HOUSE JOURNAL

SECOND SESSION 2014

ONE HUNDRED SEVENTH DAY

HOUSE OF REPRESENTATIVES
Wednesday, May 14, 2014

The House meets at 12:00 Noon pursuant to adjournment and is called to order by the Speaker.

The following prayer is offered by Representative Bob Steinburg:

"O God and Father of all mankind, hear our prayer. In the wisdom of men the church and state are separated, but we praise Thee that the state has associated the ministry of worship in its work, recognizing Thee as our heavenly Father and seeking Thy strength and guidance.

"We lift the gratitude of our hearts to Thee that our prayers have been heard and our lives have been inspired and thrilled with a sense of Thy presence. May Thy Spirit lead us beside the still waters of assurance and into the green pastures of the abundant life, where we shall fear no evil, because Thou art with us.

"We pray for decisions to come through wisdom and skill. Make us all susceptible to helpful influences, born in deep conviction, in the spirit of fairness, and away from those dreams that dazzle for a day.

"Arouse within us the ambition in public service to be led and directed by Thee. In our Master's name. Amen."

ONE HUNDRED ELEVENTH DAY

HOUSE OF REPRESENTATIVES
Wednesday, May 21, 2014

The House meets at 3:00 p.m. pursuant to adjournment and is called to order by the Speaker.

The following prayer is offered by Representative Nathan Ramsey:

"Heavenly Father, we pause to worship You and give thanks for the mighty works of Your hands. We praise You for blessing our State and this Country with a spiritual heritage that anchored a new Nation made up of a people determined to seek and obey Your truth. Receive our thanks, Lord, as we remember those who came before us, from the first American Indian exploring an uncharted wilderness to the pilgrims who came to this land seeking freedom to worship the God of Heaven and Earth, and the founding fathers who built a new life upon Your loving commandments and the Holy Scriptures. Thank You, Lord, for the gathering of families who came to live on the good land that we call North Carolina. You have graced us with the magnificence of Your handiwork, seen in the strength of the mighty ocean that brushes the Outer Banks and sandy shores, the loveliness of the Appalachian Mountains that pierce the clouds of heaven, and the peaceful scenery of the rolling plains of the Piedmont. These are just glimpses of what You long to give mankind - Your strength, Your love, and Your peace.

"Let us hold up Your truth so that You will lead us. Help us to be quiet in contemplation and bold to do Your will. For as You lead us in the way, we, in turn, can point others to Your truth that brings abundant life. You, Lord, are the Giver of all things good, and this is the reason for our hope of eternal life - salvation from our sin against You - the most high God in the Heavens. Though we do not deserve Your favor, You graciously grant it to all who sincerely call upon the name in which I pray, the Lord Jesus Christ. Amen."

An Excerpt from "A Prayer for North Carolina"

MESSAGES FROM THE GOVERNOR

STATE OF NORTH CAROLINA OFFICE OF THE GOVERNOR

20301 Mail Service Center • Raleigh, NC 27699-0301

Pat McCrory
Governor

June 24, 2014

GOVERNOR'S OBJECTIONS AND VETO MESSAGE

House Bill 1069, "An act to amend the unemployment insurance laws, as recommended by the Joint Legislative Oversight Committee on Unemployment Insurance."

After reviewing House Bill 1069, I have determined a veto is the proper course of action.

Although the vast majority of this bill contains much needed revisions to unemployment insurance laws, there are unacceptable provisions which stagger and shorten terms of current lawfully seated members. I appointed these members following a previous legislative directive that did not require confirmation for initial appointees.

The three qualified, capable, and bipartisan appointees by all accounts have performed well.

I look forward to working with House and Senate leaders to help craft a new bill which addresses our concerns while also improving employment policies.

Therefore, I veto the bill.

S/ Pat McCrory
Governor

June 24, 2014

This bill, having been vetoed, is returned to the Clerk of the North Carolina House of Representatives on this 24th day of June 2014 at 1:32 p.m. for reconsideration of that body.

The bill is referred to the Committee on Rules, Calendar, and Operations of the House.

The resolution passes its second reading, by electronic vote (114-0), and there being no objection is read a third time.

The resolution passes its third reading and is ordered enrolled.

On motion of Representative Ramsey, the following remarks are spread upon the Journal.

REMARKS BY REPRESENTATIVE FISHER

"There are many circumstances that bring us together on a day like today where we as the Representatives of all 100 North Carolina counties come together to pay tribute to a former fellow House Member.

"We lost Senator Nesbitt too soon.

"Please let me just take a few moments to review with you some of what we will want to remember about Martin Luther Nesbitt, Representative and Senator. Maybe to some of you these phrases will sound familiar:

'Let me give you this.'

'The good news is...' and

'My people'.....or 'our people...'

"Those are all phrases we heard Martin use over and over again when he would tell us stories about the history of where we live, or of the General

June 24, 2014

Assembly, or of what was happening in the Democratic Party, or whatever the issue he was called upon to talk about - and *he could talk!*

"Back during the emergency meetings around flood relief for the west in 2004 and beyond, which was happening during my first term here, I can't tell you how many times I heard Martin say, 'we've got to get some help for *our people*'. Or...

"When he worked to pass the Clean Smokestacks legislation, it was, '*and the good news is...*' that we will continue to have clean mountain air for our people and the mountains will always be a place where tourists want to come. Or...

"When he worked to make early/one stop voting a reality it was, '*let me give you this...*'. We need to make it easier for all '*our people*' to vote. Or...

"When he worked to make sure that schools received the funding they so desperately needed and deserved, to bring public education to the top in Buncombe County/Asheville instead of being one of the 'dirty dozen' of school systems whose buildings and infrastructure were not being properly maintained or replaced when necessary, it was '*and the good news is,*' we are now one of the top public school systems in the country!

"This is **Representative** and **Senator** Martin Nesbitt's legacy. Along with the North Carolina Arboretum, Mountain AHEC, and any number of other initiatives he started or collaborated on and saw to completion during his 30 plus years in Raleigh on our behalf.

"Oh, he saw things change and he even came home for what he called 'a little vacation' that the Republicans provided in 1994, but all the while he was making his way back (and bringing the voters with him) with a better understanding of how important it is to get out to vote in elections that were *not* Presidential elections...and how important that was to the people at home, at the local level.

"Senator Nesbitt got his love of all things to do with education honestly, his father was my principal at Oakley Elementary School, and his mother was my 5th grade English teacher. By the way, Martin and I are cousins on our mothers' sides of the family - something I liked to remind Martin of when I felt he was treating me a little too much like a freshman! His father, Martin Senior was a big man, like his son, and a strong presence in my elementary school - not someone you would want to cross - not unlike Martin Junior; how he was in the House and Senate.

June 24, 2014

"When Martin came to the House, his mother had just died in office and he was fulfilling an appointment to replace her. Representative Marie Colton became his seatmate in the House at that time and Martin came in right out of Chapel Hill Law School, dashing to his seat on the House floor in slacks and shirt with no jacket or tie. Marie - who later became the first woman Speaker Pro Tempore of the House, said to Martin, that his 'attire would just not do for the House of Representatives!' From then on Martin referred to her as his 'Queen of Couth.'

"There is so much to know about this man that we are paying tribute to today.

"I have had several good conversations since his death with Deane Nesbitt, his wife. They were married for 35 years. Here are some of the things she shared:

"He's not the typical politician, because he would tell you the truth even when it wasn't maybe what you wanted to hear.

"He worked tirelessly for the education, healthcare and quality of life issues of the people he represented.

"He tried to make life better for the people, to bring home the jobs and recognition for the people in the west.

"He was determined...even as things were changing politically, that folks not forget that the State went further west than Winston-Salem.

"He was on the phone from the moment he left Raleigh until he got to wherever he was going, or from Asheville to Raleigh doing his job and that's why Deane said he did not favor the no cell phones while driving bill ...and voted against it, because he said that's when he got most of his work done. (A point I can certainly relate to!)

"He gave his life to his work for his mountain people, up to the day he died.'

"Senator Blue was asked by one of our local party folks about how in the world we would find someone to take Senator Nesbitt's place.

"Senator Blue responded by reciting a poem by Rudyard Kipling titled, 'If.' Here's 'If' paraphrased to make it a bit more gender neutral:

June 24, 2014

If
by Rudyard Kipling

*If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all 'people' doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise;*

*If you can dream - and not make dreams your master;
If you can think - and not make thoughts your aim;
If you can meet with Triumph and Disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;*

*If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: 'Hold on!'*

*If you can talk with crowds and keep your virtue,
Or walk with Kings-nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all 'people' count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And-which is more-you'll be 'fully human, my child.'*
** (paraphrasing supplied in 'quotation marks')

"Martin, during his time in the House and Senate experienced the full measure of what that poem describes. So, how do we pay tribute to this man of the mountains?"

June 24, 2014

"Well, as Martin would say, *'let me give you this'*:

"I submit that it is by voting in every election year, not just the presidential years, by electing folks who will not forget that they came from the west, from the mountains.

"And, *'The good news is'*: that we are all right here, we are the 'we' that we are looking for, we are stepping up and there is always someone in our midst ready to sacrifice time, and talent and, in Martin's case, a life's work to our mountain people.

"Ladies and Gentleman, and Mr. Speaker, I commend the resolution to you."

REMARKS BY REPRESENTATIVE RAMSEY

"Governor TJ Jarvis, who served in North Carolina from 1870-1885, referred to another great individual from Buncombe County, Zebulon Vance. He stated that he was 'the Mount Mitchell of all our great men, and in the affections and love of the people, he towered above them all. As ages to come will not be able to mar the grandeur and greatness of Mount Mitchell, so they will not be able to efface from the hearts and minds of the people the name of their beloved Vance.' That perhaps is not too much hyperbole about Governor Vance and certainly I think in so many respects you could say that about Senator Martin Nesbitt.

"Senator Nesbitt grew up in the mountains, his family was there for generations and often times in today's politics, you have a certain mold that someone is and therein a certain ideological perspective, but Senator Nesbitt really broke the bounds of what one would take.

"This past Saturday, (and I was not able to go and I really regret it), I could not get away from work, but there was a race in Newport, Tennessee, the first annual Martin Nesbitt Memorial Southeast Super Track Race at the Newport Speedway. It was in Newport Tennessee, because unfortunately, we do not have a race track now in Asheville. Senator Nesbitt loved racing. His son raced, his granddaughter raced super trucks, and it was wonderful the day that he came home in the ambulance from down here. There were not only folks lining the streets with flags and signs, there were race cars. They were folks that loved their Racing Representative. And there was a controversial proposal several years ago to close our former race track, the Asheville Speedway. It was turned into a wonderful park by the City of Asheville. Senator Nesbitt would show up down there in a pickup truck talking about how much we needed racing and how that was a part of our heritage, and most folks would respect that. Over the years when I was a County Commissioner and certainly down here in the General Assembly, I

June 24, 2014

had the opportunity to be on the same side of the issue on many occasions with Senator Nesbitt and sometimes on the other side of the issue, and like many good folks in public office, it was a lot more fun when Senator Nesbitt was on your side. He could be a burr in your side, it didn't matter, regardless of your political party. I'm sure there were many on the side of this aisle who could say the same thing, that when Senator Nesbitt was in opposition, he was certainly very good at that.

