1. Introduction

Pursuant to <u>G.S. 116-11(9b)</u>, the Board of Governors shall submit annually a report on the actions and adjustments necessary to its budgetary policies, regulations, and standards resulting from the Appropriations Act. The report also provides additional information, as prescribed by the statutory requirement, that provides useful context about student enrollment and outcomes, faculty and staff, and other sources of revenue. We are pleased to submit this report to the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education/Higher Education, the House of Representatives Appropriations Subcommittee on Education, and the Fiscal Research Division.

2. General Fund Operating Budget Allocations

This section summarizes the FY 2023-24 General Fund operating budget allocations including those requiring Board of Governors approval and allocations delegated to the president. The full Board approval of the <u>operating budget allocations</u> is available on the Board's website.

a) Performance-Weighted Enrollment Change Allocations

Enrollment funding was reduced by \$52,472,417 recurring in response to lower enrollments at University of North Carolina institutions. The funding reduction was partially offset by increased appropriations for performance change and a cap on enrollment loss. The performance change funding is \$32,921,356 nonrecurring and based on each institution's performance according to metrics related to student success, affordability, and productivity. The cap on enrollment loss funding of \$2,837,084 nonrecurring ensures that no institution experiences more than a 4.5 percent decline in its student credit hour enrollment factor over the past two years, as compared to its certified budget. The General Assembly made the appropriation to the UNC System Office, Institutional Programs (BOG Reserve). The UNC System based its enrollment funding request on actual credit hours completed in arrears. (Note: The General Assembly also appropriated \$60,000,000 recurring in 2024-25 to a reserve fund for education enrollment needs.)

b) NC Promise Tuition Plan

Session Law 2016-94 created the NC Promise Tuition Plan, which sets tuition at \$500 per semester for residents and \$2,500 per semester for nonresidents at Elizabeth City State University, Fayetteville State University, University of North Carolina at Pembroke, and Western Carolina University. The North Carolina General Assembly implemented a "buy down" of any financial obligations resulting from the loss of tuition receipts with a \$40 million appropriation in the first year (2018-19) and \$51 million in recurring funds for the 2019-20 academic year. The General Assembly appropriated an additional \$15 million in nonrecurring funds in 2020-21, which was then appropriated on a recurring basis in 2021-22 in the 2021 Appropriations Act, for a total of \$66 million. The 2021 Appropriations Act also added Fayetteville State University to the NC Promise program beginning in 2022-23. There was an additional \$11.5 million appropriated on a recurring basis beginning in 2022-23 for the tuition buy down of FSU students and an additional \$5 million recurring in 2022-23 for enrollment growth at ECSU, UNCP, and WCU. The total appropriated for the program in 2023-24 is \$82.5 million recurring. Allocations will be further adjusted in late February based on spring census data and in April based on the prior year's summer term enrollment.

The \$82.5 million buy down that is appropriated to offset the reduced tuition will be allocated for the 2023-24 fiscal year by the University of North Carolina System Office to ECSU, FSU, UNCP, and WCU based upon the enrollment at each institution and the difference in the tuition rate charged by the campus and the NC Promise rate.

c) Other Board-Approved Allocations

Completion Assistance Program

The General Assembly provided nonrecurring funds of \$2 million in receipts in each year of the biennium from the Escheats Fund for the Completion Assistance Programs at selected institutions. The funds will provide aid to students who are on track to graduate but at risk of dropping out because of financial shortfalls. The funds are allocated proportional to the number of in-state federal Pell Grant recipients at the selected institutions.

Athletic Department Operating Support

The General Assembly provided nonrecurring funds of \$10 million in FY 2023-24 and \$7 million in FY 2024-25 to the UNC Board of Governors to distribute equally among the selected institution athletic departments. The athletic departments of the selected institutions shall submit a plan to the president detailing the economic benefit to the institution and the service region that the athletics program provides. Upon approval of the submitted plan by the president, the funds will be allocated as shown in Table 4.

| WSSU | 1,000,000 |
| Total | 10,000,000 |

Nursing Faculty – Salary Adjustments

The General Assembly appropriated \$8,511,549 in recurring funds to provide across-the-board salary increases for nursing faculty. Nursing faculty starting pay shall be increased by an additional 10 percent and other nursing faculty may receive salary increases of up to 15 percent. The funds are allocated to institutions based upon the total number of nursing student credit hours at the institution.

d) Allocations Delegated to the President

Compensation Increase Reserve

The General Assembly appropriated \$139,371,162 in recurring funds for 2023-24 for a four percent across-the-board salary increase and recurring funds of \$241,897,638 in 2024-25 for an additional three percent increase for UNC System employees both subject to and exempt from the State Human Resources Act (SHRA and EHRA). Although funding for compensation was appropriated directly to the UNC System budget, the allocation will be approved by the Office of State Budget and Management based on actual employee salary data as of June 30, 2023. The recurring funds will impact the employee's base salary and retirement contributions.

