copies of the proposed Closure Plan in other locations so as to assure the availability thereof to the public.

(2) Before approving a proposed Closure Plan, the Department shall give notice as follows:

a. A notice and summary of the proposed Closure Plan shall be published weekly for a period of three consecutive weeks in a newspaper having general circulation in the county or counties where the site is located.

b. Notice that a proposed Closure Plan has been developed shall be given by first-class mail to persons who have requested such notice. Such notice shall include a summary of the proposed Closure Plan and state the locations where a copy of the proposed Closure Plan is available for inspection. The Department shall maintain a mailing list of persons who request notice pursuant to this section.

c. Notice that a proposed Closure Plan has been developed shall be given by electronic mail to persons who have requested such notice. Such notice shall include a summary of the proposed Closure Plan and state the locations where a copy of the proposed Closure Plan is available for inspection. The Department shall maintain a mailing list of persons who request notice pursuant to this section.

(3) No later than 60 days after receipt of a proposed Closure Plan, the Department shall conduct a public meeting in the county or counties in which the site is located to explain the proposed Closure Plan and alternatives to the public. The Department shall give notice of the hearing at least 30 days prior to the date thereof by all of the following methods:

a. Publication as provided in subdivision (1) of this subsection, with first publication to occur not less than 30 days prior to the scheduled date of the hearing.

b. First-class mail to persons who have requested notice as provided in subdivision (2) of this subsection.

c. Electronic mail to persons who have requested notice as provided in subdivision (2) of this subsection.

(4) At least 30 days from the latest date on which notice is provided pursuant to subdivision (2) of this subsection shall be allowed for the receipt of written comment on the proposed Closure Plan prior to its approval. At least 20 days will be allowed for receipt of written comment following a hearing conducted pursuant to subdivision (3) of this subsection prior to the approval of the proposed Closure Plan.

(c) The Department shall disapprove a proposed Coal Combustion Residuals Surface Impoundment Closure Plan unless the Department finds that the Closure Plan is protective of

public health, safety, and welfare; the environment; and natural resources and otherwise complies with the requirements of this Part. The Department shall provide specific findings to support its decision to approve or disapprove a proposed Closure Plan. If the Department disapproves a proposed Closure Plan, the person who submitted the Closure Plan may seek review as provided in Article 3 of Chapter 150B of the General Statutes. If the Department fails to approve or disapprove a proposed Closure Plan within 120 days after a complete Closure Plan has been submitted, the person who submitted the proposed Closure Plan may treat the Closure Plan as having been disapproved at the end of that time period. The Department may require a person who proposes a Closure Plan to supply any additional information necessary for the Department to approve or disapprove the Closure Plan.

(d) Within 30 days of its approval of a Coal Combustion Residuals Surface Impoundment Closure Plan, the Department shall submit the Closure Plan to the Coal Ash Management Commission. The Commission shall evaluate all information submitted in accordance with this Part related to the Closure Plan and any other information the Commission deems relevant. The Commission shall only approve the Closure Plan if it determines that the Closure Plan was developed in accordance with this section; that implementation of the Closure Plan according to the Closure Plan's schedule is technologically feasible; and that the benefits to public health, safety, and welfare; the environment; and natural resources outweigh the negative impacts on electricity costs and reliability. The Commission shall issue its determination in writing, including findings in support of its determination. If the Commission fails to act on a Closure Plan within 60 days of receipt of the Closure Plan, the Closure Plan shall be deemed approved. Parties aggrieved by a final decision of the Commission pursuant to this subsection may appeal the decision as provided under Article 4 of Chapter 150B of the General Statutes.

(e) As soon as practicable, but no later than 60 days after a Coal Combustion Residuals Surface Impoundment Closure Plan has been approved by the Coal Ash Management Commission, the owner of the coal combustion residuals impoundment shall begin implementation of the approved plan. Modifications to an approved closure plan may only be allowed in conformance with the requirements of this Part, upon written request of an owner of an impoundment, with the written approval of the Department, and after public notice of the change in accordance with the requirements of subdivision (2) of subsection (b) of this section.

(f) Nothing in this section shall be construed to obviate the need for sampling, remediation, and monitoring activities at the site as required by G.S. 130A-309.209 and G.S. 130A-309.310.

"Subpart 3. Use of Coal Combustion Products in Structural Fill.

"**§ 130A-309.213. Applicability.**

The provisions of this Subpart shall apply to the siting, design, construction, operation, and closure of projects that utilize coal combustion products for structural fill.

"**§ 130A-309.214. Permit requirements for projects using coal combustion products for structural fill.**

(a) Permit Requirements. –

(1) Projects using coal combustion products as structural fill involving the placement of less than 10,000 tons of coal combustion products per acre or less than 100,000 tons of coal combustion products in total per project, which proceed in compliance with the requirements of this section and rules adopted thereunder, are deemed permitted. Any person proposing such a project shall submit an application for a permit to the Department upon such form as the Department may prescribe including, at a minimum, the information set forth in subdivision (1) of subsection (b) of this section.

(2) No person shall commence or operate a project using coal combustion residuals as structural fill involving the placement of 10,000 or more tons of

coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project without first receiving an individual permit from the Department. Any person proposing such a project shall submit an application for a permit to the Department upon such form as the Department may prescribe including, at a minimum, the information set forth in subdivisions (1) and (2) of subsection (b) of this section.

(b) Information to Be Provided to the Department. – At least 60 days before initiation of a proposed project using coal combustion products as structural fill, the person proposing the project shall submit all of the following information to the Department on a form as prescribed by the Department:

(1) For projects involving placement of less than 10,000 tons of coal combustion products per acre or less than 100,000 tons of coal combustion products in total per project, the person shall provide, at a minimum, the following information:

a. The description of the nature, purpose, and location of the project.

b. The estimated start and completion dates for the project.

c. An estimate of the volume of coal combustion products to be used in the project.

d. A Toxicity Characteristic Leaching Procedure analysis from a representative sample of each different coal combustion product's source to be used in the project for, at a minimum, all of the following constituents: arsenic, barium, cadmium, lead, chromium, mercury, selenium, and silver.

e. A signed and dated statement by the owner of the land on which the structural fill is to be placed, acknowledging and consenting to the use of coal combustion products as structural fill on the property and agreeing to record the fill in accordance with the requirements of G.S. 130A-390.218.

f. The name, address, and contact information for the generator of the coal combustion products.

g. Physical location of the project at which the coal combustion products were generated.

(2) For projects involving placement of 10,000 or more tons of coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project, the person shall provide all information required pursuant to subdivision (1) of this subsection and shall provide construction plans for the project, including a stability analysis as the Department may require. If required by the Department, a stability analysis shall be prepared, signed, and sealed by a professional engineer in accordance with sound engineering practices. A construction plan shall, at a minimum, include a groundwater monitoring system and an encapsulation liner system in compliance with the requirements of G.S. 130A-309.215.

"**§ 130A-309.215. Design requirements for projects using coal combustion products for structural fill.**

(a) Design, Construction, and Operation of Structural Fill Sites. –

(1) A structural fill site must be designed, constructed, operated, closed, and maintained in such a manner as to minimize the potential for harmful release of constituents of coal combustion residuals to the environment or create a nuisance to the public.

(2) Coal combustion products shall be collected and transported in a manner that will prevent nuisances and hazards to public health and safety. Coal

combustion products shall be moisture conditioned, as necessary, and transported in covered trucks to prevent dusting.

(3) Coal combustion products shall be placed uniformly and compacted in lifts not exceeding one foot in thickness and shall be compacted to standards, including in-situ density, compaction effort, and relative density, specified by a registered professional engineer for a specific end-use purpose.

(4) Equipment shall be provided which is capable of placing and compacting the coal combustion products and handling the earthwork required during the periods that coal combustion products are received at the fill project.

(5) The coal combustion product structural fill project shall be effectively maintained and operated as a nondischarge system to prevent discharge to surface water resulting from the project.

(6) The coal combustion product structural fill project shall be effectively maintained and operated to ensure no violations of groundwater standards adopted by the Commission pursuant to Article 21 of Chapter 143 of the General Statutes due to the project.

(7) Surface waters resulting from precipitation shall be diverted away from the active coal combustion product placement area during filling and construction activity.

(8) Site development shall comply with the North Carolina Sedimentation Pollution Control Act of 1973, as amended.

(9) The structural fill project shall be operated with sufficient dust control measures to minimize airborne emissions and to prevent dust from creating a nuisance or safety hazard and shall not violate applicable air quality regulations.

(10) Coal combustion products utilized on an exterior slope of a structural fill shall not be placed with a slope greater than 3.0 horizontal to 1.0 vertical.

(11) Compliance with this subsection shall not insulate any of the owners or operators of a structural fill project from claims for damages to surface waters, groundwater, or air resulting from the operation of the structural fill project. If the project fails to comply with the requirements of this section, the constructor, generator, owner, or operator shall notify the Department and shall take any immediate corrective action as may be required by the Department.

(b) Liners, Leachate Collection System, Cap, and Groundwater Monitoring System Required for Large Structural Fills. – For projects involving placement of 10,000 or more tons of coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project shall have an encapsulation liner system. The encapsulation liner system shall be constructed on and around the structural fill and shall be designed to efficiently contain, collect, and remove leachate generated by the coal combustion products, as well as separate the coal combustion products from any exposure to surrounding environs. At a minimum, the components of the liner system shall consist of the following:

(1) A base liner. The base liner shall consist of one of the following designs:

a. A composite liner utilizing a compacted clay liner. This composite liner is one liner that consists of two components: a geomembrane liner installed above and in direct and uniform contact with a compacted clay liner with a minimum thickness of 24 inches (0.61 m) and a permeability of no more than 1.0×10^{-7} centimeters per second.

b. A composite liner utilizing a geosynthetic clay liner. This composite liner is one liner that consists of three components: a geomembrane

liner installed above and in uniform contact with a geosynthetic clay liner overlying a compacted clay liner with a minimum thickness of 18 inches (0.46 m) and a permeability of no more than 1.0 X 10^{-5} centimeters per second.

(2) A leachate collection system, which is constructed directly above the base liner and shall be designed to effectively collect and remove leachate from the project.

(3) A cap liner, which shall consist of two components: a geomembrane liner installed across the limits of the coal combustion products covered with a minimum thickness of 24 inches (0.61 m) compacted earth, and a permeability of no more than 1.0 X 10^{-7} centimeters per second, and an additional surface six inches of soil capable of supporting native plant growth.

(4) A groundwater monitoring system, which shall be approved by the Department and, at a minimum, consist of all of the following:

a. A sufficient number of wells, installed at appropriate locations and depths, to yield groundwater samples from the uppermost aquifer that represent the quality of groundwater passing the relevant point of compliance as approved by the Department. A downgradient monitoring system shall be installed at the relevant point of compliance so as to ensure detection of groundwater contamination in the uppermost aquifer.

b. A proposed monitoring plan, which shall be certified by a licensed geologist or professional engineer to be effective in providing early detection of any release of hazardous constituents from any point in a structural fill or leachate surface impoundment to the uppermost aquifer, so as to be protective of public health, safety, and welfare; the environment; and natural resources.

c. A groundwater monitoring program, which shall include consistent sampling and analysis procedures that are designed to ensure monitoring results that provide an accurate representation of groundwater quality at the background and downgradient wells. Monitoring shall be conducted through construction and the post-closure care period. The sampling procedures and frequency shall be protective of public health, safety, and welfare; the environment; and natural resources.

d. A detection monitoring program for all Appendix I constituents. For purposes of this subdivision, the term "Appendix I" means Appendix I to 40 C.F.R. Part 258, "Appendix I Constituents for Detection Monitoring," including subsequent amendments and editions.

e. An assessment monitoring program and corrective action plan if one or more of the constituents listed in Appendix I is detected in exceedance of a groundwater protection standard.

"**§ 130A-309.216. Financial assurance requirements for large projects using coal combustion products for structural fill.**

(a) For projects involving placement of 10,000 or more tons of coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project, the applicant for a permit or a permit holder to construct or operate a structural fill shall establish financial assurance that will ensure that sufficient funds are available for facility closure, post-closure maintenance and monitoring, any corrective action that the Department may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences,

and subsequent costs incurred by the Department in response to an incident at a structural fill project, even if the applicant or permit holder becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State.

(b) To establish sufficient availability of funds under this section, the applicant for a permit or a permit holder may use insurance, financial tests, third-party guarantees by persons who can pass the financial test, guarantees by corporate parents who can pass the financial test, irrevocable letters of credit, trusts, surety bonds, or any other financial device, or any combination of the foregoing shown to provide protection equivalent to the financial protection that would be provided by insurance if insurance were the only mechanism used.

(c) The applicant for a permit or a permit holder, and any parent, subsidiary, or other affiliate of the applicant, permit holder, or parent, including any joint venturer with a direct or indirect interest in the applicant, permit holder, or parent shall be a guarantor of payment for closure, post-closure maintenance and monitoring, any corrective action that the Department may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences arising from the operation of the hazardous waste facility.

(d) Assets used to meet the financial assurance requirements of this section shall be in a form that will allow the Department to readily access funds for the purposes set out in this section. Assets used to meet financial assurance requirements of this section shall not be accessible to the permit holder except as approved by the Department.

(e) The Department may provide a copy of any filing that an applicant for a permit or a permit holder submits to the Department to meet the financial responsibility requirements under this section to the State Treasurer. The State Treasurer shall review the filing and provide the Department with a written opinion as to the adequacy of the filing to meet the purposes of this section, including any recommended changes.

(f) In order to continue to hold a permit for a structural fill, a permit holder must maintain financial responsibility as required by this Part and must provide any information requested by the Department to establish that the permit holder continues to maintain financial responsibility.

(g) An applicant for a permit or a permit holder shall satisfy the Department that the applicant or permit holder has met the financial responsibility requirements of this Part before the Department is required to otherwise review the application.

"**§ 130A-309.217. Closure of projects using coal combustion products for structural fill.**

(a) Closure of Structural Fill Projects. –

(1) No later than 30 working days or 60 calendar days, whichever is less, after coal combustion product placement has ceased, the final cover shall be applied over the coal combustion product placement area.

(2) The final surface of the structural fill shall be graded and provided with drainage systems that do all of the following:

a. Minimize erosion of cover materials.

b. Promote drainage of area precipitation, minimize infiltration, and prevent ponding of surface water on the structural fill.

(3) Other erosion control measures, such as temporary mulching, seeding, or silt barriers shall be installed to ensure no visible coal combustion product migration to adjacent properties until the beneficial end use of the project is realized.

(4) The constructor or operator shall submit a certification to the Department signed and sealed by a registered professional engineer or signed by the Secretary of the Department of Transportation or his designee certifying that all requirements of this Subpart have been met. The report shall be submitted within 30 days of application of the final cover.

(b) Additional Closure and Post-Closure Requirements for Large Structural Fill Projects. – For projects involving placement of 10,000 or more tons of coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project, a constructor or operator shall conduct post-closure care. Post-closure care shall be conducted for 20 years, which period may be increased by the Department upon a determination that a longer period is necessary to protect public health, safety, welfare; the environment; and natural resources, or decreased upon a determination that a shorter period is sufficient to protect public health, safety, welfare; the environment; and natural resources. Additional closure and post-closure requirements include, at a minimum, all of the following:

(1) Submit a written closure plan, which includes all of the following:

a. A description of the cap liner system and the methods and procedures used to install the cap that conforms to the requirement in G.S. 130A-309.215(b).

b. An estimate of the largest area of the structural fill project ever requiring the cap liner system at any time during the overall construction period that is consistent with the drawings prepared for the structural fill.

c. An estimate of the maximum inventory of coal combustion products ever on-site over the construction duration of the structural fill.

d. A schedule for completing all activities necessary to satisfy the closure criteria set forth in this section.

(2) Submit a written post-closure plan, which includes all of the following:

a. A description of the monitoring and maintenance activities required for the project and the frequency at which these activities must be performed.

b. The name, address, and telephone number of the person or office responsible for the project during the post-closure period.

c. A description of the planned uses of the property during the post-closure period. Post-closure use of the property must not disturb the integrity of the cap system, base liner system, or any other components of the containment system, or the function of the monitoring systems unless necessary to comply with the requirements of this subsection. The Department may approve disturbance if the constructor or operator demonstrates that disturbance of the cap system, base liner system, or other component of the containment system will not increase the potential threat to public health, safety, and welfare; the environment; and natural resources.

d. The cost estimate for post-closure activities required under this section.

(3) Maintain the integrity and effectiveness of any cap system, including repairing the system as necessary to correct the defects of settlement, subsidence, erosion, or other events and preventing run-on and runoff from eroding or otherwise damaging the cap system.

(4) Maintain and operate the leachate collection system as necessary to allow the coal combustion products to reach terminal moisture condition. Upon a satisfactory showing to the Department by the constructor or operator that the encapsulating liner system has eliminated any recharge sources, and contact water and leachate generation has ceased and no longer poses a threat to public health, safety, and welfare; the environment; and natural resources, the leachate collection system may be closed.

(5) Monitor and maintain the groundwater monitoring system in accordance with G.S. 130A-309.215 and monitor the surface water in accordance with 15A NCAC 13B .0602.

(c) Completion of Post-Closure Care. – Following completion of the post-closure care period, the constructor or operator shall submit a certification, signed by a registered professional engineer, to the Department, verifying that post-closure care has been completed in accordance with the post-closure plan, and include the certification in the operating record.

"**§ 130A-309.218. Recordation of projects using coal combustion products for structural fill.**

(a) The owner of land where coal combustion products have been used in volumes of more than 1,000 cubic yards shall file a statement of the volume and locations of the coal combustion residuals with the Register of Deeds in the county or counties where the property is located. The statement shall identify the parcel of land according to the complete legal description on the recorded deed, either by metes and bounds, or by reference to a recorded plat map. The statement shall be signed and acknowledged by the landowners in the form prescribed by G.S. 47-38 through G.S. 47-43.

(b) Recordation shall be required within 90 days after completion of a structural fill project using coal combustion residuals.

(c) The Register of Deeds, in accordance with G.S. 161-14, shall record the notarized statement and index it in the Grantor Index under the name of the owner of the land. The original notarized statement with the Register's seal and the date, book, and page number of recording shall be returned to the Department after recording.

(d) When property with more than 1,000 cubic yards of coal combustion products is sold, leased, conveyed, or transferred in any manner, the deed or other instrument of transfer shall contain in the description section in no smaller type than used in the body of the deed or instrument a statement that coal combustion products have been used as structural fill material on the property.

"**§ 130A-309.219. Department of Transportation projects.**

The Department and the Department of Transportation may agree on specific design, construction, siting, operation, and closure criteria that may apply to the Department of Transportation structural fill projects.

"**§ 130A-309.220. Inventory and inspection of certain structural fill projects.**

No later than July 1, 2015, the Department shall prepare an inventory of all structural fill projects with a volume of 10,000 cubic yards or more. The Department shall update the structural fill project inventory at least annually. The Department shall inspect each structural fill project with a volume of 10,000 cubic yards or more at least annually to determine if the project or facility has been constructed and operated in compliance with 15A NCAC 13B .1701, et seq., (Requirements for Beneficial Use of Coal Combustion By-Products) and all other applicable laws.

"**§ 130A-309.221. Amendments required to rules.**

Requirements under existing rules governing the use of coal combustion products for structural fill that do not conflict with the provisions of this Subpart shall continue to apply to such projects. The Environmental Management Commission shall amend existing rules governing the use of coal combustion products for structural fill as necessary to implement the provisions of this Subpart. Such rules shall be exempt from the requirements of G.S. 150B-19.3."

SECTION 3.(b) Notwithstanding G.S. 130A-309.211 or G.S. 130A-309.212, as enacted by Section 3(a) of this act, and except as otherwise preempted by the requirements of federal law, the following coal combustion residuals surface impoundments shall be deemed high-priority, and, as soon as practicable, but no later than August 1, 2019, shall be closed in conformance with Section 3(c) of this act:

(1) Coal combustion residuals surface impoundments located at the Dan River Steam Station, owned and operated by Duke Energy Progress, and located in Rockingham County.

(2) Coal combustion residuals surface impoundments located at the Riverbend Steam Station, owned and operated by Duke Energy Carolinas, and located in Gaston County.

(3) Coal combustion residuals surface impoundments located at the Asheville Steam Electric Generating Plant, owned and operated by Duke Energy Progress, and located in Buncombe County.

(4) Coal combustion residuals surface impoundments located at the Sutton Plant, owned and operated by Duke Energy Progress, and located in New Hanover County.

SECTION 3.(c) The impoundments identified in subsection (b) of this section shall be closed as follows:

(1) The impoundments shall be dewatered.

(2) All coal combustion residuals shall be removed from the impoundments and transferred for (i) disposal in a coal combustion residuals landfill, industrial landfill, or municipal solid waste landfill or (ii) use in a structural fill or other beneficial use as allowed by law. Any disposal or use of coal combustion products pursuant to this section shall comply with the moratoriums enacted under Section 4(a) and Section 5(a) of this act and any extensions thereof. The use of coal combustion products (i) as structural fill, as authorized by Section 4(b) of this act, shall be conducted in accordance with the requirements of Subpart 3 of Part 2I of Article 9 of the General Statutes, as enacted by Section 3(a) of this act, and (ii) for other beneficial uses shall be conducted in accordance with the requirements of 15A NCAC 13B .1701, et seq., (Requirements for Beneficial Use of Coal Combustion By-Products).

(3) Where groundwater quality is degraded as a result of the impoundment, corrective action to restore groundwater quality shall be implemented by the owner or operator as provided in G.S. 130A-309.204.

SECTION 3.(d) G.S. 130A-290(a) reads as rewritten:

"**§ 130A-290. Definitions.**

(a) Unless a different meaning is required by the context, the following definitions shall apply throughout this Article:

...

(2b) ~~"Combustion products"~~"Coal combustion residuals" means residuals, including fly ash, bottom ash, boiler slag, mill rejects, and flue gas desulfurization residue produced by a coal-fired generating ~~unit.~~unit destined for disposal. The term does not include coal combustion products as defined in G.S. 130A-309.201(4).

(2c) ~~"Combustion products landfill"~~"Coal combustion residuals landfill" means a facility or unit for the disposal of combustion products, where the landfill is located at the same facility with the coal-fired generating unit or units producing the combustion products, and where the landfill is located wholly or partly on top of a facility that is, or was, being used for the disposal or storage of such combustion products, including, but not limited to, landfills, wet and dry ash ponds, and structural fill facilities.

...

(3a) "Commission" means the Environmental Management Commission.

...

(20) "Open dump" means any facility or site where solid waste is disposed of that is not a sanitary landfill and that is not a coal combustion residuals surface impoundment or a facility for the disposal of hazardous waste.

...

(35) "Solid waste" means any hazardous or nonhazardous garbage, refuse or sludge from a waste treatment plant, water supply treatment plant or air pollution control facility, domestic sewage and sludges generated by the treatment thereof in sanitary sewage collection, treatment and disposal systems, and other material that is either discarded or is being accumulated, stored or treated prior to being discarded, or has served its original intended use and is generally discarded, including solid, liquid, semisolid or contained gaseous material resulting from industrial, institutional, commercial and agricultural operations, and from community activities. Notwithstanding sub-sub-subdivision b.3. of this subdivision, the term includes coal combustion residuals. The term does not include:

a. Fecal waste from fowls and animals other than humans.

b. Solid or dissolved material in:

1. Domestic sewage and sludges generated by treatment thereof in sanitary sewage collection, treatment and disposal systems which are designed to discharge effluents to the surface waters.

2. Irrigation return flows.

3. Wastewater discharges and the sludges incidental to and generated by treatment which are point sources subject to permits granted under Section 402 of the Water Pollution Control Act, as amended (P.L. 92-500), and permits granted under G.S. 143-215.1 by the ~~Environmental Management Commission.~~ Commission, including coal combustion products. However, any sludges that meet the criteria for hazardous waste under RCRA shall also be a solid waste for the purposes of this Article.

...."

SECTION 3.(e) This section is effective when it becomes law. Subpart 3 of Part 2I of Article 9 of the General Statutes, as enacted by Section 3(a) of this act, applies to the use of coal combustion products as structural fill contracted for on or after that date. The first report due under G.S. 130A-309.210, as enacted by Section 3(a) of this act, is due October 1, 2014. Members to be appointed pursuant to G.S. 130A-309.202(b), as enacted by Section 3(a) of this act, shall be appointed no later than September 1, 2014.

PART III. MORATORIUMS AND STUDY ON (1) USE OF COAL COMBUSTION PRODUCTS AS STRUCTURAL FILL AND (2) CONSTRUCTION OR EXPANSION OF COMBUSTION PRODUCTS LANDFILLS

SECTION 4.(a) Notwithstanding 15A NCAC 13B .1701, et seq., and except as provided in Section 4(b) of this act, the use of coal combustion products, as defined in G.S. 130A-290, as structural fill is prohibited until August 1, 2015, in order to allow the Department of Environment and Natural Resources, the Environmental Management Commission, and the General Assembly time to review and evaluate the use of coal combustion residuals as structural fill.

SECTION 4.(b) Coal combustion products may be used as structural fill for any of the following types of projects:

(1) A project where the structural fill is used with a base liner, leachate collection system, cap liner, groundwater monitoring system and where the constructor or operator establishes financial assurance, as required by G.S. 130A–309.216.

(2) As the base or sub-base of a concrete or asphalt paved road constructed under the authority of a public entity.

SECTION 4.(c) The use of coal combustion products (i) as structural fill as authorized by Section 4(b) of this act shall be conducted in accordance with the requirements of Subpart 3 of Part 2I of Article 9 of the General Statutes, as enacted by Section 3(a) of this act, and (ii) for other beneficial uses shall be conducted in accordance with the requirements of 15A NCAC 13B .1701, et seq., (Requirements for Beneficial Use of Coal Combustion By-Products).

SECTION 4.(d) The Department of Environment and Natural Resources and the Environmental Management Commission shall jointly review Subpart 3 of Part 2I of Article 9 of the General Statutes, as enacted by Section 3(a) of this act, and 15A NCAC 13B .1701, et seq. In conducting this review, the Department and Commission shall do all of the following:

(1) Review the uses of coal combustion products as structural fill and the regulation of this use under Subpart 3 of Part 2I of Article 9 of the General Statutes, as enacted by Section 3(a) of this act, to protect public health, safety, and welfare; the environment; and natural resources.

(2) Review the uses of coal combustion products for other beneficial uses and the regulation of these uses under 15A NCAC 13B .1701, et seq., and other applicable rules, to determine if the rules are sufficient to protect public health, safety, and welfare; the environment; and natural resources.

(3) Evaluate additional opportunities for the use of coal combustion products as structural fill and for other beneficial uses that would reduce the volume of coal combustion residuals that are being disposed of in coal combustion residuals landfills, industrial landfills, or municipal solid waste landfills while still being protective of public health, safety, and welfare; the environment; and natural resources.

(4) Monitor any actions of the United States Environmental Protection Agency regarding the use of coal combustion products as structural fill or for other beneficial uses.

(5) Jointly report to the Environmental Review Commission no later than January 15, 2015, on their findings and recommendations regarding the use of coal combustion products as structural fill and for other beneficial uses.

SECTION 4.(e) All electric generating facilities owned by a public utility that produce coal combustion residuals and coal combustion products shall issue a request for proposals on or before December 31, 2014, for (i) the conduct of a market analysis for the concrete industry and other industries that might beneficially use coal combustion residuals and coal combustion products; (ii) the study of the feasibility and advisability of installation of technology to convert existing and newly generated coal combustion residuals to commercial-grade coal combustion products suitable for use in the concrete industry and other industries that might beneficially use coal combustion residuals; and (iii) an examination of all innovative technologies that might be applied to diminish, recycle or reuse, or mitigate the impact of existing and newly generated coal combustion residuals. All electric generating facilities shall present the materials and information received in response to a request for proposals issued pursuant to this section and an assessment of the materials and information, including a forecast of specific actions to be taken in response to the materials and information received, to the Environmental Management Commission and the Coal Ash Management Commission on or before August 1, 2016.

SECTION 4.(f) This section is effective when it becomes law and applies to the use of coal combustion residuals as structural fill contracted for on or after that date.

SECTION 5.(a) There is hereby established a moratorium on construction of new or expansion of existing coal combustion residuals landfills, as defined by G.S. 130A-290(2c) and amended by Section 3(d) of this act. The purpose of this moratorium is to allow the State to assess the risks to public health, safety, welfare; the environment; and natural resources of coal combustion residuals impoundments located beneath coal combustion residuals landfills to determine the advisability of continued operation of these landfills.

SECTION 5.(b) The Department of Environment and Natural Resources shall evaluate each coal combustion residuals landfills currently operating in the State, and, in particular, assess the risks to public health, safety, welfare; the environment; and natural resources, of coal combustion residuals surface impoundments located beneath coal combustion residuals landfills to determine the advisability of continued operation of these landfills. The Department shall report to the Environmental Review Commission no later than January 15, 2015, on its findings and recommendations concerning the risk assessment of each of these sites and the advisability of continued operation of coal combustion residuals landfills.

SECTION 5.(c) This section is effective when it becomes law and expires August 1, 2015.

PART IV. STRENGTHEN THE REPORTING AND NOTIFICATION REQUIREMENTS APPLICABLE TO DISCHARGES OF WASTEWATER TO WATERS OF THE STATE; REQUIRE CERTAIN EMERGENCY CALLS TO BE RECORDED

SECTION 6.(a) G.S. 143-215.1C reads as rewritten:

"**§ 143-215.1C. Report to wastewater system customers on system performance; <u>report discharge of untreated wastewater to the Department; publication of notice of discharge of untreated wastewater and waste.**

(a) Report to Wastewater System Customers. – The owner or operator of any wastewater collection or treatment works, the operation of which is primarily to collect or treat municipal or domestic wastewater and for which a permit is issued under this Part and having an average annual flow greater than 200,000 gallons per day, shall provide to the users or customers of the collection system or treatment works and to the Department an annual report that summarizes the performance of the collection system or treatment works and the extent to which the collection system or treatment works has violated the permit or federal or State laws, regulations, or rules related to the protection of water quality. The report shall be prepared on either a calendar or fiscal year basis and shall be provided no later than 60 days after the end of the calendar or fiscal year.

<u>(a1) Report Discharge of Untreated Wastewater to the Department. – The owner or operator of any wastewater collection or treatment works for which a permit is issued under this Part shall report a discharge of 1,000 gallons or more of untreated wastewater to the surface waters of the State to the Department within 24 hours after the owner or operator has determined that the discharge has reached the surface waters of the State. This reporting requirement shall be in addition to any other reporting requirements applicable to the owner or operator of the wastewater collection or treatment works.</u>

(b) Publication of Notice of Discharge of Untreated Wastewater. – The owner or operator of any wastewater collection or treatment works, the operation of which is primarily to collect or treat municipal or domestic wastewater and for which a permit is issued under this Part shall:

(1) In the event of a discharge of 1,000 gallons or more of untreated wastewater to the surface waters of the State, issue a press release to all print and electronic news media that provide general coverage in the county where the

discharge occurred setting out the details of the discharge. The owner or operator shall issue the press release within ~~48~~ 24 hours after the owner or operator has determined that the discharge has reached the surface waters of the State. The owner or operator shall retain a copy of the press release and a list of the news media to which it was distributed for at least one year after the discharge and shall provide a copy of the press release and the list of the news media to which it was distributed to any person upon request.

(2) In the event of a discharge of 15,000 gallons or more of untreated wastewater to the surface waters of the State, publish a notice of the discharge in a newspaper having general circulation in the county in which the discharge occurs and in each county downstream from the point of discharge that is significantly affected by the discharge. The Secretary shall determine, at the Secretary's sole discretion, which counties are significantly affected by the discharge and shall approve the form and content of the notice and the newspapers in which the notice is to be published. The notice shall be captioned "NOTICE OF DISCHARGE OF UNTREATED SEWAGE". The owner or operator shall publish the notice within 10 days after the Secretary has determined the counties that are significantly affected by the discharge and approved the form and content of the notice and the newspapers in which the notice is to be published. The owner or operator shall file a copy of the notice and proof of publication with the Department within 30 days after the notice is published. Publication of a notice of discharge under this subdivision is in addition to the requirement to issue a press release under subdivision (1) of this subsection.

(c) Publication of Notice of Discharge of Untreated Waste. – The owner or operator of any wastewater collection or treatment works, other than a wastewater collection or treatment works the operation of which is primarily to collect or treat municipal or domestic wastewater, for which a permit is issued under this Part shall:

(1) In the event of a discharge of 1,000 gallons or more of untreated waste to the surface waters of the State, issue a press release to all print and electronic news media that provide general coverage in the county where the discharge occurred setting out the details of the discharge. The owner or operator shall issue the press release within ~~48~~ 24 hours after the owner or operator has determined that the discharge has reached the surface waters of the State. The owner or operator shall retain a copy of the press release and a list of the news media to which it was distributed for at least one year after the discharge and shall provide a copy of the press release and the list of the news media to which it was distributed to any person upon request.

(2) In the event of a discharge of 15,000 gallons or more of untreated waste to the surface waters of the State, publish a notice of the discharge in a newspaper having general circulation in the county in which the discharge occurs and in each county downstream from the point of discharge that is significantly affected by the discharge. The Secretary shall determine, at the Secretary's sole discretion, which counties are significantly affected by the discharge and shall approve the form and content of the notice and the newspapers in which the notice is to be published. The notice shall be captioned "NOTICE OF DISCHARGE OF UNTREATED WASTE". The owner or operator shall publish the notice within 10 days after the Secretary has determined the counties that are significantly affected by the discharge and approved the form and content of the notice and the newspapers in which the notice is to be published. The owner or operator shall file a copy

of the notice and proof of publication with the Department within 30 days after the notice is published. Publication of a notice of discharge under this subdivision is in addition to the requirement to issue a press release under subdivision (1) of this subsection."

SECTION 6.(b) Section 6(a) of this act becomes effective September 1, 2014.

SECTION 6.(c) G.S. 166A-19.12(16) reads as rewritten:

"(16) Establishing and operating a 24-hour Operations Center to serve as a single point of contact for local governments to report the occurrence of emergency and disaster events and to coordinate local and State response assets. The Division shall record all telephone calls to the 24-hour Operations Center emergency hotline and shall maintain the recording of each telephone call for at least one year."

PART V. REQUIRE NOTIFICATION OF THE DEPARTMENT OF EMERGENCY DAM REPAIRS; REQUIRE EMERGENCY ACTION PLANS FOR CERTAIN DAMS; REQUIRE INSPECTION OF DAMS AT COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS

SECTION 7. G.S. 143-215.27 reads as rewritten:

"**§ 143-215.27. Repair, alteration, or removal of dam.**

(a) Before commencing the repair, alteration or removal of a dam, application shall be made for written approval by the Department, except as otherwise provided by this Part. The application shall state the name and address of the applicant, shall adequately detail the changes it proposes to effect and shall be accompanied by maps, plans and specifications setting forth such details and dimensions as the Department requires. The Department may waive any such requirements. The application shall give such other information concerning the dam and reservoir required by the Department, such information concerning the safety of any change as it may require, and shall state the proposed time of commencement and completion of the work. When an application has been completed it may be referred by the Department for agency review and report, as provided by subsection (b) of G.S. 143-215.26 in the case of original construction.

(b) When emergency repairs are necessary to safeguard life and property they may be started immediately but the Department shall be notified ~~forthwith~~ of the proposed repairs and of the work ~~under way, and they~~underway as soon as possible, but not later than 24 hours after first knowledge of the necessity for the emergency repairs, and the emergency repairs shall be made to conform to ~~its~~ the Department's orders."

SECTION 8.(a) G.S. 143-215.31 reads as rewritten:

"**§ 143-215.31. Supervision over maintenance and operation of dams.**

(a) The Commission shall have jurisdiction and supervision over the maintenance and operation of dams to safeguard life and property and to satisfy minimum streamflow requirements. The Commission may adopt standards for the maintenance and operation of dams as may be necessary for the purposes of this Part. The Commission may vary the standards applicable to various dams, giving due consideration to the minimum flow requirements of the stream, the type and location of the structure, the hazards to which it may be exposed, and the peril of life and property in the event of failure of a dam to perform its function.

(a1) The owner of a dam classified by the Department as a high hazard dam or an intermediate hazard dam shall develop an Emergency Action Plan for the dam as provided in this subsection.

(1) The owner of the dam shall submit a proposed Emergency Action Plan for the dam within 90 days after the dam is classified as a high hazard dam or an intermediate hazard dam to the Department and the Department of Public

Safety for their review and approval. The Department and the Department of Public Safety shall approve the Emergency Action Plan if they determine that it complies with the requirements of this subsection and will protect public health, safety, and welfare; the environment; and natural resources.

(2) The Emergency Action Plan shall include, at a minimum, all of the following:

a. A description of potential emergency conditions that could occur at the dam.

b. A description of actions to be taken in response to an emergency condition at the dam.

c. Emergency notification procedures to aid in warning and evacuations during an emergency condition at the dam.

d. A downstream inundation map depicting areas affected by a dam failure and sudden release of the impoundment.

(3) The owner of the dam shall update the Emergency Action Plan annually and shall submit it to the Department and the Department of Public Safety for their review and approval within one year of the prior approval.

(4) The Department shall provide a copy of the Emergency Action Plan to the regional offices of the Department that might respond to an emergency condition at the dam.

(5) The Department of Public Safety shall provide a copy of the Emergency Action Plan to all local emergency management agencies that might respond to an emergency condition at the dam.

(6) Information included in an Emergency Action Plan that constitutes sensitive public security information, as provided in G.S. 132-1.7, shall be maintained as confidential information and shall not be subject to disclosure under the Public Records Act. For purposes of this section, "sensitive public security information" shall include Critical Energy Infrastructure Information protected from disclosure under rules adopted by the Federal Energy Regulatory Commission in 18 C.F.R. § 333.112.

...."

SECTION 8.(b) Notwithstanding G.S. 143-215.31, as amended by Section 8(a) of this act, the owners of all high hazard dams and intermediate hazard dams in operation on the effective date of this act shall submit their proposed Emergency Action Plans to the Department of Environment and Natural Resources and the Department of Public Safety no later than October 1, 2015.

SECTION 9. Section 3(b) of S.L. 2009-390 reads as rewritten:

"**SECTION 3.(b)** Any impoundments or other facilities that were in use ~~on the effective date of this section~~January 1, 2010, in connection with nonnuclear electric generating facilities under the jurisdiction of the North Carolina Utilities Commission, and that had been exempted under the provisions of G.S. 143-215.25A(4), prior to ~~amendment by Section 3(a) of this act,~~ January 1, 2010, shall be deemed to have received all of the necessary approvals from the Department of Environment and Natural Resources and the Commission for Safety.~~Dam Safety, and shall not be required to submit application, certificate, or other materials in connection with the continued normal operation and maintenance of those facilities.~~"

SECTION 10. G.S. 143-215.32 reads as rewritten:

"**§ 143-215.32. Inspection of dams.**

(a) The Department may at any time inspect any dam, including a dam that is otherwise exempt from this Part, upon receipt of a written request of any affected person or agency, or upon a motion of the Environmental Management Commission. Within the limits of available

funds the Department shall endeavor to provide for inspection of all dams at intervals of approximately five years.

(a1) Coal combustion residuals surface impoundments, as defined by G.S. 130A-309.201, shall be inspected as provided in this subsection.

(1) The Department shall inspect each dam associated with a coal combustion residuals surface impoundment at least annually.

(2) The owner of a coal combustion residuals surface impoundment shall inspect the impoundment weekly and after storms to detect evidence of any of the following conditions:

a. Deterioration, malfunction, or improper operation of spillway control systems.

b. Sudden drops in the level of the contents of the impoundment.

c. Severe erosion or other signs of deterioration in dikes or other containment devices or structures.

d. New or enlarged seeps along the downstream slope or toe of the dike or other containment devices or structures.

e. Any other abnormal conditions at the impoundment that could pose a risk to public health, safety, or welfare; the environment; or natural resources.

(3) If any of the conditions described in subdivision (2) of this subsection are observed, the owner shall provide documentation of the conditions to the Department and a registered professional engineer. The registered professional engineer shall investigate the conditions and, if necessary, develop a plan of corrective action to be implemented by the owner of the impoundment. The owner of the impoundment shall provide documentation of the completed corrective action to the Department.

(4) The owner of a coal combustion residuals surface impoundment shall provide for the annual inspection of the impoundment by an independent registered professional engineer to ensure that the structural integrity and the design, operation, and maintenance of the impoundment is in accordance with generally accepted engineering standards. Within 30 days of the inspection, the owner shall provide to the Department the inspection report and a certification by the engineer that the impoundment is structurally sound and that the design, operation, and maintenance of the impoundment is in accordance with generally accepted engineering standards. The owner and the Department shall each place the inspection report and certification on a publicly accessible Internet site.

(b) If the Department upon inspection finds that any dam is not sufficiently strong, is not maintained in good repair or operating condition, is dangerous to life or property, or does not satisfy minimum streamflow requirements, the Department shall present its findings to the Commission and the Commission may issue an order directing the owner or owners of the dam to make at his or her expense maintenance, alterations, repairs, reconstruction, change in construction or location, or removal as may be deemed necessary by the Commission within a time limited by the order, not less than 90 days from the date of issuance of each order, except in the case of extreme danger to the safety of life or property, as provided by subsection (c) of this section.

(c) If at any time the condition of any dam becomes so dangerous to the safety of life or property, in the opinion of the Environmental Management Commission, as not to permit sufficient time for issuance of an order in the manner provided by subsection (b) of this section, the Environmental Management Commission may immediately take such measures as may be essential to provide emergency protection to life and property, including the lowering of the

level of a reservoir by releasing water impounded or the destruction in whole or in part of the dam or reservoir. The Environmental Management Commission may recover the costs of such measures from the owner or owners by appropriate legal action.

(d) An order issued under this Part shall be served on the owner of the dam as provided in G.S. 1A-1, Rule 4."

PART VI. TRANSFER SOLID WASTE RULE-MAKING AUTHORITY FROM COMMISSION FOR PUBLIC HEALTH TO ENVIRONMENTAL MANAGEMENT COMMISSION

SECTION 11.(a) G.S. 130A-29 reads as rewritten:

"§ 130A-29. Commission for Public Health – Creation, powers and duties.

...

(c) The Commission shall adopt rules:

(1) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1022, s. 5.

(2) Establishing standards for approving sewage-treatment devices and holding tanks for marine toilets as provided in G.S. 75A-6(o).

(3) Establishing specifications for sanitary privies for schools where water-carried sewage facilities are unavailable as provided in G.S. 115C-522.

(4) Establishing requirements for the sanitation of local confinement facilities as provided in Part 2 of Article 10 of Chapter 153A of the General Statutes.

(5) Repealed by Session Laws 1989 (Regular Session, 1990), c. 1075, s. 1.

(5a) Establishing eligibility standards for participation in Department reimbursement programs.

~~(6) Requiring proper treatment and disposal of sewage and other waste from chemical and portable toilets.~~

(7) Establishing statewide health outcome objectives and delivery standards.

(8) Establishing permit requirements for the sanitation of premises, utensils, equipment, and procedures to be used by a person engaged in tattooing, as provided in Part 11 of Article 8 of this Chapter.

(9) Implementing immunization requirements for adult care homes as provided in G.S. 131D-9 and for nursing homes as provided in G.S. 131E-113.

(10) Pertaining to the biological agents registry in accordance with G.S. 130A-479.

(11) For matters within its jurisdiction that allow for and regulate horizontal drilling and hydraulic fracturing for the purpose of oil and gas exploration and development.

...."

SECTION 11.(b) G.S. 130A-291.1 reads as rewritten:

"§ 130A-291.1. Septage management program; permit fees.

...

(d) Septage shall be treated and disposed only at a wastewater system that has been approved by the Department under rules adopted by the Commission ~~or by the Environmental Management Commission~~ or at a site that is permitted by the Department under this section. A permit shall be issued only if the site satisfies all of the requirements of the rules adopted by the Commission.

...."

SECTION 11.(c) G.S. 130A-294(a)(4) reads as rewritten:

"§ 130A-294. Solid waste management program.

(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

...

(4) a. Develop a permit system governing the establishment and operation of solid waste management facilities. A landfill with a disposal area of 1/2 acre or less for the on-site disposal of land clearing and inert debris is exempt from the permit requirement of this section and shall be governed by G.S. 130A-301.1. Demolition debris from the decommissioning of manufacturing buildings, including electric generating stations, that is disposed of on the same site as the decommissioned buildings, is exempt from the permit requirement of this section and rules adopted pursuant to this section and shall be governed by G.S. 130A-301.3. The Department shall not approve an application for a new permit, the renewal of a permit, or a substantial amendment to a permit for a sanitary landfill, excluding demolition landfills as defined in the rules of the Commission, except as provided in subdivisions (3) and (4) of subsection (b1) of this section. No permit shall be granted for a solid waste management facility having discharges that are point sources until the Department has referred the complete plans and specifications to the ~~Environmental Management~~ Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans that will be required for the applicant to obtain a permit.

b. Repealed by Session Laws 2007-550, s. 1(a), effective August 1, 2007.

c. The Department shall deny an application for a permit for a solid waste management facility if the Department finds that:

1. Construction or operation of the proposed facility would be inconsistent with or violate rules adopted by the Commission.

2. Construction or operation of the proposed facility would result in a violation of water quality standards adopted by the ~~Environmental Management~~ Commission pursuant to G.S. 143-214.1 for waters, as defined in G.S. 143-213.

3. Construction or operation of the facility would result in significant damage to ecological systems, natural resources, cultural sites, recreation areas, or historic sites of more than local significance. These areas include, but are not limited to, national or State parks or forests; wilderness areas; historic sites; recreation areas; segments of the natural and scenic rivers system; wildlife refuges, preserves, and management areas; areas that provide habitat for threatened or endangered species; primary nursery areas and critical fisheries habitat designated by the Marine Fisheries Commission; and Outstanding Resource Waters designated by the ~~Environmental Management~~ Commission.

...."

SECTION 11.(d) G.S. 130A-300 reads as rewritten:

"**§ 130A-300. Effect on laws applicable to water pollution control.**

This Article shall not be considered as amending, repealing or in any manner abridging or interfering with those sections of the General Statutes of North Carolina relative to the control of water pollution as now administered by the ~~Environmental Management~~ Commission nor shall the provisions of this Article be construed as being applicable to or in any way affecting the authority of the ~~Environmental Management~~ Commission to control the discharges of wastes to the waters of the State as provided in Articles 21 and 21A, Chapter 143 of the General Statutes."

SECTION 11.(e) G.S. 130A-302 reads as rewritten:

"**§ 130A-302. Sludge deposits at sanitary landfills.**

Sludges generated by the treatment of wastewater discharges which are point sources subject to permits granted under Section 402 of the Federal Water Pollution Act, as amended (P.L. 92-500), or permits generated under G. S. 143-215.1 by the ~~Environmental Management~~ Commission shall not be deposited in or on a sanitary landfill permitted under this Article unless in a compliance with the rules concerning solid waste adopted under this Article."

SECTION 11.(f) G.S. 130A-310.3 reads as rewritten:

"**§ 130A-310.3. Remedial action programs for inactive hazardous substance or waste disposal sites.**

...

(b) Where possible, the Secretary shall work cooperatively with any owner, operator, responsible party, or any appropriate agency of the State or federal government to develop and implement the inactive hazardous substance or waste disposal site remedial action program. The Secretary shall not take action under this section to the extent that the ~~Environmental Management~~ Commission, the Commissioner of Agriculture, or the Pesticide Board has assumed jurisdiction pursuant to Articles 21 or 21A of Chapter 143 of the General Statutes.

...

(d) In any inactive hazardous substance or waste disposal site remedial action program implemented hereunder, the Secretary shall ascertain the most nearly applicable cleanup standard as would be applied under CERCLA/SARA, and may seek federal approval of any such program to insure concurrent compliance with federal standards. State standards may exceed and be more comprehensive than such federal standards. The Secretary shall assure concurrent compliance with applicable standards set by the ~~Environmental Management~~ Commission.

...."

SECTION 11.(g) G.S. 130A-310.4(g) reads as rewritten:

"(g) The Commission ~~on Health Services [Commission for Public Health]~~ shall adopt rules prescribing the form and content of the notices required by this section. The proposed remedial action plan shall include a summary of all alternatives considered in the development of the plan. A record shall be maintained of all comment received by the Department regarding the remedial action plan."

SECTION 11.(h) G.S. 130A-310.31(b)(5) reads as rewritten:

"(5) "Unrestricted use standards" when used in connection with "cleanup", "remediated", or "remediation" means contaminant concentrations for each environmental medium that are considered acceptable for all uses and that comply with generally applicable standards, guidance, or established methods governing the contaminants that are established by statute or adopted, published, or implemented by the ~~Environmental Management Commission, the~~ Commission, or the Department instead of the site-specific contaminant levels established pursuant to this Part."

SECTION 11.(i) G.S. 130A-310.65 reads as rewritten:

"**§ 130A-310.65. Definitions.**

As used in this Part:

(1) "Background standard" means the naturally occurring concentration of a substance in the absence of the release of a contaminant.

~~(2) "Commission" means the Environmental Management Commission created pursuant to G.S. 143B-282.~~

...

(12) "Unrestricted use standards" means contaminant concentrations for each environmental medium that are acceptable for all uses; that are protective of public health, safety, and welfare and the environment; and that comply with generally applicable standards, guidance, or methods established by statute or adopted, published, or implemented by the ~~Commission, the Commission for Public Health,~~Commission or the Department."

SECTION 11.(j) G.S. 113-391(a)(5)f. reads as rewritten:

"f. Management of wastes produced in connection with oil and gas exploration and development and use of horizontal drilling and hydraulic fracturing treatments for that purpose. Such rules shall address storage, transportation, and disposal of wastes that may contain radioactive materials or wastes that may be toxic or have other hazardous wastes' characteristics that are not otherwise regulated as a hazardous waste by the federal Resource Conservation and Recovery Act (RCRA), such as top-hole water, brines, drilling fluids, additives, drilling muds, stimulation fluids, well servicing fluids, oil, production fluids, and drill cuttings from the drilling, alteration, production, plugging, or other activity associated with oil and gas wells. Wastes generated in connection with oil and gas exploration and development and use of horizontal drilling and hydraulic fracturing treatments for that purpose that constitute hazardous waste under RCRA shall be subject to rules adopted by the Environmental Management Commission ~~for Public Health~~ to implement RCRA requirements in the State."

SECTION 11.(k) G.S. 113-415 reads as rewritten:

"**§ 113-415. Conflicting laws.**

No provision of this Article shall be construed to repeal, amend, abridge or otherwise ~~affect: (i)~~ affect the authority and ~~responsibility~~responsibility (i) vested in the Environmental Management Commission by Article 7 of Chapter 87 of the General Statutes, pertaining to the location, construction, repair, operation and abandonment of ~~wells, or the authority and responsibility~~ wells; (ii) vested in the Environmental Management Commission related to the control of water and air pollution as provided in Articles 21 and 21A of Chapter 143 of the General Statutes; ~~or (ii) the authority or responsibility~~(iii) vested in the Department and the Environmental Management Commission ~~for Public Health~~ by Article 10 of Chapter 130A of the General Statutes pertaining to public water-supply ~~requirements,~~requirements; or ~~the authority and responsibility~~(iv) vested in the Environmental Management Commission ~~for Public Health~~ related to the management of solid and hazardous waste as provided in Article 9 of Chapter 130A of the General Statutes."

SECTION 11.(l) The Revisor of Statutes shall make any conforming statutory changes necessary to reflect the transfer of rule-making authority under Article 9 of Chapter 130A of the General Statutes from the Commission for Public Health to the Environmental Management Commission.

SECTION 11.(m) The Codifier of Rules shall make any conforming rule changes necessary to reflect the transfer of rule-making authority under Article 9 of Chapter 130A of

the General Statutes from the Commission for Public Health to the Environmental Management Commission.

PART VII. OTHER STUDIES

SECTION 12. The Coal Ash Management Commission, established pursuant to G.S. 130A-309.202, as enacted by Section 3(a) of this act, shall study whether and under what circumstances no further action or natural attenuation is appropriate for a coal combustion residuals surface impoundment that is classified as low-priority pursuant to G.S. 130A-309.211, as enacted by Section 3(a) of this act. In conducting this study, the Commission shall specifically consider whether there is any contact or interaction between coal combustion residuals and groundwater and surface water, whether the area has reverted to a natural state as evidenced by the presence of wildlife and vegetation, and whether no further action or natural attenuation would be protective of public health, safety, and welfare; the environment; and natural resources. The Commission shall report the results of its study, including any recommendations, to the Environmental Review Commission no later than October 1, 2015.

SECTION 13. The Department of Transportation shall evaluate additional opportunities for the use of coal combustion residuals in the construction and maintenance of roads and bridges within the State. The Department shall report the results of its study, including any recommendations, to the Environmental Review Commission no later than December 1, 2014.

PART VIII. PROVIDE RESOURCES FOR IMPLEMENTATION OF THIS ACT

SECTION 14.(a) Article 14 of Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-302.1. Regulatory fee for combustion residual surface impoundments.**

(a) Fee Imposed. – Each public utility with a coal combustion residuals surface impoundment shall pay a regulatory fee for the purpose of defraying the costs of oversight of coal combustion residuals. The fee is in addition to the fee imposed under G.S. 62-302. The fees collected under this section shall only be used to pay the expenses of the Coal Ash Management Commission and the Department of Environment and Natural Resources in providing oversight of coal combustion residuals.

(b) Rate. – The combustion residuals surface impoundment fee shall be three-hundredths of one percent (0.03%) of the North Carolina jurisdictional revenues of each public utility with a coal combustion residuals surface impoundment. For the purposes of this section, the term "North Carolina jurisdictional revenues" has the same meaning as in G.S. 62-302.

(c) When Due. – The fee shall be paid in quarterly installments. The fee is payable to the Coal Ash Management Commission on or before the 15th of the second month following the end of each quarter. Each public utility subject to this fee shall, on or before the date the fee is due for each quarter, prepare and render a report on a form prescribed by the Commission. The report shall state the public utility's total North Carolina jurisdictional revenues for the preceding quarter and shall be accompanied by any supporting documentation that the Coal Ash Management Commission may by rule require. Receipts shall be reported on an accrual basis.

(d) Use of Proceeds. – A special fund in the Office of State Treasurer and the Coal Ash Management Commission is created. The fees collected pursuant to this section and all other funds received by the Coal Ash Management Commission shall be deposited in the Coal Combustion Residuals Management Fund. The Fund shall be placed in an interest-bearing account, and any interest or other income derived from the Fund shall be credited to the Fund. Moneys in the Fund shall only be spent pursuant to appropriation by the General Assembly.

The Commission shall be subject to the provisions of the State Budget Act, except that no unexpended surplus of the Coal Combustion Residuals Management Fund shall revert to the General Fund. All funds credited to the Commission Fund shall be used only to pay the expenses of the Coal Ash Management Commission and the Department of Environment and Natural Resources in providing oversight of coal combustion residuals.

(e) Recovery of Fee. – The North Carolina Utilities Commission shall not allow an electric public utility to recover this fee from the retail electric customers of the State."

SECTION 14.(b) Notwithstanding G.S. 62-302.1, as enacted by this section, for the first two quarters of fiscal year 2014-2015, each public utility shall pay the fee in G.S. 62-302.1 on a monthly basis. The fee shall be paid by the fifteenth of the following month.

SECTION 14.(c) Twenty-five receipt-supported positions are created in the Department of Environment and Natural Resources to carry out the duties in Part 2I of Article 9 of Chapter 130A of the General Statutes. There is appropriated from the Coal Combustion Residuals Management Fund the sum of one million seven hundred fifty thousand dollars ($1,750,000) to the Department of Environment and Natural Resources to support the positions for the 2014-2015 fiscal year.

SECTION 14.(d) Four receipt supported positions are created in the Division of Emergency Management of the Department of Public Safety to carry out the duties in G.S. 130A-309.202. The funds remaining in the Coal Combustion Residuals Management Fund after the appropriation to the Department of Environment and Natural Resources are appropriated to the Department of Public Safety for the 2014-2015 fiscal year. These positions shall be used to provide assistance to the Coal Ash Commission. The positions shall be assigned in the following manner: one of the positions shall be the executive director of the staff, two positions shall be assigned as analysts, and one position shall be assigned as administrative. The Division of Emergency Management in the Department of Public Safety shall consult with the Chair of the Commission in hiring the staff for the Coal Ash Commission. The Division of Emergency Management in the Department of Public Safety shall provide support to the Commission until the staff of the Commission is hired, including the designation of an individual to serve as an interim executive director of the staff.

SECTION 14.(e) This section becomes effective July 1, 2014.

PART IX. SEVERABILITY CLAUSE AND EFFECTIVE DATE

SECTION 15. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 16. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 729:
Coal Ash Management Act of 2014

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Sens. Apodaca, Berger	**Prepared by:**	Jennifer McGinnis, Jeff Hudson, and Heather Fennell, Staff Attorneys
Analysis of:	Second Edition		

BILL ANALYSIS:

PART I. PROHIBIT RECOVERY OF COSTS RELATED TO UNLAWFUL DISCHARGES FROM COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS; MORATORIUM ON RATE CASES

SECTION 1. of the PCS would prohibit the Utilities Commission from allowing an electric public utility to recover from the retail electric customers of the State costs resulting from an unlawful discharge to the surface waters of the State from a coal combustion residuals surface impoundment (impoundment), unless the Commission determines the discharge was due to an event of force majeure. The section would apply to discharges occurring on or after January 1, 2014.

SECTION 2. of the PCS would establish a moratorium on orders of the Utilities Commission to grant an increase in base rates of an electric public utility for costs related to impoundments prior to January 15, 2015, in order to allow the State to study the disposition of impoundments including any final rules adopted by the United States Environmental Protection Agency (USEPA) on the regulation of coal combustion residuals (CCR).

PART II. PROVISIONS FOR COMPREHENSIVE MANAGEMENT OF COAL COMBUSTION RESIDUALS

SECTION 3. of the PCS would create a new Part in the Article of the General Statutes governing management of solid and hazardous waste to address matters related to management of coal ash. Specifically the Part would include provisions as follows:

SUBPART 1. Short Title, Definitions, and General Provisions

- **Definitions**: Establish pertinent definitions. *Note that in a subsequent portion of the bill, the definition for "solid waste" is modified to include wet CCR, which has historically been excluded from the definition of solid waste (see Sec. 3(d)).*
- **Coal Ash Management Commission**: Establish a nine member Coal Ash Management Commission (Commission), which would, in recognition of the complexity and magnitude of the issues associated with the management of coal combustion residuals and the proper closure and remediation of coal combustion residuals surface impoundments, have the following powers and duties:
  - To review and approve the prioritization classification of impoundments.
  - To review and approve closure plans for impoundments.
  - To review and make recommendations on the provisions of this legislation and other statutes and rules related to the management of CCR.
  - To undertake any additional studies as requested by the General Assembly.

The Commission would be:

- Administratively located in the Division of Emergency Management of the Department of Public Safety, but exercise all of its powers and duties independently of the agency and would not be subject to the supervision, direction, or control of the agency.
- Required to submit quarterly written reports as to its operation, activities, programs, and progress to the Environmental Review Commission (ERC).

- **Expedited permit review**: Require expedited review by the Department of Environment and Natural Resources (DENR) of permits necessary to conduct activities required by the legislation. In particular, DENR would be required to issue a draft permit decision on an application for a permit within 60 days after DENR determines that the application is complete. After DENR issues a draft permit decision, it would be required to hold a public hearing and accept written comment on the draft permit decision. DENR would be required to issue a final permit decision on an application for a permit within 30 days after the comment period on the draft permit decision closes. If DENR finds, however, that compliance with the deadlines would result in insufficient review of a permit application that would pose a risk to public health, safety, and welfare, the environment, or natural resources, the applicable deadline would be waived for the application as necessary to allow for adequate review. If a deadline is waived, the Secretary would be required to issue a written declaration, including findings of fact, documenting the need for the waiver.
- **Reports:** Require a number of reports:
  - Quarterly written reports from DENR to the ERC on DENR's operations, activities, programs, and progress with respect to its obligations under the legislation concerning impoundments. At a minimum, the report shall include information concerning the status of assessment, corrective action, prioritization, and closure for each coal combustion residual surface impoundment, and information on costs connected therewith, as well as a summary of all surface and groundwater sampling, protection, and restoration activities related to the impoundment for the preceding year.
  - Annual reports from DENR to each member of the General Assembly who has an impoundment in the member's district, including the location, the amount of CCR known or believed to be located in the impoundment, the last action taken at the impoundment, and the date of that last action.
  - Annual reports from a public utility generating CCR and coal combustion products (CCP) summarizing the following:
    - The volume of CCR and CCP produced.
    - The volume of CCR disposed.
    - The volume of CCP used in structural fill projects.
    - The volume of CCP beneficially used, other than for structural fill.
- **Preemption of local regulation**: Invalidate local ordinances that prohibit or have the effect of regulating the management of coal combustion residuals and coal combustion products. The provision closely mirrors a statute preempting local government regulation of hazardous waste facilities (G.S. 130A-293). Specifically, the provision would invalidate ordinances that:
  - Regulate the management of coal combustion residuals and coal combustion products within any county, city, or other political subdivision.
  - Place any restriction or condition not placed by this legislation upon management of coal combustion residuals and coal combustion products within any county, city, or other political subdivision.
  - In any manner are in conflict or inconsistent with the provisions of this legislation.
- **Federal preemption**: Provide that if any phrase, clause, sentence, or provision of the legislation is declared to be unconstitutional or otherwise invalid or is preempted by federal law or regulation, that provision would be severable and the validity of the remainder of this Part would not be affected thereby.
- **Rulemaking**: Direct the Environmental Management Commission (EMC) to adopt rules as necessary to implement the provisions of the legislation, and exempt such rules from the requirements of

G.S. 150B-19.3 (a provision under the Administrative Procedure Act that places limitations on the adoption of certain environmental rules).

SUBPART 2. Management of Coal Ash Residuals; Closure of Coal Ash Impoundments

Restrictions on generation, disposal, and use of coal combustion residuals:

- Prohibit the construction of new and expansion of existing impoundments on or after July 1, 2014.
- Prohibit the disposal of CCR into an impoundment at an electric generating facility where the coal-fired generating units are no longer producing CCR on or after October 1, 2014.
- Prohibit the discharge of stormwater into an impoundment: (i) at an electric generating facility where the coal-fired generating units are no longer producing CCR on or after December 31, 2018; and (ii) at an electric generating facility where the coal-fired generating units are actively producing CCR on or after December 31, 2019.
- Require all electric generating facilities owned by a public utility to convert to disposal of "dry" fly ash, or retire the facility on or before December 31, 2018.
- Require all electric generating facilities owned by a public utility to convert to disposal of "dry" bottom ash, or retire the facility on or before December 31, 2019.

Groundwater assessment and corrective action; drinking water supply well survey and provision of alternate water supply; reporting:

- Require the owner of an impoundment to conduct groundwater monitoring and assessment on a specified timeline, including:
  - Submission of a Groundwater Assessment Plan to DENR for its review and approval, and implementation of the Plan, followed by submission of a Groundwater Assessment Report to DENR describing all exceedances of groundwater quality standards associated with the impoundment.
  - Submission of a Groundwater Corrective Action Plan to DENR for its review and approval, and implementation of corrective action for the restoration of groundwater in conformance with the requirements of Subchapter 2L of Title 15A of the North Carolina Administrative Code.
  - Conduct of a Drinking Water Supply Well Survey that identifies all drinking water supply wells within one-half mile from the established compliance boundary of the impoundment, and submission of the Survey to DENR. DENR would be directed to: (i) determine, based on the Survey, which drinking water supply wells the owner of the impoundment is required to sample and how frequently and for what period sampling is required; and (ii) require sampling for drinking water supply wells where data regarding groundwater quality and flow and depth in the area of any surveyed well provide a reasonable basis to predict that the quality of water from the surveyed well may be adversely impacted by constituents associated with the presence of the impoundment. The owner would be required to initiate sampling and water quality analysis of the drinking water supply wells (or pay the costs of third party sampling upon election of a property owner). If the sampling and water quality analysis indicated that water from a drinking water supply well exceeds groundwater quality standards for constituents associated with the presence of the impoundment, the owner would be required to replace the contaminated drinking water supply well with an alternate supply of potable drinking water within 30 days of the determination that there is an exceedance of groundwater quality standards.
  - Submission of an annual Groundwater Protection and Restoration Report from an impoundment owner to DENR and the Commission, to include a summary of all groundwater monitoring, protection, and restoration activities related to the impoundment for the preceding year, including the status of the Groundwater Assessment Plan, the Groundwater Assessment Report, the Groundwater Corrective Action Plan, the Drinking Water Supply Well Survey, and the replacement of any contaminated drinking water supply wells.

Identification, assessment, and correction of unpermitted discharges:

- Require an impoundment owner to identify, assess, and correct all unpermitted discharges from the impoundment to the surface waters of the State on a specified timeline, including:
  - Submission of topographic maps to DENR that identify: (i) the location of all outfalls from engineered channels designed or improved for the purpose of collecting water from the toe of the impoundment; and (ii) the location of all seeps discharging from the impoundment that are not captured by engineered channels designed or improved for the purpose of colleting water from the toe of the impoundment.
  - Conduct of an assessment of unpermitted discharges from the impoundment to surface waters of the State including submission of a proposed Unpermitted Discharge Assessment Plan to DENR with information sufficient to allow DENR to determine whether any unpermitted discharge, including a discharge from a toe drain outfall or seep, has reached the surface waters of the State and has caused a violation of surface water quality standards. Within 30 days after DENR approval of a Plan, the owner would be required to begin implementation of the Plan in accordance with the Plan's schedule.
  - Implementation of corrective action to prevent unpermitted discharges from the impoundment to the surface waters of the State. If DENR determines, based on surface water quality sampling information provided in an Unpermitted Discharge Assessment Plan that an unpermitted discharge from an impoundment, including a discharge from a toe drain outfall or seep, has violated State or federal surface water quality laws, DENR must notify the owner of the impoundment of its determination. Within 30 days from the notification of violation, the owner of an impoundment must submit a proposed Unpermitted Discharge Corrective Action Plan to DENR for its review and approval. Within 30 days after DENR approval of a Plan, the owner would be required to begin implementation of the Plan in accordance with the Plan's schedule.
  - Submission of a plan for the Identification of New Unpermitted Discharges for DENR's review and approval. Within 30 days after DENR approval of a Plan, the owner would be required to begin implementation of the Plan in accordance with the Plan's schedule.
  - Submission of an annual Surface Water Protection and Restoration Report to DENR and the Commission, including a summary of all surface water sampling, protection, and restoration activities related to the impoundment for the preceding year, including the status of the identification, assessment, and correction of unpermitted discharges from coal combustion residuals surface impoundments to the surface waters of the State.

Prioritization of coal combustion residuals surface impoundments: would require DENR to develop, no later than August 1, 2015, proposed classifications for all impoundments, including active and retired sites, for the purpose of closure and remediation based on these sites' risks to public health, safety, and welfare; the environment; and natural resources, and to determine a schedule for closure and required remediation that is based on the degree of risk to public health, safety, and welfare; the environment; and natural resources posed by the impoundments and that gives priority to the closure and required remediation of impoundments that pose the greatest risk. In assessing the risk, DENR would be required to evaluate information received pursuant to assessments conducted of the impoundments and impacts to groundwater and surface water, and any other information deemed relevant, and, at a minimum, consider all of the following:

- Any imminent hazards to public health, safety, or welfare resulting from the impoundment.
- Structural condition and hazard potential of the impoundment.
- The proximity of surface waters to the impoundment, and whether any surface waters are contaminated or imminently threatened by contamination as a result of the impoundment.
- Information concerning the horizontal and vertical extent of soil and groundwater contamination for all contaminants confirmed to be present in groundwater in exceedance of groundwater quality standards and all significant factors affecting contaminant transport.
- The location and nature of all receptors and significant exposure pathways.

- The geological and hydrogeological features influencing the movement, chemical, and physical character of the contaminants.
- The amount and characteristics of coal combustion residuals in the impoundment.
- Any other factor DENR deems relevant to establishment of risk.

DENR would be required to issue a proposed classification for each impoundment as low-risk, intermediate-risk, or high-risk. Within 30 days after issuance of a proposed classification DENR would be required to issue a written declaration, including findings of fact, documenting the proposed classification, provide public notice, and conduct public hearings on the proposed classification.

Within 30 days of the receipt of all written comment received through public notice and public hearings, DENR would be required to submit a proposed classification for an impoundment to the Coal Ash Management Commission. The Commission would be required to approve a proposed classification if it determines that the classification was developed in accordance with the relevant requirements of the legislation and that the classification accurately reflects the level of risk posed by the impoundment. The Commission would be required to issue its determination in writing, including findings in support of its determination. Parties aggrieved by a final decision of the Commission on classification could appeal the decision as provided under Article 4 of Chapter 150B of the General Statutes.

Closure of coal combustion residual surface impoundments: An owner of a coal combustion residuals surface impoundment would be required to submit a proposed Coal Combustion Residuals Surface Impoundment Closure Plan for DENR's approval subject to the following requirements:

- High-risk impoundments would be required to close as soon as practicable, but no later than December 31, 2019. A proposed closure plan for such impoundments would need to be submitted as soon as practicable, but no later than December 31, 2016. At a minimum, such impoundments would be required to be dewatered, and the owner of an impoundment could either:
  - Convert the impoundment to an industrial landfill, by removing all CCR from the impoundment temporarily, safely storing the CCR on-site, and complying with the siting and design requirements for sanitary landfills under the Administrative Code, except with respect to those requirements that pertain to buffers. In lieu of the buffer requirements under the Administrative Code, the owner of the impoundment would be required to establish and maintain a 300-foot buffer between streams and rivers and disposal areas. After the temporarily displaced CCR's are returned for disposal in the industrial landfill, the owner of the landfill would be required to comply with the closure and post-closure requirements for sanitary landfills established by the Administrative Code. Prior to closure, however, DENR could allow the disposal of CCR, in addition to those originally contained in the impoundment, to the landfill, if DENR determines that the site is suitable for additional capacity, and that disposal of additional CCR would not pose an unacceptable risk to public health, safety, welfare; the environment; and natural resources.
  - Remove all CCR from the impoundment, return the former impoundment to a non-erosive and stable condition, and: (i) transfer the CCR for disposal in a combustion products landfill or coal combustion residuals landfill, industrial landfill, or municipal solid waste landfill; or (ii) use the CCP in a structural fill, or other beneficial use as allowed by law. The use of CCP as structural fill would need to be conducted in accordance with the enhanced requirements for structural fill included in the legislation, and other beneficial uses would need to be conducted in accordance with the applicable requirements of the Administrative Code.

- Intermediate-risk impoundments would be required to close as soon as practicable, but no later than December 31, 2024. A proposed closure plan for such impoundments would need to be submitted as soon as practicable, but no later than December 31, 2017. At a minimum, such impoundments would

need to be dewatered, and the owner of such an impoundment would be required to close it in any manner allowed for high-risk impoundments.

- Low-risk impoundments would be required to close as soon as practicable, but no later than December 31, 2029. A proposed closure plan for such impoundments would need to be submitted as soon as practicable, but no later than December 31, 2018. At a minimum, such impoundments would need to be dewatered and would be required to comply with the closure and post-closure requirements applicable to sanitary landfills under the Administrative Code. The applicable rule requires installation of a cap system and conduct of post-closure care for a period of 30 years, including, among other things:
  - Maintaining the integrity and effectiveness of any cap system, including making repairs to the cover as necessary to correct the effects of settlement, subsidence, erosion, or other events, and preventing run-on and run-off from eroding or otherwise damaging the cap system.
  - Maintaining and operating a leachate collection system.
  - Monitoring the ground water and surface water and maintaining the groundwater monitoring system.

  In addition, DENR may require implementation of any other measure it deems necessary to protect public health, safety, and welfare; the environment; and natural resources, including imposition of institutional controls that are sufficient to protect public health, safety, and welfare; the environment; and natural resources.

DENR would be required to review a proposed Closure Plan for consistency with the minimum requirements for closure established by the legislation, and to determine whether the proposed Closure Plan otherwise complies with the legislation and is protective of public health, safety, and welfare; the environment; and natural resources. Prior to issuing a decision on a proposed Closure Plan, DENR would be required to provide public notice, and conduct public hearings on the proposed classification.

DENR would be required to provide specific findings to support its decision to approve or disapprove a proposed Closure Plan, and within 30 days of an approval of a Closure Plan, DENR would need to submit the Closure Plan to the Coal Ash Management Commission. The Commission could approve a Closure Plan only if it determines that the Closure Plan was developed in accordance with the legislation; that implementation of the Closure Plan according to the Closure Plan's schedule is technologically feasible; and that the benefits to public health, safety, and welfare; the environment; and natural resources outweigh the negative impacts on electricity costs and reliability. The Commission would be required to issue its determination in writing, including findings in support of its determination. Parties aggrieved by a final decision of the Commission on classification could appeal the decision as provided under Article 4 of Chapter 150B of the General Statutes.

An impoundment owner would be required to begin implementation of a Closure Plan within 60 days after Commission approval.

Notwithstanding the requirements for prioritization and closure methods described above, the following impoundments would be deemed high-priority (see Sec. 3(b)):

(1) Coal combustion residuals surface impoundment(s) located at the Dan River Steam Station, owned and operated by Duke Energy Progress, and located in Rockingham County.

(2) Coal combustion residuals surface impoundment(s) located at the Riverbend Steam Station, owned and operated by Duke Energy Carolinas, and located in Gaston County.

(3) Coal combustion residuals surface impoundment(s) located at the Asheville Steam Electric Generating Plant, owned and operated by Duke Energy Progress, and located in Buncombe County.

(4) Coal combustion residuals surface impoundment(s) located at the Sutton Plant, owned and operated by Duke Energy Progress, and located in New Hanover County.

Except as preempted by federal law, these impoundments would need to be closed as soon as practicable, but no later than August 1, 2019, as follows:

- *The impoundments would be required to be dewatered.*
- *All CCR would need to be removed from the impoundments and transferred for: (i) disposal in a combustion products landfill or coal combustion residuals landfill, industrial landfill, or municipal solid waste landfill; or (ii) use in a structural fill, or other beneficial use as allowed by law.*
- *Where groundwater quality is degraded as a result of the impoundment, corrective action would be required to restore groundwater quality.*

SUBPART 3. Use of Coal Combustion Products in Structural Fill

This portion of the legislation would codify requirements applicable to the use of CCP's in structural fill currently found under the Administrative Code, and would add a number of new requirements to large structural fill projects (those involving the placement of 10,000 or more tons of coal combustion products per acre or 100,000 or more tons of coal combustion products in total per project). In particular, the provisions would do the following:

- Require individual permits for large structural fill projects using CCP (smaller structural fill projects would be deemed permitted), and specify information to be provided to DENR for permitting purposes.
- Codify design and siting requirements for projects using CCP for structural fill currently in rule, and establish new provisions requiring large structural fill projects to have an encapsulation liner system constructed on and around the structural fill to efficiently contain, collect, and remove leachate generated by the CCP, as well as separate the CCP from any exposure to surrounding environs. At a minimum, the components of the liner system would need to include a base liner, a leachate collection system, and a cap liner.
- Require groundwater monitoring for large structural fill projects using CCP. Specifically, large structural fills would be required to install a groundwater monitoring system and conduct groundwater monitoring through construction and the post-closure care period. In addition, a constructor or operator of a large structural fill would be required to implement an assessment monitoring program and initiate corrective action measures if exceedances of groundwater standards are detected through monitoring.
- Require financial assurance for large structural fill projects using CCP for structural fill that will ensure that sufficient funds are available for facility closure, post-closure maintenance and monitoring, any corrective action that DENR may require, and to satisfy any potential liability for sudden and nonsudden accidental occurrences, and subsequent costs incurred by DENR in response to an incident at a structural fill project, even if the applicant or permit holder becomes insolvent or ceases to reside, be incorporated, do business, or maintain assets in the State.
- Codify closure requirements for projects using CCP for structural fill currently in rule, and establish new provisions requiring large structural fill projects to submit closure and post-closure plans and conduct post-closure care for 20 years, which period may be increased or decreased by DENR based on evaluations of impacts to public health, welfare, the environment, and natural resources, or decreased upon a determination that a shorter period is sufficient to protect public health, welfare, the environment, and natural resources.
- Codify recordation requirements for projects using CCP structural fill facilities currently in rule.
- Codify an exemption for Department of Transportation projects using CCP structural fill facilities currently in rule.
- Require DENR to prepare an inventory of all structural fill projects with a volume of 10,000 cubic yards or more, and update the inventory at least annually. In addition, DENR would be directed to inspect each

structural fill project with a volume of 10,000 cubic yards or more at least annually to determine if the project or facility has been constructed and operated in compliance with governing law.

- Direct the EMC to amend existing rules governing the use of CCP for structural fill as necessary to implement the provisions of the legislation, and exempt these rules from a limitation found in the Administrative Procedure Act on adoption of certain environmental rules.

PART III. MORATORIUMS AND STUDY ON: (1) USE OF COAL COMBUSTION PRODUCTS AS STRUCTURAL FILL AND (2) DISPOSAL OF COAL COMBUSTION RESIDUALS TO COMBUSTION PRODUCTS LANDFILLS

SECTION 4.(a) through (d) of the PCS would prohibit certain uses of CCP's as structural fill until August 1, 2015, in order to allow DENR, the EMC, and the General Assembly time to review and evaluate the use of coal combustion residuals as structural fill.

CCP's used as structural fill for any of the following types of projects would be exempt from the moratorium, provided, however, that they comply with requirements of the legislation:

- A project where the structural fill is used with a base liner, leachate collection system, cap liner, groundwater monitoring system, and with sufficient financial assurance.
- As the base or sub-base of a concrete or asphalt paved road constructed under the authority of a public entity.

During the pendency of the moratorium, DENR and the EMC would be required to jointly review the requirements for structural fills using CCP's included in the legislation, as well as rules for beneficial use under the Administrative Code. In particular DENR and EMC would be required to study all of the following:

- Review the uses of CCP: (i) as structural fill, and the regulation of this use as would be established by the legislation, to determine if the requirements are sufficient to protect public health, safety, and welfare; the environment; and natural resources; and (ii) for other beneficial uses and the regulation of these uses under the rules to determine if the rules are sufficient to protect public health, safety, and welfare; the environment; and natural resources.
- Evaluate additional opportunities for the use of CCP as structural fill and for other beneficial uses that would reduce the volume of CCR that are being disposed of in sanitary landfills while still being protective of public health, safety, and welfare; the environment; and natural resources.
- Monitor any actions of the USEPA regarding the use of CCP as structural fill or for other beneficial uses.
- Jointly report to the ERC no later than January 15, 2015, on their findings and recommendations regarding the use of CCP as structural fill and for other beneficial uses.