"Two things that I will always remember that he did, and I think he took great pride in. In the early eighties there was an Article 39 and it passed legislation that dedicated a portion of the sales tax that went to Buncombe County. It could only be used for school capital projects, not that folks in Buncombe County and the City of Asheville ever had feuds, y'all know. Down here you don't ever hear controversy from our community, but he did that and I was a student at that time in Buncombe County schools. We had a lot of schools that were built in the twenties around the boom time of Asheville and Buncombe County. So a lot of them needed repair because of that. Hundreds and millions of dollars were spent to improve our school capital projects. Asheville was the first community in the State to have a dedicated hotel tax and it was dedicated to promote our tourism economy that goes to our convention visitors bureau. Tourism today is about a 2½ billion dollar industry in Buncombe County, and he guarded that very jealously. Folks of all persuasions would suggest changes to that legislation and as long as Senator Nesbitt was down here, he was going to defend that. His parents, I think, were instrumental in what he turned out to be. Like most of us, we are a reflection of our families and he certainly lived up to that. His father, as Representative Fisher stated, was a principal and his mom was a teacher. In last Session, Senator Nesbitt's family had been very involved in our community. There was nothing to really recognize the contributions they made to our community, so I talked with Representative Fisher and Representative Moffitt about the possibility that we needed to name something in our community for Senator Nesbitt's mom, who passed away in 1979. Certainly we are not going to name something after someone currently serving in office, so I talked to Representative Fisher and she said, 'have you talked to Senator Nesbitt' and I said 'of course not, that was going to be a surprise and we certainly don't want him to know about it'. And she said, 'I think you ought to call him and let him know'. So I called Senator Nesbitt and I said, 'Senator would you mind us naming the MAHEC campus in Asheville after your mama?' and he said 'Lord, no!' And I always remember him saying that.

"In 1994, the one time he was not returned by the voters in Buncombe County to come back here from 1979 to 2013, every election he was successful except that one. I remember listening to the radio that night,

June 24, 2014

WWNC, it was quite a shock because he was certainly a giant in North Carolina politics and in our community, and it appeared Senator Nesbitt was not going to be successful that night. Maybe he had this saying in quotations somewhere in the back of his head, he said something I will never forget, he said, 'There isn't a rider who's never been thrown, hadn't been a horse, that's never been rode'. He just had a unique ability to say the right thing in the right way, and in a simple way that anyone could understand. We are going to miss him greatly. He made so many contributions to our State, and unfortunately I hate that we really didn't have an opportunity to say goodbye to him in a better way, but his legacy is great to his family and to all those who were touched by him. Our deepest sympathies go to them.

"I commend the resolution to the Body."

REMARKS BY REPRESENTATIVE MICHAUX

"I have known two giant men from the Mountains. One of them was Liston Ramsey, who served as Speaker, and as I understand it from Martin Nesbitt, Liston Ramsey was one of his idols. The other one was Martin Nesbitt. Now you know it is hard to talk about your friend, but Martin got to be a friend. In 1991, when Dan Blue became Speaker of the House, one of the best appointments that he made at that time, he made two people co-chairs of Appropriations. One was Martin Nesbitt and the other was David Diamont. Dave was a good man but Martin was much more of a mountain man than David. Martin really took not only the mountain under his wings at that time but took the rest of the State under his wings. He would always go for the little guy, he was always that way. But I think my fondest memory of Martin was that Martin was a member of the original 'Gang of Eight'. Now for those of you who don't know I carry in my pocket still today the list of the 'Gang of Eight'. We were the group that kept this General Assembly in Session until December because we did not want a tax increase – you hear me, Republicans. The eight of us: Alma Adams, Dan Blue, Toby Fitch, Bob Hensley, Howard Hunter, Mary McAllister, Yours Truly, and Martin Nesbitt. We sat here – we made this Body sit here until we decided that if you are going to have a tax increase it was not going to be what you asked for but what we asked for, and that is when the one cent tax increase was raised in December of that year. But Martin stuck by his rules - he stuck by what he believed in and he always said 'that you've got to go for broke, you've got to go help people out'. These are the reasons that they sent us to this Body. I recall a saying from Dante's Inferno - 'the hottest places in hell are reserved for those who take position in neutrality in the face of a moral crisis'.

June 24, 2014

"Martin Nesbitt never failed to take a position on what he believed was right; what he believed was best for the people of this State and he stuck by it and this is why we know Martin is up there looking down on us - not down there looking up at us - because he believed it. Those who did not know him you really missed a treat - the treat of your life.

"So, I guess it is just one of those things that here again as a friend, as a good friend, there are many things I could tell you about the fights that all of us went through to get things done, but the one thing that stood out about Martin was that he was his own man and looked out for the people in being his own man. That's it folks, he was just a great guy. He will be missed, his wisdom will be missed. It is like that song that has ended but his memory lingers on. I commend the resolution to you."

REMARKS BY REPRESENTATIVE LUCAS

"When I arrived at the legislature in 2001, one of the first persons to greet me was then Representative Martin Nesbitt. Representative Nesbitt was known as an accomplished debater, and I keenly observed his prowess as he eloquently debated on the House floor."

REMARKS BY REPRESENTATIVE G. MARTIN

"I came to the House just a few months after Senator Nesbitt had made the lateral move to our Body across the hallway, but immediately became aware of his presence. I have many good memories of him; one of which was when we were chairing a joint select committee on Emergency Management together. I would show up at his office for a planned meeting to talk about the business of the committee. Inevitably, an hour later we'd find ourselves having delved into every other topic known to man. Racing, mental health, veterans, more race cars, and still more race cars, and then completely neglect the business of our committee, and walked away from it feeling like we'd had time well spent.

"That said though, one of my favorite memories of Senator Nesbitt was an encounter with his nature as a fighter and a fighter for things he believed in for his people, for the west, for the mountains. I chaired the Transportation Appropriations Subcommittee and had the misfortune of having a budget that someone else had amended to do something messing with funding for the roads out west. I had nothing to do with it, I was just chairing the committee, and got in his way, and we engaged in an extremely heated - almost a shouting match - outside the committee room. I came away from it not really sure what I was being yelled at for. Martin came away from it thinking that was just business as usual. I think he was

June 24, 2014

advocating for his people. Once my anger died down, I immediately realized what Martin was doing and I'd been in the presence of greatness and had received a butt-chewing from one of the best in the business. It's a memory I honestly treasure to this day. Martin was a fighter, he was a fighter from the day he got in here next to Representative Colton in 1979. He fought for his people until the day he died. That's an example for all of us to emulate. I commend the resolution to you."

REMARKS BY REPRESENTATIVE INSKO

"Ladies and Gentlemen of the House, It was my honor, my privilege and... I guess my challenge... to serve with Senator Nesbitt as co-chair of the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities and Substance Abuse Services. Senator Nesbitt didn't come to this task with a lot of experience and expertise on these complex issues but he plunged in with the same energy, passion, and determination he gave to anything he worked on. He was a quick study. He soon realized the challenges and took them on in a practical, methodical way. He identified top priority issues one after the other and worked to find solutions. He built relationships with people with mental illness, developmental disabilities and addiction disease, their family members, and the providers who cared for them. He was the champion they deserved and I commend the resolution to you. "

REMARKS BY REPRESENTATIVE R. BRAWLEY

"I first met Representative Nesbitt in 1981 when I came down here and I've enjoyed listening to the comments. Representative Nesbitt was a dedicated Statesman, he believed in government, and his government held society together. He worked to be fair to everyone. It was a real joy and a pleasure to work with him and I very much commend this resolution to you."

REMARKS BY REPRESENTATIVE ADAMS

"So much has already been said about this wonderful gentleman from the mountains. I remember I came here in 1994 and he was one of the first persons that I had an opportunity to really talk to. He was a real special gentleman; he was genuine, he was fair, he was hard-working, and he stood his ground always. He did what was right because it was the right thing to do. He didn't care about being politically correct. He wanted to make sure that he did the right thing and he fought for the people and I was just so impressed with him. One of the things I noticed about him, in addition to the fact that he was always very loyal, when I met him he was in the House,

June 24, 2014

he was a leader here. He chaired or co-chaired the Appropriations Committee and I just remember how inclusive he was. I was a freshman and during the budget debate he came over to me. I was sitting on that side over there and he asked me what I thought about something that he thought should be in the bill for Guilford County. I wondered why he was asking me, I was a freshman. He said, 'I want to know what you think.' I said, 'What about my Senator?' He said, 'I don't give a damn about the Senator, you tell me what you think, we're in the House over here.' I really appreciated that about him because he was very concerned about my opinion and, as a matter of fact, we did get that item in the budget.

"I used to tease him a lot because of his beautiful head of hair. He just had a gorgeous head of hair and I used to tease him about that - how good looking he was and all that. He was a very kind and loyal person but I just really appreciated the fact that even as a first year person, he was very concerned about making sure that he included everybody. He fought for his people, he didn't back down, and he did what was right because he believed it was right and I commend the resolution to you."

HOUSE OF REPRESENTATIVES
Wednesday, June 25, 2014

The House meets at 3:30 p.m. pursuant to adjournment and is called to order by Representative T. Moore.

The following prayer is offered by Representative Ken Waddell:

June 25, 2014

"Oh God;

"We begin in a spirit of celebration for this past Saturday, the official first day of summer. We celebrate with the people of the mountains jumping in swimming holes amidst such beauty. We celebrate with the people of the Piedmont splashing around in each other's pools. We celebrate with the people of the coast soaking up the sun on our many beaches. We celebrate with the people of our State swimming and fishing in the rivers and lakes everywhere in between. Today, we celebrate the people of North Carolina because we gather to remember them and represent them in the work of this House.

"We look to the sky and welcome the summer rain into our communities to nourish our fields and crops this farming season. We also pause this morning and ask for You to nourish our very souls because we look around this room at these men and women and see a shared calling. Remind us that we have more in common as North Carolinians even though we easily focus on our differences. Help us celebrate our differences knowing this is where we gather our unique perspectives that enable us to effectively do the work before us. Yet, we also ask that these differences do not become hindrances in our shared work of finding solutions to the problems and needs of our State.

