If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 8.3.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 8.3.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 8.3.(e) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 8.3.(f) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of

Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 8.3.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2013-2015 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if all of the following criteria apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years.

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 8.3.(h) Funds for EVAAS Data. – Notwithstanding the requirements of subsection (a) of this section, local school administrative units may utilize funds allocated under this section to purchase services that allow for extraction of data from the Education Value Added Assessment System (EVAAS).

SECTION 8.3.(i) Reports. – For the 2013-2015 fiscal biennium, the State Board of Education shall report to the Fiscal Research Division prior to May 1 of each year if it determines that counties have supplanted funds.

SECTION 8.3.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 8.4.(a) Funds for Small School Systems. – Except as provided in subsection (b) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,239 to 4,080 students. The allocation formula shall do all of the following:

(1) Round all fractions of positions to the next whole position.

(2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four and provide seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.

(3) Provide additional program enhancement teachers adequate to offer the standard course of study.

(4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.

(5) Provide a base for the consolidated funds allotment of at least seven hundred seventeen thousand three hundred sixty dollars ($717,360), excluding textbooks, for the 2013-2014 fiscal year and a base of seven hundred seventeen thousand three hundred sixty dollars ($717,360) for the 2014-2015 fiscal year.

(6) Allot vocational education funds for grade six as well as for grades seven through 12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula also is not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 8.4.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2013-2015 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if all of the following criteria apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years.

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 8.4.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for three years after the unit becomes ineligible.

(b) Achievement Calculation. – Using EVAAS, the State Board of Education shall calculate the overall achievement score earned by schools. In calculating the overall school achievement score earned by schools, the State Board of Education shall (i) total the sum of points earned by the school; (ii) proportionally weigh the achievement indicators based on the number of students measured by any given achievement indicator; and (iii) proportionally adjust the scale to account for the absence of school achievement indicators for award of scores to a school that does not have a measure of one of the school achievement indicators annually assessed for the grades taught at that school.

(c) Growth Calculation. – Using EVAAS, the State Board shall calculate the overall growth score earned by schools. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on achievement measures as provided in subsection (b) of this section. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale. The equivalent number of points shall be added to a school's total sum of points.

(e) High Schools Achievement Indicators. – The school achievement score earned by schools serving students in ninth through 12th grade shall reflect academic achievement, career and college readiness, and graduation rate. The school achievement score shall be calculated based on the sum of the following school achievement indicators that are weighted proportionally by the number of students measured by each indicator. The score shall be calculated as follows:

(1) One point for each percent of students who score at or above proficient on annual assessments for mathematics.

(2) One point for each percent of students who score at or above proficient on annual assessments for English.

(3) One point for each percent of students who score at or above proficient on annual assessments for biology.

(4) One point for each percent of students who complete a mathematics class beyond Algebra I/Integrated Math II with a passing grade.

(5) One point for each percent of students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina System on a nationally normed test of college readiness.

(6) One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.

School achievement points shall account for eighty percent (80%), and school growth points shall account for twenty percent (20%) of the total sum. The sum of points shall be converted to a 100-point scale. The school performance score shall be used to determine the school performance grade based on the following scale:

(1) At least 90 performance grade points for an overall school performance grade of A.

(2) At least 80 performance grade points for an overall school performance grade of B.

(3) At least 70 performance grade points for an overall school performance grade of C.

Using EVAAS, the State Board shall designate that a school has (i) met, (ii) failed to meet, or (iii) exceeded expected growth. The growth measure shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66."

"**§ 115C-325.2. Personnel files.**

(a) Maintenance of Personnel File. – The superintendent shall maintain in his or her office a personnel file for each teacher that contains any complaint, commendation, or suggestion for correction or improvement about the teacher's professional conduct, except that the superintendent may elect not to place in a teacher's file (i) a letter of complaint that contains invalid, irrelevant, outdated, or false information or (ii) a letter of complaint when there is no documentation of an attempt to resolve the issue. The complaint, commendation, or suggestion shall be signed by the person who makes it and shall be placed in the teacher's file only after five days' notice to the teacher. Any denial or explanation relating to such complaint, commendation, or suggestion that the teacher desires to make shall be placed in the file. Any teacher may petition the local board of education to remove any information from the teacher's personnel file that the teacher deems invalid, irrelevant, or outdated. The board may order the superintendent to remove said information if it finds the information is invalid, irrelevant, or outdated.

(b) Inspection of Personnel Files. – The personnel file shall be open for the teacher's inspection at all reasonable times but shall be open to other persons only in accordance with such rules and regulations as the board adopts. Any preemployment data or other information obtained about a teacher before the teacher's employment by the board may be kept in a file separate from the teacher's personnel file and need not be made available to the teacher. No data placed in the preemployment file may be introduced as evidence at a hearing on the dismissal or demotion of a teacher, except the data may be used to substantiate G.S. 115C-325.4(a)(7) or G.S. 115C-325.4(a)(14) as grounds for dismissal or demotion.

"**§ 115C-325.3. Teacher contracts.**

(a) Length of Contract. – A contract between the local board of education and a teacher who has been employed by the local board of education for less than three years shall be for a term of one school year. (b) Superintendent Recommendation to Local Board. – Local boards of education shall employ teachers upon the recommendation of the superintendent. If a superintendent intends to recommend to the local board of education that a teacher be offered a new or renewed contract, the superintendent shall submit the recommendation to the local board for action and shall include in the recommendation the length of the term of contract. A superintendent shall only recommend a teacher for a contract of a term longer than one school year if the teacher has shown effectiveness as demonstrated by proficiency on the evaluation instrument. The local board may approve the superintendent's recommendation, may decide not to offer the teacher a

new or renewed contract, or may decide to offer the teacher a renewed contract for a different term than recommended by the superintendent.

(c) Dismissal During Term of Contract. – A teacher shall not be dismissed or demoted during the term of the contract except for the grounds and by the procedure set forth in G.S. 115C-325.4.

(e) Right to Petition for Hearing. – A teacher shall have the right to petition the local board of education for a hearing no later than 10 days after receiving written notice. The local board may, in its discretion, grant a hearing regarding the superintendent's recommendation for nonrenewal. The local board of education shall notify the teacher making the petition of its decision whether to grant a hearing. If the request for a hearing is granted, the local board shall conduct a hearing pursuant to the provisions of G.S. 115C-45(c) and make a final decision on whether to offer the teacher a renewed contract. The board shall notify a teacher whose contract will not be renewed for the next school year of its decision by June 15; provided, however, if a teacher submits a request for a hearing, the board shall provide the nonrenewal notification within 10 days of the hearing or such later date upon the written consent of the superintendent and teacher. A decision not to offer a teacher a renewed contract shall not be arbitrary, capricious, discriminatory, for personal or political reasons, or on any basis prohibited by State or federal law.

(f) Failure to Offer Contract or Notify on Nonrenewal of Contract. – If a teacher fails to receive a contract offer but does not receive written notification from the superintendent of a recommendation of nonrenewal, and the teacher continues to teach in the local school administrative unit without entering into a contract with the local board, upon discovery of the absence of contract, the board by majority vote shall do one of the following:

(1) Offer the teacher a one–year contract expiring no later than June 30 of the current school year.

(2) Dismiss the teacher and provide the teacher with the equivalent of one additional month's pay. A teacher dismissed as provided in this section shall be considered an at-will employee and shall not be entitled to a hearing or appeal of the dismissal.

(g) Local boards of education and teachers employed by the local board may mutually modify the terms of the contract to permit part-time employment. An individual that mutually modifies a full-time contract to permit part-time employment or enters into a part-time contract is not a teacher as defined in G.S. 115C-325.1(5).

"**§ 115C-325.4. Dismissal or demotion for cause.**

(a) Grounds. – No teacher shall be dismissed, demoted, or reduced to employment on a part-time basis for disciplinary reasons during the term of the contract except for one or more of the following:

(1) Inadequate performance. In determining whether the professional performance of a teacher is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance with the published policy of the employing local school administrative unit and to any published standards of performance which shall have been adopted by the board. Inadequate performance for a teacher shall mean (i) the failure to perform at a proficient level on any standard of the evaluation instrument or (ii) otherwise performing in a manner that is below standard.

(2) Immorality.

(3) Insubordination.

(4) Neglect of duty.

(5) Physical or mental incapacity.
(6) Habitual or excessive use of alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes.
(7) Conviction of a felony or a crime involving moral turpitude.
(8) Advocating the overthrow of the government of the United States or of the State of North Carolina by force, violence, or other unlawful means.
(9) Failure to fulfill the duties and responsibilities imposed upon teachers or school administrators by the General Statutes of this State.
(10) Failure to comply with such reasonable requirements as the board may prescribe.
(11) Any cause which constitutes grounds for the revocation of the teacher's teaching license or the school administrator's administrator license.
(12) Failure to maintain his or her license in a current status.
(13) Failure to repay money owed to the State in accordance with the provisions of Article 60 of Chapter 143 of the General Statutes.
(14) Providing false information or knowingly omitting a material fact on an application for employment or in response to a preemployment inquiry.
(15) A justifiable decrease in the number of positions due to district reorganization, decreased enrollment, or decreased funding.

(b) Dismissal Procedure. – The procedures provided in G.S. 115C-325.6 shall be followed for dismissals, demotions, or reductions to part-time employment for disciplinary reasons for any reason specified in subsection (a) of this section.

"**§ 115C-325.5. Teacher suspension.**

(a) Immediate Suspension Without Pay. – If a superintendent believes that cause exists for dismissing a teacher for any reason specified in G.S. 115C-325.4 and that immediate suspension of the teacher is necessary, the superintendent may suspend the teacher without pay. Before suspending a teacher without pay, the superintendent shall meet with the teacher and give him or her written notice of the charges against the teacher, an explanation of the basis for the charges, and an opportunity to respond. Within five days after a suspension under this subsection, the superintendent shall initiate a dismissal, demotion, or disciplinary suspension without pay as provided in this section. If it is finally determined that no grounds for dismissal, demotion, or disciplinary suspension without pay exist, the teacher shall be reinstated immediately, shall be paid for the period of suspension, and all records of the suspension shall be removed from the teacher's personnel file.

(b) Disciplinary Suspension Without Pay. – A teacher recommended for disciplinary suspension without pay may request a hearing before the board. The hearing shall be conducted as provided in G.S. 115C-325.7. If no request is made within 15 days, the superintendent may file his or her recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such suspension.

(c) Suspension With Pay. – If a superintendent believes that cause may exist for dismissing or demoting a teacher for any reasons specified in G.S. 115C-325.4 but that additional investigation of the facts is necessary and circumstances are such that the teacher should be removed immediately from the teacher's duties, the superintendent may suspend the teacher with pay for a reasonable period of time, not to exceed 90 days. The superintendent shall notify the board of education within two days of the superintendent's action and shall notify the teacher within two days of the action and the reasons for it. If the superintendent has not initiated dismissal or demotion proceedings against the teacher within the 90-day period, the teacher shall be reinstated to the teacher's duties immediately, and all records of the suspension with pay shall be removed from the teacher's personnel file at the teacher's request.

However, if the superintendent and the teacher agree to extend the 90-day period, the superintendent may initiate dismissal or demotion proceedings against the teacher at any time during the period of the extension.

"**§ 115C-325.6. Procedure for dismissal or demotion of a teacher for cause.**

(a) Recommendation of Dismissal or Demotion. – A teacher may not be dismissed, demoted, or reduced to part-time employment for disciplinary reasons during the term of the contract except upon the superintendent's recommendation based on one or more of the grounds in G.S. 115C-325.4.

(b) Notice of Recommendation. – Before recommending to a board the dismissal or demotion of a teacher, the superintendent shall give written notice to the teacher by certified mail or personal delivery of the superintendent's intention to make such recommendation and shall set forth as part of the superintendent's recommendation the grounds upon which he or she believes such dismissal or demotion is justified. The superintendent also shall meet with the teacher and provide written notice of the charges against the teacher, an explanation of the basis for the charges, and an opportunity to respond if the teacher has not done so under G.S. 115C-325.5(a). The notice shall include a statement to the effect that the teacher, within 14 days after the date of receipt of the notice, may request a hearing before the board on the superintendent's recommendation. A copy of Part 3 of Article 22 of Chapter 115C of the General Statutes shall also be sent to the teacher.

(c) Request for Hearing. – Within 14 days after receipt of the notice of recommendation, the teacher may file with the superintendent a written request for a hearing before the board on the superintendent's recommendation. The superintendent shall submit his or her recommendation to the board. Within five days after receiving the superintendent's recommendation and before taking any formal action, the board shall set a time and place for the hearing and shall notify the teacher by certified mail or personal delivery of the date, time, and place of the hearing. The time specified shall not be less than 10 nor more than 30 days after the board has notified the teacher, unless both parties agree to an extension. The hearing shall be conducted as provided in G.S. 115C-325.7.

(d) No Request for Hearing. – If the teacher does not request a hearing before the board within the 14 days provided, the superintendent may submit his or her recommendation to the board. The board, if it sees fit, may by resolution (i) reject the superintendent's recommendation or (ii) accept or modify the superintendent's recommendation and dismiss, demote, reinstate, or suspend the teacher without pay.

"**§ 115C-325.7. Hearing before board.**

(a) The following procedures shall apply for a board hearing for dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay:

(1) The hearing shall be private.

(2) The hearing shall be conducted in accordance with reasonable rules adopted by the State Board of Education to govern such hearings.

(3) At the hearing, the teacher and the superintendent shall have the right to be present and to be heard, to be represented by counsel, and to present through witnesses any competent testimony relevant to the issue of whether grounds exist for a dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay.

(4) Rules of evidence shall not apply to a hearing under this subsection, and the board may give probative effect to evidence that is of a kind commonly relied on by reasonably prudent persons in the conduct of serious affairs.

(5) At least five days before the hearing, the superintendent shall provide to the teacher a list of witnesses the superintendent intends to present, a brief

statement of the nature of the testimony of each witness, and a copy of any documentary evidence the superintendent intends to present.