SECTION 4.(e) of the PCS would require all electric generating facilities owned by a public utility that produce CCR's and CCP's to issue a request for proposals (RFP) on or before December 31, 2014, for (i) the conduct of a market analysis for the concrete industry and other industries that might beneficially use CCR's and CCP's; (ii) the study of the feasibility and advisability of installation of technology to convert existing and newly generated CCR's to commercial-grade CCP's suitable for use in the concrete industry and other industries that might beneficially use coal combustion residuals; and (iii) an examination of all innovative technologies that might be applied to diminish, recycle or reuse, or mitigate the impact of existing and newly generated CCR's. The facilities would be required to present the materials and information received in response to an RFP and an assessment of the materials and information, including a forecast of specific actions to be taken in response to the materials and information received, to the Environmental Management Commission and the Coal Ash Management Commission on or before August 1, 2016.

SECTION 5. of the PCS would establish a moratorium on construction of new or expansion of existing combustion products landfills through August 1, 2015. During the pendency of the moratorium DENR would be required to evaluate each combustion products landfill currently operating in the State, and, in particular, assess the risks to public health, safety, welfare; the environment; and natural resources, of coal combustion residuals surface impoundments located beneath combustion products landfills to determine the advisability of continued operation of these landfills. DENR would be required to report to the ERC no later than January 15, 2015.

PART IV. STRENGTHEN THE REPORTING AND NOTIFICATION REQUIREMENTS APPLICABLE TO DISCHARGES OF WASTEWATER TO WATERS OF THE STATE; REQUIRE CERTAIN EMERGENCY CALLS TO BE RECORDED

SECTION 6.(a) and (b) of the PCS would amend existing requirements for reporting and notification applicable to discharges of wastewater to waters of the State, to: (i) require an owner or operator of any wastewater collection or treatment works to report a discharge of 1,000 gallons or more of untreated wastewater to the surface waters of the State to DENR within 24 hours after the owner or operator has determined that the discharge has reached the surface waters of the State; and (ii) reduce the time periods allowed for a publication of notice of discharge of untreated wastewater from a wastewater collection or treatment works from 48 to 24 hours.

SECTION 6.(c) of the PCS would require that the 24-hour Operations Center established to serve as a single point of contact for local governments to report the occurrence of emergency and disaster events and to coordinate local and State response assets record all telephone calls to the emergency hotline and maintain the recording of each telephone call for at least one year.

PART V. REQUIRE NOTIFICATION TO DENR OF EMERGENCY DAM REPAIRS; REQUIRE EMERGENCY ACTION PLANS FOR CERTAIN DAMS; REQUIRE INSPECTION OF DAMS AT COAL COMBUSTION RESIDUALS SURFACE IMPOUNDMENTS

SECTION 7. of the PCS would amend requirements applicable to dam safety to require that a dam owner notify DENR as soon as possible, but not later than 24 hours after first knowledge of the necessity for emergency repairs to a dam.

SECTION 8. of the PCS would amend requirements applicable to dam safety to require that the owner of a dam classified by DENR as a high hazard dam or an intermediate hazard dam develop an Emergency Action Plan for the dam, addressing specific criteria outlined in the legislation, which must be submitted to DENR and the of Public Safety for approval.

SECTION 9. of the PCS would amend legislation enacted in 2009 that brought certain dams used in connection with electric generating facilities, not including those associated with nuclear generating facilities, under the State Dam Safety Act. The 2009 legislation provided that those facilities would be deemed to have received all of the necessary approvals from DENR and the Commission for Dam Safety, and were not required to submit application, certificate, or other materials in connection with the continued normal operation and maintenance of those facilities. The PCS would eliminate the language exempting these facilities from submission applications, certificates, or other materials.

SECTION 10. of the PCS would amend dam safety requirements to establish specific inspection requirements for impoundments as follows:

- Require DENR to inspect each dam associated with an impoundment at least annually.

- Require the owner of an impoundment to inspect the impoundment weekly and after storms to detect evidence of any of the following conditions:
  - Deterioration, malfunction, or improper operation of spillway control systems.
  - Sudden drops in the level of the contents of the impoundment.
  - Severe erosion or other signs of deterioration in dikes or other containment devices or structures.
  - New or enlarged seeps along the downstream slope or toe of the dike or other containment devices or structures.
  - Any other abnormal conditions at the impoundment that could pose a risk to public health, safety, or welfare; the environment; or natural resources.
- Require the owner of an impoundment to have the impoundment inspected annually by an independent registered professional engineer to ensure that the structural integrity and the design, operation, and maintenance of the impoundment is in accordance with generally accepted engineering standards. Within 30 days of the inspection, the owner must provide DENR the inspection report and a certification by the engineer that the impoundment is structurally sound and that the design, operation, and maintenance of the impoundment is in accordance with generally accepted engineering standards.

PART VI. TRANSFER SOLID WASTE RULE-MAKING AUTHORITY FROM COMMISSION FOR PUBLIC HEALTH TO ENVIRONMENTAL MANAGEMENT COMMISSION

SECTION 11. of the PCS would transfer all rule-making authority for matters related to solid and hazardous waste management (Article 9 of Chapter 130A of the General Statutes), from the Commission for Public Health to the Environmental Management Commission, and makes conforming changes throughout the statutes.

PART VII. OTHER STUDIES

SECTION 12. of the PCS would require the Coal Ash Management Commission, to study whether and under what circumstances no further action or natural attenuation is appropriate for impoundments classified as low-risk. In conducting the study, the Commission must specifically consider whether there is any contact or interaction between CCR and groundwater and surface water, whether the area has reverted to a natural state as evidenced by the presence of wildlife and vegetation, and whether no further action or natural attenuation would be protective of public health, safety, and welfare; the environment; and natural resources. The Commission would be required to report the results of its study, including any recommendations, to the ERC no later than October 1, 2015.

SECTION 13. of the PCS would require the Department of Transportation to evaluate additional opportunities for the use of CCR in the construction and maintenance of roads and bridges within the State. The Department would be required to report the results of its study, including any recommendations, to the ERC no later than December 1, 2014.

PART VIII. PROVIDE RESOURCES FOR IMPLEMENTATION OF THIS ACT

SECTION 14. of the PCS would create a new regulatory fee to defray the costs to the State of CCR management and appropriates the funds. Currently, all public utilities operating in the State pay a regulatory fee that is a percentage of their jurisdictional revenues. This regulatory fee is used to pay the expenses incurred by the Utilities Commission and the Public Staff in regulating public utilities. Section 14(a) of the PCS would create a new regulatory fee that will only be used to pay the costs of the Coal Ash Management Commission and the costs of DENR in providing oversight for CCR and CCP. The fee is set at 0.03% of the jurisdictional revenues of public utilities with an impoundment. Section 14(c) appropriates $1.75 million of the fee to DENR to fund 25 positions to carry out the duties of CCR and CCP management. Section 14(d)

appropriates the funds generated by the new regulatory fee remaining after the appropriation to DENR to the Coal Ash Management Commission to fund 4 positions to support the Commission.

PART XI. SEVERABILITY CLAUSE AND EFFECTIVE DATE

SECTION 15. of the PCS would provide that if any provision of the act or its application were held invalid, the invalidity would not affect other provisions or applications of the act that can be given effect without the invalid provisions or application, and to this end the provisions of this act would be severable.

SECTION 16. Except as otherwise provided, the act would be effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013

S 1

SENATE BILL 742*

Short Title:	Adjust the Utility Regulatory Fee.	(Public)
Sponsors:	Senator Brown (Primary Sponsor).	
Referred to:	Commerce.	

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO ADJUST THE UTILITY REGULATORY FEE TO REFLECT THE CHANGING REGULATORY CLIMATE FOR THE TELECOMMUNICATIONS INDUSTRY, AS RECOMMENDED BY THE LRC COMMITTEE ON THE ASSESSMENT OF REGULATED AND NON-REGULATED INDUSTRY UTILITY FEES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-302 reads as rewritten:

"**§ 62-302. Regulatory fee.**

(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

(b) Public Utility Rate. –

(1) Repealed by Session Laws 2000-140, s. 56, effective July 21, 2000.

(2) ~~The~~ For noncompetitive jurisdictional revenues as defined in sub-subdivision (4)a. of this subsection, the public utility regulatory fee for each fiscal year ~~shall be~~ is the greater of (i) a percentage rate, established by the General Assembly, of each public utility's ~~North Carolina~~ noncompetitive jurisdictional revenues for each quarter or (ii) six dollars and twenty-five cents ($6.25) each quarter. For subsection (h) competitive jurisdictional revenues as defined in sub-subdivision (4)b. of this subsection, and subsection (m) competitive jurisdictional revenues as defined in sub-subdivision (4)c. of this subsection, the public utility regulatory fee for each fiscal year is a percentage rate established by the General Assembly of each public utility's competitive jurisdictional revenues for each quarter.

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose a percentage rate of the public utility regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. The General Assembly shall set the percentage rate of the public utility regulatory fee by law.

The percentage rate may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Commission and the Public Staff for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated increase or decrease in North Carolina jurisdictional revenues.

(3) If the Commission, the Public Staff, or both experience a revenue shortfall, the Commission shall implement a temporary public utility regulatory fee surcharge to avert the deficiency that would otherwise occur. In no event may the total percentage rate of the public utility regulatory fee plus any surcharge established by the Commission exceed twenty-five hundredths percent (0.25%).

(4) As used in this ~~section, the term "North Carolina jurisdictional revenues" means:~~section:

a. "Noncompetitive jurisdictional revenues" means all~~All~~ revenues derived or realized from intrastate tariffs, rates, and charges approved or allowed by the Commission or collected pursuant to Commission order or rule, but not including tap-on fees or any other form of contributions in aid of construction.

b. "Subsection (h) competitive jurisdictional revenues" means all~~All~~ revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under ~~no longer otherwise regulated by the operation of G.S. 62-133.5(h) or~~ G.S. 62-133.5(h).~~G.S. 62-133.5(m) for a local exchange company or competing local provider that has elected to be regulated under those subsections.~~

c. "Subsection (m) competitive jurisdictional revenues" means all revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under G.S. 62-133.5(m).

...

(e) Recovery of fee increase. – If a utility's regulatory fee obligation is increased, the Commission shall either adjust the utility's rates to allow for the recovery of the increased fee obligation, or approve the utility's request for an accounting order allowing deferral of the increase in the fee obligation."

SECTION 2.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (h) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)b. earned during each quarter that begins on or after July 1, 2015, is six hundredths of one percent (0.06%).

SECTION 2.(b) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (h) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)b. earned during each quarter that begins on or after July 1, 2016, is four hundredths of one percent (0.04%).

SECTION 3.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (m) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)c. earned during each quarter that begins on or after July 1, 2015, is five hundredths of one percent (0.05%).

SECTION 3.(b) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (m) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)c. earned during each quarter that begins on or after July 1, 2016, is two hundredths of one percent (0.02%).

SECTION 4. For the 2015-2016 and 2016-2017 fiscal years, the percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina noncompetitive jurisdictional revenues as defined by G.S. 62-302(b)(4)a. shall be adjusted to reflect the decrease in the total regulatory fee collected as a result of Sections 2 and 3 of this act and shall be set to ensure the total regulatory fee collected for each fiscal year is at least an amount sufficient to defray the cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund.

SECTION 5. This act becomes effective July 1, 2015.

SENATE BILL 742:
Adjust the Utility Regulatory Fee

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 19, 2014
Introduced by:	Sen. Brown	**Prepared by:**	Heather Fennell
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***Senate Bill 742 would allow the General Assembly to establish a different utility regulatory fee for the retail services of telecommunications providers that have elected to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) and would set those rates for the 2015 and 2016 fiscal years.***

[As introduced, this bill was identical to H1052, as introduced by Rep. Hager, which is currently in House Finance.]

CURRENT LAW: Currently, all public utilities operating in the State pay a regulatory fee that is a percentage of their jurisdictional revenues. The regulatory fee is used to pay the expenses incurred by the Utilities Commission and the Public Staff in regulating public utilities. The amount of the fee is set by the General Assembly.

G.S. 62-133.5(h), enacted in 2009, allows a local exchange company whose territory is open to competition from other local providers to elect to participate in an alternative form of regulation. After electing to be regulated under (h), local exchange companies are no longer required to file tariffs and certain reports, including service line, access line, and service quality reports with the Utilities Commission. Local exchange companies may not elect regulation under subsection (h) unless they commit to providing stand-alone basic service to rural customers at rates comparable to rates charged to urban customers. Once a local exchange company elects regulation under the plan, it may not increase the rates for stand-alone basic service by more than the GDP price index unless otherwise authorized by the Utilities Commission. Other than to enforce this rate increase standard, the Commission cannot regulate rates or service standards for basic service.

G.S. 62-133.5(m), enacted in 2011, allows a local exchange company whose territory is open to competition from other local providers to elect to participate in another alternative form of regulation. After electing to be regulated under subsection (m), regulation is the same as for companies that are regulated under subsection (h), except that local exchange companies no longer have carrier of last resort responsibilities, are not eligible to receive funds from a state fund that may be established to support universal service, and are not required to provide stand-alone basic service to rural companies at rates comparable to rates charged to urban customers.

BILL ANALYSIS: **Section 1** of the bill would amend the statute governing the regulatory fee paid by public utilities by dividing the revenues of public utilities into three categories:

- Non-competitive jurisdictional revenues.
- Subsection (h) competitive jurisdictional revenues.
- Subsection (m) competitive jurisdictional revenues. Each category of revenue will be subject to its own regulatory fee, as established by the General Assembly.

The percentage rate applied to the jurisdictional revenues is typically set in the Appropriations bill passed by the General Assembly each year.

Sections 2.(a) and 2.(b) would set the regulatory fee for subsection (h) competitive jurisdictional revenues at 0.06% for each quarter that begins on or after July 1, 2015, and at 0.04% for each quarter that begins on or after July 1, 2016.

Sections 3.(a) and 3.(b) would set the regulatory fee for subsection (m) competitive jurisdictional revenues at 0.05% for each quarter that begins on or after July 1, 2015, and at 0.02% for each quarter that begins on or after July 1, 2016.

The regulatory fee over the next three fiscal years would be:

	Noncompetitive Jurisdictional Revenues	Subsection (h) Jurisdictional Revenues	Subsection (m) Jurisdictional Revenues
FY 2014-2015	0.13% (Senate Budget)/ 0.14% (House Budget)		
FY 2015-2016	Not set	0.06%	0.05%
FY 2016-2017	Not set	0.04%	0.02%

Section 4 would direct that the regulatory fee for non-competitive jurisdictional revenues be adjusted to reflect the overall decrease in the total regulatory fee collected as a result of the fee for subsection (h) and subsection (m) competitive jurisdictional revenues such that the total regulatory fee collected for each fiscal year is at least sufficient to cover the operations of the Utilities Commission and the Public Staff.

EFFECTIVE DATE: This act becomes effective July 1, 2015.

GENERAL ASSEMBLY OF NORTH CAROLINA

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

EFFECTIVE DATE: July 1, 2015

TECHNICAL CONSIDERATIONS: Yes - See Technical Considerations Section

BILL SUMMARY:

Section 1

Section 1 of the bill adds new definitions for the types of jurisdictional utility revenues that are subject to the public utility regulatory fee. "Non-competitive" jurisdictional revenues will continue to be assessed the public utility regulatory fee established by the General Assembly. "Competitive" jurisdictional revenues will be assessed a lower regulatory fee that is established in statute. Competitive jurisdictional revenues are separated into two categories:

1. Subsection (h) competitive jurisdictional revenues – revenues derived from retail services provided by local exchange companies and competing local providers that elected to operate under G.S. 62-133.5(h).
2. Subsection (m) competitive jurisdictional revenues – revenues derived from retail services provided by local exchange companies and competing local providers that elected to operate under G.S. 62-133.5(m).

Section 1 also directs the Utilities Commission to adjust established utility rates to allow for the recovery of any future increases in regulatory fees. As an alternative, the Commission may approve a utility's request to defer any future fee increases.

Section 2(a)
For FY 2015-16, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(h) will be set at 0.06%.

Section 2(b)
Beginning July 1, 2016, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(h) will be decreased from 0.06% to 0.04%.

Section 3(a)
For FY 2015-16, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(m) will be decreased to 0.05%.

Section 3(b)
Beginning July 1, 2016, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(m) will be decreased from 0.05% to 0.02%.

Section 4
Section 4 states that the regulatory fee applied to non-competitive jurisdictional revenues will be increased to generate sufficient revenue to offset revenue lost from the fee reductions detailed in Sections 2(a), 2(b), 3(a), and 3(b).

ASSUMPTIONS AND METHODOLOGY:

Background

There are currently five types of regulation on telecommunication providers in the State:

1) Price-Plan Regulation
2) Rate-of-Return Regulation
3) G.S. 62-133.5(h)
4) G.S. 62-133.5(m)
5) Certification

There are two types of regulated entities that would be eligible to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m):

1) Incumbent Local Exchange Companies (ILECs)
2) Competing Local Providers (CLPs)

Telecommunication providers can elect to be regulated under any of the regulation types listed above, with the exception that only CLPs are eligible for the certification process.

Information supplied by the Utilities Commission for the 2012 Calendar Year details the entity participation by regulation type as displayed in Table 1:

Table 1: Number of Providers by Regulation Type

Regulation Type	Number of ILECs	Number of CLPs
Price-Plan	4	0
Rate-of-Return	1	0
G.S. 62-133.5(h)	10	5
G.S. 62-133.5(m)	1	8
Certification	0	161

The same information provided by the Commission included jurisdictional revenues and regulatory fees paid to the Commission from all regulated entities. In addition, 10 of the 16 ILECs provided a breakdown between "competitive" or retail revenues and "non-competitive" or wholesale revenues. The same breakdown was not available for any CLPs.[1]

In CY 2012, jurisdictional revenues received by all ILECs and CLPs totaled $1,595,297,288. Of this amount, $1,083,469,223 was derived from the 10 of 16 ILECs providing a breakdown of wholesale and retail revenues. The retail revenues reported by these 10 ILECs totaled $894,596,745, or 83% of their total jurisdictional revenues.

[1] See Technical Consideration 2.

Assumptions

For this analysis, the percentage of revenues derived from retail operations as reported by 10 of the 16 ILECs (83%) will be applied to the total jurisdictional revenues within the State to calculate total retail jurisdictional revenues. When the experience from the 10 reporting ILECs is applied to total jurisdictional revenue for all ILECs and CLPs, the result is total retail jurisdictional revenue of $1,324,096,749.

All ILECs and CLPs listed above can elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m). The likelihood of a provider electing to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) will vary among each provider. Since providers opting to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) will pay a lower regulatory fee on retail revenues, an incentive exists for eligible providers to elect to be regulated under these statutes. If more providers choose to be regulated under these statutes, the fiscal impact on the Utilities Commission will increase. Since all ILECs and CLPs are eligible, but must elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m), three scenarios are presented below:

1) Status Quo
   This scenario assumes that providers continue to be regulated as they were regulated in 2012.

2) G.S. 62-133.5(m) Only
   In the proposed legislation, the regulatory fee for retail revenue is the lowest for G.S. 62-133.5(m) regulated providers. This scenario assumes that all providers elect to be regulated under G.S. 62-133.5(m).

3) Best Estimate
   This scenario provides staff's best estimate of the actual fiscal impact. Staff assumes that all eligible providers elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m), with jurisdictional revenue divided equally amongst the two regulatory types.

Status Quo

In this scenario, no providers choose to change their existing type of regulation following a fee reduction to providers regulated by G.S. 62-133.5(h) or G.S. 62-133.5(m). Total jurisdictional revenues for G.S. 62-133.5(h) and G.S. 62-133.5(m) providers were $560,595,932 and $746,796,940 respectively. Estimated fee reduction impacts are presented in Table 2:

Table 2: Scenario 1 – Status Quo

	G.S. 62-133.5(h)	G.S. 62-133.5(m)
Total Juris. Revenue	$560,595,932	$746,796,940
Estimated Retail Revenue	$465,294,624	$619,841,460
FY 2015-16 Fee Reduction	($325,706)	($495,873)
FY 2016-17 Fee Reduction	($418,765)	($681,826)

G.S. 62-133.5(m) Only

In this scenario, all providers opt to be regulated under G.S. 62-133.5(m) due to the decreased regulatory oversight fee. Total jurisdictional revenue for all ILECs and CLPs eligible to be regulated under G.S. 62-133.5(m) is $1,595,297,288. Estimated fee reduction impacts are presented in Table 3:

Table 3: Scenario 2 – G.S. 62-133.5(m) Only

	G.S. 62-133.5(m)
Total Juris. Revenue	$1,595,297,288
Estimated Retail Revenue	$1,324,096,749
FY 2015-16 Fee Reduction	($1,059,278)
FY 2016-17 Fee Reduction	($1,456,507)

Best Estimate

A variety of factors can influence a provider's election of regulatory coverage. Some examples would include ease of rate increases, positioning for funding from a possible universal service fund, inertia, cost of regulation, etc. Accurately forecasting which providers elect certain types of regulation in a lower-fee environment is improbable. As a result, staff has assumed that if the bill were to become law, all eligible providers will elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) and jurisdictional revenues would be split equally between the regulatory types. Estimated fee reduction impacts are presented in Table 4:

Table 4: Scenario 3 – Best Estimate

	G.S. 62-133.5(h)	G.S. 62-133.5(m)
Total Juris. Revenue	$797,648,644	$797,648,644
Estimated Retail Revenue	$662,048,375	$662,048,375
FY 2015-16 Fee Reduction	($463,434)	($529,639)
FY 2016-17 Fee Reduction	($595,844)	($728,253)

To compare the estimated fiscal impacts of the fee reductions based on the three scenarios presented above, please refer to Table 5:

Table 5: Projected Competitive Revenue Fee Reduction Impact on NCUC/ Public Staff

Fee Reduction Impact on NC Utilities Commission/ Public Staff Revenue					
	FY 2014-15 ($)	**FY 2015-16 ($)**	**Δ Fee Revenue ($)**	**FY 2016-17 ($)**	**Δ Fee Revenue ($)**
Scenario 1 (Status Quo)	$14,662,857	$13,841,278	($821,579)	$13,562,266	($1,100,591)
Scenario 2 (G.S. 62-133.5(m) Only)	$14,662,857	$13,603,579	($1,059,278)	$13,206,350	($1,456,507)
Scenario 3 (Best Estimate)	$14,662,857	$13,669,784	($993,073)	$13,338,760	($1,324,097)

Section 4 of the bill states that the regulatory fee applied to non-competitive jurisdictional revenues shall be adjusted to reflect the decrease in fees collected from competitive jurisdictional revenues.[2] While the bill does not adjust the regulatory fee, Table 6 displays the associated percentage increases necessary to offset revenue lost from the lower fee applied to competitive jurisdictional revenues.

Table 6 – Non-Competitive Revenue Fee Adjustment Necessary to Replace Reduced Receipts

Fee Increase to Maintain NC Utilities Commission/ Public Staff Revenue						
	FY 2015-16 Δ Fee Revenue ($)	**Fee Increase (%)**	**New Regulatory Fee (%)**	**FY 2016-17 Δ Fee Revenue ($)**	**Fee Increase (%)**	**New Regulatory Fee (%)**
Scenario 1 (Status Quo)	($821,579)	.008%	0.138%	($1,100,591)	.011%	0.141%
Scenario 2 (G.S. 62-133.5(m) Only)	($1,059,278)	.011%	0.141%	($1,456,507)	.015%	0.145%
Scenario 3 (Best Estimate)	($993,073)	.010%	0.140%	($1,324,097)	.013%	0.143%
Note: Percentages rounded to the nearest one-thousandth of one percent *Utility regulatory fee is set at 0.13% for FY 2013-15						

SOURCES OF DATA: Utilities Commission, Public Staff

TECHNICAL CONSIDERATIONS:

1) Section 4 of the bill directs the regulatory fee for the Utilities Commission to be adjusted to offset any revenue lost as a result of Sections 2 and 3 of the bill. However, pursuant to

[2] See Technical Consideration 1.

G.S. 62-302(b)(2), the regulatory fee is either a percentage rate established by the General Assembly or $6.25 for each quarter.

Currently, the General Assembly establishes the regulatory fee during the appropriations process. If the bill becomes law in its current form, Section 4 does not change current practice. The Utilities Commission would receive revenue resulting from the regulatory fee established by the next General Assembly.

For this bill to offset revenue reductions described in Sections 2 and 3 of this bill, the bill must either establish the regulatory fee for FY 2015-16 and FY 2016-17, or insert the regulatory fee in statute.

2) The Commission currently does not receive revenue information from telecommunication providers that separates retail service revenues from total jurisdictional revenues. Some providers may classify this information as trade secret information. For fee reporting purposes, requiring revenue reporting that lists retail revenue may be desired.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE LAWS RELATED TO (1) LOCAL FIREFIGHTERS' RELIEF FUNDS, THE STATEWIDE FIREFIGHTERS' RELIEF FUND, AND THE RESCUE SQUAD WORKERS' RELIEF FUND, (2) WORKERS' COMPENSATION FOR FIREFIGHTERS AND RESCUE SQUAD WORKERS, (3) SUPPLEMENTAL PENSIONS FOR FIREFIGHTERS AND RESCUE SQUAD WORKERS, AND (4) THE VOLUNTEER FIRE DEPARTMENT FUND AND VOLUNTEER RESCUE/EMS FUND, AS RECOMMENDED BY THE JOINT LEGISLATIVE PROGRAM EVALUATION OVERSIGHT COMMITTEE.

The General Assembly of North Carolina enacts:

SECTION 1. Relief Funds. – (a) Article 84 of Chapter 58 of the General Statutes reads as rewritten:

"Article 84.

"~~Fund Derived from Insurance Companies.~~Local Firefighters' Relief Funds.

"**§ 58-84-1.** Repealed by Session Laws 2006-196, s. 6, effective January 1, 2008, and applicable to proceeds credited to the Department of Insurance on or after that date.

"**§ 58-84-5. Definitions.**

The following definitions apply in Articles 84 through 88 of this Chapter:

(1) City. – A fire district.

(2) Clerk. – The clerk of a fire district or, if there is no clerk, the person so designated by the governing body of the fire district.

(3) Fire district. – Any political subdivision of the State that meets all of the following conditions:

a. It has an organized fire department under the control of its governing body.

b. Its fire department has apparatus and equipment that is in serviceable condition for fire duty and is valued at one thousand dollars ($1,000) or more.

c. It ~~enforces the fire laws to the satisfaction of the~~ is rated and certified by the Commissioner.

d. Its response area has been approved by the local municipal government or, if there is no local municipal government, by the local board of county commissioners.

(4) Town. – A fire district.

"**§§ 58-84-10 through 58-84-20:** Repealed by Session Laws 1995 (Regular Session, 1996), c. 747, s. 6.

"**§ 58-84-25. Disbursement of funds by Insurance Commissioner.**

(a) Distribution. – The Insurance Commissioner shall deduct the sum of three percent (3%) from the tax proceeds credited to the Department pursuant to G.S. 105-228.5(d)(3) and pay the same over to the treasurer of the State Firemen's Association for ~~general~~ administrative purposes. The Insurance Commissioner shall deduct the sum of ~~one percent (1%)~~ two percent (2%) from the tax proceeds and retain the same in the budget of the Department of Insurance for the purpose of administering the disbursement of funds by the board of trustees in accordance with the provisions of G.S. 58-84-35. The Insurance Commissioner shall, pursuant to G.S. 58-84-50, credit the amount forfeited by nonmember fire districts to the North Carolina State Firemen's Association. The Insurance Commissioner shall distribute the remaining tax proceeds to the treasurer of each fire district as provided in subsections (b) and (c) of this section.

(b) Allocation to Counties. – The Insurance Commissioner shall allocate to each county an amount of tax proceeds based upon the amount allocated to it in the previous year. If the amount allocable in the current year is less than the amount allocated in the previous year, then the Commissioner shall reduce the amount allocated to each county. The amount of the reduction is equal to the difference in the amount allocated in the previous year and the amount allocable in the current year multiplied by a fraction, the numerator of which is the population of the county and the denominator of which is the population of the State. If the amount allocable in the current year is greater than the amount allocated in the previous year, then the Commissioner shall increase the amount allocated to each county. The amount of the increase is equal to the excess proceeds multiplied by a fraction, the numerator of which is the population of the county and the denominator of which is the population of the State.

(c) Distribution to Fire Districts. – Once the Insurance Commissioner has allocated the tax proceeds to a county under subsection (b) of this section, the Commissioner shall distribute those allocations to the fire districts in that county. The amount distributed to each fire district is equal to the total amount allocated to the county multiplied by a fraction, the numerator of which is the tax value of the property located in the fire district and the denominator of which is the tax value of all property located in any fire district in that county. A county shall provide the Commissioner with the tax value of property located in each fire district in that county by ~~January 1~~February 1 of each year. If a county does not submit information that the Commissioner needs to make a distribution by the date the information is due, the Commissioner shall distribute the allocation based on the most recent information the Commissioner has.

(d) Administration. – These funds shall be held by the treasurer of a fire district as a separate and distinct fund. The fire district shall immediately pay the funds to the treasurer of the local board of trustees upon the treasurer's election and qualification, for the use of the board of trustees of the firemen's local relief fund in each fire ~~district, which board shall be composed of five members,~~district to be used by it for the purposes provided in G.S. 58-84-35.

"**§ 58-84-30. Trustees appointed; organization.**

For each county, town or city complying with and deriving benefits from the provisions of this Article, there shall be appointed a local board of trustees, known as the trustees of the local Firefighters' Relief Fund, to be composed of five members, two of whom shall be elected by the members of the local fire department who are qualified as beneficiaries of such fund, two of whom shall be elected by the mayor and board of aldermen or other local governing body, and one of whom shall be named by the Commissioner of Insurance. Their selection and term of office shall be as follows:

(1) The members of the fire department shall hold an election each January to elect their representatives to above board. In January 1950, the firefighters

shall elect one member to serve for two years and one member to serve for one year, then each year in January thereafter, they shall elect only one member and his term of office shall be for two years. Members elected pursuant to this section shall be either (i) residents of the fire district or (ii) active or retired members of the fire department.

(2) The mayor and board of aldermen or other local governing body shall appoint, in January 1950, two representatives to above board, one to hold office for two years and one to hold office for one year, and each year in January thereafter they shall appoint only one representative and his term of office shall be for two years. Members appointed pursuant to this section shall be residents of the fire district.

(3) The Commissioner of Insurance shall appoint one representative to serve as trustee and he shall serve at the pleasure of the Commissioner. The member appointed pursuant to this section shall be either (i) a resident of the fire district or (ii) an active or retired member of the fire department.

All of the above trustees shall hold office for their elected or appointed time, or until their successors are elected or appointed, and shall serve without pay for their services. They shall immediately after election and appointment organize by electing from their members a chairman and a secretary and treasurer, which two last positions may be held by the same person. The treasurer of said board of trustees shall give a good and sufficient surety bond in a sum equal to the amount of moneys in his hand, to be approved by the Commissioner of Insurance. The cost of this bond may be deducted by the Insurance Commissioner from the receipts collected pursuant to G.S. 58-84-10 before distribution is made to local relief funds. If the chief or chiefs of the local fire departments are not named on the board of trustees as above provided, then they shall serve as ex officio members without privilege of voting on matters before the board.

"**§ 58-84-32. Prudent management of funds.**

Local boards of trustees shall manage local relief funds as prudent trustees of the funds, subject to Chapter 36E of the General Statutes.

"**§ 58-84-35. Disbursement of funds by trustees.**

(a) The board of trustees shall have entire control of the funds derived from the provisions of this Article, and shall disburse the funds only for the following purposes:

(1) To safeguard any ~~fireman~~ firefighter in active service from financial loss, occasioned by sickness contracted or injury received while in the performance of his duties as a ~~fireman.~~ firefighter.

(2) To provide a reasonable support for those actually dependent upon the services of any ~~fireman~~ firefighter who may lose his life in the fire service of his town, city, or State, either by accident or from disease contracted or injury received by reason of such service. The amount is to be determined according to the earning capacity of the deceased.

(2a) To provide assistance, upon approval by the ~~Secretary~~ Executive Director of the State Firemen's Association, to a destitute member ~~fireman~~ firefighter who has served honorably for at least five years. The determination of destitute shall be based on the inability of the firefighters, through no fault of their own, to provide basic provisions to themselves or their families. Such basic provisions include, but are not limited to, assistance with housing, vehicle or commuting expenses, food, clothing, utilities, medical care, and funeral expenses.

(3) Repealed by Session Laws 1985, c. 666, s. 61:

(4) To provide for the payment of any ~~fireman's~~ firefighter's assessment in the Firemen's Fraternal Insurance Fund of the State of North Carolina if the

board of trustees finds as a fact that said ~~fireman~~ firefighter is unable to pay the said assessment by reason of disability.

(5) To provide for benefits of (i) supplemental retirement, including payment of firefighters' monthly assessments for the North Carolina Firefighters' and Rescue Squad Workers' Pension Fund, (ii) workers compensation, including the payment of premiums to the Workers' Compensation Fund established under G.S. 58-87-10, and (iii) other insurance and pension protection for firefighters otherwise qualifying for benefits from the Firefighters' Relief Fund as set forth in Article 85 of this Chapter.

(6) To provide for educational benefits to ~~firemen~~ firefighters and their dependents who otherwise qualify for benefits from the Firefighters' Relief Fund as set forth in Article 85 of this Chapter.

(7) To provide for annual physicals that are required for firefighter positions by the Department of Labor or are recommended by the National Fire Protection Association.

(b) Notwithstanding any other provisions of law, no expenditures shall be made pursuant to ~~subsections (5) and (6)~~ subdivision (5), (6), or (7) of subsection (a) of this section unless the State Firemen's Association has certified that such expenditures will not render the Fund ~~actuarially~~ financially unsound for the purposes of providing the benefits set forth in ~~subsections~~ subdivisions (1), (2), and (4) of subsection (a) of this section. If, for any reason, funds made available for ~~subsections (5) and (6) of this section~~ subdivision (5), (6), or (7) shall be insufficient to pay in full any benefits, the benefits pursuant to ~~subsections~~ subdivisions (5) and (6) shall be reduced pro rata for as long as the amount of insufficient funds ~~exists.~~ exists, after first eliminating the benefits pursuant to subdivision (7). No claim shall accrue with respect to any amount by which a benefit under ~~subsections~~ subdivisions (5) and (6) shall have been reduced.

(c) As used in subsection (b) of this section, the term "financially unsound" means that a local fund could not sustain a requested expenditure or could not make similar payments for five years without the local fund's balance falling below the greater of the following:

(1) Five hundred dollars ($500.00) multiplied by the number of eligible firefighters in the local department.

(2) Twenty thousand dollars ($20,000).

(d) A local board of trustees shall not be restricted to making disbursements solely from the interest earned on the local board's relief fund.

"§ 58-84-40. Trustees to keep account and file certified reports.

(a) Each local board of trustees shall keep a correct account of all moneys received and disbursed by them. On a form prescribed by the North Carolina State Firemen's Association, each local board shall certify by October 31 of each year the following to the Association: the balance of the local fund, proof of sufficient bonding, a full and detailed accounting of the previous year's expenditures, and a full accounting of membership qualifications. Such certification shall be made concurrently with the local unit's statement of Fire Readiness. The accounting of the previous year's expenditures shall include the amounts spent on each of the purposes listed in G.S. 58-84-35(a), including the number of firefighters that received benefits for each of the purposes.

(b) In turn, the State Firemen's Association shall certify to the Department of Insurance by January 1 of each year on a form prescribed by the Department, the following:

(1) The local units ~~which~~ that have complied with the requirements of subsection (a) of this section.

(2) A listing of the members of each of the local units.

(3) The fund balances for each of the local units' relief funds.

(4) Any departments that have exceeded the maximum balance provided under G.S. 58-84-33(a).

(5) Details on the disbursements from local relief funds, including how much was disbursed for each allowable purpose and how many members received disbursements for those purposes, on both a unit-by-unit basis and total basis.

(6) Information on any improper disbursements.

(c) In the event that any board of trustees in any of the towns and cities benefited by this Article shall neglect or fail to perform their duties, or shall willfully misappropriate the funds entrusted in their care by obligating or disbursing such funds for any purpose other than those set forth in G.S. 58-84-35, then the Insurance Commissioner shall withhold any and all further payments to such board of trustees, or their successors, until the matter has been fully investigated by an official of the State Firemen's Association, and adjusted to the satisfaction of the Insurance Commissioner.

(d) In the event that any local relief fund provided for in this Article becomes impaired, then the Statewide Firefighters' Relief Fund may in the discretion of its board of trustees assist the local unit administering the fund in providing for relief to injured firefighters and their dependents or survivors; provided, however, that any funds so provided to such impaired units shall be repaid in full at the statutory rate of interest from future local unit receipts if the impairment resulted from violations of this Article.

"**§ 58-84-41. Commissioner of Insurance to maintain database of reports; fire department identification numbers.**

(a) Working with the North Carolina State Firemen's Association, the Commissioner of Insurance shall develop and maintain a database of the information reported under G.S. 58-84-40(b).

(b) The Commissioner of Insurance shall issue to each fire department within the State a unique fire department identification number (FDID) that shall be used by the Commissioner and the North Carolina State Firemen's Association to coordinate database records and reports.

"**§ 58-84-45.** Repealed by Session Laws 2000-67, s. 26.21(a).

"**§ 58-84-46. Certification to Commissioner.**

On or before October 31 of each year the clerk or finance officer of each city or county that has a local board of trustees under ~~G.S. 58-84-30~~G.S. 58-84-30, or a fire chief if authorized by such a city or county to file the certificate, shall file a certificate of eligibility with the Commissioner. The certificate shall contain information prescribed by administrative rule adopted by the Commissioner. If the certificate is not filed with the Commissioner on or before January 31 in the ensuing year:

(1) The city or county that failed to file the certificate shall forfeit the payment next due to be paid to its board of trustees.

(2) The Commissioner shall pay over that amount to the treasurer of the North Carolina State Firemen's Association.

(3) That amount shall constitute a part of the Statewide Firefighters' Relief Fund.

"**§ 58-84-50. Fire departments to be members of State Firemen's Association.**

For the purpose of supervision and as a guaranty that provisions of this Article shall be honestly administered in a businesslike manner, it is provided that every department enjoying the benefits of this law shall be a member of the North Carolina State Firemen's Association and comply with its constitution and bylaws. If the fire department of any city, town or village shall fail to comply with the constitution and bylaws of said Association, said city, town or village shall forfeit its right to the next annual payment due from the funds mentioned in this Article, and the Commissioner of Insurance shall pay over said amount to the treasurer of the

North Carolina State Firemen's Association and same shall constitute a part of the Statewide Firefighters' Relief Fund.

"**§ 58-84-52. Benefits available to individual firefighters whose departments are not members of the State Firemen's Association.**

(a) Individual firefighters whose departments are not members of the North Carolina State Firemen's Association shall be covered under the line of duty coverage offered by the Association.

(b) Benefits under this section shall be paid from the funds that are forfeited from local departments to the Statewide Firefighters' Relief Fund.

"**§ 58-84-55. No discrimination on account of race.**

The local boards of trustees of the local Firefighters' Relief ~~Fund~~Funds shall make no discrimination based upon race in the payment of benefits.

"**§ 58-84-60. Immunity.**

A person serving on a local board of trustees of ~~the~~a local Firefighters' Relief Fund shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of this service, except where the person:

(1) Was not acting within the scope of that person's official duties;

(2) Was not acting in good faith;

(3) Committed gross negligence or willful or wanton misconduct that resulted in the damages or injury;

(4) Derived an improper personal financial benefit, either directly or indirectly, from the transaction; or

(5) Incurred the liability from the operation of a motor vehicle.

"**§ 58-84-65. Repeal of certain local laws inconsistent with this Article.**

The following provisions contained within any local act enacted or amended prior to January 1, 2014, are hereby repealed:

(1) Any redirection, at the time of receipt, of funds directed to a fire district under G.S. 58-84-25(c) to a fund other than a local relief fund.

(2) Any restriction that would be inconsistent with G.S. 58-84-35(d).

(3) Any transfer of interest earned on a local relief fund from the local relief fund to another fund.

(4) Any transfer of funds from a local relief fund to a supplemental retirement fund based on the local relief fund exceeding a certain amount.

(5) Any allowable expenditures that are not within the scope of the list provided in G.S. 58-84-35(a).

(6) Any variation from the certification requirement under G.S. 58-84-35(b)."

SECTION 1.(b) The database required by G.S. 58-84-41, as enacted by subsection (a) of this section, shall be operational no later than December 1, 2015, so the Department of Insurance can receive and include in its database the information from the North Carolina State Firemen's Association that is due by January 1, 2016.

SECTION 1.(c) Effective July 1, 2015, G.S. 58-84-25, as amended by subsection (a) of this section, reads as rewritten:

"**§ 58-84-25. Disbursement of funds by Insurance Commissioner.**

...

(c) Distribution to Fire Districts. – Once the Insurance Commissioner has allocated the tax proceeds to a county under subsection (b) of this section, the Commissioner shall distribute those allocations directly to the fire districts in that county. The Commissioner shall distribute the allocations by electronic funds transfer, unless a fire district's account cannot accept electronic funds transfers, in which case the Commissioner shall distribute the district's allocation by paper check. The amount distributed to each fire district is equal to the total amount allocated to the county multiplied by a fraction, the numerator of which is the tax value

of the property located in the fire district and the denominator of which is the tax value of all property located in any fire district in that county. A county shall provide the Commissioner with the tax value of property located in each fire district in that county by February 1 of each year. If a county does not submit information that the Commissioner needs to make a distribution by the date the information is due, the Commissioner shall distribute the allocation based on the most recent information the Commissioner has.

(c1) Certain Amounts Redistributed. – Notwithstanding subsection (c) of this section, the Insurance Commissioner shall not distribute funds to a fire district whose local relief fund's balance exceeds the amount provided under G.S. 58-84-33(a). Instead, the Commissioner shall, using the methodology provided in subsections (b) and (c) of this section, distribute those funds to the fire districts whose local relief funds' balances do not exceed the amount provided under G.S. 58-84-33(a). If all of a county's fire districts' local relief funds' balances exceed the amount provided under G.S. 58-84-33(a), then the Commissioner shall reallocate the amount the county would have received to the counties with fire districts that do not exceed the amount provided under G.S. 58-84-33(a)."

SECTION 1.(d) Effective July 1, 2015, Article 84 of Chapter 58 of the General Statutes, as amended by subsection (a) of this section, is further amended by adding a new section to read as follows:

"**§ 58-84-33. Maximum fund balances.**

(a) The balance of a local fire department's Firefighter's Relief Fund for a given year shall not exceed the product of multiplying the number of members on the department's roster as of January 1 for that year by the sum of two thousand five hundred dollars ($2,500).

(b) The North Carolina State Firemen's Association shall annually calculate and notify each local department of its relief fund's maximum allowable balance.

(c) A local fire department whose relief fund balance, at the time of annual distribution by the Insurance Commissioner, exceeds the amount allowable under subsection (a) of this section shall not be entitled to receive a distribution for that year, and the Commissioner shall redistribute the funds that the department would have received, as provided under G.S. 58-84-25(c1).

(d) A board of trustees of a local Firefighters' Relief Fund may, with the authorization of and under guidelines provided by the North Carolina State Firemen's Association, dedicate a portion of the local Firefighters' Relief Fund towards providing supplemental retirement. Notwithstanding subsection (a) of this section, if such dedicated amounts are used solely for supplemental retirement within the guidelines provided by the North Carolina State Firemen's Association, then such dedicated amounts shall not count towards the maximum allowable balance under subsection (a) of this section."

SECTION 1.(e) Article 85 of Chapter 58 of the General Statutes reads as rewritten:

"Article 85.

"~~State Appropriation.~~Statewide Firefighters' Relief Fund.

"**§ 58-85-1. Application of fund.**

The money paid into the hands of the treasurer of the North Carolina State Firemen's Association shall be known and remain as the "Firefighters' Relief Fund" of North Carolina, and shall be used as a fund for the relief of firefighters and county fire marshals, who are members of this Association, who may be injured or rendered sick by disease contracted in the actual discharge of duty as firefighters or county fire marshals, and for the relief of surviving spouses, children, and if there be no surviving spouse or children, then dependent mothers of the firefighters and county fire marshals killed or dying from disease so contracted in the discharge of duty; to be paid in the manner and in the sums to the individuals of the classes herein named and described as may be provided for and determined upon in accordance with the constitution and bylaws of the Association, and any provisions and determinations made under the constitution and bylaws shall be final and conclusive as to the persons entitled to

benefits and as to the amount of benefit to be received, and no action at law shall be maintained against the Association to enforce any claim or recover any benefit under this Article or under the constitution and bylaws of the Association; but if any officer or committee of the Association omit or refuse to perform any duty imposed upon the officer or them, nothing herein contained shall be construed to prevent any proceedings against that officer or committee to compel the officer or them to perform that duty. ~~No firefighter or county fire marshal shall be entitled to receive any benefits under this section until the firefighters' relief fund of his city or town has been exhausted.~~ Notwithstanding the above provisions, the Executive Board of the North Carolina State Firemen's Association is hereby authorized to grant educational scholarships to members and the children of members, to subsidize premium payments of members over 65 years of age to the Firemen's Fraternal Insurance Fund of the North Carolina State Firemen's Association, and to provide accidental death and dismemberment insurance for members of ~~those~~ fire ~~departments not eligible for benefits pursuant to standards of certification adopted by the State Firemen's Association for the use of local relief funds.~~ departments.

"§ 58-85-5. Reserved for future codification purposes.

"§ 58-85-10. Treasurer to file report and give bond.

[] The treasurer of the North Carolina State Firemen's Association shall make a detailed report to the State Treasurer and the Commissioner of Insurance of the yearly expenditures of the appropriation under Articles 84 through 88 of this Chapter on or before the end of the fiscal year, showing the total amount of money in his hands at the time of the filing of the report, and shall give a bond to the State of North Carolina with good and sufficient sureties to the satisfaction of the Treasurer of the State of North Carolina in a sum not less than the amount of money on hand as shown by said report.

"§ 58-85-15. Who shall participate in the fund.

The line of duty entitling one to participate in the fund shall be so construed as to mean actual fire duty only, and any actual duty connected with the fire department or county fire marshal office when directed to perform the same by an officer in charge.

"§ 58-85-20. Who may become members.

Any organized fire company in North Carolina, holding itself ready for duty, may, upon compliance with the requirements of its constitution and bylaws, become a member of the North Carolina State Firemen's Association, and any ~~fireman~~ firefighter of good moral character in North Carolina, and belonging to an organized fire company, who complies with the requirements of the constitution and bylaws of the North Carolina State Firemen's Association, may become a member of the Association. Any county fire marshal office may, upon compliance with the requirements of its constitution and bylaws, become a member of the North Carolina Firemen's Association, and any employee of a county fire marshal office of good moral character whose sole duty is to act as a fire marshal, deputy fire marshal, assistant fire marshal, or firefighter of the county, who complies with the requirements of its constitution and bylaws, may become a member of the North Carolina Firemen's Association.

"§ 58-85-25. Applied to members of regular fire company.

G.S. 58-85-1, 58-85-10, 58-85-15, 58-85-20, and 58-85-25 shall apply to any ~~fireman~~ firefighter or fire marshal who is a member of a regularly organized fire company or county fire marshal office, and is a member in good standing of the North Carolina State Firemen's Association.

"§ 58-85-30. Treasurer to pay fund to Volunteer Firemen's Association.

(a) The treasurer of the North Carolina State Firemen's Association shall pay to the treasurer of the North Carolina State Volunteer Firemen's Association one sixth of the funds arising from the three percent (3%) paid the treasurer of the North Carolina State Firemen's Association by the Commissioner each year to be used by the North Carolina State Volunteer Firemen's Association for the purposes set forth in G.S. 58-84-35.

(b) Local units of the North Carolina State Volunteer Firemen's Association shall maintain records and report to the North Carolina State Firemen's Association in accordance with G.S. 58-84-40, and shall be subject to the sanctions in G.S. 58-84-40.

"**§ 58-85-35. Prudent management of Firefighters' Relief Fund.**

The North Carolina State Firemen's Association shall manage the Firefighters' Relief Fund as a prudent trustee of the funds, subject to Chapter 36E of the General Statutes."

SECTION 1.(f) G.S. 58-88-5(c)(5) reads as rewritten:

"(5) Notwithstanding any other provision of law, no expenditures shall be made pursuant to subdivisions (1), (2), (3), (4), and (4a) of this subsection unless the Board has certified that the expenditures will not render the Fund ~~actuarially~~ financially unsound for the purpose of providing the benefits set forth in subdivisions (1), (2), (3), (4), and (4a). If, for any reason, funds made available for subdivisions (1), (2), (3), (4), and (4a) are insufficient to pay in full any benefit, the benefits pursuant to subdivisions (1), (2), (3), (4), and (4a) shall be reduced pro rata for as long as the amount of insufficient funds exists. No claims shall accrue with respect to any amount by which a benefit under subdivisions (1), (2), (3), (4), and (4a) has been reduced."

SECTION 1.(g) Article 88 of Chapter 58 of the General Statutes is amended by adding a new section to read as follows:

"**§ 58-88-35. Prudent management of Rescue Squad Workers' Relief Fund.**

The Association shall manage the Rescue Squad Workers' Relief Fund as a prudent trustee of the funds, subject to Chapter 36E of the General Statutes."

SECTION 1.(h) Beginning on April 1, 2016, and each year thereafter, the Department of Insurance shall report to the House Appropriations Subcommittee on General Government and the Senate Appropriations Committee on General Government and Information Technology the following information about each local firefighters' relief fund board, the North Carolina State Firemen's Association, and the North Carolina Association of Rescue and Emergency Medical Services, Inc.:

(1) The total amount of money disbursed from the relief funds controlled by each of the entities.

(2) The amount of money spent by each entity for each of the statutorily permissible uses.

(3) Each entity's ending fund balance.

The report also should describe any problems with data collection and quality and, if applicable, make recommendations on actions the General Assembly could take to resolve any data issues.

SECTION 1.(i) S.L. 1979-183 is repealed. Any funds remaining in the Mebane Firemen's Supplemental Retirement Fund at the time of this repeal shall be transferred to the Mebane Local Firefighters' Relief Fund.

SECTION 2. Workers' Compensation. – (a) G.S. 58-87-10 reads as rewritten:

"**§ 58-87-10. Workers' Compensation Fund for the benefit of ~~volunteer~~ certain safety workers.**

(a) ~~Definition.~~ Definitions. – As used in this section, the ~~term~~ following terms apply:

(1) Eligible entity. – One of the following entities that support eligible units and members of eligible units:

a. North Carolina State Firemen's Association.

b. The North Carolina Association of Fire Chiefs, Incorporated.

c. North Carolina Association of Rescue and Emergency Medical Services, Inc.

(2) ~~"eligible unit" means a volunteer~~ Eligible unit. – A fire department or ~~volunteer~~ rescue/EMS unit that (i) is not part of a unit of local government and (ii) is exempt from State income tax under G.S. 105-130.11.

(b) Creation. – The Workers' Compensation Fund is created in the Department of Insurance as an expendable trust fund. Accordingly, interest and other investment income earned by the Fund accrues to it, and revenue in the Fund at the end of a fiscal year remains in the Fund and does not revert.

(c) Use. – Revenue in the Workers' Compensation Fund shall be used to provide workers' compensation benefits to (i) members of eligible ~~units.~~ units and (ii) the employees and volunteers of eligible entities. Chapter 97 of the General Statutes governs the payment of benefits from the Fund. Benefits are payable for compensable injuries or deaths that occur on or after July 1, 1996.

(d) Administration. – The State Fire and Rescue Commission, established under G.S. 58-78-1, shall administer the Workers' Compensation Fund and shall perform this duty by contracting with a third-party administrator. The contracting procedure is not subject to Article 3C of Chapter 143 of the General Statutes. The reasonable and necessary expenses incurred by the Commission in administering the Fund shall be paid out of the Fund by the State Treasurer. The Commission may adopt rules to implement this section.

(e) Revenue Source. – Revenue is credited to the Workers' Compensation Fund from a portion of the proceeds of the tax levied under G.S. 105-228.5(d)(3). In addition, every eligible unit and eligible entity that elects to participate shall pay into the Fund an amount set annually by the State Fire and Rescue Commission to ensure that the Fund will be able to meet its payment obligations under this section. The amount shall be set as ~~a per capita fixed dollar~~ an amount for each member of the roster of the eligible ~~unit.~~ unit or for each employee or volunteer of an eligible entity, and the amount may vary based on whether an individual is a volunteer, a part-time employee, or a full-time employee. The payment shall be made to the State Fire and Rescue Commission on or before July 1 of each year. The Commission shall remit the payments it receives to the State Treasurer, who shall credit the payments to the Fund.

(f) The amount of the tax imposed by G.S. 105-228.5(d)(3) credited to the Workers' Compensation Fund shall be the maximum allowed under that statute."

SECTION 2.(b) Effective April 1, 2016, G.S. 58-87-10(f), as amended by Section 20.2(e) of S.L. 2013-360, reads as rewritten:

"(f) Funding Study. – The Department of Insurance shall annually conduct ~~a periodic~~ an actuarial study ~~to~~ that shall do all of the following:

(1) ~~calculate~~ Calculate the amount required to meet the needs of the ~~Fund.~~ Fund, projecting at least five years into the future. ~~The study shall be based on a revenue amount that is the greater of the amount paid by members of the Fund as determined under subsection (e) of this section for the fiscal year to which the study applies or the amount paid by members of the Fund as determined under subsection (e) of this section for fiscal year 2012-2013.~~

(2) Report on the nature of the claims paid by the Fund and any claims-related trends that impact the financial status of the Fund.

(3) Calculate how much revenue from the State and from member premiums would be required to meet the needs of the Fund for each of the following scenarios:

a. The Fund receives twenty percent (20%) of the net proceeds from the tax collected under G.S. 105-228.5(d)(3).

b. Member premiums do not change from the prior year.

c. Member premiums fully fund the Fund without any State support.

(4) Be published no later than February 1 of each year. Upon publishing the study, the Department shall notify the following of its publication:

a. The Office of State Budget and Management.
b. The House Appropriations Committee.
c. The Senate Appropriations/Base Budget Committee.
d. The Fiscal Research Division.

Additionally, beginning in 2016 and every five years thereafter, the study shall include (i) a comparison of Fund premium levels to the premium levels of employees of municipal fire and rescue departments and (ii) a calculation of the amount of revenue generated by experience-rating premium surcharges and, if necessary, recommend changes to experience-rating premium surcharges given claim trends. The Department may contract with a third party to conduct the study required under this section, and the cost of the study may be paid from the Fund. However, if the Department contracts with the same actuary that the Volunteer Safety Workers' Compensation Board contracts with to perform the study under this section, then the Department shall not pay the actuary for data collection and analysis that the actuary has already performed as part of its loss reserve analysis for the Board.

(g) Allocation of Taxes. – The study conducted under subsection (f) of this section shall be reviewed by the Office of State Budget and Management. On or before March 1 of each year, the Office of State Budget and Management, in consultation with the Department of Insurance, must notify the Secretary of Revenue of the amount required to meet the needs of the Fund, as determined by the study, for the upcoming fiscal year. The Secretary of Revenue shall remit that amount, subject to the twenty percent (20%) limitation in G.S. 105-228.5(d)(3), to the Fund."

SECTION 2.(c) G.S. 97-2(5) reads as rewritten:

"(5) Average Weekly Wages. – "Average weekly wages" shall mean the earnings of the injured employee in the employment in which the employee was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, including the subsistence allowance paid to veteran trainees by the United States government, provided the amount of said allowance shall be reported monthly by said trainee to the trainee's employer, divided by 52; but if the injured employee lost more than seven consecutive calendar days at one or more times during such period, although not in the same week, then the earnings for the remainder of such 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. Where the employment prior to the injury extended over a period of fewer than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed; provided, results fair and just to both parties will be thereby obtained. Where, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

But where for exceptional reasons the foregoing would be unfair, either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

Wherever allowances of any character made to an employee in lieu of wages are specified part of the wage contract, they shall be deemed a part of his earnings.

Where a minor employee, under the age of 18 years, sustains a permanent disability or dies leaving dependents surviving, the compensation payable for permanent disability or death shall be calculated, first, upon the average weekly wage paid to adult employees employed by the same employer at the time of the accident in a similar or like class of work which the injured minor employee would probably have been promoted to if not injured, or, second, upon a wage sufficient to yield the maximum weekly compensation benefit. Compensation for temporary total disability or for the death of a minor without dependents shall be computed upon the average weekly wage at the time of the accident, unless the total disability extends more than 52 weeks, and then the compensation may be increased in proportion to the employee's expected earnings.

In case of disabling injury or death to a volunteer ~~fireman;~~ firefighter; volunteer member of an organized rescue squad; an authorized pickup firefighter, as defined in subdivision (2) of this section, when that individual is engaged in emergency fire suppression activities for the North Carolina Forest Service; a duly appointed and sworn member of an auxiliary police department organized pursuant to G.S. 160A-282; or senior members of the State Civil Air Patrol functioning under Subpart C of Part 5 of Article 13 of Chapter 143B of the General Statutes, under compensable circumstances, compensation payable shall be calculated upon the average weekly wage the volunteer ~~fireman,~~ firefighter, volunteer member of an organized rescue squad, authorized pickup firefighter of the North Carolina Forest Service; when that individual is engaged in emergency fire suppression activities for the North Carolina Forest Service, member of an auxiliary police department, or senior member of the State Civil Air Patrol was earning in the employment wherein he principally earned his livelihood as of the date of injury. Provided, however, that the minimum compensation payable to a volunteer ~~fireman,~~ firefighter, volunteer member of an organized rescue squad, an authorized pickup firefighter of the North Carolina Forest Service of the Department of Agriculture and Consumer Services, when that individual is engaged in emergency fire suppression activities for the North Carolina Forest Service, a sworn member of an auxiliary police department organized pursuant to G.S. 160A-282, or senior members of the State Civil Air Patrol shall be sixty-six and two-thirds percent (66 2/3%) of the maximum weekly benefit established in G.S. 97-29."

SECTION 2.(d) When renewing its existing contract with its third-party administrator, which contract expires on June 30, 2014, or contracting with a different third-party administrator, the State Fire and Rescue Commission shall, through its contract, require its workers' compensation third-party administrator to do all of the following:

(1) Establish a performance management system to set loss prevention goals and track and measure the effectiveness of loss prevention interventions.

(2) Evaluate how additional data analytics software or cost models could help manage claim costs.

(3) Determine the expenditures per department allocated to loss prevention services geared toward experience-rating reductions and compare the expenditures allocated per department to the experience-rating premium surcharges paid by each department.

(4) Assess the different ways in which the Rating Modification Model could be adjusted to generate more revenue and incentivize departments to be more engaged in loss prevention services; and, if warranted, implement changes to

the Experience Rating Modification Model based on the approval of the Volunteer Safety Workers' Compensation Fund Board.

(5) Track all legal claims and associated expenses open as of July 1, 2014, and filed thereafter, including information on the reasons each claim was filed and the conditions of the settlement or court ruling, and then share the information and analysis from the database with the Volunteer Safety Workers' Compensation Fund Board at every quarterly board meeting.

(6) Track suspected and confirmed fraudulent claims open as of July 1, 2014, and filed thereafter and then share the information and analysis from the database with the Volunteer Safety Workers' Compensation Fund Board at every quarterly board meeting.

(7) Track information for all claims awarded indemnity compensation affected by the minimum weekly compensation provision, as provided in G.S. 97-2(5), that are open on July 1, 2014, and filed on or after July 1, 2014. The database should include the following:

a. The date of the volunteer's injury.
b. A detailed description of the injury.
c. The volunteer's (paid) occupation, or status as a "student" or "unemployed."
d. The volunteer's weekly wages from his or her regular paid occupation.
e. The amount of indemnity compensation awarded per week based on weekly wages from the regular, paid occupation.
f. Whether the claim is affected by the minimum weekly compensation provision.
g. The volunteer's post-injury return date to volunteer duties.

(8) Report to the Volunteer Safety Workers' Compensation Fund Board at every quarterly meeting on all claims awarded indemnity compensation affected by the minimum compensation provision. The report shall include the following:

a. The total indemnity compensation awarded for each claim, as well as the compensation per week and the number of weeks of compensation.
b. For each claim, the difference between the indemnity compensation awarded per week to the volunteer and the volunteer's weekly wages from his or her regular, paid occupation.
c. For each claim, the difference between the total indemnity compensation awarded to the volunteer for number of weeks unable to return to volunteer duties and the volunteer's total wages from regular, paid occupation for the same time period.
d. The total number of claims affected by the minimum weekly compensation provision (within a specified time period).
e. The total workers' indemnity compensation amount awarded for all claims affected by the minimum weekly compensation provision (within a specified time period).
f. The difference between the total indemnity compensation awarded to volunteers and the total of all volunteers' wages from their regular, paid occupations for the same time period (within a specific time period).

(9) Track information for all claims awarded indemnity compensation in which a volunteer can return to his or her paid occupation but not his or her

volunteer duty that are open on July 1, 2014, and filed on or after July 1, 2014. The database should include the following:

a. Whether the volunteer has the ability to perform his or her paid occupation but not his or her volunteer duty.
b. The volunteer's weekly wages from his or her regular, paid occupation.
c. The amount of indemnity compensation awarded per week based on weekly wages from regular, paid occupation.
d. The volunteer's post injury return date to volunteer duties.

(10) Report to the Volunteer Safety Workers' Compensation Fund Board at every quarterly meeting on the claims awarded indemnity compensation in which the volunteer can return to his or her paid occupation but not to his or her volunteer duty. The report shall include:

a. The total number of claims where the volunteer is being awarded indemnity compensation when they can return to their regular, paid occupations (within a specified time period).
b. The total indemnity compensation awarded for each claim, as well as the compensation per week and the number of weeks of compensation.
c. The total indemnity compensation awarded for all claims (within a specified time period).

(11) Include a form in the claims-closing material for volunteers who will not be able to return to their regular, paid occupations even though they can return to their volunteer duties, and track these claims and associated wages lost and prepare a report to share with the Volunteer Safety Workers' Compensation Fund Board at every quarterly meeting.

(12) Develop a model return-to-work program for use by fire and rescue departments that participate in the Fund and work with a limited number of departments to implement and test the program for a two-year time period.

(13) Develop metrics by which to determine if the return-to-work program reduces workers' compensation costs.

By January 1, 2015, the State Fire and Rescue Commission shall report to the Fiscal Research Division, the House Appropriations Subcommittee on General Government, and the Senate Appropriations Committee on General Government and Information Technology on the status of the Commission's data collection and analysis efforts and shall include in the report a copy of the State Fire and Rescue Commission's contract with the third-party administrator.

The State Fire and Rescue Commission shall include the provisions of this subsection in all future contracts with its workers' compensation third-party administrators.

This subsection is effective when this act becomes law.

SECTION 3. Supplemental Pensions. – (a) G.S. 58-86-55 reads as rewritten:

"**§ 58-86-55. Monthly pensions upon ~~retirement.~~ attaining the age of 55 years.**

(a) Any member who has served 20 years as an "eligible firefighter" or "eligible rescue squad worker" in the State of North Carolina, as provided in G.S. 58-86-25 and G.S. 58-86-30, and who has attained the age of 55 years is entitled to be paid a monthly pension from this fund. The monthly pension shall be in the amount of one hundred seventy dollars ($170.00) per month. Any retired firefighter receiving a pension shall, effective July 1, 2008, receive a pension of one hundred seventy dollars ($170.00) per month.

(b) Members shall pay ten dollars ($10.00) per month as required by G.S. 58-86-35 and G.S. 58-86-40 for a period of no longer than 20 years. No "eligible rescue squad member" shall receive a pension prior to July 1, 1983. ~~No member shall be entitled to a pension hereunder until the member's official duties as a fireman or rescue squad worker for which the member is~~

~~paid compensation shall have been terminated and the member shall have retired as such according to standards or rules fixed by the board of trustees.~~

(c) A member who is totally and permanently disabled while in the discharge of the member's official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of those official duties and who leaves the fire or rescue squad service because of this disability shall be entitled to be paid from the fund a monthly benefit in an amount of one hundred seventy dollars ($170.00) per month beginning the first month after the member's fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application, and annually thereafter. Any disabled member shall not be required to make the monthly payment of ten dollars ($10.00) as required by G.S. 58-86-35 and G.S. 58-86-40.

(d) A member who is totally and permanently disabled for any cause, other than line of duty, who leaves the fire or rescue squad service because of this disability and who has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member shall upon attaining the age of 55 years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of the application and annually thereafter.

(e) A member who, because the member's residence is annexed by a city under Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes, or whose department is closed because of an annexation by a city under Part 2 or Part 3 of Article 4A of Chapter 160A of the General Statutes, or whose volunteer department is taken over by a city or county, and because of such annexation or takeover is unable to perform as a firefighter or rescue squad worker of any status, and if the member has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of ten dollars ($10.00) to the fund until the member has made contributions for a total of 240 months. The member upon attaining the age of 55 years and completion of such contributions shall be entitled to receive a pension as provided by this section. Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

(f) The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law."

SECTION 3.(b) G.S. 105-228.5(d)(3) reads as rewritten:

"(3) Additional Rate on Property Coverage Contracts. – An additional tax at the rate of seventy-four hundredths percent (0.74%) applies to gross premiums on insurance contracts for property coverage. The tax is imposed on ten percent (10%) of the gross premiums from insurance contracts for automobile physical damage coverage and on one hundred percent (100%) of the gross premiums from all other contracts for property coverage. ~~Twenty-five percent (25%)~~ Twenty percent (20%) of the net proceeds of this additional tax must be credited to the Volunteer Fire Department Fund established in Article 87 of Chapter 58 of the General Statutes. Twenty percent (20%) of the net proceeds must be credited to the Department of Insurance for disbursement pursuant to G.S. 58-84-25. Up to twenty percent (20%), as determined in accordance with G.S. 58-87-10(f), must be credited to the Workers' Compensation Fund. The remaining net proceeds must be credited to the General Fund."

SECTION 3.(c) Using a portion of the additional funds made available to the General Fund through the amendment to G.S. 105-228.5 made by Section 3(b) of this act, the sum of one million four hundred thousand dollars ($1,400,000) is appropriated for fiscal year 2014-2015, recurring from the General Fund to the North Carolina Firefighters' and Rescue Squad Workers' Pension Fund established under G.S. 58-86-1.

SECTION 3.(d) The Department of State Treasurer shall report by March 1, 2015, and for two years thereafter, to the House Committee on State Personnel and the Senate Committee on Pensions & Retirement and Aging on the Department's progress toward the following efforts related to the North Carolina Firefighters' and Rescue Squad Workers' Pension Fund:

(1) Building appropriate lapse assumptions into the State's annual required contribution to the pension fund.

(2) Collecting timely member contributions to the pension fund.

SECTION 4. Grant Funds. – (a) Effective January 1, 2015, and applicable to the 2015 grant process, G.S. 58-87-1(a1) reads as rewritten:

"(a1) Grant Program. – An eligible fire department may apply to the Commissioner for a grant under this section. In awarding grants under this section, the Commissioner must, to the extent possible, select applicants from all parts of the State based upon need. The Commissioner must award the grants on ~~May 15~~May 15, or on the first business day after May 15 if May 15 falls on a weekend or a holiday, of each year subject to the following limitations:

(1) The size of a grant may not exceed thirty thousand dollars ($30,000).

(2) The applicant shall match the grant on a dollar-for-dollar ~~basis.~~ basis, unless the applicant receives less than fifty thousand dollars ($50,000) per year from municipal and county funding, in which case the applicant shall match one dollar ($1.00) for each three dollars ($3.00) of grant funds.

(3) The grant may be used only for equipment purchases, payment of highway use taxes on those purchases, costs of putting property acquired from the Department of Defense through the Firefighter Property (FFP) and federal Excess Property (FEPP) programs in service, or capital expenditures necessary to provide fire protection services."

SECTION 4.(b) G.S. 58-87-1(c) reads as rewritten:

"(c) Report. – The Commissioner must submit a written report to the General Assembly within 60 days after the grants have been made. This report must contain the following:

(1) The amount of the grant and the name of the recipient.

(2) The Fund balance at the beginning of the grant cycle.

(3) Cash receipts through the grant cycle.

(4) Cash disbursements through the grant cycle.

(5) The Fund balance at the end of the grant cycle."

SECTION 4.(c) G.S. 58-87-5 reads as rewritten:

"**§ 58-87-5. Volunteer Rescue/EMS Fund.**

(a) There is created in the Department of Insurance the Volunteer Rescue/EMS Fund to provide grants to volunteer rescue ~~units~~ units, rescue/EMS units, and EMS units providing rescue or rescue and emergency medical services to purchase equipment and make capital improvements. An eligible ~~rescue or rescue/EMS~~ unit may apply to the Department of Insurance for a grant under this section. The application form and criteria for grants shall be established by the Department. The North Carolina Association of Rescue and Emergency Medical Services, Inc., shall provide the Department with an advisory priority listing for rescue equipment eligible for funding, and the Department of Health and Human Services shall provide the Department with an advisory priority listing of EMS equipment eligible for funding. The State Treasurer shall invest the Fund's assets according to law, and the earnings shall remain in the Fund. On ~~December 15~~ December 15, or on the first business day after

December 15 if December 15 falls on a weekend or a holiday, of each year, the Department shall make grants to eligible ~~rescue or rescue/EMS~~ units subject to all of the following limitations:

(1) A grant to an applicant who is required to match the grant with non-State funds may not exceed twenty-five thousand dollars ($25,000), and a grant to an applicant who is not required to match the grant with non-State funds may not exceed three thousand dollars ($3,000).

(2) An applicant whose liquid assets, when combined with the liquid assets of any corporate affiliate or subsidiary of the applicant, are more than one thousand dollars ($1,000) shall match the grant on a dollar-for-dollar basis with non-State funds.

(3) The grant may be used only for equipment purchases or capital expenditures.

(4) An applicant may receive no more than one grant per fiscal year.

(5) The grant may be used only for purposes related to emergency medical services that the unit is authorized to provide.

In awarding grants under this section, the Department shall to the extent possible select applicants from all parts of the State based upon ~~need.~~ need, subject to the following priority order: (i) rescue units, (ii) rescue/EMS units, (iii) EMS units that are licensed as EMS providers under G.S 131E-155.1, and, finally, (iv) EMS units that are volunteer fire departments that are a part of a county's EMS system plan. Up to two percent (2%) of the Fund may be used for additional staff and resources to administer the Fund in each fiscal year. In addition, notwithstanding G.S. 58-78-20, up to four percent (4%) of the Fund may be used for additional staff and resources for the North Carolina Fire and Rescue Commission.

(b) A ~~rescue, emergency medical services, or rescue/EMS~~ unit is eligible for a grant under this section if it meets all of the following conditions:

(1) Repealed by Session Laws 1989 (Regular Session, 1990), c. 1066, s. 33(a).

(2) It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of 10 full-time paid positions.

(3) It has been recognized by the Department as ~~an organization that provides rescue, emergency medical services, or rescue and emergency medical services. A unit that provides emergency medical services only is eligible for grant funding only after all those eligible rescue or rescue and emergency medical services units that are approved have been funded each grant year. A unit that only provides emergency medical services may be funded up to the level of emergency medical services that the unit is approved to provide by the authority having jurisdiction.~~ a rescue unit, a rescue/EMS unit, or an EMS unit.

(4) It satisfies the eligibility criteria established by the Department under subsection (a) of this section.

(c) For the purpose of this section and Article 88 of this Chapter, "rescue" means the removal of individuals facing external, nonmedical, and nonpatient related peril to areas of relative safety. A "rescue unit" or "rescue squad" means a group of individuals who are not necessarily trained in emergency medical services, fire fighting, or law enforcement, but who expose themselves to an external, nonmedical, and nonpatient related peril to effect the removal of individuals facing the same type of peril to areas of relative safety. The unit or squad must comply with existing State statutes and with eligibility criteria established by the North Carolina Association of Rescue and Emergency Medical Services, Inc.

(d) For the purposes of this section, "emergency medical services" or "EMS" has the same meaning as in G.S. 131E-155(6). Unless otherwise more narrowly specified, an "EMS unit" means either (i) an EMS provider licensed under G.S 131E-155.1 or (ii) a volunteer fire or fire/rescue department that is part of its county's EMS system plan. The unit or squad must

comply with existing State statutes and with eligibility criteria established by the North Carolina Association of Rescue and Emergency Medical Services, Inc.

(e) Report. – The Commissioner must submit a written report to the General Assembly within 60 days after the grants have been made. This report must contain the following:

(1) The amount of the grant and the name of the recipient.

(2) The Fund balance at the beginning of the grant cycle.

(3) Cash receipts through the grant cycle.

(4) Cash disbursements through the grant cycle.

(5) The Fund balance at the end of the grant cycle."

SECTION 4.(d) Effective July 1, 2015, G.S. 58-87-7 reads as rewritten:

"**§ 58-87-7. Oversight and accountability of grant awards.**

(a) Examination of Purchased Equipment and Supplies. – To increase accountability and to expedite receipt of certain grant awards, notwithstanding any other provision, the Office of the State Fire Marshal and other employees of the Department of Insurance may in their discretion conduct on-site examinations of fire, rescue, and EMS equipment and supplies purchased with funds awarded from either the Volunteer Fire Department Fund or the Volunteer Rescue/EMS ~~Fund.~~ Fund for up to five years from the date of the grant award. The on-site examinations may include the inspection of equipment purchased from prior grants and may be conducted prior to or simultaneous with the delivery of the grant awards. The on-site examination shall document what equipment and supplies have been purchased by the volunteer fire department or volunteer rescue/EMS department and whether those items were received by the department and visually reviewed by the on-site examiner. Items that have already been distributed or put in the field shall be noted by the on-site examiner. The Office of the State Fire Marshal shall maintain records of on-site inspections and provide ~~them, or a summary thereof, in reports~~ reports of such inspections, upon request, to the State Auditor or the Office of State Budget and Management.

(b) Reimbursement to Funds. – If equipment purchased with grant funds is disposed of within five years of the date of the grant award funding its purchase, then the grant recipient shall reimburse the appropriate fund the amount of matching funds used for the purchase of the equipment, less depreciation.

(c) Transfer of Purchased Equipment. – If a grant recipient shall cease to exist within five years of the date of award of the grant, it shall transfer, subject to the approval of the Department of Insurance, any and all equipment purchased with such grant funds to whichever department shall assume responsibility for providing service to the grant recipient's area of service or to another appropriate department that may effectively use the equipment."

SECTION 4.(e) By the effective date of subsection (d) of this section, the Department of Insurance shall take the following actions to facilitate the implementation and enforcement of G.S. 58-87-7:

(1) Adopt rules to establish specific guidelines for the following:

a. G.S. 58-87-7(b), enacted by subsection (d) of this section.

b. G.S. 58-87-7(c), enacted by subsection (d) of this section, including guidelines for determining which department receives the equipment of a dissolved department and under what circumstances.

(2) Provide transfer of equipment forms to fire and rescue departments that receive grant equipment from dissolved departments.

Additionally, in time for the 2015 grant cycle, the Department shall add language to the Agreement of Payment form departments must fill out as part of the grant application process to ensure that departments understand what will happen to grant equipment in the event of dissolution.

SECTION 4.(f) No later than January 1, 2015, the Department of Insurance shall report to the Joint Program Evaluation Oversight Committee on the Department's efforts to

update and correct its computer code that assigns points to grant applicants for funds awarded under Article 87 of Chapter 58 of the General Statutes.

SECTION 5. Effective Dates. – Except as otherwise provided, this act becomes effective July 1, 2014.

HOUSE BILL 1034:
Volunteer Fire and Rescue Finances (PED)

2013-2014 General Assembly

Committee:	Senate Ref to Finance. If fav, re-ref to Pensions & Retirement and Aging	**Date:**	June 19, 2014
Introduced by:	Reps. Howard, Moffitt, Lucas	**Prepared by:**	Ryan Blackledge Committee Counsel
Analysis of:	PCS to Third Edition H1034-CSME-20		

SUMMARY: ***House Bill 1034 implements the recommendations of a four-part series of reports published by the Program Evaluation Division by making changes to safety workers' relief funds, compensation, and supplemental pension funds, as well as by making changes to grant funds for fire and rescue departments.***

The Proposed Committee Substitute makes two changes in the bill:

- ***Adds a new section 1.(i) that repeals a local act pertaining to the Mebane Firemen's Supplemental Retirement Fund at the request of the Mebane Fire Chief.***
- ***Clarifies the Volunteer Fire Department Fund grants for equipment and capital improvements must be used for purposes related to emergency medical services.***

[As introduced, this bill was identical to S747, as introduced by Sens. Hartsell, Bingham, Randleman, which is currently in Senate Ref to Finance. If fav, re-ref to Pensions & Retirement and Aging.]

CURRENT LAW: Safety workers and their departments receive benefits that are supported (in whole or in part) by a portion of the revenue from gross premium taxes on property insurance and from vehicle inspection fees. Benefits vary and are paid from various funds:

1. Firefighters' relief funds (both local and statewide) and the Rescue Squad Workers' Relief Fund generally provide assistance to safety workers suffering from sickness or financial distress caused by their service. Relief funds are managed either by local boards or by a statewide organization.
2. The Safety Workers' Compensation Fund provides workers compensation through participating departments to volunteer firefighters and rescue squad workers.
3. The Firefighters' and Rescue Squad Workers' Pension Fund provides a supplemental pension payment of $170 per month after paying $10 per month for 20 years and retiring.
4. The Volunteer fire Department Fund and Volunteer Rescue/EMS Fund provide grants to help smaller departments to purchase equipment and supplies.

BILL ANALYSIS: **Section 1** of the bill amends existing statutes related to the local firefighters' relief funds, the statewide Firefighters' Relief Fund, and the Rescue Squad Workers' Relief Fund, as recommended by the Program Evaluation Division's Report Number 2013-06. In addition to several technical and conforming changes, Section 1, in amending Article 84 of Chapter 58 of the General Statutes and other statutes, does the following:

- Increases from 1% to 2% the portion of certain tax proceeds that the Department of Insurance retains for administering the local relief funds. The Department is given additional reporting requirements and must create a new database of relief fund expenditures.

- Provides guidance on minimum and maximum local relief fund balances. Effective July 1, 2015, if a local relief fund exceeds the maximum, then that department's annual allocation will be reallocated to the departments throughout the State that do not exceed the maximum balance.
- Moves to February 1, from January 1, the date by which counties must provider the Commissioner of Insurance with the tax value of property located in each fire district.
- Explicitly provides that local relief fund boards, the State Firemen's Association, and the N.C. Association of Rescue and Emergency Medical Services, Inc. are to act as prudent trustees of the relief funds.
- Provides line of duty death benefits to firefighters whose departments are not members of the North Carolina Firemen's Association.
- Adjusts the list of allowable expenditures for local firefighter relief funds found in G.S. 58-84-35.
- Requires additional reporting of local firefighter funds' expenditures from local boards.
- Repeals certain local laws inconsistent with expenditures allowed under and procedures provided under G.S. 58-84-35.
- Specifically repeals a local law related to the Mebane Fire Department.