"Before we begin this Session and fall into the political arena of North Carolina, we remember who we are - sons and daughters of God. We pray for each other as husbands and wives, as mothers and fathers, as friends and neighbors. We pray for each person in this room and their families. We all are faced with difficulties and can easily find ourselves in moments of crisis. May You help each of us find Your comforting presence in our times of need. May You also provide us opportunities to become Your comforting presence in each other's lives. Most of all, may You constantly remind us that we are not alone because we are truly Your sons and daughters, brothers and sisters of humanity. As your children, we ask now for Your blessing in our efforts, so that our service and our very lives may be a blessing to the State of North Carolina. Amen."

REPRESENTATIVE DAUGHTRY PRESIDING.

REMARKS BY REPRESENTATIVE W. BRAWLEY

"Jim Gulley has been my friend for 31 years. He was a client when I met him, small businessman. Over the years, many people who had known Jim as a coach, and as a youth leader, or as a mentor have told stories of how Jim had influenced their lives for the better.

"Jim was a loyal friend who never forgot a favor. He was always willing to help a friend in trouble. One did not have to ask; when the chips were down, Jim was there.

"Jim believed being an independent business owner was the best way to live. All entrepreneurs have independence, an ability to control their own destiny. Jim would help anyone start and grow a business.

June 25, 2014

"Jim also gave us an example of courage and dignity as he faced the disease that wasted his body and robbed his strength. Jim left this life with his family around him, living his life as he always had. A man who loved his family, a loyal friend who lived a good life that is an example to us all of how to live according to the words of Micah, Chapter 6, Verse 8:

'He has told you, O man, what is good; and what does the LORD require of you, but to do justice, to love kindness, and to walk humbly with your God.'

"Jim Gulley is my friend, and I miss him."

REMARKS BY REPRESENTATIVE CARNEY

"I rise to speak today about a great man, Representative Jim Gulley. He was a friend of mine but we had a very strong connection through the disease that he lived with throughout the last years of his serving up here and so did my father. Jim and I had the distinct honor of speaking to a group in Charlotte about Parkinson's disease, that foundation. He was such an amazing soldier with his affliction, if you will, as my father used to call it.

"You would never know that by Jim and his courage as Representative Brawley said, but I have to share one thing with you. When I was a freshman and came in here, Jim was here. The first thing Jim told me in a delegation meeting was, 'Becky, when you get to Raleigh, I hope you're going to support my turn left on red bill.' You all know that if you've been here long enough and knew Jim, every Session he ran that bill. To the point when Representative Ruth Easterling, who served the seat that I now serve in, at the ripe ages of 64 to 92; when they did a documentary on her after she retired, they were driving around the capital city with her in the car (she was driving) and as they were making their rounds around the Legislative Building (this was in the documentary). She turned left on red and the gentleman said, 'ma'am, don't you realize you just turned left on red?' and she said, 'yeah, we passed that law.' Which we did not, but that was attributed to Jim and I called him immediately and said, 'guess what, you passed that law in Ruth's opinion.' He was an amazing man and I'm sorry if you did not get to know him. You missed a great opportunity. I commend the resolution to you."

REMARKS BY REPRESENTATIVE PITTMAN

"I only met Representative Gulley a few times. I have known his son, Jim, Jr., for a number of years, and supported him when he ran for the North Carolina House. Most of the times I saw Representative Gulley were in the woods. He was kind enough to allow Jim, Jr. to bring my son, Samuel, and me to hunt with them on some land in Anson County. On one of these trips,

June 25, 2014

my son killed his first deer. You would have thought it was Christmas, the Fourth of July, and his birthday all rolled into one, the way Representative Gulley took pleasure in my son taking his first deer. Representative Gulley was thrilled to be a part of that, and it meant a lot to us. It was just an example of what a kind and generous person Representative Gulley was, and my son and I will never forget it."

REMARKS BY REPRESENTATIVE LUCAS

"Jim Gulley was a Representative who commanded a great deal of quiet respect. When I first came to the General Assembly in 2001, Representative Gulley served as chairman of the Committee on Wildlife. He was very cordial to me and put me at ease with his entertaining hunting stories. He was an avid deer hunter, but he most enjoyed hunting wild boar.

"His greatest legislative ambition was to pass legislation to allow left turns on red lights."

REPRESENTATIVE T. MOORE PRESIDING.

REMARKS BY REPRESENTATIVE G. MARTIN

"Representative Carney and Representative Lucas stole my thunder a little bit on the left turn bill but I do want to keep talking about that. It highlights one of the traits of Jim Gulley, that I admired the most which was his modesty. I think Jim would be a little bit horrified that we were sitting here talking about him so much. But, of course, these resolutions are really more about the living and those of us who are left to move on without folks like Jim. In the end, I wish, if I had thought about it, the way to best honor Jim and to make him the happiest would be I'd offer an amendment to this resolution allowing left turns on red."

REMARKS BY REPRESENTATIVE COTHAM

"It's truly an honor to stand today and reflect and remember our sweet and kind friend, Jim Gulley. Jim and I represented the same town together, a town that we love, called Matthews. We are a suburb of Charlotte, and we worked very hard to benefit our town. Jim loved Matthews and that was very evident because he would go to every event, especially little league baseball. We're pretty competitive and I remember my first term I was invited to opening day at the baseball field and I had three events on a Saturday and I really was not sure what I was getting into. I was not appropriately dressed. I wore high heels to the baseball field and he called me out on it and wanted to know, why was I in high heels in my pearls for little league baseball? And I just said, 'well, you know I always want to look respectful.' And I asked him, 'why are you in that jacket?' and he had

June 25, 2014

this, what I called this retro Matthews jacket, which was from the eighties but to me that was pretty old. I thought you'd like that. But he loved opening day and loved little league and it was the same for our Matthews Alive parade. He had his own signs. I think he violated all of our little town rules about what elected officials are allowed and not allowed to do, but you weren't going to stop Jim, and you weren't certainly going to tell Suzanne; so they just rode down the road.

"Jim and I never had a partisan conversation. We had a lot of pancake breakfasts together down here in the snack bar. We had a lot of discussions. I remember the first time I went to his office and saw all those dead animals on his wall and I was really pretty terrified and a little taken back seeing that enormous hog on his wall, and a little bit uncomfortable. I invited him to my office and that just didn't happen so we would have agreements that we would meet down in the snack bar, and really just kind of talk things out. He used to tell me that I was his favorite Democrat and then he'd say, 'I think you're the only Democrat in Matthews.' But that was the extent of our political conversation and he was always just really sweet. We can't say that about a lot of y'all, but he really was really sweet. He was a really sweet and kind man.

"He was adamant about the left turn on red. I remember Ronnie Sutton chairing the committee and Jim Gulley presenting the bill and, oh, it was just a show. And every time I get stuck right here around this building, I always think, man if I could turn left on red, this would not be a problem. But he was just truly a good person and all around good North Carolinian. He loved his town. He loved his community. He loved his bride. He loved his family. It was an honor to serve with him and to get to know him. And this place is better because of his service. And I whole-heartedly commend the resolution, Mr. Speaker."

REMARKS BY REPRESENTATIVE DAUGHTRY

"Jim Gulley was great friend of mine. He was, I guess, determined to work out something on left turn on red. He was having all kinds of trouble and he came to see me. He said that we need to go out and think of way to get this bill passed. So, he and I went to dinner and we had the brilliant idea that we would have a bill that would only apply around this building because this building is one-way all around. So, he said we will simply try it here and, if it works here, we will expand it all over the State. We drafted a bill that you could turn left on red only around the General Assembly. We took it to the Transportation Committee; he and I both served on that committee during that time, and it failed 16-2. He told me after that vote that he felt real discouraged about the chances of getting this bill passed.

June 25, 2014

"He was a great fellow. I thought so much of him. His grandchildren lived in my district and I got the chance to see him a lot. I miss him and enjoyed serving with him very much."

REMARKS BY REPRESENTATIVE MOBLEY

"I remember Representative Gulley as a very kind man. I thought it was the Agriculture Committee, but it might not have been, but we did serve together on a couple of committees. I thought he was a very gentle man, who always had something very nice to say. I enjoyed the short time that I had to serve with him and appreciate that time. My father was kind of in the same shape that Representative Gulley was in with the disease that removed him from our presence. I remember, I think, it was during the interim when I got the word about his passing. So, I made it a point to send a letter to go in the notebook that was prepared. If there were more of us like Representative Gulley, it would be a better place to live, and I commend the resolution to you."

On motion of Representative Farmer-Butterfield, the following remarks are spread upon the Journal.

REMARKS BY REPRESENTATIVE FARMER-BUTTERFIELD

"Dr. Maya Angelou was one of the most renowned and influential voices of our time, hailed as a global renaissance woman. I had the honor of meeting Dr. Angelou years ago in Washington, D.C.; my last time with her was in Winston-Salem, North Carolina. In both settings Dr. Angelou's words and actions stirred people's souls, energized their bodies, liberated their minds, and healed their hearts. Today I want to share excerpts from one of her well known poems and two of her many quotes that I especially love!

"Phenomenal Woman

Pretty women wonder where my secret lies.
I'm not cute or built to suit a fashion model's size
But when I start to tell them,
They think I'm telling lies.
I say,
It's in the reach of my arms,
The span of my hips,
The stride of my step,
The curl of my lips.
I'm a woman
Phenomenally.
Phenomenal woman,
That's me.

July 1, 2014

I walk into a room
Just as cool as you please,
And to a man,
The fellows stand or
Fall down on their knees.
Then they swarm around me,
A hive of honey bees.
I say,
It's the fire in my eyes,
And the flash of my teeth,
The swing in my waist,
And the joy in my feet.
I'm a woman
Phenomenally.
Phenomenal woman,
That's me.

Men themselves have wondered
What they see in me.
They try so much
But they can't touch
My inner mystery.
When I try to show them,
They say they still can't see.
I say,
It's in the arch of my back,
The sun of my smile,
The ride of my breasts,
The grace of my style.
I'm a woman
Phenomenally.
Phenomenal woman,
That's me.

Now you understand
Just why my head's not bowed.
I don't shout or jump about
Or have to talk real loud.
When you see me passing,
It ought to make you proud.
I say,
It's in the click of my heels,

July 1, 2014

The bend of my hair,
the palm of my hand,
The need for my care.
'Cause I'm a woman
Phenomenally.
Phenomenal woman,
That's me.'

"Each time a woman stands up for herself, without knowing it possibly, without claiming it, she stands up for all women.'

"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel. '

"Dr. Angelou's words inspired and enriched our culture and she always chose words to give her audience and readers peace and power. A beloved friend to some and loved by many!

"I commend the resolution to you."

REMARKS BY REPRESENTATIVE TERRY

"Upon learning of Dr. Angelou's death, my breath was temporarily taken away. It had indeed been a while since I had actually seen her except on TV. Naturally, reflections about how we met came to mind. As these memories surfaced, the thoughts of a woman of courage, conviction, class, commitment and fairness to justice, and love for all people regardless of their position and status came to my mind. If you shared space with her you would never forget her nor her words.

