Scope of Volume

Statutes:

Permanent portions of the General Laws enacted by the General Assembly through the 2003 Regular Session affecting Chapters 136 through 143 of the General Statutes.

Annotations:

This publication contains annotations taken from decisions of the North Carolina Supreme Court posted on LEXIS through June 13, 2003, decisions of the North Carolina Court of Appeals posted on LEXIS through June 17, 2003, and decisions of the appropriate federal courts posted through June 20, 2003. These cases will be printed in the following reporters:

South Eastern Reporter 2nd Series.
Federal Reporter 3rd Series.
Federal Supplement 2nd Series.
Federal Rules Decisions.
Bankruptcy Reports.
Supreme Court Reporter.

Additionally, annotations have been taken from the following sources:

North Carolina Law Review through Volume 81, no. 2, p. 900.
Wake Forest Law Review through Volume 37, Pamphlet No. 4, p. 1174.
Campbell Law Review through Volume 24, no. 2, p. 346.
Duke Law Journal through Volume 52, no. 1, p. 273.
North Carolina Central Law Journal through Volume 24, no. 1, p. 180.
Opinions of the Attorney General.

User's Guide

In order to assist both the legal profession and the layperson in obtaining the maximum benefit from the North Carolina General Statutes, a User's Guide has been included in Volume 1. This guide contains comments and information on the many features found within the General Statutes intended to increase the usefulness of this set of laws to the user. See Volume 1 for the complete User's Guide.

Article 1.

Organization of Department of Transportation.

§§ 136-1 through 136-3: Repealed by Session Laws 1973, c. 507, s. 23.

§ 136-4. State Highway Administrator.

There shall be a State Highway Administrator, who shall be a career official and who shall be the administrative officer of the Department of Transportation for highway matters. The State Highway Administrator shall be appointed by the Secretary of Transportation and he may be removed at any time by the Secretary of Transportation. He shall be paid a salary to be set in accordance with Chapter 126 of the General Statutes, the State Personnel Act. The State Highway Administrator shall have such powers and perform such duties as the Secretary of Transportation shall prescribe. (1921, c. 2, ss. 5, 6; C.S., s. 3846(g); 1933, c. 172, s. 17; 1957, c. 65, s. 2; 1961, c. 232, s. 2; 1965, c. 55, s. 3; 1973, c. 507, s. 22; 1975, c. 716, s. 7; 1977, c. 464, s. 11; 1983, c. 717, s. 45; 1983 (Reg. Sess., 1984), c. 1034, s. 164; 1985, c. 757, s. 191.)

§§ 136-4.1 through 136-5: Repealed by Session Laws 1973, c. 507, s. 23.

§§ 136-6 through 136-9: Repealed by Session Laws 1957, c. 65, s. 12.

§ 136-10. Audit and rules.

The operations of the Department of Transportation shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. Rules adopted by the Department of Transportation are subject to Chapter 150B of the General Statutes. (1921, c. 2, s. 24; C.S., s. 3846(m); 1933, c. 172, s. 7; 1957, c. 65, s. 4; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1983, c. 913, s. 25; 1991, c. 477, s. 5.)

CASE NOTES

Cited in Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

§ 136-11. Annual reports to Governor.

The Department of Transportation shall make to the Department of Administration, or to the Governor, a full report of its finances and the physical condition of buildings, depots and properties under its supervision and control, on the first day of July of each year, and at such other times as the Governor or Directors of the Budget may call for the same. (1933, c. 172, s. 11; 1957, c. 65, s. 11; c. 269, s. 1; c. 349, s. 7; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Cited in Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

§ 136-11.1. Local consultation on transportation projects.

Prior to any action of the Board on a transportation project, the Department shall inform all municipalities and counties affected by a planned transportation project and request each affected municipality or county to submit within 45 days a written resolution expressing their views on the project. A municipality or county may designate a Transportation Advisory Committee to submit its response to the Department's request for a resolution. Upon receipt of a written resolution from all affected municipalities and counties or their designees, or the expiration of the 45-day period, whichever occurs first, the Board may take action. The Department and the Board shall consider, but shall not be bound by, the views of the affected municipalities and counties on each transportation project. The failure of a county or municipality to express its views within the time provided shall not prevent the Department or the Board from taking action. The Department shall not be required to send notice under this section if it has already received a written resolution from the affected county or municipality on the planned transportation project. "Action of the Board", as used in this section, means approval by the Board of: the Transportation Improvement Program and amendments to the Transportation Improvement Program; the Secondary Roads Paving Program and amendments to the Secondary Roads Paving Program; and individual applications for access and public service road projects, contingency projects, small urban projects, and spot safety projects that exceed one hundred fifty thousand dollars ($150,000). The 45-day notification provision may be waived upon a finding by the Secretary of Transportation that emergency action is required. Such findings must be reported to the Joint Legislative Transportation Oversight Committee. (1998-169, s. 3.)

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

§ 136-12. Reports to General Assembly; Transportation Improvement Program submitted to members and staff of General Assembly.

(a) The Department of Transportation shall, on or before the tenth day after the convening of each regular session of the General Assembly of North Carolina, make a full printed, detailed report to the General Assembly, showing the construction and maintenance work and the cost of the same, receipts of license fees, and disbursements of the Department of Transportation, and such other data as may be of interest in connection with the work of the Department of Transportation. A full account of each road project shall be kept by and under the direction of the Department of Transportation or its representatives, to ascertain at any time the expenditures and the liabilities against all projects; also records of contracts and force account work. The account records, together with all supporting documents, shall be open at all times to the inspection of the Governor or road authorities of any county, or their authorized representatives, and copies thereof shall be furnished such officials upon request.

(a1) The Department of Transportation shall report quarterly beginning on October 15, 1996, and then on the fifteenth of the month following the end of the fiscal quarter, to the Joint Legislative Transportation Oversight Committee on all projects to be built with funds obligated using the cash flow provisions of G.S. 143-28.1. The report shall contain a list of the projects and the amount obligated in anticipation of revenues for each year of the project.

(b) At least 30 days before it approves a Transportation Improvement Program in accordance with G.S. 143B-350(f)(4) or approves interim changes

to a Transportation Improvement Program, the Department shall submit the proposed Transportation Improvement Program or proposed interim changes to a Transportation Improvement Program to the following members and staff of the General Assembly:

(1) The Speaker and the Speaker Pro Tempore of the House of Representatives;
(2) The Lieutenant Governor and the President Pro Tempore of the Senate;
(3) The Chairs of the House and Senate Appropriations Committees;
(4) Each member of the Joint Legislative Transportation Oversight Committee; and
(5) The Fiscal Research Division of the Legislative Services Commission.

(1921, c. 2, s. 23; C.S., s. 3846(l); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1989, c. 692, s. 1.3; c. 770, s. 74.16; 1993, c. 321, s. 169.2(d); 1996, 2nd Ex. Sess., c. 18, s. 19.4(c).)

Cross References. — As to periodic adjustment of permit fees to assure that revenue generated by the fees equals the cost of administration of Oversize/Overweight Permit Unit Program, see G.S. 20-119(e).

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 769, s. 20.10 provides that the Departments of Transportation and Correction shall report, quarterly beginning October 1, 1994, to the Joint Legislative Transportation Oversight Committee on the implementation of the recommendations of the Inmate Labor Subcommittee.

Session Laws 1996, Second Extra Session, c. 18, s. 19.4(c) was codified as subsection (a1) of this section at the direction of the Revisor of Statutes.

Session Laws 1993, c. 561, s. 68, as amended by Session Laws 1995, c. 324, s. 18.28, and Session Laws 1996, Second Extra Session, c. 18, s. 19.6, provides for an appropriation to the Department of Transportation for the replacement of the wooded trestle over the Newport River on the Beaufort and Morehead Railroad with a concrete trestle, that construction shall be owned by the Department of Transportation, that the Department of Transportation may award a contract for the project in the 1996-2002 Transportation Improvement Program on a design-build basis, and that the Department of Transportation shall file a progress report every six months beginning on December 1, 1996, with the Joint Legislative Transportation Oversight Committee on the construction of the project.

CASE NOTES

Cited in Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

§ 136-12.1. Biennial report on off-premise sign regulatory program.

The Department of Transportation shall make a biennial report to the General Assembly beginning on January 1, 1993, on its Off-Premise Sign Regulatory Program.

The report shall include:

(1) The number of off-premise signs (billboards) that conform with State and local regulations and the number of off-premise signs that do not conform with State and local regulations in each county along federal-aid primary highways.
(2) The number of conforming and nonconforming off-premise signs on State-owned railroad right-of-way.
(3) The number of nonconforming off-premise signs removed during the fiscal year.
(4) The number of permitted tree cuttings and the number of illegal tree cuttings in front of off-premise signs.

(5) Expenses incurred in regulating off-premise signs and receipts from application and renewal permit fees. (1991, c. 689, s. 208.)

§ 136-13. Malfeasance of officers and employees of Department of Transportation, members of Board of Transportation, contractors, and others.

(a) It is unlawful for any person, firm, or corporation to directly or indirectly corruptly give, offer, or promise anything of value to any officer or employee of the Department of Transportation or member of the Board of Transportation, or to promise any officer or employee of the Department of Transportation or any member of the Board of Transportation to give anything of value to any other person with intent:

(1) To influence any official act of any officer or employee of the Department of Transportation or member of the Board of Transportation;

(2) To influence such member of the Board of Transportation, or any officer or employee of the Department of Transportation to commit or aid in committing, or collude in, or allow, any fraud, or to make opportunity for the commission of any fraud on the State of North Carolina; and

(3) To induce a member of the Board of Transportation, or any officer or employee of the Department of Transportation to do or omit to do any act in violation of his lawful duty.

(b) It shall be unlawful for any member of the Board of Transportation, or any officer or employee of the Department of Transportation, directly or indirectly, to corruptly ask, demand, exact, solicit, accept, receive, or agree to receive anything of value for himself or any other person or entity in return for:

(1) Being influenced in his performance of any official act;

(2) Being influenced to commit or aid in committing, or to collude in, or allow, any fraud, or to make opportunity for the commission of any fraud on the State of North Carolina; and

(3) Being induced to do or omit to do any act in violation of his official duty.

(c) The violation of any of the provisions of this section shall be cause for forfeiture of public office and shall be a Class H felony which may include a fine of not more than twenty thousand dollars ($20,000) or three times the monetary equivalent of the thing of value whichever is greater. (1921, c. 2, s. 49; C.S., s. 3846(cc); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1965, c. 55, s. 7; 1973, c. 507, s. 6; 1975, c. 716, s. 7; 1977, c. 464, ss. 7.1, 10, 10.1; 1979, c. 298, ss. 3, 4; 1993, c. 539, s. 1308; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-13.1. Use of position to influence elections or political action.

No member of the Board of Transportation nor any officer or employee of the Department of Transportation shall be permitted to use his position to influence elections or the political action of any person. (1965, c. 55, s. 8; 1973, c. 507, s. 7; 1975, c. 716, s. 7; 1977, c. 464, ss. 7.1, 10.1; 1979, c. 298, s. 3.)

§ 136-13.2. Falsifying highway inspection reports.

(a) Any employee or agent employed by the Department of Transportation or by an engineering or consulting firm engaged by the Department of Transportation, who knowingly falsifies any inspection report or test report required by the Department of Transportation in connection with the construction of highways, shall be guilty of a Class H felony.

(b) Any employee, supervisor, or officer of the Department of Transportation who directs a subordinate under his direct or indirect supervision to falsify an inspection report or test report required by the Department of Transportation in connection with the construction of highways, shall be guilty of a Class H felony.

(c) Repealed by Session Laws 1979, c. 786, s. 2. (1979, c. 523; c. 786, s. 2; 1981, c. 793, s. 1.)

§ 136-14. Members not eligible for other employment with Department; no sales to Department by employees; members not to sell or trade property with Department; profiting from official position; misuse of confidential information by Board members.

(a) No Board member shall be eligible to any other employment in connection with the Department.

(b) No Board member or any salaried employee of the Department shall furnish or sell any supplies or materials, directly or indirectly, to the Department.

(c) No Board member shall, directly or indirectly, engage in any transaction involving the sale of or trading of real or personal property with the Department.

(d) No Board member shall profit in any manner by reason of the Board member's official action or official position, except to receive salary, fees and allowances as by law provided.

(e) No Board member shall take any official action or use the Board member's official position to profit in any manner the Board member's immediate family, a business with which the Board member or the Board member's immediate family has a business association, or a client of the Board member or the Board member's immediate family with whom the Board member, or the Board member's immediate family, has an existing business relationship for matters before the Board.

(f) No Board member shall attempt to profit from a proposed project of the Department if the profit is greater than that which would be realized by other persons living in the area where the project is located. If the profit under this subsection would be greater for the Board member than other persons living in the area where the project is located not only shall the member abstain from voting on that issue, but once the conflict of interest is apparent, the member shall not discuss the project with any other Board member or other officer or employee of the Department except to state that a conflict of interest exists. Under this subsection a Board member is presumed to profit if the profit would be realized by a Board member's immediate family, a business with which the Board member or the Board member's immediate family has a business association, or a client of the Board member or the Board member's immediate family with whom the Board member, or the Board member's immediate family, has an existing business relationship for matters before the Board. Violation of this subsection shall be a Class I felony.

(g) No Board member, in contemplation of official action by the Board member, by the Board, or in reliance on information that was made known to the Board member in the Board member's official capacity and that has not been made public, shall commit any of the following acts:

(1) Acquire a pecuniary interest in any property, transaction, or enterprise or gain any pecuniary benefit that may be affected by such information or official action; or

(2) Intentionally aid another to do any of the above acts.

(h) As used in this section, the following terms mean:

(1) "Board". — The Board of Transportation.

(2) "Board member". — A member of the Board of Transportation.

(3) "Business association". — A director, employee, officer, or partner of a business entity, or owner of more than ten percent (10%) interest in any business entity.

(4) "Department". — The Department of Transportation.

(5) "Immediate family". — Spouse, children, parents, brothers, and sisters.

(6) "Official action". — Actions taken while a Board member related to or in connection with the person's duties as a Board member including, but not limited to, voting on matters before the Board, proposing or objecting to proposals for transportation actions by the Department or the Board, discussing transportation matters with other Board members or Department staff or employees in an effort to further the matter after the conflict of interest has been discovered, or taking actions in the course and scope of the position as a Board member and actions leading to or resulting in profit.

(7) "Profit". — Receive monetary or economic gain or benefit, including an increase in value whether or not recognized by sale or trade.

(i) Except as otherwise provided in this section, a violation of this section shall be a Class H felony which may include a fine of not more than twenty thousand dollars ($20,000), or three times the value of the transaction, whichever amount is greater. (1933, c. 172, s. 10; 1957, c. 65, s. 11; 1965, c. 55, s. 9; 1973, c. 507, s. 8; 1975, c. 716, s. 7; 1977, c. 464, ss. 7.1, 10.2; 1979, ch. 298, s. 3; 1985, c. 689, s. 28; 1993, c. 539, s. 1309; 1994, Ex. Sess., c. 24, s. 14(c); 1998-169, s. 4.)

§ 136-14.1. Transportation engineering divisions.

For purposes of administering transportation activities, the Department of Transportation shall have authority to designate boundaries of transportation engineering divisions for the proper administration of its duties. (1957, c. 65, s. 5; 1965, c. 55, s. 10; 1973, c. 507, s. 9; 1975, c. 716, s. 7; 1993, c. 483, s. 2.)

§ 136-14.2. Division engineer to manage personnel.

Except for general departmental policy applicable to all of the State the division engineer shall have authority over all divisional personnel matters and over Department employees in his division making personnel decisions. (1975, 2nd Sess., c. 983, s. 92.)

§ 136-15. Establishment of administrative districts.

The Department of Transportation may establish such administrative districts as in its opinion shall be necessary for the proper and efficient performance of highway duties. The Department may from time to time change the number of such districts, or it may change the territory embraced within the several districts, when in its opinion it is in the interest of efficiency and economy to make such change. (1931, c. 145, s. 5; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 10; 1975, c. 716, s. 7.)

§ 136-16. Funds and property converted to State Highway Fund.

Except as otherwise provided, all funds and property collected by the Department of Transportation shall be paid or converted into the State

Highway Fund. (1919, c. 189, s. 8; C.S., s. 3595; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Legal Periodicals. — For a survey of 1996 developments in constitutional law, see 75 N.C.L. Rev. 2252 (1997).

§§ 136-16.1 through 136-16.3: Reserved for future codification purposes.

§ 136-16.4. Continuing aviation appropriations.

There is appropriated from the General Fund to the Department of Transportation the sum of eight million four hundred thousand dollars ($8,400,000) for fiscal year 1993-94 and the sum of eight million nine hundred thousand dollars ($8,900,000) for fiscal year 1994-95. Each subsequent fiscal year, there is appropriated from the General Fund to the Department of Transportation the amount appropriated by this section to the Department of Transportation for the preceding fiscal year, plus or minus the percentage of the amount by which the collection of State sales and use taxes increased or decreased during the preceding fiscal year. The Department of Transportation may use funds appropriated under this section only for aviation purposes. (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53; 1993, c. 321, s. 153(a).)

Editor's Note. — Session Laws 2001-424, s. 27.15, provides: "Notwithstanding the provisions of G.S. 136-16.4 for determining the amount of continuing aviation appropriations, there is appropriated from the General Fund to the Department of Transportation the sum of seven million two hundred fifty thousand dollars ($7,250,000) for the 2001-2002 fiscal year to fund aviation grants."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

§ 136-16.5. Purposes for continuing aviation appropriations.

The continuing aviation appropriations authorized by G.S. 136-16.4 shall be used in accordance with the provisions of Article 7 of Chapter 63 of the General Statutes. (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53.)

§ 136-16.6. Continuing rail appropriations.

(a) There is annually credited to the Highway Fund one hundred percent (100%) of the annual dividends received by the State from its ownership of stock in the North Carolina Railroad Company for use by the Department of Transportation for railroad purposes.

(b) The Department of Transportation shall include in its annual budget the purposes for which the annual dividends received by the State from its ownership of stock in the North Carolina Railroad Company will be used.

These purposes may include the following project types to be included in the annual Transportation Improvement Program:

(1) Track and signal improvements for passenger service.

(2) Rail passenger stations and multimodal transportation centers.

(3) Grade crossing protection, elimination, and hazard removal.

(4) Rail rolling stock cars and locomotives.
(5) Rail rehabilitation.
(6) Industrial rail access.

The Department of Transportation shall use these funds to supplement but not supplant funds allocated for projects approved as part of the Transportation Improvement Program.

(c) There is annually appropriated to the Department of Transportation for railroad purposes, including capital contributions to the Beaufort and Morehead Railroad Company or any successor company, one hundred percent (100%) of the funds credited to the Highway Fund pursuant to subsection (a) of this section. (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53; 1991, c. 689, s. 65; 1995, c. 324, s. 18.2; 1996, 2nd Ex. Sess., c. 18, s. 19.12; 1997-443, s. 32.30(f).)

Cross References. — See G.S. 124-5.1(a), directing the application of dividends of the North Carolina Railroad Company received by the State to reduce obligations described in Session Laws 1997-443, s. 32.30(c), as amended by Session Laws 1999-237, s. 27.11(d). See also G.S. 124-5.1(b), regarding the cessation of accrual of interest on the remaining balance of obligations described in Session Laws 1997-443, s. 32.30(c), as amended by Session Laws 1999-237, s. 27.11(d), effective January 1, 2000.

Editor's Note. — Session Laws 1997-443, s. 32.30(a)-(e), as amended by Session Laws 1999-237, s. 27.11(d), provides that the General Assembly finds it advantageous for the State to acquire the outstanding shares of the North Carolina Railroad Company not held by the State, provides for $61,000,000 to be placed in a Railroad Reserve Account, and that if a majority of the outstanding shares held by shareholders other than the State are represented at a meeting where a plan for merger between the Beaufort and Morehead Railroad Company and the North Carolina Railroad Company is approved, the State shall invest that money on a one-time basis in obligations of the Beaufort and Morehead Railroad Company or its successor, and that the Director of the Budget shall recommend to the 2000 General Assembly a plan for the repayment of that loan. Furthermore, no stock owned by the State of North Carolina in the North Carolina Railroad Company shall be sold or transferred except with prior consent as part of a transaction relating to a plan of merger or consolidation of that company with another company; in accordance with this provision, the State Treasurer shall transfer the stock owned by the State of North Carolina to the Beaufort and Morehead Railroad Company.

Session Laws 1997-443, s. 32.30(g) provides that subsection (f), which amended this section, applies to funds previously appropriated under subsection (c).

Session Laws 1997-443, s. 32.30(h)-(i), provide that no monies appropriated for highway construction or maintenance may be used by the State or any of its political subdivisions to acquire stock in the North Carolina Railroad Company or make a capital contribution or loan to that company or the Beaufort and Morehead Railroad Company. Investments by the State in the Beaufort and Morehead Railroad Company or any successor company shall be recorded in the General Fund.

Session Laws 1997-443, s. 35.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1997-99 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1997-99 fiscal biennium."

Session Laws 1999-237, s. 27.11(a), provides that any annual dividends of the North Carolina Railroad received during the 1999-2000 fiscal year and used for the purposes set forth in subsection (b) shall be applied to reduce obligations described in Session Laws 1997-443, s. 32.30. Section 27.11(b) provides that $10,000,000 shall be used to upgrade tracks in Eastern North Carolina, $6,000,000 shall be used to purchase right-of-way for the Charlotte train station, and up to $3,000,000 may be used for the old Burlington station/roundhouse. Section 27.11(c) provides that any remaining dividends be placed in a reserve and remain unencumbered and unexpended until appropriated.

Session Laws 1999-237, s. 1.1 provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 1999.'"

Session Laws 1999-237, s. 30.2 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1999-2001 fiscal biennium, the textual provision of this act apply only to funds appropriated for, and activities occurring during, the 1999-2001 biennium."

Session Laws 1999-237, s. 30.4 contains a severability clause.

Session Laws 2001-424, s. 2.2(b), provides: "Notwithstanding the provisions of Section 7.2.(a) of S.L. 2000-67, nineteen million dollars ($19,000,000) of the North Carolina Railroad Company dividends received by the State during the 2000-2001 fiscal year and the 2001-2002

fiscal year shall: (i) be applied to increase the capital of the North Carolina Railroad Company, (ii) reduce the obligations described in subsection (c) of Section 32.30 of S.L. 1997-443, as amended by subsection (d) of Section 27.11 of S.L. 1999-237, and (iii) be deposited in the General Fund."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

§ 136-16.7. Purposes for continuing rail appropriations.

The continuing rail appropriation authorized by G.S. 136-16.6 shall be used in accordance with the provisions of Article 2D of Chapter 136 of the General Statutes. (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53.)

§ 136-16.8. Continuing appropriations for public transportation.

There is annually appropriated, beginning with the 1987-88 fiscal year, from the Highway Fund to the Department of Transportation for public transportation purposes the greater of one million six hundred forty-five thousand dollars ($1,645,000) or the amount derived by multiplying the number of vehicles estimated to be registered as of the first day of each fiscal year by fifty cents ($.50). (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53.)

§ 136-16.9. Purposes for continuing public transportation appropriations.

The continuing public transportation appropriations authorized by G.S. 136-16.8 shall be used in accordance with the provisions of Article 2B of Chapter 136 of the General Statutes. (1987, c. 738, s. 170(a), (c); 1989, c. 500, s. 53.)

§ 136-16.10. Allocations by Department Controller to eliminate overdrafts.

The Controller of the Department of Transportation shall allocate at the beginning of each fiscal year from the various appropriations made to the Department of Transportation for State Construction, State Funds to Match Federal Highway Aid, State Maintenance, and Ferry Operations, sufficient funds to eliminate all overdrafts on State maintenance and construction projects, and these allocations shall not be diverted to other purposes. (1997-443, s. 32.3.)

Article 2.

Powers and Duties of Department and Board of Transportation.

§ 136-17: Repealed by Session Laws 1973, c. 507, s. 3.

§ 136-17.1: Repealed by Session Laws 1977, c. 464, s. 13.

§ 136-17.2. Members of the Board of Transportation represent entire State.

The chairman and members of the Board of Transportation shall represent the entire State in transportation matters and not represent any particular person, persons, or area. The Board shall, from time to time, provide that one or more of its members or representatives shall publicly hear any person or persons concerning transportation matters in each of said geographic areas of the State. (1973, c. 507, s. 3; 1977, c. 464, s. 7.1; 1987, c. 783, s. 3; 1993, c. 483, s. 3.)

Local Modification. — Village of Bald Head Island: 1997-324, s. 1.

Editor's Note. — Session Laws 1999-237, s. 27.3, provides that, notwithstanding any other provision of law, the Board of Transportation may award up to three contracts annually for construction of transportation projects on a design-build basis after a determination by the Department that delivery of the projects must be expedited and that it is not in the public interest to comply with normal design and construction contracting procedures. Prior to the award of a design-build contract, the Secretary of Transportation is to report to the Joint Legislative Transportation Oversight Committee and to the Joint Legislative Commission on Governmental Operations on the nature and scope of the project and the reasons an award on a design-build basis will best serve the public interest.

Session Laws 1999-237, s. 1.1, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 1999'."

Session Laws 1999-237, s. 30.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1999-2001 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1999-2001 biennium."

Session Laws 1999-237, s. 30.4, contains a severability clause.

§ 136-17.2A. Distribution formula for funds expended on Intrastate System and Transportation Improvement Program.

(a) Funds expended for the Intrastate System projects listed in G.S. 136-179 and both State and federal-aid funds expended under the Transportation Improvement Program, other than federal congestion mitigation and air quality improvement program funds appropriated to the State by the United States pursuant to 23 U.S.C. § 104(b)(2) and 23 U.S.C. § 149, funds expended on an urban loop project listed in G.S. 136-180 and funds received through competitive awards or discretionary grants through federal appropriations either for local governments, transportation authorities, transit authorities, or the Department, shall be distributed throughout the State in accordance with this section.

(1) Distribution Region A consists of the following counties: Bertie, Camden, Chowan, Currituck, Dare, Edgecombe, Gates, Halifax, Hertford, Hyde, Johnston, Martin, Nash, Northampton, Pasquotank, Perquimans, Tyrrell, Washington, Wayne, and Wilson.

(2) Distribution Region B consists of the following counties: Beaufort, Brunswick, Carteret, Craven, Duplin, Greene, Jones, Lenoir, New Hanover, Onslow, Pamlico, Pender, Pitt, and Sampson.

(3) Distribution Region C consists of the following counties: Bladen, Columbus, Cumberland, Durham, Franklin, Granville, Harnett, Person, Robeson, Vance, Wake, and Warren.

(4) Distribution Region D consists of the following counties: Alamance, Caswell, Davidson, Davie, Forsyth, Guilford, Orange, Rockingham, Rowan, and Stokes.

(5) Distribution Region E consists of the following counties: Anson, Cabarrus, Chatham, Hoke, Lee, Mecklenburg, Montgomery, Moore, Randolph, Richmond, Scotland, Stanly, and Union.

(6) Distribution Region F consists of the following counties: Alexander, Alleghany, Ashe, Avery, Caldwell, Catawba, Cleveland, Gaston, Iredell, Lincoln, Surry, Watauga, Wilkes, and Yadkin.

(7) Distribution Region G consists of the following counties: Buncombe, Burke, Cherokee, Clay, Graham, Haywood, Henderson, Jackson, Macon, Madison, McDowell, Mitchell, Polk, Rutherford, Swain, Transylvania, and Yancey.

(b) Until ninety percent (90%) of the mileage of the Intrastate System projects listed in G.S. 136-179 is completed, the Secretary of Transportation shall, on or before October 1 of each year, calculate the estimated amount of funds subject to this section that will be available for the next seven program years beginning that October 1. The Secretary shall then calculate a tentative percentage share for each distribution region by multiplying the total estimated amount by a factor that is based:

(1) Twenty-five percent (25%) on the estimated number of miles to complete the Intrastate System projects in that distribution region compared to the estimated number of miles to complete the total Intrastate System;

(2) Fifty percent (50%) on the estimated population of the distribution region compared to the total estimated population of the State; and

(3) Twenty-five percent (25%) on the fraction one-seventh, which provides an equal share based on the number of distribution regions.

(c) When ninety percent (90%) of the mileage of the Intrastate System projects listed in G.S. 136-179 is completed, the Secretary of Transportation shall, on or before October 1 of each year, calculate the estimated amount of funds subject to this section that will be available for the next seven program years beginning that October 1. The Secretary shall then calculate a tentative percentage share for each distribution region by multiplying the total estimated amount by a factor that is based:

(1) Sixty-six percent (66%) on the estimated population of the distribution region compared to the total estimated population of the State; and

(2) Thirty-four percent (34%) on the fraction one-seventh, which provides an equal share based on the number of distribution regions.

(d) In each fiscal year, the Department shall, as nearly as practicable, expend in a distribution region an amount equal to that region's tentative percentage share of the funds that are subject to this section and are available for that fiscal year. In any consecutive seven-year period, the amount expended in a distribution region must be between ninety percent (90%) and one hundred ten percent (110%) of the sum of the amounts established under this subsection as the target amounts to be expended in the region for those seven years.

(e) In making the calculation under this section, the Secretary shall use the most recent estimates of population certified by the State Budget Officer.

(f) In developing the schedules of improvements to be funded from the Trust Fund and of improvements to be made under the Transportation Improvement Program, the Board of Transportation shall consider the highway needs of every county in a distribution region and shall make every reasonable effort to schedule the construction of highway improvements in a manner that addresses the needs of every county in the region in an equitable and timely manner.

(g) On or before December 1, 1999, the Secretary shall submit to the General Assembly a report of allocations, obligations, and actual yearly expenditures for each distribution region, covering fiscal years 1989-90

through 1997-98. On or before December 1, 2000, and every two years thereafter, the Secretary shall submit to the General Assembly a report of allocations and actual expenditures for the preceding two fiscal years. At any time in which the report indicates that allocations and expenditures by distribution region do not comply with the provisions of subsection (d) of this section, the Secretary shall also submit a plan to correct the imbalance.

(h) Each year, the Secretary shall calculate the amount of funds allocated in that year to each division, the amount of funds obligated, and the amount the obligations exceeded or were below the allocation. The target amounts obtained according to subsection (b) of this section shall be adjusted to account for any differences between allocations and obligations reported for the previous year. The new target amounts shall be used to fulfill the requirements of subsection (d) of this section for the next update of the Transportation Improvement Program. The adjustment to the target amount shall be allocated by division. (1989, c. 692, s. 1.4; c. 770, s. 74.7; 1999-237, ss. 27.19, 27.20(a); 1999-422, s. 2; 2000-134, s. 22.)

§ 136-18. Powers of Department of Transportation.

The said Department of Transportation shall be vested with the following powers:

(1) The general supervision over all matters relating to the construction of the State highways, letting of contracts therefor, and the selection of materials to be used in the construction of State highways under the authority of this Chapter.

(2) To take over and assume exclusive control for the benefit of the State of any existing county or township roads, and to locate and acquire rights-of-way for any new roads that may be necessary for a State highway system, and subject to the provisions of G.S. 136-19.5(a) and (b) also locate and acquire such additional rights-of-way as may be necessary for the present or future relocation or initial location, above or below ground, of telephone, telegraph, electric and other lines, as well as gas, water, sewerage, oil and other pipelines, to be operated by public utilities as defined in G.S. 62-3(23) and which are regulated under Chapter 62 of the General Statutes, or by municipalities, counties, any entity created by one or more political subdivisions for the purpose of supplying any such utility services, electric membership corporations, telephone membership corporations, or any combination thereof, with full power to widen, relocate, change or alter the grade or location thereof and to change or relocate any existing roads that the Department of Transportation may now own or may acquire; to acquire by gift, purchase, or otherwise, any road or highway, or tract of land or other property whatsoever that may be necessary for a State highway system and adjacent utility rights-of-way: Provided, all changes or alterations authorized by this subdivision shall be subject to the provisions of G.S. 136-54 to 136-63, to the extent that said sections are applicable: Provided, that nothing in this Chapter shall be construed to authorize or permit the Department of Transportation to allow or pay anything to any county, township, city or town, or to any board of commissioners or governing body thereof, for any existing road or part of any road heretofore constructed by any such county, township, city or town, unless a contract has already been entered into with the Department of Transportation.

(3) To provide for such road materials as may be necessary to carry on the work of the Department of Transportation, either by gift, purchase, or condemnation: Provided, that when any person, firm or corporation

owning a deposit of sand, gravel or other material, necessary, for the construction of the system of State highways provided herein, has entered into a contract to furnish the Department of Transportation any of such material, at a price to be fixed by said Department of Transportation, thereafter the Department of Transportation shall have the right to condemn the necessary right-of-way under the provisions of Article 9 of Chapter 136, to connect said deposit with any part of the system of State highways or public carrier, provided that easements to material deposits, condemned under this Article shall not become a public road and the condemned easement shall be returned to the owner as soon as the deposits are exhausted or abandoned by the Department of Transportation.

(4) To enforce by mandamus or other proper legal remedies all legal rights or causes of action of the Department of Transportation with other public bodies, corporations, or persons.

(5) To make rules, regulations and ordinances for the use of, and to police traffic on, the State highways, and to prevent their abuse by individuals, corporations and public corporations, by trucks, tractors, trailers or other heavy or destructive vehicles or machinery, or by any other means whatsoever, and to provide ample means for the enforcement of same; and the violation of any of the rules, regulations or ordinances so prescribed by the Department of Transportation shall constitute a Class 1 misdemeanor: Provided, no rules, regulations or ordinances shall be made that will conflict with any statute now in force or any ordinance of incorporated cities or towns, except the Department of Transportation may regulate parking upon any street which forms a link in the State highway system, if said street be maintained with State highway funds.

(6) To establish a traffic census to secure information about the relative use, cost, value, importance, and necessity of roads forming a part of the State highway system, which information shall be a part of the public records of the State, and upon which information the Department of Transportation shall, after due deliberation and in accordance with these established facts, proceed to order the construction of the particular highway or highways.

(7) To assume full and exclusive responsibility for the maintenance of all roads other than streets in towns and cities, forming a part of the State highway system from date of acquiring said roads. The Department of Transportation shall have authority to maintain all streets constructed by the Department of Transportation in towns of less than 3,000 population by the last census, and such other streets as may be constructed in towns and cities at the expense of the Department of Transportation, whenever in the opinion of the Department of Transportation it is necessary and proper so to do.

(8) To give suitable names to State highways and change the names as determined by the Board of Transportation of any highways that shall become a part of the State system of highways.

(9) To employ appropriate means for properly selecting, planting and protecting trees, shrubs, vines, grasses or legumes in the highway right-of-way in the promotion of erosion control, landscaping and general protection of said highways; to acquire by gift or otherwise land for and to construct, operate and maintain roadside parks, picnic areas, picnic tables, scenic overlooks and other appropriate turnouts for the safety and convenience of highway users; and to cooperate with municipal or county authorities, federal agencies, civic bodies and individuals in the furtherance of those objectives. None of the road-

side parks, picnic areas, picnic tables, scenic overlooks or other turnouts, or any part of the highway right-of-way shall be used for commercial purposes except (i) for materials displayed in welcome centers in accordance with G.S. 136-89.56, and (ii) for vending machines permitted by the Department of Transportation and placed by the Division of Services for the Blind, Department of Health and Human Services, as the State licensing agency designated pursuant to Section 2(a)(5) of the Randolph-Sheppard Act (20 USC 107a(a)(5)). The Department of Transportation shall regulate the placing of the vending machines in highway rest areas and shall regulate the articles to be dispensed. Every other use or attempted use of any of these areas for commercial purposes shall constitute a Class 1 misdemeanor and each day's use shall constitute a separate offense.

(10) To make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph, electric and other lines, above or below ground, signboards, fences, gas, water, sewerage, oil, or other pipelines, and other similar obstructions that may, in the opinion of the Department of Transportation, contribute to the hazard upon any of the said highways or in any way interfere with the same, and to make reasonable rules and regulations for the proper control thereof. And whenever the order of the said Department of Transportation shall require the removal of, or changes in, the location of telephone, telegraph, electric or other lines, signboards, fences, gas, water, sewerage, oil, or other pipelines, or other similar obstructions, the owners thereof shall at their own expense, except as provided in G.S. 136-19.5(c), move or change the same to conform to the order of said Department of Transportation. Any violation of such rules and regulations or noncompliance with such orders shall constitute a Class 1 misdemeanor.

(11) To regulate, abandon and close to use, grade crossings on any road designated as part of the State highway system, and whenever a public highway has been designated as part of the State highway system and the Department of Transportation, in order to avoid a grade crossing or crossings with a railroad or railroads, continues or constructs the said road on one side of the railroad or railroads, the Department of Transportation shall have power to abandon and close to use such grade crossings; and whenever an underpass or overhead bridge is substituted for a grade crossing, the Department of Transportation shall have power to close to use and abandon such grade crossing and any other crossing adjacent thereto.

(12) The Department of Transportation shall have such powers as are necessary to comply fully with the provisions of the Intermodal Surface Transportation Efficiency Act of 1991, Pub. L. No. 102-240, 105 Stat. 1914 (1991), as amended, and all other federal aid acts and programs the Department is authorized to administer. The said Department of Transportation is hereby authorized to enter into all contracts and agreements with the United States government relating to survey, construction, improvement and maintenance of roads, urban area traffic operations studies and improvement projects on the streets on the State highway system and on the municipal system in urban areas, under the provisions of the present or future congressional enactments, to submit such scheme or program of construction or improvement and maintenance as may be required by the Secretary of Transportation or otherwise provided by federal acts, and to do all other things necessary to carry out fully the cooperation contemplated and provided for by present or future aid acts of Congress for

the construction or improvement and maintenance of federal aid of State highways. The good faith and credit of the State are further hereby pledged to make available funds necessary to meet the requirements of the acts of Congress, present or future, appropriating money to construct and improve rural post roads and apportioned to this State during each of the years for which federal funds are now or may hereafter be apportioned by the said act or acts, to maintain the roads constructed or improved with the aid of funds so appropriated and to make adequate provisions for carrying out such construction and maintenance. The good faith and credit of the State are further pledged to maintain such roads now built with federal aid and hereafter to be built and to make adequate provisions for carrying out such maintenance. Upon request of the Department of Transportation and in order to enable it to meet the requirements of acts of Congress with respect to federal aid funds apportioned to the State of North Carolina, the State Treasurer is hereby authorized, with the approval of the Governor and Council of State, to issue short term notes from time to time, and in anticipation of State highway revenue, and to be payable out of State highway revenue for such sums as may be necessary to enable the Department of Transportation to meet the requirements of said federal aid appropriations, but in no event shall the outstanding notes under the provisions of this section amount to more than two million dollars ($2,000,000).

(12a) The Department of Transportation shall have such powers as are necessary to establish, administer, and receive federal funds for a transportation infrastructure banking program as authorized by the Intermodal Surface Transportation Efficiency Act of 1991, Pub. L. 102-240, as amended, and the National Highway System Designation Act of 1995, Pub. L. 104-59, as amended. The Department of Transportation is authorized to apply for, receive, administer, and comply with all conditions and requirements related to federal financial assistance necessary to fund the infrastructure banking program. The infrastructure banking program established by the Department of Transportation may utilize federal and available State funds for the purpose of providing loans or other financial assistance to governmental units, including toll authorities, to finance the costs of transportation projects authorized by the above federal aid acts. Such loans or other financial assistance shall be subject to repayment and conditioned upon the establishment of such security and the payment of such fees and interest rates as the Department of Transportation may deem necessary. The Department of Transportation is authorized to apply a municipality's share of funds allocated under G.S. 136-41.1 or G.S. 136-44.20 as necessary to ensure repayment of funds advanced under the infrastructure banking program. The Department of Transportation shall establish jointly, with the State Treasurer, a separate infrastructure banking account with necessary fiscal controls and accounting procedures. Funds credited to this account shall not revert, and interest and other investment income shall accrue to the account and may be used to provide loans and other financial assistance as provided under this subdivision. The Department of Transportation may establish such rules and policies as are necessary to establish and administer the infrastructure banking program. The infrastructure banking program authorized under this subdivision shall not modify the regional distribution formula for the distribution of funds established by G.S. 136-17.2A. Governmental units may apply for loans and execute debt instruments payable to the State in

order to obtain loans or other financial assistance provided for in this subdivision. The Department of Transportation shall require that applicants shall pledge as security for such obligations revenues derived from operation of the benefited facilities or systems, other sources of revenue, or their faith and credit, or any combination thereof. The faith and credit of such governmental units shall not be pledged or be deemed to have been pledged unless the requirements of Article 4, Chapter 159 of the General Statutes have been met. The State Treasurer, with the assistance of the Local Government Commission, shall develop and adopt appropriate debt instruments for use under this subdivision. The Local Government Commission shall develop and adopt appropriate procedures for the delivery of debt instruments to the State without any public bidding therefor. The Local Government Commission shall review and approve proposed loans to applicants pursuant to this subdivision under the provisions of Articles 4 and 5, Chapter 159 of the General Statutes, as if the issuance of bonds was proposed, so far as those provisions are applicable. Loans authorized by this subdivision shall be outstanding debt for the purpose of Article 10, Chapter 159 of the General Statutes.

(13) The Department of Transportation may construct and maintain all walkways and driveways within the Mansion Square in the City of Raleigh and the Western Residence of the Governor in the City of Asheville including the approaches connecting with the city streets, and any funds expended therefor shall be a charge against general maintenance.

(14) The Department of Transportation shall have authority to provide roads for the connection of airports in the State with the public highway system, and to mark the highways and erect signals along the same for the guidance and protection of aircraft.

(15) The Department of Transportation shall have authority to provide facilities for the use of waterborne traffic and recreational uses by establishing connections between the highway system and the navigable and nonnavigable waters of the State by means of connecting roads and piers. Such facilities for recreational purposes shall be funded from funds available for safety or enhancement purposes.

(16) The Department of Transportation, pursuant to a resolution of the Board of Transportation, shall have authority, under the power of eminent domain and under the same procedure as provided for the acquirement of rights-of-way, to acquire title in fee simple to parcels of land for the purpose of exchanging the same for other real property to be used for the establishment of rights-of-way or for the widening of existing rights-of-way or the clearing of obstructions that, in the opinion of the Department of Transportation, constitute dangerous hazards at intersections. Real property may be acquired for such purposes only when the owner of the property needed by the Department of Transportation has agreed in writing to accept the property so acquired in exchange for that to be used by the Department of Transportation, and when, in the opinion of the Department of Transportation, an economy in the expenditure of public funds and the improvement and convenience and safety of the highway can be effected thereby.

(17) The Department of Transportation is hereby authorized and required to maintain and keep in repair, sufficient to accommodate the public school buses, roads leading from the state-maintained public roads to all public schools and public school buildings to which children are

transported on public school buses to and from their homes. Said Department of Transportation is further authorized to construct, pave, and maintain school bus driveways and sufficient parking facilities for the school buses at those schools. The Department of Transportation is further authorized to construct, pave, and maintain all other driveways and entrances to the public schools leading from public roads not required in the preceding portion of this subdivision.

(18) To cooperate with appropriate agencies of the United States in acquiring rights-of-way for and in the construction and maintenance of flight strips or emergency landing fields for aircraft adjacent to State highways.

(19) To prohibit the erection of any informational, regulatory, or warning signs within the right-of-way of any highway project built within the corporate limits of any municipality in the State where the funds for such construction are derived in whole or in part from federal appropriations expended by the Department of Transportation, unless such signs have first been approved by the Department of Transportation.

(20) The Department of Transportation is hereby authorized to maintain and keep in repair a suitable way of ingress and egress to all public or church cemeteries or burial grounds in the State notwithstanding the fact that said road is not a part of the state-maintained system of roads. For the purpose of this subdivision a public or church cemetery or burial ground shall be defined as a cemetery or burial ground in which there are buried or permitted to be buried deceased persons of the community in which said cemetery or burial ground is located, but shall not mean a privately owned cemetery operated for profit or family burial plots.

(21) The Department of Transportation is hereby authorized and directed to remove all dead animals from the traveled portion and rights-of-way of all primary and secondary roads and to dispose of such animals by burial or otherwise. In cases where there is evidence of ownership upon the body of any dead dog, the Department of Transportation shall take reasonable steps to notify the owner thereof by mail or other means.

(22) No airport or aircraft landing area shall be constructed or altered where such construction or alteration when undertaken or completed may reasonably affect motor vehicle operation and safety on adjoining public roads except in accordance with a written permit from the Department of Transportation or its duly authorized officers. The Department of Transportation is authorized and empowered to regulate airport and aircraft landing area construction and alteration in order to preserve safe clearances between highways and airways and the Department of Transportation is authorized and empowered to make rules, regulations, and ordinances for the preservation of safe clearances between highways and airways. The Department of Transportation shall be responsible for determining safe clearances and shall fix standards for said determination which shall not exceed the standards adopted for similar purposes by the United States Bureau of Public Roads under the Federal Aid Highway Act of 1958. Any person, firm, corporation or airport authority constructing or altering an airport or aircraft landing area without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or violating the provisions of the rules, regulations or ordinances promulgated under the authority of this section shall be guilty of a Class 1 misdemeanor; provided, that this subdivision shall not

apply to publicly owned and operated airports and aircraft landing areas receiving federal funds and subject to regulation by the Federal Aviation Authority.

(23) When in the opinion of the Department of Transportation an economy in the expenditure of public funds can be effected thereby, the Department of Transportation shall have authority to enter into agreements with adjoining states regarding the planning, location, engineering, right-of-way acquisition and construction of roads and bridges connecting the North Carolina State highway system with public roads in adjoining states, and the Department of Transportation shall have authority to do planning, surveying, locating, engineering, right-of-way acquisition and construction on short segments of roads and bridges in adjoining states with the cost of said work to be reimbursed by the adjoining state, and may also enter into agreements with adjoining states providing for the performance of and reimbursement to the adjoining state of the cost of such work done within the State of North Carolina by the adjoining state: Provided, that the Department of Transportation shall retain the right to approve any contract for work to be done in this State by an adjoining state for which the adjoining state is to be reimbursed.

(24) The Department of Transportation is further authorized to pave driveways leading from state-maintained roads to rural fire district firehouses which are approved by the North Carolina Fire Insurance Rating Bureau and to facilities of rescue squads furnishing ambulance services which are approved by the North Carolina State Association of Rescue Squads, Inc.

(25) The Department of Transportation is hereby authorized and directed to design, construct, repair, and maintain paved streets and roads upon the campus of each of the State's institutions of higher education, at state-owned hospitals for the treatment of tuberculosis, state-owned orthopedic hospitals, juvenile correction centers, mental health hospitals and retarded centers, schools for the deaf, and schools for the blind, when such construction, maintenance, or repairs have been authorized by the General Assembly in the appropriations bills enacted by the General Assembly. Cost for such construction, maintenance, and repairs shall be borne by the Highway Fund. Upon the General Assembly authorizing the construction, repair, or maintenance of a paved road or drive upon any of the above-mentioned institutions, the Department of Transportation shall give such project priority to insure that it shall be accomplished as soon as feasible, at the minimum cost to the State, and in any event during the biennium for which the authorization shall have been given by the General Assembly.

(26) The Department of Transportation, at the request of a representative from a board of county commissioners, is hereby authorized to acquire by condemnation new or additional right-of-way to construct, pave or otherwise improve a designated State-maintained secondary road upon presentation by said board to the Department of Transportation of a duly verified copy of the minutes of its meeting showing approval of such request by a majority of its members and by the further presentation of a petition requesting such improvement executed by the abutting owners whose frontage on said secondary road shall equal or exceed seventy-five percent (75%) of the linear front footage along the secondary road sought to be improved. This subdivision shall not be construed to limit the authority of the Department of Transportation to exercise the power of eminent domain.

(27) The Department of Transportation is authorized to establish policies and promulgate rules providing for voluntary property owner or highway user participation in the costs of maintenance or improvement of roads which would not otherwise be necessary or would not otherwise be performed by the Department of Transportation and which will result in a benefit to the property owner or highway user. By way of illustration and not as a limitation, such costs include those incurred in connection with drainage improvements or maintenance, driveway connections, dust control on unpaved roads, surfacing or paving of roads and the acquisition of rights-of-way. Property owner and highway user participation can be in the form of materials, money, or land (for right-of-way) as deemed appropriate by the Department of Transportation. The authority of this section shall not be used to authorize, construct or maintain toll roads or bridges.

(28) The Department of Transportation may obtain land, either by gift, lease or purchase which shall be used for the construction and maintenance of ridesharing parking lots. The Department may design, construct, repair, and maintain ridesharing parking facilities.

(29) The Department of Transportation may establish policies and adopt rules about the size, location, direction of traffic flow, and the construction of driveway connections into any street or highway which is a part of the State Highway System. The Department of Transportation may require the construction and public dedication of acceleration and deceleration lanes, and traffic storage lanes and medians by others for the driveway connections into any United States route, or North Carolina route, and on any secondary road route with an average daily traffic volume of 4,000 vehicles per day or more.

(29a) To coordinate with all public and private entities planning schools to provide written recommendations and evaluations of driveway access and traffic operational and safety impacts on the State highway system resulting from the development of the proposed sites. All public and private entities shall, upon acquiring land for a new school or prior to beginning construction of a new school, relocating a school, or expanding an existing school, request from the Department a written evaluation and written recommendations to ensure that all proposed access points comply with the criteria in the current North Carolina Department of Transportation "Policy on Street and Driveway Access". The Department shall provide the written evaluation and recommendations within a reasonable time, which shall not exceed 60 days. This subdivision shall not be construed to require the public or private entities planning schools to meet the recommendations made by the Department.

(30) Consistent with G.S. 130A-309.14(a1), the Department of Transportation shall review and revise its bid procedures and specifications set forth in Chapter 136 of the General Statutes to encourage the purchase or use of reusable, refillable, repairable, more durable, and less toxic supplies and products. The Department of Transportation shall require the purchase or use of such supplies and products in the construction and maintenance of highways and bridges to the extent that the use is practicable and cost-effective. The Department shall prepare an annual report on October 1 of each year to the Environmental Review Commission as required under G.S. 130A-309.14(a1).

(31) The Department of Transportation is authorized to designate portions of highways as scenic highways, and combinations of portions of highways as scenic byways, for portions of those highways that

possess unusual, exceptional, or distinctive scenic, recreational, historical, educational, scientific, geological, natural, wildlife, cultural or ethnic features. The Department shall remove, upon application, from any existing or future scenic highway or scenic byway designation, highway sections that:

a. Have no scenic value,
b. Have been designated or would be so designated solely to preserve system continuity, and
c. Are adjacent to property on which is located one or more permanent structures devoted to a commercial or industrial activity and on which a commercial or industrial activity is actually conducted, in an unzoned area or an area zoned commercial or industrial pursuant to a State or local zoning ordinance or regulation, except for commercial activity related to tourism or recreation.

The Department shall adopt rules and regulations setting forth the criteria and procedures for the designation of scenic highways and scenic byways under this subsection.

Those portions of highways designated as scenic by the Department prior to July 1, 1993, are considered to be designated as scenic highways and scenic byways under this subsection but the Department shall remove from this designation portions of those highway sections that meet the criteria set forth in this subsection, if requested.

(32) The Department of Transportation may perform dredging services, on a cost reimbursement basis, for a unit of local government if the unit cannot obtain the services from a private company at a reasonable cost. A unit of local government is considered to be unable to obtain dredging services at a reasonable cost if it solicits bids for the dredging services in accordance with Article 8 of Chapter 143 of the General Statutes and does not receive a bid, considered by the Department of Transportation Engineering Staff, to be reasonable.

(33) The Department of Transportation is empowered and directed, from time to time, to carefully examine into and inspect the condition of each railroad, its equipment and facilities, in regard to the safety and convenience of the public and the railroad employees. If the Department finds any equipment or facilities to be unsafe, it shall at once notify the railroad company and require the company to repair the equipment or facilities.

(34) The Department of Transportation may conduct, in a manner consistent with federal law, a program of accident prevention and public safety covering all railroads and may investigate the cause of any railroad accident. In order to facilitate this program, any railroad involved in an accident that must be reported to the Federal Railroad Administration shall also notify the Department of Transportation of the occurrence of the accident.

(35) To establish rural planning organizations, as provided in Article 17 of this Chapter.

(36) To oversee the safety of fixed guideway transit systems in the State not regulated by the Federal Railroad Administration, pursuant to the Intermodal Surface Transportation Efficiency Act of 1991 (49 U.S.C. § 5330). The Department shall adopt rules in conformance with 49 U.S.C. § 5330 concerning its oversight of the safety of fixed guideway transit systems.

(37) To permit private use of and encroachment upon the right-of-way of a State highway or road for the purpose of construction and mainte-

nance of a privately owned bridge for pedestrians or motor vehicles, if the bridge shall not unreasonably interfere with or obstruct the public use of the right-of-way. Any agreement for an encroachment authorized by this subdivision shall be approved by the Board of Transportation, upon a finding that the encroachment is necessary and appropriate, in the sole discretion of the Board. Locations, plans, and specifications for any pedestrian or vehicular bridge authorized by the Board for construction pursuant to this subdivision shall be approved by the Department of Transportation. For any bridge subject to this subdivision, the Department shall retain the right to reject any plans, specifications, or materials used or proposed to be used, inspect and approve all materials to be used, inspect the construction, maintenance, or repair, and require the replacement, reconstruction, repair, or demolition of any partially or wholly completed bridge that, in the sole discretion of the Department, is unsafe or substandard in design or construction. An encroachment agreement authorized by this subdivision may include a requirement to purchase and maintain liability insurance in an amount determined by the Department of Transportation. The Department shall ensure that any bridge constructed pursuant to this subdivision is regularly inspected for safety. The owner shall have the bridge inspected every two years by a qualified private engineering firm based on National Bridge Inspection Standards and shall provide the Department copies of the Bridge Inspection Reports where they shall be kept on file. Any bridge authorized and constructed pursuant to this subdivision shall be subject to all other rules and conditions of the Department of Transportation for encroachments. Editor's Note. — Session Laws 1977, c. 460, s. 2, as amended by Session Laws 1977, c. 780, s. 1, provided: "This act [which added subdivision (26) of this section] shall not be construed to limit the authority of the Department of Transportation to exercise the power of eminent domain."

Session Laws 1995 (Reg. Sess., 1996), c. 673, s. 1, provides: "The statutory authority, powers, duties, and functions, records, personnel, property, unexpended balances of appropriations, allocations or other funds, including the functions of budgeting and purchasing, of the Rail Safety Section of the Transportation Division of the North Carolina Utilities Commission, is transferred to the Department of Transportation."

Session Laws 2000-123, s. 4, directs the Department to report to the Joint Legislative Transportation Oversight Committee on the

implementation of the act on or before December 1, 2000.

Session Laws 2003-284, s. 29.3, provides: "The Department of Transportation may establish two pilot programs to test incentive pay for employees as a means for increasing efficiency and productivity.

"One of the pilot programs shall involve the highway resurfacing program using road oil. Up to one-fourth of one percent (0.25%) of the budget allocation for this program may be used to provide employee incentive payments.

"The other pilot project may be selected by the Department of Transportation, and up to twenty-five thousand dollars ($25,000) may be used from existing budgets for incentives.

"Incentive payments shall be based on quantifiable measures and production schedules determined prior to the implementation of the pilot programs that shall last no more than two years.

"The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee on the pilot programs at least 30 days prior to their implementation."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2003-184, s. 1, effective June 12, 2003, added subdivision (36).

Session Laws 2003-267, s. 1, effective June 26, 2003, added subdivision (37).

CASE NOTES

I. General Consideration.
II. Power of Eminent Domain.

I. GENERAL CONSIDERATION.

Department of Transportation Has Exclusive Control of Highway System. — The State Highway Commission (now Department of Transportation) has been granted exclusive control over the State highway system. Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

The word "highway" includes the word "ferry," a public ferry being merely a part of a highway. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

Powers of Department Are Incidental to Purpose for Which It Was Created. — The State Highway Commission (now Department of Transportation) is the State agency created for the purpose of constructing and maintaining public highways. All the other powers it possesses are incidental to the purpose for which it was created. De Bruhl v. State Hwy. & Pub. Works Comm'n, 245 N.C. 139, 95 S.E.2d 553 (1956); C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

The Commission (now Department) is vested with the power of "general supervision over all matters relating to the construction of the State highways ...." All the other powers it possesses are incidental to the purpose for which it was created. State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

Powers Implied from General Authority Given and Duty Imposed. — Where a course of action is reasonably necessary for the effective prosecution of the State Highway Commission's (now Department of Transportation's) obligation to supervise the construction, repair and maintenance of public highways, the power to take such action must be implied from the general authority given and the duty imposed. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Right to Sue and Be Sued. — The statutes creating the State Highway Commission (now Department of Transportation) enumerate its powers and duties in the construction, maintenance, etc., of highways for public benefit, without either expressly or impliedly giving it the right to sue and be sued, but manifestly it is an agency of the State for the purpose of exercising administrative and governmental functions. Carpenter v. Atlanta & Charlotte Air Line Ry., 184 N.C. 400, 114 S.E. 693 (1922).

The State Highway Commission (now Department of Transportation) cannot be sued for tort or trespass, even though the trespass allegedly occurs in the building of a public highway. Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952).

Suit for Injunction Will Not Lie. — Plaintiffs sued the State Highway and Public Works Commission (now Department of Transportation) to enjoin it from enforcing its ordinance restricting the placing of advertising signs along the State highways, alleging that the ordinance was in excess of the authority vested in the Commission (now Department) and was unconstitutional. It was held that defendant's demurrer was properly sustained, since injunction will not lie against a State agency to prevent it from committing a wrong. Schloss v. State Hwy. & Pub. Works Comm'n, 230 N.C. 489, 53 S.E.2d 517 (1949). See Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952).

The Department of Transportation has the statutory authority to determine the nature and extent of the property required for its purposes. Frink v. North Carolina Bd. of Transp., 27 N.C. App. 207, 218 S.E.2d 713 (1975).

Power to Acquire Residences. — The State Highway Commission (now Department of Transportation) does not have authority to acquire residences, either by purchase or by eminent domain, unless such residence is needed for construction or maintenance of the highway system. De Bruhl v. State Hwy. & Pub. Works Comm'n, 245 N.C. 139, 95 S.E.2d 553 (1956).

Statutes Give Broad Discretion in Changing Roads. — Subdivision (2) of this section and G.S. 136-45 give broad discretionary powers to the State Highway Commission (now Department of Transportation) in establishing, altering, and changing the route of county roads that are or are proposed to be absorbed in the State highway system of public roads. Road Comm'n v. State Hwy. Comm'n, 185 N.C. 56, 115 S.E. 886 (1923).

Construction of New Roads. — In view of subdivision (2) of this section the State Highway Commission (now Department of Transportation) may construct new roads. Board of Comm'rs v. State Hwy. Comm'n, 195 N.C. 26, 141 S.E. 539 (1928).

Protecting Integrity of Rights-of-Way. — It is clear that the authority and powers set forth in subsection (10) of this section are intended to allow the Department of Transportation (DOT) to protect the integrity of its rights-of-way, which are there to begin with to accommodate the construction and maintenance of roads and highways. Baldwin v. GTE S., Inc., 110 N.C. App. 54, 428 S.E.2d 857, cert. denied, 334 N.C. 619, 435 S.E.2d 331 (1993), rev'd on other grounds, 335 N.C. 544, 439 S.E.2d 108 (1994).

Department May Control Use of Land Embraced by Easement. — The effect of this section is to give dominance to the easement acquired by the State. Under the terms thereof the Highway Commission (now Department of Transportation) has authority to control the uses to which the land embraced within the easement may be put. If it deems it wise or expedient so to do in the interest of the traveling public, it may altogether exclude the imposition of any additional easement or burden. It may not be held that the legislature intended thereby to declare that the construction and maintenance of a telephone line is a legitimate highway purpose and embraced within the easement acquired for highway use. The Commission (now Department) is merely authorized to do whatever is necessary to be done in order to make a safe, convenient, public way for travel, including the right, if necessary, to exclude the owner and others from using any part of the surface of the way for any permanent or private purpose. Hildebrand v. Southern Bell Tel. & Tel. Co., 219 N.C. 402, 14 S.E.2d 252 (1941).

Use of Right-of-Way by Owner of Fee. — Except for the purpose of ingress and egress the owner of the fee uses the same, whether for building or cultivation, by permission and not as a matter of right. Hildebrand v. Southern Bell Tel. & Tel. Co., 219 N.C. 402, 14 S.E.2d 252 (1941).

Use by Telephone and Telegraph Companies. — The Commission (now Department of Transportation) has been granted exclusive control over the State highway system and may in its discretion authorize the use of a highway right-of-way by telephone and telegraph companies, and prescribe the manner and extent of such use, subject to the right of the owner of the servient estate to payment of compensation for the additional burden. Hildebrand v. Southern Bell Tel. & Tel. Co., 221 N.C. 10, 18 S.E.2d 827 (1942). See also Hildebrand v. Southern Bell Tel. & Tel. Co., 219 N.C. 402, 14 S.E.2d 252 (1941); Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

The State Highway Commission (now Department of Transportation) has full authority to make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph or other poles within the right-of-way, and it may, at any time, require the removal of, change in, or relocation of any such poles. Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

Pedestrian Member of Protected Class. — Plaintiff, as a pedestrian lawfully and properly using a telephone booth, was a member of the Class A regulation prohibiting installation of phone booths in rights-of-way was intended

to protect. Baldwin v. GTE S., Inc., 335 N.C. 544, 439 S.E.2d 108 (1994).

Regulation and Closing of Grade Crossings. — The Highway Commission (now Department of Transportation) is authorized to regulate, abandon, and close grade crossings and intersections. Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964).

Duty to Post Adequate Signage at Railroad Grade Crossing. — North Carolina Department of Transportation was liable under the Tort Claims Act, G.S. 143-291 et seq., for failing to post adequate signage at a railroad crossing that was difficult to cross for low vehicles due to the grade of the road, because it had a duty to put up signs to warn of the risk, pursuant to G.S. 136-18(5), and it instead chose to direct trucks on an alternate route after finding that signs often went unheeded; despite the alternate route recommendation, the Department had a duty to warn drivers of the crossing, the failure to post such warnings was a breach of its duty and was the proximate cause of a truck driver's tractor-trailer getting stuck on the crossing and thereafter hit by a train, and there was no contributory negligence by the truck driver who bypassed the alternate route because there were no warning signs or weight limit signs posted pursuant to G.S 20-116(h). Smith v. N.C. DOT, 156 N.C. App. 92, 576 S.E.2d 345, 2003 N.C. App. LEXIS 83 (2003).

County Commissioners May Not Reopen Abandoned Grade Crossing. — The commissioners of a county are without power to order a grade crossing abandoned by the Highway Commission (now Department of Transportation) reopened to the public, and this power is not given the county by G.S. 136-67. Rockingham County v. Norfolk & W. Ry., 197 N.C. 116, 147 S.E. 832 (1929).

Liability of Town for Injury Caused by Dangerous Condition on Street. — Where the State Highway Commission (now Department of Transportation) has taken over the construction of a town street and bridge, the town is not thereby relieved of liability for an injury proximately caused by a dangerous condition of the street at the bridge, when the town had implied notice of such condition, which had existed for several months, as subdivision (7) of this section expressly excepts from its provisions streets in towns and cities. Pickett v. Carolina & N.W. Ry., 200 N.C. 750, 158 S.E. 398 (1931).

Liability of Contractor Constructing Road Under Contract with Department. — One who contracts with a public body for the performance of public work is entitled to share the immunity of the public body from liability for incidental injuries necessarily involved in the performance of the contract, where he is not guilty of negligence. Gilliam v. Propst Constr. Co., 256 N.C. 197, 123 S.E.2d 504 (1962).

Defendant contractor owed plaintiff no duty to warn the public that a road constructed in accordance with the State Highway Commission's (now Department of Transportation's) plans could not be used at a speed in excess of 25 m.p.h., when the Commission (now Department) had accepted the work by directing that the road be opened for traffic, posting such signs thereon as it deemed proper. Gilliam v. Propst Constr. Co., 256 N.C. 197, 123 S.E.2d 504 (1962).

Violation of Administrative Regulation Is Negligence Per Se. — When the violation of an administrative regulation enacted for safety purposes is criminal (subsection (10)), that violation is negligence per se in a civil trial unless otherwise provided. Baldwin v. GTE S., Inc., 335 N.C. 544, 439 S.E.2d 108 (1994).

Requirements as to Signs and Flagmen Did Not Give Contractor Right-of-Way. — Where a contractor for the improvement of an airport was granted permission by the Highway Commission (now Department of Transportation) to construct a dirt ramp over the highway to protect it from heavy equipment, the Commission's (now Department's) requirements with reference to signs and flagmen were primarily for the protection of the users of the highway and did not confer on the contractor special privileges in respect to right-of-way. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

Judicial Notice of Highway Ordinance. — An ordinance of the Highway Commission (now Department of Transportation) does not come within that class of legislative enactments of which the courts will take judicial notice. State v. Toler, 195 N.C. 481, 142 S.E. 715 (1928).

Inspection of Equipment and Facilities. — As to the jurisdiction of the Utilities Commission to require rail carrier to open drainage ditches along its tracks and to keep its drainage ditches open, see State ex rel. Utils. Comm'n v. Seaboard C.L.R.R., 62 N.C. App. 631, 303 S.E.2d 549.

Applied in Cahoon v. Roughton, 215 N.C. 116, 1 S.E.2d 362 (1939); as to subdivision (7), in Shaver Motor Co. v. City of Statesville, 237 N.C. 467, 75 S.E.2d 324 (1953); North Carolina State Hwy. Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969); North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970); Tice v. DOT, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

Cited in Radford v. Young, 194 N.C. 747, 140 S.E. 806 (1927); State v. Henderson, 207 N.C. 258, 176 S.E. 758 (1934); Wood v. Carolina Tel. & Tel. Co., 228 N.C. 605, 46 S.E.2d 717 (1948); Smith v. State Hwy. Comm'n, 257 N.C. 410, 126

S.E.2d 87 (1962); North Carolina Tpk. Auth. v. Pine Island, Inc., 265 N.C. 109, 143 S.E.2d 319 (1965); Watkins v. Lambe-Young, Inc., 37 N.C. App. 30, 245 S.E.2d 202 (1978); DOT v. Overton, 111 N.C. App. 857, 433 S.E.2d 471 (1993); DOT v. Rowe, 138 N.C. App. 329, 531 S.E.2d 836, 2000 N.C. App. LEXIS 615 (2000).

II. POWER OF EMINENT DOMAIN.

Department Has No Power to Condemn Property for Private Road. — This section and G.S. 136-45 vest in the State Highway Commission (now Department of Transportation) broad discretionary powers in establishing, constructing, and maintaining highways as part of a statewide system of hard-surfaced and other dependable highways, but the State Commission (now Department) has no power to condemn private property to construct a road for the private use of any person or group of persons, and if it does so, it is an arbitrary act and an abuse of the discretion vested in the Commission (now Department). State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

Condemnation or Curtailment of Abutting Landowner's Right of Access to Limited-Access Highway. — The power and authority vested in the State Highway and Public Works Commission (now Department of Transportation) by virtue of the statutes enacted by the General Assembly, to acquire by gift, purchase, or otherwise, any road or highway, or tract of land or other property whatsoever that may be necessary for a State highway system, to condemn private property as it may deem necessary and suitable for road construction, to make rules, regulations and ordinances for the use of, and to police traffic on, the State highways, and to have such powers as are necessary to comply fully with the provisions of the present or future federal aid grants, is expressed in language broad and extensive and general and comprehensive enough and the object so general and prospective in operation as to authorize the Commission (now Department) to exercise the power of eminent domain to condemn or severely curtail an abutting landowner's right of access to a State public highway adjacent to his property for the construction or reconstruction, maintenance and repair of a limited-access highway upon the payment of just compensation. Hedrick v. Graham, 245 N.C. 249, 96 S.E.2d 129 (1957).

Owner of Land Subject to Highway Easement Is Entitled to Nominal Damages for Encroachment. — It may be conceded that an easement acquired by the State for a public highway is, under existing law, so extensive in nature, and the control exercised by the State Highway Commission (now Department of Transportation) is so exclusive in extent, that the subservient estate in the land, from a practical standpoint, amounts to little more than the right of reverter in the event the easement is abandoned. Nevertheless, the subservient estate still exists, and any encroachment thereon entitles the owner to nominal damages at least. Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

Substitute Condemnation Described. — Substitute condemnation, provided for by subdivision (16) of this section, is a transaction in which the State or an agency with the power of eminent domain takes land under an agreement to compensate its owner with land to be taken in condemnation proceedings from a third person, instead of with money. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

When Substitute Condemnation Is Valid. — Substitute condemnation, provided for by subdivision (16) of this section, is a valid exercise of a power of eminent domain only when the substitution of other property is the sole method by which the owner of land taken for public use can be justly compensated and the practical problems resulting from the taking can be solved. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

Substitute condemnation of land for exchange under subdivision (16) of this section can only be justified when the property for which it is substituted accomplishes the public purpose for which it was taken, and the cost is not disproportionate to the benefit derived. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

Prohibition Against Taking Property for Private Uses Applies to Subdivision (16). — Any exercise of the power of eminent domain under subdivision (16) of this section is subject to the constitutional prohibition against the taking of property for private uses. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

Value of Land Condemned Under Subdivision (16). — See North Carolina State Hwy. Comm'n v. Helderman, 285 N.C. 645, 207 S.E.2d 720 (1974).

Condemnation of Property for Exchange for Railroad Right-of-Way. — Under subdivision (16) of this section, the State Highway Commission (now Department) is without authority to condemn land in fee simple for the purpose of exchanging it for railroad right-of-way property to be used in a highway construction project. The Commission (now Department) may only condemn an easement to be used for railroad purposes. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

The obstruction of view of plaintiff's

billboards due to the vegetation and trees planted by Department of Transporation (DOT) as part of the highway beautification project did not amount to a taking of plaintiff's property. Adams Outdoor Adv. v. North Carolina DOT, 112 N.C. App. 120, 434 S.E.2d 666 (1993).

OPINIONS OF ATTORNEY GENERAL

State Highway Commission (Now Department of Transportation) May Dispose of Abandoned, Junked Motor Vehicles. — See opinion of Attorney General to Mr. F. L. Hutchinson, Division Engineer, State Highway Commission, 40 N.C.A.G. 437 (1969). 309 N.C. 324, 307 S.E.2d 168 (1983), cert. denied and appeal dismissed.

Regulatory Authority over State Highway System Streets. — The Department of Transportation is vested with general regulatory authority over the use of State Highway System streets. The general grant of authority to municipalities over streets is subordinate to the Department of Transportation's rights and duties to maintain the State Highway System. See opinion of the Attorney General to Mr. Ralph D. Karpinos, Town Attorney, Chapel Hill, N.C., 58 N.C.A.G. 17 (Feb. 26, 1988).

§ 136-18.1: Repealed by Session Laws 1999-29, s. 1.

§ 136-18.2. Seed planted by Department of Transportation to be approved by Department of Agriculture and Consumer Services.

The Department of Transportation shall not cause any seed to be planted on or along any highway or road right-of-way unless and until such seed has been approved by the Department of Agriculture and Consumer Services as provided for in the rules and regulations of the Department of Agriculture and Consumer Services for such seed. (1957, c. 1002; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1997-261, s. 88.)

§ 136-18.3. Location of garbage collection containers by counties and municipalities.

(a) The Department of Transportation is authorized to issue permits to counties and municipalities for the location of containers on rights-of-way of state-maintained highways for the collection of garbage. Such containers may be located on highway rights-of-way only when authorized in writing by the State Highway Administrator in accordance with rules and regulations promulgated by the Department of Transportation. Such rules and regulations shall take into consideration the safety of travelers on the highway and the elimination of unsightly conditions and health hazards. Such containers shall not be located on fully controlled-access highways.

(b) The provisions of G.S. 14-399, which make it a misdemeanor to place garbage on highway rights-of-way, shall not apply to persons placing garbage in containers in accordance with rules and regulations promulgated by the Department of Transportation.

(c) The written authority granted by the Department of Transportation shall be no guarantee that the State system highway rights-of-way on which the containers are authorized to be located is owned by the Department of Transportation, and the issuance of such written authority shall be granted only when the county or municipality certifies that written permission to locate the refuse container has been obtained from the owner of the underlying fee if the owner can be determined and located.

(d) Whenever any municipality or county fails to comply with the rules and regulations promulgated by the Department of Transportation or whenever they fail or refuse to comply with any order of the Department of Transporta-

tion for the removal or change in the location of a container, then the permit of such county or municipality shall be revoked. The location of such garbage containers on highway rights-of-way after such order for removal or change is unauthorized and illegal; the Department of Transportation shall have the authority to remove such unauthorized or illegal containers and charge the expense of such removal to the county or municipality failing to comply with the order of the Department of Transportation. (1973, c. 1381; 1977, c. 464, s. 7.1.)

§ 136-18.4. Provision and marking of "pull-off" areas.

The Department of Transportation is hereby authorized and directed (i) to provide as needed within its right-of-way, adjacent to long sections of two-lane primary highway having a steep uphill grade or numerous curves, areas on which buses, trucks and other slow-moving vehicles can pull over so that faster moving traffic may proceed unimpeded and (ii) to erect appropriate and adequate signs along such sections of highway and at the pull-off areas. A driver of a truck, bus, or other slow-moving vehicle who fails to use an area so provided and thereby impedes faster moving traffic following his vehicle shall be guilty of a Class 3 misdemeanor. (1975, c. 704; 1977, c. 464, s. 7.1; 1993, c. 539, s. 978; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-18.5. Wesley D. Webster Highway.

State Highway 704 shall be known as the "Wesley D. Webster Highway". (1983 (Reg. Sess., 1984), c. 974.)

§ 136-18.5A. Purple Heart Memorial Highway.

Interstate Highway 95 in North Carolina is designated as the "Purple Heart Memorial Highway" to pay tribute to the many North Carolinians who have been awarded the Purple Heart medal after being wounded or killed in action against the enemy. (2002-86, s. 2(a).)

Editor's Note. — Session Laws 2002-86, s. 2(b), provides: "The Department of Transportation shall, with the assistance of the Military Order of the Purple Heart and the Division of Veterans Affairs, design and place appropriate signage on Interstate Highway 95 at suitable locations, consistent with State and federal regulations, near the South Carolina and Virginia borders and at the intersection of Interstate Highway 40, implementing Section 2(a) of this act."

Session Laws 2002-86, s. 2(c), provides: "The Department of Transportation shall calculate the costs of designing and placing the signs required by Section 2(b) of this act, and the Military Order of the Purple Heart shall pay those costs to the Department prior to the erection of the signs."

Session Laws 2002-86, s. 3, made this section effective August 22, 2002.

§ 136-18.5B. Dale Earnhardt Highway.

The Board of Transportation shall designate State Highway 136 in Iredell and Cabarrus counties as State Highway 3, which shall be known as the "Dale Earnhardt Highway". (2002-170, s. 4.)

Editor's Note. — This section was enacted as G.S. 136-18.5.1 and was redesignated as G.S. 136-18.5B at the direction of the Revisor of Statutes.

Session Laws 2002-170, s. 4, made this section effective October 23, 2002.

Session Laws 2002-170, s. 5, provides: "State Highway 3 in Currituck County shall be designated as State Highway 136."

§ 136-18.6. Cutting down trees.

Except in the process of an authorized construction, maintenance or safety project, the Department shall not cut down trees unless:

(1) The trees pose a potential danger to persons or property; or

(2) The cutting down of the trees is approved by the appropriate District Engineer. (1989, c. 63, s. 1.)

§ 136-18.7. Fees.

The fee for a selective vegetation removal permit issued pursuant to G.S. 136-18(5), (7), and (9) is two hundred dollars ($200.00). (1999-404, s. 5.)

§ 136-19. Acquisition of land and deposits of materials; condemnation proceedings; federal parkways.

(a) The Department of Transportation is vested with the power to acquire either in the nature of an appropriate easement or in fee simple such rights-of-way and title to such land, gravel, gravel beds or bars, sand, sand beds or bars, rock, stone, boulders, quarries, or quarry beds, lime or other earth or mineral deposits or formations, and such standing timber as it may deem necessary and suitable for road construction, maintenance, and repair, and the necessary approaches and ways through, and a sufficient amount of land surrounding and adjacent thereto, as it may determine to enable it to properly prosecute the work, by purchase, donation, or condemnation, in the manner hereinafter set out. If the Department of Transportation acquires by purchase, donation, or condemnation part of a tract of land in fee simple for highway right-of-way as authorized by this section and the Department of Transportation later determines that the property acquired for highway right-of-way, or a part of that property, is no longer needed for highway right-of-way, then the Department shall give first consideration to any offer to purchase the property made by the former owner. The Department may refuse any offer that is less than the current market value of the property, as determined by the Department. Unless the Department acquired an entire lot, block, or tract of land belonging to the former owner, the former owner must own the remainder of the lot, block, or tract of land from which the property was acquired to receive first consideration by the Department of their offer to purchase the property.

(b) Notwithstanding the provisions of subsection (a), if the Department acquires the property by condemnation and determines that the property or a part of that property is no longer needed for highway right-of-way, the Department of Transportation may reconvey the property to the former owner upon payment by the former owner of the full price paid to the owner when the property was taken, the cost of any improvements, together with interest at the legal rate to the date when the decision was made to offer the return of the property. Unless the Department acquired an entire lot, block, or tract of land belonging to the former owner, the former owner must own the remainder of the lot, block, or tract of land from which the property was acquired to purchase the property pursuant to this subsection.

(c) The requirements of this section for reconveying property to the former owner, regardless of whether such property was acquired by purchase, donation, or condemnation, shall not apply to property acquired outside the right-of-way as an "uneconomic remnant" or "residue".

(d) The Department of Transportation is also vested with the power to acquire such additional land alongside of the rights-of-way or roads as in its opinion may be necessary and proper for the protection of the roads and roadways, and such additional area as may be necessary as by it determined

for approaches to and from such material and other requisite area as may be desired by it for working purposes. The Department of Transportation may, in its discretion, with the consent of the landowner, acquire in fee simple an entire lot, block or tract of land, if by so doing, the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for right-of-way purposes.

(e) Notwithstanding any other provisions of law or eminent domain powers of utility companies, utility membership corporations, municipalities, counties, entities created by political subdivisions, or any combination thereof, and in order to prevent undue delay of highway projects because of utility conflicts, the Department of Transportation may condemn or acquire property in fee or appropriate easements necessary to provide highway rights-of-way for the relocation of utilities when required in the construction, reconstruction, or rehabilitation of a State highway project. The Department of Transportation shall also have the authority, subject to the provisions of G.S. 136-19.5(a) and (b), to, in its discretion, acquire rights-of-way necessary for the present or future placement of utilities as described in G.S. 136-18(2).

(f) Whenever the Department of Transportation and the owner or owners of the lands, materials, and timber required by the Department of Transportation to carry on the work as herein provided for, are unable to agree as to the price thereof, the Department of Transportation is hereby vested with the power to condemn the lands, materials, and timber and in so doing the ways, means, methods, and procedure of Article 9 of this Chapter shall be used by it exclusively.

(g) The Department of Transportation shall have the same authority, under the same provisions of law provided for construction of State highways, for acquirement of all rights-of-way and easements necessary to comply with the rules and regulations of the United States government for the construction of federal parkways and entrance roads to federal parks in the State of North Carolina. The acquirement of a total of 125 acres per mile of said parkways, including roadway and recreational, and scenic areas on either side thereof, shall be deemed a reasonable area for said purpose. The right-of-way acquired or appropriated may, at the option of the Department of Transportation, be a fee-simple title. The said Department of Transportation is hereby authorized to convey such title so acquired to the United States government, or its appropriate agency, free and clear of all claims for compensation. All compensation contracted to be paid or legally assessed shall be a valid claim against the Department of Transportation, payable out of the State Highway Fund. Any conveyance to the United States Department of Interior of land acquired as provided by this section shall contain a provision whereby the State of North Carolina shall retain concurrent jurisdiction over the areas conveyed. The Governor is further authorized to grant concurrent jurisdiction to lands already conveyed to the United States Department of Interior for parkways and entrances to parkways.

(h) The action of the Department of Transportation heretofore taken in the acquirement of areas for the Blue Ridge Parkway in accordance with the rules and regulations of the United States government is hereby ratified and approved and declared to be a reasonable exercise of the discretion vested in the said Department of Transportation in furtherance of the public interest.

(i) When areas have been tentatively designated by the United States government to be included within a parkway, but the final survey necessary for the filing of maps as provided in this section has not yet been made, no person shall cut or remove any timber from said areas pending the filing of said maps after receiving notice from the Department of Transportation that such area is under investigation; and any property owner who suffers loss by reason of the restraint upon his right to use the said timber pending such investigation shall

be entitled to recover compensation from the Department of Transportation for the temporary appropriation of his property, in the event the same is not finally included within the appropriated area, and the provisions of this section may be enforced under the same law now applicable for the adjustment of compensation in the acquirement of rights-of-way on other property by the Department of Transportation. (1921, c. 2, s. 22; 1923, c. 160, s. 6; C.S., s. 3846(bb); 1931, c. 145, s. 23; 1933, c. 172, s. 17; 1935, c. 2; 1937, c. 42; 1949, c. 1115; 1953, c. 217; 1957, c. 65, s. 11; 1959, c. 1025, s. 1; cc. 1127, 1128; 1963, c. 638; 1971, c. 1105; 1973, c. 507, ss. 5, 11; 1977, c. 464, s. 7.1; 1989 (Reg. Sess., 1990), c. 962, s. 2; 1991 (Reg. Sess., 1992), c. 979, s. 1.)

CASE NOTES

I. General Consideration.
II. Purpose for Which Property Taken.
III. What Constitutes "Taking."
IV. Compensation and Damages.
V. Pleading and Practice.

I. GENERAL CONSIDERATION.

Editor's Note. — *Some of the cases cited below were decided under this section as it stood prior to the first 1959 amendment, when the power to condemn was exercised pursuant to the provisions of Chapter 40 (now Chapter 40A) rather than the provisions of Article 9 of this Chapter.*

Rights Afforded by Former Version of this Section. — In enacting this section, the legislature has implicitly waived the Department of Transportation's sovereign immunity to the extent of the rights afforded in the former version of this section. Ferrell v. DOT, 334 N.C. 650, 435 S.E.2d 309 (1993).

The Department possesses the sovereign power of eminent domain, and by reason thereof can take private property for public use for highway purposes. The Commission (now Department) may do this either by bringing a special proceeding against the owner for the condemnation of the property under this section, or by actually seizing the property and appropriating it to public use. Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952).

As a State agency, the State Highway Commission (now Department of Transportation) possesses the power of eminent domain for the purpose of acquiring property and property rights necessary to carry out its designated functions. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969), aff'd, 276 N.C. 556, 173 S.E.2d 909 (1970).

The State Highway Commission (now Department of Transportation) as a State agency or instrumentality possesses the sovereign power of eminent domain, and by reason thereof can take private property for public use for highway purposes upon payment of just compensation. State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

Power to Acquire Rights-of-Way. — There is no question about the right of the State Highway Commission (now Department of Transportation) to procure by dedication, purchase, prescription or condemnation such rights-of-way as it may deem necessary for highway purposes. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

The Commission (now Department) has authority by virtue of this section to acquire rights-of-way by purchase. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

North Carolina statutes and court decisions set forth the following methods by which the State Highway Commission (now Department of Transportation) can acquire right-of-way easements: (1) purchase or agreement; (2) donation; (3) dedication; (4) prescription; or (5) condemnation. Hughes v. North Carolina State

Hwy. Comm'n, 2 N.C. App. 1, 162 S.E.2d 661 (1968), rev'd on other grounds, 275 N.C. 121, 165 S.E.2d 321 (1969).

Extent of Right Acquired by Condemnation. — Where it exercises the power of eminent domain vested in it by this section and in that way appropriates the land of another to public use as the right-of-way for a public highway, the State Highway Commission (now Department of Transportation) acquires once and for all the complete legal right to use the entire right-of-way for highway purposes as long as time shall last. North Carolina State Hwy. & Pub. Works Comm'n v. Black, 239 N.C. 198, 79 S.E.2d 778 (1954); Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

Rights Acquired by Purchase. — The purchase of a right-of-way by the State Highway Commission (now Department of Transportation), under the provisions of this section, vests in the Commission (now Department) the same rights as though it had acquired the land by condemnation. Sale v. State Hwy. & Pub. Works Comm'n, 238 N.C. 599, 78 S.E.2d 724 (1953), modified, 242 N.C. 612, 89 S.E.2d 290 (1985).

Purchase from One Cotenant Does Not Affect Interest of Other Cotenant. — The purchase of an easement from one cotenant does not carry with it an easement in the interest of the other cotenant. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

A lessee as tenant of an estate for years takes and holds his term in the same manner as any other owner of realty holds his title, subject to the right of the sovereign to take the hold or any part of it for public use upon the payment to him of just compensation. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

A right of access to a public highway is an easement appurtenant to the land. The State Highway Commission (now Department of Transportation) stands in the position of a servient owner with the right to locate an access route under the general rule that where an easement is granted or reserved in general terms, which do not fix a specific location, then the owner of the servient estate has the right in the first instance to designate the specific location of such easement, subject to the limitation that this right be exercised in a reasonable manner with due regard to the rights of the owner of the easement. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The right of direct access from the plaintiff's land to the highway, whether it existed prior to the agreement or was created by it, was an easement appurtenant to the plaintiff's land and was a private property right in the plaintiff, over and above the plaintiff's right, as a member of the public, to use this ramp as a means of getting to the lanes of the highway. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Which Cannot Be Damaged or Taken Without Compensation. — The owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

While the State Highway Commission (now Department of Transportation) has the power to eliminate a hazardous access point, it cannot do so without paying the landowner for his property right. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The fact that landowner's right of access arose out of an agreement and a deed does not prevent its being a property right. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Department May Condemn Right of Access to Public Highway. — The State Highway Commission (now Department of Transportation) has statutory authority to exercise the power of eminent domain to condemn or severely curtail an abutting landowner's right of access to a public highway adjacent to his property, for the construction or reconstruction, maintenance and repair, of a limited-access highway, upon the payment of just compensation. Williams v. North Carolina State Hwy. Comm'n, 252 N.C. 772, 114 S.E.2d 782 (1960).

A right of access is an easement, a property right, and as such is subject to condemnation. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

No Authority to Appropriate Personal Property. — The State Highway Commission (now Department of Transportation) has no authority to appropriate personal property for public use. Lyerly v. North Carolina State Hwy. Comm'n, 264 N.C. 649, 142 S.E.2d 658 (1965); Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

This section does not authorize State Highway Commission (now Department of Transportation) to appropriate personal property for public use. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Any injury to personal property is damnum absque injuria. Lyerly v. North Carolina State Hwy. Comm'n, 264 N.C. 649, 142 S.E.2d 658 (1965).

Removal of Personalty from Leasehold Estate. — When a leasehold estate is taken

under the power of eminent domain, the ownership of personalty kept on the premises taken, but not permanently affixed thereto, is not affected, and the owner is entitled to remove it at his own expense. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Acquisition of Topsoil. — The State Highway Commission (now Department of Transportation) is authorized by this section to acquire by condemnation topsoil deemed necessary and suitable for road construction, "topsoil" being included in the generic term "earth," and the power to acquire topsoil is not limited to lands contiguous to the highway upon which it is to be used. State Hwy. & Pub. Works Comm'n v. Basket, 212 N.C. 221, 193 S.E. 16 (1937).

Construing Right-of-Way Agreement. — In construing a right-of-way agreement, all of the language contained therein is to be considered, and a landowner can rely upon language creating easement rights and property rights greater than those of the general public. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Liability of Contractor. — A contractor who is employed by the State Highway Commission (now Department of Transportation) to do work incidental to the construction or maintenance of a public highway and who performs such work with proper care and skill cannot be held liable to an owner for damages resulting to property from the performance of the work. The injury to the property in such a case constitutes a taking of the property for public use for highway purposes, and the only remedy available to the owner is a special proceeding against the Commission (now Department) under this section to recover compensation for the property taken or damaged. But if the contractor employed by the Commission (now Department) performs his work in a negligent manner and thereby proximately injures the property of another, he is personally liable to the owner therefor. Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952); Guilford Realty & Ins. Co. v. Blythe Bros. Co., 260 N.C. 69, 131 S.E.2d 900 (1963); Millsaps v. Wilkes Contracting Co., 14 N.C. App. 321, 188 S.E.2d 663, cert. denied, 281 N.C. 623, 190 S.E.2d 466 (1972).

In a consolidated action brought by property owners as a result of the disposal of waste materials from a highway project, where no party challenged the trial court's conclusion that the acts of the defendants in disposing of the waste materials from the project were not for a public purpose, neither the plaintiffs nor the other defendants could maintain an action against the Department of Transportation arising from those acts. Clark v. Asheville Contracting Co., 316 N.C. 475, 342 S.E.2d 832 (1986).

Applied in Calhoun v. State Hwy. & Pub. Works Comm'n, 208 N.C. 424, 181 S.E. 271 (1935); Laughter v. State Hwy. & Pub. Works Comm'n, 238 N.C. 512, 78 S.E.2d 252 (1953); Simmons v. State Hwy. & Pub. Works Comm'n, 238 N.C. 532, 78 S.E.2d 308 (1953); North Carolina State Hwy. & Pub. Works Comm'n v. Privett, 246 N.C. 501, 99 S.E.2d 61 (1957); Abdalla v. State Hwy. Comm'n, 261 N.C. 114, 134 S.E.2d 81 (1964); State Hwy. Comm'n v. Luck, 263 N.C. 125, 139 S.E.2d 8 (1964); North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964); Northgate Shopping Center, Inc. v. State Hwy. Comm'n, 265 N.C. 209, 143 S.E.2d 244 (1965); State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967); North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967); Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

Cited in Town of Greenville v. State Hwy. Comm'n, 196 N.C. 226, 145 S.E. 31 (1928); Long v. City of Randleman, 199 N.C. 344, 154 S.E. 317 (1930); Switzerland Co. v. North Carolina State Hwy. & Pub. Works Comm'n, 216 N.C. 450, 5 S.E.2d 327 (1939); Bailey v. State Hwy. & Pub. Works Comm'n, 230 N.C. 116, 52 S.E.2d 276 (1949); North Carolina State Hwy. & Pub. Works v. Mullican, 243 N.C. 68, 89 S.E.2d 738 (1955); Zourzoukis v. State Hwy. Comm'n, 252 N.C. 149, 113 S.E.2d 269 (1960); Ferrell v. North Carolina State Hwy. Comm'n, 252 N.C. 830, 115 S.E.2d 34 (1960); State Hwy. Comm'n v. Kenan Oil Co., 260 N.C. 131, 131 S.E.2d 665 (1963); Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963); Sherrill v. North Carolina State Hwy. Comm'n, 264 N.C. 643, 142 S.E.2d 653 (1965); Falls Sales Co. v. Board of Transp., 292 N.C. 437, 233 S.E.2d 569 (1977).

II. PURPOSE FOR WHICH PROPERTY TAKEN.

The existence of a public use is a prerequisite to the right of the State Highway Commission (now Department of Transportation) to exercise the power of eminent domain to condemn private property, and final determination as to whether the proposed condemnation and taking of defendants' land by condemnation is for a public use is for judicial determination. State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

It is elementary law that the State Highway Commission (now Department of Transportation) can condemn property only for a public purpose. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

What constitutes a public use is a judicial question to be decided by the court as a matter of law. North Carolina State Hwy.

Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969), aff'd, 276 N.C. 556, 173 S.E.2d 909 (1970).

Any highway condemnation proceeding may incite controversy as to whether the proposed road will serve a public or private purpose. This question, when the facts are determined, is one of law for the courts. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

Land Cannot Be Taken Solely to Construct Road for Private Use. — The State Highway Commission (now Department of Transportation) cannot take the land of one property owner for the sole purpose of constructing a road for the private use of another. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

But May Be Taken to Provide Access to Property Otherwise Landlocked by Highway. — Condemnation of land by the State Highway Commission (now Department of Transportation) to provide access to private property which otherwise would have been landlocked by the construction of a controlled access interstate highway was for a public purpose and was authorized by this section, and G.S. 136-89.49 and 136-89.52. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

A service road alleviating a landlocked condition caused by the construction of a freeway constituted a public use whether such road served one property owner or many. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

Condemnation of property by the State Highway Commission (now Department of Transportation) for the sole purpose of providing a private driveway into adjoining property which had been landlocked as the result of the construction of a controlled access freeway was a taking for a public purpose, where the driveway was constructed in connection with the freeway project and not as a separate and distinct project completely unrelated to any public undertaking, and since the landlocking of the property was a damage to the owners thereof, which if not repaired, would have entitled them to compensation. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969), aff'd, 276 N.C. 556, 173 S.E.2d 909 (1970).

Right to Compensation Where Evidence is Insufficient to Show Taking Was for Private Purpose. — Where there was no evidence upon the record showing that the taking over of a road as part of the county system was for a private purpose sufficient to raise an issue of fact, plaintiff is remitted to his rights under this section for the recovery of just compensation. Reed v. State Hwy. & Pub. Works Comm'n, 209 N.C. 648, 184 S.E. 513 (1936).

Use of Land in Repairing Damage Caused by Highway Project. — The State Highway Commission (now Department of Transportation) has the responsibility of repairing, whenever possible, damage caused by a highway project, and it is not precluded by the law or Constitution from making reasonable use of land acquired for the project in doing so. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969), aff'd, 276 N.C. 556, 173 S.E.2d 909 (1970).

III. WHAT CONSTITUTES "TAKING."

"Taking" Defined. — See Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

Merely Laying Out Right-of-Way Is Not "Taking". — The mere laying out of a right-of-way is not in contemplation of law a full appropriation of property. Complete appropriation occurs when the property is actually taken for the specified purpose after due notice to the owner; and the owner's right to compensation arises only from the actual taking or occupation of the property by the State Highway Commission (now Department of Transportation). Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

Nor Is Paving Existing Highway "Taking" or Notice Thereof. — The completion of a project is, in ordinary cases, a clear taking of the owner's property and notice to him of the taking, but this is not true where the project consists of the mere paving of an existing public highway. Such paving, where the rights of the public are unquestioned, would be no assertion of rights over adjacent land or notice to the owners that such rights were being asserted. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

Interference with Natural Flow of Water. — The right to have water flow in the direction provided by nature is a property right, and if such right of a landowner is materially interfered with so that his land is flooded by the manner in which a highway is constructed, it is a nuisance and a taking of property for public use for which compensation must be paid. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Lowering of Canal Bridge. — Petitioner constructed a canal across a county highway and thereafter maintained the bridge constructed over the canal. The State Highway Commission (now Department of Transporta-

tion), upon taking over the highway, constructed a new bridge and later constructed a second new bridge which was some two and one-half inches lower than the first. Petitioner instituted a proceeding under this section to recover compensation upon his contention that the lowering of the bridge interfered with the use of the canal in floating his barge under the bridge. It was held that the use of the canal by petitioner was permissive and subject to the easement for highway purposes, and therefore petitioner was not entitled to recover compensation. Dodge v. State Hwy. & Pub. Works Comm'n, 221 N.C. 4, 18 S.E.2d 706 (1942).

Negligence Causing Cave-In. — Where plaintiffs' building was damaged by a cave-in resulting from alleged negligence in excavation work incident to the construction of a highway overpass, plaintiffs were not relegated to a claim for damages against the State Highway Commission (now Department of Transportation) as for a taking of their property under this section, and the demurrer of the contractor for the Commission (now Department) in plaintiff's action in tort was properly overruled. Broadhurst v. Blythe Bros. Co., 220 N.C. 464, 17 S.E.2d 646 (1941).

Denial of Access Constitutes Appropriation of Private Property. — Where a right-of-way agreement gave plaintiffs a right of access at a particular spot to the highway to be constructed on the right-of-way, the State Highway Commission's (now Department of Transportation's) refusal to allow plaintiffs to enter upon the highway at the point of the easement constituted a taking or appropriation of private property for which an adequate statutory remedy in the nature of a special proceeding is provided, so that plaintiffs' complaint stating a civil action for breach of the agreement was demurrable. Williams v. North Carolina State Hwy. Comm'n, 252 N.C. 772, 114 S.E.2d 782 (1960).

IV. COMPENSATION AND DAMAGES.

Right to Compensation Does Not Rest upon Statute. — The right to compensation for property taken under the power of eminent domain does not rest upon statute, but has always obtained in this jurisdiction. Lewis v. North Carolina State Hwy. & Pub. Works Comm'n, 228 N.C. 618, 46 S.E.2d 705 (1948).

Property owner has a constitutional right to just compensation for the taking of his property for a public purpose. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

Measure and Elements of Damages Generally. — In proceedings to take land for a public highway, the measure of damages is the difference in the fair market value of the entire tract immediately before and immediately after the taking, the elements upon which the damages are predicated being the fair market value of the land taken and the injury to respondent's remaining land, less any general and special benefits accruing to respondent from the construction of the highway. State Hwy. & Pub. Works Comm'n, v. Hartley, 218 N.C. 438, 11 S.E.2d 314 (1940). See Dalton v. State Hwy. & Pub. Works Comm'n, 223 N.C. 406, 27 S.E.2d 1 (1943); Williams v. State Hwy. Comm'n, 252 N.C. 514, 114 S.E.2d 340 (1960).

The measure of damages for the taking of a part of a tract of land for highway purposes is the difference between the fair market value of respondent's land immediately before the taking and the fair market value of the portion left immediately after the taking, which difference embraces compensation for the part taken and compensation for injury to the remaining portion, less general and special benefits resulting to the landowner by the utilization of the property for a highway. Proctor v. State Hwy. & Pub. Works Comm'n, 230 N.C. 687, 55 S.E.2d 479 (1949).

For a statement of the rule of damages for property taken, see State Hwy. & Pub. Works Comm'n v. Black, 239 N.C. 198, 79 S.E.2d 778 (1954).

Where only a part of a tract of land is appropriated for highway purposes, the measure of damages in such proceeding is the difference between the fair market value of the entire tract immediately before the taking and the fair market value of what is left immediately after the taking. The items going to make up this difference embrace compensation for the part taken and compensation for injury to the remaining portion, which is to be offset under the terms of the controlling statute by any general and special benefits resulting to the landowner from the utilization of the property taken for a highway. Robinson v. State Hwy. Comm'n, 249 N.C. 120, 105 S.E.2d 287 (1958); Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959); Barnes v. North Carolina State Hwy. Comm'n, 257 N.C. 507, 126 S.E.2d 732 (1962).

When the taking renders the remaining land unfit or less valuable for any use to which it is adapted, that fact is a proper item to be considered in determining whether the taking has diminished the value of the land itself. Kirkman v. State Hwy. Comm'n, 257 N.C. 428, 126 S.E.2d 107 (1962); State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

Remaining Land Left with Direct Access to Only One Lane of Divided Highway. — In determining the injury, if any, to the remaining portion of the owner's land, he is not entitled to compensation for diminution in the value thereof caused by the fact after a divided highway is built he has direct access therefrom only to the lanes of the relocated highway

reserved exclusively for southbound traffic and only southbound traffic has direct access thereto. Barnes v. North Carolina State Hwy. Comm'n, 257 N.C. 507, 126 S.E.2d 732 (1962).

Diminution of Value by Cutting Off Access over Private Way or Neighborhood Road to Public Road. — To completely cut off one's access over a private way or neighborhood road to the nearest public road, without providing other reasonable access to a public road, may diminish the value of the land involved to the same extent as if access was denied to a public highway abutting the premises. State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

Where a landowner's access to a public highway over a section of neighborhood public road is cut off by the construction of a limited access highway across a portion of his land, leaving no access from the property to a public highway, the deprivation of access affects the value of the property and the landowner is entitled to introduce evidence of such deprivation of access as an element of damages. State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

Grant of Right of Access in Right-of-Way Agreement. — The State Highway Commission (now Department of Transportation) not only can pay money as consideration for a right-of-way agreement, but can grant to the landowner a right of access at a particularly designated point. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Loss of profits or injury to a growing business conducted on property or connected therewith are not elements of recoverable damages in an award for the taking under the power of eminent domain. Kirkman v. State Hwy. Comm'n, 257 N.C. 428, 126 S.E.2d 107 (1962); State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

The owner of a water mill which had a right of ingress and egress to his mill over the land of another and had constructed a bridge and maintained a ferry situated to command a large patronage can recover damages for the injury to his property by the building of a highway but not for profits from his mill, which is too speculative. Riverside Milling Co. v. State Hwy. Comm'n, 190 N.C. 692, 130 S.E. 724 (1925).

Evidence of Market Value of Remaining Land. — In a special proceeding to assess compensation for land of an educational institution taken for highway purposes, any evidence which aids the jury in fixing fair market value of the remaining land, and its diminution by the burden upon it, including everything which affects the market value of the land remaining, is competent. Gallimore v. State Hwy. & Pub. Works Comm'n, 241 N.C. 350, 85 S.E.2d 392 (1955); Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959); State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

Price at Which Land Was Bought as Evidence of Market Value. — It is accepted law that when land is taken in the exercise of eminent domain it is competent, as evidence of market value, to show the price at which it was bought if the sale was voluntary and not too remote in point of time. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

Price paid at voluntary sales of land similar to condemnee's land at or about the time of taking is admissible as independent evidence of value of land taken. Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959); State Hwy. Comm'n v. Conrad, 263 N.C. 394, 139 S.E.2d 553 (1965).

Rental Value. — When rental property is condemned the owner may not recover for lost rents, but rental value of property is competent upon the question of the fair market value of the property at the time of the taking. Kirkman v. State Hwy. Comm'n, 257 N.C. 428, 126 S.E.2d 107 (1962).

All Capabilities of Land Are to Be Considered. — In estimating its value, all of the capabilities of the property, and all of the uses to which it may be applied or for which it is adapted, which affect its value in the market, are to be considered, and not merely the condition it is in at the time and the use to which it is then applied by the owner. Williams v. State Hwy. Comm'n, 252 N.C. 514, 114 S.E.2d 340 (1960).

But Undeveloped Property May Not Be Valued on a Per-Lot Basis. — It is proper to show that a particular tract of land is suitable and available for division into lots and is valuable for that purpose, but it is not proper to show the number and value of lots as separated parcels in an imaginary subdivision thereof. In other words, it is not proper for the jury in these cases to consider an undeveloped tract of land as though a subdivision thereon is an accomplished fact. Such undeveloped property may not be valued on per-lot basis. The cost factor is too speculative. Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959).

Under proper circumstances a map of a proposed subdivision of undeveloped land is admissible to illustrate and explain the testimony of witnesses as to the highest and best available use of the property and that it is capable of subdivision. But where such map is admitted in evidence, the inclusion of a price per lot noted thereon or by testimony of witnesses is incompetent and should be excluded. State Hwy. Comm'n v. Conrad, 263 N.C. 394, 139 S.E.2d 553 (1965).

The fair market value of undeveloped land immediately before condemnation is not a spec-

ulative value based on an imaginary subdivision and sales in lots to many purchasers. It is the fair market value of the land as a whole in its then state according to the purpose or purposes to which it is best adapted and in accordance to its best and highest capabilities. State Hwy. Comm'n v. Conrad, 263 N.C. 394, 139 S.E.2d 553 (1965).

Compensation for Land Containing Mineral Deposits. — See State Hwy. Comm'n v. Mode, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Compensation for Land Containing Stone Deposits. — See State Hwy. Comm'n v. Mode, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Offsets Allowed. — In an action to recover damages resulting from the relocation of a public road through the lands of plaintiff, both the special and general benefits accruing to plaintiff by reason of the construction of the highway should be allowed as offsets against any damages which plaintiff might have sustained, and an instruction that limits offsets to special advantages that accrued to plaintiff is erroneous. Bailey v. State Hwy. & Pub. Works Comm'n, 214 N.C. 278, 199 S.E. 25 (1938); John R. Taylor Co. v. North Carolina State Hwy. & Pub. Works Comm'n, 250 N.C. 533, 109 S.E.2d 243 (1959).

General benefits are those which arise from the fulfillment of the public object which justified the taking. State Hwy. Comm'n v. Mode, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Special benefits are those which arise from the peculiar relation of the land in question to the public improvement. State Hwy. Comm'n v. Mode, 2 N.C. App. 464, 163 S.E.2d 429 (1968).

Benefits to Independent Tract May Not Be Offset. — When the State takes a part or all of a tract of land for highway purposes, it is not entitled to offset against damages the benefits to another separate and independent parcel or parcels belonging to the landowner whose land was taken. Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959).

Although an adjacent tract was separated from the taken property by an easement and zoned differently, evidence of benefit to that tract was competent to offset damage to property taken. Barnes v. North Carolina State Hwy. Comm'n, 250 N.C. 378, 109 S.E.2d 219 (1959).

Compensatory damages for injury to personal property are the difference between its fair market value immediately before and immediately after the injury. If the property has no market value, the measure of damages may be gauged by the cost of repairs. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

This section, when read consistently with §§ 40A-63 and 40A-65, as well as with the Fifth Amendment to the U.S. Const., dictates that the State not profit from overreaching seizures by eminent domain; therefore, Department of Transportation (DOT) was required to reconvey property acquired by eminent domain but unused by the DOT to the assigns of the original owner at the original purchase price, plus interest at the legal rate compounded annually. Ferrell v. DOT, 104 N.C. App. 42, 407 S.E.2d 601 (1991), aff'd, 334 N.C. 650, 435 S.E.2d 309 (1993).

Date of Taking. — Petitioner, electing to try his case on the theory that the date of taking was a particular date, will not be allowed to appeal the judgment awarded on the grounds that the "taking" has actually occurred on a later date when the value of the property has increased. John R. Taylor Co. v. North Carolina State Hwy. & Pub. Works Comm'n, 250 N.C. 533, 109 S.E.2d 243 (1959).

Application of Amendment. — At the time of the relocation of a road and when suit was instituted, the rule for the admeasurement of damages was as prescribed by this section prior to the 1923 amendment. Lanier v. Town of Greenville, 174 N.C. 311, 93 S.E. 850 (1917). But before trial, the legislature amended the law by adding: "And in all instances the general and special benefits shall be assessed as offsets against damages," etc. Hence, the law as amended should have been followed in determining the amount plaintiff was entitled to recover. Wade v. State Hwy. Comm'n, 188 N.C. 210, 124 S.E. 193 (1924).

Interest. — In a proceeding to recover just compensation for the taking of private property for highway purposes, petitioners are entitled, as a matter of strict legal right, to have the jury award them, in addition to the sum the jury finds to be the fair market value of the property on taking date, interest on such sum at the rate of six percent from the date petitioners were physically dispossessed to the date of verdict, as an element of just compensation guaranteed by N.C. Const., Art. I, § 19, and U.S. Const., Amend. XIV. De Bruhl v. State Hwy. & Pub. Works Comm'n, 247 N.C. 671, 102 S.E.2d 229 (1958).

Instruction Held Not Prejudicial. — An instruction to the effect that the market value of property taken by eminent domain should be measured by what the property would bring in voluntary sale by one who desires, but is not obliged, to sell and is bought by one who is under no necessity of buying, will not be held prejudicial for failure to charge that the buyer must be one desiring to buy, when it appears from the entire charge, construed contextually, that the jury could not have been misled but must have understood that the market value was to be determined by what the property would bring by a willing seller, not required to sell, to a wanting buyer, not required to buy. John R. Taylor Co. v. North Carolina State Hwy.

& Pub. Works Comm'n, 250 N.C. 533, 109 S.E.2d 243 (1959).

Instructions as to Damages Held Error. — See Robinson v. State Hwy. Comm'n, 249 N.C. 120, 105 S.E.2d 287 (1958).

V. PLEADING AND PRACTICE.

Owner Is Entitled to Reasonable Notice and Opportunity to Be Heard on Damages. — As both the federal and State Constitutions protect all persons from being deprived of their property for public use without the payment of just compensation and a reasonable notice and a reasonable opportunity to be heard, proceedings to condemn property must not violate these guaranties. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

But Notice That Property Is To Be Appropriated Is Unnecessary. — It is not necessary to notify the owner that his property is to be appropriated provided he is notified and given opportunity to appear and be heard on the question of the compensation that may be due him. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

The due process clause is not violated by failure to give the owner of property an opportunity to be heard as to the necessity and extent of appropriating his property to public use; but it is essential to due process that the mode of determining the compensation to be paid for the appropriation be such as to afford the owner an opportunity to be heard. Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964).

Special Proceeding Prior to Taking Not Required. — The State Highway Commission (now Department of Transportation) is not required to bring a special proceeding against the owner for the condemnation of private property prior to taking it, but may actually take the property and appropriate it to public use. When this is done the property owner is entitled to just compensation, but he must pursue the prescribed remedy. Williams v. North Carolina State Hwy. Comm'n, 252 N.C. 772, 114 S.E.2d 782 (1960).

Statutory Procedure Must Be Followed. — The General Assembly has expressly granted to the State Highway Commission (now Department of Transportation), under prescribed conditions, the power of eminent domain, and has set forth the procedure to be followed in the exercise of such power. This procedure must be followed, and the conditions prescribed therein must be met before the State Highway Commission (now Department of Transportation) has the right to exercise the power of eminent domain. State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Statutory Procedure Is Exclusive. — The State Highway Commission (now Department of Transportation) is charged with the duty of exercising certain administrative and governmental functions, and statutory method of procedure for adjusting and litigating claims against it is exclusive and may alone be pursued. Latham v. State Hwy. Comm'n, 191 N.C. 141, 131 S.E. 385 (1926).

Department Is Not Subject to Suit Except as Provided by Law. — The State Highway and Public Works Commission (now Department of Transportation) is an agency of the State and as such is not subjected to suit save in a manner expressly provided by statute. Schloss v. State Hwy. & Pub. Works Comm'n, 230 N.C. 489, 53 S.E.2d 517 (1949); Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952). See Cannon v. City of Wilmington, 242 N.C. 711, 89 S.E.2d 595 (1955), cert. denied, 352 U.S. 842, 77 S. Ct. 66; 1 L. Ed. 2d 58 (1956); Williams v. North Carolina State Hwy. Comm'n, 252 N.C. 772, 114 S.E.2d 782 (1960).

The Commission (now Department) cannot be required to make recompense in any way in an ordinary civil action for an injury to property, no matter what the source of the injury may be. Moore v. Clark, 235 N.C. 364, 70 S.E.2d 182 (1952).

The owner of land cannot maintain an action in tort against the State Highway Commission (now Department of Transportation), an unincorporated governmental agency, for damages caused to his land for its having been taken by the Commission (now Department) for highway purposes. McKinney v. North Carolina State Hwy. Comm'n, 192 N.C. 670, 135 S.E. 772 (1926).

Right to Jury Trial on Ownership of Land Is Inapplicable to Eminent Domain. — N.C. Const., Art. I, § 25, is a constitutional guaranty of jury trial when the issue determinative of the rights of the litigants is: "Who owns the land, plaintiff or defendant?" This issue does not arise when the State, or its agency exercises the power of eminent domain. The phrase "eminent domain" by definition admits condemnor did not own, but took or appropriated the property of another for a public purpose. Wescott v. State Hwy. Comm'n, 262 N.C. 522, 138 S.E.2d 133 (1964).

But Where Department Claims It Is Owner, Issue Must Be Tried by Jury. — When the State Highway Commission (now Department of Transportation) denies that the plaintiff, in a proceeding for compensation for the taking of and damage to his property, is entitled to compensation because it, not the plaintiff, was the owner of the property rights in controversy, the Commission (now Department) in effect converts what began as a con-

demnation proceeding into an action in ejectment or trespass to try title. On that issue the plaintiff is entitled to a jury trial. Wescott v. State Hwy. Comm'n, 262 N.C. 522, 138 S.E.2d 133 (1964).

For cases involving former limitations on actions for damages, see Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964); Lewis v. North Carolina State Hwy. & Pub. Works Comm'n, 228 N.C. 618, 46 S.E.2d 705 (1948); North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

§ 136-19.1: Repealed by Session Laws 1977, c. 338, s. 1.

§ 136-19.2: Repealed by Session Laws 1969, c. 733, s. 13.

§ 136-19.3. Acquisition of buildings.

Where the right-of-way of a proposed highway necessitates the taking of a portion of a building or structure, the Department of Transportation may acquire, by condemnation or purchase, the entire building or structure, together with the right to enter upon the surrounding land for the purpose of removing said building or structure, upon a determination by the Department of Transportation based upon an affidavit of an independent real estate appraiser that the partial taking will substantially destroy the economic value or utility of the building or structure and (i) that an economy in the expenditure of public funds will be promoted thereby; or (ii) that it is not feasible to cut off a portion of the building without destroying the entire building; or (iii) that the convenience, safety or improvement of the highway will be promoted thereby; provided, nothing herein contained shall be deemed to give the Department of Transportation authority to condemn the underlying fee of the portion of any building or structure which lies outside the right-of-way of any existing or proposed public road, street or highway. (1965, c. 660; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-19.4. Registration of right-of-way plans.

(a) A copy of the cover sheet and plan and profile sheets of the final right-of-way plans for all Department of Transportation projects, on those projects for which plans are prepared, under which right-of-way or other interest in real property is acquired or access is controlled shall be certified by the Department of Transportation to the register of deeds of the county or counties within which the project is located. The Department shall certify said plan sheets to the register of deeds within two weeks from their formal approval by the Board of Transportation.

(b) The copy of the plans certified to the register of deeds shall consist of a Xerox, photographic, or other permanent copy, except for plans electronically transmitted pursuant to subsection (b1) of this section, and shall measure approximately 17 inches by 11 inches including no less than one and one-half inches binding space on the left-hand side.

(b1) With the approval of the county in which the right-of-way plans are to be filed, the Department may transmit the plans electronically.

(c) Notwithstanding any other provision in the law, upon receipt of said original certified copy of the right-of-way plans, the register of deeds shall record said right-of-way plans and place the same in a book maintained for that purpose, and the register of deeds shall maintain a cross-index to said right-of-way plans by number of road affected, if any, and by identification number. No probate before the clerk of the superior court shall be required.

(d) If after the approval of said final right-of-way plans the Board of Transportation shall by resolution alter or amend said right-of-way or control

of access, the Department of Transportation, within two weeks from the adoption by the Board of Transportation of said alteration or amendment, shall certify to the register of deeds in the county or counties within which the project is located a copy of the amended plan and profile sheets approved by the Board of Transportation and the register of deeds shall remove the original plan sheets and record the amended plan sheets in lieu thereof.

(e) The register of deeds in each county shall collect a fee from the Department of Transportation for recording right-of-way plans and profile sheets in the amount set out in G.S. 161-10. (1967, c. 228, s. 1; 1969, c. 80, s. 13; 1973, c. 507, ss. 5, 12-15; 1975, c. 716, s. 7; 1977, c. 464, s. 7.1; 1999-422, s. 1; 2000-68, s. 1; 2001-390, s. 6.)

Editor's Note. — Session Laws 1969, c. 80, which added subsection (e) of this section, provided, in s. 14, that nothing in the act "shall prevent any register of deeds whose compensation is derived from fees from retaining those fees as heretofore provided by law except that the amount of such fees shall be determined as provided herein."

CASE NOTES

When Remedy for Denial of Access to Highway May Be Asserted. — While the State has a right to cut adjacent landowners' access to highway off at any time, the State can only restrict such right of access when the highway is a controlled-access facility or is being converted to a controlled-access facility. It is at that point in time that the legislature has delegated a remedy to the deprived landowner of his abutter's right of access when it is denied and specified on a plat by the Department of Transportation. A non-controlled-access highway has no need for these types of remedies until the situation arises where it is necessary to effect measures for the safety of the public and in the public interest. Department of Transp. v. Craine, 89 N.C. App. 223, 365 S.E.2d 694, appeal dismissed, 322 N.C. 479, 370 S.E.2d 221 (1988), holding that evidence of right to deny access was improper in a condemnation proceeding by DOT to acquire a portion of defendants' property for a non-controlled-access highway project.

§ 136-19.5. Utility right-of-way agreements.

(a) Before the Department of Transportation acquires or proposes to acquire additional rights-of-way for the purpose of accommodating the installation of utilities as authorized by G.S. 136-18 and G.S. 136-19, there shall first be voluntary agreements with the appropriate utilities regarding the acquisition and use of the particular right-of-way and requiring the payment to the Department of Transportation for or recapture of all of its costs associated with that acquisition, including the use of funds allocated to such acquisition. Such agreements may take into account the fact that more than one utility can make use of the right-of-way. No such agreement shall constitute a sale of the right-of-way and all such rights-of-way shall remain under the control of the Department of Transportation.

(b) A prior agreement between the Department of Transportation and the affected utilities may be entered into but is not required when the acquisition of right-of-way is for the purpose of relocation of utilities due to construction, reconstruction, or rehabilitation of a State highway project. The Department of Transportation shall notify the affected utility whose facilities are being relocated and the affected utility may choose not to participate in the proposed plan for right-of-way acquisition. The decision not to participate in the proposed plan of right-of-way acquisition shall not affect any other rights the utility may have as a result of the relocation of its lines or pipelines.

(c) Whenever the Department of Transportation requires the relocation of utilities located in a right-of-way for which the utility owner contributed to the cost of acquisition, the Department of Transportation shall reimburse the utility owner for the cost of moving those utilities.

(d) Any additional right-of-way obtained pursuant to this section which is part of a railroad right-of-way shall be returned to the railroad or its successor in interest when the Department of Transportation and the affected utilities agree that the additional right-of-way is no longer useful for utility purposes and the Department of Transportation determines that it is no longer useful for highway purposes. (1989 (Reg. Sess., 1990), c. 962, s. 3.)

§ 136-20. Elimination or safeguarding of grade crossings and inadequate underpasses or overpasses.

(a) Whenever any road or street forming a link in or a part of the State highway system, whether under construction or heretofore or hereafter constructed, shall cross or intersect any railroad at the same level or grade, or by an underpass or overpass, and in the opinion of the Secretary of Transportation such crossing is dangerous to the traveling public, or unreasonably interferes with or impedes traffic on said State highway, the Department of Transportation shall issue notice requiring the person or company operating such railroad to appear before the Secretary of Transportation, at his office in Raleigh, upon a day named, which shall not be less than 10 days or more than 20 days from the date of said notice, and show cause, if any it has, why such railroad company shall not be required to alter such crossing in such way as to remove such dangerous condition and to make such changes and improvements thereat as will safeguard and secure the safety and convenience of the traveling public thereafter. Such notice shall be served on such railroad company as is now provided by law for the service of summons on domestic corporations, and officers serving such notice shall receive the same fees as now provided by law for the service of such summons.

(b) Upon the day named, the Secretary of Transportation shall hear said matter and shall determine whether such crossing is dangerous to public safety, or unreasonably interferes with traffic thereon. If he shall determine that said crossing is, or upon the completion of such highway will be, dangerous to public safety and its elimination or safeguarding is necessary for the proper protection of the traffic on said State highway, the Secretary of Transportation shall thereupon order the construction of an adequate underpass or overpass at said crossing or he may in his discretion order said railroad company to install and maintain gates, alarm signals or other approved safety devices if and when in the opinion of said Secretary of Transportation upon the hearing as aforesaid the public safety and convenience will be secured thereby. And said order shall specify that the cost of construction of such underpass or overpass or the installation of such safety device shall be allocated between the railroad company and the Department of Transportation in the same ratio as the net benefits received by such railroad company from the project bear to the net benefits accruing to the public using the highway, and in no case shall the net benefit to any railroad company or companies be deemed to be more than ten percent (10%) of the total benefits resulting from the project. The Secretary of Transportation shall be responsible for determining the proportion of the benefits derived by the railroad company from the project, and shall fix standards for the determining of said benefits which shall be consistent with the standards adopted for similar purposes by the United States Bureau of Public Roads under the Federal-Aid Highway Act of 1944.

(c) Upon the filing and issuance of the order as hereinbefore provided for requiring the construction of any underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices at any crossing upon the State highway system, it shall be the duty of the railroad company operating the railroad with which said public road or street intersects or crosses to construct such underpass or overpass or to install and maintain such

safety device as may be required in said order. The work may be done and material furnished either by the railroad company or the Department of Transportation, as may be agreed upon, and the cost thereof shall be allocated and borne as set out in subsection (b) hereof. If the work is done and material furnished by the railroad company, an itemized statement of the total amount expended therefor shall, at the completion of the work, be furnished the Department of Transportation, and the Department of Transportation shall pay such amount to the railroad company as may be shown on such statement after deducting the amount for which the railroad company is responsible; and if the work is done by the Department of Transportation, an itemized statement of the total amount expended shall be furnished to the railroad company, and the railroad company shall pay to the Department of Transportation such part thereof as the railroad company may be responsible for as herein provided; such payment by the railroad company shall be under such rules and regulations and by such methods as the Department of Transportation may provide.

(d) Within 60 days after the issuance of the order for construction of an underpass or overpass or the installation of other safety devices as herein provided for, the railroad company against which such order is issued shall submit to the Department of Transportation plans for such construction or installation, and within 10 days thereafter said Department of Transportation, through its chairman of the Department of Transportation, shall notify such railroad company of its approval of said plan or of such changes and amendments thereto as to it shall seem advisable. If such plans are not submitted to the Department of Transportation by said railroad company within 60 days as aforesaid, the chairman of the Department of Transportation shall have plans prepared and submit them to the railroad company. The railroad company shall within 10 days notify the chairman of the Department of Transportation of its approval of the said plans or shall have the right within such 10 days to suggest such changes and amendments in the plans so submitted by the chairman of the Department of Transportation as to it shall seem advisable. The plans so prepared and finally approved by the chairman of the Department of Transportation shall have the same force and effect, and said railroad company shall be charged with like liability, and said underpass or overpass shall be constructed or such safety device installed in accordance therewith, as if said plans had been originally prepared and submitted by said railroad company. If said railroad company shall fail or neglect to begin or complete the construction of said underpass or overpass, or the installation of such safety device, as required by the order of the Secretary of Transportation, said Secretary of Transportation is authorized and directed to prepare the necessary plans therefor, which plans shall have the same force and effect, and shall fix said railroad company with like liability, as if said plans had been originally prepared and submitted by said railroad company, and the Department of Transportation shall proceed to construct said underpass or overpass or install such safety device in accordance therewith. An accurate account of the cost of said construction or installation shall be kept by the Department of Transportation and upon the completion of such work a statement of that portion thereof chargeable to such railroad company as set out in the order of the Department of Transportation shall be rendered said railroad company. Upon the failure or refusal of said company to pay the bill so rendered, the Department of Transportation shall recover the amount thereof by suit therefor against said company in the Superior Court of Wake County: Provided, that the payment by such railroad company of said proportionate part may be made under such rules and regulations and by such methods as the Department of Transportation may provide. If the Department of Transportation shall undertake to do the work, it shall not obstruct or impair the

operation of the railroad and shall keep the roadbed and track safe for the operation of trains at every stage of work. If said railroad company shall construct such underpass or overpass or shall install such safety devices in accordance with the order of the Secretary of Transportation, the proportionate share of the cost thereof as set out in subsection (b) hereof shall upon the completion of said work be paid to the railroad company by the Department of Transportation. The Department of Transportation may inspect and check the expenditures for such construction or installation so made by the railroad company and an accurate account of the cost thereof shall upon the completion of said work be submitted to the Department of Transportation by the railroad company. If the Department of Transportation shall neglect or refuse to pay that portion of the cost of said construction or installation chargeable to it, the railroad company shall recover the amount thereof by suit therefor against the Department of Transportation in the Superior Court of Wake County.

(e) If any railroad company so ordered by the Secretary of Transportation to construct an underpass or overpass or to install safety devices at grade crossings as hereinbefore provided for shall fail or refuse to comply with the order of the Secretary of Transportation requiring such construction or installation, said railroad company shall be guilty of a Class 3 misdemeanor and shall only be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00) in the discretion of the court for each day such failure or refusal shall continue, each said day to constitute a separate offense.

(f) The jurisdiction over and control of said grade crossings and safety devices upon the State highway system herein given the Department of Transportation shall be exclusive.

(g) From any order or decision so made by the Secretary of Transportation the railroad company may appeal to the superior court of the county wherein is located the crossing affected by said order. Such appeal shall not defer or delay the construction of such underpass or overpass or the installation of such safety device as required by the order of the Secretary of Transportation, but the railroad company shall proceed to comply with such order in accordance with his terms. The action of the railroad company in complying with and carrying out such order pending said appeal shall not prejudice or affect the right or remedies of such railroad company on such appeal. Upon such appeal the court shall determine only whether the order of the Secretary of Transportation for such construction or installation is unreasonable and unnecessary for the protection of the traveling public and the apportionment of the cost to the extent hereinafter provided in this subsection, and if upon the hearing of said appeal it shall be determined that said order was unnecessary for the protection of the traveling public, the Department of Transportation shall bear the total cost of the construction of such underpass or overpass or the installation of such safety device. In the event the decision on appeal should be that the construction or installation was necessary but the cost or apportionment thereof unreasonable, then the railroad company shall bear its proportion as provided in this section of such cost as may be determined on appeal to have been reasonable to meet the necessity of the case. Upon said appeal from an order of the Secretary of Transportation, the burden of proof shall be upon the railroad company, and if it shall not be found and determined upon said appeal that said order was unreasonable or unnecessary for the protection of the traveling public at said crossing, then such railroad company shall bear its proportion of the cost of such construction or installation in accordance with this section.

(h) The Department of Transportation shall pay the cost of maintenance of all overpasses and the railroad company shall pay the cost of maintenance of all underpasses constructed in accordance with this section. The cost of maintenance of safety devices at all intersections of any railroad company and

any street or road forming a link in or a part of the State highway system which have been constructed prior to July 1, 1959, or which shall be constructed thereafter shall be borne fifty percent (50%) by the railroad company and fifty percent (50%) by the Department of Transportation. The maintenance of said overpasses and underpasses shall be performed by the railroad company or the Department of Transportation as may be agreed upon and reimbursement for the cost thereof, in accordance with this section, shall be made annually. The maintenance of such safety devices shall be performed by the railroad company and reimbursement for the cost thereof, in accordance with this section, shall be made annually by the Department of Transportation. (1921, c. 2, s. 19; 1923, c. 160, s. 5; C.S., s. 3846(y); 1925, c. 277; 1929, c. 74; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1959, c. 1216; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 11, 15; 1993, c. 539, s. 979; 1994, Ex. Sess., c. 14, s. 60; c. 24, s. 14(c).)

Legal Periodicals. — For note on railroads' liability at dangerous highway crossings, see 41 N.C.L. Rev. 296 (1963).

CASE NOTES

Section Applies Only to Specific Factual Situations. — Although this section and G.S. 62-237 may indicate a legislative trend in the field of allocating costs of grade crossing improvements, these statutes fall short of establishing a state policy applicable to factual situations other than those to which they relate in express and specific terms. Southern Ry. v. City of Winston-Salem, 275 N.C. 465, 168 S.E.2d 396 (1969).

Section Not Binding on Municipality in All Cases Where Railroads Cross City Streets. — The explicit language chosen by the legislature clearly negatives any intention that this section should be construed as the adoption of a statewide policy binding upon municipalities in administering their city streets which were not parts or links in the State highway system. Had the legislature intended this section to be binding upon municipalities in all cases where railroads crossed its city street, surely the legislature would have employed language which expressed, rather than language which would negative, that intent. Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751, aff'd, 275 N.C. 465, 168 S.E.2d 396 (1969).

This section does not adopt a statewide policy with respect to the allocation of costs of safety devices at railroad crossings which is binding upon municipalities in administering city streets which are not parts of or links in the State highway system. Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751, aff'd, 275 N.C. 465, 168 S.E.2d 396 (1969).

This section does not apply where the streets involved, at the location of the crossings, are not links in or parts of the State highway system. Southern Ry. v. City of Winston-Salem, 275 N.C. 465, 168 S.E.2d 396 (1969).

Railroad Crossings To Which Section Applies. — This section by its express terms applies to railroad crossings of "any road or street forming a link in or a part of the State highway system." Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751, aff'd, 275 N.C. 465, 168 S.E.2d 396 (1969).

The language of this section expressly and clearly limits its applications to railroad crossings of roads or streets which are parts of the State highway system. Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751, aff'd, 275 N.C. 465, 168 S.E.2d 396 (1969).

Elimination of Grade Crossings. — This section confers upon the State Highway Commission (now Department of Transportation) the power to eliminate grade crossings. Mosteller v. Southern Ry., 220 N.C. 275, 17 S.E.2d 133 (1941).

Determining Which Roads Become Part of Highway System. — Under G.S. 136-54, 136-59 and 136-66.2 it is for the State Highway Commission (now Department of Transportation) rather than for the courts to determine which particular roads and streets shall become a part or link in the State highway system. Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751, aff'd, 275 N.C. 465, 168 S.E.2d 396 (1969).

Section Applies Only to Construction of Overpasses and Underpasses or Safety Devices. — This section applies only to the construction of an underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices. State Hwy. Comm'n v. Clinchfield R.R., 260 N.C. 274, 132 S.E.2d 595 (1963).

This section applies only to a factual situa-

tion for which provision is made, namely, the construction of an underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices. Cecil v. High Point, T. & D.R.R., 269 N.C. 541, 153 S.E.2d 102 (1967).

And Not to Widening of Crossing. — A proceeding under this section to require railroad to widen solely at its own expense a crossing subsequent to the widening of the intersecting highway, will be dismissed. State Hwy. Comm'n v. Clinchfield R.R., 260 N.C. 274, 132 S.E.2d 595 (1963).

A municipality is not entitled to a mandatory injunction to compel a railroad company to widen and improve an underpass in the interest of public safety when such underpass, although within the municipality, constitutes a part of a State highway, since the exclusive control over the underpass in such instance is vested in the State Highway Commission (now Department of Transportation) under subsection (f) of this section. Town of Williamston v. Atlantic C.L.R.R., 236 N.C. 271, 72 S.E.2d 609 (1952).

Erection of Signaling Devices. — By the enactment of this section the legislature has taken from the railroads authority to erect gates or gongs or other like signaling devices at railroad crossings at will and has vested exclusive discretionary authority in the State Highway Commission (now Department of Transportation) to determine when and under what conditions such signaling devices are to be erected and maintained by railroad companies. Southern Ry. v. Akers Motor Lines, 242 N.C. 676, 89 S.E.2d 392 (1955), commented on in 41 N.C.L. Rev. 296 (1963); Cecil v. High Point, T. & D.R.R., 269 N.C. 541, 153 S.E.2d 102 (1967).

Section Does Not Relieve Railroad of Duty to Give Notice and Warning of Existence of Grade Crossing. — This section, giving the State Highway Commission (now Department of Transportation) exclusive jurisdiction to require gates, alarm signals or other approved safety devices to be installed at railroad crossings does not include signs and notices of the existence of a crossing, and does not relieve a railroad company of the duty to give users of the highway adequate notice and warning of the existence of a grade crossing, even though it be one at which the State Highway Commission (now Department of Transportation) has not required the erection of gates, gongs or signaling devices. Cecil v. High Point, T. & D.R.R., 269 N.C. 541, 153 S.E.2d 102 (1967).

This section, which empowers the State Highway Commission (now Department of Transportation), under certain circumstances, to require a railroad company to install gates, alarm signals or other safety devices at a crossing, does not relieve the railroad from its common-law duty to give users of a highway adequate warning of the existence of a grade crossing at which the Commission (now Department) has not required such devices to be installed. Cox v. Gallamore, 267 N.C. 537, 148 S.E.2d 616 (1966); Cecil v. High Point, T. & D.R.R., 269 N.C. 541, 153 S.E.2d 102 (1967); Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

Or of Duty to Install Gates and Signals. — This section does not entrust to the State Highway Commission (now Department of Transportation), and relieve a railroad of, the duty to install gates and signals at a crossing where vision is obstructed. Hunter v. Seaboard Coast Line R.R., 443 F.2d 1319 (4th Cir. 1971).

Cited in Rockingham County v. Norfolk & W. Ry., 197 N.C. 116, 147 S.E. 832 (1929); Austin v. Shaw, 235 N.C. 722, 71 S.E.2d 25 (1952); City of Winston-Salem v. Southern Ry., 248 N.C. 637, 105 S.E.2d 37 (1958); Cecil v. High Point, T. & D.R.R., 266 N.C. 728, 147 S.E.2d 223 (1966); Atlantic C.L.R.R. v. State Hwy. Comm'n, 268 N.C. 92, 150 S.E.2d 70 (1966); City of Raleigh v. Norfolk S. Ry., 275 N.C. 454, 168 S.E.2d 389 (1969).

§ 136-20.1. To require installation and maintenance of block system and safety devices; automatic signals at railroad intersections.

(a) The Department of Transportation is empowered and directed to require any railroad company to install and put in operation and maintain upon the whole or any part of its road a block system of telegraphy or any other reasonable safety device, but no railroad company shall be required to install a block system upon any part of its road unless at least eight trains each way per day are operated on that part.

(b) The Department of Transportation is empowered and directed to require, when public safety demands, where two or more railroads cross each other at a common grade, or any railroad crosses any stream or harbor by means of a bridge, to install and maintain such a system of interlocking or automatic signals as will render it safe for engines and trains to pass over such crossings

or bridge without stopping, and to apportion the cost of installation and maintenance between said railroads as may be just and proper. (1907, c. 469, s. 1b; 1911, c. 197, s. 2; Ex. Sess. 1913, c. 63, s. 1; C.S., ss. 1047, 1049; 1933, c. 134, s. 8; 1941, c. 97; 1963, c. 1165, s. 1; 1995 (Reg. Sess., 1996), c. 673, s. 5.)

Editor's Note. — This section was formerly numbered 62-236. It was recodified as G.S. 136-20.1 by Session Laws 1995 (Reg. Sess., 1996), c. 673, s. 5.

CASE NOTES

Lack of a "block system," when required, is negligence per se. Gerringer v. North Carolina R.R., 146 N.C. 32, 59 S.E. 152 (1907). See also Stewart v. Railroad, 137 N.C. 687, 50 S.E. 312 (1905); Stewart v. Railroad, 141 N.C. 253, 53 S.E. 877 (1906).

§ 136-21. Drainage of highway; application to court; summons; commissioners.

Whenever in the establishment, construction, improvement or maintenance of any public highway it shall be necessary to drain said highway, and to accomplish such purpose it becomes necessary to excavate a canal or canals for carrying the surplus water to some appropriate outlet, either along the right-of-way of said highway or across the lands of other landowners, and by the construction, enlargement or improvement of such canal or canals, lands other than said highway will be drained and benefited, then, and in such event, the Department of Transportation, if said highway be a part of the State highway system, or the county commissioners, if said road is not under State supervision, may, by petition, apply to the superior court of the county in which, in whole or in part, said highway lies or said canal is to be constructed, setting forth the necessity for the construction, improvement or maintenance of said canal, the lands which will be drained thereby, with such particularity as to enable same to be identified, the names of the owners of said land and the particular circumstances of the case; whereupon a summons shall be issued for and served upon each of the proprietors, requiring them to appear before the court at a time to be named in the summons, which shall not be less than 10 days from the service thereof, and upon such day the petition shall be heard, and the court shall appoint three disinterested persons, one of whom shall be a competent civil and drainage engineer recommended by the Department of Environment and Natural Resources, and the other two of whom shall be resident freeholders of the county or counties in which the road and lands are, in whole or in part, located, as commissioners, who shall, before entering upon the discharge of their duties, be sworn to do justice between the parties. (1925, c. 85, s. 3; c. 122, s. 44; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; c. 1262, s. 86; 1977, c. 464, s. 7.1; c. 771, s. 4; 1989, c. 727, s. 218(88); 1997-443, s. 11A.119(a).)

§ 136-22. View by commissioners; report; judgment.

The commissioners, or a majority of them, one of whom must be the engineer aforesaid, shall, on a day of which each party is to be notified at least five days in advance, meet on the premises, and view the highway, or proposed highway, and also the lands which may be drained by the proposed canal, and shall determine and report what lands will be drained and benefited by the construction, enlargement or improvement of such canal, and whether said drainage ought to be done exclusively by said highway authorities, and if they are of opinion that the same ought not to be drained exclusively at their expense, then they shall decide and determine the route of the canal, the

dimensions and character thereof, and the manner in which the same shall be cut or thrown up, considering all the circumstances of the case, the extent, area and identity of lands which shall be permitted to drain therein, and providing as far as possible for the effectual drainage of said highway, and the protection and benefit of the lands of all the parties; and they shall apportion the cost of the construction, repair and maintenance of said canal among said highway authorities and said landowners, and report the same to the court, which when confirmed by the clerk shall stand as a judgment of the court against each of the parties, his or its executors, administrators, heirs, assigns or successors. (1925, c. 85, s. 4.)

§ 136-23. Appeal.

Upon the entry of the judgment or decree aforesaid the parties to said action, or any of them, shall have the right to appeal to the superior court in term time under the same rules and regulations as apply to other special proceedings. (1925, c. 85, s. 5.)

§ 136-24. Rights of parties.

The parties to such special proceeding shall have all the rights which are secured to similar parties by Article 1 of Chapter 146 of this Code and shall be regulated by the provisions thereof and amendments thereto, insofar as the same are not inconsistent herewith. (1925, c. 85, s. 6.)

§ 136-25. Repair of road detour.

It shall be mandatory upon the Department of Transportation, its officers and employees, or any contractor or subcontractor employed by the said Department of Transportation, to select, lay out, maintain and keep in as good repair as possible suitable detours by the most practical route while said highways or roads are being improved or constructed, and it shall be mandatory upon the said Department of Transportation and its employees or contractors to place or cause to be placed explicit directions to the traveling public during repair of said highway or road under the process of construction. All expense of laying out and maintaining said detours shall be paid out of the State Highway Fund. (1921, c. 2, s. 11; C.S., s. 3846(s); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Section Lays Duty on Both Department and Contractor. — This section makes it the duty of both the State Highway Commission (now Department of Transportation) and the contractors, when the public highways of the State are being improved and constructed, to select, lay out, maintain and keep in as good repair as possible suitable detours by the most practical route. It is the further duty of both to place or cause to be placed explicit directions to the traveling public. Reynolds v. J.C. Critcher, Inc., 256 N.C. 309, 123 S.E.2d 738 (1962).

Contractor Not Responsible for Defect in Road Not Under His Supervision. — A highway contractor may not be held responsible for damages resulting from a defect or obstruction in a road not under his supervision. Reynolds v. J.C. Critcher, Inc., 256 N.C. 309, 123 S.E.2d 738 (1962).

Driver's Right to Assume Compliance with Section. — Where a contractor's flagman motioned a driver to proceed, the driver had the right to assume, nothing else appearing, that the contractor had complied with the provisions of this section. Dowless v. C.C. Mangum, Inc., 12 N.C. App. 258, 182 S.E.2d 828 (1971).

Defect in State Highway onto Which Traffic Diverted by Contractor. — A contractor working upon a highway, who has a right to and does divert traffic onto another State highway being maintained by the State Highway Commission (now Department of Transportation), is not liable for injuries received in accidents due to defects in said State highway.

Reynolds v. J.C. Critcher, Inc., 256 N.C. 309, 123 S.E.2d 738 (1962).

Selection of Detour Routes Not a Discretionary Governmental Function Immune from Suit. — North Carolina's Tort Claims Act, G.S. 143-291 et seq., does not create an exception for negligent performance of duties involving discretion; thus, the selection of suitable highway detour routes by department of transportation employees was not a discretionary governmental function immune from suit. Zimmer v. North Carolina Dep't of Transp., 87 N.C. App. 132, 360 S.E.2d 115 (1987).

Applied in Davis v. J.M.X., Inc., 137 N.C. App. 267, 528 S.E.2d 56, 2000 N.C. App. LEXIS 309 (2000), aff'd, 352 N.C. 662, 535 S.E.2d 356 (2000).

§ 136-26. Closing of State highways during construction; injury to barriers, warning signs, etc.

If it shall appear necessary to the Department of Transportation, its officers, or appropriate employees, to close any road or highway coming under its jurisdiction so as to permit of proper completion of work which is being performed, such Department of Transportation, its officers or employees, may close, or cause to be closed, the whole or any portion of such road or highway deemed necessary to be excluded from public travel. While any such road or highway, or portion thereof, is so closed, or while any such road or highway, or portion thereof, is in process of construction or maintenance, such Department of Transportation, its officers or appropriate employees, or its contractor, under authority from such Department of Transportation, may erect, or cause to be erected, suitable barriers or obstruction thereon; may post, or cause to be posted, conspicuous notices to the effect that the road or highway, or portion thereof, is closed; and may place warning signs, lights and lanterns on such road or highway, or portions thereof. When such road or highway is closed to the public or in process of construction or maintenance, as provided herein, any person who willfully drives into new construction work, breaks down, removes, injures or destroys any such barrier or barriers or obstructions on the road closed or being constructed, or tears down, removes or destroys any such notices, or extinguishes, removes, injures or destroys any such warning lights or lanterns so erected, posted or placed, shall be guilty of a Class 1 misdemeanor. (1921, c. 2, s. 12; C.S., s. 3846(t); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 539, s. 980.)

CASE NOTES

Powers of Department in Carrying Out Grading Work. — This section, together with the general powers of the State Highway Commission (now Department of Transportation), authorized the State Highway Commission (now Department of Transportation) directly or by implication, in the prosecution of the grading work, to direct and permit soil to be conveyed across a highway, the dirt ramp to be placed on the highway for its protection from injury by heavy equipment, the placing of warning signs along the highway, the stationing of flagmen at the ramp to stop traffic along the highway and close that portion of the road when in use by earthmovers, and its grade inspector to give supervision and instruction to the contractor and its employees in carrying out the grading work. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Purpose of Closing Highways. — The closing or temporary closing of highways or portions thereof during construction and repair operations is designed to avoid interruptions and delays in the prosecution of the work. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

The exercise of authority to close a highway, which relates to a highway "in process of construction or maintenance," is for the public benefit. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

Public Travel May Be Temporarily Suspended. — Public travel on a street or other highway may be temporarily suspended for a necessary or proper purpose, as for example to permit repairs or reconstruction. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

This section authorizes the State Highway Commission (now Department of Transportation) through "its officers or appropriate employees, or its contractor," to close a highway to

public travel while a ramp is in use by its contractor's equipment. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

Liability of Contractor for Injury. — A contractor constructing a highway was not relieved, by an order of the State Highway Commission (now Department of Transportation) closing the road to travel, of liability for injuries in an automobile collision with an unlighted disabled truck left by defendant on the side of the highway, where on the part of the road where the accident happened barriers had been removed and to defendant's knowledge many people habitually traversed it. Thompson Caldwell Constr. Co. v. Young, 294 F. 145 (4th Cir. 1923).

Contractor Has Duty to Exercise Ordinary Care. — When a contractor undertakes to perform work under contract with the State Highway Commission (now Department of Transportation), the positive legal duty devolves on him to exercise ordinary care for the safety of the general public traveling over the road on which he is working. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

The contractor doing the work is there for a lawful purpose and is not obliged to stop the work every time a traveler drives along. But while the traveler assumes certain risks, he is still a traveler on a public way, and the contractor still owes him due care, and is liable for injuries suffered by him as a result of negligence in the performance of the work. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

In Providing and Maintaining Warnings and Safeguards. — Contractors must exercise ordinary care in providing and maintaining reasonable warnings and safeguards against conditions existent at the time and place. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Requirements as to Signs and Flagmen Do Not Give Contractor Special Privileges. — Where a contractor for the improvement of an airport is granted permission by the State Highway Commission (now Department of Transportation) to construct a dirt ramp over the highway to protect it from heavy equipment, the Commission's (now Department's) requirements with reference to signs and flagmen are primarily for the protection of the users of the highway and do not confer on the contractor special privileges in respect to right-of-way. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

Department Cannot Impose Different Standard of Care. — The State Highway Commission (now Department of Transportation) cannot by contract or by supervisory instructions prescribe for contractors a different standard of care from that imposed by the common law in a given situation, as it affects third parties. But in its use of and authority over a highway, for purposes of construction, repair or maintenance, it may create circumstances which bring into play rules of conduct which would not apply if such purposes were not involved. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Sufficiency of Warning. — Actual notice of every special obstruction or defect in a highway is not required to be given to a traveler, nor need the way be so barricaded as to preclude all possibility of injury, but it is sufficient if a plain warning of danger is given, and the traveler has notice or knowledge of facts sufficient to put him on inquiry. The test of the sufficiency of the warning is whether the means employed, whatever they may be, are reasonably sufficient for the purpose. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Red Light or Red Flag. — A red light is recognized by common usage as a method of giving warning of danger during hours of darkness, and a driver seeing a red light ahead in the highway is required in the exercise of due care to heed its warning. The same is equally true of a red flag in daylight hours when properly displayed. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Care Required of Traveler. — When extraordinary conditions exist on a highway by reason of construction or repair operations, the motorist is required by law to take notice of them. The traveler's care must be commensurate with the obvious danger. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

One who operates an automobile on a public highway which is under construction or repair, or in use for such purposes, cannot assume that there are no obstructions, defects or dangers ahead. In such instances it is the duty of the motorist, in the exercise of due care, to keep his vehicle under such control that it can be stopped within the distance within which a proper barrier or obstruction, or an obvious danger can be seen. C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962).

Where travel on the highway was closed temporarily by means of warning signs and flagmen's signals it was the duty of the motorist to stop and yield the right-of-way to the contractor's earth movers. C.C. Mangum, Inc. v. Gasperson, 262 N.C. 32, 136 S.E.2d 234 (1964).

Applied in Luther v. Asheville Contracting Co., 268 N.C. 636, 151 S.E.2d 649 (1966).

Cited in Payne v. Lowe, 2 N.C. App. 369, 163 S.E.2d 74 (1968).

§ 136-27. Connection of highways with improved streets; pipelines and conduits; cost.

When any portion of the State highway system shall run through any city or town and it shall be found necessary to connect the State highway system with improved streets of such city or town as may be designated as part of such system, the Department of Transportation shall build such connecting links, the same to be uniform in dimensions and materials with such State highways: Provided, however, that whenever any city or town may desire to widen its streets which may be traversed by the State highway, the Department of Transportation may make such arrangements with said city or town in connection with the construction of said road as, in its discretion, may seem wise and just under all the facts and circumstances in connection therewith: Provided further, that such city or town shall save the Department of Transportation harmless from any claims for damage arising from the construction of said road through such city or town and including claims for rights-of-way, change of grade line, and interference with public-service structures. And the Department of Transportation may require such city or town to cause to be laid all water, sewer, gas or other pipelines or conduits, together with all necessary house or lot connections or services, to the curb line of such road or street to be constructed: Provided further, that whenever by agreement with the road governing body of any city or town any street designated as a part of the State highway system shall be surfaced by order of the Department of Transportation at the expense, in whole or in part, of a city or town it shall be lawful for the governing body of such city or town to declare an assessment district as to the street to be improved, without petition by the owners of property abutting thereon, and the costs thereof, exclusive of so much of the cost as is incurred at street intersections and the share of railroads or street railways whose tracks are laid in said street, which shall be assessed under their franchise, shall be specially assessed upon the lots or parcels of land abutting directly on the improvements, according to the extent of their respective frontage thereon by an equal rate per foot of such frontage. (1921, c. 2, s. 16; 1923, c. 160, s. 4; C.S., s. 3846(ff); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Local Modification. — Durham: 1925, c. 312; town of Siler City: 1935 Pr., c. 143.

CASE NOTES

City Has Power to Condemn Land. — Under authority of this section a city has the power and authority to condemn land which is wholly within its limits for a street, and the fact that the State Highway Commission (now Department of Transportation) has aided in the construction of the street within the city limits and relieved the city, is for the benefit of the city and in no way abridges the city's power and authority to condemn the land. City of Raleigh v. Hatcher, 220 N.C. 613, 18 S.E.2d 207 (1942).

Construction of Section with Local Act. — Chapter 56, Article 9 of the Acts of 1921, providing for local improvements of the streets of a city or incorporated town by a method of assessing the owners of abutting land, and this section, would be construed together in pari materia. Shute v. City of Monroe, 187 N.C. 676, 123 S.E. 71 (1924).

Street and Highway of Same Width. — This section applies only where the width of the street and the regular highway are the same. Sechriest v. City of Thomasville, 202 N.C. 108, 162 S.E. 212 (1932).

Exercise of Power by City. — Where the State Highway Commission (now Department of Transportation) orders a connecting link to be hard surfaced, and the municipality voluntarily agrees to make the improvement, it is not required that a petition of the abutting owners of land thereon be made. This section gives the governing body of the municipality power to make it an assessment district. Shute v. City of Monroe, 187 N.C. 676, 123 S.E. 71 (1924).

Power of City to Voluntarily Improve. —

Where a city or incorporated town having three thousand inhabitants, or more, has a considerable portion of its streets hard surfaced, the municipality may voluntarily assess and undertake the improvement of a street being a connecting link in the highway system. Shute v. City of Monroe, 187 N.C. 676, 123 S.E. 71 (1924).

Invalid Assessment May Be Subsequently Validated. — Where an incorporated town, under authority of this section, levies an assessment against abutting property owners for street improvements in paving a strip on either side of a State highway running through the town, but such levies are made without a petition of the abutting owners, the assessments are invalid but not void, and the legislature has the power to validate the assessments by subsequent legislative act. Crutchfield v. City of Thomasville, 205 N.C. 709, 172 S.E. 366 (1934).

Cited in Long v. City of Randleman, 199 N.C. 344, 154 S.E. 317 (1930).

§ 136-27.1. Relocation of water and sewer lines of municipalities and nonprofit water or sewer corporations or associations.

The Department of Transportation shall pay the nonbetterment cost for the relocation of water and sewer lines, located within the existing State highway right-of-way, that are necessary to be relocated for a State highway improvement project and that are owned by: (i) a municipality with a population of 5,500 or less according to the latest decennial census; (ii) a nonprofit water or sewer association or corporation; (iii) any water or sewer system organized pursuant to Chapter 162A of the General Statutes; (iv) a rural water system operated by county as an enterprise system; (v) any sanitary district organized pursuant to Part 2 of Article 2 of Chapter 130A of the General Statutes; or (vi) constructed by a water or sewer system organized pursuant to Chapter 162A of the General Statutes and then sold or transferred to a municipality with a population of greater than 5,500 according to the latest decennial census. (1983 (Reg. Sess., 1984), c. 1090; 1985, c. 479, s. 186(a); 1985 (Reg. Sess., 1986), c. 1018, s. 11; 1993 (Reg. Sess., 1994), c. 736, s. 1; 1995, c. 33, s. 1; c. 266, s. 1.1.)

Editor's Note. — Session Laws 2001-424, s. 27.26, provides: "The Legislative Research Commission may study the issue of nonbetterment utility relocation costs. As a part of its study, the LRC shall consider all of the following:

"(1) The current statutory procedure for allocation of relocation costs, found in G.S. 136-27.1.

"(2) The current population ceiling of 5,500 for municipalities to receive utility relocation assistance from the Department of Transportation, and the appropriateness of this ceiling.

"(3) The history of exceptions to the general policy on the nonpayment by the Department of Transportation for nonbetterment utility relocation costs and the rationales for these exceptions.

"(4) The development of a rational and equitable policy for the payment for nonbetterment utility relocation costs.

"(5) Any other issue related to nonbetterment utility relocation costs."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

CASE NOTES

Waiver of Sovereign Immunity. — This section logically implies waiver of sovereign immunity as to those costs the Department of Transportation is obligated to pay. Bell Arthur Water Corp. v. DOT, 101 N.C. App. 305, 399 S.E.2d 353 (1991), discretionary review denied, 328 N.C. 569, 403 S.E.2d 507 (1991).

There is no requirement under this section that the project be "let to contract." Bell Arthur Water Corp. v. DOT, 101 N.C. App.

305, 399 S.E.2d 353 (1991), discretionary review denied, 328 N.C. 569, 403 S.E.2d 507 (1991).

Determination of Whether Work Was Improvement. — Material issue of fact existed as to whether work was an "improvement," where the only description in the record of the work performed was that it was work performed to replace a "blown out" storm drain pipe. Bell Arthur Water Corp. v. DOT, 101 N.C. App. 305, 399 S.E.2d 353 (1991), discretionary review denied, 328 N.C. 569, 403 S.E.2d 507 (1991).

OPINIONS OF ATTORNEY GENERAL

Qualification for Exemption. — On the date the Department of Transportation lets a contract for a highway improvement project, a water or sewer system organized pursuant to Chapter 162A must be in existence to qualify for an exemption from the requirement that water and sewer lines on state highway right of way be relocated at local expense. See opinion of Attorney General to Mr. William S. Richardson, — N.C.A.G. — (June 21, 1994).

The existence of a right of way encroachment agreement did not affect the application of the exemption as the specific exemption contained in this section supersedes any conflicting provision of the agreement and would not be enforceable. See opinion of Attorney General to Mr. William S. Richardson, — N.C.A.G. — (June 21, 1994).

§ 136-27.2. Relocation of county-owned natural gas lines located on Department of Transportation right-of-way.

The Department of Transportation shall pay the nonbetterment cost for the relocation of county-owned natural gas lines, located within the existing State highway right-of-way, that the Department needs to relocate due to a State highway improvement project. (2002-126, s. 26.18(a).)

Editor's Note. — Session Laws 2002-126, s. 31.7, made this section effective July 1, 2002.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 26.18(b), provides: "The Department of Transportation is directed to use monies appropriated to the Department to relocate county-owned natural gas lines located on Department of Transportation right-of-way."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

§ 136-28: Repealed by Session Laws 1971, c. 972, s. 6.

§ 136-28.1. Letting of contracts to bidders after advertisement; exceptions.

(a) All contracts over one million two hundred thousand dollars ($1,200,000) that the Department of Transportation may let for construction or repair necessary to carry out the provisions of this Chapter shall be let to a responsible bidder after public advertising under rules and regulations to be made and published by the Department of Transportation. The right to reject any and all bids shall be reserved to the Board of Transportation. Contracts for construction or repair for federal aid projects entered into pursuant to this section shall not contain the standardized contract clauses prescribed by 23 U.S.C. § 112(e) and 23 C.F.R. § 635.131(a) for differing site conditions, suspensions of work ordered by the engineer or significant changes in the character of the work. For those federal aid projects, the Department of Transportation shall use only the contract provisions provided in the North

Carolina Department of Transportation, Standard Specifications for Roads and Structures, January 1, 1984, except as each may be changed or provided for by rule adopted by the Board of Transportation in accordance with the Administrative Procedure Act.

(b) In those cases in which the amount of work to be let to contract for highway construction, maintenance, or repair is one million two hundred thousand dollars ($1,200,000) or less, at least three informal bids shall be solicited. The term "informal bids" is defined as bids in writing, received pursuant to a written request, without public advertising. All such contracts shall be awarded to the lowest responsible bidder. The Secretary of Transportation shall keep a record of all bids submitted, which record shall be subject to public inspection at any time after the bids are opened.

(c) The construction, maintenance, and repair of ferryboats and all other marine floating equipment and the construction and repair of all types of docks by the Department of Transportation shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and Chapter 44A and Article 1 of Chapter 143, "The Executive Budget Act." In cases of a written determination by the Secretary of Transportation that the requirement for compatibility does not make public advertising feasible for the repair of ferryboats, the public advertising as well as the soliciting of informal bids may be waived.

(d) The construction, maintenance, and repair of the highway rest area buildings and facilities, weight stations and the Department of Transportation's participation in the construction of welcome center buildings shall be deemed highway construction, maintenance, or repair for the purpose of G.S. 136-28.1 and 136-28.3 and Article 1 of Chapter 143 of the General Statutes, "The Executive Budget Act."

(e) The Department of Transportation may enter into contracts for construction, maintenance, or repair without complying with the bidding requirements of this section upon a determination of the Secretary of Transportation or the State Highway Administrator that an emergency exists and that it is not feasible or not in the public interest for the Department of Transportation to comply with the bidding requirements.

(f) Notwithstanding any other provision of law, the Department of Transportation may solicit proposals under rules and regulations adopted by the Department of Transportation for all contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with highway construction, maintenance, or repair. In order to promote engineering and design quality and ensure maximum competition by professional firms of all sizes, the Department may establish fiscal guidelines and limitations necessary to promote cost-efficiencies in overhead, salary, and expense reimbursement rates. The right to reject any and all proposals is reserved to the Board of Transportation.

(g) The Department of Transportation may enter into contracts for research and development with educational institutions and nonprofit organizations without soliciting bids or proposals.

(h) The Department of Transportation may enter into contracts for applied research and experimental work without soliciting bids or proposals; provided, however, that if the research or work is for the purpose of testing equipment, materials, or supplies, the provisions of Article 3 of Chapter 143 of the General Statutes shall apply. The Department of Transportation is encouraged to solicit proposals when contracts are entered into with private firms when it is in the public interest to do so.

(i) The Department of Transportation may negotiate and enter into contracts with public utility companies for the lease, purchase, installation, and maintenance of generators for electricity for its ferry repair facilities.

(j) Repealed by Session Laws 2002-151, s. 1, effective October 9, 2002.

(k) The Department of Transportation may accept bids under this section by electronic means and may issue rules governing the acceptance of these bids. For purposes of this subsection "electronic means" is defined as means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities. (1971, c. 972, s. 1; 1973, c. 507, ss. 5, 16; c. 1194, ss. 4, 5; 1977, c. 464, ss. 7.1, 16; 1979, c. 174; 1981, c. 200, ss. 1, 2; c. 859, s. 68; 1985, c. 122, s. 2; 1985 (Reg. Sess., 1986), c. 955, s. 46; c. 1018, s. 2; 1987, c. 400; 1989, c. 78; c. 749, ss. 2, 3; 1995, c. 167, s. 1; 1997-196, s. 1; 1999-25, ss. 2, 3; 2001-424, ss. 27.9(a), 27.9(b); 2002-151, s. 1.)

Cross References. — As to Highway Fund and Highway Trust Fund Small Project Bidding, see G.S. 136-28.10. As to provisions similiar to those in subsection (j) pertaining to design-build construction of transportation projects, see G.S. 136-28.11.

Editor's Note. — Session Laws 1998-212, s. 27 was codified as subsection (j) of this section at the direction of the Revisor of Statutes.

Session Laws 1998-212, s. 1.1 provides: "This act shall be known as the 'Current Operations Appropriations and Capital Improvement Appropriations Act of 1998.'"

Session Laws 1998-212, s. 30.2 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1998-99 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1998-99 fiscal year."

Session Laws 1998-212, s. 30.5 contains a severability clause.

Section 136-28.3, referred to in subsection (d) of this section, has been repealed. For present provisions as to performance bonds, see G.S. 44A-25 et seq.

Session Laws 1993, c. 561, s. 65(b) provides:

"(b) The letting of contracts under this section is not subject to any of the provisions of G.S. 135-28.1 relating to the letting of contracts. The Department may waive the bonding requirements of Chapter 44A of the General Statutes and the licensing requirements of Chapter 87 for contracts awarded under this section."

Session Laws 1993, c. 561, s. 65(a) and (c), provide:

"(a) Notwithstanding the provisions of G.S. 136-28.4(b), for Highway Fund or Highway Trust Fund projects of three hundred thousand dollars ($300,000) or less, the Board of Transportation may, after soliciting at least three informal bids in writing from Small Business Enterprises, award contracts to the lowest responsible bidder. The Department of Transportation may identify projects likely to attract increased participation by Small Business Enterprises, and restrict the solicitation and award to those bidders. The Board of Transportation may delegate full authority to award contracts, adopt necessary rules, and administer the provisions of this section to the Secretary of Transportation.

"(c) The Secretary of Transportation shall report quarterly to the Joint Legislative Transportation Oversight Committee on the implementation of this section."

Session Laws 1997-443, s. 32.11, provides that the Department of Transportation may enter into a design-build-warrant contract to develop, with Federal Highway Administration participation, a Congestion Avoidance and Reduction for Autos and Trucks (CARAT) system of traffic management in the Charlotte-Mecklenburg urban areas. Notwithstanding any other provision of law, contractors, their employees, and Department of Transportation employees involved in this project only do not have to be licensed by occupational licensing boards, and for the purpose of entering into contracts, the Department of Transportation is exempted from the provisions of G.S. 136-28.1, 143-52, 143-53, 143-58, 143-128, and 143-129; these exemptions are limited and available only to the extent necessary to comply with federal rules, regulations, and policies for completion of this project. The Department shall report quarterly to the Joint Legislative Transportation Oversight Committee on the project.

For prior similar provisions, see Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 94, Session Laws 1993, c. 321, s. 162, and Session Laws 1995, c. 324, s. 18.14.

Session Laws 1997-443, s. 35.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1997-99 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1997-99 fiscal biennium."

Effect of Amendments. — Session Laws 2002-151, s. 1, effective October 9, 2002, substituted "one million two hundred thousand dollars ($1,200,000)" for "eight hundred thousand dollars ($800,000)" in subsections (a) and (b); and repealed subsection (j), authorizing the Department of Transportation to award up to three contracts annually for construction of projects on a design-build basis. For present similar provisions as contained in the repealed subsection, see G.S. 136A-28.11.

CASE NOTES

A statutory requirement for competitive bids constitutes a jurisdictional prerequisite to the exercise of the power of a public corporation to enter into a contract. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965); Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Persons dealing with a public agency are presumed to know the law with respect to the requirement of competitive bidding and act at their peril. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Persons dealing with a public agency are presumed to know the law with respect to the requirement of competitive bidding and act at their peril. This includes knowledge that the officials and agents of the public agency may not waive the sovereign right of immunity or act in violation of statutory requirements. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Implied Power to Take Action. — Where a course of action is reasonably necessary for the effective prosecution of the State Highway Commission's (now Department of Transportation's) obligation to supervise the construction, repair and maintenance of public highways, the power to take such action must be implied from the general authority given and the duty imposed. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Performance of Extra Remedial Work on Highways under Existing Contract. — See Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Invalidity of Subsequent Agreements to Pay Additional Compensation. — In general, but subject to certain limitations and exceptions, statutes requiring the letting of public contracts to the lowest bidder are regarded as rendering invalid and unenforceable subsequent agreements to pay one to whom a public contract has been duly awarded additional compensation for extras or additional labor and materials not included in the original contract, at least where the additional compensation exceeds the amount for which public contracts may be made without competitive bidding. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Cited in Allan Miles Cos. v. North Carolina Dep't of Transp., 68 N.C. App. 136, 314 S.E.2d 576 (1984).

OPINIONS OF ATTORNEY GENERAL

Contracts for Mowing Grass. — Grass mowing is not a professional or specialized service within the meaning of this section. The professional or specialized services referenced in G.S. 136-28.1(f) must be "... necessary in connection with highway construction or repair...". Mowing grass on the right of way along public highways is a maintenance function rather than a form of highway construction or repair. See opinion of Attorney General to D.W. Bailey, P.E., Chief Engineer-Operations, Department of Transportation, 60 N.C.A.G. 97 (1992).

Contracts awarded for grass mowing services along public highways are governed by G.S. 143-49(3). See opinion of Attorney General to D.W. Bailey, P.E., Chief Engineer-Operations, Department of Transportation, 60 N.C.A.G. 97 (1992).

§ 136-28.2. Relocated highways; contracts let by others.

The Department of Transportation is authorized to permit power companies and governmental agencies, including agencies of the federal government, when it is necessary to relocate a public highway by reason of the construction of a dam, to let contracts for the construction of the relocated highway. The construction shall be in accordance with the Department of Transportation standards and specifications. The Department of Transportation is further authorized to reimburse the power company or governmental agency for betterments arising out of the construction of the relocated highway, provided the bidding and the award is in accordance with the Department of Transportation's regulations and the Department of Transportation approves the award of the contract. (1971, c. 972, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-28.3: Repealed by Session Laws 1973, c. 1194, s. 6.

Editor's Note. — As to payment and performance bonds, see now G.S. 44A-25 et seq.

§ 136-28.4. State policy concerning participation by disadvantaged businesses in highway contracts.

(a) It is the policy of this State to encourage and promote participation by disadvantaged businesses in contracts let by the Department pursuant to this Chapter for the design, construction, alteration, or maintenance of State highways, roads, streets, or bridges and in the procurement of materials for these projects. All State agencies, institutions, and political subdivisions shall cooperate with the Department of Transportation and all other State agencies, institutions, and political subdivisions in efforts to encourage and promote the use of disadvantaged businesses in these contracts.

(b) A ten percent (10%) goal is established for participation by minority businesses and a five percent (5%) goal for participation by women businesses is established in contracts let by the Department of Transportation for the design, construction, alteration, or maintenance of State highways, roads, streets, or bridges and for the procurement of materials for these projects. The Department of Transportation shall endeavor to award to minority businesses at least ten percent (10%), by value, of the contracts it lets for these purposes, and shall endeavor to award to women businesses at least five percent (5%), by value, of the contracts it lets for these purposes. The Department shall adopt written procedures specifying the steps it will take to achieve these goals. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

(c) The following definitions apply in this section:

(1) "Disadvantaged business" has the same meaning as in 49 C.F.R. § 23.62.

(2) "Minority" has the same meaning as in 49 C.F.R. § 23.5. (1983, c. 692, s. 3; 1989, c. 692, s. 1.5; 1989 (Reg. Sess., 1990), c. 1066, s. 143(a).)

Cross References. — As to Highway Fund and Highway Trust Fund Small Project Bidding, see G.S. 136-28.10.

Editor's Note. — Session Laws 1989 (Reg. Sess., 1990), c. 1066, s. 143(b) provided that the Department of Transportation should compile and keep a current list of all disadvantaged, minority, and women businesses in the State that could participate in contracts bought by the Department, and should adopt a plan for actively seeking participation by disadvantaged, minority, and women businesses pursuant to the State policy set forth in this section. The Department was required to report to the Joint Legislative Highway Oversight Committee on the details of this plan and keep the Committee informed of its progress in meeting the goals established in this section.

Session Laws 1993, c. 321, s. 169.2(g) provides: "Any law that contains 'Joint Legislative Highway Oversight Committee' shall be deemed to refer to the 'Joint Legislative Transportation Oversight Committee.' "

Session Laws 1993, c. 321, s. 321 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1993-95 biennium, the textual provisions of this act shall apply only to funds appropriated for and activities occurring during the 1993-95 biennium."

CASE NOTES

Defendant was in compliance with the Department of Transportation requirements entitled Program for Participation by Disadvantaged Business Enterprises in the North Carolina Department of Transportation's Federally Assisted Programs (1990). Clark Truck-

ing of Hope Mills, Inc. v. Lee Paving Co., 109 N.C. App. 71, 426 S.E.2d 288, cert. denied, 333 N.C. 789, 431 S.E.2d 21 (1993).

Cited in Dickerson Carolina, Inc. v. Harrelson, 114 N.C. App. 693, 443 S.E.2d 127 (1994).

OPINIONS OF ATTORNEY GENERAL

Minority Participation Provisions. — The minority participation provisions in this section, G.S. 143-128, 160A-17.1, Session Laws 1989, c. 8, s. 3(b) (Senate Bill 38) appear to be facially constitutional under the principles established by the United States Supreme Court in City of Richmond v. J.A. Croson Company, — U.S. —, 109 S. Ct. 706 (1989), because none of the provisions in question mandate a racial preference which would result in a deprivation of personal rights guaranteed to all persons by the Equal Protection Clause of the Fourteenth Amendment. See opinion of the Attorney General to Rep. Thomas C. Hardaway, Co-Chairman, Sen. Ralph Hunt, Co-Chairman, Legislative Research Commission Committee on Minority Business Contracts and Small Business Assistance, 60 N.C.A.G. 1 (1990).

§ 136-28.5. Construction diaries; bid analysis and management system.

(a) Diaries kept in connection with construction or repair contracts entered into pursuant to G.S. 136-28.1 shall not be considered public records for the purposes of Chapter 132 of the General Statutes until the final estimate has been paid.

(b) Analyses generated by the Department of Transportation's Bid Analysis and Management System, including work papers, documents and the output of automated systems associated with the analyses of bids made by the Bid Analysis and Management System, are confidential and are not subject to the public records provisions of Chapter 132 of the General Statutes. (1987, c. 380, s. 1; 1991, c. 716, s. 1.)

§ 136-28.6. Private contract participation by the Department of Transportation.

(a) The Department of Transportation may participate in private engineering and construction contracts for State highways.

(b) In order to qualify for State participation, the project must be:

(1) The construction of a street or highway on the Transportation Improvement Plan adopted by the Department of Transportation; or

(2) The construction of a street or highway on a mutually adopted transportation plan that is designated a Department of Transportation responsibility.

(c) Only those projects in which the developer furnishes the right-of-way without cost to the Department of Transportation are eligible.

(d) The Department's participation shall be limited to fifty percent (50%) of the amount of any engineering contract and/or any construction contract let by the developer for the project.

(e) Participation in the contracts shall be limited to cost associated with normal practices of the Department of Transportation.

(f) Plans for the project must meet Department of Transportation standards and shall be approved by the Department of Transportation.

(g) Projects shall be constructed in accordance with the plans and specifications approved by the Department of Transportation.

(h) The Secretary shall report in writing, on a quarterly basis, to the Joint Legislative Commission on Governmental Operations on all agreements entered into between a private developer and the Department of Transportation for participation in private engineering and construction contracts under this section.

(i) Municipalities may participate financially in private engineering and construction contracts for projects pertaining to streets or highways which are on a mutually adopted transportation plan for said municipality. (1987, c. 860, ss. 1, 2; 1989, c. 749, s. 1; 1991, c. 272, s. 1; 1993, c. 183, s. 1; 1995, c. 358, s. 5; c. 437, s. 3; c. 447, ss. 1, 2; 2002-170, s. 1.)

Effect of Amendments. — Session Laws 2002-170, s. 1, effective October 23, 2002, substituted "transportation plan" for "thoroughfare plan" in subdivision (b)(2) and subsection (i).

§ 136-28.7. Contract requirements relating to construction materials.

(a) The Department of Transportation shall require that every contract for construction or repair necessary to carry out the provisions of this Chapter shall contain a provision requiring that all steel and iron permanently incorporated into the construction or repair project be produced in the United States.

(b) Subsection (a) shall not apply whenever the Department of Transportation determines in writing that this provision required by subsection (a) cannot be complied with because such products are not produced in the United States in sufficient quantities to meet the requirements of such contracts or cannot be complied with because the cost of such products produced in the United States unreasonably exceeds other such products.

(c) The Department of Transportation shall apply this section consistent with the requirements in 23 C.F.R. § 635.410(b)(4).

(d) The Department of Transportation shall not authorize, provide for, or make payments to any person pursuant to any contract containing the provision required by subsection (a) unless such person has fully complied with such provision. (1989, c. 692, s. 1.18; c. 770, ss. 74.12, 74.14, 74.15; 2002-151, s. 3.)

Effect of Amendments. — Session Laws 2002-151, s. 3, effective October 9, 2002, substituted "steel and iron" for "steel and cement" in subsection (a).

§ 136-28.8. Use of recycled materials in construction.

(a) It is the intent of the General Assembly that the Department of Transportation continue to expand its use of recycled materials in its construction and maintenance programs.

(b) The General Assembly declares it to be in the public interest to find alternative ways to use certain recycled materials that currently are part of the solid waste stream and that contribute to problems of declining space in landfills. The Department shall, consistent with economic feasibility and applicable engineering and environmental quality standards, use:

(1) Rubber from tires in road pavements, subbase materials, or other appropriate applications.

(2) Recycled materials for guard rail posts, right-of-way fence posts, and sign supports.

(3) Recycling technology, including, but not limited to, hot in-place recycling, in road and highway maintenance.

(c) As a part of its scheduled projects, the Department shall conduct additional research, which may include demonstration projects, on the use of recycled materials in construction and maintenance.

(d) The Department shall review and revise existing bid procedures and specifications to eliminate any procedures and specifications that explicitly discriminate against recycled materials in construction and maintenance,

except where the procedures and specifications are necessary to protect the health, safety, and welfare of the people of this State.

(e) The Department shall review and revise its bid procedures and specifications on a continuing basis to encourage the use of recycled materials in construction and maintenance and shall, to the extent economically practicable, require the use of recycled materials.

(f) All agencies shall cooperate with the Department in carrying out the provisions of this section.

(g) On or before October 1 of each year, the Department shall report to the Division of Pollution Prevention and Environmental Assistance of the Department of Environment and Natural Resources as to the amounts and types of recycled materials that were specified or used in contracts that were entered into during the previous fiscal year. On or before December 1 of each year, the Division of Pollution Prevention and Environmental Assistance shall prepare a summary of this report and submit the summary to the Joint Legislative Commission on Governmental Operations and the Joint Legislative Transportation Oversight Committee. The summary of this report shall also be included in the report required by G.S. 130A-309.06(c).

(h) The Department, in consultation with the Department of Environment and Natural Resources, shall determine minimum content standards for recycled materials.

(i) This section is broadly applicable to all procurements by the Department if the quality of the product is consistent with the requirements of the bid specifications.

(j) The Department may adopt rules to implement this section. (1989, c. 784, s. 6; 1993, c. 256, s. 3; 1995 (Reg. Sess., 1996), c. 743, s. 9; 1997-443, s. 11A.119(a); 1999-237, s. 27.4; 2001-452, s. 3.6.)

Editor's Note. — Session Laws 1989, c. 784, s. 6 enacted this section as G.S. 136-285. The section has been recodified as G.S. 136-28.8 at the direction of the Revisor of Statutes.

§ 136-28.9. Retainage — construction contracts.

Notwithstanding the provisions of G.S. 147-69.1, 147-77, 147-80, 147-86.10, and 147-86.11, or any other provision of the law, the Department of Transportation is authorized to enter into trust agreements with banks and contractors for the deposit of retainage and for the payment to contractors of income on these deposits, in connection with highway construction contracts, in trust accounts with banks in accordance with Department of Transportation regulations, including deposit insurance and collateral requirements. The Department of Transportation may contract with those banks without trust departments in addition to those with trust departments. Funds deposited in any trust account shall be invested only in bonds, securities, certificates of deposits, or other forms of investment authorized by G.S. 147-69.1 for the investment of State funds. The trust agreement may also provide for interest to be paid on uninvested cash balances. (1989 (Reg. Sess., 1990), c. 1074, s. 38.)

§ 136-28.10. Highway Fund and Highway Trust Fund Small Project Bidding.

(a) Notwithstanding the provisions of G.S. 136-28.4(b), for Highway Fund or Highway Trust Fund projects of five hundred thousand dollars ($500,000) or less, the Board of Transportation may, after soliciting at least three informal bids in writing from Small Business Enterprises, award contracts to the lowest responsible bidder. The Department of Transportation may identify projects likely to attract increased participation by Small Business Enterprises, and

restrict the solicitation and award to those bidders. The Board of Transportation may delegate full authority to award contracts, adopt necessary rules, and administer the provisions of this section to the Secretary of Transportation.

(b) The letting of contracts under this section is not subject to any of the provisions of G.S. 136-28.1 relating to the letting of contracts. The Department may waive the bonding requirements of Chapter 44A of the General Statutes and the licensing requirements of Chapter 87 for contracts awarded under this section.

(c) The Secretary of Transportation shall report quarterly to the Joint Legislative Transportation Oversight Committee on the implementation of this section. (1993, c. 561, s. 65; 1999-25, s. 1.)

Cross References. — As to letting of contracts to bidders after advertisement and exceptions, see G.S. 136-28.1. As to State policy concerning participation by disadvantaged businesses in highway contracts, see G.S. 136-28.4.

Editor's Note. — Session Laws 1993, c. 561, s. 65, effective July 1, 1993, was codified as this section at the direction of the Revisor of Statutes.

§ 136-28.11. Design-build construction of transportation projects.

(a) Design-Build Contracts Authorized. — Notwithstanding any other provision of law, the Board of Transportation may award contracts for 10 projects in fiscal year 2002-2003, and 25 projects in fiscal years 2003-2004, 2004-2005, 2005-2006, 2006-2007, 2007-2008, and 2008-2009 for construction of transportation projects on a design-build basis.

(b) Design-Build Contract Amounts; Basis of Award. — The Department may award contracts for the construction of transportation projects on a design-build basis of any amount. The Department shall endeavor to ensure design-build projects are awarded on a basis to maximize participation, competition, and cost benefit. On any project for which the Department proposes to use the design-build contracting method, the Department shall attempt to structure and size the contracts for the project in order that contracting firms and engineering firms based in North Carolina have a fair and equal opportunity to compete for the contracts.

(c) Disadvantaged Business Participation Goals. — The provisions of G.S. 136-28.4 and 49 C.F.R. Part 26 shall apply to the award of contracts under this section.

(d) Findings Required. — These contracts may be awarded after a determination by the Department of Transportation that delivery of the projects must be expedited and that it is not in the public interest to comply with normal design and construction contracting procedures.

(e) Reporting Requirements. — The Department, for any proposed design-build project projected to have a construction cost in excess of one hundred million dollars ($100,000,000), shall present to the Joint Legislative Transportation Oversight Committee information on the scope and nature of the project and the reasons the development of the project on a design-build basis will best serve the public interest. Prior to the award of a design-build contract, the Secretary of Transportation shall report to the Joint Legislative Transportation Oversight Committee and to the Joint Legislative Commission on Governmental Operations on the nature and scope of the project and the reasons an award on a design-build basis will best serve the public interest. (2001-424, s. 27.2(a); 2002-151, s. 2.)

Cross References. — For similiar provisions, see G.S. 136-28.1(j).

Editor's Note. — Session Laws 2001-424, s. 27.2(b), provides: "The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee on September 1, December 1, and March 1 of each year on the status of all design-build projects."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2002-60, s. 1, provides: "In addition to the authority granted by G.S. 136-28.11, the Department of Transportation may award contracts by the design-build method for the multilaning of US Highway 601 from the South Carolina State line to US Highway 74 in Union County."

Effect of Amendments. — Session Laws 2002-151, s. 2, effective October 9, 2002, rewrote the section.

§ 136-28.12. Litter removal coordinated with mowing of highway rights-of-way.

The Department of Transportation shall, to the extent practicable, schedule the removal of debris, trash, and litter from highways and highway rights-of-way prior to the mowing of highway rights-of-way. The Department of Transportation shall include as a term of any contract that it enters into for the mowing of a highway right-of-way that the contracting party shall, to the extent practicable, coordinate with the scheduled removal of debris, trash, and litter from the highway and highway right-of-way prior to the mowing of the highway right-of-way. (2001-512, s. 3.)

Editor's Note. — Session Laws 2001-512, s. 15, provides: "This act shall not be construed to obligate the General Assembly to appropriate any funds to implement the provisions of this act. Every agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated or available to the agency."

§ 136-29. Adjustment and resolution of highway construction contract claim.

(a) A contractor who has completed a contract with the Department of Transportation to construct a State highway and who has not received the amount he claims is due under the contract may submit a verified written claim to the State Highway Administrator for the amount the contractor claims is due. The claim shall be submitted within 60 days after the contractor receives his final statement from the Department and shall state the factual basis for the claim.

The State Highway Administrator shall investigate a submitted claim within 90 days of receiving the claim or within any longer time period agreed to by the State Highway Administrator and the contractor. The contractor may appear before the State Highway Administrator, either in person or through counsel, to present facts and arguments in support of his claim. The State Highway Administrator may allow, deny, or compromise the claim, in whole or in part. The State Highway Administrator shall give the contractor a written statement of the State Highway Administrator's decision on the contractor's claim.

(b) A contractor who is dissatisfied with the State Highway Administrator's decision on the contractor's claim may commence a contested case on the claim under Chapter 150B of the General Statutes. The contested case shall be commenced within 60 days of receiving the State Highway Administrator's written statement of the decision.

(c) As to any portion of a claim that is denied by the State Highway Administrator, the contractor may, in lieu of the procedures set forth in subsection (b) of this section, within six months of receipt of the State Highway Administrator's final decision, institute a civil action for the sum he claims to be entitled to under the contract by filing a verified complaint and the issuance of a summons in the Superior Court of Wake County or in the superior court of any county where the work under the contract was performed. The procedure shall be the same as in all civil actions except that all issues shall be tried by the judge, without a jury.