Section 2 of the bill makes changes to the volunteer firefighter and rescue worker workers' compensation statutes. Specifically, it does the following:

- Amends statutes to correspond to practice, by adding certain statewide associations to the list and removing the requirement that an "eligible unit" be a volunteer unit. (An eligible unit must still be non-municipal and non-profit.)
- Requires an annual actuarial study of the workers' compensation fund.
- Provides a detailed list of requirements for the State Fire and Rescue Commission when renewing its contract with the workers compensation third-party administrator.

Section 3 of the bill extends supplemental pension payments to all participants aged 55 and over who have paid $10 per month for the required 20 years (the maximum contribution time), regardless of whether they have actually retired from firefighting or rescue squad work. This extension of payments is paid for by a reduction of funds going to the Volunteer Fire Department Fund.

Section 4 of the bill allows fire departments with less than $50,000 of income to match Volunteer Fire Department Fund grants on a lower 25/75 match rate, rather than the current 50/50 match rate. Section 4 would also require (i) additional reporting from the Department of Insurance, (ii) that a department reimburse a fund if the department disposes of equipment purchased with grants, (iii) that a dissolved department transfer all equipment purchased with grant funds to a successor department, and (iv) the grants may only be used for purposes related to emergency medical services.

EFFECTIVE DATES: The majority of the bill becomes effective July 1, 2014. Section 2(e)'s requirements on a renewed or new workers compensation third-party administrator contract are effective when the bill becomes law. Section 2(c), which requires a detailed actuarial study on Workers' Compensation Fund, becomes effective April 1, 2016. Modifications in Section 4(a) to allow for 25/75 matching on grant funds become effective January 1, 2015. Provisions found in Section 4(d) on the reimbursement of grant funds and transfer of equipment become effective July 1, 2015; the Department of Insurance is to have specific rules in place by that date. Provisions in Sections 1(b) and 1(c) related to electronic funds transfers of local relief funds, maximum fund balance requirements for local relief funds, and the distribution of funds to local departments that have not exceeded the maximum fund

balances for local relief funds all become effective July 1, 2015. Finally, there are various due dates for required reports.

BACKGROUND: The bill is based on the following four reports published by the Program Evaluation Division:

1. *Local Boards and Associations Administer Firefighters' and Rescue Squad Workers' Relief Funds with Limited State Oversight*, Report Number 2013-06 (November 2013)
2. *Revenue and Cost Trends Indicate Deficit in Volunteer Safety Workers' Compensation Fund in FY 2020–21*, Report Number 2014-01 (February 2014)
3. *Department of State Treasurer Should Strengthen Its Oversight of the Firefighters' and Rescue Squad Workers' Pension Fund*, Report Number 2014-03 (March 2014)
4. *Improved Oversight of Volunteer Fire Department Fund and Volunteer Rescue/EMS Fund Needed; $8 Million Surplus Found*, Report Number 2014-06 (April 2014)

TECHNICAL CONSIDERATIONS:

None

BILL SUMMARY:

HB 1034 implements recommendations of a series of reports by the Program Evaluation Division by making changes to safety workers' relief funds, compensation, and supplemental pension funds, as well as by making changes to grant funds for fire and rescue departments.

ASSUMPTIONS AND METHODOLOGY:

Section 3 reduces the percentage of funds allocated from the gross premiums tax on property coverage to the Volunteer Fire Department Fund from 25% to 20%. The percentage reduction equates to approximately $1.6 million. These funds would be used to pay for the extension of supplemental pension payments to all participants aged 55 and over who have paid $10 per month for the required 20 years, regardless of whether they have actually retired from firefighting or rescue squad work. The funds would be appropriated from the General Fund to the NC Firefighter's and Rescue Squad Worker's Pension Fund.

Section 1 increases from 1% to 2% the portion of tax proceeds that the Department of Insurance retains for administering the local relief funds. When the Volunteer Fire Department Fund share of

funding is reduced from 25% to 20%, the 1% share will generate approximately $60,000. As a result, the total amount retained by the Department of Insurance will be approximately $120,000 (2%).

TECHNICAL CONSIDERATIONS: None

GENERAL ASSEMBLY OF NORTH CAROLINA
Session 2013
Legislative Retirement Note

BILL NUMBER: House Bill 1034 (Second Edition)
SHORT TITLE: Volunteer Fire and Rescue Finances (PED).
SPONSOR(S):

FUNDS AFFECTED: State General Fund

SYSTEM OR PROGRAM AFFECTED: North Carolina Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF).

BILL SUMMARY:

Section 1: Amends statutes related to local firefighters' relief funds in Article 84 of Chapter 58 of the General Statutes. While this section permits fire departments and rescue squads to use relief funds to pay member contributions to the FRSWPF, this change does not affect the liability or the State's contribution for the FRSWPF.

Section 2: Amends statutes related to the workers' compensation fund for certain safety workers. These changes do not affect the FRSWPF.

Section 3: Amends G.S. 58-86-55 to allow payment of monthly benefits in the FRSWPF at age 55 with 20 years of service, despite continued paid employment as a firefighter or rescue squad worker. This section appropriates $1,400,000 for FY 2014-15, recurring, from the General Fund to the FRSWPF, which will be more than sufficient to meet the increased required contribution due to this provision, as detailed below. This section also redirects to the General Fund 5% of the proceeds of the tax on gross premiums from property insurance coverage, which does not affect the FRSWPF.

Section 4: Amends statutes related to grant funds for fire departments. These changes do not affect the FRSWPF.

EFFECTIVE DATE: July 1, 2014

ESTIMATED IMPACT ON STATE:

Buck Consultants, the actuary for the FRSWPF, and Hartman & Associates, the actuary for the General Assembly, estimate that the provisions of Section 3 will increase the normal cost and accrued liability contributions in FY 2014-15 and subsequent years as follows:

	Buck Consultants	Hartman & Associates
Normal Cost	$200,000	$228,000
Accrued Liability Contribution	$800,000	$872,000
Total Annual Cost	$1,000,000	$1,100,000

ASSUMPTIONS AND METHODOLOGY:

The cost estimates of both actuaries are based on the employee data, actuarial assumptions and actuarial methods used to prepare the June 30, 2012 actuarial valuation, except as noted below. Significant membership and financial statistics, assumptions, and methods are shown in the following tables:

Membership Statistics (as of 6/30/2012 unless otherwise noted, M = millions)	
	FRSWPF
Active Members	
Count	40,870
Average Age	40
Average Service	11.3
Inactive Members	
Count	154
Retired Members	
Count	11,912
Annual Benefits	$24M
Average Age	68
New Retirees During 2013	575

Financial Statistics (as of 6/30/2012 unless otherwise noted, M = millions)	
	FRSWPF
Accrued Liability (AL)	$404M
Actuarial Value of Assets (AVA)	$339M
Market Value of Assets (MVA)	$322M
Unfunded Accrued Liability (AL - AVA)	$65M
Funded Status (AVA / AL)	84%
Annual Required Contribution (ARC) for FY 2014-15 (as % of pay)	$14.6M
Assumed Rate of Investment Return	7.25%
Salary Increase Assumption (includes 3.50% inflation and productivity)	Not applicable
Cost Method	Entry Age Normal
Amortization	12 year, closed, flat $
Demographic assumptions based on 2005-2009 experience, RP-2000 mortality with age adjustments, and projection of future mortality improvement with scale AA	

Benefit Provisions	
	FRSWPF
Formula	$170 per month
Unreduced retirement age/service	55/20
Employee contribution (as % of pay)	$10 per month

In addition to the assumptions above from the June 30, 2012 valuation, both actuaries used an assumption that some portion of current members have lapsed (ceased making contributions) and will thus neither contribute in the future nor earn future service. This assumption is based on an initial audit of records performed by Buck Consultants and presented to the Board of Trustees in January, 2014 and is further detailed in the notes from the individual actuaries.

Further detailed information concerning these assumptions and methods is shown in the actuary's report, which is available upon request from David Vanderweide.

Welcome

Introduction of Pages and Sgt.-At Arms

Bills:

BILL NO.	SHORT TITLE	SPONSOR
HB 366	NC Farm Act of 2014	Rep. Langdon Rep. Dixon Rep. Brisson Rep. S. Martin
HB 379	Amend Veterinary Practice Act/Fees	Rep. Langdon
HB 1052	Adjust the Utility Regulatory Fee	Rep. Hager
HB 1067	Murphy Annexation	Rep. West
HB 1182	UNC Nonappropriated Capital Projects	Rep. W. Brawley Rep. Ramsey Rep. B. Brown

Adjournment

Senate Committee on Finance
Wednesday, June 25, 2014 at 1:00 PM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 1:00 PM on June 25, 2014 in Room 544 of the Legislative Office Building. Thirty-one members were present.

Senator Bill Rabon, Chair, presided.

HB 1067 - Murphy Deannexation.

Representative West was recognized to explain the bill which would deannex two described tracts from the corporate limits of the Town of Murphy. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 366 - NC Farm Act of 2014.

Senator Jackson was recognized to explain the bill, which would amend various agricultural and environmental laws. Senator Brock moved for a favorable report and the motion carried. A copy of the bill, the summary, the fiscal memo and the incarceration note is attached.

HB 379 - Amend Veterinary Practice Act/Fees.

Senator Wade was recognized to explain the bill. It would allow the NC Veterinary Medical Board to increase fees provided that no fee is increased more than 15% in a calendar year and the cumulative total increase of any fee do not exceed 100% of the fee amounts in statute. The bill would also create a new process for reinstatement of a license or registration under the Nor4th Carolina Veterinary Practice Act and amends laws pertaining to license and registration reinstatement. Senator Wade moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

HB 1052 - Adjust the Utility Regulatory Fee.

Representative Hager was recognized to explain the bill which would allow the General Assembly to establish a different utility regulatory fee for the retail services of telecommunications providers that have elected to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) and would set those rates for the 2015 and 2016 fiscal years. Senator Brown moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal memo is attached.

HB 1182 - UNC Nonappropriated Capital Projects.

Representative Bill Brawley was recognized to explain the bill. It would authorize the construction of numerous projects by The University of North Carolina. The projects will be

financed through revenue bonds and special obligation bonds, not appropriations from the General Fund. Jonathan Pruett, the UNC General Administration Vice President, was recognized to speak in favor of the bill and to answer questions. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal note is attached.

The meeting adjourned at 1:38 p.m.

HOUSE BILL 1067*
Committee Substitute Favorable 5/29/14

Short Title: Murphy Deannexation. (Local)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO DEANNEX TWO DESCRIBED TRACTS FROM THE CORPORATE LIMITS OF THE TOWN OF MURPHY.

The General Assembly of North Carolina enacts:

SECTION 1. The corporate limits of the Town of Murphy are reduced by removing the following described tracts:

FIRST TRACT:

In District #3 of Cherokee County and in Murphy Township, and bounded and more particularly described as follows:

It being a part of Tract #117, in said District.

BEGINNING on a Holly on the line of #116 and #117 standing on the North bank of a small branch that empties into Axley Mill Creek, runs up said branch with its meanders S 84 and 20 poles to a stake on said branch near two Maples; then N 39-1/2 E 27 1/2 poles to a Pine on the top of a ridge; thence N 58 1/2 W 26 poles to a small Sourwood just North of the top of the ridge; then N 78 W 14 1/2 poles to a small Black Oak on the South side of the old road on the top of the ridge and on the line of #116 and #117; then with said line S 3 1/2 W 35 poles to the BEGINNING, containing 6 1/2 acres, more or less.

SECOND TRACT:

This being a strip of land 16 feet wide and being the old Unica roadway and public road leading from where J.W. Dyer's land lies in an Eastern direction with the meanders of the said old roadway to the point where the same intersects the Hayesville and Murphy public road in the West side of Hiwassee River at the old Blackwell Mill place, the said land being located and situated in Murphy Township and being a part of the G.W. Hampton farm.

SECTION 2. This act has no effect upon the validity of any liens of the Town of Murphy for ad valorem taxes or special assessments outstanding before the effective date of this act. Such liens may be collected or foreclosed upon after the effective date of this act as though the property were still within the corporate limits of the Town of Murphy.

SECTION 3. This act becomes effective June 30, 2014.

HOUSE BILL 1067:
Murphy Deannexation

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 25, 2014
Introduced by:	Rep. West	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1067 would deannex two tracts of land from the corporate limits of the Town of Murphy.***

[As introduced, this bill was identical to S736, as introduced by Sen. J. Davis, which is currently in Senate State and Local Government.]

CURRENT LAW: Under Section 1 of Article VII of the NC Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which governs municipal annexations. The General Assembly has not enacted any method for municipalities to *deannex* property — that power remains with the General Assembly.

BILL ANALYSIS: The bill deannexes two tracts of land from the corporate limits of the Town of Murphy. The first tract consists of approximately 6 ½ acres. The second tract is a strip of land approximately 16 feet wide, located on what is known as the G.W. Hampton farm. The act also provides that it does not affect the validity of any liens of the Town of Murphy for outstanding ad valorem taxes or special assessments.

EFFECTIVE DATE: The act becomes effective June 30, 2014.

Shelly DeAdder with the Research Division substantially contributed to this summary.

A BILL TO BE ENTITLED

AN ACT TO (1) MAINTAIN THE CONFIDENTIALITY OF ENVIRONMENTAL INVESTIGATIONS FOR AGRICULTURAL OPERATIONS AND DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ADOPT RULES FOR A FORMAL COMPLAINT PROCEDURE; (2) CLARIFY THE AUTHORITY OF LOCAL GOVERNMENTS TO ADOPT ORDINANCES RELATED TO FERTILIZER; (3) REWRITE THE LANDSCAPE CONTRACTOR LICENSING STATUTES; (4) STUDY THE STATE'S PARTICIPATION IN THE COMMERCIAL VEHICLE SAFETY ALLIANCE NORTH AMERICAN STANDARD INSPECTION PROGRAM; (5) CLARIFY THE MEANING OF THE TERMS "PLANTING AND HARVESTING SEASON" AND "PLANTING AND HARVESTING PERIOD" FOR PURPOSES OF APPLYING FEDERAL LAWS OR REGULATIONS RELATING TO HOURS OF SERVICE RULES FOR CERTAIN DRIVERS TRANSPORTING AGRICULTURAL PRODUCTS; (6) AMEND THE CHAIRMANSHIP OF THE AGRICULTURE AND FORESTRY AWARENESS STUDY COMMISSION; (7) ALLOW THE COMMISSIONER OF AGRICULTURE TO APPOINT LAW ENFORCEMENT OFFICERS TO CARRY OUT THE LAW ENFORCEMENT RESPONSIBILITIES OF THE DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES; (8) ALLOW THE USE OF PESTICIDES TO CONTROL MOLES; (9) CLASSIFY TRESPASSING ON AN AGRICULTURAL FACILITY AS A FIRST DEGREE TRESPASS; (10) REQUIRE WRITTEN CONSENT TO OPERATE AN ALL-TERRAIN VEHICLE ON PROPERTY OWNED BY ANOTHER; (11) ALLOW DRAINAGE DISTRICTS TO MAINTAIN DITCHES IN BUFFER ZONES; (12) CLARIFY PERIODIC INSPECTIONS AUTHORITY OF THE NORTH CAROLINA HOUSING FINANCE AGENCY; AND (13) PERMIT SECURITY GRILLES AT ALL EXITS OF A BUILDING SUBJECT TO CERTAIN CONDITIONS.

The General Assembly of North Carolina enacts:

MAINTAIN THE CONFIDENTIALITY OF ENVIRONMENTAL INVESTIGATIONS FOR AGRICULTURAL OPERATIONS AND DIRECT THE DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES TO ADOPT RULES FOR A FORMAL COMPLAINT PROCEDURE

SECTION 1.(a) Article 21 of Chapter 143 of the General Statutes is amended by adding two new sections to read:

"**§ 143-215.9D. Agricultural operation investigations confidential.**

Complaints of violations of this Article relating to an agricultural operation and all other records accumulated in conjunction with the investigation of these complaints shall be considered confidential records and may be released only by order of a court of competent jurisdiction. Any information obtained by the Department from any law enforcement agency, administrative agency, or regulatory organization on a confidential or otherwise restricted basis in the course of an investigation shall be confidential and exempt from G.S. 132-6 to the same extent that it is confidential in the possession of the providing agency or organization.

"**§ 143-215.9E. Initial consideration of complaint.**

(a) When a complaint alleging a violation of this Article is filed with the Department, the Department may, at its sole discretion, request additional information to be provided by the complainant within a specified period of time of no less than seven business days.

(b) The Department may decline to accept or further investigate a complaint about an agricultural operation if, after an initial assessment of the complaint, the Department finds reasonable grounds to believe that the complaint is frivolous or was filed in bad faith."

SECTION 1.(b) The Department of Environment and Natural Resources shall adopt rules developing a system for receiving, investigating, and responding to environmental complaints about agricultural operations in accordance with Article 2A of Chapter 150B of the General Statutes, the Administrative Procedure Act.

CLARIFY THE AUTHORITY OF LOCAL GOVERNMENTS TO ADOPT ORDINANCES RELATED TO FERTILIZER

SECTION 2.(a) If Senate Bill 38, 2013 Regular Session, becomes law, then G.S. 106-678, as enacted by Senate Bill 38, reads as rewritten:

"**§ 106-678. Authority to regulate fertilizers.**

No county, city, or other political subdivision of the State shall adopt or continue in effect any ordinance or resolution regulating the use, sale, distribution, storage, transportation, disposal, formulation, labeling, registration, manufacture, or application of fertilizer. Nothing in this section shall prohibit a county, city, or other political subdivision of the State from exercising its planning and zoning authority under Article 19 of Chapter 160A of the General Statutes or Article 18 of Chapter 153A of the General Statutes, or from exercising its fire prevention or inspection authority. Nothing in this section shall limit the authority of the Department of Environment and Natural Resources or the Environmental Management Commission to enforce water quality standards. Nothing in this section shall prohibit a county, city, or other political subdivision of the State from adopting ordinances regulating fertilizers to protect water quality, provided that the ordinances have been approved by the Environmental Management Commission or the Department of Environment and Natural Resources as part of a local plan or National Pollutant Discharge Elimination System permit application and do not exceed the State's minimum requirements to protect water quality as established by the Environmental Management Commission under Part 1, Article 21 of Chapter 143 of the General Statutes. Nothing in this section shall prohibit a county or city from exercising its authority to regulate explosive, corrosive, inflammable, or radioactive substances pursuant to G.S. 153A-128 or G.S. 160A-183."

SECTION 2.(b) If Senate Bill 38, 2013 Regular Session, does not become law, then Article 56 of Chapter 106 of the General Statutes is amended by adding a new section to read:

"**§ 106-678. Authority to regulate fertilizers.**

No county, city, or other political subdivision of the State shall adopt or continue in effect any ordinance or resolution regulating the use, sale, distribution, storage, transportation,

disposal, formulation, labeling, registration, manufacture, or application of fertilizer. Nothing in this section shall prohibit a county, city, or other political subdivision of the State from exercising its planning and zoning authority under Article 19 of Chapter 160A of the General Statutes or Article 18 of Chapter 153A of the General Statutes or from exercising its fire prevention or inspection authority. Nothing in this section shall limit the authority of the Department of Environment and Natural Resources or the Environmental Management Commission to enforce water quality standards. Nothing in this section shall prohibit a county, city, or other political subdivision of the State from adopting ordinances regulating fertilizers to protect water quality, provided that the ordinances have been approved by the Environmental Management Commission or the Department of Environment and Natural Resources as part of a local plan or National Pollutant Discharge Elimination System permit application and do not exceed the State's minimum requirements to protect water quality as established by the Environmental Management Commission under Part 1 of Article 21 of Chapter 143 of the General Statutes. Nothing in this section shall prohibit a county or city from exercising its authority to regulate explosive, corrosive, inflammable, or radioactive substances pursuant to G.S. 153A-128 or G.S. 160A-183."

REWRITE THE LANDSCAPE CONTRACTOR LICENSING STATUTES

SECTION 3.(a) G.S. 89D-1 through G.S. 89D-10 are repealed.

SECTION 3.(b) Chapter 89D of the General Statutes is amended by adding the following new sections to read:

"**§ 89D-11. Definitions.**

The following definitions apply in this Chapter:

(1) Board. – The North Carolina Landscape Contractors' Licensing Board.

(2) Landscape construction or contracting. – The act of providing services as a landscape contractor, as defined in this section, for compensation or other consideration.

(3) Landscape contractor. – Any person who, for compensation or other consideration, does any of the following:

a. Engages in the business requiring the art, experience, ability, knowledge, science, and skill to prepare contracts and bid for the performance of landscape services, including installing, planting, repairing, and managing gardens, lawns, shrubs, vines, trees, or other decorative vegetation, including the finish grading and preparation of plots and areas of land for decorative utilitarian treatment and arrangement.

b. Practices the act of horticulture consultation or planting design for employment purposes.

c. Constructs, installs, or maintains landscape drainage systems and cisterns; provided the landscaping contractor makes no connection to pipes, fixtures, apparatus, or appurtenances installed upon the premises, or in a building, to supply water thereto or convey sewage or other waste therefrom as defined in G.S. 87-21.

d. Designs, installs, or maintains low-voltage landscape lighting systems; provided (i) the work does not exceed the scope of the exception set forth in G.S. 87-43.1(7); and (ii) the low-voltage lighting systems do not exceed 50 volts and constitute a Class II or Class III cord and plug connected power system.

e. Engages in the construction of garden pools, retaining walls, walks, patios, or other decorative landscape features.

(4) Person. – An individual, firm, partnership, association, corporation, or other legal entity.

"**§ 89D-12. License required; use of seal; posting license.**

(a) Except as otherwise provided in this Chapter, no person shall engage in the practice of landscape construction or contracting, use the designation "landscape contractor," or advertise using any title or description that implies licensure as a landscape contractor unless the person is licensed as a landscape contractor as provided by this Chapter. All landscape construction or contracting performed by a partnership, association, corporation, firm, or other group shall be performed under an individual who is readily available to exercise supervision over the landscape construction and contracting work and who is licensed by the Board under this Chapter.

(b) Nothing in this Chapter shall be construed to authorize a landscape contractor to engage in any of the following:

(1) The practice of landscape architecture as defined in G.S. 89A-1.

(2) The practice of engineering as defined in G.S. 89C-3.

(3) Practice as a well contractor certified under Article 7A of Chapter 87 of the General Statutes.

(4) The practice of irrigation contracting as defined in G.S. 89G-1.

(5) The practice of architecture as defined in G.S. 83A-1.

(6) The practice of plumbing, heating group number one, heating group number two, heating group number three, fire sprinkler, or fuel piping contracting as defined in G.S. 87-21; provided the landscaping contractor may install piping, fittings, valves, and associated components for the purpose of landscape contracting that is downstream of a potable water source, groundwater source, or grey water source, and downstream of a backflow prevention assembly.

(7) The practice of electrical contracting as defined in G.S. 87-43.

(c) A landscape contractor licensed under this Chapter is not required to be licensed as a general contractor under Article 1 of Chapter 87 of the General Statutes if the licensed landscape contractor is performing landscape construction or contracting work valued at an amount greater than thirty thousand dollars ($30,000).

(d) Upon licensure by the Board, each landscape contractor shall obtain a seal of the design authorized by the Board and bearing the name of the licensee, the number of the license, and the legend "N.C. Licensed Landscape Contractor." A landscape contractor may use the seal only while the license is valid.

(e) Every landscape contractor issued a license under this Chapter shall display the license conspicuously in the landscape contractor's place of business. Every landscape contractor shall display the license number issued to the contractor by the Board on all business cards, contracts, and vehicles used by the contractor in the landscape contracting business.

"**§ 89D-13. Exemptions.**

The provisions of this Chapter shall not apply to the following:

(1) Any federal, State, or local governmental agency performing landscaping on public property.

(2) The North Carolina Department of Transportation (NCDOT). However, for landscape installations or establishment periods for any project that exceeds the current contract amount requiring performance and payment bonds according to State law, NCDOT shall require a licensed landscape contractor to perform the work. NCDOT, at its discretion, may require a licensed landscape contractor for landscape projects of any cost.

(3) Any property owner performing landscape work on his or her own property.

(4) Any person or business owning or operating a golf course.

(5) Any landscaping work where the price of all contracts for labor, material, and other items for a given job site during any consecutive 12-month period is less than twenty-five thousand dollars ($25,000). A local governmental unit shall not enact a local ordinance or regulation requiring licensure for landscaping work performed pursuant to this subdivision.

(6) A general contractor licensed under Article 1 of Chapter 87 of the General Statutes who possesses a classification under G.S. 87-10(b) as a building contractor, a residential contractor, or a public utilities contractor.

(7) Any person or business licensed as an electrical contractor under Article 4 of Chapter 87 of the General Statutes who is designing, installing, or maintaining any electric work, wiring, devices, appliances, or equipment.

(8) Any person or business licensed as a plumbing contractor under Article 2 of Chapter 87 of the General Statutes who is installing pipes, fixtures, apparatus, or appurtenances to supply water thereto or convey sewage or other waste therefrom, including the installation, repair, or maintenance of water mains, water taps, services lines, water meters, or backflow prevention assemblies supplying water for irrigation systems or repairs to an irrigation system.

(9) A professional engineer licensed pursuant to Chapter 89C of the General Statutes.

(10) A professional landscape architect licensed under Chapter 89A of the General Statutes.

(11) An individual or a business engaged in any of the following activities while performing that activity:

a. Clearing and grading plots and areas of land.

b. Erosion control.

c. Arboriculture, including consultations on pruning and removal of trees.

d. The installation of sod, seed, or plugs by sod producers certified by the Plant Industry Division of the North Carolina Department of Agriculture and Consumer Services.

e. Landscape construction performed by utilities contractors for the purpose of grading and erosion control.

f. Lawn mowing, turf edging, and debris removal services.

g. Turf management or lawn care services only, including fertilization, aeration, weed control, or other turf management or lawn care practices other than mowing or edging.

h. Design, installation, and maintenance of on-site wastewater disposal or reuse systems within the on-site wastewater permit specifications.

(12) Any person performing landscaping work on a farm for use in agriculture production, farming, or ranching.

"**§ 89D-14. The North Carolina Landscape Contractors' Licensing Board.**

(a) There is created the North Carolina Landscape Contractors' Licensing Board. The Board shall consist of nine members appointed as follows:

(1) One member appointed by the Governor who is a member of the general public.

(2) One member appointed by the Commissioner of Agriculture pursuant to recommendations from The North Carolina Green Industry Council.

(3) One member appointed by the Board of Directors of the North Carolina Nursery and Landscape Association, Inc., who is a practicing nurseryman

operating a nursery certified by the North Carolina Department of Agriculture and Consumer Services Plant Industry Division.

(4) Four members who are licensed landscape contractors in the business of landscape construction or contracting. One of the four members shall be appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives pursuant to recommendations from The North Carolina Green Industry Council; one shall be appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate pursuant to recommendations from the Carolinas Irrigation Association, who is also a licensed irrigation contractor; and two shall be appointed by the Board of Directors of the North Carolina Nursery and Landscape Association, Inc.

(5) One member appointed by the Board of Directors of the North Carolina Chapter of the American Society of Landscape Architects who is a registered landscape architect.

(6) One member appointed by the President of The University of North Carolina from within the land grant university community who is knowledgeable in landscaping methods and practices.

(b) All appointments shall be for three-year terms. No member shall serve more than two complete consecutive terms.

(c) A vacancy on the Board created by death, resignation, or otherwise shall be filled in the same manner as the original appointment, except that all unexpired terms of Board members appointed by the General Assembly shall be filled in accordance with G.S. 120-122. Appointees to fill vacancies shall serve the remainder of the unexpired term and until their successors are appointed and qualified.

(d) The Board shall elect annually a chair and other officers as it deems necessary to carry out the purposes of this Chapter and shall hold meetings at least twice a year. A majority of the Board shall constitute a quorum.

(e) Each member of the Board may receive per diem and reimbursement for travel and subsistence as set forth in G.S. 93B-5.

(f) The Board shall be entitled to the services of the Attorney General in connection with the affairs of the Board or may, in its discretion, employ an attorney to assist or represent it in the enforcement of this Chapter.

"**§ 89D-15. Powers and duties.**

The Board shall have the following powers and duties:

(1) Administer and enforce the provisions of this Chapter.

(2) Adopt, amend, or repeal rules to carry out the provisions of this Chapter.

(3) Examine and determine the qualifications and fitness of applicants for licensure and licensure renewal.

(4) Issue, renew, deny, restrict, suspend, or revoke licenses.

(5) Reprimand or otherwise discipline licensees under this Chapter.

(6) Receive and investigate complaints from members of the public.

(7) Conduct investigations to determine whether violations of this Chapter exist or constitute grounds for disciplinary action against licensees under this Chapter.

(8) Conduct administrative hearings in accordance with Article 3A of Chapter 150B of the General Statutes.

(9) Seek injunctive relief through any court of competent jurisdiction for violations of this Chapter.

(10) Collect fees required by G.S. 89D-21 and any other moneys permitted by law to be paid to the Board.

(11) Require licensees to file and maintain an adequate surety bond.
(12) Establish and approve continuing education requirements for persons licensed under this Chapter.
(13) Employ a secretary-treasurer and any other clerical personnel the Board deems necessary to carry out the provisions of this Chapter and to fix compensation for employees.
(14) Maintain a record of all proceedings conducted by the Board and make available to licensees and other concerned parties an annual report of all Board action.
(15) Adopt and publish a code of professional conduct for all persons licensed under this Chapter.
(16) Adopt and publish a code of minimum practice standards for landscape construction and contracting.
(17) Adopt a seal containing the name of the Board for use on licenses and official reports issued by the Board.

"**§ 89D-16. Application for license; qualifications; examination; issuance.**

(a) Upon application to the Board and payment of the required fees, an applicant for licensure as a landscape contractor may sit for the examination if the applicant submits evidence demonstrating the applicant's qualifications for licensure under this Chapter as prescribed in rules adopted by the Board and meets all of the following qualifications:

(1) Is at least 18 years of age.
(2) Is of good moral character as determined by the Board.
(3) Provides evidence of business identification as required by the Board.
(4) Files with the Board and maintains a corporate surety bond executed by a company authorized to do business in this State or an irrevocable letter of credit issued by an insured institution. The surety bond or the letter of credit shall be in the amount of ten thousand dollars ($10,000). The surety bond or letter of credit shall be approved by the Board as to form and shall be conditioned upon the obligor faithfully conforming to and abiding by the provisions of this Chapter. Any person claiming to be injured by an act of a licensed landscape contractor that constitutes a violation of this Chapter may institute an action to recover against the licensee and the surety.

(b) If the applicant meets all the qualifications in subsection (a) of this section, the applicant shall be required to pass an examination administered by the Board before the Board may issue the license. The Board shall establish the scope and subject matter of the examination to be administered. The Board shall administer examinations at least twice a year at a time and place to be determined by the Board.

(c) When the Board determines that an applicant has met all the qualifications for licensure, submitted the required fee, and passed the examination, the Board shall issue a license to the applicant.

"**§ 89D-17. Corporations; partnerships; persons doing business under trade name.**

(a) The Board may issue a license in the name of a corporation if the corporation complies with the following:

(1) One or more officers or full-time employees, or both, empowered to act for the corporation are individuals licensed under this Chapter.
(2) Only the officers or employees described in subdivision (1) of this subsection execute contracts for landscape construction or contracting in the name of a corporation and are readily available to exercise supervision over the work performed pursuant to the contract.

(b) The Board may issue a license in the name of a limited liability company if the company complies with the following:

(1) One or more managers, as defined in G.S. 57D-1-03, executives, or full-time employees, or a combination thereof, are individuals licensed under this Chapter.

(2) Only the managers, executives, or employees described in subdivision (1) of this subsection execute contracts for landscape construction or contracting in the name of the limited liability company and are readily available to exercise supervision over the work performed pursuant to the contract.

(c) The Board may issue a license in the name of a partnership if the partnership complies with the following:

(1) One or more general partners or full-time employees empowered to act for the partnership are individuals licensed under this Chapter.

(2) Only the partners or employees described in subdivision (1) of this subsection execute contracts for landscape construction or contracting in the name of the partnership and are readily available to exercise supervision over the work performed pursuant to the contract.

(d) The Board may issue a license in an assumed or designated trade name if the owner of the business complies with the following:

(1) The owner or one or more full-time employees empowered to act for the owner is an individual licensed under this Chapter.

(2) Only the persons described in subdivision (1) of this subsection execute contracts for landscape construction or contracting in the assumed or designated trade name of the business and are readily available to exercise supervision over the work performed pursuant to the contract.

(e) When the Board issues a license under this section, the Board shall indicate on the license the name and license number of the individual licensee connected to the corporation, partnership, or business conducted under an assumed or designated trade name.

(f) A person licensed pursuant to this section shall be readily available to exercise supervision over a contract for landscape construction or contracting until the contract is completed.

(g) When a licensee executes a contract for landscape construction or contracting in any capacity other than as a sole proprietor contracting on the licensee's own behalf, the person on whose behalf the licensee is executing the contract shall be licensed under this section.

(h) A corporation, partnership, or person doing business under an assumed or designated trade name shall notify the Board in accordance with rules adopted by the Board if an individual licensee who is indicated in the license issued under this section ceases to be an officer, partner, owner, or employee of the corporation, partnership, or person doing business under the assumed or designated trade name. If the corporation, partnership, or person no longer has an officer, general partner, owner, or employee described in subdivision (a)(1), (b)(1), or (c)(1) of this section, the corporation, partnership, or person shall have 120 days from the date the officer, general partner, owner, or employee ceases the relationship with the corporation, partnership, or person to satisfy the requirements described in subdivision (a)(1), (b)(1), or (c)(1) of this section. The Board may, in its discretion, grant the corporation, partnership, or person a period greater than 120 days to satisfy the requirements described in subdivision (a)(1), (b)(1), or (c)(1) of this section as it deems appropriate. After 120 days, or a time period greater than 120 days as approved by the Board, if the corporation, partnership, or person does not have an officer, general partner, owner, or employee as described in subdivision (a)(1), (b)(1), or (c)(1) of this section, the license issued under this section is automatically suspended and the corporation, partnership, or person shall cease practicing landscape construction or contracting.

"**§ 89D-18. Licensing of nonresidents.**

(a) Definitions. – The following definitions apply in this section:

(1) Delinquent income tax debt. – The amount of income tax due as stated in a final notice of assessment issued to a taxpayer by the Secretary of Revenue when the taxpayer no longer has the right to contest the amount.
(2) Foreign corporation. – A corporation as defined in G.S. 55-1-40.
(3) Foreign entity. – A foreign corporation, a foreign limited liability company, or a foreign partnership.
(4) Foreign limited liability company. – A company as defined in G.S. 57D-1-03.
(5) Foreign partnership. – One of the following that does not have a permanent place of business in this State:
a. A foreign limited partnership as defined in G.S. 59-102.
b. A general partnership formed under the laws of a jurisdiction other than this State.

(b) Licensing. – Except as provided in this section, the Board may issue a license to a nonresident individual or a foreign entity that meets the requirements for licensure under this Chapter.

(c) Certificate of Authority Required. – The Board shall not issue a license for a foreign corporation unless the corporation has obtained a certificate of authority from the Secretary of State pursuant to Article 15 of Chapter 55 of the General Statutes. The Board shall not issue a license for a foreign limited liability company unless the company has obtained a certificate of authority from the Secretary of State pursuant to Article 7 of Chapter 57D of the General Statutes.

(d) Information. – The Board, upon request, shall provide the Secretary of Revenue the name, address, and tax identification number of every nonresident individual and foreign entity licensed by the Board. The information to be provided under this section shall be in a form required by the Secretary of Revenue.

(e) Delinquents. – If the Secretary of Revenue determines that any nonresident individual or foreign entity licensed by the Board owes a delinquent income tax debt, the Secretary of Revenue may notify the Board of the nonresident individual or foreign entity and instruct the Board not to renew the nonresident individual or foreign entity's license. The Board shall not renew the license of a nonresident individual or foreign entity identified by the Secretary of Revenue unless the Board receives a written statement from the Secretary that (i) the debt has been paid or (ii) the debt is being paid pursuant to an installment agreement.

"**§ 89D-19. Reciprocity.**

The Board may issue a license, without examination, to any person who is a landscape contractor licensed, certified, or registered in another state or country if the requirements for licensure, certification, or registration in the other state or country are substantially equivalent to the requirements for licensure in this State.

"**§ 89D-20. License renewal and continuing education.**

(a) Every license issued under this Chapter shall be renewed on or before the first day of August of each year. Any person who desires to continue to practice shall apply for a license renewal and shall submit the required fee. Licenses that are not renewed shall be automatically revoked. A license may be renewed at any time within one year after its expiration if (i) the applicant pays the required renewal fee and late renewal fee, (ii) the Board finds that the applicant has not used the license in a manner inconsistent with the provisions of this Chapter or engaged in the practice of landscape construction or contracting after notice of revocation, and (iii) the applicant is otherwise eligible for licensure under the provisions of this Chapter. When necessary, the Board may require licensees to demonstrate continued competence as a condition of license renewal.

(b) As a condition of license renewal, a licensee shall meet the continuing education requirements set by the Board. Each licensee shall complete seven continuing education units

per year. The Board may suspend a licensee's license for 30 days for failure to obtain continuing education units required by this subsection. Upon payment of a reinstatement fee, submission to the Board of proof of the continuing education units required by this subsection, and payment of the license renewal fee and late renewal fee, the licensee's license shall be reinstated. Failure to request a reinstatement of the license and failure to pay the reinstatement fee, renewal fee, and late renewal fee shall result in the forfeiture of a license. Upon forfeiture, a person shall be required to submit a new application and retake the examination as provided in this Chapter.

"**§ 89D-21. Expenses and fees.**

(a) The Board may impose the following fees not to exceed the amounts listed below:

(1)	Application fee	$100.00
(2)	Examination fee	250.00
(3)	Individual license fee and individual license renewal	100.00
(4)	Initial corporate, limited liability company, partnership, or trade name license	100.00
(5)	Corporate, limited liability company, partnership, or trade-name license renewal	100.00
(6)	Late renewal fee	50.00
(7)	Reinstatement fee	250.00
(8)	License by reciprocity	250.00
(9)	Duplicate license	25.00

(b) When the Board uses a testing service for the preparation, administration, or grading of examinations, the Board may charge the applicant the actual cost of the examination services and a prorated portion of the examination fee.

"**§ 89D-22. Disciplinary action.**

(a) The Board may deny, restrict, suspend, or revoke a license or refuse to issue or renew a license if a licensee or applicant does any of the following:

(1) Employs the use of fraud, deceit, or misrepresentation in obtaining or attempting to obtain a license or the renewal of a license.

(2) Practices or attempts to practice landscape construction or contracting by fraudulent misrepresentation.

(3) Commits an act of gross malpractice or incompetence as determined by the Board.

(4) Has been convicted of or pled guilty or no contest to a crime that indicates that the person is unfit or incompetent to practice as a landscape contractor or that indicates that the person has deceived or defrauded the public.

(5) Has been declared incompetent by a court of competent jurisdiction.

(6) Has willfully violated any provision in this Chapter or any rules adopted by the Board.

(7) Uses or attempts to use the seal in a fraudulent or unauthorized manner.

(8) Fails to file the required surety bond or letter of credit or to keep the bond or letter of credit in force.

(b) The Board may assess costs, including reasonable attorneys' fees and investigatory costs, in a proceeding under this section against an applicant or licensee found to be in violation of this Chapter.

"**§ 89D-23. Civil penalties.**

(a) In addition to taking any of the actions permitted under G.S. 89D-22, the Board may assess a civil penalty not in excess of two thousand dollars ($2,000) for each violation of any section of this Chapter or the violation of any rules adopted by the Board. The clear proceeds of any civil penalty assessed under this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(b) Before imposing and assessing a civil penalty and fixing the amount of the penalty, the Board shall, as a part of its deliberations, take into consideration the following factors:

(1) The nature, gravity, and persistence of the particular violation.

(2) The appropriateness of the imposition of a civil penalty when considered alone or in combination with other punishment.

(3) Whether the violation was willful and malicious.

(4) Any other factors that would tend to mitigate or aggravate the violations found to exist.

"**§ 89D-24. Injunction to prevent violation; notification of complaints.**

(a) If the Board finds that a person who does not have a license issued under this Chapter is engaging in the practice of landscape construction or contracting, the Board may appear in its own name in superior court in actions for injunctive relief to prevent any person from violating the provisions of this Chapter or the rules adopted by the Board.

(b) A licensed landscape contractor shall notify the Board of any written complaints filed against the landscape contractor not resolved within 30 days from the date the complaint was filed by registered mail to the Board."

SECTION 3.(c) Members serving on the North Carolina Landscape Contractors' Registration Board on the effective date of this act shall continue to serve until members of the North Carolina Landscape Contractors' Licensing Board, newly structured under G.S. 89D-14(a), as enacted by Section 3(b) of this act, are appointed.

SECTION 3.(d) Once the term of one of the current public members appointed by the Governor expires, the General Assembly, upon the recommendation of the Speaker of the House of Representatives, shall appoint a licensed landscape contractor in the business of landscape construction and contracting. Once the term of one of the current members appointed by the Commissioner of Agriculture expires, the General Assembly, upon the recommendation of the President Pro Tempore of the Senate, shall appoint a licensed landscape contractor in the business of landscape construction and contracting. All records, staff, funds, and other items of the North Carolina Landscape Contractors' Registration Board are transferred to and made the property of the North Carolina Landscape Contractors' Licensing Board.

SECTION 3.(e) Any person who, on or before December 31, 2014, meets at least one of the following criteria shall be issued a landscape contractor's license by the North Carolina Landscape Contractors' Licensing Board, without the requirement of examination, upon submission of a completed application and payment of the application fee on or before August 1, 2015:

(1) Is registered as a landscape contractor.

(2) Is licensed as an irrigation contractor.

(3) Is certified as a turf grass professional.

(4) Has three years of documented experience in the person's own business as a landscape contractor or three years of documented experience as an employee in a landscape contracting business and meets all other requirements and qualifications for licensure as a landscape contractor. Educational experience can be applied towards the three-year experience requirement as follows:

a. One year of credit for a two-year degree in related educational training.

b. Two years of credit for a four-year degree in related educational training.

c. Up to two years of credit for education or business experience in general business management.

Landscape contractors currently registered under Chapter 89D of the General Statutes shall not be required to renew the registration for the 2015 calendar year to qualify for the landscape contractor's license, as enacted by Section 3(b) of this act.

SECTION 3.(f) This section becomes effective August 1, 2015.

STUDY THE STATE'S PARTICIPATION IN THE COMMERCIAL VEHICLE SAFETY ALLIANCE NORTH AMERICAN STANDARD INSPECTION PROGRAM

SECTION 4. The Department of Public Safety shall study the State's participation in the Commercial Vehicle Safety Alliance North American Standard Inspection Program for roadside commercial vehicle safety inspections. The study shall include (i) a history of when North Carolina joined the program; (ii) an explanation of how the program is currently being implemented; (iii) data on how many safety inspection decals are issued annually; and (iv) a geographic analysis of where safety inspection decals are issued within the State. The Department shall report the results of its study to the Agriculture and Forestry Awareness Study Commission on or before November 1, 2014.

CLARIFY THE MEANING OF THE TERMS "PLANTING AND HARVESTING SEASON" AND "PLANTING AND HARVESTING PERIOD" FOR PURPOSES OF APPLYING FEDERAL LAWS OR REGULATIONS RELATING TO HOURS OF SERVICE RULES FOR CERTAIN DRIVERS TRANSPORTING AGRICULTURAL PRODUCTS

SECTION 5. G.S. 20-381 is amended by adding a new subsection to read:

"**§ 20-381. Specific powers and duties of Department of Public Safety applicable to motor carriers; agricultural exemption.**

...

(c) For purposes of 49 C.F.R. § 395.1(k) and any other federal law or regulation relating to hours-of-service rules for drivers engaged in the transportation of agricultural commodities and farm supplies for agricultural purposes, the terms "planting and harvesting season" and "planting and harvesting period" refer to the period from January 1 through December 31 of each year."

AMEND THE CHAIRMANSHIP OF THE AGRICULTURE AND FORESTRY AWARENESS STUDY COMMISSION

SECTION 6. G.S. 120-150 reads as rewritten:

"**§ 120-150. Creation; appointment of members.**

There is created an Agriculture and Forestry Awareness Study Commission. Members of the Commission shall be citizens of North Carolina who are interested in the vitality of the agriculture and forestry sectors of the State's economy. Members shall be as follows:

(1) Three appointed by the Governor.

(2) Three appointed by the President Pro Tempore of the Senate.

(3) Three appointed by the Speaker of the ~~House.~~House of Representatives.

(4) ~~The chairs of the House Agriculture Committee.~~Two members of the House of Representatives appointed by the Speaker of the House of Representatives.

(5) ~~The chairs of the Senate Committee on Agriculture, Environment, and Natural Resources.~~Two members of the Senate appointed by the President Pro Tempore of the Senate.

(6) The Commissioner of Agriculture or the Commissioner's designee.

(7) A member of the Board of Agriculture designated by the chair of the Board of Agriculture.

(8) The President of the North Carolina Farm Bureau Federation, Inc., or the President's designee.
(9) The President of the North Carolina State Grange or the President's designee.
(10) The Secretary of Environment and Natural Resources or the Secretary's designee.
(11) The President of the North Carolina Forestry Association, Inc., or the President's designee.

Members shall be appointed for two-year terms beginning October 1 of each odd-numbered year. ~~The Chairs of the House Agriculture Committee and the Chairs of the Senate Committee on Agriculture, Environment, and Natural Resources shall serve as cochairs.~~The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate two members to serve as cochairs of the Commission."

ALLOW THE COMMISSIONER OF AGRICULTURE TO APPOINT LAW ENFORCEMENT OFFICERS TO CARRY OUT THE LAW ENFORCEMENT RESPONSIBILITIES OF THE DEPARTMENT OF AGRICULTURE

SECTION 7. G.S. 106-900 reads as rewritten:

"**§ 106-900. Powers of ~~forest~~ Department of Agriculture and Consumer Services law-enforcement officers.**

The Commissioner is authorized to appoint as many ~~forest law-enforcement~~Department of Agriculture and Consumer Services law enforcement officers as he or she deems necessary to ~~carry out the forest law-enforcement responsibilities of the Department~~ investigate and enforce any violation of the laws within the authority of the Department or which occur on Department property. Such officers shall meet the requirements of Chapter 17C of the General Statutes and shall take the oath of office prescribed by Article VI, Section 7 of the North Carolina Constitution. ~~Forest law-enforcement officers shall~~ Of these officers, the Commissioner may designate certain officers to also have ~~all~~ the powers and the duties of a forest ranger enumerated in G.S. 106-898 and ~~G.S. 106-899.~~ G.S. 106-899 and the power to enforce the forest laws. ~~Forest law-enforcement officers shall, in addition to their other duties, have the powers of peace officers to enforce the forest laws. Any forest~~ A Department ~~law-enforcement~~law enforcement officer may arrest, without warrant, any person or persons committing any crime in ~~his~~ the officer's presence or ~~whom~~ who such officer has probable cause for believing has committed a crime in ~~his~~ the officer's presence and bring such person or persons forthwith before a district court or other officer having jurisdiction. ~~Forest~~ Department ~~law-enforcement~~law enforcement officers shall also have authority to obtain and serve warrants including warrants for violation of any duly promulgated rule of the Department.

PESTICIDE USE FOR MOLES

SECTION 8. G.S. 113-300.2 is amended by adding a new subsection to read:

"(g) Notwithstanding any other provision of law, it is lawful to use any pesticide registered by the Pesticide Board to control any species of mole other than the Star-Nosed Mole (Condylura cristata parva), provided that (i) all rules regulating the application of pesticides adopted by the Pesticide Board are followed, and (ii) pesticides used to control these species are applied in a manner that minimizes hazards to nontarget species."

ADD AGRICULTURAL FACILITIES TO FIRST DEGREE TRESPASS

SECTION 9.(a) G.S. 14-159.12(c)(1) is amended by adding a new sub-subdivision to read:

"**§ 14-159.12. First degree trespass.**

...

(c) Except as otherwise provided in subsection (d) of this section, a violation of subsection (a) of this section is a Class A1 misdemeanor if all of the following circumstances exist:

(1) The offense is committed on the premises of any of the following:

a. A facility that is owned or operated by an electric power supplier as defined in G.S. 62-133.8(a)(3) and that is either an electric generation facility, a transmission substation, a transmission switching station, a transmission switching structure, or a control center used to manage transmission operations or electrical power generating at multiple plant locations.

b. Any facility used or available for use in the collection, treatment, testing, storing, pumping, or distribution of water for a public water system.

c. Any facility, including any liquefied natural gas storage facility or propane air facility, that is owned or operated by a natural gas local distribution company, natural gas pipeline carrier operating under a certificate of public convenience and necessity from the Utilities Commission, municipal corporation operating a municipally owned gas distribution system, or regional natural gas district organized and operated pursuant to Article 28 of Chapter 160A of the General Statutes used for transmission, distribution, measurement, testing, regulating, compression, control, or storage of natural gas.

d. Any facility used or operated for agricultural activities, as that term is defined in G.S. 106-581.1."

SECTION 9.(b) This section becomes effective December 1, 2014, and applies to offenses committed on or after that date.

REQUIRE WRITTEN CONSENT TO OPERATE ALL TERRAIN VEHICLES ON PRIVATE PROPERTY

SECTION 10.(a) G.S. 14-159.3 reads as rewritten:

"**§ 14-159.3. Trespass to land on motorized all terrain vehicle.**

(a) No person shall operate any motorized all terrain vehicle:

(1) On any private property not owned by the operator, without the written consent of the owner; or

(2) Within the banks of any stream or waterway, but excluding a sound or the Atlantic Ocean, the adjacent lands of which are not owned by the operator, without the consent of the owner or outside the restrictions imposed by the owner.

(a1) A landowner who gives a person written consent to operate an all terrain vehicle on his or her property owes the person the same duty of care that he owes a trespasser.

(b) A "motorized all terrain vehicle", as used in this section, is a two or more wheeled vehicle designed for recreational off-road use.

(c) A violation of this section shall be a Class 2 misdemeanor."

SECTION 10.(b) This section becomes effective December 1, 2014, and applies to offenses committed on or after that date.

ALLOW DRAINAGE DISTRICTS TO MAINTAIN DITCHES IN BUFFER ZONES

SECTION 11. G.S. 156-82.1 is amended by adding a new subsection to read:

"**§ 156-82.1. Duties and powers of the board of drainage commissioners.**

(a) The board of drainage commissioners shall proceed with the levying of assessments, issuance of bonds and construction of canals, water retardant structures and other

improvements and acquisition of equipment as approved by the court in the adjudication upon the final report of the board of viewers, either in the creation of the district or in subsequent proceedings authorized by Article 7B.

(b) The commissioners shall maintain the canals, water retardant structures, and all other improvements and equipment of the district.

(b1) No State statute or rule or local government ordinance for the establishment, preservation, or maintenance of riparian buffers for the protection of water quality shall apply to the construction, operation, maintenance, or repair of canals, water retardant structures, or other improvements under the control and supervision of a board of drainage commissioners.

...."

CLARIFY PERIODIC INSPECTIONS AUTHORITY OF HOUSING FINANCE AGENCY

SECTION 12.(a) G.S. 153A-364 reads as rewritten:

"**§ 153A-364. Periodic inspections for hazardous or unlawful conditions.**

...

(b) A county may require periodic inspections as part of a targeted effort within a geographic area that has been designated by the county commissioners. The county shall not discriminate in its selection of areas or housing types to be targeted and shall (i) provide notice to all owners and residents of properties in the affected area about the periodic inspections plan and information regarding a public hearing regarding the plan; (ii) hold a public hearing regarding the plan; and (iii) establish a plan to address the ability of low-income residential property owners to comply with minimum housing code standards. A residential building or structure that is subject to periodic inspections by the North Carolina Housing Finance Agency (hereinafter "Agency") shall not be subject to periodic inspections under this subsection if the Agency has issued a finding that the building or structure is in compliance with federal standards established by the United States Department of Housing and Urban Development to assess the physical condition of residential property. The owner or manager of a residential building or structure subject to periodic inspections by the Agency shall, within 10 days of receipt, submit to the inspection department a copy of the Compliance Results Letter issued by the Agency showing that the residential building or structure is in compliance with federal housing inspection standards. If the owner or manager fails to submit a copy of the Compliance Results Letter as provided in this subsection, the residential building or structure shall be subject to periodic inspections as provided in this subsection until the Compliance Results Letter is submitted to the inspection department.

...."

SECTION 12.(b) G.S. 160A-424 reads as rewritten:

"**§ 160A-424. Periodic inspections.**

...

(b) A city may require periodic inspections as part of a targeted effort within a geographic area that has been designated by the city council. The municipality shall not discriminate in its selection of areas or housing types to be targeted and shall (i) provide notice to all owners and residents of properties in the affected area about the periodic inspections plan and information regarding a public hearing regarding the plan; (ii) hold a public hearing regarding the plan; and (iii) establish a plan to address the ability of low-income residential property owners to comply with minimum housing code standards. A residential building or structure that is subject to periodic inspections by the North Carolina Housing Finance Agency (hereinafter "Agency") shall not be subject to periodic inspections under this subsection if the Agency has issued a finding that the building or structure is in compliance with federal standards established by the United States Department of Housing and Urban Development to assess the physical condition of residential property. The owner or manager of a residential

building or structure subject to periodic inspections by the Agency shall, within 10 days of receipt, submit to the inspection department a copy of the Compliance Results Letter issued by the Agency showing that the residential building or structure is in compliance with federal housing inspection standards. If the owner or manager fails to submit a copy of the Compliance Results Letter as provided in this subsection, the residential building or structure shall be subject to periodic inspections as provided in this subsection until the Compliance Results Letter is submitted to the inspection department.

...."

SECURITY GRILLES

SECTION 13.(a) Notwithstanding Section 1008.1.4.5 of the 2012 NC State Building Code (Fire Code), horizontal sliding or vertical security grilles shall be permitted at all exits or exit access doorways, provided that the grilles are openable from the inside without the use of a key or special knowledge or effort during periods that the space is occupied by authorized persons and that the grilles remain secured in the full-open position during the period of occupancy by the general public.

SECTION 13.(b) The Building Code Council shall adopt a rule to amend Section 1008.1.4.5 of the 2012 NC State Building Code (Fire Code) consistent with Section 13(a) of this section.

SECTION 13.(c) Section 13(a) of this section expires on the date that the rule adopted pursuant to Section 13(b) of this section becomes effective.

EFFECTIVE DATE

SECTION 14. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 366:
NC Farm Act of 2014

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 25, 2014
Introduced by:	Reps. Langdon, Dixon, Brisson, S. Martin	**Prepared by:**	Chris Saunders Committee Counsel
Analysis of:	Fourth Edition		

SUMMARY: House Bill 366 would amend various agricultural and environmental laws.

[As introduced, this bill was identical to S387, as introduced by Sens. Barefoot, Cook, Walters]

BILL ANALYSIS:

Section 1 of the bill would provide that complaints to the Department of Environment and Natural Resources (DENR) concerning an agricultural operation, and all records accumulated in conjunction with the investigation of the complaint, are confidential and may be released only by court order. This section would also allow DENR to request additional information from a complainant and permit the Department to decline to accept or further investigate a complaint about an agricultural operation if an initial assessment of the complaint leads to a finding that the complaint is frivolous or was filed in bad faith. Section 1 would also direct DENR to adopt rules to develop a formal system for receiving, investigating, and responding to environmental complaints.

Section 2 would prohibit cities and counties from adopting ordinances regulating the use, sale, distribution, storage, transportation, disposal, formulation, labeling, registration, manufacture, or application of fertilizer. This section would not limit the authority of DENR or the Environmental Management Committee (EMC) to enforce water quality standards. Cities and counties would be permitted to adopt ordinances to regulate fertilizers to protect water quality, provided that the ordinances have been approved by the EMC or DENR as part of a local plan or National Pollutant Discharge Elimination System permit application and do not exceed the State's minimum requirements to protect water quality. This section would not prohibit a city or county from regulating explosive or inflammable substances by ordinance.

Sections 3.(a) and 3.(b) would rewrite the statutes regulating landscape contractors to require that any person engaged in the business of landscape contracting must obtain a license. This section would:

- create definitions for the terms "Board," "landscape construction or contracting," "landscape contractor," and "person" (89D-11);
- provide that unless otherwise permitted, no person shall engage in landscape construction or contracting, use the designation "landscape contractor," or advertise using a title that implies licensure unless the person is licensed as a landscape contractor (89D-12(a));
- provide for exemptions for licensure, including:
    - a governmental agency performing landscaping on public property;
    - the North Carolina Department of Transportation;
    - a property owner performing landscape work on his or her own property;

- a person or business owning or operating a golf course;
- work where the price of all items for a given jobsite during any consecutive 12 month period is less than $25,000;
- licensed general contractors who possess a classification as a building contractor, residential contractor, or public utilities contractor;
- licensed electricians and certain plumbing contractors;
- professional engineers or professional landscape architects; or
- individuals or businesses involved in several specific activities including clearing and grading plots and areas of land, erosion control, arboriculture, and others (89D-13);

- establish the North Carolina Landscape Contractors' Licensing Board (89D-14);
- set forth powers and duties of the Board, including the authority to administer and enforce this Chapter and the ability to issue and revoke licenses, among others (89D-15);
- establish requirements for landscape contractor licensure including application requirements, qualifications, and examination and continuing education. Applicants must meet certain qualifications before sitting for the examination (at least 18 years of age, good moral character, evidence of business ID, at least 3 years of experience in landscape construction or contracting or educational equivalent, and maintains corporate surety bond or letter of credit in the amount of $10,000). The applicant must pass an examination administered by the Board (89D-16, 89D-18, 89D-19, 89D-20);
- establish standards for issuing licenses to corporations, partnerships, and persons doing business under a trade name (89D-17);
- authorize the Landscape Contractor Board to impose the following fees:

Application Fee	$100
Exam Fee	$250
Individual License Fee and Renewal Fee	$100
Corporate License Fee and Renewal Fee	$100
Late Renewal Fee	$50
Reinstatement Fee	$250
License by Reciprocity	$250
Duplicate License	$25

(89D-21);

- articulate causes for disciplinary action, civil penalties, and injunctions (89D-22, 89D-23, 89D-24).

Section 3.(c) would provide that members currently serving on the North Carolina Landscape Contractors' Registration Board will continue to serve until the new Board is appointed.

Section 3.(d) offers provisions of how certain appointments will be made when the terms of the appointees named in this section expire. It also provides that all records, staff, funds and other items of the North Carolina Landscape Contractors' Registration Board are transferred to the North Carolina Landscape Contractors' Licensing Board.

Section 3.(e) would provide that any person who meets at least one of the following criteria on or before December 31, 2010, shall be issued a license without needing to take an exam (if the person has submitted an application and paid the application fee on or before August 1, 2011):

- Is registered as a landscape contractor.
- Is licensed as an irrigation contractor.
- Is certified as a turf grass professional.
- Has 10 years experience in the person's own business as a landscape contractor or 10 years experience as an employee, meets all other requirements for licensure, and has one of the following:
    - One year of credit for a two-year degree in related educational training.
    - Two years of credit for a four-year-degree in related educational training.
    - Up to two years credit for education or business experience in general business management.

This section also provides that landscape contractors currently registered under Chapter 89D are not required to renew the registration for the 2015 calendar year to qualify for the landscape contractor's license.

Sections 3.(a) through 3.(e) would become effective August 1, 2015.

Section 4 would direct The Department of Public Safety to study North Carolina's participation in the Commercial Vehicle Safety Alliance North American Standard Inspection Program. This program allows commercial vehicles that pass a roadside safety inspection to receive a decal indicating that another inspection is not needed for a certain period of time.

Section 5 would define the "planting and harvesting season" and "planting and harvesting period" as January 1 through December 31 of each year, for purposes of the agricultural operations exemption to the federal motor carrier regulations on hours of service.

Section 6 would amend the chairmanship of the Agriculture and Forestry Awareness Study Commission to allow the President Pro Tempore of the Senate to appoint two members of the Senate and the Speaker of the House to appoint two members of the House of Representatives to serve as co-chairs of the Commission.

Section 7 would authorize the Commissioner of Agriculture to appoint as many Department of Agriculture and Consumer Services (DACS) law-enforcement officers as he or she deems necessary to carry out the Department's law-enforcement responsibilities. These officers must meet the training standards of the North Carolina Criminal Justice Education and Training Standards Commission and take the constitutional oath of office. Certain officers could be designated to have the powers and duties of forest rangers and the power to enforce the forest laws. The officers would have the authority to arrest, without warrant, any person or persons committing any crime in their presence or whom they have probable cause to believe has committed a crime in their presence. These powers are currently granted to forest law-enforcement officers.

Session Law 2008-107 requires State agencies, including DACS, to receive approval from the Director of the Budget to establish a new receipt supported position. The Department's State Fair Police are

receipt supported positions; so DACS would have to receive approval from the Director of the Budget before creating any more of these positions.

Section 8 would authorize the use of any pesticide registered by the Pesticide Board to control any species of mole other than the Star-Nosed mole if Pesticide Board rules are followed and hazards to nontarget species are minimized.

Section 9 would amend the statute for first degree trespass to provide that trespassing in an agricultural facility is a first degree trespass punishable as a Class A1 misdemeanor (the statute in question currently addresses trespass to locations such as electric generation facilities, water treatment facilities, and liquefied natural gas storage facilities). If the trespass is committed with the intent to disrupt the normal operation of the facility or if it places the offender or others at serious risk of bodily injury, the trespass is punishable as a Class H felony.

This section would become effective December 1, 2014, and would apply to offenses committed on or after that date.

Section 10 would require a person, before operating a motorized all terrain vehicle on property not owned by the person, to obtain written consent from the owner of the property. A person given written consent under this section is owed the duty of care that a trespasser would be owed. Under current law, only verbal consent from the owner of the property is required.

This section would become effective December 1, 2014, and would apply to offenses committed on or after that date.

Section 11 would provide that no State statute or rule or local government ordinance concerning riparian buffers for the protection of water quality shall apply to the construction, operation, maintenance, or repair of canals, water retardant structures, or other improvements under the control and supervision of a board of drainage commissioners.

Section 12 would exempt any residential building subject to periodic inspections by the North Carolina Housing Finance Agency from a county or city's authority to conduct periodic inspections as part of a targeted effort within a geographic area, if the residential building is in compliance with federal standards and provided the owner of the residential building supplies the compliance results letters from the North Carolina Housing Financing Agency to the local inspections department.

Section 13 would require the Building Code Council to amend the NC State Building Code (Code) such that security grilles are permitted at all exits if the grilles may be opened from the inside during periods when the building is occupied by authorized persons and remain open when the building is occupied by the general public. Under current law, Section 1008.1.4.5 of the Code requires that no more than one-half of the doors of certain buildings be equipped with security grilles when two or more means of egress are required.

EFFECTIVE DATE: Except as otherwise provided, this act would be effective when it becomes law.

GENERAL ASSEMBLY OF NORTH CAROLINA

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: North Carolina Landscape Contracters' Licensing Board

EFFECTIVE DATE: This act is effective when it becomes law.

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY:

Section 3 of the PCS to H366v3 would, effective August 1, 2015, rewrite the laws to require that any person engaged in the business of landscape contracting must obtain a license. This section would: more clearly define the term "landscape contractor"; establish requirements for landscape contractor licensure including application requirements, qualifications, and examination and

continuing education; provide for exemptions for licensure; establish the North Carolina Landscape Contractors' Licensing Board; establish standards for issuing licenses to corporations, partnerships, and persons doing business under a trade name; establish fees; and articulate causes for disciplinary action, civil penalties, and injunctions.

ASSUMPTIONS AND METHODOLOGY:

The table below illustrates the current and proposed maximum fees for the North Carolina Landscape Contractors' Licensing Board:

	Current	Proposed
Application Fee	75.00	100.00
Examination Fee	75.00	250.00
Individual license fee and individual license renewal	75.00	100.00
Initial corporate, limited liability company, partnership, or trade name license	NA	100.00
Corporate, limited liability company, partnership, or trade-name license renewal	NA	100.00
Late renewal fee	25.00	50.00
Reinstatement fee	25.00	250.00
License by reciprocity	75.00	250.00
Duplicate license	5.00	25.00

The North Carolina Green Industry Council estimates there are currently 1,200 licensed landscape contractors. They estimate that by rewriting the landscape contractor licensing statutes, the number of licenses could reach 5,000 by the end of 2015. Of those 5,000, approximately 2,500 would not have to take the examination, due to grandfathering language in Section 3.31(e).

Fiscal Research has estimated that the North Carolina Landscape Contractors' Licensing Board would collect approximately $500,000 more in revenue in FY14-15. This assumes the distribution of 3,750 licenses by June 2015. In FY15-16, when all of the new fees are in place, revenue would increase by approximately $700,000. This amount includes all 5,000 estimated licenses. Subsequent years would see approximately $400,000 in new revenue.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
Administrative Office of the Courts; Indigent Defense Services; Department of Public Safety

EFFECTIVE DATE December 1, 2014

TECHNICAL CONSIDERATIONS:
None

FISCAL IMPACT SUMMARY:

The proposed bill may have a fiscal impact to address the expanded scope of existing offenses being enforced, adjudicated and having penalties applied to those convicted of the offenses. However, given there is no historical data on the expanded scope of these offenses, or similar offenses to use as a proxy for predicting the total number of new offenses, the Fiscal Research Division cannot reasonably estimate the total additional costs that may be incurred. The following costs may be incurred for every one person charged and convicted of this crime:

- Administrative Office of the Courts: $31 to $198 per disposition
- Indigent Defense Services: $182 in district court
  $359 in superior court without a trial
  $847 in superior court with a trial
- Prison Section: No cost
- Community Corrections: Minimum of $494 to $1,606

Please see the Assumptions and Methodology section for additional information.

BILL SUMMARY:

Section 1(a) of the bill creates a new G.S. 143-215.9D, Agricultural operation investigations confidential, which requires that complaints of violations of this Article relating to an agricultural operation and the records related to any subsequent investigation shall be considered confidential records and may be released only under certain conditions. Violation of this act would be a Class 3 misdemeanor under existing G.S. 143-215.36, thus expanding the scope of that offense.

Section 7 of the bill amends G.S. 14-159.12(c)(1), First degree trespass, by adding "any facility used or operated for agricultural activities" to the list of protected properties. Violation of this statute is a Class A1 misdemeanor.

Section 8 of the bill expands the scope of a Class 2 misdemeanor offense found in G.S. 14-159.3, Trespass to land on motorized all-terrain vehicles, to require written rather than oral permission from the landowner before operating an all-terrain vehicle on their land.

ASSUMPTIONS AND METHODOLOGY:

General

The Sentencing and Policy Advisory Commission prepares prison population projections for each bill containing a criminal penalty. The Commission assumes for such bills that expanding existing or creating new criminal offenses produces no deterrent or incapacitative effect on crime. Therefore, the Fiscal Research Division does not assume deterrent effects for any criminal penalty bill.

S.L. 2011-192 (H.B. 642), the Justice Reinvestment Act (JRA), made changes to North Carolina's court system, corrections system (both to prisons and probation), and to post-release supervision. The Act also created a statewide confinement program for housing misdemeanants with sentences of less than 180 days in county jails. Previously, county jails were only required to house misdemeanants with sentences of 90 days or less. In addition, all F-I felons are now subject to nine months of post-release supervision (PRS). B1-E felony PRS has been increased from nine months to twelve months. Due to the lack of historical data about JRA implementation, it is not possible to estimate the number of prison beds that may be needed as a result of revocations.

Since the bill expands the scope of existing penalties, the Sentencing Commission does not have any data from which to estimate the impact of this bill on the prison population. It is not known how many offenders might be convicted and sentenced under the expanded statutes.

Judicial Branch

The Administrative Office of the Courts provides Fiscal Research with a fiscal impact analysis for most criminal penalty bills. For such bills, fiscal impact is typically based on the assumption that court time will increase due to anticipated increases in trials and corresponding increases in workload for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

Section 1(a) of the bill expands the scope of an existing Class 3 misdemeanor offense. Because this is a new type of confidential information and thus a new potential offense for violation of the confidentiality, AOC does not have historical data upon which to estimate the number of charges that might occur. AOC provides estimates of the average cost to the court for a charge by offense class. For every additional person charged with a Class 3 misdemeanor, the average cost to the court would be $31.

Section 7 adds facilities used for or operating for agricultural activities to a list of specific facilities that increase the penalty for first degree trespass from the baseline Class 2 misdemeanor to the enhanced Class A1 misdemeanor. AOC does not have data on the number of charges that are currently arising from first degree trespass in such facilities. Therefore, it is not possible to estimate how many charges may arise under the higher penalty. For every person charged under the new penalty, the cost to the court will be the difference between the average cost for the two offense classes. The cost difference between a Class 2 misdemeanor and a Class A1 misdemeanor is $198 ($286 cost of Class A1 misdemeanor minus $88 cost of a Class 2 misdemeanor).

Section 8 of the bill expands the scope of an existing Class 2 misdemeanor. The cost to the courts for every person charged with a Class 2 misdemeanor is $88.

The Office of Indigent Defense Services (IDS) provides Fiscal Research with a fiscal impact analysis for criminal penalty bills that will result in greater expenditures for indigent defense. IDS estimates that the cost of additional misdemeanor offenses (regardless of class) will be $182 per case for a private appointed counsel (PAC) attorney in district court. In superior court, IDS estimates that the cost would be $359 if the case does not go to trial and $847 if it does. These estimates assume the appointment of a PAC attorney. In districts that have Public Defender offices, cases may be handled by those offices. In those instances, these costs may not be incurred.

Department of Public Safety – Prison Section

This bill expands the scope of several misdemeanor offenses. The North Carolina Sentencing and Policy Advisory Commission expects no impact on the prison population because offenders who receive active sentences of less than 180 days will serve them in the local jail. Therefore, the Department of Public Safety does not anticipate an impact on prison custody projections.

Department of Public Safety – Community Correction Section

All active sentences for felony offenses now result in a minimum of twelve months of post-release supervision (PRS) for B1-E level offenses and a minimum of nine months of PRS for F-I level offenses. Additionally, for felony offense classes E through I and all misdemeanor classes, offenders may be given non-active (intermediate or community) sentences exclusively, or in conjunction with imprisonment (split-sentence). Sanctions include electronic house arrest, community service, substance abuse treatment, participation in educational or vocational skills development, payment of court costs, fines, and restitution, and short-term jail sentences not exceeding six days per month.

All types of post-release supervision, including intermediate or community sanctions, are supervised by the Community Corrections Section (CCS); CCS also oversees community service. General post-release supervision and supervision of intermediate and community offenders by a probation officer costs $123.50 per offender, per month; no cost is assumed for those receiving unsupervised probation, or who are only ordered to pay fines, fees, or restitution. Total costs are based on average supervision length and the percentage of offenders (per offense class) sentenced to active sentences requiring post-release supervision, intermediate sanctions and supervised probations.

Section 1(a) of the bill expands the scope of an existing Class 3 misdemeanor. In FY 2012-13, 32 percent of Class 3 misdemeanor offenders received active sentences; one percent received intermediate sentences; and 68 percent received community punishments. Active misdemeanor sentences of less than 180 days are served in local jails and do not require any post-release supervision. The average lengths of intermediate and community punishment imposed for this offense class were 14 and 12 months, respectively. Therefore, at a minimum, one conviction resulting from Section 1 of this bill will require at least 12 months of

supervision. The cost of 12 months of supervision is $1,482 per offender ($123.50 per month times 12 months).[1]

Section 7 of the bill adds facilities used for or operating for agricultural activities to a list of specific facilities that increase the penalty for first degree trespass from the baseline Class 2 misdemeanor to the enhanced Class A1 misdemeanor. Additional costs will be incurred if offenders who would have previously been charged with a Class 2 misdemeanor are now charged with a Class A1 misdemeanor, which carries a longer average sentence. In FY 2012-13, 36 percent of Class A1 misdemeanor offenders received active sentences; five percent received intermediate sentences; and 59 percent received community punishments. The average lengths of intermediate and community punishment imposed for this offense class were 19 and 17 months, respectively. In the same year, 31 percent of Class 2 misdemeanor offenders received active sentences; one percent received intermediate sentences; and 68 percent received community punishments. The average lengths of intermediate and community punishment imposed for this offense class were 15 and 13 months, respectively. The difference will be at least four months, for a cost of $494 per offender ($123.50 per month times four months).[1]

Section 8 of the bill expands the scope of an existing Class 2 misdemeanor. In FY 2012-13, 31 percent of Class 2 misdemeanor offenders received active sentences; one percent received intermediate sentences; and 68 percent received community punishments. Active misdemeanor sentences of less than 180 days are served in local jails and do not require any post-release supervision. The average lengths of intermediate and community punishment imposed for this offense class were 15 and 13 months, respectively. Therefore, at a minimum, one conviction resulting from Section 8 of this bill will require at least 13 months of supervision. The cost of 13 months of supervision is $1,606 per offender ($123.50 per month times 13 months).[1]

[1] Due to the effective date of December 1, 2014 and the typical lag time between charge and conviction (6 months), little impact is assumed for CCS in FY 2014-15. Though some offenders may come under CCS supervision during this time, this note assumes an even entry over the course of FY 2015-16.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013

H 2

HOUSE BILL 379

Senate Agriculture/Environment/Natural Resources Committee Substitute Adopted 6/24/14

Short Title: Amend Veterinary Practice Act/Fees. (Public)

Sponsors:

Referred to:

March 21, 2013

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE NORTH CAROLINA VETERINARY MEDICAL BOARD TO AMEND THE BOARD'S LAWS PERTAINING TO LICENSURE FEES AND LICENSE REINSTATEMENT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-186(6) reads as rewritten:

"**§ 90-186. Special powers of the Board.**

In addition to the powers set forth in G.S. 90-185 above, the Board may:

...

(6) Set and require fees pursuant to administrative ~~rule for the following:~~rule. The Board may increase the following fees, provided (i) no fee shall be increased more than fifteen percent (15%) within a calendar year and (ii) the cumulative total increases of any fee shall not exceed one hundred percent (100%) of the fee amounts set in this subdivision:

a. Issuance or renewal of a certificate of registration for a professional corporation, in ~~an~~ the amount ~~not to exceed~~of one hundred fifty dollars ($150.00).

b. Administering a North Carolina license ~~examination,~~examination for applicants for licensure, certification, and registration, in ~~an~~ the amount ~~not to exceed~~of two hundred fifty dollars ($250.00).

c. ~~Securing and administering national examinations, including the National Board Examination or the Clinical Competency Test,~~Administering competency examinations for applicants seeking licensure or registration, in amounts directly related to ~~the~~ costs to the Board. Fees associated with administering national competency examinations shall be set in rules adopted by the Board.

d. Inspection of a veterinary practice facility in ~~an amount not to exceed seventy-five dollars ($75.00).~~the amount of one hundred twenty-five dollars ($125.00).

e. Issuance or renewal of a license or a limited ~~license~~ license, in ~~an~~ the amount ~~not to exceed~~of one hundred fifty dollars ($150.00).

f. Issuance or renewal of a veterinary faculty certificate, in ~~an~~ the amount ~~not to exceed~~of one hundred fifty dollars ($150.00).

g. Issuance or renewal of a zoo veterinary certificate, in ~~an~~ the amount ~~not to exceed~~of one hundred fifty dollars ($150.00).

h. Reinstatement of ~~an expired~~ a revoked license, a limited license, a veterinary faculty certificate, a zoo veterinary certificate, a veterinary technician registration, or a professional corporation ~~registration~~ registration, in ~~an~~ the amount ~~not to exceed~~of one hundred dollars ($100.00).

i. Issuance or renewal of a veterinary technician registration, in ~~an~~ the amount ~~not to exceed~~of fifty dollars ($50.00).

j. Issuance of a veterinary student intern registration, in ~~an~~ the amount ~~not to exceed~~of twenty-five dollars ($25.00).

k. Issuance of a veterinary student preceptee registration, in ~~an~~ the amount ~~not to exceed~~of twenty-five dollars ($25.00).

l. Late fee for renewal of a license, a limited license, a veterinary technician registration, a veterinary faculty certificate, a zoo veterinary certificate, or a professional corporation registration, in ~~an~~ the amount ~~not to exceed~~of fifty dollars ($50.00).

m. Issuance of a temporary permit to practice veterinary ~~medicine~~ medicine, in ~~an~~ the amount ~~not to exceed~~of one hundred fifty dollars ($150.00).

~~n. Providing copies, upon request, of Board publications, rosters, or other materials available for distribution from the Board, in an amount determined by the Board that is reasonably related to the costs of providing those copies.~~

The fees set under this subdivision for the renewal of a license, a limited license, a registration, or a certificate apply to each year of the renewal period."

SECTION 2. G.S. 90-187.9 reads as rewritten:

"**§ 90-187.9. Reinstatement.**

~~Any person whose license is suspended or revoked may, at the discretion of the Board, be relicensed or reinstated at any time without an examination by majority vote of the Board on written application made to the Board showing cause justifying relicensing or reinstatement.~~

(a) A person licensed or registered as a veterinary technician under this Article who has had his or her license or registration revoked for failure to apply for renewal may be reinstated at any time within three years following revocation upon filing an application for reinstatement and paying all accrued renewal fees and the reinstatement fee. As a condition of reinstatement, the applicant shall submit proof to the Board that the applicant has earned the continuing education credits required under this Article and rules adopted by the Board for each year the license or registration was revoked.

(b) A person whose license has been revoked for more than three years for failure to apply for license renewal may qualify for licensure upon filing an application with the Board and meeting the requirements of G.S. 90-187 or G.S. 90-187.3.

(c) A person whose registration has been revoked for more than three years for failure to apply for registration renewal may qualify for registration upon filing an application with the Board and meeting the requirements of G.S. 90-186(4) and any applicable rules adopted by the Board.

(d) Subject to conditions as may be imposed by the Board, any person whose license or registration is revoked for reasons other than failure to apply for renewal may, in the Board's discretion, be relicensed or reregistered at any time by majority vote of the Board upon submitting written application to the Board showing cause for justifying relicensure or reregistration."

SECTION 3. This act becomes effective October 1, 2014.

HOUSE BILL 379:
Amend Veterinary Practice Act/Fees

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 24, 2014
Introduced by:	Rep. Langdon	**Prepared by:**	Cindy Avrette
Analysis of:	Second Edition		Committee Counsel

SUMMARY: The Senate Committee Substitute for House Bill 379[1] would do the following:

- ***Allow the North Carolina Veterinary Medical Board ("Board") to increase fees provided that no fee is increased more than 15% in a calendar year and the cumulative total increases of any fee do not exceed 100% of the fee amounts in statute.***
- ***Create a new process for reinstatement of a license or registration under the North Carolina Veterinary Practice Act and amend laws pertaining to license and registration reinstatement.***

CURRENT LAW AND BILL ANALYSIS: **Section 1** would allow the Board to increase fees provided no fee is increased more than 15% in a calendar year and the cumulative total increases of any fee does not exceed 100% of the fee amounts set in G.S. 90-186(6). Section 1 would also set fees on the various certifications, licenses, and examinations covered under G.S. 90-186(6) at the highest rate previously allowed. Under current law, maximum fees are set, but the Board may require less than the maximum fee. Section 1 would increase the cost of inspection of a veterinary practice facility from $75 to $125.