(6) At least three days before the hearing, the teacher shall provide the superintendent a list of witnesses the teacher intends to present, a brief statement of the nature of the testimony of each witness, and a copy of any documentary evidence the teacher intends to present.

(7) No new evidence may be presented at the hearing except upon a finding by the board that the new evidence is critical to the matter at issue and the party making the request could not, with reasonable diligence, have discovered and produced the evidence according to the schedule provided in this section.

(8) The board may subpoena and swear witnesses and may require them to give testimony and to produce records and documents relevant to the grounds for dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay.

(9) The board shall decide all procedural issues, including limiting cumulative evidence, necessary for a fair and efficient hearing.

(10) The superintendent shall provide for making a transcript of the hearing. The teacher may request and shall receive at no charge a transcript of the proceedings.

"**§ 115C-325.8. Right of appeal.**

(a) A teacher who (i) has been dismissed, demoted, or reduced to employment on a part-time basis for disciplinary reasons during the term of the contract as provided in G.S. 115C-325.4, or has received a disciplinary suspension without pay as provided in G.S. 115C-325.5, and (ii) requested a hearing before the local board of education, shall have a further right of appeal from the final decision of the local board of education to the superior court of the State on one or more of the following grounds that the decision:

(1) Is in violation of constitutional provisions.

(2) Is in excess of the statutory authority or jurisdiction of the board.

(3) Was made upon unlawful procedure.

(4) Is affected by other error of law.

(5) Is unsupported by substantial evidence in view of the entire record as submitted.

(6) Is arbitrary or capricious.

(b) An appeal pursuant to this section must be filed within 30 days of notification of the final decision of the local board of education and shall be decided on the administrative record. The superior court shall have authority to affirm or reverse the local board's decision or remand the matter to the local board of education. The superior court shall not have authority to award monetary damages or to direct the local board of education to enter into an employment contract of more than one year, ending June 30.

"**§ 115C-325.9. Teacher resignation.**

(a) Teacher Resignation Following Recommendation for Dismissal. – If a teacher has been recommended for dismissal under G.S. 115C-325.4 and the teacher chooses to resign without the written agreement of the superintendent, then:

(1) The superintendent shall report the matter to the State Board of Education.

(2) The teacher shall be deemed to have consented to (i) the placement in the teacher's personnel file of the written notice of the superintendent's intention to recommend dismissal and (ii) the release of the fact that the superintendent has reported this teacher to the State Board of Education to prospective employers, upon request. The provisions of G.S. 115C-321 shall not apply to the release of this particular information.

(3) The teacher shall be deemed to have voluntarily surrendered his or her license pending an investigation by the State Board of Education in a determination whether or not to seek action against the teacher's license. This license surrender shall not exceed 45 days from the date of resignation. Provided further that the cessation of the license surrender shall not prevent the State Board of Education from taking any further action it deems appropriate. The State Board of Education shall initiate investigation within five working days of the written notice from the superintendent and shall make a final decision as to whether to revoke or suspend the teacher's license within 45 days from the date of resignation.

(b) Thirty Days' Notice Resignation Requirement. – A teacher who is not recommended for dismissal should not resign during the term of the contract without the consent of the superintendent unless he or she has given at least 30 days' notice. If a teacher who is not recommended for dismissal does resign during the term of the contract without giving at least 30 days' notice, the board may request that the State Board of Education revoke the teacher's license for the remainder of that school year. A copy of the request shall be placed in the teacher's personnel file.

"**§ 115C-325.10. Application to certain institutions.**

Notwithstanding any law or regulation to the contrary, this Part shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Public Instruction, and the Divisions of Juvenile Justice and Adult Correction of the Department of Public Safety, regardless of the age of the students.

"**§ 115C-325.11. Dismissal of school administrators and teachers employed in low-performing residential schools.**

(a) Notwithstanding any other provision of this section or any other law, this section shall govern the dismissal by the State Board of Education of teachers, principals, assistant principals, directors, supervisors, and other licensed personnel assigned to a residential school that the State Board has identified as low-performing and to which the State Board has assigned an assistance team. The State Board shall dismiss a teacher, principal, assistant principal, director, supervisor, or other licensed personnel when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher or school administrator.

(b) The State Board may dismiss a teacher, principal, assistant principal, director, supervisor, or other licensed personnel when:

(1) The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school.

(2) That assistance team makes the recommendation to dismiss the teacher, principal, assistant principal, director, supervisor, or other licensed personnel for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

Within 30 days of any dismissal under this subsection, a teacher, principal, assistant principal, director, supervisor, or other licensed personnel may request a hearing before a panel of three members designated by the State Board. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this subsection. Decisions of the panel may be appealed on the record to the State Board.

(c) Notwithstanding any other provision of this section or any other law, this subsection shall govern the dismissal by the State Board of licensed staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general

knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the licensed staff member.

Within 30 days of any dismissal under this subsection, a licensed staff member may request a hearing before a panel of three members designated by the State Board. The State Board shall adopt procedures to ensure that due process rights are afforded to licensed staff members recommended for dismissal under this subsection. Decisions of the panel may be appealed on the record to the State Board.

(d) The State Board or the superintendent of a residential school may terminate the contract of a school administrator dismissed under this section. Nothing in this section shall prevent the State Board from refusing to renew the contract of any person employed in a school identified as low-performing.

(e) Neither party to a school administrator or teacher contract is entitled to damages under this section.

(f) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

"**§ 115C-325.12. Procedure for dismissal of principals employed in low-performing schools.**

(a) Dismissal of Principals Assigned to Low-Performing Schools With Assistance Teams. – Notwithstanding any other provision of this Part or any other law, this section governs the State Board's dismissal of principals assigned to low-performing schools to which the State Board has assigned an assistance team.

(b) Authority of State Board to Dismiss Principal. – The State Board through its designee may, at any time, recommend the dismissal of any principal who is assigned to a low-performing school to which an assistance team has been assigned. The State Board through its designee shall recommend the dismissal of any principal when the State Board receives from the assistance team assigned to that principal's school two consecutive evaluations that include written findings and recommendations regarding the principal's inadequate performance.

(c) Procedures for Dismissal of Principal. –

(1) If the State Board through its designee recommends the dismissal of a principal under this section, the principal shall be suspended with pay pending a hearing before a panel of three members of the State Board. The purpose of this hearing, which shall be held within 60 days after the principal is suspended, is to determine whether the principal shall be dismissed.

(2) The panel shall order the dismissal of the principal if it determines from available information, including the findings of the assistance team, that the low performance of the school is due to the principal's inadequate performance.

(3) The panel may order the dismissal of the principal if (i) it determines that the school has not made satisfactory improvement after the State Board assigned an assistance team to that school and (ii) the assistance team makes the recommendation to dismiss the principal for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

(4) If the State Board or its designee recommends the dismissal of a principal before the assistance team assigned to the principal's school has evaluated that principal, the panel may order the dismissal of the principal if the panel determines from other available information that the low performance of the school is due to the principal's inadequate performance.

(5) In all hearings under this section, the burden of proof is on the principal to establish that the factors leading to the school's low performance were not

due to the principal's inadequate performance. In all hearings under this section, the burden of proof is on the State Board to establish that the school failed to make satisfactory improvement after an assistance team was assigned to the school and to establish one or more of the grounds established for dismissal or demotion of a teacher under G.S. 115C-325.4.

(6) In all hearings under this section, two consecutive evaluations that include written findings and recommendations regarding that principal's inadequate performance from the assistance team are substantial evidence of the inadequate performance of the principal.

(7) The State Board shall adopt procedures to ensure that due process rights are afforded to principals under this section. Decisions of the panel may be appealed on the record to the State Board.

(d) The State Board of Education or a local board may terminate the contract of a principal dismissed under this section.

(e) Neither party to a school administrator contract is entitled to damages under this section.

(f) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

"**§ 115C-325.13. Procedure for dismissal of teachers employed in low-performing schools.**

(a) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of teachers, assistant principals, directors, and supervisors assigned to schools that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Article 8B of this Chapter. The State Board shall dismiss a teacher, assistant principal, director, or supervisor when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher, assistant principal, director, or supervisor.

(b) The State Board may dismiss a teacher, assistant principal, director, or supervisor when:

(1) The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under G.S. 115C-105.38; and

(2) That assistance team makes the recommendation to dismiss the teacher, assistant principal, director, or supervisor for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion for cause.

A teacher, assistant principal, director, or supervisor may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(c) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of licensed staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the licensed staff member.

(d) A licensed staff member may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to licensed staff members

recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(e) The State Board of Education or a local board may terminate the contract of a teacher, assistant principal, director, or supervisor dismissed under this section.

(f) Neither party to a school administrator or teacher contract is entitled to damages under this section.

(g) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section."

SECTION 9.6.(c) G.S. 115C-45(c) reads as rewritten:

"(c) Appeals to Board of Education and to Superior Court. – An appeal shall lie to the local board of education from any final administrative decision in the following matters:

(1) The discipline of a student under G.S. 115C-390.7, 115C-390.10, or 115C-390.11;

(2) An alleged violation of a specified federal law, State law, State Board of Education policy, State rule, or local board policy, including policies regarding grade retention of students;

(3) The terms or conditions of employment or employment status of a school employee; and

(4) Any other decision that by statute specifically provides for a right of appeal to the local board of education and for which there is no other statutory appeal procedure.

As used in this subsection, the term "final administrative decision" means a decision of a school employee from which no further appeal to a school administrator is available.

The board of education may designate hearing panels composed of not less than two members of the board to hear and act upon such appeals in the name and on behalf of the board of education.

An appeal of right brought before a local board of education under subdivision (1), (2), ~~(3),~~ or (4) of this subsection may be further appealed to the superior court of the State on the grounds that the local board's decision is in violation of constitutional provisions, is in excess of the statutory authority or jurisdiction of the board, is made upon unlawful procedure, is affected by other error of law, is unsupported by substantial evidence in view of the entire record as submitted, or is arbitrary or capricious. ~~However, the right of a noncertified employee to appeal decisions of a local board under subdivision (3) of this subsection shall only apply to decisions concerning the dismissal, demotion, or suspension without pay of the noncertified employee. COUNTY DEPARTMENTS OF SOCIAL SERVICES TO ADMINISTER CHILD CARE SUBSIDY

SECTION 12B.2.(a) It is the intent of the General Assembly to streamline services at the local level. To that end, only a county department of social services shall administer child care subsidy funds. Any child care subsidy funds previously administered by a local North Carolina Partnership for Children, Inc., partnership shall be administered by the county department of social services. Expenditures for child care subsidy, including North Carolina Partnership for Children, Inc., child care subsidy funds, for fiscal years 2013-2014 and 2014-2015 shall not be less than the expenditures for child care subsidy for the 2012-2013 fiscal year. Any administrative savings the Department of Health and Human Services, Division of Child Development and Early Education, can identify based on the administration of child care subsidy by county departments of social services shall be allocated to child care subsidy.

SECTION 12B.2.(b) The Department of Health and Human Services, Division of Child Development and Early Education, shall report on the implementation of the requirements of subsection (a) of this section to the Joint Legislative Committee on Health and Human Services and the Fiscal Research Division no later than April 1, 2014.

CHILD CARE SUBSIDY RATES

SECTION 12B.3.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 12B.3.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%

SECTION 12B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying

parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 12B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 12B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 12B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for nonstar rated programs, such as religious programs.

SECTION 12B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 12B.3.(h) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 12B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 12B.3.(j) Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

CHILD CARE ALLOCATION FORMULA

SECTION 12B.4.(a) The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

(2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

(3) For fiscal years 2013-2014 and 2014-2015, the Division of Child Development and Early Education shall base the formula identified in subdivision (1) of this subsection on the same data source used for the 2012-2013 fiscal year.

(4) The Department of Health and Human Services shall allocate to counties all State funds appropriated for child care subsidy and shall not withhold funds during the 2013-2014 and 2014-2015 fiscal years.

SECTION 12B.4.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county.

CHILD CARE FUNDS MATCHING REQUIREMENTS

SECTION 12B.5. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of

child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-19.3(6).

CHILD CARE REVOLVING LOAN

SECTION 12B.6. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

SECTION 12B.7.(a) The Department of Health and Human Services, Division of Child Development and Early Education, shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.

SECTION 12B.8.(b) DCDEE shall report the results of the study to the Joint Legislative Committee on Health and Human Services, the Joint Legislative Education Oversight Committee, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division no later than April 1, 2014.

SECTION 12B.9.(a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall establish policies that focus the North Carolina Partnership for Children, Inc.'s mission on improving child care quality in North Carolina for children from birth to five

North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star rated facilities increase their star ratings and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

(1) Increase children's literacy.

(4) Assist four- and five-star rated facilities in improving and maintaining quality.

SECTION 12B.9.(b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall develop a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships shall be required to participate in the contract management system and shall be directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 12B.9.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 12B.9.(d) Match Requirements. – It is the intent of the General Assembly to continue to increase the percentage of the match of cash and in-kind contributions required of the North Carolina Partnership for Children, Inc., and the local partnerships. The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least eleven percent (11%), and in-kind donated resources shall be equal to no more than three percent (3%) for a total match requirement of fourteen percent (14%) for the 2013-2014 fiscal year; and contributions of cash shall be equal to at least eleven percent (11%), and in-kind donated resources shall be equal to no more than four percent (4%) for a total match requirement of fifteen percent (15%) for the 2014-2015 fiscal year. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only

in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships, also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor's records.
(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
(3) Not include expenses funded by State funds.

(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.

BERNARD ALLEN MEMORIAL EMERGENCY DRINKING WATER FUND

SECTION 14.14. G.S. 87-98 reads as rewritten:

"**§ 87-98. Bernard Allen Memorial Emergency Drinking Water Fund.**

(a) The Bernard Allen Memorial Emergency Drinking Water Fund is established under the control and direction of the Department. The Fund shall be a nonreverting, interest-bearing fund consisting of monies appropriated by the General Assembly or made available to the Fund from any other source and investment interest credited to the Fund.