Faculty Retention Fund

The General Assembly appropriated \$15 million in recurring funds to support the UNC faculty recruitment and retention fund.

State Retirement Contributions – Teachers' and State Employees' Retirement System (TSERS) Members

The General Assembly appropriated \$12,236,616 in recurring funds and \$16,686,295 in nonrecurring funds in FY 2023-24 and \$15,295,770 in recurring funds in FY 2024-25 to fund the actuarially determined contribution and retiree medical premiums. The funds also provide a one-time cost of living supplement of four percent to retirees.

State Retirement Contributions – Optional Retirement Program (ORP) Members

The General Assembly appropriated \$5,500,400 in recurring funds and \$1,787,630 in nonrecurring funds to fund retiree medical premiums for members of the ORP.

State Health Plan

The General Assembly appropriated \$5,569,488 in recurring funds in FY 2023-24 and \$24,296,891 recurring in FY 2024-25 to support health benefit coverage for enrolled active employees supported by the General Fund.

UNC Laboratory Schools

The General Assembly cut the appropriation to the UNC Laboratory Schools program by \$500,000 recurring in proportion to the decrease in the number of laboratory schools in operation.

Health Care Workforce Programs Expansion – UNC Institutions

The General Assembly appropriated \$15 million in nonrecurring funds in FY 2023-24 and \$25 million in nonrecurring funds in FY 2024-25 to the UNC Board of Governors to allocate to constituent institutions to support the development and expansion of health care-related degree courses.

UNC Faculty Realignment Program

The General Assembly appropriated \$16.8 million in nonrecurring funds in FY 2023-24 to the UNC Board of Governors to implement the Faculty Realignment Program with priority given to institutions most impacted by changing enrollment patterns.

Rural Residency Medical Education and Training Fund

The General Assembly appropriated \$11.25 million in nonrecurring funds in FY 2023-24 and \$8 million recurring and \$4.25 million nonrecurring in FY 2024-25 to the UNC Board of Governors to establish the UNC System Medical Education and Training Fund. Funding provided for this purpose shall support training and residency programs associated with ECU Health, UNC Health, and UNC System constituent institution medical schools and health affairs programs.

NC Care Clinically Integrated Network

The General Assembly appropriated \$10 million in nonrecurring funds to the UNC Board of Governors to allocate to UNC Health to form a clinically integrated network (CIN) with ECU Health. Funding provided for this purpose is intended to connect UNC Health and ECU Health providers and facilities under the same CIN in support of the NC Care initiative.

Distinguished Professors Endowment Trust Fund

The General Assembly appropriated \$5 million in nonrecurring funds in both years of the biennium to the Distinguished Professors Endowment Trust Fund to address the backlog in state funds needed to match private donations to establish endowed professorships.

Information Technology Rates

The General Assembly appropriated \$67,333 in recurring funds for the increase in the Department of Information Technology (DIT) rates based on the 2023-24 approved rate. These funds were appropriated to the UNC System Office, Institutional Programs (Board Reserve), and it is recommended that the president be authorized to make further allocations.