(d) The provisions of this section shall be part of every contract for State highway construction between the Department of Transportation and a contractor. A provision in a contract that conflicts with this section is invalid. (1939, c. 318; 1947, c. 530; 1957, c. 65, s. 11; 1963, c. 667; 1965, c. 55, s. 11; 1967, c. 873; 1973, c. 507, ss. 5, 17, 18; 1977, c. 464, s. 7.1; 1983, c. 761, s. 191; 1987, c. 847, s. 3.)

Legal Periodicals. — For comment on this section prior to the 1963 amendment, see 17 N.C.L. Rev. 340 (1939).

For note on abrogation of contractual sovereign immunity, see 12 Wake Forest L. Rev. 1082 (1976).

For article, "North Carolina Construction Law Survey II," see 22 Wake Forest L. Rev. 481 (1987).

CASE NOTES

Section Does Not Offend Constitutional Right to Jury. — The constitutional guarantee of trial by jury applies only where the prerogative existed at common law or by statute at the time the Constitution was adopted. Prior to the enactment of this statute, and certainly at common law, a contractor could not institute this action against the State due to the doctrine of sovereign immunity. The right itself was created by this statute which never intended nor provided for a trial by jury. Therefore, the statute does not offend the constitutional guarantee to trial by jury. Huyck Corp. v. C.C. Mangum, Inc., 309 N.C. 788, 309 S.E.2d 183 (1983).

Construction of Section. — In determining whether this section authorizes a suit, the district court notes the principle that statutes in derogation of the common law are generally construed strictly. On the other hand, as a remedial statute, it ought to receive from the courts such a construction as will remedy the existing evil so as to advance the remedy and permit the courts to bring the parties to an issue. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

The rule that statutes waiving governmental immunity must be strictly construed does not compel the court to take the strictest possible view of this section, permitting suit against the State Highway Commission (now Department of Transportation) on claims arising out of construction contracts, but the district court will simply examine the language of the statute within its context, mindful of the principle that the intent of the legislature controls the interpretation of a statute. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

The sole statutory grounds that allow suit against the State Highway Administrator are provided in this section. In re Thompson-Arthur Paving Co., 81 N.C. App. 645, 344 S.E.2d 853, cert. denied, 318 N.C. 506, 349 S.E.2d 874 (1986).

Contractor's Substantive Rights Not Expanded. — Although this section, as amended in 1983, terms the board an alternative to civil suit, the claim allowed to the board is nevertheless a waiver of sovereign immunity, the terms of which are to be strictly construed. The same restrictions on maintaining a claim to the board as those for a claim to superior court will be applied, for there is no language, express or implied, that the creation of this alternative was to expand the substantive rights of the contractor against the sovereign immunity of the State. In re Thompson-Arthur Paving Co., 81 N.C. App. 645, 344 S.E.2d 853, cert. denied, 318 N.C. 506, 349 S.E.2d 874 (1986).

Former Methods for Presenting Claims. — Prior to enactment of this section, one who had any claim growing out of a contract with the State Highway Commission (now Department of Transportation) could not bring suit against the Commission (now Department), for it is a State agency and no consent to suit has been given. The claimant might present his claim to the General Assembly or he might

invoke the original jurisdiction of the Supreme Court. The latter course was not very satisfactory for the court has said that in such a proceeding it will consider only questions of law. The decision of the court, if in favor of the claimant, was simply recommendatory and was reported to the next General Assembly for its action. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

General Assembly Relieved of Judicial Function. — The attitude of the General Assembly which enacted this section was to relieve that body from the judicial function of passing upon certain claims against the State. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

Section Constitutes Remedy in Action on Contract. — Subsection (d) of this section provides that the statute is deemed to be a part of "every contract" between Department of Transportation and "any contractor," and this section is therefore a remedy in an action upon such contract. Huyck Corp. v. C.C. Mangum, Inc., 58 N.C. App. 532, 293 S.E.2d 846 (1982), rev'd in part, 309 N.C. 788, 309 S.E.2d 183 (1983).

Section Assumes Valid Contract Is Subsisting. — The procedure under this section is available when the contractor has completed his contract with the State Highway Commission (now Department of Transportation) and fails to receive "such settlement as he claims to be entitled to under his contract." This assumes a valid contract is subsisting. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Unless the claim arises under a contract, the provisions of this section are not applicable. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969).

Recovery, if any, under the contract must be based on the terms and provisions thereof. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

The procedure is to resolve any controversy as to what (additional) amount, if any, the contractor is entitled to recover under the terms of the contract. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965); Ray D. Lowder, Inc. v. North Carolina State Hwy. Comm'n, 26 N.C. App. 622, 217 S.E.2d 682, cert. denied, 288 N.C. 393, 218 S.E.2d 467 (1975).

Recovery, if any, must be within the terms and framework of the provisions of the contract. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 4 N.C. App. 126, 166 S.E.2d 705 (1969); Blankenship Constr. Co. v. North Carolina State Hwy. Comm'n, 28 N.C. App. 593, 222 S.E.2d 452, cert. denied, 290 N.C. 550, 230 S.E.2d 765 (1976).

This section provides for recovery only within the terms and framework of the contract. Inland Bridge Co. v. North Carolina State Hwy. Comm'n, 30 N.C. App. 535, 227 S.E.2d 648 (1976).

Administrative Remedies Must First Be Pursued. — Before a party may pursue a judicial action against the state for money claimed to be due under a highway construction contract, it must first pursue its administrative remedies. Huyck Corp. v. C.C. Mangum, Inc., 309 N.C. 788, 309 S.E.2d 183 (1983).

Clearly, the requirement of proceeding first through administrative channels for a resolution of a claim and the requirement that if the claimant receives an adverse ruling a suit must be instituted within six months are conditions precedent and do not preempt the Rules of Civil Procedure. These conditions must be satisfied to vest the trial court with jurisdiction to hear the action. C.W. Matthews Contracting Co. v. State, 75 N.C. App. 317, 330 S.E.2d 630 (1985).

Timely Filing of Claim as Condition Precedent to Recovery. — To satisfy this section the contractor must submit a claim, accompanied by evidence of verification, within the statutory time limit. Crow v. Citicorp Acceptance Co., 79 N.C. App. 447, 339 S.E.2d 437 (1986), rev'd on other grounds, 319 N.C. 274, 354 S.E.2d 459 (1987).

Where plaintiff's verification was not filed with its first claim and its second claim was not received within the prescribed period, plaintiff failed to fulfill a condition precedent to maintaining its action in superior court and plaintiff's complaint was properly dismissed. E.F. Blankenship Co. v. North Carolina Dep't of Transp., 79 N.C. App. 462, 339 S.E.2d 439 (1986), aff'd, 318 N.C. 685, 351 S.E.2d 293 (1987).

When Final Estimate Received by Contractor. — Where the State Highway Commission (now Department of Transportation) sent its contractor a warrant for the balance of the contract price less an amount withheld as liquidated damages, with a letter characterizing the payment as "final payment of the contract," and the contractor returned the warrant with a request that it be reissued without words jeopardizing the contractor's right to contest the liquidated damages, the final estimate was received by the contractor within the purview of this section on the date he received a letter returning the warrant with notation permitting its negotiation without jeopardizing the contractor's claim, and the filing of claim by the contractor within 60 days thereafter was timely. L.A. Reynolds Co. v. State Hwy. Comm'n, 271 N.C. 40, 155 S.E.2d 473 (1967).

A ferryboat is included in the term "highway" as used in this section. Wilmington

Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

And Action on Contract for Maintenance and Reconditioning of Ferryboats Is Authorized. — This section authorizes an action against the State Highway Commission (now Department of Transportation) on a contract for the maintenance and reconditioning of ferryboats used in the North Carolina highway system. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

As "Maintenance" Is Deemed to Be Included within "Construction" for Purposes of Section. — A contract for the establishment of a ferry, which the State Highway Commission (now Department of Transportation) may undertake by G.S. 136-82, is equivalent to the "construction of a highway." Repair or reconditioning, i.e., "maintenance" — which the Commission (now Department) may undertake by G.S. 136-82 — as a means of reestablishing ferry service, is a lesser act and is deemed to be included within "construction" for the adjustment of claims under this section. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

Strict compliance with contract provisions is vital prerequisite for recovery of additional compensation based on altered work, changed conditions or extra work. Blankenship Constr. Co. v. North Carolina State Hwy. Comm'n, 28 N.C. App. 593, 222 S.E.2d 452, cert. denied, 290 N.C. 550, 230 S.E.2d 765 (1976).

Failure to Comply with Notice and Record-Keeping Requirements Is Bar to Recovery. — The State should not be obligated to pay a claim for additional compensation unless it is given a reasonable opportunity to insure that the claim is based on accurate determinations of work and cost, and contract notice and record-keeping requirements constitute reasonable protective measures, so that a contractor's failure to adhere to the requirements is necessarily a bar to recovery for additional compensation. Blankenship Constr. Co. v. North Carolina State Hwy. Comm'n, 28 N.C. App. 593, 222 S.E.2d 452, cert. denied, 290 N.C. 550, 230 S.E.2d 765 (1976).

Plaintiff paving company was not entitled to an equitable adjustment to allow recovery of extra costs incurred because of underrun in amount of unclassified excavation based on "changed conditions" in the absence of a supplemental agreement. Thompson-Arthur Paving Co. v. North Carolina Dep't of Transp., 97 N.C. App. 92, 387 S.E.2d 72, cert. denied, 327 N.C. 145, 394 S.E.2d 186 (1990).

Third Party Complaint Against Department of Transportation. — This section does not prohibit a contractor from filing a third party complaint against Department of Transportation, arising out of the same transaction or occurrence, ancillary to an action brought by a party not privy to the contract. To compel a contractor to proceed first upon the settlement procedure of this section before joining the State and Department of Transportation in an action already filed could result in a forfeiture of that remedy under these circumstances. Huyck Corp. v. C.C. Mangum, Inc., 58 N.C. App. 532, 293 S.E.2d 846 (1982), rev'd in part, 309 N.C. 788, 309 S.E.2d 183 (1983).

Categorization of Claims. — Where plaintiff contractor submitted in its verified claim letter a claim for increased compensation due to the encountering of changed conditions, and where plaintiff, while identifying and categorizing certain claims for the benefit of the defendant, made it abundantly clear that any such claims not recognized in the separate categories as presented were to be included in an overall "changed conditions" claim, it was held that plaintiff did not pursue or recover at trial on a theory which had not been previously presented to the State Highway Administrator. S.J. Groves & Sons & Co. v. State, 50 N.C. App. 1, 273 S.E.2d 465 (1980), cert. denied, 302 N.C. 396, 279 S.E.2d 353 (1981).

Claimant Allowed to Take Voluntary Dismissal and Refile Claim. — Once the conditions of subsection (a) were satisfied, the trial court was vested with jurisdiction and the claimant was allowed, as a matter of right under G.S. 1A-1, Rule 41(a)(1), to take a voluntary dismissal and refile its claim within one year. C.W. Matthews Contracting Co. v. State, 75 N.C. App. 317, 330 S.E.2d 630 (1985).

Where contractor changed both the theory and the substance of its claim after the claim was denied by the Administrator, these changes divested the Board of jurisdiction to hear its appeal. In re Thompson-Arthur Paving Co., 81 N.C. App. 645, 344 S.E.2d 853, cert. denied, 318 N.C. 506, 349 S.E.2d 874 (1986).

Applied in Dickerson, Inc. v. Board of Transp., 26 N.C. App. 319, 215 S.E.2d 870 (1975); Propst Constr. Co. v. North Carolina Dep't of Transp., 307 N.C. 124, 296 S.E.2d 295 (1982); Allan Miles Cos. v. North Carolina Dep't of Transp., 68 N.C. App. 136, 314 S.E.2d 576 (1984).

Cited in Nat Harrison Assocs. v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793 (1972); Smith v. State, 289 N.C. 303, 222 S.E.2d 412 (1976); Middlesex Constr. Corp. v. State ex rel. State Art Museum Bldg. Comm'n, 307 N.C. 569, 299 S.E.2d 640 (1983); Barrus Constr. Co. v. North Carolina Dep't of Transp., 71 N.C. App. 700, 324 S.E.2d 1 (1984); Hardaway Constructors, Inc. v. North Carolina DOT, 80 N.C. App. 264, 342 S.E.2d 52 (1986);

DOT v. Blue, 147 N.C. App. 596, 556 S.E.2d 609, 2001 N.C. App. LEXIS 1235 (2001).

§ 136-30. Uniform signs and other traffic control devices on highways, streets, and public vehicular areas.

(a) State Highway System. — The Department of Transportation may number and mark highways in the State highway system. All traffic signs and other traffic control devices placed on a highway in the State highway system must conform to the Uniform Manual. The Department of Transportation shall have the power to control all signs within the right-of-way of highways in the State highway system. The Department of Transportation may erect signs directing persons to roads and places of importance.

(b) Municipal Street System. — All traffic signs and other traffic control devices placed on a municipal street system street must conform to the appearance criteria of the Uniform Manual. All traffic control devices placed on a highway that is within the corporate limits of a municipality but is part of the State highway system must be approved by the Department of Transportation.

(c) Public Vehicular Areas. — Except as provided in this subsection, all traffic signs and other traffic control devices placed on a public vehicular area, as defined in G.S. 20-4.01, must conform to the Uniform Manual. The owner of private property that contains a public vehicular area may place on the property a traffic control device, other than a sign designating a parking space for handicapped persons, as defined in G.S. 20-37.5, that differs in material from the uniform device but does not differ in shape, size, color, or any other way from the uniform device. The owner of private property that contains a public vehicular area may place on the property a sign designating a parking space for handicapped persons that differs in material and color from the uniform sign but does not differ in shape, size, or any other way from the uniform device.

(d) Definition. — As used in this section, the term "Uniform Manual" means the Manual on Uniform Traffic Control Devices for Streets and Highways, published by the United States Department of Transportation, and any supplement to that Manual adopted by the North Carolina Department of Transportation.

(e) Exception for Public Airport Traffic Signs. — Publicly owned airports, as defined in Chapter 63 of the General Statutes, shall be exempt from the requirements of subsections (b) and (c) of this section with respect to informational and directional signs, but not with respect to regulatory traffic signs. (1921, c. 2, ss. 9(a), 9(b); C.S., ss. 3846(q), 3846(r); 1927, c. 148, s. 54; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1991, c. 530, s. 1; 1991 (Reg. Sess., 1992), c. 818, s. 2; 1993, c. 51, s. 1.)

Editor's Note. — Session Laws 1991 (Reg. Sess., 1992), c. 860, s. 1, effective July 7, 1992, inserted "appearance criteria of the" in the first sentence of subsection (b). Section 2 of c. 860 made the act applicable to the City of Charlotte only, and provided that the act would expire when Session Laws 1991 (Reg. Sess., 1992), c. 818, s. 2 became effective. Chapter 818, s. 2 made the same amendment to this section in the form of general legislation, and became effective October 1, 1992, and applicable to offenses committed on or after that date.

CASE NOTES

Responsibility for City Streets Which Become Part of State System. — When a city street becomes a part of the State highway system, the Board (now the Department) of Transportation is responsible for its maintenance thereafter which includes the control of all signs and structures within the right-of-way. Therefore, in the absence of any control over a

State highway within its border, a municipality has no liability for injuries resulting from a dangerous condition of such street unless it created or increased such condition. Shapiro v. Toyota Motor Co., 38 N.C. App. 658, 248 S.E.2d 868 (1978).

Applied in Estate of Jiggetts v. City of Gastonia, 128 N.C. App. 410, 497 S.E.2d 287 (1998).

Cited in Davis v. J.M.X., Inc., 137 N.C. App. 267, 528 S.E.2d 56, 2000 N.C. App. LEXIS 309 (2000), aff'd, 352 N.C. 662, 535 S.E.2d 356 (2000).

§ 136-30.1. Center line and pavement edge line markings.

(a) The Department of Transportation shall mark with center lines and edge lines all interstate and primary roads and all paved secondary roads having an average traffic volume of 100 vehicles per day or more, and which are traffic service roads forming a connecting link in the State highway system. The Department of Transportation shall not be required to mark with center and edge lines local subdivision roads, loop roads, dead-end roads of less than one mile in length or roads the major purpose of which is to serve the abutting property, nor shall the Department of Transportation be required to mark with edge lines those roads on which curbing has been installed or which are less than 16 feet in width.

(b) Whenever the Department of Transportation shall construct a new paved road, relocate an existing paved road, resurface an existing paved road, or pave an existing road which under the provisions of subsection (a) hereof is required to be marked with lines, the Department of Transportation shall, within 30 days from the completion of the construction, resurfacing or paving, mark the said road with the lines required in subsection (a) hereof.

(c) Repealed by Session Laws 1991, c. 530, s. 2, effective January 1, 1992. (1969, c. 1172, s. 1; 1973, c. 496, ss. 1, 2; c. 507, s. 5; 1977, c. 464, s. 7.1; 1991, c. 530, s. 2.)

§ 136-31: Repealed by Session Laws 1991, c. 530, s. 3.

§ 136-32. Other than official signs prohibited.

No unauthorized person shall erect or maintain upon any highway any warning or direction sign, marker, signal or light or imitation of any official sign, marker, signal or light erected under the provisions of G.S. 136-30, except in cases of emergency. No person shall erect or maintain upon any highway any traffic or highway sign or signal bearing thereon any commercial advertising: Provided, nothing in this section shall be construed to prohibit the erection or maintenance of signs, markers, or signals bearing thereon the name of an organization authorized to erect the same by the Department of Transportation or by any local authority referred to in G.S. 136-31. Any person who shall violate any of the provisions of this section shall be guilty of a Class 1 misdemeanor. The Department of Transportation may remove any signs erected without authority. (1921, c. 2, s. 9(b); C.S., s. 3846(r); 1927, c. 148, ss. 56, 58; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1991 (Reg. Sess., 1992), c. 1030, s. 39; 1993, c. 539, s. 981; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

Department's Determination Exclusive. — The State Highway Commission's (now Department of Transportation's) determination of what signs should be erected for the information of the traveling public was exclusive once it authorized the opening of a road for public use. Gilliam v. Propst Constr. Co., 256 N.C. 197, 123 S.E.2d 504 (1962).

§ 136-32.1. Misleading signs prohibited.

No person shall erect or maintain within 100 feet of any highway right-of-way any warning or direction sign or marker of the same shape, design, color and size of any official highway sign or marker erected under the provisions of G.S. 136-30, or otherwise so similar to an official sign or marker as to appear to be an official highway sign or marker. Any person who violates any of the provisions of this section is guilty of a Class 1 misdemeanor. (1955, c. 231; 1991 (Reg. Sess., 1992), c. 1030, s. 40; 1993, c. 539, s. 982; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-32.2. Placing blinding, deceptive or distracting lights unlawful.

(a) If any person, firm or corporation shall place or cause to be placed any lights, which are flashing, moving, rotating, intermittent or steady spotlights, in such a manner and place and of such intensity:

(1) Which, by the use of flashing or blinding lights, blinds, tends to blind and effectively hampers the vision of the operator of any motor vehicle passing on a public highway; or

(2) Which involves red, green or amber lights or reflectorized material and which resembles traffic signal lights or traffic control signs; or

(3) Which, by the use of lights, reasonably causes the operator of any motor vehicle passing upon a public highway to mistakenly believe that there is approaching or situated in his lane of travel some other motor vehicle or obstacle, device or barricade, which would impede his traveling in such lane;

[he or it] shall be guilty of a Class 3 misdemeanor.

(b) Each 10 days during which a violation of the provisions of this section is continued after conviction therefor shall be deemed a separate offense.

(c) The provisions of this section shall not apply to any lights or lighting devices erected or maintained by the Department of Transportation or other properly constituted State or local authorities and intended to effect or implement traffic control and safety. Nothing contained in this section shall be deemed to prohibit the otherwise reasonable use of lights or lighting devices for advertising or other lawful purpose when the same do not fall within the provisions of subdivisions (1) through (3) of subsection (a) of this section.

(d) The enforcement of this section shall be the specific responsibility and duty of the State Highway Patrol in addition to all other law-enforcement agencies and officers within this State; provided, however, no warrant shall issue charging a violation of this section unless the violation has continued for 10 days after notice of the same has been given to the person, firm or corporation maintaining or owning such device or devices alleged to be in violation of this section. (1959, c. 560; 1973, c. 507, s. 5; 1975, c. 716, s. 5; 1977, c. 464, ss. 7.1, 17; 1993, c. 539, s. 983; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-32.3. Litter enforcement signs.

The Department of Transportation shall place signs on the Interstate Highway System notifying motorists of the penalties for littering. The signs shall include the amount of the maximum penalty for littering. The Department of Transportation shall determine the locations of and distance between the signs. (2001-512, s. 4.)

Editor's Note. — Session Laws 2001-512, s. 15, provides: "This act shall not be construed to obligate the General Assembly to appropriate any funds to implement the provisions of this

act. Every agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated or available to the agency."

§ 136-33. Damaging or removing signs; rewards.

(a) No person shall willfully deface, damage, knock down or remove any sign posted as provided in G.S. 136-26 or G.S. 136-30.

(b) No person, without just cause or excuse, shall have in his possession any highway sign as provided in G.S. 136-26 or G.S. 136-30.

(b1) Any person violating the provisions of this section shall be guilty of a Class 2 misdemeanor.

(c) The Department of Transportation is authorized to offer a reward not to exceed five hundred dollars ($500.00) for information leading to the arrest and conviction of persons who violate the provisions of this section, such reward to be paid from funds of the Department of Transportation.

(d) The enforcement of this section shall be the specific responsibility and duty of the State Highway Patrol in addition to all other law-enforcement agencies and officers within this State. (1927, c. 148, s. 57; 1971, c. 671; 1973, c. 507, s. 5; 1975, cc. 11, 93; c. 716, s. 7; 1977, c. 464, ss. 7.1, 18; 1991 (Reg. Sess., 1992), c. 1030, s. 41; 1993, c. 539, s. 984; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-33.1. Signs for protection of cattle.

Upon written request of any owner of more than five head of cattle, the Department of Transportation shall erect appropriate and adequate signs on any road or highway under the control of the Department of Transportation, such signs to be so worded, designed and located as to give adequate warning of the presence and crossing of cattle. Such signs shall be located at points agreed upon by the owner and the Department of Transportation at points selected to give reasonable warning of places customarily or frequently used by the cattle of said owner to cross said road or highway, and no one owner shall be entitled to demand the placing of signs at more than one point on a single or abutting tracts of land. (1949, c. 812; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-33.2. Signs marking beginning and ending of speed zones.

Whenever speed zones are established by any agency of the State having authority to establish such speed zones, there shall be erected or posted a sign of adequate size at the beginning point of such speed zone designating the zone and the speed limit to be observed therein, and there shall be erected or posted at the end of such speed zone an adequate sign indicating the end of such speed zone which sign shall also indicate such different speed limit as may then be observed.

At least 600 feet in advance of the beginning of any speed zone established by any agency of the State authorized to establish the same, there shall be erected a sign of adequate size which shall bear the legend "Reduce Speed Ahead." (1955, c. 647.)

§ 136-34. Department of Transportation authorized to furnish road equipment to municipalities.

The Department of Transportation is hereby authorized to furnish municipalities road maintenance equipment to aid such municipalities in the maintenance of streets upon such rental agreement as may be agreed upon by the

Department of Transportation and the said municipality. Such rental, however, is to be at least equal to the cost of operation, plus wear and tear on such equipment; and the Department of Transportation shall not be required to furnish equipment when to do so would interfere with the maintenance of the streets and highways under the control of the Department of Transportation. (1941, c. 299; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 19.)

§ 136-35. Cooperation with other states and federal government.

It shall also be the duty of the Department of Transportation, where possible, to cooperate with the state highway commissions of other states and with the federal government in the correlation of roads so as to form a system of intercounty, interstate, and national highways. The Department of Transportation may enter into reciprocal agreements with other states and the Federal Highway Administration to perform inspection work and to pay reasonable fees for inspection work performed by others in connection with supplies and materials used in highway construction and repair. (1915, c. 113, s. 12; C.S., s. 3584; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1985, c. 127; c. 689, s. 31.)

§ 136-36: Repealed by Session Laws 1951, c. 260, s. 4.

§ 136-37: Repealed by Session Laws 1959, c. 687, s. 5.

§§ 136-38 through 136-41: Repealed by Sessions Laws 1951, c. 260, s. 4.

§ 136-41.1. Appropriation to municipalities; allocation of funds generally; allocation to Butner.

(a) There is annually appropriated out of the State Highway Fund a sum equal to the net amount after refunds that was produced during the fiscal year by a one and three-fourths cents (1 3/4¢) tax on each gallon of motor fuel taxed under Article 36C of Chapter 105 of the General Statutes and on the equivalent amount of alternative fuel taxed under Article 36D of that Chapter. The amount appropriated shall be allocated in cash on or before October 1 of each year to the cities and towns of the State in accordance with this section. In addition, as provided in G.S. 136-176(b)(3), revenue is allocated and appropriated from the Highway Trust Fund to the cities and towns of this State to be used for the same purposes and distributed in the same manner as the revenue appropriated to them under this section from the Highway Fund. Like the appropriation from the Highway Fund, the appropriation from the Highway Trust Fund shall be based on revenue collected during the fiscal year preceding the date the distribution is made.

Seventy-five percent (75%) of the funds appropriated for cities and towns shall be distributed among the several eligible municipalities of the State in the percentage proportion that the population of each eligible municipality bears to the total population of all eligible municipalities according to the most recent annual estimates of population as certified to the Secretary of Revenue by the State Budget Officer. This annual estimation of population shall include increases in the population within the municipalities caused by annexations accomplished through July 1 of the calendar year in which these funds are distributed. Twenty-five percent (25%) of said fund shall be distributed among

the several eligible municipalities of the State in the percentage proportion that the mileage of public streets in each eligible municipality which does not form a part of the State highway system bears to the total mileage of the public streets in all eligible municipalities which do not constitute a part of the State highway system.

It shall be the duty of the mayor of each municipality to report to the Department of Transportation such information as it may request for its guidance in determining the eligibility of each municipality to receive funds under this section and in determining the amount of allocation to which each is entitled. Upon failure of any municipality to make such report within the time prescribed by the Department of Transportation, the Department of Transportation may disregard such defaulting unit in making said allotment.

The funds to be allocated under this section shall be paid in cash to the various eligible municipalities on or before October 1 of each year. Provided that eligible municipalities are authorized within the discretion of their governing bodies to enter into contracts for the purpose of maintenance, repair, construction, reconstruction, widening, or improving streets of such municipalities at any time after January 1 of any calendar year in total amounts not to exceed ninety percent (90%) of the amount received by such municipality during the preceding fiscal year, in anticipation of the receipt of funds under this section during the next fiscal year, to be paid for out of such funds when received.

The Department of Transportation may withhold each year an amount not to exceed one percent (1%) of the total amount appropriated for distribution under this section for the purpose of correcting errors in allocations: Provided, that the amount so withheld and not used for correcting errors will be carried over and added to the amount to be allocated for the following year.

The word "street" as used in this section is hereby defined as any public road maintained by a municipality and open to use by the general public, and having an average width of not less than 16 feet. In order to obtain the necessary information to distribute the funds herein allocated, the Department of Transportation may require that each municipality eligible to receive funds under this section submit to it a statement, certified by a registered engineer or surveyor of the total number of miles of streets in such municipality. The Department of Transportation may in its discretion require the certification of mileage on a biennial basis.

(b) For purposes of this section and of G.S. 136-41.2 and 136-41.3, urban service districts defined by the governing board of a consolidated city-county in which street services are provided by the consolidated city-county, as defined by G.S. 160B-2(1), shall be considered eligible municipalities, and the allocations to be made thereby shall be made to the government of the consolidated city-county.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section and of G.S. 136-41.2, the unincorporated area known as Butner qualifies in all respects for allocation of funds under this section and certification of the population and street mileage of Butner by the North Carolina Department of Health and Human Services is acceptable. Funds allocated to the area for this purpose shall be administered by the Butner Town Manager.

(d) Nature. — The General Assembly finds that the revenue distributed under this section is local revenue, not a State expenditure, for the purpose of Section 5(3) of Article III of the North Carolina Constitution. Therefore, the Governor may not reduce or withhold the distribution. (1951, c. 260, s. 2; c. 948, ss. 2, 3; 1953, c. 1127; 1957, c. 65, s. 11; 1963, c. 854, ss. 1, 2; 1969, c. 665, ss. 1, 2; 1971, c. 182, ss. 1-3; 1973, c. 476, s. 193; c. 500, s. 1; c. 507, s. 5; c. 537, s. 6; 1975, c. 513; 1977, c. 464, s. 7.1; 1979, 2nd Sess., c. 1137, s. 50; 1981, c. 690, s. 4; c. 859, s. 9.2; c. 1127, s. 54; 1985 (Reg. Sess., 1986), c. 982, s. 1; 1989, c. 692,

s. 1.6; 1995, c. 390, s. 26; c. 461, s. 18; 1997-443, s. 11A.118(a); 2000-165, s. 1; 2002-120, s. 5.)

Local Modification. — Cherokee: 1989 (Reg. Sess., 1990), c. 1049, s. 13(a); Henderson: 1957, c. 1181; village of Grandfather: 1987, c. 419, s. 1; village of Woodlake: 1991 (Reg. Sess., 1992), c. 859, s. 1 (contingent on referendum).

Cross References. — As to estimate of population authorizing participation in state-collected funds, see G.S. 160A-486.

Editor's Note. — Session Laws 2002-120, s. 9, contains a severability clause.

Session Laws 2002-159, s. 65, effective October 11, 2002, provides: "It is the intent of the General Assembly that Sections 1 through 7 of S.L. 2002-120 shall be effective prospectively only and shall not apply to pending litigation or claims that accrued before the effective date of S.L. 2002-120. Nothing in Section 1 through 7 of S.L. 2002-120 shall be construed as a waiver of the sovereign immunity of the State or any other defenses as to any claim for damages, other recovery of funds, including attorneys' fees, or injunctive relief from the State by any unit of local government or political subdivision of the State."

Effect of Amendments. — Session Laws 2002-120, s. 5, effective September 24, 2002, added subsection (d). See editor's notes for applicability.

CASE NOTES

OPINIONS OF ATTORNEY GENERAL

Municipalities not holding an election of municipal officials within four years of the Powell Bill allocation in October of 1973 by reason of the Municipal Procedures Act are not ineligible for Powell Bill funds. Opinion of Attorney General to Mr. T.L. Waters, Department of Transportation and Highway Safety, 43 N.C.A.G. 103 (1973).

Eligibility of Municipality Incorporated Prior to Jan. 1, 1945. — See opinion of Attorney General to Mr. William F. Caddell, Jr., 41 N.C.A.G. 307 (1971).

Improper to Spend Powell Bill Funds to Finance Engineering Studies Under the TOPICS Program. — See opinion of Attorney General to Mr. James A. Hudson, 41 N.C.A.G. 359 (1971).

Powell Bill funds are restricted to the purposes enumerated under § 136-41.3, and the expenditure for a bikeway system is not a purpose enumerated thereunder. Opinion of Attorney General to Mr. William F. Caddell, Jr., 45 N.C.A.G. 178 (1975).

§ 136-41.2. Eligibility for funds; municipalities incorporated since January 1, 1945.

(a) No municipality shall be eligible to receive funds under G.S. 136-41.1 unless it has conducted the most recent election required by its charter or the general law, whichever is applicable, for the purpose of electing municipal officials. The literal requirement that the most recent required election shall have been held may be waived only:

(1) Where the members of the present governing body were appointed by the General Assembly in the act of incorporation and the date for the first election of officials under the terms of that act has not arrived; or,

(2) Where validly appointed or elected officials have advertised notice of election in accordance with law, but have not actually conducted an election for the reason that no candidates offered themselves for office.

(b) No municipality shall be eligible to receive funds under G.S. 136-41.1 unless it has levied an ad valorem tax for the current fiscal year of at least five cents (5¢) on the one hundred dollars ($100.00) valuation upon all taxable property within its corporate limits, and unless it has actually collected at least fifty percent (50%) of the total ad valorem tax levied for the preceding fiscal

year; provided, however, that, for failure to have collected the required percentage of its ad valorem tax levy for the preceding fiscal year:

(1) No municipality making in any year application for its first annual allocation shall be declared ineligible to receive such allocation; and

(2) No municipality shall be declared ineligible to receive its share of the annual allocation to be made in the year 1964.

(c) No municipality shall be eligible to receive funds under G.S. 136-41.1 unless it has formally adopted a budget ordinance in substantial compliance with G.S. 160-410.3, showing revenue received from all sources, and showing that funds have been appropriated for at least two of the following municipal services if the municipality was incorporated with an effective date prior to January 1, 2000, water distribution; sewage collection or disposal; garbage and refuse collection or disposal; fire protection; police protection; street maintenance, construction, or right-of-way acquisition; or street lighting, or at least four of the following municipal services if the municipality was incorporated with an effective date of on or after January 1, 2000: (i) police protection; (ii) fire protection; (iii) solid waste collection or disposal; (iv) water distribution; (v) street maintenance; (vi) street construction or right-of-way acquisition; (vii) street lighting; and (viii) zoning.

(d) The provisions of this section shall not apply to any municipality incorporated prior to January 1, 1945. (1963, c. 854, ss. 3, 3½; 1985 (Reg. Sess., 1986), c. 934, ss. 5, 6; 1999-458, s. 5.)

Local Modification. — Community of Gray's Creek: 1999-458, s. 13 (contingent on petition filed before July 1, 2002); Community of Union Cross: 1999-458, s. 13 (contingent on petition filed before July 1, 2002).

Editor's Note. — Section 160-410.3, referred to in this section, was repealed by Session Laws 1971, c. 780, s. 13. See now G.S. 159-7 et seq.

Session Laws 1993, c. 321, s. 169.1, as amended by Session Laws 2000-165, s. 1.1, provides:

"Notwithstanding any other provision of law, the Department of Transportation shall maintain the streets and highways on the State highway system within municipalities that are not eligible for funds under G.S. 136-41.2. The Department of Transportation shall maintain the streets and highways as part of the State secondary system, and maintain the paving priority for the secondary roads the same as if the municipality were not incorporated, as long as the ineligibility for funds under G.S. 136-41.2 continues. The provisions of this section apply only to municipalities incorporated between July 1, 1989, and June 30, 1993 or between June 1, 1978 and June 30, 1978."

Session Laws 1993, c. 321, s. 321 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1993-95 biennium, the textual provisions of this act shall apply only to funds appropriated for and activities occurring during the 1993-95 biennium."

Session Laws 1999-458, s. 12, provides that Section 1 of this act, which amended G.S. 120-163(c), applies with respect to municipalities for which the Joint Legislative Commission on Municipal Incorporations makes recommendations on or after August 13, 1999. Sections 1 through 11 of this act, other than the repeal of G.S. 120-169.1(a), do not apply to any community which first filed a petition with the Commission prior to July 20, 1999.

CASE NOTES

App. 1, 165 S.E.2d 745 (1969); Southern Ry. v. City of Winston-Salem, 4 N.C. App. 11, 165 S.E.2d 751 (1969).

OPINIONS OF ATTORNEY GENERAL

The provisions of subsection (b) refer to the current fiscal year in which the funds are allocated and received by the municipality. See opinion of Attorney General to Mr. John S. Freeman, Town Attorney, Town of Stallings, 46 N.C.A.G. 17 (1976).

The appropriation of funds in a municipality's budget is all that is necessary under the fourth requirement of this section and, therefore, a town's budgeting for solid waste services beginning January 1, 2002, was sufficient to satisfy as one of the designated services under subsection (c). See opinion of Attorney General to Michael R. Burgner, Hartsell Hartsell & White, P.A., 2001 N.C. AG LEXIS 25 (8/27/01).

§ 136-41.2A. Eligibility for funds; municipalities incorporated before January 1, 1945.

(a) No municipality shall be eligible to receive funds under G.S. 136-41.1 unless it has been within the four-year period next preceding the annual allocation of funds conducted an election for the purpose of electing municipal officials and currently imposes an ad valorem tax or provides other funds for the general operating expenses of the municipality.

(b) The provisions of this section apply only to municipalities incorporated prior to January 1, 1945. (1985 (Reg. Sess., 1986), c. 934, s. 4.)

§ 136-41.3. Use of funds; records and annual statement; excess accumulation of funds; contracts for maintenance, etc., of streets.

The funds allocated to cities and towns under the provisions of G.S. 136-41.2 shall be expended by said cities and towns only for the purpose of maintaining, repairing, constructing, reconstructing or widening of any street or public thoroughfare including bridges, drainage, curb and gutter, and other necessary appurtenances within the corporate limits of the municipality or for meeting the municipality's proportionate share of assessments levied for such purposes, or for the planning, construction and maintenance of bikeways located within the rights-of-way of public streets and highways, or for the planning, construction, and maintenance of sidewalks along public streets and highways.

Each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 shall maintain a separate record of accounts indicating in detail all receipts and expenditures of such funds. It shall be unlawful for any municipal employee or member of any governing body to authorize, direct, or permit the expenditure of any funds accruing to any municipality by virtue of G.S. 136-41.1 and 136-41.2 for any purpose not herein authorized. Any member of any governing body or municipal employee shall be personally liable for any unauthorized expenditures. On or before the first day of August each year, the treasurer, auditor, or other responsible official of each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 shall file a statement under oath with the Secretary of Transportation showing in detail the expenditure of funds received by virtue of G.S. 136-41.1 and 136-41.2 during the preceding year and the balance on hand.

No funds allocated to municipalities pursuant to G.S. 136-41.1 and 136-41.2 shall be permitted to accumulate for a period greater than permitted by this section. Interest on accumulated funds shall be used only for the purposes permitted by the provisions of G.S. 136-41.3. Any municipality having accumulated an amount greater than the sum of the past 10 allocations made, shall have an amount equal to such excess deducted from the next allocation after receipt of the report required by this section. Such deductions shall be carried over and added to the amount to be allocated to municipalities for the following year.

In the discretion of the local governing body of each municipality receiving funds by virtue of G.S. 136-41.1 and 136-41.2 it may contract with the Department of Transportation to do the work of maintenance, repair, construction, reconstruction, widening or improving the streets in such municipality; or

it may let contracts in the usual manner as prescribed by the General Statutes to private contractors for the performance of said street work; or may undertake the work by force account. The Department of Transportation within its discretion is hereby authorized to enter into contracts with municipalities for the purpose of maintenance, repair, construction, reconstruction, widening or improving streets of municipalities. And the Department of Transportation in its discretion may contract with any city or town which it deems qualified and equipped so to do that the city or town shall do the work of maintaining, repairing, improving, constructing, reconstructing, or widening such of its streets as form a part of the State highway system.

In the case of each eligible municipality, as defined in G.S. 136-41.2, having a population of less than 5,000, the Department of Transportation shall upon the request of such municipality made by official action of its governing body, on or prior to June 1, 1953, or June 1 in any year thereafter, for the fiscal year beginning July 1, 1953, and for the years thereafter do such street construction, maintenance, or improvement on nonsystem streets as the municipality may request within the limits of the current or accrued payments made to the municipality under the provisions of G.S. 136-41.1.

In computing the costs, the Department of Transportation may use the same rates for equipment, rental, labor, materials, supervision, engineering and other items, which the Department of Transportation uses in making charges to one of its own department or against its own department, or the Department of Transportation may employ a contractor to do the work, in which case the charges will be the contract cost plus engineering and inspection. The municipality is to specify the location, extent, and type of the work to be done, and shall provide the necessary rights-of-way, authorization for the removal of such items as poles, trees, water and sewer lines as may be necessary, holding the Department of Transportation free from any claim by virtue of such items of cost and from such damage or claims as may arise therefrom except from negligence on the part of the Department of Transportation, its agents, or employees.

If a municipality elects to bring itself under the provisions of the two preceding paragraphs, it shall enter into a two-year contract with the Department of Transportation and if it desires to dissolve the contract at the end of any two-year period it shall notify the Department of Transportation of its desire to terminate said contract on or before April 1 of the year in which such contract shall expire; otherwise, said contract shall continue for an additional two-year period, and if the municipality elects to bring itself under the provisions of the two preceding paragraphs and thereafter fails to pay its account to the Department of Transportation for the fiscal year ending June 30, by August 1 following the fiscal year, then the Department of Transportation shall apply the said municipality's allocation under G.S. 136-41.1 to this account until said account is paid and the Department of Transportation shall not be obligated to do any further work provided for in the two preceding paragraphs until such account is paid.

Section 143-129 of the General Statutes relating to the procedure for letting of public contracts shall not be applicable to contracts undertaken by any municipality with the Department of Transportation in accordance with the provisions of the three preceding paragraphs.

The Department of Transportation is authorized to apply a municipality's share of funds allocated to a municipality under the provisions of G.S. 136-41.1 to any of the following accounts of the municipality with the said Department of Transportation, which the municipality fails to pay:

(1) Cost sharing agreements for right-of-way entered into pursuant to G.S. 136-66.3, but not to exceed ten percent (10%) of any one year's allocation until the debt is repaid,

(2) The cost of relocating municipally owned waterlines and other municipally owned utilities on a State highway project which is the responsibility of the municipality,
(3) For any other work performed for the municipality by the Department of Transportation or its contractor by agreement between the Department of Transportation and the municipality, and
(4) For any other work performed that was made necessary by the construction, reconstruction or paving of a highway on the State highway system for which the municipality is legally responsible. (1951, c. 260, s. 3; c. 948, s. 4; 1953, c. 1044; 1957, c. 65, s. 11; 1969, c. 665, ss. 3, 4; 1971, c. 182, s. 4; 1973, c. 193; c. 507, s. 5; 1977, c. 464, ss. 7.1, 20; c. 808; 1993 (Reg. Sess., 1994), c. 690, s. 1.1.)

CASE NOTES

Liability of City for Damages When Maintenance Contracted. — An individual user of a street, which is part of the State highway system, who sustains personal injuries or property damage as the result of a dangerous condition of such street, cannot maintain an action for damages against a city which contracted with the Department of Transportation to repair or remove such condition and then did nothing whatsoever about it. Matternes v. City of Winston-Salem, 286 N.C. 1, 209 S.E.2d 481 (1974).

Cited in City of Winston-Salem v. Southern Ry., 248 N.C. 637, 105 S.E.2d 37 (1958); Great Am. Ins. Co. v. Johnson, 257 N.C. 367, 126 S.E.2d 92 (1962).

OPINIONS OF ATTORNEY GENERAL

Use of Funds for Drainage Purposes. — Powell Bill funds may not be used for drainage purposes generally but may be used to pay for a portion of the cost of drainage facilities on a State highway system street which is necessary to provide for drainage arising from streets on the municipal street system for which the municipality is responsible. Opinion of Attorney General to Mr. William S. Withers, 41 N.C.A.G. 656 (1971).

§ 136-42: Transferred to G.S. 136-42.2 by Session Laws 1971, c. 345, s. 2.

§ 136-42.1. Archaeological objects on highway right-of-way.

The Department of Transportation is authorized to expend highway funds for reconnaissance surveys, preliminary site examinations and salvage work necessary to retrieve and record data and the preservation of archaeological and paleontological objects of value which are located within the right-of-way acquired for highway construction. The Department of Cultural Resources shall be consulted when objects of scientific or historical significance might be anticipated or encountered in highway right-of-way and a determination made by that Department as to the national, State, or local importance of preserving any or all fossil relics, artifacts, monuments or buildings. The Department of Cultural Resources shall request advice from other agencies or institutions having special knowledge or skills that may not be available in the said Department for the determination of the presence of or for the evaluation and salvage of prehistoric archaeological or paleontological remains within the highway right-of-way. The Department of Transportation is authorized to contract with the Department of Cultural Resources and to provide funds necessary to perform reconnaissance surveys, preliminary site examination and salvage operation at those sites determined by the Department of Cultural Resources to be of sufficient importance to be preserved for the inspiration and benefit of the people of North Carolina. The Department of Cultural Resources

is authorized to enter into contracts and to make arrangements to perform the necessary work pursuant to this section. The Department of Cultural Resources shall assume possession and responsibility for any and all historical objects and is authorized to enter into agreements with governmental units and agencies thereof, institutions, and charitable organizations for the preservation of any or all fossil relics, artifacts, monuments, or buildings. (1971, c. 345, s. 1; 1973, c. 476, s. 48; c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-42.2. Markers on highway; cooperation of Department of Transportation.

The Department of Transportation is hereby authorized to cooperate with the Department of Cultural Resources in marking historic spots along the State highways. (1927, c. 226, s. 1; 1933, c. 172, s. 17; 1943, c. 237; 1957, c. 65, s. 11; 1971, c. 345, s. 2; 1973, c. 476, s. 48; c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-42.3. Historical marker program.

The Department of Transportation may spend up to forty thousand dollars ($40,000) a year to purchase historical markers prepared and delivered to it by the Department of Cultural Resources. The Department of Transportation shall erect the markers on sites selected by the Department of Cultural Resources. This expenditure is hereby declared to be a valid expenditure of State highway maintenance funds. No provision in this section shall be construed to prevent the expenditure of any federal highway funds that may be available for this purpose. (1935, c. 197; 1943, c. 237; 1951, c. 766; 1955, c. 543, s. 2; 1957, c. 65, s. 11; 1971, c. 345, s. 2; 1973, c. 476, s. 48; c. 507, s. 5; 1977, c. 464, s. 7.1; 1983 (Reg. Sess., 1984), c. 1034, s. 129.)

Local Modification. — Town of Lillington: 2002-47, s. 1.

OPINIONS OF ATTORNEY GENERAL

Funds for Historical Markers Not to Be Used for Other Purchases. — See opinion of Attorney General to Mr. George S. Willoughby, Jr., State Highway Commission (now Department of Transportation), 41 N.C.A.G. 241 (1971).

§ 136-43: Transferred to § 136-42.3 by Session Laws 1971, c. 345, s. 2.

§ 136-43.1. Procedure for correction and relocation of historical markers.

Any person, firm or corporation who has knowledge or information, supported by historical data, books, records, writings, or other evidence, that any historical marker has been erected at an erroneous or mistaken site, or that the inscription appearing on any historical marker contains erroneous or mistaken information, shall have the privilege of presenting such knowledge or information and supporting evidence to the advisory committee described in the preamble of Public Laws 1935, c. 197 for its consideration. Upon being

informed that any person desires to present such information, the Secretary of Cultural Resources shall notify such person of the date, place and time of the next meeting of the advisory committee. Any person, firm or corporation desiring to present such information to the advisory committee shall be allowed to appear before the committee for that purpose.

If, after considering the information and evidence presented, the advisory committee should find that any historical marker has been erected on an erroneous or mistaken site, or that erroneous or mistaken information is contained in the inscription appearing on any historical marker, it shall so inform the Department of Cultural Resources and the Department of Cultural Resources shall cause such marker to be relocated at the correct site, or shall cause the erroneous or mistaken inscription to be corrected, or both as the case may be. (1961, c. 267; 1973, c. 476, s. 48.)

§ 136-44. Maintenance of grounds.

The Department of Transportation is hereby authorized and directed through the highway supervisor of the district that includes Warren County to clean off and keep clean the premises and grounds at the old home of Nathaniel Macon, known as "Buck Springs," which are owned by the County of Warren, and also to look after the care and keeping the grounds surrounding the grave of Miss Anne Carter Lee, daughter of General Robert E. Lee, in Warren County.

The Department of Transportation is authorized and directed through the highway supervisor of the district that includes Pender County to maintain the grounds surrounding the grave of Governor Samuel Ashe in Pender County. (1939, c. 38; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 2001-487, s. 125.1.)

Article 2A.

State Roads Generally.

§ 136-44.1. Statewide road system; policies.

The Department of Transportation shall develop and maintain a statewide system of roads and highways commensurate with the needs of the State as a whole and it shall not sacrifice the general statewide interest to the purely local desires of any particular area. The Board of Transportation shall formulate general policies and plans for a statewide system of highways. The Board shall formulate policies governing the construction, improvement and maintenance of roads and highways of the State with due regard to farm-to-market roads and school bus routes. (1973, c. 507, s. 3; 1975, c. 716, s. 7.)

Local Modification. — Village of Bald Head Island: 1997-324, s. 1.

Editor's Note. — Session Laws 2001-424, s. 27.3, as amended by 2002-126, s. 26.9(a), provides: "Of the funds appropriated in this act to the Department of Transportation:

"(1) Fourteen million dollars ($14,000,000) shall be allocated in fiscal year 2001-2002 and twenty-one million dollars ($21,000,000) shall be allocated in fiscal year 2002-2003 for small urban construction projects. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for the small urban construction program for small construction projects that are located within the area covered by a two-mile radius of the municipal corporate limits.

"(2) Fifteen million dollars ($15,000,000) in fiscal year 2001-2002 and fifteen million dollars ($15,000,000) in fiscal year 2002-2003 shall be used statewide for rural or small urban highway improvements and related transportation enhancements to public roads and public facilities, industrial access roads, and spot safety projects as approved by the Secretary of Transportation.

"None of these funds used for rural secondary road construction are subject to the county

allocation formulas in G.S. 136-44.5(b) and (c).

"These funds are not subject to G.S. 136-44.7.

"The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's action. The Department shall make a quarterly comprehensive report on the use of these funds to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capital Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-383, s. 5, provides for the establishment of a Blue Ribbon Commission to study the unique mobility needs of urban areas in North Carolina. The Commission shall make an interim report of its findings and recommendations to the 2004 Regular Session of the 2003 General Assembly and shall make a final report of its findings and recommendations to the 2005 General Assembly. The Committee shall submit copies of the reports to the Governor and the Secretary of Transportation. Upon the filing of its final report, the Commission shall terminate.

CASE NOTES

Cited in Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

§ 136-44.2. Budget and appropriations.

The Director of the Budget shall include in the "Current Operations Appropriations Bill" an enumeration of the purposes or objects of the proposed expenditures for each of the construction and maintenance programs for that budget period for the State primary, secondary, urban, and State parks road systems. The State primary system shall include all portions of the State highway system located outside municipal corporate limits which are designated by N.C., U.S. or Interstate numbers. The State secondary system shall include all of the State highway system located outside municipal corporate limits that is not a part of the State primary system. The State urban system shall include all portions of the State highway system located within municipal corporate limits. The State parks system shall include all State parks roads and parking lots which are not also part of the State highway system.

All construction and maintenance programs for which appropriations are requested shall be enumerated separately in the budget. Programs that are entirely State funded shall be listed separately from those programs involving the use of federal-aid funds. Proposed appropriations of State matching funds for each of the federal-aid construction programs shall be enumerated separately as well as the federal-aid funds anticipated for each program in order that the total construction requirements for each program may be provided for in the budget. Also, proposed State matching funds for the highway planning and research program shall be included separately along with the anticipated federal-aid funds for that purpose.

Other program categories for which appropriations are requested, such as, but not limited to, maintenance, channelization and traffic control, bridge maintenance, public service and access road construction, and ferry operations shall be enumerated in the budget.

The Department of Transportation shall have all powers necessary to comply fully with provisions of present and future federal-aid acts. No federally

eligible construction project may be funded entirely with State funds unless the Department of Transportation has first consulted with the Joint Legislative Commission on Governmental Operations. For purposes of this section, "federally eligible construction project" means any construction project except secondary road projects developed pursuant to G.S. 136-44.7 and 136-44.8 eligible for federal funds under any federal-aid act, whether or not federal funds are actually available.

The "Current Operations Appropriations Bill" shall also contain the proposed appropriations of State funds for use in each county for maintenance and construction of secondary roads, to be allocated in accordance with G.S. 136-44.5 and 136-44.6. State funds appropriated for secondary roads shall not be transferred nor used except for the construction and maintenance of secondary roads in the county for which they are allocated pursuant to G.S. 136-44.5 and 136-44.6.

If the unreserved credit balance in the Highway Fund on the last day of a fiscal year is greater than the amount estimated for that date in the Current Operations Appropriations Act for the following fiscal year, the excess shall be used in accordance with this paragraph. The Director of the Budget may allocate part or all of the excess among reserves for access and public roads, for unforeseen events requiring prompt action, or for other urgent needs. The amount not allocated to any of these reserves by the Director of the Budget shall be credited to a reserve for maintenance. The Board of Transportation shall report monthly to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division on the use of funds in the maintenance reserve.

The Department of Transportation may provide for costs incurred or accrued for traffic control measures to be taken by the Department at major events which involve a high degree of traffic concentration on State highways, and which cannot be funded from regular budgeted items. This authorization applies only to events which are expected to generate 30,000 vehicles or more per day. The Department of Transportation shall provide for this funding by allocating and reserving up to one hundred thousand dollars ($100,000) before any other allocations from the appropriations for State maintenance for primary, secondary, and urban road systems are made, based upon the same proportion as is appropriated to each system. (1973, c. 507, s. 3; 1977, c. 464, s. 7.1; 1981, c. 859, s. 84; 1983, c. 717, ss. 46, 47; 1987, c. 830, s. 113(b); 1989, c. 799, s. 12(a); 1991 (Reg. Sess., 1992), c. 907, s. 2; c. 1044, s. 35; 1997-443, s. 32.5.)

§ 136-44.2A. Secondary road construction.

There shall be annually allocated out of the State Highway Fund to the Department of Transportation for secondary road construction programs developed pursuant to G.S. 136-44.7 and 136-44.8, a sum equal to that allocation made from the Highway Fund under G.S. 136-41.1(a). In addition, as provided in G.S. 136-176(b)(4) and G.S. 20-85(b), revenue is annually allocated from the Highway Trust Fund for secondary road construction. Of the funds allocated from the Highway Fund and the Highway Trust Fund, the sum of sixty-eight million six hundred seventy thousand dollars ($68,670,000) shall be allocated among the counties in accordance with G.S. 136-44.5(b). All funds for secondary road construction in excess of that amount shall be allocated among the counties in accordance with G.S. 136-44.5(c). (1981, c. 690, s. 6; 1989, c. 692, s. 1.7.)

Editor's Note. — The section originally codified as G.S. 136-44.2A was recodified by Session Laws 1981, c. 690, s. 5, as G.S. 136-44.2B.

§ 136-44.2B. Reports to appropriations committees of General Assembly.

In each year that an appropriation bill is considered by the General Assembly, the Department of Transportation shall make a report to the appropriations committee of each House on all services provided by the Department to the public for which a fee is charged. The report shall include an analysis of the cost of each service and the fee charged for that service. (1975, c. 875, s. 8; 1981, c. 690, s. 5.)

Editor's Note. — This section was originally codified as G.S. 136-44.2A. It was recodified as G.S. 136-44.2B by Session Laws 1981, c. 690, s. 5.

§ 136-44.2C. Special appropriations for State construction.

Special appropriations for the construction of State highways may be used for the planning, design, right-of-way acquisition, and construction of highway projects for the State Highway System and Federal Aid System, including secondary roads, contained in the Transportation Improvement Program prepared pursuant to G.S. 143B-350(f)(4). Funding from the special appropriations used for secondary road projects in the Transportation Improvement Program is not subject to the allocation formula and restrictions of G.S. 136-44.2, 136-44.2A, or 136-44.5. (1991, c. 689, s. 210.1.)

§ 136-44.3. Maintenance program.

In each even-numbered year, the Department of Transportation shall survey the condition of the State highway system and shall prepare a report of the findings of the survey. The report shall provide both quantitative and qualitative descriptions of the condition of the system and shall provide estimates of the following:

(1) The annual cost of routine maintenance of the State highway system;
(2) The cost of eliminating any maintenance backlog by categories of maintenance requirements;
(3) The annual cost to resurface the State highway system based upon a 12-year repaving cycle for the primary system and a 15-year cycle for other highways; and
(4) The cost of eliminating any resurfacing backlog, by type of system.

On the basis of the report, the Department of Transportation shall develop a statewide annual maintenance program for the State highway system, which shall be subject to the approval of the Board of Transportation and shall take into consideration the general maintenance needs, special maintenance needs, vehicular traffic, and other factors deemed pertinent.

Each division engineer, at the end of the fiscal year, shall certify the maintenance of highways in his division in accordance with the annual work program, along with an explanation for any deviations.

The report on the condition of the State highway system and the annual maintenance program shall be presented to the Joint Legislative Transportation Oversight Committee by November 30 of each even-numbered year, and copies shall be made available to any member of the General Assembly upon request. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1977, c. 464, s. 39; 1997-443, s. 32.19.)

§ 136-44.4. Annual construction program; State primary and urban systems.

The Department of Transportation shall develop an annual construction program for the state-funded improvements on the primary and urban system highways and for all federal-aid construction programs which shall be approved by the Board of Transportation. It shall include a statement of the immediate and long-range goals. The Department shall develop criteria for determining priorities of projects to insure that the long-range goals and the statewide needs as a whole are met, which shall be approved by the Board of Transportation. The annual construction program shall list all projects according to priority. A brief description of each project shall be given, identifying the highway number, county, nature of the improvement and the estimated cost of the project shall be indicated. Copies of the most recent annual work program shall be made available to any member of the General Assembly upon request. The Department of Transportation shall make annual reports after the completion of the fiscal year to be made available to the legislative committees and subcommittees for highway matters, county commissioners, and other persons upon request. These reports shall indicate the expenditure on each of the projects and the status of all projects set out in the work program. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1977, c. 464, s. 40.)

CASE NOTES

Cited in Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

§ 136-44.5. Secondary roads; mileage study; allocation of funds.

(a) Before July 1, in each calendar year, the Department of Transportation shall make a study of all state-maintained unpaved roads in the State. The study shall determine the number of miles of unpaved state-maintained roads in each county, the total number of miles of unpaved state-maintained roads in the State, the number of miles of unpaved state-maintained roads in each county that have a traffic vehicular equivalent of at least 50 vehicles a day, and the total number of miles of unpaved state-maintained roads in the State that have a traffic vehicular equivalent of at least 50 vehicles a day. Except for federal-aid programs, the Department shall allocate all secondary road construction funds on the basis of a formula using the study figures.

(b) The first sixty-eight million six hundred seventy thousand dollars ($68,670,000) shall be allocated as follows: Each county shall receive a percentage of these funds, the percentage to be determined as a factor of the number of miles of unpaved state-maintained secondary roads in the county divided by the total number of miles of unpaved state-maintained secondary roads in the State.

(c) Funds allocated for secondary road construction in excess of sixty-eight million six hundred seventy thousand dollars ($68,670,000) shall be allocated to each county based on the percentage proportion that the number of miles in the county of state-maintained unpaved secondary roads with a traffic vehicular equivalent of at least 50 vehicles a day bears to the total number of miles in the State of state-maintained unpaved secondary roads with a traffic vehicular equivalent of at least 50 vehicles a day.

(d) Copies of the Department study of unpaved state-maintained secondary roads and copies of the individual county allocations shall be made available to

newspapers having general circulation in each county. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1989, c. 692, s. 1.8.)

Editor's Note. — Session Laws 2001-424, s. 27.3, as amended by 2002-126, s. 26.9(a), provides: "Of the funds appropriated in this act to the Department of Transportation:

"(1) Fourteen million dollars ($14,000,000) shall be allocated in fiscal year 2001-2002 and twenty-one million dollars ($21,000,000) shall be allocated in fiscal year 2002-2003 for small urban construction projects. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for the small urban construction program for small construction projects that are located within the area covered by a two-mile radius of the municipal corporate limits.

"(2) Fifteen million dollars ($15,000,000) in fiscal year 2001-2002 and fifteen million dollars ($15,000,000) in fiscal year 2002-2003 shall be used statewide for rural or small urban highway improvements and related transportation enhancements to public roads and public facilities, industrial access roads, and spot safety projects as approved by the Secretary of Transportation.

"None of these funds used for rural secondary road construction are subject to the county allocation formulas in G.S. 136-44.5(b) and (c).

"These funds are not subject to G.S. 136-44.7.

"The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's action. The Department shall make a quarterly comprehensive report on the use of these funds to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division." For prior similar provisions, see Session Laws 1993, c. 321, s. 148, Session Laws 1995, c. 507, s. 18.5, Session Laws 1997-443, s. 32.4, and Session Laws 1999-237, s. 27.18.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capital Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

§ 136-44.6. Uniformly applicable formula for the allocation of secondary roads maintenance funds.

The Department of Transportation shall develop a uniformly applicable formula for the allocation of secondary roads maintenance funds for use in each county. The formula shall take into consideration the number of paved and unpaved miles of state-maintained secondary roads in each county and such other factors as experience may dictate. (1973, c. 507, s. 3; 1975, c. 716, s. 7; c. 753.)

§ 136-44.7. Secondary roads; annual work program.

(a) The Department of Transportation shall be responsible for developing criteria for improvements and maintenance of secondary roads. The criteria shall be adopted by the Board of Transportation before it shall become effective. The Department of Transportation shall be responsible for developing annual work programs for both construction and maintenance of secondary roads in each county in accordance with criteria developed. It shall reflect the long-range and immediate goals of the Department of Transportation. Projects on the annual construction program for each county shall be rated according to their priority based upon the secondary road criteria and standards which shall be uniform throughout the State. Tentative construction projects and estimated funding shall also be listed in accordance to priority. The annual construction program shall be adopted by the Board of Transportation before it shall become effective.

(b) When a secondary road in a county is listed in the first 10 secondary roads to be paved during a year on a priority list issued by the Department of

Transportation under this section, the secondary road cannot be removed from the top 10 of that list or any subsequent list until it is paved. All secondary roads in a county shall be paved, insofar as possible, in the priority order of the list. When a secondary road in the top 10 of that list is removed from the list because it has been paved, the next secondary road on the priority list shall be moved up to the top 10 of that list and shall remain there until it is paved.

(c) When it is necessary for the Department of Transportation to acquire a right-of-way in accordance with (a) and (b) of this section in order to pave a secondary road or undertake a maintenance project, the Department shall negotiate the acquisition of the right-of-way for a period of up to six months. At the end of that period, if one or more property owners have not dedicated the necessary right-of-way and at least seventy-five percent (75%) of the property owners adjacent to the project and the owners of the majority of the road frontage adjacent to the project have dedicated the necessary property for the right-of-way and have provided funds required by Department rule to the Department to cover the costs of condemning the remaining property, the Department shall initiate condemnation proceedings pursuant to Article 9 of this Chapter to acquire the remaining property necessary for the project. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1977, c. 464, s. 8; 1989, c. 692, s. 1.9; 1991 (Reg. Sess., 1992), c. 900, s. 99; 2001-501, s. 2; 2002-86, s. 1.)

Editor's Note. — Session Laws 2001-424, s. 27.3, as amended by 2002-126, s. 26.9(a), provides: "Of the funds appropriated in this act to the Department of Transportation:

"(1) Fourteen million dollars ($14,000,000) shall be allocated in fiscal year 2001-2002 and twenty-one million dollars ($21,000,000) shall be allocated in fiscal year 2002-2003 for small urban construction projects. These funds shall be allocated equally in each fiscal year of the biennium among the 14 Highway Divisions for the small urban construction program for small construction projects that are located within the area covered by a two-mile radius of the municipal corporate limits.

"(2) Fifteen million dollars ($15,000,000) in fiscal year 2001-2002 and fifteen million dollars ($15,000,000) in fiscal year 2002-2003 shall be used statewide for rural or small urban highway improvements and related transportation enhancements to public roads and public facilities, industrial access roads, and spot safety projects as approved by the Secretary of Transportation.

"None of these funds used for rural secondary road construction are subject to the county allocation formulas in G.S. 136-44.5(b) and (c).

"These funds are not subject to G.S. 136-44.7.

"The Department of Transportation shall report to the members of the General Assembly on projects funded pursuant to this section in each member's district prior to the Board of Transportation's action. The Department shall make a quarterly comprehensive report on the use of these funds to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capital Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Effect of Amendments. — Session Laws 2002-86, s. 1, effective August 22, 2002, substituted "the majority" for "seventy five percent (75%)" following "and the owners of" in subsection (c).

§ 136-44.7A. Submission of secondary roads construction programs to State agencies.

When the Department of Transportation proposes to pave an unpaved secondary road that crosses land controlled by a State agency, the Department of Transportation shall obtain the approval of that State agency before paving that secondary road. (1996, 2nd Ex. Sess., c. 18, s. 19.7.)

§ 136-44.7B. Permit issuance by Department of Environment and Natural Resources transportation construction projects.

Once the Department of Environment and Natural Resources or any agency within the Department of Environment and Natural Resources has issued a permit that is required for a transportation construction project to be undertaken by or on behalf of the Department of Transportation pursuant to the Transportation Improvement Program, that permit shall remain in effect until the project is completed. The permit shall not expire and shall not be modified or canceled for any reason, including a subsequent change in federal law or regulations or in State law or rules, unless at least one of the following occurs:

(1) The modification or cancellation is requested by the Department of Transportation.

(2) The modification or cancellation is clearly required by a change in federal law or regulations and a failure to modify or cancel the permit by the Department of Environment and Natural Resources will or may result in a loss of federal program delegation or a significant reduction in the availability of federal funds to the Department of Environment and Natural Resources or to the Department of Transportation.

(3) The modification or cancellation is clearly required by a change in State law as a result of an act of the General Assembly that includes a statement that the General Assembly specifically intends the change in State law to apply to ongoing transportation construction projects.

(4) The modification or cancellation is ordered by a court of competent jurisdiction.

(5) The nature or scope of the transportation construction project is significantly expanded or otherwise altered.

(6) Federal law or regulation requires that the permit expire at the end of a specific term of years. (2003-284, s. 29.6.)

Editor's Note. — Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Session Laws 2003-284, s. 49.6, made this section effective July 1, 2003.

§ 136-44.8. Submission of secondary roads construction programs to the Boards of County Commissioners.

(a) The Department of Transportation shall post in the county courthouse a county map showing tentative secondary road paving projects rated according to the priority of each project in accordance with the criteria and standards adopted by the Board of Transportation. The map shall be posted at least two weeks prior to the public meeting of the county commissioners at which the Department of Transportation representatives are to meet and discuss the proposed secondary road construction program for the county as provided in subsection (c).

(b) The Department of Transportation shall provide a notice to the public of the public meeting of the board of county commissioners at which the annual secondary road construction program for the county proposed by the Department is to be presented to the board and other citizens of the county as provided in subsection (c). The notice shall be published in a newspaper published in the county or having a general circulation in the county once a

week for two succeeding weeks prior to the meeting. The notice shall also advise that a county map is posted in the courthouse showing tentative secondary road paving projects rated according to the priority of each project.

(c) Representatives of the Department of Transportation shall meet with the board of county commissioners at a regular or special public meeting of the board of county commissioners for each county and present to and discuss with the board of county commissioners and other citizens present, the proposed secondary road construction program for the county. The presentation and discussion shall specifically include the priority rating of each tentative secondary road paving project included in the proposed construction program, according to the criteria and standards adopted by the Board of Transportation.

At the same meeting after the presentation and discussion of the annual secondary road construction program for the county or at a later meeting, the board of county commissioners may (i) concur in the construction program as proposed, or (ii) take no action, or (iii) make recommendations for deviations in the proposed construction program, except as to paving projects and the priority of paving projects for which the board in order to make recommendations for deviations, must vote to consider the matter at a later public meeting as provided in subsection (d).

(d) The board of county commissioners may recommend deviations in the paving projects and the priority of paving projects included in the proposed secondary road construction program only at a public meeting after notice to the public that the board will consider making recommendations for deviations in paving projects and the priority of paving projects included in the proposed annual secondary road construction program. Notice of the public meeting shall be published by the board of county commissioners in a newspaper published in the county or having a general circulation in the county. After discussion by the members of the board of county commissioners and comments and information presented by other citizens of the county, the board of county commissioners may recommend deviations in the paving projects and in the paving priority of secondary road projects included in the proposed secondary road construction program. Any recommendation made by the board of county commissioners for a deviation in the paving projects or in the priority for paving projects in the proposed secondary road construction program shall state the specific reason for each such deviation recommended.

(e) The Board of Transportation shall adopt the annual secondary construction program for each county after having given the board of county commissioners of each county an opportunity to review the proposed construction program and to make recommendations as provided in this section. The Board of Transportation shall consider such recommendations insofar as they are compatible with its general plans, standards, criteria and available funds, but having due regard to development plans of the county and to the maintenance and improvement needs of all existing roads in the county. However, no consideration shall be given to any recommendation by the board of county commissioners for a deviation in the paving projects or in the priority for paving secondary road projects in the proposed construction program that is not made in accordance with subsection (d).

(f) The secondary road construction program adopted by the Board of Transportation shall be followed by the Department of Transportation unless changes are approved by the Board of Transportation and notice of any changes is given the board of county commissioners. The Department of Transportation shall post a copy of the adopted program, including a map showing the secondary road paving projects rated according to the approved priority of each project, at the courthouse, within 10 days of its adoption by the Board of Transportation. The board of county commissioners may petition the

Board of Transportation for review of any changes to which it does not consent and the determination of the Board of Transportation shall be final. Upon request, the most recent secondary road construction programs adopted shall be submitted to any member of the General Assembly. The Department of Transportation shall make the annual construction program for each county available to the newspapers having a general circulation in the county. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1977, c. 464, s. 9; 1981, c. 536.)

§ 136-44.9. Secondary roads; annual statements.

The Department of Transportation shall, before the end of the calendar year, prepare and file with the board of county commissioners a statement setting forth (i) each secondary highway designated by number, located in the county upon which the paving or improvement was made during the calendar year; (ii) the amount expended for improvements of each such secondary highway during the calendar year; and (iii) the nature of such improvements. The Department of Transportation, in its annual report, shall report on each secondary road construction project including the stage of completion and funds expended. The pertinent portion of these reports for each county shall be made available to the board of county commissioners. (1973, c. 507, s. 3; 1975, c. 615; c. 716, s. 7.)

§ 136-44.10. Additions to secondary road system.

The Board of Transportation shall adopt uniform statewide or regional standards and criteria which the Department of Transportation shall follow for additions to the secondary road system. These standards and criteria shall be promulgated and copies made available for free distribution. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1977, c. 464, ss. 8, 21.)

§ 136-44.11. Right-of-way acquisitions; preliminary engineering annual report.

(a) The Department of Transportation shall include in its annual report projects for which preliminary engineering has been performed more than two years but where there has been no right-of-way acquisition, projects where right-of-way has been acquired more than two years but construction contracts have not been let. The report shall include the year or years in which the preliminary engineering was performed and the cost incurred, the number of right-of-way acquisitions for each project, the dates of the first and last acquisition and the total expenditure for right-of-way acquisition. The report shall include the status of the construction project for which the preliminary engineering was performed or the right-of-way acquired and the reasons for delay, if any.

(b) Requests to the Board of Transportation for allocation of funds for the purchase of right-of-way shall include an estimated time schedule to complete all necessary right-of-way purchases related to a specific project, and a proposed date to award construction contracts for that project. If the anticipated construction contract date is more than two years beyond the estimated completion of the related right-of-way purchases, the approval of both the Board of Transportation and the Director of the Budget is required. (1973, c. 507, s. 3; 1975, c. 716, s. 7; 1981, c. 859, s. 69.)

§ 136-44.12. Maintenance of roads and parking lots in areas administered by the Division of Parks and Recreation.

The Department of Transportation shall maintain all roads and parking lots which are not part of the State Highway System, leading into and located within the boundaries of all areas administered by the Division of Parks and Recreation of the Department of Environment and Natural Resources.

All such roads and parking lots shall be planned, designed, and engineered through joint action between the Department of Transportation and the Division of Parks and Recreation of the Department of Environment and Natural Resources. This joint action shall encompass all accepted park planning and design principles. Particular concern shall be given to traffic counts and vehicle weight, minimal cutting into or through any natural and scenic areas, width of shoulders, the cutting of natural growth along roadways, and the reduction of any potential use of roads or parking lots for any purpose other than by park users. All State park roads and parking lots shall conform to the standards regarding width and other roadway specifications as agreed upon by the Division of Parks and Recreation of the Department of Environment and Natural Resources and the Department of Transportation.

The State park road systems may be closed to the public in accordance with approved park practices that control the use of State areas so as to protect these areas from overuse and abuse and provide for functional use of the park areas, or for any other purpose considered in the best interest of the public by the Division of Parks and Recreation of the Department of Environment and Natural Resources.

Nothing herein shall be construed to include the transfer to the Department of Transportation the powers now vested in the Division of Parks and Recreation of the Department of Environment and Natural Resources relating to the patrol and safeguarding of State park roads or State park parking lots. (1973, c. 123, ss. 1-3; 1977, c. 771, s. 4; 1989, c. 727, s. 218(89); c. 799, s. 12(b); 1991 (Reg. Sess., 1992), c. 907, s. 3; 1997-443, s. 11A.119(a).)

§ 136-44.13: Reserved for future codification purposes.

§ 136-44.14. Curb ramps or curb cuts for handicapped persons.

(a) Curbs constructed on each side of any street or road, where curbs and sidewalks are provided and at other major points of pedestrian flow, shall meet the following minimum requirements:

(1) No less than two curb ramps or curb cuts shall be provided per lineal block, located at intersections.

(2) In no case, shall the width of a curb ramp or curb cut be less than 40 inches.

(3) The maximum gradient of such curb ramps or curb cuts shall be eight and thirty-three one-hundredths percent (8.33%) (12 inches slope for every one-inch rise) in relationship to the grade of the street or road.

(4) One curb ramp or curb cut may be provided under special conditions between each radius point of a street turnout of an intersection, if adequate provisions are made to prevent vehicular traffic from encroaching on the ramp.

(b) Minimum requirements for curb ramps or curb cuts under subsection (a) shall be met (i) in the initial construction of such curbs, and (ii) whenever such curbs are reconstructed, including, but not limited to, reconstruction for maintenance procedures and traffic operations, repair, or correction of utilities.

(c) The Department of Transportation, Division of Highways, Highway Design Section, is authorized and directed to develop guidelines to implement this Article in consultation with the Governor's Study Committee on Architectural Barriers (or the Committee on Barrier-Free Design of the Governor's Committee on Employment of the Handicapped if the Governor's Study Committee on Architectural Barriers ceases to exist). All curb ramps or curb cuts constructed or reconstructed in North Carolina shall conform to the guidelines of the Highway Design Section.

(d) The Department of Transportation, Division of Highways, Highway Design Section, is authorized and directed to provide free copies of this Article together with implementary guidelines and standards, to municipal and county governments and public utilities operating within the State. (1973, c. 718, ss. 1-4.)

§ 136-44.15: Expired.

Editor's Note. — This section was enacted by Session Laws 1987, c. 324 s. 1. Section 2 of the act provided that it would expire June 30, 1988.

§ 136-44.16. Authorized use of contract maintenance resurfacing program funds.

Of the contract maintenance resurfacing program funds appropriated by the General Assembly to the Department of Transportation, an amount not to exceed fifteen percent (15%) of the Board of Transportation's allocation of these funds may be used for widening existing narrow pavements. (1997-443, s. 32.12; 2003-112, s. 1.)

Effect of Amendments. — Session Laws 2003-112, s. 1, effective May 31, 2003, rewrote the section heading and deleted "that are scheduled for resurfacing" following "existing narrow pavements."

§§ 136-44.17 through 136-44.19: Reserved for future codification purposes.

Article 2B.

Public Transportation.

§ 136-44.20. Department of Transportation designated agency to administer and fund public transportation programs; authority of political subdivisions.

(a) The Department of Transportation is hereby designated as the agency of the State of North Carolina responsible for administering all federal and/or State programs relating to public transportation; and the Department is hereby granted authority to do all things required under applicable federal and/or State legislation to administer properly public transportation programs within North Carolina. Such authority shall include, but shall not be limited to, the power to receive federal funds and distribute federal and State financial assistance for inter-city rail or bus passenger service crossing one or more county lines.

(b) The Department of Transportation, upon approval by the Board of Transportation, is authorized to provide the matching share of federal public

transportation assistance programs through private resources, local government funds, or State appropriations provided by the General Assembly.

(b1) The Secretary may, subject to the appropriations made by the General Assembly for any fiscal year, enter into State Full Funding Grant Agreements with a Regional Public Transportation Authority (RPTA) duly created and existing pursuant to Article 26 of Chapter 160A, a Regional Transportation Authority (RTA) duly created and existing pursuant to Article 27 of Chapter 160A, or a city organized under the laws of this State as defined in G.S. 160A-1(2), to provide State matching funds for "new start" fixed guideway projects in development by any entity pursuant to 49 U.S.C. § 5309. These grant agreements shall be executable only upon an Authority's or city's completion of and the Federal Transit Administration (FTA) approval of Preliminary Engineering and Environmental Impact Studies in anticipation of federal funding pursuant to 49 U.S.C. § 5309.

Prior to executing State Full Funding Grant Agreements, the Secretary shall submit proposed grant agreements or amendments to the Joint Legislative Transportation Oversight Committee for review. The agreements, consistent with federal guidance, shall define the limits of the "new starts" projects within the State, commit maximum levels of State financial participation, and establish terms and conditions of State financial participation.

State Full Funding Grant Agreements may provide for contribution of State funds in multiyear allotments. The multiyear allotments shall be based upon the Department's estimates, made in conjunction with an Authority or city, of the grant amount required for "new start" project work to be performed in the appropriation fiscal year.

(c) Nothing herein shall be construed to prevent a political subdivision of the State of North Carolina from applying for and receiving direct assistance from the United States government under the provisions of any applicable legislation.

(d) Of the amount appropriated to the Department each year for State construction under the Transportation Improvement Program, the Department may use up to five million dollars ($5,000,000) to develop economical transit alternatives to highway construction. These alternatives may include high occupancy vehicle lanes and rail routes and providing the matching share of federal grants for transit alternatives to highway construction. (1975, c. 451; 1977, c. 341, s. 2; 1983, c. 616; 1989, c. 692, s. 2.3; c. 700, s. 1; 1993, c. 488, s. 2; 2000-67, s. 25.7.)

§ 136-44.21. Ridesharing arrangement defined.

Ridesharing arrangement means the transportation of persons in a motor vehicle where such transportation is incidental to another purpose of the driver and is not operated or provided for profit. The term shall include ridesharing arrangements such as carpools, vanpools and buspools. (1981, c. 606, s. 1.)

§ 136-44.22. Workers' Compensation Act does not apply to ridesharing arrangements.

Chapter 97 of the General Statutes shall not apply to a person injured while participating in a ridesharing arrangement between his or her place of residence and a place of employment or termini near such place, provided that if the employer owns, leases or contracts for the motor vehicle used in such an arrangement, Chapter 97 of the General Statutes shall apply. (1981, c. 606, s. 1.)

§ 136-44.23. Ridesharing arrangement benefits are not income.

Any benefits, other than salary or wages, received by a driver or a passenger while in a ridesharing arrangement shall not constitute income for the purposes of Article 4 of Chapter 105 of the General Statutes. (1981, c. 606, s. 1.)

§ 136-44.24. Ridesharing arrangements exempt from municipal licenses and taxes.

No county, city, town or other municipal corporation may require a business license for a ridesharing arrangement, nor may they require any additional tax, fee, or registration on a vehicle used in a ridesharing arrangement. (1981, c. 606, s. 1.)

§ 136-44.25. Wage and Hour Act inapplicable to ridesharing arrangements.

The provisions of Article 2A of Chapter 95 of the General Statutes of North Carolina shall not apply to an employee while participating in any ridesharing arrangement as defined in G.S. 136-44.21, as provided in G.S. 95-25.14(b)(6). (1981, c. 606, s. 1; c. 663, s. 14.)

§ 136-44.26. Use of public motor vehicles for ridesharing.

Motor vehicles owned or operated by any State or local agency may be used in ridesharing arrangements for public employees, provided the public employees benefiting from said ridesharing arrangements shall pay fees which shall cover all capital operating costs of the ridesharing arrangements. (1981, c. 606, s. 1.)

§ 136-44.27. North Carolina Elderly and Disabled Transportation Assistance Program.

(a) There is established the Elderly and Disabled Transportation Assistance Program that shall provide State financed elderly and disabled transportation services for counties within the State. The Department of Transportation is designated as the agency of the State responsible for administering State funds appropriated to purchase elderly and disabled transportation services for counties within the State. The Department shall develop appropriate procedures regarding the distribution and use of these funds and shall adopt rules to implement these procedures. No funds appropriated pursuant to this act may be used to cover State administration costs.

(b) For the purposes of this section, an elderly person is defined as one who has reached the age of 60 or more years, and a disabled person is defined as one who has a physical or mental impairment that substantially limits one or more major life activities, an individual who has a record of such impairment, or an individual who is regarded as having such an impairment. Certification of eligibility shall be the responsibility of the county.

(c) All funds distributed by the Department under this section are intended to purchase additional transportation services, not to replace funds now being used by local governments for that purpose. These funds are not to be used towards the purchase of transportation vehicles or equipment. To this end, only those counties maintaining elderly and disabled transportation services

at a level consistent with those in place on January 1, 1987, shall be eligible for additional transportation assistance funds.

(d) The Public Transportation Division of the Department of Transportation shall distribute these funds to the counties according to the following formula: fifty percent (50%) divided equally among all counties; twenty-two and one-half percent (221/2%) based upon the number of elderly residents per county as a percentage of the State's elderly population; twenty-two and one-half percent (221/2%) based upon the number of disabled residents per county as a percentage of the State's disabled population; and, the remaining five percent (5%) based upon a population density factor that recognizes the higher transportation costs in sparsely populated counties.

(e) Funds distributed by the Department under this section shall be used by counties in a manner consistent with transportation development plans which have been approved by the Department and the Board of County Commissioners. To receive funds apportioned for a given fiscal year, a county shall have an approved transportation development plan. Funds that are not obligated in a given fiscal year due to the lack of such a plan will be distributed to the eligible counties based upon the distribution formula prescribed by subsection (d) of this section. (1987 (Reg. Sess., 1988), c. 1095, ss. 1(a), 1(b); c. 1101, s. 8.2; 1989, c. 752, s. 105(b); 1993, c. 321, s. 147.)

§§ 136-44.28, 136-44.29: Reserved for future codification purposes.

Article 2D.

Railroad Revitalization.

§ 136-44.35. Railroad revitalization and corridor preservation a public purpose.

The General Assembly hereby finds that programs for railroad revitalization which assure the maintenance of safe, adequate, and efficient rail transportation services and that programs for railway corridor preservation which assure the availability of such corridors in the future are vital to the continued growth and prosperity of the State and serve the public purpose. (1979, c. 658, s. 1; 1989, c. 600, s. 1.)

Editor's Note. — This section was enacted by Session Laws 1979, c. 658, s. 1. Former G.S. 136-44.35, which was derived from Session Laws 1977, c. 584, was rewritten and renumbered as G.S. 136-44.36 by Session Laws 1979, c. 658, ss. 1, 2.

§ 136-44.36. Department of Transportation designated as agency to administer federal and State railroad revitalization programs.

The General Assembly hereby designates the Department of Transportation as the agency of the State of North Carolina responsible for administering all State and federal railroad revitalization programs. The Department of Transportation is authorized to develop, and the Board of Transportation is authorized to adopt, a State railroad plan, and the Department of Transportation is authorized to do all things necessary under applicable State and federal legislation to properly administer State and federal railroad revitalization programs within the State. Such authority shall include, but shall not be limited to, the power to receive federal funds and distribute and expend federal and State funds for rail programs designated to cover the costs of acquiring, by purchase, lease or other manner as the department considers appropriate, a railroad line or other rail property to maintain existing or to provide future rail service; the costs of rehabilitating and improving rail property on railroad lines to the extent necessary to permit safe, adequate and efficient rail service on such lines; and the costs of constructing rail or rail related facilities for the purpose of improving the quality, efficiency and safety of rail service. The Department shall also have the authority to preserve railroad corridors for future railroad use and interim compatible uses and may lease such corridors for interim compatible uses. Such authority shall also include the power to receive and administer federal financial assistance without State financial participation to railroad companies to cover the costs of local rail service continuation payments, of rail line rehabilitation, and of rail line construction as listed above. This Article shall not be construed to grant to the department the power or authority to operate directly any rail line or rail facilities. (1979, c. 658, s. 2; 1987 (Reg. Sess., 1988), c. 1071, s. 1; 1989, c. 600, s. 2.)

Editor's Note. — This section was formerly G.S. 136-44.35. It was rewritten and renumbered by Session Laws 1979, c. 658, ss. 1, 2.

§ 136-44.36A. Railway corridor preservation.

The North Carolina Department of Transportation is authorized, pursuant to 16 U.S.C.A. § 1247(d), to preserve rail transportation corridors and permit compatible interim uses of such corridors. (1987 (Reg. Sess., 1988), c. 1071, s. 2.)

Editor's Note. — Session Laws 1987 (Reg. Sess., 1988), c. 1071, s. 7 made this section effective upon ratification and applicable only to railroad corridors and abandonments after that date. The act was ratified July 7, 1988.

Session Laws 1987 (Reg. Sess., 1988), c. 1071, ss. 3 through 5, provided:

"Sec. 3. If the Congress of the United States repeals the authorization contained in 16 U.S.C.A. 1247(d) or if a court of competent jurisdiction declares the provisions to be unconstitutional or otherwise invalid, following any appellate review, then Section 2 of this act [which enacted this section] shall expire upon certification by the Secretary of State that the federal authorization has been repealed or has been invalidated.

"Sec. 4. The Department of Transportation is authorized to proceed under Section 2 of this act, but the payment of just compensation may be provided to the underlying fee owners in accordance with Article 9 of Chapter 136 of the General Statutes, the same as if the railroad had been abandoned rather than preserved for future railroad use and compatible interim uses.

"Sec. 5. The Department of Transportation shall develop a proposed high speed rail corridor plan for North Carolina, in conjunction with the Department's railway corridor preservation program. The Department shall present its plan to the 1989 General Assembly for its review and approval."

Legal Periodicals. — For a comment on the acquisition, abandonment, and preservation of rail corridors in North Carolina, see 75 N.C.L. Rev. 1989 (1997).

§ 136-44.36B. Power of Department to preserve and acquire railroad corridors.

In exercising its power to preserve railroad corridors, the Department of Transportation may acquire property for new railroad corridors and may acquire property that is or has been part of a railroad corridor by purchase, gift, condemnation, or other method, provided that the Department may not condemn part of an existing, active railroad line. The procedures in Article 9 of this Chapter apply when the Department condemns property to preserve or acquire a railroad corridor. (1989, c. 600, s. 3; 1991, c. 673, s. 1.)

Legal Periodicals. — For a comment on the acquisition, abandonment, and preservation of rail corridors in North Carolina, see 75 N.C.L. Rev. 1989 (1997).

§ 136-44.36C. Installment contracts authorized.

The Department of Transportation may purchase active or inactive railroad lines, corridors, rights-of-way, locomotives, rolling stock, and other rail property, both real and personal, by installment contracts which create in the property purchased a security interest to secure payment of the purchase money. No deficiency judgment may be rendered against the Department of Transportation in any action for breach of a contractual obligation authorized by this section, and the taxing power of the State is not and may not be pledged directly or indirectly to secure any money due the seller. (1991, c. 673, s. 2.)

§ 136-44.36D. Recreational leasing requirements.

Portions of rail corridors held by the North Carolina Department of Transportation in fee simple absolute may be leased by the Department for interim public recreation use provided the following conditions are met:

(1) Before requesting trail use, a sponsoring unit of local government has held a public hearing in accordance with G.S. 143-318.12 and notified the owners of all parcels of land abutting the corridor as shown on the county tax listing of the hearing date, place, and time by first-class mail at the last addresses listed for such owners on the county tax abstracts. A transcript of all public comments presented at the hearing has been sent to the North Carolina Department of Transportation at the time of requesting use of the corridor.

(2) A unit of local government has requested use of the rail corridor or a portion thereof for interim public recreational trail use, and agrees in writing to assume all development costs as well as management, security, and liability responsibilities as defined by the North Carolina Department of Environment and Natural Resources and the North Carolina Department of Transportation.

(3) Adjacent property owners are offered broad voting representation by membership in the organization, if any, that is delegated most immediate responsibility for development and management of the rail-trail by the sponsoring local government.

(4) The North Carolina Department of Transportation has determined that there will not likely be a need to resume active rail service in the leased portion of the rail corridor for at least 10 years.

(5) Any lease or other agreement allowing trail use includes terms for resumption of active rail use which will assure unbroken continuation of the corridor's perpetual use for railroad purposes and interim compatible uses.

(6) Use of the rail corridor or portions thereof as a recreational trail does not interfere with the ultimate transportation purposes of the corridor

as determined by the North Carolina Department of Transportation. (1991, c. 751, s. 1; 1997-443, s. 11A.119(a).)

Editor's Note. — This section was enacted as G.S. 136-44.36C. It was renumbered at the direction of the Revisor of Statutes.

Legal Periodicals. — For a comment on the acquisition, abandonment, and preservation of rail corridors in North Carolina, see 75 N.C.L. Rev. 1989 (1997).

§ 136-44.37. Department to provide nonfederal matching share.

The Department of Transportation upon approval by the Board of Transportation and the Director of the Budget may provide for the matching share of federal rail revitalization assistance programs through private resources, county funds or State appropriations as may be provided by the General Assembly. Prior to taking any action under this section, the Director of the Budget may consult with the Advisory Budget Commission. (1979, c. 658, s. 3; 1983, c. 717, s. 48; 1985 (Reg. Sess., 1986), c. 955, ss. 47, 48.)

§ 136-44.38. Department to provide State and federal financial assistance to cities and counties for rail revitalization.

(a) The Department of Transportation is authorized to distribute to cities and counties State financial assistance for local rail revitalization programs provided that every rail revitalization project for which State financial assistance would be utilized must be approved by the Board of Transportation and by the Director of the Budget. Prior to taking any action under this subsection, the Director of the Budget may consult with the Advisory Budget Commission.

(b) Repealed by Session Laws 1989, c. 600, s. 4, effective July 11, 1989. (1979, c. 658, s. 3; 1983, c. 717, s. 48; 1985 (Reg. Sess., 1986), c. 955, ss. 49, 50; 1989, c. 600, s. 4.)

§§ 136-44.39 through 136-44.49: Reserved for future codification purposes.

Article 2E.

Transportation Corridor Official Map Act.

§ 136-44.50. Transportation corridor official map act.

(a) A transportation corridor official map may be adopted or amended by any of the following:

(1) The governing board of any city for any thoroughfare included as part of a comprehensive plan for streets and highways adopted pursuant to G.S. 136-66.2 or for any proposed public transportation corridor included in the adopted long-range transportation plan.

(2) The Board of Transportation for any portion of the existing or proposed State highway system or for any public transportation corridor, to include rail, that is in the Transportation Improvement Program.

(3) Regional public transportation authorities created pursuant to Article 26 of Chapter 160A of the General Statutes or regional transportation authorities created pursuant to Article 27 of Chapter 160A of the General Statutes for any proposed public transportation corridor, or

adjacent station or parking lot, included in the adopted long-range transportation plan.

Before a city adopts a transportation corridor official map that extends beyond the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, or adopts an amendment to a transportation corridor official map outside the extraterritorial jurisdiction of its building permit issuance and subdivision control ordinances, the city shall obtain approval from the Board of County Commissioners.

No transportation corridor official map shall be adopted or amended, nor may any property be regulated under this Article until:

(1) The governing board of the city, the regional transportation authority, or the Department of Transportation has held a public hearing in each county affected by the map on the proposed map or amendment. Notice of the hearing shall be provided:

a. By publication at least once a week for four successive weeks prior to the hearing in a newspaper having general circulation in the county in which the transportation corridor to be designated is located.

b. By two week written notice to the Secretary of Transportation, the Chairman of the Board of County Commissioners, and the Mayor of any city or town through whose corporate or extraterritorial jurisdiction the transportation corridor passes.

c. By posting copies of the proposed transportation corridor map or amendment at the courthouse door for at least 21 days prior to the hearing date. The notice required in sub-subdivision a. above shall make reference to this posting.

d. By first-class mail sent to each property owner affected by the corridor. The notice shall be sent to the address listed for the owner in the county tax records.

(2) A permanent certified copy of the transportation corridor official map or amendment has been filed with the register of deeds. The boundaries may be defined by map or by written description, or a combination thereof. The copy shall measure approximately 20 inches by 12 inches, including no less than one and one-half inches binding space on the left-hand side.

(3) The names of all property owners affected by the corridor have been submitted to the Register of Deeds.

(b) Transportation corridor official maps and amendments shall be distributed and maintained in the following manner:

(1) A copy of the official map and each amendment thereto shall be filed in the office of the city clerk and in the office of the district engineer.

(2) A copy of the official map, each amendment thereto and any variance therefrom granted pursuant to G.S. 136-44.52 shall be furnished to the tax supervisor of any county and tax collector of any city affected thereby. The portion of properties embraced within a transportation corridor and any variance granted shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(3) Notwithstanding any other provision of law, the certified copy filed with the register of deeds shall be placed in a book maintained for that purpose and cross-indexed by number of road, street name, or other appropriate description. The register of deeds shall collect a fee of five dollars ($5.00) for each map sheet or page recorded.

(4) The names submitted as required under subdivision (a)(3) of this section shall be indexed in the "grantor" index by the Register of Deeds.

(c) Repealed by Session Laws 1989, c. 595, s. 1.

(d) Within one year following the establishment of a transportation corridor official map or amendment, work shall begin on an environmental impact statement or preliminary engineering. The failure to begin work on the environmental impact statement or preliminary engineering within the one-year period shall constitute an abandonment of the corridor, and the provisions of this Article shall no longer apply to properties or portions of properties embraced within the transportation corridor. A city may prepare environmental impact studies and preliminary engineering work in connection with the establishment of a transportation corridor official map or amendments to a transportation corridor official map. When a city prepares a transportation corridor official map for a street or highway that has been designated a State responsibility pursuant to G.S. 136-66.2, the environmental impact study and preliminary engineering work shall be reviewed and approved by the Department of Transportation. An amendment to a corridor shall not extend the two-year period provided by this section unless it establishes a substantially different corridor in a primarily new location.

(e) The term "amendment" for purposes of this section includes any change to a transportation corridor official map, including:

(1) Failure of the Department of Transportation, a city, or a regional transportation authority to begin work on an environmental impact statement or preliminary engineering as required by this section; or

(2) Deletion of the corridor from the transportation corridor official map by action of the Board of Transportation, or deletion of the corridor from the long-range transportation plan of a city or regional transportation authority by action of the city or regional transportation authority governing Board.

(f) The term "transportation corridor" as used in this Article does not include bikeways or greenways. (1987, c. 747, s. 19; 1989, c. 595, s. 1; 1998-184, s. 1.)

Editor's Note. — Session Laws 1987, c. 747, which enacted this Article, provided in s. 25 that, as used in the act, the word "municipality" means a "city" as defined by G.S. 160A-1.

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

CASE NOTES

Cited in Batch v. Town of Chapel Hill, 92 N.C. App. 601, 376 S.E.2d 22 (1989).

§ 136-44.51. Effect of transportation corridor official map.

(a) After a transportation corridor official map is filed with the register of deeds, no building permit shall be issued for any building or structure or part thereof located within the transportation corridor, nor shall approval of a subdivision, as defined in G.S. 153A-335 and G.S. 160A-376, be granted with respect to property within the transportation corridor. The Secretary of Transportation or his designee, the director of a regional public transportation authority, or the director of a regional transportation authority, as appropriate, shall be notified within 10 days of all requests for building permits or subdivision approval within the transportation corridor. The provisions of this section shall not apply to valid building permits issued prior to August 7, 1987, or to building permits for buildings and structures which existed prior to the filing of the transportation corridor provided the size of the building or structure is not increased and the type of building code occupancy as set forth in the North Carolina Building Code is not changed.

(b) In any event, no application for building permit issuance or subdivision plat approval for a tract subject to a valid transportation corridor official map shall be delayed by the provisions of this section for more than three years from the date of its original submittal. (1987, c. 747, s. 19; 1998-184, s. 1.)

CASE NOTES

Cited in Batch v. Town of Chapel Hill, 92 N.C. App. 601, 376 S.E.2d 22 (1989).

§ 136-44.52. Variance from transportation corridor official map.

(a) The Department of Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the transportation corridor official map shall establish procedures for considering petitions for variance from the requirements of G.S. 136-44.51.

(b) The procedure established by the State shall provide for written notice to the Mayor and Chairman of the Board of County Commissioners of any affected city or county, and for the hearing to be held in the county where the affected property is located.

(c) Cities may provide for petitions for variances to be heard by the board of adjustment or other boards or commissions which can hear variances authorized by G.S. 160A-388. The procedures for boards of adjustment shall be followed except that no vote greater than a majority shall be required to grant a variance.

(c1) The procedure established by a regional public transportation authority or a regional transportation authority pursuant to subsection (a) of this section shall provide for a hearing de novo by the Department of Transportation for any petition for variance which is denied by the regional public transportation authority or the regional transportation authority. All hearings held by the Department of Transportation under this subsection shall be conducted in accordance with procedures established by the Department of Transportation pursuant to subsection (a) of this section.

(d) A variance may be granted upon a showing that:

(1) Even with the tax benefits authorized by this Article, no reasonable return may be earned from the land; and

(2) The requirements of G.S. 136-44.51 result in practical difficulties or unnecessary hardships. (1987, c. 747, s. 19; 1998-184, s. 1.)

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

§ 136-44.53. Advance acquisition of right-of-way within the transportation corridor.

(a) After a transportation corridor official map is filed with the register of deeds, a property owner has the right of petition to the filer of the map for acquisition of the property due to an imposed hardship. The Department of Transportation, the regional public transportation authority, the regional transportation authority, or the city which initiated the transportation corridor official map may make advanced acquisition of specific parcels of property when that acquisition is determined by the respective governing board to be in the best public interest to protect the transportation corridor from development or when the transportation corridor official map creates an undue hardship on the affected property owner. The procedure established by a

regional public transportation authority or a regional transportation authority pursuant to subsection (b) of this section shall provide for a hearing de novo by the Department of Transportation for any request for advance acquisition due to hardship that is denied by an authority. All hearings held by the Department under this subsection shall be conducted in accordance with procedures established by the Department pursuant to subsection (b) of this section. Any decision of the Department pursuant to this subsection shall be final and binding. Any property determined eligible for hardship acquisition shall be acquired within three years of the finding or the restrictions of the map shall be removed from the property.

(b) Prior to making any advanced acquisition of right-of-way under the authority of this Article, the Board of Transportation or the respective governing board which initiated the transportation corridor official map shall develop and adopt appropriate policies and procedures to govern the advanced acquisition of right-of-way and to assure that the advanced acquisition is in the best overall public interest.

(c) When a city makes an advanced right-of-way acquisition of property within a transportation corridor official map for a street or highway that has been determined to be a State responsibility pursuant to the provisions of G.S. 136-66.2, the Department of Transportation shall reimburse the city for the cost of any advanced right-of-way acquisition at the time the street or highway is constructed. The Department of Transportation shall have no responsibility to reimburse a municipality for any advanced right-of-way acquisition for a street or highway that has not been designated a State responsibility pursuant to the provisions of G.S. 136-66.2 prior to the initiation of the advanced acquisition by the city. The city shall obtain the concurrence of the Department of Transportation in all instances of advanced acquisition.

(d) In exercising the authority granted by this section, a municipality is authorized to expend municipal funds for the protection of rights-of-way shown on a duly adopted transportation corridor official map whether the right-of-way to be acquired is located inside or outside the municipal corporate limits. (1987, c. 747, s. 19; 1998-184, s. 1.)

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

§ 136-44.54. Standard for appraisal of right-of-way within corridor.

The Department shall utilize the criteria contained in 49 C.F.R. § 24.103 (1997) when appraising right-of-way in a transportation corridor designated under this Article. (1998-184, s. 1.)

Article 3.

State Highway System.

Part 1. Highway System.

§ 136-45. General purpose of law; control, repair and maintenance of highways.

The general purpose of the laws creating the Department of Transportation is that said Department of Transportation shall take over, establish, construct, and maintain a statewide system of hard-surfaced and other dependable

highways running to all county seats, and to all principal towns, State parks, and principal State institutions, and linking up with state highways of adjoining states and with national highways into national forest reserves by the most practical routes, with special view of development of agriculture, commercial and natural resources of the State, and for the further purpose of permitting the State to assume control of the State highways, repair, construct, and reconstruct and maintain said highways at the expense of the entire State, and to relieve the counties and cities and towns of the State of this burden. (1921, c. 2, s. 2; C.S., s. 3846(a); 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

This section and § 136-54 were not repealed with respect to municipal streets by enactment of § 136-66.2. This section and G.S. 136-54 have both been amended numerous times since 1959, and there has been no mention of their repeal. Repeal by implication is not favored in the law, and statutes dealing with the same subject matter must be construed in pari materia, and harmonized if possible to give each effect. Town of Morehead City v. North Carolina Dep't of Transp., 74 N.C. App. 66, 327 S.E.2d 602 (1985).

As to the general policy of the State as to highways, see Young v. Board of Comm'rs, 190 N.C. 52, 128 S.E. 401 (1925).

Department Is Agency Created to Conduct and Maintain Highway System. — The State Highway Commission (now Department of Transportation) is the State agency created for the purpose of constructing and maintaining statewide highways at the expense of the entire State. North Carolina Tpk. Auth. v. Pine Island, Inc., 265 N.C. 109, 143 S.E.2d 319 (1965).

Laws Repealed. — Former G.S. 3580 through 3593 of the Consolidated Statutes were repealed by this Article insofar as the former conflicted with the latter and under the latter power is conferred on the State Highway Commission (now Department of Transportation) to take over county highways as a part of the highway system upon such terms and agreements with the county commissioners as may be made by them as authorized by this Article. Lassiter v. Board of Comm'rs, 188 N.C. 379, 124 S.E. 738 (1924).

Statutes Construed in Pari Materia. — The statute relating to the creation, maintenance, etc., of a statewide system of public roads, and the amendatory act providing for the taking over of county highways for State maintenance are to be construed together in pari materia. Board of Comm'rs v. State Hwy. Comm'n, 195 N.C. 26, 141 S.E. 539 (1928).

The purpose of the act of 1921 was to encourage cooperation between the State Highway Commission (now Department of Transportation) and the county authorities. Young v. Board of Comm'rs, 190 N.C. 52, 128 S.E. 401 (1925).

The State Highway Commission (now Department of Transportation) is an administrative body. Cameron v. State Hwy. Comm'n, 188 N.C. 84, 123 S.E. 465 (1924).

Broad Discretion Given. — This section and G.S. 136-18, subdivision (2), give broad discretionary powers to the State Highway Commission (now Department of Transportation) in establishing, altering and changing the route of county roads that are or are proposed to be absorbed in the State highway system of public roads. Road Comm'n v. State Hwy. Comm'n, 185 N.C. 56, 115 S.E. 886 (1923).

Protection of Integrity of Rights-of-Way. — It is clear that the authority and powers set forth in G.S. 136-18 are intended to allow the Department of Transportation (DOT) to protect the integrity of its rights-of-way, which are there to begin with to accommodate the construction and maintenance of roads and highways. Baldwin v. GTE S., Inc., 110 N.C. App. 54, 428 S.E.2d 857, cert. denied, 334 N.C. 619, 435 S.E.2d 331 (1993), rev'd on other grounds, 335 N.C. 544, 439 S.E.2d 108 (1994).

Control of Discretion as to Change of Highway. — The State Highway Commission (now Department of Transportation) cannot be controlled beforehand, either by contract or otherwise, in the exercise of its discretion conferred on it by statute as to the change of location of a public highway. Johnson v. Board of Comm'rs, 192 N.C. 561, 135 S.E. 618 (1926).

Change of Route Not Violating Rights of Property Owners. — Those who acquired property along the "proposed" route, as shown in connection with the consideration by the legislature of the bill which became enacted into what is now this Article, acted with implied notice of the powers conferred upon the State Highway Commission (now Department of Transportation) in changing the route, and could not maintain the position that they had been deprived of in violation of the due-process-of-law provision in the Constitution, whether of a vested right or otherwise. Cameron v. State Hwy. Comm'n, 188 N.C. 84, 123 S.E. 465 (1924).

Liability of Department for Torts, etc. — The State Highway Commission (now Department of Transportation) is an unincorporated agency of the State to perform specific duties in relation to the highways of the State and is not liable in damages for the torts of its subagencies, and an action may not be maintained against it or a county acting thereunder in trespassing upon the lands of a private owner, or for the faulty construction of its drains, or the taking of a part of the lands of such owner for the use of the highway, the remedy prescribed by the statute being exclusive. Latham v. State Hwy. Comm'n, 191 N.C. 141, 131 S.E. 385 (1926).

Liability for Defects in Highway. — Counties in North Carolina are not liable for damage resulting from defective condition of their highways, being political agencies of the State; nor are county commissioners individually liable, unless they acted corruptly or out of malice. Thompson Caldwell Constr. Co. v. Young, 294 F. 145 (4th Cir. 1923).

An individual user of a street, which is part of the State highway system, who sustains personal injuries or property damage as the result of a dangerous condition of such street, cannot maintain an action for damages against a city which contracted with the Department of Transportation to repair or remove such condition and then did nothing whatsoever about it. Matternes v. City of Winston-Salem, 286 N.C. 1, 209 S.E.2d 481 (1974).

Where the portions of roads in question were part of the state highway system, and as such, the responsibility of the N.C. Department of Transportation (NCDOT), apart from its contract with the NCDOT, city had no responsibility for the maintenance or condition of the traffic signal in question. Colombo v. Dorrity, 115 N.C. App. 81, 443 S.E.2d 752, cert. denied, 337 N.C. 689, 448 S.E.2d 517 (1994).

Power of County Commissioners and Department to Contract. — The boards of county commissioners and the State Highway Commission (now Department of Transportation) are vested with powers to enter into contracts and agreements for the construction of roads forming a part of the State highway system. Young v. Board of Comm'rs, 190 N.C. 52, 128 S.E. 401 (1925).

Actions in Regard to Condemnation. — The State Highway Commission (now Department of Transportation) is an unincorporated agency of the State, charged with the duty of exercising certain governmental functions, and like the State may only be sued by a citizen when authority is granted by the General Assembly, and the methods prescribed for the entertainment of such an action are exclusive. While the various acts creating the State Highway Commission (now Department of Transportation) and prescribing its powers and duties do not declare in so many words that it may "sue and be sued," it sufficiently appears from the language of the statutes that in the matter of condemnation of land for highway purposes, and with respect to the method of arriving at compensation therefor, right of action lies in the manner set out by the statutes, and the procedure prescribed is open to the property owner as well as to the State Highway Commission (now Department of Transportation). Yancey v. North Carolina State Hwy. & Pub. Works Comm'n, 222 N.C. 106, 22 S.E.2d 256 (1942).

Department Has No Power to Condemn Property for Private Use. — This section and G.S. 136-18 vest in the State Highway Commission (now Department of Transportation) broad discretionary powers in establishing, constructing, and maintaining highways as part of a statewide system of hard-surfaced and other dependable highways, but the State Highway Commission (now Department of Transportation) has no power to condemn private property to construct a road for the private use of any person or group of persons, and if it does so, it is an arbitrary act and an abuse of the discretion vested in it. State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

Injunction. — The action of the State Highway Commission (now Department of Transportation) in building the highways and bridges of the State is of public interest and equity will not enjoin them in this work when injury by flooding lands may probably result in the future, there being an adequate remedy at law. Town of Greenville v. State Hwy. Comm'n, 196 N.C. 226, 145 S.E. 31 (1928).

Cited in Parker v. State Hwy. Comm'n, 195 N.C. 783, 143 S.E. 871 (1928); C.C.T. Equip. Co. v. Hertz Corp., 256 N.C. 277, 123 S.E.2d 802 (1962); Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT, 46 N.C. App. 350, 265 S.E.2d 890 (1980); Estate of Jiggetts v. City of Gastonia, 128 N.C. App. 410, 497 S.E.2d 287 (1998).

§§ 136-46, 136-47: Repealed by Session Laws 1977, c. 464, s. 22.

§§ 136-48 through 136-50: Repealed by Session Laws 1943, c. 410.

Part 2. County Public Roads Incorporated into State Highway System.

§ 136-51. Maintenance of county public roads vested in Department of Transportation.

From and after July 1, 1931, the exclusive control and management and responsibility for all public roads in the several counties shall be vested in the Department of Transportation as hereinafter provided, and all county, district, and township highway or road commissioners, by whatever name designated, and whether created under public, public-local, or private acts, shall be abolished:

Provided, that for the purpose of providing for the payment of any bonded or other indebtedness, and for the interest thereon, that may be outstanding as an obligation of any county, district, or township commission herein abolished, the boards of county commissioners of the respective counties are hereby constituted fiscal agents, and are vested with authority and it shall be their duty to levy such taxes on the taxable property or persons within the respective county, district, or township by or for which said bonds or other indebtedness were issued or incurred and as are now authorized by law to the extent that the same may be necessary to provide for the payment of such obligations; and the respective commissions herein abolished shall on or before July 1, 1931, turn over to said boards of county commissioners any moneys on hand or evidences of indebtedness properly applicable to the discharge of any such indebtedness (except such moneys as are mentioned in paragraph (a) above); and all uncollected special road taxes shall be payable to said boards of county commissioners, and the portion of said taxes applicable to indebtedness shall be applied by said commissioners to said indebtedness, or invested in a sinking fund according to law. All that portion of said taxes or other funds coming into the hands of said county commissioners and properly applicable to the maintenance or improvement of the public roads of the county shall be held by them as a special road fund and disbursed upon proper orders of the Department of Transportation.

Provided, further, that in order to fully carry out the provisions of this section the respective boards of county commissioners are vested with full authority to prosecute all suitable legal actions. (1931, c. 145, s. 7; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Editor's Note. — In bringing forward Public Acts 1931, c. 145, s. 7, to appear as this section of the General Statutes, the paragraph formerly designated as subsection (a) was omitted, but the reference to it in the present second paragraph of the section was retained.

CASE NOTES

Jurisdiction over Cartway Proceedings. — The Act of 1931 incorporated in this section discloses no legislative intent to withdraw from the Board of Commissioners of Buncombe County jurisdiction over cartway proceedings instituted under the provisions of Chapter 328, section 18, Pub. Local Laws of 1923. Merrell v. Jenkins, 242 N.C. 636, 89 S.E.2d 242 (1955).

§§ 136-52, 136-53: Repealed by Session Laws 1977, c. 464, s. 22.

Part 3. Power to Make Changes in Highway System.

§ 136-54. Power to make changes.

The Board of Transportation shall be authorized, when in its judgment the public good requires it, to change, alter, add to, or abandon and substitute new sections for, any portion of the State highway system. (1927, c. 46, s. 1; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1965, c. 538, s. 2; 1967, c. 1128, s. 1; 1973, c. 507, s. 5; 1977, c. 464, s. 23.)

CASE NOTES

Validity of Statute. — Chapter 46 of Public Laws 1927 held valid. Parker v. State Hwy. Comm'n, 195 N.C. 783, 143 S.E. 871 (1928).

Section 136-45 and this section were not repealed with respect to municipal streets by enactment of § 136-66.2. Section 136-45 and this section have both been amended numerous times since 1959, and there has been no mention of their repeal. Repeal by implication is not favored in the law, and statutes dealing with the same subject matter must be construed in pari materia, and harmonized if possible to give each effect. Town of Morehead City v. North Carolina Dep't of Transp., 74 N.C. App. 66, 327 S.E.2d 602 (1985).

Powers over Roads of Highway System. — The State Highway Commission (now Department of Transportation) has authority to change, alter, add to or discontinue roads of the State highway system. Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964).

Exercise of the Board's discretionary authority, conferred upon it by this section, is not subject to judicial review, unless its action is so clearly unreasonable as to amount to oppressive and manifest abuse. Guyton v. North Carolina Bd. of Transp., 30 N.C. App. 87, 226 S.E.2d 175 (1976); Town of Morehead City v. North Carolina Dep't of Transp., 74 N.C. App. 66, 327 S.E.2d 602 (1985).

Elimination of Underpass. — Where the State Highway Commission (now Department of Transportation), in the interest of public safety, builds an overpass and relocates a highway to cut out dangerous curves and an inadequate underpass, it has the authority to order the underpass closed, if not by authority expressly conferred, then in the exercise of the police power by an appropriate agency of the State. Mosteller v. Southern Ry., 220 N.C. 275, 17 S.E.2d 133 (1941).

§ 136-55: Repealed by Session Laws 1979, c. 143, s. 1.

§ 136-55.1. Notice of abandonment.

(a) At least 60 days prior to any action by the Department of Transportation abandoning a segment of road and removing the same from the State highway system for maintenance, except roads abandoned on request of the county commissioners under G.S. 136-63, the Department of Transportation shall notify by registered mail or personal delivery all owners of property adjoining the section of road to be abandoned whose whereabouts can be ascertained by due diligence. Said notice shall describe the section of road which is proposed to be abandoned and shall give the date, place and time of the Department of Transportation meeting at which the action abandoning said section of road is to be taken.

(b) In keeping with its overall zoning scheme and long-range plans regarding the extraterritorial jurisdiction area, a municipality may keep open and assume responsibility for maintenance of a road within one mile of its corporate limits once it is abandoned from the State highway system. (1957, c.

1063; 1967, c. 1128, s. 3; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 533, s. 13.)

§ 136-56: Repealed by Session Laws 1967, c. 1128, s. 4.

§ 136-57: Repealed by Session Laws 1965, c. 538, s. 1.

§ 136-58: Repealed by Session Laws 1977, c. 464, s. 22.

§ 136-59. No court action against Board of Transportation.

No action shall be maintained in any of the courts of this State against the Board of Transportation to determine the location of any State highways or portion thereof, by any person, corporation, or municipal corporation. (1927, c. 46, s. 7; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1967, c. 1128, s. 5; 1973, c. 507, s. 5.)

CASE NOTES

Two Well-Established Exceptions. — Review of a decision of the State Board of Transportation as to the location of an interstate highway may be sought under two well-established exceptions to the doctrine of sovereign immunity, which would by necessity also be exceptions to this section: (1) when public officers whose duty it is to supervise and direct a state agency attempt to enforce an invalid ordinance or regulation, or invade or threaten to invade the personal or property rights of a citizen in disregard to law; and (2) where plaintiffs have asserted their status as taxpayers and are trying to prevent the expenditure of money unauthorized by statute or in disregard to law. Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina Dep't of Transp., 46 N.C. App. 350, 265 S.E.2d 890 (1980).

Cited in Reed v. State Hwy. & Pub. Works Comm'n, 209 N.C. 648, 184 S.E. 513 (1936).

§§ 136-60, 136-61: Repealed by Session Laws 1973, c. 507, s. 23.

§ 136-62. Right of petition.

The citizens of the State shall have the right to present petitions to the board of county commissioners, and through the board to the Department of Transportation, concerning additions to the system and improvement of roads. The board of county commissioners shall receive such petitions, forwarding them on to the Board of Transportation with their recommendations. Petitions on hand at the time of the periodic preparation of the secondary road plan shall be considered by the representatives of the Department of Transportation in preparation of that plan, with report on action taken by these representatives on such petitions to the board of commissioners at the time of consultation. The citizens of the State shall at all times have opportunities to discuss any aspect of secondary road additions, maintenance, and construction, with representatives of the Department of Transportation in charge of the preparation of the secondary road plan, and if not then satisfied opportunity to discuss any such aspect with the division engineer, the Secretary of Transportation, and the Board of Transportation in turn. (1931, c. 145, s. 14; 1933, c. 172, s. 17; 1957, c. 65, s. 7; 1965, c. 55, s. 12; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 24, 24.1.)

CASE NOTES

§ 136-63. Change or abandonment of roads.

(a) The board of county commissioners of any county may, on its own motion or on petition of a group of citizens, request the Board of Transportation to change or abandon any road in the secondary system when the best interest of the people of the county will be served thereby. The Board of Transportation shall thereupon make inquiry into the proposed change or abandonment, and if in its opinion the public interest demands it, shall make such change or abandonment. If the change or abandonment shall affect a road connecting with any street of a city or town, the change or abandonment shall not be made until the street-governing body of the city or town shall have been duly notified and given opportunity to be heard on the question. Any request by a board of county commissioners or street-governing body of a city refused by the Board of Transportation may be presented again upon the expiration of 12 months.

(b) In keeping with its overall zoning scheme and long-range plans regarding the extraterritorial jurisdiction area, a municipality may keep open and assume responsibility for maintenance of a road within one mile of its corporate limits once it is abandoned from the State highway system. (1931, c. 145, s. 15; 1957, c. 65, s. 8; 1965, c. 55, s. 13; 1973, c. 507, s. 221/2; 1975, c. 19, s. 45; 1977, c. 464, s. 25; 1993, c. 533, s. 14.)

CASE NOTES

§ 136-64. Filing of complaints with Department of Transportation; hearing and appeal.

In the event of failure to maintain the roads of the State highway system or any county road system in good condition, the board of county commissioners of such county may file complaint with the Department of Transportation. When any such complaint is filed, the Department of Transportation shall at once investigate the same, and if the same be well founded, the said Department of Transportation shall at once order the repair and maintenance of the roads complained of and investigate the negligence of the persons in charge of the roads so complained of, and if upon investigation the person in charge of the road complained of be at fault, he may be discharged from the service of the Department of Transportation. The board of commissioners of any county, who shall feel aggrieved at the action of the Department of Transportation upon complaint filed, may appeal from the decision of the Department of Transportation to the Governor, and it shall be the duty of the Governor to adjust the differences between the board of county commissioners and the Department of Transportation. (1921, c. 2, s. 20; C.S., s. 3846(11); 1931, c. 145, s. 17; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-64.1. Applications for intermittent closing of roads within watershed improvement project by Department of Transportation; notice; regulation by Department; delegation of authority; markers.

(a) Upon proper application by the board of commissioners of a drainage district established under the provisions of Chapter 156 of the General Statutes of North Carolina, by the board of trustees of a watershed improvement district established under the provisions of Article 2 of Chapter 139 of the General Statutes, by the board of county commissioners of any county operating a county watershed improvement program under the provisions of Article 3 of Chapter 139 of the General Statutes, by the board of commissioners of any watershed improvement commission appointed by a board of county commissioners or by the board of supervisors of any soil and water conservation district designated by a board of county commissioners to exercise authority in carrying out a county watershed improvement program, the Department of Transportation, for roads coming under its jurisdictional control, is hereby authorized to permit the intermittent closing of any secondary road within the boundaries of any watershed improvement project operated by the applicants, whenever in the judgment of the Department of Transportation it is necessary to do so, and when the secondary road will be intermittently subject to inundation by floodwaters retained by an approved watershed improvement project.

(b) Before any permit may be issued for the temporary inundation and closing of such a road, an application for such permit shall be made to the Department of Transportation by the public body having jurisdiction over the watershed improvement project. The application shall specify the secondary road involved, the anticipated frequency and duration of intermittent flooding of the secondary road involved, and shall request that a permit be granted to the applicant public body to allow the intermittent closing of the road.

(c) Upon receipt of such an application the Department of Transportation shall give public notice of the proposed action by publication once each week for two consecutive weeks in a newspaper of general circulation in the county or counties within which the proposed intermittent closing of road or roads would occur; and such notices shall contain a description of the places of beginning and the places of ending of such intermittent closing. In addition, the Department of Transportation shall give notice to all public utilities or common carriers having facilities located within the rights-of-way of any roads being closed by mailing copies of such notices to the appropriate offices of the public utility or common carrier having jurisdiction over the affected facilities of the public utility or common carrier. Not sooner than 14 days after publication and mailing of notices, the Department of Transportation or the municipality may issue its permit with respect to such road.

(d) The Department of Transportation shall have the discretion to deny any application submitted pursuant to this section, or it may grant a permit on any condition it deems warranted. The Department, however, shall consider the use of alternate routes available during flooding of the roads, and any inconvenience to the public or temporary loss of access to business, homes and property. The Department shall have the authority to promulgate regulations for the issuance of permits under this section and it may delegate the authority for the consideration, issuance or denial of such permits to the State Highway Administrator. Any applicant granted a permit pursuant to this section shall cause suitable markers to be installed on the secondary road to advise the general public of the intermittent closing of the road or roads involved. Such

markers shall be located and approved by the State Highway Administrator. (1975, c. 639, s. 1; 1977, c. 464, s. 7.1.)

§§ 136-65, 136-66: Repealed by Session Laws 1943, c. 410.

Article 3A.

Streets and Highways in and around Municipalities.

§ 136-66.1. Responsibility for streets inside municipalities.

Responsibility for streets and highways inside the corporate limits of municipalities is hereby defined as follows:

(1) The State Highway System. — The State highway system inside the corporate limits of municipalities shall consist of a system of major streets and highways necessary to move volumes of traffic efficiently and effectively from points beyond the corporate limits of the municipalities through the municipalities and to major business, industrial, governmental and institutional destinations located inside the municipalities. The Department of Transportation shall be responsible for the maintenance, repair, improvement, widening, construction and reconstruction of this system. These streets and highways within corporate limits are of primary benefit to the State in developing a statewide coordinated system of primary and secondary streets and highways.

(2) The Municipal Street System. — In each municipality the municipal street system shall consist of those streets and highways accepted by the municipality which are not a part of the State highway system. The municipality shall be responsible for the maintenance, construction, reconstruction, and right-of-way acquisition for this system.

(3) Maintenance of State Highway System by Municipalities. — Any city or town, by written contract with the Department of Transportation, may undertake to maintain, repair, improve, construct, reconstruct or widen those streets within municipal limits which form a part of the State highway system, and may also, by written contract with the Department of Transportation, undertake to install, repair and maintain highway signs and markings, electric traffic signals and other traffic-control devices on such streets. All work to be performed by the city or town under such contract or contracts shall be in accordance with Department of Transportation standards, and the consideration to be paid by the Department of Transportation to the city or town for such work, whether in money or in services, shall be adequate to reimburse the city or town for all costs and expenses, direct or indirect, incurred by it in the performance of such work.

(4) If the governing body of any municipality determines that it is in the best interest of its citizens to do so, it may expend its funds for the purpose of making any of the following improvements on streets that are within its corporate limits and form a part of the State highway system:

a. Construction of curbing and guttering.

b. Adding of lanes for automobile parking.

c. Constructing street drainage facilities which may by reasonable engineering estimates be attributable to that amount of surface

water collected upon and flowing from municipal streets which do not form a part of the State highway system.

d. Constructing sidewalks.

e. Intersection improvements, if the governing body determines that such improvements will decrease traffic congestion, improve safety conditions, and improve air quality.

In exercising the authority granted herein, the municipality may, with the consent of the Department of Transportation, perform the work itself, or it may enter into a contract with the Department of Transportation to perform such work. Any work authorized by this subdivision shall be financed entirely by the municipality and be approved by the Department of Transportation.

The cost of any work financed by a municipality under this subdivision may be assessed against the properties abutting the street or highway upon which such work was performed in accordance with the procedures of either Article 10 of Chapter 160A of the General Statutes or any charter provisions or local acts applicable to the particular municipality. (1959, c. 687, s. 1; 1969, cc. 798, 978; 1973, c. 507, s. 5; 1975, c. 664, s. 3; 1977, c. 464, s. 7.1; 1987, c. 747, s. 2; 1993 (Reg. Sess., 1994), c. 690, s. 1; 1995, c. 163, s. 14.)

CASE NOTES

Department Is Responsible for City Street in State System. — When a city street becomes a part of the State highway system, the State Highway Commission (now Department of Transportation) is responsible for its condition thereafter to the same extent as if originally constructed by it; and this applies to the fill and culvert as well as to the surface areas of the highway. Sherrill v. North Carolina State Hwy. Comm'n, 264 N.C. 643, 142 S.E.2d 653 (1965).

This section and G.S. 160-54 (now repealed) and 136-93 indicate that the State Highway Commission (now Department of Transportation) is under a statutory obligation with reference to the construction, maintenance and repair of all city streets, including culverts which support city streets, which constitute a part of the State highway system. Milner Hotels, Inc. v. City of Raleigh, 271 N.C. 224, 155 S.E.2d 543 (1967).

Reasons for Deletion of Street from State Highway System. — When read together, this section and G.S. 136-66.2 and 136-66.3 indicate that a municipal street or road is included within the State highway system because it possesses certain characteristics that distinguish it from other streets in the municipality. From the language in the applicable statutes, these characteristics relate primarily to the function served by the particular street. In contrast, public roads not within municipalities are part of the State highway system not because of their function, but because of their geographic location outside the corporate limits of a municipality. Thus, there is a qualitative distinction between roads which are a part of the State highway system because they are not within a municipality and roads which are in a municipality but are nevertheless part of the State highway system because of the function they serve. It follows logically that the reasons justifying deletion of a street from the State system and incorporating it into a municipality system will vary according to the reasons why it was in the State system to begin with. City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983).

Municipality May Not Contract to Take Over Obligations of Department. — This section and G.S. 160-54 (now repealed) and 136-93 do not authorize a municipality, in the absence of specific legislative authority, to contract to take over the responsibilities of the State Highway Commission (now Department of Transportation) with reference to the construction, maintenance and repair of city streets and supporting culverts which constitute a part of the State highway system. Milner Hotels, Inc. v. City of Raleigh, 271 N.C. 224, 155 S.E.2d 543 (1967).

City Not Responsible for Controlled Access Areas. — All areas within the boundaries of the "controlled access" area are part of the State Highway system and were excepted from contract between the city and NCDOT; thus, city was not responsible for dangerous conditions within the "controlled access" areas. Eakes v. City of Durham, 125 N.C. App. 551, 481 S.E.2d 403 (1997).

Liability of City When Maintenance Contracted. — An individual user of a street, which is part of the State highway system, who sustains personal injuries or property damage

as the result of a dangerous condition of such street, cannot maintain an action for damages against a city which contracted with the Department of Transportation to repair or remove such condition and then did nothing whatsoever about it. Matternes v. City of Winston-Salem, 286 N.C. 1, 209 S.E.2d 481 (1974).

Limited Liability of City When Street Becomes Part of State System. — When a city street becomes a part of the State highway system, the Board of Transportation is responsible for its maintenance thereafter which includes the control of all signs and structures within the right-of-way. Therefore, in the absence of any control over a State highway within its border, a municipality has no liability for injuries resulting from a dangerous condition of such street unless it created or increased such condition. Shapiro v. Toyota Motor Co., 38 N.C. App. 658, 248 S.E.2d 868 (1978).

City Had No Responsibility for Maintenance or Condition of Traffic Signal. — Where the portions of roads in question were part of the state highway system, and as such, the responsibility of the N.C. Department of Transportation (NCDOT), apart from its contract with the NCDOT, city had no responsibility for the maintenance or condition of the traffic signal in question. Colombo v. Dorrity, 115 N.C. App. 81, 443 S.E.2d 752, cert. denied, 337 N.C. 689, 448 S.E.2d 517 (1994).

Cited in Coleman v. Burris, 265 N.C. 404, 144 S.E.2d 241 (1965); General Greene Inv. Co. v. Greene, 48 N.C. App. 29, 268 S.E.2d 810 (1980); Town of Emerald Isle ex rel. Smith v. State, 320 N.C. App. 640, 360 S.E.2d 756 (1987); Estate of Jiggetts v. City of Gastonia, 128 N.C. App. 410, 497 S.E.2d 287 (1998).

OPINIONS OF ATTORNEY GENERAL

No Retroactive Application to Allow Payment for. — See opinion of Attorney General to Mr. Hobart Brantley, Spring Hope Town Attorney, 40 N.C.A.G. 515 (1970).

Use of Powell Bill Funds. — Powell Bill funds may not be used for drainage purposes generally but may be used to pay for a portion of the cost of drainage facilities on a State highway system street which is necessary to provide for drainage arising from streets in the municipal street system for which the municipality is responsible. Opinion of Attorney General to Mr. William S. Withers, 41 N.C.A.G. 656 (1971).

Maintenance of Streets and Highways. — Municipalities have the duty and responsibility of constructing and maintaining streets and highways on the Municipal Street System and the Department of Transportation has the duty and responsibility to maintain streets and highways on the State Highway System. See opinion of the Attorney General to Mr. Ralph D. Karpinos, Town Attorney, Chapel Hill, 58 N.C.A.G. 17 (Feb. 26, 1988).

§ 136-66.2. Development of a coordinated transportation system and provisions for streets and highways in and around municipalities.

(a) Each municipality, not located within a metropolitan planning organization (MPO) as recognized in G.S. 136-200.1, with the cooperation of the Department of Transportation, shall develop a comprehensive transportation plan that will serve present and anticipated travel demand in and around the municipality. The plan shall be based on the best information available including, but not limited to, population growth, economic conditions and prospects, and patterns of land development in and around the municipality, and shall provide for the safe and effective use of the transportation system. In the development of the plan, consideration shall be given to all transportation modes including, but not limited to, the street system, transit alternatives, bicycle, pedestrian, and operating strategies. The Department of Transportation may provide financial and technical assistance in the preparation of such plans. Each MPO, with cooperation of the Department of Transportation, shall develop a comprehensive transportation plan in accordance with 23 U.S.C. § 134. In addition, an MPO may include projects in its transportation plan that are not included in a financially constrained plan or are anticipated to be needed beyond the horizon year as required by 23 U.S.C. § 134. For municipalities located within an MPO, the development of a comprehensive transportation plan will take place through the metropolitan planning organization.

For purposes of transportation planning and programming, the MPO shall represent the municipality's interests to the Department of Transportation.

(b) After completion and analysis of the plan, the plan shall be adopted by both the governing body of the municipality or MPO and the Department of Transportation as the basis for future transportation improvements in and around the municipality or within the MPO. The governing body of the municipality and the Department of Transportation shall reach agreement as to which of the existing and proposed streets and highways included in the adopted plan will be a part of the State highway system and which streets will be a part of the municipal street system. As used in this Article, the State highway system shall mean both the primary highway system of the State and the secondary road system of the State within municipalities.

(b1) The Department of Transportation may participate in the development and adoption of a transportation plan or updated transportation plan when all local governments within the area covered by the transportation plan have adopted land development plans within the previous five years. The Department of Transportation may participate in the development of a transportation plan if all the municipalities and counties within the area covered by the transportation plan are in the process of developing a land development plan. The Department of Transportation may not adopt or update a transportation plan until a local land development plan has been adopted. A qualifying land development plan may be a comprehensive plan, land use plan, master plan, strategic plan, or any type of plan or policy document that expresses a jurisdiction's goals and objectives for the development of land within that jurisdiction. At the request of the local jurisdiction, the Department may review and provide comments on the plan but shall not provide approval of the land development plan.

(b2) The municipality or the MPO shall provide opportunity for public comments prior to adoption of the transportation plan.

(b3) Each county, with the cooperation of the Department of Transportation, may develop a comprehensive transportation plan utilizing the procedures specified for municipalities in subsection (a) of this section. This plan may be adopted by both the governing body of the county and the Department of Transportation. For portions of a county located within an MPO, the development of a comprehensive transportation plan shall take place through the metropolitan planning organization.

(b4) To complement the roadway element of the transportation plan, municipalities and MPOs may develop a collector street plan to assist in developing the roadway network. The Department of Transportation may review and provide comments but is not required to provide approval of the collector street plan.

(c) From and after the date that the plan is adopted, the streets and highways designated in the plan as the responsibility of the Department of Transportation shall become a part of the State highway system and all such system streets shall be subject to the provisions of G.S. 136-93, and all streets designated in the plan as the responsibility of the municipality shall become a part of the municipal street system.

(d) For municipalities not located within an MPO, either the municipality or the Department of Transportation may propose changes in the plan at any time by giving notice to the other party, but no change shall be effective until it is adopted by both the Department of Transportation and the municipal governing board. For MPOs, either the MPO or the Department of Transportation may propose changes in the plan at any time by giving notice to the other party, but no change shall be effective until it is adopted by both the Department of Transportation and the MPO.

(e) Until the adoption of a comprehensive transportation plan that includes future development of the street system in and around municipalities, the

Department of Transportation and any municipality may reach an agreement as to which existing or proposed streets and highways within the municipal boundaries shall be added to or removed from the State highway system.

(f) Streets within municipalities which are on the State highway system as of July 1, 1959, shall continue to be on that system until changes are made as provided in this section.

(g) The street and highway elements of the plans developed pursuant to G.S. 136-66.2 shall serve as the plan referenced in G.S. 136-66.10(a). (1959, c. 687, s. 2; 1969, c. 794, s. 3; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 2001-168, s. 1.)

Local Modification. —
Village of Bald Head Island: 1997-324, s. 1.

CASE NOTES

Sections 136-45 and 136-54 were not repealed with respect to municipal streets by enactment of this section. Sections 136-45 and 136-54 have both been amended numerous times since 1959, and there has been no mention of their repeal. Repeal by implication is not favored in the law, and statutes dealing with the same subject matter must be construed in pari materia, and harmonized if possible to give each effect. Town of Morehead City v. North Carolina Dep't of Transp., 74 N.C. App. 66, 327 S.E.2d 602 (1985).

Municipalities Are Subordinate to Department of Transportation. — The general grant of authority to municipalities over streets is subordinate to the Department of Transportation's rights and duties to maintain the State highway system. Town of Morehead City v. North Carolina Dep't of Transp., 74 N.C. App. 66, 327 S.E.2d 602 (1985).

Reasons for Deletion of Street from State Highway System. — When read together, this section and G.S. 136-66.1 and 136-66.3 indicate that a municipal street or road is included within the State highway system because it possesses certain characteristics that distinguish it from other streets in the municipality. From the language in the applicable statutes, these characteristics relate primarily to the function served by the particular street. In contrast, public roads not within municipalities are part of the State highway system not because of their function, but because of their geographic location outside the corporate limits of a municipality. Thus, there is a qualitative distinction between roads which are a part of the State highway system because they are not within a municipality and roads which are in a municipality but are nevertheless part of the State highway system because of the function they serve. It follows logically that the reasons justifying deletion of a street from the State system and incorporating it into a municipality system will vary according to the reasons why it was in the State system to begin with. City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983).

Cited in Batch v. Town of Chapel Hill, 92 N.C. App. 601, 376 S.E.2d 22 (1989).

§ 136-66.3. Municipal participation in improvements to the State highway system.

(a) Municipal Participation Authorized. — A municipality may, but is not required to, participate in the right-of-way and construction cost of a State highway improvement approved by the Board of Transportation under G.S. 143B-350(f)(4).

(b) Process for Initiating Participation. — A municipality interested in participating in the funding of a State highway improvement project may submit a proposal to the Department of Transportation. The Department and the municipality shall include their respective responsibilities for a proposed municipal participation project in any agreement reached concerning participation.

(c) Type of Participation Authorized. — A municipality is authorized and empowered to acquire land by dedication and acceptance, purchase, or eminent domain, and make improvements to portions of the State highway system lying within or outside the municipal corporate limits utilizing local funds that

have been authorized for that purpose. All improvements to the State highway system shall be done in accordance with the specifications and requirements of the Department of Transportation.

(c1) No TIP Disadvantage for Participation. — If a municipality participates in a State highway system improvement project, as authorized by this section, the Department shall ensure that the municipality's participation does not cause any disadvantage to any other project in the Transportation Improvement Program under G.S. 143B-350(f)(4) and located outside the municipality.

(c2) Distribution of State Funds Made Available by Municipal Participation. — Any State or federal funds allocated to a project that are made available by municipal participation in a project contained in the Transportation Improvement Program under G.S. 143B-350(f)(4) shall remain in the same funding region that the funding was allocated to under the distribution formula contained in G.S. 136-17.2A.

(c3) Limitation on Agreements. — The Department shall not enter into any agreement with a municipality to provide additional total funding for highway construction in the municipality in exchange for municipal participation in any project contained in the Transportation Improvement Program under G.S. 143B-350(f)(4).

(d) Authorization to Participate in Development-Related Improvements. — When in the review and approval by a municipality of plans for the development of property abutting the State highway system it is determined by the municipality that improvements to the State highway system are necessary to provide for the safe and orderly movement of traffic, the municipality is authorized to construct, or have constructed, said improvements to the State highway system in vicinity of the development. For purposes of this section, improvements include but are not limited to additional travel lanes, turn lanes, curb and gutter, and drainage facilities. All improvements to the State highway system shall be constructed in accordance with the specifications and requirements of the Department of Transportation and be approved by the Department of Transportation.

(e) Authorization to Participate in Project Additions. — Pursuant to an agreement with the Department of Transportation, a municipality may reimburse the Department of Transportation for the cost of all improvements, including additional right-of-way, for a street or highway improvement projects approved by the Board of Transportation under G.S. 143B-350(f)(4), that are in addition to those improvements that the Department of Transportation would normally include in the project.

(e1) Reimbursement Procedure. — Upon request of the municipality, the Department of Transportation shall allow the municipality a period of not less than three years from the date construction of the project is initiated to reimburse the Department their agreed upon share of the costs necessary for the project. The Department of Transportation shall not charge a municipality any interest during the initial three years.

(f) Report to General Assembly. — The Department shall report in writing, on a monthly basis, to the Joint Legislative Commission on Governmental Operations on all agreements entered into between municipalities and the Department of Transportation. The report shall state in summary form the contents of such agreements.

(g) Municipal Acquisition of Rights-of-Way. — In the acquisition of rights-of-way for any State highway system street or highway in or around a municipality, the municipality shall be vested with the same authority to acquire such rights-of-way as is granted to the Department of Transportation in this Chapter. In the acquisition of such rights-of-way, municipalities may use the procedures provided in Article 9 of this Chapter, and wherever the words "Department of Transportation" appear in Article 9 they shall be deemed

to include "municipality" or municipal governing body, and wherever the words "Administrator," "Administrator of Highways," "Administrator of the Department of Transportation," or "Chairman of the Department of Transportation" appear in Article 9 they shall be deemed to include "municipal clerk". It is the intention of this subsection that the powers herein granted to municipalities for the purpose of acquiring rights-of-way shall be in addition to and supplementary to those powers granted in any local act or in any other general statute, and in any case in which the provisions of this subsection or Article 9 of this Chapter are in conflict with the provisions of any local act or any other provision of any general statute, then the governing body of the municipality may in its discretion proceed in accordance with the provisions of such local act or other general statute, or, as an alternative method of procedure, in accordance with the provisions of this subsection and Article 9 of this Chapter.

(h) Department Authority Concerning Rights-of-Way. — In the absence of an agreement, the Department of Transportation shall retain authority to pay the full cost of acquiring rights-of-way where the proposed project is deemed important to a coordinated State highway system.

(i) Changes to Municipal Participation Agreement. — Either the municipality or the Department of Transportation may at any time propose changes in the agreement setting forth their respective responsibilities by giving notice to the other party, but no change shall be effective until it is adopted by both the municipal governing body and the Department of Transportation.

(j) Municipality Party to Rights-of-Way Proceeding. — Any municipality that agrees to contribute any part of the cost of acquiring rights-of-way for any State highway system street or highway shall be a proper party in any proceeding in court relating to the acquisition of such rights-of-way.

(k) Specified County Participation. — In addition to the authority given to Burke, Cabarrus, and Mecklenburg Counties by Chapter 478 of the 1993 Session Laws, these counties are authorized to participate in State highway improvement projects located anywhere in each respective county in accordance with this section. (1959, c. 687, s. 3; 1965, c. 867; 1967, c. 1127; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1987, c. 747, s. 3; 1989, c. 595, ss. 2, 3; 1991, c. 21, s. 1; 2000-188, s. 1; 2001-245, s. 2.)

Local Modification. — Cities of Charlotte, Concord, and Monroe and the towns of Cary and Weddington: 2001-245, s. 2.

CASE NOTES

Section does not apply to streets within municipalities that are not part of the State highway system or that have been properly deleted therefrom. City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983).

Reasons for Deletion of Street from State Highway System. — When read together, this section and G.S. 136-66.1 and 136-66.2 indicate that a municipal street or road is included within the State highway system because it possesses certain characteristics that distinguish it from other streets in the municipality. From the language in the applicable statutes, these characteristics relate primarily to the function served by the particular street. In contrast, public roads not within municipalities are part of the State highway system not because of their function, but because of their geographic location outside the corporate limits of a municipality. Thus, there is a qualitative distinction between roads which are a part of the State highway system because they are not within a municipality and roads which are in a municipality but are nevertheless part of the State highway system because of the function they serve. It follows logically that the reasons justifying deletion of a street from the State system and incorporating it into a municipality system will vary according to the reasons why it was in the State system to begin with. City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983).

City's Request for Deletion of Road from System Presumed in Good Faith. — Since a city's request for the deletion of a road from the State highway system is a discretionary act,

the city is presumed to have acted in good faith. Good faith in this context requires the city to furnish to the Board of Transportation sufficient information to allow it to make a proper decision. City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983).

Cited in City of Durham v. Bates, 273 N.C. 336, 160 S.E.2d 60 (1968).

§ 136-66.4. Rules and regulations; authority of municipalities.

The Department of Transportation shall have authority to adopt such rules and regulations as are necessary to carry out the responsibilities of the Department of Transportation under this Article, and municipalities shall have and may exercise such authority as is necessary to carry out their responsibilities under this Article. (1959, c. 687, s. 4; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-66.5. Improvements in urban area streets to reduce traffic congestion.

(a) The Department of Transportation is authorized to enter into contracts with municipalities for highway improvement projects which are a part of an overall plan authorized under the provisions of section 135 of Title 23 of the United States Code, the purpose of which is to facilitate the flow of traffic in urban areas. In connection with these contracts, the Department of Transportation and the municipalities are authorized to enter into contracts for improvement projects on the municipal system of streets, and pursuant to contract with the municipalities, the Department of Transportation is authorized to construct or to let to contract the said improvement projects on streets on the municipal street system; provided that no portion of the cost of the improvements made on the municipal street system shall be paid from Department of Transportation funds except the proportionate share of funds received from the Federal Highway Administration and allocated for the purposes set out in section 135 of Title 23 of the United States Code. Pursuant to contract with the Department of Transportation, the municipalities may construct or let to contract the said improvement projects on the municipal street system and the Department of Transportation is authorized to pay over to the municipalities the proportionate share of funds received pursuant to section 135 of Title 23 of the United States Code; provided that no portion of the costs of the improvements made on the municipal street system shall be paid for from the State Highway Fund except those received from the Federal Highway Administration and allocated for the purpose set out in section 135 of Title 23 of the United States Code.

(b) The municipalities are authorized to enter into contracts with the Department of Transportation for improvement projects which are a part of an overall plan authorized under the provisions of section 135 of Title 23 of the United States Code, the purpose of which is to facilitate the flow of traffic in urban areas, on the State highway system streets within the municipalities with the approval of the Federal Highway Administration. Pursuant to contract for the foregoing improvement projects, the municipalities are authorized to construct or let to contract the said improvement projects and the Department of Transportation is authorized to reimburse the municipalities for the cost of the construction of the said improvement projects.

(c) The municipalities in which improvements are made pursuant to section 135 of Title 23 of the United States Code shall provide proper maintenance and operation of such completed projects and improvements on the municipal system streets or will provide other means for assuring proper maintenance and operation as is required by the Department of Transportation. In the event

the municipality fails to maintain such project or provide for their proper maintenance, the Department of Transportation is authorized to maintain the said projects and improvements and deduct the cost from allocations to the municipalities made under the provisions of G.S. 136-41.1. (1969, c. 794, s. 1; 1973, c. 507, ss. 5, 19; 1977, c. 464, s. 7.1.)

§ 136-66.6. Arrangements in a consolidated city-county.

The provisions of this Article applying to municipalities apply to each consolidated city-county with respect to each urban service district defined by its governing board that includes the total area of a previously existing municipality in the same manner as if the urban service district were a municipality. The provisions of this Article do not apply to any consolidated city-county with respect to an urban service district defined by its governing board within previously unincorporated areas of the county unless the governing board determines that street services are to be provided within such urban service district. (1973, c. 537, s. 7.)

§ 136-66.7. Authority to include a Municipal Street System street in right-of-way of State Highway System.

(a) Notwithstanding any other provisions of Article 3A of Chapter 136, the provisions of Article 15 of Chapter 160A, or of any other statute, the Department of Transportation may include all or part of a Municipal Street System street as part of the right-of-way of a State Highway System street, highway, or bridge whenever the Board of Transportation determines that inclusion of the Municipal Street System street is necessary to improve, relocate, or construct a State Highway System street, highway, or bridge.

(b) Beginning January 1, 1985, the Department may not exercise such authority unless 90 days written notice to the governing body of the affected municipality is provided; and the Department shall hold a public hearing on the issue with 30 days published notice upon the written official request of the governing body received by the Department no less than 45 days after receipt of the notice to the governing body. (1983 (Reg. Sess., 1984), c. 1020.)

§§ 136-66.8, 136-66.9: Reserved for future codification purposes.

Article 3B.

Dedication of Right-of-Way with Density or Development Rights Transfer.

§ 136-66.10. Dedication of right-of-way under local ordinances.

(a) Whenever a tract of land located within the territorial jurisdiction of a city or county's zoning or subdivision control ordinance or any other land use control ordinance authorized by local act is proposed for subdivision or for use pursuant to a zoning or building permit, and a portion of it is embraced within a corridor for a street or highway on a plan established and adopted pursuant to G.S. 136-66.2, a city or county zoning or subdivision ordinance may provide for the dedication of right-of-way within that corridor pursuant to any applicable legal authority, or:

(1) A city or county may require an applicant for subdivision plat approval or for a special use permit, conditional use permit, or special exception, or for any other permission pursuant to a land use control ordinance authorized by local act to dedicate for street or highway purpose, the right-of-way within such corridor if the city or county allows the applicant to transfer density credits attributable to the dedicated right-of-way to contiguous land owned by the applicant. No dedication of right-of-way shall be required pursuant to this subdivision unless the board or agency granting final subdivision plat approval or the special use permit, conditional use permit, special exception, or permission shall find, prior to the grant, that the dedication does not result in the deprivation of a reasonable use of the original tract and that the dedication is either reasonably related to the traffic generated by the proposed subdivision or use of the remaining land or the impact of the dedication is mitigated by measures provided in the local ordinance.

(2) If a city or county does not require the dedication of right-of-way within the corridor pursuant to subdivision (1) of this subsection or other applicable legal authority, but an applicant for subdivision plat approval or a zoning or building permit, or any other permission pursuant to a land use control ordinance authorized by local act elects to dedicate the right-of-way, the city or county may allow the applicant to transfer density credits attributable to the dedicated right-of-way to contiguous land that is part of a common development plan or to transfer severable development rights attributable to the dedicated right-of-way to noncontiguous land in designated receiving districts pursuant to G.S. 136-66.11.

(b) When used in this section, the term "density credit" means the potential for the improvement or subdivision of part or all of a parcel of real property, as permitted under the terms of a zoning and/or subdivision ordinance, and/or other land use control ordinance authorized by local act, expressed in dwelling unit equivalents or other measures of development density or intensity or a fraction or multiple of that potential that may be transferred to other portions of the same parcel or to contiguous land in that is part of a common development plan. (1987, c. 747, s. 7, 1989, c. 595, s. 4.)

Cross References. — As to street and highway elements of the plans developed pursuant to G.S. 136-66.2 serving as the plan referred to in G.S. 136-66.10(a), see G.S. 136-66.2.

Editor's Note. — Session Laws 1987, c. 747, s. 25 provided that as used in the act, the word "municipality" means a "city" as defined by G.S. 160A-1.

CASE NOTES

Merely providing municipal services to homeowners in a subdivision within a municipality does not constitute an implied acceptance by the municipality of dedication of a road when the homeowners have paid for those services by the payment of their ad valorem taxes. Concerned Citizens of Brunswick County Taxpayer's Ass'n v. State ex rel. Rhodes, 95 N.C. App. 38, 381 S.E.2d 810, rev'd on other grounds, 329 N.C. 37, 404 S.E.2d 677 (1991).

Cited in Dellinger v. City of Charlotte, 114 N.C. App. 146, 441 S.E.2d 626 (1994).

§ 136-66.11. Transfer of severable development rights.

(a) When used in this section and in G.S. 136-66.10, the term "severable development right" means the potential for the improvement or subdivision of part or all of a parcel of real property, as permitted under the terms of a zoning and/or subdivision ordinance, expressed in dwelling unit equivalents or other measures of development density or intensity or a fraction or multiple of that

potential that may be severed or detached from the parcel from which they are derived and transferred to one or more other parcels located in receiving districts where they may be exercised in conjunction with the use or subdivision of property, in accordance with the provisions of this section.

(b) A city or county may provide in its zoning and subdivision control ordinances for the establishment, transfer, and exercise of severable development rights to implement the provisions of G.S. 136-66.10 and this section.

(c) City or county zoning or subdivision control provisions adopted pursuant to this authority shall provide that if right-of-way area is dedicated and severable development rights are provided pursuant to G.S. 136-66.10(a)(2) and this section, within 10 days after the approval of the final subdivision plat or issuance of the building permit, the city or county shall convey to the dedicator a deed for the severable development rights that are attributable to the right-of-way area dedicated under those subdivisions. If the deed for the severable development rights conveyed by the city or county to the dedicator is not recorded in the office of the register of deeds within 15 days of its receipt, the deed shall be null and void.

(d) In order to provide for the transfer of severable development rights pursuant to this section, the governing board shall amend the zoning ordinance to designate severable development rights receiving districts. These districts may be designated as separate use districts or as overlaying other zoning districts. No severable development rights shall be exercised in conjunction with the development of subdivision of any parcel of land that is not located in a receiving district. A city or county may, however, limit the maximum development density or intensity or the minimum size of lots allowed when severable development rights are exercised in conjunction with the development or subdivision of any eligible site in a receiving district. No plat for a subdivision in conjunction with which severable development rights are exercised shall be recorded by the register of deeds, and no new building, or part thereof, or addition to or enlargement of an existing building, that is part of a development project in conjunction with which severable development rights are exercised shall be occupied, until documents have been recorded in the office of the register of deeds transferring title from the owner of the severable development rights to the granting city or county and providing for their subsequent extinguishment. These documents shall also include any other information that the city or county ordinance may prescribe.

(e) In order to implement the purposes of this section a city or county may by ordinance adopt regulations consistent with the provisions of this section.

(f) A severable development right shall be treated as an interest in real property. Once a deed for severable development rights has been transferred by a city or county to the dedicator and recorded, the severable development rights shall vest and become freely alienable. (1987, c. 747, s. 7.)

Article 4.

Neighborhood Roads, Cartways, Church Roads, etc.

§ 136-67. Neighborhood public roads.

All those portions of the public road system of the State which have not been taken over and placed under maintenance or which have been abandoned by the Department of Transportation, but which remain open and in general use as a necessary means of ingress to and egress from the dwelling house of one or more families, and all those roads that have been laid out, constructed, or reconstructed with unemployment relief funds under the supervision of the Department of Health and Human Services, and all other roads or streets or

portions of roads or streets whatsoever outside of the boundaries of any incorporated city or town in the State which serve a public use and as a means of ingress or egress for one or more families, regardless of whether the same have ever been a portion of any State or county road system, are hereby declared to be neighborhood public roads and they shall be subject to all of the provisions of G.S. 136-68, 136-69 and 136-70 with respect to the alteration, extension, or discontinuance thereof, and any interested party is authorized to institute such proceeding, and in lieu of personal service with respect to this class of roads, notice by publication once a week in any newspaper published in said county, or in the event there is no such newspaper, by posting at the courthouse door and three other public places, shall be deemed sufficient: Provided, that this definition of neighborhood public roads shall not be construed to embrace any street, road or driveway that serves an essentially private use, and all those portions and segments of old roads, formerly a part of the public road system, which have not been taken over and placed under maintenance and which have been abandoned by the Department of Transportation and which do not serve as a necessary means of ingress to and egress from an occupied dwelling house are hereby specifically excluded from the definition of neighborhood public roads, and the owner of the land, burdened with such portions and segments of such old roads, is hereby invested with the easement or right-of-way for such old roads heretofore existing.

Upon request of the board of county commissioners of any county, the Department of Transportation is permitted, but is not required, to place such neighborhood public roads as above defined in a passable condition without incorporating the same into the State or county system, and without becoming obligated in any manner for the permanent maintenance thereof.

This section shall not authorize the reopening on abandoned roads of any railroad grade crossing that has been closed by order of the Department of Transportation in connection with the building of an overhead bridge or underpass to take the place of such grade crossing. (1929, c. 257, s. 1; 1933, c. 302; 1941, c. 183; 1949, c. 1215; 1957, c. 65, s. 11; 1969, c. 982; 1973, c. 476, s. 138; c. 507, s. 5; 1977, c. 464, s. 7.1; 1997-443, s. 11A.122.)

Legal Periodicals. — For note discussing the acquisition of the public use of roadways by statute and prescriptive easement in North Carolina, in light of West v. Slick, 313 N.C. 33, 326 S.E.2d 601 (1985), see 21 Wake Forest L. Rev. 807 (1986).

CASE NOTES

I. General Consideration.
II. Practice and Procedure.

I. GENERAL CONSIDERATION.

Purpose of Section. — See Speight v. Anderson, 226 N.C. 492, 39 S.E.2d 371 (1946).

Legislative Intent. — In enacting this section, the legislature intended to preserve the public right to use roads that would no longer be maintained by any government. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

The legislature in 1933 did not intend for courts to further whittle down the portions of roads referred to in this section to the bare necessary access routes between dwellings and state roads. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

History of Section. — The first statutory definition of neighborhood public road was enacted in 1933. The "private use" exclusion was added by amendment in 1941. And the remainder of the proviso, beginning after the phrase "essentially private use," was added in 1949. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

Easements in Abandoned Roads Retained for Use by Public. — By this section, the easements theretofore owned by the State in and to segments of abandoned road are retained and reserved by the State for use by the public, not as public highways but as neighborhood public roads. Every segment of public road which has been abandoned as a part of the

State road system coming within the terms of the statute is thus, by legislative enactment, established as a neighborhood public road. Woody v. Barnett, 235 N.C. 73, 68 S.E.2d 810 (1952).

Date of Determination of Roadway's Status. — The declaratory language used by the legislature in this section indicates the legislature's intention for the status of roadways to be determined as of the enactment dates of the applicable statutory definitions and exceptions. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

This section declares three distinct types of roads to be neighborhood public roads. The first portion of the section concerns only those roads which were once a part of the "public road system." The second type of road declared by this section to be a neighborhood public road was all those roads that had been laid out, constructed, or reconstructed with unemployment relief funds under the supervision of the Department of Public Welfare (now the Department of Human Resources). The third type declared by this section to be a neighborhood public road (after the 1941 and 1949 revisions) was all those roads outside the boundaries of municipal corporations which served a public use and as a means of ingress and egress for one or more families. Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972); West v. Slick, 313 N.C. 33, 326 S.E.2d 601 (1985).

Provisos Distinguished. — The proviso that no road serving an "essentially private use" could be declared a neighborhood public road should be distinguished from the requirement under the third definition that a road must have served a public use. The proviso allows for some public use, but requires a determination of whether the road was "essentially" a private or a public roadway. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

Applicability of Section to Roads Constituting "Necessary" Access to Dwelling. — The first part of this section, relating to roads which were once a part of the public road system, applies only to a road or roads which constitute a "necessary" access to a dwelling house. West v. Slick, 313 N.C. 33, 326 S.E.2d 601 (1985).

Under third part of this section, the elements required to be shown to establish a neighborhood public road are: (1) the road or street or portions thereof are outside the boundaries of any incorporated city or town, (2) serve a public use, and (3) serve as a means of ingress or egress, (4) for one or more families. This third part refers to traveled ways which were established easements or roads or streets in a legal sense at the time of the 1941 amendment to this section. West v. Slick, 313 N.C. 33, 326 S.E.2d 601 (1985).

Section Applies Only to Established Easements and Roads. — This section refers to traveled ways which were at the time of the adoption of Session Laws 1941, c. 183, established easements or roads or streets in a legal sense, and it cannot be construed to include ways of ingress and egress existing by consent of the landowner as a courtesy to a neighbor, nor to those adversely used for a time insufficient to create an easement. Speight v. Anderson, 226 N.C. 492, 39 S.E.2d 371 (1946); Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

The position of the "private use" proviso at the end of the entire, unified definitional part of this section indicates the probable intent of the legislature that the proviso be applied to each definition. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986), remanding for a determination of whether roadway served "an essentially private purpose" in 1941.

No road serving an essentially private use is embraced in the definition of neighborhood public road. Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

The proviso at the end of the first paragraph of this section makes clear the legislative intent that no road serving an essentially "private use" is embraced in the definition of neighborhood public road. Watkins v. Smith, 40 N.C. App. 506, 253 S.E.2d 354 (1979).

Road Serving Only Landowners, Their Guests and Invitees. — A road which served only as a driveway for the defendants and, until it was obstructed, as a driveway for the plaintiffs, their guests and invitees, is not a neighborhood public road within the meaning of this section. Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

Where roadway was used by defendants and their guests and invitees and by plaintiffs and their guests and invitees, such a road or driveway was not a neighborhood public road within the meaning of this section. Watkins v. Smith, 40 N.C. App. 506, 253 S.E.2d 354 (1979).

Road Maintained for Convenience of Landowner's Tenants. — Where all the evidence tended to show that the road in question was laid out and maintained primarily as a convenience for those who resided on defendants' tracts, no continuous use for a public purpose was disclosed within the meaning of this section. Speight v. Anderson, 226 N.C. 492, 39 S.E.2d 371 (1946).

Treatment of Roadway as Single Unit. — The fact that part of a roadway which petitioners sought to establish as a "neighborhood public road" grew in with trees and other plants in the late 1940's or that a portion was claimed

under a deed was immaterial under this section, and the court did not err in treating it as a single unit. Jarvis v. Powers, 80 N.C. App. 355, 343 S.E.2d 195 (1986).

A jury finding that a road was constructed with unemployment relief funds is not, standing alone, sufficient to sustain a judgment that a cartway was a neighborhood public road in the absence of a finding that it serves a public rather than a private use. Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

Where it was controverted whether the road in question was used permissively as a way to a private cemetery or whether it was used by the public under claim of right to a community cemetery, petitioners were not entitled to have it adjudicated a neighborhood public road solely upon a finding by the jury that it was constructed or reconstructed with employment relief funds under the supervision of the Department of Public Welfare (now Department of Human Resources). Raynor v. Ottoway, 231 N.C. 99, 56 S.E.2d 28 (1949).

Testimony that relief funds were used under authorization of the Department of Public Welfare (now Department of Human Resources) on a cemetery project and that the supervisor in charge of the work, upon suggestion of an interested worker, had the workers improve the road to the cemetery, was held insufficient to establish that the reconstruction of the road was authorized or directed by the Department of Public Welfare (now Department of Human Resources) within the meaning of this section. Raynor v. Ottoway, 231 N.C. 99, 56 S.E.2d 28 (1949).

Abutting Landowners Have Easement over Abandoned Highway. — Abutting landowners have an easement over a public highway abandoned by the State Highway Commission (now Department of Transportation). Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

But Their Right Is the Same as That of Public Generally. — This section merely fixes the status of roads abandoned by the State Highway Commission (now Department of Transportation) as public roads and does not invest any private easement in owners of property abutting the abandoned road, their right to the continued use of such road being the same as that of the public generally. Mosteller v. Southern Ry., 220 N.C. 275, 17 S.E.2d 133 (1941).

Relocation of Short Section to Cut Out Dangerous Curves or Inadequate Underpass. — Where the State Highway Commission (now Department of Transportation), in the interest of public safety, builds an overpass and relocates a short section of the road in order to cut out dangerous curves and an inadequate underpass, and thereafter tears up the section of old road lying on one side of the underpass, the short section of old road is not a highway abandoned by the Commission (now Department) which remains open and in general use by the public within the purview of this section and does not become a public road. Mosteller v. Southern Ry., 220 N.C. 275, 17 S.E.2d 133 (1941).

Elimination of Dangerous Grade Intersection Underpass or Overpass. — Every segment of a public road which has been abandoned as a part of the State road system coming within the terms of this section is, by legislative enactment, established as a neighborhood public road; however, the elimination by the Highway Commission (now Department of Transportation) of a section of a road so as to exclude a dangerous grade intersection underpass or overpass is not a segment of an abandoned road "which remain(s) open and in general use" by the public so as to qualify it as a neighborhood road which must be kept open. Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964).

No Right to Install Sewer Line. — Where the scope of the easement vested in defendants by this section was only the right of ingress and egress, defendants did not have the right to install a sewer line on the property. Moore v. Leveris, 128 N.C. App. 276, 495 S.E.2d 153 (1998).

The foreshore is reserved for the use of the public. West v. Slick, 313 N.C. 33, 326 S.E.2d 601 (1985).

Applied in State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966); Whitehead Community Club v. Hoppers, 43 N.C. App. 671, 260 S.E.2d 94 (1979); Dotson v. Payne, 71 N.C. App. 691, 323 S.E.2d 362 (1984).

Cited in Woody v. Barnett, 243 N.C. 782, 92 S.E.2d 178 (1956); Pritchard v. Scott, 254 N.C. 277, 118 S.E.2d 890 (1961); Walton v. Meir, 10 N.C. App. 598, 179 S.E.2d 834 (1971); In re Easement of Right of Way, 90 N.C. App. 303, 368 S.E.2d 639 (1988).

II. PRACTICE AND PROCEDURE.

Procedure for Establishment or Discontinuance of Neighborhood Road. — The procedure for the establishment of a neighborhood public road, as well as the procedure to establish discontinuance thereof, is by special proceeding before the clerk, and although an interlocutory injunction in connection with the proceeding under the statute may be issued only by the judge, the superior court does not have original jurisdiction of the proceeding. Edwards v. Hunter, 246 N.C. 46, 97 S.E.2d 463 (1957).

The question of the discontinuance of a road

which is a neighborhood public road, within the meaning of this section, must be determined by a special proceeding instituted before the clerk; and where the question has been presented by petition to the board of county commissioners, the judgment of the superior court on appeal dismissing the petition is correct, but that part of the judgment providing that the road shall remain open is erroneous and will be stricken out on further appeal. In re Edwards, 206 N.C. 549, 174 S.E. 505 (1934).

Who May Maintain Proceeding. — Persons living along a highway which had been taken over by the State Highway Commission (now Department of Transportation), and subsequently abandoned by it, are "interested citizens" within the meaning of this section, and may maintain a proceeding to have the road established as a "neighborhood public road." Grady v. Grady, 209 N.C. 749, 184 S.E. 512 (1936).

Where plaintiff's allegations and evidence tended to show that the alleged public way to an old wharf had been abandoned by the Highway Commission (now Department of Transportation) when it took over the county roads, and that plaintiffs did not reside along the alleged public road, and that it was not necessary to them as a way of egress and ingress to their homes, but that they used same in getting to the old wharf to their boats for hunting and fishing parties, they failed to establish their right to the use of the passway as a neighborhood public road. Cahoon v. Roughton, 215 N.C. 116, 1 S.E.2d 362 (1939).

Complaint Must Allege Road Is Neighborhood Public Road or Refer to This Article. — An action seeking to enjoin defendants from obstructing an alleged public road, in which the complaint does not allege that the road in controversy is a neighborhood public road nor refer to this Article, is not one to establish a neighborhood public road under this Chapter. Gragg v. Burns, 9 N.C. App. 240, 175 S.E.2d 774 (1970).

Cartway's Effect on Prescriptive Easement. — Where the establishment of a cartway by petitioners' predecessor in title interrupted continuity of use, the petitioners failed to present evidence of the existence of a prescriptive easement and to make out a prima facie case that the road to their house, which the respondents had threatened to block off, was a public road. Roten v. Critcher, 135 N.C. App. 469, 521 S.E.2d 140, 1999 N.C. App. LEXIS 1156 (1999).

Use of Word "Declare" in Petition. — Where the petitioners seek to obtain a judicial declaration of the existence of those facts which are necessary to bring the road in question within the definition contained in this section, so as to procure the establishment thereof as a neighborhood public road as a matter of public record, they do not invoke the provisions of the Declaratory Judgment Act by the use of the word "declare," and the clerk of the superior court has jurisdiction over the proceeding. Woody v. Barnett, 235 N.C. 73, 68 S.E.2d 810 (1952).

Allegations Insufficient to Bring Road in Question Within Definition of This Section. — See Clinard v. Lambeth, 234 N.C. 410, 67 S.E.2d 452 (1951); Edwards v. Hunter, 246 N.C. 46, 97 S.E.2d 463 (1957).

Sufficiency of Evidence. — Evidence that prior to 1929 a road existed across certain lands from a river to another highway, that such way was used by the public at large, at its convenience, in going to fishing camps located on the river, but that the road was not taken over for maintenance by the State Highway Commission (now Department of Transportation), is sufficient to be submitted to the jury as to whether such road remained a neighborhood public road. Smith v. Moore, 254 N.C. 186, 118 S.E.2d 436 (1961).

Evidence was insufficient to support a finding that a road was a public road, but was sufficient to support a finding that it was a neighborhood public road within the meaning of this section. Wetherington v. Smith, 259 N.C. 493, 131 S.E.2d 33 (1963).

Findings Supporting Dismissal of Action. — Where an action to have a portion of abandoned highway adjudged to be a neighborhood public road under this section was submitted to the court under agreement of the parties, findings of fact by the court, supported by evidence, to the effect that the abandoned road was not necessary for ingress or egress to any dwelling, there having been byroads constructed giving access to the dwelling in question and connecting the schools involved, and that the abandoned road had not remained open and in general use by the public, were held to support judgment dismissing the action. Woody v. Barnett, 239 N.C. 420, 79 S.E.2d 789 (1954).

§ 136-68. Special proceeding for establishment, alteration or discontinuance of cartways, etc.; petition; appeal.

The establishment, alteration, or discontinuance of any cartway, church road, mill road, or like easement, for the benefit of any person, firm, associa-

tion, or corporation, over the lands of another, shall be determined by a special proceeding instituted before the clerk of the superior court in the county where the property affected is situated. Such special proceeding shall be commenced by a petition filed with said clerk and the service of a copy thereof on the person or persons whose property will be affected thereby. From any final order or judgment in said special proceeding, any interested party may appeal to the superior court for a jury trial de novo on all issues including the right to relief, the location of a cartway, tramway or railway, and the assessment of damages. The procedure established under Chapter 40A, entitled "Eminent Domain," shall be followed in the conduct of such special proceeding insofar as the same is applicable and in harmony with the provisions of this section. (1879, c. 82, s. 9; Code, s. 2023; Rev., s. 2683; C.S., s. 3835; 1931, c. 448; 1995, c. 513, s. 1.)

Local Modification. — Burke, Caldwell and Catawba: Pub. Loc. 1931, c. 313; Graham: Pub. Loc. 1935, c. 224; Lincoln: Pub. Loc. 1931, c. 313.

Editor's Note. — Session Laws 1995, c. 513, s. 4 provides in part: "This act applies to actions to establish cartways filed on or after the effective date, but before July 1, 1997."

Legal Periodicals. — For an article on statutory easements by necessity or cartways, see 75 N.C.L. Rev. 1943 (1997).

CASE NOTES

This Section and § 136-69 to Be Strictly Construed. — This section and G.S. 136-69, relating to the establishment of cartways for ingress and egress to a highway over intervening lands, are in derogation of common law and must be strictly construed. Brown v. Glass, 229 N.C. 657, 50 S.E.2d 912 (1948); Pritchard v. Scott, 254 N.C. 277, 118 S.E.2d 890 (1961).

This section and G.S. 136-69 are in derogation of the free and unrestricted use and enjoyment of realty by the owner of the land over which it is sought to establish a cartway, and must be strictly construed. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963); Turlington v. McLeod, 79 N.C. App. 299, 339 S.E.2d 44 (1986).

This section and G.S. 136-69 are in derogation of the rights of private property and must be strictly construed. Taylor v. West Virginia Pulp & Paper Co., 262 N.C. 452, 137 S.E.2d 833 (1964).

"Way of Necessity" and "Cartway" Distinguished. — Material differences between a way of necessity under the general law and a cartway condemned in accordance with this section and G.S. 136-69 include the following: If entitled to a "way of necessity" under the general law, a person is entitled thereto to as a matter of right. No payment of compensation therefor is required. On the other hand, the "peculiar way of necessity" is obtained by condemnation and payment of compensation for a specific cartway in those instances where petitioner has no reasonable access to a public road as a matter of legal right or by permission. Pritchard v. Scott, 254 N.C. 277, 118 S.E.2d 890 (1961).

A petitioner is not entitled to condemn a cartway if he presently has access to a public road. The fact that such permission may be temporary in nature, and may be withdrawn at some future time, is not relevant. Turlington v. McLeod, 79 N.C. App. 299, 339 S.E.2d 44 (1986).

A petition for a cartway will be denied if the petitioner has other reasonable access through a permissive right of way. Turlington v. McLeod, 79 N.C. App. 299, 339 S.E.2d 44 (1986).

Filing Exceptions to Commissioner's Report Is Prerequisite to Appeal. — Filing exceptions to a commissioner's report that establishes a statutory cartway and determines the compensation to be paid to the affected property owners is a prerequisite to appeal. Hancock v. Tenery, 131 N.C. App. 149, 505 S.E.2d 315 (1998).

Jurisdiction of Clerk. — The legislature has vested in the clerks of the superior courts of the State jurisdiction over proceedings relating to the establishment, maintenance, alteration, discontinuance, or abandonment of neighborhood public roads, church roads, and cartways. Proceedings under this Article ordinarily involve questions of fact rather than issues of fact. An expeditious method of entertaining and disposing of such proceedings, without unnecessarily cluttering the civil issue docket of the superior court, was desired. To this end jurisdiction was vested in the clerk. Woody v. Barnett, 235 N.C. 73, 68 S.E.2d 810 (1952).

Same — Does Not Extend to Establishing Alley Within Incorporated Town. — The law relating to cartways was not intended to withdraw from cities and towns any part of their exclusive control over their streets and

other public ways and confers no jurisdiction on the clerk of the superior court to establish an alley within an incorporated town. Parsons v. Wright, 223 N.C. 520, 27 S.E.2d 534 (1943).

Jurisdiction of Board of County Commissioners Under Local Law. — Under Pub. Loc. Laws 1923, c. 119, s. 12, a proceeding in Haywood County to establish cartways over the lands of others should have been instituted before the board of county commissioners, and not before the clerk, and the clerk of the superior court of that county had no jurisdiction of a proceeding for this relief instituted before him. Rogers v. Davis, 212 N.C. 35, 192 S.E. 872 (1937).

An action to obtain a judicial declaration of plaintiff's right to an easement appurtenant and by necessity over the lands of defendants is authorized by Chapter 1, Article 26, and the superior court has jurisdiction, it not being a special proceeding to establish a cartway, which must be instituted before the clerk. Carver v. Leatherwood, 230 N.C. 96, 52 S.E.2d 1 (1949).

Dismissal by Clerk Is Final Order. — The order of the clerk of superior court that petitioners' action be dismissed was certainly a "final order" within the meaning of this section. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Order of Clerk May Be Appealed. — An order of a clerk or superior court adjudging the right to a cartway is a final judgment and an appeal lies therefrom. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963).

When Appeal May Be Taken. — A defendant is not required to wait until a roadway is laid off before availing himself of the right to appeal, though he may, if he so elects, except to the order and defer his appeal until after the cartway has been located. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963).

Where the only issue to be tried has been determined adversely to the petitioners by the clerk of superior court, they have a right to have that determination reviewed by the judge of superior court, without further delay. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

When Appeal May Not Be Taken. — Where the Clerk of Court had not entered any order either confirming, amending or rejecting the report of the jury of view dated June 19, 1997, no "final order or judgment" had been entered pursuant to which an appeal might lie under this section and the trial court should have dismissed appeal as premature. Jones v. Winckelmann, 134 N.C. App. 143, 516 S.E.2d 876 (1999).

The dismissal of the respondents' interlocutory appeal was appropriate where dismissal would not ultimately preclude respondents from addressing the issue of whether petitioners are "landowners" and, therefore have a right to relief within the context of this section and G.S. 136-69; this section gives the respondent the option of appealing any final order or judgment in a special proceeding to establish a cartway to the superior court for a jury trial de novo on all issues. Onuska v. Barnwell, 140 N.C. App. 590, 537 S.E.2d 840, 2000 N.C. App. LEXIS 1244 (2000).

Possession and Use of Land Pending Appeal. — The provision in former G.S. 40-19, which gives the court the authority to give possession and use of land to the condemnor while pending appeal, is not applicable to proceedings to establish a cartway brought under this section. Lowe v. Rhodes, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

Superior Court Acquires Full Jurisdiction of Appeal from Clerk's Order. — Upon the docketing of an appeal of a clerk's final order on the civil issue docket the superior court acquires full jurisdiction thereof. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Bringing in Additional Parties. — If the judge feels that additional parties respondent are necessary before a determination of the appeal, he should enter such orders as necessary to bring them in, but it is not proper to remand the matter to the clerk of superior court without first passing upon the merits of petitioners' appeal. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Upon appeal from the clerk, the trial in superior court is de novo. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963).

When a case involving a cartway is appealed from the clerk to the superior court, trial in superior court is de novo. Lowe v. Rhodes, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

And it is the duty of the court to determine the issues of fact and questions of law involved. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

The issue to be tried in superior court is the same as before the clerk — whether petitioners are entitled to a cartway over some lands. It involves only the elements set out in G.S. 136-69. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963); Lowe v. Rhodes, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

The issue to be tried in superior court is the same as before the clerk. It does not involve the actual location of the road, or, as between defendants, whose lands shall be burdened thereby. These matters are for the jury of view, and it is error for the court to undertake to dispose of them. Candler v. Sluder, 259 N.C. 62, 130 S.E.2d 1 (1963).

If the issue to be determined by the judge on appeal is whether petitioners are entitled to a cartway over some lands, it does not involve the actual location of the road or whose land shall be burdened thereby, these being questions to

be initially determined by the jury of view. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Procedure Where Petitioners Are Entitled to Cartway. — If the judge determines that the petitioners are entitled to a cartway, he should so order and remand the matter to the clerk of superior court for the appointment of a jury of view and for further proceedings as prescribed by this section. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Procedure Where Petitioners Are Not Entitled to Cartway. — If the clerk of superior court's ruling that the petitioners are not entitled to a cartway is upheld by the judge of superior court, the proceeding should be dismissed. Taylor v. Askew, 11 N.C. App. 386, 181 S.E.2d 192 (1971).

Where it does not appear that a road is a neighborhood public road there is no necessity for any action or proceeding under this section to discontinue its use. Walton v. Meir, 14 N.C. App. 183, 188 S.E.2d 56, cert. denied, 281 N.C. 515, 189 S.E.2d 35 (1972).

Review of the Law Regarding Appeals in Cartway Proceedings Prior to 1931. — See Lowe v. Rhodes, 9 N.C. App. 111, 175 S.E.2d 721 (1970).

Applied in Garris v. Byrd, 229 N.C. 343, 49 S.E.2d 625 (1948); Wetherington v. Smith, 259 N.C. 493, 131 S.E.2d 33 (1963); Yount v. Lowe, 288 N.C. 90, 215 S.E.2d 563 (1975).

Cited in Waldroup v. Ferguson, 213 N.C. 198, 195 S.E. 615 (1938); Edwards v. Hunter, 246 N.C. 46, 97 S.E.2d 463 (1957); Andrews v. Lovejoy, 247 N.C. 554, 101 S.E.2d 395 (1958); Potter v. Potter, 251 N.C. 760, 112 S.E.2d 569 (1960); Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973); Turlington v. McLeod, 323 N.C. 591, 374 S.E.2d 394 (1988).

OPINIONS OF ATTORNEY GENERAL

Section does not provide for the establishment of a cartway for a home. See opinion of Attorney General to Bessie J. Cherry, Clerk of Superior Court, Beaufort County, 46 N.C.A.G. 222 (1977).

§ 136-69. Cartways, tramways, etc., laid out; procedure.

(a) If any person, firm, association, or corporation shall be engaged in the cultivation of any land or the cutting and removing of any standing timber, or the working of any quarries, mines, or minerals, or the operating of any industrial or manufacturing plants, or public or private cemetery, or taking action preparatory to the operation of any such enterprises, to which there is leading no public road or other adequate means of transportation, other than a navigable waterway, affording necessary and proper means of ingress thereto and egress therefrom, such person, firm, association, or corporation may institute a special proceeding as set out in the preceding section (G.S. 136-68), and if it shall be made to appear to the court necessary, reasonable and just that such person shall have a private way to a public road or watercourse or railroad over the lands of other persons, the court shall appoint a jury of view of three disinterested freeholders to view the premises and lay off a cartway, tramway, or railway of not less than 18 feet in width, or cableways, chutes, and flumes, and assess the damages the owner or owners of the land crossed may sustain thereby, and make report of their findings in writing to the clerk of the superior court. Exceptions to said report may be filed by any interested party and such exceptions shall be heard and determined by the clerk of the superior court. The clerk of the superior court may affirm or modify said report, or set the same aside and order a new jury of view. All damages assessed by a judgment of the clerk, together with the cost of the proceeding, shall be paid into the clerk's office before the petitioners shall acquire any rights under said proceeding.

(b) **(See editor's note)** Compensation to the landowner for the establishment of a cartway over the property of another shall be as provided in Chapter 40A Article 4 of the North Carolina General Statutes.

(c) Where a tract of land lies partly in one county and partly in an adjoining county, or where a tract of land lies wholly within one county and the public road nearest or from which the most practical roadway to said land would run,

lies in an adjoining county and the practical way for a cartway to said land would lead over lands in an adjoining county, then and in that event the proceeding for the laying out and establishing of a cartway may be commenced in either the county in which the land is located or the adjoining county through which said cartway would extend to the public road, and upon the filing of such petition in either county the clerk of the court shall have jurisdiction to proceed for the appointment of a jury from the county in which the petition is filed and proceed for the laying out and establishing of a cartway as if the tract of land to be reached by the cartway and the entire length of the cartway are all located within the bounds of said county in which the petition may be filed. (1798, c. 508, s. 1, P.R.; 1822, c. 1139, s. 1, P.R.; R.C., c. 101, s. 37; 1879, c. 258; Code, s. 2056; 1887, c. 46; 1903, c. 102; Rev., s. 2686; 1909, c. 364, s. 1; 1917, c. 187, s. 1; c. 282, s. 1; C.S., s. 3836; 1921, c. 135; Ex. Sess., 1921, c. 73; 1929, c. 197, s. 1; 1931, c. 448; 1951, c. 1125, s. 1; 1961, c. 71; 1965, c. 414, s. 1; 1981, c. 826, s. 1; 1995, c. 513, ss. 2, 3a.)

Editor's Note. — Session Laws 1995, c. 513, s. 4 provides: "This act is effective upon ratification but sections 2 and 3 expire on July 1, 1997. This act applies to actions to establish cartways filed on or after the effective date, but before July 1, 1997."

Session Laws 1995, c. 513, s. 3a, was codified as subsection (b) of this section at the direction of the Revisor of Statutes. The subsection (a) and (c) designations were assigned by the Revisor of Statutes.

Legal Periodicals. — For an article on statutory easements by necessity or cartways, see 75 N.C.L. Rev. 1943 (1997).

CASE NOTES

The dismissal of the respondents' interlocutory appeal was appropriate where dismissal would not ultimately preclude respondents from addressing the issue of whether petitioners are "landowners" and, therefore have a right to relief within the context of G.S. 136-68 and this section; G.S. 136-68 gives the respondent the option of appealing any final order or judgment in a special proceeding to establish a cartway to the superior court for a jury trial de novo on all issues. Onuska v. Barnwell, 140 N.C. App. 590, 537 S.E.2d 840, 2000 N.C. App. LEXIS 1244 (2000).

Cited in Jones v. Winckelmann, 134 N.C. App. 143, 516 S.E.2d 876 (1999).

§ 136-70. Alteration or abandonment of cartways, etc., in same manner.

Cartways or other ways established under this Article or heretofore established, may be altered, changed, or abandoned in like manner as herein provided for their establishment upon petition instituted by any interested party: Provided, that all cartways, tramways, or railways established for the removal of timber shall automatically terminate at the end of a period of five years, unless a greater time is set forth in the petition and the judgment establishing the same. (1798, c. 508, ss. 1, 2, 3, P.R.; 1834, c. 16, s. 1; R.C., c. 101, s. 38; Code, s. 2057; 1887, c. 46, s. 2; c. 266; Rev., s. 2694; C.S., s. 3837; 1931, c. 448; 1995, c. 513, s. 3.)

Cross References. — See Local Modification under G.S. 136-68.