(b) The Fund may be used to pay ~~for notification,~~for:

(1) Notification, to the extent practicable, of persons aged 18 and older who reside in any dwelling unit, and the senior official in charge of any business, at which drinking water is supplied from a private drinking water well or improved spring that is located within 1,500 feet of, and at risk from, known groundwater contamination. The senior official in charge of the business shall take reasonable measures to notify all employees of the business of the groundwater contamination, including posting a notice of the contamination in a form and at a location that is readily accessible to the employees of the business. ~~The Fund may also be used by the Department to pay the~~

(2) The costs of testing of private drinking water wells and improved springs for suspected contamination up to once every three years upon request by a person who uses the ~~well and for the~~ well, or more frequent testing if the concentration of one or more contaminants in a private drinking water well is increasing over time and there is a significant risk that the concentration of a contaminant will exceed the drinking water action levels set forth in subsection (c) of this section within a three-year period.

(3) Additional testing to confirm the results of a previous test.

(4) The temporary or permanent provision of alternative drinking water supplies to persons whose drinking water well or improved spring is contaminated. Under this ~~subsection,~~section, an alternative drinking water supply includes the repair, such as use of a filtration system, or replacement of a contaminated well or the connection to a public water supply.

(5) Monitoring of filtration systems used in connection with temporary or permanent alternative drinking water supplies provided pursuant to this section.

(c) The Department shall disburse monies from the Fund based on financial need and on the risk to public health posed by groundwater contamination and shall give priority to the provision of services under this section to instances when an alternative source of funds is not available. The Fund shall not be used to provide alternative water supply to households with incomes greater than three hundred percent (300%) of the current federal poverty level. The Fund may be used to provide alternative drinking water supplies if the Department determines that the concentration of one or more contaminants in the private drinking water well or improved spring exceeds the federal maximum contaminant level, or the federal drinking water action level as defined in 40 Code of Federal Regulations § 141.1 through § 141.571 (1 July 2007) and 40 Code of Federal Regulations § 143.3 (1 July 2007). For a contaminant for which a federal maximum contaminant level or drinking water action level has not been established, the State groundwater standard established by the Environmental Management Commission for the concentration of that contaminant shall be used to determine whether the Fund may be used to provide alternative drinking water supplies. The Fund may also be used to provide alternative drinking water supplies as provided in this section if the Department determines that the concentration of one or more contaminants in a private drinking water well is increasing over time and that there is a significant risk that the concentration of a contaminant will exceed the federal maximum contaminant level or drinking water action level, or the State groundwater standard. A determination of the concentration of a contaminant shall be based on a sample of water collected from the private drinking water well within the past 12 months.

(c1) In disbursing monies from the Fund, the Department shall give preference to provision of permanent replacement water supplies by connection to public water supplies and repair or replacement of contaminated wells over the provision of temporary water supplies. In providing alternative drinking water supplies, the Department shall give preference to connection to a public water supply system or to construction of a new private drinking water well over the use of a filtration system if the Department determines that the costs of periodic required maintenance of the filtration system would be cost-prohibitive for users of the alternative drinking water supply.

(c2) If the Department provides an alternative drinking water supply by extension of a waterline, the Department may disburse from the Fund no more than ~~ten~~ fifty thousand dollars ~~($10,000)~~($50,000) per household or other service connection. For projects where more than 10 residences are eligible for alternative water supplies under this section, no ~~No~~ more than one-third of the total cost of the project may be paid from the Fund. The Department may combine monies from the Fund with monies from other sources in order to pay the total cost of the project.

(c3) The Fund shall be used to provide alternative drinking water supplies only if the Department determines that the person or persons who are responsible for the contamination of the private drinking water well is or are not financially viable or cannot be identified or located and if the Department determines that one of the following applies:

(1) The contamination of the private drinking water well is naturally occurring.

(2) The owner of the property on which the private drinking water well is located did not cause or contribute to the contamination or control the source of the contamination.

(3) The source of the contamination is the application or disposal of a hazardous substance or pesticide that occurred without the consent of the owner of the property on which the private drinking water well is located.

(c4) The Department may use up to one hundred thousand dollars ($100,000) annually of the monies in the Fund to pay the personnel and other direct costs associated with the implementation of this section.

(c5) The Fund shall not be used for remediation of groundwater contamination.

(c6) Nothing in this section expands, contracts, or modifies the obligation of responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this Article, or Article 21A of this Chapter to assess contamination, identify receptors, or remediate groundwater or soil contamination.

(c7) In disbursing monies from the Fund for replacement water supplies, the Department shall give priority to circumstances in which a well is contaminated as the result of nonnaturally occurring groundwater contamination in the area over circumstances in which a well has naturally occurring contamination.

(d) The Department shall establish criteria by which the Department is to evaluate applications and disburse monies from this Fund and may adopt any rules necessary to implement this section.

(e) The Department, in consultation with the Commission for Public Health and local health departments, shall report no later than ~~1 October~~October 1 of each year to the Environmental Review Commission, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division on the implementation of this section. The report shall include the purpose and amount of all expenditures from the Fund during the prior fiscal year, a discussion of the benefits and deficiencies realized as a result of the section, and may also include recommendations for any legislative action."

Underground Storage Tank Cleanup Fund (Fund) and ways to improve the solvency of the Fund. The study shall consider all of the following:

(1) The usual, average, historic costs of various phases of assessment and cleanup of noncommercial UST releases in order to determine areas of potential costs savings.

(2) The feasibility of determining levels of soil and groundwater contamination at noncommercial UST releases earlier in the assessment and cleanup process in order to identify lower risks sites and limit reimbursement of costs of initial abatement actions.

(3) The feasibility of assigning risk to noncommercial UST releases earlier in the assessment and cleanup process in order to limit reimbursement of costs of initial abatement actions.

(4) The feasibility of partial cleanup at lower priority noncommercial UST releases.

(5) The feasibility of issuing notices similar to the Notices of No Further Action for partially cleaned up, stabilized, lower priority noncommercial UST sites in order to facilitate property transfers.

(6) Methods to strengthen liability protections for buyers and lenders of residential properties that have known noncommercial UST releases in order to facilitate property transfers.

(8) Methods to increase the participation of noncommercial UST owners in the costs of assessments and cleanups.

(9) Any other matter the Department deems relevant to improve the solvency of the Fund.

SECTION 14.15.(c) The Department shall report its findings and recommendations, including any legislative proposals, to the Environmental Review Commission, the Senate Appropriations Committee on Natural and Economic Resources, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, and the Fiscal Research Division no later than April 1, 2014.

The Commission shall furnish application forms and shall prescribe the information contained in the application form. The application shall be signed by the owner of the vessel or the owner's agent and shall be accompanied by a ~~fee. The fee is fifteen dollars ($15.00) for a one-year period or forty dollars ($40.00) for a three-year period.~~fee, as set out in subsection (a1) of this section. The fee does not apply to vessels owned and operated by nonprofit rescue squads if they are operated exclusively for rescue purposes, including rescue training. The owner shall have the option of selecting a one-year numbering period or a three-year numbering period. Upon receipt of the application in approved form, the Commission shall enter the application in its records and issue the owner a certificate of number stating the identification number awarded to the vessel and the name and address of the owner, and a validation decal indicating the expiration date of the certificate of number. The owner shall paint on or attach to each side of the bow of the vessel the identification number in such manner as may be prescribed by rules of the Commission in order that it may be clearly visible. The identification number shall be maintained in legible condition. The validation decal shall be displayed on the starboard bow of the vessel immediately following the number. The certificate of number shall be pocket size and shall be available for inspection on the vessel for which the certificate is issued at all times the vessel is in operation. Any person charged with failing to so carry a certificate of number shall not be convicted if the person produces in court a certificate of number previously issued to the owner that was valid at the time of the alleged violation.

(a1) Fees. – The fees for certificates of number are as set out in this subsection:

(1) The fee for a certificate of number for a one-year period is:

a. Twenty-five dollars ($25.00) for a vessel that is less than 26 feet in length.

b. Fifty dollars ($50.00) for a vessel that is 26 feet or more in length.

(2) The fee for a certificate of number for a three-year period is:

a. Seventy-five dollars ($75.00) for a vessel that is less than 26 feet in length.

b. One hundred fifty dollars ($150.00) for a vessel that is 26 feet or more in length.

(b) Reciprocity. – The owner of any vessel already covered by a number in full force and effect pursuant to federal law or a federally approved numbering system of another state shall record the identification number prior to operating the vessel on the waters of this State in excess of the 90-day reciprocity period provided for in G.S. 75A-7(a)(1). The recordation shall be made pursuant to subsection (a) of this section, except that no additional or substitute identification number shall be issued.

(c) Change of Ownership. – Should the ownership of a vessel change, a new application form with a fee in the amount set in subsection ~~(a)~~(a1) of this section shall be filed with the Commission and a new certificate bearing the same identification number shall be awarded to the new owner in the same manner as an original certificate of number. Possession of the certificate shall in cases involving prosecution for violation of any provision of this Chapter be prima facie evidence that the person whose name appears on the certificate is the owner of the vessel referred to on the certificate.

(d) Conformity With Federal Regulations. – In the event that an agency of the federal government shall have in force an over-all system of identification numbering for vessels within the United States, the numbering system employed pursuant to this Chapter by the Commission shall be in conformity therewith.

(e) Repealed by Session Laws 2006-185, s. 1.

No person shall willfully remove a validation decal from any vessel during the continuance of its validity or alter, counterfeit, or otherwise tamper with a validation decal attached to any vessel for the purpose of changing or obscuring the indicated date of expiration of the certificate of number of the vessel.

(h) Renewal of Certificates. – An owner of a vessel awarded a certificate of number pursuant to this Chapter shall renew the certificate on or before the first day of the month after which the certificate expires; otherwise, the certificate shall lapse and be void until such time as it may thereafter be renewed. Application for renewal shall be submitted on a form approved by the Commission and shall be accompanied by a fee in the amount set in subsection ~~(a)~~(a1) of this section. ~~No fee is required for a period of one year for renewal of certificates of number that have been previously issued to commercial fishing vessels as defined in G.S. 75A-5.1, upon compliance with all of the requirements of that section.~~

A transfer of partial interest in a vessel shall not affect the owner's right to operate the vessel, nor shall a transfer of partial interest in a vessel terminate the certificate of number.

(i1) Destroyed or Junked Vessels. – The owner of any destroyed or junked vessel shall furnish the Commission notice of the destruction or junking of that vessel within 15 days of its occurrence. Destruction or junking terminates the certificate of number and renders the hull identification number invalid for that vessel.

(i2) Abandonment. – A person may acquire ownership of an abandoned vessel by providing proof to the Commission that the lawful owner has actually abandoned the vessel. The Commission shall adopt rules by which a person seeking to acquire ownership may demonstrate that the vessel is actually abandoned. (j) Change of Address. – Whenever any person, after applying for or obtaining the certificate of number of a vessel, moves from the address shown in the application or upon the certificate of number, that person shall notify the Commission of the change of address within 30 days of moving in a form acceptable to the Commission.

(j1) Duplicate Certificates. – The Commission shall issue a duplicate certificate of number for a vessel upon application by the person entitled to hold the certificate, if the Commission is satisfied that the original certificate of number has been lost, stolen, mutilated, or destroyed, or has become illegible. The Commission shall charge a fee of five dollars ($5.00) for issuance of each duplicate certificate.

(k) Display. – No number other than the identification number set forth in the certificate of number or granted reciprocity pursuant to this Chapter shall be painted, attached, or otherwise displayed on either side of the bow of a vessel, except the validation decal required by subsection (a) of this section.

(l) Repealed by Session Laws 2006-185, s. 1."

If the ownership of any such vessel is transferred from one governmental entity to another or to a nonprofit rescue squad or if a vessel owned by a nonprofit rescue squad is transferred to another nonprofit rescue squad or governmental entity, the Commission shall issue a new permanent certificate of number, displaying the same identification number, without charge to the successor entity. When any such vessel is sold to a private owner or is otherwise transferred to private ownership, the applicable certificate of number shall be deemed to have expired immediately prior to the transfer. Prior to further use on the waters of this State, the new owner shall obtain a certificate of number pursuant to the provisions of this Chapter. NORTH CAROLINA BIOTECHNOLOGY CENTER/EXAMINE CENTER OPERATIONS

SECTION 15.32.(a) The Board of Directors (hereinafter "Board") of the North Carolina Biotechnology Center (hereinafter "Center") shall review and examine each aspect of the Center's operations to determine ways in which efficiencies and cost savings can be achieved. The review required by this section shall include evaluating:

(1) The activities conducted at the Center's headquarters in Research Triangle Park to determine how each and every activity is necessary to achieve the

goals for which State funds are appropriated. Any unnecessary or duplicative activities shall be reduced or eliminated.

(2) The activities conducted at the Center's regional offices and how those activities can be consolidated and performed in fewer locations.

(3) Staffing requirements at the Center's headquarters and at the regional offices to determine whether some staff positions are duplicated and, if so, whether those duplications can be reduced or eliminated.

(4) Whether State funds would be better used to provide additional grants and loans rather than to support current staffing levels and whether reducing current staffing levels to increase the amount of funds available for grants and loans would provide a positive return on investment. The Center shall determine the appropriate percentage of State funds that should be disbursed for grants, loans, and staff to maximize the return on State funds appropriated to the Center.

(5) The administration of grant and loan programs funded in any way with State funds to ensure that the programs are conducted in a cost-efficient manner.

(6) Any and all cash balances on hand to determine ways in which those cash balances can be used quickly to make grants and loans.

However, State funds shall not be allocated to a project in excess of the maximum amount of State funds authorized to be allocated to the project under subsection (a) of this section. If any projects funded under subsection (a) of this section are delayed and the budgeted State funds cannot be used during the 2013-2015 fiscal biennium, or if the projects funded under subsection (a) of this section are accomplished at a lower cost, the Department may use the resulting fund availability to fund any of the following:

(1) Future project feasibility studies.