"Maya herself was a 'phenomenal woman', that's why she wrote so passionately about the 'phenomenal woman'. God gave her so many gifts and she shared them freely with the world. My fondest memories of her always resonate through her graciousness. She made all people feel better who were blessed enough to be in her presence.

"She was an author, poet, historian, songwriter, playwright, dancer, stage and screen producer, director, performer, singer, and civil rights activist. She was well known for her books. A very popular one, I Know Why The Caged Bird Sings, was nominated for the National Book Award. The first black woman director in Hollywood, Angelou wrote, produced, directed, and starred in productions for stage, film, and television.

July 1, 2014

"Dr. Angelou served on two presidential committees, was awarded the Presidential Medal of Arts in 2000, the Lincoln Medal in 2008, and has received three Grammy Awards. President Clinton requested that she compose a poem to read at his inauguration in 1993. Dr. Angelou's reading of her poem 'On the Pulse of the Morning' was broadcast live around the world.

"Dr. Angelou has received over 50 honorary degrees and was appointed Reynolds Professor of American Studies at Wake Forest University. Dr. Angelou's words and actions will continue to stir our souls, energize our bodies, liberate our minds, and heal our hearts.

"I wish the world had more women like Dr. Maya Angelou, a woman whom I learned to love and admire over time, a real renaissance woman. Fellow members of this great House, I commend this resolution to you."

REMARKS BY REPRESENTATIVE HOLLEY

"Still I Rise

You may write me down in history
With your bitter, twisted lies,
You may tread me in the very dirt
But still, like dust, I'll rise.

Does my sassiness upset you?
Why are you beset with gloom?
'Cause I walk like I've got oil wells
Pumping in my living room.

Just like moons and like suns,
With the certainty of tides,
Just like hopes springing high,
Still I'll rise.

Did you want to see me broken?
Bowed head and lowered eyes?
Shoulders falling down like teardrops.
Weakened by my soulful cries.

Does my haughtiness offend you?
Don't you take it awful hard
'Cause I laugh like I've got gold mines
Diggin' in my own back yard.

July 1, 2014

You may shoot me with your words,
 You may cut me with your eyes,
 You may kill me with your hatefulness,
 But still, like air, I'll rise.

Does my sexiness upset you?
 Does it come as a surprise
 That I dance like I've got diamonds
 At the meeting of my thighs?

Out of the huts of history's shame
 I rise
 Up from a past that's rooted in pain
 I rise
 I'm a black ocean, leaping and wide,
 Welling and swelling I bear in the tide.
 Leaving behind nights of terror and fear
 I rise
 Into a daybreak that's wondrously clear
 I rise
 Bringing the gifts that my ancestors gave,
 I am the dream and the hope of the slave.
 I rise
 I rise
 I rise."

REMARKS BY REPRESENTATIVE MICHAUX

"It was my privilege to have been in the company of this great lady on many occasions and to have visited in her home in Winston-Salem. North Carolina should be proud that she chose our State to be her home. On the occasions that I was in her presence I always left with the feeling that she was a Tower of Power - our Rock of Ages because of the aura that surrounded her.

"Maya Angelou wrote of the trials and tribulations of a black woman growing up in the land of the free shackled by the bonds of poverty and racism. She knew that being black was not defined by the color of the skin but the condition of the mind. So early on in life she developed the mind-set to succeed in spite of. I guess one can best describe the mind-set she developed by playing on the words of Dean Alfange - 'She chose not be a common woman because she conditioned her mind to be uncommon. She sought opportunity not security. She did not wish to be a kept citizen humbled and dulled by having the State look after her. She took the calculated risk to dream and to build, to fail and to succeed. She refused to barter incentive

July 1, 2014

for a dole. She preferred the challenge of life to the guaranteed existence - the thrill of fulfillment to the stale calm of utopia. She did not trade freedom for beneficence nor her dignity for a handout. She never cowered before any master nor bent to any threat. She recognized that her heritage was to stand erect, proud and unafraid, to think and act for herself, enjoy the benefit of her creations and to face the world boldly and say, "THIS I HAVE DONE".

"She was a teacher who taught us through the written word that we as a race can overcome those barriers that have been put upon us - how to take those things and turn them into contributing factors. She taught us, both black and white to understand the beauty of diversity - that the only melodies of beauty coming from a piano are when the black and white keys are played together. She taught us that we have made - and are still making great contributions to our way of life in this the greatest country on earth. This Tower of Power - this Rock of Ages has through her written words, her experiences as not only a black woman but as a woman, as a human being - the mind-set necessary to achieve - a mind-set that will help us all to a brighter more fulfilling tomorrow.

"There is so much more I can say about this great lady but she says everything so eloquently in her own words which I challenge all to read and understand.

"As she passes on with the pantheon of others who wrote so passionately about life - Langston Hughes, Paul Lawrence Dunbar, Richard Wright, Chester Himes, Amiri Baraki and those who have made significant contributions to our society in spite of, I think it only fitting and proper that her final benediction be taken from the words of Reverend Purlie upon the completion of the funeral services for the plantation owner that was held in the small black church on the plantation:

"Today my friends, I find in being black a thing of beauty.
A joy, a secret cup of gladness, a native land in neither time
nor place, a native land in every black person's face. Be loyal
to yourself, your hair, your lips, your southern speech, your
laughing kindness - a black person's kingdom is vast as any
other. Accept in full the sweetness of your blackness not
wishing to be white, nor red, nor yellow, nor any other race or
face but this.

"Farewell my deep and Africanic brothers and sisters. Be
brave. Keep freedom in the family, do what you can for the
white folks and write me in care of the heavenly post office.

July 1, 2014

"And now may the Constitution of the United States go with you, the Declaration of Independence stand by you, the Bill of Rights protect you and your own dreams be your own reality henceforth now and forever more. "

REMARKS BY REPRESENTATIVE LAMBETH

"Maya Angelou and I were introduced to Wake Forest University at about the same time - she as the featured speaker at DeTamble Auditorium and I as a freshman accountant in the Finance Department of the Wake Forest Medical Center.

"I think it appropriate that her memorial service was announced as 'A Celebration of Rising Joy' for anyone who knew Dr. Angelou, heard her speak, or read any of her literary works knows she was a deep and devout woman of faith.

"Dr. Ed Wilson, Provost Emeritus of Wake Forest, was one of the many dignitaries who spoke at Dr. Angelou's service. He eloquently described her as, 'an enormously gifted woman who would have been welcome anywhere in the land but she chose to come to this Southern university and make it her home . . . I think because somehow she knew that besides honoring her, we would love her, and we wanted her as a companion.' As her colleague and fellow teacher, Dr. Wilson remembered her as one who taught from her soul and wanted to learn from the hearts of the students who were entrusted to her care.

"I personally recall how popular Dr. Angelou's classes were; they always filled up quickly.

"Dr. Angelou was a renowned artist, professor, a master of words and an ambassador for courage and truth. Of courage, she wrote:

"Courage is the most important of all virtues because without courage, you can't practice any other virtue consistently. History, despite its wrenching pain, cannot be relived but if faced with courage, need not be lived again."

REMARKS BY REPRESENTATIVE ADAMS

"I've learned that no matter what happens or how bad it seems today, life does go on and it will be better tomorrow. I've learned that you can tell a lot about a person by the way he or she handles these three things: a rainy day, lost luggage, and entangled Christmas tree lights. I've learned that regardless of your relationship with your parents, you'll miss them when

July 1, 2014

they are gone from your life. I've learned that making a living is not the same thing as making a life. I've learned that life sometimes gives you a second chance. I've learned that you shouldn't go through life with a catcher's mitt on both hands because you need to be able to throw some things back. I've learned that whenever I decide something with an open heart, I usually make the right decision. I've learned that even when I have pains, I don't have to be a pain. I've learned that every day you should reach out and touch someone because people love a warm hug or just a friendly pat on the back. I've learned I still have a lot to learn. These incredible life lessons are described in the words of a remarkable, gifted writer, renowned poet, actress, trail blazer, activist, teacher, and mother, phenomenal Dr. Maya Angelou. Dr. Angelou served to inspire generations over her lifetime which spanned more than eight and a half decades. What a blessing she's been and will continue to be.

"I had the pleasure of meeting Dr. Angelou and being in her presence many times. She was a frequent visitor on the campus of Bennett College, interacting in formal and informal settings with our students and even serving on our Board of Trustees there. She was community oriented and during her early years she made appearances in various locations and events throughout the Triad area. I always made my way to wherever she was to hear her powerful poetic messages. Always in awe, I was always inspired and mesmerized by her presence. On May 28th, our State, our Nation, and our world lost an incredible humanitarian, skillful writer, and extraordinary orator whose poetries spanned our journey, chronicled our hearts, and documented our struggles as we moved from the orations of Martin Luther King, Jr. to the presidency of Barack Obama.

"It was an extraordinary honor for me to attend her funeral several weeks ago and to witness the celebration of her amazing life with musical and historical legends. Dr. Angelou was indeed a phenomenal woman. She was a role model; she was a hero and an arousing spirit who loved who she was. She taught others, especially African American women and young girls, to embrace themselves and to acknowledge their greatness. She was rooted in culture and grounded in the goodness of the earth. Dr. Angelou has vividly articulated her love and sense of pride in her amazing famous poetic renditions of 'Phenomenal Woman' as you've heard already. This writing was among thousands including her best known book [I Know Why The Caged Bird Sings](#). They've demonstrated her talent for weaving words into songs and songs into melodies. She was versatile, she was focused, she was fixated on humanity and helping to bring love and kindness into this world, and indeed she did that. Like every great artist she emerged from a deep and sorrowful struggle to reveal a beautiful, confident, calm, and wise soul; and she used that struggle to transform herself, and she made us

July 1, 2014

believe that we too could transform ourselves. I truly thank God today for the life of this remarkable woman, Dr. Maya Angelou, who was indeed phenomenal. Whose phenomenal inner strength and creative genius woke up this nation and caused us to take a good look at ourselves and how we should treat one another. Reminding us of the quote that you've already heard, 'people will forget what you said, people will forget what you did, but people will never forget how you made them feel.'

"Mr. Speaker, ladies and gentlemen of this House, I'm pleased to support this resolution and I commend it to you."

REMARKS BY REPRESENTATIVE MOBLEY

"I won't be long, but I just did not realize that this woman was as great as she is and how I learned from her until I started to listen to some of the things that were said about her during her passing. I have a habit of stopping people sometimes when they call me by my first name and they really don't know me and I found out during the week of her passing that she did that. She would stop them and say, 'no, I'm not Maya, I'm Dr. Angelou.' So when I stop people from calling me by my first name, my defense of that is saying, 'well, you don't know me, so how do you feel you can call me Annie?' I think that's just the times we're living in. I think she was a phenomenal woman and she has taught me to be just that as well. I'm going to close with this quote from her, 'Life is not measured by the number of breaths we take but by the moments that take our breath away.' Thank you."