Editor's Note. — Session Laws 1995, c. 513, s. 4 provides: "This act is effective upon ratification but sections 2 and 3 expire on July 1, 1997. This act applies to actions to establish cartways filed on or after the effective date, but before July 1, 1997."

Legal Periodicals. — For an article on statutory easements by necessity or cartways, see 75 N.C.L. Rev. 1943 (1997).

CASE NOTES

When Petitioner Acquires Servient Tract. — A petitioner who has acquired a right by order of the court, to have a cartway over the land of another, and who has afterwards obtained title to the servient tenement, has a right to obstruct and discontinue such cartway. Jacocks v. Newby, 49 N.C. 266 (1857).

Cited in Waldroup v. Ferguson, 213 N.C. 198, 195 S.E. 615 (1938); Woody v. Barnett, 235 N.C. 73, 68 S.E.2d 810 (1952).

§ 136-71. Church roads and easements of public utility lines laid out on petition; procedure.

Necessary roads or easements and right-of-ways for electric light lines, power lines, water lines, sewage lines, and telephone lines leading to any church or other place of public worship may be established in the same manner as set forth in the preceding sections of this Article upon petition of the duly constituted officials of such church. (1872-3, c. 189, ss. 1-3, 5; Code, ss. 2062, 2064; Rev., ss. 2687, 2689; C.S., s. 3838; 1931, c. 448; 1949, c. 382.)

CASE NOTES

Section Inapplicable. — As sewer line that defendants installed serviced only their residence, the provisions of this section were not applicable. Moore v. Leveris, 128 N.C. App. 276, 495 S.E.2d 153 (1998).

Cited in Waldroup v. Ferguson, 213 N.C. 198, 195 S.E. 615 (1938).

Article 4A.

Bicycle and Bikeway Act of 1974.

§ 136-71.6. How Article cited.

This Article may be cited as the North Carolina Bicycle and Bikeway Act of 1974. (1973, c. 1447, s. 1.)

§ 136-71.7. Definitions.

As used in this Article, except where the context clearly requires otherwise, the words and expressions defined in this section shall be held to have the meanings here given to them:

(1) Bicycle: A nonmotorized vehicle with two or three wheels tandem, a steering handle, one or two saddle seats, and pedals by which the vehicle is propelled.
(2) Bikeway: A thoroughfare suitable for bicycles, and which may either exist within the right-of-way of other modes of transportation, such as highways, or along a separate and independent corridor.
(3) Department: North Carolina Department of Transportation.
(4) Program: North Carolina Bicycle and Bikeway Program.
(5) Secretary: The Secretary of the North Carolina Department of Transportation. (1973, c. 1447, s. 2; 1975, c. 716, s. 7; 1977, c. 1021, s. 1.)

§ 136-71.8. Findings.

The General Assembly hereby finds that it is in the public interest, health, safety, and welfare for the State to encourage and provide for the efficient and safe use of the bicycle; and that to coordinate plans for bikeways most effectively with those of the State and local governments as they affect roads, streets, schools, parks and other publicly owned lands, abandoned roadbeds and conservation areas, while maximizing the benefits from the use of tax dollars, a single State agency, eligible to receive federal matching funds, should be designated to establish and maintain a statewide bikeways program. The General Assembly also finds that bikeways are a bona fide highway purpose, subject to the same rights and responsibilities, and eligible for the same considerations as other highway purposes and functions. (1973, c. 1447, s. 3; 1977, c. 1021, s. 1.)

§ 136-71.9. Program development.

The Department is designated as such State agency, responsible for developing and coordinating the program. (1973, c. 1447, s. 4.)

§ 136-71.10. Duties.

The Department will:

(1) Assist and cooperate with local governments and other agencies in the development and construction of local and regional bikeway projects;

(2) Develop and publish policies, procedures, and standards for planning, designing, constructing, maintaining, marking, and operating bikeways in the State; for the registration and security of bicycles; and for the safety of bicyclists, motorists and the public;

(3) Develop bikeway demonstration projects and safety training programs;

(4) Develop and construct a State bikeway system. (1973, c. 1447, s. 5.)

§ 136-71.11. Designation of bikeways.

Bikeways may be designated along and upon the public roads. (1973, c. 1447, s. 5.)

§ 136-71.12. Funds.

The General Assembly hereby authorizes the Department to include needed funds for the program in its annual budgets for fiscal years after June 30, 1975, subject to the approval of the General Assembly.

The Department is authorized to spend any federal, State, local or private funds available to the Department and designated for the accomplishment of this Article. Cities, towns, and counties may use any funds available. (1973, c. 1447, s. 6; 2003-256, s. 1.)

Local Modification. — Durham: 1998-89.

Effect of Amendments. — Session Laws 2003-256, s. 1, effective June 26, 2003, in the last sentence of the second paragraph, substituted "Cities, towns, and counties" for "Cities and towns."

§ 136-71.13. North Carolina Bicycle Committee; composition, meetings, and duties.

(a) There is hereby created a North Carolina Bicycle Committee within the Department of Transportation. The Bicycle Committee shall consist of seven members appointed by the Secretary. Members of the Committee shall receive per diem and necessary travel and subsistence expense in accordance with the provisions of G.S. 138-5. Initially, three members shall be appointed for two years, and four members for four years; thereafter each appointment shall be for four years. Upon the resignation of a member in midterm, the replacement shall be appointed for the remainder of the unexpired term. The Secretary shall make appointments to the Committee with a view to providing representation to each of the State's geographical regions and to the various types of bicycle users and interests.

(b) The Bicycle Committee shall meet in various sections of the State, not less than once in any three months, and at such other times as may be necessary to fulfill its duties. A majority of the members of the Committee shall constitute a quorum for the transaction of business. The staff of the bicycle and bikeway program shall serve the Committee, maintain the minutes of tee [the] meetings, research questions of bicycle transportation importance, and undertake such other activities for the Committee as may be consistent with the program's role within the Department.

(c) The Bicycle Committee shall have the following duties:

(1) To represent the interests of bicyclists in advising the Secretary on all matters directly or indirectly pertaining to bicycles and bikeways, their use, extent, location, and the other objectives and purposes of this Article;

(2) To adopt bylaws for guiding its operation, as well as an outline for pursuing a safer environment for bicycling in North Carolina;

(3) To assist the bicycle and bikeway program in the exercise of its duties within the Department; and

(4) To promote the best interests of the bicycling public, within the context of the total transportation system, to governing officials and the citizenry at large.

(d) The Secretary, with the advice of the Bicycle Committee, shall coordinate bicycle activities among the divisions of the Department, as well as between the Department of Transportation and the other departments. Further, he shall study bicycle and bikeway needs and potentials and report the findings of said studies, with the Committee's recommendations, to the appropriate policy or legislative bodies. The Secretary shall transmit an annual report to the Governor and General Assembly on bicycle and bikeway activities within the Department, including a progress report on the implementation of this Article. (1977, c. 1021, s. 1.)

Article 5.

Bridges.

§ 136-72. Load limits for bridges; penalty for violations.

The Department of Transportation shall have authority to determine the safe load-carrying capacity for any and all bridges on highways on the State highway system. It shall be unlawful for any person, firm, or corporation to drive, operate or tow on any bridge on the State highway system, any vehicle or combination of vehicles with a gross weight exceeding the safe load-carrying capacity established by the Department of Transportation and posted at each

end of the said bridge. Any person, firm, or corporation violating the provisions of this section shall be guilty of a Class 1 misdemeanor. (1931, c. 145, s. 16; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1975, c. 373, s. 1; 1977, c. 306; c. 464, s. 7.1; 1993, c. 539, s. 985; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

A violation of this section constitutes negligence per se. Byers v. Standard Concrete Prods. Co., 268 N.C. 518, 151 S.E.2d 38 (1966); Shephard v. North Carolina State Hwy. Comm'n, 2 N.C. App. 223, 162 S.E.2d 520 (1968).

§§ 136-73 through 136-75: Repealed by Session Laws 1979, c. 114, s. 1.

§ 136-76: Repealed by Session Laws 1965, c. 492.

§ 136-76.1. Bridge replacement program.

(a) The Department of Transportation is hereby directed to replace all bridges on the State highway system containing long through truss spans over 125 feet long with less than a 12 feet clear roadway width. The Department shall initiate a bridge replacement program as soon as possible and shall complete the replacement program of all such bridges by June 30, 1980. All such bridges now on the State highway system shall be replaced except those on roads where the traffic volume is low and the elimination of the bridge would be a minimum inconvenience to the public and the replacement cannot be justified. Such bridges not replaced shall be removed and taken off the State highway system. Provided, that the provisions of this subsection shall not apply to any bridge which has not been removed and replaced by June 30, 1980; these bridges shall continue to be included in the State Highway System, and shall be examined, repaired if necessary, updated and put into usable condition with weight limitations as safety may require.

(b) The Environment [Environmental] Policy Act contained in Article 1 of Chapter 113A shall not apply to the bridge replacement program provided for by this section. (1975, c. 889; 1977, c. 464, s. 7.1; 1981, c. 861.)

§ 136-77: Repealed by Session Laws 1979, c. 114, s. 1.

§ 136-78. Railroad companies to provide draws.

Railroad companies, erecting bridges across watercourses, shall attach and keep up good and sufficient draws, by which vessels may be allowed conveniently to pass. (1846, c. 51, ss. 1, 2; R.C., c. 101, s. 32; Code, s. 2051; Rev., s. 2701; C.S., s. 3800.)

§ 136-79: Repealed by Session Laws 1965, c. 491.

§ 136-80. Fastening vessels to bridges misdemeanor.

If any person shall fasten any decked vessel or steamer to any bridge that crosses a navigable stream, he shall be guilty of a Class 1 misdemeanor, and in the case of a bridge that crosses a county line, may be prosecuted in either county. (R.S., c. 104; R.C., c. 101, s. 31; 1858-9, c. 58, s. 1; Code, s. 2050; 1887, c. 93, s. 3; Rev., s. 3774; C.S., s. 3804; 1993, c. 539, s. 986; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-81. Department of Transportation may maintain footways.

The Department of Transportation shall have the power to erect and maintain adequate footways over swamps, waters, chasms, gorges, gaps, or in any other places whatsoever, whenever said Department of Transportation shall find that such footways are necessary, in connection with the use of the highways, for the safety and convenience of the public. (1817, c. 940, ss. 1, 2, P.R.; R.C., c. 101, s. 17; Code, s. 2029; Rev., s. 2695; C.S., s. 3785; 1921, c. 2; 1931, c. 145; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Article 6.

Ferries, etc., and Toll Bridges.

§ 136-82. Department of Transportation to establish and maintain ferries.

The Department of Transportation is vested with authority to provide for the establishment and maintenance of ferries connecting the parts of the State highway system, whenever in its discretion the public good may so require, and to prescribe and collect such tolls therefor as may, in the discretion of the Department of Transportation, be expedient.

To accomplish the purpose of this section said Department of Transportation is authorized to acquire, own, lease, charter or otherwise control all necessary vessels, boats, terminals or other facilities required for the proper operation of such ferries or to enter into contracts with persons, firms or corporations for the operation thereof and to pay therefor such reasonable sums as may in the opinion of said Department of Transportation represent the fair value of the public service rendered.

The Department of Transportation, notwithstanding any other provision of law, may operate, or contract for the operation of, concessions on the ferries and at ferry facilities to provide to passengers on the ferries food, drink, and other refreshments, personal comfort items, and souvenirs publicizing the ferry system. (1927, c. 223; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1989, c. 752, s. 101; 1995, c. 211, s. 1.)

CASE NOTES

Establishment or Maintenance of Ferry Deemed Construction of Highway for Purposes of Claims Adjustment. — A contract for the establishment of a ferry, which the Commission (now Department) may undertake by this section, is equivalent to the "construction of a highway." Repair or reconditioning, i.e., "maintenance", which the Commission (now Department) may undertake by this section, as a means of reestablishing ferry service, is a lesser act and is deemed to be included within "construction" for the G.S. 136-29 adjustment of claims. Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969).

OPINIONS OF ATTORNEY GENERAL

This section must be read in conjunction with the clearly expressed public policy that prohibits government agencies from competing with private industries in business. See opinion of Attorney General to E.H. McEntire, P.E., State Highway Chief Engineer, 59 N.C.A.G. 53 (1989).

The term "personal comfort items" in this section should be given its ordinary meaning in the context of the status as a passenger

on the ferry, i.e., such items that passengers on a ferry would usually or normally expect to be available to ferry passengers for sale for their personal comfort. (Such items as handkerchiefs, fingernail clippers/files, combs, tums, aspirin, first aid items, such as band-aids, Merthiolate and sun burn lotion.) See opinion of Attorney General to E.H. McEntire, P.E., State Highway Chief Engineer, 59 N.C.A.G. 53 (1989).

Sales Not Authorized by Section. — This section, which provides for concessions on ferries to provide for refreshments and "personal comfort items" to the passengers, does not authorize the sale of shirts, jackets, hats, visors, ash trays, coffee cups, postcards, and key chains. See opinion of Attorney General to E.H. McEntire, P.E., State Highway Chief Engineer, 59 N.C.A.G. 53 (1989).

§ 136-82.1. Authority to insure vessels operated by Department of Transportation.

The Department of Transportation is vested with authority to purchase liability insurance, hull insurance, and protection insurance on all vessels and boats owned, leased, chartered or otherwise controlled and operated by the Department of Transportation. (1961, c. 486; 1973, c. 507, s. 5; 1977, c. 464, s. 27.)

§ 136-82.2. State toll bridges.

(a) Toll. — The Department of Transportation may charge a toll for the use of a bridge that is included in the Highway Trust Fund Intrastate System Projects, which are listed in G.S. 136-179, and is at least three and one-half miles in length. The toll may not exceed ten dollars ($10.00) for a round trip or five hundred dollars ($500.00) for an annual pass for a vehicle. The Department may set different rates of fees for passenger motor vehicles and for property-carrying vehicles. The Department may employ personnel to collect the toll and may construct and operate a toll plaza for collection of the toll. Toll revenue that exceeds the cost of collecting the toll shall be credited to the Highway Trust Fund.

(b) Report. — The Department of Transportation shall report annually to the Joint Legislative Transportation Oversight Committee on a toll imposed under this section. The report shall state the amount of toll revenue collected, the number of users paying the toll, the cost of collecting the toll, and any other information requested by the Committee. (1993 (Reg. Sess., 1994), c. 765, s. 1.)

§ 136-83: Repealed by Session Laws 1977, c. 464, s. 22.

§§ 136-84 through 136-87: Repealed by Session Laws 1983, c. 684, s. 1.

§ 136-88. Authority of county commissioners with regard to ferries and toll bridges; rights and liabilities of owners of ferries or toll bridges not under supervision of Department of Transportation.

Subject to the provisions of G.S. 136-67, 136-99, and 153-198, the boards of commissioners of the several counties are vested, in regard to the establishment, operation, maintenance, and supervision of ferries and toll bridges on public roads not under the supervision and control of the Department of Transportation, with all the power and authority regarding ferries and toll bridges vested by law in county commissioners on the thirty-first day of March, 1931. And the owners or operators of ferries or toll bridges not under the supervision and control of the Department of Transportation shall be entitled

to the same rights, powers, and privileges, and subject to the same duties, responsibilities and liabilities, to which owners or operators of ferries or toll bridges were entitled or were subject on the thirty-first day of March, 1931. (1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Editor's Note. — Section 136-99, referred to in this section, was repealed by Session Laws 1971, c. 1106. Section 153-198, also referred to in this section, was repealed by Session Laws 1973, c. 822.

§ 136-89. Safety measures; guard chains or gates.

Each and every person, firm or corporation, owning or operating a public ferry upon any sound, bay, river, creek or other stream, shall have securely affixed and attached thereto, at each end of the same, a detachable steel or iron chain, or in lieu thereof a steel or iron gate, and so affixed and arranged that the same shall be closed or fastened across the opposite end from the approach, whenever any motor vehicle, buggy, cart, wagon, or other conveyance shall be driven upon or shall enter upon the same; and shall be securely fastened or closed at each end of the ferry after such motor vehicle, buggy, cart, wagon, or other conveyance shall have been driven or shall have entered upon the same. And the said gates or chains shall remain closed or fastened, at each end, until the voyage across the stream upon which said ferry is operated shall have been completed. The Department of Transportation, as to ferries under its supervision, and the respective boards of county commissioners, as to other ferries, shall fix and determine a standard weight or size of chain, and a standard size, type, or character of gate, for use by said ferries, leaving optional with the said owner or operator the use of chains or gates.

Any person, firm or corporation violating any of the provisions of this section shall be guilty of a Class 1 misdemeanor. (1923, c. 133; C.S., ss. 3825(a), 3825(b), 3825(c); 1927, c. 223; 1931, c. 145, s. 38; 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 539, s. 987; 1994, Ex. Sess., c. 24, s. 14(c).)

Controlled-Access Facilities.

§ 136-89.48. Declaration of policy.

The General Assembly hereby finds, determines, and declares that this Article is necessary for the immediate preservation of the public peace, health and safety, the promotion of the general welfare, the improvement and development of transportation facilities in the State, the elimination of hazards at grade intersections, and other related purposes. (1957, c. 993, s. 1.)

CASE NOTES

Designating Highway as "Controlled-Access" Is Exercise of Police Power. — When the State Highway Commission (now Department of Transportation) acts in the interest of public safety, convenience and general welfare, in designating highways as controlled-access highways, its action is the exercise of the police power of the State. Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376, cert. denied, 382 U.S. 822, 86 S. Ct. 50, 15 L. Ed. 2d 67 (1965).

Impairing Property Value by Exercise of Police Power Gives No Right to Compensation. — The impairment of the value of property by the exercise of police power, where property itself is not taken, does not entitle the owner to compensation. Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376, cert. denied, 382 U.S. 822, 86 S. Ct. 50, 15 L. Ed. 2d 67 (1965).

Applied in Moses v. State Hwy. Comm'n, 261 N.C. 316, 134 S.E.2d 664 (1964).

Cited in Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964); Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.49. Definitions.

When used in this Article:

(1) "Department" means the Department of Transportation.

(2) "Controlled-access facility" means a State highway, or section of State highway, especially designed for through traffic, and over, from or to which highway owners or occupants of abutting property, or others, shall have only a controlled right or easement of access.

(3) "Frontage road" means a way, road or street which is auxiliary to and located on the side of another highway, road or street for service to abutting property and adjacent areas and for the control of access to such other highway, road or street. (1957, c. 993, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

A "controlled-access facility," as defined in this section, is a limited access highway where the State Highway Commission (now Department of Transportation) acquires the legal right to cut off entirely the abutting owner's right of direct access to and from the highway on which his property abuts. Barnes v. North Carolina State Hwy. Comm'n, 257 N.C. 507, 126 S.E.2d 732 (1962).

"Frontage Road". — A road constructed by

the State Highway Commission (now Department of Transportation) to provide access to private property which would otherwise be landlocked by construction of a controlled-access highway is a "frontage road" within the meaning of this section and G.S. 136-89.52. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

An access road from old U.S. 29 to the property of a third party did not meet the statutory definition of a "frontage road" as that term is used in this Article, where the disputed access road, located as it was in an area remote from and not connecting to or entering at any point on U.S. 29, did not serve to facilitate access by the public or by the third party to U.S. 29, was not necessary to provide access because all other access had been denied, and was intended to serve a private and not public purpose. Pelham Realty Corp. v. Board of Transp., 50 N.C. App. 106, 272 S.E.2d 777 (1980), rev'd on other grounds, 303 N.C. 424, 279 S.E.2d 826 (1981).

When Remedy for Denial of Access to Highway May Be Asserted. — While the State has a right to cut adjacent landowners' access to highway off at any time, the State can only restrict such right of access when the highway is a controlled-access facility or is being converted to a controlled-access facility. It is at that point in time that the legislature has delegated a remedy to the deprived landowner of his abutter's right of access when it is denied and specified on a plat by the Department of Transportation. A non-controlled-access highway has no need for these types of remedies until the situation arises where it is necessary to effect measures for the safety of the public and in the public interest. Department of Transp. v. Craine, 89 N.C. App. 223, 365 S.E.2d 694, appeal dismissed, 322 N.C. 479, 370 S.E.2d 221 (1988), holding that evidence of right to deny access was improper in a condemnation proceeding by DOT to acquire a portion of defendants' property for a non-controlled-access highway project.

Applied in North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967); Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Cited in State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965); Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967); Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968); North Carolina State Hwy. Comm'n v. Mills Mfg. Co., 24 N.C. App. 478, 211 S.E.2d 460 (1975).

§ 136-89.50. Authority to establish controlled-access facilities.

The Department of Transportation may designate, establish, abandon, improve, construct, maintain and regulate controlled-access facilities as a part of the State highway system, National System of Interstate Highways, and Federal Aid Primary System whenever the Department of Transportation determines that traffic conditions, present or future, justify such controlled-access facilities, or the abandonment thereof. (1957, c. 993, s. 3; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Equal protection clause of the U.S. Const., Amend. XIV does not operate to prohibit the State Department of Transportation from establishing a controlled-access facility over one tract of land unless it also creates such facilities over every other tract which might be somewhat similarly situated. North Carolina State Hwy. Comm'n v. Mills Mfg. Co., 24 N.C. App. 478, 211 S.E.2d 460, appeal dismissed, 286 N.C. 722, 213 S.E.2d 722 (1975).

State Department of Transportation must be accorded a wide latitude in making a determination that traffic conditions, present or future, justify creating a controlled-access facility in one place and not in another. North Carolina State Hwy. Comm'n v. Mills Mfg. Co., 24 N.C. App. 478, 211 S.E.2d 460, appeal dismissed, 286 N.C. 722, 213 S.E.2d 722 (1975).

Cited in Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.51. Design of controlled-access facility.

The Department of Transportation is authorized so to design any controlled-access facility and so to regulate, restrict, or prohibit access as best to serve the traffic for which such facility is intended. In this connection the Department of Transportation is authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, or stripes, and the proper lane for such traffic by appropriate signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from or across controlled-access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time by the Department of Transportation. (1957, c. 993, s. 4; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Department May Forbid Construction and Use of Driveway. — There can be no doubt of the authority of the State Highway Commission (now Department of Transportation), upon its finding that the construction and use of a driveway, affording direct access from adjoining property onto a controlled-access highway, would be or is an obstruction to the free flow of traffic thereon, or a hazard to the safety of travelers upon the highway, to forbid the construction of the driveway or to prohibit its further use. Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967).

When Remedy for Denial of Access to Highway May Be Asserted. — While the State has a right to cut adjacent landowners' access to highway off at any time, the State can only restrict such right of access when the highway is a controlled-access facility or is being converted to a controlled-access facility. It is at that point in time that the legislature has delegated a remedy to the deprived landowner of his abutter's right of access when it is denied and specified on a plat by the Department of Transportation. A non-controlled-access highway has no need for these types of remedies until the situation arises where it is necessary to effect measures for the safety of the public and in the public interest. Department of Transp. v. Craine, 89 N.C. App. 223, 365 S.E.2d 694, appeal dismissed, 322 N.C. 479, 370 S.E.2d 221 (1988), holding that evidence of right to deny access was improper in a condemnation proceeding by DOT to acquire a portion of defendants' property for a non-controlled-access highway project.

Cited in Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.52. Acquisition of property and property rights.

For the purposes of this Article, the Department of Transportation may acquire private or public property and property rights for controlled-access facilities and service or frontage roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation in the same manner as now or hereafter authorized by law to acquire such property or property rights in connection with highways. The property rights acquired under the provisions of this Article may be in fee simple or an appropriate easement for right-of-way in perpetuity. In connection with the acquisition of property or property rights for any controlled-access facility or portion thereof, or frontage road in connection therewith, the Department of Transportation may, in its discretion, with the consent of the landowner, acquire an entire lot, parcel, or tract of land, if by so doing, the interests of the public will be best served, even though said entire lot, parcel, or tract is not immediately needed for the right-of-way proper.

Along new controlled-access highway locations, abutting property owners shall not be entitled to access to such new locations, and no abutter's easement of access to such new locations shall attach to said property. Where part of a tract of land is taken or acquired for the construction of a controlled-access

facility on a new location, the nature of the facility constructed on the part taken, including the fact that there shall be no direct access thereto, shall be considered in determining the fair market value of the remaining property immediately after the taking. (1957, c. 993, s. 5; 1969, c. 946; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Legal Periodicals. — For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

For a comment on the acquisition, abandonment, and preservation of rail corridors in North Carolina, see 75 N.C.L. Rev. 1989 (1997).

CASE NOTES

Editor's Note. — *A number of cases cited in the note below construe this section prior to the 1969 amendment, which deleted the language "the denial of such rights of access shall be considered in determining general damages" in the rewritten former last sentence, which is now the first sentence of the second paragraph.*

First Sentence of Section Does Not Create Right of View in Landowner. — The first sentence of this section is a grant of authority to the Department of Transportation to acquire an easement over or title to property not actually needed for roadbed, but needed to prevent blind intersections of highways or other hazardous situations. This sentence of the statute does not create a right of view or sight distance in individual landowners to and from their land nor does it suggest that an individual landowner has a right of view or sight distance for which compensation must be paid. North Carolina State Hwy. Comm'n v. English, 20 N.C. App. 20, 200 S.E.2d 429 (1973).

A landowner has no constitutional right to have anyone pass by his premises at all. Highways are built and maintained for public necessity, convenience and safety in travel and not for the enhancement of property along the route. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Department Is Vested with Broad Discretion. — It is well-settled law in this State that the State Highway Commission (now Department of Transportation) is vested by statute with broad discretionary authority in the performance of its statutory duties, and the court cannot substitute its judgment for that of the State Highway Commission (now Department of Transportation), and control the discretion vested in the State Highway Commission (now Department of Transportation) to acquire by condemnation property sought to be acquired for "controlled-access facilities"; the exercise by it of such discretionary authority and powers is not subject to judicial review, unless its action is so clearly unreasonable as to amount to oppressive and manifest abuse. State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965).

Department has authority to expropriate a school board's property for the purpose of acquiring land for a controlled-access highway facility, even though the property sought to be condemned is devoted to a public use and even though the school board itself is vested with power of expropriation. State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965).

The General Assembly by virtue of the provisions of this section has granted to the State Highway Commission (now Department of Transportation) acting in behalf of the State of North Carolina and for its sovereign purposes in constructing, developing and maintaining "a statewide system of roads and highways mensurate with the needs of the State as a whole," express and explicit power and authority in plain and unmistakable words to acquire by condemnation property owned by a city board of education for "controlled-access facilities." State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965).

Provided Compensation Is Paid Therefor. — There is nothing in the State Constitution inhibiting the legislature from granting express and explicit power and authority to the State Highway Commission (now Department of Transportation) to condemn for "controlled-access facilities" property owned by a city board of education and devoted to public use, except that the organic law provides that just compensation shall be paid for property so appropriated. State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965).

Authority to Acquire Rights-of-Way by Purchase. — The State Highway Commission (now Department of Transportation) has authority by virtue of G.S. 136-19 to acquire rights-of-way by purchase. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Consideration for Right-of-Way Agreement. — The State Highway Commission (now Department of Transportation) not only can pay money as consideration for a right-of-way agreement, but can grant to the landowner a right of access at a particularly designated point. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Construing Right-of-Way Agreement. — In construing a right-of-way agreement all of the language contained therein is to be considered, and a landowner can rely upon language creating easement rights and property rights greater than those of the general public. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Effect of Stipulation in Agreement as to Right to Access. — Where the State Highway Commission (now Department of Transportation), by agreement for compensation for the taking of a part of a tract of land, stipulates the right of such owner to access to the highway, the right of access as to the owner and his grantees by mesne conveyance is governed by the stipulations. Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967).

Where the agreement between the owner and the State Highway Commission (now Department of Transportation) for a taking of a part of land stipulated that the owner should have no right of access to the highway except at a designated survey station, the agreement, in order to have any meaning, must perforce contemplate direct access by the owner to the highway or to a ramp at or near the designated survey station, and the denial by the Commission (now Department) of such direct access constituted a taking, either of an easement appurtenant or of a right conferred by the agreement, entitling the owner or those claiming under him to compensation. Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967).

Refusing Access Retained Under Right-of-Way Agreement. — Compensation must be paid where under a right-of-way agreement the owner retains the right of access at a particular point and is subsequently refused access at that point. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Right-of-Way Agreement Made Before Enactment of Section. — See Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967).

Owner of land abutting highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

At common law the owner of land abutting a highway, while not entitled to access at all points along the boundary between his land and the highway, has a special right of easement for access purposes, and substantial interference with this free and convenient access to the highway is a "taking" of a property right for which he may recover just compensation. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

It is generally recognized that the owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the public road for access purposes, and this is a property right which cannot be damaged or taken from him without due compensation. State Hwy. Comm'n v. North Carolina Realty Corp., 4 N.C. App. 215, 166 S.E.2d 469 (1969).

A right of access to a public highway is an easement appurtenant to the land. The State Highway Commission (now Department of Transportation) stands in the position of a servient owner with the right to locate an access route under the general rule that where an easement is granted or reserved in general terms, which do not fix a specific location, then the owner of the servient estate has the right in the first instance to designate the specific location of such easement, subject to the limitation that this right be exercised in a reasonable manner with due regard to the rights of the owner of the easement. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The landowner has an easement consisting of the right of reasonable access to the particular highway on which his land abuts. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

The right of direct access from the plaintiff's land to the highway, whether it existed prior to the agreement or was created by it, was an easement appurtenant to the plaintiff's land and was a private property right in the plaintiff, over and above the plaintiff's right, as a member of the public, to use this ramp as a means of getting to the lanes of the highway. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

And Is Subject to Condemnation. — A right of access is an easement, a property right, and as such is subject to condemnation. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

The fact that landowner's right of access arose out of an agreement and a deed does not prevent its being a property right. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

Denial of Access Equivalent to Taking. — Since an abutting landowner has rights of access, a denial thereof is the equivalent of the taking thereof. State Hwy. Comm'n v. North Carolina Realty Corp., 4 N.C. App. 215, 166 S.E.2d 469 (1969).

A landowner is entitled to compensation where there is a complete denial of access, even if such access did not previously exist because the road in question is a newly constructed limited-access facility. State Hwy.

Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

But Not Where He Is Provided With Freely Accessible Service Road. — A landowner is entitled to no compensation for the restriction of access where he is provided with a freely accessible service road connecting with the highway on which is property formerly abutted. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

The last sentence of the second paragraph of this section, when read in conjunction with the first sentence of said paragraph, contemplates a situation where the remaining property abuts the new controlled-access highway. Where defendants are not denied access to a highway or roadway which abuts their property, the trial judge need not instruct the jury in accordance with the second paragraph. North Carolina State Hwy. Comm'n v. English, 20 N.C. App. 20, 200 S.E.2d 429 (1973).

Or Where He Is Merely Inconvenienced. — When a road or street is closed or abandoned so as to leave the landowner's property on a cul-de-sac and increase the distance one must travel to reach points in one direction, such inconvenience is not compensable. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

An abutting landowner is not entitled to compensation because of circuity of travel to and from his property; such inconvenience is held to be no different in kind, but merely in degree, from that sustained by the general public, and is damnum absque injuria. This principle does not extend to a situation where the closing of a road, even though private in nature, cuts off the landowner's access to any public road. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

When access has been interfered with by the State the question involved is one of "degree." If the interference is not substantial and if reasonable means of ingress and egress remains or is provided, there has been a legitimate exercise of the police power. If the interference is substantial and no reasonable means of ingress and egress remains or is provided, there has been a taking of a property right under the power of eminent domain. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Cutting Off Access over Private Way or Neighborhood Road. — To completely cut off one's access over a private way or neighborhood road to the nearest public road, without providing other reasonable access to a public road, may diminish the value of the land involved to the same extent as if access was denied to a public highway abutting the premises. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Restriction of Access to Protect Those Using Highway. — While a substantial or unreasonable interference with an abutting landowner's access constitutes the taking of a property right, the restriction of his right of entrance to reasonable and proper points so as to protect others who may be using the highway does not constitute a taking. Such reasonable restriction is within the police power of the sovereign and any resulting inconvenience is damnum absque injuria. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Limiting Access to One Traffic Lane by Construction of Median Strip. — The construction of a median strip so as to limit landowner's ingress and egress to lands for southbound travel when he formerly had direct access to both the north and southbound lanes has been held to be a valid traffic regulation adopted by the State Highway Commission (now Department of Transportation) in the exercise of the police power vested in it by statutes. Injury, if any, caused thereby is not compensable. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Elimination of Hazardous Access Point. — While the State Commission (now Department of Transportation) has the power to eliminate a hazardous access point, it cannot do so without paying the landowner for his property right. McNeill v. North Carolina State Hwy. Comm'n, 4 N.C. App. 354, 167 S.E.2d 58 (1969).

When Remedy for Denial of Access to Highway May Be Asserted. — While the State has a right to cut adjacent landowners' access to highway off at any time, the State can only restrict such right of access when the highway is a controlled-access facility or is being converted to a controlled-access facility. It is at that point in time that the legislature has delegated a remedy to the deprived landowner of his abutter's right of access when it is denied and specified on a plat by the Department of Transportation. A non-controlled-access highway has no need for these types of remedies until the situation arises where it is necessary to effect measures for the safety of the public and in the public interest. Department of Transp. v. Craine, 89 N.C. App. 223, 365 S.E.2d 694, appeal dismissed, 322 N.C. 479, 370 S.E.2d 221 (1988), holding that evidence of right to deny access was improper in a condemnation proceeding by DOT to acquire a portion of defendants' property for a non-controlled-access highway project.

Denial of access is to be considered in determining the fair market value of land immediately after the taking, and an instruction to the effect that the denial of access should not be taken into consideration is prejudicial error. North Carolina State Hwy.

Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

This section, by implication, requires the trial court to instruct the jury on the nature of the controlled-access facility, and that this denial of access should be considered in determining the fair market value of the remaining land. The failure to do so is error. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

Failure to Establish Facilities over Similar Tracts. — When a controlled-access facility is created by the Department of Transportation, the fact that such a facility has been established over one tract of land, but like facilities have not been established over other tracts similarly situated, must be taken into account in arriving at just compensation. North Carolina State Hwy. Comm'n v. Mills Mfg. Co., 24 N.C. App. 478, 211 S.E.2d 460, appeal dismissed, 286 N.C. 722, 213 S.E.2d 722 (1975).

Land May Be Condemned to Provide Access to Landlocked Private Property. — Condemnation of land by the State Highway Commission (now Department of Transportation) to provide access to private property which otherwise would have been landlocked by the construction of a controlled-access interstate highway was for a public purpose and was authorized by this section and G.S. 136-19 and 136-89.49. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

A service road alleviating a landlocked condition caused by the construction of a freeway constituted a public use whether such road served one property owner or many. North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970).

Applied in Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

Cited in French v. State Hwy. Comm'n, 273 N.C. 108, 159 S.E.2d 320 (1968).

§ 136-89.53. New and existing facilities; grade crossing eliminations.

The Department of Transportation may designate and establish controlled-access highways as new and additional facilities or may designate and establish an existing street or highway as included within a controlled-access facility. When an existing street or highway shall be designated as and included within a controlled-access facility the owners of land abutting such existing street or highway shall be entitled to compensation for the taking of or injury to their easements of access. The Department of Transportation shall have authority to provide for the elimination of intersections at grade of controlled-access facilities with existing State highways and county roads, and city and town streets, by grade separation or frontage road, or by closing off such roads and streets, or other public ways at the right-of-way boundary line of such controlled-access facility; and after the establishment of any controlled-access facility, no highway or street which is not part of said facility shall intersect the same at grade. No street or [of] any city or town and no State highway, county road, or other public way shall be opened into or connected with any such controlled-access facility without the consent and previous approval of the Department of Transportation. Such consent and approval shall be given only if the public interest shall be served thereby. (1957, c. 993, s. 6; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Legal Periodicals. — For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

CASE NOTES

North Carolina recognizes the fundamental right to just compensation as so grounded in natural law and justice that it is part of the fundamental law of this State, and imposes upon a governmental agency taking private property for public use a correlative duty to make just compensation to the owner of the property taken. This principle is considered in North Carolina as an integral part of the law of the land within the meaning of N.C. Const., Art. I, § 19. The requirement that just compensation be paid for land taken for a public use is

likewise guaranteed by U.S. Const., Amend. XIV. Department of Transp. v. Harkey, 308 N.C. 148, 301 S.E.2d 64 (1983).

Although North Carolina does not have an express constitutional provision against the taking of private property without just compensation, it is a prohibition firmly imbedded in State law. Department of Transp. v. Harkey, 308 N.C. 148, 301 S.E.2d 64 (1983).

The second sentence of this section applies where an existing street or highway is designated a controlled-access facility, thereby depriving a landowner of access from his property which he once had. North Carolina State Hwy. Comm'n v. English, 20 N.C. App. 20, 200 S.E.2d 429 (1973).

Abutting Owner Has Right in Street Beyond That of General Public. — The owner of property abutting a highway has a right in the street beyond that which is enjoyed by the general public since egress and ingress to his property is a necessity peculiar to himself. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

An owner of land abutting a highway or street has the right of direct access from his property to the traffic lanes of the highway. This is a right in the street beyond that which is enjoyed by the general public, or by himself as a member of the public, and different in kind, since egress from or ingress to his own property is a necessity peculiar to himself. Department of Transp. v. Harkey, 308 N.C. 148, 301 S.E.2d 64 (1983).

The elimination of direct access is a taking as a matter of law. Department of Transp. v. Harkey, 308 N.C. 148, 301 S.E.2d 64 (1983).

Access Cannot Be Taken Without Compensation. — The right of a property owner to reasonable access to a public highway which abuts his land is a property right which cannot be taken without compensation. State Hwy. Comm'n v. Raleigh Farmers Mkt., Inc., 263 N.C. 622, 139 S.E.2d 904, reaff'd on rehearing, 264 N.C. 139, 141 S.E.2d 10 (1965); North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

The owner of land abutting a highway has a right beyond that which is enjoyed by the general public, a special right of easement in the highway for access purposes, an easement appurtenant which cannot be damaged or taken from him without compensation and which consists of the right of access to the particular highway upon which the land abuts. Dr. T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971).

This right of direct access is an easement appurtenant which cannot be damaged or taken from him without compensation. Department of Transp. v. Harkey, 308 N.C. 148, 301 S.E.2d 64 (1983).

If There Is Taking or Destruction of a Preexisting Property Right. — When the State Highway Commission (now Department of Transportation), in the interest of the public safety, convenience and general welfare, without the taking or destruction of a property right, regulates the right to enter upon or to proceed along a controlled-access highway, the owner of land which is thereby diminished in value, such as by the diminution in volume of traffic upon the highway in front of it, is not entitled to compensation. Conversely, if such action by the Commission (now Department) is a taking or destruction of a preexisting property right, the owner of such right is entitled to compensation for its taking or destruction. In the latter event, the remedy of such property owner is by a proceeding under this Chapter. Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967).

But Requiring Circuity of Travel Does Not Give Right to Compensation. — If the abutting owner is afforded reasonable access, he is not entitled to compensation merely because of circuity of travel to reach a particular destination. State Hwy. Comm'n v. Raleigh Farmers Mkt., Inc., 263 N.C. 622, 139 S.E.2d 904, reaff'd on rehearing, 264 N.C. 139, 141 S.E.2d 10 (1965).

If afforded reasonable access to the highway on which his property abuts, the owner is not entitled to compensation merely because of circuity of travel to reach a particular destination. Dr. T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971).

When Remedy for Denial of Access to Highway May Be Asserted. — While the State has a right to cut adjacent landowners' access to highway off at any time, the State can only restrict such right of access when the highway is a controlled-access facility or is being converted to a controlled-access facility. It is at that point in time that the legislature has delegated a remedy to the deprived landowner of his abutter's right of access when it is denied and specified on a plat by the Department of Transportation. A non-controlled-access highway has no need for these types of remedies until the situation arises where it is necessary to effect measures for the safety of the public and in the public interest. Department of Transp. v. Craine, 89 N.C. App. 223, 365 S.E.2d 694, appeal dismissed, 322 N.C. 479, 370 S.E.2d 221 (1988), holding that evidence of right to deny access was improper in a condemnation proceeding by DOT to acquire a portion of defendants' property for a non-controlled-access highway project.

An abutting landowner is entitled to recover compensation for injury to his entire tract of land by reason of the denial of his abutter's rights of access to an existing

highway when the highway was made a part of a controlled-access facility, not just for injury to the portion of the tract directly abutting the highway. Dr. T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971).

Construction of Highway with Different Lanes for Different Kinds and Directions of Traffic. — An abutting property owner is not entitled to compensation because of the construction of a highway with different lanes for different kinds and directions of traffic, if he be afforded direct access by local traffic lanes to points designated for access to through traffic. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

Construction of Median Strip and Dead-Ending of Abutting Streets. — Where plaintiffs retained full right of access to and from all abutting streets and highways, the construction of a median strip on one of the abutting streets and the dead-ending of another abutting street were legitimate and proper exercises of the police power of the State not entitling the plaintiffs to damages under this section. Chrysler Realty Corp. v. North Carolina State Hwy. Comm'n, 15 N.C. App. 704, 190 S.E.2d 677 (1972).

New and Existing Facilities; Grade Crossing Eliminations. — Under G.S. 136-89.53, owners of land abutting street included within a controlled access highway are entitled to compensation from condemnation. DOT v. Roymac P'ship, — N.C. App. —, 581 S.E.2d 770, 2003 N.C. App. LEXIS 1183 (2003).

The law will not permit a condemnor or a condemnee to "pick and choose" segments of a tract of land, logically to be considered as a unit, so as to include parts favorable to his claim or exclude parts unfavorable. Dr. T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971).

There is no single rule or principle established for determining the unity of lands for the purpose of awarding damages or offsetting benefits in eminent domain cases. Dr. T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971).

Power to Regulate and Close Crossings. — The Highway Commission (now Department of Transportation) is authorized to regulate, abandon, and close grade crossings and intersections. Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964).

Applied in Department of Transp. v. Harkey, 57 N.C. App. 172, 290 S.E.2d 773 (1982).

Cited in Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376 (1965); Prestige Realty Co. v. State Hwy. Comm'n, 1 N.C. App. 82, 160 S.E.2d 83 (1968).

§ 136-89.54. Authority of local units to consent.

The Department of Transportation, as the highway authority of the State, and the governing body of any county, city or town are authorized, after a public hearing to be held in the county affected, to enter into agreements with each other, and the Department of Transportation is authorized to enter into agreements with the federal government, respecting the financing, planning, establishment, improvement, maintenance, use, regulations, or vacation of controlled-access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this Article. (1957, c. 993, s. 7; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Cited in Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376 (1965).

§ 136-89.55. Local service roads.

In connection with the development of any controlled-access facility the Department of Transportation is authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service or frontage roads and streets or to designate as local service or frontage roads and streets any existing road or street, and to exercise jurisdiction over service or frontage roads in the same manner as is authorized over controlled-access facilities under the terms of this Article, if in its opinion such local service or frontage roads and streets are necessary or desirable; provided, however that after a

local service or frontage road has been established, the same shall not be vacated or abandoned in such a manner as to reduce access to the facility without the consent of the abutting property owners or the payment of just compensation, so long as the controlled-access facility is maintained as such facility, and the Department of Transportation shall not have any authority to control or restrict the right of access of abutting property owners from their property to such local service or frontage roads or streets without the property owners' consent or the payment of just compensation, except such authority as the Department of Transportation has with respect to primary and secondary roads under the police power. Such local service or frontage roads or streets shall be of appropriate design, and shall be separated from the controlled-access facility proper by means of all devices designated as necessary or desirable. (1957, c. 993, s. 8; 1969, c. 795; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Cited in Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981).

§ 136-89.56. Commercial enterprises.

No commercial enterprises or activities shall be authorized or conducted by the Department of Transportation, or the governing body of any city or town, within or on the property acquired for or designated as a controlled-access facility, as defined in this Article, except for:

(1) Materials displayed at welcome centers which shall be directly related to travel, accommodations, tourist-related activities, tourist-related services, and attractions. The Department of Transportation shall issue rules regulating the display of these materials. These materials may contain advertisements for real estate; and

(2) Vending machines permitted by the Department of Transportation and placed by the Division of Services for the Blind, Department of Health and Human Services, as the State licensing agency designated pursuant to Section 2(a)(5) of the Randolph-Sheppard Act (20 USC 107a(a)(5)). The Department of Transportation shall regulate the placing of the vending machines in highway rest areas and shall regulate the articles to be dispensed. In order to permit the establishment of adequate fuel and other service facilities by private owners or their lessees for the users of a controlled-access facility, the Department of Transportation shall permit access to service or frontage roads within the publicly owned right-of-way of any controlled-access facility established or designated as provided in this Article, at points which, in the opinion of the Department of Transportation, will best serve the public interest. The location of such fuel and other service facilities may be indicated to the users of the controlled-access facilities by appropriate signs, the size, style, and specifications of which shall be determined by the Department of Transportation.

The location of fuel, gas, food, lodging, camping, and attraction facilities may be indicated to the users of the controlled-access facilities by appropriate logos placed on signs owned, controlled, and erected by the Department of Transportation. The owners, operators or lessees of fuel, gas, food, lodging, camping, and attraction facilities who wish to place a logo identifying their business or service on a sign shall furnish a logo meeting the size, style and specifications determined by the Department of Transportation and shall pay the Department for the costs of initial installation and subsequent maintenance. The fees for logo sign installation and maintenance shall be set by the Board of

Transportation based on cost. (1957, c. 993, s. 9; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1981, c. 481, s. 1; 1983, c. 604, s. 1; 1985, c. 456; c. 718, ss. 2, 3, 6; 1987, c. 417, s. 2; 1996, 2nd Ex. Sess., c. 18, s. 19.10(b); 1997-443, s. 11A.118(a); 2003-184, s. 2.)

Effect of Amendments. — Session Laws 2003-184, s. 2, effective June 12, 2003, in the last paragraph, substituted "fuel, gas, food, lodging, camping, and attraction facilities" for "fuel and other service facilities" in the first and second sentences, and made a minor stylistic change in the first sentence.

§ 136-89.57: Repealed by Session Laws 1965, c. 474, s. 1.

§ 136-89.58. Unlawful use of National System of Interstate and Defense Highways and other controlled-access facilities.

On those sections of highways which are or become a part of the National System of Interstate and Defense Highways and other controlled-access facilities it shall be unlawful for any person:

(1) To drive a vehicle over, upon or across any curb, central dividing section or other separation or dividing line on said highways.

(2) To make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line on said highways.

(3) To drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line on said highways.

(4) To drive any vehicle into the main travel lanes or lanes of connecting ramps or interchanges except through an opening or connection provided for that purpose by the Department of Transportation.

(5) To stop, park, or leave standing any vehicle, whether attended or unattended, on any part or portion of the right-of-way of said highways, except in the case of an emergency or as directed by a peace officer, or as designated parking areas.

(6) To willfully damage, remove, climb, cross or breach any fence erected within the rights-of-way of said highways.

(7) Repealed by Session Laws 1999-330, s. 6, effective December 1, 1999.

Any person who violates any of the provisions of this section shall be guilty of a Class 2 misdemeanor. (1959, c. 647; 1965, c. 474, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; c. 731, s. 2; 1993, c. 539, s. 988; 1994, Ex. Sess., c. 24, s. 14(c); 1999-330, s. 6.)

Cross References. — For similar section, see G.S. 20-140.3.

CASE NOTES

Permit to erect and maintain advertising signs was not subject to revocation pursuant to a regulation providing for revocation for "unlawful violation of control of access on interstate . . . facilities," where employees of the permit holder had parked their truck on the shoulder of the interstate and were servicing a sign, but had not crossed any access control fence or other barrier in order to do so. Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

§ 136-89.59. Highway rest area refreshments.

All civic, nonprofit, or charitable corporations and organizations are authorized to serve nonalcoholic refreshments to motorists at rest areas and welcome centers located on control-access facilities in accordance with the following conditions:

(1) Thirty-day permits shall be issued without cost by the Highway Division Engineer. Permits shall be subject to revocation by the State Highway Administrator for violations of this section. The applicant must be a nonprofit organization showing a record of concern for automotive, highway, or driver safety.

(2) The activity must be carried on solely within the safety rest area free from any ramp or other service used for the movement of vehicles.

(3) The activity must be conducted for the express purpose of improving the safety of highway travel and the advertisement of any product by any organization shall not be permitted.

(4) The refreshment and any other service offered must be free of charge to the motorist.

(5) Signs shall be displayed by the corporation or organization, and the Department of Transportation is hereby authorized to promulgate rules and regulations governing the size, content and location of such signs. (1973, c. 1346; 1977, c. 464, s. 7.1; 1981, c. 545, ss. 1, 2.)

Editor's Note. — The section originally codified as G.S. 136-89.59 was repealed by Session Laws 1971, c. 882, s. 4.

§ 136-89.59A. Promotion of North Carolina farm products at rest areas and welcome centers.

Subject to the approval of the Department, the Department of Agriculture and Consumer Services may distribute promotional materials and free samples of North Carolina farm products at rest areas and welcome centers located on controlled-access facilities and operated by the State for the purpose of promoting North Carolina farm products. (2001-424, s. 17.1.)

North Carolina Turnpike Authority.

§§ 136-89.60 through 136-89.76: Repealed by Session Laws 1971, c. 882, s. 4.

§ 136-89.77: Repealed by Session Laws 1965, c. 1077.

§§ 136-89.78 through 136-89.158: Reserved for future codification purposes.

Article 6F.

North Carolina Bridge Authority.

§ 136-89.159. Bridge projects.

(a) The creation of the North Carolina Bridge Authority is necessitated by:

(1) The high cost of constructing long bridges;
(2) The need for providing better access to areas of a peninsula of the mainland where egress has been blocked by federal acquisition of property; and
(3) The need for providing additional critically needed evacuation routes from the Outer Banks during hurricanes and in the event of other natural disasters.

(b) The North Carolina Bridge Authority shall construct, maintain, repair, and operate a bridge of more than two miles in length going from the mainland to a peninsula from which land egress is through property of the United States. (1995, c. 485, s. 1.)

§ 136-89.160. Funding for projects.

All expenses incurred in carrying out the provisions of this Article shall be payable solely from funds, including federal funds, that are now or may become available to the Authority in the future for projects. Any fees collected under this Article shall be credited to the Highway Trust Fund and used to offset the costs of building, maintaining, or operating the bridge and other related projects. (1995, c. 485, s. 1.)

§ 136-89.161. North Carolina Bridge Authority.

(a) There is created a body politic and corporate to be known as the "North Carolina Bridge Authority". The Authority is constituted a public agency, and the exercise by the Authority of the powers conferred by this Article in the construction, operation, and maintenance of the bridge project shall be deemed and held to be the performance of an essential governmental function.

(b) The North Carolina Bridge Authority shall consist of eight members:
(1) The Secretary of Transportation.
(2) Three members shall be appointed by the Governor, one for a term expiring on July 1, 1996, one for a term expiring on July 1, 1997, and one for a term expiring on July 1, 1998. Each subsequent appointment shall be for a term of four years.
(3) Four members shall be appointed by the General Assembly, two upon the recommendation of the President Pro Tempore of the Senate and two upon the recommendation of the Speaker of the House of Representatives, in accordance with G.S. 120-121.
a. The President Pro Tempore of the Senate shall recommend the appointment of two members, one of whom shall serve a term expiring June 30, 1997, and one of whom shall serve a term expiring June 30, 1999. Each subsequent regular appointment shall be for a term of four years.
b. The Speaker of the House shall recommend the appointment of two members, one of whom shall serve a term expiring June 30, 1997, and one of whom shall serve a term expiring June 30, 1999. Each subsequent regular appointment shall be for a term of four years.

(c) The successor of each of the appointed members shall be appointed for a term of four years, but any person appointed to fill a vacancy shall be appointed to serve only for the unexpired term, and a member of the Authority shall be eligible for reappointment. Each appointed member of the Authority may be removed by the appointing authority for misfeasance, malfeasance, or willful neglect of duty. Each appointed member of the Authority before entering upon the member's duties shall take an oath to administer the duties of the office faithfully and impartially, and a record of each oath shall be filed in the Office of the Secretary of State.

(d) At its first meeting after July 1, 1995, and every two years thereafter, the Authority shall elect from its appointed membership a chair and a vice-chair. The Authority shall also elect a secretary who need not be a member of the Authority. The secretary shall serve as an officer at the pleasure of the Authority. Five members of the Authority shall constitute a quorum, and the affirmative vote of five members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

(e) The appointed members of the Authority shall receive no salary for their services but shall be entitled to receive per diem and allowances in accordance with the provisions of G.S. 138-5.

(f) The Authority shall be located within the Department of Transportation for administrative purposes but shall exercise all of its powers independently of the Department of Transportation.

(g) The Authority shall adopt bylaws with respect to the calling of meetings, quorums, voting procedures, the keeping of records, and other organizational and administrative matters as the Authority may determine.

(h) Upon completion of any bridge constructed pursuant to this Article, the Authority shall appoint an executive director, whose salary shall be fixed by the Authority, to serve at its pleasure. Prior to appointing an Executive Director, the Authority shall confer with the Governor regarding the proposed salary to be paid to the Executive Director. The Executive Director shall be responsible for the daily administration of bridges constructed, maintained, or operated pursuant to this Article. (1995, c. 485, s. 1.)

§ 136-89.162. Powers of the Authority.

(a) The Authority shall have all of the powers necessary to execute the provisions of this Article which shall include at least the following powers:

(1) The powers of a corporate body, including the power to sue and be sued, to make contracts, to adopt and use a common seal, and to alter the adopted seal as needed.

(2) To establish, purchase, construct, operate, and regulate bridges and to own, lease, sell, or manage real or personal property.

(3) To charge and collect tolls and fees for the use of the bridges, for services rendered in the operation of the bridges, or to offset the costs of building the bridges. A toll shall not exceed ten dollars ($10.00) and an annual fee for a single vehicle to use the bridge during a year shall not exceed five hundred dollars ($500.00). The Authority shall report its schedule of tolls and fees to the Joint Legislative Transportation Oversight Committee.

(4) To rent, lease, purchase, acquire, own, encumber, or dispose of real or personal property.

(5) To establish, construct, purchase, maintain, equip, and operate any structure or facilities associated with a bridge.

(6) To pay all necessary costs and expenses in the formation, organization, administration, and operation of the Authority.

(7) To apply for, accept, and administer loans and grants of money from any federal agency, from the State or its political subdivisions, or from any other public or private sources available.

(8) To adopt, alter, or repeal its own bylaws or rules implementing the provisions of this Article.

(9) To employ consulting engineers, architects, attorneys, real estate counselors, appraisers, and other consultants and employees as may be required in the judgment of the Authority and to fix and pay their compensation from funds available to the Authority.

(10) To procure and maintain adequate insurance or otherwise provide for adequate protection to indemnify the Authority and its officers, directors, agents, employees, adjoining property owners, or the general public against loss or liability resulting from any act or omission by or on behalf of the Authority.

(11) To receive and use appropriations from the State, including an appropriation from the proceeds of State general obligation bonds or notes.

(b) To execute the powers provided in subsection (a) of this section, the Authority shall determine its policies by majority vote of the members of the Authority present and voting, a quorum having been established. (1995, c. 485, s. 1.)

§ 136-89.163. Taxation of property of Authority.

Property owned by the Authority is exempt from taxation in accordance with Article V, Section 2 of the North Carolina Constitution. (1995, c. 485, s. 1.)

§ 136-89.164. Acquisition, disposition, or exchange of real property.

The Authority may acquire real property by purchase, negotiation, gift, or devise. When the Authority acquires real property owned by the State, the Secretary of the Department of Administration shall execute and deliver to the Authority a deed transferring fee simple title to the property to the Authority. (1995, c. 485, s. 1.)

§ 136-89.165. Cooperation by other State agencies.

All State officers and agencies shall render the services to the Authority within their respective functions as may be requested by the Authority. (1995, c. 485, s. 1.)

§ 136-89.166. Annual and quarterly reports.

The Authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, the General Assembly, and the Department of Transportation. Each report shall be accompanied by an audit of its books and accounts. The costs of all audits, whether conducted by the State Auditor's staff or contracted with a private auditing firm, shall be paid from funds of the Authority.

The Authority shall submit quarterly reports to the Joint Legislative Transportation Oversight Committee. The reports shall summarize the Authority's activities during the quarter and contain any information about the Authority's activities that is requested by the Committee. (1995, c. 485, s. 1.)

§ 136-89.167. Dissolution.

Whenever the Authority, by resolution, determines that the purposes for which the Authority was formed have been substantially fulfilled, the Authority may declare itself dissolved. On the effective date of the resolution, the title to all property owned by the Authority at the time of the dissolution shall vest in the State, and possession of the property shall be delivered to the State. (1995, c. 485, s. 1.)

§§ 136-89.168 through 136-89.170: Reserved for future codification purposes.

Article 6G.

Private Pilot Toll Project.

§ 136-89.171. Legislative findings.

It is hereby declared that the existing State road system is becoming increasingly congested and overburdened with traffic in many areas of the State; that the sharp surge of vehicle miles traveled is overwhelming the State's ability to build and pay for adequate road improvements; and that an adequate answer to this challenge will require the State to be innovative and utilize several new approaches to transportation improvements in North Carolina. It is the purpose of this Article to authorize the construction of no more than two private toll road projects as pilots. In doing this, the Department of Transportation is directed to focus on using toll roads to alleviate commuter traffic congestion. It is the intent that there be no toll on existing State roads. (2000-145, s. 1.)

Editor's Note. — This section was enacted as G.S. 136-89.168 by Session Laws 2000-145, s. 1. It has been redesignated as this section at the direction of the Revisor of Statutes.

§ 136-89.172. Private Pilot Toll Project.

(a) Authority to License. — The Department of Transportation is authorized to issue a license to an applicant to finance, design, construct, maintain, improve, own, or operate solely from private resources one pilot toll transportation project within the State of North Carolina. Any license authorized by this section must be issued on or before July 1, 2003.

(b) Requirement for Finding of Need. — Prior to the issuance of any license under this section, the Department shall make a written determination that the proposed project is in the public interest.

(c) Submission of Financial Data. — A person applying for a license to construct a project under this section shall submit detailed financial data to the Department concerning the ability of applicant to finance the proposed project. The Department shall independently analyze the data submitted for each project proposal.

(d) License Period. — A license issued under this section shall not exceed 50 years from beginning of the operations of the road or bridge. A license may be renewed for an additional 50-year term at the discretion of the Department and in conformity with this Article.

(e) State Use for Other Purposes. — A license issued pursuant to this section shall reserve unto the State or its designee the authority to enter and utilize the project right-of-way for other transportation or utility-related purposes, as long as those purposes do not interfere with the use by the licensee.

(f) Terms of License. — Additional terms and conditions of any license issued pursuant to this section shall be within the discretion of the Department of Transportation, and shall include, in addition to any other requirements:

(1) Provisions establishing minimum design and construction standards for the project.

(2) Provisions establishing minimum maintenance standards for the project and the responsibility for such maintenance.

(3) Provisions requiring that appropriate traffic signs and other traffic control devices be erected and maintained on the project.

(4) Provisions establishing the rights and duties of the parties regarding infrastructure improvements and connections between the project and the State highway system.

(5) Provisions regarding any type of access control, if any, that may be required for the project.
(6) Provisions establishing the relative responsibilities of the licensee and the Department of Transportation to keep the completed project open and accessible to the public.
(7) Provisions requiring that the State of North Carolina, its agencies, officials, and employees be indemnified and held harmless by the licensee for any liability incurred on the project in connection with project construction, maintenance, or operation.
(8) Provisions concerning location of the project.

(g) Department Powers. — The Department may exercise any power possessed by it with respect to the development and construction of State transportation projects to facilitate the development and construction of transportation projects pursuant to this Article.

(h) Acquisition of Project Property. — A person licensed to construct a project under this section shall make all reasonable efforts to acquire all right-of-way interests required for the project through private negotiation. The Department is authorized to exercise its power of eminent domain to acquire property rights necessary for construction and maintenance of the project only as to those property interests that cannot be acquired by the licensee at a reasonable price through private negotiation, and only as required to control access to the project. A licensee requesting that the Department exercise its power of eminent domain shall be required to reimburse the Department in the full amount of its costs incurred in acquiring the necessary property interests for the private portion of the project, including any negotiated settlement or jury verdict, and any attorneys' fees that may be awarded. The acquisition of property interests necessary for inclusion in a project licensed under this section is hereby declared to be for a public transportation purpose.

(i) Transfer of Department Property to Licensee. — Notwithstanding the provisions of G.S. 136-19, should the Department determine that a licensed project require property interests held by the Department, such interests as the Department determines to be necessary may be conveyed to the licensee for fair market value.

(j) Applicability of Other Laws. — For the purpose of entering into contractual licensing agreements under this section, the Department of Transportation is exempted from any provision of the General Statutes that conflicts with the purposes of this section, specifically including G.S. 136-28.1 and G.S. 143-52. A project licensed under this section shall not be included in the distribution formula under G.S. 136-17.2A but shall require approval of the Board of Transportation under G.S. 143B-350(f)(4). A licensee under this section shall endeavor to comply with the provisions of G.S. 136-28.4 concerning participation by disadvantaged businesses.

(k) Applicability of Motor Vehicle Laws. — Any project licensed by the Department of Transportation under the authority granted in this section shall be considered a "highway" as defined in G.S. 20-4.01(13) and a "public vehicular area" as defined in G.S. 20-4.01(32). All law enforcement and emergency personnel, including the State Highway Patrol and the Division of Motor Vehicles, shall have the same powers and duties on such projects as on any other highway or public vehicular area.

(*l*) Exclusive License. — Upon the issuance of a license by the Department of Transportation, no further license of any type may be required by the State or local government body for the ownership, construction, or operation of the project.

(m) Definitions. — The following definitions apply as used in this section:
(1) "Person" means any natural person, partnership, corporation, trust, association, sole proprietorship, or any other legal entity other than the State or its agencies, institutions, or political subdivisions.

(2) "Project" means a privately constructed, maintained, and operated toll highway, road, bridge, or other transportation-related facility.

(3) "Licensee" means a person authorized through a contractual agreement with the Department of Transportation to finance, design, construct, maintain, improve, own, or operate, or any combination thereof, a project.

(n) Report. — The Department shall report to the Joint Legislative Transportation Oversight Committee and to the Joint Transportation Appropriations Subcommittee by February 1, 2001, and every year thereafter, on any toll project planning, construction, or operation commenced pursuant to the provisions of this Article. (2000-145, s. 1.)

Editor's Note. — This section was enacted as G.S. 136-89.169 by Session Laws 2000-145, s. 1. It has been redesignated as this section at the direction of the Revisor of Statutes.

§ 136-89.173. through 136-89.179.

Reserved for future codification purposes.

Article 6H.

Public Toll Roads and Bridges.

§ 136-89.180. Legislative findings.

The General Assembly finds that the existing State road system is becoming increasingly congested and overburdened with traffic in many areas of the State; that the sharp surge of vehicle miles traveled is overwhelming the State's ability to build and pay for adequate road improvements; and that an adequate answer to this challenge will require the State to be innovative and utilize several new approaches to transportation improvements in North Carolina.

Toll funding of highway and bridge construction is feasible in North Carolina and can contribute to addressing the critical transportation needs of the State. A toll program can speed the implementation of needed transportation improvements by funding some projects with tolls. (2002-133, s. 1.)

Editor's Note. — Session Laws 2002-133, s. 9, provides that the North Carolina Turnpike Authority shall evaluate the feasibility of encouraging mass transit and ridesharing in its proposed toll road facilities.

Session Laws 2002-133, s. 10, made this Article effective October 3, 2002.

§ 136-89.181. Definitions.

The following definitions apply to this Article:

(1) "Department" means the North Carolina Department of Transportation.

(2) "Turnpike Authority" means the public agency created by this Article.

(3) "Authority Board" means the governing board of the Turnpike Authority.

(4) "Turnpike Project" means a road, bridge, or tunnel project planned, or planned and constructed, in accordance with the provisions of this Article.

(5) "Turnpike System" means collectively all Turnpike Projects developed in accordance with the provisions of this Article. (2002-133, s. 1.)

§ 136-89.182. North Carolina Turnpike Authority.

(a) Creation. — There is created a body politic and corporate to be known as the "North Carolina Turnpike Authority". The Authority is constituted as a public agency, and the exercise by the Authority of the powers conferred by this Article in the construction, operation, and maintenance of toll roads and bridges shall be deemed and held to be the performance of an essential governmental function.

(b) Administrative Placement. — The Authority shall be located within the Department of Transportation for administrative purposes but shall exercise all of its powers independently of the Department of Transportation except as otherwise specified in this Article.

(c) Authority Board. — The North Carolina Turnpike Authority shall be governed by a nine-member Authority Board consisting of two members appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121, two members appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121, four members appointed by the Governor, and the Secretary of Transportation. Each appointing authority shall appoint members who reside in diverse regions of the State. The Chair of the Authority shall be selected by the Authority Board.

(d) Board of Transportation Members. — No more than two members of the North Carolina Board of Transportation may serve as members of the Authority Board.

(e) Staggered Terms. — One of the initial appointments to the Authority Board by the General Assembly upon the recommendation of the President Pro Tempore of the Senate, one of the initial appointments to the Authority Board by the General Assembly upon the recommendation of the Speaker of the House of Representatives, and three of the initial appointments of the Governor shall be appointed to terms ending January 14, 2007. One of the initial appointments to the Authority Board by the General Assembly upon the recommendation of the President Pro Tempore of the Senate, one of the initial appointments to the Authority Board by the General Assembly upon the recommendation of the Speaker of the House of Representatives, and one of the initial appointments of the Governor shall be appointed to terms ending January 14, 2005. The Secretary of Transportation shall serve as an ex officio voting member of the Board. Thereafter, at the expiration of each stipulated term of office, all appointments shall be to a term of four years from the date of the expiration of the term.

(f) Vacancies. — All members of the Authority Board shall remain in office until their successors are appointed and qualified. The original appointing authority may appoint a member to serve out the unexpired term of any member.

(g) Removal of Board Members. — Each member of the Authority Board, notwithstanding subsection (e) of this section, shall serve at the pleasure of the appointing authority. The Chair of the Authority serves at the pleasure of the Authority Board.

(h) Conflicts of Interest, Ethics. — Members of the Authority Board shall be subject to the provisions of G.S. 136-13, 136-13.1, and 136-14.

(i) Compensation. — The appointed members of the Authority Board shall receive no salary for their services but shall be entitled to receive per diem and travel allowances in accordance with the provisions of G.S. 138-5 and G.S. 138-6 as appropriate.

(j) Bylaws. — The Authority Board shall adopt, change, or amend bylaws with respect to the calling of meetings, quorums, voting procedures, the

keeping of records, and other organizational, staffing, and administrative matters as the Authority Board may determine. Any bylaws, or subsequent changes or amendments to the bylaws, shall be submitted to the Board of Transportation and the Joint Legislative Transportation Oversight Committee for review and comment at least 45 days prior to adoption by the Authority Board.

(k) Executive Director and Administrative Employees. — The Authority Board shall appoint an Executive Director, whose salary shall be fixed by the Authority, to serve at its pleasure. The Executive Director shall be the Authority's chief administrative officer and shall be responsible for the daily administration of the toll roads and bridges constructed, maintained, or operated pursuant to this Article. The Executive Director or his designee shall appoint, employ, dismiss, and, within the limits approved by the Authority Board, fix the compensation of administrative employees as the Executive Director deems necessary to carry out this Article. The Authority shall report the hiring of all administrative employees to the Joint Legislative Transportation Oversight Committee within 30 days of the date of employment.

(*l*) Office. — The offices of the Authority may be housed in one or more facilities of the Department of Transportation. (2002-133, s. 1.)

Cross References. — Control of vehicles on Turnpike System by erection of traffic control devices to collect tolls, see G.S. 20-158.2.

§ 136-89.183. Powers of the Authority.

(a) The Authority shall have all of the powers necessary to execute the provisions of this Article, including the following:

(1) The powers of a corporate body, including the power to sue and be sued, to make contracts, to adopt and use a common seal, and to alter the adopted seal as needed.

(2) To study, plan, develop, design, establish, purchase, construct, operate, and maintain three Turnpike Projects, either on its own initiative or at the request of the Board of Transportation. One of the Turnpike Projects shall be located in whole or in part in a county with a population equal to or greater than 650,000 persons, according to the latest decennial census, and one Turnpike Project shall be located in a county or counties that each have a population of fewer that 650,000 persons, according to the latest decennial census. A Turnpike Project selected for construction by the Turnpike Authority shall be included in any applicable locally adopted comprehensive transportation plans and shall be shown in the current State Transportation Improvement Plan prior to the letting of a contract for the Turnpike Project.

(3) To study, plan, develop and undertake preliminary design work on three Turnpike Projects, in addition to the three turnpike projects described in subdivision (2) of this subsection, either on its own initiative or at the request of the Board of Transportation. The Authority shall take no further action on a project described by this subdivision unless authorized to do so by Statute.

(4) To rent, lease, purchase, acquire, own, encumber, dispose of, or mortgage real or personal property, including the power to acquire property by eminent domain pursuant to G.S. 136-89.184.

(5) To fix, revise, charge, and collect tolls and fees for the use of the Turnpike Projects. Prior to the effective date of any toll or fee for use of a Turnpike Facility, the Authority shall submit a description of the proposed toll or fee to the Board of Transportation, the Joint Legisla-

tive Transportation Oversight Committee and the Joint Legislative Commission on Governmental Operations for review.

(6) To issue bonds or notes of the Authority as provided in this Article.

(7) To establish, construct, purchase, maintain, equip, and operate any structure or facilities associated with the Turnpike System.

(8) To pay all necessary costs and expenses in the formation, organization, administration, and operation of the Authority.

(9) To apply for, accept, and administer loans and grants of money or real or personal property from any federal agency, the State or its political subdivisions, local governments, or any other public or private sources available.

(10) To adopt, alter, or repeal its own bylaws or rules implementing the provisions of this Article, in accordance with the review and comment requirements of G.S. 136-89.182(j).

(11) To utilize employees of the Department; to contract for the services of consulting engineers, architects, attorneys, real estate counselors, appraisers, and other consultants; to employ administrative staff as may be required in the judgment of the Authority; and to fix and pay fees or compensation to the Department, contractors, and administrative employees from funds available to the Authority.

(12) To receive and use appropriations from the State and federal government.

(13) To adopt procedures to govern its procurement of services and delivery of Turnpike Projects.

(14) To perform or procure any portion of services required by the Authority.

(15) To use officers, employees, agents, and facilities of the Department for the purposes and upon the terms as may be mutually agreeable.

(16) To contract for the construction, maintenance, and operation of a Turnpike Project.

(17) To enter into partnership agreements, agreements with political subdivisions of the State, and agreements with private entities, and to expend such funds as it deems necessary, pursuant to such agreements, for the purpose of financing the cost of acquiring, constructing, equipping, operating, or maintaining any Turnpike Project.

(b) To execute the powers provided in subsection (a) of this section, the Authority shall determine its policies by majority vote of the members of the Authority Board present and voting, a quorum having been established. Once a policy is established, the Authority Board shall communicate it to the Executive Director or the Executive Director's designee, who shall have the sole and exclusive authority to execute the policy of the Authority. No member of the Authority Board shall have the responsibility or authority to give operational directives to any employee of the Authority other than the Executive Director or the Director's designee. (2002-133, s. 1.)

Editor's Note. — Session Laws 2002-133, s. 9, provides that the North Carolina Turnpike Authority shall evaluate the feasibility of encouraging mass transit and ridesharing in its proposed toll road facilities.

§ 136-89.184. Acquisition of real property.

(a) General. — The Authority may acquire public or private real property by purchase, negotiation, gift, or devise, or condemnation that it determines to be necessary and convenient for the construction, expansion, enlargement, extension, improvement, or operation of a Turnpike Project. When the Authority acquires real property owned by the State, the Secretary of the Department of

Administration shall execute and deliver to the Authority a deed transferring fee simple title to the property to the Authority.

(b) Condemnation. — To exercise the power of eminent domain, the Authority shall commence a proceeding in its name and shall follow the procedure set forth in Article 9 of Chapter 136 of the General Statutes. (2002-133, s. 1.)

§ 136-89.185. Taxation of property of Authority.

Property owned by the Authority is exempt from taxation in accordance with Section 2 of Article V of the North Carolina Constitution. (2002-133, s. 1.)

§ 136-89.186. Audit.

The operations of the Authority shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. (2002-133, s. 1.)

§ 136-89.187. Conversion of free highways prohibited.

The Authority Board is prohibited from converting any segment of the nontolled State highway system to a toll facility. (2002-133, s. 1.)

§ 136-89.188. Use of revenues.

(a) Revenues derived from Turnpike Projects authorized under this Article shall be used only for Authority administration costs; Turnpike Project development, right-of-way acquisition, construction, operation, and maintenance; and debt service on the Authority's revenue bonds or related purposes such as the establishment of debt service reserve funds.

(b) The Authority may use up to one hundred percent (100%) of the revenue derived from a Turnpike Project for debt service on the Authority's revenue bonds or for a combination of debt service and operation and maintenance expenses of the Turnpike Projects.

(c) The Authority shall use not more than five percent (5%) of total revenue derived from all Turnpike Projects for Authority administration costs. (2002-133, s. 1.)

§ 136-89.189. Turnpike Authority revenue bonds.

The Authority shall be a municipality for purposes of Article 5 of Chapter 159 of the General Statutes, the State and Local Government Revenue Bond Act, and may issue revenue bonds pursuant to that Act to pay all or a portion of the cost of a Turnpike Project or to refund any previously issued bonds. In connection with the issuance of revenue bonds, the Authority shall have all powers of a municipality under the State and Local Government Revenue Bond Act, and revenue bonds issued by the Authority shall be entitled to the protection of all provisions of the State and Local Government Revenue Bond Act. (2002-133, s. 1.)

§ 136-89.190. Sale of Turnpike Authority revenue bonds.

Revenue bonds of the Authority issued pursuant to G.S. 136-89.189 and the State and Local Government Revenue Bond Act shall be sold in accordance with and pursuant to Article 7 of Chapter 159 of the General Statutes. (2002-133, s. 1.)

§ 136-89.191. Cost participation by Department of Transportation.

The Department of Transportation may participate in the cost of preconstruction activities, construction, maintenance, or operation of a Turnpike Project. (2002-133, s. 1.)

§ 136-89.192. Equity distribution formula.

Only those funds applied to a Turnpike Project from the State Highway Fund, State Highway Trust Fund, or federal-aid funds that might otherwise be used for other roadway projects within the State, and are otherwise already subject to the distribution formula under G.S. 136-17.2A, shall be included in the distribution formula.

Other revenue from the sale of the Authority's bonds or notes, project loans, or toll collections shall not be included in the distribution formula. (2002-133, s. 1.)

§ 136-89.193. Annual plan of work; annual and quarterly reports.

(a) Annual Plan of Work. — The Authority shall annually develop a plan of work for the fiscal year, describing the activities and projects to be undertaken, accompanied by a budget. This annual plan of work shall be subject to the concurrence of the Board of Transportation.

(b) Annual Reports. — The Authority shall, promptly following the close of each fiscal year, submit an annual report of its activities for the preceding year to the Governor, the General Assembly, and the Department of Transportation. Each report shall be accompanied by an audit of its books and accounts.

(c) Semiannual Reports. — The Authority shall submit semiannual reports to the Joint Legislative Transportation Oversight Committee, and more frequent reports if requested. The reports shall summarize the Authority's activities during the preceding six months, and shall contain any information about the Authority's activities that is requested by the Committee.

(d) Report Prior to Let of Contracts. — The Authority shall consult with and report to the Joint Legislative Transportation Oversight Committee and the Joint Legislative Commission on Governmental Operations prior to the letting of any contract for Turnpike Project construction authorized under G.S. 136-183(a)(2).

(e) Report Prior to Study and Design. — The Authority shall consult with and report to the Joint Legislative Transportation Oversight Committee and the Joint Legislative Commission on Governmental Operations prior to the study, planning, development or design of any Turnpike Project authorized under G.S. 136-89.183(a)(3). (2002-133, s. 1.)

Editor's Note. — Session Laws 2002-133, s. 9, provides that the North Carolina Turnpike Authority shall evaluate the feasibility of encouraging mass transit and ridesharing in its proposed toll road facilities.

§ 136-89.194. Laws applicable to the Authority; exceptions.

(a) Motor Vehicle Laws. — The Turnpike System shall be considered a "highway" as defined in G.S. 20-4.01(13) and a "public vehicular area" as defined in G.S. 20-4.01(32). All law enforcement and emergency personnel, including the State Highway Patrol and the Division of Motor Vehicles, shall

have the same powers and duties on the Turnpike System as on any other highway or public vehicular area.

(b) Contracting. — For the purposes of implementing this Article, the Authority shall solicit competitive proposals for the construction of Turnpike Projects in accordance with the provisions of Article 2 of this Chapter. Contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with construction of Turnpike Projects shall be solicited in accordance with procedures utilized by the Department of Transportation.

(c) Alternative Contracting Methods. — Notwithstanding the provisions of subsection (b) of this section, the Authority may authorize the use of alternative contracting methods if:

(1) The authorization applies to an individual project;

(2) The Authority has concluded, and documented in writing, that the alternative contracting method is necessary because the project cannot be completed utilizing the procedures of Article 2 of this Chapter within the necessary time frame or available funding or for other reasons the Authority deems in the public interest;

(3) The Authority has provided, to the extent possible, for the solicitation of competitive proposals prior to awarding a contract; and

(4) The approved alternative contracting method provides for reasonable compliance with the disadvantaged business participation goals of G.S. 136-28.4. (2002-133, s. 1.)

§ 136-89.195. Internet report of funds expended.

The Department shall publish and update annually on its Internet web site a record of all expenditures of the Authority for highway construction, maintenance, and administration. The record shall include a total expenditure amount by county. For each Turnpike Project, the record shall include a readily identifiable project name or location, the nature of the project, the amount of the project, the contractor for the project, the date of project letting, and the actual or expected project completion date. (2002-133, s. 1.)

§ 136-89.196. Removal of tolls.

The Authority shall, upon fulfillment of and subject to any restrictions included in the agreements entered into by the Authority in connection with the issuance of the Authority's revenue bonds, remove tolls from a Turnpike Project. (2002-133, s. 1.)

§ 136-89.197. Maintenance of nontoll routes.

The Department shall maintain an existing, alternate, comparable nontoll route corresponding to each Turnpike Project constructed pursuant to this Article. (2002-133, s. 1.)

Article 7.

Miscellaneous Provisions.

§ 136-90. Obstructing highways and roads misdemeanor.

If any person shall willfully alter, change or obstruct any highway, cartway, mill road or road leading to and from any church or other place of public worship, whether the right-of-way thereto be secured in the manner provided

for by law or by purchase, donation or otherwise, such person shall be guilty of a Class 1 misdemeanor. If any person shall hinder or in any manner interfere with the making of any road or cartway laid off according to law, he shall be guilty of a Class 1 misdemeanor. (1872-3, c. 189, s. 6; 1883, c. 383; Code, s. 2065; Rev., s. 3784; C.S., s. 3789; 1993, c. 539, s. 989; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

Requisites for Indictment and Conviction. — An indictment for obstructing a neighborhood road leading to a church, which follows the words of this section, will be sustained; still, to warrant a conviction, it is essential, in the absence of proof of an actual dedication, or of a laying out by public authority under G.S. 136-71, to show a user for 20 years, and it must have been worked and kept in order by public authority. State v. Lucas, 124 N.C. 804, 32 S.E. 553 (1899).

A special verdict, rendered on a trial for obstructing a road, is also defective in that it does not find that the user of the road by the public was as of right and adversary. State v. Stewart, 91 N.C. 566 (1884).

Placing Nails in Highway. — Placing nails in the highway in order to puncture automobile tires is an obstruction within this section. State v. Malpass, 189 N.C. 349, 127 S.E. 248 (1925).

Preventing Construction of Drainage Ditch. — Where a person obstructs an overseer in cutting a ditch across his land to drain a public road, he is not guilty of obstructing justice, there being no provision of law for taking private property for this purpose and the payment of just compensation therefor. State v. New, 130 N.C. 731, 41 S.E. 1033 (1902).

Obstruction a Nuisance. — Unlawful obstruction of a highway is a public nuisance. Brooks v. Henrietta Mills Co., 182 N.C. 719, 110 S.E. 96 (1921).

Intentionally obstructing the flow of traffic constitutes an indictable nuisance, a misdemeanor, punishable by fine, or imprisonment, or both. State v. Fox, 262 N.C. 193, 136 S.E.2d 761 (1964).

Highway Unknowingly Obstructed. — When a mill company gratuitously maintained a ball ground on its premises for its employees, without direction or supervision, it was manifest that the relation of licensor and licensee without pecuniary compensation existed between them, and it was not liable for an injury caused by obstruction of an adjoining highway by a rope intended to exclude spectators who did not pay for admission, there being no evidence that it had actual or implied knowledge thereof. Brooks v. Henrietta Mills Co., 182 N.C. 719, 110 S.E. 96 (1921).

Damages Allowed. — Damages are allowable for the obstruction of a highway. Tate v. Seaboard Air Line Ry., 168 N.C. 523, 84 S.E. 808 (1915).

Obstruction of Permissive Cartway. — A way over the lands of another as an outlet to and from the lands of the one claiming it cannot be established by permissive user, but by possession adverse to the true owner; and a way of this character which has not been established by the public authorities or used and kept up by the public for a sufficient length of time does not fall within the meaning of this section so as to make its obstruction punishable. State v. Norris, 174 N.C. 808, 93 S.E. 950 (1917).

Private Easement. — A reservation by deed to the grantor of a restricted easement across the lands conveyed, without defining or locating it, and which has not since been located, the grantor and his family going across the lands conveyed whenever they choose, is sufficient proof of a public road so as to sustain an indictment under this section. State v. Haynie, 169 N.C. 277, 84 S.E. 385 (1915).

Private Roadway. — In a prosecution for unlawfully and willfully obstructing a public cartway, in the absence of evidence of dedication to the public, or evidence of an adverse continuous user by the prosecuting witness for the period required by law to give him an easement, defendant could not be guilty where the obstruction was on the part of the road where it crossed his land. State v. Lance, 175 N.C. 773, 94 S.E. 721 (1917).

Maximum Penalty Held Constitutional. — Where a defendant is convicted of obstructing a highway and of wanton injury to personal property by the same act, it is not in violation of the Constitution nor otherwise improper to sentence him to the maximum penalty for each offense. State v. Malpass, 189 N.C. 349, 127 S.E. 248 (1925).

Public-Local Law Shortening Statute of Limitations Held Invalid. — A public-local law which shortened the period for the running of the statute of limitations to a time already expired, depriving the owner of lands of his right to stop the public user of a private right-of-way thereover, and declaring the right-of-way a public one, was unconstitutional in taking the property of the owner without due process of law and in denying him the equal protection of the laws. State v. Haynie, 169 N.C. 277, 84 S.E. 385 (1915).

Cited in State v. Graham, 32 N.C. App. 601, 233 S.E.2d 615 (1977); Town of Winterville v. King, 60 N.C. App. 730, 299 S.E.2d 838 (1983).

§ 136-91. Placing glass, etc., or injurious obstructions in road.

(a) No person shall throw, place, or deposit any glass or other sharp or cutting substance or any injurious obstruction in or upon any highway or public vehicular area.

(b) As used in this section:

(1) "Highway" shall be defined as it is in G.S. 20-4.01; and

(2) "Public vehicular area" shall be defined as it is in G.S. 20-4.01.

(c) Any person violating the provisions of this section shall be guilty of a Class 3 misdemeanor. (1917, c. 140, ss. 18, 21; C.S., ss. 2599, 2619; 1971, c. 200; 1993, c. 539, s. 990; 1994, Ex. Sess., c. 24, s. 14(c); 2001-441, s. 3.)

CASE NOTES

Liability for Failure to Remove Glass, etc., Accidentally Deposited on Highway. — Assuming that a deposit of glass on the highway by defendants was purely accidental, defendants nevertheless owed other motorists the common-law duty of due care to remove the glass and debris from the highway and to give reasonable warning of the peril until it was removed. Chandler v. Forsyth Royal Crown Bottling Co., 257 N.C. 245, 125 S.E.2d 584 (1962).

Readily removable objects carelessly left in the highway may render the person who left them there liable for negligence to the drivers of ordinary vehicles moving at a reasonable rate of speed. Chandler v. Forsyth Royal Crown Bottling Co., 257 N.C. 245, 125 S.E.2d 584 (1962).

§ 136-92. Obstructing highway drains prohibited.

It is unlawful to obstruct a drain along or leading from any public road in the State. A person who violates this section is responsible for an infraction. (1917, c. 253; C.S., s. 3791; 1993, c. 539, s. 991; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 163, s. 15.)

§ 136-93. Openings, structures, pipes, trees, and issuance of permits.

No opening or other interference whatsoever shall be made in any State road or highway other than streets not maintained by the Department of Transportation in cities and towns, nor shall any structure be placed thereon, nor shall any structure which has been placed thereon be changed or removed except in accordance with a written permit from the Department of Transportation or its duly authorized officers, who shall exercise complete and permanent control over such roads and highways. No State road or State highway, other than streets not maintained by the Department of Transportation in cities and towns, shall be dug up for laying or placing pipes, conduits, sewers, wires, railways, or other objects, and no tree or shrub in or on any State road or State highway shall be planted, trimmed, or removed, and no obstruction placed thereon, without a written permit as hereinbefore provided for, and then only in accordance with the regulations of said Department of Transportation or its duly authorized officers or employees; and the work shall be under the supervision and to the satisfaction of the Department of Transportation or its officers or employees, and the entire expense of replacing the highway in as good condition as before shall be paid by the persons, firms, or corporations to whom the permit is given, or by whom the work is done. The Department of

Transportation, or its duly authorized officers, may, in its discretion, before granting a permit under the provisions of this section, require the applicant to file a satisfactory bond, payable to the State of North Carolina, in such an amount as may be deemed sufficient by the Department of Transportation or its duly authorized officers, conditioned upon the proper compliance with the requirements of this section by the person, firm, or corporation granted such permit. Any person making any opening in a State road or State highway, or placing any structure thereon, or changing or removing any structure thereon without obtaining a written permit as herein provided, or not in compliance with the terms of such permit, or otherwise violating the provisions of this section, shall be guilty of a Class 1 misdemeanor: Provided, this section shall not apply to railroad crossings. The railroads shall keep up said crossings as now provided by law. (1921, c. 2, s. 13; 1923, c. 160, s. 2; C.S., s. 3846(u); 1933, c. 172, s. 17; 1943, c. 410; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 539, s. 992; 1994, Ex. Sess., c. 24, s. 14(c).)

Legal Periodicals. — For article on remedies for trespass to land in North Carolina, see 47 N.C.L. Rev. 334 (1969).

CASE NOTES

Statutory Obligation Department. — This section and G.S. 160-54 (now repealed) and 136-66.1 indicate that the Highway Commission (now Department of Transportation) is under a statutory obligation with reference to the construction, maintenance and repair of all city streets, including culverts which support city streets, which constitute a part of the State highway system. Milner Hotels, Inc. v. City of Raleigh, 271 N.C. 224, 155 S.E.2d 543 (1967).

Municipality May Not Contract to Take over Departments Responsibilities. — This section and G.S. 160-54 (now repealed) and 136-66.1 do not authorize a municipality, in the absence of specific legislative authority, to contract to take over the responsibilities of the Highway Commission (now Department of Transportation) with reference to the construction, maintenance and repair of city streets and supporting culverts which constitute a part of the State highway system. Milner Hotels, Inc. v. City of Raleigh, 271 N.C. 224, 155 S.E.2d 543 (1967).

Issuance of Sewer Construction Permits. — The State Highway Commission (now Department of Transportation) or its duly authorized officers may give in writing a permit to an individual firm or corporation authorizing the holder of such permit to construct or install a sewer line within the right-of-way along any highway under the control of the Commission (now Department) provided the installation of such sewer line is made under the supervision and to the satisfaction of the Commission (now Department) or its officers or employees. Van Leuven v. Akers Motor Lines, 261 N.C. 539, 135 S.E.2d 640 (1964).

Limited Liability of City When Street Becomes Part of State System. — When a city street becomes a part of the State highway system, the Board of Transportation is responsible for its maintenance thereafter which includes the control of all signs and structures within the right-of-way. Therefore, in the absence of any control over a State highway within its border, a municipality has no liability for injuries resulting from a dangerous condition of such street unless it created or increased such condition. Shapiro v. Toyota Motor Co., 38 N.C. App. 658, 248 S.E.2d 868 (1978).

Cited in Taylor v. Town of Hertford, 253 N.C. 541, 117 S.E.2d 469 (1960).

§ 136-94. Gates projecting over rights-of-way forbidden.

It shall be unlawful for any person, firm or corporation to erect, maintain or operate upon his own land, or the land of another, any farm gate or other gate which, when opened, will project over the right-of-way of any State highway.

Any person violating the provisions of this section shall be guilty of a Class 3 misdemeanor. (1927, c. 130; 1993, c. 539, s. 993; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-95. Water must be diverted from public road by ditch or drain.

When any ditch or drain is cut in such a way as to turn water into any public road, the person cutting the ditch or drain shall be compelled to cut another ditch or drain as may be necessary to take the water from said road. (Code, s. 2036; Rev., s. 2697; C.S., s. 3790.)

§ 136-96. Road or street not used within 15 years after dedication deemed abandoned; declaration of withdrawal recorded; joint tenants or tenants in common; defunct corporations.

Every strip, piece, or parcel of land which shall have been at any time dedicated to public use as a road, highway, street, avenue, or for any other purpose whatsoever, by a deed, grant, map, plat, or other means, which shall not have been actually opened and used by the public within 15 years from and after the dedication thereof, shall be thereby conclusively presumed to have been abandoned by the public for the purposes for which same shall have been dedicated; and no person shall have any right, or cause of action thereafter, to enforce any public or private easement therein, except where such dedication was made less than 20 years prior to April 28, 1953, such right may be asserted within one year from and after April 28, 1953; provided, that no abandonment of any such public or private right or easement shall be presumed until the dedicator or some one or more of those claiming under him shall file and cause to be recorded in the register's office of the county where such land lies a declaration withdrawing such strip, piece or parcel of land from the public or private use to which it shall have theretofore been dedicated in the manner aforesaid; provided further, that where the fee simple title is vested in tenants in common or joint tenants of any land embraced within the boundaries of any such road, highway, street, avenue or other land dedicated for public purpose whatsoever, as described in this section, any one or more of such tenants, on his own or their behalf and on the behalf of the others of such tenants, may execute and cause to be registered in the office of the register of deeds of the county where such land is situated the declaration of withdrawal provided for in this section, and, under Chapter 46 of the General Statutes of North Carolina, entitled "Partition," and Chapter 1, Article 29A of the General Statutes of North Carolina, known as the "Judicial Sales Act," and on petition of any one or more of such tenants such land thereafter may be partitioned by sale only as between or among such tenants, and irrespective of who may be in actual possession of such land, provided further, that in such partition proceedings any such tenants in common or joint tenants may object to such withdrawal certificate and the court shall thereupon order the same cancelled of record; that where any corporation has dedicated any strip, piece or parcel of land in the manner herein set out, and said dedicating corporation is not now in existence, it shall be conclusively presumed that the said corporation has no further right, title or interest in said strip, piece, or parcel of land, regardless of the provisions of conveyances from said corporation, or those holding under said corporation, retaining title and interest in said strip, piece, or parcel of land so dedicated; the right, title and interest in said strip, piece, or parcel of land shall be conclusively presumed to be vested in those persons, firms or corporations owning lots or parcels of land adjacent thereto, subject to the provisions set out herein before in this section.

The provisions of this section shall have no application in any case where the continued use of any strip of land dedicated for street or highway purposes shall be necessary to afford convenient ingress or egress to any lot or parcel of

land sold and conveyed by the dedicator of such street or highway. This section shall apply to dedications made after as well as before April 28, 1953.

The provisions of this section shall not apply when the public dedication is part of a future street shown on the street plan adopted pursuant to G.S. 136-66.2. Upon request, a city shall adopt a resolution indicating that the dedication described in the proposed declaration of withdrawal is or is not part of the street plan adopted under G.S. 136-66.2. This resolution shall be attached to the declaration of withdrawal and shall be registered in the office of the register of deeds of the county where the land is situated. (1921, c. 174; C.S., ss. 3846(rr), 3846(ss), 3846(tt); 1939, c. 406; 1953, c. 1091; 1957, c. 517; 1987, c. 428, s. 1.)

Local Modification. — Town of Fuquay-Varina: 1995 (Reg. Sess., 1996), c. 613, s. 1.

Legal Periodicals. — For a note discussing the disposition of property within the boundaries of dedicated streets when use of the street is discontinued, see 45 N.C.L. Rev. 564 (1967).

CASE NOTES

Constitutionality. — The right of those purchasing lots in a subdivision with reference to a plat to assert easements in the streets shown by the plat is dependent upon the doctrine of equitable estoppel, and providing for the termination of their easements by revocation of the dedication when they have failed to assert same within two years from the effective date of the statute affords them a reasonable time in which to assert their rights, and therefore does not deprive them thereof without due process of law. Sheets v. Walsh, 217 N.C. 32, 6 S.E.2d 817 (1940).

This section provides a means by which the owners may withdraw their offer of dedication, and after withdrawal it protects the landowners against the right of the public to insist on the dedication. Osborne v. Town of N. Wilkesboro, 280 N.C. 696, 187 S.E.2d 102 (1972).

Where Municipality Has Failed To Improve or Open Street to Public Use. — If the municipality for a period of 15 years or more fails to improve and open to public use a street or alley shown on the developers' map, the owner may file and record a declaration withdrawing the street and alley from dedication. By failure to develop or use, the municipality's right to insist on the dedication is lost. Osborne v. Town of N. Wilkesboro, 280 N.C. 696, 187 S.E.2d 102 (1972).

Where land developers in 1900 registered a map of property in a municipality showing a street or alley on property now owned by plaintiffs, but the street and alley have never been opened or used in any way as a public street since the map was filed in 1900, plaintiffs had a right, as against the municipality, to withdraw the street and alley from dedication in 1969 under the provisions of this section so as to defeat the right of the municipality to thereafter open the street and alley to public use. Osborne v. Town of N. Wilkesboro, 280 N.C. 696, 187 S.E.2d 102 (1972).

Who May File for Withdrawal. — This section allows withdrawal of dedication of land if the property in question is not actually opened and used by the public within 15 years after the dedication. The filing of such withdrawal, however, must ordinarily be done by the dedicator or some one or more of those claiming under him, rather than the owner of property adjacent to the dedicated land. Town of Atlantic Beach v. Tradewinds Campground, Inc., 97 N.C. App. 655, 389 S.E.2d 276, cert. denied, 326 N.C. 805, 393 S.E.2d 906 (1990).

Withdrawal of Street Accepted and Maintained by Municipality. — Where a municipality opens, improves and maintains a street dedicated to the public by the registration of a map or plat showing such street, there is an acceptance of the dedication of the street by the municipality, and where the dedication of a street has become complete by the acceptance thereof by a municipality, and the street is opened and maintained by the municipality and used by the public, the right to revoke the dedication is gone, except with the consent of the municipality acting in behalf of the public and the consent of those persons, firms or corporations having vested rights in the dedication. Steadman v. Town of Pinetops, 251 N.C. 509, 112 S.E.2d 102 (1960).

Use by Public Prevents Withdrawal. — The dedication of a street may not be withdrawn if the dedication has been accepted and the street or any part of it is actually opened and used by the public. Russell v. Coggin, 232 N.C. 674, 62 S.E.2d 70 (1950); Janicki v. Lorek, 255 N.C. 53, 120 S.E.2d 413 (1961).

Where a street in a subdivision is dedicated to the purchasers of lots and to the public by the sale of lots with reference to a plat of the subdivision showing the street, and the street

is actually opened and used by the public even for a part of the width shown by the plat, such use precludes the owner from revoking the dedication under this section, even as to the portion of the width of the street not used and maintained by the municipality. Home Real Estate Loan & Ins. Co. v. Town of Carolina Beach, 216 N.C. 778, 7 S.E.2d 13 (1940); Food Town Stores, Inc. v. City of Salisbury, 300 N.C. 21, 265 S.E.2d 123 (1980).

Assuming, arguendo, that this section was applicable, defendant could not withdraw areas designated by subdivision plat as "Park Property" under this section where there was evidence to support the court's finding that the subject area had been used for recreational purposes within 15 years from its dedication and thus had not been abandoned for purposes of the statute. Stines v. Willyng, Inc., 81 N.C. App. 98, 344 S.E.2d 546 (1986).

Rights of Purchasers of Lots Sold by Reference to Map or Plat. — Where lots are sold and conveyed by reference to a map or plat which represents a division of a tract of land into subdivisions of streets and lots, such streets become dedicated to the public use, and the purchaser of a lot or lots acquires the right to have all and each of the streets kept open; and it makes no difference whether the streets be in fact opened or accepted by the governing boards of towns or cities if they lie within municipal corporations. There is a dedication, and if they are not actually opened at the time of the sale they must be at all times free to be opened as occasion may require. Steadman v. Town of Pinetops, 251 N.C. 509, 112 S.E.2d 102 (1960); Janicki v. Lorek, 255 N.C. 53, 120 S.E.2d 413 (1961).

Where lots are sold and conveyed by reference to a map or plat, it makes no difference whether the streets shown on the map or plat be in fact opened or accepted by the public. Janicki v. Lorek, 255 N.C. 53, 120 S.E.2d 413 (1961).

Section Not Applicable Where Road Is Way of Necessity. — Where the jury found that continued use of the street was necessary to afford convenient ingress, egress and regress to the lot owned by plaintiffs, the provisions of this section that a street not used within 20 years after dedication shall be deemed abandoned were not applicable. Evans v. Horne, 226 N.C. 581, 39 S.E.2d 612 (1946); Steadman v. Town of Pinetops, 251 N.C. 509, 112 S.E.2d 102 (1960).

Where land was dedicated for street and highway purposes and such street or highway is necessary to afford convenient ingress and egress to any parcel of land sold and conveyed by the dedicator of such street or highway prior to March 8, 1921, the dedication may not be withdrawn under the provisions of this section. Russell v. Coggin, 232 N.C. 674, 62 S.E.2d 70 (1950).

If a street is necessary to afford convenient access to a portion of a park not conveniently reached by other public streets, or the other public streets, due to their width, the amount of traffic or some like consideration, do not provide convenient access to the park, then the street may not be withdrawn from public use. Andrews v. Country Club Hills, Inc., 18 N.C. App. 6, 195 S.E.2d 584 (1973).

When it is established that a lot in a subdivision abuts the street sought to be withdrawn, it will be conclusively presumed that the street is necessary to afford convenient ingress or egress to or from the lot, and, in the absence of consent by the lot owner to the withdrawal, G.S. 136-96 has no application and the dedication may not be withdrawn irrespective of lapse of time or whether or not the street has been opened and used. Stephens v. Dortch, 147 N.C. App. 429, 556 S.E.2d 14, 2001 N.C. App. LEXIS 1186 (2001).

"Continued Use of" Construed. — The words "continued use of" in the statutory exception to the application of this section have been construed to mean the continued right to use. Andrews v. Country Club Hills, Inc., 18 N.C. App. 6, 195 S.E.2d 584 (1973).

Continued Right to Use Not Contingent on Prior Use. — The continued right to use in the statutory exception to the application of this section is not contingent on some prior use but is merely a continuance of a right that existed at the time of dedication. Andrews v. Country Club Hills, Inc., 18 N.C. App. 6, 195 S.E.2d 584 (1973).

But Must Be Necessary to Afford Convenient Ingress or Egress. — The operation of the statutory exception to the application of this section is predicated upon a determination of whether the continued right to use the dedicated street "shall" be necessary to afford convenient ingress or egress to any lot or parcel of land conveyed by the dedicator. Andrews v. Country Club Hills, Inc., 18 N.C. App. 6, 195 S.E.2d 584 (1973).

Question Is Whether Street Is Reasonably Necessary. — Under certain circumstances a seller-dedicator or other lot owners may abandon and close a street or a portion of a street. As to a purchaser, opposing such closing, the question is whether the street is reasonably necessary for the use of his lot. Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376, cert. denied, 382 U.S. 822, 86 S. Ct. 50, 15 L. Ed. 2d 67 (1965).

Owners Are Only Parties Entitled to Withdraw Streets From Dedication. — Where individual owners of lands subdivide and sell same by block and lot number with reference to a plat showing streets therein, they retain the fee in the streets subject to the

easement thus dedicated to the public in general and to the private owners of adjacent lots in particular, and are the only parties entitled to withdraw the streets from dedication when the streets have not been used for 20 years subsequent to such dedication and are not necessary for ingress and egress to any of the lots sold. Russell v. Coggin, 232 N.C. 674, 62 S.E.2d 70 (1950).

Except Where Street Was Dedicated by Corporation Which Has Become Nonexistent. — The only instance in which the adjacent owners of lots in a subdivision may be deemed to own any right, title or interest in a dedicated street, except an easement therein, is where the steet was dedicated by a corporation which has become nonexistent. Russell v. Coggin, 232 N.C. 674, 62 S.E.2d 70 (1950); Owens v. Taylor, 2 N.C. App. 178, 162 S.E.2d 576 (1968).

Where a corporation, which had dedicated streets to the public by the registration of a map showing such streets, ceases to exist, the right to revoke such dedication is vested in the owner of the land abutting the streets, and such right is not affected by the fact that a receivership of the corporation is still extant. Steadman v. Town of Pinetops, 251 N.C. 509, 112 S.E.2d 102 (1960).

The streets in question were dedicated to the public more than 20 years prior to the institution of this action by the sale of lots in a subdivision with reference to a plat showing the streets. The streets were never actually opened or used at any time, and no person asserted any public or private easement therein within two years from the passage of this Article, or at any other time. The streets in question are not necessary to afford convenient ingress or egress to any other lots in the subdivision. The corporation making the dedication no longer exists. Plaintiffs, claimants under dedicator, filed and recorded a declaration withdrawing said streets from the dedication. It was held that the revocation of the dedication terminated the easement of the public and of the purchasers of lots in the subdivision, and therefore plaintiffs own the fee in the said land and can convey same free of the easements. Sheets v. Walsh, 217 N.C. 32, 6 S.E.2d 817 (1940).

Where predecessors in title filed a declaration of withdrawal, they lost whatever sole rights to a twenty foot strip of land they may have had and became joint owners with plaintiff. Rawls v. Williford, 121 N.C. App. 762, 468 S.E.2d 460 (1996).

Adjacent Lot Owner Lacks Standing to Withdraw Dedication. — Where the original developer of a subdivision (an individual rather than a corporation) dedicated the property in question for public use when he recorded plats of the area, only he or one claiming an interest in the streets through him had standing to withdraw dedication. An adjacent lot owner lacked such standing, and the trial court properly declared his attempted withdrawal of dedication void. Town of Atlantic Beach v. Tradewinds Campground, Inc., 97 N.C. App. 655, 389 S.E.2d 276 (1990).

Effect of Withdrawal. — The prospective dedication of streets, parks, etc., in the sale of a development of lands is not binding upon a city until acceptance, and neither the city nor the general public can acquire any rights thereunder against the owner of the land or purchasers from him where the offer of dedication has been withdrawn before acceptance, under the provisions of this section. Irwin v. City of Charlotte, 193 N.C. 109, 136 S.E. 368 (1927); Steadman v. Town of Pinetops, 251 N.C. 509, 112 S.E.2d 102 (1960).

Where an easement was granted both to the public and to the owners of specified property, extinguishing the public easement due to the failure to open the easement for public use, did not extinguish the easement granted to the specified property owners. Stephens v. Dortch, 148 N.C. App. 509, 558 S.E.2d 889, 2002 N.C. App. LEXIS 29 (2002), cert. denied, 355 N.C. 353, 562 S.E.2d 430 (2002).

Withdrawal in Conformity with Section Terminates Easement. — Where land impliedly dedicated has not been actually opened or used for 20 years, and no person has asserted public or private easement thereon within the period fixed by this section or at any other time, and the land is not necessary for ingress, egress or regress to lots sold, effect is given by this section to the filing of a declaration of withdrawal of the land from dedication on the part of those holding under the original owner, and the dedication of the land is conclusively presumed to have been abandoned, and no claim of easement public or private may thereafter be enforced. Foster v. Atwater, 226 N.C. 472, 38 S.E.2d 316 (1946).

Where revocation of a dedication is made in the manner provided in this section, streets and alleys theretofore dedicated become private property and are not subject to any easement by reason of the dedication except insofar as their use may be necessary to afford convenient ingress to and egress from any lot previously sold and conveyed by the dedicator. Hine v. Blumenthal, 239 N.C. 537, 80 S.E.2d 458 (1954).

When Dedication Becomes Irrevocable. — As long as a landowner has notice of the plat through his deed, the plat does not have to be recorded in order to effect a right of way dedication; once a right of way dedication has taken place and becomes open to the public and at least part of the area is maintained, the period of use becomes immaterial and the dedication becomes irrevocable. DOT v. Haggerty, 127 N.C. 499, 492 S.E.2d 770 (1997).

Declaration of Withdrawal Must Be

Filed. — When certain streets and alleys have been dedicated to the public by the registration of a plat, it is necessary to a withdrawal of the dedication under this section, among other requirements, that the declaration of such withdrawal should be recorded; and when the facts agreed in an action involving the validity of an alleged withdrawal fail to disclose whether the declaration of the withdrawal had been recorded and to show plaintiffs to be claimants of title under dedicators who filed the plats, they are insufficient to enable the court to determine the question. Sheets v. Walsh, 215 N.C. 711, 2 S.E.2d 861 (1939).

Land may not be withdrawn from dedication until the fee owners record in the register's office a declaration withdrawing such land from the use to which it has been dedicated. Food Town Stores, Inc. v. City of Salisbury, 300 N.C. 21, 265 S.E.2d 123 (1980).

Admissibility of Record of Withdrawal in Evidence. — In an action for damages for trespass and to enjoin further trespass upon an easement claimed by plaintiffs by dedication, the burden is on plaintiffs to establish the property right asserted, and defendants are entitled to introduce the record of withdrawal of dedication executed pursuant to this section as a release or extinguishment by estoppel of record from sources to which plaintiffs were a privy, notwithstanding the absence of allegation in their answer of such withdrawal from dedication. Pritchard v. Fields, 228 N.C. 441, 45 S.E.2d 575 (1947).

Before an abandonment can occur under this section the dedicator, or someone claiming under him, (unless the dedicator was a corporation that has ceased to exist), must file and cause to be recorded a declaration withdrawing such strip or parcel of land. Rudisill v. Icenhour, 92 N.C. App. 741, 375 S.E.2d 682 (1989).

Cited in Lee v. Walker, 234 N.C. 687, 68 S.E.2d 664 (1951); Todd v. White, 246 N.C. 59, 97 S.E.2d 439 (1957); City of Salisbury v. Barnhardt, 249 N.C. 549, 107 S.E.2d 297 (1959); Emanuelson v. Gibbs, 49 N.C. App. 417, 271 S.E.2d 557 (1980); Beechridge Dev. Co. v. Dahners, 132 N.C. App. 181, 511 S.E.2d 18 (1999); DOT v. Blue, 147 N.C. App. 596, 556 S.E.2d 609, 2001 N.C. App. LEXIS 1235 (2001).

§ 136-96.1. Special proceeding to declare a right-of-way dedicated to public use.

(a) A special proceeding under Article 3, Chapter 1 of the General Statutes may be brought to declare a right-of-way dedicated to public use if:

(1) The landowners of tracts constituting two-thirds of the road frontage of the land abutting the right-of-way in question join in the action;

(2) The right-of-way is depicted on an unrecorded map, plat, or survey;

(3) The right-of-way has been actually open and used by the public; and

(4) Recorded deeds for at least three separate parcels abutting the right-of-way recite the existence of the right-of-way as a named street or road.

(b) In a special proceeding brought pursuant to this section, the clerk of court shall issue an order declaring the right-of-way to be dedicated to public use upon finding that the provisions of subsection (a) of this section have been proven.

(c) Any right-of-way found to be dedicated to public use pursuant to this section that is proposed for addition to the State highway system shall meet the requirements of G.S. 136-102.6.

(d) This section shall not apply to any right-of-way established by adverse possession or by cartway proceeding. (2001-501, s. 1.)

§ 136-97. Responsibility of counties for upkeep, etc., terminated.

(a) The board of county commissioners or other road-governing bodies of the various counties in the State are hereby relieved of all responsibility or liability for the upkeep or maintenance of any of the roads or bridges thereon constituting the State highway system, after the same shall have been taken over, and the control thereof assumed by the Department of Transportation.

(b) The Department of Transportation, as part of maintaining the highways, bridges, and watercourses of this State, may haul all debris removed from on,

under, or around a bridge to an appropriate disposal site for solid waste, where the debris shall be disposed of in accordance with law. (1921, c. 2, s. 50; C.S., s. 3846(dd); 1933, c. 172, s. 17; 1957, c. 65, s. 11; 1973, c. 507, ss. 5, 20; 1977, c. 464, s. 7.1; 1989, c. 752, s. 102; 1989 (Reg. Sess., 1990), c. 1066, s. 139; 1991, c. 689, s. 209.)

CASE NOTES

Liability for Failure to Remove Obstruction After Notice. — In an action to recover for injuries sustained when the car in which plaintiffs were riding struck a limb lying on a dirt highway, it was shown that defendant was a divisional engineer of the State Highway Commission (now Department of Transportation), that the highway in question was embraced within his division, that defendant was given notice that the limb was lying across the highway and that the accident occurred some six hours after such notice. It was held that defendant's motion to nonsuit was properly allowed, since, if defendant's failure to remove the limb was a breach of an official or governmental duty involving the exercise of discretion, there was neither allegation nor evidence of corruption or malice, and if such duty was a ministerial duty it was of a public nature imposed entirely for the public benefit, and there was neither allegation nor proof that this section provided for personal liability. Wilkins v. Burton, 220 N.C. 13, 16 S.E.2d 406 (1941).

§ 136-98. Prohibition of local road taxes and bonds and construction of roads by local authorities; existing contracts.

(a) From and after the first day of July, 1931, no county or road district by authority of any public, public-local, or private act shall levy any taxes for the maintenance, improvement, reconstruction, or construction of any of the public roads in the various and several counties of the State, nor shall any county, through the board of commissioners thereof or the highway commission, nor shall any district or township highway commission, issue or sell or enter into any contract to issue or sell any bonds heretofore authorized to be issued and sold, but unissued and unsold, for the purpose of obtaining money with which to improve, maintain, reconstruct, or construct roads, except for the purpose of discharging obligations entered into prior to the ratification of this section, and all acts authorizing the board of county commissioners, the county highway commissions, district highway or township commissions, to issue and sell bonds for the purpose aforesaid, are hereby amended so as to conform to this section. No board of county commissioners nor county highway commission, nor district nor township highway commission from and after the passage of this section shall enter into any contract to build or construct roads in the various and several counties except for such projects as can be completed and paid for prior to July 1, 1931. All contracts heretofore entered into by any county through the board of county commissioners, county highway commission, and all contracts heretofore entered into by any district or township highway commission which shall be incomplete on July 1, 1931, shall be taken over by the Department of Transportation and completed by the Department of Transportation by the use of money and funds applicable thereto, by the terms of the said contracts. Nothing in this section or in any section of Chapter 145 of the Public Laws of 1931 that may appear in this Code shall be construed to prohibit the levying of taxes authorized by law for the payment of interest or principal on outstanding bonds or other evidences of debt lawfully issued. Any county or road district which has heretofore issued bonds or other evidences of debt by authority of law for road improvement purposes may refund said bonds or other evidences of debt under and pursuant to the laws of the State of North Carolina relative thereto.

(b) Nothing in this Article prohibits counties from establishing service districts for road maintenance under Part 1, Article 16 of Chapter 153A of the

General Statutes. (1931, c. 145, s. 35; 1957, c. 65, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1995, c. 434, s. 2.)

Editor's Note. — Part 1, Article 16 of Chapter 153A, referred to in the section above, is codified as 153A-274 et seq.

§§ 136-99 through 136-101: Repealed by Session Laws 1971, c. 1106.

§ 136-102. Billboard obstructing view at entrance to school, church or public institution on public highway.

(a) It shall be unlawful for any person, firm, or corporation to construct or maintain outside the limits of any city or town in this State any billboard larger than six square feet at or nearer than 200 feet to the point where any walk or drive from any school, church, or public institution located along any highway enters such highway except under the following conditions:

(1) Such billboard is attached to the side of a building or buildings which are or may be erected within 200 feet of any such walk or drive and the attachment thereto causes no additional obstruction of view.

(2) A building or other structure is located so as to obstruct the view between such walk or drive and such billboard.

(3) Such billboard is located on the opposite side of the highway from the entrance to said walk or drive.

(b) Any person, firm, or corporation convicted of violating the provisions of this section shall be guilty of a Class 3 misdemeanor and punished only by a fine of ten dollars ($10.00), and each day that such violation continues shall be considered a separate offense. (1947, c. 304, ss. 1, 2; 1993, c. 539, s. 994; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-102.1. Blue Star Memorial and American Ex-Prisoners of War Highway.

All of the United States Highway #70, wherever located in North Carolina shall be known and designated as the "Blue Star Memorial and American Ex-Prisoners of War Highway." The designation shall pay tribute to the many North Carolinians killed during World War II and to all North Carolina's ex-prisoners of war. (1963, c. 140; 2001-196, s. 1.)

Editor's Note. — The preamble to Session Laws 2001-196, s. 1, reads as follows: "Whereas, many patriotic North Carolina citizens have served meritoriously in the armed forces of the United States of America in conflicts necessary to preserve the liberty and independence of this nation and to promote and project the democratic, freedom-loving values championed by this country; and

"Whereas, some of these North Carolina soldiers suffered wounds, often with imminent danger to their lives and with grievous pain, while engaged in combat with and being held prisoner by the enemy; and

"Whereas, in many cases, these soldiers continued heroic determination and effectiveness, while ignoring their intense physical pain and the constant threat to their lives; they staunchly refused to divulge information to aid the enemy; and

"Whereas, the United States of America reserves a special combat decoration for these held prisoners of war, The Prisoner of War Medal; and

"Whereas, many ex-prisoners of war have been awarded The Prisoner of War Medal for their sacrifice in service to America, their fellow citizens, their combat unit and their comrades, and in recognition of their personal suffering and their fierce determination never to capitulate; and

"Whereas, North Carolina ex-prisoners of war should be remembered across this great State for their personal endurance without

food, without heat, without the essentials of health, and without communication; and

"Whereas, these courageous soldiers, who suffered great stress and hardship to their minds and bodies while rendering heroic service to their country, should also be specially honored for their patriotic valor in combat; and

"Whereas, other states along United States Highway 70 have designated the highway within their borders as the 'American Ex-Prisoners of War Highway'; and

"Whereas, currently, United States Highway 70 within the borders of North Carolina is designated as the 'Blue Star Memorial Highway' which pays tribute to those killed during World War II; and

"Whereas, it is appropriate that this legislative body also recognize with the most profound gratitude the heroic, patriotic service of all North Carolina ex-prisoners of war across this great State; Now, therefore,"

Session Laws 2001-196, s. 2, provides: "The Department of Transportation shall, with the assistance of the Division of Veterans Affairs, design and place appropriate signage consistent with State and federal regulations near U.S. Highway 70 within the borders of North Carolina implementing Section 1 of this act."

§ 136-102.2. Authorization required for test drilling or boring upon right-of-way; filing record of results with Department of Transportation.

No person, firm or corporation shall make any test drilling or boring upon the right-of-way of any road or highway, under the jurisdiction of the Department of Transportation, until written authorization has been obtained from the owner or the person in charge of the land on which the highway easement is located. A complete record showing the results of the test drilling or boring shall be filed forthwith with the chairman [Secretary] of the Department of Transportation and shall be a public record. This section shall not apply to the Department of Transportation making test drilling or boring for highway purposes only. (1967, c. 923, s. 1; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-102.3. Filing record of results of test drilling or boring with Secretary of Administration and Secretary of Environment and Natural Resources.

Any person, firm or corporation making any test drilling or boring upon any public land, owned or controlled by the State of North Carolina[,] shall, forthwith after completion, file a complete record of the results of the test drilling or boring with the Secretary of Administration and with the Secretary of Environment and Natural Resources, of each test hole bored or drilled. Such records filed shall become a matter of public record. Provided, that after exploratory drilling and boring has been completed, and a lease or contract has been executed for operation, production or development of the area, the results of test drillings or borings made incidental to the operation, production or development of the area under lease or contract shall not be subject to the provisions of G.S. 136-102.2 to 136-102.4 unless otherwise provided in such lease or contract. (1967, c. 923, s. 2; 1973, c. 1262, s. 86; 1975, c. 879, s. 46; 1977, c. 771, s. 4; 1989, c. 727, s. 218(90); 1997-443, s. 11A.119(a).)

§ 136-102.4. Penalty for violation of §§ 136-102.2 and 136-102.3.

Violation of G.S. 136-102.2 and 136-102.3 shall be a Class 1 misdemeanor. (1967, c. 923, s. 3; 1993, c. 539, s. 995; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 136-102.5. Signs on fishing bridges.

When requested to do so by any county or municipality that has enacted an ordinance under G.S. 153-9(66) and 160-200(47) regulating or prohibiting fishing on any bridge of the North Carolina State highway system, the Department of Transportation shall erect signs on such bridges indicating the prohibition or regulation of the ordinance enacted under G.S. 153-9(66) and 160-200(47). (1971, c. 690, s. 5; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Editor's Note. — Section 153-9(66), referred to in this section, was repealed by Session Laws 1973, c. 822. Section 160-200, also referred to in this section, was repealed by Session Laws 1971, c. 698, s. 2. For present statutory provisions regulating fishing from bridges, see G.S. 153A-242 and 160A-302.1.

§ 136-102.6. Compliance of subdivision streets with minimum standards of the Board of Transportation required of developers.

(a) The owner of a tract or parcel of land which is subdivided from and after October 1, 1975, into two or more lots, building sites, or other divisions for sale or building development for residential purposes, where such subdivision includes a new street or the changing of an existing street, shall record a map or plat of the subdivision with the register of deeds of the county in which the land is located. The map or plat shall be recorded prior to any conveyance of a portion of said land, by reference to said map or plat.

(b) The right-of-way of any new street or change in an existing street shall be delineated upon the map or plat with particularity and such streets shall be designated to be either public or private. Any street designated on the plat or map as public shall be conclusively presumed to be an offer of dedication to the public of such street.

(c) The right-of-way and design of streets designated as public shall be in accordance with the minimum right-of-way and construction standards established by the Board of Transportation for acceptance on the State highway system. If a municipal or county subdivision control ordinance is in effect in the area proposed for subdivision, the map or plat required by this section shall not be recorded by the register of deeds until after it has received final plat approval by the municipality or county, and until after it has received a certificate of approval by the Division of Highways as herein provided as to those streets regulated in subsection (g). The certificate of approval may be issued by a district engineer of the Division of Highways of the Department of Transportation.

(d) The right-of-way and construction plans for such public streets in residential subdivisions, including plans for street drainage, shall be submitted to the Division of Highways for review and approval, prior to the recording of the subdivision plat in the office of the register of deeds. The plat or map required by this section shall not be recorded by the register of deeds without a certification pursuant to G.S. 47-30.2 and, if determined to be necessary by the Review Officer, a certificate of approval by the Division of Highways of the plans for the public street as being in accordance with the minimum standards of the Board of Transportation for acceptance of the subdivision street on the State highway system for maintenance. The Review Officer shall not certify a map or plat subject to this section unless the new streets or changes in existing streets are designated either public or private. The certificate of approval shall not be deemed an acceptance of the dedication of the streets on the subdivision plat or map. Final acceptance by the Division of Highways of the public streets and placing them on the State highway system for maintenance shall be

conclusive proof that the streets have been constructed according to the minimum standards of the Board of Transportation.

(e) No person or firm shall place or erect any utility in, over, or upon the existing or proposed right-of-way of any street in a subdivision to which this section applies, except in accordance with the Division of Highway's policies and procedures for accommodating utilities on highway rights-of-way, until the Division of Highways has given written approval of the location of such utilities. Written approval may be in the form of exchange of correspondence until such times as it is requested to add the street or streets to the State system, at which time an encroachment agreement furnished by the Division of Highways must be executed between the owner of the utility and the Division of Highways. The right of any utility placed or located on a proposed or existing subdivision public street right-of-way shall be subordinate to the street right-of-way, and the utility shall be subject to regulation by the Department of Transportation. Utilities are defined as electric power, telephone, television, telegraph, water, sewage, gas, oil, petroleum products, steam, chemicals, drainage, irrigation, and similar lines. Any utility installed in a subdivision street not in accordance with the Division of Highways accommodation policy, and without prior approval by the Division of Highways, shall be removed or relocated at no expense to the Division of Highways.

(f) Prior to entering any agreement or any conveyance with any prospective buyer, the developer and seller shall prepare and sign, and the buyer of the subject real estate shall receive and sign an acknowledgment of receipt of a separate instrument known as the subdivision streets disclosure statement (hereinafter referred to as disclosure statement). Said disclosure statement shall fully and completely disclose the status (whether public or private) of the street upon which the house or lot fronts. If the street is designated by the developer and seller as a public street, the developer and seller shall certify that the right-of-way and design of the street has been approved by the Division of Highways, and that the street has been or will be constructed by the developer and seller in accordance with the standards for subdivision streets adopted by the Board of Transportation for acceptance on the highway system. If the street is designated by the developer and seller as a private street, the developer and seller shall include in the disclosure statement an explanation of the consequences and responsibility as to maintenance of a private street, and shall fully and accurately disclose the party or parties upon whom responsibility for construction and maintenance of such street or streets shall rest, and shall further disclose that the street or streets will not be constructed to minimum standards, sufficient to allow their inclusion on the State highway system for maintenance. The disclosure statement shall contain a duplicate original which shall be given to the buyer. Written acknowledgment of receipt of the disclosure statement by the buyer shall be conclusive proof of the delivery thereof.

(g) The provisions of this section shall apply to all subdivisions located outside municipal corporate limits. As to subdivisions inside municipalities, this section shall apply to all proposed streets or changes in existing streets on the State highway system as shown on the comprehensive plan for the future development of the street system made pursuant to G.S. 136-66.2, and in effect at the date of approval of the map or plat.

(h) The provisions of this section shall not apply to any subdivision that consists only of lots located on Lakes Hickory, Norman, Mountain Island and Wylie which are lakes formed by the Catawba River which lots are leased upon October 1, 1975. No roads in any such subdivision shall be added to the State maintained road system without first having been brought up to standards established by the Board of Transportation for inclusion of roads in the system, without expense to the State. Prior to entering any agreement or any

conveyance with any prospective buyer of a lot in any such subdivision, the seller shall prepare and sign, and the buyer shall receive and sign an acknowledgment of receipt of a statement fully and completely disclosing the status of and the responsibility for construction and maintenance of the road upon which such lot is located.

(i) The purpose of this section is to insure that new subdivision streets described herein to be dedicated to the public will comply with the State standards for placing subdivision streets on the State highway system for maintenance, or that full and accurate disclosure of the responsibility for construction and maintenance of private streets be made. This section shall be construed and applied in a manner which shall not inhibit the ability of public utilities to satisfy service requirements of subdivisions to which this section applies.

(j) The Division of Highways and district engineers of the Division of Highways of the Department of Transportation shall issue a certificate of approval for any subdivision affected by a transportation corridor official map established by the Board of Transportation only if the subdivision conforms to Article 2E of this Chapter or conforms to any variance issued in accordance with that Article.

(k) A willful violation of any of the provisions of this section shall be a Class 1 misdemeanor. (1975, c. 488, s. 1; 1977, c. 464, ss. 7.1, 8; 1987, c. 747, s. 21; 1993, c. 539, s. 996; 1994, Ex. Sess., c. 24, s. 14(c); 1997-309, s. 4; 1998-184, s. 3.)

Cross References. — As to subdivision regulation in counties, see G.S. 153A-330 et seq. As to subdivision regulation in cities, see G.S. 160A-371.

Editor's Note. — Session Laws 1987, c. 747, which amended this section, provided in s. 25 that as used in the act, the word "municipality" means a "city" as defined by G.S. 160A-1.

CASE NOTES

Cited in DOT v. Haggerty, 127 N.C. 499, 492 S.E.2d 770 (1997).

OPINIONS OF ATTORNEY GENERAL

The section does not apply to subdivisions which were platted and recorded prior to October 1, 1975, the effective date of the section. This section is not applicable to the sale of a one-acre building site as a separate transaction from a 100-acre farm tract unless it involves the laying out or the dedication of a new street or the changing of an existing street. Therefore, if the subdivision only contains private streets, the register of deeds may record the plat without any certification by the Department of Transportation. Opinion of Attorney General to Mr. Richard S. Jones, Jr., 19 November 1975.

Article 8.

Citation to Highway Bond Acts.

§ 136-102.50: Repealed by Session Laws 1998-98, s. 40.

Article 9.

Condemnation.

§ 136-103. Institution of action and deposit.

(a) In case condemnation shall become necessary the Department of Transportation shall institute a civil action by filing in the superior court of any county in which the land is located a complaint and a declaration of taking declaring that such land, easement, or interest therein is thereby taken for the use of the Department of Transportation.

(b) Said declaration shall contain or have attached thereto the following:

(1) A statement of the authority under which and the public use for which said land is taken.

(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof.

(3) A statement of the estate or interest in said land taken for public use and a description of the area taken sufficient for the identification thereof.

(4) The names and addresses of those persons who the Department of Transportation is informed and believes may have or claim to have an interest in said lands, so far as the same can by reasonable diligence be ascertained and if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated.

(5) A statement of the sum of money estimated by said Department of Transportation to be just compensation for said taking.

(c) Said complaint shall contain or have attached thereto the following:

(1) A statement of the authority under which and the public use for which said land is taken.

(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof.

(3) A statement of the estate or interest in said land taken for public use and a description of the area taken sufficient for the identification thereof.

(4) The names and addresses of those persons who the Department of Transportation is informed and believes may have or claim to have an interest in said lands, so far as the same can by reasonable diligence be ascertained and if any such persons are infants, non compos mentis, under any other disability, or their whereabouts or names unknown, it must be so stated.

(5) A statement as to such liens or other encumbrances as the Department of Transportation is informed and believes are encumbrances upon said real estate and can by reasonable diligence be ascertained.

(6) A prayer that there be a determination of just compensation in accordance with the provisions of this Article.

(d) The filing of said complaint and said declaration of taking shall be accompanied by the deposit of the sum of money estimated by said Department of Transportation to be just compensation for said taking and upon the filing of said complaint and said declaration of taking and deposit of said sum, summons shall be issued and together with a copy of said complaint and said declaration of taking and notice of the deposit be served upon the person named therein in the manner now provided for the service of process in civil actions. The Department of Transportation may amend the complaint and declaration of taking and may increase the amount of its deposit with the court at any time while the proceeding is pending, and the owner shall have the

same rights of withdrawal of this additional amount as set forth in G.S. 136-105 of this Chapter. (1959, c. 1025, s. 2; 1961, c. 1084, s. 1; 1963, c. 1156, s. 1; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1997-456, s. 27.)

Local Modification. — (As to Article 9) village of Grandfather: 1987, c. 419, s. 1; village of Pinehurst: 1985, c. 379, s. 2.

Editor's Note. — The subsections of this section were numbered pursuant to Session Laws 1997-456, s. 27 which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

Legal Periodicals. — For an article urging revision and recodification of North Carolina's eminent domain laws, see 45 N.C.L. Rev. 587 (1967).

For note on expansion of definition of "taking" in eminent domain proceedings, see 47 N.C.L. Rev. 441 (1969).

For article on recent developments in North Carolina law of eminent domain, see 48 N.C.L. Rev. 767 (1970).

For note discussing constitutional challenges to "quick take" condemnation proceedings, see 8 N.C. Cent. L.J. 289 (1977).

CASE NOTES

Legislative Intent. — Section 136-112 clarifies the legislative intent behind this section. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

The Highway Commission (now Department of Transportation) as a State agency or instrumentality possesses the sovereign power of eminent domain, and by reason thereof can take private property for public use for highway purposes upon payment of just compensation. State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965).

Section Inapplicable to Takings or Causes of Action Arising Before July 1, 1960. — This section does not apply "to any takings or causes of actions arising prior to the effective date" thereof, to wit, July 1, 1960. Barnes v. North Carolina State Hwy. Comm'n, 257 N.C. 507, 126 S.E.2d 732 (1962).

By express provision of the enacting statute, this section applies only to proceedings begun subsequent to July 1, 1960. Wescott v. State Hwy. Comm'n, 262 N.C. 522, 138 S.E.2d 133 (1964).

Prior to July 1, 1960, Procedure Prescribed by Former § 40-11 et seq. Applied. — The procedure prescribed by former G.S. 40-11 et seq. was applicable to condemnation proceedings instituted by the State Highway Commission (now Department of Transportation) prior to July 1, 1960. City of Kings Mountain v. Goforth, 283 N.C. 316, 196 S.E.2d 231 (1973).

Strict Construction. — The exercise of the power of eminent domain is in derogation of common right, and all laws conferring such power must be strictly construed. Greensboro-High Point Airport Auth. v. Irvin, 2 N.C. App. 341, 163 S.E.2d 118 (1968).

In construing statutes which are claimed to authorize the exercise of the power of eminent domain, a strict rather than a liberal construction is the rule. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Is Prerogative of Sovereign State. — The right to take private property for public use, the power of eminent domain, is one of the prerogatives of a sovereign state. The right is inherent in sovereignty; it is not conferred by constitutions. Its exercise, however, is limited by the constitutional requirements of due process and payment of just compensation for property condemned. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Only the legislative branch can authorize the exercise of the power of eminent domain and prescribe the manner of its use. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain must be conferred by statute, either in express words or by necessary implication. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain lies dormant in the State until the legislature, by statute, confers the power and points out the occasion, mode, conditions and agencies for its exercise. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Hence, the executive branch of the government cannot, without the authority of some statute, proceed to condemn property for its own uses. Once authority is given to exercise the power of eminent domain, the matter ceases to be wholly legislative. The executive authorities may then decide whether the power

will be invoked and to what extent, and the judiciary must decide whether the statute authorizing the taking violates any constitutional rights. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Expressly Granted. — The General Assembly has expressly granted to the State Highway Commission (now Department of Transportation), under prescribed conditions, the power of eminent domain and has set forth the procedure to be followed in the exercise of such power. This procedure must be followed and the conditions prescribed therein must be met before the State Highway Commission (now Department of Transportation) has the right to exercise the power of eminent domain. State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Section Sets Out Procedure and Necessary Allegations. — The General Assembly, by the express provisions of this section, has set out the procedure required and the necessary allegations of a complaint. State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

The procedures for acquisition to the time of condemnation are governed by Article 6 of Chapter 146, while the condemnation, if required, is regulated by this Article. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

Duty of Property Owners to Mitigate Their Damages. — The duty of property owners to mitigate their damages includes the avoidance of conduct which would increase their damages. DOT v. Coleman, 127 N.C. App. 342, 489 S.E.2d 187 (1997).

Evidence that property owners made renovations in bad faith and for the purpose of enhancing their damages was relevant and competent evidence for a jury to consider in the determination of the value of the property at the time of the taking. DOT v. Coleman, 127 N.C. App. 342, 489 S.E.2d 187 (1997).

Landowner Not Restricted to Procedures to Which City Not Restricted. — Where a city is authorized, but not required, to proceed under this Article in condemning land for public purposes, failure to dismiss a landowner's inverse condemnation action is not error. A landowner is not restricted to procedures to which the city itself is not restricted. Long v. City of Charlotte, 306 N.C. 187, 293 S.E.2d 101 (1982).

"Taking". — "Taking" under the power of eminent domain may be defined generally as entering upon private property for more than a momentary period and, under the warrant or color of legal authority, devoting it to a public use, or otherwise informally appropriating or injuriously affecting it in such a way as substantially to oust the owner and deprive him of all beneficial enjoyment thereof. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Taking Occurred When Further Use Prevented. — A taking occurred when the State Highway Commission (now Department of Transportation) erected a fence severing the right-of-way and preventing its further use, and not at the time plaintiffs were first inconvenienced by it. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Under this Article a single condemnation proceeding may include more than one tract of land, and the proceeding may be amended to include additional land provided that the additional land is described in the complaint and declaration of taking and in the land records of the county through a memorandum of action as required by G.S. 136-104, and further, that the deposit is increased if the sum estimated for just compensation is increased. The condemnation statutes do not require that multiple tracts be contiguous in a condemnation proceeding. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

The Board of Transportation may include in a condemnation proceeding against an opposing party owner multiple tracts of land which are not contiguous. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

Amendment of Declaration to Properly Describe Lands. — When the condemnor has made an appraisal of lands taken but the lands described in the condemnation proceedings do not conform to the lands appraised, the condemnor may amend the proceeding to properly describe the lands upon which the appraisal was made. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

Inability to Agree on Price of Lands Need Not Be Alleged. — It is not necessary in order for the court to obtain jurisdiction in a condemnation proceeding instituted by the Highway Commission (now Department of Transportation) pursuant to this Chapter that the Commission (now Department) allege in its complaint that the Commission (now Department) and the owners are unable to agree as to the price of the lands sought to be condemned. State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Nor Good Faith Attempts to Acquire Property by Negotiation. — Since the effective date of this section an allegation of prior good faith attempts to acquire the property by negotiation is not required in a condemnation complaint filed by the State Highway Commission (now Department of Transportation) in order to show jurisdiction, but that absent such an allegation a complaint otherwise containing the express allegations required by this section would allege a defective statement of a good

cause of action. City of Charlotte v. Robinson, 2 N.C. App. 429, 163 S.E.2d 289 (1968).

Owner Entitled to Compensation When Deprived of Easement. — An owner whose access to a public road is a right-of-way over adjoining property is entitled to just compensation when the State deprives him of this easement. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

The fixing of compensation is wholly a judicial question. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Issue of Damages Considered De Novo on Appeal. — An appeal to superior court from a condemnation proceeding puts the issue of compensation for damages resulting from the taking before the court de novo. Metropolitan Sewerage Dist. v. Trueblood, 64 N.C. App. 690, 308 S.E.2d 340 (1983), cert. denied, 311 N.C. 402, 319 S.E.2d 272 (1984).

Failure to Use § 136-108 Mechanism. — Where landowners failed to avail themselves of the mechanism for determining issues other than damages provided in G.S. 136-108 and, instead, specifically stipulated that only the matter of just compensation remained for resolution at trial, the landowners could not dispute the amount of property affected by the plaintiffs' taking nor the plaintiffs' listing thereof in the Declaration of Taking before the appellate court. DOT v. Tilley, 136 N.C. App. 370, 524 S.E.2d 83, 2000 N.C. App. LEXIS 16 (2000), cert. denied, 531 U.S. 878, 121 S. Ct. 186, 148 L. Ed. 2d 129 (2000) cert. denied, 351 N.C. 640, 543 S.E.2d 868 (2000).

Use of Income Approach to Establish Value. — The decision in City of Statesville v. Cloaninger, 415 S.E.2d 111, 106 N.C. App. 10 (1992), appears to use the income approach to establishing property value when there are no comparable sales data and the income upon which the opinion of value is based is directly attributable to the land. DOT v. Fleming, 112 N.C. App. 580, 436 S.E.2d 407 (1993).

The General Assembly made inapplicable the provisions of former § 1-122 insofar as it related to complaints filed in eminent domain cases by the State Highway Commission (now Department of Transportation) arising after July 1, 1960. This is the distinguishing difference between cases brought under the provisions of Chapter 40 (see now Chapter 40A) and by the State Highway Commission (now Department of Transportation) under this Article. State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

Compliance Shown. — Court reviewed State filings required by this section and found that the Department of Administration properly acquired one-fifth of land held as tenant in common with corporation through the exercise of eminent domain. State v. Coastland Corp., 134 N.C. App. 269, 517 S.E.2d 655, 1999 N.C. App. LEXIS 749 (1999), cert. denied, 351 N.C. 111, 540 S.E.2d 371 (1999).

Applied in North Carolina State Hwy. Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966); State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967); North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967); North Carolina State Hwy. Comm'n v. Asheville School, Inc., 276 N.C. 556, 173 S.E.2d 909 (1970); State v. Johnson, 282 N.C. 1, 191 S.E.2d 641 (1972); North Carolina State Hwy. Comm'n v. Forest Lawn Cem., 15 N.C. App. 727, 190 S.E.2d 641 (1972); City of Durham v. Manson, 285 N.C. 741, 208 S.E.2d 662 (1974); City of Greensboro v. Irvin, 25 N.C. App. 661, 214 S.E.2d 196 (1975); City of Durham v. Lyckan Dev. Corp., 26 N.C. App. 210, 215 S.E.2d 814 (1975); Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982); City of Raleigh v. Riley, 64 N.C. App. 623, 308 S.E.2d 464 (1983); DOT v. Bollinger, 121 N.C. App. 606, 468 S.E.2d 796 (1996).

Cited in State Hwy. Comm'n v. Kenan Oil Co., 260 N.C. 131, 131 S.E.2d 665 (1963); North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964); North Carolina State Hwy. Comm'n v. Moore, 3 N.C. App. 207, 164 S.E.2d 385 (1968); State Hwy. Comm'n v. North Carolina Realty Corp., 4 N.C. App. 215, 166 S.E.2d 469 (1969); State Hwy. Comm'n v. Rowson, 5 N.C. App. 629, 169 S.E.2d 132 (1969); North Carolina State Hwy. Comm'n v. Asheville School, Inc., 5 N.C. App. 684, 169 S.E.2d 193 (1969); Board of Transp. v. Greene, 35 N.C. App. 187, 241 S.E.2d 152 (1978); Board of Transp. v. Revis, 40 N.C. App. 182, 252 S.E.2d 262 (1979); Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981); State v. Williams & Hessee, 53 N.C. App. 674, 281 S.E.2d 721 (1981); Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

§ 136-103.1. Outside counsel.

The Attorney General is authorized to employ outside counsel as he deems necessary for the purpose of obtaining title abstracts and title certificates for highway rights-of-way and for assistance in the trial of condemnation cases involving the acquisition of rights-of-way and other interests in land for the purpose of highway construction. Compensation, as approved by the Attorney

General, shall be paid out of the appropriations from the Highway Fund. (1973, c. 507, s. 4.)

§ 136-104. Vesting of title and right of possession; recording memorandum or supplemental memorandum of action.

Upon the filing of the complaint and the declaration of taking and deposit in court, to the use of the person entitled thereto, of the amount of the estimated compensation stated in the declaration, title to said land or such other interest therein specified in the complaint and the declaration of taking, together with the right to immediate possession hereof shall vest in the Department of Transportation and the judge shall enter such orders in the cause as may be required to place the Department of Transportation in possession, and said land shall be deemed to be condemned and taken for the use of the Department of Transportation and the right to just compensation therefor shall vest in the person owning said property or any compensable interest therein at the time of the filing of the complaint and the declaration of taking and deposit of the money in court, and compensation shall be determined and awarded in said action and established by judgment therein.

Where there is a life estate and a remainder either vested or contingent, in lieu of the investment of the proceeds of the amount determined and awarded as just compensation to which the life tenant would be entitled to the use during the life estate, the court may in its discretion order the value of said life tenant's share during the probable life of such life tenant be ascertained as now provided by law and paid directly to the life tenant out of the final award as just compensation established by the judgment in the cause and the life tenant may have the relief provided for in G.S. 136-105.

On and after July 1, 1961, the Department of Transportation, at the time of the filing of the complaint and declaration of taking and deposit of estimated compensation, shall record a memorandum of action with the register of deeds in all counties in which the land involved therein is located and said memorandum shall be recorded among the land records of said county. Upon the amending of any complaint and declaration of taking affecting the property taken, the Department of Transportation shall record a supplemental memorandum of action. The memorandum of action shall contain

(1) The names of those persons who the Department of Transportation is informed and believes may have or claim to have an interest in said lands and who are parties to said action;
(2) A description of the entire tract or tracts affected by said taking sufficient for the identification thereof;
(3) A statement of the estate or interest in said land taken for public use;
(4) The date of institution of said action, the county in which said action is pending, and such other reference thereto as may be necessary for the identification of said action.

As to those actions instituted by the Department of Transportation under the provisions of this Article prior to July 1, 1961, the Department of Transportation shall, on or before October 1, 1961, record a memorandum of action with the register of deeds in all counties in which said land is located as hereinabove set forth; however, the failure of the Department of Transportation to record said memorandum shall not invalidate those actions instituted prior to July 1, 1961. (1959, c. 1025, s. 2; 1961, c. 1084, s. 2; 1963, c. 1156, s. 2; 1973, c. 507, s. 5; 1975, c. 522, s. 1; 1977, c. 464, s. 7.1.)

Cross References. — As to right of condemnor to take voluntary nonsuit, see G.S. 1-209.2 and note thereto.

Legal Periodicals. — For note discussing constitutional challenges to "quick take" condemnation proceedings, see 8 N.C. Cent. L.J. 289 (1977).

For survey of 1978 property law, see 57 N.C.L. Rev. 1103 (1979).

CASE NOTES

The purpose of the first paragraph is to vest title in the State upon the filing of the complaint, the declaration of taking, and the deposit in cash of the estimated compensation. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

Under this Article a single condemnation proceeding may include more than one tract of land, and the proceeding may be amended to include additional land provided that the additional land is described in the complaint and declaration of taking and in the land records of the county through a memorandum of action as required by G.S. 136-104, and further, that the deposit is increased if the sum estimated for just compensation is increased. The condemnation statutes do not require that multiple tracts be contiguous in a condemnation proceeding. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

The Department of Transportation may include in a condemnation proceeding against an opposing party owner multiple tracts of land which are not contiguous. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

Amendment of Declaration to Properly Describe Lands. — When the condemnor has made an appraisal of lands taken but the lands described in the condemnation proceedings do not conform to the lands appraised, the condemnor may amend the proceeding to properly describe the lands upon which the appraisal was made. Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

The provisions of § 136-108 apply to condemnation proceedings under § 136-111 as well as under this section. Berta v. North Carolina State Hwy. Comm'n, 36 N.C. App. 749, 245 S.E.2d 409 (1978).

Purpose of the Third Paragraph. — The manifest purpose of the third paragraph of this section is to assure public record of the change in ownership. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

The obvious intent of the second sentence of the third paragraph is to assure that any change in the complaint or declaration of taking that affects the property will be entered into the land records of the county. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971); Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979).

Supplemental Memoranda Not Required for All Amendments. — The second sentence of the third paragraph does not mean that a supplemental memorandum of action must be filed as to all amendments, significant or insignificant, to the original complaint. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

Where the purpose of this section is to require notice of ownership, an amendment to the complaint which only adds additional parties defendant who may or may not share in the proceeds requires no supplemental notice to the public, and the same is true with respect to an amendment that only substitutes a more specific metes and bounds description for a description less exact, both descriptions covering the same property. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

But Only Where Amendment and Declaration of Taking Affect Property Taken. — A supplemental memorandum is required only where the amendment to the complaint and declaration of taking affect the property taken. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

Formerly, the property owner's title was divested by decree in a special proceeding under former G.S. 40-11, and then only when fair compensation had been ascertained and paid as directed by decree confirming the award. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964).

Prior to the enactment of this section, title was not divested until compensation was paid; and the person who owned the property when the award was confirmed was the person to be compensated. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Since July 1, 1960, title is divested by a civil action. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964).

Upon the filing of the complaint and the declaration of a taking, together with the making of a deposit in court, title and right to immediate possession of property condemned by the Highway Commission (now Department of Transportation) vests in the Commission (now Department). North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967).

Filing Memorandum Has Same Effect as Conveyance. — The Highway Commission

(now Department of Transportation), when it files its complaint must file a memorandum of its action with the register of deeds where the land lies, and this has the same effect as a conveyance of the property. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964); City of King's Mountain v. Goforth, 283 N.C. 316, 196 S.E.2d 231 (1973).

Person Owning Land Immediately Prior to Filing Complaint Has Right to Compensation. — The right to compensation rests in the person who owned the land immediately prior to the filing of the complaint and declaration of taking. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964); North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967); City of King's Mountain v. Goforth, 283 N.C. 316, 196 S.E.2d 231 (1973).

The right to compensation for a taking of property by the power of eminent domain is in those who owned compensable interests in the property immediately prior to the filing of the complaint and declaration of taking. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

But such person has nothing he can sell pending ascertainment of fair compensation. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964); City of King's Mountain v. Goforth, 283 N.C. 316, 196 S.E.2d 231 (1973); State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

"Compensable Interest" Is Interest in Property Condemned. — The "compensable interest" referred to in this section is an interest in the property condemned, not in property conveyed away just prior to condemnation. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Statutory Provisions Not Affected by Agreement Made in Anticipation of Condemnation. — Defendants could not, by agreement made in anticipation of the condemnation of a portion of their property, change the statutory provisions relating to the time of, and basis for, the compensation to be paid when the State Highway Commission (now Department of Transportation) condemns the property for highway purposes. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Former Owner Not Entitled to Compensation for Reduced Sale Price of Land Condemned. — Where landowners were forced by business reverses to sell a part of their tract of land to third persons just prior to the time the State Highway Commission (now Department of Transportation) acquired title to a part of the remainder and they alleged that the price obtained for the tract sold was greatly reduced because of public knowledge of the location of the planned highway, they were not entitled to compensation for the reduced sale price of the land conveyed. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Transfer in Condemnation Proceeding Does Not Destroy Estate by Entirety. — Where title to land held by the entirety is transferred to the State Highway Commission (now Department of Transportation) upon the payment into court of a sum estimated by the Commission (now Department) to be just compensation, such involuntary transfer of title does not destroy the estate by the entirety, and the compensation paid by the Commission (now Department) has the status of real property owned by the husband and wife as tenants by the entirety. North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967).

Declaration of Taking by Fee Simple Absolute Destroys Possibility of Reverter. — Where the condemning authority, in its declaration of taking, asserted that it thereby acquired a fee simple absolute in the land described as taken, it therefore took by condemnation both the fee simple determinable estate and the possibility of reverter. These were taken simultaneously, and there was no interval following the taking of the fee simple determinable estate, for use for a purpose other than that stated in the deed, in which the reverter could have occurred. Thus, the condemnation destroyed the possibility of reverter. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Taking Rendered Partition Suit Moot. — Taking which was proper under this section rendered earlier suit for partition of property moot; State did not have to wait until partition proceedings had been completed to condemn petitioner's interest. Coastland Corp. v. North Carolina Wildlife Resources Comm'n, 134 N.C. App. 343, 517 S.E.2d 661 (1999).

Applied in City of Durham v. Manson, 285 N.C. 741, 208 S.E.2d 662 (1974).

Cited in Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967); City of Durham v. Bates, 273 N.C. 336, 160 S.E.2d 60 (1968); Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981); Department of Transp. v. Bragg, 59 N.C. App. 344, 296 S.E.2d 657 (1982).

§ 136-105. Disbursement of deposit; serving copy of disbursing order on Department of Transportation.

The person named in the complaint and declaration of taking may apply to the court for disbursement of the money deposited in the court, or any part thereof, as full compensation, or as a credit against just compensation without prejudice to further proceedings in the cause to determine just compensation. Upon such application, the judge shall, unless there is a dispute as to title, order that the money deposited be paid forthwith to the person entitled thereto in accordance with the application. The judge shall have power to make such orders with respect to encumbrances, liens, rents, taxes, assessments, insurance, and other charges, if any, as shall be just and equitable.

No notice to the Department of Transportation of the hearing upon the application for disbursement of deposit shall be necessary, but a copy of the order disbursing the deposit shall be served upon the Secretary of Transportation, or such other process agents as may be designated by the Department of Transportation. (1959, c. 1025, s. 2; 1961, c. 1084, s. 3; 1965, c. 55, s. 14; 1969, c. 649; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 26.)

CASE NOTES

There Can Be No Disbursement Unless Specifically Authorized by Order of Court. — There can be no disbursement of any portion of money deposited as a credit against just compensation for any purpose unless specifically authorized by order of the court entered after hearing pursuant to notice to all interested parties. North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967).

A wife separated from her husband and seeking alimony pendente lite has no present right to disbursement of money deposited by the State Highway Commission (now Department of Transportation) as a credit against just compensation for land owned by the wife and her husband as tenants by entirety. North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967).

Title Dispute Held to Prohibit Disbursement of Funds. — See Board of Transp. v. Greene, 35 N.C. App. 187, 241 S.E.2d 152 (1978).

Applied in Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

Cited in State Hwy. Comm'n v. Kenan Oil Co., 260 N.C. 131, 131 S.E.2d 665 (1963); City of Durham v. Bates, 273 N.C. 336, 160 S.E.2d 60 (1968); State Hwy. Comm'n v. Fry, 6 N.C. App. 370, 170 S.E.2d 91 (1969); City of Durham v. Manson, 21 N.C. App. 161, 204 S.E.2d 41 (1974); Swenson v. Thibaut, 39 N.C. App. 77, 250 S.E.2d 279 (1978); Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981).

§ 136-106. Answer, reply and plat.

(a) Any person whose property has been taken by the Department of Transportation by the filing of a complaint and a declaration of taking, may within the time hereinafter set forth file an answer to the complaint only praying for a determination of just compensation. No answer shall be filed to the declaration of taking and notice of deposit. Said answer shall, in addition, contain the following:

(1) Such admissions or denials of the allegations of the complaint as are appropriate.

(2) The names and addresses of the persons filing said answer, together with a statement as to their interest in the property taken.

(3) Such affirmative defenses or matters as are pertinent to the action.

(b) A copy of the answer shall be served on the Department of Transportation, or such other process agents as may be designated by the Department of Transportation, in Raleigh, provided that failure to serve the answer shall not deprive the answer of its validity. The affirmative allegations of said answer

shall be deemed denied. The Department of Transportation may, however, file a reply within 30 days from receipt of a copy of the answer.

(c) The Department of Transportation, within 90 days from the receipt of the answer shall file in the cause a plat of the land taken and such additional area as may be necessary to properly determine the damages, and a copy thereof shall be mailed to the parties or their attorney; provided, however, the Department of Transportation shall not be required to file a map or plat in less than six months from the date of the filing of the complaint. (1959, c. 1025, s. 2; 1961, c. 1084, s. 4; 1963, c. 1156, ss. 3, 4; 1965, c. 55, s. 15; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 28.)

CASE NOTES

An answer is "filed" when it is delivered for that purpose to the proper officer and received by him. State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967).

The word "only" in the first sentence of this section modifies "complaint," not "praying for a determination of just compensation." That is, the defendants were authorized by the statutory procedure, established by the State, to file an answer denying that the proposed condemnation is for a public use, and were authorized to do so at any time within 12 months after the summons and complaint were served upon them. If this procedure puts the State Highway Commission (now Department of Transportation) at a disadvantage in constructing highways to meet the public need the remedy is in the legislature, not the courts. State Hwy. Comm'n v. Thornton, 271 N.C. 227, 156 S.E.2d 248 (1968), commented on in 46 N.C.L. Rev. 663.

Presumption That Copy of Answer Mailed to Plaintiff or His Attorney. — Upon admission that answer has been filed it will be presumed that a copy thereof for the use of plaintiff had likewise been filed and mailed to him or his attorney of record, as required by former G.S. 1-25 (see now G.S. 1A-1, Rule 12). State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967).

Petition for Disbursement Under § 136-105 Cannot Be Construed as Answer. — A petition under G.S. 136-105 to withdraw the amount deposited by the State Highway Commission (now Department of Transportation) as compensation cannot be construed as an answer within the meaning of G.S. 136-106 and 136-107. State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967).

Applied in Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963); North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967); North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Cited in North Carolina Dep't of Transp. v. Kaplan, 343 N.C. App. 182, 343 S.E.2d 182 (1986).

§ 136-107. Time for filing answer.

Any person named in and served with a complaint and declaration of taking shall have 12 months from the date of service thereof to file answer. Failure to answer within said time shall constitute an admission that the amount deposited is just compensation and shall be a waiver of any further proceeding to determine just compensation; in such event the judge shall enter final judgment in the amount deposited and order disbursement of the money deposited to the owner. Provided, however, at any time prior to the entry of the final judgment the judge may, for good cause shown and after notice to the plaintiff, extend the time for filing answer for 30 days. Provided that when the procedures of Article 9 of Chapter 136 are employed by the Department of Administration, any person named in or served with a complaint and declaration of taking shall have 120 days from the date of service thereof within which to file an answer. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1975, c. 625; 1981, c. 245, s. 2.)

CASE NOTES

This section expresses a definite, sensible and mandatory meaning concerning procedure in condemnation proceedings under this Chapter. State Hwy. Comm'n v.

Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967).

Court Has No Discretionary Power to Allow Extension of Time for Filing Answer. — This section, limiting the time for the filing of answer in condemnation proceedings instituted by the State Highway Commission (now Department of Transportation), must be construed as an exception to the general power of the court to extend the time for the filing of pleadings, so that the court has no discretionary power to allow the filing of an answer after the time limited in the condemnation statute. State Hwy. Comm'n v. Hemphill, 269 N.C. 535, 153 S.E.2d 22 (1967).

The courts have no discretionary power to allow an extension of time for the filing of an answer under this section. Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981).

But Parties May Make Reasonable Stipulations. — A court has no authority to alter the requirements of this section but there is no reason why parties may not make reasonable stipulations concerning matters to which the section is addressed. Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981).

Court did not abuse its discretion in permitting corporate landowner to file an answer in a condemnation proceeding more than one year after the city served the summons and complaint on the Secretary of State, because the corporate landowner did not maintain a registered agent or office, where the city had constructive notice of the corporate landowner's stockholder and president as well as one other corporate fiduciary and after one year served the default motion on the corporate landowner's president, the fiduciary, and the incorporator. City of Charlotte v. Whippoorwill Lake, Inc., 150 N.C. App. 579, 563 S.E.2d 297, 2002 N.C. App. LEXIS 575 (2002).

Applied in North Carolina State Hwy. Comm'n v. Myers, 270 N.C. 258, 154 S.E.2d 87 (1967); City of Greensboro v. Irvin, 25 N.C. App. 661, 214 S.E.2d 196 (1975); City of Durham v. Lyckan Dev. Corp., 26 N.C. App. 210, 215 S.E.2d 814 (1975); Board of Transp. v. Williams, 31 N.C. App. 125, 229 S.E.2d 37 (1976).

Cited in State Hwy. Comm'n v. Thornton, 271 N.C. 227, 156 S.E.2d 248 (1968); DOT v. Combs, 71 N.C. App. 372, 322 S.E.2d 602 (1984).

§ 136-108. Determination of issues other than damages.

After the filing of the plat, the judge, upon motion and 10 days' notice by either the Department of Transportation or the owner, shall, either in or out of term, hear and determine any and all issues raised by the pleadings other than the issue of damages, including, but not limited to, if controverted, questions of necessary and proper parties, title to the land, interest taken, and area taken. (1959, c. 1025, s. 2; 1963, c. 1156, s. 5; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

Legal Periodicals. — For note discussing constitutional challenges to "quick take" condemnation proceedings, see 8 N.C. Cent. L.J. 289 (1977).

CASE NOTES

The State's right to exercise the power of eminent domain is limited by the constitutional requirements of due process and the payment of just compensation for property condemned. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

Recording Not Required for Interests in Land Acquired Prior to July 1, 1959. — Section 47-27, which governs deeds for rights-of-way and easements, provides that the Department of Transportation (DOT) does not have to record such interests in land which were acquired prior to July 1, 1959. DOT v. Wolfe, 116 N.C. App. 655, 449 S.E.2d 11 (1994).

One of the purposes of this section was to eliminate from the jury trial any question as to what land the State Highway Commission (now Department of Transportation) is condemning and any question as to its title. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

Section Does Not Infringe Right to Trial by Jury. — This section is constitutional and does not deprive the plaintiffs of their right to trial by jury as the same is guaranteed by the North Carolina and United States Constitutions. Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963).

When the taking by the sovereign is conceded, questions preliminary to the determination of the amount to be paid are questions of fact to be determined by the court — not issues of fact which must be determined by a jury. This is the basis for the conclusion reached in Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963), holding this section constitutional. Wescott v. State Hwy. Comm'n, 262 N.C. 522, 138 S.E.2d 133 (1964).

Where a matter was called for hearing pursuant to this section in a condemnation action with no jury, this hearing did not infringe upon the landowner's right to a jury trial as provided by the North Carolina and United States Constitutions. DOT v. Wolfe, 116 N.C. App. 655, 449 S.E.2d 11 (1994).

The provisions of this section apply to condemnation proceedings under § 136-111 as well as under G.S. 136-104. Berta v. North Carolina State Hwy. Comm'n, 36 N.C. App. 749, 245 S.E.2d 409 (1978).

A determination of ownership of the area affected is a prerequisite to a determination of just compensation for the area taken. Limiting the trial court's factfinding to ownership of the area taken alone would deprive the defendants of just compensation. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

A valid exercise of the power of eminent domain presupposes a complete determination of the area affected, including ownership. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

Parties are fixed with notice of all motions or orders made during the session of court in causes pending therein, and the statutory provisions for notice of motions are not applicable in such instances. State Hwy. Comm'n v. Stokes, 3 N.C. App. 541, 165 S.E.2d 550 (1969).

Judge's Function. — It is immaterial whether a proceeding before a judge be considered (1) a pretrial hearing for condemnation under this section or (2) a motion to dismiss, converted under G.S. 1A-1, Rule 12(b) into a motion for summary judgment by the introduction of matters outside the pleading. In either event, it is the judge's function to decide all questions of fact and adjudicate the State Highway Commission's (now Department of Transportation's) controverted right to condemn a tract for the purpose specified. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

Effect of Court's Findings as to Damages. — In a hearing held under this section, the trial court's findings as to damages would not be competent at the trial on the issue of damages. Cogdill v. North Carolina State Hwy. Comm'n, 279 N.C. 313, 182 S.E.2d 373 (1971).

The trial judge in a proceeding against the State Highway Commission (now Department of Transportation) held under this section could consider evidence of damages for the limited purpose of finding that the plaintiffs had made a prima facie showing of substantial and measurable damages, although his finding as to damages would not be competent at the jury trial on the issue of damages. Cogdill v. North Carolina State Hwy. Comm'n, 279 N.C. 313, 182 S.E.2d 373 (1971).

Evidence as to damages in a hearing under this section is competent and necessary for the limited purpose of making a prima facie showing that the plaintiffs had suffered substantial and measurable damages. Cogdill v. North Carolina State Hwy. Comm'n, 279 N.C. 313, 182 S.E.2d 373 (1971).

Assessment of Damages to Tracts Other Than Those Taken. — Obviously, it would be an exercise in futility, completely thwarting the purpose of this section to have the jury assess damages to four certain tracts if plaintiff were condemning only two other tracts, and the verdict would be set aside on appeal for errors committed by the judge in determining the issues other than damages. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

A parcel of land owned by an individual and an adjacent parcel of land owned by a corporation of which that individual is the sole or principal shareholder cannot be treated as a unified tract for the purpose of assessing condemnation damages. Board of Transp. v. Martin, 296 N.C. 20, 249 S.E.2d 390 (1978).

Compensation for Adjacent Traffic Islands. — The trial court does have authority under this section to pass upon the question whether defendants are entitled to compensation because of the construction of traffic islands adjacent to their property fronting a highway. State Hwy. Comm'n v. Rose, 31 N.C. App. 28, 228 S.E.2d 664, cert. denied, 291 N.C. 448, 230 S.E.2d 766 (1976).

Immediate Appeal. — Should there be a fundamental error in the judgment rendered under this section resolving the vital preliminary issues of what land is being condemned and the title thereto, ordinary prudence requires an immediate appeal. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

Although the parties to a condemnation hearing must resolve all issues other than damages at the hearing under this section, the section does not require the parties to appeal those issues before proceeding to the damages trial. Therefore, defendants were not required to immediately appeal trial court's order unifying four remaining tracts. DOT v. Rowe, 351 N.C. 172, 521 S.E.2d 707 (1999).

Since an appeal specifically contested the trial court's determination of the area affected by the taking, which was a "vital preliminary issue," the case was properly before the appellate court to review the trial court's determination that tracts of land were not united for condemnation purposes. DOT v. Airlie Park, Inc., 156 N.C. App. 63, 576 S.E.2d 341, 2003 N.C. App. LEXIS 29 (2003).

Nuckles holding limited. — To the extent

that N.C. State Highway Comm'n v. Nuckles was expanded to other issues arising from condemnation hearings, the Supreme Court limited that holding to questions of title and area taken. DOT v. Rowe, 351 N.C. 172, 521 S.E.2d 707 (1999).

Review on Appeal of Arbitrary and Capricious Conduct. — If condemnation proceedings are subject to review due to allegations of arbitrary and capricious conduct or abuse of discretion, and if the court finds safety to be of legitimate concern, the trial judge must make a finding of fact on that issue. Absent such a ruling, an appellate court cannot properly review the trial court's decision as to whether or not Department of Transportation's actions were arbitrary and capricious. DOT v. Overton, 111 N.C. App. 857, 433 S.E.2d 471 (1993), discretionary review improvidently granted, 336 N.C. 598, 444 S.E.2d 448 (1994).

Appeal Held Interlocutory. — Landowners' appeal of the rejection of their argument in their condemnation case that they were entitled to have business damages included in any just compensation award made to them had to be dismissed as the statute expressly permitted the trial court to decide any and all issues raised by the pleadings except the issue of damages, which were to be determined later in a jury trial; thus, because not all issues were resolved in the condemnation proceeding, the appeal from the trial court's denial of their argument concerning damages was interlocutory and that part of the appeal had to be dismissed. DOT v. Byerly, 154 N.C. App. 454, 573 S.E.2d 522, 2002 N.C. App. LEXIS 1448 (2002).

Failure to Invoke Section. — Where landowners failed to avail themselves of the mechanism for determining issues other than damages provided in this section and, instead, specifically stipulated that only the matter of just compensation remained for resolution at trial, the landowners could not dispute the amount of property affected by the plaintiffs' taking nor the plaintiffs' listing thereof in the Declaration of Taking before the appellate court. DOT v. Tilley, 136 N.C. App. 370, 524 S.E.2d 83, 2000 N.C. App. LEXIS 16 (2000), cert. denied, 531 U.S. 878, 121 S. Ct. 186, 148 L. Ed. 2d 129 (2000) cert. denied, 351 N.C. 640, 543 S.E.2d 868 (2000).

Applied in Snow v. North Carolina State Hwy. Comm'n, 262 N.C. 169, 136 S.E.2d 678 (1964); State Hwy. Comm'n v. Greensboro City Bd. of Educ., 265 N.C. 35, 143 S.E.2d 87 (1965); State Hwy. Comm'n v. Batts, 265 N.C. 346, 144 S.E.2d 126 (1965); North Carolina State Hwy. Comm'n v. Rankin, 2 N.C. App. 452, 163 S.E.2d 302 (1968); North Carolina State Hwy. Comm'n v. Gamble, 9 N.C. App. 618, 177 S.E.2d 434 (1970); Lautenschlager v. Board of Transp., 25 N.C. App. 228, 212 S.E.2d 551 (1975); Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

App. —, 581 S.E.2d 770, 2003 N.C. App. LEXIS 1183 (2003).

§ 136-109. Appointment of commissioners.

(a) Upon request of the owner in the answer, or upon motion filed by either the Department of Transportation or the owner within 60 days after the filing of answer, the clerk shall appoint, after the determination of other issues as provided by G.S. 136-108 of this Chapter, three competent, disinterested freeholders residing in the county to go upon the property and under oath appraise the damage to the land sustained by reason of the taking and report same to the court within a time certain. If no request or motion is made for the

appointment of commissioners within the time permitted, the cause shall be transferred to the civil issue docket for trial as to the issue of just compensation.

(b) Such commissioners, if appointed, shall have the power to make such inspection of the property, hold such hearings, swear such witnesses, and take such evidence as they may, in their discretion, deem necessary, and shall file into court a report of their determination of the damages sustained.

(c) Said report of commissioners shall in substance be in written form as follows:

TO THE SUPERIOR COURT OF _____ COUNTY

We, _____, _____ and _____ Commissioners appointed by the Court to assess the damages that have been and will be sustained by _____, the owner of certain land lying in _____ County, North Carolina, which has been taken by the Department of Transportation for highway purposes, do hereby certify that we convened, and, having first been duly sworn, visited the premises, and took such evidence as was presented to us, and after taking into full consideration the quality and quantity of the land and all other facts which reasonably affect its fair market value at the time of the taking, we have determined the fair market value of the part of the land taken to be the sum of $_____ and the damage to the remainder of the land of the owner by reason of the taking to be the sum of $_____ (if applicable).

We have determined the general and special benefits resulting to said owner from the construction of the highway to be the sum of $_____ (if applicable).

GIVEN under our hands, this the _____ day of _____, _____

_____ (SEAL)

_____ (SEAL)

_____ (SEAL)

(d) A copy of the report shall at the time of filing be mailed to each of the parties. Within 30 days after the filing of the report, either the Department of Transportation or the owner, may except thereto and demand a trial de novo by a jury as to the issue of damages. Whereupon the action shall be placed on the civil issue docket of the superior court for trial de novo by a jury as to the issue of damages, provided, that upon agreement of both parties trial by jury may be waived and the issue determined by the judge. The report of commissioners shall not be competent as evidence upon the trial of the issue of damages in the superior court, nor shall evidence of the deposit by the Department of Transportation into the court be competent upon the trial of the issue of damages. If no exception to the report of commissioners is filed within the time prescribed final judgment shall be entered by the judge upon a determination and finding by him that the report of commissioners, plus interest computed in accordance with G.S. 136-113 of this Chapter, awards to the property owners just compensation. In the event that the judge is of the opinion and, in his discretion, determines that such award does not provide just compensation he shall set aside said award and order the case placed on the civil issue docket for determination of the issue of damages by a jury. (1959, c. 1025, s. 2; 1961, c. 1084, s. 5; 1963, c. 1156, s. 6; 1973, c. 108, s. 85; c. 507, s. 5; 1977, c. 464, s. 7.1; 1999-456, s. 59.)

CASE NOTES

Condemnee is only entitled to fair compensation for such of his property, if any, as the State Highway Commission (now Department of Transportation) has taken. North Caro-

lina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964).

Neither the Commission's (now Department's) nor the owner's estimate of the value of the land taken is conclusive. North Carolina State Hwy. Comm'n v. York Indus. Center, Inc., 263 N.C. 230, 139 S.E.2d 253 (1964).

Cited in Kenco Petro. Marketers, Inc. v. State Hwy. Comm'n, 269 N.C. 411, 152 S.E.2d 508 (1967); DOT v. Combs, 71 N.C. App. 372, 322 S.E.2d 602 (1984); Ferrell v. DOT, 334 N.C. 650, 435 S.E.2d 309 (1993).

§ 136-110. Parties; orders; continuances.

The judge may appoint some competent attorney to appear for and protect the rights of any party or parties in interest who are unknown, or whose residence is unknown and who has not appeared in the proceeding by an attorney or agent. The judge shall appoint guardians ad litem for such parties as are minors, incompetents, or other parties who may be under a disability and without general guardian, and the judge shall have the authority to make such additional parties as are necessary to the complete determination of the proceeding and enter such other orders either in law or equity as may be necessary to carry out the provisions of this Article.

Upon the coming on of the cause for hearing pursuant to G.S. 136-108 or upon the coming on of the cause for trial, the judge, in order that the material ends of justice may be served, upon his own motion, or upon motion of any of the parties thereto and upon proper showing that the effect of condemnation upon the subject property cannot presently be determined, may, in his discretion, continue the cause until the highway project under which the appropriation occurred is open to traffic, or until such earlier time as, in the opinion of the judge, the effect of condemnation upon said property may be determined. (1959, c. 1025, s. 2; 1963, c. 1156, s. 7.)

CASE NOTES

Where, on the day set for trial, defendant failed to take any of the steps available to obtain a delay or to request an extension, his "voluntary dismissal without prejudice" would be deemed an acknowledgment that he was unable to disprove the Department's valuation of the taken property, and that he would therefore stop contesting the action. DOT v. Combs, 71 N.C. App. 372, 322 S.E.2d 602 (1984).

§ 136-111. Remedy where no declaration of taking filed; recording memorandum of action.

Any person whose land or compensable interest therein has been taken by an intentional or unintentional act or omission of the Department of Transportation and no complaint and declaration of taking has been filed by said Department of Transportation may, within 24 months of the date of the taking of the affected property or interest therein or the completion of the project involving the taking, whichever shall occur later, file a complaint in the superior court setting forth the names and places of residence of the parties, so far as the same can by reasonable diligence be ascertained, who own or have, or claim to own or have estates or interests in the said real estate and if any such persons are under a legal disability, it must be so stated, together with a statement as to any encumbrances on said real estate; said complaint shall further allege with particularity the facts which constitute said taking together with the dates that they allegedly occurred; said complaint shall describe the property allegedly owned by said parties and shall describe the area and interests allegedly taken. Upon the filing of said complaint summons shall issue and together with a copy of said complaint be served on the

Department of Transportation as provided by G.S. 1A-1, Rule 4(j)(4). The allegations of said complaint shall be deemed denied; however, the Department of Transportation within 60 days of service of summons and complaint may file answer thereto, and if said taking is admitted by the Department of Transportation, it shall, at the time of filing answer, deposit with the court the estimated amount of compensation for said taking and notice of said deposit shall be given to said owner. Said owner may apply for disbursement of said deposit and disbursement shall be made in accordance with the applicable provisions of G.S. 136-105 of this Chapter. If a taking is admitted, the Department of Transportation shall, within 90 days of the filing of the answer to the complaint, file a map or plat of the land taken. The procedure hereinbefore set out shall be followed for the purpose of determining all matters raised by the pleadings and the determination of just compensation.

The plaintiff at the time of filing of the complaint shall record a memorandum of action with the register of deeds in all counties in which the land involved therein is located, said memorandum to be recorded among the land records of said county. The memorandum of action shall contain

(1) The names of those persons who the plaintiff is informed and believes may have or claim to have an interest in said lands and who are parties to said action;

(2) A description of the entire tract or tracts affected by the alleged taking sufficient for the identification thereof;

(3) A statement of the estate or interest in said land allegedly taken for public use; and

(4) The date on which plaintiff alleges the taking occurred, the date on which said action was instituted, the county in which it was instituted, and such other reference thereto as may be necessary for the identification of said action. (1959, c. 1025, s. 2; 1961, c. 1084, s. 6; 1963, c. 1156, s. 8; 1965, c. 514, ss. 1, 11/2; 1971, c. 1195; 1973, c. 507, s. 5; 1977, c. 464, ss. 7.1, 29; 1985, c. 182.)

CASE NOTES

Statutory Remedy Is Ordinarily Exclusive. — The statutory remedy for the recovery of damages to private property taken for public service is ordinarily exclusive, and when the statutory procedure is available, the owner, failing to pursue the statutory procedure, may not institute an action in superior court to recover his damages. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

But Common Law Provides Action for Taking of Property If Statute Is Inadequate. — Where the Constitution points out no remedy and no statute affords an adequate remedy under a particular fact situation, the common law will furnish the appropriate action for adequate redress of a grievance based on the constitutional prohibition against taking or damaging private property for public use without just compensation. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Thus, Plaintiff May Recover for Flooding of Land by Ocean from Highway Construction. — The owner of land may maintain an action at common law to recover for the depreciation in the value of land resulting from a nuisance created by the construction of a highway at an elevation which periodically diverts storm waters of the ocean across the land, there being no undertaking by defendant to condemn plaintiff's property under this Article. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Although Statute of Limitations, If Strictly Applied, Would Bar Cause of Action. — See Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v.

North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Since plaintiff is not restricted to the procedures set out in this Article. Midgett v. North Carolina State Hwy. Comm'n, 260 N.C. 241, 132 S.E.2d 599 (1963), overruled on other grounds in Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Section Provides Legal Remedy When Injunction Is Unavailable. — Where plaintiffs fail to show substantial or irreparable harm which would entitle them to an injunction prohibiting the State Department of Transportation from removing the remaining portion of an old causeway which is plaintiffs' only means of vehicular ingress to and egress from their property, plaintiffs may resort to their legal remedy under this section to recover just compensation for the taking of their property rights. Frink v. North Carolina Bd. of Transp., 27 N.C. App. 207, 218 S.E.2d 713 (1975).

This section was designed to limit the time within which an action can be brought. Wilcox v. North Carolina State Hwy. Comm'n, 279 N.C. 185, 181 S.E.2d 435 (1971).

Prescribed Remedy Must Be Pursued Within Time Specified. — Although a property owner is always entitled to just compensation when his land is taken for public use, he must pursue the prescribed remedy within the time specified. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Otherwise, Plea of Statute of Limitations Is Complete Defense. — Where the plaintiff — notwithstanding he had actual knowledge that the State Highway Commission (now Department of Transportation) had appropriated his property — did not bring this action for compensation within the time fixed by this section for its commencement, defendant's plea of the statute is a complete defense to the action. Wilcox v. North Carolina State Hwy. Comm'n, 279 N.C. 185, 181 S.E.2d 435 (1971).

The statutory time begins to run on completion of the project or the taking, whichever is later. Smith v. City of Charlotte, 79 N.C. App. 517, 339 S.E.2d 844 (1986).

Limitation on Action Involving Airport Runway. — Where plaintiffs' action, involving a taking incident to the construction of an airport runway, accrued in June, 1979, and over two years later, in July, 1981, new Chapter 40A was enacted, the period between such enactment and the cutoff date under the new limitation, five months and three weeks (July 10, 1981 to January 1, 1982), was not itself so unreasonably short as to deny plaintiffs due process of law, particularly in light of the fact that plaintiffs lived in an area where large numbers of inverse condemnation actions were filed within the statutory period. Smith v. City of Charlotte, 79 N.C. App. 517, 339 S.E.2d 844 (1986).

The provisions of § 136-108 apply to condemnation proceedings under this section as well as under G.S. 136-104. Berta v. North Carolina State Hwy. Comm'n, 36 N.C. App. 749, 245 S.E.2d 409 (1978).

"Taking". — "Taking" under the power of eminent domain may be defined generally as entering upon private property for more than a momentary period and, under the warrant or color of legal authority, devoting it to a public use, or otherwise informally appropriating or injuriously affecting it in such a way as substantially to oust the owner and deprive him of all beneficial enjoyment thereof. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Although plaintiffs' property damage caused by the bridge construction does not fit squarely within the definition of a "taking," North Carolina courts have consistently held that such damage does, in fact, constitute a "taking." Robinson v. North Carolina DOT, 89 N.C. App. 572, 366 S.E.2d 492 (1988).

Taking Occurred When Further Use Prevented. — The taking occurred when the State Highway Commission (now Department of Transportation) erected the fence, severing the right-of-way and preventing its further use, and not at the time plaintiffs were first inconvenienced by it. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Inverse Condemnation upon a Further Taking. — Property owners need not seek to recover compensation in ongoing condemnation proceedings for a subsequent further taking by the State. Property owners may choose to bring a separate action for inverse condemnation pursuant to this section when there is a further taking by the State after the initiation of the original condemnation action. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

When choosing to bring a separate action for inverse condemnation, the property owners will not be entitled to damages which are merely a consequence of the taking in the prior condemnation action. Injuries accruing to the remaining property caused by the original taking by condemnation, including injuries resulting from the condemnor's use of the previously taken portion, are not compensable in an inverse condemnation action unless they are so great as to amount in themselves to a separate taking. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Effect of Conveyance of Land After Institution of Action. — The trial court did not err in denying appellants' motion to intervene in an inverse condemnation action, where part of the land in question had been conveyed to the

appellants by the plaintiffs in the condemnation action after the institution of the action, since a "taking" is envisioned as already having occurred if the property owner institutes the proceeding under this section. Berta v. North Carolina State Hwy. Comm'n, 36 N.C. App. 749, 245 S.E.2d 409 (1978).

Right to Compensation Not Dependent on Intent of Department. — A landowner's right to recover compensation by court action under this section in no way depends upon whether the State Highway Commission (now Department of Transportation) intends to compensate him. Wilcox v. North Carolina State Hwy. Comm'n, 279 N.C. 185, 181 S.E.2d 435 (1971).

Owner Entitled to Compensation When Deprived of Easement. — An owner whose access to a public road is a right-of-way over adjoining property is entitled to just compensation when the State deprives him of this easement. Ledford v. North Carolina State Hwy. Comm'n, 279 N.C. 188, 181 S.E.2d 466 (1971).

Damage to land which inevitably or necessarily flows from a public construction project results in an appropriation of land for public use. The remedy for such property damage is an action against the Department of Transportation on the theory of condemnation. Robinson v. North Carolina DOT, 89 N.C. App. 572, 366 S.E.2d 492 (1988).

Tolling of Statute of Limitations. — The 24-month statute of limitations contained in this section was automatically and unconditionally tolled by 50 U.S.C.A. App. G.S. 525 until the plaintiff's retirement from military service. Taylor v. North Carolina DOT, 86 N.C. App. 299, 357 S.E.2d 439 (1987).

Laches. — The plaintiff's exemption from the statute of limitations in this section during his military service, established by 50 U.S.C.A. App. G.S. 525, applied apart from and irrespective of the doctrine of laches, and the trial court's findings were sufficient to support its conclusion that laches barred the plaintiff's claim under this section. Taylor v. North Carolina Dep't of Transp., 86 N.C. App. 299, 357 S.E. 439 (1987).

Relative Liabilities of Department and Contractor For Damages from Blasting Operations. — Because of the inherently dangerous or ultrahazardous nature of blasting, when a contractor employed by the Department of Transportation uses explosives in the performance of his work, he is primarily and strictly liable for any damages proximately resulting therefrom. Cody v. North Carolina Dep't of Transp., 45 N.C. App. 471, 263 S.E.2d 334 (1980).

A contractor employed by the Department of Transportation cannot be held liable to a property owner for damages resulting from the work done with proper skill and care. The owner's remedy is against the Department of Transportation on the theory of condemnation. Cody v. North Carolina Dep't of Transp., 45 N.C. App. 471, 263 S.E.2d 334 (1980).

An agreement between the Department of Transportation and a contractor that the contractor would indemnify the Department of Transportation for any claims arising out of the performance of a highway reconstruction contract, including any claims caused by the contractor's blasting operations, did not affect plaintiff's right to sue the Department of Transportation or the contractor or both for loss of a building on their property allegedly caused by the contractor's blasting operations. Cody v. North Carolina Dep't of Transp., 45 N.C. App. 471, 263 S.E.2d 334 (1980).

Additional Compensation for Delay in Payment — When Required. — When the taking of property by the State precedes the payment of compensation, the owner is entitled to additional compensation for the delay in payment. U.S. Const., Amends. V and XIV and N.C. Const., Art. I, § 19 require this additional payment as a part of just compensation. The additional sum awarded for delay in payment of the value for the property taken is not interest eo nomine, but interest is a fair means for measuring the amount to be arrived at of such additional sums. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Same — Determination as Judicial Function. — Since the ascertainment of just compensation is a judicial function, and compensation for delay in payment is a part of just compensation, determining the amount of additional compensation for delay in payment is also a judicial function. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Same — Compound Interest. — Compound interest should be allowed for delayed payment in condemnation cases if the evidence shows that during the pertinent period the "prudent investor" could have obtained compound interest in the market place. The use of compound interest as a measure in calculating additional compensation for delay is a matter which will turn upon the evidence in each case and must be decided on a case-by-case basis. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Applied in Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963); Browning v. North Carolina State Hwy. Comm'n, 263 N.C. 130, 139 S.E.2d 227 (1964); Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967); T.C. Smith Co. v. North Carolina State Hwy. Comm'n, 279 N.C. 328, 182 S.E.2d 383 (1971); Lautenschlager v. Board of Transp., 25 N.C. App. 228, 212 S.E.2d 551 (1975); Guyton v.

North Carolina Bd. of Transp., 30 N.C. App. 87, 226 S.E.2d 175 (1976); Long v. City of Charlotte, 306 N.C. 187, 293 S.E.2d 101 (1982).