Section 2 would create a new process for reinstatement of a license to practice veterinary medicine or registration as a veterinary technician under the North Carolina Veterinary Practice Act. Under this process:

- A person who has lost his or her license or registration for failure to apply for renewal may be reinstated at any time within three years of the revocation upon submitting proof of continuing education and paying required fees.
- A person whose license has been revoked for more than three years for failure to apply for license renewal may qualify for licensure by filing an application with the Board and meeting the requirements for a new license.
- A person whose registration has been revoked for more than three years for failure to apply for registration renewal may qualify for registration by filing an application with the Board and meeting the Board's requirements for special registration of veterinary technicians.
- A person whose license or registration was revoked for reasons other than failure to apply for renewal may be relicensed or reregistered at any time by a majority vote of the Board if the applicant submits a written application showing cause to justify why he or she should be relicensed or reregistered.

EFFECTIVE DATE: This act becomes effective October 1, 2014.

Chris Saunders, counsel to Senate Agriculture/Environment/Natural Resources, substantially contributed to this summary.

[1] The contents of this bill are substantially the same as Sections 1 and 2 of SB 382. SB 382 also included a provision that identifying information received by the Board was confidential and not a public record. SB 382 is in Senate Agriculture/Env/Nat'l Resources.

GENERAL ASSEMBLY OF NORTH CAROLINA
Session 2013
Legislative Fiscal Note

BILL NUMBER: House Bill 379 (Second Edition)

SHORT TITLE: Amend Veterinary Practice Act/Fees.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: The North Carolina Veterinary Medical Board

EFFECTIVE DATE: This act becomes effective October 1, 2014.

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY:

H379 Amends GS 90-186 (Special powers of the Board), providing that the North Carolina Veterinary Medical Board (Board) may increase fees as long as no fee is increased more than 15 percent within a calendar year and the cumulative total increases of any fee does not exceed 100 percent of the fee amounts set in this subdivision.

It provides for set fees on all the different certifications, licenses, and examinations; fees are set at the highest rate previously allowed (previously, there was a sliding scale with only a ceiling price set), with the inspection of a veterinary practice facility being raised to $125 ($75 was the highest that could be charged before). The bill deletes the provision for charging for copies of Board materials.

H379 amends GS 90-187.9 (Reinstatement), deleting language of old section and creating a new GS 90-187.9(a-d), that sets forth provisions to renew one's license.

ASSUMPTIONS AND METHODOLOGY:

H379 changes the language regarding the fees collected by the North Carolina Veterinary Medical Board. The language changes the current fees from their "up to" amount to a set amount. The table below (Table 1) lists those fees that would be changed, comparing current fees to the proposed fees.

Table 1

Fee explanation	Current	H379
Issuance or renewal of a certificate of registration for a professional corporation	up to $150.00	$150.00
Administering a NC license examination for applicants for licensure, certification, and registration	up to $250.00	$250.00
Administering competency examinations for applicants seeking licensure or registration	set by board	set by board
Inspection of a veterinary practice facility	up to $75.00	$125.00
Issuance or renewal of a license or a limited license	up to $150.00	$150.00
Issuance or renewal of a veterinary faculty certificate	up to $150.00	$150.00
Issuance or renewal of a zoo veterinary certificate	up to $150.00	$150.00
Reinstatement of a revoked license, a limited license, a veterinary faculty certificate, a zoo veterinary certificate, a veterinary technician registration, or a professional corporation registration	up to $100.00	$100.00
Issuance or renewal of a veterinary technician registration	up to $50.00	$50.00
Issuance of a veterinary student intern registration	up to $25.00	$25.00
Issuance of a veterinary student preceptee registration	up to $25.00	$25.00
Late fee for renewal of a license, a limited license, a veterinary technician registration, a veterinary faculty certificate, a zoo veterinary certificate, or a professional corporation registration	up to $50.00	$50.00
Issuance of a temporary permit to practice veterinary medicine	up to $150.00	$150.00

The only fee changed to exceed the current maximum increases the inspection of a veterinary practice facility fee from $75.00 to $125.00. The Board estimates approximately 584 inspections take place yearly, yielding an increase of $29,200.

Also, the bill allows the Board to increase all set fees, provided that no fee shall be increased more than 15% within a calendar year and that the cumulative total increases of any fee shall not exceed 100% of the listed fee amounts. Table 2 shows the impact of the maximum 15% yearly fee increase on the fee amount. Also, the potential minimum (Table 3) and maximum (Table 4) revenue impacts are shown below. Table 3 assumes that the Board keeps the current rate stable, while Table 4 assumes the Board adopts the possible 15% maximum yearly fee increase capped at 100% of the listed fee amount.

HOUSE BILL 1052*

Short Title:	Adjust the Utility Regulatory Fee.	(Public)
Sponsors:	Representative Hager (Primary Sponsor). *For a complete list of Sponsors, refer to the North Carolina General Assembly Web Site.*	
Referred to:	Public Utilities and Energy, if favorable, Finance.	

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO ADJUST THE UTILITY REGULATORY FEE TO REFLECT THE CHANGING REGULATORY CLIMATE FOR THE TELECOMMUNICATIONS INDUSTRY, AS RECOMMENDED BY THE LRC COMMITTEE ON THE ASSESSMENT OF REGULATED AND NON-REGULATED INDUSTRY UTILITY FEES.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 62-302 reads as rewritten:

"**§ 62-302. Regulatory fee.**

(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

(b) Public Utility Rate. –

(1) Repealed by Session Laws 2000-140, s. 56, effective July 21, 2000.

(2) ~~The~~ For noncompetitive jurisdictional revenues as defined in sub-subdivision (4)a. of this subsection, the public utility regulatory fee for each fiscal year ~~shall be~~ is the greater of (i) a percentage rate, established by the General Assembly, of each public utility's ~~North Carolina~~ noncompetitive jurisdictional revenues for each quarter or (ii) six dollars and twenty-five cents ($6.25) each quarter. For subsection (h) competitive jurisdictional revenues as defined in sub-subdivision (4)b. of this subsection, and subsection (m) competitive jurisdictional revenues as defined in sub-subdivision (4)c. of this subsection, the public utility regulatory fee for

each fiscal year is a percentage rate established by the General Assembly of each public utility's competitive jurisdictional revenues for each quarter.

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose a percentage rate of the public utility regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. The General Assembly shall set the percentage rate of the public utility regulatory fee by law.

The percentage rate may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Commission and the Public Staff for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated increase or decrease in North Carolina jurisdictional revenues.

(3) If the Commission, the Public Staff, or both experience a revenue shortfall, the Commission shall implement a temporary public utility regulatory fee surcharge to avert the deficiency that would otherwise occur. In no event may the total percentage rate of the public utility regulatory fee plus any surcharge established by the Commission exceed twenty-five hundredths percent (0.25%).

(4) As used in this ~~section, the term "North Carolina jurisdictional revenues" means:~~section:

a. "Noncompetitive jurisdictional revenues" means all~~All~~ revenues derived or realized from intrastate tariffs, rates, and charges approved or allowed by the Commission or collected pursuant to Commission order or rule, but not including tap-on fees or any other form of contributions in aid of construction.

b. "Subsection (h) competitive jurisdictional revenues" means all~~All~~ revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under ~~no longer otherwise regulated by the operation of G.S. 62-133.5(h) or~~ G.S. 62-133.5(h).~~G.S. 62-133.5(m) for a local exchange company or competing local provider that has elected to be regulated under those subsections.~~

c. "Subsection (m) competitive jurisdictional revenues" means all revenues derived from retail services provided by local exchange companies and competing local providers that have elected to operate under G.S. 62-133.5(m).

...

(e) Recovery of fee increase. – If a utility's regulatory fee obligation is increased, the Commission shall either adjust the utility's rates to allow for the recovery of the increased fee obligation, or approve the utility's request for an accounting order allowing deferral of the increase in the fee obligation."

SECTION 2.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (h)

competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)b. earned during each quarter that begins on or after July 1, 2015, is six hundredths of one percent (0.06%).

SECTION 2.(b) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (h) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)b. earned during each quarter that begins on or after July 1, 2016, is four hundredths of one percent (0.04%).

SECTION 3.(a) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (m) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)c. earned during each quarter that begins on or after July 1, 2015, is five hundredths of one percent (0.05%).

SECTION 3.(b) The percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina subsection (m) competitive jurisdictional revenues as defined by G.S. 62-302(b)(4)c. earned during each quarter that begins on or after July 1, 2016, is two hundredths of one percent (0.02%).

SECTION 4. For the 2015-2016 and 2016-2017 fiscal years, the percentage rate to be used in calculating the public utility regulatory fee under G.S. 62-302(b)(2) for each public utility's North Carolina noncompetitive jurisdictional revenues as defined by G.S. 62-302(b)(4)a. shall be adjusted to reflect the decrease in the total regulatory fee collected as a result of Sections 2 and 3 of this act and shall be set to ensure the total regulatory fee collected for each fiscal year is at least an amount sufficient to defray the cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund.

SECTION 5. This act becomes effective July 1, 2015.

HOUSE BILL 1052:
Adjust the Utility Regulatory Fee

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 25, 2014
Introduced by:	Rep. Hager	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***House Bill 1052 would allow the General Assembly to establish a different utility regulatory fee for the retail services of telecommunications providers that have elected to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) and would set those rates for the 2015 and 2016 fiscal years.***

[As introduced, this bill was identical to S742, as introduced by Sen. Brown, which is currently in Senate Finance.]

CURRENT LAW: Currently, all public utilities operating in the State pay a regulatory fee that is a percentage of their jurisdictional revenues. The regulatory fee is used to pay the expenses incurred by the Utilities Commission and the Public Staff in regulating public utilities. The amount of the fee is set by the General Assembly.

G.S. 62-133.5(h), enacted in 2009, allows a local exchange company whose territory is open to competition from other local providers to elect to participate in an alternative form of regulation. After electing to be regulated under (h), local exchange companies are no longer required to file tariffs and certain reports, including service line, access line, and service quality reports with the Utilities Commission. Local exchange companies may not elect regulation under subsection (h) unless they commit to providing stand-alone basic service to rural customers at rates comparable to rates charged to urban customers. Once a local exchange company elects regulation under the plan, it may not increase the rates for stand-alone basic service by more than the GDP price index unless otherwise authorized by the Utilities Commission. Other than to enforce this rate increase standard, the Commission cannot regulate rates or service standards for basic service.

G.S. 62-133.5(m), enacted in 2011, allows a local exchange company whose territory is open to competition from other local providers to elect to participate in another alternative form of regulation. After electing to be regulated under subsection (m), regulation is the same as for companies that are regulated under subsection (h), except that local exchange companies no longer have carrier of last resort responsibilities, are not eligible to receive funds from a state fund that may be established to support universal service, and are not required to provide stand-alone basic service to rural companies at rates comparable to rates charged to urban customers.

BILL ANALYSIS: **Section 1** of the bill would amend the statute governing the regulatory fee paid by public utilities by dividing the revenues of public utilities into three categories:

- Non-competitive jurisdictional revenues.
- Subsection (h) competitive jurisdictional revenues.
- Subsection (m) competitive jurisdictional revenues. Each category of revenue will be subject to its own regulatory fee, as established by the General Assembly.

The percentage rate applied to the jurisdictional revenues is typically set in the Appropriations bill passed by the General Assembly each year.

Sections 2.(a) and 2.(b) would set the regulatory fee for subsection (h) competitive jurisdictional revenues at 0.06% for each quarter that begins on or after July 1, 2015, and at 0.04% for each quarter that begins on or after July 1, 2016.

Sections 3.(a) and 3.(b) would set the regulatory fee for subsection (m) competitive jurisdictional revenues at 0.05% for each quarter that begins on or after July 1, 2015, and at 0.02% for each quarter that begins on or after July 1, 2016.

The regulatory fee over the next three fiscal years would be:

	Noncompetitive Jurisdictional Revenues	Subsection (h) Jurisdictional Revenues	Subsection (m) Jurisdictional Revenues
FY 2014-2015	0.13% (Senate Budget)/ 0.14% (House Budget)		
FY 2015-2016	Not set	0.06%	0.05%
FY 2016-2017	Not set	0.04%	0.02%

Section 4 would direct that the regulatory fee for non-competitive jurisdictional revenues be adjusted to reflect the overall decrease in the total regulatory fee collected as a result of the fee for subsection (h) and subsection (m) competitive jurisdictional revenues such that the total regulatory fee collected for each fiscal year is at least sufficient to cover the operations of the Utilities Commission and the Public Staff.

EFFECTIVE DATE: This act becomes effective July 1, 2015.

GENERAL ASSEMBLY OF NORTH CAROLINA

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

EFFECTIVE DATE: July 1, 2015

TECHNICAL CONSIDERATIONS: Yes - See Technical Considerations Section

BILL SUMMARY:

Section 1

Section 1 of the bill adds new definitions for the types of jurisdictional utility revenues that are subject to the public utility regulatory fee. "Non-competitive" jurisdictional revenues will continue to be assessed the public utility regulatory fee established by the General Assembly. "Competitive" jurisdictional revenues will be assessed a lower regulatory fee that is established in statute. Competitive jurisdictional revenues are separated into two categories:

1. Subsection (h) competitive jurisdictional revenues – revenues derived from retail services provided by local exchange companies and competing local providers that elected to operate under G.S. 62-133.5(h).
2. Subsection (m) competitive jurisdictional revenues – revenues derived from retail services provided by local exchange companies and competing local providers that elected to operate under G.S. 62-133.5(m).

Section 1 also directs the Utilities Commission to adjust established utility rates to allow for the recovery of any future increases in regulatory fees. As an alternative, the Commission may approve a utility's request to defer any future fee increases.

Section 2(a)
For FY 2015-16, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(h) will be set at 0.06%.

Section 2(b)
Beginning July 1, 2016, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(h) will be decreased from 0.06% to 0.04%.

Section 3(a)
For FY 2015-16, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(m) will be decreased to 0.05%.

Section 3(b)
Beginning July 1, 2016, the regulatory fee applied to retail service revenue of public utilities operating under G.S. 62-133.5(m) will be decreased from 0.05% to 0.02%.

Section 4
Section 4 states that the regulatory fee applied to non-competitive jurisdictional revenues will be increased to generate sufficient revenue to offset revenue lost from the fee reductions detailed in Sections 2(a), 2(b), 3(a), and 3(b).

ASSUMPTIONS AND METHODOLOGY:

Background

There are currently five types of regulation on telecommunication providers in the State:

1) Price-Plan Regulation
2) Rate-of-Return Regulation
3) G.S. 62-133.5(h)
4) G.S. 62-133.5(m)
5) Certification

There are two types of regulated entities that would be eligible to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m):

1) Incumbent Local Exchange Companies (ILECs)
2) Competing Local Providers (CLPs)

Telecommunication providers can elect to be regulated under any of the regulation types listed above, with the exception that only CLPs are eligible for the certification process.

Information supplied by the Utilities Commission for the 2012 Calendar Year details the entity participation by regulation type as displayed in Table 1:

Table 1: Number of Providers by Regulation Type

Regulation Type	Number of ILECs	Number of CLPs
Price-Plan	4	0
Rate-of-Return	1	0
G.S. 62-133.5(h)	10	5
G.S. 62-133.5(m)	1	8
Certification	0	161

The same information provided by the Commission included jurisdictional revenues and regulatory fees paid to the Commission from all regulated entities. In addition, 10 of the 16 ILECs provided a breakdown between "competitive" or retail revenues and "non-competitive" or wholesale revenues. The same breakdown was not available for any CLPs.[1]

In CY 2012, jurisdictional revenues received by all ILECs and CLPs totaled $1,595,297,288. Of this amount, $1,083,469,223 was derived from the 10 of 16 ILECs providing a breakdown of wholesale and retail revenues. The retail revenues reported by these 10 ILECs totaled $894,596,745, or 83% of their total jurisdictional revenues.

[1] See Technical Consideration 2.

Assumptions

For this analysis, the percentage of revenues derived from retail operations as reported by 10 of the 16 ILECs (83%) will be applied to the total jurisdictional revenues within the State to calculate total retail jurisdictional revenues. When the experience from the 10 reporting ILECs is applied to total jurisdictional revenue for all ILECs and CLPs, the result is total retail jurisdictional revenue of $1,324,096,749.

All ILECs and CLPs listed above can elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m). The likelihood of a provider electing to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) will vary among each provider. Since providers opting to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) will pay a lower regulatory fee on retail revenues, an incentive exists for eligible providers to elect to be regulated under these statutes. If more providers choose to be regulated under these statutes, the fiscal impact on the Utilities Commission will increase. Since all ILECs and CLPs are eligible, but must elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m), three scenarios are presented below:

1) Status Quo
   This scenario assumes that providers continue to be regulated as they were regulated in 2012.

2) G.S. 62-133.5(m) Only
   In the proposed legislation, the regulatory fee for retail revenue is the lowest for G.S. 62-133.5(m) regulated providers. This scenario assumes that all providers elect to be regulated under G.S. 62-133.5(m).

3) Best Estimate
   This scenario provides staff's best estimate of the actual fiscal impact. Staff assumes that all eligible providers elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m), with jurisdictional revenue divided equally amongst the two regulatory types.

Status Quo

In this scenario, no providers choose to change their existing type of regulation following a fee reduction to providers regulated by G.S. 62-133.5(h) or G.S. 62-133.5(m). Total jurisdictional revenues for G.S. 62-133.5(h) and G.S. 62-133.5(m) providers were $560,595,932 and $746,796,940 respectively. Estimated fee reduction impacts are presented in Table 2:

Table 2: Scenario 1 – Status Quo

	G.S. 62-133.5(h)	G.S. 62-133.5(m)
Total Juris. Revenue	$560,595,932	$746,796,940
Estimated Retail Revenue	$465,294,624	$619,841,460
FY 2015-16 Fee Reduction	($325,706)	($495,873)
FY 2016-17 Fee Reduction	($418,765)	($681,826)

G.S. 62-133.5(m) Only

In this scenario, all providers opt to be regulated under G.S. 62-133.5(m) due to the decreased regulatory oversight fee. Total jurisdictional revenue for all ILECs and CLPs eligible to be regulated under G.S. 62-133.5(m) is $1,595,297,288. Estimated fee reduction impacts are presented in Table 3:

Table 3: Scenario 2 – G.S. 62-133.5(m) Only

	G.S. 62-133.5(m)
Total Juris. Revenue	$1,595,297,288
Estimated Retail Revenue	$1,324,096,749
FY 2015-16 Fee Reduction	($1,059,278)
FY 2016-17 Fee Reduction	($1,456,507)

Best Estimate

A variety of factors can influence a provider's election of regulatory coverage. Some examples would include ease of rate increases, positioning for funding from a possible universal service fund, inertia, cost of regulation, etc. Accurately forecasting which providers elect certain types of regulation in a lower-fee environment is improbable. As a result, staff has assumed that if the bill were to become law, all eligible providers will elect to be regulated under G.S. 62-133.5(h) or G.S. 62-133.5(m) and jurisdictional revenues would be split equally between the regulatory types. Estimated fee reduction impacts are presented in Table 4:

Table 4: Scenario 3 – Best Estimate

	G.S. 62-133.5(h)	G.S. 62-133.5(m)
Total Juris. Revenue	$797,648,644	$797,648,644
Estimated Retail Revenue	$662,048,375	$662,048,375
FY 2015-16 Fee Reduction	($463,434)	($529,639)
FY 2016-17 Fee Reduction	($595,844)	($728,253)

To compare the estimated fiscal impacts of the fee reductions based on the three scenarios presented above, please refer to Table 5:

Table 5: Projected Competitive Revenue Fee Reduction Impact on NCUC/ Public Staff

Fee Reduction Impact on NC Utilities Commission/ Public Staff Revenue					
	FY 2014-15 ($)	FY 2015-16 ($)	Δ Fee Revenue ($)	FY 2016-17 ($)	Δ Fee Revenue ($)
Scenario 1 (Status Quo)	$14,662,857	$13,841,278	($821,579)	$13,562,266	($1,100,591)
Scenario 2 (G.S. 62-133.5(m) Only)	$14,662,857	$13,603,579	($1,059,278)	$13,206,350	($1,456,507)
Scenario 3 (Best Estimate)	$14,662,857	$13,669,784	($993,073)	$13,338,760	($1,324,097)

Section 4 of the bill states that the regulatory fee applied to non-competitive jurisdictional revenues shall be adjusted to reflect the decrease in fees collected from competitive jurisdictional revenues.[2] While the bill does not adjust the regulatory fee, Table 6 displays the associated percentage increases necessary to offset revenue lost from the lower fee applied to competitive jurisdictional revenues.

Table 6 – Non-Competitive Revenue Fee Adjustment Necessary to Replace Reduced Receipts

Fee Increase to Maintain NC Utilities Commission/ Public Staff Revenue						
	FY 2015-16 Δ Fee Revenue ($)	Fee Increase (%)	New Regulatory Fee (%)	FY 2016-17 Δ Fee Revenue ($)	Fee Increase (%)	New Regulatory Fee (%)
Scenario 1 (Status Quo)	($821,579)	.008%	0.138%	($1,100,591)	.011%	0.141%
Scenario 2 (G.S. 62-133.5(m) Only)	($1,059,278)	.011%	0.141%	($1,456,507)	.015%	0.145%
Scenario 3 (Best Estimate)	($993,073)	.010%	0.140%	($1,324,097)	.013%	0.143%
Note: Percentages rounded to the nearest one-thousandth of one percent *Utility regulatory fee is set at 0.13% for FY 2013-15						

SOURCES OF DATA: Utilities Commission, Public Staff

TECHNICAL CONSIDERATIONS:

1) Section 4 of the bill directs the regulatory fee for the Utilities Commission to be adjusted to offset any revenue lost as a result of Sections 2 and 3 of the bill. However, pursuant to

[2] See Technical Consideration 1.

G.S. 62-302(b)(2), the regulatory fee is either a percentage rate established by the General Assembly or $6.25 for each quarter.

Currently, the General Assembly establishes the regulatory fee during the appropriations process. If the bill becomes law in its current form, Section 4 does not change current practice. The Utilities Commission would receive revenue resulting from the regulatory fee established by the next General Assembly.

For this bill to offset revenue reductions described in Sections 2 and 3 of this bill, the bill must either establish the regulatory fee for FY 2015-16 and FY 2016-17, or insert the regulatory fee in statute.

2) The Commission currently does not receive revenue information from telecommunication providers that separates retail service revenues from total jurisdictional revenues. Some providers may classify this information as trade secret information. For fee reporting purposes, requiring revenue reporting that lists retail revenue may be desired.

HOUSE BILL 1182

Short Title:	UNC Nonappropriated Capital Projects.	(Public)

May 22, 2014

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE ACQUISITION OR CONSTRUCTION AND THE FINANCING, WITHOUT APPROPRIATIONS FROM THE GENERAL FUND, OF CERTAIN CAPITAL IMPROVEMENTS PROJECTS OF THE CONSTITUENT INSTITUTIONS OF THE UNIVERSITY OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. The purpose of this act is to authorize (i) the acquisition or construction of the capital improvements projects listed in the act for the respective institutions of The University of North Carolina and (ii) the financing of these projects with funds available to the institutions from gifts, grants, receipts, self-liquidating indebtedness, Medicare reimbursements for education costs, hospital receipts from patient care, or other funds, or any combination of these funds, but not including funds received for tuition or appropriated from the General Fund of the State unless previously authorized by General Statute.

SECTION 2. The capital improvements projects, and their respective costs, authorized by this act to be acquired or constructed and financed as provided in Section 1 of this act, including by revenue bonds, by special obligation bonds as authorized in Section 4 of this act, or by both, are as follows:

East Carolina University	
New Student Union, Parking Structure & Health Sciences Campus Student Services Building	$ 156,300,000
North Carolina State University	
Reynolds Coliseum Renovation	35,000,000
The University of North Carolina at Asheville	
Completion of Karl Straus Track Building	550,000
Student Recreation Center Improvements	440,000
The University of North Carolina at Chapel Hill	
Chilled Water Plant at Manning Drive	32,000,000
The University of North Carolina at Charlotte	
Campus Infrastructure Development Phase II	46,000,000

Elm/Maple/Pine (Phase V) Renovation	18,550,000
Sanford Hall Renovation	19,000,000
Residence Hall, Phase XIV	45,829,000
Western Carolina University	
Brown Building Renovation and Addition	22,510,000

SECTION 3. At the request of the Board of Governors of The University of North Carolina and upon determining that it is in the best interest of the State to do so, the Director of the Budget may authorize an increase or decrease in the cost of, or a change in the method of, funding the projects authorized by this act. In determining whether to authorize a change in cost or funding, the Director of the Budget may consult with the Joint Legislative Commission on Governmental Operations.

SECTION 4. Pursuant to G.S. 116D-26, the Board of Governors may issue, subject to the approval of the Director of the Budget, at one time or from time to time, special obligation bonds of the Board of Governors for the purpose of paying all or any part of the cost of acquiring, constructing, or providing for the projects authorized by Section 2 of this act. The maximum principal amount of bonds to be issued shall not exceed the specified project costs in Section 2 of this act plus five percent (5%) of such amount to pay issuance expenses, fund reserve funds, pay capitalized interest and pay other related additional costs, plus any increase in the specific project costs authorized by the Director of the Budget pursuant to Section 3 of this act.

SECTION 5. This act is effective when it becomes law.

This Bill Analysis reflects the contents of the bill as it was presented in committee.

HOUSE BILL 1182:
UNC Nonappropriated Capital Projects

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	June 25, 2014
Introduced by:	Reps. W. Brawley, Ramsey, B. Brown, R. Moore	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***House Bill 1182 would authorize the construction of numerous projects by The University of North Carolina. The projects will be financed through revenue bonds and special obligation bonds, not appropriations from the General Fund.***

CURRENT LAW: Under Article 8 of the State Budget Act, no State agency may expend funds for the construction or renovation of a capital improvement project unless authorized to do so by the General Assembly. The Board of Governors of The University of North Carolina may approve expenditures for projects that are to be funded entirely with non-General Fund money. However, under Article 3 of Chapter 116D, the General Assembly must approve the issuance of special obligation bonds for UNC projects.

There are two types of self-liquidating bonds that may be issued by the Board of Governors of the University of North Carolina. Article 21 of Chapter 116 of the General Statutes authorizes the Board of Governors to issue revenue bonds for the types of projects enumerated in the article. The types of projects for which **revenue bonds** may be issued include educational buildings, dormitories, recreational facilities, dining facilities, student centers, health care buildings, parking decks, etc. for the educational institutions, the University of North Carolina Health Care System, the University of North Carolina General Administration, and the University of North Carolina Hospitals at Chapel Hill. The revenue bonds are payable from rentals, charges, fees, and other revenues generated by the facility. The bonds are not payable from tax revenues.

Article 3 of Chapter 116D of the General Statutes authorizes the Board of Governors to issue **special obligation bonds** payable with any sources of income or receipts of the Board of Governors or a constituent or affiliated institution, but not including tuition payments or appropriations from the General Fund from State revenues. The bond proceeds could be used for construction, improvement, and acquisition of any capital facilities located at UNC constituent and affiliated institutions. The project must be approved by the board of trustees for the respective institution for which the project is authorized and the General Assembly must approve the project and the maximum aggregate principal amount for the project. The bonds are not payable from tax revenues.

BILL ANALYSIS: House Bill 1182 would authorize the campuses of The University of North Carolina (UNC) to finance and construct capital improvement projects utilizing obligated resources. UNC is authorized to change, with approval of the Director of the Budget, the means of finance for the projects authorized in the bill and increase or decrease the cost of the project. UNC is allowed to issue debt above 5% of the total cost of the project, including any increase authorized by the Director of the Budget, to cover various costs of issuance of the debt. The proposed indebtedness authorized under this bill is not a debt of the State.

The table below provides an overview of the projects. For a more detailed description of each project, please see the Fiscal Note.

None

BILL SUMMARY:

House Bill 1182 authorizes the campuses of the University of North Carolina (UNC) to finance and construct capital improvement projects utilizing obligated resources. The projects are discussed in the Assumptions and Methodology Section of this Note. The statutory framework to authorize and issue debt lies within Article 3 of G.S. 116D. Under this Article, obligated resources refers to: rents, charges, or fees; earnings on investments of endowment funds, overhead receipts, and other resources that do not include appropriations from the General Assembly or tuition. UNC is authorized to change, with approval of the Director of the Budget, the means of finance for the projects authorized in the Bill and increase or decrease the cost of the project. UNC is allowed to issue debt above 5% of the total cost of the project, including any increase authorized by the Director of the Budget, to cover various costs of issuance of the debt. The proposed indebtedness authorized under this Bill is not a debt of the State

ASSUMPTIONS AND METHODOLOGY:

Each campus is presented discretely due to the varied nature of the projects under consideration. The table below provides information on the projects within Section 2 of this bill and provides the proposed sources of funding. Article 3 of G.S. 116D authorizes all obligated resources to be used as means of repayment and does not limit the source of funding to those presented in the table below. If an existing fee or receipt is to be used, the table identifies the fee and any annual increase associated with the fee. In some cases, the project will be financed by a new fee, and the amount is provided in the table. UNC and the campuses assume no General Fund impact from the projects proposed for authorization and Fiscal Research concurs with this assumption.

Table 1: Project Description

Campus	Project	Amount	Source	Existing Fee/Receipt Increase	New Fee
ECU	New Student Union, Parking Structure, and Health Sciences Campus Student Services Building	$156,300,000	Debt Service Fee, etc.	Yes	$425*
NCSU	Reynolds Coliseum Renovation	$35,000,000	Gifts and Institutional Trust Funds	No	No
UNC-A	Completion of Karl Straus Track Building	$550,000	Debt Service Fee	No	$15
UNC-A	Student Recreation Center Improvements	$440,000	Debt Service Fee	No	$12
UNC-CH	Chilled Water Plant at Manning Drive	$32,000,000	F/A Receipts	No	No
UNC-C	Campus Infrastructure Development Phase II	$46,000,000	Debt Service Fee	Yes	$50
UNC-C	Elm/MaplePine (Phase V) Renovation	$18,550,000	Housing Receipts	6.5%	No
UNC-C	Sanford Hall Renovation	$19,000,000	Housing Receipts	6.5%	No
UNC-C	Residence Hall, Phase XIV	$45,829,000	Housing Receipts	6.5%	No
WCU	Brown Building Renovation and Addition	$22,510,000	See Project Description	Yes	$136
Total		$376,179,000			

*ECU's debt service fee will be phased in over three years.
** WCU's debt service fee is prospective and subject to Board of Governor approval in 2015.

In addition to the debt to be authorized above, the campuses at the UNC system have existing debt that has been authorized under Article 3 of G.S. 116D and Part 4 of G.S. 116 (Revenue Bonds). The amount of outstanding debt, revenue available to support debt service, and annual debt service payment for FY 2013 at the UNC System campuses requesting the authorization to issue debt are presented in the table below:

	Outstanding Debt	Resources Available for Debt Service	Debt Service Payment
ECU	155,662,641	467,939,528	14,725,528
NCSU	580,432,894	598,854,000	27,540,643
UNC-A	47,296,264	36,497,128	1,598,200
UNC-CH	1,408,141,537	1,816,332,000	111,840,436
UNC-C	433,548,957	273,168,360	9,748,628
WCU	113,168,205	92,995,849	8,474,073

Each campus was sent an information request with detailed questions. In many cases, when reviewing the tables below, expenses will appear greater than revenues. This is because projects may not require an increase in revenues to cover debt service or operating expenditures. In other cases there may also not be a corresponding operating expense increase as a result of a project. The reasons for these situations are a result of projects replacing or renovating existing space. Or, it may be the result of normal projected expenditures. As Fiscal Notes only look at changes as a result of a bill, these normal increases in expenditures and revenues are not reported.

East Carolina University:

East Carolina University (ECU) has one planned project under consideration: the New Student Union and the Health Sciences Complex Student Services Structure. The New Student Union will comprise a 210,000 square foot facility and a 700 car parking deck. The Health Sciences Complex Student Services Structure will be a 68,000 square foot facility for student related services on the Health Sciences Campus. The total amount of debt authorized in this bill is $156.3 million. However, ECU estimates that they will finance only $142.3 million and fund balances from the Parking, Dining, Bookstore, Student Health, and Student Activity operations will contribute the additional $14 million in cash toward the project. Of the remaining debt, $128.8 million will be financed by a new $425 per student debt service fee that will be phased in over three years. Receipts from parking, bookstore, and dining will support $13.5 million in debt. This Fiscal Note only looks at changes to revenues and expenditures as a result of the proposed projects. Existing revenue streams are expected to grow at 1 to 3% annually and are sufficient to cover operating and debt service requirements. Operating expenditures are expected to increase with the opening of the larger facilities. The Student Union is expected to open in FY 2016-17 and the Health Sciences Complex is expected in FY 2017-18.

Table 2: East Carolina Financial Information

	Description	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19

Revenues	Debt Service Fee	2,832,900	6,027,900	9,0525,00	9,052,500	9,052,500
	Transfer from Fund Balance	14,000,000				
Expenses	Debt Service	3,924,900	7,119,900	10,144,500	10,144,500	10,144,500
	Operating			1,200,000	1,500,000	1,545,000
	Transfer from Fund Balance	14,000,000				
FTE				6	11	11

North Carolina State University:

North Carolina State University (NCSU) has one planned project under consideration: the renovation of Reynolds Coliseum. The renovation includes the creation of program space for athletic offices and the Reserve Officer Training Corps (ROTC), and the creation of exhibit space for athletic history. The proposed debt will be financed from the Wolfpack Club ($20 million) and from the Athletics Trust ($15 million). This Fiscal Note only looks at changes to revenues and expenditures as a result of the proposed projects. As this is a renovation of an existing project, revenue streams and expenses largely remain the same. The NCSU project is expected to open in FY 2016-17.

Table 3: North Carolina State Financial Information

	Description	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
Revenues	Trust Fund			2,400,000	2,400,000	2,400,000
Expenses	Debt Service			1,793,544	1,341,971	1,342,362
FTE				2	2	2

University of North Carolina – Asheville

The University of North Carolina – Asheville (UNC-A) has two planned projects under consideration: the completion of a building next to the Karl Straus Track; and improvements to the Student Recreation Center. The Karl Straus Track building is the completion of a $1.5 million building, of which $906,000 has already been spent. The remainder of the building cost will be financed by a new debt service fee of $15 per student. The building also has slight operating costs that will be covered with athletic receipts related to track events. The improvements to the Student Recreation Center involve court floor replacement and locker room renovation at a cost of $440,000. This project will be financed by a new $12 student debt service fee. The projects are expected to be complete within the next Fiscal Year.

Table 4: Consolidated UNC-A Financial Information

	Description	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
Revenues	Debt Service Fee	91,800	92,340	92,880	93,420	93,960
	Athletic Receipts	20,000	10,000	10,000	10,000	10,000
Expenses	Operating	20,000	10,000	10,000	10,000	10,000
	Debt Service	89,042	89,042	89,042	89,042	89,042

University of North Carolina – Chapel Hill

The University of North Carolina – Chapel Hill (UNC-CH) has one proposed project under consideration: a new chilled water plant. The new chilled water plant will create new capacity that will replace existing chilled water facilities. The existing facilities are in poor condition due to age. The entire $32 million project will be financed from facilities and administration receipts related to chilled water. As this is a replacement of an existing facility, revenue streams and expenses largely remain the same. Existing revenues are sufficient to cover related debt service. The project is expected to be complete in FY 2017-18.

Table 5: UNC-CH Financial Information

	Description	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
Revenues		Not Applicable				
Expenses	Debt Service				2,130,545	2,130,545

University of North Carolina – Charlotte

The University of North Carolina – Charlotte (UNC-C) has four proposed projects under consideration: Campus Infrastructure Phase II, Elm/Maple/Pine (Phase V) Renovation, Sanford Hall Renovation, and Residence Hall Phase XIV. The Campus Infrastructure Phase II project will include renovations of the chemistry and physics buildings; modernizations of core campus buildings; and infrastructure (road, telecommunications, water/sewer) improvements. Of the $46 million authorization for this project, $35 million will be financed from proceeds of a $100 debt service fee, of which $50 is new. The remaining $11 million will be financed from reserves that were created by an earlier approved debt service fee for infrastructure. The Elm/Maple/Pine (Phase V) Renovation will renovate building systems, roofs, windows, and related code improvements to a residential facility. The project cost is $18.55 million and will be financed from housing receipts. The Sanford Hall Renovation renovates an existing residential facility to meet current building code requirements, update building systems, replace the roof and windows, and improve interior layouts. The project cost is $19 million and will be financed from housing receipts. UNC-C is proposing to construct a new 400 bed residence hall. The project cost is $45.83 million and will be financed from housing receipts. For all three residence hall projects, existing housing receipts are projected increase by 6.5% per tenant – this increase is part of normal housing charge increases. In the event of project delay or cost over-runs UNC-C has

$17.4 million within their Housing Fund that may be used to offset costs. The three housing projects are expected to be complete in FY 2016-17.

Table 6: UNC-C Financial Information

	Description	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
Revenues	Debt Service Fee	2,069,500	2,110,890	2,153,108	2,196,170	2,240,093

Western Carolina University

Western Carolina University (WCU) has one project under consideration: the Brown Building Renovation and Addition. This purpose of this project is to renovate 30,240 square feet of existing space cafeteria space and build a 25,124 square foot addition. The new facility will house Food Services and Dining, Residential Living Administration, student group offices, and student support units. The total cost of the project is $22.51 million, of which $16.01 million will be debt financed to be repaid by dining receipts and a new debt service fee of $136. The debt service fee in this proposal is prospective and should be viewed as a maximum. WCU has not yet received authorization to charge a fee by the Board of Governors but anticipates making a request in January/February 2015. Of the portion that is not to be debt financed, $4 million is from the dining services vendor and $2.5 million will be from Housing Fund reserves. The project is expected to open in FY 2016-17.

Adjournment

Senate Committee on Finance
Tuesday, July 15, 2014 at 10:00 AM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 10:00 AM on July 15, 2014 in Room 544 of the Legislative Office Building. Twenty-seven members were present.

Senator Bill Rabon, Chair, presided.

HB 1114 - Elk Park/Deed Transferring Property.

Representative Dobson was recognized to explain the bill. It would prohibit the Avery County Register of Deeds from recording deeds transferring property in the Town of Elk Park unless the deed has a certificate from the Town's tax collector stating that no taxes are delinquent. Senator Tucker moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 1154 Moore Co. Schools Transfer of Property.

Senator Tillman was recognized to explain the bill which would authorize the Moore County Board of Education to convey the Academy Heights Elementary school to the Town of Taylortown. Senator Cook moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 1155 Pinehurst Annexation.

Senator Tillman explained the bill. It would extend the corporate limits of the Village of Pinehurst to include the Cotswold Subdivision in Mineral Springs Township in Moore County, and it would authorize the Village to levy special assessments to meet the cost of construction of a stormwater management system to serve the annexed property. Senator Tillman was recognized to offer an amendment correcting the effective date and moved for its adoption. The amendment was adopted. Senator Tillman moved for a favorable report as amended and the motion carried. A copy of the bill, the summary and the amendment is attached.

HB 1212 - Burlington Charter/Revision and Consolidation.

Senator Gunn was recognized to explain the bill which would revise and consolidate the Charter of the City of Burlington. Cindy Avrette, committee counsel, was recognized to answer questions. Senator McKissick moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

SB 788 - Town of Duck/Eminent Domain.

Senator Cook was recognized to explain the bill which would permit the Town of Duck to use eminent domain for the purpose of engaging in beach erosion control and flood and hurricane protection works. Senator Brock moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 1145 - Registration for Mopeds.

Senator Apodaca was recognized to explain the bill. Senator Curtis moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The bill would require that mopeds be registered with the Division of Motor Vehicles and that operators of mopeds have liability insurance. The PCS would make a technical change to this provision and would clarify that the registration fee for mopeds does not include the $2 fee by motorcycle registrants for the Motorcycle Safety Instruction Program. The PCS would also remove the provisions that add Elizabethtown and Matthews to the State Health Plan. Tim Lucas, NC Rate Bureau, was recognized to answer jurisdictional questions. Rose Vaughn Williams, Department of Insurance's legal counsel, was recognized to answer questions about moped insurance rates (licensed v. unlicensed v. suspended license). Tim McLaughhorn, NC Department of Motor Vehicles, was recognized to answer questions about the differences between mopeds and motorcycles; and registrations. John Hill, a small business owner, was recognized to speak in opposition to the bill. Senator Rabin moved for a favorable report and the motion carried. A copy of the PCS, the summary, the fiscal memo, and the incarceration fiscal note is attached.

The meeting adjourned at 10:39 a.m.

A BILL TO BE ENTITLED

AN ACT TO REQUIRE THE REGISTER OF DEEDS OF AVERY COUNTY TO REFUSE RECORDATION OF A DEED FOR PROPERTY SUBJECT TO DELINQUENT MUNICIPAL PROPERTY TAXES FOR THE TOWN OF ELK PARK.

The General Assembly of North Carolina enacts:

SECTION 1. Section 1 of Chapter 305 of the 1963 Session Laws, as amended by S.L. 1997-410, S.L. 1998-73, and S.L. 2010-51, reads as rewritten:

"Section 1. The Register of Deeds of Avery County shall not receive for recordation any deed unless the following conditions are met:

(1) The deed is accompanied by a certificate from the Avery County Tax Collector to the effect that all delinquent county taxes and all delinquent taxes for municipalities for which the county collects taxes have been paid with respect to the property described in the deed.

(2) If the property described in the deed is located in whole or in part in the Town of Newland, the deed is accompanied by a certificate from the tax collector for the town to the effect that all delinquent municipal taxes have been paid with respect to the property.

(3) If the property described in the deed is located in whole or in part in the Town of Banner Elk, the deed is accompanied by a certificate from the tax collector for the town to the effect that all delinquent municipal taxes have been paid with respect to the property.

(4) If the property described in the deed is located in whole or in part in the Village of Sugar Mountain, the deed is accompanied by a certificate from the tax collector for the village to the effect that all delinquent municipal taxes have been paid with respect to the property.

(5) If the property described in the deed is located in whole or in part in the Town of Elk Park, the deed is accompanied by a certificate from the tax collector for the town to the effect that all delinquent municipal taxes have been paid with respect to the property."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1114:
Elk Park/Deed Transferring Property

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 14, 2014
Introduced by:	Rep. Dobson	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 1114 would prohibit the Avery County Register of Deeds from recording deeds transferring property in the Town of Elk Park unless the deed has a certificate from the Town's tax collector stating that no taxes are delinquent.***

CURRENT LAW: The Avery County Register of Deeds is prohibited from recording any deed unless it is accompanied by a certificate from the Avery County Tax Collector indicating that all County taxes and municipal taxes collected by the County have been paid.[1] For property in Newland[2], Banner Elk[3], and Sugar Mountain[4], the Avery County Register of Deeds is also prohibited from recording any deed unless it is accompanied by a certificate from the municipalities' tax collector.

BILL ANALYSIS: House Bill 1114 would add the Town of Elk Park to the list of municipalities in Avery County that require deeds be accompanied by a certificate indicating all delinquent Town taxes have been paid.

EFFECTIVE DATE: This act would be effective when it becomes law.

BACKGROUND: G.S. 161-31(a) provides that the board of commissioners of a county may, by resolution, require the register of deeds not to accept any deed transferring real property unless the county tax collector has certified that there are no delinquent ad valorem county taxes, ad valorem municipal taxes, or other taxes. In the resolution, the county commissioners may describe the form the certification must take.[5]

G.S. 161-31(a1) requires that the register of deeds must accept, without certification, a deed that contains the following statement: "This instrument prepared by: _____, a licensed North Carolina attorney. Delinquent taxes, if any, to be paid by the closing attorney to the county tax collector upon disbursement of closing proceeds."

Municipal property taxes are covered by G.S. 161-31 only if the county collects the tax for the municipality. If a city collects its own taxes, G.S. 161-31 will not prevent a deed from being recorded due to delinquent taxes owed to that city. Currently only Duplin County[6] is subject to a local bill that extends G.S. 161-31's requirements to cover all municipal property taxes regardless of who collects those taxes.

Referred to:

May 21, 2014

A BILL TO BE ENTITLED

AN ACT AUTHORIZING THE MOORE COUNTY BOARD OF EDUCATION TO CONVEY CERTAIN REAL PROPERTY.

The General Assembly of North Carolina enacts:

SECTION 1. Notwithstanding the provisions of G.S. 115C-518 and G.S. 160A-274, the Moore County Board of Education may convey to the Town of Taylortown, with consideration, all of its right, title, and interest to the Academy Heights Elementary School site located at 143 Douglas Street in Pinehurst, North Carolina.

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1154:
Moore Co. Schools Transfer of Property

2013-2014 General Assembly

Committee:	Senate State and Local Government	**Date:**	July 14, 2014
Introduced by:	Rep. Boles	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Second Edition		

SUMMARY: ***House Bill 1154 authorizes the Moore County Board of Education to convey the Academy Heights Elementary school to the Town of Taylortown.***

CURRENT LAW: G.S. 115C-518 authorizes local boards of education to dispose of real or personal property that it determines is unnecessary or undesirable for public school purposes using the same procedures available to municipalities under Article 12 of Chapter 160A of the General Statutes. However, with regard to real property, a board must first offer the property to the board of county commissioners in the county in which the property is located for fair market value or at a price negotiated between the two parties. The proceeds of any sale or from any lease for a term of over one year is applied to reduce the county's bonded indebtedness for the school unit disposing of the property or for capital outlay purposes.

G.S. 160A-274 allows a governmental unit to transfer to another governmental unit real or personal property, with or without consideration. However, the North Carolina Supreme Court has held that a local school board must receive fair consideration when it conveys property for a non-school use, including some other governmental use.[1] Although it is not clear from the case what constitutes fair consideration, the transfer may not be without consideration.

BILL ANALYSIS: The bill authorizes the Moore County Board of Education to convey the Academy Heights Elementary school to the Town of Taylortown, with consideration, notwithstanding the provisions of G.S. 115C-518 and G.S. 160A-274.

EFFECTIVE DATE: This act is effective when it becomes law.

Shelly DeAdder, counsel to House Government, substantially contributed to this summary.

May 21, 2014

A BILL TO BE ENTITLED

AN ACT ADDING CERTAIN DESCRIBED PROPERTY TO THE CORPORATE LIMITS OF THE VILLAGE OF PINEHURST AND AUTHORIZING THE VILLAGE TO LEVY SPECIAL ASSESSMENTS TO MEET THE COST OF CONSTRUCTION OF A STORMWATER MANAGEMENT SYSTEM TO SERVE THE PROPERTY ADDED.

The General Assembly of North Carolina enacts:

SECTION 1. The following described property is added to the corporate limits of the Village of Pinehurst:

A certain tract or parcel of land situated in Mineral Springs Township, Moore County, N.C. west of the Village of Pinehurst about 500 yards west of the intersection of Chicken Plant Road and Linden Road, fronting and lying on the north side of Linden Road bounded on the west and north by Carolyn B. Smith, on the east by Stephen J. DiMaggio and others, and being further described as follows:

BEGINNING at an existing concrete monument within the north 60 foot right of way line of Linden Road situated about 600 yards southwest of the intersection of Chicken Plant Road and Linden Road, said monument being the southeast corner of Carolyn B. Smith's tract described in Deed Book 92E, Page 319 in the Moore County Registry of Deeds; running thence from said beginning corner N 55 degrees 49 minutes 33 seconds W for a distance of 571.51 feet to an existing concrete monument, another corner of said Smith tract; thence N 55 degrees 49 minutes 46 seconds W for a distance of 409.25 feet to an existing concrete monument, another corner of said Smith tract; thence N 34 degrees 10 minutes 00 seconds E for a distance of 1067.16 feet to an existing concrete monument, another corner of said Smith tract situated in the southwest line of Florence Cox's tract described in Deed Book 241, Page 565 in the Moore County Registry of Deeds; thence S 55 degrees 46 minutes 15 seconds E for a distance of 408.89 feet to an existing concrete monument, said monument being the south corner of Roger L. Craven's tract described in Deed Book 503, Page 673 in the Moore County Registry of Deeds, the same being the west corner of James Talbert Jr. tract described in Deed Book 434, Page 504 in the Moore County Registry of Deeds, the same also being the northwest corner of Stephen J. DiMaggio tract described in Deed Book 3212, Page 150 in the Moore County Registry of Deeds; thence with the west line of said DiMaggio tract, S 04 degrees 30 minutes 31 seconds W for a distance of 374.94 feet to an existing iron pipe, the west corner of said DiMaggio tract; thence with the southwest line of said DiMaggio tract, S 69 degrees 28 minutes 23 seconds E for a distance of 397.12 feet to an existing concrete monument within the north 60 foot right of way line of Linden Road; thence as and within the north 60 foot right of

way line of Linden Road S 34 degrees 08 minutes 14 seconds W for a distance of 834.65 feet, to the BEGINNING, containing 20.85 acres, more or less.

SECTION 2.(a) Upon the annexation of the property described in Section 1 of this act and the dedication of the existing roads in the property, which are currently owned by the Cotswold Homeowners Association and Planet Development, to the Village of Pinehurst, the Village Council of the Village of Pinehurst may levy special assessments upon the property owners of the property described in Section 1 of this act to meet the cost of a stormwater management system constructed by the Village of Pinehurst. The assessment roll shall become effective on a date set by the Village Council that is at least 30 days following the formal advertising for bids for the proposed work. The Village Council shall levy the special assessments in accord with a schedule that it develops and that is at an equal rate per lot for the 51 existing residences and 14 vacant lots and building sites located in the property described in Section 1 of this act. The amount levied by special assessment against the property owners shall not exceed sixty-six percent (66%) of the full cost of constructing the stormwater management system. Notwithstanding any provision of G.S. 160A-224 to the contrary, the Village Council may cause notice of the amount of assessment for each parcel of land assessed to be sent by mail to the owner thereof as shown on the tax records of the Village of Pinehurst prior to confirmation of the assessment roll.

SECTION 2.(b) The Village Council may give owners of assessed property the option of paying the assessment either in cash or in installments, provided, however, that the period over which the installments are paid does not exceed five years from the date the assessment roll is confirmed. All installment payments shall be interest free.

SECTION 2.(c) In levying the special assessments, the Village Council shall follow, insofar as practicable, the procedures set forth in Article 10 of Chapter 160A of the General Statutes.

SECTION 3. This act becomes effective June 30, 2014.

HOUSE BILL 1155:
Pinehurst Annexation

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 15, 2014
Introduced by:	Rep. Boles	**Prepared by:**	Greg Roney
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 1155 would extend the corporate limits of the Village of Pinehurst to include the Cotswold Subdivision in Mineral Springs Township in Moore County, and would authorize the Village to levy special assessments to meet the cost of construction of a stormwater management system to serve the annexed property.***

CURRENT LAW: The North Carolina Constitution, in Section 1 of Article VII, authorizes the General Assembly to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable." The General Assembly enacted Article 4A of Chapter 160A of the General Statutes governing municipal annexations. The General Assembly retains the authority to extend the boundaries of any municipality.

Special assessments are levied against property to pay for the construction or improvement of particular public works, including water, sewer, and stormwater systems. There are two different statutory methods in Chapter 160A for imposing special assessments:

- Article 10 governs the "traditional" special assessment method, which allows municipalities to impose special assessments to finance (1) constructing, reconstructing, paving, widening, or otherwise building or improving streets and sidewalks; and (2) constructing, reconstructing, extending, or otherwise building or improving water systems, sewage collection and disposal systems including septic tank systems, storm sewer and drainage systems, and beach erosion control or hurricane protection works. The governing board of the municipality must adopt a preliminary resolution containing a statement of intent, description of the nature and local of the project, the proposed basis for making assessments, the percentage of the cost of the work that is to be assessed, and a statement as the proposed terms of payment of the assessment. Notice to the public and a public hearing are required. To levy special assessments for street or sidewalk improvements, the municipality must receive a petition for the improvements signed by at least a majority in number of the owners of property to be assessed, who must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion of the street to be improved.
- Article 10A allows municipalities to fund all or a portion of the capital costs for which project development financing debt instruments may be used under G.S. 159-103 or for financing the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently affixed to residential, commercial, industrial, or other real property. These assessments for "critical infrastructure needs" require that municipalities receive a petition for any of the authorized projects to be financed by assessments signed by at least a majority of the owners of real property to be assessed and who represent at least 66 percent of the assessed value of all real property to be assessed. Article 10A allows municipalities to impose the special assessments before the projects are completed. **The provisions of Article 10A expire on July 1, 2015.**

BILL ANALYSIS: House Bill 1155 would extend the corporate limits of the Village of Pinehurst to include the Cotswold Subdivision in the Mineral Springs Township in Moore County. The bill also authorizes the Village to levy a special assessment to meet the cost of construction of a stormwater management system to serve the annexed property. The assessment roll (the list of properties responsible for paying the special assessment) becomes effective on a date set by the Village Council, at least 30 days following the formal advertising for bids for the proposed work. The amount levied by the special assessment cannot exceed 66 percent of the full cost of constructing the stormwater management system.

EFFECTIVE DATE: This act becomes effective June 30, 2014.

Kelly Quick with the Research Division substantially contributed to this summary.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
House Bill 1155

AMENDMENT NO. 1
(to be filled in by
Principal Clerk)

H1155-ATM-55 [v.1]

Comm. Sub. [NO]
Amends Title [NO]

Referred to:

May 28, 2014

A BILL TO BE ENTITLED

AN ACT TO REVISE AND CONSOLIDATE THE CHARTER OF THE CITY OF BURLINGTON.

The General Assembly of North Carolina enacts:

SECTION 1. The Charter of the City of Burlington is hereby revised and consolidated to read as follows:

"THE CHARTER OF THE CITY OF BURLINGTON.

"CHAPTER I. ORGANIZATION AND POWERS.

"SUBCHAPTER A. INCORPORATION, CORPORATE POWERS AND THEIR EXERCISE.

"Section 1.01. Incorporation and Corporate Powers. The City of Burlington shall continue to be a body politic and corporate by the name of "City of Burlington." Under that name, the City shall continue to be vested with all property and rights of property that now belong to the municipal corporation; shall have perpetual succession; may have a common seal and alter and renew the same at pleasure; may sue and be sued; may contract and be contracted with; may acquire and hold all such property, real and personal, as may be devised, bequeathed, sold, or in any manner conveyed or dedicated to or otherwise acquired by it and, from time to time, may hold or invest, sell, or dispose of the same; and shall have and may exercise in conformity with this Charter all municipal powers, functions, rights, privileges, and immunities of every name and nature whatsoever.

"Section 1.02. Exercise of Power. All powers, functions, rights, privileges, and immunities of the City, its officers, agencies, or employees shall be carried into execution as provided by this Charter. If this Charter makes no provision, such powers, functions, rights, privileges, and immunities shall be carried into execution as provided by ordinance or resolution of the City Council and as provided by the pertinent general laws of North Carolina.

"SUBCHAPTER B. CITY BOUNDARIES.

"Section 1.21. Corporate Limits. The corporate limits of the City shall be those existing at the time of ratification of this Charter, as set forth on the official map of the City and as they may be altered from time to time in accordance with law. An official map of the City, showing the current boundaries, shall be maintained permanently in the Office of the City Clerk and shall be available for public inspection. Immediately upon alteration of the corporate limits made pursuant to law, the appropriate changes to the official map shall be made, and copies shall be filed in the Office of the Secretary of State, the Alamance County Register of Deeds, the Guilford County Register of Deeds, and the appropriate boards of elections.

"SUBCHAPTER C. CHAPTER AMENDMENTS.

"Section 1.41. Incorporation of Amendments.

(a) As soon as possible after the adjournment of each General Assembly, the City Attorney shall present to the City Council copies of all local laws relating to the property, affairs, and government of the City of Burlington that were enacted by the General Assembly, whether or not in terms amending this Charter, which the City Attorney recommends be incorporated into this Charter. Such recommendations may include suggestions for renumbering or rearranging the provisions of the laws, for providing titles and catch lines, and for such other changes in arrangement and form that do not change the law as may be thought necessary to implement the purposes of this section.

(b) After considering the recommendations of the City Attorney, the City Council may provide for the incorporation of such laws into this Charter.

(c) The purpose of this section is to enable the City to maintain at all times a current and accurate City Charter, organized in clear and orderly fashion and embracing all local laws relating to the property, affairs, and government of the City.

"CHAPTER II. COMPOSITION OF CITY COUNCIL; ELECTIONS.

"SUBCHAPTER A. COMPOSITION AND METHOD OF ELECTION OF CITY COUNCIL.

"Section 2.01. Composition, Election, and Terms of City Council.

(a) The City Council shall consist of four members and a Mayor who shall be elected at large by and from the qualified voters of the City. The Mayor shall be elected for a term of two years and the members of City Council for a term of four years.

(b) The terms of all members shall begin at the date and hour prescribed by Section 3.03 of this Charter for the taking of the oath of office, but members shall serve until their successors are elected and qualified. In the event that it is not possible otherwise to determine which of two or more persons should be considered a holdover Council member or holdover Council members, a decision shall be made by lot between the outgoing Council members who are willing to serve, the lots to be cast under the supervision of the remaining qualified Council members.

"SUBCHAPTER B. CONDUCT OF CITY ELECTIONS.

"Section 2.21. Regular City Elections. Regular City elections shall be held in each odd-numbered year in accordance with the uniform election laws of North Carolina.

"Section 2.22. Method and Determination of Results. The election shall be by the nonpartisan primary method as provided by G.S. 163-294.

"Section 2.23. Special Elections. The procedure for calling and conducting special elections shall be as provided by G.S. 163-287.

"CHAPTER III. ORGANIZATION AND POWERS OF CITY COUNCIL.

"SUBCHAPTER A. CITY COUNCIL: QUALIFICATIONS; VACANCIES; COMPENSATION; OATHS OF OFFICE.

"Section 3.01. Qualifications of Council Members and Mayor; Vacancies; Removal.

(a) No person shall be eligible to be nominated or elected to the City Council, nor to serve thereon, unless the person is a qualified voter and a resident of the City. No person shall be eligible to be nominated or elected to the office of Mayor or to serve as such unless he or she is a qualified voter and resident of the City.

(b) In the case of a vacancy in the office of Mayor, the remaining members of the City Council shall select from their own number the Mayor's successor for the unexpired term.

(c) If there is a vacancy in the office of Council member after election or qualification, or if any Council member is unable to discharge the duties of office, the City Council shall choose some person for the unexpired term, or during the member's disability, as the case may be, to act as Council member. Council members so selected shall have all the powers and duties of regularly elected Council members.

"Section 3.02. Compensation of Mayor, Mayor Pro Tem, and Council Members.

(a) The Mayor, Mayor Pro Tem, and each Council member shall receive as compensation for service to the City an amount fixed by the City Council in the annual budget.

(b) In addition to the compensation provided for by subsection (a) of this section, the Mayor, Mayor Pro Tem, and Council members may be reimbursed for actual and necessary travel expenses or other expenses incurred by them in the performance of their official duties.

"Section 3.03. Oaths of Office. All newly elected or appointed Council members and the Mayor, before entering upon their duties, shall take and subscribe before the City Clerk an oath to perform faithfully the duties of their offices and the oaths of office required by general law. Elected Council members and the Mayor shall meet at the City Hall for the purpose of taking such oaths at the organizational meeting following the date of their election. A member appointed to fill a vacancy shall take the oath at the next City Council meeting following his or her appointment. The Mayor appointed to fill a vacancy shall take the oath at the next City Council meeting following his or her appointment. Any member who is not present at the time and place provided for by this section may take the oaths at any time thereafter. In the absence of the City Clerk, the oaths may be administered by any other person authorized by law to administer oaths of office.

"SUBCHAPTER B. CITY COUNCIL: ORGANIZATION AND PROCEDURE.

"Section 3.21. Organizational Meeting; Mayor Pro Tem. The organizational meeting of each City Council shall be held in accordance with G.S. 160A-68. The City Council shall elect, by the choice of its members, a Mayor Pro Tem who shall hold office as such for a term of two years and until a successor is selected and qualified. The organization of the City Council shall take place notwithstanding the absence, death, refusal to serve, or nonelection of one or more members, provided that at least three of the persons entitled to be members are present and, if necessary, take oath.

"Section 3.22. Regular and Special Meetings; Emergency Meetings. Except where otherwise specifically provided by this Charter, the City Council shall have authority to determine the time and place of City Council meetings within or outside Alamance County, to make such provisions as it may deem wise relative to regular, special, emergency, adjourned, and continued meetings, to adopt rules of procedure, and generally to regulate the time, place, manner, and method of the exercise of its powers.

"Section 3.23. Quorum; Votes.

(a) A majority of the members of the City Council shall constitute a quorum to do business, but a lesser number may adjourn from time to time and compel the attendance of absent members by ordering them taken into custody.

(b) No member shall be excused from voting except upon matters involving the consideration of the member's own official conduct or involving his or her financial interest. In all other cases, a failure to vote by a member who is present or who, having been present, has withdrawn from the meeting without being excused, shall be deemed an affirmative vote and shall be so recorded. A member who has withdrawn from a meeting without being excused shall be counted as present for purposes of determining whether or not a quorum is present.

"SUBCHAPTER C. CITY COUNCIL: POWERS AND DUTIES.

"Section 3.41. General powers of City Council.

(a) The government of the City and the general management of the City shall be vested in the City Council, except that the City Manager shall have the powers hereinafter specified and provided by general law.

(b) In addition to other powers conferred upon it by law, the City Council may adopt and provide for the execution of such ordinances, rules, and regulations, not inconsistent with this Charter, as may be necessary or appropriate to protect health, life, or property, or to preserve or promote the comfort, convenience, security, good order, better government, or general welfare of the City or its inhabitants; may enforce the same by imposing penalties on such as violate them; and may compel the performance of the duties imposed upon others by suitable penalties.

"Section 3.42. Residential Development Projects in Municipal Service Districts. The City Council may, in accordance with G.S. 158-7.1, et seq., make appropriations and authorize economic incentives for the purposes of aiding and encouraging residential development projects within the city in a municipal service district established pursuant to Article 23 of Chapter 160A of the General Statutes that, in the discretion of the City Council, are likely to have a significant effect on the economic revitalization of that district. In connection with the foregoing, the City Council may make loans and grants from public funds for revitalization projects that will have a significant revitalization effect on the city.

"SUBCHAPTER D. CITY COUNCIL: ORDINANCE PROCEDURE.

"Section 3.61. Applicable General Laws. Except as otherwise herein provided, the adoption, amendment, repeal, pleading, and proving of ordinances shall be governed by provisions of general law applying to cities.

"Section 3.62. Adoption of Ordinances and Resolutions. The affirmative vote of a majority of the members of the City Council shall be necessary to adopt any ordinance or resolution. Notwithstanding the provisions of G.S. 160A-75, an ordinance may be finally passed on the date on which it was introduced by vote of a majority of the members of the Council.

"SUBCHAPTER E. MAYOR.

"Section 3.81. Powers and Duties of Mayor.

(a) The powers and duties of the Mayor shall be as conferred upon him or her by this Charter or general law, together with any other powers and duties conferred by the City Council pursuant to law.

(b) The Mayor shall preside at all meetings of the City Council and shall have the right to vote upon all questions but shall have no additional vote in case of a tie and no veto. The Mayor shall be considered a member of the City Council for all purposes. The Mayor shall be recognized as the official head of the City by the courts for the purpose of serving civil process and by the public for all ceremonial purposes. The Mayor shall have the power to administer oaths.

"Section 3.82. Mayor Pro Tem. During the disability of the Mayor or the Mayor's absence from the City, the functions of the office of Mayor shall devolve upon the Mayor Pro Tem. The Mayor Pro Tem shall preside at all City Council meetings in the absence of the Mayor.

"CHAPTER IV. ADMINISTRATIVE OFFICES; POWERS AND PROCEDURE.

"SUBCHAPTER A. CREATION AND FUNCTIONS OF DEPARTMENTS, OFFICES, AND OTHER AGENCIES IN GENERAL.

"Section 4.01. Offices, Positions, Departments, and Other Agencies Continued by Charter or Created by Council.

(a) The following administrative offices and positions, are hereby provided for by this Charter: City Manager, City Clerk, Finance Director, City Attorney, Chief of Police, and Fire Chief.

(b) The City Council may create, change, abolish, and consolidate boards and commissions whose members it appoints.

(c) The City Manager may create new positions or departments or assign additional functions to offices, positions, or departments as provided by general law.

"SUBCHAPTER B. CITY MANAGER.

"Section 4.21. City Manager: Appointment, Qualifications, Term, Compensation, and Oath.

(a) The City Council shall appoint a City Manager who shall be the administrative head of the City government and shall be responsible for the administration of all City departments. The Manager shall be appointed with regard to merit only and need not be a resident of the City.

(b) The City Manager shall hold office at the pleasure of the City Council and shall receive such compensation as the City Council may fix by ordinance.

"Section 4.22. City Manager: Powers and Duties. The City Manager shall (i) be the administrative head of the City government and, as such, shall be responsible for the administration of all City offices, positions, and departments created by or under this Charter and general law; (ii) ensure that within the jurisdiction of the City, the laws of the State and the ordinances, resolutions, and regulations of the City Council are faithfully executed; (iii) attend all meetings of the Council and recommend for adoption such measures as he or she shall deem expedient; and (iv) make reports to the Council from time to time upon the affairs of the City and keep the City Council fully advised of the City's financial condition and its future financial needs.

"SUBCHAPTER C. PERSONNEL.

"ARTICLE 1. APPOINTMENTS AND REMOVALS.

"Section 4.61. Appointment, Removal, and Supervision of Department Heads and Employees by City Manager.

(a) The City Manager, except as otherwise provided in this Charter, shall be responsible for the appointment, suspension, and removal of heads of City departments and City employees.

(b) Except where expressly authorized by this Charter, neither the City Council nor any of its members shall take any part in the appointment or removal of department heads, officers, or employees who are subject to appointment by the City Manager. Except for the purpose of inquiry or investigation, the City Council and its members shall deal with the department heads, officers, and employees through the City Manager, and neither the City Council nor any of its members shall give orders to any subordinate of the City Manager, either publicly or privately.

(c) Subject to the provisions of this Charter, the department heads, officers, and employees subject to appointment by the City Manager shall perform such duties as may be required of them by the Manager under general regulations of the City Council.

"Section 4.62. Appointment and removal of members of boards and commissions. Except as otherwise provided by this Charter, and notwithstanding any other provision of law, the City Council shall appoint and may suspend and remove all members of boards and commissions subject to appointment by the Council.

"ARTICLE 2. COMPENSATION; PERSONNEL POLICIES.

"Section 4.71. Classification and Compensation of Employees and Officers. The City Manager shall be responsible for the preparation of position classifications and pay plans that shall be submitted to the City Council for approval. The plans may apply to any or all employees of the City and any of its agencies and offices. Salaries of employees shall be fixed by the City Manager within salary ranges approved by the City Council.

"Section 4.72. Personnel Policies. The City Council may adopt ordinances and policies consistent with applicable laws (i) concerning annual leave, sick leave, hours of employment, and holidays and (ii) concerning other personnel policies, including policies relating to working conditions. The ordinances may apply to any or all employees of the City and any of its agencies and offices.

"SUBCHAPTER D. FINANCES AND FISCAL MATTERS.

"ARTICLE 1. TAXATION.

"Section 4.111. Levy, Collection, and Payment of Property Taxes.

(a) Except as otherwise herein provided, property taxes shall be imposed and collected in the manner provided by general law.

(b) Property taxes shall become due and payable on the date provided by general law. Interest shall be charged for late payment, and discounts may be allowed for prepayment of taxes in the amounts and during the periods covered by general law.

"ARTICLE 2. BORROWING.

"Section 4.121. Borrowing Authority and Procedures. The City shall be governed by applicable general laws concerning borrowing authority and procedures.

"ARTICLE 3. BUDGETING, ACCOUNTING, FISCAL AFFAIRS.

"Section 4.131. Application of Local Government Budget and Fiscal Control Act. Subject to the provisions of this Charter, all of the provisions of the Local Government Budget and Fiscal Control Act, Article 3 of Chapter 159 of the General Statutes, apply to the City.

"Section 4.132. Reserve Funds. The City may establish reserve funds as provided by general law.

"Section 4.133. Investment of Surplus Funds. The City may invest surplus funds as provided by general law.

"SUBCHAPTER E. PROCUREMENT AND PROPERTY MANAGEMENT.

"ARTICLE 1. CONTRACTING PROCEDURES.

"Section 4.151. Contracting Procedures; Authentication of Documents.

(a) In all respects not provided for by this Charter, formal requirements concerning the making and execution of contracts by the City shall be governed by general law.

"ARTICLE 2. LEASING, DISPOSITION, AND SALE OF PROPERTY PROVISIONS.

"Section 4.161. Lease of Real Property in Municipal Service Districts.

(a) Notwithstanding the provisions of G.S. 160A-272, the City Council may, in its discretion, lease city-owned property in its municipal service districts established pursuant to Article 23 of Chapter 160A of the General Statutes for such consideration and upon such terms and conditions as the City Council may determine, including terms of more than 10 years in accordance with the procedures of this subsection. Before leasing its interest in property owned in its municipal service districts, the city shall hold a public hearing. The city shall publish notice of the public hearing at least 10 days before the hearing is held; the notice shall describe the property being leased, the terms and conditions of the lease, the proposed consideration, and the City Council's intention to approve the lease.

(b) The provisions of this section shall be construed in addition to all other provisions of law authorizing or prescribing the method of leasing property owned by the city.

"Section 4.162. Conveyances with Covenants of Warranty.

(a) The City Council is hereby authorized to execute and deliver conveyances to any property, whether acquired by tax or assessment foreclosure or otherwise, with full covenants of warranty whenever in its discretion it is to the best interest of the City to convey by warranty deed.

(b) Members of the City Council are hereby relieved of any personal or individual liability by reason of the execution of any such conveyances with covenants of warranty.

"Section 4.163. Quitclaims of City Property. The City may quitclaim any rights it may have in property not needed for public purposes upon report by the City Manager and adoption of a resolution by the City Council, both finding that the property is not needed for public purposes and that the interest of the City has no readily ascertainable monetary value.

"Section 4.164. Sale of Personal Property of Less Than Two Thousand Five Hundred Dollars ($2,500) Value. Notwithstanding any other provision of law, the City Council may sell or exchange without advertisement and at either public or private sale any personal property not exceeding two thousand five hundred dollars ($2,500) in value at the time of sale.

"SUBCHAPTER F. OTHER DEPARTMENTS, OFFICES, AND AGENCIES.

"ARTICLE 1. CITY ATTORNEY.

"Section 4.171. City Attorney. As provided by general law, the City Council shall appoint a City Attorney to serve at its pleasure and to be its legal advisor.

"ARTICLE 2. CITY CLERK AND FINANCE DIRECTOR.

"Section 4.181. City Clerk and Finance Director.

(a) The City Manager shall appoint a City Clerk and Finance Director.

(b) The City Clerk shall do all of the following:

(1) Keep a journal of City Council proceedings.

(2) Record in a book kept for the purpose all ordinances and resolutions.

(3) Be the custodian of all City records.
(4) Perform such other duties as prescribed by law or this Charter or required by the City Council that are not inconsistent with general law.

(c) The Finance Director shall perform the duties of finance officer as set forth in the Local Government Budget and Fiscal Control Act, Article 3 of Chapter 159 of the General Statutes, or as may be set forth elsewhere in general law, and as required by the City Manager or City Council that are not inconsistent with general law.

"ARTICLE 3. POLICE.

"Section 4.191. Powers and Duties of Chief of Police and Members of Police Force. The Chief of Police, each member of the police force, and any other designated officers shall have the powers and duties as provided in Article 13 of Chapter 160A of the General Statutes and otherwise provided for by general law.

"CHAPTER V. REGULATORY AND PLANNING FUNCTIONS.

"SUBCHAPTER A. MOTOR VEHICLES AND TRAFFIC.

"Section 5.01. Location of Traffic Control Devices.

(a) The Traffic Commission shall recommend to the City Council the location or removal of any and all official traffic control devices in the City.
(1) If the recommendation is for installation of such a device at a particular location, the recommendation shall state why its installation is necessary in order to control traffic congestion in the interest of public safety.
(2) If the device is to be moved or removed from a particular location, the recommendation shall state why the device is no longer required at such location for the control of traffic congestion in the interest of public safety.

An "official traffic control device," as used in this section, is a sign, signal, marking, or device, including a parking meter, that is intended to regulate vehicular or pedestrian traffic.

(b) Upon adoption by the City Council of any recommendation from the Traffic Commission pursuant to subsection (a) of this section, the action shall be recorded in the minutes of the Council. The installation, moving, or removal of the official traffic control device shall then be carried out by City staff.

(c) For purposes of enforcement, the installation, moving, or removing of a traffic control device pursuant to subsection (a) of this section shall take effect immediately when the device is installed, moved, or removed. The location of a traffic control device may be proved by the testimony of the official who installed or moved it.

(d) The installation, moving, or removing of a traffic control device pursuant to the provisions of this section shall have the force and effect of an ordinance, and the failure to obey any such device shall be punishable as a violation of an ordinance.

(e) Nothing in G.S. 20-175 shall prohibit the City Council from adopting ordinances placing additional restrictions or prohibitions on persons standing on any street, highway, or right-of-way, excluding sidewalks, while soliciting or attempting to solicit any employment, business, or contributions from the driver or occupants of any motor vehicle. The City may not adopt ordinances placing restrictions or prohibitions on the activities of licensees, employees, or contractors of the North Carolina Department of Transportation.

"Section 5.02. Obstruction of Alleys. If, in the opinion of the City Council, a fire hazard is created by the obstruction of private alleys, the City Council may adopt regulations governing the obstruction of private alleys, either by reason of the parking of motor vehicles or otherwise.

"Section 5.03. Regulation of Ambulances and Wreckers. The City Council may establish regulations governing the operation of ambulances, wreckers, and other motor vehicles used in connection with emergencies, disasters, or accidents.

"SUBCHAPTER B. OCCUPATIONAL AND BUSINESS LICENSING AND REGULATION.

"Section 5.21. Liability Insurance or Surety Bond to be Furnished by Demolition Contractors.

(a) The City Council may require every demolition contractor to furnish and keep in effect for each building demolition project in the City he or she may undertake, or as a condition of engaging in the business of building demolition in the City, a policy of insurance or surety bond with sureties, licensed to do business in North Carolina, whose solvency shall at all times be subject to the approval of the Council. The policy or bond shall be in such amount or amounts as may be fixed by the Council and shall be conditioned upon the contractor responding in damages for any liability incurred on account of any injury to persons or damages to property resulting from the prosecution of the demolition project. The policy or bond, if required, shall be filed with the City Council as a condition precedent to conducting any building demolition project in the City.

(b) As used in this section, the term "demolition contractor" means a person, firm, or corporation who undertakes on his or her account or for another, whether for an agreed price or for cost plus a fixed fee or otherwise, to raze, dismantle, or demolish a building.

"SUBCHAPTER C. PLANNING ZONING; BUILDING REGULATIONS AND RELATED MEASURES.

"ARTICLE 1. SUBDIVISION CONTROLS.

"Section 5.41. Authority To Require Installation of Certain Improvements Prior to Approval of Plats.

(a) In connection with subdivision or platting controls, the City Council may require the improvement and grading of streets and the construction and installation of street pavements, curbs, gutters, sidewalks, and water, sewer, surface water drainage, and other utility mains as a condition precedent to the approval of a plat. The requirements may provide for tentative approval of the plat previous to the improvement and installation, but any tentative approval shall not be entered on the plat. The requirements may provide that, in lieu of completion of the work and installations prior to final approval of the plat, the City Council may accept a bond from a company licensed to do business in North Carolina, in an amount and with surety and condition satisfactory to it, providing for and securing to the City the actual construction and installation of the improvements and utilities within a period specified by the City Council and expressed in the bond. The City is empowered to enforce the bond by all appropriate legal and equitable remedies. Requirements adopted under this subsection may be adopted throughout the area over which the City is authorized by law to exercise platting or subdivision controls.

(b) The requirements may provide, in lieu of the completion prior to the final approval of the plat of the work and installation on land within the corporate limits of the City, for an assessment under this Charter, Article 10 of Chapter 160A of the General Statutes, or other general or local law whereby the City may do the work and make the installations at the cost to the owners of the property within the subdivision using any of the bases and methods prescribed by law.

"Section 5.42. Authority to Require Reservation of Recreation Areas and School Sites. In connection with subdivision or platting controls, the City Council may, as provided by G.S. 160A-372, require the reservation of recreation areas and school sites as a condition precedent to the approval of a plat. The reservation shall be for a period of no longer than two years, subject to future acquisition by purchase or condemnation by a governmental unit or agency.

"Section 5.43. Territorial Extent of Powers. The authority conferred by Section 5.41 and Section 5.42 of this Charter may be exercised throughout the area within which the City Council is now or hereafter empowered to regulate the platting and recording of any subdivision of land.

"ARTICLE 2. BUILDING REGULATIONS.

"Section 5.51. Power to Destroy Property to Stop Fires. The Chief of the Fire Department may order the blowing up, tearing down, or other destruction of any building when it is deemed necessary to stop the progress of a fire. No person shall be held liable, civilly or criminally, for

acting in obedience to orders thus given, nor shall the Fire Chief be held liable, civilly or criminally, for the giving of such orders or for damages to property ordered destroyed.

"ARTICLE 2A. HOUSING COMMISSION.

"Section 5.52. Housing Commission. The City Council may provide for the creation and organization of a housing commission to which appeals may be taken from the decision of the building inspector upon any provision of the Housing Code of the City.

"ARTICLE 3. STREET IMPROVEMENTS.

"Section 5.61. Comprehensive Transportation Plan. Transportation planning, including street improvements for the City, shall be carried out by and through the Burlington-Graham Metropolitan Planning Organization (MPO) established pursuant to 23 U.S.C. § 23. The City Council shall adopt the portion of the comprehensive transportation plan pertaining to the City and its planning jurisdiction and may from time to time propose revisions for consideration by the MPO.

"Section 5.62. Subdivision Streets. Dedication, extension, and construction of new streets in subdivisions shall be carried out as provided in the City's subdivision ordinance.

"Section 5.63. Transportation Corridor Plan. In the event of a particular roadway improvement project, the City Council shall adopt a transportation corridor official map pursuant to Article 2E of Chapter 136 of the General Statutes. A certified copy of the map shall be filed with the Alamance County Register of Deeds. Advance acquisition of property, issuance of building permits, and approval of subdivisions within the officially designated corridor shall be as provided for in Article 2E of Chapter 136 of the General Statutes.

"SUBCHAPTER D. MAINTENANCE OF RAILROAD CROSSINGS.