(2) Survey, testing, and permitting.

(3) Planning and execution for reversion of facilities no longer in use.

SECTION 36.11.(d) No later than June 1, 2015, and every two years thereafter, the Department shall report on the use of these funds to the Joint Legislative Commission on Governmental Operations, the Fiscal Research Division, and the Office of State Budget and Management. Each report shall include all of the following:

(1) The status of all projects listed in this section.
(2) The estimated total cost of each project.
(3) The date that work on each project began or is expected to begin.
(4) The date that work on each project was completed or is expected to be completed.
(5) The actual cost of each project, including federal matching funds.
(6) Facilities planned for closure or reversion.
(7) A list of projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

SECTION 36.11.(e) Chapter 127A of the General Statutes is amended by adding a new Article to read:

"Article 17.

(c) Project Priorities and Funding Recommendations. – The Department shall assign a priority to each project within each of the two categories listed under subsection (b) of this section, either by giving the project a number with "1" assigned to the highest priority, or by recommending no funding. The Department shall state its reasons for recommending the funding, deferral, or elimination of a project. The Department shall determine the priority of a project based on the following criteria: federal requirements, a project's proximity to transportation infrastructure and other critical State and federal assets, and a project's ability to further the mission of the National Guard.

(d) Distribution of the Plan. – The Director of the Budget shall provide copies of the plan to the General Assembly along with the recommended biennial budget and the recommended revised budget for the second year of the biennium.

SECTION 36.11.(f) G.S. 127A-169 reads as rewritten:

"**§ 127A-169. Unexpended portion of State appropriation.**

The unexpended portion of any appropriation from the General Fund of the State for the purposes set out in this ~~Article,~~Article, or in Article 17 of this Chapter, remaining at the end of any biennium, shall not revert to the General Fund of the State, but shall constitute part of a permanent fund to be expended from time to time in the manner and for the purposes set out in this Article."

If the one hundred million dollar ($100,000,000) maximum principal amount of bonds and notes authorized by this section shall be in excess of two-thirds of the amount by which the State's outstanding indebtedness shall have been reduced during the biennium ended June 30, 2013, then the maximum amount of bonds and notes authorized in this section is reduced by such excess.

The proceeds of bonds and notes shall be expended and disbursed under the direction and supervision of the Director of the Budget. The funds provided by this section shall be disbursed for the purposes provided in this section upon warrants drawn on the State Treasurer by the State Controller,

SECTION 36.12.(f) Allocation of Proceeds. – The proceeds of bonds and notes shall be allocated to the Reserve for Repairs and Renovations and reallocated and expended pursuant to Section 36.5 of this act.

SECTION 36.12.(g) Issuance of Bonds and Notes. –

(1) Terms and conditions. – Bonds or notes may bear a date or dates, may be serial or term bonds or notes, or any combination thereof, may mature in such amounts and at such time or times, not exceeding 40 years from their date or dates, may be payable at such place or places, either within or without the United States of America, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, may bear interest at such rate or rates, which may vary from time to time, and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices, including a price less than or greater than the face amount of the bonds or notes, and under such terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(2) Signatures; form and denomination; registration. – Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or shall bear the Governor's facsimile signature, shall be signed by the State Treasurer or shall bear the State Treasurer's facsimile signature, and shall bear the Great Seal of the State, or a facsimile of the Seal shall be impressed or imprinted thereon. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on bonds or notes cease to be such officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery. Bonds or notes may bear the facsimile signatures of persons who at the actual time of the execution of the bonds or notes shall be the proper officers to sign any bond or note, although at the date of the bond or note, such persons may not have been such officers. The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as the State Treasurer may determine in conformity with this section.

(3) Manner of sale; expenses. – Subject to the approval by the Council of State as to the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of

purchase or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than or greater than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(4) Notes; repayment. –

a. By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money and to execute and issue notes of the State for the same, but only in the following circumstances and under the following conditions:

1. For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds;
2. For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due;
3. For the renewal of any loan evidenced by notes authorized in this section;
4. For the purposes authorized in this section; and
5. For refunding bonds or notes as authorized in this section.

b. Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this section. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(5) Refunding bonds and notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this section. The refunding bonds and notes may be combined with any other issues of State bonds and notes similarly secured. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the bonds or notes being refunded or, if not required for the immediate payment of the bonds or notes being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the bonds or notes being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) obligations of any agency or instrumentality of the United States government if the timely payment of principal and interest on the obligations is unconditionally guaranteed by the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market

value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of bonds or notes being refunded but that have not matured and are not presently redeemable or, if presently redeemable, have not been called for redemption.

(6) Tax exemption. – Bonds and notes shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance or gift taxes, income taxes on the gain from the transfer of bonds or notes, and franchise taxes. The interest on bonds or notes is not subject to taxation as income.

(7) Investment eligibility. – Bonds and notes are securities in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees, and other fiduciaries. Bonds and notes are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(8) Faith and credit. – The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. The State expressly reserves the right to amend any provision of this section to the extent it does not impair any contractual right of a bond owner.

(9) Other agreements. – The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, interest-rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with issuance, incurrence, carrying, or securing of bonds or notes. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, and bond attorneys to be associated with any bond or note issue under this section as the State Treasurer considers necessary.

SECTION 36.12.(h) Variable Rate Demand Bonds and Notes. – In fixing the details of bonds and notes, the State Treasurer may provide that any of the bonds or notes may:

(1) Be made payable from time to time on demand or tender for purchase by the owner, if a credit facility supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;

(2) Be additionally supported by a credit facility;

(3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;

(4) Bear interest at a rate or rates that may vary for any period of time, as may be provided in the proceedings providing for the issuance of the bonds or

notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and

(5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of bonds or notes secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

SECTION 36.12.(i) Interpretation of Section. –

(1) Additional method. – The foregoing sections of this section shall be deemed to provide an additional and alternative method for the doing of the things authorized under it and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing.

(2) Statutory references. – References in this section to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to such sections, Chapters, or acts as they may be amended from time to time by the General Assembly.

(3) Broad construction. – This section, being necessary for the health and welfare of the people of the State, shall be broadly construed to effect the purposes thereof.

(4) Inconsistent provisions. – Insofar as the provisions of this section are inconsistent with the provisions of any general, special, or local laws, or parts thereof, the provisions of this section shall be controlling.

(5) Severability. – If any provision of this section or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application, and to this end the provisions of this section are declared to be severable.

SECTION 36.12.(j) Effective Date. – This section is effective when it becomes law.

Legislative Changes				
A. Technical Adjustments				
1 Average Daily Membership (ADM) Revises projected ADM to reflect 6,642 more students than originally projected in FY 2013-14 and 6,636 more students than originally projected in FY 2014-15. This adjustment includes revisions to all position, dollar, and categorical allotments. Total revised allotted ADM for FY 2013-14 is 1,509,985, an increase of 17,192 students over FY 2012-13. Total revised allotted ADM for FY 2014-15 is 1,526,591, an increase of 16,606 students over FY 2013-14.	$11,776,341	R	$12,316,344	R
2 Average Salaries for Certified Personnel Revises budgeted funding for certified personnel salaries based on actual salary data from December 2012. The adjustment does not reduce any salary paid to certified personnel, nor does it reduce the number of guaranteed State-funded teachers, administrators, or instructional support personnel.	($11,873,083)	R	($11,980,756)	R
3 Civil Penalties Increases budgeted receipts from Civil Penalties and takes a corresponding General Fund reduction to reflect one-time transfers from the Department of Transportation in FY 2012-13. These funds are used to support State Public School Fund requirements.	($25,950,674)	NR		
4 Small County Supplemental Funding Adjusts this supplemental allotment for small counties to align funding availability with actual school district eligibility. This adjustment will not reduce funding to eligible districts. $44.0 million will be available in this allotment in FY 2013-14 and FY 2014-15.	($1,555,885)	R	($1,555,885)	R
5 Sales Tax Receipts Transfer to State Public School Fund Increases the annual transfer from the Department of Revenue (DOR) to the State Public School Fund based on projected growth in State sales tax proceeds. This transfer was initiated in S.L. 2005-276 in lieu of a State sales tax refund to local school administrative units (LEAs). Funds from the DOR transfer are used to support State Public School Fund requirements. The total DOR transfer will be $51.3 million in FY 2013-14; $52.8 million in FY 2014-15.	($5,025,426)	R	($6,553,965)	R

	FY 13-14		FY 14-15	
6 Low Wealth Supplemental Funding Adjusts the supplemental allotment for school districts in low wealth communities to align funding availability with actual school district eligibility. This adjustment will not reduce funding to eligible districts. In addition, Section 8.3 of this act adjusts the Low Wealth formula to modify the income eligibility criteria of certain districts with a significant military presence. $212.5 million will be available in this allotment in FY 2013-14 and FY 2014-15.	($14,945,402)	R	($14,945,402)	R
B. Elimination of the LEA Adjustment				
7 LEA Adjustment Elimination Eliminates the LEA Adjustment completely. The elimination is accomplished by: 1) providing additional General Fund support to lower the recurring amount of the Adjustment, and, 2) reducing specific allotments in approximately the same proportion as school districts have done the last two years in implementing the Adjustment.	$376,124,279	R	$376,124,279	R
8 Classroom Teachers Adjusts funding to school districts for guaranteed Classroom Teachers positions, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Adjustment. Nearly 70% of all funds foregone by LEAs over the last two years to comply with the Adjustment came from the Classroom Teachers and Career Technical Education Months of Employment allotments. Revised ratios for distributing guaranteed positions from this allotment are as follows: FY 2013-14 K: 1 teacher per 19 students 1-3: 1 teacher per 18 students 4-6: 1 teacher per 24 students 7-8: 1 teacher per 23 students 9: 1 teacher per 26.5 students 10-12: 1 teacher per 29 students FY 2014-15 K: 1 teacher per 19 students 1: 1 teacher per 18 students 2-3: 1 teacher per 17 students 4-6: 1 teacher per 24 students 7-8: 1 teacher per 23 students 9: 1 teacher per 26.5 students 10-12: 1 teacher per 29 students	($286,433,312)	R	($245,897,168)	R
9 Instructional Support Personnel Adjusts funding to school districts for guaranteed Instructional Support positions, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Adjustment. Nearly 5% of all funds foregone by LEAs over the last two years to comply with the Adjustment came from this allotment. $323.0 million will be available in this allotment in FY 2013-14; $326.1 million will be available in FY 2014-15.	($16,990,590)	R	($17,186,802)	R

	FY 13-14		FY 14-15	
10 Instructional Supplies Adjusts funding to school districts for Instructional Supplies, modifying this allotment in approximately the same proportion that school districts had done in previous fiscal years to implement the LEA Flexibility Adjustment. LEAs gave up over $5 million in FY 2012-13 from this allotment to comply with the Adjustment. $43.2 million will be available in this allotment in FY 2013-14; $43.3 million will be available in FY 2014-15.	($6,919,008)	R	($7,372,550)	R
C. Other Public School Funding Adjustments				
11 Limited English Proficiency Reduces the allotment for Limited English Proficiency. Of the $6 million reduction, $3 million is reduced to account for declining enrollment based on revised student headcount figures. $75.3 million will be available in this allotment in FY 2013-14; $82.0 million will be available in FY 2014-15.	($6,000,000)	R	($6,000,000)	R

13 School Bus Replacement Reduces funding for school bus replacement and modifies the school bus replacement standards. Currently school buses are eligible for replacement after 20 years or 200,000 miles of service. This item modifies the mileage standard to 250,000 miles of service and appropriates sufficient funding to replace all school buses meeting the revised criteria. 604 buses will be replaced in FY 2013-14; 721 buses will be replaced in FY 2014-15. $39.1 million will be available for this purpose in FY 2013-14; $54.1 million will be available in FY 2014-15.	($28,425,435)	R	($34,560,126)	R
14 Education Value Added Assessment System (EVAAS) Increases General Fund support for EVAAS to continue expansion initially supported by receipts in FY 2012-13. That expansion enables: 1) direct access to value-added information for teachers who teach classes with an End of Course/End of Grade test, and 2) capability for users to export EVAAS data and merge it with other relevant analyses. Total EVAAS funding will be $2.7 million.	$850,000	R	$850,000	R
15 EVAAS School Performance Grades Provides funds for the data collection, analysis and calculation of school performance grades, as described in Section 9.4.	$300,000	NR	$100,000	R

In FY 2013-14, $428.4 million will remain in this allotment. In FY 2014-15, $438.2 million will remain in this allotment.	($142,329,582)	R	($149,188,180)	R

A corresponding increase can be found in the Justice and Public Safety Section of this budget.	($767,719)	R	($767,719)	R
21 North Carolina Center for the Advancement of Teaching (NCCAT) Eliminates State support for the ongoing operations of this teacher professional development provider. $88,616 will remain available in FY 2013-14 for upkeep of the two NCCAT facilities until they are otherwise conveyed. Additionally, this item reduces the cash balance of the Teaching Fellows Trust Fund by $1.3 million in FY 2013-14.	($3,095,000) ($1,300,000)	R NR	($6,190,000)	R

51 Hospital Base Rates	$0	R	$0	R

Recalibrate the hospital inpatient payment system so that the base rates will be regionally set for all hospitals in that region to eliminate the disparity in rates for the same services between hospitals that exist in the current system. Hospital inpatient services are paid based on a diagnosis related group (DRG) system. There are 746 DRG's in the Medicaid program that represent classifications of services provided during an inpatient hospitalization. Each of the 746 DRG's has a weight that represents the relative resources required for services related to that diagnosis, recipient age, sex and the presence of complications or comorbidities. Hospital payment is determined by applying a base rate, unique to each hospital, to the DRG weight. The hospital base rates were developed using each hospital's costs in 1994. Changes to these base rates have only occurred when the General Assembly has approved an increase or decrease in rates. DHHS will work with hospitals to identify appropriate regional differences and define regional definitions.