Cited in Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980); National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980); Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982); Cody v. Department of Transp., 60 N.C. App. 724, 300 S.E.2d 25 (1983); Department of Transp. v. Bragg, 308 N.C. 367, 302 S.E.2d 227 (1983); Robinson v. North Carolina DOT, 89 N.C. App. 574, 366 S.E.2d 494 (1988); Adams Outdoor Adv. v. North Carolina DOT, 112 N.C. App. 120, 434 S.E.2d 666 (1993); Southern Furn. Co. of Conover, Inc. v. DOT, 122 N.C. App. 113, 468 S.E.2d 523 (1996); National Adv. Co. v. North Carolina DOT, 124 N.C. App. 620, 478 S.E.2d 248 (1996).

§ 136-112. Measure of damages.

The following shall be the measure of damages to be followed by the commissioners, jury or judge who determines the issue of damages:

(1) Where only a part of a tract is taken, the measure of damages for said taking shall be the difference between the fair market value of the entire tract immediately prior to said taking and the fair market value of the remainder immediately after said taking, with consideration being given to any special or general benefits resulting from the utilization of the part taken for highway purposes.

(2) Where the entire tract is taken the measure of damages for said taking shall be the fair market value of the property at the time of taking. (1959, c. 1025, s. 2.)

Cross References. — For highway cases discussing offsets against damages prior to the enactment of this section, see case notes under G.S. 136-19.

Legal Periodicals. — For survey of 1979 property law, see 58 N.C.L. Rev. 1509 (1980).

CASE NOTES

I. General Consideration.
II. Damages Where Part of Tract Is Taken.
III. Pleading and Practice.

I. GENERAL CONSIDERATION.

Constitutionality. — The provision allowing general benefits to set off the fair market value of the remaining part of a tract of land under this section violates the constitutional requirement of providing just compensation in condemnation proceedings, and the equal protection rights of property owners, because the statute allows a compensation which is unjust to the condemnee while providing a windfall to the public. The property owner is subjected to an involuntary taking of his property while also being subjected to the injustice of receiving an amount less than what he actually lost. He is being required to carry the undue burden of paying an additional cost not paid by the rest of the public. DOT v. Rowe, 138 N.C. App. 329, 531 S.E.2d 836, 2000 N.C. App. LEXIS 615 (2000).

The measure of compensation in this section provides "just compensation" within the scope of both the federal and state constitutions. DOT v. Mahaffey, 137 N.C. App. 511, 528 S.E.2d 381, 2000 N.C. App. LEXIS 426 (2000).

Section 136-112(1) is a valid exercise of the legislative power of the General Assembly and does not violate the equal protection clauses of the United States or North Carolina Constitutions. DOT v. Rowe, 353 N.C. 671, 549 S.E.2d 203, 2001 N.C. LEXIS 673 (2001), cert. denied, 534 U.S. 1130, 122 S. Ct. 1070, 151 L. Ed. 2d 972 (2002).

Legislative Intent. — This section clarifies the legislative intent behind G.S. 136-103. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

Special Benefits. — The provision allowing the value of special benefits to the fair market value of the remaining part of a tract of land partially condemned under this section to be set off against the amount of compensation paid does not violate the constitutional requirement of providing just compensation in condemnation proceedings. DOT v. Rowe, 138 N.C. App. 329, 531 S.E.2d 836, 2000 N.C. App. LEXIS 615 (2000).

The State's right to exercise the power

of eminent domain is limited by the constitutional requirements of due process and the payment of just compensation for property condemned. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

Reasonable Use Rule Inapplicable. — Reasonable use rule, pursuant to which possessor of land incurs liability for interference with flow of surface waters only when such interference is unreasonable and causes substantial damage, governs disposal of surface waters among private parties and has no application in condemnation proceedings, since the principle of reasonable use is superseded by the constitutional mandate that just compensation must be paid when private property is taken for public use. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

This section prescribes the rule for determining what constitutes just compensation. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

It contains no provision as to factors to be considered by the jury in determining fair market value. North Carolina State Hwy. Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

And Does Not Restrict Methods of Real Estate Appraisers. — This section speaks only to the exclusive measure of damages to be employed by the "commissioners, jury or judge." It in no way attempts to restrict expert real estate appraisers to any particular method of determining the fair market value of property either before or after condemnation. Board of Transp. v. Jones, 297 N.C. 436, 255 S.E.2d 185 (1979).

A determination of ownership of the area affected is a prerequisite to a determination of just compensation for the area taken. Limiting the trial court's factfinding to ownership of the area taken alone would deprive the defendants of just compensation. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

A valid exercise of the power of eminent domain presupposes a complete determination of the area affected, including ownership. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

Compensation Must Be Full and Complete. — In condemnation proceedings, damages are to be awarded to compensate for loss sustained by the landowner. The compensation must be full and complete and include everything which affects the value of the property and in relation to the entire property affected. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

All Pertinent Factors Are to Be Considered. — All factors pertinent to a determination of what a buyer, willing to buy but not under compulsion to do so, would pay and what a seller, willing to sell but not under compulsion to do so, would take for the property must be considered. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

The market value of property is to be determined on basis of conditions existing at the time of taking. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

The value of land taken should be ascertained as of the date of taking. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

And it is not limited by the use then actually being made of the property. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

But it is determined in the light of all uses to which the property was then adapted and for which it could have been used. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

In estimating the value of property all of the capabilities of the property, and all of the uses to which it may be applied, or for which it is adapted, which affect its value in the market are to be considered, and not merely the condition it is in at the time and the use to which it is then applied by the owner. Williams v. State Hwy. Comm'n, 252 N.C. 514, 114 S.E.2d 340 (1960).

In condemnation proceedings, the determinative question is: In its condition on the day of taking, what was the value of the land for the highest and best use to which it would be put by owners possessed of prudence, wisdom and adequate means? The owner's actual plans or hopes for the future are completely irrelevant. Such aspirations are regarded as too remote and speculative to merit consideration. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Valuation of Undeveloped Land Suitable for Subdivision. — It is proper to show in a highway condemnation proceeding that a particular tract of land is suitable and available for division into lots and is valuable for that purpose, but it is not proper to show the number and value of lots as separated parcels in an imaginary subdivision thereof. In other words, it is not proper for the jury in these cases to consider an undeveloped tract of land as though a subdivision thereon is an accomplished fact. Such undeveloped property may not be valued on a per lot basis. The cost factor is too speculative. State Hwy. Comm'n v. Reeves, 8 N.C.

App. 47, 173 S.E.2d 494 (1970).

The fair market value of undeveloped land immediately before condemnation is not a speculative value based on an imaginary subdivision and sales in lots to many purchasers. It is the fair market value of the land as a whole in its then state according to the purpose or purposes to which it is best adapted and in accordance to its best and highest capabilities. It is not proper for a jury to consider an undeveloped tract of land as though a subdivision thereon is an accomplished fact. Such undeveloped property may not be valued on a per lot basis. State Hwy. Comm'n v. Reeves, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

A designated number of lots multiplied by a price per lot is not a proper basis for determining value of undeveloped land which is suitable for subdivision. State Hwy. Comm'n v. Reeves, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

A court is correct in excluding testimony as to value of the land based on supposed subdivisions and the sale of lots at an estimated price per lot after deducting an estimated cost per lot for development. Such a method of valuation is too speculative and remote. State Hwy. Comm'n v. Reeves, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

As to land upon which buildings have been erected and affixed to the soil taken by eminent domain, so far as the buildings add to the market value of the land, they must be considered in determining the compensation to be awarded to the owner. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Land and Improvements May Be Assessed Separately. — Market value in a condemnation case may not be arrived at by assessing separately the value of land and improvements and adding the two together. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Where defendants acquired two tracts as separate tracts at different times, considered them to be separate tracts, and put them to different usages, and as of the date of taking, neither tract was necessary to defendants' use or enjoyment of the other, and the trial court found that there was no connection between the two tracts such as would render defendants' enjoyment of the smaller tract necessary to their enjoyment of the larger one, the court's findings supported its conclusion that there did not exist, on the date of taking, any unity of use between the two tracts, and such conclusion supported its order that the tracts be considered separately in assessing damages. North Carolina Dep't of Transp. v. Kaplan, 80 N.C. App. 401, 343 S.E.2d 182, cert. denied, 317 N.C. 705, 347 S.E.2d 437 (1986).

Landowners were not entitled to recover any damages, other than interest, for loss of use of their property between the time they vacated it and the time the State Highway Commission (now Department of Transportation) deposited its estimate of just compensation for the property appropriated. Its fair market value as of the day of the taking was the full measure of the damages. Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

Duty of Property Owners to Mitigate Their Damages. — The duty of property owners to mitigate their damages includes the avoidance of conduct which would increase their damages. DOT v. Coleman, 127 N.C. App. 342, 489 S.E.2d 187 (1997).

Evidence that property owners made renovations in bad faith and for the purpose of enhancing their damages was relevant and competent evidence for a jury to consider in the determination of the value of the property at the time of the taking. DOT v. Coleman, 127 N.C. App. 342, 489 S.E.2d 187 (1997).

Valid Traffic Regulations Not Amounting to Compensable Taking. — The enactment of valid traffic regulations which change traffic patterns and cause circuity of travel but do not foreclose reasonable access to the roadway from abutting property are proper exercises of the police power for which no compensation need be made by the State or its agencies. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

The dead-ending and reclassification of the roadway on which property abutted are valid traffic regulations for which no compensation is ordinarily required. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Noncompensable injuries to property values resulting from enactment of valid traffic regulations do not become compensable merely because some property was coincidentally taken in connection with project which put the regulations into effect. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Frequency of flooding is not, in itself, determinative of a taking. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982), aff'd, 308 N.C. 603, 304 S.E.2d 164 (1983).

Recurring Flood Is Permanent Invasion If Structure Causing It Is Permanent. — As a 100-year flood is, by statistical definition, an inevitably recurring event, thus, if the structures causing the overflow are permanent, the overflow which occurs with the 100-year flood constitutes a permanent invasion. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982), aff'd, 308 N.C. 603, 304 S.E.2d 164 (1983).

Taker Liable Only for Value of Servient

Estate Where Encumbrance Is Not Taken or Destroyed. — Where the encumbrance was not taken, or destroyed, by the condemnation proceeding, the taker, not having taken or destroyed the right of the owner of the dominant estate, was held liable for the value of the servient estate only. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Condemnation of Fee Simple Determinable and Possibility of Reverter. — In the absence of exceptional circumstances, if both the fee simple determinable estate and the possibility of reverter are condemned and if, at the time of the taking, the event which would otherwise terminate the fee simple determinable is not a probability for the near future, the award is made on the basis of the full market value of the land without restrictions as to its use. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Where both the fee simple determinable and the possibility of reverter have been taken in the same condemnation proceeding, the full fee simple absolute has been taken and its full value should be paid by the taker to the party or parties rightfully entitled. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Taker-Grantor of Fee Simple Determinable Not Liable for Possibility of Reverter. — Where the taker was the grantor of the fee simple determinable and, therefore, was already the owner of the possibility of reverter, it was not required to pay for it, and the award was properly limited to the value of the fee simple determinable estate. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Inverse Condemnation upon a Further Taking. — Property owners need not seek to recover compensation in ongoing condemnation proceedings for a subsequent further taking by the State. Property owners may choose to bring a separate action for inverse condemnation pursuant to G.S. 136-111 when there is a further taking by the State after the initiation of the original condemnation action. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

When trial on the issue of damages in the initial condemnation action has not yet occurred, principles of judicial economy dictate that the owners of the taken land may allege a further taking by inverse condemnation in ongoing proceedings. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Inverse Condemnation Claim Properly Dismissed After Formal Condemnation Instituted. — The trial court correctly granted the Department of Transportation's motion to dismiss the defendants' inverse condemnation claim where DOT had already instituted a formal condemnation action prior to defendants' answer and the provisions of this section would guide the determination of the proper amount of just compensation for the DOT's taking from the property. DOT v. Mahaffey, 137 N.C. App. 511, 528 S.E.2d 381, 2000 N.C. App. LEXIS 426 (2000).

Statutory Provisions Not Affected by Agreement Made in Anticipation of Condemnation. — Defendants could not, by agreement made in anticipation of the condemnation of a portion of their property, change the statutory provisions relating to the time of, and basis for, the compensation to be paid when the State Highway Commission (now Department of Transportation) condemned the property for highway purposes. North Carolina State Hwy. Comm'n v. Hettiger, 271 N.C. 152, 155 S.E.2d 469 (1967).

Right of Action Accrues When Damage Occurs. — Where there has been a taking of property by the construction and maintenance of a nuisance, the right of action does not accrue until damage has occurred. And ordinarily the applicable statute of limitations begins to run against the landowner at the time the first damage arises from the nuisance. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982), aff'd, 308 N.C. 603, 304 S.E.2d 164 (1983).

Applied in North Carolina State Hwy. Comm'n v. Pearce, 261 N.C. 760, 136 S.E.2d 71 (1964); Board of Transp. v. Harvey, 28 N.C. App. 327, 220 S.E.2d 815 (1976).

Cited in State Hwy. Comm'n v. Raleigh Farmers Mkt., Inc., 263 N.C. 622, 139 S.E.2d 904 (1965); Town of Hillsborough v. Bartow, 38 N.C. App. 623, 248 S.E.2d 364 (1978); City of Winston-Salem v. Tickle, 53 N.C. App. 516, 281 S.E.2d 667 (1981); Department of Transp. v. Bragg, 308 N.C. 367, 302 S.E.2d 227 (1983); Department of Transp. v. McDarris, 62 N.C. App. 55, 302 S.E.2d 277 (1983); Frander v. Board of Transp., 66 N.C. App. 344, 311 S.E.2d 308 (1984); Ferrell v. DOT, 334 N.C. 650, 435 S.E.2d 309 (1993); Guilford County v. Kane, 114 N.C. App. 243, 441 S.E.2d 556 (1994); DOT v. Rowe, 131 N.C. App. 206, 505 S.E.2d 911 (1998).

II. DAMAGES WHERE PART OF TRACT IS TAKEN.

In General. — Where a portion of a tract of land is taken for highway purposes, the just compensation to which the landowner is entitled is the difference between the fair market value of the property as a whole immediately before and immediately after the appropriation of the portion thereof. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C.

26, 178 S.E.2d 601 (1971).

For discussion of formulas for measuring just compensation in partial taking cases, see Board of Transp. v. Jones, 297 N.C. 436, 255 S.E.2d 185 (1979).

The measure of damages to be used in condemnation cases in which the state does not take the plaintiff's property in its entirety is mandated by this section to be the difference between the fair market value of the entire tract immediately prior to said taking and the fair market value of the remainder immediately after said taking less any special or general benefits. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Subdivision (1) of this section provides that the commissioners, jury or judge are restricted to the difference between the fair market value of the entire tract immediately prior to said taking and the fair market value of the remainder immediately after said taking. The judge is required to instruct the jury to use the above standard—and that standard only—in computing damages. However, a real estate appraiser is given wide latitude regarding permissible bases for opinions on value. Department of Transp. v. Byrum, 82 N.C. App. 96, 345 S.E.2d 416 (1986).

The factors for determining whether the parcels are one tract or several tracts are "unity if ownership, physical unity and unity of use." City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Subdivision (1) states the applicable rule as to the ultimate measure of damages. North Carolina State Hwy. Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

Subdivision (1) of this section provides a landowner compensation only for damages arising from a taking of property and which flow directly from the use to which the land taken is put. No compensation is awarded for damages which are shared by neighboring property owners and the public, and which arise regardless of whether the landowner's property has been condemned. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

Which Is in Accord with Rule Adopted and Stated by Supreme Court. — The rule as to measure of damages stated in subdivision (1) is in accord with that adopted and stated by the Supreme Court in numerous decisions. North Carolina State Hwy. Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

To recover under subdivision (1) the area affected and the area taken must constitute a single tract. Unity of ownership is an important criterion. State v. Forehand, 67 N.C. App. 148, 312 S.E.2d 247, cert. denied, 311 N.C. 307, 317 S.E.2d 904 (1984).

All Pertinent Factors Are to Be Considered. — All factors pertinent to the fair market value of the remainder immediately after the taking are to be considered by the jury. North Carolina State Hwy. Comm'n v. Gasperson, 268 N.C. 453, 150 S.E.2d 860 (1966).

If only a portion of a single tract is taken, the owner's compensation for that taking includes any element of value arising out of the relation of the part taken to the entire tract. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

Real Estate Appraisers Not Restricted by Subdivision (1). — Subdivision (1) of this section speaks only to the exclusive measure of damages to be employed by the commissioner, jury or judge. It in no way attempts to restrict expert real estate appraisers to any particular method of determining the fair market value of property. Department of Transp. v. McDarris, 62 N.C. App. 55, 302 S.E.2d 277 (1983).

Real estate appraisers are not required to use the before and after formula in determining damages. Department of Transp. v. McDarris, 62 N.C. App. 55, 302 S.E.2d 277 (1983).

Expert real estate appraisers need not use the before and after formula in determining damages. Expert real estate appraisers should be given latitude in determining the value of property. Duke Power Co. v. Mom 'N' Pops Ham House, Inc., 43 N.C. App. 308, 258 S.E.2d 815 (1979).

Items Making Up Difference in Value Before and After Taking. — Items going to make up the "difference" in subdivision (1) of this section embrace compensation for the part taken and compensation for injury to the remaining portion, which is to be offset under the terms of this section by any general and special benefits resulting to the landowner from the utilization of the property taken for a highway. Templeton v. State Hwy. Comm'n, 254 N.C. 337, 118 S.E.2d 918 (1961).

Distinction Between General and Special Benefits. — The most satisfactory distinction between general and special benefits is that general benefits are those which arise from the fulfillment of the public object which justified the taking, and special benefits are those which arise from the peculiar relation of the land in question to the public improvement. Templeton v. State Hwy. Comm'n, 254 N.C. 337, 118 S.E.2d 918 (1961).

"Special benefits" have been defined as those which arise from the peculiar relation of the land in question to the public improvement. "General benefits" are those accruing to the public at large by reason of increased community property resulting from the project. Department of Transp. v. McDarris, 62 N.C. App.

55, 302 S.E.2d 277 (1983).

Damage Resulting from Condemnor's Use of Appropriated Portion Included. — In determining the fair market value of the remaining land where only a part or a tract of land is appropriated for highway purposes, the owner is entitled to damage which is a consequence of the taking of the portion thereof, that is, for the injuries accruing to the residue from the taking, which includes damage resulting from the condemnor's use of the appropriated portion. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

The fair market value of the remainder immediately after the taking where only a part or a tract of land is appropriated for highway purposes contemplates the project in its completed state and any damage to the remainder due to the user to which the part appropriated may, or probably will, be put. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

But Damage Must Result from Use of Particular Land Taken. — Noise or any other element of damages to the remaining lands where only a part or a tract of land is appropriated for highway purposes is compensable only if it is demonstrably resultant from the use of the particular land taken. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

As long as a landowner is afforded reasonable access to an abutting street or highway, he is not entitled to compensation. Mere inconvenience resulting from circuity of travel is not compensable. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

And Compensation Does Not Include Diminution of Value Resulting from Taking Lands of Others. — The rule supported by better reason and the weight of authority is that the just compensation assured by U.S. Const., Amend. V to an owner, a part of whose land is taken for public use, does not include the diminution of value of the remainder, caused by the acquisition and use of adjoining lands of others for the same undertaking. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

Damages Not Resulting from Taking Are Not Compensable. — Damages for unreasonable interference with access to defendants' remaining property during construction on a public road project do not arise from the taking of the right-of-way or from the use to which the taken property is put. These damages are noncompensable because they are not unique to defendants. They are shared by defendants in common with the public at large, and the fact that a taking occurs does not make all other damages automatically compensable. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

Traffic Noise from Proposed Highway as Element of Damage. — The exclusion of evidence of traffic noise from the controlled-access highway to be constructed on the part of the plaintiffs' land taken by the Department of Transportation, which would cause a diminution in value of the remaining land, was prejudicial error. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

III. PLEADING AND PRACTICE.

Burden of Proof. — The landowner who has a part of his tract taken has the burden of proving by competent evidence how the use of the land taken results in damage to the remainder. Board of Transp. v. Brown, 34 N.C. App. 266, 237 S.E.2d 854, appeal dismissed, 293 N.C. 740, 241 S.E.2d 515 (1977), aff'd, 296 N.C. 250, 249 S.E.2d 803 (1978).

The burden of proving the existence and the amount of any special or general benefits under this section is on the condemnor. North Carolina Bd. of Transp. v. Rand, 299 N.C. 476, 263 S.E.2d 565 (1980).

Admissibility of Evidence Generally. — Any evidence which aids the jury in fixing a fair market value of the land and its diminution by the burden put upon it is relevant and should be heard. Templeton v. State Hwy. Comm'n, 254 N.C. 337, 118 S.E.2d 918 (1961); State Hwy. Comm'n v. Phillips, 267 N.C. 369, 148 S.E.2d 282 (1966).

When the Department of Transportation takes only a part of a tract of land, the owners may introduce at the jury trial on the issue of compensation any evidence of damage to the remaining property caused by the Department of Transportation before the opening of the jury trial. Lea Co. v. North Carolina Bd. of Transp., 308 N.C. 603, 304 S.E.2d 164 (1983).

Rules as to Admissibility of Evidence of Purchase Price. — See City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

In general, purchase price is admissible if it is relevant to the value of the land at the time of condemnation. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Where condemnees bought the property at a voluntary sale only four years before the condemnation action and there was no evidence of

extensive changes to the condemned parcel or to the surrounding area, the purchase price was admissible. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

The price paid at voluntary sales of land, similar in nature, location, and condition to the condemnee's land, is admissible as independent evidence of the value of the land taken if the prior sale was not too remote in time. Whether two properties are sufficiently similar to admit evidence of the purchase price of one as a guide to the value of the other is a question to be determined by the trial judge in the exercise of a sound discretion guided by law. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Prima facie showing of substantial physical damage measurable in monetary terms is required. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982), aff'd, 308 N.C. 603, 304 S.E.2d 164 (1983).

Proof of Monetary Loss Held Sufficient. — In inverse condemnation action seeking compensation for a flood easement allegedly taken by defendant when its highway structures foreseeably increased the level of flooding on plaintiff's property, resulting in substantial damage to apartments thereon, plaintiff adequately demonstrated its monetary loss through evidence of repair costs, lost present and future rental income, and an estimate of the value of the property immediately before and immediately after the taking by a person familiar with the property. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844 (1982), aff'd, 308 N.C. 603, 304 S.E.2d 164 (1983).

Any witness familiar with the land may testify as to his opinion of the value of the land taken, and as to the value of the respondent's contiguous lands before and after the taking. State Hwy. Comm'n v. Fry, 6 N.C. App. 370, 170 S.E.2d 91 (1969).

And He May Explain Value Placed on Improvements. — It is competent for a witness to explain the value he placed on improvements in arriving at the total value of the property before the taking. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Expert Appraisal. — Expert appraiser was not required to calculate the value of tract taken according to the strict formula set forth in this section. DOT v. Tilley, 136 N.C. App. 370, 524 S.E.2d 83, 2000 N.C. App. LEXIS 16 (2000), cert. denied, 531 U.S. 878, 121 S. Ct. 186, 148 L. Ed. 2d 129 (2000) cert. denied, 351 N.C. 640, 543 S.E.2d 868 (2000).

It is permissible for a witness to use a map, diagram or photograph of a place or object to illustrate his testimony and make it more intelligible to the court and jury. These aids have been particularly helpful in condemnation cases in providing the court and jury with better understanding with respect to the subject property before and after the taking. State Hwy. Comm'n v. Rose, 31 N.C. App. 28, 228 S.E.2d 664, cert. denied, 291 N.C. 448, 230 S.E.2d 766 (1976).

It is error to permit testimony which attaches a specific value to an imaginary lot. State Hwy. Comm'n v. Reeves, 8 N.C. App. 47, 173 S.E.2d 494 (1970).

Testimony Regarding Separate Enhancing Components Allowed. — The court refused to adopt the "unit rule" of valuation and held that the witness's testimony regarding the separate valuation for timber found on condemned property was properly admitted into evidence; preventing an appraiser witness from disclosing information regarding enhancing components was found to be at odds with the practice of real estate appraisal, and prevented an accurate reflection for the jury of the fair market value of the condemned property. City of Hillsborough v. Hughes, 140 N.C. App. 714, 538 S.E.2d 586, 2000 N.C. App. LEXIS 1270 (2000).

The jury should be allowed to hear testimony that construction of a highway greatly increased the property values of all the property along the highway, and the opinion of a witness that petitioners' land had tripled in value in determining what general and special benefits, if any, the petitioners received. Templeton v. State Hwy. Comm'n, 254 N.C. 337, 118 S.E.2d 918 (1961).

Whether expert testifying from personal knowledge must first relate underlying facts before giving his opinion is matter left to sound discretion of trial judge. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Cross-Examination of Expert Witness. — An expert witness may be questioned on cross-examination with respect to the sales prices of nearby property to test his knowledge of values and for the purpose of impeachment, but not for the purpose of fixing value. This is especially true if the witness used such sales as a basis for his appraisal of the property taken, or if he had actually appraised the property sold. Templeton v. State Hwy. Comm'n, 254 N.C. 337, 118 S.E.2d 918 (1961).

Son of Landowner as Witness. — An objection to the son of the landowner testifying about the value of the land goes to the weight of the evidence rather than to its admissibility. State Hwy. Comm'n v. Fry, 6 N.C. App. 370, 170 S.E.2d 91 (1969).

Instruction in Partial Taking Case. — If there is a jury trial on the issue of compensation in a partial taking case the trial court is

required to instruct the jury only on the before and after value rule set forth in subdivision (1) of this section. Board of Transp. v. Jones, 297 N.C. 436, 255 S.E.2d 185 (1979).

The judge is required to instruct the jury to use the standard set out in subdivision (1) of this section — and that standard only — in computing damages. Duke Power Co. v. Mom 'N' Pops Ham House, Inc., 43 N.C. App. 308, 258 S.E.2d 815 (1979).

Jury Must Strictly Adhere to Formula. — A jury was required to calculate the value of tract taken according to the strict formula set forth in this section. DOT v. Tilley, 136 N.C. App. 370, 524 S.E.2d 83, 2000 N.C. App. LEXIS 16 (2000), cert. denied, 531 U.S. 878, 121 S. Ct. 186, 148 L. Ed. 2d 129 (2000) cert. denied, 351 N.C. 640, 543 S.E.2d 868 (2000).

§ 136-113. Interest as a part of just compensation.

To said amount awarded as damages by the commissioners or a jury or judge, the judge shall, as a part of just compensation, add interest at the legal rate as provided in G.S. 24-1 on said amount from the date of taking to the date of judgment; but interest shall not be allowed from the date of deposit on so much thereof as shall have been paid into court as provided in this Article. (1959, c. 1025, s. 2; 1983, c. 812.)

CASE NOTES

Interest Is Separate From and Additional to Damages. — Interest is an element of recovery that is separate from and in addition to the measure of damages to be used by the jury in arriving at just compensation. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Formerly It Was Jury's Function to Award Interest. — Prior to the enactment of this section it was the jury's function to award interest as just compensation for a delay in the payment for the property taken and it was necessary for the court to charge as to that duty. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

But now it is the duty of the court to add interest to an award of damages for the taking of property pursuant to this Chapter. State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

And Court Has No Duty to Instruct Jury Not to Award Interest. — See State Hwy. Comm'n v. Yarborough, 6 N.C. App. 294, 170 S.E.2d 159 (1969).

Additional Compensation for Delay in Payment — When Required. — When the taking of property by the State precedes the payment of compensation, the owner is entitled to additional compensation for the delay in payment. U.S. Const., Amends. V and XIV and N.C. Const., Art. I, § 19 require this additional payment as a part of just compensation. The additional sum awarded for delay in payment of the value for the property taken is not interest eo nomine, but interest is a fair means for measuring the amount to be arrived at of such additional sums. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Same — Determination as Judicial Function. — Since the ascertainment of just compensation is a judicial function, and compensation for delay in payment is a part of just compensation, determining the amount of additional compensation for delay in payment is also a judicial function. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Same — Legal Rate as Prima Facie Rate. — This section provides for the legal rate as a prima facie rate to be imposed for delay in compensation. This statutory rate is deemed presumptively reasonable. However, the landowner may rebut the rate's reasonableness by introducing evidence of prevailing market rates and demonstrating that the prevailing rates are higher than the statutory rate. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

Same — Compound Interest. — Compound interest should be allowed for delayed payment in condemnation cases if the evidence shows that during the pertinent period the "prudent investor" could have obtained compound interest in the market place. The use of compound interest as a measure in calculating additional compensation for delay is a matter which will turn upon the evidence in each case and must be decided on a case-by-case basis. Lea Co. v. North Carolina Bd. of Transp., 317 N.C. 254, 345 S.E.2d 355 (1986).

§ 136-114. Additional rules.

In all cases of procedure under this Article where the mode or manner of conducting the action is not expressly provided for in this Article or by the statute governing civil procedure or where said civil procedure statutes are inapplicable the judge before whom such proceeding may be pending shall have the power to make all the necessary orders and rules of procedure necessary to carry into effect the object and intent of this Chapter and the practice in such cases shall conform as near as may be to the practice in other civil actions in said courts. (1959, c. 1025, s. 2.)

CASE NOTES

Cited in City of Charlotte v. McNeely, 281 N.C. 684, 190 S.E.2d 179 (1972).

§ 136-115. Definitions.

For the purpose of this Article

(1) The word "judge" shall mean the resident judge of the superior court in the district where the cause is pending, or special judge residing in said district, or the judge of the superior court assigned to hold the courts of said district or the emergency or special judge holding court in the county where the cause is pending.

(2) The words "person," "owner," and "party" shall include the plural; the word "person" shall include a firm or public or private corporation, and the word "Department" shall mean the Department of Transportation. (1959, c. 1025, s. 2; 1961, c. 1084, s. 7; 1965, c. 422; 1973, c. 507, s. 5; 1975, c. 19, s. 47; 1977, c. 464, s. 30.)

§ 136-116. Final judgments.

Final judgments entered in actions instituted under the provisions of this Article shall contain a description of the property affected, together with a description of the property and estate of interest acquired by the Department of Transportation and a copy of said judgment shall be certified to the register of deeds in the county in which the land or any part thereof lies and be recorded among the land records of said county. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-117. Payment of compensation.

If there are adverse and conflicting claimants to the deposit made into the court by the Department of Transportation or the additional amount determined as just compensation, on which final judgment is entered in said action, the judge may direct the full amount determined to be paid into said court by the Department of Transportation and may retain said cause for determination of who is entitled to said moneys and may by further order in the cause direct to whom the same shall be paid and may in its discretion order a reference to ascertain the facts on which such determination and order are to be made. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Section is directed at adverse and conflicting claims to a specific sum. State Hwy. Comm'n v. Cape, 49 N.C. App. 137, 270 S.E.2d 555 (1980).

Taker Not Affected by Court's Division of Award. — The taker of the property, once having its total liability determined, is not affected by or interested in the division of the award by the court. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Method for Determining Compensation of Holders of Separate Interests in Condemned Property. — In condemnation proceedings, where there are several separately owned interests in the condemned property, a proper method for determining compensation to be paid the holder of each interest is, first, to determine the value of the property taken, as a whole, and then apportion the award among the several claimants. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Owner of Fee Simple Determinable Entitled to Full Compensation for Taking If Termination Not Probable. — If, at the time of the taking of both the fee simple determinable estate and the possibility of reverter, the event which would otherwise have terminated the fee simple determinable estate is not a probability for the near future, the owner of the fee simple determinable estate is entitled to the full award of compensation for the taking, the possibility of reverter being considered of no value. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

Or If Claimants of Possibility of Reverter Fail to Answer or Disclaim Interest. — Where those designated as claimants of the possibility of reverter have either failed to file answer, or have filed answer disclaiming any interest in the award and asserting that they have transferred such interest as they might otherwise have to the holder of the fee simple determinable the holder of that interest is entitled to the full award to be made. City of Charlotte v. Charlotte Park & Recreation Comm'n, 278 N.C. 26, 178 S.E.2d 601 (1971).

§ 136-118. Agreements for entry.

The provisions of this Article shall not prevent the Department of Transportation and the owner from entering into a written agreement whereby the owner agrees and consents that the Department of Transportation may enter upon his property without filing the complaint and declaration of taking and depositing estimated compensation as herein provided and the Department of Transportation shall have the same rights under such agreement with the owner in carrying on work on such project as it would have by having filed a complaint and a declaration of taking and having deposited estimated compensation as provided in this Article. (1959, c. 1025, s. 2; 1961, c. 1084, s. 8; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-119. Costs and appeal.

The Department of Transportation shall pay all court costs taxed by the court. Either party shall have a right of appeal to the Supreme Court for errors of law committed in any proceedings provided for in this Article in the same manner as in any other civil actions and it shall not be necessary that an appeal bond be posted.

The court having jurisdiction of the condemnation action instituted by the Department of Transportation to acquire real property by condemnation shall award the owner of any right, or title to, or interest in, such real property such sum as will in the opinion of the court reimburse such owner for his reasonable cost, disbursements, and expenses, including reasonable attorney fees, appraisal, and engineering fees, actually incurred because of the condemnation proceedings, if (i) the final judgment is that the Department of Transportation cannot acquire real property by condemnation; or (ii) the proceeding is abandoned by the Department of Transportation.

The judge rendering a judgment for the plaintiff in a proceeding brought under G.S. 136-111 awarding compensation for the taking of property, shall determine and award or allow to such plaintiff, as a part of such judgment, such sum as will in the opinion of the judge reimburse such plaintiff for his reasonable cost, disbursements and expenses, including reasonable attorney,

appraisal, and engineering fees, actually incurred because of such proceeding. (1959, c. 1025, s. 2; 1971, c. 1102, s. 1; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

This section is intended to accomplish the same purpose as that expressed in former § 160A-243.1, which allows for the payment of costs in condemnation proceedings involving the State Housing Authority. Housing Auth. v. Farabee, 17 N.C. App. 431, 194 S.E.2d 553, aff'd, 284 N.C. 242, 200 S.E.2d 12 (1973).

Section Is Inapplicable If Department Is Found Not to Have Taken Property. — Where it is adjudicated upon supporting evidence that the State Highway Commission (now Department of Transportation) had taken no property of the complaining landowners, this section does not apply, and plaintiffs may not complain of the taxing of the costs against them upon the dismissal of their action to recover compensation for the asserted taking. Kaperonis v. North Carolina State Hwy. Comm'n, 260 N.C. 587, 133 S.E.2d 464 (1963).

Litigation expenses and costs incurred by landowner in condemnation proceeding do not constitute part of the "just compensation" required by U.S. Const., Amend. V to be paid and may be taxed as part of the costs only if authorized by statute. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980).

When Reimbursement for Attorney, Appraisal and Engineering Fees Is Authorized. — This section authorizes the court having jurisdiction of a condemnation action instituted by the Department of Transportation to award the landowner reimbursement for reasonable attorney, appraisal, and engineering fees actually incurred because of the condemnation proceedings only if: (1) "the final judgment is that the Department of Transportation cannot acquire real property by condemnation"; (2) "the proceeding is abandoned by the Department of Transportation"; or (3) judgment is rendered for the plaintiff in an inverse condemnation proceeding brought under G.S. 136-111. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980).

A judgment entered by the trial court dismissing a condemnation action brought by the Department of Transportation because the court was of the opinion that it lacked jurisdiction for the reason that the resolution of the State Board of Transportation authorizing condemnation of defendant's property was insufficient did not constitute a final judgment that the Department of Transportation could not acquire defendant's real property by condemnation within the purview of this section, and this section did not authorize the trial court to award defendant reimbursement for attorney, appraisal and engineering fees incurred because of the condemnation proceeding. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980).

The award of attorneys' fees is in the sound discretion of the trial judge and is unappealable unless there is an abuse of discretion. Cody v. Department of Transp., 60 N.C. App. 724, 300 S.E.2d 25 (1983); Lea Co. v. North Carolina Bd. of Transp., 323 N.C. 691, 374 S.E.2d 868 (1989).

When a statute provides for attorneys' fees to be awarded as a part of the costs to be paid by the governmental authority which is appropriating the property, it is not a contingent fee, but an amount equal to the actual reasonable value of the attorney services. Cody v. Department of Transp., 60 N.C. App. 724, 300 S.E.2d 25 (1983).

Possibility of Two Trials. — Although the landowners were required to raise the issue of whether, in the condemnation action against them, they were entitled to have business damages included in a just compensation award in a separate trial than in the condemnation proceeding itself, there was no threat that a second trial on damages would produce an inconsistent verdict; the first trial would involve evidence on just compensation without consideration of business damages and the second trial, if the landowners persuaded a court that business damages should be included in a just compensation award, would be limited to just compensation including business damages. DOT v. Byerly, 154 N.C. App. 454, 573 S.E.2d 522, 2002 N.C. App. LEXIS 1448 (2002).

Appeals Governed by § 1-277. — When the State Highway Commission (now Department of Transportation) condemns property under this Article, appeals by either party are governed by G.S. 1-277, the same as any other civil action. North Carolina State Hwy. Comm'n v. Nuckles, 271 N.C. 1, 155 S.E.2d 772 (1967).

Denial of Fees Held Proper. — Trial court did not abuse its discretion in denying portion of plaintiff's application for fees relating to its G.S. 1A-1, Rule 60(b) motion where plaintiff sought attorneys' fees for a G.S. 1A-1, Rule 60(b) motion to reopen a judgment it could not reopen as to interest on award of damages, since plaintiff was bound by the mandate of the Superior Court; therefore, the motion was denied and fees were not reasonably incurred. Lea Co. v. North Carolina Bd. of Transp., 323 N.C. 691, 374 S.E.2d 868 (1989).

Trial court did not err in denying portion of

plaintiff's application for fees attributable to services of paralegals and secretaries acting as paralegals since trial judge could reasonably have concluded that these services of paralegals and secretaries acting as paralegals were largely clerical in nature or, even if not, were part of ordinary office overhead and ought to be subsumed in the hourly rate of attorneys. Lea Co. v. North Carolina Bd. of Transp., 323 N.C. 691, 374 S.E.2d 868 (1989).

Applied in Board of Transp. v. Royster, 40 N.C. App. 1, 251 S.E.2d 921 (1979); Bandy v. City of Charlotte, 72 N.C. App. 604, 325 S.E.2d 17 (1985); DOT v. Rowe, 351 N.C. 172, 521 S.E.2d 707 (1999).

Cited in City of Charlotte v. McNeely, 281 N.C. 684, 190 S.E.2d 179 (1972).

§ 136-120. Entry for surveys.

The Department of Transportation without having filed a complaint and a declaration of taking as provided in this Article is authorized to enter upon any lands and structures upon lands to make surveys, borings, soundings or examinations as may be necessary in carrying out and performing its duties under this Chapter, and such entry shall not be deemed a trespass, or taking within the meaning of this Article; provided, however, that the Department of Transportation shall make reimbursement for any damage resulting to such land as a result of such activities and the owner, if necessary, shall be entitled to proceed under the provisions of G.S. 136-111 of this Chapter to recover for such damage. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-121. Refund of deposit.

In the event the amount of the final judgment is less than the amount deposited by the Department of Transportation pursuant to the provisions of this Article, the Department of Transportation shall be entitled to recover the excess of the amount of the deposit over the amount of the final judgment and court costs incident thereto: Provided, however, in the event there are not sufficient funds on deposit to cover said excess the Department of Transportation shall be entitled to a judgment for said sum against the person or persons having received said deposit. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Cited in State Hwy. Comm'n v. Matthis, 2 N.C. App. 233, 163 S.E.2d 35 (1968).

§ 136-121.1. Reimbursement of owner for taxes paid on condemned property.

(a) A property owner whose property is totally taken in fee simple by any condemning agency (as defined in G.S. 133-7(1)) exercising the power of eminent domain, under this Chapter or any other statute or charter provision, shall be entitled to reimbursement from the condemning agency of the pro rata portion of real property taxes paid that are allocable to a period subsequent to vesting of title in the agency, or the effective date of possession of the real property, whichever is earlier.

(b) An owner who meets the following conditions is entitled to reimbursement from the condemning agency for all deferred taxes paid by the owner pursuant to G.S. 105-277.4(c) as a result of the condemnation:

(1) The owner is a natural person whose property is taken in fee simple by a condemning agency exercising the power of eminent domain under this Chapter or any other statute.

(2) The owner also owns agricultural land, horticultural land, or forestland that is contiguous to the condemned property and that is in active production.

A potential condemning agency that seeks to acquire property by gift or purchase shall give the owner written notice of the provisions of this section. The definitions in G.S. 105-277.2 apply in this subsection. (1975, c. 439, s. 1; 1997-270, s. 2.)

Article 10.

Preservation, etc., of Scenic Beauty of Areas along Highways.

§ 136-122. Legislative findings and declaration of policy.

The General Assembly finds that the rapid growth and the spread of urban development along and near the State highways is encroaching upon or eliminating many areas having significant scenic or aesthetic values, which if restored, preserved and enhanced would promote the enjoyment of travel and the protection of the public investment in highways within the State and would constitute important physical, aesthetic or economic assets to the State. It is the intent of the General Assembly in enacting this statute to provide a means whereby the Department of Transportation may acquire the fee or any lesser interest or right in real property in order to restore, preserve and enhance natural or scenic beauty of areas traversed by the highways of the State highway system.

The General Assembly hereby declares that it is a public purpose and in the public interest of the people of North Carolina, to expend public funds, in connection with the construction, reconstruction or improvement of State highways, for the acquisition of the fee or any lesser interest in real property in the vicinity of public highways forming a part of the State highway system, in order to restore, preserve and enhance natural or scenic beauty. The General Assembly hereby finds, determines and declares that this Article is necessary for the immediate preservation and promotion of public convenience, safety and welfare. (1967, c. 1247, s. 1; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-123. Restoration, preservation and enhancement of natural or scenic beauty.

The Department of Transportation is hereby authorized and empowered to acquire by purchase, exchanges or gift, the fee-simple title or any lesser interest therein in real property in the vicinity of public highways forming a part of the State highway system, for the restoration, preservation and enhancement of natural or scenic beauty; provided that no lands, rights-of-way or facilities of a public utility as defined by G.S. 62-3(23), or of an electric membership corporation or telephone membership corporation, may be acquired, except that the Department of Transportation upon payment of the full cost thereof may require the relocation of electric distribution or telephone lines or poles; provided further, that such lands may be acquired by the Department of Transportation with the consent of the public utility or membership corporation. (1967, c. 1247, s. 2; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-124. Availability of federal aid funds.

The Department of Transportation shall not be required to expend any funds for the acquisition of property under the provisions of this Article unless

federal aid funds are made available for this purpose. (1967, c. 1247, s. 3; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-125. Regulation of scenic easements.

The Department of Transportation shall have the authority to promulgate rules and regulations governing the use, maintenance and protection of the areas or interests acquired under this Article. Any violation of such rules and regulations shall be a Class 1 misdemeanor. (1967, c. 1247, s. 4; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 539, s. 997; 1994, Ex. Sess., c. 24, s. 14(c).)

Article 10A.

Litter Prevention Account.

§ 136-125.1. Litter Prevention Account.

There is established under the control and direction of the Department of Transportation the Litter Prevention Account. The Account shall be a nonreverting special revenue account within the Highway Fund and shall consist of moneys credited to the Account under G.S. 20-81.12(b15) from the sale of litter prevention special registration plates. The Department of Transportation shall allocate the funds in the Account to reduce litter in the State. (2000-159, s. 9(a).)

§ 136-125.2. Report.

The Department of Transportation shall report no later than October 1 of each year to the Joint Legislative Transportation Oversight Committee and the Environmental Review Commission regarding the allocation of funds from the Litter Prevention Account. The report shall include all receipts to and allocations from the Account made during the previous fiscal year and shall explain how each allocation serves to reduce litter in the State. (2000-159, s. 9(a).)

Editor's Note. — Session Laws 2000-159, s. 9(b), provides that, notwithstanding G.S. 136-125.2, as enacted by the act, the first report required under G.S. 136-125.2 is due no later than October 1, 2002.

Article 11.

Outdoor Advertising Control Act.

§ 136-126. Title of Article.

This Article may be cited as the Outdoor Advertising Control Act. (1967, c. 1248, s. 1.)

Legal Periodicals. — For comment, "Illegal Billboards: Why the General Assembly Should Revise the Outdoor Advertising Control Act to Comply with North Carolina Easement Law," see 80 N.C.L. Rev. 2067 (2002).

CASE NOTES

As to the effective date of this Article, see Days Inn of Am., Inc. v. Board of Transp., 24 N.C. App. 636, 211 S.E.2d 864, cert. denied, 287 N.C. 258, 214 S.E.2d 429 (1975).

This Article does not affect signs located in areas zoned commercial or industrial and nothing in it prohibits municipalities from regulating advertising which falls outside its provisions. This interpretation is supported by G.S. 160A-174(b) which expressly provides that the fact that "a State or federal law, standing alone, makes a given act, omission or condition unlawful shall not preclude city ordinances requiring a higher standard of conduct or condition." Thus, a town is authorized to outlaw outdoor advertising which is not regulated by State law and to provide compensation by amortization since in such instance this Article's compensation provision has no relevance. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

Effect on Local Regulation. — North Carolina's Outdoor Advertising Control Act, G.S. 136-126 to 136-140.1, did not preempt the City of Hendersonville from enforcing a local ordinance affecting billboards, and the record supported the City of Hendersonville Zoning Board of Adjustment's decision that an outdoor advertising company did not meet its burden of proving it was entitled to repair a billboard that was damaged in a windstorm. Lamar Outdoor Adver., Inc. v. City of Hendersonville Zoning Bd. of Adjustment, 155 N.C. App. 516, 573 S.E.2d 637, 2002 N.C. App. LEXIS 1581 (2002).

Off-premises advertising restriction is within the police power of a municipal government. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

A town's prohibition of off-premise commercial signs, while permitting on-premise signs does not violate equal protection. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

"Esthetics" constitute a legitimate consideration in the exercise of police power. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

No individual rights are created under 23 U.S.C. § 131, pertaining to control of outdoor advertising, since it does not impose regulation, but only authorizes federal-State agreements pursuant to which State regulatory statutes may be adopted. Therefore, it does not furnish a basis for an action under 42 U.S.C. § 1983 for violation of a federal statutory right. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

Nature of Administrative Appeal to Secretary of Transportation. — There was no provision within the Outdoor Advertising Control Act or the administrative regulations published pursuant to the act which required or provided for anything other than a written administrative appeal to the Secretary of Transportation, and there is no provision for an administrative hearing by the secretary. National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816, cert. denied and appeal dismissed, 301 N.C. 400, 273 S.E.2d 446 (1980).

Administrative Procedure Act does not apply to Outdoor Advertising Control Act or regulations published pursuant to the act because there was no statute or administrative rule which required the Department of Transportation to make an agency decision after providing an opportunity for an adjudicatory hearing, and the subject controversy was therefore not a contested case within the meaning of G.S. 150A-23 (now G.S. 150B-23). National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816, cert. denied and appeal dismissed, 301 N.C. 400, 273 S.E.2d 446 (1980).

Cited in Whiteco Metrocom Inc. v. Roberson, 84 N.C. App. 305, 352 S.E.2d 277 (1986); Whiteco Indus., Inc. v. Harrelson, 111 N.C. App. 815, 434 S.E.2d 229 (1993); Whiteco Indus., Inc. v. Harrington, 111 N.C. App. 839, 434 S.E.2d 234 (1993).

§ 136-127. Declaration of policy.

The General Assembly hereby finds and declares that outdoor advertising is a legitimate commercial use of private property adjacent to roads and highways but that the erection and maintenance of outdoor advertising signs and devices in areas in the vicinity of the right-of-way of the interstate and primary highway systems within the State should be controlled and regulated in order to promote the safety, health, welfare and convenience and enjoyment of travel on and protection of the public investment in highways within the State, to prevent unreasonable distraction of operators of motor vehicles and to prevent interference with the effectiveness of traffic regulations and to promote safety

on the highways, to attract tourists and promote the prosperity, economic well-being and general welfare of the State, and to preserve and enhance the natural scenic beauty of the highways and areas in the vicinity of the State highways and to promote the reasonable, orderly and effective display of such signs, displays and devices. It is the intention of the General Assembly to provide and declare herein a public policy and statutory basis for the regulation and control of outdoor advertising. (1967, c. 1248, s. 2; 1999-404, s. 6.)

CASE NOTES

The purpose of this Article is to control the erection and maintenance of outdoor advertising devices in order to promote the safety, convenience and enjoyment of travel and to protect public investment in interstate and primary highways within the State. Bracey Adv. Co. v. North Carolina Dep't of Transp., 35 N.C. App. 226, 241 S.E.2d 146, cert. denied, 295 N.C. 89, 244 S.E.2d 257 (1978).

Regulation for Aesthetic Reasons. — Police power may be broad enough to include reasonable regulation of property use for aesthetic reasons only. County of Cumberland v. Eastern Fed. Corp., 48 N.C. App. 518, 269 S.E.2d 672, cert. denied, 301 N.C. 527, 273 S.E.2d 453 (1980).

Applied in National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980); Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Cited in Bracey Adv. Co. v. North Carolina Dep't of Transp., 62 N.C. App. 197, 302 S.E.2d 490 (1983).

§ 136-128. Definitions.

As used in this Article:

(1) "Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any other way bring into being or establish.

(1a) "Illegal sign" means one which was erected and/or maintained in violation of State law.

(1b) "Information center" means an area or site established and maintained at safety rest areas for the purpose of informing the public of places of interest within the State and providing such other information as the Department of Transportation may consider desirable.

(2) "Interstate system" means that portion of the National System of Interstate and Defense Highways located within the State, as officially designated, or as may hereafter be so designated, by the Department of Transportation, or other appropriate authorities and are also so designated by interstate numbers. As to highways under construction so designated as interstate highways pursuant to the above procedures, the highway shall be a part of the interstate system for the purposes of this Article on the date the location of the highway has been approved finally by the appropriate federal authorities.

(2a) "Nonconforming sign" shall mean a sign which was lawfully erected but which does not comply with the provisions of State law or State rules and regulations passed at a later date or which later fails to comply with State law or State rules or regulations due to changed conditions. Illegally erected or maintained signs are not nonconforming signs.

(3) "Outdoor advertising" means any outdoor sign, display, light, device, figure, painting, drawing, message, plaque, poster, billboard, or any other thing which is designed, intended or used to advertise or inform, any part of the advertising or information contents of which is visible from any place on the main-traveled way of the interstate or primary system, whether the same be permanent or portable installation.

(4) "Primary systems" means the federal-aid primary system in existence on June 1, 1991, and any highway which is not on that system but which is on the National Highway System. As to highways under

construction so designated as primary highways pursuant to the above procedures, the highway shall be a part of the primary system for purposes of this Article on the date the location of the highway has been approved finally by the appropriate federal or State authorities.

(5) "Safety rest area" means an area or site established and maintained within or adjacent to the highway right-of-way by or under public supervision or control, for the convenience of the traveling public.

(6) "State law" means a State constitutional provision or statute, or an ordinance, rule or regulation enacted or adopted by a State agency or political subdivision of a State pursuant to a State Constitution or statute.

(7) "Unzoned area" shall mean an area where there is no zoning in effect.

(8) "Urban area" shall mean an area within the boundaries or limits of any incorporated municipality having a population of five thousand or more as determined by the latest available federal census.

(9) "Visible" means capable of being seen (whether or not legible) without visual aid by a person of normal visual acuity. (1967, c. 1248, s. 3; 1973, c. 507, s. 5; 1975, c. 568, ss. 1-4; 1977, c. 464, s. 7.1; 1997-456, s. 27; 1999-404, s. 7.)

Editor's Note. — Subdivisions (0.1), (0.2), and (1) of this section were renumbered as subdivisions (1), (1a), and (1b), respectively, pursuant to S.L. 1997-456, s. 27 which authorized the Revisor Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

CASE NOTES

Applied in National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980).

Cited in Bracey Adv. Co. v. North Carolina Dep't of Transp., 62 N.C. App. 197, 302 S.E.2d 490 (1983).

§ 136-129. Limitations of outdoor advertising devices.

No outdoor advertising shall be erected or maintained within 660 feet of the nearest edge of the right-of-way of the interstate or primary highway systems in this State so as to be visible from the main-traveled way thereof after the effective date of this Article as determined by G.S. 136-140, except the following:

(1) Directional and other official signs and notices, which signs and notices shall include those authorized and permitted by Chapter 136 of the General Statutes, which include but are not limited to official signs and notices pertaining to natural wonders, scenic and historic attractions and signs erected and maintained by a public utility, electric or telephone membership corporation, or municipality for the purpose of giving warning of or information as to the location of an underground cable, pipeline or other installation.

(2) Outdoor advertising which advertises the sale or lease of property upon which it is located.

(2a) Outdoor advertising which advertises the sale of any fruit or vegetable crop by the grower at a roadside stand or by having the purchaser pick the crop on the property on which the crop is grown provided: (i) the sign is no more than two feet long on any side; (ii) the sign is located on property owned or leased by the grower where the crop is grown; (iii) the grower is also the seller; and (iv) the sign is kept in place by the grower for no more than 30 days.

(3) Outdoor advertising which advertises activities conducted on the property upon which it is located.

(4) Outdoor advertising, in conformity with the rules and regulations promulgated by the Department of Transportation, located in areas which are zoned industrial or commercial under authority of State law.

(5) Outdoor advertising, in conformity with the rules and regulations promulgated by the Department of Transportation, located in unzoned commercial or industrial areas. (1967, c. 1248, s. 4; 1972, c. 507, s. 5; 1975, c. 568, s. 5; 1977, c. 464, s. 7.1; 1991 (Reg. Sess., 1992), c. 946, s. 1; 1999-404, s. 8.)

Local Modification. — Buncombe and Surry: 1993 (Reg. Sess., 1994), c. 559, ss. 1, 2.

CASE NOTES

Advertising in Industrial or Commercial Zones. — Outdoor advertising in conformity with the rules and regulations promulgated by North Carolina Department of Transportation is permitted in areas which are zoned industrial or commercial under authority of State law. Naegele Outdoor Adv., Inc. v. Hunt, 121 N.C. App. 205, 465 S.E.2d 549 (1996).

Having zoned property as a highway commercial zone under authority of State law and in accordance with a comprehensive plan, the trial court properly concluded that the Secretary's revocation of the permits exceeded his authority under the statutory mandate of subsection (4) which expressly allows advertising in areas which are zoned industrial or commercial under authority of State law. Naegele Outdoor Adv., Inc. v. Hunt, 121 N.C. App. 205, 465 S.E.2d 549 (1996).

Right of Way of Interstate or Primary Highway. — Where the ramp constructed as part of a parkway project was built to manage the interchange of traffic between the parkway and an interstate business highway, the right-of-way adjacent to the interchange ramp was considered part of the "right-of-way of the interstate or primary highway system" as contemplated under this section. Whiteheart v. Garrett, 128 N.C. App. 78, 493 S.E.2d 493 (1997).

§ 136-129.1. Limitations of outdoor advertising devices beyond 660 feet.

No outdoor advertising shall be erected or maintained beyond 660 feet of the nearest edge of the right-of-way of the interstate or primary highway systems in this State outside of the urban areas so as to be visible and intended to be read from the main-traveled way except the following:

(1) Directional and other official signs and notices, which signs and notices shall include those authorized and permitted by Chapter 136 of the General Statutes, which include but are not limited to official signs and notices pertaining to natural wonders, scenic and historic attractions and signs erected and maintained by a public utility, electric or telephone membership corporation, or municipality for the purpose of giving warning of or information as to the location of an underground cable, pipeline or other installation.

(2) Outdoor advertising which advertises the sale or lease of property upon which it is located.

(3) Outdoor advertising which advertises activities conducted on the property upon which it is located. (1975, c. 568, s. 6; 1999-404, s. 9.)

§ 136-129.2. Limitation of outdoor advertising devices adjacent to scenic highways, State and National Parks, historic areas and other places.

(a) In addition to the limitations contained in G.S. 136-129 and G.S. 136-129.1, in order to further the purposes set forth in Article 10 of this

Chapter and to promote the reasonable, orderly, and effective display of outdoor advertising devices along highways adjacent to scenic and historical areas, while protecting the public investment in these highways and promoting the safety and recreational value of public travel, and to preserve natural beauty, no outdoor advertising sign shall be erected adjacent to any highway which is either:

(1)a. A scenic highway or scenic byway designated by the Board of Transportation;

b. Within 1,200 feet, on the same side of the highway, of the boundary line of a North Carolina State Park, a National Park, a State or national wildlife refuge, or a designated wild and scenic river; or

c. Within 500 feet, on the same side of the highway, of the boundary lines of any historic districts and other properties listed in the National Register of Historic Places or State rest areas, or within the boundary lines of any historic district;

except as permitted under G.S. 136-129(1), (2), (2a), or (3); or

(2) Within one-third of the applicable distances under sub-subdivision (a)(1)b. and (a)(1)c. of this section, along the opposite side of the highway from any of the properties designated in sub-subdivision (a)(1)b. and (a)(1)c. of this section, except as permitted under G.S. 136-129(1), (2), (2a), (3), (4), or (5).

(b) The distances set forth in this section shall be measured horizontally in linear feet extending in each direction along the edge of the pavement of the highway from any point on the boundary of the subject property, or any point on the opposite side of the highway perpendicular to any point on the boundary line of the subject property.

(c) As used in sub-subdivision (a)(1)b. and (a)(1)c. of this section, the term "highway" means a highway that is designated as a part of the interstate or federal-aid primary highway system as of June 1, 1991, or any highway which is or becomes a part of the National Highway System. (1993, c. 524, s. 1.)

§ 136-130. Regulation of advertising.

The Department of Transportation is authorized to promulgate rules and regulations in the form of ordinances governing:

(1) The erection and maintenance of outdoor advertising permitted in G.S. 136-129,

(2) The erection and maintenance of outdoor advertising permitted in G.S. 136-129.1,

(2a) The erection and maintenance of outdoor advertising permitted in G.S. 136-129.2,

(3) The specific requirements and procedures for obtaining a permit for outdoor advertising as required in G.S. 136-133 and for the administrative procedures for appealing a decision at the agency level to refuse to grant or in revoking a permit previously issued, and

(4) The administrative procedures for appealing a decision at the agency level to declare any outdoor advertising illegal and a nuisance as pursuant to G.S. 136-134, as may be necessary to carry out the policy of the State declared in this Article. (1967, c. 1248, s. 5; 1973, c. 507, s. 5; 1975, c. 568, s. 7; 1977, c. 464, ss. 7.1, 31; 1993, c. 524, s. 2.)

CASE NOTES

Permit to erect and maintain advertising signs was not subject to revocation pursuant to a regulation providing for revocation for "unlawful violation of control of access on interstate ... facilities," where employees of the permit holder had parked their truck on the

shoulder of the interstate and were servicing a sign, but had not crossed any access control fence or other barrier in order to service the sign. Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Revocation Permitted. — The Department of Transportation had the authority to revoke petitioner's permit where petitioner erected nonconforming outdoor advertising in noncommercial/nonindustrial area. Outdoor E. v. Harrelson, 123 N.C. App. 685, 476 S.E.2d 136 (1996).

Cited in Freeland v. Greene, 33 N.C. App. 537, 235 S.E.2d 852 (1977); National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980); Whiteco Metrocom Inc. v. Roberson, 84 N.C. App. 305, 352 S.E.2d 277 (1986).

§ 136-131. Removal of existing nonconforming advertising.

The Department of Transportation is authorized to acquire by purchase, gift, or condemnation all outdoor advertising and all property rights pertaining thereto which are prohibited under the provisions of G.S. 136-129, 136-129.1 or 136-129.2, provided such outdoor advertising is in lawful existence on the effective date of this Article as determined by G.S. 136-140, or provided that it is lawfully erected after the effective date of this Article as determined by G.S. 136-140.

In any acquisition, purchase or condemnation, just compensation to the owner of the outdoor advertising, where the owner of the outdoor advertising does not own the fee, shall be limited to the fair market value at the time of the taking of the outdoor advertising owner's interest in the real property on which the outdoor advertising is located and such value shall include the value of the outdoor advertising.

In any acquisition, purchase or condemnation, just compensation to the owner of the fee or other interest in the real property upon which the outdoor advertising is located where said owner does not own the outdoor advertising located thereon shall be limited to the difference in the fair market value of the entire tract immediately before and immediately after the taking by the Department of Transportation of the right to maintain such outdoor advertising thereon and in arriving at the fair market value after the taking, any special or general benefits accruing to the property by reason of the acquisition shall be taken into consideration.

In any acquisition, purchase or condemnation, just compensation to the owner of the fee in the real property upon which the outdoor advertising is located, where said owner also owns the outdoor advertising located thereon, shall be limited to the fair market value of the outdoor advertising plus the difference in the fair market value of the entire tract immediately before and immediately after the taking by the Department of Transportation of the right to maintain such outdoor advertising thereon and in arriving at the fair market value after the taking, any special or general benefits accruing to the property by reason of the acquisition shall be taken into consideration. (1967, c. 1248, s. 6; 1973, c. 507, s. 5; 1975, c. 568, ss. 8-10; 1977, c. 464, s. 7.1; 1993, c. 524, s. 3.)

CASE NOTES

Legislative Intent. — If the General Assembly had intended to require payment of compensation whenever the Department of Transportation (DOT) removes a sign under the Outdoor Advertising Control Act (OACA), it could have used the term "required" rather than "authorized" in this section. National Adv. Co. v. North Carolina DOT, 124 N.C. App. 620, 478 S.E.2d 248 (1996).

Cash Compensation Required for Removal of Certain Signs. — With respect to advertising signs which are not located in areas zoned commercial or industrial, this section and 23 U.S.C. § 131 specifically require cash

compensation to sign owners whose signs are removed pursuant to those acts. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

However, in order to be compensable, this section requires that a sign be lawfully erected under State law. Signs rendered unlawful by local zoning ordinances adopted pursuant to the enabling statute, G.S. 160A-381, are not signs "lawfully erected" and therefore are not compensable. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

Applied in Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Cited in National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980); Bracey Adv. Co. v. North Carolina Dep't of Transp., 62 N.C. App. 197, 302 S.E.2d 490 (1983).

§ 136-131.1. (See editor's note for expiration of section) Just compensation required for the removal of billboards on federal-aid primary highways by local authorities.

No municipality, county, local or regional zoning authority, or other political subdivision, shall, without the payment of just compensation in accordance with the provisions that are applicable to the Department of Transportation as provided in paragraphs 2, 3, and 4 of G.S. 136-131, remove or cause to be removed any outdoor advertising adjacent to a highway on the National System of Interstate and Defense Highways or a highway on the Federal-aid Primary Highway System for which there is in effect a valid permit issued by the Department of Transportation pursuant to the provisions of Article 11 of Chapter 136 of the General Statutes and regulations promulgated pursuant thereto. (1981 (Reg. Sess., 1982), c. 1147, ss. 1, 2; 1983, c. 318, s. 1; 1987 (Reg. Sess., 1988), c. 1024, s. 1; 1989, c. 166, s. 1; 1993 (Reg. Sess., 1994), c. 725, s. 1; 1998-23, s. 7; 1998-212, s. 27.5(a); 2002-11, s. 1.)

Editor's Note. — Session Laws 1981, c. 1147, s. 2, as amended by Session Laws 1983, c. 318, s. 1, Session Laws 1987 (Reg. Sess., 1988), c. 1024, s. 1, Session Laws 1989, c. 166, s. 1, Session Laws 1993, c. 725, s. 1, Session Laws 1998-23, s. 7, Session Laws, 1998-212, s. 27.5(a), and Session Laws 2002-11, s. 1, will expire upon amendment to or repeal of 23 U.S.C § 131(g).

CASE NOTES

Applied in R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388 (1982).

Cited in Capital Outdoor Adv., Inc. v. City of Raleigh, 337 N.C. 150, 446 S.E.2d 289, rehearing denied, 337 N.C. 807, 449 S.E.2d 566 (1994).

§ 136-132. Condemnation procedure.

For the purpose of this Article, the Department of Transportation shall use the procedure for condemnation of real property as provided by Article 9 of Chapter 136 of the General Statutes. (1967, c. 1248, s. 7; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

CASE NOTES

Cited in National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980).

§ 136-133. Permits required.

(a) No person shall erect or maintain any outdoor advertising within 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129, subdivisions (2) and (3) in this Article, or beyond 660 feet of the nearest edge of the right-of-way of the interstate or primary highway system, except those allowed under G.S. 136-129.1, subdivisions (2) and (3), without first obtaining a permit from the Department of Transportation or its agents pursuant to the procedures set out by rules adopted by the Department of Transportation. The permit shall be valid until revoked for nonconformance with this Article or rules adopted by the Department of Transportation. Any person aggrieved by the decision of the Department of Transportation or its agents in refusing to grant or in revoking a permit may appeal the decision in accordance with the rules adopted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision on the agency appeal. The Department of Transportation shall have the authority to charge permit fees to defray the costs of administering the permit procedures under this Article. The fees for directional signs as set forth in G.S. 136-129(1) and G.S. 136-129.1(1) shall not exceed a forty dollar ($40.00) initial fee and a thirty dollar ($30.00) annual renewal fee. The fees for outdoor advertising structures, as set forth in G.S. 136-129(4) and (5) shall not exceed a one hundred twenty dollar ($120.00) initial fee and a sixty dollar ($60.00) annual renewal fee.

(b) If outdoor advertising is under construction and the Department of Transportation determines that a permit has not been issued for the outdoor advertising, the Department may require that all work on the outdoor advertising cease until the owner of the outdoor advertising shows that the outdoor advertising does not violate this section. The stopwork order shall be prominently posted on the outdoor advertising structure, and no further notice of the stopwork order is required. The failure of an owner of outdoor advertising to comply immediately with the stopwork order shall subject the outdoor advertising to removal by the Department of Transportation or its agents. Outdoor advertising is under construction when it is in any phase of construction prior to the attachment and display of the advertising message in final position for viewing by the traveling public. The cost of removing outdoor advertising by the Department of Transportation or its agents pursuant to this section shall be assessed against the owner of the unpermitted outdoor advertising by the Department of Transportation. No stopwork order may be issued when the Department of Transportation process agent has been served with a court order allowing the sign to be constructed. (1967, c. 1248, s. 8; 1973, c. 507, s. 5; 1975, c. 568, s. 11; 1977, c. 464, ss. 7.1, 32; 1983, c. 604, s. 2; 1989, c. 677; 1999-404, s. 1.)

CASE NOTES

Permit to erect and maintain advertising signs was not subject to revocation pursuant to a regulation providing for revocation for "unlawful violation of control of access on interstate ... facilities," where employees of the permit holder had parked their truck on the shoulder of the interstate and were servicing a sign, but had not crossed any access control fence or other barrier in order to service the sign. Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Revocation Permitted. — The Department of Transportation had the authority to revoke petitioner's permit where petitioner erected nonconforming outdoor advertising in noncommercial/nonindustrial area. Outdoor E. v. Harrelson, 123 N.C. App. 685, 476 S.E.2d 136 (1996).

Cited in Freeland v. Greene, 33 N.C. App. 537, 235 S.E.2d 852 (1977); National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980); Whiteheart v. Garrett, 128 N.C. App. 78, 493 S.E.2d 493 (1997).

§ 136-134. Illegal advertising.

Any outdoor advertising erected or maintained adjacent to the right-of-way of the interstate or primary highway system after the effective date of this Article as determined by G.S. 136-140, in violation of the provisions of this Article or rules adopted by the Department of Transportation, or any outdoor advertising maintained without a permit regardless of the date of erection shall be illegal and shall constitute a nuisance. The Department of Transportation or its agents shall give 30 days' notice to the owner of the illegal outdoor advertising with the exception of the owner of unlawful portable outdoor advertising for which the Department of Transportation shall give five days' notice, if such owner is known or can by reasonable diligence be ascertained, to remove the outdoor advertising or to make it conform to the provisions of this Article or rules adopted by the Department of Transportation hereunder. The Department of Transportation or its agents shall have the right to remove the illegal outdoor advertising at the expense of the owner if the owner fails to remove the outdoor advertising or to make it conform to the provisions of this Article or rules issued by the Department of Transportation within 30 days after receipt of such notice or five days for owners of portable outdoor advertising. The Department of Transportation or its agents may enter upon private property for the purpose of removing the outdoor advertising prohibited by this Article or rules adopted by the Department of Transportation hereunder without civil or criminal liability. The costs of removing the outdoor advertising, whether by the Department of Transportation or its agents, shall be assessed against the owner of the illegal outdoor advertising by the Department of Transportation. Any person aggrieved by the decision declaring the outdoor advertising structure illegal shall be granted the right to appeal the decision in accordance with the terms of the rules and regulations enacted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision on the agency appeal. (1967, c. 1248, s. 9; 1973, c. 507, s. 5; 1975, c. 568, s. 12; 1977, c. 464, ss. 7.1, 32; 1999-404, s. 2.)

CASE NOTES

Preemption. — County moratorium on outdoor advertising signs did not conflict with a sign owner's right to cure defects in such signs where the owner erected a sign structure without first applying for a permit from the Department of Transportation, and did not apply for the permit until the day after the county moratorium was passed. PNE AOA Media, L.L.C. v. Jackson County, 146 N.C. App. 470, 554 S.E.2d 657, 2001 N.C. App. LEXIS 981 (2001).

Cited in Freeland v. Greene, 33 N.C. App. 537, 235 S.E.2d 852 (1977); National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980).

§ 136-134.1. Judicial review.

Any person who is aggrieved by a final decision of the Secretary of Transportation after exhausting all administrative remedies made available to him by rules and regulations enacted pursuant to this Article is entitled to judicial review of such decision under this Article. In order to obtain judicial review of the Secretary of Transportation's decision under this Article, the person seeking review must file a petition in the Superior Court of Wake County within 30 days after written copy of the decision of the Secretary of Transportation is served upon the person seeking review. Failure to file such a petition within the time stated shall operate as a waiver of the right of such person to review under this Chapter.

The petition shall state explicitly what exceptions are taken to the decision of the Secretary of Transportation and what relief petitioner seeks. Within 10

days after the petition is filed with the court, the person seeking the review shall serve copies of the petition by registered mail, return receipt requested, upon the Department of Transportation. Within 30 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the Department of Transportation shall transmit to the reviewing court a certified copy of the written decision.

At any time before or during the review proceeding, the aggrieved party may apply to the reviewing court for an order staying the operation of the decision of the Secretary of Transportation pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper. The review of the decision of the Secretary of Transportation under this Article shall be conducted by the court without a jury and shall hear the matter de novo pursuant to the rules of evidence as applied in the General Court of Justice. The court, after hearing the matter may affirm, reverse or modify the decision if the decision is:

(1) In violation of constitutional provisions; or
(2) Not made in accordance with this Article or rules or regulations promulgated by the Department of Transportation; or
(3) Affected by other error of law.

The party aggrieved shall have the burden of showing that the decision was violative of one of the above.

A party to the review proceedings, including the agency, may appeal to the appellate division from the final judgment of the Superior Court under the rules of procedure applicable in civil cases. The appealing party may apply to the Superior Court for a stay for its final determination or a stay of the administrative decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division. (1975, c. 568, s. 13; 1977, c. 464, ss. 32, 33.)

CASE NOTES

This section preempts § 150B-43 and specifically provides opportunity to have a de novo proceeding before trial judge which satisfies due process requirements. National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816, cert. denied and appeal dismissed, 301 N.C. 400, 273 S.E.2d 446 (1980).

Administrative Remedies Must Be Exhausted. — The express language of this section makes clear the legislative intent that recourse to the courts is to be had by the aggrieved party only after exhausting all administrative remedies made available to him by rules and regulations enacted pursuant to this Article. Freeland v. Greene, 33 N.C. App. 537, 235 S.E.2d 852 (1977).

This section clearly limits the scope of review to (1) constitutional violations, (2) statutory or regulatory irregularities or (3) other errors of law. National Adv. Co. v. Bradshaw, 60 N.C. App. 745, 299 S.E.2d 817 (1983).

Although the scope of review de novo is broad, the superior court may take action only if the agency decision is (1) in violation of constitutional provisions; (2) not made in accordance with this article or the regulations thereunder; or (3) affected by other error of law. Thus, the superior court has the implied power to reverse when the evidence does not support the decision. Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Court Not Bound by Secretary's Findings and Conclusions. — While an interpretation of a statute or rule of an agency administering it is to be accorded some deference, the superior court's review of a decision by the Secretary of Transportation is de novo. Therefore, the superior court is thus not bound by the Secretary's findings of fact and conclusions of law and may arrive at a different conclusion of law based upon the same evidence. Appalachian Poster Adv. Co. v. Bradshaw, 65 N.C. App. 117, 308 S.E.2d 764 (1983).

Appellant Is Not Limited to Administrative Record. — Under this section, an appellant from decision and order of the Department of Transportation has the right to a hearing de novo in the Superior Court of Wake County; therefore, appellant is not limited to the administrative record. Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

Although a review of a final agency decision is de novo, trial court still limited by this section in scope of review. However,

this does not circumvent the requirements of G.S. 1A-1, Rule 52(a)(1). This section limits the scope of the findings of fact and conclusions of law which can be made; it does not limit the requirements for properly setting forth such findings and conclusions. Appalachian Poster Adv. Co. v. Harrington, 89 N.C. App. 476, 366 S.E.2d 705 (1988).

De Novo Review of DOT Decision. — Pursuant to this section petitioner whose signed permit was revoked by DOT was entitled to a non-jury de novo review of the DOT decision by the Superior Court, where the court had to hear the merits of plaintiff's case without any presumption in favor of DOT's decision. Appalachian Poster Adv. Co. v. Harrington, 89 N.C. App. 476, 366 S.E.2d 705 (1988).

Superior Court Jurisdiction. — When permit holder petitioned the superior court for review of Department of Transportation revocation of permit for highway sign, this gave the superior court jurisdiction to determine the whole case including the taxing of costs including section providing for attorney's fees to be taxed as costs in some instances. Able Outdoor, Inc. v. Harrelson, 341 N.C. 167, 459 S.E.2d 626 (1995).

Cited in Bracey Adv. Co. v. North Carolina Dep't of Transp., 62 N.C. App. 197, 302 S.E.2d 490 (1983); Whiteco Metrocom Inc. v. Roberson, 84 N.C. App. 305, 352 S.E.2d 277 (1986).

§ 136-134.2. Notification requirements.

When the Department of Transportation notifies a permit applicant, permit holder, or the owner of an outdoor advertising structure that the application is denied, the permit revoked, or the structure is in violation of this Article or rules issued pursuant to this Article, it shall do so in writing by certified mail, return receipt requested, and shall include a copy of this Article and all rules issued pursuant to this Article.

If the Department of Transportation fails to include a copy of this Article and the rules, the time period during which the permit applicant, permit holder, or owner of the outdoor advertising structure has to request a review hearing shall be tolled until the Department of Transportation provides the required materials. (1999-404, s. 3.)

§ 136-135. Enforcement provisions.

Any person, firm, corporation or association, placing, erecting or maintaining outdoor advertising along the interstate system or primary system in violation of this Article or rules adopted by the Department of Transportation shall be guilty of a Class 1 misdemeanor. In addition thereto, the Department of Transportation may seek injunctive relief in the Superior Court of Wake County or of the county where the outdoor advertising is located and require the outdoor advertising to conform to the provisions of this Article or rules adopted pursuant hereto, or require the removal of the said illegal outdoor advertising. (1967, c. 1248, s. 10; 1973, c. 507, s. 5; 1975, c. 568, s. 14; 1977, c. 464, s. 32; 1993, c. 539, s. 998; 1994, Ex. Sess., c. 24, s. 14(c); 1999-404, s. 4.)

CASE NOTES

Applied in Ace-Hi, Inc. v. Department of Transp., 70 N.C. App. 214, 319 S.E.2d 294 (1984).

§ 136-136. Zoning changes.

All zoning authorities shall give written notice to the Department of Transportation of the establishment or revision of any commercial and industrial zones within 660 feet of the right-of-way of interstate or primary highway systems. Notice shall be by registered mail sent to the offices of the Department of Transportation in Raleigh, North Carolina, within 15 days after

the effective date of the zoning change or establishment. (1967, c. 1248, s. 11; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1999-404, s. 10.)

§ 136-137. Information directories.

The Department of Transportation is authorized to maintain maps and to permit informational directories and advertising pamphlets to be made available at safety rest areas and to establish information centers at safety rest areas and install signs on the right-of-way for the purpose of informing the public of facilities for food, lodging and vehicle services and of places of interest and for providing such other information as may be considered desirable. (1967, c. 1248, s. 12; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-138. Agreements with United States authorized.

The Department of Transportation is authorized to enter into agreements with other governmental authorities relating to the control of outdoor advertising in areas adjacent to the interstate and primary highway systems, including the establishment of information centers and safety rest areas, and to take action in the name of the State to comply with the terms of the agreements. (1967, c. 1248, s. 13; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-139. Alternate control.

In addition to any other control provided for in this Article, the Department of Transportation may regulate outdoor advertising in accordance with the standards provided by this Article and regulations promulgated pursuant thereto, by the acquisition by purchase, gift, or condemnation of easements or any other interests in real property prohibiting or controlling the erection and maintenance of advertising within 660 feet of the right-of-way line of the interstate and primary system of the State. (1967, c. 1248, s. 14; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-140. Availability of federal aid funds.

The Department of Transportation shall not be required to expend any funds for the regulation of outdoor advertising under this Article, nor shall the provisions of this Article, with the exception of G.S. 136-138 hereof, have any force and effect until federal funds are made available to the State for the purpose of carrying out the provisions of this Article, and the Department of Transportation has entered into an agreement with the United States Secretary of Transportation as authorized by G.S. 136-138 hereof and as provided by the Highway Beautification Act of 1965 or subsequent amendment thereto. (1967, c. 1248, s. 15; 1973, c. 507, s. 5; 1975, c. 568, s. 15; 1977, c. 464, s. 7.1.)

CASE NOTES

Applied in Bracey Adv. Co. v. North Carolina Dep't of Transp., 35 N.C. App. 226, 241 S.E.2d 146 (1978).

Cited in National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816 (1980).

§ 136-140.1. Adopt-A-Highway.

(a) Notwithstanding any other provision of this Article, the Department of Transportation may permit individuals or groups participating in its Adopt-A-Highway Program access to controlled access facilities for the purpose of removing litter from the right-of-way. Acknowledgment of participation in the program may be indicated by appropriate signs that shall be owned, controlled, and erected by the Department of Transportation. The size, style, specifications, and content of the signs shall be determined in the sole discretion of the Department of Transportation. The Department of Transportation may issue rules and policies necessary to administer the program.

(b) Adopt-A-Highway participants may use contract services to clean the roadside of the sections of highway the participants have adopted only in accordance with the rules and policies issued by the Department of Transportation. (1995, c. 324, s. 18.1.)

§§ 136-140.2 through 136-140.5: Reserved for future codification purposes.

Article 11A.

Exemption and Deferment from Removal of Certain Directional Signs, Displays, and Devices.

§ 136-140.6. Declaration of policy.

Notwithstanding any other provision of law, the State of North Carolina hereby finds and declares that the removal of certain directional signs, displays, and devices, lawfully erected under State law in force at the time of their erection, which do not conform to the requirements of subsection (C) of 23 U.S.C. 131, which provide directional information about goods and services in the interest of the traveling public, and which were in existence on May 6, 1976, may work a substantial economic hardship in certain defined areas, and shall be exempt according to Section 131 United States Code and the rules and regulations promulgated pursuant thereto. (1977, c. 639.)

§ 136-140.7. Definitions.

As used in this Article: "Motorist services directional signs" means signs, displays, and devices giving directional information about goods and services in the interest of the traveling public, including but not limited to:

(1) Places of public lodging;
(2) Places where food is served to the public on a regular basis;
(3) Places where automotive fuel or emergency automotive repair services, including truck stops, are regularly available to the public;
(4) Educational institutions;
(5) Places of religious worship;
(6) Public or private recreation areas, including campgrounds, resorts and attractions, natural wonders, wildlife and water fowl refuges, and nature trails;
(7) Plays, concerts and fairs;
(8) Antiques, gift and souvenir shops;
(9) Agricultural products in a natural state, including vegetables and fruit. (1977, c. 639.)

§ 136-140.8. Exemption procedures.

The North Carolina Department of Transportation shall upon receipt of a declaration, petition, resolution, certified copy of an ordinance, or other clear direction from a board of county commissioners, municipality, county, city, provided that such resolution is not in conflict with existing statute or ordinance, that removal of motorist services directional signs would cause an economic hardship in a defined area, shall forward such declaration, resolution, or finding to the Secretary of the North Carolina Department of Transportation for inclusion as a defined hardship area qualifying for exemption pursuant to 23 U.S.C. 131 (O). Any such declaration or resolution submitted to the North Carolina Department of Transportation shall further find that such motorist service signs provided directional information about goods and services in the interest of the traveling public and shall request the retention by the State of said directional motorist services signs as defined herein. The North Carolina Department of Transportation shall thereupon comply with all regulations issued both now and hereafter by the Federal Highway Administration necessary for application for the exemption provided in 23 U.S.C. 131 (O), provided such motorist services directional signs were lawfully erected under State law at the time of their erection and were in existence on May 5, 1976. The petitioner seeking exemption of those signs defined in G.S. 136-140.7 shall furnish the information required by the United States Department of Transportation to the North Carolina Department of Transportation and the North Carolina Department of Transportation shall request exemption from the United States Department of Transportation. (1977, c. 639.)

CASE NOTES

§ 136-140.9. Deferment.

The North Carolina Department of Transportation shall adopt programs to assure that removal of directional signs, displays or devices, providing directional information about goods and services in the interest of the traveling public, not otherwise exempted by economic hardship, be deferred until July 1, 1979. (1977, c. 639.)

CASE NOTES

As to effective date of this Article, see Days Inn of Am., Inc. v. Board of Transp., 24 N.C. App. 636, 211 S.E.2d 864, cert. denied, 287 N.C. 258, 214 S.E.2d 429 (1975).

§§ 136-140.10 through 136-140.14: Reserved for future codification purposes.

Article 11B.

Tourist-Oriented Directional Sign Program.

§ 136-140.15. Scope of operations.

(a) Program. — The Department of Transportation shall administer a tourist-oriented directional signs (TODS) program.

(b) Definitions. — The following definitions apply in this Article:

(1) TODS. — Tourist-oriented directional signs (TODS) are guide signs that display the business identification of and directional information for tourist-oriented businesses and tourist-oriented facilities or for classes of businesses or facilities that are tourist-oriented.

(2) Tourist-oriented business. — A business, the substantial portion of whose products or services is of significant interest to tourists. The term may include a business involved with seasonal agricultural products. When used in this Article, the term "business" means a tourist-oriented business.

(3) Tourist-oriented facility. — A business, service, or activity facility that derives a major portion of income or visitors during the normal business season from road users not residing in the immediate area of the facility. When used in this Article, the term "facility" means a tourist-oriented facility.

(c) Limitation. — The Department shall not install TODS for a business or facility if the signs would be required at intersections where, due to the number of conflicting locations of other highway signs or traffic control devices or other physical or topographical features of the roadside, their presence would be impractical or unfeasible or result in an unsafe or hazardous condition.

(d) Duplication. — If a business or facility is currently shown on another official highway guide sign, such as a logo sign or supplemental guide sign, on the same approach to an intersection where a TODS panel for that business or facility would be located, the business or facility may elect to keep the existing highway guide sign or have it removed and participate in the TODS program. If the business or facility elects to retain the existing highway guide sign, the business or facility is ineligible for the TODS program at that intersection. (2001-383, s. 1.)

§ 136-140.16. Eligibility criteria.

A business or facility is eligible to participate in the TODS program if it meets all of the following conditions:

(1) It is open to the general public and is not restricted to "members only".

(2) It does not restrict access to its facilities by the general public.

(3) It complies with all applicable laws, ordinances, rules, and regulations concerning the provision of public accommodations without regard to race, religion, color, age, sex, national origin, disability, and any other category protected by federal or State constitutional or statutory law concerning the granting of licenses and approvals for public facilities.

(4) It meets the following standards:

a. It is in continuous operation at least eight hours a day, five days a week during its normal season or the normal operating season for the type of business or facility.

b. It is licensed and approved by the appropriate State and local agencies regulating the particular type of business or activity. (2001-383, s. 1.)

§ 136-140.17. Terminating participation in program.

A business or facility may terminate its participation in the TODS program at any time. The business or facility is not entitled to a refund of any part of any fees paid because of voluntary termination of participation by the business or facility, for any reason, before the end of its current contract period. (2001-383, s. 1.)

§ 136-140.18. Temporary modification of TODS panels.

(a) The Department shall allow a participating business or facility to close for remodeling or to repair damage from fire or other natural disaster if its TODS panels are covered or removed while the business or facility is closed. No refund of fees or extension of the time remaining in the contract for participation will be provided for the period of closure.

(b) The Department may, at its discretion, remove or cover TODS panels for roadway construction or maintenance, for routine maintenance of the TODS assembly, for traffic research study, or for any other reason it considers appropriate. Businesses or facilities are not entitled to any refunds of fee amounts for the period that the TODS panels are covered or removed under this subsection unless the period exceeds seven days.

(c) The TODS panels for seasonal businesses or facilities shall have an appropriate message added during the period in which the businesses or facilities are open to the public as part of their normal seasonal operation. (2001-383, s. 1.)

§ 136-140.19. Department to adopt rules to implement the TODS program.

The Department shall adopt rules to implement the TODS program created by this Article. The rules shall include all of the following:

(1) The Department shall set fees to cover the initial costs of signs, sign maintenance, and administering the program.

(2) The Department shall establish a standard for the size, color, and letter height of the TODS as specified in the National Manual of Uniform Traffic Control Devices for Streets and Highways.

(3) TODS shall not be placed more than five miles from the business or facility.

(4) TODS shall not be placed where prohibited by local ordinance.

(5) The number of TODS panels shall not exceed six per intersection with only one business or facility on each panel.

(6) If a business or facility is not directly on a State highway, it is eligible for TODS panels only if both of the following requirements are met:
   a. It is located on a street that directly connects with a State road.
   b. It is located so that only one directional sign, placed on a State road, will lead the tourist to the business or facility.

(7) A TODS shall not be placed immediately in advance of the business or facility if the business or facility and its on-premise advertising signs are readily visible from the roadway.

(8) The Department shall limit the placement of TODS to highways other than fully controlled access highways and to rural areas in and around towns or cities with a population of less than 40,000. (2001-383, s. 1.)

Article 12.

Junkyard Control Act.

§ 136-141. Title of Article.

This Article may be cited as the Junkyard Control Act. (1967, c. 1198, s. 1.)

Legal Periodicals. — For comment discussing aesthetics-based municipal regulation in light of State v. Jones, 305 N.C. 520, 290 S.E.2d 675 (1982), see 18 Wake Forest L. Rev. 1167 (1982).

CASE NOTES

Act Did Not Preempt Local Ordinance. — Since the Junkyard Control Act applies only to junkyards located on primary highways, and since the trial court found as fact that the junkyard owner's property was located on Highway 211, and that Highway 211 was designated by the North Carolina Department of Transportation as a federal-aid secondary road and was therefore not subject to the provisions of the Junkyard Control Act, junkyard owner's assertion that the ordinance was preempted by the statute was without merit. County of Hoke v. Byrd, 107 N.C. App. 658, 421 S.E.2d 800 (1992).

§ 136-142. Declaration of policy.

The General Assembly hereby finds and declares that although junkyards are a legitimate business, the establishment and use and maintenance of junkyards in the vicinity of the interstate and primary highways or within the vicinity of North Carolina routes in counties that have no interstate or federal aid primary highways within the State should be regulated and controlled in order to promote the safety, health, welfare and convenience and enjoyment of travel on and the protection of the public investment in highways within the State, to prevent unreasonable distraction of operators of motor vehicles and to prevent interference with the effectiveness of traffic regulations, to attract tourists and promote the prosperity, economic well-being and general welfare of the State, and to preserve and enhance the natural scenic beauty of the highways and areas in the vicinity. It is the intention of the General Assembly to provide and declare herein a public policy and statutory basis for regulation and control of junkyards. (1967, c. 1198, s. 2; 1993, c. 493, s. 1.)

Editor's Note. — Session Laws 1993, c. 493, s. 1, which amended this section, was effective July 23, 1993, and applicable to all counties with no interstate or federal aid primary highways as of that date.

§ 136-143. Definitions.

As used in this Article:

(1) The term "automobile graveyard" shall mean any establishment or place of business which is maintained, used, or operated for storing, keeping, buying or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts. Any establishment or place of business upon which six or more unlicensed, used motor vehicles which cannot be operated under their own power are kept or stored for a period of 15 days or more shall be deemed to be an "automobile graveyard" within the meaning of this Article.

(2) "Interstate system" means that portion of the National System of Interstate and Defense Highways located within the State, as now

officially designated, or as may hereafter be so designated as interstate system by the Department of Transportation, or other appropriate authorities. As to highways under construction so designated as interstate highways pursuant to the above procedures, the highway shall be a part of the interstate system for the purpose of this Article on the date the location of the highway has been approved finally by the appropriate federal authorities.

(3) The term "junk" shall mean old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber, debris, waste, or junked, dismantled or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or nonferrous material.

(4) The term "junkyard" shall mean an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for maintenance or operation of an automobile graveyard, and the term shall include garbage dumps and sanitary fills. An establishment or place of business which stores or keeps for a period of 15 days or more materials within the meaning of "junk" as defined by subdivision (3) of G.S. 136-143 which had been derived or created as a result of industrial activity shall be deemed to be a junkyard within the meaning of this Article.

(5) "Primary system" means that portion of connected main highways, as now officially designated, or as may hereafter be so designated as primary system by the Department of Transportation or other appropriate authorities. As to highways under construction so designated as federal-aid primary highways pursuant to the above procedures, the highway shall be part of the federal-aid primary system for purposes of this Article on the date the location of the highway has been approved finally by the appropriate federal or State authorities.

(6) "Unzoned area" shall mean an area where there is no zoning in effect.

(7) "Visible" means capable of being seen without visual aid by a person of normal visual acuity. (1967, c. 1198, s. 3; 1973, c. 507, s. 5; c. 1439, ss. 1-5; 1977, c. 464, s. 7.1.)

§ 136-144. Restrictions as to location of junkyards.

No junkyard shall be established, operated or maintained, any portion of which is within 1,000 feet of the nearest edge of the right-of-way of any interstate or primary highway, or a North Carolina route in a county that has no interstate or federal aid primary highways, except the following:

(1) Those which are screened by natural objects, plantings, fences or other appropriate means so as not to be visible from the main-traveled way of the highway at any season of the year or otherwise removed from sight or screened in accordance with the rules and regulations promulgated by the Department of Transportation.

(2) Those located within areas which are zoned for industrial use under authority of law.

(3) Those located within unzoned industrial areas, which areas shall be determined from actual land uses and defined by regulations to be promulgated by the Department of Transportation.

(4) Those which are not visible from the main-traveled way of an interstate or primary highway or a North Carolina route in a county that does not have an interstate or federal aid primary highway at any season of the year. (1967, c. 1198, s. 4; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1993, c. 493, s. 2.)

Editor's Note. — Session Laws 1993, c. 493, s. 2, which amended this section, was effective July 23, 1993, and applicable to all counties with no interstate or federal aid primary highways as of that date.

CASE NOTES

Act Did Not Preempt Local Ordinance. — Since the Junkyard Control Act applies only to junkyards located on primary highways, and since the trial court found as fact that the junkyard owner's property was located on Highway 211, and that Highway 211 was designated by the North Carolina Department of Transportation as a federal-aid secondary road and was therefore not subject to the provisions of the Junkyard Control Act, junkyard owner's assertion that the ordinance was preempted by the statute was without merit. County of Hoke v. Byrd, 107 N.C. App. 658, 421 S.E.2d 800 (1992).

Cited in Naegele Outdoor Adv., Inc. v. Harrelson, 112 N.C. App. 98, 434 S.E.2d 244 (1993).

OPINIONS OF ATTORNEY GENERAL

Application of Act to Ashe County. — The ban (with exceptions) on junkyards applies to all areas in Ashe County that are within 1,000 feet of a North Carolina route; the North Carolina routes in Ashe County are: NC 16, NC 88, NC 163, and NC 194. See opinion of Attorney General to John T. Kilby, on behalf of the Ashe County Board of Commissioners, 2002 N.C.A.G. 27 (10/9/02).

§ 136-145. Enforcement provisions.

Any person, firm, corporation or association that establishes, operates or maintains a junkyard within 1,000 feet of the nearest edge of the right-of-way of any interstate or primary highway, after the effective date of this Article as determined by G.S. 136-155, that does not come within one or more of the exceptions contained in G.S. 136-144 hereof, shall be guilty of a Class 1 misdemeanor, and each day that the junkyard remains within the prohibited distance shall constitute a separate offense. In addition thereto, said junkyard is declared to be a public nuisance and the Department of Transportation may seek injunctive relief in the superior court of the county in which the offense is committed to abate the said nuisance and to require the removal of all junk from the prohibited area. (1967, c. 1198, s. 5; 1973, c. 507, s. 5; c. 1439, s. 6; 1977, c. 464, s. 7.1; 1993, c. 539, s. 999; 1994, Ex. Sess., c. 24, s. 14(c).)

OPINIONS OF ATTORNEY GENERAL

Enforcement of Act. — It is the responsibility of sworn law enforcement officers to write citations for the criminal enforcement of the Junkyard Control Act; the local district attorney ultimately determines the merits of prosecuting cases based on such citations. See opinion of Attorney General to John T. Kilby, on behalf of the Ashe County Board of Commissioners, 2002 N.C.A.G. 27 (10/9/02).

The Junkyard Control Act does not expressly give a private right of action to individual citizens, however, it does not preempt the authority of local municipal and county governments to enact their own restrictions or bans on junkyards. See opinion of Attorney General to John T. Kilby, on behalf of the Ashe County Board of Commissioners, 2002 N.C.A.G. 27 (10/9/02).

§ 136-146. Removal of junk from illegal junkyards.

Any junkyard established after the effective date of this Article as determined by G.S. 136-155, in violation of the provisions of this Article or rules and regulations issued by the Department of Transportation pursuant to this Article, shall be illegal and shall constitute a public nuisance. The Department of Transportation or its agents shall give 30 days' notice to the owner of said

junkyard to remove the junk or to make the junkyard to conform to the provisions of this Article or rules and regulations promulgated by the Department of Transportation hereunder. The Department of Transportation or its agents may remove the junk from the illegal junkyard at the expense of the owner if the said owner fails to act within 30 days after receipt of such notice. The Department of Transportation or its agents may enter upon private property for the purpose of removing junk from the junkyards prohibited by this Article without civil or criminal liability. Any person aggrieved by the decision declaring the junkyard illegal shall be granted the right to appeal the decision in accordance with the terms of the rules and regulations enacted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision on the agency appeal. (1967, c. 1198, s. 6; 1973, c. 507, s. 5; c. 1439, s. 7; 1977, c. 464, s. 7.1.)

§ 136-147. Screening of junkyards lawfully in existence.

Any junkyard lawfully in existence on the effective date of this Article as determined by G.S. 136-155 which does not conform to the requirements for exceptions in G.S. 136-144 hereof, and any other junkyard lawfully in existence along any highway which may be hereafter designated as an interstate or primary highway or a North Carolina route in a county without an interstate or federal aid primary highway and which does not conform to the requirements for exception under G.S. 136-144 hereof, shall be screened, if feasible, by the Department of Transportation at locations on the highway right-of-way or in areas acquired for such purposes outside the right-of-way in such manner that said junkyard shall not be visible from the main-traveled way of such highways. The Department of Transportation is authorized to acquire fee simple title or any lesser interest in real property for the purpose required by this section, by gift, purchase or condemnation. (1967, c. 1198, s. 7; 1973, c. 507, s. 5; c. 1439, s. 8; 1977, c. 464, s. 7.1; 1993, c. 493, s. 3.)

Editor's Note. — Session Laws 1993, c. 493, s. 3, which amended this section, was effective July 23, 1993, and applicable to all counties with no interstate or federal aid primary highways as of that date, in the first sentence inserted "or a North Carolina route in a county without an interstate or federal aid primary highway."

Session Laws 1989, c. 692, s. 8.4, as amended by Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 7, and Session Laws 1999-380, s. 3, provides that when contracts for all projects specified in Article 14 of Chapter 136 have been let and sufficient revenue has been accumulated to pay the contracts, which contingency is not expected to occur until the year 2020, the Secretary of Transportation shall certify this occurrence by letter to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State. Contingent upon certification of a favorable vote on the bonds in the State Highway Bond Act of 1996, the proceeds of bonds and notes issued pursuant to the State Highway Bond Act of 1996 shall not be included as revenues accumulated to pay the contracts for the projects specified in this Article. This Article shall be repealed effective on the first day of the calendar quarter following the date the Secretary sends the letter, unless there is less than 30 days between that date and the first day of the following quarter, in which case, the repeal will become effective on the first day of the second calendar quarter following the date the letter is sent, except that, contingent upon the certification of a favorable vote on the bonds in the State Highway Bond Act of 1996, the repeal will not become effective until the State Treasurer certifies by letter to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State that all of the bonds and notes issues pursuant to the State Highway Bond Act of 1996 have been retired or provision for their retirement has been made.

Session Laws 2003-383, s. 4, provides: "The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose."

CASE NOTES

Cited in Naegele Outdoor Adv., Inc. v. Harrelson, 112 N.C. App. 98, 434 S.E.2d 244 (1993).

§ 136-148. Acquisition of existing junkyards where screening impractical.

(a) In the event that the Department of Transportation shall determine that screening of any existing junkyard designated in G.S. 136-147 hereof would be inadequate to accomplish the purposes of this Article, the said Department of Transportation is authorized to secure the relocation, removal or disposal of such junkyard by acquiring the fee simple title, or such lesser interest in land as may be necessary, to the land upon which said junkyard is located, through purchase, gift, exchange or condemnation.

(b) The Department of Transportation is authorized to move and relocate junk located on lands within the provisions of this section, and is authorized to pay the costs of such moving or relocation.

(c) The Department of Transportation is authorized to acquire by purchase, gift, exchange or condemnation, fee simple title or any lesser interest in real property for the purpose of placing and relocating the junk required to be moved under this section or permitted by G.S. 136-146 hereof to be removed. The Department of Transportation is authorized to convey in the manner provided by law for the conveyance of state-owned property, the lands on which junk is to be relocated, to the owner of the junk with or without consideration, under such conditions and reservations as it deems to be in the public interest.

(d) The Department of Transportation is authorized to convey in the manner provided by law for the conveyance of state-owned property any property acquired under the provisions of this section, under such conditions and reservations as it deems to be in the public interest.

(e) The Department of Transportation upon a determination that the same is necessary for the removal of any junkyard which is prohibited by G.S. 136-144 may acquire by gift, exchange, purchase or condemnation, the junk located on any junkyard which is acquired under this section and may acquire by gift, exchange, purchase or condemnation the fee simple title or lesser interest in land for the purpose of storing said junk by the Department of Transportation and may dispose of said junk in any manner which is not inconsistent with this Article. (1967, c. 1198, s. 8; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-149. Permit required for junkyards.

No person shall establish, operate or maintain a junkyard any portion of which is within 1,000 feet of the nearest edge of the right-of-way of the interstate or primary system or a North Carolina route in a county that does not have an interstate or federal aid primary highway without obtaining a permit from the Department of Transportation or its agents pursuant to the procedures set out by the rules and regulations promulgated by the Department of Transportation. No permit shall be issued under the provisions of this section for the establishment, operation or maintenance of a junkyard within 1,000 feet to the nearest edge of the right-of-way of interstate or primary system except those junkyards which conform to one or more of the exceptions of G.S. 136-144. The permit shall be valid until revoked for the nonconformance of this Article or rules and regulations promulgated by the Department of Transportation thereunder. Any person aggrieved by the decision of the

Department of Transportation or its agents in refusing to grant or revoking a permit may appeal the decision in accordance with the rules and regulations enacted by the Department of Transportation pursuant to this Article to the Secretary of Transportation who shall make the final decision upon the agency appeal. The Department of Transportation shall have the authority to charge fees to defray the costs of administering the permit procedures under this Article. The fees for junkyard permits to be issued under this Article shall not exceed a twenty dollar ($20.00) initial fee and a fifteen dollar ($15.00) annual renewal fee. (1967, c. 1198, s. 9; 1973, c. 507, s. 5; c. 1439, s. 9; 1977, c. 464, s. 7.1; 1983, c. 604, s. 3; 1993, c. 493, s. 4.)

Editor's Note. — Session Laws 1993, c. 493, s. 4, which amended this section, was effective July 23, 1993, and applicable to all counties with no interstate or federal aid primary highways as of that date.

§ 136-149.1. Judicial review.

Any person who is aggrieved by a final decision of the Secretary of Transportation after exhausting all administrative remedies made available to him by rules and regulations enacted pursuant to this Article is entitled to judicial review of such decision under this Article. In order to obtain judicial review of the Secretary of Transportation's decision under this Article, the person seeking review must file a petition in the superior court of the county in which the junkyard is located within 30 days after written copy of the decision of the Secretary of Transportation is served upon the person seeking review. Failure to file such a petition within the time stated shall operate as a waiver of the right of such person to review under this Chapter.

The petition shall state explicitly what exceptions are taken to the decisions of the Secretary of Transportation and what relief petitioner seeks. Within 10 days after the petition is filed with the court, the person seeking the review shall serve copies of the petition by registered mail, return receipt requested, upon the Department of Transportation. Within 30 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the Department of Transportation shall transmit to the reviewing court a certified copy of the written decision.

At any time before or during the review proceeding, the aggrieved party may apply to the reviewing court for an order staying the operation of the decision of the Secretary of Transportation pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper. The review of the decision of the Secretary of Transportation under this Article shall be conducted by the court without a jury and shall hear the matter de novo pursuant to the rules of evidence as applied in the general court of justice. The court, after hearing the matter may affirm, reverse or modify the decision if the decision is:

(1) In violation of constitutional provisions; or
(2) Not made in accordance with this Article or rules or regulations promulgated by the Department of Transportation;
(3) Affected by other error or law.

The party aggrieved shall have the burden of showing that the decision was violative of one of the above.

A party to the review proceedings, including the agency, may appeal to the appellate division from the final judgment of the superior court under the rules of procedure applicable in other civil cases. The appealing party may apply to the superior court for a stay for its final determination or a stay of the administrative decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division. (1973, c. 1439, s. 10; 1977, c. 464, ss. 7.1, 32, 33.)

§ 136-150. Condemnation procedure.

The Department of Transportation shall use the condemnation procedure as provided by Article 9 of Chapter 136 of the General Statutes for the purposes of this Article. (1967, c. 1198, s. 10; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-151. Rules and regulations by Department of Transportation; delegation of authority to Secretary of Transportation.

The Department of Transportation is authorized to promulgate rules and regulations in the form of ordinances governing:

(1) The establishment, operation and maintenance of junkyards permitted in G.S. 136-144 which shall include, but not be limited to, rules and regulations for determining unzoned industrial areas for the purpose of this Article.

(2) The specific requirements and procedures for obtaining a permit for junkyards as required in G.S. 136-149 and for the administrative procedures for appealing a decision at the agency level to refuse to grant or in revoking a permit previously issued.

(3) The administrative procedures for appealing a decision at the agency level to declare any junkyard illegal and a nuisance as pursuant to G.S. 136-146.

(4) The specific requirements governing the location, planting, construction and maintenance of material used in the screening or fencing required by this Article, all as may be necessary to carry out the policy of the State as declared in this Article.

The Department of Transportation, in its discretion, may delegate to the Secretary of Transportation the authority to promulgate such rules and regulations on its behalf. (1967, c. 1198, s. 11; 1973, c. 507, s. 5; c. 1439, s. 11; 1977, c. 464, s. 7.1.)

§ 136-152. Agreements with United States.

The Department of Transportation is authorized to enter into agreements with other governmental authorities relating to the control of junkyards and areas in the vicinity of interstate and primary systems, and to take action in the name of the State to comply with the terms of such agreement. (1967, c. 1198, s. 12; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-153. Zoning changes.

All zoning authorities shall give written notice to the Department of Transportation of the establishment or revision of any industrial zone within 660 feet of the right-of-way of interstate or primary highways. Notice shall be by registered mail sent to the offices of the Department of Transportation in Raleigh, North Carolina, within 15 days after the effective date of the zoning change or establishment. (1967, c. 1198, s. 13; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-154. Alternate control.

In addition to any other provisions of this Article, the Department of Transportation shall have the authority to acquire by purchase, gift, exchange, or condemnation, such interests in real property as may be necessary to control the establishment and maintenance of junkyards in accordance with the policy,

standards and regulations set out herein. (1967, c. 1198, s. 14; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1.)

§ 136-155. Availability of federal aid funds.

The Department of Transportation shall not be required to expend any funds for the regulation of junkyards under this Article, nor shall the provisions of this Article, with the exception of G.S. 136-152 hereof, have any force and effect until federal funds are made available to the State for the purpose of carrying out the provisions of this Article, and the Department of Transportation has entered into an agreement with the United States Secretary of Transportation as authorized by G.S. 136-152 hereof and as provided by the Highway Beautification Act of 1965 or subsequent amendment thereto. (1967, c. 1198, s. 15; 1973, c. 507, s. 5; c. 1439, s. 12; 1977, c. 464, s. 7.1.)

Article 13.

Highway Relocation Assistance Act.

§§ 136-156 through 136-174: Repealed by Session Laws 1971, c. 1107, s. 2.

Cross References. — For present provisions as to relocation assistance, see G.S. 133-5 to 133-17. As to authority of the Department of Administration to provide relocation assistance in the same manner as is prescribed for the Department of Transportation in this Article, see G.S. 146-26.1.

Editor's Note. — Former sections 136-167 through 136-174 had been reserved for future codification purposes.

Article 14.

North Carolina Highway Trust Fund.

§ 136-175. (For contingent repeal see editor's note) Definitions.

The following definitions apply in this Article:

(1) Intrastate System. The network of major, multilane arterial highways composed of those projects listed in G.S. 136-179, I-240, I-277, US-29 from I-85 to the Virginia line, and any other route added by the Department of Transportation under G.S. 136-178.

(2) Transportation Improvement Program. The schedule of major transportation improvement projects required by G.S. 143B-350(f)(4).

(3) Trust Fund. The North Carolina Highway Trust Fund. (1989, c. 692, s. 1.1.)

Editor's Note. — Session Laws 1989, c. 692, s. 8.4, as amended by Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 7, and Session Laws 1999-380, s. 3, provides that when contracts for all projects specified in Article 14 of Chapter 136 have been let and sufficient revenue has been accumulated to pay the contracts, which contingency is not expected to occur until the year 2020, the Secretary of Transportation shall certify this occurrence by letter to the

Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State. Contingent upon certification of a favorable vote on the bonds in the State Highway Bond Act of 1996, the proceeds of bonds and notes issued pursuant to the State Highway Bond Act of 1996 shall not be included as revenues accumulated to pay the contracts for the projects specified in this Article. This Article shall be repealed effective on the first day of the calendar quarter following the date the Secretary sends the letter, unless there is less than 30 days between that date and the first day of the following quarter, in which case, the repeal will become effective on the first day of the second calendar quarter following the date the letter is sent, except that, contingent upon the certification of a favorable vote on the bonds in the State Highway Bond Act of 1996, the repeal will not become effective until the State Treasurer certifies by letter to the Speaker of the House of Representatives, the President Pro Tempore of the Senate, and the Secretary of State that all of the bonds and notes issues pursuant to the State Highway Bond Act of 1996 have been retired or provision for their retirement has been made. A favorable vote on the bonds in the State Highway Bond Act of 1996 was certified November 26, 1996.

Session Laws 1989, c. 799, s. 21, provides: "Notwithstanding the establishment of the North Carolina Highway Trust Fund as an entity, since various components of that Fund are coordinated with programs of the Highway Fund, all projects funded shall be subject to the provisions of the Executive Budget Act (Article 1 of Chapter 143) with respect to allotments, obligations, encumbrances, and expenditures with appropriate reporting to the Director of the Budget in the same manner as currently employed for the Highway Fund and the Highway Bond Fund."

Session Laws 2003-284, ss. 29.12(a) through (m), provide for the establishment of a Highway Trust Fund Study Committee. The Committee may study all aspects of the Highway Trust Fund, may make interim reports and shall make a final report to the Joint Legislative Transportation Oversight Committee no later than November 1, 2004. Regardless of whether it has filed an interim or final report, the Committee shall terminate on November 1, 2004.

Session Laws 2003-383, s. 4, provides: "The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose."

§ 136-176. (For contingent repeal see editor's note) Creation, revenue sources, and purpose of North Carolina Highway Trust Fund.

(a) A special account, designated the North Carolina Highway Trust Fund, is created within the State treasury. The Trust Fund consists of the following revenue:

(1) Motor fuel, alternative fuel, and road tax revenue deposited in the Fund under G.S. 105-449.125, 105-449.134, and 105-449.43, respectively.

(2) Motor vehicle use tax deposited in the Fund under G.S. 105-187.9.

(3) Revenue from the certificate of title fee and other fees payable under G.S. 20-85.

(4) Repealed by Session Laws 2001-424, s. 27.1.

(5) Interest and income earned by the Fund.

(a1) The Department shall use two hundred twenty million dollars ($220,000,000) in fiscal year 2001-2002, two hundred twelve million dollars ($212,000,000) in fiscal year 2002-2003, and two hundred fifty-five million dollars ($255,000,000) in fiscal year 2003-2004 of the cash balance of the Highway Trust Fund for the following purposes:

(1) For primary route pavement preservation. — One hundred seventy million dollars ($170,000,000) in fiscal year 2001-2002, and one hundred fifty million dollars ($150,000,000) in each of the fiscal years 2002-2003 and 2003-2004. Up to ten percent (10%) of the amount for each of the fiscal years 2001-2002, 2002-2003, and 2003-2004 is available in that fiscal year, at the discretion of the Secretary of Transportation, for:

a. Highway improvement projects that further economic growth and development in small urban and rural areas, that are in the Transportation Improvement Program, and that are individually approved by the Board of Transportation; or

b. Highway improvements that further economic development in the State and that are individually approved by the Board of Transportation.

(2) For preliminary engineering costs not included in the current year Transportation Improvement Program. — Fifteen million dollars ($15,000,000) in each of the fiscal years 2001-2002, 2002-2003, and 2003-2004.

(3) For computerized traffic signal systems and signal optimization projects. — Fifteen million dollars ($15,000,000) in each of the fiscal years 2001-2002, 2002-2003, and 2003-2004.

(4) For public transportation twenty million dollars ($20,000,000) in fiscal year 2001-2002, twenty-five million dollars ($25,000,000) in fiscal year 2002-2003, and seventy-five million dollars ($75,000,000) in fiscal year 2003-2004.

(5) For small urban construction projects. — Seven million dollars ($7,000,000) in fiscal year 2002-2003.

(a2) Repealed by Session Laws 2002-126, s. 26.4(b), effective July 1, 2002.

(a3) The Department may obligate three hundred million dollars ($300,000,000) in fiscal year 2003-2004 and four hundred million dollars ($400,000,000) in fiscal year 2004-2005 of the cash balance of the Highway Trust Fund for the following purposes:

(1) Six hundred thirty million dollars ($630,000,000) for highway system preservation, modernization, and maintenance, including projects to enhance safety, reduce congestion, improve traffic flow, reduce accidents, upgrade pavement widths and shoulders, extend pavement life, improve pavement smoothness, and rehabilitate or replace deficient bridges; and for economic development transportation projects recommended by local officials and approved by the Board of Transportation.

(2) Seventy million dollars ($70,000,000) for regional public transit systems, rural and urban public transportation system facilities, regional transportation and air quality initiatives, rail system track improvements and equipment, and other ferry, bicycle, and pedestrian improvements. For any project or program listed in this subdivision for which the Department receives federal funds, use of funds pursuant to this subdivision shall be limited to matching those funds.

(a4) Project selection pursuant to subsection (a3) of this section shall be based on identified and documented need. Funds expended pursuant to subdivision (1) of subsection (a3) of this section shall be distributed in accordance with the distribution formula in G.S. 136-17.2A. No funds shall be expended pursuant to subsection (a3)(1) of this section on any project that does not meet Department of Transportation standards for road design, materials, construction, and traffic flow.

(a5) The Department shall report to the Joint Legislative Transportation Oversight Committee, on or before September 1, 2003, on its intended use of funds pursuant to subsection (a3) of this section. The Department shall report to the Joint Transportation Appropriations Subcommittee, on or before May 1, 2004, on its actual current and intended future use of funds pursuant to subsection (a3) of this section. The Department shall certify to the Joint Legislative Transportation Oversight Committee each year, on or before November 1, that use of the Highway Trust Fund cash balances for the purposes listed in subsection (a3) of this section will not adversely affect the

delivery schedule of any Highway Trust Fund projects. If the Department cannot certify that the full amounts authorized in subsection (a3) of this section are available, then the Department may determine the amount that can be used without adversely affecting the delivery schedule and may proportionately apply that amount to the purposes set forth in subsection (a3) of this section.

(b) Funds in the Trust Fund are annually appropriated to the Department of Transportation to be allocated and used as provided in this subsection. A sum, not to exceed four percent (4%) of the amount of revenue deposited in the Trust Fund under subdivisions (a)(1), (2), and (3) of this section for the 2003-2004 fiscal year and three and eight-tenths percent (3.8%) thereafter, may be used each fiscal year by the Department for expenses to administer the Trust Fund. Operation and project development costs of the North Carolina Turnpike Authority are eligible administrative expenses under this subsection. Any funds allocated to the Authority pursuant to this subsection shall be repaid by the Authority from its toll revenue as soon as possible, subject to any restrictions included in the agreements entered into by the Authority in connection with the issuance of the Authority's revenue bonds. Beginning one year after the Authority begins collecting tolls on a completed Turnpike Project, interest shall accrue on any unpaid balance owed to the Highway Trust Fund at a rate equal to the State Treasurer's average annual yield on its investment of Highway Trust Fund funds pursuant to G.S. 147-6.1. Interest earned on the unpaid balance shall be deposited in the Highway Trust Fund upon repayment. The sum up to the amount anticipated to be necessary to meet the State matching funds requirements to receive federal-aid highway trust funds for the next fiscal year may be set aside for that purpose. The rest of the funds in the Trust Fund shall be allocated and used as follows:

(1) Sixty-one and ninety-five hundredths percent (61.95%) to plan, design, and construct the projects of the Intrastate System described in G.S. 136-179 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these projects.

(2) Twenty-five and five hundredths percent (25.05%) to plan, design, and construct the urban loops described in G.S. 136-180 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to these urban loops.

(3) Six and one-half percent (6.5%) to supplement the appropriation to cities for city streets under G.S. 136-181.

(4) Six and one-half percent (6.5%) for secondary road construction as provided in G.S. 136-182 and to pay debt service on highway bonds and notes that are issued under the State Highway Bond Act of 1996 and whose proceeds are applied to secondary road construction.

The Department must administer funds allocated under subdivisions (1), (2), and (4) of this subsection in a manner that ensures that sufficient funds are available to make the debt service payments on bonds issued under the State Highway Bond Act of 1996 as they become due.

(b1) The Secretary may authorize the transfer of funds allocated under subdivisions (1) through (4) of subsection (b) of this section to other projects that are ready to be let and were to be funded from allocations to those subdivisions. The Secretary shall ensure that any funds transferred pursuant to this subsection are repaid promptly and in any event in no more than four years. The Secretary shall certify, prior to making any transfer pursuant to this subsection, that the transfer will not affect the delivery schedule of Highway Trust Fund projects in the current Transportation Improvement Program. No transfers shall be allowed that do not conform to the applicable

provisions of the equity formula for distribution of funds, G.S. 136-17.2A. If the Secretary authorizes a transfer pursuant to this subsection, the Secretary shall report that decision to the next regularly scheduled meetings of the Joint Legislative Commission on Governmental Operations, the Joint Legislative Transportation Oversight Committee, and to the Fiscal Research Division.

(c) If funds are received under 23 U.S.C. Chapter 1, Federal-Aid Highways, for a project for which funds in the Trust Fund may be used, the amount of federal funds received plus the amount of any funds from the Highway Fund that were used to match the federal funds may be transferred by the Secretary of Transportation from the Trust Fund to the Highway Fund and used for projects in the Transportation Improvement Program.

(d) A contract may be let for projects funded from the Trust Fund in anticipation of revenues pursuant to the cash-flow provisions of G.S. 143-28.1 only for the two bienniums following the year in which the contract is let. (1989, c. 692, s. 1.1; c. 770, ss. 68.2, 74.6; 1989 (Reg. Sess., 1990), c. 1024, s. 46(a), (b); 1991, c. 193, s. 9; c. 280, s. 1; c. 689, s. 62; 1995, c. 390, s. 27; 1995 (Reg. Sess., 1996), c. 590, s. 6; 1996, 2nd Ex. Sess., c. 18, s. 19.4(a); 1998-212, s. 27.2; 1999-237, s. 27.1; 2000-140, s. 31; 2001-424, ss. 27.1, 27.23(d), 27.23(e), 27.23(f); 2002-126, ss. 26.4(a), 26.4(b), 26.9(b); 2002-133, s. 3; 2002-159, s. 41.5; 2003-284, ss. 29.4, 29.22; 2003-383, ss. 1, 2, 3.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 17, provides that c. 590, s. 6 shall become effective upon the certification of a favorable vote on the bonds by the State Board of Elections to the Secretary of State as provided in Section 9 of that act. A favorable vote on the bonds in the State Highway Bond Act of 1996 was certified November 26, 1996.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 1, provides that this act shall be known and may be cited as the State Highway Bond Act of 1996.

Session Laws 1998-212, s. 27.2 provided in part that subdivision (a)(4) would be suspended from July 1, 1998, to June 30, 1999. Session Laws 1999-237, s. 27.1, extended the suspension until June 30, 2001.

Session Laws 1998-212, s. 1.1 provides: "This act shall be known as the 'Current Operations Appropriations and Capital Improvement Appropriations Act of 1998.'"

Session Laws 1998-212, s. 30.2 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1998-99 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1998-99 fiscal year."

Session Laws 1998-212, s. 30.5 contains a severability clause.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 26.4(c), provides: "The Department of Transportation is encouraged to use all existing resources including bonded indebtedness to mitigate any delays in the construction of Transportation Improvement Program projects."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Session Laws 2003-383, s. 4, provides: "The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose."

Effect of Amendments. — Session Laws 2002-126, ss. 26.4(a), 26.4(b), and 26.9(b), effective July 1, 2002, in subsection (a1), substituted "shall" for "may," and "two hundred twelve million dollars ($212,000,000)" for "two hundred five million dollars ($205,000,000)"; added subdivision (a1)(5); and repealed former subsection (a2), which read: "The Department shall certify to the Joint Legislative Transportation Oversight Committee each year, on or

before November 1, that use of the Highway Trust Fund cash balances for these purposes will not adversely affect the delivery schedule of Highway Trust Fund projects in the 2002-2008 Transportation Improvement Program."

Session Laws 2002-133, s. 3, effective October 3, 2002, added the third through sixth sentences in subsection (b).

Session Laws 2002-159, s. 41.5, effective July 1, 2002, added sub-subdivision (a1)(1)b., and made related changes.

Session Laws 2003-284, ss. 29.4 and 29.22, effective July 1, 2003, in subsection (b), substituted "four percent (4%)" for "four and one-half percent (4.5%)" and added "for the 2003-2004 fiscal year and three and eight-tenths percent (3.8%) thereafter" in the second sentence, and inserted the seventh sentence.

Session Laws 2003-383, ss. 1-3, effective July 1, 2003, added subsections (a3) through (a5).

§ 136-177. (For contingent repeal see editor's note) Limitation on funds obligated from Trust Fund.

In a fiscal year, the Department of Transportation may not obligate more Trust Fund revenue, other than revenue allocated for city streets under G.S. 136-176(b)(3) or secondary roads under G.S. 136-176(b)(4) and G.S. 20-85(b), to construct or improve highways than the amount indicated in the following table:

Fiscal Year	Maximum Expenditure
1989-90	$200,000,000
1990-91	250,000,000
1991-92	300,000,000
1992-93	400,000,000
1993-94	500,000,000
1994-95 and following years	Unlimited

The amount of revenue credited to the Trust Fund in a fiscal year under G.S. 136-176(a) that exceeds the maximum allowable expenditure set in the table above may be used only for preliminary planning and design and the acquisition of rights-of-way for scheduled highways and highway improvements to be funded from the Trust Fund. (1989, c. 692, s. 1.1.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

§ 136-177.1. (For contingent repeal see editor's note) Requirement to use federal funds for Intrastate System projects and urban loops.

For fiscal years 1996-97 through 2010-11, the Department of Transportation must use ten million dollars ($10,000,000) of the funds it receives each year under 23 U.S.C. Chapter 1, Federal-Aid Highways, to construct the Intrastate System projects described in G.S. 136-179. For fiscal years 1996-97 through 2011-12, the Department of Transportation must use ten million dollars ($10,000,000) of the funds it receives each year under 23 U.S.C. Chapter 1, Federal-Aid Highways, to construct the urban loops described in G.S. 136-180. G.S. 136-176(c) does not apply to federal funds required to be used under this section for Intrastate System projects or urban loops, nor does it apply to any funds from the Highway Fund that were used to match these federal funds. (1995 (Reg. Sess., 1996), c. 590, s. 15.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 17, provides that c. 590, s. 15, which enacted this section, shall become effective upon the certification of a favorable vote on the bonds by the State Board of Elections to the Secretary of

State as provided in Section 9 of that act. A favorable vote on the bonds in the State Highway Bond Act of 1996 was certified November 26, 1996.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 1, provides that this act shall be known and may be cited as the State Highway Bond Act of 1996.

Session Laws 2003-383, s. 4, provides: "The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose."

§ 136-178. (For contingent repeal see editor's note) Purpose of Intrastate System.

The Intrastate System is established to provide high-speed, safe travel service throughout the State. It connects major population centers both inside and outside the State and provides safe, convenient, through-travel for motorists. It is designed to support statewide growth and development objectives and to connect to major highways of adjoining states. All segments of the routes in the Intrastate System shall have at least four travel lanes and, when warranted, shall have vertical separation or interchanges at crossings, more than four travel lanes, or bypasses. Access to a route in the Intrastate System is determined by travel service and economic considerations.

The Department of Transportation may add a route to the Intrastate System if the route is a multilane route and has been designed and built to meet the construction criteria of the Intrastate System projects. No funds may be expended from the Trust Fund on routes added by the Department. (1989, c. 692, s. 1.1.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

§ 136-179. Projects of Intrastate System funded from Trust Fund.

Funds allocated from the Trust Fund for the Intrastate System may be used only for the following projects of the Intrastate System:

Route	Improvements	Affected Counties
I-40	Widening	Buncombe, Haywood, Guilford, Wake, Durham
I-77	Widening	Mecklenburg
I-85	Widening	Durham, Orange, Alamance, Guilford, Cabarrus, Mecklenburg, Gaston
I-95	Widening	Halifax
US-1	Complete 4-laning from Henderson to South Carolina Line (including 6-laning of Raleigh Beltline)	Vance, Franklin, Wake, Chatham, Lee, Moore, Richmond
US-13	Complete 4-laning from Virginia Line to US-17	Gates, Hertford, Bertie

Route	Improvements	Affected Counties
US-17	Complete 4-laning from Virginia Line to South Carolina Line (including Washington, New Bern, and Jacksonville Bypasses)	Camden, Pasquotank, Perquimans, Chowan, Bertie, Martin, Beaufort, Craven, Jones, Onslow, Pender, New Hanover, Brunswick
US-19/US-19E	Complete 4-laning from US-23 to NC 194 in Ingalls	Madison, Yancey, Mitchell, Avery
US-19	Complete 4-laning	Cherokee, Macon, Swain
US-23	Complete 4-laning and upgrading existing 4-lanes from Tennessee Line to I-240	Madison, Buncombe
US-23-441	Complete 4-laning from US-19/US-74 to Georgia Line	Macon
US-52	Complete 4-laning from I-77 to Lexington (including new I-77 Connector)	Surry, Davidson
US-64	Complete 4-laning from Raleigh to Coast (including freeway construction from I-95 to US-17)	Edgecombe, Pitt, Martin, Washington, Tyrrell, Dare
US-64	Complete 4-laning from Lexington to Raleigh	Davidson, Randolph, Chatham, Wake
US-70	Complete 4-laning from Raleigh to Morehead City (including Clayton, Goldsboro, Kinston, Smithfield-Selma, and Havelock Bypasses predominately freeways on predominately new locations)	Wake, Johnston, Wayne, Lenoir, Craven
US-74	Complete 4-laning from Charlotte to US-17 (including multilaning of Independence Blvd. in Charlotte, and Bypasses of Monroe, Rockingham, and Hamlet)	Mecklenburg, Union, Richmond, Robeson, Columbus
US-74	Complete 4-laning from I-26 to I-85	Polk, Rutherford

Route	Improvements	Affected Counties
US-158	Complete 4-laning from Winston-Salem to Whalebone	Forsyth, Guilford, Rockingham, Caswell, Person, Granville, Vance, Warren, Halifax, Northampton, Gates, Hertford, Pasquotank, Camden, Currituck, Dare
	New bridge over Currituck Sound	Currituck
US-221	Complete 4-laning from Linville to South Carolina	Avery, McDowell, Rutherford
US-220	Complete 4-laning from I-40 to US-1	Guilford, Randolph, Montgomery, Richmond
US-220/NC-68	Complete 4-laning from Virginia Line to I-40	Rockingham, Guilford
US-264	Complete 4-laning from US-64 to Washington (including Wilson and Greenville Bypasses) (including freeway construction from I-95 to Greenville)	Wilson, Greene, Pitt
US-321	Complete 4-laning from Boone to South Carolina Line	Caldwell, Catawba, Lincoln, Gaston
US-421	Complete 4-laning from Tennessee Line to I-40	Watauga, Wilkes, Yadkin
US-421	Complete 4-laning from Greensboro to Sanford (including Bypass of Sanford)	Chatham, Lee
NC-24	Complete 4-laning from Charlotte to Morehead City	Mecklenburg, Cabarrus, Stanly, Montgomery, Moore, Harnett, Cumberland, Sampson, Duplin, Onslow, Carteret
NC-87	Complete 4-laning from Sanford to US-74	Lee, Harnett, Cumberland, Bladen, Columbus
NC-105	Complete 4-laning from Boone to Linville	Watauga, Avery
NC-168	Complete multilaning from Virginia Line to US-158	Currituck
NC-194	Complete 4-laning from US-19E to US-221	Avery

(1989, c. 692, s. 1.1; 2003-284, s. 29.11(b).)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2003-284, s. 29.11.(b), effective July 1, 2003, in subsection (b), under the heading "Route," deleted "US-13" following "US-1," under the heading "Improvements," deleted "Connector from I-95 to NC-87" following "Complete 4-laning from Henderson to South Carolina Line (including 6-laning of Raleigh Beltline)," and under the heading "Affected Counties," deleted "Cumberland" following "Vance, Franklin, Wake, Chatham, Lee, Moore, Richmond."

§ 136-180. (For contingent repeal see editor's note) Urban loops.

(a) Funds allocated from the Trust Fund for urban loops may be used only for the following urban loops:

Loop	Description	Affected Counties
Asheville Western Loop	Multilane facility on new location from I-26 west of Asheville to US-19/23 north of Asheville for the purpose of connecting these roads. The funds may be used to improve existing corridors.	Buncombe
Charlotte Outer Loop	Multilane facility on new location encircling City of Charlotte	Mecklenburg
Durham Northern Loop	The projects listed below are eligible for funding under this section as part of the Durham Northern Loop. The priorities for planning and constructing these projects will be established by mutual agreement of the Metropolitan Planning Organization (MPO) and the Department of Transportation through the federally mandated Transportation Improvement Program development process. The cross sections for these projects will be established by mutual agreement of the MPO and the Department of Transportation through	Durham, Wake

Loop	Description	Affected Counties
	the State and federal environmental review process. (1) East end connector, from N.C. 147 to U.S. 70 East. (2) U.S. 70, from Lynn Rd. to the Northern Durham Parkway. (3) I-85, from U.S. 70 to Red Mill Rd. (4) Northern Durham Parkway, Section B, from Old Oxford Rd. to I-85. (5) Northern Durham Parkway, Section A, from I-85 to I-540. (6) Northern Durham Parkway, Section C, from Old Oxford Rd. to Roxboro Rd. (7) Roxboro Rd. from Duke St. to Goodwin Rd.	
Fayetteville Western Outer Loop	Multilane facility on new location from US 401 north of Fayetteville to I-95 south of Hope Mills	Cumberland
Greensboro Loop	Multilane facility on new location encircling City of Greensboro including interchanges with Cone Boulevard Extension and Lewis-Fleming Road Extension	Guilford
Greenville Loop	Multilane extension of the Greenville Loop from US 264 west of Greenville to NC-11 south of Winterville	Pitt
Raleigh Outer Loop	Multilane facility on new location from NC 55 southwest of Cary northerly to US-64 in eastern Wake County	Wake

Loop	Description	Affected Counties
Wilmington Bypass	Multilane facility on new location from US-17 northeast of Wilmington to US 421 in southern Wilmington, including the Blue Clay Road interchange	New Hanover
Winston-Salem Northbelt	Multilane facility on new location from I-40 west of Winston-Salem northerly to US 311/Future I-74 in eastern Forsyth County	Forsyth

(b) The Board of Transportation may, by official resolution, accept a new interstate or freeway as the revised termini of an urban loop described in subsection (a) of this section, and the revised project shall be eligible for funding with funds described in G.S. 136-176(b)(2) if the following conditions are met:

(1) The Department of Transportation has constructed a new interstate or freeway facility since 1989 and has changed the official route designation from the termini described in subsection (a) of this section to the new facility.

(2) The Board of Transportation finds that the purposes of the urban loop facility, specifically including reduced congestion and high-speed, safe, regional through-travel service, would be enhanced by the action.

(1989, c. 692, s. 1.1; 2002-126, s. 26.10(a); 2003-284, s. 29.11(a).)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2002-126, s. 26.10(a), effective July 1, 2002, rewrote the section.

Session Laws 2003-284, s. 29.11.(a), effective July 1, 2003, rewrote subsection (a).

§ 136-180.1: Repealed by Session Laws 2002-126, s. 26.10(b), effective July 1, 2002.

Editor's Note. — Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.6 is a severability clause.

§ 136-181. (For contingent repeal see editor's note) Supplement for city streets.

Funds allocated to supplement the appropriations for city streets made under G.S. 136-41.1 shall be distributed to cities as provided in that statute. (1989, c. 692, s. 1.1.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

§ 136-182. (For contingent repeal see editor's note) Supplement for secondary road construction.

Funds are allocated from the Trust Fund to increase allocations for secondary road construction made under G.S. 136-44.2A so that all State-maintained unpaved secondary roads with a traffic vehicular equivalent of at least 50 vehicles a day can be paved by the 2009-2010 fiscal year. This supplement shall be discontinued when the Department of Transportation certifies that, with funds available from sources other than the Trust Fund, all State-maintained unpaved secondary roads, regardless of their traffic vehicular equivalent, can be paved during the following six years. If all the State-maintained roads in a county have been paved under G.S. 136-44.7, except those that have unavailable rights-of-way or for which environmental permits cannot be approved to allow for paving, then the funds may be used for safety improvements on the paved or unpaved secondary roads in that county. If the supplement is discontinued before the Trust Fund terminates, the funds that would otherwise be allocated under this section shall be added to the allocation from the Trust Fund for projects of the Intrastate System. (1989, c. 692, s. 1.1; 2003-112, s. 2.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Effect of Amendments. — Session Laws 2003-112, s. 2, effective May 31, 2003, substituted "2009-2010" for "1998-99" in the first sentence; and inserted the third sentence.

§ 136-183: Repealed by Session Laws 2001-424, s. 27.1, effective July 1, 2001.

§ 136-184. (For contingent repeal see editor's note) Reports by Department of Transportation.

(a) The Department of Transportation shall develop, and update annually, a report containing a completion schedule for all projects to be funded from the Trust Fund. The report shall include a separate schedule for the Intrastate System projects, the urban loop projects, and the paving of unpaved State-maintained secondary roads that have a traffic vehicular equivalent of at least 50 vehicles a day. The annual update shall indicate the projects, or portions thereof, that were completed during the preceding fiscal year, any changes in the original completion schedules, and the reasons for the changes. The Department shall submit the report and the annual updates to the Joint Legislative Transportation Oversight Committee.

(b) The Department of Transportation shall make quarterly reports to the Joint Legislative Transportation Oversight Committee containing any information requested by the Committee. The Department shall provide the Committee with all information needed to determine if funds available under the Trust Fund and the Transportation Improvement Program are being spent in accordance with G.S. 136-17.2A. (1989, c. 692, s. 1.1; 1993, c. 321, s. 169.2(e).)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

§ 136-185. (For contingent repeal see editor's note) Maintenance reserve created in certain circumstances.

If the Highway Trust Fund has not terminated but all contracts for the projects of the Intrastate System described in G.S. 136-179 have been let and the amount collected and allocated for the Intrastate System is enough to pay the contracts and retire any bonds issued under the State Highway Bond Act of 1996 for projects of the Intrastate System, all subsequent allocations of revenue for the Intrastate System shall be credited to a reserve account within the Trust Fund. Revenue in this reserve may be used only to maintain the projects of the Intrastate System.

If the Highway Trust Fund has not terminated but all contracts for the urban loops described in G.S. 136-180 have been let and the amount collected and allocated for the urban loops is enough to pay the contracts and retire any bonds issued under the State Highway Bond Act of 1996 for the urban loops, then all subsequent allocations of revenue for the urban loops shall be credited to a reserve account within the Trust Fund. Revenue in this reserve may be used only to maintain the urban loops. (1995 (Reg. Sess., 1996), c. 590, s. 16.)

Editor's Note. — For contingent repeal of this Article, see the editor's note under G.S. 136-175.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 17, provides that c. 590, s. 16, which enacted this section, shall become effective upon the certification of a favorable vote on the bonds by the State Board of Elections to the Secretary of State as provided in Section 9 of that act. A favorable vote on the bonds in the State Highway Bond Act of 1996 was certified November 26, 1996.

Session Laws 1995 (Reg. Sess., 1996), c. 590, s. 1, provides that this act shall be known and may be cited as the State Highway Bond Act of 1996.

Session Laws 2003-383, s. 4, provides: "The General Assembly reaffirms its intent that the proceeds of the issuance of any bonds pursuant to the Highway Bond Act of 1996, Chapter 590 of the 1995 Session Laws, shall be used only for the purposes stated in that act, and for no other purpose."

§§ 136-186 through 136-189: Reserved for future codification purposes.

Article 15.

Railroads.

§ 136-190. Powers of railroad corporations.

Every railroad corporation shall have power:

(1) To Survey and Enter on Land. — To cause such examination and surveys for its proposed railroad to be made as may be necessary to the selection of the most advantageous route; and for such purpose, by its officers or agents and servants, to enter upon the lands or waters of any person, but subject to responsibility for all damages which shall be done thereto.

(2) To Condemn Land under Eminent Domain. — To appropriate land and rights therein by condemnation, as provided in the Chapter Eminent Domain.

(3) To Take Property by Grant. — To take and hold such voluntary grants of real estate and other property as shall be made to it to aid in the construction, maintenance and accommodation of its railroad; but the real estate received by voluntary grant shall be held and used for the purposes of such grant only.

(4) To Purchase and Hold Property. — To purchase, hold and use all such real estate and other property as may be necessary for the construction and maintenance of its railroad, the stations and other accommodations necessary to accomplish the object of its incorporation.

(5) To Grade and Construct Road. — To lay out its road, not exceeding 100 feet in width, and to construct the same; to take, for the purpose of cuttings and embankments, as much more land as may be necessary for the proper construction and security of the road; and to cut down any standing trees that may be in danger of falling on the road, making compensation therefor as provided in the Chapter Eminent Domain.

(6) To Intersect with Highways and Waterways. — To construct its road across, along or upon any stream, watercourse, street, highway, turnpike, railroad or canal which the route of its road shall intersect or touch; but the company shall restore the stream, watercourse, street, highway or turnpike, thus intersected or touched, to its former state or to such state as not unnecessarily to impair its usefulness. Nothing in this Chapter shall be construed to authorize the erection of any bridge or any other construction across, in or over any stream or lake navigated by motor boats commensurate in size to sailboat, or sailboats or vessels, at the place where any bridge or other obstructions may be proposed to be placed, nor to authorize the construction of any railroad not already located in, upon or across any streets in any municipality without the assent of such municipality.

(7) To Intersect with Other Railroads. — To cross, intersect, join and unite its railroad with any other railroad at any point on its route and upon the grounds of such other railroad, with the necessary turnouts, sidings, switches and other conveniences in furtherance of the object of its connections. Every company whose railroad is or shall be hereafter intersected by any other railroad shall unite with the owners of such other railroad in forming such intersections and connections and grant the facilities aforesaid, and if the two corporations cannot agree upon the amount of compensation to be made therefor, or the points and manner of such crossings and connections, the same shall be ascertained and determined by the Commission.

(8) To Transport Persons and Property. — To take and convey persons and property on its railroad or by water by the power or force of steam, electricity, or by any other power, and to receive compensation therefor.

(9) To Erect Stations and Other Buildings. — To erect and maintain all necessary and convenient buildings, stations, fixtures and machinery for the accommodation and use of its passengers, freight and business.

(10) To Borrow Money, Issue Bonds and Execute Mortgages. — From time to time to borrow such sums of money as may be necessary for completing and finishing or operating its railroad, to issue and dispose of its bonds for any amount so borrowed, to mortgage its corporate property and franchises and to secure the payment of any debt contracted by the company for the purposes aforesaid; and the directors of the company may confer on any holder of any bond issued for money borrowed, as aforesaid, the right to convert the principal due or owing thereon into stock of such company at any time under such regulations as the directors may see fit to adopt.

(11) To Lease Rails. — To lease iron rails to any person for such time and upon such terms as may be agreed on by the contracting parties, and upon the termination of the lease by expiration, forfeiture or surrender, to take possession of and remove the rails so leased as if they had never been laid.

(12) To Establish Hotels and Eating Houses. — To purchase, lease, hold, operate or maintain eating houses, hotels and restaurants for the accommodation of the traveling public along the line of its road. (1871-2, c. 138, s. 29; Code, s. 1957; 1887, c. 341; 1889, c. 518; Rev., ss. 2567, 2575; C.S., s. 3444; 1953, c. 675, ss. 6, 7; 1963, c. 1165, s. 1; 1998-128, s. 14.)

Cross References. — As to adverse possession of property owned by a railroad, see G.S. 1-44. As to presumption of abandonment of railroad right-of-way, see G.S. 1-44.1. As to power of Utilities Commission to prevent discrimination in service and charges, see G.S. 62-140. As to control of Utilities Commission over pledge of assets, issuing securities, etc., see G.S. 62-160 et seq. As to duty to provide cattle guards, see G.S. 62-226. As to railroad's duty to transport, see G.S. 62-234. As to the power of the Utilities Commission to regulate crossings, see G.S. 62-237. As to administration of federal railroad revitalization programs by the Department of Transportation, see G.S. 136-44.35. As to the duty of railroads constructing bridges over watercourses to provide draws, see G.S. 136-78.

Editor's Note. — Session Laws 1993, c. 235, effective June 29, 1993, provides that Caldwell and Catawba Counties and the Cities of Granite Falls, Hudson, Hickory, Lenoir and Sawmills may create the Carolina and Northwestern Railroad Authority by following the procedures set forth therein.

This Article is former Article 11 of Chapter 62, as rewritten and recodified by Session Laws 1998-128, ss. 13-15. Where appropriate, the historical citations to the sections in the former Article have been added to corresponding sections in the Article as rewritten and recodified.

Virginia-North Carolina Interstate High-Speed Rail Commission. — The preamble to Session Laws 2001-266 reads as follows: "Whereas, levels of congestion on interstate highways and at major airports along the east coast of the United States are rapidly rising, and in some locations have reached virtual gridlock for hours each day; and

"Whereas, it is therefore necessary to develop and use alternative modes of transportation for the movement of goods and passengers long distances along the east-coast corridor; and

"Whereas, preliminary engineering studies have documented that the creation of high-speed passenger rail service between points in Virginia and points in North Carolina could provide travelers along the corridor with an attractive alternative to highway travel, thus reducing highway congestion; and

"Whereas, establishment of high-speed passenger rail service between Virginia and North Carolina offers the additional possibility of connection through the District of Columbia to origins and destinations as far north as New England; and

"Whereas, establishment of high-speed passenger rail service between Virginia and North Carolina offers the additional possibility of connections to destinations in the South, including Florida, Greenville-Spartanburg, South Carolina, and Atlanta, Georgia; and

"Whereas, the Virginia General Assembly by passage of Senate Joint Resolution 396 of the 2001 Session has taken its action to create the Virginia-North Carolina Interstate High-Speed Rail Commission; and

"Whereas, it is useful and prudent to have a panel of legislators from both Virginia and North Carolina established in order to explore the benefits, costs, and required legislative actions associated with establishing high-speed passenger rail service; Now, therefore,"

Session Laws 2001-266, ss. 1-5, as amended by Session Laws 2001-486, s. 2.22, and as amended by Session Laws 2003-284, s. 29.19, provides: "Section 1. Upon the Virginia General Assembly's concurring action, the Virginia-North Carolina Interstate High-Speed Rail Commission is established. The North Carolina component shall consist of eight members to be appointed as follows:

"(1) Three members of the House of Representatives to be appointed by the Speaker of the House of Representatives.

"(1a) One public member appointed by the Speaker of the House of Representatives; and

"(2) Four members of the Senate to be appointed by the President Pro Tempore of the Senate, at least one of whom is a member of the North Carolina Railroad Study Committee.

"Section 2. In conducting its study, the Commission shall hold regularly scheduled meetings in this State and in Virginia, tours of inspection, and public hearings as appropriate to determine the desirability and feasibility of establishing high-speed passenger rail service between Virginia and North Carolina. The Commission shall also study the establishment of an interstate high-speed rail compact between North Carolina, Virginia, and other states. If it appears to the Commission that establishment of such service or compact is desirable and feasible, the Commission shall consider and recommend to the Governor and General Assembly those legislative actions necessary to do so, including the identification of the necessary levels of funding and the sources of those funds.

"Section 3. Upon approval of the Legislative Services Commission, the Legislative Services Officer shall assign professional and clerical staff to assist in the work of the Commission. Technical support shall be provided by the Rail Division of the Department of Transportation. Clerical staff shall be furnished to the Commission through the offices of the House of Representatives and Senate Supervisors of Clerks. The Commission may meet in the Legislative Building or the Legislative Office Building upon the approval of the Legislative Services Commission. The North Carolina members of the Commission, while in the discharge of official duties, may exercise all the powers provided under the provisions of G.S. 120-19 through G.S. 120-19.4, including the power to request all officers, agents, agencies, and departments of the State to provide any information, data, or documents within their possession, ascertainable from their records, or otherwise available to them, and the power to subpoena witnesses. North Carolina members of the Commission shall receive per diem, subsistence, and travel allowances as follows:

"(1) Commission members who are members of the General Assembly at the rate established in G.S. 120-3.1;

"(2) Commission members who are officials or employees of the State or of local government agencies at the rate established in G.S. 138-6; and

"(3) All other Commission members at the rate established in G.S. 138-5.

"Section 4. The Commission shall report its findings and any recommendations to the Governor and the General Assembly by November 30, 2004, and may make an interim report to the Governor and General Assembly upon the convening of the 2004 Regular Session of the 2003 General Assembly. The Commission shall terminate on November 30, 2004."

"Section 5. From funds appropriated to the General Assembly, the Legislative Services Commission shall allocate funds for the expenses of the Interstate High-Speed Rail Commission."

CASE NOTES

I. SURVEY AND ENTRY ON LAND.

As between two railroad companies, first location belongs to company which first defines and marks its route and adopts the same for its permanent location by authoritative corporate action. Fayetteville St. Ry. v. Railroad, 142 N.C. 423, 55 S.E. 345 (1906).

II. EMINENT DOMAIN.

A railroad corporation has the power of eminent domain. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

When a railroad corporation obtains land in condemnation proceedings, it procures merely an easement, to be used only for railroad purposes. Condemnation is not to be used as a means of acquiring property for the benefit of the corporation, and the corporation has no right or authority to use or let the property for private or nonrailroad purposes. Such a right-of-way is an easement for railroad purposes and does not deprive the owner of the fee or its use for purposes not inconsistent with its use for railroad purposes. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

Land May Be Taken from Another Railroad. — Land acquired by one railroad company under a legislative grant of the right of eminent domain, and not necessary for the exercise of its franchise or the discharge of its duties, is liable to be taken under the law of eminent domain for the use of another railroad company. North Carolina & R. & D.R.R. v. Carolina Cent. Ry., 83 N.C. 489 (1880).

III. ACQUISITION OF PROPERTY.

Acquisition of Real Property Generally. — A railroad corporation cannot acquire and hold lands for any purposes except such as are authorized by statute. The authority must be conferred by legislation or does not exist. It is, however, not necessary that the authority should be expressly conferred. It may be implied. Wallace v. Moore, 178 N.C. 114, 100 S.E. 237 (1919).

Extending Use of Right-of-Way. — While a railroad can use only the part of its right-of-way actually occupied, whenever the necessities of the company require it, it can extend its use of the right-of-way to the extent of the statutory right for additional tracks or other railroad purposes. Railroad v. Olive, 142 N.C. 257, 55 S.E. 263 (1906); Atlantic C.L.R.R. v. Bunting, 168 N.C. 579, 84 S.E. 1009 (1915); Tighe v. Seaboard Air Line R.R., 176 N.C. 239, 97 S.E. 164 (1918).

A railroad corporation is without power to acquire and hold real estate except by statutory authority, either expressly conferred or necessarily implied from the powers contained in the charter or arising to it under the general laws. North Carolina State Hwy. Comm'n v. Farm Equip. Co., 281 N.C. 459, 189 S.E.2d 272 (1972).

A conveyance of land for use as a railroad right-of-way by deed in regular form of bargain and sale, reciting a valuable consideration, is presumptively a deed of purchase within the meaning of this section and must be interpreted as an ordinary deed, so that when the granting clause is sufficient in form to convey the fee simple and the habendum and warranties are in harmony therewith, it conveys the fee and not a mere easement. McCotter v. Barnes, 247 N.C. 480, 101 S.E.2d 330 (1958).

IV. GRADING AND CONSTRUCTION OF ROAD.

Change of Grade. — A railroad company has a right to change the grade of its roadbed or to remove it to any point on its right-of-way. Brinkley v. Railroad, 135 N.C. 654, 47 S.E. 791 (1904).

V. INTERSECTIONS WITH HIGHWAYS, WATERWAYS.

Duty to Maintain Safe and Convenient Crossing. — While railroad corporations are given the right and power to construct their roads across streets, highways, etc., they must maintain a safe and convenient crossing there, making it, as far as they can, as safe and convenient to the public as it would have been had the railroad not been built. Raper v. Wilmington & W.R.R., 126 N.C. 563, 36 S.E. 115 (1900).

Duty When Railroad Changes Grade of Street. — Where a railroad accepts the benefits of statutory authorization and changes the grade of a street or highway, it must assume and comply with the burden imposed and restore the street to a useful condition. If, to meet the burden so imposed, it becomes necessary to go beyond the railroad right-of-way and change the grade of a street, thereby impairing access of an abutting property owner, compensation must be paid for the diminution in value resulting from the denial of access. Thompson v. Seaboard Air Line R.R., 248 N.C. 577, 104 S.E.2d 181 (1958).

Whole Street Cannot Be Appropriated. — It is doubtful whether the statute can be construed to authorize the exclusive appropriation of the street. The sidewalk is a portion of the street appropriated to the use of pedestrians. To construe the grant of the right to construct its road across, along, or upon a street, always of much greater width than a railroad track and the crossties, as a grant of the right to occupy the entire street or sidewalk, is not permissible in the light of the recognized rule of construction of such grants of power. Seaboard Air Line Ry. v. City of Raleigh, 219 F. 573 (E.D.N.C. 1914), aff'd, 242 U.S. 15, 37 S. Ct. 8, 61 L. Ed. 121 (1916).

Assent of City as Essential Power. — The assent to the use of the street by a railroad company is often a most essential power, necessary to be used for the benefit of the people of the city. Griffin v. Southern Ry., 150 N.C. 312, 64 S.E. 16 (1909).

Reviewability of City's Action. — The action of the board of aldermen in authorizing a railroad company to use a certain street for legitimate railroad purposes, such as the laying and use of tracks, etc., when the statutory power is given, is not reviewable by the courts at the instance of an owner of land on the street, claiming that some other street should have been so used. Griffin v. Southern Ry., 150 N.C. 312, 64 S.E. 16 (1909).

VI. INTERSECTIONS WITH OTHER RAILROADS.

Railroad Decides Necessity of Intersection. — Where a railroad company has a right to condemn a way across the track of another company to manufacturing plants for a spur track to which the other company also has its siding, in competition for freight, the question whether it is necessary for the plaintiff company to build its spur is one in its discretion; and controversies as to whether the defendant could and would shift the plaintiff's cars on its own track advantageously to the plaintiff, and for a reasonable charge, are immaterial. Vir-

ginia & C.S.R.R. v. Seaboard Air Line R.R., 161 N.C. 531, 78 S.E. 68 (1913), rehearing denied, 165 N.C. 425, 81 S.E. 617 (1914).

A railroad company having the power of condemnation across the road of another company should exercise this right with regard to the convenience of both parties and with as little interference with the use of the other party of its own track as can be obtained without a great increase in its cost and inconvenience. But the courts cannot restrict this right to be exercised by a railroad to cases in which the courts may approve its reasonableness or expediency. Virginia & C.S.R.R. v. Seaboard Air Line Ry., 165 N.C. 425, 81 S.E. 617 (1914).

Agreement or Condemnation Necessary for Entry on Right-of-Way of Another Railroad. — Under this section one road cannot enter on the right-of-way of another for the purpose of connecting therewith without previous agreement or condemnation proceedings. Richmond & D.R.R. v. Durham & N. Ry., 104 N.C. 658, 10 S.E. 659 (1889).

Effect of Parol Agreement. — A parol agreement to allow one railroad company to extend its track on the right-of-way of another, for the purpose of connecting therewith, is a mere license, revocable at the will of the licensor, and will not operate as an estoppel although the licensee has entered and made valuable improvements. Richmond & D.S.R.R. v. Durham & N. Ry., 104 N.C. 658, 10 S.E. 659 (1889).

One railroad company will not be allowed to preclude competition by another in a particular area by arbitrarily refusing such other railroad reasonable use of its right-of-way and trackage. Seaboard Air Line R.R. v. Atlantic C.L.R.R., 240 N.C. 495, 82 S.E.2d 771 (1954).

Use of Common Trackage. — The right of each of two railroads to equal use of common trackage does not mean identical use, and where one of them constructs a spur from its independent line to serve a certain area adjacent to such line, but the common trackage is used by it in its operation serving such spur, the other has the right to construct and use a spur from the common trackage when this is the sole feasible means it has to serve industries in the same area, provided such operations will not impair the use of the common trackage by the other. Seaboard Air Line R.R. v. Atlantic C.L.R.R., 240 N.C. 495, 82 S.E.2d 771 (1954).

Railroad companies forming corporation to provide common trackage held entitled to equal use of such trackage. Seaboard Air Line R.R. v. Atlantic C.L.R.R., 240 N.C. 495, 82 S.E.2d 771 (1954).

Turnouts, Sidings and Switches. — In the absence of express statutory or charter authorization, the power to construct a railroad includes authority to construct such spur, industrial, switching and other auxiliary tracks as may be necessary to serve the public needs along or near the main line. Seaboard Air Line R.R. v. Atlantic C.L.R.R., 240 N.C. 495, 82 S.E.2d 771 (1954).

Railroads have authority under this section to provide "turnouts, sidings, and switches" to serve industrial plants along or near their main lines. Seaboard Air Line R.R. v. Atlantic C.L.R.R., 240 N.C. 495, 82 S.E.2d 771 (1954).

VII. TRANSPORTATION OF PERSONS AND PROPERTY.

Conferral of Right to Lease by Charter. — Charter of a railroad company conferring the right to transport passengers and freight and giving the power to "farm out" the right of transportation authorized the company to execute a valid lease of its property and franchises to another railroad company. Hill v. Railroad, 143 N.C. 539, 55 S.E. 854 (1906).

VIII. BORROWING OF MONEY AND ISSUANCE OF BONDS.

Power to Issue Bonds. — A railroad corporation has power to contract debts, and every corporation possessing such power must also have power to acknowledge its indebtedness under its corporate seal, i.e., to make and issue its bonds. Commissioners of Craven v. Atlantic & N.C.R.R., 77 N.C. 289 (1877).

IX. SALE.

Power to Sell Property. — A railroad has the power to sell property which has been acquired for railroad purposes. McLaurin v. Winston-Salem Southbound Ry., 323 N.C. 609, 374 S.E.2d 265 (1988), citing State v. Rives, 27 N.C. 297, 5 Ired. 297 (1844).

§ 136-191. Intersection with highways.

Whenever the track of a railroad shall cross a highway or turnpike, such highway or turnpike may be carried under or over the track, as may be found most expedient; and in cases where an embankment or cutting shall make a change in the line of such highway or turnpike desirable, then the railroad company may take such additional lands for the construction of the road, highway or turnpike on such new line as may be deemed requisite. Unless the

land so taken shall be purchased for the purposes aforesaid, compensation therefor shall be ascertained in the manner prescribed in the Chapter Eminent Domain, and duly made by such corporation to the owners and persons interested in such land. The same when so taken shall become a part of such intersecting highway or turnpike in such manner and by such tenure as the adjacent parts of the same highway or turnpike may be held for highway purposes. (1871-2, c. 138, s. 26; Code, s. 1954; Rev., s. 2568; C.S., s. 3448; 1963, c. 1165, s. 1; 1998-128, s. 14.)

Cross References. — As to power of railroads to intersect with highways and waterways, see G.S. 62-220(6). As to obstruction of highways and defective crossings, see G.S. 62-224. As to the power of Utilities Commission to regulate crossings, see G.S. 62-237.

Legal Periodicals. — For article urging revision and recodification of North Carolina's eminent domain laws, see 45 N.C.L. Rev. 587 (1967).

CASE NOTES

Cited in City of Raleigh v. Norfolk S. Ry., 275 N.C. 454, 168 S.E.2d 389 (1969).

§ 136-192. Obstructing highways; defective crossings; notice; failure to repair after notice misdemeanor.

(a) Whenever, in their construction, the works of any railroad corporation shall cross established roads or ways, the corporation shall so construct its works as not to impede the passage or transportation of persons or property along the same. If any railroad corporation shall so construct its crossings with public streets, thoroughfares or highways, or keep, allow or permit the same at any time to remain in such condition as to impede, obstruct or endanger the passage or transportation of persons or property along, over or across the same, the governing body of the county, city or town, or other public road authority having charge, control or oversight of such roads, streets or thoroughfares may give to such railroad notice, in writing, directing it to place any such crossing in good condition, so that persons may cross and property be safely transported across the same.

(b) The notice may be served upon the agent of the offending railroad located nearest to the defective or dangerous crossing about which the notice is given, or it may be served upon the section master whose section includes such crossing. Such notice may be served by delivering a copy to such agent or section master, or by registered or certified mail addressed to either of such persons.

(c) If the railroad corporation shall fail to put such crossing in a safe condition for the passage of persons and property within 30 days from and after the service of the notice, it shall be guilty of a Class 1 misdemeanor. Each calendar month which shall elapse after the giving of the notice and before the placing of such crossing in repair shall be a separate offense.

(d) This section shall in nowise be construed to abrogate, repeal or otherwise affect any existing law now applicable to railroad corporations with respect to highway and street crossings; but the duty imposed and the remedy given by this section shall be in addition to other duties and remedies now prescribed by law. (R.C., c. 61, s. 30; 1874-5, c. 83; Code, s. 1710; Rev., s. 2569; 1915, c. 250, ss. 1, 2; C.S., ss. 3449, 3450; 1963, c. 1165, s. 1; 1993, c. 539, s. 480; 1994, Ex. Sess., c. 24, s. 14(c); 1998-128, s. 14.)

Cross References. — As to venue in actions against railroads, see G.S. 1-81. As to the power of Utilities Commission to regulate crossings, see G.S. 62-237. As to duty of railroads to provide drawbridges, see G.S. 136-78.

CASE NOTES

This section applies exclusively to established roads and ways. Harris v. Southern Ry., 100 N.C. App. 373, 396 S.E.2d 623 (1990).

This Section Held a Safety Statute. — City ordinance which prescribed that the railroad "do all such ... things as may be necessary for a smooth, easy and comfortable crossing of track by pedestrians and every kind of vehicle" and this section were designed for the protection of the public and are, consequently, safety statutes. Sellers v. CSX Transp., Inc., 102 N.C. App. 563, 402 S.E.2d 872 (1991).

A railroad grade crossing is in itself a warning of danger. Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

"Negligent Construction" Defined. — By "negligent construction" is meant such an improper construction of the crossing, whether arising from negligence, indifference, or motives of economy, as unnecessarily increases the danger of using the public highway. Raper v. Wilmington & W.R.R., 126 N.C. 563, 36 S.E. 115 (1900).

The mere fact that a crossing is dangerous does not necessarily impute negligence to the railroad company. Edwards v. Atlantic C.L.R.R., 129 N.C. 78, 39 S.E. 730 (1901).

Duty to Maintain Safe and Convenient Crossing. — While railroad corporations are given the right and power to construct their roads across streets, highways, etc., they must maintain a safe and convenient crossing there, making it, as far as they can, as safe and convenient to the public as it would have been had the railroad not been built. Raper v. Wilmington & W.R.R., 126 N.C. 563, 36 S.E. 115 (1900).

The duty of a railroad company with respect to the maintenance of a crossing over its track, where its track has been constructed over an established road, whether public or private, is well settled. The duty is prescribed by this section and has been recognized and enforced by the Supreme Court in numerous decisions. Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

Duty Not Restricted to Public Highways. — The statute does not restrict the railroad's duty to crossings of "public highways," but uses the broader and generic term "highways," which might include any road used by the public as a mill and church road and in going to town. Goforth v. Southern Ry., 144 N.C. 569, 57 S.E. 209 (1907).

An "established road or way" which a railroad company may not obstruct in crossing it with its tracks includes those whose use is of a private nature, and not necessarily only those dedicated to a public use, and in such instances, where the rights of a railroad and the rights of the public to the use of their roads or ways conflict, the former must give place to the latter. Tate v. Seaboard Air Line Ry., 168 N.C. 523, 84 S.E. 808 (1915).

Duty When Railroad Changes Grade of Street. — Where a railroad accepts the benefits of statutory authorization and changes the grade of a street or highway, it must assume and comply with the burden imposed and restore the street to a useful condition. If, to meet the burden so imposed, it becomes necessary to go beyond the railroad right-of-way and change the grade of a street, thereby impairing access of an abutting property owner, compensation must be paid for the diminution in value resulting from the denial of access. Thompson v. Seaboard Air Line R.R., 248 N.C. 577, 104 S.E.2d 181 (1958).

In approaching a grade crossing, both the trainmen and travelers upon the highway are under a reciprocal duty to keep a proper lookout and exercise that degree of care which a reasonably prudent person would exercise under the circumstances to avoid an accident at the crossing. Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

Duty of Traveler to Exercise Due Care. — A railroad company is under duty to give travelers timely warning of the approach of its train to a public crossing, but its failure to do so does not relieve a traveler of his duty to exercise due care for his own safety, and the failure of a traveler to exercise such care bars recovery when such failure is a proximate cause of the injury. Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

Right to Assume That Crossing Is Safe. — One has the right to assume that a railroad company has discharged its duty to the public by keeping the crossing in safe condition. Tankard v. Roanoke R.R. & Lumber Co., 117 N.C. 558, 23 S.E. 46 (1895).

Yielding Right-of-Way. — Where a railroad track crosses a public highway, though a traveler and a railroad have equal rights to cross, the traveler must yield the right-of-way to the railroad company in the ordinary course of its business. Price v. Seaboard Air Line R.R., 274 N.C. 32, 161 S.E.2d 590 (1968).

As to right of former Highway Commis-

sion to require railroad to widen crossings upon the widening of a highway, under former § 60-43, see Atlantic C.L.R.R. v. State Hwy. Comm'n, 268 N.C. 92, 150 S.E.2d 70 (1966).

Indictments. — An indictment charging a railroad company with obstructing a public road by the use of plank at a crossing is fatally defective if it does not charge the manner of the misuse of the plank. State v. Roanoke R.R. & Lumber Co., 109 N.C. 860, 13 S.E. 719 (1891).

It is a fatal variance in an indictment for obstructing a highway at a railroad crossing, to prove that the defendant permitted for some time a dangerous hole to remain in the crossing. State v. Roanoke R.R. & Lumber Co., 109 N.C. 860, 13 S.E. 719 (1891).

Nonsuit Held Error. — It was error for the trial court to sustain a motion of nonsuit on competent evidence from which the jury could have found that if defendant's crossing over a neighborhood road had not been negligently left in a dangerous condition, plaintiff would not have been injured by the slipping and falling thereon of the mule upon which he was riding. Goforth v. Southern Ry., 144 N.C. 569, 57 S.E. 209 (1907).

Applied in Bundy v. Powell, 229 N.C. 707, 51 S.E.2d 307 (1949).

§ 136-193. Joint construction of railroads having same location.

Whenever two railroad companies shall, for a portion of their respective lines, embrace the same location of line, they may by agreement provide for the construction of so much of said line as is common to both of them, by one of the companies, and for the manner and terms upon which the business thereon shall be performed. (1871-2, c. 138, s. 46; Code, s. 1983; Rev., s. 2602; C.S., s. 3473; 1963, c. 1165, s. 1; 1998-128, s. 14.)

§ 136-194. Cattle guards and private crossings; failure to erect and maintain misdemeanor.

Every company owning, operating or constructing any railroad passing through and over the enclosed land of any person shall, at its own expense, construct and constantly maintain, in good and safe condition, good and sufficient cattle guards at the points of entrance upon and exit from such enclosed land and shall also make and keep in constant repair crossings to any private road thereupon. Every railroad corporation which shall fail to erect and constantly maintain the cattle guards and crossings provided for by this section shall be liable to an action for damages to any party aggrieved, and shall be guilty of a Class 3 misdemeanor and only fined in the discretion of the court. Any cattle guard approved by the Commission shall be deemed a good and sufficient guard under this section. (1883, c. 394, ss. 1, 2, 3; Code, s. 1975; Rev., ss. 2601, 3753; 1915, c. 127; C.S., s. 3454; 1933, c. 134, s. 8; 1941, c. 97, s. 5; 1963, c. 1165, s. 1; 1993, c. 539, s. 481; 1994, Ex. Sess., c. 24, s. 14(c); 1998-128, s. 14.)

CASE NOTES

Adoption of the stock law did not abrogate former similar section in a locality. Shepard v. Railroad, 140 N.C. 391, 53 S.E. 137 (1906).

Applicability to Town Lot. — The statute requiring railroads to construct cattle guards at the point of entrance upon and exit from enclosed lands applies to a town lot as well as one in the county. Shepard v. Railroad, 140 N.C. 391, 53 S.E. 137 (1906).

Applicability to Completely Enclosed Land and Actions Involving Cattle Guards or Crossings. — This section applies only to completely enclosed land and contemplates that the statute be utilized only for actions involving cattle guards or crossings. Harris v. Southern Ry., 100 N.C. App. 373, 396 S.E.2d 623 (1990).

Improper Joinder of Actions. — Where plaintiff's complaint contained two causes of action, one to recover damages alleged to have been caused by defendant's ponding water back on plaintiff's land and the other to recover damages for a breach of duty on the part of defendant in not putting up sufficient cattle guards, there was an improper joinder of

causes of action, the first being for injury to property, a tort, while the second arose "upon contract" for the breach of an implied contract to perform a statutory duty. Hodges v. Wilmington & W.R.R., 105 N.C. 170, 10 S.E. 917 (1890).

Cited in Gilliam v. McKnight, — F. Supp. 2d —, 2002 U.S. Dist. LEXIS 23865 (M.D.N.C. Dec. 4, 2002).

§ 136-195. To regulate crossings and to abolish grade crossings.

The Department may require the raising or lowering of any tracks or roadway at any grade crossing in a road or street not forming a link in or part of the State highway system and designate who shall pay for the same by partitioning the cost of said work and the maintenance of such crossing among the railroads and municipalities interested in accordance with the formula provided for grade crossing alterations or eliminations on the State highway system in G.S. 136-20(b). (1899, c. 164, s. 2, subsec. 13; Rev., s. 1097; 1907, c. 469, s. 1c; 1911, c. 197, s. 1; C.S., ss. 1041, 1048; 1933, c. 134, s. 8; 1941, c. 97; 1963, c. 1165, s. 1; 1998-128, ss. 14, 15.)

Cross References. — As to intersection with highways, see G.S. 62-223. As to obstructing highways and maintaining defective crossings, see G.S. 62-224. As to cattle guards and private crossings, see G.S. 62-226. As to the power of the Board of Transportation to require the installation of signals and other safety devices, see G.S. 136-20.

CASE NOTES

Applicability of Section. — This section does not apply where "the raising or lowering of any tracks or roadway at any grade crossing in a road or street not forming a link in or part of the State Highway System" is not involved. Southern Ry. v. City of Winston-Salem, 275 N.C. 465, 168 S.E.2d 396 (1969).

The General Assembly can make the abolition of grade crossings by railroads imperative instead of leaving it, as now, unexercised in the discretion of the Commission, and can place the cost of doing so upon the corporation whose duty it is to remove them. Northern Pac. Ry. v. Minnesota ex rel. City of Duluth, 208 U.S. 583, 28 S. Ct. 341, 52 L. Ed. 630 (1908); Atlantic C.L.R.R. v. City of Goldsboro, 155 N.C. 356, 71 S.E. 514 (1911), aff'd, 232 U.S. 548, 34 S. Ct. 364, 58 L. Ed. 721 (1914).

Commission's Authority Supplementary to Police Powers. — The statute authorizing the Commission to require railroads to raise or lower their tracks at a crossing is supplementary to and not in derogation of the exercise by the State, or an incorporated town authorized by it, of such police powers. Atlantic C.L.R.R. v. City of Goldsboro, 155 N.C. 356, 71 S.E. 514 (1911), aff'd, 232 U.S. 548, 34 S. Ct. 364, 58 L. Ed. 721 (1914).

Commission Vested with Full Power. — The Commission is vested with full and complete power to compel the raising and lowering of the track, to remove all danger to those using the public roads. Gerringer v. North Carolina R.R., 146 N.C. 32, 59 S.E. 152 (1907).

Authority to Abolish Dangerous or Inconvenient Grade Crossings. — Authority is conferred by statute upon the Commission to abolish grade crossings by a railroad company when by the operation of the railroad they become dangerous or inconvenient to the public traveling along the highways or private ways. Tate v. Seaboard Air Line Ry., 168 N.C. 523, 84 S.E. 808 (1915).

State Policy in Allocating Cost of Grade Crossing Improvements. — Although G.S. 136-20 and this section may indicate a legislative trend in the field of allocating costs of grade crossing improvements, these statutes fall short of establishing a State policy applicable to factual situations other than those to which they relate in express and specific terms. Southern Ry. v. City of Winston-Salem, 275 N.C. 465, 168 S.E.2d 396 (1969).

As to permissibility of imposing entire expense of change of grade at a railroad crossing on a railroad company, see Atlantic C.L.R.R. v. City of Goldsboro, 155 N.C. 356, 71 S.E. 514 (1911), aff'd, 232 U.S. 548, 34 S. Ct. 364, 58 L. Ed. 721 (1914).

§ 136-196. Injury to passenger while in prohibited place.

If any passenger on any railroad is injured in any portion of a train where passengers are prohibited by notice conspicuously posted in its passenger cars, such railroad shall not be liable for the injury, provided the railroad has furnished sufficient room within its passenger cars for the proper accommodation of all passengers on the train. (1871-2, c. 138, s. 42; Code, s. 1978; Rev., s. 2628; C.S., s. 3509; 1963, c. 1165, s. 1; 1998-128, s. 14.)

CASE NOTES

Effect of Posting Notice. — When notice provision has been complied with, a rule of a railroad company prohibiting passengers from going on the platform while the train is in motion is given the force and effect of a State law, barring a recovery for injuries sustained under such circumstances. Shaw v. Railroad, 143 N.C. 312, 55 S.E. 713 (1906).

Notice Need Be Only in English. — This section requires only that the notice to be placed by a railroad company in its coach, relieving the company from liability to a passenger injured while riding on the platform, etc., shall be in English, and the fact that a passenger cannot read that language is immaterial. Bane v. Norfolk S.R.R., 176 N.C. 247, 97 S.E. 11 (1918).

Inapplicability When Passenger Alighting. — Former similar section was for the protection of passengers and had no application when the injury complained of was received as the passenger was alighting at a regular station after the train had stopped for that purpose, though he may have ridden in violation of the statute before the train had stopped. Kearney v. Seaboard Air Line Ry., 158 N.C. 521, 74 S.E. 593 (1912).

Riding on Platform Prima Facie Negligence. — It is a prima facie negligence for a passenger to voluntarily ride on the platform of a rapidly moving train. Wagner v. Atlantic C.L.R.R., 147 N.C. 315, 61 S.E. 171 (1908).

Person on Passenger Platform at Station. — One who is on the passenger platform of a railroad company at its station, with the purpose of becoming a passenger on its expected train, is entitled to the protection due a passenger from dangerous conditions and usage there. Thomas v. Southern Ry., 173 N.C. 494, 92 S.E. 321 (1917).

§ 136-197. Ticket may be refused intoxicated person; penalty for prohibited entry.

The ticket agent of a passenger train shall at all times have the power to refuse to sell a ticket to a person wanting to purchase a ticket who may at the time be intoxicated. The conductor in charge of the train shall at all times have the power to prevent an intoxicated person from boarding the train. An intoxicated person who boards a train after being forbidden by the conductor to do so is guilty of a Class 1 misdemeanor. (1998-128, s. 16.)

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

§ 136-198. Passenger refusing to pay fare or violating rules may be ejected.

If a passenger shall refuse to pay the fare, be or become intoxicated, or violate the rules of a passenger train, it shall be lawful for the conductor of the train to stop the train at any station or at any regular stop, and to put the passenger and the passenger's baggage out of the train, using no unnecessary force. (1998-128, s. 16.)

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

CASE NOTES

Ejection of Passenger Without Making Sufficient Inquiries as Negligence. — Where plaintiff purchased through transportation to a destination to reach which it was necessary to change, but the conductor on the first train neglected to return plaintiff's ticket, and when the conductor of the second train asked for his fare, plaintiff, having no money, vainly attempted to borrow from men who had been on the first train with him, it was negligence on the conductor's part not to have satisfied himself by inquiring of such men whether plaintiff had been on the train with them prior to reaching the changing point, before ejecting plaintiff. Sawyer v. Norfolk S.R.R., 171 N.C. 13, 86 S.E. 166 (1915).

Passenger Need Not Pay Additional Fare to Prevent Ejection. — Where a passenger is about to be wrongfully ejected from a train, having paid his fare thereon, but being unable to produce his ticket, it is not incumbent on him, by paying money which the conductor has no right to exact, to avoid ejection from the train, as he is not required to buy again his right to remain on the train to his destination. Sawyer v. Norfolk S.R.R., 171 N.C. 13, 86 S.E. 166 (1915).

Right of Action of Ejected Passenger. — A passenger ejected from a train for failure to pay again fare which he had paid once upon purchasing a ticket has a right of action. Sawyer v. Norfolk S.R.R., 171 N.C. 13, 86 S.E. 166 (1915).

Ejection of Passenger on Baggage Car. — A person who got on a blind baggage car, having a ticket, but not having told the conductor that he had it, where the conductor had not seen it, was not entitled to recover as a passenger for injuries received by being pulled off the train by the conductor. McGraw v. Railroad, 135 N.C. 264, 47 S.E. 758 (1904).

§ 136-199: Reserved for future codification purposes.

Article 16.

Planning.

§ 136-200. Definitions.

As used in this Article:

(1) "Conformity" means the extent to which transportation plans, programs, and projects conform to federal air quality requirements as specified in 40 Code of Federal Regulations, Part 93, Subpart A (1 July 1998 Edition).

(1a) "Consolidated Metropolitan Planning Organization" means a metropolitan planning organization created on or after January 1, 2001, through a memorandum of understanding by the consolidation of two or more metropolitan planning organizations in existence prior to January 1, 2001, and in accordance with 23 U.S.C. § 134.

(2) "Department" means the North Carolina Department of Transportation.

(3) "Interface" means a relationship between streams of traffic that efficiently and safely maximizes the mobility of people and goods within and through urbanized areas and minimizes transportation-related fuel consumption and air pollution.

(4) "Metropolitan Planning Organization" or "MPO" means an agency that is designated or redesignated by a memorandum of understanding as a Metropolitan Planning Organization in accordance with 23 U.S.C. § 134.

(5) "Regionally significant project" has the same meaning as under 40 Code of Federal Regulations 93.101 (1 July 1998 Edition).

(6) "Regional travel demand model" means a model of a region, defined in the model, that is approved by the Department and each Metropolitan Planning Organization whose boundaries include any part of the

region and that uses socioeconomic data and projections to predict demands on a transportation network. (1999-328, s. 4.10; 2000-80, ss. 1-3.)

Editor's Note. — Session Laws 1999-328, s. 5.1 provides that this act shall not be construed to obligate the General Assembly to appropriate any funds to implement the provisions of this act. Every State agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated or available to that agency.

§ 136-200.1. Metropolitan planning organizations recognized.

Metropolitan planning organizations established pursuant to the provisions of 23 U.S.C. § 134 are hereby recognized under the law of the State. Metropolitan planning organizations in existence on the effective date of this section continue unaffected until redesignated or restructured in accordance with the provisions of and according to the procedures established by 23 U.S.C. § 134 and this Article. The provisions of this Article are intended to supplement the provisions of 23 U.S.C. § 134. In the event any provision of this Article is deemed inconsistent with the requirements of 23 U.S.C. § 134, the provisions of federal law shall control. (2000-80, s. 4.)

§ 136-200.2. Decennial review of metropolitan planning organization boundaries, structure, and governance.

(a) Evaluation. — Following each decennial census, and more frequently if requested by an individual metropolitan planning organization, the Governor and the Secretary of Transportation, in cooperation with the affected metropolitan planning organization or organizations, shall initiate an evaluation of the boundaries, structure, and governance of each metropolitan planning organization in the State. The goal of the evaluation shall be to examine the need for and to make recommendations for adjustments to metropolitan planning organization boundaries, structure, or governance in order to ensure compliance with the objectives of 23 U.S.C. § 134. The Secretary shall submit a report of the evaluation process to the Governor and to the Joint Legislative Transportation Oversight Committee.

(b) Factors for Evaluation. — The evaluation of the area, structure, and governance of each metropolitan planning organization shall include all of the following factors:

(1) Existing and projected future commuting and travel patterns and urban growth projections.
(2) Integration of planning with existing regional transportation facilities, such as airports, seaports, and major interstate and intrastate road and rail facilities.
(3) Conformity with and support for existing or proposed regional transit and mass transportation programs and initiatives.
(4) Boundaries of existing or proposed federally designated air quality nonattainment areas or air-quality management regions.
(5) Metropolitan Statistical Area boundaries.
(6) Existing or proposed cooperative regional planning structures.
(7) Administrative efficiency, availability of resources, and complexity of management.
(8) Feasibility of the creation of interstate metropolitan planning organizations.
(9) Governance structures, as provided in subsection (c) of this section.

(c) Metropolitan Planning Organization Structures. — The Governor and Secretary of Transportation, in cooperation with existing metropolitan planning organizations and local elected officials, may consider the following changes to the structure of existing metropolitan planning organizations:

(1) Expansion of existing metropolitan planning organization boundaries to include areas specified in 23 U.S.C. § 134(c).

(2) Consolidation of existing contiguous metropolitan planning organizations in accordance with the redesignation procedure specified in 23 U.S.C. § 134(b).

(3) Creation of metropolitan planning organization subcommittees with responsibility for matters that affect a limited number of constituent jurisdictions, as specified in a memorandum of understanding redesignating a metropolitan planning organization in accordance with the provisions of 23 U.S.C. § 134.

(4) Formation of joint committees or working groups among contiguous nonconsolidated metropolitan planning organizations, with such powers and responsibilities as may be delegated to such joint committees pursuant to their respective memoranda of understanding.

(5) Creation of interstate compacts pursuant to 23 U.S.C. § 134(d) to address coordination of planning among metropolitan planning organizations located in this State and contiguous metropolitan planning organizations located in adjoining states.

(6) Delegation by the governing board of a metropolitan planning organization of part or all of its responsibilities to a regional transportation authority created under Article 27 of Chapter 160A of the General Statutes, if the regional transportation authority is eligible to exercise that authority under 23 U.S.C. § 134.

(d) Optional Governance Provisions. — In addition to any other provisions permitted or required pursuant to 23 U.S.C. § 134, the memorandum of understanding, creating, enlarging, modifying, or restructuring a metropolitan planning organization may also include any of the following provisions relating to governance:

(1) Distribution of voting power among the constituent counties, municipal corporations, and other participating organizations on a basis or bases other than population.

(2) Membership and representation of regional transit or transportation authorities or other regional organizations in addition to membership of counties and municipal corporations.

(3) Requirements for weighted voting or supermajority voting on some or all issues.

(4) Provisions authorizing or requiring the delegation of certain decisions or approvals to less than the full-voting membership of the metropolitan planning organization in matters that affect only a limited number of constituent jurisdictions.

(5) Requirements for rotation and sharing of officer positions and committee chair positions in order to protect against concentration of authority within the metropolitan planning organization.

(6) Any other provision agreed to by the requisite majority of jurisdictions constituting the metropolitan planning organization.

(e) Effect of Evaluation. — Upon completion of the evaluation required under this section, a metropolitan planning organization may be restructured in accordance with the procedure contained in 23 U.S.C. § 134(b)(5).

(f) Assistance. — The Department may provide staff assistance to metropolitan planning organizations in existence prior to January 1, 2001, that are considering consolidation on or after January 1, 2001. In addition, the Department may provide funding assistance to metropolitan planning organi-

zations considering consolidation, upon receipt of a letter of intent from jurisdictions representing seventy-five percent (75%) of the affected population, including the central city, in each metropolitan planning organization considering consolidation. (2000-80, s. 5.)

§ 136-200.3. Additional provisions applicable to consolidated metropolitan planning organizations.

(a) Limit on Basis for Project Objection. — Beginning with the 2004 State Transportation Improvement Program, neither the State nor a consolidated metropolitan planning organization shall have a basis to object to a project that is proposed for funding in the Transportation Improvement Program, provided that the project does not affect projects previously programmed, if the project is included in a mutually adopted plan developed pursuant to G.S. 136-66.2, and is consistent with the project selection criteria contained in the memorandum of understanding creating the consolidated metropolitan planning organization.

(b) Project Ranking Priorities. — Beginning with the 2004 State Transportation Improvement Program, and subject to the availability of funding, the Department of Transportation, when developing the Transportation Improvement Program, shall abide by the project ranking priorities approved by a:

(1) Consolidated metropolitan planning organization for any project within its jurisdiction, if the project is not a National Highway System or bridge and Interstate maintenance program project.

(2) Regional transportation authority created pursuant to Article 27 of Chapter 160A of the General Statutes, for any project that all metropolitan planning organizations within the authority's jurisdiction have delegated responsibility, if the project is not a National Highway System or bridge and Interstate maintenance program project. (2000-80, s. 6.)

§ 136-200.4. Additional requirements for metropolitan planning organizations located in nonattainment areas.

