Session Law 2017-41, Section 3.3

Report to

**The Joint Legislative Oversight Committee on
Health and Human Services**

by

NC Department of Health and Human Services

September 1, 2023

BACKGROUND

Session Law (S.L.) 2017-41, Section 3.3 (1) requires the Department of Health and Human Services (DHHS) to submit an annual report to the Joint Legislative Oversight Committee on Health and Human Services (Committee) by August 1. The report concerns oversight of the county-level administration of social services programs during the previous state fiscal year (SFY). S.L. 2017-41 mandates that it should include, at a minimum: (a) A copy of the template for the written agreement required by G.S. 108A-74(a1), (b) An evaluation of the implementation of the requirement for a written agreement, and (c) a summary of any oversight action taken by the Department pursuant to the agreement or G.S. 108A-74, including a list of any federal or State funds that were withheld as a result of the State's oversight.

Section 3.1(a) of S.L. 2017-41 rewrote G.S. 108A-74 to include the following:

(a1) Beginning in fiscal year 2018-2019, the Secretary shall require all departments of social services to enter into a written agreement each year that specifies mandated performance requirements and administrative responsibilities with regard to all social services programs other than medical assistance.

(1) When possible, the mandated performance requirements shall be based upon standardized metrics utilizing reliable data.

(2) The administrative responsibilities shall address, at a minimum, staff training, data submission to the Department, and communication with the Department.

(3) The written agreement may be standardized or may be tailored to address issues in specific jurisdictions.

(4) The written agreement shall authorize the Department to withhold State and federal funds in the event the department fails to satisfy mandated performance requirements or comply with the terms of the agreement.

DHHS designed its first Memorandum of Understanding (MOU) during SFY 2018-2019. The MOU is a written agreement between the Department and each county outlining performance expectations across social services programs. DHHS collaborated with the NC Association of County Commissioners, the NC Association of County Directors of Social Services, and each county Director of Social Services to develop the initial template agreement.

This DHHS report reflects the progress on the implementation of the MOU required by G.S. 108A-74(a1). This report evaluates MOU implementation during SFY 2021-2022. The Appendix includes a copy the SFY 2022-2023 and 2023-2024 MOU.

A. Evaluation of Implementation of Written Agreements

In May of 2021, DHHS sent a letter to all 100 county Directors of Social Services regarding the SFY 2021-2022 MOU. The Department recognized that given the COVID-19 emergency, there would be barriers to meeting the performance measures outlined in the 2021-2022 MOU. DHHS announced that it would not issue any corrective action or development plans regarding performance under the 2021-2022 MOU; however, the Department continued to monitor county performance and share data with counties during the COVID-19 pandemic.

During SFY 2021-2022, DHHS established a regional support structure for a continuous quality improvement (CQI) framework in all seven regions of the State. The department has CQI Specialists in place for economic services, child support services, aging and adult services, and child welfare. DHHS has contracted with Public Knowledge, a public sector consulting firm, to help develop a formal CQI framework as we work to provide technical assistance and build capacity in county DSS agencies. DHHS has trained our regional support staff in this framework. The Department will focus on pushing county-level development plans that analyze and solve problems through deliberate use of evidence and enhanced training and oversight. In cases when a county operates outside of legal statutes to severely jeopardize client safety more directive actions are taken.

DHHS sent a communication in May 2022 to all County Managers and Directors of Social Services. DHHS again reiterated that it is not taking any formal corrective actions or issuing development plans related to MOU performance while North Carolina remains under a State of Emergency for COVID-19. DHHS also announced in this letter that the current MOU would cover both SFY 2022-2023 and SFY 2023-2024.

Accordingly, DHHS will not publish the Rylan's Law Dashboard to the public during the emergency declaration. We will begin to publish the Dashboard once the DSS Business & Analytics team can appropriately incorporate data metrics once the emergency period ends. Rylan's law requires DHHS to oversee a plan of regional supervision and accountability for the state social services system. The Dashboard will be used in place of previous county-level reports and represents an integrated platform for county leadership to monitor progress on MOU performance measures.