52 Medicaid Co-payments	($3,308,100)	R	($4,962,150)	R

Increases nominal copays for eligible Medicaid services to the maximum allowed by the Centers for Medicare and Medicaid Services (CMS) effective November 1, 2013. Services that are excluded from copays by CMS are medical emergency services, family planning services, "preventative" services for children and pregnancy-related services. DHHS will maintain all nominal copays at the maximum allowed by CMS.

54 Hospital Outpatient Payments at 70% of Costs Reduces interim outpatient payments to hospitals to reflect the impact of reducing the settlement to 70% of costs effective January 1, 2014. Hospitals are currently paid for outpatient services at 80% of costs. This will result in $17.1 million less spending for outpatient services in FY 2013-14 and $35.6 million in FY 2014-15. The Hospital GAP plan allows hospitals to receive supplemental payments to increase the overall payments for hospital outpatient services to 100% of costs. The reduction in the outpatient patient percentage will result in an increase in the hospital assessment, of which the State will retain 15.6% of the increase assessment, totaling $3.2 million in FY 2013-14 and $6.6 million in FY 2014-15.	($20,294,954)	R	($42,132,325)	R
55 Shared Savings Payment Plan Establishes a 4% withhold on selective services effective July 1, 2013. Services subject to the withhold include inpatient hospital, physician (excluding primary care physicians until January 1, 2015), dental, optical services and supplies, podiatry, chiropractors, hearing aids, personal care services, nursing homes, adult care homes and drugs. DHHS will work with providers to develop a shared savings plan that will be implemented by January 1, 2015 that will include incentives to provide effective and efficient care that results in positive outcomes for Medicaid recipients. In FY 2013-14 the State share of the amount withheld will be $24.8 million. This represents a total impact of $70.9 million in provider payments, including both the State and federal shares. In FY 2014-15 the State share of the withhold will be $49.5 million, providers will be eligible for shared savings that are projected to total $14.9 million and the impact of the shared savings plan on expenditures is projected to be $27.5 million. 56 Prescribed Drugs- Payment Based on Invoice Cost Implements a payment system for all medications based on an invoice cost that will be established through quarterly surveys to determine the actual cost of drugs to pharmacies effective January 1, 2014. Currently, brand drugs are paid a Wholesale Acquisition Cost (WAC) plus 6% and generic drugs are paid at 195% of the State Medicaid Average Costs (SMAC). The change to invoice pricing will reduce expenditures for drugs by $27 million and $55 million in FY 2014-15. Effective January 1, 2014, dispensing fees will be increased to an average payment of $9.87 for all drugs. The payment system for dispensing fees will retain a $2 incentive differential for generic drugs and those on the preferred drug list. This will increase expenditures by $9 million in FY 2013-14 and $18 million in FY 2014-15.	($18,498,384)	R	($36,996,767)	R

60 Physician Office Visits Limitation Reduces the limit on office visits for adults from 22 visits a year to 10 visits a year effective January 1, 2014. Prior authorization will be required for medically necessary visits in excess of 10 per year. Recipients with chronic conditions will be exempted from this limitation.	($3,676,525)	R	($7,560,122)	R
61 Rate Freeze for Services Subject to Automatic Increases Freezes rates for hospital outpatient services, nursing home services and other rates that contain an inflation or increase factor not specifically approved by the General Assembly at the rate in effect June 30, 2013. Nursing direct care services will not receive case mix index increases after June 30, 2013 until reinstated. Federally Qualified Health Centers, Rural Health Centers, State Operated services, Hospice, Part B and D Premiums, third party and HMO premiums, drugs and MCO capitation payments are excluded. 64 Additional Personal Care Services for Qualified Individuals Establishes an increased limit of up to130 hours per month for qualified recipients with Alzheimer's Disease and other memory disorders in Special Care Units in Adult Care Homes (ACH). DHHS will implement an additional savings component that addresses the higher acuity level for Alzheimer's/memory care recipients in Adult Care Homes. The unit rate for all Personal Care Services will be reduced to $14.12.	$0	R	$0	R

69 Transfer of Health Choice Children Transfers all children under 133% of the Federal Poverty Level beginning January 1, 2014 in accordance with the Affordable Care Act which requires they be covered under Medicaid instead of Health Choice. Provides funding for the increase in costs that will be incurred as a result of these recipients being eligible for broader benefits under Medicaid than they had when covered under Health Choice. In FY 2013-14 there will be about 51,000 recipients impacted. The State will retain the State Children's Health Insurance Program federal match instead of the traditional Medicaid federal match. The PCS would direct the Department of Administration, after obtaining an appraisal, offer approximately 386 acres to the Lumbee Tribal Administration for purchase subject to restrictive covenants (including that the land be available for public use) or offer the parcel to the public without restrictive covenants if the Lumbee Tribal Administration does not purchase the land. Proceeds of the sale will be divided as follows: $7,300 to the General Fund to reimburse the cost of the appraisal, 25% to the General Fund and appropriated to the Department of Environment and Natural Resources for improvements to the land; and 75% to the Savings Reserve Account. The PCS would allocate the remainder of the property to DENR to be used as part of the Lumber River State Park. A BILL TO BE ENTITLED

AN ACT TO PERMIT WATER UTILITIES TO ADJUST RATES FOR CHANGES IN COSTS BASED ON THIRD-PARTY RATES AND TO AUTHORIZE THE UTILITIES COMMISSION TO APPROVE A RATE ADJUSTMENT MECHANISM FOR WATER AND SEWER UTILITIES TO RECOVER COSTS FOR WATER AND SEWER SYSTEM IMPROVEMENTS.

The General Assembly of North Carolina enacts:

SECTION 1. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-133.11. Rate adjustment for changes in costs based on third-party rates.**

(a) The Commission shall permit a water or sewer public utility to adjust its rates approved pursuant to G.S. 62-133 to reflect changes in costs based solely upon changes in the rates imposed by third-party suppliers of purchased water or sewer service, including applicable taxes and fees.

(b) Any water or sewer public utility seeking to adjust its rates pursuant to this section shall file a verified petition in such form and detail as the Commission may require.

(c) The Commission shall issue an order approving, denying, or approving with modifications a rate adjustment requested pursuant to this section within 60 days of the date of filing of a completed petition, unless that time is for good cause extended up to a maximum of 90 days."

SECTION 2. Chapter 62 of the General Statutes is amended by adding a new section to read:

"**§ 62-133.12. Rate adjustment mechanism based on investment in repair, improvement, and replacement of water and sewer facilities.**

(a) The Commission may approve a rate adjustment mechanism in a general rate proceeding pursuant to G.S. 62-133 to allow a water or sewer public utility to recover through a system improvement charge the incremental depreciation expense and capital costs associated with the utility's reasonable and prudently incurred investment in eligible water and sewer system improvements. The Commission shall approve a rate adjustment mechanism authorized by this section only upon a finding that the mechanism is in the public interest. The frequency and manner of rate adjustments under the mechanism shall be as prescribed by the Commission.

(b) For purposes of this section, "eligible water system improvements" or "eligible sewer system improvements" shall include only those improvements found necessary by the

Commission to enable the water or sewer utility to provide safe, reliable, and efficient service in accordance with applicable water quality and effluent standards.

(c) For purposes of this section, "eligible water system improvements" means:

(1) Distribution system mains, valves, utility service lines (including meter boxes and appurtenances), meters, and hydrants installed as in-kind replacements.

(2) Main extensions installed to eliminate dead ends and to implement solutions to regional water supply in order to comply with primary and, upon specific Commission approval, secondary drinking water standards.

(3) Equipment and infrastructure installed to comply with primary drinking water standards.

(4) Equipment and infrastructure installed at the direction of the Commission to comply with secondary drinking water standards.

(5) Unreimbursed costs of relocating facilities due to highway projects.

(d) For the purposes of this section, "eligible sewer system improvements" means:

(1) Collection main extensions installed to implement solutions to wastewater problems.

(2) Improvements necessary to reduce inflow and infiltration to the collection system to comply with applicable State and federal law and regulations.

(3) Unreimbursed costs of relocating facilities due to highway construction or relocation projects.

(4) Pumps, motors, blowers, and other mechanical equipment installed as in-kind replacements for customers.

(e) The Commission shall provide for audit and reconciliation procedures, including measures for refunds of any over-collections under the system improvement charge with interest pursuant to G.S. 62-130(e).

(f) The Commission may eliminate or modify any rate adjustment mechanism authorized pursuant to this section upon a finding that it is not in the public interest.

(g) Cumulative system improvement charges for a water or sewer utility pursuant to a rate adjustment mechanism approved by the Commission under this section may not exceed five percent (5%) of the total annual service revenues approved by the Commission in the water or sewer utility's last general rate case."

SECTION 3. This act is effective when it becomes law.

HOUSE BILL 710:
Water Utility Recovery

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 29, 2013
Introduced by:	Rep. Hager	**Prepared by:**	Heather Fennell
Analysis of:	Third Edition		Committee Counsel

SUMMARY: ***House Bill 710 would establish a procedure for the Utilities Commission to allow a water or sewer public utility to adjust its rates to reflect changes in costs and establish a mechanism to adjust rates based on infrastructure investments by such utilities.***

CURRENT LAW: G.S. 62-133 establishes the procedure for a general rate case before the Utilities Commission for all public utilities. In setting rates, the Commission is required to ascertain the cost of capital investments, estimate revenue, ascertain reasonable operating expenses, apply a rate of return to capital investments, discontinue capitalization of carrying costs, and allow a reasonable rate of return.

BILL ANALYSIS:

Section 1 of House Bill 710 would require the Commission permit water and sewer public utilities to adjust their rates to reflect certain changes in costs. The changes could only be based on changes in the rates charged by third-party suppliers of purchased water or sewer services, including taxes and fees. Water and sewer public utilities would be required to file a verified petition with the Commission, and the Commission would be required to issue an order on the petition approving, denying, or approving with modifications within 60 days of filing, or up to 90 days with good cause.

Section 2 would allow the Commission to establish a rate adjustment mechanism in a general rate case under G.S. 62-133 that would allow a water or sewer public utility to recover costs associated with infrastructure investments. The mechanism would only be allowed when it is in the public interest, and could be modified or eliminated by the Commission if it is no longer in the public interest. Allowable infrastructure investments would be limited to certain listed improvements found necessary by the Commission to enable the utility to provide safe, reliable, and efficient service in accordance with applicable water quality and wastewater standards. The section would allow for the Commission to establish procedures for truing up charges. The mechanism would be limited to five percent of the total annual service revenues approved by the Commission in a general rate case.

EFFECTIVE DATE: This act is effective when it becomes law.

Peter Ledford, counsel to House Public Utilities, substantially contributed to this summary.

HOUSE BILL 60:
Transfer of Indian Cultural Center Property

2013-2014 General Assembly

Committee:	Senate Ref to Finance. If fav, re-ref to Appropriations/Base Budget	**Date:**	May 29, 2013
Introduced by:	Rep. Howard	**Prepared by:**	Greg Roney Committee Counsel
Analysis of:	PCS to Fourth Edition H60-CSTM-40		

SUMMARY: ***The Proposed Committee Substitute (PCS) for House Bill 60 would terminate two leases: (1) lease between the State and the North Carolina Indian Cultural Center, Inc. (NCICC Inc.) for the Indian Cultural Center and (2) the lease between the State and Lumbee Land Development, Inc. for the maintenance of the Riverside Golf Course.***

The PCS would direct the Department of Administration (DOA), after obtaining an appraisal, offer approximately 386 acres to the Lumbee Tribal Administration for purchase subject to restrictive covenants (including that the land be available for public use) or offer the parcel to the public without restrictive covenants if the Lumbee Tribal Administration does not purchase the land. Proceeds of the sale will be divided as follows: $7,300 to the General Fund to reimburse the cost of the appraisal, 25% to the General Fund and appropriated to the Department of Environment and Natural Resources (DENR) for improvements to the land; and 75% to the Savings Reserve Account.

The PCS would allocate the remainder of the property to DENR to be used as part of the Lumber River State Park.

As introduced, this bill was identical to S30, as introduced by Sen. Hartsell, which is currently in Senate Finance. The PCS returns House Bill 60 to the same text as S30 with a typographical correction.

CURRENT LAW: In May 1994, the State entered into a 99-year lease agreement with NCICC Inc. In 2011, the North Carolina Department of Justice issued a letter to NCICC Inc. highlighting issues that placed the tenant in default of the lease terms.

On May 2011, the State entered into a temporary 60-day lease with Lumbee Land Development, Inc., a nonprofit organization. This lease is limited to maintaining and repairing the 110-acre Riverside Golf Course and is not intended for operation of the golf course. Any holding over after the expiration of the term or any extension is a month-to-month tenancy.

BILL ANALYSIS: The PCS for House Bill 60 would return the entire Indian Cultural Center site to State control by terminating the two leases affecting the site: the lease with NCICC Inc. for the Indian Cultural Center and the lease with Lumbee Land Development, Inc. for the Riverside Golf Course. The notice of termination for both leases must be given by DOA within 15 days after the effective date of the bill.

The PCS would appropriate $7,300 for DOA to obtain an appraisal of Parcel 1 (defined in the Background Section of this Summary). Based on the appraised price, DOA would offer Parcel 1 first to the Lumbee Tribal Administration. The offer to the Lumbee Tribal Administration is subject to the following restrictive covenants that would return the land to the State if violated:

- The land must be made and remain open and available for public use.

- The land must be made and remain available for use by North Carolina tribes and American Indian urban organizations for free or at cost.
- The parcel cannot be subdivided.
- The natural resources cannot be sold or leased.

Additionally, any sale to the Lumbee Tribal Administration requires DOA to consult the Joint Legislative Program Evaluation Oversight Committee and submit a detailed report of the transaction. If the Committee does not hold a meeting to hear the consultation within 90 days of receiving the submission of the detailed report, the consultation requirement is satisfied.

If the Lumbee Tribal Administration does not purchase the land, then DOA is directed to offer Parcel 1 for sale to the public without restrictive covenants.