(a) Consultation and Single Conformity Plan Required. — When an area of the State is designated as non-attainment under the federal Clean Air Act (42 U.S.C. § 7401, et seq.) all metropolitan planning organizations with at least twenty-five percent (25%) of their area of jurisdiction located within the boundaries of the nonattainment area shall consult on appropriate emissions reduction strategies and shall adopt a single, unified plan for achieving conformity. The strategies set forth in the unified plan shall be incorporated by each affected metropolitan planning organization into its respective long range transportation plan developed pursuant to 23 U.S.C. § 134(g).

(b) Effect of Failure to Adopt Required Plan. — If a metropolitan planning organization does not comply with the provisions of subsection (a) of this section within one year after designation of at least twenty-five percent (25%) of the metropolitan planning organization's area of jurisdiction as nonattainment under the federal Clean Air Act (42 U.S.C. § 7401, et seq.), the Department shall not allocate any of the following funds to projects within the metropolitan planning organization's area of jurisdiction:

(1) One hundred percent (100%) State-funded road construction funds.

(2) State matching funds for any road construction or transit capital project.

(3) Federal congestion mitigation and air quality improvement program funds.

(c) Mandatory Evaluation and Report. — Each metropolitan planning organization located in whole or in part in areas designated as nonattainment under the federal Clean Air Act (42 U.S.C. § 7401 et seq.) shall complete the evaluation process provided for in G.S. 136-200.2 and submit its findings and recommendations to the Department of Transportation within one year of the effective date of designation as nonattainment. A metropolitan planning organization may request and be granted by the Department an extension if the metropolitan planning organization can show cause for the extension. Extensions shall be granted in no more than one year increments. (2000-80, s. 7.)

§ 136-200.5. Matching funds for Metropolitan Planning Organizations located in nonattainment areas or maintenance areas.

(a) Application. — The lead planning agency for any Metropolitan Planning Organization located in an area designated as a nonattainment or maintenance area under the federal Clean Air Act (42 U.S.C. § 7401, et seq.) may apply to the Department of Transportation for funds to avoid a plan conformity lapse.

(b) Matching Required. — Funds provided under this section shall be matched one-for-one by the local applicant agency.

(c) Use of Funds. — Funds provided under this section shall be used by the local applicant agency only to avoid a plan conformity lapse.

(d) Limit on Funds. — The Department shall not provide more than one million dollars ($1,000,000) per fiscal year to any lead planning organization of a Metropolitan Planning Organization pursuant to this section.

(e) Payback Required. — Any funds provided to a lead planning organization of a Metropolitan Planning Organization under this section shall be repaid within five years, either from local sources or as an offset against planning funds that might otherwise have been made available from the Department to the lead planning organization. (2003-284, s. 29.14(b).)

Editor's Note. — Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Session Laws 2003-284, s. 49.6, made this section effective July 1, 2003.

§ 136-200.6. Funds for local transportation planning efforts in areas designated nonattainment areas or maintenance areas.

(a) Application. — A regional transportation planning agency in an area designated as a nonattainment or maintenance area under the federal Clean Air Act (42 U.S.C. § 7401, et seq.) that has policy-setting authority for the entire designated area and that is representative of all local governments within the area, may apply to the Department of Transportation for funds to support local transportation planning efforts in that local government's region.

(b) Matching Required. — Funds provided under this section shall be matched one-for-one by the applicant agency.

(c) Use of Funds. — Funds provided under this section shall only be used by the local applicant agency to support regional transportation planning within the designated area.

(d) Local Staff Required. — Funds shall be provided under this section only if local governments in the designated area support and supply staff to the regional transportation planning agency.

(e) Limit on Funds. — The Department shall not provide more than two hundred fifty thousand dollars ($250,000) in any fiscal year to any agency pursuant to this section. (2003-284, s. 29.14(c).)

Editor's Note. — Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Session Laws 2003-284, s. 49.6, made this section effective July 1, 2003.

§ 136-201. Plan for intermodal interface.

When planning a regionally significant transportation project, the Department shall consider design alternatives that will facilitate the cost-effective interface of the project with other existing or planned transportation projects, including highway, airport, rail, bus, bicycle, and pedestrian facilities. The Department of Transportation shall record its consideration of these design alternatives in the planning documents for the project. (1999-328, s. 4.10.)

§ 136-202. Metropolitan planning organizations.

(a) Each Metropolitan Planning Organization shall base all transportation plans, metropolitan transportation improvement programs, and conformity determinations on the most recently completed regional travel demand model.

(b) Each Metropolitan Planning Organization shall update its transportation plans in accordance with the scheduling requirements stated in 23 Code of Federal Regulations 450.322 (1 April 1999 Edition).

(c) The Department, the metropolitan planning organizations, and the Department of Environment and Natural Resources shall jointly evaluate and adjust the regions defined in each regional travel demand model at least once every five years and no later than October 1 of the year following each decennial federal census. The evaluation and adjustment shall be based on decennial census data and the most recent populations estimates certified by the State Planning Officer. The adjustment of these boundaries shall reflect current and projected patterns of population, employment, travel, congestion, commuting, and public transportation use and the effects of these patterns on air quality.

(d) The Department shall report on the evaluation and adjustment of the boundaries of the area served by each Metropolitan Planning Organization to the Joint Legislative Transportation Oversight Committee and the Environmental Review Commission no later than November 1 of each year in which the regions are evaluated and adjusted. (1999-328, s. 4.10.)

§ 136-203: Repealed by Session Laws 2002-148, s. 1, effective October 9, 2002.

§§ 136-204 through 136-209: Reserved for future codification purposes.

Article 17.

Rural Transportation Planning Organizations.

§ 136-210. Definitions.

As used in this Article, "Rural Transportation Planning Organization" means a voluntary organization of local elected officials or their designees and

representatives of local transportation systems formed by a memorandum of understanding with the Department of Transportation to work cooperatively with the Department to plan rural transportation systems and to advise the Department on rural transportation policy. (2000-123, s. 2.)

Editor's Note. — Session Laws 2000-123, s. 3, provides that nothing in the act shall require the General Assembly to appropriate funds to implement it and further provides that neither the Department of Transportation nor the General Assembly shall reallocate any road maintenance funds to implement it.

§ 136-211. Department authorized to establish Rural Transportation Planning Organizations.

(a) Authorization. — The Department of Transportation is authorized to form Rural Transportation Planning Organizations.

(b) Area Represented. — Rural Transportation Planning Organizations shall include representatives from contiguous areas in three to fifteen counties, with a total population of the entire area represented of at least 50,000 persons according to the latest population estimate of the Office of State Planning. Noncontiguous counties adjacent to the same Metropolitan Planning Organization may form a Rural Transportation Planning Organization. Areas already included in a Metropolitan Planning Organization shall not be included in the area represented by a Rural Transportation Planning Organization.

(c) Membership. — The Rural Transportation Planning Organization shall consist of local elected officials or their designees and representatives of local transportation systems in the area as agreed to by all parties in a memorandum of understanding.

(d) Formation; Memorandum of Understanding. — The Department shall notify local elected officials and representatives of local transportation systems around the State of the opportunity to form Rural Transportation Planning Organizations. The Department shall work cooperatively with interested local elected officials, their designees, and representatives of local transportation systems to develop a proposed area, membership, functions, and responsibilities of a Rural Transportation Planning Organization. The agreement of all parties shall be included in a memorandum of understanding approved by the membership of a proposed Rural Transportation Planning Organization and the Secretary of the Department of Transportation. (2000-123, s. 2; 2002-170, s. 2.)

Effect of Amendments. — Session Laws 2002-170, s. 2, effective October 23, 2002, inserted the second sentence in subsection (b).

§ 136-212. Duties of Rural Transportation Planning Organizations.

The duties of a Rural Transportation Planning Organization shall include, but not be limited to:

(1) Developing, in cooperation with the Department, long-range local and regional multimodal transportation plans.

(2) Providing a forum for public participation in the transportation planning process.

(3) Developing and prioritizing suggestions for transportation projects the organization believes should be included in the State's Transportation Improvement Program.

(4) Providing transportation-related information to local governments and other interested organizations and persons. (2000-123, s. 2.)

§ 136-213. Administration and staff.

(a) Administrative Entity. — Each Rural Transportation Planning Organization, working in cooperation with the Department, shall select an appropriate administrative entity for the organization. Eligible administrative entities include, but are not limited to, regional economic development agencies, regional councils of government, chambers of commerce, and local governments.

(b) Professional Staff. — The Department, each Rural Transportation Planning Organization, and any adjacent Metropolitan Planning Organization shall cooperatively determine the appropriate professional planning staff needs of the organization.

(c) Funding. — If funds are appropriated for that purpose, the Department may make grants to Rural Transportation Planning Organizations to carry out the duties listed in G.S. 136-212. The members of the Rural Transportation Planning Organization shall contribute at least twenty percent (20%) of the cost of any staff resources employed by the organization to carry out the duties listed in G.S. 136-212. The Department may make additional planning grants to economically distressed counties, as designated by the North Carolina Department of Commerce. (2000-123, s. 2; 2002-170, s. 3.)

Effect of Amendments. — Session Laws 2002-170, s. 3, effective October 23, 2002, in subsection (c), substituted "to carry out the duties listed in G.S. 136-212" for "for professional planning staff" at the end of the first sentence, and added "to carry out the duties listed in G.S. 136-212" to the end of the second sentence.

Article 2.

North Carolina Rural Rehabilitation Corporation.

§§ 137-31 through 137-43: Repealed by Session Laws 2001-424, s. 17.2(b), effective September 26, 2001.

Cross References. — For transfer of North Carolina Road Rehabilitation Corporation, see G.S. 143A-63.

Editor's Note. — Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 17.2(c), provides: "No later than January 15, 2002, the North Carolina Agricultural Finance Authority shall report to the Joint Legislative Commission on Governmental Operations, the Appropriations Subcommittees on Natural and Economic Resources in both the Senate and the House of Representatives, and the Fiscal Research Division on the status of the transfer required under this section. This report shall include any statutory changes that are needed to implement the transfer required under this section."

Session Laws 2001-424, c. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Chapter 138.

Salaries, Fees and Allowances.

§ 138-1. Annual salaries payable at periodic intervals.

All annual salaries shall be paid at least monthly and may be paid twice a month, every two weeks, or weekly. A unit of State government whose payroll is processed through the central payroll disbursing account of the Office of the State Controller must obtain the approval of the State Controller to pay annual salaries on any basis other than a monthly basis. (Code, s. 3731; 1893, c. 54; Rev., s. 2772; C.S., s. 3847; 1925, c. 230; 1929, c. 100; 1973, c. 1430; 1991, c. 542, s. 3.)

§ 138-2. Payment of fees; when to be paid in advance.

All public officers shall receive the fees prescribed for them respectively, from the persons for whom, or at whose instance, the service shall be performed, except persons suing as paupers, and no officer shall be compelled to perform any service, unless his fee be paid or tendered, except in criminal actions. The said officers shall receive no extra allowance or other compensation whatever, unless the same shall be expressly authorized by statute. In case the service shall be ordered by any proper officer of the State, or of a county, for the benefit of the State or county, the fees need not be paid in advance; but if for the State, shall be paid by the State, as other claims against it are; if for a county, by the board of commissioners, out of the county funds. The fees in criminal cases are not demandable in advance. (Code, ss. 1173, 3758; Rev., s. 2804; C.S., s. 3849.)

Cross References. — As to fees, salaries and emoluments of judicial officers, see N.C. Const., Art. IV, § 21. As to liability of defendant in criminal actions for costs, see G.S. 6-47, 6-48. As to liability of a prosecuting witness for costs, see G.S. 6-49 et seq.

CASE NOTES

This Section and § 1-305 to Be Construed Together. — This section and G.S. 1-305, providing that clerks shall issue execution on all judgments rendered in their respective courts within six weeks of the rendition thereof or be amerced in the sum of $100.00, must be construed together; hence, a clerk of the superior court will not incur the penalty prescribed in G.S. 1-305 unless the plaintiff pays or tenders him his fees for that service. Bank of Oxford v. Bobbitt, 111 N.C. 194, 16 S.E. 169 (1892).

Officers of Court Must Demand Fees. — Officers of the courts are not compelled to perform their duties unless the fees prescribed by law are paid or tendered them, but they must demand them before laches can be imputed to the litigants. West v. Reynolds, 94 N.C. 333 (1886).

An officer is not "compelled to perform" the required service, but he may perform it and dispense with payment therefor, and if he does not so intend, he should say so at the time, and should not presume that the posting of the notice in his office of an inflexible rule that he had adopted and from which he would not

under any circumstances depart would be known to everyone. West v. Reynolds, 94 N.C. 333 (1886).

Right of Superior Court Clerk to Demand Fees in Advance. — The clerk had the right, even under the common law, as he has under the statute, to demand his fees in advance. Clerk v. Wagoner, 26 N.C. 131 (1843); Martin v. Chesteen, 75 N.C. 96 (1876); Andrews v. Whisnant, 83 N.C. 446 (1880); West v. Reynolds, 94 N.C. 333 (1886); Long v. Walker, 105 N.C. 90, 10 S.E. 858 (1890); Ballard v. Gay, 108 N.C. 544, 13 S.E. 207 (1891).

In criminal actions, superior court clerk cannot require costs of transcript upon appeal to be paid in advance, even where defendant does not appeal in forma pauperis, and a certiorari will issue directing the clerk to send up the transcript which he holds for such prepayment. State v. Nash, 109 N.C. 822, 13 S.E. 733 (1891).

Refusal of Supreme Court Clerk to Docket Transcript Where Fee Not Paid. — The appellant's undertaking does not cover the fee of the clerk of the Supreme Court in docketing the case, and the clerk is in the exercise of his right in refusing to docket the transcript where he has demanded the prescribed fee in advance and its payment has been refused. Dunn v. Clerk's Office, 176 N.C. 50, 96 S.E. 738 (1918).

Right of Register to Refuse Registration of Mortgage until Fees Paid. — The register has the right to refuse to treat a mortgage as delivered to him for registration until his fees in that respect have been paid. Cunninggim v. Peterson, 109 N.C. 33, 13 S.E. 714 (1891).

Effect of Unconditional Pardon on Fees Due Officers of Court. — Fees due officers of the court are rights vested by law, and are not discharged when a defendant receives an unconditional pardon, after conviction and sentence, from the Governor of the State. State v. Mooney, 74 N.C. 98 (1876).

Where a pardon is pleaded after verdict and before judgment, it will discharge defendant from the costs. State v. Underwood, 64 N.C. 599 (1870); State v. Mooney, 74 N.C. 98 (1876).

Recovery of Improperly Collected Fees. — Where a person is compelled to pay a public officer fees which he had no right to claim in order to induce him to do his duty, such fees may be recovered back. Robinson v. Ezzell, 72 N.C. 231 (1875).

Power of Legislature to Reduce or Increase Salaries of Officers. — The legislature may reduce or increase the salaries of such officers as are not protected by the Constitution during their term of office. Cotten v. Ellis, 52 N.C. 545 (1860).

Taxation of Salary. — It was formerly held that the State could not tax the salary of a state officer whose office was created by the Constitution. Purnell v. Page, 133 N.C. 125, 45 S.E. 534 (1903).

§ 138-3. Compensation limited to that fixed by law.

No officer or employee of the State shall receive any compensation other than the salaries fixed by law, except as provided by way of fees or by special appropriation or from any departmental funds. (1907, c. 830, s. 1; c. 994, s. 1; C.S., s. 3850; 1925, c. 128, s. 1.)

§ 138-4. Governor to set salaries of administrative officers; exceptions; longevity pay.

The salaries of all State administrative officers not subject to the State Personnel Act shall be set by the Governor, unless a law provides otherwise.

Whenever by law it is provided that a salary shall be fixed or set by the General Assembly in the Current Operations Appropriations Act, and that office or position is filled by appointment of the Governor, or the appointment is subject to the approval of the Governor, or is made by a commission a majority of whose members are appointed by the Governor, then the Governor may, increase or decrease the salary of a new appointee by a maximum of ten percent (10%) over or under the salary of that position as provided in the Current Operations Appropriations Act, such increased or decreased salary to remain in effect until changed by the General Assembly or until the end of the fiscal year, whichever occurs first. The Governor under this paragraph may not increase the salary of any nonelected official above the level set in the Current Operations Appropriations Act for any member of the Council of State. This section does not apply to any office filled by election by the people, and does not apply to any office in the legislative or judicial branches.

Prior to taking any action under this section, the Governor may consult with the Advisory Budget Commission.

Officials whose salaries are covered by the provisions of this section shall be eligible for longevity pay on the same basis as is provided to employees of the State who are subject to the State Personnel Act. (1947, c. 898; 1957, c. 541, s. 1; 1983, c. 717, s. 49; 1983 (Reg. Sess., 1984), c. 1034, ss. 164, 216; 1985 (Reg. Sess., 1986), c. 955, ss. 51-53; 1987, c. 738, s. 32(a); 1991, c. 542, s. 4.)

§ 138-5. Per diem and allowances of State boards, etc.

(a) Except as provided in subsections (c) and (f) of this section, members of State boards, commissions, committees and councils which operate from funds deposited with the State Treasurer shall be compensated for their services at the following rates:

(1) Except as otherwise provided by this subdivision, compensation at the rate of fifteen dollars ($15.00) per diem for each day of service. Members of the North Carolina Vocational Rehabilitation Council, the Statewide Independent Living Council, and the Commission for the Blind who are unemployed or who shall forfeit wages from other employment to attend Council or Commission meetings or to perform related duties, may receive compensation not to exceed fifty dollars ($50.00) per diem for attending these meetings or performing related duties, as authorized by sections 105 and 705 of the Rehabilitation Act of 1973, P.L. 102-569, 42 U.S.C. § 701, et seq., as amended.

(2) Reimbursement of subsistence expenses at the rates allowed to State officers and employees by subdivision (3) of G.S. 138-6(a).

(3) Reimbursement of travel expenses at the rates allowed to State officers and employees by subdivisions (1) and (2) of G.S. 138-6(a).

(4) For convention registration fees, the actual amount expended, as shown by receipt.

(b) Except as provided in subsections (c) and (f) of this section, the schedules of per diem, subsistence, and travel allowances established in this section shall apply to members of all State boards, commissions, committees and councils which operate from funds deposited with the State Treasurer, excluding those boards, commissions, committees and councils the members of which are now serving without compensation and excluding occupational licensing boards as defined in G.S. 93B-1; and all special statutory provisions relating to per diem, subsistence, and travel allowances are hereby amended to conform to this section.

(c) Repealed by Session Laws 1979, 2nd Session, c. 1137, s. 29.

(d) The subsistence reimbursement for actual lodging expenses provided in this section must be documented by a receipt of lodging expenses from a commercial establishment.

(e) Out-of-state travel on official business by members of State boards, commissions, committees and councils which operate from funds deposited with the State Treasurer shall be reimbursed only upon authorization obtained in the manner prescribed by the Director of the Budget.

(f) Members of all State boards, commissions and councils whose salaries or any portion of whose salaries are paid from State funds shall receive no per diem compensation from State funds for their services; provided, however, that members of State boards, commissions and councils who are also members of the General Assembly shall receive, when the General Assembly is not in session, subsistence and travel allowances at the rate set forth in G.S. 120-3.1(a)(2) through (a)(4). (1961, c. 833, s. 5; 1963, c. 1049, s. 1; 1965, c. 169; 1971, c. 1139; 1973, c. 1397; 1979, c. 838, s. 18; 1979, 2nd Sess., c. 1137, s. 29; 1983, c. 761, s. 24; c. 923, s. 217; 1983 (Reg. Sess., 1984), c. 1034, s. 185; 1985,

c. 757, s. 201(b); 1985 (Reg. Sess., 1986), c. 1014, s. 39(a); 1987, c. 738, s. 58(a), (b); 1999-237, s. 11.49.)

Cross References. — As to subsistence and travel allowances of the Advisory Budget Commission, see G.S. 143-4.

Limitations on Use of State Aircraft. — Session Laws 2001-424, s. 612, provides: "No airplane or helicopter operated or maintained with State funds may be used to transport any member of a board or commission to or from a meeting of the board or commission to which that member is appointed unless:

"(1) The member is an elected official or head of a principal State department who serves on the board or commission by virtue of his or her office;

"(2) The member is traveling with another member who is an elected official who serves on the board or commission by virtue of his or her office;

"(3) The member is traveling on an airplane or helicopter that is flying to a particular destination for official State business other than a meeting of a board or commission; or

"(4) The Director of the Office of State Budget and Management has approved the use of the State airplane or helicopter as an exceptional circumstance.

"The Director of the Office of State Budget and Management shall report to the Chairs of the Appropriations Committees of the Senate and House of Representatives by December 31 each year on the use of State aircraft in the prior year pursuant to subdivision (4) of this section."

OPINIONS OF ATTORNEY GENERAL

Motor Vehicle Dealers' Advisory Board's Per Diem Increased. — Subsection (b) of this section amended G.S. 20-305.4(d) to increase the per diem paid to members of the Motor Vehicle Dealers' Advisory Board from $7.00 per day of service to $15.00 per day of service. See opinion of Attorney General to Mr. Lester Teal, Controller, — N.C.A.G. — (Nov. 11, 1987).

This Section Does Not Require Payments to Members of Board of Nursing. — The payment of members of state boards and commissions as mandated by subsection (a) does not apply to the members of the Board of Nursing. See opinion of Attorney General to Howard A. Kramer, Attorney at Law and General Counsel, North Carolina Board of Nursing, 2001 N.C. AG LEXIS 32 (7/27/01).

§ 138-6. Travel allowances of State officers and employees.

(a) Travel on official business by the officers and employees of State departments, institutions and agencies which operate from funds deposited with the State Treasurer shall be reimbursed at the following rates:

(1) For transportation by privately owned automobile, the business standard mileage rate set by the Internal Revenue Service per mile of travel and the actual cost of tolls paid. Any other law which sets a mileage rate by referring to the rate set herein, instead establishes a rate of twenty-five cents (25¢) per mile. No reimbursement shall be made for the use of a personal car in commuting from an employee's home to his duty station in connection with regularly scheduled work hours. Any designation of an employee's home as his duty station by a department head shall require prior approval by the Office of State Budget and Management on an annual basis.

(2) For bus, railroad, Pullman, or other conveyance, actual fare.

(3) For expenses incurred for subsistence, payment of eighty-one dollars ($81.00) per day when traveling in-state or ninety-three dollars ($93.00) per day when traveling out-of-state. Payment of sales tax, lodging tax, local tax, or service fees applied to the cost of lodging are to be paid in addition to the daily subsistence amount. The employee may exceed the part of the ceiling allocated for lodging without approval for overexpenditure provided that the total lodging and food reimbursement does not exceed the maximum provided by this subdivision. When travel involves less than a full day (24-hour

period), a reasonable prorated amount shall be paid in accordance with regulations and criteria which shall be promulgated and published by the Director of the Budget. Reimbursement to State employees for lunches eaten while on official business may be made only in the following circumstances:

a. When an overnight stay is required reimbursement is allowed while an employee is in travel status;

b. When the cost of the lunch is included as part of a registration fee for a formal congress, conference, assembly, or convocation, by whatever name called. Such assembly must involve the active participation of persons other than the employees of a single State department, institution, or agency and must be necessary for conducting official State business; or

c. When the State employee is a member of, or providing staff assistance to, a State board, commission, committee, or council which operates from funds deposited with the State Treasurer, and the lunch is preplanned as part of the meeting for the entire board, commission, committee, or council.

(4) For convention registration fees not to exceed the actual amount expended as shown by a valid receipt or invoice.

(5) Effective July 1, 2001, and effective July 1 of each odd-numbered year thereafter, the Director of the Budget shall revise the amounts of payment of subsistence per day when traveling in-State and out-of-state by an amount equal to the percentage increase in the Consumer Price Index for All Urban Consumers for the most recent 24-month period.

(b) Out-of-state travel on official business by the officers and employees of State departments, institutions, and agencies which operate from funds deposited with the State Treasurer shall be reimbursed only upon authorization obtained in the manner prescribed by the Director of the Budget.

(c) Reimbursement of actual costs of overnight lodging, whether in-state or out-of-state, must be documented by a receipt of actual lodging expenses from a commercial establishment. This documentation shall be attached to the reimbursement request. All reimbursement requests shall be filed for approval and payment within 30 days after the travel period for which the reimbursement is being requested. (1961, c. 833, s. 6; 1963, c. 1049, s. 2; 1965, c. 1089; 1969, c. 1153; 1971, c. 881, ss. 1, 2; 1973, c. 595, s. 1; c. 1456; 1975, c. 892, s. 1; 1977, c. 928; 1977, 2nd Sess., c. 1136, s. 38.1; c. 1237, ss. 1, 2; 1979, c. 34, s. 1; c. 1002, s. 1; c. 1050, s. 1; 1979, 2nd Sess., c. 1137, s. 26; 1981, c. 859, ss. 57-59; 1983, c. 761, s. 22; c. 913, s. 27; c. 923, s. 217; 1985, c. 757, s. 201(a); 1985 (Reg. Sess., 1986), c. 1014, s. 39(b); 1987, c. 738, ss. 58(c), 58(d), 60; 1987 (Reg. Sess., 1988), c. 1086, s. 30(a); c. 1100, s. 38(a); 1993, c. 321, s. 24(a); 1993 (Reg. Sess., 1994), c. 769, s. 7.27A; 1998-212, s. 28.20(a); 1999-237, s. 28.20; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

Cross References. — For provision that notwithstanding this section, a magistrate may not be reimbursed by the State for travel expenses incurred on official business within the county in which the magistrate resides, see G.S. 7A-171.1(b). For provisions authorizing the Commissioner of Insurance to pay examiners an amount in lieu of traveling expenses, see G.S. 58-6-5(3). As to travel expenses incurred by Department of Agriculture employees while testing a manufacturer's weighing or measuring device, see G.S. 81A-10.

OPINIONS OF ATTORNEY GENERAL

Reimbursement of State Officers and Employees Traveling in Privately Owned Automobiles on Official Business. — State officers and employees are entitled to be reimbursed at a rate of 15¢ (now 25¢) per mile traveled when privately owned automobiles are

used in pursuance of official State business, regardless of the number of miles traveled. See opinion of Attorney General to Honorable Donald L. Smith, 45 N.C.A.G. 168 (1975).

Proration of the daily subsistence allowance as promulgated pursuant to subdivision (a)(3) of this section by the Division of State Budget, for the reimbursement of state employees for expenses incurred for lodging and meals when travel involves less than a 24-hour period, is applicable to occupational licensing board members. See opinion of Attorney General to Mr. Henry L. Bridges, State Auditor, 49 N.C.A.G. 74 (1979).

§ 138-7. Exceptions to §§ 138-5 and 138-6.

Expenditures in excess of the maximum amounts set forth in G.S. 138-5 and 138-6 for travel and subsistence may be reimbursed if the prior approval of the department head is obtained. The Director of the Budget shall establish and publish uniform standards and criteria under which actual expenses in excess of the travel and subsistence allowances and convention registration fees as prescribed in G.S. 138-5 and 138-6 may be authorized by department heads for extraordinary charges for hotel, meals, and registration, whenever such charges are the result of required official business. (1961, c. 833, s. 6.1; 1965, c. 1089; 1969, c. 1153; 1971, c. 881, s. 3; 1973, c. 595, s. 2; 1979, c. 838, s. 17.)

OPINIONS OF ATTORNEY GENERAL

Director of the budget has authority to authorize payment of actual expenses in excess of statutory maximum. See opinion of Attorney General to Mr. G. Andrew Jones, State Budget Office, Department of Administration, 40 N.C.A.G. 742 (1970).

Travel Expenses of Members of Occupational Licensing Boards. — This section does not authorize the payment of actual travel expenses to members of occupational licensing boards over and above the amounts provided in the schedule in G.S. 138-6(a)(3) for officers and employees of state departments. See opinion of Attorney General to Mr. Henry L. Bridges, State Auditor, 49 N.C.A.G. 40 (1979).

§ 138-8. Moving expenses of State employees.

Subject to the rules and regulations promulgated by the Office of State Budget and Management and approved by the Director of the Budget, any department, institution or agency of the State is hereby authorized to pay, from funds available to it, reasonable expenses for transporting the household goods of an employee and members of his household when the transfer of the employee is considered by the Director of the Budget to be in the best interests of the State. (1977, c. 802, s. 15; 1979, 2nd Sess., c. 1137, s. 27; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

Article 1.

General Provisions.

§ 139-1. Title of Chapter.

This Chapter may be known and cited as the Soil Conservation Districts Law. (1937, c. 393, s. 1.)

Legal Periodicals. — For article, "Introduction to Water Use Law in North Carolina," see 46 N.C.L. Rev. 1 (1967).

For note on disposition of diffused surface waters in North Carolina, see 47 N.C.L. Rev. 205 (1968).

§ 139-2. Legislative determinations, and declaration of policy.

(a) Legislative Determinations. — It is hereby declared, as a matter of legislative determination:

(1) The Condition. — The farm, forest and grazing lands of the State of North Carolina are among the basic assets of the State and the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this State by wind and water; the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; the topsoil is being blown and washed out of fields and pastures; there has been an accelerated washing of sloping fields; these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; failure by any land occupier to conserve the soil and control erosion upon his lands causes a washing and blowing of soil and water from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(2) The Consequences. — The consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottomlands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall runoff, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, drainage developments, farming, and grazing.

(3) The Appropriate Corrective Methods. — To conserve soil resources and control and prevent soil erosion and prevent floodwater and sediment damages, and further the conservation, utilization, and disposal of water, and the development of water resources it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices and works of improvement for flood prevention or the conservation, utilization, and disposal of water and the development of water resources be adopted and carried out. Among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, desilting basins, floodwater retarding structures, chan-

nel improvements, floodways, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, contour furrowing, farm drainage, land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands with water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops; the addition of soil amendments, manurial materials, and fertilizers for the correction of soil deficiencies and to promote increased growth of soil-protecting crops; retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(b) Declaration of Policy. — It is hereby declared to be the policy of the legislature to provide for the conservation of the soil and soil resources of this State, and for the control and prevention of soil erosion, and for the prevention of floodwater and sediment damages, and for furthering the conservation, utilization, and disposal of water, and the development of water resources and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety and general welfare of the people of this State. (1937, c. 393, s. 2; 1947, c. 131, s. 1; 1959, c. 781, ss. 2, 3.)

CASE NOTES

Applied in Baucom's Nursery Co. v. Mecklenburg County, 62 N.C. App. 396, 303 S.E.2d 236 (1983).

§ 139-3. Definitions.

Wherever used or referred to in this Chapter, unless a different meaning clearly appears from the context:

(1) "Agency of this State" includes the government of this State and any subdivision, agency, or instrumentality, corporate or otherwise, of the government of the State.

(2) "A qualified voter" includes any person qualified to vote in elections by the people under the Constitution of this State.

(3) "Environmental Management Commission" or "State Environmental Management Commission" means the Environmental Management Commission of the State of North Carolina, or the board, body or commission succeeding to its principal functions, or in whom shall be vested by law the powers herein granted to the said Environmental Management Commission.

(4) "Commission" or "Soil and Water Conservation Commission" means the Soil and Water Conservation Commission created by G.S. 143B-294.

(5) "District" or "soil and water conservation district" means a governmental subdivision of this State, and a public body corporate and politic, organized in accordance with the provisions of this Chapter, for the purposes, with the powers, and subject to the restrictions hereinafter set forth.

(6) "Due notice" means notice given by posting the same at the courthouse door and at three other public places in the county, including those where it may be customary to post notices concerning county or municipal affairs generally, not less than 10 days before the date of the event of which notice is being given. At any hearing held pursuant

to such a notice at the time and place designated in such a notice, adjournment may be made from time to time without the necessity of renewing such notice for such adjourned dates.

(7) "Government" or "governmental" includes the government of this State, the government of the United States, and any subdivision, agency, or instrumentality, corporate or otherwise, of either of them.

(8) The terms "land occupier" or "occupier of land," and "landowner" or "owner of land" include any person, firm or corporation who shall hold title to or shall have contracted to purchase any lands lying within a soil and water conservation district organized under the provisions of this Chapter.

(9) "Nominating petition" means a petition filed under the provisions of G.S. 139-6 to nominate candidates for the office of supervisor of a soil and water conservation district.

(10) Repealed by Session Laws 1993, c. 391, s. 1.

(11) "Petition" means a petition filed under the provisions of Article 1 of this Chapter for the creation of a soil and water conservation district.

(12) "State" means the State of North Carolina.

(13) "Supervisor" means one of the members of the governing body of a district, elected or appointed in accordance with the provisions of this Chapter.

(14) Repealed by Session Laws 1993, c. 391, s. 1.

(15) "United States" or "agencies of the United States" includes the United States of America, the Soil Conservation Service of the United States Department of Agriculture, and any other agency or instrumentality, corporate or otherwise, of the United States of America.

(16) Repealed by Session Laws 1993, c. 391, s. 1.

(17) A "watershed improvement project" means a project of watershed improvement (whether involving flood prevention, drainage improvement, water supply, soil and water conservation, recreation facilities, fish and wildlife habitat, or other related purposes, singly or in combination) which is undertaken:

a. Repealed by Session Laws 1993, c. 391, s. 1.

b. By a soil and water conservation district under the provisions of Article 1 of Chapter 139 of the General Statutes or any local act granting similar powers.

c. By a drainage district under the provisions of Chapter 156 of the General Statutes or any local act granting similar powers.

d. By a county that is carrying out a county watershed improvement program under the provisions of Article 3 of Chapter 139 of the General Statutes or any local act granting similar powers.

e. By any combination of the foregoing, acting as joint sponsors of a watershed improvement program.

f. By any watershed, drainage or flood control project planned or carried out by the Soil Conservation Service, Tennessee Valley Authority or the Army Corps of Engineers.

(18) A "watershed improvement work" means a single feature or facility or portion of a watershed improvement project, such as a water retarding or impoundment structure for one or more authorized watershed purposes or a section of improved stream channel or the land treatment measures associated with a water retarding structure. (1937, c. 393, s. 3; 1947, c. 131, s. 2; 1959, c. 781, s. 4; 1965, c. 582, s. 1; 1967, c. 987, s. 1; 1971, c. 1138, s. 1A; 1973, c. 1262, s. 38; 1993, c. 391, s. 1; 1995, c. 519, s. 5.)

Cross References. — As to the Environmental Management Commission, see G.S. 143B-282 through 143B-285. As to the Soil and Water Conservation Commission, see G.S. 143B-294 through 143B-297.

Editor's Note. — Session Laws 1967, c. 987, which amended or added various sections in this Chapter, provides in part:

"Sec. 11. Nothing contained in this act shall authorize or allow the withdrawal of water from a watershed or stream except to the extent and degree now permissible under the existing common and statute law of this State; nor to change or modify such existing common or statute law with respect to the relative rights of riparian owners or others concerning the use or disposal of water in the streams of this State; nor to authorize a district, its officers or governing body or any other person, firm, corporation (public or private), body politic or governmental agency to utilize or dispose of water except in the manner and to the extent permitted by the existing common and statute law of this State.

Sec. 12. The authority granted hereinabove is supplemental and additional to any other authority granted by law relating to watershed improvement programs, whether by general or special law."

§ 139-3.1: Repealed by Session Laws 1998-217, s. 14(a), effective October 31, 1998.

Editor's Note. — Session Laws 1998-217, which repealed this section, in s. 14(b) provides: "The repeal of this section shall not be construed to affect any language currently in the General Statutes."

§ 139-4. Powers and duties of Soil and Water Conservation Commission generally.

(a) through (c) Repealed by Session Laws 1973, c. 1262, s. 38.

(d) In addition to the duties and powers hereinafter conferred upon the Soil and Water Conservation Commission, it shall have the following duties and powers:

(1) To offer such assistance as may be appropriate to the supervisors of soil and water conservation districts, organized as provided hereinafter, in the carrying out of any of their powers and programs.

(2) To keep the supervisors of each of the several districts organized under the provisions of this Chapter informed of the activities and experience of all other districts organized hereunder, and to facilitate an interchange of advice and experience between such districts and cooperation between them.

(3) To coordinate the programs of the several soil and water conservation districts organized hereunder so far as this may be done by advice and consultation.

(4) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this State, in the work of such districts.

(5) To disseminate information throughout the State concerning the activities and programs of the soil and water conservation districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable.

(6) Upon the filing of a petition signed by all of the district supervisors of any one or more districts requesting a change in the boundary lines of said district or districts, the Commission may change such lines in such manner as in its judgment would best serve the interests of the occupiers of land in the area affected thereby.

(7) To receive, review and approve or disapprove applications for planning assistance under the provisions of Public Law 566 (83rd Congress, as amended), and recommend priorities on such applications.

(8) To supervise and review small watershed work plans pursuant to G.S. 139-41.2 and 139-47.

(9) To create, implement, and supervise the Agriculture Cost Share Program for Nonpoint Source Pollution Control pursuant to G.S. 143-215.74.

(10) To review and approve or disapprove the application of a district supervisor for a grant under the Agriculture Cost Share Program for Nonpoint Source Pollution Control as provided by G.S. 139-8(13).

(11) To develop and implement a program for the approval of water quality and animal waste management systems technical specialists.

(12) To develop and approve best management practices for use in the water quality protection programs of the Department of Environment and Natural Resources and to adopt rules that establish criteria governing approval of these best management practices.

(e) A member of the Commission may apply for and receive a grant under the Agriculture Cost Share Program for Nonpoint Source Pollution Control if:

(1) The member does not vote on the application or attempt to influence the outcome of any action on the application; and

(2) The application is approved by the Secretary of Environment and Natural Resources. (1937, c. 393, s. 4; 1947, c. 131, s. 3; 1953, c. 255; 1957, c. 1374, s. 1; 1959, c. 781, s. 5; 1961, c. 746, s. 2; 1965, c. 582, s. 2; c. 932; 1971, c. 396; 1973, c. 1262, s. 38; 1981, c. 326, s. 1; 1995, c. 519, s. 1; 1997-443, s. 11A.119(a); 2001-284, s. 1.)

Editor's Note. — Session Laws 2001-355, ss. 1 to 6 provide for the implementation of the Tar-Pamlico River Basin-Nutrient Sensitive Waters Management Strategy: Agricultural Nutrient Control Strategy, as adopted by the Environmental Management Commission on 12 October 2000 and approved by the Rules Review Commission on 20 November 2000, to become effective on 1 September 2001. A Local Advisory Committee is to be appointed in each county or watershed, as specified in the Basin Oversight Committee, within the Tar-Pamlico River Basin; these committees terminate upon a finding by the Environmental Management Commission that the long-term maintenance of nutrient loads is assured. Under the act, the Soil and Water Commission is to approve best management practices for pasture-based production or management of livestock, including a point system applicable thereto. Harvesting of trees is also addressed. Furthermore, the Basin Oversight Committee is to develop a nutrient loading accounting methodology, to be approved by the Environmental Management Commission no later than 1 March 2003. The Environmental Management Commission may adopt and revise a temporary rule incorporating the provisions of the act until a permanent rule can be adopted. Session Laws 2001-355, s. 7, provides that ss. 2 and 3 of the act expire when the temporary rule becomes effective, and s. 4 expires upon a finding that the long-term maintenance of nutrient loads in the Tar-Pamlico River Basin is assured.

State Government Reorganization. — The Soil and Water Conservation Committee (now the Soil and Water Conservation Commission) was transferred to the Department of Natural and Economic Resources (now the Department of Environment and Natural Resources) by former G.S. 143A-124, enacted by Session Laws 1971, c. 864 and repealed by Session Laws 1973, c. 1262, and remains a part of the Department under G.S. 143B-279.3(b)(21).

§ 139-5. Creation of soil and water conservation districts.

(a) Any 25 occupiers of land lying within the limits of the territory proposed to be organized into a district may file a petition with the Soil and Water Conservation Commission asking that a soil and water conservation district be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district.

(2) That there is need, in the interest of the public health, safety, and welfare, for a soil and water conservation district to function in the territory described in the petition.

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and

bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate.

(4) A request that the Soil and Water Conservation Commission duly define the boundaries for such districts; that a referendum be held within the territory so defined on the question of the creation of a soil and water conservation district in such territory; and that the Commission determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the Soil and Water Conservation Commission may consolidate all or any such petitions.

Town or village lots or government-owned or controlled lands may be included within the boundaries of any district. As used in this subsection: The term "government-owned or controlled land" includes land owned or controlled by any governmental agency or subdivision, federal, State or local; and the term "town and village lots" means parcels or tracts on which no agricultural operations are conducted, or (being less than three acres in extent) whose production of agricultural products for home use or for sale during the immediately preceding calendar year was of less than two hundred and fifty dollars ($250.00) in value. This section applies to existing soil and water conservation districts as well as districts that may hereafter be formed. Insofar as it applies to existing districts it is intended to be declaratory of the present boundaries of such districts as defined by other charters.

(b) Within 30 days after such a petition has been filed with the Soil and Water Conservation Commission, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such districts, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this Chapter, and upon all questions relevant to such inquiries. All occupiers of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for the inclusion of the district, and such further hearing held. After such hearing, if the Commission shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety and welfare, for a soil and water conservation district to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the Commission shall give due weight and consideration to the topography or the area considered and of the state and composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other soil and water conservation districts already organized or proposed for organization under the provisions of this Chapter, and such other physical, geographical and economic factors as are relevant, having due regard to the legislative determination set forth in G.S. 139-2. The territory to be included within such boundaries need not be contiguous. If the Commission shall determine after such hearing after due

consideration of the said relevant facts, that there is no need for a soil and water conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

(c) After the Commission has made and recorded a determination that there is need, in the interest of the public health, safety and welfare for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon soil and water conservation districts in this Chapter is administratively practicable and feasible. To assist the Commission in the determination of such administrative practicability and feasibility, it shall be the duty of the Commission, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a soil and water conservation district of the lands below described and lying in the county(ies) of _____, _____ and _____." and "Against creation of a soil and water conservation district of the lands below described and lying in the county(ies) of _____ and _____." shall appear with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose creation of such district. The ballot shall set forth the boundaries of such proposed district as determined by the Commission. All occupiers of land lying within the boundaries of the territory, as determined by the Soil and Water Conservation Commission, shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote.

(d) The Department of Environment and Natural Resources shall pay all expenses for the issuance of such notices and the conduct of such hearings and referenda, and shall supervise the conduct of such hearings and referenda. It shall issue appropriate regulations governing the conduct of such hearings and referenda, and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such referendum. No informality in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

(e) The Department of Environment and Natural Resources shall publish the results of such referendum and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the Commission shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Commission shall determine that the operation of such district is administratively practicable and feasible, it shall record such in the manner hereinafter provided. In making such determination the Commission shall give due regard and weight to the attitudes of the occupiers of lands lying within the defined boundaries, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the proposed district, the probable

expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative determination set forth in G.S. 139-2: Provided, however, that the Commission shall not have authority to determine that the operations of the proposed district within the defined boundaries is administratively practicable and feasible unless at least a majority of the votes cast in the referendum upon the proposition of creation of the district shall have been cast in favor of the creation of such district.

(f) If the Commission shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two temporary supervisors to act as the governing body of the district, who shall serve until supervisors are elected or appointed and qualify as provided in G.S. 139-6 and 139-7. Such district shall be a governmental subdivision of this State and a public body corporate and politic, upon the taking of the following proceedings:

The two appointed temporary supervisors shall present to the Secretary of State an application signed by them which shall set forth (and such application need contain no detail other than the mere recitals):

(1) That a petition for the creation of the district was filed with the Soil and Water Conservation Commission pursuant to the provisions of this Chapter and that the proceedings specified in this Chapter were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and public body, corporate and politic under this Chapter; and that the Commission has appointed them as supervisors;

(2) The name and official residence of each of the temporary supervisors, together with a certified copy of the appointment evidencing their right to office;

(3) The name which is proposed for the district; and

(4) The location of the principal office of the supervisors of the district.

The application shall be subscribed and sworn to by each of the said temporary supervisors before an officer authorized by the laws of this State to take and certify oaths, who shall certify upon the application that he personally knows the temporary supervisors and knows them to be the officers as affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the Soil and Water Conservation Commission, which shall certify (and such statement need contain no detail other than the mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid, that the Commission did duly determine that there is need, in the interest of the public health, safety and welfare, for a soil and water conservation district to function in the proposed territory and did define the boundaries thereof; that notice was given and a referendum held on the question of the creation of such district, and that the result of such referendum showed a majority of the votes cast in such referendum to be in favor of the creation of the district; that thereafter the Commission did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Commission.

The Secretary of State shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other soil and water conservation district of this State or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other soil and water conservation district of this State, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the Soil and

Water Conservation Commission, which shall thereupon submit to the Secretary of State a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed and recorded, as herein provided, the district shall constitute a governmental subdivision of this State and a public body corporate and politic. The Secretary of State shall make and issue to the said supervisors a certificate, under the seal of the State, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the Soil and Water Conservation Commission as aforesaid, but in no event shall they include any area included within the boundaries of another soil and water conservation district organized under the provisions of this Chapter.

(g) After six months shall have expired from the date of entry of a determination by the Soil and Water Conservation Commission that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petitions may be filed as aforesaid, and action taken thereon in accordance with the provisions of this Chapter.

(h) Petitions for including additional territory within an existing district may be filed with the Soil and Water Conservation Commission, and the proceedings herein provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusions. The Commission shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this Chapter for petitions to organize a district. Where the total number of land occupiers in the area proposed for inclusion shall be less than 25, the petition may be filed when signed by two thirds of the occupiers of such area, and in such case no referendum need be held. In referenda petitions for such inclusion, all occupiers of land lying within the proposed additional area shall be eligible to vote.

(i) In any suit, action or proceeding involving the validity or enforcement of, or relating to any contract, proceeding or action of the district, the district shall be deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of the filing and contents thereof. (1937, c. 393, s. 5; 1947, c. 131, s. 4; 1959, c. 781, s. 6; 1965, c. 582, s. 3; 1973, c. 1262, s. 38; 1977, c. 771, s. 4; 1989, c. 727, s. 218(91); 1997-443, s. 11A.119(a).)

§ 139-6. District board of supervisors — elective members; certain duties.

After the issuance of the certificate of organization of the soil and water conservation district by the Secretary of State, an election shall be held in each county of the district to elect the members of the soil and water conservation district board of supervisors as herein provided.

The district board of supervisors shall consist of three elective members to be elected in each county of the district, and that number of appointive members as provided in G.S. 139-7. Upon the creation of a district, the first election of the members shall be held at the next succeeding election for county officers.

All elections for members of the district board of supervisors shall be held at the same time as the regular election for county officers beginning in November 1974. The election shall be nonpartisan and no primary election shall be held. The election shall be held and conducted by the county board of elections.

Candidates shall file their notice of candidacy on forms prescribed by the county board of elections. The notice of candidacy must be filed no earlier than noon on the second Monday in June and no later than noon on the first Friday in July preceding the election. The candidate shall pay a filing fee of five dollars ($5.00) at the time of filing the notice of candidacy.

Beginning with the election to be held in November 1974, the two candidates receiving the highest number of votes shall be elected for a term of four years, and the candidate receiving the next highest number of votes shall be elected for a term of two years; thereafter, as their terms expire, their successors shall be elected for terms of four years. If the position of district supervisor is not filled by failure to elect, then the office shall be deemed vacant upon the expiration of the term of the incumbent, and the office shall be filled as provided in G.S. 139-7.

The persons elected in 1974 and thereafter shall take office on the first Monday in December following their election.

The terms of the present members of the soil and water conservation districts, both elective and appointive members, are hereby extended to or terminated on the first Monday in December 1974.

All qualified voters of the district shall be eligible to vote in the election. Except as provided in this Chapter, the election shall be held in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes.

The district board of supervisors, after the appointment of the appointive members has been made, shall select from its members a chairman, a vice-chairman and a secretary. It shall be the duty of the district board of supervisors to perform those powers, duties, and authority conferred upon supervisors under this Chapter; to develop annual county and district goals and plans for soil conservation work therein; to request agencies, whose duties are such as to render assistance in soil and water conservation, to set forth in writing what assistance they may have available in the county and district. (1937, c. 393, s. 6; 1947, c. 131, s. 5; 1949, c. 268, s. 1; 1957, c. 1374, s. 2; 1963, c. 815; 1973, c. 502, s. 1; 1975, c. 798, s. 4; 1979, c. 519, s. 1; 1981, c. 560, s. 3; 2002-159, s. 55(h).)

Effect of Amendments. — Session Laws 2002-159, s. 55(h), effective January 1, 2003, and applicable to all primaries and elections held on and after that date, in the fourth paragraph, inserted "no earlier than noon on the second Monday in June and" and deleted "12:00" preceding "noon" in the second sentence, and substituted "time of filing" for "time he files" in the third sentence.

§ 139-7. District board of supervisors — appointive members; organization of board; certain powers and duties.

The governing body of a soil and water conservation district shall consist of the three elective supervisors from the county or counties in the district, together with the appointive members appointed by the Soil and Water Conservation Commission pursuant to this section, and shall be known as the district board of supervisors. When a district is composed of less than four counties, the board of supervisors of each county shall on or before October 31, 1978, and on or before October 31 as the terms of the appointive supervisors expire, recommend in writing two persons from the district to the Commission to be appointed to serve with the elective supervisors. If the names are not submitted to the Commission as required, the office shall be deemed vacant on the date the term is set to expire and the Commission shall appoint two persons of the district to the district board of supervisors to serve with the

elected supervisors. The Commission shall make its appointments prior to or at the November meeting of the Commission. Appointive supervisors shall take office on the first Monday in December following their appointment. Such appointive supervisors shall serve for a term of four years, and thereafter, as their terms expire, their successors shall serve for a term of four years. The terms of office of all appointive supervisors who have heretofore been lawfully appointed for terms the final year of which presently extends beyond the first Monday in December are hereby terminated on the first Monday in December of the final year of appointment. Vacancies for any reason in the appointive supervisors shall be filled for the unexpired term by the appointment of a person by the Commission from the district in which the vacancy occurs. Vacancies for any reason in the elected supervisors shall be filled for the unexpired term by appointment by the Commission of a person from the county in the district in which the vacancy occurs.

In those districts composed of four or more counties, the Commission may, but is not required to, appoint two persons from the district without recommendation from the board of supervisors, to serve as district supervisors along with the elected members of the board of supervisors. Such appointments shall be made at the same time other appointments are made under this section, and the persons appointed shall serve for a term of four years.

The supervisors shall designate a chairman and may, from time to time, change such designation. A simple majority of the board shall constitute a quorum for the purpose of transacting the business of the board, and approval by a majority of those present shall be adequate for a determination of any matter before the board, provided at least a quorum is present. Supervisors of soil and water conservation districts shall be compensated for their services at the per diem rate and allowed travel, subsistence and other expenses, as provided for State boards, commissions and committees generally, under the provisions of G.S. 138-5; provided, that when per diem compensation and travel, subsistence, or other expense is claimed by any supervisor for services performed outside the district for which such supervisor ordinarily may be appointed or elected to serve, the same may not be paid unless prior written approval is obtained from the Department of Environment and Natural Resources.

The supervisors may employ a secretary, technical experts, whose qualifications shall be approved by the Department, and such other employees as they may require, and shall determine their qualifications, duties and compensation. The supervisors may call upon the Attorney General of the State for such legal services as they may require. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents, or employees such powers and duties as they may deem proper. The supervisors shall furnish to the Soil and Water Conservation Commission, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this Chapter.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. In any given year, if the supervisors provide for an internal audit, and the supervisor serving as chairman certifies, under oath, that this internal audit is a true and accurate reflection of the accounts of receipts and disbursements, then the supervisors shall not be required, notwithstanding the provisions of G.S. 159-34, to provide for an audit of the accounts of receipts and disbursements by

a certified public accountant or by an accountant certified by the Local Government Commission. Any supervisor may be removed by the Soil and Water Conservation Commission upon notice and hearing, for neglect of duty, incompetence or malfeasance in office, but for no other reason.

The supervisors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

All district supervisors whose terms of office expire prior to the first Monday in January, 1948, shall hold over and remain in office until supervisors are elected or appointed and qualify as provided in this Chapter, as amended. The terms of office of all district supervisors, who have heretofore been elected or appointed for terms extending beyond the first Monday in January, 1948, are hereby terminated on the first Monday in January, 1948. (1937, c. 393, s. 7; 1943, c. 481; 1947, c. 31, ss. 6, 7; 1957, c. 1374, s. 3; 1963, c. 563; 1973, c. 502, s. 2; c. 1262, s. 38; 1977, c. 387; c. 771, s. 4; 1979, c. 519, s. 2; 1981, c. 330; 1989, c. 66, s. 1; c. 727, s. 218(92); 1991, c. 689, s. 166; 1997-443, s. 11A.119(a).)

§ 139-8. Powers of districts and supervisors.

(a) A soil and water conservation district organized under the provisions of this Article shall constitute a governmental subdivision of this State, and a public body corporate and politic, exercising public powers, and such district, and the supervisors thereof, shall have the following powers in addition to others granted in other sections of this Chapter:

(1) To conduct surveys and investigations relating to the character of soil erosion and floodwater and sediment damages, and to the conservation, utilization, and disposal of water, the development of water resources, and the preventive and control measures and works of improvement needed, to publish the results of such surveys and investigations, and to disseminate information concerning such preventive and control measures and works of improvement.

(2) To carry out preventive and control measures and works of improvement for flood prevention or the conservation, utilization, and disposal of water and development of water resources within the district, including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in subsection (a), subdivision (3) of G.S. 139-2, on lands owned or controlled by this State or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the occupiers of such lands or the necessary rights or interest in such lands.

(3) To cooperate, or enter into agreements with, and within the limits or appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any occupiers of land within the district, in the carrying on of erosion control and prevention operations and works of improvement for flood prevention or the conservation, utilization, and disposal of water and development of water resources within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of this Chapter.

(4) To obtain options upon and to acquire by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and

improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this Chapter; and to sell, lease, or otherwise dispose of its property or interests therein in furtherance of the purposes and the provisions of this Chapter.

(5) To make available, on such terms as it shall prescribe, to land occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, seeds and seedlings, and such other material or equipment as will assist such land occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion and for flood prevention or the conservation, development, utilization, and disposal of water and the development of water resources.

(6) To construct, improve, operate, and maintain such structures, works and projects as may be necessary or convenient for the performance of any of the operations authorized in this Chapter, including watershed improvement structures, works, and projects as well as any other structures, works, and projects which the district is authorized to undertake.

(7) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion and for flood prevention or the conservation, utilization and disposal of water and development of water resources, within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to bring such plans and information to the attention of occupiers of lands within the district.

(8) To act as agent for the United States, or any of its agencies, in connection with the acquisition, construction, operation, or administration of any project for soil conservation, erosion control, erosion prevention, flood prevention, or for the conservation, utilization, and disposal of water and development of water resources, or combinations thereof, within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this State or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations, except that all forest tree seedlings shall be obtained insofar as available from the Department of Environment and Natural Resources in cooperation with the United States Department of Agriculture.

(9) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal, rules and regulations not inconsistent with this Chapter, to carry into effect its purposes and powers.

(10) As a condition to the extending of any benefits under this Chapter to, or the performance of work upon, any lands not owned or controlled by this State or any of its agencies, the supervisors may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require land occupiers to enter into and perform such agreement or covenants as to the permanent use of

such lands as will tend to prevent or control erosion and prevent floodwater and sediment damages therein.

(11) No provision with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state.

(12) Nothing contained in this Chapter shall authorize or allow the withdrawal of water from a watershed or stream except to the extent and degree now permissible under the existing common and statute law of this State; nor to change or modify such existing common or statute law with respect to the relative rights of riparian owners or others concerning the use or disposal of water in the streams of this State; nor to authorize a district, its officers or governing body or any other person, firm, corporation (public or private), body politic or governmental agency to utilize or dispose of water except in the manner and to the extent permitted by the existing common and statute law of this State.

(13) To assist the Commission in the implementation and supervision of the Agriculture Cost Share Program for Nonpoint Source Pollution Control created pursuant to G.S. 143-215.74 and to assist in the implementation and supervision of any other program intended to protect water quality administered by the Department of Environment and Natural Resources by providing technical assistance, allocating available grant monies, and providing any other assistance that may by required or authorized by any provision of federal or State law.

(b) A district supervisor may apply for and receive a grant under the Agriculture Cost Share Program for Nonpoint Source Pollution Control if:

1. The district supervisor does not vote on the application or attempt to influence the outcome of any action on the application; and
2. The application is approved by the Commission. (1937, c. 398, s. 8; 1939, c. 341; 1959, c. 781, s. 7; 1969, c. 711, s. 1; 1973, c. 1262, s. 38; 1977, c. 771, s. 4; 1989, c. 727, s. 218(93); 1995, c. 519, ss. 2, 3; 1997-443, s. 11A.119(a).)

Local Modification. — Duplin (As to subdivision (6)): 1969, c. 286; Johnston: 1969, c. 955; New Hanover: 1969, c. 958; Pender and Sampson (as to subdivision (6)): 1969, c. 286; Wayne: 1969, c. 821.

OPINIONS OF ATTORNEY GENERAL

As to disposition or exchange of land by watershed improvement district, see opinion of Attorney General to Mr. Samuel H. Johnson, Watershed Improvement Commission, 41 N.C.A.G. 228 (1971).

§ 139-8.1. Purposes of Chapter.

(a) It is hereby declared that the provisions of General Statutes Chapter 139 were intended to authorize the maintenance of watershed improvement works and projects, as well as watershed improvement structures. All expenditures heretofore incurred by any local watershed sponsor for any such maintenance of works, projects, or structures are hereby validated and confirmed.

(b) The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such maintenance of works and projects, as well as structures, if the board of county commissioners or other watershed governing body after a public hearing

determines that the proceeds should be so expended. Notice of such hearing shall be published as provided for notices under Article 2 of General Statutes Chapter 139.

(c) The proceeds of any tax hereafter approved by the voters of a county for a watershed improvement program may be expended for such maintenance of works and projects, as well as structures, with or without the holding of a public hearing as designated by subsection (b) of this section, even though any election procedures preliminary to the vote approving the tax may have been initiated prior to the ratification of this section.

(d) No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1970, to enjoin or contest any such expenditure or any such use of tax proceeds. (1969, c. 711, s. 1.)

§ 139-9. Adoption of land-use regulations.

The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving the soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the occupiers of lands lying within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for the inspection of all eligible voters during the period between publication of such notice and the date of the referendum. The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed ordinance number _____, prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed ordinance number _____, prescribing land-use regulations for conservation of soil and prevention of erosion" shall appear, with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. The supervisors shall supervise such referendum, shall prescribe appropriate regulations, governing the conduct thereof, and shall publish the result thereof. All occupiers of lands within the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The supervisors shall not have authority to enact such proposed ordinance into law unless at least two thirds of the votes cast in such referendum shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by a two thirds of the votes cast in such referendum shall not be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of lands within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this section for adoption of land-use regulations. Referenda on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six months.

The regulations to be adopted by the supervisors under the provisions of this section may include:

(1) Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures.

(2) Provisions requiring observance of particular methods of cultivation including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees and grasses, forestation, and reforestation.

(3) Specifications of cropping programs and tillage practices to be observed.

(4) Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on.

(5) Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in G.S. 139-2.

The regulations shall be uniform, throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of lands lying within the district. (1937, c. 393, s. 9.)

§ 139-10. Enforcement of land-use regulations.

The supervisors shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of G.S. 139-9 are being observed. The supervisors are further authorized to provide by ordinance that any land occupier who shall sustain damages from any violation of such regulations by any other land occupier may recover damages at law from such other land occupier for such violation. (1937, c. 393, s. 10.)

§ 139-11. Nonobservance of prescribed regulations; performance of work under the regulations by the supervisors.

Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of G.S. 139-9 are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands and its

interfering with the prevention of control of erosion on other lands within the district, the supervisors may present to the superior court for the county or counties within which the lands of the defendant lie a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant land occupier to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform, the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the cost and expenses thereof, with interest, from the occupier of such land. Upon the presentation of such petition, the court shall cause process to be issued against the defendant, and shall hear the case. If it appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may dismiss the petition, or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, with interest at the rate of five per centum (5%) per annum, from the occupier of such lands.

The court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the court the supervisors may file a petition with the court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The court shall have jurisdiction to enter judgment for the amount of such costs and expenses, with interest at the rate of five per centum (5%) per annum until paid, together with the costs of suit, including a reasonable attorney's fee to be fixed by the court. This judgment, when filed in accordance with the provisions of G.S. 1-234, shall constitute a lien upon such lands. (1937, c. 393, s. 11.)

§ 139-12. Cooperation between districts.

The supervisors of any two or more districts organized under the provisions of this Chapter may cooperate with one another in the exercise of any or all powers conferred in this Chapter. (1937, c. 393, s. 12.)

§ 139-13. Discontinuance of districts.

At any time after five years after the organization of a district under the provisions of this Chapter, any 25 occupiers of land lying within the boundaries of such districts may file a petition with the Soil and Water Conservation Commission praying that the operations of the district be terminated and the existence of the district discontinued. The Commission may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within 60 days after such a petition has

been received by the Commission it shall give due notice of the holding of a referendum, and shall supervise such referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the _____ (name of the soil and water conservation district to be here inserted)" and "Against terminating the existence of the _____ (name of the soil and water conservation district to be here inserted)" shall appear with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose discontinuance of such district. All occupiers of lands lying within the boundaries of the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The Department of Environment and Natural Resources shall publish the result of such referendum and shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the Commission shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the Commission shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the Commission shall give due regard and weight to the attitudes of the occupiers of lands lying within the district, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in G.S. 139-2: Provided, however, that the Commission shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of such district.

Upon receipt from the Soil and Water Conservation Commission of a certification that the Commission has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the State treasury. The supervisors shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificates of the Soil and Water Conservation Commission setting forth the determination of the Commission that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The Secretary of State shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within

such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or supervisors are parties, shall remain in force and effect for the period provided in such contracts. The Soil and Water Conservation Commission shall be substituted for the district or supervisors as party to such contracts. The Commission shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise as the supervisors of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of G.S. 139-11, nor the pendency of any action instituted under the provisions of such section, and the Commission shall succeed to all the rights and obligations of the district or supervisors as to such liens and actions.

The Soil and Water Conservation Commission shall not entertain petitions for the discontinuance of any district nor conduct referenda upon such petitions, nor make determinations pursuant to such petitions, in accordance with the provisions of this Chapter, more often than once in five years. (1937, c. 393, s. 13; 1973, c. 1262, s. 38; 1977, c. 771, s. 4; 1989, c. 727, s. 218(94); 1997-443, s. 11A.119(a).)

§ 139-14. Dividing large districts.

Whenever the Soil and Water Conservation Commission shall receive a petition from any board of district supervisors signed by all supervisors of such district, the Commission shall have the authority to divide such district into two or more districts. The governing bodies of the resulting districts shall be composed of supervisors in the same manner and in the same number as is provided in G.S. 139-6 and 139-7. Upon the creating of new districts through dividing an existing district under the provisions of this section, the Commission shall appoint all district supervisors necessary to give such district its full quota of supervisors who shall serve until regular supervisors are elected or appointed, as the case may be, at the time of the next regular election of supervisors. The Commission shall assign a name to each district resulting from the division of the district under the provisions of this section and do all other things necessary to complete the organization of such new districts and place them on an operating basis. (1947, c. 131, s. 8; 1973, c. 1262, s. 38.)

§ 139-15. "County committeeman" construed to mean "county supervisor"; powers and duties.

Wherever the words "county committeeman" or "county committeemen" appear in this Chapter, the same shall be construed to mean "county supervisor" or "county supervisors"; and each such county committeeman or county supervisor shall receive the same compensation and have and exercise the same rights, powers, duties, responsibilities and voting privileges granted to or imposed upon district supervisors in respect to soil conservation activities under the provisions of this Chapter. (1949, c. 268, s. 2.)

Article 2.

Watershed Improvement Districts.

§§ 139-16 through 139-20: Repealed by Session Laws 1993, c. 391, ss. 2-6.

§ 139-20.1. Validation of creation of certain districts.

All actions had and taken prior to March 1, 1963, by supervisors of soil and water conservation districts, boards of county commissioners, boards of election, registrars, or other officials in the course of attempting to form and create watershed improvement districts, are hereby ratified, approved, validated and confirmed, as if accomplished in full and complete compliance with the law, and any watershed improvement district with respect to which formation may have been attempted and completed prior to March 1, 1963, is hereby declared to be lawfully formed, created, and in all respects constituted a legal and valid watershed improvement district. (1963, c. 918, s. 1.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 762, s. 5 changed the term "registrar" to "chief judge" throughout Chapter 163. It appears the reference to "registrars" above should now be a reference to "chief judges."

§§ 139-21 through 139-30: Repealed by Session Laws 1993, c. 391, ss. 7-16.

§ 139-31: Repealed by Session Laws 1963, c. 1228, s. 9.

§§ 139-32 through 139-36: Repealed by Session Laws 1993, c. 391, ss. 17-21.

§§ 139-37, 139-37.1: Recodified as §§ 139-48, 139-49 by Session Laws 1993, c. 391, ss. 22, 23.

§ 139-38: Repealed by Session Laws 1993, c. 391, s. 24.

Article 3.

Watershed Improvement Programs; Expenditure by Counties.

§ 139-39. Alternative method of financing watershed improvement programs by special county tax.

The board of county commissioners in any county is authorized to call a special election to determine whether it be the will of the qualified voters of the county that they levy and cause to be collected annually, at the same time and in the same manner as the general county taxes are levied and collected, a special tax at a rate not to exceed twenty-five cents (25¢) on each one hundred dollars ($100.00) valuation of property in said county, to be known as a "Watershed Improvement Tax," the funds therefrom, if the levy be authorized by the voters of said county, to be used for the prevention of flood water and sediment damages, and for furthering the conservation, utilization and disposal of water and the development of water resources. (1959, c. 781, s. 10; 1967, c. 987, s. 8.)

Local Modification. — Alexander: 1967, c. 500; Cabarrus: 1965, c. 615; Camden: 1973, cc. 387, 957; Caswell: 1969, c. 553; Graham: 1967, c. 503; Iredell: 1967, c. 623; Johnston: 1969, c. 955; Lincoln: 1969, c. 934; Mecklenburg: 1969, c. 1191; Mitchell: 1963, c. 1033; New Hanover: 1969, c. 958; Onslow: 1967, c. 725, s. 1; Pasquotank: 1973, c. 957; Perquimans: 1973, c. 957; Person: 1967, c. 111, s. 1; Polk: 1963, c. 996; Rowan: 1967, c. 568; Stokes: 1963, c. 156;

Surry: 1963, c. 442; Union: 1965, c. 19, s. 1; Wayne: 1969, c. 821; Yadkin: 1961, c. 433.

§ 139-40. Conduct of election.

(a) There shall be no new registration of voters for such an election. Registration shall be open for registration of new voters in said county and registration of any and all legal residents of said county, who are or could legally be enfranchised as qualified voters for regular general elections, shall be carried out in accordance with the general election laws of the State of North Carolina as provided for local elections. Notice of such registration of new voters shall be published in a newspaper circulated in said county, once, not less than 55 days before and not more than 65 days before the election, stating the hours and days for registration. The special election, if called, shall be under the control and supervision of the county board of elections.

(b) The form of the question shall be substantially the words "For Watershed Improvement Tax of Not More Than _____ Cents Per One Hundred Dollar ($100.00) Valuation," and "Against Watershed Improvement Tax of Not More Than _____ Cents Per One Hundred Dollar ($100.00) Valuation," which alternates shall appear separated from each other on one ballot containing opposite, and to the left of each alternate, squares of appropriate size in one of which squares the voter may make a mark "X" to designate the voter's choice for or against such tax, provided, the board of county commissioners may vary the aforesaid form of the question to be placed upon the ballot for the watershed improvement tax election in such manner as the board deems appropriate, and the board of elections shall cause to be placed upon the ballot such form of the question as may be requested by the board of county commissioners. The board of county commissioners shall designate the amount of the maximum annual rate of such tax to be levied, which amount may be less than but may not exceed twenty-five cents (25¢) on the one hundred dollar ($100.00) valuation of property in the county, and said amount shall be stated on the ballot in the question to be voted upon. Such ballot shall be printed on white paper and each polling place shall be supplied with a sufficient number of ballots not later than the day before the election. At such special election the election board shall cause to be placed at each voting precinct in said county a ballot box marked "Watershed Improvement Tax Election".

(c) The duly appointed judges and other election officials who are named and fixed by the county board of elections shall count the ballots so cast in such election and the results of the election shall be officially canvassed, certified and announced by the proper officials of the board of elections, according to the manner of canvassing, certifying and announcing the elections held under the general election laws of the State as provided for local elections.

(d) If a majority of those voting in such election favor the levying of such a tax, the board of commissioners of such county is authorized to levy a special tax at a rate not to exceed twenty-five cents (25¢) on each one hundred dollars ($100.00) of assessed value of real and personal property taxable in said county, not to exceed the maximum rate of tax approved by the voters in such election, and the General Assembly does hereby give its special approval for the levy of such special tax. (1959, c. 781, s. 10; 1961, c. 32; 1969, c. 711, s. 2; 1993 (Reg. Sess., 1994), c. 762, s. 10.)

§ 139-41. Powers of county commissioners.

(a) If the majority of the qualified voters voting in such election favor the levying of such tax, then and in that event, the board of county commissioners shall have all powers of soil and water conservation districts as set forth in subdivisions (1), (2), (3), (4), (5), (6), (7), (8) and (10) of G.S. 139-8 (subject to the limitations set forth in subdivision (12) of such section) concerning flood prevention, development of water resources, floodwater and sediment damages, and conservation, utilization and disposal of water. It is the intention of the General Assembly that such powers shall normally be exercised within all or parts of one or more single watersheds, or of two or more watersheds tributary to one of the major drainage basins of the State, but exceptions to this policy may be permitted in appropriate cases; provided, however, it is not the intention of the General Assembly to authorize hereby the diversion of water from one stream or watershed to another.

(b) The board of county commissioners may itself exercise such powers or, for that purpose, may create a watershed improvement commission to be composed of three members appointed by the board. The terms of office of the members of the commission shall be six years, with the exception of the first two years of existence of the commission, in which one member shall be appointed to serve for a period of two years, one for a period of four years, and one for a period of six years; thereafter all members shall be appointed for six years, and shall serve until their successors have been appointed and qualified. Vacancies in the membership of the commission occurring otherwise than by expiration of term shall be filled by appointment to the unexpired term by the board of county commissioners. The commission shall hold its first meeting within 30 days after its appointment as provided for in this Article, and the beginning date of all terms of office of commissioners shall be the date on which the commission holds its first meeting. The commission at its first meeting shall select a chair, vice-chair, and secretary-treasurer to serve two-year terms. All acts done by the commission shall be entered in a book of minutes to be kept by the secretary-treasurer. A majority of the membership of the commission shall constitute a quorum. The commission shall meet in regular session at least quarterly and may meet specially upon the call of the chair or any members, and upon at least three-day notice of the time, place, and purpose of the meeting. The commission shall provide the board of county commissioners 30 days prior to July 1 a proposed budget for the fiscal year commencing on July 1 and shall provide the board of county commissioners an audit by a certified public accountant within 60 days after the expiration of the fiscal year ending on June 30.

(c) The board of county commissioners may create a single watershed improvement commission for the entire county or may create separate commissions for individual projects or watersheds.

(d) The board of county commissioners, as an alternative to itself exercising the powers set forth in subsection (a) of this section or to creating a watershed improvement commission for that purpose, may by resolution designate the soil and water conservation district having jurisdiction in the county to exercise authority for the board of county commissioners in carrying out the county watershed improvement program. The soil and water conservation district shall provide the board of county commissioners 30 days prior to July 1 a proposed budget for the fiscal year commencing on July 1 and shall provide the board of county commissioners an audit by a certified public accountant within 60 days after the expiration of the fiscal year ending on June 30.

(e) Repealed by Session Laws 1981, c. 326, s. 5.

(f) Any industry or private water user, the State of North Carolina, the United States or any of its agencies, any municipality, any other county, or any other political subdivision may participate in county watershed improvement programs hereunder in the same manner and to the same extent as provided by G.S. 139-37 with respect to participation in watershed improvement district programs.

(g) The board of county commissioners may provide for county watershed improvement programs and any or all other related activities (such as water supply systems, sewerage systems, water resources programs, beach erosion control programs, and conservation programs) to be coordinated, to be jointly undertaken by two or more local agencies, or to be assigned to a single county agency designated by such name and organized in such manner as the board deems appropriate.

(h) A Watershed Improvement Commission created pursuant to subsection (b) of this section or a soil and water conservation district designated pursuant to subsection (d) of this section may employ such officers, agents, consultants, and other employees as they may require; shall determine their qualifications, duties, and compensation; shall provide for the execution of surety bonds for the secretary-treasurer and such other officers, agents, and employees as shall be entrusted with funds or property, and shall provide for making and publication of an annual audit of the accounts of receipts and disbursements of the watershed improvement program.

(i) District supervisors and watershed improvement commissioners shall receive a per diem allowance of seven dollars ($7.00) and necessary expenses while engaged in the discharge of official duties pursuant to subsections (b) and (d) of this section. Claims for per diem and expenses for any duty except attendance upon a meeting shall be paid only after approval of the commission or the Board of Supervisors respectively. (1959, c. 781, s. 10; 1967, c. 987, s. 10; 1969, c. 711, s. 3; 1971, c. 1138, s. 2; 1973, c. 1262, s. 38; 1981, c. 326, s. 5; 1993, c. 391, s. 25.)

Local Modification. — Davie: 1961, c. 794, s. 11/2; Forsyth: 1963, c. 761, s. 4; Guilford: 1963, c. 734; Iredell: 1961, c. 794, s. 11/2; 1963, c. 955; McDowell: 1963, c. 637; Onslow: 1967, c. 725, s. 21/2; Person: 1961, c. 794, s. 11/2; 1967, c. 111, s. 2; Polk: 1961, c. 794, s. 11/2; Rowan: 1961, c. 794, ss. 1, 11/2; 1963, c. 109; Stokes: 1963, cc. 155, 401; Union: 1961, c. 794, s. 11/2; 1963, c. 955; 1965, c. 19, s. 2; Wake: 1961, c. 794, s. 11/2; Yadkin: 1961, c. 794, s. 11/2; 1963, c. 401.

Editor's Note. — Section 10 of Session Laws 1967, c. 987, which amended this section, provides: "It is hereby declared that the purpose of this section is to clarify the existing authority of boards of county commissioners to acquire property in connection with county watershed improvement programs. The authority expressed in this section concerning acquisition, use and disposition of property by counties under the provisions of G.S. 139-41 (a)(4) shall be considered to be in addition to the general property acquisition use and disposal powers of counties under G.S. Chapter 153 or otherwise. All expenditures heretofore incurred by counties for property acquisition in connection with county watershed improvement programs are hereby validated and confirmed, as being based upon said general property acquisition powers of counties. The proceeds of any tax heretofore or hereafter approved by the voters of a county for a county watershed improvement program, or authorized by local act for a county watershed improvement program, may be expended for property acquisition in connection with such program." Chapter 153 was repealed by Session Laws 1973, c. 822. For present provisions relating to counties, see Chapter 153A.

§ 139-41.1. Powers of counties that are not authorized to levy watershed improvement taxes.

A county may exercise any of the powers set out in this Article without having been authorized to levy a watershed improvement tax pursuant to the procedures of G.S. 139-39 and 139-40 or otherwise. (1981, c. 251, s. 1.)

§ 139-41.2. Review of watershed work plans.

(a) Watershed work plans developed under Public Law 566 (83rd Congress) as amended, and all other work plans developed pursuant to this Chapter, shall be submitted to the Soil and Water Conservation Commission for review and approval or disapproval. No work of improvement may be constructed or established without the approval of work plans by the Soil and Water Conservation Commission pursuant to this section.

(b) The Soil and Water Conservation Commission shall approve a watershed work plan if, in its judgment, it:

(1) Provides for proper and safe construction of proposed works of improvement;

(2) Shows that the construction and operation of the proposed works of improvement (in conjunction with other such works and related structures of the district and the watershed) will not appreciably diminish the flow of useful water that would otherwise be available to existing downstream water users during critical periods;

(3) Determines whether a program of flood plain management in connection with such proposed works is in the public interest, and the Soil and Water Conservation Commission may withhold approval until satisfactory flood plain management measures are incorporated; and

(4) Is otherwise in compliance with law.

(c) Amendments to the work plan involving major changes shall be approved by the Soil and Water Conservation Commission. Determinations by the Soil and Water Conservation Commission that an amendment involve major changes shall be conclusive for purposes of this section. No work of improvement may be constructed or established without the approval of work plans by the Soil and Water Conservation Commission pursuant to this subsection. The construction or establishment of any such work of improvement without such approval, or without conforming to a work plan approved by the Soil and Water Conservation Commission, may be enjoined. The Soil and Water Conservation Commission may institute an action for such injunctive relief in the superior court of any county wherein such construction or establishment takes place.

(d) In conjunction with any work plans submitted to the Soil and Water Conservation Commission under subsection (c) of this section, a county shall submit in such form as the Soil and Water Conservation Commission may prescribe a plan of its proposed method of operations for works of improvement covered by the work plans and for related structures. With the approval of the Soil and Water Conservation Commission, the county may amend its initial plan of operations from time to time. Soil and Water Conservation Commission approval of the initial plan of operations shall not be required.

(e) If the Soil and Water Conservation Commission has reason to believe that a county is not operating any work of improvement or properly related structure in accordance with its plan of operations as amended, the Soil and Water Conservation Commission on its own motion or upon complaint may order a hearing to be held thereon upon not less than 30 days' written notification to the county and complainant, if any, by personal service or registered mail. Notice of such hearing shall be published at least once a week for two successive weeks. In connection with any such hearing the Soil and Water Conservation Commission shall be empowered to administer oaths; to take testimony; and, in the same manner as the superior court, to order the taking of depositions, issue subpoenas, and to compel the attendance of witnesses and production of documents. If the Soil and Water Conservation Commission determines from evidence of record that the county is not operating any work of improvement or related structure in accordance with its

plan of operations, as amended, the Soil and Water Conservation Commission may issue an order directing the county to comply therewith or to take other appropriate corrective action. Upon failure by a county to comply with any such order, the Soil and Water Conservation Commission may institute an action for injunctive relief in the superior court of any county wherein such noncompliance occurs. (1981, c. 326, s. 6.)

§ 139-41.3. Liability of owners of land associated with watershed improvement projects.

(a) Purpose. — The purpose of this section is to encourage owners of land to make land and water areas available to the public at no cost for educational and recreational purposes by limiting the liability of the owner to persons entering the land for those purposes. The further purpose of this section is to establish a statutory rule of landowner liability law to govern the liability of a landowner whose land is associated with a watershed improvement project as defined by this Chapter to persons entering the land for educational and recreational purposes without charge. This statutory rule modifies the common law of North Carolina concerning landowner liability.

(b) Definitions. — The following definitions apply in this section, unless otherwise specified:

(1) Charge. — A price or fee asked for services, entertainment, recreation performed, or products offered for sale on land or in return for an invitation or permission to enter upon land, except as otherwise excluded in this section.

(2) Educational purpose. — Any activity undertaken as part of a formal or informal educational program, and viewing historical, natural, archaeological, or scientific sites.

(3) Land. — Real property, land, and water. The term does not include a dwelling or the property immediately adjacent to and surrounding the dwelling that is generally used for activities associated with occupancy of the dwelling as a living space.

(4) Land associated with watershed improvement projects. — The entire parcel or set of parcels on which any part of a watershed improvement project is located, including any fee easement, leasehold interest or legal possession.

(5) Legal entity. — The term includes (in addition to a private entity) a county, city, special district, public authority, or other unit or agency of government.

(6) Owner. — Any individual or legal entity that has any fee, easement, leasehold interest, or legal possession, and any employee or agent of the individual or legal entity.

(7) Recreational purpose. — Any activity undertaken for recreation, exercise, education, relaxation, refreshment, diversion, or pleasure.

(c) Exclusion. — For purposes of this Chapter, the term "charge" does not include any of the following:

(1) Any contribution in-kind, services, or cash contributed by a person, legal entity, nonprofit organization, or governmental entity other than the owner, whether or not sanctioned or solicited by the owner, the purpose of which is to: (i) remedy damage to land caused by educational or recreational use; or (ii) provide warning of hazards on, or remove hazards from, land used for educational or recreational purposes.

(2) Unless otherwise agreed in writing or otherwise provided by the State or federal tax codes, any property tax abatement or relief received by the owner from the State or local taxing authority in exchange for the

owner's agreement to open the land for educational or recreational purposes.

(3) Any volunteer service involving trash pickup, stream cleanup, or stream bank restoration.

(d) Limitation of Liability. — Except as specifically recognized by or provided for in this section, an owner of land associated with a watershed improvement project, as defined by this Chapter, who either directly or indirectly invites or permits without charge any person to use the land for educational or recreational purposes owes the person the same duty of care that he or she owes a trespasser, except that nothing in this Chapter shall be construed to limit or nullify the doctrine of attractive nuisance and the owner shall inform direct invitees of artificial or unusual hazards of which the owner has actual knowledge.

This section does not apply to an owner who invites or permits any person to use land for a purpose for which the land is regularly used and for which a price or fee is usually charged even if it is not charged in that instance, or to an owner whose purpose in extending an invitation or granting permission is to promote a commercial enterprise. (2001-272, s. 1.)

Editor's Note. — Session Laws 2001-272, which added this section, provides in s. 2: "This act becomes effective October 1, 2001, and applies to all causes of action arising on or after that date. All insurance policies providing liability coverage for land, as defined in G.S. 139-41.3(b)(3) covered by Section 1 of this act [G.S. 139-41.3] shall be rerated on the anniversary dates of the policies next following the effective date of Section 1 of this act, to reflect the added limitation of liability contained in G.S. 139-41.3."

§ 139-42. Article intended as supplementary.

This Article is intended to provide an alternative method of financing and operating watershed improvement programs, supplementary to any other method authorized by law. (1959, c. 781, s. 10; 1993, c. 391, s. 26.)

§ 139-43: Repealed by Session Laws 1993, c. 391, s. 27.

§ 139-44. Power of eminent domain conferred on counties.

(a) A county shall have the power to acquire by condemnation any interest in land needed in carrying out the purposes of this act, except interests in land within the boundaries of any project licensed by the Federal Power Commission or interests in land owned or held for use by a public utility as defined in G.S. 62-3. This power may be exercised only after:

(1) The county makes application to the Soil and Water Conservation Commission, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

(2) The Soil and Water Conservation Commission finds that the land is sought to be acquired for a proper county purpose. The findings of the Soil and Water Conservation Commission shall be conclusive in the absence of fraud, notwithstanding any other provision of law.

(b) The Soil and Water Conservation Commission shall certify copies of its findings to the applicant county, the Environmental Management Commission and the clerk of the superior court of the county or counties wherein any part of the project lies for recordation in the special proceedings thereof.

(c) For purposes of this section:

(1) The term "interest in land" means any land, right-of-way, right of access, privilege, easement, or other interest in or relating to land. Said "interest in land" does not include an interest in land which is

held or used in whole or in part for a public water supply, unless such "interest in land" is not necessary or essential for such uses or purposes.

(2) A "description" of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant county, boundaries may be described by any of the following methods or any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.

(3) "Commission" means the Soil and Water Conservation Commission.

(d) The procedure in all condemnation proceedings pursuant to this section shall conform as nearly as possible to the procedure provided in Chapter 40A and all acts amendatory thereof.

(e) Interests in land acquired pursuant to this section may be used in such manner and for such purposes as the board of county commissioners deem best. If, in the opinion of the board, such lands should be sold, leased or rented, the board may do so, subject to the approval of the Soil and Water Conservation Commission.

(f) All provisions of local acts inconsistent herewith limiting condemnation powers of counties for county watershed improvement programs are hereby repealed. (1967, c. 987, s. 5; 1973, c. 1262, s. 38; 1981, c. 326, s. 4; c. 919, s. 19; 1993, c. 391, ss. 28, 29.)

Editor's Note. — This section was formerly G.S. 139-38. It was amended and transferred to its present position by Session Laws 1981, c. 326, s. 4. Former G.S. 139-44 was renumbered as G.S. 139-38 by Session Laws 1981, c. 326, s. 7.

§ 139-45. Extraterritorial powers of counties.

A county which has been authorized to levy a watershed improvement tax, whether pursuant to Article 3 of General Statutes 139 or by special act or otherwise, may take any authorized watershed action and may expend funds for any authorized watershed purpose (including acquisition of real and personal property, easements, options, or other interests in real property) outside as well as inside the boundaries of the county, if the board of county commissioners finds that substantial flood prevention, drainage or water supply benefits will accrue to property located within the boundaries of the county as a result of such action or expenditure. The board of county commissioners may delegate to a watershed improvement commission the function of making such findings, either generally or in a particular case. (1967, c. 987, s. 7.)

§ 139-46. Recreational and related aspects of watershed improvement programs.

(a) Local watershed sponsors may install and maintain recreational facilities and services in connection with watershed improvement works or projects, and may provide areas (including structures) for the conservation and replacement of fish and wildlife habitat. For any of these purposes said sponsors may appropriate and expend funds, may levy taxes and assessments, and may issue bonds and notes, to the same extent as in the case of other authorized watershed activities. Such recreational facilities and services may include but are not limited to any or all of the water-related recreational facilities provided for in subsection (b) of this section, and parking areas, ingress and egress

roads, hiking or nature trails, picnic areas and campsites. No application for watershed planning under Public Law 566 (83rd Congress, United States), as amended, may be approved by the Soil and Water Conservation Commission until after receipt and consideration of recommendations from the appropriate fish and wildlife agency concerning replacement of fish and wildlife habitat in mitigation of anticipated damages: Provided that this requirement for consideration of fish and wildlife recommendations shall not apply if such recommendations are not received by the Soil and Water Conservation Commission within 30 days after the Soil and Water Conservation Commission requests such recommendations. Within the meaning of this provision the "appropriate fish and wildlife agency" means the North Carolina Wildlife Resources Commission as to matters within its jurisdiction, and the North Carolina Department of Environment and Natural Resources as to matters within its jurisdiction, or both such agencies as to matters within their concurrent jurisdiction.

(b) It is hereby declared that the provisions of this Chapter authorizing works of improvement, structures, plans, surveys and investigations for the development of water resources were intended to include water-related recreational facilities, including but not limited to boat launching areas and facilities, bathhouses, campsites and picnic areas adjacent to the water, and other basic facilities for water recreational areas. All expenditures heretofore incurred by any local watershed sponsor for such water-related recreational facilities are hereby validated and confirmed. The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such water-related recreational facilities, if the board of county commissioners after a public hearing determines that the proceeds should be so expended. Notice of such hearing shall be published at least once a week for two consecutive weeks in at least one newspaper of general circulation published in the county, in lieu thereof, in a newspaper of general circulation in the county. No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1968, to enjoin or contest any such expenditure or any such use of tax proceeds.

(c) Within the meaning of this section "local watershed sponsors" include soil and water conservation districts, drainage districts, municipalities, and counties undertaking county watershed programs under Article 3 of this Chapter or any local act granting similar powers. (1967, c. 987, s. 9; 1973, c. 1262, ss. 38, 86; 1977, c. 771, s. 4; 1989, c. 727, s. 218(95); 1993, c. 391, s. 30; 1997-443, s. 11A.119(a).)

§ 139-47: Repealed by Session Laws 1993, c. 391, s. 31.

§ 139-48. Participation by cities, counties, industries and others.

(a) Any industry, or private water user, the State of North Carolina, the United States or any of its agencies, any county, municipality or any other political subdivision may participate in watershed improvement works or projects upon mutually agreeable terms relating to such matters as the construction, financing, maintenance and operation thereof.

(b) Any county or municipality may contribute funds toward the construction, maintenance and operation of watershed improvement works or projects, to the extent that such works or projects:

(1) Provide a source (respectively) of county or municipal water supply; or protect an existing source of such supply, enhance its quality or increase its dependable capacity or quantity; or

(2) Protect against or alleviate the effects of flood-water or sediment damages affecting, or provide drainage benefits for, (respectively) county or municipally owned property or the property (respectively) of county or municipal inhabitants located outside the boundaries of such works or projects but within the respective boundaries of such county or municipality.

Each county and city may fund appropriations for the purposes of this section by levy of property taxes pursuant to G.S. 153A-149 and G.S. 160A-209 and by the allocation of other revenues whose use is not otherwise restricted by law. (1959, c. 781, s. 8; 1973, c. 803, s. 33; 1993, c. 391, ss. 22, 32.)

§ 139-49. Borrowing by local units for anticipated water supplies.

(a) Any local unit may issue bonds or other obligations in the manner provided by this section (and may appropriate and expend funds derived therefrom) for the purpose of financing all or any part of the cost of providing storage capacity for anticipated future or present water supply needs, in conjunction with any watershed improvement work or project.

(b) Any two or more local units, each situated in whole or in part in the basin of the same river in which a watershed improvement work or project is located, may issue bonds or other obligations for the purpose stated in subsection (a) of this section in such amounts as constitute their proportionate parts, respectively, of the estimated cost of such a work or project. The governing bodies of said local units shall jointly determine and agree upon the proportionate part of the estimated cost which each local unit is to bear, taking into consideration the taxable resources of each local unit and such other economic and beneficial factors as deemed pertinent and advisable, and such determination shall be recorded in the minutes of each such body.

(c) Such bonds or other obligations of counties shall be issued pursuant to the Local Government Finance Act, Chapter 159 of the General Statutes: Provided, the amount thereof shall constitute a deduction from the gross debt under G.S. 159-55(a)(2): Provided, further, the provisions of G.S. 159-65(2) shall not apply to such bonds.

(d) Such bonds or other obligations of municipalities shall be issued pursuant to the Local Government Finance Act, Chapter 159 of the General Statutes, and the amount thereof shall constitute a deduction from the gross debt under G.S. 159-55(a)(2): Provided, such bonds may not be consolidated with bonds authorized by another ordinance as provided in G.S. 159-65(2).

(e) Notwithstanding any other provisions of law, the Local Government Commission may sell any bonds or other obligations issued pursuant to this section to the United States of America, or any agency thereof, at private sale and without advertisement. The first installment of principal of bonds or other obligations issued under this section may be made payable not more than 10 years after the date of the bonds or obligations. Accrual of interest may be deferred not more than 10 years. Any such bonds or other obligations may contain appropriate provisions which will authorize the initiation of payments of interest and installments of principal on the bonds on a date not later than 10 years from the date of such bonds or obligations, or on the date when the local unit shall begin to use such local water supplies, whichever date shall occur first. The date on which such use of local water supplies begins shall be determined by the governing body of the local unit issuing such bonds or other obligations, which determination shall be binding and conclusive.

(f) If the bonds or other obligations of one or more local units which have agreed upon their proportionate part of the estimated cost, as provided for in

subsection (b) of this section, are required by the laws or the Constitution to be submitted to the voters of such local unit at an election and a majority of said voters voting in said election vote against the issuance of such bonds, the bonds or other obligations of any other local unit which have been duly authorized may be issued in whole or in part only when a sufficient number of local units have agreed upon their proportionate part as provided in subsection (b) of this section and have duly authorized their bonds or obligations so that the full amount of such estimated cost may be paid.

(g) As used in this section the following terms have the following meanings:

"Local unit" means any county or municipality.

"Local water supplies" include any municipal or county water supplies, whether or not the purposes served by a particular storage facility financed under this section initially include service to domestic or any other water supply customers.

"Costs" include the cost of water storage capacity in a structure or facility (or other equivalent costs for water supply purposes) and the cost of facilities for release or withdrawal of water stored for water supply purposes, as well as other installation costs of a structure or facility including costs of real and personal property, easements, options, or other interests in real property, and water rights, engineering and inspection fees, contract administration costs, and costs of conveyance facilities for local water supplies. (1967, c. 987, s. 4; 1993, c. 391, ss. 23, 33(a), (b).)

§§ 139-50 through 139-52: Reserved for future codification purposes.

Article 4.

Grants for Small Watershed Projects.

§ 139-53. State Soil and Water Conservation Commission authorized to accept applications.

The State Soil and Water Conservation Commission is authorized to accept applications for grants for nonfederal costs relating to small watershed projects authorized under Public Law 566 (83rd Congress as amended) from local sponsors of such projects properly organized under the provisions of either Chapter 156 of the General Statutes of North Carolina or Chapter 139 of the General Statutes of North Carolina, or from county service districts authorized by G.S. 153A-301, or from municipal service districts authorized by G.S. 160A-536. Applications shall be made on forms prescribed by the Commission. (1977, 2nd Sess., c. 1206; 1981, c. 326, s. 9.)

§ 139-54. Purposes for which grants may be requested.

Applications for grants may be made for the nonfederal share of small watershed projects for the following purposes in amounts not to exceed the percentage of the nonfederal costs indicated:

(1) Land rights acquisition for impounding or retarding water — fifty percent (50%).

(2) Engineering fees — fifty percent (50%).

(3) Anticipated future and present water supply needs in conjunction with watershed improvement works or projects as described in G.S. 139-37.1 — fifty percent (50%).

(4) Installation of recreational facilities and services (to include land acquisition) as described in G.S. 139-46 — fifty percent (50%).

(5) Construction costs for water management (drainage or irrigation) purposes, including utility and road relocations not funded by the State Department of Transportation — sixty-six and two-thirds percent (66 ⅔%).

(6) Conservation and replacement of fish and wildlife habitat as described in G.S. 139-46 — seventy-five percent (75%).

(7) Rehabilitation or improvement of water resources structural measures in accordance with criteria established by the Natural Resources Conservation Service of the United States Department of Agriculture pursuant to the Watershed Protection and Flood Prevention Act of 1954, as amended by the Small Watershed Rehabilitation Amendments of 2000 (Pub. L. No. 106-472, 114 Stat. 2007), codified at 16 U.S.C. § 1001, et. seq.; the Dam Safety Law of 1967, G.S. 143-215.23, et. seq.; and rules adopted pursuant thereto — fifty percent (50%). (1977, 2nd Sess., c. 1206; 1979, c. 1046, s. 2; 2002-176, s. 3.)

Effect of Amendments. — Session Laws 2002-176, s. 3, effective October 31, 2002, added subdivision (7); and made minor stylistic changes throughout the section.

§ 139-55. Review of applications.

(a) The State Soil and Water Conservation Commission shall receive and review applications for grants for small watershed projects authorized under Public Law 566 (83rd Congress, as amended) and approve, approve in part, or disapprove all such applications.

(b) In reviewing each application, the State Soil and Water Conservation Commission shall consider:

(1) The financial resources of the local sponsoring organization;

(2) Nonstructural measures such as sedimentation control ordinances and flood plain zoning ordinances enacted and enforced by local governments to alleviate flooding;

(3) Regional benefits of projects to an area greater than the area under jurisdiction of the local sponsoring organization;

(4) Any direct benefit to State-owned lands and properties. (1977, 2nd Sess., c. 1206; 2002-165, s. 2.17.)

Effect of Amendments. — Session Laws 2002-165, s. 2.17, effective October 23, 2002, substituted "sedimentation control" for "sediment control" in subdivision (b)(2).

§ 139-56. Recommendation of priorities and disbursal of grant funds.

Whenever two or more applications for grants are approved in whole or in part, the State Soil and Water Conservation Commission shall establish priorities among the several applications for disbursal of grant funds. To the extent that funds are available, the State Soil and Water Conservation Commission may authorize the disbursal of grant funds to the applicants consistent with the established priorities. The State Soil and Water Conservation Commission shall promulgate regulations to provide for an audit of grant funds to assure that they are spent for the purposes delineated in the application. Established priorities may be reviewed from time to time and revised if circumstances warrant such revision. (1977, 2nd Sess., c. 1206.)

§ 139-57. Availability of funds.

All grants shall be contingent upon the availability of funds for disbursement to applicants. At the end of each fiscal year the State Soil and Water Conservation Commission shall notify all applicants whose applications have been approved and to whom grant funds have not been disbursed of the status of their application. At the time of notification the State Soil and Water Conservation Commission shall notify the applicants of the availability of funds for grants in the upcoming fiscal year and at the same time shall notify the applicants of their position on any priority list that may have been established for the disbursal of grant funds for small watershed projects. (1977, 2nd Sess., c. 1206.)

Article 1B.

North Carolina Museum of Art.

§ 140-5.12. Agency of State; functions.

The North Carolina Museum of Art is an agency of the State of North Carolina within the Department of Cultural Resources. The functions of the North Carolina Museum of Art shall be to acquire, preserve, and exhibit works of art for the education and enjoyment of the people of the State, and to conduct programs of education, research, and publication designed to encourage an interest in and an appreciation of art on the part of the people of the State. (1961, c. 731; 1979, 2nd Sess., c. 1306, s. 1.)

Editor's Note. — This Article is Article 1 of this Chapter as rewritten by Session Laws 1979, 2nd Sess., c. 1306, s. 1, effective July 1, 1980, and recodified. Where appropriate, the historical citations to the former Article have been added to corresponding sections in this Article as rewritten.

CASE NOTES

As to appraisal of works of art, see North Carolina State Art Soc'y v. Bridges, 235 N.C. 125, 69 S.E.2d 1 (1952), decided prior to enactment of this Article.

§ 140-5.13. Board of Trustees — establishment; members; selection; quorum; compensation; officers; meetings.

(a) It is the duty of the Department of Cultural Resources to develop policy and to establish and enforce standards for resources, services, and programs involving the arts and the cultural aspects of the lives of the citizens of North Carolina. To attain these objectives, there is hereby established within the Department of Cultural Resources the Board of Trustees of the North Carolina Museum of Art.

(b) The Board of Trustees of the North Carolina Museum of Art shall consist of 29 members, chosen as follows:

(1) The Governor shall appoint 13 members, one from each congressional district in the State in accordance with G.S. 147-12(3b);

(2) The North Carolina Art Society, Incorporated, shall elect four members;

(3) The North Carolina Museum of Art Foundation, Incorporated, shall elect four members;

(4) The Board of Trustees of the North Carolina Museum of Art shall elect four members;

(5) The General Assembly shall appoint four members, two upon the recommendation of the Speaker of the House of Representatives, and two upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121;

(6) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1191, s. 49.

All regular appointments or elections except those by the General Assembly shall be for terms of six years, except that each member shall serve until his successor is chosen and qualifies. No person may be appointed or elected to more than two consecutive terms of six years. All regular appointments by the General Assembly shall be for the then current legislative term, and no appointee of the General Assembly may be appointed to more than two consecutive terms of two years.

(c) Vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122. All other vacancies occurring in the regular membership of the Board of Trustees prior to the expiration of a term shall be filled by the same authority and in the same manner as the vacating member was chosen, and the successor member so chosen shall serve for the remainder of the unexpired term of the vacating member.

(d) All initial appointments and elections to the Board of Trustees shall be made on July 1, 1980, or as soon as feasible thereafter except as provided in this subsection, and the terms of all except the legislative appointees shall expire on June 30, 1983, or June 30, 1986, as the case may be. In order to establish regularly overlapping terms, initial appointments and elections to the Board of Trustees shall be made as follows:

(1) Four members at large shall be appointed by the Governor for initial terms of three years and four members at large shall be appointed by the Governor for initial terms of six years.

(2) One member shall be elected by the North Carolina Art Society, Incorporated, for an initial term of three years and two members shall be elected by that Society for initial terms of six years.

(3) One member shall be elected by the North Carolina Museum of Art Foundation, Incorporated, for an initial term of three years and two members shall be elected by that Foundation for initial terms of six years.

(4) One member shall be elected by the Art Commission prior to July 1, 1980, for an initial term of three years and two members shall be elected by that Commission for initial terms of six years. Upon the expiration of the terms of those three members, their successors shall be elected by the Board of Trustees of the North Carolina Museum of Art.

(5) Three members shall be elected by the State Art Museum Building Commission to serve until the termination of that Commission or until June 30, 1983, whichever shall first occur. Upon the termination of the terms of those three members, should such termination occur prior to June 30, 1983, their successors shall be elected as follows: one by the North Carolina Art Society, Incorporated, one by the North Carolina Museum of Art Foundation, Incorporated, and one by the Board of Trustees of the North Carolina Museum of Art; the terms of the successor members so elected shall expire on June 30, 1983. On July 1, 1983, or as soon as feasible thereafter, the successors of these three members shall be elected for terms of six years, as follows: one by the North Carolina Art Society, Incorporated, one by the North Carolina Museum of Art Foundation, Incorporated, and one by the Board of Trustees of the North Carolina Museum of Art.

(6) The initial appointments by the General Assembly shall serve until June 30, 1983. Subsequent appointments shall be for two-year terms commencing July 1, 1983, and biennially thereafter.

(7) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1191, s. 51.

Every vacancy occurring in the initial membership of the Board of Trustees prior to the expiration of a term of office shall be filled by the same authority and in the same manner as the vacating member was chosen and the successor member so appointed shall serve for the remainder of the unexpired term of the vacating member.

(e) Any member of the Board of Trustees may be removed from office by the authority that appointed or elected that member for misfeasance, malfeasance, or nonfeasance in office. In the case of an appointment made by the Governor, removal shall be made in accordance with the provisions of G.S. 143B-13 of the Executive Organization Act of 1973.

(f) A public officer who is appointed or elected to serve on the Board of Trustees shall be deemed to serve thereon as a trustee ex officio and his duties as a trustee shall be deemed additional duties of his primary public office.

(g) The Board of Trustees shall have a chairman, a vice-chairman, and such other officers as the Board deems necessary. The chairman shall be designated by the Governor from among the members of the Board. The vice-chairman shall be elected by and from among the members of the Board. The chairman and vice-chairman shall be chosen for terms of two years or for so long as they are members of the Board, whichever is the shorter period. The Director of the North Carolina Museum of Art shall serve as Secretary to the Board of Trustees and shall attend all meetings, except when the Board is considering issues related to the Director's performance of duties.

(h) The Board of Trustees shall meet at least once in each quarter. The Board may hold special meetings at any time and place within the State at the call of the chairman. The chairman may call a special meeting at his discretion, and he shall call a special meeting upon the written request of a majority of the authorized membership of the Board of Trustees.

(i) A majority of the authorized membership of the Board of Trustees shall constitute a quorum for the transaction of business.

(j) Members of the Board of Trustees who are officers or employees of State agencies or institutions shall receive from funds available to the Department of Cultural Resources subsistence and travel allowances at the rates authorized by G.S. 138-6. All other members of the Board of Trustees shall receive from funds available to the Department of Cultural Resources per diem and travel and subsistence allowances at the rates authorized by G.S. 138-5.

(k) All clerical and administrative services required by the Board of Trustees shall be supplied by the office of the Director of the North Carolina Museum of Art. (1979, 2nd Sess., c. 1306, s. 1; 1981 (Reg. Sess., 1982), c. 1191, ss. 49-52; 1987, c. 842, ss. 1, 2; 1991, c. 756, s. 35; 1995, c. 490, s. 8; 2001-486, s. 2.10.)

§ 140-5.14. Board of Trustees — powers and duties.

The Board of Trustees shall be the governing body of the North Carolina Museum of Art and shall have the following powers and duties:

(1) To adopt bylaws for its own government;

(2) To adopt policies, rules, and regulations for the conduct of the North Carolina Museum of Art;

(3) To prescribe the powers and duties of the Director of the North Carolina Museum of Art, consistent with the provisions of this Article;

(4) To establish such advisory boards and committees as it may deem advisable;

(5) To advise the Secretary of Cultural Resources with respect to inspecting, appraising, obtaining attributions and evaluations of, transporting, exhibiting, lending, storing, and receiving upon consignment or upon loan of statuary, paintings, and other works of art of any and every kind and description that are worthy of acquisition, preservation, and exhibition by the North Carolina Museum of Art;

(6) To advise the Secretary of Cultural Resources on the care, custody, storage, and preservation of all works of art acquired or received upon consignment or loan by the North Carolina Museum of Art;

(7) After consultation with the Secretary of Cultural Resources, on behalf of and in the name of the North Carolina Museum of Art, to acquire by purchase, gift, or will, absolutely or in trust, from individuals, corporations, the federal government, or from any other source, money, works of art, or other property which may be retained, sold, or otherwise used to promote the purposes of the North Carolina

Museum of Art as provided in G.S. 140-5.12. The net proceeds of the sale of all property acquired under the provisions of this paragraph shall be deposited in the State Treasury to the credit of the "The North Carolina Museum of Art Special Fund";

(8) After consultation with the Secretary of Cultural Resources, to exchange works of art owned by the North Carolina Museum of Art for other works of art which, in the opinion of the Board, would improve the quality, value, or representative character of the art collection of the Museum;

(9) After consultation with the Secretary of Cultural Resources, to sell any work of art owned by the North Carolina Museum of Art if the Board finds that it is in the best interest of the Museum to do so, unless such sale would be contrary to the terms of acquisition. The net proceeds of each such sale, after deduction of the expenses attributable to that sale, shall be deposited in the State treasury to the credit of "The North Carolina Museum of Art Special Fund," and shall be used only for the purchase of other works of art. No work of art owned by the North Carolina Museum of Art may be pledged or mortgaged;

(10) To make a biennial report to the Governor and the General Assembly on the activities of the Board of Trustees and of the North Carolina Museum of Art;

(11) To adopt, amend, and rescind rules and regulations consistent with the provisions of this Article. All rules and regulations heretofore adopted by the Art Commission shall remain in full force and effect unless and until repealed or superseded by action of the Board. All rules and regulations adopted by the Board shall be enforced by the Department of Cultural Resources;

(12) To determine the sites for expansion of the North Carolina Museum of Art with the approval of the Governor and Council of State and the North Carolina State Capital Planning Commission;

(13) To provide auxiliary services at the North Carolina Museum of Art. Such services may include the sale of books, periodicals, art works, art supplies and providing facilities for the operation of food and beverage services. The operation of food and beverage services shall be by contract with private enterprises, and subject to the provisions of Article 3 of Chapter 111. (1979, 2nd Sess., c. 1306, s. 1; 1981, c. 301.)

§ 140-5.15. Director of Museum of Art; appointment; dismissal; powers and duties; staff.

(a) The Secretary of Cultural Resources shall appoint the Director of the North Carolina Museum of Art from a list of not fewer than two nominees recommended by the Board of Trustees of the North Carolina Museum of Art.

(b) The Secretary of Cultural Resources may dismiss the Director unless two thirds of the authorized membership of the Board of Trustees shall vote to reverse that action in accordance with the following procedure: Upon dismissal of the Director, the Secretary shall give to the chairman of the Board of Trustees written notice of that action. This notice shall be sent to the chairman of the Board within 10 days after the Secretary makes a final decision on dismissal. The chairman shall promptly communicate the notice of dismissal to all other Board members. Board action to consider reversal of the Secretary's decision shall be taken at a regular or special meeting called pursuant to G.S. 140-5.13(h). Reversal of the Secretary's order of dismissal may be effected only by resolution adopted by an affirmative vote of two thirds of the authorized membership of the Board of Trustees at a meeting held within 30 days after the chairman of the Board receives from the Secretary written notice of dismissal

of the Director. All ex officio members of the Board shall be entitled to vote on this question. The failure of two thirds of the authorized membership of the Board of Trustees to vote to reverse the Secretary's order of dismissal within 30 days after the chairman of the Board receives from the Secretary written notice of dismissal of the Director shall be deemed an affirmance of that order by the Board.

(c) The salary of the Director shall be fixed by the General Assembly in the Current Operations Appropriations Act.

(d) The Director shall have the following powers and duties:

(1) Under the supervision of the Board of Trustees, to direct and administer the North Carolina Museum of Art in accordance with the policies, rules, and regulations adopted by the Board of Trustees;

(2) To employ such persons as are necessary to perform the functions of the North Carolina Museum of Art and are provided for in the budget of the Museum and to promote, demote, and dismiss such persons in accordance with State personnel policies, rules, and regulations. This paragraph shall not apply to associate directors and curators;

(3) To serve as director of collections of the North Carolina Museum of Art;

(4) To serve as Secretary to the Board of Trustees.

(e) The Director, associate directors, and curators shall be exempt from the provisions of the State Personnel Act. The Board of Trustees shall adopt, subject to the approval of the Secretary of Cultural Resources, rules and regulations governing the employment, promotion, demotion, and dismissal of associate directors and curators. (1961, c. 731; 1973, c. 476, s. 38; 1979, 2nd Sess., c. 1306, s. 1; 1985, c. 122, s. 6; c. 479, s. 218; 1987, c. 827, s. 81.)

§ 140-5.16. Gifts; special fund; exemption from taxation.

(a) All gifts of money to the North Carolina Museum of Art and all interest earned thereon shall be paid into the State treasury and maintained as a fund to be designated "The North Carolina Museum of Art Special Fund."

(b) All gifts made to the North Carolina Museum of Art shall be exempt from every form of taxation including, but not by way of limitation, ad valorem, intangible, gift, inheritance, and income taxation. (1961, c. 731; 1979, 2nd Sess., c. 1306, s. 1.)

§ 140-5.17. State Art Museum Building Commission.

No provision of this Article shall to any extent abrogate or diminish the powers and duties of the State Art Museum Building Commission, provided for in Part 3, Article 2, of Chapter 143B of the General Statutes. (1979, 2nd Sess., c. 1306, s. 1; 1985 (Reg. Sess., 1986), c. 1028, s. 17.)

Article 2.

North Carolina Symphony Society.

§ 140-6: Repealed by Session Laws 1973, c. 476, s. 89.

Cross References. — For present provisions as to the organization of the North Carolina Symphony Society, Inc., see G.S. 143B-94.

§ 140-7. Adoption of bylaws; amendments.

The said board of trustees, when organized under the terms of this Article, shall have authority to adopt bylaws for the Society and said bylaws shall thereafter be subject to change only by a three-fifths vote of a quorum of said board of trustees. (1943, c. 755, s. 3; 1947, c. 1049, s. 2.)

§ 140-8. Audit.

The operations of the North Carolina Symphony Society, Inc., shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. (1943, c. 755, s. 4; 1983, c. 913, s. 28.)

§ 140-9. Allocations from Contingency and Emergency Fund; expenditures.

The Governor and Council of State are hereby authorized to allot such sums as they may deem appropriate, from the Contingency and Emergency Fund, to the North Carolina Symphony Society, to aid in carrying on the activities of the said Society. All expenditures made by said Society shall be subject to the provisions of G.S. 143-1 to 143-34, inclusive. (1943, c. 755, s. 5; 1955, c. 1309.)

§ 140-10. Counties and municipalities authorized to make contributions.

The governing body of any county or incorporated municipality is hereby authorized and empowered to appropriate and make voluntary contributions out of nontax funds to the North Carolina Symphony Society. (1953, c. 1212.)

§ 140-10.1. Exempt from certain taxes.

The North Carolina Symphony Society, Incorporated, shall be exempt from all privilege license and gross receipts taxes, whether imposed by Article 2, Schedule B, Chapter 105 of the North Carolina General Statutes, or otherwise. (1969, c. 100.)

Article 3.

North Carolina Art Society.

§ 140-11: Repealed by Session Laws 1973, c. 476, s. 81.

Cross References. — As to the organization of the North Carolina Art Society, see G.S. 143B-89.

§ 140-12. Department of Administration authorized to provide space for Art Society.

Subject to the approval of the Governor, the Department of Administration is authorized and empowered to set apart, for the administration of the affairs of the State Art Society, Incorporated, space in any of the public buildings in Wake County which may be so used without interference with the conduct of the business of the State. Prior to taking any action under this section, the

Governor may consult with the Advisory Budget Commission. (1961, c. 1152; 1983, c. 717, ss. 52, 53; 1985 (Reg. Sess., 1986), c. 955, ss. 54, 55.)

§ 140-13. Audit.

The operations of the North Carolina Art Society, Inc., shall be subject to the oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. (1961, c. 1152; 1977, c. 702, s. 1; 1983, c. 913, s. 29.)

§ 140-14. North Carolina Art Society as membership arm of the North Carolina Museum of Art; promotion of public appreciation of art; organization of art exhibits, etc.

The North Carolina Art Society, Incorporated, shall be the membership arm of the North Carolina Museum of Art, the means whereby citizens of North Carolina can support their museum through individual or corporate memberships in the Society and through participation in its diverse programs. It shall be the duty of the North Carolina Art Society to promote the public appreciation of art and its role in the development of civilization; to organize State and regional art exhibits, including works by contemporary North Carolina artists; and to do all other things deemed necessary to advance the objectives of the Society. (1961, c. 1152; 1977, c. 702, s. 2.)

§ 140-15: Repealed by Session Laws 1999-337, s. 35(b).

Chapter 140A.

State Awards System.

§ 140A-1. Annual awards established; form and design.

The State of North Carolina hereby establishes annual awards, not to exceed six in number, each bearing the name of the recipient, with an appropriate inscription reciting the reason for the award, which form and design shall be approved by the Governor and Council of State. (1961, c. 1143, s. 1.)

Cross References. — As to the North Carolina Awards Committee, see G.S. 143B-84.

§ 140A-2. Fields of recognition; periods covered.

These recognitions shall be known as the North Carolina Awards for Literature, Science, the Fine Arts and Public Service, and shall be conferred upon citizens of North Carolina for the most notable attainments in these respective fields during the current year, terminating four months before the date of award, though such distinctions can be exceptionally conferred, with the approval of the Governor and the Council of State, for eminence achieved during years prior to the award. (1961, c. 1143, s. 2.)

§ 140A-3. Annual awards to natives living outside State.

Awards may be made annually to native-born North Carolinians, living outside of North Carolina, for preeminent accomplishment in not more than two of the above fields of creative endeavor. (1961, c. 1143, s. 3; 1991, c. 131, s. 1.)

§ 140A-4: Repealed by Session Laws 1973, c. 476, s. 73.

§ 140A-5. Selection of recipients for awards.

The recipients of the awards shall be chosen by a committee named by the North Carolina Awards Committee, for each category of achievement, but no award shall be made in any field unless the committee of awards deems the recognized accomplishment to be outstanding in merit, value, and distinction. (1961, c. 1143, s. 5; 1973, c. 476, s. 73.)

§ 140A-6. Administration expense.

The expense of administering this Chapter shall be paid out of the Contingency and Emergency Fund subject to the approval of the Governor and Council of State. (1961, c. 1143, s. 6.)

Chapter 141.

State Boundaries.

§ 141-1. Governor to cause boundaries to be established and protected.

The Governor of North Carolina is hereby authorized to appoint two competent commissioners and a surveyor and a sufficient number of chainbearers, on the part of the State of North Carolina, to act with the commissioners or surveyors appointed or to be appointed by any of the contiguous states of Virginia, Tennessee, South Carolina, and Georgia, to return and remark, by some permanent monuments at convenient intervals, not greater than five miles, the boundary lines between this State and any of the said states.

The Governor is also authorized, whenever in his judgment it shall be deemed necessary to protect or establish the boundary lines between this State and any other state, to institute and prosecute in the name of the State of North Carolina any and all such actions, suits, or proceedings at law or in equity, and to direct the Attorney General or such other person as he may designate to conduct and prosecute such actions, suits, or proceedings. (1881, c. 347, s. 1; Code, s. 2289; 1889, c. 475, s. 1; Rev., s. 5315; 1909, c. 51, s. 1; C.S., s. 7396.)

CASE NOTES

Line Between North Carolina and Tennessee. — Under the Acts of 1821 of the States of North Carolina and Tennessee confirming the boundary line between the two states "as run and marked" by the joint commission, when it is clearly shown where the line between two known points but a few miles apart was run and marked by the commission, such line must be accepted by the courts, in a suit between private persons, as the true and ancient boundary, even though it now appears that a different line between such points might more accurately conform to a general call in the act of cession for "the extreme height" of a certain mountain for a distance of 100 miles. Stevenson v. Fain, 116 F. 147 (6th Cir. 1902), appeal dismissed, 195 U.S. 165, 25 S. Ct. 6, 49 L. Ed. 142 (1904).

§ 141-2. Payment of expenses of establishing boundaries.

When the line has been rerun and remarked as above provided between this State and any of the contiguous states, or such portion of said lines as shall be mutually agreed by the commissioners, the Governor is authorized to issue his warrant upon the State Treasurer for such portion of the expenses as shall fall to the share of this State. (1881, c. 347, s. 2; Code, s. 2290; 1889, c. 475, s. 2; Rev., s. 5316; C.S., s. 7397.)

§ 141-3. Appointment of arbitrators.

If any disagreement shall arise between the commissioners, the Governor of this State is hereby authorized to appoint arbitrators to act with similar officers to be appointed by the other states in the settlement of the exact boundary. (1881, c. 347, s. 3; Code, s. 2291; 1889, c. 475, s. 3; Rev., s. 5317; C.S., s. 7398.)

§ 141-4. Disagreement of arbitrators reported to General Assembly.

In case of any serious disagreement and inability on the part of the said arbitrators to agree upon said boundary, such fact shall be reported by the Governor to the next General Assembly for their action. (1881, c. 347, s. 4; Code, s. 2292; 1889, c. 475, s. 4; Rev., s. 5318; C.S., s. 7399.)

§ 141-5. Approval of survey.

When the commissioners shall have completed the survey, or so much as shall be necessary, they shall report the same to the Governor, who shall lay the same before the Council of State; and when the Governor and the Council of State shall have approved the same the Governor shall issue his proclamation, declaring said lines to be the true boundary line or lines, and the same shall be the true boundary line or lines between this and the states above referred to. (1881, c. 347, s. 5; Code, s. 2293; 1889, c. 475, s. 5; Rev., s. 5319; C.S., s. 7400.)

§ 141-6. Eastern boundary of State; jurisdiction over territory within littoral waters and lands under same.

(a) The Constitution of the State of North Carolina, adopted in 1868, having provided in Article I, Sec. 34, that the "limits and boundaries of the State shall be and remain as they now are," and the eastern limit and boundary of the State of North Carolina on the Atlantic seaboard having always been, since the Treaty of Peace with Great Britain in 1783 and the Declaration of Independence of July 4, 1776, one marine league eastward from the Atlantic seashore, measured from the extreme low-water mark, the eastern boundary of the State of North Carolina is hereby declared to be fixed as it has always been at one marine league eastward from the seashore of the Atlantic Ocean bordering the State of North Carolina, measured from the extreme low-water mark of the Atlantic Ocean seashore aforesaid.

(b) The State of North Carolina shall continue as it always has to exercise jurisdiction over the territory within the littoral waters and ownership of the lands under the same within the boundaries of the State, subject only to the jurisdiction of the federal government over navigation within such territorial waters.

(c) The Governor and the Attorney General are hereby directed to take all such action as may be found appropriate to defend the jurisdiction of the State over its littoral waters and the ownership of the lands beneath the same. (1947, c. 1031, ss. 1-3; 1969, c. 541, s. 1.)

Editor's Note. — The reference to the State Constitution in this section is to the Constitution adopted in 1868, as amended. See now N.C. Const., Art. XIV, § 2.

CASE NOTES

OPINIONS OF ATTORNEY GENERAL

Ambulatory Seaward Boundary Consistent with Constitution. — While a proposal to permanently fix the seaward boundary for the State at specific coordinates would violate both subsection (a) of this section, and Article XIV, G.S. 2 of the N.C. Constitution, which this section implements, the acceptance of an ambulatory boundary, which merely represents the seaward boundary's location at a certain time, and moves with changes to the shoreline, whether by erosion, accretion or fill deposition, would be consistent with the constitution and not require amendment of this section; a reading of the State constitutional provision together with this section and the case law reveal them to require that the eastern boundary always remain at a distance of three geographical miles from the extreme low water mark (ELWM). See opinion of Attorney General to Gary W. Thompson, Chief, North Carolina Geodetic Survey, 1998 N.C.A.G. 7 (2/11/98).

§ 141-7: Repealed by Session Laws 1977, c. 342.

§ 141-7.1. Southern lateral seaward boundary.

The lateral seaward boundary between North Carolina and South Carolina from the low-water mark of the Atlantic Ocean shall be and is hereby designated as a continuation of the North Carolina-South Carolina boundary line as described by monuments located at Latitude 33° 51′ 50.7214″ North, Longitude 78° 33′ 22.9448″ West, at Latitude 33° 51′ 36.4626″ North, Longitude 78° 33′ 06.1937″ West, and at Latitude 33° 51′ 07.8792″ North, Longitude 78° 32′ 32.6210″ West, in a straight line projection of said line to the seaward limits of the States' territorial jurisdiction, such line to be extended on the same bearing insofar as a need for further delimitation may arise. (1979, c. 894; 1981, c. 744.)

Editor's Note. — Session Laws 1979, c. 894, s. 2, provided: "This act shall become effective upon ratification and with approval thereof, and concurrence therein, by the State of South Carolina and upon the approval and consent to this act by the Congress of the United States; provided, that this act shall stand repealed if the State of South Carolina and the Congress of the United States do not ratify, confirm, adopt, or otherwise consent to the effect of the act establishing the lateral seaward boundary between North Carolina and South Carolina by January 1, 1985." The approval of the State of South Carolina and consent of the United States Congress has been given to the effect of the act.

§ 141-8. Northern lateral seaward boundary.

The lateral seaward boundary between North Carolina and Virginia eastward from the low-water mark of the Atlantic Ocean shall be and is hereby designated as a line beginning at the intersection of the low-water mark of the Atlantic Ocean and the existing North Carolina-Virginia boundary line; thence due east on a true 90 degree bearing to the seaward jurisdictional limit of North Carolina; such boundary line to be extended on the true 90 degree bearing as far as a need for further delineation may arise. (1969, c. 841; 1971, c. 452, s. 1.)

Editor's Note. — Former G.S. 141-8, enacted by Session Laws 1969, c. 841, provided that that section should stand repealed should the Congress of the United States not ratify,

confirm, adopt or otherwise consent to the effect of the same by November 1, 1970. Congress did not consent, and the section enacted in 1969 therefore stood repealed.

Session Laws 1971, c. 452, s. 2, provided: "This act shall become effective upon ratification, and with approval thereof, and concurrence therein, by the General Assembly of Virginia and upon the approval and consent to this act by the Congress of the United States." The act has been approved by the State of Virginia and consented to by the United States Congress.

General Provisions.

§ 142-1. How bonds executed; interest coupons attached; where payable; not to be sold at less than par.

All bonds or certificates of debt of the State shall be signed by the Governor, and countersigned by the State Treasurer, and sealed with the great seal of the State, and shall be made payable to bearer unless registered as hereinafter provided. The principal shall be made payable by the State at a day named in the bonds or certificates. Interest coupons shall be attached to the bonds or certificates unless they be bonds or certificates registered as to both principal and interest, and the bonds, certificates and coupons shall be made payable at such banks or trust companies within or without the State as shall be designated by the State Treasurer, or at the office of the State Treasurer in Raleigh. Any bank or trust company serving as a paying agent may be paid such reasonable fees and charges for such services as shall be agreed upon by and between such bank or trust company and the State Treasurer. No original bond or certificate of debt of the State shall be sold for a sum less than the par value thereof, nor shall any such bond or certificate, issued in lieu of a transferred bond or certificate, be payable elsewhere than may be the original, except by the consent of the holder it may be made payable at the State treasury. (1848, c. 89, s. 22; 1852, c. 9; c. 10, s. 10; R.C., c. 90, s. 3; Code, s. 3563; Rev., s. 5020; C.S., s. 7401; Ex. Sess. 1921, c. 66, ss. 1, 2; 1977, c. 405.)

CASE NOTES

Cited in Galloway v. Jenkins, 63 N.C. 147 (1869).

§ 142-2. Title of act and year of enactment recited in bonds.

In every bond or certificate of debt issued by the State, and in the body thereof, shall be set forth the title of the act, with the year of its enactment, under the authority of which the same may be issued; or reference shall be made thereto by the number of the Chapter, and the year of the legislative session. (1850, c. 90, s. 6; R.C., c. 90, s. 6; Code, s. 3566; Rev., s. 5023; C.S., s. 7402.)

§ 142-3. Record of bonds kept by State Treasurer.

The State Treasurer shall enter in a book to be kept for that purpose a memorandum of every bond or certificate of debt of the State, issued or to be issued under any act whatever, together with the numbers, dates of issue, when and where payable, at what premium, and to whom the same may have been sold or issued. (1852, c. 10, s. 2; R.C., c. 90, s. 4; Code, s. 3564; Rev., s. 5021; C.S., s. 7403.)

§ 142-4. Books for registration and transfer.

The State Treasurer shall keep in his office a register or registers for the registration and transfer of all bonds and certificates of the State heretofore or hereafter issued, in which he may register any bond or certificate at the time of its issue or at the request of the holder. When any bond or certificate shall have been registered as hereinafter provided, the State Treasurer shall enter in a manner to be of easy and ready reference, a description of said bond, or certificates giving the number, series, date of issue, denomination, by whom signed, and such other data as may be necessary for the ready identification thereof, together with the name of the person in whose name the same is then to be registered and whether in his individual capacity or in a fiduciary relation, and if the latter, for whose benefit the same is to be registered. (1848, c. 37, s. 5; 1850, c. 58, s. 4; 1852, c. 11; R.C., c. 90, s. 2; Code, s. 3562; Rev., s. 5019; C.S., s. 7404; Ex. Sess. 1921, c. 66, s. 3.)

§ 142-5. Registration as to principal.

Upon the presentation at the office of the State Treasurer of any bond or certificate that has heretofore been or may hereafter be issued by the State, or upon the first issuance of any bond or certificate, the same may be registered as to principal in the name of the holder upon such register, such registration to be noted on the reverse of the bond or certificate by the State Treasurer. The principal of any bond or certificate so registered shall be payable only to the registered payee or his legal representative, and such bond or certificate shall be transferable to another holder or back to bearer only upon presentation of the State Treasurer with a written assignment acknowledged or approved in a form satisfactory to the Treasurer. The name of the registered assignee shall be written in said register and upon any bond or certificate so transferred. A bond or certificate so transferred to bearer shall be subject to future registration and transfer as before. (1883, c. 25; Code, s. 3568; 1887, c. 287; Rev., s. 5025; C.S., s. 7405; Ex. Sess. 1921, c. 66, s. 4.)

§ 142-6. Registration as to principal and interest.

(a) If, upon the registration of any such bond or certificate dated prior to January 1, 1965, or at any time after such registration, the coupons thereto attached, evidencing all interest to be paid thereon to the date of maturity, shall be surrendered, such coupons shall be canceled by the Treasurer, and he shall sign a statement endorsed upon such bond or certificate of the cancellation of all unmatured coupons and of the fact that such bond or certificate has been converted into a fully registered bond or certificate, and shall make like entry in the said register. Thereafter the interest evidenced by such canceled coupons shall be paid at the time provided therein, to the registered owner or his legal representatives, in New York exchange, mailed to his address, unless he shall have requested the State Treasurer to pay such interest in funds current at the State capital, which request shall be entered in the said register.

(b) If, upon the registration of any such bond or certificate dated on or after January 1, 1965, or at any time after such registration, the coupons thereto attached, evidencing all interest to be paid thereon to the date of maturity, shall be surrendered, such coupons shall be detached and retained in the custody of the State Treasurer, and the State Treasurer shall endorse upon such bond or certificate the fact that such bond or certificate has been converted into a fully registered bond or certificate, and shall make like entry in said register. Thereafter the interest evidenced by such detached coupons shall be paid at the times provided therein to the registered owner or his legal representatives, in New York exchange, mailed to his address, unless he shall have requested the State Treasurer to pay such interest in funds current at the State capital, which request shall be entered in said register. Any such bond or certificate, if converted into a bond or certificate registered as to both principal and interest, may be reconverted at the expense of the registered owner into a coupon bond or certificate upon presentation thereof to the State Treasurer, accompanied by an instrument duly executed by the registered owner or his legal representatives in such form as shall be satisfactory to the State Treasurer; upon any such reconversion the State Treasurer shall reattach thereto the coupons representing the interest to become due thereafter on such bond or certificate to the date of maturity and shall make notation upon such bond or certificate whether such bond or certificate is registered as to principal alone or is payable to bearer, and shall make like entry in said register and he shall cancel any detached coupons retained by him representing interest that has been paid. (1856, c. 16; 1883, c. 25, s. 2; Code, s. 3569; 1887, c. 287, s. 2; Rev., s. 5026; C.S., s. 7406; Ex. Sess. 1921, c. 66, s. 5; 1965, c. 181, s. 1.)

§ 142-7. No charge for registration.

There shall be no charge for the registration of any bond or certificate whether registered at the time of issuance thereof or subsequently registered, and no charge for the transfer of registered bonds and certificates shall be made. (1887, c. 287, ss. 4, 5; Rev., s. 5027; C.S., s. 7407; Ex. Sess. 1921, c. 66, s. 6; 1925, c. 49.)

§ 142-8. Application of §§ 142-1 to 142-9.

General Statutes 142-1 to 142-9, both inclusive, as amended, shall be applicable to all bonds or certificates of the State heretofore issued and now outstanding, and to all bonds or certificates of the State that may hereafter be issued in accordance with any law now in force or hereafter to be enacted. However, any provisions of G.S. 142-1 to G.S. 142-9 in conflict with the "Registered Public Obligations Act", Chapter 159E of the General Statutes, shall not apply. (Code, s. 3570; 1887, c. 287, s. 3; Rev., s. 5028; C.S., s. 7408; Ex. Sess. 1921, c. 66, s. 7; 1965, c. 181, s. 2; 1983, c. 322, s. 2.)

§ 142-9. Duties performed by other officers.

If the Council of State shall at any time find that either the Governor or the State Treasurer is unable by reason of absence, disability, or otherwise, to sign any bonds or certificates, the Lieutenant-Governor may sign the same in lieu of the Governor, and they may be signed in lieu of the Treasurer by any member of the Council of State designated by it. (1864-5, c. 24; Code, s. 3567; Rev., s. 5024; C.S., s. 7409; Ex. Sess. 1921, c. 66, s. 8.)

§ 142-10. Chief clerk may issue when Treasurer unable to act.

Whenever it shall appear by formal finding of the Governor and Council of State, within seven days before any bonds or notes of the State or any interest thereon shall fall due, that it is advisable to issue notice of the State to provide for the renewal or payment of such bonds, notes or interest and that the State Treasurer is unable for any reason to negotiate or to issue such notes, it shall be the duty of the chief clerk of the State treasury, if the issuance of such notice shall have been authorized by law, upon certification to him of such finding, and in the name of the State Treasurer, to make all necessary negotiations and to sign and deliver such notes for value and to attach thereto the seal of the State Treasurer. (1927, c. 12.)

§ 142-11. When bonds deemed duly executed.

State bonds duly authorized by law and approved by the Governor and Council of State shall be regarded as duly executed by proper officers if signed and sealed while in office by the officer or officers then authorized to sign and seal the same, notwithstanding one or more of such officers shall not be in office at the time of actual delivery of such bonds. (1925, c. 2.)

§ 142-12. State bonds exempt from taxation.

Bonds and other evidences of indebtedness issued by the State are exempt from State taxation to the extent provided in the act authorizing their issuance. If the act authorizing the issuance of the instruments does not address exemption from taxation, then they are exempt from taxation by the State or any of its subdivisions, except for inheritance or gift taxes, income taxes on the gain from the transfer of the instruments, and franchise taxes. Unless the act authorizing the issuance of the instruments provides otherwise, the interest on the instruments is not subject to taxation as income. (1852, c. 10, s. 4; R.C., c. 90, s. 5; Code, s. 3565; Rev., s. 5022; C.S., s. 7410; 1995, c. 46, s. 14.)

§ 142-12.1. Effect of federal taxation of interest income on state or local bonds on issuance thereof; continuation of state tax exemptions.

(a) It is hereby found, determined and declared that:

(1) From time to time bills have been introduced in the United States Congress providing that the interest on all or certain state and municipal bonds or debt obligations, whether issued by or on behalf of states or local governmental units, be subject to federal income taxation; and

(2) The Tax Reform Act of 1986 requires, in certain circumstances, the inclusion in the gross income of the recipient thereof of interest on bonds or obligations issued by or on behalf of certain state or local governmental units for purposes of federal income tax which heretofore would have been exempt from federal income taxation.

(b) Nothing in any act, general, special or private, shall be deemed to limit or restrict the right of the State or any agency or instrumentality thereof, or The University of North Carolina or any agency or instrumentality thereof, or any county, city, town, special district, authority or other political subdivision or local governmental unit or any agency or instrumentality thereof, to issue, or have issued on its behalf, bonds or obligations the interest income on which is or may be subject to federal income taxation.

(c) The interest on any of these bonds or obligations shall maintain its existing exemption from State income taxation, or other taxation, if any, notwithstanding that the interest may be or become subject to federal income taxation as a result of legislative action by the federal government.

(d) If the provisions of this section are inconsistent with the provisions of any other laws, the provisions of this section shall be controlling. (1987, c. 587, ss. 1-4; 1995, c. 41, s. 10.)

§ 142-13. Destruction of canceled bonds, notes and coupons.

All canceled bonds, notes and interest coupons of the State may be destroyed in one of the following ways, in the discretion of the Treasurer:

(1) Method 1. The Treasurer shall make an entry in a substantially bound book kept by him for the purpose of recording the destruction of bonds, notes and coupons, showing

a. With respect to bonds and notes, the designation, the date of issue, serial numbers (if any), denomination, maturity date, and total principal amount.

b. With respect to coupons, the designation and date of the bonds to which the coupons appertain, the maturity date of the coupons and, as to each maturity date, the denomination, quantity and total amount of coupons.

After this entry has been made, the paid bonds, notes or coupons shall be destroyed, by either burning or shredding, in the presence of the Council of State. Each member of the Council of State in attendance shall certify under his hand in the book kept by the Treasurer that he saw the bonds, notes or coupons destroyed. Canceled bonds, notes or coupons shall not be destroyed until after one year from the date of payment.

(2) Method 2. The Treasurer may contract with the bank or trust company acting as paying agent for a bond issue for the destruction of bonds and interest coupons which have been canceled by the paying agent. The contract shall require that the paying agent give the Treasurer a written certificate of each destruction containing the same information required by Method 1 to be entered in the record of destroyed bonds and coupons. The certificates shall be filed among the permanent records of the Treasurer. Canceled bonds or coupons shall not be destroyed until one year from the date of payment.

The provisions of G.S. 121-5 and 132-3 shall not apply to any such paid bonds, notes or coupons.

Notwithstanding the foregoing, in lieu of destroying all canceled bonds, notes and interest coupons, the Treasurer is authorized, with the approval of the Council of State, to distribute the bonds, notes, and coupons to the public schools of North Carolina and to the Department of Cultural Resources to be used for educational and historical purposes. The Department of Public Instruction and the Department of Cultural Resources may cooperate and assist in implementing such purposes. (1879, c. 98, s. 8; Code, s. 3578; Rev., s. 5035; C.S., s. 7415; 1941, c. 28; 1975, c. 527; 1987, c. 522, s. 1.)

§ 142-14. Issuance of temporary bonds.

Whenever the State Treasurer shall be authorized by law to issue bonds or notes of the State, and all acts, conditions and things required by law to happen, exist and be performed, before the delivery thereof for value, shall have happened, shall exist and shall have been performed, except the printing,

lithographing or engraving of the definitive bonds or notes authorized and the execution thereof, the State Treasurer is authorized, by and with the consent of the Governor and Council of State, to issue and deliver for value temporary bonds or notes, with or without coupons, which may be printed or lithographed in any denomination or denominations which may be a multiple of one thousand dollars ($1,000), and shall be signed and sealed as shall be provided for the signing and sealing of such definitive bonds or notes, and shall be substantially of the tenor of such definitive bonds or notes except as herein otherwise provided and except that such temporary bonds or notes shall contain such provisions as the Treasurer may elect as to the conditions of payment of the semiannual interest thereon. Every such temporary bond or note shall bear upon its face the words "Temporary Bond (or Note) Exchangeable for Definitive Bond." Upon the completion and execution of the definitive bonds or notes, such temporary bonds or notes shall be exchangeable without charge therefor to the holder of such temporary bonds or notes for definitive bonds or notes of an equal amount of principal. Such exchange shall be made by the Treasurer or by a bank or trust company in North Carolina or elsewhere appointed by him as agent which shall have a capital and surplus of not less than the amount of the definitive bonds or notes to be so exchanged, and in making such exchange the Treasurer shall detach from the definitive bonds or notes all coupons which represent interest theretofore paid upon the temporary bonds or notes to be exchanged therefor, and shall cancel all such coupons; and upon such exchange such temporary bonds or notes and the coupons attached thereto, if any, shall be forthwith canceled by the Treasurer of such agent. Until so exchanged, temporary bonds and notes issued under the authority hereof shall in all respects be entitled to all the rights and privileges of the definitive securities. (1925, c. 43.)

§ 142-15. Reimbursement of Treasurer for interest.

Whenever it shall become necessary for the State Treasurer to borrow money to provide the maintenance fund for any State institution, the said Treasurer is authorized to deduct from the sum appropriated for maintenance of said institution the amount of interest the Treasurer shall have to pay for the use of said fund. This section shall apply to all future laws creating a maintenance fund for any State institution, unless said laws shall specifically state otherwise. (1923, c. 210; C.S., s. 7466(a).)

§ 142-15.1. Lost, stolen, defaced, or destroyed State bonds.

(a) If lost, stolen, or completely destroyed, any State bond, note, or coupon may be reissued in the same form and tenor upon the owner's furnishing to the satisfaction of the State Treasurer:

(1) Proof of ownership,
(2) Proof of loss or destruction,
(3) A surety bond in twice the face amount of bond or note and coupon, and
(4) Payment of the cost of preparing and issuing the new bond, note, or coupon.

(b) If defaced or partially destroyed, any State bond, note, or coupon may be reissued in the same form and tenor to the bearer or registered holder, at his expense, upon surrender of the defaced or partially destroyed bond, note, or coupon and on such other conditions as the State Treasurer may prescribe. The State Treasurer may also provide for authentication of defaced or partially destroyed bonds, notes, or coupons instead of reissuing them.

(c) Each new State bond, note, or coupon issued under this section shall be signed by the State Treasurer and shall contain a recital to the effect that it is

issued in exchange for or replacement of a certain bond, note, or coupon (describing it sufficiently to identify it) and is to be deemed a part of the same issue as the original bond, note, or coupon.

(d) Before taking action under this section to replace, exchange, or authenticate a State bond, note, or coupon, the State Treasurer shall obtain the advice and consent of the Council of State. (1971, c. 780, s. 36.)

Article 2.

Borrowing Money in Emergencies and in Anticipation of Collection of Taxes.

§ 142-16. Governor and Council of State may borrow on note.

The Governor and Council of State may authorize and empower the State Treasurer in the intervals between sessions of the General Assembly, to borrow money on short term notes to meet any emergency arising from the destruction of the State's property, whether used by department or institution, or from some unforeseen calamity not amounting to its destruction. (1927, c. 49, s. 1.)

§ 142-17. Recital of facts entered on minutes; directions to Treasurer; limit of amount.

The Council of State, when such emergency arises during such interval, shall recite upon its minutes the facts out of which it does arise, and thereupon direct the State Treasurer to borrow from time to time money needed to meet such emergency or calamity, not exceeding, however in the whole, five hundred thousand dollars ($500,000) in the aggregate in the period between the adjournment of the present session of the General Assembly and the convening of the General Assembly in regular session in 1929 and not exceeding five hundred thousand dollars ($500,000) in the aggregate in any succeeding interval between regular sessions of the General Assembly, and to execute in behalf of the State of North Carolina notes for said money so borrowed to run not exceeding two years, and to bear interest not exceeding five percent (5%) per annum, payable semiannually. Said notes shall be in such forms as the State Treasurer may determine, and the obligations for the interest thereupon after maturity shall be receivable in payment of taxes, debts, dues, licenses, fines and demands due the State of any kind whatsoever. The said notes shall be exempt from all State, county and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest thereon shall not be subject to taxation as for income, nor shall said notes be subject to taxation when constituting a part of the surplus of any bank, trust company, or other corporation. (1927, c. 49, s. 2.)

§ 142-18. Report to General Assembly.

At each, the next regular or extra session of the General Assembly, the Governor and Council of State shall report to it the proceedings of the Governor and Council of State in borrowing money under this Article, setting out fully the facts upon which they held that the emergency existed which authorized such borrowing. (1927, c. 49, s. 3.)

§ 142-19. Power given to Director of Budget to authorize State Treasurer to borrow money.

The Director of the Budget by and with the consent of the Governor and Council of State shall have authority to authorize and direct the State Treasurer to borrow, in the name of the State and pledge the credit of the State for the payment thereof, in anticipation of the collection of taxes, such sums as may be necessary to make the payment on appropriations to the various institutions, departments and agencies of the State as even as possible so as to preserve the best interest of the State in the conduct of the various institutions, departments and agencies of the State during each fiscal year. (1927, c. 195.)

Article 3.

Refunding Bonds.

Refunding Bonds.

§ 142-29.1. Title of Article.

This Article may be known and cited as the "State Refunding Bond Act." (1935, c. 445, s. 1; 1985 (Reg. Sess., 1986), c. 823, s. 1.)

Editor's Note. — Session Laws 1985 (Reg. Sess., 1986), c. 823, s. 4 made this Article effective upon ratification. The act was ratified June 27, 1986.

Sections 2 and 3 of Session Laws 1985 (Reg. Sess., 1986), c. 823 provide:

"Section 1 of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby by the State and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds, bond anticipation notes and notes under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, bond anticipation notes and notes of the State.

"Nothing in this act shall be construed to impair the obligation of any bond, bond anticipation note, note or coupon issued by the State under the provisions of Article 3 of Chapter 142 of the General Statutes and outstanding on the effective date of this act."

§ 142-29.2. Definitions.

The words and phrases defined in this section shall have the meanings indicated when used in this Article, unless the context clearly requires another meaning:

(1) "Authorized investments" means

a. Direct obligations of the United States government,

b. Obligations the principal of and the interest on which are guaranteed by the United States government,

c. Evidences of ownership of proportionate interests in future interest and principal payments on specified obligations described in a. and b. above, which obligations are held by a bank or trust company organized and existing under the laws of the United States of America or any state thereof in the capacity of custodian,

d. Obligations of state or local government municipal bond issuers, provision for the payment of the principal of and interest on which shall have been made by deposit with a trustee or escrow agent of obligations described in a., b. or c. above, the maturing principal of and interest on which, when due and payable, shall provide sufficient money with any other money held in trust for such purpose to pay the principal of, premium, if any, and interest on such obligations of state or local government municipal bond issuers, and which are rated in the highest rating by Standard & Poor's Corporation and Moody's Investors Service, Inc.,

e. Obligations of state or local government municipal bond issuers, the principal of and interest on which, when due and payable, have been insured by a bond insurance company which is rated in the highest rating category by Standard & Poor's Corporation and Moody's Investors Service, Inc.,

f. Full faith and credit obligations of state or local government bond issuers which are rated in the highest rating category by Standard & Poor's Corporation and Moody's Investors Service, Inc., and

g. Any obligations or investments in which the State Treasurer is authorized, at the time of such investment, to invest funds of the State.

(2) "Bond documentation" means any resolution, order, trust agreement, trust indenture or other document authorizing the issuance of and securing any outstanding obligations.

(3) "Bonds" means any bonds issued under the provisions of this Article.

(4) "Credit facility" means an agreement entered into by the State Treasurer on behalf of the State with a bank, savings and loan association or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution providing for prompt payment of all or any part of the principal (whether at maturity, presentment for purchase, redemption or acceleration), redemption premium, if any, and interest on any refunding obligations payable on demand or tender by the owner issued in accordance with this Article, in consideration of the State agreeing to repay the provider of such credit facility in accordance with terms and provisions of such agreement, provided, that any such agreement shall provide that the obligation of the State thereunder shall have only such sources of payment as are permitted for the payment of refunding obligations issued under this Article.

(5) "Notes" means any bond anticipation notes or notes issued under the provisions of this Article.

(6) "Outstanding obligations" means any outstanding bonds, bond anticipation notes or notes of the State, whether now outstanding or hereafter issued, the payment of the principal of and the interest on which are secured by a pledge of the full faith, credit and taxing power of the State and which may also be secured, as and to the extent provided in applicable bond documentation, by additional security.

(7) "Par formula" shall mean any provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne by any refunding obligations so that the purchase price of such refunding obligations in the open market would be as close to par as possible.

(8) "Refunding obligations" means any notes or bonds issued under the provisions of this Article. (1935, c. 445, s. 2; 1985 (Reg. Sess., 1986), c. 823, s. 1.)

§ 142-29.3. Purpose.

The purpose of this Article is to provide statutory procedures or to supplement existing procedures for the issuance of refunding obligations. (1935, c. 445, s. 3; 1985 (Reg. Sess., 1986), c. 823, s. 1.)

§ 142-29.4. Powers.

In addition to the powers it may now or hereafter have, the State shall have the following powers, subject to the provisions of this Article and applicable bond documentation:

(1) To borrow money and issue one or more series of refunding obligations for the purpose of refunding all or any part of any series or combination of series of outstanding obligations including, without limitation, the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity or maturities of such outstanding obligations;

(2) To apply the proceeds of refunding obligations

a. To the payment and retirement of outstanding obligations by direct application to such payment and retirement,

b. To the payment and retirement of outstanding obligations, whether by redemption or in accordance with their terms, by the deposit in trust of such proceeds,

c. To the payment of any expenses incurred in connection with such refunding, including the expense of any credit facility employed in connection with such refunding obligations, including, without limitation, bond insurance policies, letters of credit and lines of credit, and

d. For such other uses not inconsistent with any such refunding,

(3) To issue refunding obligations in combination with any other bonds, bond anticipation notes, notes or financial obligations issued by the State;

(4) To issue refunding obligations bearing interest at rates lower, the same as or higher than and having maturities shorter, the same as or longer than the outstanding obligations being refunded;

(5) To issue one series of refunding obligations to refund one or more series of outstanding obligations;

(6) To issue refunding obligations in exchange for outstanding obligations;

(7) To apply to any purpose consistent with any refunding, including the funding of an escrow fund or account to be used for the payment or redemption of any outstanding obligations, moneys made available as a consequence of such refunding, including, without limitation, any moneys then on deposit in debt service reserve funds, principal accounts, interest accounts and sinking fund accounts in respect of the outstanding obligations being refunded and, subject to the approval of the Council of State, any moneys appropriated by the General Assembly for the payment of principal of or interest on the outstanding obligations being refunded; and

(8) To invest any moneys, including any moneys held in trust, in authorized investments. (1935, c. 445, s. 4; 1985 (Reg. Sess., 1986), c. 823, s. 1.)

§ 142-29.5. Authorization of refunding obligations.

By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell, from time to time, refunding obligations for the purpose of refunding outstanding obligations as and to the extent authorized by this Article. The principal amount of any such refunding obligations shall not exceed the principal amount of outstanding obligations to be refunded unless (i) the refunding results in an aggregate debt service savings and (ii) the increase in the principal amount issued does not create cash-in-hand available for new capital improvements.

Refunding obligations issued pursuant to the provisions of this Article shall not be subject to limitations imposed by any other law including, without limitation, the other Articles of this Chapter. (1935, c. 445, s. 5; 1985 (Reg. Sess., 1986), c. 823, s. 1; 1993, c. 542, s. 13.)

§ 142-29.6. Sale of refunding obligations and provisions thereof.

(a) The bonds shall bear such date or dates, shall be serial or term bonds, shall mature in such amounts and at such times, not exceeding 40 years from their date or dates, and shall bear interest at such rate or rates, which may vary from time to time as hereinafter authorized, and which may be represented, in part, by evidences of additional interest, and the bonds may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at such price or prices and under such terms and conditions, all as may be fixed by the State Treasurer with the consent of the Council of State.

(b) The bonds shall be signed on behalf of the State by the Governor or shall bear his facsimile signature; shall be signed by the State Treasurer or shall bear his facsimile signature; and shall bear the Great Seal of the State or a facsimile thereof impressed or imprinted thereon; and interest coupons, if any, shall bear a facsimile of the signature of the State Treasurer. If the bonds shall bear the facsimile signatures of the Governor and the State Treasurer, the bonds shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent or designated assistant of the State Treasurer. Should any officer whose signature or facsimile signature appears on any bonds or coupons (if any) cease to be such officer before the delivery of the bonds, such signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery and any bond or coupon may bear the facsimile signatures of such persons who at the actual time of the execution of such bond or coupon shall be the proper officers to sign any bond or coupon although at the date of such bond or coupon such persons may not have been such officers. The form and denomination of the bonds and any coupons, including the provisions with respect to registration of the bonds, shall be as the State Treasurer may determine in conformity with this Article; provided, however, that nothing in this Article shall prohibit the State Treasurer from proceeding, with respect to the issuance and form of the bonds, under the provisions of the Registered Public Obligations Act as well as this Article.

(c) Subject to determination by the Council of State as to the manner in which the bonds shall be offered for sale, whether at public or private sale and whether by publishing notices in certain newspapers and financial journals,

mailing notices, inviting bids by correspondence, negotiating contracts of purchase or otherwise, the State Treasurer is authorized to sell the bonds, at one time or from time to time, at a price equal to, greater than or less than the face amount of the bonds as the State Treasurer may determine to be in the best interests of the State.

All expenses incurred in the preparation, sale and issuance of the refunding obligations shall be paid by the State Treasurer from the proceeds of any such refunding obligations or any other available moneys.

(d)(1) By and with the consent of the Council of State, the State Treasurer is hereby authorized to borrow money at such rate or rates of interest as the State Treasurer may determine to be in the best interests of the State, which may vary from time to time as hereinafter authorized, and to execute and issue bond anticipation notes or notes of the State for the same, but only in the following circumstances and under the following conditions:

a. For anticipating the sale of any bonds to the issuance of which the Council of State shall have given consent, if the State Treasurer shall deem it advisable to postpone the issuance of such bonds;

b. For the payment of interest upon or any installment of principal of any of the bonds then outstanding, if there shall not be sufficient funds in the State Treasury with which to pay the interest or installment of principal as they respectively become due; or

c. For the renewal of any loan evidenced by bond anticipation notes or notes herein authorized.

(2) Funds derived from the sale of bonds may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of such bonds.

Nothing in this Article shall be construed as a limitation on the duration of any deposit in trust for the retirement of outstanding obligations which shall not have matured and which shall not be then redeemable or, if then redeemable, shall not have been called for redemption.

(e) Coupons (if any) and any evidences of additional interest appertaining to bonds and notes shall, after the maturity of such coupons or evidences of additional indebtedness, be receivable in payment of all taxes, debts, dues, licenses, fines and demands of any kind whatever due the State.

(f) All refunding obligations shall be exempt from all State, county and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, except for inheritance and gift taxes, income taxes on the gain from the transfer of the obligations, and franchise taxes. The interest on the refunding obligations is not subject to taxation as income.

(g) Refunding obligations, coupons (if any) and any evidences of additional indebtedness are hereby made securities in which all public officers, agencies and public bodies of the State and its political subdivisions, all insurance companies, trust companies, investment companies, banks, savings banks, building and loan associations, credit unions, pension or retirement funds, other financial institutions engaged in business in the State, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such refunding obligations, coupons (if any) and any evidences of additional indebtedness are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(h) The full faith, credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on refunding obligations, coupons (if any) and any evidences of additional indebtedness to the same extent as pledged to the outstanding obligations being refunded. To the extent additional security has been pledged to outstanding obligations, such additional security may, at the discretion of the State, be continued and similarly pledged to the appropriate refunding obligations, coupons (if any) and any evidences of additional indebtedness. (1935, c. 445, s. 6; 1985 (Reg. Sess., 1986), c. 823, s. 1; 1995, c. 46, s. 15.)

§ 142-29.7. Additional refunding obligation provisions.

In fixing the details of refunding obligations, the State Treasurer may provide that any of the refunding obligations:

(1) May be made payable from time to time on demand or tender for purchase by the owner thereof provided a credit facility supports such refunding obligations, unless the State Treasurer specifically determines that a credit facility is not required upon a finding and determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State and the marketing of the refunding obligations at a reasonable interest cost to the State;

(2) May be additionally supported by a credit facility;

(3) May be made subject to redemption prior to maturity with such variations as may be permitted in connection with a par formula;

(4) May bear interest at a rate or rates that may vary as permitted pursuant to a par formula and for such period or periods of time, all as may be provided in the proceedings providing for the issuance of such refunding obligations; and

(5) May be made the subject of a remarketing agreement whereby an attempt is made to remarket the refunding obligations to new purchasers prior to their presentment for payment to the provider of the credit facility or to the State.

If the aggregate principal amount repayable by the State under an agreement is in excess of the aggregate principal amount of refunding obligations secured by the related credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued refunding obligations during the term of such agreement shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer. (1935, c. 445, s. 7; 1985 (Reg. Sess., 1986), c. 823, s. 1.)

Article 8.

State Energy Conservation Finance Act.

§ 142-60. Short title.

This Article is the State Energy Conservation Finance Act. (2002-161, s. 9.)

Editor's Note. — Session Laws 2002-161, s. 13, made this Article effective January 1, 2003, and applicable to contracts entered into on or after that date.

Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

§ 142-61. Definitions.

The following definitions apply in this Article:

(1) Certificates of participation. — Certificates or other instruments delivered by a special corporation as provided in this Article evidencing the assignment of proportionate and undivided interests in the rights to receive payments to be made by the State pursuant to one or more financing contracts.

(2) Cost. — The term includes:

a. The cost of construction, modification, rehabilitation, renovation, improvement, acquisition, or installation in connection with an energy conservation measure.

b. The cost of engineering, architectural, and other consulting services as may be required, including the cost of performing the technical analysis in accordance with G.S. 143-64.17A and inspection and certification in accordance with G.S. 143-64.17K.

c. Finance charges, reserves for debt service and other types of reserves required pursuant to a financing contract or any other related documentation, and interest prior to and during construction, and, if deemed advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction.
d. Administrative expenses and charges.
e. The cost of bond insurance, investment contracts, credit and liquidity facilities, interest rate swap agreements and other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of the financing contract to the extent and as determined by the State Treasurer.
f. The cost of reimbursing the State for payments made for any costs described in this subdivision.
g. Any other costs and expenses necessary or incidental to implementing the purposes of this Article.

(3) Credit facility. — An agreement that:
a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company or other insurance institution, a corporation, investment banking firm or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and
b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any financing contract payable on demand or tender by the owner in consideration of the State agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(4) Energy conservation measure. — Defined in G.S. 143-64.17.
(5) Energy conservation property. — Buildings, equipment, or other property with respect to which an energy conservation measure is undertaken.
(6) Financing contract. — An installment financing contract entered into pursuant to the provisions of this Article to finance the cost of an energy conservation measure.
(7) Person. — An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.
(8) Special corporation. — A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.
(9) State governmental unit. — Defined in G.S. 143-64.17.
(10) State Treasurer. — The incumbent Treasurer, from time to time, of the State. (2002-161, s. 9.)

§ 142-62: Reserved for future codification purposes.

§ 142-63. Authorization of financing contract.

Subject to the terms and conditions set forth in this Article, a State governmental unit that has solicited a guaranteed energy conservation measure pursuant to G.S. 143-64.17A or G.S. 143-64.17B or the State Treasurer, as

designated by the Council of State, is authorized to execute and deliver, for and on behalf of the State of North Carolina, a financing contract to finance the costs of the energy conservation measure. The aggregate principal amount payable by the State under financing contracts entered pursuant to this Article shall not exceed fifty million dollars ($50,000,000) at any one time. (2002-161, s. 9.)

§ 142-64. Procedure for incurrence or issuance of financing contract.

(a) When a State governmental unit has solicited a guaranteed energy conservation measure, the State governmental unit shall request that the State Treasurer approve the State governmental unit's entering into a financing contract to finance the cost of the energy conservation measure. In connection with the request, the State governmental unit shall provide to the State Treasurer any information the State Treasurer requests in order to evaluate the request. In the event that the State Treasurer determines that financing efficiencies will be realized through the combining of financing contracts, then the State Treasurer is authorized to execute and deliver, for and on behalf of the State of North Carolina, subject to the terms and conditions set forth in this Article, a financing contract for the purpose of financing the cost of the multiple energy conservation measures.

(b) A financing contract may be entered into pursuant to this Article only after all of the following conditions are met:

(1) The Office of State Budget and Management has certified that resources are expected to be available to the State to pay the payments to fall due under the financing contract as they become due and payable.

(2) The Council of State has approved the execution and delivery of the financing contract by resolution that sets forth all of the following:

a. The not-to-exceed term or final maturity of the financing contract, which shall be no later than 12 years from the date the financing contract is entered.

b. The not-to-exceed interest rate or rates (or the equivalent thereof), which may be fixed or vary over a period of time, with respect to the financing contract.

c. The appropriate officers of the State to execute and deliver the financing contract and all other documentation relating to it.

(3) The State Treasurer has approved the financing contract and all other documentation related to it, including any deed of trust, security agreement, trust agreement or any credit facility.

The resolution of the Council of State shall include any other matters the Council of State considers appropriate.

(c) In determining whether to approve a financing contract under subdivision (b)(3) of this section, the State Treasurer may consider the factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The principal amount to be advanced to the State under the financing contract is adequate and not excessive for the purpose of paying the cost of the energy conservation measure.

(2) The increase, if any, in State revenues necessary to pay the sums to become due under the financing contract are not excessive.

(3) The financing contract can be entered into on terms desirable to the State.

(4) In the case of delivery of certificates of participation, the sale of certificates of participation will not have an adverse effect upon any

scheduled or proposed sale of obligations of the State or any State agency.

(d) The Office of State Budget and Management is authorized to certify that funds are expected to be available to the State to make the payments due under a financing contract entered into under the provisions of this section as the payments become due and payable. In so certifying, the Office of State Budget and Management may take into account expected decreases in appropriations to the State governmental unit that will offset payments expected to be made under the financing contract. (2002-161, s. 9.)

§ 142-65. Security; other requirements.

(a) In order to secure the performance by the State of its obligations under a financing contract or any other related documentation, the State may grant a lien on, or security interest in, all or any part of the energy conservation property or the land upon which the energy conservation property is or will be located.

(b) No deficiency judgment may be rendered against the State or any State governmental unit in any action for breach of any obligation contained in a financing contract or any other related documentation, and the taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under a financing contract or any other related documentation. In the event that the General Assembly does not appropriate funds sufficient to make payments required under a financing contract or any other related documentation, the net proceeds received from the sale, lease, or other disposition of the property subject to the lien or security interest created pursuant to subsection (a) of this section shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation creating the lien or security interest. These net proceeds are hereby appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under the financing contract or any other related documentation shall be paid to the State Treasurer for deposit to the General Fund of the State.

(c) Neither a financing contract nor any other related documentation shall contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any State property that is the subject of an energy conservation measure.

(d) A financing contract may include provisions requesting the Governor to submit in the Governor's budget proposal, or any amendments or supplements to it, appropriations necessary to make the payments required under the financing contract.

(e) A financing contract may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing funds under the financing contract that are reasonable and not in violation of law, including covenants setting forth the duties of the State in respect of the purposes to which the funds advanced under a financing contract may be applied, and the duties of the State with respect to the property subject to the lien or security interest created pursuant to subsection (a) of this section, including, without limitation, provisions relating to insuring and maintaining any property and the custody, safeguarding, investment, and application of moneys.

(f) The interest component of the installment payments to be made under a financing contract may be calculated based upon a fixed or variable interest rate or rates as determined by the State Treasurer.

(g) If the State Treasurer determines that it is in the best interest of the State, the State may enter into, or arrange for the delivery of, a credit facility to secure payment of the payments due under a financing contract or to secure payment of the purchase price of any certificates of participation delivered as provided in this Article. (2002-161, s. 9.)

§ 142-66. Payment provisions.

The payment of amounts payable by the State under a financing contract and any other related documentation during any fiscal biennium or fiscal year shall be limited to funds appropriated for that purpose by the General Assembly in its discretion. No provision of this Article and no financing contract or any other related documentation shall be construed or interpreted as creating a pledge of the faith and credit of the State or any agency, department, or commission of the State within the meaning of any constitutional debt limitation. (2002-161, s. 9.)

§ 142-67. Certificates of participation.

(a) If the State Treasurer determines that the State would realize debt service savings under one or more financing contracts if certificates of participation are issued with respect to the rights to receive payments under the financing contract, then the State Treasurer is authorized to take actions, with the consent of the Council of State, that will effectuate the delivery of certificates of participation for that purpose.

(b) Terms; Interest. — Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(c) Trust Agreement. — Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer. (2002-161, s. 9.)

§ 142-68. Tax exemption.

Any financing contract entered pursuant to this Article, and any certificates of participation relating to it, shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the financing contract or certificates of participation; and franchise taxes. The interest component of the installment payments made by the State under the financing contract, including the interest component of any certificates of participation, is not subject to taxation as income. (2002-161, s. 9.)

§ 142-69. Other agreements.

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with entering into financing contracts and issuing certificates of participation pursuant to this Article. The State Treasurer is authorized to employ and designate any financial consultants,

underwriters, fiduciaries, and bond attorneys to be associated with any financing contracts or certificates of participation under this Article as the State Treasurer considers appropriate. (2002-161, s. 9.)

§ 142-70. Investment eligibility.

Financing contracts entered into pursuant to this Article, and any certificates of participation relating to them, are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Financing contracts entered pursuant to this Article, and any certificates of participation relating to them, are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or any political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision is now or may later be authorized by law. (2002-161, s. 9.)

Article 9.

State Capital Facilities Finance Act.

§ 142-80. Short title.

This Article may be cited as the State Capital Facilities Finance Act. (2003-284, s. 46.2; 2003-314, s. 1.)

Repair and Renovation. — Session Laws 2003-284, s. 46.1, provides: "This section authorizes the issuance or incurrence of special indebtedness in a maximum aggregate principal amount of three hundred million dollars ($300,000,000) to be used only in accordance with this section for the repair and renovation of State facilities and related infrastructure that are supported from the General Fund.

"Proceeds of the Repair and Renovation special indebtedness shall be used only for the purposes and in accordance with the procedures provided in G.S. 143-15.3A, the Repairs and Renovations Reserve Account.

"Except in the case of an emergency as provided in G.S. 143-15.3A, the Director of the Budget shall use the Repair and Renovations funds only for repairs and renovations that have been approved by an act of the General Assembly or, if the General Assembly is not in session, for repairs and renovations about which the Director of the Budget has first consulted with the Joint Legislative Commission on Governmental Operations under G.S. 143-15.3A(c). The Director of the Budget shall direct the State Treasurer to carry out the financing for repair and renovation projects selected pursuant to this section. Special indebtedness authorized by this section shall be issued or incurred only in accordance with Article 9 of Chapter 142 of the General Statutes, as enacted by this part."

Psychiatric Hospital Construction. — Session Laws 2003-314, ss. 2.1 through 2.3, provide: "Construction of Psychiatric Hospital. — In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness in a maximum aggregate principal amount of one hundred ten million dollars ($110,000,000) to finance the cost of the project described in this Part, subject to the limitations described in this Part. The financing contract indebtedness shall not be incurred prior to July 1, 2004.

"The Project. — The project shall consist of the acquisition, construction, and equipping of an approximately 450,000 square foot, 432-bed new psychiatric hospital to be located in Butner.

"Authorization of Financing Contracts. — The State, with the prior approval of the State Treasurer and the Council of State, as provided in Article 10 of Chapter 142 of the General Statutes as enacted by this act, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with other available funds, to

pay the cost of the project, in an aggregate principal amount not to exceed one hundred ten million dollars ($110,000,000). The State Treasurer may, in the Treasurer's sole discretion, require one or more reports satisfactory to the Treasurer evidencing the savings expected to be realized from the closure of existing psychiatric hospitals that are to be replaced by the project and the feasibility of the financing of the project."

General Provisions for Psychiatric Hospital. — Session Laws, 2003-314, s. 3.1, provides: "The Secretary of Health and Human Services shall maintain all existing educational and research programs in psychiatry and psychology conducted at Dorothea Dix Hospital and John Umstead Hospital by the University of North Carolina School of Medicine and by the Psychology Department within the College of Arts and Sciences at the University of North Carolina at Chapel Hill, unless the programs are otherwise modified by the University of North Carolina School of Medicine or the College of Arts and Sciences. The University of North Carolina School of Medicine shall retain authority over all educational and research programs in psychiatry and the University of North Carolina College of Arts and Sciences shall retain authority over all educational and research programs in psychology conducted at these hospitals and at any new State psychiatric hospital. The Secretary shall consult with the University of North Carolina School of Medicine in programmatic, operational, and facility planning of the new psychiatric hospital to ensure appropriate patient treatment and continuation of educational and research programs conducted by the University of North Carolina School of Medicine. In addition, the Secretary shall consult with the University of North Carolina College of Arts and Sciences to ensure appropriate continuation of educational and research programs conducted by the University of North Carolina College of Arts and Sciences."

Additional Method. — Session Laws 2003-284, s. 46.4(a), provides: "This part [Part XLVI of Session Laws 2003-284] provides an additional and alternative method for the doing of the things authorized by this part [Part XLVI of Session Laws 2003-284] and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this part [Part XLVI of Session Laws 2003-284] shall not be regarded as in derogation of any powers now existing. The authority granted in this part [Part XLVI of Session Laws 2003-284] is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness." Session Laws 2003-314, s. 4.1 contains similar provisions.

Statutory References. — Session Laws 2003-284, s. 46.4(b), provides: "References in this part [Part XLVI of Session Laws 2003-284] to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly." Session Laws 2003-314, s. 4.1 contains similar provisions.

Liberal Construction. — Session Laws 2003-284, s. 46.4(c), provides: "This part [Part XLVI of Session Laws 2003-284], being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes." Session Laws 2003-314, s. 4.1 contains similar provisions.

Severability. — Session Laws 2003-284, s. 46.4(d), provides: "If any provision of this part [Part XLVI of Session Laws 2003-284] or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the part [Part XLVI of Session Laws 2003-284] that can be given effect without the invalid provision or application, and to this end the provisions of this part [Part XLVI of Session Laws 2003-284] are severable." Session Laws 2003-314, s. 4.1 contains similar provisions.

Editor's Note. — Session Laws 2003-284, s. 48.1, provides: "Parts 32 through 47 of this act do not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by those parts before the effective date of its amendment or repeal; nor do they affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal."

Session Laws 2003-284, s. 48.2, made this Article effective June 30, 2003.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 142-81. Findings and purpose.

The General Assembly finds as follows:

(1) There is a continuing need for capital facilities for the State, many of which will continue to be provided on a "pay-as-you-go" basis by direct appropriations.

(2) The State will also continue to provide capital facilities through the issuance of general obligation bonds.

(3) There is a need, however, for the use of alternative financing methods, such as authorized in this Article, to facilitate the providing of capital facilities when circumstances and conditions warrant the providing of capital facilities through financing methods in addition to direct appropriations and the issuance of general obligation bonds.

(4) The use of these alternative financing methods as authorized in this Article will provide financing flexibility to the State and permit the State to take advantage of changing financial and economic environments. (2003-284, s. 46.2.)

§ 142-82. Definitions.

The following definitions apply in this Article:

(1) Bonded indebtedness. — Limited obligation bonds and bond anticipation notes, including refunding bonds and notes, authorized to be issued under this Article.

(2) Bonds or notes. — Limited obligation bonds and notes authorized to be issued under this Article.

(3) Capital facility. — Any one or more of the following:

a. Any one or more buildings, utilities, structures, or other facilities or property developments, including streets and landscaping, and the acquisition of equipment, machinery, and furnishings in connection with these items.

b. Additions, extensions, enlargements, renovations, and improvements to existing buildings, utilities, structures, or other facilities or property developments, including streets and landscaping.

c. Land or an interest in land.

d. Other infrastructure.

e. Furniture, fixtures, equipment, vehicles, machinery, and similar items.

(4) Certificates of participation. — Certificates or other instruments delivered by a special corporation evidencing the assignment of proportionate undivided interests in rights to receive payments pursuant to a financing contract.

(5) Certificates of participation indebtedness. — Financing contract indebtedness incurred by the State under a plan of finance in which a special corporation obtains funds to pay the cost of a capital facility to be financed through the delivery by the special corporation of certificates of participation.

(6) Cost. — Any of the following in financing the cost of capital facilities as authorized by this Article:

a. The cost of constructing, reconstructing, renovating, repairing, enlarging, acquiring, and improving capital facilities, including the acquisition of land, rights-of-way, easements, franchises, equipment, machinery, furnishings, and other interests in real or personal property acquired or used in connection with a capital facility.

b. The cost of engineering, architectural, and other consulting services.

c. The cost of providing personnel to ensure effective management of capital facilities.
d. Finance charges, reserves for debt service, and other types of reserves required pursuant to the terms of any special indebtedness or related documents, interest before and during construction or acquisition of a capital facility and, if considered advisable by the State Treasurer, for a period not exceeding two years after the estimated date of completion of construction or acquisition.
e. Administrative expenses and charges.
f. The cost of bond insurance, investment contracts, credit enhancement facilities and liquidity facilities, interest rate swap agreements or other derivative products, financial and legal consultants, and related costs of the incurrence or issuance of special indebtedness.
g. The cost of reimbursing the State, a State agency, or a special corporation for any payments made for any cost described in this subdivision.
h. Any other costs and expenses necessary or incidental to the purposes of this Article.

(7) Credit facility. — An agreement that:
a. Is entered into by the State with a bank, savings and loan association, or other banking institution, an insurance company, reinsurance company, surety company, or other insurance institution, a corporation, investment banking firm, or other investment institution, or any financial institution or other similar provider of a credit facility, which provider may be located within or without the United States of America; and
b. Provides for prompt payment of all or any part of the principal or purchase price (whether at maturity, presentment or tender for purchase, redemption, or acceleration), redemption premium, if any, and interest with respect to any special indebtedness payable on demand or tender by the owner in consideration of the State's agreeing to repay the provider of the credit facility in accordance with the terms and provisions of the agreement.

(8) Department of Administration. — The North Carolina Department of Administration, created by Article 36 of Chapter 143 of the General Statutes or, if the Department is abolished or otherwise divested of its functions under this Article, the public body succeeding it in its principal functions or upon which are conferred by law the rights, powers, and duties given by this Article to the Department.

(9) Financing contract. — A contract entered into pursuant to this Article to finance capital facilities and constituting a lease-purchase contract, installment-purchase contract, or other similar type installment financing contract. The term does not include, however, a contract that meets any one of the following conditions:
a. It constitutes an operating lease under generally accepted accounting principles.
b. It provides for the payment under the contract over its full term, including periods that may be added to the original term through the exercise of options to renew or extend, of an aggregate principal amount of not in excess of five thousand dollars ($5,000) or any greater amount that may be established by the Council of State if the Council of State determines (i) the aggregate amount to be paid under these contracts will not have a significant impact on the State budgetary process or the economy of the State and (ii) the change will lessen the administrative burden on the State.

c. It is executed and provides for the making of all payments under the contract, including payment to be made during any period that may be added to the original term through the exercise of options to renew or extend, in the same fiscal year.

(10) Financing contract indebtedness. — Indebtedness incurred pursuant to a financing contract, including certificates of participation indebtedness.

(11) Fiscal period. — A fiscal biennium or a fiscal year of the fiscal biennium.

(12) Fiscal year. — The fiscal year of the State beginning on July 1 of one calendar year and ending on June 30 of the next calendar year.

(13) Limited obligation bond. — A limited obligation bond issued pursuant to G.S. 142-88 and payable and secured as provided in G.S. 142-89.

(14) Par formula. — A provision or formula adopted by the State to provide for the adjustment, from time to time, of the interest rate or rates borne or provided for by any special indebtedness, including any of the following:

a. A provision providing for an adjustment so that the purchase price of special indebtedness in the open market would be as close to par as possible.

b. A provision providing for an adjustment based upon a percentage or percentages of a prime rate or base rate, which percentages may vary or be applied for different periods of time.

c. Any provision that the State Treasurer determines is consistent with this Article and will not materially and adversely affect the financial position of the State and the marketing of special indebtedness at a reasonable interest cost to the State.

(15) Person. — An individual, a firm, a partnership, an association, a corporation, a limited liability company, or any other organization or group acting as a unit.

(16) Special corporation. — Either of the following:

a. A nonprofit corporation created under Chapter 55A of the General Statutes for the purpose of facilitating the incurrence of certificates of participation indebtedness by the State under this Article.

b. A private corporation or other entity issuing certificates of participation pursuant to this Article.

(17) Special indebtedness. — Financing contract indebtedness and bonded indebtedness issued or incurred pursuant to this Article.

(18) State. — The State of North Carolina, including any State agency.

(19) State agency. — Any agency, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.

(20) State Treasurer. — The incumbent Treasurer, from time to time, of the State. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-83. Authorization of special indebtedness; General Assembly approval.

The State may incur or issue special indebtedness subject to the terms and conditions provided in this Article for the purpose of financing the cost of capital facilities that meet one of the following conditions:

(1) The General Assembly has enacted legislation describing the capital facility and authorizing its financing by the incurrence or issuance of special indebtedness up to a specific maximum amount.

(2) The General Assembly has enacted legislation authorizing the incurrence or issuance of special indebtedness up to a specific maximum amount for a specific category of capital facilities and the capital facility meets all of the conditions set in that legislation. (2003-284, s. 46.2; 2003-314, s. 1.)

Editor's Note. — Session Laws, 2003-284, ss. 46A.1(a) through (e), provide: "(a) Acquisition of Correctional Facilities.—In accordance with G.S. 142-83, as enacted by this act, this section authorizes the issuance or incurrence of financing contract indebtedness to be used to acquire two correctional facilities that the State currently leases located in Pamlico County and Avery County. The State Treasurer is authorized to give notice for, arrange, and consummate the purchase of these facilities in accordance with this section.

"(b) Pamlico County Correctional Facility.—The State is authorized to acquire the correctional facility located in Pamlico County that the State currently leases from U.S. Corrections Corporation pursuant to the purchase option provision in the lease. Title to these facilities shall be held in the name of the State. The cost of acquiring the Pamlico County correctional facility shall be financed as provided in Article 9 of Chapter 142 of the General Statutes.

"(c) Mountain View Correctional Facility.—The State is authorized to acquire the Mountain View Correctional Facility located in Avery County that the State currently leases from Correctional Properties Trust pursuant to the purchase option provision in the lease. Title to these facilities shall be held in the name of the State. The cost of acquiring the Mountain View Correctional Facility shall be financed as provided in Article 9 of Chapter 142 of the General Statutes.

"(d) Authorization of Financing Contracts.—The State, with the prior approval of the State Treasurer and the Council of State as provided in Article 9 of Chapter 142 of the General Statutes, is authorized to execute and deliver one or more financing contracts in order to provide funds to the State to be used, together with any other available funds, to pay the cost of acquiring either or both of the Pamlico County correctional facility and the Mountain View Correctional Facility described in this section. Notwithstanding the provisions of G.S. 142-83, no maximum principal amount is required to be stated in this section authorizing the issuance or incurrence of financing contract indebtedness for these purposes.

"(e) Transition.—Funds are appropriated in this act to the Department of Correction in each year of the 2003-2005 fiscal biennium to directly or indirectly pay the property taxes levied on the two facilities to be acquired pursuant to this section. The Department of Correction shall make these payments in the amounts appropriated for the biennium only and, depending upon the ownership status of each facility for each respective tax year, may recharacterize one or more of the payments as fees in lieu of the original obligation."

Session Laws 2003-284, s. 46A.2, provides for the issuance or incurrence of funds for youth development centers.

Session Laws 2003-284, s. 46A.3, provides for the issuance or incurrence of funds for a structural pest control training facility.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 142-84. Procedure for incurrence or issuance of special indebtedness.

(a) Notice and Certificate. — Whenever the State or a State agency determines that special indebtedness is appropriate to finance capital facilities, it shall notify the Department of Administration. If the Department of Administration concurs, it shall provide written notice to the State Treasurer advising the State Treasurer of this determination.

After the filing of the notice and after any preliminary conference, the State Treasurer shall consult with the Office of State Budget and Management as to the revenues expected by that Office to be available to pay all sums to come due on the special indebtedness during its term. If, after consulting with the Office

of State Budget and Management, the State Treasurer determines by written certificate that it may be desirable to use special indebtedness to finance the capital facilities, the Department of Administration shall request the Council of State to give its preliminary approval of the use of special indebtedness to finance the capital facilities. The Department of Administration must promptly file copies of the notice and certificate required by this subsection with the Governor and the Council of State.

(b) Preliminary Approval. — The Council of State, upon receipt of the notice and certificate required by subsection (a) of this section, shall adopt a resolution granting or denying preliminary approval of the financing. A resolution granting preliminary approval may include any other terms, conditions, and restrictions the Council of State considers appropriate and not inconsistent with the provisions of this Article.

(c) Final Approval. — Before any special indebtedness may be incurred or issued pursuant to this Article, the Council of State must authorize the indebtedness by resolution, either as part of or separate from the resolution required by subsection (b) of this section. The resolution must do all of the following:

(1) Authorize the providing of a particular capital facility or, in general terms, the types or classifications of capital facilities to be provided.
(2) Set the aggregate principal amount or maximum principal amount of the special indebtedness authorized.
(3) Set the maturity or maximum maturity of the special indebtedness authorized.
(4) Set the rate, rates, or maximum rate of interest, which may be fixed or vary over a period of time, of the special indebtedness authorized.
(5) Include any other conditions or matters not inconsistent with the provisions of this Article in the discretion of the Council of State, which may include the adoption or approvals as may be authorized in G.S. 142-88 and G.S. 142-89.

(d) Financing Terms. — No special indebtedness shall be incurred or issued without the prior written approval of the State Treasurer as provided in this subsection, which is in addition to the certificate given by the State Treasurer pursuant to subsection (a) of this section. In determining whether to approve the proposed financing, the State Treasurer may consider any factors the State Treasurer considers relevant in order to find and determine all of the following:

(1) The amounts to become due under the special indebtedness, including the interest component or rate, are adequate and not excessive for the purpose proposed.
(2) The increase, if any, in State revenues, including taxes, necessary to pay the sums to become due under the special indebtedness is not excessive.
(3) The special indebtedness can be incurred or issued on terms desirable to the State.

(e) Designation of Facilities. — If the Council of State has authorized in general terms the types or classifications of capital facilities to be financed, then the particular capital facilities and the principal amount of special indebtedness to be incurred or issued for each particular capital facility shall be determined by the Department of Administration after considering any factors it considers relevant in order to determine that the particular capital facility to be provided is desirable for the efficient operation of the State and its agencies and is in the best interests of the State.

(f) Type of Debt and Security. — In the absence of a determination by the Council of State, the State Treasurer, after consultation with the Department of Administration, shall determine the specific security offered and whether the special indebtedness to be issued or incurred shall be financing contract

indebtedness, certificates of participation indebtedness, bonded indebtedness, or some combination of these.

(g) Administration. — The State Treasurer, after consultation with the Department of Administration, shall develop appropriate documents for use under this Article. The State Treasurer shall employ and designate the financial consultants, fiduciaries and other agents, underwriters, and bond attorneys to be associated with the incurrence or issuance of special indebtedness pursuant to this Article.

(h) Oversight by Joint Legislative Commission. — After all the requirements for approval and oversight provided in this section have been met, and at least five days before the issuance or incurrence of the special indebtedness, the State Treasurer must report to the Joint Legislative Commission on Governmental Operations. This report must include the details of the proposed special indebtedness, including the capital facilities to be financed by the indebtedness, the amount of the proposed indebtedness, the type of indebtedness to be issued or incurred, and any other information required by the Commission. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-85. Security; other requirements.

(a) Security. — In order to secure (i) lease or installment payments to be made to the lessor, seller, or other person advancing moneys or providing financing under a financing contract, (ii) payment of the principal of and interest on bonded indebtedness, or (iii) payment obligations of the State to the provider of bond insurance, a credit facility, a liquidity facility, or a derivative agreement, special indebtedness may create any combination of the following:

(1) A lien on or security interest in one or more, all, or any part of the capital facilities to be financed by the special indebtedness.

(2) If the special indebtedness is to finance construction of improvements on real property, a lien on or security interest in all or any part of the land on which the improvements are to be located.