With the ending of the COVID-19 state of emergency both in North Carolina and at the federal level, the Department is working with the counties to develop a plan to reinstate the corrective measures beginning January 2024. The Department is also working with the Business & Analytics team to publish the Rylan's Law Dashboard to the public at the same time.

The current MOU contains a total of 16 performance measures that are subject to Department evaluation and follow-up. DHHS worked with the NC Association of County Directors of Social Services to vet all measures prior to finalization. These 16 measures are the same as those found in the SFY 2021-2022 MOU. They are the only measures that will be evaluated and subject to performance improvement actions for SFY 2022-2023 and 2023-2024. A description of each measure can be found in Attachment I of the current MOU.

Attachment II of the current MOU contains five additional performance measures. These metrics are part of the federal Children's Bureau's Child and Family Services Reviews (CFSR) that examine compliance with Title IV-B and Title IV-E child welfare requirements. Ongoing monitoring and support activities will continue as they have in prior years for these measures. The Department will continue to develop reports and validate data for these additional performance measures. DHHS has advised counties to continue monitoring and striving to make progress toward meeting these performance targets because the measures will be included in the Data Review and performance for CFSR Round IV.

The Department completed the SFY 2022-2024 MOU and sent it out to all counties with a June 30, 2023, deadline for counties to return the signed document. In accordance with G.S. 108A-74(a1), the SFY 2022-2024 agreement includes performance measures and administrative responsibilities. The administrative responsibilities are the same as in SFY 2021-2022. They include staffing and workforce development requirements, compliance, data submission, communication, and inter-agency cooperation. To date, 99 of the 100 counties have signed and submitted the MOU to DHHS.

B. Oversight Actions Taken Pursuant to the Agreement

DHHS has not issued any standard corrective actions or development plans related to MOU performance due to the State of Emergency. DHHS did, however, continue to monitor performance, provide support, and share data with counties.

As a part of this regular monitoring and oversight of counties, in April of 2022, DHHS identified serious policy and practice breeches involving the administration of child welfare services in Bertie County. Despite intensive efforts by DHHS, Bertie County DSS failed to make adequate progress to address its systemic shortcomings. On May 13, 2022, the DHHS Secretary assumed temporary operations of Bertie County DSS Child Welfare as authorized in NC General Statute 108A-14 due to violations of law, rule and policy that posed substantial risk to the safety and welfare of county children. DHHS remained responsible for Bertie County's child welfare administration until May 2023 when it was assured that its families and children were receiving appropriate services in accordance with state law.

ATTACHMENT II

PERFORMANCE REQUIREMENTS:

The federal Children's Bureau (CB) is planning to conduct a fourth round of reviews under the Child and Family Services Reviews (CFSR) regulations, beginning in Federal Fiscal Year (FFY) 2022 (October 1, 2021). The purpose of these reviews is to determine compliance with Title IV-B and Title IV-E plan requirements, and in doing so, assess the extent to which federally funded child welfare programs function effectively to promote the safety, permanency, and well-being of children and families with whom they have contact.

The overall goals of the reviews are to:

- Ensure conformity with Title IV-B and Title IV-E child welfare requirements using a framework focused on safety, permanency and well-being through seven outcomes and seven systemic factors;
- Determine what is happening to children and families as they are engaged in child welfare services including the legal and judicial processes; and
- Assist state child welfare systems in helping children and families achieve positive outcomes.*

To this end, the NC Department of Health and Human Services, Division of Social Services is advising counties that since these measures will be included in the Data Review and performance for CFSR Round IV, counties need to continue monitoring and striving to achieve progress toward accomplishing these measures, to ensure that North Carolina can be determined to be in "substantial conformity." In an effort to assist counties in monitoring and achieving these progress measures, please find the following link to data provided by UNC-CH: <https://ssw.unc.edu/ma>.