3. Use of State Funds and Budget Flexibility

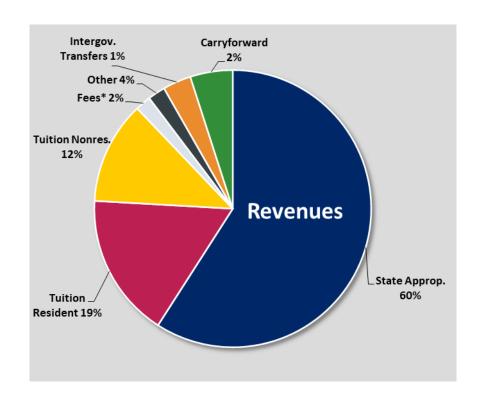

a) UNC System Budget Flexibility

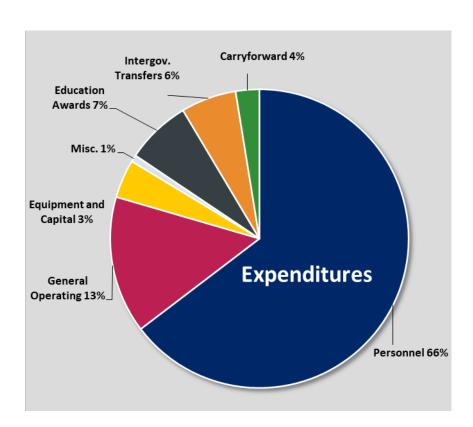

UNC System institutions that are designated as special responsibility constituent institutions (SRCIs) receive appropriations in the form of a single sum to each budget code of the institution as directed by G.S. 116-30.2(a). These designated institutions are also permitted by statute to expend funds in the manner deemed by the chancellor to maintain and advance the programs and services of the institutions, consistent with the directives and policies of the Board of Governors. Currently, all UNC institutions, including the UNC System Office, are designated as SRCIs. As such, the UNC System exercises management flexibility to ensure that state funds are being used for their highest and best purpose in accordance with the policies and oversight of the UNC Board of Governors.

b) FY 2023 Sources and Uses

Most state funds in the UNC System go to support salaries and benefits for faculty and staff. This totaled approximately 66 percent of expenditures, or \$3.84 billion, in 2022-23. While funds are also required to cover the cost of utilities, supplies, and equipment, this only comprises approximately 16 percent of total expenditures across the System.

Chart 1: FY 2023 Sources and Uses of State Funds

c) FY 2023 Uses of State Funds by Activity

When expenses are categorized by activity, just under 50 percent is used to support direct instructional costs and student services, and five percent of funding covers research and public service. While research is core to the mission of many of our universities, most of the expenses related to research activities are not included in the General Fund.

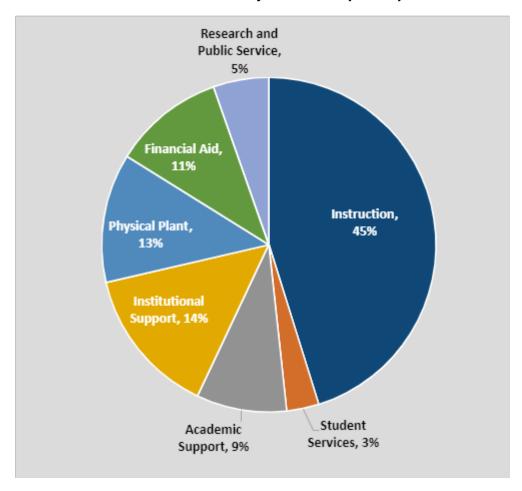

Chart 2: FY 2023 Uses of State Funds by Activity

d) FY 2023 Annual Change in General Fund Revenues and Expenditures

Table 12 below shows how General Fund expenditures and revenues changed from FY 2021-22 to FY 2022-23. The biggest increases in expenditure were personnel and general operating expenses. State appropriation and carryforward were the biggest increases for revenues. A five-year history of expenditures and revenues for each institution is available in Appendix A.

^{*} S.L. 2012-142, Section 9.9, permitted all student fees to be budgeted in Institutional Trust Funds, rather than the General Fund.

4. UNC System Faculty and Staff

The UNC System employs approximately 47,000 full-time employees. UNC employees can be broadly broken down into two categories: faculty and staff employees. All faculty employees are exempt from the State Human Resources Act (EHRA) while staff employees can be subject to the State Human Resources Act (SHRA) or exempt from the State Human Resources Act (EHRA). The table below provides more information on the categorization of employees by institution.

5. 2023-24 Tuition and Fee Rates

2023-24 Tuition Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted tuition and fee proposals for 2023-24. At the recommendation of the president, all universities kept their undergraduate resident tuition rate flat for the seventh year. Undergraduate resident tuition has been unchanged since the 2017-18 academic year (except for the implementation of the NC Promise program). Eight universities proposed increases to their undergraduate nonresident tuition rates. Seven of those universities proposed increases that impact resident graduates and all nonresident students (Appalachian State University, North Carolina Agricultural and Technical State University, North Carolina State University, University of North Carolina at Charlotte, University of North Carolina at Greensboro, University of North Carolina Wilmington, and University of North Carolina School of the Arts). UNCSA's proposal included nonresident high school students. UNC-Chapel Hill proposed an increase that only impacted graduate rates (for residents and nonresidents). Additionally, nine universities proposed graduate professional school tuition increases for 2023-24.