(3) If the special indebtedness is to finance renovations or improvements to existing facilities or the installation of fixtures in existing facilities, a lien on or security interest in one or more, all, or any part of the facilities.

(b) Value of Security; Multiple Liens. — The estimated value of the property subject to the lien or security interest need not bear any particular relationship to the principal amount of the special indebtedness or other obligation it secures. This Article does not limit the right of the State to grant multiple liens or security interests in a capital facility or other property to the extent not otherwise limited by the terms of any special indebtedness.

(c) Governor's Budget. — Documentation relating to any special indebtedness may include provisions requesting the Governor to submit in the Governor's budget proposal or any amendments or supplements to the budget proposed appropriations necessary to make the payments required by the special indebtedness.

(d) Source of Repayment. — The payment of amounts payable by the State under special indebtedness or any related documents during any fiscal period shall be limited to funds appropriated for that purpose by the General Assembly in its discretion.

(e) No Deficiency Judgment or Pledge. — No deficiency judgment may be rendered against the State in any action for breach of any obligation under special indebtedness or any related documents. The taxing power of the State is not and may not be pledged directly or indirectly to secure any moneys due under special indebtedness or any related documents. In the event that the General Assembly does not appropriate sums sufficient to make payments

required under any special indebtedness or any related documents, the net proceeds received from the sale or other disposition of the property subject to the lien or security interest shall be applied to satisfy these payment obligations in accordance with the deed of trust, security agreement, or other documentation relating to the lien or security interest. These net proceeds are appropriated for the purpose of making these payments. Any net proceeds in excess of the amount required to satisfy the obligations of the State under any special indebtedness or any related documents shall be paid to the State Treasurer for deposit to the General Fund.

(f) Nonsubstitution Clause. — A financing contract, issue of bonded indebtedness, or other related document shall not contain a nonsubstitution clause that restricts the right of the State to (i) continue to provide a service or conduct an activity or (ii) replace or provide a substitute for any capital facility.

(g) Protection of Lender. — Special indebtedness may contain any provisions for protecting and enforcing the rights and remedies of the person advancing moneys or providing financing under a financing contract, the owners of bonded indebtedness, or others to whom the State is obligated under special indebtedness or any related documents as may be reasonable and proper and not in violation of law. These provisions may include covenants setting forth the duties of the State in respect of any of the following:

(1) The purposes to which the proceeds of special indebtedness may be applied.

(2) The disposition and application of the revenues of the State, including taxes.

(3) Insuring, maintaining, and other duties with respect to the capital facilities financed.

(4) The disposition of any charges and collection of any revenues and administrative charges.

(5) The terms and conditions of the issuance of additional special indebtedness.

(6) The custody, safeguarding, investment, and application of all moneys.

(h) State Property Law Exception. — Chapter 146 of the General Statutes does not apply to any transfer of the State's interest in property authorized by this Article, whether to a deed of trust trustee or other secured party as security for special indebtedness, or to a purchaser of property in connection with a foreclosure or similar conveyance of property to realize upon the security for special indebtedness following the State's default on its obligations under the special indebtedness. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-86. Financing contract indebtedness.

(a) Documentation. — Financing contract indebtedness shall not be incurred until all documentation providing for its incurrence has been approved by the State Treasurer after the State Treasurer has consulted with the Department of Administration.

(b) Interest Component. — A financing contract may provide for payments under the contract to represent principal and interest components of the cost of the capital facility to be financed, as determined by the State Treasurer.

(c) Bidding. — Financing contracts may be entered into pursuant to any applicable public or competitive bidding process or any private or negotiated process, to the extent required by applicable law and, if not so required, as may be determined by the Department of Administration after consulting with the State Treasurer.

(d) Party. — All financing contracts shall be executed on behalf of the State by the State Treasurer or, upon delegation by the State Treasurer after the State Treasurer's having approved the financing contract, by the Department of Administration.

(e) Credit Facility. — If the State Treasurer determines that it is in the best interest of the State, the State Treasurer may arrange for the delivery of a credit facility to secure payment under any financing contract. The State Treasurer may also provide that payments by the State representing the interest component of the payments to be made under a financing contract may be calculated based upon a fixed or a variable rate of interest.

(f) Terms and Conditions. — All other conditions set forth elsewhere in this Article with respect to financing contract indebtedness shall also be satisfied prior to incurring any financing contract indebtedness. To the extent applicable as conclusively determined by the State Treasurer, the provisions of G.S. 142-89, 142-90, and 142-91 apply to financing contract indebtedness. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-87. Additional requirements for certificates of participation indebtedness.

(a) Documentation. — A financing contract shall not be used in connection with the delivery of certificates of participation by a special corporation until all documentation providing for its use has been approved by the State Treasurer after the State Treasurer has consulted with the Department of Administration. All documentation providing for the delivery and sale of certificates of participation must be approved by the State Treasurer.

(b) Procedure. — The special corporation, if used, shall request the approval of the State Treasurer in writing and shall furnish any information and documentation relating to the delivery and sale of the certificates of participation requested by the State Treasurer. In determining whether to approve the financing in the documentation, the State Treasurer shall consider the factors set forth in G.S. 142-84(d), as well as the effect of the proposed financing upon any scheduled or proposed sale of debt obligations by the State or a unit of local government in the State.

(c) Terms; Interest. — Certificates of participation may be sold by the State Treasurer in the manner, either at public or private sale, and for any price or prices that the State Treasurer determines to be in the best interest of the State and to effect the purposes of this Article, except that the terms of the sale must also be approved by the special corporation. Interest payable with respect to certificates of participation shall accrue at the rate or rates determined by the State Treasurer with the approval of the special corporation.

(d) Trust Agreement. — Certificates of participation may be delivered pursuant to a trust agreement or similar instrument with a corporate trustee approved by the State Treasurer, and the provisions of G.S. 142-89(h) apply to the trust agreement or similar instrument to the extent applicable.

(e) Other Conditions. — All other conditions set forth elsewhere in this Article with respect to certificates of participation indebtedness, including the conditions set forth in G.S. 142-86, must be satisfied before any certificates of participation indebtedness is incurred. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-88. Bonded indebtedness.

The State Treasurer is authorized, by and with the consent of the Council of State as provided in this Article, to issue and sell at one time or from time to time bonds of the State to be designated "State of North Carolina Limited Obligation Bonds, Series_____ " or notes of the State as provided in this Article, for the purpose of providing funds, with any other available funds, for the uses authorized in this Article. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-89. Issuance of limited obligation bonds and notes.

(a) Terms and Conditions. — Bonds or notes may bear any dates; may be serial or term bonds or notes, or any combination of these; may mature in any amounts and at any times, not exceeding 40 years from their dates; may be payable at any places, either within or without the United States, in any coin or currency of the United States that at the time of payment is legal tender for payment of public and private debts; may bear interest at any rates, which may vary from time to time; and may be made redeemable before maturity, at the option of the State or otherwise as may be provided by the State, at any prices, including a price greater than the face amount of the bonds or notes, and under any terms and conditions, all as may be determined by the State Treasurer, by and with the consent of the Council of State.

(b) Signatures; Form and Denomination; Registration. — Bonds or notes may be issued in certificated or uncertificated form. If issued in certificated form, bonds or notes shall be signed on behalf of the State by the Governor or bear the Governor's facsimile signature, shall be signed by the State Treasurer or bear the State Treasurer's facsimile signature, and shall bear the great seal of the State or a facsimile of the seal impressed or imprinted on them. If bonds or notes bear the facsimile signatures of the Governor and the State Treasurer, the bonds or notes shall also bear a manual signature which may be that of a bond registrar, trustee, paying agent, or designated assistant of the State Treasurer. If any officer whose signature or facsimile signature appears on bonds or notes issued under this Article ceases to be that officer before the delivery of the bonds or notes, the signature or facsimile signature shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery of the bonds or notes. Bonds or notes issued under this Article may bear the facsimile signatures of persons who, at the actual time of the execution of the bonds or notes, were the proper officers to sign any bond or note although at the date of the bond or note those persons may not have been officers.

The form and denomination of bonds or notes, including the provisions with respect to registration of the bonds or notes and any system for their registration, shall be as prescribed by the State Treasurer in conformity with this Article.

(c) Manner of Sale; Expenses. — Subject to the approval by the Council of State as to the manner in which bonds or notes will be offered for sale, whether at public or private sale, whether within or without the United States, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase, or otherwise, the State Treasurer is authorized to sell bonds or notes at one time or from time to time at any rates of interest, which may vary from time to time, and at any prices, including a price less than the face amount of the bonds or notes, as the State Treasurer may determine. All expenses incurred in the preparation, sale, and issuance of bonds or notes shall be paid by the State Treasurer from the proceeds of bonds or notes or other available moneys.

(d) Application of Proceeds. — The proceeds of any bonds or notes shall be used solely for the purposes for which the bonds or notes were issued and shall be disbursed in the manner and under the restrictions, if any, that the Council of State may provide in the resolution authorizing the issuance of, or in any trust agreement securing, the bonds or notes.

Any additional moneys that may be received by means of a grant or grants from the United States or any agency or department thereof or from any other source to aid in financing the cost of a capital facility may be disbursed, to the extent permitted by the terms of the grant or grants, without regard to any limitations imposed by this Article.

(e) Notes; Repayment. — By and with the consent of the Council of State, the State Treasurer is authorized to borrow money and to execute and issue notes of the State for the same, but only in any of the following circumstances and under the following conditions:

(1) For anticipating the sale of bonds, the issuance of which the Council of State has approved, if the State Treasurer considers it advisable to postpone the issuance of the bonds.

(2) For the payment of interest on or any installment of principal of any bonds then outstanding, if there are not sufficient funds in the State treasury with which to pay the interest or installment of principal as they respectively become due.

(3) For the renewal of any loan evidenced by notes authorized in this Article.

(4) For the purposes authorized in this Article.

(5) For refunding bonds or notes or financing contract indebtedness as authorized in this Article.

Funds derived from the sale of limited obligation bonds or notes may be used in the payment of any bond anticipation notes issued under this Article. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which have been used in paying interest on or principal of the bonds.

(f) Refunding Bonds and Notes. — By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes for the purpose of refunding special indebtedness and to pay the cost of issuance of the refunding bonds or notes. The refunding bonds and notes may be combined with any other issues of State bonds and notes issued pursuant to this Article. Refunding bonds or notes may be issued at any time prior to the final maturity of the debt or obligation to be refunded. The proceeds from the sale of any refunding bonds or notes shall be applied to the immediate payment and retirement of the obligations being refunded or, if not required for the immediate payment of the obligations being refunded, the proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with the refunding. Money in a trust fund may be invested in (i) direct obligations of the United States government, (ii) obligations the principal of and interest on which are guaranteed by the United States government, (iii) to the extent then permitted by law, obligations of any agency or instrumentality of the United States government, or (iv) certificates of deposit issued by a bank or trust company located in the State if the certificates are secured by a pledge of any of the obligations described in (i), (ii), or (iii) above having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificates so secured. This section does not limit the duration of any deposit in trust for the retirement of obligations being refunded but that have not matured and are not presently redeemable or, if presently redeemable, have not been called for redemption.

(g) Security. — Payment of the principal of and the interest on bonds and notes shall be secured as provided in G.S. 142-85.

(h) Trust Agreement. — In the discretion of the State Treasurer, any bonds and notes issued under this Article may be secured by a trust agreement or similar instrument between the State and a corporate trustee or by a resolution of the Council of State providing for the appointment of a corporate trustee. The corporate trustee may be, in either case, any trust company or bank that has the powers of a trust company within or without the State. The trust agreement or similar instrument or resolution, hereinafter referred to as "the trust", may provide for security and pledges and assignments that are

permitted under this Article and may provide for the granting of a lien or security interest as authorized by G.S. 142-85. The trust may contain any provisions for protecting and enforcing the rights and remedies of the owners of any bonds or notes issued under the trust that are reasonable and not in violation of law, including covenants setting forth the duties of the State with respect to the purposes for which bond or note proceeds may be applied, the disposition and application of the revenues or assets of the State, the duties of the State with respect to the capital facilities financed, the disposition of any charges and collection of any revenues and administrative charges, the terms and conditions of the issuance of additional bonds and notes, and the custody, safeguarding, investment, and application of all moneys. All bonds and notes issued under this Article pursuant to the same trust shall be equally and ratably secured as provided in the trust, without priority by reasons of number, dates of bonds or notes, execution, or delivery, in accordance with the provisions of this Article and of the trust. The trust may, however, provide that bonds or notes issued pursuant to the trust shall, to the extent and in the manner prescribed in the trust, be subordinated and junior in standing, with respect to the payment of principal and interest and to the security of the payment, to any other bonds or notes issued pursuant to the trust. It is lawful for any bank or trust company that may act as depositary of the proceeds of bonds or notes, revenues, or any other money under this Article to furnish any indemnifying bonds or to pledge any securities that may be required by the State Treasurer. The trust may set out the rights and remedies of the owners of any bonds or notes and of any trustee and may restrict the individual rights of action by the owners. In addition to the foregoing, the trust may contain any other provisions the State Treasurer considers appropriate for the security of the owners of any bonds or notes. Expenses incurred in carrying out the provisions of the trust may be treated as a part of the cost of any capital facility or as an administrative charge and may be paid from the proceeds of the bonds or notes or from any other available funds. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-90. Variable rate demand bonds and notes and financing contract indebtedness.

(a) In fixing the details of special indebtedness, the State Treasurer may make the special indebtedness subject to any of the following conditions:

(1) It is payable from time to time on demand or tender for purchase by the owner thereof if a credit facility supports the special indebtedness, unless the State Treasurer specifically determines that a credit facility is not required upon a determination by the State Treasurer that the absence of a credit facility will not materially and adversely affect the financial position of the State or the marketing of the bonds or notes or financing contract indebtedness at a reasonable interest cost to the State.

(2) It is additionally supported by a credit facility.

(3) It is subject to redemption or mandatory tender for purchase prior to maturity.

(4) It bears interest at a rate or rates that may be fixed or may vary over any period of time, as may be provided in the proceedings providing for the issuance or incurrence of the special indebtedness, including any variations that may be permitted pursuant to a par formula.

(5) It is the subject of a remarketing agreement under which an attempt is made to remarket special indebtedness to new purchasers before its presentment for payment to the provider of the credit facility or to the State.

(b) If the aggregate principal amount payable by the State under a credit facility is in excess of the aggregate principal amount of special indebtedness

secured by the credit facility, whether as a result of the inclusion in the credit facility of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes and financing contract indebtedness during the term of the credit facility shall not be less than the amount of the excess, unless the payment of the excess is otherwise provided for by agreement of the State executed by the State Treasurer. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-91. Other agreements.

The State Treasurer may authorize, execute, obtain, or otherwise provide for bond insurance, investment contracts, credit and liquidity facilities, credit enhancement facilities, interest rate swap agreements and other derivative products, and any other related instruments and matters the State Treasurer determines are desirable in connection with the issuance of special indebtedness. The State Treasurer is authorized to employ and designate any financial consultants, underwriters, fiduciaries, and bond attorneys to be associated with any incurrence or issuance of special indebtedness under this Article as the State Treasurer considers appropriate. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-92. Tax exemption.

Special indebtedness shall at all times be free from taxation by the State or any political subdivision or any of their agencies, excepting estate, inheritance, and gift taxes; income taxes on the gain from the transfer of the indebtedness; and franchise taxes. The interest component of any payments made by the State under special indebtedness, including the interest component of any certificates of participation, is not subject to taxation as to income. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-93. Investment eligibility.

Special indebtedness are securities or obligations in which all of the following may invest, including capital in their control or belonging to them: public officers, agencies, and public bodies of the State and its political subdivisions; insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries. Special indebtedness are securities or obligations that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision of the State is now or may later be authorized by law. (2003-284, s. 46.2; 2003-314, s. 1.)

§ 142-94. Procurement of capital facilities.

The provisions of Articles 3, 3B, 3C, 3D, and 8 of Chapter 143 of the General Statutes and any other laws or rules of the State that relate to the acquisition and construction of State property apply to the financing of capital facilities through the use of special indebtedness pursuant to this Article. This section does not apply to the construction and lease-purchase, including leases with an option to purchase at the end of the lease term for a nominal sum, of State office buildings pursuant to proposals submitted before the effective date of this Article in response to requests for proposals, to the extent any of those

proposals, as they may be supplemented or amended, are approved by the Department of Administration and any of these leases or lease-purchase agreements are approved by the Council of State in accordance with G.S. 143-341(4)d2. (2003-284, s. 46.2; 2003-314, s. 1.)

§§ 142-95 through 142-104: Reserved for future codification purposes. (2003-284, s. 46.2; 2003-314, s. 1.)

Executive Budget Act.

§ 143-1. Scope and definitions.

This Article shall be known, and may be cited, as "The Executive Budget Act." Whenever the word "Director" is used herein, it shall be construed to mean "Director of the Budget." Whenever the word "Commission" is used herein, it shall be construed to mean "Advisory Budget Commission," if the context shows that it is used with reference to any power or duty belonging to the Office of State Budget and Management and to be performed by it, but it shall mean when used otherwise any State agency, and any other agency, person or commission by whatever name called, that uses or expends or receives any State funds. "State funds" are hereby defined to mean any and all

moneys appropriated by the General Assembly of North Carolina, or moneys collected by or for the State, or any agency thereof, pursuant to the authority granted in any of its laws. (1925, c. 89, s. 1; 1929, c. 100, s. 1; 1957, c. 269, s. 2; 1979, 2nd Sess., c. 1137, s. 37; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

Local Modification. — (As to Chapter 143) Cabarrus: 2000-87; 2000-88, s. 1; (As to Chapter 143) city of Concord: 2000-88, s. 1; city of Greenville: 1999-56, s. 1; (As to Chapter 143) town of Chapel Hill: 1993, c. 358, s. 1; 2003-247, s. 1; (As to Chapter 143) town of Nagshead: 1998-13; town of Wrightsville Beach: 1998-85.

Cross References. — As to the Local Government Fiscal Information Act, see G.S. 120-30.41 through 120-30.48.

Editor's Note. — Session Laws 1983, c. 761, s. 257; Session Laws 1983 (Reg. Sess., 1984), c. 971, s. 5 and c. 1034, s. 252; Session Laws 1985, c. 479, s. 228; Session Laws 1985 (Reg. Sess., 1986), c. 1014, s. 238 and c. 1018, s. 18; Session Laws 1987, c. 738, s. 235 and c. 830, s. 119; Session Laws 1987 (Reg. Sess., 1988), c. 886, s. 4, c. 1086, s. 166, c. 1100, s. 41 and c. 1101, s. 15; 1989, c. 500, s. 125 and c. 752, s. 163; 1989 (Reg. Sess., 1990), c. 1066, s. 147 and c. 1074, s. 39; Session Laws 1991, c. 689, s. 350; Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 177; Session Laws 1993, c. 321, s. 319; Session Laws 1993 (Reg. Sess., 1994), c. 769, s. 43; Session Laws 1994, Extra Session, c. 24, s. 69; Session Laws 1995, c. 324, s. 28.1; Session Laws 1998-212, s. 30; Session Laws 1999-237, s. 30; Session Laws 2000-67, s. 28; Session Laws 2001-424, s. 36.1; Session Laws 2002-126, s. 31.1; and Session Laws 2003-284, s. 49.1, provide that the provisions of the Executive Budget Act, Chapter 143, Article 1 of the General Statutes, are reenacted and shall remain in full force and effect and are incorporated in the act by reference.

Session Laws 2000-67, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2000.'"

Session Laws 2000-67, s. 23, effective July 1, 2000, consolidates the Office of State Budget and Management and the Office of State Planning into the Office of State Budget, Planning, and Management (now the Office of State Budget and Management) under the Office of the Governor. The Department of Environment and Natural Resources is to transfer the responsibility for development of topographic mapping through a cooperative agreement with the U.S. Geological Survey and funds to match federal funding under the agreement from the Division of Land Resources to this newly created Office.

Session Laws 2000-67, s. 28.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2000-2001 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2000-2001 fiscal year."

Session Laws 2000-67, s. 28.4, contains a severability clause.

Session Laws 2001-219, s. 1, provides: "Notwithstanding any provision of the State Building Code or any public or local law to the contrary, including Chapter 143 of the General Statutes, counties may establish by ordinance the requirements for bathroom facilities, including the number of toilets required, in buildings that are used primarily for outdoor school sporting events."

Session Laws 2001-219, s. 2, provides: "This act is effective when it becomes law [June 15, 2001], and only applies to counties that (i) have a population of 190,000 or more according to the most recent decennial federal census and (ii) border both another state and county with a population of 650,000 or more according to the most recent decennial federal census."

Session Laws 2001-424, s. 15.1(a) and (b), provide: "(a) Prior to (i) the transfer of any patentable intellectual property or (ii) the release of any State grants or loans to non-State entities for purposes related to the development of patentable intellectual property, the transferring State agency, institution, or other entity of the State shall prepare and submit to the Governor, the Joint Legislative Commission on Governmental Operations, and the Chairs of the House of Representatives Science and Technology Committee and the Senate Information Technology Committee a written evaluation of the following matters:

"(1) If the proposed or pending transaction involves the transfer of patentable intellectual property developed by State employees within the scope their employment:

"a. The nature of the State's interest in the patentable intellectual property.

"b. The potential value of the State's interest in the patentable intellectual property.

"c. How to best protect the State's interest in the patentable intellectual property, as appropriate.

"(2) If the proposed or pending transaction involves the release of State grants or loans to a non-State entity for purposes related to the development of patentable intellectual property, the measures employed by the non-State entity to assure that the State funds do not inappropriately inure to the benefit of individuals serving in an official capacity for the State, a State agency, or the non-State entity that receives the funds.

"(b) The provisions of subsection (a) of this

section [s. 15.1(a) of Session Laws 2001-424] do not apply to The University of North Carolina and its constituent institutions, or to the North Carolina Community Colleges System, or to employees of these respective institutions who are subject to the intellectual property and inventor policies of the institutions employing them."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 15.4(e), provides: "By January 15, 2002, the Office of State Budget and Management shall conduct a detailed and comprehensive study of the costs of all information technology networks operated by or for the Administrative Office of the Courts and report the results of the study to the Joint Select Committee on Information Technology."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, ss. 6.12(a)-(c), provide: "(a) There is created a Joint Committee on Executive Budget Act Revisions. The Committee shall be composed of 8 members, four of whom shall be Representatives who are members of the Appropriations Committee appointed by the Speaker of the House of Representatives and four of whom shall be Senators who are members of the Appropriations Committee appointed by the President Pro Tempore of the Senate. The Speaker of the House of Representatives shall designate one member as cochair and the President Pro Tempore of the Senate shall designate one member as cochair. The Committee shall meet upon call of the cochairs.

"(b) The Committee shall consider contemporary financial management practices in reviewing the current budget process. The Committee shall recommend any changes to the Executive Budget Act that are needed to modernize and improve the processes of budget preparation, budget adoption, budget execution, and program evaluation. The Committee shall report its recommendations to the 2003 General Assembly on or before April 1, 2004.

"(c) The Legislative Services Office shall assign professional and clerical staff to assist the Committee in its work. Members of the Committee shall receive per diem, subsistence, and travel allowances in accordance with G.S. 120-3.1, 138-5, or 138-6, as appropriate."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003.'"

Session 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effectsbeyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

OPINIONS OF ATTORNEY GENERAL

"Enterprise funds," established for the enhancement of vocational rehabilitation services for clients of State-operated sheltered workshops, are "State funds" and are subject to the fiscal control of this Article, the Executive Budget Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

Student activity fees, which are assessed from students of the Schools for the Deaf pursuant to G.S. 115C-126.1 (see now 143B-216.44), are "State funds" and are subject to the fiscal control of this Article, the Executive Budget Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

Patient funds held by institutions operated by the Division of Mental Health, either in its capacity as representative payee of the patient's Social Security income or as trustee of other personal funds received voluntarily from the patient or on his behalf, are not "State funds" and are not subject to this Article, the Executive Budget Act, or fiscal policies adopted

pursuant to the Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

Grants And Gifts. — The Secretary of State has the power, without further legislative authorization, to accept federal grants and private gifts to assist her in implementing her duties under the Nonprofit Corporation Act so long as those grants or gifts are not contrary to State law and so long as she complies with the applicable provisions of the Executive Budget Act. See opinion of Attorney General to Sheila Stafford Pope, General Counsel, Secretary of State, N.C. General Assembly, 1999 N.C.A.G. 17 (6/21/99).

Funds donated to Lenox Baker Children's Hospital are subject to the provisions of this Article, the Executive Budget Act. See opinion of Attorney General to Mr. Richard J. Vinegar, Chairman, Board of Directors of Lenox Baker Children's Hospital, 56 N.C.A.G. 31 (1986).

Funds Collected by Board of Nursing Do Not Constitute "State Funds." See opinion of Attorney General to Howard A. Kramer, Attorney at Law and General Counsel, North Carolina Board of Nursing, 2001 N.C. AG LEXIS 32 (7/27/01).

Occupational Licensing Boards. — An occupational licensing board, even one such as the Cosmetic Arts Board and several others subject to the Personnel and Budget Acts, is not entitled to have any of its employees, who were employed on or after July 1, 1983, covered by and participating in the Retirement System. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, — N.C.A.G. — (December 10, 1990).

Those occupational licensing boards subject to the Personnel Act, G.S. 126-1 et seq., and the Budget Act, G.S. 143-1 et seq., are also subject to G.S. 135-1.1, just as are the occupational licensing boards not subject to the Personnel and Budget Acts. See opinion of Attorney General to Vicky Goudie, Executive Secretary, State Board of Cosmetology, — N.C.A.G. — (December 10, 1990).

§ 143-2. Purposes.

It is the purpose of this Article to vest in the Governor of the State a direct and effective supervision of all agencies, institutions, departments, bureaus, boards, commissions, and every State agency by whatsoever name now or hereafter called, including the same power and supervision over such private corporations and persons and organizations of all kinds that may receive, pursuant to statute, any funds either appropriated by, or collected for, the State of North Carolina, or any of its departments, boards, divisions, agencies, institutions and commissions; for the efficient and economical administration of all agencies, institutions, departments, bureaus, boards, commissions, persons or corporations that receive or use State funds; and for the initiation and preparation of a balanced budget of any and all revenues and expenditures for each session of the General Assembly.

The Governor shall be ex officio Director of the Budget. The purpose of this Article is to include within the powers of the Office of State Budget and Management all agencies, institutions, departments, bureaus, boards, and commissions of the State of North Carolina under whatever name now or hereafter known, and the change of the name of such agencies hereafter shall not affect or lessen the powers and duties of the Office of State Budget and Management in respect thereto.

The test as to whether an institution, department, agency, board, commission, or corporation or person is included within the purpose and powers and duties of the Director of the Budget shall be whether such agency or person receives for use, or expends, any of the funds of the State of North Carolina, including funds appropriated by the General Assembly and funds arising from the collection of fees, taxes, donations appropriative, or otherwise. (1925, c. 89, s. 2; 1929, c. 100, s. 2; 1955, c. 578, s. 1; c. 743; 1957, c. 269, ss. 1, 2; 1979, 2nd Sess., c. 1137, s. 37; 1981, c. 859, s. 47.1; 1983 (Reg. Sess., 1984), c. 1109, s. 10; 1985, c. 290, s. 1; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

OPINIONS OF ATTORNEY GENERAL

Whether private donations to the State or its agencies are or are not subject to this Article, the Executive Budget Act, depends upon the nature of the gift and the particular terms and directions of the donor. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

Student activity fees, which are assessed from students of the Schools for the Deaf pursuant to G.S. 115C-126.1 (see now 143B-216.44), are "State funds" and are subject to the fiscal control of this Article, the Executive Budget Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

Patient funds held by institutions operated by the Division of Mental Health, either in its capacity as representative payee of the patient's Social Security income or as trustee of other personal funds received voluntarily from the patient or on his behalf, are not "State funds" and are not subject to this Article, the Executive Budget Act, or fiscal policies adopted pursuant to the Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

"Enterprise funds," established for the enhancement of vocational rehabilitation services for clients of State-operated sheltered workshops, are "State funds" and are subject to the fiscal control of this Article, the Executive Budget Act. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 56 N.C.A.G. 10 (1986).

The Governor has authority to transfer money from the Wireless 911 Fund to avoid a budget deficit, although it is within his discretion as to whether to do so. See opinion of Attorney General to Mr. Charles B. Archer, Vice Chair, North Carolina Wireless 911 Board, 2001 N.C. AG LEXIS 39 (6/29/01).

§ 143-3. Examination of officers and agencies; disbursements.

The Director shall have power to examine under oath any officer or any head, any clerk or employee, of any department, institution, bureau, division, board, commission, corporation, association, or any agency; to cause the attendance of all such persons, requiring such persons to furnish any and all information desired relating to the affairs of such agency; to compel the production of books, papers, accounts, or other documents in the possession or under the control of such person so required to attend. The Director or his authorized representative shall have the right and the power to examine any State institution or agency, board, bureau, division, commission, corporation, person, and to inspect its property, and inquire into the method of operation and management.

The Director shall have power to have the books and accounts of any of such agencies or persons audited, and supervise generally the budget accounts of such departments, institutions and agencies within the terms of this Article. The Director may require that the cost of making all audits shall be paid from the regular maintenance appropriation made by the General Assembly for such department, institution or agency which may be thus audited.

It shall be the duty of the Director to recommend to the General Assembly at each session such changes in the organization, management and general conduct of the various departments, institutions and other agencies of the State, and included within the terms of this Article, as in his judgment will promote the more efficient and economical operation and management thereof.

The State Controller under the provisions of the Executive Budget Act shall prescribe the manner in which disbursements of the several institutions and departments shall be made and may require that all warrants, vouchers or checks, except those drawn by the State Auditor, State Treasurer, and Administrative Officer of the Courts shall bear two signatures of such officers as will be designated by the State Controller. (1925, c. 89, s. 3; 1929, c. 100, s. 3; c. 337, s. 4; 1969, c. 458, s. 3; 1981, c. 859, s. 47.1; 1985 (Reg. Sess., 1986), c. 1024, s. 2.)

§ 143-3.1. Transfers of functions.

The functions of preaudit of State agency expenditures, issuance of warrants on the State Treasurer for State agency expenditures, and maintenance of records pertaining to these functions shall be transferred from the Director of the Budget to the Office of the State Controller. All statutory authority, personnel, unexpended balances of appropriations or other funds, books, papers, reports, files and other records of the Office of State Budget and Management pertaining to and used in the performance of these functions shall be transferred to the Office of the State Controller; office machinery and equipment used primarily in the performance of these functions shall also be transferred to the Office of the State Controller. The Governor is authorized to do all things necessary to effect an orderly and efficient transfer.

The functions of accounting systems development, maintenance, and coordination shall be transferred from the Office of the State Auditor to the Office of the State Controller. All statutory authority, personnel, unexpended balances of appropriations or other funds, books, papers, reports, files, software, documentation, and other records of the Auditor's Office pertaining to and used in the performance of these functions shall be transferred to the Office of the State Controller; office machinery, equipment, terminals and the like used primarily in the performance of these functions shall also be transferred to the Office of the State Controller. The State Auditor, with the advice and consent of the Governor, is authorized to do all things necessary to effect an orderly and efficient transfer. (1955, c. 578, s. 2; 1957, c. 269, s. 2; 1979, 2nd Sess., c. 1137, s. 37; 1985 (Reg. Sess., 1986), c. 1024, s. 3.)

§ 143-3.2. Issuance of warrants upon State Treasurer; delivery of warrants and disbursements for non-State entities.

(a) The State Controller shall have the exclusive responsibility for the issuance of all warrants for the payment of money upon the State Treasurer. All warrants upon the State Treasurer shall be signed by the State Controller, who before issuing them shall determine the legality of payment and the correctness of the accounts. All warrants issued for non-State entities shall be delivered by the appropriate agency to the entity's legally designated recipient by United States mail or its equivalent, including electronic funds transfer.

When the State Controller finds it expedient to do so because of a State agency's size and location, the State Controller may authorize a State agency to make expenditures through a disbursing account with the State Treasurer. The State Controller shall authorize the Judicial Department and the General Assembly to make expenditures through such disbursing accounts. All disbursements made to non-State entities shall be delivered by the appropriate agency to the entity's legally designated recipient by United States mail or its equivalent, including electronic funds transfer. All deposits in these disbursing accounts shall be by the State Controller's warrant. A copy of each voucher making withdrawals from these disbursing accounts and any supporting data required by the State Controller shall be forwarded to the Office of the State Controller monthly or as otherwise required by the State Controller. Supporting data for a voucher making a withdrawal from one of these disbursing accounts to meet a payroll shall include the amount of the payroll and the employees whose compensation is part of the payroll.

A central payroll unit operating under the Office of the State Controller may make deposits and withdrawals directly to and from a disbursing account. The disbursing account shall constitute a revolving fund for servicing payrolls passed through the central payroll unit.

The State Controller may use a facsimile signature machine in affixing his signature to warrants.

(b) The State Treasurer may impose on an agency a fee of fifteen dollars ($15.00) for each check drawn against the agency's disbursing account that causes the balance in the account to be in overdraft or while the account is in overdraft. The financial officer shall pay the fee from non-State or personal funds to the General Fund to the credit of the miscellaneous non-tax revenue account by the agency. (1955, c. 578, s. 2; 1957, c. 269, s. 2; 1961, c. 1194; 1969, c. 844, s. 12; 1979, 2nd Sess., c. 1137, s. 37; 1981, c. 859, s. 47.1; c. 884, s. 10; 1985, c. 290, s. 2; 1985 (Reg. Sess., 1986), c. 1024, s. 4; 1989 (Reg. Sess., 1990), c. 1074, s. 17; 1991, c. 542, s. 5; 1995, c. 507, s. 27.4.)

§ 143-3.3. Assignments of claims against State.

(a) Definitions. — The following definitions apply in this section:

(1) Assignment. An assignment or transfer of a claim, or a power of attorney, an order, or another authority for receiving payment of a claim.

(2) Claim. A claim, a part or a share of a claim, or an interest in a claim, whether absolute or conditional.

(3) Qualified charitable organization. A charitable organization that is exempt from federal income tax pursuant to section 501(c)(3) of the Internal Revenue Code.

(4) State employee credit union. A credit union organized under Chapter 54 of the General Statutes whose membership is at least one-half employees of the State.

(5) The State. The State of North Carolina and any department, bureau, or institution of the State of North Carolina.

(b) Assignments Prohibited. — Except as otherwise provided in this section, any assignment of a claim against the State is void, regardless of the consideration given for the assignment, unless the claim has been duly audited and allowed by the State and the State has issued a warrant for payment of the claim. Except as otherwise provided in this section, the State shall not issue a warrant to an assignee of a claim against the State.

(c) Assignments in Favor of Certain Entities Allowed. — This section does not apply to an assignment in favor of:

(1) A hospital.

(2) A building and loan association.

(3) A uniform rental firm in order to allow an employee of the Department of Transportation to rent uniforms that include day-glo orange shirts or vests as required by federal and State law.

(4) An insurance company for medical, hospital, disability, or life insurance.

(d) Assignments to Meet Child Support Obligations Allowed. — This section does not apply to assignments made to meet child support obligations pursuant to G.S. 110-136.1.

(e) Assignments for Prepaid Legal Services Allowed. — This section does not apply to an assignment for payment for prepaid legal services.

(f) Payroll Deduction for State Employee Credit Union Accounts Allowed. — An employee of the State who is a member of a State employee credit union may authorize, in writing, the periodic deduction from the employee's salary or wages paid for employment by the State of a designated lump sum for deposit to any credit union accounts, purchase of any credit union shares, or payment of any credit union obligations agreed to by the employee and the State employee credit union.

(f1) Payroll Deduction for Contributions to the Parental Savings Fund Allowed. — An employee of the State may authorize, in writing, the periodic

deduction from the employee's salary or wages paid for employment by the State of a designated lump sum for deposit in the Parental Savings Trust Fund administered by the State Education Assistance Authority.

(g) Payroll Deduction for Payments to Certain Employees' Associations Allowed. — An employee of the State or any of its institutions, departments, bureaus, agencies or commissions, or any of its local boards of education or community colleges, who is a member of a domiciled employees' association that has at least 2,000 members, the majority of whom are employees of the State or public school employees, may authorize, in writing, the periodic deduction each payroll period from the employee's salary or wages a designated lump sum to be paid to the employees' association.

An employee of any local board of education who is a member of a domiciled employees' association that has at least 40,000 members, the majority of whom are public school teachers, may authorize in writing the periodic deduction each payroll period from the employee's salary or wages a designated lump sum or sums to be paid for dues and voluntary contributions for the employees' association.

An authorization under this subsection shall remain in effect until revoked by the employee. A plan of payroll deductions pursuant to this subsection for employees of the State and other association members shall become void if the employees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit. This subsection does not apply to county or municipal governments or any local governmental unit, except for local boards of education.

(h) Payroll Deduction for State Employees Combined Campaign Allowed. — Subject to rules adopted by the State Controller, an employee of the State may authorize, in writing, the periodic deduction from the employee's salary or wages paid for employment by the State of a designated lump sum to be paid to satisfy the employee's pledge to the State Employees Combined Campaign.

(i) Payroll Deduction for Public School and Community College Employees' Contributions to Charitable Organizations Allowed. — Subject to rules adopted by the State Controller, an employee of a local board of education or community college may authorize, in writing, the periodic deduction from the employee's salary or wages paid for employment by the board of education or community college of a designated lump sum to be contributed to a qualified charitable organization that has first been approved by the employee's board of education or community college board.

(j) Payroll Deduction for University of North Carolina System Employees' Contributions to Certain Charitable Organizations Allowed. — Subject to rules adopted by the State Controller, if a constituent institution of The University of North Carolina approves a payroll deduction plan under this subsection, an employee of the constituent institution may authorize, in writing, the periodic deduction from the employee's salary or wages paid for employment by the constituent institution of a designated lump sum to be contributed to a qualified charitable organization that exists to support athletic or charitable programs of the constituent institution and that has first been approved by the President of The University of North Carolina as existing to support athletic or charitable programs. If a payroll deduction plan under this subsection results in additional costs to a constituent institution, these costs shall be paid by the qualified charitable organizations receiving contributions under the plan.

(k) Payroll Deduction for University of North Carolina System Employees to Pay for Discretionary Privileges of University Service. — Subject to rules adopted by the State Controller, if a constituent institution of The University of North Carolina approves a payroll deduction plan under this subsection, an employee of the constituent institution may authorize, in writing, the periodic deduction from the employee's salary or wages paid for employment by the

constituent institution, of one or more designated lump sums to be applied to the cost of corresponding discretionary privileges available at employee expense from the employing institution. Discretionary privileges from the employing institution that may be paid for through this subsection include parking privileges, athletic passes, use of recreational facilities, admission to campus concert series, and access to other institutionally hosted or provided entertainments, events, and facilities.

(*l*) Assignment of Payments From the Underground Storage Tank Cleanup Funds. — This section does not apply to an assignment of any claim for payment or reimbursement from the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund established by G.S. 143-215.94B or the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund established by G.S. 143-215.94D. (1925, c. 249; 1935, c. 19; 1939, c. 61; 1941, c. 128; 1965, c. 1179; 1969, c. 625; 1977, c. 88; 1981, c. 869; 1981 (Reg. Sess., 1982), c. 1282, ss. 14, 15; 1983, c. 680; c. 913, s. 49; 1983 (Reg. Sess., 1984), c. 1034, s. 147; c. 1036, s. 1; 1985 (Reg. Sess., 1986), c. 1024, s. 5; 1987, c. 738, s. 223; 1989, c. 215; 1989 (Reg. Sess., 1990), c. 1066, s. 82; 1991, c. 688, s. 1; 1993, c. 561, s. 63(a); 1997-412, s. 9; 1998-161, s. 7; 2002-126, s. 6.4(a); 2003-224, s. 1.)

Local Modification. — Guilford: 1965, c. 216.

Cross References. — For the Refund Loan Anticipation Act, see G.S. 53-245 et seq.

Editor's Note. — This section is former G.S. 147-62, as recodified by Session Laws 1983, c. 913, s. 49.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.6 is a severability clause.

Effect of Amendments. — Session Laws 2002-126, s. 6.4(a), effective July 1, 2002, in subsection (g), added the second paragraph, and in the first sentence of the third paragraph, substituted "An" for "The", and added "under this subsection."

Session Laws 2003-224, s. 1, effective June 19, 2003, added subsection (f1).

Legal Periodicals. — As to assignments in general, see 13 N.C. L. Rev. 113, 118 (1935).

CASE NOTES

Policy behind this "anti-assignment" statute does not require that an unpaid indemnitee be precluded from bringing its claim. Ledbetter Bros. v. North Carolina Dep't of Transp., 68 N.C. App. 97, 314 S.E.2d 761 (1984).

Applied in Bolton Corp. v. State, 95 N.C. App. 596, 383 S.E.2d 671 (1989).

OPINIONS OF ATTORNEY GENERAL

Deduction from State Employee's Check of Wage Earner's Plan Payments Pursuant to Chapter XIII of the Bankruptcy Act Is Permissible. — See opinion of Attorney General to Mr. Henry Bridges, State Auditor, 41 N.C.A.G. 277 (1971), opinion rendered under G.S. 147-62.

Employee contributions to charitable organizations may not be deducted from the University payroll at the request of the employee for payment to such charitable organization by the University. See opinion of Attorney General to Mr. Clairborne S. Jones, 44 N.C.A.G. 264 (1975), opinion rendered under G.S. 147-62.

Qualification for Payroll Deductions by Employee Association. — In order to qualify for the privilege of payroll deductions, an employee association must meet the following criteria: (1) the association must be domiciled in North Carolina, i.e., it must have a registered agent for service of process in the state and maintain an office in the state with a resident officer, director, managing agent or member of the governing body authorized to accept payment of the payroll deductions; (2) the association must have at least 2000 members; (3) the majority of the association's members must be employees of the state or public schools; and (4) an employee must authorize the deduction in writing. See opinion of Attorney General to Susan H. Ehringhaus, Vice Chancellor and

General Counsel, University of North Carolina,
1999 N.C. AG LEXIS 34 (10/19/99).

§ 143-3.4. Warrants for money paid into treasury by mistake.

(a) Whenever the Governor and Council of State are satisfied that moneys have been paid into the treasury through mistake, they may direct a warrant be drawn therefor on the Treasurer, in favor of the person who made such payment; but this provision shall not extend to payments on account of taxes nor to payments on bonds and mortgages.

(b) Whenever any real property mortgaged to the State, or bought in for the benefit of the State, of which a certificate shall have been given to a former purchaser, is sold by the Attorney General on a foreclosure by notice, or under a judgment, for a greater sum than the amount due to the State, with costs and expenses, the surplus money received into the treasury, after a conveyance has been executed to the purchaser, shall be paid to the person legally entitled to such real property at the time of the foreclosure on the forfeiture of the original contract. A warrant shall not be drawn for such surplus money but upon satisfactory proof, by affidavit or otherwise, of the legal rights of such person. (1868-9, c. 270, ss. 66, 68; Code, ss. 3351, 3352; Rev., ss. 5366, 5368; C.S., ss. 7676, 7678; 1983, c. 913, ss. 50, 51.)

§ 143-3.5. Coordination of statistics; fiscal analysis required for any bill proposed by a State agency that affects the budget.

(a) It shall be the duty of the Director, through the Office of State Budget and Management to coordinate the efforts of governmental agencies in the collection, development, dissemination and analysis of official economic, demographic and social statistics pertinent to State budgeting. The Director shall:

(1) Prepare and release the official demographic and economic estimates and projections for the State;
(2) Conduct special economic and demographic analyses and studies to support statewide budgeting;
(3) Develop and coordinate cooperative arrangements with federal, State and local governmental agencies to facilitate the exchange of data to support State budgeting;
(4) Compile, maintain, and disseminate information about State programs which involve the distribution of State aid funds to local governments including those variables used in their allocation;
(5) Develop and maintain in cooperation with other State and local governmental agencies, an information system providing comparative data on resources and expenditures of local governments; and
(6) Report major trends that influence revenues and expenditures in the State budget in the current fiscal year and that may influence revenues and expenditures over the next five fiscal years.

Every fiscal analysis prepared by the Director or the Office of State Budget and Management addressing the State budget outlook shall encompass the upcoming five-year period. Every fiscal analysis prepared by the Director or the Office of State Budget and Management addressing the impact of proposed legislation on the State budget shall estimate the impact for the first five fiscal years the legislation would be in effect. To minimize duplication of effort in collecting or developing new statistical series pertinent to State planning and budgeting, including contractual arrangements, State agencies must submit to the Director proposed procedures and funding requirements.

(b) Any bill proposed by an executive or judicial department, agency, institution, board, or commission that affects the State budget shall be accompanied by a fiscal analysis. The fiscal analysis shall estimate the impact of the legislation on the State budget for the first five fiscal years the legislation would be in effect.

(c) This section shall not apply to the General Assembly, any of its committees and subcommittees, the Legislative Research Commission, the Legislative Services Commission, or any other committee or commission in the legislative branch. (1979, 2nd Sess., c. 1137, s. 41; 1991, c. 689, s. 341; 1993 (Reg. Sess., 1994), c. 769, s. 11.1(b); 2000-140, s. 93.1(f); 2001-424, s. 12.2(b).)

§ 143-3.6: Expired.

Editor's Note. — This section expired at the end of 1993-1994 fiscal year.

§ 143-3.7: Repealed by Session Laws 1997-443, s. 23(b).

§ 143-4. Advisory Budget Commission.

(a) Five Senators appointed by the President Pro Tempore of the Senate, five Representatives appointed by the Speaker of the House and five persons appointed by the Governor shall constitute the Advisory Budget Commission. If the Governor appoints any members of the General Assembly to the Advisory Budget Commission, he must appoint an equal number from the Senate and House of Representatives.

(b) The Chairman of the Advisory Budget Commission shall also receive an additional two thousand five hundred dollars ($2,500) payable in quarterly installments, for expenses.

The members of the Advisory Budget Commission shall receive no per diem compensation for their services, but shall receive the same subsistence and travel allowance as are provided for members of the General Assembly for services on interim legislative committees.

(c) The Governor may call a meeting of the Commission during the period beginning with the convening of each regular session and ending 30 days later. Otherwise, meetings of the Commission may be called by the Governor or by the chairman.

Members of the Commission shall take the oath of office at or before the first meeting of the Commission they attend.

The Office of State Budget and Management, under the direction of the State Budget Officer, may serve as staff to the Commission. The State Budget Officer shall designate a secretary to the Commission.

(d) After the agenda for a meeting has been delivered to the members of the Commission, no other item shall be considered at that meeting except upon the approval of a majority of the members present and voting.

Except for the Governor, persons who are not members of the Commission may address the Commission only at the invitation of the Governor, the chairman, or a majority of the members present and voting.

A vacancy in one of the seats on the Commission shall be filled by appointment by the officer who appointed the person causing the vacancy.

(e) Before the end of each fiscal year or as soon thereafter as practicable, the Advisory Budget Commission shall contract with a competent certified public accountant who is in no way otherwise affiliated with the State or with any agency thereof to conduct a thorough and complete audit of the receipts and expenditures of the State Auditor's office during the immediate fiscal year just

ended, and to report to the Advisory Budget Commission on such audit not later than the following October first. A sufficient number of copies of such audit shall be provided so that at least one copy is filed with the Governor's Office, one copy with the Office of State Budget and Management and at least two copies filed with the Secretary of State.

(f) In all matters where action on the part of the Advisory Budget Commission is required by this Article, 10 members of the Commission shall constitute a quorum for performing the duties or acts required by the Commission. (1925, c. 89, s. 4; 1929, c. 100, s. 4; 1931, c. 295; 1951, c. 768; 1955, c. 578, s. 3; 1957, c. 269, s. 2; 1973, c. 820, ss. 1-3; 1979, 2nd Sess., c. 1137, ss. 25, 29.1, 37; 1981, c. 859, s. 47.1; 1983, c. 48, ss. 1-3; 1983 (Reg. Sess., 1984), c. 1034, s. 148; 1985, c. 3, ss. 1-2.1; c. 290, s. 3; 1985 (Reg. Sess., 1986), c. 955, ss. 56, 57; 1989, c. 781, s. 41; 1991, c. 739, s. 22; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-4.1. Biennial inspection.

The Commission shall make a biennial inspection of those physical facilities of the State it deems necessary. The Governor may make a biennial inspection of those facilities of the State he deems necessary. (1983 (Reg. Sess., 1984), c. 1034, s. 149; 1985 (Reg. Sess., 1986), c. 955, s. 59.)

§ 143-5. Appropriation rules.

All moneys heretofore and hereafter appropriated shall be deemed and held to be within the terms of this Article and subject to its provisions unless it shall be otherwise provided in the act appropriating the same; and no money shall be disbursed from the State treasury except as herein provided. (1925, c. 89, s. 5; 1929, c. 100, s. 5.)

CASE NOTES

Cited in O'Neal v. Wake County, 196 N.C. 184, 145 S.E. 28 (1928).

§ 143-6. Information from departments and agencies asking State aid.

(a) On or before the first day of September in the even-numbered years, each of the departments, bureaus, divisions, officers, boards, commissions, institutions, and other State agencies and undertakings receiving or asking financial aid from the State, or receiving or collecting funds under the authority of any general law of the State, shall furnish the Director all the information, data and estimates which he may request with reference to past, present and future appropriations and expenditures, receipts, revenue, and income.

(b) Any department, bureau, division, officer, board, commission, institution, or other State agency or undertaking desiring to request financial aid from the State for the purpose of constructing or renovating any State building, utility, or other property development (except a railroad, highway, or bridge structure) shall, before making any such request for State financial aid, submit to the Department of Administration a statement of its needs in terms of space and other physical requirements, and shall furnish the Department with such additional information as it may request. The Department of Administration shall then review the statement of needs submitted by the requesting department, bureau, division, officer, board, commission, institution, or other State agency or undertaking and perform additional analysis, as necessary, to comply with G.S. 143-341.

(b1) All requests for financial aid for the purpose of constructing or renovating any State building, utility, or other property development (except a railroad, highway, or bridge structure) shall be accompanied by a certification from the Department of Administration as outlined in G.S. 143-341. The General Assembly may provide advanced planning funds but shall only provide construction funds when the requirements of this subsection have been met. This subsection shall not apply to requests for appropriations of less than one hundred thousand dollars ($100,000).

(b2) Any department, bureau, division, officer, board, commission, institution, or other State agency or undertaking desiring to request financial aid from the State for the purpose of acquiring or maintaining information technology as defined by G.S. 147-33.81(2) shall, before making the request for State financial aid, submit to the State Chief Information Officer (CIO) a statement of its needs in terms of information technology and other related requirements and shall furnish the CIO with any additional information requested by the CIO. The CIO shall then review the statement of needs submitted by the requesting department, bureau, division, officer, board, commission, institution, or other State agency or undertaking and perform additional analysis, as necessary, to comply with G.S. 147-33.82. All requests for financial aid for the purpose of acquiring or maintaining information technology shall be accompanied by a certification from the CIO deeming the request for financial aid to be consistent with Article 3D of Chapter 147 of the General Statutes. The CIO shall make recommendations to the Governor regarding the merits of requests for financial aid for the purpose of acquiring or maintaining information technology. This subsection shall not apply to requests for appropriations of less than one hundred thousand dollars ($100,000).

(c) On or before the first day of September in the even-numbered years, each of the departments, bureaus, divisions, officers, boards, commissions, institutions, and other State agencies receiving or asking financial aid or support from the State, under the authority of any general law of the State, shall furnish the Director with the following information:

(1) The amount of State funds disbursed in the immediately preceding two fiscal years and the purpose for which the funds were disbursed and used, the amount being requested as continuation funds for the upcoming fiscal year, and the justification for continued State support; and

(2) Justification for continued State support shall include information on the extent of the public benefit being derived from State support.

(d) The Office of State Budget and Management and the Director of the Budget shall provide to the General Assembly, on or before January 15 of each odd-numbered year, a report that adequately and fairly presents the information required in this section. (1925, c. 89, s. 6; 1929, c. 100, s. 6; 1957, c. 584, s. 4; 1965, c. 310, s. 4; 1991, c. 689, s. 190(b); 1998-45, s. 2; 2000-140, s. 93.1(a); 2001-424, ss. 12.2(b), 15.3(a).)

Editor's Note. — Session Laws 1991, c. 689, which in s. 190(b) amended this section primarily by adding subsections (c) and (d), provides in s. 190(c): "This section does not apply to the General Assembly or its membership."

OPINIONS OF ATTORNEY GENERAL

Personnel Responsibilities Shared by Industrial Commission and Department of Commerce. — When G.S. 97-77, 97-78, 97-79, 143-296, this section, and 143B-431 are read together, it becomes clear that the members of the Industrial Commission have the authority to employ, direct and supervise professional and technical personnel; the remainder of the authority for staffing, directing and supervising is vested in the principal department, the De-

partment of Economic and Community Development (now Department of Commerce). See opinion of Attorney General to J. Randolph Ward, Commissioner, North Carolina Industrial Commission, 60 N.C.A.G. 42 (1990).

§ 143-6.1. Report on use of State funds by non-State entities.

(a) Disbursement and Use of State Funds. — Every corporation, organization, and institution that receives, uses, or expends any State funds shall use or expend the funds only for the purposes for which they were appropriated by the General Assembly or collected by the State. State funds include federal funds that flow through the State. For the purposes of this section, the term "grantee" means a corporation, organization, or institution that receives a grant of State funds from a State agency, department, or institution.

The State shall not disburse State funds appropriated by the General Assembly to any grantee or collected by the State for use by any grantee unless that grantee:

(1) Provides all reports and financial information required under this section to the appropriate State agencies and officials; and

(2) Provides any additional information that the Office of State Budget and Management deems necessary demonstrating that such grantee is capable of managing the funds in accordance with law and has established adequate financial procedures and controls.

All financial statements furnished to the State Auditor pursuant to this section, and any audits or other reports prepared by the State Auditor, are public records.

(b) State Agency Responsibilities. — A State agency that receives State funds and then disburses the State funds to a grantee shall:

(1) Submit documents to the State Auditor in a prescribed format describing standards of compliance and suggested audit procedures sufficient to give adequate direction to independent auditors performing audits.

(2) Annually, at the time the grant is made, notify each grantee, in writing, of the reporting requirements set forth in this section and that the State agency is not authorized to disburse funds to grantees that fail to comply with the reporting requirements for funds received during the prior fiscal year.

(3) Provide each grantee with the accounting form and other requirements prescribed by the State Auditor.

(4) Submit a list to the State Auditor by October 31 each year of every grantee to which the agency disbursed State funds in the prior fiscal year, the amount disbursed to each grantee, and other such information as required by the State Auditor to comply with the requirements set forth in this section.

(5) Submit a list to the Office of State Budget and Management by January 31 each year of every grantee to which the agency disbursed State funds in the prior fiscal year and, for each grantee, whether that grantee has filed the sworn accounting required by subsection (c) of this section and whether the sworn accounting is in compliance with subsection (c) of this section.

(c) Grantee Receipt and Expenditure Reports. — A grantee that receives, uses, or expends between fifteen thousand dollars ($15,000) and three hundred thousand dollars ($300,000) in State funds annually must file annually with the State agency that disbursed the funds a sworn accounting of receipts and expenditures of the State funds and a description of activities and accomplishments undertaken by the grantee with State funds. This accounting must be attested to by the treasurer of the grantee and one other authorizing officer of

the grantee. The accounting must be filed within six months after the end of the grantee's fiscal year in which the State funds were received. The accounting shall be in the form required by the State Auditor and provided to the grantee by the disbursing agency.

(d) Grantee Audit Reports. — A grantee that receives, uses, or expends State funds in the amount of three hundred thousand dollars ($300,000) or more annually must file annually with the State Auditor a financial statement in the form and on the schedule prescribed by the State Auditor. These audit reports shall be filed no later than nine months after the close of the grantee's fiscal year. The financial statement must be audited in accordance with standards prescribed by the State Auditor to assure that State funds are used for the purposes provided by law.

A grantee that receives, uses, or expends State funds in the amount of three hundred thousand dollars ($300,000) or more annually must file annually with the State agency that disbursed the funds a description of activities and accomplishments undertaken by the grantee with State funds. This description must be filed within 90 days after the end of the grantee's fiscal year in which the State funds were received.

(d1) State Auditor's Responsibilities. — The State Auditor shall:

(1) Review each audit submitted pursuant to subsection (d) of this section and determine that it has been conducted in accordance with generally accepted audit standards and that the grantee has received a clean audit opinion.

(2) Notify disbursing agencies by January 31 each year of all grantees that are not in compliance with the reporting requirements set forth in this section.

(3) Notify disbursing agencies of any material audit findings in the audits of their grantees.

(4) Submit a list to the Office of State Budget and Management by January 31 each year of every grantee that received State funds in the prior fiscal year and, for each grantee, whether that grantee has complied with this subsection.

(d2) Before a State agency disburses any funds for the fourth quarter of a fiscal year, the agency shall, in consultation with the Office of State Budget and Management, verify that the grantee has complied with the reporting requirements of this section. A State agency shall not disburse funds during the fourth quarter of the fiscal year to any grantee that has not complied with this section by March 31 of each year.

(d3) The Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division by May 1 of each year on all grantees that failed to comply with this section for the prior fiscal year, the amount of State funds that were disbursed to each of those grantees during that fiscal year, and the amount of State funds that were withheld.

(e) Federal Reporting Requirements. — Federal law may require a grantee to make additional reports with respect to funds for which reports are required under this section. Notwithstanding the provisions of this section, a grantee may satisfy the reporting requirements of subsection (c) of this section by submitting a copy of the report required under federal law with respect to the same funds or by submitting a copy of the report described in subsection (d) of this section.

(f) Audit Oversight. — The State Auditor has audit oversight, pursuant to Article 5A of Chapter 147 of the General Statutes, of every grantee that receives, uses, or expends State funds. Such a grantee must, upon request, furnish to the State Auditor for audit all books, records, and other information necessary for the State Auditor to account fully for the use and expenditure of

State funds. The grantee must furnish any additional financial or budgetary information requested by the State Auditor. (1989, c. 752, s. 54; 1991, c. 689, ss. 12, 190(a); 1993, c. 321, s. 45; 1995 (Reg. Sess., 1996), c. 748, s. 2.1; 1997-443, s. 34.11; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2003-284, s. 6.21.)

Editor's Note. — Session Laws 1991, c. 689, which in s. 190(a) amended this section, in part by adding the third paragraph, provides in s. 190(c): "This section does not apply to the General Assembly or its membership."

Session Laws 2001-424, s. 6.6, provides "Each private, nonprofit entity eligible to receive State funds, either by General Assembly appropriation, or by grant, loan, or other allocation from a State agency, before funds may be disbursed to the entity, shall file with the disbursing agency a notarized copy of that entity's policy addressing conflicts of interest that may arise involving the entity's management employees and the members of its board of directors or other governing body. The policy shall address situations in which any of these individuals may directly or indirectly benefit, except as the entity's employees or members of the board or other governing body, from the entity's disbursing of State funds, and shall include actions to be taken by the entity or the individual, or both, to avoid conflicts of interest and the appearance of impropriety."

Session Laws 2001-424, s. 20.16(b), provides: "For each of the Opportunities Industrialization Centers receiving funds pursuant to subsection (a) of this section [s. 20.16(a) of Session Laws 2001-424], the Rural Economic Development Center, Inc., shall:

"(1) By January 15, 2002, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:

"a. State fiscal year 2000-2001 program activities, objectives, and accomplishments;

"b. State fiscal year 2000-2001 itemized expenditures and fund sources;

"c. State fiscal year 2001-2002 planned activities, objectives, and accomplishments, including actual results through December 31, 2001; and

"d. State fiscal year 2001-2002 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2001.

"(2) By January 15, 2003, and more frequently as requested, report to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division the following information:

"a. State fiscal year 2001-2002 program activities, objectives, and accomplishments;

"b. State fiscal year 2001-2002 itemized expenditures and fund sources;

"c. State fiscal year 2002-2003 planned activities, objectives, and accomplishments, including actual results through December 31, 2002; and

"d. State fiscal year 2002-2003 estimated itemized expenditures and fund sources, including actual expenditures and fund sources through December 31, 2002.

"(3) Notwithstanding G.S. 143-6.1(d), file annually with the State Auditor a financial statement in the form and on the schedule prescribed by the State Auditor. The financial statements must be audited in accordance with standards prescribed by the State Auditor to assure that State funds are used for the purposes provided by law.

"(4) Provide to the Fiscal Research Division a copy of the annual audited financial statement required in subdivision (3) of this subsection [s. 20.16(b)(3) of Session Laws 2001-424] within 30 days of issuance of the statement."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2003-284, s. 12.12(b)(3), provides: "For each of the Opportunities Industrialization Centers receiving funds pursuant to subsection (a) of this section, the Rural Economic Development Center, Inc., shall ..."

"(3) Notwithstanding G.S. 143-6.1(d), file annually with the State Auditor a financial statement in the form and on the schedule prescribed by the State Auditor. The financial statements must be audited in accordance with standards prescribed by the State Auditor to assure that State funds are used for the purposes provided by law."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2003-284, s. 6.21, effective July 1, 2003, rewrote the section.

OPINIONS OF ATTORNEY GENERAL

Private home health agencies which receive funds from the Division of Adult Health, Department of Environment, Health and Natural Resources (now the Department of Environment and Natural Resources), are subject to the audit requirements of this section. See opinion of the Attorney General to John C. Hunter, Gen. Counsel, Dept. of Environment, Health and Natural Resources, 60 N.C.A.G. 82 (1991).

§ 143-7. Itemized statements and forms.

(a) The statements and estimates required under G.S. 143-6 shall be itemized in accordance with the budget classification adopted by the State Controller, and upon forms prescribed by the Director, and shall be approved and certified by the respective heads or responsible officer of each department, bureau, board, commission, institution, or agency submitting same. Official estimate blanks which shall be used in making these reports shall be furnished by the Director of the Budget.

(b) The budget classification adopted by the State Controller and the forms prescribed by the Director shall include budget account codes relating specifically to information technology to allow reliable and meaningful analysis of information technology funding and expenditures throughout State government. (1925, c. 89, s. 7; 1929, c. 100, s. 7; 1957, c. 269, s. 2; 1983, c. 761, s. 19; 1985 (Reg. Sess., 1986), c. 1024, ss. 6, 7; 2001-424, s. 15.3(b).)

Editor's Note. — The former second part of the catchline, which read: "exemptions from G.S. 147-64.6(c)(10)," has been deleted at the direction of the Revisor of Statutes.

§ 143-8. Reporting of legislative and judicial expenditures and financial needs.

On or before the first day of September, biennially, in the even-numbered years, the Legislative Services Officer shall furnish the Director a detailed statement of expenditures of the General Assembly for the current fiscal biennium, and an estimate of its financial needs, itemized in accordance with the budget classification adopted by the Director and approved and certified by the President Pro Tempore of the Senate and the Speaker of the House of Representatives for each year of the ensuing biennium, beginning with the first day of July thereafter. The Administrative Officer of the Courts shall furnish the Director a detailed statement of expenditures of the judiciary, and for each year of the current fiscal biennium an estimate of its financial needs as provided by law, itemized in accordance with the budget classification adopted by the Director and approved and certified by the Chief Justice for each year of the ensuing biennium, beginning with the first day of July thereafter. The Director shall include these estimates and accompanying explanations in the budget submitted with such recommendations as the Director may desire to make in reference thereto. (1925, c. 89, s. 8; 1929, c. 100, s. 8; 1961, c. 1181, s. 1; 1971, c. 1200, s. 7; 1985 (Reg. Sess., 1986), c. 1024, ss. 8, 9; 1987, c. 738, s. 61; 1996, 2nd Ex. Sess., c. 18, s. 8(m).)

§ 143-9. Information to be furnished upon request.

The departments, bureaus, divisions, officers, commissions, institutions, or other State agencies or undertakings of the State, upon request, shall furnish

the Director, in such form and at such time as he may direct, any information desired by him in relation to their respective activities or fiscal affairs. The State Auditor and the State Controller shall also furnish the Director any special, periodic, or other financial statements as the Director may request. (1925, c. 89, s. 10; 1929, c. 100, s. 9; 1985 (Reg. Sess., 1986), c. 1024, s. 10.)

Cross References. — As to the Local Government Fiscal Information Act, see G.S. 120-30.41 through 120-30.48.

§ 143-10. (Expires June 30, 2004) Preparation of budget and public hearing.

The members of the Commission shall, at the request of the Director, attend such public hearing and other meeting as may be held in the preparation of the budget. Said Commission shall act at all times in an advisory capacity to the Director on matters relating to the plan of proposed expenditures of the State government and the means of financing the same.

The Director shall provide for public hearings on any and all estimates to be included in the budget, which shall be held during the months of October and/or November and/or such other times as the Director may fix in the even-numbered years, and may require the attendance at these hearings of the heads or responsible representatives of all State departments, bureaus, divisions, officers, boards, commissions, institutions, or other State agencies or undertakings, and such other persons, corporations and associations, using or receiving or asking for any State funds. Prior to taking any action under this subsection to provide for public hearings, the Governor may consult with the Advisory Budget Commission. (1925, c. 89, s. 11; 1929, c. 100, s. 10; 1985 (Reg. Sess., 1986), c. 955, ss. 60, 61.)

Editor's Note. — Session Laws 2002-144, s. 4, effective July 1, 2002 and expiring on June 30, 2004, amended G.S. 143-10 by rewriting the last paragraph in subsection (a). The apparent intent was to amend the last paragraph of G.S. 143-143.10(a). Session Laws 2003-221, s. 1, effective June 19, 2003, amended Session Laws 2002-144, s. 4, by substituting "G.S. 143-143.10(a)" for "G.S. 143-10(a)" in the introductory clause. At the direction of the Revisor of Statutes, the amendments by Session Laws 2002-144, s. 4, were never implemented in the section above.

§ 143-10.1: Repealed by Session Laws 1991, c. 689, s. 342.

§ 143-10.1A. Budget required to include State cost of local programs — Continuation and expansion costs.

Effective July 1, 1991, the Office of State Budget and Management and the Director of the Budget, with the advice of the Advisory Budget Commission, shall prepare the State budget in a format that adequately and fairly reflects the continuation costs for the State's share of locally operated programs established by statute or State appropriation. These continuation costs shall be computed using the same budget preparation guidelines and rules prepared by the Office of State Budget and Management for use in State agency and institution budgets. Furthermore, in the projections for the expansion costs related to employee compensation, the budget shall include the expansion costs necessary to cover the State's share of salary and salary-related items for employees in locally operated State-funded programs. Local governments or organizations spending State funds to operate local programs shall provide

necessary information to the Office of State Budget and Management to establish the necessary continuation and expansion costs. (1989 (Reg. Sess., 1990), c. 1066, s. 75; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-10.2. Limit on number of State employees.

The total number of permanent State-funded employees, excluding employees in the State's public school system funded by way of State aid to local public school units, shall not be increased by the end of any State fiscal year by a greater percentage than the percentage rate of the residential population growth for the State of North Carolina. The percentage rates shall be computed by the Office of State Budget and Management. The population growth shall be computed by averaging the rate of residential population growth in each of the preceding 10 fiscal years as stated in the annual estimates of residential population in North Carolina made by the United States Census Bureau. The growth rate of the number of employees shall be computed by averaging the rate of growth of State employees in each of the preceding 10 fiscal years as of July 1 of each fiscal year as stated in the State Budget. (1989, c. 752, s. 46(a); 1991, c. 689, s. 343; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§§ 143-10.3 through 143-10.6: Repealed by Session Laws 2001-424, s. 12.2(a), effective July 1, 2001.

Editor's Note. — Session Laws 2001-424, s. 12.2(b), effective July 1, 2001, provided that the phrase "Office of State Budget, Planning, and Management" be changed to "Office of State Budget and Management" in sections 143-10.3, 143-10.4, and 143-10.5. However, these sections were repealed by Session Laws 2001-424, s. 12.2(a), also effective July 1, 2001.

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5, is a severability clause.

§ 143-10.7. Review of department forms and reports.

The Director, through the Office of State Budget and Management, shall review on three-year cycles all internal and external forms and reports in use by State departments and institutions to confirm whether these forms and reports continue to be needed. If, during the review process, it is determined that these forms and reports are no longer necessary, or that they duplicate other forms or reports either in whole or in part, the Director shall have these forms and reports modified or eliminated. All departments shall provide the Director with copies of all forms and reports used, together with any additional information necessary for the review of these reports. (1995, c. 324, s. 10.2; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-11. Survey of departments.

(a) On or before the fifteenth day of December, biennially in the even-numbered years, the Director shall make a complete, careful survey of the operation and management of all the departments, bureaus, divisions, officers, boards, commissions, institutions, and agencies and undertakings of the State and all persons or corporations who use or expend State funds, in the interest of economy and efficiency, and of obtaining a working knowledge upon which to base recommendations to the General Assembly as to appropriations for maintenance and special funds and capital expenditures for the succeeding biennium. If the Director and the Commission shall agree in their recommendations for the budget for the next biennial period, he shall prepare their

report in the form of a proposed budget, together with such comment and recommendations as they may deem proper to make. If the Director and Commission shall not agree in substantial particulars, the Director shall prepare the proposed budget based on his own conclusions and judgment, and the Commission or any of its members retain the right to submit separately to the General Assembly such statement of disagreement and the particulars thereof as representing their views. The budget report shall contain a complete and itemized plan of all proposed expenditures for each State department, bureau, board, division, institution, commission, State agency or undertaking, person or corporation who receives or may receive for use and expenditure any State funds, in accordance with the classification of funds and accounts adopted by the State Controller, and of the estimated revenues and borrowings for each year in the ensuing biennial period beginning with the first day of July thereafter. Opposite each line item of the proposed expenditures, the budget shall show in separate parallel columns:

(1) Proposed expenditures and receipts for each fiscal year of the biennium;
(2) The certified budget for the preceding fiscal year;
(3) The currently authorized budget for the preceding fiscal year;
(4) Actual expenditures and receipts for the most recent fiscal year for which actual expenditure information is available; and
(5) Proposed increases and decreases.

Revenue and expenditure information shall be no less specific than the two-digit level in the State Accounting System Chart of Accounts as prescribed by the State Controller. The budget shall clearly differentiate between general fund expenditures for operating and maintenance, special fund expenditures for any purpose, and proposed capital improvements.

(b) The Director shall accompany the budget with:

(1) A budget message supporting his recommendations and outlining a financial policy and program for the ensuing biennium. The message will include an explanation of increase or decrease over past expenditures, a discussion of proposed changes in existing revenue laws and proposed bond issues, their purpose, the amount, rate of interest, term, the requirements to be attached to their issuance and the effect such issues will have upon the redemption and annual interest charges of the State debt.
(2) State Controller reports including:
  a. An itemized and complete financial statement for the State at the close of the last preceding fiscal year ending June 30.
  b. A statement of special funds.
(2a) A statement showing the itemized estimates of the condition of the State treasury as of the beginning and end of each of the next two fiscal years.
(3) A report on the fees charged by each State department, bureau, division, board, commission, institution, and agency during the previous fiscal year, the statutory or regulatory authority for each fee, the amount of the fee, when the amount of the fee was last changed, the number of times the fee was collected during the prior fiscal year, and the total receipts from the fee during the prior fiscal year.
(4) A statement showing the State Board of Education's request, in accordance with G.S. 115C-96, for sufficient funds to provide textbooks to public school students.
(5) A proposal for expenditure of the funds in the Repairs and Renovations Reserve Account, which is established in G.S. 143-15.3A. The Director shall consider the data from the Facilities Condition and Assessment Program in the Office of State Construction when establishing priorities for the proposed expenditure of these funds.

(6) Statements of the objections of members of the Council of State received pursuant to G.S. 143-10.3(b) to the performance measures, departmental operations plans, and indicators of program impact prepared in accordance with G.S. 143-10.3, 143-10.4, and 143-10.5.

(7) A list of the budget requests of members of the Council of State that are not included in the proposed budget.

(8) An estimate of the equipment replacement costs within the Judicial Department for the period covered by that budget.

It shall be a compliance with this section by each incoming Governor, at the first session of the General Assembly in his term, to submit the budget report with the message of the outgoing Governor, if he shall deem it proper to prepare such message, together with any comments or recommendations thereon that he may see fit to make, either at the time of the submission of the said report to the General Assembly, or at such other time, or times, as he may elect and fix.

The function of the Advisory Budget Commission under this section applies only if the Director of the Budget consults with the Commission in preparation of the budget. (1925, c. 89, s. 12; 1929, c. 100, s. 11; 1983, c. 717, s. 54; 1985 (Reg. Sess., 1986), c. 955, s. 62; c. 1024, ss. 11-13; 1989, c. 752, s. 49; 1991, c. 542, s. 6; 1991 (Reg. Sess., 1992), c. 900, s. 81(b); 1993, c. 321, s. 17.1(d); 1993 (Reg. Sess., 1994), c. 769, s. 11.1(d); 1995, c. 324, s. 10(a); 2000-67, s. 15.7.)

Editor's Note. — Sections 143-10.3, 143-10.4 and 143-10.5, referred to in the above 143-11 were repealed by Session Laws 2001-424, s. 12.2(a).

This section was amended by Session Laws 1993 (Reg. Sess., 1994), c. 769, s. 11.1(d) in the coded bill drafting format provided by G.S. 120-20.1 The act added new subdivisions (5) and (6) without taking account of subdivision (5) added by Session Laws 1993, c. 321, s. 17.1(d). The new subdivisions have been redesignated as (6) and (7) at the direction of the Revisor of Statutes.

CASE NOTES

Cited in Stam v. Hunt, 66 N.C. App. 116, 310 S.E.2d 623 (1984).

§ 143-11.1: Repealed by Session Laws 1983, c. 717, s. 55.

§ 143-12. Bills containing proposed appropriations.

(a) The Director shall cause to be prepared and submitted to the General Assembly the following bills:

(1) A bill containing all proposed current operations appropriations of the budget for each year in the ensuing biennium, which shall be known as the "Current Operations Appropriations Bill", and a bill containing all proposed capital appropriations of the budget for each year in the ensuing biennium, which shall be known as the "Capital Improvement Appropriations Bill".

(2) If necessary, a bill containing the Director of the Budget's views on revenue for the ensuing biennium, which shall be known as the "Budget Revenue Bill", and shall provide an amount of revenue for the ensuing biennium sufficient, in the opinion of the Director and the Commission, to meet the appropriations contained in the Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill.

(3) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1034, s. 153.

(b) To the end that all expenses of the State may be brought and kept within the budget, the Current Operations Appropriations Bill shall contain a specific sum as a contingent or emergency appropriation, and shall allocate a specific portion of that sum to a special reserve to be used solely for purposes as outlined in G.S. 143-23(a1)(2). Notwithstanding any other provision of law, the manner of the allocation of such contingent or emergency appropriation shall be as follows: Any institution, department, commission, or other agency or activity of the State, or other activity in which the State is interested, desiring an allotment out of such contingent or emergency appropriation, shall upon forms prescribed and furnished by the Director of the Budget, present such request in writing to the Director of the Budget, with such information as he may require, and if the Director of the Budget shall approve such request, in whole or in part, and after consulting with the Joint Legislative Commission on Governmental Operations, he shall forthwith present the same to the Governor and Council of State, and upon their order only shall such allotment be made. If the Director shall disapprove the request of such an allotment out of the emergency or contingent appropriation, he shall transmit his refusal and his reason therefor to the Governor and Council of State for their information.

Funds allocated from the contingent or emergency appropriation may be used only for the purpose for which they were allocated and may not be reallocated for another purpose by the Governor and the Council of State. If the funds are not spent or encumbered for the purpose for which they were allocated by the end of the fiscal biennium and if the Governor and the Council of State do not reallocate them for that same purpose, the funds shall revert to the fund from which the contingent or emergency appropriation was made. Also, if the funds are not needed for the purpose for which they were allocated, the funds shall revert to the fund from which the contingent or emergency appropriation was made.

(c) The Director of the Budget may, in preparation of the Appropriations and Revenue Bills, seek the advice of the Advisory Budget Commission. If the Director and the Commission shall not agree as to the Appropriations and Revenue Bills in substantial particulars, the Director shall prepare the same, based on his conclusions and judgment, and the Commission or any of its members retain the right to submit separately to the General Assembly such statement of disagreement and the particulars thereof as they shall find proper to submit as representing their own views. (1925, c. 89, s. 13; 1929, c. 100, ss. 12, 13, 14; 1957, c. 269, s. 2; 1983 (Reg. Sess., 1984), c. 1034, ss. 150, 151, 153, 154; 1985, c. 290, s. 7; 1985 (Reg. Sess., 1986), c. 955, ss. 63, 64; c. 1014, s. 179; 1989, c. 752, s. 20; 1996, 2nd Ex. Sess., c. 18, s. 7.4(c).)

§ 143-12.1. Vending facilities.

(a) The receipts from vending facilities operated by State agencies, institutions, departments, boards, and commissions are State funds. The payments received by a State agency, institution, department, board or commission by contract under which another party operates vending facilities and pays a sum to the State, whether computed as a percentage of gross or net receipts or gross or net profits, or as a fixed or variable fee, are State funds.

(b) The receipts or payments described in subsection (a) of this section from vending facilities shall be deposited as provided by law in the appropriate fund to be determined by the Office of State Budget and Management.

(c) The net proceeds from vending facilities are subject to appropriation by the General Assembly.

(d) The Office of State Budget and Management shall submit to the General Assembly along with or as a part of the biennial budget (and along with or as a part of any second-year budget requests) budgets for vending facilities

operated by General Fund, Highway Fund, and Wildlife Fund departments' and institutions' operating budgets.

(e) Budgets for vending facilities prepared under subsection (d) of this section shall reflect total receipts from the facilities, and the total costs to staff, stock, and operate the vending facilities, shall set out the total net proceeds, and shall contain, in line-item detail, requests the departments and institutions have submitted to expend the net proceeds. If a State agency or institution receives payments on account of vending facilities but does not actually operate the facilities, the budget shall contain a statement of the payments and shall contain, in line-item detail, requests the departments and institutions have submitted to expend the net proceeds.

(f) The net proceeds that the General Assembly approves for expenditure by the department or institution shall be retained in the appropriate fund budget code for the purposes approved by the General Assembly.

(f1) The net proceeds of the vending operations at the University of North Carolina Hospitals at Chapel Hill shall be used at the beginning of each fiscal year to cover any deficits incurred by the Hospital's cafeteria operation during the prior fiscal year. The amount transferred from the net proceeds of the vending operations may not be available for expenditure but shall revert to the General Fund at the end of the fiscal year.

(g) For the purposes of this section "vending facilities" has the same meaning as provided in G.S. 111-42(d), but also means any mechanical or electronic device dispensing items or something of value or entertainment or services for a fee, regardless of the method of activation, and regardless of the means of payment, whether by coin, currency, tokens, or other means.

(h) The provisions of subsections (c) through (f1) of this section shall not supersede or apply to operations under the provisions of Article 3 of Chapter 111 of the General Statutes, G.S. 127A-138(b), or G.S. 116-36.1 through G.S. 116-36.2, or to the operation of any vending facility by a community college or local school administrative unit, but they shall apply to the operations of the University of North Carolina Hospitals at Chapel Hill. (1983 (Reg. Sess., 1984), c. 1034, s. 166; 1985, c. 479, s. 77; 1987, c. 564, s. 25; c. 738, s. 233(a); 1989, c. 141, s. 17; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-13. Printing copies of budget report and bills and rules for the introduction of the same.

The Director shall cause to be printed one thousand copies each of the budget report, the Current Operations Appropriations Bill, Capital Improvement Appropriations Bill, and the Budget Revenue Bill. The Governor shall present copies thereof to the General Assembly, together with the biennial message, except incoming Governors may, at the first session of the General Assembly in their respective terms, submit the same after the biennial message has been presented to the General Assembly. The Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill shall be introduced by the chairman of the committee on appropriations in each house of the General Assembly, and the Budget Revenue Bill shall be introduced by the chairmen of the finance committees in each branch of the General Assembly: Provided, that for the years in which the Governor is elected, other than when a Governor is elected for a second successive term the Director shall deliver the budget report and the Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill and the Budget Revenue Bill to the Governor-elect, on or before the fifteenth day of December, and the said budget report, Appropriations, and Revenue Bills, shall be presented by the Governor to the General Assembly with such recommendations in the way of amendments, or other modifications, together with such criticism as he may deter-

mine. The provisions herein contained as to the introduction of the bills mentioned in this section shall be considered and treated as a rule of procedure in the Senate and House of Representatives until otherwise expressly provided for by a rule in either, or both, of said branches of the General Assembly. (1925, c. 89, s. 14; 1929, c. 100, s. 15; 1983 (Reg. Sess., 1984), c. 1034, ss. 152, 155-158; 1985, c. 61, s. 4; 1985 (Reg. Sess., 1986), c. 1010.)

§ 143-14. Joint meetings of committees considering the budget report and appropriation bill.

The appropriations committees of the House of Representatives and the Senate and subcommittees thereof shall sit jointly in open sessions while considering the budget and such consideration shall embrace the entire budget plan, including appropriations for all purposes, revenue, borrowings and other means of financing expenditures. Such joint meetings shall begin within five days after the budget has been presented to the General Assembly by the Governor. This joint committee shall have power to examine under oath any officer or head of any department or any clerk or employee thereof; and to compel the production of papers, books of account, and other documents in the possession or under the control of such officer or head of department. This joint committee may also cause the attendance of heads or responsible representatives of a department, institution, division, board, commission, and agency of the State, to furnish such information and answer such questions as the joint committee shall require. To these sessions of the joint committee or subcommittees shall be admitted, with the right to be heard, all taxpayers or other persons interested in the estimates under consideration. The Director or a designated representative shall have the right to sit at these public hearings and to be heard on all matters coming before the joint committee or subcommittees thereof. The said joint committee or any subcommittee thereof shall have full power and authority to punish for disobedience of its writs or orders requiring persons to attend such hearings and to answer under oath such questions as may be put to them by such committee or anyone acting in its behalf; such punishment shall be as is now, or may hereafter be prescribed for direct contempt, but with the right of such offender to appeal from the judgment of such committee to the Superior Court of Wake County, upon the giving of such bond as may be required by such committee. Insofar as this section prescribes the method and manner of hearings before such committees this section shall be considered and have the force of a rule of each branch of the General Assembly until and unless a change has been made by an express rule of such branch thereof. (1925, c. 89, s. 15; 1929, c. 100, s. 16; 1953, c. 501; 1955, c. 5.)

§ 143-15. Reduction and increase of items by General Assembly.

The provisions of this Article shall continue to be the legislative policy with reference to the making of appropriations and shall be treated as rules of both branches of the General Assembly until and unless the same may be changed by the General Assembly either by express enactment or by rules adopted by either branch of the General Assembly.

The General Assembly may reduce or strike out such item in the Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill as it may deem to be the interest of the public service, but neither House shall consider further or special appropriations until the Current Operations Appropriations Bill shall have been enacted in whole or part or rejected, unless the Governor shall submit and recommend an emergency appropriation bill or

emergency appropriation bills, which may be amended in the manner set out herein, and such emergency appropriation bill, or bills, when enacted, shall continue in force only until the Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill shall become effective, unless otherwise provided by the General Assembly. Provided that the Capital Improvement Appropriations Bill may be considered before the Current Operations Appropriations Bill has been adopted in whole or part or rejected.

The General Assembly may also increase any appropriation set out in the Current Operations Appropriations Bill and the Capital Improvement Appropriations Bill and may provide additional appropriations for other purposes if additional revenue or revenues, equal to the amount of such additional appropriations and increases, are provided for by corresponding amendment to the Budget Revenue Bill. No bill carrying an appropriation shall thereafter be enacted by the General Assembly, unless it be for an object or objects therein described and shall provide an adequate source of revenue for defraying such appropriation, or unless it appears from the budget report or the Budget Revenue Bill that there is sufficient revenue available therefor. The appropriation, or appropriations, in such bills shall be in accordance with the classification used in the budget.

Reports to or of the appropriations committees or their subcommittees indicate action by the General Assembly when they are used in preparation of or amendment to appropriations acts. (1925, c. 89, s. 16; 1929, c. 100, s. 17; 1983 (Reg. Sess., 1984), c. 1034, ss. 159-161; 1987, c. 876, s. 12.)

§ 143-15.1. Current Operations Appropriations Act; General Fund Financial Model.

(a) The General Assembly shall enact the Current Operations Appropriations Act by June 15 of odd-numbered years and by June 30 of even-numbered years in which a Current Operations Appropriations Act is enacted. The Current Operations Appropriations Act shall state the amount of General Fund appropriations availability upon which the General Fund budget is based. The statement of availability shall list separately the beginning General Fund credit balance, General Fund revenues, and any other components of the availability amount.

The General Fund operating budget appropriations, including appropriations for local tax reimbursements and local tax sharing, for the second year in a Current Operations Appropriations Act that contains a biennial budget shall not be more than two percent (2%) greater than the General Fund operating budget appropriations for the first year of the biennial budget.

(b) The General Assembly shall review the results of the General Fund Financial model, a computer-based financial model used to project long-term expenditure and revenue trends under various simulations, in its budget deliberations. The model shall be maintained and, from time to time, updated by the Fiscal Research Division of the General Assembly. (1991, c. 689, s. 346; 1991 (Reg. Sess., 1992), c. 993, s. 11; 1993 (Reg. Sess., 1994), c. 769, s. 11.3.)

§ 143-15.2. Use of General Fund credit balance; priority uses.

(a) As used in G.S. 143-15.3, 143-15.3A, and 143-15.3B, the term "unreserved credit balance" means the credit balance amount, as determined on a cash basis, before funds are reserved by the State Controller to the Savings Reserve Account or the Repairs and Renovations Reserve Account pursuant to G.S. 143-15.3 and G.S. 143-15.3A.

(b) The State Controller shall transfer funds from the unreserved credit balance to the Savings Reserve Account in accordance with G.S. 143-15.3(a).

(c) The State Controller shall transfer funds from the unreserved credit balance to the Repairs and Renovation Reserve Account in accordance with G.S. 143-15.3A(a).

(d) Repealed by Session Laws 2000, ch. 67, s. 7.7(e), effective June 30, 2001.

(e) The General Assembly may appropriate that part of the anticipated General Fund credit balance not expected to be reserved only for capital improvements or other one-time expenditures. (1991, c. 689, s. 346; 1991 (Reg. Sess., 1992), c. 812, s. 7(a), (c); c. 993, s. 12; 1993, c. 321, s. 17.1(a); 1993 (Reg. Sess., 1994), c. 591, s. 5(a); 1995, c. 324, s. 5.2(a); 1996, 2nd Ex. Sess., c. 18, s. 7.1(a); 1997-443, s. 7.9(b); 2000-67, s. 7.7(e).)

Editor's Note. — Session Laws 2001-250, ss. 7(a) to 7(c), provide: "(a) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2000-2001 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2001.

"(b) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2000-2001 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2001.

"(c) This section [section 7 of Session Laws 2001-250] becomes effective June 30, 2001."

Session Laws 2001-250, s. 8, provided that the act would expire on July 16, 2001. This sunset date was extended to July 31, 2001, by Session Laws 2001-287, s. 1; to August 29, 2001, by Session Laws 2001-322, s. 1; and to September 28, 2001, by Session Laws 2001-395, s. 1.

Session Laws 2001-424, s. 6.20(c), as amended by 2001-487, s. 109, provides: "The provisions of S.L. 2001-250, S.L. 2001-287, S.L. 2001-322, and S.L. 2001-395 remain in effect for the 2001-2002 fiscal year except to the extent that:

"(1) Those provisions are expressly repealed or amended in this act or

"(2) Those provisions conflict with the provisions of this act. To the extent of such a conflict, the provisions of this act shall prevail.

"(3) Those provisions expire or expired pursuant to the provisions of those acts."

Session Laws 2001-424, s. 2.2(g), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2000-2001 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2001. The State Controller shall credit the sum of one hundred eighty-one million dollars ($181,000,000) from the General Fund to the Savings Reserve Account on July 1, 2001. This is not an 'appropriation made by law', as that phrase is used in Article V, Section 7(2) of the North Carolina Constitution."

Session Laws 2001-424, s. 33.2(b), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2000-2001 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2001. This subsection [s. 33.2(b) of Session Laws 2001-424] becomes effective June 30, 2001."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2002-126, s. 2.2(m), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2002-2003 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2002."

Session Laws 2002-126, s. 2.2(n), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2002-2003 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2002."

Both subsections 2.2(m) and (n) became effective June 30, 2002.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Op-

erations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 2.2(e), as amended by Session Laws 2003-283, s. 4, provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, the State Controller shall transfer only one hundred fifty million dollars ($150,000,000) from the unreserved credit balance to the Savings Reserve Account on June 30, 2003. This is not an "appropriation made by law", as that phrase is used in Article V, Section 7(1) of the North Carolina Constitution.

"However, if the Director of the Budget finds by February 28, 2004, that economic growth forecasts for the 2004-2005 fiscal year indicate a shortfall in revenue below that anticipated by this act, then for every one-half percent (0.5%) below five and one-half percent (5.5%) in anticipated growth for the 2004-2005 fiscal year, fifty million dollars ($50,000,000) may be transferred from the Savings Reserve Account on or after July 1, 2004, to support fiscal year 2004-2005 General Fund appropriations up to the balance of the Savings Reserve Account.

"This subsection becomes effective June 30, 2003."

Session Laws 2003-284, s. 2.2(f), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, the State Controller shall transfer fifteen million dollars ($15,000,000) from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2003. This subsection becomes effective June 30, 2003."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-15.3. Use of General Fund credit balance; priority uses.

(a) There is established a Savings Reserve Account as a restricted reserve in the General Fund. The State Controller shall reserve to the Savings Reserve Account one-fourth of any unreserved credit balance remaining in the General Fund at the end of each fiscal year until the account contains funds equal to five percent (5%) of the amount appropriated the preceding year for the General Fund operating budget, including local government tax-sharing funds, that were directly appropriated. In the event that the one-fourth exceeds the amount necessary to reach the five percent (5%) level, only funds necessary to reach that level shall be reserved. If there are insufficient funds in the unreserved credit balance for the Savings Reserve Account and the Repairs and Renovations Reserve Account, then the requirements of this section shall be complied with first, and any remaining funds shall be reserved to the Repairs and Renovations Reserve Account, in accordance with G.S. 143-15.3A.

(a1) If the balance in the Savings Reserve Account falls below the five percent (5%) level during a fiscal year, the State Controller shall, in accordance with subsection (a) of this section, reserve to the Savings Reserve Account for the following fiscal years up to one-fourth of any unreserved credit balance remaining in the General Fund at the end of each fiscal year until the account again equals the five percent (5%) level set out in subsection (a) of this section.

(b) The Director may not use funds in the Savings Reserve Account unless the use has been approved by an act of the General Assembly. (1991, c. 689, s. 346; 1991 (Reg. Sess., 1992), c. 812, s. 7(b), (c); c. 900, s. 11; c. 993, s. 13; 1993, c. 321, ss. 17.1(c), 21.2; 1993 (Reg. Sess., 1994), c. 591, s. 5(b); c. 769, s. 7.27(b); 1997-443, s. 7.9(c); 2000-67, s. 7.7(f).)

Editor's Note. — Session Laws 2001-250, ss. 7(a) to 7(c), provide: "(a) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2000-2001 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2001.

"(b) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2000-2001 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2001.

"(c) This section [section 7 of Session Laws 2001-250] becomes effective June 30, 2001."

Session Laws 2001-250, s. 8, provided that the act would expire on July 16, 2001. This sunset date was extended to July 31, 2001, by Session Laws 2001-287, s. 1; to August 29, 2001, by Session Laws 2001-322, s. 1; and to September 28, 2001, by Session Laws 2001-395, s. 1.

Session Laws 2001-424, s. 6.20(c), as amended by 2001-487, s. 109, provides: "The provisions of S.L. 2001-250, S.L. 2001-287, S.L. 2001-322, and S.L. 2001-395 remain in effect for the 2001-2002 fiscal year except to the extent that:

"(1) Those provisions are expressly repealed or amended in this act or

"(2) Those provisions conflict with the provisions of this act. To the extent of such a conflict, the provisions of this act shall prevail.

"(3) Those provisions expire or expired pursuant to the provisions of those acts."

Session Laws 2001-424, s. 2.2(g), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2000-2001 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2001. The State Controller shall credit the sum of one hundred eighty-one million dollars ($181,000,000) from the General Fund to the Savings Reserve Account on July 1, 2001. This is not an 'appropriation made by law', as that phrase is used in Article V, Section 7(2) of the North Carolina Constitution."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5 is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-457, s. 2, provides: "In compliance with G.S. 143-15.3, the General Assembly approves the use of and the Governor may access up to thirty million dollars ($30,000,000) from the Savings Reserve Account for the 2001-2002 fiscal year to be used to implement defense measures against all forms of terrorism, including, but not limited to, biological, nuclear, chemical, incendiary, and explosive terrorism and to address other terrorism issues. The Governor shall take steps to repay any monies diverted under this section [s. 2 of Session Laws 2001-457] if funds become available to offset the State's expenditures for its terrorism response efforts. The Governor shall report to the Joint Legislative Commission on Governmental Operations on the status and use of funds authorized by this section [s. 2 of Session Laws 2001-457] no later than 30 days after accessing those funds."

Session Laws 2002-12, s. 2, as amended by Session Laws 2002-54, s. 1, Session Laws 2002-101, s. 1, and by Session Laws 2002-126, s. 31.4(c), effective July 1, 2002 and expiring September 30, 2002, provides: "G.S. 143-15.3(b) prohibits the Director of the Budget from using funds in the Savings Reserve Account unless the use has been approved by an act of the General Assembly. The General Assembly hereby authorizes the Director of the Budget to use funds that were credited to the Savings Reserve Account on or before June 30, 2002, to the extent necessary to balance the State budget for the 2001-2002 fiscal year, and funds are hereby appropriated from the Savings Reserve Account for this purpose."

Session Laws 2002-126, s. 2.2(m), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2002-2003 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2002."

Session Laws 2002-126, s. 2.2(n), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2002-2003 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2002."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the

textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 2.2(e), as amended by Session Laws 2003-283, s. 4, provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, the State Controller shall transfer only one hundred fifty million dollars ($150,000,000) from the unreserved credit balance to the Savings Reserve Account on June 30, 2003. This is not an "appropriation made by law", as that phrase isused in Article V, Section 7(1) of the North Carolina Constitution.

"However, if the Director of the Budget finds by February 28, 2004, that economic growth forecasts for the 2004-2005 fiscal year indicate a shortfall in revenue below that anticipated by this act, then for every one-half percent (0.5%) below five and one-half percent (5.5%) in anticipated growth for the 2004-2005 fiscal year, fifty million dollars ($50,000,000) may be transferred from the Savings Reserve Account on or after July 1, 2004, to support fiscal year 2004-2005 General Fund appropriations up to the balance of the Savings Reserve Account.

"This subsection becomes effective June 30, 2003."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-15.3A. Repairs and Renovations Reserve Account.

(a) There is established a Repairs and Renovations Reserve Account as a restricted reserve in the General Fund. The State Controller shall reserve to the Repairs and Renovations Reserve Account three percent (3%) of the replacement value of all State buildings supported from the General Fund, at the end of each fiscal year.

(b) The funds in the Repairs and Renovations Reserve Account shall be used only for the repair and renovation of State facilities and related infrastructure that are supported from the General Fund. Funds from the Repairs and Renovations Reserve Account shall be used only for the following types of projects:

(1) Roof repairs and replacements;
(2) Structural repairs;
(3) Repairs and renovations to meet federal and State standards;
(4) Repairs to electrical, plumbing, and heating, ventilating, and air-conditioning systems;
(5) Improvements to meet the requirements of the Americans with Disabilities Act, 42 U.S.C. § 12101 et seq., as amended;
(6) Improvements to meet fire safety needs;
(7) Improvements to existing facilities for energy efficiency;
(8) Improvements to remove asbestos, lead paint, and other contaminants, including the removal and replacement of underground storage tanks;
(9) Improvements and renovations to improve use of existing space;
(10) Historical restoration;
(11) Improvements to roads, walks, drives, utilities infrastructure; and
(12) Drainage and landscape improvements.

Funds from the Repairs and Renovations Reserve Account shall not be used for new construction or the expansion of the footprint of an existing facility unless required in order to comply with federal or State codes or standards.

The Director of the Budget shall not use funds in the Repairs and Renovations Reserve Account unless the use has been approved by an act of the General Assembly or, if the General Assembly is not in session, the Director of

the Budget has first consulted with the Joint Legislative Commission on Governmental Operations under G.S. 143-15.3A(c).

(c) The Governor shall consult with the Joint Legislative Commission on Governmental Operations before making allocations from the Repairs and Renovations Reserve Account.

Notwithstanding this subsection, whenever an expenditure is required because of an emergency that poses an imminent threat to public health or public safety, and is either the result of a natural event, such as a hurricane or a flood, or an accident, such as an explosion or a wreck, the Governor may take action under this subsection without consulting the Commission if the action is determined by the Governor to be related to the emergency. The Governor shall report to the Commission on any expenditures made under this paragraph no later than 30 days after making the expenditure and shall identify in the report the emergency, the type of action taken, and how it was related to the emergency. (1993, c. 321, s. 17.1(b); c. 561, s. 16; 1993 (Reg. Sess., 1994), c. 591, s. 5(c); 1995, c. 324, s. 5.2(b); 1996, 2nd Ex. Sess., c. 18, ss. 7.1(b), 7.4(b), (d); 1997-443, s. 7.9(d).)

Repair and Renovation. — Session Laws 2003-284, s. 46.1, provides: "This section authorizes the issuance or incurrence of special indebtedness in a maximum aggregate principal amount of three hundred million dollars ($300,000,000) to be used only in accordance with this section for the repair and renovation of State facilities and related infrastructure that are supported from the General Fund.

"Proceeds of the Repair and Renovation special indebtedness shall be used only for the purposes and in accordance with the procedures provided in G.S. 143-15.3A, the Repairs and Renovations Reserve Account.

"Except in the case of an emergency as provided in G.S. 143-15.3A, the Director of the Budget shall use the Repair and Renovations funds only for repairs and renovations that have been approved by an act of the General Assembly or, if the General Assembly is not in session, for repairs and renovations about which the Director of the Budget has first consulted with the Joint Legislative Commission on Governmental Operations under G.S. 143-15.3A(c). The Director of the Budget shall direct the State Treasurer to carry out the financing for repair and renovation projects selected pursuant to this section. Special indebtedness authorized by this section shall be issued or incurred only in accordance with Article 9 of Chapter 142 of the General Statutes, as enacted by this part."

Editor's Note. — Session Laws 2001-250, ss. 7(a) to (c), provide: "(a) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2000-2001 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2001.

"(b) Notwithstanding G.S. 143-15.2 and G.S. 143-15.3, for the 2000-2001 fiscal year only, funds shall not be reserved to the Savings Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Savings Reserve Account on June 30, 2001.

"(c) This section [section 7 of Session Laws 2001-250] becomes effective June 30, 2001."

Session Laws 2001-250, s. 8, provided that the act would expire on July 16, 2001. This sunset date was extended to July 31, 2001, by Session Laws 2001-287, s. 1; to August 29, 2001, by Session Laws 2001-322, s. 1; and to September 28, 2001, by Session Laws 2001-395, s. 1.

Session Laws 2001-424, s. 6.20(c), as amended by 2001-487, s. 109, provides: "The provisions of S.L. 2001-250, S.L. 2001-287, S.L. 2001-322, and S.L. 2001-395 remain in effect for the 2001-2002 fiscal year except to the extent that:

"(1) Those provisions are expressly repealed or amended in this act or

"(2) Those provisions conflict with the provisions of this act. To the extent of such a conflict, the provisions of this act shall prevail.

"(3) Those provisions expire or expired pursuant to the provisions of those acts."

Session Laws 2001-424, s. 33.2(b), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, for the 2000-2001 fiscal year only, funds shall not be reserved to the Repairs and Renovations Reserve Account, and the State Controller shall not transfer funds from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2001.

"This subsection [s. 33.2(b) of Session Laws 2001-424] becomes effective June 30, 2001."

Session Laws 2001-424, s. 33.6, provides: "Of the funds in the Reserve for Repairs and Renovations for the 2001-2002 fiscal year, forty-six percent (46%) shall be allocated to the Board of

Governors of The University of North Carolina for repairs and renovations pursuant to G.S. 143-15.3A, in accordance with guidelines developed in The University of North Carolina Funding Allocation Model for Reserve for Repairs and Renovations, as approved by the Board of Governors of The University of North Carolina, and fifty-four percent (54%) shall be allocated to the Office of State Budget and Management for repairs and renovations pursuant to G.S. 143-15.3A.

"Notwithstanding G.S. 143-15.3A, the Board of Governors may allocate funds for the repair and renovation of facilities not supported from the General Fund if the Board determines that sufficient funds are not available from other sources and that conditions warrant General Fund assistance. Any such finding shall be included in the Board's submission to the Joint Legislative Commission on Governmental Operations on the proposed allocation of funds.

"The Board of Governors and the Office of State Budget and Management shall submit to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office, for their review, the proposed allocations of these funds. Subsequent changes in the proposed allocations shall be reported prior to expenditure to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2003-284, s. 2.2(f), provides: "Notwithstanding G.S. 143-15.2 and G.S. 143-15.3A, the State Controller shall transfer fifteen million dollars ($15,000,000) from the unreserved credit balance to the Repairs and Renovations Reserve Account on June 30, 2003. This subsection becomes effective June 30, 2003."

Session Laws 2003-284, s. 31.5, provides: "Of the funds in the Reserve for Repairs and Renovations for the 2003-2004 fiscal year, forty-six percent (46%) shall be allocated to the Board of Governors of The University of North Carolina for repairs and renovations pursuant to G.S. 143-15.3A, in accordance with guidelines developed in The University of North Carolina Funding Allocation Model for Reserve for Repairs and Renovations, as approved by the Board of Governors of The University of North Carolina, and fifty-four percent (54%) shall be allocated to the Office of State Budget and Management for repairs and renovations pursuant to G.S. 143-15.3A.

"Notwithstanding G.S. 143-15.3A, the Board of Governors may allocate funds for the repair and renovation of facilities not supported from the General Fund if the Board determines that sufficient funds are not available from other sources and that conditions warrant General Fund assistance. Any such finding shall be included in the Board's submission to the Joint Legislative Commission on Governmental Operations on the proposed allocation of funds.

"Notwithstanding G.S. 143-15.3A, the Office of State Budget and Management shall allocate funds from the Reserve to complete the construction of State-owned facilities that are partially completed; the remainder of funds shall be allocated for other repairs and renovations projects.

"The Board of Governors and the Office of State Budget and Management shall submit to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office, for their review, the proposed allocations of these funds. Subsequent changes in the proposed allocations shall be reported prior to expenditure to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office."

Session Laws 2003-284, s. 48.1, provides: "Parts 32 through 47 of this act do not affect the rights or liabilities of the State, a taxpayer, or another person arising under a statute amended or repealed by those parts before the effective date of its amendment or repeal; nor do they affect the right to any refund or credit of a tax that accrued under the amended or repealed statute before the effective date of its amendment or repeal."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-15.3B. The Clean Water Management Trust Fund.

(a) **(Effective until July 1, 2003)** The Clean Water Management Trust Fund is established in G.S. 113A-253. The General Assembly finds that, due to the critical need in this State to clean up pollution in the State's surface waters and to protect and conserve those waters that are not yet polluted, it is imperative that the State provide a minimum of seventy million dollars ($70,000,000) each calendar year to the Clean Water Management Trust Fund; therefore, there is annually appropriated from the General Fund to the Clean Water Management Trust Fund the sum of seventy million dollars ($70,000,000).

(a) **(Effective July 1, 2003)** The Clean Water Management Trust Fund is established in G.S. 113A-253. The General Assembly finds that, due to the critical need in this State to clean up pollution in the State's surface waters and to protect and conserve those waters that are not yet polluted, it is imperative that the State provide a minimum of one hundred million dollars ($100,000,000) each calendar year to the Clean Water Management Trust Fund; therefore, there is annually appropriated from the General Fund to the Clean Water Management Trust Fund the sum of one hundred million dollars ($100,000,000).

(b) The funds in the Clean Water Management Trust Fund shall be used only in accordance with Article 18 of Chapter 113A of the General Statutes. (1996, 2nd Ex. Sess., c. 18, s. 27.6(b); 1997-443, s. 7.9(a); 2000-67, ss. 7.7(b)-(d); 2001-474, s. 26.)

Subsection (a) is set out two times. See notes. — The first version of subsection (a) set out above is effective until July 1, 2003. The second version set out above is effective July 1, 2003.

Editor's Note. — Session Laws 2001-424, s. 2.2(h), as amended by Session Laws 2002-126, s. 12.9, provides: "Notwithstanding G.S. 143-15.3B(a) for the 2001-2003 fiscal biennium only, the appropriation to the Clean Water Management Trust Fund for the 2001-2002 fiscal year is only forty million dollars ($40,000,000) as provided by this act and is only sixty-six million five hundred thousand dollars ($66,500,000) for the 2002-2003 fiscal year as provided by this act. The funds appropriated by this act to the Clean Water Management Trust Fund shall be used as provided by G.S. 143-15.3B(b)."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 11.8(a), provides: "Notwithstanding G.S. 143-15.3B(a), for the 2003-2005 fiscal biennium only, the appropriation to the Clean Water Management Trust Fund for the 2003-2004 fiscal year is only sixty-two million dollars ($62,000,000) as provided by this act and is only sixty-two million dollars ($62,000,000) for the 2004-2005 fiscal year as provided by this act. The funds appropriated by this act to the Clean Water Management Trust Fund shall be used as provided by G.S. 143-15.3B(b)."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-15.3C. Work First Reserve Fund.

(a) The State Controller shall establish a restricted reserve in the General Fund to be known as the Work First Reserve Fund. Funds from the Work First Reserve Fund shall not be expended until appropriated by the General Assembly.

(b), (c) Repealed by Session Laws 1999-237, s. 6, effective July 1, 1999. (1997-443, s. 12.12A; 1999-237, s. 6(g).)

§ 143-15.3D. Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs.

(a) The Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs is established as an interest-bearing, nonreverting special trust fund in the Office of State Budget and Management. Moneys in the Trust Fund shall be held in trust and used solely to meet the mental health, developmental disabilities, and substance abuse services needs of the State. The Trust Fund shall be used to supplement and not to supplant or replace existing State and local funding available to meet the mental health, developmental disabilities, and substance abuse services needs of the State.

The State Treasurer shall hold the Trust Fund separate and apart from all other moneys, funds, and accounts. The State Treasurer shall be the custodian of the Trust Fund and shall invest its assets in accordance with G.S. 147-69.2 and G.S. 147-69.3. Investment earnings credited to the assets of the Trust Fund shall become part of the Trust Fund. Any balance remaining in the Trust Fund at the end of any fiscal year shall be carried forward in the Trust Fund for the next succeeding fiscal year.

Moneys in the Trust Fund shall be expended only in accordance with subsection (b) of this section and in accordance with limitations and directions enacted by the General Assembly.

(b) Moneys in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs shall be used only to:

(1) Provide start-up funds and operating support for programs and services that provide more appropriate and cost-effective community treatment alternatives for individuals currently residing in the State's mental health, developmental disabilities, and substance abuse services institutions.

(2) Facilitate the State's compliance with the United States Supreme Court decision in Olmstead v. L.C. and E.W.

(3) Facilitate reform of the mental health, developmental disabilities, and substance abuse services system and expand and enhance treatment and prevention services in these program areas to remove waiting lists and provide appropriate and safe services for clients.

(4) Provide bridge funding to maintain appropriate client services during transitional periods as a result of facility closings, including departmental restructuring of services.

(5) Construct, repair, and renovate State mental health, developmental disabilities, and substance abuse services facilities.

(c) Notwithstanding G.S. 143-18, any nonrecurring savings in State appropriations realized from the closure of any State psychiatric hospitals that are

in excess of the cost of operating and maintaining a new State psychiatric hospital shall not revert to the General Fund but shall be placed in the Trust Fund and shall be used for the purposes authorized in this section. Notwithstanding G.S. 143-18, recurring savings realized from the closure of any State psychiatric hospitals shall not revert to the General Fund but shall be used for the payment of debt service on financing contract indebtedness authorized pursuant to Article 9 of Chapter 142 of the General Statutes for the construction of a new State psychiatric hospital. Any remainder not needed for this debt service shall be credited to the Department of Health and Human Services to be used only for the purposes of subsections (b)(2) and (b)(3) of this section. (2001-424, s. 21.58(a); 2003-314, s. 3.3.)

Editor's Note. — Session Laws 2001-424, ss. 21.58(b) to (d), provide: "(b) The Secretary of the Department of Health and Human Services shall develop a plan, after consultation with advocacy groups and affected State and local agencies and programs concerned with the mental health, developmental disabilities, and substance abuse services needs of the State, for the use of funds from the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs established under G.S. 143D-15D to meet the mental health needs of the State. The plan shall be consistent with the plan developed pursuant to G.S. 122C-102, if enacted in House Bill 381 [Session Laws 2001-437] of the 2001 General Assembly. Funds shall not be transferred from the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs until the Secretary has consulted with the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Chairs of the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services.

"(c) Moneys in the Trust Fund established pursuant to G.S. 143-15D shall be used to establish or expand community-based services only if sufficient recurring funds can be identified within the Department from funds currently budgeted for mental health, developmental disabilities, and substance abuse services, area mental health programs or county programs, or local government.

"(d) Funds in the Mental Health, Developmental Disabilities, and Substance Abuse Services Reserve for System Reform and Olmstead shall be transferred to the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs established under G.S. 143-15D."

Session Laws 2001-424, s. 21.62(a) through (d), provides that, in keeping with the United States Supreme Court Decision in *Olmstead vs. L.C. & E.W.* and State policy to provide appropriate services to clients in the least restrictive and most appropriate environment, the Department of Health and Human Services shall develop and implement a plan for the transfer of residents of State mental retardation centers, if appropriate. The Department shall develop a transition plan for moving each resident of the mental retardation center to the community-based services and supports, if appropriate. The transition plans shall be developed in consultation with the resident and the resident's family or guardian. On or before January 1, 2002, and again on or before May 1, 2002, and May 1, 2003, the Department shall report to the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division on its progress in implementing the mental retardation center transition plan.

Session Laws 2001-424, s. 21.63(a) through (e), provides that, in keeping with the United States Supreme Court decision *Olmstead vs. L.C. & E.W.* and State policy to provide appropriate services to clients in the least restrictive and most appropriate environment, the Department of Health and Human Services shall develop and implement a plan for the construction of a replacement facility for Dorothea Dix Hospital in accordance with subsection (d) of this section, and for the transition of patients to the new facility, to the community, or to other long-term care facilities, as appropriate. The goal of the State Hospital Plan is to develop mechanisms and identify resources needed to enable current patients and their families to continue to receive the necessary services and supports. The State shall ensure that transition plans for placement of and services to individuals who are patients of Dorothea Dix Hospital take into consideration the availability of appropriate alternative placements based on the needs of the patient and within resources available for the mental health, developmental disabilities, and substance abuse ser-

vices system. In developing each plan, the Department shall consult with the patient and the patient's family or other legal representative. The Department of Health and Human Services shall submit reports on the status of implementation of this section to the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human Services, the House Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. These reports shall be submitted on February 1, 2002, and May 1, 2002.

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Acts of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2003-314, ss. 3.4(a) and (b), provide: "(a) Dorothea Dix Hospital Property Study Commission. — If any of the State-owned real property encompassing the Dorothea Dix Hospital campus is no longer needed by Dorothea Dix Hospital and is not transferred to another State agency or agencies before the sale of any or all of the property to a nongovernmental entity, options for this sale shall be considered by the Dorothea Dix Hospital Property Study Commission. The Commission shall make recommendations on the options for sale of the property to the Joint Legislative Commission on Governmental Operations before any sale of any or all parts of the property.

"(b) Creation and Membership. — The Dorothea Dix Hospital Property Study Commission is created. The Commission shall consist of nine members, four appointed by the President Pro Tempore of the Senate and four appointed by the Speaker of the House of Representatives. The Secretary of Health and Human Services shall serve as an ex officio member of the Commission."

"(d) Severability. — If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable."

Session Laws 2003-314, ss. 4.1(a) through (d), provide: "Interpretation of Act. (a) Additional Method. — This act provides an additional and alternative method for the doing of the things authorized by this act and shall be regarded as supplemental and additional to powers conferred by other laws. Except where expressly provided, this act shall not be regarded as in derogation of any powers now existing. The authority granted in this act is in addition to other laws now or hereinafter enacted authorizing the State to issue or incur indebtedness.

"(b) Statutory References. — References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as they may be amended from time to time by the General Assembly.

"(c) Liberal Construction. — This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes.

"(d) Severability. — If any provision of this act or its application to any person or circumstance is held invalid, that invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable."

Effect of Amendments. — Session Laws 2003-314, s. 3.3, effective July 10, 2003, added subsection (c).

§ 143-15.4. General Fund operating budget size limited.

(a) Size Limitation. Except as otherwise provided in this section, the General Fund operating budget each fiscal year shall not be greater than seven percent (7%) of the projected total State personal income for that fiscal year. For the purpose of this section, the General Fund operating budget includes any appropriations for local tax-sharing, but does not include appropriations for (i) capital expenditures or (ii) one-time expenditures due to natural disasters, federal mandates, or other emergencies.

(b) Increase in Size Limitation. To the extent that any percent increase in appropriations for a fiscal year for (i) Medicaid, (ii) operation of prisons, or (iii) the costs of providing health insurance for teachers and State employees, exceeds the percent increase in State personal income growth for the same period, the limitation on the size of the General Fund operating budget

provided in subsection (a) of this section for that fiscal year shall be increased by the dollar amount represented by the excess percentage. For all subsequent fiscal years, the percent limitation contained in subsection (a) shall then be increased to reflect that dollar adjustment.

(c) Fiscal Reports. The Office of State Budget and Management and the Fiscal Research Division of the General Assembly shall each submit a tentative estimate of total State personal income for the upcoming fiscal year to the General Assembly no later than February 1 of each year. The Office and the Fiscal Research Division shall each submit a final projection of total State personal income for the upcoming fiscal year to the General Assembly no later than May 1 of each year. The General Assembly shall use the lower of the two final projections to calculate the limitation on the size of the General Fund operating budget provided in this section. (1991, c. 689, s. 346; 1991 (Reg. Sess., 1992), c. 993, s. 14; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-16. Article governs all departmental, agency, etc., appropriations.

Every State department, bureau, division, officer, board, commission, institution, State agency, or undertaking, shall operate under an appropriation made in accordance with the provisions of this Article; and no State department, bureau, division, officer, board, commission, institution, or other State agency or undertaking shall expend any money, except in pursuance of such appropriation and the rules, requirement and regulations made pursuant to this Article. (1925, c. 89, s. 17; 1929, c. 100, s. 18.)

CASE NOTES

Art Museum Building Commission. — There is nothing in this Article or G.S. 143B-58 which indicates a legislative intent to exempt the Art Museum Building Commission from the requirements of this Article. Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

§ 143-16.1. Federal funds.

(a) All federal funds shall be expended and reported in accordance with provisions of the Executive Budget Act, except as otherwise provided by law. Proposed budgets recommended to the General Assembly by the Governor and Advisory Budget Commission shall include information concerning the federal expenditures in State agencies, departments and institutions in the same manner as State funds. Each budgetary category shall show the total received and anticipated State and federal expenditures, along with a description of the purpose for which the federal funds will be spent at the program level. All expenditures for the prior fiscal year and all expenditures anticipated in the proposed budget shall be reported by objects of expenditure by purpose and shall be identified by each federal grant. For the purpose of this section, "federal funds" are any financial assistance made to a State agency by the United States government, whether a loan, grant, subsidy, augmentation, reimbursement, or any other form. The Director of the Budget may adopt rules and regulations establishing uniform planning, budgeting and fiscal procedures, not inconsistent with federal law, that ensure that all federal funds shall be expended in a standardized manner. The function of the Advisory Budget Commission under this section applies only if the Director of the Budget consults with the Commission in preparation of the budget.

(b) The Secretary of each State agency that receives and administers federal Block Grant funds shall prepare and submit the agency's Block Grant plans to the Fiscal Research Division of the General Assembly not later than February

20 of each odd-numbered calendar year and not later than April 20 of each even-numbered calendar year. The agency shall submit a separate Block Grant plan for each Block Grant received and administered by the agency, and each plan shall include, but not be limited to, the following:

(1) A delineation of the proposed dollar amount allocations by activity and by category, including dollar amounts to be used for administrative costs; and

(2) A comparison of the proposed funding with two prior years' program budgets.

The Director of the Budget shall review for accuracy, consistency, and uniformity each State agency's Block Grant plans prior to submission of the plans to the General Assembly. (1977, 2nd Sess., c. 1219, s. 45; 1983, c. 717, s. 56; c. 761, s. 57; 1985 (Reg. Sess., 1986), c. 955, s. 65; 1991 (Reg. Sess., 1992), c. 900, s. 8; 1998-212, s. 7.2; 1999-237, s. 5(r).)

CASE NOTES

Applied in In re Powers, 295 S.E.2d 589 (N.C. 1982).

§ 143-16.2. Reports.

Whenever the Governor or any other executive officer, agency, board, or commission is authorized by law to consult with the Advisory Budget Commission prior to taking some action, if there has been no consultation such action should be reported in writing to the Speaker of the House of Representatives, the President of the Senate, and the Director of the Fiscal Research Division as soon as practicable after the action is taken. This section does not apply to preparation of the budget. (1985 (Reg. Sess., 1986), c. 955, s. 126.)

§ 143-16.3. No expenditures for purposes for which the General Assembly has considered but not enacted an appropriation.

Notwithstanding any other provision of law, no funds from any source, except for gifts, grants, funds allocated from the Repair and Renovations Account in accordance with G.S. 143-15.3A, and funds allocated from the Contingency and Emergency Fund in accordance with G.S. 143-12(b), may be expended for any new or expanded purpose, position, or other expenditure for which the General Assembly has considered but not enacted an appropriation of funds for the current fiscal period; provided, however, that in the event the Director of the Budget declares that it is necessary to deviate from this provision, he may do so after prior consultation with the Joint Legislative Commission on Governmental Operations. For the purpose of this section, the General Assembly has considered a purpose, position, or other expenditure when that purpose is included in a bill, amendment, or petition and when any committee of the Senate or the House of Representatives deliberates on that purpose. (1985 (Reg. Sess., 1986), c. 1014, s. 177; 1987 (Reg. Sess., 1988), c. 1086, s. 50; 1989, c. 752, s. 47; 1991 (Reg. Sess., 1992), c. 812, s. 6(b); 1996, 2nd Ex. Sess., c. 18, s. 7.4(j); 1997-443, s. 7.8(a).)

Editor's Note. — Session Laws 1997-443, s. 7.8(c), provides that this section does not apply to the Blue Ridge Parkway-Scenic Vistas Parkway.

Session Laws 1991 (Reg. Sess., 1992), c. 812, which amended this section, in s. 6(a) provides: "The General Assembly finds that it is necessary to clarify the provisions of the State budget for the 1991-93 fiscal biennium, the Executive Budget Act, and other statutes that affect

the administration of the budget. The provisions of this section are intended to provide this clarification and are not intended to make substantive changes in the law."

Session Laws 2001-424, s. 30.2, provides: "Notwithstanding G.S. 143-16.3, G.S. 143-23, or any other provision of law, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from any agency or program funded from the General Fund to the New and Expanding Industry Training Program to supplement the needs of this Program during the 2001-2003 biennium."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

CASE NOTES

Construction. — G.S. 143-16.3 did not prohibit a state agency from committing the state to the expenditure of funds which had not been appropriated for the purpose of a contract, because the pertinent portion of G.S. 143-16.3 stated that no funds from any source could be expended for any new or expanded purpose, position or other expenditure for which the General Assembly had considered but not enacted an appropriation of funds for the current fiscal budget; thus, G.S. 143-16.3 only prohibited the actual expenditure of funds if not appropriated. N.C. Monroe Constr. Co. v. State, 155 N.C. App. 320, 574 S.E.2d 482, 2002 N.C. App. LEXIS 1612 (2002).

OPINIONS OF ATTORNEY GENERAL

State Treasurer. — Because the restrictions contained in this section primarily involve controls exercised by the General Assembly, the State Treasurer is subject thereto. See opinion of Attorney General to Ralph Campbell, Jr., State Auditor, 2002 N.C.A.G. 31 (12/12/02).

§ 143-16.4. Settlement Reserve Fund.

(a) The "Settlement Reserve Fund" is established as a restricted reserve in the General Fund. Except as otherwise provided in this section, funds shall be expended from the Settlement Reserve Fund only by specific appropriation by the General Assembly.

(a1) A Health Trust Account is established in the Settlement Reserve Fund. The portion of each Master Settlement Agreement payment identified in Section 6(3) of S.L. 1999-2 shall be credited to the Health Trust Account. The State Controller shall transfer all funds in the Health Trust Account to the Health and Wellness Trust Fund created in Article 6C of Chapter 147 of the General Statutes.

(a2) A Tobacco Trust Account is established in the Settlement Reserve Fund. The portion of each Master Settlement Agreement payment identified in Section 6(2) of S.L. 1999-2 shall be credited to the Tobacco Trust Account. The State Controller shall transfer all funds in the Tobacco Trust Account to the Tobacco Trust Fund created in Article 75 of Chapter 143 of the General Statutes.

(b) Unless prohibited by federal law, federal funds provided to the State by block grant or otherwise as part of federal legislation implementing a settlement between United States tobacco companies and the states shall be credited to the Settlement Reserve Fund. Unless otherwise encumbered or distributed under a settlement agreement or final order or judgment of the court, funds paid to the State or a State agency pursuant to a tobacco litigation settlement agreement, or a final order or judgment of a court in litigation between tobacco companies and the states, shall be credited to the Settlement Reserve Fund. (1998-191, s. 2; 2000-147, s. 1.)

Editor's Note. — Session Laws 2000-147, s. 8(a)-(c), provides:

"(a) Interpretation of Act. — The foregoing sections of this act provide an additional and alternative method for the doing of the things authorized by the act, are supplemental and additional to powers conferred by other laws, and do not derogate any powers now existing.

"(b) References in this act to specific sections or Chapters of the General Statutes are intended to be references to those sections or Chapters as amended and as they may be amended from time to time by the General Assembly.

"(c) This act, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect its purposes."

Session Laws 2000-147, s. 8(d), contains a severability clause.

Session Laws 2002-126, s. 2.2(h), as amended by Session Laws 2002-159, s. 69, provides: "The General Assembly finds that over the last two fiscal years, the cost of the Medicaid program has increased over one billion dollars ($1,000,000,000). The downturn in the economy has caused an unforeseeable increase in the number of persons eligible for the program. Even with the significant expansion funds appropriated for the increased costs, transfers of funds to meet obligations for the 2001-2002 fiscal year, and significant cost-savings measures imposed by the General Assembly and the Department of Health and Human Services, Medicaid will still need additional State funds next year to cover increased costs.

"The General Assembly further finds that due to the downturn in the economy and the loss of jobs in various sectors of the economy, the State must undertake various economic initiatives.

"Funds transferred pursuant to this section shall be used only for Medicaid and for economic initiatives.

"Notwithstanding G.S. 143-16.4(a2), of the funds added to the Tobacco Trust Account from the Master Settlement Agreement settlement payments pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of thirty-eight million dollars ($38,000,000) shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

"Notwithstanding G.S. 143-16.4(a1), of the funds added to the Health Trust Account from the Master Settlement Agreement settlement payments pursuant to Section 6(2) of S.L. 1999-2 during the 2002-2003 fiscal year, the sum of forty million dollars ($40,000,000) shall be transferred from the Department of State Treasurer, Budget Code 23460 (Health and Wellness Trust Fund) to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2002-2003 fiscal year.

"Notwithstanding G.S. 147-86.30(c), the Health and Wellness Trust Fund Commission may transfer up to eighteen million dollars ($18,000,000) from the Fund Reserve created in G.S. 147-86.30 to the Health and Wellness Trust Fund nonreserved funds to be expended in accordance with G.S. 147-86.30(d) during the 2002-2003 fiscal year."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2002-173, s. 4, provides: "At the request of the Board of Governors of The University of North Carolina and upon determining that it is in the best interest of the State to do so, the Director of the Budget may authorize an increase or decrease in the cost of, or a change in the method of funding, the projects authorized by this act. In determining whether to authorize a change in cost or funding, the Director of the Budget shall consult with the Joint Legislative Commission on Governmental Operations."

Session Laws 2003-284, s. 2.2(b), provides: "Notwithstanding G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2003-2004 and 2004-2005 fiscal years, the sum of forty million dollars ($40,000,000) shall be transferred from the Department of Agriculture and Consumer Services, Budget Code 23703 (Tobacco Trust Fund), to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 and 2004-2005 fiscal years."

Session Laws 2003-284, s. 2.2 (c), provides: "Notwithstanding G.S. 143-16.4(a1), of the funds credited to the Health Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2 during the 2003-2004 and 2004-2005 fiscal years, the sum of twenty million dollars ($20,000,000) that

would otherwise be deposited in the Fund Reserve established by G.S. 147-86.30(c) and five million ($5,000,000) of the funds that are not reserved pursuant to G.S. 147-86.30(c) shall be transferred from the Department of State Treasurer, Budget Code 23460 (Health and Wellness Trust Fund), to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 and 2004-2005 fiscal years."

Session Laws 2003-284, s. 2.2(k), provides: "Effective June 30, 2003, notwithstanding G.S. 143-16.4(a1) and G.S. 143-16.4(a2), of the funds credited to the Tobacco Trust Account and Health Trust Account from the Master Settlement Agreement pursuant to Section 6(2) of S.L. 1999-2, the sum of one million eight hundred thousand dollars ($1,800,000) which the State will receive from a settlement involving cigarettes that Brown & Williamson contract manufactured for Star Tobacco, Inc. and Star Scientific, Inc. during the years 1999 through 2002 shall be transferred to the State Controller to be deposited in Nontax Budget Code 19978 (Intra State Transfers) to support General Fund appropriations for the 2003-2004 fiscal year."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-16.5: Repealed by Session Laws 1999-237, s. 19a, effective June 30, 1999, and applicable to agreements entered on or after November 15, 1998.

§ 143-17. Requisition for allotment.

Before an appropriation of any spending agency shall become available, such agency shall submit to the Director, not less than 20 days before the beginning of each quarter of each fiscal year a requisition for an allotment of the amount estimated to be required to carry on the work of the agency during the ensuing quarter and such requisition shall contain such details of proposed expenditures as may be required by the Director. The Director shall approve such allotments, or modifications of them, as he may deem necessary to make, and he shall submit the same to the State Controller who in the course of his operations shall check for compliance with such allotments. No allotment shall be changed nor shall transfers be made except upon the written request of the responsible head of the spending agency and by approval of the Director of the Budget in writing: Provided, that quarterly allotments made to the State Auditor's office, State Treasurer's office, and Administrative Office of the Courts shall be in such amounts as may be designated by the Advisory Budget Commission, and shall be made available in accordance with procedures determined by the Advisory Budget Commission. (1925, c. 89, s. 18; 1929, c. 100, s. 19; 1955, c. 578, s. 4; 1981, c. 859, s. 47.1; 1985 (Reg. Sess., 1986), c. 1024, s. 14.)

§ 143-18. Unencumbered balances to revert to treasury; capital appropriations excepted.

All unencumbered balances of maintenance appropriations shall revert to the State treasury to the credit of the general fund or special funds from which the appropriation and/or appropriations, were made and/or expended, at the end of each fiscal year; except that capital expenditures for the purchase of land, the erection of buildings, new construction or renovations in progress shall continue in force until the attainment of the object or the completion of the work for which the appropriations are made; except that maintenance

appropriations to the General Assembly shall remain available until expended, unless otherwise provided by the Legislative Services Commission.

As used in this section, "unencumbered" means not obligated in the form of purchase orders, contracts, renovations in progress or salary commitments. No purchase orders, contracts, renovations in progress, or salary commitments shall be entered into during a fiscal year unless sufficient funds are available within the purpose for which the funds were appropriated by the General Assembly or as authorized by the Director of the Budget as allowed by law. (1925, c. 18, s. 19; 1929, c. 100, s. 20; 1983 (Reg. Sess., 1984), c. 1034, s. 181; 1985, c. 479, s. 158; 1989 (Reg. Sess., 1990), c. 1066, s. 26.)

§ 143-18.1. Decrease of projects within capital improvement appropriations; requesting authorization of capital projects not specifically provided for.

(a) Upon the request of the administration of a State agency or institution, the Director of the Budget may decrease the scope of a capital improvement project. Prior to taking any action under this subsection, the Director of the Budget may consult with the Advisory Budget Commission.

(b) Upon the request of the administration of a State agency or institution, the Director of the Budget may when, in his opinion, it is in the best interest of the State to do so, increase the cost of a capital improvement project within the appropriation made to that State agency or institution within the capital improvement appropriation to that agency or institution for that biennium, provided that the project may not be increased in scope under the authority of this subsection. Prior to taking any action under this subsection, the Director of the Budget may consult with the Advisory Budget Commission.

(c) Upon the request of the administration of any State agency or institution, the Director of the Budget may accept funds by gift or grant for the construction of a capital improvement project not specifically provided for or authorized by the General Assembly. These funds shall be placed in a special reserve account to be held by the State Treasurer until the end of the biennium in which the account was established or until the capital improvement project is authorized by the Director of the Budget, whichever occurs first. These funds shall be invested and the interest thereon shall be added to the reserve. If the project is not authorized by the end of that biennium, the State Treasurer shall pay the funds accumulated in the special reserve account to the grantor or donor. Upon the establishment of a special reserve account under this section, the Director of the Budget shall notify the Speaker of the House and President of the Senate of the receipt of the funds and the existence of the reserve account. Upon the request of the administration of any State agency or institution, the Governor may, under G.S. 120-76(8), authorize the construction of a capital improvement project not specifically authorized by the General Assembly if such project is to be fully funded by gifts, grants, receipts, special funds, self-liquidating indebtedness, other funds, or any combination of funds, but not including funds appropriated from the General Fund. All expenditures under this authorization shall be handled in full compliance with the provisions of the Executive Budget Act.

The agency shall support its request for such capital improvement project, or projects, with the following information: the estimated annual operating costs for (i) utilities; (ii) maintenance; (iii) repairs; (iv) additional personnel; (v) any and all other expenses to the State resulting from the addition of this facility to the plant of the institution. Prior to taking any action under this section to authorize a project, the Governor or the Director of the Budget may consult with the Advisory Budget Commission and the Capital Planning Commission.

(1965, c. 841, s. 1; 1983, c. 717, s. 57; 1985 (Reg. Sess., 1986), c. 955, ss. 66-71; 1987, c. 282, s. 26; 1996, 2nd Ex. Sess., c. 18, s. 7.4(e).)

Editor's Note. — Session Laws 1987, c. 71, s. 3 purported to amend subsection (c) of this section by deleting reference to the Capital Building Authority in two places. However, as amended by Session Laws 1985 (Reg. Sess., 1986), c. 955, ss. 66 to 71, subsection (c) no longer contains references to the Capital Building Authority. Therefore, the amendment by Session Laws 1987, c. 71, s. 3 has not been effectuated.

§ 143-19. Help for Director.

The Director is hereby authorized to secure such special help, expert accountants, draftsmen and clerical help as he may deem necessary to carry out his duties under this Article; and shall fix the compensation of all persons employed under this Article; which shall be paid by the State Treasurer upon the warrant of the State Controller. A statement in detail of all persons employed, time employed, compensation paid, and itemized statement of all other expenditures made under the terms of this Article, shall be reported to the General Assembly by the Director, and all payments made under this Article shall be charged against and paid out of the emergency contingent fund and/or such appropriations as may be made for the use of the Office of State Budget and Management. (1925, c. 89, s. 20; 1929, c. 100, s. 21; 1957, c. 269, s. 2; 1961, c. 1181, s. 2; 1979, 2nd Sess., c. 1137, s. 37; 1985 (Reg. Sess., 1986), c. 1024, s. 15; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-20. Accounting records.

The State Controller shall be responsible for keeping a record of the appropriations, allotments, expenditures, and revenues of each State department, institution, board, commission, officer, or other agency in any manner handling State funds. These records shall be kept in summary form, or in as much detail as the State Controller may deem advisable. (1925, c. 89, s. 22; 1929, c. 100, s. 22; 1955, c. 578, s. 5; 1957, c. 269, s. 2; 1979, 2nd Sess., c. 1137, s. 37; 1983, c. 913, s. 31; 1985 (Reg. Sess., 1986), c. 1024, s. 16.)

§ 143-20.1. Annual financial statements.

Every fiscal year, all State agencies and component units of the State, as defined by generally accepted accounting principles, shall prepare annual financial statements on all funds administered by them no later than 60 days after the end of the State's fiscal year then ended in accordance with generally accepted accounting principles as described in authoritative pronouncements and interpreted or prescribed by the State Controller, and in the form required by the State Controller. The State Controller shall publish guidelines specifying the procedures to implement the necessary records, procedures, and accounting systems to reflect these statements on the proper basis of accounting.

Accordingly, the State Controller shall combine the financial statements for the various agencies into a Comprehensive Annual Financial Report for the State of North Carolina in accordance with generally accepted accounting principles. These statements, along with the opinion of the State Auditor, shall be published as the official financial statements of the State and shall be distributed to the Governor, the Office of State Budget and Management, members of the General Assembly, heads of departments, agencies, and institutions of the State, and other interested parties. The State Controller shall notify the Director of the Budget of any State agencies and component

units of the State, as defined by generally accepted accounting principles, that have not complied fully with the requirements of this section within the specified time, and the Director of the Budget shall employ whatever means necessary, including the withholding of allotments, to ensure immediate corrective actions. (1983, c. 913, s. 32; 1985 (Reg. Sess., 1986), c. 1024, ss. 17-19; 2000-67, s. 7(a); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-21. Issuance of subpoenas.

The Director shall have and is hereby given full power and authority to issue the writ of subpoena for any and all persons who may be desired as witnesses concerning any matters being inquired into by the Director or the Commission, and such writs when signed by the Director shall run anywhere in this State and be served by any civil process officer without fees or compensation. Any failure to serve writs promptly and with due diligence, shall subject such officer to the usual penalties and liabilities and punishment as are now provided in the cases of like kind applying to sheriffs, and any persons who shall fail to obey said writ shall be subject to punishment for contempt in the discretion of the court and to be fined as witnesses summoned to attend the superior court, and such remedies shall be enforced against such offending witnesses upon motion and notice filed in the Superior Court of Wake County by the Attorney General under the direction of the Director. Any and all persons who shall be subpoenaed and required to appear before the Director or the Commission as witnesses concerning any matters being inquired into shall be compellable and required to testify, but such persons shall be immune from prosecution and shall be forever pardoned for violation of law about which such person is so required to testify. (1925, c. 89, s. 25; 1929, c. 100, s. 23; 1953, c. 675, s. 18.)

§ 143-22. Surveys, studies and examinations of departments and institutions.

The Director is hereby given full power and authority to make such surveys, studies, examinations of departments, institutions and agencies of this State, as well as its problems, so as to determine whether there may be an overlapping in the performance of the duties of the several departments and institutions and agencies of the State, and to make surveys, examinations and inquiries into the matter of the various activities of the State, and to survey, appraise, examine and inspect and determine the true condition of all property of the State, and what may be necessary to protect it against fire hazard, deterioration, and to conserve its use for State purposes, and to make and issue and to enforce all necessary, needful or convenient rules and regulations for the enforcement of this Article. (1925, c. 89, s. 26; 1929, c. 100, s. 23; 1969, c. 458, s. 2.)

§ 143-23. All maintenance funds for itemized purposes; transfers between objects or line items.

(a) All appropriations now or hereafter made for the maintenance of the various departments, institutions and other spending agencies of the State, are for the (i) purposes or programs and (ii) objects or line items enumerated in the itemized requirements of such departments, institutions and other spending agencies submitted to the General Assembly by the Director of the Budget and the Advisory Budget Commission, as amended by the General Assembly. The function of the Advisory Budget Commission under this

subsection applies only if the Director of the Budget consults with the Commission in preparation of the budget.

(a1) Notwithstanding the provisions of subsection (a) of this section, a department, institution, or other spending agency may, with approval of the Director of the Budget, spend more than was appropriated for:

(1) An object or line item within a purpose or program so long as the total amount expended for the purpose or program is no more than was appropriated from all sources for the purpose or program for the fiscal period;

(2) A purpose or program, without consultation with the Joint Legislative Commission on Governmental Operations, if the overexpenditure of the purpose or program is:

a. Required by a court, Industrial Commission, or administrative hearing officer's order;

b. Required to respond to an unanticipated disaster such as a fire, hurricane, or tornado; or

c. Required to call out the National Guard.

The Director of the Budget shall report on a quarterly basis to the Joint Legislative Commission on Governmental Operations on any overexpenditures under this subdivision; or

(3) A purpose or program, after consultation with the Joint Legislative Commission on Governmental Operations in accordance with G.S. 120-76(8), and only if: (i) the overexpenditure is required to continue the purpose or programs due to complications or changes in circumstances that could not have been foreseen when the budget for the fiscal period was enacted and (ii) the scope of the purpose or program is not increased. The consultation is required as follows:

a. For a purpose or program with a certified budget of up to five million dollars ($5,000,000), consultation is required when the authorization for the overexpenditure exceeds ten percent (10%) of the certified budget;

b. For a purpose or program with a certified budget of from five million dollars ($5,000,000) up to twenty million dollars ($20,000,000), consultation is required when the authorization for the overexpenditure exceeds five hundred thousand dollars ($500,000) or seven and one-half percent (7.5%) of the certified budget, whichever is greater;

c. For a purpose or program with a certified budget of twenty million dollars ($20,000,000) or more, consultation is required when the authorization for the overexpenditure exceeds one million five hundred thousand dollars ($1,500,000) or five percent (5%) of the certified budget, whichever is greater;

d. For a purpose or program supported by federal funds or when expenditures are required for the reasons set out in subdivision (2) of this subsection, no consultation is required.

If the Joint Legislative Commission on Governmental Operations does not meet for more than 30 days, the Director of the Budget may satisfy the requirements of the subsection to report to or consult with the Commission by reporting to or consulting with a joint meeting of the Chairs of the Appropriations Committees of the Senate and the House of Representatives.

(a2) Funds appropriated for salaries and wages are also subject to the limitation that they may only be used for:

(1) Salaries and wages or for premium pay, overtime pay, longevity, unemployment compensation, workers' compensation, temporary wages, moving expenses of employees, payment of accumulated annual leave, certain awards to employees, tort claims, and employer's social security, retirement, and hospitalization payments;

(2) Contracted personal services if (i) the contract is for temporary services or special project services, (ii) the term of the contract does not extend beyond the fiscal year, (iii) the contract does not impose obligations on the State after the end of the fiscal year; and (iv) the total of all overexpenditures for contracted personal services approved in a program for a fiscal year does not exceed the greater of five hundred thousand dollars ($500,000) or ten percent (10%) of the lapsed salary funds in the program for the fiscal year; and

(3) Uses for which overexpenditures are permitted by subdivision (2) of subsection (a1) of this section but the Director of the Budget shall include such use and the reason for it in his quarterly report to the Joint Legislative Commission on Governmental Operations.

Lapsed salary funds shall not be used for new permanent employee positions or to raise the salary of existing employees.

(a3), (a4) Repealed by Session Laws 1996, Second Extra Session, c. 18, s. 7.4(f).

(b) Repealed by Session Laws 1985, c. 290, s. 8.

(c) Transfers or changes as between objects or line items in the budget of the Senate may be made by the President Pro Tempore of the Senate.

(d) Transfers or changes as between objects or line items in the budget of the House of Representatives may be made by the Speaker of the House of Representatives.

(e) Transfers or changes as between objects or line items in the budget of the General Assembly other than of the Senate and House of Representatives may be made jointly by the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

(e1) Transfers or changes as between objects or line items in the budget of the Office of the Governor may be made by the Governor.

(e2) Transfers or changes as between objects or line items in the Office of the Lieutenant Governor may be made by the Lieutenant Governor.

(f) As used in this section:

(1) "Object or line item" means a budgeted expenditure or receipt in the budget enacted by the General Assembly that is designated by (i) a thirteen-digit code in the 1000-object code series or (ii) an eleven-digit code in all other object code series, in accordance with the Budget Code Structure and the State Accounting System Uniform Chart of Accounts set out in the Administrative Policies and Procedures Manual of the Office of the State Controller.

(2) "Purpose or program" means a group of objects or line items for support of a specific activity outlined in the budget adopted by the General Assembly that is designated by a nine-digit fund code in accordance with the Budget Code Structure and the State Accounting System Uniform Chart of Accounts set out in the Administrative Policies and Procedures Manual of the Office of the State Controller. (1929, c. 100, s. 24; 1981, c. 1127, s. 82; 1985, c. 290, s. 8; c. 479, s. 159; c. 757, s. 183; 1985 (Reg. Sess., 1986), c. 955, s. 72; 1989, c. 752, s. 44; 1991 (Reg. Sess., 1992), c. 812, s. 6(c); c. 900, s. 9(a); 1994, Ex. Sess., c. 24, s. 9(a)-(c); 1993 (Reg. Sess., 1994), c. 769, s. 13; 1995, c. 507, s. 6.3; c. 509, ss. 77, 78; 1996, 2nd Ex. Sess., c. 18, s. 7.4(f); 1997-443, s. 7.8(c).)

Editor's Note. — Session Laws 1985, c. 479, s. 14, provides that subdivision (a1) of this section and ss. 156 and 157 of c. 479, amending this section and G.S. 143-27, do not apply to the General Assembly.

Session Laws 2001-424, s. 25.6(b), as amended by Session Laws 2002-126, s. 17.9, provides: "Notwithstanding the provisions of G.S. 143-23(a2), the Department of Correction may use funds available during the 2001-2003 biennium for the purchase of prescription drugs for inmates if expenditures are projected to

exceed the Department's inmate medical continuation budget for prescription drugs. The Department shall consult with the Joint Legislative Commission on Governmental Operations prior to exceeding the continuation budget amount.

"The Department of Administration, Purchase and Contract Division, and the Department of Correction shall review the current statewide contract for purchase of prescription drugs as it applies to the Department of Correction's purchases for inmates to determine if the Department is receiving the lowest rate available and to determine whether the Department should be authorized to issue a request for proposals for a separate vendor or purchasing consortium for the provision of prescription drugs for inmates. The Departments shall report on their findings to the Joint Legislative Commission on Governmental Operations by February 1, 2002."

Session Laws 2001-424, s. 30.2, provides: "Notwithstanding G.S. 143-16.3, G.S. 143-23, or any other provision of law, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from any agency or program funded from the General Fund to the New and Expanding Industry Training Program to supplement the needs of this Program during the 2001-2003 biennium."

Session Laws 2001-424, s. 33.3(d), provides: "Notwithstanding G.S. 143-23, if additional federal funds that require a State match are received for water resources projects or for beach renourishment projects for the 2001-2002 fiscal year, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from General Fund appropriations to match the federal funds."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2002-126, s. 7.13(c), provides: "Notwithstanding G.S. 143-23, the State Board of Education may reorganize the Department of Public Instruction, create a new associate superintendent position in the Department, and transfer funds within the budget of the Department to the extent necessary to implement the reorganization."

Session Laws 2002-126, s. 8.8(a), effective September 30, 2002, and expiring June 30, 2003, provides: "Notwithstanding G.S. 143-23 or any other provision of law, the State Board of Community Colleges may transfer funds within the budget of the Community Colleges System Office to the extent necessary to implement base budget reductions and to reorganize the System Office to maintain management efficiencies. The State Board shall report to the Chairs of the Senate Appropriations Committee on Education/Higher Education and the House Appropriations Subcommittee on Education prior to transferring the funds."

Session Laws 2002-126, s. 11.2(b), provides: "Notwithstanding G.S. 143-23, the Division of Research Stations of the Department of Agriculture and Consumer Services shall not spend more during the 2002-2003 fiscal year than is appropriated under this act for the Division of Research Stations of the Department of Agriculture and Consumer Services for the 2002-2003 fiscal year."

Session Laws 2002-126, s. 29.2(e), provides: "Notwithstanding G.S. 143-23, if additional federal funds that require a State match are received for water resources projects or for beach nourishment projects for the 2002-2003 fiscal year, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from General Fund appropriations to match the federal funds."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 6.4, as amended by Session Laws 2003-283, s. 5, provides: "(a) Funds in the amount of five million dollars ($5,000,000) for the 2003-2004 fiscal year and five million dollars ($5,000,000) for the 2004-2005 fiscal year are appropriated in this act to the Contingency and Emergency Fund. Of these funds:

"(1) Up to two million dollars ($2,000,000) for the 2003-2004 fiscal year may be used for purposes related to the Base Realignment and Closure Act (BRAC); and

"(2) Up to two hundred fifty thousand dollars ($250,000) for the 2003-2004 fiscal year may be expended for statutory purposes other than

those set out in G.S. 143-23(a1)(2) or in subdivision (1) of this section. The remainder of these funds shall be expended only for the purposes outlined in G.S. 143-23(a1)(2).

"(b) If funds are expended from the Contingency and Emergency Fund for the purposes set out in subdivision (a)(1) or (a)(2) of this section, the Director of the Budget may use funds otherwise appropriated from the General Fund under this act to replenish the Contingency and Emergency Fund by the same amount."

Session Laws 2003-284, s. 8.2, effective July 1, 2003, provides: "Notwithstanding G.S. 143-23 or any other provision of law, the State Board of Community Colleges may use salary reserve funds and other funds, and may transfer funds within the Community College System Office continuation budget to the extent necessary to implement budget reductions for the 2003-2004 fiscal year."

Session Laws 2003-284, ss. 16.6(a)-(c), provide: "(a) If the cost of providing food and health care to inmates housed in the Division of Prisons is anticipated to exceed the continuation budget amounts provided for that purpose in this act, the Department of Correction shall report the reasons for the anticipated cost increase and the source of funds the Department intends to use to cover those additional needs to the Joint Legislative Commission on Governmental Operations, the Chairs of the Senate and House of Representatives Appropriations Committees, and the Chairs of the Senate and House of Representatives Appropriations Subcommittees on Justice and Public Safety.

"(b) Notwithstanding the provisions of G.S. 143-23(a2), the Department of Correction may use funds available during the 2003-2005 biennium for the purchase of prescription drugs for inmates if expenditures are projected to exceed the Department's inmate medical continuation budget for prescription drugs. The Department shall consult with the Joint Legislative Commission on Governmental Operations prior to exceeding the continuation budget amount.

"(c) Notwithstanding the provisions of G.S. 143-23(a2), the Department of Correction may use funds available during the 2003-2004 fiscal year for the purchase of clothing and laundry services for inmates if expenditures are projected to exceed the Department's budget for clothing and laundry services. The Department shall consult with the Joint Legislative Commission on Governmental Operations prior to exceeding the continuation budget amount."

Session Laws 2003-284, s. 16.11, provides: "Notwithstanding the provisions of G.S. 143-23(a2), the Department of Correction may use funds available during the 2003-2005 biennium for expenses for computer/data processing services if expenditures exceed the Department's continuation budget amount for those services. The Department shall report to the Joint Legislative Commission on Governmental Operations prior to exceeding the continuation budget amount."

Session Laws 2003-284, s. 31.2(d), provides: "Notwithstanding G.S. 143-23, if additional federal funds that require a State match are received for water resources projects or for beach renourishment projects for the 2003-2004 fiscal year, the Director of the Budget may, after consultation with the Joint Legislative Commission on Governmental Operations, transfer funds from General Fund appropriations to match the federal funds."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

CASE NOTES

Former subsection (b) violated N.C. Const., Art. I, § 6, and N.C. Const., Art. III, § 5(3). In re Powers, 295 S.E.2d 589 (N.C. 1982).

The power that former subsection (b) of this section purported to vest in certain members of the legislative branch of the government exceeded that given to the legislative branch by N.C. Const., Art. II. The statute also constituted an encroachment upon the duty and responsibility imposed upon the Governor by N.C. Const., Art. III, § 5(3), and thereby violated the principle of separation of governmental powers. In re Powers, 295 S.E.2d 589 (N.C. 1982).

Intended effect of former subsection (b) of this section was to give to a 13-member commission composed of 12 members of the House and Senate, and the President of the Senate who is usually the Lieutenant Governor, power to control major budget transfers proposed to be made by the Governor in his constitutional role as administrator of the budget. In re Powers, 295 S.E.2d 589 (N.C. 1982).

Cited in Styers v. Phillips, 277 N.C. 460, 178 S.E.2d 583 (1971).

OPINIONS OF ATTORNEY GENERAL

Transfer of Funds Within School Appropriations for Transportation Is Lawful. — See opinion of Attorney General to Mr. Thomas J. White, Chairman, Advisory Budget Commission, 40 N.C.A.G. 286 (1970).

§ 143-23.1: Repealed by Session Laws 1985, c. 290, s. 4.

§ 143-23.2. Transfers to Department of Health and Human Services.

(a) Political subdivisions may appropriate funds directly to the Department of Health and Human Services for Medicaid programs. Other public agencies and private sources may transfer funds to the Department for Medicaid programs. The Department may accept unconditional and unrestricted donations of such funds. Notwithstanding the provisions of this Article which might forbid such transfer or donation, the University of North Carolina Hospitals at Chapel Hill may transfer funds as provided by the previous sentence of this section.

(b) Contributed funds shall be subject to the Department of Health and Human Services administrative control and shall be allocated only as specifically provided in the current operations appropriations act, except such contributions shall not reduce State general revenue funding. At the end of any fiscal year, the unobligated balance of any such funds shall not revert to the General Fund, but shall be reappropriated for these purposes in the next fiscal year. (1987, c. 861, s. 1; 1989, c. 141, s. 18; c. 361; 1997-443, s. 11A.118(a); 1999-237, s. 11.10(b).)

Editor's Note. — Session Laws 2002-126, s. 10.19D, provides: "Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143-23.2, the sum of forty-three million seven hundred forty-seven thousand five hundred thirty-eight dollars ($43,747,538) for the 2002-2003 fiscal year shall be allocated as prescribed by G.S. 143-23.2(b) for Medicaid Programs. Notwithstanding the prescription in G.S. 143-23.2(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-284, s. 10.20, provides: "Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143-23.2, the sum of sixty-two million five hundred thousand dollars ($62,500,000) for the 2003-2004 fiscal year and the sum of sixty-two million five hundred thousand dollars ($62,500,000) for the 2004-2005 fiscal year shall be allocated as prescribed by G.S. 143-23.2(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143-23.2(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-23.3. Transfer of certain funds authorized.

In order to assure maximum utilization of funds in county departments of social services, county or district health agencies, and area mental health, developmental disabilities, and substance abuse services authorities, the Director of the Budget may transfer excess funds appropriated to a specific service, program, or fund, whether specified service in a block grant plan or General Fund appropriation, into another service, program, or fund for local services within the budget of the respective State agency. (2001-424, s. 21.11.)

§ 143-24. Borrowing of money by State Treasurer.

The Director of the Budget, by and with the consent of the Governor and Council of State, shall have authority to authorize and direct the State Treasurer to borrow in the name of the State, in anticipation of the collection of taxes, such sum or sums as may be necessary to make the payments on the appropriations as even as possible and to preserve the best interest of the State in the conduct of the various State institutions, departments, bureaus, and agencies during each fiscal year. (1929, c. 100, s. 25.)

§ 143-25. Maintenance appropriations dependent upon adequacy of revenues to support them.

(a) All maintenance appropriations now or hereafter made are hereby declared to be maximum, conditional and proportionate appropriations, the purpose being to make the appropriations payable in full in the amounts named herein if necessary and then only in the event the aggregate revenues collected and available during each fiscal year of the biennium for which such appropriations are made, are sufficient to pay all of the appropriations in full; otherwise, the said appropriations shall be deemed to be payable in such proportion as the total sum of all appropriations bears to the total amount of revenue available in each of said fiscal years. Except as provided in subsection (b) of this section, the Director of the Budget is given full power and authority to examine and survey the progress of the collection of the revenue out of which such appropriations are to be made, and to declare and determine the amounts that can be, during each quarter of each of the fiscal years of the biennium properly allocated to each respective appropriation. In making such examination and survey, the Director of the Budget shall receive estimates of the prospective collection of revenues from the Secretary of Revenue and every other revenue collecting agency of the State. The Director of the Budget may reduce all of said appropriations pro rata when necessary to prevent an overdraft or deficit to the fiscal period for which such appropriations are made. The Governor may also reduce all of said appropriations pursuant to Article III, Section 5(3) of the Constitution in accordance with subsection (b) of this section, after consulting with the Joint Legislative Commission on Governmental Operations under G.S. 120-76(8) if prior consultation is required by that section. The purpose and policy of this Article are to provide and insure that there shall be no overdraft or deficit in the general fund of the State at the end of the fiscal period, growing out of appropriations for maintenance and the Director of the Budget is directed and required to so administer this Article as to prevent any such overdraft or deficit. Prior to taking any action under this section to reduce appropriations pro rata, the Governor may consult with the Advisory Budget Commission.

(b) The General Assembly recognizes that it has required units of local government to adopt and maintain annual balanced budgets and take other steps to assure financially sound operations under the Local Government

Budget and Fiscal Control Act and other provisions of Chapter 159 of the General Statutes. Accordingly, the General Assembly finds that in order to satisfy those statutory requirements and provide adequate services to their citizens, units of local government must be able to rely on the funds and local revenue sources the General Assembly has provided.

It is the intent of the General Assembly that funds that have been collected by the State on behalf of local governments and funds that the General Assembly has appropriated or otherwise committed to local governments shall not be reduced except as provided in this section. In exercising the powers contained in Section 5(3) of Article III of the North Carolina Constitution, the Governor shall not withhold from distribution funds that have been collected by the State on behalf of local governments or funds that the General Assembly has appropriated or otherwise committed to local governments unless, after making adequate provision for the prompt payment of principal of and interest on bonds and notes of the State according to their terms, the Governor has exhausted all other sources of revenue of the State including surplus remaining in the treasury at the beginning of the fiscal period.

This subsection does not authorize the Governor to withhold revenues from taxes levied by units of local governments and collected by the State. The General Assembly recognizes that under Section 19 of Article I of the North Carolina Constitution and under the Due Process Clause of the United States Constitution, the State is prohibited from taking local tax revenue. (1929, c. 100, s. 26; 1955, c. 578, s. 7; 1973, c. 476, s. 193; 1981, c. 859, s. 47.1; 1983, c. 717, s. 58; 1985, c. 290, s. 5; 1985 (Reg. Sess., 1986), c. 955, ss. 73, 74; 1996, 2nd Ex. Sess., c. 18, s. 7.4(g); 2002-120, s. 7.)

Editor's Note. — Session Laws 2001-424, s. 18.1, provides: "If House Bill 232 of the 2001 General Assembly becomes law, the Department of Labor shall allocate the increased elevator and amusement device inspection fee receipts to support the Elevator and Amusement Device Bureau, and the Director of the Budget shall reduce appropriations to the Department as provided in G.S. 143-25." House Bill 232 is Session Laws 2001-427.

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2002-120, s. 9, contains a severability clause.

Session Laws 2002-126, s. 11.2(a), provides: "The Office of State Budget and Management shall, in accordance with G.S. 143-25, adjust its current method of budgeting receipt revenues within the Department of Agriculture and Consumer Services to more accurately reflect actual revenues."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2002-159, s. 65, effective October 11, 2002, provides: "It is the intent of the General Assembly that Sections 1 through 7 of S.L. 2002-120 shall be effective prospectively only and shall not apply to pending litigation or claims that accrued before the effective date of S.L. 2002-120. Nothing in Section 1 through 7 of S.L. 2002-120 shall be construed as a waiver of the sovereign immunity of the State or any other defenses as to any claim for damages, other recovery of funds, including attorneys' fees, or injunctive relief from the State by any unit of local government or political subdivision of the State."

Effect of Amendments. — Session Laws 2002-120, s. 7, effective September 24, 2002, rewrote the section.

§ 143-26. Director to have discretion as to manner of paying annual appropriations.

(a) Except as provided in subsection (b) of this section or as otherwise provided by State or federal law, it shall be discretionary with the Director of the Budget whether any annual appropriation shall be paid in monthly, quarterly or semiannual installments or in a single payment.

(b) Except as otherwise provided by State or federal law, an annual appropriation of one hundred thousand dollars ($100,000) or less to or for the use of a nonprofit corporation shall be paid in a single annual payment. An annual appropriation of more than one hundred thousand dollars ($100,000) to or for the use of a nonprofit corporation shall be paid in quarterly or monthly installments, in the discretion of the Director of the Budget. (1897, c. 368; Rev., s. 5372; C.S., s. 7683; 1925, c. 275, s. 9; 1929, c. 100, s. 27; 2001-424, s. 6.7; 2001-513, s. 1(b).)

§ 143-27. Appropriations to educational, charitable and correctional institutions are in addition to receipts by them.

All appropriations now or hereafter made to the educational institutions, and to the charitable and correctional institutions, and to such other departments and agencies of the State as receive moneys available for expenditure by them are declared to be in addition to such receipts of said institutions, departments or agencies, and are to be available as and to the extent that such receipts are insufficient to meet the costs anticipated in the budget authorized by the General Assembly, of maintenance of such institutions, departments, and agencies; Provided, however, that if the receipts, other than gifts and grants that are unanticipated and are for a specific purpose only, collected in a fiscal year by an institution, department, or agency exceed the receipts certified for it in General Fund Codes, Highway Fund Codes, or Wildlife Fund Codes, the Director of the Budget shall decrease the amount he allots to that institution, department, or agency from appropriations from that Fund by the amount of the excess, unless the Director of the Budget has consulted with the Joint Legislative Commission on Governmental Operations and unless the Director of the Budget finds that (i) the appropriations from that Fund are necessary to maintain the function that generated the receipts at the level anticipated in the certified Budget Codes for that Fund and (ii) the funds may be expended in accordance with G.S. 143-23. Notwithstanding the foregoing provisions of this section, receipts within The University of North Carolina realized in excess of budgeted levels shall be available, up to a maximum of ten percent (10%) above budgeted levels, for each Budget Code, in addition to appropriations, to support the operations generating such receipts, as approved by the Director of the Budget.

The Office of State Budget and Management shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office within 30 days after the end of each quarter on expenditures of receipts in excess of the amounts certified in General Fund Codes, Highway Fund Codes, or Wildlife Fund Codes, that did not result in a corresponding reduced allotment from appropriations from that Fund. (1929, c. 100, s. 28; 1981 (Reg. Sess., 1982), c. 1282, s. 66; 1983, c. 761, s. 14; 1985, c. 479, ss. 156, 157; 1989 (Reg. Sess., 1990), c. 936, s. 5(a); 1996, 2nd Ex. Sess., c. 18, s. 7.4(h)(1), (2); 1997-256, s. 11; 1997-347, s. 7; 1997-401, s. 7; 1997-418, s. 6; 1997-443, s. 7.8(d); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2003-283, s. 6; 2003-284, s. 6.2.)

Editor's Note. — Session Laws 1985, c. 479, s. 14, provides that G.S. 143-23(a1) and ss. 156 and 157 of c. 479, amending this section, do not apply to the General Assembly.

Session Laws 2003-283, s. 6, repealed the amendment to this section by Session Laws 2003-284, s. 6.2. The amendment would have been effective July 1, 2004, and therefore never went into effect.

Session Laws 2003-284, s. 6.2A(a), provides: "The Office of State Budget and Management, in consultation with the State Controller, shall conduct a review and evaluation of current practices relative to the following issues:

"(1) The proliferation of nonreverting funds and accounts.

"(2) The designation of selected funds as "off-budget".

"(3) The sources of authority, consistent with Article V, Section 7(1) of the Constitution, under which expenditures are being made from each special fund, trust fund, internal service fund, or enterprise fund.

"(4) The proper classification and management of funds as special funds, trust funds, internal service funds, or enterprise funds consistent with criteria adopted by the Governmental Accounting Standards Board.

"(5) Appropriate budget planning within special funds, trust funds, internal service funds, and enterprise funds, including, in particular, the accurate projection of receipts, expenditures, and fund balances and the presentation of that information for legislative review and appropriation action.

"(6) The administration of G.S. 143-27, which requires in part that the over collection of departmental receipts be accompanied by a corresponding reduction in the allotments to institutions, departments, and agencies."

Session Laws 2003-284, s. 6.2A(b), provides: "Where the review and evaluation reveals problems or other failures, the Office of State Budget and Management shall report its findings and recommendations to the Chairs of the Appropriations Committees of the Senate and House of Representatives as soon as practicable. In particular, the Office of State Budget and Management shall transmit to the General Assembly a list of special funds properly classified together with their estimated beginning balances, estimated receipts and expenditures, and estimated ending balances, and a list of funds currently classified as special funds for which the receipts are more appropriately reflected as offsets to total requirements in General Fund budget codes. The list of special funds properly classified should include funds currently classified as trust funds that are more appropriately classified as special funds."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

§ 143-27.1: Repealed by Session Laws 1979, 2nd Session, c. 1137, s. 43.

§ 143-27.2. Discontinued service retirement allowance and severance wages for certain State employees.

(a) When the Director of the Budget determines that the closing of a State institution or a reduction in force will accomplish economies in the State Budget, he shall pay either a discontinued service retirement allowance or severance wages to any affected State employee, provided reemployment is not available. As used in this section, "economies in the State Budget" means economies resulting from elimination of a job and its responsibilities or from a lack of funds to support the job. In determining whether to pay a discontinued service retirement allowance or severance wages, the Director of the Budget shall consider the recommendation of the department head involved and any recommendation of the State Personnel Director. Severance wages shall not be paid to an employee who chooses a discontinued service retirement. Severance wages shall not be subject to employer or employee retirement contributions. Severance wages shall be paid according to the policies adopted by the State Personnel Commission.

Notwithstanding any other provisions of the State's retirement laws, any employee of the State who is a member of the Teachers' and State Employees'

Retirement System or the Law-Enforcement Officers' Retirement System and who has his job involuntarily terminated as a result of economies in the State Budget may be entitled to a discontinued service retirement allowance, subject to the approval of the employing agency and the availability of agency funds. An unreduced discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 55 years of age; or a discontinued service retirement allowance, not otherwise allowed, may be approved for employees with 20 or more years of creditable retirement service who are at least 50 years of age, reduced by one-fourth of one percent (¼ of 1%) for each month that retirement precedes his fifty-fifth birthday. In cases where a discontinued service retirement allowance is approved, the employing agency shall make a lump sum payment to the Administrator of the State Retirement Systems equal to the actuarial present value of the additional liabilities imposed upon the System, to be determined by the System's consulting actuary, as a result of the discontinued service retirement, plus an administrative fee to be determined by the Administrator.

The salary used to determine severance wages under this section is the last annual salary except that if the employee was promoted within the previous 12 months, the last annual salary is that annual salary prior to the promotion. If the annual salary prior to the promotion is used, it shall be adjusted to account for any across-the-board legislative salary increases. Excluded from any calculation are any benefits such as, but not limited to, overtime pay, shift pay, holiday premium, or longevity pay.

(b) Any employee separated from State government and paid severance wages under this section shall not be employed under a contractual arrangement by any State agency, other than the constituent institutions of The University of North Carolina and the constituent institutions of the North Carolina Community College System, until 12 months have elapsed since the separation. This subsection does not affect any reduction in force rights that the employee may have. (1979, c. 838, s. 22; 1983, c. 761, s. 225; c. 923, s. 217(R); 1983 (Reg. Sess., 1984), c. 1034, s. 251; 1985 (Reg. Sess., 1986), c. 981, s. 1; c. 1024, s. 20; 1987, c. 177, s. 2; 1989 (Reg. Sess., 1990), c. 1066, s. 36(a); 1998-212, s. 28.28(a).)

CASE NOTES

Voluntary Resignation. — The Legislature has not authorized the expenditure of public funds in the nature of severance pay to public employees who voluntarily resign their position. Leete v. County of Warren, 341 N.C. 116, 459 S.E.2d 232 (1995).

Cited in Leete v. County of Warren, 341 N.C. 116, 462 S.E.2d 476 (1995).

OPINIONS OF ATTORNEY GENERAL

State Budget Officer Cannot Select Discontinued Service Retirement Allowance Unless Employing Agency Head Has Approved Payment. — The State Budget Officer cannot approve discontinued service retirement allowance when the agency head of the employing agency does not recommend (and approve) such an allowance, even if state funds are available and a state employee meets the age and length of service requirements set forth in this section. See opinion of Attorney General to Mr. David T. McCoy, State Budget Officer, 2001 N.C. AG LEXIS 30 (11/7/01).

§ 143-28. All State agencies under provisions of this Article.

It is the intent and purpose of this Article that every department, institution, bureau, division, board, commission, State agency, person, corporation, or undertaking, by whatsoever name now or hereafter called, that expends money appropriated by the General Assembly or money collected by or for such departments, institutions, bureaus, boards, commissions, persons, corporations, or agencies, under any general law of this State, shall be subject to and under the control of every provision of this Article. Any power expressed in this Article or necessarily implied from the language hereof or from the nature and character of the duties imposed, in addition to the powers and duties heretofore expressly conferred herein, shall be held and construed to be given hereby to the end that any and all duties herein imposed and made and all purposes herein expressed may be fully performed and completely accomplished, and to that end this Article shall be liberally construed. (1925, c. 89, s. 28; 1929, c. 100, s. 29; 1955, c. 578, s. 8; 1957, c. 269, s. 2; 1979, 2nd Sess., c. 1137, s. 37; 1981, c. 859, s. 47.1; 1985, c. 290, s. 6.)

Editor's Note. — Session Laws 2002-123, s. 5, effective September 26, 2002, provides: "The Department of Revenue may contract for supplies, materials, equipment, and contractual services related to the provision of notice, the creation of tax forms and instructions, and the development of computer software necessitated by the amendments in this act without begin subject to the requirements of Article 3 or Article 8 of Chapter 143 of the General Statutes."

CASE NOTES

OPINIONS OF ATTORNEY GENERAL

The Governor has authority to transfer money from the Wireless 911 Fund to avoid a budget deficit, although it is within his discretion as to whether to do so. See opinion of Attorney General to Mr. Charles B. Archer, Vice Chair, North Carolina Wireless 911 Board, 2001 N.C. AG LEXIS 39 (6/29/01).

Repeal of provisions of the Executive Budget Act by S.L. 1985-290, §§ 1, 2 and 6 was not intended by the General Assembly to also repeal, by implication, G.S. 147-68(e); therefore, the State Treasurer is authorized to carry out his responsibilities independent of any fiscal control exercised by the Director of the Budget or the Department of Administration, except as set forth in G.S. 143-25. See opinion of Attorney General to Ralph Campbell, Jr., State Auditor, 2002 N.C.A.G. 31 (12/12/02).

§ 143-28.1. Highway Fund appropriation.

Notwithstanding any other provisions of this Article, the appropriations made from the Highway Fund for highway construction and maintenance are subject to the following provisions.

(1) Cash Flow Funding for Highway Construction and Maintenance. — Highway maintenance and construction funds shall be budgeted, expended and accounted for on a "cash flow" basis. Pursuant to this end, highway maintenance and construction contracts shall be planned and limited so payments due at any time will not exceed the cash available to pay them.

(2) Appropriations are for Payments and Contract Commitments to be Made in the Appropriation Fiscal Year. — The appropriations provided for by the Appropriations Act for highway maintenance and

construction are for maximum payments estimated to be made during the appropriation fiscal year and for maximum contracting authority for future years. Highway maintenance and construction contracts shall be scheduled so that the total contract payments and other expenditures charged to projects in the fiscal year for each highway maintenance and construction appropriation item will not exceed the current appropriations provided by the General Assembly and unspent prior appropriations made by the General Assembly for the particular appropriation item.

(3) Payments Subject to Availability of Funds — Retainage Fully Funded — 5% Cash Balance Required. — The annual appropriations for highway maintenance and construction provided for by the Appropriations Act shall be expended only to the extent that sufficient funds are available in the Highway Fund. The Department of Transportation shall fully fund retainage from maintenance and construction contracts in the year in which the work is performed, and in addition shall maintain an available cash balance at the end of each month equal to at least five percent (5%) of the unpaid balance of the total maintenance and construction contract obligations. In the event this cash position is not maintained, no further construction and maintenance contract commitments shall be entered into until the cash balance has been regained. For the purposes of awarding contracts involving federal-aid, any amount due from the federal government and the Highway Bond Fund as a result of unreimbursed expenditures may be considered as cash for the purposes of this provision.

(4) Anticipation of Revenues. — In awarding State highway construction and maintenance contracts requiring payments beyond a biennium, the Director of the Budget may anticipate revenues as authorized and certified by the General Assembly, to continue contract payments for up to seventy-five percent (75%) of the revenues which are estimated for the first fiscal year of the succeeding biennium and which are not required for other budget items. Up to fifty percent (50%) of the revenues not required for other budget items may be anticipated for the second fiscal year of the succeeding biennium's contract payments. Up to forty percent (40%) of the revenues not required for other budget items may be anticipated for the first year of the second succeeding biennium and up to twenty percent (20%) of the revenues not required for other budget items may be anticipated for the second year of the second succeeding biennium.

(5) Amounts Obligated — Payments Subject to the Availability of Funds — Termination of Contracts. — Highway maintenance and construction appropriations may be obligated in the amount of allotments made to the Department of Transportation by the Office of State Budget and Management for the estimated payments for maintenance and construction contract work to be performed in the appropriation fiscal year. The allotments shall be multi-year allotments and shall be based on estimated revenues and shall be subject to the maximum contract authority contained in subdivision (2) above. Payment for highway maintenance and construction work performed pursuant to contract in any fiscal year other than the current fiscal year will be subject to appropriations by the General Assembly. Highway maintenance and construction contracts shall contain a schedule of estimated completion progress and any acceleration of this progress shall be subject to the approval of the Department of Transportation provided funds are available. The State reserves the right to terminate or suspend any highway maintenance or construc-

tion contract and any highway maintenance or construction contract shall be so terminated or suspended if funds will not be available for payment of the work to be performed during that fiscal year pursuant to the contract. In the event of termination of any contract, the contractor shall be given a written notice of termination at least 60 days before completion of scheduled work for which funds are available. In the event of termination, the contractor shall be paid for the work already performed in accordance with the contract specifications.

(6) Provision Incorporated in Contracts. — The provisions of subdivision (5) of this section shall be incorporated verbatim in all highway construction and maintenance contracts.

(7) Existing Contracts Are Not Affected. — The provisions of this section shall not apply to highway construction and maintenance contracts awarded by the Department of Transportation prior to July 15, 1980. (1979, 2nd Sess., c. 1137, s. 62; 1981, c. 859, s. 9; 1996, 2nd Ex. Sess., c. 18, s. 19.4(b); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

CASE NOTES

Constitutionality. — This section does not violate N.C. Const., Art. V, § 3. Boneno v. State, 54 N.C. App. 690, 284 S.E.2d 170 (1981).

Authorization by this section of Department of Transportation construction and maintenance contracts using "cash flow" financing does not violate the prohibition of N.C. Const., Art. III, § 5(3) against incurring a deficit; only actual expenditures in excess of receipts would violate the provision. Boneno v. State, 54 N.C. App. 690, 284 S.E.2d 170 (1981).

§ 143-29. Delegation of power by Director.

Any power or duty herein conferred on the Governor as Director may be exercised and performed by such person or persons as may be designated or appointed by him from time to time in writing. (1925, c. 89, s. 29; 1929, c. 100, s. 30.)

§ 143-30. Budget of State institutions.

The several institutions of the State, boards, departments, commissions, agencies, persons or corporations, included with the terms hereof to which appropriations are made now or hereafter for permanent improvements or for maintenance, shall, before any of such appropriations, whether for permanent improvements or for maintenance, are available or paid to them or any one of them, budget their requirements and present the same to the Director of the Budget on or before the first day of June of each odd-numbered year hereafter. There shall be a separate budget presented for permanent improvements and for maintenance. Each of said budgets shall contain the requirements of said institutions, boards, commissions, and agencies, persons and corporations, and undertakings, as hereinbefore defined, for the succeeding two years. Each institution, board, department, commission, agency, person or corporation, in the preparation of such budget, shall follow as nearly as may be the itemized recommendations of the Director of the Budget and Advisory Budget Commission and/or as amended by the General Assembly. The forms, except when modified and changed by authority of the Director of the Budget, shall be the forms used in presenting the requests. The function of the Advisory Budget Commission under this section applies only if the Director of the Budget consults with the Commission in preparation of the budget. (1925, c. 230, s. 2; 1929, c. 100, s. 32; 1985 (Reg. Sess., 1986), c. 955, s. 75.)

CASE NOTES

Purpose of these statutory provisions is to guard against improvident, extravagant or unauthorized expenditure of State funds in the construction of a building by any commission or agency of the State. Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

§ 143-31. Building and permanent improvement funds spent in accordance with budget.

All buildings and other permanent improvements, which shall be erected and/or constructed, shall be erected and/or constructed, and carried on and the money spent therefor in strict accordance with the budget requests of such institution, board, commission, agency, person, or corporation filed with the Director of the Budget. The expenditure of appropriations for maintenance shall be in strict accordance with the budget recommendations for such institution, board, commission, agency, person or corporation and/or as amended or changed by the General Assembly. It shall be the duty of the Director of the Budget to see that all money appropriated for either permanent improvements or maintenance shall be expended in strict accordance with the budget recommendations and/or as amended by the General Assembly, for each department, institution, board, commission, agency, person or corporation. If the Director of the Budget shall ascertain that any department, institution, board, commission, agency, person or corporation has used any of the moneys appropriated to it for any purpose other than that for which it was appropriated and budgeted, as herein required, and not in strict accordance with the terms of this Article, the Director of the Budget shall have the power and he is hereby authorized to notify such institution, board, commission, agency, person or corporation that no further sums from any appropriation made to it will be available to such department, institution, board, commission, agency, person or corporation until and after the persons responsible for the diversion of the said funds shall have replaced the same, and the Director of the Budget shall have the power and he is hereby authorized to notify the State Controller not to approve or issue any further warrants for such department, institution, board, commission, agency, person or corporation for any unexpended appropriation and the State Controller is hereby prohibited from approving or issuing any further warrants for such department, institution, board, commission, agency, person or corporation until he shall have been otherwise directed by the Director of the Budget. (1925, c. 230, s. 3; 1929, c. 100, s. 33; 1961, c. 1181, s. 3; 1985 (Reg. Sess., 1986), c. 1024, s. 21.)

CASE NOTES

Purpose of these statutory provisions is to guard against improvident, extravagant or unauthorized expenditure of State funds in the construction of a building by any commission or agency of the State. Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

§ 143-31.1. Study and review of plans and specifications for building, improvement, etc., projects.

It shall be the duty and responsibility of the Director of the Budget to determine whether buildings, repairs, alterations, additions or improvements to physical properties for which appropriations of State funds are made have been designed for the specific purpose for which such appropriations are made, that such projects have been designed giving proper consideration to economy in first cost, in maintenance cost, in materials and type of construction. Architectural features shall be selected which give proper consideration to

economy in design. The Director of the Budget shall have prepared a complete study and review of all plans and specifications for such projects and bids on same will not be received until the results of such study and review have been incorporated in such plans and specifications, and until economic conditions of the construction industry are considered by the Office of State Budget and Management to be favorable to the letting of construction contracts. The Director of the Budget may, when he considers it in the best interest of the State to do so, terminate design contracts when it is documented that the designer has failed to perform the conditions enumerated in the contract.

Notwithstanding G.S. 143-135, the Director of the Budget may authorize the Department of Health and Human Services and the Department of Correction to use funds necessary for projects that correct deficiencies, improve living conditions, or renovate unneeded patient space for State office space. (1953, c. 1090; 1963, c. 423; 1975, c. 879, s. 46; 1979, 2nd Sess., c. 1137, s. 37; 1981, c. 860, s. 12; 1983 (Reg. Sess., 1984), c. 1116, s. 95; 1997-443, s. 11A.118(a); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

CASE NOTES

Cited in Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

§ 143-31.2. Appropriation, allotment, and expenditure of funds for historic and archeological property.

The Department of Cultural Resources may not expend any State funds for the acquisition, preservation, restoration, or operation of historic or archeological real and personal property, and the Director of the Budget may not allot any appropriations to the Department of Cultural Resources for a particular historic site until (i) the property or properties shall have been approved for such purpose by the Department of Cultural Resources according to criteria adopted by the North Carolina Historical Commission, (ii) the report and recommendation of the North Carolina Historical Commission has been received and considered by the Department of Cultural Resources, and (iii) the Department of Cultural Resources has found that there is a feasible and practical method of providing funds for the acquisition, restoration and/or operation of such property. (1963, c. 210, s. 3; 1973, c. 476, s. 48; 1985 (Reg. Sess; 1986), c. 1014, s. 171(e).)

CASE NOTES

Cited in Lewis v. White, 287 N.C. 625, 216 S.E.2d 134 (1975).

§ 143-31.3. Grants to nonstate health and welfare agencies.

Nonstate health and welfare agencies shall submit their appropriation requests for grants-in-aid through the Secretary of the Department of Health and Human Services for recommendations to the Director of the Budget and the Advisory Budget Commission and the General Assembly, and agencies receiving these grants, at the request of the Secretary of the Department of Health and Human Services, shall provide a postaudit of their operations that has been done by a certified public accountant. The function of the Advisory Budget Commission under this section applies only if the Director of the

Budget consults with the Commission in preparation of the budget. (1979, c. 838, s. 35; 1985 (Reg. Sess., 1986), c. 955, s. 76; 1997-443, s. 11A.118(a).)

§ 143-31.4. Non-State match restrictions.

Whenever money is required to match an appropriation made for a specific purpose by the State of North Carolina, the recipient of the appropriation shall actually receive as a gift, grant, earnings in actual money, or a pledge that can be used as collateral in any prudent loan transaction, the matching amount required. The recipient shall retain the matching amount received in its possession until spent for that purpose and shall spend an equal percentage of the appropriation and of the matching amount each time an expenditure is made, unless the individual appropriation requires otherwise. (1985, c. 479, s. 155.)

Cross References. — For provision that notwithstanding this section, appropriations by the State for capital or permanent improvements for community colleges and technical institutes may be matched with any prior expenditure of non-State funds for capital construction or land acquisition not already used for matching purposes, see G.S. 115D-31(a)(1).

Editor's Note. — Session Laws 2000-67, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2000.'"

Session Laws 1999-237, s. 17.3, as amended by Session Laws 2000-67, s. 15(a), provides that all community mediation centers currently receiving State funds shall report annually to the Mediation Network of North Carolina on the program's funding and activities. This information shall be summarized by the Mediation Network and provided to the Chairs of the House and Senate Appropriations Committees and Subcommittees on Justice and Public Safety by February 1 of each year. Each community mediation center receiving State funds is to document that a specified graduated percentage of funding is coming from non-State sources. The provisions of G.S. 143-31.4 do not apply to community mediation centers receiving State funds.

Session Laws 2000-67, s. 28.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2000-2001 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2000-2001 fiscal year."

Session Laws 2000-67, s. 28.4, contains a severability clause.

§ 143-31.5. Repayment of certain unexpended and unencumbered sums; reports.

(a) Whenever funds have been appropriated by an act ratified before January 1, 1985, directly by the provisions of that act to a specific non-state agency, but those funds are not expended or encumbered by that agency by June 30, 1988, the agency shall no later than July 31, 1988, repay to the State all sums not so expended or encumbered. For the purposes of this section, agency includes any corporation, association, board, commission, city, county, local school administrative unit or board of education, or local commission, but does not include a community college.

(b) Any such agency so appropriated funds for fiscal year 1980-81, 1981-82, 1982-83, 1983-84 or 1984-85 shall report to the State Budget Office no later than December 31, 1986, the amount of any such funds not yet expended or encumbered. The State Budget Office shall monthly transmit a copy of such reports to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division. (1985 (Reg. Sess., 1986), c. 1014, s. 180; 1987, c. 564, s. 26; c. 722.)