July 10, 2014

"Today, we come before Your presence asking for guidance as we complete this Session. Our patience is growing thin and our tempers are growing short. In the midst of all the frustration, we ask that You refresh us. Give us a calm spirit and a willing heart with discernment and wisdom in making decisions that affect the lives of so many people in North Carolina.

"As the Great Physician, we ask for Your healing hand to be placed on members of our Assembly, who are facing serious health conditions. Grant them Your comfort and strength through these trying times. We step forward with boldness to ask that miracles be worked in their bodies.

"Today, as every day, we raise up our military men and women who willingly protect the freedoms that surround us all. Place a hedge of protection around each one as they serve around the world and at home. Be with their families who also sacrifice so much - relieve their anxieties and give them comfort when they are separated from their loved ones.

"This I pray in the Name of my Lord and Savior, Jesus Christ. Amen."

"Length of days is in her right hand; and in her left hand riches and honour.

"Her ways are ways of pleasantness, and all her paths are peace.

"She is a tree of life to them that lay hold upon her: and happy is every one that retaineth her.

"The Lord by wisdom hath founded the earth; by understanding hath he established the heavens.

"By his knowledge the depths are broken up, and the clouds drop down the dew.

"My son, let not them depart from thine eyes: keep sound wisdom and discretion:

"So shall they be life unto thy soul, and grace to thy neck.

"Then shalt thou walk in thy way safely, and thy foot shall not stumble.

H.R. 1277, A HOUSE RESOLUTION HONORS THE LIFE AND MEMORY OF REPRESENTATIVE JAMES SPENCER "JIM" FULGHUM III, MD.

The resolution is adopted, by electronic vote (110-0), and ordered printed.

On motion of Representative Dollar, the following remarks are spread upon the Journal.

REMARKS BY REPRESENTATIVE STAM

"Jim Fulghum - what a man. What a healer. What a sweet voice of reason he was here. I have a thought experiment for you. There are ninety-three men here. I want the women to vote on this. What if we had ninety-three Jim Fulghums, with a proportionate number of them being Democrats and all sorts of ideological differences. But what if we had ninety-three people like him? This place would be different. It would be a very pleasurable place, reason would prevail, and we would have long ago adjourned.

July 24, 2014

"I'd like to close with this because the very first time I met Jim was about thirty-five years ago when he invited me to his Saturday morning Bible study. He studied the Bible a lot. And this Psalm reminds me a lot of Jim Fulghum - the First Psalm:

"Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the LORD; and in his law does he meditate day and night. He will be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; whatever he does will prosper."

"That's Jim Fulghum."

REMARKS BY REPRESENTATIVE DOLLAR

"You know, we come together today and in the services that have preceded today and, in part, we mourn. We mourn the loss of a family member. We mourn the loss of a friend, colleague, and a great contributor to our community, to our State, and our Nation.

"But more than that we celebrate the life. We all know that Jim Fulghum had more to contribute...more to contribute in all of these areas. But what's most important is that we celebrate the contributions that he gave while he was here. We never know the number of our days or the years of our lives. But it is always a life well-lived, well-served, faithful when you can look back on the life of Jim Fulghum, when you can look at the mark that he made on people's bodies, on their minds, on their souls, on their hearts.

"You know that Jim Fulghum's life was the type of life God intends for all of us. And we can always take that example, put it in our hearts, put it in our lives, and let it help us live out our days so that one day when we pass, folks can look at us and say, 'That's the type of life God intends for us to live.' He exemplified that in all ways, and I commend the resolution to you."

REMARKS BY REPRESENTATIVE AVILA

"Jim Fulghum was an overnight success in politics - at least that's the way it looked to the outside world. He ran for office, he won and he came to sit in this seat to my left. But for those of us in Wake County, we know that Jim Fulghum spent a lot of time in politics. It was in the background. He was a very strong supporter and he was someone you could count on.

July 24, 2014

"And even through those years when he built up those connections and those bases of power, if you want to refer to them that way, I don't know that I have ever met a more humble, self-effacing man. Worked for his State and cared so much for the people that he came here to legislate for and that he spent thirty-five years of his life healing, in a literal sense.

"And we'll speak a lot of flowy, glowing words here, but none of them can really capture the essence of who the man was and what he leaves behind with his family and with all the people's lives that he touched in the years that he served as a healer, a legislator, a supporter of the arts. And I would just ask that we would all, in some small way, try to emulate the life that Jim Fulghum lived. I recommend the resolution to you."

REMARKS BY REPRESENTATIVE G. MARTIN

"Members, I, like some of the folks here, had an opportunity to know Jim before his 'overnight' success in politics. I came to know him as Emily's dad. Emily and Patrick are good friends of Louise and mine. I was pleased to see that Jim sought to represent, what before redistricting was a portion of my old district. And it's a portion of my old district that, I think was much happier having Jim represent them than they were with my representation.

"Jim, as you may already have known or have learned since his passing, was a soldier who volunteered to serve in Desert Storm. Clearly he had the heart of a soldier. What you may not know is that he also had the kidney of a soldier. His son-in-law, Patrick Roberson, was a dentist with the 82nd Airborne Division and gave his kidney to Jim. So you can see that Jim's legacy is perpetuated in the kind of person that his daughter married.

"Heart of a soldier, kidney of a soldier, but in the end the reason we love Jim, and what made him such an effective legislator was that he had a heart full of compassion. Whether you viewed him as a compassionate conservative, I don't know, but his compassion was an example those of us on the left and on the right should seek to emulate.

"Mr. Speaker, I almost regret that we're doing this resolution now. I enjoy these resolutions when they are a year after the passing of a dear one because we can look back and cry a little more, but also laugh. And I'm just not in the mood to laugh about Jim's passing right now at all.

"I can tell you in the end, even after all his work in the community as a doctor, as a volunteer, as a soldier, and here in the General Assembly, in the end Jim's legacy is going to live on in his family. If you haven't already, I would like to encourage you to meet his granddaughter, Margaret Roberson, who is a force of nature in her own right and may very well end up here in a few decades, and possibly be just as good as her granddaddy was.

July 24, 2014

"As the Speaker Pro Tem, my friend from Wake County said, it would be nice if we could have seventy-three or a hundred and twenty Jim Fulghums. Regretfully, that's an impossibility. But if all one-hundred and twenty of us can seek in some small way to emulate Jim's compassion, this would be a lot better place. Thank you."

REMARKS BY REPRESENTATIVE MILLIS

"It is a tremendous honor and privilege that I get a chance to rise up and speak a little bit about Dr. Fulghum. As a fellow freshman legislator, it's very unfortunate that I've only been able to spend two years with Dr. Fulghum. And really all the stories and all the actual perspective, all the insight into his character and integrity, I've only had the ability to actually experience that over this last twenty-four months or less.

"I do want to share with you one story that is really ingrained in my mind, and is kind of burned in my heart that really represents a lot of Dr. Fulghum's character. I don't know if you all remember, but there was a bill that came before us - it may have been one of the first bills that Dr. Fulghum had the opportunity to bring before the rest of the Body - and that was House Bill 105, which had a Senate companion, Senate Bill 98, that actually made it into Session Law. But Dr. Fulghum brought before us House Bill 105, which had to do with the actual screening of newborns to be able to reveal aspects of some possible heart issues.

"I don't know if you recall or not, but the bill was actually heard on a Thursday, and because of the nature of the bill it was only able to be heard for a second reading. A third was not allowed on that very same day. And Dr. Fulghum stood up and asked the Speaker, 'why is there not a third reading?' And I think it was basically kind of put out there from Representative Moore that it had to be heard separately on a third day by the Rules. And Dr. Fulghum stood up and asked for a suspension of the Rules. And there was some murmur and some clamoring. You know, 'well, it might not be good to suspend the Rules for this one bill.' You know, just kind of be patient, kind of wait on that, aspect.

"But I really think it shows a lot about Dr. Fulghum's character in the fact that he had a tremendous sense of urgency about the lives that that bill would have protected, the infants that were being born that could have had that screening and the ability for doctors to be able to realize there may be an actually initial heart defect and from there to be able to save that child's life.

July 24, 2014

"And the ironic thing about it is Dr. Fulghum stood here asking for a suspension of Rules because of those children and their lives, and who would have known that his very life was in question at that time. I think it shows a tremendous aspect about his character and integrity, and I'm very humbled to have the opportunity to serve with him. He was a tremendous, and an actual great man. I commend the resolution to you, Mr. Speaker."

REMARKS BY REPRESENTATIVE STARNES

"Ladies and gentlemen of the House, as the Bible says in Ecclesiastes, there is a time for everything under the earth, a season for every purpose. A time to be born and a time to die.

"Dr. Fulghum, you've heard from the testimonies here, certainly taught us how to live, but he also taught us how to die. Rarely have I seen a man touch as many people in the way that he died. The beautiful service that he had yesterday at his funeral was just a living testimony to the type of person he was. We have all benefited from his life. I commend the resolution to you."

REMARKS BY REPRESENTATIVE MURRY

"I got to know Dr. Fulghum before I was in politics. I'm very confident he was politically active, but I got to know him as a prescriber, I got to know his patients - mutual patients that we shared. I'm going to miss him as a physician in this Body. We don't have another physician that's going to serve, that's running to serve - we're not going to have that, in the entire General Assembly for the next three years. Mark Hollo is a physician's assistant and he's retiring this year. I don't like being the only one that knows stuff about medicine in this Body. It's nice to have somebody else we can rely on. We're going to miss that in the rest of this Session and through the next biennium.

"I got to know Dr. Fulghum through mutual patients, and not every patient likes their doctor. Everybody, I mean everybody, liked Dr. Fulghum. He was an entrepreneur but a real caregiver, and he gave care to *us*. I won't ask you to raise your hand, but how many folks got a prescription written by Dr. Fulghum while we were in Session? He took care of us. *He* took care of *us*.

"I think we need to lift his family up in our prayers on a continual basis as they deal with this. The State of North Carolina lost a caregiver the past seven days, and we celebrate his life. I commend the resolution to you."

July 24, 2014

REMARKS BY REPRESENTATIVE FARMER-BUTTERFIELD

"I served on Health and Human Services, the full Appropriations Committee, and Regulatory Reform with Dr. Fulghum. He and I often spoke about issues of importance. We talked about issues from Medicaid to infant screening to people with intellectual developmental disabilities and, indeed, tanning beds. And we compared notes and we often respected each other's opinion, regardless of party.