"Section 5.81. Railroad Crossings. As authorized by general law, the City shall have the power to require any railroad or railway company to keep in good repair any grade crossings over its tracks and to construct and keep in repair from curb to curb railroad bridges and crossings over all ditches running under any grade crossings so that the tracks, turnouts, and switches shall interfere, as little as may be reasonable, with travel over the streets at the grade crossing, and to regulate the grade of all of the streets of the City as they may hereafter be or are now established, except as herein otherwise provided.

"CHAPTER VI. CITY SERVICES AND FACILITIES.

"SUBCHAPTER A. ESTABLISHMENT AND MAINTENANCE OF SERVICES AND FACILITIES.

"ARTICLE 1. LOCAL DEVELOPMENT.

"Section 6.01. Authority to Levy Tax for Local Development. Nothing in this Charter shall affect the power of the City to levy taxes for local development purposes under Article 1 of Chapter 158 of the General Statutes.

"SUBCHAPTER B. EMINENT DOMAIN.

"Section 6.41. Authority to Acquire Needed Property. The City shall have authority to purchase or acquire by condemnation a property right for any lawful public use or purpose. The procedure in all such condemnation proceedings shall conform to the procedure provided in Article 3 of Chapter 40A of the General Statutes.

"SUBCHAPTER C. ASSESSMENTS FOR LOCAL IMPROVEMENTS.

"Section 6.61. Authority to Make Local Improvements. The City Council shall have authority to make the local improvements as described in this Charter in and to assess the cost against benefited property. The procedure set forth in this subchapter shall not be exclusive, but shall be in addition to any other procedure provided by law.

"Section 6.62. Separate Proceedings not Required. One or more local improvements may be made in a single proceeding, and assessments for one or more local improvements may be combined.

"Section 6.63. Definitions. Certain words and phrases will be used with the following meanings with reference to local improvements, unless some other meaning is plainly intended.

(a) A "street" is the entire width between property lines of every way or place, of whatever nature, when any part thereof is dedicated or open to the use of the public as a matter of right for the purpose of vehicular or pedestrian traffic.

(b) A "sidewalk" is the part of a street that is used, or to be used, for pedestrian traffic.

(c) A "storm sewer" is a conduit above or below ground for the passage of storm water, and may include a pumping station and outlet where deemed necessary, and may also include the building of culverts over or the enclosing of streams where needed to carry off storm water.

(d) A "sanitary sewer" is an underground conduit for the passage of sewage and may include a pumping station and outlet.

(e) A "water main" is a pipe for the passage of city water for public hydrants and private and public use and consumption.

(f) A "lateral" is a pipe connecting a storm or sanitary sewer or water main with the line of adjacent property or the curbline, being either a sewer lateral or water lateral, but does not include a building connection that is a pipe extending from a lateral at the property line or curbline to the house or plumbing fixture to be served.

(g) A "roadway" is the part of a street that is used, or to be used, for vehicular traffic.

(h) The word "sewer" includes both sanitary and storm sewers unless a contrary intention is shown.

"Section 6.64. Improvements Described. The Council shall have authority to make the following local improvements:

(a) Roadway paving improvements that include the grading, regrading, paving, repaving, and widening of roadways, or the improvement thereof with any treatment designed to provide an improved wearing surface, with necessary drainage, sewer inlets, manholes, and catch basins and the construction or reconstruction of retaining walls made necessary by any change of grade incident to such improvement, and in any case where the improvement is made upon petition if the petition so requests, or in any case, where the improvement is made without petition if the Council so directs, it may include the construction or reconstruction of curbs, gutters, drains, and sidewalks.

(b) Water main improvements that include the laying or construction of water mains, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such mains, and, in any case where the improvement is made upon petition and the petition so requests, or in any case where the improvement is made without petition and the Council so directs, the laying of water laterals.

(c) Sanitary sewer improvements that include the laying or construction of sanitary sewers, the relaying, where necessary, of parts of roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and in any case where the improvement is made upon petition and the petition so requests, or in any case where the improvement is made without petition and the City Council so directs, the laying of sanitary sewer laterals.

(d) Storm sewer improvements that include the laying or construction of storm sewers, the relaying, where necessary, of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and in any case where the improvement is made upon petition and the petition so requests, or in any case where the improvement is made without petition and the Council so directs, the laying of storm sewer laterals.

(e) Sidewalk improvements that include the grading, regrading, construction, reconstruction, and repair of paved or other improved sidewalks, the construction or reconstruction of retaining walls made necessary by and incident to such improvements, and, in any case where the improvement is made upon petition, if the petition so requests, or in any case where the improvement is made without petition if the Council so directs, it may include the construction or reconstruction of curbs, gutters and drains, and the construction or reconstruction of all such portions of driveways as in the judgment of the Council ought to be laid in the street area.

(f) Grassplot improvements that include the grading and planting of grassplots in a street.

"Section 6.65. Bases for Making Assessments. Assessments may be made on any of the bases authorized in G.S. 160A-218 or any statute amending or replacing it.

"Section 6.66. Optional Cost Sharing. Without regard to the limitations stated in Article 10 of Chapter 160A of the General Statutes or in any other provision of law, the Council acting for the City may assume such proportion of the total cost of local improvements (including street improvements, sidewalk improvements, curb and gutter, and water and sewer improvements, or any one or more of them) as the Council may from time to time deem appropriate.

"Section 6.67. Water and Sewer Mains Between Streets. Whenever the Council finds it in the public interest, and it will be more economical and the interest of the property owners will best be served by constructing either water or sanitary sewer mains, or both, between streets rather than in a street, the petition may provide therefor, or in the event the water and sanitary sewer mains may be constructed in a street without petition, they may be constructed between streets without petition. The cost of the construction of such water or sewer mains and laterals shall be assessed according to the street frontage in the same manner and to the same extent that it would be assessed if the improvements were constructed in a street, provided that the City shall provide the rights-of-way for construction and maintenance of such mains at its own expense without assessing the cost thereof.

"Section 6.68. Inclusion of More Than One Improvement in Single Proceeding.

(a) Any proceeding may include one or more local improvements on one or more streets, but all improvements included in one procedure shall be practically uniform in cost and kind. A petition may include improvements on only one side of a street.

(b) The petition may provide for making any one or more local improvements in or on a street or streets and for the assessment of the cost thereof, except the City's portion, wholly against the property abutting one side of such street or streets or otherwise against such abutting property as may be designated in the petition in any of the following cases:

(1) In any case where there is park land or unimproved land abutting one side, or a part of one side, of a street.

(2) Where the land abutting one side, or a part of one side of a street, is of such a nature or is devoted to such a purpose that a special assessment against it cannot be made, or, if made would probably exceed the value of the land assessed.

(3) Where the owners of all the property to be assessed agree thereto.

"Section 6.69. The Petition; Certificate of Sufficiency.

(a) Except as otherwise provided in subsection (b) of this section, the petition for any local improvements shall designate by a general description the improvements proposed and shall request that such proportion of the cost of each of such improvements as may be specified in the petition be specially assessed against the property abutting on the street or streets or part thereof in which or on which such improvements are proposed to be made. The petition shall be filed with the City Clerk.

(b) (1) In any case where the improvement is to be made on one side of a street only, the petition shall request that the assessment be made only against the property abutting that side of the street whereon the improvement is to be made.

(2) In any case where it is proposed to assess the cost of any local improvement covering the entire width of a street against the land abutting one side of the street only or against any lands less than all of those abutting the improved portion of the street, such petition shall designate the lands to be assessed.

(c) Except as otherwise provided in subsection (d) of this section, the petition shall be signed by at least a majority in number of the owners, which majority must own at least a

majority of all the lineal feet of frontage of the lands abutting the street or streets or part of a street or streets proposed to be improved, excluding street intersections.

(d) (1) A petition for the making of local improvements on one side of a street only need be signed only by a majority in number of the owners of land abutting the side of the street whereon such improvement is to be made, which majority must own at least a majority of all the lineal feet of frontage of the lands abutting such side of the street, excluding street intersections.

(2) Any petition for the making of any improvements covering the entire width of a street and the assessment of the cost thereof against the land abutting one side of the street only or against any lands less than all of those abutting the improved portion of the street, shall be signed by all of the owners of the lands thus proposed to be assessed.

(e) (1) For the purpose of the petition, all the owners of undivided interests in any land shall be deemed and treated as one person and such land shall be sufficiently signed for when the petition is signed by the owner or owners of a majority in amount of such undivided interest.

(2) For the purpose of this section, the word "owner" shall be considered to include the owners of any life estate, of an estate by entirety, or of the estate of inheritance, and shall not include mortgages, trustees of a naked trust, trustees under deeds of trust to secure the payment of money, lienholders, or persons having inchoate rights of courtesy or dower.

(f) Upon the filing of such petition, the City Clerk shall investigate the sufficiency of the petition, and if it is found to be sufficient, the City Clerk shall certify the same to the Council.

"Section 6.70. When Petition Unnecessary.

(a) No petition shall be necessary for the making of any local improvements for which the City bears the entire cost without assessment.

(b) If, in the judgment of the City Council, the abutting property to be assessed will be benefited in an amount at least equal to the assessment, no petition for local improvement shall be necessary in the cases set forth in subsection (c) through subsection (g) of this section.

(c) Street Paving Improvements. — When, in the judgment of the Council:

(1) Any street or part of a street is unsafe; or

(2) The improvement of a street or part of a street not more than three blocks in length is necessary to connect streets already paved; or

(3) The improvement of a street or part of a street is necessary to connect a paved street, or portion thereof, within the city with a paved highway beyond the city limits; or

(4) The improvement of a street or part of a street is necessary to provide a paved approach to a railroad or street grade separation or any bridge; or

(5) Any street or part of a street should be widened.

(d) Water Main Improvements. — When, in the judgment of the Council, any street or part of a street, or any property within the City, is without a public water supply and can be served, and water service should be provided in the public interest.

(e) Sanitary Sewer Improvements. — When, in the judgment of the Council, any street or part of a street, or any property within the City, is without a public sanitary sewer system and can be served, and sanitary sewer service should be provided in the public interest.

(f) Storm Sewer Improvements. — When, in the judgment of the Council, any street or part of a street, or any property within the City, is without storm sewer facilities, and can be served, and storm sewers should be provided in the public interest.

(g) Sidewalk Improvements. — When, in the judgment of the Council, any street or part of a street is without sidewalks and sidewalks should be provided in the public interest, or that any existing sidewalk is unsafe and should be repaired.

"Section 6.71. Notice of Hearing.

(a) Upon the presentation of a sufficient petition for local improvements, or when it is proposed to make without petition any improvements authorized to be made without petition, a notice shall be prepared by the City Attorney that shall contain substantially the following:

(1) That a sufficient petition has been filed for the making of the improvements, or, if it is proposed to make the improvements without petition, a statement of the reasons proposed for the making thereof;

(2) A brief description of the proposed improvements;

(3) The proportion of the cost of the improvements to be assessed and the terms of payment;

(4) A statement of the time and place of a public hearing on the proposed improvements;

(5) A statement that all objections to the legality of the making of the proposed improvements shall be made in writing, signed in person or by attorney, and filed with the City Clerk at or before the time of the hearing, and that any objections not so made will be waived.

(b) The notice shall be published one time in a newspaper published in the City that is qualified to carry legal notices, or, if there be no such newspaper, the City Clerk shall cause it to be posted in three public places in the City, the date of publication or posting to be not less than five days prior to the date fixed for the hearing. A copy of the notice shall be served upon the owners of the lands subject to assessment for such improvements by certified or registered mail. The certificate of the person designated to mail the notices that such notices were mailed shall be conclusive in the absence of fraud. The mailing of notices shall be completed not less than five days prior to the date fixed for the hearing. The word "owners," as used herein, has the same meaning as in Section 6.69.

"Section 6.72. Public Hearing. At the time for the public hearing, or at some subsequent time to which such hearing shall be adjourned, the Council shall consider objections to the legality of the improvements made in compliance with subdivision (5) of subsection (a) of the preceding section, together with objections to the policy or expediency of the making of the improvements, and the Council shall thereafter determine whether it will order the making of the improvements. Any objections to the legality of the making of the improvements not made in writing, signed in person or by attorney, and filed with the City Clerk at or before the time or adjourned time of the hearing shall be considered as waived; and if any such objection shall be made and shall not be sustained by the Council, the adoption of the resolution ordering the making of the improvements shall be the final adjudication of the issues presented, unless within 10 days after the adoption of the resolution proper steps shall be taken in a court of competent jurisdiction to secure relief.

"Section 6.73. Resolution Ordering Improvements; Publication. After the public hearing, if the Council determines to make the improvements proposed, it shall adopt a resolution that shall contain the following:

(1) If the improvements are to be made by petition, a finding by the Council as to the sufficiency of the petition, which finding shall be final and conclusive.

(2) If the improvements are to be made without petition, a finding by the Council of such facts as are required in order to authorize improvements without petition.

(3) A general description of the improvements to be made and the designation of the street or streets or parts thereof where the work is to be done.

(4) If the improvement directed to be made is the paving of a roadway or part thereof wherein a railroad company has tracks, a direction that said company pave that part of the street occupied by its tracks, the rails of the tracks, and 18 inches in width outside such tracks, with such material and in such manner as the governing body may prescribe, and that unless such paving be completed on or before a day specified in the resolution, the governing body will cause the same to be done. Where such railroad company shall occupy such street or streets under a franchise or contract that otherwise provides, such franchise or contract shall not be affected by this section, except insofar as may be consistent with the provisions of such franchise or contract.

(5) If the improvement directed to be made includes the construction of water mains or sewers, and in order to provide the mains or sewers in the street or streets to be improved it is necessary to extend them beyond the limits of the street or streets, the resolution shall contain a provision for the necessary extension of such mains or sewers and a further provision that the cost of such extension shall eventually be assessed against the lots or parcels of land abutting the street or streets in which such extensions are made but that assessments shall not be made until such time as the Council shall thereafter determine by appropriate resolution.

(6) If the improvement directed to be made is the paving of a roadway or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting the part of the street to be improved, connect his lot by means of laterals with water mains, gas or sewer pipes, or any one or more thereof, located in the street adjacent to his premises in accordance with the requirements governing the laying of laterals, and that unless the owners cause laterals to be laid on or before a date specified in the resolution, the date to be not less than 30 days after the date of the resolution, the Council will cause the same to be laid.

(7) A designation of the proportion of the cost of the improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid.

"Section 6.74. Details of Construction; Contracts for Construction. The Council shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any local improvements and to determine whether any work to be done by the City shall be done by contract or by the City. The Council shall have power also, unless otherwise limited, to determine the number of water, sewer, and gas laterals that shall be laid to any lot on any street to be improved. If the work or any part thereof is to be done by contract, the Council may let all of the work in one contract, or it may divide it into several contracts, and may let contracts separately.

"Section 6.75. Determination as to Cost of Improvements. Upon completion of the improvements, the Council shall ascertain the total cost. In addition to other items of cost, there may be included therein the cost of all necessary legal services, the amount of interest paid during construction, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the determination of damages, and the cost of retaining walls, sidewalks, or fences built or altered in lieu of cash payment for property damage, including the cost of moving or altering any building. The determination of the Council as to the total cost of any improvement shall be conclusive.

"Section 6.76. Preliminary Assessment.

(a) Having determined the total cost, the Council shall make a preliminary assessment. The preliminary assessment shall be advisory only and shall be subject to modification. Except as otherwise provided in subsection (b) of this section, the preliminary assessment shall be as follows:

(1) Roadway paving. The total cost of any roadway paving improvement, excluding the cost incurred at street intersections, shall be specially assessed against the lots and parcels of land abutting the street containing the roadway paved, according to the frontages thereon, by an equal rate per foot of frontage, except that, where the petition so requested, the cost shall be assessed against the lands on one side of the street only or against such lands as were designated in the petition.

(2) Water mains and sewers. The cost of not exceeding an eight-inch water or sanitary sewer main and of not exceeding a 30-inch storm sewer main shall be assessed against the abutting property. Such cost shall be assessed against the lots and parcels of land according to their respective frontages thereon by an equal rate per foot of such frontage or upon such other basis as the Council may determine. If a water or sanitary sewer main in excess of eight inches in size or a storm sewer in excess of 30 inches in size is laid, the excess cost shall be borne by the city. If the resolution ordered the construction of any pumping station, outfall, septic tank, or disposal plant, no part of the cost of the same shall be specially assessed. Nothing contained herein shall be construed to limit the power of the Council to contract with any property owner or owners for the construction of any pumping station, outfall, septic tank, or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract. The entire cost of each water and sewer lateral shall be specially charged against the particular lot or parcel of land for or in connection with which it was constructed, except that the assessments shall be calculated as if the lateral were laid from the center of the street. The cost of installing storm sewers may, however, be assessed as part of the cost of roadway paving.

(3) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting that side of the street upon which the improvement is made according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lot to the curbline of an intersecting street. The total cost of constructing portions of driveways within the street area shall be assessed against the lots for which they are constructed.

(4) Grassplots. The entire cost of grading or otherwise improving or of planting the grassplots in any street or part thereof shall be assessed against the lots and parcels of land abutting the street or part thereof where or whereon the improvements are made by an equal rate per foot front of such frontage, provided that this subsection shall be construed to mean that when a grassplot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting the street within the block where such grassplot is located.

(b) If the petition (or the resolution in those cases where the improvement was ordered made without petition) specified that there should be specially assessed against the abutting property a smaller proportion of the cost of any improvement other than that set forth in subdivision (2) of subsection (a) of this section, there shall be assessed against abutting

property only the proportion of the cost as was specified in the petition or in said resolution. No restriction or denial of access to an abutting street shall affect the levy or collection of any assessment for local improvements.

(c) The cost of paving, water, sewer, and sidewalk improvements upon, in, or to any portion of a right-of-way or any property owned by the State of North Carolina, any agency or subdivision thereof, shall be assessed against the right-of-way or property and shall be paid by the State, its agency, or subdivision.

"Section 6.77. Corner Lot Exemptions. The Council shall have authority to determine the amount and applicability of assessment exemptions for corner lots and to distinguish between different classifications of property uses. The exemptions for water mains and sanitary sewers shall not exceed 150 feet for residential uses and 100 feet for business uses. If the corner formed by two intersecting streets is rounded into a curve or is foreshortened for the purpose of providing sight distance or for any other purpose of construction, the frontage for assessment purposes shall be calculated to the midpoint of the curve or foreshortened corner.

"Section 6.78. Preliminary Assessment Roll. The Council shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot or parcel of land assessed, the amount assessed against each lot, the name or names of the owner or owners of each lot, as far as the same can be ascertained, provided that a map of the improvements on which is shown the frontage and location of each affected lot, together with the amount assessed against each lot and the name or names of the owner or owners thereof, as far as the same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all the improvements authorized by such resolution shall be sufficient, but the cost of each improvement to each lot affected shall be shown separately. After the preliminary assessment roll has been completed, it shall be filed in the office of the City Clerk, and there shall be published in some newspaper published in the City that is qualified to carry legal notices, or if there be no such newspaper, the City Clerk shall cause to be posted in three public places in the City, a notice of the completion of the assessment roll, setting forth a description in general terms of the improvements, the amount of each assessment, and stating the time fixed for the meeting of the Council for the hearing of objections to the special assessments, such meeting to be not earlier than five days after the publication or from the date of posting of said notice. Any number of assessment rolls may be included in one notice.

"Section 6.79. Hearing; Revision; Confirmation; Lien. At the time appointed for that purpose or at some other time to which it may adjourn, the Council shall hear objections to the preliminary assessment roll of all persons interested who may appear and offer proof in relation thereto. Then or thereafter, the Council shall either annul or sustain or modify in whole or in part the assessment, either by confirming the preliminary assessment against any or all lots or parcels described thereon, or by cancelling, increasing, or reducing the same, according to the special benefits that the Council decides each of the lots or parcels has received or will receive on account of the improvements, except that assessments against railroads because of contract or franchise obligations shall be in accordance with such obligations. If any property is omitted from the preliminary roll, the Council may place it on the roll and levy the proper assessment. The Council may thereupon confirm the assessment roll, and the assessments so confirmed shall be in proportion to the special benefits, except in the case of franchise obligations of railroads. Whenever the governing body shall confirm assessments for local improvements, the City Clerk shall enter on the Council minutes and on the assessment roll the date, hour, and minute of confirmation, and from the time of confirmation, the assessments shall be a lien on the property assessed of the same nature and to the same extent as county and City taxes and shall be superior to all other liens and encumbrances. After the assessment roll is confirmed, a copy of the same shall be delivered to the City Tax Collector.

"Section 6.80. Appeal to Superior Court. If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of the assessment, the owner or person interested may, within 10 days after the confirmation of the assessment roll, give written notice to the Council that the owner or person interested takes an appeal to the Superior Court of Alamance County, in which case the owner or person interested shall, within 20 days after the confirmation of the assessment roll, serve on the Mayor or City Clerk a statement of facts upon which the owner or person interested bases the appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied with the amount of the assessment against any property of which that person is the owner or in which that person is interested shall be exclusive.

"Section 6.81. Power to Correct Error in Assessment. If it shall appear after confirmation of any assessment roll that an error has been made, the City Clerk shall cause to be published one time in some newspaper published in the City, or if there be no such newspaper, the City Clerk shall cause to be posted at three public places in the City a notice referring to the assessment roll in which the error was made, naming the owner or owners of the lot or parcel of land affected by the error, if the same can be ascertained, and naming the time and place fixed for a hearing by the Council for the correction of the error, such meeting not to be earlier than 10 days from the publication or from the date of the posting of the notice. At the time fixed in the notice or at some subsequent time to which the Council may adjourn, the Council, after giving the owner or owners of the property affected and other persons interested therein an opportunity to be heard, may proceed to correct the error, and the assessment then made shall have the same force and effect as if it had originally been properly made. No notice and hearing shall be necessary if the correction does not increase an assessment against any property not owned by the City or if all of the property owners affected by the correction waive notice in writing.

"Section 6.82. Reassessment. The Council shall have the power, when in its judgment there is any irregularity, omission, error, or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it, and thereupon to make a reassessment. In such case there shall be included, as a part of the cost of the improvements involved, all interest paid or accrued on notes or certificates of indebtedness, or bonds issued by the City to pay the expenses of such improvement. The proceeding shall, as far as practicable, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

"Section 6.83. Publication of Notice of Confirmation of Assessment Roll. Within 10 days from the confirmation of the assessment roll, the City Clerk shall give notice to all owners of lands to be assessed that the assessment roll has been confirmed, and that assessments may be paid at any time before the expiration of 30 days from the date of such notice, without interest from the date of the confirmation of the assessment roll, but that if such assessment is not paid in full within said time, all installments thereof shall bear interest at the rate of eight percent (8%) per annum from the date of confirmation of the assessment roll. Such notice by the City Clerk shall be given by regular mail. The certificate of the Clerk that such notices have been mailed shall be conclusive in the absence of fraud. (Ord. No. 80-22(a), § 1, 5-6-80)

"Section 6.84. Payment of Assessments in Cash or by Installments. The property owner hereinbefore mentioned in this act shall have the option and privilege of paying for the improvements hereinbefore provided for in cash as provided in the preceding section or in not less than five or more than 10 equal annual installments as may have been determined in the original resolution ordering the improvement or improvements. If paid in installments, such installments shall bear interest at the rate of eight percent (8%) per annum from the date of confirmation of the assessment roll. If any assessment is not paid in cash, the first installment thereof with interest thereon shall become due and payable 30 days after the notice required by the preceding section and one subsequent installment and interest thereon shall be due and

payable on the same day of the same month in each successive year until said assessment is paid in full, provided, however, that if the governing body shall so direct such installments shall become due and payable on the same date when property taxes of the City are due and payable. If any installment with interest thereon is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest. (Ord. No. 80-22(a), § 1, 5-6-80)

"Section 6.85. Enforcement of Payment of Assessments. Upon the failure of any property owner to pay any installment when due and payable, all of the installments remaining unpaid shall immediately become due and payable, and property and rights-of-way may be sold by the City under the same rules, regulations, rights of redemption, and savings as are now prescribed by law for the sale of land for unpaid taxes. Unpaid assessments, interest, and penalties owed by railroad companies and the State of North Carolina, its agencies or subdivisions, may be collected by writs of mandamus issued by the Superior Court of Alamance County. Collection of assessments with interest and penalties may also be made by the City by proceedings to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution, after default in the payment of any installment. The payment of all installments due, together with interest and penalties due thereon and costs, before the lot or parcel of land, against which the same is a lien, is sold or said lien is foreclosed shall bar the right of the City to sell land or to foreclose the lien by reason of default.

"Section 6.86. Assessment of Cost of Water Main and Sewer Extensions. If the resolution ordering the making of any improvement or improvements included a provision for any necessary extension of a water main or sewer or sewers beyond the limit of a street or streets, at such time after the completion of said extension or extensions as, in the judgment of the Council, circumstances justify the assessment of the cost thereof, the Council shall cause a preliminary assessment to be made and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed for other assessments.

"Section 6.87. Apportionment of Assessments. In any case where one or more special assessments have been made, and property has been, or is about to be, subdivided, and it is desirable that the assessments be apportioned among the subdivisions of such property, the Council may, upon application by the owner or owners, apportion the assessments among the subdivisions. Thereafter, each subdivision shall be relieved of any part of the original assessment except the part apportioned to the subdivision, and the part of the original assessment apportioned to any subdivision shall be of the same force and effect as the original assessment.

"Section 6.88. Change of Ownership. No change of ownership of any property or interest therein after the passage of a resolution ordering the making of a local improvement shall affect subsequent proceedings, and the improvement may be completed and assessment made therefor as if there had been no change in ownership.

"Section 6.89. Lands Subject to Assessment. No lands in the City, including railroad company lands and rights-of-way and property of the State of North Carolina, its agencies, or subdivisions shall be exempt from special assessments except lands belonging to the United States that are exempt under the provisions of Federal Statutes, and the Council and the officers, trustees, or boards of all incorporated or unincorporated bodies in whom is vested the right to hold and dispose of real property shall have the right by authority duly given to sign the petition for any local improvements.

"Section 6.90. Proceedings In Rem. All proceedings for special assessments shall be proceedings in rem, and no mistake or omission as to the name of any owner or person

interested in any lot or parcel of land affected thereby shall be regarded as a substantial mistake or omission.

"Section 6.91. Grassplot, Sidewalk, and Driveway Maintenance. It shall be the responsibility of the abutting property owner to maintain any grassplot or driveway between the property line and the curb of a paved street and to maintain in good, passable condition any sidewalk immediately fronting his lot.

"Section 6.92. Council may Hold in Abeyance Certain Water and Sewer Assessments.

(a) The City Council may provide by resolution that assessments levied against abutting lots or parcels of land for water main improvements or sanitary sewer improvements, when in its opinion such improvements may not presently be used by the owner or owners of the abutting lots or parcels of land, may be held in abeyance without the payment of any interest thereon until such time as the Council shall determine that any such assessments shall be paid in accordance with the terms set out in the confirming resolution. A part of the assessments levied for the improvements herein set out on a street or streets, or portion thereof, may be held in abeyance as herein provided without holding all of said assessments in abeyance.

(b) All statutes of limitations are hereby suspended during the time that any assessment is held in abeyance without the payment of interest, as provided in subsection (a) of this section. Such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment, and such action may be brought at any time within 10 years from the date of the adoption of a resolution by the Council, determining that such assessment shall be paid in accordance with the original resolution confirming it.

(c) Nothing herein shall be construed to revive any right of action that has heretofore been barred by the statute of limitations.

"Section 6.93. Abutting Property Outside City Limits. If any lots or parcels of land abutting any local improvements are located outside the city limits, the Council may continue and delay the levy of assessments against such property until the city limits are extended to include such property, or the Council may provide that no water or sewer service connections shall be made to such property, pending the annexation thereof, until all assessments thereon are paid. Upon annexation, if not paid prior thereto, the Council may levy assessments for such local improvements against such property, and the procedure therefor shall be the same as provided in this Charter. Nothing contained in this section shall be construed to prohibit or restrict the City Council and a property owner from entering into an agreement for payment in lieu of assessment.

"CHAPTER VII. MISCELLANEOUS.

"Section 7.01. Settlement of Claims by City Manager. The City Manager shall have authority to settle claims against the City as provided by ordinance."

SECTION 2. The purpose of this act is to revise the Charter of the City of Burlington and to consolidate certain acts concerning the property, affairs, and government of the City. It is intended to continue without interruption those provisions of prior acts that are expressly consolidated into this act so that all rights and liabilities that have accrued are preserved and may be enforced.

SECTION 3. This act does not repeal or affect any acts concerning the property, affairs, or government of public schools or any acts validating official actions, proceedings, contracts, or obligations of any kind.

SECTION 4. The following acts, having served the purposes for which they were enacted or having been consolidated into this act, are expressly repealed:

(1) Chapter 119 of the 1961 Session Laws, Section 1 only.
(2) Chapter 765 of the 1961 Session Laws.
(3) Chapter 828 of the 1963 Session Laws.
(4) Chapter 400 of the 1967 Session Laws.
(5) Chapter 362 of the 1967 Session Laws.

(6) Chapter 479 of the 1967 Session Laws.
(7) Chapter 642 of the 1969 Session Laws.
(8) Chapter 679 of the 1979 Session Laws.
(9) S.L. 2005-30.
(10) S.L. 2010-25.
(11) S.L. 2010-53.

SECTION 5. This act does not repeal by implication any local acts otherwise applicable to the City of Burlington.

SECTION 6. The Mayor and City Council members serving on the date of ratification of this act shall serve until the expiration of their terms or until their successors are elected and qualified.

SECTION 7. This act does not affect any rights or interests that arose under any provisions repealed by this act.

SECTION 8. All existing ordinances, resolutions, and other provisions of the City of Burlington not inconsistent with the provisions of this act shall continue in effect until repealed or amended.

SECTION 9. No action or proceeding pending on the effective date of this act by or against the City of Burlington or any of its departments or agencies shall be abated or otherwise affected by this act.

SECTION 10. Whenever a reference is made in this act to a particular provision of the General Statutes and such provision is later amended, superseded, or recodified, the reference shall be deemed amended to refer to the amended General Statute or to the General Statute that most clearly corresponds to the statutory provision that is superseded or recodified.

SECTION 11. This act is effective when it becomes law.

HOUSE BILL 1212:
Burlington Charter/Revision and Consolidation

2013-2014 General Assembly

Committee:	Senate Ref to State and Local Government. If fav, re-ref to Finance	**Date:**	July 14, 2014
Introduced by:	Reps. S. Ross, Riddell	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Third Edition		

SUMMARY: ***House Bill 1212[1] revises and consolidates the Charter of the City of Burlington.***

CURRENT LAW: The Charter of the City of Burlington is contained in the provisions of 11 local acts of the General Assembly, enacted from 1961-2010.

BILL ANALYSIS: House Bill 1212 contains standard Charter provisions:

- Establishing the City.
- Restating its existing corporate limits.
- Providing for a four-member city council elected at-large in odd-numbered years with staggered four-year terms.
- Providing for two-year terms for the Mayor.

Notable additional provisions of the Charter, that have been included in the City's Charter since it was last revised in 1961, include:

- Sec. 5.03 authority to regulate ambulances and wreckers.
- Sec. 5.51 concerning powers of the Fire Department to destroy property to stop fires.
- Sec. 6.67 procedure for special assessments for water and sewer mains between streets. (formerly Sec. 6.65 of old Charter)

EFFECTIVE DATE: This act is effective when it becomes law.

Giles Perry, counsel to House Government, substantially contributed to this summary.

[1] Sen. Gunn introduced a companion bill, Senate Bill 861. Senate Bill 861 is in Senate State and Local Government Committee.

SENATE BILL 788*

Short Title:	Town of Duck/Eminent Domain.	(Local)
Sponsors:	Senator Cook (Primary Sponsor).	
Referred to:	State and Local Government.	

May 19, 2014

A BILL TO BE ENTITLED

AN ACT TO ALLOW THE TOWN OF DUCK TO EXERCISE THE POWER OF EMINENT DOMAIN FOR PURPOSES OF ENGAGING IN BEACH EROSION CONTROL AND FLOOD AND HURRICANE PROTECTION WORKS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 40A-3(b1) reads as rewritten:

"(b1) Local Public Condemnors – Modified Provision for Certain Localities. – For the public use or benefit, the governing body of each municipality or county shall possess the power of eminent domain and may acquire by purchase, gift or condemnation any property or interest therein, either inside or outside its boundaries, for the following purposes.

(1) Opening, widening, extending, or improving roads, streets, alleys, and sidewalks. The authority contained in this subsection is in addition to the authority to acquire rights-of-way for streets, sidewalks and highways under Article 9 of Chapter 136. The provisions of this subdivision (1) shall not apply to counties.

(2) Establishing, extending, enlarging, or improving any of the public enterprises listed in G.S. 160A-311 for cities, or G.S. 153A-274 for counties.

(3) Establishing, enlarging, or improving parks, playgrounds, and other recreational facilities.

(4) Establishing, extending, enlarging, or improving storm sewer and drainage systems and works, or sewer and septic tank lines and systems.

(5) Establishing, enlarging, or improving hospital facilities, cemeteries, or library facilities.

(6) Constructing, enlarging, or improving city halls, fire stations, office buildings, courthouse jails and other buildings for use by any department, board, commission or agency.

(7) Establishing drainage programs and programs to prevent obstructions to the natural flow of streams, creeks and natural water channels or improving drainage facilities. The authority contained in this subdivision is in addition to any authority contained in Chapter 156.

(8) Acquiring designated historic properties, designated as such before October 1, 1989, or acquiring a designated landmark designated as such on or after October 1, 1989, for which an application has been made for a certificate of appropriateness for demolition, in pursuance of the purposes of G.S. 160A-399.3, Chapter 160A, Article 19, Part 3, effective until October 1, 1989, or G.S. 160A-400.14, whichever is appropriate.

(9) Opening, widening, extending, or improving public wharves.

(10) Engaging in or participating with other governmental entities in acquiring, constructing, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works, including, but not limited to, the acquisition of any property that may be required as a source for beach renourishment.

(11) Establishing access for the public to public trust beaches and appurtenant parking areas.

The board of education of any municipality or county or a combined board may exercise the power of eminent domain under this Chapter for purposes authorized by Chapter 115C of the General Statutes.

The power of eminent domain shall be exercised by local public condemnors under the procedures of Article 3 of this chapter.

This subsection applies only to Carteret and Dare Counties, the Towns of Atlantic Beach, Carolina Beach, Caswell Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Oak Island, Ocean Isle Beach, Pine Knoll Shores,Sunset Beach, Surf City, Topsail Beach, and Wrightsville Beach, and the Village of Bald Head Island. This subsection, excluding subdivision (11) of this subsection, applies to the Town of Duck."

SECTION 2. G.S. 40A-42(a)(2) reads as rewritten:

"(a) ...

(2) Modified Provision for Certain Localities. – When a local public condemnor is acquiring property by condemnation for a purpose set out in G.S. 40A-3(b1)(1), (4), (7), (10), or (11), or when a city is acquiring property for a purpose set out in G.S. 160A-311(1), (2), (3), (4), (6), or (7), or when a county is acquiring property for a purpose set out in G.S. 153A-274(1), (2) or (3), or when a local board of education or any combination of local boards of education is acquiring property for any purpose set forth in G.S. 115C-517, or when a condemnor is acquiring property by condemnation as authorized by G.S. 40A-3(c)(8), (9), (10), (12), or (13) title to the property and the right to immediate possession shall vest pursuant to this subsection. Unless an action for injunctive relief has been initiated, title to the property specified in the complaint, together with the right to immediate possession thereof, shall vest in the condemnor upon the filing of the complaint and the making of the deposit in accordance with G.S. 40A-41.

This subdivision applies only to Carteret and Dare Counties, the Towns of Atlantic Beach, Carolina Beach, Caswell Beach, Duck, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Oak Island, Ocean Isle Beach, Pine Knoll Shores, Sunset Beach, Surf City, Topsail Beach, and Wrightsville Beach, and the Village of Bald Head Island."

SECTION 3. This act is effective when it becomes law.

SENATE BILL 788:
Town of Duck/Eminent Domain

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 14, 2014
Introduced by:	Sen. Cook	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	First Edition		

SUMMARY: Senate Bill 788[1] would permit the Town of Duck to use eminent domain for the purpose of engaging in beach erosion control and flood and hurricane protection works.

CURRENT LAW: Under current law, cities and counties may use the power of eminent domain for the purposes listed in G.S. 40A-3(b), such as constructing city streets, building water and sewer lines, establishing parks, etc.

G.S. 40A-3(b1) provides several coastal counties and towns the following two additional purposes for which they may use the power of eminent domain:

- Beach renourishment.
- Public access to beaches and appurtenant parking areas.

In exercising the power of eminent domain, a city or county may acquire the property by purchase, gift, or condemnation. Article 3 of Chapter 40A provides the procedures by which a county or city may condemn property. Generally, the public condemnor must file a civil action to condemn the property in the superior court in which the land is located and must provide a deposit in the amount estimated by the condemnor to be just compensation for the taking. Compensation is generally the fair market value (FMV) of the property. In the case of a taking of less than an entire tract, compensation is usually the greater of (i) the diminution on value, or (ii) the FMV of the property taken.

In limited circumstances under G.S. 40A-42, the condemnor has the right to immediate possession when the complaint is filed. Beach renourishment and public access to beaches and appurtenant parking areas are included in the limited instances in which the right to immediate possession of the property may occur.

G.S. 40A-3(b1) and G.S. 40A-42(a)(2) currently applies only to Carteret and Dare Counties, the Towns of Atlantic Beach, Carolina Beach, Caswell Beach, Emerald Isle, Holden Beach, Indian Beach, Kill Devil Hills, Kitty Hawk, Kure Beach, Nags Head, North Topsail Beach, Oak Island, Ocean Isle Beach, Pine Knoll Shores, Sunset Beach, Surf City, Topsail Beach, and Wrightsville Beach, and the Village of Bald Head Island.

BILL ANALYSIS: The bill would add the Town of Duck to the list of counties and municipalities that may utilize the power of eminent domain and may acquire property by condemnation for the purpose of engaging in beach erosion control and flood and hurricane protection works.

EFFECTIVE DATE: This act is effective when it becomes law.

Shelly DeAdder with the Research Division substantially contributed to this summary.

Referred to:

May 21, 2014

A BILL TO BE ENTITLED

AN ACT TO REQUIRE MOPEDS TO BE REGISTERED WITH THE DIVISION OF MOTOR VEHICLES AND FOR OPERATORS OF MOPEDS TO HAVE IN FULL FORCE AND EFFECT A POLICY OF FINANCIAL RESPONSIBILITY.

The General Assembly of North Carolina enacts:

SECTION 1. Article 3 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"**§ 20-53.4. Registration of Mopeds.**

(a) Registration. – Mopeds shall be registered with the Division. The owner of the moped shall pay the same base fees and be issued the same type of registration card and plate issued for a motorcycle. In order to be registered with the Division and operated upon a highway or public vehicular area, a moped must meet the following requirements:

(1) The moped has a manufacturer's certificate of origin.

(2) The moped was designed and manufactured for use on highways or public vehicular areas.

(b) Financial Responsibility. – It shall be unlawful to operate a moped on a public street, highway, or vehicular area without having in full force and effect financial responsibility as required by the provisions of Article 9A and Article 13 of this Chapter. The Division shall treat a moped the same as any other motor vehicle for the purposes of compliance with Article 9A and Article 13 of this Chapter."

SECTION 2. G.S. 20-51(9) is repealed.

SECTION 3. G.S. 20-76 is amended by adding a new subsection to read:

"(c) Whenever an applicant for the registration of a moped is unable to present a manufacturer's certificate of origin for the moped, the applicant must submit an affidavit stating why the applicant does not have the manufacturer's certificate of origin and attesting that the applicant is entitled to registration. Upon receipt of the application and accompanying affidavit, the Division shall issue the applicant a registration card and plate. The Division may not require the applicant to post a bond as required under subsection (b) of this section. A person damaged by issuance of the registration card does not have a right of action against the Division."

SECTION 4. G.S. 58-36-3 reads as rewritten:

"**§ 58-36-3. Limitation of scope; motorcycle and moped endorsements allowed; Department of Insurance report.**

(a) The Bureau has no jurisdiction over:

...

(7) Personal excess liability or personal "umbrella" insurance.

(8) Liability insurance and theft or physical damage insurance on mopeds, as defined in G.S. 105-164.3.

(b) Member companies writing motorcycle liability insurance under this Article and writing insurance against theft of or physical damage to motorcycles under Article 40 of this Chapter may incorporate motorcycle theft and physical damage coverage as an endorsement to the liability policy issued under this Article. Member companies writing moped liability insurance or theft and physical damage insurance under Article 40 of this Chapter may incorporate either or both types of insurance as an endorsement to liability and physical damage policies issued under this Article.

...."

SECTION 5. G.S. 58-37-1(6) reads as rewritten:

"(6) "Motor vehicle" means every self-propelled vehicle that is designed for use upon a highway, including trailers and semitrailers designed for use with such vehicles (except traction engines, road rollers, farm tractors, tractor cranes, power shovels, and well drillers). "Motor vehicle" also means a motorcycle, as defined in G.S. 20-4.01(27)d. "Motor vehicle" does not mean a moped, as defined in G.S. 105-164.3. Notwithstanding any other provisions of this Article, liability insurance on a moped is not eligible for cession to the Facility."

SECTION 6. G.S. 58-40-10(1) reads as rewritten:

"(1) "Private passenger motor vehicle" means:

a. A motor vehicle of the private passenger or station wagon type that is owned or hired under a long-term contract by the policy named insured and that is neither used as a public or livery conveyance for passengers nor rented to others without a driver; or

b. A motor vehicle that is a pickup truck or van that is owned by an individual or by husband and wife or individuals who are residents of the same household if it:

1. Has a gross vehicle weight as specified by the manufacturer of less than 14,000 pounds; and

2. Is not used for the delivery or transportation of goods or materials unless such use is (i) incidental to the insured's business of installing, maintaining, or repairing furnishings or equipment, or (ii) for farming or ranching. Such vehicles owned by a family farm copartnership or a family farm corporation shall be considered owned by an individual for the purposes of this section; or

c. A motorcycle, motorized scooter or other similar motorized vehicle not used for commercial purposes. A moped, as defined in G.S. 105-164.3, is not considered a motorcycle, motorized scooter, or other similar motorized vehicle."

SECTION 7. G.S. 58-40-15 reads as rewritten:

"**§ 58-40-15. Scope of application.**

The provisions of this Article shall apply to all insurance on risks or on operations in this State, ~~except:~~except for all of the following:

(1) Reinsurance, other than joint reinsurance to the extent stated in ~~G.S. 58-40-60;~~G.S. 58-40-60.

(2) Any policy of insurance against loss or damage to or legal liability in connection with property located outside this State, or any motor vehicle or aircraft principally garaged and used outside of this State, or any activity wholly carried on outside this ~~State;~~State.

(3) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance ~~policies;~~policies.

(4) Accident, health, or life ~~insurance;~~insurance.

(5) ~~Annuities;~~Annuities.

(6) Repealed by Session Laws 1985, c. 666, s. 43.

(7) Mortgage guaranty ~~insurance;~~insurance.

(8) Workers' compensation and employers' liability insurance written in connection ~~therewith;~~therewith.

(9) For private passenger (nonfleet) motor vehicle liability insurance, automobile medical payments insurance, uninsured motorists' coverage and other insurance coverages written in connection with the sale of such liability insurance; except this Article applies to motor vehicle liability insurance, automobile medical payments insurance, uninsured motorists' coverage, and theft or physical damage insurance on mopeds, as defined in G.S. 105-164.3.

(10) Theft of or physical damage to nonfleet private passenger motor vehicles; except this Article applies to insurance against theft of or physical damage to motorcycles, as defined in ~~G.S. 20-4.01(27)d.; and~~G.S. 20-4.01(27)d.

(11) Insurance against loss to residential real property with not more than four housing units located in this State or any contents thereof or valuable interest therein and other insurance coverages written in connection with the sale of such property insurance. Provided, however, that this Article shall apply to insurance against loss to farm dwellings, farm buildings and their appurtenant structures, farm personal property and other coverages written in connection with farm real or personal property; travel or camper trailers designed to be pulled by private passenger motor vehicles unless insured under policies covering nonfleet private passenger motor vehicles; residential real and personal property insured in multiple line insurance policies covering business activities as the primary insurable interest; and marine, general liability, burglary and theft, glass, and animal collision insurance except when such coverages are written as an integral part of a multiple line insurance policy for which there is an indivisible premium.

The provisions of this Article shall not apply to hospital service or medical service corporations, investment companies, mutual benefit associations, or fraternal beneficiary associations."

SECTION 8. The Joint Legislative Transportation Oversight Committee shall study whether additional statutory changes are needed to ensure the safe operation of mopeds. The report shall include data on (i) the number of mopeds involved in traffic accidents, (ii) the number and types of injuries resulting from traffic accidents involving mopeds, and (iii) the causes for the traffic accidents involving mopeds. The Committee shall report its findings, together with any recommended legislation, to the 2015 Regular Session of the General Assembly upon its convening.

SECTION 9. Section 8 is effective when it becomes law. The remainder of this act becomes effective December 1, 2014, and applies to offenses committed on or after that date.

HOUSE BILL 1145:
Insurance & Registration Required for Mopeds

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 15, 2014
Introduced by:	Reps. Shepard, R. Brown, Millis	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	PCS to Fifth Edition H1145-CSTD-51		

SUMMARY: ***House Bill 1145 would require that mopeds be registered with the Division of Motor Vehicles and that operators of mopeds have liability insurance. The PCS makes a technical change to this provision and clarifies that the registration fee for mopeds does not include the $3 fee paid by motorcycle registrants for the Motorcycle Safety Instruction Program.***

The PCS also removes the provisions that add Elizabethtown and Matthews to the State Health Plan.

CURRENT LAW: A moped is defined as a vehicle that has two or three wheels, no external shifting device, and a motor that does not exceed 50 cubic centimeters piston displacement and cannot propel the vehicle at a speed greater than 30 miles per hour on a level surface (G.S. 105-164.3). Mopeds are not generally treated as motor vehicles under State laws (G.S. 20-4.01(23)). Mopeds are not required to be registered (G.S. 20-51(9)), inspected (G.S. 20-183.2), or insured (G.S. 20-309), and are not subject to property tax (G.S. 105-330.1) or highway use tax (G.S. 105-187.3). Mopeds are subject to sales tax.

Operators must be at least 16 years old to operate a moped on a highway or public vehicular area (G.S. 20-10.1) but are not required to be licensed (G.S. 20-8). Operators are subject to the same requirements as operators of motorcycles with regard to carrying passengers and wearing a helmet – the number of passengers may not exceed the number the vehicle was designed to carry, and the operator and passengers must wear helmets that comply with federal standards (G.S. 20-140.4).

BILL ANALYSIS: House Bill 1145 would require that mopeds be registered with the Division of Motor Vehicles and that operators of mopeds have liability insurance.

Registration: House Bill 1145 would repeal the current registration exemption that applies to mopeds and require that mopeds be registered with the Division of Motor Vehicles (DMV). The registration fee would be the same as the base fee for motorcycles, which is currently $15. The bill would require that a moped have a manufacturer's certificate of origin, and only mopeds designed and manufactured for highway use could be registered with DMV and operated on a highway or public vehicular area. An applicant who is unable to provide a manufacturer's certificate of origin would be required to provide an affidavit stating why a certificate is not available and attesting that the applicant is entitled to register the vehicle. By virtue of current law, failure to register a moped would be a Class 2 misdemeanor (G.S. 20-176).

Insurance: House Bill 1145 would make it unlawful to operate a moped on a street or highway without having liability insurance coverage. Companies writing moped liability insurance or theft and physical damage insurance would be authorized to incorporate both types of insurance as an endorsement to liability and physical damage policies. Liability insurance on a moped would not be eligible for transfer to the North Carolina Motor Vehicle Reinsurance Facility, and a moped would not be considered a private passenger motor vehicle for purposes of the regulation of insurance rates.

Study: Section 8 of the bill would direct the Joint Legislative Transportation Oversight Committee to study further statutory changes related to mopeds. As part of the study, the Committee is directed to

examine the number of mopeds in accidents, the injuries resulting from moped accidents, and the causes for accidents involving mopeds.

EFFECTIVE DATE: The provisions of the bill related to the State Health Plan are effective when the bill becomes law. The provisions of the bill related to mopeds would become effective December 1, 2014, and apply to offenses committed on or after that date.

Brenda Carter, counsel to House Transportation, and Trina Griffin, counsel to House Finance, substantially contributed to this summary.

BILL SUMMARY: HB 1145 modifies the titling, registration, and financial responsibility requirements for mopeds.

Sections 1 and 2 repeal the current exemptions for mopeds, subjecting them to similar titling and registration requirements as motorcycles under Chapter 20 of the North Carolina General Statutes, and further requiring financial responsibility for the lawful operation of a moped.

Section 3 requires submission of an affidavit concerning registration eligibility in lieu of demonstration of the manufacturer's certificate of origin for a moped, when the certificate is unavailable.

Sections 4 through 7 modify Chapter 58 of the North Carolina General Statutes to authorize liability insurance and theft and physical damage insurance for mopeds.

Section 8 requires the Joint Legislative Oversight Committee to examine additional policy changes for the safe operation of mopeds and to report its findings to the 2015 Regular Session of the General Assembly.

Section 9 authorizes Elizabethtown and Matthews to enroll employees in the teachers' and state employees' comprehensive major medical plan.

Section 10 makes the titling, registration, and financial responsibility requirements effective December 1, 2014, and the remainder of the act upon enactment.

ASSUMPTIONS AND METHODOLOGY: HB 1145 subjects mopeds, defined by G.S. 105-164.3(22) as two or three-wheeled motorized vehicles with piston displacement of less than 50 cubic centimeters and maximum speed of 30 miles per hour, to similar registration and titling requirements as motorcycles. Only mopeds which are designed and manufactured for use on highways or public vehicular areas may be registered and operated. This requirement is assumed to exclude other low speed vehicles such as "pocket bikes" or "motor scooters" which are not recognized by the National Highway Traffic Safety Administration and do not meet federal safety standards for use on public roads.

There is presently no reliable data to indicate the number of vehicles in operation within the state which meet both criteria of 1) manufacture for use on highways and 2) piston displacement of less than 50 cubic centimeters. However, based on a survey of retailers, the Division of Motor Vehicles estimates that approximately 8,000 mopeds are sold annually with a potential population of 17,000 vehicles currently in operation. Therefore, this analysis assumes that 25,000 mopeds could be registered and titled during FY 2014-15, with 8,000 mopeds registered and titled annually thereafter. These estimates also assume stable growth, as there is no estimate for the number of vehicles that may be removed from operation.

Highway Fund, Highway Trust Fund, and Other Revenues:

Registration Fee: Per G.S. 20-87(6), base motorcycle registration fees are either $15.00 or $22.00, depending upon the attached equipment (e.g. sidecar). Assuming the base fee of $15.00 and an initial registration of 25,000 mopeds, registration revenues could approach $375,000 during the

first year of implementation. Revenues could increase by $120,000 thereafter based on registration renewals and continued sales growth. Registration fees are credited to the Highway Fund.[1]

An additional $3.00 fee is remitted to the North Carolina Community College System to fund the Motorcycle Safety Instruction Program (G.S. 115D-72). Based on estimated registrations, $75,000 could be credited to the Community College System in the first year, potentially increasing by $24,000 annually thereafter.

Certificate of Title: Per G.S. 20-85(a)(1), the fee for a certificate of title is $40.00. Collections are distributed as follows: $1.00 is credited to the Highway Fund; $0.50 is credited to the Mercury Pollution Prevention Account in the Department of Environment and Natural Resources; and the remaining $38.50 is credited to the Highway Trust Fund. Potential certificate of title collections and remittances based on the assumed titling of 25,000 mopeds in the first year and 8,000 annually thereafter are shown in Table 1.

Table 1. Certificate of Title Fees (G.S. 20-85)[2]

	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19
Highway Trust Fund	$ 962,500	$ 308,000	$ 308,000	$ 308,000	$ 308,000
Highway Fund	$ 25,000	$ 8,000	$ 8,000	$ 8,000	$ 8,000
DENR – Mercury Pollution Prevention Account	$ 12,500	$ 4,000	$ 4,000	$ 4,000	$ 4,000

No estimates are available for potential revenues from the assessment of late penalties, requests for duplicate registrations, duplicate titles, replacement plates, registration transfers, etc. as authorized by Chapter 20 of the General Statutes.

Division of Motor Vehicles (DMV)

DMV projects that ten additional law enforcement personnel will be required to perform physical examinations of vehicles to validate authenticity and compliance with federal safety standards, as well as other processing requirements resulting from HB 1145. Estimated recurring personnel ($642,883) and operating ($173,760) costs for the License & Theft Bureau total $816,643.

Costs would also be incurred for materials (i.e. plates, registration stickers, etc.), postage, and payments to license plate agents. DMV estimates that roughly 60% of transactions will be performed by license plate agents, 20% will be processed through mail or internet channels, and 20% will be performed by the State-operated registration offices. License plate agents will be compensated for each combined title and registration transaction at $2.43 and at $1.43 for each registration renewal pursuant to G.S. 20-63. Estimated materials, postage, and agent compensation costs total $68,725.

Department of Transportation - Information Technology

[1] This analysis does not address applicable Regional Transit Authority and Piedmont Authority Regional Transportation taxes for moped registrations.

[2] This analysis assumes that all title and registration transactions for existing mopeds will be completed within the remaining seven months of FY 2014-15.

According to the Department of Transportation - Information Technology section (DOT-IT), modifications to the State Titling and Registration System (STARS), Crash Reporting System (CRS) in-house data entry application, North Carolina Traffic and Criminal Software (NC TraCS) System road-side/field data entry application, and Electronic Crash Reporting System (ECRS) third-party data entry application are necessary to implement the proposed requirements. Principal modifications to STARS include:

- Modification of titling functions, including lien recording and printing;
- Coding to generate the affidavit required during titling;
- Modification of registration functions relating to the issuance, renewal, exchange, and transfer of plates;
- Revision of appropriate tables to add new body style, vehicle use, and plate categories for mopeds;
- Modifications to mail-in and internet renewal processes;
- Modifications for on-line dealer (TRIVIN and CVR) systems to support STARS changes.

DOT-IT estimates implementation costs of $108,000 for these modifications, representing 1,200 projected hours of contractual labor at a rate of $90.00 per hour. Existing resources will be used to support any additional implementation and recurring application maintenance/support requirements.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2013

Legislative Actuarial Note

BILL NUMBER: House Bill 1145 (Fifth Edition)

SHORT TITLE: Insurance & Registration Required for Mopeds.

SPONSOR(S):

SYSTEM OR PROGRAM AFFECTED: State Health Plan for Teachers and State Employees (Plan).

FUNDS AFFECTED: State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverage's selected by eligible former employees; premium payments for coverages selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

BILL SUMMARY: Section 9 of the Fifth Edition allows the towns of Matthews and Elizabethtown to enroll their employees and dependents in the Plan. No one would be eligible for coverage as a retiree of either town. We have assumed that the two towns would participate under the same conditions as other local governments currently in the Plan, including:

- Each town shall determine the eligibility of its employees and their dependents and what portion of premiums the employees will pay.
- The total premiums paid to the Plan will be the same as the fully contributory premiums for State employees.

EFFECTIVE DATE: Section 9 of the Fifth Edition is effective when it becomes law.

ESTIMATED IMPACT ON STATE:

Elizabethtown

The Segal Company, the actuary for the Plan, estimates the following net financial impact on the Plan due to adding Elizabethtown:

Fiscal Year:	FY 2014-15	FY 2015-16	FY 2016-17
Net Financial Impact:	$52,000	$74,000	$79,000

The Segal Company based its estimates on Elizabethtown's existing premiums and plan design and a 150% assumption for adverse selection, i.e. that towns will typically seek to join the Plan when their costs are anticipated to increase.

Hartman & Associates, the actuary for the General Assembly, estimates that the overall impact of adding Elizabethtown will not be material to the Plan. Hartman & Associates noted that the premiums the town is currently paying for similar coverage are quite a bit lower than the average premium they would pay under the Plan. The town is not allowed to continue coverage at the current premiums because under the federal Affordable Care Act, premiums for small employers can no longer reflect positive (or negative) experience of the group for plan years starting in 2014.

Matthews

The Segal Company estimates the following net financial impact on the Plan due to adding Matthews:

Fiscal Year:	FY 2014-15	FY 2015-16	FY 2016-17
Net Financial Impact:	$154,000	$219,000	$235,000

The Segal Company based its estimates on the demographic structure of the employee group and the assumptions of adverse selection discussed above.

Hartman & Associates estimates a net financial impact on the Plan due to adding Matthews of $80,000 to $250,000 per year. Hartman & Associates noted that current premiums indicate a high cost group.

Other Comments on Impact

The additional cost impact of the bill would be expected to impact total claims growth by less than one hundredth of a percent (0.01%) for the 2014-2015 fiscal year. Because the bill does not provide coverage to retirees of either town, it does not impact the State's liability for Other Post-Employment Benefits (OPEB).

ASSUMPTIONS AND METHODOLOGY: The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

Data Submitted by Elizabethtown: The Segal Company and Hartman & Associates based their respective analyses in part on a Distribution of Participants schedule submitted by the town. The schedule below reflects the age and sex demographic data for employees and dependents of the town. Complete claims experience data is typically not available for an employer of this size. However, the town did note that the total premiums for its current coverage range from $367 per month for employee-only coverage to $1,372 for family coverage and provided details on the benefits in its current program, which include:

- Co-pays of $25 for primary care providers and $50 for specialists (preventive care is free)
- In-network deductibles of $1,000 for an individual and $2,000 for a family
- 80% coinsurance for most in-network inpatient and outpatient services up to a maximum of $2,000 for an individual or $4,000 for a family
- Prescription drug co-pays for a 30-day supply of $10 for generics and $35 for preferred brands

Distribution of Participants - Elizabethtown

TOTAL	100	33	133	27	22	49

Hartman & Associates also based its analysis on the premiums and plan provisions of the coverage currently offered by the town. While the town offers two plans, the vast majority of employees choose the Blue Options HSA plan. Total premiums under that plan are $455 per month for employee-only coverage, $602 per month for employee-child coverage and $838 per month for employee-children coverage. The major benefit provisions include in-network deductibles of $2,700 for an individual and $5,450 for a family. The deductibles apply to all goods and services covered by the plan and 100% of costs are covered after the deductible is met.

Summary Information and Data about the Plan

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Starting in 2014, benefit and premium changes are typically effective at January 1. The Plan's PPO benefit design includes three alternative benefit levels listed below:

1) The "Traditional" 70/30 plan that offers higher out-of pocket requirements in return for lower employee and retiree premiums without needing to complete wellness activities,

2) The "Enhanced" 80/20 plan that offers lower out-of-pocket requirements with higher employee and retiree premiums, which can be lowered by completing wellness activities, and

3) The Consumer-Directed Health Plan (CDHP) that applies deductibles and co-insurance to all services and offers lower employee and retiree premiums if one completes wellness activities

Medicare-eligible retirees are offered three alternative plans:

1) The "Traditional" 70/30 plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,

2) "Base" Medicare Advantage Prescription Drug Plans (MA-PDPs) from a choice of two carriers, Humana or United Healthcare, that are actuarially equivalent to the "Enhanced" 80/20 Plan and apply in-network out-of-pocket requirements at out-of-network providers

3) "Enhanced" MA-PDPs, identical to the "Base" MA-PDPs, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2014:

Active Employees and Non-Medicare Retirees

Wellness Plans

	Employer Share	Employee/Retiree Share	
		Complete All Wellness Activities *	Complete No Wellness Activities
Enhanced 80/20 Plan	$448.11	$13.56	$63.56
Consumer-Directed Health Plan	$448.11	$0.00	$40.00

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	$448.11	$0.00

* Members receive credits for each activity. We have shown all or none for simplicity.

Medicare Retirees

Medicare Advantage Plans

	Employer Share	Employee/Retiree Share
MA-PDP Base Plan	$348.25	$0.00
MA-PDP Enhanced Plan	$348.25	$33.00

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	$348.25	$0.00

Dependents

	All Dependents are Non-Medicare			One or More Medicare Dependents		
	Enhanced 80/20	CDHP	Traditional 70/30	MA-PDP Base	MA-PDP Enhanced	Traditional 70/30
Employee/Retiree + Children	$272.80	$184.60	$205.12	$114.50	$147.50	$145.94
Employee/Retiree + Spouse	$628.54	$475.68	$528.52	$114.50	$147.50	$383.72
Employee/Retiree + Family	$666.38	$506.64	$562.94	$229.00	$295.00	$418.10

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2013-14, employers contribute 5.40% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately $834 million.

Financial Condition

Projected Results for CY 2014 and CY 2015 – The following summarizes projected financial results for 2014 and 2015, based on financial experience through December, 2013 and enrollments for January, 2014. The projection assumes an 8.5% annual claims growth trend, benefit provisions and member-paid premiums as currently adopted by the Board, and assumed premium increases in 2015 based on the maximum annual employer premium for FY 2014-15.

	($ millions) Projected CY 2014	Projected CY 2015
Beginning Cash Balance	$838.4	$819.9
Receipts:		
Net Premium Collections	$2,910.7	$2,996.6
Medicare Part D / EGWP Subsidies	$36.0	$38.0
Investment Earnings	$3.3	$3.1
Total	$2,950.0	$3,037.8
Disbursements:		
Net Medical Claim Payment Expenses	$1,982.2	$2,124.5
Net Pharmacy Claim Payment Expenses	$640.2	$635.3
Medicare Advantage Premiums	$157.8	$196.9
Administration and Claims-Processing Expenses	$188.4	$214.4
Total	$2,968.6	$3,171.2
Net Operating Income (Loss)	($18.6)	($133.4)

Of the premiums paid in CY 2014, an estimated $2.0 billion is derived from General Fund sources and an estimated $0.1 billion is derived from Highway Fund sources.

Other Information

Additional assumptions include Medicare benefit "carve-outs," cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Claim cost trends are expected to increase at a rate of 8.5% annually according to the Plan's consulting actuary. The active population is projected to decline by 1% per year and the retired population is projected to increase by 1% per year.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED: Department of Public Safety; Administrative Office of the Courts; Office of Indigent Defense Services.

EFFECTIVE DATE: July 1, 2015

TECHNICAL CONSIDERATIONS:

None

FISCAL IMPACT SUMMARY:

The proposed bill may have a fiscal impact to address a new chargeable offense being enforced, adjudicated and having penalties applied to those convicted of the new offense. However, given there is no historical data on this new offense, or similar offenses to use as a proxy for predicting the total number of new offenses, the Fiscal Research Division cannot reasonably estimate the total additional costs that may be incurred. The following costs may be incurred for every one person charged and convicted of this crime:

- Administrative Office of the Courts: $88 per disposition

- Indigent Defense Services: $182 in district court
  $359 in superior court without a trial
  $847 in superior court with a trial
- Community Corrections: Minimum of $1,606

Please see the Assumptions and Methodology section for additional information.

BILL SUMMARY:

Section 1 requires mopeds to register with the Division of Motor Vehicles. Registrants must have a manufacturer's certificate of origin and be designed and manufactured for use on the highway or public vehicular areas. Violations of this section are a Class 2 misdemeanor.

ASSUMPTIONS AND METHODOLOGY:

General

The Sentencing and Policy Advisory Commission prepares prison population projections for each bill containing a criminal penalty. The Commission assumes for such bills that expanding existing or creating new criminal offenses produces no deterrent or incapacitative effect on crime. Therefore, the Fiscal Research Division does not assume deterrent effects for any criminal penalty bill.

S.L. 2011-192 (H.B. 642), the Justice Reinvestment Act (JRA), made changes to North Carolina's court system, corrections system (both to prisons and probation), and to post-release supervision. The Act also created a statewide confinement program for housing misdemeanants with sentences of less than 180 days in county jails. Previously, county jails were only required to house misdemeanants with sentences of 90 days or less. In addition, all F-I felons are now subject to nine months of post-release supervision (PRS). B1-E felony PRS has been increased from nine months to twelve months. Due to the lack of historical data about JRA implementation, it is not possible to estimate the number of prison beds that may be needed as a result of revocations.

Since the bill creates a new offense, the Sentencing Commission does not have any historical data from which to estimate the impact of this bill on the prison population. It is not known how many offenders might be convicted and sentenced under the new statute.

Judicial Branch

The Administrative Office of the Courts provides Fiscal Research with a fiscal impact analysis for most criminal penalty bills. For such bills, fiscal impact is typically based on the assumption that court time will increase due to anticipated increases in trials and corresponding increases in workload for judges, clerks, and prosecutors. This increased court time is also expected to result in greater expenditures for jury fees and indigent defense.

Section 1 of the bill creates a new Class 2 misdemeanor offense. Because this is a new offense, AOC does not have historical data upon which to estimate the number of charges that might occur. AOC provides estimates of the average cost to the court for a charge by offense class. For every additional person charged with a Class 2misdemeanor the average cost to the court would be $88.

The Office of Indigent Defense Services (IDS) provides Fiscal Research with a fiscal impact analysis for criminal penalty bills that will result in greater expenditures for indigent defense. IDS estimates that the cost of a new Class 2 misdemeanor will be $182 per case for a private appointed counsel (PAC) attorney in district court. In superior court, IDS estimates that the cost would be $359 if the case does not go to trial

and $847 if it does. These estimates assume the appointment of a PAC attorney. In districts that have Public Defender offices, cases may be handled by those offices. In those instances, these costs may not be incurred.

Department of Public Safety –Prison Section

This bill creates a new Class 2 misdemeanor offense. The North Carolina Sentencing and Policy Advisory Commission expects no impact on the prison population because offenders who receive active sentences of less than 180 days will serve them in the local jail. Therefore, the Department of Public Safety does not anticipate an impact on prison custody projections.

Department of Public Safety – Community Correction Section

All misdemeanor classes, offenders may be given non-active (intermediate or community) sentences exclusively, or in conjunction with imprisonment (split-sentence). Sanctions include electronic house arrest, community service, substance abuse treatment, participation in educational or vocational skills development, payment of court costs, fines, and restitution, and short-term jail sentences not exceeding six days per month.

All types of post-release supervision, including intermediate or community sanctions, are supervised by the Community Corrections Section (CCS); CCS also oversees community service. General post-release supervision and supervision of intermediate and community offenders by a probation officer costs $123.50 per offender, per month; no cost is assumed for those receiving unsupervised probation, or who are only ordered to pay fines, fees, or restitution. Total costs are based on average supervision length and the percentage of offenders (per offense class) sentenced to active sentences requiring post-release supervision, intermediate sanctions and supervised probations.

In FY 2012-13, 31 percent of Class 2 misdemeanor offenders received active sentences; one percent received intermediate sentences; and 68 percent received community punishments. Active misdemeanor sentences of less than 180 days are served in local jails and do not require any post-release supervision. The average lengths of intermediate and community punishment imposed for this offense class were 15 and 13 months, respectively. Therefore, at a minimum, one conviction resulting from Section (bill section) of this bill will require at least 13 months of supervision. The cost of 13 months of supervision is $1,606 per offender ($123.50 per month times 13 months).[1]

SOURCES OF DATA: Department of Public Safety; Administrative Office of the Courts; North Carolina Sentencing and Policy Advisory Commission; Office of Indigent Defense Services.

TECHNICAL CONSIDERATIONS: None

FISCAL RESEARCH DIVISION: (919) 733-4910

PREPARED BY: John Poteat

APPROVED BY:

[1] Due to the effective date of December 1, 2014 and the typical lag time between charge and conviction (6 months), little impact is assumed for CCS in FY 2014-15. Though some offenders may come under CCS supervision during this time, this note assumes an even entry over the course of FY 2015-16.

Adjournment

Senate Committee on Finance
Wednesday, July 16, 2014 at 1:00 PM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 1:00 PM on July 16, 2014 in Room 544 of the Legislative Office Building. Thirty-three members were present.

Senator Bob Rucho, Chair, presided.

HB 1245 - Pleasant Garden Annex/Watha Deannex.

Senator Wade was recognized to explain the bill which would annex a parcel of land constituting of approximately 26.2 acres into the corporate limits of the Town of Pleasant Garden. It would deannex a parcel of land from the corporate limits of the Town of Watha. Senator Tillman moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 101 - Special License Plate Development Process.

Senator Rabon was recognized to explain the bill and moved to adopt the proposed committee substitute (PCS) for discussion. The motion carried. The PCS would reenact the 116 special registration plates that expired on July 1, 22013, until October 1, 2014. It would authorize four existing or reauthorized plates to be on a full-color background, assuming the organization obtains the minimum number of required paid applications before their authorization expires. Finally, it would create a new process for establishing or reenacting special registration plates that require and organization to obtain the minimum number of paid applications and submit the total payment to DMV prior to seeking legislation authorizing the plate. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS, the summary, and the fiscal memo is attached.

HB 1033 - Special Assessment/Dam Repair.

Senator McLaurin was recognized to explain the bill which would authorize counties to impose a special assessment for a dam repair if the dam meets certain conditions. The authority would expire July 1, 2019. Senator Hise moved for a favor report and the motion carried. A copy of the bill and the summary is attached.

HB 1224 - Local Sales Tax Options/Econ. Devpt. Changes.

Senator Gunn was recognized to explain the bill. Senator Rabon moved to adopt the PCS for discussion and the motion carried. Part I of the PCS would authorize counties to use the proceeds of a portion of the local option sales and use tax for public transportation or for public education, and would cap the overall total local sales and use tax rate at two and one-half (2 ½%). Part II would expand the eligibility criteria for the Job Maintenance and Capital

Development Fund (JMAC). Part III would create the Job Catalyst Fund inside the Department of Commerce. Part IV would provide an additional $14 million to the Job Development Investment Grant cap for the 2013-2015 biennium and would provide limited flexibility with respect to the impact of JCF grants on the cost/benefit analysis required for JDIG grants. Dan Ettefagh, committee counsel, was recognized to explain Part VI and answer questions. Trina Griffin, committee counsel, was recognized to explain Part I. Johanna Reese, Director of Government Relations for the Association of County Commissioners, was recognized to voice concern about the PCS and to request a Revenue Laws study of the issues. Erin Wynia, Regulatory and Legislative Issues manager for the League of Municipalities, was recognized to express concerns about the effect of limiting flexible uses of funds. Senator Hise moved for a favorable report and the motion carried. A copy of the PCS, the summary and the fiscal memo is attached.

SB 763 - Revenue Laws Tech. Changes and Other Changes.

This bill was removed from the agenda.

The meeting adjourned at 1:43 p.m.

A BILL TO BE ENTITLED

AN ACT ADDING CERTAIN DESCRIBED PROPERTY TO THE CORPORATE LIMITS OF THE TOWN OF PLEASANT GARDEN AT THE REQUEST OF THE PROPERTY OWNER AND THE TOWN; AND REMOVING CERTAIN DESCRIBED PROPERTY FROM THE CORPORATE LIMITS OF THE TOWN OF WATHA.

The General Assembly of North Carolina enacts:

SECTION 1.(a) The following described property is added to the corporate limits of the Town of Pleasant Garden:

That certain tract or parcel of land lying and being situate in Guilford County, North Carolina, more particularly described in Deed Book 2849, Page 887, Guilford County Register of Deeds as follows:

BEGINNING at an iron stake in the eastern right-of-way line of N.C. Highway 22, said point being the southwest corner of that tract conveyed to Frank M. Plunkett et ux by deed recorded in Book 2456, page 444, in the Office of the Register of Deeds of Guilford County, North Carolina, and running thence from said beginning point, and with the south line of Jesse R. Hawkins, South 85° 04' East 250.0 feet to an iron stake, Hawkins' southeast corner; thence again with Hawkins' line North 06° 28' East 100.0 feet to an iron stake in George Jackson's south line; thence with George Jackson's line South 85° 04' East approximately 1,416.5 feet to an oak tree, a corner with Lora L. Harris; thence with the Harris line South 01° 00' West 700.0 feet to an iron stake; thence a new line with the Grantors North 85° 04' West approximately 1,666.5 feet to an iron stake in the eastern right-of-way line of N.C. Highway 22; thence northwardly with the eastern right-of-way line of said road 600.00 feet to the point of BEGINNING, containing 26.2 acres more or less, and being the northern portion of the First Tract described in that deed from Cameron L. Tucker to W. Charles Kirkman, recorded in Book 124, page 40, Guilford County Registry, and devised to Robert L. Kirkman by the Will of W. Charles Kirkman. Said property being known as 4591 Alliance Church Road, Pleasant Garden, North Carolina; Guilford County Tax Parcel ID Number 0130818.

SECTION 1.(b) The property described in Section 1(a) of this act is being added to the corporate limits of the Town of Pleasant Garden at the request of the property owner and the Town and therefore is a voluntary annexation of the property.

SECTION 1.(c) This section becomes effective July 1, 2014.

SECTION 2.(a) The following described property is removed from the corporate limits of the Town of Watha:

Located in Union Township, Pender County, North Carolina adjacent to and West of the paved centerline of U.S. Highway No. 117, adjacent to and East of the Eastern

right-of-way line of Interstate Highway No. 40 and being more fully described as follows, to wit:

BEGINNING at a point in the paved centerline of U.S. Highway No. 117, said point being located along said line at a point that is North 32 degrees 40 minutes 32 seconds West 710.405 feet (said point having N.C. Grid Coordinates: N=334,595.63' & E=2,319,710.56' NAD 83/NSRS 2007) from N.C. Grid Monument "CHERRY" which as N.C. Grid Coordinates of N=333,997.65' & E=2,320,094.10 and CF=0.99992975.3 (NAD 83/NSRS 2007); and running thence from the Beginning so located, along an old marked line South 44 degrees 56 minutes 03 seconds West 2,260.33 feet (passing over an existing iron stake in line at 75.92 feet) to an existing iron pipe in the Eastern right-of-way line of Interstate Highway No. 40; thence with said right-of-way line North 09 degrees 01 minutes 04 seconds West 43.49 feet to an existing concrete right-of-way monument in line; thence continuing with said road right-of-way line North 09 degrees 26 minutes 49 seconds West 402.66 feet to an existing iron stake in said line; thence continuing with said road right-of-way line North 09 degrees 26 minutes 25 seconds West 557.706 feet to an existing iron pipe that marks the Southwestern corner of the Town of Watha land shown on a map recorded in Map Book 48, at Page 83 of the Pender County Registry; thence along the Southeastern line of said lands North 43 degrees 28 minutes 17 seconds East 512.95 feet to an existing iron pipe that marks the Southeastern corner of said Town of Watha lands; thence with the Betty Crumpler line North 44 degrees 15 minutes 04 seconds East 986.79 feet to an existing 1 inch square iron stake; thence continuing with the Betty Crumpler line North 42 degrees 17 minutes 02 seconds East 632.61 feet to an existing nail and cap in the paved centerline of U.S. Highway No. 117; thence with said paved centerline of U.S. Highway No. 117 South 12 degrees 49 minutes 19 seconds East 389.98 feet to the point of beginning of a curve to the left in said roadway; thence continuing with the curved paved centerline of said road as it curves to the left the following chord courses and distances: South 13 degrees 40 minutes 40 seconds East 122.78 feet, South 16 degrees 15 minutes 03 seconds East 101.20 feet, South 19 degrees 19 minutes 52 seconds East 100.65 feet and South 23 degrees 36 minutes 10 seconds East 129.57 feet to an existing "PK" Nail in said road centerline that is directly above the center of a large box concrete culvert that accommodates the waters of Powell's Pond Branch beneath the roadway; thence continuing with said road centerline South 26 degrees 55 minutes 51 seconds East 142.35 feet to the Beginning, containing 39.669 acres, more or less after the exclusion of the portion of U.S. Highway No. 117 (150 foot wide right-of-way) contained within the above-described boundaries and is as surveyed by Daniel H. Thompson, NCPLS No. L-2174 of Burgaw, North Carolina during April 2013. As a reference to the described tracts, see Deed Book 1379, at Page 68, Deed Book 632, at Page 64 – Tracts 1 and 2, Deed Book 2161, at Page 310 and Deed Book 3209, at Page 003 of the Pender County Registry. Also, see Map Book 40, at Page 34, Map Book 52, at Page 43 and Map Book 48, at Page 83 each recorded in the Office of the Pender County Register of Deeds. That the above-described tract of real property is shown on survey map entitled "Annexation Map To The Town of Watha, North Carolina" as prepared by Daniel H. Thompson, NCPLS on April 25, 2013 and recorded in Map Book 55, at Page 68 in the Office of the Pender County Register of Deeds, State of North Carolina.

SECTION 2.(b) This section has no effect upon the validity of any liens of the Town of Watha for ad valorem taxes or special assessments outstanding before the effective date of this section. Such liens may be collected or foreclosed upon after the effective date of this section as though the property were still within the corporate limits of the Town of Watha.

SECTION 2.(c) This section becomes effective June 30, 2014.

SECTION 3. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 1245:
Pleasant Garden Annex/Watha Deannex

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 16, 2014
Introduced by:	Reps. Hardister, Faircloth	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Second Edition		

SUMMARY: House Bill 1245 would:

- ***Annex a parcel of land constituting approximately 26.2 acres into the corporate limits of the Town of Pleasant Garden.***
- ***Deannex a parcel of land from the corporate limits of the Town of Watha. Senate Finance approved the same provision to deannex this parcel in H1080 on 6/19/15.***

CURRENT LAW: Under Section 1 of Article VII of the NC Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Annexation is a method by which municipalities alter their boundaries. The municipality must follow the statutorily prescribed steps in order to add an area into its boundaries. The municipality must provide, or contract to provide, basic services to the area. These services include police protection, fire protection, solid waste collection and the extension of water and sewer lines to the area. North Carolina law sets forth four basic ways in which a municipality may annex an area.

- Voluntary Annexation. – The owners of all real property in an area contiguous to the municipality desiring to be annexed sign a petition requesting annexation.
- Voluntary Satellite Annexation. – The owners of all real property in the area desiring to be annexed sign a petition requesting annexation, if it otherwise meets the statutory requirements.
- Municipal-Initiated Annexation subject to a referendum. – The municipality initiates annexation proceeding, pursuant to statutory requirements.
- Legislative Act. – The General Assembly has the authority to extend the boundaries of any municipality.
- Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which governs municipal annexations. The General Assembly has not enacted any method for municipalities to *deannex* property — that power remains with the General Assembly.

BILL ANALYSIS: Section 1 of the bill would annex a parcel of land constituting approximately 26.2 acres into the corporate limits of the Town of Pleasant Garden.

Section 2 of the bill would deannex a parcel of land consisting of approximately 39.669 acres from the corporate limits of the Town of Watha. The act also provides that it does not affect the validity of any liens of the Town of Watha for outstanding ad valorem taxes or special assessments.

EFFECTIVE DATE: Section 1 would become effective July 1, 2014. Section 2 would become effective June 30, 2014.

Kelly DeAdder with the Research Division substantially contributed to this summary.

