Background and Reporting Requirements

SECTION 9C.3.(b) of Session Law 2022-74 amended G.S. 110-90.2 to allow provisional employment of prospective child care providers awaiting completed criminal background check determinations as required in G.S. 110-90.2 under specific circumstances, adding the following new subsection:

“(d1) The Department may allow a prospective child care provider to begin employment on a provisional basis when the Department has not yet received satisfactory results from the county, State, and federal criminal history checks but receives satisfactory results from either the federal or State criminal history check for the prospective child care provider. However, until the Department makes its determination regarding checks from the county, State, and federal criminal histories, a prospective child care provider employed provisionally pursuant to this subsection shall be supervised at all times by a child care provider who has received qualifying results on the child care provider's criminal history checks within the last five years. If the county, State, and federal criminal history checks are not completed within 45 days from the date the checks were requested and there are no disqualifying results on any of the completed components of the criminal history checks, the Department shall provide written notification to the provisional child care provider that the child care provider is qualified to provide child care and is no longer subject to provisional status.”