§ 143-32. Person expending an appropriation wrongfully.

(a) Any trustee, director, manager, building committee or other officer or person connected with any institution, or other State agency as herein defined,

to which an appropriation is made, who shall expend any appropriation for any purpose other than that for which the money was appropriated and budgeted or who shall consent thereto, shall be liable to the State of North Carolina for such sum so spent and the sum so spent, together with interest and costs, shall be recoverable in an action to be instituted by the Attorney General for the use of the State of North Carolina, which action may be instituted in the Superior Court of Wake County, or any other county, subject to the power of the court to remove such action for trial to any other county, as provided in G.S. 1-83, subdivision (2). Notwithstanding the provisions of Chapters 120, 128, 135, and 143 of the General Statutes, the board of trustees of the State administered retirement system may not pay any retirement benefits or allowances, except for withdrawn contributions, to any person found liable pursuant to this subsection until the person has paid to the State the sum required by this subsection, together with interest and costs. The Attorney General shall notify the retirement system of any member's outstanding liability under this subsection and shall also notify the retirement system when this liability has been removed.

(b) Any member or members of any board of trustees, board of directors, or other controlling body governing any of the institutions of the State, or any officer, employee of, or person holding any position with any of the institutions of the State, or other State agency as herein defined, who willfully acts to divert, use, or expend any funds appropriated for the use of said institution or agency, in a manner designed to circumvent the provisions of this section, including normal reversions of State funds, by failing to properly receive or deposit funds, or by the improper expenditure or transfer of funds for any purpose other than that for which the funds were appropriated and budgeted, shall be guilty of a Class 1 misdemeanor. All offenses against this section shall be held to have been committed in the County of Wake and shall be tried and disposed of in the General Court of Justice for Wake County. If such offender be not an officer elected by vote of the people, conviction of such offense shall be sufficient cause for removal from office or dismissal from employment by the Governor upon 30 days' notice in writing to such offender. (1925, c. 230, s. 4; 1929, c. 100, s. 34; 1977, c. 930; 1985, c. 479, s. 195; 1993, c. 539, s. 1002; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

This section provided an explicit and exclusive remedy for the recovery of damages alleged to have occurred as a result of the alleged misuse of State aircraft by defendant Governor. Flaherty v. Hunt, 82 N.C. App. 112, 345 S.E.2d 426, cert. denied, 318 N.C. 505, 349 S.E.2d 859 (1986).

An action by citizens and taxpayers to recover monetary damages from a State officer For misuse of State property while in office is not recognized and may not be maintained. Flaherty v. Hunt, 82 N.C. App. 112, 345 S.E.2d 426, cert. denied, 318 N.C. 505, 349 S.E.2d 859 (1986).

An Action by Citizens and Taxpayers to Recover Monetary Damages from a State Officer. — For misuse of State property while in office is not recognized and may not be maintained; individual taxpayers had no standing to bring an action to recover for the alleged misuse of state property. Whitmire v. Cooper, 153 N.C. App. 730, 570 S.E.2d 908, 2002 N.C. App. LEXIS 1250 (2002).

Cited in Bardolph v. Arnold, 112 N.C. App. 190, 435 S.E.2d 109 (1993).

§ 143-33. Intent.

It is an intent and purpose of this Article that all departments, institutions, boards, commissions, agencies, persons or corporations to which appropriations for permanent improvements and/or maintenance are made, shall submit to the Director of the Budget their requests for the payment of such appropriations in the form of a budget, following the recommendations made by the Director of the Budget and the Advisory Budget Commission and/or as amended by the General Assembly. The function of the Advisory Budget Commission under this section applies only if the Director of the Budget consults with the Commission in preparation of the budget. (1925, c. 230, s. 5; 1929, c. 100, s. 35; 1985 (Reg. Sess., 1986), c. 955, s. 77.)

§ 143-34. Penalties and punishment for violations.

A refusal to perform any of the requirements of this Article, and the refusal to perform any rule or requirement or request of the Director of the Budget made pursuant to, or under authority of, the Executive Budget Act, shall subject the offender to penalty of two hundred fifty dollars ($250.00), to be recovered in an action instituted either in Wake County Superior Court, or any other county, by the Attorney General for the use of the State of North Carolina, and shall also constitute a Class 1 misdemeanor. If such offender be not an officer elected by vote of the people, such offense shall be sufficient cause for removal from office or dismissal from employment by the Governor upon 30 days' notice in writing to such offender. (1929, c. 100, s. 36; 1993, c. 539, s. 1003; 1994, Ex. Sess., c. 14, s. 61; c. 24, s. 14(c).)

§ 143-34.1. Positions included in the State's payroll must be approved by the Director of Budget; payment of benefits and other salary-related items must be made from same source as salary; dependent care assistance program authorized; flexible compensation benefits authorized.

(a) Before a department, institution, or other agency of State government establishes a new position or changes the funding of an existing position, the agency must submit the proposed action to the Director for approval. The Director shall review the proposed action to ensure that it is within the amount appropriated to the agency. If the Director approves the action, the Director shall notify the agency and the State Controller of the approval. The State Controller may not honor a voucher in payment of a payroll that includes a new position or a change in an existing position that has not been approved by the Director.

(a1) A department, institution, or other agency of State government may establish new receipt-supported positions only after prior consultation with the Joint Legislative Commission on Governmental Operations. This subsection shall not apply to work-order funded positions in the Department of Transportation that are created for the purpose of highway construction, to positions at The University of North Carolina or its constituent institutions, or to positions established by the Governor to expand the State's capabilities in dealing with the threat of terrorism in the event of an emergency or other exigent circumstances.

(b) Required employer salary-related contributions for retirement benefits, death benefits, disability salary continuation and Social Security for employees

whose salaries are paid from general fund or highway fund revenues, or from department, office, institutional or agency receipts, or from nonstate funds, shall be paid from the same source as the source of the employees' salaries. In those instances in which an employee's salary is paid in part from the general fund, or the highway fund, and in part from the department, office, institutional or agency receipts, or from nonstate funds, the required salary-related contributions shall be paid from the general fund, or the highway fund, only to the extent of the proportionate part paid from the general fund, or highway fund, in support of the salary of such employee, and the remainder of the employer's contribution requirements shall be paid from the same source which supplies the remainder of such employee's salary. The requirements of this section as to the source of payment are also applicable to payments on behalf of the employee for hospital-medical insurance, longevity payments, salary increments, and legislative salary increases. The State Controller shall approve the method of payment by State departments, offices, institutions and agencies for employer salary-related requirements of this section, and determine the applicability of the section to an employer's salary-related contribution or payment in behalf of an employee.

(c) The Director of the Budget is authorized to provide eligible officers and employees of State departments, institutions, and agencies not covered by the provisions of G.S. 116-17.2 a program of dependent care assistance as available under Section 129 and related sections of the Internal Revenue Code of 1986, as amended. The Director of the Budget may authorize State departments, institutions, and agencies to enter into annual agreements with employees who elect to participate in the program to provide for a reduction in salary. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the Director decide to contract with a third party to administer the terms and conditions of a program of dependent care assistance, he may select a contractor only upon a thorough and completely competitive procurement process.

(d) Notwithstanding any other provisions of law relating to the salaries of officers and employees of departments, institutions, and agencies of State government, the Director of the Budget is authorized to provide a plan of flexible compensation to eligible officers and employees of State departments, institutions, and agencies not covered by the provisions of G.S. 116-17.2 for benefits available under Section 125 and related sections of the Internal Revenue Code of 1986 as amended. This plan shall not include those benefits provided to employees and officers under Article 1A of Chapter 120 of the General Statutes and Articles 1, 3, 4, and 6 of Chapter 135 of the General Statutes nor any vacation leave, sick leave, or any other leave that may be carried forward from year to year by employees as a form of deferred compensation. In providing a plan of flexible compensation, the Director of the Budget may authorize State departments, institutions, and agencies to enter into agreements with their employees for reductions in the salaries of employees electing to participate in the plan of flexible compensation provided by this section. With the approval of the Director of the Budget, savings in the employer's share of contributions under the Federal Insurance Contributions Act on account of the reduction in salary may be used to pay some or all of the administrative expenses of the program. Should the Director of the Budget decide to contract with a third party to administer the terms and conditions of a plan of flexible compensation as provided by this section, it may select such a contractor only upon a thorough and completely advertised competitive procurement process. (1949, c. 718, s. 5; 1957, c. 269, s. 2; 1961, c. 1181, s. 4; 1979, 2nd Sess., c. 1137, s. 44; 1983 (Reg. Sess., 1984), c. 1034, s. 162; 1985

(Reg. Sess., 1986), c. 1024, ss. 22, 23; 1989, c. 458, s. 4; 1989 (Reg. Sess., 1990), c. 1059, s. 4; 1991, c. 542, s. 7; 1991 (Reg. Sess., 1992), c. 1044, ss. 14(a), (e), (i); 1993, c. 561, s. 42; 1993 (Reg. Sess., 1994), c. 769, s. 7.28A; 1997-443, s. 33.20(a); 1999-237, s. 28.27(a); 2001-424, s. 32.19A(a); 2001-470, s. 4.)

OPINIONS OF ATTORNEY GENERAL

Voluntary Indemnity Plan. — The statutes that govern the Teachers' and State Employees' Comprehensive Major Medical Plan and the Statewide Flexible Benefits Program permit the Statewide Flexible Benefits Program to offer a voluntary indemnity plan that provides hospital confinement, short-stay, rehabilitation unit, surgical, heart attack, stroke, coma, paralysis, ambulance, and wellness benefits. See opinion of Attorney General to Mr. Carl Goodwin, Director, Risk Control Services, Office of State Personnel, 2001 N.C. AG LEXIS 40 (10/3/01).

Cafeteria Plan. — The University of North Carolina, or some of its campuses, may not offer a cafeteria plan which allows pre-tax premiums for dependent health coverage as such competition would impair the object of the statute, which was to establish a single statewide plan that did not compete with existing benefits. See opinion of Attorney General to Leslie Winner, Vice President and General Counsel, University of North Carolina, 2002 N.C. AG LEXIS 15 (3/26/02).

§ 143-34.2. Information as to requests for nonstate funds for projects imposing obligation on State; statement of participation in contracts, etc., for nonstate funds; limiting clause required in certain contracts or grants.

All State agencies, funds, or state-supported institutions shall submit to the Office of State Budget and Management, as of the original date thereof, copies of all applications and requests for nonstate funds, (including federal funds), to be used for any purpose to which this section is applicable. This section shall be applicable to all projects and programs which do or may impose upon the State of North Carolina any substantial financial obligation at the time of or subsequent to the acceptance of any funds received upon any such application or request. Every State agency, fund or state-supported institution seeking nonstate funds for any such project or program shall furnish to the Office of State Budget and Management and the Advisory Budget Commission with each such copy of application or request, a statement of the purposes for which any such project or program is desired or advocated, the source and amount of funds to be granted or provided therefor, and a statement of the conditions, if any, upon which such funds are to be provided. Prior to approval of any such project or program, the Office of State Budget and Management shall furnish to the Fiscal Research Division of the General Assembly a list of the projects or purposes and the current and future financial impact of those projects or purposes.

It shall be required of all State agencies, funds, or state-supported institutions, commissions or regional planning and development bodies to submit to the Office of State Budget and Management a statement of participation in any contract, agreement, plan or request for nonstate funds (including federal funds).

Any contract or grant entered into by a State board, commission, agency, department or institution for the operation of a new program by such State board, commission, agency, department or institution or for the enrichment of an ongoing program of such State board, commission, agency, department or institution shall include a limiting clause which specifically states that continuation of the contract or grant program with State appropriations

beyond the current State fiscal year is subject to State funds being appropriated by the General Assembly specifically for that program.

The function of the Advisory Budget Commission under this section applies only if the Director of the Budget consults with the Commission in preparation of the budget. (1965, c. 1181; 1969, c. 1210; 1977, c. 802, s. 15.25; 1979, 2nd Sess., c. 1137, ss. 37, 45; 1985 (Reg. Sess., 1986), c. 955, s. 78; 1997-443, s. 7(c); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-34.3: Repealed by Session Laws 1977, c. 802, s. 15.20.

§ 143-34.4: Recodified as G.S. 120-36.6 by Session Laws 1983 (Regular Session 1984), c. 1034, s. 177.1.

§ 143-34.5: Repealed by Session Laws 1985, c. 479, s. 160.

Cross References. — For provision that no transfers may be made between line items in the budget of any department, etc., but that with the approval of the Director of Budget, a department, etc., may spend more than was appropriated for a line item under certain circumstances, see G.S. 143-23(a1).

§ 143-34.6. Deposit of payroll deductions.

Employer and employee salary-related contributions and deductions for employees whose salaries were paid from the general fund, Highway Fund, agency receipts, or any combination thereof shall not be withdrawn or transferred except to an account whose cash balance earns interest for the general fund or Highway Fund, as provided in G.S. 147-69.1, until payment is made directly to the ultimate agency or party to whom they are due. (1983, c. 761, s. 27.)

§ 143-34.7. Participation by Legislative Officers.

The Speaker and Speaker Pro Tempore of the House of Representatives and the President Pro Tempore and Majority Leader of the Senate may attend all meetings of the Advisory Budget Commission. (1983 (Reg. Sess., 1984), c. 1034, s. 163.)

§§ 143-34.8, 143-34.9: Reserved for future codification purposes.

Article 1A.

Periodic Review of Certain State Agencies.

§ 143-34.10: Repealed by Session Laws 1981, c. 932, s. 1.

Editor's Note. — This Article, previously numbered Article 1.1, was renumbered as Article 1A pursuant to S.L. 1997-456, s. 27 which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

§ 143-34.11. Certain General Statutes provisions repealed effective July 1, 1979.

The following statutes are repealed effective July 1, 1979, (except for purposes of the winding-up period, as provided by section 5 of this act):

Chapter 87, Article 3, entitled "Tile Contractors."

Chapter 87, Article 6, entitled "Water Well Contractors."

Chapter 66, Article 9A, entitled "Private Detectives."

Chapter 93C, entitled "Watchmakers."

Chapter 74, Article 6, entitled "Mining Registration." (1977, c. 712, s. 2; 1979, c. 616, s. 9; c. 629; c. 712, s. 6; c. 713, s. 9; c. 736, s. 1; c. 740, s. 1; c. 744, ss. 1-3; c. 750, s. 1; c. 780, s. 3; c. 819, s. 7; c. 834, s. 13; c. 871, s. 2; c. 872, s. 6; c. 904, s. 15.)

§§ 143-34.12 through 143-34.21: Repealed by Session Laws 1981, c. 932, s. 1.

§§ 143-34.22 through 143-34.24: Reserved for future codification purposes.

Article 1.2.

Legislative Committee on Agency Review.

§§ 143-34.25 through 143-34.27: Expired.

Editor's Note. — This Article has expired pursuant to G.S. 143-34.25(d), which provided that the Committee would terminate and the authority granted by the Article would expire on June 30, 1983.

§§ 143-34.28 through 143-34.39: Reserved for future codification purposes.

Article 1B.

Capital Improvement Planning Act.

§ 143-34.40. Definitions.

The following definitions apply in this Article:

(1) Capital improvement. — The term includes land acquisition, new construction, or rehabilitation of existing facilities, and repairs and renovations.

(2) State agency. — The term includes the Board of Governors of The University of North Carolina. (1997-443, s. 34.9.)

Editor's Note. — This article, enacted as Article 1A by S.L. 1997-443, s. 34.9, was redesignated as Article 1B, and the sections in the article enacted as G.S. 143-34.8 to 143-34.8E were redesignated as G.S. 143-34.40 to 143.34.45 at the direction of the Revisor of Statutes.

§ 143-34.41. Legislative intent; purpose.

(a) The General Assembly recognizes the need to establish a comprehensive process for capital improvement planning that is fully integrated with State financial planning and debt management.

(b) The capital improvement planning and budgeting process shall include the following elements:

(1) An inventory of facilities owned by State agencies.
(2) Criteria used to evaluate capital improvement needs.
(3) A six-year capital improvement needs inventory.
(4) A six-year capital improvement plan.

(c) The Office of State Budget and Management has responsibility for management of the capital improvement planning process. The Director of the Budget may assign to any State agency or institution such duties and responsibilities as may in the Director's judgment be necessary to the successful administration of the capital improvement planning process. (1997-443, s. 34.9; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-34.42. Capital improvement facilities inventory.

The Department of Administration shall develop and maintain an automated inventory of all facilities owned by State agencies pursuant to G.S. 143-341(4). The inventory shall include the location, occupying agency, ownership, size, description, condition assessment, maintenance record, parking and employee facilities, and other information to determine maintenance needs and prepare life-cycle cost evaluations of each facility listed in the inventory. The Department of Administration shall update and publish the inventory at least once every three years. The Department shall also record in the inventory acquisitions of new facilities and significant changes in existing facilities as they occur. (1997-443, s. 34.9.)

§ 143-34.43. Capital improvement needs criteria.

The Office of State Budget and Management shall develop a weighted list of factors that may be used to evaluate the need for capital improvement projects. The list shall include all of the following:

(1) Preservation of existing facilities.
(2) Health and safety considerations.
(3) Operational efficiencies.
(4) Increased demand for governmental services. (1997-443, s. 34.9; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-34.44. Agency capital improvement needs estimates.

(a) On or before September 1 of each even-numbered year, each State agency shall submit to the Office of State Budget and Management and to the Division of Fiscal Research a six-year capital improvement needs estimate. This estimate shall describe the agency's anticipated capital needs for each year of the six-year planning period. Capital improvement needs estimates shall be shown in two parts.

(b) The first part of the capital improvement needs estimates shall include only requirements for repairs and renovations necessary to maintain the existing use of existing facilities. Each proposed repair and renovation expenditure shall be justified by reference to the Facilities Condition Assessment Program operated by the Office of State Construction.

(c) The second part of the capital improvement needs estimates shall include only proposals for land acquisition and projects involving either

construction of new facilities or rehabilitation of existing facilities to accommodate uses for which the existing facilities were not originally designed. Each project included in this part shall be justified by reference to the needs evaluation criteria established by the Office of State Budget and Management pursuant to G.S. 143-34.43. (1997-443, s. 34.9; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b).)

§ 143-34.45. Six-year capital improvement plan.

(a) The State capital improvement plan shall address the long-term capital improvement needs of all State government agencies and shall incorporate all capital projects, however financed, proposed to meet those needs, except that transportation infrastructure projects shall be excluded. On or before December 31 of each even-numbered year, the Director of the Budget shall prepare and transmit to the General Assembly a six-year capital improvement plan. When preparing the plan, the Director of the Budget shall consider the capital improvement needs estimates submitted by State agencies as required in G.S. 143-34.44. The plan shall be prepared in two parts.

(b) The first part of the capital improvement plan shall set forth repair and renovations requirements that, in the judgment of the Director of the Budget, must be met to protect and preserve existing capital improvement facilities. General Fund expenditure levels anticipated in this part of the plan shall be consistent with the formula establishing the repair and renovation reserve in G.S. 143-15.3A.

(c) The second part of the capital improvement plan shall set forth an integrated schedule for land acquisition, new construction, or rehabilitation of existing facilities that, in the judgment of the Director of the Budget, should be initiated within each year of the six-year planning period. The plan shall contain an estimated schedule for each project, along with estimates of planning, design, and construction cost. (1997-443, s. 34.9.)

Article 2.

State Personnel Department.

§§ 143-35 through 143-47: Repealed by Session Laws 1965, c. 640, s. 1.

Cross References. — For present provisions as to the State Personnel System, see G.S. 126-1 through 126-12.

Article 2A.

Incentive Award Program for State Employees.

§§ 143-47.1 through 143-47.5: Repealed by Session Laws 1965, c. 640, s. 1.

Cross References. — For present provisions as to the State Personnel System, see G.S. 126-1 through 126-12.

Article 2B.

Notice of Appointments to Public Offices.

§ 143-47.6. Definitions.

As used in this Article, unless the context clearly requires otherwise:

(1) "Appointing authority" means the Governor, Chief Justice of the Supreme Court, Lieutenant Governor, Speaker of the House, President pro tempore of the Senate, members of the Council of State, all heads of the executive departments of State government, the Board of Governors of The University of North Carolina, and any other person or group authorized by law to appoint to a public office.

(2) "Public office" means appointive membership on any State commission, council, committee, board, including occupational licensing boards as defined in G.S. 93B-1, board of trustees, including boards of constituent institutions of The University of North Carolina and boards of community colleges operated pursuant to Chapter 115D of the General Statutes, and any other State agency created by law, where the appointee is entitled to draw subsistence, per diem compensation, or travel allowances, in whole or in part from funds deposited with the State Treasurer or any other funds subject to being audited by the State Auditor, by reason of his service in the public office; provided that "public office" does not include an office for which a regular salary is paid to the holder as an employee of the State or of one of its departments, agencies, or institutions. (1979, c. 477, s. 1; 1987, c. 564, s. 27.)

§ 143-47.7. Notice and record of appointment required.

(a) Within 30 days after acceptance of appointment by a person appointed to public office, the appointing authority shall file written notice of the appointment with the Governor, the Secretary of State, the Legislative Library, the State Library, and the State Controller. For the purposes of this section, a copy of the letter from the appointing authority, a copy of the properly executed notice of appointment as set forth in subsection (c) of this section, or a copy of the properly executed Commission of Appointment shall be sufficient to be filed if the copy contains the information required in subsection (b) of this section.

(b) The notice required by this Article shall contain the following information:

(1) The name and office of the appointing authority;
(2) The public office to which the appointment is made;
(3) The name and address of the appointee;
(4) The county of residence of the appointee;
(5) The citation to the law or other authority authorizing the appointment;
(6) The specific statutory qualification for the public office to which the appointment is made, if applicable;
(7) The name of the person the appointee replaces, if applicable;
(8) The date the term of the appointment begins; and
(9) The date the term of the appointment ends.

(c) The following form may be used to comply with the requirements of this section:

"NOTICE OF APPOINTMENT

Notice is given that _____ is hereby appointed to the following
Name

public office:

Public Office: _____
Citation to Law or Other Authority Authorizing the Appointment:
_____
Specific Statutory Qualification for the Public Office, if Applicable:
_____
Address of the Appointee: _____
_____
_____
County of Residence of the Appointee: _____
Date Term of Appointment Begins: _____
Date Term of Appointment Ends: _____
Name of Person the Appointee Replaces, if applicable:
_____
_____ _____
Date of Appointment Signature
_____
Office of Appointing Authority

Distribution:
Governor
Secretary of State
Legislative Library
State Library
State Controller" (1979, c. 477, s. 1; 1991, c. 542, s. 8; 2003-374, s. 2.)

Effect of Amendments. — Session Laws 2003-374, s. 2, effective August 31, 2003, and applicable only to appointments made after that date, rewrote the section.

§ 143-47.8: Repealed by Session Laws 2003-374, s. 3, effective August 31, 2003.

§ 143-47.9. Subsistence, per diem compensation, and travel allowances conditioned on filing of notice.

No person who has been appointed to any public office and has accepted that appointment shall be entitled to receive subsistence, per diem compensation, or travel allowances unless and until compliance is made with the provisions of G.S. 143-47.7. (1979, c. 477, s. 1.)

§§ 143-47.10 through 143-47.14: Reserved for future codification purposes.

Article 2C.

Limit on Number of State Employees.

§§ 143-47.15 through 143-47.20: Repealed by Session Laws 1989, c. 752, s. 45.

Editor's Note. — Former G.S. 143-47.16 through 143-47.20 had been reserved for future codification purposes.

Article 2D.

North Carolina Board for Need-Based Student Loans.

§§ 143-47.21 through 143-47.24: Repealed by Session Laws 1987, c. 738, s. 41(c).

Editor's Note. — Session Laws 1987, c. 738, s. 41(b) provides: "All funds previously appropriated but not encumbered or expended by the Office of Budget and Management for student loans and scholarships pursuant to G.S. 143-47.21 through G.S. 143-47.24 as repealed by subsection (c) of this section and for administration thereof shall be transferred to The University of North Carolina to be administered by the State Education Assistance Authority, under such rules and regulations as the State Education Assistance Authority may require including all loans or scholarships repaid to the State pursuant to law. The transfer from the Office of Budget and Management to The University of North Carolina, State Education Assistance Authority, has all the elements of a Type I transfer as defined in G.S. 143A-6(a)."

Article 3.

Purchases and Contracts.

§ 143-48. State policy; cooperation in promoting the use of small contractors, minority contractors, physically handicapped contractors, and women contractors; purpose; required annual reports.

(a) Policy. — It is the policy of this State to encourage and promote the use of small contractors, minority contractors, physically handicapped contractors, and women contractors in State purchasing of goods and services. All State agencies, institutions and political subdivisions shall cooperate with the Department of Administration and all other State agencies, institutions and political subdivisions in efforts to encourage the use of small contractors, minority contractors, physically handicapped contractors, and women contractors in achieving the purpose of this Article, which is to provide for the effective and economical acquisition, management and disposition of goods and services by and through the Department of Administration.

(b) Reporting. — Every governmental entity required by statute to use the services of the Department of Administration in the purchase of goods and services and every private, nonprofit corporation other than an institution of higher education or a hospital that receives an appropriation of five hundred thousand dollars ($500,000) or more during a fiscal year from the General Assembly shall report to the department of Administration annually on what percentage of its contract purchases of goods and services, through term contracts and open-market contracts, were from minority-owned businesses, what percentage from female-owned businesses, what percentage from disabled-owned businesses, what percentage from disabled business enterprises and what percentage from nonprofit work centers for the blind and the severely disabled. The same governmental entities shall include in their reports what percentages of the contract bids for such purchases were from such businesses. The Department of Administration shall provide instructions to the reporting entities concerning the manner of reporting and the definitions of the businesses referred to in this act, provided that, for the purposes of this act:

(1) Except as provided in subdivision (1a) of this section, a business in one of the categories above means one:

a. In which at least fifty-one percent (51%) of the business, or of the stock in the case of a corporation, is owned by one or more persons in the category; and

b. Of which the management and daily business operations are controlled by one or more persons in the category who own it.

(1a) A "disabled business enterprise" means a nonprofit entity whose main purpose is to provide ongoing habilitation, rehabilitation, independent living, and competitive employment for persons who are handicapped through supported employment sites or business operated to provide training and employment and competitive wages.

(1b) A "nonprofit work center for the blind and the severely disabled" means an agency:

a. Organized under the laws of the United States or this State, operated in the interest of the blind and the severely disabled, the net income of which agency does not inure in whole or in part to the benefit of any shareholder or other individual;

b. In compliance with any applicable health and safety standard prescribed by the United States Secretary of Labor; and

c. In the production of all commodities or provision of services, employs during the current fiscal year severely handicapped individuals for (i) a minimum of seventy-five percent (75%) of the hours of direct labor required for the production of commodities or provision of services, or (ii) in accordance with the percentage of direct labor required under the terms and conditions of Public Law 92-28 (41 U.S.C. § 46, et seq.) for the production of commodities or provision of services, whichever is less.

(2) A female or a disabled person is not a minority, unless the female or disabled person is also a member of one of the minority groups described in G.S. 143-128(2)a through d.

(3) A disabled person means a person with a handicapping condition as defined in G.S. 168-1 or G.S. 168A-3.

(b) Reporting. — **(See Editor's note for effective date)** Every governmental entity required by statute to use the services of the Department of Administration in the purchase of goods and services, every local school administrative unit, and every private, nonprofit corporation other than an institution of higher education or a hospital that receives an appropriation of five hundred thousand dollars ($500,000) or more during a fiscal year from the General Assembly shall report to the department of Administration annually on what percentage of its contract purchases of goods and services, through term contracts and open-market contracts, were from minority-owned businesses, what percentage from female-owned businesses, what percentage from disabled-owned businesses, what percentage from disabled business enterprises and what percentage from nonprofit work centers for the blind and the severely disabled. The same governmental entities shall include in their reports what percentages of the contract bids for such purchases were from such businesses. The Department of Administration shall provide instructions to the reporting entities concerning the manner of reporting and the definitions of the businesses referred to in this act, provided that, for the purposes of this act:

(1) Except as provided in subdivision (1a) of this subsection, a business in one of the categories above means one:

a. In which at least fifty-one percent (51%) of the business, or of the stock in the case of a corporation, is owned by one or more persons in the category; and

b. Of which the management and daily business operations are controlled by one or more persons in the category who own it.

(1a) A "disabled business enterprise" means a nonprofit entity whose main purpose is to provide ongoing habilitation, rehabilitation, independent living, and competitive employment for persons who are handicapped through supported employment sites or business operated to provide training and employment and competitive wages.

(1b) A "nonprofit work center for the blind and the severely disabled" means an agency:

a. Organized under the laws of the United States or this State, operated in the interest of the blind and the severely disabled, the net income of which agency does not inure in whole or in part to the benefit of any shareholder or other individual;

b. In compliance with any applicable health and safety standard prescribed by the United States Secretary of Labor; and

c. In the production of all commodities or provision of services, employs during the current fiscal year severely handicapped individuals for (i) a minimum of seventy-five percent (75%) of the hours of direct labor required for the production of commodities or provision of services, or (ii) in accordance with the percentage of direct labor required under the terms and conditions of Public Law 92-28 (41 U.S.C. § 46, et seq.) for the production of commodities or provision of services, whichever is less.

(2) A female or a disabled person is not a minority, unless the female or disabled person is also a member of one of the minority groups described in G.S. 143-128(2) a through d.

(3) A disabled person means a person with a handicapping condition as defined in G.S. 168-1 or G.S. 168A-3.

(c) The Department of Administration shall compile information on small and medium-sized business participation in State contracts subject to this Article and report the information as provided in subsection (d) of this section. The report shall analyze (i) contract awards by business size category, (ii) historical trends in small and medium-sized business participation in these contracts, and (iii) to the extent feasible, participation by small and medium-sized businesses in the State procurement process as dealers, service companies, and other indirect forms of participation. The Department may require reports on contracting by business size in the same manner as reports are required under subsection (b) of this section.

(d) The Department of Administration shall collect and compile the data described in this section and report it annually to the General Assembly.

(e) In seeking contracts with the State, a disabled business enterprise must provide assurances to the Secretary of Administration that the payments that would be received from the State under these contracts are directed to the training and employment of and payment of competitive wages to handicapped employees. (1931, c. 261, s. 1; c. 396; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1983, c. 692, s. 2; 1989 (Reg. Sess., 1990), c. 1051, s. 1; 1993, c. 252, s. 1; 1995, c. 265, s. 2; 1999-20, s. 1; 1999-407, s. 1; 2003-147, s. 6.)

Subsection (b) Set Out Twice. — The first version of subsection (b) set out above is effective for a school administrative unit until the unit is certified by the Department of Public Instruction as E-Procurement compliant, or until April 1, 2004, whichever comes first. The second version of subsection (b) set out above is effective for a school administrative unit when the unit is certified as E-Procurement compliant, or on April 1, 2004, whichever comes first. See editor's note.

Local Modification. — (As to Chapter 143, Article 3) Piedmont Triangle International Authority: 1998-55, s. 11; 2002-146, 2.8 (expires January 1, 2010).

State Government Reorganization. — The Purchase and Contract Division remains in the Department of Administration under G.S. 143B-368, enacted by Session Laws 1975, c. 879, which repealed former G.S. 143A-82.

Certification as E-Procurement Compliant. — Session Laws 2003-147, s. 10(a) through (e) contains provisions encouraging local school administrative units to use the NC

E-procurement Service for their purchasing requirements. See same catchline in note to G.S. 115C-522.

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 769, s. 24.2 provides: "The Director of the Administrative Office of the Courts may establish local community penalties programs and appoint staff the Director considers necessary. These personnel may serve as full-time or part-time State employees or, alternatively, their activities may be provided on a contractual basis when determined appropriate by the Director. The contracts shall be exempt from competitive bidding procedures under Chapter 143 of the General Statutes. The Administrative Office of the Courts shall adopt rules necessary and appropriate for the administration of the program, including rules that allow plans to be presented at the request of the sentencing judge. Funds appropriated by the General Assembly for the establishment and maintenance of community penalties programs under this Article shall be administered by the Administrative Office of the Courts. Any contract entered into under the authority of this section shall expire not later than June 30, 1995."

Session Laws 1993 (Reg. Sess., 1994), c. 769, s. 43.2 provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1994-95 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1994-95 fiscal year."

Session Laws 1997-443, s. 8.24, provides for an appropriation to establish a public-private partnership to encourage, promote, and expand technology in North Carolina Public Schools, provides for the purposes of the partnership, establishes a vocational education computer recycling pilot program, provides that the provisions of Article 3 of Chapter 143 of the General Statutes do not apply to contracts for supplies, materials, equipment, and contractual services to implement these programs, and that the Department of Administration may make its services available to the State Board of Education, when requested. The State Board shall contract with ExplorNet, and ExplorNet shall evaluate the technical components of the program and report to the Information Resources Management Commission by May 15, 1999; the Commission shall submit the evaluation and its comments to the State Board of Education by August 15, 1999, which shall report to the Joint Legislative Education Oversight Committee by September 15, 1999.

Session Laws 1997-443, s. 35.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1997-99 fiscal biennium, the textual provisions of this act apply to funds appropriated for, and activities occurring during, the 1997-99 fiscal biennium."

Session Laws 2002-126, s. 8.10, provides: "Notwithstanding any other provision of law, all fees collected by the Hosiery Technology Center of Catawba Valley Community College for the testing of hosiery products shall be retained by the Center and used for the operations of the Center. Purchases made by the Center using these funds are not subject to the provisions of Article 3 of Chapter 143 of the General Statutes."

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2002-2003 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2002-2003 fiscal year. For example, uncodified provisions of this act relating to the Medicaid program apply only to the 2002-2003 fiscal year."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-147, s. 11, provides: "Nothing in this act shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

Session Laws 2003-147, s. 12, provides that the amendment to this section by s. 6 of the act becomes effective for a local school administrative unit when the unit is certified by the Department of Public Instruction as being E-Procurement compliant, as provided in s. 9 [s. 10] of the act, or April 1, 2004, whichever occurs first.

Session Laws 2003-284, s. 8.7, provides: "Notwithstanding any other provision of law, all fees collected by the Hosiery Technology Center of Catawba Valley Community College for the testing of hosiery products shall be retained by the Center and used for the operations of the Center. Purchases made by the Center using these funds are not subject to the provisions of Article 3 of Chapter 143 of the General Statutes."

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003.'"

Session Laws 2003-284, s. 49.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2003-2005 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2003-2005 fiscal biennium."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2003-147, s. 6, in subsection (b), inserted "every local school administrative unit," in the first sentence, substituted "subsection" for "section" in subdivision (b)(1); and made minor punctuation changes. See editor's note for effective date.

OPINIONS OF ATTORNEY GENERAL

Contracts with Experts, Consultants, or Other Professional Advisors to Review Conversion Plans Are Exempt from Articles 3 and 3C of Chapter 143. — The Commissioner of Insurance has statutory authority to contract with experts, consultants, or other professional advisors to review conversion plans without adhering to the requirements set forth in Articles 3 and 3C of Chapter 143, G.S. 143-48 et seq. and G.S. 143-64.20 et seq.; the only statutory requirement that must be met by the Commissioner is that the costs for the personal professional service contracts must not exceed an amount that is reasonable and appropriate for the review of the plan. See opinion of Attorney General to Peter A. Kolbe, General Counsel, North Carolina Department of Insurance, 2001 N.C. AG LEXIS 28 (8/24/01).

§ 143-48.1. Medicaid program exemption.

(a) This Article shall not apply to any capitation arrangement or prepaid health service arrangement implemented or administered by the North Carolina Department of Health and Human Services or its delegates pursuant to the Medicaid waiver provisions of 42 U.S.C. § 1396n, or to the Medicaid program authorizations under Chapter 108A of the General Statutes.

(b) As used in this section, the following definitions apply:

(1) "Capitation arrangement" means an agreement whereby the Department of Health and Human Services pays a periodic per enrollee fee to a contract entity that provides medical services to Medicaid recipients during their enrollment period.

(2) "Prepaid health services" means services provided to Medicaid recipients that are paid on the basis of a prepaid capitation fee, pursuant to an agreement between the Department of Health and Human Services and a contract entity. (1993, c. 529, s. 7.4; 1997-443, s. 11A.118(a).)

§ 143-48.2. Procurement program for nonprofit work centers for the blind and the severely disabled.

(a) An agency subject to the provisions of this Article for the procurement of goods may purchase goods directly from a nonprofit work center for the blind and severely disabled, subject to the following provisions:

(1) The purchase may not exceed the applicable expenditure benchmark under G.S. 143-53.1.

(2) The goods must not be available under a State requirements contract.

(3) The goods must be of suitable price and quality, as determined by the agency.

(b) An agency subject to the provisions of this Article for the procurement of services may purchase services directly from a nonprofit work center for the blind and severely disabled, subject to the following provisions:

(1) The services must not be available under a State requirements contract.

(2) The services must be of suitable price and quality, as determined by the agency.

(c) The provisions of G.S. 143-52 shall not apply to purchases made pursuant to this section. However, nothing in this section shall prohibit a nonprofit work center for the blind and severely disabled from submitting bids or making offers for contracts under G.S. 143-52.

(d) For the purpose of this subsection, a "nonprofit work center for the blind and severely disabled" has the same meaning as under G.S. 143-48. (1995, c. 265, ss. 3, 5; 1999-20, s. 1.)

§ 143-48.3. Electronic procurement.

(a) The Department of Administration shall develop and maintain electronic or digital standards for procurement. The Department of Administration shall consult with the Office of the State Controller, the Office of Information Technology Services (ITS), the Department of State Auditor, the Department of State Treasurer, The University of North Carolina General Administration, the Community Colleges System Office, and the Department of Public Instruction.

(a1) The Department of Administration shall comply with the State government-wide technical architecture for information technology, as required by the Information Resources Management Commission.

(b) The Department of Administration, in conjunction with the Office of the State Controller and the Office of Information Technology Services may, upon request, provide to all State agencies, universities, local school administrative units, and the community colleges, training in the use of the electronic procurement system.

(b) **(See Editor's note for effective date)** The Department of Administration, in conjunction with the Office of the State Controller and the Office of Information Technology Services may, upon request, provide to all State agencies, universities, and community colleges, training in the use of the electronic procurement system.

(c) The Department of Administration shall utilize the Office of Information Technology Services as an Application Service Provider for an electronic procurement system. The Office of Information Technology Services shall operate this electronic procurement system, through State ownership or commercial leasing, in accordance with the requirements and operating standards developed by the Department of Administration and the financial reporting and accounting procedures of the Office of the State Controller.

(d) This section does not otherwise modify existing law relating to procurement between The University of North Carolina, UNC Health Care, local school administrative units, community colleges, and the Department of Administration.

(d) **(See Editor's note for effective date)** This section does not otherwise modify existing law relating to procurement between The University of North Carolina, UNC Health Care, community colleges, and the Department of Administration.

(e) The Board of Governors of The University of North Carolina shall exempt North Carolina State University and the University of North Carolina at Chapel Hill from the electronic procurement system authorized by this Article until May 1, 2003. Each exemption shall be subject to the Board of Governors' annual review and reconsideration. Exempted constituent institutions shall continue working with the North Carolina E-Procurement Service as that system evolves and shall ensure that their proposed procurement systems are compatible with the North Carolina E-Procurement Service so that they may take advantage of this service to the greatest degree possible. Before an exempted institution expands any electronic procurement system, that institution shall consult with the Joint Legislative Commission on Governmental Operations and the Joint Select Committee on Information Technology. By May 1, 2003, the General Assembly shall evaluate the efficacy of the State's electronic procurement system and the inclusion and participation of entities in the system.

(f) Any State entity, local school administrative unit, or community college operating a functional electronic procurement system established prior to September 1, 2001, may until May 1, 2003, continue to operate that system independently or may opt into the North Carolina E-Procurement Service. Each entity subject to this section shall notify the Information Resources Management Commission by January 1, 2002, and annually thereafter, of its intent to participate in the North Carolina E-Procurement Service.

(f) **(See Editor's note for effective date)** Any State entity or community college operating a functional electronic procurement system established prior to September 1, 2001, may until May 1, 2003, continue to operate that system independently or may opt into the North Carolina E-Procurement Service. Each entity subject to this section shall notify the Information Resources Management Commission by January 1, 2002, and annually thereafter, of its intent to participate in the North Carolina E-Procurement Service. (2000-67, s. 7.8; 2000-140, ss. 95(a), 95(b); 2001-424, s. 15.6(b); 2001-513, s. 28(a); 2002-126, ss. 27.1(a), 27.1(b), 27.1(c); 2003-147, s. 7.)

Subsections (b), (d), and (f) Set Out Twice. — The first versions of subsections (b), (d), and (f) set out above are effective for a school administrative unit until the unit is certified by the Department of Public Instruction as E-Procurement compliant, or until April 1, 2004, whichever comes first. The second versions of subsections (b), (d), and (f) set out above are effective for a school administrative unit when the unit is certified as E-Procurement compliant, or on April 1, 2004, whichever comes first. See editor's note.

Certification as E-Procurement Compliant. — Session Laws 2003-147, s. 10(a) through (e) contains provisions encouraging local school administrative units to use the NC E-procurement Service for their purchasing requirements. See same catchline in note to G.S. 115C-522.

Editor's Note. — Session Laws 2000-67, s. 7.8, enacted this section as G.S. 143B-472.70, in a new Part 17, Electronic Procurement in Government, in Chapter 143B, Article 10. Session Laws 2000-140, s. 95(a), recodified the section as G.S. 143-48.3. Session Laws 2000-140, s. 95(b), repealed Part 17 of Chapter 143B, Article 10.

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 15.6(c), provides: "The Board of Governors of The University of North Carolina shall take appropriate action to encourage the effective utilization of the North Carolina Electronic Procurement Service by the constituent institutions. By April 1, 2002, and annually thereafter, the Department of Administration and the Office of Information Technology Services, in conjunction with the UNC General Administration, shall review the effect of the exemptions granted under subsection (b) of this section [s. 15.6(b) of Session Laws 2001-424] upon the North Carolina Electronic Procurement Service and shall report their findings to the Joint Select Committee on Information Technology and the Joint Legislative Commission on Governmental Operations."

Session Laws 2001-424, s. 31.11(b), provides: "In the event that G.S. 116-40.22 as enacted by this section and Section 15.6 of this act [G.S. 31.62 and 15.6 of Session Laws 2001-424] conflict, then the provisions of section 15.6 control."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2002-126, s. 1.2, provides: "This act shall be known as 'The Current Operations, Capitol Improvements, and Finance Act of 2002'."

Session Laws 2002-126, s. 31.6 is a severability clause.

Session Laws 2003-147, s. 11, provides: "Nothing in this act shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

Session Laws 2003-147, s. 12, provides that the amendment to this section by s. 7 of the act becomes effective for a local school administrative unit when the unit is certified by the Department of Public Instruction as being E-Procurement compliant, as provided in s. 9 [s. 10] of the act, or April 1, 2004, whichever occurs first.

Effect of Amendments. — Session Laws

2002-126, ss. 27.1(a), 27.1(b), and 27.1(c), effective July 1, 2002, rewrote subsection (a); added subsection (a1); and rewrote subsection (c).

Session Laws 2003-147, s. 7, in subsection (b), substituted "and" for "local school administrative units, and the"; in subsection (d), deleted "local school administrative units" preceding "community colleges"; in subsection (f), deleted "local school administrative unit" preceding "or community college"; and made minor punctuation changes. See editor's note for effective date.

§ 143-49. Powers and duties of Secretary.

The Secretary of Administration shall have power and authority, and it shall be his duty, subject to the provisions of this Article:

(1) To canvass sources of supply, including sources of supply of materials and supplies with recycled content, and to purchase or to contract for the purchase, lease and lease-purchase of all supplies, materials, equipment and other tangible personal property required by the State government, or any of its departments, institutions or agencies under competitive bidding or otherwise as hereinafter provided.

(2) To establish and enforce specifications which shall apply to all supplies, materials and equipment to be purchased or leased for the use of the State government or any of its departments, institutions or agencies.

(3) To purchase or to contract for, by sealed, competitive bidding or other suitable means, all contractual services and needs of the State government, or any of its departments, institutions, or agencies; or to authorize any department, institution or agency to purchase or contract for such services.

When the award of any contract for contractual services exceeding a cost of one hundred thousand dollars ($100,000) requires negotiation with prospective contractors, the Secretary shall request and the Attorney General shall assign a representative of the office of the Attorney General to assist in negotiation for the award of the contract. It shall be the duty of such representative to assist and advise in obtaining the most favorable contract for the State, to evaluate all proposals available from prospective contractors for that purpose, to interpret proposed contract terms and to advise the Secretary or his representatives of the liabilities of the State and validity of the contract to be awarded. All contracts and drafts of such contracts shall be prepared by the office of the Attorney General and copies thereof shall be retained by such office for a period of three years following the termination of such contracts. The term "contractual services" as used in this subsection shall mean work performed by an independent contractor requiring specialized knowledge, experience, expertise or similar capabilities wherein the service rendered does not consist primarily of acquisition by this State of equipment or materials and the rental of equipment, materials and supplies. The term "negotiation" as used herein shall not be deemed to refer to contracts entered into or to be entered into as a result of a competitive bidding process.

(4) To have general supervision of all storerooms and stores operated by the State government, or any of its departments, institutions or agencies and to have supervision of inventories of all tangible personal property belonging to the State government, or any of its departments, institutions or agencies. The duties imposed by this subdivision shall not relieve any department, institution or agency of the State government from accountability for equipment, materials, supplies and tangible personal property under its control.

(5) To make provision for or to contract for all State printing, including all printing, binding, paper stock, recycled paper stock, supplies, and

supplies with recycled content, or materials in connection with the same.

(6) To make available to nonprofit corporations operating charitable hospitals, to local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Health and Human Services, to private nonprofit agencies licensed or approved by the Department of Health and Human Services as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, to private higher education institutions that are defined as "institutions" in G.S. 116-22(1), and to counties, cities, towns, governmental entities and other subdivisions of the State and public agencies thereof in the expenditure of public funds, the services of the Department of Administration in the purchase of materials, supplies and equipment under such rules, regulations and procedures as the Secretary of Administration may adopt. In adopting rules and regulations any or all provisions of this Article may be made applicable to such purchases and contracts made through the Department of Administration, and in addition the rules and regulations shall contain a requirement that payment for all such purchases be made in accordance with the terms of the contract. Prior to adopting rules and regulations under this subdivision, the Secretary of Administration may consult with the Advisory Budget Commission.

(6) **(See Editor's note for effective date)** To make available to nonprofit corporations operating charitable hospitals, to local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Health and Human Services, to private nonprofit agencies licensed or approved by the Department of Health and Human Services as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, to private higher education institutions that are defined as "institutions" in G.S. 116-22(1), and to counties, cities, towns, local school administrative units, governmental entities and other subdivisions of the State and public agencies thereof in the expenditure of public funds, the services of the Department of Administration in the purchase of materials, supplies and equipment under such rules, regulations and procedures as the Secretary of Administration may adopt. In adopting rules and regulations any or all provisions of this Article may be made applicable to such purchases and contracts made through the Department of Administration, and in addition the rules and regulations shall contain a requirement that payment for all such purchases be made in accordance with the terms of the contract. Prior to adopting rules and regulations under this subdivision, the Secretary of Administration may consult with the Advisory Budget Commission.

(7) To evaluate the nonprofit qualifications and capabilities of qualified work centers to manufacture commodities or perform services.

(8) To establish and maintain a procurement card program for use by State agencies, community colleges, nonexempted constituent institutions of The University of North Carolina, and local school administrative units. The Secretary of Administration may adopt temporary rules for the implementation and operation of the program in accordance with the payment policies of the State Controller, after consul-

tation with the Office of Information Technology Services. These rules would include the establishment of appropriate order limits that leverage the cost savings and efficiencies of the procurement card program in conjunction with the fullest possible use of the North Carolina E-Procurement Service. Prior to implementing the program, the Secretary shall consult with the State Controller, the UNC General Administration, the Community Colleges System Office, the State Auditor, the Department of Public Instruction, a representative chosen by the local school administrative units, and the Office of Information Technology Services. The Secretary may periodically adjust the order limit authorized in this section after consulting with the State Controller, the UNC General Administration, the Community Colleges System Office, the Department of Public Instruction, and the Office of Information Technology Services.

(8) **(See Editor's note for effective date)** To establish and maintain a procurement card program for use by State agencies, community colleges, and nonexempted constituent institutions of The University of North Carolina. The Secretary of Administration may adopt temporary rules for the implementation and operation of the program in accordance with the payment policies of the State Controller, after consultation with the Office of Information Technology Services. These rules would include the establishment of appropriate order limits that leverage the cost savings and efficiencies of the procurement card program in conjunction with the fullest possible use of the North Carolina E-Procurement Service. Prior to implementing the program, the Secretary shall consult with the State Controller, the UNC General Administration, the Community Colleges System Office, the State Auditor, the Department of Public Instruction, a representative chosen by the local school administrative units, and the Office of Information Technology Services. The Secretary may periodically adjust the order limit authorized in this section after consulting with the State Controller, the UNC General Administration, the Community Colleges System Office, the Department of Public Instruction, and the Office of Information Technology Services. (1931, c. 261, s. 2; 1951, c. 3, s. 1; c. 1127, s. 1; 1957, c. 269, s. 3; 1961, c. 310; 1971, c. 587, s. 1; 1975, c. 580; c. 879, s. 46; 1977, c. 733; 1979, c. 759, s. 1; 1983, c. 717, ss. 60, 62; 1985 (Reg. Sess., 1986), c. 955, ss. 79-82; 1989, c. 408; 1991, c. 358, s. 1; 1993, c. 256, s. 1; 1995, c. 265, ss. 1, 5; 1996, 2nd Ex. Sess., c. 18, s. 24.17; 1997-443, s. 11A.118(a); 1999-20, s. 1; 2000-67, s. 10.9(a); 2001-424, s. 15.6(a); 2001-424, s. 15.6(d); 2001-513, s. 28(b); 2003-147, s. 8.)

Subdivisions (6) and (8) Set Out Twice. — The first versions of subdivisions (6) and (8) set out above are effective for a school administrative unit until the unit is certified by the Department of Public Instruction as E-Procurement compliant, or until April 1, 2004, whichever comes first. The second versions of subsections (6) and (8) set out above are effective for a school administrative unit when the unit is certified as E-Procurement compliant, or on April 1, 2004, whichever comes first. See editor's note.

Cross References. — As to settlement of affairs of inoperative boards and agencies, see G.S. 143-267 through 143-272.

Certification as E-Procurement Compliant. — Session Laws 2003-147, s. 10(a) through (e) contains provisions encouraging local school administrative units to use the NC E-procurement Service for their purchasing requirements. See same catchline in note to G.S. 115C-522.

Editor's Note. — Session Laws 2001-424, s. 15.6(a), effective September 26, 2001, repeals Session Laws 1998-212, s. 20.3, as amended by Session Laws 1999-237, s. 24(a), (b), and Session Laws 2000-67, s. 21.3, which had provided that except as provided by this section, no State agency, community college, constituent institution of The University of North Carolina, or local school administrative unit could use procurement cards for the purchase of equipment

or supplies before August 1, 2001, and had provided for a pilot program on the purchase of supplies and equipment by procurement card.

Session Laws 2001-424, s. 15.6(c), provides: "The Board of Governors of The University of North Carolina shall take appropriate action to encourage the effective utilization of the North Carolina Electronic Procurement Service by the constituent institutions. By April 1, 2002, and annually thereafter, the Department of Administration and the Office of Information Technology Services, in conjunction with the UNC General Administration, shall review the effect of the exemptions granted under subsection (b) of this section [s. 15.6(c) of Session Laws 2001-424] upon the North Carolina Electronic Procurement Service and shall report their findings to the Joint Select Committee on Information Technology and the Joint Legislative Commission on Governmental Operations."

Session Laws 2001-424, s. 31.11(b), provides that "In the event that G.S. 116-40.22 as enacted by this section and Section 15.6 of this act [G.S. 31.62 and 15.6 of Session Laws 2001-424] conflict, then the provisions of section 15.6 control."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

Session Laws 2001-424, s. 36.5, is a severability clause.

Session Laws 2003-147, s. 11, provides: "Nothing in this act shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

Session Laws 2003-147, s. 12, provides that the amendment to this section by s. 8 of the act becomes effective for a local school administrative unit when the unit is certified by the Department of Public Instruction as being E-Procurement compliant, as provided in s. 9 [s. 10] of the act, or April 1, 2004, whichever occurs first.

Effect of Amendments. — Session Laws 2003-147, s. 8, in the first sentence of subdivision (6), inserted "local school administrative units" and made a minor punctuation change; at the end of the first sentence in subdivision (8), substituted "and nonexempted constitutent institutions of The University of North Carolina" for "nonexempted constituent institutions of The University of North Carolina, and local school administrative units." See editor's note for effective date.

CASE NOTES

The public contracting requirements did not apply to preferred provider contracts which were not for the needs of the State, but were for the benefit of the individual Plan members. Carolina Medicorp, Inc. v. Board of Trustees, 118 N.C. App. 485, 456 S.E.2d 116 (1995).

Applied in Cates v. North Carolina Dep't of Justice, 121 N.C. App. 243, 465 S.E.2d 64 (1996), modified and aff'd, 346 N.C. 781, 487 S.E.2d 723 (1997).

OPINIONS OF ATTORNEY GENERAL

Cleaning agents and germicides which are unique to hospitals may properly be termed "hospital supplies," as contemplated under subdivision (6) of this section, which may be purchased by negotiated contract. See opinion of Attorney General to Mr. J.C. Eagles, Jr., Vice Chancellor, Finance, University of North Carolina, 40 N.C.A.G. 736 (1969).

Proposed contract with a hospital service company providing for specialized management, supervision and training of Memorial Hospital housecleaning employees, and the furnishing of all cleaning supplies, was not in conflict with the purchase and contract laws relating to supplies. See opinion of Attorney General to Mr. J.C. Eagles, Jr., Vice Chancellor, Finance, University of North Carolina, 40 N.C.A.G. 736 (1969).

Contracts for Grass Mowing. — Contracts awarded for grass mowing services along public highways are governed by subdivision (3) of this section. See opinion of Attorney General to D.W. Bailey, P.E., Chief Engineer-Operations, Department of Transportation, 60 N.C.A.G. 97 (1992).

Grass mowing is not substantially related to the functional utility of public highways. As such, contracts for grass mowing services are maintenance service contracts placed under the jurisdiction of the North Carolina Department of Administration by subdivision (3) of this section. See opinion of Attorney General to

D.W. Bailey, P.E., Chief Engineer-Operations, Department of Transportation, 60 N.C.A.G. 97 (1992).

§ 143-49.1. Purchases by volunteer nonprofit fire department and lifesaving and rescue squad.

In consideration of public service, any volunteer nonprofit fire department, lifesaving and rescue squad in this State may purchase gas, oil, and tires for their official vehicles and any other materials and supplies under State contract through the Department of Administration, and may purchase surplus property through the Department of Administration on the same basis applicable to counties and municipalities.

The Department of Administration shall make its services available to these organizations in the purchase of such supplies under the same laws, rules and regulations applicable to nonprofit organizations as provided in G.S. 143-49. (1973, c. 442; 1991, c. 199, s. 1.)

§ 143-50. Certain contractual powers exercised by other departments transferred to Secretary.

All rights, powers, duties and authority relating to State printing, or to the acquisition of supplies, materials, equipment, and contractual services, now imposed upon or exercised by any State department, institution or agency under the several statutes relating thereto, are hereby transferred to the Secretary of Administration and all said rights, powers, duty and authority are hereby imposed upon and shall hereafter be exercised by the Secretary of Administration under the provisions of this Article. (1931, c. 261, s. 3; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46.)

§ 143-51. Reports to Secretary required of all agencies as to needs.

It shall be the duty of all departments, institutions, or agencies of the State government to furnish to the Secretary of Administration when requested, and on forms to be prescribed by him, estimates of all supplies, materials, contractual services and equipment needed and required by such department, institution or agency for such periods in advance as may be designated by the Secretary of Administration. (1931, c. 261, s. 4; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1981, c. 602, s. 1.)

CASE NOTES

The public contracting requirements did not apply to preferred provider contracts which were not for the needs of the State, but were for the benefit of the individual Plan members. Carolina Medicorp, Inc. v. Board of Trustees, 118 N.C. App. 485, 456 S.E.2d 116 (1995).

§ 143-52. Competitive bidding procedure; consolidation of estimates by Secretary; bids; awarding of contracts.

As feasible, the Secretary of Administration will compile and consolidate all such estimates of supplies, materials, printing, equipment and contractual services needed and required by State departments, institutions and agencies to determine the total requirements of any given commodity. Where such total requirements will involve an expenditure in excess of the expenditure bench-

mark established under the provisions of G.S. 143-53.1 and where the competitive bidding procedure is employed as hereinafter provided, sealed bids shall be solicited by advertisement in a newspaper widely distributed in this State or through electronic means, or both, as determined by the Secretary to be most advantageous, at least once and at least 10 days prior to the date designated for opening. Except as otherwise provided under this Article, contracts for the purchase of supplies, materials or equipment shall be based on competitive bids and acceptance made of the lowest and best bid(s) most advantageous to the State as determined upon consideration of the following criteria: prices offered; the quality of the articles offered; the general reputation and performance capabilities of the bidders; the substantial conformity with the specifications and other conditions set forth in the request for bids; the suitability of the articles for the intended use; the personal or related services needed; the transportation charges; the date or dates of delivery and performance; and such other factor(s) deemed pertinent or peculiar to the purchase in question, which if controlling shall be made a matter of record. Competitive bids on such contracts shall be received in accordance with rules and regulations to be adopted by the Secretary of Administration, which rules and regulations shall prescribe for the manner, time and place for proper advertisement for such bids, the time and place when bids will be received, the articles for which such bids are to be submitted and the specifications prescribed for such articles, the number of the articles desired or the duration of the proposed contract, and the amount, if any, of bonds or certified checks to accompany the bids. Bids shall be publicly opened. Any and all bids received may be rejected. Each and every bid conforming to the terms of the invitation, together with the name of the bidder, shall be tabulated and that tabulation shall become public record in accordance with the rules adopted by the Secretary. All contract information shall be made a matter of public record after the award of contract. Provided, that trade secrets, test data and similar proprietary information may remain confidential. A bond for the faithful performance of any contract may be required of the successful bidder at bidder's expense and in the discretion of the Secretary of Administration. When the dollar value of a contract for the purchase, lease, or lease/purchase of equipment, materials, and supplies exceeds the benchmark established by G.S. 143-53.1, the contract shall be reviewed by the Board of Awards pursuant to G.S. 143-52.1 prior to the contract being awarded. After contracts have been awarded, the Secretary of Administration shall certify to the departments, institutions and agencies of the State government the sources of supply and the contract price of the supplies, materials and equipment so contracted for. Prior to adopting other methods of advertisement under this section, the Secretary of Administration may consult with the Advisory Budget Commission. Prior to adopting rules and regulations under this section, the Secretary of Administration may consult with the Advisory Budget Commission. (1931, c. 261, s. 5; 1933, c. 441, s. 1; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1981, c. 602, ss. 2, 3; 1983, c. 717, s. 61; 1985 (Reg. Sess., 1986), c. 955, ss. 83-86; 1989 (Reg. Sess., 1990), c. 936, s. 3(a); 1997-412, s. 2; 1999-434, s. 12.)

Cross References. — As to purchasing flexibility, see G.S. 115D-58.14.

Editor's Note. — Session Laws 1993, c. 321, s. 169.2(g) provides that any law that contains "Joint Legislative Highway Oversight Committee" shall be deemed to refer to the "Joint Legislative Transportation Oversight Committee."

Session Laws 1997-443, s. 32.11, provides that the Department of Transportation may enter into a design-build-warrant contract to develop, with Federal Highway Administration participation, a Congestion Avoidance and Reduction for Autos and Trucks (CARAT) system of traffic management in the Charlotte-Mecklenburg urban areas. Notwithstanding any other provision of law, contractors, their employees, and Department of Transportation employees involved in this project only do not have to be licensed by occupational licensing

boards, and for the purpose of entering into contracts, the Department of Transportation is exempted from the provisions of G.S. 136-28.1, 143-52, 143-53, 143-58, 143-128, and 143-129; these exemptions are limited and available only to the extent necessary to comply with federal rules, regulations, and policies for completion of this project. The Department shall report quarterly to the Joint Legislative Transportation Oversight Committee on the project.

Session Laws from 1991, 1993 and 1995 contained similar provisions.

Session Laws 1997-443, s. 35.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1997-99 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1997-99 fiscal biennium."

CASE NOTES

Applied in Sperry Corp. v. Patterson, 73 N.C. App. 123, 325 S.E.2d 642 (1985).

OPINIONS OF ATTORNEY GENERAL

The term "lowest responsible bidder" is not to be construed literally. In determining who is the "lowest responsible bidder," the quality and utility of the thing offered and its adaptability to the purpose for which it is required should be considered. See opinion of Attorney General to Mr. R.D. McMillan, State Purchasing Officer, Division of Purchase and Contract, 40 N.C.A.G. 545 (1969).

Statutory requirement that the bid shall be awarded to the "lowest responsible bidder" is specifically modified by statute when it lists the items which are to be taken into consideration, and reserves the right to reject "any bid." See opinion of Attorney General to Mr. R.D. McMillan, State Purchasing Officer, Division of Purchase and Contract, 40 N.C.A.G. 545 (1969).

Where bids are taken on used aircraft of varying ages, the Board of Awards may lawfully award the bid to a bidder submitting a higher price for a newer airplane, taking into consideration the age of the aircraft, its market value, its suitability for the purposes for which it will be used and compliance with the specifications. See opinion of Attorney General to Mr. R.D. McMillan, State Purchasing Officer, Division of Purchase and Contract, 40 N.C.A.G. 545 (1969).

Public Bidding Requirements Not to Be Dispensed with. — See opinion of Attorney General to Mr. R.D. McMillan, Jr., State Purchasing Officer, Department of Administration, 41 N.C.A.G. 48 (1970).

§ 143-52.1. Board of Awards.

(a) There is created the Board of Awards. The Board shall consist of three members at a time, appointed by the Chair of the Commission. Members of the Board shall be appointed on a rotating basis from the membership of the Commission and the Council of State. Two out of three members appointed for each meeting of the Board shall constitute a quorum of the Board.

(b) The Board shall meet weekly as called by the Chair of the Commission, except in weeks when no contracts have been submitted to the Board for review.

(c) When the dollar value of a contract exceeds the benchmark established either pursuant to G.S. 143-53.1 or G.S. 147-33.101, the Board shall review and make a recommendation on action to be taken by the Secretary of Administration on contracts to be awarded under Article 3 of Chapter 143 of the General Statutes and on contracts to be awarded by the Chief Information Officer under Article 3D of Chapter 147 of the General Statutes, prior to the awarding of the contract.

(d) The State Budget Officer shall designate a secretary for the Board. The Secretary of Administration and the State Chief Information Officer shall each submit their matters for consideration to the secretary for inclusion on the Board's agenda. Records shall be kept of each meeting and made public by the Secretary of Administration or State Chief Information Officer, as applicable unless the Secretary of Administration or State Chief Information Officer, as

applicable, determines a specific record of the meeting needs to be confidential due to the nature of the contract. The Secretary of Administration or State Chief Information Officer, as applicable, may elect to proceed with the award of a contract without a recommendation of the Board in cases of emergencies or in the event that a Board is not available. In those cases, contracts awarded without Board review shall be reported to the next meeting of the Board as a matter of record.

(e) Reports on recommendations made by the Board on matters presented by the State Chief Information Officer to the Board shall be reported monthly by the Board to the chairs of the Joint Select Committee on Information Technology. (1999-434, s. 13; 2001-487, s. 21(e).)

Editor's Note. — G.S. 143B-472.63, referred to in subsection (c), was repealed by Session Laws 2000-174, s. 1, effective September 1, 2000. As to Board of Awards Review, see now G.S. 147-33.101.

§ 143-53. Rules.

(a) The Secretary of Administration may adopt rules governing the following:

(1) Prescribing the routine and procedures to be followed in canvassing bids and awarding contracts, and for reviewing decisions made pursuant thereto, and the decision of the reviewing body shall be the final administrative review. The Division of Purchase and Contract shall review and decide a protest on a contract valued at twenty-five thousand dollars ($25,000) or more. The Secretary shall adopt rules or criteria governing the review of and decision on a protest on a contract of less than twenty-five thousand dollars ($25,000) by the agency that awarded the contract.

(2) **(See Editor's note)** Prescribing the routine, including consistent contract language, for securing bids on items that do not exceed the bid value benchmark established under the provisions of G.S. 143-53.1 or G.S. 116-31.10. The purchasing delegation for securing offers (excluding the special responsibility constituent institutions of The University of North Carolina), for each State department, institution, agency, and community college shall be determined by the Director of the Division of Purchase and Contract. For the State agencies this shall be done following the Director's consultation with the State Budget Officer and the State Auditor. The Director for the Division of Purchase and Contract may set or lower the delegation, or raise the delegation upon written request by the agency, after consideration of their overall capabilities, including staff resources, purchasing compliance reviews, and audit reports of the individual agency. The routine prescribed by the Secretary shall include contract award protest procedures and consistent requirements for advertising of solicitations for securing offers issued by State departments, institutions, universities (including the special responsibility constituent institutions of The University of North Carolina), agencies, community colleges, and the public school administrative units.

(3) Defining contractual services for the purposes of G.S. 143-49(3) and G.S. 143-49(5).

(4) Prescribing items and quantities, and conditions and procedures, governing the acquisition of goods and services which may be delegated to departments, institutions and agencies, notwithstanding any other provisions of this Article.

(5) Prescribing conditions under which purchases and contracts for the purchase, installment or lease-purchase, rental or lease of equipment,

materials, supplies or services may be entered into by means other than competitive bidding, including, but not limited to, negotiation, reverse auctions, and acceptance of electronic bids. Reverse auctions may only be utilized for the purchase or exchange of supplies, equipment, and materials as provided in G.S. 115C-522. Notwithstanding the provisions of subsections (a) and (b) of this section, any waiver of competition for the purchase, rental, or lease of equipment, materials, supplies, or services is subject to prior review by the Secretary, if the expenditure exceeds ten thousand dollars ($10,000). The Division may levy a fee, not to exceed one dollar ($1.00), for review of each waiver application.

(6) Prescribing conditions under which partial, progressive and multiple awards may be made.

(7) Prescribing conditions and procedures governing the purchase of used equipment, materials and supplies.

(8) Providing conditions under which bids may be rejected in whole or in part.

(9) Prescribing conditions under which information submitted by bidders or suppliers may be considered proprietary or confidential.

(10) Prescribing procedures for making purchases under programs involving participation by two or more levels or agencies of government, or otherwise with funds other than State-appropriated.

(11) Prescribing procedures to encourage the purchase of North Carolina farm products, and products of North Carolina manufacturing enterprises.

(12) Repealed by Session Laws 1987, c. 827, s. 216.

(b) In adopting the rules authorized by subsection (a) of this section, the Secretary shall include special provisions for the purchase of goods and services, which provisions are necessary to meet the documented training, work, or independent living needs of persons with disabilities according to the requirements of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act, as amended. The Secretary may consult with other agencies having expertise in meeting the needs of individuals with disabilities in developing these provisions. These special provisions shall establish purchasing procedures that:

(1) Provide for the involvement of the individual in the choice of particular goods, service providers, and in the methods used to provide the goods and services;

(2) Provide the flexibility necessary to meet those varying needs of individuals that are related to their disabilities;

(3) Allow for purchase outside of certified sources of supply and competitive bidding when a single source can provide multiple pieces of equipment, including adaptive equipment, that are more compatible with each other than they would be if they were purchased from multiple vendors;

(4) Permit priority consideration for vendors who have the expertise to provide appropriate and necessary training for the users of the equipment and who will guarantee prompt service, ongoing support, and maintenance of this equipment;

(5) Permit agencies to give priority consideration to suppliers offering the earliest possible delivery date of goods or services especially when a time factor is crucial to the individual's ability to secure a job, meet the probationary training periods of employment, continue to meet job requirements, or avoid residential placement in an institutional setting; and

(6) Allow consideration of the convenience of the provider's location for the individual with the disability.

In developing these purchasing provisions, the Secretary shall also consider the following criteria: (i) cost-effectiveness, (ii) quality, (iii) the provider's general reputation and performance capabilities, (iv) substantial conformity with specifications and other conditions set forth for these purchases, (v) the suitability of the goods or services for the intended use, (vi) the personal or other related services needed, (vii) transportation charges, and (viii) any other factors the Secretary considers pertinent to the purchases in question.

(c) The purpose of rules promulgated hereunder shall be to promote sound purchasing management.

Prior to adopting rules under this section, the Secretary of Administration may consult with the Advisory Budget Commission. (1931, c. 261, s. 5; 1933, c. 441, s. 1; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1981, c. 602, s. 4; 1983, c. 717, ss. 63-64.1; 1985 (Reg. Sess., 1986), c. 955, ss. 87, 88; 1987, c. 827, s. 216; 1989 (Reg. Sess., 1990), c. 936, s. 3(b); 1995, c. 256, s. 1; 1997-412, s. 3; 1998-217, s. 15; 1999-400, ss. 1, 2; 2002-107, s. 2; 2003-147, s. 9.)

Certification as E-Procurement Compliant. — Session Laws 2003-147, s. 10(a) through (e) contains provisions encouraging local school administrative units to use the NC E-procurement Service for their purchasing requirements. See same catchline in note to G.S. 115C-522.

Editor's Note. — As to exemption of the Department of Transportation from the provisions of this section for the purpose of entering into contracts with respect to the development of a "Congestion Avoidance and Reduction for Autos and Truck (CARAT)" system of traffic management for the greater Charlotte-Mecklenburg urban areas, see Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 94, Session Laws 1993, c. 321, s. 162, Session Laws 1995, c. 324, s. 18.14, and Session Laws 1997-443, s. 32.11.

Session Laws 1999-400, which amended subdivisions (a)(1) and (a)(5), provided that the act would not apply to an agency, board, department, institution, or commission that is exempt from Article 3 of Chapter 143 of the General Statutes or from the provisions of that Article that require certain contracts to be awarded by the Department of Administration.

Session Laws 1999-405, s. 7.1, provided that if Senate Bill 968 became law, the amendments made by Senate Bill 968, which added the last two sentences to subdivision (a)(1) and the last two sentences to subdivision (a)(5), do not apply to Special Responsibility Constituent Institutions as designated by the Board of Governors of The University of North Carolina pursuant to G.S. 116-30.1. Senate Bill 968 was enacted as Session Laws 1999-400, effective September 1, 1999.

Session Laws 2002-107, s. 3, provides: "Notwithstanding any other provision of law to the contrary, the Secretary may conduct a pilot program for reverse auctions. The reverse auctions shall be utilized only for the purchase or exchange of those supplies, equipment, and materials as provided in G.S. 115C-522, for use by the public school systems. The Secretary shall report the results of the pilot program to the Joint Select Committee on Information Technology, upon the convening of the 2003 General Assembly."

Session Laws 2003-147, s. 11, provides: "Nothing in this act [giving local boards of education additional purchasing flexibility and encouraging them to use the NC E-Procurement Service] shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

Session Laws 2003-147, s. 12, provides: "Sections 1 through 8 of this act become effective for a local school administrative unit when the unit is certified by the Department of Public Instruction as being E-Procurement compliant, as provided in Section 9 of this act, or April 1, 2004, whichever occurs first." As a result, the effective date of the amendments to this section by Session Laws 2003-147, s. 9, is June 4, 2003; however, the intended references may have been to "sections 1 through 9 of this act" and "as provided in Section 10 of this act." The intended effective date of the amendments to this section was therefore likely when a school administrative unit is certified by the Department of Public Instruction as being E-Procurement compliant, or April 1, 2004, whichever occurs first.

Effect of Amendments. — Session Laws 2002-107, s. 2, effective September 6, 2002, rewrote subdivision (a)(5).

Session Laws 2003-147, s. 9, substituted "and community college" for "community college, and public school administrative unit" in the second sentence in subdivision (a)(2). See editor's note for effective date.

Legal Periodicals. — For 1997 legislative survey, see 20 Campbell L. Rev. 437.

CASE NOTES

Applied in Sperry Corp. v. Patterson, 73 N.C. App. 123, 325 S.E.2d 642 (1985).

§ 143-53.1. Setting of benchmarks; increase by Secretary.

On and after July 1, 1997, the procedures prescribed by G.S. 143-52 with respect to competitive bids and the bid value benchmark authorized by G.S. 143-53(a)(2) with respect to rule making by the Secretary of Administration for competitive bidding shall be no more than twenty-five thousand dollars ($25,000); provided, the Secretary of Administration may, in his or her discretion, increase the benchmarks effective as of the beginning of any fiscal biennium of the State commencing after June 30, 1999, in an amount whose increase, expressed as a percentage, does not exceed the rise in the Consumer Price Index during the fiscal biennium next preceding the effective date of the benchmark increase. For a special responsibility constituent institution of The University of North Carolina, the benchmark prescribed in this section shall be as provided in G.S. 116-31.10. (1989 (Reg. Sess., 1990), c. 936, s. 3(c); 1991, c. 689, s. 206.2(b); 1993 (Reg. Sess., 1994), c. 591, s. 10(a); c. 769, s. 17.6(b); 1997-412, s. 4.)

Cross References. — As to purchasing flexibility for community colleges, see G.S. 115D-58.14.

§ 143-54. Certification that bids were submitted without collusion.

The Director of Administration shall require bidders to certify that each bid is submitted competitively and without collusion. False certification is a Class I felony. (1961, c. 963; 1971, c. 587, s. 1; 1993, c. 539, s. 1310; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 143-55. Requisitioning for supplies by agencies; must purchase through sources certified.

After sources of supply have been established by contract and certified by the Secretary of Administration to the said departments, institutions and agencies as herein provided for, it shall be the duty of all departments, institutions and agencies to make requisition or issue orders on forms to be prescribed by the Secretary of Administration, for all supplies, materials and equipment required by them upon the sources of supply so certified, and, except as herein otherwise provided for, it shall be unlawful for them, or any of them, to purchase any supplies, materials or equipment from other sources than those certified by the Secretary of Administration. One copy of such requisition or order shall be furnished to and when requested by the Secretary of Administration. (1931, c. 261, s. 6; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46.)

§ 143-56. Certain purchases excepted from provisions of Article.

Unless as may otherwise be ordered by the Secretary of Administration, the purchase of supplies, materials and equipment through the Secretary of Administration shall be mandatory in the following cases:

(1) Published books, manuscripts, maps, pamphlets and periodicals.

(2) Perishable articles such as fresh vegetables, fresh fish, fresh meat, eggs, and others as may be classified by the Secretary of Administration.

Purchase through the Secretary of Administration shall not be mandatory for information technology purchased in accordance with Article 3D of Chapter 147 of the General Statutes, for a purchase of supplies, materials or equipment for the General Assembly if the total expenditures is less than the expenditure benchmark established under the provisions of G.S. 143-53.1, for group purchases made by hospitals through a competitive bidding purchasing program, as defined in G.S. 143-129, by the University of North Carolina Health Care System pursuant to G.S. 116-37(h), by the University of North Carolina Hospitals at Chapel Hill pursuant to G.S. 116-37(a) (4), by the University of North Carolina at Chapel Hill on behalf of the clinical patient care programs of the School of Medicine of the University of North Carolina at Chapel Hill pursuant to G.S. 116-37(a) (4), or by East Carolina University on behalf of the Medical Faculty Practice Plan pursuant to G.S. 116-40.6(c).

All purchases of the above articles made directly by the departments, institutions and agencies of the State government shall, whenever possible, be based on competitive bids. Whenever an order is placed or contract awarded for such articles by any of the departments, institutions and agencies of the State government, a copy of such order or contract shall be forwarded to the Secretary of Administration and a record of the competitive bids upon which it was based shall be retained for inspection and review. (1931, c. 261, s. 7; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1981, c. 953; 1983, c. 717, ss. 65, 66; 1985, c. 145, s. 3; 1989 (Reg. Sess., 1990), c. 936, s. 3(e); 1998-212, s. 11.8(c); 1999-434, s. 14; 1999-456, s. 7; 2001-487, s. 21(f).)

§ 143-57. Purchases of articles in certain emergencies.

In case of any emergency or pressing need arising from unforeseen causes including but not limited to delay by contractors, delay in transportation, breakdown in machinery, or unanticipated volume of work, the Secretary of Administration shall have power to obtain or authorize obtaining in the open market any necessary supplies, materials, equipment, printing or services for immediate delivery to any department, institution or agency of the State government. A report on the circumstances of such emergency or need and the transactions thereunder shall be made a matter of record promptly thereafter. If the expenditure exceeds ten thousand dollars ($10,000), the report shall also be made promptly thereafter to the Division of Purchase and Contract. (1931, c. 261, s. 8; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1999-400, s. 3.)

Editor's Note. — Session Laws 1999-400, s. 3.1, provided that the act would apply to an agency, board, department, institution, or commission that is exempt from Article 3 of Chapter 143 of the General Statutes or from the provisions of that Article that require certain contracts to be awarded by the Department of Administration.

Session Laws 1999-405, s. 7.1, provided that if Senate Bill 968 became law, the amendments made by Senate Bill 968, which added the last sentence, does not apply to Special Responsibility Constituent Institutions as designated by the Board of Governors of The University of North Carolina pursuant to G.S. 116-30.1. Senate Bill 968 was enacted as Session Laws 1999-400, effective September 1, 1999.

§ 143-57.1. Furniture requirements contracts.

(a) To ensure agencies access to sufficient sources of furniture supply and service, to provide agencies the necessary flexibility to obtain furniture that is compatible with interior architectural design and needs, to provide small and

disadvantaged businesses additional opportunities to participate on State requirements contracts, and to restore the traditional use of multiple award contracts for purchasing furniture requirements, each State furniture requirements contract shall be awarded on a multiple award basis, subject to the following conditions:

(1) Competitive, sealed bids must be solicited for the contract in accordance with Article 3 of Chapter 143 of the General Statutes unless otherwise provided for by the State Purchasing Officer pursuant to that Article.

(2) Subject to the provisions of this section, bids shall be evaluated and the contract awarded in accordance with Article 3 of Chapter 143 of the General Statutes.

(3) For each category of goods under each State requirements furniture contract, awards shall be made to at least three qualified vendors unless the State Purchasing Officer determines that three qualified vendors are not available or that it is in the best interest of the State to make fewer awards. The State Purchasing Officer, subject to the approval of the Board of Award, shall state his reasons in writing for making fewer awards and the written documentation shall be maintained as part of the bid file and subject to public inspection.

(4) An agency may purchase from any vendor certified on the contract but shall make the most economical purchase that it determines meets its needs, based upon price, compatibility, service, delivery, freight charges, and other factors that it considers relevant.

(b) For purposes of this section, "furniture requirements contract" means State requirements contracts for casegoods, classroom furniture, bookcases, ergonomic chairs, office swivel and side chairs, computer furniture, mobile and folding furniture, upholstered seating, commercial dining tables, and related items. (1995, c. 136, ss. 1, 3; 1995 (Reg. Sess., 1996), c. 716, s. 30.)

Editor's Note. — Session Laws 1995, c. 136, ss. 1, 3, were codified as this section at the direction of the Revisor of Statutes.

Session Laws 1995 (Reg. Sess., 1996), c. 716, s. 31, provides: "With repect to a furniture requirements contract that is not currently under G.S. 143-57.1, an agency may purchase from any vendor certified on the contract but shall make the most economical purchase that it determines meets its needs, based upon price, compatibility, service, delivery, and other factors that it considers relevant."

§ 143-58. Contracts contrary to provisions of Article made void.

If any department, institution or agency of the State government, required by this Article and the rules adopted pursuant thereto applying to the purchase or lease of supplies, materials, equipment, printing or services through the Secretary of Administration, or any nonstate institution, agency or instrumentality duly authorized or required to make purchases through the Department of Administration, shall contract for the purchase or lease of such supplies, materials, equipment, printing or services contrary to the provisions of this Article or the rules made hereunder, such contract shall be void and of no effect. If any such State or nonstate department, institution, agency or instrumentality purchases any supplies, materials, equipment, printing or services contrary to the provisions of this Article or the rules made hereunder, the executive officer of such department, institution, agency or instrumentality shall be personally liable for the costs thereof. (1931, c. 261, s. 9; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1977, c. 148, s. 3; 1987, c. 827, s. 217.)

Editor's Note. — As to exemption of the Department of Transportation from the provisions of this section for the purpose of entering into contracts with respect to the development of a "Congestion Avoidance and Reduction for Autos and Trucks (CARAT)" system of traffic management for the greater Charlotte-Mecklenburg urban areas, see Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 94, Session Laws 1993, c. 321, s. 162, Session Laws 1995, c. 324, s. 18.14, and Session Laws 1997-443, s. 32.11.

CASE NOTES

Cited in Carolina Medicorp, Inc. v. Board of Trustees, 118 N.C. App. 485, 456 S.E.2d 116 (1995).

§ 143-58.1. Unauthorized use of public purchase or contract procedures for private benefit.

(a) It shall be unlawful for any person, by the use of the powers, policies or procedures described in this Article or established hereunder, to purchase, attempt to purchase, procure or attempt to procure any property or services for private use or benefit.

(b) This prohibition shall not apply if:

(1) The department, institution or agency through which the property or services are procured had theretofore established policies and procedures permitting such purchases or procurement by a class or classes of persons in order to provide for the mutual benefit of such persons and the department, institution or agency involved, or the public benefit or convenience; and

(2) Such policies and procedures, including any reimbursement policies, are complied with by the person permitted thereunder to use the purchasing or procurement procedures described in this Article or established thereunder.

(c) A violation of this section is a Class 1 misdemeanor. (1983, c. 409; 1993, c. 539, s. 1004; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 143-58.2. State policy; bid procedures and specifications; identification of products.

(a) It is the policy of this State to encourage and promote the purchase of products with recycled content. All State departments, institutions, agencies, community colleges, and local school administrative units shall, to the extent economically practicable, purchase and use, or require the purchase and use of, products with recycled content.

(b) No later than January 1, 1995, the Secretary of Administration and each State department, institution, agency, community college, and local school administrative unit authorized to purchase materials and supplies or to contract for services shall review and revise its bid procedures and specifications for the purchase or use of materials and supplies to eliminate any procedures and specifications that explicitly discriminate against materials and supplies with recycled content, except where procedures and specifications are necessary to protect the health, safety, and welfare of the citizens of this State.

(c) The Secretary of Administration and each State department, institution, agency, community college, and local school administrative unit shall review and revise its bid procedures and specifications on a continuing basis to encourage the purchase or use of materials and supplies with recycled content and to the extent economically practicable, the use of materials and supplies with recycled content.

(d) The Department of Administration, in cooperation with the Division of Pollution Prevention and Environmental Assistance of the Department of Environment and Natural Resources, shall identify materials and supplies with recycled content that meet appropriate standards for use by State departments, institutions, agencies, community colleges, and local school administrative units.

(e) A list of materials and supplies with recycled content that are identified pursuant to subsection (d) of this section and that are available for purchase under a statewide term contract shall be distributed annually to each State agency authorized to purchase materials and supplies for use by its departments, institutions, agencies, community colleges, or local school administrative units.

(f) On or before October 1 of each year, each State department, institution, agency, community college, and local school administrative unit authorized to purchase materials and supplies shall report to the Division of Pollution Prevention and Environmental Assistance of the Department of Environment and Natural Resources, the amounts and types of materials and supplies with recycled content that were purchased during the previous fiscal year and its progress toward reaching the goals under G.S. 143-58.3. On or before December 1 of each year, the Division of Pollution Prevention and Environmental Assistance shall prepare a summary of these reports and submit the summary to the Joint Legislative Commission on Governmental Operations. The summary of these reports shall also be included in the report required by G.S. 130A-309.06(c).

(g) The Department of Administration and the Department of Environment and Natural Resources shall develop guidelines for minimum content standards for materials and supplies with recycled content and may recommend appropriate goals in addition to those goals set forth in G.S. 143-58.3, for types of materials and supplies with recycled content to be purchased by the State.

(h) The Secretary of Administration may adopt rules to implement the provisions of this section and G.S. 143-58.3. (1993, c. 256, s. 2; 1995 (Reg. Sess., 1996), c. 743, ss. 10, 11; 1997-443, s. 11A.119(a); 2001-452, s. 3.7.)

§ 143-58.3. Purchase of recycled paper and paper products; goals.

In furtherance of the State policy, it is the goal of the State that each department, institution, agency, community college, and local school administrative unit purchase paper and paper products with recycled content according to the following schedule:

(1) At least ten percent (10%) by June 30, 1994;
(2) At least twenty percent (20%) by June 30, 1995;
(3) At least thirty-five percent (35%) by June 30, 1996; and
(4) At least fifty percent (50%) by June 30, 1997, and the end of each subsequent fiscal year,

of the total amount spent for the purchase of paper and paper products during that fiscal year. (1993, c. 256, s. 2.)

§ 143-59. (Effective until December 31, 2007) Preference given to North Carolina products and citizens, and articles manufactured by State agencies; reciprocal preferences.

(a) Preference. — The Secretary of Administration and any State agency authorized to purchase foodstuff or other products, shall, in the purchase of or

§ 143-59 is set out twice. See notes.

in the contracting for foods, supplies, materials, equipment, printing or services give preference as far as may be practicable to such products or services manufactured or produced in North Carolina or furnished by or through citizens of North Carolina: Provided, however, that in giving such preference no sacrifice or loss in price or quality shall be permitted; and provided further, that preference in all cases shall be given to surplus products or articles produced and manufactured by other State departments, institutions, or agencies which are available for distribution.

(b) Reciprocal Preference. — For the purpose only of determining the low bidder on all contracts for equipment, materials, supplies, and services valued over twenty-five thousand dollars ($25,000), a percent of increase shall be added to a bid of a nonresident bidder that is equal to the percent of increase, if any, that the state in which the bidder is a resident adds to bids from bidders who do not reside in that state. Any amount due under a contract awarded to a nonresident bidder shall not be increased by the amount of the increase added by this subsection. On or before January 1 of each year, the Secretary of Administration shall electronically publish a list of states that give preference to in-State bidders and the amount of the percent increase added to out-of-state bids. All departments, institutions, and agencies of the State shall use this list when evaluating bids. If the reciprocal preference causes the nonresident bidder to no longer be the lowest bidder, the Secretary of Administration may, after consultation with the Board of Awards, waive the reciprocal preference. In determining whether to waive the reciprocal preference, the Secretary of Administration and the Board of Awards shall consider factors that include competition, price, product origination, and available resources.

(c) Definitions. — The following definitions apply in this section:

(1) Resident bidder. — A bidder that has paid unemployment taxes or income taxes in this State and whose principal place of business is located in this State.

(2) Nonresident bidder. — A bidder that is not a resident bidder as defined in subdivision (1) of this subsection.

(3) Principal place of business. — The principal place from which the trade or business of the bidder is directed or managed.

(d) Exemptions. — Subsection (b) of this section shall not apply to contracts entered into under G.S. 143-53(a)(5) or G.S. 143-57.

(e) When a contract is awarded by the Secretary using the provisions of subsection (b) of this section, a report of the nature of the contract, the bids received, and the award to the successful bidder shall be posted on the Internet as soon as practicable. (1931, c. 261, s. 10; 1933, c. 441, s. 2; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 2001-240, s. 1.)

Section Set Out Twice. — The section above is effective until December 31, 2007. For the section as amended effective December 31, 2007, see the following section, also numbered G.S. 143-59.

Editor's Note. — Session Laws 2001-240, s. 3, provides: "This act becomes effective January 1, 2002, and expires December 31, 2007.

Session Laws 2001-240, s. 2, provides: "The Secretary of Administration may adopt temporary rules to implement this act."

Session Laws 2001-240, s. 1, effective January 1, 2002, added "reciprical preferences" to the section catchline.

Effect of Amendments. — Session Laws 2001-240, s. 1, effective January 1, 2002, and expiring December 31, 2007, added the subsection (a) designation; added "Preference. —" at the beginning of subsection (a); and added subsections (b) through (e).

§ 143-59 is set out twice. See notes.

§ 143-59. (Effective December 31, 2007) Preference given to North Carolina products and citizens, and articles manufactured by State agencies.

The Secretary of Administration and any State agency authorized to purchase foodstuff or other products, shall, in the purchase of or in the contracting for foods, supplies, materials, equipment, printing or services give preference as far as may be practicable to such products or services manufactured or produced in North Carolina or furnished by or through citizens of North Carolina: Provided, however, that in giving such preference no sacrifice or loss in price or quality shall be permitted; and provided further, that preference in all cases shall be given to surplus products or articles produced and manufactured by other State departments, institutions, or agencies which are available for distribution. (1931, c. 261, s. 10; 1933, c. 441, s. 2; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46.)

Section Set Out Twice. — The section above is effective December 31, 2007. For the section as effective until December 31, 2007, see the preceding section, also numbered G.S. 143-59.

§ 143-59.1. Contracts with certain foreign vendors.

(a) Ineligible Vendors. — The Secretary of Administration and other entities to which this Article applies shall not contract for goods or services with either of the following:

(1) A vendor if the vendor or an affiliate of the vendor meets one or more of the conditions of G.S. 105-164.8(b) but refuses to collect the use tax levied under Article 5 of Chapter 105 of the General Statutes on its sales delivered to North Carolina. The Secretary of Revenue shall provide the Secretary of Administration periodically with a list of vendors to which this section applies.

(2) A vendor if the vendor or an affiliate of the vendor incorporates or reincorporates in a tax haven country after December 31, 2001, but the United States is the principal market for the public trading of the stock of the corporation incorporated in the tax haven country.

(b) Vendor Certification. — The Secretary of Administration shall require each vendor submitting a bid or contract to certify that the vendor is not an ineligible vendor as set forth in subsection (a) of this section. Any person who submits a certification required by this subsection known to be false shall be guilty of a Class I felony.

(c) Definitions. — The following definitions apply in this section:

(1) Affiliate. — As defined in G.S. 105-163.010.

(2) Tax haven country. — Means each of the following: Barbados, Bermuda, British Virgin Islands, Cayman Islands, Commonwealth of the Bahamas, Gibraltar, Isle of Man, the Principality of Monaco, and the Republic of the Seychelles. (1999-341, s. 7; 2002-189, s. 6; 2003-413, s. 28.)

Effect of Amendments. — Session Laws 2002-189, s. 6, effective December 1, 2002, and applicable to contracts entered into on or after that date, rewrote the section, adding subsection designations and catchlines, adding subdivision (a)(2), adding subsection (b), and adding subdivision (c)(2).

Session Laws 2003-413, s. 28, effective October 1, 2003, and applicable to contracts entered into on or after that date, rewrote subdivision (a)(2); and in subdivision (c)(2), deleted "Cyprus" following "Commonwealth of the Bahamas," and deleted "the Principality of Liechtenstein" following "Isle of Man."

§ 143-59.2. Certain vendors prohibited from contracting with State.

(a) Ineligible Vendors. — A vendor is not entitled to enter into a contract for goods or services with any department, institution, or agency of the State government subject to the provisions of this Article if any officer or director of the vendor, or any owner if the vendor is an unincorporated business entity, within 10 years immediately prior to the date of the bid solicitation, has been convicted of any violation of Chapter 78A of the General Statutes or the Securities Act of 1933 or the Securities Exchange Act of 1934.

(b) Vendor Certification. — The Secretary of Administration shall require each vendor submitting a bid or contract to certify that none of its officers, directors, or owners of an unincorporated business entity has been convicted of any violation referenced in subsection (a) of this section within 10 years immediately prior to the date of the bid solicitation. Any person who submits a certification required by this subsection known to be false shall be guilty of a Class I felony.

(c) Void Contracts. — A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved by the Secretary of Administration. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (2002-189, s. 5.)

Editor's Note. — Session Laws 2002-189, s. 9, makes this section effective December 1, 2002, and applicable to contracts entered into on or after that date.

§ 143-59.3. Contracts for the purchase of reconstituted or recombined fluid milk products prohibited.

(a) As used in this section, "fluid milk product" has the same meaning as in 7 Code of Federal Regulations § 1000.15 (1 January 2003 Edition).

(b) No department, institution, or agency of the State shall enter into any contract for the purchase of any fluid milk product that is labeled or that is required to be labeled as "reconstituted" or "recombined".

(c) The Secretary of Administration may temporarily suspend the provisions of subsection (b) of this section in case of any emergency or pressing need as provided in G.S. 143-57. (2003-367, s. 1.)

Editor's Note. — Session Laws 2003-367, s. 2, made this section effective October 1, 2003, and applicable to any contract entered into on or after that date.

§ 143-60. Rules covering certain purposes.

The Secretary of Administration may adopt, modify, or abrogate rules covering the following purposes, in addition to those authorized elsewhere in this Article:

(1) Requiring reports by State departments, institutions, or agencies of stocks of supplies and materials and equipment on hand and prescribing the form of such reports.

(2) Prescribing the manner in which supplies, materials and equipment shall be delivered, stored and distributed.

(3) Prescribing the manner of inspecting deliveries of supplies, materials and equipment and making chemicals and/or physical tests of sam-

ples submitted with bids and samples of deliveries to determine whether deliveries have been made in compliance with specifications.

(4) Prescribing the manner in which purchases shall be made in emergencies.

(5) Providing for such other matters as may be necessary to give effect to foregoing rules and provisions of this Article.

(6) Prescribing the manner in which passenger vehicles shall be purchased.

Further, the Secretary of Administration may prescribe appropriate procedures necessary to enable the State, its institutions and agencies, to obtain materials surplus or otherwise available from federal, State or local governments or their disposal agencies.

Prior to taking any action under this section, the Secretary of Administration may consult with the Advisory Budget Commission. (1931, c. 261, s. 11; 1945, c. 145; 1957, c. 269, s. 3; 1961, c. 772; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1981, c. 268, s. 2; 1983, c. 717, ss. 67, 68; 1985 (Reg. Sess., 1986), c. 955, ss. 89, 90; 1987, c. 282, s. 27; c. 827, s. 217.)

§ 143-61: Repealed by Session Laws 1975, c. 879, s. 45.

§ 143-62. Law applicable to printing Supreme Court Reports not affected.

Nothing in this Article shall be construed as amending or repealing G.S. 7A-6(b), relating to the printing of the Supreme Court Reports, or in any way changing or interfering with the method of printing or contracting for the printing of the Supreme Court Reports as provided for in said section. (1931, c. 261, s. 13; 1969, c. 44, s. 75; 1971, c. 587, s. 1.)

§ 143-63. Financial interest of officers in sources of supply; acceptance of bribes.

Neither the Secretary of Administration, nor any assistant of his, nor any member of the Advisory Budget Commission shall be financially interested, or have any personal beneficial interest, either directly or indirectly, in the purchase of, or contract for, any materials, equipment or supplies, nor in any firm, corporation, partnership or association furnishing any such supplies, materials or equipment to the State government, or any of its departments, institutions or agencies, nor shall such Secretary, assistant, or member of the Commission accept or receive, directly or indirectly, from any person, firm or corporation to whom any contract may be awarded, by rebate, gifts or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future reward or compensation. Any violation of this section shall be deemed a Class F felony. Upon conviction thereof, any such Secretary, assistant or member of the Commission shall be removed from office. (1931, c. 261, s. 15; 1957, c. 269, s. 3; 1971, c. 587, s. 1; 1975, c. 879, s. 46; 1983, c. 717, s. 81; 1993, c. 539, s. 1311; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 143-63.1. Sale, disposal and destruction of firearms.

(a) Except as hereinafter provided, it shall be unlawful for any employee, officer or official of the State in the exercise of his official duty to sell or otherwise dispose of any pistol, revolver, shotgun or rifle to any person, firm, corporation, county or local governmental unit, law-enforcement agency, or other legal entity.

(b) It shall be lawful for the Department of Administration, in the exercise of its official duty, to sell any weapon described in subsection (a) hereof, to any county or local governmental unit, law-enforcement agency in the State; provided, however, that such law-enforcement agency files a written statement, duly notarized, with the seller of said weapon certifying that such weapon is needed in law enforcement by such law-enforcement agency.

(c) All weapons described in subsection (a) hereof which are not sold as herein provided within one year of being declared surplus property shall be destroyed by the Department of Administration.

(d) Notwithstanding the provisions of this section, but subject to the provisions of G.S. 20-187.2, the North Carolina State Highway Patrol, the North Carolina Department of Correction, and the North Carolina State Bureau of Investigation may sell, trade, or otherwise dispose of any or all surplus weapons they possess to any federally licensed firearm dealers. The sale, trade, or disposal of these weapons shall be in a manner prescribed by the Department of Administration. Any moneys or property obtained from the sale, trade, or disposal shall go to the general fund. (1973, c. 666, ss. 1-3; 1975, c. 879, s. 46; 1981, c. 604; 1981 (Reg. Sess., 1982), c. 1282, s. 52.)

OPINIONS OF ATTORNEY GENERAL

Section 20-187.2(a) Not Affected. — See opinion of Attorney General to Mr. R.D. McMillan, Jr., State Purchasing Officer, 43 N.C.A.G. 58 (1973), issued prior to enactment of subsection (d) of this section.

§ 143-64. Beverages contracts.

Notwithstanding any other provision of law, local school administrative units, community colleges, and constituent institutions of The University of North Carolina shall competitively bid contracts that involve the sale of juice or bottled water. The local school administrative units, community colleges, and constituent institutions may set quality standards for these beverages, and these standards may be used to accept or reject a bid. (2003-284, s. 6.15(a).)

Editor's Note. — Session Laws 2003-284, s. 6.15(b), made this section effective June 30, 2003, and applicable to contracts bid on or after that date.

Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Article 3A.

Surplus Property.

Part 1. State Surplus Property Agency.

§ 143-64.01. Department of Administration designated State Surplus Property Agency.

The Department of Administration is designated as the State agency for State surplus property, and with respect to the acquisition of State surplus property the agency shall be subject to the supervision and direction of the Secretary of Administration. (1991, c. 358, s. 2.)

Cross References. — As to surplus real property, see note under G.S. 146-22 regarding the provisions of Session Laws 2003-284, s. 6.8.

Editor's Note. — Session Laws 1991, c. 358, s. 2 enacted this part as new Article 31A1, G.S. 143-64.9A et seq. It has been redesignated as Part I of Article 3A, G.S. 143-64.01 et seq. Former Article 3A, G.S. 143-64.1 through 143-64.5, has been redesignated as Part II of this Article.

§ 143-64.02. Definitions.

As used in Part 1 of this Article, except where the context clearly requires otherwise:

(1) "Agency" means an existing department, institution, commission, committee, board, division, or bureau of the State.

(2) "Nonprofit tax exempt organizations" means those nonprofit tax exempt medical institutions, hospitals, clinics, health centers, school systems, schools, colleges, universities, schools for the mentally retarded, schools for the physically handicapped, radio and television stations licensed by the Federal Communications Commission as educational radio or educational television stations, public libraries, and civil defense organizations, that have been certified by the Internal Revenue Service as tax-exempt nonprofit organizations under section 501(c)(3) of the United States Internal Revenue Code of 1954.

(3) "Recyclable material" means a recyclable material, as defined in G.S. 130A-290, that the Secretary of Administration determines, consistent with G.S. 130A-309.14, to be a recyclable material. (1991, c. 358, s. 2; 1998-223, s. 1.)

§ 143-64.03. Powers and duties of the State agency for surplus property.

(a) The State Surplus Property Agency is authorized and directed to:

(1) Sell all supplies, materials, and equipment that are surplus, obsolete, or unused;

(2) Warehouse such property; and

(3) Distribute such property to tax-supported or nonprofit tax-exempt organizations.

(b) The State Surplus Property Agency is authorized and empowered to act as a clearinghouse of information for agencies and private nonprofit tax-exempt organizations, to locate property available for acquisition from State agencies, to ascertain the terms and conditions under which the property may be obtained, to receive requests from agencies and private nonprofit tax-exempt organizations, and transmit all available information about the property, and to aid and assist the agencies and private nonprofit tax-exempt organizations in transactions for the acquisition of State surplus property.

(c) The State agency for surplus property, in the administration of Part 1 of this Article, shall cooperate to the fullest extent consistent with the provisions of Part 1 of this Article, with the departments or agencies of the State.

(d) The State agency for surplus property may sell or otherwise dispose of surplus property, including motor vehicles, through an electronic auction service. (1991, c. 358, s. 2; 2003-284, s. 18.6(a).)

Editor's Note. — Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Effect of Amendments. — Session Laws 2003-284, s. 18.6.(a), effective July 1, 2003, added subsection (d).

§ 143-64.04. Powers of the Secretary to delegate authority.

(a) The Secretary of Administration may delegate to any employees of the State agency for surplus property such power and authority as he or they deem reasonable and proper for the effective administration of Part 1 of this Article. The Secretary of Administration may, in his discretion, bond any person in the employ of the State agency for surplus property, handling moneys, signing checks, or receiving or distributing property from the United States under authority of Part 1 of this Article.

(b) The Secretary of Administration may adopt rules necessary to carry out Part 1 of this Article. (1991, c. 358, s. 2.)

§ 143-64.05. Service charges for disposal of surplus property and recyclables; use of receipts from sale of surplus property and recyclable material.

(a) The State agency for surplus property may assess and collect a service charge for the acquisition, receipt, warehousing, distribution, or transfer of any State surplus property and for the transfer or sale of recyclable material.

(b) All receipts from the transfer or sale of surplus, obsolete, or unused equipment of State departments, institutions, and agencies that are supported by appropriations from the General Fund, except where the receipts have been anticipated for or budgeted against the cost of replacements, shall be credited by the Secretary to the Office of State Treasurer as nontax revenue.

(c) A department, institution, or agency may retain receipts derived from the transfer or sale of recyclable material, less any charge collected pursuant to subsection (a) of this section, and may use the receipts to defray the costs of its recycling activities. A contract for the transfer or sale of recyclable material to which a department, institution, or agency is a party shall not become effective until the contract is approved by the Secretary of Administration. The Secretary of Administration shall adopt rules governing the transfer or sale of recyclable material by a department, institution, or agency and specifying the conditions and procedures under which a department, institution, or agency may retain the receipts derived from the transfer or sale, including the appropriate allocation of receipts when more than one department, institution, or agency is involved in a recycling activity. (1991, c. 358, s. 2; 1991 (Reg. Sess., 1992), c. 900, s. 24; 1998-223, s. 2.)

Part 2. State Agency for Federal Surplus Property.

§ 143-64.1. Department of Administration designated State agency for federal surplus property.

The Department of Administration is hereby designated as the State agency for federal surplus property, and with respect to the acquisition of federal surplus property said agency shall be subject to the supervision and direction of the Secretary of Administration. (1953, c. 1262, s. 1; 1957, c. 269, s. 3; 1975, c. 879, s. 46; 1991, c. 358, s. 3.)

Editor's Note. — Session Laws 1991, c. 358, s. 2 enacted a new Article 31A1, G.S. 143-64.9A et seq. It was redesignated as Part I of this Article, G.S. 143-64.01 et seq. Former Article 3A, G.S. 143-64.1 through 143-64.5, has been redesignated as Part II of this Article. References to "this Article" throughout former Article 3A have been changed to "Part 2 of this Article."

State Government Reorganization. — The State agency for surplus property remains in the Department of Administration under G.S. 143B-368, enacted by Session Laws 1975, c. 879, which repealed former G.S. 143A-82.

§ 143-64.2. Authority and duties of the State agency for federal surplus property.

(a) The State agency for federal surplus property is hereby authorized and empowered

(1) To acquire from the United States of America such property, including equipment, materials, books, or other supplies under the control of any department or agency of the United States of America as may be usable and necessary for educational purposes, public health purposes, or civil defense purposes, including research;

(2) To warehouse such property; and

(3) To distribute such property to tax-supported or nonprofit and tax-exempt (under section 501(c)(3) of the United States Internal Revenue Code of 1954) medical institutions, hospitals, clinics, health centers, school systems, schools, colleges, universities, schools for the mentally retarded, schools for the physically handicapped, radio and television stations licensed by the Federal Communications Commission as educational radio or educational television stations, public libraries, civil defense organizations, and such other eligible donees within the State as are permitted to receive surplus property of the United States of America under the Federal Property and Administrative Services Act of 1949, as amended.

(b) The State agency for federal surplus property may adopt rules necessary to carry out Part 2 of this Article.

(c) The State agency for federal surplus property may appoint advisory boards or committees as needed to ensure that Part 2 of this Article and the rules adopted under Part 2 of this Article are consistent with federal law concerning surplus property.

(d) The State agency for surplus property is authorized and empowered to take such action, make such expenditures and enter into such contracts, agreements and undertakings for and in the name of the State, require such reports and make such investigations as may be required by law or regulation of the United States of America in connection with the receipt, warehousing, and distribution of property received by the State agency for federal surplus property from the United States of America.

(e) The State agency for federal surplus property is authorized and empowered to act as clearinghouse of information for the public and private nonprofit institutions and agencies referred to in subsection (a) of this section, to locate property available for acquisition from the United States of America, to ascertain the terms and conditions under which such property may be obtained, to receive requests from the above-mentioned institutions and agencies and to transmit to them all available information in reference to such property, and to aid and assist such institutions and agencies in every way possible in the consummation or acquisition or transactions hereunder.

(f) The State agency for federal surplus property, in the administration of Part 2 of this Article, shall cooperate to the fullest extent consistent with the provisions of Part 2 of this Article, with the departments or agencies of the United States of America and shall make such reports in such form and containing such information as the United States of America or any of its departments or agencies may from time to time require, and it shall comply with the laws of the United States of America and the rules and regulations of any of the departments or agencies of the United States of America governing the allocation, transfer, use, or accounting for, property donable or donated to the State. (1953, c. 1262, s. 2; 1965, c. 1105, ss. 1, 2; 1987, c. 827, s. 218; 1991, c. 358, s. 3.)

§ 143-64.3. Power of Department of Administration and Secretary to delegate authority.

The Department of Administration and/or the Secretary of Administration may delegate to any employees of the State agency for federal surplus property such power and authority as he or they deem reasonable and proper for the effective administration of Part 2 of this Article. The Department of Administration and/or the Secretary of Administration may, in his or their discretion, bond any person in the employ of the State agency for surplus property, handling moneys, signing checks, or receiving or distributing property from the United States under authority of Part 2 of this Article. (1953, c. 1262, s. 3; 1957, c. 269, s. 3; 1975, c. 879, s. 46; 1991, c. 358, s. 3.)

§ 143-64.4. Warehousing, transfer, etc., charges.

The State agency for federal surplus property is hereby authorized and empowered to assess and collect service charges or fees for the acquisition, receipts, warehousing, distribution or transfer of any property acquired by donation from the United States of America for educational purposes, public health purposes, public libraries or civil defense purposes, including research, and any such charges made or fees assessed shall be limited to those reasonably related to the costs of care and handling in respect to the acquisition, receipts, warehousing, distribution or transfer of the property by the State agency for surplus property. (1953, c. 1262, s. 4; 1965, c. 1105, s. 3; 1991, c. 358, s. 3.)

§ 143-64.5. Department of Agriculture and Consumer Services exempted from application of Article.

Notwithstanding any provisions or limitations of Part 2 of this Article, the North Carolina Department of Agriculture and Consumer Services is authorized and empowered to distribute food, surplus commodities and agricultural products under contracts and agreements with the federal government or any of its departments or agencies, and is authorized and empowered to adopt rules in order to conform with federal requirements and standards for such distribution and also for the proper distribution of such food, commodities and agricultural products. To the extent set forth above and in this section, the provisions of Part 2 of this Article shall not apply to the North Carolina Department of Agriculture and Consumer Services. (1953, c. 1262, s. 5; 1987, c. 827, s. 217; 1997-261, s. 89.)

Part 3. Public Agencies.

§ 143-64.6. Disposal of surplus property.

A county, municipality, or other public body may sell or otherwise dispose of surplus property, including motor vehicles, through an electronic auction service. (2003-284, s. 18.6(b).)

Editor's Note. — Session Laws 2003-284, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2003'."

Session Laws 2003-284, s. 49.5 is a severability clause.

Session Laws 2003-284, s. 49.6, made this Part effective July 1, 2003.

§§ 143-64.7 through 143-64.9: Reserved for future codification purposes.

Article 3B.

Energy Conservation in Public Facilities.

Part 1. Energy Policy and Life-Cycle Cost Analysis.

§ 143-64.10. Findings; policy.

(a) The General Assembly hereby finds:

(1) That the State shall take a leadership role in aggressively undertaking energy conservation in North Carolina;

(2) That State facilities have a significant impact on the State's consumption of energy;

(3) That energy conservation practices adopted for the design, construction, operation, maintenance, and renovation of these facilities and for the purchase, operation, and maintenance of equipment for these facilities will have a beneficial effect on the State's overall supply of energy;

(4) That the cost of the energy consumed by these facilities and the equipment for these facilities over the life of the facilities shall be considered, in addition to the initial cost;

(5) That the cost of energy is significant and facility designs shall take into consideration the total life-cycle cost, including the initial construction cost, and the cost, over the economic life of the facility, of the energy consumed, and of operation and maintenance of the facility as it affects energy consumption; and

(6) That State government shall undertake a program to reduce energy use in State facilities and equipment in those facilities in order to provide its citizens with an example of energy-use efficiency.

(b) It is the policy of the State of North Carolina to ensure that energy conservation practices are employed in the design, construction, operation, maintenance, and renovation of State facilities and in the purchase, operation, and maintenance of equipment for State facilities. (1975, c. 434, s. 1; 1993, c. 334, s. 2; 2001-415, s. 1.)

Editor's Note. — As to the design for construction of dormitories and the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-132, 143-134, 143-131, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for contracting and supervising the design, construction, or demolition of prison facilities, see Session laws 1987 (Reg. Sess., 1988), c. 1086, s. 123(b).

As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to the exemption of the Office of State Budget and Management from the requirements of this Article in administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this Article in the implementation of the providing of prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of contracting and supervising the construction of prison facilities upon meeting a verifiable ten percent (10%) goal for participating by minority and women-owned

businesses, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s. 41(b).

Triangle J Guidelines Pilot Program. — Session Laws 2001-415, ss. 7(a) to (e), provide: "(a) Triangle J Guidelines Pilot Program. — The General Assembly recognizes the State's need to understand how energy conservation measures are utilized in the construction or renovation of State facilities and how these measures benefit the State through cost savings and the protection of our natural resources. The General Assembly promotes the use of the Triangle J Council of Governments' High Performance Guidelines to achieve these goals and encourages any State entity to rate itself in accordance with these guidelines for the design, construction, operation, maintenance, or renovation of any State-assisted or State-owned facility.

"(b) To accomplish the goals described in Section 7(a) of this act, the Department of Administration shall implement a pilot program to review the use of the Triangle J Council of Governments' High Performance Guidelines in projects for the renovation or construction of State facilities.

"The Board of Governors of The University of North Carolina shall select at least four projects to participate in the pilot program, and the State Board of Community Colleges and the Office of State Budget, Planning, and Management [now the Office of State Budget and Management] shall select at least three projects each to participate in the program. One-third of the projects participating in this program shall be projects for the repair or renovation of a State facility, and the remaining projects shall be projects for the construction of State facilities.

"(c) The Department of Administration shall oversee the pilot program, and each entity involved shall submit all applicable information to the Department as it deems necessary, including compiling and submitting energy usage and cost data. The program shall include a one-year postoccupancy evaluation that shall be included as part of the evaluation of the Triangle J Council of Governments' High Performance Guidelines for each facility. The entities participating in this program shall explore the concept of a 'high performing facility' in assessing the use of the Triangle J Guidelines for these projects. For purposes of this section, 'high performing facility' means a building and surrounding environs designed using features that are energy efficient, incorporate reusable and renewable resources, provide natural lighting, are nontoxic, require low maintenance, are congruent with the natural characteristics of the site, incorporate water conservation measures, and cause minimum adverse impact to the environment as enacted in Section 2(11) of S.L. 2000-143.

"(d) The Department of Administration shall submit an interim report on the implementation of this program to the Senate and House of Representatives' Chairs of the Appropriations Committees, Chairs of General Government Appropriations Subcommittee, and the Joint Legislative Commission on Governmental Operations not later than December 15, 2002. The report shall discuss the benefits of using the Triangle J Council of Governments' High Performance Guidelines and make recommendations regarding the use of the Triangle J Guidelines in the projects participating in the program and other projects. The Department of Administration shall submit a final report to the Senate and House of Representatives' Chairs of the Appropriations Committees, Chairs of General Government Appropriations Subcommittee, and the Joint Legislative Commission on Governmental Operations not later than 18 months after completion of the last project participating in this program, if practicable.

"(e) This act shall not be construed to obligate the General Assembly to appropriate funds to implement the Triangle J Guidelines pilot program."

§ 143-64.11. Definitions.

For purposes of this Article:

(1) "Economic life" means the projected or anticipated useful life of a facility.

(2) "Energy-consumption analysis" means the evaluation of all energy-consuming systems and components by demand and type of energy, including the internal energy load imposed on a facility by its occupants, equipment and components, and the external energy load imposed on the facility by climatic conditions.

(2a) "Energy Office" means the State Energy Office of the Department of Administration.

(2b) "Energy-consuming system" includes but is not limited to the following equipment or measures:

a. Equipment used to heat, cool, or ventilate the facility;
b. Equipment used to heat water in the facility;
c. Lighting systems;
d. On-site equipment used to generate electricity for the facility;
e. On-site equipment that uses the sun, wind, oil, natural gas, liquid propane gas, coal, or electricity as a power source; and
f. Energy conservation measures in the facility design and construction that decrease the energy requirements of the facility.

(3) "Facility" means a building or a group of buildings served by a central energy distribution system or components of a central energy distribution system.
(4) "Initial cost" means the required cost necessary to construct or renovate a facility.
(5) "Life-cycle cost analysis" means an analytical technique that considers certain costs of owning, using, and operating a facility over its economic life, including but not limited to:
a. Initial costs;
b. System repair and replacement costs;
c. Maintenance costs;
d. Operating costs, including energy costs; and
e. Salvage value.
(6) Repealed by Session Laws 1993, c. 334, s. 3, effective July 13, 1993.
(7) "State agency" means the State of North Carolina or any board, bureau, commission, department, institution, or agency of the State.
(8) "State-assisted facility" means a facility constructed or renovated in whole or in part with State funds or with funds guaranteed or insured by a State agency.
(9) "State facility" means a facility constructed or renovated, by a State agency. (1975, c. 434, s. 2; 1989, c. 23, s. 1; 1993, c. 334, s. 3; 2001-415, s. 2.)

Editor's Note. — See the Editor's Notes under G.S. 143-64.10.

§ 143-64.12. Authority and duties of State agencies.

(a) The General Assembly authorizes and directs that State agencies shall carry out the construction and renovation of State facilities, under their jurisdiction in such a manner as to further the policy declared herein, ensuring the use of life-cycle cost analyses and energy-conservation practices.

(b) The Department of Administration shall develop and implement policies, procedures, and standards to ensure that State purchasing practices improve energy efficiency and take the cost of the product over the economic life of the product into consideration. The Department of Administration shall adopt and implement Building Energy Design Guidelines. These guidelines shall include energy-use goals and standards, economic assumptions for life-cycle cost analysis, and other criteria on building systems and technologies. The Department of Administration shall modify the design criteria for construction and renovation of facilities to require that a life-cycle cost analysis be conducted pursuant to G.S. 143-64.15. The Department of Administration, as part of the Facilities Condition and Assessment Program, shall identify and recommend energy conservation maintenance and operating procedures that are designed to reduce energy consumption within the facility and that require no significant expenditure of funds. State departments, institutions, or agencies shall implement these recommendations. Where energy management equipment is proposed for State facilities, the maximum interchangeability and compatibility of equipment components shall be required.

The Department of Administration shall develop a comprehensive energy management program for State government. Each State agency shall develop and implement an energy management plan that is consistent with the State's comprehensive energy management program.

(c) through (g) Repealed by Session Laws 1993, c. 334, s. 4. (1975, c. 434, s. 3; 1993, c. 334, s. 4; 2000-140, s. 76(f); 2001-415, s. 3.)

Editor's Note. — See the Editor's Notes under G.S. 143-64.10.

§ 143-64.13: Repealed by Session Laws 1993, c. 334, s. 5.

§ 143-64.14: Recodified as G.S. 143-64.16 by Session Laws 1993, c. 334, s. 7.

§ 143-64.15. Life-cycle cost analysis.

(a) A life-cycle cost analysis shall include, but not be limited to, the following elements:

(1) The coordination, orientation, and positioning of the facility on its physical site;

(2) The amount and type of fenestration employed in the facility;

(3) Thermal characteristics of materials and the amount of insulation incorporated into the facility design;

(4) The variable occupancy and operating conditions of the facility, including illumination levels; and

(5) Architectural features which affect energy consumption.

(b) The life-cycle cost analysis performed for any State facility shall, in addition to the requirements set forth in subsection (a) of this section, include, but not be limited to, the following:

(1) An energy-consumption analysis of the facility's energy-consuming systems in accordance with the provisions of subsection (g) of this section;

(2) The initial estimated cost of each energy-consuming system being compared and evaluated;

(3) The estimated annual operating cost of all utility requirements;

(4) The estimated annual cost of maintaining each energy-consuming system; and

(5) The average estimated replacement cost for each system expressed in annual terms for the economic life of the facility.

(c) The General Assembly requires each entity to conduct a life-cycle cost analysis pursuant to this section for the construction or the renovation of any State facility or State-assisted facility of 20,000 or more gross square feet.

(d) The life-cycle cost analysis shall be certified by a registered professional engineer or bear the seal of a North Carolina registered architect, or both. The engineer or architect shall be particularly qualified by training and experience for the type of work involved, but shall not be employed directly or indirectly by a fuel provider, utility company, or group supported by fuel providers or utility funds. Plans and specifications for facilities involving public funds shall be designed in conformance with the provisions of G.S. 133-1.1.

(e) In order to protect the integrity of historic buildings, no provision of this Article shall be interpreted to require the implementation of energy-cost measures that conflict with respect to any property eligible for, nominated to, or entered on the National Register of Historic Places, pursuant to the National Historic Preservation Act of 1966, P.L. 89-665; any historic building

located within an historic district as provided in Chapters 160A or 153A of the General Statutes; any historic building listed, owned, or under the jurisdiction of an historic properties commission as provided in Chapter 160A or 153A; nor any historic property owned by the State or assisted by the State.

(f) Each State agency shall use the life-cycle cost analysis over the economic life of the facility in selecting the optimum system or combination of systems to be incorporated into the design of the facility.

(g) The energy-consumption analysis of the operation of energy-consuming systems in a facility shall include, but not be limited to:

(1) The comparison of two or more system alternatives;

(2) The simulation or engineering evaluation of each system over the entire range of operation of the facility for a year's operating period; and

(3) The engineering evaluation of the energy consumption of component equipment in each system considering the operation of such components at other than full or rated outputs. (1993, c. 334, s. 6; 2001-415, ss. 4, 5.)

§ 143-64.15A. Certification of life-cycle cost analysis.

All State agencies under the jurisdiction of the Department of Administration performing a life-cycle cost analysis for the purpose of constructing or renovating any State facility shall, prior to selecting a design option or advertising for bids for construction, submit the life-cycle cost analysis to the Department for certification. The Department shall review the material submitted by the State agency, reserve the right to require agencies to complete additional analysis to comply with certification, perform any additional analysis, as necessary, to comply with G.S. 143- 341(11), and require that all construction or renovation conducted by the State agency comply with the certification issued by the Department. (2001-415, s. 6.)

§ 143-64.16. Application of Part.

The provisions of this Part shall not apply to municipalities or counties, nor to any agency or department of any municipality or county; provided, however, this Part shall apply to any board of a community college. Community college is defined in G.S. 115D-2(2). (1975, c. 434, s. 5; 1989, c. 23, s. 2; 1993, c. 334, s. 7; 1993 (Reg. Sess., 1994), c. 775, s. 2.)

Part 2. Guaranteed Energy Savings Contracts for Governmental Units.

§ 143-64.17. Definitions.

As used in this Part:

(1) "Energy conservation measure" means a facility alteration, training, or services related to the operation of the facility, when the alteration, training, or services provide anticipated energy savings. Energy conservation measure includes any of the following:

a. Insulation of the building structure and systems within the building.

b. Storm windows or doors, caulking, weatherstripping, multiglazed windows or doors, heat-absorbing or heat-reflective glazed or coated window or door systems, additional glazing, reductions in glass area, or other window or door system modifications that reduce energy consumption.

c. Automatic energy control systems.
d. Heating, ventilating, or air-conditioning system modifications or replacements.
e. Replacement or modification of lighting fixtures to increase the energy efficiency of a lighting system without increasing the overall illumination of a facility, unless an increase in illumination is necessary to conform to the applicable State or local building code or is required by the light system after the proposed modifications are made.
f. Energy recovery systems.
g. Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings.
h. Other energy conservation measures.

(2) "Energy savings" means a measured reduction in fuel costs, energy costs, or operating costs created from the implementation of one or more energy conservation measures when compared with an established baseline of previous fuel costs, energy costs, or operating costs developed by the governmental unit.

(2a) "Governmental unit" means either a local governmental unit or a State governmental unit.

(3) "Guaranteed energy savings contract" means a contract for the evaluation, recommendation, or implementation of energy conservation measures, including the design and installation of equipment or the repair or replacement of existing equipment, in which all payments, except obligations on termination of the contract before its expiration, are to be made over time, and in which energy savings are guaranteed to exceed costs.

(4) "Local governmental unit" means any board or governing body of a political subdivision of the State, including any board of a community college, any school board, or an agency, commission, or authority of a political subdivision of the State.

(5) "Qualified provider" means a person or business experienced in the design, implementation, and installation of energy conservation measures.

(6) "Request for proposals" means a negotiated procurement initiated by a governmental unit by way of a published notice that includes the following:
a. The name and address of the governmental unit.
b. The name, address, title, and telephone number of a contact person in the governmental unit.
c. Notice indicating that the governmental unit is requesting qualified providers to propose energy conservation measures through a guaranteed energy savings contract.
d. The date, time, and place where proposals must be received.
e. The evaluation criteria for assessing the proposals.
f. A statement reserving the right of the governmental unit to reject any or all the proposals.
g. Any other stipulations and clarifications the governmental unit may require.

(7) "State governmental unit" means the State or a department, an agency, a board, or a commission of the State, including the Board of Governors of The University of North Carolina and its constituent institutions. (1993 (Reg. Sess., 1994), c. 775, s. 3; 1995, c. 295, s. 1; 1999-235, ss. 1, 2; 2002-161, s. 2.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Effect of Amendments. — Session Laws 2002-161, s. 2, effective January 1, 2003, and applicable to contracts entered into on or after that date, in the Part heading deleted "Local" preceding "Governmental Units"; and in the section, added subdivisions (2a) and (7), and deleted "local" preceding "governmental unit" throughout subdivision (6).

§ 143-64.17A. Solicitation of guaranteed energy savings contracts.

(a) Before entering into a guaranteed energy savings contract, a governmental unit shall issue a request for proposals. Notice of the request shall be published at least 15 days in advance of the time specified for opening of the proposals in at least one newspaper of general circulation in the geographic area for which the local governmental unit is responsible or, in the case of a State governmental unit, in which the facility or facilities are located. No guaranteed energy savings contract shall be awarded by any governmental unit unless at least two proposals have been received from qualified providers. Provided that if after the publication of the notice of the request for proposals, fewer than two proposals have been received from qualified providers, the governmental unit shall again publish notice of the request and if as a result of the second notice, one or more proposals by qualified providers are received, the governmental unit may then open the proposals and select a qualified provider even if only one proposal is received.

(b) The governmental unit shall evaluate a sealed proposal from any qualified provider. Proposals shall contain estimates of all costs of installation, modification, or remodeling, including costs of design, engineering, installation, maintenance, repairs, debt service, and estimates of energy savings.

(c) In the case of a local governmental unit, proposals received pursuant to this section shall be opened by a member or an employee of the governing body of the local governmental unit at a public opening at which the contents of the proposals shall be announced and recorded in the minutes of the governing body. Proposals shall be evaluated for the local governmental unit by a licensed architect or engineer on the basis of:

(1) The information required in subsection (b) of this section; and

(2) The criteria stated in the request for proposals.

The local governmental unit may require a qualified provider to include in calculating the cost of a proposal for a guaranteed energy savings contract any reasonable fee payable by the local governmental unit for evaluation of the proposal by a licensed architect or professional engineer not employed as a member of the staff of the local governmental unit or the qualified provider.

(c1) In the case of a State governmental unit, proposals received pursuant to this section shall be opened by a member or an employee of the State governmental unit at a public opening and the contents of the proposals shall be announced at this opening. Proposals shall be evaluated for the State governmental unit by a licensed architect or engineer who is either privately retained, employed with the Department of Administration, or employed as a member of the staff of the State governmental unit. The proposal shall be evaluated on the basis of the information required in subsection (b) of this section and the criteria stated in the request for proposals.

The State governmental unit shall require a qualified provider to include in calculating the cost of a proposal for a guaranteed energy savings contract any reasonable fee payable by the State governmental unit for evaluation of the proposal by a licensed architect or professional engineer not employed as a member of the staff of the State governmental unit or the qualified provider. The Department of Administration may charge the State governmental unit a reasonable fee for the evaluation of the proposal if the Department's services

are used for the evaluation and the cost paid by the State governmental unit to the Department of Administration shall be calculated in the cost of the proposal under this subsection.

(d) The governmental unit shall select the qualified provider that it determines to best meet the needs of the governmental unit by evaluating all of the following:

(1) Prices offered.
(2) Proposed costs of construction, financing, maintenance, and training.
(3) Quality of the products proposed.
(4) Amount of energy savings.
(5) General reputation and performance capabilities of the qualified providers.
(6) Substantial conformity with the specifications and other conditions set forth in the request for proposals.
(7) Time specified in the proposals for the performance of the contract.
(8) Any other factors the governmental unit deems necessary, which factors shall be made a matter of record.

(e) Nothing in this section shall limit the authority of governmental units as set forth in Article 3D of this Chapter. (1993 (Reg. Sess., 1994), c. 775, s. 3; 2002-161, s. 3.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Effect of Amendments. — Session Laws 2002-161, s. 3, effective January 1, 2003, and applicable to contracts entered into on or after that date, rewrote the section.

§ 143-64.17B. Guaranteed energy savings contracts.

(a) A governmental unit may enter into a guaranteed energy savings contract with a qualified provider if all of the following apply:

(1) The term of the contract does not exceed 12 years from the date of the installation and acceptance by the governmental unit of the energy conservation measures provided for under the contract.
(2) The governmental unit finds that the energy savings resulting from the performance of the contract will equal or exceed the total cost of the contract.
(3) The energy conservation measures to be installed under the contract are for an existing building.

(b) Before entering into a guaranteed energy savings contract, the governmental unit shall provide published notice of the time and place or of the meeting at which it proposes to award the contract, the names of the parties to the proposed contract, and the contract's purpose. The notice must be published at least 15 days before the date of the proposed award or meeting.

(c) A qualified provider entering into a guaranteed energy savings contract under this Part shall provide security to the governmental unit in the form acceptable to the Office of the State Treasurer and in an amount equal to one hundred percent (100%) of the total cost of the guaranteed energy savings contract to assure the provider's faithful performance. Any bonds required by this subsection shall be subject to the provisions of Article 3 of Chapter 44A of the General Statutes. If the savings resulting from a guaranteed energy savings contract are not as great as projected under the contract and all required shortfall payments to the governmental unit have not been made, the governmental unit may terminate the contract without incurring any additional obligation to the qualified provider.

(d) As used in this section, "total cost" shall include, but not be limited to, costs of construction, costs of financing, and costs of maintenance and training during the term of the contract. "Total cost" does not include any obligations on

termination of the contract before its expiration, provided that those obligations are disclosed when the contract is executed.

(e) A guaranteed energy savings contract may not require the governmental unit to purchase a maintenance contract or other maintenance agreement from the qualified provider who installs energy conservation measures under the contract if the unit of government takes appropriate action to budget for its own forces or another provider to maintain new systems installed and existing systems affected by the guaranteed energy savings contract.

(f) In the case of a State governmental unit, a qualified provider shall, when feasible, after the acceptance of the proposal of the qualified provider by the State governmental unit, conduct an investment grade audit. If the results of the audit are not within ten percent (10%) of both the guaranteed savings contained in the proposal and the total proposal amount, either the State governmental unit or the qualified provider may terminate the project without incurring any additional obligation to the other party. However, if the State governmental unit terminates the project after the audit is conducted and the results of the audit are within ten percent (10%) of both the guaranteed savings contained in the proposal and the total proposal amount, the State governmental unit shall reimburse the qualified provider the reasonable cost incurred in conducting the audit, and the results of the audit shall become the property of the State governmental unit.

(g) In the case of a State governmental unit, a qualified provider shall provide an annual reconciliation statement based upon the results of the measurement and verification review. The statement shall disclose any shortfalls or surplus between guaranteed energy and operational savings specified in the guaranteed energy savings contract and actual, not stipulated, energy and operational savings incurred during a given guarantee year. The guarantee year shall consist of a 12- month term commencing from the time that the energy conservation measures become fully operational. A qualified provider shall pay the State governmental unit any shortfall in the guaranteed energy and operational savings after the total year savings have been determined. A surplus in any one year shall not be carried forward or applied to a shortfall in any other year. (1993 (Reg. Sess., 1994), c. 775, s. 3; 1995, c. 295, s. 2; 1999-235, s. 3; 2002-161, s. 4; 2003-138, s. 1.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Effect of Amendments. — Session Laws 2002-161, s. 4, effective January 1, 2003, and applicable to contracts entered into on or after that date, deleted "local" preceding "governmental unit" throughout; in subsection (b), inserted "time and place or of the" preceding "meeting at which" in the first sentence, and inserted "proposed award or" preceding "meeting" at the end of the second sentence; and in subsection (e), deleted "local" preceding "unit of government."

Session Laws 2003-138, s. 1, effective June 4, 2003, in the first sentence of subsection (c), substituted "security to the governmental unit in the form acceptable to the Office of the State Treasurer and in an amount equal to" for "a bond to the governmental unit in the amount equal to"; and added subsections (f) and (g).

§ 143-64.17C: Repealed by Session Laws 2002, ch. 161, s. 5, effective January 1, 2003, and applicable to contracts entered into on or after that date.

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

§ 143-64.17D. Contract continuance.

A guaranteed energy savings contract may extend beyond the fiscal year in which it becomes effective. Such a contract shall stipulate that it does not constitute a direct or indirect pledge of the taxing power or full faith and credit of any governmental unit. (1993 (Reg. Sess., 1994), c. 775, s. 3; 2002-161, s. 6.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Effect of Amendments. — Session Laws 2002-161, s. 6, effective January 1, 2003, and applicable to contracts entered into on or after that date, substituted "direct or indirect pledge of the taxing power or full faith and credit of any governmental unit" for "debt, liability, or obligation of any local governmental unit or a pledge of the faith and credit of any unit of local government" in the second sentence.

§ 143-64.17E. Payments under contract.

A local governmental unit may use any funds, whether operating or capital, that are not otherwise restricted by law for the payment of a guaranteed energy savings contract. State appropriations to any local governmental unit shall not be reduced as a result of energy savings occurring as a result of a guaranteed energy savings contract. (1993 (Reg. Sess., 1994), c. 775, s. 3.)

§ 143-64.17F. State agencies to use contracts when feasible; rules; recommendations.

(a) State governmental units shall evaluate the use of guaranteed energy savings contracts in reducing energy costs and may use those contracts when feasible and practical.

(b) The Department of Administration, through the State Energy Office, shall adopt rules for: (i) agency evaluation of guaranteed energy savings contracts; (ii) establishing time periods for consideration of guaranteed energy savings contracts by the Office of State Budget and Management, the Office of the State Treasurer, and the Council of State, and (iii) setting measurements and verification criteria, including review, audit, and precertification. Prior to adopting any rules pursuant to this section, the Department shall consult with and obtain approval of those rules from the State Treasurer.

(c) The Department of Administration, through the State Energy Office, may provide to the Council of State its recommendations concerning any energy savings contracts being considered. (2002-161, s. 7; 2003-138, s. 2.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Session Laws 2002-161, s. 13, made this section effective January 1, 2003, and applicable to contracts entered into on or after that date.

Effect of Amendments. — Session Laws 2003-138, s. 2, effective June 4, 2003, at the end of the section heading, added "rules; recommendations"; redesignated the formerly undesignated provisions of the section as present subsections (a) and (b); in subsection (b), rewrote the first sentence; and added subsection (c).

§ 143-64.17G. Report on guaranteed energy savings contracts.

A local governmental unit that enters into a guaranteed energy savings contract must report the contract and the terms of the contract to the Local Government Commission. The Commission shall compile the information and report it biennially to the Joint Commission on Governmental Operations. In

compiling the information, the Local Government Commission shall include information on the energy savings expected to be realized from a contract and, with the assistance of the Office of State Construction, shall evaluate whether expected savings have in fact been realized. (1993 (Reg. Sess., 1994), c. 775, s. 9.)

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 775, s. 9, has been codified at this section at the direction of the Revisor of Statutes.

Session Laws 1993 (Reg. Sess., 1994), c. 775, s. 10, as amended by Session Laws 1995, c. 295, s. 3, provided: "A local governmental unit may not enter into a guaranteed energy savings contract under Part 2 of Article 3B of Chapter 143 of the General Statutes, as enacted by this act, on or after July 1, 1999." Session Laws 1999-235, s. 4, repealed this provision.

§ 143-64.17H. Guaranteed energy savings contract reporting requirements.

A State governmental unit that enters into a guaranteed energy savings contract must report the contract and the terms of the contract to the State Energy Office of the Department of Administration within 30 days of the date the contract is entered into. In addition, within 60 days after each annual anniversary date of a guaranteed energy savings contract, the State governmental unit must report the status of the contract to the State Energy Office, including any details required by the State Energy Office. The State Energy Office shall compile the information for each fiscal year and report it to the Joint Legislative Commission on Governmental Operations and to the Local Government Commission annually by December 1. In compiling the information, the State Energy Office shall include information on the energy savings expected to be realized from a contract and shall evaluate whether expected savings have in fact been realized. (2002-161, s. 8.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Session Laws 2002-161, s. 13, made this section effective January 1, 2003, and applicable to contracts entered into on or after that date.

§ 143-64.17I. Installment and lease purchase contracts.

A local governmental unit may provide for the acquisition, installation, or maintenance of energy conservation measures acquired pursuant to this Part by installment or lease purchase contracts in accordance with and subject to the provisions of G.S. 160A-20 and G.S. 160A-19, as applicable. (2002-161, s. 8.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Session Laws 2002-161, s. 13, made this section effective January 1, 2003, and applicable to contracts entered into on or after that date.

§ 143-64.17J. Financing by State governmental units.

State governmental units may finance the acquisition, installation, or maintenance of energy conservation measures acquired pursuant to this Part in the manner and to the extent set forth in Article 8 of Chapter 142 of the General Statutes or as otherwise authorized by law. (2002-161, s. 8.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Session Laws 2002-161, s. 13, made this section effective January 1, 2003, and applicable to contracts entered into on or after that date.

§ 143-64.17K. Inspection and compliance certification for State governmental units.

The provisions of G.S. 143-341(3) shall not apply to any energy conservation measure for State governmental units provided pursuant to this Part, except as specifically set forth in this section. Except as otherwise exempt under G.S. 116-31.11, the following shall apply to all energy conservation measures provided to State governmental units pursuant to this Part:

(1) The provisions of G.S. 133-1.1.

(2) Inspection and certification by:

a. The applicable local building inspector under Part 4 of Article 18 of Chapter 153A of the General Statutes or Part 5 of Article 19 of Chapter 160A of the General Statutes; or

b. At the election of the State governmental unit, the Department of Administration under G.S. 143-341(3)d.

The cost of compliance with this section may be included in the cost of the project in accordance with G.S. 143-64.17A(c1) and may be included in the cost financed under Article 8 of Chapter 142 of the General Statutes. (2002-161, s. 8.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Session Laws 2002-161, s. 13, made this section effective January 1, 2003, and applicable to contracts entered into on or after that date.

§§ 143-64.17L through 143-64.19: Reserved for future codification purposes.

Article 3C.

Contracts to Obtain Consultant Services.

§ 143-64.20. "Agency" defined; Governor's approval required.

(a) For purposes of this Article the term "agency" shall mean every State agency, institution, board, commission, bureau, department, division, council, member of the Council of State, or officer of the State government.

(b) No State agency shall contract to obtain services of a consultant or advisory nature unless the proposed contract has been justified to and approved in writing by the Governor of North Carolina. All written approvals shall be maintained on file as part of the agency's records for not less than five years. (1975, c. 887, s. 1.)

Cross References. — As to the establishment of community penalty programs, see note under G.S. 143-48.

OPINIONS OF ATTORNEY GENERAL

Applicability of Article to Contracts for Planning, Design and Construction of Highways. — The provisions of Session Laws 1975, Chapter 887 applicable to "contracts for

services of a consultant or advisory nature" do not include contracts for the planning, design and construction of highways which the Board of Transportation is authorized to enter into by the provisions of Chapter 136 of the General Statutes. See opinion of Attorney General to Mr. Billy Rose, 45 N.C.A.G. 71 (1975).

Contracts with Experts, Consultants, or Other Professional Advisors to Review Conversion Plans Are Exempt from Articles 3 and 3C of Chapter 143. — The Commissioner of Insurance has statutory authority to contract with experts, consultants, or other professional advisors to review conversion plans without adhering to the requirements set forth in Articles 3 and 3C of Chapter 143, G.S. 143-48 et seq. and G.S. 143-64.20 et seq., the only statutory requirement that must be met by the Commissioner is that the costs for the personal professional service contracts must not exceed an amount that is reasonable and appropriate for the review of the plan. See opinion of Attorney General to Peter A. Kolbe, General Counsel, North Carolina Department of Insurance, 2001 N.C. AG LEXIS 28 (8/24/01).

Contracts negotiated pursuant to G.S. 58-19-15(f) are not exempt from the requirements of Article 3C of Chapter 143, G.S. 143-64.20 et seq. See opinion of Attorney General to Peter A. Kolbe, General Counsel, North Carolina Department of Insurance, 2001 N.C. AG LEXIS 29 (10/3/01).

The State Employees' Comprehensive Major Medical Plan is exempt from the requirements of Article 3C of Chapter 143, G.S. 143-64.20 et seq., with respect to contracts to assist the plan in negotiating preferred provider networks. See opinion of Attorney General to Jack W. Walker, Executive Administrator, Teachers' & State Employees' Comprehensive Major Medical Plan, 2001 N.C. AG LEXIS 38 (8/23/01).

§ 143-64.21. Findings to be made by Governor.

The Governor, before granting written approval of any such contract, must find:

(1) That the contract is reasonably necessary to the proper function of such State agency; and
(2) That such services or advice cannot be performed within the resources of such State agency;
(3) That the estimated cost is reasonable as compared with the likely benefits or results; and
(4) That the General Assembly has appropriated funds for such contract or that such funds are otherwise available; and
(5) That all rules and regulations of the Department of Administration have been or will be complied with. (1975, c. 879, s. 46; c. 887, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Compensation of Expert Retained to Assist in Reviewing Proposed Acquisition of Control. — Prior to granting written approval for a contract for the Commissioner of Insurance to retain an expert to assist in reviewing a proposed acquisition of control, the Governor must find that the estimated cost is reasonable as compared with the likely benefits or results. See opinion of Attorney General to Peter A. Kolbe, General Counsel, North Carolina Department of Insurance, 2001 N.C. AG LEXIS 29 (10/3/01).

§ 143-64.22. Contracts with other State agencies; competitive proposals.

The rules of the Department of Administration shall include provisions to assure that all consultant contracts let by State agencies shall be made with other agencies of the State of North Carolina, if such contract can reasonably be performed by them; or otherwise, that wherever practicable a sufficient number of sources for the performance of such contract are solicited for competitive proposals and that such proposals are properly evaluated for award to the State's best advantage. (1975, c. 879, s. 46; c. 887, s. 3; 1987, c. 827, s. 217.)

§ 143-64.23. Compliance required; penalty for violation of Article.

No disbursement of State funds shall be made and no such contract shall be binding until the provisions of G.S. 143-64.21 and 143-64.22 have been complied with. Any employee or official of the State of North Carolina who violates this Article shall be liable to repay any amount expended in violation of this Article, plus court costs. (1975, c. 887, s. 4.)

§ 143-64.24. Applicability of Article.

This Article shall not apply to the General Assembly, special study commissions, the Research Triangle Institute, or the Institute of Government, nor shall it apply to attorneys employed by the North Carolina Department of Justice, or physicians or doctors performing contractual services for any State agency. This Article shall not apply to Independent Review Organizations selected by the Commissioner of Insurance pursuant to G.S. 58-50-85. (1975, c. 887, s. 5; 1977, c. 802, s. 50.57; 2001-446, s. 4.6A.)

OPINIONS OF ATTORNEY GENERAL

Inapplicability to Certain Contracts. — This section is inapplicable to contracts entered into by the Department of Administration with engineering or architectural firms for planning, design, construction and renovation services. See opinion of Attorney General to Mr. Ray DeBruhl, Construction Division, Department of Administration, 51 N.C.A.G. 35 (1981).

§§ 143-64.25 through 143-64.30: Reserved for future codification purposes.

Article 3D.

Procurement of Architectural, Engineering, and Surveying Services.

§ 143-64.31. Declaration of public policy.

(a) It is the public policy of this State and all public subdivisions and Local Governmental Units thereof, except in cases of special emergency involving the health and safety of the people or their property, to announce all requirements for architectural, engineering, surveying and construction management at risk services, to select firms qualified to provide such services on the basis of demonstrated competence and qualification for the type of professional services required without regard to fee other than unit price information at this stage, and thereafter to negotiate a contract for those services at a fair and reasonable fee with the best qualified firm. If a contract cannot be negotiated with the best qualified firm, negotiations with that firm shall be terminated and initiated with the next best qualified firm. Selection of a firm under this Article shall include the use of good faith efforts by the public entity to notify minority firms of the opportunity to submit qualifications for consideration by the public entity.

(b) Public entities that contract with a construction manager at risk under this section shall report to the Secretary of Administration the following information on all projects where a construction manager at risk is utilized:

(1) A detailed explanation of the reason why the particular construction manager at risk was selected.

(2) The terms of the contract with the construction manager at risk.
(3) A list of all other firms considered but not selected as the construction manager at risk and the amount of their proposed fees for services.
(4) A report on the form of bidding utilized by the construction manager at risk on the project.

The Secretary of Administration shall adopt rules to implement the provisions of this subsection including the format and frequency of reporting. (1987, c. 102, s. 1; 1989, c. 230, s. 2; 2001-496, s. 1.)

Local Modification. — Currituck: 1993 (Reg. Sess., 1994), c. 668, s. 1 (expires on completion of project or January 1, 2004); Johnston: 1995 (Reg. Sess., 1996), c. 611, s. 1; 2002-93, s. 2 (expires June 30, 2005).

Cross References. — As to public contracts, see G.S. 143-128 et seq.

OPINIONS OF ATTORNEY GENERAL

This Section Does Not Apply to Subcontract Services Procured by Private Firms. — This section applies only to the procurement of architectural, engineering, or surveying services by state or local government entities and does not extend to subcontract services procured by private firms. See opinion of Attorney General to Jerry T. Carter, Executive Director, N.C. Board of Examiners for Engineers and Surveyors, 2001 N.C. AG LEXIS 23 (6/19/2001).

Legislative exemptions authorizing public "design-build" contracts are not intended to require strict compliance with this section; such should be presumed to supersede strict qualifications-based selection methods unless specifically stated otherwise in the authorizing legislation. See opinion of Attorney General to Jerry T. Carter, Executive Director, N.C. Board of Examiners for Engineers and Surveyors, 2001 N.C. AG LEXIS 23 (6/19/2001).

Award of Professional Services Contracts on Competitive Basis. — With respect to state-funded projects, professional services contracts may be awarded on a competitive basis in limited circumstances; however, before these contracts are awarded as a routine matter, the Department of Transportation should adopt rules and regulations governing their award. See opinion of Attorney General to Mr. Len Hill, P.E., Deputy Highway Administrator - Preconstruction, North Carolina Department of Transportation, 2000 N.C. AG LEXIS 3 (5/31/2000).

§ 143-64.32. Written exemption of particular contracts.

Units of local government or the North Carolina Department of Transportation may in writing exempt particular projects from the provisions of this Article in the case of:

(a) Proposed projects where an estimated professional fee is in an amount less than thirty thousand dollars ($30,000), or
(b) Other particular projects exempted in the sole discretion of the Department of Transportation or the unit of local government, stating the reasons therefor and the circumstances attendant thereto. (1987, c. 102, s. 2.)

Local Modification. — Currituck: 1993 (Reg. Sess., 1994), c. 668, s. 1 (expires on completion of project or January 1, 2004); Johnston: 1995 (Reg. Sess., 1996), c. 611, s. 1; 2002-93, s. 2 (expires June 30, 2005).

§ 143-64.33. Advice in selecting consultants or negotiating consultant contracts.

On architectural, engineering, or surveying contracts, the Department of Transportation or the Department of Administration may provide, upon request by a county, city, town or other subdivision of the State, advice in the process of selecting consultants or in negotiating consultant contracts with

architects, engineers, or surveyors or any or all. (1987, c. 102, s. 3; 1989, c. 230, s. 3; c. 770, s. 44.)

§ 143-64.34. (Effective until December 31, 2006) Exemption of certain projects.

(a) State Capital Improvement Projects under the jurisdiction of the State Building Commission where the estimated expenditure of public money is less than one hundred thousand dollars ($100,000) are exempt from the provisions of this Article.

(b) A capital improvement project of The University of North Carolina under G.S. 116-31.11 where the estimated expenditure of public money is less than three hundred thousand dollars ($300,000) is exempt from this Article if:

(1) The architectural, engineering, or surveying services to be rendered are under an open-end design agreement;

(2) The open-end design agreement has been publicly announced; and

(3) The open-end design agreement complies with procedures adopted by the University and approved by the State Building Commission under G.S. 116-31.11(a)(3). (1987, c. 102, s. 3.1; c. 830, s. 78(a); 1997-314, s. 1; 1997-412, s. 5; 2001-496, ss. 8(b), 8(c).)

Section Set Out Twice. — The section above is effective until December 31, 2006. For the section as amended effective December 31, 2006, see the following section, also numbered G.S. 143-64.34.

Effect of Amendments. — Session Laws 2001-496, s. 8(c), effective July 1, 2001, and expiring December 31, 2006, reenacted Session laws 1997-412, s. 5, which substituted "projects" for "State Capital Improvement Projects" in the section catchline; added the subsection (a) designation; and added subsection (b).

Legal Periodicals. — For 1997 legislative survey, see 20 Campbell L. Rev. 437.

§ 143-64.34. (Effective December 31, 2006) Exemption of certain State Capital Improvement Projects.

(a) State Capital Improvement Projects under the jurisdiction of the State Building Commission where the estimated expenditure of public money is less than one hundred thousand dollars ($100,000) are exempt from the provisions of this Article.

(b) Repealed by Session Laws 1997-412, s. 5.1, as amended by Session Laws 2001-496, s. 8(b), effective December 31, 2006. (1987, c. 102, s. 3.1; c. 830, s. 78(a); 1997-314, s. 1; 1997-412, ss. 5, 5.1; 2001-496, ss. 8(b), 8(c).)

Section Set Out Twice. — The section above is effective December 31, 2006. For the section as in effect until December 31, 2006, see the preceding section, also numbered G.S. 143-64.34.

Editor's Note. — Session Laws 2001-496, s. 8(b), effective July 1, 2001, and expiring December 31, 2006, repealed Session Laws 1997-412, s. 5.1, which effective July 1, 2001, would have deleted subsection (b), concerning exemption of capital improvement projects of the University of North Carolina where the expenditure is less than $300,000. This section is set out above as it will appear on December 31, 2006.

Session Laws 2001-496, s. 13.1, is a severability clause.

§§ 143-64.35 through 143-64.49: Reserved for future codification purposes.

Article 3E.

State/Public School Child Care Contracts.

§ 143-64.50. State/public school-contracted on-, near-site child care facilities; location authorization; contract for program services authorization.

State agencies and local boards of education may contract with any city, county, or other political subdivision of the State, governmental or private agency, person, association, or corporation to establish child care services in State buildings and public schools. If the child care program is located in a State building that is not used for legislative activity, the procedure for approving the location of the program shall be pursuant to G.S. 143-341(4). If the child care program is located in a State building used for legislative activity, the procedure for approving the location of the program shall be pursuant to G.S. 120-32.1. If the child care program is located in any other State building, the procedure for contracting for child care services shall be pursuant to G.S. 143-49(3). If the child care program is located in a State building used for legislative activity, the procedure for contracting for child care services shall be pursuant to G.S. 120-32(4).

Contracts for services awarded pursuant to this section are exempt from the provisions of G.S. 66-58(a) and the contract may provide for payment of rent by the lessee or the operator of the facility. (1991, c. 345, s. 1; 1997-506, s. 49.)

Editor's Note. — Section 2 of Session Laws 1991, c. 345 provides: "Nothing in this act shall be construed to allow the State of North Carolina to expend funds to implement the provisions of this act."

§ 143-64.51. State/public school-contracted child care facilities; licensing requirements.

All child care facilities established pursuant to this Article shall be licensed and regulated under the provisions of Article 7 of Chapter 110 of the General Statutes, entitled "Child Care Facilities." (1991, c. 345, s. 1; 1997-506, s. 50.)

§ 143-64.52. State/public school-contracted child care facilities; limitation of State/local board liability.

The operators of the child care facilities established pursuant to this Article shall assume all financial and legal responsibility for the operation of the programs and shall maintain adequate insurance coverage for the operations taking place in the facilities. Neither the operator or any of the staff of the facilities are considered State employees or local board of education employees by virtue of this Article alone. The State or the local boards of education are financially and legally responsible only for the maintenance of the building. (1991, c. 345, s. 1; 1997-506, s. 51.)

Article 3F.

State Privacy Act.

§ 143-64.60. State Privacy Act.

(a) It is unlawful for any State or local government agency to deny to any individual any right, benefit, or privilege provided by law because of such individual's refusal to disclose his social security account number.

The provisions of this subsection shall not apply with respect to:

(1) Any disclosure which is required or permitted by federal statute, or

(2) The disclosure of a social security number to any State or local agency maintaining a system of records in existence and operating before January 1, 1975, if such disclosure was required under statute or regulation adopted prior to such date to verify the identity of an individual.

(b) Any State or local government agency which requests an individual to disclose his social security account number shall inform that individual whether that disclosure is mandatory or voluntary, by what statutory or other authority such number is solicited, and what uses will be made of it. (2001-256, s. 1; 2001-487, s. 87.)

§§ 143-64.61 through 143-64.69: Reserved for future codification purposes.

Article 3G.

Personal Service Contracts.

§ 143-64.70. Personal service contracts — reporting requirements.

(a) By January 1, 2002, and quarterly thereafter, each State department, agency, and institution shall make a detailed written report to the Office of State Budget and Management and the Office of State Personnel on its utilization of personal services contracts. The report by each State department, agency, and institution shall include the following:

(1) The total number of personal services contractors in service during the reporting period.

(2) The type, duration, status, and cost of each contract.

(3) The number of contractors utilized per contract.

(4) A description of the functions and projects requiring contractual services.

(5) The number of contractors for each function or project.

(6) Identification of the State employee responsible for oversight of the performance of each contract and the number of contractors reporting to each contract manager or supervisor.

(b) By March 15, 2002, and biannually thereafter, the Office of State Budget and Management and the Office of State Personnel shall compile and analyze the information required under subsection (a) of this section and shall submit to the Joint Legislative Commission on Governmental Operations a detailed report on the type, number, duration, cost and effectiveness of State personal services contracts throughout State government. (2001-424, ss. 6.19(a), (b).)

§§ 143-64.71 through 143-64.79: Reserved for future codification purposes.

Article 3H.

Overpayments of State Funds.

§ 143-64.80. Overpayments of State funds to persons in State-supported positions; recoupment required.

(a) An overpayment of State funds to any person in a State-funded position, whether in the form of salary or otherwise, shall be recouped by the entity that made the overpayment and, to the extent allowed by law, the amount of the overpayment may be offset against the net wages of the person receiving the overpayment.

(b) No State department, agency, or institution, or other State-funded entity may forgive repayment of an overpayment of State funds, but shall have a duty to pursue the repayment of State funds by all lawful means available, including the filing of a civil action in the General Court of Justice. (2003-263, s. 1.)

Editor's Note. — Session Laws 2003-263, s. 2, made this Article effective June 26, 2003, and applicable to all overpayments of State funds made on or after that date.

§§ 143-64.81 through 143-64.85: Reserved for future codification purposes.

Article 4.

World War Veterans Loan Administration.

§§ 143-65 through 143-105: Deleted by Session Laws 1951, c. 349.

Article 5.

Check on License Forms, Tags and Certificates Used or Issued.

§ 143-106: Repealed by Session Laws 1983, c. 913, s. 33.

§ 143-107: Transferred to G.S. 143-106 by Session Laws 1951, c. 1010, s. 2.

Article 6.

Officers of State Institutions.

§ 143-108. Secretary to be elected from directors.

The board of directors of the various State institutions shall elect one of their number as secretary, who shall act as such at all regular or special meetings of such boards. (1907, c. 883, s. 1; C.S., s. 7517.)

§ 143-109. Directors to elect officers and employees.

All officers and employees of the various State institutions who hold elective positions shall be nominated and elected by the board of directors of the respective institutions. (1907, c. 883, s. 3; C.S., s. 7518.)

§ 143-110. Places vacated for failure to attend meetings.

Unless otherwise specially provided by law, whenever a trustee or director of any institution supported in whole or in part by State appropriation shall fail to be present for two successive years at the regular meetings of the board, his place as trustee or director shall be deemed vacant and shall be filled as provided by law for other vacancies on such boards.

This section shall not apply to any trustee or director who holds office as such by virtue of another public office held by him and shall not apply to any trustee or director chosen by any agency or authority other than the State of North Carolina. (1927, c. 225.)

§ 143-111. Director not to be elected to position under board.

It shall be unlawful for any board of directors, board of trustees or other governing body of any of the various State institutions (penal, charitable, or otherwise) to appoint or elect any person who may be or has been at any time within six months a member of such board of directors, board of trustees, or other governing body, to any position in the institution, which position may be under the control of such board of directors, board of trustees, or other governing body. (1909, c. 831; C.S., s. 7519.)

§ 143-112. Superintendents to be within call of board meetings.

The superintendent of each of the various State institutions shall be present on the premises of his institution and within the call of the board of directors during all regular or special meetings of the board, and shall respond to all calls of the board for any information which it may wish at his hands. (1907, c. 883, s. 1; C.S., s. 7520.)

§ 143-113. Trading by interested officials forbidden.

The directors, stewards, and superintendents of the State institutions shall not trade directly or indirectly with or among themselves, or with any concern in which they are interested, for any supplies needed by any such institutions. (1907, c. 883, s. 2; C.S., s. 7521.)

§ 143-114. Diversion of appropriations to State institutions.

It shall be unlawful for the board of trustees, board of directors, or other body controlling any State institution, to divert, use, or expend any moneys appropriated for the use of said institutions for its permanent improvement and enlargement to the payment of any of the current expenses of said institution or for the payment of the cost of the maintenance thereof; it shall likewise be unlawful for any board of trustees, board of directors, or other controlling body of any State institution to which money is appropriated for its maintenance by the State to divert, use or expend any money so appropriated

for maintenance, for the permanent enlargement or permanent equipment, or the purchase of land for said institution. (1921, c. 232, s. 1; C.S., s. 7521 (a).)

§ 143-115. Trustee, director, officer or employee violating law guilty of misdemeanor.

Any member or members of any board of trustees, board of directors, or other controlling body governing any of the institutions of the State, or any officer, employee of, or person holding any position with any of the institutions of the State, violating any of the provisions of G.S. 143-114, shall be guilty of a Class 1 misdemeanor, and upon conviction in any court of competent jurisdiction judgment shall be rendered by such court removing such member, officer, employee, or person holding any position from his place, office or position. (1921, c. 232, s. 2; C.S., s. 7521 (b); 1993, c. 539, s. 1005; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 143-116. Venue for trial of offenses.

All offenses against G.S. 143-114 and 143-115 shall be held to have been committed in the County of Wake and shall be tried and disposed of by the courts of said county having jurisdiction thereof. (1921, c. 232, s. 3; C.S., s. 7521 (c).)

§§ 143-116.1 through 143-116.5: Reserved for future codification purposes.

Article 6A.

Rules of Conduct; Traffic Laws for Institutions.

§ 143-116.6. Rules concerning conduct; violation.

(a) The Secretary of Health and Human Services may adopt rules for State-owned institutions under the jurisdiction of the Department of Health and Human Services for the regulation and deportment of persons in the buildings and grounds of the institutions, and for the suppression of nuisances and disorder. Rules adopted under this section shall be consistent with G.S. 14-132. Copies of the rules shall be posted at the entrance to the grounds and at different places on the grounds.

(b) Any person violating such rules shall, upon conviction, be guilty of a Class 2 misdemeanor. (1981, c. 614, s. 5; 1987, c. 827, s. 255; 1993, c. 539, s. 1006; 1994, Ex. Sess., c. 24, s. 14(c); 1997-443, s. 11A.118(a).)

§ 143-116.7. Motor vehicle laws applicable to streets, alleys and driveways on the grounds of Department of Health and Human Services institutions; traffic regulations; registration and regulation of motor vehicles.

(a) Except as otherwise provided in this section, all the provisions of Chapter 20 of the General Statutes relating to the use of the highways of the State and the operation of motor vehicles thereon are made applicable to the streets, alleys, roads and driveways on the grounds of all State institutions under the jurisdiction of the Department of Health and Human Services. Any

person violating any of the provisions of the Chapter in or on such streets, alleys, roads or driveways shall, upon conviction be punished as prescribed in this section. Nothing herein contained shall be construed as in any way interfering with the ownership and control of the streets, alleys, roads and driveways on the grounds of the State institutions operated by the Department of Health and Human Services.

(b) The Secretary of Health and Human Services may adopt rules consistent with the provisions of Chapter 20 of the General Statutes, with respect to the use of the streets, alleys, and driveways of institutions of the Department of Health and Human Services. Based upon a traffic and engineering investigation, the Secretary of Health and Human Services may also determine and establish speed limits on streets lower than those provided in G.S. 20-141.

(c) The Secretary may, by rule, regulate parking and establish parking areas on the grounds of institutions of the Department of Health and Human Services.

(d) The Secretary may, by rule, provide for the registration and parking of motor vehicles maintained and operated by employees of the institution, and may fix fees, not to exceed ten dollars ($10.00) per year, for such registration.

(e) Rules adopted under this section may provide that violation subjects the offender to a civil penalty, not to exceed fifty dollars ($50.00). Penalties may be graduated according to the seriousness of the offense or the number of prior offenses by the person charged but shall not exceed fifty dollars ($50.00). The Secretary may establish procedures for the collection of penalties, and they may be enforced by civil action in the nature of debt.

(f) A rule adopted under this section may provide for the removal of illegally parked motor vehicles. Any such removal must be in compliance with Article 7A of Chapter 20 of the General Statutes.

(g) Any violation under this section or of a provision of Chapter 20 of the General Statutes made applicable to the grounds of State institutions solely by operation of this section shall be considered an infraction and shall be subject to an infraction penalty not to exceed fifty dollars ($50.00). A rule adopted under this section may provide that a violation shall not be an infraction, but shall be enforced by other methods available, including the methods authorized by subsection (e).

(h) Any fees or civil penalties collected pursuant to this section shall be deposited in the General Fund Budget Code of the institution where the fees or civil penalties are collected and shall only be used to support the cost of administration of this section. Infraction penalties shall be disbursed as provided in G.S. 14-3.1(a). (1981, c. 614, s. 5; 1985, c. 672; c. 764, s. 39; 1985 (Reg. Sess., 1986), c. 852, ss. 13, 14; 1987, c. 827, s. 256; 1997-443, s. 11A.118(a).)

§ 143-116.8. Motor vehicle laws applicable to State parks and forests road system.

(a) Except as otherwise provided in this section, all the provisions of Chapter 20 of the General Statutes relating to the use of highways and public vehicular areas of the State and the operation of vehicles thereon are made applicable to the State parks and forests road system. For the purposes of this section, the term "State parks and forests road system" shall mean the streets, alleys, roads, public vehicular areas and driveways of the State parks, State forests, State recreation areas, State lakes, and all other lands administered by the Department of Environment and Natural Resources. This term shall not be construed, however, to include streets that are a part of the State highway system. Any person violating any of the provisions of Chapter 20 hereby made applicable in the State parks and forests road system shall, upon conviction, be

punished in accordance with Chapter 20. Nothing herein contained shall be construed as in any way interfering with the ownership and control of the State parks and forests road system by the Department of Environment and Natural Resources.

(b)(1) It shall be unlawful for a person to operate a vehicle in the State parks and forests road system at a speed in excess of twenty-five miles per hour (25 mph). When the Secretary of Environment and Natural Resources determines that this speed is greater than reasonable and safe under the conditions found to exist in the State parks and forests road system, the Secretary may establish a lower reasonable and safe speed limit. No speed limit established by the Secretary pursuant to this provision shall be effective until posted in the part of the system sought to be affected.

(2) Any person convicted of violating this subsection by operating a vehicle on the State parks and forests road system while fleeing or attempting to elude arrest or apprehension by a law enforcement officer with authority to enforce the motor vehicle laws, shall be punished as provided in G.S. 20-141.5.

(3) For the purposes of enforcement and administration of Chapter 20, the speed limits stated and authorized to be adopted by this section are speed limits under Chapter 20.

(4) The Secretary may designate any part of the State parks and forests road system for one-way traffic and shall erect appropriate signs giving notice thereof. It shall be a violation of G.S. 20-165.1 for any person to willfully drive or operate any vehicle on any part of the State parks and forests road system so designated except in the direction indicated.

(5) The Secretary shall have power, equal to the power of local authorities under G.S. 20-158 and G.S. 20-158.1, to place vehicle control signs and signals and yield-right-of-way signs in the State parks and forests road system; the Secretary also shall have power to post such other signs and markers and mark the roads in accordance with Chapter 20 as the Secretary may determine appropriate for highway safety and traffic control. The failure of any vehicle driver to obey any vehicle control sign or signal, or any yield-right-of-way sign placed under the authority of this section in the State parks and forests road system shall be an infraction and shall be punished as provided in G.S. 20-176.

(c) The Secretary of Environment and Natural Resources may, by rule, regulate parking and establish parking areas, and provide for the removal of illegally parked motor vehicles on the State parks and forests road system. Any rule of the Secretary shall be consistent with the provisions of G.S. 20-161, 20-161.1, and 20-162. Any removal of illegally parked motor vehicles shall be in compliance with Article 7A of Chapter 20.

(d) A violation of the rules issued by the Secretary of Environment and Natural Resources under subsection (c) of this section is an infraction pursuant to G.S. 20-162.1, and shall be punished as therein provided. These rules may be enforced by the Commissioner of Motor Vehicles, the Highway Patrol, or other law enforcement officers of the State, counties, cities or other municipalities having authority under Chapter 20 to enforce laws or rules on travel or use or operation of vehicles or the use or protection of the highways of the State.

(e) The provisions of Chapter 20 are applicable at all times to the State parks and forests road system, including closing hours, regardless of the fact that during closing hours the State parks and forests road system is not open

to the public as a matter of right. (1987, c. 474, s. 1; 1989, c. 727, s. 218(96); 1997-443, ss. 11A.119(a), 19.26(e).)

Article 7.

Persons Admitted to Department of Health and Human Services Institutions to Pay Costs.

§ 143-117. Institutions included.

All persons admitted to the following institutions operated by the Department of Health and Human Services are required to pay the actual cost of their care, treatment, training and maintenance at these institutions: regional psychiatric hospitals, special care centers, regional mental retardation centers, schools for emotionally disturbed children, and alcohol and drug abuse treatment centers. (1925, c. 120, s. 1; 1949, c. 1070; 1957, c. 1232, s. 29; 1959, c. 1028, ss. 1-7; 1967, c. 188, s. 1; c. 834, s. 1; 1969, c. 20; c. 837, s. 4; 1971, c. 469; 1981, c. 562, s. 6; 1985, c. 508, s. 2; 1987, c. 856, s. 14; 1989, c. 145, s. 2; 1997-443, ss. 11A.92, 11A.118(a).)

Editor's Note. — Session Laws 1987, c. 856, s. 20 provided that ss. 1 through 19 would be effective only upon agreement by Duke University to the terms of ss. 21 through 26 of the act and certification of that fact by the Secretary of the Department of Human Resources to the Governor, and ss. 12 to 17 would be effective on the date of the transfer. Section 20 further provided that any disputes arising out of the transfer would be resolved by the Director of Budget.

Sections 21 through 26 of the act provided terms for the transfer of the Lenox Baker Hospital to Duke University.

The letter of certification from the Secretary of the Department of Human Resources was dated October 5, 1988, but it appears that this was a typographical error and that October 5, 1987, was the correct date.

Legal Periodicals. — For survey of 1977 constitutional law, see 56 N.C.L. Rev. 943 (1978).

CASE NOTES

This Article is constitutional. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

And Is Not an Impermissible Delegation of Power. — This Article sets forth adequate standards from which the various boards of trustees or directors of institutions can ascertain the charges against a patient and is not an impermissible delegation of power to the hospital board. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

Legislative Policy. — The policy stated by the General Assembly is that all persons admitted to State hospitals must pay the actual cost of their care, treatment and maintenance. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

Applicability. — This section applies to any person confined to a State institution, as defined in this section, regardless of the origin of the commitment. State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

This Article is applicable to the criminally insane as well as to the civilly committed. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

Cost Charged as Compensation for Services Rendered. — The cost charged by this Article is not characteristic of a tax. It is compensation for services rendered the respective inmates or patients by the hospital. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

As to collection from defendant of costs for period from declaration of incompetency to stand trial and trial, see State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

As to collection from defendant of costs arising during period following acquittal by reason of insanity, see State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

As to collection from defendant of costs during period from acquittal by reason of insanity and release from institution, see State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

Cited in Graham v. Reserve Life Ins. Co., 274 N.C. 115, 161 S.E.2d 485 (1968); State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

§ 143-117.1. Definitions.

As used in this Article, the following terms have the meaning specified unless the content clearly implies otherwise:

(1) "Care" means care, treatment, training, maintenance, habilitation and rehabilitation of a person admitted to institutions covered by this Article.

(2) "Department" means the Department of Health and Human Services.

(3) "Persons admitted" means clients of regional psychiatric hospitals, State special care centers, regional mental retardation centers, schools for emotionally disturbed children, and alcohol and drug abuse treatment centers, including clients who may be treated on an outpatient basis.

(4) "Secretary" means the Secretary of Health and Human Services. (1985, c. 508, s. 3; 1987, c. 856, s. 15; 1989, c. 145, s. 3; c. 770, s. 41; 1997-443, s. 11A.118(a).)

Editor's Note. — Session Laws 1987, c. 856, s. 20 provided that ss. 1 through 19 would be effective only upon agreement by Duke University to the terms of ss. 21 through 26 of the act and certification of that fact by the Secretary of the Department of Human Resources to the Governor, and ss. 12 to 17 would be effective on the date of the transfer. Section 20 further provided that any disputes arising out of the transfer would be resolved by the Director of Budget.

Sections 21 through 26 of the act provided terms for the transfer of the Lenox Baker Hospital to Duke University.

The letter of certification from the Secretary of the Department of Human Resources was dated October 5, 1988, but it appears that this was a typographical error and that October 5, 1987, was the correct date.

§ 143-118. Secretary of Health and Human Services to fix cost and charges.

(a) The Secretary shall determine and fix the actual cost of care to be paid by and for each person admitted to an institution. The Secretary is given full and final authority to fix a general rate of charge based on said actual cost of providing care, to be paid by persons admitted able to pay the rate or charge, or, in cases where indigent persons admitted are later found to be nonindigent, then cost for their care shall be paid in one or more payments based on the rate of charge in effect for the period or periods of time during which the persons admitted were receiving care in the institutions.

(b), (c) Repealed by Session Laws 1985, c. 508, s. 5, effective October 1, 1985.

(d) The Secretary shall ascertain which of the persons admitted or persons legally responsible for them are financially able to pay the cost fixed.

(e) The Secretary is empowered to enter into contracts of compromise of accounts owing to the institution for past, present or future care at the institutions, including but not limited to the authority to enter into a contract to charge nothing, which contract shall be binding on the respective institution under the terms and for the period specified in the contract. The rates set by the compromise shall be determined in the discretion of the Secretary by the ability to pay of the person admitted or the person legally responsible for his support. This subsection shall not be construed as mandatory and if a contract

is not entered into or terminates or if the obligor defaults in the payment of a compromise account or any installment, then the full actual cost of care shall be assessed against the person admitted.

(f) For any client admitted under Part 2 of Article 5 of G.S. 122C to a State facility for the mentally ill designated for research purposes in accordance with G.S. 122C-210.2, the Secretary may reduce the rates set by compromise in G.S. 143-118(e) by not more than one-half the amount of that rate. (1925, c. 120, s. 2; 1935, c. 186, s. 1; 1981, c. 562, s. 6; 1985, c. 508, ss. 4-6; 1987, c. 358, s. 2; 1997-443, s. 11A.118(a).)

CASE NOTES

Legislative Policy. — The policy stated by the General Assembly is that all persons admitted to State hospitals must pay the actual cost of their care, treatment and maintenance. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

This section sets forth the guidelines to be followed by the board and empowers it to fix the actual cost of maintaining an individual in a State institution. State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

Cited in State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

§ 143-118.1: Repealed by Session Laws 1987, c. 699, s. 1.

§ 143-119. Payments.

(a) The cost of care when fixed by the Secretary shall be paid by the person admitted or by the person legally responsible for payment. The payment of the cost of care constitutes a valid expenditure of funds held by a fiduciary of a person admitted, including Clerks of Court, and a receipt for payment of such costs shall be a valid voucher in the fiduciary's settlement of his accounts of his trust.

(b) Immediately upon the determination of the cost, the person admitted or the person legally responsible for paying the cost shall be notified of the amount due and a statement shall be rendered on a monthly basis.

(c) If the person admitted or the person legally responsible for paying the cost is not able to pay the total cost due on a monthly basis, the Secretary may arrange for the payment of a portion of the cost monthly and extend the payments until the costs are paid or may arrange for any other method of payment.

(d) The institutions shall maintain a list of all unpaid accounts for audit by the State auditors.

(e) The Secretary may discharge from the institution persons admitted who have been found able to pay but who refuse to pay costs fixed against them, unless the person was committed by an order of a court of competent jurisdiction. (1925, c. 120, s. 3; 1935, c. 186, s. 2; 1983, c. 23, s. 2; c. 806; 1985, c. 508, s. 7.)

CASE NOTES

Equitable Enforcement Options. — It is clear from a complete reading of this section that dismissal from an institution for failure to pay is only one of the options created by the statute to enforce payment as equitably as possible. State ex rel. Dorothea Dix Hosp. v. Davis, 27 N.C. App. 479, 219 S.E.2d 660 (1975), aff'd, 292 N.C. 147, 232 S.E.2d 698 (1977).

§ 143-120: Repealed by Session Laws 1985, c. 508, s. 8.

§ 143-121. Action to recover costs.

(a) Immediately upon the fixing of the amount of actual cost, a cause of action shall accrue for the costs in favor of the State for the use of the institution in which the person admitted received care against the person admitted or person legally responsible for paying the costs.

(b) The State for the use of the institution may sue upon the cause of action in the courts of Wake County, in the courts of the county in which the institution is located, or in the courts of the county where the defendant resides.

(c) In any action to recover the cost of care, a verified and itemized statement of the account signed by the reimbursement director of the institution showing the period of time during which the person admitted was receiving care in the institution, the daily or monthly rate of charge fixed by the Secretary, the total amount due on the account, and the proper credits for any payments which may have been made on the account, shall be filed with the complaint and shall constitute a prima facie case. The State shall be entitled to a judgment in the case in the absence of allegation and proof on the part of the person admitted or person legally responsible for paying the costs that the verified and itemized statement is not correct because of:

(1) An error in the calculation of the amount due predicated upon the rate of charge fixed by the Secretary;

(2) An error as to the period of time during which the person admitted received care in the institution; or

(3) An error in not properly crediting the account with any payment which may have been made.

(d) The provisions of this Article directing the Secretary to determine which of the persons admitted are nonindigent and able to pay for their care, notify the person admitted or person legally responsible for the cost of his care of the amount due, to render a statement of the amount due monthly, to discharge persons admitted found able to pay but who refuse to pay and all of the other provisions relating to the manner in which the Secretary shall assess and collect costs are directory and not mandatory. The failure of the Secretary to perform any of these provisions shall not affect the right of the State to recover in any action brought for the cost of care against the person admitted, a person legally responsible for the cost of his care, or his estate if he has died. (1925, c. 120, s. 5; 1985, c. 508, s. 9.)

CASE NOTES

No Constitutional Provision for Maintenance of Nonindigent Insane Person at State Expense. — There is no provision in the Constitution requiring or authorizing the General Assembly to provide for the care, treatment, or maintenance of nonindigent insane persons at the expense of the State. The General Assembly has at all times by appropriate statutes required such persons to pay at least the actual cost of their care, treatment, and maintenance while they are patients in State institutions. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

When Action May Be Instituted. — An action under this section to recover for treatment and maintenance of an incompetent at a State hospital need not be instituted while the patient is receiving such treatment and maintenance, but may be brought after the patient has left the State hospital, the State not being relegated after the patient leaves the hospital to an action under G.S. 143-126 against the patient's estate. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

Funds for Future Support of Incompetent and Family Need Not Be Set Aside Prior to Recovery. — In an action under this section to recover for treatment and maintenance of an incompetent at a State hospital, it is not required that sufficient funds be set aside

and retained by the incompetent for his future support and maintenance and for that of members of his family who are dependent upon him before the State is entitled to recovery. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935); State ex rel. Dorothea Dix Hosp. v. Davis, 292 N.C. 147, 232 S.E.2d 698 (1977).

§ 143-121.1. Ratification of past acts.

The past acts of the Secretary, boards of directors of the institutions and the North Carolina Hospital Board of Control in fixing the rate to be paid by persons admitted are hereby in every respect ratified and validated, and on all claims and causes of action now pending or which hereafter may be made or begun for the payment of the past indebtedness for care, the rates fixed by the party authorized the fix rates at the time the care was provided shall prevail and collections shall be made in accordance with those rates unless the Secretary enters into a contract compromising the account. (1985, c. 508, s. 10.)

§ 143-122. No limitation of action.

No statute of limitation shall apply to or constitute a defense to any cause of action asserted by the State under this Article and all statutes containing limitations which might apply to these actions are hereby repealed as to all such causes of action for costs previously incurred and now remaining unpaid. (1925, c. 120, s. 6; 1985, c. 508, s. 11.)

CASE NOTES

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ 143-123. Power to admit indigent persons.

(a) This Article shall not be construed to limit the authority of the institutions to provide care to all indigent persons who are otherwise entitled to admission in any of the institutions.

(b) If at any time any person admitted and determined to be indigent shall succeed to or inherit, or acquire, in any manner, property or otherwise be reputed to be solvent, then the State shall have the full right and authority to collect and sue for the entire cost of care without hinderance of any statute of limitations. (1925, c. 120, s. 7; 1985, c. 508, s. 11.)

CASE NOTES

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ 143-124. Suit by Attorney General; venue.

At the request of the institution, all actions and suits shall be prosecuted by the Attorney General. The institution shall have the right to select the venue of the action. (1925, c. 120, s. 8; 1985, c. 508, s. 11.)

§ 143-125. Judgment; never barred.

Any judgment obtained by the State under this Article shall never be barred by any statute of limitation but shall to the extent unpaid continue in force; and, at the request of the Attorney General or the director of the institution, the clerk shall issue an execution. (1925, c. 120, s. 9; 1985, c. 508, s. 11.)

§ 143-126. Death of a person admitted; lien on estate.

(a) In the event of the death of person admitted, leaving any cost of care unpaid, then the unpaid cost shall constitute a lien on all property, both real and personal of the decedent and shall be payable from the decedent's estate as a fourth class claim after the payment of taxes to the State or its subdivisions.

(b) Upon the death of person admitted, the Department shall file a verified statement of account containing the following:

(1) The name of the person admitted;
(2) The date of death of the person admitted;
(3) The inclusive dates of the provision of care;
(4) The name of the institution providing care; and
(5) The amount of the unpaid balance.

The statement shall be filed in the office of the clerk of superior court in the county of residence of the deceased person admitted and in the county or counties in which real property is located in which the decedent owns an interest. The statement shall be docketed and indexed by the clerk.

(c) From the time of docketing, the statement shall be and constitute due notice of a lien against all real property then owned in whole or in part by the decedent and lying in such county to the extent of the total amount of the unpaid balance for the decedent's care as evidenced by the verified statement of account. Payments made by a fiduciary including those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(d) No action to enforce such lien may be brought more than three years from the date of death of the person admitted. The failure to bring such action or the failure of the Department to file such statement shall not be a complete bar against recovery but shall only extinguish the lien and priority established by it.

(e) Upon receipt of the unpaid balance by the institution or Department or upon agreement of compromise of such unpaid balance, the Department shall notify the clerks of superior court in the counties where the lien has been recorded that the unpaid balance has been paid, and the clerks shall cancel the lien of record. (1925, c. 120, s. 10; 1967, c. 960; 1973, c. 476, s. 133; 1985, c. 508, s. 11.)

OPINIONS OF ATTORNEY GENERAL

The lien created by this section does not have priority over costs of administration, but falls within the fourth class of former G.S. 28-105. See opinion of Attorney General to Mr. Frankie Williams, Clerk of the Superior Court, Rockingham County, 43 N.C.A.G. 304 (1974).

As to priority of widow's and child's allowances, see opinion of Attorney General to Elmanda S. Yates, Assistant Clerk, Superior Court, Davidson County, 42 N.C.A.G. 263 (1973).

As to limits on priority of funeral expenses, see opinion of Attorney General to Elmanda S. Yates, Assistant Clerk, Superior Court, Davidson County, 42 N.C.A.G. 262 (1973).

§ 143-126.1. Lien on property for unpaid balance due institution.

(a) There is hereby created a general lien on both the real and personal property of any person admitted who is receiving or who has received care in any of the institutions operated by the Department of Health and Human Services to the extent of the total amount of the unpaid balance shown on the verified statement of account for charges from and after July 1, 1967.

(b) Such general lien for the unpaid balance for care at the institutions shall apply to the property, both real and personal, of the person admitted whether held by him or his trustee or guardian.

(c) At the time deemed suitable in the discretion of the Department, there may be filed a verified statement of account containing the following:

(1) The name of the person admitted;

(2) The inclusive dates of the provision of care and a statement that care is continuing if applicable;

(3) The name of the institution providing care; and

(4) The amount of the unpaid balance.

The statement may be filed in the office of the clerk of superior court in the county of residence of the person admitted and in each county or counties where real property in which the patient owns an interest is found. The statement shall be docketed and indexed by the clerk.

(d) From the time of docketing, the statement shall be and constitute due notice of a lien against the real property then owned or thereafter acquired by the patient and lying in such county to the extent of the total amount of the unpaid balance for the person admitted's care as evidenced by the verified statement of account for charges from and after July 1, 1967. Payments made by a fiduciary, including those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(e) The lien thus established shall take priority over all other liens subsequently acquired and shall continue from the date of filing until satisfied. No action to enforce such lien may be brought more than three years from the last date of filing of such lien nor more than three years after the death of any person admitted. The failure to bring such action or the failure of the Department to file said statement shall not be a complete bar against recovery but shall only extinguish the lien and priority established by it.