Referred to:

February 14, 2013

A BILL TO BE ENTITLED

AN ACT TO REAUTHORIZE EXPIRED SPECIAL REGISTRATION PLATES, TO AUTHORIZE ADDITIONAL SPECIAL REGISTRATION PLATES TO BE ON A BACKGROUND OTHER THAN THE "FIRST IN FLIGHT" BACKGROUND, AND TO ESTABLISH A PROCESS BY WHICH PERSONS OR ORGANIZATIONS MUST OBTAIN A MINIMUM NUMBER OF PAID APPLICATIONS PRIOR TO OBTAINING LEGISLATIVE APPROVAL FOR THE DEVELOPMENT OF A SPECIAL REGISTRATION PLATE.

The General Assembly of North Carolina enacts:

SECTION 1.(a) Any special registration plate authorized under G.S. 20-79.4 that expired as a matter of law on July 1, 2013, pursuant to G.S. 20-79.8, is reenacted. The corresponding provisions for fees under G.S. 20-79.7(a1) and (b) and any other corresponding requirements for the plates under G.S. 20-81.12 are also reenacted. A special registration plate reenacted under this section is subject to the requirements of G.S. 20-63(b1) if the plate is authorized to be on a background other than a "First in Flight" background.

SECTION 1.(b) This section is effective when it becomes law. A special registration plate reenacted by this section shall expire, as a matter of law, on October 1, 2014, if the required number of applications for the special registration plate has not been received by the Division of Motor Vehicles by that date. The notification procedure and the responsibilities of the Revisor of Statutes for a special registration plate that expires pursuant to this subsection shall be in accordance with G.S. 20-79.8 except that the notification date shall be no later than October 15, 2015. The Division shall not accept applications for nor advertise any special registration plate that has expired pursuant to this subsection.

SECTION 2. G.S. 20-63(b1) reads as rewritten:

"(b1) The following special registration plates do not have to be a "First in Flight" plate as provided in subsection (b) of this section. The design of the plates that are not "First in Flight" plates must be developed in accordance with G.S. 20-79.4(a3). For special plates authorized in G.S. 20-79.7 on or after July 1, 2013, the Division may not issue the plate on a background under this subsection unless it receives at least 200 applications for the plate in addition to the applications required under G.S. 20-79.4 or G.S. 20-81.12.

SECTION 3.(a) Article 3 of Chapter 20 of the General Statutes is amended by adding a new statutory section to read:

"**§ 20-79.3A. Requirements to establish a special registration plate.**

(a) Minimum Number of Paid Applications. – An applicant under this section is a person, organization, or other legal entity seeking authorization to establish a special registration plate for a motor vehicle or a motorcycle. An applicant must obtain the minimum number of paid applications from potential purchasers before submitting a Special Registration Plate Development Application to the Division. A "paid application" means an application completed by a potential purchaser and submitted to the applicant requesting purchase of the

special registration plate being proposed by the applicant plus payment of the proposed additional fee amount. The minimum number of paid applications is as follows:

(1) 300 for a special registration plate on a standard background described in G.S. 20-63(b).

(2) 500 for a special registration plate on a background authorized under G.S. 20-63(b1).

(b) Application. – An applicant must submit all of the items listed in this subsection to the Division by February 15 in order for a bill authorizing the special registration plate to be considered for approval during the legislative session being held that year. The Division shall consider an application received after February 15 for approval in the legislative session that begins in the year following the submission date. The application items must include:

(1) A completed Special Registration Plate Development Application.

(2) A fee equal to number of paid applications received by the applicant, which shall be no less than the minimum number of paid applications required under subsection (a) of this section, multiplied by the proposed additional fee amount stated on the Special Registration Plate Development Application submitted by the applicant.

(c) Report to General Assembly. – On or before March 15 of each year, the Division shall submit to the chairs of the House and Senate Transportation Committees, the chairs of the House and Senate Finance Committees, and the Research Division of the General Assembly a report that identifies each applicant that has applied for a special registration plate to be authorized in the legislative session being held that year and indicates whether the applicant met the requirements of this section. If an applicant meets the requirements of this section, then a bill may be considered during the legislative session being held that year to authorize a special registration plate for the applicant that submitted the application.

(d) Legislative Approval. – If a special registration plate requested under this section is approved by law, the applicant must submit all of the following items to the Division no later 60 days after the act approving the plate becomes law. If the applicant fails to timely submit the items required under this subsection, the authorization for the special registration plate shall expire in accordance with G.S. 20-79.8(a1). The items to be submitted are:

(1) The final artwork for the plate. The Division must review the artwork to ensure it complies with the standardized format established by G.S. 20-79.4(a3).

(2) A list of purchasers who submitted to the applicant a paid application for the special registration plate and any additional fees submitted by potential purchasers to the applicant after submission of the Special Registration Plate Development Application.

(e) Legislative Disapproval. – If the special registration plate is not authorized in the legislative session in which the authorization was sought, the Division shall refund to the applicant the fee submitted under subdivision (2) of subsection (b) of this section.

(f) Issuance. – Within 180 days after receipt of the requester's design and the minimum number of paid applications, the Division shall issue the special registration plate.

SECTION 3.(b) This section becomes effective October 1, 2014, and applies to requests for the establishment of new special registration plates on or after that date, or to requests for the reenactment of special registration plates for which the authorization expired on or after that date.

SECTION 3.(c) Notwithstanding the deadlines established in G.S. 20-79.3A(b) and (c), as enacted by this act, the Division shall accept through April 1, 2015, Special Registration Plate Development Applications and shall report the list of qualified applicants to the General Assembly in accordance with G.S. 20-79.3A(c) by May 1, 2015, for a bill to be

considered during the 2015 Regular Session of the 2015 General Assembly authorizing a special registration plate requested by an applicant.

SECTION 4.(a) The Division of Motor Vehicles shall develop an application form for use by an applicant to be completed by potential purchasers of a proposed special registration plate. The form must include an explanation of the application process, the fees that must be submitted to the applicant with the application, and the refund process. Specifically, the form must state that the applicant, and not DMV, is responsible for collecting the fees and for refunding the fees to potential purchasers if the request for a special registration plate is not approved by the General Assembly. The form must also include space for the applicant to provide identifying information of the person or organization seeking the special registration plate and point of contact information.

SECTION 4.(b) This section is effective when it becomes law. The Division of Motor Vehicles must, by October 1, 2014, develop the form required by this section and make it available on the Division's website along with an explanation of the special registration plate application process established under this act.

SECTION 5.(a) The Division of Motor Vehicles shall develop a Special Registration Plate Development Application Form for use by an applicant seeking to establish or to reauthorize a special registration plate. The form shall require the following information:

(1) The applicant's identifying information, including point of contact information.

(2) A description of the proposed plate, including a draft copy of the proposed plate design in substantially final form that conforms to the specifications set by the Division.

(3) The proposed fee for the plate, which must be a minimum of ten dollars ($10.00) that is remitted to the Special Registration Plate Account. If an applicant is proposing a fee in excess of the amount remitted to the Special Registration Plate Account, the applicant must state the additional fee amount and describe the proposed use of the additional fee proceeds.

(4) The name of at least one current member of the General Assembly who would sponsor legislation to authorize the special registration plate.

(5) A statement that must be signed by the applicant indicating that the applicant has obtained the minimum number of paid applications and will submit the list of purchasers and the final artwork to the Division within 60 days of legislation authorizing the requested special registration plate becoming law.

SECTION 5.(b) This section is effective when it becomes law. The Division of Motor Vehicles must, by February 1, 2015, develop the form required by this section and make it available on the Division's website. The Division must, by February 1, 2015, make the necessary programming changes to be able to accept Special Registration Plate Development Applications in accordance with this act.

SECTION 6. G.S. 20-79.8 reads as rewritten:

"**§ 20-79.8. Expiration of special registration plate authorization.**

(a) ~~Expiration.~~ Expiration of Plates Authorized Prior to October 1, 2014. – A special registration plate authorized after July 1, 2011, and before October 1, 2014, pursuant to G.S. 20-79.4 shall expire, as a matter of law, on July 1 of the second calendar year following the year in which the special plate was authorized if the number of required applications for the authorized special plate has not been received by the Division. The Division shall not accept applications for nor advertise any special registration plate that has expired pursuant to this section.

(a1) Expiration of Plates Authorized On or After October 1, 2014. – A special registration plate authorized on or after October 1, 2014, pursuant to G.S. 20-79.4, shall expire as a matter of law upon an applicant's failure to submit to the Division all of the items required

under G.S. 20-79.3A(d) within 60 days of the act approving the special registration plate becoming law. The Division shall not accept applications for nor advertise any special registration plate that has expired pursuant to this section.

(b) Notification. – The Division shall notify the Revisor of Statutes in writing, not later than ~~July 15~~ August 1 of each year, which special registration plate authorizations have expired as a matter of law pursuant to subsection (a) of this section. The Division shall publish a copy of the written notification sent to the Revisor of Statutes pursuant to this subsection on a Web site maintained by the Division or the Department of Transportation.

(c) Revisor of Statutes Responsibilities. – Upon notification of expiration of the authorization for any special registration plate by the Division pursuant to this section, the Revisor of Statutes shall verify that the authorization for each special registration plate listed has expired and shall notate ~~such~~ the expiration in the applicable statutes. If an authorization for a special registration plate listed in G.S. 20-79.4 expires, the Revisor of Statutes shall revise the subdivision referring to the special registration plate to leave the name of the special registration plate authorized and the date the special registration plate's authorization expired. If an authorization for a special registration plate listed in G.S. 20-79.4 expires, the Revisor of Statutes shall also make corresponding changes to reflect the expiration of the special registration plate's authorization, if applicable, in G.S. 20-63(b), 20-79.7, and 20-81.12."

SECTION 7. The Revenue Laws Study Committee is directed as follows as it relates to registration plates:

(1) To identify whether the process for requests to establish or reauthorize special registration plates under this act requires any modifications and to examine the costs incurred by the Division of Motor Vehicles to administer special registration plates.

(2) To study whether certain governmental entities should have different eligibility or renewal requirements for permanent registration plates; to study whether non-governmental entities should be eligible for permanent plates and, if so, what the criteria should be; and to examine the costs incurred by the Division of Motor Vehicles to administer permanent registration plates.

The Committee shall report its findings, together with any recommended legislation, to the 2015 Regular Session of the General Assembly upon its convening.

SECTION 8. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 101:
Special License Plate Development Process

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 15, 2014
Introduced by:	Reps. S. Martin, Howard, Moffitt, Setzer	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	PCS to First Edition H101-CSSVf-64		

SUMMARY: ***The Proposed Committee Substitute for House Bill 101 does the following:***

- ***It reenacts the 116 special registration plates that expired on July 1, 2013, until October 1, 2014.***
- ***It authorizes 4 existing or reauthorized plates to be on a full-color background, assuming the organization obtains the minimum number of required paid applications before their authorization expires.***
- ***It creates a new process for establishing or reenacting special registration plates that requires an organization to obtain the minimum number of paid applications and submit the total payment to DMV prior to seeking legislation authorizing the plate.***

CURRENT LAW: North Carolina offers approximately 150 special license plates. The process for developing a special license plate is not codified or published; an organization usually contacts a legislator or DMV to find out what the process is.

Generally speaking, an organization seeking a special license plate must find a legislative member to sponsor a bill authorizing the plate. Once the legislation is enacted, an organization must contact DMV for the next steps of the process. DMV may assist the organization with developing a form or will direct the organization to develop the form itself to give to potential purchasers who want to apply for the plate. An organization must then collect the minimum number of paid applications and develop the artwork for the plate. Once DMV has the list of purchasers, the payment by those purchasers, and the final artwork, it will proceed with developing the plate. Over the years, there have been many more authorizations for plates than actual plates that are developed, either due to an inability to meet the minimum number of applications or lack of knowledge about the process.

Upon application and payment of the required registration fees, a person may obtain from the Department of Motor Vehicles (DMV) a special registration plate for a motor vehicle registered in that person's name if the person qualifies for the registration plate. The issuance of most authorized plates is contingent upon the receipt by DMV of at least 300 applications for the particular plate if it is on a standard "First in Flight" background and at least 500 applications if it is on a full-color background.

As a general rule, the fee for a special registration plate is the regular vehicle registration fee, which is $28, plus a $10 special registration plate fee. The $10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, $1.3 million is appropriated to provide operating assistance for Visitor Centers. The remaining revenue in the account is transferred quarterly to the Department of Commerce for advertising (33%), the Department of Transportation for highway beautification (50%), and the Department of Human Resources to promote travel accessibility for disabled persons (17%).

BILL ANALYSIS:

Temporary Reauthorization of Expired Plates

In 2011, the General Assembly created a mechanism by which special license plate authorizations would expire if the sponsoring organization had not obtained the minimum number of paid applications within two years of the plate being authorized or within two years of the passage of that legislation for plates authorized prior to July 1, 2011. On July 1, 2013, the authorization for 116 special license plates expired.[1] At least one of the organizations has indicated that it subsequently obtained the minimum number of paid applications.

Section 1 of the bill would reauthorize the expired plates until October 1, 2014. This extension would allow an organization that has obtained the required number of paid applications to proceed with the development of its plate. For any organization that does not submit the required number of paid applications to DMV by October 1, 2014, the authorization for the plate will expire on that date.

Authorize Additional Plates on Full-Color Background

In order for a plate to be on a background other than the "First in Flight" background (referred to as a "full-color plate"), it must be authorized under G.S. 20-63(b1). In 2013, the General Assembly began requiring organizations seeking a full-color plate to obtain an additional 200 paid applications, or a total of 500 paid applications.

Section 2 of the bill adds four plates to the list of plates that are authorized to be on a full-color background. Two of the plates, Native Brook Trout and Red Drum, were authorized last year. Those plates have until July 1, 2015, to obtain 500 paid applications in order for the plate to be produced. Otherwise, the authorization will expire. The other two plates, S.T.A.R. and Alpha Phi Alpha, are plates being reenacted by this bill. They have until October 1, 2014, to obtain 500 paid applications or the authorization will expire.

New Special License Plate Development Process

Section 3 of the bill establishes a new process for establishing or reauthorizing special license plates. This would codify the process and require DMV to explain the process on its website so that the public is aware of the process. The new process would be similar to the current process, except that the timing shifts as to when a requesting organization must obtain the minimum number of paid applications. The new process would become effective October 1, 2014.

The new process would operate as follows:

Step 1: Organization Obtains Paid Applications

An organization seeking a plate would obtain a form from DMV to be completed by potential purchasers. DMV must make this form available on its website by October 1, 2014 **(Section 4)**. The form will explain the application process and the fees that must be remitted to pre-pay for the plate. The organization must collect the minimum number of applications and payment from potential purchasers.

This step is similar to what happens now except that the organization must obtain the applications and payment after the General Assembly has authorized the plate.

Step 2: Organization Submits Development Application & Pre-Payment to DMV

[1] A list of expired plates appears at the end of this Bill Analysis.

Once an organization has obtained the minimum number of paid applications, it must submit to DMV a Special Registration Plate Development Application along with a single payment representing the total pre-payment received from potential purchasers. The deadline for submission would be February 15 in order for a bill to be considered in the legislative session being held that year. If an organization submits the application after February 15, a bill would be considered in the following year.

Organizations make this same payment to DMV now but only after legislation has been approved and once they have obtained the minimum number of paid applications from potential purchasers. The Special Registration Plate Development Application would be a new form that DMV must develop and make available on its website by February 1, 2015 **(Section 5)**. The form would require the organization to provide identifying information, point of contact information, a description of the proposed plate, the proposed fee for the plate, the name of at least one current member of the General Assembly who would sponsor legislation authorizing the plate, and sign a statement indicating that it has obtained the minimum number of paid applications.

At this point, an organization should have made contact with a legislator about sponsoring a bill to authorize the proposed plate. This bill does not restrict a member's ability to introduce legislation for a particular plate at any time within the filing deadlines.

Step 3: DMV Reports to General Assembly

By March 15 of each year, DMV would send to the Transportation and Finance chairs of both houses, as well as the Research Division, a list of the applicant-organizations that submitted an application and the required payment. The General Assembly may consider a bill during that year's session to authorize a special plate for those applicant-organizations.

Step 4: General Assembly Approves or Does Not Approve Bill

The General Assembly may approve, disapprove, or not take action on a bill authorizing a special license plate that applied in accordance with this process.

This step is the same as what happens now in that the General Assembly currently has discretion to approve, disapprove, or not take action on a bill authorizing a particular plate.

Step 5: Organization Submits Artwork & List of Purchasers to DMV

If the General Assembly approves the plate, the organization has 60 days within the bill becoming law to submit the artwork and list of purchasers to DMV or the authorization will expire **(Section 6)**. DMV will apply pre-payment at that time. If the General Assembly does not authorize the plate, DMV must refund the payment to the organization, and the organization is responsible for refunding the fees to each of the purchasers.

Step 5: DMV Issues Plate

DMV has 6 months to develop a plate that met all of the necessary requirements.

Deadline Extension for 2015 Session

Section 3(c) extends the deadlines for the first year that the new process would be in place to allow DMV to create and implement the new forms and the application process and to afford members and organizations an opportunity to become aware of and participate in the new process. In order for a bill to be considered in the 2015 Regular Session authorizing a new plate, an organization would have until April 1, 2015 to submit an application to DMV. DMV must report the list of applicant-organizations to the General Assembly by May 1, 2015.

Study of Special Registration Plates and Permanent License Plates

Section 7 of the bill directs the Revenue Laws Study Committee to study the new process for special registration plates, as well as the costs incurred by DMV to administer the special plates, and to study the eligibility criteria for permanent license plates and report its findings and recommendations to the 2015 General Assembly.

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
Special Registration Plate Account; Division of Motor Vehicles

EFFECTIVE DATE: Sections 3 & 4 are effective October 1, 2014. Remainder is effective upon enactment.

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY:

Section 1: Reauthorizes special registration plates which expired July 1, 2013. This reauthorization under current issuance procedure expires October 1, 2014 if the minimum number of applications is not received by the Division of Motor Vehicles (DMV) by that date.

Section 2: Authorizes four special registration plates – Native Brook Trout, Red Drum, S.T.A.R., and Alpha Phi Alpha – with non-standard backgrounds.

Section 3: Establishes a new process for the collection and pre-payment of applications for a new special registration plate, effective October 1, 2014. Minimums of 300 or 500 applications are required for plate production on standard and non-standard backgrounds, respectively.

Application and pre-payment of the proposed plate fees to DMV are required by February 15th of each year; however, an extended application window (April 1, 2015 deadline) is given for consideration in the 2015 Regular Session. DMV must subsequently report these applications to the General Assembly no later than March 15th, or May 1, 2015 for the 2015 calendar year.

Should the General Assembly disapprove of the plate authorization, DMV must refund the pre-paid fees. If the authorization is enacted, production and issuance must be completed within 180 days of receipt of the plate design and minimum paid applications.

Section 4: Requires DMV to publicize the application and fee collection processes by October 1, 2014.

Section 5: Requires DMV to develop a new Special Registration Plate Development Application Form and make necessary modifications to information technology systems to accept these forms by February 1, 2015.

Section 6: Establishes an expiration date for plates authorized between July 1, 2011 and October 1, 2014 and provides that an authorization made on or after October 1, 2014 expires if the applicant fails to submit all required items within 60 days of enactment of that authorization.

Section 7: Directs the Revenue Laws Study Committee to examine further modifications to special registration plate and permanent registration plate policies, and to examine DMV administrative costs.

Section 8: Unless otherwise provided, makes these changes effective upon enactment.

ASSUMPTIONS AND METHODOLOGY:

Special Registration Plate Account: Fiscal Research cannot project the potential impact on special registration plate demand due to the proposed application minimums and procedural changes. However, because the bill advances the collection of special registration plate fees and does not materially alter the fee structure, Fiscal Research does not anticipate significant revenue impacts for the Special Registration Plate Account (SRPA).

Section 5 maintains the current $10.00 standard remittance to the SRPA, from which DMV is authorized to deduct funds to support the costs of special registration plate production and issuance. Receipts in excess of these costs are then allocated pursuant to G.S. 20-79.7(c) for:

a) Visitor center operating grants ($1,300,000);

b) Travel and industrial development advertising by the Department of Commerce (33% of remaining funds);
c) Highway beautification by the Department of Transportation (50% of remaining funds); and
d) Promotion of travel accessibility by the Department of Health and Human Services (17% of remaining funds).

Consequently, any increase in application frequency could generate additional revenue for the programs enumerated above.

Division of Motor Vehicles: Because DMV is currently authorized to deduct the costs incurred for program administration, including personnel, plate manufacture, and issuance, resultant costs will be offset with collected receipts. Additionally, due to the structuring of application timing, an initial fluctuation in employee workload is expected to implement this new process. However, Fiscal Research anticipates that these workload fluctuations may be accommodated through existing personnel within the Special Plates Unit. Should resultant workload warrant the addition of a full-time equivalent position, DMV may initiate establishment under current policy (i.e. G.S. 143C-6-4 and G.S. 143C-6-6) and subject to the approval of the Office of State Budget and Management.

Department of Transportation – Information Technology (DOT-IT): Based on the existing workload of the State Titling and Registration System (STARS) team and proposed effective date, DOT-IT projects that contract labor will be necessary to implement the proposed tracking, reporting, and fee collection requirements. DOT-IT projects 990 development hours at an approximate cost of $84,150.

HOUSE BILL 1033
Committee Substitute Favorable 6/18/14
Committee Substitute #2 Favorable 6/25/14

Short Title: Special Assessment/Dam Repair. (Public)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE A COUNTY TO IMPOSE A SPECIAL ASSESSMENT FOR REPAIR OF A DAM.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-210.1 is amended by adding a new subsection to read:

"(a1) Purpose of Dam Repair. – The General Assembly finds that dam repair is a public purpose promoting flood control and public safety."

SECTION 2. G.S. 153A-210.1(b) reads as rewritten:

"(b) Sunset. – This Article expires July 1, 2015. For projects authorized in G.S. 153A-210.2(a1), this Article expires July 1, 2019. The expiration does not affect the validity of assessments imposed or bonds issued or authorized under the provisions of this Article prior to the effective date of the expiration."

SECTION 3. G.S. 153A-210.2 is amended by adding a new subsection to read:

"(a1) Dam Repair Project. – The board of commissioners of a county may make special assessments as provided in this Article against property that is contiguous to a lake, and benefits from access to the same lake, for the purpose of repairing the dam of that lake. The provisions of this subsection only apply to a privately owned dam formerly used for textile mill purposes, forming a lake between 225 and 325 acres in area."

SECTION 4. This act is effective when it becomes law.

HOUSE BILL 1033:
Special Assessment/Dam Repair

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 16, 2014
Introduced by:	Rep. Goodman	**Prepared by:**	Heather Fennell
Analysis of:	Third Edition		Committee Counsel

SUMMARY: ***House Bill 1033 would authorize counties to impose a special assessment for dam repair if the dam meets certain conditions. The authority would expire July 1, 2019.***

[As introduced, this bill was identical to S766, as introduced by Sen. McLaurin, which is currently in Senate Ref to State and Local Government. If fav, re-ref to Finance.]

CURRENT LAW: In 2008, the General Assembly gave counties and cities the opportunity to use special assessments on benefitted property as a financing tool for long-term capital projects. The authority was set to expire July 1, 2013. Last year, the General Assembly extended the sunset date to July 1, 2015. At that time, no unit of local government had yet used this method of financing.

Assessment-based financing may be used for any purpose for which project development financing may be used. Those purposes include water and sewer systems, public transportation facilities, school facilities, gas systems, electric systems, industrial parks, parks and recreation facilities, and streets and sidewalks. Special assessments may be pledged as additional security for project development financing debt instruments as well as revenue bond financing debt instruments. If the assessment is pledged to secure financing, the city or county must covenant to enforce the payment of assessments.[1] Special assessments must be paid in annual installments over a period not to exceed 30 years.

A county or city may only impose special assessments if it receives a petition for the project to be financed through assessments that meets a two-prong test:

- The petition must be signed by a majority of the owners of the property assessed.
- And those owners must represent ownership of at least 66% of the assessed value of the property to be assessed.[2]

The county board of commissioners or city must adopt a preliminary assessment resolution that describes the project, the proposed basis for making the assessment, and information concerning the cost of the work and the terms of payment of the assessment. The proposed basis for making the assessment method most accurately assess property according to the benefits conferred upon it by the project for which the assessment is made. The county or city must hold a public hearing on the matter, prepare a preliminary assessment roll, and publish a confirmation of the assessment roll once it is adopted. An owner of property against which an assessment is made may file a notice of appeal to the General Court of Justice if the owner is dissatisfied with the amount of the assessment.

---

[1] Unpaid assessments bear interest at a rate fixed in the assessment resolution. A county or city may foreclose assessment liens under procedures provided by law for the foreclosure of property tax liens.

[2] For example, if there are 21 owners involved and 10 hold 67% of the assessed value of the property to be assessed, at least one of the other 11 owners would have to sign the petition for the county or city to be able to impose the special assessments. Likewise, if 21 owners are involved and one owner owns 67% of the assessed value of the property, that one owner would have to be one of the signatures on the petition for the county or city to impose the special assessments.

BILL ANALYSIS: House Bill 1033 would authorize counties to make special assessments against property that is contiguous to a lake and benefits from access to the lake for the purpose of repairing the dam of that lake. This authority applies only to a privately-owned dam formerly used for textile mill purposes forming a lake between 225 and 325 acres in area.

EFFECTIVE DATE: This act is effective when it becomes law and the authorization for the use of the assessment procedure for dam repair would expire on July 1, 2019. The expiration would not affect the validity of any assessments imposed or bonds issued prior to the effective date of the expiration.

Giles Perry, counsel to House Government, substantially contributed to this summary.

BILL SUMMARY:

Part I of the PCS enacts Article 43A, the Local Option Sales Tax for Education, and modifies existing local sales tax articles, Article 43 and Article 46. Part II of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund. Part III of the PCS would create the Job Catalyst Fund inside the Department of Commerce. Part IV would provide an additional $14M to the JDIG cap for the 2013-2015 biennium.

ASSUMPTIONS AND METHODOLOGY:

PART I LOCAL OPTION SALES TAX FOR EDUCATION

HB 1224 creates Article 43A. Article 43A grants local jurisdictions the authority to levy an additional sales ta designated for education. The bill also limits the maximum local sales tax rate to 2.5% in all but two counties, Durham County and Orange County, where the local rate is currently 2.75%. Table 1 below highlights the fiscal impact of enacting Article 43A at the maximum possible rate during the 2015-16 fiscal year.

Table 1. Maximum Sales and Use Tax Levy and Additional Revenue under Article 43A, by County, Fiscal Year 2015-16

PART II JMAC MODIFICATIONS

While the PCS to House Bill 1224 broadens eligibility for the JMAC program and increases total award capacity to $79 million, the legislation does not expressly require this capacity to be used.

However, Commerce has relayed to the Fiscal Research Division that the impetus for JMAC program expansion is the retention of Evergreen Packaging in Haywood County. If the PCS is enacted, Commerce plans to award the company a JMAC in FY 2014-15 and structure the contract for the company to receive a total of $12 million over six fiscal years, with payments of $2 million annually (FY 2015-16 through FY 2020-21). Committing this award would absorb the remaining available $12 million JMAC award capacity ($79 million permissible award capacity proposed in the PCS less $67 million utilized liability to-date for awards to Bridgestone, Goodyear and ⁻)mtar).

Existing JMAC statutes limit a grant period to up to 10 years and restrict the annual cost of any one award to no more than $6 million. Regardless of whether Commerce's plans for Evergreen Packaging become reality, if the PCS is enacted, then JMAC will have $12 million worth of unutilized award capacity. If fully utilized, cost implications range between $1.2 million a year for 10 years and $6 million a year for two years, which would require future General Fund appropriations.

PART III JOB CATALYST FUND

This section of the bill establishes the Fund, but has no fiscal impact since the PCS does not provide the Fund with 1) an appropriation or 2) a threshold under which awards are authorized to be committed.[1]

PART IV JDIG MODIFICATIONS

This section of the bill increases the 2013-15 fiscal biennium award capacity for the Job Development Investment Grant program by $14 million. Given that grant terms can be up to 12 years, the PCS generates an additional maximum liability for the program of $168 million (actual payments are based on company performance).

SOURCES OF DATA: Commerce; North Carolina Department of Revenue

TECHNICAL CONSIDERATIONS: None

[1] Other economic development grant programs are permitted a certain award capacity threshold under which to make grant commitments; examples include the Job Development Investment Grant program, One North Carolina Fund, and JMAC.

HOUSE BILL 1224
PROPOSED SENATE COMMITTEE SUBSTITUTE H1224-CSMCx-34 [v.18]

7/16/2014 12:14:30 PM

Short Title: Local Sales Tax for Education/Econ. Dev Chngs. (Public)

Sponsors:

Referred to:

May 28, 2014

A BILL TO BE ENTITLED

AN ACT TO LIMIT THE TOTAL LOCAL GOVERNMENT SALES AND USE TAX RATE TO TWO AND ONE-HALF PERCENT; TO ALLOW COUNTIES TO USE A PORTION OF THE PROCEEDS OF THE LOCAL GOVERNMENT SALES AND USE TAX FOR PUBLIC TRANSPORTATION OR FOR PUBLIC EDUCATION; AND TO MAKE VARIOUS CHANGES TO TAX AND ECONOMIC DEVELOPMENT LAWS.

The General Assembly of North Carolina enacts:

PART I. LOCAL OPTION SALES TAX FOR EDUCATION

SECTION 1.1 Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 43A.

"County Sales and Use Tax for Public Education.

"**§ 105-512.1. Short title; purpose.**

This Article is the Local Government Sales and Use Tax for Public Education. Article 43 of this Chapter and this Article give the counties of this State an opportunity to obtain an additional source of revenue with which to meet their needs. A county may choose to use this source of revenue to finance local public transportation systems, as provided in Article 43 of this Chapter, or for public education needs, as provided in this Article. A tax levied under this Article may not be in effect in a county at the same time as a tax levied under Article 43 of this Chapter.

"**§ 105-512.2. Levy.**

(a) Referendum. – A tax levied under this Article must be approved in a referendum. The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county at a rate of up to one-half percent (1/2%). The applicable rate must meet all of the conditions listed in this subsection. The election shall be held in accordance with the procedures of G.S. 163-287. The conditions are:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would result in a total local sales and use tax rate in the county of two and one-half percent (2½%).

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

'[ ] FOR [ ] AGAINST

Local sales and use tax at the [applicable rate stated in both words and as a percentage] in addition to the current local sales and use taxes, to be used only for public education.'

(c) Authority. – If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of commissioners of the county may, by resolution and after 10 days' public notice, levy a local sales and use tax at the rate specified in the ballot.

"**§ 105-512.3. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Article 43A of Chapter 105 of the General Statutes." G.S. 105-468.1 is an administrative provision that applies to this Article. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a). The Secretary shall not divide the amount allocated to a county between the county and the municipalities within the county.

"**§ 105-512.4. Use.**

Counties may use the proceeds of a tax levied under this Article only for the following purposes:

(1) Public school capital outlay purposes as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes.

(2) Salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom.

(3) Financial support of community colleges, including funds to supplement State financial support of community colleges."

SECTION 1.2.(a) G.S. 115C-429(b) reads as rewritten:

"(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format. For allocations made by the board of county commissioners for the purpose of or for a function related to instructional services, the board of county commissioners may direct the amount of funds to be used for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.2.(b) G.S. 115C-433(b) reads as rewritten:

"(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that does any of the following:

(1)~~(i)~~ ~~increases~~ Increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or ~~(2),~~(2). ~~or (ii)~~

(2) ~~increases~~ Increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of

county commissioners: ~~Provided,~~provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ~~ten percent (10%).~~ten percent (10%).

(3) Decreases the amount of funds allocated for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.3.(a) G.S. 115D-55(a) reads as rewritten:

"(a) Approval of Budget by Local Tax-Levying Authority. – By a date fixed by the local tax-levying authority, the budget shall be submitted to the local tax-levying authority for approval of that portion within its authority as stated in G.S. 115D-54(b). On or before July 1, or such later date as may be agreeable to the board of trustees, but in no instance later than September 1, the local tax-levying authority shall determine the amount of county revenue to be appropriated to an institution for the budget year. The local tax-levying authority may allocate part or all of an appropriation by purpose, function, or project as defined in the budget manual as adopted by the State Board of Community Colleges. The local tax-levying authority may direct the use of funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes.

The local tax-levying authority shall have full authority to call for all books, records, audit reports, and other information bearing on the financial operation of the institution except records dealing with specific persons for which the persons' rights of privacy are protected by either federal or State law.

Nothing in this Article shall be construed to place a duty on the local tax-levying authority to fund a deficit incurred by an institution through failure of the institution to comply with the provisions of this Article or rules and regulations issued pursuant hereto."

SECTION 1.3.(b) G.S. 115D-58(b) reads as rewritten:

"(b) If the local tax-levying authority allocates part or all of an appropriation pursuant to G.S. 115D-55, the board of trustees must obtain approval of the local tax-levying authority for an amendment to the budget which does any of the following:

(1) ~~increases~~ Increases or decreases the amount of that appropriation allocated to a purpose, function, or project by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the local tax-levying authority or such lesser percentage as specified by the local tax-levying authority in the original budget ordinance, so long as such percentage is not less than ten percent (10%).

(2) Decreases the amount of the appropriation directed by the tax-levying authority for a specific use from funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes."

SECTION 1.4.(a) G.S. 105-506 reads as rewritten:

"**§ 105-506. Short title; purpose.**

This Article is the Local Government Public Transportation Sales Tax Act and may be cited by that name. This Article and Article 43A of this Chapter ~~gives~~ give the counties ~~and transportation authorities~~ of this State an opportunity to obtain an additional source of revenue with which to meet their ~~needs for~~ needs. Counties and transportation authorities may choose to use this source of revenue to ~~financing~~ finance local public transportation ~~systems.~~ systems under this Article, or to finance public education needs, as provided in Article 43A of this Chapter. A tax levied under this Article may not be in effect in a county at the same time as a

tax levied under Article 43A of this Chapter. ~~It provides them with authority to levy sales and use taxes. All such taxes~~ A tax levied under this Chapter must be approved in a referendum."

SECTION 1.4.(b) Part 1 of Article 43 of Chapter 105 of the General Statutes is amended by a new section to read:

"**§ 105-506.3. Tax rate.**

(a) Rate. – The applicable rate of local sales and use tax that may be levied under this Article must meet all of the following conditions:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would result in a total local sales and use tax rate in the county or special district of two and one-half percent (2½%).

(b) Cap. – Except as provided in this subsection, a county's local sales and use tax rate may not exceed two and one-half percent (2.5%). A county's local sales and use tax rate may exceed two and one-half percent (2.5%) if the county conducted one or more advisory referendums on or before December 31, 2012, in which a majority of the voters approved the levy of a local sales and use tax resulting in a total local sales and use tax rate in the county of two and three-quarters percent (2.75%). In no event may a county's local sales and use tax rate exceed two and three-quarters percent (2.75%). If a county's local sales and use tax rate is two and three-quarters percent (2.75%) on April 1, 2013, and the county repeals the levy of a tax authorized under Subchapter VIII of this Chapter so that the county's local sales and use tax rate falls below two and three-quarters percent (2.75%), the county may not enact a local sales and use tax under this Subchapter that results in a county local sales and use tax rate that exceeds two and one-half percent (2.5%)."

SECTION 1.4.(c) G.S. 105-507.1 reads as rewritten:

"**§ 105-507.1. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The election shall be held in accordance with the procedures of G.S. 163-287. The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~[The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems.""

SECTION 1.4.(d) G.S. 105-507.2 reads as rewritten:

"**§ 105-507.2. Levy and collection of sales and use tax.**

If the majority of those voting in a referendum held pursuant to G.S. 105-507.1 vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-half percent (½%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 1 of Article 43 of Chapter 105 of the General Statutes"."

SECTION 1.4.(e) G.S. 105-509 reads as rewritten:

"**§ 105-509. Local election on adoption of sales and use tax – regional public transportation authority.**

...

(b) Resolution. – The board of trustees of the regional public transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:
   a. A majority vote of each of the county boards of commissioners within the special district, if it is a multicounty special district.
   b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

..."

SECTION 1.4.(f) G.S. 105-509.1 reads as rewritten:

"**§ 105-509.1. Levy and collection of sales and use tax – regional public transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-509 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (½%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one or more but not all of the counties, the counties in which the referendum was not approved are removed from the special district upon certification of the election result and the county or counties that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 4 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(g) G.S. 105-510 reads as rewritten:

"**§ 105-510. Local election on adoption of sales and use tax – regional transportation authority.**

...

(b) Resolution. – The board of trustees of the regional transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the

question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:
   a. A majority vote of both of the county boards of commissioners within the special district, if it is a multicounty special district.
   b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

..."

SECTION 1.4.(h) G.S. 105-510.1 reads as rewritten:

"**§ 105-510.1. Levy and collection of sales and use tax – regional transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-510 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (1/2%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one but not both of the counties, the county in which the referendum was not approved is removed from the special district upon certification of the election result and the county that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 5 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(i) G.S. 105-511.2 reads as rewritten:

"**§ 105-511.2. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at ~~the rate of one-quarter percent (1/4%)~~ a rate of up to one-half percent (1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The election shall be held on a date jointly agreed upon by the boards and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-quarter percent (1/4%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

SECTION 1.4.(j) G.S. 105-511.3 reads as rewritten:

"**§ 105-511.3. Levy and collection of sales and use tax.**

(a) Authority to Levy. – If the majority of those voting in a referendum held pursuant to this Part vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-quarter percent (1/4%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Administration. – Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 6 of Article 43 of Chapter 105 of the General Statutes.""

SECTION 1.4.(k) This section is effective when it becomes law.

SECTION 1.5.(a) G.S. 105-537 reads as rewritten:

"(a) Authority. – A tax levied under this Article must be approved in a referendum. If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax at a rate of one-quarter percent (0.25%).

...

(e) Expiration. – A board of county commissioners may not direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county as provided in this Article on or after August 1, 2014."

SECTION 1.5.(b) This section is effective when it becomes law. Notwithstanding G.S. 105-537(e), as enacted by this act, a county that meets both of the conditions listed in this subsection, as of the date this act becomes law, may direct the county board of elections to conduct an advisory referendum under this Article:

(1) The county has directed the county board of elections to put the question of whether to levy a local sales and use tax in the county under this Article on the ballot in a State, county, or municipal general election to be held in 2014.

(2) The total rate of local sales and use tax in the county is less than two and one-half percent (2 ½%).

SECTION 1.6. Except as otherwise provided, this Part is effective when it becomes law.

PART II. JMAC MODIFICATIONS

SECTION 2.(a) G.S. 143B-437.012 reads as rewritten:

"**§ 143B-437.012. Job Maintenance and Capital Development Fund.**

...

(d) Eligibility. – A business is eligible for consideration for a grant under this section if it satisfies the conditions of either subdivision (1) or (2) of this subsection and satisfies ~~the conditions of both subdivisions (3) and~~subdivision (4) of this subsection:

(1) The business is a major employer. A business is a major employer if the business meets the following requirements:

a. The Department certifies that the business has invested or intends to invest at least two hundred million dollars ($200,000,000) of private funds in improvements to real property and additions to tangible personal property in the project within a six-year period beginning with the time the investment commences.

b. The business employs at least 2,000 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 2,000 full-time employees or equivalent full-time contract employees at the project for the full term of the grant agreement.

c. The project is located in a development tier one area at the time the business applies for a grant.

(2) The business is a large manufacturing employer. A business is a large manufacturing employer if the business meets the following requirements:

a. The business is in manufacturing, as defined in G.S. 105-129.81, and is converting its manufacturing process to change the product it ~~manufactures.~~manufactures or is investing in its manufacturing process by enhancing pollution controls or transitioning the manufacturing process from using coal to using natural gas for the purpose of becoming more energy efficient or reducing emissions.

b. The Department certifies that the business has invested or intends to invest at least ~~sixty-five~~fifty million dollars ~~($65,000,000)~~($50,000,000) of private funds in improvements to real property and additions to tangible personal property in the project within a ~~three-year~~five-year period beginning with the time the investment commences.

c. The business meets one of the following employment requirements:

1. If in a development tier one area, the business employs at least 320 full-time employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 320 full-time employees at the project for the full term of the grant.

2. If in a development tier two area with a population of less than 60,000 as of July 1, 2013, the business employs at least 800 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 800 full-time employees or equivalent full-time contract employees at the project for the full term of the grant.

~~(3) The project is located in a development tier one area at the time the business applies for a grant.~~

(4) All newly hired employees of the business must be citizens of the United ~~States,~~States or have proper identification and documentation of their authorization to reside and work in the United States.

...

(n) Limitations. – The Department may enter into no more than five agreements under this section. The total aggregate cost of all agreements entered into under this section may not exceed ~~sixty-nine million dollars ($69,000,000).~~seventy-nine million dollars ($79,000,000). The total annual cost of an agreement entered into under this section may not exceed six million dollars ($6,000,000)."

SECTION 2.(b) This section becomes effective July 1, 2014.

PART III. JOB CATALYST FUND

SECTION 3.(a) G.S. 143B-437.50 reads as rewritten:

"Part 2G. Job ~~Development Investment Grant Program.~~Development.

"**§ 143B-437.50. Legislative findings and purpose.**

The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

...."

SECTION 3.(b) G.S. 143B-437.51 reads as rewritten:

"**§ 143B-437.51. Definitions.**

The following definitions apply in this Part:

...

(6) Full-time employee. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Committee to be employed in a permanent position according to criteria it develops in consultation with the Attorney General. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(6a) Full-time worker. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Department to be employed in a permanent position. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(7) New employee. – A full-time employee or a full-time worker who represents a net increase in the number of the business's employees or workers statewide.

...."

SECTION 3.(c) G.S. 143B-437.52 reads as rewritten:

"Subpart A. Job Development Investment Grant Program.

"**§ 143B-437.52. Job Development Investment Grant Program.**

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into agreements with businesses to provide grants in accordance with the provisions of this Part. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this Part. Before entering into an agreement, the Committee must find that all the following conditions are met:

...

...."

SECTION 3.(d) The Revisor of Statutes is authorized to change references of "this Part" in Subpart A of Part 2G of Article 10 of Chapter 143B of the General Statutes to "this Subpart" as appropriate.

SECTION 3.(e) Part 2G of Article 10 of Chapter 143B of the General Statutes is amended by adding a new Subpart to read:

"Subpart B. Job Catalyst Fund.

"**§ 143B-437.67. Job Catalyst Fund.**

(a) Creation and Purpose of Fund. – There is created in the Department of Commerce a special, nonreverting account to be known as the Job Catalyst Fund to provide funds to a local governmental unit for projects that result in the creation of jobs. The Secretary of Commerce is

solely responsible for the administration of the program and shall adopt guidelines applicable to program administration. The guidelines shall include the following provisions, which shall apply to each grant from the account:

(1) The funds are reserved for a project for which a business agrees to create and maintain, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, the number of new worker positions at the project as follows:
   a. For development tier one areas, 500 full-time workers.
   b. For development tier two areas, 800 full-time workers.
   c. For development tier three areas, 1,200 full-time workers.

(2) The funds are reserved for a project for which a business agrees to make an investment at the project as provided in this subdivision. The investment required by this subdivision must be private funds in improvements to real property and additions to tangible personal property located at the project for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years. The investment must be commenced no later than the time when the first disbursement is made to the business and must be completed no later than five years from the time the first disbursement is made to the business. Tangible personal property transferred by the business or from a related member of the business from one area in the State to the project is not considered an investment in tangible personal property located at the project for purposes of this section. The Department shall certify the amount of the investment made by the business at the project. The minimum investment at the project the business agrees to make is as follows:
   a. For development tier one areas, twenty million dollars ($20,000,000).
   b. For development tier two areas, thirty-five million dollars ($35,000,000).
   c. For development tier three areas, fifty million dollars ($50,000,000).

(3) The funds are (i) used to acquire or improve land or infrastructure, for facility development, or for capital investment and (ii) used for manufacturing projects. For purposes of this subdivision, "manufacturing" is defined in G.S. 143B-437.01.

(4) The funds are provided to a local governmental unit, and the local governmental unit matches a portion of the funds allocated by the Department as provided in this subdivision. A local match may include cash, fee waivers, in-kind services, the donation of assets, the provision of infrastructure, or a combination. The local match requirement is as follows:
   a. For development tier one areas, a local match of at least three dollars for every one hundred dollars ($100) from the State is required.
   b. For development tier two areas, a local match of at least six dollars for every one hundred dollars ($100) from the State is required.
   c. For development tier three areas, a local match of at least nine dollars for every one hundred dollars ($100) from the State is required.

(5) The funds are reserved for a project for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, the wage standard provided in this subdivision for all full-time workers at the project. In making the wage calculation, all full-time position jobs filled during the year for at least 1,600 hours are included. The required wage standard is as follows:

a. For development tier one and two areas, an average weekly wage that is at least equal to the lesser of one hundred percent (100%) of the average wage for all insured private employers in the county.

b. For development tier three areas, an average weekly wage that is at least equal to the lesser of one hundred ten percent (110%) of the average wage for all insured private employers in the county.

(6) The funds are reserved for projects for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a requirement to provide health insurance for all full-time workers at the project. For purposes of this subdivision, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125. A business shall provide a certification that it continues to provide health insurance as required by this subdivision.

(7) The funds are not used for a project at which is located, during the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a business that has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved.

(8) The funds are not used in favor of jobs created or property investments made for which a business receives a tax credit under Article 3J of Chapter 105 of the General Statutes.

(9) The funds are reserved for projects for a business that has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations. In addition, the business must, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the project. For purposes of this subsection, "serious violation" has the same meaning as in G.S. 95-127.

(10) The funds are not used for a project that consists of a professional or semiprofessional sports team or club or a project that consists solely of retail facilities. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only full-time workers employed exclusively in the portion of the project that represents nonretail facilities may be counted for purposes of fulfilling the new worker position requirement. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility investment and full-time workers are not counted for purposes of the requirements of this section. For the purposes of this Subpart, catalog distribution centers are not retail facilities.

(b) Forfeiture. – If the business at the project fails to timely create and maintain the required new jobs, to timely make the required level of investment, or to otherwise meet the requirements of this section, the local governmental unit shall provide a means to recapture from the business at the project an amount equal to the amount disbursed from the Fund for the project, and the local governmental unit must reimburse the Fund for that disbursement.

(c) Records. – A business located at a project for which a grant was made from the Fund shall maintain records and make available for inspection by the Secretary of Commerce

any records the Secretary considers necessary to determine and verify the business has met the requirements of this section.

(d) Report. – The Department shall publish a report on the Job Catalyst Fund on or before April 30 of each year. The Department shall submit the report electronically to the House of Representatives Finance Committee, the Senate Finance Committee, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division. The report shall include the following:

(1) A listing of each grant awarded during the preceding calendar year, including the name of the business locating at the project, a description of the project, the term of the grant, and the liability under the grant

(2) An update on the status of projects under grants awarded before the preceding calendar year.

(3) The number and development tier area of new worker positions to be created by projects with respect to which grants have been awarded.

(4) A listing of the employment level for all businesses located at projects with respect to which grants have been awarded and any changes in those levels from the level of the next preceding year.

(5) The wage levels of all new worker positions to be created at projects with respect to which grants have been awarded, aggregated and listed in increments of ten thousand dollars ($10,000) or other appropriate increments.

(6) The number of awards made for projects for new businesses and the number of awards made for projects for existing, expanding businesses in the preceding calendar year.

(7) The environmental impact of businesses at projects with respect to which grants have been awarded.

(8) The geographic distribution of grants, by number and amount, awarded under the program.

(9) For the first annual report after adoption of the guidelines developed by the Department to implement this Subpart, a copy of such guidelines, and, for subsequent reports, identification of any changes in those guidelines from the previous calendar year."

SECTION 3.(f) The Secretary of Commerce shall develop guidelines related to the administration of the Jobs Catalyst Fund, as authorized by this section, and to the selection of projects. At least 20 days before the effective date of any guidelines or nontechnical amendments to guidelines, the proposed guidelines must be published on the Department's Web site and provide notice to persons who have requested notice of proposed guidelines. In addition, the Department of Commerce shall accept oral and written comments on the proposed guidelines during the 15 business days beginning on the first day the notice requirement of this subsection have been completed. For purposes of this subsection, a technical amendment is one that corrects a spelling or grammatical error or that makes a clarification based on public comment and could have been anticipated by the public notice that immediately preceded the public comment.

SECTION 3.(g) G.S. 150B-1(d) reads as rewritten:

"(d) Exemptions from Rule Making. – Article 2A of this Chapter does not apply to the following:

...

(10) The Economic Investment Committee in developing criteria for the Job Development Investment Grant Program under ~~Part 2F~~Subpart A of Part 2G of Article 10 of Chapter 143B of the General Statutes.

(10a) The Secretary of Commerce in developing criteria for the Job Catalyst Fund under Subpart B of Part 2G of Article 10 of Chapter 143B of the General Statutes.

...."

SECTION 3.(h) G.S. 143B-437.07(c) reads as rewritten:

"(c) Economic Development Incentive. – An economic development incentive includes any grant from the following programs: Job Development Investment Grant Program; the Job Catalyst Fund; the Job Maintenance and Capital Development Fund; One North Carolina Fund; and the Utility Account. The State also incents economic development through the use of tax expenditures in the form of tax credits and refunds. The Department of Revenue must report annually on these statutory economic development incentives, as required under G.S. 105-256."

SECTION 3.(i) This section is effective when it becomes law.

PART IV. JDIG MODIFICATIONS

SECTION 4.(a) Section 15.19(a1) of S.L. 2013-360 reads as rewritten:

"**SECTION 15.19.(a1)** Notwithstanding G.S. 143B-437.52(c), for the 2013-2015 fiscal biennium, the maximum total liability for grants awarded, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, is ~~twenty-two million five hundred thousand dollars ($22,500,000)~~thirty-six million five hundred thousand dollars ($36,500,000) and, for the period from July 1, 2015, to December 31, 2015, the maximum total liability for grants awarded, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, is seven million five hundred thousand dollars ($7,500,000). No agreement may be entered into that, when considered together with other existing agreements governing grants awarded during an applicable time period provided in this subsection, could cause the State's potential total ~~annual~~ liability for grants awarded in that time period to exceed the designated maximum amount."

SECTION 4.(b) G.S. 143B-437.52 reads as rewritten:

"**§ 143B-437.52. Job Development Investment Grant Program.**

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into agreements with businesses to provide grants in accordance with the provisions of this ~~Part.~~Subpart. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this ~~Part.~~Subpart. Before entering into an agreement, the Committee must find that all the following conditions are met:

...

(5) The total benefits of the project to the State outweigh its costs and render the grant appropriate for the project. If the total costs of the project to the State outweigh the benefits as a result of an award from the Job Catalyst Fund under Subpart B of this Part, the Committee may disregard the Job Catalyst Fund award in determining whether a grant is appropriate for the project.

...."

PART V. EFFECTIVE DATE

SECTION 5. Except as otherwise provided, this act is effective when it becomes law.

2013-2014 General Assembly

HOUSE BILL 1224: Local Options Sales Tax for Education/Tax and Econ. Dev. Fund Modifications

Committee:	Senate Finance	**Date:**	July 14, 2014
Introduced by:	Rep. Presnell	**Prepared by:**	Dan Ettefagh and Trina Griffin Committee Counsel
Analysis of:	PCS to First Edition H1224-CSMC-34		

SUMMARY: ***Part I of the PCS would authorize counties to use the proceeds of a portion of the local option sales and use tax for public transportation or for public education, and would cap the overall total local sales and use tax rate at two and one-half percent (2½%).***

Part II of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund (JMAC). Part III of the PCS would create the Job Catalyst Fund (JCF) inside the Department of Commerce. Part IV would provide an additional $14M to the Job Development Investment Grant (JDIG) cap for the 2013-2015 biennium and provide limited flexibility with respect to the impact of JCF grants on the cost/benefit analysis required for JDIG grants..

PART I: LOCAL SALES TAX OPTION FOR PUBLIC EDUCATION

CURRENT LAW & BILL ANALYSIS: Part I of the PCS establishes a new local option sales tax for public education at a rate of up to one-half percent (1/2%), increases from ¼% to ½% the rate at which the 94 counties may levy the public transportation tax, and caps the overall local sales and use tax rate at two and one-half percent (2½%). Under the bill, a county may levy a local option sales and use tax for public transportation or for public education, but not both. A county seeking to hold a referendum on either tax must elect a rate that would bring the total local rate in the county to 2½%. Counties that currently levy the quarter-cent under Article 46 may continue to levy the tax, but no new counties would be able to hold a referendum on that tax after August 1, 2014, with the exception of two counties that already have the question on the November ballot and have a current rate of less than 2½%.

New Article 43A: County Sales Tax for Public Education

Section 1.1 of the PCS would give counties the authority to levy a local sales and use tax at a rate of up to one-half percent (1/2/%) if the majority of voters approve the levy of the tax in a referendum. The rate of tax must be in an increment of ¼% and must be at a rate that, if levied, would result in a total local rate in the county of two and one-half percent (2 1/2%). A county may not levy a tax under this Article at the same time as a local sales and use tax for public transportation is in effect.

The proceeds of the tax are not shared with the cities and may only be used as follows:

- Public school capital outlay purposes or to retire any indebtedness incurred by the county for these purposes.
- Salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. A classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom.

- Financial support of community colleges, including funds to supplement State financial support of community colleges.

Allocation of Article 43A Proceeds by County Commissioners

Section 1.2 of the PCS would authorize a board of county commissioners to direct the amount of funds derived from the tax levied under Article 43A to be used for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. Without this language, the board could allocate funds to instructional services generally, but it could not allocate funds more specifically within that category of expenditures. In addition, a board of education would need approval from the board of county commissioners before it could decrease the amount of funds that were allocated by the board of county commissioners. **Section 1.3** has similar provisions with regard to allocating funds for community colleges.

Under current law, local board of education is required to prepare a budget using the uniform budget format and submit that budget to the board of county commissioners no later than May 15 of each year. The board of county commissioners must then determine the amount of county revenues to be appropriated in the county budget to the local board of education and may "in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format." Once the board of county commissioners makes its appropriation, the board of education adopts its budget resolution subject to certain requirements found in G.S. 115C-432. Amendments to the budget resolution are allowed after adoption, but are subject to certain limitations found in G.S. 115C-433.

For community colleges, a similar process is followed.[1] The board of trustees of a community college prepares a budget using forms developed by the State Board of Community Colleges. Community college budgets are broken into different parts requiring approval by different groups as follows:

- State Current Fund Budget – Approved by the board of trustees and State Board of Community Colleges.
- County Current Fund Budget - Approved by the board of trustees and the local tax-levying authority.
- Institutional Fund Budget - Approved by the board of trustees.
- Plant Fund Budget - Approved by the board of trustees, partly by the local tax-levying authority and partly by the State Board of Community Colleges.

G.S. 115D-55 requires the tax-levying authority to determine the amount of county revenues to be appropriated in the county budget to the community college and allows the authority to "allocate part or all of an appropriation by purpose, function, or project as defined in the budget manual as adopted by the State Board of Community Colleges." Once the tax-levying authority has made its appropriation, the budget is submitted to the State Board of Community Colleges for approval. G.S. 115D-56 requires that, once approved, the board of trustees must adopt a final budget resolution, and permits under G.S. 115D-58 that amendments be made to the budget subject to rules and regulations adopted by the State Board of Community Colleges and certain limits on amendments to local appropriations established in statute.

Changes to Article 43: Local Government Sales and Use Tax for Public Transportation

Under current law, counties may levy, upon referendum, a local sales and use tax to be used only for public transportation if the county or at least one unit of local government in the county operates a public transportation system.

---

[1] Article 4A of Chapter 115D establishes the budget process for community colleges.

The rate of tax is ½% for the following six counties: Durham, Forsyth, Guilford, Mecklenburg, Orange, and Wake.[2] The rate of tax is ¼% for all other counties. Currently, the only counties levying a tax under this Article are Mecklenburg, Durham, and Orange Counties. None of the 94 counties levy the 1/4¢ tax under this Article.

Section 1.4 of the PCS would give all counties the ability to levy the public transportation tax at the same rate by increasing from 1/4¢ to 1/2¢ the maximum rate of tax that the 94 counties under Part 6 of Article 43 may levy for public transportation. It would also allow the other six counties to levy the tax at the rate of ¼% or 1/2% depending on what the total local rate is at the time of the referendum. If a county chooses to hold a referendum to levy the public transportation tax, the rate must be at a rate that, if levied, would result in a total local rate in the county of two and one-half percent (2 1/2%). A county may not levy a tax under this Article at the same time as a local sales and use tax for public education is in effect.

Changes to Article 46: One-Quarter Cent (1/4¢) County Sales and Use Tax

In 2007, the General Assembly gave counties a local-option, quarter-cent sales tax. The tax must be approved by voters in a referendum before it can be adopted. The proceeds of the tax are not shared with the cities and may be used for any general purpose.

Since the enactment of the authorization, 94 referendums have been held in 59 counties; of those, 27 were approved.

Section 5 of the PCS would prohibit any county from holding a referendum on the question of whether to levy a tax under this Article on or after August 1, 2014. The 27 counties that levy the tax would be able to continue levying the tax as long as their total local tax rate does not exceed 2½%.

Notwithstanding this prohibition, any county that already has the issue on the November 2014 ballot and whose total local rate of sales and use tax is currently less than two and one-half percent (2½%) may proceed with the referendum. There are three counties that have this issue on the November 2014 ballot: Bladen, Guilford, and Mecklenburg. Only Bladen and Guilford have a total rate of local sales and use tax that is less than two and one-half percent (2 ½%).

Rate Cap for all Local Sales and Use Taxes

The local sales and use tax rate varies among the counties, ranging from 2% to 2.75%.[3] Under current law, there are 6 counties that *could* have a total local sales and use tax rate of two and three-quarters (2.75%), for a total State and local rate of 7.5%. Those counties are: Durham, Forsyth, Guilford, Mecklenburg, Orange, and Wake. To reach the maximum, a county would have to levy the first cent, the first one-half cent, the second one-half cent, the one-half cent public transportation tax, and the one-quarter cent tax. To date, only 2 of the 6 counties levy the maximum: Durham and Orange. That rate became effective in those counties in April of 2013.

The maximum that could be levied in the other 94 counties is two and one-half percent (2½%). The reason for the difference is that those 94 counties may only levy a one-quarter cent (1/4%) tax for public transportation. The remaining local taxes for those counties are the same.

Under the PCS, the total local sales and use tax rate that a county may levy would be two and one-half percent (2½%). The PCS carves out an exception for the two counties that currently levy a 2.75% local

---

[2] Of these six counties, Durham and Orange are the only ones that also levy the quarter-cent tax under Article 46. Guilford and Mecklenburg have the quarter-cent on the November 2014 ballot.

[3] See table in the **BACKGROUND** section for this Part of the Bill Analysis.

:ax, but if either of those counties repeals any of the local sales and use taxes it currently levies, bringing :he county rate below 2.75%, that county would become subject to the 2.5% cap.

BACKGROUND: The following table identifies the current total local sales and use tax rate in the counties.

Local Rate of Sales & Use Tax	Counties	
2.75%	Durham Orange	
2.50%	Mecklenburg	
2.25%	Alexander Buncombe Cabarrus Catawba Cumberland Duplin Edgecombe Greene Halifax Harnett Haywood Hertford	Lee Martin Montgomery New Hanover Onslow Pitt Randolph Robeson Rowan Sampson Surry Wilkes
2.00%	Remaining 73 counties	

The following table sets out how the local sales and use taxes may be used, how they are distributed, and whether their enactment required a referendum.

Statutory Authority	Use of Proceeds		Distribution Method	Referendum Requirement
1st 1-cent (Article 39)	Any lawful purpose		Point of collection	Permitted, but not required
1st ½-cent (Article 40)	Counties – 30% school capital		Per capita * Adjustment formula	Permitted but not required
2nd ½-cent (Article 42)	Counties – 60% school capital		Point of collection	Permitted, but not required
½-cent or ¼-cent (Article 43)	Counties/Transportation Authorities – public transportation systems only		Per capita among county and units of local government in county that operate public transportation system	Required
	½-cent Part 2: Mecklenburg Part 4: Triangle (Wake, Durham, Orange) Part 5: Triad (Forsyth, Guilford)	**¼-cent** Part 6 – All other counties		
¼-cent (Article 46)	Any lawful purpose		Point of collection – distributed to county only	Required

PART II: JMAC MODIFICATIONS

CURRENT LAW: The General Assembly created JMAC in 2007 as a non-reverting account in the Department of Commerce.[4] The purpose of JMAC is to maintain jobs in the State. Three companies have received a grant from JMAC. The Department may not enter more than five agreements, and this act does not change that limitation. The total aggregate cost of all agreements for grants from JMAC is limited to $69 million, and the annual cost of any one agreement is $6 million. A grant agreement obligates the State to make a series of grant payments over a period of time, but it does not authorize the taxing power of the State to be pledged.

BILL ANALYSIS: The PCS expands eligibility for a JMAC grant for large manufacturing employers in four ways. First, the PCS allows eligibility for a large manufacturing employer if it is investing in its manufacturing process by enhancing pollution controls or transitioning from use of coal to natural gas for efficiency or emissions purposes. Previously, the conversion had to be for the purpose of changing the product it manufactures. Second, the PCS lowers the investment threshold from $69 million to $50 million. Third, the PCS increases the time for the investment from three to five years. Finally, the PCS allows the large manufacturing employer to be in an area that is tier 2, instead of a tier 1, if the area has a population of less than 60,000 as of 7/1/13, the manufacturer employs at least 800 FTEs at the project, and the manufacturer maintains that level of employment throughout the term of the grant.

The PCS also increases the total aggregate cost limitation of all JMAC agreements from $69 million to $79 million.

PART III: JOB CATALYST FUND

BILL ANALYSIS: Part III of the PCS creates the Job Catalyst Fund (JCF), a new special, non-reverting account in the Department of Commerce, for the purpose of providing funds to local governmental units for certain manufacturing projects. The guidelines and administration of the Fund is vested solely in the Secretary of Commerce, subject to the following minimum requirements that apply to each grant from the JCF:

1. A business at a project must agree, for the greater of 10 years or the term of the grant plus five years, to the following:
    a. To create 500, 800, or 1,200 full-time jobs for development tier one, two, or three areas, respectively.
    b. To invest at the project $20M, $35M, or $50M in real and/or personal property for development tier one, two, or three areas, respectively.
    c. To satisfy a wage requirement equal to a percentage of the average wage for all insured private employers in the county. If tiers one or two, the percentage is 100%. If tier three, the percentage is 110%.
    d. To provide health insurance.
    e. To avoid notices of overdue tax debts and citations under OSHA for willful serious violations or failing to abate serious violations.
2. The local governmental unit agrees to match State funds at a rate of 3%, 6%, or 9% for tier one, two, or three areas, respectively.
3. The funds are used to acquire/improve land or infrastructure, for facility development, or for capital investment and used for manufacturing projects.

---

[4] S. L. 2007-552, G.S. 143B-437.11; S. L. 2008-187 recodified the statute as G.S. 143B-437.012.

4. Funds are not used in favor of jobs created or property investments for which a tax credit under Article 3J was given and are not used for retail facility development or for semiprofessional sports teams/clubs.

Local governmental units must provide a means to recapture from the business at a project an amount equal to that disbursed from the Fund in the event the business fails to satisfy any of the requirements for the disbursement, and the local governmental unit must, in turn, reimburse the Fund. The Department must report annually on each grant awarded, the status of each project, the number and development tier area of created positions, a listing of employment levels at projects and changes to employment levels from the preceding year, wage levels, number of awards for new/existing businesses, environmental impact, geographic distribution, and developed guidelines/changes to guidelines.

For purposes of guidelines for and administration of the program, the Secretary is exempt from the APA and must, instead, allow 20 days' notice before the effective date of guidelines (via publication) and 15 additional days for comment.

PART IV: JDIG MODIFICATIONS

BILL ANALYSIS: In the 2013 budget, the annual cap for JDIG commitments was modified from a calendar year basis to a fiscal biennium basis for the 2013-15 fiscal biennium only. This modification brought forward from the 2015 fiscal year an additional $7.5M in JDIG commitment availability. Subsection 4(a) of the PCS would increase the cap for JDIG commitment by an additional $14M for the 2013-15 fiscal biennium. Subsection 4(b) concerns the requirement in JDIG to conduct a cost/benefit analysis to determine whether a JDIG award is appropriate. Currently, all costs are considered for purposes of determining whether a JDIG award is appropriate. The PCS would allow disregarding of costs associated with an award from the newly created Job Catalyst Fund if, absent that award, the cost/benefit analysis would affirm the propriety of making a JDIG grant.

EFFECTIVE DATE: Part I is effective when it becomes law. Part II of the act becomes effective July 1, 2014. Parts III and IV of the act are effective when they become law.

Senate Committee on Finance
Monday, July 21, 2014 at 5:30 PM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 5:30 PM on July 21, 2014 in Room 544 of the Legislative Office Building. Thirty-five members were present.

Senator Bill Rabon, Chair, presided. He recognized Gerry Cohen for his 37 years working at the General Assembly. Mr. Cohen received a standing ovation.

HB 1224 - Local Sales Tax Options/Econ. Devpt. Changes.

Senator Gunn was recognized to explain the bill and moved that the proposed committee substitute (PCS) be adopted for discussion. The motion carried. Part I of the PCS would authorize counties to use the proceeds of a portion of the local option sales and use tax for public transportation or for public education, and would cap the overall total local sales and use tax rate at two and one-half percent (2 ½%). Counties would not be limited to levying a local sales and use tax for either public education or public transportation. The total rate would still be capped at 2.5%, but a county would not be required to levy the public transportation tax or the public education tax at a rate that would bring their total rate up to the maximum. A county may levy either tax at the rate of ¼% if it so choses. The PCS would modify the current Article 46 by providing that for referenda held on or after January 1, 2015, a county must pair the ¼% tax under Article 46 with either the tax for public education or for public transportation. The ¼% may not be levied outhit one of those other taxes being levied. The counties that currently have the Article 46 tax could continue to levy the tax alone or could opt to pair it with the public transportation tax or the public education tax, but only at the rate of ¼%. Any county that is scheduled to have this issue on the November 2014 ballot would not be required to pair the Article 46 tax with ¼% transportation or education tax. However, no county with a current rate of 2 ½% or higher may hold a referendum on the Article 46 tax. Parts II-IV of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund. Part II would create the Job Catalyst Fund inside the Department of Commerce. Part IV would provide an additional $14 million to the Job Development Investment Grant cap for the 2013-2015 biennium and would provide limited flexibility with respect to the impact of JCF grants on the cost/benefit analysis required for JDIG grants. The PCS adds a new Part V, which would allow NC companies to sell $1 million ($2 million in some cases) of unregistered securities to NC residents. The Secretary of State would be authorized to charge a nonrefundable filing fee of $150 for filing a notice for unregistered securities. Greg Roney, committee counsel, was recognized to answer crowd funding questions. Senator Ford and Trina Griffin, committee counsel, were recognized to discuss the sales tax cap. Senator Blue was recognized to voice constitutional concerns. A copy of the PCS, the summary and the fiscal note is attached.

The meeting adjourned at 6:26 p.m.

Senator Bill Rabon, Chair
Presiding

DeAnne Mangum, Committee Clerk

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013

HOUSE BILL 1224
Senate Finance Committee Substitute Adopted 7/16/14
PROPOSED SENATE COMMITTEE SUBSTITUTE H1224-CSSVx-66 [v.1]
7/21/2014 4:21:40 PM

Short Title: Local Sales Tax Options/Econ. Devpt. Changes. (Public)

Sponsors:

Referred to:

May 28, 2014

A BILL TO BE ENTITLED

AN ACT TO LIMIT THE TOTAL LOCAL GOVERNMENT SALES AND USE TAX RATE TO TWO AND ONE-HALF PERCENT; TO CONDITION THE ONE-QUARTER CENT (1/4%) GENERAL PURPOSE LOCAL SALES AND USE TAX UPON LEVY OF A ONE-QUARTER CENT LOCAL SALES AND USE TAX FOR PUBLIC EDUCATION OR PUBLIC TRANSPORTATION; AND TO MAKE VARIOUS CHANGES TO TAX AND ECONOMIC DEVELOPMENT LAWS.

The General Assembly of North Carolina enacts:

PART I. LOCAL OPTION SALES TAX OPTIONS

SECTION 1.1. Subchapter VIII of Chapter 105 of the General Statutes is amended by adding two new Articles to read:

"Article 43A.

"County Sales and Use Tax for Public Education.

"**§ 105-513.1. Short title; purpose.**

This Article is the Local Government Sales and Use Tax for Public Education. Article 43 of this Chapter and this Article give the counties of this State an opportunity to obtain an additional source of revenue with which to meet their needs. A county may choose to use this source of revenue to finance local public transportation systems, as provided in Article 43 of this Chapter, or for public education needs, as provided in this Article.

"**§ 105-513.2. Levy.**

(a) Referendum. – A tax levied under this Article must be approved in a referendum. The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county at a rate of up to one-half percent (1/2%). The applicable rate must meet all of the conditions listed in this subsection. The election shall be held in accordance with the procedures of G.S. 163-287. The conditions are:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would not result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

Local sales and use tax at the [applicable rate stated in both words and as a percentage] in addition to the current local sales and use taxes, to be used only for public education."

(c) Authority. – If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of commissioners of the county may, by resolution and after 10 days' public notice, levy a local sales and use tax at the rate specified in the ballot.

"**§ 105-513.3. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Article 43B of Chapter 105 of the General Statutes." G.S. 105-468.1 is an administrative provision that applies to this Article. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a). The Secretary shall not divide the amount allocated to a county between the county and the municipalities within the county.

"**§ 105-513.4. Use.**

Counties may use the proceeds of a tax levied under this Article only for the following purposes:

(1) Public school capital outlay purposes, as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes.

(2) Salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom.

(3) Financial support of community colleges, including funds to supplement State financial support of community colleges."

SECTION 1.2.(a) G.S. 115C-429(b) reads as rewritten:

"(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format. For allocations made by the board of county commissioners for the purpose of or for a function related to instructional services, the board of county commissioners may direct the amount of funds to be used for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.2.(b) G.S. 115C-433(b) reads as rewritten:

"(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that does any of the following:

(1)~~(i)~~ ~~increases~~ Increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or ~~(2), or (ii)~~ (2).

(2) ~~increases~~ Increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: ~~Provided,~~provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ~~ten percent (10%).~~ten percent (10%).

(3) Decreases the amount of funds allocated for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.3.(a) G.S. 115D-55(a) reads as rewritten:

"(a) Approval of Budget by Local Tax-Levying Authority. – By a date fixed by the local tax-levying authority, the budget shall be submitted to the local tax-levying authority for approval of that portion within its authority as stated in G.S. 115D-54(b). On or before July 1, or such later date as may be agreeable to the board of trustees, but in no instance later than September 1, the local tax-levying authority shall determine the amount of county revenue to be appropriated to an institution for the budget year. The local tax-levying authority may allocate part or all of an appropriation by purpose, function, or project as defined in the budget manual as adopted by the State Board of Community Colleges. The local tax-levying authority may direct the use of funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes.

The local tax-levying authority shall have full authority to call for all books, records, audit reports, and other information bearing on the financial operation of the institution except records dealing with specific persons for which the persons' rights of privacy are protected by either federal or State law.

Nothing in this Article shall be construed to place a duty on the local tax-levying authority to fund a deficit incurred by an institution through failure of the institution to comply with the provisions of this Article or rules and regulations issued pursuant hereto."

SECTION 1.3.(b) G.S. 115D-58(b) reads as rewritten:

"(b) If the local tax-levying authority allocates part or all of an appropriation pursuant to G.S. 115D-55, the board of trustees must obtain approval of the local tax-levying authority for an amendment to the budget which does any of the following:

(1) ~~increases~~ Increases or decreases the amount of that appropriation allocated to a purpose, function, or project by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the local tax-levying authority or such lesser percentage as specified by the local tax-levying authority in the original budget ordinance, so long as such percentage is not less than ten percent (10%).

(2) Decreases the amount of the appropriation directed by the tax-levying authority for a specific use from funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes."

SECTION 1.4.(a) The name of Article 43 of Chapter 105 of the General Statutes reads as rewritten:

"Article 43.

Local Government Sales and Use Taxes for Public Transportation."

SECTION 1.4.(b) G.S. 105-506 reads as rewritten:

"**§ 105-506. Short title; purpose.**

This Article is the Local Government Public Transportation Sales Tax Act and may be cited by that name. This ~~Article~~ Article and Article 43A of this Chapter ~~gives~~ give the counties ~~and transportation authorities~~ of this State an opportunity to obtain an additional source of revenue with which to meet their ~~needs for~~ needs. Counties and transportation authorities may choose to use this source of revenue to ~~financing~~ finance local public transportation ~~systems.~~systems under this Article, or counties may choose to use this source of revenue to finance public education needs, as provided in Article 43A of this Chapter. ~~It provides them with authority to levy sales and use taxes. All such taxes~~ A tax levied under this Article must be approved in a referendum."

SECTION 1.4.(c) Part 1 of Article 43 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-506.3. Tax rate.**

(a) Rate. – The applicable rate of local sales and use tax that may be levied under this Article must meet all of the following conditions:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would not result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Cap. – Except as provided in this subsection, a county's local sales and use tax rate may not exceed two and one-half percent (2 1/2%). A county's local sales and use tax rate may exceed two and one-half percent (2 1/2%) if the county conducted one or more advisory referendums on or before December 31, 2012, in which a majority of the voters approved the levy of a local sales and use tax resulting in a total local sales and use tax rate in the county of two and three-quarters percent (2 3/4%). In no event may a county's local sales and use tax rate exceed two and three-quarters percent (2 3/4%). If a county's local sales and use tax rate is two and three-quarters percent (2 3/4%) on April 1, 2013, and the county repeals the levy of a tax authorized under Subchapter VIII of this Chapter so that the county's local sales and use tax rate falls below two and three-quarters percent (2 3/4%), the county may not enact a local sales and use tax under this Subchapter that results in a county local sales and use tax rate that exceeds two and one-half percent (2 1/2%)."

SECTION 1.4.(d) G.S. 105-507.1 reads as rewritten:

"**§ 105-507.1. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The election shall be held in accordance with the procedures of G.S. 163-287. The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems.""

SECTION 1.4.(e) G.S. 105-507.2 reads as rewritten:

"**§ 105-507.2. Levy and collection of sales and use tax.**

If the majority of those voting in a referendum held pursuant to G.S. 105-507.1 vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-half percent (½%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these

additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 1 of Article 43 of Chapter 105 of the General Statutes"."

SECTION 1.4.(f) G.S. 105-509 reads as rewritten:

"**§ 105-509. Local election on adoption of sales and use tax – regional public transportation authority.**

...

(b) Resolution. – The board of trustees of the regional public transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:

a. A majority vote of each of the county boards of commissioners within the special district, if it is a multicounty special district.

b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

...."

SECTION 1.4.(g) G.S. 105-509.1 reads as rewritten:

"**§ 105-509.1. Levy and collection of sales and use tax – regional public transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-509 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (½%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one or more but not all of the counties, the counties in which the referendum was not approved are removed from the special district upon certification of the election result and the county or counties that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 4 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(h) G.S. 105-510 reads as rewritten:

"**§ 105-510. Local election on adoption of sales and use tax – regional transportation authority.**

...

(b) Resolution. – The board of trustees of the regional transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:

a. A majority vote of both of the county boards of commissioners within the special district, if it is a multicounty special district.

b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

....."

SECTION 1.4.(i) G.S. 105-510.1 reads as rewritten:

"**§ 105-510.1. Levy and collection of sales and use tax – regional transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-510 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (1/2%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one but not both of the counties, the county in which the referendum was not approved is removed from the special district upon certification of the election result and the county that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 5 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(j) G.S. 105-511.2 reads as rewritten:

"**§ 105-511.2. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at ~~the rate of one-quarter percent (1/4%)~~ a rate of up to one-half percent

(1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.3. The election shall be held on a date jointly agreed upon by the boards and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-quarter percent (1/4%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

SECTION 1.4.(k) G.S. 105-511.3 reads as rewritten:

"**§ 105-511.3. Levy and collection of sales and use tax.**

(a) Authority to Levy. – If the majority of those voting in a referendum held pursuant to this Part vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-quarter percent (1/4%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Administration. – Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 6 of Article 43 of Chapter 105 of the General Statutes.""

SECTION 1.4.(l) This section is effective when it becomes law.

SECTION 1.5.(a) Article 46 of Chapter 105 reads as rewritten:

"Article 46.

One-Quarter Cent (1/4¢) County Sales and Use Tax.

§ 105-535. Short title.

This Article is the One-Quarter Cent (1/4¢) County Sales and Use Tax Act.

§ 105-536. ~~Limitations.~~Applicability.

(a) Referenda Held On or Before January 1, 2015. – A county that approves the levy of a tax under this Article in an advisory referendum held on or before January 1, 2015, may only levy a tax under this Article if the county ~~This Article applies only to counties that levy the first one-cent (1¢) sales and use tax under~~ levies a tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter.

(b) Referenda Held After January 1, 2015. – A county that approves the levy of a tax under this Article in an advisory referendum held after January 1, 2015, may only levy a tax under this Article if the county levies the taxes in subsection (a) of this section and levies a tax under either Article 43 of this Chapter or Article 43A of this Chapter.

§ 105-537. Levy.

(a) Authority. – A tax levied under this Article must be approved in a referendum. If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax at a rate of one-quarter percent (0.25%). An advisory referendum on the question of whether to levy a local sales and use tax under this Article may not be held if the levy would result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Vote. – The board of county commissioners may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales

and use tax in the county as provided in this Article. The election shall be held in accordance with the procedures of G.S. 163-287.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

Local sales and use tax at the rate of one-quarter percent (0.25%) in addition to all other State and local sales and use taxes."

...

§ 105-538. Administration of taxes.

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. G.S. 105-468.1 is an administrative provision that applies to this Article. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a). The Secretary shall not divide the amount allocated to a county between the county and the municipalities within the county.

§ 105-539. Use.

(a) Referenda Held On or Before January 1, 2015. – A county that approves the levy of a tax under this Article in a referendum held on or before January 1, 2015, must use the proceeds of the tax levied under this Article for any lawful public purpose.

(b) Referenda Held After January 1, 2015. – A county that approves the levy of a tax under this Article in a referendum held after January 1, 2015, must use the proceeds of a tax levied under this Article for any lawful public purpose, except that the proceeds may not be used for any of the following purposes regardless of whether the county levies a tax under Article 43 of this Chapter or under Article 43A of this Chapter:

(1) A purpose for which a tax levied under Article 43 of this Chapter must be used.

(2) A purpose for which a tax levied under Article 43A must be used.

SECTION 1.5.(b) This section is effective when it becomes law.

SECTION 1.6. Except as otherwise provided, this Part is effective when it becomes law.

PART II. JMAC MODIFICATIONS

SECTION 2.(a) G.S. 143B-437.012 reads as rewritten:

"**§ 143B-437.012. Job Maintenance and Capital Development Fund.**

...