"And to me, he was a calm spirit who felt good about himself and within himself. The State of North Carolina is far better off because of his services to this Body and to his patients. Everyone who was at his visitation this week can attest to the fact that he was a very special and important gentleman. How many people would stand in line for one or two hours at a visitation to acknowledge the family and express honor and appreciation for such a gentleman as Dr. Jim Fulghum. I am so honored and pleased that I had an opportunity to get to know him and become a colleague and a friend. Thank you. I commend the resolution to you."

REMARKS BY REPRESENTATIVE JONES

"It is indeed an honor and a privilege to be able to stand and speak about our friend Jim Fulghum. I got to know him during his term in the legislature. We worked together a lot, primarily on health issues and those may be the issues he will mainly be remembered for here, but he also had a passion and a knowledge and understanding on a wide array of issues, and we worked on other things as well.

"You know, I may be a bit biased, but I tend to think that doctors make good legislators. We are not really trained in rhetoric, but we are trained to look at the facts and try to make good determinations. Unfortunately, we do not have very many health care providers in the General Assembly... we are greatly outnumbered by attorneys and Dr. Fulghum and I talked about that. But all joking aside, it was indeed a pleasure to get to know him and to work with him.

"I will say that I had the opportunity to have an extended conversation with him just after he had his last procedure done, and the diagnosis at that point was apparent. He knew what it meant and I knew what it meant. We had a conversation together about our faith. I want to say that Dr. Jim Fulghum is remembered as a great physician, small 'g', small 'p'. But, he knew the Great Physician, large 'G', large 'P'. He knew his Lord, and as has been said earlier, he was certainly an example to us in his life, and I think he was an example to us in his death and the way that he approached death.

July 24, 2014

"Mr. Speaker, I commend the resolution."

REMARKS BY REPRESENTATIVE CUNNINGHAM

"A couple of weeks ago I came in. I had a toothache and I called Dr. Fulghum's son-in-law. And, of course, I couldn't get him. I was hurting so bad, and I said, 'Lord, let me go over here and find out who can help me.' So I went over to Dr. Fulghum and asked him to write me a prescription. And he looked at me and he asked me all the things that you ask about the allergies and things like that. And he went ahead and he wrote it and he told me what to do. And I looked at him and I said, 'Dr. Fulghum, did you support my resolution on the suicide prevention?' And he said, 'yes, I did, Representative Cunningham.' And I said, 'thank you very much.' But I noticed he was a little slow getting his prescription. I didn't know how bad his condition was.

"But anyway, I went on and I did what I needed to do, and then I found out that he had gotten sick. And lo and behold, on the same day his service was, I was unable to get down here because of that same tooth, I had to go have it pulled. And I thought that it was such a coincidence that there he was available to me to service me, and he did just that. And that's what people do that are in healthcare. That's the compassion that comes about. They never stop caring. They don't care where you come from. They don't care where you end up. And he was that type of person because, people may not know, but we did have conversations. I would call his office. We would have brief conversations and he would talk to me on the phone. We didn't always talk out in the hall or in the Chamber, but he was very cordial and I found him to be a very likable person. And I commend the resolution to you."

REMARKS BY REPRESENTATIVE S. MARTIN

"I am honored to have the opportunity to stand before you and recognize our colleague, Dr. Fulghum. He was truly one of the first friends I made up here because he came out to support me while we were just candidates. I had a medical event and he came down to my district and came to my event and became one of my friends even before we both won our elections. We served together on Health and Human Services and it's just amazing that you could see that light in his eyes, that kind of spirit he had, that quiet, compassionate, loving spirit. And it was great that he had such intellect and was always just so calm because I am a real muller and I like to really ponder things and really consider the information. I don't really enjoy this environment when we're sometimes forced to make fast

July 24, 2014

decisions. I like to have more and more information before having to commit and so he was just a great asset to me in Health and Human Services to come up and be able to say, 'what do you think about this and what do you think about that?' and always with that smile that they talked about at his service yesterday and the light in his eyes. That spirit is really hard to capture in words.

"We had a great freshman group that did 'Inappropriations', as we called it and we met regularly during the interim time to dig into these issues, and we had some great conversations. It was at one of those 'Inappropriations' meetings that he first shared that he had been approached about running for the Senate, and you could tell this was a little troubling to him and he pulled me aside and we talked about it and he said he was considering this opportunity. He was concerned about us and what we would need in the House. It wasn't about him and I said I thought it was exciting and I was thinking this might really help us in the House and Senate if they could have someone like Dr. Fulghum in their Chamber, who also loved us, that could really benefit us. I said I will pray with you about the decision as you go forward and keep it in confidence. It just goes to show that he was always thinking about other people. I will miss him terribly in this Body, but am proud to have known him. He was a great person. I thank you for the opportunity to stand and speak about him.

"I commend the resolution to you."

REMARKS BY REPRESENTATIVE ARP

"I too enjoyed getting to know Dr. Jim Fulghum as a freshman. We had a great class come in and his personality, his calmness, and his intellect was so endearing. He had two things I think would make each of us serving in this Body successful and that is a heart and a mind.

"I was talking with a friend of mine this past week and as we reflected on things. He said, 'I am not so much afraid of failing, if I am in God's will, but what I am afraid of is being successful in that which does not matter.'

"We all, at the end of our lives, want to look back and believe we lived a life that matters, that we did something. Jim Fulghum did that. Jim lived a life that mattered and for that I want to thank him and his family. I'm going to miss him and his friendship.

"I commend the resolution to you."

July 24, 2014

REMARKS BY REPRESENTATIVE CARNEY

"I debated about standing up today. Representative Grier Martin was right; the day after such an amazing service yesterday that was extremely powerful, it's hard to come in here today and eulogize among ourselves a colleague that some of you only knew briefly and some of us had known a long time.

"So I'm going to try to go back just a little bit and share with you. I won't share much because some of it you don't want shared, but Mary Susan Kirk Fulghum and I share one thing: we were 1963, Class of '63 graduates at Needham Broughton High School. And we both fell in love and became high school sweethearts with graduates of the Class of '62. Jim was one of those. I am here today to tell you that the man you knew today was the man that I knew as a young man in high school. What a tribute to say that he lived the life that he ended with, that he started with. He changed lives; life didn't change him. What a man.

"I was moved yesterday by several speeches that were made by the witnesses, and I hope those of you that were there were too. They were all three different. They all three gave a different perspective of Representative Dr. Jim Fulghum. But I want to tell you, he was in my office a couple of times sharing with me and my legislative assistant, who also attended Broughton, several of the stories from back then and jogged my memory. And we had several good laughs...several good laughs from those days there.

"But I will say that on this earth, when we live, we encounter a bright star among us. And when there's a bright star on this earth, you can be assured that they're an even brighter star in the heavens. I commend the resolution to you."

REMARKS BY REPRESENTATIVE S. ROSS

"You know, you hear the term 'go-to' guy a lot, and I've heard that said about Jim. Jim sat right behind me and became my 'go-to' guy because I always valued his opinion. He was one of the smartest individuals that I knew. He also became my friend.

"Jim was one of the most compassionate, sincere individuals that I've ever known. And the other night, when I was at the church and stood in that line that was mentioned a few moments ago, I had a lot of time to talk to a lot of different people. I talked to friends, I talked to colleagues, I talked to patients, I talked to people that had gone to school with Jim. And the description that each and every person would give of Dr. Fulghum was

July 24, 2014

exactly the same. People that went to school with him loved him; patients loved him, and just a tremendous, tremendous outpouring of how people felt about what this man really was. I had my opinion that I had formed and, as I said earlier, sincere, dedicated - he was just a great guy. That was confirmed many, many times over the other night by so many people from so many different parts of Jim's life.

"And, you know, walking away from it, walking back to the building the other night I was thinking, what a man, what a doctor, what a father, and what a Representative and true public servant.

"I commend the resolution to you."

REMARKS BY REPRESENTATIVE HOLLO

"As we hear and read about the many accomplishments of Jim, it reminds me of some words from the Book of Matthew:

'Well done, thou good and faithful servant.'

"I commend the resolution to you."

REMARKS BY REPRESENTATIVE WELLS

"Jim Fulghum was a healer, but he was more than that. He was a warrior. A lot of us are here today because of work he did over the last twenty and thirty-plus years, in Wake County and across the State. Some of you might not agree with his philosophical inclinations. I, for one, was glad we agreed most of the time. I certainly didn't want to be on the other side of Jim Fulghum in a debate or any kind of fight. He was the kind of guy you could go to for help.

"Years, before there was a FOX News or an internet or any other diverse media, some folks here decided we needed to diversify our local media a bit. So they looked into buying a local radio station - a pretty powerful radio station. You needed money to do that, you needed a commitment, you needed folks with a backbone because this was not a community that was open-armed to conservative views. That was before you elected folks of our party to public office here whether city-wide or by district. Jim Fulghum was the kind of man you went to when you needed help.

July 24, 2014

"Years before we would dream of having a two-party House, when the idea of even having a super majority on this side was a fantasy, Jim Fulghum stood up and fought for conservative efforts, for the conservative cause, for a chance to diversify the State debate so that we had opposing views and so that those could be voiced.

"When there was an opportunity to buy a television station in Fayetteville and beam it into Raleigh so that we could offer an alternative to local media, Jim Fulghum was there. When candidates were fighting for nomination, Jim Fulghum was there with his heart and mind and wallet. He was there with his mind on the Board of the John Locke Foundation where we had many policy debates and those were not ideas that we took lightly. As we went through our debates, Jim was a good man to have in the room as he was in every effort and I guess that's the best thing I can say about him.

"Jim was a good man and this Body is not as good a place with him gone, and neither is this world."

REMARKS BY REPRESENTATIVE SPECIALE

"Ronald Reagan once said that people go their entire lives wondering if they've made a difference, but the Marines don't have that problem. I'd like to reword that and say many people spend their entire lives wondering if they made a difference to the world, but Jim Fulghum didn't have that problem. He did make a difference to the world; warrior, healer, lawmaker, family man.

"There are many things that can be said about us as we look back on our lives as our time comes to an end. Oh, he was a rich man, or he was a big man, or he was an important man, or he was a lawmaker, or he was this or he was that. But there is one thing that can be said that's a very simple phrase and I think it bestows the best honor on you or anyone else, particularly on Jim, and that is that he was a good man!

"After seventy years, we are all sitting here looking at him, for many of us a short time that we knew him. I didn't know him for very long, just since I've been up here. I didn't have many interactions with him, but the few that I did very quickly told me he was a good man and he was an honorable man. I commend this resolution to you."

July 24, 2014

REMARKS BY REPRESENTATIVE CATLIN

"I see this planet that we live on as a spaceship that God has made, and that Jim was one of our best astronauts on this spaceship. He traveled around the sun seventy times. The sun traveled around the galaxy. The galaxy travels through the universe only to a destination that God knows. And now Jim has stepped off this planet, stepped off this spaceship, and now he knows where we're going and why.