(f) Upon receipt of the full unpaid balance by the institution or Department or upon agreement of compromise of such unpaid balance, the Department shall notify the clerks of superior court in the counties where the lien has been docketed that the unpaid balance has been paid, and the clerks shall cancel the lien of record.

(g) Notwithstanding the foregoing provisions, no such lien shall be enforceable against any funds paid by the State to a person admitted after judgment or settlement of a claim for damages arising out of the negligent injury of such person at any of the institutions during the life of person admitted. Upon the death of the person admitted, any remaining proceeds of a judgment or settlement under this subsection in the hands of the deceased shall become a general asset of the estate and subject to any lien of the State. (1967, c. 959; 1973, c. 476, s. 133; 1979, c. 978, s. 1; 1985, c. 508, s. 11; 1997-443, s. 11A.118(a).)

OPINIONS OF ATTORNEY GENERAL

Eligibility for Assistance Payments. — As to determination of whether a patient in a State hospital who has real or personal property on which there is a lien in favor of the

State by virtue of this section has a reserve of assets too great for him to receive assistance to the aged welfare payments, see opinion of Attorney General to Mr. Emmett L. Sellers, Director, Division of Medical Services, State Department of Social Services, 40 N.C.A.G. 689 (1969).

As to the eligibility of a State hospital patient to receive medical assistance to the aged payments where he voluntarily disposes of his real property and applies the proceeds in payment of the debt which is the subject of a lien in favor of the State under this section, see opinion of Attorney General to Mr. Emmett L. Sellers, Director, Division of Medical Services, State Department of Social Services, 40 N.C.A.G. 689 (1969).

§ 143-127. Money paid into State treasury.

All money collected by any institution pursuant to this Article shall be by such institution paid into the State treasury, and shall be by the State Treasurer credited to the account of the institution collecting and turning the same into the treasury, and shall be paid out by warrants drawn as in cases of appropriations made for the maintenance of such institutions and shall be used by such institution as it uses and is authorized by law to use appropriations made for maintenance. (1925, c. 120, s. 11; 1983, c. 913, s. 34.)

CASE NOTES

Cited in State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

§ 143-127.1. Parental liability for payment of cost of care for long-term patients in Department of Health and Human Services facilities.

(a) Notwithstanding the foregoing provisions of G.S. 143-117 through 143-127 inclusive, the natural or adoptive parents of persons who are non-Medicaid, long-term patients at facilities owned or operated by the Department of Health and Human Services shall only be liable on the charges made by such facility for treatment, care and maintenance for an amount not to exceed the cost of caring for a normal child at home as determined from standard sources by the Department of Health and Human Services.

(b) Parents or adoptive parents of a patient in a facility owned or operated by the Department of Health and Human Services shall not be liable for any charges made by such facility for treatment, care and maintenance of such a patient incurred or accrued subsequent to such patient attaining age 18.

(c) For purposes of this section, the term "long-term patient" is defined as a person who has been a patient in a facility owned or operated by the Department of Health and Human Services for a continuous period in excess of 120 days. No absence of a patient from the facility due to a temporary or trial visit shall be counted as interrupting the accrual of the 120 days herein required to attain the status of a long-term patient.

(d) Repealed by Session Laws 1993, c. 386, s. 2, effective October 1, 1993. (1971, c. 218, s. 1; 1973, c. 476, s. 133; c. 775; 1975, c. 19, s. 48; 1979, c. 838, ss. 25-27; 1983, c. 12; 1983 (Reg. Sess., 1984), c. 1116, s. 82; 1987, c. 738, s. 68; 1993, c. 386, s. 2; 1997-443, s. 11A.118(a).)

OPINIONS OF ATTORNEY GENERAL

Authority to Establish Cost of Keeping Normal Child Prior to 1971. — The Board of Mental Health has authority to establish an amount as the cost of keeping a normal child at home in years prior to 1971. See opinion of Attorney General to Mr. Ben W. Aiken, General Business Manager, N.C. Department of Mental Health, 41 N.C.A.G. 507 (1971).

Refunds Not Required. — Session Laws 1971, Chapter 218 does not require that institutions refund to the parent all payments made after the patient has attained age 21. See opinion of Attorney General to Mr. Ben W. Aiken, General Business Manager, N.C. Department of Mental Health, 41 N.C.A.G. 507 (1971).

The limitation on parental liability does not apply to patients themselves, who are still liable for the full cost of care, training, treatment and maintenance. See opinion of Attorney General to Mr. Ben W. Aiken, General Business Manager, N.C. Department of Mental Health, 41 N.C.A.G. 507 (1971).

Article 7A.

Damage of Personal Property in State Institutions.

§ 143-127.2. Repair or replacement of personal property.

The Secretary of Health and Human Services may adopt rules governing repair or replacement of personal property items excluding private passenger vehicles that belong to employees, volunteers, or clients of State facilities within the Department of Health and Human Services and that are damaged or stolen by clients of the State facilities provided that the item is determined by the Secretary to be:

(1) Damaged or stolen on or off facility grounds during the performance of employment or volunteer duty and necessary for the employee or volunteer to have in his possession to perform his assigned duty; or

(2) Damaged or stolen on or off the facility grounds while the client is under the supervision of the facility and necessary for the client to have in his possession as part of his treatment environment. (1985, c. 393, s. 1; 1987, c. 264, s. 4; 1989, c. 189, s. 1; 1997-443, s. 11A.118(a).)

§ 143-127.3. Negligence.

Reimbursement for items damaged or stolen shall not be granted in instances in which the employee, volunteer, or client, if competent, is determined to be negligent or otherwise at fault for the damage or loss of the property. Negligence shall be determined by the director of the facility. (1985, c. 393, s. 1; 1987, c. 264, s. 4; 1989, c. 189, s. 1.)

§ 143-127.4. Other remedies.

The director of the facility shall determine if the person seeking reimbursement has made a good faith effort to recover the loss from all other non-State sources and has failed before reimbursement is granted. (1985, c. 393, s. 1; 1987, c. 264, s. 4; 1989, c. 189, s. 1.)

§ 143-127.5. Limitations.

Reimbursement shall be limited to the amount specified in the rules and shall not exceed a maximum of two hundred dollars ($200.00) per incident. No employee, volunteer, or client shall receive more than five hundred dollars ($500.00) per year in reimbursement. Reimbursement is subject to the availability of funds. (1985, c. 393, s. 1; 1987, c. 264, ss. 1, 4; 1989, c. 189, s. 1.)

§ 143-127.6. Administrative and judicial review.

Chapter 150B of the General Statutes governs administrative and judicial review of a decision under this Article by the director of a facility. (1985, c. 393, s. 1; 1987, c. 264, ss. 2, 4; c. 827, s. 257; 1989, c. 189, s. 1.)

Article 8.

Public Contracts.

§ 143-128. Requirements for certain building contracts.

(a) Preparation of specifications. — Every officer, board, department, commission or commissions charged with responsibility of preparation of specifications or awarding or entering into contracts for the erection, construction, alteration or repair of any buildings for the State, or for any county, municipality, or other public body, shall have prepared separate specifications for each of the following subdivisions or branches of work to be performed:

(1) Heating, ventilating, air conditioning and accessories (separately or combined into one conductive system), refrigeration for cold storage (where the cold storage cooling load is 15 tons or more of refrigeration), and all related work.
(2) Plumbing and gas fittings and accessories, and all related work.
(3) Electrical wiring and installations, and all related work.
(4) General work not included in subdivisions (1), (2), and (3) of this subsection relating to the erection, construction, alteration, or repair of any building.

Specifications for contracts that will be bid under the separate-prime system or dual bidding system shall be drawn as to permit separate and independent bidding upon each of the subdivisions of work enumerated in this subsection. The above enumeration of subdivisions or branches of work shall not be construed to prevent any officer, board, department, commission or commissions from preparing additional separate specifications for any other category of work.

(a1) Construction methods. — The State, a county, municipality, or other public body shall award contracts to erect, construct, alter, or repair buildings pursuant to any of the following methods:

(1) Separate-prime bidding.
(2) Single-prime bidding.
(3) Dual bidding pursuant to subsection (d1) of this section.
(4) Construction management at risk contracts pursuant to G.S. 143-128.1.
(5) Alternative contracting methods authorized pursuant to G.S. 143-135.26(9).

(a2) Annually, on or before April 1st, beginning April 1, 2003, The University of North Carolina and all other public entities shall report to the Secretary of the Department of Administration on the effectiveness and cost-benefit of utilization of each of the construction methods authorized in G.S. 143-128(a1) that are used by the public entity. The reports, which shall be initially filed in the year in which the project is completed, shall be in the format and contain the data prescribed by the Secretary of Administration and shall include at least the following:

(1) The type of construction method used on the project.
(2) The total dollar value of building projects by specific project with costs.
(3) The bid costs and relevant post-bid costs.
(4) A detailed listing of all contractors and subcontractors used on the project indicating whether the contractor or subcontractor was an out-of-state contractor or subcontractor.
(5) If any contractor or subcontractor was an out-of-state contractor or subcontractor, the reasons why the contractor or subcontractor was selected.

The Secretary of the Department of Administration shall report to the General Assembly on or before May 1st each year on the information collected pursuant to this subsection.

(b) Separate-prime contracts. — When the State, county, municipality, or other public body uses the separate-prime contract system, it shall accept bids for each subdivision of work for which specifications are required to be prepared under subsection (a) of this section and shall award the respective work specified separately to responsible and reliable persons, firms or corporations regularly engaged in their respective lines of work. When the estimated cost of work to be performed in any single subdivision or branch for which separate bids are required by this subsection is less than twenty-five thousand dollars ($25,000), the same may be included in the contract for one of the other subdivisions or branches of the work, irrespective of total project cost. The contracts shall be awarded to the lowest responsible, responsive bidders, taking into consideration quality, performance, the time specified in the bids for performance of the contract, and compliance with G.S. 143-128.2. Bids may also be accepted from and awards made to separate contractors for other categories of work.

Each separate contractor shall be directly liable to the State of North Carolina, or to the county, municipality, or other public body and to the other separate contractors for the full performance of all duties and obligations due respectively under the terms of the separate contracts and in accordance with the plans and specifications, which shall specifically set forth the duties and obligations of each separate contractor. For the purpose of this section, "separate contractor" means any person, firm or corporation who shall enter into a contract with the State, or with any county, municipality, or other public entity to erect, construct, alter or repair any building or buildings, or parts of any building or buildings.

(c) Repealed by Session Laws 2001-496, s. 3, effective January 1, 2001.

(d) Single-prime contracts. — All bidders in a single-prime project shall identify on their bid the contractors they have selected for the subdivisions or branches of work for:

(1) Heating, ventilating, and air conditioning;
(2) Plumbing;
(3) Electrical; and
(4) General.

The contract shall be awarded to the lowest responsible, responsive bidder, taking into consideration quality, performance, the time specified in the bids for performance of the contract, and compliance with G.S. 143-128.2. A contractor whose bid is accepted shall not substitute any person as subcontractor in the place of the subcontractor listed in the original bid, except (i) if the listed subcontractor's bid is later determined by the contractor to be nonresponsible or nonresponsive or the listed subcontractor refuses to enter into a contract for the complete performance of the bid work, or (ii) with the approval of the awarding authority for good cause shown by the contractor. The terms, conditions, and requirements of each contract between the contractor and a subcontractor performing work under a subdivision or branch of work listed in this subsection shall incorporate by reference the terms, conditions, and requirements of the contract between the contractor and the State, county, municipality, or other public body.

When contracts are awarded pursuant to this section, the public body shall make available to subcontractors the dispute resolution process as provided for in subsection (f1) of this section.

(d1) Dual bidding. — The State, a county, municipality, or other public entity may accept bids to erect, construct, alter, or repair a building under both the single-prime and separate-prime contracting systems and shall award the

contract to the lowest responsible, responsive bidder under the single-prime system or to the lowest responsible, responsive bidder under the separate-prime system, taking into consideration quality, performance, compliance with G.S. 143-128.2, and time specified in the bids to perform the contract. In determining the system under which the contract will be awarded to the lowest responsible, responsive bidder, the public entity may consider cost of construction oversight, time for completion, and other factors it considers appropriate. The bids received as separate-prime bids shall be received, but not opened, one hour prior to the deadline for the submission of single-prime bids. The amount of a bid submitted by a subcontractor to the general contractor under the single-prime system shall not exceed the amount bid, if any, for the same work by that subcontractor to the public entity under the separate-prime system. The provisions of subsection (b) of this section shall apply to separate-prime contracts awarded pursuant to this section and the provisions of subsection (d) of this section shall apply to single-prime contracts awarded pursuant to this section.

(e) Project expediter; scheduling; public body to resolve project disputes. — The State, county, municipality, or other public body may, if specified in the bid documents, provide for assignment of responsibility for expediting the work on a project to a single responsible and reliable person, firm or corporation, which may be a prime contractor. In executing this responsibility, the designated project expediter may recommend to the State, county, municipality, or other public body whether payment to a contractor should be approved. The project expediter, if required by the contract documents, shall be responsible for preparing the project schedule and shall allow all contractors and subcontractors performing any of the branches of work listed in subsection (d) of this section equal input into the preparation of the initial schedule. Whenever separate contracts are awarded and separate contractors engaged for a project pursuant to this section, the public body may provide in the contract documents for resolution of project disputes through alternative dispute resolution processes as provided for in subsection (f1) of this section.

(f) Repealed by Session Laws 2001-496, s. 3, effective January 1, 2001.

(f1) Dispute resolution. — A public entity shall use the dispute resolution process adopted by the State Building Commission pursuant to G.S. 143-135.26(11), or shall adopt another dispute resolution process, which shall include mediation, to be used as an alterative to the dispute resolution process adopted by the State Building Commission. This dispute resolution process will be available to all the parties involved in the public entity's construction project including the public entity, the architect, the construction manager, the contractors, and the first-tier and lower-tier subcontractors and shall be available for any issues arising out of the contract or construction process. The public entity may set a reasonable threshold, not to exceed fifteen thousand dollars ($15,000), concerning the amount in controversy that must be at issue before a party may require other parties to participate in the dispute resolution process. The public entity may require that the costs of the process be divided between the parties to the dispute with at least one-third of the cost to be paid by the public entity, if the public entity is a party to the dispute. The public entity may require in its contracts that a party participate in mediation concerning a dispute as a precondition to initiating litigation concerning the dispute.

(g) Exceptions. — This section shall not apply to:

(1) The purchase and erection of prefabricated or relocatable buildings or portions thereof, except that portion of the work which must be performed at the construction site.

(2) The erection, construction, alteration, or repair of a building when the cost thereof is three hundred thousand dollars ($300,000) or less.

Notwithstanding the other provisions of this subsection, subsection (f1) of this section shall apply to any erection, construction, alteration, or repair of a building by a public entity. (1925, c. 141, s. 2; 1929, c. 339, s. 2; 1931, c. 46; 1943, c. 387; 1945, c. 851; 1949, c. 1137, s. 1; 1963, c. 406, ss. 2-7; 1967, c. 860; 1973, c. 1419; 1977, c. 620; 1987 (Reg. Editor's Note. — As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implement-

ing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s.41(b), quoted under G.S. 143-64.10.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

As to the exemption of the Office of State Construction of the Department of Administration from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

Session Laws 1997-443, s. 32.11, provides that the Department of Transportation may enter into a design-build-warrant contract to develop, with Federal Highway Administration participation, a Congestion Avoidance and Reduction for Autos and Trucks (CARAT) system of traffic management in the Charlotte-Mecklenburg urban areas. Notwithstanding any other provision of law, contractors, their employees, and Department of Transportation employees involved in this project only do not have to be licensed by occupational licensing boards, and for the purpose of entering into contracts, the Department of Transportation is exempted from the provisions of G.S. 136-28.1, 143-52, 143-53, 143-58, 143-128, and 143-129; these exemptions are limited and available only to the extent necessary to comply with federal rules, regulations, and policies for completion of this project. The Department shall report quarterly to the Joint Legislative Transportation Oversight Committee on the project. Session Laws from 1993 and 1995 contained similar provisions.

Session Laws 1997-443, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 1997.'"

Session Laws 1997-443, s. 35.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1997-99 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1997-99 fiscal biennium."

Session Laws 1998-202, s. 35, provides: "(a) The Office of State Construction of the Department of Administration may contract for and supervise all aspects of administration, technical assistance, design, construction, or demolition of any juvenile facilities authorized for the 1998-99 fiscal year, including renovation of existing adult facilities to juvenile facilities.

"The facilities authorized for the 1998-99 fiscal year shall be constructed in accordance with the provisions of general law applicable to the construction of State facilities. If the Secretary of Administration, after consultation with the Office of Juvenile Justice (now the Department of Juvenile Justice and Delinquency Prevention), finds that the delivery of juvenile facilities must be expedited for good cause, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules implementing those statutes, to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

"Prior to exercising the exemptions allowable under this section, the Secretary of Administration shall give reasonable notice in writing of the Department's intent to exercise the exemptions to the Speaker of the House, the President Pro Tempore of the Senate, the Chairs of the House and Senate Appropriations Committees, the Joint Legislative Commission on Governmental Operations, and the Fiscal Research

Division. The written notice shall contain at least the following information: (i) the specific statutory requirement or requirements from which the Department intends to exempt itself; (ii) the reason the exemption is necessary to expedite delivery of juvenile facilities; (iii) the way in which the Department anticipates the exemption will expedite the delivery of facilities; and (iv) a brief summary of the proposed contract for the project which is to be exempted.

"The Office of State Construction of the Department of Administration shall have a verifiable ten percent (10%) goal for participation by minority and women-owned businesses. All contracts for the design, construction, or demolition of juvenile facilities shall include a penalty for failure to complete the work by a specified date.

"The Office of State Construction of the Department of Administration shall consult the Department of Health and Human Services on these projects to the extent that such involvement relates to the Department's program needs and to its responsibility for the care of the population of the facility.

"(b) The Office of State Construction of the Department of Administration shall provide a report by May 1, 1999, to the Chairs of the Senate and House Appropriations Committees, the Joint Legislative Commission on Governmental Operations, and the Fiscal Research Division as to any changes in projects and allocations authorized for the 1998-99 fiscal year. The report shall include information on which contractors have been selected, what contracts have been entered into, the projected and actual occupancy dates of facilities contracted for, the number of beds to be constructed on each project, the location of each project, and the projected and actual cost of each project."

Session Laws 1998-202, s. 36, contains a severability clause.

Session Laws 2001-496, s. 13.2 provides: "The Legislative Research Commission may authorize a study of the issue of certification of minority businesses for public construction purposes and the problem of substitution of nonminority businesses in place of minority businesses in public construction projects and the effect of frustrating the public purpose of attempting to lawfully increase minority business participation in public construction projects. The Legislative Research Commission may file an interim report to the 2002 Session of the 2001 General Assembly and shall file a final report to the 2003 General Assembly."

Effect of Amendments. — Session Laws 2002-159, s. 42, effective October 11, 2002, inserted the second sentence in the first paragraph of subsection (b); and substituted "G.S. 143-135.26(11)" for "G.S. 143-135.26(12)" in the first sentence of subsection (f1).

Legal Periodicals. — See legislative survey, 21 Campbell L. Rev. 323 (1999).

CASE NOTES

Section Held Inapplicable to Municipal Housing Authority. — Although housing authority was a municipal corporation organized for a special purpose, it was not a "municipality" subject to the provisions of this section requiring separate bids on different branches of work to be performed on contracts it let for construction of housing. Carolinas Chapter NECA, Inc. v. Housing Auth., 29 N.C. App. 755, 225 S.E.2d 653 (1976).

The cause of action under this section exists for any contractor that enters into a contract with the state for construction or erection of a building and not just those contractors listed in subsection (a). RPR & Assocs. v. O'Brien/Atkins Assocs., 24 F. Supp. 2d 515 (M.D.N.C. 1998).

Factors Other Than Cost Allowed. — This section's award standard allows factors other than cost to be taken into consideration when awarding bid contracts. Kinsey Contracting Co. v. City of Fayetteville, 106 N.C. App. 383, 416 S.E.2d 607, cert. denied, 332 N.C. 345, 421 S.E.2d 149 (1992).

"Lowest Responsible Bidder." — Language "the lowest responsible bidder or bidders" used in subsection (b) of this section was construed to be an abbreviated reference to the general award standard set out in G.S. 143-129. Kinsey Contracting Co. v. City of Fayetteville, 106 N.C. App. 383, 416 S.E.2d 607, cert. denied, 332 N.C. 345, 421 S.E.2d 149 (1992).

Liability of Contractor for Breach of Duties. — This section, by reference to the contract, contemplates that a contractor who breaches his statutory duty to fulfill his contractual duties and obligations shall be liable for contract damages. Bolton Corp. v. T.A. Loving Co., 94 N.C. App. 392, 380 S.E.2d 796, cert. denied, 325 N.C. 545, 385 S.E.2d 496 (1989).

Contractor Not Liable When Specifications by Owner or Owner's Architect Followed. — In an action to recover for damages allegedly resulting from defendant contractor's failure to properly install a roof on a school, the trial court properly instructed the jury that where a contractor is required to, and does, comply with the plans and specifications prepared by the owner or the owner's architect, the contractor will not be liable for the consequences of defects in the plans and specifica-

tions. Burke County Pub. Sch. Bd. of Educ. v. Juno Constr. Corp., 50 N.C. App. 238, 273 S.E.2d 504 (1981).

Suit Against General Contractor by Prime Contractor for Breach of Duties. — Where general contractor was responsible for "General work relating to the erection [and] construction" of building not included in three other prime contracts, and as project expediter general contractor's work was to facilitate and assist in the smooth and efficient production of the building, by statute another prime contractor could sue the general contractor for breach of these contract duties. Bolton Corp. v. T.A. Loving Co., 94 N.C. App. 392, 380 S.E.2d 796, cert. denied, 325 N.C. 545, 385 S.E.2d 496 (1989).

Suit Against One Prime Contractor by Another. — Under this section, a prime contractor may be sued by another prime contractor working on a construction project for economic loss foreseeably resulting from the first prime contractor's failure to fully perform all duties and obligations due respectively under the terms of the separate contracts. Bolton Corp. v. T.A. Loving Co., 94 N.C. App. 392, 380 S.E.2d 796, cert. denied, 325 N.C. 545, 385 S.E.2d 496 (1989).

Trial Court Did Not Have Jurisdiction to Enter Permanent Injunction. — Appeals court (1) vacated the permanent injunctive relief, which purported to effectively determine the controversy between an unsuccessful bidder for a town's water tank and the town and the successful bidder, based upon whether the town was in the process of awarding the contract in violation of to G.S. 143-128, 143-129 after negotiating with the successful bidder, on its merits, for lack of trial court jurisdiction to award that relief, since the trial court issued the permanent injunction at a hearing held only to determine whether a temporary restraining order was to be continued as a preliminary injunction, and (2) dismissed, and remanded for further proceedings the appeal of the remaining part of the order awarding a preliminary injunction, since that order was a non-final interlocutory order that was not yet appealable. CB&I Constructors, Inc. v. Town of Wake Forest, — N.C. App. —, 579 S.E.2d 502, 2003 N.C. App. LEXIS 736 (2003).

Cited in Bolton Corp. v. T.A. Loving Co., 317 N.C. 623, 347 S.E.2d 369 (1986); Bolton Corp. v. State, 95 N.C. App. 596, 383 S.E.2d 671 (1989); APAC-Carolina, Inc. v. Greensboro-High Point Airport Auth., 110 N.C. App. 664, 431 S.E.2d 508 (1993).

OPINIONS OF ATTORNEY GENERAL

Constitutionality. — The minority participant provisions in this section, G.S. 136-28.4, 160A-17.1, and Session Laws 1989, c. 8, s. 3(b) (Senate Bill 38) appear to be facially constitutional under the principles established by the United States Supreme Court in City of Richmond v. J.A. Croson Company, — U.S. —, 109 S. Ct. 706 (1989), because none of the provisions in question mandate a racial preference which would result in a deprivation of personal rights guaranteed to all persons by the Equal Protection Clause of the Fourteenth Amendment. See opinion of the Attorney General to Rep. Thomas C. Hardaway, Co-Chairman, Sen. Ralph Hunt, Co-Chairman, Legislative Research Commission Committee on Minority Business Contracts and Small Business Assistance, 60 N.C.A.G. 1 (1990).

Separate Prime Rate Contractor System. — Contracts awarded by the State, city, county, or other public body pursuant to the separate prime rate contractor system are not exempt from the "verifiable percentage goal for participation by minority businesses" requirement as set forth in subsection (c) of this section. See opinion of the Attorney General to James K. Polk, Special Asst. to Gov. for Minority Affairs, 60 N.C.A.G. 79 (1991).

The single prime contractor is required to make the good faith effort to recruit and select minority businesses for participation in contracts awarded under subdivision (c)(4) of this section, but the awarding authority is required to adopt written guidelines which should specify actions which must be taken by the separate prime contractors to seek minority participation. See opinion of the Attorney General to James K. Polk, Special Asst. to Gov. for Minority Affairs, 60 N.C.A.G. 79 (1991).

As to separate contracts required of counties in certain circumstances, see opinion of Attorney General to Mr. William L. Mills, Jr., Cabarrus County Attorney, 40 N.C.A.G. 550 (1970).

Separate Specifications Required for Electrical, Plumbing and Heating Facilities. — A county or city may not let a bid for a contract for a public building of the modular unit type which has factory installed electrical, plumbing and heating facilities without having separate specifications drawn for such facilities so as to permit separate and independent bids on each class of work. See opinion of Attorney General to Mr. W.I. Thornton, Jr., Durham City Attorney, 42 N.C.A.G. 129 (1972).

Definition of "Public Entity". — The term "public entity" includes all elected or appointed authorities of the state and their individual departments, commissions, committees, coun-

cils, including the constituent institutions of the University of North Carolina. See opinion of Attorney General to T. Brooks Skinner, Jr., General Counsel, North Carolina Department of Administration, 2002 N.C. AG LEXIS 13 (3/7/02).

Project Subject to Minority Business Participation Requirements. — Under G.S. 160A-17.1, the governing body of a city is specifically authorized to accept a state grant for constructing "any project"; accordingly, it is appropriate to interpret a former provision of this section pertaining to minority business participation requirements as applying to the construction of waste water collection facilities which were subject to a grant from the Department of Environment and Natural Resources. See opinion of Attorney General to Mr. John T. Carter, Jr., Jacksonville City Attorney, 2002 N.C.A.G. 25 (7/18/02).

Airport Construction Contracts. — Subsection (f1) of this section does not mandate inclusion of a dispute resolution procedure in all contracts for an airport authority's construction projects. See opinion of Attorney General to William O. Cooke, Cooke & Cooke, L.L.P., 2002 N.C.A.G. 32 (11/18/02).

§ 143-128.1. Construction management at risk contracts.

(a) For purposes of this section and G.S. 143-64.31:

(1) "Construction management services" means services provided by a construction manager, which may include preparation and coordination of bid packages, scheduling, cost control, value engineering, evaluation, preconstruction services, and construction administration.

(2) "Construction management at risk services" means services provided by a person, corporation, or entity that (i) provides construction management services for a project throughout the preconstruction and construction phases, (ii) who is licensed as a general contractor, and (iii) who guarantees the cost of the project.

(3) "Construction manager at risk" means a person, corporation, or entity that provides construction management at risk services.

(4) "First-tier subcontractor" means a subcontractor who contracts directly with the construction manager at risk.

(b) The construction manager at risk shall be selected in accordance with Article 3D of this Chapter. Design services for a project shall be performed by a licensed architect or engineer. The public owner shall contract directly with the architect or engineer.

(c) The construction manager at risk shall contract directly with the public entity for all construction; shall publicly advertise as prescribed in G.S. 143-129; and shall prequalify and accept bids from first-tier subcontractors for all construction work under this section. The prequalification criteria shall be determined by the public entity and the construction manager at risk to address quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, capacity to perform, and other factors deemed appropriate by the public entity. The public entity shall require the construction manager at risk to submit its plan for compliance with G.S. 143-128.2 for approval by the public entity prior to soliciting bids for the project's first-tier subcontractors. A construction manager at risk and first-tier subcontractors shall make a good faith effort to recruit and select minority businesses for participation in contracts pursuant to G.S. 143-128.2. A construction manager at risk may perform a portion of the work only if (i) bidding produces no responsible, responsive bidder for that portion of the work, the lowest responsible, responsive bidder will not execute a contract for the bid portion of the work, or the subcontractor defaults and a prequalified replacement cannot be obtained in a timely manner, and (ii) the public entity approves of the construction manager at risk's performance of the work. All bids shall be opened publicly, and once they are opened, shall be public records under Chapter 132 of the General Statutes. The construction manager at risk shall act as the fiduciary of the public entity in handling and

opening bids. The construction manager at risk shall award the contract to the lowest responsible, responsive bidder, taking into consideration quality, performance, the time specified in the bids for performance of the contract, the cost of construction oversight, time for completion, compliance with G.S. 143-128.2, and other factors deemed appropriate by the public entity and advertised as part of the bid solicitation. The public entity may require the selection of a different first-tier subcontractor for any portion of the work, consistent with this section, provided that the construction manager at risk is compensated for any additional cost incurred.

When contracts are awarded pursuant to this section, the public entity shall provide for a dispute resolution procedure as provided in G.S. 143-128(g).

(d) The construction manager at risk shall provide a performance and payment bond to the public entity in accordance with the provisions of Article 3 of Chapter 44A of the General Statutes. (2001-496, s. 2.)

§ 143-128.2. Minority business participation goals.

(a) The State shall have a verifiable ten percent (10%) goal for participation by minority businesses in the total value of work for each State building project, including building projects done by a private entity on a facility to be leased or purchased by the State. A local government unit or other public or private entity that receives State appropriations for a building project or other State grant funds for a building project, including a building project done by a private entity on a facility to be leased or purchased by the local government unit, where the project cost is one hundred thousand dollars ($100,000) or more, shall have a verifiable ten percent (10%) goal for participation by minority businesses in the total value of the work; provided, however, a local government unit may apply a different verifiable goal that was adopted prior to December 1, 2001, if the local government unit had and continues to have a sufficiently strong basis in evidence to justify the use of that goal. On State building projects and building projects subject to the State goal requirement, the Secretary shall identify the appropriate percentage goal, based on adequate data, for each category of minority business as defined in G.S. 143-128.2(g)(1) based on the specific contract type.

Except as otherwise provided for in this subsection, each city, county, or other local public entity shall adopt, after a notice and public hearing, an appropriate verifiable percentage goal for participation by minority businesses in the total value of work for building projects.

Each entity required to have verifiable percentage goals under this subsection shall make a good faith effort to recruit minority participation in accordance with this section or G.S. 143-131(b), as applicable.

(b) A public entity shall establish prior to solicitation of bids the good faith efforts that it will take to make it feasible for minority businesses to submit successful bids or proposals for the contracts for building projects. Public entities shall make good faith efforts as set forth in subsection (e) of this section. Public entities shall require contractors to make good faith efforts pursuant to subsection (f) of this section. Each first-tier subcontractor on a construction management at risk project shall comply with the requirements applicable to contractors under this subsection.

(c) Each bidder, which shall mean first-tier subcontractor for construction manager at risk projects for purposes of this subsection, on a project bid under any of the methods authorized under G.S. 143-128(a1) shall identify on its bid the minority businesses that it will use on the project and an affidavit listing the good faith efforts it has made pursuant to subsection (f) of this section and the total dollar value of the bid that will be performed by the minority businesses. A contractor, including a first-tier subcontractor on a construction

manager at risk project, that performs all of the work under a contract with its own workforce may submit an affidavit to that effect in lieu of the affidavit otherwise required under this subsection. The apparent lowest responsible, responsive bidder shall also file the following:

(1) Within the time specified in the bid documents, either:

a. An affidavit that includes a description of the portion of work to be executed by minority businesses, expressed as a percentage of the total contract price, which is equal to or more than the applicable goal. An affidavit under this sub-subdivision shall give rise to a presumption that the bidder has made the required good faith or effort; or

b. Documentation of its good faith effort to meet the goal. The documentation must include evidence of all good faith efforts that were implemented, including any advertisements, solicitations, and evidence of other specific actions demonstrating recruitment and selection of minority businesses for participation in the contract.

(2) Within 30 days after award of the contract, a list of all identified subcontractors that the contractor will use on the project.

Failure to file a required affidavit or documentation that demonstrates that the contractor made the required good faith effort is grounds for rejection of the bid.

(d) No subcontractor who is identified and listed pursuant to subsection (c) of this section may be replaced with a different subcontractor except:

(1) If the subcontractor's bid is later determined by the contractor or construction manager at risk to be nonresponsible or nonresponsive, or the listed subcontractor refuses to enter into a contract for the complete performance of the bid work, or

(2) With the approval of the public entity for good cause.

Good faith efforts as set forth in G.S. 143-131(b) shall apply to the selection of a substitute subcontractor. Prior to substituting a subcontractor, the contractor shall identify the substitute subcontractor and inform the public entity of its good faith efforts pursuant to G.S. 143-131(b).

(e) Before awarding a contract, a public entity shall do the following:

(1) Develop and implement a minority business participation outreach plan to identify minority businesses that can perform public building projects and to implement outreach efforts to encourage minority business participation in these projects to include education, recruitment, and interaction between minority businesses and nonminority businesses.

(2) Attend the scheduled prebid conference.

(3) At least 10 days prior to the scheduled day of bid opening, notify minority businesses that have requested notices from the public entity for public construction or repair work and minority businesses that otherwise indicated to the Office of Historically Underutilized Businesses an interest in the type of work being bid or the potential contracting opportunities listed in the proposal. The notification shall include the following:

a. A description of the work for which the bid is being solicited.

b. The date, time, and location where bids are to be submitted.

c. The name of the individual within the public entity who will be available to answer questions about the project.

d. Where bid documents may be reviewed.

e. Any special requirements that may exist.

(4) Utilize other media, as appropriate, likely to inform potential minority businesses of the bid being sought.

(f) A public entity shall require bidders to undertake the following good faith efforts to the extent required by the Secretary on projects subject to this section. The Secretary shall adopt rules establishing points to be awarded for taking each effort and the minimum number of points required, depending on project size, cost, type, and other factors considered relevant by the Secretary. In establishing the point system, the Secretary may not require a contractor to earn more than fifty (50) points, and the Secretary must assign each of the efforts listed in subdivisions (1) through (10) of this subsection at least 10 points. The public entity may require that additional good faith efforts be taken, as indicated in its bid specifications. Good faith efforts include:

(1) Contacting minority businesses that reasonably could have been expected to submit a quote and that were known to the contractor or available on State or local government maintained lists at least 10 days before the bid or proposal date and notifying them of the nature and scope of the work to be performed.

(2) Making the construction plans, specifications and requirements available for review by prospective minority businesses, or providing these documents to them at least 10 days before the bid or proposals are due.

(3) Breaking down or combining elements of work into economically feasible units to facilitate minority participation.

(4) Working with minority trade, community, or contractor organizations identified by the Office of Historically Underutilized Businesses and included in the bid documents that provide assistance in recruitment of minority businesses.

(5) Attending any prebid meetings scheduled by the public owner.

(6) Providing assistance in getting required bonding or insurance or providing alternatives to bonding or insurance for subcontractors.

(7) Negotiating in good faith with interested minority businesses and not rejecting them as unqualified without sound reasons based on their capabilities. Any rejection of a minority business based on lack of qualification should have the reasons documented in writing.

(8) Providing assistance to an otherwise qualified minority business in need of equipment, loan capital, lines of credit, or joint pay agreements to secure loans, supplies, or letters of credit, including waiving credit that is ordinarily required. Assisting minority businesses in obtaining the same unit pricing with the bidder's suppliers in order to help minority businesses in establishing credit.

(9) Negotiating joint venture and partnership arrangements with minority businesses in order to increase opportunities for minority business participation on a public construction or repair project when possible.

(10) Providing quick pay agreements and policies to enable minority contractors and suppliers to meet cash-flow demands.

(g) As used in this section:

(1) The term "minority business" means a business:

a. In which at least fifty-one percent (51%) is owned by one or more minority persons or socially and economically disadvantaged individuals, or in the case of a corporation, in which at least fifty-one percent (51%) of the stock is owned by one or more minority persons or socially and economically disadvantaged individuals; and

b. Of which the management and daily business operations are controlled by one or more of the minority persons or socially and economically disadvantaged individuals who own it.

(2) The term "minority person" means a person who is a citizen or lawful permanent resident of the United States and who is:

a. Black, that is, a person having origins in any of the black racial groups in Africa;
b. Hispanic, that is, a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race;
c. Asian American, that is, a person having origins in any of the original peoples of the Far East, Southeast Asia and Asia, the Indian subcontinent, or the Pacific Islands;
d. American Indian, that is, a person having origins in any of the original Indian peoples of North America; or
e. Female.

(3) The term "socially and economically disadvantaged individual" means the same as defined in 15 U.S.C. 637.

(h) The State, counties, municipalities, and all other public bodies shall award public building contracts, including those awarded under G.S. 143-128.1, 143-129, and 143-131, without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3. Nothing in this section shall be construed to require contractors or awarding authorities to award contracts or subcontracts to or to make purchases of materials or equipment from minority-business contractors or minority-business subcontractors who do not submit the lowest responsible, responsive bid or bids.

(i) Notwithstanding G.S. 132-3 and G.S. 121-5, all public records created pursuant to this section shall be maintained by the public entity for a period of not less than three years from the date of the completion of the building project.

(j) Except as provided in subsections (a), (g), (h) and (i) of this section, this section shall only apply to building projects costing three hundred thousand dollars ($300,000) or more. This section shall not apply to the purchase and erection of prefabricated or relocatable buildings or portions thereof, except that portion of the work which must be performed at the construction site. (2001-496, s. 3.1.)

Editor's Note. — Session Laws 2001-496, s. 14(b), provides: "The State Building Commission shall adopt temporary rules to implement G.S. 143-135.26(10) and G.S. 143-135.26(11) as enacted by Section 11 of this act [s. 11 of Session Laws 2001-496] no later than 60 days following the effective date of Section 11 of this act [s. 11 of Session Laws 2001-496]. The Secretary of Administration shall adopt rules to implement G.S. 143-128.2(f) as enacted by Section 3.1 of this act [s. 3.1 of Session Laws 2001-496] no later than June 30, 2002. A bidder must show compliance with at least five of the 10 efforts, as set forth in G.S. 143-128.2(f) as enacted by Section 3.1 of this act [s. 3.1 of Session Laws 2001-496], until 60 days following the adoption of rules to implement G.S. 143-128.2(f) by the Secretary of Administration as required in this section [s. 14 of Session Laws 2001-491]."

Session Laws 2001-496, s. 14(c), provides: "A city, county, or other public entity, other than the State, may apply verifiable percentage goals enacted prior to the effective date [January 1, 2002] of Section 3.1 of this act [s. 3.1 of Session Laws 2001-491] to building projects undertaken on or after the effective date [January 1, 2002] of Section 3.1 of this act [Session Laws 2001-491]."

OPINIONS OF ATTORNEY GENERAL

Contracts Under Federal Law. — Where an airport authority chooses to let contracts under federal law relying upon G.S. 63-54(c), pertaining to federal aid for airports and related facilities, then the requirements of this section would not apply. See opinion of Attorney General to William O. Cooke, Cooke & Cooke, L.L.P., 2002 N.C.A.G. 32 (11/18/02).

§ 143-128.3. Minority business participation administration.

(a) All public entities subject to G.S. 143-128.2 shall report to the Department of Administration, Office of Historically Underutilized Business, the following with respect to each building project:

(1) The verifiable percentage goal.

(2) The type and total dollar value of the project, minority business utilization by minority business category, trade, total dollar value of contracts awarded to each minority group for each project, the applicable good faith effort guidelines or rules used to recruit minority business participation, and good faith documentation accepted by the public entity from the successful bidder.

(3) The utilization of minority businesses under the various construction methods under G.S. 143-128(a1).

The reports shall be in the format and contain the data prescribed by the Secretary of Administration. The University of North Carolina and the State Board of Community Colleges shall report quarterly and all other public entities shall report semiannually. The Secretary of the Department of Administration shall make reports every six months to the Joint Legislative Committee on Governmental Operations on information reported pursuant to this subsection.

(b) A public entity that has been notified by the Secretary of its failure to comply with G.S. 143-128.2 on a project shall develop a plan of compliance that addresses the deficiencies identified by the Secretary. The corrective plan shall apply to the current project or to subsequent projects under G.S. 143-128, as appropriate, provided that the plan must be implemented, at a minimum, on the current project to the extent feasible. If the public entity, after notification from the Secretary, fails to file a corrective plan, or if the public entity does not implement the corrective plan in accordance with its terms, the Secretary shall require one or both of the following:

(1) That the public entity consult with the Department of Administration, Office of Historically Underutilized Businesses on the development of a new corrective plan, subject to the approval of the Department and the Attorney General. The public entity may designate a representative to appear on its behalf, provided that the representative has managerial responsibility for the construction project.

(2) That the public entity not bid another contract under G.S. 143-128 without prior review by the Department and the Attorney General of a good faith compliance plan developed pursuant to subdivision (1) of this subsection. The public entity shall be subject to the review and approval of its good faith compliance plan under this subdivision with respect to any projects bid pursuant to G.S. 143-128 during a period of time determined by the Secretary, not to exceed one year.

A public entity aggrieved by the decision of the Secretary may file a contested case proceeding under Chapter 150B of the General Statutes.

(c) The Secretary shall study and recommend to the General Assembly and other State agencies ways to improve the effectiveness and efficiency of the State capital facilities development, minority business participation program and good faith efforts in utilizing minority businesses as set forth in G.S. 143-128.2, and other appropriate good faith efforts that may result in the increased utilization of minority businesses.

(d) The Secretary shall appoint an advisory board to develop recommendations to improve the recruitment and utilization of minority businesses. The Secretary, with the input of its advisory board, shall review the State's programs for promoting the recruitment and utilization of minority businesses

involved in State capital projects and shall recommend to the General Assembly, the State Construction Office, The University of North Carolina, and the community colleges system changes in the terms and conditions of State laws, rules, and policies that will enhance opportunities for utilization of minority businesses on these projects. The Secretary shall provide guidance to these agencies on identifying types of projects likely to attract increased participation by minority businesses and breaking down or combining elements of work into economically feasible units to facilitate minority business participation.

(e) The Secretary shall adopt rules for State entities, The University of North Carolina, and community colleges and shall adopt guidelines for local government units to implement the provisions of G.S. 143-128.2.

(f) The Secretary shall provide the following information to the Attorney General:

(1) Failure by a public entity to report data to the Secretary in accordance with this section.

(2) Upon the request of the Attorney General, any data or other information collected under this section.

(3) False statements knowingly provided in any affidavit or documentation under G.S. 143-128.2 to the State or other public entity. Public entities shall provide to the Secretary information concerning any false information knowingly provided to the public entity pursuant to G.S. 143-128.2.

(g) The Secretary shall report findings and recommendations as required under this section to the Joint Legislative Committee on Governmental Operations annually on or before June 1, beginning June 1, 2002. (2001-496, s. 3.6.)

OPINIONS OF ATTORNEY GENERAL

Contracts Under Federal Law. — Where an airport authority exercises its discretionary authority under G.S. 63-54(c), pertaining to federal aid for airports and related facilities, to let federally funded contracts under federal law, it is not subject to the reporting requirements prescribed by subsection (a) of this section. See opinion of Attorney General to William O. Cooke, Cooke & Cooke, L.L.P., 2002 N.C.A.G. 32 (11/18/02).

§ 143-129. Procedure for letting of public contracts.

(a) Bidding Required. — No construction or repair work requiring the estimated expenditure of public money in an amount equal to or more than three hundred thousand dollars ($300,000) or purchase of apparatus, supplies, materials, or equipment requiring an estimated expenditure of public money in an amount equal to or more than ninety thousand dollars ($90,000) may be performed, nor may any contract be awarded therefor, by any board or governing body of the State, or of any institution of the State government, or of any political subdivision of the State, unless the provisions of this section are complied with.

For purchases of apparatus, supplies, materials, or equipment, the governing body of any political subdivision of the State may, subject to any restriction as to dollar amount, or other conditions that the governing body elects to impose, delegate to the manager or the chief purchasing official, or both, the authority to award contracts, reject bids, or readvertise to receive bids on behalf of the unit. Any person to whom authority is delegated under this subsection shall comply with the requirements of this Article that would otherwise apply to the governing body.

(b) Advertisement and Letting of Contracts. — Where the contract is to be let by a board or governing body of the State government or of a State

institution, proposals shall be invited by advertisement in a newspaper having general circulation in the State of North Carolina. Where the contract is to be let by a political subdivision of the State, proposals shall be invited by advertisement in a newspaper having general circulation in the political subdivision or by electronic means, or both. A decision to advertise solely by electronic means, whether for particular contracts or generally for all contracts that are subject to this Article, shall be approved by the governing board of the political subdivision of the State at a regular meeting of the board.

The advertisements for bidders required by this section shall appear at a time where at least seven full days shall lapse between the date on which the notice appears and the date of the opening of bids. The advertisement shall: (i) state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials, or equipment may be had; (ii) state the time and place for opening of the proposals; and (iii) reserve to the board or governing body the right to reject any or all proposals.

Proposals may be rejected for any reason determined by the board or governing body to be in the best interest of the unit. However, the proposal shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or political subdivision thereof may assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and the board or governing body shall award the contract to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract.

In the event the lowest responsible bids are in excess of the funds available for the project or purchase, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work or provide the apparatus, supplies, materials, or equipment at the negotiated price within the funds available therefor. If a contract cannot be let under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project or purchase within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal for construction or repair work may be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein.

Bids shall be sealed and the opening of an envelope or package with knowledge that it contains a bid or the disclosure or exhibition of the contents

of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a Class 1 misdemeanor.

(c) Contract Execution and Security. — All contracts to which this section applies shall be executed in writing. The board or governing body shall require the person to whom the award of a contract for construction or repair work is made to furnish bond as required by Article 3 of Chapter 44A; or require a deposit of money, certified check or government securities for the full amount of said contract to secure the faithful performance of the terms of said contract and the payment of all sums due for labor and materials in a manner consistent with Article 3 of Chapter 44A; and the contract shall not be altered except by written agreement of the contractor and the board or governing body. The surety bond or deposit required herein shall be deposited with the board or governing body for which the work is to be performed. When a deposit, other than a surety bond, is made with the board or governing body, the board or governing body assumes all the liabilities, obligations and duties of a surety as provided in Article 3 of Chapter 44A to the extent of said deposit.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivisions of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days.

(d) Use of Unemployment Relief Labor. — Nothing in this section shall operate so as to require any public agency to enter into a contract which will prevent the use of unemployment relief labor paid for in whole or in part by appropriations or funds furnished by the State or federal government.

(e) Exceptions. — The requirements of this Article do not apply to:

(1) The purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment from: (i) the United States of America or any agency thereof; or (ii) any other government unit or agency thereof within the United States. The Secretary of Administration or the governing board of any political subdivision of the State may designate any officer or employee of the State or political subdivision to enter a bid or bids in its behalf at any sale of apparatus, supplies, materials, equipment, or other property owned by: (i) the United States of America or any agency thereof; or (ii) any other governmental unit or agency thereof within the United States. The Secretary of Administration or the governing board of any political subdivision of the State may authorize the officer or employee to make any partial or down payment or payment in full that may be required by regulations of the governmental unit or agency disposing of the property.

(2) Cases of special emergency involving the health and safety of the people or their property.

(3) Purchases made through a competitive bidding group purchasing program, which is a formally organized program that offers competitively obtained purchasing services at discount prices to two or more public agencies.

(4) Construction or repair work undertaken during the progress of a construction or repair project initially begun pursuant to this section.

(5) Purchase of gasoline, diesel fuel, alcohol fuel, motor oil, fuel oil, or natural gas. These purchases are subject to G.S. 143-131.

(6) Purchases of apparatus, supplies, materials, or equipment when: (i) performance or price competition for a product are not available; (ii) a

needed product is available from only one source of supply; or (iii) standardization or compatibility is the overriding consideration. Notwithstanding any other provision of this section, the governing board of a political subdivision of the State shall approve the purchases listed in the preceding sentence prior to the award of the contract.

In the case of purchases by hospitals, in addition to the other exceptions in this subsection, the provisions of this Article shall not apply when: (i) a particular medical item or prosthetic appliance is needed; (ii) a particular product is ordered by an attending physician for his patients; (iii) additional products are needed to complete an ongoing job or task; (iv) products are purchased for "over-the-counter" resale; (v) a particular product is needed or desired for experimental, developmental, or research work; or (vi) equipment is already installed, connected, and in service under a lease or other agreement and the governing body of the hospital determines that the equipment should be purchased. The governing body of a hospital shall keep a record of all purchases made pursuant to this subdivision. These records are subject to public inspection.

(7) Purchases of information technology through contracts established by the State Office of Information Technology Services as provided in G.S. 147-33.82(b) and G.S. 147-33.92(b).

(8) Guaranteed energy savings contracts, which are governed by Article 3B of Chapter 143 of the General Statutes.

(9) Purchases from contracts established by the State or any agency of the State, if the contractor is willing to extend to a political subdivision of the State the same or more favorable prices, terms, and conditions as established in the State contract.

(10) Purchase of used apparatus, supplies, materials, or equipment. For purposes of this subdivision, remanufactured, refabricated or demo apparatus, supplies, materials, or equipment are not included in the exception. A demo item is one that is used for demonstration and is sold by the manufacturer or retailer at a discount.

(11) Contracts by a public entity with a construction manager at risk executed pursuant to G.S. 143-128.1.

(f) Repealed by Session Laws 2001-328, s. 1, effective August 2, 2001.

(g) Waiver of Bidding for Previously Bid Contracts. — When the governing board of any political subdivision of the State, or the manager or purchasing official delegated authority under subsection (a) of this section, determines that it is in the best interest of the unit, the requirements of this section may be waived for the purchase of apparatus, supplies, materials, or equipment from any person or entity that has, within the previous 12 months, after having completed a public, formal bid process substantially similar to that required by this Article, contracted to furnish the apparatus, supplies, materials, or equipment to:

(1) The United States of America or any federal agency;

(2) The State of North Carolina or any agency or political subdivision of the State; or

(3) Any other state or any agency or political subdivision of that state,

if the person or entity is willing to furnish the items at the same or more favorable prices, terms, and conditions as those provided under the contract with the other unit or agency. Notwithstanding any other provision of this section, any purchase made under this subsection shall be approved by the governing body of the purchasing political subdivision of the State at a regularly scheduled meeting of the governing body no fewer than 10 days after publication of notice, in a newspaper of general circulation in the area served by the governing body, that a waiver of the bid procedure will be considered in

order to contract with a qualified supplier pursuant to this section. Rules issued by the Secretary of Administration pursuant to G.S. 143-49(6) shall apply with respect to participation in State term contracts.

(h) Transportation Authority Purchases. — Notwithstanding any other provision of this section, any board or governing body of any regional public transportation authority, hereafter referred to as a "RPTA," created pursuant to Article 26 of Chapter 160A of the General Statutes, or a regional transportation authority, hereafter referred to as a "RTA," created pursuant to Article 27 of Chapter 160A of the General Statutes, may approve the entering into of any contract for the purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment without competitive bidding and without meeting the requirements of subsection (b) of this section if the following procurement by competitive proposal (Request for Proposal) method is followed.

The competitive proposal method of procurement is normally conducted with more than one source submitting an offer or proposal. Either a fixed price or cost reimbursement type contract is awarded. This method of procurement is generally used when conditions are not appropriate for the use of sealed bids. If this procurement method is used, all of the following requirements apply:

(1) Requests for proposals shall be publicized. All evaluation factors shall be identified along with their relative importance.

(2) Proposals shall be solicited from an adequate number of qualified sources.

(3) RPTAs or RTAs shall have a method in place for conducting technical evaluations of proposals received and selecting awardees, with the goal of promoting fairness and competition without requiring strict adherence to specifications or price in determining the most advantageous proposal.

(4) The award may be based upon initial proposals without further discussion or negotiation or, in the discretion of the evaluators, discussions or negotiations may be conducted either with all offerors or with those offerors determined to be within the competitive range, and one or more revised proposals or a best and final offer may be requested of all remaining offerors. The details and deficiencies of an offeror's proposal may not be disclosed to other offerors during any period of negotiation or discussion.

(5) The award shall be made to the responsible firm whose proposal is most advantageous to the RPTA's or the RTA's program with price and other factors considered.

The contents of the proposals shall not be public records until 14 days before the award of the contract.

The board or governing body of the RPTA or the RTA shall, at the regularly scheduled meeting, by formal motion make findings of fact that the procurement by competitive proposal (Request for Proposals) method of procuring the particular apparatus, supplies, materials, or equipment is the most appropriate acquisition method prior to the issuance of the requests for proposals and shall by formal motion certify that the requirements of this subsection have been followed before approving the contract.

Nothing in this subsection subjects a procurement by competitive proposal under this subsection to G.S. 143-49, 143-52, or 143-53.

RPTAs and RTAs may adopt regulations to implement this subsection. (1931, c. 338, s. 1; 1933, c. 50; c. 400, s. 1; 1937, c. 355; 1945, c. 144; 1949, c. 257; 1951, c. 1104, ss. 1, 2; 1953, c. 1268; 1955, c. 1049; 1957, c. 269, s. 3; c. 391; c. 862, ss. 1-4; 1959, c. 392, s. 1; c. 910, s. 1; 1961, c. 1226; 1965, c. 841, s. 2; 1967, c. 860; 1971, c. 847; 1973, c. 1194, s. 2; 1975, c. 879, s. 46; 1977, c. 619, ss. 1, 2; 1979, c. 182, s. 1; 1979, 2nd Sess., c. 1081; 1981, c. 346, s. 1; c. 754, s. 1; 1985,

Editor's Note. — Session Laws 1959, c. 910, which rewrote the last two paragraphs of this section, provides: "Nothing in this act shall be construed to authorize the Division of Purchase and Contract of the Department of Administration to make any purchases for or on behalf of any county, city or town government in this State or any other political subdivision.

"The powers granted herein are in addition to and not in substitution for existing powers granted by general laws or special acts to cities and towns."

As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management (now the Office of State Budget, Planning, and Management) from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s. 41(b), quoted under G.S. 143-64.10.

As to exemption of the Department of Transportation from the provisions of this section for the purpose of entering into contracts with respect to the development of a "Congestion Avoidance and Reduction for Autos and Trucks (CARAT)" system of traffic management for the greater Charlotte-Mecklenburg urban areas, see Session Laws 1993, c. 321, s. 162, Session

Laws 1995, c. 324, s. 18.14, and Session Laws 1997-443, s. 32.11.

As to the exemption of the Office of State Construction of the Department of Administration from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

Session Laws 1997-174, s. 8, provides: "This act raises the threshold amount in G.S. 143-129 and G.S. 160A-266. If any local act provides a threshold amount for the subjects addressed in these statutes that is less than the amount provided in this act, this act prevails to the extent of that conflict."

As to exemption of the Office of State Construction of the Department of Administration from this section and rules implementing this section, to the extent necessary to expedite delivery of juvenile facilities, see Session Laws 1998-202, s. 35(a), quoted under G.S. 143-128.

Session Laws 2001-328, s. 1, effective August 2, 2001, deleted "purchases from federal government by State, counties, etc." from the end of the section catchline.

See legislative survey, 21 Campbell L. Rev. 323 (1999).

CASE NOTES

Editor's Note. — *The cases below were decided prior to the 2001 amendment to this section.*

The purpose of this section is to prevent favoritism, corruption, fraud and imposition in the awarding of public contracts by giving notice to prospective bidders and thus assuring competition, which in turn guarantees fair play and reasonable prices in contracts involving the expenditure of a substantial amount of public money. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

The purpose of the public contract bidding laws is to prevent favoritism, corruption, fraud and imposition in the awarding of public contracts by giving notice to prospective bidders and thus assuring competition which in turn guarantees fair play and reasonable prices in contracts involving the expenditure of a substantial amount of public money. Ronald G. Hinson Elec., Inc. v. Union County Bd. of Educ., 125 N.C. App. 373, 481 S.E.2d 326 (1997).

The requirements of this section are mandatory, and a contract made in contravention of such requirements is ultra vires and void. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Public policy has for many years required governmental needs to be supplied pursuant to contracts with low bidders ascertained by public advertisement. North Carolina has for many years so provided by this section. Douglas Aircraft Co. v. Electrical Workers Local 379, 247 N.C. 620, 101 S.E.2d 800 (1958).

This section applies only to contracts where the bidders have the right to name the price for which they are willing to furnish supplies and materials. It has no application whatever to a contract between a municipality and a public utility, where there can be no competition between bidders because the municipality or the State has the power and authority to fix the price of the service to be rendered or the commodity to be furnished. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

The terms "apparatus," "materials" and "equipment," as used in this section, denote particular types of tangible personal property and cannot be construed to include electric current. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

The word "supplies" in this section is used in conjunction with the terms "apparatus," "materials" and "equipment," and its meaning is confined to property of like kind and nature. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

Meaning of "Emergency." — The meaning

of the word "emergency" within the exception to this section is not susceptible of precise definition, and each case must, to some extent, stand upon its own bottom; but in any event, the term connotes an immediate and present condition, and not one which may or may not arise in the future, or one that is apt to arise or may be expected to arise. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Provision of Section Held Punitive. — This section allows a municipality to reject a licensed surety company's bid if it fails to settle a pending claim against it within 180 days, and operates to prevent a licensed surety company from engaging in the business it is otherwise authorized to participate in under G.S. 55-3-02 and 55-15-05; therefore, this provision is punitive in nature. United States Fid. & Guar. Co. v. City of Raleigh, 93 N.C. App. 159, 376 S.E.2d 768 (1989).

This section contains no provision for reviving claims after settlement, and no language suggests that a surety company's subsequent action against a municipality arising from their settlement constitutes a claim against the surety; therefore, city could not invoke this provision to justify its blanket refusal to accept plaintiff's bonds. United States Fid. & Guar. Co. v. City of Raleigh, 93 N.C. App. 159, 376 S.E.2d 768 (1989).

Judicial Review of Finding of Emergency. — The provision of this section that a municipality may let a contract for expenditures in excess of the specified dollar amount without advertisement "in cases of special emergency" constitutes an exception to the general rule; the commissioners of a municipality may not declare an emergency where none exists and thus defeat the law, nor is the finding of an emergency by the municipal board upon competent evidence conclusive on the courts, but the courts may review the evidence and determine whether an emergency as contemplated by this section does in fact exist. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Contract Made in Violation of This Section Is Void. — A contract involving more than the specified dollar amount, let without advertisement as required by this section, is void, and the contractor may not recover on it. Hawkins v. Town of Dallas, 229 N.C. 561, 50 S.E.2d 561 (1948).

A purported public contract not made in conformity with the requirements of this section is void. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Trial Court Did Not Have Jurisdiction to Enter Permanent Injunction. — Appeals court (1) vacated the permanent injunctive relief, which purported to effectively determine the controversy between an unsuccessful bidder for a town's water tank and the town and the successful bidder, based upon whether the town was in the process of awarding the contract in violation of to G.S. 143-128, 143-129 after negotiating with the successful bidder, on its merits, for lack of trial court jurisdiction to award that relief, since the trial court issued the permanent injunction at a hearing held only to determine whether a temporary restraining order was to be continued as a preliminary injunction, and (2) dismissed, and remanded for further proceedings the appeal of the remaining part of the order awarding a preliminary injunction, since that order was a non-final interlocutory order that was not yet appealable. CB&I Constructors, Inc. v. Town of Wake Forest, — N.C. App. —, 579 S.E.2d 502, 2003 N.C. App. LEXIS 736 (2003).

But Recovery May Be Had on Basis of Quantum Meruit. — Where the work under the contract has been actually done and accepted, the county, city or town is bound on a quantum meruit for the reasonable and just value of the work and labor done and materials furnished. Hawkins v. Town of Dallas, 229 N.C. 561, 50 S.E.2d 561 (1948).

As performance and acceptance of construction work imposes an obligation to pay the reasonable and just value of the work done and materials furnished. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Such recovery excludes profits, and the reasonable and just value recoverable cannot exceed actual cost. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Contracts Held Void. — Public Laws 1903, c. 305 did not authorize the town of Louisburg to contract for machinery for its water and sewer system and electric light plant in a sum in excess of $1,000 without submitting the same to competitive bidding after due advertisement. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Where plaintiffs laid water lines as a business investment pursuant to an agreement with the city's director of utilities that the city would reimburse them for the moneys so expended if the lines were incorporated within the city's limits, the contract was void. Styers v. City of Gastonia, 252 N.C. 572, 114 S.E.2d 348 (1960).

Applied in N.C. Monroe Constr. Co. v. Guilford County Bd. of Educ., 278 N.C. 633, 180 S.E.2d 818 (1971).

Cited in Karpark Corp. v. Town of Graham, 99 F. Supp. 124 (M.D.N.C. 1951); Smith v. City of Rockingham, 268 N.C. 697, 151 S.E.2d 568 (1966); Wm. Muirhead Constr. Co. v. Housing Auth., 1 N.C. App. 181, 160 S.E.2d 542 (1968).

OPINIONS OF ATTORNEY GENERAL

Editor's Note. *— The opinions below were rendered prior to the 2001 amendment to this section.*

Advertisement for formal bids under this section is required whenever an estimated expenditure for purchase of apparatus, supplies, materials or equipment exceeds $2,000 and whenever an estimated expenditure for construction or repair work exceeds $7,500. See opinion of Attorney General to Mr. L.A. Stith, Craven County Attorney, 40 N.C.A.G. 459 (1969), issued prior to amendments to this section increasing the specified dollar amounts.

Sales Tax Must Be Included as an "Estimated Expenditure of Public Money." — See opinion of Attorney General to Mr. James B. Garland, 41 N.C.A.G. 479 (1971).

Applicability of Competitive Bidding Requirements to Lease with Option to Purchase. — As to necessity of counties complying with competitive bidding requirements in lease agreement of equipment with option to purchase, see opinion of Attorney General to Senator John J. Burney, Jr., 41 N.C.A.G. 504 (1971).

A city may not enter into a lease for equipment, with option to purchase within the first five years, without complying with the bidding requirements of this section, where the purchase price of the equipment exceeds $2,000, even though the rental payments will be credited toward the purchase price should the option be exercised. See opinion of Attorney General to Mr. James B. Garland, Gastonia City Attorney, 40 N.C.A.G. 460 (1969), issued prior to amendments to this section increasing the specified dollar amounts.

Modification of Bid After Opening of Sealed Bids Is Impermissible. — See opinion of Attorney General to Mr. John B. Lewis, Farmville Town Attorney, 41 N.C.A.G. 187 (1970).

County May Accept Single Bid Filed Pursuant to Requirement of Statute. — See opinion of Attorney General to Mr. Elbert L. Peters, Coordinator, Governor's Highway Safety Program, 41 N.C.A.G. 527 (1971).

Provision as to Purchase Price of Additional Equipment. — A contract let to bids pursuant to this section for the purchase of equipment may contain a provision that the city may purchase additional equipment at the same price as the original contract. See opinion of Attorney General to Mr. James B. Garland, Gastonia City Attorney, 40 N.C.A.G. 460 (1969).

Construction of Correctional Facilities. — The public bidding requirements of Article 8, Chapter 143, G.S. 143-128 et seq., are not applicable to the construction of the three close security correctional facilities authorized by G.S. 148-37(b1), as the statute clearly contemplates that such facilities will be constructed by the private sector using private funds. See opinion of Attorney General to Mr. Robert M. High, Deputy Treasurer, N. C. Department of State Treasurer, 2000 N.C. AG LEXIS 34 (4/17/2000).

§ 143-129.1. Withdrawal of bid.

A public agency may allow a bidder submitting a bid pursuant to G.S. 143-129 for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment to withdraw his bid from consideration after the bid opening without forfeiture of his bid security if the price bid was based upon a mistake, which constituted a substantial error, provided the bid was submitted in good faith, and the bidder submits credible evidence that the mistake was clerical in nature as opposed to a judgment error, and was actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of work, labor, apparatus, supplies, materials, equipment, or services made directly in the compilation of the bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of the original work papers, documents or materials used in the preparation of the bid sought to be withdrawn. A request to withdraw a bid must be made in writing to the public agency which invited the proposals for the work prior to the award of the contract, but not later than 72 hours after the opening of bids, or for a longer period as may be specified in the instructions to bidders provided prior to the opening of bids.

If a request to withdraw a bid has been made in accordance with the provisions of this section, action on the remaining bids shall be considered, in accordance with North Carolina G.S. 143-129, as though said bid had not been

received. Notwithstanding the foregoing, such bid shall be deemed to have been received for the purpose of complying with the requirements of G.S. 143-132. If the work or purchase is relet for bids, under no circumstances may the bidder who has filed a request to withdraw be permitted to rebid the work or purchase.

If a bidder files a request to withdraw his bid, the agency shall promptly hold a hearing thereon. The agency shall give to the withdrawing bidder reasonable notice of the time and place of any such hearing. The bidder, either in person or through counsel, may appear at the hearing and present any additional facts and arguments in support of his request to withdraw his bid. The agency shall issue a written ruling allowing or denying the request to withdraw within five days after the hearing. If the agency finds that the price bid was based upon a mistake of the type described in the first paragraph of this section, then the agency shall issue a ruling permitting the bidder to withdraw without forfeiture of the bidder's security. If the agency finds that the price bid was based upon a mistake not of the type described in the first paragraph of this section, then the agency shall issue a ruling denying the request to withdraw and requiring the forfeiture of the bidder's security. A denial by the agency of the request to withdraw a bid shall have the same effect as if an award had been made to the bidder and a refusal by the bidder to accept had been made, or as if there had been a refusal to enter into the contract, and the bidder's bid deposit or bid bond shall be forfeited.

In the event said ruling denies the request to withdraw the bid, the bidder shall have the right, within 20 days after receipt of said ruling, to contest the matter by the filing of a civil action in any court of competent jurisdiction of the State of North Carolina. The procedure shall be the same as in all civil actions except all issues of law and fact and every other issue shall be tried de novo by the judge without jury; provided that the matter may be referred in the instances and in the manner provided for by North Carolina G.S. 1A-1, Rule 53, as amended. Notwithstanding the foregoing, if the public agency involved is the Department of Administration, it may follow its normal rules and regulations with respect to contested matters, as opposed to following the administrative procedures set forth herein. If it is finally determined that the bidder did not have the right to withdraw his bid pursuant to the provisions of this section, the bidder's security shall be forfeited. Every bid bond or bid deposit given by a bidder to a public agency pursuant to G.S. 143-129 shall be conclusively presumed to have been given in accordance with this section, whether or not it be so drawn as to conform to this section. This section shall be conclusively presumed to have been written into every bid bond given pursuant to G.S. 143-129.

Neither the agency nor any elected or appointed official, employee, representative or agent of such agency shall incur any liability or surcharge, in the absence of fraud or collusion, by permitting the withdrawal of a bid pursuant to the provisions of this section.

No withdrawal of the bid which would result in the award of the contract on another bid of the same bidder, his partner, or to a corporation or business venture owned by or in which he has an interest shall be permitted. No bidder who is permitted to withdraw a bid shall supply any material or labor to, or perform any subcontract or work agreement for, any person to whom a contract or subcontract is awarded in the performance of the contract for which the withdrawn bid was submitted, without the prior written approval of the agency. Whoever violates the provisions of the foregoing sentence shall be guilty of a Class 1 misdemeanor. (1977, c. 617, s. 1; 1993, c. 539, s. 1008; 1994, Ex. Sess., c. 24, s. 14(c); 2001-328, s. 2.)

§ 143-129.2. Construction, design and operation of solid waste management facilities.

(a) All terms relating to solid waste management and disposal as used in this section shall be defined as set forth in G.S. 130A-290.

(b) To acknowledge the highly complex and innovative nature of solid waste management technology for processing mixed solid waste, the relatively limited availability of existing and proven proprietary technology involving solid waste management facilities, the desirability of a single point of responsibility for the development of facilities and the economic and technical utility of contracts for solid waste management which include in their scope combinations of design, construction, operation, management and maintenance responsibilities over prolonged periods of time and that in some instances it may be beneficial to a unit of local government to award a contract on the basis of factors other than cost alone, including but not limited to facility design, operational experience, system reliability, energy production efficiency, long-term operational costs, compatibility with source separation and other recycling systems, environmental impact and operational guarantees. Accordingly, and notwithstanding other provisions of this Article 8, or any other general, special or local law, a contract entered into between a unit of local government and any person pursuant to this section may be awarded in accordance with the following provisions for the award of a contract based upon an evaluation of proposals submitted in response to a request for proposals prepared by or for a unit of local government.

(c) The unit of local government shall require in its request for proposals that each proposal to be submitted shall include:

(1) Information relating to the experience of the proposer on the basis of which said proposer purports to be qualified to carry out all work required by a proposed contract; the ability of the proposer to secure adequate financing; and proposals for project staffing, implementation of work tasks, and the carrying out of all responsibilities required by a proposed contract;

(2) A proposal clearly identifying and specifying all elements of cost which would become charges to the unit of local government, in whatever form, in return for the fulfillment by the proposer of all tasks and responsibilities established by the request for the proposal for the full lifetime of a proposed contract, including, as appropriate, but not limited to, the cost of planning, design, construction, operation, management and/or maintenance of any facility; provided, that the unit of local government may prescribe the form and content of such proposal and that, in any event, the proposer must submit sufficiently detailed information to permit a fair and equitable evaluation of such proposal;

(3) Such other information as the unit of local government may determine to have a material bearing on its ability to evaluate any proposal in accordance with this section.

(d) Proposals received in response to such request for proposals may be evaluated on the basis of a technical analysis of facility design, operational experience of the technology to be utilized in the proposed facility, system reliability and availability, energy production balance and efficiency, environmental impact and protection, recovery of materials, required staffing level during operation, projection of anticipated revenues from the sale of energy and materials recovered by the facility, net cost to the unit of local government for operation and maintenance of the facility for the duration of time to be established in the request for proposals and upon such other factors and information as the unit of local government determined to have a material

bearing on its ability to evaluate any proposal, which factors were set forth in said request for proposal.

(e) The unit of local government may make a contract award to any responsible proposer selected pursuant to this section based upon a determination that the selected proposal is more responsive to the request for proposals and may thereupon negotiate a contract with said proposer for the performance of the services set forth in the request for proposals and the response thereto, such determination shall be deemed to be conclusive. Notwithstanding other provisions of this Article 8, or any other general, local or special law, a contract may be negotiated and entered into between a unit of local government and any person selected as a responsible proposer hereunder which may provide for, but not be limited to, the following:

(1) A contract, lease, rental, license, permit or other authorization to design, construct, operate and maintain such a solid waste management facility, upon such terms and conditions for such consideration and for such term or duration, not to exceed 40 years, as may be agreed upon by the unit of local government and such person;

(2) Payment by the unit of local government of a fee or other charge to such person for acceptance, processing, recycling, management and disposal of solid waste;

(3) An obligation on the part of a unit of local government to deliver or cause to be delivered to a solid waste management facility guaranteed quantities of solid wastes; and

(4) The sale, utilization or disposal of any form of energy, recovered material or residue resulting from the operation of any solid waste management facility.

(f) The construction work for any facility or structure which is ancillary to the solid waste management facility and which does not involve storage and processing of solid waste or the separation, extraction and recovery of useful or marketable forms of energy and materials from solid waste at the solid waste management facility, shall be procured through competitive bidding procedures described by G.S. 143-128 through 143-129.1. Such ancillary facilities shall include but shall not necessarily be limited to the following: roads, water and sewer lines to the facility limits, transfer stations, scale house, administration buildings and residue and bypass disposal sites. (1983, c. 795, ss. 4, 8.1.)

CASE NOTES

The plain language of this section gives broad discretion to local governments in making a contract-award decision; the section does not mandate that the local government follow the recommendation of county officials nor does it require that the county award the contract to the low bidder. City-Wide Asphalt Paving, Inc. v. Alamance County, 966 F. Supp. 395 (M.D.N.C. 1997).

This section does not vest a property interest in a contract award to the low bidder for purposes of a due process claim under 42 U.S.C. § 1983. City-Wide Asphalt Paving, Inc. v. Alamance County, 966 F. Supp. 395 (M.D.N.C. 1997).

No Private Cause of Action to Contest Contract Award. — The low bidder on the county's request for proposals to maintain and operate a county landfill could not maintain a private cause of action under this section upon the county's award of the contract to a competing bidder, since the low bidder failed to allege that the county had waived its sovereign immunity. City-Wide Asphalt Paving, Inc. v. Alamance County, 132 N.C. App. 347, 513 S.E.2d 335 (1999).

§ 143-129.3. Exemption of General Assembly from certain purchasing requirements.

(a) The Legislative Services Commission may provide that the provisions of G.S. 143-129 and Article 3 of this Chapter do not apply to purchases by the General Assembly of data processing and data communications equipment, supplies, and services. Such exemption may vary according to the type or amount of purchase, and may vary as to whether the exemption is from some or all of those statutory provisions.

(b) The Legislative Services Commission must give specific approval to any purchase in excess of five thousand dollars ($5,000) made under an exemption provided by subsection (a) of this section. (1989, c. 82, s. 1.)

§ 143-129.4. Guaranteed energy savings contracts.

The solicitation and evaluation of proposals for guaranteed energy savings contracts, as defined in Part 2 of Article 3B of this Chapter, and the letting of contracts for these proposals are not governed by this Article but instead are governed by the provisions of that Part; except that guaranteed energy savings contracts are subject to the requirements of G.S. 143-128.2 and G.S. 143-135.3. (1993 (Reg. Sess., 1994), c. 775, s. 4; 1995, c. 509, s. 135.2(k); 2001-496, s. 3.3; 2002-161, s. 11.)

Editor's Note. — Session Laws 2002-161, s. 12, provides that nothing in the act limits the use of any method of contracting authorized by local law or other applicable laws.

Effect of Amendments. — Session Laws 2002-161, s. 11, effective January 1, 2003, and applicable to contracts entered into on or after that date, substituted "not governed by this Article but instead are governed" for "governed solely" and substituted "G.S. 143-128.2 and G.S. 143-135.3" for "G.S. 143-128.2."

§ 143-129.5. Purchases from nonprofit work centers for the blind and severely disabled.

Notwithstanding G.S. 143-129, a city, county, or other governmental entity subject to this Article may purchase goods and services directly from a nonprofit work center for the blind and severely disabled, as defined in G.S. 143-48.

The Department of Administration shall report annually to the Joint Legislative Commission on Governmental Operations on its administration of this program. (1995, c. 265, ss. 4, 5; 1999-20, s. 1.)

§ 143-129.6: Reserved for future codification purposes.

§ 143-129.7. Purchase with trade-in of apparatus, supplies, materials, and equipment.

Notwithstanding the provisions of Article 12 of Chapter 160A of the General Statutes, municipalities, counties, and other political subdivisions of the State may include in specifications for the purchase of apparatus, supplies, materials, or equipment an opportunity for bidders to purchase as "trade-in" specified personal property owned by the municipality, county, or other political subdivision, and the awarding authority may award a contract for both the purchase of the apparatus, supplies, materials, or equipment and the sale of trade-in property, taking into consideration the amount offered on the trade-in when applying the criteria for award established in this Article. (1997-174, s. 7.)

§ 143-129.8. Purchase of information technology goods and services.

(a) In recognition of the complex and innovative nature of information technology goods and services and of the desirability of a single point of responsibility for contracts that include combinations of purchase of goods, design, installation, training, operation, maintenance, and related services, a political subdivision of the State may contract for information technology, as defined in G.S. 147-33.81(2), using the procedure set forth in this section, in addition to or instead of any other procedure available under North Carolina law.

(b) Contracts for information technology may be entered into under a request for proposals procedure that satisfies the following minimum requirements:

(1) Notice of the request for proposals shall be given in accordance with G.S. 143-129(a).

(2) Contracts shall be awarded to the person or entity that submits the best overall proposal as determined by the awarding authority. Factors to be considered in awarding contracts shall be identified in the request for proposals.

(c) The awarding authority may use procurement methods set forth in G.S. 143-135.9 in developing and evaluating requests for proposals under this section. The awarding authority may negotiate with any proposer in order to obtain a final contract that best meets the needs of the awarding authority. Negotiations allowed under this section shall not alter the contract beyond the scope of the original request for proposals in a manner that: (i) deprives the proposers or potential proposers of a fair opportunity to compete for the contract; and (ii) would have resulted in the award of the contract to a different person or entity if the alterations had been included in the request for proposals.

(d) Proposals submitted under this section shall not be subject to public inspection until a contract is awarded. (2001-328, s. 3.)

§ 143-129.9. Alternative competitive bidding methods.

(a) A political subdivision of the State may use any of the following methods to obtain competitive bids for the purchase of apparatus, supplies, materials, or equipment as an alternative to the otherwise applicable requirements in this Article:

(1) Reverse auction. — For purposes of this section, "reverse auction" means a real-time purchasing process in which bidders compete to provide goods at the lowest selling price in an open and interactive environment. The bidders' prices may be revealed during the reverse auction. A reverse auction may be conducted by the political subdivision or by a third party under contract with the political subdivision. A political subdivision may also conduct a reverse auction through the State electronic procurement system, and compliance with the procedures and requirements of the State's reverse auction process satisfies the political subdivision's obligations under this Article.

(2) Electronic bidding. — A political subdivision may receive bids electronically in addition to or instead of paper bids. Procedures for receipt of electronic bids for contracts that are subject to the requirements of G.S. 143-129 shall be designed to ensure the security, authenticity, and confidentiality of the bids to at least the same extent as is provided for with sealed paper bids.

(b) The requirements for advertisement of bidding opportunities, timeliness of the receipt of bids, the standard for the award of contracts, and all other

requirements in this Article that are not inconsistent with the methods authorized in this section shall apply to contracts awarded under this section.

(c) Reverse auctions shall not be utilized for the purchase or acquisition of construction aggregates, including, but not limited to, crushed stone, sand, and gravel. (2002-107, s. 1.)

Editor's Note. — Session Laws 2002-107, s. 6, as amended by Sesson Laws 2002-159, s. 64(a), made this section effective September 6, 2002, and applicable to bidding opportunities advertised on or after that date.

Session Laws 2002-107, s. 3, provides: "Notwithstanding any other provision of law to the contrary, the Secretary may conduct a pilot program for reverse auctions. The reverse auctions shall be utilized only for the purchase or exchange of those supplies, equipment, and materials as provided in G.S. 115C-522, for use by the public school systems. The Secretary shall report the results of the pilot program to the Joint Select Committee on Information Technology, upon the convening of the 2003 General Assembly."

Session Laws 2003-147, s. 11, provides: "Nothing in this act shall be construed to limit the authority of the Department of Administration to develop, implement, and monitor a pilot program for reverse auctions for public school systems as provided in Section 3 of Chapter 107 of the 2002 Session Laws."

§ 143-130. Allowance for convict labor must be specified.

In cases where the board or governing body of a State agency or of any political subdivision of the State may furnish convict or other labor to the contractor, manufacturer, or others entering into contracts for the performance of construction work, installation of apparatus, supplies, materials or equipment, the specifications covering such projects shall carry full information as to what wages shall be paid for such labor or the amount of allowance for same. (1933, c. 400, s. 2; 1967, c. 860.)

§ 143-131. When counties, cities, towns and other subdivisions may let contracts on informal bids.

(a) All contracts for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment, involving the expenditure of public money in the amount of five thousand dollars ($5,000) or more, but less than the limits prescribed in G.S. 143-129, made by any officer, department, board, or commission of any county, city, town, or other subdivision of this State shall be made after informal bids have been secured. All such contracts shall be awarded to the lowest responsible, responsive bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. It shall be the duty of any officer, department, board, or commission entering into such contract to keep a record of all bids submitted, and such record shall not be subject to public inspection until the contract has been awarded.

(b) All public entities shall solicit minority participation in contracts for the erection, construction, alteration or repair of any building awarded pursuant to this section. The public entity shall maintain a record of contractors solicited and shall document efforts to recruit minority business participation in those contracts. Nothing in this section shall be construed to require formal advertisement of bids. All data, including the type of project, total dollar value of the project, dollar value of minority business participation on each project, and documentation of efforts to recruit minority participation shall be reported to the Department of Administration, Office for Historically Underutilized Business, upon the completion of the project. (1931, c. 338, s. 2; 1957, c. 862, s. 5; 1959, c. 406; 1963, c. 172; 1967, c. 860; 1971, c. 593; 1981, c. 719, s. 1; 1987 (Reg. Sess., 1988), c. 1108, s. 6; 1997-174, s. 5; 2001-496, s. 5.1.)

Local Modification. — Currituck: 1993 (Reg. Sess., 1994), c. 668, s. 1; Dare: 1999-40, s. 1; 2002-5, s. 1 (expires July 1, 2003); 2003-47, s. 1 (as to design and construction of administration building and renovation of Old Dare Court House, and expires July 1, 2008); Davie: 1997-331, s. 3 (expires July 1, 1999); Forsyth: 1993, c. 128, s. 1; 1998-104 (expires June 30, 2001); Franklin: 1993 (Reg. Sess., 1994), c. 757, s. 1; Johnston: 1995 (Reg. Sess., 1996), c. 611, s. 1; 2002-93, s. 2 (expires June 30, 2005); Surry: 2000-79, s. 1 (expires December 31, 2002); city of Charlotte: 2000-26, s. 1; 2002-91, s. 1; city of Durham: 2001-350, s. 3; city of Greensboro: 1951, c. 707, s. 5; 1987, c. 53, s. 3; 1995, c. 218, s. 2; city of Winston-Salem: 1985, c. 632; 1987, c. 575; town of Clayton: town of Manteo: 1995, c. 125, s. 1; town of Southern Shores: 1995, c. 70, s. 1; town of Sunset Beach: 1993, c. 381, s. 3; 1995, c. 124; 1995 (Reg. Sess., 1996), c. 732; 1997-63; town of Yadkinville: 1997-3, s. 1; Alamance-Caswell Area Mental Health, Developmental Disabilities and Substance Abuse Authority: 1987, c. 120; Winston-Salem/Forsyth County Board of Education: 1993, c. 128, s. 1.

Cross References. — As to legislation regarding construction of juvenile facilities, see the editor's note under G.S. 7B-1500.

Editor's Note. — As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s. 41(b), quoted under G.S. 143-64.10.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

As to the exemption of the Office of State Construction of the Department of Administration from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

Session Laws 1996, Second Extra Session, c. 18, s. 23.4(a), provides: "The Department of Justice, in consultation with the Office of State Construction of the Department of Administration, shall contract for and supervise all aspects of administration, technical assistance, design, construction, or demolition of facilities in order to implement the repairs and renovations of the Western Justice Academy under the provisions of this section without being subject to the following statutes and rules implementing those statutes: G.S. 143-135.26, 143-131, 143-132, 113A-1 through 113A-10, 113A-50 through 113A-66, and 133-1.1(g). The Department of Justice shall let contracts for all repairs and renovations of the Academy as soon as possible, but not later than December 1, 1996.

"The Department of Justice shall have a verifiable ten percent (10%) goal for participation by minority and women-owned businesses. All contracts for the design, construction, or demolition of facilities shall include a penalty for failure to complete the work by a specified date."

As to exemption of the Office of State Construction of the Department of Administration from this section and rules implementing this section, to the extent necessary to expedite delivery of juvenile facilities, see Session Laws 1998-202, s. 35(a), quoted under G.S. 143-128.

CASE NOTES

Purchases over $5000. — Petitioner purchased equipment in an amount over $5,000, and thus was required to comply with the bidding provisions of this statute. Fuqua v. Rockingham County Bd. of Social Servs., 125 N.C. App. 66, 479 S.E.2d 273 (1996).

OPINIONS OF ATTORNEY GENERAL

Contracts Under Federal Law. — If an airport authority, consistent with authority granted by G.S. 63-54(c), pertaining to federal aid for airports and related facilities, chooses to let contracts under federal law, the mandatory reporting requirements of subsection (b) of this section would not apply. See opinion of Attorney General to William O. Cooke, Cooke & Cooke, L.L.P., 2002 N.C.A.G. 32 (11/18/02).

§ 143-132. Minimum number of bids for public contracts.

(a) No contract to which G.S. 143-129 applies for construction or repairs shall be awarded by any board or governing body of the State, or any subdivision thereof, unless at least three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor; however, this section shall not apply to contracts which are negotiated as provided for in G.S. 143-129. Provided that if after advertisement for bids as required by G.S. 143-129, not as many as three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor, said board or governing body of the State agency or of a county, city, town or other subdivision of the State shall again advertise for bids; and if as a result of such second advertisement, not as many as three competitive bids from reputable and qualified contractors are received, such board or governing body may then let the contract to the lowest responsible bidder submitting a bid for such project, even though only one bid is received.

(b) For purposes of contracts bid in the alternative between the separate-prime and single-prime contracts, pursuant to G.S. 143-128(d1) each single-prime bid shall constitute a competitive bid in each of the four subdivisions or branches of work listed in G.S. 143-128(a), and each full set of separate-prime bids shall constitute a competitive single-prime bid in meeting the requirements of subsection (a) of this section. If there are at least three single-prime bids but there is not at least one full set of separate-prime bids, no separate-prime bids shall be opened.

(c) The State Building Commission shall develop guidelines no later than January 1, 1991, governing the opening of bids pursuant to this Article. These guidelines shall be distributed to all public bodies subject to this Article. The guidelines shall not be subject to the provisions of Chapter 150B of the General Statutes. (1931, c. 291, s. 3; 1951, c. 1104, s. 3; 1959, c. 392, s. 2; 1963, c. 289; 1967, c. 860; 1977, c. 644; 1979, c. 182, s. 2; 1989, c. 480, s. 2; 1989 (Reg. Sess., 1990), c. 1051, s. 4; 1991 (Reg. Sess., 1992), c. 985, s. 1; 1995, c. 358, s. 4; c. 367, ss. 1, 7; 2001-496, s. 9.)

Sess., 1988), c. 1086, s. 123(b).

As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s. 41(b), quoted under G.S. 143-64.10.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

As to the exemption of the Office of State Construction of the Department of Administration from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

Session Laws 1996, Second Extra Session, c. 18, s. 23.4, provides: "(a) The Department of Justice, in consultation with the Office of State Construction of the Department of Administration, shall contract for and supervise all aspects of administration, technical assistance, design, construction, or demolition of facilities in order to implement the repairs and renovations of the Western Justice Academy under the provisions of this section without being subject to the following statutes and rules implementing those statutes: G.S. 143-135.26, 143-131, 143-132, 113A-1 through 113A-10, 113A-50 through 113A-66, and 133-1.1(g). The Department of Justice shall let contracts for all repairs and renovations of the Academy as soon as possible, but not later than December 1, 1996.

"The Department of Justice shall have a verifiable ten percent (10%) goal for participation by minority and women-owned businesses. All contracts for the design, construction, or demolition of facilities shall include a penalty for failure to complete the work by a specified date."

As to exemption of the Office of State Construction of the Department of Administration from this section and rules implementing this section, to the extent necessary to expedite delivery of juvenile facilities, see Session Laws 1998-202, s. 35(a), quoted under G.S. 143-128.

CASE NOTES

Purpose. — The purpose of the public contract bidding laws is to prevent favoritism, corruption, fraud and imposition in the awarding of public contracts by giving notice to prospective bidders and thus assuring competition which in turn guarantees fair play and reasonable prices in contracts involving the expenditure of a substantial amount of public money. Ronald G. Hinson Elec., Inc. v. Union County Bd. of Educ., 125 N.C. App. 373, 481 S.E.2d 326 (1997).

OPINIONS OF ATTORNEY GENERAL

Receipt of "No Bid" Notes Is Not a Bid Within Requirement of Receipt of Certain Number of Bids. — See opinion of Attorney General to Mr. Thomas S. Harrington, Eden City Attorney, 40 N.C.A.G. 541 (1970).

§ 143-133. No evasion permitted.

No bill or contract shall be divided for the purpose of evading the provisions of this Article. (1933, c. 400, s. 3; 1967, c. 860.)

Local Modification. — Johnston: 1995 (Reg. Sess., 1996), c. 611, s. 1; 2002-93, s. 2 (expires June 30, 2005).

§ 143-134. Applicable to Department of Transportation and Department of Correction; exceptions.

This Article shall apply to the Department of Transportation and the Department of Correction except in the construction of roads, bridges and their approaches; provided however, that whenever the Director of the Budget determines that the repair or construction of a building by the Department of Transportation or by the Department of Correction can be done more economically through use of employees of the Department of Transportation and/or prison inmates than by letting such repair or building construction to contract, the provisions of this Article shall not apply to such repair or construction. (1933, c. 400, s. 3-A; 1955, c. 572; 1957, c. 65, s. 11; 1967, c. 860; c. 996, s. 13; 1973, c. 507, s. 5; 1977, c. 464, s. 34.)

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by Session Laws 1991 (Reg. Sess., 1992), c. 1044, s. 41(b), quoted under G.S. 143-64.10.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

As to the exemption of the Office of State Construction of the Department of Administration from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

As to exemption of the Office of State Construction of the Department of Administration from this section and rules implementing this section, to the extent necessary to expedite delivery of juvenile facilities, see Session Laws 1998-202, s. 35(a), quoted under G.S. 143-128.

§ 143-134.1. Interest on final payments due to prime contractors; payments to subcontractors.

(a) On all public construction contracts which are let by a board or governing body of the State government or any political subdivision thereof, except contracts let by the Department of Transportation pursuant to G.S. 136-28.1, the balance due prime contractors shall be paid in full within 45 days after respective prime contracts of the project have been accepted by the owner, certified by the architect, engineer or designer to be completed in accordance with terms of the plans and specifications, or occupied by the owner and used for the purpose for which the project was constructed, whichever occurs first. Provided, however, that whenever the architect or consulting engineer in charge of the project determines that delay in completion of the project in accordance with terms of the plans and specifications is the fault of the contractor, the project may be occupied and used for the purposes for which it was constructed without payment of any interest on amounts withheld past the 45 day limit. No payment shall be delayed because of the failure of another prime contractor on such project to complete his contract. Should final payment to any prime contractor beyond the date such contracts have been certified to be completed by the designer or architect, accepted by the owner, or occupied by the owner and used for the purposes for which the project was constructed, be delayed by more than 45 days, said prime contractor shall be paid interest, beginning on the 46th day, at the rate of one percent (1%) per month or fraction thereof unless a lower rate is agreed upon on such unpaid balance as may be due. In addition to the above final payment provisions, periodic payments due a prime contractor during construction shall be paid in accordance with the payment provisions of the contract documents or said prime contractor shall be paid interest on any such unpaid amount at the rate stipulated above for delayed final payments. Such interest shall begin on the date the payment is due and continue until the date on which payment is made. Such due date may be established by the terms of the contract. Funds for payment of such interest on state-owned projects shall be obtained from the current budget of the owning department, institution, or agency. Where a conditional acceptance of a contract exists, and where the owner is retaining a reasonable sum pending correction of such conditions, interest on such reasonable sum shall not apply.

(b) Within seven days of receipt by the prime contractor of each periodic or final payment, the prime contractor shall pay the subcontractor based on work completed or service provided under the subcontract. Should any periodic or final payment to the subcontractor be delayed by more than seven days after receipt of periodic or final payment by the prime contractor, the prime contractor shall pay the subcontractor interest, beginning on the eighth day, at the rate of one percent (1%) per month or fraction thereof on such unpaid balance as may be due.

(c) The percentage of retainage on payments made by the prime contractor to the subcontractor shall not exceed the percentage of retainage on payments made by the owner to the prime contractor. Any percentage of retainage on payments made by the prime contractor to the subcontractor that exceeds the percentage of retainage on payments made by the owner to the prime contractor shall be subject to interest to be paid by the prime contractor to the subcontractor at the rate of one percent (1%) per month or fraction thereof.

(d) Nothing in this section shall prevent the prime contractor at the time of application and certification to the owner from withholding application and certification to the owner for payment to the subcontractor for unsatisfactory job progress; defective construction not remedied; disputed work; third party claims filed or reasonable evidence that claim will be filed; failure of subcontractor to make timely payments for labor, equipment, and materials; damage to prime contractor or another subcontractor; reasonable evidence that subcontract cannot be completed for the unpaid balance of the subcontract sum; or a reasonable amount for retainage not to exceed the initial percentage retained by the owner. (1959, c. 1328; 1967, c. 860; 1979, c. 778; 1983, c. 804, ss. 1, 2.)

Legal Periodicals. — For survey of North Carolina construction law, see 21 Wake Forest L. Rev. 633 (1986).

CASE NOTES

Judgment Interest Not Awardable. — Trial court erred in awarding prejudgment and postjudgment interest because a state university was not obligated under a contract to pay interest on damages suffered by a contractor as a result of the university's breach of contract where the contractor's recovery was based on damages it incurred as a result of the university's breaches of contract and of warranty, and not for any unpaid balance due under the contract. RPR & Assocs. v. Univ. of North Carolina-Chapel Hill, 153 N.C. App. 342, 570 S.E.2d 510, 2002 N.C. App. LEXIS 1191 (2002).

Applied in Davidson & Jones, Inc. v. North Carolina Dep't of Admin., 69 N.C. App. 563, 317 S.E.2d 718 (1984).

§ 143-134.2. Actions by contractor on behalf of subcontractor.

(a) A contractor may, on behalf of a subcontractor of any tier under the contractor, file an action against an owner regarding a claim arising out of or relating to labor, materials, or services furnished by the subcontractor to the contractor pursuant to a contract between the subcontractor and the contractor for the same project that is the subject of the contract between the contractor and the owner.

(b) In any action filed by a contractor against an owner under subsection (a) of this section, it shall not be a defense that the costs and damages at issue were incurred by a subcontractor and that subcontractor has not been paid for these costs and damages. The owner shall not be required to pay the contractor for the costs and damages incurred by a subcontractor, unless the subcontractor submits proof to the court that the contractor has paid these costs and damages to the subcontractor. (1997-489, s. 1.)

§ 143-134.3. No damage for delay clause.

No contractual language forbidding or limiting compensable damages for delays caused solely by the owner or its agent may be enforced in any construction contract let by any board or governing body of the State, or of any institution of State government, or of any county, city, town, or other political subdivision thereof. For purposes of this section, the phrase "owner or its

agent" does not include prime contractors or their subcontractors. (1997-489, s. 1.)

§ 143-135. Limitation of application of Article.

Except for the provisions of G.S. 143-129 requiring bids for the purchase of apparatus, supplies, materials or equipment, this Article shall not apply to construction or repair work undertaken by the State or by subdivisions of the State of North Carolina (i) when the work is performed by duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned and (ii) when either the total cost of the project, including without limitation all direct and indirect costs of labor, services, materials, supplies and equipment, does not exceed one hundred twenty-five thousand dollars ($125,000) or the total cost of labor on the project does not exceed fifty thousand dollars ($50,000). This force account work shall be subject to the approval of the Director of the Budget in the case of State agencies, of the responsible commission, council, or board in the case of subdivisions of the State. Complete and accurate records of the entire cost of such work, including without limitation, all direct and indirect costs of labor, services, materials, supplies and equipment performed and furnished in the prosecution and completion thereof, shall be maintained by such agency, commission, council or board for the inspection by the general public. Construction or repair work undertaken pursuant to this section shall not be divided for the purposes of evading the provisions of this Article. (1933, c. 552, ss. 1, 2; 1949, c. 1137, s. 2; 1951, c. 1104, s. 6; 1967, c. 860; 1975, c. 292, ss. 1, 2; c. 879, s. 46; 1979, 2nd Sess., c. 1248; 1981, c. 860, s. 13; 1995, c. 274, s. 1.)

Editor's Note. — This section has been set out in the Interim Supplement to correct an error appearing in the main volume.

§ 143-135.1. (Effective until December 31, 2006) State buildings exempt from county and municipal building requirements; consideration of recommendations by counties and municipalities.

(a) Buildings constructed by the State of North Carolina or by any agency or institution of the State in accordance with plans and specifications approved by the Department of Administration or by The University of North Carolina or one of its affiliated or constituent institutions pursuant to G.S. 116-31.11 shall not be subject to inspection by any county or municipal authorities and shall not be subject to county or municipal building codes and requirements.

§ 143-135.1 is set out twice. See notes.

(b) Inspection fees fixed by counties and municipalities shall not be applicable to such construction by the State of North Carolina. County and municipal authorities may inspect any plans or specifications upon their request to the Department of Administration or, with respect to projects under G.S. 116-31.11, The University of North Carolina, and any and all recommendations made by them shall be given consideration. Requests by county and municipal authorities to inspect plans and specifications for State projects shall be on the basis of a specific project. Should any agency or institution of the State require the services of county or municipal authorities, notice shall be given for the need of such services, and appropriate fees for such services shall be paid to the county or municipality; provided, however, that the application for such services to be rendered by any county or municipality shall have prior written approval of the Department of Administration, or with respect to projects under G.S. 116-31.11, The University of North Carolina.

(c) Notwithstanding any law to the contrary, including any local act, no county or municipality may impose requirements that exceed the North Carolina State Building Code regarding the design or construction of buildings constructed by the State of North Carolina. (1951, c. 1104, s. 4; 1967, c. 860; 1971, c. 563; 1985, c. 757, s. 170(a); 1997-412, s. 10; 2001-496, s. 8(c).)

Section Set Out Twice. — The section above is effective until December 31, 2006. For the section as in effect December 31, 2006, see the following section, also numbered G.S. 143-135.1.

Editor's Note. — Session Laws 2001-496, s. 13.1, is a severability clause.

Effect of Amendments. — Session Laws 2001-496, s. 8(c), effective July 1, 2001, and expiring December 31, 2006, reenacted Session Laws 1997-412, s. 10, which added the subsection designations; inserted "or by The University of North Carolina or one of its affiliated or constituent institutions pursuant to G.S. 116-31.11" in subsection (a); in subsection (b) twice inserted "or, with respect to projects under G.S. 116-31.11, The University of North Carolina", and deleted "by the Department of Administration" following "consideration."

§ 143-135.1. (Effective December 31, 2006) State buildings exempt from county and municipal building requirements; consideration of recommendations by counties and municipalities.

Buildings constructed by the State of North Carolina or by any agency or institution of the State in accordance with plans and specifications approved by the Department of Administration shall not be subject to inspection by any county or municipal authorities and shall not be subject to county or municipal building codes and requirements. Inspection fees fixed by counties and municipalities shall not be applicable to such construction by the State of North Carolina. County and municipal authorities may inspect any plans or specifications upon their request to the Department of Administration, and any and all recommendations made by them shall be given consideration by the Department of Administration. Requests by county and municipal authorities to inspect plans and specifications for State projects shall be on the basis of a specific project. Should any agency or institution of the State require the services of county or municipal authorities, notice shall be given for the need of such services, and appropriate fees for such services shall be paid to the county or municipality; provided, however, that the application for such services to be rendered by any county or municipality shall have prior written approval of the Department of Administration.

Notwithstanding any law to the contrary, including any local act, no county or municipality may impose requirements that exceed the North Carolina

§ 143-135.1 is set out twice. See notes.

State Building Code regarding the design or construction of buildings constructed by the State of North Carolina. (1951, c. 1104, s. 4; 1967, c. 860; 1971, c. 563; 1985, c. 757, s. 170(a); 1997-412, s. 10; 2001-496, s. 8(c).)

Section Set Out Twice. — The section above is effective December 31, 2006. For the section as effective until December 31, 2006, see the preceding section, also numbered G.S. 143-135.1.

Editor's Note. — Session Laws 1997-412, s. 14, provided that the amendments by that act expire July 1, 2001. The section is set out above as it read prior to the 1997 amendment.

Session Laws 2001-496, s. 8(c), effective July 1, 2001, and expiring December 31, 2006, provides: "Sections 5, 7, 8, and 10 of S.L. 1997-412 are reenacted."

Session Laws 2001-496, s. 13.1, is a severability clause.

CASE NOTES

Applied in Holcomb v. United States Fire Ins. Co., 52 N.C. App. 474, 279 S.E.2d 50 (1981).

§ 143-135.2. Contracts for restoration of historic buildings with private donations.

This Article shall not apply to building contracts let by a State agency for restoration of a historic building or structure where the funds for the restoration of such building or structure are provided entirely by funds donated from private sources. (1955, c. 27; 1967, c. 860.)

Local Modification. — Town of Farmville: 1987, c. 31.

§ 143-135.3. (Effective until December 31, 2006) Adjustment and resolution of State board construction contract claim.

(a) The word "board" as used in this section shall mean the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, as distinguished from a board or governing body of a subdivision of the State. "A contract for construction or repair work," as used in this section, is defined as any contract for the construction of buildings and appurtenances thereto, including, but not by way of limitation, utilities, plumbing, heating, electrical, air conditioning, elevator, excavation, grading, paving, roofing, masonry work, tile work and painting, and repair work as well as any contract for the construction of airport runways, taxiways and parking aprons, sewer and water mains, power lines, docks, wharves, dams, drainage canals, telephone lines, streets, site preparation, parking areas and other types of construction on which the Department of Administration or The University of North Carolina enters into contracts.

"Contractor" as used in this section includes any person, firm, association or corporation which has contracted with a State board for architectural, engineering or other professional services in connection with construction or repair work as well as those persons who have contracted to perform such construction or repair work.

(b) A contractor who has not completed a contract with a board for construction or repair work and who has not received the amount he claims is due under the contract may submit a verified written claim to the Director of

§ 143-135.3 is set out twice. See notes.

the Office of State Construction of the Department of Administration for the amount the contractor claims is due. The Director may deny, allow, or compromise the claim, in whole or in part. A claim under this subsection is not a contested case under Chapter 150B of the General Statutes.

(c) A contractor who has completed a contract with a board for construction or repair work and who has not received the amount he claims is due under the contract may submit a verified written claim to the Director of the Office of State Construction of the Department of Administration for the amount the contractor claims is due. The claim shall be submitted within 60 days after the contractor receives a final statement of the board's disposition of his claim and shall state the factual basis for the claim.

The Director shall investigate a submitted claim within 90 days of receiving the claim, or within any longer time period upon which the Director and the contractor agree. The contractor may appear before the Director, either in person or through counsel, to present facts and arguments in support of his claim. The Director may allow, deny, or compromise the claim, in whole or in part. The Director shall give the contractor a written statement of the Director's decision on the contractor's claim.

A contractor who is dissatisfied with the Director's decision on a claim submitted under this subsection may commence a contested case on the claim under Chapter 150B of the General Statutes. The contested case shall be commenced within 60 days of receiving the Director's written statement of the decision.

(c1) A contractor who is dissatisfied with the Director's decision on a claim submitted under subsection (c) of this section may commence a contested case on the claim under Chapter 150B of the General Statutes. The contested case shall be commenced within 60 days of receiving the Director's written statement of the decision.

(d) As to any portion of a claim that is denied by the Director, the contractor may, in lieu of the procedures set forth in the preceding subsection of this section, within six months of receipt of the Director's final decision, institute a civil action for the sum he claims to be entitled to under the contract by filing a verified complaint and the issuance of a summons in the Superior Court of Wake County or in the superior court of any county where the work under the contract was performed. The procedure shall be the same as in all civil actions except that all issues shall be tried by the judge, without a jury.

(e) The provisions of this section are part of every contract for construction or repair work made by a board and a contractor. A provision in a contract that conflicts with this section is invalid. (1965, c. 1022; 1967, c. 860; 1969, c. 950, s. 1; 1973, c. 1423; 1975, c. 879, s. 46; 1981, c. 577; 1983, c. 761, s. 190; 1985, c. 746, s. 18; 1987, c. 847, s. 4; 1989, c. 40, s. 1; 1991, c. 103, s. 1; 1997-412, s. 7; 2001-496, s. 8(c).)

Section Set Out Twice. — The section above is effective until December 31, 2006. For this section as amended effective December 31, 2006, see the following section, also numbered G.S. 143-135.3.

Editor's Note. — Session Laws 1997-412, s. 14, provides that the amendments by that act expire July 1, 2001.

Session Laws 2001-496, s. 13.1, is a severability clause.

Effect of Amendments. — Session Laws 2001-496, s. 8(c), effective July 1, 2001, and expiring December 31, 2006, reenacted Session Laws 1997-412, s. 10, which inserted "or The University of North Carolina" in subsection (a).

Legal Periodicals. — For 1997 legislative survey, see 20 Campbell L. Rev. 437.

§ 143-135.3 is set out twice. See notes.

CASE NOTES

Claims Held Barred. — Prime contractor had no claim for breach of contract against university on subcontractor's behalf, where subcontractor had no contract with the university; as subcontractor had no contractual relationship with the State, its claim was barred by sovereign immunity, and since subcontractor had no claim, contractor had no claim on subcontractor's behalf. Bolton Corp. v. State, 95 N.C. App. 596, 383 S.E.2d 671 (1989), cert. denied, 326 N.C. 47, 389 S.E.2d 85 (1990).

Where although language in contract imposed a duty on prime contractors to cooperate with each other in the full performance of their contracts, State's contract with general contractor was not entered into with the intention or purpose of benefitting prime contractors, prime contractor was not a third party beneficiary to the contract and sovereign immunity barred prime contractor's claim for costs due to delay. Bolton Corp. v. State, 95 N.C. App. 596, 383 S.E.2d 671 (1989), cert. denied, 326 N.C. 47, 389 S.E.2d 85 (1990).

Since prime contractor failed to allege or show a breach of the terms of its contract with the State and since the basis of its complaint was that various acts or omissions by the State, including the granting of change orders, delayed general contractor's work, which in turn delayed its work, prime contractor's claims were barred under this section and summary judgment was proper. Bolton Corp. v. State, 95 N.C. App. 596, 383 S.E.2d 671 (1989), cert. denied, 326 N.C. 47, 389 S.E.2d 85 (1990).

Courts Are Not Powerless to Grant Relief. — This section does not mean that the courts are powerless to grant relief to an aggrieved contractor for breach of the construction contract in the absence of a specific term of the contract allowing such relief. Davidson & Jones, Inc. v. North Carolina Dep't of Admin., 315 N.C. 144, 337 S.E.2d 463 (1985).

This section requires simply that the contractor's claim arise out of a breach of the contract or some provision thereof so as to entitle the contractor to some relief. Davidson & Jones, Inc. v. North Carolina Dep't of Admin., 315 N.C. 144, 337 S.E.2d 463 (1985).

Failure to Complete Obligation Prohibits Relief. — Failure by a party to complete its obligation under the terms of its contract prohibits that party from seeking the relief provided under this section. Nat Harrison Assocs. v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793, rehearing denied, 281 N.C. 317, 188 S.E.2d 900 (1972).

Recovery Limited to Terms of Contract. — Under the provisions of this section a party is only entitled to recover such settlement as he claims to be entitled to under the terms of his contract. Nat Harrison Assocs. v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793, rehearing denied, 281 N.C. 317, 188 S.E.2d 900 (1972).

A contractor in a civil action brought pursuant to this section could recover duration-related costs incurred as the direct result of an unexpected overrun exceeding 400% in the amount of rock to be excavated under a construction contract with the State, but could not recover extra home office expenses. Davidson & Jones, Inc. v. North Carolina Dep't of Admin., 315 N.C. 144, 337 S.E.2d 463 (1985).

Contract action against the State Ports Authority should have been dismissed where plaintiff had not completed a material part of its contract and had failed to comply with a contract requirement prior to filing a claim with the Director of the Department of Administration (now Secretary of Administration) and instituting the action in superior court. Nat Harrison Assocs. v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793, rehearing denied, 281 N.C. 317, 188 S.E.2d 900 (1972).

Summary Judgment in Favor of State Ports Authority Held Proper. — Summary judgment was properly allowed in favor of the State Ports Authority as to counts in which a plaintiff sought to recover for losses where there was no provision in his contracts for recovery of the claimed damages, since the plaintiff was entitled to recover under this section only under the terms of his contract. Nat Harrison Assocs. v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793, rehearing denied, 281 N.C. 317, 188 S.E.2d 900 (1972).

Motion to Dismiss Action Properly Denied. — In an action by a heating and air conditioning contractor to recover extra expenses and costs incurred in performing its contract with defendants, the trial court properly denied defendants' motion to dismiss for lack of subject matter and personal jurisdiction, since the provisions of this section clearly granted plaintiff the right to bring its action against the State. Stahl-Rider, Inc. v. State, 48 N.C. App. 380, 269 S.E.2d 217 (1980).

The defendants' sovereign immunity was statutorily waived where the plaintiff complied with the procedures outlined in this section; although it initially started the contested case hearing process, it never fully availed itself of any of those proceedings but,

§ 143-135.3 is set out twice. See notes.

instead, decided to proceed in superior court before any hearing or other action had occurred before the OAH. RPR & Assocs. v. State, 139 N.C. App. 525, 534 S.E.2d 247, 2000 N.C. App. LEXIS 977 (2000), aff'd, 353 N.C. 543, 543 S.E.2d 480 (2001).

For interpretation and interaction between this section and the rule enunciated in Smith v. State, 289 N.C. 303, 222 S.E.2d 412 (1976), which abrogates the State's sovereign immunity in contract actions in which no remedy had been provided, see Middlesex Constr. Corp. v. State ex rel. State Art Museum Bldg. Comm'n, 307 N.C. 569, 299 S.E.2d 640 (1983), rehearing denied, 310 N.C. 150, 312 S.E.2d 648 (1984).

Applied in Middlesex Constr. Corp. v. State ex rel. State Art Museum Bldg. Comm'n, 312 N.C. 793, 325 S.E.2d 223 (1985).

Cited in Wilmington Shipyard, Inc. v. North Carolina State Hwy. Comm'n, 6 N.C. App. 649, 171 S.E.2d 222 (1969); Wood-Hopkins Contracting Co. v. North Carolina State Ports Auth., 284 N.C. 732, 202 S.E.2d 473 (1974); Smith v. State, 289 N.C. 303, 222 S.E.2d 412 (1976); E.L. Scott Roofing Co. v. State, 82 N.C. App. 216, 346 S.E.2d 515 (1986); APAC-Carolina, Inc. v. Greensboro-High Point Airport Auth., 110 N.C. App. 664, 431 S.E.2d 508 (1993); State ex rel. State Art Museum Bldg. Comm'n v. Travelers Indem. Co., 111 N.C. App. 330, 432 S.E.2d 419 (1993); RPR & Assocs. v. O'Brien/Atkins Assocs., 921 F. Supp. 1457 (M.D.N.C. 1995); Aetna Cas. & Sur. Co. v. Ind-Com Elec. Co., 139 F.3d 419 (4th Cir. 1998); RPR & Assocs. v. Univ. of North Carolina-Chapel Hill, 153 N.C. App. 342, 570 S.E.2d 510, 2002 N.C. App. LEXIS 1191 (2002).

§ 143-135.3. (Effective December 31, 2006) Adjustment and resolution of State board construction contract claim.

(a) The word "board" as used in this section shall mean the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, as distinguished from a board or governing body of a subdivision of the State. "A contract for construction or repair work," as used in this section, is defined as any contract for the construction of buildings and appurtenances thereto, including, but not by way of limitation, utilities, plumbing, heating, electrical, air conditioning, elevator, excavation, grading, paving, roofing, masonry work, tile work and painting, and repair work as well as any contract for the construction of airport runways, taxiways and parking aprons, sewer and water mains, power lines, docks, wharves, dams, drainage canals, telephone lines, streets, site preparation, parking areas and other types of construction on which the Department of Administration enters into contracts.

"Contractor" as used in this section includes any person, firm, association or corporation which has contracted with a State board for architectural, engineering or other professional services in connection with construction or repair work as well as those persons who have contracted to perform such construction or repair work.

(b) A contractor who has not completed a contract with a board for construction or repair work and who has not received the amount he claims is due under the contract may submit a verified written claim to the Director of the Office of State Construction of the Department of Administration for the amount the contractor claims is due. The Director may deny, allow, or compromise the claim, in whole or in part. A claim under this subsection is not a contested case under Chapter 150B of the General Statutes.

(c) A contractor who has completed a contract with a board for construction or repair work and who has not received the amount he claims is due under the contract may submit a verified written claim to the Director of the Office of State Construction of the Department of Administration for the amount the contractor claims is due. The claim shall be submitted within 60 days after the contractor receives a final statement of the board's disposition of his claim and shall state the factual basis for the claim.

§ 143-135.3 is set out twice. See notes.

The Director shall investigate a submitted claim within 90 days of receiving the claim, or within any longer time period upon which the Director and the contractor agree. The contractor may appear before the Director, either in person or through counsel, to present facts and arguments in support of his claim. The Director may allow, deny, or compromise the claim, in whole or in part. The Director shall give the contractor a written statement of the Director's decision on the contractor's claim.

A contractor who is dissatisfied with the Director's decision on a claim submitted under this subsection may commence a contested case on the claim under Chapter 150B of the General Statutes. The contested case shall be commenced within 60 days of receiving the Director's written statement of the decision.

(c1) A contractor who is dissatisfied with the Director's decision on a claim submitted under subsection (c) of this section may commence a contested case on the claim under Chapter 150B of the General Statutes. The contested case shall be commenced within 60 days of receiving the Director's written statement of the decision.

(d) As to any portion of a claim that is denied by the Director, the contractor may, in lieu of the procedures set forth in the preceding subsection of this section, within six months of receipt of the Director's final decision, institute a civil action for the sum he claims to be entitled to under the contract by filing a verified complaint and the issuance of a summons in the Superior Court of Wake County or in the superior court of any county where the work under the contract was performed. The procedure shall be the same as in all civil actions except that all issues shall be tried by the judge, without a jury.

(e) The provisions of this section are part of every contract for construction or repair work made by a board and a contractor. A provision in a contract that conflicts with this section is invalid. (1965, c. 1022; 1967, c. 860; 1969, c. 950, s. 1; 1973, c. 1423; 1975, c. 879, s. 46; 1981, c. 577; 1983, c. 761, s. 190; 1985, c. 746, s. 18; 1987, c. 847, s. 4; 1989, c. 40, s. 1; 1991, c. 103, s. 1; 1997-412, s. 7; 2001-496, s. 8(c).)

Section Set Out Twice. — The section above is effective December 31, 2006. For the section as effective until December 31, 2006, see the preceding section, also numbered G.S. 143-135.3.

Editor's Note. — Session Laws 1997-412, s. 14 provided that the amendments by that act would expire on July 1, 2001. The section is set out above as it read prior to the amendment by Session Laws 1997-412.

Session Laws 2001-496, s. 8(c), effective July 1, 2001, and expiring December 31, 2006, provides: "Sections 5, 7, 8, and 10 of S.L. 1997-412 are reenacted."

Session Laws 2001-496, s. 13.1, is a severability clause.

Legal Periodicals. — For note on abrogation of contractual sovereign immunity, see 12 Wake Forest L. Rev. 1082 (1976).

For survey of North Carolina construction law, see 21 Wake Forest L. Rev. 633 (1986).

For article, "North Carolina Construction Law Survey II," see 22 Wake Forest L. Rev. 481 (1987).

§ 143-135.4. Authority of Department of Administration not repealed.

Nothing contained in this Article shall be construed as contravening or repealing any authorities given by statute to the Department of Administration. (1967, c. 860; 1975, c. 879, s. 46.)

§ 143-135.5. State policy; cooperation in promoting the use of small, minority, physically handicapped and women contractors; purpose.

(a) It is the policy of this State to encourage and promote the use of small, minority, physically handicapped and women contractors in State construction projects. All State agencies, institutions and political subdivisions shall cooperate with the Department of Administration and all other State agencies, institutions and political subdivisions in efforts to encourage and promote the use of small, minority, physically handicapped and women contractors in achieving the purpose of this Article, which is the effective and economical construction of public buildings.

(b) It is the policy of this State not to accept bids or proposals from, nor to engage in business with, any business that, within the last two years, has been finally found by a court or an administrative agency of competent jurisdiction to have unlawfully discriminated on the basis of race, gender, religion, national origin, age, physical disability, or any other unlawful basis in its solicitation, selection, hiring, or treatment of another business. (1983, c. 692, s. 1; 2001-496, s. 5.2.)

§ 143-135.6. Adjustment and resolution of community college board construction contract claim.

(a) A contractor who has not completed a contract with a board of a community college for construction or repair work and who has not received the amount he claims is due under the contract may follow the claims procedure in G.S. 143-135.3(b) that is available to a contractor who has contracted with a State board.

(b) A contractor who has completed a contract with a board of a community college for construction or repair work and who has not received the amount he claims is due under the contract may follow the same claims procedure in G.S. 143-135.3(c) that is available to a contractor who has contracted with a State board.

(c) A contractor who is dissatisfied with the Director's decision on any portion of a claim submitted pursuant to subsection (b) of this section may, within six months of receipt of the Director's final decision, institute a civil action for the sum he claims to be entitled to under the contract in the Superior Court of Wake County or in the superior court of any county where the work under the contract was performed. The procedure shall be the same as in all civil actions except that all issues shall be tried by the judge, without a jury. A contractor may not commence an action under Chapter 150B of the General Statutes.

(d) The provisions of this section are part of every contract for construction or repair work made by a board of a community college and a contractor. A provision in a contract that conflicts with this section is invalid.

(e) For the purposes of this section, the following definitions shall apply, unless the context indicates otherwise:

(1) "Community college" has the same meaning as in G.S. 115D-2(2).

(2) "Contract for construction or repair work" has the same meaning as in G.S. 143-135.3(a).

(3) "Contractor" means any person, firm, association, or corporation which has contracted for architectural, engineering, or other professional services in connection with construction or repair work, as well as those persons who have contracted to perform the construction or repair work.

(f) The provisions of this section are applicable only to community college buildings subject to G.S. 143-341(3). (1989, c. 40, s. 2.)

§ 143-135.7. Safety officers.

Each contract for a State capital improvement project, as defined in Article 8B of this Chapter, shall require the contractor to designate a responsible person as safety officer to inspect the project site for unsafe health and safety hazards, to report these hazards to the contractor for correction, and to provide other safety and health measures on the project site as required by the terms and conditions of the contract. (1991 (Reg. Sess., 1992), c. 893, s. 3.)

§ 143-135.8. Prequalification.

Bidders may be prequalified for any public construction project. (1995, c. 367, s. 8.)

§ 143-135.9. "Best Value" information technology procurements.

(a) For purposes of this section:

(1) "Best Value" procurement means the selection of a contractor based on a determination of which proposal offers the best trade-off between price and performance, where quality is considered an integral performance factor. The award decision is made based on multiple factors, including: total cost of ownership, meaning the cost of acquiring, operating, maintaining, and supporting a product or service over its projected lifetime; the evaluated technical merit of the vendor's proposal; the vendor's past performance; and the evaluated probability of performing the requirements stated in the solicitation on time, with high quality, and in a manner that accomplishes the stated business objectives and maintains industry standards compliance.

(2) "Government-Vendor Partnership" means a mutually beneficial contractual relationship between State government and a contractor, wherein the two share risk and reward, and value is added to the procurement of complex technology.

(3) "Information technology" includes electronic data processing and telecommunications goods and services, microelectronics, software, information processing, office systems, any services related to the foregoing, and consulting or other services for design and/or redesign of business processes.

(4) "Solution-Based Solicitation" means a solicitation in which the requirements are stated in terms of how the product or service being purchased should accomplish the business objectives, rather than in terms of the technical design of the product or service.

(b) The intent of "Best Value" Information Technology procurement is to enable contractors to offer and the agency to select the most appropriate solution to meet the business objectives defined in the solicitation and to keep all parties focused on the desired outcome of a procurement. Business process reengineering, system design, and technology implementation may be combined into a single solicitation.

(c) The acquisition of information technology by the State of North Carolina shall be conducted using the "Best Value" procurement method. For acquisitions which the procuring agency and the Division of Purchase and Contracts or the Office of Information Technology Services, as applicable, deem to be

highly complex or determine that the optimal solution to the business problem at hand is not known, the use of Solution-Based Solicitation and Government-Vendor Partnership is authorized and encouraged.

(d) Any county, city, town or subdivision of the State may acquire information technology pursuant to this section. (1998-189, s. 1; 1999-434, s. 15; 1999-456, s. 39.)

Editor's Note. — The definitions in subsection (a) were placed in alphabetical order at the direction of the Revisor of Statutes.

Article 8A.

Board of State Contract Appeals.

§§ 143-135.10 through 143-135.24: Repealed by Session Laws 1987, c. 847, s. 5.

Cross References. — As to adjustment and resolution of highway construction contract claims, see now G.S. 136-29, 143-135.3.

Editor's Note. — Former sections 143-135.21 through 143-135.24 had been reserved for future codification purposes.

Article 8B.

State Building Commission.

§ 143-135.25. State Building Commission — Creation; staff; membership; appointments; terms; vacancies; chairman; compensation.

(a) A State Building Commission is created within the Department of Administration to develop procedures to direct and guide the State's capital facilities development and management program and to perform the duties created under this Article.

(b) The State Construction Office of the Department of Administration shall provide staff to the State Building Commission. The chairman of the Commission shall provide direction to the State Construction Office on its work for the Commission.

The director of the State Construction Office shall be a registered engineer or licensed architect and shall be technically qualified by educational background and professional experience in building design, construction, or facilities management. The administrative head shall be appointed by the Secretary of the Department of Administration.

(c) The Commission shall consist of nine members qualified and appointed as follows:

(1) A licensed architect whose primary practice is or was in the design of buildings, chosen from among not more than three persons nominated by the North Carolina Chapter of the American Institute of Architects, appointed by the Governor.

(2) A registered engineer whose primary practice is or was in the design of engineering systems for buildings, chosen from among not more than three persons nominated by the Consulting Engineers Council and the Professional Engineers of North Carolina, appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121.

(3) A licensed building contractor whose primary business is or was in the construction of buildings, or an employee of a company holding a general contractor's license, chosen from among not more than three persons nominated by the Carolinas AGC (Associated General Contractors), appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121.

(4) A licensed electrical contractor whose primary business is or was in the installation of electrical systems for buildings, chosen from among not more than three persons nominated by the North Carolina Association of Electrical Contractors, and the Carolinas Electrical Contractors' Association, appointed by the Governor.

(5) A public member appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121.

(6) A licensed mechanical contractor whose primary business is or was in the installation of mechanical systems for buildings, chosen from among not more than three persons nominated by the North Carolina Association of Plumbing, Heating, Cooling Contractors, appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121.

(7) An employee of the university system currently involved in the capital facilities development process, chosen from among not more than three persons nominated by the Board of Governors of The University of North Carolina, appointed by the Governor.

(8) A public member who is knowledgeable in the building construction or building maintenance area, appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate in accordance with G.S. 120-121.

(9) A representative of local government, chosen from among not more than two persons nominated by the North Carolina Association of County Commissioners and two persons nominated by the North Carolina League of Municipalities, appointed by the General Assembly upon recommendation of the Speaker of the House of Representatives in accordance with G.S. 120-121.

The members shall be appointed for staggered three-year terms: The initial appointments to the Commission shall be made within 15 days of the effective date of this act [April 14, 1987]. The initial terms of members appointed pursuant to subdivisions (1), (2), and (3) shall expire June 30, 1990; the initial terms of members appointed pursuant to (4), (5), and (6) shall expire June 30, 1989; and the initial terms of members appointed pursuant to (7), (8), and (9) shall expire June 30, 1988. Members may serve no more than six consecutive years. In making new appointments or filling vacancies, the Governor shall ensure that minorities and women are represented on the Commission.

Vacancies in appointments made by the Governor shall be filled by the Governor for the remainder of the unexpired terms. Vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122. Persons appointed to fill vacancies shall qualify in the same manner as persons appointed for full terms.

The chairman of the Commission shall be elected by the Commission. The Secretary of State shall serve as chairman until a chairman is elected.

(d) The Commission shall meet at least four times a year on or about January 15, April 15, July 15, and October 15. The Commission shall also meet upon the call of the chairman, or upon call of at least five members. The Secretary of State shall call the first meeting within 30 days of the effective date of this act; the first order of business at the first meeting shall be the election of a chairman by the Commission.

(e) Members of the Commission who are not State officers or employees shall receive per diem of one hundred dollars ($100.00) a day when the Commission meets and shall be reimbursed for travel and subsistence as provided in G.S. 138-5. Members who are State officers or employees shall be reimbursed for travel and subsistence as provided in G.S. 138-6. (1987, c. 71, s. 1; 1989, c. 42; 1991, c. 314, s. 1; 1991 (Reg. Sess., 1992), c. 893, s. 2; 1995, c. 367, s. 9; c. 490, s. 52; 1997-495, s. 85.1.)

Editor's Note. — Session Laws 1995, c. 490, which amended this section by adding "Pro Tempore" in subdivisions (c)(2), (c)(5), and (c)(8), in s. 65 provides: "This act applies with respect to terms beginning on or after January 1, 1997, and to vacancies occurring on or after that date regardless of the date the term began."

§ 143-135.26. Powers and duties of the Commission.

The State Building Commission shall have the following powers and duties with regard to the State's capital facilities development and management program:

(1) To adopt rules establishing standard procedures and criteria to assure that the designer selected for each State capital improvement project, the consultant selected for planning and studies of an architectural and engineering nature associated with a capital improvement project or a future capital improvement project and a construction manager at risk selected for each capital improvement project has the qualifications and experience necessary for that capital improvement project or the proposed planning or study project. The rules shall provide that the State Building Commission, after consulting with the funded agency, is responsible and accountable for the final selection of the designer, consultant or construction manager at risk except when the General Assembly or The University of North Carolina is the funded agency. When the General Assembly is the funded agency, the Legislative Services Commission is responsible and accountable for the final selection of the designer, consultant, or the construction manager at risk and when the University is the funded agency, it shall be subject to the rules adopted hereunder, except it is responsible and accountable for the final selection of the designer, consultant, or construction manager at risk. All designers and consultants shall be selected within 60 days of the date funds are appropriated for a project by the General Assembly or the date of project authorization by the Director of the Budget; provided, however, the State Building Commission may grant an exception to this requirement upon written request of the funded agency if (i) no site was selected for the project before the funds were appropriated or (ii) funds were appropriated for advance planning only; provided, further, the Director of the Budget, after consultation with the State Construction Office, may waive the 60-day requirement for the purpose of minimizing project costs through increased competition and improvements in the market availability of qualified contractors to bid on State capital improvement projects. The Director of the Budget also may, after consultation with the State Construction Office, schedule the availability of design and construction funds for capital improvement projects for the purpose of minimizing project costs through increased competition and improvements in the market availability of qualified contractors to bid on State capital improvement projects.

The State Building Commission shall submit a written report to the Joint Legislative Commission on Governmental Operations on the

Commission's selection of a designer for a project within 30 days of selecting the designer.

(2) To adopt rules for coordinating the plan review, approval, and permit process for State capital improvement and community college buildings, as defined in subdivision (4) of this section. The rules shall provide for a specific time frame for plan review and approval and permit issuance by each agency, consistent with applicable laws. The time frames shall be established to provide for expeditious review, approval, and permitting of State capital improvement projects and community college buildings.

(2a) To adopt rules exempting specified types of State capital improvement projects, including community college buildings as defined in subdivision (4) of this section, from plan review.

(3) To adopt rules for establishing a post-occupancy evaluation, annual inspection and preventive maintenance program for all State buildings.

(4) To develop procedures for evaluating the work performed by designers and contractors on State capital improvement projects and those community college buildings, as defined in G.S. 143-336, requiring the estimated expenditure for construction or repair work for which public bidding is required under G.S. 143-129, and for use of the evaluations as a factor affecting designer selections and determining qualification of contractors to bid on State capital improvement projects and community college buildings.

(5) To continuously study and recommend ways to improve the effectiveness and efficiency of the State's capital facilities development and management program.

(6) To request designers selected prior to April 14, 1987, whose plans for the projects have not been approved to report to the Commission on their progress on the projects. The Department of Administration shall provide the Commission with a list of all such projects.

(7) To appoint an advisory board, if the Commission deems it necessary, to assist the Commission in its work. No one other than the Commission may appoint an advisory board to assist or advise it in its work.

(8) To review the State's provisions for ensuring the safety and health of employees involved with State capital improvement projects, and to recommend to the appropriate agencies and to the General Assembly, after consultation with the Commissioner of Labor, changes in the terms and conditions of construction contracts, State regulations, or State laws that will enhance employee safety and health on these projects.

(9) To authorize a State agency, a local governmental unit, or any other entity subject to the provisions of G.S. 143-129 to use a method of contracting not authorized under G.S. 143-128. An authorization under this subdivision for an alternative contracting method shall be granted only under the following conditions:

a. An authorization shall apply only to a single project.

b. The entity seeking authorization must demonstrate to the Commission that the alternative contracting method is necessary because the project cannot be reasonably completed under the methods authorized under G.S. 143-128 or for such other reasons as the Commission, pursuant to its rules and criteria, deems appropriate and in the public's interest.

b1. The entity includes in its bid or proposal requirements that the contractor will file a plan for making a good faith effort to reach the minority participation goal set out in G.S. 143-128.2.

c. The authorization must be approved by a majority of the members of the Commission present and voting.

The Commission shall not waive the requirements of G.S. 143-129 or G.S. 143-132 for public contracts unless otherwise authorized by law.

(10) To adopt rules governing review and final approval of plans that are submitted to the State Construction Office pursuant to G.S. 58-31-40. The rules shall provide for the manner of submission of the plan by the owner, the type of structural work that may be completed by the owner pursuant to G.S. 58-31-40(c), and the expeditious review or completion of review of the plan in a manner that ensures that the building will meet the fire safety requirements of G.S. 58-31-40(b).

(11) To develop dispute resolution procedures, including mediation, for subcontractors under any of the construction methods authorized under G.S. 143-128(a1) on State capital improvement projects, including building projects of The University of North Carolina, and community college buildings as defined in subdivision (4) of this section, for use by any public entity that has not developed its own dispute resolution process.

(12) To adopt rules governing the use of open-end design agreements for State capital improvement projects and community college buildings as defined in subdivision (4) of this section, where the fee does not exceed the amount specified in G.S. 143-64.34(b).

(13) To submit an annual report of its activities to the Governor and the Joint Legislative Commission on Governmental Operations. (1987, c. 71, s. 1; c. 721, s. 2; c. 830, s. 79(a); 1989, c. 50; 1989 (Reg. Sess., 1990), c. 889; 1991 (Reg. Sess., 1992), c. 893, s. 1; 1993, c. 561, s. 29; 1995, c. 367, s. 10; 1996, 2nd Ex. Sess., c. 18, s. 10.1; 2001-496, s. 11.)

Cross References. — As to legislation regarding construction of juvenile facilities, see the editor's note under G.S. 7B-1500.

Editor's Note. — As to the design for construction of dormitories and the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-132, 143-134, 143-131, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for contracting and supervising the design, construction, or demolition of prison facilities, see Session laws 1987 (Reg. Sess., 1988), c. 1086, s. 123(b).

As to the exemption of the Office of State Budget and Management from the requirements of G.S. 143-135.26(1), 143-128, 143-129, 143-131, 143-132, 143-134, 143-135.26, 143-64.10 through 143-64.13, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(b), and 133-1.1(g) and rules implementing those statutes for the purpose of construction of prison facilities, see Session Laws 1989, c. 754, s. 28(a).

As to exemption of the Office of State Budget and Management from the requirements of this section in the administration and implementation of the Prison Facilities Legislative Bond Act of 1990, see Session Laws 1989 (Reg. Sess., 1990), c. 933, s. 6(4).

As to the exemption of the Office of State Budget and Management from the requirements of this section in providing prison facilities under the provisions of the State Prison and Youth Services Facilities Bond Act, see Session Laws 1989 (Reg. Sess., 1990), c. 935, s. 6(a)(4).

As to exemption of the Office of Management and Budget from the requirements of this section with respect to facilities authorized for the Department of Correction, see Session Laws 1991, c. 689, s. 239(f), as amended by 1991 Session Laws (Reg. Sess., 1992), c. 1044, s. 41(b), quoted under G.S. 143-64.10.

Session Laws 1993, c. 550, s. 6, effective July 1, 1993, provides that if the Secretary of Administration, after consultation with the Secretary of Correction, finds that the delivery of state prison and youth services facilities authorized to be constructed under that act must be expedited for good cause, the Office of State Construction of the Department of Administration may use alternative delivery systems and shall be exempt from several statutes, including this section, and rules implementing those statutes to the extent necessary to expedite delivery. Section 6 also sets out the provisions governing the exercise of the exemptions allowable and other relevant provisions.

As to the exemption of the Office of State Construction of the Department of Administra-

tion from the requirements of this section to the extent necessary to expedite delivery of certain prison facilities, see Session Laws 1994, Extra Session, c. 24, s. 67.

Session Laws 1995, c. 507, s. 27.10, provides that if the construction of prison facilities in Avery and Mitchell Counties must be expedited for good cause, as determined by the Secretary of Administration and Secretary of Correction, the Office of State Construction of the Department of Administration shall be exempt from the following statutes and rules to the extent necessary to expedite delivery: G.S. 143-135.26, 143-128, 143-129, 143-131, 143-132, 143-134, 113A-1 through 113A-10, 113A-50 through 113A-66, 133-1.1(g), and 143-408.1 through 143-408.7.

Session Laws 1996, Second Extra Session, c. 18, s. 23.4, provides: "(a) The Department of Justice, in consultation with the Office of State Construction of the Department of Administration, shall contract for and supervise all aspects of administration, technical assistance, design, construction, or demolition of facilities in order to implement the repairs and renovations of the Western Justice Academy under the provisions of this section without being subject to the following statutes and rules implementing those statutes: G.S. 143-135.26, 143-131, 143-132, 113A-1 through 113A-10, 113A-50 through 113A-66, and 133-1.1(g). The Department of Justice shall let contracts for all repairs and renovations of the Academy as soon as possible, but not later than December 1, 1996.

"The Department of Justice shall have a verifiable ten percent (10%) goal for participation by minority and women-owned businesses. All contracts for the design, construction, or demolition of facilities shall include a penalty for failure to complete the work by a specified date.

As to exemption of the Office of State Construction of the Department of Administration from this section and rules implementing this section, to the extent necessary to expedite delivery of juvenile facilities, see Session Laws 1998-202, s. 35(a), quoted under G.S. 143-128.

Session Laws 2001-496, s. 14(b), provides: "The State Building Commission shall adopt temporary rules to implement G.S. 143-135.26(10) and G.S. 143-135.26(11) as enacted by Section 11 of this act [s. 11 of Session Laws 2001-496] no later than 60 days following the effective date of Section 11 of this act [s. 11 of Session Laws 2001-496]. The Secretary of Administration shall adopt rules to implement G.S. 143-128.2(f) as enacted by Section 3.1 of this act [s. 3.1 of Session Laws 2001-496] no later than June 30, 2002. A bidder must show compliance with at least five of the 10 efforts, as set forth in G.S. 143-128.2(f) as enacted by Section 3.1 of this act [s. 3.1 of Session Laws 2001-496], until 60 days following the adoption of rules to implement G.S. 143-128.2(f) by the Secretary of Administration as required in this section [s. 14 of Session Laws 2001-491]."

§ 143-135.27. (Effective until October 1, 2006) Definition of capital improvement project.

As used in this Article, "State capital improvement project" means the construction of and any alteration, renovation, or addition to State buildings, as defined in G.S. 143-336, for which State funds, as defined in G.S. 143-1, are used and which is required by G.S. 143-129 to be publicly advertised. "State capital improvement project" does not include a performance-based cleanup of environmental damage resulting from the discharge or release of a petroleum product from an underground storage tank pursuant to G.S. 143-215.94B(f) and G.S. 143-215.94D(f). (1987, c. 71, s. 1; 2001-442, s. 4.)

Section Set Out Twice. — The section above is effective until October 1, 2006. For this section as effective October 1, 2006, see the following section, also numbered G.S. 143-135.27.

Editor's Note. — Session Laws 2001-442, s. 8, provides that s. 4 of this act, which added the second sentence of this section, expires October 1, 2006.

Session Laws 2001-442, ss. 6(a) to 6(c), provide: "(a) This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1.

"(b) Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the Environmental Management Commission may adopt temporary rules to implement this act [Session Laws 2001-442] until 1 July 2002. Prior to the adoption of a temporary rule under this section [s. 6 of Session Laws 2001-442], the Commission shall publish a notice of intent to adopt a temporary rule in the North Carolina Register. The notice shall set out the text of the proposed temporary rule and include the name of the person to whom questions and written comment on the proposed temporary rule may be submitted. The Commission shall accept written comment on the proposed temporary rule for at least 30 days after the notice of intent to adopt a temporary rule is published in the

North Carolina Register.

"(c) Notwithstanding G.S. 150B-21.1(a)(2) and 26 NCAC 2C.0102(11), the State Building Commission may adopt temporary rules to authorize open-end design agreements for design and construction of wetland, stream, and buffer creation, mitigation, and restoration projects. Prior to the adoption of a temporary rule under this section [s. 6 of Session Laws 2001-442], the Commission shall publish a notice of intent to adopt a temporary rule in the North Carolina Register. The notice shall set out the text of the proposed temporary rule and include the name of the person to whom questions and written comment on the proposed temporary rule may be submitted. The Commission shall accept written comment on the proposed temporary rule for at least 30 days after the notice of intent to adopt a temporary rule is published in the North Carolina Register. The State Building Commission is authorized to adopt temporary rules under this section until 1 July 2002."

Session Laws 2001-442, s. 7, as amended by Session Laws 2003-340, s. 2, provides: "Beginning 1 September 2003, the Secretary of Environment and Natural Resources shall submit an annual report to the Environmental Review Commission on the implementation of Sections 1 through 6 of this act [ss. 1 to 6 of Session Laws 2001-442] as a part of the report required by G.S. 143-215.94M." Section 8 of Session Laws 2001-442 provides that s. 7 expires October 1, 2006.

Effect of Amendments. — Session Laws 2001-442, s. 4, effective October 1, 2001 and expiring October 1, 2006, added the last sentence of this section.

§ 143-135.27. (Effective October 1, 2006) Definition of capital improvement project.

As used in this Article, "State capital improvement project" means the construction of and any alteration, renovation, or addition to State buildings, as defined in G.S. 143-336, for which State funds, as defined in G.S. 143-1, are used and which is required by G.S. 143-129 to be publicly advertised. (1987, c. 71, s. 1; 2001-442, s. 4.)

Section Set Out Twice. — The section above is effective October 1, 2006. For the section as effective until October 1, 2006, see the preceding section, also numbered G.S. 143-135.27.

Editor's Note. — Session Laws 2001-442, s. 8, provided that s. 4 of the act, which added a second sentence, expires October 1, 2006. This section is set out above as it will appear following the expiration of the second sentence on October 1, 2006.

§ 143-135.28. Conflict of interest.

If any member of the Commission shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly, in any contract authorized by the Commission, that interest shall be disclosed to the Commission and set forth in the minutes of the Commission, and the member having the interest may not participate on behalf of the Commission in the authorization of that contract. (1987, c. 71, s. 1.)

ARTICLE 9.

Building Code Council and Building Code.

§ 143-136. Building Code Council created; membership.

(a) Creation; Membership; Terms. — There is hereby created a Building Code Council, which shall be composed of 17 members appointed by the Governor, consisting of two registered architects, one licensed general contractor, one licensed general contractor specializing in residential construction, one licensed general contractor specializing in coastal residential construction, one registered engineer practicing structural engineering, one registered engineer

practicing mechanical engineering, one registered engineer practicing electrical engineering, one licensed plumbing and heating contractor, one municipal or county building inspector, one licensed liquid petroleum gas dealer/contractor involved in the design of natural and liquid petroleum gas systems who has expertise and experience in natural and liquid petroleum gas piping, venting and appliances, a representative of the public who is not a member of the building construction industry, a licensed electrical contractor, a registered engineer on the engineering staff of a State agency charged with approval of plans of State-owned buildings, a municipal elected official or city manager, a county commissioner or county manager, and an active member of the North Carolina fire service with expertise in fire safety. In selecting the municipal and county members, preference should be given to members who qualify as either a registered architect, registered engineer, or licensed general contractor. Of the members initially appointed by the Governor, three shall serve for terms of two years each, three shall serve for terms of four years each, and three shall serve for terms of six years each. Thereafter, all appointments shall be for terms of six years. The Governor may remove appointive members at any time. Neither the architect nor any of the above named engineers shall be engaged in the manufacture, promotion or sale of any building material, and any member who shall, during his term, cease to meet the qualifications for original appointment (through ceasing to be a practicing member of the profession indicated or otherwise) shall thereby forfeit his membership on the Council. In making new appointments or filling vacancies, the Governor shall ensure that minorities and women are represented on the Council.

The Governor may make appointments to fill the unexpired portions of any terms vacated by reason of death, resignation, or removal from office. In making such appointment, he shall preserve the composition of the Council required above.

(b) Compensation. — Members of the Building Code Council other than any who are employees of the State shall receive seven dollars ($7.00) per day, including necessary time spent in traveling to and from their place of residence within the State to any place of meeting or while traveling on official business of the Council. In addition, all members shall receive mileage and subsistence according to State practice while going to and from any place of meeting, or when on official business of the Council. (1957, c. 1138; 1965, c. 1145; 1969, c. 1229, s. 1; 1971, c. 323; 1979, c. 863; 1989, c. 25, s. 3; 1991 (Reg. Sess., 1992), c. 895, s. 2; 1998-57, s. 1.)

Local Modification. — Town of Nags Head: 1998-13, s. 1; town of Wrightsville Beach: 1989, c. 611, s. 1.

Editor's Note. — Session Laws 1989, c. 25, s. 4 provides: "All statutory authority, powers, and duties, including rule making and the rendering of findings, orders, and adjudications, of the Department of Agriculture pertaining to the regulation of the design, construction, location, installation, or operation of equipment for storing, handling, transporting, and utilizing liquefied petroleum gases for fuel purposes, from the outlet of the first stage pressure regulator to and including each liquefied petroleum gas utilization device within a building or structure covered by the North Carolina Building Code are transferred to the Building Code Council.

"Until the Building Code Council adopts rules regarding the entry of liquefied petroleum gas service piping into a building, 2 NCAC 38.0701(2) shall remain in effect."

State Government Reorganization. — The Building Code Council was transferred to the Department of Insurance by G.S. 143A-78, enacted by Session Laws 1971, c. 864.

CASE NOTES

Applicability of Building Code to Altered Buildings. — Under rules and regulations of the Building Code Council, the Code applies to the design and construction of buildings that are altered. Olympic Prods. Co. v. Roof Sys., 88 N.C. App. 315, 363 S.E.2d 367 (1988).

This section does not allow the building inspector to permit violations of the Building Code where the Code is specific as to the materials or type of construction required. Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749, cert. denied, 281 N.C. 757, 191 S.E.2d 361 (1972).

Independent Judgment by Inspector Would Render Section Useless. — If an inspector had the right under the Code to base his interpretations on independent judgment, this section, authorizing and establishing a Building Code Council empowered and directed to prepare and adopt a North Carolina State Building Code in accordance with legislative directives contained in this Article, would be a completely useless piece of legislation. Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749, cert. denied, 281 N.C. 757, 191 S.E.2d 361 (1972).

Liability for Code Violations. — The Building Code imposes liability on any person who constructs, supervises the construction of, or designs a building or an alteration thereto, and violates the Code such that the violation proximately causes injury or damage. In addition, if a building owner knows or has reason to know of a Code violation and fails to take reasonable steps to remedy the violation, he may be found liable if the violation proximately causes injury or damage. Olympic Prods. Co. v. Roof Sys., 88 N.C. App. 315, 363 S.E.2d 367 (1988).

Applied in Holcomb v. United States Fire Ins. Co., 52 N.C. App. 474, 279 S.E.2d 50 (1981).

Cited in Jenkins v. Leftwich Elec. Co., 254 N.C. 553, 119 S.E.2d 767 (1961); Carolinas-Virginias Ass'n of Bldg. Owners & Managers v. Ingram, 39 N.C. App. 688, 251 S.E.2d 910 (1979).

§ 143-137. Organization of Council; rules; meetings; staff; fiscal affairs.

(a) First Meeting; Organization; Rules. — Within 30 days after its appointment, the Building Code Council shall meet on call of the Commissioner of Insurance. The Council shall elect from its appointive members a chairman and such other officers as it may choose, for such terms as it may designate in its rules. The Council shall adopt such rules not inconsistent herewith as it may deem necessary for the proper discharge of its duties. The chairman may appoint members to such committees as the work of the Council may require. In addition, the chairman shall establish and appoint ad hoc code revision committees to consider and prepare revisions and amendments to the Code volumes. Each ad hoc committee shall consist of members of the Council, licensed contractors, and design professionals most affected by the Code volume for which the ad hoc committee is responsible, and members of the public. The subcommittees shall meet upon the call of their respective chairs and shall report their recommendations to the Council.

(b) Meetings. — The Council shall meet regularly, at least once every six months, at places and dates to be determined by the Council. Special meetings may be called by the chairman on his own initiative and must be called by him at the request of two or more members of the Council. All members shall be notified by the chairman in writing of the time and place of regular and special meetings at least seven days in advance of such meeting. Seven members shall constitute a quorum. All meetings shall be open to the public.

(c) Staff. — Personnel of the Division of Engineering of the Department of Insurance shall serve as a staff for the Council. Such staff shall have the duties of

(1) Keeping an accurate and complete record of all meetings, hearings, correspondence, laboratory studies, and technical work performed by or for the Council, and making these records available for public inspection at all reasonable times;

(2) Handling correspondence for the Council.

(d) Fiscal Affairs of the Council. — All funds for the operations of the Council and its staff shall be appropriated to the Department of Insurance for the use of the Council. All such funds shall be held in a separate or special account on the books of the Department of Insurance, with a separate financial designation or code number to be assigned by the Department of Administra-

tion or its agent. Expenditures for staff salaries and operating expenses shall be made in the same manner as the expenditure of any other Department of Insurance funds. The Department of Insurance may hire such additional personnel as may be necessary to handle the work of the Building Code Council, within the limits of funds appropriated for the Council and with the approval of the Council. (1957, c. 269, s. 1; c. 1138; 1987, c. 827, s. 219; 1987 (Reg. Sess., 1988), c. 975, s. 7; 1997-26, s. 4.)

Legal Periodicals. — For 1997 legislative survey, see 20 Campbell L. Rev. 413.

§ 143-138. North Carolina State Building Code.

(a) Preparation and Adoption. — The Building Code Council may prepare and adopt, in accordance with the provisions of this Article, a North Carolina State Building Code. Before the adoption of the Code, or any part of the Code, the Council shall hold at least one public hearing. A notice of the public hearing shall be published in the North Carolina Register at least 15 days before the date of the hearing. Notwithstanding G.S. 150B-2(8a)h., the North Carolina State Building Code as adopted by the Building Code Council is a rule within the meaning of G.S. 150B-2(8a) and shall be adopted in accordance with the procedural requirements of Article 2A of Chapter 150B of the General Statutes.

The Council shall request the Office of State Budget and Management to prepare a fiscal note for a proposed Code change that has a substantial economic impact, as defined in G.S. 150B-21.4(b1), or that increases the cost of residential housing by eighty dollars ($80.00) or more per housing unit. The change can become effective only in accordance with G.S. 143-138(d). Neither the Department of Insurance nor the Council shall be required to expend any monies to pay for the preparation of any fiscal note under this section by any person outside of the Department or Council unless the Department or Council contracts with a third-party vendor to prepare the fiscal note.

(b) Contents of the Code. — The North Carolina State Building Code, as adopted by the Building Code Council, may include reasonable and suitable classifications of buildings and structures, both as to use and occupancy; general building restrictions as to location, height, and floor areas; rules for the lighting and ventilation of buildings and structures; requirements concerning means of egress from buildings and structures; requirements concerning means of ingress in buildings and structures; rules governing construction and precautions to be taken during construction; rules as to permissible materials, loads, and stresses; rules governing chimneys, heating appliances, elevators, and other facilities connected with the buildings and structures; rules governing plumbing, heating, air conditioning for the purpose of comfort cooling by the lowering of temperature, and electrical systems; and such other reasonable rules pertaining to the construction of buildings and structures and the installation of particular facilities therein as may be found reasonably necessary for the protection of the occupants of the building or structure, its neighbors, and members of the public at large.

In addition, the Code may regulate activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion, or related hazards. Such fire prevention code provisions shall be considered the minimum standards necessary to preserve and protect public health and safety, subject to approval by the Council of more stringent provisions proposed by a municipality or county as provided in G.S. 143-138(e). These provisions may include regulations requiring the installation of either battery-operated or electrical smoke detectors in every dwelling unit used as rental property, regardless of the date of construction of the rental property. For dwelling units

used as rental property constructed prior to 1975, smoke detectors shall have an Underwriters' Laboratories, Inc., listing or other equivalent national testing laboratory approval, and shall be installed in accordance with either the standard of the National Fire Protection Association or the minimum protection designated in the manufacturer's instructions, which the property owner shall retain or provide as proof of compliance.

The Code may contain provisions regulating every type of building or structure, wherever it might be situated in the State.

Provided further, that nothing in this Article shall be construed to make any building rules applicable to farm buildings located outside the building-rules jurisdiction of any municipality.

Provided further, that no building permit shall be required under the Code or any local variance thereof approved under subsection (e) for any construction, installation, repair, replacement, or alteration costing five thousand dollars ($5,000) or less in any single family residence or farm building unless the work involves: the addition, repair, or replacement of load bearing structures; the addition (excluding replacement of same size and capacity) or change in the design of plumbing; the addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, appliances, or equipment, the use of materials not permitted by the North Carolina Uniform Residential Building Code; or the addition (excluding replacement of like grade of fire resistance) of roofing.

Provided further, that no building permit shall be required under such Code from any State agency for the construction of any building or structure, the total cost of which is less than twenty thousand dollars ($20,000), except public or institutional buildings.

For the information of users thereof, the Code shall include as appendices

(1) Any rules governing boilers adopted by the Board of Boiler and Pressure Vessels Rules,

(2) Any rules relating to the safe operation of elevators adopted by the Commissioner of Labor, and

(3) Any rules relating to sanitation adopted by the Commission for Health Services which the Building Code Council believes pertinent.

In addition, the Code may include references to such other rules of special types, such as those of the Medical Care Commission and the Department of Public Instruction as may be useful to persons using the Code. No rule issued by any agency other than the Building Code Council shall be construed as a part of the Code, nor supersede that Code, it being intended that they be presented with the Code for information only.

Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of (1) equipment for storing, handling, transporting, and utilizing liquefied petroleum gases for fuel purposes or anhydrous ammonia or other liquid fertilizers, except for liquefied petroleum gas from the outlet of the first stage pressure regulator to and including each liquefied petroleum gas utilization device within a building or structure covered by the Code, or (2) equipment or facilities, other than buildings, of a public utility, as defined in G.S. 62-3, or an electric or telephone membership corporation, including without limitation poles, towers, and other structures supporting electric or communication lines.

In addition, the Code may contain rules concerning minimum efficiency requirements for replacement water heaters, which shall consider reasonable availability from manufacturers to meet installation space requirements.

(c) Standards to Be Followed in Adopting the Code. — All regulations contained in the North Carolina State Building Code shall have a reasonable and substantial connection with the public health, safety, morals, or general welfare, and their provisions shall be construed reasonably to those ends.

Requirements of the Code shall conform to good engineering practice. The Council may use as guidance, but is not required to adopt, the requirements of the International Building Code of the International Code Council, the Standard Building Code of the Southern Building Code Congress International, Inc., the Uniform Building Code of the International Conference of Building Officials, the National Building Code of the Building Officials and Code Administrators, Inc., the National Electric Code, the Life Safety Code, the National Fuel Gas Code, the Fire Prevention Code of the National Fire Protection Association, the Safety Code for Elevators and Escalators, and the Boiler and Pressure Vessel Code of the American Society of Mechanical Engineers, and standards promulgated by the American National Standards Institute, Standards Underwriters' Laboratories, Inc., and similar national or international agencies engaged in research concerning strength of materials, safe design, and other factors bearing upon health and safety.

(d) Amendments of the Code. — The Building Code Council may revise and amend the North Carolina State Building Code, either on its own motion or upon application from any citizen, State agency, or political subdivision of the State. In adopting any amendment, the Council shall comply with the same procedural requirements and the same standards set forth above for adoption of the Code.

Handbooks providing explanatory material on Code provisions shall be provided no later than January 1, 2000, and shall be updated with each revision of the Code or, in the discretion of the Council, more frequently. The Department may charge a reasonable fee for the handbooks.

(e) Effect upon Local Codes. — The North Carolina State Building Code shall apply throughout the State, from the time of its adoption. Approved rules shall become effective in accordance with G.S. 150B-21.3. However, any political subdivision of the State may adopt a fire prevention code and floodplain management regulations within its jurisdiction. The territorial jurisdiction of any municipality or county for this purpose, unless otherwise specified by the General Assembly, shall be as follows: Municipal jurisdiction shall include all areas within the corporate limits of the municipality and extraterritorial jurisdiction areas established as provided in G.S. 160A-360 or a local act; county jurisdiction shall include all other areas of the county. No such code or regulations, other than floodplain management regulations and those permitted by G.S. 160A-436, shall be effective until they have been officially approved by the Building Code Council as providing adequate minimum standards to preserve and protect health and safety, in accordance with the provisions of subsection (c) above. Local floodplain regulations may regulate all types and uses of buildings or structures located in flood hazard areas identified by local, State, and federal agencies, and include provisions governing substantial improvements, substantial damage, cumulative substantial improvements, lowest floor elevation, protection of mechanical and electrical systems, foundation construction, anchorage, acceptable flood resistant materials, and other measures the political subdivision deems necessary considering the characteristics of its flood hazards and vulnerability. In the absence of approval by the Building Code Council, or in the event that approval is withdrawn, local fire prevention codes and regulations shall have no force and effect. Provided any local regulations approved by the local governing body which are found by the Council to be more stringent than the adopted statewide fire prevention code and which are found to regulate only activities and conditions in buildings, structures, and premises that pose dangers of fire, explosion or related hazards, and are not matters in conflict with the State Building Code, shall be approved. Local governments may enforce the fire prevention code of the State Building Code using civil remedies authorized under G.S. 143-139, 153A-123, and 160A-175. If the Commissioner of Insur-

G.S. 143-138(g) is set out twice. See notes.

ance or other State official with responsibility for enforcement of the Code institutes a civil action pursuant to G.S. 143-139, a local government may not institute a civil action under G.S. 143-139, 153A-123, or 160A-175 based upon the same violation. Appeals from the assessment or imposition of such civil remedies shall be as provided in G.S. 160A-434.

(f) Repealed by Session Laws 1989, c. 681, s. 3.

(g) **(Effective until June 30, 2004)** Publication and Distribution of Code. — The Building Code Council shall cause to be printed, after adoption by the Council, the North Carolina State Building Code and each amendment thereto. It shall, at the State's expense, distribute copies of the Code and each amendment to State and local governmental officials, departments, agencies, and educational institutions, as is set out in the table below. (Those marked by an asterisk will receive copies only on written request to the Council.)

OFFICIAL OR AGENCY	NUMBER OF COPIES
State Departments and Officials	
Governor	1
Lieutenant Governor	1
Auditor	1
Treasurer	1

In addition, the Building Code Council shall make additional copies available at such price as it shall deem reasonable to members of the general public.

(h) Violations. — Any person who shall be adjudged to have violated this Article or the North Carolina State Building Code, except for violations of occupancy limits established by either, shall be guilty of a Class 3 misdemeanor and shall upon conviction only be liable to a fine, not to exceed fifty

dollars ($50.00), for each offense. Each 30 days that such violation continues shall constitute a separate and distinct offense. Violation of occupancy limits established pursuant to the North Carolina State Building Code shall be a Class 3 misdemeanor. Any violation incurred more than one year after another conviction for violation of the occupancy limits shall be treated as a first offense for purposes of establishing and imposing penalties.

(i) Section 1008 of Chapter X of Volume 1 of the North Carolina State Building Code, Title "Special Safety to Life Requirements Applicable to Existing High-Rise Buildings" as adopted by the North Carolina State Building Code Council on March 9, 1976, as ratified and adopted as follows:

SECTION 1008-SPECIAL SAFETY TO LIFE REQUIREMENTS APPLICABLE TO EXISTING HIGH-RISE BUILDINGS

1008 — GENERAL.

(a) Applicability. — Within a reasonable time, as fixed by "written order" of the building official, and except as otherwise provided in subsection (j) of this section every building the [then] existing, that qualifies for classification under Table 1008.1 shall be considered to be a high-rise building and shall be provided with safety to life facilities as hereinafter specified. All other buildings shall be considered as low-rise. NOTE: The requirements of Section 1008 shall be considered as minimum requirements to provide for reasonable safety to life requirements for existing buildings and where possible, the owner and designer should consider the provisions of Section 506 applicable to new high-rise buildings.

(b) Notification of Building Owner. — The Department of Insurance will send copies of amendments adopted to all local building officials with the suggestion that all local building officials transmit to applicable building owners in their jurisdiction copies of adopted amendments, within six months from the date the amendments are adopted, with the request that each building owner respond to the local building official how he plans to comply with these requirements within a reasonable time.

NOTE: Suggested reasonable time and procedures for owners to respond to the building official's request is as follows:

(1) The building owner shall, upon receipt of written request from the building official on compliance procedures within a reasonable time, submit an overall plan required by 1008(c) below within one year and within the time period specified in the approved overall plan, but not to exceed five years after the overall plan is approved, accomplish compliance with this section, as evidenced by completion of the work in accordance with approved working drawings and specifications and by issuance of a new Certificate of Compliance by the building official covering the work. Upon approval of building owner's overall plan, the building official shall issue a "written order", as per 1008(a) above, to comply with Section 1008 in accordance with the approved overall plan.

(2) The building official may permit time extensions beyond five years to accomplish compliance in accordance with the overall plan when the owner can show just cause for such extension of time at the time the overall plan is approved.

(3) The local building official shall send second request notices as per 1008(b) to building owners who have made no response to the request at the end of six months and a third request notice to no response building owners at the end of nine months.

(4) If the building owner makes no response to any of the three requests for information on how the owner plans to comply with Section 1008 within 12 months from the first request, the building official shall issue a "written order" to the building owner to provide his building with the safety to life facilities as required by this section and to submit an overall plan specified by (1) above within six months with the five-year time period starting on the date of the "written order".

(5) For purposes of this section, the Construction Section of the Division of Facility Services, Department of Health and Human Services, will notify all non-State owned I-Institutional buildings requiring licensure by the Division of Facility Services and coordinate compliance requirements with the Department of Insurance and the local building official.

(c) Submission of Plans and Time Schedule for Completing Work. — Plans and specifications, but not necessarily working drawings covering the work necessary to bring the building into compliance with this section shall be submitted to the building official within a reasonable time. (See suggested time in NOTE of Section 1008(b) above). A time schedule for accomplishing the work, including the preparation of working drawings and specifications shall be included. Some of the work may require longer periods of time to accomplish than others, and this shall be reflected in the plan and schedule.

NOTE: Suggested Time Period For Compliance:

SUGGESTED TIME PERIOD FOR COMPLIANCE

ITEM	CLASS I (SECTION)	CLASS II (SECTION)	CLASS III (SECTION)	TIME FOR COMPLETION
Signs in Elevator Lobbies and Elevator Cabs	1008.2(h)	1008.3(h)	1008.4(h)	180 days
Emergency Evacuation Plan	1008(b)	NOTE:		180 days
Corridor Smoke Detectors (Includes alternative door closers)	1008.2(c)	1008.3(c)	1008.4(c)	1 year
Manual Fire Alarm	1008.2(a)	1008.3(a)	1008.4(a)	1 year
Voice Communication System Required	1008.2(b)	1008.3(b)	1008.4(b)	2 years
Smoke Detectors Required	1008.2(c)	1008.3(c)	1008.4(c)	1 year
Protection and Fire Stopping for Vertical Shafts	1008.2(f)	1008.3(f)	1008.4(f)	3 years
Special Exit Requirements-Number, Location and Illumination to be in accordance with Section 1007	1008.2(e)	1008.3(e)	1008.4(e)	3 years
Emergency Electrical Power Supply	1008.2(d)	1008.3(d)	1008.4(d)	4 years
Special Exit Facilities Required	1008.2(e)	1008.3(e)	1008.4(e)	5 years
Compartmentation for Institutional Buildings	1008.2(f)	1008.3(f)	1008.4(f)	5 years
Emergency Elevator Requirements	1008.2(h)	1008.3(h)	1008.4(h)	5 years

ITEM	CLASS I (SECTION)	CLASS II (SECTION)	CLASS III (SECTION)	TIME FOR COMPLETION
Central Alarm Facility Required		1008.3(i)	1008.4(i)	5 years
Areas of Refuge Required on Every Eighth Floor			1008.4(j)	5 years
Smoke Venting			1008.4(k)	5 years
Fire Protection of Electrical Conductors			1008.4(l)	5 years
Sprinkler System Required			1008.4(m)	5 years

(d) Building Official Notification of Department of Insurance. — The building official shall send copies of written notices he sends to building owners to the Engineering and Building Codes Division for their files and also shall file an annual report by August 15th of each year covering the past fiscal year setting forth the work accomplished under the provisions of this section.

(e) Construction Changes and Design of Life Safety Equipment. — Plans and specifications which contain construction changes and design of life safety equipment requirements to comply with provisions of this section shall be prepared by a registered architect in accordance with provisions of Chapter 83A of the General Statutes or by a registered engineer in accordance with provisions of Chapter 89C of the General Statutes or by both an architect and engineer particularly qualified by training and experience for the type of work involved. Such plans and specifications shall be submitted to the Engineering and Building Codes Division of the Department of Insurance for approval. Plans and specifications for I-Institutional buildings licensed by the Division of Facility Services as noted in (b) above shall be submitted to the Construction Section of that Division for review and approval.

(f) Filing of Test Reports and Maintenance on Life Safety Equipment. — The engineer performing the design for the electrical and mechanical equipment, including sprinkler systems, must file the test results with the Engineering and Building Codes Division of the Department of Insurance, or to the agency designated by the Department of Insurance, that such systems have been tested to indicate that they function in accordance with the standards specified in this section and according to design criteria. These test results shall be a prerequisite for the Certificate of Compliance required by (b) above. Test results for I-Institutional shall be filed with the Construction Section, Division of Facility Services. It shall be the duty and responsibility of the owners of Class I, II and III buildings to maintain smoke detection, fire detection, fire control, smoke removal and venting as required by this section and similar emergency systems in proper operating condition at all times. Certification of full tests and inspections of all emergency systems shall be provided by the owner annually to the fire department.

(g) Applicability of Chapter X and Conflicts with Other Sections. — The requirements of this section shall be in addition to those of Sections 1001 through 1007; and in case of conflict, the requirements affording the higher degree of safety to life shall apply, as determined by the building official.

(h) Classes of Buildings and Occupancy Classifications. — Buildings shall be classified as Class I, II or III according to Table 1008.1. In the case of mixed occupancies, for this purpose, the classification shall be the most restrictive one resulting from the application of the most prevalent occupancies to Table 1008.1.

FOOTNOTE: Emergency Plan. — Owners, operators, tenants, administrators or managers of high-rise buildings should consult with the fire authority having jurisdiction and establish procedures which shall include but not necessarily be limited to the following:

(1) Assignment of a responsible person to work with the fire authority in the establishment, implementation and maintenance of the emergency pre-fire plan.
(2) Emergency plan procedures shall be supplied to all tenants and shall be posted conspicuously in each hotel guest room, each office area, and each schoolroom.
(3) Submission to the local fire authority of an annual renewal or amended emergency plan.
(4) Plan should be completed as soon as possible.

1008.1 — ALL EXISTING BUILDINGS SHALL BE CLASSIFIED AS CLASS I, II AND III ACCORDING TO TABLE 1008.1.

TABLE 1008.1

Scope

CLASS	OCCUPANCY GROUP (3)(4)	OCCUPIED FLOOR ABOVE AVERAGE GRADE EXCEEDING HEIGHT (2)
CLASS I	Group R-Residential Group B-Business Group E-Educational Group A-Assembly Group H-Hazardous Group I-Institutional-Restrained 1	60′ but less than 120′ above average grade or 6 but less than 12 stories above average grade.
	Group I-Institutional-Unrestrained	36′ but less than 60′ above average grade or 3 but less than 6 stories above average grade.
CLASS II	Group R-Residential Group B-Business Group E-Educational Group A-Assembly Group H-Hazardous Group I-Institutional-Restrained	120′ but less than 250′ above average grade or 12 but less than 25 stories above average grade.
	Group I-Institutional-Unrestrained	60′ but less than 250′ above average grade or 6 but less than 25 stories above average grade.
CLASS III	Group R-Residential Group B-Business Group E-Educational Group I-Institutional Group A-Assembly Group H-Hazardous	250′ or 25 stories above average grade.

NOTE 1: The entire building shall comply with this section when the building has an occupied floor above the height specified, except that portions of the buildings which do not exceed the height specified are exempt from this section, subject to the following provisions:

(a) Low-rise portions of Class I buildings must be separated from high-rise portions by one-hour construction.

(b) Low-rise portions of Class II and III buildings must be separated from high-rise portions by two-hour construction.

(c) Any required exit from the high-rise portion which passes through the low-rise portions must be separated from the low-rise portion by the two-hour construction.

NOTE 2: The height described in Table 1008.1 shall be measured between the average grade outside the building and the finished floor of the top occupied story.

NOTE 3: Public parking decks meeting the requirements of Section 412.7 and less than 75 feet in height are exempt from the requirements of this section when there is no other occupancy above or below such deck.

NOTE 4: Special purpose equipment buildings, such as telephone equipment buildings housing the equipment only, with personnel occupant load limited to persons required to maintain the equipment may be exempt from any or all of these requirements at the discretion of the Engineering and Building Codes Division provided such special purpose equipment building is separated from other portions of the building by two-hour fire rated construction.

1008.2—REQUIREMENTS FOR EXISTING CLASS I BUILDINGS.

All Class I buildings shall be provided with the following:

(a) An approved manual fire alarm system, meeting the requirements of Section 1125 and applicable portions of NFPA 71, 72A, 72B, 72C or 72D, shall be provided unless the building is fully sprinklered or equipped with an approved automatic fire detection system connected to the fire department.

(b) All Class I buildings shall meet the requirements of Sections 1001-1007.

(c) Smoke Detectors Required. — At least one approved listed smoke detector tested in accordance with UL-167, capable of detecting visible and invisible particles of combustion shall be installed as follows:

(1) All buildings classified as institutional, residential and assembly occupancies shall be provided with listed smoke detectors in all required exit corridors spaced no further than 60′ on center or more than 15′ from any wall. Exterior corridors open to the outside are not required to comply with this requirement. If the corridor walls have one-hour fire resistance rating with all openings protected with 1-3/4 inch solid wood core or hollow metal door or equivalent and all corridor doors are equipped with approved self-closing devices, the smoke detectors in the corridor may be omitted. Detectors in corridors may be omitted when each dwelling unit is equipped with smoke detectors which activate the alarm system.

(2) In every mechanical equipment, boiler, electrical equipment, elevator equipment or similar room unless the room is sprinklered or the room is separated from other areas by two-hour fire resistance construction with all openings therein protected with approved fire dampers and Class B fire doors. (Approved listed fire (heat) detectors may be submitted for these rooms.)

(3) In the return air portion of every air conditioning and mechanical ventilation system that serves more than one floor.

(4) The activation of any detector shall activate the alarm system, and shall cause such other operations as required by this Code.

(5) The annunciator shall be located near the main entrance or in a central alarm and control facility.

NOTE 1: Limited area sprinklers may be supplied from the domestic water system provided the domestic water system is designed to support the design flow of the largest number of sprinklers in any one of the enclosed areas. When supplied by the domestic water system, the maximum number of sprinklers in any one enclosed room or area shall not exceed 20 sprinklers which must totally protect the room or area.

(d) Emergency Electrical Power Supply. — An emergency electrical power supply shall be provided to supply the following for a period of not less than two hours. An emergency electrical power supply may consist of generators, batteries, a minimum of two remote connections to the public utility grid supplied by multiple generating stations, a combination of the above.

(1) Emergency, exit and elevator cab lighting.
(2) Emergency illumination for corridors, stairs, etc.
(3) Emergency Alarms and Detection Systems. — Power supply for fire alarm and fire detection. Emergency power does not need to be connected to fire alarm or detection systems when they are equipped with their own emergency power supply from float or trickle charge battery in accordance with NFPA standards.

(e) Special Exit Requirements. — Exits and exitways shall meet the following requirements:

(1) Protection of Stairways Required. — All required exit stairways shall be enclosed with noncombustible one-hour fire rated construction with a minimum of 1¾ inch solid core wood door or hollow metal door or 20 minute UL listed doors as entrance thereto. (See Section 1007.5).
(2) Number and Location of Exits. — All required exit stairways shall meet the requirements of Section 1007 to provide for proper number and location and proper fire rated enclosures and illumination of and designation for means of egress.
(3) Exit Outlets. — Each required exit stair shall exit directly outside or through a separate one-hour fire rated corridor with no openings except the necessary openings to exit into the fire rated corridor and from the fire rated corridor and such openings shall be protected with 1¾ inch solid wood core or hollow metal door or equivalent unless the exit floor level and all floors below are equipped with an approved automatic sprinkler system meeting the requirements of NFPA No. 13.

(f) Smoke Compartments Required for I-Institutional Buildings. — Each occupied floor shall be divided into at least two compartments with each compartment containing not more than 30 institutional occupants. Such compartments shall be subdivided with one-half hour fire rated partitions which shall extend from outside wall to outside wall and from floor to and through any concealed space to the floor slab or roof above and meet the following requirements:

(1) Maximum area of any smoke compartment shall be not more than 22,500 square feet in area with both length and width limited to 150 feet.
(2) At least one smoke partition per floor regardless of building size forming two smoke zones of approximately equal size.
(3) All doors located in smoke partitions shall be properly gasketed to insure a substantial barrier to the passage of smoke and gases.
(4) All doors located in smoke partitions shall be no less than 1¾ inch thick solid core wood doors with UL, ¼ inch wire glass panel in metal frames. This glass panel shall be a minimum of 100 square inches and a maximum of 720 square inches.
(5) Every door located in a smoke partition shall be equipped with an automatic closer. Doors that are normally held in the open position shall be equipped with an electrical device that shall, upon actuation of the fire alarm or smoke detection system in an adjacent zone, close the doors in that smoke partition.
(6) Glass in all corridor walls shall be ¼", UL approved, wire glass in metal frames in pieces not to exceed 1296 square inches.
(7) Doors to all patient rooms and treatment areas shall be a minimum of 1¾ inch solid core wood doors except in fully sprinklered buildings.

(g) Protection and Fire Stopping for Vertical Shafts. — All vertical shafts extending more than one floor including elevator shafts, plumbing shafts, electrical shafts and other vertical openings shall be protected with noncombustible one-hour fire rated construction with shaft wall openings protected

with 1¾ inch solid core wood door or hollow metal door. Vertical shafts (such as electrical wiring shafts) which have openings such as ventilated doors on each floor must be fire stopped at the floor slab level with noncombustible materials having a fire resistance rating not less than one hour to provide an effective barrier to the passage of smoke, heat and gases from floor to floor through such shafts.

EXCEPTION: Shaft wall openings protected in accordance with NFPA No. 90A and openings connected to metal ducts equipped with approved fire dampers within the shaft wall openings do not need any additional protection.

(h) Signs in Elevator Lobbies and Elevator Cabs. — Each elevator lobby call station on each floor shall have an emergency sign located adjacent to the call button and each elevator cab shall have an emergency sign located adjacent to the floor status indicator. The required emergency sign shall be readable at all times and shall be a minimum of 1/2" high block letters with the words: "IN CASE OF FIRE DO NOT USE ELEVATOR — USE THE EXIT STAIRS" or other words to this effect.

1008.3 — REQUIREMENTS FOR EXISTING CLASS II BUILDINGS.

All Class II buildings must meet the following requirements:

(a) Manual Fire Alarm. — Provide manual fire alarm system in accordance with Section 1008.2(a). In addition, buildings so equipped with sprinkler alarm system or automatic fire detection system must have at least one manual fire alarm station near an exit on each floor as a part of such sprinkler or automatic fire detection and alarm system. Such manual fire alarm systems shall report a fire by floor.

(b) Voice Communication System Required. — An approved voice communication system or systems operated from the central alarm and control facilities shall be provided and shall consist of the following:

(1) One-Way Voice Communication Public Address System Required. — A one-way voice communication system shall be established on a selective basis which can be heard clearly by all occupants in all exit stairways, elevators, elevator lobbies, corridors, assembly rooms and tenant spaces.

NOTE 1: This system shall function so that in the event of one circuit or speaker being damaged or out of service, the remainder of the system shall continue to be operable.

NOTE 2: This system shall include provisions for silencing the fire alarm devices when the loud speakers are in use, but only after the fire alarm devices have operated initially for not less than 15 seconds.

(c) Smoke Detectors Required. — Smoke detectors are required as per Section 1008.2(c). The following are additional requirements:

(1) Storage rooms larger than 24 square feet or having a maximum dimension of over eight feet shall be provided with approved fire detectors or smoke detectors installed in an approved manner unless the room is sprinklered.

(2) The actuation of any detectors shall activate the fire alarm system.

(d) Emergency Electrical Power Supply. — An emergency electrical power supply shall be provided to supply the following for a period of not less than two hours. An emergency electrical power supply may consist of generators, batteries, a minimum of two remote connections to the public utility grid supplied by multiple generating stations, a combination of the above. Power supply shall furnish power for items listed in Section 1008.2(d) and the following:

(1) Pressurization Fans. — Fans to provide required pressurization, smoke venting or smoke control for stairways.

(2) Elevators. — The designated emergency elevator.

(e) Special Exit Facilities Required. — The following exit facilities are required:

(1) The special exit facilities required in 1008.2(e) are required. All required exit stairways shall be enclosed with noncombustible two-hour fire rated construction with a minimum of 1½ hour Class B-labeled doors as entrance thereto: (See Section 1007.5).

(2) Smoke-Free Stairways Required. — At least one stairway shall be a smoke free stairway in accordance with Section 1104.2 or at least one stairway shall be pressurized to between 0.15 inch and 0.35 inch water column pressure with all doors closed. Smoke-free stairs and pressurized stairs shall be identified with signs containing letters a minimum of ½ inch high containing the words "PRIMARY EXIT STAIRS" unless all stairs are smoke free or pressurized. Approved exterior stairways meeting the requirements of Chapter XI or approved existing fire escapes meeting the requirements of Chapter X with all openings within 10 feet protected with wire glass or other properly designed stairs protected to assure similar smoke-free vertical egress may be permitted. All required exit stairways shall also meet the requirements of Section 1008.2(e).

(3) If stairway doors are locked from the stairway side, keys shall be provided to unlock all stairway doors on every eighth floor leading into the remainder of the building and the key shall be located in a glass enclosure adjacent to the door at each floor level (which may sound an alarm when the glass is broken). When the key unlocks the door, the hardware shall be of the type that remains unlocked after the key is removed. Other means, approved by the building official may be approved to enable occupants and fire fighters to readily unlock stairway doors on every eighth floor that may be locked from the stairwell side. The requirements of this section may be eliminated in smoke-free stairs and pressurized stairs provided fire department access keys are provided in locations acceptable to the local fire authority.

(f) Compartmentation for I-Institutional Buildings Required. — See Section 1008.2(f).

(g) Protection and Fire Stopping for Vertical Shafts. — All vertical shafts extending more than one floor including elevator shafts, plumbing shafts, electrical shafts and other vertical openings shall be protected with noncombustible two-hour fire rated construction with Class B-labeled door except for elevator doors which shall be hollow metal or equivalent. All vertical shafts which are not so enclosed must be fire stopped at each floor slab with noncombustible materials having a fire resistance rating of not less than two hours to provide an effective barrier to the passage of smoke, heat and gases from floor to floor through such shaft.

EXCEPTION: Shaft wall openings protected in accordance with NFPA No. 90A and openings connected to metal ducts equipped with approved fire dampers within the shaft wall opening do not need any additional protection.

(h) Emergency Elevator Requirements.

(1) Elevator Recall. — Each elevator shall be provided with an approved manual return. When actuated, all cars taking a minimum of one car at a time, in each group of elevators having common lobby, shall return directly at normal car speed to the main floor lobby, or to a smoke-free lobby leading most directly to the outside. Cars that are out of service are exempt from this requirement. The manual return shall be located at the main floor lobby.

NOTE: Manually operated cars are considered to be in compliance with this provision if each car is equipped with an audible or visual alarm to signal the operator to return to the designated level.

(2) Identification of Emergency Elevator. — At least one elevator shall be identified as the emergency elevator and shall serve all floor levels.

NOTE: This elevator will have a manual control in the cab which will override all other controls including floor call buttons and door controls.

(3) Signs in Elevator Lobbies and Elevator Cabs. — Each elevator lobby call station on each floor shall have an emergency sign located adjacent to the call button and each elevator cab shall have an emergency sign located adjacent to the floor status indicator. These required emergency signs shall be readable at all times and shall be a minimum of ½ inch high block letters with the words: "IN CASE OF FIRE DO NOT USE ELEVATOR — USE THE EXIT STAIRS" or other words to this effect.

(i) Central Alarm Facility Required. — A central alarm facility accessible at all times to fire department personnel or attended 24 hours a day, shall be provided and shall contain the following:

(1) Facilities to automatically transmit manual and automatic alarm signals to the fire department either directly or through a signal monitoring service.

(2) Public service telephone.

(3) Fire detection and alarm systems annunciator panels to indicate the type of signal and the floor or zone from which the fire alarm is received. These signals shall be both audible and visual with a silence switch for the audible.

NOTE: Detectors in HVAC systems used for fan shut down need not be annunciated.

(4) Master keys for access from all stairways to all floors.

(5) One-way voice emergency communications system controls.

1008.4 — REQUIREMENTS FOR EXISTING CLASS III BUILDINGS.

All Class III Buildings shall be provided with the following:

(a) Manual Fire Alarm System. — A manual fire alarm system meeting the requirements of Section 1008.3(a).

(b) Voice Communication System Required. — An approved voice communication system or systems operated from the central alarm and control facilities shall be provided and shall consist of the following:

(1) One-Way Voice Communication Public Address System Required. — A one-way voice communication system shall be established on a selective or general basis which can be heard clearly by all occupants in all elevators, elevator lobbies, corridors, and rooms or tenant spaces exceeding 1,000 sq. ft. in area.

NOTE 1: This system shall be designed so that in the event of one circuit or speaker being damaged or out of service the remainder of the system shall continue to be operable.

NOTE 2: This system shall include provisions for silencing the fire alarm devices when the loud speakers are in use, but only after the fire alarm devices have operated initially for not less than 15 seconds.

(2) Two-way system for use by both fire fighters and occupants at every fifth level in stairways and in all elevators.

(3) Within the stairs at levels not equipped with two-way voice communications, signs indicating the location of the nearest two-way device shall be provided.

NOTE: The one-way and two-way voice communication systems may be combined.

(c) Smoke Detectors Required. — Approved listed smoke detectors shall be installed in accordance with Section 1008.3(c) and in addition, such detectors shall terminate at the central alarm and control facility and be so designed that it will indicate the fire floor or the zone on the fire floor.

(d) Emergency Electrical Power Supply. — Emergency electrical power supply meeting the requirements of Section 1008.3(d) to supply all emergency

equipment required by Section 1008.3(d) shall be provided and in addition, provisions shall be made for automatic transfer to emergency power in not more than ten seconds for emergency illumination, emergency lighting and emergency communication systems. Provisions shall be provided to transfer power to a second designated elevator located in a separate shaft from the primary emergency elevator. Any standpipe or sprinkler system serving occupied floor areas 400 feet or more above grade shall be provided with on-site generated power or diesel driven pump.

(e) Special Exit Requirements. — All exits and exitways shall meet the requirements of Section 1008.3(e).

(f) Compartmentation of Institutional Buildings Required. — See Section 1008.2(f).

(g) Protection and Fire Stopping for Vertical Shafts. — Same as Class II buildings. See Section 1008.3(g).

(h) Emergency Elevator Requirements.