The Board of Governors authorized the 2023-24 tuition rates at its February 2023 meeting. More information on the Board's <u>Authorization of 2023-24 Tuition Rates</u> is available on the Board website. More information on the Board's tuition policies is available in <u>The UNC Policy Manual - Policy on Tuition</u>. More information on the <u>NC Promise</u> Tuition Plan and <u>Fixed Tuition Program</u> are available on the UNC System's website.

2023-24 Fee Rates

In accordance with legislative and UNC System Office guidelines, institutions submitted fee proposals for 2023-24. The tuition and fee instructions allowed institutions to propose fee increases for limited, dedicated purposes. Fees cannot be used to defray the cost of general academic and administrative operations of campuses, including academic programs and faculty and administrative salaries and benefits. Additionally, the Board of Governors considered increases to mandatory fees subject to the 3% statutory cap that were intended to defray the impacts of inflationary costs.

Thirteen institutions proposed increases to their mandatory fees, including the athletics, health services, student activities, educational and technology, and debt service fees. Additionally, North Carolina State University proposed a decrease to its debt service fee due to the planned expiration of debt related to the Carmichael Complex.

Six institutions proposed fee increases to special fees for specific programs. App State proposed a new Veterinary Technology fee for a new academic program. ECU requested an increase in its Dental Materials fee. UNCG proposed a new education micro-course fee for a new course type. UNCSA requested increases to six program-based fees. UNCW proposed a new program fee for its Master of Integrated Marketing Communication. The university also requested modifications for its EMBA program that are intended to grant better transparency to students. The modifications are cost-neutral for students who select the domestic residency program and are an increase for students who select the international residency program. WCU requested an increase to its engineering fee.

The Board of Governors authorized the 2023-24 fee rates at its February 2023 meeting. More information on the Board's <u>Authorization of 2023-24 Fee Rates</u> is available on the Board's website. More information on the Board's fee policies is available in <u>The UNC Policy Manual - Policy on Student Fees</u>.

6. Availability of Federal Funds

The UNC System normally receives two primary sources of federal funding — operating revenue to support research through sponsored program awards, and nonoperating revenues to support student financial aid through programs like the Pell Grant. The UNC System received almost \$2.4 billion in revenue from federal funding in FY 2021-22, just over \$1.2 billion related to contracts and grants and \$1.1 billion in nonoperating awards.

These funds are important sources of revenue to support groundbreaking research and innovation in the state as well as to allow low-income students the opportunity to attend our institutions using federal financial aid.

7. Sources of Non-State Revenues

Section 116-36.1 of the North Carolina General Statutes provides for institutions to maintain trust funds to supplement state appropriations and to enlarge areas of service so they may become useful to a greater number of people. Primary sources of revenue deposited into the trust funds are generated from student fees, student auxiliary enterprises, and other institutional sales and services. The following three tables show revenue from these primary sources.

d) FY 23 Facilities and Administrative (F&A)

Recognizing that research carries necessary administrative, facilities, and other expenses above and beyond the direct costs of the project, federal agencies include in research grants and contracts a portion of funds to help offset these related costs — commonly called "indirect costs," "overhead receipts," or "facilities and administrative (F&A) receipts." Examples of F&A costs include lab infrastructure, research data networks, grants management staff, building maintenance, and hazardous waste disposal.

In 2022-23, the UNC System earned a total of \$374 million in facilities and administrative receipts and expended a total of \$299.6 million of these receipts to support costs associated with maintaining an environment conducive to conducting research and scholarly advancement and ensuring competitiveness for attracting additional research funds. It is important to note that F&A receipts and expenditures for a given year are often not the same due to timing differences between receipts and expenditures and planning F&A receipt-supported projects. UNC System institutions also expended \$47 million of F&A receipts to operate or maintain facilities constructed with or operated by general fund appropriations as shown in Table 26.

Note: Qualified Facilities Expenditures refer to the sum of facilities and administrative fees and overhead receipts collected or expended by each constituent institution for maintenance and operation of facilities that were constructed with or at any time operated by funds from the General Fund.

8. Composition of Student Enrollment

The total headcount enrollment across the UNC System was 242,771 for Fall 2023, which is up about one percent from Fall 2022. Headcount enrollment is a count of the number of students at each institution and does not differentiate between full-time and part-time students. Full-time equivalent enrollment (FTE) is a separate enrollment measure that considers the number of credit hours taken by students. Ten institutions saw increased headcounts from Fall 2022 and six institutions had a decrease. App State, ECSU, FSU, N.C. A&T, NC State, and UNC-Chapel Hill had record high enrollments.

