TO: Joint Legislative Commission on Government Operations

RE: Request for Consultation on Fees

In accordance with G.S. § 12-3.1, the NC Board of Electrolysis Examiners requests consultation for a proposed increase in fees as published in the NC Register April 1, 2015. The statutory authority for all fees is The Electrolysis Practice Act (G.S. §88-A) Following are the items for which consultation is requested:

<i>Statutory Cite</i>	<i>21 NCAC 19 ...</i>	<i>Fee Description</i>	<i>Current Fee</i>	<i>Proposed Fee</i>	<i>Statutory Limit</i>
88A-9(b)(5b)	.0201(b)(3)	Laser practitioner renewal	\$125.00	\$150.00	\$150.00
88A-9(b)(5)	.0201(d)(2)(A)	Electrology school application	350.00	400.00	500.00
88A-9(b)(6)	.0201(d)(2)(B)	Electrology school certification	75.00	100.00	250.00
88A-9(b)(5f)	.0201(d)(2)(F)	Laser school certification renewal	none	100.00	400.00
88A-9(b)(6c)	.0201(e)(2)(A)	Electrologist inspection	100.00	100.00	100.00
88A-9(b)(6c)	.0201(e)(2)(B)	Laser practitioner inspection	100.00	100.00	100.00
88A-9(b)(8)	.0201(e)(6)	Instructor reinstatement	none	250.00	250.00
88A-9(b)(9)	.0201(e)(8)	Instructor reactivation	none	150.00	200.00

The purpose for all proposed fee increases is to better match rising costs for processing applications, certifications, and renewals. The proposed changes to electrologist and laser inspections are not increases, but rather a clarification that each license requires a site inspection.

Please advise if the Commission has questions or needs any additional information.

Yours truly,

Susan Magas  
Rulemaking Coordinator