(d) Eligibility. – A business is eligible for consideration for a grant under this section if it satisfies the conditions of either subdivision (1) or (2) of this subsection and satisfies ~~the conditions of both subdivisions (3) and~~subdivision (4) of this subsection:

(1) The business is a major employer. A business is a major employer if the business meets the following requirements:

a. The Department certifies that the business has invested or intends to invest at least two hundred million dollars ($200,000,000) of private funds in improvements to real property and additions to tangible personal property in the project within a six-year period beginning with the time the investment commences.

b. The business employs at least 2,000 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 2,000 full-time employees or

equivalent full-time contract employees at the project for the full term of the grant agreement.

c. The project is located in a development tier one area at the time the business applies for a grant.

(2) The business is a large manufacturing employer. A business is a large manufacturing employer if the business meets the following requirements:

a. The business is in manufacturing, as defined in G.S. 105-129.81, and is converting its manufacturing process to change the product it ~~manufactures.~~manufactures or is investing in its manufacturing process by enhancing pollution controls or transitioning the manufacturing process from using coal to using natural gas for the purpose of becoming more energy efficient or reducing emissions.

b. The Department certifies that the business has invested or intends to invest at least ~~sixty-five~~fifty million dollars ~~($65,000,000)~~($50,000,000) of private funds in improvements to real property and additions to tangible personal property in the project within a ~~three-year~~five-year period beginning with the time the investment commences.

c. The business meets one of the following employment requirements:

1. If in a development tier one area, the business employs at least 320 full-time employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 320 full-time employees at the project for the full term of the grant.

2. If in a development tier two area with a population of less than 60,000 as of July 1, 2013, the business employs at least 800 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 800 full-time employees or equivalent full-time contract employees at the project for the full term of the grant.

~~(3) The project is located in a development tier one area at the time the business applies for a grant.~~

(4) All newly hired employees of the business must be citizens of the United ~~States,~~States or have proper identification and documentation of their authorization to reside and work in the United States.

...

(n) Limitations. – The Department may enter into no more than five agreements under this section. The total aggregate cost of all agreements entered into under this section may not exceed ~~sixty-nine million dollars ($69,000,000).~~seventy-nine million dollars ($79,000,000). The total annual cost of an agreement entered into under this section may not exceed six million dollars ($6,000,000)."

SECTION 2.(b) This section becomes effective July 1, 2014.

PART III. JOB CATALYST FUND

SECTION 3.(a) G.S. 143B-437.50 reads as rewritten:

"Part 2G. Job ~~Development Investment Grant Program.~~Development.

"**§ 143B-437.50. Legislative findings and purpose.**

The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

...."

SECTION 3.(b) G.S. 143B-437.51 reads as rewritten:

"**§ 143B-437.51. Definitions.**

The following definitions apply in this Part:

...

(6) Full-time employee. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Committee to be employed in a permanent position according to criteria it develops in consultation with the Attorney General. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(6a) Full-time worker. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Department to be employed in a permanent position. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(7) New employee. – A full-time employee or a full-time worker who represents a net increase in the number of the business's employees or workers statewide.

...."

SECTION 3.(c) G.S. 143B-437.52 reads as rewritten:

"Subpart A. Job Development Investment Grant Program.

"**§ 143B-437.52. Job Development Investment Grant Program.**

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into agreements with businesses to provide grants in accordance with the provisions of this Part. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this Part. Before entering into an agreement, the Committee must find that all the following conditions are met:

...."

SECTION 3.(d) The Revisor of Statutes is authorized to change references of "this Part" in Subpart A of Part 2G of Article 10 of Chapter 143B of the General Statutes to "this Subpart" as appropriate.

SECTION 3.(e) Part 2G of Article 10 of Chapter 143B of the General Statutes is amended by adding a new Subpart to read:

"Subpart B. Job Catalyst Fund.

"**§ 143B-437.67. Job Catalyst Fund.**

(a) Creation and Purpose of Fund. – There is created in the Department of Commerce a special, nonreverting account to be known as the Job Catalyst Fund to provide funds to a local governmental unit for projects that result in the creation of jobs. The Secretary of Commerce is solely responsible for the administration of the program and shall adopt guidelines applicable to program administration. The guidelines shall include the following provisions, which shall apply to each grant from the account:

(1) The funds are reserved for a project for which a business agrees to create and maintain, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, the number of new worker positions at the project as follows:
a. For development tier one areas, 500 full-time workers.
b. For development tier two areas, 800 full-time workers.
c. For development tier three areas, 1,200 full-time workers.

(2) The funds are reserved for a project for which a business agrees to make an investment at the project as provided in this subdivision. The investment required by this subdivision must be private funds in improvements to real property and additions to tangible personal property located at the project for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years. The investment must be commenced no later than the time when the first disbursement is made to the business and must be completed no later than five years from the time the first disbursement is made to the business. Tangible personal property transferred by the business or from a related member of the business from one area in the State to the project is not considered an investment in tangible personal property located at the project for purposes of this section. The Department shall certify the amount of the investment made by the business at the project. The minimum investment at the project the business agrees to make is as follows:
a. For development tier one areas, twenty million dollars ($20,000,000).
b. For development tier two areas, thirty-five million dollars ($35,000,000).
c. For development tier three areas, fifty million dollars ($50,000,000).

(3) The funds are (i) used to acquire or improve land or infrastructure, for facility development, or for capital investment and (ii) used for manufacturing projects. For purposes of this subdivision, "manufacturing" is defined in G.S. 143B-437.01.

(4) The funds are provided to a local governmental unit, and the local governmental unit matches a portion of the funds allocated by the Department as provided in this subdivision. A local match may include cash, fee waivers, in-kind services, the donation of assets, the provision of infrastructure, or a combination. The local match requirement is as follows:
a. For development tier one areas, a local match of at least three dollars ($3.00) for every one hundred dollars ($100.00) from the State is required.
b. For development tier two areas, a local match of at least six dollars ($6.00) for every one hundred dollars ($100.00) from the State is required.
c. For development tier three areas, a local match of at least nine dollars ($9.00) for every one hundred dollars ($100.00) from the State is required.

(5) The funds are reserved for a project for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, the wage standard provided in this subdivision for all full-time workers at the project. In making the wage calculation, all full-time position jobs filled during the year for at least 1,600 hours are included. The required wage standard is as follows:

a. For development tier one and two areas, an average weekly wage that is at least equal to the lesser of one hundred percent (100%) of the average wage for all insured private employers in the county.

b. For development tier three areas, an average weekly wage that is at least equal to the lesser of one hundred ten percent (110%) of the average wage for all insured private employers in the county.

(6) The funds are reserved for projects for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a requirement to provide health insurance for all full-time workers at the project. For purposes of this subdivision, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125. A business shall provide a certification that it continues to provide health insurance as required by this subdivision.

(7) The funds are not used for a project at which is located, during the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a business that has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved.

(8) The funds are not used in favor of jobs created or property investments made for which a business receives a tax credit under Article 3J of Chapter 105 of the General Statutes.

(9) The funds are reserved for projects for a business that has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations. In addition, the business must, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the project. For purposes of this subsection, "serious violation" has the same meaning as in G.S. 95-127.

(10) The funds are not used for a project that consists of a professional or semiprofessional sports team or club or a project that consists solely of retail facilities. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only full-time workers employed exclusively in the portion of the project that represents nonretail facilities may be counted for purposes of fulfilling the new worker position requirement. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility investment and full-time workers are not counted for purposes of the requirements of this section. For the purposes of this Subpart, catalog distribution centers are not retail facilities.

(b) Forfeiture. – If the business at the project fails to timely create and maintain the required new jobs, to timely make the required level of investment, or to otherwise meet the requirements of this section, the local governmental unit shall provide a means to recapture from the business at the project an amount equal to the amount disbursed from the Fund for the project, and the local governmental unit must reimburse the Fund for that disbursement.

(c) Records. – A business located at a project for which a grant was made from the Fund shall maintain records and make available for inspection by the Secretary of Commerce

any records the Secretary considers necessary to determine and verify the business has met the requirements of this section.

(d) Report. – The Department shall publish a report on the Job Catalyst Fund on or before April 30 of each year. The Department shall submit the report electronically to the House of Representatives Finance Committee, the Senate Finance Committee, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division. The report shall include the following:

(1) A listing of each grant awarded during the preceding calendar year, including the name of the business locating at the project, a description of the project, the term of the grant, and the liability under the grant.

(2) An update on the status of projects under grants awarded before the preceding calendar year.

(3) The number and development tier area of new worker positions to be created by projects with respect to which grants have been awarded.

(4) A listing of the employment level for all businesses located at projects with respect to which grants have been awarded and any changes in those levels from the level of the next preceding year.

(5) The wage levels of all new worker positions to be created at projects with respect to which grants have been awarded, aggregated, and listed in increments of ten thousand dollars ($10,000) or other appropriate increments.

(6) The number of awards made for projects for new businesses and the number of awards made for projects for existing, expanding businesses in the preceding calendar year.

(7) The environmental impact of businesses at projects with respect to which grants have been awarded.

(8) The geographic distribution of grants, by number and amount, awarded under the program.

(9) For the first annual report after adoption of the guidelines developed by the Department to implement this Subpart, a copy of such guidelines, and, for subsequent reports, identification of any changes in those guidelines from the previous calendar year."

SECTION 3.(f) The Secretary of Commerce shall develop guidelines related to the administration of the Jobs Catalyst Fund, as authorized by this section, and to the selection of projects. At least 20 days before the effective date of any guidelines or nontechnical amendments to guidelines, the proposed guidelines must be published on the Department's Web site and provide notice to persons who have requested notice of proposed guidelines. In addition, the Department of Commerce shall accept oral and written comments on the proposed guidelines during the 15 business days beginning on the first day the notice requirement of this subsection have been completed. For purposes of this subsection, a technical amendment is one that corrects a spelling or grammatical error or that makes a clarification based on public comment and could have been anticipated by the public notice that immediately preceded the public comment.

SECTION 3.(g) G.S. 150B-1(d) reads as rewritten:

"(d) Exemptions from Rule Making. – Article 2A of this Chapter does not apply to the following:

...

(10) The Economic Investment Committee in developing criteria for the Job Development Investment Grant Program under ~~Part 2F~~Subpart A of Part 2G of Article 10 of Chapter 143B of the General Statutes.

(10a) The Secretary of Commerce in developing criteria for the Job Catalyst Fund under Subpart B of Part 2G of Article 10 of Chapter 143B of the General Statutes.

...."

SECTION 3.(h) G.S. 143B-437.07(c) reads as rewritten:

"(c) Economic Development Incentive. – An economic development incentive includes any grant from the following programs: Job Development Investment Grant Program; the Job Catalyst Fund; the Job Maintenance and Capital Development Fund; One North Carolina Fund; and the Utility Account. The State also incents economic development through the use of tax expenditures in the form of tax credits and refunds. The Department of Revenue must report annually on these statutory economic development incentives, as required under G.S. 105-256."

SECTION 3.(i) This section is effective when it becomes law.

PART IV. JDIG MODIFICATIONS

SECTION 4.(a) Section 15.19(a1) of S.L. 2013-360 reads as rewritten:

"**SECTION 15.19.(a1)** Notwithstanding G.S. 143B-437.52(c), for the 2013-2015 fiscal biennium, the maximum total liability for grants awarded, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, is ~~twenty-two million five hundred thousand dollars ($22,500,000)~~thirty-six million five hundred thousand dollars ($36,500,000) and, for the period from July 1, 2015, to December 31, 2015, the maximum total liability for grants awarded, including amounts transferred to the Utility Account pursuant to G.S. 143B-437.61, is seven million five hundred thousand dollars ($7,500,000). No agreement may be entered into that, when considered together with other existing agreements governing grants awarded during an applicable time period provided in this subsection, could cause the State's potential total ~~annual~~ liability for grants awarded in that time period to exceed the designated maximum amount."

SECTION 4.(b) G.S. 143B-437.52 reads as rewritten:

"**§ 143B-437.52. Job Development Investment Grant Program.**

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into agreements with businesses to provide grants in accordance with the provisions of this ~~Part.~~Subpart. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this ~~Part.~~Subpart. Before entering into an agreement, the Committee must find that all the following conditions are met:

...

(5) The total benefits of the project to the State outweigh its costs and render the grant appropriate for the project. If the total costs of the project to the State outweigh the benefits as a result of an award from the Job Catalyst Fund under Subpart B of this Part, the Committee may disregard the Job Catalyst Fund award in determining whether a grant is appropriate for the project.

...."

PART V. CROWD FUNDING

SECTION 5.(a) G.S. 78A-17 is amended by adding a new subdivision to read:

"(20) Any offer or sale of a security by an issuer if the offer or sale is conducted in accordance with G.S. 78A-17.1."

SECTION 5.(b) Article 3 of Chapter 78A of the General Statutes is amended by adding a new section to read:

"§ 78A-17.1. Invest NC exemption.

(a) Exemption. – Except as otherwise provided in this Chapter, an offer or sale of a security by an issuer is exempt from G.S. 78A-24 and G.S. 78A-49(d) if the offer or sale is conducted in accordance with each of the following requirements:

(1) The issuer of the security is a business entity formed under the laws of the State and registered with the Secretary of State.

(2) The transaction meets the requirements of the federal exemption for intrastate offerings in section 3(a)(11) of the Securities Act of 1933, 15 U.S.C. § 77c(a)(11), and SEC rule 147, 17 C.F.R. § 230.147.

(3) The sum of all cash and other consideration to be received for all sales of the security in reliance upon this exemption does not exceed the cap provided in this subdivision.

a. One million dollars ($1,000,000), less the aggregate amount received for all sales of securities by the issuer within the 12 months before the first offer or sale made in reliance upon this exemption, if the issuer has not undergone and made available to each prospective investor and the Administrator the documentation resulting from a financial audit with respect to its most recently completed fiscal year and meeting generally accepted accounting principles.

b. Two million dollars ($2,000,000), less the aggregate amount received for all sales of securities by the issuer within the 12 months before the first offer or sale made in reliance upon this exemption, if the issuer has undergone and made available to each prospective investor and the Administrator the documentation resulting from a financial audit with respect to its most recently completed fiscal year and meeting generally accepted accounting principles.

(4) The issuer has not accepted more than two thousand dollars ($2,000) from any single purchaser unless the purchaser is an accredited investor as defined by rule 501 of SEC regulation D, 17 C.F.R. § 230.501.

(5) Not less than 10 days prior to the commencement of an offering of securities in reliance on this exemption or the use of any publicly available Web site in connection with any such offering, the issuer shall file a notice with the Administrator, in writing or in electronic form as specified by the Administrator, containing the following:

a. A notice of claim of exemption from registration, specifying that the issuer will be conducting an offering in reliance upon this exemption, accompanied by the filing fee as specified in this section.

b. A copy of the disclosure statement to be provided to prospective investors in connection with the offering, containing the following:

1. A description of the company, its type of entity, the address and telephone number of its principal office, its history, its business plan, and the intended use of the offering proceeds, including any amounts to be paid, as compensation or otherwise, to any owner, executive officer, director, managing member, or other person occupying a similar status or performing similar functions on behalf of the issuer.

2. The identity of all persons owning more than ten percent (10%) of the ownership interests of any class of securities of the company.

3. The identity of the executive officers, directors, managing members, and other persons occupying a similar status or

performing similar functions in the name of and on behalf of the issuer, including their titles and their prior experience.

4. The terms and conditions of the securities being offered and of any outstanding securities of the company, the minimum and maximum amount of securities being offered, if any, and either the percentage ownership of the company represented by the offered securities or the valuation of the company implied by the price of the offered securities.

5. The identity of any person who has been or will be retained by the issuer to assist the issuer in conducting the offering and sale of the securities, including any Web sites, but excluding persons acting solely as accountants or attorneys and employees whose primary job responsibilities involve the operating business of the issuer rather than assisting the issuer in raising capital, and for each person identified in response to this paragraph, a description of the consideration being paid to such person for such assistance.

6. A description of any litigation or legal proceedings involving the company or its management.

7. The names and addresses, including URL, of any Web sites that will be used in connection with the offering.

c. An escrow agreement with a bank or other depository institution located within this State in which the investor funds will be deposited, providing that all offering proceeds will be released to the issuer only when the aggregate capital raised from all investors is equal to or greater than the minimum target offering amount specified in the business plan as necessary to implement the business plan and that all investors may cancel their commitments to invest if that target offering amount is not raised by the time stated in the disclosure document.

(6) The issuer is not, either before or as a result of the offering, an investment company, as defined in section 3 of the Investment Company Act of 1940, 15 U.S.C. § 8a-3, or an entity that would be an investment company but for the exclusions provided in section 3(c) of the act, or subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934, 15 U.S.C. § 78m and 78o(d).

(7) The issuer shall inform all prospective purchasers under this section that the securities have not been registered under federal or State securities law and that the securities are subject to limitations on resale. The issuer shall display the following legend conspicuously on the cover page of the disclosure document:

"IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THESE SECURITIES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL

OFFENSE. THESE SECURITIES ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE AND MAY NOT BE TRANSFERRED OR RESOLD EXCEPT AS PERMITTED BY SUBSECTION (E) OF SEC RULE 147, 17 C.F.R. § 230.147(E) AS PROMULGATED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND THE APPLICABLE STATE SECURITIES LAWS, PURSUANT TO REGISTRATION OR EXEMPTION THEREFROM. INVESTORS SHOULD BE AWARE THAT THEY WILL BE REQUIRED TO BEAR THE FINANCIAL RISKS OF THIS INVESTMENT FOR AN INDEFINITE PERIOD OF TIME."

(8) The issuer shall require each purchaser to certify in writing "I understand and acknowledge that:

a. I am investing in a high-risk, speculative business venture. I may lose all of my investment, and I can afford the loss of my investment.

b. This offering has not been reviewed or approved by any state or federal securities commission or other regulatory authority and that no such person or authority has confirmed the accuracy or determined the adequacy of any disclosure made to me relating to this offering.

c. The securities I am acquiring in this offering are illiquid, that there is no ready market for the sale of such securities, that it may be difficult or impossible for me to sell or otherwise dispose of this investment, and that, accordingly, I may be required to hold this investment indefinitely.

d. I may be subject to tax on my share of the taxable income and losses of the company, whether or not I have sold or otherwise disposed of my investment or received any dividends or other distributions from the company.

(9) If the offer and sale of securities is made through an Internet Web site, the following requirements apply:

a. Prior to the offer of an investment opportunity to residents of this State through a Web site, the issuer shall provide to the Web site and to the Administrator evidence that the issuer is organized under North Carolina law and that it is authorized to do business within the State.

b. The issuer shall obtain from each purchaser of a security under this section evidence that the purchaser is a resident of North Carolina and, if applicable, an accredited investor.

c. The Web site operator shall register with the Administrator by filing a statement that it is a business entity that is organized under North Carolina law and that it is authorized to do business within the State and that it is being utilized to offer and sell securities pursuant to this exemption. As part of the registration, the Web site shall notify the Administrator of its and the issuer's identity, location, and contact information.

d. The issuer and the Web site must keep and maintain records of the offers and sales of securities effected through the Web site and must provide ready access to the records to the Administrator, upon request. The Administrator may access, inspect, and review any Web site and its records.

(10) All payments for purchase of securities must be directed to and held by the bank or depository institution subject to the provisions of sub-subdivision (a)(5)c. of this section. The bank or depository institution shall notify the Administrator of the receipt of payments for securities and the identity and residence of the investors. The information shall be confidential and considered trade secrets within the scope of G.S. 132-1.2 while in the possession of the Administrator.

(11) No offers or sales of a security shall be made through an Internet Web site unless the Web site is registered with the Administrator pursuant to sub-subdivision (a)(9)c. of this section. The Web site shall not be subject to the registration provisions of G.S. 78A-36 provided that all of the following apply:

a. It does not offer investment advice or recommendations.

b. It does not solicit purchases, sales, or offers to buy the securities offered or displayed on the Web site.

c. It does not compensate employees, agents, or other persons for the solicitation or based on the sale of securities displayed or referenced on the Web site.

d. It is not compensated based on the amount of securities sold, and it does not hold, manage, possess, or otherwise handle investor funds or securities.

e. It does not engage in such other activities as the Administrator, by rule, determines appropriate.

(12) An executive officer, director, managing member, or person occupying a similar status or performing similar functions in the name of and on behalf of the issuer shall be exempt from the registration provisions of G.S. 78A-36, provided that the person does not receive, directly or indirectly, any commission or remuneration for offering and selling securities of the issuer pursuant to this exemption.

(13) The issuer must provide a copy of the disclosure document provided to the Administrator pursuant to sub-subdivision (a)(5)b. of this section to each prospective investor at the time the offer of securities is made to the prospective investor. In addition to the information described in sub-subdivision (a)(5)b. of this section, the disclosure document provided to the Administrator and to prospective investors should include additional information material to the offering, including, where appropriate, a discussion of significant factors that make the offering speculative or risky. This discussion must be concise and organized logically and should not present risks that could apply to any issuer or any offering.

(b) Indexing. – The dollar limitations provided in subdivision (a)(3) of this section shall be cumulatively adjusted every fifth year by the Administrator to reflect the change in the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics, setting each dollar limitation to the nearest fifty thousand dollars ($50,000).

(c) Report. – An issuer of a security, the offer and sale of which is exempt under this section, shall provide a quarterly report to the issuer's investors until no securities issued under this section are outstanding. The report required by this subsection shall be free of charge. An issuer may satisfy the reporting requirement of this subsection by making the information available on an Internet Web site address if the information is made available within 45 days of the end of each fiscal quarter and remains available until the succeeding quarterly report is issued. An issuer shall file each such quarterly report with the Administrator and must provide

a written copy of the report to any investor upon request. The report must contain each of the following:

(1) Compensation received by each director and executive officer, including cash compensation earned since the previous report and on an annual basis and any bonuses, stock options, other rights to receive securities of the issuer or any affiliate of the issuer, or other compensation received.

(2) An analysis by management of the issuer of the business operations and financial condition of the issuer.

(d) Offers and Sales to Controlling Persons. – The exemption provided in this section shall not be used in conjunction with any other exemption under this Chapter, except offers and sales to controlling persons shall not count toward the limitation in subdivision (3) of subsection (a) of this section. A controlling person is an officer, director, partner, trustee, or individual occupying similar status or performing similar functions with respect to the issuer or to a person owning ten percent (10%) or more of the outstanding shares of any class or classes of securities of the issuer.

(e) Disqualification. – The exemption allowed by this section shall not apply if an issuer or person affiliated with the issuer or offering is subject to any disqualification contained in 18 NCAC 06A .1207(a)(1) through (a)(6) or contained in Rule 262 as promulgated under the Securities Act of 1933 (17 C.F.R. § 230.262). The provisions of this subsection shall not apply if (i) upon a showing of good cause and without prejudice to any other action by the Administrator, the Administrator determines that it is not necessary under the circumstances that an exemption be denied and (ii) the issuer establishes that it made factual inquiry into whether any disqualification existed under this subsection but did not know, and in the exercise of reasonable care could not have known, that a disqualification existed under this subsection. The nature and scope of the requisite inquiry will vary based on the circumstances of the issuer and the other offering participants.

(f) Rules. – The Administrator may adopt rules to implement the provisions of this section and to protect investors who purchase securities under this section.

(g) Fee. – The Administrator shall charge a nonrefundable filing fee of one hundred fifty dollars ($150.00) for filing an exemption notice required by subsection (a) of this section. The fees paid to the Administrator pursuant to this subsection shall be used to pay the costs incurred in administering and enforcing this Chapter. The revenue derived from the fee shall be credited to a nonreverting agency revenue account."

SECTION 5.(c) G.S. 78A-49(d) reads as rewritten:

"(d) The Administrator may by rule or order require the filing of any prospectus, pamphlet, circular, form letter, advertisement, or other sales literature or advertising communication addressed or intended for distribution to prospective investors, unless the security or transaction is exempted by ~~G.S. 78A-16 or 78A-17 (except 78A-17(9), (17), and (19))~~G.S. 78A-16 and G.S. 78A-17 (except G.S. 78A-17(9), (17), (19), and (20)) and such exemption has not been denied or revoked under G.S. 78A-18 or the security is a security covered under federal law or the transaction is with respect to a security covered under federal law."

SECTION 5.(d) Notwithstanding any provision of Article 2A of Chapter 150B of the General Statutes, within 12 months of the effective date of this act, the Secretary of State shall adopt rules to implement the provisions of this act in accordance with the following procedure:

(1) At least 15 business days prior to adopting a rule, submit the rule and a notice of public hearing to the Codifier of Rules. The Codifier of Rules shall publish the proposed rule and the notice of public hearing on the Internet within five business days.

(2) At least 15 business days prior to adopting a rule, notify persons on the mailing list maintained pursuant to G.S. 150B-21.2(d) and any other interested parties of the Secretary's intent to adopt a rule and of the public hearing.

(3) Accept written comments on the proposed rule for at least 15 business days prior to adoption of the rule.

(4) Hold at least one public hearing on the proposed rule no less than five days after the rule and notice have been published.

A rule adopted in accordance with this section becomes effective on the first day of the month following the month the Secretary adopts the rule and submits the rule to the Codifier of Rules for entry into the North Carolina Administrative Code. Any rule adopted more than 12 months after the effective date of this act shall comply with the requirement of Article 2A of Chapter 150B of the General Statutes.

SECTION 5.(e) Subsection (d) of this section is effective when it becomes law and expires 12 months after the effective date of this act. The remainder of this section is effective when it becomes law and expires on July 1, 2017."

PART VI. EFFECTIVE DATE

SECTION 6. Except as otherwise provided, this act is effective when it becomes law.

HOUSE BILL 1224:
Local Sales Tax for Education/Econ. Dev Chngs

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 21, 2014
Introduced by:	Rep. Presnell	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	PCS to Second Edition H1224-CSSVx-66		

SUMMARY: ***Part I of the PCS would authorize counties to use the proceeds of a portion of the local option sales and use tax for public transportation or for public education, and would cap the overall total local sales and use tax rate at two and one-half percent (2½%).***

This PCS differs from the PCS considered last week in the following ways:

- ***A county would not be limited to levying a local sales and use tax for either public education or public transportation.***
- ***The total rate would still be capped at 2.5% but a county would not be required to levy the public transportation tax or the public education tax at a rate that would bring their total rate up to the maximum. In other words, a county may levy either tax at the rate of ¼% if it so chooses.***
- ***It modifies the current Article 46 by providing that for referenda held on or after January 1, 2015, a county must pair the ¼% tax under Article 46 with either the tax for public education or the tax for public transportation. The ¼% may not be levied without one of those other taxes being levied. The counties that currently the Article 46 tax could continue to levy the tax alone or could opt to pair it with the public transportation tax or the public education tax but only at the rate of ¼%. Any county that is scheduled to have this issue on the November 2014 ballot would not be required to pair the Article 46 tax with a ¼% transportation or education tax. However, no county with a current rate of 2 ½% or higher may hold a referendum on the Article 46 tax.***

Parts II-IV of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund (JMAC). Part III of the PCS would create the Job Catalyst Fund (JCF) inside the Department of Commerce. Part IV would provide an additional $14M to the Job Development Investment Grant (JDIG) cap for the 2013-2015 biennium and provide limited flexibility with respect to the impact of JCF grants on the cost/benefit analysis required for JDIG grants.

This PCS also adds a new Part V, which would allow NC companies to sell $1 million ($2 million in some cases) of unregistered securities to NC residents. The Secretary of State would be authorized to charge a nonrefundable filing fee of $150 for filing a notice for unregistered securities.

PART I: LOCAL SALES TAX OPTIONS

CURRENT LAW & BILL ANALYSIS: Part I of the PCS establishes two new local sales and use tax options for counties, increases from ¼% to ½% the rate at which 94 counties may levy the public transportation tax, renames the public transportation tax the "public transit" tax, and caps the overall local sales and use tax rate at two and one-half percent (2½%). Under the bill, a county may levy any combination of the three local option sales and use taxes so long as the total local sales and use tax rate

in the county does not exceed two and one-half percent (2 ½%). Plus, a county would not be required to reach the maximum with any particular levy. Counties that currently levy the quarter-cent under Article 46 may continue to levy the tax, but no new counties would be able to hold a referendum on that tax after August 1, 2014, with the exception of two counties that already have the question on the November ballot and have a current rate of less than 2½%.

New Article 43A: County Sales Tax for Public Education

Section 1.1 of the PCS would give counties the authority to levy a local sales and use tax at a rate of up to one-half percent (1/2/%) if the majority of voters approve the levy of the tax in a referendum. The rate of tax must be in an increment of ¼% and must be at a rate that, if levied, would not result in a total local rate in the county in excess of two and one-half percent (2 1/2%). There is no limitation on a county's ability to also levy a local sales and use tax under Article 43 as long as the total local rate in the county does not exceed 2 ½%.

The proceeds of the tax are not shared with the cities and may only be used as follows:

- Public school capital outlay purposes or to retire any indebtedness incurred by the county for these purposes.
- Salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. A classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom.
- Financial support of community colleges, including funds to supplement State financial support of community colleges.

Changes to Article 43: Local Government Sales and Use Tax for Public Transportation

Under current law, counties may levy, upon referendum, a local sales and use tax to be used only for public transportation if the county or at least one unit of local government in the county operates a public transportation system. "Public transportation system" is broadly defined as any combination of real and personal property established for purposes of public transportation, but specifically excludes streets, roads, and highways (except to the extent they are dedicated to public transportation vehicles).

The rate of tax is ½% for the following six counties: Durham, Forsyth, Guilford, Mecklenburg, Orange, and Wake.[1] The rate of tax is ¼% for all other counties. Currently, the only counties levying a tax under this Article are Mecklenburg, Durham, and Orange Counties. None of the 94 counties levy the 1/4¢ tax under this Article.

Section 1.4 of the PCS would give all counties the ability to levy the public transit tax at the same rate by increasing from 1/4¢ to 1/2¢ the maximum rate of tax that the 94 counties under Part 6 of Article 43 may levy for public transit. It would also allow the other six counties to levy the tax at the rate of ¼% or 1/2% depending on what the total local rate is at the time of the referendum. If a county chooses to hold a referendum to levy the public transit tax, the rate must be at a rate that, if levied, would not result in a total local rate in the county that exceeds two and one-half percent (2 1/2%). There is no limitation on a county's ability to also levy a local sales and use tax under new Article 43A as long as the total local rate in the county does not exceed 2 ½%.

---

[1] Of these six counties, Durham and Orange are the only ones that also levy the quarter-cent tax under Article 46. Guilford and Mecklenburg have the quarter-cent on the November 2014 ballot.

Changes to Article 46: One-Quarter Cent (1/4¢) County Sales and Use Tax

In 2007, the General Assembly gave counties a local-option, quarter-cent sales tax. The tax must be approved by voters in a referendum before it can be adopted. The proceeds of the tax are not shared with the cities and may be used for any general purpose.

Since the enactment of the authorization, 94 referendums have been held in 59 counties; of those, 27 were approved.

Section 1.5 of the PCS modifies the current Article 46 as follows:

- For referenda held on or after January 1, 2015, a county must pair the ¼% tax under Article 46 with either the tax for public education (new Article 43A) or the tax for public transportation (Article 43). The Article 46 tax may not be levied without one of those other taxes being levied. Moreover, once levied, the proceeds of the Article 46 tax may not be used for education or public transportation, regardless of which tax the county is levying in addition to the Article 46 tax.
- The counties that currently levy the Article 46 tax may continue to levy the tax alone or they could opt to pair it with the public transportation tax or the public education tax, but only at the rate of ¼%.
- Any county that is scheduled to have this issue on the November 2014 ballot would not be required to also levy a ¼%-cent transportation or education tax. However, no county with a current rate of 2 ½% or higher may hold a referendum on the Article 46 tax. There are four counties that have voted to put this issue on the November 2014 ballot: Bladen, Guilford, Mecklenburg, and Richmond. All but Mecklenburg have a total rate of local sales and use tax that is less than two and one-half percent (2 ½%). Wake, Rockingham, and Carteret are also considering whether to add this issue to the November ballot.

Rate Cap for all Local Sales and Use Taxes

The local sales and use tax rate varies among the counties, ranging from 2% to 2.75%.[2] Under current law, there are 6 counties that *could* have a total local sales and use tax rate of two and three-quarters (2.75%), for a total State and local rate of 7.5%. Those counties are: Durham, Forsyth, Guilford, Mecklenburg, Orange, and Wake. To reach the maximum, a county would have to levy the first cent, the first one-half cent, the second one-half cent, the one-half cent public transportation tax, and the one-quarter cent tax. To date, only 2 of the 6 counties levy the maximum: Durham and Orange. That rate became effective in those counties in April of 2013.

The maximum that could be levied in the other 94 counties is two and one-half percent (2½%). The reason for the difference is that those 94 counties may only levy a one-quarter cent (1/4%) tax for public transportation. The remaining local taxes for those counties are the same.

Under the PCS, the total local sales and use tax rate that a county may levy would be two and one-half percent (2½%). The PCS carves out an exception for the two counties that currently levy a 2.75% local tax, but if either of those counties repeals any of the local sales and use taxes it currently levies, bringing the county rate below 2.75%, that county would become subject to the 2.5% cap.

[2]See table in the **BACKGROUND** section for this Part of the Bill Analysis.

Allocation of Article 43B Proceeds by County Commissioners

Section 1.2 of the PCS would authorize a board of county commissioners to direct the amount of funds derived from the tax levied under Article 43A to be used for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. Without this language, the board could allocate funds to instructional services generally, but it could not allocate funds more specifically within that category of expenditures. In addition, a board of education would need approval from the board of county commissioners before it could decrease the amount of funds that were allocated by the board of county commissioners. **Section 1.3** has similar provisions with regard to allocating funds for community colleges.

Under current law, local board of education is required to prepare a budget using the uniform budget format and submit that budget to the board of county commissioners no later than May 15 of each year. The board of county commissioners must then determine the amount of county revenues to be appropriated in the county budget to the local board of education and may "in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format." Once the board of county commissioners makes its appropriation, the board of education adopts its budget resolution subject to certain requirements found in G.S. 115C-432. Amendments to the budget resolution are allowed after adoption, but are subject to certain limitations found in G.S. 115C-433.

For community colleges, a similar process is followed.[3] The board of trustees of a community college prepares a budget using forms developed by the State Board of Community Colleges. Community college budgets are broken into different parts requiring approval by different groups as follows:

- State Current Fund Budget – Approved by the board of trustees and State Board of Community Colleges.
- County Current Fund Budget - Approved by the board of trustees and the local tax-levying authority.
- Institutional Fund Budget - Approved by the board of trustees.
- Plant Fund Budget - Approved by the board of trustees, partly by the local tax-levying authority and partly by the State Board of Community Colleges.

G.S. 115D-55 requires the tax-levying authority to determine the amount of county revenues to be appropriated in the county budget to the community college and allows the authority to "allocate part or all of an appropriation by purpose, function, or project as defined in the budget manual as adopted by the State Board of Community Colleges." Once the tax-levying authority has made its appropriation, the budget is submitted to the State Board of Community Colleges for approval. G.S. 115D-56 requires that, once approved, the board of trustees must adopt a final budget resolution, and permits under G.S. 115D-58 that amendments be made to the budget subject to rules and regulations adopted by the State Board of Community Colleges and certain limits on amendments to local appropriations established in statute.

[3] Article 4A of Chapter 115D establishes the budget process for community colleges.

BACKGROUND: The following table identifies the current total local sales and use tax rate in the counties.

Local Rate of Sales & Use Tax	Counties	
2.75%	Durham Orange	
2.50%	Mecklenburg	
2.25%	Alexander Buncombe Cabarrus Catawba Cumberland Duplin Edgecombe Greene Halifax Harnett Haywood Hertford	Lee Martin Montgomery New Hanover Onslow Pitt Randolph Robeson Rowan Sampson Surry Wilkes
2.00%	Remaining 73 counties	

The following table sets out how the local sales and use taxes may be used, how they are distributed, and whether their enactment required a referendum.

Statutory Authority	Use of Proceeds		Distribution Method	Referendum Requirement
1st 1-cent (Article 39)	Any lawful purpose		Point of collection	Permitted, but not required
1st ½-cent (Article 40)	Counties – 30% school capital		Per capita * Adjustment formula	Permitted but not required
2nd ½-cent (Article 42)	Counties – 60% school capital		Point of collection	Permitted, but not required
½-cent or ¼-cent (Article 43)	Counties/Transportation Authorities – public transportation systems only		Per capita among county and units of local government in county that operate public transportation system	Required
	½-cent Part 2: Mecklenburg Part 4: Triangle (Wake, Durham, Orange) Part 5: Triad (Forsyth, Guilford)	**¼-cent** Part 6 – All other counties		
¼-cent (Article 46)	Any lawful purpose		Point of collection – distributed to county only	Required

PART II: JMAC MODIFICATIONS

CURRENT LAW: The General Assembly created JMAC in 2007 as a non-reverting account in the Department of Commerce.[4] The purpose of JMAC is to maintain jobs in the State. Three companies have received a grant from JMAC. The Department may not enter more than five agreements, and this act does not change that limitation. The total aggregate cost of all agreements for grants from JMAC is limited to $69 million, and the annual cost of any one agreement is $6 million. A grant agreement obligates the State to make a series of grant payments over a period of time, but it does not authorize the taxing power of the State to be pledged.

BILL ANALYSIS: The PCS expands eligibility for a JMAC grant for large manufacturing employers in four ways. First, the PCS allows eligibility for a large manufacturing employer if it is investing in its manufacturing process by enhancing pollution controls or transitioning from use of coal to natural gas for efficiency or emissions purposes. Previously, the conversion had to be for the purpose of changing the product it manufactures. Second, the PCS lowers the investment threshold from $65 million to $50 million. Third, the PCS increases the time for the investment from three to five years. Finally, the PCS allows the large manufacturing employer to be in an area that is tier 2, instead of a tier 1, if the area has a population of less than 60,000 as of 7/1/13, the manufacturer employs at least 800 FTEs at the project, and the manufacturer maintains that level of employment throughout the term of the grant.

The PCS also increases the total aggregate cost limitation of all JMAC agreements from $69 million to $79 million.

PART III: JOB CATALYST FUND

BILL ANALYSIS: Part III of the PCS creates the Job Catalyst Fund (JCF), a new special, non-reverting account in the Department of Commerce, for the purpose of providing funds to local governmental units for certain manufacturing projects. The guidelines and administration of the Fund is vested solely in the Secretary of Commerce, subject to the following minimum requirements that apply to each grant from the JCF:

1. A business at a project must agree, for the greater of 10 years or the term of the grant plus five years, to the following:
    a. To create 500, 800, or 1,200 full-time jobs for development tier one, two, or three areas, respectively.
    b. To invest at the project $20M, $35M, or $50M in real and/or personal property for development tier one, two, or three areas, respectively.
    c. To satisfy a wage requirement equal to a percentage of the average wage for all insured private employers in the county. If tiers one or two, the percentage is 100%. If tier three, the percentage is 110%.
    d. To provide health insurance.
    e. To avoid notices of overdue tax debts and citations under OSHA for willful serious violations or failing to abate serious violations.
2. The local governmental unit agrees to match State funds at a rate of 3%, 6%, or 9% for tier one, two, or three areas, respectively.

---

[4] S. L. 2007-552, G.S. 143B-437.11; S. L. 2008-187 recodified the statute as G.S. 143B-437.012.

3. The funds are used to acquire/improve land or infrastructure, for facility development, or for capital investment and used for manufacturing projects.
4. Funds are not used in favor of jobs created or property investments for which a tax credit under Article 3J was given and are not used for retail facility development or for semiprofessional sports teams/clubs.

Local governmental units must provide a means to recapture from the business at a project an amount equal to that disbursed from the Fund in the event the business fails to satisfy any of the requirements for the disbursement, and the local governmental unit must, in turn, reimburse the Fund. The Department must report annually on each grant awarded, the status of each project, the number and development tier area of created positions, a listing of employment levels at projects and changes to employment levels from the preceding year, wage levels, number of awards for new/existing businesses, environmental impact, geographic distribution, and developed guidelines/changes to guidelines.

For purposes of guidelines for and administration of the program, the Secretary is exempt from the APA and must, instead, allow 20 days' notice before the effective date of guidelines (via publication) and 15 additional days for comment.

PART IV: JDIG MODIFICATIONS

BILL ANALYSIS: In the 2013 budget, the annual cap for JDIG commitments was modified from a calendar year basis to a fiscal biennium basis for the 2013-15 fiscal biennium only. This modification brought forward from the 2015 fiscal year an additional $7.5M in JDIG commitment availability. Subsection 4(a) of the PCS would increase the cap for JDIG commitment by an additional $14M for the 2013-15 fiscal biennium. Subsection 4(b) concerns the requirement in JDIG to conduct a cost/benefit analysis to determine whether a JDIG award is appropriate. Currently, all costs are considered for purposes of determining whether a JDIG award is appropriate. The PCS would allow disregarding of costs associated with an award from the newly created Job Catalyst Fund if, absent that award, the cost/benefit analysis would affirm the propriety of making a JDIG grant.

PART V: CROWD FUNDING

Part V of the PCS would add a new exemption to the list of transactions that are exempt from the registration and filing requirements for the offer or sale of securities. Specifically, the PCS creates the Invest NC exemption that requires:

- **NC Issuer** – The issuer must be a North Carolina business entity formed under the laws of the State and registered with the Secretary of State.
- **Intrastate Offering** – The transaction must meet the federal exemption for an intrastate offering, which means that the issuer and all purchasers must be located in NC, that purchasers cannot transfer the securities for a period of time, that a certain percentage of the proceeds must be used in the State, and that the issuer cannot sell or have an economic impact outside the state.
- **$1/$2 Million Maximum Per Offering** – If the issuer has not undergone a financial audit, the maximum amount of cash raised under the exemption must not exceed $1 million minus the amount received in the 12 months before the exemption. If the issuer has undergone a financial audit, the maximum amount allowed is $2 million minus the amount received in the 12 months before the exemption. Offers and sales to controlling persons of the issuer are exempt from the funding cap. The funding cap will be adjusted for inflation every fifth year.
- **$2,000 Maximum Per Purchaser** – The issuer has not accepted more than $2,000 from a single purchaser, unless the purchaser is an accredited investor.

- **Notice to Secretary of State** – The issuer must file a notice with the Secretary of State no less than 10 days before beginning to offer securities under the exemption. The notice must include a disclosure statement with specified financial information that will be provided to investors and an escrow agreement between the issuer and a NC bank providing that funds received from investors will be held until the minimum target offering amount is reached and that investors may cancel their purchase if the target is not reached.
- **Issuer Not Investment Company** – The issuer may not be an investment company.
- **Notice of Unregistered Securities and Limitations on Resale** – The issuer must conspicuously display on the cover of the disclosure document a notice to investors that the securities being offered have not been registered under federal or State law, that the investor bears the risk of the investment, and that the securities are subject to limitations on resale.
- **Written Acknowledgement by Purchaser** – The issuer shall require each purchaser to certify in writing that the purchaser understands and acknowledges the securities are a high-risk speculative business venture; no state or federal governmental authority has reviewed the offering; the securities are illiquid; and the purchaser may be subject to tax on a share of the taxable income and losses of the company whether or not the purchaser sold or otherwise disposed of the securities.
- **Registration and Recordkeeping by Internet Web Sites** – If the offer and sale are made through an internet web site, the issuer and the website must provide certain information to the Secretary of State, including evidence that both are NC businesses and that all purchasers are NC residents.
- **Notice and Recordkeeping by Escrow Holder** – The bank holding the escrow funds shall notify the Secretary of State of the receipt of payments for securities and the identity and residence of the investors.
- **Registration Exemption for Web Site** – The web site is exempt from the requirement to register as a dealer or salesperson if the web site meets specified conditions.
- **Registration Exemption for Issuer's Employees** – The executives and management of the issuer are exempt from the requirement to register as a dealer or salesperson as long as they do not receive any remuneration or commission for offering and selling securities under the exemption.
- **Quarterly Reporting** – The issuer must provide a quarterly report to investors until no securities issued under the exemption are outstanding.
- **Disqualification** – The exemption does not apply if the issuer or someone affiliated with the issuer is subject to any disqualification under State or federal law.
- **Rules** – The Secretary of State may adopt rules to implement the exemption and protect investors.

The PCS authorizes the Secretary of State to charge a nonrefundable filing fee of $150 for filing the exemption notice. The PCS also authorizes the Secretary of State to adopt rules to implement the exemption on an expedited basis for the first year.

EFFECTIVE DATE: Part I is effective when it becomes law. Part II of the act becomes effective July 1, 2014. Parts III and IV of the act are effective when they become law.

GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2013

FISCAL ANALYSIS MEMORANDUM

[This confidential fiscal memorandum is a fiscal analysis of a draft bill, amendment, committee substitute, or conference committee report that has not been formally introduced or adopted on the chamber floor or in committee. This is not an official fiscal note. If upon introduction of the bill you determine that a formal fiscal note is needed, please make a fiscal note request to the Fiscal Research Division, and one will be provided under the rules of the House and the Senate.]

BILL SUMMARY:
Part I of the PCS enacts Article 43A, the Local Option Sales Tax for Education, and modifies existing local sales tax articles, Article 43 and Article 46. Part II of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund. Part III of the PCS would create the Job Catalyst Fund inside the Department of Commerce. Part IV would provide an additional $14M to the JDIG cap for the 2013-2015 biennium.

ASSUMPTIONS AND METHODOLOGY:

PART I LOCAL OPTION SALES TAX FOR EDUCATION

HB 1224 creates Article 43A. Article 43A grants local jurisdictions the authority to levy an additional sales tax designated for education. The bill also limits the maximum local sales tax rate to 2.5% in all but two counties, Durham County and Orange County, where the local rate is currently 2.75%. Table 1 below highlights the fiscal impact of enacting Article 43A at the maximum possible rate during the 2015-16 fiscal year.

Table 1. Maximum Sales and Use Tax Levy and Additional Revenue under Article 43A, by County, Fiscal Year 2015-16

County	Current Rate	Article 43A 2.25%	Article 43A 2.50%

PART II JMAC MODIFICATIONS

While the PCS to House Bill 1224 broadens eligibility for the JMAC program and increases total award capacity to $79 million, the legislation does not expressly require this capacity to be used.

However, Commerce has relayed to the Fiscal Research Division that the impetus for JMAC program expansion is the retention of Evergreen Packaging in Haywood County. If the PCS is enacted, Commerce plans to award the company a JMAC in FY 2014-15 and structure the contract for the company to receive a total of $12 million over six fiscal years, with payments of $2 million annually (FY 2015-16 through FY 2020-21). Committing this award would absorb the remaining available $12 million JMAC award capacity ($79 million permissible award capacity proposed in the PCS less $67 million utilized liability to-date for awards to Bridgestone, Goodyear and ɔomtar).

Existing JMAC statutes limit a grant period to up to 10 years and restrict the annual cost of any one award to no more than $6 million. Regardless of whether Commerce's plans for Evergreen Packaging become reality, if the PCS is enacted, then JMAC will have $12 million worth of unutilized award capacity. If fully utilized, cost implications range between $1.2 million a year for 10 years and $6 million a year for two years, which would require future General Fund appropriations.

PART III JOB CATALYST FUND

This section of the bill establishes the Fund, but has no fiscal impact since the PCS does not provide the Fund with 1) an appropriation or 2) a threshold under which awards are authorized to be committed.[1]

PART IV JDIG MODIFICATIONS

This section of the bill increases the 2013-15 fiscal biennium award capacity for the Job Development Investment Grant program by $14 million. Given that grant terms can be up to 12 years, the PCS generates an additional maximum liability for the program of $168 million (actual payments are based on company performance).

SOURCES OF DATA: Commerce; North Carolina Department of Revenue

TECHNICAL CONSIDERATIONS: None

Other economic development grant programs are permitted a certain award capacity threshold under which to make grant commitments; examples include the Job Development Investment Grant program, One North Carolina Fund, and JMAC.

Senate Committee on Finance
Tuesday, July 22, 2014 at 10:00 AM
Room 544 of the Legislative Office Building

MINUTES

The Senate Committee on Finance met at 10:00 AM on July 22, 2014 in Room 544 of the Legislative Office Building. Thirty-one members were present.

Senator Bob Rucho, Chair, presided.

HB 1044 - Averasboro Township TDA Changes.

Representative Lewis was recognized to explain the bill. It would make changes to the composition, meeting requirements, and authority of the Averasboro Township Tourism Development Authority. Senator Rabin moved for a favorable report and the motion carried. A copy of the bill, the summary and the fiscal memo is attached.

HB 1054 - Spindale/Cape Fear Sewer Fee Collection.

Representative Hager was recognized to explain the bill which would authorize the Town of Spindale and the Cape Fear Public Utility Authority to collect an unpaid sewer availability fee in the same manner as delinquent property taxes are collected. Senator Tucker moved for a favorable report and the motion carried. A copy of the bill and the summary is attached.

HB 1059 - New Hanover Occup. Tax Use.

Senator Goolsby was recognized to explain the bill. Senator Curtis moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would modify the use of the 3% room occupancy tax currently levied in the unincorporated areas of New Hanover County. It would remove the provision that created a Class H felony in certain counties for the taking of a Venus flytrap with the intent to steal. Senator Wade moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

Senator Rucho recessed the meeting at 10:58 a.m. to reconvene at 5 p.m.

At 5 p.m. the meeting reconvened.

SB 763 - Revenue Laws Tech. Changes and Other Changes.

Senator Rabon was recognized to explain the bill and Senator Hartsell moved to adopt the PCS for discussion. The motion carried. The PCS would make several technical corrections and clarifying changes to the tax statutes largely based on recommendations of the Department of Revenue. Senator Rabon offered an amendment which Cindy Avrette, committee counsel, explained. The amendment would make changes to S Corporations, retail sales and use taxes, and distribution of funds by the Department of Revenue. Senator Rabon moved for its adoption

and the motion carried. Senator Hartsell was recognized to offer an amendment, but the amendment was declined. Senator Apodaca was recognized to offer an amendment, but the amendment was declined. Heather Fennell, committee counsel, was recognized to answer questions about tobacco taxes on vapor products. Eric Wayne, Department of Revenue, was recognized to answer questions about gap accounting methods v. accrual accounting. Senator Rabon moved for a favor report as amended and the motion carried. A copy of the PCS, the amendment, and the summary is attached.

HB 625 - Zoning/Health Care Structure.

Representative Moffitt was recognized to explain the bill which would exempt temporary family health care structures from zoning requirements applicable to single family residential zoning by counties and cities; and would require issuance of a permit for installation. Senator Rucho offered a technical amendment and moved for its adoption. The motion carried. Senator Ford moved for a favorable report as amended and the motion carried. A copy of the bill, the summary and the amendment is attached.

HB 1224 - Local Sales Tax Options/Econ. Devpt. Changes.

Senator Gunn was recognized to explain the bill and senator Rabon moved to adopt the PCS for discussion. The motion carried. Part I of the PCS would authorize counties to use the proceeds of a portion of the local option sales and use tax for public transportation or for public education, and would cap the overall total local sales and use tax rate at two and one-half percent (2 ½%). Counties would not be limited to levying a local sales and use tax for either public education or public transportation. The total rate would still be capped at 2.5%, but a county would not be required to levy the public transportation tax or the public education tax at a rate that would bring their total rate up to the maximum. A county may levy either tax at the rate of ¼% if it so choses. The PCS would modify the current Article 46 by providing that for referenda held on or after January 1, 2015, a county must pair the ¼% tax under Article 46 with either the tax for public education or for public transportation. The ¼% may not be levied outhit one of those other taxes being levied. The counties that currently have the Article 46 tax could continue to levy the tax alone or could opt to pair it with the public transportation tax or the public education tax, but only at the rate of ¼%. Any county that is scheduled to have this issue on the November 2014 ballot would not be required to pair the Article 46 tax with ¼% transportation or education tax. However, no county with a current rate of 2 ½% or higher may hold a referendum on the Article 46 tax. Parts II-IV of the PCS would expand the eligibility criteria for the Job Maintenance and Capital Development Fund. Part II would create the Job Catalyst Fund inside the Department of Commerce. Part IV would provide an additional $14 million to the Job Development Investment Grant cap for the 2013-2015 biennium and would provide limited flexibility with respect to the impact of JCF grants on the cost/benefit analysis required for JDIG grants. The PCS adds a new Part V, which would allow NC companies to sell $1 million ($2 million in some cases) of unregistered securities to NC residents. The Secretary of State would be authorized to charge a nonrefundable filing fee of $150 for filing a notice for unregistered securities. Senator Apodaca moved for a favorable report and the motion carried. A copy of the PCS, the fiscal note and a summary chart is attached.

HB 27 - Escheat Savings Bond Trust Fund/Scholarships.

Representative Howard was recognized to explain the bill. Senator Brown moved to adopt the PCS for discussion and the motion carried. The PCS would enable the Treasurer to institute a judicial proceeding to claim title and ownership of unclaimed US savings bonds so that the Treasurer may redeem the bonds and credit the funds received into the Escheat Fund. Brenda Williams from the Treasurer's office was recognized to answer questions. Senator Tillman moved for a favorable report and the motion carried. A copy of the PCS and the summary is attached.

The meeting adjourned at 5:44 p.m.

HOUSE BILL 1044

Senate State and Local Government Committee Substitute Adopted 6/24/14

Short Title: Averasboro Township TDA Changes. (Local)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO MAKE CHANGES TO THE AVERASBORO TOWNSHIP TOURISM DEVELOPMENT AUTHORITY.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 142 of the 1987 Session Laws, as amended by Part XII of S.L. 2001-439, reads as rewritten:

"**Section 1.** Occupancy Tax. – (a) Authorization and Scope. – The Harnett County Board of Commissioners may levy a room occupancy tax in an amount not to exceed three percent (3%) of the gross receipts derived from the rental of any room, lodging, or similar accommodation furnished by a hotel, motel, inn, or similar place within Averasboro Township that is subject to sales tax imposed by the State under G.S.105-164.4(a)(3). This tax is in addition to any State or local sales tax. This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious institutions or organizations.

(a1) Additional Occupancy Tax. – In addition to the tax authorized by subsection (a) of this section, the Harnett County Board of Commissioners may levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of accommodations taxable under that subsection. The county may not levy a tax under this section unless it also levies the tax under subsection (a) of this section. A tax levied under this section may not become effective before the first day of the second month after the resolution levying the tax is adopted. The levy, collection, administration, and repeal of the tax authorized by this subsection shall be in accordance with this section.

(b) Repealed.

(c) Administration. – For the purpose of levying and administering the tax authorized by this act, Averasboro Township shall be a body politic and corporate and shall have the power to carry out the provisions of this act. The Harnett County Board of Commissioners shall serve, ex officio, as the governing body of the Township, and the officers of the board of commissioners shall serve as the officers of the governing body of the township. A simple majority of the governing body constitutes a quorum, and approval by a majority of those present is sufficient to determine any matter before the governing body, if a quorum is present.

The Harnett County Board of Commissioners, as the governing body of Averasboro Township, shall administer a tax levied under this act. A tax levied under this act shall be levied, administered, collected, and repealed as provided in G.S. 153A-155 as if Averasboro Township were a county. The penalties provided in G.S. 153A-155 apply to a tax levied under this act.

(d) Repealed.

(e) Distribution and Use of Tax Revenue. – The township shall, on a ~~quarterly~~ monthly basis, remit the net proceeds of the occupancy tax to the Averasboro Township Tourism Development Authority. The Authority shall use at least two-thirds of the funds remitted to it under this subsection to promote travel and tourism in Averasboro Township and shall use the remainder for tourism-related expenditures.

The following definitions apply in this subsection:

(1) Net proceeds. – Gross proceeds less the cost to the township of administering and collecting the tax, as determined by the finance officer, not to exceed three percent (3%) of the first five hundred thousand dollars ($500,000) of gross proceeds collected each year and one percent (1%) of the remaining gross receipts collected each year.

(2) Promote travel and tourism. – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area. The term includes administrative expenses incurred in engaging in the listed activities.

(3) Tourism-related expenditures. – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, or convention facilities in a township or to attract tourists or business travelers to the township. The term includes tourism-related capital expenditures.

(f) Repealed.

(g) Repealed.

"**Sec. 2.** Tourism Development Authority. – (a) Appointment and membership. – When the board of commissioners adopts a resolution levying a room occupancy tax under this act, it shall also adopt a resolution creating an Averasboro Township Tourism Development Authority, which shall be a public authority under the Local Government Budget and Fiscal Control Act. There shall be ~~seven~~ nine members of the Authority as follows:

(1) Three members, appointed by the Authority from applications submitted to the Authority, each of whom is a hotel, motel, or bed and breakfast operator from Averasboro Township.

(2) One individual currently active in tourism promotion and who does not own or operate a hotel, motel, or other taxable tourist accommodation, to be appointed by the Authority from applications submitted to the Authority.

(3) One individual currently active in tourism promotion and who does not own or operate a hotel, motel, or other taxable tourist accommodation. This individual will be the President of the Dunn Area Chamber of Commerce or a designee to be appointed by the Board of Directors of the Dunn Area Chamber of Commerce. ~~Two members appointed by the board of commissioners from nominations submitted by the Dunn Area Chamber of Commerce, one who is a hotel or motel operator from Averasboro Township and one who is a representative of the travel industry;~~

~~(2)~~(4) The Harnett County Manager, to serve ex ~~officio;~~officio.

~~(3)~~(5) ~~The~~ A Harnett County Commissioner representing Averasboro Township, to serve ex ~~officio;~~officio.

~~(4) The President of the Dunn Area Chamber of Commerce, to serve ex officio;~~

~~(5) The Vice President of Economic and Industrial Development of the Dunn Area Chamber of Commerce, to serve ex officio; and~~

(6) The City Manager of the Town of Dunn, to serve ex officio.

(7) A city council member of Dunn, appointed by the Dunn City Council, to serve ex officio.

~~The members appointed by the board of commissioners shall serve for a term of one year; vacancies~~ Vacancies shall be filled in the same manner as the initial appointments. All of the members, including those who serve ex officio, shall be voting members of the Authority. A majority of the members shall constitute a quorum for the transaction of business and an affirmative vote of the majority of the members present at a meeting of the Authority shall be required to constitute action of the Authority. The ~~board of commissioners~~ Authority shall designate one member of the Authority as chair and one member of the Authority to serve as vice-chair and shall determine the compensation, if any, to be paid to members of the Authority.

The Authority shall meet monthly or at the call of the chair and shall adopt rules of procedure to govern its meetings. The Finance Officer for ~~Harnett County~~ the City of Dunn shall be the ex officio finance officer of the Authority.

(b) Duties. – The authority shall develop, promote, and advertise travel and tourism in Averasboro Township, sponsor tourist-oriented events and activities for Averasboro Township, operate and maintain museums and historic sites throughout Averasboro Township, and purchase, operate, ~~and~~ maintain a convention facility for Averasboro ~~Township.~~ Township, and finance tourist-related capital projects in Averasboro Township.

(c) Reports. – The Authority shall report quarterly and at the close of the fiscal year to the board of county commissioners on its receipts and expenditures for the preceding quarter and for the year in such detail as the board may require.

"**Sec. 3.** This act is effective upon ratification."

SECTION 2. This act is effective when it becomes law and applies to the distribution of the net proceeds of the occupancy tax on or after the earlier of October 1, 2014, or the date specified in a resolution adopted in accordance with this act.

HOUSE BILL 1044:
Averasboro Township TDA Changes

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 22, 2014
Introduced by:	Rep. Lewis	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1044 makes changes to the composition, meeting requirements, and authority of the Averasboro Township Tourism Development Authority (the Authority***

CURRENT LAW: The Authority was created in 1987 by S.L. 1987-142 and is charged with developing, promoting, and advertising travel and tourism in Averasboro Township; sponsoring tourist-oriented events and activities; operating and maintaining museums and historic sites; and purchasing, operating, and maintaining a convention facility.

The Authority meets at the call of the chair and is currently composed of seven members as follows:

- Two members appointed by the board of commissioners from nominations submitted by the Dunn Area Chamber of Commerce, one who is a hotel or motel operator from Averasboro Township and one who is a representative of the travel industry.
- The Harnett County Manager, ex officio.
- The Harnett County Commissioner representing Averasboro Township, ex officio.
- The President of the Dunn Area Chamber of Commerce, ex officio.
- The Vice President of Economic and Industrial Development of the Dunn Area Chamber of Commerce, ex officio.
- The City Manager of the Town of Dunn, ex officio.

The Finance Officer for the Harnett County serves as the ex officio finance officer of the authority. The township is required to remit the net proceeds of occupancy tax collected to the Authority on a quarterly basis.

BILL ANALYSIS: The bill increases the membership of the Authority from seven to nine members and alters the qualifications for membership. The membership of the Authority would change to:

- Three members, appointed by the Authority from applications submitted to the Authority, each of whom is a hotel, motel, or bed and breakfast operator from Averasboro Township.
- One individual currently active in tourism promotion and who does *not* own or operate a hotel, motel, or other taxable tourist accommodation, to be appointed by the Authority from applications submitted to the Authority.
- One individual currently active in tourism promotion and who does *not* own or operate a hotel, motel, or other taxable tourist accommodation. This individual will be the President of the Dunn Area Chamber of Commerce or a designee to be appointed by the Board of Directors of the Dunn Area Chamber of Commerce.
- The Harnett County Manager, ex officio.

- A Harnett County Commissioner representing Averasboro Township, ex officio.
- The City Manager of the Town of Dunn, ex officio.
- A city council member of Dunn, appointed by the Dunn City Council, ex officio.

Under the bill, the Finance Officer for the City of Dunn replaces the Finance Officer of Harnett County as the ex officio finance officer of the Authority.

Additionally, the bill creates the position of vice-chair, designated by the Authority; requires the Authority to meet monthly, or at the call of the chair; directs the township to remit the net proceeds of the occupancy tax to the Authority on a monthly basis (as opposed to quarterly); and gives the Authority the ability to finance tourist-related capital projects in Averasboro Township.

EFFECTIVE DATE: The act is effective when it becomes law and applies to the distribution of the net proceeds of the occupancy tax on or after the earlier of October 1, 2014, or the date specified in a resolution adopted in accordance with this act.

BILL SUMMARY:

House Bill 1044 amends SL 1987-142, as amended, to require that the Averasboro Township remit the proceeds of the local occupancy tax on a monthly (was, quarterly) basis to the Averasboro Township Tourism Development Authority. Also, it increases the membership of the Averasboro Township Tourism Development Authority from seven to nine members and changes the membership of that Authority. It deletes the provision setting one-year terms and requires the Authority (was, the board of commissioners) to designate one member of the Authority to serve as chair and one member to serve as vice-chair. The bill requires that the Authority meet monthly. It names the finance officer for Dunn (was, for Harnett County) as the ex officio finance officer. House Bill 1044 requires the Authority to finance tourist-related capital projects in the Averasboro Township. The bill applies to the distribution of the net proceeds of the occupancy tax on or after the earlier of October 1, 2014, or the date specified in a resolution adopted in accordance with the act.

ASSUMPTIONS AND METHODOLOGY:

House Bill 1044 makes changes to the membership and structure of the Averasboro Township Tourism Development Authority. It has no fiscal impact.

HOUSE BILL 1054
Committee Substitute Favorable 6/18/14

Short Title: Spindale/Cape Fear Sewer Fee Collection. (Local)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO AUTHORIZE THE TOWN OF SPINDALE AND THE CAPE FEAR PUBLIC UTILITY AUTHORITY TO ATTACH PERSONAL PROPERTY, GARNISH WAGES, AND PLACE LIENS ON CERTAIN REAL PROPERTY TO COLLECT UNPAID FEES FOR SEWER AVAILABILITY.

The General Assembly of North Carolina enacts:

SECTION 1. If a town enters into an interlocal contract or agreement pursuant to G.S. 160A-461 for the county to place on the tax bill and to collect a sewer availability fee charged by the town, the county may collect the fee in any manner by which delinquent real property taxes can be collected. Fees become delinquent and accrue interest in the same manner as delinquent real property taxes. The delinquent fee is a lien on the real property owned by the person and benefitted by the sewer availability and shall have the same priority as local property tax liens. Fees and associated liens shall be released or refunded by the town only pursuant to the release and refund provisions that apply to property taxes under G.S. 105-381.

SECTION 2. Section 1 applies only to the Town of Spindale.

SECTION 3. A water and sewer authority created under Article 1 of Chapter 162A of the General Statutes may adopt an ordinance providing that a fee charged by the authority for sewer availability services and remaining unpaid for a period of 90 days may be collected in any manner by which delinquent real property taxes can be collected. If the ordinance states that delinquent fees may be collected in the same manner as delinquent real property taxes, the delinquent fees are a lien on the real property owned by the person and benefitted by the sewer availability. The ordinance adopted by the authority shall provide for an appeals process.

SECTION 4. Section 3 of this act is not intended to in any way alter or modify the priority of a lien established for city and county taxes under Chapter 105 of the General Statutes, and any debt due the Cape Fear Public Utility Authority shall be expressly subordinate to any county or city tax.

SECTION 5. Sections 3 and 4 apply only to the Cape Fear Public Utility Authority.

SECTION 6. This act is effective when it becomes law.

HOUSE BILL 1054:
Spindale/Cape Fear Sewer Fee Collection

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 22, 2014
Introduced by:	Rep. Hager	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 1054 would authorize the Town of Spindale and the Cape Fear Public Utility Authority to collect an unpaid sewer availability fee in the same manner as delinquent property taxes are collected.***

CURRENT LAW: G.S. 160A-31 authorizes municipalities to collect a sewer availability fee. G.S. 162A-6 authorizes a water and sewer authority to collect a sewer availability fee.

BILL ANALYSIS: House Bill 1054 authorizes the Town of Spindale and the Cape Fear Public Utility Authority to adopt ordinances providing for collection of a delinquent sewer availability fee in the same manner as delinquent property taxes.

Delinquent property taxes may be collected in the following ways:

- Placement under lien and sale of real property.
- Attachment and garnishment of wages and bank accounts.
- Levy and sale of personal property.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: The following local legislation regarding delinquent water and sewer fees has been enacted:

- S.L. 1993-768: Authorizes City of Durham to collect delinquent water and sewer fees resulting from leaking or broken pipes of the real property owner in the same manner as property taxes.
- S.L. 2003-270: Authorizes Davie, Duplin, and Lenoir Counties, the municipalities in these counties, and in Columbus County, and water and wastewater authorities in Davie, Duplin, and Lenoir Counties to collect delinquent water and sewer fees in the same manner as delinquent property taxes.
- S.L. 2009-402 Authorizes Montgomery County to collect delinquent water and sewer fees in the same manner as delinquent property taxes.
- S.L. 2010-59 Authorizes the City of Locust and the Towns of New London and Stanfield to collect delinquent sewer fees in the same manner as delinquent property taxes.

Giles Perry with the Research Division substantially contributed to this summary.

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO MODIFY THE NEW HANOVER OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

SECTION 1. Section 7(d) of S.L. 2006-167 reads as rewritten:

"**SECTION 7.(d)** Distribution and Use of Tax Revenue. – New Hanover County District U shall ~~deposit one hundred percent (100%) of the net proceeds of the room occupancy and tourism development tax levied under this section into a special fund, the cash balance of which shall be deposited at interest or invested in accordance with G.S. 159-30. These funds shall be used only for beach nourishment.~~ distribute and use the net proceeds of the room occupancy and tourism development tax levied under this section as set out in this subsection. In accordance with the North Carolina Constitution and the United States Constitution, the tax proceeds may be used only for the direct benefit of the jurisdiction of New Hanover District U. ~~None of the proceeds may be used for beach nourishment in areas within New Hanover County that are outside of the district.~~ As used in this subsection, the term "Authority" means the Cape Fear Coast Convention and Visitors Bureau, which has been established as a tourism development authority.

(1) Proceeds collected prior to July 1, 2014. – Within 30 days of the effective date of this act, New Hanover County District U shall remit to the Authority the net proceeds of the tax that have been collected by the district prior to July 1, 2014. The Authority shall use one hundred percent (100%) of the funds remitted to it under this subdivision for tourism-related expenditures in the district.

(2) Proceeds collected on or after July 1, 2014. – New Hanover County District U shall, on a quarterly basis, remit to the Authority the net proceeds of the tax collected by the district on or after July 1, 2014. The Authority shall use at least two-thirds of the funds remitted to it under this subdivision for tourism promotion and shall use the remainder for tourism-related expenditures in the district."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 1059:
Venus Flytrap-Taking Penalty/Occup. Tax Use

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 22, 2014
Introduced by:	Rep. Davis	**Prepared by:**	Trina Griffin Committee Counsel
Analysis of:	PCS to Fourth Edition H1059-CSTD-53		

SUMMARY: ***The PCS to House Bill 1059 modifies the use of the 3% room occupancy tax currently levied in the unincorporated areas of New Hanover County.***

The PCS removes the provision that created a Class H felony in certain counties for the taking of a Venus flytrap with the intent to steal.

CURRENT LAW: New Hanover District U consists of the unincorporated areas of New Hanover County. The district has the authority to levy a 3% room occupancy tax. One hundred percent (100%) of the proceeds must be used only for beach nourishment. Since its enactment, the tax has generated approximately $1 million in revenue, which currently sits in a special fund, but the district has indicated that it does not have a need for a beach nourishment project.

BILL ANALYSIS: The PCS to House Bill 1059 would redirect the proceeds that have accrued since the levy of the tax to the Cape Fear Convention and Visitors Bureau, which is New Hanover's tourism development authority, to be used for tourism-related expenditures. The district would have 30 days after the enactment of the bill to remit the proceeds that are in the special fund. Beginning on and after July 1, 2014, at least two-thirds of the proceeds must be used by the Authority for tourism promotion and the remainder must be used for tourism-related expenditures.

EFFECTIVE DATE: This act would be effective when the act becomes law.

SENATE BILL 763*
PROPOSED COMMITTEE SUBSTITUTE S763-PCS45223-RBx-64

Short Title: Revenue Laws Technical Changes. (Public)

Sponsors:

Referred to:

May 15, 2014

A BILL TO BE ENTITLED

AN ACT TO MAKE TECHNICAL AND CLARIFYING CHANGES TO VARIOUS REVENUE LAWS.

The General Assembly of North Carolina enacts:

SECTION 1.(a) Section 7.2(a) of S.L. 2014-3 reads as rewritten:

"**SECTION 7.2.(a)** This act shall not be construed to affect the interpretation of any statute that is the subject of a State tax audit ~~pending as of the effective date of this act~~ for taxable years beginning before January 1, 2015, or litigation that is a direct result of such audit."

SECTION 1.(b) Section 7.3 of S.L. 2014-3 reads as rewritten:

"**SECTION 7.3.** This Part becomes effective January 1, 2015, and applies to withdrawals of items from inventory for contracts entered into on or after that date, sales on or after that ~~date~~ date, and contracts entered into on or after that date."

SECTION 2.(a) Section 8.1(c) of S.L. 2014-3 reads as rewritten:

"**SECTION 8.1.(c)** With respect to the change in this section regarding the rental of a private residence, cottage, or similar accommodation that is rented for fewer than 15 days in a calendar year and that is listed with a real estate broker or agent, the following provisions apply:

(1) A retailer is ~~not~~ liable for an overcollection ~~or undercollection~~ of sales tax or occupancy tax for the rental of such an accommodation that is occupied or available to be occupied for nights beginning June 14, 2012, and ending June 30, 2014, and must remit the tax collected.

(2) A retailer is not liable for an undercollection of sales tax or occupancy tax for the rental of such an accommodation that is occupied or available to be occupied for nights beginning June 1, 2014, and ending June 30, 2014, if the retailer ~~has~~ made a good-faith effort to comply with the law and collect the proper amount of ~~tax and has, due to the change under this section, overcollected or undercollected the amount of sales tax or occupancy tax that is due. This subsection applies only to the period beginning June 14, 2012, and ending July 1, 2014.~~tax."

SECTION 2.(b) This section becomes effective June 1, 2014.

SECTION 3. Section 14.26 of S.L. 2014-3 is repealed.

SECTION 4.(a) G.S. 105-113.35(d) reads as rewritten:

"(d) Manufacturer's Option. – A manufacturer who is not a retail dealer and who ships tobacco products other than cigarettes to either a wholesale dealer or retail dealer licensed under this Part may apply to the Secretary to be relieved of paying the tax imposed by this section on the tobacco products. A manufacturer who ships vapor products to either a

wholesale dealer or retail dealer licensed under this Part may apply to the Secretary to be relieved of paying the tax imposed by this section on the vapor products shipped to either a wholesale dealer or retail dealer. Once granted permission, a manufacturer may choose not to pay the tax until otherwise notified by the Secretary. To be relieved of payment of the tax imposed by this section, a manufacturer must comply with the requirements set by the Secretary.

Permission granted under this subsection to a manufacturer to be relieved of paying the tax imposed by this section applies to an integrated wholesale dealer with whom the manufacturer is an affiliate. A manufacturer must notify the Secretary of any integrated wholesale dealer with whom it is an affiliate when the manufacturer applies to the Secretary for permission to be relieved of paying the tax and when an integrated wholesale dealer becomes an affiliate of the manufacturer after the Secretary has given the manufacturer permission to be relieved of paying the tax.

If a person is both a manufacturer of cigarettes and a wholesale dealer of tobacco products other than cigarettes and the person is granted permission under G.S. 105-113.10 to be relieved of paying the cigarette excise tax, the permission applies to the tax imposed by this section on tobacco products other than cigarettes. A cigarette manufacturer who becomes a wholesale dealer after receiving permission to be relieved of the cigarette excise tax must notify the Secretary of the permission received under G.S. 105-113.10 when applying for a license as a wholesale dealer."

SECTION 4.(b) This section becomes effective June 1, 2015.

SECTION 5. G.S. 105-129.16A reads as rewritten:

"**§ 105-129.16A. Credit for investing in renewable energy property.**

(a) Credit. – ~~If a taxpayer that has constructed, purchased, or leased renewable energy property places it in service in this State during the taxable year, the taxpayer is allowed a credit equal to thirty-five percent (35%) of the cost of the property.~~ A taxpayer that has constructed, purchased, or leased renewable energy property is allowed a credit equal to thirty-five percent (35%) of the cost of the property if the property is placed in service in this State during the taxable year. In the case of renewable energy property that serves a nonbusiness purpose, the credit must be taken for the taxable year in which the property is placed in service. For all other renewable energy property, the entire credit may not be taken for the taxable year in which the property is placed in service but must be taken in five equal installments beginning with the taxable year in which the property is placed in service. Upon request of a taxpayer that leases renewable energy property, the lessor of the property must give the taxpayer a statement that describes the renewable energy property and states the cost of the property. No credit is allowed under this section to the extent the cost of the renewable energy property was provided by public funds. For the purposes of this section, "public funds" does not include grants made under section 1603 of the American Recovery and Reinvestment Tax Act of 2009.

...."

SECTION 6. Section 1.1(a) of S.L. 2014-3 is rewritten to read:

"**SECTION 1.1.(a)** G.S. 105-130.5(b), as amended by Section 14.3 of this act, reads as rewritten:

"(b) The following deductions from federal taxable income shall be made in determining State net income:

...

(4) ~~Losses in the nature~~ Any unused portion of a net economic loss as allowed under G.S. 105-130.8A(e). ~~losses sustained by the corporation in any or all of the 15 preceding years pursuant to the provisions of G.S. 105-130.8. A corporation required to allocate and apportion its net income under the provisions of G.S. 105-130.4 shall deduct its allocable and apportionable net~~

~~economic loss only from total income allocable and apportionable to this State pursuant to the provisions of G.S. 105-130.8~~ This subdivision expires for taxable years beginning on or after January 1, 2030.

(4a) A State net loss as allowed under G.S. 105-130.8A. A corporation may deduct its allocable and apportionable State net loss only from total income allocable and apportionable to this State.

...."

SECTION 7.(a) G.S. 105-134.6A, as amended by S.L. 2014-3, reads as rewritten:

"(h) Definitions. – ~~For purposes of this section, a "transferor" is an~~ The following definitions apply in this section:

(1) Transferor. – An individual, partnership, corporation, S Corporation, limited liability company, or an estate or trust that does not fully distribute income to its ~~beneficiaries, and an "owner in a transferor" is a~~ beneficiaries.

(2) Owner in a transferor. – One or more of the following of a transferor:

a. A partner, shareholder, ~~member, or beneficiary~~ or member.

b. A beneficiary subject to tax under Part 2 or 3 of Article 4 of this ~~Chapter of a transferor.~~Chapter."

SECTION 7.(b) G.S. 105-153.6, as amended by S.L. 2014-3, reads as rewritten:

"(h) Definitions. – ~~For purposes of this section, a "transferor" is an~~ The following definitions apply in this section:

(1) Transferor. – An individual, partnership, corporation, S Corporation, limited liability company, or an estate or trust that does not fully distribute income to its ~~beneficiaries, and an "owner in a transferor" is a~~ beneficiaries.

(2) Owner in a transferor. – One or more of the following of a transferor:

a. A partner, shareholder, ~~member, or beneficiary~~ or member.

b. A beneficiary subject to tax under Part 2 or 3 of Article 4 of this ~~Chapter of a transferor.~~Chapter."

SECTION 7.(c) Subsection (a) of this section is effective for taxable years beginning on or after January 1, 2013. Subsection (b) of this section is effective for taxable years beginning on or after January 1, 2014. The remainder of this section is effective when it becomes law.

SECTION 8.(a) G.S. 105-153.4 reads as rewritten:

"**§ 105-153.4. North Carolina taxable income defined.**

(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and ~~G.S. 105-153.6 and G.S. 105-134.6A.~~G.S. 105-153.6.

(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and ~~G.S. 105-153.6 and G.S. 105-134.6A,~~ G.S. 105-153.6, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in G.S. 105-153.5 and ~~G.S. 105-153.6 and G.S. 105-134.6A,~~ G.S. 105-153.6, and the numerator of which is the amount of that gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

(c) Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes gross income, as modified under G.S. 105-153.5 and ~~G.S. 105-153.6 and G.S. 105-134.6A,~~ G.S. 105-153.6, derived from all sources during the period the individual was a resident.

(d) S Corporations and Partnerships. – In order to calculate the numerator of the fraction provided in subsection (b) of this section, the amount of a shareholder's pro rata share of S Corporation ~~income~~ income, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is includable in the numerator is the shareholder's pro rata share of the S Corporation's income attributable to the State, as defined in G.S. 105-131(b)(4). In order to calculate the numerator of the fraction provided in subsection (b) of this section for a member of a partnership or other unincorporated business that has one or more nonresident members and operates in one or more other states, the amount of the member's distributive share of the total net income of the ~~business~~ business, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is includable in the numerator is determined ~~by multiplying the total net income of the business by the ratio ascertained under the~~ in accordance with the provisions of G.S. 105-130.4. As used in this subsection, total net income means the entire gross income of the business less all expenses, taxes, interest, and other deductions allowable under the Code that were incurred in the operation of the business.

(e) Tax Year. – A taxpayer must compute North Carolina taxable income on the basis of the taxable year used in computing the taxpayer's income tax liability under the Code."

SECTION 8.(b) This section becomes effective for taxable years beginning on or after January 1, 2014.

