

2023 REPORT ON CRIMINAL COST WAIVERS

G.S. 7A-350

PREPARED BY
NORTH CAROLINA ADMINISTRATIVE OFFICE OF THE COURTS
FEBRUARY 1, 2023

About the North Carolina Judicial Branch

The mission of the North Carolina Judicial Branch is to protect and preserve the rights and liberties of all the people as guaranteed by the Constitutions and laws of the United States and North Carolina by providing a fair, independent and accessible forum for the just, timely and economical resolution of their legal affairs.

About the North Carolina Administrative Office of the Courts

The mission of the North Carolina Administrative Office of the Courts is to provide services to help North Carolina's unified court system operate more efficiently and effectively, taking into account each courthouse's diverse needs, caseloads, and available resources.

Introduction

N.C.G.S. 7A-350 requires the North Carolina Administrative Office of the Courts (NCAOC) to report on criminal cost waivers. Specifically, G.S. 7A-350 provides as follows:

§ 7A-350. Annual report on criminal court cost waivers.

The Administrative Office of the Courts shall maintain records of all cases in which a judge makes a finding of just cause to grant a waiver of criminal court costs under G.S. 7A-304(a) and shall report on those waivers to the chairs of the House of Representatives and Senate Appropriations Committees on Justice and Public Safety and the chairs of the Joint Legislative Oversight Committee on Justice and Public Safety by February 1 of each year. The report shall aggregate the waivers by the district in which the waiver or waivers were granted and by the name of each judge granting a waiver or waivers.

NCAOC respectfully submits this report pursuant to the legislative mandate.

Report Parameters

NCAOC completed statewide implementation of the case disposition component of the Criminal Case Information System, Clerk Component (CCIS-CC version 5.5) in December 2014, and all counties used this new CCIS-CC component beginning with calendar year 2015. This report includes reported money statuses from CCIS-CC during calendar year 2022.

NCAOC is responsible for providing recordkeeping guidelines, training and support to the state's trial courts. During the initial statewide use of the new case disposition component, system users requested additional clarification and guidelines regarding appropriate selection of criminal court money statuses. NCAOC Court Services Division, after consultation with clerks and relevant NCAOC divisions, issued a memorandum identifying working definitions of the available codes and providing guidance as to when to use a specific code. That memorandum, issued on March 31, 2015, provided the definitions of money statuses detailed in the next section of this report.

The money statuses include Waived/Remitted, Partially Waived, Not Assessed, Stricken/Entered in Error, and Civil Judgment. The attached Table 1 includes criminal court money statuses by county, while Table 2 includes criminal court money statuses by judge. All of these money status codes are presented in Table 1 and Table 2 to provide all relevant available data, although there may be some slight variation in uses among the counties. The number of cases in which costs were "Ordered" is included to provide a sense of volume of the dispositions in each county (Table 1) or by each judge (Table 2) in which costs, fees, or fines were ordered and no cost, fine, or fee line items were reduced or eliminated.

Criminal Court Money Statuses

Criminal court money statuses are either generated by CCIS-CC or entered by a clerk. When a defendant pleads guilty or is convicted, based on the convicted offense, CCIS-CC enters most applicable costs, fees, and fines as “Ordered.” If any individual cost, fee, or fine is reduced or eliminated, a criminal court monetary status other than “Ordered” must be entered. Based on the order of the presiding judge, the clerk enters changes to the presumptive amounts and enters an applicable money status. The working definitions for money statuses available in CCIS-CC are set forth below.

Ordered: This money status is used when the court orders a monetary obligation due. Ordered is the default money status. If the judge is silent on the issue, then, based on case type or status, Ordered should be used.

Waived/Remitted: This money status is used when the judge waives or remits an individual monetary obligation in its entirety. It is used at a subsequent modification hearing if at the time of the hearing the original monetary obligation is unpaid in its entirety and the judge orders it remitted in its entirety.

Note: The Waived/Remitted money status should not be confused with waivers of appearance, which sometimes are referred to as “waived,” “waiver,” or “waivable offenses.” A waiver of appearance is a defendant’s election to plead guilty or admit responsibility in writing in lieu of appearing in court. It is available in limited circumstances as prescribed by the Conference of District Court Judges pursuant to G.S. 7A-148.

Partially Waived: This money status is used when a monetary obligation is reduced but not eliminated. A common example of Partially Waived is when a judge orders probation revoked, activates the suspended sentence, and waives what remains of each cost still owing. In this case, the partial waiver status is used for each line item where money still is owed.

Not Assessed: This money status is used when a fee that should not be assessed appears in the Bill of Costs. An example of the proper use of Not Assessed would be the determination by the presiding judge not to assess an additional \$250.00 for a subsequent assignment to community service because defendant was previously assigned to community service during the same session of court. See G.S. 143B-708(c).

Stricken/Entered in Error: This money status is used when a monetary obligation was recorded in error. It should be used for monetary obligations that would not have accrued but for the error.

Civil Judgment: This money status is used when the judge orders the monetary obligations due through civil rather than criminal enforcement — i.e., the court has ordered that all money obligations due are due through civil enforcement mechanisms only. A civil judgment gives the state an indirect means of collecting the obligation.

Note: If the court elects to simultaneously order monetary obligations due criminally and civilly, then the clerk should use the Ordered status rather than the Civil Judgment.

In compiling data for Tables 1 and 2, NCAOC Research, Policy, and Planning Division developed a hierarchy for money statuses in the following order: Partially Waived, Not Assessed, Stricken/Entered in Error, Civil Judgment, and Waived/Remitted. For example, if a case has both a “Not Assessed” and a “Partially Waived” money status entered, that case would be counted as a case with a “Partially Waived” money status. This hierarchy used in the current report differs from the hierarchy in previous years’ reports; therefore, direct comparisons are not advisable. The change was made to align the meaning of the “Waived” category with a common expectation that the “Waived” category indicates cases where all financial obligations are waived.

Table 2 contains data by judge on number of cases with criminal court money statuses that are entered with one or more money line items reduced or eliminated. The number of cases where costs were “Ordered” is also included to provide a sense of volume of the dispositions of each judge in which costs, fees, or fines were ordered and no cost, fine, or fee line item was reduced or eliminated. The names listed in Table 2 reflect the names entered in the judge field of CCIS-CC, which captures the presiding judicial official at the event (judge, magistrate, or clerk). The significant number of “Missing/Unknown” judges is likely because of two possible scenarios. First, dispositions entered in ACIS did not require entry of a judge, so any modifications to judgments entered in ACIS would not have required a judge name to be entered. Second, disposition of infractions entered into CCIS-CC do not require entry of a judge name.

The totals in Table 2 are higher than those in Table 1 because Table 1 reflects a count of cases with a money status by hierarchical order, while Table 2 indicates the number of events in which a judge entered an order with a money status indicator.

Summary

NCAOC has established six codes to reflect the status of monetary obligations in criminal cases. This report includes information on criminal court money statuses by county and by judge for calendar year 2022.