"This morning I took a walk and I thought about him a lot, and I could feel him here. As I was walking through a park and I would see dogs and I'd pet them, and I could feel him. I went to a coffee shop and sat outside, and birds sat on the table and looked at me, and I could feel him. And when I walked through the hall of the sixth floor of the LOB, I could feel him. And I miss him, and always will. I commend the resolution."

REMARKS BY REPRESENTATIVE FORD

"In 2012, the first time Dr. Fulghum and I had a long talk, he found out that I ran against a doctor in my primary and I beat him. That was our first long conversation, and he was really interested in that. And I knew if he'd have been the opponent, there's no way I would have won. But this particular doctor I did win, and that was our first long conversation.

"We talked about politics and we talked about our careers. And he seemed as interested in mine as I was in his, even though I didn't know half of what he was talking about. And when we'd get in here on certain bills, especially anything that had to do with medicine I would weigh...Man, I'd listen to everything this guy said because I knew I knew nothing. Let's see, I got a first aid merit badge. That was about it. But he would look at me and ask me when it came to local government and local bills. I don't think he really needed my help, but I was glad to tell him how to vote. And we had a great time with that and joked about it and everything.

"It was a joy last summer to go down to his farm. And he cooked some awesome barbeque, I can tell you that, and we had a great time there. And it's been a joy to serve with him here...

"I just want to say one more thing if I can get it out...I'm sorry...

"The last thing he said to me was something he said to me several times: 'Peace be with you, my son.' Peace be with you, Dr. Fulghum."

ONE HUNDRED FIFTY-FOURTH DAY

HOUSE OF REPRESENTATIVES
Friday, August 1, 2014

The House meets at 10:00 a.m. pursuant to adjournment and is called to order by the Speaker.

The following prayer is offered by Representative Rick Glazier:

"We can not only pray to You, God, to end war;
For we know that You have made the world in such a way
That we must find the path to peace
Within ourselves and with our neighbors.

"We can not only pray to You
To end starvation;
For You have already given us the resources
With which to feed the entire world
If only we would use them wisely;

"We can not only pray to You
To root out prejudice;
For You have given us eyes
With which to see the good in and equality of all people
If only we would use them tolerantly and rightly.

"We can not only pray to You
To end despair;
For You have already given us the power
To clear away poverty and provide hope,
If only we would use our power justly.

August 1, 2014

"We can not only pray to You
To end disease;
For You have given us great minds
With which to search for cures and healing
If we would only use them constructively.

"Therefore, we pray to You instead, God,
For strength, determination, courage, and will
To do, instead of just pray;
To become, instead of merely to wish;
To act, instead of simply to speak.

"For Your sake and for ours, speedily and soon,
That our nation, state, and the world may be safe
And that all our lives may be blessed. Amen."

Whereas, heart disease and stroke are the second and fourth leading causes of death in North Carolina, and high blood pressure, also known as hypertension, is a major and modifiable risk factor for heart disease and stroke and is a major contributor to adult disability; and

Whereas, in 2011, 32.4% of North Carolina adults reported a health professional telling them that they had high blood pressure; and

Whereas, current awareness and treatment for high blood pressure is not adequate; and

Whereas, about seven out of every 10 people having their first heart attack have high blood pressure and about eight out of every 10 people having their first stroke have high blood pressure; and

Whereas, adequate medical treatments and proven preventive health strategies, such as healthy lifestyles that include a low-salt diet with more fruits and vegetables, are beneficial; and

Whereas, high blood pressure patients who are treated earlier have a longer life expectancy; and

Whereas, education can help with early diagnosis, prevention, and better treatment; and

Whereas, in 1788, the Constitutional Convention decided that the State's capital should be located within 10 miles of Isaac Hunter's plantation in Wake County; and

Whereas, in 1792, the Assembly appointed commissioners to select a site for the new capital; and

Whereas, the commissioners purchased 1,000 acres from Joel Lane of Wake County for \$2,756; and

Whereas, Raleigh was chosen as the name of the new capital in honor of Sir Walter Raleigh, who was responsible for sending the first colonists to North Carolina; and

Whereas, Senator William Christmas, a surveyor chosen to lay out the new city, based Raleigh's layout on the City of Philadelphia, which at that time was the nation's capital; and

Whereas, construction of a State House, a simple, two-story brick building, began in 1792, on Raleigh's central square; and

Whereas, on December 30, 1794, the Assembly held its first session in the State House; and

Whereas, the State House served as the State Capitol until it burned in 1831; and

Whereas, the cornerstone of the present State Capitol is constructed on the site of the former State House; and

SECTION 2. This resolution is effective upon adoption.

H.R. 1180, A HOUSE RESOLUTION EXPRESSING GRATITUDE TO THE MEMBERS OF THE MILITARY FOR THEIR SERVICE AND HONORING THE MEMORY OF THOSE KILLED IN THE LINE OF DUTY.

Whereas, Memorial Day was first observed as Decoration Day on May 30, 1868, as an occasion to decorate the graves of Civil War soldiers; and

Whereas, after World War I, Decoration Day was expanded to honor service members killed in all of our nation's wars, and after World War II, Decoration Day became known as Memorial Day; and

Whereas, in 1971, Congress established Memorial Day as a federal holiday to be observed on the last Monday in May; and

Whereas, as we observe Memorial Day in 2014, it is important to remember and reflect upon the contributions and sacrifices the men and women of our Armed Forces have made in upholding the principles that are the foundation of our democracy and liberty while in service to our nation; and

Whereas, it is fitting to honor and commend the North Carolinians, as well as the men and women who served with military units based in North Carolina, who were killed in the line of duty and thus paid the ultimate sacrifice to preserve the freedom that we enjoy; Now, therefore,

Be it resolved by the House of Representatives:

SECTION 5. This resolution is effective upon adoption.

Whereas, between 1921 and 1929, the number of registered vehicles in North Carolina increased from 150,558 to 503,590; and

Whereas, on March 18, 1929, the General Assembly enacted legislation to establish a State Highway Patrol to patrol the State's highways, enforce the motor vehicle laws, and assist the motoring public; and

Whereas, the State's first Highway Patrol training school began on May 20, 1929, at Camp Glenn near Morehead City; and

Whereas, on July 1, 1929, 37 of the 42 participants that completed the training were sworn in as members of the State Highway Patrol; and

Whereas, initially, Patrol officers were issued Harley Davidson motorcycles, lieutenants were issued Model A Ford Coupes, and the Patrol commander was issued a Buick automobile; and

Whereas, in 1937, all Patrol officers were assigned individual vehicles, and the legislature authorized a statewide radio system for the purpose of coordinating operations and improving the efficiency of the Highway Patrol; and

Whereas, today, the State Highway Patrol consists of more than 1,600 officers and over 400 civilians; and

Whereas, for 85 years, the State Highway Patrol has not only stayed true to its mission of enforcing the State's motor vehicle laws and reducing the number of collisions on North Carolina's 78,000 miles of highways but also handled other duties such as guiding traffic during severe weather conditions and rerouting traffic around hazardous chemical spills; and

Whereas, the officers of the State Highway Patrol have dutifully served the citizens of this State despite the danger Patrol officers often encounter; and

Whereas, more than 60 officers have lost their lives in the line of duty, including George I. Thompson, the first State Highway Patrol officer to be killed in the line of duty. Officer Thompson was killed on July 2, 1929, while riding a motorcycle on the way to his assigned duty station; and

Whereas, on the 85th anniversary of the State Highway Patrol, it is important to recognize and acknowledge this organization for its invaluable service to the citizens of North Carolina; Now, therefore,

SECTION 2. The House of Representatives congratulates the State Highway Patrol on its 85th anniversary and acknowledges those who have served this organization for their dedication and commitment in making North Carolina's highways safe.

SECTION 3. This resolution is effective upon adoption.

Whereas, the nation is blessed with men and women who voluntarily swear an oath to defend the Constitution of the United States of America against all enemies, foreign and domestic; and

Whereas, these men and women make great personal sacrifices in the name of our Constitution, thereby ensuring the perpetuation of our individual liberties; and

Whereas, these same men and women voluntarily make great personal sacrifices to carry democracy and extend the freedoms we enjoy to the underprivileged of the world; and

Whereas, some of these men and women will incur great personal hardships and catastrophic injury in the performance of their duties; and

Whereas, we feel duty-bound to honor, support, and provide relief to these warriors and their families; Now, therefore,

Be it resolved by the House of Representatives:

SECTION 1. The House of Representatives supports an initiative implementing a new government bond, stamp, and coin program, the proceeds from which shall be used exclusively for those warriors and their families who have borne the brunt of preserving our freedoms and extending those freedoms throughout the world.

H.R. 1256, A HOUSE RESOLUTION URGING CONGRESS TO ENACT LEGISLATION THAT WILL LEAD TO THE RECOGNITION OF WORLD WAR II COASTWISE MERCHANT MARINERS AS VETERANS OF THE UNITED STATES ARMED FORCES.

Whereas, during World War II, United States Merchant Mariners who served along the coastline of the United States, and were known as Coastwise Merchant Mariners, helped to transport materials, including food, clothing, and weapons, to members of the United States Armed Forces serving on three continents; and

Whereas, the Coastwise Merchant Mariners bravely performed their duties even as they were in danger of attack from German U-boats operating along our nation's coastal waters; and

Whereas, many of the Coastwise Merchant Mariners were elderly, handicapped, women, and underage children who stepped forward in the time of a national crisis to ensure that the members of the United States Armed Forces were sufficiently supplied as they fought enemy forces; and

Whereas, because of administrative rules and decisions made by the United States Navy, many Coastwise Merchant Mariners who served during World War II were not recognized as veterans and thus were not eligible for the veterans benefits they had earned; and

Whereas, in the years following World War II, as a result of some changes in federal law and federal rules and regulations, some of the Coastwise Merchant Mariners previously denied veterans benefits were finally recognized as veterans and therefore entitled to the same benefits as other veterans of the United States Armed Forces; and

Whereas, despite the past recognition of some Coastwise Merchant Mariners as veterans, as many as 30,000 Coastwise Merchant Mariners may never get that recognition due to the documentation required to prove their service during World War II; and

Whereas, through no fault of these courageous individuals, much of the documentation proving they served their country during World War II as Coastwise Merchant Mariners has been lost or destroyed or was never recorded; Now, therefore,

Be it resolved by the House of Representatives:

SECTION 1. The House of Representatives honors the brave men, women, and children who valiantly served our country as Coastwise Merchant Mariners during World War II.