The following eight tables provide information on the composition of student enrollment at UNC System institutions. More information on enrollment can be found in the UNC System's Interactive Enrollment Dashboards.

9. Student Outcomes

The UNC System awarded over 64,000 degrees in FY 2022-23. The percentage of students who graduated within five years was 71.0 percent, a slight dip from last year's 72.1 percent. That number exceeds the Strategic Plan's 2022 goal (70 percent) and far outpaces the national average. The first-to-second year retention rate increased this year from 88.3 percent to 89.0 percent. The following seven tables provide more information on student outcomes and North Carolina's educational attainment rate compared to other states.

10. Capital Improvement Budget Allocations

Over the 2023-25 fiscal biennium, the 2023 Appropriations Act (S.L. 2023-134) appropriated just under \$1.5 billion from the State Capital and Infrastructure Fund (SCIF) for UNC capital improvement projects. These funds fall into two categories: 1) funding for the UNC Repairs and Renovations (R&R) program and 2) funding for specific capital projects named in the legislation.

Table 42: 2023-25 SCIF Capital Appropriations

| | FY 2023-24 | FY 2024-25 | FY 2023-25 Total |
|---------------------------|---------------|---------------|------------------|
| UNC Repairs & Renovations | \$280,503,000 | \$250,000,000 | \$530,503,000 |
| Named Projects | \$417,256,772 | \$507,599,928 | \$924,856,700 |
| Total | \$697,759,772 | \$757,599,928 | \$1,455,359,700 |

a) UNC Repairs and Renovations Program

While the Act includes the specific projects to be funded from the SCIF R&R funding, the University of North Carolina Board of Governors determines the allocation of the SCIF R&R funds to the University of North Carolina System constituent institutions. As of January 1, 2024, the Board of Governors approved \$85.2 million for 2023-24 R&R funding to be allocated as follows:

- \$50 million for maintenance R&R to be distributed in accordance with the approved R&R allocation model approved by the Board of Governors on September 20, 2019 (see Table 43 below); and
- \$35.2 million to fund the inflationary increases and the design and construction of specified major R&R project (Appendix D summarizes the distribution of R&R funds for major R&R projects since the inception of the program).

The allocation of the remaining \$195.3 million of 2023-24 SCIF R&R funds will be brought to the Board of Governors for consideration at a future meeting prior to the end of the fiscal year to support projects that are ready for construction.

b) UNC SCIF Named Projects

Named Projects are capital projects for specific institutions the General Assembly has directed UNC to complete. These projects are listed in the budget legislation along with an anticipated funding schedule. The full list of Named Projects appears in Appendix D.

11. Spotlight: Legislative Investments in Historically Minority-Serving Institutions (HMSIs)

The UNC Board of Governors created a special Committee on HMSI serving institutions in 2018 to study and assess six institutions' unique challenges and promising opportunities. The six institutions that comprise UNC's HMSIs include five historically black colleges and universities (HBCUs) and the only state-designated historically American Indian university. The six institutions are ECSU, FSU, N.C. A&T, NCCU, UNCP, and WSSU.

The General Assembly has made significant investment in HMSIs through the UNC System NC Promise Tuition Plan. In 2023-24 NC Promise will provide approximately \$37 million to three HMSIs: ECSU, FSU, and UNCP. The 2021 Appropriations Act added FSU to the NC Promise program beginning in 2022-23 and provided an additional recurring appropriation of \$11.5 million. Since the inception of NC Promise, ECSU has received \$41 million, UNCP has received \$104 million, and FSU has received \$31 million in appropriations to make up for the discounted tuition rates. More detail can be found in section 2 — NC Promise Tuition Plan.

The General Assembly has made many other investments that benefit HMSIs, as presented in Tables 44 and 45.

In 2017, the General Assembly created the State Capital and Infrastructure Fund (SCIF) to fund major capital projects as well as annual repair and renovation needs. The program began funding projects in fiscal year 2019-20. The SCIF is a pay-as-you-go model in which the projects receive authorization from the General Assembly and are then funded over time. Funding for the SCIF comes primarily from four percent of annual net state tax revenues and one quarter of any unreserved fund balance in the General Fund at the end of the fiscal year. The table below shows appropriations for HMSI SCIF project authorizations.