SECTION 9.(a) Notwithstanding G.S. 105-163.15, the Secretary of Revenue may not impose interest with respect to an underpayment of income tax to the extent the underpayment was created or increased by the changes made in Section 2.2 of S.L. 2014-3. Notwithstanding G.S. 105-163.8, a withholding agent is not liable for the amount of tax the agent fails to withhold to the extent the amount of tax not withheld was created or increased by the changes made in Section 2.2 of S.L. 2014-3.

SECTION 9.(b) This section is effective when it becomes law and applies to taxable years beginning on or after January 1, 2014, and before January 1, 2015, and to payroll periods beginning on or after January 1, 2014, and before January 1, 2015.

SECTION 10. G.S. 105-164.3(35), as amended by Section 14.7 of S.L. 2014-3, reads as rewritten:

"**§ 105-164.3. Definitions.**

The following definitions apply in this Article:

...

(35) Retailer. – ~~A person engaged in business of any of the following:~~ Any of the following persons:

a. ~~Making~~ A person engaged in business of making sales at retail, offering to make sales at retail, or soliciting sales at retail of tangible personal property, digital property, or services for storage, use, or consumption in this State. When the Secretary finds it necessary for the efficient administration of this Article to regard any sales representatives, solicitors, representatives, consignees, peddlers, or truckers as agents of the dealers, distributors, consignors, supervisors, employers, or persons under whom they operate or from whom they obtain the items sold by them regardless of whether they are making sales on their own behalf or on behalf of these dealers, distributors, consignors, supervisors, employers, or persons, the Secretary may so regard them and may regard the dealers, distributors, consignors, supervisors, employers, or persons as "retailers" for the purpose of this Article.

b. ~~Delivering,~~ A person engaged in business of delivering, erecting, installing, or applying tangible personal property for use in this State,

regardless of whether the property is permanently affixed to real property or other tangible personal property.

c. ~~Making~~ A person engaged in business of making a remote sale, if one of the conditions listed in G.S. 105-164.8(b) is met.

d. A person, other than a facilitator, required to collect the tax levied under G.S. 105-164.4(a)."

SECTION 11. G.S. 105-164.4G, as enacted by S.L. 2014-3, reads as rewritten:

"**§ 105-164.4G. Entertainment activity.**

...

(f) Exemptions. – The sale at retail and the use, storage, or consumption in this State of the following gross receipts derived from an admission charge to an entertainment activity are specifically exempt from the tax imposed by this Article.

(g) Sourcing. – ~~Admission~~ An admission charge to an entertainment activity is sourced to the location where admission to the entertainment activity may be gained by a person. When the location where admission may be gained is not known at the time of the receipt of the gross receipts for an admission charge, the sourcing principles in G.S. 105-164.4B(a) apply."

SECTION 12.(a) G.S. 105-164.13, as amended by Section 6.1(f) of S.L. 2014-3, reads rewritten:

"**§ 105-164.13. Retail sales and use tax.**

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property, digital property, and services are specifically exempted from the tax imposed by this Article:

...

(8a) Sales to a small power production facility, as defined in 16 U.S.C. § 796(17)(A), of fuel and piped natural gas used by the facility to generate electricity.

...

(10) Sales of the following to commercial laundries or to pressing and dry cleaning establishments:

a. Articles or materials used for the identification of garments being laundered or dry cleaned, wrapping paper, bags, hangers, starch, soaps, detergents, cleaning fluids and other compounds or chemicals applied directly to the garments in the direct performance of the laundering or the pressing and cleaning service.

b. Laundry and dry-cleaning machinery, parts and accessories attached to the machinery, and lubricants applied to the machinery.

c. Fuel, other than ~~electricity,~~ electricity and piped natural gas, used in the direct performance of the laundering or the pressing and cleaning service.

...

(57) ~~Fuel and~~Fuel, piped natural gas, and electricity sold to a manufacturer for use in connection with the operation of a manufacturing facility. The exemption does not apply to electricity used at a facility at which the primary activity is not manufacturing.

...

(62) An item used to maintain or repair tangible personal property or a motor vehicle pursuant to a service contract taxable under this Article if the purchaser of the contract is not charged for the item. ~~This exemption does not apply to an item used to maintain or repair tangible personal property pursuant to a service contract exempt from tax under G.S. 105-164.4I(b).~~ For purposes of this exemption, the term "item" does not include a tool,

equipment, supply, or similar tangible personal property used to complete the maintenance or repair and that is not deemed to be a component or repair part of the tangible personal property or motor vehicle for which a service contract is sold to a purchaser."

SECTION 12.(b) Section 6.1(j) of S.L. 2014-3 reads as rewritten:

"**SECTION 6.1.(j)** ~~This~~Sections 6.1(d), 6.1(i), and 6.1(j) of this Part are effective when they become law. Subsection (f) of this section becomes effective January 1, 2014, and notwithstanding G.S. 105-164.13(62), as amended by this Part, applies to service contracts sold before January 1, 2014, that are effective on or after January 1, 2014. The remainder of this Part becomes effective October 1, 2014, and applies to gross receipts derived from a service contract sold at retail on or after that date."

SECTION 12.(c) G.S. 105-164.13(8a), (10), and (57), as amended by subsection (a) of this section, become effective July 1, 2014. The remainder of this section is effective when it becomes law.

SECTION 13. G.S. 105-164.13E, as amended by S.L. 2014-3, reads as rewritten:

"**§ 105-164.13E. Exemption for farmers.**

(a) Exemption. – A qualifying farmer is a person who has an annual gross income for the preceding taxable year of ten thousand dollars ($10,000) or more from farming operations or who has an average annual gross income for the three preceding taxable years of ten thousand dollars ($10,000) or more from farming operations. A qualifying farmer includes a dairy operator, a poultry farmer, an egg producer, a livestock farmer, a farmer of crops, and a farmer of an aquatic species, as defined in G.S. 106-758. A qualifying farmer may apply to the Secretary for an exemption certificate number under G.S. 105-164.28A. The exemption certificate expires when a person fails to meet the income threshold for three consecutive taxable years or ceases to engage in farming ~~operations.~~operations, whichever comes first.

The following tangible personal property, digital property, and services are exempt from sales and use tax if purchased by a qualifying farmer and for use by the farmer in farming operations. For purposes of this section, an item is used by a farmer for farming operations if it is used for the planting, cultivating, harvesting, or curing of farm crops or in the production of dairy products, eggs, or animals:

(1) ~~Fuel and~~Fuel, piped natural gas, and electricity that ~~is~~ are measured by a separate meter or another separate device and used for a purpose other than preparing food, heating dwellings, and other household purposes.

...

(b) Conditional Exemption. – A person who does not meet the definition of a qualifying farmer in subsection (a) of this section may apply to the Department for a conditional exemption certificate under G.S. 105-164.28A. A person with a conditional exemption certificate is allowed to purchase items exempt from sales and use tax to the same extent as a qualifying farmer under subsection (a) of this section. To receive a conditional exemption certificate under this subsection, the person must certify that the person intends to engage in farming operations, as that term is described in subsection (a) of this section, and that the person will timely file State and federal income tax returns that reflect income and expenses incurred from farming operations during the taxable years that the conditional exemption certificate applies.

A conditional exemption certificate issued under this subsection is valid for the taxable year in which the certificate is issued and the following two taxable years, provided the person to whom the certificate is issued provides copies of applicable State and federal income tax returns to the Department within 90 days following the end of each taxable year covered by the conditional exemption ~~certificate.~~ certificate and provided the person is engaged in farming operations. A conditional exemption certificate issued under this subsection may not be extended or renewed beyond the original three-year period. The Department may not issue a

conditional exemption certificate to a person who has had a conditional exemption certificate issued under this subsection during the prior 15 taxable years.

A person who purchases items with a conditional exemption certificate must maintain documentation of the items purchased and copies of State and federal income tax returns that reflect activities from farming operations for the period of time covered by the conditional exemption certificate for three years following the expiration of the conditional exemption certificate. The Secretary may require a person who has a conditional exemption certificate to provide any other information requested by the Secretary to verify the person met the conditions of this subsection. A person who fails to provide the information requested by the Secretary in a timely manner or who fails to meet the requirements of this subsection becomes liable for any taxes for which an exemption under this subsection was claimed. The taxes become due and payable at the expiration of the conditional exemption certificate, and interest accrues from the date of the original purchase. Additionally, where the person does not timely provide the information requested by the Secretary, the misuse of exemption certificate penalty in G.S. 105-236(a)(5a) applies to each seller identified by the Department from which the person made a purchase."

(c) Definition. – For purposes of this section, the term "taxable year" has the same meaning as defined in G.S. 105-153.3."

SECTION 14. G.S. 105-164.16A, as enacted by S.L. 2014-3, reads as rewritten:

"**§ 105-164.16A. Reporting ~~option~~ for prepaid meal plans.**

(a) Reporting Option. – This ~~section~~ subsection provides a ~~taxpayer~~ retailer that offers ~~to sell~~ a prepaid meal ~~plan~~ plan subject to the tax imposed by G.S. 105-164.4 with an option concerning the method by which the sales tax will be remitted to the Secretary and a return filed under G.S. 105-164.16. When the retailer enters into an agreement with a food service contractor by which the food service contractor agrees to provide food or prepared food under a prepaid meal plan, and the food service contractor with whom the retailer contracts is also a retailer under this Article, the retailer may include in the agreement that the food service contractor is liable for ~~collecting~~ reporting and remitting the sales tax due on the gross receipts derived from the prepaid meal plan on behalf of the retailer. The agreement must provide that the tax applies to the allocated sales price of the prepaid meal plan paid by or on behalf of the person entitled to the food or prepaid food under the plan and not the amount charged by the food service contractor to the retailer under the agreement for the food and prepared food for the person.

A retailer who elects this option must report to the food service contractor with whom it has an agreement the gross receipts a person pays to the retailer for a prepaid meal plan. The retailer must send the food service contractor the tax due on the gross receipts derived from a prepaid meal plan. Tax payments received by a food service contractor from a retailer are held in trust by the food service contractor for remittance to the Secretary. A food service contractor that receives a tax payment from a retailer must remit the amount received to the Secretary. A food service contractor is not liable for tax due but not received from a retailer. A retailer that does not send the food service contractor the tax due on the gross receipts derived from a prepaid meal plan is liable for the amount of tax the retailer fails to send to the food service contractor.

(b) Basis of Reporting. – A retailer must report gross receipts derived from a prepaid meal plan on an accrual basis of accounting for purposes of this Article, notwithstanding that the retailer reports tax on the cash basis for other sales at retail and notwithstanding that the revenue has not been recognized for accounting purposes."

SECTION 15. Section 4.1(g) of S.L. 2014-3 reads as rewritten:

"**SECTION 4.1.(g)** This Part is effective when it becomes law and applies to the following:

(1) ~~gross~~ Gross receipts derived from a prepaid meal plan sold or billed on or after July 1, 2014.

(2) Gross receipts derived from a prepaid meal plan sold or billed before July 1, 2014, if the prepaid meal plan is not authorized for use or available to the person until on or after August 1, 2014."

SECTION 16. G.S. 105-164.20 reads as rewritten:

"**§ 105-164.20. Cash or accrual basis of reporting.**

~~Any retailer, except a retailer who sells electricity or telecommunications service,~~ Except as otherwise provided in this section, a retailer may report sales for purposes of this Article on either the cash or accrual basis of accounting upon making application to the Secretary for permission to use the basis selected. Permission granted by the Secretary to report on a selected basis continues in effect until revoked by the Secretary or the taxpayer receives permission from the Secretary to change the basis selected. ~~A retailer who sells electricity or telecommunications service~~ A retailer of the following must report its sales on an accrual ~~basis. A sale of electricity or telecommunications service~~ basis for purposes of this Article and the tax on the sales price or gross receipts derived from the sale is considered to accrue when the retailer bills its customer for the ~~sale.~~sale or gross receipts:

(1) Electricity.

(2) Telecommunications service.

(3) Piped natural gas.

(4) Admission charges.

(5) Prepaid meal plans."

SECTION 17. G.S. 105-164.29(a), as amended by Section 14.9(b) of S.L. 2014-3, reads as rewritten:

"(a) Requirement and Application. – Before a person may engage in business as a retailer or a wholesale merchant or when a facilitator is liable for tax under G.S. 105-164.4F, the person must obtain a certificate of registration. To obtain a certificate of registration, a person must register with the Department. A person who has more than one business is required to obtain only one certificate of registration for each legal entity to cover all operations of each business throughout the State. An application for registration must be signed as follows:

(1) By the owner, if the owner is an individual.

(2) By a manager, member, or company official, ~~partner,~~ if the owner is ~~an association, a partnership,~~ a limited liability company.

(2a) By a manager, member, or partner, if the owner is a partnership.

(3) By an executive officer or some other person specifically authorized by the corporation to sign the application, if the owner is a corporation. If the application is signed by a person authorized to do so by the corporation, written evidence of the person's authority must be attached to the application."

SECTION 18. G.S. 105-241.6(b)(5) reads as rewritten:

"(b) Exceptions. – The exceptions to the general statute of limitations for obtaining a refund of an overpayment are as follows:

...

(5) Contingent Event. – The period to request a refund of an overpayment may be extended as provided in this subdivision if an event or condition prevents the taxpayer from possessing the information necessary to file an accurate and definite request for a refund of an overpayment under this Chapter:

a. If a taxpayer is subject to a contingent event and files written notice with the Secretary, the period to request a refund of an overpayment is six months after the contingent event concludes.

~~b.~~ ~~For purposes of this subdivision,~~ For purposes of this subdivision, a "contingent event" means litigation or a ~~State~~ state tax audit initiated prior to the expiration of the statute of limitations under subsection (a) of this section, the pendency of which prevents the taxpayer from possessing the information necessary to file an accurate and definite request for a refund of an overpayment under this Chapter.

~~c.~~ ~~For purposes of this subdivision, "notice to the Secretary" means written notice~~ The written notice to the Secretary must be filed ~~with the Secretary~~ prior to expiration of the statute of limitations under subsection (a) of this section for a return or payment in which a contingent event prevents a taxpayer from filing a definite request for a refund of an overpayment. The notice must identify and describe the contingent event, identify the type of tax, list the return or payment affected by the contingent event, and state in clear terms the basis for and an estimated amount of the overpayment.

~~d.~~b. ~~A~~ If a taxpayer ~~who~~ contends that an event or condition other than ~~litigation or a State tax audit~~ a contingent event, as defined in this subdivision, has occurred that prevents the taxpayer from filing an accurate and definite request for a refund of an overpayment within the period under subsection (a) of this ~~section~~section, the taxpayer may submit a written request to the Secretary seeking an extension of the statute of limitations allowed under this subdivision. The request must establish by clear, convincing proof that the event or condition is beyond the taxpayer's control and that it prevents the taxpayer's timely filing of an accurate and definite request for a refund of an overpayment. The request must be filed within the period under subsection (a) of this section. The Secretary's decision on the request is final and is not subject to administrative or judicial review.

SECTION 19.(a) G.S. 105-338(c), as amended by Section 11.1(e) of S.L. 2014-3, reads as rewritten:

"(c) Certain Property of Bus Line, Motor Freight Carrier, ~~Airline, and Mobile Telecommunications~~ and Airline Companies. –

...

~~(4) The appraised valuation of the tangible personal property of a mobile telecommunications company (excluding towers) that is appraised in accordance with the provisions of G.S. 105-336(c) is allocated among the local taxing units in which the property of the company is situated on January 1 in the proportion that the original cost of the property in the taxing unit bears to the original cost of all such property in this State.~~"

SECTION 19.(b) G.S. 105-339, as amended by Section 11.1(f) of S.L. 2014-3, reads as rewritten:

"**§ 105-339. Certification of appraised valuations of nonsystem property and locally assigned rolling stock, tangible personal property of tower aggregator companies, and ~~certain~~ tangible personal property of mobile telecommunications companies.**

Having determined the appraised valuations of the nonsystem properties of public service companies in accordance with subdivisions (b)(2) and (b)(3) of G.S. 105-335 and the appraised valuations of locally assigned rolling stock in accordance with subdivision (c)(1) of G.S. 105-335, the appraised valuations of the tangible personal property of tower aggregator companies in accordance with G.S. 105-336(d) and the appraised valuations of ~~towers of~~ the tangible personal property of mobile telecommunications companies in accordance with

~~G.S. 105-336(d),~~G.S. 105-336(c) and (d) the Department of Revenue shall assign those appraised valuations to the taxing units in which such properties are situated by certifying the valuations to the appropriate counties and municipalities. Each local taxing unit receiving such certified valuations shall assess them at the figures certified and shall tax the assessed valuations at the rate of tax levied against other property subject to taxation therein."

SECTION 19.(c) Section 11.1(g) of S.L. 2014-3 is repealed.

SECTION 19.(d) Subsection (c) of this section is effective when it becomes law. The remainder of this section is effective for taxes imposed for taxable years beginning on or after July 1, 2015.

SECTION 20.(a) G.S. 160A-206 reads as rewritten:

"**§ 160A-206. General power to impose taxes.**

(a) Authority. – A city shall have power to impose taxes only as specifically authorized by act of the General Assembly. Except when the statute authorizing a tax provides for penalties and interest, the power to impose a tax shall include the power to impose reasonable penalties for failure to declare tax liability, if required, or to impose penalties or interest for failure to pay taxes lawfully due within the time prescribed by law or ordinance. In determining the liability of any taxpayer for a tax, a city may not employ an agent who is compensated in whole or in part by the city for services rendered on a contingent basis or any other basis related to the amount of tax, interest, or penalty assessed against or collected from the taxpayer. The power to impose a tax shall also include the power to provide for its administration in a manner not inconsistent with the statute authorizing the tax.

(b) Prohibition. – A city may not impose a license, franchise, or privilege tax on a person engaged in any of the businesses listed in this subsection. These businesses are subject to sales tax at the combined general rate for which the city receives a share of the tax revenue or they are subject to the local sales tax:

(1) Supplying piped natural gas.

(2) Providing telecommunications service taxed under G.S. 105-164.4(a)(4c).

(3) Providing video programming taxed under G.S. 105-164.4(a)(6).

(4) Providing electricity."

SECTION 20.(b) G.S. 153A-146 reads as rewritten:

"**§ 153A-146. General power to impose taxes.**

(a) Authority. – A county may impose taxes only as specifically authorized by act of the General Assembly. Except when the statute authorizing a tax provides for penalties and interest, the power to impose a tax includes the power to impose reasonable penalties for failure to declare tax liability, if required, and to impose penalties or interest for failure to pay taxes lawfully due within the time prescribed by law or ordinance. In determining the liability of any taxpayer for a tax, a county may not employ an agent who is compensated in whole or in part by the county for services rendered on a contingent basis or any other basis related to the amount of tax, interest, or penalty assessed against or collected from the taxpayer. The power to impose a tax also includes the power to provide for its administration in a manner not inconsistent with the statute authorizing the tax.

(b) Prohibition. – A county may not impose a license, franchise, or privilege tax on a person engaged in any of the businesses listed in this subsection:

(1) Supplying piped natural gas.

(2) Providing telecommunications service taxed under G.S. 105-164.4(a)(4c).

(3) Providing video programming taxed under G.S. 105-164.4(a)(6).

(4) Providing electricity."

SECTION 21. Except as otherwise provided, this act is effective when it becomes law.

SENATE BILL 763:
Revenue Laws Technical Changes

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 16, 2014
Introduced by:	Sens. Rabon, Rucho	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to First Edition S763-CSRBx-64		Committee Counsel

SUMMARY: ***The Proposed Committee Substitute for Senate Bill 763 replaces the contents of the original bill[1] with several technical corrections and clarifying changes to the tax statutes largely based on recommendations of the Department of Revenue. This PCS makes two changes to the one sent to members last night: in section 5, it adds the word "leased" because the word was inadvertently omitted; the addition maintains the current law, it does not make a substantive change. In section 8, it adds an effective date subsection.***

CURRENT LAW, BILL ANALYSIS, AND EFFECTIVE DATE:

Section	Explanation and Effective Date
1	This section does two things. First, it clarifies that the changes related to retailer-contractors, which become effective January 1, 2015, are not to be construed to affect the interpretation of any statute that is the subject of a State tax audit for taxable years beginning prior to the effective date of the changes. The prior language referred to "audit pending," which the Department indicated was unclear. The changes made by Part VII of S.L. 2014-3 are not intended to be retroactive, and therefore any audit or litigation resulting derived from an audit for taxable years prior to January 1, 2015 is subject to the statutes and interpretations of the Department for those years. Second, it clarifies the effective date by providing that the changes apply to withdrawals from inventory on or after that date as well as sales since retailer-contractors do both; they make retail sales of items and they withdraw items from inventory that are used in the performance of a real property contract. This section is effective when it becomes law.
2	This section clarifies the conditions under which a retailer is or is not liable for the collection of tax on the rental of private residences rented for fewer than 15 days and listed with a real estate broker during the period in which the Department's Important Notice was in effect and during the 30-day period following the effective date of S.L. 2014-3. The original provision was not specific to the private residence changes but generically referred to the entire section, which could have been interpreted to affect the liability of retailers required to collect tax on the rental of accommodations generally.

[1] The contents of the original bill have been enacted as S.L. 2014-3.

	This section becomes effective June 1, 2014.
3	This section repeals an unnecessary provision; Section 14.1 of S.L. 2014-3 made the same change.
4	S.L. 2014-3 enacted a new tax on vapor products as part of the current tax on other tobacco products (OTP). This section makes a technical change that allows North Carolina manufacturers of vapor products to collect the new vapor tax on internet retail sales, while allowing the manufacturers to continue to the current practice of applying to the Secretary of Revenue to be relieved of the tax for vapor products shipped to wholesale and retail dealers. The Secretary allows manufacturers to be relieved of paying the tax on OTP when the tax is paid by the wholesale or retail dealer.
5	This section clarifies that the credit may be taken when the property is placed into service in this State. When a renewable energy project is put together, there are usually two sets of investors, those that want the federal credit and those that want the State credit. If the lessee is to get the federal credit, it must "place it into service". However, if the lessor wants the State credit, it must "place it into service". As clarified by this section, the lessor may claim the State credit. as long as somebody (the lessee) places the property into service.
6	This section incorporates a revision made to G.S. 15-130.5(b)(4) made by Section 14.3 of S.L. 2014-3 so that the changes engross correctly in the codification process.
7	This section clarifies that the phrase "subject to tax under Part 2 or 3 of Article 4" applies to a beneficiary of a transferor. Subsection (a) becomes effective for the 2013 taxable year; subsection (b) becomes effective for the 2014 taxable year.
8	This section removes reference to a repealed statute and clarifies in the personal income tax statutes that income of a partnership that is apportionable to multiple states is allocated and apportioned in accordance with G.S. 105-130.4. Income that is not apportionable should be allocated to the appropriate state. The current statute refers to a ratio rather than to the rules of allocation and apportionment. This section becomes effective for taxable years beginning on or after January 1, 2014.
9	S.L. 2014-3 clarified that a person who is not eligible for a federal standard deduction is not eligible for a State standard deduction. A nonresident alien individual is not allowed a standard deduction This section provides that neither an individual nor a withholding agent may be penalized for underpayment of income tax for the 2014 taxable year if the reason for the underpayment is this clarification in the law. This section does not change the effective date of the substantive law change or the amount of tax due and payable.
10	This section clarifies that the term "retailer" is any person required to collect sales tax imposed under G.S. 105-164.4, other than a facilitator. The current definition does not reflect the expansion of the sales tax base to prepaid meal plans, admission charges, piped natural gas, and service contracts.
11	This section makes technical and conforming changes.

12	Subsection (a) of this section does two things: • It clarifies that the exemption provisions applicable to fuel also include piped natural gas. PNG is considered fuel, but since the imposition of the combined rate of tax for PNG is separate from the general tax imposed on fuel, the Department of Revenue requested this clarifying change. • It clarifies that the exemption for items used to maintain or repair tangible personal property applies to those items used pursuant to a service contract subject to sales tax. If the service contract is not subject to tax, then the item used to maintain or repair the property is subject to tax. Subsection (b) of this section does two things: • It provides that the exemption applies, regardless of when the service contract was purchased. It would be difficult for a person to know, when a service is performed pursuant to a service contract, whether the service contract was purchased before or after January 1, 2014. • It allows a person a refund of sales tax paid on a rescinded sale or cancelled service, effective when S.L. 2014-3 became law, May 29, 2014. S.L. 2014-3 created the refund provision; the provision becomes effective October 1, 2014. The Department of Revenue has received inquiries about seeking the refund allowed by this section. This section makes the provision effective earlier.
13	This section makes a similar clarifying change as made in Section 9 of this bill for the farm exemption for fuel and PNG. It also makes other technical changes suggested by the Department of Revenue.
14	This section does two things: • It provides that a retailer who has an agreement with a food service contractor to collect and remit the sales tax on gross receipts derived from a prepaid meal plan is not liable for the tax that the retailer remits to the food service contractor. • It requires a retailer to report gross receipts derived from a prepaid meal plan on an accrual basis of accounting for purposes of reporting sales tax.
15	This section provides that the changes made by S.L. 2014-3 for sales tax derived from a prepaid meal plan apply to a plan that is sold or billed before July 1, 2014, if the plan cannot be used before August 1, 2014. Many institutions of higher education sold prepaid meal plans for the fall semester before July 1, 2014.
16	This section provides that for sales tax purposes, a retailer must report its sales on an accrual basis for the following: PNG, admission charges, and prepaid meal plans.
17	This section makes a change as to who may apply for a certificate of registration for legal entity so that it is consistent with the changes made in Section 14.18 of S.L. 2014-3 as to who may be liable for unpaid sales tax for a legal entity.
18	This section changes a statute that was not codified as it was intended to be amended by Section 47 of S.L. 2013-414. The section does not change the substance of the

	subdivision. The change made last session codified the Department's administrative practice of allowing protective refund claims to be filed when an event prevented a taxpayer from having the information necessary to file a request for refund, such as pending litigation or an ongoing income tax audit in another state that may affect the taxpayer's NC tax liability.[2]
19	Part XI of S.L. 2014-3 established a procedure for the central assessment of mobile telecommunications property. The intent of this Part was to shift the responsibility for conducting the valuations of this particular kind of property from the individual counties to the Department of Revenue without creating any "winners" or "losers" in terms of the values allocated to the counties. This section makes minor modifications to that Part to ensure that there is no shifting of value among counties as a result of the change. The Department appraises this property at its "true value," which includes consideration of its original cost but with deductions made for all forms of depreciation to arrive at the property's fair market value. However, under S.L. 2014-3, the allocation of the value among the counties in which the property is located would have been based only on original cost. Using original cost would have had the effect of overinflating the value allocated to a particular county and decreasing the value allocated to other counties. This section provides that once the Department determines the value of the property, it will be allocated among the counties based on where the property is located.
20	Cities have historically been prohibited from imposing a license, franchise, or privilege tax on certain utility-related businesses, such as telecommunications, video programming, and electricity. With the repeal of G.S. 160A-211, effective July 1, 2015, the specific prohibition language would also be repealed. While cities only have the power to tax or charge a fee to the extent the legislature has granted them the authority to do so, and the repeal of this prohibition is not necessarily a grant of authority otherwise, the utilities industry has concerns about the deletion of the prohibition as it relates to rights-of way and has requested that the language be kept in the statutes. This section recodifies the language in a more appropriate place in the statutes.
21	Except as otherwise noted in the summary, the sections are effective when they become law.

[2] Generally speaking, there is a time limit within which a taxpayer may file a claim for refund. If the claim for refund is not timely filed, it will be barred. The Department has administratively allowed for a taxpayer in these circumstances to file a timely but incomplete claim for refund, known as a "protective refund claim," and then later perfect the claim when the essential information becomes available.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
Senate Bill 763*

AMENDMENT NO._____
(to be filled in by
Principal Clerk)

S763-ARBx-147 [v.5]

Comm. Sub. [YES]
Amends Title [NO]
S763-PCS45223-RBx-64

Date _____,2014

Senator Rabon

moves to amend the bill on page 4, line 17, by rewriting the line to read:

"**SECTION 8.(b)** G.S. 105-153.5 is amended by adding a new subsection to read:

'(c1) Other Additions. – S Corporations subject to the provisions of Part 1A of this Article, partnerships subject to the provisions of this Part, and estates and trusts subject to the provisions of Part 3 of this Article must add any amount deducted under section 164 of the Code as state, local, or foreign income tax.'

SECTION 8.(c) This section becomes effective for taxable years beginning on or"

And on page 5, line 45 through page 6, line 14, by rewriting the lines to read:

"...'

SECTION 12.(b) G.S. 105-164.13, as amended by Section 6.1(f) of S.L. 2014-3, reads rewritten:

'§ 105-164.13. Retail sales and use tax.

The sale at retail and the use, storage, or consumption in this State of the following tangible personal property, digital property, and services are specifically exempted from the tax imposed by this Article:

...

(62) An item used to maintain or repair tangible personal property or a motor vehicle pursuant to a service con...tract taxable under this Article if the purchaser of the contract is not charged for the item. ~~This exemption does not apply to an item used to maintain or repair tangible personal property pursuant to a service contract exempt from tax under G.S. 105-164.4I(b).~~ For purposes of this exemption, the term "item" does not include a tool, equipment, supply, or similar tangible personal property used to complete the maintenance or repair and that is not deemed to be a component or repair part of the tangible personal property or motor vehicle for which a service contract is sold to a purchaser.'

SECTION 12.(c) G.S. 105-187.52(c) reads as rewritten:

"(c) Exemption. – State agencies are exempted from the privilege taxes imposed by this Article. The exemption in G.S. 105-164.13(62) does not apply to an item used to maintain or repair tangible personal property pursuant to a service contract exempt from tax under G.S. 105-164.4I(b)(4)."

SECTION 12.(d) Notwithstanding G.S. 105-164.13(62), as amended by S.L. 2014-3 and by subsection (b) of this section, the sales and use tax exemption in G.S. 105-164.13(62) applies to an item used pursuant to a service contract that meets the definition of a "service contract" as defined in G.S. 105-164.3(38b), notwithstanding that the service contract was sold before January 1, 2014, and effective on, before, or after January 1, 2014.

SECTION 12.(e) Subsection (b) of this section becomes effective October 1, 2014. The remainder of this section is effective when it becomes law.";

And on page 10, line 1, by rewriting the line to read:
"~~G.S. 105-336(d),~~G.S. 105-336(c) and (d), the Department of Revenue shall assign those";

And on page 8, lines 21 and 22, by rewriting the lines to read:
"(4) Prepaid meal plans.";

And on page 10, line 48, by rewriting the line to read:
"SECTION 21. The Department of Revenue may draw the funds needed to make the following distributions from the sales and use tax collections under Article 5 of Chapter 105 of the General Statutes:

(1) The September 15, 2014, distribution of the franchise tax to cities under G.S. 105-116.1 for the calendar quarter than begins April 1, 2014.

(2) The September 15, 2014, distribution of the excise tax to cities under G.S. 105-187.44 for the calendar quarter than begins April 1, 2014.

SECTION 22. Except as otherwise provided, this act is effective when it becomes".

Referred to:	Government.	

April 10, 2013

A BILL TO BE ENTITLED

AN ACT RELATING TO ZONING PROVISIONS FOR TEMPORARY HEALTH CARE STRUCTURES.

The General Assembly of North Carolina enacts:

SECTION 1. Part 3 of Article 18 of Chapter 153A of the General Statutes is amended by adding a new section to read:

"**§ 153A-341.3. Zoning of temporary health care structures.**

A county exercising powers under this Article shall comply with G.S. 160A-383.5."

SECTION 2. Part 3 of Article 19 of Chapter 160A of the General Statutes is amended by adding a new section to read:

"**§ 160A-383.5. Zoning of temporary health care structures.**

(a) The following definitions apply in this section:

(1) Activities of daily living. – Bathing, dressing, personal hygiene, ambulation or locomotion, transferring, toileting, and eating.

(2) Caregiver. – An individual 18 years of age or older who (i) provides care for a mentally or physically impaired person and (ii) is a first or second degree relative of the mentally or physically impaired person for whom the individual is caring.

(3) First or second degree relative. – A spouse, lineal ascendant, lineal descendant, sibling, uncle, aunt, nephew, or niece and includes half, step, and in-law relationships.

(4) Mentally or physically impaired person. – A person who is a resident of this State and who requires assistance with two or more activities of daily living as certified in writing by a physician licensed to practice in this State.

(5) Temporary family health care structure. – A transportable residential structure, providing an environment facilitating a caregiver's provision of care for a mentally or physically impaired person, that (i) is primarily assembled at a location other than its site of installation, (ii) is limited to one occupant who shall be the mentally or physically impaired person, (iii) has no more than 300 gross square feet, and (iv) complies with applicable provisions of the State Building Code and G.S. 143-139.1(b). Placing the temporary family health care structure on a permanent foundation shall not be required or permitted.

(b) A city shall consider a temporary family health care structure used by a caregiver in providing care for a mentally or physically impaired person on property owned or occupied by

the caregiver as the caregiver's residence as a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings.

(c) A city shall consider a temporary family health care structure used by an individual who is the named legal guardian of the mentally or physically impaired person a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings in accordance with this section if the temporary family health care structure is placed on the property of the residence of the individual and is used to provide care for the mentally or physically impaired person.

(d) Only one temporary family health care structure shall be allowed on a lot or parcel of land. The temporary family health care structures under subsections (b) and (c) of this section shall not require a special use permit or be subjected to any other local zoning requirements beyond those imposed upon other authorized accessory use structures, except as otherwise provided in this section. Such temporary family health care structures shall comply with all setback requirements that apply to the primary structure and with any maximum floor area ratio limitations that may apply to the primary structure.

(e) Any person proposing to install a temporary family health care structure shall first obtain a permit from the city. The city may charge a fee of up to one hundred dollars ($100.00) for the initial permit and an annual renewal fee of up to fifty dollars ($50.00). The city may not withhold a permit if the applicant provides sufficient proof of compliance with this section. The city may require that the applicant provide evidence of compliance with this section on an annual basis as long as the temporary family health care structure remains on the property. The evidence may involve the inspection by the city of the temporary family health care structure at reasonable times convenient to the caregiver, not limited to any annual compliance confirmation, and annual renewal of the doctor's certification.

(f) Notwithstanding subsection (i) of this section, any temporary family health care structure installed under this section may be required to connect to any water, sewer, and electric utilities serving the property and shall comply with all applicable State law, local ordinances, and other requirements, including Part 5 of this Article, as if the temporary family health care structure were permanent real property.

(g) No signage advertising or otherwise promoting the existence of the temporary health care structure shall be permitted either on the exterior of the temporary family health care structure or elsewhere on the property.

(h) Any temporary family health care structure installed pursuant to this section shall be removed within 60 days in which the mentally or physically impaired person is no longer receiving or is no longer in need of the assistance provided for in this section. If the temporary family health care structure is needed for another mentally or physically impaired person, the temporary family health care structure may continue to be used, or may be reinstated on the property within 60 days of its removal, as applicable.

(i) The city may revoke the permit granted pursuant to subsection (e) of this section if the permit holder violates any provision of this section or G.S. 160A-202. The city may seek injunctive relief or other appropriate actions or proceedings to ensure compliance with this section or G.S. 160A-202.

(j) Temporary family health care structures shall be treated as tangible personal property for purposes of taxation."

SECTION 3. G.S. 130A-250 is amended by adding a new subdivision to read:

"(14) Temporary family health care structures under G.S. 153A-341.1 or G.S. 160A-383.5."

SECTION 4. G.S. 131D-2.1(10) reads as rewritten:

"(10) Multiunit assisted housing with services. – An assisted living residence in which hands-on personal care services and nursing services which are arranged by housing management are provided by a licensed home care or

hospice agency through an individualized written care plan. The housing management has a financial interest or financial affiliation or formal written agreement which makes personal care services accessible and available through at least one licensed home care or hospice agency. The resident has a choice of any provider, and the housing management may not combine charges for housing and personal care services. All residents, or their compensatory agents, must be capable, through informed consent, of entering into a contract and must not be in need of 24-hour supervision. Assistance with self-administration of medications may be provided by appropriately trained staff when delegated by a licensed nurse according to the home care agency's established plan of care. Multiunit assisted housing with services programs are required to register annually with the Division of Health Service Regulation. Multiunit assisted housing with services programs are required to provide a disclosure statement to the Division of Health Service Regulation. The disclosure statement is required to be a part of the annual rental contract that includes a description of the following requirements:

a. Emergency response system;
b. Charges for services offered;
c. Limitations of tenancy;
d. Limitations of services;
e. Resident responsibilities;
f. Financial/legal relationship between housing management and home care or hospice agencies;
g. A listing of all home care or hospice agencies and other community services in the area;
h. An appeals process; and
i. Procedures for required initial and annual resident screening and referrals for services.

Continuing care retirement communities, subject to regulation by the Department of Insurance under Chapter 58 of the General Statutes, and temporary family health care structures, as defined in G.S. 160A-383.5, are exempt from the regulatory requirements for multiunit assisted housing with services programs."

SECTION 5. G.S. 160A-442(2) reads as rewritten:

"(2) "Dwelling" means any building, structure, manufactured home or mobile home, or part thereof, used and occupied for human habitation or intended to be so used, and includes any outhouses and appurtenances belonging thereto or usually enjoyed therewith, except that it does not include any manufactured home or mobile home, which is used solely for a seasonal vacation purpose. Temporary family health care structures, as defined in G.S. 160A-383.5, shall be considered dwellings for purposes of this Part, provided that any ordinance provision requiring minimum square footage shall not apply to such structures."

SECTION 6. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

SECTION 7. This act becomes effective July 1, 2013, and applies to temporary family health care structures existing on or after that date. No county or city may impose a fee

as authorized by Section 1 of this act on any temporary family health care structure existing on that date.

HOUSE BILL 625:
Zoning/Health Care Structure

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 22, 2014
Introduced by:	Reps. Moffitt, Howard, Setzer, Ramsey	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	First Edition		

SUMMARY: ***House Bill 625 would exempt temporary family health care structures from zoning requirements applicable to single family residential zoning by counties and cities and would require issuance of a permit for installation.***

CURRENT LAW: Counties and cities have the authority to zone as part of the jurisdiction's land use planning authority. Zoning ordinances often limit a property certain uses, and places constraints on those uses. Application can be made for an exemption to the zoning ordinance for a specific use.

BILL ANALYSIS: House Bill 887 would exempt from the zoning authority of cities and counties "temporary family health care structures," when those structures are within an area zoned single-family residential. A temporary family health care structure is a transportable residential structure, providing an environment facilitating a caregiver's provision of care that meets all of the following requirements:

1. Is primarily assembled at a location other than the site of installation.
2. Is limited to 1 occupant who is mentally or physically impaired (an individual who requires assistance with 2 of more personal functions essential for health and well-being).
3. Has no more than 300 gross square feet.
4. Complies with the State Building Code.

Limitations. – Only one temporary family health care structure could be placed on a property and no signage advertising or otherwise promoting the existence of the structure permitted.

Requirements. –

- A person must obtain a permit in order to install a structure on the person's property. A city or county could charge up to $100 for the initial permit, and up to $50 for an annual renewal.
- A county or city may require that the structure be connected to water, sewer or electric utilities serving the property.
- The structure must comply with building inspections and State Building Code.
- The structure must be removed within 60 days of it no longer being needed. It could be returned to the property for re-installation within 60 days of removal if it becomes needed for a subsequent mentally or physically impaired person.

Exemptions. – The structures are exempt from:

- The regulation of food and lodging provisions in Part 6 of Article 8 of Chapter 130A.
- Licensure of adult care homes.
- The minimum square footage requirements of the minimum housing standards.

EFFECTIVE DATE: The bill would become effective July 1, 2013, and applies to temporary family health care structures on after that date. The permit fee may not be charged for existing structures.

NORTH CAROLINA GENERAL ASSEMBLY
AMENDMENT
House Bill 625

AMENDMENT NO._____
(to be filled in by
Principal Clerk)

H625-ATD-190 [v.1]

HOUSE BILL 1224
Senate Finance Committee Substitute Adopted 7/16/14
PROPOSED SENATE COMMITTEE SUBSTITUTE H1224-CSSVx-67 [v.4]

Short Title: Local Sales Tax Options/Econ. Devpt. Changes. (Public)

Sponsors:

Referred to:

May 28, 2014

A BILL TO BE ENTITLED

AN ACT TO LIMIT THE TOTAL LOCAL GOVERNMENT SALES AND USE TAX RATE TO TWO AND ONE-HALF PERCENT; TO GIVE COUNTIES THE FLEXIBILITY TO USE UP TO ONE-HALF PERCENT (1/2%) OF THE LOCAL SALES AND USE TAX FOR PUBLIC TRANSPORTATION, FOR PUBLIC EDUCATION, FOR GENERAL PURPOSES, OR FOR A COMBINATION THEREOF; AND TO MAKE VARIOUS CHANGES TO TAX AND ECONOMIC DEVELOPMENT LAWS.

The General Assembly of North Carolina enacts:

PART I. LOCAL OPTION SALES TAX OPTIONS

SECTION 1.1. Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 43A.

"County Sales and Use Tax for Public Education.

"**§ 105-513.1. Short title; purpose.**

This Article is the County Sales and Use Tax for Public Education. Article 43 of this Chapter, Article 46 of this Chapter, and this Article give the counties of this State an opportunity to obtain an additional source of revenue with which to meet their needs. A county may choose to use this source of revenue to finance local public transportation systems, as provided in Article 43 of this Chapter, for public education needs, as provided in this Article, or for general purposes, as provided in Article 46 of this Chapter.

"**§ 105-513.2. Levy.**

(a) Referendum. – A tax levied under this Article must be approved in a referendum. The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county at a rate of up to one-half percent (1/2%). The applicable rate must meet all of the conditions listed in this subsection. The election shall be held in accordance with the procedures of G.S. 163-287. The conditions are:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would not result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

Local sales and use tax at the [applicable rate stated in both words and as a percentage] in addition to the current local sales and use taxes, to be used only for public education."

(c) Authority. – If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of commissioners of the county may, by resolution and after 10 days' public notice, levy a local sales and use tax at the rate specified in the ballot.

"**§ 105-513.3. Administration.**

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Article 43A of Chapter 105 of the General Statutes." G.S. 105-468.1 is an administrative provision that applies to this Article. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a). The Secretary shall not divide the amount allocated to a county between the county and the municipalities within the county.

"**§ 105-513.4. Use.**

A county may use the proceeds of a tax levied under this Article only for the following purposes:

(1) Public school capital outlay purposes, as defined in G.S. 115C-426(f) or to retire any indebtedness incurred by the county for these purposes.

(2) Salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom.

(3) Financial support of community colleges, including funds to supplement State financial support of community colleges."

SECTION 1.2.(a) G.S. 115C-429(b) reads as rewritten:

"(b) The board of county commissioners shall complete its action on the school budget on or before July 1, or such later date as may be agreeable to the board of education. The commissioners shall determine the amount of county revenues to be appropriated in the county budget ordinance to the local school administrative unit for the budget year. The board of county commissioners may, in its discretion, allocate part or all of its appropriation by purpose, function, or project as defined in the uniform budget format. For allocations made by the board of county commissioners for the purpose of or for a function related to instructional services, the board of county commissioners may direct the amount of funds to be used for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.2.(b) G.S. 115C-433(b) reads as rewritten:

"(b) If the board of county commissioners allocates part or all of its appropriations pursuant to G.S. 115C-429(b), the board of education must obtain the approval of the board of county commissioners for an amendment to the budget that does any of the following:

(1)~~(i)~~ ~~increases~~ Increases or decreases expenditures from the capital outlay fund for projects listed in G.S. 115C-426(f)(1) or ~~(2), or (ii)~~ (2).

(2) ~~increases~~ Increases or decreases the amount of county appropriation allocated to a purpose or function by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the board of county commissioners: ~~Provided,~~provided, that at its discretion, the board may in its budget ordinance specify a lesser percentage, so long as such percentage is not less than ten percent.

(3) Decreases the amount of funds allocated for salaries of classroom teachers, salaries of classroom teacher assistants, and supplements of classroom teacher salaries. For the purposes of this section, a classroom teacher is an employee of a local board of education employed as a teacher who spends at least seventy percent (70%) of his or her work time in classroom instruction and a classroom teacher assistant is an employee of a local board of education employed as a teacher assistant who spends at least seventy percent (70%) of his or her work time assisting in a classroom."

SECTION 1.3.(a) G.S. 115D-55(a) reads as rewritten:

"(a) Approval of Budget by Local Tax-Levying Authority. – By a date fixed by the local tax-levying authority, the budget shall be submitted to the local tax-levying authority for approval of that portion within its authority as stated in G.S. 115D-54(b). On or before July 1, or such later date as may be agreeable to the board of trustees, but in no instance later than September 1, the local tax-levying authority shall determine the amount of county revenue to be appropriated to an institution for the budget year. The local tax-levying authority may allocate part or all of an appropriation by purpose, function, or project as defined in the budget manual as adopted by the State Board of Community Colleges. The local tax-levying authority may direct the use of funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes.

The local tax-levying authority shall have full authority to call for all books, records, audit reports, and other information bearing on the financial operation of the institution except records dealing with specific persons for which the persons' rights of privacy are protected by either federal or State law.

Nothing in this Article shall be construed to place a duty on the local tax-levying authority to fund a deficit incurred by an institution through failure of the institution to comply with the provisions of this Article or rules and regulations issued pursuant hereto."

SECTION 1.3.(b) G.S. 115D-58(b) reads as rewritten:

"(b) If the local tax-levying authority allocates part or all of an appropriation pursuant to G.S. 115D-55, the board of trustees must obtain approval of the local tax-levying authority for an amendment to the budget which does any of the following:

(1) ~~increases~~ Increases or decreases the amount of that appropriation allocated to a purpose, function, or project by twenty-five percent (25%) or more from the amount contained in the budget ordinance adopted by the local tax-levying authority or such lesser percentage as specified by the local tax-levying authority in the original budget ordinance, so long as such percentage is not less than ten percent (10%).

(2) Decreases the amount of the appropriation directed by the tax-levying authority for a specific use from funds appropriated to the institution derived from a tax levied under Article 43A of Chapter 105 of the General Statutes."

SECTION 1.4.(a) G.S. 105-506 reads as rewritten:

"**§ 105-506. Short title; purpose.**

This Article is the Local Government Public Transportation Sales Tax Act and may be cited by that name. This ~~Article gives~~ Article, Article 43A of this Chapter, and Article 46 of this Chapter give the counties ~~and transportation authorities~~ of this State an opportunity to obtain an additional source of revenue with which to meet their ~~needs for financing~~ needs. Counties and

transportation authorities may choose to use this source of revenue to finance local public transportation ~~systems.~~systems under this Article, counties may choose to use this source of revenue to finance public education needs, as provided in Article 43A of this Chapter, or counties may choose to use this source of revenue for general purposes, as provided in Article 46 of this Chapter. ~~It provides them with authority to levy sales and use taxes. All such taxes~~ A tax levied under this Article must be approved in a referendum."

SECTION 1.4.(b) Part 1 of Article 43 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"**§ 105-506.4. Tax rate.**

(a) Rate. – The applicable rate of local sales and use tax that may be levied under this Article must meet all of the following conditions:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would not result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Cap. – Except as provided in this subsection, a county's local sales and use tax rate may not exceed two and one-half percent (2 1/2%). A county's local sales and use tax rate may exceed two and one-half percent (2 1/2%) if the county conducted one or more advisory referendums on or before December 31, 2012, in which a majority of the voters approved the levy of a local sales and use tax resulting in a total local sales and use tax rate in the county of two and three-quarters percent (2 3/4%). In no event may a county's local sales and use tax rate exceed two and three-quarters percent (2 3/4%). If a county's local sales and use tax rate is two and three-quarters percent (2 3/4%) on April 1, 2013, and the county repeals the levy of a tax authorized under Subchapter VIII of this Chapter so that the county's local sales and use tax rate falls below two and three-quarters percent (2 3/4%), the county may not enact a local sales and use tax under this Subchapter that results in a county local sales and use tax rate that exceeds two and one-half percent (2 1/2%)."

SECTION 1.4.(c) G.S. 105-507.1 reads as rewritten:

"**§ 105-507.1. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.4. The election shall be held in accordance with the procedures of G.S. 163-287. The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems.""

SECTION 1.4.(d) G.S. 105-507.2 reads as rewritten:

"**§ 105-507.2. Levy and collection of sales and use tax.**

If the majority of those voting in a referendum held pursuant to G.S. 105-507.1 vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-half percent (1/2%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 1 of Article 43 of Chapter 105 of the General Statutes"."

SECTION 1.4.(e) G.S. 105-509 reads as rewritten:

"**§ 105-509. Local election on adoption of sales and use tax – regional public transportation authority.**

...

(b) Resolution. – The board of trustees of the regional public transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.4. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:

a. A majority vote of each of the county boards of commissioners within the special district, if it is a multicounty special district.

b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

...."

SECTION 1.4.(f) G.S. 105-509.1 reads as rewritten:

"**§ 105-509.1. Levy and collection of sales and use tax – regional public transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-509 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (1/2%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one or more but not all of the counties, the counties in which the referendum was not approved are removed from the special district upon certification of the election result and the county or counties that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 4 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(g) G.S. 105-510 reads as rewritten:

"**§ 105-510. Local election on adoption of sales and use tax – regional transportation authority.**

...

(b) Resolution. – The board of trustees of the regional transportation authority may, if all of the conditions listed in this subsection have been met, direct the respective county board or boards of elections to conduct an advisory referendum within the special district on the question of whether a local sales and use tax at the rate of up to one-half percent (1/2%) may be levied within the district in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.4. The tax may not be levied without voter approval. The election shall be held on a date jointly agreed upon by the authority, the county board or boards of commissioners, and the county board or boards of elections and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287. The conditions are as follows:

(1) The board of trustees has obtained approval to conduct a referendum by a vote of the following:
   a. A majority vote of both of the county boards of commissioners within the special district, if it is a multicounty special district.
   b. A majority of the county board of commissioners within the special district, if it is a single-county special district.

(2) A public hearing is held on the question by the board or boards of commissioners at least 30 days before the date the election is to be held.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-half percent (1/2%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems."

...."

SECTION 1.4.(h) G.S. 105-510.1 reads as rewritten:

"**§ 105-510.1. Levy and collection of sales and use tax – regional transportation authority.**

If the majority of those voting in a referendum held pursuant to G.S. 105-510 vote for the levy of the tax, the transportation authority may, by resolution, levy ~~one-half percent (1/2%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot within the special district, in addition to any other State and local sales and use taxes levied pursuant to law. In determining the results of the election in a multicounty district, all the counties of the district shall be considered to be one unit but also must receive a majority vote in each county, except that if the referendum is passed in one but not both of the counties, the county in which the referendum was not approved is removed from the special district upon certification of the election result and the county that approved the referendum shall remain in the special district. Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Article, references to "this Article" mean "Part 5 of Article 43 of Chapter 105 of the General Statutes." Any repeal of the tax shall be done by the same procedure as its enactment under this section, and in a multicounty district a petition for repeal under G.S. 105-473 shall be judged by the total votes in all the counties in the district."

SECTION 1.4.(i) G.S. 105-511.2 reads as rewritten:

"**§ 105-511.2. Local election on adoption of sales and use tax.**

(a) Resolution. – The board of commissioners of a county may direct the county board of elections to conduct an advisory referendum within the county on the question of whether a local sales and use tax at ~~the rate of one-quarter percent (1/4%)~~ a rate of up to one-half percent (1/2%) may be levied in accordance with this Part. The applicable rate must be in accordance with G.S. 105-506.4. The election shall be held on a date jointly agreed upon by the boards and shall be held on a date permitted by and in accordance with the procedures of G.S. 163-287.

The board of commissioners shall hold a public hearing on the question at least 30 days before the date the election is to be held.

(b) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of a tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

~~One-quarter percent (1/4%)~~ [The applicable rate stated in both words and as a percentage] local sales and use taxes, in addition to the current local sales and use taxes, to be used only for public transportation systems.""

SECTION 1.4.(j) G.S. 105-511.3 reads as rewritten:

"**§ 105-511.3. Levy and collection of sales and use tax.**

(a) Authority to Levy. – If the majority of those voting in a referendum held pursuant to this Part vote for the levy of the tax, the board of commissioners of the county may, by resolution, levy ~~one-quarter percent (1/4%) local sales and use taxes~~ a local sales and use tax at the rate specified in the ballot in addition to any other State and local sales and use taxes levied pursuant to law.

(b) Administration. – Except as provided in this Part, the adoption, levy, collection, administration, and repeal of these additional taxes shall be in accordance with Article 39 of this Chapter. In applying the provisions of Article 39 of this Chapter to this Part, references to "this Article" mean "Part 6 of Article 43 of Chapter 105 of the General Statutes.""

SECTION 1.4.(k) This section is effective when it becomes law.

SECTION 1.5.(a) Part 1 of Article 43 of Chapter 105 of the General Statutes, as amended by Section 1.4 of this act, is amended by adding a new section to read:

"**§ 105-506.3. Applicability.**

A tax levied under Part 4 of this Article may not be in effect in a county at the same time as a tax levied by that county under Part 6 of this Article."

SECTION 1.5.(b) G.S. 105-511 reads as rewritten:

"**§ 105-511. Applicability.**

This Part applies only in counties other than Durham, Forsyth, Guilford, Mecklenburg, ~~Orange, or Wake.~~ or Orange."

SECTION 1.5.(c) This section is effective when it becomes law.

SECTION 1.6.(a) Article 46 of Chapter 105 of the General Statutes reads as rewritten:

"Article 46.

"One-Quarter Cent (1/4¢) or One-Half Cent (1/2%) County Sales and Use Tax.

"**§ 105-535. Short title.**

This Article is the One-Quarter Cent (1/4¢) or One-Half Cent (1/2%) County Sales and Use Tax Act.

"**§ 105-536. Limitations.**

This Article applies only to counties that levy the first one-cent (1¢) sales and use tax under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, the first one-half cent (1/2¢) local sales and use tax under Article 40 of this Chapter, and the second one-half cent (1/2¢) local sales and use tax under Article 42 of this Chapter.

"**§ 105-537. Levy.**

(a) Authority. – A tax levied under this Article must be approved in a referendum. If the majority of those voting in a referendum held pursuant to this Article vote for the levy of the tax, the board of county commissioners may, by resolution and after 10 days' public notice, levy a local sales and use tax at ~~a rate of one-quarter percent (0.25%).~~ the applicable rate. The applicable rate must meet all of the following conditions:

(1) It must be in an increment of one-quarter percent (1/4%).

(2) It must be at a rate that, if levied, would not result in a total local sales and use tax rate in the county in excess of two and one-half percent (2 1/2%).

(b) Vote. – The board of county commissioners may direct the county board of elections to conduct an advisory referendum on the question of whether to levy a local sales and use tax in the county as provided in this Article. The election shall be held in accordance with the procedures of G.S. 163-287.

(c) Ballot Question. – The form of the question to be presented on a ballot for a special election concerning the levy of the tax authorized by this Article shall be:

"[ ] FOR [ ] AGAINST

Local sales and use tax at the rate of ~~one quarter percent (0.25%)~~ [The applicable rate stated in both words and as a percentage] in addition to all other State and local sales and use taxes."

...

"§ 105-538. Administration of taxes.

Except as provided in this Article, the adoption, levy, collection, administration, and repeal of these additional taxes must be in accordance with Article 39 of this Chapter. G.S. 105-468.1 is an administrative provision that applies to this Article. A tax levied under this Article does not apply to the sales price of food that is exempt from tax pursuant to G.S. 105-164.13B or to the sales price of a bundled transaction taxable pursuant to G.S. 105-467(a)(5a). The Secretary shall not divide the amount allocated to a county between the county and the municipalities within the county.

"§ 105-539. Use.

(a) Referenda Held On or Before January 1, 2015. – A county that approves the levy of a tax under this Article in a referendum held on or before January 1, 2015, must use the proceeds of the tax levied under this Article for any lawful public purpose.

(b) Referenda Held After January 1, 2015. – A county that approves the levy of a tax under this Article in a referendum held after January 1, 2015, must use the proceeds of a tax levied under this Article for any lawful public purpose, except that the proceeds may not be used for a purpose for which a tax levied under Article 43 of this Chapter must be used."

SECTION 1.6.(b) G.S. 105-164.3(4a) reads as rewritten:

"(4a) Combined general rate. – The sum of all of the following:

a. The State's general rate of tax set in G.S. ~~105-164.4(a)~~ 105-164.4(a).

b. ~~plus the~~ The sum of the rates of the local sales and use taxes authorized for every county in this State by ~~Subchapter VIII~~ Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws, Article 40 of this Chapter, and Article 42 of this Chapter.~~Chapter for every county in this State.~~

c. One-half of the maximum rate of tax authorized by Article 46 of this Chapter."

SECTION 1.6.(c) This section is effective when it becomes law.

SECTION 1.7. Except as otherwise provided, this Part is effective when it becomes law.

PART II. JMAC MODIFICATIONS

SECTION 2.(a) G.S. 143B-437.012 reads as rewritten:

"§ 143B-437.012. Job Maintenance and Capital Development Fund.

...

(d) Eligibility. – A business is eligible for consideration for a grant under this section if it satisfies the conditions of either subdivision (1) or (2) of this subsection and satisfies ~~the conditions of both subdivisions (3) and~~subdivision (4) of this subsection:

(1) The business is a major employer. A business is a major employer if the business meets the following requirements:

a. The Department certifies that the business has invested or intends to invest at least two hundred million dollars ($200,000,000) of private

funds in improvements to real property and additions to tangible personal property in the project within a six-year period beginning with the time the investment commences.

b. The business employs at least 2,000 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 2,000 full-time employees or equivalent full-time contract employees at the project for the full term of the grant agreement.

c. The project is located in a development tier one area at the time the business applies for a grant.

(2) The business is a large manufacturing employer. A business is a large manufacturing employer if the business meets the following requirements:

a. The business is in manufacturing, as defined in G.S. 143B-437.01, and is converting its manufacturing process to change the product it ~~manufactures.~~manufactures or is investing in its manufacturing process by enhancing pollution controls or transitioning the manufacturing process from using coal to using natural gas for the purpose of becoming more energy efficient or reducing emissions.

b. The Department certifies that the business has invested or intends to invest at least ~~sixty-five~~fifty million dollars ~~($65,000,000)~~($50,000,000) of private funds in improvements to real property and additions to tangible personal property in the project within a ~~three-year~~five-year period beginning with the time the investment commences.

c. The business meets one of the following employment requirements:

1. If in a development tier one area, the business employs at least 320 full-time employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 320 full-time employees at the project for the full term of the grant.

2. If in a development tier two area with a population of less than 60,000 as of July 1, 2013, the business employs at least 800 full-time employees or equivalent full-time contract employees at the project that is the subject of the grant at the time the application is made, and the business agrees to maintain at least 800 full-time employees or equivalent full-time contract employees at the project for the full term of the grant.

~~(3) The project is located in a development tier one area at the time the business applies for a grant.~~

(4) All newly hired employees of the business must be citizens of the United ~~States,~~States or have proper identification and documentation of their authorization to reside and work in the United States.

...

(n) Limitations. – The Department may enter into no more than five agreements under this section. The total aggregate cost of all agreements entered into under this section may not exceed ~~sixty-nine million dollars ($69,000,000).~~seventy-nine million dollars ($79,000,000). The total annual cost of an agreement entered into under this section may not exceed six million dollars ($6,000,000)."

SECTION 2.(b) This section becomes effective July 1, 2014.

PART III. JOB CATALYST FUND

SECTION 3.(a) G.S. 143B-437.50 reads as rewritten:

"Part 2G. Job ~~Development Investment Grant Program.~~Development.

"**§ 143B-437.50. Legislative findings and purpose.**

The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

...."

SECTION 3.(b) G.S. 143B-437.51 reads as rewritten:

"**§ 143B-437.51. Definitions.**

The following definitions apply in this Part:

...

(6) Full-time employee. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Committee to be employed in a permanent position according to criteria it develops in consultation with the Attorney General. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(6a) Full-time worker. – A person who is employed for consideration for at least 35 hours a week, whose wages are subject to withholding under Article 4A of Chapter 105 of the General Statutes, and who is determined by the Department to be employed in a permanent position. The term does not include any person who works as an independent contractor or on a consulting basis for the business.

(7) New employee. – A full-time employee or a full-time worker who represents a net increase in the number of the business's employees or workers statewide.

...."

SECTION 3.(c) G.S. 143B-437.52 reads as rewritten:

"Subpart A. Job Development Investment Grant Program.

"**§ 143B-437.52. Job Development Investment Grant Program.**

(a) Program. – There is established the Job Development Investment Grant Program to be administered by the Economic Investment Committee. In order to foster job creation and investment in the economy of this State, the Committee may enter into agreements with businesses to provide grants in accordance with the provisions of this Part. The Committee, in consultation with the Attorney General, shall develop criteria to be used in determining whether the conditions of this section are satisfied and whether the project described in the application is otherwise consistent with the purposes of this Part. Before entering into an agreement, the Committee must find that all the following conditions are met:

...."

SECTION 3.(d) The Revisor of Statutes is authorized to change references of "this Part" in Subpart A of Part 2G of Article 10 of Chapter 143B of the General Statutes to "this Subpart" as appropriate.

SECTION 3.(e) Part 2G of Article 10 of Chapter 143B of the General Statutes is amended by adding a new Subpart to read:

"Subpart B. Job Catalyst Fund.

"**§ 143B-437.67. Job Catalyst Fund.**

(a) Creation and Purpose of Fund. – There is created in the Department of Commerce a special, nonreverting account to be known as the Job Catalyst Fund to provide funds to a local governmental unit for projects that result in the creation of jobs. The Secretary of Commerce is solely responsible for the administration of the program and shall adopt guidelines applicable to program administration. The guidelines shall include the following provisions, which shall apply to each grant from the account:

(1) The funds are reserved for a project for which a business agrees to create and maintain, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, the number of new worker positions at the project as follows:

a. For development tier one areas, 500 full-time workers.

b. For development tier two areas, 800 full-time workers.

c. For development tier three areas, 1,200 full-time workers.

(2) The funds are reserved for a project for which a business agrees to make an investment at the project as provided in this subdivision. The investment required by this subdivision must be private funds in improvements to real property and additions to tangible personal property located at the project for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years. The investment must be commenced no later than the time when the first disbursement is made to the business and must be completed no later than five years from the time the first disbursement is made to the business. Tangible personal property transferred by the business or from a related member of the business from one area in the State to the project is not considered an investment in tangible personal property located at the project for purposes of this section. The Department shall certify the amount of the investment made by the business at the project. The minimum investment at the project the business agrees to make is as follows:

a. For development tier one areas, twenty million dollars ($20,000,000).

b. For development tier two areas, thirty-five million dollars ($35,000,000).

c. For development tier three areas, fifty million dollars ($50,000,000).

(3) The funds are (i) used to acquire or improve land or infrastructure, for facility development, or for capital investment and (ii) used for manufacturing projects. For purposes of this subdivision, "manufacturing" is defined in G.S. 143B-437.01.

(4) The funds are provided to a local governmental unit, and the local governmental unit matches a portion of the funds allocated by the Department as provided in this subdivision. A local match may include cash, fee waivers, in-kind services, the donation of assets, the provision of infrastructure, or a combination. The local match requirement is as follows:

a. For development tier one areas, a local match of at least three dollars ($3.00) for every one hundred dollars ($100.00) from the State is required.

b. For development tier two areas, a local match of at least six dollars ($6.00) for every one hundred dollars ($100.00) from the State is required.

c. For development tier three areas, a local match of at least nine dollars ($9.00) for every one hundred dollars ($100.00) from the State is required.

(5) The funds are reserved for a project for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term

of the grant plus five years, the wage standard provided in this subdivision for all full-time workers at the project. In making the wage calculation, all full-time position jobs filled during the year for at least 1,600 hours are included. The required wage standard is as follows:

a. For development tier one and two areas, an average weekly wage that is at least equal to the lesser of one hundred percent (100%) of the average wage for all insured private employers in the county.

b. For development tier three areas, an average weekly wage that is at least equal to the lesser of one hundred ten percent (110%) of the average wage for all insured private employers in the county.

(6) The funds are reserved for projects for which a business agrees to meet, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a requirement to provide health insurance for all full-time workers at the project. For purposes of this subdivision, a business provides health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage recommended by the Small Employer Carrier Committee pursuant to G.S. 58-50-125. A business shall provide a certification that it continues to provide health insurance as required by this subdivision.

(7) The funds are not used for a project at which is located, during the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, a business that has received a notice of an overdue tax debt and that overdue tax debt has not been satisfied or otherwise resolved.

(8) The funds are not used in favor of jobs created or property investments made for which a business receives a tax credit under Article 3J of Chapter 105 of the General Statutes.

(9) The funds are reserved for projects for a business that has no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations. In addition, the business must, for the greater of 10 years or a time period not less than the sum of the full term of the grant plus five years, have no citations under the Occupational Safety and Health Act that have become a final order within the past three years for willful serious violations or for failing to abate serious violations with respect to the project. For purposes of this subsection, "serious violation" has the same meaning as in G.S. 95-127.

(10) The funds are not used for a project that consists of a professional or semiprofessional sports team or club or a project that consists solely of retail facilities. If a project consists of both retail facilities and nonretail facilities, only the portion of the project consisting of nonretail facilities is eligible for a grant, and only full-time workers employed exclusively in the portion of the project that represents nonretail facilities may be counted for purposes of fulfilling the new worker position requirement. If a warehouse facility is part of a retail facility and supplies only that retail facility, the warehouse facility investment and full-time workers are not counted for purposes of the requirements of this section. For the purposes of this Subpart, catalog distribution centers are not retail facilities.

(b) Forfeiture. – If the business at the project fails to timely create and maintain the required new jobs, to timely make the required level of investment, or to otherwise meet the requirements of this section, the local governmental unit shall provide a means to recapture

PRINCIPAL DEPARTMENT(S) & PROGRAM(S) AFFECTED:
Commerce, Department of Revenue, Secretary of State

EFFECTIVE DATE: July 1, 2014

TECHNICAL CONSIDERATIONS:
None

BILL SUMMARY:

'art I of the PCS enacts Article 43A, the County Sales and Use Tax for Education and Article 43B, County Sales nd Use Tax for Transit. The PCS also modifies Article 46. Part II of the PCS would expand the eligibility criteria tor the Job Maintenance and Capital Development Fund. Part III of the PCS would create the Job Catalyst Fund

inside the Department of Commerce. Part IV would provide an additional $14M to the JDIG cap for the 2013-2015 biennium. Part V adds a new exemption to the list of transactions exempt from registration and filing requirements for the offer or sale of securities.

ASSUMPTIONS AND METHODOLOGY:

PART I LOCAL OPTION SALES TAX FOR EDUCATION

HB 1224 creates Article 43A and Article 43B. Article 43A grants counties the authority to levy an additional sales tax designated for transportation. Article 43B grants counties the authority to levy an additional sales tax designated for education. The bill also limits the maximum local sales tax rate to 2.5% in all but two counties, Durham County and Orange County, where the local rate is currently 2.75%. Table 1 below highlights the fiscal impact of enacting Article 43A or Article 43 B at the maximum possible rate during the 2015-16 fiscal year.

Table 1. Maximum Sales and Use Tax Levy and Additional Revenue under Article 43A or Article 43B, by County, Fiscal Year 2015-16

PART II JMAC MODIFICATIONS

While the PCS to House Bill 1224 broadens eligibility for the JMAC program and increases total award capacity to $79 million, the legislation does not expressly require this capacity to be used.

However, Commerce has relayed to the Fiscal Research Division that the impetus for JMAC program expansion ; the retention of Evergreen Packaging in Haywood County. If the PCS is enacted, Commerce plans to award ıe company a JMAC in FY 2014-15 and structure the contract for the company to receive a total of $12 million over six fiscal years, with payments of $2 million annually (FY 2015-16 through FY 2020-21). Committing this award would absorb the remaining available $12 million JMAC award capacity ($79 million permissible award capacity proposed in the PCS less $67 million utilized liability to-date for awards to Bridgestone, Goodyear and Domtar).

Existing JMAC statutes limit a grant period to up to 10 years and restrict the annual cost of any one award to no more than $6 million. Regardless of whether Commerce's plans for Evergreen Packaging become reality, if the PCS is enacted, then JMAC will have $12 million worth of unutilized award capacity. If fully utilized, cost implications range between $1.2 million a year for 10 years and $6 million a year for two years, which would require future General Fund appropriations.

PART III JOB CATALYST FUND

This section of the bill establishes the Fund, but has no fiscal impact since the PCS does not provide the Fund with 1) an appropriation or 2) a threshold under which awards are authorized to be committed.[1]

PART IV JDIG MODIFICATIONS

This section of the bill increases the 2013-15 fiscal biennium award capacity for the Job Development Investment Grant program by $14 million. Given that grant terms can be up to 12 years, the PCS generates an

[1] Other economic development grant programs are permitted a certain award capacity threshold under which to make grant commitments; examples include the Job Development Investment Grant program, One North Carolina Fund, and JMAC.

additional maximum liability for the program of $168 million (actual payments are based on company performance).

PART V CROWD FUNDING

This section of the bill levies a fee of $150 on the issuer of the securities to be paid to the Secretary of State's office. The funds collected shall remain in a non-reverting account and the Secretary of State shall use the funds to pay for the costs of enforcing this section. Fiscal Research does not have an estimate on the number of businesses that will utilize the crowd funding exemption and thus cannot estimate the additional revenue generated by this section.

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013

H D

HOUSE BILL 27*
Committee Substitute Favorable 2/13/13
Committee Substitute #2 Favorable 5/14/13
PROPOSED SENATE COMMITTEE SUBSTITUTE H27-PCS10600-RB-68

Short Title: Escheat Savings Bond Trust Fund/Scholarships. (Public)

Sponsors:

Referred to:

January 31, 2013

A BILL TO BE ENTITLED

AN ACT TO PROVIDE THAT UNCLAIMED UNITED STATES SAVINGS BONDS SHALL ESCHEAT TO THE STATE, TO DIRECT THE TREASURER TO REDEEM THOSE UNITED STATES SAVINGS BONDS ESCHEATED TO THE STATE, TO CREATE AN ESCHEAT SAVINGS BOND TRUST FUND WITHIN THE ESCHEAT FUND FOR DEPOSIT OF THE PROCEEDS OF THOSE REDEMPTIONS, AND TO PROVIDE THAT INTEREST AND INVESTMENT EARNINGS FROM THE ESCHEAT SAVINGS BOND TRUST FUND SHALL BE USED TO FUND SCHOLARSHIPS TO WORTHY AND NEEDY STUDENTS WHO ARE RESIDENTS OF NORTH CAROLINA AND ARE ENROLLED IN PUBLIC INSTITUTIONS OF HIGHER EDUCATION IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

SECTION 1. Article 4 of Chapter 116B of the General Statutes is amended by adding a new section to read:

"**§ 116B-54A. Unclaimed United States savings bonds.**

(a) U.S. Savings Bonds. – Except as otherwise provided in this section, the provisions of this Article apply to United States savings bonds. A United States savings bond is unclaimed and presumed abandoned if the owner of the savings bond fails to redeem the savings bond within three years after the savings bond has fully matured. The Treasurer may bring a civil action under this section to take all property rights and legal title and ownership of the savings bond or proceeds from the savings bond, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary. For purposes of this section, the term "savings bond" also includes United States savings notes, also known as Freedom Shares.

(b) Civil Action. – Within 365 days after a United States savings bond is unclaimed and presumed abandoned under subsection (a) of this section, the Treasurer may commence a civil action in the Superior Court of Wake County for a determination that the savings bond escheats to the State of North Carolina. The Treasurer must make sufficient efforts to locate the owner of the savings bond before bringing an action under this section. The Treasurer may not bring an action under this section until a sufficient amount of United States savings bonds have accumulated owing to persons with a last known address of North Carolina to justify the expense of a proceeding under this section. The Treasurer may not bring an action under this section as to a specific savings bond if a claim has been filed for that savings bond in accordance with the provisions of this Article.

(c) Title to the Savings Bond. – The court must enter a judgment that the United States savings bonds have escheated to the State of North Carolina and that all property rights and legal title to and ownership of the savings bonds or proceeds from the bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, vest solely in the State of North Carolina if all of the following conditions are met:

(1) No person files a claim or appears at the hearing to substantiate a claim.

(2) The court determines that a person who has filed a claim or appears at the hearing to substantiate a claim is not entitled to the property claimed by the claimant.

(3) The court is satisfied by the evidence that the Treasurer has substantially complied with the laws of this State.

(d) Claim for Escheated Savings Bond. – A person claiming ownership for a United States savings bond that has escheated to the State of North Carolina, or for the proceeds from a savings bond that has been redeemed by the Treasurer, may file a claim in accordance with the provisions of this Article. Upon providing sufficient proof of the validity of a person's claim, the Treasurer may pay the claim.

(e) Redemption of Savings Bond. – The Treasurer must take steps necessary to redeem any United States savings bond that has escheated to the State of North Carolina under this section. The proceeds from the redemption of the savings bond must be deposited in the Escheat Savings Bond Trust Fund, as provided in subsection (f) of this section.

(f) Escheat Savings Bond Trust Fund. – The Escheat Savings Bond Trust Fund is established as a separately accounted fund within the Escheat Fund. The net proceeds from redemption of United States savings bonds must be credited to this Fund. The Escheat Savings Bond Trust Fund shall be treated as an endowment, and subject to the Treasurer withholding an amount necessary to accomplish the Treasurer's duties as set out in this Chapter, its corpus may only be spent for purposes of investment and to pay funds to potential claimants. The interest and investment earnings on the Escheat Savings Bond Trust Fund shall be used exclusively to provide scholarships to worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 27:
Escheat Savings Bond Trust Fund/Scholarships

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	July 22, 2014
Introduced by:	Reps. Howard, Hager, Torbett	**Prepared by:**	Cindy Avrette
Analysis of:	PCS to Third Edition H27-CSRB-68		Committee Counsel

SUMMARY: ***The proposed Senate committee substitute for House Bill 27 replaces the contents of the original bill. The PCS would enable the Treasurer to institute a judicial proceeding to claim title and ownership of unclaimed US savings bonds so that the Treasurer may redeem the bonds and credit the funds received into the Escheat Fund.***

CURRENT LAW: Article IX, Sec. 10 of the North Carolina Constitution provides that property from escheats, unclaimed dividends, or distributive shares of the estates of deceased persons may only be used to aid worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State.

The North Carolina Unclaimed Property Act applies to money or tangible personal property that is held in a safe deposit box or other safekeeping depository held by a financial institution in this State and to a fixed and certain interest in intangible property that is held, issued, or owed in the course of a holder's business or by a governmental entity. U.S. savings bonds and notes are examples of the type of property to which the Unclaimed Property Act applies.

The Unclaimed Property Act creates statutory presumptions as to when property is unclaimed and presumed abandoned. Property that is presumed to be abandoned becomes subject to the custody of the State of North Carolina. A holder of unclaimed and presumed abandoned property must make a good faith effort to locate the apparent owner of the property. The holder of unclaimed and presumed abandoned property must make an annual report to the Treasurer concerning the property and, upon filing the report, release the property to the Treasurer. Upon payment or delivery of property to the Treasurer, the State assumes custody and responsibility for the safekeeping of the property. The Treasurer must send a list each year to the clerks of courts for each county of the escheated property received by the Treasurer during the preceding reporting period.

All escheated property must be paid into the Escheat Fund. If the property is other than money, the Treasurer may sell the property to the highest bidder within three years after the receipt of the property.[1] The Treasurer invests the monies in the Fund pursuant to the investment authority given under G.S. 147-69.2(b)(12). The income derived from the investment earnings of the Escheat Fund inures to the benefit of the Fund and is annually distributed to the State Education Assistance Authority for grants and loans to aid worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State.

The Escheats Fund must maintain a reserve of at least $5,000,000 or a sum equal to the total value of escheated or abandoned property received in the preceding fiscal year. The purpose of the reserve is for the payment of refunds of escheated or abandoned property to persons entitled to the property. If at any

[1] A person who successfully makes a claim for property held in the Escheat Fund is entitled to receive any income or gain realized or accruing on the property at or before its liquidation or conversion of the property into money.

time the amount of the refund reserve is insufficient to make refunds required to be made, the Treasurer may use all current receipts derived from escheated or abandoned property, exclusive of the investment earnings from those funds. If those funds are inadequate, the Treasurer may apply to the Council of State for a no interest loan from the Contingency and Emergency Fund.

BILL ANALYSIS: Since the United States began issuing savings bonds after the First World War, many bonds have gone unclaimed for years after they have matured. The Treasurer has in its possession, under the North Carolina Unclaimed Property Act, approximately $450,000 of unclaimed and presumed abandoned U.S. savings bonds. Under current law, the Treasurer may not acquire the proceeds of these savings bonds by redeeming them because the U.S. Treasury requires a state to have full title to and ownership of the bonds. The custody-based nature of North Carolina's unclaimed property law is not enough. The U.S. Treasury will recognize a court order declaring a state the legal title and owner of unclaimed, matured bonds by escheat.

The Senate PCS for House Bill 27 provides that all abandoned U.S. savings bonds will escheat to the State of North Carolina three years after they have matured. It creates a judicial process whereby the Treasurer may obtain a court-order that an unclaimed and presumed abandoned U.S. savings bond has escheated to the State and that all property rights and legal title to and ownership of the savings bond or proceeds from the bonds vest solely in the State of North Carolina. To obtain this court order, a court must find that no one has filed a claim or substantiated a claim for the savings bond and that the Treasurer has substantially complied with the laws of this State to locate the apparent owner of the bond. The Treasurer may not bring an action in court for a savings bond until the savings bond has been in the possession of the Treasurer for at least 365 days and the Treasurer has made sufficient efforts to locate the owner of the savings bond.

The PCS also creates the Escheat Savings Bond Trust Fund as a separately accounted fund within the Escheat Fund. The proceeds from U.S. savings bonds must be credited to this fund. The interest and investment earnings on the fund may only be used to provide scholarships to worthy and needy students who are residents of this State and are enrolled in public institutions of higher education in this State.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Most of the U.S. savings bonds the Treasurer has in its possession came from bonds found in abandoned safe deposit boxes. These are known as "bonds in possession". The federal government does not have an active program to reunite the owners of abandoned U.S. savings bonds with those bonds. In addition to the bonds that states have in their possession under the escheat laws, there are "absent bonds". The vast majority of unclaimed bonds are from absent bonds. The main obstacle to states' ability to redeem absent bonds is that only the U.S. Treasury has access to the registration records and those records are inefficiently contained on millions of rolls of microfiche. It is my understanding that multiple FOIA requests for these records have been denied. Currently, the state of Kansas has filed suit against the United States in the Court of Federal Claims to redeem the absent bonds registered to last known addresses in the State of Kansas. If this legislation is enacted, the Treasurer may choose to become a party to this legal action. The amount of absent bonds that could possibly be redeemed by North Carolina is very uncertain. The total amount of unredeemed savings bonds held by the U.S. Treasury, in both categories of "bonds in possession" and "absent bonds", is approximately $16.5 million.