SECTION 2. The House of Representatives urges Congress to do the following:

- (1) Conduct congressional inquiries into (i) the lack of recognition given to the World War II Coastwise Merchant Mariners who were lost in action without having been recognized by our nation as veterans and (ii) the reason World War II Coastwise Merchant Mariners records that are known to exist have not been moved to

the National Records Center for use by families and researchers in accordance with agreements between the National Archives and Records Administration and the Department of Defense.

- (2) Enact legislation that expands the types of acceptable documentation that Coastwise Merchant Mariners may use to prove their service during World War II, and to thereafter require that those who can provide the documentation be finally recognized as veterans entitled to the accompanying benefits.

SECTION 3. The Principal Clerk shall transmit a certified copy of this resolution to the President of the United States, the Speaker and Clerk of the United States House of Representatives, the President Pro Tempore and the Secretary of the United States Senate, the members of the North Carolina Congressional delegation, and the news media of North Carolina.

Whereas, the Corolla wild horses have been managed through a public-private partnership that includes representatives of the United States Fish and Wildlife Service, the State of North Carolina, Currituck County, and the Corolla Wild Horse Fund; and

Whereas, the United States Fish and Wildlife Service is insisting that no more than 60 horses be allowed in the herd; and

Whereas, world-renowned genetic scientists have determined that a herd of at least 110 horses, with a target population of 120 to 130 horses is necessary to maintain the genetic viability of the Corolla herd; and

Whereas, 110 to 130 horses is well within the carrying capacity of the land the Corolla wild horses roam; and

Whereas, the Corolla wild horses are a critical component of the heritage and economy of Currituck County; Now, therefore,
Be it resolved by the House of Representatives:

SECTION 1. This body urges Congress to pass legislation to protect the Corolla wild horses so that they can survive as a free-roaming wild herd for future generations to enjoy.

SECTION 2. The Principal Clerk shall transmit certified copies of this resolution to the President of the United States, the Speaker and Clerk of the United States House of Representatives, the President Pro Tempore and the Secretary of the United States Senate, and the members of the North Carolina Congressional delegation.

Whereas, many Rangers of the State Parks System have been injured in the line of duty; and

Whereas, the origins of the State's Forest Service may be traced to as early as 1891, when the North Carolina Geological Survey was established to protect the State's natural diversity and to encourage opportunities that promote stewardship of the State's natural heritage and the first State employee was appointed to carry out forestry work; and

Whereas, the Rangers of the State Forest Service have responsibility for management of the rich and diverse forest resources within North Carolina, which enrich the lives of all North Carolinians and provide us with clean water and air, wildlife, recreation, and forest products; and

Whereas, many Rangers of the State Forest Service have been injured in the line of duty, and 26 Rangers of the State Forest Service have lost their lives in the line of duty since 1950; and

Whereas, it is fitting to honor and commend the exemplary group of men and women who have served and continue to serve our State and nation and routinely endure dangerous and difficult conditions in the performance of their duties and those that have been injured and lost in the line of duty through service to their State and nation; Now, therefore,
Be it resolved by the House of Representatives:

SECTION 1. The House of Representatives expresses its profound gratitude and appreciation to the North Carolina Marine Patrol officers, Wildlife Enforcement Officers, and Rangers of the North Carolina Forest Service and North Carolina State Parks System for their extraordinary service to the State.

SECTION 2. The House of Representatives wishes to honor those who have sustained injury while performing their duties and wishes to honor the memory of all members of the North Carolina Marine Patrol, Wildlife Enforcement Officers, and Rangers of the North Carolina Forest Service and North Carolina State Parks System who lost their lives while performing their duties.

SECTION 3. The House of Representatives extends its deepest sympathy to the families of the individuals referenced above who sacrificed their lives to help preserve and protect North Carolina's incomparable natural resources, from the mountains to the coast, and ensure that they may be safely enjoyed by the State's citizenry each year. The people of the State of North Carolina owe a debt to these dedicated public servants and solemnly pledge that they shall never be forgotten.

SECTION 4. The House of Representatives honors the memory of United States Forest Service Officer Jason Crisp and extends its deepest sympathy to his family.

SECTION 5. The Principal Clerk shall transmit a certified copy of this resolution to the North Carolina Marine Patrol, North Carolina Wildlife Resources Commission, North Carolina Division of Parks and Recreation, and to the North Carolina Forest Service.

SECTION 6. This resolution is effective upon adoption.

H.R. 1261, A HOUSE RESOLUTION URGING THE CONGRESS OF THE UNITED STATES TO REAUTHORIZE FEDERALLY PROVIDED TERRORISM REINSURANCE FOR INSURERS IN ORDER TO MAINTAIN STABILITY IN THE INSURANCE AND REINSURANCE MARKETS TO CONTINUE TO DELIVER SUBSTANTIVE, DIRECT BENEFITS TO BUSINESSES, WORKERS, CONSUMERS, AND THE ECONOMY OVERALL IN THE AFTERMATH OF A TERRORIST ATTACK ON THE UNITED STATES.

Whereas, insurance helps protect the United States economy from the adverse effects of the risks inherent in economic growth and development while also providing the resources necessary to rebuild physical and economic infrastructure, offer indemnification for business disruption, and provide coverage for medical and liability costs from injuries and loss of life in the event of catastrophic losses to persons or property; and

Whereas, the terrorist attack of September 11, 2001, produced insured losses larger than any natural or man-made event in history, with claims paid by insurers to their policyholders eventually totaling some \$32.5 billion, making this the second most costly insurance event in United States history; and

Whereas, the sheer enormity of the loss, combined with the possibility of future attacks, produced financial shockwaves that shook insurance markets causing insurers and reinsurers to exclude coverage arising from acts of terrorism from virtually all commercial property and liability policies; and

Whereas, the lack of terrorism risk insurance contributed to a paralysis in the economy, especially in construction, tourism, business travel, and real estate finance; and

Whereas, the United States Congress originally passed the Terrorism Risk Insurance Act of 2002, Pub. L. 107-297 (TRIA), in which the federal government agreed to provide terrorism reinsurance to insurers and reauthorized this arrangement via the Terrorism Risk Insurance Extension Act of 2005, Pub. L. 109-144, and the Terrorism Risk Insurance Program Reauthorization Act of 2007, Pub. L. 110-160 (TRIPRA); and

Whereas, under TRIPRA the federal government provides such reinsurance after industry-wide losses attributable to annual certified terrorism events exceed \$100 million; and

Whereas, coverage under TRIPRA is provided to individual insurers after the insurer has incurred losses related to terrorism equal to 20% of the insurer's previous year earned premium for property-casualty lines; and

Whereas, after an individual insurer has reached such a threshold, the insurer pays 15% of residual losses and the federal government pays the remaining 85%; and

Whereas, the Terrorism Risk Insurance Program has an annual cap of \$100 billion of aggregate insured losses, beyond which the federal program does not provide coverage; and

Whereas, TRIPRA requires the federal government to recoup 100% of the benefits provided under the program via policyholder surcharges to the extent the aggregate insured losses are less than \$27.5 billion and enables the government to recoup expenditures beyond that mandatory recoupment amount; and

Whereas, without question, TRIA and its successors are the principal reason for the continued stability in the insurance and reinsurance market for terrorism insurance to the benefit of our overall economy; and

Whereas, the presence of a robust private-public partnership has provided stability and predictability and has allowed insurers to actively participate in the market in a meaningful way; and

Whereas, without a program such as TRIPRA, many of our citizens who want and need terrorism coverage to operate their businesses all across the nation would be either unable to get insurance or unable to afford the limited coverage that would be available; and

Whereas, without federally provided reinsurance, property and casualty insurers will face less availability of terrorism reinsurance and will therefore be severely restricted in their ability to provide sufficient coverage for acts of terrorism to support our economy; and

Whereas, unfortunately, despite the hard work and dedication of this nation's counterterrorism agencies and the bravery of the men and women in uniform who fought and continue to fight battles abroad to keep us safe here at home, the threat from terrorist attacks in the United States is both real and substantial and will remain as such for the foreseeable future; Now, therefore,

Be it resolved by the House of Representatives:

SECTION 1. The members of the House of Representatives of the State of North Carolina urge the United States Congress and the President of the United States to reauthorize the Terrorism Risk Insurance Program.

SECTION 2. The Principal Clerk shall transmit certified copies of this resolution to the President of the United States, the Speaker and Clerk of the United States House of Representatives, the President Pro Tempore and the Secretary of the United States Senate, the members of the North Carolina Congressional delegation, and the news media of North Carolina.

SECTION 3. This resolution is effective upon adoption.

**Office of the Speaker
North Carolina House of Representatives
Raleigh, N.C. 27601-1096**

December 30, 2014

The Honorable Denise Weeks
Clerk, North Carolina House of Representatives
16 West Jones Street
Raleigh, NC 27601

Ms. Weeks:

I have previously designated Tim Moore as my designee on the Legislative Services Commission pursuant to G.S. 120-31(a). Effective immediately, I withdraw that designation so that I reassume the role of Speaker on the Commission.

On Tuesday, December 23, 2014, Representative Larry Hall resigned from the Legislative Services Commission. Pursuant to the authority invested in me as Speaker by G.S. 120-31(a), I am, effective immediately, appointing Representative Tim Moore to the remainder of Representative Hall's term.

My understanding is that by operation of law when I assume office as a United States Senator on January 6, 2015, I may no longer hold office on the Commission, thus creating the prerequisite for the remaining House members of the Commission to elect a person to perform the duties of the Speaker as required by Article 7 of Chapter 120 of the General Statues.

Sincerely,
/S/ Thom Tillis

**North Carolina General Assembly
House of Representatives**

Representative Alma S. Adams, PhD
58th District

October 15, 2014

Speaker Thom Tillis
North Carolina House of Representatives
Raleigh, North Carolina

Dear Speaker Tillis,

It is with mixed emotions that I write today to inform you that I will be resigning my seat in the North Carolina House of Representatives effective October 31, 2014.

It has indeed been a pleasure to serve the citizens of Guilford County's 58th House district for more than two decades. The experience has been rewarding and humbling and a wonderful opportunity to learn, grow and to serve with some remarkable individuals in the People's House and many fine citizens of our state.

I am grateful to my family, colleagues, community and citizens for their ongoing support and look forward to continuing my service to the citizens of the great state of North Carolina.

I extend my personal thanks and appreciation to you as well.

Sincerely,
/S/ Alma S. Adams, PhD
NC House-District 58

HOUSE JOURNAL
SECOND SESSION

INDEX GUIDE

The North Carolina General Statutes titles form the basis for these indices. Following each bill title, the last action or the present status of said bill is indicated. For example, a ratified bill will be followed by its chapter number in the Session Laws. Bills included in whole or in part in other measures are reflected as such, if known.

All bills dealing with funds are indexed under Appropriations. Local legislation is placed under the county it affects.

A list of bills and resolutions introduced by each Representative is found under the Member's name with an asterisk (*) noting that person as the primary sponsor.