The proceeds of any sale will be divided as follows: $7,300 to the General Fund to reimburse the cost of the appraisal; 25% to the General Fund and appropriated to DENR's Division of Parks and Recreation for improvements to the land; and 75% to the Savings Reserve Account.

The remainder of the property (Parcels 2, 3, and 4) are allocated to DENR's Division of Parks and Recreation to be used as part of the Lumber River State Park.

BACKGROUND: The PCS is a recommendation of the Joint Legislative Program Evaluation Oversight Committee based on Report No. 2012-13 (Report), "Options for the Indian Cultural Center Will Allow the Site to Meet its Cultural, Recreational, and Economic Development Intent," issued by the Program Evaluation Division (PED) of the General Assembly in December, 2012. The Report contains extensive history and analysis of the Cultural Center.

The North Carolina Indian Cultural Center site is located in Maxton, Robeson County. The Cultural Center site is composed of 4 parcels of land totaling 528 acres as follows:

Parcel 1. – 386.69 acres, contains a lake, the Riverside Golf Course, and other improvements.

Parcel 2. – 91.5 acres, contains woods with large sections of cleared farm land.

Parcel 3. – 10 acres, contains wetlands.

Parcel 4. – 42.50 acres, contains 2 buildings and access to Lumber River.

NCICC Inc. holds the lease on the property. The lease contemplated NCICC Inc. operating an attraction dedicated to the history, culture, and heritage of North Carolina American Indians. The Report determined that the existing facilities on the site are dilapidated.

EFFECTIVE DATE: The PCS for House Bill 60 would be effective when it becomes law.

HOUSE BILL 252:
Asheville Transfers

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 29, 2013
Introduced by:	Reps. Moffitt, Ramsey, McGrady	**Prepared by:**	Heather Fennell Committee Counsel
Analysis of:	Second Edition		

SUMMARY: House Bill 252 would allow the City of Asheville to continue to use utility revenues that were dedicated for a specific project under S.L. 2009-114 for the 2012-2013 fiscal year and repeal S.L. 2009-114 for the 2013-2014 fiscal year and thereafter.

CURRENT LAW: Session Law 2005-139 provides that the City of Asheville must place the funds from a "public enterprise" (utility revenues) in a separate fund and may only use those funds for the construction and replacement of assets for that public enterprise. The funds may not be used to pay for any obligations in the city's budget, such as sidewalk improvements.

The General Assembly later enacted Session Law 2009-114 that authorizes the City of Asheville to use up to 5% of utility revenues for street and sidewalk improvements associated with waterline improvements.

BILL ANALYSIS: For the 2012-2013 fiscal year, House Bill 252 would allow the City of Asheville to use utility revenues that were dedicated for a specific project under the authority of S.L. 2009-114 for street and sidewalk improvements associated with waterline improvements for the project

Starting June 30, 2013, House Bill 252 repeals the 2009 authority for the City of Asheville to use up to 5% of utility revenues for street and sidewalk improvements. The PCS allows the City of Asheville to continue to use utility revenues previously dedicated to specific projects.

EFFECTIVE DATE: The PCS for House Bill 252 would be effective when it becomes law.

HOUSE BILL 545:
Modify Henderson Co. Occupancy Tax

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 28, 2013
Introduced by:	Rep. McGrady	**Prepared by:**	Trina Griffin
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 545 repeals the requirement that the additional 1% occupancy tax be remitted to the Vagabond School of the Drama, Inc. and makes a technical correction to the name of the tourism development authority.***

CURRENT LAW: Henderson County may levy a room occupancy tax of no less than three percent (3%) and no more than six percent (6%). S.L. 2012-144 authorized an increase in the occupancy tax from 5% to 6%, with the net proceeds from the first 5% remitted to the Tourism Development Authority and the additional 1% tax remitted to the Vagabond School of the Drama, Inc., for maintenance, operations, renovations, and promotion. The provision designating that the additional 1% tax be remitted to the Vagabond School was set to expire July 1, 2014.

BILL ANALYSIS: House Bill 545 repeals the requirement that the additional 1% tax be remitted to the Vagabond School of the Drama, Inc. Under the bill, the total net proceeds of the occupancy tax would be distributed in accordance with the occupancy tax guidelines: at least two-thirds for the promotion of travel and tourism and the remainder for tourism-related expenditures.

House Bill 545 also corrects the name of the Henderson Tourism Development Authority to the Henderson County Tourism Development Authority.

EFFECTIVE DATE: This act is effective when it becomes law.

BACKGROUND: Since 1983, the General Assembly has authorized many units of local government to levy a room occupancy tax. In 1993, the House Finance Committee established the Occupancy Tax Guidelines, which address the rate of tax, the use of the tax proceeds, the administration of the tax, and the body with authority to determine how the proceeds will be spent. A summary of these provisions is detailed in the chart below.

UNIFORM OCCUPANCY TAX PROVISIONS
Rate – The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
Use – Two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism related expenditures.
Definitions The term "net proceeds", "promote travel and tourism", and "tourism related expenditures" are defined terms.
Administration – The net revenues must be administered by a local tourism development authority that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least 1/2 of the members must be currently active in the promotion of travel and tourism in the county and 1/3 of the members must be affiliated with organizations that collect the tax.
Costs of Collection – The taxing authority may retain from the revenues its actual costs of collection, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

BILL SUMMARY:

House Bill 545 amends Sections 5 and 6 of SL 1987-172, as amended, to require that the Henderson County Tourism Development Authority use at least two-thirds of the net proceeds of the Henderson County room occupancy and tourism development tax to promote travel and tourism in the county, with the remainder for tourism expenses. It deletes the delineation of uses based on where the proceeds were from the first 5% or the additional 1% tax, thereby removing the allocation to the Vagabond School of the Drama Inc. The bill makes a technical correction to Section 2(b) of SL 2012-144. And it repeals Section 3, which required the Authority to use at least two-thirds of the funds remitted to it to promote travel and tourism in Henderson County and use the remainder for tourism-related expenditures.

ASSUMPTIONS AND METHODOLOGY:

House Bill 545 amends current law to eliminate the language allocating 1% of the Henderson County room occupancy tax to the maintenance, operation, renovation, and promotion of the

Vagabond School of the Drama Inc. Two-thirds of Henderson County's full 6% room occupancy rate will be required to promote travel and tourism in the county, while the remaining one-third shall be used for tourism expenses.

The bill is modifying how the Henderson County occupancy tax proceeds can be used, and there is no fiscal impact as a result of these changes.

The taxpayers in the property area described in Section 1 of this act shall no longer be required to pay taxes upon their property to the Town of Mills River after the effective date of this act. SECTION 5. This act becomes effective June 30, 2013.

HOUSE BILL 671:
Mills River/Deannexation

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 28, 2013
Introduced by:	Committee on Rules, Calendar, and Operations of the House	**Prepared by:**	Cindy Avrette Committee Counsel
Analysis of:	Second Edition		

SUMMARY: House Bill 671 would deannex 12 home sites ("property") from the Town of Mills River and maintain the zoning authority of the Town of Mills River over the property for 90 days to allow Henderson County an opportunity to determine a County zoning designation.

CURRENT LAW: Under Section 1 of Article VII of the NC Constitution, the General Assembly is empowered to "provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable."

Pursuant to this Section, the General Assembly enacted Article 4A of Chapter 160A of the General Statutes, which governs municipal annexations. The General Assembly has not enacted any method for municipalities to *deannex* property — that power remains with the General Assembly.

BILL ANALYSIS: House Bill 671 would deannex 12 home sites from the Town of Mills River. The bill would maintain the zoning authority of the Town of Mills River over the property for 90 days to allow Henderson County an opportunity to determine a County zoning designation.

The bill would not affect the duty of the owners to pay taxes for any prior year, and does not eliminate any liens for taxes for prior years. The property will continue to be subject to taxes levied by Henderson County, including taxes levied by the County to maintain the Etowah Horse Shoe Fire District.

EFFECTIVE DATE: The bill would become effective June 30, 2013.

BACKGROUND: When the Town of Mills River was incorporated in 2003, the property was erroneously included in the Town's corporate limits. The property was believed to be in a fire district that included the Town. The property was, in fact, in a fire district different than the Town.

The Town attempted to provide fire protection through an agreement with the responding fire district. The responding fire district had a different tax rate than the fire district covering the Town, and no long-term agreement was reached. De-annexing the property allows the property to receive fire protection from the fire district covering the property and pay the tax rate for the correct fire district. The Town supports the deannexation.

A BILL TO BE ENTITLED

AN ACT TO INCREASE THE AMOUNT OF THE YEAR'S ALLOWANCE FOR A SURVIVING SPOUSE.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 30-15 reads as rewritten:

"**§ 30-15. When spouse entitled to allowance.**

Every surviving spouse of an intestate or of a testator, whether or not the surviving spouse has petitioned for an elective share, shall, unless the surviving spouse has forfeited the surviving spouse's right thereto, as provided by law, be entitled, out of the personal property of the deceased spouse, to an allowance of the value of ~~twenty thousand dollars ($20,000)~~thirty thousand dollars ($30,000) for the surviving spouse's support for one year after the death of the deceased spouse. Such allowance shall be exempt from any lien, by judgment or execution, acquired against the property of the deceased spouse, and shall, in cases of testacy, be charged against the share of the surviving spouse."

SECTION 2. G.S. 30-29 reads as rewritten:

"**§ 30-29. What petition must show.**

In the petition the petitioner shall set forth, besides the facts entitling petitioner to a year's support and the value of the support claimed, the further facts that the personal estate of which the decedent died possessed exceeded ~~twenty thousand dollars ($20,000),~~thirty thousand dollars ($30,000), and also whether or not an allowance has been made to petitioner and the nature and value thereof."

SECTION 3. This act becomes effective January 1, 2014, and applies to estates of persons dying on or after that date.

HOUSE BILL 32:
Increase Year's Allowance

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 28, 2013
Introduced by:	Reps. Hurley, Turner	**Prepared by:**	Cindy Avrette
Analysis of:	First Edition		Committee Counsel

SUMMARY: ***House Bill 32 would increase the year's allowance for a surviving spouse from $20,000 to $30,000.***

CURRENT LAW: All states have some statutory provision for the support and maintenance of a decedent's spouse and minor children during the administration of the estate. North Carolina calls these payments for support and maintenance the "year's allowance." The payments are made from the decedent's personal property and are superior to claims of creditors.

G.S. 30-15 provides for a $20,000 allowance for a one-year period for every surviving spouse from the personal property of a deceased spouse, unless otherwise forfeited by law. If the decedent dies intestate, the allowance is in addition to the spouse's intestate share. If the decedent left a will, the allowance is charged against the share of the spouse given under the will.

G.S. 30-29 provides that, for a surviving spouse who applies to superior court for support, the complaint must set forth the following: facts entitling plaintiff to a year's support, the value of the support claimed, that the personal estate exceeded $20,000 and whether or not an allowance has been made to the plaintiff and the nature and value thereof.

BILL ANALYSIS: House Bill 312 would increase the allowance for the surviving spouse from the personal property of a deceased spouse from $20,000 to $30,000, and would make a conforming change in a statute which references the amount of the spousal share (G.S. 30-29).

EFFECTIVE DATE: The act becomes effective January 1, 2014, and applies to estates of persons dying on or after that date.

BACKGROUND: The year's allowance was last amended in 2009. S.L. 2009-183 raised the amount of the year's allowance from $10,000 to $20,000.

SECTION 1. G.S. 143-57.1 reads as rewritten:

"**§ 143-57.1. Furniture requirements contracts.**

(a) State Furniture Requirements Contract. – To ensure agencies access to sufficient sources of furniture supply and service, to provide agencies the necessary flexibility to obtain furniture that is compatible with interior architectural design and needs, to provide small and disadvantaged businesses additional opportunities to participate on State requirements contracts, and to restore the traditional use of multiple award contracts for purchasing furniture requirements, each State furniture requirements contract shall be awarded on a multiple award basis, subject to the following conditions:

(1) Competitive, sealed bids must be solicited for the contract in accordance with Article 3 of Chapter 143 of the General Statutes unless otherwise provided for by the State Purchasing Officer pursuant to that Article. Bids shall be solicited on a historical weighted average of specific contract items and not on a single item within a class of items. Historical weighted average shall be based on information derived from the State's electronic procurement system, when available, or other available data.

(2) Subject to the provisions of this section, bids shall be evaluated and the contract awarded in accordance with Article 3 of Chapter 143 of the General Statutes.

(3) For each category of goods under each State requirements furniture contract, awards shall be made to at least three qualified vendors unless three qualified vendors are not available. Additionally, if the State Purchasing Officer determines that there are no qualified vendors within the three best qualified vendors who offer furniture manufactured or produced in North Carolina or who are incorporated in the State, the State Purchasing Officer shall expand the number of qualified vendors awarded contracts to as many qualified vendors as is necessary to include a qualified vendor who offers

furniture manufactured or produced in North Carolina or who is incorporated in the State, but the State Purchasing Officer shall not be required to expand the number of qualified vendors to more than six qualified vendors. A vendor is qualified under this ~~section~~ subsection if the vendor's products conform to the term contract specifications, the vendor is listed on the State's qualified products list, and the vendor submits a responsive bid.

~~(4) An agency may purchase from any vendor certified on the contract but shall make the most economical purchase that it determines meets its needs, based upon price, compatibility, service, delivery, freight charges, and other factors that it considers relevant.~~

(a1) GSA Furniture Schedule. – Vendors meeting the following requirements are treated as qualified vendors under any State furniture requirements contract:

(1) The vendor's products are included on a United States General Services Administration (GSA) Furniture Schedule.

(2) The vendor is a federally qualified vendor within the GSA Furniture Schedule.

(3) The vendor offers products on the same pricing and specifications as the vendor's products included on the GSA Furniture Schedule.

(4) The vendor is a resident bidder as defined in G.S. 143-59(c) or the vendor offers products manufactured or produced in North Carolina.

