Report to Joint Legislative Education Oversight Committee

G.S. 115C-105.26(h) Waivers of State Laws or Rules

Pursuant to **G.S. 115C-105.26 (h)**, the State Board of Education shall report to the Joint Legislative Education Oversight Committee by October 15 of each year a list of specific waivers granted to each local board of education under this section.

A. Waivers for Class Size Requirements under G.S. 115C-301 (g)

At the end of the second school month of 2022-23 and for the remainder of the school year, the teacher-to-student ratio of an individual class may not exceed the following:

Kindergarten	1 to 21
Grade 1	1 to 19
Grade 2	1 to 20
Grade 3	1 to 20

Per 115C-301(c), in grades 4-12, local school administrative units shall have the maximum flexibility to use allotted teacher positions to maximize student achievement.

Charter schools, restart schools, and dual language immersion classes are exempt from class size requirements.

Waivers for Exceeding Individual Class Size

If an individual class size exceeds 21 in grades K, 1, 2, or 3 at the end of the second school month and at any time for the remainder of the school year, the local board has the responsibility to follow the steps set forth in G.S. 115C-301(g) and G.S.115C-47(10).

Under the provisions, local boards of education are responsible for assuring the class size requirements set forth in G.S. 115C-301 are met. Any teacher who believes the requirements of G.S. 115C-301 have not been met shall make a report to the principal and superintendent. The superintendent shall immediately determine whether the requirements have in fact not been met. If the superintendent determines the requirements have not been met, he or she shall make a report at the next local board of education meeting. The local board of education shall take action to meet the requirements of the statute. If the local board cannot organizationally correct the exception and if any of the conditions set out below are met, the board shall immediately apply to the State Board of Education for a waiver from the standards set above. The Superintendent of Public Instruction has delegated authority by the State Board of Education to review and respond to a system's request for a waiver of class size requirements for individual classes.

G.S.115C-301 (g) outlines the permissible criteria to grant an individual class size maximum waiver. These are as follows:

- i. Emergencies or acts of God that impact the availability of classroom space or facilities
- ii. An unanticipated increase in student population of an individual school in excess of two percent (2%) of the average daily membership of that school
- iii. Organizational problems in geographically isolated local school administrative units in which the average daily membership is less than one and one-half per square mile;
- iv. Classes organized for a solitary curricular area,
- v. A charter school closure

In addition, the State Board of Education limits individual class size waivers if:

- i. A waiver has been requested for that specific school and grade during the previous school year,
- ii. The waiver is for more than two students above the established class size maximums,
- iii. The local board of education can organizationally correct the exception, and
- iv. The LEA is not in compliance with the LEA-wide average for all grades.

The State Board requires the local board of education to pursue all options to rectify the exception prior to requesting a waiver.

The following are the Individual Class Waivers granted under 115C-301(g)(2), an unanticipated increase in student population of an individual school in excess of two percent of the average daily membership of that school.
