SNAP and TANF Expenditures

Session Law 2023-134, Section 9J.9.(b)

Report to

**The Joint Legislative Oversight Committee
on Health and Human Services**

and

Fiscal Research Division By

**North Carolina
Department of Health and Human Services**

December 29, 2023

Reporting Requirement

North Carolina Session Law 2023-134, Section 9J.9.(b) directs the NC Department of Health and Human Services (NCDHHS) to submit a report on the analysis of certain Supplemental Nutritional Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) expenditures.

Session Law 2023-134, Section 9J.9

Report on Certain SNAP and TANF Expenditures

Section 9J.9.(a) Funds appropriated in this act to the Department of Health and Human Services, Division of Social Services (Division), for each year of the 2021-2023 fiscal biennium for a report on certain Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF) expenditures shall be allocated for vendor costs to generate the data regarding expenditures of those programs. The vendor shall generate data to be submitted to the Division that includes, at a minimum, each of the following:

- (1) The dollar amount and number of transactions accessed or expended out-of-state, by state, for both SNAP benefits and TANF benefits.
- (2) The amount of benefits expended out-of-state, by state, from active cases for both SNAP and TANF.
- (3) The dollar amount and number of transactions of benefits accessed or expended in this State, by types of retailers or institutions, for both SNAP and TANF.

Section 9J.9.(b) Upon receiving the expenditures data for SNAP and TANF from the vendor, the Division shall evaluate the data. After evaluating the expenditures data, the Division shall submit a report on its analysis of the data by June 30 and December 31 of each year to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. The Division shall post its report required by this subsection on its website and otherwise make the data available by June 30 and December 31 of each year. In the first report required by this section, the Division shall report how this data is used to investigate fraud and abuse in both SNAP and TANF. The Division shall also report on other types of data and how that data is utilized in the detection of fraud and abuse.

Section 9J.9.(c) The Division shall maintain the confidentiality of information not public under Chapter 132 of the General Statutes. The Division shall properly redact any information subject to reporting under this section to prevent identification of individual recipients of SNAP or TANF benefits.

SNAP

NCDHHS submitted a request in writing the United States Department of Agriculture (USDA) for the data requested in Session Law 2023-134, Section 9J.9 for the time period of January 1, 2023, to June 30, 2023.

USDA was able to provide the SNAP data for requests #1 and #3, which is included in this report. Neither USDA nor NCDHHS collects the data requested in #2. USDA confirmed to NCDHHS that they were not able to provide for request #2.

TANF

None of the requested TANF data is collected by either the state or federal government, unfortunately. none is feasible to collect. Work First program participants receive cash assistance benefits in the form of direct deposits or electronic benefit transfer (EBT) cards and are free to utilize their benefits on a wide variety of expenses with few restrictions, regardless of retailer or state. As a result, it is not possible to comprehensively track TANF transactions or dollar amounts by state or by retailer.

Where North Carolina SNAP Households Use Their SNAP Benefits: By State: In response to Session Law 2023-134, Section 9J.9.(a) (1) and Section 9J.9.(b).