(b) Definition. – For purposes of this section, "furniture requirements contract" means State requirements contracts for casegoods, classroom furniture, bookcases, ergonomic chairs, office swivel and side chairs, computer furniture, mobile and folding furniture, upholstered seating, commercial dining tables, and related items.

(c) Authority to Purchase. – An agency may purchase from any vendor certified on the State furniture requirements contract, including vendors meeting the requirements of subsection (a1) of this section. An agency shall make the most economical purchase that it determines meets its needs, based upon price, compatibility, service, delivery, freight charges, contract terms, and other factors that it considers relevant."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 449:
State Contracts/Furniture

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 28, 2013
Introduced by:	Rep. Starnes	**Prepared by:**	Greg Roney
Analysis of:	Second Edition		Committee Counsel

SUMMARY: ***House Bill 449 allows State agencies to buy furniture from vendors that meet the following requirements:***

- ***The vendor's products are included on a United States General Services Administration (GSA) Furniture Schedule;***
- ***The vendor is a federally qualified vendor within the GSA Furniture Schedule;***
- ***The vendor offers products on the same pricing and specifications as the vendor's products included on the GSA Furniture Schedule; and***
- ***The vendor is a resident bidder or the vendor offers products manufactured or produced in North Carolina. To be a resident bidder, the vendor must pay unemployment taxes or income taxes in this State and have its principal place of business in this State.***

CURRENT LAW: G.S. 143-57.1 authorizes the Department of Administration (DOA) to set design standards for furniture that is purchased by State agencies. DOA negotiates State-wide contracts called furniture requirements contracts. The furniture requirements contracts set the terms of the sale including price and specifications. DOA periodically renews the furniture requirements contracts, and vendors submit bids to DOA seeking to be a qualified vendor.

Generally, State agencies are required to purchase furniture under the furniture requirements contracts. The State purchases significant amounts of furniture outside of the furniture requirements contracts such as when new buildings are furnished.

BILL ANALYSIS: House Bill 449 would allow State agencies to purchase furniture under the existing furniture requirements contracts or from federally-qualified vendors with products on the GSA Furniture Schedule. The vendor must offer its products on the same pricing and specifications as the vendor's products included on the GSA Furniture Schedule.

Additionally, the vendor must be a "resident bidder" or offer products manufactured or produced in North Carolina. "Resident bidder" is defined as a bidder that has paid unemployment taxes or income taxes in this State and whose principal place from which the trade or business of the bidder is directed or managed is located in this State.

BACKGROUND: DOA uses State-specific design standards for the furniture requirements contracts. The GSA uses national design standards. Some vendors offer products on the GSA Furniture Schedule that meet national quality standards but do not meet DOA's design standards. The bill allows State agencies to select furniture meeting either DOA's design standards or national design standards selected by GSA. Both DOA's contract and the GSA Furniture Schedule offer discounted price terms to State agencies.

EFFECTIVE DATE: House Bill 449 would be effective when it becomes law.

A BILL TO BE ENTITLED

AN ACT TO AMEND THE STATUTE GOVERNING THE POWERS OF WATER AND SEWER AUTHORITIES TO ALLOW THE AUTHORITY TO SET RATES FOR WATER RESOURCES STORAGE OR PROTECTION PROGRAMS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 162A-6 reads as rewritten:

"**§ 162A-6. Powers of authority generally.**

(a) Each authority created hereunder shall be deemed to be a public instrumentality exercising public and essential governmental functions to provide for the public health and welfare, and each authority is authorized and empowered:

...

(9) To fix and revise from time to time and to collect rates, fees and other charges for the use of or for the services and facilities furnished by any system operated by the ~~authority;~~authority, including rates for water stored by the authority through programs to store and protect water resources in the region served by the authority. Schedules of rates, fees, and other charges may vary according to classes of service for programs to store and protect water resources. For purposes of this subdivision, "programs to store and protect water resources" includes aquifer or surficial storage.

...."

SECTION 2. This act is effective when it becomes law.

HOUSE BILL 788:
Water/Sewer Authority/Rate Flexibility

2013-2014 General Assembly

Committee:	Senate Finance	**Date:**	May 29, 2013
Introduced by:	Reps. Catlin, Hamilton	**Prepared by:**	Heather Fennell
Analysis of:	Second Edition		Committee Counsel

SUMMARY: House Bill 788 authorizes county water and sewer authorities to allow authorities to set rates for water resources storage and protection programs, including aquifer or surficial storage.

CURRENT LAW: Chapter 162A governs county water and sewer systems. Generally upon creation, each of the entities has a governing board appointed by the units of local government involved in the operation of the system, with specific authority to set rates and fees, power to sue and be sued, and authority to contract in the name of the entity, amongst other powers and duties.

G.S. 162A-6(9) specifically authorizes county water and sewer systems to fix, revise, and collect rates, fees, and other charges for the use of or for the services and facilities furnished by any system operated by the authority.

Currently, county water and sewer systems do not have the power to set differential rates. Cities already have the authority to set differential rates pursuant to G.S. 160A-314, and counties have the authority to set differential rates under G.S. 153A-277.

BILL ANALYSIS: House Bill 788 amends the provision that allows county water and sewer authorities to set rates, fees, and other charges by authorizing them to set rates for programs to store and protect water resources. The county water and sewer authority would be able to set differential rates for these programs, which would include aquifer or surficial storage.

EFFECTIVE DATE: This act is effective when it becomes law.

The Senate Committee on Finance met at 10:00 a.m. on Thursday, May 30, 2013 in room 544 of the Legislative Office Building. Desmond Clark of Raeford, Harrison Froelich of Greensboro, Ariona Lindsey of Reidsville, Jacob Burnette of Canton and Grimes Clark of Tarboro served as pages. Senator Rabon presided as chair.

S.B. 394 – Lower Tax Rates for a Stronger NC Economy

Senator Hartsell and Senator Clodfelter were recognized to explain the bill. Senator Hise moved to adopt the proposed committee substitute (PCS) for discussion and the motion carried. The PCS would adopt a bipartisan tax reform plan to promote economic development in North Carolina by establishing a sound state tax structure that revises the existing structure on a revenue-neutral basis. A copy of the PCS and the summary chart is attached.

S.B. 677 – Corporate Income Tax Reduction & Reform

Senator Rucho was recognized to explain the bill and Senator Tucker moved to adopt the PCS for discussion. The motion carried. The PCS would amend corporate tax law to impose a tax on the state net income of every C Corporation doing business in the state at the following percentages: (1) 6.9% in 2013, (2) 6.5% in 2014, (3) 6.25% in 2015, and (4) 6% after 2015. A BILL TO BE ENTITLED

AN ACT TO ADOPT A BIPARTISAN TAX REFORM PLAN TO PROMOTE ECONOMIC DEVELOPMENT IN NORTH CAROLINA BY ESTABLISHING A SOUND STATE TAX STRUCTURE THAT REVISES THE EXISTING STRUCTURE ON A REVENUE-NEUTRAL BASIS, LOWERS ALL MAJOR TAX RATES, TAXES ALL INCOME AT THE SAME RATE, AND MAKES THE STRUCTURE SIMPLER, FAIRER, AND CONSISTENT WITH THE MODERN ECONOMY, AS RECOMMENDED BY PAST TAX STUDIES.

The General Assembly of North Carolina enacts:

PART I. GENERAL FINDINGS AND PURPOSE

SECTION 1.(a) The General Assembly of North Carolina finds the following:

(1) North Carolina's current tax structure has not been comprehensively revised since the Great Depression. The tax structure adopted then, while amended extensively over the years in a piecemeal fashion, no longer reflects North Carolina's 21st Century economy.

(2) Over the years, the multiplication of credits, allowances, special rates, and exemptions has progressively narrowed the base of the State's individual and corporate income taxes, with the result that the rates for those income taxes are now among the highest in our region and among our peer states.

(3) North Carolina's current tax structure undermines the State's competitive position and acts as a deterrent to new business investment and the creation of new jobs.

(4) The State's reliance on temporary and expedient tax changes to meet budget shortfalls has created a tax structure that is unpredictable for taxpayers and a revenue stream that is unstable for the State.

SECTION 1.(b) It is the intent of this legislation to promote economic development by establishing broader tax bases and lowering tax rates in a comprehensive manner, as recommended by numerous study committees charged with developing a 21st Century tax policy for the State. Adoption of a modern tax structure will accomplish the following objectives:

(1) Make North Carolina's tax system more competitive relative to our peer states.

(2) Conform North Carolina's tax system to the current economy and not that of the 1933 economy.

(3) Stabilize North Carolina's tax base and provide a reliable revenue stream for the future.

(4) Make North Carolina's tax system fairer so that individual taxpayers and business taxpayers who are in very similar circumstances to one another are treated in roughly the same way by the tax system.

(5) Balance North Carolina's tax revenues among the different types of taxes and the different groups of taxpayers on a revenue-neutral basis. The consensus forecasted amounts for fiscal year 2014-2015 are used to establish the revenue-neutrality of the tax changes in this legislation.

SECTION 1.(c) This section is effective when it becomes law.

PART II. REDUCE INDIVIDUAL INCOME TAX RATES AND BROADEN TAX BASE

"**§ 105-153.4. North Carolina taxable income defined.**

(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in ~~G.S. 105-134.6.~~G.S. 105-153.5.

(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in ~~G.S. 105-134.6,~~ G.S. 105-153.5, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in ~~G.S. 105-134.6,~~ G.S. 105-153.5, and the numerator of which is the amount of that gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

(d) S Corporations and Partnerships. – In order to calculate the numerator of the fraction provided in subsection (b) of this section, the amount of a shareholder's pro rata share of S Corporation income that is includable in the numerator is the shareholder's pro rata share of the S Corporation's income attributable to the State, as defined in G.S. 105-131(b)(4). In order to calculate the numerator of the fraction provided in subsection (b) of this section for a member of a partnership or other unincorporated business that has one or more nonresident members and operates in one or more other states, the amount of the member's distributive share of income of the business that is includable in the numerator is determined by multiplying the total net income of the business by the ratio ascertained under the provisions of G.S. 105-130.4. As used in this subsection, total net income means the entire gross income of the business less all expenses, taxes, interest, and other deductions allowable under the Code that were incurred in the operation of the business.

(e) Tax Year. – A taxpayer must compute North Carolina taxable income on the basis of the taxable year used in computing the taxpayer's income tax liability under the Code."

Ownership of capital interests is determined by reference to the constructive ownership rules for partnerships, estates, and trusts in section 318(a)(2)(A) and (B) of the Code with the following modifications:

a. The term "capital interest" is substituted for "stock" each place it appears.

b. A noncorporate limited liability company and any noncorporate entity other than a partnership, estate, or trust is treated as a partnership. A noncorporate entity does not include a human being. A noncorporate limited liability company is a limited liability company that does not elect to be taxed as a corporation under the Code.

c. The operating rule of section 318(a)(5) of the Code applies without regard to section 318(a)(5)(C).

(9) Parent. – A business entity that has ownership of another business entity.

(10) Secretary. – Defined in G.S. 105-228.90.

"**§ 105-114.3. Nature of tax.**

This Article imposes a privilege tax on a business entity for the privilege of doing business in this State in an organizational form that confers limited liability on one or more owners of the entity. The tax is an accrued tax and is imposed for the exercise of this privilege during the period covered by a tax return. Payment of the tax imposed by this Article is a condition precedent to the right to do business in this State and, for a business entity that is organized or formed in this State, to the right to continue in the entity's organizational form. When a noncorporate business entity is doing business in this State, each owner of the noncorporate business entity is doing business in this State.

"**§ 105-114.4. Business privilege tax imposed.**

(a) Rate. – An annual privilege tax is imposed on a business entity doing business in this State at the rate of one dollar ($1.25) per one thousand dollars ($1,000) of the higher of the business entity's adjusted net worth tax base, determined in accordance with G.S. 105-114.5, and the business entity's investment tax base, determined in accordance with G.S. 105-114.6. The tax payable by a business entity may not be less than two hundred dollars ($200.00). The tax payable by a holding company may not be more than seventy-five thousand dollars ($75,000).

After the end of the taxable year in which a business entity is dissolved, the entity is no longer subject to the tax levied in this Article unless the Secretary finds that the entity has engaged in business activities in this State not appropriate to winding up and liquidating its business.

"**§ 105-114.5. Adjusted net worth tax base.**

The net worth of a business entity is the entity's total assets less its total liabilities, computed in accordance with generally accepted accounting principles as of the end of the entity's taxable year. If the entity does not maintain its books and records in accordance with generally accepted accounting principles, then its net worth is computed in accordance with the accounting method used by the entity for federal tax purposes so long as the method fairly reflects the entity's net worth for purposes of the tax levied by this section. A business entity's net worth is subject to the following adjustments:

(1) A deduction for accumulated depreciation and amortization is determined in accordance with the method used for federal tax purposes.

(2) An addition for indebtedness the business entity owes to a parent, a subsidiary, or an affiliate. The amount added back to the business entity's net worth may be further adjusted as follows:

a. If part of the capital of the creditor business entity is capital borrowed from a source other than a parent, a subsidiary, or an affiliate, the debtor business entity may deduct a proportionate part of the indebtedness based on the ratio of the borrowed capital of the creditor business entity to the total assets of the creditor business entity.

b. If part of the capital of the creditor business entity consists of indebtedness owed to a parent, a subsidiary, or an affiliate that is directly traceable to capital borrowed from a source other than a parent, a subsidiary, or an affiliate, the debtor business entity may deduct a proportionate part of the indebtedness based on the ratio of the borrowed capital of the creditor business entity to the total assets of the creditor business entity.

c. If the creditor business entity is taxable under this Article, the creditor business entity may deduct the indebtedness from its net worth to the extent the debtor business entity was not allowed to deduct the indebtedness.

(3) A corporation may deduct the cost of treasury stock.

"**§ 105-114.6. Investment tax base.**

The investment tax base of a business entity is the entity's investment in real and tangible personal property in this State as of the end of the entity's taxable year. A business entity's investment in property is the original purchase price of or consideration for the property subject to the following adjustments:

(1) A deduction for depreciation or amortization is determined in accordance with the method used for federal tax purposes.

(2) The addition of improvements to the property.

(3) A deduction for indebtedness on the property or on an improvement to the property.

(4) For a business entity allowed a tax credit under Article 3E of this Chapter, a deduction for the value of the property for which the credit is allowed.

"**§ 105-114.7. Exclusions in calculating tax.**

(a) Disregarded LLC. – A single member limited liability company whose single member is a business entity is disregarded under this Article if it is disregarded for federal income tax purposes. The business entity that is the single member of the disregarded limited

liability company must include the net worth and property of the disregarded limited liability company in the business entity's tax base.

(b) No Tax Tiering. – A business entity's ownership interest in a noncorporate business entity that is taxable under this Article is excluded in determining the following:

(1) The owner's net worth under G.S. 105-114.5.

(2) The owner's apportionment fraction under G.S. 105-114.9, if the owner is doing business in one or more other states in addition to this State.

(c) Investment Companies. – The following exclusions apply to investment companies in determining their tax liability under this Article:

(1) A regulated investment company may deduct the value of its investments in stocks, bonds, debentures, or other securities or evidences of debt. A regulated investment company is an entity that qualifies as a regulated investment company under section 851 of the Code.

(2) A REIT may deduct the value of its investments in real property, unless the REIT is a captive REIT. The terms "REIT" and "captive REIT" have the same meanings as defined in G.S. 105-130.12.

(3) A venture capital company may deduct the value of its capital under management. A venture capital company is an entity whose purpose is to provide financing for start-up businesses and that obtains the capital it uses to provide financing only from investors who are accredited investors under 17 C.F.R. § 230.215 or are institutional investors.

(d) Short Year Adjustment. – A business entity that changes its taxable year and files a "short period" income tax return may deduct from its tax liability computed on an annual basis the amount of tax previously paid that is applicable to the period subsequent to the beginning of the new taxable year.

"**§ 105-114.8. Determination of ownership after certain transfers.**

(a) Transfers by Corporations. – Ownership of the capital interests in a noncorporate business entity is determined as of the last day of the business entity's taxable year. If a noncorporate business entity and a corporation or an affiliated group of corporations, as defined in section 1504 of the Code, have engaged in a pattern of transferring assets between them with the result that each did not own the capital interest on the last day of its taxable year, the ownership of the capital interests in the noncorporate business entity must be determined as of the last day of the corporation's or affiliated group of corporations' taxable year.

(b) Tax-Free Distribution. – If a noncorporate business entity receives from a person a tax-free contribution of assets under section 721 of the Code within 120 days after making a tax-free distribution of assets to that person under section 732 of the Code with the result that the business entity did not own the capital interests on the last day of its taxable year, the assets that were distributed tax-free are considered owned by the business entity as of the last day of its taxable year.

"**§ 105-114.9. Apportionment by multistate business entities.**

A business entity that is doing business in this State and in one or more other states must apportion its net worth to this State. A corporation must use the fraction it applies in apportioning its income under Part 1 of Article 4 of this Chapter, as modified by G.S. 105-114.7 for a corporation that has an ownership interest in a noncorporate business entity that is taxable under this Article. A business entity that is not a corporation must apportion its net worth by using the fraction that would apply if it were a corporation. A business entity that believes this apportionment method subjects a greater portion of its net worth to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method of apportionment, in the same manner as provided in G.S. 105-130.4(t1).

"**§ 105-114.10. Return and payment.**

The tax imposed by G.S. 105-114.4 is due when a return is due. A return is due on or before the fifteenth day of the fourth month following the end of the business entity's income year. A taxpayer may ask the Secretary for an extension of time to file a return under G.S. 105-263. A business entity must file a return under affirmation with the Secretary at the place and in the manner prescribed by the Secretary. The return must be signed by the president, vice president, treasurer, or chief financial officer of the business entity.

...

"**§ 105-116.2. Distribution in lieu of local privilege license tax.**

(a) Findings. – The General Assembly finds that the authority formerly given to cities to levy local privilege license taxes led to inequities in taxation among entities engaged in the same business in different locations as well as among entities engaged in different types of business in the same location. The General Assembly further finds that numerous cities rely on local privilege license tax revenue. This section replaces local privilege license tax revenue with a portion of the State business privilege tax.

(b) Distribution. – Each fiscal year the Secretary must distribute to cities the net proceeds of tax collected in the preceding calendar year under G.S. 105-114.4 at the rate of ten cents ($0.10) per one thousand dollars ($1,000). The Secretary must distribute one-fourth of this amount within 75 days after the end of each calendar quarter. The Secretary must distribute the amount on a per capita basis according to the most recent annual population estimates certified by the State Budget Officer. The share of each city is its proportionate per capita share of the amount set in the following table for the city's population category.

City Population	Share of Net Proceeds
Up to 100,000	10%
Over 100,000 but less than 200,000	18%
Over 200,000	72%

(c) Local Revenue. – The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution.

"**§ 105-116.3. Compensating privilege tax on seller that is not a registered retailer.**

(a) Tax. – An annual privilege tax is imposed on a person who meets all of the following descriptions:

(1) The person makes sales at retail of tangible personal property, digital property, or services that are taxable under Article 5 of this Chapter.

(2) The person is not registered as a retailer under Article 5 of this Chapter.

(3) The person reported gross sales of at least five million dollars ($5,000,000) on its most recent federal income tax return.

(b) Rate and Scope. – The tax is a percentage of the retailer's gross receipts derived from sales within this State. The percentage rate of the tax is the same as the combined rate under G.S. 105-164.3. This tax is in addition to the tax imposed by G.S. 105-114.4. The tax is payable in the same manner as provided in G.S. 105-114.10.

(c) Noncompliance. – A debt owed to a person that does not comply with this section is not collectible and is not subject to execution under Article 28 of Chapter 1 of the General Statutes or any other provision of law. An assignment of a debt is subject to the collection restrictions imposed by this subsection.

"**§ 105-116.4. Compensating privilege tax on unregulated electric power producer.**

(2) Is not subject to regulation by the North Carolina Utilities Commission.

(3) Received at least five million dollars ($5,000,000) in gross receipts during the preceding calendar year from its sales of electric power.

(b) Rate. – The tax is a percentage of the person's gross receipts derived from sales of electric power produced by use of the State's public waters. The percentage rate of the tax is the same as the combined rate under G.S. 105-164.3. This tax is in addition to the tax imposed by G.S. 105-114.4. The tax is payable in the same manner as provided in G.S. 105-114.10.

"**§ 105-125.1. Exempt business entities.**

A business entity listed in this section is exempt from the privilege tax imposed by G.S. 105-114.4. Upon request of the Secretary, an exempt business entity must establish its claim for exemption in writing. The exempt entities are:

(1) A business entity exempt from federal income tax under section 501 of the Code.

(2) An insurance company subject to tax under Article 8B of this Chapter.

(3) A single member limited liability company that is disregarded for federal income tax purposes if the single member is a corporation and the disregarded limited liability company's net worth and property is included in that of its single member.

(4) A real estate mortgage investment conduit, as defined in section 860D of the Code.

"**§ 105-125.2. Transition for tax credits taken against franchise tax.**

For purposes of the application of tax credits, the privilege tax imposed by this Article is considered a continuation of the former franchise tax imposed by this Article. A binding election made by a taxpayer to apply apart of all of a tax credit against the former franchise tax binds the application of that credit to the privilege tax imposed under this Article effective for taxable years beginning on or after January 1, 2015."

A transaction in which two parties exchange motor vehicles is considered a sale regardless of whether either party gives additional consideration as part of the transaction.

The retail value of a motor vehicle for which a certificate of title is issued because of a reason other than the sale of the motor vehicle is the market value of the vehicle. The market

value of a vehicle is presumed to be the value of the vehicle set in a schedule of values adopted by the Commissioner.

The retail value of a vehicle for which a certificate of title is issued because of a transfer by a State agency that assists the United States Department of Defense with purchasing, transferring, or titling a vehicle to another State agency, a unit of local government, a volunteer fire department, or a volunteer rescue squad is the sales price paid by the State agency, unit of local government, volunteer fire department, or volunteer rescue squad.

A person who provides a landscaping service and who installs a tree, shrub, or other tangible personal property in the course of providing the service may do so as a performance contractor or as an installing retailer. A person who provides a landscaping service as a performance contractor is the consumer of all tangible personal property installed in the course of providing the service. When a person provides a landscaping service as an installing retailer, the purchaser of the service and not the provider of the service is considered the consumer of tangible personal property installed in the course of providing the service.

A person is considered to provide a landscaping service as an installing retailer when the person installs tangible personal property in the course of providing a landscaping service and the person gives the purchaser a bill that separately states the sales price of the tangible personal property that is installed. (a) Off-Highway. – A person who purchases and uses motor fuel for a purpose other than to operate a licensed highway vehicle may receive an annual refund for the excise tax the person paid on fuel used during the preceding calendar year. The amount of refund allowed is the amount of the flat cents-per-gallon rate in effect during the year for which the refund is claimed plus the average of the two variable cents-per-gallon rates in effect during that year, less the amount of sales and use tax ~~or privilege tax~~ due on the fuel under this Chapter. An application for a refund allowed under this section must be made in accordance with this Part.

(b) Certain Vehicles. – A person who purchases and uses motor fuel in one of the vehicles listed below may receive an annual refund for the amount of fuel consumed by the vehicle:

(1) A concrete mixing vehicle.
(2) A solid waste compacting vehicle.
(3) A bulk feed vehicle that delivers feed to poultry or livestock and uses a power takeoff to unload the feed.
(4) A vehicle that delivers lime or fertilizer in bulk to farms and uses a power takeoff to unload the lime or fertilizer.
(5) A tank wagon that delivers alternative fuel, as defined in G.S. 105-449.130, or motor fuel or another type of liquid fuel into storage tanks and uses a power takeoff to make the delivery.

The amount of refund allowed is thirty-three and one-third percent (33 1/3%) of the following: the sum of the flat cents-per-gallon rate in effect during the year for which the refund is claimed and the average of the two variable cents-per-gallon rates in effect during that year, less the amount of sales and use tax ~~or privilege tax~~ due on the fuel under this Chapter. An application for a refund allowed under this section must be made in accordance with this Part. This refund is allowed for the amount of fuel consumed by the vehicle in its mixing, compacting, or unloading operations, as distinguished from propelling the vehicle, which amount is considered to be one-third of the amount of fuel consumed by the vehicle.

(c) Sales Tax Amount. – Article 5 of this Chapter determines the amount of sales and use tax to be deducted under this section from a motor fuel excise tax refund. ~~Article 5F of this Chapter determines the amount of privilege tax to be deducted under this section from a motor fuel excise tax refund.~~ The sales price and the cost price of motor fuel to be used in determining the amount to deduct is the average of the wholesale prices used under G.S. 105-449.80 to

determine the excise tax rates in effect for the two six-month periods of the year for which the refund is claimed."

(c) Facilitator Transactions. – A facilitator must report to the retailer with whom it has a contract the sales price a consumer pays to the facilitator for an accommodation rental marketed by the facilitator. A retailer must notify a facilitator when an accommodation rental marketed by the facilitator is completed and, within three business days of receiving the notice, the facilitator must send the retailer the portion of the sales price the facilitator owes the retailer and the tax due on the sales price. A facilitator that does not send the retailer the tax due on the sales price is liable for the amount of tax the facilitator fails to send. ~~(4)~~(2) A ~~net economic~~ loss carried forward from any year shall first be applied ~~to, or offset by, any income taxable or nontaxable of~~ to the next succeeding year before any portion of the loss may be carried forward to a succeeding year.

~~(5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonapportionable income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Part. The amount of the income item considered income not taxable under this Part is determined after subtracting related expenses for which a deduction was allowed under this Part.~~

~~(6)~~(3) No loss shall either directly or indirectly be carried forward more than 15 years.

(b) A corporation claiming a deduction for a loss for the current year or carried forward from a prior year must maintain and make available for inspection by the Secretary all records necessary to determine and verify the amount of the deduction. SECTION 5.7.(b) Article 9 of Chapter 160A is amended by adding the following new section:

"**§160A-211.2. Privilege license tax.**

(a) Levy. – Except as otherwise provided by law, a city may levy an annual privilege license tax of up to five hundred dollars ($500.00) on a business operating within a city if the business does any of the following activities within the city limits:

(1) Maintains a permanent or temporary business location.

(2) Solicits business, either personally or through agents.

(3) Picks up or delivers goods or services.

(b) Limitations. – A city may not impose a privilege license tax on any of the following businesses but may require that the business obtain a license:

(1) A business that is exempt from federal income tax under section 501 of the Code.

(2) A business engaged in the wholesale sales of alcoholic beverages.

(3) A business that supplies electricity.

(4) A business that supplies piped natural gas.

(5) A business that provides telecommunications service.

(c) Administration. – If a city levies a tax under this section, a business must obtain the required license and pay the tax before it begins to operate within a city. The tax is due by July

1 of each year. The tax is imposed for the privilege of engaging in business during the fiscal year that begins on the July 1 due date of the tax. The full amount of the privilege license tax applies to a business that, during a fiscal year, begins to operate a business for which a license is required. If a licensee discontinues its business during the license year, the licensee is not entitled to a refund.

(d) Multiple Locations. – A separate license is required and a separate license tax must be paid for each place of business unless two or more places of business under common ownership are contiguous to each other, communicate directly with and open into each other, and are operated as a unit.

(e) Penalties. – The penalties in G.S. 105-236 apply to this section. A city may collect a tax due in any manner allowed under Article 9 of Chapter 105 of the General Statutes.

(f) Definition. – For purposes of this section, the term "business" means a retailer, wholesale merchant, service provider, or franchise, whether it is a sole proprietorship, partnership, LLC, or corporation; whether it is home-based or at another location, whether it is full-time, part-time, or seasonal, and regardless of size."
